Pursuant to 11 U.S.C. §333 of the Bankruptcy Code (the “Code”) and this Court’s June 11, 2019 *Amended Order Directing United States Trustee to Appoint Patient Care Ombudsman* [Docket No. 241], the United States Trustee filed its’ *Appointment of Patient Care Ombudsman* on June 17, 2019 at Docket No. 278. The Code requires that the Patient Care Ombudsman (“PCO”) monitor the quality of patient care and report PCO’s findings to the Court no less than every sixty (60) days.

Accordingly, PCO engaged in an initial site visit and filed the *Patient Care Ombudsman’s First Interim Report for Astria Regional Medical Center and Geographically Associated Clinics and/or Departments*

1 [Docket No. 465] (“First Regional Report”); *Patient Care Ombudsman’s First Interim Report for Astria*  
2 *Toppenish Hospital and Geographically Associated Clinics and/or Departments* [Docket No. 464] (“First  
3 Toppenish Report”); and, *Patient Care Ombudsman’s First Interim Report for Astria Sunnyside Community*  
4 *Hospital and Geographically Associated Clinics and/or Departments* [Docket No. 463] (“First Sunnyside  
5 Report”). This series of initial reports was filed on August 9, 2019. In the interim reporting cycle, PCO  
6 engaged with quality and various personnel to track patient care delivery.

7 In late September, PCO engaged in a second site visit and filed *Patient Care Ombudsman’s Second*  
8 *Interim Report for Astria Regional Medical Center and Geographically Associated Clinics and/or Departments*  
9 [Docket No. 682] (“Second Regional Report”) on October 9, 2019. On October 11, 2019, PCO filed  
10 *Patient Care Ombudsman’s Second Interim Report for Astria Toppenish Hospital and Geographically Associated*  
11 *Clinics and/or Departments* [Docket No. 686] (“Second Toppenish Report”) and *Patient Care Ombudsman’s*  
12 *Second Interim Report for Astria Sunnyside Community Hospital and Geographically Associated Clinics and/or*  
13 *Departments* [Docket No. 687] (“Second Sunnyside Report”). When interim monitoring efforts revealed  
14 various staff departures and position reductions, PCO engaged in a third site visit. To timely  
15 communicate the findings of the third site visit to the Court, PCO filed the *Patient Care Ombudsman’s*  
16 *First Supplemental Report* (“First Supplemental Report”) on November 11, 2019 at Docket No. 750 in  
17 advance of the November status hearing. PCO comes now to file this short, Third Consolidated  
18 Interim Report, and PCO will continue to evaluate the benefit of location-specific reports after the  
19 January 2020 status hearing.

20 **SUMMARY**

21 In the interim period, PCO engaged in a fifth site visit, visiting Astria Regional Medical Center  
22 (“Regional”), Astria Sunnyside Hospital (“Sunnyside”), Astria Toppenish Hospital (“Toppenish”), and  
23 ten clinics and/or hospital outpatient departments. Further, PCO continued to engage remotely with  
24 staff and clinicians throughout the interim period.

25 **Regional.** The Regional census was reported as fluctuating between the low twenties to the  
26 low fifties during the reporting period. Episodic staffing coverage challenges consistent with those

1 described in PCO's prior reports were reported by clinicians and staff. At the time of PCO's site visit,  
2 census was forty-six with the ICU, ACU, and 4C units all caring for inpatients. The Emergency  
3 Department ("ED") was holding two inpatients, down from the hold numbers reported in the First  
4 Supplemental Report.

5 Since the First Supplemental Report, three outpatient physical therapist ("PT") positions were  
6 eliminated at the Regional location (with two of the three therapists moving to the Sunnyside location).  
7 These reductions resulted in interrupted outpatient treatment plans for some number of patients with  
8 one patient complaint reported. Increased response times to inpatient PT support was also reported.

9 Elective surgical procedures were reported as being metered relative to available anesthesia staff  
10 with patient impact denied. The operating suite ("OR") air handler required emergent repair in the  
11 interim reporting cycle. While an interim fix was quickly accomplished, clinicians reported concern  
12 about the longevity of the repair while awaiting the definitive repair.

13 PCO will remain engaged monitoring various key areas including but not limited to quality data;  
14 infection control data; staffing; adjustments to new pharmacy remote order review/coverage; lab  
15 staffing, continued clinic support, and equipment functionality; supply chain coverage with recent  
16 staffing shifts; completion of the remaining pending and incomplete biomedical preventative  
17 maintenance ("PMs") action items as reported to state surveyors; and, other maintenance/life safety  
18 open items.

19 **Sunnyside.** Due to weather, PCO had limited site visit time at this facility. Census at the time  
20 of PCO's visit was approximately twenty including anticipated post-operative admissions. The  
21 oncology clinic Physician Assistant is departing for reasons unrelated to the bankruptcy. PCO will  
22 remain engaged as to the replacement of this key individual is identified given the increased clinic  
23 volume after the absorption of a large portion of the Yakima-based clinic patients. The Sunnyside  
24 COO was reported as the new CEO at the Toppenish location. The departure of the previous CEO  
25 was reported as unrelated to the bankruptcy process. PCO did speak with one Sunnyside clinic-based  
26 physician who was leaving for reasons unrelated to the bankruptcy. A second Sunnyside clinic

1 physician left in the interim reporting period at his/her contract expiration. Further, a clinic manager  
2 also resigned for non-bankruptcy reasons.

3 **Toppenish.** The inpatient census was in the mid-twenties at the time of PCO's visit. The  
4 radiology department experienced one staff layoff since the First Supplemental Report, with that team  
5 member reported as awaiting definitive clearance to begin working at Regional. Further, the surgical  
6 ("OR") director resigned, for reasons unrelated to the bankruptcy. The Women's Center team reported  
7 that the Chief Nursing Officer ("CNO") was continuing to fill staffing holes that resulted from the  
8 previous departure of the department director. The food service team was noted to have three team  
9 members in addition to the manager, with a fourth team member anticipated (increased from initial site  
10 visit reported staffing).

11 PCO spoke to at least 13 clinicians across all locations during the site visit. PCO also received  
12 unsolicited clinician and non-clinician/staff concerns (including a letter) in the interim reporting period  
13 that were consistent with those previously reported to the Court. Given these various dynamics, PCO  
14 anticipates another site visit in the next 30-45 days.
