Airbus Helicopters Delivers First Three Panther Helicopters to PT Dirgantara Indonesia

Nov 25 16

Airbus Helicopters has delivered the first three AS565 MBe Panther helicopters to industrial partner PT Dirgantara Indonesia during a ceremony held at its headquarters in Marignane, France. The delivery is part of an agreement under which Airbus will supply 11 AS565 MBe helicopters to its Indonesian industrial partner, which as the design authority will carry out reassembling and outfitting of the rotorcraft in-country. The outfitting is expected to cover the installation of the anti-submarine warfare (ASW) suite, such as dipping sonar and torpedo launch systems. The ASW suite will enable the Indonesian Navy to carry out demanding missions. The AS565 MBe helicopter is the naval version of Airbus' Panther family and has been designed as an all-weather, multi-role medium rotorcraft, capable of deploying for operations from ship decks, offshore locations and land-based sites. Equipped with two Safran Arriel 2N engines, the AS565 MBe helicopter can operate in high and hot conditions at a maximum speed of 165k and a range of 780km. The helicopters are fitted with a new main gearbox, the latest-generation tail rotor and a four-axis autopilot that minimizes crew workload and facilitates better mission performance.

3.

3.3.2 Relationships with Principal Shareholders

On 5 December 2012, the Company, its then-core shareholders — Daimler AG (“**Daimler**”), Daimler Aerospace AG (“**DASA**”), Société de Gestion de l’Aéronautique, de la Défense et de l’Espace (“**Sogeade**”), Lagardère SCA (“**Lagardère**”), Société de Gestion de Participations Aéronautiques (“**Sogepa**”) and Sociedad Estatal de Participaciones Industriales (“**SEPI**”) — and Kreditanstalt für Wiederaufbau (“**KfW**”), a public law institution serving domestic and international policy objectives of the Government of the Federal Republic of Germany, reached an agreement (the “**Multiparty Agreement**”) on far-reaching changes to the Company's shareholding structure and governance. The Multiparty Agreement was aimed at further normalising and simplifying the governance of the Company while securing a shareholding structure that allowed France, Germany and Spain to protect their legitimate strategic interests. This represented a major step forward in the evolution of the governance of the Company.

The Multiparty Agreement provided for significant changes to the Company's shareholding structure. In addition, a series of related transactions (collectively referred to as the “**Consummation**”) occurred shortly after the Extraordinary General Meeting of the shareholders held on 27 March 2013. This resulted in several changes in the governance of the Company, including changes in the composition of the Board of Directors and its internal rules, as well as amendments to the Articles of Association of the Company. The participation agreement among the Company's former core shareholders, as at 31 December 2012 including KfW, was terminated and replaced in part by a more limited shareholders' agreement (the “**Shareholders' Agreement**”) among only Gesellschaft zur Beteiligungsverwaltung GZBV mbH & Co. KG (“**GZBV**”), a subsidiary of KfW, Sogepa and SEPI.

The Shareholders' Agreement does not give the parties to it any rights to designate Members of the Board of Directors or management team or to participate in the governance of the Company. Finally, the Multiparty Agreement provided for the entry into state security agreements with each of the French State and German State, which will be described in more detail

below, and certain further undertakings of the Company with respect to selected matters that affect the interests of the Current Consortium Members.

3.3.2.1 Corporate Governance Arrangements

After the Consummation, the corporate governance arrangements of the Company were substantially changed. These changes are intended to further normalise and simplify the Company's corporate governance, reflecting an emphasis on best corporate governance practices and the absence of a controlling shareholder group. Certain changes to the Company's corporate governance arrangements were provided for in the Articles of Association, including (i) disclosure obligations for shareholders that apply when their interests in the Company reach or cross certain thresholds and (ii) ownership restrictions prohibiting any shareholder from holding an interest of more than 15% of the share capital or voting rights of the Company, acting alone or in concert with others. See sections 3.1.11 and 3.1.12 above. In addition, there were changes in the composition of the Board of Directors and its internal rules. See section 4 below.

3.3.2.2 Core Shareholder Arrangements

Grandfathering Agreement

At the Consummation, the French State, Sogepa, the German State, KfW and GZBV (all parties together the “**Parties**” and each, individually, as a “**Party**”) entered into an agreement with respect to certain grandfathering rights under the Articles of Association. Below is a summary of such agreement.

Individual Grandfathering Rights

A Party that is individually grandfathered pursuant to Article 16.1. b of the Articles of Association (such Party holding “**Individual Grandfathering Rights**”) shall remain individually grandfathered in accordance with the Articles of Association if the new concert with respect to the Company (the “**Concert**”) is subsequently terminated (for instance by terminating the Shareholders' Agreement) or if it exits the Concert.

DEBTORS' FIRST OMNIBUS MOTION FOR ENTRY OF AN ORDER AUTHORIZING THE DEBTORS TO REJECT CERTAIN EQUIPMENT LEASES AND SUBLEASES PURSUANT TO SECTION 365 OF THE BANKRUPTCY CODE

TO THE HONORABLE UNITED STATES BANKRUPTCY JUDGE:

CHC Group Ltd. and its above-captioned debtor affiliates, as debtors and debtors in possession (collectively, the “**Debtors**”),¹ respectfully represent:

Relief Requested

1. The Debtors respectfully request that this Court enter an order, substantially in the form attached hereto as Exhibit B (the “**Order**”), authorizing them, pursuant to sections 105(a) and 365(a) of title 11 of the United States Code (the “**Bankruptcy Code**”) and Rule 6006 of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”), to reject certain equipment leases (the “**Leases**”) for helicopters and other related equipment identified on Schedule 1 attached hereto that the Debtors no longer need in the operation of their business (collectively, the “**Excess Equipment**”) and certain sublease agreements identified on Schedule 2 attached hereto (the “**Subleases**”) and relating to certain Excess Equipment identified on Schedule 2 (the “**Subleased Equipment**”).

Jurisdiction and Venue

2. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Background

3. On the date hereof (the “**Petition Date**”), each of the Debtors commenced with this Court a voluntary case under chapter 11 of title 11 of the Bankruptcy Code. The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

¹ A list of the Debtors in these chapter 11 cases, along with the last four digits of each Debtor’s federal tax identification number, where applicable, is attached hereto as Exhibit A.

4. Contemporaneously herewith, the Debtors have filed a motion seeking joint administration of these chapter 11 cases.

The Debtors' Businesses

5. The Debtors, together with their non-debtor affiliates (collectively, “CHC”), comprise a global commercial helicopter service company, primarily engaged in providing helicopter services to the offshore oil and gas industry. CHC also provides helicopter services for search and rescue and emergency medical services to various government agencies. In addition, CHC maintains the industry’s largest independent helicopter maintenance, repair, and overhaul business (such business, an “MRO”), which services helicopter fleets for both CHC as well as third-party customers. CHC manages its domestic and overseas businesses from Irving, Texas and its sales force from an office in Houston, Texas. CHC maintains one of its primary engine overhaul facilities in Fort Collins, Colorado. Only certain entities within CHC – primarily the issuers or guarantors of the Debtors’ funded debt – are Debtors in these proceedings. CHC’s other entities, including certain operating entities, are not debtors in these cases and are continuing to conduct their businesses in the ordinary course.

6. Additional information about the Debtors’ businesses, capital structure and the circumstances leading to the commencement of these chapter 11 cases can be found in the *Declaration of Robert A. Del Genio in Support of the Debtors’ Chapter 11 Petitions and Request for First Day Relief* (the “**Del Genio Declaration**”), filed concurrently herewith.

Basis for Relief

7. In connection with the commencement of these chapter 11 cases, CHC has undertaken to formulate a revised business plan to address the high cost/weakened revenue environment. As an ongoing component of that plan and of the chapter 11 process, CHC has identified cost savings to be achieved through a significant reduction in their fleet by eliminating

helicopters and other related equipment that currently are not, or soon will not be, used to generate revenue in CHC's businesses. In addition, CHC is in the process of reducing the complexity of its fleet, which will decrease costs associated with crew training, inventory and maintenance. This reduction and rationalization of CHC's fleet will create a significant surplus of helicopters and other related equipment owned and leased by CHC.

8. CHC maintains a fleet of approximately 230 helicopters comprised of the medium variant (8 to 15 passengers) and heavy variant (16 to 26 passengers) collectively (the "CHC Fleet"). A significant portion of the fleet is comprised of new technology helicopters which have greater range, passenger capacity, enhanced safety systems, and the ability to operate in variable conditions. Of the 230 helicopters in the fleet, CHC owns 67 helicopters and CHC leases the remainder from various third-party lessors. In most cases CHC subleases aircraft to affiliated operating entities. These leasing structures provide maximum regulatory and business flexibility.

9. Based on current market conditions, a significant reduction in the Debtors leased fleet size and related expenses is required to improve the Debtors' financial position and flexibility and position the Debtors to take advantage of opportunities that may arise out of the current industry downturn.

10. The Debtors have undertaken to accelerate their fleet replacement strategy in exiting from non-revenue generating aircraft and five older technology helicopter types, in order to first meet their customers' demands for newer technology helicopters and then reduce the number of different helicopters types in their fleet. The Debtors expect to reduce their fleet to approximately 75 aircraft by 2017, with approximately 90 aircraft to be returned in the next sixty (60) days. The near-term returns include approximately 16 Sikorsky S-76, 18 Airbus

AS332, 16 Sikorsky S-92, 20 Airbus H225, 1 Airbus EC155 and 19 AgustaWestland AW139 helicopters.

11. In accordance with this analysis, CHC has decided to retire immediately or has already retired certain helicopters and related equipment from its fleet. The Excess Equipment is not necessary for CHC's continued operation or successful reorganization. Accordingly, CHC seeks to eliminate the costs associated with retaining such Excess Equipment.

12. The requested relief will (i) allow for immediate rejection of the Leases and the Subleases and eliminate unnecessary obligations of the Debtors; (ii) establish an orderly, efficient process for the surrender and return of the Excess Equipment and related documentation; (iii) preserve the uninterrupted operation of CHC's business; and (iv) reduce the very substantial costs and disruptions that otherwise would be incurred in connection with replacing engines currently installed on rejected helicopters with the originally installed engines. The requested relief will also ensure that lessors under the rejected Leases (the "**Lessors**") are provided with procedures for the documentation of title to the helicopters and related equipment that are surrendered and returned to them through the surrender and return process. As part of CHC's revised business plan, CHC expects to reduce its fleet over the next sixty (60) days by approximately 90 helicopters. CHC will continue to analyze its fleet and, as a result of this ongoing analysis, CHC believes it is likely that a substantial number of additional helicopters and related equipment will be retired in the future.

Replacement of Helicopter Parts and Equipment

13. The process of rejecting the Leases is extremely complicated, particularly when rejecting and returning approximately 90 helicopters in a very short period of time. One of the difficult aspects of this process is addressing the standard practice in the helicopter industry

of “pooling” of helicopter parts, including engines, across an operator’s helicopter fleet as well as with third-party MROs and such MROs’ customers’ helicopter fleets.

14. All helicopters need regular maintenance. Many helicopter parts, including engines, are “time-limited” in that they are installed on a helicopter and permitted to be operated on the helicopter for a fixed interval of flight hours, cycles or calendar time that is specific to the type of part. At the end of the applicable interval, the part is “run-out”, and the operator must remove it from the helicopter and install on the helicopter another “fresh” part of the same type with all or a portion of the applicable interval remaining in order to continue operating the helicopter. Helicopter parts may also be removed from a helicopter and replaced because they are damaged or otherwise unserviceable and require testing or repair. For some types of helicopter parts, when they are run-out or unserviceable, they are removed from the helicopter and discarded. For other types of helicopter parts, including engines, when they are run-out or unserviceable, they are removed from the helicopter and sent to an MRO for scheduled maintenance to replenish the applicable interval of the run-out part or for testing and repair of the unserviceable part, as applicable.

15. Scheduled maintenance, testing and repair services performed by an MRO are detailed, time-consuming processes. In addition, MROs are not in all the same locations as their customers’ helicopter bases, which are located all over the world, including in remote areas, and accordingly transporting run-out and unserviceable parts from a helicopter base to an MRO and back again can take considerable time and expense. Accordingly, to avoid frequent and lengthy disruptions in helicopter operation schedules due to scheduled maintenance, testing and repair of helicopter parts that become run-out or unserviceable during the course of each helicopter’s operation, it is standard in the helicopter industry for an MRO, on an ongoing basis,

both to receive run-out and unserviceable parts from all of its different customers and to provide these customers with a supply of other fresh or serviceable parts of the same type for installation and use on such customers' helicopters. When an MRO has finished its maintenance, testing and repair processes such that a run-out or unserviceable part is fresh or serviceable, as applicable, that fresh or serviceable part goes into the same parts pool that supplies all of the MRO's customers. To facilitate this kind of MRO parts pooling arrangement (an "**MRO Pooling Arrangement**"), the MRO's arrangements with its different customers typically will contemplate that title to run-out or unserviceable parts that the customer sends to the MRO will vest in the MRO, and title to the supply of fresh or serviceable parts that the MRO sends to a customer will vest in the customer or in the owner/lessor of the aircraft on which such fresh or serviceable part is installed. Accordingly, the parts that a customer receives from an MRO and installs on a helicopter are often not the same parts that were originally installed on the helicopter, and in many cases will be a part originally installed on a helicopter operated by a different customer.

16. The engines in CHC's helicopter fleet are maintained, tested and repaired under MRO Pooling Arrangements by both CHC's own MRO as well as third-party MROs. Accordingly, due to these MRO Pooling Arrangements and given the large size of CHC's helicopter fleet and its continued operation for many years, on any given day, a significant portion of the helicopters in CHC's fleet will not have installed on them those engines that were originally installed on the helicopter at the commencement of the applicable lease (the "**Original Equipment**"), and given the breadth of CHC's worldwide operations, much of such Original Equipment will be located in different parts of the world than the applicable helicopter subject to

such lease and, in fact, may be installed on the helicopters of third-party operators or owned and possessed by an MRO and used in such MRO's shared pool.

17. Replacement of engines and other parts will occur multiple times for each helicopter during the term of the applicable lease and during the life of a helicopter. Typically, helicopter leases identify the Original Equipment and other parts by serial number. As the Original Equipment or other parts become run-out or unserviceable in the course of the helicopter's operation, the operator will remove and replace such parts with other fresh or serviceable parts during the term of the applicable lease. Moreover, as it is in the interest of the lessors that the helicopter is in an operating condition during the lease term, helicopter leases typically require the lessee to remove run-out or unserviceable parts and replace them with other parts that have time remaining in the applicable interval and are serviceable, and many leases will require that at lease expiry the helicopter is returned to the applicable lessor with minimum flight hours, cycles or calendar days, as the case may be, before scheduled removal of specific parts.

18. To accommodate this standard and necessary practice, helicopter leases and mortgages typically include provisions contemplating the removal and replacement of engines under certain circumstances. Thus, in the case of a helicopter lease, the substitution provisions would contemplate that the lessee cause title to a replacement engine to be conveyed to the lessor and contemporaneously the lessor relinquish title to the engine being replaced. Similarly, in the case of a helicopter mortgage, the substitution provisions would contemplate that the mortgagor subject a replacement engine to the mortgage and contemporaneously the secured party relinquish its lien on the engine being replaced.

19. Substantially all of CHC's helicopter leases include provisions contemplating the removal and replacement of engines and parts under the applicable lease, including provisions permitting CHC to "substitute" other engines under the lease under certain circumstances. In addition, many of CHC's leases follow CHC's general policy of not permitting filings or registrations of the applicable Lessor's interest in any particular engines then subject to the lease, as CHC views such filings or registrations as inconsistent with or hampering the ordinary course replacement of engines in CHC's helicopter fleet and MRO Pooling Arrangements.

20. Requiring CHC to return with each helicopter the Original Equipment would be monumentally burdensome, expensive and disruptive to CHC's business, inasmuch as this process would require CHC to ground and remove all affected helicopters from revenue generating operations much earlier than would otherwise be necessary in order to remove the then affixed engines, transport each removed engine to the location of the helicopter subject to the applicable lease, and replace each removed engine with the engine identified in the applicable lease, assuming such engine is even currently in CHC's possession as part of CHC's engine pool. Thus, the operations and maintenance schedules for each affected helicopter would be disrupted, thereby adding to the complexity, burden, expense and loss of revenue. In addition, with respect to any Original Equipment installed on a helicopter that is no longer in CHC's fleet or is now part of an MRO's engine pool, it may not be possible for CHC to reacquire such Original Equipment to return to the applicable Lessor, since such engine may be installed and operating in the fleet of another operator and title to such engine would have been conveyed by an original equipment manufacturer ("**OEM**") or MRO, as the case may be, to such operator. The burden, expense and disruption to CHC's business and fleet operations would be multiplied

significantly given that 44 helicopters are being returned as part of this motion and an additional approximately 45 helicopters are expected to be returned in the very near term, with potentially additional helicopters to be surrendered and returned in the medium term as CHC continues to review its fleet needs.

21. Moreover, in order to accomplish this task absent the relief requested, CHC might need to establish one or more maintenance lines at each helicopter base and at its MRO maintenance locations dedicated solely to replacing engines or contract the work to outside repair companies or MROs. As a result, CHC would need to hire additional maintenance workers, pay significant overtime expenses and incur significant outside contractor expenses to coordinate and perform engine replacements in connection with Excess Equipment returns. The cost of this incremental labor and these operations would be significant and particularly onerous for CHC at a time when CHC is taking every possible measure to preserve cash and limit unnecessary costs.

22. Furthermore, given the number of helicopters that would have to be taken out of service, the engine replacements could lead to lengthy disruptions in service to CHC's customers, which may cause CHC's customers to cancel their contracts or assess penalties against CHC that would impact revenues to the detriment of the estates and all parties in interest.

23. Each helicopter model has specific types of rotor blades, engines and other parts approved for use with such helicopter model. All engines of a specific model and version are the same. The only difference in value of two engines of the same model and version is a function of the differences in the condition and remaining maintenance cycle interval as between the two engines. Most leases provide that a lessor is entitled to receive an engine with the condition and remaining maintenance cycle interval specified in the lease. It is standard practice

in the industry that when an engine is removed and sent to an MRO for overhaul and repair, the MRO will provide to the operator for installation on the helicopter an overhauled and repaired engine that would be in better condition than the engine removed from the helicopter. Therefore, upon installation of the replacement engine from the MRO, the lessor for that helicopter receives a more valuable part than the part removed.

24. Additional information about CHC's fleet operations and the standard maintenance and pooling practices in the helicopter industry can be found in the *Declaration of Michael B. Cox in Support of the Debtors' First Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* (the "**Cox Declaration**"), filed concurrently herewith.

25. Upon return of leased helicopters, if not already completed during the term of the lease, CHC will facilitate bills of sale and title transfers on replacement engines. Given the large number of helicopters being returned by CHC, a streamlined procedure is needed to allow for the efficient return of each helicopter.

26. CHC proposes that the procedures set forth below create a reasonable, cost-effective, orderly process for the nearly contemporaneous return of Excess Equipment and related documentation.

Procedures

27. The Debtors ask that the Court approve the following procedures regarding the Leases, Subleases and Excess Equipment that are the subject of this motion ("**Procedures**").

A. Filing Proofs of Claim

28. The Debtors propose that any claims arising out of any rejection effected pursuant to these Procedures must timely be filed in accordance with any order pursuant to Bankruptcy Rule 3003(c) establishing a deadline by which prepetition general unsecured claims must be filed (the “**Bar Date**”), on or before the later of (i) the Bar Date or (ii) 30 days after the Effective Date with respect to the item of Excess Equipment or with respect to the Sublease to which such claim relates, as the case may be. Any claim not timely filed will be irrevocably barred.

B. Provision of Records and Documents

29. Upon effectiveness of rejection or as soon as reasonably practicable thereafter, the Debtors shall make available to the applicable Lessors records and documents relating to such Excess Equipment that are readily available. If such Excess Equipment is Replacement Equipment, the Debtors shall make available records and documents that are readily available relating to such Replacement Equipment instead of those relating to any equipment previously installed (but no longer installed) on the helicopter in accordance with the foregoing.

C. Return and Retrieval of Helicopters

30. The Debtors have provided information on the schedules and exhibits attached hereto that will assist the Lessors in retrieving the Excess Equipment.

31. If any of the engines (the “**Replacement Equipment**”) installed on or returned with a helicopter (the “**Affected Equipment**”) at the time of surrender and return by the Debtors have not been previously substituted pursuant to the terms of the relevant Lease, the following guidelines shall apply:

a. If requested, and subject to paragraphs (b) through (e) below, the Debtors shall formalize the transfer of the Debtors' right, title and interest in such Replacement Equipment to the relevant Lessor free and clear of all liens, claims and encumbrances (except for permitted liens under the relevant Lease) by providing a bill of sale to the Lessor of such Replacement Equipment.

b. If the Replacement Equipment is encumbered by a recorded lien or mortgage that is not a permitted lien under the relevant Lease, at the Debtor's election: (i) such lien or mortgage shall be released from such Replacement Equipment and shall attach to substitute equipment designated by the Debtors and having a value and utility at least equal to the Replacement Equipment (the "**Substitute Equipment**"), (ii) the Debtors shall facilitate the lifting and release of such lien or mortgage on such Replacement Equipment, (iii) the Replacement Equipment shall be replaced with Substitute Equipment of the same model and version as such Replacement Equipment, or (iv) the Replacement Equipment shall not be returned to the Lessor and the Lessor shall instead receive as part of the Lessor's damages claim, if any, a pre-petition claim for the value of an engine of the same model and version returned in compliance with the return conditions set forth in the Lease. In the case of (iii) and (iv) above, the Debtors may remove the Replacement Equipment from the Affected Equipment.

c. If the transfer documentation contemplated herein was not formalized at the time of the removal of the Original Equipment, the relevant Lessor shall simultaneously deliver, or cause to be delivered, to the Debtors a bill of sale for the Original Equipment, transferring such Original Equipment to the Debtors (or to a third party designated by the Debtors) free and clear of all liens, claims and encumbrances (except for liens permitted under the Lease or the Lessor's financings).

d. If the Replacement Equipment and the Original Equipment are beneficially owned by the relevant Lessor or by the same beneficial owner and leased to the Debtors under separate leases, then it shall be sufficient for the Debtors to surrender such Replacement Equipment to the Lessor in lieu of the Original Equipment. The Replacement Equipment shall thereafter be released from the relevant Lease and any liens in favor of the indenture trustee or other secured party with respect to such replacement lease or mortgage, and the Original Equipment shall be subject to such lease or mortgage and any such liens.

e. In lieu of providing Replacement Equipment pursuant to these Procedures, the Debtors may, in their sole discretion, make the Original Equipment available to an affected Lessor at the location where it is situated, whether or not the Original Equipment is at the same location as the Affected Equipment, or make Substitute Equipment available to the affected Lessor at the location where the Affected Equipment is situated. In these circumstances, the Debtors may remove the Replacement Equipment from the Affected Equipment.

32. If a lessor of Original Equipment or Replacement Equipment does not deliver title documents or if a secured party with a lien on Original Equipment or Replacement Equipment does not deliver documents necessary to release its liens, each as required in these procedures, the Debtors shall be entitled to move for an Order to Show Cause to compel such lessor to transfer title to such equipment or to compel such secured party to release its liens. In such an instance, such lessor or such secured party, as the case may be, shall also be liable to the Debtors and the affected Lessor for any damages arising out of or in connection with such lessor's or such secured party's delay, including legal and other fees. The Debtors and the affected Lessor shall also be entitled to continue to use such equipment until title is transferred or the liens are released as set forth herein.

33. The Debtors also ask this Court to enter an Order providing that if the Lessor affected by the rejection of a Lease does not retrieve or otherwise take control of the relevant Excess Equipment from the locations provided on Schedule 1 within 15 days after the Effective Date, such Lessor shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Equipment. If the Lessor does not remove the Excess Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Equipment, the Debtors may file a motion to compel removal of the Excess Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees. The Excess Equipment will be made available to the Lessor “as is, where is” and the Debtors specifically make neither representations nor warranties regarding the Excess Equipment.

34. To preserve the value of the Excess Equipment before the appropriate Lessor takes possession, the Debtors will maintain their current insurance coverage and continue the existing storage maintenance program, if applicable, until the earlier of: (i) the fifteenth (15th) day after the later of the date of entry of the Order and the relevant Effective Date; or (ii) the date on which the appropriate Lessor takes possession of the Excess Equipment. Thereafter, however, the Debtors shall cease insuring and maintaining the Excess Equipment.

D. Debtors’ Cooperation In Making Related Aviation Authority Filings

35. Upon written request from an affected Lessor, the Debtors agree to cooperate reasonably with such Lessor with respect to the execution of, or provision of, information required for a lease termination document to be filed with the aviation authority in the applicable jurisdiction in connection with such Excess Equipment. In addition, the Debtors

ask this Court to enter an order providing that once the affected Lessor retrieves or takes control of such Excess Equipment, such Lessor or the authorized party under an Irrevocable De-Registration and Export Request Authorization (“**IDERA**”) or a power of attorney provided by the Debtors, if any, shall be permitted to request the cancellation, or transfer to a party designated by such Lessor, of such helicopter’s registration on such aviation authority’s register. However, the affected Lessor shall be solely responsible for all costs associated with such documentation and the filing thereof with the relevant aviation authority or registry.

E. Debtors’ Further Actions to Implement Approved Rejections

36. The Debtors submit that the proposed actions and Procedures are reasonable, in the best interests of the estates, and should be approved by this Court. Accordingly, the Debtors seek authorization to execute and deliver all instruments and documents and take any additional actions as are necessary or appropriate to implement and effectuate the procedures.

Rejection of the Leases and the Subleases Is in the Best Interests of the Debtors and Their Estates and Creditors, Is Supported By the Debtors’ Business Judgment, and Should Be Approved By the Court

37. Section 365(a) of the Bankruptcy Code provides, in pertinent part, that a debtor in possession “subject to the court’s approval, may assume or reject any executory contract or unexpired lease of the debtor.” 11 U.S.C. § 365(a); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. 513, 521 (1984); *In re Lavigne*, 114 F.3d 379, 386 (2d Cir. 1997). “[T]he purpose behind allowing the assumption or rejection of executory contracts is to permit the trustee or debtor-in-possession to use valuable property of the estate and to ‘renounce title to and abandon burdensome property.’” *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1098 (2d Cir. 1993); *see also Matter of Murexco Petroleum, Inc.*,

15 F.3d 60, 62 (5th Cir. 1994) (noting that Section 365 “allows a trustee to relieve the bankruptcy estate of burdensome agreements which have not been completely performed.”)

38. The standard applied to determine whether the rejection of an unexpired lease should be authorized is the “business judgment” standard. *See In re Penn Traffic Co.*, 524 F.3d 373, 383 (2d Cir. 2008); *In re Old Carco LLC*, 406 B.R. 180, 188 (Bankr. S.D.N.Y. 2009); *see also In re Orion Pictures Corp.*, 4 F.3d 1095, 1098-99 (2d Cir. 1993); *In re Minges*, 602 F.2d 38, 42 (2d Cir. 1979); *NLRB v. Bildisco & Bildisco*, 465 U.S. 513, 513 (1984); *In re Roman Crest Fruit, Inc.*, 35 B.R. 939, 949 (S.D.N.Y. 1983). Courts defer to a debtor’s business judgment in rejecting an unexpired lease, and upon finding that a debtor has exercised its sound business judgment, approve the rejection under section 365(a) of the Bankruptcy Code. *See Bildisco & Bildisco*, 465 U.S. at 523 (recognizing the “business judgment” standard used to approve rejection of executory contracts); *Nostas Assocs. v. Costich (In re Klein Sleep Products, Inc.)*, 78 F.3d 18, 25 (2d Cir. 1996) (recognizing the “business judgment” standard used to approve rejection of executory contracts); *In re Minges*, 602 F.2d 38, 42-43 (2d Cir. 1979) (holding that the “business judgment” test is appropriate for determining when an executory contract can be rejected); *In re G Survivor Corp.*, 171 B.R. 755, 757 (Bankr. S.D.N.Y. 1994) (approving rejection of license by debtor because such rejection satisfied the “business judgment” test); *In re Child World, Inc.*, 142 B.R. 87, 89 (Bankr. S.D.N.Y. 1992) (stating that a debtor may assume or reject an unexpired lease under § 365(a) in the exercise of its “business judgment”); *In re Pilgrim’s Pride Corp.*, 403 B.R. 413, 426 (Bankr. N.D. Tex. 2009) (holding that, absent public policy necessitating a more stringent standard, business judgment standard applies to a rejection decision under § 365(a)); *Richmond Leasing Co. v. Capital Bank, N.A.*, 762

F.2d 1303, 1307 (5th Cir. 1985) (applying business judgment standard to the determination of whether a rejection decision was proper under § 365).

39. The “business judgment” standard is not a strict standard; it requires only a showing that either assumption or rejection of the executory contract or unexpired lease will benefit the debtor’s estate. *See In re Helm*, 335 B.R. 528, 538 (Bankr. S.D.N.Y. 1996) (“To meet the business judgment test, the debtor in possession must ‘establish that rejection will benefit the estate.’”) (citation omitted); *In re Balco Equities, Inc.*, 323 B.R. 85, 99 (Bankr. S.D.N.Y. 2005) (“In determining whether the debtor has employed reasonable business discretion, the court for the most part must only determine that the rejection will likely benefit the estate.”) (quoting *G Survivor*, 171 B.R. at 757). Further, under the business judgment standard, “[a] debtor’s decision to reject an executory contract must be summary affirmed unless it is the product of ‘bad faith, or whim or caprice’” *In re Trans World Airlines, Inc.*, 261 B.R. 103, 121 (Bankr. D. Del. 2001).

40. As part of their ongoing efforts to reduce costs and maximize fleet flexibility, the Debtors have identified Excess Equipment that no longer fits into the Debtors’ business plan and, accordingly, will no longer be utilized by the Debtors and have no utility or value to the Debtors. The Debtors entered into the Leases and related agreements in a different economic climate than the one facing the Debtors’ industry today. Today, with the ongoing downturn in the Debtors’ industry, these same helicopters are no longer necessary to the Debtors’ operations. As of the date hereof, the Debtors have taken or will take all of the Excess Equipment out of service. Consequently, the unused equipment is, or will be, languishing in expensive storage space without generating any value for the Debtors’ estates and the Excess Equipment is nothing more than a cash drain on the Debtors’ businesses. Thus, the Excess

Equipment is burdensome to the Debtors and is no longer beneficial to the Debtors or their estates. If the rejection of the Leases is approved, the Debtors will maintain sufficient helicopters to operate their businesses and meet their customers' needs.

41. With respect to the Subleased Equipment, in almost all cases upon termination of each related Lease, the Debtors and the parties operating the helicopters are required to terminate the applicable Subleases and return such helicopters to the Lessors. As the Debtors' structural cost-cutting measures contemplate the return of the Excess Equipment subject to the subleases, it is not economical for the Debtors to continue to lease the Subleased Equipment from the applicable Lessors on terms that are burdensome to the Debtors and in turn sublease such equipment to the Sublessees on terms that are not overall beneficial to the Debtors or their estates, therefore the Subleases are burdensome to the Debtors and are no longer beneficial to the Debtors or their estates.

Nunc Pro Tunc Relief is Appropriate

42. Bankruptcy courts are empowered to grant retroactive rejection of a contract or lease under Section 105(a) and 365(a) of the Bankruptcy Code. *See Thinking Machs. Corp. v. Mellon Fin. Servs. Corp. (In re Thinking Machines Corp.)*, 67 F.3d 1021, 1028-29 (1st Cir. 1995) (indicating "rejection under section 365(a) does not take effect until judicial approval is secured, but the approving court has the equitable power, in suitable cases, to order a rejection to operate retroactively" to the motion filing date); *see also Pacific Shore Dev., LLC v. At Home Corp (In re At Home Corp.)*, 392 F.3d 1064, 1067 (9th Cir. 2004) (same); *In re Chi-Chi's, Inc.* 305 B.R. 396, 399 (Bankr. D. Del. 2004) ("[T]he court's power to grant retroactive relief is derived from the bankruptcy court's equitable powers to long as it promises to be the purposes of §365(a)).

43. The Debtors submit that the rejection of the Leases should be effective as of the relevant Effective Date. The Debtors are not using the Excess Equipment and such equipment will be available for the relevant Lessor to retrieve on such date. This relief will expedite the Debtors' relief from burdensome obligations and provide the Lessors with the information necessary for them to retrieve the equipment. See, e.g., *BP Energy Co. v. Bethlehem Steel Corp.*, 2002 WL 31548723, at * 3 (S.D.N.Y., Nov. 15, 2002) (finding that retroactive rejection is valid when the balance of equities favor such treatment); *In re Jamesway Corp.*, 179 B.R. 33, 38 (S.D.N.Y. 1995) (finding that a court may approve retroactive rejection); see also *In re At Home Corp.*, 392 F.3d 1064, 1071 (9th Cir. 2004) (same); *In re Thinking Mach. Corp. v. Mellon Fin. Servs.*, 67 F.3d 1021, 1028 (1st Cir. 1995) (approving retroactive orders of rejection where the balance of the equities favors such relief).

44. The equities of these cases favor rejection of the Leases and Subleases *nunc pro tunc* to the Petition Date. Rejection *nunc pro tunc* will permit the Debtors to reduce the burdensome costs and avoid additional, unnecessary claims that may be incurred under the Leases and Subleases that are not necessary to the Debtors' operations going forward. Furthermore, the counterparties will not be unduly prejudiced if the Leases and Subleases are rejected *nunc pro tunc* to the Petition Date as the Debtors have already ceased using the Excess Equipment and the Lessors may immediately retrieve and take possession of the Excess Equipment. Therefore, rejection of the Excess Equipment, Leases, Subleases and related agreements *nunc pro tunc* to the Petition Date is in the best interests of the Debtors' estates and creditors and constitutes a proper exercise of the Debtors' sound business judgment.

Reservation of Rights

45. Nothing contained herein is intended or shall be construed as (i) an admission as to the validity of any claim against the Debtors, (ii) a waiver of the Debtors' or any

party in interest's rights to dispute the amount of, basis for or validity of any claim of any parties in interest to the Excess Equipment, Subleased Equipment, or Leases or Subleases under applicable nonbankruptcy law or (iii) a waiver of any claims or causes of action which may exist against any parties in interest to the Excess Equipment, Subleased Equipment, or Leases or Subleases. The Debtors are in the process of reviewing these matters and reserve all of their rights under the Bankruptcy Code.

Notice

46. No trustee, examiner or creditors' committee has been appointed in these chapter 11 cases. Notice of this Motion shall be given to: (i) the Office of the United States Trustee for the Northern District of Texas; (ii) the holders of the thirty (30) largest unsecured claims against the Debtors (on a consolidated basis); (iii) Akin Gump Strauss Hauer & Feld LLP, One Bryant Park, Bank of America Tower, New York, NY 10036 (Attn: Michael S. the case of the Subleases, the Sublessees. Due to the nature of the relief requested herein, the Debtors respectfully submit that no further notice of this Motion is required.

47. No previous request for the relief sought herein has been made to this or any other Court.

[The remainder of this page is intentionally blank]

WHEREFORE, the Debtors respectfully request that the Court enter an order (a) authorizing the Debtors to reject the Leases and the Subleases and (b) granting such other and further relief as this Court may deem just and proper.

¹ For each helicopter and lease that is being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent in connection with any lease) also will be deemed part of this Schedule 1 and shall be rejected with respect to such helicopter if the related helicopter lease is rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors have listed certain leases or contracts on this Schedule 1 that have already terminated or expired in accordance with the terms of such leases or contracts.

¹ For each helicopter, lease, sublease and related agreements that are being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent to any transaction in connection with any lease) also will be deemed part of this Schedule 2 and shall be rejected with respect to such helicopter if the related helicopter lease is rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors have listed certain leases or contracts on this Schedule 2 that have already terminated or expired in accordance with the terms of such leases or contracts.

(viii) the Internal Revenue Service, (ix) in the case of Excess Equipment, the Lessors, the beneficial owners of such equipment (if different and if known) and the Indenture Parties (if known), if any, and (x) in the case of the Subleases, the Sublessees; and no other or further notice need be provided; and the relief requested in the Motion being in the best interests of the Debtors and their estates and creditors; and the Court having reviewed the Motion and having held a hearing before the Court with appearances of parties in interest noted in the transcript thereof (the “**Hearing**”); and the Court having considered the arguments of counsel made, and the evidence proffered and adduced, at the Hearing; and the Court having determined that the legal and factual bases set forth in the Motion and at the Hearing establish just cause for the relief granted herein; and upon all of the proceedings had before the Court and after due deliberation and sufficient cause appearing therefor, it is hereby ORDERED that:

1. The relief requested in the Motion is hereby granted.
2. Pursuant to section 365 of the Bankruptcy Code and Bankruptcy Rule 6006, (a) the rejection of each of the Leases of Excess Equipment listed on Schedule 1 to the Motion is authorized and approved as of the relevant Effective Date (as set forth next to each item of Excess Equipment on Schedule 1 to the Motion) and (b) the rejection of each of the Subleases listed on Schedule 2 to the Motion is authorized and approved as of the relevant Effective Date of the Leases underlying the Subleased Equipment (as set forth next to each Sublease listed on Schedule 2 to the Motion).
3. Each rejected Lease, Sublease and related transaction agreement set forth on Schedule 1 and Schedule 2 to the Motion is hereby rejected by the Debtors party thereto.
4. The Debtors shall, upon the effectiveness of rejection or as soon as reasonably practicable after the Effective Date, make available to the applicable Lessors records

and documents relating to such Lessors' Excess Equipment that are readily available. If such Excess Equipment is Replacement Equipment, the Debtors shall make available records and documents that are readily available relating to such Replacement Equipment.

5. Upon written request from an affected Lessor, the Debtors shall cooperate reasonably with such Lessor with respect to the execution of, or provision of, information required for a lease termination document or other documentation, as appropriate, to be filed with the aviation authority in the applicable jurisdiction in connection with such Excess Equipment, provided that the affected Lessor shall be solely responsible for all costs associated with such documentation and for the filing thereof with such relevant aviation authority or register.

6. Once the affected Lessor retrieves or takes control of its Excess Equipment, such Lessor or the authorized party under an IDERA or a power of attorney provided by the Debtors, if any, shall be permitted to request the cancellation, or transfer to a party designated by such Lessor, of such helicopter's registration on an aviation authority's register, provided that the affected Lessor shall be solely responsible for all costs associated with such request or transfer.

7. The Debtors are authorized (i) to maintain their current insurance coverage and continue the existing storage maintenance program applicable to each item of Excess Equipment until the earlier of (a) the fifteenth (15th) day after the later of the date of entry of the Order and the relevant Effective Date and (b) the date on which the appropriate Lessor takes possession of such Excess Equipment and (ii) thereafter to cease insuring and maintaining such Excess Equipment.

8. If the Lessor affected by the rejection of a Lease does not retrieve or

otherwise take control of the relevant Excess Equipment from the locations provided on Schedule 1 to the Motion within 15 days after the Effective Date, such Lessor shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Equipment. If the Lessor does not remove the Excess Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Equipment, the Debtors may file a motion to compel removal of the Excess Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees.

9. Subject to ordered paragraphs 10 through 13, if any Replacement Equipment installed on, or returned with, the Affected Equipment has not been previously substituted pursuant to the terms of the relevant Lease, the Debtors may, if requested by the affected Lessor, formalize the transfer of the Debtors' right, title and interest in such Replacement Equipment to the Lessor free and clear of all liens, claims and encumbrances (except for permitted liens under the relevant Lease) by providing a bill of sale to the Lessor of such Replacement Equipment.

10. If the Replacement Equipment is encumbered by a recorded lien or mortgage that is not permitted under the relevant Lease, at the Debtor's election: (i) such lien or mortgage shall be released from such Replacement Equipment and shall attach to Substitute Equipment, (ii) the Debtors shall facilitate the lifting and release of such lien or mortgage on such Replacement Equipment, (iii) the Replacement Equipment shall be replaced with Substitute Equipment of the same model and version, or (iv) the Replacement Equipment shall not be returned to the Lessor and the Lessor shall instead receive as part of the Lessor's damages claim, if any, a pre-petition claim for the value of an engine of the same model and version returned in

compliance with the return conditions set forth in the Lease; in the case of (iii) and (iv), the Debtors may remove the Replacement Equipment from the Affected Equipment.

11. If the transfer documentation contemplated in the Motion was not formalized at the time of the removal of the Original Equipment, the relevant Lessor shall simultaneously deliver, or cause to be delivered, to the Debtors a bill of sale for the Original Equipment, transferring such Original Equipment to the Debtors (or to a third party designated by the Debtors) free and clear of all liens, claims and encumbrances (except for liens permitted under the Lease or the Lessor's financings).

12. If the Replacement Equipment and the Original Equipment are beneficially owned by the relevant Lessor or by the same beneficial owner and leased to the Debtors under separate leases, then the Debtors may surrender such Replacement Equipment to the Lessor in lieu of the Original Equipment and the Replacement Equipment shall thereafter be released from the relevant Lease and any liens in favor of the secured party with respect to such Replacement Equipment, and the Original Equipment shall be subject to such lease or mortgage and any such liens.

13. In lieu of providing Replacement Equipment pursuant to the Procedures, the Debtors may, in the Debtors' sole discretion, make the Original Equipment available to an affected Lessor at the location where such Original Equipment is situated, whether or not the Original Equipment is at the same location as the Affected Equipment, or make Substitute Equipment available to the affected Lessor at the location where the Affected Equipment is situated, and in these circumstances, the Debtors may remove the Replacement Equipment from the Affected Equipment.

14. If a lessor of Original Equipment or Replacement Equipment does not

deliver title documents, or if a secured party with a lien on Original Equipment or Replacement Equipment does not deliver documents necessary to release its liens, each as required in the Procedures, the Debtors shall be entitled to move for an Order to Show Cause to compel such lessor to transfer title to such equipment or to compel such secured party to release its liens. In such an instance, such lessor or such secured party, as the case may be, shall also be liable to the Debtors and the affected Lessor for any damages arising out of or in connection with such lessor's or such secured party's delay, including legal and other fees.

15. The Debtors are authorized to execute and deliver all instruments and documents and take any additional actions as are necessary or appropriate to implement and effectuate the rejections approved hereby.

16. Claims arising out of any rejection effected pursuant to these procedures must timely be filed in accordance with any order pursuant to Bankruptcy Rule 3003(c) establishing a deadline by which prepetition general unsecured claims must be filed (the "**Bar Date**"), on or before the later of (i) the Bar Date, or (ii) 30 days after the Effective Date with respect to the item of Excess Equipment or with respect to the Sublease to which such claim relates, as the case may be. Any claim not timely filed will be irrevocably barred.

17. The notice procedures set forth in the Motion are good and sufficient notice and satisfy Bankruptcy Rules 2002(a), 6006, 6007 and 9014 by providing the counterparties with a notice and an opportunity to object and be heard at a hearing.

**DEBTORS' SECOND OMNIBUS MOTION FOR ENTRY OF AN ORDER
AUTHORIZING THE DEBTORS TO REJECT CERTAIN EQUIPMENT LEASES AND
SUBLEASES PURSUANT TO SECTION 365 OF THE BANKRUPTCY CODE**

A HEARING WILL BE CONDUCTED ON THIS MATTER ON JUNE 27, 2016 AT 9:00 A.M. IN COURTROOM #2, 14TH FLOOR OF THE UNITED STATES BANKRUPTCY COURT FOR THE NORTHERN DISTRICT OF TEXAS, DALLAS DIVISION, EARLE CABEL FEDERAL BUILDING, 1100 COMMERCE ST., DALLAS, TEXAS 75242.

TO THE HONORABLE BARBARA J. HOUSER, UNITED STATES BANKRUPTCY JUDGE:

CHC Group Ltd. and its above-captioned debtor affiliates, as debtors and debtors in possession (collectively, the “**Debtors**”), respectfully represent:

Relief Requested

1. The Debtors respectfully request that this Court enter an order, substantially in the form attached hereto as Exhibit B (the “**Order**”), authorizing them, pursuant to sections 105(a) and 365(a) of title 11 of the United States Code (the “**Bankruptcy Code**”) and Rule 6006 of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”), to reject certain equipment leases (the “**Leases**”) for helicopters and other related equipment identified on Schedule 1 attached hereto that the Debtors no longer need in the operation of their business (collectively, the “**Excess Equipment**”) and certain sublease agreements identified on Schedule 2 attached hereto (the “**Subleases**”) and relating to certain Excess Equipment identified on Schedule 2 (the “**Subleased Equipment**”).

Jurisdiction and Venue

2. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Background

3. On May 5, 2016 (the “**Petition Date**”), each of the Debtors commenced with this Court a voluntary case under chapter 11 of title 11 of the Bankruptcy Code. The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

4. The Debtors’ chapter 11 cases have been consolidated for procedural purposes only and are being jointly administered pursuant to Bankruptcy Rule 1015(b) and Rule 1015-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Northern District of Texas [Docket No. 52].

The Debtors’ Businesses

5. The Debtors, together with their non-debtor affiliates (collectively, “**CHC**”), comprise a global commercial helicopter services company, primarily engaged in providing helicopter services to the offshore oil and gas industry. CHC also provides helicopter services for search and rescue and emergency medical services to various government agencies. In addition, CHC maintains the industry’s largest independent helicopter maintenance, repair, and overhaul business (such business, an “**MRO**”), which services helicopter fleets for both CHC as well as third-party customers. CHC manages its domestic and overseas businesses from its headquarters in Irving, Texas and its sales force from an office in Houston, Texas. CHC maintains one of its primary engine overhaul facilities in Fort Collins, Colorado. Only certain entities within CHC – primarily the issuers or guarantors of the Debtors’ funded debt – are Debtors in these proceedings. CHC’s other entities, including certain operating entities, are not debtors in these cases and are continuing to conduct their businesses in the ordinary course.

6. Additional information about the Debtors’ businesses, capital structure and the circumstances leading to the commencement of these chapter 11 cases can be found in

the *Declaration of Robert A. Del Genio in Support of the Debtors' Chapter 11 Petitions and Request for First Day Relief* (the “**Del Genio Declaration**”)[Docket No. 13].

Basis for Relief

7. In connection with the commencement of its chapter 11 cases, CHC has undertaken to formulate a revised business plan to address the high cost/weakened revenue environment. As an ongoing component of that plan and of the chapter 11 process, CHC has identified cost savings to be achieved through a significant reduction in their fleet by eliminating helicopters and other related equipment that currently are not, or soon will not be, used to generate revenue in CHC’s businesses. In addition, CHC is in the process of reducing the complexity of its fleet, which will decrease costs associated with crew training, inventory and maintenance. This reduction and rationalization of CHC’s fleet will create a significant surplus of helicopters and other related equipment owned and leased by CHC.

8. CHC maintains a fleet of approximately 230 helicopters comprised of the medium variant (8 to 15 passengers) and heavy variant (16 to 26 passengers) collectively (the “**CHC Fleet**”). A significant portion of the CHC Fleet is comprised of new technology helicopters which have greater range, passenger capacity, enhanced safety systems, and the ability to operate in variable conditions. Of the 230 helicopters in the CHC Fleet, CHC owns 67 helicopters and CHC leases the remainder from various third-party lessors. In most cases CHC subleases aircraft to affiliated operating entities. These leasing structures provide maximum regulatory and business flexibility.

9. Based on current market conditions, a significant reduction in the Debtors leased fleet size and related expenses is required to improve the Debtors’ financial position and flexibility and position the Debtors to take advantage of opportunities that may arise out of the current industry downturn.

10. The Debtors have undertaken to accelerate their fleet replacement strategy in exiting from non-revenue generating aircraft and five older technology helicopter types, in order to first meet their customers' demands for newer technology helicopters and then reduce the number of different helicopters types in their fleet. The Debtors expect to reduce their fleet to approximately 75 productive aircraft by the end of calendar year 2017, with approximately 90 aircraft to be returned within sixty (60) days after the Petition Date. The Debtors have already filed the *First Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* [Docket No. 20] (the "**First Omnibus Rejection Motion**") seeking authority to reject 44 aircraft.

11. In accordance with this analysis, CHC has decided to retire or has already retired certain helicopters and related equipment from its fleet, as set forth on Schedules 1 and 2 attached hereto. The Excess Equipment is not necessary for CHC's continued operation or successful reorganization. Accordingly, CHC seeks to eliminate the costs associated with retaining such Excess Equipment.

12. The requested relief will (i) allow for immediate rejection of the Leases and the Subleases and eliminate unnecessary obligations of the Debtors; (ii) establish an orderly, efficient process for the surrender and return of the Excess Equipment and related documentation; (iii) preserve the uninterrupted operation of CHC's business; and (iv) reduce the very substantial costs and disruptions that otherwise would be incurred in connection with replacing engines currently installed on rejected helicopters with the originally installed engines. The requested relief will also ensure that lessors under the rejected Leases (the "**Lessors**") are provided with procedures for the documentation of title to the helicopters and related equipment that are surrendered and returned to them through the surrender and return process. As part of

CHC's revised business plan, CHC expects to reduce its fleet by approximately 90 helicopters within sixty (60) days after the Petition Date. CHC will continue to analyze its fleet and, as a result of this ongoing analysis, CHC believes it is likely that additional helicopters and related equipment may be retired in the future.

Replacement of Helicopter Parts and Equipment

13. The process of rejecting the Leases is extremely complicated, particularly when rejecting and returning approximately 90 helicopters in a very short period of time. One of the difficult aspects of this process is addressing the standard practice in the helicopter industry of "pooling" of helicopter parts, including engines, across an operator's helicopter fleet as well as with third-party MROs and such MROs' customers' helicopter fleets.

14. All helicopters need regular maintenance. Many helicopter parts, including engines, are "time-limited" in that they are installed on a helicopter and permitted to be operated on the helicopter for a fixed interval of flight hours, cycles or calendar time that is specific to the type of part. At the end of the applicable interval, the part is "run-out", and the operator must remove it from the helicopter and install on the helicopter another "fresh" part of the same type with all or a portion of the applicable interval remaining in order to continue operating the helicopter. Helicopter parts may also be removed from a helicopter and replaced because they are damaged or otherwise unserviceable and require testing or repair. For some types of helicopter parts, when they are run-out or unserviceable, they are removed from the helicopter and discarded. For other types of helicopter parts, including engines, when they are run-out or unserviceable, they are removed from the helicopter and sent to an MRO for scheduled maintenance to replenish the applicable interval of the run-out part or for testing and repair of the unserviceable part, as applicable.

15. Scheduled maintenance, testing and repair services performed by an MRO are detailed, time-consuming processes. In addition, MROs are not in all the same locations as their customers' helicopter bases, which are located all over the world, including in remote areas, and accordingly transporting run-out and unserviceable parts from a helicopter base to an MRO and back again can take considerable time and expense. Accordingly, to avoid frequent and lengthy disruptions in helicopter operation schedules due to scheduled maintenance, testing and repair of helicopter parts that become run-out or unserviceable during the course of each helicopter's operation, it is standard in the helicopter industry for an MRO, on an ongoing basis, both to receive run-out and unserviceable parts from all of its different customers and to provide these customers with a supply of other fresh or serviceable parts of the same type for installation and use on such customers' helicopters. When an MRO has finished its maintenance, testing and repair processes such that a run-out or unserviceable part is fresh or serviceable, as applicable, that fresh or serviceable part goes into the same parts pool that supplies all of the MRO's customers. To facilitate this kind of MRO parts pooling arrangement (an "**MRO Pooling Arrangement**"), the MRO's arrangements with its different customers typically will contemplate that title to run-out or unserviceable parts that the customer sends to the MRO will vest in the MRO, and title to the supply of fresh or serviceable parts that the MRO sends to a customer will vest in the customer or in the owner/lessor of the aircraft on which such fresh or serviceable part is installed. Accordingly, the parts that a customer receives from an MRO and installs on a helicopter are often not the same parts that were originally installed on the helicopter, and in many cases will be a part originally installed on a helicopter operated by a different customer.

16. The engines in CHC's helicopter fleet are maintained, tested and repaired under MRO Pooling Arrangements by both CHC's own MRO as well as third-party MROs. Accordingly, due to these MRO Pooling Arrangements and given the large size of CHC's helicopter fleet and its continued operation for many years, on any given day, a significant portion of the helicopters in CHC's fleet will not have installed on them those engines that were originally installed on the helicopter at the commencement of the applicable lease (the "**Original Equipment**"), and given the breadth of CHC's worldwide operations, much of such Original Equipment will be located in different parts of the world than the applicable helicopter subject to such lease and, in fact, may be installed on the helicopters of third-party operators or owned and possessed by an MRO and used in such MRO's shared pool.

17. Replacement of engines and other parts will occur multiple times for each helicopter during the term of the applicable lease and during the life of a helicopter. Typically, helicopter leases identify the Original Equipment and other parts by serial number. As the Original Equipment or other parts become run-out or unserviceable in the course of the helicopter's operation, the operator will remove and replace such parts with other fresh or serviceable parts during the term of the applicable lease. Moreover, as it is in the interest of the lessors that the helicopter is in an operating condition during the lease term, helicopter leases typically require the lessee to remove run-out or unserviceable parts and replace them with other parts that have time remaining in the applicable interval and are serviceable, and many leases will require that at lease expiry the helicopter is returned to the applicable lessor with minimum flight hours, cycles or calendar days, as the case may be, before scheduled removal of specific parts.

18. To accommodate this standard and necessary practice, helicopter leases and mortgages typically include provisions contemplating the removal and replacement of engines under certain circumstances. Thus, in the case of a helicopter lease, the substitution provisions would contemplate that the lessee cause title to a replacement engine to be conveyed to the lessor and contemporaneously the lessor relinquish title to the engine being replaced. Similarly, in the case of a helicopter mortgage, the substitution provisions would contemplate that the mortgagor subject a replacement engine to the mortgage and contemporaneously the secured party relinquish its lien on the engine being replaced.

19. Substantially all of CHC's helicopter leases include provisions contemplating the removal and replacement of engines and parts under the applicable lease, including provisions permitting CHC to "substitute" other engines under the lease under certain circumstances. In addition, many of CHC's leases follow CHC's general policy of not permitting filings or registrations of the applicable Lessor's interest in any particular engines then subject to the lease, as CHC views such filings or registrations as inconsistent with or hampering the ordinary course replacement of engines in CHC's helicopter fleet and MRO Pooling Arrangements.

20. Requiring CHC to return with each helicopter the Original Equipment would be monumentally burdensome, expensive and disruptive to CHC's business, inasmuch as this process would require CHC to ground and remove all affected helicopters from revenue generating operations much earlier than would otherwise be necessary in order to remove the then affixed engines, transport each removed engine to the location of the helicopter subject to the applicable lease, and replace each removed engine with the engine identified in the applicable lease, assuming such engine is even currently in CHC's possession as part of CHC's

engine pool. Thus, the operations and maintenance schedules for each affected helicopter would be disrupted, thereby adding to the complexity, burden, expense and loss of revenue. In addition, with respect to any Original Equipment installed on a helicopter that is no longer in CHC's fleet or is now part of an MRO's engine pool, it may not be possible for CHC to reacquire such Original Equipment to return to the applicable Lessor, since such engine may be installed and operating in the fleet of another operator and title to such engine would have been conveyed by an original equipment manufacturer ("**OEM**") or MRO, as the case may be, to such operator. The burden, expense and disruption to CHC's business and fleet operations would be multiplied significantly given that the Debtors are seeking to return 40 helicopters in connection with this motion, in addition to the 44 helicopters contemplated by the First Omnibus Rejection Motion. In addition, more helicopters may be surrendered and returned in the medium term as CHC continues to review its fleet needs.

21. Moreover, in order to accomplish this task absent the relief requested, CHC might need to establish one or more maintenance lines at each helicopter base and at its MRO maintenance locations dedicated solely to replacing engines or contract the work to outside repair companies or MROs. As a result, CHC would need to hire additional maintenance workers, pay significant overtime expenses and incur significant outside contractor expenses to coordinate and perform engine replacements in connection with Excess Equipment returns. The cost of this incremental labor and these operations would be significant and particularly onerous for CHC at a time when CHC is taking every possible measure to preserve cash and limit unnecessary costs.

22. Furthermore, given the number of helicopters that would have to be taken out of service, the engine replacements could lead to lengthy disruptions in service to CHC's

customers, which may cause CHC's customers to cancel their contracts or assess penalties against CHC that would impact revenues to the detriment of the estates and all parties in interest.

23. Each helicopter model has specific types of rotor blades, engines and other parts approved for use with such helicopter model. All engines of a specific model and version are the same. The only difference in value of two engines of the same model and version is a function of the differences in the condition and remaining maintenance cycle interval as between the two engines. Most leases provide that a lessor is entitled to receive an engine with the condition and remaining maintenance cycle interval specified in the lease. It is standard practice in the industry that when an engine is removed and sent to an MRO for overhaul and repair, the MRO will provide to the operator for installation on the helicopter an overhauled and repaired engine that would be in better condition than the engine removed from the helicopter. Therefore, upon installation of the replacement engine from the MRO, the lessor for that helicopter receives a more valuable part than the part removed.

24. Additional information about CHC's fleet operations and the standard maintenance and pooling practices in the helicopter industry can be found in the *Declaration of Michael B. Cox in Support of the Debtors' Second Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* (the "**Cox Declaration**"), filed concurrently herewith.

25. Upon return of leased helicopters, if not already completed during the term of the lease, CHC will facilitate bills of sale and title transfers on replacement engines. Given the large number of helicopters being returned by CHC, a streamlined procedure is needed to allow for the efficient return of each helicopter.

26. CHC proposes that the procedures set forth below create a reasonable, cost-effective, orderly process for the nearly contemporaneous return of Excess Equipment and related documentation.

Procedures

27. The Debtors ask that the Court approve the following procedures regarding the Leases, Subleases and Excess Equipment that are the subject of this motion (“**Procedures**”), which are consistent with the procedures sought in the First Omnibus Rejection Motion.

A. Filing Proofs of Claim

28. The Debtors propose that any claims arising out of any rejection effected pursuant to these Procedures must timely be filed in accordance with any order pursuant to Bankruptcy Rule 3003(c) establishing a deadline by which prepetition general unsecured claims must be filed (the “**Bar Date**”), on or before the later of (i) the Bar Date or (ii) 30 days after the Effective Date (as indicated on the attached Schedule 1) with respect to the item of Excess Equipment or with respect to the Sublease to which such claim relates, as the case may be. Any claim not timely filed will be irrevocably barred.

B. Provision of Records and Documents

29. Upon effectiveness of rejection or as soon as reasonably practicable thereafter, the Debtors shall make available to the applicable Lessors records and documents relating to such Excess Equipment that are readily available. If such Excess Equipment is Replacement Equipment, the Debtors shall make available records and documents that are readily available relating to such Replacement Equipment instead of those relating to any

equipment previously installed (but no longer installed) on the helicopter in accordance with the foregoing.

C. Return and Retrieval of Helicopters

30. The Debtors have provided information on the schedules and exhibits attached hereto that will assist the Lessors in retrieving the Excess Equipment.

31. If any of the engines (the “**Replacement Equipment**”) installed on or returned with a helicopter (the “**Affected Equipment**”) at the time of surrender and return by the Debtors have not been previously substituted pursuant to the terms of the relevant Lease, the following guidelines shall apply:

a. If requested, and subject to paragraphs (b) through (e) below, the Debtors shall formalize the transfer of the Debtors’ right, title and interest in such Replacement Equipment to the relevant Lessor free and clear of all liens, claims and encumbrances (except for permitted liens under the relevant Lease) by providing a bill of sale to the Lessor of such Replacement Equipment.

b. If the Replacement Equipment is encumbered by a recorded lien or mortgage that is not a permitted lien under the relevant Lease, at the Debtor’s election: (i) such lien or mortgage shall be released from such Replacement Equipment and shall attach to substitute equipment designated by the Debtors and having a value and utility at least equal to the Replacement Equipment (the “**Substitute Equipment**”), (ii) the Debtors shall facilitate the lifting and release of such lien or mortgage on such Replacement Equipment, (iii) the Replacement Equipment shall be replaced with Substitute Equipment of the same model and version as such Replacement Equipment, or (iv) the Replacement Equipment shall not be returned to the Lessor and the Lessor shall instead receive as part of the Lessor’s damages claim,

if any, a pre-petition claim for the value of an engine of the same model and version returned in compliance with the return conditions set forth in the Lease. In the case of (iii) and (iv) above, the Debtors may remove the Replacement Equipment from the Affected Equipment.

c. If the transfer documentation contemplated herein was not formalized at the time of the removal of the Original Equipment, the relevant Lessor shall simultaneously deliver, or cause to be delivered, to the Debtors a bill of sale for the Original Equipment, transferring such Original Equipment to the Debtors (or to a third party designated by the Debtors) free and clear of all liens, claims and encumbrances (except for liens permitted under the Lease or the Lessor's financings).

d. If the Replacement Equipment and the Original Equipment are beneficially owned by the relevant Lessor or by the same beneficial owner and leased to the Debtors under separate leases, then it shall be sufficient for the Debtors to surrender such Replacement Equipment to the Lessor in lieu of the Original Equipment. The Replacement Equipment shall thereafter be released from the relevant Lease and any liens in favor of the indenture trustee or other secured party with respect to such replacement lease or mortgage, and the Original Equipment shall be subject to such lease or mortgage and any such liens.

e. In lieu of providing Replacement Equipment pursuant to these Procedures, the Debtors may, in their sole discretion, make the Original Equipment available to an affected Lessor at the location where it is situated, whether or not the Original Equipment is at the same location as the Affected Equipment, or make Substitute Equipment available to the affected Lessor at the location where the Affected Equipment is situated. In these circumstances, the Debtors may remove the Replacement Equipment from the Affected Equipment.

32. If a lessor of Original Equipment or Replacement Equipment does not deliver title documents or if a secured party with a lien on Original Equipment or Replacement Equipment does not deliver documents necessary to release its liens, each as required in these procedures, the Debtors shall be entitled to move for an Order to Show Cause to compel such lessor to transfer title to such equipment or to compel such secured party to release its liens. In such an instance, such lessor or such secured party, as the case may be, shall also be liable to the Debtors and the affected Lessor for any damages arising out of or in connection with such lessor's or such secured party's delay, including legal and other fees. The Debtors and the affected Lessor shall also be entitled to continue to use such equipment until title is transferred or the liens are released as set forth herein.

33. The Debtors also ask this Court to enter an Order providing that if the Lessor affected by the rejection of a Lease does not retrieve or otherwise take control of the relevant Excess Equipment from the locations provided on Schedule 1 within 15 days after the later of the date of entry of the Order and the relevant Effective Date, such Lessor shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Equipment. If the Lessor does not remove the Excess Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Equipment, the Debtors may file a motion to compel removal of the Excess Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees. The Excess Equipment will be made available to the Lessor "as is, where is" and the Debtors specifically make neither representations nor warranties regarding the Excess Equipment.

34. To preserve the value of the Excess Equipment before the appropriate Lessor takes possession, the Debtors will maintain their current insurance coverage and continue the existing storage maintenance program, if applicable, until the earlier of: (i) the fifteenth (15th) day after the later of the date of entry of the Order and the relevant Effective Date; or (ii) the date on which the appropriate Lessor takes possession of the Excess Equipment. Thereafter, however, the Debtors shall cease insuring and maintaining the Excess Equipment.

D. Debtors' Cooperation in Making Related Aviation Authority Filings

35. Upon written request from an affected Lessor, the Debtors agree to cooperate reasonably with such Lessor with respect to the execution of, or provision of, information required for a lease termination document to be filed with the aviation authority in the applicable jurisdiction in connection with such Excess Equipment. In addition, the Debtors ask this Court to enter an order providing that once the affected Lessor retrieves or takes control of such Excess Equipment, such Lessor or the authorized party under an Irrevocable De-Registration and Export Request Authorization (“**IDERA**”) or a power of attorney provided by the Debtors, if any, shall be permitted to request the cancellation, or transfer to a party designated by such Lessor, of such helicopter's registration on such aviation authority's register. However, the affected Lessor shall be solely responsible for all costs associated with such documentation and the filing thereof with the relevant aviation authority or registry.

E. Debtors' Further Actions to Implement Approved Rejections

36. The Debtors submit that the proposed actions and Procedures are reasonable, in the best interests of the estates, and should be approved by this Court. Accordingly, the Debtors seek authorization to execute and deliver all instruments and

documents and take any additional actions as are necessary or appropriate to implement and effectuate the procedures.

Rejection of the Leases and the Subleases Is in the Best Interests of the Debtors and Their Estates and Creditors, Is Supported By the Debtors' Business Judgment, and Should Be Approved By the Court

37. Section 365(a) of the Bankruptcy Code provides, in pertinent part, that a debtor in possession “subject to the court’s approval, may assume or reject any executory contract or unexpired lease of the debtor.” 11 U.S.C. § 365(a); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. 513, 521 (1984); *In re Lavigne*, 114 F.3d 379, 386 (2d Cir. 1997). “[T]he purpose behind allowing the assumption or rejection of executory contracts is to permit the trustee or debtor-in-possession to use valuable property of the estate and to ‘renounce title to and abandon burdensome property.’” *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1098 (2d Cir. 1993); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. at 528 (“the authority to reject an executory contract is vital to the basic purpose of a Chapter 11 reorganization, because rejection can release the debtor's estate from burdensome obligations that can impede a successful reorganization.”); *Matter of Murexco Petroleum, Inc.*, 15 F.3d 60, 62 (5th Cir. 1994) (noting that section 365 “allows a trustee to relieve the bankruptcy estate of burdensome agreements which have not been completely performed.”)

38. The standard applied to determine whether the rejection of an unexpired lease should be authorized is the “business judgment” standard. *See NLRB v. Bildisco & Bildisco*, 465 U.S. at 523; *In re Penn Traffic Co.*, 524 F.3d 373, 383 (2d Cir. 2008); *In re Orion Pictures Corp.*, 4 F.3d 1095, 1098-99 (2d Cir. 1993); *In re Mingos*, 602 F.2d 38, 42 (2d Cir. 1979); *In re Old Carco LLC*, 406 B.R. 180, 188 (Bankr. S.D.N.Y. 2009); *In re Roman Crest Fruit, Inc.*, 35 B.R. 939, 949 (S.D.N.Y. 1983). Courts defer to a debtor’s business judgment in

rejecting an unexpired lease, and upon finding that a debtor has exercised its sound business judgment, approve the rejection under section 365(a) of the Bankruptcy Code. *See Bildisco & Bildisco*, 465 U.S. at 523 (recognizing the “business judgment” standard used to approve rejection of executory contracts); *Nostas Assocs. v. Costich (In re Klein Sleep Products, Inc.)*, 78 F.3d 18, 25 (2d Cir. 1996) (recognizing the “business judgment” standard used to approve rejection of executory contracts); *In re Minges*, 602 F.2d 38, 42-43 (2d Cir. 1979) (holding that the “business judgment” test is appropriate for determining when an executory contract can be rejected); *In re G Survivor Corp.*, 171 B.R. 755, 757 (Bankr. S.D.N.Y. 1994) (approving rejection of license by debtor because such rejection satisfied the “business judgment” test); *In re Child World, Inc.*, 142 B.R. 87, 89 (Bankr. S.D.N.Y. 1992) (stating that a debtor may assume or reject an unexpired lease under § 365(a) in the exercise of its “business judgment”); *In re Pilgrim’s Pride Corp.*, 403 B.R. 413, 426 (Bankr. N.D. Tex. 2009) (holding that, absent public policy necessitating a more stringent standard, business judgment standard applies to a rejection decision under § 365(a)); *Richmond Leasing Co. v. Capital Bank, N.A.*, 762 F.2d 1303, 1307 (5th Cir. 1985) (applying business judgment standard to the determination of whether a rejection decision was proper under § 365).

39. The “business judgment” standard is not a strict standard; it requires only a showing that either assumption or rejection of the executory contract or unexpired lease will benefit the debtor’s estate. *See In re Balco Equities, Inc.*, 323 B.R. 85, 99 (Bankr. S.D.N.Y. 2005) (“In determining whether the debtor has employed reasonable business discretion, the court for the most part must only determine that the rejection will likely benefit the estate.”) (quoting *G Survivor*, 171 B.R. at 757); *In re Helm*, 335 B.R. 528, 538 (Bankr. S.D.N.Y. 1996) (“To meet the business judgment test, the debtor in possession must ‘establish that rejection will

benefit the estate.”) (citation omitted). Further, under the business judgment standard, “[a] debtor’s decision to reject an executory contract must be summary affirmed unless it is the product of ‘bad faith, or whim or caprice’” *In re Trans World Airlines, Inc.*, 261 B.R. 103, 121 (Bankr. D. Del. 2001).

40. In addition, “unless a separate provision of the Bankruptcy Code provides a non-debtor party with specific protection, the debtor and its estate's interests are paramount; adverse effects on the non-debtor contract party arising from the decision to assume or reject are irrelevant.” *In re The Great Atlantic & Pacific Tea Company*, 544 B.R. 43, 49 (Bankr. S.D.N.Y. 2016); *see also In re Sabine Oil and Gas Corp.*, 547 B.R. 66, 71 (Bankr. S.D.N.Y. 2016); *In re Noranda Aluminum, Inc.*, No. 16-10083-399, 2016 WL 1417923, at *3 (Bankr. E.D. Mo. Mar. 31, 2016).

41. As part of their ongoing efforts to reduce costs and maximize fleet flexibility, the Debtors have identified Excess Equipment that no longer fits into the Debtors’ business plan and, accordingly, will no longer be utilized by the Debtors and have no utility or value to the Debtors. The Debtors entered into the Leases and related agreements in a different economic climate than the one facing the Debtors’ industry today. Today, with the ongoing downturn in the Debtors’ industry, these same helicopters are no longer necessary to the Debtors’ operations. As of the date hereof, the Debtors have taken or will take all of the Excess Equipment out of service. Consequently, the unused equipment is, or will be, languishing in expensive storage space without generating any value for the Debtors’ estates and the Excess Equipment is nothing more than a cash drain on the Debtors’ businesses. Thus, the Excess Equipment is burdensome to the Debtors and is no longer beneficial to the Debtors or their

estates. If the rejection of the Leases is approved, the Debtors will maintain sufficient helicopters to operate their businesses and meet their customers' needs.

42. With respect to the Subleased Equipment, in almost all cases upon termination of each related Lease, the Debtors and the parties operating the helicopters are required to terminate the applicable Subleases and return such helicopters to the Lessors. As the Debtors' structural cost-cutting measures contemplate the return of the Excess Equipment subject to the subleases, it is not economical for the Debtors to continue to lease the Subleased Equipment from the applicable Lessors on terms that are burdensome to the Debtors and in turn sublease such equipment to the Sublessees on terms that are not overall beneficial to the Debtors or their estates, therefore the Subleases are burdensome to the Debtors and are no longer beneficial to the Debtors or their estates.

Reservation of Rights

43. ¹ For each helicopter and lease that is being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent in connection with any lease) also will be deemed part of this Schedule 1 and shall be rejected with respect to such helicopter if the related helicopter lease is rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors have listed certain leases or contracts on this Schedule 1 that have already terminated or expired in accordance with the terms of such leases or contracts.

¹ For each helicopter, lease, sublease and related agreements that are being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent to any transaction in connection with any lease) also will be deemed part of this Schedule 2 and shall be rejected with respect to such helicopter if the related helicopter lease is rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors have listed certain leases or contracts on this Schedule 2 that have already terminated or expired in accordance with the terms of such leases or contracts.

The Debtors are authorized to (i) maintain their current insurance coverage and continue the existing storage maintenance program applicable to each item of Excess Equipment until the earlier of (a) the fifteenth (15th) day after the later of the date of entry of the Order and the relevant Effective Date and (b) the date on which the appropriate Lessor takes possession of such Excess Equipment and (ii) thereafter to cease insuring and maintaining such Excess Equipment.

8. If the Lessor affected by the rejection of a Lease does not retrieve or otherwise take control of the relevant Excess Equipment from the locations provided on Schedule 1 to the Motion within 15 days after the later of the date of entry of the Order and the relevant Effective Date, such Lessor shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Equipment. If the Lessor does not remove the Excess Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Equipment, the Debtors may file a motion to compel removal of the Excess Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees.

9. Subject to ordered paragraphs 10 through 13, if any Replacement Equipment installed on, or returned with, the Affected Equipment has not been previously substituted pursuant to the terms of the relevant Lease, the Debtors may, if requested by the affected Lessor, formalize the transfer of the Debtors' right, title and interest in such Replacement Equipment to the Lessor free and clear of all liens, claims and encumbrances (except for permitted liens under the relevant Lease) by providing a bill of sale to the Lessor of

such Replacement Equipment.

10. If the Replacement Equipment is encumbered by a recorded lien or mortgage that is not permitted under the relevant Lease, at the Debtor's election: (i) such lien or mortgage shall be released from such Replacement Equipment and shall attach to Substitute Equipment, (ii) the Debtors shall facilitate the lifting and release of such lien or mortgage on such Replacement Equipment, (iii) the Replacement Equipment shall be replaced with Substitute Equipment of the same model and version, or (iv) the Replacement Equipment shall not be returned to the Lessor and the Lessor shall instead receive as part of the Lessor's damages claim, if any, a pre-petition claim for the value of an engine of the same model and version returned in compliance with the return conditions set forth in the Lease; in the case of (iii) and (iv), the Debtors may remove the Replacement Equipment from the Affected Equipment.

11. If the transfer documentation contemplated in the Motion was not formalized at the time of the removal of the Original Equipment, the relevant Lessor shall simultaneously deliver, or cause to be delivered, to the Debtors a bill of sale for the Original Equipment, transferring such Original Equipment to the Debtors (or to a third party designated by the Debtors) free and clear of all liens, claims and encumbrances (except for liens permitted under the Lease or the Lessor's financings).

12. If the Replacement Equipment and the Original Equipment are beneficially owned by the relevant Lessor or by the same beneficial owner and leased to the Debtors under separate leases, then the Debtors may surrender such Replacement Equipment to the Lessor in lieu of the Original Equipment and the Replacement Equipment shall thereafter be released from the relevant Lease and any liens in favor of the secured party with respect to such Replacement Equipment, and the Original Equipment shall be subject to such lease or mortgage

and any such liens.

13. In lieu of providing Replacement Equipment pursuant to the Procedures, the Debtors may, in the Debtors' sole discretion, make the Original Equipment available to an affected Lessor at the location where such Original Equipment is situated, whether or not the Original Equipment is at the same location as the Affected Equipment, or make Substitute Equipment available to the affected Lessor at the location where the Affected Equipment is situated, and in these circumstances, the Debtors may remove the Replacement Equipment from the Affected Equipment.

14. If a lessor of Original Equipment or Replacement Equipment does not deliver title documents, or if a secured party with a lien on Original Equipment or Replacement Equipment does not deliver documents necessary to release its liens, each as required in the Procedures, the Debtors shall be entitled to move for an Order to Show Cause to compel such lessor to transfer title to such equipment or to compel such secured party to release its liens. In such an instance, such lessor or such secured party, as the case may be, shall also be liable to the Debtors and the affected Lessor for any damages arising out of or in connection with such lessor's or such secured party's delay, including legal and other fees.

15. The Debtors are authorized to execute and deliver all instruments and documents and take any additional actions as are necessary or appropriate to implement and effectuate the rejections approved hereby.

16. Claims arising out of any rejection effected pursuant to these procedures must timely be filed in accordance with any order pursuant to Bankruptcy Rule 3003(c) establishing a deadline by which prepetition general unsecured claims must be filed (the "**Bar**

Date”), on or before the later of (i) the Bar Date, or (ii) 30 days after the Effective Date with respect to the item of Excess Equipment or with respect to the Sublease to which such claim relates, as the case may be. Any claim not timely filed will be irrevocably barred.

17. The notice procedures set forth in the Motion are good and sufficient notice and satisfy Bankruptcy Rules 2002(a), 6006, 6007 and 9014 by providing the counterparties with a notice and an opportunity to object and be heard at a hearing.

**DEBTORS' THIRD OMNIBUS MOTION FOR ENTRY OF AN ORDER
AUTHORIZING THE DEBTORS TO REJECT CERTAIN EQUIPMENT LEASES AND
SUBLEASES PURSUANT TO SECTION 365 OF THE BANKRUPTCY CODE**

A HEARING WILL BE CONDUCTED ON THIS MATTER ON JULY 7, 2016 AT 9:00 A.M. IN COURTROOM #2, 14TH FLOOR OF THE UNITED STATES BANKRUPTCY COURT FOR THE NORTHERN DISTRICT OF TEXAS, DALLAS DIVISION, EARLE CABEL FEDERAL BUILDING, 1100 COMMERCE ST., DALLAS, TEXAS 75242.

TO THE HONORABLE BARBARA J. HOUSER, UNITED STATES BANKRUPTCY JUDGE:

CHC Group Ltd. and its above-captioned debtor affiliates, as debtors and debtors in possession (collectively, the “**Debtors**”), respectfully represent:

Relief Requested

1. The Debtors respectfully request that this Court enter an order, substantially in the form attached hereto as Exhibit B (the “**Order**”), authorizing them, pursuant to sections 105(a) and 365(a) of title 11 of the United States Code (the “**Bankruptcy Code**”) and Rule 6006 of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”), to reject certain equipment leases (the “**Leases**”) for helicopters and other related equipment identified on Schedule 1 attached hereto that the Debtors no longer need in the operation of their business (collectively, the “**Excess Equipment**”) and certain sublease agreements identified on Schedule 2 attached hereto (the “**Subleases**”) and relating to certain Excess Equipment identified on Schedule 2 (the “**Subleased Equipment**”).

Jurisdiction and Venue

2. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Background

3. On May 5, 2016 (the “**Petition Date**”), each of the Debtors commenced with this Court a voluntary case under chapter 11 of title 11 of the Bankruptcy Code. The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

4. The Debtors’ chapter 11 cases have been consolidated for procedural purposes only and are being jointly administered pursuant to Bankruptcy Rule 1015(b) and Rule 1015-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Northern District of Texas [Docket No. 52].

The Debtors’ Businesses

5. The Debtors, together with their non-debtor affiliates (collectively, “**CHC**”), comprise a global commercial helicopter services company, primarily engaged in providing helicopter services to the offshore oil and gas industry. CHC also provides helicopter services for search and rescue and emergency medical services to various government agencies. In addition, CHC maintains the industry’s largest independent helicopter maintenance, repair, and overhaul business (such business, an “**MRO**”), which services helicopter fleets for both CHC as well as third-party customers. CHC manages its domestic and overseas businesses from its headquarters in Irving, Texas and its sales force from an office in Houston, Texas. CHC maintains one of its primary engine overhaul facilities in Fort Collins, Colorado. Only certain entities within CHC – primarily the issuers or guarantors of the Debtors’ funded debt – are Debtors in these proceedings. CHC’s other entities, including certain operating entities, are not debtors in these cases and are continuing to conduct their businesses in the ordinary course.

6. Additional information about the Debtors’ businesses, capital structure and the circumstances leading to the commencement of these chapter 11 cases can be found in

the *Declaration of Robert A. Del Genio in Support of the Debtors' Chapter 11 Petitions and Request for First Day Relief* (the “**Del Genio Declaration**”)[Docket No. 13].

Basis for Relief

7. In connection with the commencement of its chapter 11 cases, CHC has undertaken to formulate a revised business plan to address the high cost/weakened revenue environment. As an ongoing component of that plan and of the chapter 11 process, CHC has identified cost savings to be achieved through a significant reduction in their fleet by eliminating helicopters and other related equipment that currently are not, or soon will not be, used to generate revenue in CHC's businesses. In addition, CHC is in the process of reducing the complexity of its fleet, which will decrease costs associated with crew training, inventory and maintenance. This reduction and rationalization of CHC's fleet will create a significant surplus of helicopters and other related equipment owned and leased by CHC.

8. CHC maintains a fleet of approximately 230 helicopters comprised of the medium variant (8 to 15 passengers) and heavy variant (16 to 26 passengers) collectively (the “**CHC Fleet**”). A significant portion of the CHC Fleet is comprised of new technology helicopters which have greater range, passenger capacity, enhanced safety systems, and the ability to operate in variable conditions. Of the 230 helicopters in the CHC Fleet, CHC owns 67 helicopters and CHC leases the remainder from various third-party lessors. In most cases CHC subleases aircraft to affiliated operating entities. These leasing structures provide maximum regulatory and business flexibility.

9. Based on current market conditions, a significant reduction in the Debtors leased fleet size and related expenses is required to improve the Debtors' financial position and flexibility and position the Debtors to take advantage of opportunities that may arise out of the current industry downturn.

10. The Debtors have undertaken to accelerate their fleet replacement strategy in exiting from non-revenue generating aircraft and five older technology helicopter types, in order to first meet their customers' demands for newer technology helicopters and then reduce the number of different helicopters types in their fleet. The Debtors expect to reduce their fleet to approximately 75 productive aircraft by the end of calendar year 2017, with approximately 90 aircraft to be returned within sixty (60) days after the Petition Date. The Debtors have already filed the *First Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* [Docket No. 20] (the “**First Omnibus Rejection Motion**”) seeking authority to reject 44 aircraft and the *Second Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* [Docket No. 210] (the “**Second Omnibus Rejection Motion**”) seeking authority to reject 40 aircraft.

11. In accordance with this analysis, CHC has decided to retire or has already retired certain helicopters and related equipment from its fleet, as set forth on Schedules 1 and 2 attached hereto. The Excess Equipment is not necessary for CHC's continued operation or successful reorganization. Accordingly, CHC seeks to eliminate the costs associated with retaining such Excess Equipment.

12. The requested relief will (i) allow for immediate rejection of the Leases and the Subleases and eliminate unnecessary obligations of the Debtors; (ii) establish an orderly, efficient process for the surrender and return of the Excess Equipment and related documentation; (iii) preserve the uninterrupted operation of CHC's business; and (iv) reduce the very substantial costs and disruptions that otherwise would be incurred in connection with replacing engines currently installed on rejected helicopters with the originally installed engines.

The requested relief will also ensure that lessors under the rejected Leases (the “**Lessors**”) are provided with procedures for the documentation of title to the helicopters and related equipment that are surrendered and returned to them through the surrender and return process. As part of CHC’s revised business plan, CHC expects to reduce its fleet by approximately 90 helicopters within sixty (60) days after the Petition Date. CHC will continue to analyze its fleet and, as a result of this ongoing analysis, CHC believes it is likely that additional helicopters and related equipment may be retired in the future.

Replacement of Helicopter Parts and Equipment

13. The process of rejecting the Leases is extremely complicated, particularly when rejecting and returning approximately 90 helicopters in a very short period of time. One of the difficult aspects of this process is addressing the standard practice in the helicopter industry of “pooling” of helicopter parts, including engines, across an operator’s helicopter fleet as well as with third-party MROs and such MROs’ customers’ helicopter fleets.

14. All helicopters need regular maintenance. Many helicopter parts, including engines, are “time-limited” in that they are installed on a helicopter and permitted to be operated on the helicopter for a fixed interval of flight hours, cycles or calendar time that is specific to the type of part. At the end of the applicable interval, the part is “run-out”, and the operator must remove it from the helicopter and install on the helicopter another “fresh” part of the same type with all or a portion of the applicable interval remaining in order to continue operating the helicopter. Helicopter parts may also be removed from a helicopter and replaced because they are damaged or otherwise unserviceable and require testing or repair. For some types of helicopter parts, when they are run-out or unserviceable, they are removed from the helicopter and discarded. For other types of helicopter parts, including engines, when they are

run-out or unserviceable, they are removed from the helicopter and sent to an MRO for scheduled maintenance to replenish the applicable interval of the run-out part or for testing and repair of the unserviceable part, as applicable.

15. Scheduled maintenance, testing and repair services performed by an MRO are detailed, time-consuming processes. In addition, MROs are not in all the same locations as their customers' helicopter bases, which are located all over the world, including in remote areas, and accordingly transporting run-out and unserviceable parts from a helicopter base to an MRO and back again can take considerable time and expense. Accordingly, to avoid frequent and lengthy disruptions in helicopter operation schedules due to scheduled maintenance, testing and repair of helicopter parts that become run-out or unserviceable during the course of each helicopter's operation, it is standard in the helicopter industry for an MRO, on an ongoing basis, both to receive run-out and unserviceable parts from all of its different customers and to provide these customers with a supply of other fresh or serviceable parts of the same type for installation and use on such customers' helicopters. When an MRO has finished its maintenance, testing and repair processes such that a run-out or unserviceable part is fresh or serviceable, as applicable, that fresh or serviceable part goes into the same parts pool that supplies all of the MRO's customers. To facilitate this kind of MRO parts pooling arrangement (an "**MRO Pooling Arrangement**"), the MRO's arrangements with its different customers typically will contemplate that title to run-out or unserviceable parts that the customer sends to the MRO will vest in the MRO, and title to the supply of fresh or serviceable parts that the MRO sends to a customer will vest in the customer or in the owner/lessor of the aircraft on which such fresh or serviceable part is installed. Accordingly, the parts that a customer receives from an MRO and installs on a helicopter are often not the same parts that were originally installed on the

helicopter, and in many cases will be a part originally installed on a helicopter operated by a different customer.

16. The engines in CHC's helicopter fleet are maintained, tested and repaired under MRO Pooling Arrangements by both CHC's own MRO as well as third-party MROs. Accordingly, due to these MRO Pooling Arrangements and given the large size of CHC's helicopter fleet and its continued operation for many years, on any given day, a significant portion of the helicopters in CHC's fleet will not have installed on them those engines that were originally installed on the helicopter at the commencement of the applicable lease (the "**Original Equipment**"), and given the breadth of CHC's worldwide operations, much of such Original Equipment will be located in different parts of the world than the applicable helicopter subject to such lease and, in fact, may be installed on the helicopters of third-party operators or owned and possessed by an MRO and used in such MRO's shared pool.

17. Replacement of engines and other parts will occur multiple times for each helicopter during the term of the applicable lease and during the life of a helicopter. Typically, helicopter leases identify the Original Equipment and other parts by serial number. As the Original Equipment or other parts become run-out or unserviceable in the course of the helicopter's operation, the operator will remove and replace such parts with other fresh or serviceable parts during the term of the applicable lease. Moreover, as it is in the interest of the lessors that the helicopter is in an operating condition during the lease term, helicopter leases typically require the lessee to remove run-out or unserviceable parts and replace them with other parts that have time remaining in the applicable interval and are serviceable, and many leases will require that at lease expiry the helicopter is returned to the applicable lessor with minimum

flight hours, cycles or calendar days, as the case may be, before scheduled removal of specific parts.

18. To accommodate this standard and necessary practice, helicopter leases and mortgages typically include provisions contemplating the removal and replacement of engines under certain circumstances. Thus, in the case of a helicopter lease, the substitution provisions would contemplate that the lessee cause title to a replacement engine to be conveyed to the lessor and contemporaneously the lessor relinquish title to the engine being replaced. Similarly, in the case of a helicopter mortgage, the substitution provisions would contemplate that the mortgagor subject a replacement engine to the mortgage and contemporaneously the secured party relinquish its lien on the engine being replaced.

19. Substantially all of CHC's helicopter leases include provisions contemplating the removal and replacement of engines and parts under the applicable lease, including provisions permitting CHC to "substitute" other engines under the lease under certain circumstances. In addition, many of CHC's leases follow CHC's general policy of not permitting filings or registrations of the applicable Lessor's interest in any particular engines then subject to the lease, as CHC views such filings or registrations as inconsistent with or hampering the ordinary course replacement of engines in CHC's helicopter fleet and MRO Pooling Arrangements.

20. Requiring CHC to return with each helicopter the Original Equipment would be monumentally burdensome, expensive and disruptive to CHC's business, inasmuch as this process would require CHC to ground and remove all affected helicopters from revenue generating operations much earlier than would otherwise be necessary in order to remove the then affixed engines, transport each removed engine to the location of the helicopter subject to

the applicable lease, and replace each removed engine with the engine identified in the applicable lease, assuming such engine is even currently in CHC's possession as part of CHC's engine pool. Thus, the operations and maintenance schedules for each affected helicopter would be disrupted, thereby adding to the complexity, burden, expense and loss of revenue. In addition, with respect to any Original Equipment installed on a helicopter that is no longer in CHC's fleet or is now part of an MRO's engine pool, it may not be possible for CHC to reacquire such Original Equipment to return to the applicable Lessor, since such engine may be installed and operating in the fleet of another operator and title to such engine would have been conveyed by an original equipment manufacturer ("**OEM**") or MRO, as the case may be, to such operator. The burden, expense and disruption to CHC's business and fleet operations would be multiplied significantly given that the Debtors are seeking to return 3 helicopters in connection with this motion, in addition to the 44 helicopters contemplated by the First Omnibus Rejection Motion and 40 helicopters contemplated by the Second Omnibus Rejection Motion. In addition, more helicopters may be surrendered and returned in the medium term as CHC continues to review its fleet needs.

21. Moreover, in order to accomplish this task absent the relief requested, CHC might need to establish one or more maintenance lines at each helicopter base and at its MRO maintenance locations dedicated solely to replacing engines or contract the work to outside repair companies or MROs. As a result, CHC would need to hire additional maintenance workers, pay significant overtime expenses and incur significant outside contractor expenses to coordinate and perform engine replacements in connection with Excess Equipment returns. The cost of this incremental labor and these operations would be significant and particularly onerous

for CHC at a time when CHC is taking every possible measure to preserve cash and limit unnecessary costs.

22. Furthermore, given the number of helicopters that would have to be taken out of service, the engine replacements could lead to lengthy disruptions in service to CHC's customers, which may cause CHC's customers to cancel their contracts or assess penalties against CHC that would impact revenues to the detriment of the estates and all parties in interest.

23. Each helicopter model has specific types of rotor blades, engines and other parts approved for use with such helicopter model. All engines of a specific model and version are the same. The only difference in value of two engines of the same model and version is a function of the differences in the condition and remaining maintenance cycle interval as between the two engines. Most leases provide that a lessor is entitled to receive an engine with the condition and remaining maintenance cycle interval specified in the lease. It is standard practice in the industry that when an engine is removed and sent to an MRO for overhaul and repair, the MRO will provide to the operator for installation on the helicopter an overhauled and repaired engine that would be in better condition than the engine removed from the helicopter. Therefore, upon installation of the replacement engine from the MRO, the lessor for that helicopter receives a more valuable part than the part removed.

24. Additional information about CHC's fleet operations and the standard maintenance and pooling practices in the helicopter industry can be found in the *Declaration of Michael B. Cox in Support of the Debtors' Third Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* (the "**Cox Declaration**"), filed concurrently herewith.

25. Upon return of leased helicopters, if not already completed during the term of the lease, CHC will facilitate bills of sale and title transfers on replacement engines. Given the large number of helicopters being returned by CHC, a streamlined procedure is needed to allow for the efficient return of each helicopter.

26. CHC proposes that the procedures set forth below create a reasonable, cost-effective, orderly process for the nearly contemporaneous return of Excess Equipment and related documentation.

Procedures

27. The Debtors ask that the Court approve the following procedures regarding the Leases, Subleases and Excess Equipment that are the subject of this motion (“**Procedures**”), which are consistent with the procedures sought in the First Omnibus Rejection Motion and Second Omnibus Rejection Motion.

A. Filing Proofs of Claim

28. The Debtors propose that any claims arising out of any rejection effected pursuant to these Procedures must timely be filed in accordance with any order pursuant to Bankruptcy Rule 3003(c) establishing a deadline by which prepetition general unsecured claims must be filed (the “**Bar Date**”), on or before the later of (i) the Bar Date or (ii) 30 days after the Effective Date (as indicated on the attached Schedule 1) with respect to the item of Excess Equipment or with respect to the Sublease to which such claim relates, as the case may be. Any claim not timely filed will be irrevocably barred.

B. Provision of Records and Documents

29. Upon effectiveness of rejection or as soon as reasonably practicable thereafter, the Debtors shall make available to the applicable Lessors records and documents

relating to such Excess Equipment that are readily available. If such Excess Equipment is Replacement Equipment, the Debtors shall make available records and documents that are readily available relating to such Replacement Equipment instead of those relating to any equipment previously installed (but no longer installed) on the helicopter in accordance with the foregoing.

C. Return and Retrieval of Helicopters

30. The Debtors have provided information on the schedules and exhibits attached hereto that will assist the Lessors in retrieving the Excess Equipment.

31. If any of the engines (the “**Replacement Equipment**”) installed on or returned with a helicopter (the “**Affected Equipment**”) at the time of surrender and return by the Debtors have not been previously substituted pursuant to the terms of the relevant Lease, the following guidelines shall apply:

a. If requested, and subject to paragraphs (b) through (e) below, the Debtors shall formalize the transfer of the Debtors’ right, title and interest in such Replacement Equipment to the relevant Lessor free and clear of all liens, claims and encumbrances (except for permitted liens under the relevant Lease) by providing a bill of sale to the Lessor of such Replacement Equipment.

b. If the Replacement Equipment is encumbered by a recorded lien or mortgage that is not a permitted lien under the relevant Lease, at the Debtor’s election: (i) such lien or mortgage shall be released from such Replacement Equipment and shall attach to substitute equipment designated by the Debtors and having a value and utility at least equal to the Replacement Equipment (the “**Substitute Equipment**”), (ii) the Debtors shall facilitate the lifting and release of such lien or mortgage on such Replacement Equipment, (iii) the

Replacement Equipment shall be replaced with Substitute Equipment of the same model and version as such Replacement Equipment, or (iv) the Replacement Equipment shall not be returned to the Lessor and the Lessor shall instead receive as part of the Lessor's damages claim, if any, a pre-petition claim for the value of an engine of the same model and version returned in compliance with the return conditions set forth in the Lease. In the case of (iii) and (iv) above, the Debtors may remove the Replacement Equipment from the Affected Equipment.

c. If the transfer documentation contemplated herein was not formalized at the time of the removal of the Original Equipment, the relevant Lessor shall simultaneously deliver, or cause to be delivered, to the Debtors a bill of sale for the Original Equipment, transferring such Original Equipment to the Debtors (or to a third party designated by the Debtors) free and clear of all liens, claims and encumbrances (except for liens permitted under the Lease or the Lessor's financings).

d. If the Replacement Equipment and the Original Equipment are beneficially owned by the relevant Lessor or by the same beneficial owner and leased to the Debtors under separate leases, then it shall be sufficient for the Debtors to surrender such Replacement Equipment to the Lessor in lieu of the Original Equipment. The Replacement Equipment shall thereafter be released from the relevant Lease and any liens in favor of the indenture trustee or other secured party with respect to such replacement lease or mortgage, and the Original Equipment shall be subject to such lease or mortgage and any such liens.

e. In lieu of providing Replacement Equipment pursuant to these Procedures, the Debtors may, in their sole discretion, make the Original Equipment available to an affected Lessor at the location where it is situated, whether or not the Original Equipment is at the same location as the Affected Equipment, or make Substitute Equipment available to the

affected Lessor at the location where the Affected Equipment is situated. In these circumstances, the Debtors may remove the Replacement Equipment from the Affected Equipment.

32. If a lessor of Original Equipment or Replacement Equipment does not deliver title documents or if a secured party with a lien on Original Equipment or Replacement Equipment does not deliver documents necessary to release its liens, each as required in these procedures, the Debtors shall be entitled to move for an Order to Show Cause to compel such lessor to transfer title to such equipment or to compel such secured party to release its liens. In such an instance, such lessor or such secured party, as the case may be, shall also be liable to the Debtors and the affected Lessor for any damages arising out of or in connection with such lessor's or such secured party's delay, including legal and other fees. The Debtors and the affected Lessor shall also be entitled to continue to use such equipment until title is transferred or the liens are released as set forth herein.

33. The Debtors also ask this Court to enter an Order providing that if the Lessor affected by the rejection of a Lease does not retrieve or otherwise take control of the relevant Excess Equipment from the locations provided on Schedule 1 within 15 days after the later of the date of entry of the Order and the relevant Effective Date, such Lessor shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Equipment. If the Lessor does not remove the Excess Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Equipment, the Debtors may file a motion to compel removal of the Excess Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees. The Excess

Equipment will be made available to the Lessor “as is, where is” and the Debtors specifically make neither representations nor warranties regarding the Excess Equipment.

34. To preserve the value of the Excess Equipment before the appropriate Lessor takes possession, the Debtors will maintain their current insurance coverage and continue the existing storage maintenance program, if applicable, until the earlier of: (i) the fifteenth (15th) day after the later of the date of entry of the Order and the relevant Effective Date; or (ii) the date on which the appropriate Lessor takes possession of the Excess Equipment. Thereafter, however, the Debtors shall cease insuring and maintaining the Excess Equipment.

D. Debtors’ Cooperation in Making Related Aviation Authority Filings

35. Upon written request from an affected Lessor, the Debtors agree to cooperate reasonably with such Lessor with respect to the execution of, or provision of, information required for a lease termination document to be filed with the aviation authority in the applicable jurisdiction in connection with such Excess Equipment. In addition, the Debtors ask this Court to enter an order providing that once the affected Lessor retrieves or takes control of such Excess Equipment, such Lessor or the authorized party under an Irrevocable De-Registration and Export Request Authorization (“**IDERA**”) or a power of attorney provided by the Debtors, if any, shall be permitted to request the cancellation, or transfer to a party designated by such Lessor, of such helicopter’s registration on such aviation authority’s register. However, the affected Lessor shall be solely responsible for all costs associated with such documentation and the filing thereof with the relevant aviation authority or registry.

E. Debtors’ Further Actions to Implement Approved Rejections

36. The Debtors submit that the proposed actions and Procedures are reasonable, in the best interests of the estates, and should be approved by this Court.

Accordingly, the Debtors seek authorization to execute and deliver all instruments and documents and take any additional actions as are necessary or appropriate to implement and effectuate the procedures.

Rejection of the Leases and the Subleases Is in the Best Interests of the Debtors and Their Estates and Creditors, Is Supported By the Debtors' Business Judgment, and Should Be Approved By the Court

37. Section 365(a) of the Bankruptcy Code provides, in pertinent part, that a debtor in possession “subject to the court’s approval, may assume or reject any executory contract or unexpired lease of the debtor.” 11 U.S.C. § 365(a); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. 513, 521 (1984); *In re Lavigne*, 114 F.3d 379, 386 (2d Cir. 1997). “[T]he purpose behind allowing the assumption or rejection of executory contracts is to permit the trustee or debtor-in-possession to use valuable property of the estate and to ‘renounce title to and abandon burdensome property.’” *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1098 (2d Cir. 1993); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. at 528 (“the authority to reject an executory contract is vital to the basic purpose of a Chapter 11 reorganization, because rejection can release the debtor's estate from burdensome obligations that can impede a successful reorganization.”); *Matter of Murexco Petroleum, Inc.*, 15 F.3d 60, 62 (5th Cir. 1994) (noting that section 365 “allows a trustee to relieve the bankruptcy estate of burdensome agreements which have not been completely performed.”)

38. The standard applied to determine whether the rejection of an unexpired lease should be authorized is the “business judgment” standard. *See NLRB v. Bildisco & Bildisco*, 465 U.S. at 523; *In re Penn Traffic Co.*, 524 F.3d 373, 383 (2d Cir. 2008); *In re Orion Pictures Corp.*, 4 F.3d 1095, 1098-99 (2d Cir. 1993); *In re Minges*, 602 F.2d 38, 42 (2d Cir. 1979); *In re Old Carco LLC*, 406 B.R. 180, 188 (Bankr. S.D.N.Y. 2009); *In re Roman Crest*

Fruit, Inc., 35 B.R. 939, 949 (S.D.N.Y. 1983). Courts defer to a debtor's business judgment in rejecting an unexpired lease, and upon finding that a debtor has exercised its sound business judgment, approve the rejection under section 365(a) of the Bankruptcy Code. *See Bildisco & Bildisco*, 465 U.S. at 523 (recognizing the "business judgment" standard used to approve rejection of executory contracts); *Nostas Assocs. v. Costich (In re Klein Sleep Products, Inc.)*, 78 F.3d 18, 25 (2d Cir. 1996) (recognizing the "business judgment" standard used to approve rejection of executory contracts); *In re Minges*, 602 F.2d 38, 42-43 (2d Cir. 1979) (holding that the "business judgment" test is appropriate for determining when an executory contract can be rejected); *In re G Survivor Corp.*, 171 B.R. 755, 757 (Bankr. S.D.N.Y. 1994) (approving rejection of license by debtor because such rejection satisfied the "business judgment" test); *In re Child World, Inc.*, 142 B.R. 87, 89 (Bankr. S.D.N.Y. 1992) (stating that a debtor may assume or reject an unexpired lease under § 365(a) in the exercise of its "business judgment"); *In re Pilgrim's Pride Corp.*, 403 B.R. 413, 426 (Bankr. N.D. Tex. 2009) (holding that, absent public policy necessitating a more stringent standard, business judgment standard applies to a rejection decision under § 365(a)); *Richmond Leasing Co. v. Capital Bank, N.A.*, 762 F.2d 1303, 1307 (5th Cir. 1985) (applying business judgment standard to the determination of whether a rejection decision was proper under § 365).

39. The "business judgment" standard is not a strict standard; it requires only a showing that either assumption or rejection of the executory contract or unexpired lease will benefit the debtor's estate. *See In re Balco Equities, Inc.*, 323 B.R. 85, 99 (Bankr. S.D.N.Y. 2005) ("In determining whether the debtor has employed reasonable business discretion, the court for the most part must only determine that the rejection will likely benefit the estate.") (quoting *G Survivor*, 171 B.R. at 757); *In re Helm*, 335 B.R. 528, 538 (Bankr. S.D.N.Y. 1996)

(“To meet the business judgment test, the debtor in possession must ‘establish that rejection will benefit the estate.’”) (citation omitted). Further, under the business judgment standard, “[a] debtor’s decision to reject an executory contract must be summary affirmed unless it is the product of ‘bad faith, or whim or caprice’” *In re Trans World Airlines, Inc.*, 261 B.R. 103, 121 (Bankr. D. Del. 2001).

40. In addition, “unless a separate provision of the Bankruptcy Code provides a non-debtor party with specific protection, the debtor and its estate's interests are paramount; adverse effects on the non-debtor contract party arising from the decision to assume or reject are irrelevant.” *In re The Great Atlantic & Pacific Tea Company*, 544 B.R. 43, 49 (Bankr. S.D.N.Y. 2016); *see also In re Sabine Oil and Gas Corp.*, 547 B.R. 66, 71 (Bankr. S.D.N.Y. 2016); *In re Noranda Aluminum, Inc.*, No. 16-10083-399, 2016 WL 1417923, at *3 (Bankr. E.D. Mo. Mar. 31, 2016).

41. As part of their ongoing efforts to reduce costs and maximize fleet flexibility, the Debtors have identified Excess Equipment that no longer fits into the Debtors’ business plan and, accordingly, will no longer be utilized by the Debtors and have no utility or value to the Debtors. The Debtors entered into the Leases and related agreements in a different economic climate than the one facing the Debtors’ industry today. Today, with the ongoing downturn in the Debtors’ industry, these same helicopters are no longer necessary to the Debtors’ operations. As of the date hereof, the Debtors have taken or will take all of the Excess Equipment out of service. Consequently, the unused equipment is, or will be, languishing in expensive storage space without generating any value for the Debtors’ estates and the Excess Equipment is nothing more than a cash drain on the Debtors’ businesses. Thus, the Excess Equipment is burdensome to the Debtors and is no longer beneficial to the Debtors or their

estates. If the rejection of the Leases is approved, the Debtors will maintain sufficient helicopters to operate their businesses and meet their customers' needs.

42. With respect to the Subleased Equipment, in almost all cases upon termination of each related Lease, the Debtors and the parties operating the helicopters are required to terminate the applicable Subleases and return such helicopters to the Lessors. As the Debtors' structural cost-cutting measures contemplate the return of the Excess Equipment subject to the subleases, it is not economical for the Debtors to continue to lease the Subleased Equipment from the applicable Lessors on terms that are burdensome to the Debtors and in turn sublease such equipment to the Sublessees on terms that are not overall beneficial to the Debtors or their estates, therefore the Subleases are burdensome to the Debtors and are no longer beneficial to the Debtors or their estates.

Reservation of Rights

43. Nothing contained herein is intended or shall be construed as (i) an admission as to the validity of any claim against the Debtors, (ii) a waiver of the Debtors' or any party in interest's rights to dispute the amount of, basis for or validity of any claim of any parties in interest to the Excess Equipment, Subleased Equipment, or Leases or Subleases under applicable nonbankruptcy law or (iii) a waiver of any claims or causes of action which may exist against any parties in interest to the Excess Equipment, Subleased Equipment, or Leases or Subleases. The Debtors are in the process of reviewing these matters and reserve all of their rights under the Bankruptcy Code.

Due to the nature of the relief requested herein, the Debtors respectfully submit that no further notice of this Motion is required.

45. No previous request for the relief sought herein has been made to this or any other Court.

[The remainder of this page is intentionally blank]

WHEREFORE, the Debtors respectfully request that the Court enter an order (a) authorizing the Debtors to reject the Leases and the Subleases as of the Effective Date and (b) granting such other and further relief as this Court may deem just and proper.

¹ For each helicopter and lease that is being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent in connection with any lease) also will be deemed part of this Schedule 1 and shall be rejected with respect to such helicopter if the related helicopter lease is rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors have listed certain leases or contracts on this Schedule 1 that have already terminated or expired in accordance with the terms of such leases or contracts.

¹ For each helicopter, lease, sublease and related agreements that are being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent to any transaction in connection with any lease) also will be deemed part of this Schedule 2 and shall be rejected with respect to such helicopter if the related helicopter lease is rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors have listed certain leases or contracts on this Schedule 2 that have already terminated or expired in accordance with the terms of such leases or contracts.

1. The relief requested in the Motion is hereby granted.
2. Pursuant to section 365 of the Bankruptcy Code and Bankruptcy Rule 6006, (a) the rejection of each of the Leases of Excess Equipment listed on Schedule 1 to the Motion is authorized and approved as of the relevant Effective Date (as set forth next to each item of Excess Equipment on Schedule 1 to the Motion) and (b) the rejection of each of the Subleases listed on Schedule 2 to the Motion is authorized and approved as of the relevant Effective Date of the Leases underlying the Subleased Equipment (as set forth next to each Sublease listed on Schedule 2 to the Motion).
3. Each rejected Lease, Sublease and related transaction agreement set forth on Schedule 1 and Schedule 2 to the Motion is hereby rejected by the Debtors party thereto.
4. The Debtors shall, upon the effectiveness of rejection or as soon as reasonably practicable after the Effective Date, make available to the applicable Lessors records and documents relating to such Lessors’ Excess Equipment that are readily available. If such

otherwise take control of the relevant Excess Equipment from the locations provided on Schedule 1 to the Motion within 15 days after the later of the date of entry of the Order and the relevant Effective Date, such Lessor shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Equipment. If the Lessor does not remove the Excess Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Equipment, the Debtors may file a motion to compel removal of the Excess Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees.

9. Subject to ordered paragraphs 10 through 13, if any Replacement Equipment installed on, or returned with, the Affected Equipment has not been previously substituted pursuant to the terms of the relevant Lease, the Debtors may, if requested by the affected Lessor, formalize the transfer of the Debtors' right, title and interest in such Replacement Equipment to the Lessor free and clear of all liens, claims and encumbrances (except for permitted liens under the relevant Lease) by providing a bill of sale to the Lessor of such Replacement Equipment.

10. If the Replacement Equipment is encumbered by a recorded lien or mortgage that is not permitted under the relevant Lease, at the Debtor's election: (i) such lien or mortgage shall be released from such Replacement Equipment and shall attach to Substitute Equipment, (ii) the Debtors shall facilitate the lifting and release of such lien or mortgage on such Replacement Equipment, (iii) the Replacement Equipment shall be replaced with Substitute Equipment of the same model and version, or (iv) the Replacement Equipment shall not be returned to the Lessor and the Lessor shall instead receive as part of the Lessor's damages claim,

if any, a pre-petition claim for the value of an engine of the same model and version returned in compliance with the return conditions set forth in the Lease; in the case of (iii) and (iv), the Debtors may remove the Replacement Equipment from the Affected Equipment.

11. If the transfer documentation contemplated in the Motion was not formalized at the time of the removal of the Original Equipment, the relevant Lessor shall simultaneously deliver, or cause to be delivered, to the Debtors a bill of sale for the Original Equipment, transferring such Original Equipment to the Debtors (or to a third party designated by the Debtors) free and clear of all liens, claims and encumbrances (except for liens permitted under the Lease or the Lessor's financings).

12. If the Replacement Equipment and the Original Equipment are beneficially owned by the relevant Lessor or by the same beneficial owner and leased to the Debtors under separate leases, then the Debtors may surrender such Replacement Equipment to the Lessor in lieu of the Original Equipment and the Replacement Equipment shall thereafter be released from the relevant Lease and any liens in favor of the secured party with respect to such Replacement Equipment, and the Original Equipment shall be subject to such lease or mortgage and any such liens.

13. In lieu of providing Replacement Equipment pursuant to the Procedures, the Debtors may, in the Debtors' sole discretion, make the Original Equipment available to an affected Lessor at the location where such Original Equipment is situated, whether or not the Original Equipment is at the same location as the Affected Equipment, or make Substitute Equipment available to the affected Lessor at the location where the Affected Equipment is situated, and in these circumstances, the Debtors may remove the Replacement Equipment from the Affected Equipment.

14. If a lessor of Original Equipment or Replacement Equipment does not deliver title documents, or if a secured party with a lien on Original Equipment or Replacement Equipment does not deliver documents necessary to release its liens, each as required in the Procedures, the Debtors shall be entitled to move for an Order to Show Cause to compel such lessor to transfer title to such equipment or to compel such secured party to release its liens. In such an instance, such lessor or such secured party, as the case may be, shall also be liable to the Debtors and the affected Lessor for any damages arising out of or in connection with such lessor's or such secured party's delay, including legal and other fees.

15. The Debtors are authorized to execute and deliver all instruments and documents and take any additional actions as are necessary or appropriate to implement and effectuate the rejections approved hereby.

16. Claims arising out of any rejection effected pursuant to these procedures must timely be filed in accordance with any order pursuant to Bankruptcy Rule 3003(c) establishing a deadline by which prepetition general unsecured claims must be filed (the "**Bar Date**"), on or before the later of (i) the Bar Date, or (ii) 30 days after the Effective Date with respect to the item of Excess Equipment or with respect to the Sublease to which such claim relates, as the case may be. Any claim not timely filed will be irrevocably barred.

17. The notice procedures set forth in the Motion are good and sufficient notice and satisfy Bankruptcy Rules 2002(a), 6006, 6007 and 9014 by providing the counterparties with a notice and an opportunity to object and be heard at a hearing.

A HEARING WILL BE CONDUCTED ON THIS MATTER ON JULY 7, 2016 AT 9:00 A.M. IN COURTROOM #2, 14TH FLOOR OF THE UNITED STATES BANKRUPTCY COURT FOR THE NORTHERN DISTRICT OF TEXAS, DALLAS DIVISION, EARLE CABELL FEDERAL BUILDING, 1100 COMMERCE ST., DALLAS, TEXAS 75242.

TO THE HONORABLE BARBARA J. HOUSER, UNITED STATES BANKRUPTCY JUDGE:

CHC Group Ltd. and its above-captioned debtor affiliates, as debtors and debtors in possession (collectively, the “**Debtors**”), respectfully represent:

Relief Requested

1. The Debtors respectfully request that this Court enter an order, substantially in the form of **Exhibit B**, authorizing the Debtors (i) to abandon certain aircraft, engines and other related equipment that are owned by the Debtors and that the Debtors no longer need in the operation of their business identified on Schedule 1 attached hereto (collectively, the “**Excess Owned Equipment**”) pursuant to section 554(a) of title 11 of the United States Code (the “**Bankruptcy Code**”), (ii) to transfer title to such abandoned Excess Owned Equipment to mortgagees, security trustees or indenture trustees with security interests in such Excess Owned Equipment (the “**Secured Parties**”) pursuant to section 363(b) of the Bankruptcy Code, and (iii) to reject certain equipment leases (the “**Leases**”) and certain sublease agreements (the “**Subleases**”), each related to the Excess Owned Equipment and identified on Schedule 2 attached hereto, pursuant to section 365 of the Bankruptcy Code and Rule 6006 of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”).

Jurisdiction and Venue

2. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Background

3. On May 5, 2016 (the “**Petition Date**”), each of the Debtors commenced with this Court a voluntary case under chapter 11 of title 11 of the Bankruptcy Code. The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

4. The Debtors’ chapter 11 cases have been consolidated for procedural purposes only and are being jointly administered pursuant to Bankruptcy Rule 1015(b) and Rule 1015-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Northern District of Texas [Docket No. 52].

The Debtors’ Businesses

5. The Debtors, together with their non-debtor affiliates (collectively, “**CHC**”), comprise a global commercial helicopter services company, primarily engaged in providing helicopter services to the offshore oil and gas industry. CHC also provides helicopter services for search and rescue and emergency medical services to various government agencies. In addition, CHC maintains the industry’s largest independent helicopter maintenance, repair, and overhaul business (such business, an “**MRO**”), which services helicopter fleets for both CHC as well as third-party customers. CHC manages its domestic and overseas businesses from its headquarters in Irving, Texas and its sales force from an office in Houston, Texas. CHC maintains one of its primary engine overhaul facilities in Fort Collins, Colorado. Only certain

entities within CHC – primarily the issuers or guarantors of the Debtors’ funded debt – are Debtors in these proceedings. CHC’s other entities, including certain operating entities, are not debtors in these cases and are continuing to conduct their businesses in the ordinary course.

6. Additional information about the Debtors’ businesses, capital structure and the circumstances leading to the commencement of these chapter 11 cases can be found in the *Declaration of Robert A. Del Genio in Support of the Debtors’ Chapter 11 Petitions and Request for First Day Relief* (the “**Del Genio Declaration**”)[Docket No. 13].

Basis for Relief

7. In connection with the commencement of its chapter 11 cases, CHC has formulated a revised business plan to address the high cost/weakened revenue environment. As an ongoing component of that plan and of the chapter 11 process, CHC has identified cost savings to be achieved through a significant reduction in their fleet by eliminating helicopters and other related equipment that currently are not, or soon will not be, used to generate revenue in CHC’s businesses. In addition, CHC is in the process of reducing the complexity of its fleet, which will decrease costs associated with crew training, inventory and maintenance. This reduction and rationalization of CHC’s fleet will create a significant surplus of helicopters and other related equipment owned and leased by CHC.

8. CHC maintains a fleet of approximately 230 helicopters comprised of the medium variant (8 to 15 passengers) and heavy variant (16 to 26 passengers) collectively (the “**CHC Fleet**”). A significant portion of the CHC Fleet is comprised of new technology helicopters which have greater range, passenger capacity, enhanced safety systems, and the ability to operate in variable conditions. Of the 230 helicopters in the CHC Fleet, CHC owns 67 helicopters and CHC leases the remainder from various third-party lessors. In most cases CHC subleases aircraft

to affiliated operating entities. These leasing structures provide maximum regulatory and business flexibility.

9. The Debtors expect to reduce their fleet to approximately 75 productive aircraft by the end of calendar year 2017, with approximately 90 aircraft to be returned within sixty (60) days after the Petition Date. Since the Petition Date, the Debtors have filed motions to reject 87 helicopters. *See e.g., First Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* [Docket No. 20] (the “**First Omnibus Rejection Motion**”), *Second Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* [Docket No. 210] (the “**Second Omnibus Rejection Motion**”) and *Third Omnibus Motion for Entry of an Order Authorizing the Debtors to Reject Certain Equipment Leases and Subleases Pursuant to Section 365 of the Bankruptcy Code* [Docket No. 250] (the “**Third Omnibus Rejection Motion**”).

10. The Excess Owned Equipment is not necessary for the Debtors’ continued operation or successful reorganization. In addition, the Debtors face significant storage costs in connection with the Excess Owned Equipment. Accordingly, the Debtors seek to eliminate the costs associated with retaining and storing such Excess Owned Equipment by the abandonment requested hereby.

11. The requested relief will (i) allow for immediate abandonment of the Excess Owned Equipment and eliminate unnecessary obligations of the Debtors; (ii) establish an orderly, efficient process for the surrender and return of the Excess Owned Equipment and related documentation; (iii) allow for the rejection of the Leases and Subleases related to the Excess Owned Equipment; and (iv) preserve the uninterrupted operation of the Debtors’

business. The requested relief will also ensure that the Secured Parties are provided title to the aircraft and other related equipment that are surrendered to them through the surrender and return process. The Debtors will continue to analyze the CHC Fleet and, as a result of this ongoing analysis, the Debtors may retire additional aircraft in the future.

**The Excess Owned Equipment Is of No Benefit to the Debtors and
Abandonment Should Be Approved By the Court**

12. Pursuant to section 554(a) of the Bankruptcy Code, the Debtors seek approval of the abandonment of the Excess Owned Equipment. Section 554(a) provides that a debtor in possession may abandon, subject to Court approval, “property of the estate that . . . is of inconsequential value and benefit to the estate.” 11 U.S.C. § 554(a). Before authorizing abandonment of property, the bankruptcy court must find either: (i) the property is burdensome to the estate, or (ii) the property is both of inconsequential value and inconsequential benefit to the estate. *See, e.g., Midlantic Nat’l Bank v. N.J. Dep’t of Env’tl. Prot.*, 474 U.S. 494, 497 (1986), *reh’g denied*, 475 U.S. 1091 (1986); *In re Texaco, Inc.*, 90 B.R. 38, 44 (S.D.N.Y. 1988); *In re Crowthers McCall Pattern, Inc.*, 114 B.R. 877, 882 n.7 (Bankr. S.D.N.Y. 1990). The abandonment power of § 554 is unqualified on its face. *In re Commonwealth Oil Refining Co., Inc.*, 805 F.2d 1175, 1185 (5th Cir. 1986).

13. In this case, (a) the Excess Owned Equipment is not necessary for the Debtors ongoing business and is costly to maintain and (b) the liens against the Excess Owned Equipment exceed the value of such equipment to the Debtors’ estates. Further, continued retention of the Excess Owned Equipment will impose material costs for storage, insurance and other expenses of the Debtors. Thus, it is clear that the Excess Owned Equipment is burdensome to the Debtors’ estates and should be abandoned. Each abandonment is “as is, where is” and the Debtors specifically make neither representations nor warranties regarding the Excess Owned

Equipment. Abandonment of the Excess Owned Equipment is in the best interests of the Debtors' estates and reflects the exercise of the Debtors' sound business judgment.

Transfer of Title Should Be Approved by the Court

14. Pursuant to this Motion, the Debtors seek to effectuate transfers of title of the Excess Owned Equipment to the relevant Secured Parties. Section 363(b)(1) of the Bankruptcy Code provides that “[t]he trustee, after notice and a hearing, may use, sell, or lease, other than in the ordinary course of business, property of the estate.” 11 U.S.C. § 363(b)(1).

15. Although section 363 does not specify a standard for determining when it is appropriate for a court to authorize the use, sale, or lease of property of the estate, courts routinely authorize the use of debtor's property if it is based upon the reasonable business judgment of the debtor. *See e.g. Institutional Creditors of Cont'l Air Lines, Inc. v. Cont'l Air Lines, Inc. (In re Cont'l Air Lines, Inc.)*, 780 F.2d 1223, 1226 (5th Cir. 1986) (“for the debtor-in-possession or trustee to satisfy its fiduciary duty to the debtor, creditors and equity holders, there must be some articulated business justification for using, selling, or leasing the property outside the ordinary course of business.”) (citing *In re Lionel Corp.*, 722 F.2d 1063, 1071 (2d Cir.1983)); *In re ASARCO, LLC*, 441 B.R. 813, 830 (Bankr. S.D. Tex. 2010); *In re Martin*, 91 F.3d 389, 395 (3d Cir. 1996); *In re Elpida Memory, Inc.*, No. 12-10947 (CSS), 2012 WL 6090194, at *5 (Bankr. D. Del. Nov. 20, 2012); *In re Montgomery Ward Holding Corp.*, 242 B.R. 147, 153 (D. Del. 1999).

16. The standard for approval of the use of property outside the ordinary course of business is a deferential one. *See GBL Holding Co., Inc. v. Blackburn/Travis/Cole, Ltd. (In re State Park Bldg. Grp., Ltd.)*, 331 B.R. 251, 254 (Bankr. N.D. Tex. 2005) (“[g]reat judicial deference is given to the Trustee's exercise of business judgment.”)

17. The Excess Owned Equipment is not necessary for the Debtors ongoing business, is burdensome for the debtors to maintain and store, and the liens against the Excess Owned Equipment exceed the value of the equipment to the estates. Under these circumstances, transfer of title to the relevant Secured Parties under section 363(b) of the Bankruptcy Code is appropriate and in the best interest of the Debtors' estates. Moreover, the process for transferring title of the Excess Owned Equipment in an efficient and timely manner will reduce the Secured Parties' potential claims.

Rejection of the Leases and the Subleases Is in the Best Interests of the Debtors and Their Estates and Creditors, Is Supported By the Debtors' Business Judgment, and Should Be Approved By the Court

18. Section 365(a) of the Bankruptcy Code provides, in pertinent part, that a debtor in possession "subject to the court's approval, may assume or reject any executory contract or unexpired lease of the debtor." 11 U.S.C. § 365(a); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. 513, 521 (1984); *In re Lavigne*, 114 F.3d 379, 386 (2d Cir. 1997). "[T]he purpose behind allowing the assumption or rejection of executory contracts is to permit the trustee or debtor-in-possession to use valuable property of the estate and to 'renounce title to and abandon burdensome property.'" *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1098 (2d Cir. 1993); *see also NLRB v. Bildisco & Bildisco*, 465 U.S. at 528 ("the authority to reject an executory contract is vital to the basic purpose of a Chapter 11 reorganization, because rejection can release the debtor's estate from burdensome obligations that can impede a successful reorganization."); *Matter of Murexco Petroleum, Inc.*, 15 F.3d 60, 62 (5th Cir. 1994) (noting that section 365 "allows a trustee to relieve the bankruptcy estate of burdensome agreements which have not been completely performed.")

19. The standard applied to determine whether the rejection of an unexpired lease should be authorized is the “business judgment” standard. *See NLRB v. Bildisco & Bildisco*, 465 U.S. at 523; *In re Penn Traffic Co.*, 524 F.3d 373, 383 (2d Cir. 2008); *In re Orion Pictures Corp.*, 4 F.3d 1095, 1098-99 (2d Cir. 1993); *In re Minges*, 602 F.2d 38, 42 (2d Cir. 1979); *In re Old Carco LLC*, 406 B.R. 180, 188 (Bankr. S.D.N.Y. 2009); *In re Roman Crest Fruit, Inc.*, 35 B.R. 939, 949 (S.D.N.Y. 1983). Courts defer to a debtor’s business judgment in rejecting an unexpired lease, and upon finding that a debtor has exercised its sound business judgment, approve the rejection under section 365(a) of the Bankruptcy Code. *See Bildisco & Bildisco*, 465 U.S. at 523 (recognizing the “business judgment” standard used to approve rejection of executory contracts); *Nostas Assocs. v. Costich (In re Klein Sleep Products, Inc.)*, 78 F.3d 18, 25 (2d Cir. 1996) (recognizing the “business judgment” standard used to approve rejection of executory contracts); *In re Minges*, 602 F.2d 38, 42-43 (2d Cir. 1979) (holding that the “business judgment” test is appropriate for determining when an executory contract can be rejected); *In re G Survivor Corp.*, 171 B.R. 755, 757 (Bankr. S.D.N.Y. 1994) (approving rejection of license by debtor because such rejection satisfied the “business judgment” test); *In re Child World, Inc.*, 142 B.R. 87, 89 (Bankr. S.D.N.Y. 1992) (stating that a debtor may assume or reject an unexpired lease under § 365(a) in the exercise of its “business judgment”); *In re Pilgrim’s Pride Corp.*, 403 B.R. 413, 426 (Bankr. N.D. Tex. 2009) (holding that, absent public policy necessitating a more stringent standard, business judgment standard applies to a rejection decision under § 365(a)); *Richmond Leasing Co. v. Capital Bank, N.A.*, 762 F.2d 1303, 1307 (5th Cir. 1985) (applying business judgment standard to the determination of whether a rejection decision was proper under § 365).

20. The “business judgment” standard is not a strict standard; it requires only a showing that either assumption or rejection of the executory contract or unexpired lease will benefit the debtor’s estate. *See In re Balco Equities, Inc.*, 323 B.R. 85, 99 (Bankr. S.D.N.Y. 2005) (“In determining whether the debtor has employed reasonable business discretion, the court for the most part must only determine that the rejection will likely benefit the estate.”) (quoting *G Survivor*, 171 B.R. at 757); *In re Helm*, 335 B.R. 528, 538 (Bankr. S.D.N.Y. 1996) (“To meet the business judgment test, the debtor in possession must ‘establish that rejection will benefit the estate.’”) (citation omitted). Further, under the business judgment standard, “[a] debtor’s decision to reject an executory contract must be summary affirmed unless it is the product of ‘bad faith, or whim or caprice’” *In re Trans World Airlines, Inc.*, 261 B.R. 103, 121 (Bankr. D. Del. 2001).

21. In addition, “unless a separate provision of the Bankruptcy Code provides a non-debtor party with specific protection, the debtor and its estate's interests are paramount; adverse effects on the non-debtor contract party arising from the decision to assume or reject are irrelevant.” *In re The Great Atlantic & Pacific Tea Company*, 544 B.R. 43, 49 (Bankr. S.D.N.Y. 2016); *see also In re Sabine Oil and Gas Corp.*, 547 B.R. 66, 71 (Bankr. S.D.N.Y. 2016); *In re Noranda Aluminum, Inc.*, No. 16-10083-399, 2016 WL 1417923, at *3 (Bankr. E.D. Mo. Mar. 31, 2016).

22. As discussed above, the Excess Owned Equipment is not necessary for the Debtors’ ongoing business, is a burden on the Debtors’ estate to maintain and store, and the liens against the Excess Owned Equipment exceed the value of the equipment to the estates. In connection with the Debtors’ requested abandonment of the Excess Owned Equipment, the Debtors will no longer need the Leases and Subleases as the Excess Owned Equipment will no

longer be in the CHC Fleet and the Debtors will have no ability to lease such Excess Owned Equipment to the lessees and sublessees under the Leases and Subleases.

Procedures

23. The Debtors ask that the Court approve the following procedures regarding the Leases, Subleases and Excess Owned Equipment that are the subject of this motion (the “**Procedures**”).

A. Provision of Records and Documents

24. Upon effectiveness of abandonment or as soon as reasonably practicable thereafter, the Debtors shall make available to the applicable Secured Parties records and documents relating to such Excess Owned Equipment that are readily available.

B. Return and Retrieval of Helicopters

25. The Debtors have provided information on the schedules and exhibits attached hereto that will assist the Secured Parties in retrieving the Excess Owned Equipment. Schedule 1 includes the following information: the identity of the Secured Parties known to the Debtors and the location and a description of the Excess Owned Equipment to be abandoned and for which title will be conveyed.

26. To preserve the value of the Excess Owned Equipment before the appropriate Secured Party takes possession, the Debtors will maintain their current insurance coverage and continue the existing storage maintenance program, if applicable, until the earlier of: (i) the fifteenth (15th) day after the later of the date of entry of the Order and the relevant Effective Date; or (ii) the date on which the appropriate Secured Party takes possession of the Excess Owned Equipment. Thereafter, however, the Debtors shall cease insuring and maintaining the Excess Owned Equipment.

27. The Debtors also ask this Court to enter an Order providing that if the Secured Parties affected by the abandonment of the relevant Excess Owned Equipment do not retrieve or otherwise take control of the relevant Excess Owned Equipment from the locations provided on Schedule 1 within 15 days after the later of the date of entry of the Order and the relevant Effective Date, such Secured Parties shall be responsible to the Debtors for the subsequent costs of, and all risks attendant to, storing such equipment and for other attendant costs as determined by the Debtors, including costs of insuring the Excess Owned Equipment. If the Secured Parties do not remove the Excess Owned Equipment or otherwise contract with the Debtors or a third party for storage of the Excess Owned Equipment, the Debtors may file a motion to compel removal of the Excess Owned Equipment and/or payment to the Debtors of storage and other attendant costs including without limitation all legal fees. The Excess Owned Equipment will be made available to the Secured Parties “as is, where is” and the Debtors specifically make neither representations nor warranties regarding the Excess Owned Equipment.

C. Debtors’ Further Actions to Implement Approved Abandonments

28. The Debtors submit that the proposed actions and Procedures are reasonable, in the best interests of the estates, and should be approved by this Court. Accordingly, the Debtors seek authorization to execute and deliver all instruments and documents and take any additional actions as are necessary or appropriate to implement and effectuate the Procedures.

Reservation of Rights

29. Nothing contained herein is intended or shall be construed as (i) an admission as to the validity of any claim against the Debtors, (ii) a waiver of the Debtors’ rights to dispute the amount of, basis for, or validity of any claim of any parties in interest to the Excess Owned Equipment, or (iii) a waiver of any claims or causes of action which may exist against any parties

in interest to the Excess Owned Equipment. The Debtors are in the process of reviewing these matters and reserve all of their rights under the Bankruptcy Code.

Notice

30. No trustee, examiner or creditors' committee has been appointed in these chapter 11 cases. Notice of this Motion shall be given to: (i) the Office of the United States Trustee for the Northern District of Texas; (ii) Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY 10036 (Attn: Douglas Mannal, Esq. and Kenneth H. Eckstein, Esq.), counsel to the Official Committee of Unsecured Creditors; (iii) Akin Gump Strauss Hauer & Feld LLP, One Bryant Park, Bank of America Tower, New York, NY 10036 (Attn: Michael S. Stamer, Esq.), counsel to an informal group of certain unaffiliated holders of the 9.250% Senior Secured Notes Due 2020; (iv) Norton Rose Fulbright, 2200 Ross Avenue, Suite 3600, Dallas, TX 75201 (Attn: Louis R. Strubeck, Jr., Esq. and Richard P. Borden, Esq.), counsel to certain secured lenders under the Revolving Credit Agreement; (v) Paul Hastings LLP, 75 East 55th Street, New York, NY 10022 (Attn: Leslie A. Plaskon, Esq. and Andrew V. Tenzer, Esq.), counsel to the Administrative Agent under the ABL Credit Agreement; (vi) The Bank of New York Mellon, 101 Barclay Street, Floor 4 East, New York, NY 10286 (Attn: International Corporate Trust), in its capacity as indenture trustee under the 9.250% Senior Secured Notes due 2020 and under the 9.375% Senior Notes due 2021; (vii) the Securities and Exchange Commission; (viii) the Internal Revenue Service; (ix) in the case of Excess Owned Equipment, each of the Secured Parties identified in Schedule 1 to the Motion; and (x) in the case of the Lease and Subleases, the parties thereto. Due to the nature of the relief requested herein, the Debtors respectfully submit that no further notice of this Motion is required.

31. No previous request for the relief sought herein has been made to this or any other Court.

WHEREFORE, the Debtors respectfully request that the Court enter an order (a) authorizing the Debtors to abandon the Excess Owned Equipment as of the Effective Date, (b) authorizing the Debtors to transfer title to the Excess Owned Equipment to the Secured Parties, (c) authorizing the rejection of the Leases and the Subleases as of the Effective Date and (b) granting such other and further relief as this Court may deem just and proper.

² For each lease, sublease and related agreements that are being rejected, each other related transaction document to which a Debtor is a party that is integral to such leasing transaction (including, without limitation, any lessee or sublessee consent to any transaction in connection with any lease) also will be deemed part of this Schedule 2 and shall be rejected. References to any agreement to be rejected are to the applicable agreement and other operative documents, as may have been amended, modified or supplemented from time to time and as is in effect as of the date hereof. As a matter of administrative convenience, in some cases the Debtors have listed the original parties to the documents without taking into account any succession of trustees or any other transfers from one party to another. The fact that the current parties to a particular agreement may not have been named in this Schedule is not intended to change the treatment of the documents. The current parties to the agreements are being noticed pursuant to this Notice. In addition, out of an abundance of caution, the Debtors may have listed certain leases or contracts on this Schedule 2 that have already terminated or expired in accordance with the terms of such leases or contracts.

7 How about Michael Walsh?

8 MR. WALSH: Here, Your Honor.

9 THE COURT: Clayton Pauls?

10 MR. PAULS: Here, Your Honor.

11 THE COURT: And then Alexander Nicas?

12 MR. NICAS: Here, Your Honor.

13 THE COURT: Very well. And then I understand we do
14 have some members of the media, who are listening in to this
15 afternoon, as well.

16 Did I overlook a counsel who'll be wishing to make an
17 appearance on the record?

18 UNIDENTIFIED SPEAKER: I think Gershbein with
19 Kurtzman Carson Consultants is also available to participate,
20 Your Honor.

21 THE COURT: Very well.

22 All right, Mr. Youngman?

23 MR. HOLTZER: Your Honor, again, Gary Holtzer, Weil,
24 Gotshal & Manges, for the debtors.

25 Thank you, and thank the Court for making time today

Colloquy

14

1 on Friday for our hearing. We know you had a busy calendar
2 today, so we really appreciate the time, particularly in the
3 afternoon of a Friday.

4 THE COURT: No problem. You also owe thanks to one
5 of my colleagues, who agreed to hear another matter for me
6 this afternoon so that I could take this matter up. So I will
7 pass your thanks along.

8 MR. HOLTZER: Thank you, Your Honor.

9 As you know, on May 5th, CHC Group Limited and forty-
10 two of its direct and indirect subs filed Chapter 11
11 protection here in this court. I wanted to take the
12 opportunity to introduce you to Lee Eckert, the chief
13 financial officer, who's here today.

14 THE COURT: Good afternoon.

15 MR. ECKHERT: Good afternoon.

16 MR. HOLTZER: Imron Hyatt (ph.), the chief compliance
17 and litigation counsel, also here today, Your Honor.

18 THE COURT: Good afternoon.

19 MR. HOLTZER: Also in the court today, Your Honor, is
20 Robert Del Genio of the Conway Del Genio firm, who is the
21 chief restructuring officer; he's in the court today as well.

22 THE COURT: I read your lengthy affidavit.

23 MR. HOLTZER: He is our first-day affiant, Your
24 Honor, as you note.

25 One apology, Your Honor: our chief executive

Colloquy

15

1 officer, Karl Fessenden, couldn't be here today; he's in
2 negotiations today regarding our next steps in our Chapter 11
3 case.

4 THE COURT: Seems like --

5 MR. HOLTZER: I'm sure you'll meet him.

6 THE COURT: -- that's a good use of his time.

7 MR. HOLTZER: Yes, Your Honor.

8 Your Honor, also in court today are special aircraft
9 counsel from Debevoise & Plimpton, Jasmine Ball.

10 THE COURT: Hello.

11 MR. HOLTZER: In addition, Your Honor, the debtors'
12 financial advisors from PJT (ph.), Michael Genero (ph.) and
13 John Sing (ph.).

14 UNIDENTIFIED SPEAKER: Good afternoon.

15 UNIDENTIFIED SPEAKER: Good afternoon.

16 THE COURT: Good afternoon.

17 MR. HOLTZER: And I think, in addition, Your Honor,
18 we have Seabury, who's also consulting with us regarding our
19 aircraft. They're not here today but I'm sure you'll meet
20 them at some point.

21 THE COURT: Very well.

22 MR. HOLTZER: If Your Honor would permit me, I wanted
23 to just propose an outline for today's hearing so we can move
24 through this as efficiently as possible.

25 THE COURT: Please.

Colloquy

16

1 MR. HOLTZER: I'll then make a few opening remarks on
2 why we filed and how we intend to use the Chapter 11 process
3 over the next few months.

4 So, with respect to today's hearing process, we have
5 submitted an agenda, it's our proposed agenda, which is in the
6 binder that I believe Your Honor has.

7 THE COURT: I do.

8 MR. HOLTZER: Our order of operations, if you will,
9 after me, will be that Ms. DiBlasi, who Mr. Youngman
10 introduced, will handle all of the motions up until the cash-
11 collateral, adequate-protection and cash-management motions;
12 Mr. Youngman will handle those motions. As we introduced,
13 Mr. Del Genio; he is in court here to testify; we can put him
14 on the stand if we need to, for the motions that Ms. DiBlasi
15 will handle.

16 THE COURT: All right.

17 MR. HOLTZER: I suspect that we will not need him to
18 testify for those, but he is here. Separately, though, our
19 preferred approach with respect to cash collateral and cash
20 management is that we put him on the stand and take him
21 through direct testimony. Mr. Levine, who's here, will handle
22 that direct testimony.

23 If that process is acceptable, Your Honor, I'll
24 proceed with some very brief background on CHC.

25 THE COURT: Please.

1 MR. HOLTZER: As detailed in our filing and including
2 Mr. Del Genio's extensive first-day affidavit, CHC is a
3 global, commercial, helicopter-services company; it primarily
4 services offshore oil and gas industry participants.

5 A few important points about CHC: Its principal
6 business is to provide those helicopter services for large,
7 long-distance, crew changes on offshore production facilities
8 and drilling rigs for major national and international oil and
9 gas companies. Although CHC manages its operations in Irving,
10 Texas, it operates a global business across six continents.
11 As a result, CHC's business is closely tied to the state of
12 the oil and gas industries.

13 The rapid and unexpected decline in oil prices that
14 the industry has had in the past couple years has led to a
15 significant decline in offshore oil exploration, cost-
16 reduction measures for production, operation, and there's been
17 a substantial decrease in the demand for those offshore
18 drilling services. As a result, the demand for helicopter
19 services has declined.

20 I wanted to let the Court know about the tragic
21 events in Norway as well, and their impact on CHC. First, our
22 thoughts and prayers go out to all the families affected by
23 the accident in Norway. The helicopter involved, for your
24 information, Your Honor, was a 225; that's the type of
25 helicopter. That helicopter has been temporarily grounded in

1 certain jurisdictions and that has had an impact on our fleet
2 reconfiguration, which is central to our restructuring. Our
3 customers are also assessing the use of the 225, going
4 forward, and we're working with them in that process, around
5 the world.

6 For all of those reasons, Your Honor, CHC has
7 determined that under these circumstances it can no longer
8 maintain its current capital structure and its fleet expense
9 level.

10 Turning to its corporate capital structure and its
11 corporate structure itself. You should have marked as the
12 first exhibit, CHC-1, a corporate organizational chart. We
13 have copies for anyone in the courtroom who would like a copy.
14 Or hopefully we have enough copies. So we'll hand those out.

15 A couple of observations about the corporate chart,
16 Your Honor. First of all, all the debtors are direct and
17 indirect wholly owned subsidiaries of CHC Group Limited.
18 Secondly, all of the issuers and guarantors of all of CHC's
19 funded debt are debtors. You've met some of the counsel for
20 those funded debts, in the introductions, and I'll come back
21 to that.

22 As you can see on the chart, the legend at the top
23 indicates which entities are debtors, which entities in red
24 are funded debt obligors, which entities are nondebtors, and
25 which entities are obligors, for example, on the ABL versus

1 the secured and unsecured obligations as well as the RCF, as
2 Mr. Strubeck calls it.

3 Turning to its capital structure, Your Honor; and I'm
4 sure you've read about this in our submission but, just to
5 make sure we crystallize it here quickly: We have an ABL
6 loan; it's 139 million dollars; it's secured by certain of
7 CHC's owned aircraft. And that loan was issued on June 12th,
8 2015 and it matures in 2020. The RCF, also secured, 370
9 million; that loan was issued in January of 2014; its maturity
10 is in 2019. Next is the senior secured notes, approximately
11 one billion dollars in principal amount; that was issued in
12 October of 2010, due in October of 2020; so, ten-year paper.

13 The unsecured notes -- well, before I jump to the
14 unsecured notes, Your Honor, the revolver and senior secured
15 notes are pari passu, in terms of their liens, on
16 substantially all of the debtors' assets, other than assets
17 securing the ABL loan, Your Honor

18 THE COURT: All right.

19 MR. HOLTZER: The unsecured notes approximate ninety-
20 five million dollars; you can see that laid out on the chart.

21 The next category of constituents we ought to
22 discuss, Your Honor, for a moment are the lessors. We
23 mentioned that CHC not only owns some of its aircraft, but of
24 course it leases some. CHC has 163 leased aircraft in the
25 fleet, as well as 67 owned aircraft. And as I mentioned

1 before, a critical aspect of CHC's restructuring is the
2 reconfiguration of our fleet of aircraft.

3 CHC, as was mentioned earlier by one of the attorneys
4 introducing themselves, has filed the first of what is likely
5 to be several motions to reject leases under the Bankruptcy
6 Code. We are moving to reject the first forty-four of those
7 leases, or for forty-four aircraft, I should say, and
8 anticipate shedding at least ninety unproductive aircraft from
9 lessors.

10 Your Honor, turning to some of the events leading up
11 to the filing. CHC has been conserving its cash and it will
12 continue to do so in Chapter 11. Pre-filing, in January, CHC
13 drew 233 million dollars under its RCF. In addition, CHC
14 determined not to pay a forty-six-million-dollar interest
15 payment due on April 15th to the secured noteholders, taking
16 advantage of a thirty-day grace period. During the grace
17 period, CHC and its advisors have begun coordinating with the
18 advisors for the various constituents, Your Honor.

19 Now turning to our Chapter 11 cases. We commenced
20 these Chapter 11 cases to use the protections and tools for
21 which Chapter 11 was designed. This is a traditional filing
22 in that sense, Your Honor. It's not pre-packed. It's not
23 pre-arranged. It's not a filing in which there's already a
24 363 sale teed up. CHC needed a centralized forum to negotiate
25 its restructuring with its key constituents. And importantly,

1 the Chapter 11 process will give CHC a breathing spell, which
2 is a fundamental tenet under the Bankruptcy Code. Critically,
3 Your Honor, in this regard, CHC has worldwide operations and
4 we will need to ensure that the protections are fully
5 available to CHC worldwide, to the absolute extent possible
6 under the law.

7 Continuing, Your Honor, with our effort to conserve
8 our liquidity, we intend to use the first stage of the Chapter
9 11 to negotiate with our key constituents on a restructuring
10 plan. And importantly, during the first sixty days we will,
11 in accordance with the Bankruptcy Code, forego making lease
12 payments to our lessors. And under our cash-collateral order
13 as we propose it, we will not pay post-petition interest to
14 our ABL revolver and secured noteholders. It is an equality
15 of treatment among the main constituents in our Chapter 11
16 case that we think is important not only to conserve cash but
17 to advise everybody that the beginning of this process is
18 going to be a process where we negotiate to resolve what CHC's
19 capital-structure issues are.

20 With that, Your Honor, unless you have more questions
21 for me, and to move the hearing along efficiently, I would
22 turn the podium over to Ms. DiBlasi so that we can begin the
23 process on the actual first-day motions.

24 THE COURT: Please.

25 MS. DIBLASI: Good afternoon, Your Honor. Kelly

Ernst & Young LLP, have included an emphasis of matter paragraph in their auditors' report which states certain conditions exist which raise substantial doubt about our ability to continue as a going concern in relation to the foregoing. Our plans in regard to these matters are described in note 2(a). The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. See "Report of Independent Registered Public Accounting Firm" included elsewhere in this Annual Report on Form 10-K.

Risks Related to Our Net Losses and Indebtedness

We have a history of net losses.

We have incurred net losses since our acquisition on September 16, 2008 of the entity formerly known as CHC Helicopter Corporation, including losses of approximately \$170.9 million, \$794.8 million and \$437.8 million in the last three fiscal years ended April 30, 2014, 2015 and 2016, respectively. Our net losses since September 16, 2008 have resulted from a number of factors, including non-cash impairments of goodwill and other assets totaling \$1.7 billion and interest charges related to substantial leverage incurred to acquire additional helicopters and grow our business. We may continue to incur net losses in the future and our net losses may increase in the future and we cannot assure you that we will achieve or sustain profitability, or that we will continue to generate sufficient cash flow and liquidity through access to the capital markets to meet our debt and interest obligations as and when they become due.

Our substantial level of indebtedness, operating lease commitments, purchase and other commitments could materially adversely affect our ability to fulfill our obligations under our debt agreements, our ability to react to changes in our business and our ability to incur additional debt to fund future needs.

We have a substantial amount of indebtedness, operating lease commitments, purchase and other commitments. As of April 30, 2016, we had \$1.7 billion of indebtedness, an additional \$1.3 billion of operating lease commitments, as well as \$236.8 million in purchase commitments and \$258.3 million of additional flexible orders for the purchase of aircraft. The terms of certain of our debt instruments and helicopter lease agreements impose operating and financial limitations on us.

As of April 30, 2016, included within our indebtedness was \$1.0 billion of senior secured notes due 2020, \$94.7 million of senior unsecured notes due 2021, \$327.5 million under our revolving credit facility and \$139.0 million under our ABL Facility. As of April 30, 2016, we had cash and cash equivalents of approximately \$266.1 million.

Our substantial debt has had important consequences in the past and may continue to do so in the future. These consequences include:

- increasing our vulnerability to adverse economic and industry conditions;
- limiting our flexibility in planning for, or reacting to, changes in our business and the industries in which we operate;
- placing us at a competitive disadvantage compared to our competitors that have relatively less debt; and
- limiting our ability to borrow additional funds, or to dispose of assets to raise funds, if needed, for working capital, capital expenditures and other purposes.

In addition, because we are currently in Chapter 11 proceedings, we may have to undertake alternative financing plans, such as:

- refinancing or restructuring our debt;
- selling assets;
- reducing or delaying capital investments; or
- seeking to raise additional capital.

However, any alternative financing plans that we undertake will not likely allow us to meet our debt obligations. Our inability to pay off our debt obligations and our inability to obtain alternative financing due to our current Chapter 11 proceedings, could materially and adversely affect our business, financial condition, results of operations or prospects. Additionally, we must obtain Bankruptcy Court approval for these actions, which will place us at a competitive disadvantage and limit our flexibility to react to changes in our business or our industry.

[Table of Contents](#)**Risks Related to Our Business and Industry**

All flights with the aircraft type H225 and AS332 L2 have been temporarily grounded which may cause a material and adverse impact to our financial viability.

On April 29, 2016, one of our H225 helicopters was involved in a tragic accident in Norway resulting in the loss of life for 11 passengers and two crew members. Immediately after the accident on April 29, 2016, out of respect for passengers and crew members, and in order to evaluate any implications associated with the April 29, 2016 accident, all flights with the aircraft type H225 were temporarily put on hold in the Norwegian and UK sectors. In collaboration with our stakeholders, customers and regulatory authorities, pending further regulatory guidance, we then temporarily put on hold all H225 commercial flights around the world (with the exception of SAR missions).

This incident resulted in the Civil Aviation Authorities in the U.K. and Norway issuing safety directives, requiring operators to suspend all commercial operations, including SAR missions, of the affected aircraft globally for a period of time pending determination of the root cause of the accident. Additionally, the European Aviation Safety Agency issued an Emergency Airworthiness Directive on June 2, 2016, and temporarily grounded H225 and AS332 L2 flights as a precautionary measure, but does permit single ferry flights without passengers to recover aircraft to a suitable maintenance location. On June 28, 2016, the AIBN released a preliminary report which is available at <http://www.aibn.no/Aviation/Investigations/16-286>. Neither the foregoing website nor the information contained on the website nor the report accessible through such website shall be deemed incorporated into, and neither shall be a part of, this Annual Report on Form 10-K.

We have suspended all H225 and AS332 L2 operations (including those committed to SAR and Medevac) until further feedback is received from the European Aviation Safety Agency. In addition to any loss of property, liability or litigation risks associated with helicopter crashes, our revenue, profitability and margins would decline to the extent the helicopters were voluntarily or mandatorily grounded. We have also suffered costs due to a reduction in various choices of helicopter types and the necessity to retrain our employees how to operate different helicopters due to this accident. There is uncertainty surrounding H225 and AS332 L2 operations in the foreseeable future. Additionally, many of our contracts with our customers require us to provide H225 aircraft to them and we may possibly face legal liability for breach of contract if we are unable to provide these helicopters for safety reasons. A protracted grounding of the H225 and AS332 L2 helicopters will cause us to face significant uncertainty regarding our ability to continue as a going-concern.

Our operations and fleet are reliant on Airbus helicopters.

Our operations and fleet are reliant on Airbus helicopters. This reliance may increase our risk of losses due to any unforeseen safety incidents. Safety incidents involved with any Airbus helicopter will negatively impact our ability to continue operations and will impact a significant amount of our fleet.

Operating helicopters involves a degree of inherent risk and we are exposed to the risk of losses from safety incidents.

Hazards, such as adverse weather conditions, darkness, collisions and fire are inherent in the provision of helicopter services and can result in personal injury and loss of life, accidents, reduced number of flight hours, severe damage to and destruction of property and equipment and suspension of operations or grounding of helicopters.

For example, on October 22, 2012, one of our H225 helicopters made a controlled water landing in the North Sea with no injuries to crew or passengers. Given that this was the second such event, the first having occurred to another operator in May 2012, all flights of almost all commercial operators worldwide using the same type of helicopter were subsequently suspended for the duration of a lengthy investigation and subsequent corrective action from the manufacturer. In addition, on August 23, 2013, one of our AS332 L2 helicopters was involved in a tragic accident in the North Sea, resulting in four fatalities among the 16 passengers and two crew members on board. The U.K. Air Accident Investigation Branch released a final report stating that the cause of the accident was pilot error.

On April 29, 2016, one of our H225 helicopters was involved in a tragic accident in Norway resulting in the loss of life for 11 passengers and two crew members. We voluntarily restricted the use of this model of helicopter worldwide while investigating the cause of the accident. This incident resulted in the Civil Aviation Authorities in the U.K. and Norway issuing safety directives, requiring operators to suspend commercial operations of the affected aircraft globally for a period of time pending determination of the root cause of the accident. On June 28, 2016, the AIBN released a preliminary report which is available at <http://www.aibn.no/Aviation/Investigations/16-286>. Neither the foregoing website nor the information contained on the website nor the report accessible through such website shall be deemed incorporated into, and neither shall be a part of, this

Annual Report on Form 10-K. In addition to any loss of property or liability associated with helicopter crashes, our revenue, profitability and margins would decline to the extent any of our helicopters were voluntarily or mandatorily grounded. We have suspended all H225 and AS332 L2 operations (including those committed to SAR and Medevac) until further feedback is received from the European Aviation Safety Agency. While we seek to mitigate the financial impact of such risks and preserve our rights through commercial and other arrangements with all those involved, when available, these mitigation efforts may not be successful or available for all incidents. Our performance, profitability and margins may fluctuate from period to period as a result of such incidents and our mitigation efforts.

If other operators experience accidents with aircraft models that we operate or lease, obligating us to take such aircraft out of service until the cause of the accident is rectified, we would lose revenue and might lose customers. In addition, safety issues experienced by a particular model of aircraft could result in customers refusing to use that particular aircraft model or a regulatory body grounding that particular aircraft model. The value of the aircraft model might also be permanently reduced in the market if the model were to be considered less desirable for future service and the inventory for such aircraft may be impaired.

If we are unable to mitigate potential losses through a robust safety management and insurance coverage program, our financial condition would be jeopardized in the event of a safety or other hazardous incident.

We attempt to protect ourselves against potential losses through our safety management system and insurance coverage. However, portions of our insurance coverage are subject to deductibles and maximum coverage amounts, and we do not carry insurance against all types of losses. We cannot ensure that our existing coverage will be sufficient to protect against all losses, that we will be able to maintain our existing coverage in the future or that the premiums will not increase substantially, including potentially, in connection with the AS332 L2 accident that occurred in August 2013 or the H225 accident that occurred in April 2016. Our safety management system may not be effective. In addition, terrorist activity, risk of war, accidents or other events could increase our insurance premiums. Our inability to renew our aviation insurance coverage or the loss, expropriation or confiscation of, or severe damage to, a large number of our helicopters could adversely affect our operations and possibly our financial condition and results of operations. Furthermore, we are not insured for loss of profit, loss of use of our helicopters, business interruption or loss of flight hours. The loss of, or limited availability of, our liability insurance coverage, inadequate coverage from our liability insurance or substantial increases in future premiums could have a material adverse effect on our business, financial condition and results of operations.

Failure to maintain standards of acceptable safety performance could have an adverse impact on our ability to attract and retain customers and could adversely impact our reputation, operations and financial performance.

Our customers consider safety and reliability as the two primary attributes when selecting a provider of helicopter transportation services. If we fail to maintain standards of safety and reliability that are satisfactory to our customers, our ability to retain current customers and attract new customers may be adversely affected. Moreover, helicopter crashes or similar disasters of another helicopter operator could impact customer confidence and lead to a reduction in customer contracts or result in the grounding of our helicopters, particularly if such helicopter crash or disaster were due to a safety fault in a type of helicopter used in our fleet. In addition, the loss of any helicopter as a result of an accident could cause significant adverse publicity and the interruption of air services to our customers, which could adversely impact our reputation, operations and financial results. Our helicopters have been involved in accidents in the past, some of which have included loss of life and property damage.

Our operations are largely dependent upon the level of activity in the offshore oil and gas industry.

To varying degrees, activity levels in the oil and gas industry are affected by long-term trends in oil and gas prices. Historically, the prices for oil and gas have been volatile and subject to wide fluctuations in response to changes in the supply of and demand for oil and gas, market uncertainty and a variety of additional factors beyond our control, such as:

- actions of the Organization of Petroleum Exporting Countries and other oil producing countries to control prices or change production levels;
- general economic and political conditions, both worldwide and in the regions in which we operate;
- governmental regulation;
- the price and availability of alternative fuels;

Many of the markets in which we operate are highly competitive, and if we are unable to effectively compete, it may result in a loss of market share or a decrease in revenue or profit margins.

Many of the markets in which we operate are highly competitive, and if we are unable to effectively compete, it could result in a loss of market share or a decrease in revenue or profit margins. Contracting for helicopter services is usually done through a competitive bidding process among those having the necessary equipment and resources. Factors that affect competition in our industry include price, reliability, safety, professional reputation, helicopter availability, equipment and quality of service. We compete against a number of helicopter operators including the other major global commercial helicopter operator, and other local and regional operators. There can be no assurance that our competitors will not be successful in capturing a share of our present or potential customer base. In addition, many oil and gas companies and government agencies to which we provide services have the financial ability to perform their own helicopter flying operations in-house should they elect to do so.

The main MRO competitors to our Heli-One business are the OEMs of helicopters and helicopter components. As such, our main competitors in this industry are also our main parts suppliers and MRO license providers. A conflict with the OEMs could result in our inability to obtain parts and licenses in a timely manner in required quantities and at competitive prices. In addition, the OEMs hold greater inventory of helicopter components, have more extensive operational experience and significantly greater capital resources. These, in turn, could have a material adverse effect on our business, financial condition or results of operations.

Given that we expect to significantly reduce the size of our fleet, this reduction may make it more difficult for us to compete effectively against our competitors. Any additional reduction to our fleet or any prolonged restriction from flying aircraft types H225 and AS332 L2 will have a significantly material adverse effect on our business and may prolong our exposure to Chapter 11 proceedings.

We rely on a limited number of large offshore helicopter support contracts with a limited number of customers. If any of these are terminated early or not renewed, our revenues could decline.

We rely on a limited number of large offshore helicopter support contracts with a limited number of customers. For fiscal 2016, revenue from Petrobras totaled \$202.9 million, Statoil ASA totaled \$210.3 million and Royal Dutch Shell plc. totaled \$208.8 million, each accounting for approximately 15% of our consolidated revenue. For fiscal 2016, our top ten customers accounted for approximately 69% of our consolidated revenues. Many of our contracts contain clauses that allow for early termination by the customer for convenience, generally without penalty and with limited notice requirements, which, if exercised, could have a material adverse effect on our business, financial condition or results of operations. As a result, you should not place undue reliance on the renewal or current terms of our customer contracts.

Negative publicity may adversely impact us.

Media coverage and public statements that insinuate improper actions by us, regardless of their factual accuracy or truthfulness, may result in negative publicity, litigation or governmental investigations by regulators. Specifically, accidents involving any aircraft operated by us or another operator could cause substantial adverse publicity affecting us specifically or our industry generally and could lead to the perception that our aircraft are not safe or reliable. In addition, negative publicity about our ability to continue as a going concern may cause us to lose existing or potential new customers.

Addressing negative publicity and any resulting litigation or investigations may distract management, increase costs and divert resources. Negative publicity may have an adverse impact on our reputation and the morale of our employees, which could make it more difficult for us to compete for future contracts or attract and retain employees or result in the loss of existing and future contracts. The impact of these factors is difficult to predict, but one or more of them could have a material adverse effect on our business, financial condition or results of operations.

[Table of Contents](#)***Our fixed operating expenses and long-term contracts with customers could adversely affect our business under certain circumstances.***

Our profitability is directly related to demand for our helicopter services. Our services have been significantly restricted due to the grounding of aircraft types H225 and AS332 L2. Because of the significant expenses related to helicopter financing, crew wages and benefits, lease costs, insurance and maintenance programs, a substantial portion of our operating expenses are fixed and must be paid even when certain helicopters are not actively servicing customers and thereby generating income. A decrease in our revenues could therefore result in a disproportionate decrease in our earnings, as a substantial portion of our operating expenses would remain unchanged. Similarly, the discontinuation of any rebates, discounts or preferential financing terms offered to us by helicopter manufacturers would have the effect of increasing our fixed expenses, and without a corresponding increase in our revenues, would negatively impact our results of operations. No assurance can be given that our costs will be comparable on a period to period basis, particularly when incidents may impact our helicopters.

Our long-term helicopter services and Heli-One contracts contain pre-determined price escalation terms and conditions. Although supplier costs and other cost increases are passed through to our customers through rate increases where possible, these escalations may not be sufficient to enable us to recoup increased costs in full. In addition, because many of our contracts are long-term in nature, cost increases may not be adjusted in our contract rates until the contracts are up for renewal. In particular, in our Heli-One business, approximately 38%, 40% and 34% of our third-party Heli-One revenue for fiscal 2014, 2015, and 2016, respectively, was derived from PBH contracts, where the customer pays a ratable monthly charge, typically based on the number of hours flown, for all scheduled and un-scheduled maintenance. It can be difficult to correctly estimate the cost of providing maintenance on a PBH basis. There can be no assurance that we will be able to estimate costs accurately or recover increased costs by passing these costs on to our customers. In the event that we are unable to do so, the profitability of our customer contracts and our business, financial condition and results of operations could be materially and adversely affected.

We depend on a small number of helicopter manufacturers and any safety issues can severely limit our ability to continue operating helicopters already in our fleet.

We contract with only four manufacturers of heavy and medium helicopters: Airbus Helicopters (formerly Eurocopter), Sikorsky, AgustaWestland and Bell. These manufacturers have limited availability of helicopters, particularly heavy helicopters, and we have limited alternative sources of new helicopters. If we are unable to acquire new helicopters when needed, continue operating helicopters already in our fleet, or purchase helicopters in the secondary markets, our business would be harmed.

If any of the helicopter manufacturers we contract with, or the government bodies that regulate them, identify safety issues with helicopter models we currently operate or that we intend to acquire, we may be unable to operate a portion of our fleet or could experience a delay in acquiring new helicopters, both of which would negatively affect our business. For example, in October 2012, one of our H225 helicopters made a controlled water landing in the North Sea with no injuries to crew or passengers. Almost all flights of all operators using the same type of helicopter were subsequently suspended for the duration of a lengthy investigation and corrective action from the manufacturer. In August 2013, one of our AS332 L2 helicopters was involved in an accident in the North Sea, resulting in four fatalities. The U.K. Air Accidents Investigation Bureau stated in its final report that the cause of the August 2013 accident was pilot error. The AS332 L2 and the H225 are produced by the same manufacturer, and we operate other helicopter types by this manufacturer (as of April 30, 2016, 81 helicopters in total, which total represents approximately 36% of our entire fleet). On April 29, 2016, one of our H225 helicopters was involved in a tragic accident in Norway resulting in the loss of life for 11 passengers and two crew members, see “Risks Related to Our Business and Industry-Operating helicopters involves a degree of inherent risk and we are exposed to the risk of losses from safety incidents.” The European Aviation Safety Agency and the Civil Aviation Authorities in U.K. and Norway have suspended operations of our H225 and AS332 L2 helicopter models. This will adversely impact our business, financial condition and results of operations, until further notice is received from the safety investigations. We may lose revenue and existing or potential new customers due the grounding of these helicopter models.

We depend on a limited number of third-party suppliers for helicopter parts and subcontract services.

We rely on a few key vendors for the supply of parts and subcontract services required to maintain our helicopters.

We currently obtain a substantial portion of our helicopter spare parts and components from helicopter manufacturers and maintain supply arrangements with other key suppliers. To the extent that these suppliers also supply parts for helicopters used by the military or other government organizations, parts delivery for our helicopters may be delayed during periods in which there are high levels of military or government operations. Our inability to perform timely maintenance and repairs can

[Table of Contents](#)

result in our helicopters being underutilized which could have an adverse impact on our business, financial condition and results of operations. Furthermore, our operations in remote locations, where delivery of these components and parts could take a significant period of time, could experience delays in our ability to maintain and repair our helicopters. While every effort is made to mitigate the impact of any such delays, this may pose a risk to our results of operations. We do not have an alternative source of supply for parts and components supplied by the main helicopter manufacturers. Failure or significant delay by these vendors in providing necessary parts could, in the absence of alternative sources of supply, have a material adverse effect on our business, including the withholding of payments by customers in certain cases. Due to our dependence on helicopter manufacturers for helicopter parts and components, we may also be subject to adverse impacts from unusually high price increases that are greater than overall inflationary trends. We might not be able to increase our contract rates. An unusually high increase in the price of parts or components that cannot be fully passed on to our customers could have a material adverse effect on our business, financial condition or results of operations.

Restructuring of our operations and organizational structure may lead to significant costs.

We are continually reviewing potential changes in our operations and organizational structure in order to enhance our overall competitiveness and viability. Restructuring activities that we have undertaken, and may undertake in the future, can divert significant time and resources, involve substantial costs and may fail to enhance our overall competitiveness and viability as intended, any of which could negatively impact our business. In connection with our current review of our operations and organizational structure with the view towards reducing operating costs, we have recorded \$94.7 million in restructuring expenses for the fiscal year ended April 30, 2016, mostly comprised of return costs on leased helicopters, employee severance and associated termination costs related to the reduction of our workforce and other termination rights. We may incur additional restructuring expenses in the future, particularly in connection with the Chapter 11 proceedings. Our restructuring activities have, and may, in the future, trigger restructuring, impairment and other accounting charges and/or result in a loss on sale of assets. Any of these charges or losses could have a material adverse effect on our business, financial condition or results of operations.

We may also experience labor unions or works' council objections or labor unrest actions (including possible strikes) when we seek to reduce our workforce in Europe and other regions. Many of our operations are located in countries and regions that have extensive employment regulations that we must comply with in order to reduce our workforce, and we may incur significant costs to complete such reductions. Any of those events could have a material adverse effect on our business, financial condition or results of operations.

Our business requires substantial capital expenditures, lease and working capital financing, which we are currently blocked from accessing through the capital markets and banks. Any further deterioration of current industry or business conditions, the capital and banking markets or a prolonged period in Chapter 11 proceedings generally could adversely impact our business, financial condition and results of operations.

As a result of the Chapter 11 proceedings, business and industry conditions, we do not have access to capital markets in order to make substantial capital expenditures including significant ongoing investment in order to purchase or lease new helicopters, refinance existing leases and maintain our existing fleet. We may not be able to raise additional funds through operating lease financing, debt or other financing to execute our strategy and make the capital expenditures required to operate our business successfully. In the event of adverse conditions in our industry, our business, the capital markets generally, or a prolonged exposure to Chapter 11 proceedings, we could face difficulties in securing the amounts required, on commercially favorable terms or in a timely manner. In addition, any such additional capital raised may be significantly dilutive to our existing shareholders and may result in the issuance of securities that have rights, preferences and privileges that are senior to our ordinary shares.

Concerns about a systemic impact of a potential long-term and wide-spread economic recession, increased energy costs, the availability and cost of credit, diminished business and consumer confidence and increased unemployment rates contribute to increased market volatility and diminish expectations for western and emerging economies, including the jurisdictions in which we operate. In particular, the cost of raising money in the credit markets could increase substantially as many lenders and institutional investors, concerned about the stability of the financial markets generally and about the solvency of counterparties, could increase interest rates, enact tighter lending standards and reduce and, in some cases, cease to provide funding, to borrowers. In addition, financial market instability could leave our creditors unable to meet their obligations to us.

Our current restrictions in accessing capital and bank markets or the availability of lease or other financings may have an impact on our plans or on our flexibility to react to changing economic and business conditions. In addition, our credit facilities and helicopter leases will have maintenance covenants which may need to be renegotiated from time to time, and the

[Table of Contents](#)***Variable Interest Entities***

The Company has variable interest in entities that are not consolidated, as we are not the primary beneficiary, which provide operating lease financing to us and an entity that provides flying services to third party customers. At April 30, 2016, the Company had operating leases for 103 helicopters with variable interest entities that were not consolidated. See note 3(b)(ii) of the audited annual consolidated financial statements for the fiscal years ended April 30, 2014, 2015 and 2016 included elsewhere in this Annual Report on Form 10-K.

Guarantees

The Company has provided limited guarantees to third parties under some of its operating leases relating to a portion of the residual helicopter values at the termination of the leases. The leases have terms expiring between fiscal 2017 and 2025. At April 30, 2016, the Company's exposure under the asset value guarantees including guarantees in the form of funded and unfunded residual value guarantees is approximately \$171.8 million.

Contingencies

The Company has exposure for certain legal matters as disclosed in note 25 of the audited annual consolidated financial statements for the fiscal years ended April 30, 2014, 2015 and 2016 included elsewhere in this Annual Report on Form 10-K. There have been no material changes in our exposure to contingencies.

We have entered into fee arrangements with financial advisors to assist us with our Bankruptcy filing. The arrangements include contingent fee payments up to \$15.0 million, payable upon completion of Chapter 11 reorganization. At April 30, 2016, no contingent fee amounts were accrued.

Critical Accounting Policies and Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Areas where significant estimates and assumptions have been made include: flying asset impairment assessment, provision for obsolete and excess inventories, indefinite life intangible asset and goodwill impairment assessment, flying asset depreciation, classification of helicopter leases as operating or capital leases, consolidation of variable interest entities, defined benefit pensions, contingent liabilities, and income taxes.

Flying asset impairment assessment

Our audited annual consolidated financial statements include property and equipment related to flying assets. Flying assets include both owned and leased helicopters, in addition to rotatable and repairable assets. In addition to property and equipment, our consolidated balance sheet includes funded residual value guarantees related to helicopter operating leases. The assessment of impairment for flying assets and funded residual value guarantees are subject to significant estimates and assumptions related to helicopter future cash flows and fair values.

Where events or circumstances indicate that the carrying amount of held for use flying assets may not be recoverable, the carrying value of the assets or asset groups is compared to the future projected undiscounted cash flows. We review the carrying amounts of the property and equipment either on an annual basis or earlier when the asset is classified as held for sale or when events or circumstances indicate that the carrying amount of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition.

We estimate the future projected undiscounted cash flows for helicopters at the helicopter type level as this is the lowest level which earns independent cash flows. The cash flows are based on management's expectation of future revenues and expenses including costs to maintain the assets over their respective service lives. Revenues are derived from the expected contractual cash flows for each helicopter. Costs are based on expected amounts for crew, helicopter lease costs, insurance, PBH, and any other cost directly related to the operation of the helicopter. An impairment loss is recognized as the excess of the carrying value over the fair value when an asset or asset group is not recoverable. Fair value is based on third party appraisals and market transactions. Significant estimates and judgments are applied in determining these cash flows and fair values, in particular due to the long life of these assets.

For the fiscal years ended April 30, 2014, 2015, and 2016, we recorded impairment charges of \$5.5 million and \$128.0 million and \$31.9 million, respectively, on assets held for use, as their carrying values were not deemed to be recoverable. We have made a strategic decision to exit certain older helicopter types upon completion of their flying obligations. Impairment charges were recorded to write down the carrying value of held for use helicopters, the major airframe inspections of leased

[Table of Contents](#)

helicopters, related rotatable parts and embedded equity to their fair values and the carrying value of held for sale helicopters to their fair value less costs to sell.

Long-lived assets that have been classified as held for sale are measured at the lower of their carrying amount or fair value less costs to sell and are not amortized once they are classified as held for sale. An impairment loss is recognized as the excess of the carrying amount over the fair value less costs to sell. In the fiscal years ended April 30, 2014, 2015, and 2016, we recorded impairment charges of \$18.5 million, \$5.5 million and \$4.1 million, respectively, on assets classified as held for sale.

Helicopter operating lease funded residual value guarantees are made at the inception of an operating lease where we have guaranteed a portion of the helicopter residual values at the end of the lease term and advanced an amount to the lessor in respect of this. Funded residual value guarantees are recoverable based on the residual value of the helicopter under the terms of the distribution of proceeds contained within the lease agreements. We recognize an impairment on funded residual value guarantees where our assessed value of each individual helicopter means that we would not be able to recover the full amount of our funded residual value guarantee. Fair value is based on third party appraisals. Significant estimates and judgments are applied in determining these fair values. In the fiscal years ended April 30, 2015, and 2016, we recorded impairment charges of \$13.4 million and \$93.4 million, respectively, on helicopter operating lease funded residual value guarantees.

A significant portion of our property and equipment, funded residual value guarantees and related assets is tied to the aircraft type H225. As at April 30, 2016, we have performed our impairment assessment using valuations informed by third party appraisals using available valuation information at that point in time. However, there may be significant risk and judgment associated with the fair values of this helicopter type. See “Item 1A. Risk Factors” and “Item 7. Aviation Safety and Regulatory Developments” included elsewhere in this Annual Report on Form 10-K for further information.

Subsequent to April 30, 2016, the Debtors filed motions with the Bankruptcy Court for the rejection of a number of helicopter lease contracts. See “Item 1. Business” included elsewhere in this Annual Report on Form 10-K for further information. The impact of the rejected leases on our fleet plan or on helicopter fair values is not reflected in the assessment of impairment of these assets as at April 30, 2016.

Provision for obsolete and excess inventories

We maintain inventories that primarily consist of consumable parts and supplies to service our aircraft. We record provisions to reduce inventories to the lower of cost or market value to reflect changes in market conditions, fleet strategy, expected utilization and the secondary market for consumable parts and supplies. During the fiscal year ended April 30, 2016, we recorded an impairment charge of \$17.9 million to increase our provision on certain consumable inventories. Consumable inventories identified as excess have been measured at estimated market value, based on our experience with past sales of surplus consumable inventories and our assessment of resale market conditions.

Subsequent to April 30, 2016, the Debtors filed motions with the Bankruptcy Court for the rejection of a number of helicopter lease contracts. See “Item 1. Business” included elsewhere in this Annual Report on Form 10-K for further information. Changes in our fleet plan subsequent to April 30, 2016, pending the outcome of decisions by the Bankruptcy Court, may significantly impact the assessment of the provision for obsolete and excess inventories going forward.

Indefinite life intangible asset and goodwill impairment assessment

The recoverability of goodwill and indefinite life intangible assets is assessed on an annual basis or more frequently if events or circumstances indicate that the carrying value may not be recoverable. If the carrying amount of an indefinite life intangible asset exceeds its fair value, we shall recognize an impairment loss equal to that excess.

The fair value of trademarks and trade names, which we have assessed as indefinite life intangible assets, is determined based on the present value of estimated future cash flows, discounted at a risk-adjusted rate. The fair value of trademarks and trade names is allocated to both our Helicopter Services and Heli-One segments. No impairment was recognized in the fiscal years ended April 30, 2014 and 2015 for trademarks and trade names based on our estimated cash flow projections and assessed risk-adjusted discount rates. However, due to a decrease in customer activity and our estimated revenue projections from operations, in conjunction with a risk-adjusted rate reflecting the inherent risks given increased oil and gas market uncertainty, we recognized an impairment charge of \$75.3 million as at April 30, 2016. The discount rate for the carrying value to exceed the fair value of the trade names and trademarks of Helicopter Services would be 11.6% and for Heli-One would be 19.5% for the fiscal year ended April 30, 2016.

In fiscal 2015, goodwill was assessed for impairment at the reporting unit level by comparing the carrying value of the reporting units with their fair value. All of our goodwill was contained in the Helicopter Services reporting unit. The fair value of our reporting units was determined based on the present value of estimated future cash flows, discounted at a risk-adjusted rate. Management’s forecasts of future cash flows which incorporate anticipated future revenue growth and related expenses to

[Table of Contents](#)

support the growth and maintain its assets are used to calculate fair value. The discount rates used represent management's estimate of the weighted average cost of capital for the reporting units considering the risks and uncertainty inherent in the cash flows of the reporting units and in our internally developed forecasts. The fair value of our reporting units is most significantly affected by the discount rate used, the expected future cash flows and the long-term growth rate. We operate in a competitive environment and derive a significant portion of revenue from the offshore oil and gas industry. The ability to win new contracts, earn forecast margins on those contracts, retain existing customers as well as the continued demand for flying services in the oil and gas market will affect our future cash flows and future growth. Relatively minor changes in estimated future cash flows, growth rates and discount rates could significantly affect the estimate of reporting unit fair value and the amount of impairment loss recognized, if any. As a result of deteriorating conditions in the oil and gas markets and related service sectors and a decline in our market capitalization we performed a two-step goodwill impairment test during fiscal 2015.

In the first step of the impairment test, we concluded that the carrying value of the Helicopter Services segment exceeded its fair value. Therefore, we performed the second step to determine the amount of the impairment loss by comparing the carrying value of goodwill against its implied fair value. The implied fair value of the goodwill was determined by allocating the fair value of Helicopter Services to all of its assets and liabilities as if Helicopter Services had been acquired in a business combination and its fair value was the purchase price paid to acquire Helicopter Services. Based on the analysis, there was no implied fair value of goodwill and goodwill impairment of \$403.5 million was recorded in fiscal 2015, which represented the entire goodwill balance.

Flying asset depreciation

Flying assets are amortized to their estimated residual value over their estimated useful life of 10-25 years, with the residual value used in the calculation of depreciation being 50%. The estimated service lives and associated residual values are based on management estimates including an analysis of future values of the helicopters and our experience. The estimated service lives and associated residual values of helicopters are reviewed when there are indicators that a change in estimate may be necessary.

Rotable and repairable assets are recorded at cost and are amortized on a pooled basis to their estimated residual value on either a 40%-80% declining balance basis for shop replaceable assets or a 10%-30% declining balance basis for line replaceable assets. When components are retired or otherwise disposed of in the ordinary course of business, their original cost, net of salvage or sale proceeds, is charged to accumulated depreciation.

The depreciation of flying assets may change significantly based on changes to our fleet plan, driven by market and other conditions. Subsequent to April 30, 2016, the Debtors filed motions with the Bankruptcy Court for the rejection of a number of helicopter lease contracts. See "Item 1. Business" included elsewhere in this Annual Report on Form 10-K for further information. Changes in our fleet plan subsequent to April 30, 2016 may significantly alter the depreciation rates of these assets.

Classification of helicopter leases as operating or capital leases

In assessing the lease classification of a helicopter lease as operating or capital, management makes significant judgments and assumptions in determining the discount rate, fair value of the helicopter, estimated useful life and residual value. Changes in any of these assumptions at lease inception or modification date could change the initial lease classification.

Consolidation of variable interest entities ("VIEs")

We are required to consolidate a VIE if we are determined to be its primary beneficiary. Significant judgments are made in assessing whether we are the primary beneficiary, including determination of the activities that most significantly impact the VIE's economic performance. This significant judgment is discussed further in note 3 of our audited annual consolidated financial statements for the fiscal years ended April 30, 2014, 2015 and 2016 included elsewhere in this Annual Report on Form 10-K.

Defined benefit pensions

We maintain both funded and unfunded defined benefit employee pension plans for certain eligible employees. As of April 30, 2015 and 2016, we had an unfunded deficit of \$105.8 million and \$94.1 million, respectively. The pension expense (income) for the fiscal years ended April 30, 2014, 2015 and 2016 was \$(0.9) million, \$0.6 million and \$2.9 million, respectively. The overall asset mix was 1% cash, 26% equities, 34% fixed income and 39% money market and other as of April 30, 2016. This asset mix varies by each plan.

Measuring our obligations under the plans and related periodic pension expense involves significant estimates. Our pension benefit costs are accrued based on our review of annual analysis performed by our actuaries. These factors include

I. OVERVIEW OF THE PLAN

The joint chapter 11 plan of reorganization (the “**Plan**,”¹ attached hereto as **Exhibit B** and as the same may be amended from time to time) described in this Disclosure Statement (as amended, and including all exhibits, the “**Disclosure Statement**”) is the culmination of CHC Group Ltd.’s (“**CHC Parent**”) and its debtor affiliates’ (each, a “**Debtor**” and collectively, the “**Debtors**”)² voluntary chapter 11 cases (the “**Chapter 11 Cases**”), which were commenced in the midst of an unprecedented decline in oil and gas prices. The significant and sustained drop in oil prices and the related contraction of demand for offshore helicopter services, coupled with customer demands for price concessions and new flexible contract terms, made it impossible for the Debtors to bear the weight of their capital structure and fleet expense without relief under the Bankruptcy Code.

The Debtors have engaged in extensive negotiations with their key creditor constituencies, which culminated in that certain Plan Support Agreement (including all exhibits thereto), dated as of October 11, 2016 [Docket No. 956], as amended, restated, or otherwise modified in accordance with its terms, and as amended on November 3, 2016 [Docket No. 1129] and November 23, 2016 [Docket No. 1263] (the “**Plan Support Agreement**”)³ by and among (i) the Debtors, (ii) The Milestone Aviation Group Limited (“**Milestone**”); The Milestone Aviation Asset Holding Group No. 1 Ltd; The Milestone Aviation Asset Holding Group No. 8 Ltd; The Milestone Aviation Asset Holding Group No. 20 Ltd; The Milestone Aviation Asset Holding Group No. 25 Ltd; Milestone Export Leasing, Limited; GE Capital Equipment Finance Ltd; and GE European Equipment Finance (Aircraft No. 2) Limited (collectively with Milestone, the “**Milestone Parties**”), (iii) the beneficial holders, or investment advisors or managers for the account of such beneficial holders, of Senior Secured Notes (as herein defined) that have executed the Plan Support Agreement (the “**Plan Sponsors**”), (iv) the statutory committee of unsecured claimholders appointed by the U.S. Trustee in the Chapter 11 Cases pursuant to section 1102 of the Bankruptcy Code (the “**Creditors’ Committee**”), (v) Solus Alternative Asset Management LP and Marble Ridge Capital LP as beneficial holders, or investment advisors or managers for the account of such beneficial holders, of Unsecured Notes (as herein defined), together with any of their respective successors and permitted assigns under the Plan Support Agreement, that have executed the Plan Support Agreement (the “**Individual Creditor Parties**”), and (vi) each of the other beneficial owners (or investment managers or advisors for the beneficial owners) of the Senior Secured Notes, Unsecured Notes, or Claims against the Debtors, in each case, that becomes a party to the Plan Support Agreement in accordance with its terms by executing and delivering a Joinder Agreement (as defined in the Plan Support Agreement), together with any of their respective successors and permitted assigns under the Plan Support Agreement (the “**Additional Consenting Parties**” and together with the Milestone Parties, the Plan Sponsors, the Creditors’ Committee, and the Individual Creditor Parties, the “**Consenting Creditor Parties**”).

In connection with the Plan Support Agreement, CHC Parent entered into that certain Backstop Agreement, dated as of October 11, 2016, as amended, restated, or otherwise modified in accordance with its terms, (the “**Backstop Agreement**,” attached to the Plan Support Agreement as **Exhibit B** thereto) and as amended on November 3, 2016 and November 23, 2016 by and among (i) CHC Parent and (ii) certain of the Plan Sponsors and the Individual Creditor Parties, together with any of their respective successors and permitted assigns under the Backstop Agreement, that have agreed to backstop the Rights Offering

¹ Capitalized terms used, but not otherwise defined herein shall have the meaning ascribed to them in the Plan.

² A list of the Debtors in these chapter 11 cases, along with the last four digits of each Debtor’s federal tax identification number, where applicable, is attached hereto as **Exhibit A**.

³ A term sheet (the “**Plan Term Sheet**”) outlining the principle terms of the Restructuring incorporated into the Plan is annexed to the Plan Support Agreement as **Exhibit A** thereto.

pursuant to which each holder of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims is entitled to receive Subscription Rights to acquire New Second Lien Convertible Notes in accordance with the Rights Offering Procedures set forth herein in Section XIII (each in its capacity as such, a “**Backstop Party**” and collectively, the “**Backstop Parties**”). Each of the Backstop Parties, severally and not jointly, have agreed, pursuant to the Backstop Agreement, to fully participate in the Rights Offering and purchase the New Second Lien Convertible Notes (the “**Backstop Commitment**”) in accordance with the percentages set forth in Exhibit A to the Backstop Agreement (the “**Backstop Percentages**”) to the extent unsubscribed under the Rights Offering.

On October 11, 2016, the Debtors filed the *Debtors’ Motion for an Order Pursuant to Sections 105(a) and 363(b) of the Bankruptcy Code and Bankruptcy Rules 6004 and 9019 Authorizing the Debtors to Enter into and Approving Plan Support Agreement, Backstop Agreement and Milestone Term Sheet* [Docket No. 953, refiled as Docket No. 956] (the “**Support Agreements Approval Motion**”), which was approved by the United States Bankruptcy Court for the Northern District of Texas (the “**Bankruptcy Court**”) on December 20, 2016. Pursuant to the Plan Support Agreement, the Consenting Creditor Parties have agreed to support and vote in favor of the Plan, subject to customary conditions and approval of this Disclosure Statement.

The Plan represents a comprehensive financial and operational restructuring of the Debtors (the “**Restructuring**”) and provides additional liquidity that will further the Debtors’ emergence from chapter 11 and their continued existence as a successful and profitable global helicopter services and maintenance, repair and overhaul provider.

The Plan is also value-maximizing for all stakeholders. Among other things the Plan:

- provides for a \$300 million new money investment through the fully-backstopped Rights Offering;
- reduces the Debtors’ prepetition debt by approximately \$925 million (prior to conversion of all of the New Second Lien Convertible Notes and by \$1.4 billion subsequent to such conversion);
- reduces the Debtors’ annual Cash interest burden by 85%, which frees up approximately \$115 million in annual cash flow that can be used for reinvestment in the Debtors’ business;
- provides for a global settlement between the Debtors and the Consenting Creditor Parties described more fully below; and
- provides for a right-sizing of the Debtors’ fleet, including a significant reduction in rent expense.

Below is an overview of the facilities and treatment provided for under the Plan.

1. **Exit Revolving Credit Facility**

The Plan provides for a new revolving credit facility in a principal amount of Three Hundred Eighty-Three Million Twenty Thousand Eight Hundred Eighty-Six Dollars (\$383,020,886) (the “**Exit Revolving Credit Facility**”). The Exit Revolving Credit Facility is described in more detail in Section V.N herein.

2. Amended and Restated ABL Credit Facility

The Debtors have agreed to the terms of the Amended and Restated ABL Credit Agreement, which will reduce the principal balance under the ABL Credit Agreement, to be apportioned across eight (8) aircraft that the Debtors will retain.

3. Milestone Transactions

The Debtors have agreed to a fleet restructuring transaction with the Milestone Parties, one of the Debtors' largest aircraft lessors. The transaction with the Milestone Parties includes, among other things, a comprehensive restructuring of lease rentals, the consensual return of certain helicopters, the lease of additional helicopters, amendments to the return conditions for certain helicopters, and, at the Debtors' election, the provision by an affiliate of Milestone, PK Transportation Finance Ireland Limited, of a new \$150 million committed debt facility for the acquisition and/or refinancing of certain aircraft (the "**PK Financing Facility**"). The Milestone transaction also avoids potential complex and costly litigation around the size of the Milestone Parties' General Unsecured Claims, while enabling the Debtors to continue to use their aircraft pursuant to restructured lease agreements.

4. \$300 Million New Money Investment and Rights Offering

In connection with the Plan, and pursuant to the Backstop Agreement, Reorganized CHC will solicit participation in the Rights Offering to purchase New Second Lien Convertible Notes due three-and-a-half years from the Effective Date, bearing no interest (other than in connection with an event of default), in an aggregate principal amount of approximately \$433.3 million, after adjustment for an original issue discount of ten percent (10.0%) (or approximately \$33.3 million) and a \$100 million Equitization Premium (as described herein), for an aggregate purchase price of \$300 million. On the Effective Date, approximately \$30.8 million in additional New Second Lien Convertible Notes will also be issued to the Backstop Parties in exchange for undertaking the Backstop Commitment, making the aggregate principal amount of New Second Lien Convertible Notes issued approximately \$464.1 million. On an as converted and fully diluted basis (but subject to dilution for the Management Incentive Plan), the New Second Lien Convertible Notes represent 85.4% of the New Membership Interests. Pursuant to the Rights Offering, the \$300.0 million investment will be allocated \$280.0 million to the holders of Allowed Senior Secured Notes Claims and \$20 million to the holders of Allowed Unsecured Notes Claims. Only Eligible Offerees may participate in the Rights Offering. Each Eligible Offeree that is a holder of an Allowed Senior Secured Notes Claim or an Allowed Unsecured Notes Claim that participates in the Rights Offering will receive its Pro Rata share of its respective Class' allocation of the New Second Lien Convertible Notes. In lieu of Subscription Rights, Non-Eligible Offerees will be given the opportunity to receive a substitute distribution (a "**Substitute Distribution**") consisting of New Membership Interests. The Substitute Distribution is further described in Section XIII.F herein.

5. New Unsecured Notes

In connection with the Plan, Reorganized CHC will issue up to \$37.5 million of New Unsecured Notes, with a seven year maturity and an interest rate of 5.0% payable in kind until the earlier of the maturity or conversion of all of the New Second Lien Convertible Notes and thereafter payable in Cash. The New Unsecured Notes will have the terms set forth in the term sheet annexed to the Plan Term Sheet as **Exhibit E** (the "**New Unsecured Notes Term Sheet**"). The New Unsecured Notes, less the amount of the Convenience Claim Distribution Amount, will be distributed to holders of General Unsecured Claims pursuant to the allocations described in Section I.8 herein.

6. Global Settlement

The Plan is the product of extensive arms'-length negotiations, encompasses a global settlement and avoids litigation over numerous complex issues among all creditors pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019. Such issues include, among others:

- the amount, value, and treatment of ABL Claims, Senior Secured Notes Claims, and Unsecured Notes Claims against the Debtors;
- the validity, extent and priority of the Liens securing the Senior Secured Notes;
- the value of the Debtors' encumbered and unencumbered Assets;
- any potential adequate protection or diminution in value Claims by the holders of Senior Secured Notes;
- any potential Claims to surcharge Collateral under section 506(c) of the Bankruptcy Code;
- the allocation of distributable value among the various creditor classes; and
- the Equity Value and the total enterprise value of the reorganized company premised upon the Debtors remaining as a going concern, which is conditioned upon the \$300 million new money investment.

As part of the integrated, global settlement, the Plan also provides for a settlement of the allocation and distribution of value among holders of Allowed General Unsecured Claims, as described in further detail below. The allocation of recovery value to Allowed General Unsecured Claims in the manner provided for in the Plan is a fair, equitable and reasonable means of allocating recoveries among holders of Allowed General Unsecured Claims. Litigation over the allocation of value between the Senior Secured Notes Claims, Unsecured Notes Claims, and General Unsecured Claims would have been complex, protracted, and costly, ultimately reducing the available recoveries for all creditors.

The global settlement by and between the Debtors and the Consenting Creditor Parties avoids potential litigation and the factual and legal complexities associated therewith. Resolution of the various creditor and intercompany issues would require significant litigation, discovery, and potential involvement of experts, which would result in significant administrative expense. Litigation of these issues would likely result in significant delay to reach an Effective Date of the Plan, and the resulting expense is not in the best interests of creditors. Settlement decreases the potential for diminution in the value of the assets and provides greater certainty that the Debtors will be able to emerge as a reorganized entity rather than suffer a liquidation.

7. Treatment of Claims and Interests

In addition to the treatment described above, the Plan contemplates that (i) seventy-nine-and-a-half percent (79.5%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan (which equates to eleven-point-six percent (11.6%) of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan) will be distributed to holders of Allowed Senior Secured Notes Claims; (ii) eight-point-nine percent (8.9%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan

(which equates to one-point-three percent (1.3%) of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan) will be distributed to holders of Allowed Unsecured Notes Claims; and (iii) eleven-point-six percent (11.6%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan (which equates to one-point-seven percent (1.7%) of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan) will be distributed to holders of General Unsecured Claims.⁴

The Plan also contemplates that (A) holders of Allowed Convenience Claims⁵ will receive the lesser of (i) payment in full in Cash and (ii) their Pro Rata share of the Convenience Claims Distribution Amount, which is \$750,000; (B) holders of Allowed Other Priority Claims and Allowed Other Secured Claims will be paid in full; and (C) all Existing CHC Interests will either be cancelled or struck-off.

The following table summarizes the treatment of, and estimated recovery for, Claim and Interest holders under the Plan. The Plan groups the Debtors together solely for the purpose of describing treatment of Claims and Interests under the Plan and confirmation of the Plan. Although the Plan applies to all of the Debtors, the Plan constitutes forty-three (43) distinct chapter 11 plans, one for each Debtor, and, except with respect to the Class 7 consolidation for distribution purposes only set forth in Section 5.21 of the Plan, for voting and distribution purposes, each Class of Claims will be deemed to contain sub-classes for each of the Debtors, to the extent applicable. To the extent there are no Allowed Claims or Interests with respect to a particular Debtor, such Class is deemed to be omitted with respect to such Debtor. Except as otherwise provided in the Plan, to the extent a holder has a Claim that may be asserted against more than one Debtor, the vote of such holder in connection with such Claims will be counted as a vote of such Claim against each Debtor against which such holder has a Claim. For additional information, please refer to the discussion in Section VI of this Disclosure Statement and the Plan itself:

⁴ In addition, pursuant to the global Plan Settlement, the holders of Allowed Senior Secured Notes Claims agreed to waive their rights to receive any recovery on account of their Senior Secured Notes Deficiency Claims, thereby avoiding dilution of the recoveries to holders of Allowed Unsecured Notes Claims and Allowed General Unsecured Claims on account of such deficiency claims.

⁵ The Plan defines a Convenience Claim as any Claim against the Debtors that would otherwise be a Primary General Unsecured Claim that is (i) Allowed in the Convenience Claim Amount or less, or (ii) irrevocably reduced to the Convenience Claim Amount at the election of the holder of the Allowed Primary General Unsecured Claim evidenced on the Ballot submitted by such holder; *provided, however*, that a Primary General Unsecured Claim may not be subdivided into multiple Claims of the Convenience Claim Amount or less for purposes of receiving treatment as a Convenience Claim; *provided, further, however* that, to the extent that a holder of a Convenience Claim against a Debtor holds any joint and several liability claims, guaranty claims, or other similar claims (such as an Allowed Secondary General Unsecured Claim) against any other Debtors arising from or relating to the same obligations or liability as such Convenience Claim, such holder shall only be entitled to a distribution on one Convenience Claim against the Debtors in full and final satisfaction of all such Claims. The Convenience Claim Amount is One Hundred Thousand Dollars (\$100,000), or such greater amount as may be agreed to among the Debtors and the Creditors' Committee.

8. Treatment of Unsecured Notes Claims and General Unsecured Claims

Recoveries for Holders of Unsecured Notes Claims

Pursuant to the settlements embodied in the Plan, the Plan allocates eight-point-nine percent (8.9%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan, for distribution to all holders of Allowed Unsecured Notes Claims and, subject to certain restrictions, the opportunity for holders of Allowed Unsecured Notes Claims who are Eligible Offerees to participate in the Rights Offering. Non-Eligible Offerees will receive their Pro Rata share of up to zero-point-one percent (0.1%) of New Membership Interests otherwise distributable to holders of Allowed Unsecured Notes Claims.

In the aggregate, pursuant to the Plan (and the global settlement contained therein) holders of Allowed Unsecured Notes Claims receive a higher recovery rate than holders of Allowed General Unsecured Claims. The aggregate recovery to holders of Allowed Unsecured Notes Claims takes into account the fact that forty (40) of the forty-three (43) Debtors issued or guaranteed the obligations under the

Unsecured Notes and, therefore, the holders of Allowed Unsecured Notes Claims are able to assert the full value of their Unsecured Notes claims against all forty (40) of those entities, while holders of General Unsecured Claims are limited to asserting their claims at one or fewer entities. Several of the Debtors at which the Unsecured Notes Claims are asserted do not have other General Unsecured Claims asserted at such entities. Therefore, the unencumbered value of such Debtors inures solely to the benefit of the Unsecured Notes Claims.

Recoveries for Holders of General Unsecured Claims

In addition, the Plan provides for distributions to holders of Allowed General Unsecured Claims aggregate value consisting of (i) eleven-point-six percent (11.6%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan, and (ii) \$37.5 million of New Unsecured Notes, less the amount of the Convenience Claim Distribution Amount.

Pursuant to the settlements embodied in the Plan, this value is allocated among holders of Allowed Primary General Unsecured Claims, and holders of Allowed Secondary General Unsecured Claims. The Plan establishes a minimum level of recoveries for Allowed Primary General Unsecured Claims intended to reflect a fair settlement of the numerous disputes between secured and unsecured creditors, while ensuring that unsecured creditors with Allowed Secondary General Unsecured Claims receive additional recoveries on account of such claims.

Holders of Allowed Primary General Unsecured Claims against all of the Debtors will receive their Pro Rata share of the Primary General Unsecured Claims Distribution valued at approximately \$22.5 million, consisting of, collectively, (i) five-point-seven percent (5.7%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan, and (ii) \$17,979,648 of New Unsecured Notes (the “**Primary General Unsecured Claims Distribution**”). The Primary General Unsecured Claims Distribution is estimated to provide a minimum recovery of approximately 1.8% to all holders of Allowed Primary General Unsecured Claims against the Debtors. That recovery rate could increase or decrease depending on the aggregate amount of Allowed Primary General Unsecured Claims, the extent to which holders of Allowed Primary General Unsecured Claims elect to participate in the Convenience Class, and as necessary to ensure that the distributions to all Allowed General Unsecured Claims satisfy the requirements of the Bankruptcy Code. For the avoidance of doubt, each holder of an Allowed General Unsecured Claim (other than holders of Convenience Class Claims) shall receive their share of the Primary General Unsecured Claims Distribution.

In addition to the distribution on account of their Allowed Primary General Unsecured Claims, holders of Allowed Secondary General Unsecured Claims (*i.e.*, guarantee claims, Aircraft Sublease claims, and other claims as more fully described in the Plan) against certain Debtors defined as the Secondary Recovery Debtors will receive their Pro Rata share of the Secondary General Unsecured Claims Distribution allocated to the applicable Debtor entity against which the respective claims apply. Based on the Debtors’ analysis of each Debtor entity’s unencumbered value, only eight (8) Debtor entities with Secondary General Unsecured Claims, identified on **Exhibit C**, have unencumbered assets to support a distribution to holders of Allowed Secondary General Unsecured Claims. Pursuant to the Plan settlement, a pool, valued at approximately \$23.5 million, consisting of (i) five-point-nine percent (5.9%) of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan, and (ii) \$18,770,352 of New Unsecured Notes (the “**Secondary General Unsecured Claims Distribution**”) will be made available for distribution, on an entity-by-entity ratable basis to holders of Allowed Secondary General Unsecured Claims.

The allocation of the Secondary General Unsecured Claims Distribution among the Secondary Recovery Debtors is calculated using a recovery waterfall based upon all of the claims, secured and unsecured, at each entity. This recovery waterfall model allocates value based upon book value of assets and calculates the residual unencumbered value after accounting for all claims, available for distribution to holders of Allowed Secondary General Unsecured Claims at each Debtor entity. At each of the eight (8) Debtor entities identified on Exhibit C and defined as Secondary Recovery Debtors, the value available for distribution to holders of Allowed Secondary General Unsecured Claims at a particular Secondary Recovery Debtor is available for distribution only at that particular Secondary Recovery Debtor. Consequently, the estimated recovery rates on Exhibit C could increase or decrease depending on the aggregate amount of Allowed Secondary General Unsecured Claims at each such Secondary Recovery Debtor. The Debtors reserve the right to modify the allocation of the Secondary General Unsecured Claims Distribution and Primary General Unsecured Claims Distribution, including among the Debtor entities identified on Exhibit C, to satisfy the requirements of the Bankruptcy Code. Holders of Allowed Secondary General Unsecured Claims whose secondary claims are asserted at Debtors that are not Secondary Recovery Debtors (those Debtors with insufficient unencumbered assets, on a book value basis, and after accounting for the Primary Unsecured Claims Distribution, to support a distribution to holders of secondary claims), will not receive or retain any property under the Plan on account of such Allowed Secondary General Unsecured Claims.

Calculation of Recoveries for Allowed General Unsecured Claims

To estimate their recovery under the Plan:

- First, holders of Allowed Primary General Unsecured Claims either against one Debtor or against more than one Debtor should multiply the aggregate total of their Allowed Primary General Unsecured Claims at any Debtor by the estimated recovery rate (1.8%). For the avoidance of doubt, each creditor shall only have one Allowed Primary General Unsecured Claim against the Debtors arising out of the same obligations or liabilities.
- Second, to estimate any additional recovery on account of Secondary General Unsecured Claims (if applicable), such holders should multiply their Allowed Secondary General Unsecured Claims at each applicable Secondary Recovery Debtor by the estimated recovery rate listed on Exhibit C for that specific Secondary Recovery Debtor. Then, such holder should add up the result of their Secondary Recovery Debtor recoveries to determine their aggregate recovery on account of their Allowed Secondary General Unsecured Claims. To the extent such holder also has an Allowed Secondary General Unsecured Claim at a Debtor that is not a Secondary Recovery Debtor, such holder will not receive any recovery on account of such claim.
- Finally, the sum of such holder's recovery on account of the Allowed Primary General Unsecured Claim and the Allowed Secondary General Unsecured Claim(s) calculated per the steps described immediately above represents such holder's aggregate estimated recovery under the Plan.

As a hypothetical example, a creditor holds the following claims: (i) an Allowed Primary General Unsecured Claim of \$500,000 at Heliworld Leasing Limited; (ii) an Allowed Secondary General Unsecured Claim on account of such Allowed Primary General Unsecured Claim of \$500,000 at Secondary Recovery Debtor CHC Helicopter S.A. ("**CHC SA**"), which provides for a 1.23% recovery pursuant to Exhibit C and (iii) an Allowed Secondary General Unsecured Claim of \$500,000 at Debtor CHC Parent, which is not a Secondary Recovery Debtor. The calculation of the value of such creditor's recovery is as follows:

1. Allowed Primary General Unsecured Claim: The creditor's recovery on account of its Allowed Primary General Unsecured Claim will be calculated as \$500,000 multiplied by 1.8%, totaling \$9,000.
2. Allowed Secondary General Unsecured Claims: \$500,000 multiplied by 1.23% totaling \$6,150 at Secondary Recovery Debtor CHC SA and \$0 for the claim asserted at non-Secondary Recovery Debtor CHC Parent.
3. Aggregate Recovery Value: The sum of \$9,000 plus \$6,150, for an aggregate recovery value of \$15,150.

II. INTRODUCTION TO THE DISCLOSURE STATEMENT

A. The Purpose of the Disclosure Statement

Chapter 11 of the Bankruptcy Code is primarily used for business reorganization. Under chapter 11, a company endeavors to restructure its finances to maximize recovery to its stakeholders. Consummation of a plan of reorganization is the principal objective of a chapter 11 reorganization case. A plan of reorganization sets forth the means for satisfying claims against, and interests in, the debtor. Confirmation of a plan of reorganization by a bankruptcy court binds the debtor, any issuer of securities under the plan, any person acquiring property under the plan, and any creditor or interest holder of the debtor. Subject to certain limited exceptions, the order approving confirmation of a plan discharges the debtor from any debt that arose prior to the date of confirmation of the plan and substitutes the obligations specified under the confirmed plan.

In general, a plan of reorganization (i) divides claims and interests into separate classes, (ii) specifies the property that each class is to receive under the plan, and (iii) contains provisions necessary to implement the plan. Under the Bankruptcy Code, “**claims**” and “**interests**,” rather than “**creditors**” and “**shareholders**,” are classified because creditors and shareholders may hold claims and interests in more than one class.

The purpose of this Disclosure Statement is to provide the holders of Claims entitled or solicited to vote on the Plan with adequate information to make an informed judgment about the Plan. Pursuant to section 1125 of the Bankruptcy Code, acceptances of a chapter 11 plan may be solicited only after a written disclosure statement has been provided to each creditor or interest holder who is entitled to vote on the plan. This Disclosure Statement is presented by the Debtors to holders of Claims entitled to vote on the Plan to satisfy the disclosure requirements contained in section 1125 of the Bankruptcy Code.

This Disclosure Statement includes, among other things, an overview of the events leading to the commencement of the Chapter 11 Cases, a summary of the Chapter 11 Cases, an explanation of the Plan as well as certain associated risk factors, and an explanation of the confirmation process.

B. Who is Entitled to Vote

Under the Bankruptcy Code, only holders of claims or interests in “**impaired**” classes are entitled to vote on a plan (each class constituting, a “**Voting Class**” and each claim constituting, a “**Voting Claim**”) (unless, for reasons discussed in more detail below, such holders are deemed to reject the plan pursuant to

section 1126(g) of the Bankruptcy Code). Under section 1124 of the Bankruptcy Code, a class of claims or interests is deemed to be “**impaired**” under the plan unless (i) the plan leaves unaltered the legal, equitable, and contractual rights to which such claim or interest entitles the holder thereof to or (ii) notwithstanding any legal right to an accelerated payment of such claim or interest, the plan, among other things, cures all existing defaults (other than defaults resulting from the occurrence of events of bankruptcy) and reinstates the maturity of such claim or interest as it existed before the default.

C. Exhibits and SEC Filings Incorporated by Reference

**III.
THE DEBTORS' OPERATIONS AND CAPITAL STRUCTURE**

The Debtors and their non-debtor affiliates (collectively, “**CHC**”) are one of the largest global commercial helicopter service companies in the world, primarily engaged in providing helicopter services to the offshore oil and gas industry. With its senior management headquartered in Irving, Texas, CHC maintains bases on six continents with major operations in the North Sea, Brazil, Australia, and several locations across Africa, Eastern Europe, and Southeast Asia. CHC’s business consists of two main operating segments: (i) helicopter flight operations (“**Helicopter Services**”); and (ii) helicopter maintenance, repair, and overhaul operations (“**MRO**”) carried out by its Heli-One division (“**Heli-One**”), which services CHC’s helicopter fleet as well as aircraft of third-party customers.

A. Helicopter Services

CHC’s Helicopter Services segment consists of flying operations in the Eastern North Sea, the Western North Sea, the Americas, the Asia Pacific region and the Africa-Euro Asia region, primarily serving offshore oil and gas customers. These services facilitate large, long-distance crew changes on offshore production facilities and drilling rigs. Helicopter Services also provides helicopter services for search and rescue (“**SAR**”) and emergency medical services (“**EMS**”) to various government agencies, all of which are typically under long-term service contracts. In some instances, Helicopter Services also provides SAR and EMS services to its oil and gas customers. Helicopter Services generated approximately ninety percent (90%) of its revenue for the three years ended April 30, 2015 from oil and gas customers. The majority of this amount was from CHC’s customers’ offshore production operations. SAR and EMS revenue to non-oil and gas customers contributed approximately ten percent (10%) of Helicopter Services revenue for the three years ended April 30, 2015.

B. Heli-One (MRO)

CHC’s Heli-One segment includes helicopter MRO facilities in the Netherlands, Norway, Poland, Canada, and the United States, which provide services for CHC’s helicopter fleet and for CHC’s external customer base, primarily in Europe, Asia, and North America. CHC’s MRO capabilities enable CHC to perform heavy structural repairs, and maintain, overhaul, and test helicopters and helicopter components globally across various helicopter types. Heli-One’s largest customer is CHC’s Helicopter Services segment. Heli-One derives a significant portion of its third-party revenue from “**power by the hour**” (“**PBH**”) contracts, where the customer pays a ratable monthly charge, typically based on the number of hours flown, for all scheduled and un-scheduled maintenance.

C. Fleet

As of the Petition Date, CHC maintained a fleet of 230 helicopters, which were primarily medium (8 to 15 passengers) and heavy (16 to 26 passengers) helicopters (the “**CHC Prepetition Fleet**”). Of these helicopters, CHC owned 67 helicopters, 13 of which were financed through an asset-based loan facility, and leased the remainder from various third-party lessors. Following extensive efforts by the Debtors to align the CHC Prepetition Fleet with their business needs (see Section V.G below), upon emergence, the Debtors expect that they will have a fleet of approximately 130 helicopters.

D. Organizational Structure

The legal entities in CHC’s organizational structure primarily consist of (i) operating affiliates, including Variable Interest Entities (as defined below), in various jurisdictions that support Helicopter Services (the “**HS Operating Entities**”), (ii) fleet entities that either own or lease aircraft from third-party lessors (the “**FleetCos**”), (iii) Heli-One entities that support the MRO business (the “**Heli-One Entities**”), and (iv) entities that provide general corporate support and administration functions to the CHC enterprise (the “**G&A Entities**”), including the provision of pilots and engineers from CHC’s global touring crew (the “**Global Touring Crew**”) to the HS Operating Entities. CHC’s corporate structure chart as of the Petition Date is attached hereto as Exhibit F.

The HS Operating Entities generally hold the Helicopter Services customer contracts as well as various aircraft operating certificates, operating licenses, and regulatory authorizations (collectively, the “**AOCs**”) that are required to carry out helicopter flight operations in the operating jurisdictions. The HS Operating Entities typically employ local pilots and maintenance engineers, together with administrative and other support staff. In certain limited circumstances, AOCs and/or employees are held/employed by entities other than the HS Operating Entities.

The CHC FleetCos either own or lease from third-party lessors all of the aircraft in the CHC Prepetition Fleet. In most cases, the FleetCos sublease the aircraft to HS Operating Entities. These leasing structures provide regulatory and business flexibility and allow CHC to operate in each of the regions.

The Heli-One Entities are responsible for the majority of the MRO activities within the CHC business, including the internal PBH service arrangements with the HS Operating Entities as well as the third-party PBH contracts. These entities also manage the supply chain and logistics for moving spare parts and components between the various Heli-One facilities and CHC bases. The Heli-One Entities employ a larger number of shop employees in the Netherlands, Norway, Canada, Poland, and Fort Collins, Colorado.

CHC has centralized many of its general corporate and administrative functions in the G&A Entities, which typically provide services across the entire CHC enterprise. These services include, among others, executive, legal, finance, accounting, information technology, crew provision and scheduling, and certain sales functions. In most instances, the services provided by the G&A Entities are allocated to the various operating entities pursuant to intercompany service arrangements and booked as intercompany payables.

E. Directors and Officers

CHC Parent’s current board of directors is composed of (i) Karl S. Fessenden, (ii) John Krenicki Jr., (iii) John A. McKenna Jr., (iv) William G. Schrader, (v) Nathan K. Sleeper, (vi) Robert C. Volpe, (vii) William L. Transier, and (viii) Juan D. Vargas.

CHC Parent's current executive officers are (i) Karl S. Fessenden, President and Chief Executive Officer, (ii) Lee Eckert, Senior Vice President and Chief Financial Officer, and (iii) Hooman Yazhari, Senior Vice President, Legal and Administration.

F. Regulation of the Debtors' Business

The Debtors' operations are conducted in the United States as well as in non-U.S. jurisdictions and are subject to governmental laws, regulations, and treaties in the countries in which they operate. The laws, regulations, and treaties that impact the Debtors' operations include those relating to (i) the provision of helicopter flight operations and helicopter repair services, (ii) environmental protection, (iii) health and safety, (iv) taxation of the Debtors' earnings and the earnings of the Debtors' expatriate personnel, (v) immigration restrictions for expatriate personnel, (vi) minimum requirements for the use of local employees and suppliers, (vii) duties and restrictions on the importation and exportation of helicopters and other equipment, (viii) local currency requirements, and (ix) restrictions on repatriated cash.

G. Prepetition Indebtedness and Capital Structure

1. Equity Ownership

CHC Parent files annual reports with, and furnishes other information to, the SEC. The ordinary shares of CHC Parent were traded on the New York Stock Exchange (the "NYSE") under the symbol "**HELI**" until February 1, 2016, when CHC Parent received a delisting notice from the NYSE. Following the delisting, CHC Parent's ordinary shares were accepted for listing on the OTCQX Best Market ("**OTCQX**") and trading in CHC Parent's ordinary shares commenced on the OTCQX under the ticker symbol "**HELIF**" on February 2, 2016. Effective on the Petition Date, the ordinary shares ceased trading on the OTCQX and began trading on the OTC Pink Marketplace, under the symbol "**HELIQ**".

As of April 30, 2016, 544,000,000 shares of the Debtors' \$0.003 par value ordinary shares had been authorized with 2,721,592 shares of ordinary shares issued and outstanding. As of April 30, 2016, 6,000,000 shares of the Debtors' \$0.0001 par value redeemable convertible preferred shares had been authorized with 671,189 shares of redeemable convertible preferred shares issued and outstanding.

As of April 30, 2016, First Reserve Management, L.P. ("**First Reserve**"), a global private equity firm focused on energy, owned 1,530,011 shares of the CHC's ordinary shares, representing approximately 28.1% of the total voting power calculated on an as-converted basis of all stock.

On December 15, 2014, the Debtors completed the final of three offerings for a total of 600,000 shares of convertible preferred shares (the "**Preferred Shares**" and the holders of Preferred Shares, the "**Preferred Holders**") through a private placement to Clayton Dubilier & Rice, LLC ("**CD&R**") at the price of \$1,000 per share for a total of \$600 million. CHC used the net proceeds of this investment to reduce debt and other fixed charges.

Pursuant to that certain Rights and Restrictions of the Convertible Preferred Shares of CHC Group Ltd. Establishing the Terms of the Convertible Preferred Shares (the "**Preferred Share Rights and Restrictions**"), Preferred Holders accrue and accumulate dividends on a daily basis at a base rate of 8.50% per annum, which are payable, either in cash or with additional Preferred Shares, quarterly in arrears if, as and when so authorized and declared by the board of directors. As of April 30, 2016, 671,189 Preferred Shares were issued and outstanding, and all are held directly or indirectly by CD&R.

At any given time, all Preferred Holders can convert any or all of their Preferred Shares into some number of ordinary shares based upon a variable conversion rate. As of April 30, 2016, CD&R held preferred

shares representing approximately 52.2% of the outstanding ordinary shares on an as-converted basis. Pursuant to the Preferred Share Rights and Restrictions, to the extent that any Preferred Holder converts some number of Preferred Shares into ordinary shares such that the Preferred Holder controls more than 49.9% of total outstanding ordinary shares, any shares in excess of 49.9% of the total outstanding ordinary shares are replaced with an equivalent number of non-voting ordinary shares. The Preferred Shares vote together with the ordinary shares on an as converted basis and represent 49.9% of the vote.

2. Prepetition Indebtedness

As of the Petition Date, the Debtors had outstanding funded debt obligations in the aggregate amount of approximately \$1.6 billion, which consisted of (i) approximately \$370 million in secured borrowings under the Debtors' Revolving Credit Facility (as defined below), (ii) approximately \$139 million in secured borrowing under the Debtors' ABL Credit Facility (as defined below), (iii) approximately \$1.0 billion in principal amount of Senior Secured Notes, and (iv) approximately \$95 million in principal amount of Unsecured Notes. The Debtors also had approximately \$644 million in Preferred Shares outstanding as of the Petition Date.

(a) The Revolving Credit Facility

Debtors CHC SA, CHC Global Operations International Inc., CHC Global Operations (2008) Inc., Heli-One Canada Inc., Heli-One Leasing Inc., CHC Den Helder B.V., CHC Holding NL B.V., CHC Netherlands B.V., CHC Norway Acquisition Co AS, and Heli-One (Norway) AS, as borrowers, are parties to that certain Credit Agreement, dated as of January 23, 2014 (as amended, restated, supplemented, or otherwise modified from time to time, the "**Revolving Credit Agreement**"), with the lenders and issuing banks party thereto from time to time (collectively, the "**Revolving Credit Facility Lenders**"), HSBC Bank PLC, as administrative agent (the "**Revolving Credit Facility Administrative Agent**"), and HSBC Corporate Trustee Company (UK) Limited, as collateral agent (together with the Revolving Credit Facility Lenders and the Revolving Credit Facility Administrative Agent, the "**Revolving Credit Facility Secured Parties**").

The Revolving Credit Agreement governs a revolving credit facility (the "**Revolving Credit Facility**") that provides for revolving credit commitments, including letter of credit commitments and swingline commitments, in an aggregate principal amount of up to \$375 million. The Revolving Credit Facility is guaranteed by Debtors' CHC Parent, 6922767 Holding SARL, CHC Helicopter Holding S.á r.l., CHC SA and certain of CHC SA's subsidiaries organized under the laws of the United Kingdom, the Netherlands, Norway, Luxembourg, Canada, Australia, the United States of America, Ireland, Sweden, and Barbados (the borrowers and guarantors under the Revolving Credit Facility collectively, the "**Revolving Credit Facility Obligors**").

As of the Petition Date, the aggregate principal amount outstanding under the Revolving Credit Facility is approximately \$328 million in unpaid principal and \$43 million in face amount of undrawn Revolving Letters of Credit (as defined in the Revolving Credit Agreement), plus accrued and unpaid interest, fees, and other expenses. The Revolving Credit Facility bears interests at a floating interest rate that varies based upon CHC's consolidated total leverage, and matures on January 23, 2019.

(b) The ABL Credit Facility

Debtor CHC Cayman ABL Borrower Ltd. (the "**CHC ABL Borrower**"), as borrower, is a party to that certain Credit Agreement, dated as of June 12, 2015 (as amended, restated, supplemented or otherwise modified from time to time, the "**ABL Credit Agreement**" and, together with all agreements and documents delivered pursuant thereto or in connection therewith, each as amended, supplemented or

otherwise modified, the “**ABL Credit Facility Documents**”), with the lenders party thereto from time to time, Morgan Stanley Senior Funding, Inc., as administrative agent (the “**ABL Credit Facility Administrative Agent**”), and BNP Paribas S.A., as collateral agent (the “**ABL Credit Facility Collateral Agent**”). The ABL Credit Agreement provides CHC ABL Borrower with a senior secured non-amortizing asset based revolving credit facility in the aggregate amount of up to \$145 million (the “**ABL Credit Facility**”).

The obligations under the ABL Credit Facility are guaranteed by Debtors 6922767 Holding SARL, CHC Helicopter Holding S.á r.l., CHC SA, and Cayman ABL Holdings Ltd., pursuant to that certain Guarantee Agreement, dated as of June 12, 2015, in favor of the ABL Credit Facility Administrative Agent, and by CHC Cayman ABL Holdings Ltd. pursuant to that certain Guarantee and Collateral Agreement, dated as of June 12, 2015 (as amended, restated, supplemented, or otherwise modified from time to time, the “**ABL GCA**”), by and among CHC Cayman ABL Holdings Ltd., CHC ABL Borrower, the ABL Credit Facility Administrative Agent, and the ABL Credit Facility Collateral Agent.

Pursuant to the terms of the ABL GCA and certain local law security documents, CHC Cayman ABL Holdings Ltd. has granted a security interest in the equity interests it holds in CHC ABL Borrower, and CHC ABL Borrower has granted a security interest in substantially all of its respective Assets, in each case to secure the obligations under the ABL Credit Facility, subject to the exceptions specified in the ABL Credit Facility Documents. Accordingly, the ABL Credit Facility is purportedly secured by certain of the Debtors’ owned aircraft and related Assets, intercompany aircraft leases, and cash on deposit in certain of the Debtors’ bank accounts.

As of the Petition Date, the aggregate principal amount outstanding under the ABL Credit Facility was approximately \$139 million in unpaid principal, plus accrued and unpaid interest, fees, and other expenses. The ABL Credit Facility bears interest at a floating rate that varies based upon the level of utilization of the facility, and matures on June 12, 2020.

(c) The Senior Secured Notes

Debtor CHC SA, as issuer, is party to that certain Indenture, dated as of October 4, 2010 (as amended, modified, or otherwise supplemented from time to time, the “**Senior Secured Notes Indenture**”), with The Bank of New York Mellon, as indenture trustee (in such capacity, the “**Senior Secured Notes Indenture Trustee**”), and HSBC Corporate Trustee Company (UK) Limited, as collateral agent (together with the Senior Secured Notes Indenture Trustee and the holders of Senior Secured Notes, the “**Senior Secured Notes Secured Parties**”), pursuant to which CHC SA issued 9.250% Senior Secured Notes due 2020 in the aggregate principal amount of approximately \$1.1 billion (the “**Senior Secured Notes**”).

The Senior Secured Notes are guaranteed by Debtors CHC Parent, 6922767 Holding SARL, CHC Helicopter Holding S.á r.l., and certain of CHC SA’s subsidiaries (the issuer and the guarantors in respect of the Senior Secured Notes, the “**Senior Secured Notes Obligor**s”).

As of the Petition Date, the aggregate principal amount outstanding, plus accrued and unpaid interest, fees, and other expenses, under the Senior Secured Notes Indenture was approximately \$1.068 billion. The Senior Secured Notes bear interest at a rate of 9.25% per annum, with interest payable semiannually on April 15 and October 15, and mature on October 15, 2020.

(d) The Security Documents for the Revolving Credit Facility and the Senior Secured Notes

The documents evidencing the obligations under the Revolving Credit Facility and the Senior Secured Notes assert that they are secured in accordance with the terms of certain local law security documents, pursuant to which the Revolving Credit Facility Obligors and the Senior Secured Notes Obligors granted first priority *pari passu* Liens on substantially all of their Assets (the “**Prepetition Collateral**”). The Liens on the Prepetition Collateral were granted in favor of HSBC Corporate Trustee Company (UK) Limited, which was appointed to act as agent and trustee for the benefit of the Revolving Credit Facility Secured Parties and the Senior Secured Notes Secured Parties (in such capacity and together with any of its successors in such capacity, the “**Secured Parties Collateral Agent**”) pursuant to the terms of that certain Collateral Agent and Administrative Agent Appointment Deed, dated as of October 4, 2010, among the Revolving Credit Facility Administrative Agent, the Senior Secured Notes Indenture Trustee, the grantors party thereto, the lenders and arrangers party thereto, and the Secured Parties Collateral Agent.

The rights of the Revolving Credit Facility Secured Parties and the Senior Secured Notes Secured Parties with respect to their shared Collateral are governed by that certain Intercreditor Agreement, dated as of October 4, 2010, among CHC SA, the other grantors party thereto, the Secured Parties Collateral Agent, the Revolving Credit Facility Administrative Agent, and the Senior Secured Notes Indenture Trustee (as amended, modified, or otherwise supplemented from time to time, the “**Prepetition Intercreditor Agreement**”). Pursuant to the Prepetition Intercreditor Agreement, all the obligations under the Revolving Credit Facility and the Senior Secured Notes are secured equally with respect to the “**Shared Collateral**” described therein. Under the payment priority waterfall established by the Prepetition Intercreditor Agreement, the Revolving Credit Facility Secured Parties are entitled to receive proceeds of the Shared Collateral until paid in full, at which point the outstanding obligations under the Senior Secured Notes are to be paid ratably.

(e) The Unsecured Notes

Debtor CHC SA, as issuer, is party to that certain Indenture, dated as of May 13, 2013 (as amended, modified, or otherwise supplemented from time to time, the “**Unsecured Notes Indenture**”), with Law Debenture Trust Company of New York, as successor indenture trustee (the “**Unsecured Notes Indenture Trustee**”), pursuant to which CHC SA issued 9.375% Senior Unsecured Notes due 2021 in the original aggregate principal amount of \$300 million (the “**Unsecured Notes**”).

The Unsecured Notes are guaranteed by Debtors CHC Parent, 6922767 Holding SARL, CHC Helicopter Holding S.á r.l., and certain of CHC SA’s subsidiaries. The Unsecured Notes are senior unsecured obligations of the Debtors.

As of the Petition Date, the aggregate amount outstanding under the Unsecured Notes is approximately \$95 million in unpaid principal, plus accrued and unpaid interest, fees, and other expenses. The Unsecured Notes bear interest at a rate of 9.375% per annum, with interest payable semiannually on June 1 and December 1, and mature on June 1, 2021.

IV.

KEY EVENTS LEADING TO THE COMMENCEMENT OF CHAPTER 11 CASES

A. Collapse in Oil Prices

With a significant customer base in the oil and gas industry, the Debtors' performance is closely tied to and impacted by changes in oil prices. The prices of Brent crude oil and natural gas have declined dramatically since mid-year 2014. These market dynamics have led many to conclude that the energy sector will remain under pressure for a prolonged period. The effects of this protracted downturn are evident in both onshore and offshore operations and throughout the oil and gas supply chain – in both exploration and production.

Due to the significant and rapid downturn in market conditions, the Debtors have seen their oil and gas customers reassess their exploration projects, focus on productivity enhancements, and reduce their capital expenditure plans. Offshore exploration activity has plummeted from its peak in 2013, with the majority of the drop occurring in the six months before the Petition Date. Specifically, as of the Petition Date the global offshore rig count was down 27% since 2013, with deep water rigs down more than 34%. With oil and gas exploration in a lull, many of the Debtors' customers are using the down cycle to focus only on commitment wells and to perform plug and abandonment work. Overall, CHC's exploration revenue, which accounted for approximately 10% of CHC's revenue from the oil and gas industry on the Petition Date, is down significantly in 2016 versus 2014.

On the production side, which accounts for the majority of the Debtors' revenue from the oil and gas industry, the sustained dip in oil prices has put the supply chains of oil and gas companies under intense pressure. As production revenue has dropped, oil and gas companies have been targeting operational inefficiencies in their supply chains to reduce costs. Pricing on existing contracts and new tenders has declined as these customers have implemented cost reduction measures and have demanded significant price concessions. Customers also have started utilizing less frequent worker rotations and service patterns to increase their productivity of assets and employees, resulting in a reduction in the number of aircraft required for each contract. These improvements in passenger utilization, coupled with the decrease in volume of offshore personnel, have significantly reduced demand for flying hours. In addition, in contrast to its long term lease arrangements with third-party lessors, the Debtors' customer contracts are typically short-term. In the lead up to the Petition Date, some customers had even started taking advantage of clauses in their contracts that permit termination for convenience as they sought out new contracts on the lowest-price principle from competitors. The Debtors' customers have been seeking more and more concessions and favorable contract terms as the market for helicopter services continues to shrink. Unlike exploration revenue that may come back as the oil price rebounds, these operational efficiencies on the production side are margin negative for helicopter operators and will likely remain in the supply chain even as market conditions improve.

B. Cost Cutting Measures

In response to the above developments, CHC, among other things, significantly reduced their spending and implemented a series of structural cost-cutting measures. Recognizing the need to take proactive steps in the down market, in early 2015, CHC brought in a new management team with substantial experience and expertise in operations and in the aircraft and leasing industry. The members of this new management team draw on experience from General Electric, International Lease Finance Corporation, and Schlumberger, and the team is led by Chief Executive Officer, Karl Fessenden, who came from General Electric. In the year leading up to the Petition Date, CHC and this new management team achieved reductions in operating expenses of approximately 17% on an FX neutral basis.

These cost reductions were driven by, among other things, a significant reduction in headcount, certain base closures, organizational layering and centralization of back-office functions, restructuring of the maintenance and engineering teams, and various fleet adjustments. In addition, CHC engaged a consultant to review and provide recommendations to streamline its supply chain and organizational structure, which led to a substantial consolidation of its suppliers along with various process changes. CHC also undertook a strategic review of its direct labor costs, which resulted in changes to its roster patterns, a reduction in travel pay for employees, and a decision to outsource certain non-essential work such as ground operations.

CHC also took steps to reduce its total outstanding long-term obligations through two debt repurchase transactions of Unsecured Notes, which resulted in a reduction of their annual cash requirements by approximately \$3.8 million. This reduction complemented the debt redemption and repurchase transactions that the Debtors undertook in fiscal years 2014 and 2015 to reduce their total outstanding long-term debt obligations, which reduced their cash requirements on an annualized basis to approximately \$41.9 million.

Despite the best efforts of CHC and its management to actively restructure and reduce their operational and financial costs, the significant and prolonged downturn in market conditions in the oil and gas sector, the cost cutting measures being deployed by their customers, and the related decrease in the Debtors' revenues and cash flows from operations caused uncertainty regarding the viability of the Debtors' leveraged capital structure and cash flow structure in the long term.

C. Preserving Liquidity

In addition to the cost cutting measures described above, the Debtors' also implemented a strict liquidity preservation policy. Consistent with this policy, in January 2016, the Debtors drew the remaining \$233 million of availability under the Revolving Credit Facility. In addition, in April 2016, CHC Parent and CHC SA decided not to make an interest payment of approximately \$46 million with respect to the Senior Secured Notes, and to use the 30-day grace period under the Senior Secured Notes Indenture to continue working with their financial and legal advisors to review strategic alternatives for restructuring the Debtors' debt and leases expenses.

V. THE CHAPTER 11 CASES

A. Commencement of Chapter 11 Cases and First Day Orders

On the Petition Date, each of the Debtors filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code in the Bankruptcy Court. The Chapter 11 Cases were assigned to the Honorable Barbara J. Houser and are being jointly administered for administrative convenience. At the first day hearings, the Debtors obtained interim approval to, among other things, use cash collateral and a centralized cash management system, honor certain prepetition obligations to employees, customer, and taxing authorities, and continue their business in the ordinary course during the pendency of the Chapter 11 Cases. A description of the first day motions is set forth in the *Declaration of Robert A. Del Genio in Support of the Debtors' Chapter 11 Petitions and Request for First Day Relief* [Docket No. 13], filed on the Petition Date. At a subsequent hearing on June 6, 2016, with the exception of the Debtors' motions to use cash collateral and operate its centralized cash management system, the Bankruptcy Court approved, on a final basis, the relief granted on an interim basis at the first day hearing. Authorization to use cash collateral and continued use of a centralized cash management system was authorized on an interim basis until January 6, 2016 [Docket Nos. 59, 61, 274, 288, 569–70, 733–34, 831–32, 903, 906, 1144, 1146,

1291, 1292, [●] and [●]]. The Bankruptcy Court will consider a final order on those motions on January 6, 2016.

The Debtors retained the following advisors in the Chapter 11 Cases: (i) Weil, Gotshal & Manges LLP, as counsel to the Debtors; (ii) CDG Group, LLC (“**CDG**”) to provide a chief restructuring officer and additional personnel to the Debtors; (iii) PJT Partners LP (“**PJT**”) as financial advisor to the Debtors; (iv) Seabury Corporate Advisors LLC (“**Seabury**”) as financial advisor to the Debtors with regards to aircraft-related issues; (v) Debevoise & Plimpton LLP as special aircraft counsel to the Debtors; (vi) KCC, as both claims and noticing agent as well as the administrative agent to the Debtors; (vii) Pricewaterhouse Coopers LLP as accounting and tax advisor to the Debtors; (viii) Ernst & Young LLP as audit services provider to the Debtors; (ix) DLA Piper LLP as special corporate counsel to the Debtors; and (x) Sage-Popovich, Inc. as inventory appraiser to the Debtors. These professionals represent and assist the Debtors in their Chapter 11 Cases. All of their retentions were approved by the Bankruptcy Court.

B. Appointment of the Committee

Pursuant to section 1102(a)(1) of the Bankruptcy Code, on May 13, 2016, the United States Trustee for the Northern District of Texas (the “**U.S. Trustee**”) appointed the Creditors’ Committee. The following creditors currently serve on the Creditors’ Committee: (i) Global Helicopters Pilots Association, (ii) Airbus Helicopters (SAS) (“**Airbus**”), (iii) Milestone, (iv) Law Debenture Trust Company, and (v) Sikorsky Commercial, Inc. The Creditors’ Committee is represented by (i) Kramer Levin Naftalis and Frankel LLP, as its counsel, (ii) Gardere Wynne Sewell LLP, as its local counsel, (iii) Greenhill & Co. LLC, as its investment banker, (iv) VLC Associates Ltd., as its financial advisor; and (v) KCC, as its noticing and information agent. These professionals represent and assist the Creditors’ Committee in these Chapter 11 Cases and all of their retentions were approved by the Bankruptcy Court.

Since the formation of the Creditors’ Committee, the Creditors’ Committee has been an active participant in the Chapter 11 Cases as a fiduciary for all unsecured creditors and has worked closely with the Debtors on all aspects of the Chapter 11 Cases. Throughout the Chapter 11 Cases, the Debtors have worked closely and consulted with the Creditors’ Committee on all matters including the Debtors’ business operations, fleet-related decisions, use of cash collateral, and the Plan.

C. Claims

1. Schedules of Assets and Liabilities and Statements of Financial Affairs

Pursuant to section 521 of the Bankruptcy Code and Bankruptcy Rule 1007(c), the Debtors were required to file, within 14 days after the Petition Date, (i) schedules of assets and liabilities, (ii) a schedule of current income and expenditures, (iii) a schedule of executory contracts and unexpired leases, and (iv) a statement of financial affairs (collectively, the “**Schedules**”). On the Petition Date the Debtors filed a motion seeking to extend the deadline to file their Schedules by 45 days [Docket No. 5]. Following discussions with the U.S. Trustee, the Debtors modified their request, and the Bankruptcy Court entered an order extending the Debtors’ time to file the Schedules by 16 days beyond the original 14-day period [Docket No. 54]. On May 26, 2016, the Debtors requested a further extension of 30 days, to July 5, 2016 [Docket No. 199]. Following discussions with U.S. Trustee, the Debtors modified that request so that Debtor CHC Cayman Investments I, Ltd. would be required to file its Schedules by May 31, 2016, but all other Debtors would have until July 5, 2016 to file their Schedules. On June 6, 2016 the Bankruptcy Court so ordered [Docket No. 246]. On May 31, 2016, Debtor CHC Cayman Investments I, Ltd. filed its Schedules [Case 16-31859 Docket No. 6]. All of the other Debtors filed their Schedules on July 5, 2016

[Docket Nos. 458–541], with Debtors CHC Parent and Heli-One Canada ULC filing amendments thereto on October 7, 2016 [Docket Nos. 936–37].

2. Claims Bar Date and Notice of Bar Date

On July 8, 2016, the Bankruptcy Court entered an order (i) establishing August 26, 2016 at 4:00 p.m. (Pacific Time) as the deadline (the “**Bar Date**”) for each Person or Entity (including, without limitation, individuals, partnerships, corporations, joint ventures, and trusts, but not including governmental units) to file proofs of Claim in respect of prepetition claims against any of the Debtors, and November 1, 2016 at 4:00 p.m. (Pacific Time) as the deadline for governmental units to file proofs of claim in respect of prepetition claims against any of the Debtors; and (ii) approving certain other related procedures [Docket No. 563]. On September 19, 2016, the Bankruptcy Court entered an order establishing October 27, 2016 at 4:00 p.m. (Pacific Time) as the deadline (the “**Supplemental Bar Date**”) for certain additional potential claimants that did not receive actual notice of the Bar Date to file proofs of claim [Docket No. 878] (the Bankruptcy Court’s orders establishing the Bar Date and Supplemental Bar Date, collectively, the “**Bar Date Orders**”).

Approximately 1,118 proofs of claim asserting Claims against the Debtors were received by KCC or filed with the Bankruptcy Court on or before the Bar Date. In addition, the Debtors have scheduled approximately 1,857 liquidated, noncontingent, and undisputed Claims. The aggregate amount of Claims filed and scheduled exceeds approximately \$3,869,824,000, including duplication, but excluding any estimated amounts for contingent or unliquidated Claims.⁶

D. Postpetition Operational Matters

1. Repair Order Motion

In late June 2016, the Debtors determined that specific and limited Court relief was needed to pay the prepetition claims of certain suppliers to secure the release of parts essential to the Debtors’ continued operations. Certain parts were shipped to repair shops for repair or maintenance prior to the Petition Date and worked on by the relevant repair shop both prior and subsequent to the Petition Date (the “**Straddling Repair Orders**”). Many of the repair shops were refusing to ship the repaired parts back to the Debtors unless the relevant Straddling Repair Order invoice was paid in full. Consequently, on July 1, 2016, the Debtors filed a motion for entry of an order (i) authorizing the Debtors to pay certain prepetition amounts for repair shops, shippers, warehousemen, and other lien claimants, and (ii) confirming administrative status for certain parts delivered to the Debtors postpetition [Docket No. 454]. On July 29, 2016, the Bankruptcy Court entered an order granting the Debtors’ request [Docket No. 689].

2. Section 365(d)(4) Extension Motion

On July 29, 2016, the Debtors filed a motion seeking approval of an extension of the time to assume or reject unexpired leases of nonresidential real property pursuant to section 365(d)(4) of the Bankruptcy Code [Docket No. 698]. On August 29, 2016, the Bankruptcy Court entered an order extending the Debtors’ time to assume or reject unexpired leases of nonresidential real property to December 1, 2016 [Docket No. 805].

⁶ Note: Does not include \$1,102,271,688.00 Schedule D claim of The Bank of New York Mellon, the \$139,000,000.00 Schedule D claim of Morgan Stanley Senior Lending, Inc., and the \$327,500,000.00 Schedule D claim of HSBC Bank PLC, as they were scheduled as unliquidated. Additionally, the \$10,718,540.94 Schedule F claims of Airbus Helicopters are excluded as well, as they were listed as disputed.

3. **Boundary Bay Lease Rejection Motion**

On November 30, 2016, the Debtors filed a motion seeking authority to reject a lease of real property pursuant to section 365 of the Bankruptcy Code [Docket No. 1264]. That lease relates to Debtor Heli-One Canada's leasehold interest in an office building and maintenance facility located at the Boundary Bay airport in Delta, British Columbia (the "**Boundary Bay Facility**"). Pursuant to the terms of the lease, 6922767 Holding S.a.r.l. provided a guaranty of Heli-One Canada's obligations under the lease. The Debtors examined the lease related to the Boundary Bay Facility and concluded that the current base rent payable under the lease is substantially above market for similar premises and the lease provides for more space than is currently needed by Heli-One Canada's operations. The Debtors have attempted to renegotiate the lease with the Landlord but were unable to reach a consensual resolution. Accordingly, the Debtors have entered into a new lease for space that is more economical and suitable for Heli-One Canada's operations and commenced the process to relocate from the Boundary Bay Facility. The Debtors will continue to fulfill their obligations under the lease until they have fully vacated the Boundary Bay Facility. The Debtors' motion to reject the lease for the Boundary Bay Facility is set for hearing on January 24, 2017, with objections due by January 17, 2017. On December 9, 2016, the Canadian Court granted relief in the CCAA recognition proceeding (described below) confirming that the Bankruptcy Court is the proper forum and legal process to address the Debtors' proposed rejection of the Boundary Bay Facility lease.

4. **Section 365 Assumption Motion**

On October 28, 2016, the Debtors filed a motion seeking to assume certain unexpired leases of nonresidential real property pursuant to section 365 of the Bankruptcy Code [Docket No. 1088]. On December 6, 2016, the Bankruptcy Court entered an order approving the Debtors' request [Docket No. 1297].

E. Exclusivity

On September 2, 2016, the Bankruptcy Court entered an order [Docket No. 829], pursuant to section 1121(d) of the Bankruptcy Code, granting an extension of the Debtors' exclusive periods to file a plan of reorganization and solicit acceptances thereof through and including December 1, 2016 and January 30, 2017, respectively, without prejudice to the right of the Debtors to seek further extension of such periods. On October 28, 2016 the Debtors filed a supplemental motion seeking a further 80 day extension of the exclusive periods to file a plan of reorganization and solicit acceptances thereof through and including February 17, 2017 and April 17, 2017, respectively, without prejudice to the right to seek further extensions of such periods [Docket No. 1089], which extension was granted by an order of the Bankruptcy Court on December 6, 2016 [Docket No. 1301].

F. Foreign Proceedings

1. **Canada**

Certain of the Debtors are incorporated under the laws of the Canadian Province of British Columbia and maintain Assets and operations in that jurisdiction.⁷ As a result of the Debtors' Assets and operations in Canada, the Debtors sought and received an order [Docket No. 884], pursuant to section 1505 of the

⁷ The Debtors incorporated under the laws of the Canadian Province of British Columbia are CHC Global Operations Canada (2008) ULC, CHC Global Operations International ULC, CHC Global Operations (2008) ULC, Heli-One Leasing ULC, and Heli-One Canada ULC (collectively, the "**Canadian Debtors**").

Bankruptcy Code, authorizing CHC Parent to act as foreign representative on behalf of the Debtors' estates.

On September 30, 2016, CHC Parent, as foreign representative, filed a Petition to the Supreme Court of British Columbia (the "**Canadian Court**") under Part IV of the Companies' Creditors Arrangement Act (the "**CCAA**") for an Initial Recognition Order (Foreign Main Proceeding) and a Supplemental Order (Foreign Main Proceeding), seeking, among other things, (i) recognition of the Chapter 11 Cases as "**foreign main proceedings**" (ii) recognition of CHC Parent as the foreign representative of the Debtors; (iii) recognition of certain orders granted by the Bankruptcy Court in the Chapter 11 Cases; and (iv) a stay of all proceedings against the Canadian Debtors and their directors and officers. The purpose of the CCAA proceeding is to protect the Debtors' Assets and operations in Canada and help implement the Debtors' Restructuring. The Canadian Court heard the Debtors' application on October 11, 2016, and granted the relief requested on October 13, designating the Chapter 11 Cases as foreign main proceedings. On December 9, 2016, the Canadian Court entered an order recognizing certain of the Bankruptcy Court's orders, including orders related to cash management, use of cash collateral, an interim restructuring term sheet related to helicopter leases with Lombard North Central PLC and Export Development Canada, and certain lease and contract rejection motions.

2. Cayman Islands

CHC Parent and certain other Debtors⁸ are incorporated under the laws of the Cayman Islands. As the Debtors' Restructuring involves, among other things, the transfer of all Assets of CHC Parent to Reorganized CHC (as more fully described in the Restructuring Transactions attached hereto as **Exhibit D**), CHC Parent may seek to implement the Plan and the Restructuring Transactions, in part, through ancillary proceedings in the Cayman Islands. Such ancillary proceedings may include a provisional liquidation, an official liquidation, or any other proceeding necessary to effect the Restructuring Transactions. On December 6, 2016, the Debtors filed a motion seeking an order, pursuant to sections 362 and 1505 of the Bankruptcy Code, authorizing Cayman Investments I, 6922767 Holding S.à.r.l., CHC SA, Heli-One Canada ULC, and/or CHC Leasing (Ireland) Limited, as creditors of CHC Parent, to commence an ancillary proceeding in the Cayman Islands with respect to CHC Parent and its estate and to seek any other appropriate relief from the Grand Court of the Cayman Islands [Docket No. 1320].

G. Fleet Negotiations

In connection with the commencement of the Chapter 11 Cases, the Debtors have undertaken to formulate a revised fleet plan to address the high cost/weakened revenue environment and their customers' demands.

In addition to the agreement with the Milestone Parties, which is described in Sections V.K and V.M.6 below, the Debtors identified cost savings to be achieved by returning helicopters and other related equipment to lessors or finance parties that currently are not, or soon will not be, used to generate revenue in the Debtors' businesses. The Debtors also determined that reducing the number of different helicopter types in their fleet would decrease costs associated with crew training, inventory and maintenance. While achieving these cost savings, the Debtors have also endeavored to meet their customers' demands for newer technology helicopters by exiting five older technology helicopter types. This reduction and rationalization of the Debtors' fleet created a significant surplus of helicopters and other related equipment owned and leased by the Debtors. To address this surplus, the Debtors filed a series of motions seeking authorization, pursuant to section 365(a) of the Bankruptcy Code, to reject certain leases

for helicopters and related equipment. Since the Petition Date, the Court has approved the rejection of 74 helicopters. *See* Docket No. 273, 427, 428, 565, 833, 1042, and 1145.⁹ As of the date of this Disclosure Statement, motions for the rejection of another twenty-six (26) helicopters are pending. *See* Docket Nos. 20, 210, and 1090.

Concurrent with these rejections, the Debtors have also engaged in extensive negotiations with various financing parties to reduce and eliminate the significant costs associated with the continued leasing and operation of helicopters that are to remain in the Debtors' fleet during the pendency of the Chapter 11 Cases and upon emergence from bankruptcy. Accordingly, the Debtors entered into several interim term sheets with various financing parties with respect to restructured lease and finance terms for 23 aircraft that are covered by the Debtors' revised fleet plan. *See* Docket Nos. 566, 567, 568, 735, 736, and 959. The Debtors and such financing parties are currently engaged in good faith, arms-length negotiations to enter into final definitive restructuring term sheets for these aircraft.

H. The ABL Litigation and Settlement

1. The ABL Litigation

As of the Petition Date, the Debtors had 13 aircraft financed under the ABL Credit Facility, comprised of a combination of Sikorsky S76C++ model helicopters, AgustaWestland AW139 model helicopters, and Airbus AS332L1 and EC225 model helicopters. Due to the fleet resizing and adjustments necessary to align with the Debtors' revised fleet plan, on June 8, 2016 the Debtors filed a motion seeking authority to abandon all 13 of the aircraft financed by the ABL Credit Facility (the "**ABL Abandonment Motion**") [Docket No. 275]. The ABL Abandonment Motion was originally scheduled to be heard on July 7, 2016. After the filing of the ABL Abandonment Motion, the Debtors began negotiating with (i) the ABL Credit Facility Administrative Agent, (ii) the ABL Credit Facility Collateral Agent, (iii) Deutsche Bank AG New York Branch, (iv) Morgan Stanley Bank, N.A., and (v) Natixis, New York Branch (collectively, the "**ABL Lenders**") with respect to the terms of a potential settlement with respect to the ABL Abandonment Motion. To facilitate and continue these negotiations, the Debtors adjourned the hearing on the ABL Abandonment Motion until November 29, 2016 [Docket Nos. 431, 673, 769, 860, and 1078].

On September 30, 2016, the ABL Lenders filed an expedited motion to compel payment of superpriority administrative expenses (the "**ABL Administrative Expense Motion**") as adequate protection payments for what the ABL Lenders alleged to be a continuous decline in the value of their Collateral post-petition [Docket No. 924]. The Debtors filed an objection to the ABL Administrative Expense Motion on October 26, 2016 [Docket No. 926]. The ABL Lenders subsequently filed motions for continuance of the ABL Administrative Expense Motion until November 29, 2016, noting progress with respect to a potential settlement with the Debtors [Docket Nos. 1017 and 1076].

⁹On April 29, 2016, an Airbus EC 225 helicopter, or EC 225, operated in Norway by one of the Debtors' non-debtor affiliates, CHC Helikopter Services AS, was involved in an accident near the Flesland Airport in Bergen, Norway. The EC 225 carried 11 passengers and two crew members. Full investigations into the cause of the accident are being carried out in conjunction with regulators and police authorities. In collaboration with CHC's stakeholders, customers and regulatory authorities, pending the outcome of the investigation, CHC suspended, together with other operators, flying operations of the EC 225 and AS332 L2 helicopter types. The Bankruptcy Court has approved the rejection of all of the Debtors' leased EC 225 helicopters. In addition, the Debtors abandoned four (4) owned EC 225 aircraft pursuant to the ABL Abandonment Motion, which results in two (2) remaining owned EC 225 helicopters in CHC's fleet.

2. The ABL Settlement

To facilitate the Debtors' revised fleet plan, on October 26, 2016 the Debtors and the ABL Lenders agreed to enter into certain transactions pursuant to a binding term sheet (the "**ABL Transaction**"), the terms of which the Debtors have determined provide them with sufficient fleet flexibility and cost savings for the purposes of their fleet restructuring. The ABL Transaction includes cost savings and flexibility in the form of reductions in the loan principal balance and associated mortgage rates and the easing of certain covenants, while allowing the Debtors to retain eight key aircraft operating on existing customer contracts. The five remaining aircraft in the ABL Credit Facility, comprising of one Sikorsky S76C++ model helicopter and four Airbus EC225 model helicopters, will be abandoned by the Debtors. The ABL Transaction remains subject to final documentation.

On October 27, 2016, the Debtors filed a motion with the Bankruptcy Court (the "**ABL Transaction Motion**") seeking authority to enter into, among other things, the ABL Transaction pursuant to Bankruptcy Rules 6004 and 9019 [Docket No. 1071]. A term sheet setting forth the terms of the ABL Transaction is attached hereto as **Exhibit E**. By order dated December 6, 2016, the Bankruptcy Court approved the ABL Transaction [Docket No. 1293]. By entering into the ABL Transaction, the Debtors are able to (i) avoid costly litigation regarding the treatment of the ABL Lenders' Collateral, (ii) agree upon the amount and scope of the ABL Lenders' Administrative Expense Claims and (iii) obtain the flexibility required to "right-size" their fleet in connection with the business plan. In addition, by order dated December 6, 2016, the Bankruptcy Court approved the ABL Abandonment Motion with respect to five (5) of the aircraft under the ABL Credit Facility [Docket No. 1299].

Certain elements of the ABL Transaction are set out below:

(a) Existing Aircraft

The Amended and Restated ABL Credit Agreement will cover eight aircraft, comprising a combination of 3 Sikorsky S76C++ model helicopters, 4 AgustaWestland AW139 model helicopters, and 1 Airbus AS332L1 model helicopter, with the following revised terms:

- the Amended and Restated ABL Credit Facility will have all financial covenants removed and the Amended and Restated ABL Credit Facility Documents will have amended cross-default provisions;
- the principal balance of the Amended and Restated ABL Credit Facility will be reduced;
- the Amended and Restated ABL Credit Agreement will be restructured upon a new payment schedule with a balloon payment at expiration; and
- the Debtors will make interim payments to the ABL Lenders for the period from the Petition Date until the Effective Date.

(b) Allowed General Unsecured Claim

The ABL Lenders will receive a separate and distinct, stipulated, non-priority, pre-petition, Allowed General Unsecured Claims against each of the bankruptcy estates of CHC ABL Borrower, CHC Cayman ABL Holdings Ltd., CHC Helicopter Holding S.à r.l., CHC SA, and 6922767 Holding SARL, as borrower and guarantors respectively, under the ABL Credit Agreement, in the amount of \$78 million (the "**ABL Allowed General Unsecured Claim**"), provided that the aggregate total recovery from CHC ABL Borrower, CHC Cayman ABL Holdings Ltd., CHC Helicopter Holding S.à r.l., CHC SA, and

6922767 Holding SARL in respect of the ABL Allowed General Unsecured Claim will not exceed, in the aggregate, \$78 million, and will receive distributions pursuant to Section 4.7 of the Plan.

(c) **Fees**

The ABL Lenders will not receive any additional adequate protection or other payments, other than the fees and expenses already paid by the Debtors to the ABL Lenders (the “**ABL Fees**”) as of the time of entry into the ABL Transaction. On the Effective Date, the Debtors will make an exit payment to the ABL Lenders (the “**ABL Exit Payment**”). Other than the ABL Fees, the ABL Exit Payment, and the ABL Allowed General Unsecured Claim, the CHC Parties will have no obligation to make any other payments to the ABL Lenders in connection with the Restructuring.

(d) **Releases**

The ABL Lenders have agreed to the release and waiver of certain Claims as part of the ABL Transaction, including a waiver of all events of default relating to the Chapter 11 Cases and any losses or Claims arising as a result of the negotiation, preparation, and execution of the documents relating to the ABL Transaction.

I. Adversary Proceedings

1. Element Capital Adversary Proceeding

On November 17, 2016, ECN Capital (Aviation) Corp., also known as Element Capital Corp. (“**Element**”), filed an adversary proceeding against Airbus in connection with the April 29, 2016 Airbus EC225 crash near the Flesland Airport in Bergen, Norway. [Adversary Proceeding No. 16-03151, Docket. No. 1]. CHC is not named as a defendant in the complaint. Element argues that it is entitled to economic, punitive, and exemplary damages, as well as costs of recovery, maintenance, storage and replacement of the five (5) EC225’s that Element owns, as a result of Airbus’ alleged negligence, defective design, defective manufacturing, failure to warn, violation of implied warranty of merchantability, negligent misrepresentation and/or fraud regarding the allegedly unsafe helicopters. Although Element is not seeking any damages or relief against the Debtors, Element alleges that the outcome of the lawsuit is “likely to impact the CHC Debtors’ estates” in these chapter 11 cases. Element asserts that the Court has jurisdiction over defendant Airbus because Airbus has appeared in the CHC bankruptcy cases, by filing proofs of claims and pleadings, and through its participation as a member of the Creditors’ Committee. As of the date of this Disclosure Statement, the Debtors have not replied to Element’s complaint, and reserve all rights to do so. For the avoidance of doubt, neither the proposed Plan nor this Disclosure Statement attempts to alter any rights or claims (whatever such rights or claims may be) that any debtor, creditor, lessor, or third party may have against any OEM (original equipment manufacturer) of any helicopter or helicopter component arising out of accidents involving the “EC 225” and “AS 332 L2” helicopter types and resulting regulatory actions, including, without limitation, the April 29, 2016 EC 225 helicopter type accident near the Flesland Airport in Bergen, Norway and resulting regulatory suspension of flight operations.

2. Sparebank Adversary Proceeding

On August 17, 2016, Sparebank 1 SR-Finans AS and Sparebanken Finans Nord-Norge (collectively, “**Sparebank**”) filed a complaint (the “**Sparebank Adversary Complaint**”) against Ironshore Specialty Insurance Company (“**Ironshore**”) and Debtors CHC SA and Heli-One Leasing (Norway) AS, seeking (i) a declaratory judgment that Ironshore may not take any action to modify, cancel, or otherwise terminate certain residual value insurance policies (together, the “**RVI Policies**”)

insured by Ironshore, based upon the Debtors' commencement of these cases, (ii) declare that the leases related to three helicopters, and the RVI Policies related thereto, are interests of the Debtors in their bankruptcy cases, and (iii) grant other relief as applicable. [Adversary Proceeding No. 16-03121, Docket No. 1]. The RVI Policies relate to three (3) helicopters leased by Sparebank to the Debtors, and insured by Ironshore.

On September 15, 2016, Ironshore filed a motion to dismiss the Sparebank Adversary Complaint on procedural and substantive grounds [Adversary Proceeding No. 16-03121, Docket. No. 8], and also filed a motion to abstain [Adversary Proceeding No. 16-03121, Docket. No. 10] (together, the "**Ironshore Motions**"). On September 26, 2016, the Debtors filed a limited joinder to Ironshore's motion to dismiss, solely with respect to the arguments that (i) the Court lacks jurisdiction to adjudicate the Sparebank Adversary Complaint, and (ii) the Court should abstain from adjudicating the Sparebank Adversary Complaint [Adversary Proceeding No. 16-03121, Docket. No. 12].

On December 19, 2016, the Bankruptcy Court granted the Ironshore Motions and dismissed the adversary complaint with prejudice.

J. Collateral Analysis

In accordance with the Creditors' Committee's duties as a fiduciary for unsecured creditors, shortly after its appointment, the Creditors' Committee commenced a comprehensive investigation into the asserted Claims and Liens of the Prepetition Secured Lenders (*i.e.*, the Revolving Credit Facility Lenders and the holders of Senior Secured Notes) to identify any unencumbered Assets that could potentially inure for the benefit of unsecured creditors. The Creditors' Committee's investigation focused on determining the scope and validity of the Prepetition Secured Lenders' asserted Liens on the following categories of Assets: aircraft, rotables, major spare parts, deposit accounts, Cash, inventory, equity stock, accounts receivable, intercompany Claims, intellectual property, and certain other miscellaneous Assets. Given that the Debtors' operations and Assets are located in many jurisdictions throughout the world, the Creditors' Committee's investigation necessarily involved the review and analysis of documentation governed by the laws of, the following jurisdictions: Australia, Barbados, Canada, Ireland, Luxembourg, The Netherlands, Norway, Sweden, the United Kingdom, and the United States (collectively, the "**Security Jurisdictions**"). Over the course of several months, the Creditors' Committee worked with local counsel in the Security Jurisdictions, as well as with the Debtors and their advisors, to identify whether the Prepetition Secured Lenders' Shared Collateral, with respect to each of the above listed categories of Assets, was granted and perfected in accordance with the specific requirements of the applicable Security Jurisdictions.

Based on the results of this diligence, the Creditors' Committee identified potential issues regarding the asserted Claims and Liens of the Prepetition Secured Lenders that the Creditors' Committee believes could have been the subject of successful challenges and litigation. The Prepetition Secured Lenders challenged the Creditors' Committee's findings with respect to the Shared Collateral and raised several alternative conclusions. While the Creditors' Committee remained confident in its findings, it recognized that disputes over these issues would require complex, costly, and time-consuming litigation. Accordingly and as described in more detail in Section V.M.2 below, the Creditors' Committee decided to negotiate a settlement with the Debtors and the holders of Senior Secured Notes that included, among other things, a settlement as to the validity, extent and priority of the Liens securing the Senior Secured Notes.

K. Fleet Reconfiguration Strategy

In connection with the commencement of these Chapter 11 Cases, the Debtors began to formulate a revised business plan to address the high cost and weakened revenue environment impacting the Debtors' performance. As a key component of that business plan and of the chapter 11 process, the Debtors designed a comprehensive fleet reconfiguration strategy. As described in Section V.G above, the Debtors identified cost savings to be achieved through a significant reduction in the CHC Prepetition Fleet by eliminating non-revenue generating helicopters and other related equipment. The Debtors also determined that they needed a significant reduction in lease-related expenses for remaining helicopters.

In furtherance of this strategy, the Debtors determined that they would need to enter into a lease restructuring with one or more primary lessors with respect to aircraft that will remain in the fleet. Such primary lessor(s) would provide the Debtors with flexibility to shorten the terms of leased helicopters, provide savings in respect of lease rates and lease terms (for example, by making the return conditions for the helicopters less onerous and by returning certain aircraft), and potentially provide financing for the acquisition and/or refinancing of helicopters in the future.

The Debtors commenced negotiations with two of their largest lessors regarding potential lease restructuring transactions that would provide the Debtors with the necessary flexibility and cost savings to reach the goals set forth in the new fleet plan. The Debtors engaged in several rounds of parallel negotiations with the two lessors, engaging in multiple in-person and telephonic negotiation sessions and exchanging numerous drafts of term sheets and indicative proposals.

These negotiations culminated in an agreement between the Debtors and the Milestone Parties for an overall transaction that the Debtors have determined provides the Debtors with fleet and cost adjustments necessary to achieve the goals of and implement the Debtors' fleet restructuring. Under this agreement, Milestone will serve as the lead lessor for the Debtors' go-forward fleet of helicopters. As described in more detail in Section V.M.6 below, included in the cost savings and flexibility are restructuring of lease rentals, agreed return of certain helicopters, the lease of additional helicopters, and a new debt facility for the acquisition and/or refinancing of certain aircraft.

In addition, the Debtors advanced discussions with Waypoint Leasing Holdings Ltd., engaging in multiple in-person and telephonic negotiation sessions to reach an agreement in principle on a proposal for an overall transaction that the Debtors believe will provide them with significant flexibility in their fleet and cost savings, consistent with their overall fleet restructuring goals. Upon completion of a definitive term sheet, the transaction will be submitted to the Bankruptcy Court for approval. With this agreement in principle, and upon approval of the definitive term sheet in these Chapter 11 Cases, the Debtors will have reached a favorable result with both of their largest lessors consistent with the goals set forth in the Debtors' business plan.

L. New Money Investor Strategy

At the outset of these Chapter 11 Cases, the Debtors' financial advisor, PJT, commenced a marketing process to identify parties interested in providing the Debtors with new capital. PJT contacted approximately 20 potential investors and received approximately 25 inbound inquiries. PJT sent nondisclosure agreements ("NDAs") to approximately 25 of these potential investors, of which approximately 15 executed NDAs. A handful of these potential investors engaged in diligence calls with the Debtors' advisors. Ultimately, none of these third parties were interested in submitting a formal proposal to the Debtors.

In parallel to the third party marketing process described above, the Debtors and their advisors also engaged with members of the Debtors' existing capital structure regarding a potential new money investment. These discussions in the first instance were primarily with (i) a group of holders of Senior Secured Notes that would ultimately become the Plan Sponsors and (ii) another stakeholder (whose name the Debtors are not permitted to disclose due to confidentiality restrictions). These parties entered into long-term NDAs, participated in several meetings with the Debtors' management and advisors regarding the Debtors' business plan, and undertook extensive diligence on the Debtors. Following these discussions and diligence sessions, in late June, the Plan Sponsors provided the Debtors with an initial new money proposal. The other bidder submitted its initial proposal in July.

Over the next several weeks, the Debtors and their advisors continued to engage in discussions with both bidders in an effort to improve their proposals. The Debtors also encouraged each bidder to engage with other members of the Debtors' capital structure, including the Creditors' Committee and certain lenders party to the Revolving Credit Agreement, to build broader consensus and refine the terms of their proposals in a way that would provide for a global settlement among all or a portion of the Debtors' key creditor groups. Through this competitive process, the Debtors and the Creditors' Committee were able to significantly advance the terms of each proposal, resulting in two new money proposals, each of which would have provided increased liquidity sufficient to fully fund the Debtors' business plan upon emergence from chapter 11.

After extensive analysis and consultation with their advisors, the Debtors determined, in their business judgment, that the Plan Sponsors' proposal was superior to the alternative proposal that they received for several reasons, including, without limitation: (i) it ultimately provided greater deleveraging of the Debtors' balance sheet, (ii) it resulted in lower fixed interest charges on the Debtors' restructured debt, (iii) it was supported by holders representing or holding approximately 67.56% of the Senior Secured Notes (the Debtors' largest creditor), approximately 73.56% of the holders representing or holding Unsecured Notes, as well as by Milestone (the Debtors' largest lessor), (iv) it minimized the litigation risk associated with prosecuting the Debtors' plan of reorganization, and (v) it represented the best path toward an efficient and highly-consensual emergence from chapter 11.

The Debtors and the Plan Sponsors, together with the other Consenting Creditor Parties, spent considerable time engaged in extensive negotiations—including multiple meetings, calls and exchanges of term sheets—to finalize and document the terms of the Plan Support Agreement and the other agreements and term sheets attached thereto.

M. Motion to Approve the Plan Support Agreement and the Backstop Agreement

1. Overview

The Plan Support Agreement memorializes the essential terms of the consensual Restructuring agreed between the Debtors and the Consenting Creditor Parties, which terms have been incorporated into the Plan. On October 11, 2016, the Debtors filed the Support Agreements Approval Motion, which requests an order authorizing the Debtors to enter into the Plan Support Agreement and the Backstop Agreement. On November 3, 2016, the Debtors filed amendments to the Plan Support Agreement, the Backstop Agreement, and the Milestone Term Sheet [Docket No. 1129], pursuant to which the dates of certain milestones were adjusted to align with certain hearing dates set with the Bankruptcy Court.

On November 10, 2016, (i) the U.S. Trustee for Region 6, (ii) Angelo, Gordon & Co. and Cross Ocean Partners, and (iii) BNP Paribas S.A. and HSBC France S.A. filed objections to the Support Agreements Approval Motion [Docket Nos. 1163, 1164, and 1168].

On December 20, 2016, the Bankruptcy Court entered the Support Agreements Approval Order granting the relief requested in the Support Agreements Approval Motion

2. The Plan Support Agreement

On October 11, 2016, the Debtors entered into the Plan Support Agreement with the Consenting Creditor Parties regarding the terms of the Restructuring. Under the Plan Support Agreement, each of the Consenting Creditor Parties (except for the Creditors' Committee) agreed to, among other things, and subject to certain conditions: (i) vote any Claim it holds against the Debtors to accept the Plan and not (a) change or withdraw (or cause to be changed or withdrawn) its vote to accept the Plan, (b) object to, delay, impede, or take any other action to interfere with acceptance or implementation of the Plan, or (c) directly or indirectly seek, solicit, negotiate, encourage, propose, file, support, participate in the formulation of, or vote for, any restructuring, sale of assets, merger, workout or plan of reorganization for any of the Debtors other than the Plan; and (ii) condition any transfer of its Claims against the Debtors to the transferee thereof being an existing Consenting Creditor Party or becoming party to the Plan Support Agreement. Under the Plan Support Agreement, the Creditors' Committee agreed to support the confirmation and consummation of the Plan and to submit a letter recommending that unsecured creditors vote in favor of the Plan.

As described in more detail above, the Plan Support Agreement encompasses a global settlement of any and all potential contested issues among the Debtors and the Consenting Creditor Parties pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019, including, without limitation:

- the amount, value, and treatment of ABL Claims, Senior Secured Notes Claims, and Unsecured Notes Claims against the Debtors;
- the validity, extent and priority of the Liens securing the Senior Secured Notes;
- the value of the Debtors' encumbered and unencumbered Assets;
- any potential adequate protection or diminution in value Claims by the holders of Senior Secured Notes;
- any potential Claims to surcharge Collateral under section 506(c) of the Bankruptcy Code;
- the allocation of distributable value among the various creditor classes; and
- the Equity Value and the total enterprise value of the reorganized company premised upon the Debtors remaining as a going concern, which is conditioned upon the \$300 million new money investment.

Pursuant to the Plan Support Agreement, holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims that are Eligible Offerees will have the opportunity to participate in the \$300 million Rights Offering, with Subscription Rights to participate in \$280 million of the Rights Offering (which equates to 74.41% of the New Membership Interests issuable upon conversion of such New Second Lien Convertible Notes on a fully diluted basis (but subject to dilution for the Management Incentive Plan) as of the Effective Date (*i.e.*, \$404,444,444 face amount of the New Second Lien Convertible Notes as of the Effective Date)) allocated to the holders of Allowed Senior Secured Notes Claims (the "**Senior Secured Notes Subscription Rights**") and \$20 million of the Rights Offering (which equates to 5.32% of the New Membership Interests issuable upon conversion of such New Second Lien Convertible Notes on a fully diluted basis (but subject to dilution for the Management Incentive

Plan) as of the Effective Date (*i.e.*, \$28,888,889 face amount of the New Second Lien Convertible Notes as of the Effective Date)) allocated to holders of Allowed Unsecured Notes Claims (the “**Unsecured Notes Subscription Rights**”). To the extent a holder of an Allowed Senior Secured Notes Claim or an Allowed Unsecured Notes Claim is a Non-Eligible Offeree, such holder will be entitled to receive a Substitute Distribution as further described in Section XIII.F below. Any unclaimed portion of New Membership Interests otherwise available to Non-Eligible Offerees holding either Allowed Senior Secured Notes Claims or Allowed Unsecured Notes Claims shall be distributed Pro Rata to all holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims, respectively. In addition to the Subscription Rights just described, (i) all holders of Allowed Senior Secured Notes Claims will receive their Pro Rata share of 79.5% of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan (which equates to 11.6% of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan); (ii) all holders of Allowed Unsecured Notes Claims will receive their Pro Rata share of 8.9% of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan (which equates to 1.3% of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan). In consideration for the above treatment, holders of Allowed Senior Secured Notes Claims have agreed, pursuant to the terms of the Plan Support Agreement and as part of the overall settlement contained therein, to waive their rights to any recoveries on account of their Senior Secured Notes Deficiency Claims.

As more fully described in Section I.8 hereof, all holders of Allowed General Unsecured Claims will receive a share of (i) 11.6% of the New Membership Interests, prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan (which equates to 1.7% of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan) and (ii) up to \$37.5 million in New Unsecured Notes, less the amount of the Convenience Claim Distribution Amount.

The Plan also provides for Cash distributions up to the Convenience Claim Distribution Amount (*i.e.*, up to \$750,000) to holders of any Claim against the Debtors that would otherwise be an Allowed Primary General Unsecured Claim that is (i) Allowed in the Convenience Claim Amount (*i.e.*, \$100,000, or such greater amount as may be agreed to among the Debtors and the Creditors’ Committee) or less, or (ii) irrevocably reduced to the Convenience Claim Amount at the election of the holder of the Claim evidenced on the Ballot submitted by such holder; *provided, however*, that a Primary General Unsecured Claim may not be subdivided into multiple Claims of the Convenience Claim Amount or less for purposes of receiving treatment as a Convenience Claim; *provided, further, however* that, to the extent that a holder of a Convenience Claim against a Debtor holds any joint and several liability claims, guaranty claims, or other similar claims against any other Debtors arising from or relating to the same obligations or liability as such Convenience Claim, such holder shall only be entitled to a distribution on one Convenience Claim against the Debtors in full and final satisfaction of all such Claims. Allowed Secondary General Unsecured Claims are not eligible to be treated as Convenience Claims. For the avoidance of doubt, a holder of a Convenience Claim is not eligible to receive a distribution on account of any Allowed Secondary General Unsecured Claims related to such Convenience Claim, and such Allowed Secondary General Unsecured Claims will not be counted for either voting or distribution purposes.

Under the Plan Support Agreement, the Debtors agreed, among other things, and subject to certain conditions, to: (i) use commercially reasonable efforts to expeditiously prepare the requisite Restructuring

Documents (as defined in the Plan Support Agreement), (ii) timely provide certain Consenting Creditor Parties with the opportunity to comment on and review the Restructuring Documents consistent with the approval rights granted to such parties under the terms of the Plan Support Agreement, (iii) support and take such actions as are necessary or appropriate or reasonably requested by the Consenting Creditor Parties to further the consummation of the Restructuring and confirmation of the Plan, including commercially reasonable efforts to obtain any and all required regulatory and/or third party approvals necessary, if any, for the Restructuring, (iv) operate the businesses of the Debtors in the ordinary course and consistent with past practice and the business plan of the Debtors; (v) not modify the Plan or any of the Restructuring Documents or take any action or file any motion, notice, pleading or other Restructuring Document with the Bankruptcy Court that is inconsistent with the Plan Support Agreement, the Plan or any other Restructuring Document, (vi) not directly or indirectly seek, solicit, negotiate, encourage, propose, file, support, consent to, pursue, initiate, assist, participate in the formulation of, or enter into any agreements relating to any restructuring, sale of assets, merger, workout or plan of reorganization for any of the Debtors other than the Plan, and (vii) not take certain other actions during the pendency of the Chapter 11 Cases, including actions that would challenge the validity, enforceability or priority of the claims related to the Senior Secured Notes or otherwise affect the rights or Claims of the Consenting Creditor Parties.

The Plan Support Agreement is terminable by the Debtors and the Consenting Creditor Parties under certain circumstances, such as: (a) the termination of the Backstop Agreement, (b) the termination of the consensual use of cash collateral under the Final Cash Collateral Order, or (c) the failure to meet certain milestone dates with respect to (i) obtaining an order from the Bankruptcy Court approving the Plan Support Agreement, (ii) filing the Plan and this Disclosure Statement with the Bankruptcy Court, (iii) commencing solicitation of votes on the Plan and Rights Offering, and (iv) obtaining the entry of a Final Order confirming the Plan. Additionally, the Debtors and the Creditors' Committee may take or not take actions consistent with their fiduciary obligations under applicable law, including terminating the Plan Support Agreement. As set forth in the Plan Support Agreement, upon the occurrence of a termination event, the Debtors and/or the Requisite Plan Sponsors, as applicable, have the right to terminate the Plan Support Agreement as to all parties. However, the Individual Creditor Parties, the Milestone Parties, the Additional Consenting Creditors, and the Creditors' Committee may only terminate the Plan Support Agreement as to themselves. Additionally, the Plan Support Agreement terminates automatically without any further required action or notice on the Effective Date. Finally, the Plan Support Agreement and the obligations of the Debtors and the Consenting Creditor Parties may be terminated by mutual agreement among the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

3. Rights Offering and New Second Lien Convertible Notes

CHC Parent and Reorganized CHC have agreed to have Reorganized CHC solicit participation in the Rights Offering, which contemplates a new money investment of \$300 million to purchase New Second Lien Convertible Notes by Eligible Offerees that are holders of Allowed Senior Secured Notes Claims and holders of Allowed Unsecured Notes Claims.

The \$300 million of new capital will be invested at a 10% original issue discount and will include a \$100 million equitization premium (the "**Equitization Premium**") on account of the equitization of the Senior Secured Notes Claims, resulting in the issuance of \$433.3 million in aggregate principal amount of New Second Lien Convertible Notes, which after giving effect to the Put Option Premium (as defined below), will be issued in an aggregate principal amount of \$464.1 million. Holders of Allowed Senior Secured Notes Claims and holders of Allowed Unsecured Notes Claims that are Eligible Offerees will have the opportunity to participate in the Senior Secured Notes Subscription Rights and the Unsecured Notes Subscription Rights, respectively.

4. The Backstop Agreement

On October 11, 2016, in connection with the Plan Support Agreement, CHC Parent entered into the Backstop Agreement pursuant to which certain of the Plan Sponsors and the Individual Creditor Parties, as Backstop Parties, agreed to severally, and not jointly, undertake the Backstop Commitment to backstop the Rights Offering.

Subject to approval by the Bankruptcy Court, to compensate the Backstop Parties for the risk of their undertakings in the Backstop Agreement and as consideration for the Backstop Commitment, CHC Parent has agreed to pay, or, as applicable, to have Reorganized CHC pay, to the Backstop Parties in the aggregate, a nonrefundable aggregate put option premium payable on the Effective Date in additional New Second Lien Convertible Notes in a principal amount of approximately \$30.8 million (the “**Put Option Premium**”); *provided, however*, if the Backstop Agreement is terminated due to a Put Option Premium Triggering Event (as defined in the Backstop Agreement), the Backstop Agreement will immediately terminate and the Put Option Premium will become fully due and payable in Cash in two equal installments of approximately \$10.665 million (representing a total aggregate amount of approximately \$21.33 million), the first Cash payment becoming due immediately upon termination of the Backstop Agreement and the second Cash payment becoming payable upon the consummation of any other plan of reorganization, sale, or restructuring transaction. In the event that the Backstop Agreement is terminated solely as a result of a breach of either the Backstop Agreement or the Plan Support Agreement by a Backstop Party, such breaching Backstop Party will not be entitled to its share of the Put Option Premium. The Put Option Premium will be payable, Pro Rata, to all Backstop Parties (except for any Defaulting Backstop Parties (as defined below)) based on each Backstop Parties’ respective Backstop Percentage.

To the extent one or more Backstop Parties default in their Backstop Commitment obligations (a “**Defaulting Backstop Party**”) (after having not cured such default within two business days after the receipt of a notice from the Debtors of such default) (such portion of the unsubscribed notes which is not subscribed for and purchased by the Defaulting Backstop Party(ies)), the “**Unfulfilled Backstop Commitments**”) each of the other Backstop Parties, severally and not jointly, have agreed to subscribe for and purchase, at an aggregate purchase price of up to \$20 million therefor, its Backstop Percentage (as adjusted upwards to eliminate the Backstop Percentage of the Defaulting Backstop Party(ies)) of the

Unfulfilled Backstop Commitments, up to an aggregate principal amount of approximately \$28.89 million for all non-defaulting Backstop Parties. So long as the Backstop Parties have provided Backstop Commitments of at least \$250 million as the aggregate purchase price for the New Second Lien Convertible Notes (for an aggregate principal amount of approximately \$361.1 million of New Second Lien Convertible Notes to be issued), taking into account the fulfillment of the obligation to satisfy Unfulfilled Backstop Commitments and any other replacement due to any Backstop Party default, the Debtors may elect to still consummate the transactions contemplated by the Backstop Agreement and the Plan.

The Backstop Agreement is terminable under several conditions by CHC Parent and/or the Backstop Parties holding more than 50% of the Backstop Commitment (excluding the Backstop Commitments held by a Defaulting Backstop Party, the “**Requisite Backstop Parties**”). The termination provisions of the Backstop Agreement include, among other things, the termination of the Plan Support Agreement and the termination of the Backstop Agreement by the Requisite Backstop Parties due to a failure by the Debtors to meet certain milestone dates consistent with those under the Plan Support Agreement. Those termination triggers include: (i) failure to obtain entry of the Support Agreements Approval Order by the Bankruptcy Court on or before December 21, 2016, (ii) failure to file the Plan and Disclosure Statement with the Bankruptcy Court on or before November 11, 2016, (iii) failure to obtain entry of an order approving the Disclosure Statement and the Rights Offering Procedures by the Bankruptcy Court on or before December 22, 2016, and (iv) failure to obtain the entry of the Confirmation Order that is a Final Order by March 17, 2017. In addition to the Requisite Backstop Parties’ rights to terminate, CHC Parent may also terminate the Backstop Agreement for a breach (other than an immaterial breach) by the Backstop Parties; *provided, however*, that CHC Parent may not terminate the Backstop Agreement for a breach by the Backstop Parties to the extent that Backstop Parties have agreed to provide their Backstop Commitments in an aggregate amount of \$300 million within the applicable cure periods.

5. The New Unsecured Notes

Under the Plan Support Agreement, in addition to the New Second Lien Convertible Notes, Reorganized CHC has agreed to issue up to \$37.5 million in New Unsecured Notes which will have a seven year maturity and an interest rate of 5.0%, payable in kind until the conversion of all of the New Second Lien Convertible Notes and thereafter payable in Cash. The New Unsecured Notes, less the amount of the Convenience Claim Distribution Amount, will be distributed to Holders of Allowed General Unsecured Claims.

Other than as noted below, the terms of the New Unsecured Notes are set forth in New Unsecured Notes Term Sheet annexed to the Plan Term Sheet as **Exhibit E**, and include:

In the event that the change from interest paid in kind to interest paid in Cash occurs in the middle of an interest period, the accrued interest will be prorated and will be payable in kind for such period pre-conversion and in Cash for such period post-conversion.
Default Rate	Upon and during the continuance of any event of default, interest shall accrue at a rate of 7.0% per annum, payable in Cash regardless of whether the New Second Lien Convertible Notes have converted.

Governing Law and Jurisdiction	New York

6. Milestone Transaction

The Plan Support Agreement also encompasses an agreement with the Milestone Parties (the “**Milestone Transaction**”), which provides for a restructuring of the Debtors’ aircraft fleet leasing arrangements and the provision of the PK Financing Facility, a new \$150 million asset-backed debt facility for the acquisition and/or refinancing of certain aircraft. Under the Milestone Transaction, Milestone will serve as the lead lessor for the Debtors go-forward fleet of helicopters. The key terms of the Milestone Transaction are set forth in the Milestone Term Sheet annexed to the Plan Support Agreement as **Exhibit C** and as the same may be amended from time to time, and include:

- (i) the restructuring of lease rentals for certain helicopters that will remain in the Debtors’ fleet pursuant to the Definitive Restructuring Documents (as defined in the Milestone Term Sheet);
- (ii) the consensual return of certain helicopters;
- (iii) an option to extend the lease term for certain of the helicopters;
- (iv) amendments to the return conditions for certain of the helicopters;
- (v) provision of a new \$150 million committed debt facility for the acquisition and/or refinancing of certain aircraft in accordance with the terms and conditions set forth in the commitment letter by PK Transportation Finance Ireland Limited (“**PK**”) to the Debtors annexed as **Exhibit B** to the Milestone Term Sheet (the “**PK Financing Commitment Letter**”);
- (vi) the lease of additional helicopters at market lease rates;
- (vii) agreement on certain administrative expense claims;
- (viii) agreement on the Milestone Parties’ General Unsecured Claims;
- (ix) payment or reimbursement of the expenses of PK provided for in the PK Financing Commitment Letter (the “**PK Expenses**”);
- (x) payment of \$420,000 to the Milestone Parties, which is to be paid 10 business days after entrance of the Support Agreements Approval Order and credited to the professional fees of all advisors to the Milestone Parties incurred in connection with the transactions contemplated by the Milestone Term Sheet, and payment of \$500,000 to the Milestone Parties for legal fees incurred in respect of the Plan Support Agreement, which is to be paid 10 business days after entrance of the Support Agreements Approval Order (collectively, and together with the PK Expenses, the “**Milestone Expenses**”); and
- (xi) payment of a transaction fee in the aggregate amount of \$4.25 million (the “**Milestone Transaction Fee**”), payable in two installments: (i) \$3.25 million payable 10 business

days after entry of the Support Agreements Approval Order, and (ii) \$1 million payable on the Effective Date.

The Milestone Term Sheet provides the Debtors with flexibility, the ability to lease additional helicopters, and a new debt facility for the acquisition and/or refinancing of certain aircraft, and therefore is critical for the Debtors' ongoing operations. The Milestone Term Sheet also avoids potential complex and costly claim litigation involving both potential unsecured and administrative expense claims asserted by the Milestone Parties in connection with certain aircraft, while enabling the Debtors to continue to use Milestone's aircraft pursuant to restructured lease agreements. Upon entry of the Support Agreements Approval Order, the Milestone Parties will be entitled to an agreed Administrative Expense Claim, while agreeing to release all other potential Claims regarding the Existing Facility Documents (as defined in the Milestone Term Sheet) or any transaction contemplated thereby and attributable to the period prior to the Petition Date. In addition, upon the Effective Date, the Milestone Parties will be entitled to an Allowed General Unsecured Claim as set forth on **Exhibit C** to the Milestone Term Sheet. The Allowed General Unsecured Claim set forth on **Exhibit C** to the Milestone Term Sheet was stipulated to by the Debtors upon the entry of the Support Agreements Approval Order. However, in the event that the Plan does not become effective, the Plan Support Agreement provides that the Milestone General Unsecured Claim will become Allowed thirty (30) days after March 17, 2017 without further order of the Court unless the Creditors' Committee has objected to such Claim by such date.

7. Management Incentive Plan

The Plan contemplates a Management Incentive Plan that reserves ten percent (10%) of the New Membership Interests on a fully diluted basis for distribution to management. The material terms of the Management Incentive Plan will be included in a document to be filed as part of the Plan Supplement.

N. The Exit Revolving Credit Facility

1. Overview

The Debtors, the Plan Sponsors, and the Exit Revolving Credit Facility lenders have reached agreement on the material terms of the Exit Revolving Credit Facility, which material terms are summarized below. The form of definitive credit agreement documenting the Exit Revolving Credit Facility will be filed with the Plan Supplement, and will reflect the material terms summarized below and any other changes agreed among the Debtors and the Exit Revolving Credit Facility lenders, which definitive credit agreement and changes shall be reasonably acceptable to the Plan Sponsors and the Creditors' Committee. The Plan provides for an Exit Revolving Credit Facility in a maximum available amount of Three Hundred Eighty-Three Million Twenty Thousand Eight Hundred Eighty-Six Dollars (\$383,020,886), which will have a five year maturity and bear interest at a rate equal to either, at the election of the applicable borrower under the Exit Revolving Facility, (i) the alternate base rate or the Canadian prime rate (subject to a 0% floor) plus a margin of 4.50% or (ii) the LIBOR rate (subject to a 1.00% floor), the Canadian Dollar Offered Rate (subject to a 0% floor), or the EURIBOR rate (subject to a 1.00% floor) plus a margin of 5.50%. Each holder of an Allowed Revolving Credit Agreement Claim will receive its Pro Rata share of the Exit Revolving Credit Facility. The loans of any lenders that do not agree to become lenders under the Exit Revolving Credit Facility will be converted into fully-drawn term loans under a non-revolving tranche of the Exit Revolving Credit Facility. Such term loans will only be prepayable prior to the maturity date of the Exit Revolving Credit Facility by a *pro rata* share of any permanent reduction of the Exit Credit Revolving Facility.

The form of substantially

final New Intercreditor Agreement will be filed with the Bankruptcy Court as part of the Plan Supplement.

VI. SUMMARY OF THE PLAN

This section of the Disclosure Statement summarizes the Plan, a copy of which is annexed hereto as **Exhibit B**. This summary is qualified in its entirety by reference to the Plan.

**YOU SHOULD READ THE PLAN IN ITS ENTIRETY
BEFORE VOTING TO ACCEPT OR REJECT THE PLAN.**

A. Administrative Expense and Priority Claims

1. Treatment of Administrative Expense Claims

Except with respect to Professional Fee Claims and Priority Tax Claims, and to the extent that a holder of an Allowed Administrative Expense Claim and the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or the Reorganized Debtors, as applicable, agree to a less favorable treatment, on the Effective Date or as soon thereafter as is reasonably practicable, each holder of an Allowed Administrative Expense Claim will receive, in full and final satisfaction of such Allowed Claim, Cash in an amount equal to the Allowed amount of such Claim; *provided*, that Allowed Administrative Expense Claims that arise in the ordinary course of the Debtors' business including Administrative Expense Claims arising from or with respect to the sale of goods or services on or after the Petition Date, will be paid by the Debtors or the Reorganized Debtors, as applicable, in the ordinary course of business in accordance with the terms and subject to the conditions of any orders or agreements governing, instruments evidencing, or other documents relating to such transactions, without further action by the holders of such Administrative Expense Claims or further approval by the Bankruptcy Court.

2. Treatment of Professional Fee Claims

All Professional Persons seeking payment of Professional Fee Claims will file, no later than sixty (60) days after the Effective Date, their respective applications for final allowances of compensation for services rendered and reimbursement of expenses incurred. After notice and a hearing in accordance with the procedures established by the Bankruptcy Code and prior orders of the Bankruptcy Court, the Allowed amounts of such Professional Fee Claims will be determined by the Bankruptcy Court and will be paid in full, in Cash. The Reorganized Debtors will be authorized to pay compensation for professional services rendered and reimbursement of expenses incurred after the Confirmation Date in the ordinary course and without the need for Bankruptcy Court approval. For the avoidance of doubt, this treatment will not be applicable to any Restructuring Expenses, which will be paid pursuant to Section 5.23 of the Plan.

3. Treatment of Priority Tax Claims

Except to the extent that a holder of an Allowed Priority Tax Claim and the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or the Reorganized Debtors, as applicable, agree to a less favorable treatment, on the Effective Date or as soon thereafter as is reasonably practicable, each holder of an Allowed Priority Tax Claim will receive, at the option of the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or the Reorganized Debtors, as applicable, in full and final satisfaction of

such Allowed Priority Tax Claim, (i) Cash in an amount equal to the Allowed amount of such Claim, (ii) equal annual installment payments in Cash, of a total value, as of the Effective Date, equal to the Allowed amount of such Claim, over a period ending not later than five (5) years after the Petition Date, or (iii) treatment in a manner not less favorable than the most favored non-priority unsecured claim provided for by the Plan; *provided*, that Allowed Priority Tax Claims that arise in the ordinary course of the Debtors' business, will be paid by the Debtors or the Reorganized Debtors, as applicable, in the ordinary course of business in accordance with the terms and subject to the conditions of any orders or agreements governing, instruments evidencing, or other documents relating to such transactions, including the Plan, without further action by the holders of such Administrative Expense Claims or further approval by the Bankruptcy Court.

B. Classification of Claims and Interests

1. Classification in General

A Claim or Interest is placed in a particular Class for all purposes, including voting, confirmation, and distribution under the Plan and under sections 1122 and 1123(a)(1) of the Bankruptcy Code; *provided*, that a Claim or Interest is placed in a particular Class for the purpose of receiving distributions pursuant to the Plan only to the extent that such Claim or Interest is an Allowed Claim or Allowed Interest in that Class and such Claim or Interest has not been satisfied, released, or otherwise settled prior to the Effective Date.

A Claim or Interest will be deemed classified in a particular Class only to the extent that the Claim or Interest qualifies within the description of that Class, and will be deemed classified in a different Class to the extent that any remainder of such Claim or Interest qualifies within the description of such different Class, provided, however, that any Claim classified in Class 7 shall not be classified in any other Class.

2. Grouping of Debtors for Convenience Only

The Plan groups the Debtors together solely for the purpose of describing treatment of Claims and Interests under the Plan and confirmation of the Plan. Although the Plan applies to all of the Debtors, the Plan constitutes forty-three (43) distinct chapter 11 plans, one for each Debtor, and for voting and distribution purposes, each Class of Claims will be deemed to contain sub-classes for each of the Debtors, to the extent applicable. To the extent there are no Allowed Claims or Interest with respect to a particular Debtor, such Class is deemed to be omitted with respect to such Debtor. Except as otherwise provided in the Plan, to the extent a holder has a Claim that may be asserted against more than one Debtor, the vote of such holder in connection with such Claims will be counted as a vote of such Claim against each Debtor against which such holder has a Claim. The grouping of the Debtors in this manner will not affect any Debtor's status as a separate legal Entity, change the organizational structure of the Debtors' business enterprise, constitute a change of control of any Debtor for any purpose, cause a merger or consolidation of any legal Entities, or cause the transfer of any Assets, and, except as otherwise provided by or permitted under the Plan, all Debtors will continue to exist as separate legal Entities.

3. Summary of Classification of Claims and Interests

The following table designates the Classes of Claims against and Interests in each Debtor and specifies which Classes are: (a) Impaired and Unimpaired under the Plan; (b) entitled to vote to accept or reject the Plan in accordance with section 1126 of the Bankruptcy Code; and (c) deemed to accept or reject the Plan with respect to such Debtor:

<u>Class</u>	<u>Type of Claim or Interest</u>	<u>Impairment</u>	<u>Entitled to Vote</u>
Class 1	Other Priority Claims	Unimpaired	No (Deemed to accept)
Class 2	Other Secured Claims	Unimpaired	No (Deemed to accept)
Class 3	Revolving Credit Agreement Claims	Impaired	Yes
Class 4	ABL Credit Agreement Claims	Impaired	Yes
Class 5	Senior Secured Notes Claims	Impaired	Yes
Class 6	Unsecured Notes Claims	Impaired	Yes
Class 7	General Unsecured Claims	Impaired	Yes
Class 8	Convenience Claims	Impaired	Yes
Class 9	Intercompany Claims	Unimpaired	No (Deemed to accept)
Class 10	Existing CHC Interests	Impaired	No (Deemed to reject)
Class 11	Intercompany Interests	Unimpaired	No (Deemed to accept)

4. Separate Classification of Other Secured Claims

Although all Other Secured Claims have been placed in one Class for purposes of nomenclature within the Plan, each Other Secured Claim, to the extent secured by a Lien on Collateral different from the Collateral securing another Other Secured Claim, will be treated as being in a separate sub-Class for the purposes of receiving Plan Distributions.

5. Elimination of Vacant Classes

With respect to each Debtor, any Class that, as of the commencement of the Confirmation Hearing, does not have at least one holder of a Claim or Interest that is Allowed in an amount greater than zero for voting purposes will be considered vacant, deemed eliminated from the Plan for purposes of voting to accept or reject the Plan, and disregarded for purposes of determining whether the Plan satisfies section 1129(a)(8) of the Bankruptcy Code with respect to such Class.

6. Voting Classes; Presumed Acceptance by Non-Voting Classes

With respect to each Debtor, if a Class contains Claims eligible to vote and no holder of Claims eligible to vote in such Class votes to accept or reject the Plan, the Plan will be presumed accepted by the holders of such Claims in such Class.

7. Voting; Presumptions; Solicitation

(a) Acceptance by Certain Impaired Classes

Only holders of Allowed Claims in Classes 3, 4, 5, 6, 7, and 8 are entitled to vote to accept or reject the Plan. An Impaired Class of Claims will have accepted the Plan if (i) the holders of at least two-thirds (2/3) in amount of the Allowed Claims actually voting in such Class have voted to accept the Plan and (ii) the holders of more than one-half (1/2) in number of the Allowed Claims actually voting in such Class have voted to accept the Plan. Holders of Claims in Classes 3, 4, 5, 6, 7, and 8 will receive ballots containing detailed voting instructions.

(b) Deemed Acceptance by Unimpaired Classes

Holders of Claims and Interests in Classes 1, 2, 9, and 11 are conclusively deemed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Accordingly, such holders are not entitled to vote to accept or reject the Plan.

(c) Deemed Rejection by Certain Impaired Classes

Holders of Existing CHC Interests in Class 10 are conclusively deemed to have rejected the Plan pursuant to section 1126(g) of the Bankruptcy Code. Holders of Existing CHC Interests are not entitled to vote to accept or reject the Plan.

8. Cramdown

If any Class of Claims entitled to vote on the Plan does not vote to accept the Plan, the Debtors will either (a) seek confirmation of the Plan under section 1129(b) of the Bankruptcy Code or (b) amend or modify the Plan in accordance with the terms thereof and the Bankruptcy Code.

9. No Waiver

Nothing contained in the Plan will be construed to waive a Debtor's or other Person's right to object on any basis to any Claim.

C. Treatment of Claims and Interests

1. Class 1: Other Priority Claims

The legal, equitable, and contractual rights of the holders of Allowed Other Priority Claims are unaltered by the Plan. Except to the extent that a holder of an Allowed Other Priority Claim and the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or the Reorganized Debtor, as applicable, agree to a less favorable treatment, on the later of the Effective Date and the date that is ten (10) Business Days after the date such Other Priority Claim becomes an Allowed Claim, or as soon thereafter as is reasonably practicable, each holder of an Allowed Other Priority Claim will receive, in full and final satisfaction of such Allowed Other Priority Claim, at the option of the Debtors, with consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or the Reorganized Debtor, as applicable, (i) Cash in an amount equal to the Allowed amount of such Claim or (ii) other treatment consistent with the provisions of section 1129(a)(9) of the Bankruptcy Code; *provided*, that Other Priority Claims that arise in the ordinary course of the Debtors' business, will be paid by the Debtors or the Reorganized Debtors, as applicable, in the ordinary course of business, and in accordance with the terms and subject to the conditions of any orders or

agreements governing, instruments evidencing, or other documents relating to such transactions without further action by the holders of such Other Priority Claims or further approval by the Bankruptcy Court.

2. Class 2: Other Secured Claims

The legal, equitable, and contractual rights of the holders of Allowed Other Secured Claims are unaltered by the Plan. Except to the extent that a holder of an Allowed Other Secured Claim and the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or the Reorganized Debtor, as applicable, agree to less favorable treatment, each holder of an Allowed Other Secured Claim will, in full and final satisfaction of such Allowed Other Secured Claim, at the option of the Debtors with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, or Reorganized Debtors: (i) be Reinstated and rendered Unimpaired in accordance with section 1124 of the Bankruptcy Code, notwithstanding any contractual provision or applicable non-bankruptcy law that entitles the holder of an Allowed Other Secured Claim to demand or to receive payment of such Allowed Other Secured Claim prior to the stated maturity of such Allowed Other Secured Claim from and after the occurrence of a default; (ii) Cash in an amount equal to the Allowed amount of such Claim as determined in accordance with section 506(a) of the Bankruptcy Code, on the later of the initial distribution date under the Plan and thirty (30) days after the date such Other Secured Claim is Allowed (or as soon thereafter as is practicable); or (iii) receive the Collateral securing its Allowed Other Secured Claim on the later of the initial distribution date under the Plan and the date such Other Secured Claim becomes an Allowed Other Secured Claim (or as soon thereafter as is reasonably practicable).

3. Class 3: Revolving Credit Agreement Claims

On the Effective Date, or as soon as practicable thereafter, holders of Allowed Revolving Credit Agreement Claims will receive, in full and final satisfaction of such Allowed Revolving Credit Agreement Claims, such holder's Pro Rata share of the Exit Revolving Credit Facility.

4. Class 4: ABL Credit Agreement Claims

On the Effective Date, or as soon as practicable thereafter, each holder of an Allowed ABL Credit Agreement Claim will receive, in full and final satisfaction and discharge of such holder's rights with respect to and under such Allowed ABL Credit Agreement Claim and, in accordance with the Amended and Restated ABL Credit Facility Term Sheet, its Pro Rata share of: (i) the Amended and Restated ABL Credit Agreement; (ii) distributions on account of the ABL Allowed Primary General Unsecured Claim and ABL Allowed Secondary General Unsecured Claim, which Allowed General Unsecured Claims will receive treatment in accordance with Section 4.7 of the Plan; and (iii) the Exit Payment (as defined in the Amended and Restated ABL Credit Facility Term Sheet).

5. Class 5: Senior Secured Notes Claims

On or as soon as practicable after the Effective Date, each holder of a Senior Secured Notes Claim, which Claims are deemed Allowed in the aggregate amount of not less than One Billion Sixty-Seven Million Eight Hundred and Thirty-Two Thousand Five Hundred and Seventy-Six Dollars (\$1,067,832,576) through the Petition Date, including accrued prepetition interest, plus fees, and other expenses due under the Senior Secured Notes and Senior Secured Notes Indenture, including Senior Secured Notes Indenture Trustee Expenses, will receive, in full and final satisfaction and discharge of such holder's rights with respect to and under such Allowed Senior Secured Notes Claim, and, in accordance with the Restructuring Transactions, (A) other than the Senior Secured Notes Indenture Trustee, its Pro Rata share of: (i) seventy-nine-and-a-half percent (79.5%) of the New Membership Interests, prior to dilution on

account of the New Second Lien Convertible Notes and the Management Incentive Plan (which shall equate to eleven-point-six percent 11.6% of the New Membership Interests, after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan); and (ii) (x) to the extent such holder is an Eligible Offeree, the Senior Secured Notes Subscription Rights and (y) to the extent such holder is a Non-Eligible Offeree, its share (calculated pursuant to the Rights Offering Procedures) of up to one percent (1%) of the New Membership Interests otherwise distributable to holders of Allowed Senior Secured Notes Claims (after dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date), but prior to dilution on account of the Management Incentive Plan) and (B) to the Senior Secured Notes Indenture Trustee, Cash in amount equal to the Senior Secured Notes Indenture Trustee Expenses outstanding as of the Effective Date. Any unclaimed portion of New Membership Interests otherwise available to Non-Eligible Offerees holding Allowed Senior Secured Notes Claims will be distributed Pro Rata to all holders of Allowed Senior Secured Notes Claims. Upon acceptance of the Plan by Class 5, all holders of Senior Secured Notes Claim will be deemed to have agreed to forgo any distribution in respect of their Senior Secured Notes Deficiency Claim. Distributions received under the Plan by holders of Allowed Senior Secured Notes Claims will be subject to the Senior Secured Notes Indenture Trustee Charging Lien if the Senior Secured Notes Indenture Trustee Expenses are not paid pursuant to Section 4.5(a) of the Plan.

6. Class 6: Unsecured Notes Claims

To the extent any of foregoing actions, whether arising prior to the Effective Date or thereafter, require action to be taken by the Secured Parties Collateral Agent, the Debtors or Reorganized Debtors, as applicable, shall pay the reasonable and documented fees and expenses of the Secured Parties Collateral Agent.

12. Officers and Boards of Directors

The composition of each board of managers, directors or similar governing body, as applicable, of the Reorganized Debtors, including the New Board, will be disclosed prior to the entry of the Confirmation Order to the extent required by section 1129(a)(5) of the Bankruptcy Code.

The officers of each Reorganized Debtor will be disclosed prior to the entry of the Confirmation Order to the extent required by section 1129(a)(5) of the Bankruptcy Code. On the Effective Date, the applicable Reorganized Debtors will enter into new employment agreements with certain members of the management team.

Except to the extent that a member of the board of managers, directors or similar governing body of a Debtor continues to serve in such capacity on the Effective Date, such members of each Debtor prior to the Effective Date, in their capacities as such, will have no continuing obligations to the Reorganized Debtors on or after the Effective Date and each such member will be deemed to have resigned or will otherwise cease to be a manager or director of the applicable Debtor on the Effective Date without any further action required on the part of any such Debtor or member. Commencing on the Effective Date, each of the managers and directors of each of the Reorganized Debtors will serve pursuant to the terms of the applicable organizational documents of such Reorganized Debtor and may be replaced or removed in accordance with such organizational documents.

15. Registration Rights

On the Effective Date, the Registration Rights Parties will enter into the Registration Rights Agreement. The Registration Rights Agreement will provide, following the occurrence of an initial public offering of Reorganized CHC's New Membership Interests, the Registration Rights Parties with certain demand registration rights, piggyback registration rights and shelf registration rights for the offer and resale of any New Second Lien Convertible Notes held by the Registration Parties, the New Membership Interests underlying the New Second Lien Convertible Notes and any New Membership Interests held by the Registration Rights Parties, including New Membership Interests held upon the conversion of the New Second Lien Convertible Notes. The Registration Rights Agreement will contain customary terms and conditions, including, without limitation, provisions with respect to blackout periods.

The Rights Offering will be conducted, and the New Second Lien Convertible Notes will be issued to the Eligible Offerees that exercise their respective Subscription Rights pursuant to the Rights Offering Procedures and the Plan. The consummation of the Rights Offering is conditioned on the consummation of the Plan, the Rights Offering Procedures and any other condition specified in the Backstop Agreement. Amounts held by the Subscription Agent with respect to the Rights Offering prior to the Effective Date will not be entitled to any interest on account of such amounts. On the Effective Date, in exchange for providing the Backstop Commitment, and pursuant to the terms and conditions of the Backstop Agreement and the Support Agreements Approval Order, the Backstop Parties will receive the New Second Lien Convertible Notes constituting the Put Option Premium.

17. Intercompany Interests

On the Effective Date and without the need for any further corporate action or approval of any board of directors, management, or shareholders of any Debtor or Reorganized Debtor, as applicable, all Intercompany Interests will be Reinstated and unaffected by the Plan and continue in place following the Effective Date.

18. Tax Matters

Subject to definitive guidance from the U.S. Internal Revenue Service or a court of competent jurisdiction to the contrary, all parties (including the Reorganized Debtors, all holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims who receive New Second Lien Convertible Notes pursuant to the Plan, the New Second Lien Convertible Notes Indenture Trustee and all other parties to the New Second Lien Convertible Notes Indenture) will, unless prohibited by applicable law, treat the New Second Lien Convertible Notes as equity for U.S. federal income tax purposes (that is not preferred stock for purposes of section 305 of the Tax Code), and the New Second Lien Convertible Notes Indenture will so provide. To the extent permitted by applicable law, all parties will report consistent therewith for U.S. state and local income tax purposes.

19. Separability

Notwithstanding the combination of separate plans of reorganization for the Debtors set forth in the Plan for purposes of economy and efficiency, the Plan constitutes a separate chapter 11 plan for each Debtor. Voting and distributions will be calculated and made on a Debtor-by-Debtor basis. If the Bankruptcy Court does not confirm the Plan with respect to one or more Debtors, it may still, with the consent of the

Debtors, the Requisite Plan Sponsors and the Creditors' Committee, confirm the Plan with respect to any other Debtor that satisfies the confirmation requirements of section 1129 of the Bankruptcy Code.

20. Settlement of Claims and Controversies

Pursuant to section 1123(b)(3)(A) of the Bankruptcy Code and Bankruptcy Rule 9019, and in consideration for the Plan Distributions and other benefits provided under the Plan, the provisions of the Plan will constitute a good faith compromise and settlement of all Claims and controversies relating to the rights that a holder of a Claim or Interest may have with respect to such Claim or Interest or any Plan Distribution on account thereof, including (i) the amount, value, and treatment of ABL Claims, Senior Secured Notes Claims, and Unsecured Notes Claims against the Debtors; (ii) the validity, extent and priority of the Liens securing the Senior Secured Notes; (iii) the value of the Debtors' encumbered and unencumbered Assets; (iv) any potential adequate protection or diminution in value Claim by the holders of Senior Secured Notes; (v) any potential Claim to surcharge Collateral under section 506(c) of the Bankruptcy Code; (vi) the allocation of distributable value among the creditor classes; and (vii) the Equity Value and the total enterprise value of the reorganized company premised upon the Debtors remaining as a going concern, which is conditioned upon the \$300 million new money investment. In the event that, for any reason, the Confirmation Order is not entered or the Effective Date does not occur, the Debtors, the Plan Sponsors, the Creditors' Committee, and the other Consenting Creditor Parties reserve all of their respective rights with respect to any and all disputes resolved and settled under the Plan. The entry of the Confirmation Order will constitute the Bankruptcy Court's approval, as of the Effective Date, of each of the compromises and settlements embodied in the Plan, and the Bankruptcy Court's finding that all such compromises or settlements are: (i) in the best interest of the Debtors, the Estates, the Reorganized Debtors, and their respective property and stakeholders; and (ii) fair, equitable and within the range of reasonableness. The provisions of the Plan, including, without limitation, its release, injunction, exculpation and compromise provisions, are mutually dependent.

21. Limited Consolidation for Primary General Unsecured Claims Distribution

Consistent with Section 5.20 of the Plan, the Plan provides for recoveries on account of Allowed Primary General Unsecured Claims in Class 7 from the Primary General Unsecured Claims Distribution, regardless of the Debtor entity against which such Allowed Primary General Unsecured Claims are asserted. The Debtors will not be consolidated for any other purpose. To the extent necessary, the Plan will serve as a motion seeking, and entry of the Confirmation Order shall constitute, the approval, pursuant to section 105(a) of the Bankruptcy Code and Bankruptcy Rule 9019, effective as of the Effective Date, of the limited consolidation for distribution on account of Primary General Unsecured Claims as provided in Section 5.21 of the Plan.

For the avoidance of doubt, the limited consolidation described in Section 5.21 of the Plan will only apply to distributions on account of Allowed Primary General Unsecured Claims and will not impact, waive, or otherwise effect any Allowed Secondary General Unsecured Claims asserted against any Debtor or any recoveries on such Allowed Secondary General Unsecured Claims, if applicable. Providing distributions to holders of Allowed Primary General Unsecured Claims in the manner described in this Section shall not affect: (i) the legal and corporate structures of the Debtors; (ii) pre- and post-Effective Date guarantees, liens and security interests that are required to be maintained (a) in connection with contracts or leases that were entered into during the Chapter 11 Cases or Executory Contracts and Unexpired Leases that have been or will be assumed by the Debtors or (b) pursuant to the Plan; (iii) Intercompany Interests; (iv) distributions from any insurance policies or proceeds of such policies; or (v) the revesting of assets in the separate Reorganized Debtors. In addition, such consolidation shall not constitute a waiver of the mutuality requirement for setoff under section 553 of the Bankruptcy Code.

The characterization of each General Unsecured Claim as a Primary General Unsecured Claim or a Secondary General Unsecured Claim for distribution purposes will be reasonably determined by the Voting Agent and the Debtors or Reorganized Debtors, as applicable, subject to the reasonable consent of the Creditors' Committee or the Post-Effective Date Committee, as applicable, or as otherwise ordered by the Bankruptcy Court.

22. Adjustment of Primary General Unsecured Claims Distribution and Secondary General Unsecured Claims Distribution

Notwithstanding anything contained in the Plan to the contrary, the Debtors may modify the allocation between and among the Secondary General Unsecured Claims Distribution and the Primary General Unsecured Claims Distribution, including between and among the Secondary Recovery Debtors identified on Exhibit C, to the extent necessary to satisfy the requirements of the Bankruptcy Code.

23. Restructuring Expenses

On the Effective Date, or as soon as practicable thereafter, the Debtors or the Reorganized Debtors, as applicable, will pay in full in Cash all outstanding Restructuring Expenses incurred, or estimated to be incurred, through the Effective Date, in accordance with the terms of the applicable orders, engagement letters or other applicable contractual arrangements, but without regard to any notice or objection period as may be contained in such applicable orders, engagement letters, or other applicable arrangements, subject to adjustment, if necessary, for the actual Restructuring Expenses incurred.

E. Distributions

1. Distributions Generally

The Disbursing Agent will make all Plan Distributions to the appropriate holders of Allowed Claims in accordance with the terms of the Plan.

2. Plan Funding

Plan Distributions of Cash will be funded from the Debtors' and the Reorganized Debtors' Cash on hand as of the applicable date of such Plan Distribution.

3. No Postpetition Interest on Claims

Except as otherwise specifically provided for in the Plan, the Confirmation Order, or another order of the Bankruptcy Court or required by the Bankruptcy Code, postpetition interest will not accrue or be paid on any Claims, and no holder of a Claim will be entitled to interest accruing on such Claim on or after the Petition Date.

4. Date of Distributions

Unless otherwise provided in the Plan, any distributions and deliveries to be made under the Plan will be made on the Effective Date or as soon thereafter as is practicable; provided, that the Reorganized Debtors may implement periodic distribution dates to the extent they determine them to be appropriate.

5. Distribution Record Date

As of the close of business on the Distribution Record Date, the various lists of holders of Claims in each Class, as maintained by the Debtors or their agents, will be deemed closed, and there will be no further changes in the record holders of any Claims after the Distribution Record Date. Neither the Debtors, the Reorganized Debtors, nor the Disbursing Agent will have any obligation to recognize any transfer of a Claim occurring after the close of business on the Distribution Record Date. In addition, with respect to payment of any Cure Amounts or disputes over any Cure Amounts, neither the Debtors, the Reorganized Debtors, nor the Disbursing Agent will have any obligation to recognize or deal with any party other than the non-debtor party to the applicable executory contract or unexpired lease, even if such non-debtor party has sold, assigned, or otherwise transferred its Claim for a Cure Amount.

6. Disbursing Agent

All distributions under the Plan will be made by the Disbursing Agent on and after the Effective Date as provided in the Plan. The Disbursing Agent will not be required to give any bond or surety or other security for the performance of its duties. The Reorganized Debtors will use all commercially reasonable efforts to provide the Disbursing Agent (if other than the Reorganized Debtors) with the amounts of Claims and the identities and addresses of holders of Claims, in each case, as set forth in the Debtors' or Reorganized Debtors' books and records. The Reorganized Debtors will cooperate in good faith with the applicable Disbursing Agent (if other than the Reorganized Debtors) to comply with the reporting and withholding requirements outlined in Section 6.17 of the Plan.

7. Delivery of Distributions

The Disbursing Agent will issue or cause to be issued, the applicable consideration under the Plan and, subject to Bankruptcy Rule 9010, will make all distributions to any holder of an Allowed Claim as and when required by the Plan at: (i) the address of such holder on the books and records of the Debtors or their agents; or (ii) at the address in any written notice of address change delivered to the Debtors or the Disbursing Agent, including any addresses included on any transfers of Claim filed pursuant to Bankruptcy Rule 3001. In the event that any distribution to any holder is returned as undeliverable, no distribution or payment to such holder will be made unless and until the Disbursing Agent has been notified of the then-current address of such holder, at which time or as soon thereafter as reasonably practicable such distribution will be made to such holder without interest.

8. Unclaimed Property

One year from the later of (a) the Effective Date and (b) the date that is ten (10) Business Days after the date a Claim is first Allowed, all distributions payable on account of Claim that are not deliverable and remain unclaimed will be deemed unclaimed property under section 347(b) of the Bankruptcy Code and will revert to the Reorganized Debtors or their successors or assigns, and all claims of any other Entity (including the holder of a Claim in the same Class) to such distribution will be discharged and forever barred. The Reorganized Debtors and the Disbursing Agent will have no obligation to attempt to locate any holder of an Allowed Claim other than by reviewing the Debtors' books and records and filings with the Bankruptcy Court. Notwithstanding the foregoing, if any Primary General Unsecured Claims Distributions or Secondary General Unsecured Claims Distributions remain unclaimed for one year after attempted distribution, such undeliverable distributions from the Primary General Unsecured Claims Distribution will be distributed to the holders of Allowed Primary General Unsecured Claims and such undeliverable distribution from the Secondary General Unsecured Claims Distribution will be distributed to holders of Allowed Secondary General Unsecured Claims, as applicable, in accordance with the distribution methodology described in Section 6.1 of the Plan.

9. Satisfaction of Claims

Unless otherwise provided in the Plan, any distributions and deliveries to be made on account of Allowed Claims under the Plan will be in complete and final satisfaction, settlement, and discharge of and exchange for such Allowed Claims.

10. Manner of Payment Under Plan

Except as specifically provided in the Plan, at the option of the Debtors or the Reorganized Debtors, as applicable, any Cash payment to be made under the Plan may be made by a check or wire transfer or as otherwise required or provided in applicable agreements or customary practices of the Debtors.

11. Fractional Shares and Notes and De Minimis Cash Distributions

No fractional New Membership Interests will be distributed. When any distribution would otherwise result in the issuance of a number of New Membership Interests that is not a whole number, the New Membership Interests subject to such distribution will be rounded to the next higher or lower whole number as follows: (i) fractions equal to or greater than 1/2 will be rounded to the next higher whole number; and (ii) fractions less than 1/2 will be rounded to the next lower whole number. The total number of New Membership Interests to be distributed on account of Allowed Claims will be adjusted as necessary to account for the rounding provided for in the Plan. No consideration will be provided in lieu of fractional shares that are rounded down. Neither the Reorganized Debtors nor the Disbursing Agent will have any obligation to make a distribution that is less than one (1) New Membership Interest or Fifty Dollars (\$50.00) in Cash. Fractional New Membership Interests that are not distributed in accordance with Section 6.11 of the Plan will be returned to, and ownership thereof will vest in, Reorganized CHC. The New Second Lien Convertible Notes and New Unsecured Notes each will be issued in denominations of One Dollar (\$1) or any integral multiples thereof and any other amounts will be rounded down.

12. No Distribution in Excess of Amount of Allowed Claim

Notwithstanding anything to the contrary in the Plan, no holder of an Allowed Claim will receive, on account of such Allowed Claim, Plan Distributions in excess of the Allowed amount of such Claim plus any postpetition interest on such Claim, to the extent such interest is permitted by Section 6.3 of the Plan.

13. Allocation of Distributions Between Principal and Interest

Except as otherwise required by law (as reasonably determined by the Debtors), consideration received in respect of an Allowed Claim will be allocable first to the principal amount of the Claim (as determined for U.S. federal income tax purposes) and then, to the extent of any excess, to the remainder of the Claim, including any Claim for accrued but unpaid interest.

14. Exemption from Securities Laws

The issuance of and the distribution under the Plan of the New Membership Interests and the New Unsecured Notes will be exempt from registration under the Securities Act and any other applicable securities laws to the fullest extent permitted by section 1145 of the Bankruptcy Code. These securities may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided by section 4(a)(1) of the Securities Act, unless the holder is an "underwriter" with respect to such securities, as that term is defined in section 1145(b) of the Bankruptcy Code. In addition, such section 1145 exempt securities generally may be resold without registration under state securities laws pursuant to various exemptions provided by the respective laws of the several states.

The Rights Offering and the issuance and sale, as applicable, of the Subscription Rights and the New Second Lien Convertible Notes (and the New Membership Interests issuable upon conversion thereof) pursuant to the Rights Offering and to the Backstop Parties under the Backstop Agreement (including the New Second Lien Convertible Notes (and the New Membership Interests issuable upon the conversion thereof) comprising the Put Option Premium) is being made in reliance on the exemption from registration set forth in section 4(a)(2) of the Securities Act or Regulation D thereunder. Such securities will be considered “restricted securities” and may not be transferred except pursuant to an effective registration statement or under an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rule 144 of the Securities Act.

15. Setoffs and Recoupments

Each Debtor or Reorganized Debtor, as applicable, or such Entity’s designee, may, pursuant to section 553 of the Bankruptcy Code or applicable nonbankruptcy law, offset or recoup against any Allowed Claim and the distributions to be made pursuant to the Plan on account of such Allowed Claim any and all Claims, rights, and Causes of Action that such Debtor or Reorganized Debtor or its successors may hold against the holder of such Allowed Claim; provided, that neither the failure to effect a setoff or recoupment nor the allowance of any Claim hereunder will constitute a waiver or release by a Debtor or Reorganized Debtor or its successor of any Claims, rights, or Causes of Action that a Reorganized Debtor or its successor or assign may possess against such holder.

16. Rights and Powers of Disbursing Agent

The Disbursing Agent will be empowered to: (i) effect all actions and execute all agreements, instruments, and other documents necessary to perform its duties under the Plan; (ii) make all applicable distributions or payments provided for under the Plan; (iii) employ professionals to represent it with respect to its responsibilities; and (iv) exercise such other powers (A) as may be vested in the Disbursing Agent by order of the Bankruptcy Court (including any order issued after the Effective Date) or pursuant to the Plan or (B) as deemed by the Disbursing Agent to be necessary and proper to implement the provisions of the Plan.

To the extent the Disbursing Agent is an Entity other than a Debtor or Reorganized Debtor, except as otherwise ordered by the Bankruptcy Court and subject to the written agreement of the Reorganized Debtors, the amount of any reasonable fees and expenses incurred by the Disbursing Agent on or after the Effective Date (including taxes) and any reasonable compensation and expense reimbursement Claims (including for reasonable attorneys’ and other professional fees and expenses) made by the Disbursing Agent will be paid in Cash by the Reorganized Debtors.

17. Withholding and Reporting Requirements

In connection with the Plan and all instruments issued in connection therewith and distributed thereon, the Reorganized Debtors and the Disbursing Agent will comply with all applicable withholding and reporting requirements imposed by any federal, state, local, or foreign taxing authority, and all distributions under the Plan will be subject to any such withholding or reporting requirements. In the case of a non-Cash distribution that is subject to withholding, the distributing party may withhold an appropriate portion of such distributed property and sell such withheld property to generate Cash necessary to pay over the withholding tax. Any amounts withheld pursuant to the preceding sentence will be deemed to have been distributed to and received by the applicable recipient for all purposes of the Plan.

Notwithstanding the above, each holder of an Allowed Claim that is to receive a distribution under the Plan will have the sole and exclusive responsibility for the satisfaction and payment of any tax obligations

imposed on such holder by any Governmental Unit, including income, withholding, and other tax obligations, on account of such distribution. The Reorganized Debtors and the Disbursing Agent have the right, but not the obligation, to not make a distribution until such holder has made arrangements satisfactory to any issuing or disbursing party for payment of any such tax obligations.

The Reorganized Debtors and the Disbursing Agent may require, as a condition to receipt of a distribution, that the holder of an Allowed Claim provide any information necessary to allow the distributing party to comply with any such withholding and reporting requirements imposed by any federal, state, local or foreign taxing authority. If the Reorganized Debtors or the Disbursing Agent make such a request and the holder fails to comply before the date that is 180 days after the request is made, the amount of such distribution will irrevocably revert to the applicable Reorganized Debtor and any Claim in respect of such distribution will be discharged and forever barred from assertion against such Reorganized Debtor or its respective property.

F. Procedures for Resolving Claims

1. Disputed Claims Generally

Except insofar as a Claim is Allowed under the Plan, the Debtors or the Reorganized Debtors, as applicable, will be entitled to object to Claims. Any objections to Claims will be served and filed on or before: (a) the one-hundred and eightieth (180th) day following the later of (i) the Effective Date and (ii) the date that a proof of Claim is filed or amended or a Claim is otherwise asserted or amended in writing by or on behalf of a holder of such Claim; or (b) such later date as may be fixed by the Bankruptcy Court.

2. Objections to Professional Fee Claims

Any objections to Professional Fee Claims will be served and filed (a) no later than thirty (30) days after the filing of the final applications for compensation or reimbursement by the applicable Professional Person or (b) such later date as ordered by the Bankruptcy Court.

3. Estimation of Claims

The Debtors or the Reorganized Debtors, as applicable, may at any time request that the Bankruptcy Court estimate any contingent, unliquidated, or Disputed Claim pursuant to section 502(c) of the Bankruptcy Code, regardless of whether the Debtors had previously objected to or otherwise disputed such Claim or whether the Bankruptcy Court has ruled on any such objection. The Bankruptcy Court will retain jurisdiction to estimate any Claim at any time during litigation concerning any objection to any Claim, including during the pendency of any appeal relating to any such objection. In the event that the Bankruptcy Court estimates any contingent, unliquidated, or Disputed Claim, the amount so estimated will constitute either the Allowed amount of such Claim or a maximum limitation on such Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on the amount of such Claim, the Reorganized Debtors may pursue supplementary proceedings to object to the allowance of such Claim.

4. Claim Resolution Procedures Cumulative

All of the objection, estimation, and resolution procedures in the Plan are intended to be cumulative and not exclusive of one another. Claims may be estimated and subsequently settled, compromised, withdrawn, or resolved in accordance with the Plan by any mechanism approved by the Bankruptcy Court.

5. Resolution of Disputed Claims

On and after the Effective Date, the Reorganized Debtors will have the authority to litigate, compromise, settle, otherwise resolve or withdraw any objections to all Claims against the Debtors and to compromise and settle any such Disputed Claims without notice to or approval by the Bankruptcy Court or any other party; *provided, however*, that for so long as the Post-Effective Date Committee is in existence, the Post-Effective Date Committee will have (i) consultation rights for the settlement of any General Unsecured Claims filed or asserted in the amount of Five Million Dollars (\$5,000,000) or more and (ii) reasonable consent rights with respect to any settlement of a General Unsecured Claim that is settled for an Allowed General Unsecured Claim in excess of Five Million Dollars (\$5,000,000). In the event the Post-Effective Date Committee does not consent to any such Claim settlement, the Reorganized Debtors will have the right to seek approval of such Claim settlement by the Bankruptcy Court pursuant to Bankruptcy Rule 9019. Upon request, the Debtors or the Reorganized Debtors will also provide the Post-Effective Date Committee with a spreadsheet of all General Unsecured Claims, which will include the filed Claim amounts and any objections asserted thereto.

6. No Distributions Pending Allowance

No payment or distribution provided under the Plan will be made on account of a Disputed Claim unless and until (and only to the extent that) such Claim becomes an Allowed Claim.

7. Disputed Claims Reserve

There will be withheld from the New Membership Interests and New Unsecured Notes to be distributed to holders of Allowed General Unsecured Claims an amount of New Membership Interests and New Unsecured Notes that would be distributable to Disputed General Unsecured Claims had such Disputed Claims been Allowed on the Effective Date, together with all earnings thereon (net of any expenses relating thereto, including any taxes imposed thereon or otherwise payable by the Disputed Claims Reserve). There will also be withheld Cash in an amount that would be distributable to any Disputed Convenience Claims had such Disputed Claims been Allowed on the Effective Date, together with all earnings thereon (net of any expenses relating thereto, including any taxes imposed thereon or otherwise payable by the Disputed Claims Reserve). The Disbursing Agent will hold in the Disputed Claims Reserve all dividends, payments, and other distributions made on account of, as well as any obligations arising from, property held in the Disputed Claims Reserve, to the extent that such property continues to be so held at the time such distributions are made or such obligations arise, and such dividends, payments, or other distributions will be held for the benefit of (i) holders of Disputed General Unsecured Claims against any of the Debtors whose Claims are subsequently Allowed, (ii) holders of New Unsecured Notes pending resolution of distributions to holders of Allowed Convenience Claims, (iii) holders of Disputed Convenience Claims against any of the Debtors whose Claims are subsequently Allowed, and (iv) other parties entitled thereto hereunder.

The Debtors intend to seek a determination by the Bankruptcy Court of the estimated amount (either on an individual or aggregate basis) of Disputed General Unsecured Claims and the Disputed Convenience Claims for purposes of determining the amount of the Disputed Claims Reserve attributable to such Disputed Claims. The New Membership Interests held in the Disputed Claims Reserve pursuant to Section 7.7 of the Plan will be deemed voted by the Disbursing Agent proportionally in the same manner as any outstanding New Membership Interests held by parties other than the Disbursing Agent are voted. The Disbursing Agent will be responsible for payment, out of the assets of the Disputed Claims Reserve, of any taxes imposed on the Disputed Claims Reserve or its assets. In the event, and to the extent, any Cash in the Disputed Claims Reserve is insufficient to pay the portion of any such taxes attributable to the taxable income arising from the assets of the Disputed Claims Reserve (including any income that may

arise upon the distribution of the assets in the Disputed Claims Reserve), assets of the Disputed Claims Reserve may be sold to pay such taxes. To the extent that a Disputed General Unsecured Claim becomes an Allowed Claim after the Effective Date, the Disbursing Agent will distribute to the holder thereof the distribution, if any, of the New Membership Interests and New Unsecured Notes to which such holder is entitled hereunder out of the Disputed Claims Reserve. To the extent that a Disputed Convenience Claim becomes an Allowed Claim after the Effective Date, the Disbursing Agent will distribute to the holder thereof the distribution, if any, of Cash to which such holder is entitled hereunder out of the Disputed Claims Reserve. No interest will be paid with respect to any Disputed Convenience Claim or any Disputed General Unsecured Claim that becomes an Allowed Claim after the Effective Date.

In the event the New Membership Interests and New Unsecured Notes remaining in the Disputed Claims Reserve are insufficient to satisfy all the Disputed Claims that have become Allowed and are due to be satisfied with distributions from the Disputed Claims Reserve, such Disputed Claims will be satisfied ratably from the Disputed Claims Reserve consistent with the proportional recoveries provided by the Plan and as set forth in **Exhibit C**. After all New Membership Interests and New Unsecured Notes have been distributed from the Disputed Claims Reserve, no further distributions will be made in respect of Disputed Claims. At such time as all Disputed Claims have been resolved, any remaining New Membership Interests and New Unsecured Notes in the Disputed Claims Reserve will be released from the Disputed Claims Reserve for distribution in accordance with Sections 4.7 and 5.8 of the Plan.

8. Distributions After Allowance

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, distributions (if any) will be made to the holder of such Allowed Claim in accordance with the provisions of the Plan. As soon as practicable after the date on which the order or judgment of the Bankruptcy Court allowing any Disputed Claim becomes a Final Order, the Disbursing Agent will provide to the holder of such Claim the distribution (if any) to which such holder is entitled under the Plan as of the Effective Date, without any interest to be paid on account of such Claim unless required by the Bankruptcy Code.

G. Executory Contracts and Unexpired Leases

1. General Treatment

As of and subject to the occurrence of the Effective Date, all executory contracts and unexpired leases to which the Debtors are party will be deemed rejected except for an executory contract or unexpired lease that (i) has previously been assumed or rejected pursuant to a Final Order of the Bankruptcy Court, (ii) is specifically designated on the Schedule of Assumed Contracts and Leases filed and served prior to commencement of the Confirmation Hearing, (iii) is specifically designated on the Schedule of Rejected Contracts and Leases filed and served prior to commencement of the Confirmation Hearing, (iv) is specifically designated on the Schedule of Assumed Aircraft Leases filed and served prior to commencement of the Confirmation Hearing, (v) is specifically designated on the Schedule of Rejected Aircraft Leases filed and served prior to commencement of the Confirmation Hearing, or (vi) is the subject of a separate (A) assumption motion filed by the Debtors or (B) rejection motion filed by the Debtors under section 365 of the Bankruptcy Code before the Confirmation Date. The Debtors reserve the right to modify the treatment of any particular executory contract or unexpired lease pursuant to the Plan, and any such modification will be reasonably acceptable to the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

Subject to the occurrence of the Effective Date, the payment of any applicable Cure Amount, and the resolution of any Cure Dispute, the entry of the Confirmation Order by the Bankruptcy Court will constitute approval of the rejections, assumptions, and assumptions and assignments provided for in the

Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Unless otherwise indicated or provided in a separate order of the Bankruptcy Court, rejections or assumptions or assumptions and assignments of executory contracts and unexpired leases pursuant to the Plan are effective as of the Effective Date. Each executory contract and unexpired lease assumed pursuant to the Plan or by order of the Bankruptcy Court but not assigned to a third party before the Effective Date will vest in and be fully enforceable by the applicable Reorganized Debtor in accordance with its terms, except as modified by the provisions of the Plan, any order of the Bankruptcy Court authorizing and providing for its assumption, or applicable law.

Unless otherwise provided in the Plan or by separate order of the Bankruptcy Court, each executory contract and unexpired lease that is assumed or assumed and assigned will include any and all modifications, amendments, supplements, restatements, or other agreements made directly or indirectly by any agreement, instrument, or other document that in any manner affects such executory contract or unexpired lease, without regard to whether such agreement, instrument, or other document is listed in the Schedule of Assumed Contracts and Leases or Schedule of Assumed Aircraft Leases.

Notwithstanding anything to the contrary contained in the Plan, subject to the terms and conditions of the Milestone Term Sheet as approved by the Bankruptcy Court, on the Effective Date, (i) the Milestone Committed Aircraft Lease Agreements will be assumed and will vest in and be fully enforceable against applicable Reorganized Debtor; (ii) any guarantee agreement or other Definitive Restructuring Document (as defined in the Milestone Term Sheet) that is not an executory contract, will be reinstated pursuant to section 1123(a)(2) of the Bankruptcy Code and will vest in and be fully enforceable against the applicable Reorganized Debtor; and (iii) the Milestone Incremental Aircraft Lease Agreements will vest in and be fully enforceable against the applicable Reorganized Debtor.

2. Determination of Cure Disputes and Deemed Consent

The Debtors will file, as part of the Plan Supplement, the Schedule of Assumed Contracts and Leases and the Schedule of Assumed Aircraft Leases, which, if and where applicable, will indicate whether the executory contract or lease is also being assigned and to whom, and will simultaneously serve a Cure Notice on parties to executory contracts or unexpired leases to be assumed or, if applicable, assigned, reflecting the Debtors' intention to assume or assume and assign the contract or lease in connection with the Plan and, where applicable, setting forth the proposed Cure Amount (if any).

With respect to each executory contract or unexpired lease to be assumed or assumed and assigned by the Debtors, unless otherwise determined by the Bankruptcy Court pursuant to a Final Order or agreed to by the parties thereto prior to the Effective Date, the dollar amount required to Cure any defaults of the Debtors existing as of the Confirmation Date will be the Cure Amount set in the Cure Notice. The Cure Amount will be satisfied, under section 365(b)(1) of the Bankruptcy Code, by the Debtors or Reorganized Debtors, as applicable, upon assumption of the relevant executory contract or unexpired lease. Upon payment in full of the Cure Amount, any and all proofs of Claim based upon an executory contract or unexpired lease that has been assumed in the Chapter 11 Cases or under the Plan will be deemed Disallowed and expunged without any further notice to or action by any party or order of the Bankruptcy Court.

If there is a dispute regarding (i) any Cure Amount, (ii) the ability of the Debtors to provide adequate assurance of future performance (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed, or (iii) any other matter pertaining to assumption or assumption and assignment, such dispute will be heard by the Bankruptcy Court prior to such assumption or assumption and assignment being effective. Any counterparty to an executory contract or unexpired lease that fails to object timely to the notice of the proposed assumption or assumption and assignment of such executory

contract or unexpired lease or the relevant Cure Amount within fifteen (15) days of the Debtors' notice of intent to assume or assume and assign, will be deemed to have consented to such assumption or assumption and assignment and the Cure Amount (even if Zero Dollars (\$0)), and will be forever barred, estopped, and enjoined from challenging the validity of such assumption or assumption and assignment or the amount of such Cure Amount thereafter.

3. Rejection

In the event that the rejection of an executory contract or unexpired lease hereunder results in damages to the other party or parties to such contract or lease, any Claim for such damages, if not heretofore evidenced by a timely filed proof of Claim, will be forever barred and will not be enforceable against the Debtors or the Reorganized Debtors, or their respective Estates, properties or interests in property, unless a proof of Claim is filed with the Bankruptcy Court and served upon the Debtors or the Reorganized Debtors, as applicable, no later than thirty (30) days after the later of (i) the Confirmation Date or (ii) the effective date of the rejection of such executory contract or unexpired lease, as set forth on the Schedule of Rejected Contracts and Leases or on the Schedule of Rejected Aircraft Leases or order of the Bankruptcy Court. The Confirmation Order will constitute the Bankruptcy Court's approval of the rejection of all the leases and contracts identified in the Schedule of Rejected Contracts and Leases, the Schedule of Rejected Contracts and Leases, and Schedule of Rejected Aircraft Leases.

4. Survival of the Debtors' Indemnification Obligations

Any obligations of the Debtors pursuant to their corporate charters, by-laws, limited liability company agreements, memorandum and articles of association, or other organizational documents and agreements to indemnify current and former officers, directors, agents, or employees with respect to all present and future actions, suits, and proceedings against the Debtors or such officers, directors, agents, or employees based upon any act or omission for or on behalf of the Debtors will not be discharged, impaired, or otherwise affected by the Plan; provided, that the Reorganized Debtors will not indemnify any person for any Claims or Causes of Action arising out of or relating to any act or omission that is a criminal act or constitutes fraud, gross negligence, or willful misconduct. All such obligations will be deemed and treated as executory contracts to be assumed by the Debtors under the Plan and will continue as obligations of the Reorganized Debtors.

5. Compensation and Benefit Plans

The Debtors will file, as part of the Plan Supplement, the Schedule of Assumed Compensation and Benefit Plans. Unless otherwise provided in the Plan, all employment and severance policies, and all compensation and benefits plans, policies, and programs of the Debtors applicable to their respective employees, retirees, and non-employee directors, including all savings plans, retirement plans, healthcare plans, disability plans, severance benefit plans, incentive plans, and life and accidental death and dismemberment insurance plans, in each case to the extent specifically listed on the Schedule of Assumed Compensation and Benefit Plans, are deemed to be, and will be treated as, executory contracts under the Plan and, on the Effective Date, will be assumed pursuant to sections 365 and 1123 of the Bankruptcy Code. Any such policy, plan, or program not specifically listed on the Schedule of Assumed Compensation and Benefit Plans will be deemed rejected. For the avoidance of doubt, any awards granted under the Management Incentive Plan will be governed by such plan and will not be subject to any provisions of the foregoing assumed plans, programs, or arrangements.

6. Insurance Policies

All insurance policies to which any Debtor is a party as of the Effective Date will be deemed to be and treated as executory contracts, will be assumed by the applicable Debtor, and will vest in the Reorganized Debtors and continue in full force and effect thereafter in accordance with their respective terms.

7. Reservation of Rights

The Debtors may amend the Schedule of Assumed Contracts and Leases, the Schedule of Rejected Contracts and Leases, the Schedule of Assumed Aircraft Leases, and the Schedule of Rejected Aircraft Leases and any Cure Notice through 4:00 p.m. (Central Time) on the Business Day immediately prior to the commencement of the Confirmation Hearing to (i) add, delete, or reclassify any executory contract or unexpired lease or amend a proposed assignment and /or (ii) amend the proposed Cure; provided, however, that if the Confirmation Hearing is adjourned for a period of more than two (2) consecutive calendar days, the Debtors' right to amend such schedules and notices will be extended to 4:00 p.m. (Central Time) on the Business Day immediately prior to the adjourned date of the Confirmation Hearing, with such extension applying in the case of any and all subsequent adjournments of the Confirmation Hearing. For the avoidance of doubt, any such amendments shall be reasonably acceptable in all respects to the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

Neither the exclusion nor the inclusion by the Debtors of any contract or lease on any exhibit, schedule, or other annex to the Plan or in the Plan Supplement, nor anything contained in the Plan, will constitute an admission by the Debtors that any such contract or lease is or is not an executory contract or unexpired lease or that the Debtors or the Reorganized Debtors or their respective affiliates have any liability thereunder.

Except as otherwise provided in the Plan, or in a previously entered order of the Bankruptcy Court, nothing shall waive, excuse, limit, diminish, or otherwise alter any of the defenses, claims, Causes of Action, or other rights of the Debtors or the Reorganized Debtors under any executory or non-executory contract or unexpired or expired lease.

Nothing in the Plan will increase, augment, or add to any of the duties, obligations, responsibilities, or liabilities of the Debtors or the Reorganized Debtors, as applicable, under any executory or non-executory contract or unexpired or expired lease.

If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of its assumption under the Plan, the Debtors or Reorganized Debtors, as applicable, will have sixty (60) days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

H. Conditions Precedent to the Occurrence of the Effective Date

1. Conditions Precedent to the Effective Date

The Effective Date will not occur unless all of the following conditions precedent have been satisfied or waived in accordance with Section 9.2 of the Plan:

- the Plan Documents are reasonably acceptable in all respects to (a) the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee and (b) the Individual Creditor Parties and the Milestone Parties, solely to the extent and under the circumstances provided for pursuant to Section 2(b) of the Plan Support Agreement; provided, however, any Plan Documents regarding

organizational and governance matters of the Reorganized Debtors and Reorganized CHC, including, without limitation, the Reorganized CHC Operating Agreement, the Registration Rights Agreement, the Amended Certificate of Incorporation and the Amended By-Laws, shall be acceptable in all respects to the Requisite Plan Sponsors in their sole discretion, in consultation with the Debtors and the Creditors' Committee (and, solely to the extent the terms of such agreement materially, adversely, disproportionately and directly affect the Individual Creditor Parties, in consultation with the Individual Creditor Parties);

- the Debtors maintain unrestricted cash liquidity (i.e., cash, cash equivalents and unrestricted availability under any financing arrangement for general working capital purposes), without regard to the proceeds from the Rights Offering, in the amount set forth on Schedule 6(a)(xix) of the Plan Support Agreement (after accounting for payments to be made in connection with the Effective Date), or such lesser amount as reasonably determined by the Debtors, the Requisite Plan Sponsors and the Creditors' Committee;
- the Plan Support Agreement is in full force and effect;
- the conditions to effectiveness of the Backstop Agreement have been satisfied or waived in accordance with the terms thereof, and the Backstop Agreement is in full force and effect and binding on all parties thereto;
- the Bankruptcy Court has entered the Confirmation Order and it is a Final Order, and which order is in all respects reasonably acceptable to the Debtors, Requisite Plan Sponsors and the Creditors' Committee and, to the extent set forth in the Plan Support Agreement, Milestone and the Individual Creditor Parties;
- all Restructuring Expenses have been paid in accordance with Section 5.23 of the Plan
- all governmental and third-party approvals and consents, including Bankruptcy Court approval, necessary in connection with the transactions provided for in the Plan have been obtained, are not subject to unfulfilled conditions, and are in full force and effect, and all applicable waiting periods have expired without any action having been taken by any competent authority that would restrain, prevent, or otherwise impose materially adverse conditions on such transactions;
- the Confirmation Order has been recognized by the Canadian Court pursuant to the Canadian Recognition Proceeding; and
- the Cayman Proceedings have been completed.

2. Waiver of Conditions Precedent

Each of the Conditions Precedent to the occurrence of the Effective Date may be waived subject to the written consent, which shall not be unreasonably withheld, of the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee and, to the extent such waiver (i) materially, adversely, disproportionately, and directly impacts the treatment of any Claims of the Individual Creditor Parties, the consent of the Individual Creditor Parties, which shall not be unreasonably withheld, and (ii) materially and directly impacts the rights, interests of the Milestone Parties under the Milestone Term Sheet (including any agreements contemplated therein or related thereto) and the PK Financing Documents, the consent of Milestone, which shall not be unreasonable withheld. If any such condition precedent is waived pursuant to Section 902 of the Plan and the Effective Date occurs, each party agreeing to waive such condition precedent will be estopped from withdrawing such waiver after the Effective Date or otherwise

challenging the occurrence of the Effective Date on the basis that such condition was not satisfied. If the Plan is confirmed for fewer than all of the Debtors as provided for in Section 5.19 of the Plan, only the conditions applicable to the Debtor or Debtors for which the Plan is confirmed must be satisfied or waived for the Effective Date to occur.

The stay of the Confirmation Order pursuant to Bankruptcy Rule 3020(e) will be deemed waived by and upon the entry of the Confirmation Order, and the Confirmation Order will take effect immediately upon its entry.

I. Effect of Confirmation

1. Binding Effect

Except as otherwise provided in section 1141(d)(3) of the Bankruptcy Code, and subject to the occurrence of the Effective Date, on and after the entry of the Confirmation Order, the provisions of the Plan will bind every holder of a Claim against or Interest in any Debtor and inure to the benefit of and be binding on such holder's respective successors and assigns, regardless of whether the Claim or Interest of such holder is impaired under the Plan and whether such holder has accepted the Plan.

2. Vesting of Assets

Except as otherwise provided in the Plan, on and after the Effective Date, all Assets of the Estates, including all claims, rights, and Causes of Action and any property acquired by the Debtors under or in connection with the Plan, will vest in each respective Reorganized Debtor free and clear of all Claims, Liens, charges, other encumbrances, and Interests. Subject to the terms of the Plan, on and after the Effective Date, the Reorganized Debtors may operate their businesses and may use, acquire, and dispose of property and prosecute, compromise, or settle any Claims (including any Administrative Expense Claims) and Causes of Action without supervision of or approval by the Bankruptcy Court and free and clear of any restrictions of the Bankruptcy Code or the Bankruptcy Rules other than restrictions expressly imposed by the Plan or the Confirmation Order. Without limiting the foregoing, the Reorganized Debtors may pay the charges that they incur on or after the Confirmation Date for Professional Persons' fees, disbursements, expenses, or related support services without application to the Bankruptcy Court.

3. Discharge of Claims Against and Interests in the Debtors

Upon the Effective Date and in consideration of the distributions to be made under the Plan, except as otherwise provided in the Plan or in the Confirmation Order, each holder (as well as any trustee or agent on behalf of such holder) of a Claim or Interest and any successor, assign, and affiliate of such holder will be deemed to have forever waived, released, and discharged the Debtors, to the fullest extent permitted by section 1141 of the Bankruptcy Code, of and from any and all Claims, Interests, rights, and liabilities that arose prior to the Effective Date. Except as otherwise provided in the Plan, upon the Effective Date, all such holders of Claims and Interests and their successors, assigns, and affiliates will be forever precluded and enjoined, pursuant to sections 105, 524, and 1141 of the Bankruptcy Code, from prosecuting or asserting any such discharged Claim against or terminated Interest in any Debtor or any Reorganized Debtor.

4. Term of Pre-Confirmation Injunctions and Stays

Unless otherwise provided in the Plan, all injunctions and stays arising under or entered during the Chapter 11 Cases, whether under sections 105 or 362 of the Bankruptcy Code or otherwise, and in

existence on the date of entry of the Confirmation Order, will remain in full force and effect until the later of the Effective Date and the date indicated in the order providing for such injunction or stay.

5. Injunction Against Interference with Plan

Upon the entry of the Confirmation Order, all holders of Claims and Interests and all other parties in interest, along with their respective successors and assigns and present and former affiliates, employees, agents, officers, directors, and principals, will be enjoined from taking any action to interfere with the implementation or the occurrence of the Effective Date.

6. Plan Injunction

Except as otherwise provided in the Plan or in the Confirmation Order, as of the entry of the Confirmation Order but subject to the occurrence of the Effective Date, all Entities who have held, hold, or may hold Claims or Interests are, with respect to any such Claim or Interest, permanently enjoined after the entry of the Confirmation Order from: (i) commencing, conducting, or continuing in any manner, directly or indirectly, any suit, action, or other proceeding of any kind (including any proceeding in a judicial, arbitral, administrative, or other forum) against or affecting, directly or indirectly, a Debtor, a Reorganized Debtor, or an Estate or the property of any of the foregoing, or any direct or indirect transferee of any property of, or direct or indirect successor in interest to, any of the foregoing Entities mentioned in this subsection (i) or any property of any such transferee or successor; (ii) enforcing, levying, attaching (including any prejudgment attachment), collecting, or otherwise recovering in any manner or by any means, whether directly or indirectly, any judgment, award, decree, or order against a Debtor, a Reorganized Debtor, or an Estate or its property, or any direct or indirect transferee of any property of, or direct or indirect successor in interest to, any of the foregoing Entities mentioned in this subsection (ii) or any property of any such transferee or successor; (iii) creating, perfecting, or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against a Debtor, a Reorganized Debtor, or an Estate or any of its property, or any direct or indirect transferee of any property of, or successor in interest to, any of the foregoing Entities mentioned in this subsection (iii) or any property of any such transferee or successor; (iv) acting or proceeding in any manner, in any place whatsoever, that does not conform to or comply with the provisions of the Plan to the full extent permitted by applicable law; and (v) commencing or continuing, in any manner or in any place, any action that does not comply with or is inconsistent with the provisions of the Plan; *provided*, that nothing contained in the Plan shall preclude such Entities who have held, hold, or may hold Claims against or Interests in a Debtor or an Estate from exercising their rights, or obtaining benefits, pursuant to and consistent with the terms of the Plan and the Plan Documents and the Cayman Proceedings.

By accepting distributions pursuant to the Plan, each holder of an Allowed Claim or Allowed Interest will be deemed to have affirmatively and specifically consented to be bound by the Plan, including the injunctions set forth in Section 10.6 of the Plan.

7. Releases

(a) Releases by the Debtors.

As of the Effective Date, except for the rights that remain in effect from and after the Effective Date to enforce the Plan and the Plan Documents and the Cayman Proceedings, for good and valuable consideration, including the contributions and service of the Released Parties to the Chapter 11 cases, the reorganization of the Debtors, and the implementation of the Restructuring, the

adequacy of which is hereby confirmed, and except as otherwise provided in the Plan or in the Confirmation Order, the Released Parties are deemed forever released and discharged by the Debtors, the Reorganized Debtors, and the Estates from any and all claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the Debtors, the Reorganized Debtors, or their Estates, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, existing or hereinafter arising, in law, equity, or otherwise, that the Debtors, the Reorganized Debtors, or their Estates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based on or relating to, or in any manner arising from, in whole or in part, the Debtors, the Chapter 11 Cases, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in the Plan, the business or contractual arrangements between any Debtor and any Released Party, the Restructuring, the restructuring of any Claim or Interest before or during the Chapter 11 Cases, the transactions contemplated by Section 5.2 of the Plan, the Disclosure Statement, the Rights Offering, the Support Agreements, and the Plan and related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), and the negotiation, formulation, or preparation thereof, the solicitation of votes with respect to the Plan, or any other act or omission, other than Claims or Causes of Action arising out of or related to any act or omission of a Released Party that is a criminal act or constitutes intentional fraud, willful misconduct, or gross negligence; *provided, however*, that the releases provided for herein shall not affect any settlement approved or subject to approval by the Bankruptcy Court to the extent any releases provided for in such settlement differ from the releases contained in Section 10.7 of the Plan.

(b) Releases by Holders of Claims and Interests.

As of the Effective Date, except for the rights that remain in effect from and after the Effective Date to enforce the Plan, the Plan Documents, and the Cayman Proceedings, for good and valuable consideration, including the contributions and service of the Released Parties to the Chapter 11 Cases, the reorganization of the Debtors, and the implementation of the Restructuring, the adequacy of which is hereby confirmed, and except as otherwise provided in the Plan or in the Confirmation Order, as an integral component of the Plan, the Released Parties are deemed forever released and discharged by the Releasing Parties, from any and all claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the Debtors, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, existing or hereinafter arising, in law, equity, or otherwise, that such holders or their affiliates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based on or relating to, or in any manner arising from, in whole or in part, the Debtors, the Chapter 11 Cases, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in the Plan, the business or contractual arrangements between any Debtor and any Released Party, the Restructuring, the restructuring of any Claim or Interest before or during the Chapter 11 Cases, the transactions contemplated by Section 5.2 of the Plan, the Disclosure Statement, the Rights Offering, the Support Agreements, and the Plan and related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), and the negotiation, formulation, or preparation thereof, the solicitation of votes with respect to the Plan, or any other act or omission, other than Claims or Causes of Action arising out

of or related to any act or omission of a Released Party that is a criminal act or constitutes intentional fraud, willful misconduct, or gross negligence; *provided, however*, that, for the avoidance of doubt, the releases provided for herein shall not release any claim against any non-Debtor that has been asserted by the named plaintiff or any member of the class (provided that such class member does not timely opt out of the class) in *Rudman v. CHC Group et al.*, 15-cv-3773-LAK, pending in the United States District Court for the Southern District of New York.

8. Exculpation

To the extent permitted by applicable law, no Exculpated Party shall have or incur, and each Exculpated Party is hereby released and exculpated from, any claim, obligation, suit, judgment, damage, demand, debt, right, Cause of Action, loss, and liability for any claim in connection with or arising out of the administration of the Chapter 11 Cases; the negotiation and pursuit of the Disclosure Statement, the Rights Offering, the Support Agreements, the transactions contemplated by Section 5.2 of the Plan, the Plan and all related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), or the solicitation of votes for, or confirmation of, the Plan; the funding of the Plan; the occurrence of the Effective Date; the administration of the Plan or the property to be distributed under the Plan; the issuance of securities under or in connection with the Plan; or the transactions in furtherance of any of the foregoing; except to the extent arising out of or related to any act or omission of an Exculpated Party that is a criminal act or constitutes intentional fraud, willful misconduct or gross negligence. This exculpation shall be in addition to, and not in limitation of, all other releases, indemnities, exculpations and any other applicable law or rules protecting such Exculpated Parties from liability. For the avoidance of doubt, nothing in the Plan or the Confirmation Order is intended to affect the police or regulatory activities of governmental agencies.

9. Injunction Related to Releases and Exculpation

The Confirmation Order shall permanently enjoin the commencement or prosecution by any Entity, whether directly, derivatively, or otherwise, of any Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, or liabilities released or exculpated pursuant to the Plan.

10. Subordinated Claims

The allowance, classification, and treatment of all Allowed Claims and Allowed Interests and the respective distributions and treatments thereof under the Plan take into account and conform to the relative priority and rights of the Claims and Interest in each Class in connection with any contractual, legal, and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, sections 510(a), 510(b), or 510(c) of the Bankruptcy Code, or otherwise. Pursuant to section 510 of the Bankruptcy Code, the Debtors reserve the right to reclassify any Allowed Claim or Allowed Interest in accordance with any contractual, legal, or equitable subordination relating thereto.

11. Waiver of Certain Avoidance Actions

On the Effective Date, the Reorganized Debtors will be deemed to waive and release all Avoidance Actions against non-insider trade vendors and employees of Reorganized CHC as of the Effective Date.

12. Retention of Causes of Action and Reservation of Rights

Except as expressly provided in Section 10.11 of the Plan, and subject to Sections 10.7, 10.8, and 10.9 of the Plan, nothing contained in the Plan or the Confirmation Order shall be deemed to be a waiver or relinquishment of any rights, claims, Causes of Action, rights of setoff or recoupment, or other legal or equitable defenses that the Debtors had immediately before the Effective Date on behalf of the Estates or of themselves in accordance with any provision of the Bankruptcy Code or any applicable nonbankruptcy law. Subject to Sections 10.7, 10.8, and 10.9 of the Plan, the Reorganized Debtors shall have, retain, reserve, and be entitled to assert all such claims, Causes of Action, rights of setoff or recoupment, and other legal or equitable defenses as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors' legal and equitable rights in respect of any Unimpaired Claim may be asserted after the Effective Date to the same extent as if the Chapter 11 Cases had not been commenced.

13. Ipso Facto and Similar Provisions Ineffective

Any term of any policy, contract, or other obligation applicable to a Debtor shall be void and of no further force or effect with respect to any Debtor to the extent that such policy, contract, or other obligation is conditioned on, creates an obligation of the Debtor as a result of, or gives rise to a right of any Entity based on any of the following: (a) the insolvency or financial condition of a Debtor; (b) the commencement of the Chapter 11 Cases; (c) the confirmation or consummation of the Plan, including any change of control that will occur as a result of such consummation; (d) any change of control resulting from the issuance, or mandatory conversion of the New Second Lien Convertible Notes; (e) any change of control resulting from the Cayman Proceedings; or (f) the Restructuring.

J. Retention of Jurisdiction

- to recover all Assets of the Debtors and property of the Estates, wherever located; and
- to enter a final decree closing each of the Chapter 11 Cases.

K. Miscellaneous Provisions

1. Amendments

(a) Plan Modifications

The Plan may be amended, modified, or supplemented by the Debtors, subject to the consent rights set forth in the Plan Support Agreement, in the manner provided for by section 1127 of the Bankruptcy Code or as otherwise permitted by law, without additional disclosure pursuant to section 1125 of the Bankruptcy Code, except as otherwise ordered by the Bankruptcy Court. In addition, after the Confirmation Date, so long as such action does not materially and adversely affect the treatment of holders of Allowed Claims or Allowed Interests pursuant to the Plan, the Debtors, subject to the consent rights set forth in the Plan Support Agreement, may remedy any defect or omission or reconcile any inconsistencies in the Plan or the Confirmation Order with respect to such matters as may be necessary to carry out the purposes of effects of the Plan, and any holder of a Claim or Interest that has accepted the Plan will be deemed to have accepted the Plan as amended, modified, or supplemented.

(b) Certain Technical Amendments

Prior to the Effective Date, the Debtors may make appropriate technical adjustments and modifications to the Plan without further order or approval of the Bankruptcy Court, subject to the consent rights set forth in the Plan Support Agreement; provided, that such technical adjustments and modifications do not adversely affect the treatment of holders of Allowed Claims or Allowed Interests under the Plan.

2. Revocation or Withdrawal of Plan

The Debtors reserve the right to revoke or withdraw the Plan prior to the Effective Date as to any or all of the Debtors, subject to the consent rights set forth in, and the terms and conditions of, the Plan Support Agreement. If, with respect to a Debtor, the Plan has been revoked or withdrawn prior to the Effective Date, or if confirmation or the occurrence of the Effective Date as to such Debtor does not occur on the Effective Date, then, with respect to such Debtor: (a) the Plan will be null and void in all respects; (b) any settlement or compromise embodied in the Plan (including the fixing or limiting to an amount any Claim or Interest or Class of Claims or Interests), assumption of executory contracts or unexpired leases affected by the Plan, and any document or agreement executed pursuant to the Plan will be deemed null and void; and (c) nothing contained in the Plan will (i) constitute a waiver or release of any Claim by or against, or any Interest in, such Debtor or any other Entity; (ii) prejudice in any manner the rights of such Debtor or any other Person or Entity; or (iii) constitute an admission of any sort by any Debtor or any other Person or Entity.

3. Dissolution of Creditors' Committee

Except to the extent provided in the Plan, upon the Effective Date, the current and former members of the Creditors' Committee, and their respective officers, employees, counsel, advisors and agents, will be released and discharged of and from all further authority, duties, responsibilities and obligations related to and arising from and in connection with the Chapter 11 Cases; *provided, however*, that following the Effective Date, the Creditors' Committee will continue in existence and have standing and a right to be heard for the following limited purposes: (1) Claims and/or applications for compensation by Professionals and requests for allowance of Administrative Claims for substantial contribution pursuant to section 503(b)(3)(D) of the Bankruptcy Code; (2) any appeals of the Confirmation Order, (3) any appeals to which the Creditors' Committee is a named party; (4) any adversary proceedings or contested matters as of the Effective Date to which the Creditors' Committee is a named party; and (5) responding to

creditor inquiries for fourteen (14) days following the Effective Date. Following the completion of the Creditors' Committee's remaining duties set forth above, the Creditors' Committee will be dissolved, and the retention or employment of the Creditors' Committee's respective attorneys, accountants and other agents will terminate.

4. Post-Effective Date Committee

So long as the Creditors' Committee does not terminate its obligations under the Plan Support Agreement, a Post-Effective Date Committee will be formed on the Effective Date, with its rights as set forth in Section 7.5 of the Plan. The Post-Effective Date Committee will consist of three (3) members appointed by and from the Creditors' Committee and may adopt by-laws governing its conduct. The Reorganized Debtors will reimburse the Post-Effective Date Committee and its members (in such capacity) for reasonable and documented fees and out-of-pocket expenses, subject to the Post-Effective Date Committee Fee Cap. Unless the Post-Effective Date Committee votes to disband earlier, the existence of the Post-Effective Date Committee, and all rights and powers associated therewith, will terminate on the date on which all Disputed General Unsecured Claims have been resolved.

5. Exemption from Certain Transfer Taxes

Pursuant to section 1146 of the Bankruptcy Code, the issuance, transfer, or exchange of any security or other property hereunder, including, to the fullest extent permitted by applicable law, all sale transactions consummated by the Debtors and approved by the Bankruptcy Court on and after the Confirmation Date through and including the Effective Date, including any transfers effectuated under the Plan, including pursuant to the transactions contemplated by Section 5.2 of the Plan, and any assumption, assignment, or sale by the Debtors of their interests in unexpired leases of nonresidential real property or executory contracts pursuant to section 365(a) of the Bankruptcy Code, and any transfer of title to or ownership of any of the Debtors' interests in any Aircraft Equipment, will not be subject to any stamp, real estate transfer, mortgage recording, or other similar tax. In furtherance thereof, and to the fullest extent permitted by applicable law, any such issuance, transfer, or exchange will constitute a "transfer under a plan" within the purview of section 1146 of the Bankruptcy Code.

6. Payment of Statutory Fees

All fees payable under section 1930 of chapter 123 of title 28 of the United States Code will be paid on the Effective Date, or as soon as practicable thereafter, by the Debtors or Reorganized Debtors. Quarterly fees owed to the U.S. Trustee will be paid when due in accordance with applicable law and the Debtors and Reorganized Debtors will continue to file reports to show the calculation of such fees for the Debtors' Estates until the Chapter 11 Cases are closed under section 350 of the Bankruptcy Code. Each and every one of the Debtors will remain obligated to pay quarterly fees to the U.S. Trustee until the earliest of that particular Debtor's case is closed, dismissed, or converted to a case under Chapter 7 of the Bankruptcy Code.

7. Severability

Subject to Section 5.19 of the Plan, if, prior to the entry of the Confirmation Order, any term or provision of the Plan is held by the Bankruptcy Court to be invalid, void, or unenforceable, the Bankruptcy Court, at the request of the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, will have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void, or unenforceable, and such term or provision will then be applicable as altered or interpreted. Notwithstanding any such holding, alteration, or

interpretation by the Bankruptcy Court, the remainder of the terms and provisions of the Plan will remain in full force and effect and will in no way be affected, impaired, or invalidated by such holding, alteration, or interpretation. The Confirmation Order will constitute a judicial determination and will provide that each term and provision of the Plan, as it may have been altered or interpreted in accordance with Section 12.7 of the Plan, is valid and enforceable pursuant to its terms.

8. Governing Law

Except to the extent that the Bankruptcy Code or other federal law is applicable or to the extent that a Plan Document provides otherwise, the rights, duties, and obligations arising under the Plan and the Plan Documents will be governed by, and construed and enforced in accordance with, the internal laws of the State of New York, without giving effect to the principles of conflict of laws thereof.

9. Immediate Binding Effect

Notwithstanding Bankruptcy Rules 3020(e), 6004(h), 7062, or otherwise, upon the occurrence of the Effective Date, the terms of the Plan and the Plan Documents will be immediately effective and enforceable and deemed binding upon and inure to the benefit of the Debtors, the Reorganized Debtors, the holders of Claims and Interests, the Released Parties, the Exculpated Parties, and each of their respective successors and assigns.

10. Successors and Assigns

The rights, benefits, and obligations of any Entity named or referred to in the Plan will be binding on and will inure to the benefit of any heir, executor, administrator, successor, or permitted assign, if any, of each such Entity.

VII. **POST-REORGANIZATION**

A. Reorganized CHC

1. Business

The below description of the Reorganized CHC's business is presented on a pro forma basis after giving effect to the consummation of the Plan.

(a) Overview

Reorganized CHC is a new Cayman Islands limited liability company that will function as the parent company for the reorganized company ("**Reorganized CHC Group**"). Reorganized CHC Group will continue to consist of two main operating segments: (i) Helicopter Services; and (ii) MRO. Reorganized CHC Group expects to keep its senior management headquartered in Irving, Texas, and will also continue to maintain bases on six continents with major operations in the North Sea, Brazil, Australia, and several locations across Africa, Eastern Europe, and South East Asia.

(b) Fleet

As of the Effective Date Reorganized CHC Group will maintain a restructured fleet of approximately 130 helicopters, which are primarily medium (8 to 15 passengers) and heavy (16 to 26 passengers) helicopters. Of the helicopters in the fleet, Reorganized CHC Group will own a portion and lease the

remainder from various third-party lessors, including the Milestone Parties. Since the Petition Date, Debtors have entered into, and the Court has approved, six (6) interim restructuring term sheets with various lessors to restructure the lease terms related to twenty-three (23) different helicopters. *See* Docket Nos. 566–68, 735–36, and 959.

2. Capital Structure

Reorganized CHC Group’s capital structure will consist of: (i) the Exit Revolving Credit Facility, (ii) \$464.1 million in New Second Lien Convertible Notes that, on an as-converted basis, will represent 85.4% of the New Membership Interests of Reorganized CHC (on a fully-diluted basis but prior to dilution on account of the Management Incentive Plan), (iii) the Amended and Restated ABL Credit Facility, (iv) up to \$37.5 million, less the amount of the Convenience Claim Distribution Amount, in New Unsecured Notes, (v) the \$150 million PK Financing Facility (if applicable); and (vi) New Membership Interests.

On the Effective Date, the initial board of Reorganized CHC will have five (5) members, which will consist of: (a) the Chief Executive Officer, Karl Fessenden; (b) three (3) managers selected by the Requisite Plan Sponsors after consultation with the Chief Executive Officer; and (c) one (1) independent manager selected by the Requisite Plan Sponsors after consultation with the Creditors’ Committee and the Individual Creditor Parties. The composition of the board of directors or managers of each Reorganized Debtor will be disclosed prior to the entry of the order confirming the Plan in accordance with section 1129(a)(5) of the Bankruptcy Code.

VIII. PROJECTIONS AND VALUATION ANALYSIS

A. Estimated Valuation of the Reorganized Debtors

THE VALUATION INFORMATION CONTAINED HEREIN IS NOT A PREDICTION OR GUARANTEE OF THE ACTUAL MARKET VALUE THAT MAY BE REALIZED THROUGH THE SALE OF ANY SECURITIES TO BE ISSUED OR SOLD PURSUANT TO THE PLAN. THIS VALUATION IS PRESENTED SOLELY FOR THE PURPOSE OF PROVIDING ADEQUATE INFORMATION AS REQUIRED BY SECTION 1125 OF THE BANKRUPTCY CODE TO ENABLE THE HOLDERS OF CLAIMS ENTITLED TO VOTE TO ACCEPT OR REJECT THE PLAN TO MAKE AN INFORMED JUDGMENT ABOUT THE PLAN AND SHOULD NOT BE USED OR RELIED UPON FOR ANY OTHER PURPOSE, INCLUDING THE PURCHASE OR SALE OF CLAIMS AGAINST THE DEBTORS.

Solely for purposes of the Plan and this Disclosure Statement, PJT has estimated the total enterprise value (the “**Total Enterprise Value**”) and implied equity value (the “**Equity Value**”) of the Reorganized Debtors on a going concern basis and pro forma for the transactions contemplated by the Plan.

In estimating the Total Enterprise Value of the Reorganized Debtors, PJT (i) met with the Debtors’ senior management team to discuss the Debtors’ operations and future prospects, (ii) reviewed the Debtors’ historical financial information, (iii) reviewed certain of the Debtors’ internal financial and operating data, (iv) reviewed certain financial analyses prepared by CDG and Seabury, (v) reviewed the Financial Projections attached hereto as **Exhibit H**, (vi) reviewed the detailed business plan underlying the Financial Projections, and (vii) reviewed publicly-available third-party information.

The valuation information set forth in this Section represents a valuation of the Reorganized Debtors based on the application of standard valuation techniques. The estimated values set forth in this Section: (a) do not purport to constitute an appraisal of the assets of the Reorganized Debtors; (b) do not constitute an opinion on the terms and provisions or fairness to any Person, from a financial point of view, of the consideration to be received by such Person under the Plan; (c) do not constitute a recommendation to any holder of Allowed Claims as to how such holder should vote, whether such holder should participate in the Rights Offering, or how such holder otherwise should act with respect to the Plan; and (d) do not necessarily reflect the actual market value that might be realized through a sale or liquidation of the Debtors.

In preparing the estimates set forth below, PJT has relied upon the accuracy, completeness, and fairness of the financial and other information furnished by the Debtors. PJT did not attempt to independently audit or verify such information, nor did it perform an independent appraisal of the Assets or liabilities of the Debtors.

The Financial Projections for the Reorganized Debtors are attached hereto as **Exhibit H**. The estimated values set forth herein assume that the Reorganized Debtors will achieve their Financial Projections in all material respects. PJT has relied on the Debtors' representation and warranty that the Financial Projections (a) have been prepared in good faith; (b) are based on fully disclosed assumptions, which, in light of the circumstances under which they were made, are reasonable; (c) reflect the Debtors' best currently available estimates; and (d) reflect the good faith judgments of the Debtors. PJT does not offer an opinion as to the attainability of the Financial Projections. As discussed in Section X herein, the future results of the Reorganized Debtors are dependent upon various factors, many of which are beyond the control or knowledge of the Debtors and PJT, and consequently are inherently difficult to project.

This valuation contemplates facts and conditions known and existing as of December 5, 2016. Events and conditions subsequent to this date, including updated projections, as well as other factors, could have a substantial effect upon the Total Enterprise Value. Among other things, failure to consummate the Plan in a timely manner may have a materially negative effect on the Total Enterprise Value. For purposes of this valuation, PJT has assumed that no material changes that would affect value will occur between December 5, 2016 and the contemplated Effective Date. For convenience of modeling, we have assumed an emergence and valuation date of January 31, 2017.

Valuation Methodology

PJT prepared its valuation analysis based upon the following methodologies:

1. Comparable Company Analysis

- The comparable company analysis estimates the value of a company based on a relative comparison with publicly traded companies with similar operating and financial characteristics. Under this methodology, the enterprise value for each selected public company is determined by examining the trading prices for the equity securities of such company in the public markets and adding the aggregate amount of outstanding net debt (at the market trading value of debt, if available) and minority interests in unconsolidated subsidiaries. Such enterprise values are commonly expressed as multiples of various measures of financial and operating statistics, most commonly EBITDA and EBITDAR. The total enterprise value of a reorganized debtor is then calculated by applying these multiples to the reorganized debtor's actual and projected financial and operational metrics.

- With respect to the Reorganized Debtors, the selection of comparable public companies was based on business model, geographic mix, fleet characteristics, and other factors that were deemed relevant.

2. Discounted Cash Flow Analysis

- The discounted cash flow analysis is a forward looking enterprise valuation methodology that estimates the value of an asset or business by calculating the present value of expected future cash flows to be generated by that asset or business. The total enterprise value is determined by calculating the present value of unlevered after-tax free cash flows over the course of the projection period plus an estimate for the value of a reorganized debtor beyond the projection period, known as the terminal value. The terminal value is commonly derived pursuant to two methods, the comparable company analysis (as discussed separately above) or using the perpetuity growth method, in which the projected cash flows beyond the projection period are estimated using an assumed growth rate.
- In calculating the terminal value for the Reorganized Debtors, PJT relied upon the comparable company analysis to estimate the terminal value.

PJT, along with the Debtors and their other advisors, engaged with members of the Debtors' existing capital structure regarding a potential new money investment. These discussions were primarily with (i) the Plan Sponsors and (ii) another stakeholder (whose name PJT is not permitted to disclose due to confidentiality restrictions). These parties entered into long-term confidentiality agreements with the Debtors, participated in several meetings with PJT, the Debtors' management, and the Debtors' other advisors, and undertook extensive diligence on the Debtors over a period of several months. Ultimately, the Plan Sponsors, who are sophisticated financial counterparties, submitted a bid with significant new money investment in the Debtors. PJT considered the amount and terms of this bid in its valuation.

PJT did not estimate the value of any tax attributes nor did it estimate the impact of any cancellation of indebtedness income on the Reorganized Debtors' projections. Any changes to the assumptions on the availability of tax attributes or the impact of cancellation of indebtedness income on the Reorganized Debtors' projections could materially impact PJT's valuation analysis.

Total Enterprise Value and Equity Value

As a result of the analysis described above, PJT estimates the Total Enterprise Value of the Reorganized Debtors to be approximately \$700 - \$900 million. PJT projects pro forma net debt of \$226 million upon the Effective Date. This consists of \$411 million of gross debt, excluding \$464 million of mandatorily convertible debt treated on an as converted basis, and cash of \$186 million. The Total Enterprise Value implies an Equity Value range of \$474 - \$674 million.

B. Consolidated Projected Financial Statements

As more fully described in Section XIV of this Disclosure Statement, the Bankruptcy Code permits a debtor's chapter 11 plan to be confirmed only if it is not likely to be followed by the debtor's liquidation or the need for further financial reorganization, other than as provided for in its plan. This requirement of section 1129(a)(11) of the Bankruptcy Code is known as the "feasibility" requirement.

For purposes of determining whether the Plan meets this requirement, the Debtors and their advisors have analyzed the Debtors' ability to meet their obligations under the Plan on a going-forward basis post-Effective Date. As more fully described in the Debtors' consolidated business projections attached hereto

as **Exhibit H**, the analysis performed by the Debtors with the assistance of CDG shows the Debtors' Plan is not likely to be followed by a liquidation or need for further financial reorganization.

C. Liquidation Analysis

Section 1129(a)(7) of the Bankruptcy Codes requires that to confirm a plan, each holder of a claim or interest against the debtor must either (i) accept the plan or (ii) receive or retain under the plan property of a value, as of the effective date of the plan, that is not less than the value such holder would receive or retain if the debtor were liquidated under chapter 7 of the Bankruptcy Code. To demonstrate that the Debtors' Plan meets this requirement, a liquidation analysis was performed by CDG in coordination with the Debtors and the Debtors' other professionals and is attached hereto as **Exhibit G**. Based on this analysis, the Debtors submit that each Impaired Class will receive under the Plan a recovery equal to or greater than the value such Class would receive pursuant to a liquidation of the Debtors under chapter 7 of the Bankruptcy Code.

IX. SECURITIES LAW MATTERS

A. New Second Lien Convertible Notes, New Unsecured Notes, and New Membership Interests

Detailed summaries of the New Second Lien Convertible Notes, New Unsecured Notes, and New Membership Interests are provided in Sections V.M.2, V.M.3, and V.M.5 of this Disclosure Statement.

B. Transfer Restrictions and Consequences Under Federal Securities Laws

The securities to be issued on or after the Effective Date will not have been the subject of a registration statement filed with the SEC under the Securities Act or any securities regulatory authority of any state under any state securities law. The Plan has not been approved or disapproved by the SEC or any state regulatory authority and neither the SEC nor any state regulatory authority has passed upon the accuracy or adequacy of the information contained in this Disclosure Statement or the Plan. Any representation to the contrary is a criminal offense. Neither this Disclosure Statement nor the Plan was required to be prepared in accordance with federal or state securities laws or other applicable nonbankruptcy law. Neither this Disclosure Statement nor the solicitation contemplated herein constitutes an offer to sell or the solicitation of an offer to buy securities in any state or jurisdiction in which such offer or solicitation is not authorized. Making investment decisions based on the information contained in this Disclosure Statement or the Plan is therefore highly speculative.

Section 1145 of the Bankruptcy Code generally exempts from registration under the Securities Act the offer or sale under a chapter 11 plan of a security of the debtor, of an affiliate participating in a joint plan with the debtor, or of a successor to the debtor under a plan, if such securities are offered or sold in exchange for a claim against, or equity interest in, such debtor or affiliate. In reliance upon this exemption, the New Membership Interests and New Unsecured Notes issued under the Plan generally will be exempt from the registration requirements of the Securities Act, and state and local securities laws. In addition, the offer and sale, as applicable of the Subscription Rights, New Second Lien Convertible Notes (and the New Membership Interests issuable upon conversion thereof) pursuant to the Rights Offering and to the Backstop Parties under the Backstop Agreement (including the New Second Lien Convertible Notes comprising the Put Option Premium) is being made in reliance on section 4(a)(2) under the Securities Act or Regulation D promulgated thereunder.

The New Membership Interests and New Unsecured Notes issued pursuant to the Section 1145 exemption may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided by section 4(a)(1) of the Securities Act, unless the holder is an “**underwriter**” with respect to such securities, as that term is defined in section 1145(b) of the Bankruptcy Code. In addition, such section 1145 exempt securities generally may be resold without registration under state securities laws pursuant to various exemptions provided by the respective laws of the several states. All New Second Lien Convertible Notes (and the New Membership Interests issuable upon conversion thereof) issued pursuant to the exemption from registration set forth in section 4(a)(2) under the Securities Act or Regulation D will be considered “**restricted securities**” and may not be transferred except pursuant to an effective registration statement or an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rules 144 and 144A of the Securities Act. In any case, recipients of new securities issued under the Plan and pursuant to the Rights Offering are advised to consult with their own legal advisors as to the securities laws governing the transferability of any such securities and the availability of any such exemption from registration under state law in any given instance and as to any applicable requirements or conditions to such availability.

Section 1145(b) of the Bankruptcy Code defines “**underwriter**” for purposes of the Securities Act as one who (i) purchases a claim with a view to distribution of any security to be received in exchange for the claim other than in ordinary trading transactions, (ii) offers to sell securities issued under a plan for the holders of such securities, (iii) offers to buy securities issued under a plan from persons receiving such securities, if the offer to buy is made with a view to distribution, or (iv) is an issuer, as used in section 2(a)(11) of the Securities Act, with respect to such issuer of the securities, which includes control persons of the issuer.

“**Control**,” as defined in Rule 405 of the Securities Act, means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract, or otherwise. The legislative history of Section 1145 of the Bankruptcy Code suggests that a creditor who owns ten percent (10%) or more of a class of voting securities of a reorganized debtor may be presumed to be a “**controlling person**” and, therefore, an underwriter.

Notwithstanding the foregoing, control person statutory underwriters may be able to sell securities without registration pursuant to the resale limitations of Rule 144 under the Securities Act which, in effect, permit the resale of securities received by such statutory underwriters pursuant to a chapter 11 plan, subject to applicable volume limitations, notice and manner of sale requirements and certain other conditions. However, Reorganized CHC does not presently intend to make publicly available the requisite current information regarding Reorganized CHC, and as a result Rule 144 may not be available for resale of the securities issued under the Plan by Persons deemed to be underwriters. In view of the complex nature of the question of whether a particular Person may be an “**underwriter**,” the Debtors make no representations concerning the right of any Person to freely resell securities issued under the Plan. Accordingly, the Debtors recommend that potential recipients of such securities consult their own counsel concerning their ability to freely trade such securities.

C. Listing; SEC Filings

Reorganized CHC intends to withdraw its SEC registration before, on, or following the Effective Date of the Plan and cease filing periodic reports with the SEC and terminate any listings of its securities on any national securities exchanges.

D. Legends

Certificates evidencing the New Second Lien Convertible Notes received by participants in the Rights Offering or pursuant to the Backstop Agreement will bear a legend substantially in the form below:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR APPLICABLE STATE SECURITIES LAWS, AND ACCORDINGLY THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR AN APPLICABLE EXEMPTION THEREFROM.

X. CERTAIN RISK FACTORS TO BE CONSIDERED

Prior to voting to accept or reject the Plan, holders of Claims should read and carefully consider the risk factors set forth below, in addition to the information set forth in this Disclosure Statement. The factors below should not be regarded as the only risks associated with the Plan or its implementation. Documents filed with the SEC may contain important risk factors that differ from those discussed below, and such risk factors are incorporated as if fully set forth herein. Copies of any document filed with the SEC may be obtained by visiting the SEC website at <http://www.sec.gov>.

A. Certain Bankruptcy Law Considerations

1. Non-Confirmation of the Plan

Although the Debtors believe that the Plan will satisfy all requirements necessary for confirmation by the Bankruptcy Court in accordance with the Bankruptcy Code, there can be no assurance that the Bankruptcy Court will reach the same conclusion.

The Bankruptcy Code requires that a plan of reorganization comply with certain requirements (including, but not limited to, the requirements of section 1129 of the Bankruptcy Code) for a plan of reorganization to be confirmed. The Bankruptcy Court may determine that one or more of those requirements is not satisfied with respect to the Debtors' Plan. If the Bankruptcy Court were to make such a determination, the Debtors could be required to restart the solicitation process. In such a situation, the Debtors could be required to (i) seek approval of a new disclosure statement, (ii) solicit or re-solicit votes from holders of Claims and/or Interests, as applicable, and/or (iii) seek confirmation of the newly-proposed plan of reorganization.

Further, denial of confirmation of the Plan by the Bankruptcy Court could give rise to a right of the Consenting Creditor Parties to terminate the Plan Support Agreement. If such a termination were to occur, the Debtors' efforts to reorganize would be delayed and possibly jeopardized. Additionally, should the Plan fail to be approved, confirmed, or consummated, non-debtor parties-in-interest may file alternative plans of reorganization pursuant to section 1121 of the Bankruptcy Code, and the Debtors would be responsible for paying the Put Option Premium in Cash.

2. Non-Occurrence of the Effective Date

Although the Debtors believe that the Effective Date will occur soon after the Confirmation Date, there can be no assurance as to the timing of the Effective Date. As discussed below, if the conditions precedent to the Effective Date set forth in the Plan have not occurred or have not been waived as set forth in Article IX of the Plan, then the Confirmation Order may be vacated, in which event no

distributions would be made under the Plan, the Debtors and all holders of Claims or Interests would be restored to the status quo as of the day immediately preceding the Confirmation Date, and the Debtors' obligations with respect to Claims and Interests would remain unchanged. It is a termination event under the Plan Support Agreement if the Effective Date does not occur by March 17, 2017, and such termination would result in the Debtors' payment of the Put Option Premium in Cash.

3. Conversion into Chapter 7 Cases

If no plan can be confirmed, or if the Bankruptcy Court otherwise finds that it would be in the best interest of creditors and/or the Debtors, the Chapter 11 Cases may be converted to cases under chapter 7 of the Bankruptcy Code, pursuant to which a trustee would be appointed or elected to liquidate the Debtors' Assets for distribution in accordance with the priorities established by the Bankruptcy Code. As further described in **Exhibit G** hereto, the Debtors believe that liquidation under chapter 7 would result in smaller distributions being made to the Debtors' creditors than those provided for in the Plan. Further, conversion of the Chapter 11 Cases to cases under chapter 7 of the Bankruptcy Code would entitle the Consenting Creditor Parties to terminate the Plan Support Agreement.

B. Risks in Connection with the Plan Support Agreement

1. Termination of the Plan Support Agreement

The Plan Support Agreement may be terminated upon the occurrence of a number of termination events (each, a "**Plan Support Agreement Termination Event**") as more specifically set forth in the Plan Support Agreement. If a Plan Support Agreement Termination Event occurs and the Plan Support Agreement is terminated, all obligations of the parties to the Plan Support Agreement shall terminate (except as specifically provided in the Plan Support Agreement).

Furthermore, upon termination of the Plan Support Agreement, any party to the Plan Support Agreement shall have all the rights and remedies that it would have had and shall be entitled to take all actions that it would have been entitled to take if it not entered into the Plan Support Agreement, and none of its rights or remedies shall be deemed waived pursuant to a claim of laches or estoppel. Without the commitment provided by the Consenting Creditor Parties to vote in favor of the Plan, the Debtors may not be able to secure sufficient votes in favor of the Plan for confirmation.

C. Risks Relating to the Debtors' Business and Financial Condition

1. Claims Could Be More than Projected

There can be no assurance that the estimated Allowed amount of Claims in certain Classes will not be significantly more than projected, which, in turn, could cause the value of distributions to be reduced substantially. Inevitably, some assumptions will not materialize, and unanticipated events and circumstances may affect the ultimate results. Therefore, the actual amount of Allowed Claims may vary from the Debtors' projections and feasibility analysis, and the variation may be material.

The aggregate amount of Allowed Convenience Claims remains to be determined, but it is anticipated that the amount of Allowed Convenience Claims will exceed the Convenience Claim Distribution Amount. In addition, the number of holders of Allowed Primary General Unsecured Claims that choose to "opt in" to the Convenience Class, in accordance with the Plan, will not be known until after Ballots are received, and such "opt-in" Convenience Claims could significantly reduce distributions to all holders of Allowed Convenience Claims. Therefore, the actual amount of Allowed Convenience Claims may vary from the Debtors' estimations and analysis, and the variation may be material.

There can be no assurance that Secondary General Unsecured Claims will not be asserted at Debtors CHC Helicopters (Barbados) Limited and Heli-One Leasing (Norway) AS. If any Secondary General Unsecured Claims are asserted and Allowed at either of those entities, the allocation of the Secondary General Unsecured Claims Distribution among the other Debtors on **Exhibit C** will decrease ratably according to the waterfall described in Section I.8 of this Disclosure Statement. In no event would the recovery on account of an Allowed Secondary General Unsecured Claim fall below the amount that is required to satisfy the requirements for confirmation of the Plan under the Bankruptcy Code and if necessary, the Primary General Unsecured Claims Distribution may also be reduced ratably to ensure compliance.

2. The Financial Projections are Based on Significant Assumptions

The Financial Projections (attached hereto as **Exhibit H**) were not compiled, audited, or examined by independent accountants, and neither of the Debtors nor their non-debtor affiliates make any representations or warranties regarding the accuracy of the projections or the ability to achieve forecasted results. Many of the assumptions underlying the projections are subject to significant uncertainties and are beyond the control of the Debtors, including sales, costs, inflation, the volatile nature of the helicopter flight services and repair market and other unanticipated market, competitive and economic conditions. Inevitably, some assumptions will not materialize, and unanticipated events and circumstances may affect the ultimate financial results. Projections, while presented with numerical specificity, are inherently subject to substantial and numerous uncertainties and to a wide variety of significant business, economic and competitive risks, and the assumptions underlying the projections may be inaccurate in a material respect. Therefore, the actual results achieved may vary significantly from the forecasts, and the variations may be material. If the Debtors do not achieve their projected financial results, the Debtors may lack sufficient liquidity to continue as planned after the Effective Date. Moreover, the financial condition and results of the Reorganized Debtors from and after the Effective Date may not be comparable to the financial condition or results of operations reflected in the Debtors' historical financial statements.

3. Debtors' Business and Industry

The risks associated with the Debtors' business and industry are more fully described in CHC Parent's SEC filings, incorporated by reference herein, including:

- The risk factors in the section titled "Item 1A. Risk Factors" in CHC Parent's Annual Report on Form 10-K for the fiscal year ended April 30, 2016, filed with the SEC on July 15, 2016; and
- Quarterly Report on Form 10-Q for the quarterly period ended July 31, 2016, filed with the SEC on September 14, 2016.

The risks associated with the Debtors' business and industry described in SEC filings of CHC Parent include, but are not limited to, the following:

- risk of direct financial impact attributable to a significant safety or other hazardous incident;
- risk of significant safety or other hazardous incident could negatively impact ability to attract and retain customers;
- significant decline in the level activity in the offshore oil and gas industry;

- highly competitive and cyclical nature of the helicopter flight services and helicopter repair industries;
- risk associated with small number of helicopter manufacturers;
- limited ability to obtain financing and pursue business opportunities because of debt level;
- need for capital upgrades and refurbishment, and reliance on secondary market for sale of old aircraft and related parts;
- maintenance costs of both operating and idle aircraft;
- credit risk relating to nonperformance by customers;
- risks relating to operating in international locations;
- foreign currency risk;
- risks associated with the high levels of regulation in the helicopter flight services industry and the helicopter MRO industry; and
- political, regulatory, commercial and economic uncertainty associated with operating a global business.

4. Post-Effective Date Indebtedness

Following the Effective Date, the Reorganized Debtors will have outstanding indebtedness of approximately Eight Hundred and Seventy-Five Million Dollars (\$875,000,000), which includes amounts under the Exit Revolving Credit Facility, the Amended and Restated ABL Credit Facility, the PK Financing Facility (if applicable), the New Second Lien Convertible Notes, the New Unsecured Notes, and certain capital leases, of which approximately Eight Hundred and Thirty-Eight Million Dollars (\$838,000,000) is expected to be secured. The New Second Lien Convertible Notes will convert at maturity and not bear or pay interest other than in connection with an event of default. Upon the conversion of all of the New Second Lien Convertible Notes into New Membership Interests, the Reorganized Debtors will have approximately Four Hundred and Eleven Million Dollars (\$411,000,000) in total outstanding indebtedness, of which approximately Three Hundred and Seventy-Four Million Dollars (\$374,000,000) is expected to be secured. The Reorganized Debtors' ability to service their debt obligations will depend on, among other things, their future operating performance, which depends partly on economic, financial, competitive, and other factors beyond the Reorganized Debtors' control. The Reorganized Debtors may not be able to generate sufficient cash from operations to meet their debt service obligations as well as fund necessary capital expenditures and investments in sales and marketing. In addition, if the Reorganized Debtors need to refinance their debt, obtain additional financing, or sell assets or equity, they may not be able to do so on commercially reasonable terms, if at all.

5. Foreign Customers and Creditors

The Debtors' customers may not be subject to the jurisdiction of U.S. courts and may attempt to terminate their contracts with the Debtors or take actions against the Debtors' Assets in contravention of U.S. bankruptcy law or orders of the Bankruptcy Court. Any such termination or renegotiation of contracts, unfavorable costs increases, or loss of revenue could have a material adverse impact on the Debtors' financial condition and results of operations.

D. Risks Relating to the Securities to Be Issued Under the Plan

1. No Current Public Market for Securities

There is currently no market for the New Membership Interests, the New Second Lien Convertible Notes, or the New Unsecured Notes, and there can be no assurance as to the development or liquidity of any market for any such securities.

The Reorganized Debtors are under no obligation to list any of the above securities on any national securities exchange. Therefore, there can be no assurance that any of the foregoing securities will be tradable or liquid at any time after the Effective Date. If a trading market does not develop or is not maintained, holders of the foregoing securities may experience difficulty in reselling such securities or may be unable to sell them at all. Even if such a market were to exist, such securities could trade at prices higher or lower than the estimated value set forth in this Disclosure Statement depending upon many factors including, without limitation, prevailing interest rates, markets for similar securities, industry conditions, and the performance of, and investor expectations for, the Reorganized Debtors. Accordingly, holders of these securities may bear certain risks associated with holding securities for an indefinite period of time.

2. Limitation of Rights in the Event of a Public Offering

Although Reorganized CHC will enter into a registration rights agreement with the holders of the New Second Lien Convertible Notes, providing such parties with certain rights, after an initial public offering of the New Membership Interests of Reorganized CHC (or equity securities of a successor entity), that will facilitate the registration of the New Second Lien Convertible Notes held by them, along with the underlying New Membership Interests, under the Securities Act to allow for the resale of such securities, such rights will be limited.

3. Insufficient Cash Flow to Meet Debt Obligations

On the Effective Date, on a consolidated basis, it is expected that the Reorganized Debtors will have total outstanding indebtedness of approximately Eight Hundred and Seventy-Five Million Dollars (\$875,000,000), which includes amounts under the Exit Revolving Credit Facility, the Amended and Restated ABL Credit Facility, the PK Financing Facility (if applicable), the New Second Lien Convertible Notes, the New Unsecured Notes, and certain capital leases, of which approximately Eight Hundred and Thirty-Eight Million Dollars (\$838,000,000) is expected to be secured. Upon conversion of all of the New Second Lien Convertible Notes into New Membership Interests, the Reorganized Debtors will have approximately Four Hundred and Eleven Million Dollars (\$411,000,000) of total outstanding indebtedness, of which approximately Three Hundred and Seventy-Four Million Dollars (\$374,000,000) is expected to be secured. If the Debtors' actual financial performance does not meet their cash flow projections and if other sources of liquidity are not available, there is a risk that the Debtors might be unable to pay interest and principal payments on such debt, and may default on those obligations.

The Reorganized Debtors' earnings and cash flow may vary significantly from year to year due to the cyclical nature of the helicopter and offshore drilling industries. Additionally, the Reorganized Debtors' future cash flow may be insufficient to meet their debt obligations and commitments. Any insufficiency could negatively impact the Reorganized Debtors' business. A range of economic, competitive, business, and industry factors will affect the Reorganized Debtors' future financial performance and, as a result, their ability to generate cash flow from operations and to pay their debt. Many of these factors, such as oil and natural gas prices, economic and financial conditions in the offshore drilling industry and the oil

and gas industry, as well as the global economy or competitive initiatives of competitors, are beyond the Reorganized Debtors' control.

If the Reorganized Debtors do not generate enough cash flow from operations to satisfy their debt obligations, they may have to undertake alternative financing plans, such as:

- refinancing or restructuring debt;
- selling assets;
- reducing or delaying capital investments; or
- seeking to raise additional capital.

It cannot be assured, however, that undertaking alternative financing plans, if necessary, would allow the Reorganized Debtors to meet their debt obligations. An inability to generate sufficient cash flow to satisfy their debt obligations, or to obtain alternative financing, could materially and adversely affect the Reorganized Debtors' ability to make payments on their debt obligations and their business, financial condition, results of operations, and prospects.

4. The New Second Lien Convertible Notes May Be Issued for a Purchase Price of Less than \$300 Million

So long as the Backstop Parties have provided their Backstop Commitments at an aggregate purchase price of at least \$250 million for the New Second Lien Convertible Notes (representing an aggregate principal amount of approximately \$361.1 million of New Second Lien Convertible Notes to be issued), taking into account the fulfillment of the obligation to satisfy Unfulfilled Backstop Commitments and any other replacement due to any Backstop Party default, the Debtors may elect to still consummate the transactions contemplated by the Backstop Agreement and the Plan and issue New Second Lien Convertible Notes for an aggregate purchase price of less than \$300 million. Consequently, the Debtors would have access to less liquidity.

5. The outstanding indebtedness may adversely affect Reorganized CHC's financial health and operating flexibility

The terms of the Exit Revolving Credit Facility, PK Financing Facility (if applicable), and the Amended and Restated ABL Credit Facility may require the Reorganized Debtors to take, or refrain from taking, certain actions to satisfy certain customary affirmative and negative covenants and to meet certain financial ratios and tests, including ratios and tests based on leverage and fixed charge coverage. For example, these covenants and other restrictions may limit the ability of the Reorganized Debtors to, among other things, incur indebtedness, create Liens on assets, sell assets, manage cash flows, transfer assets to other subsidiaries, engage in mergers and acquisitions, enter into transactions with affiliates and make distributions to equity holders. These covenants and other restrictions may adversely affect the financial health and operating flexibility of the Reorganized Debtors by, among other things: (a) limiting the Reorganized Debtors' ability to borrow additional amounts for working capital, capital expenditures, debt service requirements, execution of business strategies, development, or other purposes; (b) limiting the Reorganized Debtors' ability to use operating cash flows in other areas of the business or to pay dividends; (c) increasing the vulnerability of the Reorganized Debtors to general adverse economic and industry conditions, including increases in interest rates; (d) limiting the Reorganized Debtors' ability to capitalize on business opportunities, reinvest in or develop the Reorganized Debtors' assets, and react to competitive pressures and adverse changes in government regulations; (e) limiting the Reorganized

Debtors' ability, or increasing the costs, to restructure funded indebtedness; (f) limiting the Reorganized Debtors' ability to enter into marketing transactions by reducing the number of potential counterparties to such transactions as well as the volume of those transactions; and (g) giving secured lenders the ability to foreclose on assets.

6. Inability to Repurchase the New Unsecured Notes

Under the terms of the indenture governing the New Unsecured Notes (the "**New Unsecured Notes Indenture**") and the terms of the indenture governing the New Second Lien Convertible Notes (the "**New Second Lien Convertible Notes Indenture**") and, together with the New Unsecured Notes Indenture, the "**New Indentures**"), Reorganized CHC may, at the holder's option, be required to repurchase all or a portion of the New Unsecured Notes in the event of a change of control, as defined in the New Indentures.

In addition, under the terms of the New Indentures, upon the acceleration of the New Second Lien Convertible Notes and New Unsecured Notes (together, the "**New Notes**"), following the occurrence of any event of default provided therein, the principal amounts thereof, plus accrued but unpaid interest at the default rates set forth therein, as applicable, will become immediately due and payable in Cash to the holders thereof.

Reorganized CHC and the other Reorganized Debtors may not have sufficient funds to make the required payments described above.

7. Reorganized CHC Will be a Holding Company

Upon the Effective Date, Reorganized CHC will be a holding company, and as such, will conduct its operations through, most of its assets will be owned by, and its operating income and cash flow will be generated by, its subsidiaries. Therefore, Reorganized CHC will be dependent upon cash flows from its subsidiaries to meet its debt service and related obligations, including the obligation to repurchase all or a portion of the New Unsecured Notes in the event of a change of control, as defined in the New Unsecured Notes Indenture, or to pay the amounts due and payable in upon acceleration of the New Notes following the occurrence of an event of default thereunder. Contractual provisions or laws, as well as its subsidiaries' financial conditions and operating requirements, may limit Reorganized CHC's ability to obtain, from such subsidiaries, the cash required to meet such debt service or related obligations. Applicable tax laws may also subject such payments to further taxation. The inability to obtain cash from its subsidiaries may limit Reorganized CHC's ability to meet its debt service and related obligations even though there may be sufficient resources on a consolidated basis to satisfy such obligations.

8. The New Notes Will be Structurally Subordinated to all Indebtedness of Non-Guarantor Subsidiaries

The New Notes will be guaranteed by each of Reorganized CHC's direct and indirect subsidiaries existing on the Effective Date that guarantee the indebtedness under the Exit Revolving Credit Facility Documents or any other document necessary to effectuate the treatment of the Revolving Credit Agreement Claims. Except for such subsidiary guarantors of the New Notes, Reorganized CHC's subsidiaries will have no obligation, contingent or otherwise, to pay amounts due under the New Notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payment. Therefore, the New Notes will be structurally subordinated to all indebtedness and other obligations of any non-guarantor subsidiary such that, in the event of insolvency, liquidation, reorganization, dissolution or other winding up of any subsidiary that is not a guarantor, all of such subsidiary's creditors (including trade creditors and preferred stockholders, if any) would be entitled to

payment in full out of such subsidiary's assets before holders of the New Notes would be entitled to any payment out of such subsidiary's assets.

9. Restrictions on Ability to Resell New Second Lien Convertible Notes

The offer and sale of the New Second Lien Convertible Notes (and the guarantees thereof) and the New Membership Interests to be received upon conversion thereof have not been registered under the Securities Act or any state securities laws. Absent such registration, the New Second Lien Convertible Notes may be offered or sold only in transactions that are not subject to, or that are exempt from, the registration requirements of the Securities Act and applicable state securities laws. These restrictions will significantly limit holders' ability to resell the New Second Lien Convertible Notes.

10. Insufficiency of Proceeds from Collateral Securing the Exit Revolving Credit Facility, New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, or the PK Financing Facility

The obligations under the Exit Revolving Credit Facility will be secured, subject to certain exceptions and permitted liens, on a first-priority basis by security interests in substantially all assets of the Reorganized Debtors. The New Second Lien Convertible Notes will be secured, subject to certain exceptions and permitted liens, on a second-priority basis, by security interests in substantially all of the Reorganized Debtors' assets. The Amended and Restated ABL Credit Facility and the PK Financing Facility (if applicable) will each be secured, subject to certain exceptions and permitted Liens, on a first-priority basis by security interests in certain specific aircraft and related assets.

In the event of a foreclosure on collateral (or a distribution in respect thereof in a subsequent bankruptcy or insolvency proceeding), the proceeds from a sale of collateral securing the Exit Revolving Credit Facility or the New Second Lien Convertible Notes may not be sufficient to satisfy the obligations outstanding under the Exit Revolving Credit Facility or such New Second Lien Convertible Notes.

In the event of a foreclosure on collateral (or a distribution in respect thereof in a subsequent bankruptcy or insolvency proceeding), the proceeds from a sale of collateral securing the New Second Lien Convertible Notes may not be sufficient to satisfy the obligations outstanding under such New Second Lien Convertible Notes because the proceeds would, under the New Intercreditor Agreement, first be applied to satisfy the Reorganized Debtors' obligations under the Exit Revolving Credit Facility. Only after all of the obligations under the Exit Revolving Credit Facility have been satisfied will proceeds from the collateral on which the New Second Lien Convertible Notes have a second-priority lien be applied to satisfy the Reorganized Debtors' obligations under the New Second Lien Convertible Notes.

The collateral securing the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable) may be subject to exceptions, defects, encumbrances, liens, and other imperfections. Further, the Debtors have not conducted appraisals of all of their assets constituting collateral securing the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable) to determine if the value of the collateral upon foreclosure or liquidation equals or exceeds the amount of the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility or such other obligation secured by the collateral. Accordingly, it cannot be assured that the remaining proceeds from a sale of the collateral would be sufficient to repay holders of the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable) all amounts owed under such debt facilities. The fair market value of the collateral is subject to fluctuations based on factors that include, among others, the condition of the

offshore drilling industry, the ability to sell collateral in an orderly manner, general economic conditions, the availability of buyers, the Reorganized Debtors' failure to implement their business strategy, and similar factors. The amount received upon a sale of collateral would be dependent on numerous factors, including, but not limited to, the actual fair market value of the collateral at such time, and the timing and manner of the sale. By its nature, portions of the collateral may be illiquid and may have no readily ascertainable market value. In the event of a subsequent foreclosure, liquidation, bankruptcy, or similar proceeding, it cannot be assured that the proceeds from any sale or liquidation of the collateral will be sufficient to pay the Reorganized Debtors' obligations under the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable), in full or at all. Further, proceeds of the collateral may only be applied to the New Second Lien Convertible Notes after first satisfying the obligations under the Exit Revolving Credit Facility in full. There can also be no assurance that the collateral will be saleable, and, even if saleable, the timing of its liquidation would be uncertain. Accordingly, there may not be sufficient collateral to pay all or any of the amounts due on the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable).

11. Failure to Perfect Security Interests in the Collateral

The failure to properly perfect Liens on the collateral could adversely affect the collateral agent's ability to enforce its rights with respect to the collateral for the benefit of the holders of the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the PK Financing Facility, and the Amended and Restated ABL Credit Facility. In addition, applicable law requires that certain property and rights acquired after the grant of a general security interest or Lien can only be perfected at the time such property and rights are acquired and identified. There can be no assurance that the trustee or the collateral agent will monitor, or that Reorganized CHC will inform the trustee or the collateral agent of, the future acquisition of property and rights that constitute collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired collateral. The applicable trustee and collateral agent have no obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interests therein. Such failure may result in the loss of the practical benefits of the Liens thereon or of the priority of the Liens securing the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, and the Amended and Restated ABL Credit Facility against third parties.

12. Limitations on Rights of Holders of New Second Lien Convertible Notes with Respect to the Collateral

The rights of the holders of the New Second Lien Convertible Notes with respect to the collateral securing such New Second Lien Convertible Notes are expected to be substantially limited by the terms of the Lien ranking agreements set forth in the New Second Lien Convertible Notes Indenture and the New Intercreditor Agreement, even during an event of default. It is expected that, under the New Convertible Secured Indenture and the New Intercreditor Agreement, at any time that obligations that have the benefit of the higher priority Liens are outstanding, any actions that may be taken with respect to (or in respect of) such collateral, including the ability to cause the commencement of enforcement proceedings against such collateral and to control the conduct of such proceedings, and the approval of amendments to, releases of such collateral from the Lien of, and waivers of past defaults under, such documents relating to such collateral, will be at the direction of the holders of the obligations secured by the first-priority Liens, and the holders of the New Second Lien Convertible Notes Indenture secured by second-priority Liens may be adversely affected. It is expected that, under the terms of the New Intercreditor Agreement, at any time that obligations that have the benefit of the first-priority Liens on the collateral are outstanding, if the holders of such indebtedness release the collateral for any reason whatsoever (other than any such release granted following the discharge of obligations with respect to the

Exit Revolving Credit Facility), the second-priority security interests in such collateral securing the New Second Lien Convertible Notes will be automatically and simultaneously released without any consent or action by the holders of the New Second Lien Convertible Notes, subject to certain exceptions. The collateral so released will no longer secure the Reorganized Debtors' obligations under the New Second Lien Convertible Notes and the related guarantees.

13. Casualty Risk of Collateral

Reorganized CHC will be obligated under the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and, if applicable, the PK Financing Facility collateral agreements governing the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility, if applicable, to maintain adequate insurance or otherwise insure against hazards as is customarily done by companies having assets of a similar nature in the same or similar localities. There are, however, certain losses that may either be uninsurable or not economically insurable, in whole or in part. As a result, it is possible that the insurance proceeds will not compensate Reorganized CHC and the other Reorganized Debtors fully for their losses. If there is a total or partial loss of any of the pledged collateral, the insurance proceeds received may be insufficient to satisfy the secured obligations of Reorganized CHC and the other Reorganized Debtors, including the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable).

14. Risk of Recharacterization of New Second Lien Convertible Notes

Recharacterization of a debt obligation to a capital contribution is an equitable remedy a bankruptcy court may direct if it determines, upon an objection raised by a party in interest, a purported debt obligation is more properly characterized as a capital contribution. In making such a determination, bankruptcy courts consider, among other things, whether the parties intended to create a debt obligation and the nature of the instrument evidencing the obligation. Although the Debtors believe, and intend, the New Second Lien Convertible Notes to be a bona fide debt obligation that is not subject to recharacterization, there can be no assurance a bankruptcy court would agree with the Debtors' interpretation.

15. The New Second Lien Convertible Notes and the New Unsecured Notes May Not Be Rated or May Receive a Lower Rating than Anticipated

It is not expected that Reorganized CHC will seek a rating on the New Second Lien Convertible Notes or the New Unsecured Notes. If, however, one or more rating agencies rates the New Second Lien Convertible Notes and/or the New Unsecured Notes and assigns them a rating lower than the rating expected by investors, or reduces its rating in the future, the market price of the New Second Lien Convertible Notes, the New Unsecured Notes, and/or the New Membership Interests could be reduced.

16. Any Future Pledge of Collateral Might Be Avoidable in a Subsequent Bankruptcy by the Reorganized Debtors

Any future pledge of collateral by the Reorganized Debtors in favor of their secured creditors, including pursuant to security documents delivered after the date of the definitive documents governing the Reorganized Debtors' secured indebtedness, might be avoidable by the pledgor (as a subsequent debtor in possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including, among others, if the pledgor is insolvent at the time of the pledge, the pledge permits the holders of the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable) to receive a greater recovery than if the

pledge had not been given, and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the pledge, or, in certain circumstances, a longer period.

17. Foreclosing on the Collateral May Be Difficult

The Reorganized Debtors' aircraft operate worldwide and the respective laws of each jurisdiction where an aircraft is actually registered and/or located at the time the collateral agent may seek to enforce the aircraft mortgage or relevant security interest, as applicable will govern the foreclosure proceedings and distribution of proceeds. Such laws may vary significantly from jurisdiction to jurisdiction. Furthermore, all or some of those laws and procedures may be less favorable to mortgagees or holders of a security interest, as applicable, than those in other jurisdictions and may be less favorable than those applicable in the United States. The costs of enforcement in foreign jurisdictions, particularly if proceedings are ongoing simultaneously against any aircraft in different jurisdictions, can be high and can include fees based on the face amount of the mortgage or security interest, as applicable, being enforced. Foreign court proceedings can also be slow and have unexpected procedural hurdles. Priorities accorded Lien Claims and aircraft mortgages can vary in foreign jurisdictions, and some jurisdictions prefer certain local claimants (such as local suppliers of operating necessities) to foreign claimants, such as the collateral agent or mortgagee or security interest holder. Additionally, whether or not a particular jurisdiction is a party or signatory to the Cape Town Convention on International Interests in Mobile Equipment may also affect the collateral agent's ability to enforce mortgage or security interests, as applicable. Consequently there are no assurances that the collateral agent will be able to enforce any one or more of the aircraft mortgages or security interests, as applicable, covering aircraft that are located in certain jurisdictions outside the United States.

18. New Second Lien Convertible Notes Reportable as Equity for U.S. Federal Income Tax Purposes, Absent Contrary Guidance From the U.S. Internal Revenue Service or a Contrary Court Determination

Pursuant to the Plan, the New Second Lien Convertible Notes are required to be treated by all parties as equity for U.S. federal income tax purposes (that is not preferred stock for purposes of section 305 of the Internal Revenue Code of 1986, as amended (the "**Tax Code**")), subject to definitive guidance from the U.S. Internal Revenue Service (the "**IRS**") or a court of competent jurisdiction to the contrary, and unless prohibited by applicable law. Accordingly, the New Second Lien Convertible Notes will generally be subject to the same treatment as the New Membership Interests for U.S. federal income tax purposes. Reorganized CHC will elect to be treated as a corporation for U.S. federal income tax purposes and, thus, the New Second Lien Convertible Notes and Membership Interests will be treated as "equity" interests in Reorganized CHC that would be classified as "stock" of Reorganized CHC for U.S. federal income tax purposes. In this regard, see Section X.E.6 — "Risks Relating to the New Membership Interests to be Issued Under the Plan" — "Potential Treatment as a Passive Foreign Investment Company or a Controlled Foreign Corporation for U.S. Federal Income Tax Purposes," below. However, there can be no assurance that the IRS will not successfully assert a contrary position with respect to the U.S. federal income tax treatment of the New Second Lien Convertible Notes. In the event the New Second Lien Convertible Notes were held to be either (i) debt, rather than equity, for U.S. federal income tax purposes or (ii) preferred stock for purposes of section 305 of the Tax Code, the resulting U.S. federal income tax consequences could be materially adverse to a holder, including the required annual inclusion in income of any original issue discount ("**OID**"). For a discussion of the tax treatment of the New Second Lien Convertible Notes as "equity," see Section XI.A.2(e) — "Tax Treatment of New Second Lien Convertible Notes as 'Equity,'" below.

E.

1.

The holders of Allowed Senior Secured Notes Claims, Allowed Unsecured Notes Claims, and Allowed General Unsecured Claims are expected to acquire a significant ownership interest in the New Membership Interests pursuant to the Plan. In particular, it is expected that (i) 79.5% of the New Membership Interests will be distributed Pro Rata to holders of Allowed Senior Secured Notes Claims, (ii) 8.9% of the New Membership Interests will be distributed Pro Rata to holders of Allowed Unsecured Notes Claims, and (iii) 11.6% of the New Membership Interests will be distributed to holders of Allowed General Unsecured Claims. These percentages are calculated prior to dilution on account of the New Second Lien Convertible Notes and the Management Incentive Plan. Giving effect to dilution on account of the New Second Lien Convertible Notes (as if the New Second Lien Convertible Notes converted on the Effective Date, but prior to dilution on account of the Management Incentive Plan), holders of Allowed Senior Secured Notes Claims, Allowed Unsecured Notes Claims, and Allowed General Unsecured Claims would be estimated to hold approximately 11.6%, 1.3%, and 1.7%, respectively, of the New Membership Interests. In addition, holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims who participate in the Rights Offering up to their maximum Pro Rata share, will acquire approximately 74.41% and 5.32%, respectively, of the New Membership Interests upon conversion of the New Second Lien Convertible Notes, subject to dilution for the Management Incentive Plan. Holders of the New Membership Interests will automatically be bound by the terms of the Reorganized CHC Operating Agreement without any requirement to become a signatory thereto.

If the participants in the Rights Offering, or any subset thereof, were to act as a group, such holders would be in a position to control the outcome of all actions requiring member approval, including the election of managers, without the approval of other members. Furthermore, holders of the New Second Lien Convertible Notes will be entitled immediately (*i.e.*, prior to conversion) to certain rights with respect to the New Membership Interests (including, without limitation, voting rights and rights to participate in any dividends or other distributions on the New Membership Interests). For example, in the event an amendment requiring member approval is proposed to the Reorganized CHC Operating Agreement, such holders of New Second Lien Convertible Notes will be entitled to vote on the amendment, although they do not yet actually hold the underlying New Membership Interests. This concentration of ownership could also facilitate or hinder a negotiated change of control of Reorganized CHC and, consequently, have an impact upon the value of the New Membership Interests. In addition, as described in Section VII.A.3, the Requisite Plan Sponsors will be entitled to select three (3) managers after consultation with the Chief Executive Officer and one (1) independent manager after consultation with the Creditors' Committee and the Individual Creditor Parties. It is further expected that the Reorganized CHC Operating Agreement could limit transfers of New Membership Interests by the holders thereof and could include other provisions related to the New Membership Interests, such as customary “**drag along rights.**”

2.

The ownership percentage represented by the New Membership Interests distributed on the Effective Date under the Plan will be subject to dilution from the New Membership Interests issued upon conversion of the New Second Lien Convertible Notes and issued in connection with the Management Incentive Plan and the conversion of any other options, warrants, convertible securities, exercisable securities, or other securities that may be issued post-emergence.

In the future, similar to all companies, additional equity financings or other share issuances by Reorganized CHC could adversely affect the value of the New Membership Interests issuable upon such conversion. The amount and dilutive effect of any of the foregoing could be material.

3. Equity Interests Subordinated to Reorganized CHC's Indebtedness

In any subsequent liquidation, dissolution, or winding up of Reorganized CHC, the New Membership Interests would rank below all debt Claims against Reorganized CHC, including the New Second Lien Convertible Notes (prior to mandatory conversion) and the New Unsecured Notes. As a result, holders of the New Membership Interests will not be entitled to receive any payment or other distribution of assets upon the liquidation, dissolution, or winding up of Reorganized CHC until after all Reorganized CHC's obligations to its debt holders have been satisfied, including the Exit Revolving Credit Facility, the New Second Lien Convertible Notes, the Amended and Restated ABL Credit Facility, and the PK Financing Facility (if applicable) and consequently, there can be no assurance that there will be sufficient assets to warrant any distribution to holders of New Membership Interests.

4. Implied Valuation of New Membership Interests Not Intended to Represent the Trading Value of the New Membership Interests

The valuation of Reorganized CHC is not intended to represent the trading value of New Membership Interests in public or private markets and is subject to additional uncertainties and contingencies, all of which are difficult to predict. If a market were to develop, actual market prices of such securities at issuance will depend upon, among other things: (i) prevailing interest rates; (ii) conditions in the financial markets; (iii) the anticipated initial securities holdings of prepetition creditors, some of whom may prefer to liquidate their investment rather than hold it on a long-term basis; and (iv) other factors that generally influence the prices of securities. The actual market price of the New Membership Interests is likely to be volatile. Many factors, including factors unrelated to Reorganized CHC's actual operating performance and other factors not possible to predict, could cause the market price of the New Membership Interests to rise and fall. Accordingly, the implied value, stated herein and in the Plan, of the securities to be issued does not necessarily reflect, and should not be construed as reflecting, values that will be attained for the New Membership Interests in the public or private markets.

5. No Intention to Pay Dividends

Reorganized CHC does not anticipate paying any dividends on the New Membership Interests as it expects to retain any future cash flows for debt reduction and to support its operations. As a result, the success of an investment in the New Membership Interests will depend entirely upon any future appreciation in the value of the New Membership Interests. There is, however, no guarantee that the New Membership Interests will appreciate in value or even maintain their initial value. Moreover, pursuant to the Exit Revolving Credit Facility, Reorganized CHC may actually be restricted from paying Cash dividends.

6. Potential Treatment as a Passive Foreign Investment Company or a Controlled Foreign Corporation for U.S. Federal Income Tax Purposes

Reorganized CHC will elect to be treated as a corporation for U.S. federal income tax purposes. Holders of New Membership Interests and New Second Lien Convertible Notes (which will be treated as "equity" of Reorganized CHC for U.S. federal income tax purposes, absent definitive guidance from the IRS or a court of competent jurisdiction to the contrary, see Section XI.A.2(e) — "Tax Treatment of New Second Lien Convertible Notes as 'Equity'" below) could be adversely affected if Reorganized CHC or any of its subsidiaries is treated as a passive foreign investment company ("PFIC") or a controlled foreign

corporation (“CFC”) for U.S. federal income tax purposes. It is uncertain whether, as of the Effective Date, Reorganized CHC or any of its subsidiaries will be treated as a PFIC. The Debtors do not expect that, as of the Effective Date, Reorganized CHC or any of its subsidiaries will be treated as a CFC. Even if neither Reorganized CHC nor any of its subsidiaries is treated as a PFIC or CFC as of the Effective Date, there can be no assurance that Reorganized CHC or any of its subsidiaries will not later become a PFIC or CFC in the future. For a discussion of certain U.S. federal income tax consequences of Reorganized CHC being treated as a PFIC or CFC, see Section XI.A.2(f)(ii) — “Possible Treatment of Reorganized CHC as a Passive Foreign Investment Company or Controlled Foreign Corporation,” below.

F. Risks Relating to the Rights Offering

1. Debtors Could Modify the Rights Offering Procedures

Notwithstanding anything contained in this Disclosure Statement or in the Plan to the contrary, the Debtors reserve the right, with the approval of the Bankruptcy Court (if applicable), and the reasonable consent of the Creditors’ Committee and the Requisite Backstop Parties, to modify the procedures governing the Rights Offering or adopt additional detailed procedures if necessary in the Debtors’ business judgment to administer the distribution and exercise of the Subscription Rights more efficiently or to comply with applicable law. Such modifications may adversely affect the rights of those participating in the Rights Offering.

2. Conditions Precedent to the Rights Offering Could Fail to be Satisfied

The obligation of the Backstop Parties to purchase their share of New Second Lien Convertible Notes pursuant to the Rights Offering and to fulfill the Backstop Commitment is subject to, among other things, the satisfaction of certain conditions precedent in the Backstop Agreement, including approval by the Bankruptcy Court of the Plan Support Agreement. If these conditions are not satisfied, the Rights Offering will not occur and the parties to the Backstop Agreement would have the right to terminate the Backstop Agreement, which would result in CHC Parent’s or Reorganized CHC’s, as applicable, payment of the Put Option Premium in Cash.

G. Risks Related to the Fleet

1. Delivery of Helicopters

The Debtors’ fleet plan is intended to enhance the Debtors’ ability to operate optimum numbers of specific types of helicopters. In some cases, the helicopters the Debtors intend to operate are not yet in their fleet, but the Debtors have contractual commitments to purchase or lease such helicopters. If for any reason the Debtors and/or the Reorganized Debtors are unable to take delivery of particular types of new helicopters on contractually scheduled delivery dates, the Debtors and/or Reorganized Debtors may be adversely affected.

2. Dependence on Technology

The Debtors depend on, and the Reorganized Debtors will likely continue to depend on, computer systems and other communications technology to operate their helicopters. Such systems could be disrupted by various events beyond the control of the Debtors and/or the Reorganized Debtors, including natural disasters, power failures, equipment failures, system implementation failures, software failures, terrorist attacks and computer viruses and hackers. There can be no assurance that the measures taken to prevent, limit, or remedy disruptions of these systems will be adequate.

3. Highly Competitive Industry

Many of the markets in which the Debtors operate are highly competitive, and if they are unable to effectively compete, it could result in a loss of market share or a decrease in revenue or profit margins. Contracting for helicopter services is usually done through a competitive bidding process among those having the necessary equipment and resources. Factors that affect competition in this industry include price, reliability, safety, professional reputation, helicopter availability, equipment and quality of service. The Debtors compete against a number of helicopter operators including another major global commercial helicopter operator, as well as other local and regional operators. There can be no assurance that the Debtors' competitors will not be successful in capturing a share of the Debtors' present or potential customer base. In addition, many oil and gas companies and government agencies to which the Debtors provide services have the financial ability to perform their own helicopter flying operations in-house should they elect to do so.

The main MRO competitors to the Debtors' Heli-One business are the OEMs (original equipment manufacturers) of helicopters and helicopter components. As such, the Debtors' main competitors in this industry are also their main parts suppliers and MRO license providers. A conflict with the OEMs could result in the Debtors' inability to obtain parts and licenses in a timely manner in required quantities and at competitive prices. In addition, the OEMs hold a greater inventory of helicopter components, have more extensive operational experience, and significantly greater capital resources. Increased competition from OEMs could therefore have a material adverse effect on the Debtors' business, financial condition, or results of operations.

Given that the Debtors' expect to significantly reduce the size of their fleet, the reduction may make it more difficult for the Debtors to compete effectively against their competitors, as well as aircraft lessors who may place aircraft directly with customers.

4. Extensive Regulation

The Debtors are subject to extensive regulations in each of the countries that they operate in, which carries significant costs. For example, the European Aviation Safety Agency from time to time, among other things, issues directives relating to helicopter maintenance and operation. Compliance with regulations at times requires significant expenditures and may disrupt the Debtors' operations. Any changes to the regulatory landscape in markets where the Debtors operate, or where the Reorganized Debtors will operate, may adversely impact the value of their business and Assets.

5. Undue Delay in Confirmation may Disrupt Operations of the Debtors

The continuation of the Chapter 11 Cases, particularly if the Plan is not approved or confirmed in the time frame currently contemplated, could adversely affect operations and relationships with the Debtors' customers, vendors, employees, regulators, and helicopter lessors. If Confirmation and consummation of the Plan do not occur expeditiously, the Chapter 11 Cases could result in, among other things, increased costs for professional fees and similar expenses. In addition, prolonged Chapter 11 Cases could require senior management to spend time and effort that could otherwise be spent on the Debtors' operations managing the Restructuring.

6. The Ability of the Debtors to Complete Their Ongoing Fleet Restructuring Successfully May Impact the Debtors' Financial Results

The Debtors are engaged in a comprehensive effort to reduce their helicopter fleet costs. The Debtors' business plan is based on certain assumptions concerning the results of this effort, including assumptions

with respect to the number and types of helicopters in the Debtors' fleet and the timing and amount of the cost savings achieved. While the Debtors have negotiated significant reductions in costs with respect to many helicopters, in most cases these agreements are subject to the negotiation of additional terms and conditions and the preparation of definitive documentation. In certain cases, the Debtors have only entered into written agreements with lessors concerning the continued use of those lessors' aircraft during the pendency of the Chapter 11 Cases, leaving the terms of any new leasing relationships subject to negotiation and the preparation of definitive documentation. There can be no assurance that these negotiations, or the preparation of definitive documentation, will in all cases be concluded by the Effective Date. The Debtors and the Reorganized Debtors could thus be adversely affected to the extent they are unable to reach agreements for certain aircraft or agreements that achieve the savings assumed in the Financial Projections.

H. Additional Risks

1. Debtors Could Withdraw Plan

Subject to the terms of, and without prejudice to, the rights of any party to the Plan Support Agreement, the Plan may be revoked or withdrawn prior to the Confirmation Date by the Debtors.

2. Debtors Have No Duty to Update

The statements contained in this Disclosure Statement are made by the Debtors as of the date hereof, unless otherwise specified herein, and the delivery of this Disclosure Statement after that date does not imply that there has been no change in the information set forth herein since that date. The Debtors have no duty to update this Disclosure Statement unless otherwise ordered to do so by the Bankruptcy Court.

3. No Representations Outside this Disclosure Statement Are Authorized

No representations concerning or related to the Debtors, the Chapter 11 Cases, or the Plan are authorized by the Bankruptcy Court or the Bankruptcy Code, other than as set forth in this Disclosure Statement. Any representations or inducements made to secure acceptance or rejection of the Plan that are other than those contained in, or included with, this Disclosure Statement should not be relied upon in making the decision to accept or reject the Plan.

4. No Legal or Tax Advice Is Provided by this Disclosure Statement

The contents of this Disclosure Statement should not be construed as legal, business, or tax advice. Each holder of a Claim or Interest should consult their own legal counsel and accountant as to legal, tax, and other matters concerning their Claim or Interest.

This Disclosure Statement is not legal advice. This Disclosure Statement may not be relied upon for any purpose other than to determine how to vote on the Plan or object to confirmation of the Plan.

5. No Admission Made

Nothing contained herein or in the Plan will constitute an admission of, or will be deemed evidence of, the tax or other legal effects of the Plan on the Debtors or holders of Claims or Interests.

6. Certain Tax Consequences

For a discussion of certain tax considerations to the Debtors and certain holders of Claims in connection with the implementation of the Plan, see Section XI below.

XI. CERTAIN TAX CONSEQUENCES OF THE PLAN

A. Certain U.S. Federal Income Tax Consequences of the Plan

The following discussion summarizes certain U.S. federal income tax consequences of the implementation of the Plan to the Debtors and to holders of certain Claims. This discussion does not address the U.S. federal income tax consequences to holders of Claims who are unimpaired or deemed to reject the Plan. Additionally, this discussion does not address the U.S. federal income tax consequences to holders of Revolving Credit Agreement Claims and ABL Credit Agreement Claims or to holders of Claims who are also Backstop Parties, as it is the Debtors' understanding that such persons have engaged counsel to advise them as to the consequences of the Plan to them.

The discussion of U.S. federal income tax consequences below is based on the Tax Code, Treasury regulations, judicial authorities, published positions of the IRS, and other applicable authorities, all as in effect on the date of this Disclosure Statement and all of which are subject to change or differing interpretations (possibly with retroactive effect). The U.S. federal income tax consequences of the contemplated transactions are complex and subject to significant uncertainties. The Debtors have not requested an opinion of counsel or a ruling from the IRS with respect to any of the tax aspects of the contemplated transactions.

This summary does not address foreign, state, or local tax consequences of the contemplated transactions, nor does it purport to address the U.S. federal income tax consequences of the transactions to special classes of taxpayers (e.g., foreign taxpayers, small business investment companies, regulated investment companies, real estate investment trusts, banks and certain other financial institutions, insurance companies, tax-exempt organizations, retirement plans, individual retirement and other tax-deferred accounts, holders that are, or hold their Claims through, S corporations, partnerships or other pass-through entities for U.S. federal income tax purposes, persons whose functional currency is not the U.S. dollar, dealers in securities or foreign currency, traders that mark-to-market their securities, persons subject to the alternative minimum tax or the "Medicare" tax on unearned income, and persons whose Claims are part of a straddle, hedging, constructive sale, or conversion transaction), other than as expressly indicated herein. In addition, this discussion does not address U.S. federal taxes other than income taxes, nor does it apply to any person that acquires any of the New Second Lien Convertible Notes, New Unsecured Notes or New Membership Interests in the secondary market.

This discussion assumes that the Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, Convenience Claims, New Second Lien Convertible Notes, New Unsecured Notes and New Membership Interests are held as "**capital assets**" (generally, property held for investment) within the meaning of section 1221 of the Tax Code and that the various debt and other arrangements to which the Debtors are parties will be respected for U.S. federal income tax purposes in accordance with their form.

The following summary of certain U.S. federal income tax consequences is for informational purposes only and is not a substitute for careful tax planning and advice based upon your own individual circumstances. You are urged to consult your own tax advisor for the U.S. federal, state, local and other tax consequences applicable under the Plan to you.

1. Consequences to the Debtors

Only two of the Debtors are U.S. entities, Heli-One (U.S.) Inc. and Heli-One USA Inc., both of whom are members of the U.S. tax consolidated group of which Heli-One (U.S.) Inc. is the common parent (“**CHC U.S. Group**”) and join in the filing of a single U.S. consolidated federal income tax return. The Debtors estimate that the CHC U.S. Group has consolidated net operating loss (“**NOL**”) carryforwards of approximately \$44 million for U.S. federal income tax purposes as of December 31, 2015, subject to applicable limitations. Significantly, the substantial portion of such NOL carryforwards is subject to a pre-existing limitation under section 382 of the Tax Code. In addition, the amount of such NOL carryforwards and other tax attributes, and the extent to which any limitations apply, remain subject to audit and adjustment by the IRS.

The Debtors anticipate that the amount of the NOL carryforwards of the CHC U.S. Group will be reduced to the extent of any cancellation of debt (“**COD**”) incurred by the CHC U.S. Group as a result of the discharge of any General Unsecured Claims or Convenience Claims against Heli-One (U.S.) Inc. or Heli-One USA Inc. or otherwise in connection with the Debtors’ internal restructuring. The Debtors also anticipate that a further annual limitation under section 382 of the Tax Code will be imposed as a result of the indirect change in ownership of the CHC U.S. Group contemplated by the Plan. Nevertheless, due to the pre-existing section 382 limitation, the Debtors do not expect any reduction in its NOLs as a result of any COD or any new limitation under section 382 of the Tax Code to have a material impact on the Debtors.

2. Consequences to Holders of Certain Claims

This summary discusses the U.S. federal income tax consequences to holders of Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, and Convenience Claims who are U.S. Holders, and does not discuss tax consequences for those who are not U.S. Holders. As used herein, the term “**U.S. Holder**” means a beneficial owner of Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, or Convenience Claims that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have authority to control all of its substantial decisions, or if the trust has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

The tax treatment of a partner in a partnership that holds a Claim generally will depend upon the status of the partner and the activities of the partnership. If you are a partner in such a partnership, you should consult your own tax advisor.

(a) Taxable Exchange – Gain or Loss

Pursuant to the Plan, and in accordance with the Restructuring Transactions attached hereto as Exhibit D, (i) holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims will receive New Membership Interests and, as applicable, Subscription Rights, (ii) holders of General Unsecured Claims will receive New Membership Interests and New Unsecured Notes, and (iii) holders of Convenience Claims will receive Cash, in each case from CHC Parent, in satisfaction and discharge of such holders' rights as against any of the Debtors in respect of such Claims. Pursuant to the Restructuring Transactions, CHC Parent will assume from Debtor CHC SA prior to the Effective Date all of CHC SA's obligations under and with respect to the Senior Secured Notes Claims, Unsecured Notes Claims, and any Allowed General Unsecured Claims for which CHC SA is the primary obligor, and, on the Effective Date, the New Membership Interests, New Unsecured Notes and, as applicable, Subscription Rights will be issued by Reorganized CHC in consideration for Reorganized CHC's acquisition of all of the Assets of CHC Parent, and distributed by Reorganized CHC on behalf of, and at the direction of, CHC Parent. Reorganized CHC will elect to be treated as a corporation for U.S. federal income tax purposes and, thus, the New Membership Interests and, as discussed below (*see* Section XI.A.2(e) — "Tax Treatment of New Second Lien Convertible Notes as 'Equity,'" below), the New Second Lien Convertible Notes will be treated as "equity" interests in Reorganized CHC that would be classified as "stock" of Reorganized CHC for U.S. federal income tax purposes. In addition, the following discussion assumes, except as otherwise discussed below (*see* Section XI.A.2(c) — "Treatment of Subscription Rights," below), that the Subscription Rights will be treated in accordance with their form for U.S. federal income tax purposes.

In general, U.S. Holders of an Allowed Senior Secured Notes Claim, Unsecured Notes Claim, Allowed General Unsecured Claim, or Allowed Convenience Claim should recognize gain or loss in connection with the implementation of the Plan, regardless of whether the assumption of Claims against CHC SA by CHC Parent is respected for U.S. federal income tax purposes. Accordingly, each holder should generally recognize gain or loss in an amount equal to the difference, if any, between (i) the aggregate fair market value of the consideration received (namely, New Membership Interests and, as applicable, any Subscription Rights and New Unsecured Notes, irrespective of the issue price of such notes), or, in the case of Convenience Claims, the amount of Cash received, by the holder in respect of its Claim (other than any consideration received in respect of a Claim for accrued but unpaid interest and possibly any accrued OID) and (ii) the holder's adjusted tax basis in its Claim (other than any tax basis attributable to accrued but unpaid interest and possibly accrued OID). In addition, a U.S. Holder of a Claim will have interest income to the extent of any consideration allocable to accrued but unpaid interest not previously included in income. *See* Section XI.A.2(b) — "Distributions in Discharge of Accrued Interest," below.

In the event of the subsequent disallowance of any Disputed General Unsecured Claims or Disputed Convenience Claims after the Effective Date, a U.S. Holder of a previously Allowed General Unsecured Claim may receive additional distributions in respect of its Claim. In such instance, the imputed interest provisions of the Tax Code may apply to treat a portion of such additional distributions as imputed interest. In addition, it is possible that any loss realized by a holder may be deferred until all Disputed General Unsecured Claims are resolved (*i.e.*, until the holder has received its final distribution). Alternatively, a holder may recognize additional gain or otherwise be subject to the possible application of the "installment method" of reporting with respect to any gain realized. You are urged to consult your tax advisor regarding the possibility for deferral, and the potential application (and ability to elect out) of the "installment method" of reporting any gain realized in respect of your Claims. The discussion herein assumes that the installment method does not apply.

The characterization of any gain or loss recognized by a U.S. Holder as long-term or short-term capital gain or loss or as ordinary income or loss will be determined by a number of factors, including the tax status of the holder, whether the Claim constitutes a capital asset in the hands of the holder and how long

it has been held, whether the Claim was acquired at a market discount, and whether and to what extent the holder previously claimed a bad debt deduction.

A U.S. Holder that purchased its Claims from a prior holder at a market discount (relative to the principal amount of the Claims at the time of acquisition) may be subject to the market discount rules of the Tax Code. In general, a debt instrument is considered to have been acquired with “**market discount**” if the holder’s adjusted tax basis in the debt instrument is less than (i) its stated principal amount or (ii) in the case of a debt instrument issued with OID, its adjusted issue price, in each case, by at least a *de minimis* amount. Under these rules, any gain upon satisfaction of such Claim generally will be treated as ordinary income to the extent of the market discount accrued (on a straight line basis or, at the election of the holder, on a constant yield basis) during the holder’s period of ownership, unless the holder elected to include the market discount in income as it accrued. If a U.S. Holder did not elect to include market discount in income as it accrued and, thus, under the market discount rules, was required to defer all or a portion of any deductions for interest on debt incurred or maintained to purchase or carry its Claims, such deferred amounts would become deductible at the time of the exchange.

A U.S. Holder’s tax basis in the New Membership Interests and, as applicable, any Subscription Rights and New Unsecured Notes received in respect of its Claim on the Effective Date should equal their respective fair market values on the Effective Date. The U.S. Holder’s holding period in such New Membership Interests and New Unsecured Notes should commence the day following the Effective Date.

(b) Distributions in Discharge of Accrued Interest

In general, to the extent any consideration received pursuant to the Plan by a U.S. Holder of a Claim is received in satisfaction of interest accrued during its holding period, such amount will be taxable to the holder as interest income (if not previously included in the holder’s gross income). Conversely, a U.S. Holder may be entitled to recognize a deductible loss to the extent any accrued interest or amortized OID was previously included in its gross income and is not paid in full. However, the IRS has privately ruled that a holder of a “security” of a corporate issuer, in an otherwise tax-free exchange, could not claim a current deduction with respect to any unpaid OID, and thus by implication, that any loss recognized upon satisfaction of a “security” in a taxable transaction would be a capital loss. Accordingly, it is also unclear whether, by analogy, a U.S. Holder of a Claim that does not constitute a “security” would be required to recognize a capital loss, rather than an ordinary loss, with respect to previously included OID that is not paid in full.

The Plan provides that, except as otherwise required by law (as reasonably determined by the Debtors), consideration received in respect of a Claim is allocable first to the principal amount of the Claim (as determined for U.S. federal income tax purposes) and then, to the extent of any excess, to the remainder of the Claim, including any Claim for accrued but unpaid interest (in contrast, for example, to a pro rata allocation of a portion of the consideration received between principal and interest, or an allocation first to accrued but unpaid interest). *See* Section 6.13 of the Plan. There is no assurance that the IRS will respect such allocation for U.S. federal income tax purposes. You are urged to consult your own tax advisors regarding the allocation of consideration and the inclusion and deductibility of accrued but unpaid interest for U.S. federal income tax purposes.

(c) Treatment of Subscription Rights

The characterization of the Subscription Rights and their subsequent exercise for U.S. federal income tax purposes – as simply the exercise of options to acquire the underlying New Second Lien Convertible Notes or, alternatively, as an integrated transaction pursuant to which the underlying New Second Lien Convertible Notes (including in part as a result of the Equitization Premium) are acquired directly in

partial satisfaction of a holder's Allowed Senior Secured Notes Claim or Allowed Unsecured Notes Claim – is uncertain.

Regardless of the characterization of the Subscription Rights, a U.S. Holder of Subscription Rights generally would not recognize any gain or loss upon the exercise of such Subscription Rights (beyond the gain or loss recognized in respect of its Claim, as described above).

A U.S. Holder's aggregate tax basis in the New Second Lien Convertible Notes received upon exercise of a Subscription Right should be equal to the sum of the amount paid for the New Second Lien Convertible Notes and the holder's tax basis in the right exercised (*i.e.*, the fair market value of the Subscription Right). Alternatively, under an integrated transaction analysis, the holder's aggregate tax basis in the New Second Lien Convertible Notes received should be the fair market value of such notes (which, as discussed below, will be treated as "equity" for U.S. federal income tax purposes, *see* Section XI.A.2(e) — "Tax Treatment of New Second Lien Convertible Notes as 'Equity,'" below). In the latter instance, the excess of the fair market value over the cash paid would be treated as received in partial satisfaction of the holder's Claim, in lieu of the Subscription Right. In either instance, a U.S. Holder's holding period in the New Second Lien Convertible Notes received generally should commence the day following the Effective Date.

It is uncertain whether a holder that receives but does not exercise a Subscription Right should be treated as receiving anything of additional value in respect of its Claim. If the U.S. Holder is treated as having received a Subscription Right of value (despite its subsequent lapse), such that it obtains a tax basis in the Subscription Right, the holder generally would recognize a loss to the extent of the holder's tax basis in the Subscription Right. In general, such loss would be a short-term capital loss.

(d) Ownership of New Unsecured Notes

(i) OID and Issue Price

In general, a debt instrument will be treated as issued with OID to the extent that its "stated redemption price at maturity" exceeds its "issue price" by more than a *de minimis* amount. An instrument's "**stated redemption price at maturity**" includes all payments required to be made over the term of the instrument other than payments of "**qualified stated interest**," defined as interest required to be paid in cash at fixed periodic intervals of one year or less. Because the New Unsecured Notes provide that Reorganized CHC shall pay interest on the notes in the form of "payment-in-kind" interest until the earlier of the maturity or conversion of the New Second Lien Convertible Notes, no stated interest on the New Unsecured Notes will be qualified stated interest for U.S. federal income tax purposes (even if paid in cash). The effect of this is to include such interest within the amount of OID on the New Unsecured Notes, which amount is then amortized and generally includable in the holder's income (as discussed below) over the term of the debt, rather than a holder separately including such interest in income in accordance with the holder's normal method of tax accounting.

In general, the "**issue price**" of a debt instrument depends on whether such debt instrument or the property for which it is exchanged is considered traded on an "established market" as determined for U.S. federal income tax purposes. However, a debt instrument is not treated as traded on an established market if the outstanding stated principal amount of the issue that includes the debt instrument does not exceed U.S. \$100 million (or in the case of a non-U.S. dollar denominated debt instrument, its equivalent in foreign currency). Thus, the New Unsecured Notes themselves will not be treated as traded on an established market. In addition, in accordance with the Restructuring Transactions, the New Unsecured Notes will be issued by Reorganized CHC in partial consideration for Reorganized CHC's acquisition of all of the Assets of CHC Parent, and distributed by Reorganized CHC on behalf of, and at the direction

of, CHC Parent. Thus, the property for which the New Unsecured Notes will be issued (the Assets of CHC Parent) will not be traded on an established market, even though such notes will be immediately distributed to holders of General Unsecured Claims, which claims might be considered traded on an established market. Accordingly, the Debtors believe that the issue price of the New Unsecured Notes should be their stated principal amount.

As a result, the New Unsecured Notes will be treated for U.S. federal income tax purposes as being issued with OID in an amount equal to the aggregate stated interest payable over the term of the notes. A U.S. Holder generally must include OID in gross income as it accrues over the period it holds the New Unsecured Notes using the “constant yield method” without regard to its regular method of accounting for U.S. federal income tax purposes, and in advance of the receipt of cash payments attributable to that income. The amount of OID includible in income for a taxable year by a U.S. Holder generally will equal the sum of the daily portions of the total OID on the debt for each day during the taxable year (or portion thereof) on which such holder held the debt. Generally, the daily portion of the OID is determined by allocating to each day during an accrual period a ratable portion of the OID that is allocable to the accrual period in which such day is included. The amount of OID allocable to each accrual period generally will be an amount equal to the product of the “adjusted issue price” of the New Unsecured Notes at the beginning of such accrual period and its “yield to maturity.” The **“adjusted issue price”** of the New Unsecured Notes at the beginning of any accrual period will equal their issue price, increased by the total OID accrued for each prior accrual period, less any cash payments made on the debt on or before the first day of the accrual period. The **“yield to maturity”** of the New Unsecured Notes will be computed on the basis of a constant annual interest rate and compounded at the end of each accrual period.

Any OID that a U.S. Holder includes in income will increase the holder’s tax basis in the New Unsecured Notes. A holder generally will not be required to include separately in income any cash payments received on the New Unsecured Notes (including with respect to the payment of any stated interest, since the stated interest was included in the determination of the amount of OID); instead, such payments will reduce the holder’s tax basis in the New Unsecured Notes by the amount of the payment.

The amount of OID includible in a U.S. Holder’s gross income with respect to a New Unsecured Note will be reduced if the note is acquired at an “acquisition premium” or with “bond premium,” as discussed below.

(ii) Market Discount

Any U.S. Holder that has a tax basis in a New Unsecured Note received that is less than its issue price (*i.e.*, its stated principal amount) generally will be subject to the market discount rules of the Tax Code (unless such difference is less than a *de minimis* amount). Under the market discount rules, a holder is required to treat any principal payment on, or any gain recognized on the sale, exchange, retirement or other disposition of, a New Unsecured Note as ordinary income to the extent of the market discount that has not previously been included in income and is treated as having accrued on such note at the time of such payment or disposition. A holder could be required to defer the deduction of a portion of the interest expense on any indebtedness incurred or maintained to purchase or to carry a market discount note, unless an election is made to include all market discount in income as it accrues. Such an election would apply to all notes and other bonds acquired by the holder on or after the first day of the first taxable year to which such election applies, and may not be revoked without the consent of the IRS.

Any market discount will be considered to accrue on a straight-line basis during the period from the date of acquisition of such New Unsecured Notes to the maturity date of the notes, unless the holder irrevocably elects to compute the accrual on a constant yield basis. This election can be made on a note-by-note basis.

(iii) Acquisition and Bond Premium

A holder will be treated as having “**acquisition premium**” in a New Unsecured Note if the holder’s tax basis in the note is greater than the issue price of the note (*i.e.*, its stated principal amount), but is less than or equal to the “stated redemption price at maturity” of the note. If a U.S. Holder has acquisition premium, the amount of any OID includible in its gross income in any taxable year with respect to such note generally will be reduced by an allocable portion of the acquisition premium (generally determined by multiplying the annual OID accrual with respect to such note by a fraction, the numerator of which is the amount of the acquisition premium, and the denominator of which is the total OID).

If a U.S. Holder has a tax basis in a New Unsecured Note that exceeds the “stated redemption price at maturity” of such note, the note will be treated as having “**bond premium**” and the holder generally will not include any of the OID in income. A U.S. Holder may elect to amortize any bond premium over the period from its acquisition of the note to the maturity of the note, in which case the holder should have an ordinary deduction (and a corresponding reduction in tax basis in the note for purposes of computing gain or loss) in the amount of such bond premium upon the sale or other disposition of the note, including the repayment of principal. If such an election to amortize bond premium is not made, a holder will receive a tax benefit from the premium only in computing such holder’s gain or loss upon the sale or other taxable disposition of the note, including the repayment of principal.

An election to amortize bond premium will apply to amortizable bond premium on all notes and other bonds the interest on which is includible in the U.S. Holder’s gross income and that are held at, or acquired after, the beginning of the holder’s taxable year as to which the election is made. The election may be revoked only with the consent of the IRS.

(e) Tax Treatment of New Second Lien Convertible Notes as “Equity”

As discussed herein, the Debtors will treat the New Second Lien Convertible Notes as “equity” for U.S. federal income tax purposes. For an instrument with both debt-like and equity-like features to be considered “debt” for U.S. federal income tax purposes, the instrument must represent an unqualified obligation to pay a sum certain with interest regardless of the debtor’s income or lack thereof. Conversely, if there is not an unqualified obligation to pay a sum certain, and the instrument represents an embarking on the corporate venture such that the holder takes the risks of loss so that it might share in the profits of success, such instrument generally will be considered “equity” for U.S. federal income tax purposes. Congress and Treasury have generally left such determination up to the courts, which have developed a multi-factored test based on facts and circumstances with no one factor determinative. Because, among other things, the New Second Lien Convertible Notes are mandatorily convertible into New Membership Interests in all events (other than in the event of a default prior to their 3.5 year maturity, which is not expected to occur), the notes have unlimited participation in corporate growth in that the holders of the notes participate in dividends and, in the event of liquidation, capture their share of any growth beyond the notes’ stated principal amount, and because holders are entitled to vote on all matters upon which the holders of ordinary shares may vote (on an as converted basis), the Debtors believe that the New Second Lien Convertible Notes are properly regarded as “equity” for U.S federal income tax purposes, and the discussion herein so assumes.

In addition, the Debtors believe that the New Second Lien Convertible Notes should be considered “**participating stock**” for U.S. federal income tax purposes that generally should not be subject to the preferred OID rules under section 305 of the Tax Code. No regulations or other administrative guidance have been issued addressing an instrument with terms similar to the New Second Lien Convertible Notes, and, consequently, there is uncertainty regarding the application of the preferred OID rules to the New Second Lien Convertible Notes.

Consistent with the foregoing, the Plan provides, and the governing instrument of the New Second Lien Convertible Notes will require, subject to definitive guidance from the IRS or a court of competent jurisdiction to the contrary, and unless prohibited by applicable law, that the New Second Lien Convertible Notes be treated by all parties, for U.S. federal income tax purposes, as equity (that is not preferred stock for purposes of section 305 of the Tax Code).

Accordingly, the U.S. federal income tax consequences of the ownership and disposition of New Second Lien Convertible Notes generally should be the same as those discussed in respect of New Membership Interests, unless indicated otherwise herein. *See* Section XI.A.2(f) — “Ownership and Disposition of New Stock,” below.

A U.S. Holder generally will not recognize any gain or loss in respect of the receipt of additional New Membership Interests upon the conversion of the New Second Lien Convertible Notes. The adjusted tax basis of the New Membership Interests received should be determined based on the tax basis of the New Second Lien Convertible Notes in respect of which the interests are received, by taking the tax basis of the New Second Lien Convertible Notes and allocating it among the New Membership Interests and the remaining portion of the New Second Lien Convertible Notes based on relative fair market value. The holding period of the New Membership Interests received on conversion will generally include the holding period for the New Second Lien Convertible Notes.

As discussed, the characterization and treatment of the New Second Lien Convertible Notes is subject to uncertainty. Each holder should consult its own tax advisor regarding the U.S. federal income tax consequences of the acquisition, ownership, and disposition of the New Second Lien Convertible Notes, including in the event the New Second Lien Convertible Notes were held to be either (i) debt, rather than stock, for U.S. federal income tax purposes or (ii) preferred stock for purposes of section 305 of the Tax Code. In such event, the resulting tax consequences could be materially adverse to a holder, including the required annual inclusion in income of any OID.

(f) Ownership and Disposition of New Stock

Although the following discussion refers principally to the New Membership Interests, such discussion should apply equally to New Second Lien Convertible Notes (unless indicated otherwise herein), given their treatment as stock for U.S. federal income tax purposes.

(i) General Treatment

The following discussion is qualified in part by the discussion below regarding the possible treatment as a PFIC or a CFC. *See* Section XI.A.2(f)(ii) — “Possible Treatment of Reorganized CHC as a Passive Foreign Investment Company or Controlled Foreign Corporation,” below.

(a) Cash Payments and other Cash Distributions on the New Stock

In general, any cash distributions with respect to the New Membership Interests will be treated as a taxable dividend to the extent paid out of Reorganized CHC’s current or accumulated earnings and profits as determined under U.S. federal income tax principles (“**earnings and profits**”), and will be includible by the U.S. Holder as ordinary income when received. To the extent the amount of any distribution exceeds available earnings and profits with respect to such distribution, the excess will be applied against and will reduce the U.S. Holder’s adjusted tax basis (on a dollar-for-dollar basis) in respect of the New Membership Interests as to which the distribution was made, but not below zero. Any remaining excess will be treated as gain from the sale or exchange of New Membership Interests, with the consequences

discussed below. *See* Section XI.A.2(f)(i)(b) — “Disposition of New Stock,” below. The Debtors do not expect that U.S. Holders will have access to a record of Reorganized Debtors’ earnings and profits computed in accordance with U.S. federal income tax principles. Therefore, U.S. Holders should expect that a cash payment or distribution on New Membership Interests will generally be treated as a dividend (as discussed above).

Any such taxable dividends received by a U.S. Holder will not be eligible for the “**dividends received deduction**” for corporate U.S. Holders. Any such taxable dividends will not be eligible for reduced rates of taxation as “**qualified dividend income**” for non-corporate U.S. Holders unless they are received at a time when the New Membership Interests (or New Second Lien Convertible Notes, as applicable) are readily tradable on an established securities market in the United States (including, *e.g.*, being listed on the NYSE or NASDAQ), provided, however, that Reorganized CHC is not treated as a PFIC at such time. *See* Section XI.A.2(f)(ii) — “Possible Treatment of Reorganized CHC as a Passive Foreign Investment Company or Controlled Foreign Corporation,” below. *See* Section X.D.1 — “Risks Relating to the Securities to be Issued Under the Plan — No Current Public Market for Securities.”

(b) Disposition of New Stock

Unless a nonrecognition provision applies and subject to the discussion above with respect to market discount (*see* Section XI.A.2(a) — “Taxable Exchange – Gain or Loss,” above) and the discussion below, U.S. Holders generally will recognize capital gain or loss upon the sale or exchange (other than pursuant to a conversion of the New Second Lien Convertible Notes) of the New Membership Interests in an amount equal to the difference between (i) the holder’s adjusted tax basis in the New Membership Interests held and (ii) the sum of the cash and the fair market value of any property received from such disposition. Any such gain or loss generally should be long-term if the holder’s holding period for its New Membership Interests held is more than one year at that time. A reduced tax rate on long-term capital gain may apply to non-corporate holders. The deductibility of capital loss is subject to significant limitations. In the event that Reorganized CHC defaults on the New Second Lien Convertible Notes, such that the principal amount of the notes, plus any accrued but unpaid interest thereon, become immediately payable in cash to the holders thereof, such payments will be treated as a redemption of “stock” for U.S. federal income tax purposes. *See* Section XI.A.2(e) — “Tax Treatment of New Second Lien Convertible Notes as ‘Equity,’” above. Under certain circumstances, such a redemption could be regarded as a distribution on “stock” and, thus, potentially treated as a taxable dividend, rather than as a sale or exchange, for U.S. federal income tax purposes. *See* Section XI.A.2(f)(i)(a) — “Cash Payments and other Cash Distributions on the New Stock,” above. You should consult your own tax advisor regarding the U.S. federal income tax consequences of payments that are made in default of the New Second Lien Convertible Notes.

(ii) Possible Treatment of Reorganized CHC as a Passive Foreign Investment Company or Controlled Foreign Corporation

It is uncertain whether, as of the Effective Date, Reorganized CHC or any of its subsidiaries will be treated as a PFIC for U.S. federal income tax purposes. In general, a foreign corporation will be classified as a PFIC if (i) 75% or more of its gross income in a taxable year, including its pro rata share of the gross income of any company treated as a corporation for U.S. federal income tax purposes, U.S. or foreign, in which the foreign corporation is considered to own, directly or indirectly, 25% or more of the shares by value, is passive income, or (ii) at least 50% of its assets in a taxable year, averaged quarterly over the year and ordinarily determined based on fair market value and including its pro rata share of the assets of any company treated as a corporation for U.S. federal income tax purposes, U.S. or foreign, in which the foreign corporation is considered to own, directly or indirectly, 25% or more of the shares by value, produce, or are held for the production of, passive income. Passive income for this purpose includes,

among other items, interest, dividends, royalties, rents and annuities. Even if the Debtors do not believe that, as of the Effective Date, Reorganized CHC or any of its subsidiaries will be treated as a PFIC, there can be no assurance (i) that the IRS will not take a contrary position or (ii) that Reorganized CHC or one of its subsidiaries will not be or later become a PFIC in the future. You are urged to consult your own tax advisor regarding whether Reorganized CHC or any of its subsidiaries will be treated as a PFIC and, if so, the U.S. federal, state, local, and foreign tax consequences of holding New Membership Interests.

Reorganized CHC or any of its subsidiaries may be classified as a CFC for U.S. federal income tax purposes, although the Debtors do not expect that, as of the Effective Date, Reorganized CHC or any of its subsidiaries will be treated as a CFC. In general, a foreign corporation will be classified as a CFC if more than 50% of the shares of the corporation, measured by reference to combined voting power or value, is owned (directly, indirectly or by attribution) by “U.S. Shareholders.” A “U.S. Shareholder,” for this purpose, is any U.S. person that possesses (directly, indirectly or by attribution) 10% or more of the combined voting power (generally the right to vote for directors of the corporation) of all classes of shares of a foreign corporation. There can be no assurance that the IRS will not successfully assert (i) that, as of the Effective Date, Reorganized CHC or any of its subsidiaries will have been treated as a CFC or (ii) that Reorganized CHC or one of its subsidiaries will not be or later become a CFC. You are urged to consult your own tax advisors regarding whether Reorganized CHC or any of its subsidiaries will be treated as a CFC and, if so, the U.S. federal, state, local, and foreign tax consequences of holding New Membership Interests.

(a) Distributions on and Disposition of New Stock if Reorganized CHC is a PFIC

If Reorganized CHC is characterized as a PFIC, a U.S. Holder would be subject to a tax at the time of the sale of its New Membership Interests or on the receipt of an “**excess distribution**” with respect to its New Membership Interests, unless a “*qualified electing fund*” (“**QEF**”) election is made with respect to such holder’s New Membership Interests. A U.S. Holder is treated as receiving an “**excess distribution**” from a PFIC if the amount of the distribution is more than 125% of the average distribution with respect to such holder’s stock during the three preceding taxable years (or shorter period during which the holder held its stock). In general, the tax is equivalent to an interest charge based on the value of the tax deferral of the taxes that are deemed due during the period the U.S. Holder owned its New Membership Interests, computed by assuming that the excess distribution or gain (in the case of a sale) with respect to such New Membership Interests was taxed in equal portions throughout the holder’s period of ownership at the highest marginal ordinary income tax rate. The interest charge is computed using the applicable rate imposed on underpayments of U.S. federal income tax for such period. The interest charge is not imposed on amounts allocable to pre-PFIC years or the current year. Those amounts are included as ordinary income in the current year. The entire amount of gain realized by a U.S. Holder upon the sale or other disposition of its New Membership Interests will also be treated as an excess distribution and will be subject to this tax. These adverse PFIC tax rules would apply to a U.S. Holder’s indirect interest in each of any lower tier PFICs as well. If Reorganized CHC is characterized as a PFIC and a U.S. Holder makes a timely QEF election with respect to such holder’s New Membership Interests, then, in lieu of the consequences described above, the U.S. Holder would be required to include in income each year its pro-rata share of the Reorganized CHC’s net capital gain and ordinary income. The Debtors may, but are not required to, provide the information necessary for U.S. Holders to make or maintain a QEF election, including information necessary to determine the appropriate income inclusion amounts for purposes of the QEF election. It is unclear whether U.S. Holders could make a mark-to-market election with respect to the New Membership Interests – which provides an alternative to the adverse PFIC tax rules discussed above – since there might not exist the requisite market. Even if a mark-to-market election was available, it would not apply to avoid the adverse tax rules discussed above with respect to a U.S. Holder’s interest in any lower tier PFICs.

thresholds. You are urged to consult your own tax advisor regarding these regulations and whether the contemplated transactions under the Plan would be subject to these regulations and require disclosure on your tax return.

The foregoing summary of certain U.S. federal income tax consequences is for informational purposes only and is not a substitute for careful tax planning and advice based upon your own individual circumstances. You are urged to consult your own tax advisor for the U.S. federal, state, local and other tax consequences applicable under the Plan to you.

B. Cayman Islands Tax Considerations

CHC Parent and the Cayman Debtors are incorporated under the laws of the Cayman Islands as exempted companies with limited liability. Exempted companies are Cayman Islands companies whose objects are carried out mainly outside the Cayman Islands and, as such, are exempt from complying with certain provisions of the Cayman Companies Law. Reorganized CHC will be formed and will be registered under the laws of the Cayman Islands as a limited liability company.

The Cayman Islands currently have no form of income, corporate or capital gains tax and no estate duty, inheritance tax or gift tax. CHC Parent has applied for and has received a tax exemption undertaking from the Governor in Cabinet of the Cayman Islands that, in accordance with section 6 of the Tax Concessions Law (as amended) of the Cayman Islands, for a period of 20 years from the date of the undertaking (being 29 July 2008), no law which is enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to CHC Parent or its operations and, in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable (i) on or in respect of CHC Parent's shares, debentures or other obligations or (ii) by way of the withholding in whole or in part of a payment of dividend or other distribution of income or capital by CHC Parent to its members or a payment of principal or interest or other sums due under a debenture or other obligation of CHC Parent.

Reorganized CHC will apply for, and expects to receive, a tax exemption undertaking from the Governor in Cabinet of the Cayman Islands that, in accordance with section 58 of the Limited Liability Companies Law (as amended) of the Cayman Islands, for a period of 50 years from the date of the undertaking, no law which is enacted in the Cayman Islands imposing any tax to be levied on profits or income or gains or appreciations shall apply to Reorganized CHC or to any member thereof in respect of the operations or assets of Reorganized CHC or membership interest of any member therein and, in addition, that no tax to be levied on profits or income or gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable in respect of the obligations of Reorganized CHC or the interests of members therein.

Certain of the other Debtors have also received undertakings in similar form.

XII.

VOTING PROCEDURES AND REQUIREMENTS

A. Parties Entitled to Vote

Under the Bankruptcy Code, only holders of claims or interests in “**impaired**” classes are entitled to vote on a plan. Under section 1124 of the Bankruptcy Code, a class of claims or interests is deemed to be “**impaired**” under a plan unless (i) the plan leaves unaltered the legal, equitable, and contractual rights to which such claim or interest entitles the holder thereof or (ii) notwithstanding any legal right to an accelerated payment of such claim or interest, the plan cures all existing defaults (other than defaults

resulting from the occurrence of events of bankruptcy) and reinstates the maturity of such claim or interest as it existed before the default.

If, however, the holder of an impaired claim or interest will not receive or retain any distribution under the plan on account of such claim or interest, section 1126(g) of the Bankruptcy Code deems such holder to have rejected the plan, and, accordingly, holders of such claims and interests do not actually vote on the plan. If a claim or interest is not impaired by the plan, section 1126(f) of the Bankruptcy Code deems the holder of such claim or interest to have accepted the plan and, accordingly, holders of such claims and interests are not entitled to vote on the Plan.

A vote may be disregarded if the Bankruptcy Court determines, pursuant to section 1126(e) of the Bankruptcy Code, that it was not solicited or procured in good faith or in accordance with the provisions of the Bankruptcy Code.

The Bankruptcy Code defines “**acceptance**” of a plan by a class of claims as acceptance by creditors in that class that hold at least two-thirds (2/3) in dollar amount and more than one-half (1/2) in number of the claims that cast ballots for acceptance or rejection of the plan.

The Claims in the following Classes are Impaired under the Plan and entitled to vote to accept or reject the Plan:

- Class 3 – Revolving Credit Agreement Claims
- Class 4 – ABL Credit Agreement Claims
- Class 5 – Senior Secured Notes Claims
- Class 6 – Unsecured Notes Claims
- Class 7 – Primary General Unsecured Claims
- Class 8 – Convenience Claims

B. Voting Deadline

Before voting to accept or reject the Plan, each holder of an Allowed Revolving Credit Agreement Claim, an Allowed ABL Credit Agreement Claim, an Allowed Senior Secured Notes Claim, an Allowed Unsecured Notes Claim, an Allowed General Unsecured Claim, or an Allowed Convenience Claim, as applicable and as of the Voting Record Date (as defined below), should carefully review the Plan attached hereto as **Exhibit B**. All descriptions of the Plan set forth in this Disclosure Statement are subject to the terms and conditions of the Plan.

“**Ballots**” will be provided for holders of Voting Claims as of December 20, 2016 (the “**Voting Record Date**”) to vote to accept or reject the Plan. Because all other Classes are Unimpaired and deemed to accept, or are Impaired and will not receive or retain any distribution under the Plan on account of such interests and, thus, are deemed to reject, only Classes 3, 4, 5, 6, 7, and 8 are entitled to vote.

Each Ballot contains detailed voting instructions and sets forth in detail, among other things, the deadlines, procedures, and instructions for voting to accept or reject the Plan, and the Voting Record Date for voting purposes.

The Debtors have engaged KCC as their voting agent to assist in the transmission of voting materials and in the tabulation of votes with respect to the Plan. **FOR YOUR VOTE TO BE COUNTED, IT MUST BE RECEIVED BY THE VOTING AGENT AT THE ADDRESS SET FORTH BELOW ON OR BEFORE THE VOTING DEADLINE OF 5:00 P.M., PREVAILING CENTRAL TIME, ON FEBRUARY 2, 2017 (THE “VOTING DEADLINE”), UNLESS EXTENDED BY THE BANKRUPTCY COURT. IF YOU HOLD YOUR SENIOR SECURED NOTES CLAIMS OR UNSECURED NOTES CLAIMS THROUGH A NOMINEE, PLEASE FOLLOW THE INSTRUCTIONS PROVIDED BY YOUR NOMINEE FOR RETURNING YOUR BENEFICIAL HOLDER BALLOT. UNLESS OTHERWISE INSTRUCTED, PLEASE RETURN YOUR BENEFICIAL HOLDER BALLOT TO YOUR NOMINEE OR YOUR VOTE WILL NOT BE COUNTED.**

Delivery of a Ballot by facsimile, e-mail or any other electronic means will not be accepted. Ballots must be returned by the Voting Deadline with an original signed copy to:

ANY BALLOT THAT IS EXECUTED AND RETURNED BUT WHICH DOES NOT INDICATE EITHER AN ACCEPTANCE OR REJECTION OF THE PLAN OR INDICATES BOTH AN ACCEPTANCE AND A REJECTION OF THE PLAN WILL NOT BE COUNTED. THE DEBTORS, IN THEIR SOLE DISCRETION, MAY REQUEST THAT THE VOTING AGENT ATTEMPT TO CONTACT SUCH VOTERS TO CURE ANY SUCH DEFECTS IN THE BALLOTS. THE FAILURE TO VOTE DOES NOT CONSTITUTE A VOTE TO ACCEPT OR REJECT THE PLAN. YOU WILL, HOWEVER, STILL BE BOUND BY THE PLAN, IF CONFIRMED. AN OBJECTION TO CONFIRMATION OF THE PLAN, EVEN IF TIMELY SERVED, DOES NOT CONSTITUTE A VOTE TO ACCEPT OR REJECT THE PLAN.

ARTICLE X OF THE PLAN CONTAINS RELEASE, EXCULPATION, AND INJUNCTION PROVISIONS, INCLUDING THIRD PARTY RELEASES. IF THE PLAN IS CONFIRMED BY THE BANKRUPTCY COURT, THESE PROVISIONS WILL (WITH LIMITED EXCEPTIONS) BE BINDING ON ALL HOLDERS OF A CLAIM AGAINST OR INTEREST IN ANY DEBTOR, REGARDLESS OF WHETHER THE CLAIM OR INTEREST OF SUCH HOLDER IS IMPAIRED UNDER THE PLAN AND WHETHER SUCH HOLDER HAS ACCEPTED THE PLAN.

¹⁰ If you receive a Class 5 or a Class 6 Beneficial Holder Ballot, please return such Beneficial Holder Ballot to your Nominee (as defined below). The Master Ballot is to be used by a broker, bank, commercial bank, trust company, dealer, or other agent or nominee of a beneficial holder (each of the foregoing, a “**Nominee**”), or by the proxy holder of a beneficial holder of a Class 5 Senior Secured Notes Claim or a Class 6 Unsecured Notes Claim, to transmit to the Voting Agent the votes of such beneficial holders in respect of their Senior Secured Notes Claims or Unsecured Notes Claims, as applicable.

C. Voting Procedures

The Debtors are providing copies of this Disclosure Statement (including all exhibits and appendices) and related materials and a Ballot (collectively, a “**Solicitation Package**”) to record holders of the Revolving Credit Agreement Claims, ABL Credit Agreement Claims, Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, or Convenience Claims, as applicable, as of the Voting Record Date. Record holders of Senior Secured Notes Claims and Unsecured Notes Claims, as applicable, may include Nominees. If such Nominees do not hold Senior Secured Notes Claims or Unsecured Notes Claims for their own account, they must provide copies of the Solicitation Package to their customers that are the beneficial holders thereof as of the Voting Record Date. Any beneficial holder of the Senior Secured Notes Claims or Unsecured Notes Claims who has not received a Beneficial Holder Ballot (as defined below) should contact his, her, or its Nominee, or the Voting Agent. The Senior Secured Notes Indenture Trustee and the Unsecured Notes Indenture Trustee will not vote on behalf of their respective holders. Each beneficial holder of the Senior Secured Notes Claims and Unsecured Notes Claims must submit its own Ballot.

Holders of Revolving Credit Agreement Claims, ABL Credit Agreement Claims, Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, and Convenience Claims, as applicable, should provide all of the information requested by the Ballot. The Ballots for holders of Allowed General Unsecured Claims will include an option to elect to have the holder’s General Unsecured Claim irrevocably reduced to the Convenience Claim Amount and, therefore, to be treated as holders of Convenience Claims. Holders of Revolving Credit Agreement Claims, ABL Credit Agreement Claims, Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, and Convenience Claims, as applicable, should complete and return all Ballots received in the enclosed, self-addressed, postage-paid envelope provided with each such Ballot either to the Voting Agent or their Nominee, as applicable.

1. **Beneficial Holders**

A beneficial holder who holds Senior Secured Notes Claims or Unsecured Notes Claims as a record holder in its own name should vote on the Plan by completing and signing a Ballot (a “**Beneficial Holder Ballot**”) and returning it directly to the Voting Agent on or before the Voting Deadline using the enclosed self-addressed, postage-paid envelope.

A beneficial holder who holds the Senior Secured Notes Claims or Unsecured Notes Claims in “**street name**” through a Nominee may vote on the Plan by the following method:

- Complete and sign the enclosed Beneficial Holder Ballot. Return the Beneficial Holder Ballot to your Nominee as promptly as possible and in sufficient time to allow such Nominee to process your instructions and return a completed Master Ballot to the Voting Agent by the Voting Deadline. If your Nominee has provided you with a deadline by which to return your Beneficial Holder Ballot to your Nominee, you should comply with such date. If no self-addressed, postage-paid envelope was enclosed for this purpose, contact the Voting Agent for instructions.

Any Beneficial Holder Ballot returned to a Nominee by a beneficial holder will not be counted for purposes of acceptance or rejection of the Plan until such Nominee properly and timely completes and delivers to the Voting Agent that Beneficial Holder Ballot (properly validated) or a Master Ballot casting the vote of such beneficial holder.

If any beneficial holder owns the Senior Secured Notes Claims or Unsecured Notes Claims through more than one Nominee, such beneficial holder may receive multiple mailings containing the Beneficial Holder

Ballots. The beneficial holder should execute a separate Beneficial Holder Ballot for each block of the Senior Secured Notes Claims or Unsecured Notes Claims that it holds through any particular Nominee and return each Beneficial Holder Ballot to the respective Nominee in the return envelope provided therewith (or otherwise follow each Nominee's instructions). Beneficial holders who execute multiple Beneficial Holder Ballots with respect to Senior Secured Notes Claims or Unsecured Notes Claims in a single class held through more than one Nominee must indicate on each Beneficial Holder Ballot the names of all such other Nominees and the additional amounts of such Senior Secured Notes Claims or Unsecured Notes Claims so held and voted. A beneficial holder who executes multiple Beneficial Holder Ballots with respect to Senior Secured Notes Claims or Unsecured Notes Claims in a single class must vote the same on each Beneficial Holder Ballot for the votes to be counted.

2. Nominees

A Nominee that, on the Voting Record Date, is the record holder of the Senior Secured Notes Claims or Unsecured Notes Claims for one or more beneficial holders can obtain the votes of the beneficial holders of such Senior Secured Notes Claims or Unsecured Notes Claims, consistent with customary practices for obtaining the votes of securities held in "**street name**," in the following way:

- The Nominee shall obtain the votes of beneficial holders by forwarding to the beneficial holders the unsigned Beneficial Holder Ballots, together with the Solicitation Package, a pre-addressed, postage-paid return envelope provided by, and addressed to, the Nominee, and other materials requested to be forwarded. Each such beneficial holder must then indicate his, her, or its vote on the Beneficial Holder Ballot, complete the information requested on the Beneficial Holder Ballot, review the certifications contained on the Beneficial Holder Ballot, execute the Beneficial Holder Ballot, and return the Beneficial Holder Ballot to the Nominee. After collecting the Beneficial Holder Ballots, the Nominee should, in turn, complete a Master Ballot compiling the votes and other information from the Beneficial Holder Ballots, execute the Master Ballot, and deliver the Master Ballot to the Voting Agent so that it is **RECEIVED** by the Voting Agent on or before the Voting Deadline. All copies of Beneficial Holder Ballots returned by beneficial holders should also be forwarded to the Voting Agent (along with the Master Ballot). **EACH NOMINEE SHOULD ADVISE ITS BENEFICIAL HOLDERS TO RETURN THEIR BENEFICIAL HOLDER BALLOTS TO THE NOMINEE BY A DATE CALCULATED BY THE NOMINEE TO ALLOW IT SUFFICIENT TIME TO PREPARE AND RETURN THE MASTER BALLOT TO THE VOTING AGENT SO THAT IT IS RECEIVED BY THE VOTING AGENT ON OR BEFORE THE VOTING DEADLINE.**

3. Miscellaneous

All Ballots must be signed by the holder of record of the Revolving Credit Agreement Claims, ABL Credit Agreement Claims, Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, or Convenience Claims, as applicable, or any person who has obtained a properly completed Ballot proxy from the record holder of the Revolving Credit Agreement Claims, ABL Credit Agreement Claims, Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, or Convenience Claims, as applicable, on such date. For purposes of voting to accept or reject the Plan, the beneficial holders of the Senior Secured Notes Claims will be deemed to be the "**holders**" of the Claims represented by such Senior Secured Notes. For purposes of voting to accept or reject the Plan, the beneficial holders of the Unsecured Notes Claims will be deemed "**holders**" of the Claims represented by such Unsecured Notes. If you return more than one Ballot voting different Revolving Credit Agreement Claims, ABL Credit Agreement Claims, Senior Secured Notes Claims, Unsecured Notes Claims, General Unsecured Claims, or Convenience Claims, as applicable, the Ballots are not voted in the same manner, and you do not correct this before the Voting Deadline, those Ballots will not be counted. An otherwise

properly executed Ballot (other than a Master Ballot) that indicates both an acceptance and a rejection of the Plan, or otherwise attempts to partially accept and partially reject the Plan, likewise will not be counted. If you cast more than one Ballot voting the same Claim(s) before the Voting Deadline, the last valid Ballot received on or before the Voting Deadline will be deemed to reflect your intent, and thus, will supersede any prior Ballot. If you cast Ballots received by KCC on the same day, but which are voted inconsistently, such Ballots will not be counted.

Solely for voting purposes, each Claim within each Voting Class will be temporarily Allowed in an amount equal to the amount of such Claim set forth either in the Schedules or in a properly filed proof of Claim, subject to the following exceptions:

- a) If a proof of Claim was timely filed by the Voting Record Date in an amount that is liquidated, non-contingent, and undisputed, such Claim is temporarily Allowed for voting purposes in the amount set forth on such proof of Claim, unless such Claim is listed in the Schedules as contingent, unliquidated, or disputed, or otherwise is disputed as set forth in subparagraph (f) below (in which case, such Claim is disallowed for voting purposes);
- b) If a Claim has been estimated or otherwise Allowed for voting purposes by order of the Bankruptcy Court, such Claim is temporarily Allowed in the amount so estimated or Allowed by the Court;
- c) If a Claim is listed in the Schedules as contingent, unliquidated, undetermined or disputed and a proof of Claim has not been timely filed as of the Voting Record Date, such Claim is disallowed for voting purposes (and pursuant to the Bar Date Orders, also for purposes of distribution pursuant to Bankruptcy Rule 3003(c));
- d) If a proof of Claim was timely filed by the Voting Record Date in an amount that is contingent or unliquidated, such Claim is accorded one vote and valued temporarily in the amount of one dollar (\$1.00), unless such Claim is listed in the Schedules as contingent, unliquidated, or disputed, or otherwise is disputed as set forth in subparagraph (f) below;
- e) If a Claim is listed in the Schedules or on a proof of Claim timely filed by the Voting Record Date as contingent, unliquidated, or disputed in part, such Claim is temporarily Allowed in the amount that is liquidated, non-contingent, and undisputed, unless such Claim is disputed as set forth in subparagraph (f) below;
- f) If the Debtors have filed an objection to or a request for estimation of a Claim on or before January 18, 2017 at 5:00 p.m. (prevailing Central Time), such Claim is temporarily disallowed for voting purposes, except as ordered by the Court before the Voting Deadline; *provided, however*, that, if the Debtors' objection seeks only to reclassify or reduce the Allowed amount of such Claim, then such Claim is temporarily Allowed for voting purposes in the reduced amount and/or as reclassified (as applicable), except as may be ordered by this Court before the Voting Deadline;
- g) If a Claim is listed in the Schedules of CHC Helicopter Australia Pty Ltd., Lloyd Helicopter Services Pty Ltd., Lloyd Helicopters Pty Ltd., Lloyd Bass Strait Helicopters Pty Ltd., or Lloyd Helicopters International Pty Ltd. (each, an "**Australian Debtor**", and collectively, the "**Australian Debtors**"), and a related proof of Claim has not been timely filed by the Voting Record Date, such claim will be Allowed for voting purposes at each of the Australian Debtor; *provided, however*, that the treatment of such Claim(s) for distribution purposes will be governed by the Plan;

- h) If a Claim is listed in the Schedules of the Australian Debtors and a related proof of Claim has been timely filed by the Voting Record Date, such Claim will be Allowed for voting purposes only at the Australian Debtor(s) against which the timely filed proof of Claim was filed; *provided, however*, that the treatment of such Claim(s) for distribution purposes will be governed by the Plan.
- i) If a proof of Claim has been amended by a later filed proof of Claim, the claimant shall be entitled to vote with respect to the later filed amending Claim, and the earlier filed Claim shall be disallowed for voting purposes, regardless of whether the Debtors have objected to such amended Claim;
- j) The Debtors and the Voting Agent will determine, in their discretion after reasonable review, whether each General Unsecured Claim listed in the Schedules or on a proof of Claim timely filed by the Voting Record Date is properly characterized as a Primary General Unsecured Claim or a Secondary General Unsecured Claim for voting purposes. Such characterization shall be listed on the Ballot; however, such characterization for voting purposes will not prejudice the creditor's, the Debtors', the Creditors' Committee's, or the Post-Effective Date Committee's rights to subsequently challenge the characterization of such Claim for distribution purposes; and
- k) If a Claim related to one or more helicopter lease obligations is listed in the Schedules or on a proof of Claim timely filed by the Voting Record Date, and some portion of the Claim is purportedly secured, but it has not yet been determined what, if any, portion of the Claim is actually secured, the Claim will be Allowed for voting purposes in Class 7 in the amount of the face value of the Claim; *provided, however*, that if any of the other voting guidelines set forth in subparagraphs (a)-(l) above apply, they will supersede this rule, and the treatment of such Claim(s) for distribution purposes will be governed by the Plan.

For the avoidance of doubt, treatment and characterization of Claims for voting purposes does not prejudice a creditor's, the Debtors', the Creditors' Committee's, or the Post-Effective Date Committee's rights to challenge the amount, characterization, classification, or secured or unsecured status of such Claim(s) for allowance or distribution purposes.

If any creditor seeks to challenge the Allowed amount of its Claim for voting purposes or the classification of its Claim for voting purposes, such creditor must file with the Bankruptcy Court a motion for an order pursuant to Bankruptcy Rule 3018(a) temporarily allowing such Claim for voting purposes in a different amount or classification (a "**Rule 3018(a) Motion**"). Upon the filing of a Rule 3018(a) Motion, such creditor's Ballot will be counted in accordance with the above-designated guidelines, unless temporarily Allowed in a different amount and/or different Class by an order of the Bankruptcy Court entered prior to or concurrent with entry of an order confirming the Plan. Any Rule 3018(a) Motion must be filed on or before **January 18, 2017 at 5:00 p.m.** (prevailing Central Time).

The Beneficial Holder Ballots provided to beneficial holders will reflect the principal amount of such beneficial holder's Claim; however, when tabulating votes, the Voting Agent may adjust the amount of such beneficial holder's Claim by multiplying the principal amount by a factor that reflects all amounts accrued between the Petition Date and the Voting Record Date including, without limitation, interest.

Except as provided below, unless the Ballot is timely submitted to the Voting Agent before the Voting Deadline together with any other documents required by such Ballot, the Debtors, with the consent of the Creditors' Committee and the Requisite Plan Sponsors, not to be unreasonably withheld, may reject such Ballot as invalid, and therefore decline to utilize it in connection with seeking confirmation of the Plan.

4. Fiduciaries And Other Representatives

If a Beneficial Holder Ballot is signed by a trustee, executor, administrator, guardian, attorney-in-fact, officer of a corporation, or another acting in a fiduciary or representative capacity, such person should indicate such capacity when signing and, if requested, must submit proper evidence satisfactory to the Debtors of authority to so act. Authorized signatories should submit the separate Beneficial Holder Ballot of each beneficial holder for whom they are voting.

UNLESS THE BALLOT OR THE MASTER BALLOT IS SUBMITTED TO THE VOTING AGENT ON OR PRIOR TO THE VOTING DEADLINE, SUCH BALLOT WILL BE REJECTED AS INVALID AND WILL NOT BE COUNTED AS AN ACCEPTANCE OR REJECTION OF THE PLAN; PROVIDED, HOWEVER, THAT THE DEBTORS RESERVE THE RIGHT, WITH THE CONSENT OF THE CREDITORS' COMMITTEE AND THE REQUISITE PLAN SPONSORS, NOT TO BE UNREASONABLY WITHHELD, TO REQUEST THE BANKRUPTCY COURT TO ALLOW SUCH BALLOT TO BE COUNTED.

5. Agreements Upon Furnishing Ballots

The delivery of an accepting Ballot pursuant to one of the procedures set forth above will constitute the agreement of the Claim holder with respect to such Ballot to accept (i) all of the terms of, and conditions to, this solicitation; and (ii) the terms of the Plan including the injunction, releases, and exculpations set forth in Sections 10.7, 10.8, and 10.9 therein. All parties in interest retain their right to object to confirmation of the Plan pursuant to section 1128 of the Bankruptcy Code, subject to any applicable terms of the Plan Support Agreement. Holders of Claims against and Interests in the Debtors, however, will still be bound by the Plan if it is confirmed, including certain injunctions, releases, and exculpations set forth therein, regardless of whether such holders fail to vote or vote to reject the Plan.

6. Change of Vote

Any party who has previously submitted to the Voting Agent prior to the Voting Deadline a properly completed Ballot may revoke such Ballot and change its vote by submitting to the Voting Agent prior to the Voting Deadline a subsequent, properly completed Ballot for acceptance or rejection of the Plan.

D. Waivers of Defects, Irregularities, etc.

Unless otherwise directed by the Bankruptcy Court, all questions as to the validity, form, eligibility (including time of receipt), acceptance, and revocation or withdrawals of Ballots will be determined by the Voting Agent and/or the Debtors, as applicable, with the consent of the Creditors' Committee and the Requisite Plan Sponsors, not to be unreasonably withheld; *provided, however*, that any such determination may be resolved by this Court. The Debtors reserve the right to reject any and all Ballots submitted by any of their respective Claim holders not in proper form, the acceptance of which would, in the opinion of the Debtors or their counsel, as applicable, be unlawful. The Debtors further reserve their respective rights to waive any defects or irregularities or conditions of delivery as to any particular Ballot by any of their Claim holders, with the consent of the Creditors' Committee and the Requisite Plan Sponsors, not to be unreasonably withheld. Any dispute regarding the interpretation (including the Ballot and the respective instructions thereto) by the applicable Debtor in accordance with the foregoing sentence may be resolved by the Bankruptcy Court. Unless waived, any defects or irregularities in connection with deliveries of Ballots must be cured within such time as the Debtors (or the Bankruptcy Court) determines. Neither the Debtors nor any other person will be under any duty to provide notification of defects or irregularities with respect to deliveries of Ballots nor will any of them incur any liabilities for failure to provide such notification. Unless otherwise directed by the Bankruptcy Court,

delivery of such Ballots will not be deemed to have been made until such irregularities have been cured or waived. Ballots previously furnished (and as to which any irregularities have not theretofore been cured or waived) will be invalidated.

XIII. **RIGHTS OFFERING PROCEDURES**

A. Introduction

In connection with the Plan, after having obtained approval of the procedures described below (the “**Rights Offering Procedures**”) by entry an order of the Bankruptcy Court (such approval, the “**Rights Offering Order**”), Reorganized CHC will launch the Rights Offering to Eligible Offerees, pursuant to which the Eligible Offerees will be offered a Subscription Right to purchase up to such Eligible Offeree’s Pro Rata portion of approximately \$433.3 million aggregate principal amount of the New Second Lien Convertible Notes, on the terms and conditions set forth in the Plan, at an aggregate purchase price equal to \$300.0 million.

An Eligible Offeree is a holder or transferee of an Allowed Senior Secured Notes Claim or an Allowed Unsecured Notes Claim, in each case who is an “**accredited investor**” within the meaning of Rule 501(a) of Regulation D under the Securities Act (an “**Accredited Investor**”), as of the Rights Offering Record Date (as defined below). A Non-Eligible Offeree is a holder of an Allowed Senior Secured Notes Claim or an Allowed Unsecured Notes Claim that is not an Accredited Investor.

Only Eligible Offerees may participate in the Rights Offering. In lieu of Subscription Rights, Non-Eligible Offerees will be given the opportunity to receive a Substitute Distribution consisting of New Membership Interests.

These Rights Offering Procedures, upon entry of the Rights Offering Order, will govern the ability of Eligible Offerees to participate in the Rights Offering and Non-Eligible Offerees to receive the Substitute Distribution.

All questions relating to these Rights Offering Procedures, other documents associated with the Rights Offering, or the requirements to participate in the Rights Offering should be directed to KCC, the subscription agent (the “**Subscription Agent**”) at:

Kurtzman Carson Consultants LLC
1290 Avenue of the Americas, 9th Floor
New York, NY 10104
Attention: CHC Group Ltd
Tel: (877) 833-4150

<p>These Rights Offering Procedures, the Offering Form and the accompanying Instructions should be read carefully before exercise of the Rights, as strict compliance with their terms is required. Holders of Subscription Rights may wish to seek legal advice concerning the Rights Offering.</p>

B. Rights Offering

To exercise its Subscription Right in the Rights Offering, an Eligible Offeree must directly or through its Subscription Nominee (as defined below) (i) complete the offering form, which will accompany the Ballot distributed in connection with the solicitation of acceptances of the Plan following entry of the

Rights Offering Order, entitling such Eligible Offeree to exercise its Subscription Rights, in whole or in part (the “**Offering Form**”), and (ii) pay the purchase price (other than the Backstop Parties) which (x) in the case of holders of an Allowed Senior Secured Notes Claim, is an amount equal to its Pro Rata share of \$280.0 million (which will purchase its Pro Rata share of approximately \$404.4 million in face amount of the New Second Lien Convertible Notes as of the Effective Date) and (y) in the case of holders of an Allowed Unsecured Notes Claim, is an amount equal to its Pro Rata share of \$20.0 million (which will purchase its Pro Rata share of approximately \$28.9 million in face amount of the New Second Lien Convertible Notes as of the Effective Date) (in each case, as applicable, the “**Purchase Price**”), such Pro Rata share will be calculated as the proportion that an Eligible Offeree’s Allowed Senior Secured Notes Claim or Allowed Unsecured Notes Claim, as applicable, bears to the aggregate amount¹¹ of all Allowed Senior Secured Notes Claims or Allowed Unsecured Notes Claims, respectively, as of December 20, 2016 (the “**Rights Offering Record Date**”), rounded down to the nearest dollar.

Each Eligible Offeree may exercise all, some, or none of its Subscription Rights, and the Purchase Price for such Eligible Offeree will be adjusted accordingly. The principal amount of New Second Lien Convertible Notes issued to an Eligible Offeree who elects to purchase such New Second Lien Convertible Notes shall also be rounded down to the nearest dollar.

For the avoidance of doubt, the Subscription Rights shall not be transferable, assignable or detachable other than in connection with the transfer of the corresponding Senior Secured Notes Claims or Unsecured Notes Claims, as applicable, and other than in accordance with these Rights Offering Procedures. See Section XIII.E(d) below for more information related to transfers and the procedures related thereto.

C. The Backstop Commitment

The Rights Offering will be backstopped by the Backstop Parties. Each of the Backstop Parties, severally¹² and not jointly, has agreed, pursuant to the terms and conditions of the Backstop Agreement, to purchase all New Second Lien Convertible Notes that are not purchased by other Eligible Offerees pursuant to the Rights Offering (the “**Unsubscribed Notes**”), in accordance with the Backstop Percentages.¹³ To compensate the Backstop Parties for the risk of their undertakings in the Backstop Agreement and as consideration for the Backstop Commitment, Reorganized CHC or the Debtors, as applicable, will pay to such Backstop Parties the Put Option Premium pursuant to the terms and conditions in the Backstop Agreement.

There will be no over-subscription privilege in the Rights Offering. The Unsubscribed Notes will not be offered to other Eligible Offerees but will instead be purchased by the Backstop Parties in accordance with the Backstop Agreement.

Notwithstanding anything herein to the contrary, the rights and obligations of the Backstop Parties in the Rights Offering shall be governed by the Backstop Agreement.

¹¹ For the avoidance of doubt, this amount includes the outstanding principal amount of such claims and any accrued and unpaid interest thereon to, but excluding, the Petition Date, but not including any post-petition interest.

¹² For the avoidance of doubt, each Backstop Party shall be liable for its Pro Rata share of the Backstop Commitment of any Backstop Party which breaches its obligations, up to an aggregate amount of \$20.0 million for all Backstop Parties as set forth in the Backstop Agreement.

¹³ For the avoidance of doubt, each of the Backstop Parties, severally and not jointly, has agreed to purchase on a Pro Rata basis any New Second Lien Convertible Notes that are not purchased on account of any Non-Eligible Offerees.

D. Commencement/Expiration of the Rights Offering

The Rights Offering shall commence on the day upon which the Offering Forms are distributed in connection with the solicitation and acceptances of the Plan (the “**Rights Commencement Date**”), which is expected to be no later than the fifth Business Day (as defined in the Backstop Agreement) after entry of the Rights Offering Order. The Rights Offering shall expire at 5:00 p.m. (Central Standard Time) on the Voting Deadline, or such other date as Reorganized CHC or CHC Parent may agree, subject to the approval of the Bankruptcy Court (if applicable), and the reasonable consent of the Creditors’ Committee and the Requisite Backstop Parties, and Reorganized CHC or CHC Parent shall specify in a notice provided to the Backstop Parties before 9:00 a.m. (Central Standard Time) on the Business Day before the then-effective Rights Expiration Time (such time and date, as may be extended, the “**Rights Expiration Time**”). Reorganized CHC or CHC Parent shall promptly notify, or cause to be notified, the holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims of any extension of the new Rights Expiration Time.

Reorganized CHC or CHC Parent will furnish, or cause to be furnished, Offering Forms to the applicable brokers, dealers, commercial banks, trust companies, or other agents or nominees of the holders of Senior Secured Notes and Unsecured Notes (the “**Subscription Nominees**”). Each Subscription Nominee will be entitled to receive sufficient copies of the Offering Form for distribution to the beneficial holders of Senior Secured Notes and Unsecured Notes (the Senior Secured Notes and Unsecured Notes, together, collectively, the “**Existing Notes**”) for whom such Subscription Nominee holds Existing Notes.

E. Exercise of Subscription Rights

Each Eligible Offeree that elects to participate in the Rights Offering must affirmatively make a binding, irrevocable election to exercise its Subscription Rights (the “**Binding Rights Election**”) before the Rights Expiration Time.

The Binding Rights Election, upon receipt by the Subscription Agent, cannot be withdrawn.

Each Eligible Offeree is entitled to participate in the Rights Offering solely to the extent provided in these Rights Offering Procedures, except in the case of Eligible Offerees who are Backstop Parties, who have agreed to participate in the Rights Offering to the extent provided in the Backstop Agreement.

Each participating Eligible Offeree who submits a Binding Rights Election shall be notified of its receipt and acceptance.

(a) Exercise by Eligible Offerees

To exercise the Subscription Rights, each Eligible Offeree must:

- (i) return a duly completed Offering Form to the Subscription Agent so that the duly completed Offering Form is *actually received* by the Subscription Agent on or before the Rights Expiration Time; and
- (ii) pay to the Rights Offering Escrow Account (as defined below), by wire transfer of immediately available funds, the Purchase Price, so that payment of the Purchase Price is *actually deposited* into the Rights Offering Escrow Account on or before the Rights Expiration Time; provided, that the Backstop Parties (in their capacities as Eligible

Offerees) shall be required to pay their respective Purchase Prices in accordance with the terms of the Backstop Agreement.

To exercise its Subscription Rights, any Eligible Offeree who holds through a Subscription Nominee must:

- (i) return a duly completed Offering Form to its Subscription Nominee or otherwise instruct its Subscription Nominee as to its instructions for the Subscription Rights (in each case in sufficient time to allow such Subscription Nominee to deliver the Offering Form, along with any other required documentation, to the Subscription Agent, prior to the Rights Expiration Time); and
- (ii) pay to its Subscription Nominee, by wire transfer of immediately available funds (or such other method as required by a Subscription Nominee), the Purchase Price along with instructions to its Subscription Nominee to pay such Purchase Price to the Rights Offering Escrow Account on such Eligible Offeree's behalf, in each case, in accordance with procedures established by its Subscription Nominee, which, in turn, must comply with clauses (i) and (ii) of the immediately preceding paragraph.

For purposes of this Rights Offering, neither The Bank of New York Mellon, in its capacity as the Senior Secured Notes Indenture Trustee, nor the Law Debenture Trust Company of New York, in its capacity as the Unsecured Notes Indenture Trustee, shall constitute a Subscription Nominee and neither shall have any responsibility with respect to sending any Rights Offering information or collecting any Offering Forms.

(b) Deemed Representations and Acknowledgements

Any Eligible Offeree that participates in the Rights Offering is deemed to have made the following agreements, representations and acknowledgements:

Such Eligible Offeree:

- (i) recognizes and understands that the Subscription Rights are not transferable except in accordance with the procedures set forth in Section XIII.E(d) below, and that the benefits of the Subscription Rights are not separable from the claim or securities with respect to which the Subscription Rights have been granted;
- (ii) represents and warrants that it will not accept a distribution of New Second Lien Convertible Notes if at such time, it does not hold an Allowed Senior Secured Notes Claim or an Allowed Unsecured Notes Claim and, by accepting a distribution of New Second Lien Convertible Notes, such Eligible Offeree will be deemed to represent and warrant that it is the holder thereof; and
- (iii) represents and warrants that it is an Accredited Investor and otherwise an Eligible Offeree.

(c) Failure to Exercise Subscription Rights & Payment for Subscription Rights

Unexercised Subscription Rights will be relinquished on the Rights Expiration Time. If, on or prior to the Rights Expiration Time, the Subscription Agent for any reason does not receive from an Eligible

Offeree or its Subscription Nominee on behalf of an Eligible Offeree (i) a duly completed Offering Form¹⁴ and (ii) immediately available funds by wire transfer in an amount equal to the total applicable Purchase Price for such Eligible Offeree's Subscription Rights, such Eligible Offeree shall be deemed to have irrevocably relinquished and waived its Subscription Rights, subject to Section XIII.E(d) below; *provided*, that the Backstop Parties (in their capacities as Eligible Offerees) shall not be required to pay their respective Purchase Prices until the Effective Date.

Any attempt to exercise Subscription Rights after the Rights Expiration Time shall be null and void and Reorganized CHC shall not be obligated to honor any such purported exercise received by the Subscription Agent after the Rights Expiration Time regardless of when the documents relating thereto were sent.

(d) Transfer Restriction and Revocation

(i) Transferability Restrictions Prior to Exercise of Subscription Rights

The Subscription Rights are not detachable from the Senior Secured Notes Claims or the Unsecured Notes Claims.

The Subscription Rights shall not be transferable or assignable unless such holder transfers its corresponding Senior Secured Notes Claim or Unsecured Notes Claim, as applicable, in respect of which such Subscription Rights were issued, and only holders of the Subscription Rights as of the Rights Offering Record Date shall have the ability to exercise such Subscription Rights.

From the period commencing on the Rights Offering Record Date and unless and until a Subscription Right is exercised, any transfer or assignment of the corresponding Senior Secured Notes Claim or Unsecured Notes Claim shall void the Subscription Right.

(ii) Transferability Restrictions Following Exercise of Subscription Rights

After a Subscription Right has been exercised in accordance with these Rights Offering Procedures, the holder of the corresponding Senior Secured Notes Claim or Unsecured Notes Claim shall not transfer or assign such Senior Secured Note Claim or Unsecured Notes Claim unless such holder transfers or assigns with such Claim(s) the right to receive the proceeds of the exercise of the corresponding Subscription Rights in the Rights Offering, subject to compliance with applicable securities laws relating to the transfer of restricted securities, as evidenced by the delivery of a Transfer Notice (defined below) to the Subscription Agent or other procedures acceptable to Reorganized CHC and the Subscription Agent.

Both (i) the Subscription Rights (after they have been exercised) and (ii) the right to receive the proceeds of any Subscription Rights transferred pursuant to these Rights Offering Procedures, shall not be transferrable other than to an Accredited Investor or a "QIB." A "QIB" means a "**qualified institutional buyer**" within the meaning of Rule 144A under the Securities Act.

A "**Transfer Notice**" is a notice delivered to the Subscription Agent notifying the Subscription Agent of the transfer of a Claim by the holder of the corresponding Subscription Rights, which indicates (i) the

¹⁴ For the avoidance of doubt, the Backstop Parties (in their capacities as Eligible Offerees) shall not be required to submit an Offering Form.

name of the transferor, the name of the transferee, the type of Claim being transferred and the principal amount of such Claims; and (ii) certifies that such transferee is a QIB or an Accredited Investor.

(iii) **Revocation**

Once an Eligible Offeree has properly exercised its Subscription Rights, such exercise will not be permitted to be revoked, unless the Effective Date has not occurred by the 31st day after the Bankruptcy Court's entry of the Confirmation Order (unless such date is extended in accordance with the terms of the Plan Support Agreement or the Backstop Agreement). Thereafter an Eligible Offeree shall be permitted to revoke such exercise so long as the Effective Date has not occurred. An Eligible Offeree electing to revoke the exercise of its Subscription Rights must deliver written notice to the Subscription Agent (i) stating that the Eligible Offeree revokes its Subscription Rights; (ii) stating the type and number of Subscription Rights being revoked, and (iii) certifying that the Subscription Rights are being revoked are the only Subscription Rights exercised by the Eligible Offeree (the "**Revocation Notice**"). Upon receipt of a properly completed and timely returned Revocation Notice by an Eligible Offeree, the Subscription Agent shall use reasonable efforts to return as promptly as practicable the applicable Purchase Price. For the avoidance of doubt, any revocation of Subscription Rights shall not constitute a revocation of any vote to accept or reject the Plan.

(e) **Funds**

The payments made to purchase New Second Lien Convertible Notes pursuant to the Rights Offering (the "**Rights Offering Funds**") shall be deposited into an escrow account until the Effective Date (the "**Rights Offering Escrow Account**") for the purpose of holding the money for administration of the Rights Offering until the Effective Date. The Rights Offering Funds shall not be used for any purpose other than to release the funds as directed by the Reorganized CHC or CHC Parent on the Effective Date or as otherwise set forth in the Rights Offering Procedures or in the Plan and, until released in accordance with the foregoing, the Rights Offering Funds will not be deemed part of the Debtors' Estates. The Rights Offering Funds shall not be encumbered by any Lien, encumbrance, or cash collateral obligation. No interest will be paid to participating Eligible Offerees on account of any amounts paid in connection with their exercise of Subscription Rights under any circumstances.

Notwithstanding anything to the contrary herein, pursuant to the terms of the Backstop Agreement, each Backstop Party shall not be obligated to make payments in connection with the Rights Offering into the Rights Offering Escrow Account prior to twenty-four (24) hours before the proposed Effective Date.

(f) **Participating Eligible Offeree Release**

See Section 10.7 of the Plan for important information regarding releases.

F. Non-Eligible Offerees

(a) **Conditions to Receipt of a Substitute Distribution**

In order to be treated as a Non-Eligible Offeree and receive its Substitute Distribution under the Plan, a Non-Eligible Offeree must complete, or cause its Subscription Nominee to complete, an Offering Form certifying that it is not an Accredited Investor, and cause such Offering Form to be delivered to the Subscription Agent on or before the Rights Offering Expiration Time. The Offering Form for each Non-Eligible Offeree must also specify if such Non-Eligible Offeree is a holder of an Allowed Senior Secured Notes Claim or an Allowed Unsecured Notes Claim to be eligible to receive the Substitute Distribution available to holders of each of these Claims, as described in the paragraphs below. If a Non-Eligible

Offeree does not satisfy such requirements, such Non-Eligible Offeree shall be deemed to have forever and irrevocably relinquished and waived the right to receive the Substitute Distribution pursuant to the Plan and these Rights Offering Procedures. Prior to making a Substitute Distribution to a Non-Eligible Offeree, the Reorganized Debtors may require such additional information as they deem necessary to confirm that such Non-Eligible Offeree qualifies as such in accordance with these Rights Offering Procedures.

Holders of Allowed Senior Secured Notes Claim that are Non-Eligible Offerees (each, a “**Secured Non-Eligible Offeree**”) that satisfy the conditions set forth herein will receive, in lieu of the opportunity to participate in the Rights Offering, a Substitute Distribution in an amount up to 1% of the New Membership Interests (on a fully-diluted basis on account of the New Second Lien Convertible Notes, as converted, but prior to dilution on account of the Management Incentive Plan), in the aggregate. Each Secured Non-Eligible Offeree that satisfies the conditions set forth herein shall receive a Substitute Distribution in an amount equal to 0.0021% of the 1% in New Membership Interests available to such Secured Non-Eligible Offerees (on a fully-diluted basis on account of the New Second Lien Convertible Notes, as converted, but prior to dilution on account of the Management Incentive Plan), for each \$1,000 in amount of its Allowed Senior Secured Notes Claim, subject to the limitations described herein. If the aggregate amount of Senior Secured Notes held by all Non-Eligible Offerees exceeds \$47.5 million, such that the New Membership Interests that the Secured Non-Eligible Offerees would otherwise receive as a Substitute Distribution would exceed 1% of the New Membership Interests otherwise distributable to holders of Allowed Senior Secured Notes Claims on a fully-diluted basis as aforesaid, the Substitute Distribution that each such Secured Non-Eligible Offeree receives will be reduced in proportion to the excess. If the New Membership Interests that all Secured Non-Eligible Offerees receive as a Substitute Distribution is less than 1% of the New Membership Interests otherwise distributable to holders of Allowed Senior Secured Notes Claims on a fully-diluted basis as aforesaid, New Membership Interests in the amount of the difference will be distributed to the holders of Allowed Senior Secured Notes Claims, Pro Rata.

Holders of Allowed Unsecured Notes Claims that are Non-Eligible Offerees (each, an “**Unsecured Non-Eligible Offeree**”) that satisfy the conditions set forth herein will receive, in lieu of the opportunity to participate in the Rights Offering, a Substitute Distribution in an amount up to 0.1% of the New Membership Interests (on a fully-diluted basis on account of the New Second Lien Convertible Notes, as converted, but prior to dilution on account of the Management Incentive Plan), in the aggregate. Each Unsecured Non-Eligible Offeree that satisfies the conditions set forth herein shall receive a Substitute Distribution in an amount equal to 0.02105% of the 0.1% in New Membership Interests available to such Unsecured Non-Eligible Offerees (on a fully-diluted basis on account of the New Second Lien Convertible Notes, as converted, but prior to dilution on account of the Management Incentive Plan), for each \$1,000 in amount of its Allowed Unsecured Notes Claim, subject to the limitations described herein. If the aggregate amount of Unsecured Notes held by all Non-Eligible Offerees exceeds \$4.75 million, such that the New Membership Interests that the Unsecured Non-Eligible Offerees would otherwise receive as a Substitute Distribution would exceed 0.1% of the New Membership Interests otherwise distributable to holders of Allowed Unsecured Notes Claims on a fully-diluted basis (but prior to dilution on account of the Management Incentive Plan), the Substitute Distribution that each such Unsecured Non-Eligible Offeree receives will be reduced in proportion to the excess. If the New Membership Interests that all Unsecured Non-Eligible Offerees receive as a Substitute Distribution is less than 0.1% of the New Membership Interests otherwise distributable to holders of Allowed Unsecured Notes Claims on a fully-diluted basis as aforesaid, New Membership Interests in the amount of the difference will be distributed to the holders of Allowed Unsecured Notes Claims, Pro Rata.

(b) **Transfer Restrictions**

Any transfer or assignment of a corresponding Senior Secured Notes Claim and/or Unsecured Notes Claim by a Non-Eligible Offeree shall void the right to receive a Substitute Distribution.

G. **Miscellaneous**

(a) **Method of Delivery**

Delivery shall be by mail and shall not be done electronically, and registered mail with return receipt requested, properly insured, is encouraged and strongly recommended. The method of delivery of the Offering Form, the applicable Purchase Price, and any other required document is at each Eligible Offeree's option and sole risk, and delivery will be considered made only when actually received by the Subscription Agent. In all cases, you should allow sufficient time to ensure timely delivery prior to the Rights Expiration Time.

The risk of non-delivery of the Offering Form, the applicable Purchase Price into the Rights Offering Escrow Account, and any other required documents sent to the Subscription Agent in connection with the exercise of the Subscription Rights lies solely with the Eligible Offerees and none of the Debtors, the Reorganized Debtors, the Creditors' Committee, or the Backstop Parties (or any of their respective officers, directors, managers, employees, agents or advisers, including the Subscription Agent) assumes the risk of non-delivery under any circumstance whatsoever.

(b) **Issuance**

The New Second Lien Convertible Notes to be issued pursuant to the Rights Offering are expected to be delivered to Eligible Offerees that have properly exercised their Subscription Rights on or as soon as practicable following the Effective Date. *See* Section XIII.B. The method of issuance of New Second Lien Convertible Notes to Eligible Offerees who properly exercise their Subscription Rights will depend on whether the Eligible Offeree is a QIB, an Accredited Investor that is an **"Institutional Accredited Investor"** or an Accredited Investor that is not an Institutional Accredited Investor or a QIB. An **"Institutional Accredited Investor"** means an Accredited Investor within the meaning of clauses (1), (2), (3), or (7) of Rule 501(a) of Regulation D under the Securities Act.

The New Second Lien Convertible Notes issuable to Eligible Offerees who are QIBs or Institutional Accredited Investors will be issued in book-entry form through the facilities of the DTC to the account of their respective Subscription Nominees in which their Senior Secured Notes or Unsecured Notes were held, to the extent practicable. The New Second Lien Convertible Notes issuable to Accredited Investors who are not Institutional Accredited Investors will be issued in the form of physical certificates in registered form on the books and records of Reorganized CHC or its designee, or in book entry form through DTC if so permitted.

The New Membership Interests to be issued in the Substitute Distribution to Non-Eligible Offerees that have complied with the conditions of the Substitute Distribution hereunder are expected to be issued on or as soon as practicable following the Effective Date in book-entry form through the facilities of the DTC to the account of their respective Subscription Nominees in which their Unsecured Notes were held, to the extent practicable.

(c) Securities Law and Related Matters

The New Second Lien Convertible Notes issued to the Eligible Offerees participating in the Rights Offering and the New Membership Interests issuable upon the conversion thereof (together, the “**New Securities**”) will be offered in the Rights Offering pursuant to an exemption from registration under the Securities Act, and any applicable state securities laws, pursuant to section 4(a)(2) under the Securities Act or Regulation D thereunder, and may not be resold or otherwise transferred, without registration under the Securities Act or an exemption therefrom, or any applicable federal and state securities laws. Therefore, to the extent a certificate is issued in conjunction with the issuance of the New Securities, such certificate may contain (or each book entry position shall be deemed to contain) a restricted securities legend in form and substance substantially similar to the following:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR APPLICABLE STATE SECURITIES LAWS, AND ACCORDINGLY THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR AN APPLICABLE EXEMPTION THEREFROM.

There is not and there may not be a public market for the New Securities, and Reorganized CHC does not intend to seek any listing of the New Securities on any national securities exchange or other trading market of any type whatsoever. Accordingly, there can be no assurance that an active trading market for the New Securities will ever develop or, if such a market does develop, that it will be maintained. Please refer to Sections X.D, X.E, and X.F above for more detailed information regarding risks associated with the Rights Offering.

The Substitute Distribution will be distributed pursuant to section 1145 of the Bankruptcy Code and may generally be resold or otherwise transferred without registration under the Securities Act or any other applicable federal and state securities laws.

The Rights Offering is being conducted in good faith and in compliance with the Bankruptcy Code. In accordance with section 1125(e) of the Bankruptcy Code, a debtor or any of its agents that participates, in good faith and in compliance with the applicable provisions of the Bankruptcy Code, in the offer, issuance, sale or purchase of a security, offered or sold under the plan of the debtor, of an affiliate participating in a joint plan with the debtor, or a newly organized successor to the debtor under the plan, is not liable, on account of participation, for violation of any applicable law, rule, or regulation governing the offer, issuance, sale or purchase of securities.

(d) Disputes, Waivers, and Extensions

Any and all disputes concerning the timeliness, viability, form, and eligibility of any exercise of Subscription Rights, or the right to receive the Substitute Distribution, shall be addressed in good faith by Reorganized CHC or CHC Parent, in consultation with the Creditors’ Committee and the Requisite Backstop Parties; *provided, however*, that any such dispute may be resolved by the Bankruptcy Court. Reorganized CHC or CHC Parent, in consultation with the Creditors’ Committee and the Requisite Backstop Parties, may (i) waive any defect or irregularity, or permit a defect or irregularity to be corrected, within such times as it may determine in good faith to be appropriate or (ii) reject the purported exercise of any Subscription Rights for which an Offering Form and/or payment includes defects or irregularities. Offering Forms shall be deemed not to have been properly completed until all irregularities have been waived or cured. Reorganized CHC and CHC Parent reserve the right to give notice to any Eligible Offeree or Non-Eligible Offeree regarding any defect or irregularity in connection with any purported exercise of Subscription Rights or right to receive a Substitute Distribution, or the completion

or delivery of any Offering Form, and Reorganized CHC or CHC Parent, in consultation with the Creditors' Committee and the Requisite Backstop Parties, may permit such defect or irregularity to be cured; it being understood, that none of the Debtors, Reorganized CHC, the Subscription Agent, or the Backstop Parties (or any of their respective officers, directors, employees, agents or advisors) shall incur any liability for failure to give such notification.

Reorganized CHC or CHC Parent, with the approval of the Bankruptcy Court (if applicable) and the reasonable consent of the Creditors' Committee and the Requisite Backstop Parties, may (i) extend the Rights Offering Expiration Time or adopt additional detailed procedures to more efficiently administer the distribution and exercise of the Subscription Rights and/or the distribution of the Substitute Distribution; and (ii) make such other changes to the Rights Offering, including changes that affect which parties constitute Eligible Offerees and/or Non-Eligible Offerees.

H. Rights Offering and Substitute Distribution Conditioned Upon Effectiveness of the Plan; Reservation of Rights; Return of Purchase Price

All exercises of Subscription Rights, and the distribution of the Substitute Distribution, are subject to and conditioned upon the effectiveness of the Plan. Reorganized CHC will accept a Binding Rights Election only upon the confirmation and effectiveness of the Plan. Notwithstanding anything contained herein, in the Disclosure Statement or in the Plan to the contrary, Reorganized CHC and CHC Parent reserve the right, with the approval of the Bankruptcy Court (if applicable), and the reasonable consent of the Creditors' Committee and the Requisite Backstop Parties, to modify these Rights Offering Procedures or adopt additional detailed procedures if necessary in the business judgment of Reorganized CHC and CHC Parent to administer the distribution and exercise of the Subscription Rights more efficiently or to comply with applicable law.

In the event that (i) the Rights Offering is terminated, (ii) the Debtors revoke or withdraw the Plan, or (iii) the Effective Date has not occurred by the 31st day after the Bankruptcy Court's entry of the Confirmation Order (unless such date is extended in accordance with the terms of the Plan Support Agreement and/or the Backstop Agreement, as applicable) or the conditions precedent to the occurrence of the Effective Date shall not have been satisfied or waived in accordance with the Plan, the Subscription Agent shall, within five (5) Business Days of such event, return all Rights Offering Funds held in the Rights Offering Escrow Account to each respective Eligible Offeree, without any interest, and, in the case of clauses (ii) and (iii) above, the Rights Offering shall automatically be terminated, and the Rights Offering Funds held in the Rights Offering Escrow Account will be refunded, without interest, to each respective Eligible Offeree as soon as reasonably practicable.

**XIV.
CONFIRMATION OF THE PLAN**

A. Confirmation Hearing

Pursuant to sections 1128 and 1129 of the Bankruptcy Code, the Bankruptcy Court has scheduled a hearing to consider confirmation of the Plan (the "**Confirmation Hearing**"). AN OBJECTION TO THE PLAN FILED WITH THE BANKRUPTCY COURT WILL NOT BE CONSIDERED A VOTE TO REJECT THE PLAN.

C. Requirements for Confirmation of the Plan

1. Requirements of Section 1129(a) of the Bankruptcy Code

(a) General Requirements.

At the Confirmation Hearing, the Bankruptcy Court will determine whether the confirmation requirements specified in section 1129(a) of the Bankruptcy Code have been satisfied including, without limitation, whether:

- (i) the Plan complies with the applicable provisions of the Bankruptcy Code;
- (ii) the Debtors have complied with the applicable provisions of the Bankruptcy Code;
- (iii) the Plan has been proposed in good faith and not by any means forbidden by law;
- (iv) any payment made or promised by the Debtors or by a person issuing securities or acquiring property under the Plan, for services or for costs and expenses in or in connection with the Chapter 11 Cases, or in connection with the Plan and incident to the Chapter 11 Cases, has been disclosed to the Bankruptcy Court, and any such payment made before confirmation of the Plan is reasonable, or if such payment is to be fixed after confirmation of the Plan, such payment is subject to the approval of the Bankruptcy Court as reasonable;
- (v) the Debtors have disclosed the identity and affiliations of any individual proposed to serve, after confirmation of the Plan, as a director, manager, or officer of the Reorganized Debtors, an affiliate of the Debtors participating in the Plan with the Debtors, or a successor to the Debtors under the Plan, and whether the appointment to, or continuance in, such office of such individual is consistent with the holders of Claims and Interests and with public policy, and the Debtors have disclosed the identity of any insider who will be employed or retained by the Reorganized Debtors, and the nature of any compensation for such insider;
- (vi) with respect to each Class of Claims or Interests, each holder of an Impaired Claim or Impaired Interest has either accepted the Plan or will receive or retain under the Plan, on account of such holder's Claim or Interest, property of a value, as of the Effective Date of the Plan, that is not less than the amount such holder would receive or retain if the Debtors were liquidated on the Effective Date of the Plan under chapter 7 of the Bankruptcy Code;
- (vii) except to the extent the Plan meets the requirements of section 1129(b) of the Bankruptcy Code, each Class of Claims either accepted the Plan or is not Impaired under the Plan;
- (viii) except to the extent that the holder of a particular Claim has agreed to a different treatment of such Claim, the Plan provides that administrative expenses and priority Claims, other than Priority Tax Claims, will be paid in full on the Effective Date, and that Priority Tax Claims will receive either payment in full on the Effective Date or deferred cash payments over a period not exceeding five years after the Petition Date, of a value, as of the Effective Date of the Plan, equal to the Allowed amount of such Claims;

- (ix) at least one Class of Impaired Claims has accepted the Plan, determined without including any acceptance of the Plan by any insider holding a Claim in such Class;
- (x) confirmation of the Plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the Debtors or any successor to the Debtors under the Plan; and
- (xi) all fees payable under section 1930 of title 28, as determined by the Bankruptcy Court at the Confirmation Hearing, have been paid or the Plan provides for the payment of all such fees on the Effective Date of the Plan.

The Debtors believe that the Plan meets all of the applicable requirements of 1129(a) of the Bankruptcy Code.

(b) Best Interests Test

With respect to each impaired class of claims and equity interests, confirmation of a plan requires that each such holder either (i) accept the plan or (ii) receive or retain under the plan property of a value, as of the effective date of the plan, that is not less than the value such holder would receive or retain if the debtors were liquidated under chapter 7 of the Bankruptcy Code. This requirement is referred to as the “**best interests test**.”

This test requires a bankruptcy court to determine what the holders of allowed claims and allowed equity interests in each impaired class would receive from a liquidation of the debtor’s assets and properties in the context of liquidation under chapter 7 of the Bankruptcy Code. To determine if a plan is in the best interests of each impaired class, the value of the distributions from the proceeds of the liquidation of the debtor’s assets and properties (after subtracting the amounts attributable to the aforesaid claims) is then compared with the value offered to such classes of claims and equity interests under the plan.

The Debtors believe that under the Plan all holders of Impaired Claims and Interests will receive property with a value not less than the value such holder would receive in a liquidation under chapter 7 of the Bankruptcy Code. The Debtors’ belief is based primarily on (i) consideration of the effects that a chapter 7 liquidation would have on the proceeds available for distribution to holders of Impaired Claims and Interests and (ii) the Liquidation Analysis attached hereto as **Exhibit G**.

The Debtors believe that any liquidation analysis is speculative, as it is necessarily premised on assumptions and estimates that are inherently subject to significant uncertainties and contingencies, many of which are beyond the control of the Debtors. The Liquidation Analysis provided in **Exhibit G** is solely for the purpose of disclosing the effects of a hypothetical chapter 7 liquidation of the Debtors, subject to the assumptions set forth therein. There can be no assurance as to values that would actually be realized in a chapter 7 liquidation nor can there be any assurance that a bankruptcy court will accept the Debtors’ conclusions in determining whether section 1129(a)(7) of the Bankruptcy Code is satisfied.

(c) Feasibility

Section 1129(a)(11) of the Bankruptcy Code requires that a debtor demonstrate that confirmation of a plan is not likely to be followed by liquidation or the need for further financial reorganization. For purposes of determining whether the Plan meets this requirement, the Debtors have analyzed their ability to meet their obligations under the Plan. As part of this analysis, the Debtors have prepared the Financial Projections attached as **Exhibit H** hereto. Based upon the Financial Projections, the Debtors believe they will have sufficient resources to make all payments required pursuant to the Plan and that confirmation of

the Plan is not likely to be followed by liquidation or the need for further reorganization. Section X hereof sets forth certain risk factors that could impact the feasibility of the Plan.

2. Requirements of Section 1129(b) of the Bankruptcy Code

(a) Cramdown

A bankruptcy court may confirm a plan of reorganization over the rejection or deemed rejection of the plan of reorganization by a class of claims or equity interests. To obtain such confirmation, it must be demonstrated to the bankruptcy court that the plan “**does not discriminate unfairly**” and is “**fair and equitable**” with respect to such dissenting impaired classes. A plan does not discriminate unfairly if the legal rights of a dissenting class are treated in a manner consistent with the treatment of other classes whose legal rights are substantially similar to those of the dissenting class and if no class receives more than it is entitled to for its claims or equity interests. The Debtors believe that the Plan satisfies this requirement.

The Bankruptcy Code establishes different “**fair and equitable**” tests for secured claims, unsecured claims and equity interests, and a “**cram down**” of the plan, as follows:

- Secured Claims: either the plan must provide (i) that the holders of such claims retain the liens securing such claims, whether the property subject to such liens is retained by the debtor or transferred to another entity, to the extent of the allowed amount of such claims, and each holder of a claim receives deferred cash payments totaling at least the allowed amount of such claim, of a value, as of the effective date of the plan, of at least the value of such holder’s interest in the estate’s interest in such property; (ii) for the sale of any property that is subject to the liens securing such claims, free and clear of such liens, with such liens to attach to the proceeds of such sale; or (iii) for the realization by such holders of the indubitable equivalent of such claims.
- Unsecured Claims: either (i) each holder of an impaired unsecured claim receives or retains under the plan property of a value equal to the amount of its allowed claim or (ii) the holders of claims and interests that are junior to the claims of the dissenting class will not receive any property under the plan.
- Equity Interests. either (i) each equity interest holder will receive or retain under the plan property of a value equal to the greater of (x) the fixed liquidation preference or redemption price, if any, of such stock or (y) the value of the stock, or (ii) the holders of interests that are junior to the stock will not receive any property under the plan.

The Bankruptcy Code permits the bankruptcy court to confirm a chapter 11 plan of reorganization over the dissent of any class of claims or equity interests as long as the standards in section 1129(b) are met. This power to confirm a plan over dissenting classes – often referred to as “**cram down**” – is an important part of the reorganization process. It assures that no single group (or multiple groups) of claims or interests can block a restructuring that otherwise meets the requirements of the Bankruptcy Code and is in the interests of the other constituents in the case. The Debtors each reserve the right to seek confirmation of the Plan, notwithstanding a rejection of the Plan by any of the Voting Classes.

XV.

ALTERNATIVES TO CONFIRMATION AND CONSUMMATION OF THE PLAN

The Debtors have evaluated several alternatives to the Plan. After studying these alternatives, the Debtors have concluded that the Plan is the best alternative and will maximize recoveries to parties in interest,

assuming confirmation and consummation of the Plan. If the Plan is not confirmed and consummated, the alternatives to the Plan are (i) the preparation and presentation of an alternative plan of reorganization, (ii) a sale of some or all of the Debtors' Assets pursuant to section 363 of the Bankruptcy Code, or (iii) a liquidation under chapter 7 of the Bankruptcy Code.

A. Alternative Plan of Reorganization

If the Plan is not confirmed, the Debtors (or if the Debtors' exclusive period in which to file a plan of reorganization has expired, any other party in interest) could propose a different plan. Such a plan might involve either a reorganization and continuation of the Debtors' business or an orderly liquidation of its Assets. The Debtors, however, submit that the Plan, as described herein, enables their creditors to realize the most value under the circumstances.

B. Sale Under Section 363 of the Bankruptcy Code

If the Plan is not confirmed, the Debtors could seek from the Bankruptcy Court, after notice and a hearing, authorization to sell their Assets under section 363 of the Bankruptcy Code. Holders of Claims in Classes 3, 4, and 5 may be entitled to credit bid on any property to which their security interest is attached, and to offset their Claims against the purchase price of the property. In addition, the security interests in the Debtors' Assets held by holders of Claims in Classes 3, 4, and 5 would attach to the proceeds of any sale of the Debtors' Assets. After these Claims are satisfied, the remaining funds could be used to pay holders of Claims in Classes 6, 7, and 8. Upon analysis and consideration of this alternative, the Debtors do not believe a sale of their Assets under section 363 of the Bankruptcy Code would yield a higher recovery for holders of Claims than the Plan.

C. Liquidation Under Chapter 7 or Applicable Non-Bankruptcy Law

If no plan can be confirmed, the Chapter 11 Cases may be converted to cases under chapter 7 of the Bankruptcy Code in which a trustee would be elected or appointed to liquidate the Assets of the Debtors for distribution to their creditors in accordance with the priorities established by the Bankruptcy Code. The effect a chapter 7 liquidation would have on the recovery of holders of allowed Claims and Interests is set forth in the Liquidation Analysis attached hereto as Exhibit G.

**XVI.
CONCLUSION AND RECOMMENDATION**

The Debtors believe the Plan is in the best interests of all stakeholders and urge the holders of Claims in Classes 3, 4, 5, 6, 7, and 8 to vote in favor thereof.

After notice and a hearing in accordance with the procedures established by the Bankruptcy Code and prior orders of the Bankruptcy Court, the Allowed amounts of such Professional Fee Claims shall be determined by the Bankruptcy Court and shall be paid in full, in Cash. The Reorganized Debtors are authorized to pay compensation for professional services rendered and

reimbursement of expenses incurred after the Confirmation Date in the ordinary course and without the need for Bankruptcy Court approval. For the avoidance of doubt, this Section of the Plan shall not be applicable to any Restructuring Expenses, which shall be paid pursuant to Section 5.23 of the Plan.

ARTICLE III. CLASSIFICATION OF CLAIMS AND INTERESTS.

3.1 Classification in General.

A Claim or Interest is placed in a particular Class for all purposes, including voting, confirmation, and distribution under this Plan and under sections 1122 and 1123(a)(1) of the Bankruptcy Code; *provided*, that a Claim or Interest is placed in a particular Class for the purpose of receiving distributions pursuant to this Plan only to the extent that such Claim or Interest is an Allowed Claim or Allowed Interest in that Class and such Claim or Interest has not been satisfied, released, or otherwise settled prior to the Effective Date.

A Claim or Interest shall be deemed classified in a particular Class only to the extent that the Claim or Interest qualifies within the description of that Class, and shall be deemed classified in a different Class to the extent that any remainder of such Claim or Interest qualifies within the description of such different Class, *provided, however*, that any Claim classified in Class 7 shall not be classified in any other Class.

3.2 Grouping of Debtors for Convenience Only.

The Plan groups the Debtors together solely for the purpose of describing treatment of Claims and Interests under this Plan and confirmation of this Plan. Although this Plan applies to all of the Debtors, the Plan constitutes forty-three (43) distinct chapter 11 plans, one for each Debtor, except with respect to the Class 7 consolidation for distribution purposes

only set forth in Section 5.21 herein, and for voting and distribution purposes, each Class of Claims will be deemed to contain sub-classes for each of the Debtors, to the extent applicable. To the extent there are no Allowed Claims or Interests with respect to a particular Debtor, such Class is deemed to be omitted with respect to such Debtor. Except as otherwise provided herein, to the extent a holder has a Claim that may be asserted against more than one Debtor, the vote of such holder in connection with such Claims shall be counted as a vote of such Claim against each Debtor against which such holder has a Claim. The grouping of the Debtors in this manner shall not affect any Debtor's status as a separate legal Entity, change the organizational structure of the Debtors' business enterprise, constitute a change of control of any Debtor for any purpose, cause a merger or consolidation of any legal Entities, or cause the transfer of any Assets, and, except as otherwise provided by or permitted under this Plan, all Debtors shall continue to exist as separate legal Entities.

3.3 *Summary of Classification of Claims and Interests.*

3.5 *Elimination of Vacant Classes.*

With respect to each Debtor, any Class that, as of the commencement of the Confirmation Hearing, does not have at least one holder of a Claim or Interest that is Allowed in an amount greater than zero for voting purposes shall be considered vacant, deemed eliminated from this Plan for purposes of voting to accept or reject this Plan, and disregarded for purposes of determining whether this Plan satisfies section 1129(a)(8) of the Bankruptcy Code with respect to such Class.

3.6 *Voting Classes; Presumed Acceptance by Non-Voting Classes*

With respect to each Debtor, if a Class contains Claims eligible to vote and no holder of Claims eligible to vote in such Class votes to accept or reject the Plan, the Plan shall be presumed accepted by the holders of such Claims in such Class.

3.7 *Voting; Presumptions; Solicitation.*

Commencing on the Effective Date, each of the managers and directors of each of the Reorganized Debtors shall serve pursuant to the terms of the applicable organizational documents of such Reorganized Debtor and may be replaced or removed in accordance with such organizational documents.

On the Effective Date, the Registration Rights Parties shall enter into the Registration Rights Agreement. The Registration Rights Agreement shall provide, following the occurrence of an initial public offering of Reorganized CHC's New Membership Interests, the Registration Rights Parties with certain demand registration rights, piggyback registration rights and shelf registration rights for the offer and resale of any New Second Lien Convertible Notes

held by the Registration Parties, the New Membership Interests underlying the New Second Lien Convertible Notes and any New Membership Interests held by the Registration Rights Parties, including New Membership Interests held upon the conversion of the New Second Lien Convertible Notes. The Registration Rights Agreement shall contain customary terms and conditions, including, without limitation, provisions with respect to blackout periods.

The Rights Offering shall be conducted, and the New Second Lien Convertible Notes shall be issued to the Eligible Offerees that exercise their respective Subscription Rights pursuant to the Rights Offering Procedures and the Plan. The consummation of the Rights Offering is conditioned on the consummation of the Plan, the Rights Offering Procedures and any other condition specified in the Backstop Agreement. Amounts held by the Subscription Agent with respect to the Rights Offering prior to the Effective Date shall not be entitled to any interest on account of such amounts. On the Effective Date, in exchange for providing the Backstop Commitment, and pursuant to the terms and conditions of the Backstop Agreement and the Support Agreements Approval Order, the Backstop Parties shall receive the New Second Lien Convertible Notes constituting the Put Option Premium.

5.17 *Intercompany Interests.*

On the Effective Date and without the need for any further corporate action or approval of any board of directors, management, or shareholders of any Debtor or Reorganized Debtor, as applicable, all Intercompany Interests shall be Reinstated and unaffected by this Plan and continue in place following the Effective Date.

5.18 *Tax Matters.*

To the extent permitted by applicable law, all parties shall report consistent therewith for U.S. state and local income tax purposes.

5.19 *Separability.*

Notwithstanding the combination of separate plans of reorganization for the Debtors set forth in this Plan for purposes of economy and efficiency, this Plan constitutes a separate chapter 11 plan for each Debtor. Voting and distributions will be calculated and made on a Debtor-by-Debtor basis. If the Bankruptcy Court does not confirm this Plan with respect to one or more Debtors, it may still, with the consent of the Debtors, the Requisite Plan Sponsors

and the Creditors' Committee, confirm this Plan with respect to any other Debtor that satisfies the confirmation requirements of section 1129 of the Bankruptcy Code.

5.20 *Settlement of Claims and Controversies.*

Pursuant to section 1123(b)(3)(A) of the Bankruptcy Code and Bankruptcy Rule 9019, and in consideration for the Plan Distributions and other benefits provided under this Plan, the provisions of this Plan shall constitute a good faith compromise and settlement of all Claims and controversies relating to the rights that a holder of a Claim or Interest may have with respect to such Claim or Interest or any Plan Distribution on account thereof, including (i) the amount, value, and treatment of ABL Claims, Senior Secured Notes Claims, and Unsecured Notes Claims against the Debtors; (ii) the validity, extent and priority of the Liens securing the Senior Secured Notes; (iii) the value of the Debtors' encumbered and unencumbered Assets; (iv) any potential adequate protection or diminution in value Claim by the holders of Senior Secured Notes; (v) any potential Claim to surcharge Collateral under section 506(c) of the Bankruptcy Code; (vi) the allocation of distributable value among the creditor classes; and (vii) the Plan Equity Value and the total enterprise value of the Debtors. In the event that, for any reason, the Confirmation Order is not entered or the Effective Date does not occur, the Debtors, the Plan Sponsors, the Creditors' Committee, and the other Consenting Creditor Parties reserve all of their respective rights with respect to any and all disputes resolved and settled under the Plan. The entry of the Confirmation Order shall constitute the Bankruptcy Court's approval, as of the Effective Date, of each of the compromises and settlements embodied in the Plan, and the Bankruptcy Court's finding that all such compromises or settlements are: (i) in the best interest of the Debtors, the Estates, the Reorganized Debtors, and their respective property and stakeholders; and (ii) fair, equitable and within the range of reasonableness. The provisions of the Plan, including, without limitation, its release, injunction, exculpation and compromise provisions, are mutually dependent.

5.21 *Limited Consolidation for Primary General Unsecured Claims Distribution.*

(a) Consistent with Section 5.20 hereof, this Plan provides for recoveries on account of Allowed Primary General Unsecured Claims in Class 7 from the Primary General Unsecured Claims Distribution, regardless of the Debtor entity against which such Allowed Primary General Unsecured Claims are asserted. The Debtors shall not be consolidated for any other purpose. To the extent necessary, the Plan shall serve as a motion seeking, and entry of the Confirmation Order shall constitute, the approval, pursuant to section 105(a) of the Bankruptcy Code and Bankruptcy Rule 9019, effective as of the Effective Date, of the limited consolidation for distribution on account of Primary General Unsecured Claims as provided in this section.

(b) For the avoidance of doubt, the limited consolidation described in this Section shall only apply to distributions on account of Allowed Primary General Unsecured Claims and shall not impact, waive, or otherwise effect any Allowed Secondary General Unsecured Claims asserted against any Debtor or any recoveries on such Allowed Secondary General Unsecured Claims, if applicable. Providing distributions to holders of Allowed Primary General Unsecured Claims in the manner described in this Section shall not affect: (i) the legal and corporate structures of the Debtors; (ii) pre- and post-Effective Date guarantees, liens and

security interests that are required to be maintained (a) in connection with contracts or leases that were entered into during the Chapter 11 Cases or Executory Contracts and Unexpired Leases that have been or will be assumed by the Debtors or (b) pursuant to this Plan; (iii) Intercompany Interests; (iv) distributions from any insurance policies or proceeds of such policies; or (v) the revesting of assets in the separate Reorganized Debtors. In addition, such consolidation shall not constitute a waiver of the mutuality requirement for setoff under section 553 of the Bankruptcy Code.

(c) The characterization of each General Unsecured Claim as a Primary General Unsecured Claim or a Secondary General Unsecured Claim for distribution purposes shall be reasonably determined by the Voting Agent and the Debtors or Reorganized Debtors, as applicable, subject to the reasonable consent of the Creditors' Committee or the Post-Effective Date Committee, as applicable, or as otherwise ordered by the Bankruptcy Court.

5.22 *Adjustment of Primary General Unsecured Claims Distribution and Secondary General Unsecured Claims Distribution.*

Notwithstanding anything herein to the contrary, the Debtors may modify the allocation between and among the Secondary General Unsecured Claims Distribution and the Primary General Unsecured Claims Distribution, including between and among the Secondary Recovery Debtors identified on Exhibit C to the Disclosure Statement, to the extent necessary to satisfy the requirements of the Bankruptcy Code.

5.23 *Restructuring Expenses.*

On the Effective Date, or as soon as practicable thereafter, the Debtors or the Reorganized Debtors, as applicable, shall pay in full in Cash all outstanding Restructuring Expenses incurred, or estimated to be incurred, through the Effective Date, in accordance with the terms of the applicable orders, engagement letters or other applicable contractual arrangements, but without regard to any notice or objection period as may be contained in such applicable orders, engagement letters, or other applicable arrangements, subject to adjustment, if necessary, for the actual Restructuring Expenses incurred.

ARTICLE VI. DISTRIBUTIONS.

6.1 *Distributions Generally.*

The Disbursing Agent shall make all Plan Distributions to the appropriate holders of Allowed Claims in accordance with the terms of this Plan.

6.2 *Plan Funding.*

Plan Distributions of Cash shall be funded from the Debtors' and the Reorganized Debtors' Cash on hand as of the applicable date of such Plan Distribution.

6.3 *No Postpetition Interest on Claims.*

Except as otherwise specifically provided for in this Plan, the Confirmation Order, or another order of the Bankruptcy Court or required by the Bankruptcy Code, postpetition interest shall not accrue or be paid on any Claims, and no holder of a Claim shall be entitled to interest accruing on such Claim on or after the Petition Date.

6.4 *Date of Distributions.*

Unless otherwise provided in this Plan, any distributions and deliveries to be made under this Plan shall be made on the Effective Date or as soon thereafter as is practicable; *provided*, that the Reorganized Debtors may implement periodic distribution dates to the extent they determine them to be appropriate.

6.5 *Distribution Record Date.*

As of the close of business on the Distribution Record Date, the various lists of holders of Claims in each Class, as maintained by the Debtors or their agents, shall be deemed closed, and there shall be no further changes in the record holders of any Claims after the Distribution Record Date. Neither the Debtors, the Reorganized Debtors, nor the Disbursing Agent shall have any obligation to recognize any transfer of a Claim occurring after the close of business on the Distribution Record Date. In addition, with respect to payment of any Cure Amounts or disputes over any Cure Amounts, neither the Debtors, the Reorganized Debtors, nor the Disbursing Agent shall have any obligation to recognize or deal with any party other than the non-debtor party to the applicable executory contract or unexpired lease, even if such non-debtor party has sold, assigned, or otherwise transferred its Claim for a Cure Amount.

6.6 *Disbursing Agent.*

All distributions under this Plan shall be made by the Disbursing Agent on and after the Effective Date as provided herein. The Disbursing Agent shall not be required to give any bond or surety or other security for the performance of its duties. The Reorganized Debtors shall use all commercially reasonable efforts to provide the Disbursing Agent (if other than the Reorganized Debtors) with the amounts of Claims and the identities and addresses of holders of Claims, in each case, as set forth in the Debtors' or Reorganized Debtors' books and records. The Reorganized Debtors shall cooperate in good faith with the applicable Disbursing Agent (if other than the Reorganized Debtors) to comply with the reporting and withholding requirements outlined in Section 6.17 of this Plan.

6.7 *Delivery of Distributions.*

The Disbursing Agent will issue or cause to be issued, the applicable consideration under this Plan and, subject to Bankruptcy Rule 9010, will make all distributions to any holder of an Allowed Claim as and when required by this Plan at: (i) the address of such holder on the books and records of the Debtors or their agents; or (ii) at the address in any written notice of address change delivered to the Debtors or the Disbursing Agent, including any addresses included on any transfers of Claim filed pursuant to Bankruptcy Rule 3001. In the event that any distribution to any holder is returned as undeliverable, no distribution or payment

to such holder shall be made unless and until the Disbursing Agent has been notified of the then-current address of such holder, at which time or as soon thereafter as reasonably practicable such distribution shall be made to such holder without interest.

6.8 *Unclaimed Property.*

One year from the later of (a) the Effective Date and (b) the date that is ten (10) Business Days after the date a Claim is first Allowed, all distributions payable on account of Claim that are not deliverable and remain unclaimed shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revert to the Reorganized Debtors or their successors or assigns, and all claims of any other Entity (including the holder of a Claim in the same Class) to such distribution shall be discharged and forever barred. The Reorganized Debtors and the Disbursing Agent shall have no obligation to attempt to locate any holder of an Allowed Claim other than by reviewing the Debtors' books and records and filings with the Bankruptcy Court. Notwithstanding the foregoing, if any General Unsecured Claims Distributions remain unclaimed for one year after attempted distribution, such undeliverable distributions shall be distributed, Pro Rata, to the holders of Allowed General Unsecured Claims against the Debtor entity that made such undeliverable distributions in accordance with Section 6.1 hereof.

6.9 *Satisfaction of Claims.*

Unless otherwise provided herein, any distributions and deliveries to be made on account of Allowed Claims under this Plan shall be in complete and final satisfaction, settlement, and discharge of and exchange for such Allowed Claims.

6.10 *Manner of Payment Under Plan.*

Except as specifically provided herein, at the option of the Debtors or the Reorganized Debtors, as applicable, any Cash payment to be made under this Plan may be made by a check or wire transfer or as otherwise required or provided in applicable agreements or customary practices of the Debtors.

6.11 *Fractional Shares and Notes and De Minimis Cash Distributions.*

No fractional New Membership Interests shall be distributed. When any distribution would otherwise result in the issuance of a number of New Membership Interests that is not a whole number, the New Membership Interests subject to such distribution shall be rounded to the next higher or lower whole number as follows: (i) fractions equal to or greater than 1/2 shall be rounded to the next higher whole number; and (ii) fractions less than 1/2 shall be rounded to the next lower whole number. The total number of New Membership Interests to be distributed on account of Allowed Claims will be adjusted as necessary to account for the rounding provided for herein. No consideration will be provided in lieu of fractional shares that are rounded down. Neither the Reorganized Debtors nor the Disbursing Agent shall have any obligation to make a distribution that is less than one (1) New Membership Interest or Fifty Dollars (\$50.00) in Cash. Fractional New Membership Interests that are not distributed in accordance with this section shall be returned to, and ownership thereof shall vest in, Reorganized CHC. The New Second Lien Convertible Notes and New Unsecured Notes each

shall be issued in denominations of One Dollar (\$1) or any integral multiples thereof and any other amounts shall be rounded down.

6.12 *No Distribution in Excess of Amount of Allowed Claim.*

Notwithstanding anything to the contrary in this Plan, no holder of an Allowed Claim shall receive, on account of such Allowed Claim, Plan Distributions in excess of the Allowed amount of such Claim plus any postpetition interest on such Claim, to the extent such interest is permitted by Section 6.3 of this Plan.

6.13 *Allocation of Distributions Between Principal and Interest.*

Except as otherwise required by law (as reasonably determined by the Debtors), consideration received in respect of an Allowed Claim shall be allocable first to the principal amount of the Claim (as determined for U.S. federal income tax purposes) and then, to the extent of any excess, to the remainder of the Claim, including any Claim for accrued but unpaid interest.

6.14 *Exemption from Securities Laws.*

(a) The issuance of and the distribution under this Plan of the New Membership Interests and the New Unsecured Notes shall be exempt from registration under the Securities Act and any other applicable securities laws to the fullest extent permitted by section 1145 of the Bankruptcy Code. These securities may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided by section 4(a)(1) of the Securities Act, unless the holder is an “underwriter” with respect to such securities, as that term is defined in section 1145(b) of the Bankruptcy Code. In addition, such section 1145 exempt securities generally may be resold without registration under state securities laws pursuant to various exemptions provided by the respective laws of the several states.

(b) The Rights Offering and the issuance and sale, as applicable, of the Subscription Rights and the New Second Lien Convertible Notes (and the New Membership Interests issuable upon conversion thereof) pursuant to the Rights Offering and to the Backstop Parties under the Backstop Agreement (including the New Second Lien Convertible Notes (and the New Membership Interests issuable upon the conversion thereof) comprising the Put Option Premium) is being made in reliance on the exemption from registration set forth in section 4(a)(2) of the Securities Act and Regulation D thereunder. Such securities will be considered “restricted securities” and may not be transferred except pursuant to an effective registration statement or under an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rule 144 of the Securities Act.

6.15 *Setoffs and Recoupments.*

Each Debtor or Reorganized Debtor, as applicable, or such Entity’s designee, may, pursuant to section 553 of the Bankruptcy Code or applicable nonbankruptcy law, offset or recoup against any Allowed Claim and the distributions to be made pursuant to this Plan on account of such Allowed Claim any and all Claims, rights, and Causes of Action that such Debtor or Reorganized Debtor or its successors may hold against the holder of such Allowed

Claim; *provided*, that neither the failure to effect a setoff or recoupment nor the allowance of any Claim hereunder will constitute a waiver or release by a Debtor or Reorganized Debtor or its successor of any Claims, rights, or Causes of Action that a Reorganized Debtor or its successor or assign may possess against such holder.

6.16 *Rights and Powers of Disbursing Agent.*

(a) The Disbursing Agent shall be empowered to: (i) effect all actions and execute all agreements, instruments, and other documents necessary to perform its duties under this Plan; (ii) make all applicable distributions or payments provided for under this Plan; (iii) employ professionals to represent it with respect to its responsibilities; and (iv) exercise such other powers (A) as may be vested in the Disbursing Agent by order of the Bankruptcy Court (including any order issued after the Effective Date) or pursuant to this Plan or (B) as deemed by the Disbursing Agent to be necessary and proper to implement the provisions of this Plan.

(b) To the extent the Disbursing Agent is an Entity other than a Debtor or Reorganized Debtor, except as otherwise ordered by the Bankruptcy Court and subject to the written agreement of the Reorganized Debtors, the amount of any reasonable fees and expenses incurred by the Disbursing Agent on or after the Effective Date (including taxes) and any reasonable compensation and expense reimbursement Claims (including for reasonable attorneys' and other professional fees and expenses) made by the Disbursing Agent shall be paid in Cash by the Reorganized Debtors.

6.17 *Withholding and Reporting Requirements.*

(a) In connection with this Plan and all instruments issued in connection therewith and distributed thereon, the Reorganized Debtors and the Disbursing Agent shall comply with all applicable withholding and reporting requirements imposed by any federal, state, local, or foreign taxing authority, and all distributions under this Plan shall be subject to any such withholding or reporting requirements. In the case of a non-Cash distribution that is subject to withholding, the distributing party may withhold an appropriate portion of such distributed property and sell such withheld property to generate Cash necessary to pay over the withholding tax. Any amounts withheld pursuant to the preceding sentence shall be deemed to have been distributed to and received by the applicable recipient for all purposes of this Plan.

(b) Notwithstanding the above, each holder of an Allowed Claim that is to receive a distribution under this Plan shall have the sole and exclusive responsibility for the satisfaction and payment of any tax obligations imposed on such holder by any Governmental Unit, including income, withholding, and other tax obligations, on account of such distribution. The Reorganized Debtors and the Disbursing Agent have the right, but not the obligation, to not make a distribution until such holder has made arrangements satisfactory to any issuing or disbursing party for payment of any such tax obligations.

(c) The Reorganized Debtors and the Disbursing Agent may require, as a condition to receipt of a distribution, that the holder of an Allowed Claim provide any information necessary to allow the distributing party to comply with any such withholding and reporting requirements imposed by any federal, state, local or foreign taxing authority. If the

Reorganized Debtors or the Disbursing Agent make such a request and the holder fails to comply before the date that is 180 days after the request is made, the amount of such distribution shall irrevocably revert to the applicable Reorganized Debtor and any Claim in respect of such distribution shall be discharged and forever barred from assertion against such Reorganized Debtor or its respective property.

ARTICLE VII. PROCEDURES FOR RESOLVING CLAIMS.

7.1 *Disputed Claims Generally.*

Except insofar as a Claim is Allowed under the Plan, the Debtors or the Reorganized Debtors, as applicable, shall be entitled to object to Claims. Any objections to Claims shall be served and filed on or before: (a) the one-hundred and eightieth (180th) day following the later of (i) the Effective Date and (ii) the date that a proof of Claim is filed or amended or a Claim is otherwise asserted or amended in writing by or on behalf of a holder of such Claim; or (b) such later date as may be fixed by the Bankruptcy Court.

7.2 *Objections to Professional Fee Claims.*

Any objections to Professional Fee Claims shall be served and filed (a) no later than thirty (30) days after the filing of the final applications for compensation or reimbursement by the applicable Professional Person or (b) such later date as ordered by the Bankruptcy Court.

7.3 *Estimation of Claims.*

The Debtors or the Reorganized Debtors, as applicable, may at any time request that the Bankruptcy Court estimate any contingent, unliquidated, or Disputed Claim pursuant to section 502(c) of the Bankruptcy Code, regardless of whether the Debtors had previously objected to or otherwise disputed such Claim or whether the Bankruptcy Court has ruled on any such objection. The Bankruptcy Court shall retain jurisdiction to estimate any Claim at any time during litigation concerning any objection to any Claim, including during the pendency of any appeal relating to any such objection. In the event that the Bankruptcy Court estimates any contingent, unliquidated, or Disputed Claim, the amount so estimated shall constitute either the Allowed amount of such Claim or a maximum limitation on such Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on the amount of such Claim, the Reorganized Debtors may pursue supplementary proceedings to object to the allowance of such Claim.

7.4 *Claim Resolution Procedures Cumulative.*

All of the objection, estimation, and resolution procedures in this Plan are intended to be cumulative and not exclusive of one another. Claims may be estimated and subsequently settled, compromised, withdrawn, or resolved in accordance with this Plan by any mechanism approved by the Bankruptcy Court.

7.5 Resolution of Disputed Claims

On and after the Effective Date, the Reorganized Debtors shall have the authority to litigate, compromise, settle, otherwise resolve or withdraw any objections to all Claims against the Debtors and to compromise and settle any such Disputed Claims without notice to or approval by the Bankruptcy Court or any other party; *provided, however*, that for so long as the Post-Effective Date Committee is in existence, the Post-Effective Date Committee shall have (i) consultation rights for the settlement of any General Unsecured Claims filed or asserted in the amount of Five Million Dollars (\$5,000,000) or more and (ii) reasonable consent rights with respect to any settlement of a General Unsecured Claim that is settled for an Allowed General Unsecured Claim in excess of Five Million Dollars (\$5,000,000). In the event the Post-Effective Date Committee does not consent to any such Claim settlement, the Reorganized Debtors shall have the right to seek approval of such Claim settlement by the Bankruptcy Court pursuant to Bankruptcy Rule 9019. Upon request, the Debtors or the Reorganized Debtors shall also provide the Post-Effective Date Committee with a spreadsheet of all General Unsecured Claims, which shall include the filed Claim amounts and any objections asserted thereto.

7.6 No Distributions Pending Allowance.

No payment or distribution provided under this Plan shall be made on account of a Disputed Claim unless and until (and only to the extent that) such Claim becomes an Allowed Claim.

7.7 Disputed Claims Reserve

(a) There shall be withheld from the New Membership Interests and New Unsecured Notes to be distributed to holders of Allowed General Unsecured Claims an amount of New Membership Interests and New Unsecured Notes that would be distributable to Disputed General Unsecured Claims had such Disputed Claims been Allowed on the Effective Date, together with all earnings thereon (net of any expenses relating thereto, including any taxes imposed thereon or otherwise payable by the Disputed Claims Reserve). There shall also be withheld Cash in an amount that would be distributable to any Disputed Convenience Claims had such Disputed Claims been Allowed on the Effective Date, together with all earnings thereon (net of any expenses relating thereto, including any taxes imposed thereon or otherwise payable by the Disputed Claims Reserve). The Disbursing Agent shall hold in the Disputed Claims Reserve all dividends, payments, and other distributions made on account of, as well as any obligations arising from, property held in the Disputed Claims Reserve, to the extent that such property continues to be so held at the time such distributions are made or such obligations arise, and such dividends, payments, or other distributions shall be held for the benefit of (i) holders of Disputed General Unsecured Claims against any of the Debtors whose Claims are subsequently Allowed, (ii) holders of New Unsecured Notes pending resolution of distributions to holders of Allowed Convenience Claims, (iii) holders of Disputed Convenience Claims against any of the Debtors whose Claims are subsequently Allowed, and (iv) other parties entitled thereto hereunder.

(b) The Debtors intend to seek a determination by the Bankruptcy Court of the estimated amount (either on an individual or aggregate basis) of Disputed General Unsecured

Claims and the Disputed Convenience Claims for purposes of determining the amount of the Disputed Claims Reserve attributable to such Disputed Claims. The New Membership Interests held in the Disputed Claims Reserve pursuant to this Section 7.7 shall be deemed voted by the Disbursing Agent proportionally in the same manner as any outstanding New Membership Interests held by parties other than the Disbursing Agent are voted. The Disbursing Agent shall be responsible for payment, out of the assets of the Disputed Claims Reserve, of any taxes imposed on the Disputed Claims Reserve or its assets. In the event, and to the extent, any Cash in the Disputed Claims Reserve is insufficient to pay the portion of any such taxes attributable to the taxable income arising from the assets of the Disputed Claims Reserve (including any income that may arise upon the distribution of the assets in the Disputed Claims Reserve), assets of the Disputed Claims Reserve may be sold to pay such taxes. To the extent that a Disputed General Unsecured Claim becomes an Allowed Claim after the Effective Date, the Disbursing Agent shall distribute to the holder thereof the distribution, if any, of the New Membership Interests and New Unsecured Notes to which such holder is entitled hereunder out of the Disputed Claims Reserve. To the extent that a Disputed Convenience Claim becomes an Allowed Claim after the Effective Date, the Disbursing Agent shall distribute to the holder thereof the distribution, if any, of Cash to which such holder is entitled hereunder out of the Disputed Claims Reserve. No interest shall be paid with respect to any Disputed Convenience Claim or any Disputed General Unsecured Claim that becomes an Allowed Claim after the Effective Date.

(c) In the event the New Membership Interests and New Unsecured Notes remaining in the Disputed Claims Reserve are insufficient to satisfy all the Disputed Claims that have become Allowed and are due to be satisfied with distributions from the Disputed Claims Reserve, such Disputed Claims shall be satisfied Pro Rata or ratably, as applicable, from the Disputed Claims Reserve consistent with the proportional recoveries provided by the Plan and as set forth in Exhibit C to the Disclosure Statement. After all New Membership Interests and New Unsecured Notes have been distributed from the Disputed Claims Reserve, no further distributions shall be made in respect of Disputed Claims. At such time as all Disputed Claims have been resolved, any remaining New Membership Interests and New Unsecured Notes in the Disputed Claims Reserve shall be released from the Disputed Claims Reserve for distribution in accordance with Sections 4.7 and 5.8 hereof.

7.8 *Distributions After Allowance.*

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, distributions (if any) shall be made to the holder of such Allowed Claim in accordance with the provisions of this Plan. As soon as practicable after the date on which the order or judgment of the Bankruptcy Court allowing any Disputed Claim becomes a Final Order, the Disbursing Agent shall provide to the holder of such Claim the distribution (if any) to which such holder is entitled under this Plan as of the Effective Date, without any interest to be paid on account of such Claim unless required by the Bankruptcy Code.

ARTICLE VIII. EXECUTORY CONTRACTS AND UNEXPIRED LEASES.

8.1 *Assumption and Rejection of Executory Contracts and Unexpired Leases.*

(a) As of and subject to the occurrence of the Effective Date, all executory contracts and unexpired leases to which the Debtors are party shall be deemed rejected except for an executory contract or unexpired lease that (i) has previously been assumed or rejected pursuant to a Final Order of the Bankruptcy Court, (ii) is specifically designated on the Schedule of Assumed Contracts and Leases filed and served prior to commencement of the Confirmation Hearing, (iii) is specifically designated on the Schedule of Rejected Contracts and Leases filed and served prior to commencement of the Confirmation Hearing, (iv) is specifically designated on the Schedule of Assumed Aircraft Leases filed and served prior to commencement of the Confirmation Hearing, (v) is specifically designated on the Schedule of Rejected Aircraft Leases filed and served prior to commencement of the Confirmation Hearing, or (vi) is the subject of a separate (A) assumption motion filed by the Debtors or (B) rejection motion filed by the Debtors under section 365 of the Bankruptcy Code before the Confirmation Date. The Debtors reserve the right to modify the treatment of any particular executory contract or unexpired lease pursuant to this Plan, and any such modification shall be reasonably acceptable to the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

(b) Subject to the occurrence of the Effective Date, the payment of any applicable Cure Amount, and the resolution of any Cure Dispute, the entry of the Confirmation Order by the Bankruptcy Court shall constitute approval of the rejections, assumptions, and assignments provided for in this Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Unless otherwise indicated or provided in a separate order of the Bankruptcy Court, rejections or assumptions or assumptions and assignments of executory contracts and unexpired leases pursuant to this Plan are effective as of the Effective Date. Each executory contract and unexpired lease assumed pursuant to this Plan or by order of the Bankruptcy Court but not assigned to a third party before the Effective Date shall vest in and be fully enforceable by the applicable Reorganized Debtor in accordance with its terms, except as modified by the provisions of this Plan, any order of the Bankruptcy Court authorizing and providing for its assumption, or applicable law.

(c) Unless otherwise provided herein or by separate order of the Bankruptcy Court, each executory contract and unexpired lease that is assumed or assumed and assigned shall include any and all modifications, amendments, supplements, restatements, or other agreements made directly or indirectly by any agreement, instrument, or other document that in any manner affects such executory contract or unexpired lease, without regard to whether such agreement, instrument, or other document is listed in the Schedule of Assumed Contracts and Leases or Schedule of Assumed Aircraft Leases.

(d) Notwithstanding anything to the contrary contained in this Plan, subject to the terms and conditions of the Milestone Term Sheet as approved by the Bankruptcy Court, on the Effective Date, (i) the Milestone Committed Aircraft Lease Agreements shall be assumed and shall vest in and be fully enforceable against applicable Reorganized Debtor; (ii) any guarantee agreement or other Definitive Restructuring Document (as defined in the Milestone Term Sheet)

that is not an executory contract, shall be reinstated pursuant to section 1123(a)(2) of the Bankruptcy Code and shall vest in and be fully enforceable against the applicable Reorganized Debtor; and (iii) the Milestone Incremental Aircraft Lease Agreements shall vest in and be fully enforceable against the applicable Reorganized Debtor.

8.2 *Determination of Cure Disputes and Deemed Consent.*

(a) The Debtors shall file, as part of the Plan Supplement, the Schedule of Assumed Contracts and Leases and the Schedule of Assumed Aircraft Leases, which, if and where applicable, will indicate whether the executory contract or lease is also being assigned and to whom, and shall simultaneously serve a Cure Notice on parties to executory contracts or unexpired leases to be assumed or, if applicable, assigned, reflecting the Debtors' intention to assume or assume and assign the contract or lease in connection with this Plan and, where applicable, setting forth the proposed Cure Amount (if any).

(b) With respect to each executory contract or unexpired lease to be assumed or assumed and assigned by the Debtors, unless otherwise determined by the Bankruptcy Court pursuant to a Final Order or agreed to by the parties thereto prior to the Effective Date, the dollar amount required to Cure any defaults of the Debtors existing as of the Confirmation Date shall be the Cure Amount set in the Cure Notice. The Cure Amount shall be satisfied, under section 365(b)(1) of the Bankruptcy Code, by the Debtors or Reorganized Debtors, as applicable, upon assumption of the relevant executory contract or unexpired lease. Upon payment in full of the Cure Amount, any and all proofs of Claim based upon an executory contract or unexpired lease that has been assumed in the Chapter 11 Cases or hereunder shall be deemed Disallowed and expunged without any further notice to or action by any party or order of the Bankruptcy Court.

(c) If there is a dispute regarding (i) any Cure Amount, (ii) the ability of the Debtors to provide adequate assurance of future performance (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed, or (iii) any other matter pertaining to assumption or assumption and assignment, such dispute shall be heard by the Bankruptcy Court prior to such assumption or assumption and assignment being effective. Any counterparty to an executory contract or unexpired lease that fails to object timely to the notice of the proposed assumption or assumption and assignment of such executory contract or unexpired lease or the relevant Cure Amount within fifteen (15) days of the Debtors' notice of intent to assume or assume and assign, shall be deemed to have consented to such assumption or assumption and assignment and the Cure Amount (even if Zero Dollars (\$0)), and shall be forever barred, estopped, and enjoined from challenging the validity of such assumption or assumption and assignment or the amount of such Cure Amount thereafter.

8.3 *Rejection*

In the event that the rejection of an executory contract or unexpired lease hereunder results in damages to the other party or parties to such contract or lease, any Claim for such damages, if not heretofore evidenced by a timely filed proof of Claim, shall be forever barred and shall not be enforceable against the Debtors or the Reorganized Debtors, or their respective Estates, properties or interests in property, unless a proof of Claim is filed with the Bankruptcy Court and served upon the Debtors or the Reorganized Debtors, as applicable, no

later than thirty (30) days after the later of (i) the Confirmation Date or (ii) the effective date of the rejection of such executory contract or unexpired lease, as set forth on the Schedule of Rejected Contracts and Leases or on the Schedule of Rejected Aircraft Leases or order of the Bankruptcy Court. The Confirmation Order shall constitute the Bankruptcy Court's approval of the rejection of all the leases and contracts identified in the Schedule of Rejected Contracts and Leases, the Schedule of Rejected Contracts and Leases, and Schedule of Rejected Aircraft Leases.

8.4 *Survival of the Debtors' Indemnification Obligations.*

Any obligations of the Debtors pursuant to their corporate charters, by-laws, limited liability company agreements, memorandum and articles of association, or other organizational documents and agreements to indemnify current and former officers, directors, agents, or employees with respect to all present and future actions, suits, and proceedings against the Debtors or such officers, directors, agents, or employees based upon any act or omission for or on behalf of the Debtors shall not be discharged, impaired, or otherwise affected by this Plan; *provided*, that the Reorganized Debtors shall not indemnify any person for any Claims or Causes of Action arising out of or relating to any act or omission that is a criminal act or constitutes fraud, gross negligence, or willful misconduct. All such obligations shall be deemed and treated as executory contracts to be assumed by the Debtors under this Plan and shall continue as obligations of the Reorganized Debtors.

8.5 *Compensation and Benefit Plans.*

The Debtors shall file, as part of the Plan Supplement, the Schedule of Assumed Compensation and Benefit Plans. Unless otherwise provided in this Plan, all employment and severance policies, and all compensation and benefits plans, policies, and programs of the Debtors applicable to their respective employees, retirees, and non-employee directors, including all savings plans, retirement plans, healthcare plans, disability plans, severance benefit plans, incentive plans, and life and accidental death and dismemberment insurance plans, in each case to the extent specifically listed on the Schedule of Assumed Compensation and Benefit Plans, are deemed to be, and shall be treated as, executory contracts under this Plan and, on the Effective Date, will be assumed pursuant to sections 365 and 1123 of the Bankruptcy Code. Any such policy, plan, or program not specifically listed on the Schedule of Assumed Compensation and Benefit Plans shall be deemed rejected. For the avoidance of doubt, any awards granted under the Management Incentive Plan will be governed by such plan and will not be subject to any provisions of the foregoing assumed plans, programs, or arrangements.

8.6 *Insurance Policies.*

All insurance policies to which any Debtor is a party as of the Effective Date shall be deemed to be and treated as executory contracts, shall be assumed by the applicable Debtor, and shall vest in the Reorganized Debtors and continue in full force and effect thereafter in accordance with their respective terms.

8.7 *Reservation of Rights.*

(a) The Debtors may amend the Schedule of Assumed Contracts and Leases, the Schedule of Rejected Contracts and Leases, the Schedule of Assumed Aircraft Leases, and the Schedule of Rejected Aircraft Leases and any Cure Notice through 4:00 p.m. (Central Time) on the Business Day immediately prior to the commencement of the Confirmation Hearing in order to (i) add, delete, or reclassify any executory contract or unexpired lease or amend a proposed assignment and /or (ii) amend the proposed Cure; *provided, however*, that if the Confirmation Hearing is adjourned for a period of more than two (2) consecutive calendar days, the Debtors' right to amend such schedules and notices shall be extended to 4:00 p.m. (Central Time) on the Business Day immediately prior to the adjourned date of the Confirmation Hearing, with such extension applying in the case of any and all subsequent adjournments of the Confirmation Hearing. For the avoidance of doubt, any such amendments shall be reasonably acceptable in all respects to the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

(b) Neither the exclusion nor the inclusion by the Debtors of any contract or lease on any exhibit, schedule, or other annex to this Plan or in the Plan Supplement, nor anything contained in this Plan, will constitute an admission by the Debtors that any such contract or lease is or is not an executory contract or unexpired lease or that the Debtors or the Reorganized Debtors or their respective affiliates have any liability thereunder.

(c) Except as otherwise provided in this Plan, or in a previously entered order of the Bankruptcy Court, nothing shall waive, excuse, limit, diminish, or otherwise alter any of the defenses, claims, Causes of Action, or other rights of the Debtors or the Reorganized Debtors under any executory or non-executory contract or unexpired or expired lease.

(d) Nothing in this Plan will increase, augment, or add to any of the duties, obligations, responsibilities, or liabilities of the Debtors or the Reorganized Debtors, as applicable, under any executory or non-executory contract or unexpired or expired lease.

(e) If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of its assumption under this Plan, the Debtors or Reorganized Debtors, as applicable, shall have sixty (60) days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

ARTICLE IX. CONDITIONS PRECEDENT TO THE OCCURRENCE OF THE EFFECTIVE DATE.

9.1 *Conditions Precedent to the Effective Date.*

The Effective Date shall not occur unless all of the following conditions precedent have been satisfied or waived in accordance with Section 9.2 of this Plan:

(a) the Plan Documents are reasonably acceptable in all respects to (a) the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee and (b) the Individual Creditor Parties and the Milestone Parties, solely to the extent and under the circumstances provided for pursuant to Section 2(b) of the Plan Support Agreement; *provided, however*, any

(b) the Debtors maintain unrestricted cash liquidity (i.e., cash, cash equivalents and unrestricted availability under any financing arrangement for general working capital purposes), without regard to the proceeds from the Rights Offering, in the amount set forth on Schedule 6(a)(xix) of the Plan Support Agreement (after accounting for payments to be made in connection with the Effective Date), or such lesser amount as reasonably determined by the Debtors, the Requisite Plan Sponsors and the Creditors' Committee;

(f) all Restructuring Expenses have been paid in accordance with Section 5.23 hereof

(g) all governmental and third-party approvals and consents, including Bankruptcy Court approval, necessary in connection with the transactions provided for in this Plan have been obtained, are not subject to unfulfilled conditions, and are in full force and effect, and all applicable waiting periods have expired without any action having been taken by any competent authority that would restrain, prevent, or otherwise impose materially adverse conditions on such transactions;

(h) the Confirmation Order has been recognized by the Canadian Court pursuant to the Canadian Recognition Proceeding; and

(i) the Cayman Proceedings have been completed.

9.2 Waiver of Conditions Precedent.

(a) Each of the Conditions Precedent to the occurrence of the Effective Date may be waived subject to the written consent, which shall not be unreasonably withheld, of the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee and, to the extent such waiver (i) materially, adversely, disproportionately, and directly impacts the treatment of any Claims of the Individual Creditor Parties, the consent of the Individual Creditor Parties, which

shall not be unreasonably withheld, and (ii) materially and directly impacts the rights, interests of the Milestone Parties under the Milestone Term Sheet (including any agreements contemplated therein or related thereto) and the PK Financing Documents, the consent of Milestone, which shall not be unreasonably withheld. If any such condition precedent is waived pursuant to this Section and the Effective Date occurs, each party agreeing to waive such condition precedent shall be estopped from withdrawing such waiver after the Effective Date or otherwise challenging the occurrence of the Effective Date on the basis that such condition was not satisfied. If this Plan is confirmed for fewer than all of the Debtors as provided for in Section 5.19 of this Plan, only the conditions applicable to the Debtor or Debtors for which this Plan is confirmed must be satisfied or waived for the Effective Date to occur.

(b) The stay of the Confirmation Order pursuant to Bankruptcy Rule 3020(e) shall be deemed waived by and upon the entry of the Confirmation Order, and the Confirmation Order shall take effect immediately upon its entry.

Subject to the terms of this Plan, on and after the Effective Date, the Reorganized Debtors may operate their businesses and may use, acquire, and dispose of property and prosecute, compromise, or settle any Claims (including any Administrative Expense Claims) and Causes of Action without supervision of or approval by the Bankruptcy Court and free and clear of any restrictions of the Bankruptcy Code or the Bankruptcy Rules other than restrictions expressly imposed by this Plan or the Confirmation Order. Without limiting the foregoing, the Reorganized Debtors may pay the charges that they incur on or after the Confirmation Date for Professional Persons' fees, disbursements, expenses, or related support services without application to the Bankruptcy Court.

10.3 *Discharge of Claims Against and Interests in the Debtors.*

10.4 *Term of Pre-Confirmation Injunctions and Stays.*

Unless otherwise provided in this Plan, all injunctions and stays arising under or entered during the Chapter 11 Cases, whether under sections 105 or 362 of the Bankruptcy Code or otherwise, and in existence on the date of entry of the Confirmation Order, shall remain in full force and effect until the later of the Effective Date and the date indicated in the order providing for such injunction or stay.

Upon the entry of the Confirmation Order, all holders of Claims and Interests and all other parties in interest, along with their respective successors and assigns and present and former affiliates, employees, agents, officers, directors, and principals, shall be enjoined from taking any action to interfere with the implementation or the occurrence of the Effective Date.

10.6 *Plan Injunction.*

(a) **Except as otherwise provided in this Plan or in the Confirmation Order, as of the entry of the Confirmation Order but subject to the occurrence of the Effective Date, all Entities who have held, hold, or may hold Claims or Interests are, with respect to any such Claim or Interest, permanently enjoined after the entry of the Confirmation Order from: (i) commencing, conducting, or continuing in any manner, directly or indirectly, any suit, action, or other proceeding of any kind (including any proceeding in a judicial, arbitral, administrative, or other forum) against or affecting, directly or indirectly, a Debtor, a Reorganized Debtor, or an Estate or the property of any of the foregoing, or any direct or indirect transferee of any property of, or direct or indirect successor in interest to, any of the foregoing Entities mentioned in this subsection (i) or any property of any such transferee or successor; (ii) enforcing, levying, attaching (including any prejudgment attachment), collecting, or otherwise recovering in any manner or by any means, whether directly or indirectly, any judgment, award, decree, or order against a Debtor, a Reorganized Debtor, or an Estate or its property, or any direct or indirect transferee of any property of, or direct or indirect successor in interest to, any of the foregoing Entities mentioned in this subsection (ii) or any property of any such transferee or successor; (iii) creating, perfecting, or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against a Debtor, a Reorganized Debtor, or an Estate or any of its property, or any direct or indirect transferee of any property of, or successor in interest to, any of the foregoing Entities mentioned in this subsection (iii) or any property of any such transferee or successor; (iv) acting or proceeding in any manner, in any place whatsoever, that does not conform to or comply**

(b) By accepting distributions pursuant to this Plan, each holder of an Allowed Claim or Allowed Interest will be deemed to have affirmatively and specifically consented to be bound by this Plan, including the injunctions set forth in this Section.

10.7 Releases.

(a) Releases by the Debtors. As of the Effective Date, except for the rights that remain in effect from and after the Effective Date to enforce this Plan and the Plan Documents and the Cayman Proceedings, for good and valuable consideration, including the contributions and service of the Released Parties to the Chapter 11 cases, the reorganization of the Debtors, and the implementation of the Restructuring, the adequacy of which is hereby confirmed, and except as otherwise provided in this Plan or in the Confirmation Order, the Released Parties are deemed forever released and discharged by the Debtors, the Reorganized Debtors, and the Estates from any and all claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the Debtors, the Reorganized Debtors, or their Estates, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, existing or hereinafter arising, in law, equity, or otherwise, that the Debtors, the Reorganized Debtors, or their Estates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based on or relating to, or in any manner arising from, in whole or in part, the Debtors, the Chapter 11 Cases, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in this Plan, the business or contractual arrangements between any Debtor and any Released Party, the Restructuring, the restructuring of any Claim or Interest before or during the Chapter 11 Cases, the transactions contemplated by Section 5.2 hereof, the Disclosure Statement, the the Rights Offering, the Support Agreements, and this Plan and related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), and the negotiation, formulation, or preparation thereof, the solicitation of votes with respect to this Plan, or any other act or omission, other than Claims or Causes of Action arising out of or related to any act or omission of a Released Party that is a criminal act or constitutes intentional fraud, willful misconduct, or gross negligence; *provided, however*, that the releases provided for herein shall not affect any settlement approved or subject to approval by the Bankruptcy Court to the extent any releases provided for in such settlement differ from the releases contained in this Section 10.7(a).

(b) **Releases by Holders of Claims and Interests.** As of the Effective Date, except for the rights that remain in effect from and after the Effective Date to enforce this Plan, the Plan Documents, and the Cayman Proceedings, for good and valuable consideration, including the contributions and service of the Released Parties to the Chapter 11 Cases, the reorganization of the Debtors, and the implementation of the Restructuring, the adequacy of which is hereby confirmed, and except as otherwise provided in this Plan or in the Confirmation Order, as an integral component of this Plan, the Released Parties are deemed forever released and discharged by the Releasing Parties, from any and all claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the Debtors, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, existing or hereinafter arising, in law, equity, or otherwise, that such holders or their affiliates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based on or relating to, or in any manner arising from, in whole or in part, the Debtors, the Chapter 11 Cases, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in this Plan, the business or contractual arrangements between any Debtor and any Released Party, the Restructuring, the restructuring of any Claim or Interest before or during the Chapter 11 Cases, the transactions contemplated by Section 5.2 hereof, the Disclosure Statement, the Rights Offering, the Support Agreements, and this Plan and related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), and the negotiation, formulation, or preparation thereof, the solicitation of votes with respect to this Plan, or any other act or omission, other than Claims or Causes of Action arising out of or related to any act or omission of a Released Party that is a criminal act or constitutes intentional fraud, willful misconduct, or gross negligence; *provided, however*, that, for the avoidance of doubt, the releases provided for herein shall not release any claim against any non-Debtor that has been asserted by the named plaintiff or any member of the class (provided that such class member does not timely opt out of the class) in *Rudman v. CHC Group et al.*, 15-cv-3773-LAK, pending in the United States District Court for the Southern District of New York.

10.8 Exculpation.

To the extent permitted by applicable law, no Exculpated Party shall have or incur, and each Exculpated Party is hereby released and exculpated from, any claim, obligation, suit, judgment, damage, demand, debt, right, Cause of Action, loss, and liability for any claim in connection with or arising out of the administration of the Chapter 11 Cases; the negotiation and pursuit of the Disclosure Statement, the Rights Offering, the Support Agreements, the transactions contemplated by Section 5.2 hereof, this Plan and all related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), or the solicitation of votes for, or confirmation of, this Plan; the funding of this Plan; the occurrence of the Effective Date; the administration of this Plan or the property to be distributed under this Plan; the issuance of securities under or in connection with this Plan; or the transactions in furtherance of any of the foregoing; except

to the extent arising out of or related to any act or omission of an Exculpated Party that is a criminal act or constitutes intentional fraud, willful misconduct or gross negligence. This exculpation shall be in addition to, and not in limitation of, all other releases, indemnities, exculpations and any other applicable law or rules protecting such Exculpated Parties from liability. For the avoidance of doubt, nothing in this Plan or the Confirmation Order is intended to affect the police or regulatory activities of governmental agencies.

10.9 *Injunction Related to Releases and Exculpation.*

The Confirmation Order shall permanently enjoin the commencement or prosecution by any Entity, whether directly, derivatively, or otherwise, of any Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, or liabilities released or exculpated pursuant to this Plan.

10.10 *Subordinated Claims.*

The allowance, classification, and treatment of all Allowed Claims and Allowed Interests and the respective distributions and treatments thereof under this Plan take into account and conform to the relative priority and rights of the Claims and Interest in each Class in connection with any contractual, legal, and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, sections 510(a), 510(b), or 510(c) of the Bankruptcy Code, or otherwise. Pursuant to section 510 of the Bankruptcy Code, the Debtors reserve the right to reclassify any Allowed Claim or Allowed Interest in accordance with any contractual, legal, or equitable subordination relating thereto.

10.11 *Waiver of Certain Avoidance Actions*

On the Effective Date, the Reorganized Debtors shall be deemed to waive and release all Avoidance Actions against non-insider trade vendors and employees of Reorganized CHC as of the Effective Date.

10.12 *Retention of Causes of Action and Reservation of Rights.*

Except as expressly provided in Section 10.11 of this Plan, and subject to Sections 10.7, 10.8, and 10.9 of this Plan, nothing contained in this Plan or the Confirmation Order shall be deemed to be a waiver or relinquishment of any rights, claims, Causes of Action, rights of setoff or recoupment, or other legal or equitable defenses that the Debtors had immediately before the Effective Date on behalf of the Estates or of themselves in accordance with any provision of the Bankruptcy Code or any applicable nonbankruptcy law. Subject to Sections 10.7, 10.8, and 10.9 of this Plan, the Reorganized Debtors shall have, retain, reserve, and be entitled to assert all such claims, Causes of Action, rights of setoff or recoupment, and other legal or equitable defenses as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors' legal and equitable rights in respect of any Unimpaired Claim may be asserted after the Effective Date to the same extent as if the Chapter 11 Cases had not been commenced.

10.13 *Ipso Facto and Similar Provisions Ineffective.*

Any term of any policy, contract, or other obligation applicable to a Debtor shall be void and of no further force or effect with respect to any Debtor to the extent that such policy, contract, or other obligation is conditioned on, creates an obligation of the Debtor as a result of, or gives rise to a right of any Entity based on any of the following: (a) the insolvency or financial condition of a Debtor; (b) the commencement of the Chapter 11 Cases; (c) the confirmation or consummation of this Plan, including any change of control that will occur as a result of such consummation; (d) any change of control resulting from the issuance, or mandatory conversion of the New Second Lien Convertible Notes; (e) any change of control resulting from the Cayman Proceedings; or (f) the Restructuring.

ARTICLE XI. RETENTION OF JURISDICTION.

11.1 *Retention of Jurisdiction.*

Pursuant to sections 105(c) and 1142 of the Bankruptcy Code and notwithstanding entry of the Confirmation Order and the occurrence of the Effective Date, on and after the Effective Date, the Bankruptcy Court shall retain exclusive jurisdiction, pursuant to 28 U.S.C. §§ 1334 and 157, over all matters arising in or related to the Chapter 11 Cases for, among other things, the following purposes:

- (a) to hear and determine applications for the assumption of executory contracts or unexpired leases and any disputes over Cure Amounts resulting therefrom;
- (b) to determine any motion, adversary proceeding, application, contested matter, and other litigated matter in the Chapter 11 Cases pending on or commenced after the entry of the Confirmation Order;
- (c) to hear and resolve any disputes arising from or related to (i) any orders of the Bankruptcy Court granting relief under Bankruptcy Rule 2004 or (ii) any protective orders entered by the Bankruptcy Court in connection with the foregoing;
- (d) to ensure that distributions to holders of Allowed Claims are accomplished as provided in this Plan and the Confirmation Order and pursuant to the Cayman Proceedings;
- (e) to consider, if necessary, Claims or the allowance, classification, priority, compromise, estimation, or payment of any Claim, including any Administrative Expense Claim;
- (f) to enter, implement, or enforce such orders as may be appropriate in the event that the Confirmation Order is for any reason stayed, reversed, revoked, modified, or vacated;
- (g) to issue and enforce injunctions and releases, enter and implement other orders, and take such other actions as may be necessary or appropriate to restrain interference by any Entity with the consummation, implementation, or enforcement of this Plan, the Confirmation Order, or any other order of the Bankruptcy Court;

(h) to hear and determine any application to modify this Plan in accordance with section 1127 of the Bankruptcy Code to remedy any defect or omission or reconcile any inconsistency in this Plan, the Disclosure Statement, or any order of the Bankruptcy Court, including the Confirmation Order, in such a manner as may be necessary to carry out the purposes and effects thereof;

(i) to hear and determine all Professional Fee Claims;

(j) to resolve disputes concerning Disputed Claims and any reserves with respect to Disputed Claims or the administration thereof;

(k) to hear and determine disputes arising in connection with the interpretation, implementation, or enforcement of this Plan, the Confirmation Order, the Support Agreements, any transactions or payments in furtherance of either, or any agreement, instrument, or other document governing or related to any of the foregoing;

(l) to take any action and issue such orders, including any such action or orders as may be necessary after entry of the Confirmation Order or the occurrence of the Effective Date, as may be necessary to construe, enforce, implement, execute, and consummate this Plan, including any release, exculpation, or injunction provisions set forth in this Plan, or to maintain the integrity of this Plan following the occurrence of the Effective Date;

(m) to determine such other matters and for such other purposes as may be provided in the Confirmation Order;

(n) to hear and determine any disputes with the Post-Effective Date Committee as provided herein;

(o) to hear and determine matters concerning state, local, and federal taxes in accordance with sections 346, 505, and 1146 of the Bankruptcy Code (including the expedited determination of taxes under section 505(b) of the Bankruptcy Code);

(p) to hear and determine any other matters related to the Chapter 11 Cases and not inconsistent with the Bankruptcy Code or title 28 of the United States Code;

(q) to hear and determine any disputes arising in connection with the interpretation, implementation, or enforcement of any Postpetition Aircraft Agreement;

(r) to resolve any disputes concerning whether an Entity had sufficient notice of the Chapter 11 Cases, the Disclosure Statement, any solicitation conducted in connection with the Chapter 11 Cases, any bar date established in the Chapter 11 Cases, or any deadline for responding or objecting to a Cure Amount, in each case, for the purpose for determining whether a Claim or Interest is discharged hereunder or for any other purpose;

(s) to recover all Assets of the Debtors and property of the Estates, wherever located; and

(t) to enter a final decree closing each of the Chapter 11 Cases.

ARTICLE XII. MISCELLANEOUS PROVISIONS.

12.1 Amendments.

(a) Plan Modifications. This Plan may be amended, modified, or supplemented by the Debtors, subject to the consent rights set forth in the Plan Support Agreement, in the manner provided for by section 1127 of the Bankruptcy Code or as otherwise permitted by law, without additional disclosure pursuant to section 1125 of the Bankruptcy Code, except as otherwise ordered by the Bankruptcy Court. In addition, after the Confirmation Date, so long as such action does not materially and adversely affect the treatment of holders of Allowed Claims or Allowed Interests pursuant to this Plan, the Debtors, subject to the consent rights set forth in the Plan Support Agreement, may remedy any defect or omission or reconcile any inconsistencies in this Plan or the Confirmation Order with respect to such matters as may be necessary to carry out the purposes or effects of this Plan, and any holder of a Claim or Interest that has accepted this Plan shall be deemed to have accepted this Plan as amended, modified, or supplemented.

(b) Certain Technical Amendments. Prior to the Effective Date, the Debtors may make appropriate technical adjustments and modifications to this Plan without further order or approval of the Bankruptcy Court, subject to the consent rights set forth in the Plan Support Agreement; *provided*, that such technical adjustments and modifications do not adversely affect the treatment of holders of Allowed Claims or Allowed Interests under this Plan.

12.2 Revocation or Withdrawal of Plan.

The Debtors reserve the right to revoke or withdraw this Plan prior to the Effective Date as to any or all of the Debtors, subject to the consent rights set forth in, and the terms and conditions of, the Plan Support Agreement. If, with respect to a Debtor, this Plan has been revoked or withdrawn prior to the Effective Date, or if confirmation or the occurrence of the Effective Date as to such Debtor does not occur on the Effective Date, then, with respect to such Debtor: (a) this Plan shall be null and void in all respects; (b) any settlement or compromise embodied in this Plan (including the fixing or limiting to an amount any Claim or Interest or Class of Claims or Interests), assumption of executory contracts or unexpired leases affected by this Plan, and any document or agreement executed pursuant to this Plan shall be deemed null and void; and (c) nothing contained in this Plan shall (i) constitute a waiver or release of any Claim by or against, or any Interest in, such Debtor or any other Entity; (ii) prejudice in any manner the rights of such Debtor or any other Person or Entity; or (iii) constitute an admission of any sort by any Debtor or any other Person or Entity.

12.3 Dissolution of Creditors' Committee

Except to the extent provided herein, upon the Effective Date, the current and former members of the Creditors' Committee, and their respective officers, employees, counsel, advisors and agents, shall be released and discharged of and from all further authority, duties, responsibilities and obligations related to and arising from and in connection with the Chapter 11 Cases; provided, however, that following the Effective Date, the Creditors' Committee shall continue in existence and have standing and a right to be heard for the following limited

purposes: (1) Claims and/or applications for compensation by Professionals and requests for allowance of Administrative Claims for substantial contribution pursuant to section 503(b)(3)(D) of the Bankruptcy Code; (2) any appeals of the Confirmation Order, (3) any appeals to which the Creditors' Committee is a named party; (4) any adversary proceedings or contested matters as of the Effective Date to which the Creditors' Committee is a named party; and (5) responding to creditor inquiries for fourteen (14) days following the Effective Date. Following the completion of the Creditors' Committee's remaining duties set forth above, the Creditors' Committee shall be dissolved, and the retention or employment of the Creditors' Committee's respective attorneys, accountants and other agents shall terminate.

12.4 *Post-Effective Date Committee*

So long as the Creditors' Committee does not terminate its obligations under the Plan Support Agreement, a Post-Effective Date Committee shall be formed on the Effective Date, with its rights as set forth in Section 7.5 hereof. The Post-Effective Date Committee shall consist of three (3) members appointed by and from the Creditors' Committee and may adopt by-laws governing its conduct. The Reorganized Debtors will reimburse the Post-Effective Date Committee and its members (in such capacity) for reasonable and documented fees and out-of-pocket expenses, subject to the Post-Effective Date Committee Fee Cap. Unless the Post-Effective Date Committee votes to disband earlier, the existence of the Post-Effective Date Committee, and all rights and powers associated therewith, shall terminate on the date on which all Disputed General Unsecured Claims have been resolved.

12.5 *Exemption from Certain Transfer Taxes.*

Pursuant to section 1146 of the Bankruptcy Code, the issuance, transfer, or exchange of any security or other property hereunder, including, to the fullest extent permitted by applicable law, all sale transactions consummated by the Debtors and approved by the Bankruptcy Court on and after the Confirmation Date through and including the Effective Date, including any transfers effectuated under this Plan, including pursuant to the transactions contemplated by Section 5.2 hereof, and any assumption, assignment, or sale by the Debtors of their interests in unexpired leases of nonresidential real property or executory contracts pursuant to section 365(a) of the Bankruptcy Code, and any transfer of title to or ownership of any of the Debtors' interests in any Aircraft Equipment, shall not be subject to any stamp, real estate transfer, mortgage recording, or other similar tax. In furtherance thereof, and to the fullest extent permitted by applicable law, any such issuance, transfer, or exchange shall constitute a "transfer under a plan" within the purview of section 1146 of the Bankruptcy Code.

12.6 *Payment of Statutory Fees.*

All fees payable under section 1930 of chapter 123 of title 28 of the United States Code shall be paid on the Effective Date, or as soon as practicable thereafter, by the Debtors or Reorganized Debtors. Quarterly fees owed to the U.S. Trustee shall be paid when due in accordance with applicable law and the Debtors and Reorganized Debtors shall continue to file reports to show the calculation of such fees for the Debtors' Estates until the Chapter 11 Cases are closed under section 350 of the Bankruptcy Code. Each and every one of the Debtors shall remain obligated to pay quarterly fees to the U.S. Trustee until the earliest of that particular

Debtor's case is closed, dismissed, or converted to a case under Chapter 7 of the Bankruptcy Code.

12.7 Severability.

Subject to Section 5.19 of this Plan, if, prior to the entry of the Confirmation Order, any term or provision of this Plan is held by the Bankruptcy Court to be invalid, void, or unenforceable, the Bankruptcy Court, at the request of the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void, or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration, or interpretation by the Bankruptcy Court, the remainder of the terms and provisions of this Plan shall remain in full force and effect and will in no way be affected, impaired, or invalidated by such holding, alteration, or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of this Plan, as it may have been altered or interpreted in accordance with this Section, is valid and enforceable pursuant to its terms.

12.8 Governing Law.

Except to the extent that the Bankruptcy Code or other federal law is applicable or to the extent that a Plan Document provides otherwise, the rights, duties, and obligations arising under this Plan and the Plan Documents shall be governed by, and construed and enforced in accordance with, the internal laws of the State of New York, without giving effect to the principles of conflict of laws thereof.

12.9 Immediate Binding Effect.

Notwithstanding Bankruptcy Rules 3020(e), 6004(h), 7062, or otherwise, upon the occurrence of the Effective Date, the terms of this Plan and the Plan Documents shall be immediately effective and enforceable and deemed binding upon and inure to the benefit of the Debtors, the Reorganized Debtors, the holders of Claims and Interests, the Released Parties, the Exculpated Parties, and each of their respective successors and assigns.

12.10 Successors and Assigns.

The rights, benefits, and obligations of any Entity named or referred to in this Plan shall be binding on and shall inure to the benefit of any heir, executor, administrator, successor, or permitted assign, if any, of each such Entity.

12.11 Entire Agreement.

On the Effective Date, this Plan, the Plan Supplement, the Confirmation Order and the Cayman Proceedings shall supersede all previous and contemporaneous negotiations, promises, covenants, agreements, understandings, and representations on such subjects, all of which have become merged and integrated into this Plan; *provided, however*, the Plan Support Agreement and Backstop Agreement shall not be so superseded solely to the extent such

agreements contain covenants or other obligations that apply to the period after the Effective Date.

12.12 *Computing Time.*

In computing any period of time prescribed or allowed by this Plan, unless otherwise set forth in this Plan or determined by the Bankruptcy Court, the provisions of Bankruptcy Rule 9006 shall apply.

12.13 *Exhibits to Plan.*

All exhibits, schedules, supplements, and appendices to this Plan (including the Plan Supplement) are incorporated into and are a part of this Plan as if set forth in full herein.

12.14 *Expedited Tax Determination.*

¹ Subject to footnote 3, this **Exhibit C** reflects estimated recoveries for Secondary General Unsecured Claims and such estimates may increase or decrease based upon the Secondary General Unsecured Claims allowed at each Secondary Recovery Debtor.

² Holders of Secondary General Unsecured Claims against a Debtor other than a Secondary Recovery Debtor will not receive any additional recovery on account of such Secondary General Unsecured Claims, but will continue to receive their recovery on the corresponding Primary General Unsecured Claim.

³ There are currently no Secondary General Unsecured Claims asserted against these Debtors. If any Secondary General Unsecured Claims are asserted and Allowed, the allocation of the Secondary General Unsecured Claims Distribution among the other Debtors on this **Exhibit C** will decrease ratably according to the waterfall described in Section I.8 of this Disclosure Statement. In no event would the recovery on account of an Allowed Secondary General Unsecured Claim fall below the amount that is required to satisfy the standards for confirmation under the Bankruptcy Code.

Exhibit D

Restructuring Transactions

Restructuring Transactions

In contemplation of the Plan,¹ prior to the mailing of the Disclosure Statement, (A) Reorganized CHC was formed and registered as a Cayman Islands limited liability company (which has elected, or shall elect, to be treated as a corporation for U.S. federal income tax purposes) and entered into an asset purchase agreement (the “**APA**”) with CHC Parent, pursuant to which Reorganized CHC shall, on the Effective Date, acquire all of the assets of CHC Parent (including all the stock of its sole direct subsidiary on a restructured basis) in exchange for (i) New Unsecured Notes and New Membership Interests and (ii) the agreement of Reorganized CHC to conduct the Rights Offering contemplated by the Plan pursuant to which Reorganized CHC will offer to sell to eligible holders of Senior Secured Notes Claims and Unsecured Notes Claims the New Second Lien Convertible Notes (these Subscription Rights, collectively with the New Unsecured Notes and New Membership Interests, the “**Plan Consideration**”) and (B) CHC Parent and each of the respective Debtors, as applicable, entered into one or more assumption agreements (collectively, the “**Assumption Agreement**”), pursuant to which CHC Parent shall, after the Confirmation Date and at least one day prior to the Effective Date, assume primary responsibility for certain Claims against such Debtors, as described in the Restructuring Transactions below. The exercise of the Subscription Rights shall be governed by the Rights Offering Procedures set forth in the Disclosure Statement Order, subscription forms and related documents.

In furtherance of the foregoing and the implementation of the Plan, the following transactions shall occur in the following order on or prior to the Effective Date (as indicated below):

- (1) Prior to the Effective Date, pursuant to the Assumption Agreement, CHC Parent shall assume (i) from CHC Helicopter S.A. (“**CHC SA**”), primary responsibility for all of CHC SA’s obligations under and with respect to the Senior Secured Notes Claims and Unsecured Notes Claims and (ii) from each of the Debtors, primary responsibility for any General Unsecured Claims against such Debtor that are aircraft lease rejection claims (including by reason of a guarantee of an aircraft lease rejection claim) (collectively, all assumed claims under this paragraph, the “**Assumed Claims**”) in exchange for a new intercompany note (a “**New Intercompany Note**”) from the respective Debtor to CHC Parent with terms to be agreed upon by them prior to the Effective Date (which note may be, in whole or in part, immediately contributed by CHC Parent indirectly to the capital of the respective Debtor in cancellation thereof), the issuance of new equity by the respective Debtor to CHC Parent (which new equity shall be immediately contributed by CHC Parent indirectly to the capital of the parent of the respective Debtor, or, in lieu thereof, the new equity may be issued directly to the parent of the respective Debtor), and/or an indirect capital contribution from CHC Parent to the respective Debtor. For the avoidance of doubt, such assumption by CHC Parent (a) is not an assumption of an executory contract or unexpired lease pursuant to section 365(a) of the Bankruptcy Code, and (b) shall not prejudice or enhance the distributions to which the Assumed Claims are otherwise entitled under Plan but, rather, shall make CHC Parent (rather than the Debtor from whom the Claim was assumed) primarily responsible for such distributions.² In the event, and to the extent, that any desired contribution of any New Intercompany Note or new equity received by CHC Parent

¹ Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Plan.

² Accordingly, the rights under the Plan that each holder of an Assumed Claim has against the applicable Debtor from whom the Claim was assumed, and the distributions to such holder under the Plan on account of such Claim (other than changing the person making such distribution), are not being impacted by these Restructuring Transactions.

- (2) In accordance with, and subject to the terms of, the treatment sections of the Plan, the following transactions shall occur concurrently on the Effective Date:
 - (i) On behalf of, and at the direction of CHC Parent pursuant hereto, Reorganized CHC shall issue New Membership Interests and New Unsecured Notes (in addition to the Subscription Rights previously provided) to holders of Allowed Senior Secured Notes Claims, Allowed Unsecured Notes Claims and Allowed General Unsecured Claims, as applicable pursuant to the terms of the Plan, in full and final satisfaction and discharge of such Claims.
 - (ii) To the extent that there are Disputed Claims, the Plan Consideration that would otherwise be distributable in respect of such Claims, if such Claims had been Allowed Claims as of the Effective Date, shall be transferred to the Disputed Claims Reserve and administered in accordance with Article VII of the Plan.
 - (iii) As to any General Unsecured Claims satisfied and discharged by CHC Parent pursuant to paragraph 2(i) above that were not Assumed Claims, CHC Parent shall be treated as having acquired and immediately contributed such Claims indirectly to the capital of CHC SA, and, in turn, CHC SA shall be treated as immediately transferring such General Unsecured Claims to the respective subsidiary Debtors. Such later transfers shall take the form of, in whole or in part, contributions to capital (directly or indirectly), transfers in satisfaction of preexisting intercompany debt, transfers in exchange for new intercompany debt (which new intercompany debt may be, in whole or in part, immediately contributed indirectly to the capital of the respective Debtor in cancellation thereof), or transfers for the issuance of new equity (which new equity shall be immediately contributed indirectly to the capital of the parent of the respective Debtor, or in lieu thereof, the new equity may be issued directly to the parent of the respective Debtor).
- (3) On the Effective Date, pursuant to the Rights Offering, Reorganized CHC shall receive the Cash exercise price and shall issue the New Second Lien Convertible Notes.
- (4) On the Effective Date, in accordance with the terms of the Plan, the APA, and the Cayman Proceeding, CHC Parent shall transfer to Reorganized CHC (or, at the direction of Reorganized CHC, to a newly formed, direct, wholly-owned Cayman Islands organized subsidiary of Reorganized CHC) all of its assets (including all the stock of its sole direct subsidiary on a restructured basis and all New Intercompany Notes held by CHC Parent at the time of transfer).

For the avoidance of doubt, for the purpose of the carve-outs from clause 8.3 of the Existing Credit Agreement and the definitions of Permitted Acquisitions and Permitted Investments, any future investment to be made on terms that are substantially similar to (or more favorable to the Lender Parties than) the investment in the CHC Parties or their affiliates by the new shareholders of CHC Group Ltd. on or around the Credit Agreement Amendment Effective Date, shall be deemed a capital contribution in respect of common equity. Each reference to CD&R or the CD&R Investors in the Existing Operative Documents shall be deemed amended to mean (as context may require) each Plan Sponsor (including with respect to clause 8.11 of the Existing Credit Agreement) or funds and/or accounts affiliated with, or managed and/or advised by, the Plan Sponsors, as applicable. “Plan Sponsor” means each of the following entities: AllianceBernstein L.P., Bain Capital Credit, LP, Carl Marks Management Company, Franklin Advisers, Inc., Tennenbaum Capital Partners, Wayzata Investment Partners LLC, Marble Ridge Capital L.P. and Solus Alternative Asset Management LP.

CHC PARTIES' REPRESENTATIONS

The representations and warranties of the CHC Parties will be limited to the following representations and warranties to be made on the Credit Agreement Amendment Effective Date by the Borrower and, but only so long as CHC Group Ltd. or its successor will be required to be the sole guarantor in accordance with the provisions set forth under "Other Terms" in Exhibit A hereto, by such guarantor, in each case, as to itself:

1. **Status.** It is a corporation, company or other entity duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation or formation, except (other than with respect to the Borrower), to the extent that the failure to be in good standing would not reasonably be expected to have a Material Adverse Effect.

2. **Non-Conflict.** The execution and delivery by it of the Operative Documents Amendments to which it is a party, the consummation by it of the transactions contemplated in such Operative Documents Amendments and compliance with the terms and provisions of such Operative Documents Amendments are within its corporate power, do not and will not result in a violation of its constitutional documents as currently in effect, and do not and will not conflict with, or result in a breach of any term or provision of, or constitute a default under any material indenture, mortgage, or other agreement or instrument to which it is a party or by which it or any of its material properties is or may be bound; provided that it makes no representation or warranty in this paragraph with respect to the Existing Operative Documents.

3. **Legal Validity.** Each Operative Documents Amendment to which it is a party has been duly authorised by all necessary corporate action on its part and by the Bankruptcy Court and executed and delivered by it and constitutes its legal, valid and binding obligations, enforceable against it in accordance with their terms, except as their enforceability may be limited by bankruptcy, liquidation, examinership, insolvency, reorganisation and other laws of general application affecting the enforcement of creditors' rights and general principles of equity (regardless of whether such proceeding is considered a proceeding in equity or at law) and except, in the case of the Credit Agreement Amendment, as limited by applicable laws that may affect the remedies provided in the Credit Agreement Amendment but such limitations would not make such remedies inadequate for the practical realization of the rights and benefits intended to be provided thereby.

4. **Consents.** It has received every material consent, approval or authorisation of, and has given every material notice to, the governmental authority in its country of incorporation having jurisdiction with respect to the execution, delivery or performance of the Operative Documents Amendments to which it is a party including all monetary and other obligations under such Operative Documents Amendments) that is required for it to execute and deliver the Operative Documents Amendments to which it is a party, and to perform the transactions contemplated by such Operative Documents Amendments, and each such consent, approval or

authorisation is valid and is in full force and effect and has not been revoked; provided that it makes no representation or warranty in this paragraph as to (a) any consent, approval, authorisation, notice or any other action that may be required under or by any of the Existing Operative Documents, including any filings, registrations and recordings as may be necessary or advisable with respect thereto under any applicable laws, (b) the order of the Bankruptcy Court approving the Term Sheet and the transaction contemplated thereunder, which has been obtained and is in full force and effect, or (c) any periodic renewals of the registration of any Restructured Aircraft with the aircraft registry it is currently registered on, the registration of the “international interests” that may be created under the Operative Documents Amendments pursuant to the Cape Town Treaty or any other consent, approval, authorisation, notice or any other action that may be required or allowed to be obtained, given, made or performed after the Credit Agreement Amendment Effective Date.

Liquidation Analysis

Liquidation Analysis

1. Introduction

CHC Group Ltd. (“**CHC Parent**”) and certain of its affiliates and subsidiaries (collectively, the “**Debtors**”) are soliciting votes with respect to the *Joint Chapter 11 Plan of CHC Group Ltd. and its Affiliated Debtors* (as may be amended from time to time, the “**Plan**”) as set forth in the disclosure statement for the Plan (as may be amended from time to time, the “**Disclosure Statement**”).¹ Often called the “best interests” test, section 1129(a)(7) of the Bankruptcy Code requires that the Bankruptcy Court find, as a condition to confirmation of the Plan, that each holder of a Claim or Interest in each Impaired Class: (i) has accepted the Plan; or (ii) will receive or retain under the Plan property of a value, as of the Effective Date, that is not less than the amount that such Person would receive if the Debtors were liquidated under chapter 7 of the Bankruptcy Code. In order to make these findings, the Bankruptcy Court must: (1) estimate the cash proceeds (the “**Liquidation Proceeds**”) that a chapter 7 trustee (the “**Trustee**”) would generate if each Debtor’s chapter 11 case were converted to a chapter 7 case on the Effective Date and the Assets of such Debtor’s estate were liquidated; (2) determine the distribution (the “**Liquidation Distribution**”) that each holder of a Claim or Interest would receive from the Liquidation Proceeds under the priority scheme dictated in chapter 7; and (3) compare each holder’s Liquidation Distribution to the distribution under the Plan that such holder would receive if the Plan were confirmed and consummated. Accordingly, asset values discussed herein may be different than amounts referred to in the Plan. The analysis (the “**Liquidation Analysis**”) is based upon certain assumptions discussed herein and in the Disclosure Statement.

THE DEBTORS MAKE NO REPRESENTATIONS OR WARRANTIES REGARDING THE ACCURACY OF THE ESTIMATES AND ASSUMPTIONS CONTAINED HEREIN, OR A TRUSTEE’S ABILITY TO ACHIEVE FORECASTED RESULTS. IN THE EVENT THAT THESE CHAPTER 11 CASES ARE CONVERTED TO A CHAPTER 7 LIQUIDATION, ACTUAL RESULTS COULD VARY MATERIALLY FROM THE ESTIMATES AND PROJECTIONS SET FORTH IN THIS LIQUIDATION ANALYSIS.

2. Basis of Presentation

The Liquidation Analysis has been prepared assuming that the Debtors’ chapter 7 liquidation would commence on or about February 3, 2017 (the “**Liquidation Date**”). Due to the global nature of the business, complex organizational structure and outstanding liabilities at different corporate entities, this Liquidation Analysis was prepared on a legal entity basis.

The Liquidation Analysis represents an estimate of recovery values and percentages based upon a hypothetical liquidation if a Trustee were appointed by the Bankruptcy Court to convert Assets into cash. The determination of the hypothetical proceeds from the liquidation of Assets is a highly uncertain process involving the extensive use of estimates and assumptions which, although considered reasonable by management and their advisors, are inherently subject to significant business, economic and competitive uncertainties and contingencies beyond the control of the Debtors and their management. The Liquidation Analysis should be read in conjunction with the assumptions, qualifications, and explanations set forth in the Disclosure Statement and the Plan in their entirety as well as the notes and assumptions set forth below.

¹ All capitalized terms used but not otherwise defined herein have the meaning ascribed to them in the Disclosure Statement, to which this exhibit is attached as **Exhibit G**.

The Liquidation Analysis assumes operations would cease on the Liquidation Date and that a liquidation would start immediately thereafter. It is assumed that CHC would file a Chapter 7 proceeding and a Trustee would be appointed to the case. This analysis assumes all of the Debtors and their non-debtor affiliates are included in the chapter 7 case, except that certain entities are excluded from the analysis due to the de minimis value that resides at these entities.

All owned Assets including equipment, inventory and aircraft would be sold over a 60 day period. This liquidation process is projected utilizing CHC's most recent financials, weekly cash flow projections and third party analysis and reports.

The cessation of business in a liquidation is likely to trigger certain Claims that otherwise would not exist under a chapter 11 reorganization plan. For purposes of this analysis, given the global nature of the business and local and jurisdictional laws, we have assumed that local obligations, including (among other things) severance, pension and other employee obligations, will be entitled to priority in payment over secured and unsecured Claims.

The Liquidation Analysis also does not include estimates for the tax consequences that may be triggered upon the liquidation and sale events of Assets in the manner described above. Such tax consequences may be material.

The Liquidation Analysis does not include recoveries resulting from any potential preference, fraudulent transfer, or other litigation or avoidance actions.

An administrative expense forecast was created to estimate the cost of executing the liquidation over a 60-day period.

3. Liquidation Process

For purposes of this analysis, the Debtors' hypothetical liquidation would be conducted in a chapter 7 environment with the Trustee managing the bankruptcy estate of each Debtor to maximize recovery in an expedited process. The Trustee's initial step would be to develop a liquidation plan to generate proceeds from the sale of entity specific Assets for distribution to creditors. The major components of the liquidation are as follows:

- generation of cash proceeds from Asset sales;
- satisfying costs related to the liquidation process, such as personnel retention costs, liquidation costs and Trustee, professional and other administrative fees;
- satisfying of local obligations, including severance, pension and other employee obligations;
- transfer of value between entities through intercompany obligations and equity pledges; and
- distribution of net proceeds generated from Asset sales to the holders of Claims and Interests in accordance with the priority scheme under chapter 7 of the Bankruptcy Code

4. Distribution of Net Proceeds to Claimants

Any available net proceeds would be allocated to the applicable holders of Claims and Interests in strict priority in accordance with section 726 of the Bankruptcy Code:

- Secured Claims: Claims that are paid with the proceeds of Collateral to the extent secured by property of the Estates, including Claims arising under the Debtors' secured credit facilities;²
- Administrative & Priority Claims: includes Claims for postpetition accounts payable, accrued expenses, accrued and unpaid professional fees, Claims arising under section 503(b)(9) of the Bankruptcy Code, and certain unsecured Claims entitled to priority under section 507 of the Bankruptcy Code;
- Unsecured Claims: includes non-secured, non-priority debt, including trade payables, and various other unsecured liabilities; and
- Equity: to the extent any available net proceeds remain available for distribution after satisfaction in full of the foregoing classes of Claims, any equity security in a Debtor as defined in section 101(16) of the Bankruptcy Code, including all common stock or units, preferred stock or units or other instruments evidencing an ownership interest in any of the Debtors.

5. Conclusion

The Debtors have determined, as summarized in the following analysis, upon the Effective Date, the Plan will provide all holders of Claims and Interests with a recovery (if any) that is not less than what they would otherwise receive pursuant to a liquidation of the Debtors under chapter 7 of the Bankruptcy Code, and as such believe that the Plan satisfies the requirement of 1129(a)(7) of the Bankruptcy Code.

² This liquidation analysis is based on certain assumptions regarding the validity and perfection of the liens securing the Debtors' secured debt facilities, including assumptions arising out of agreements memorialized in the Support Agreements filed at Docket No. 956 and the ABL Settlement Agreement at Docket No. 1071. Notwithstanding those assumptions, and in particular to the extent the Support Agreements are not approved by the Bankruptcy Court, or are approved but subsequently terminated, this liquidation analysis should not be read to imply that any party is admitting, waiving any rights or arguments in respect of, or making any concessions in respect of, the validity or perfection of such liens.

Specific Notes to the Liquidation Analysis

Proceeds Available to Creditors

- Cash Balance as of Liquidation Date before liquidation: Opening Cash at the commencement of the liquidation is based upon the most recent cash forecast and is forecasted on an entity by entity basis.³
- Accounts Receivable Collections: For the 60 day period liquidation period, collections by entity are forecasted at 15% of the normal course weekly cash flow forecast. Most collections would occur in the first few weeks of a liquidation and are limited as CHC would stop providing services to customers. Moreover, some of CHC's customers pay for services in advance.
- Owned Aircraft By Entity: Owned aircraft are assumed to be sold at forced liquidation value or parts value. In total, 51 aircraft are assumed to be sold for approximately 53% of the Ascend and HeliValue appraisals. The 13 aircraft securing the Asset Based Loan (“**ABL**”) are assumed to be valued at forced liquidation value, with EC225 aircraft valued at a part-out rate.
- Inventory, Rotables & Major Spares, Facilities, and Equipment & Land: Inventory, rotables, major spares, facilities, equipment, and land are assumed to be sold using a liquidator, which would result in minimal recovery of these Assets (20%-60% recovery estimate), net of any fees. The assumed values are based on the Debtors’ financials as of July 31, 2016 and the recovery on inventory, rotables and major spares is based on a third party valuation report.

Liquidation Costs

- The liquidation plan was developed using the most recent Cash balances.
 - Use of Cash in the liquidation is assumed using the normal course weekly disbursements and adjusted for cessation of operations and the estimated necessary costs incurred in a liquidation.
 - The largest cost in the liquidation would be personnel. Personnel would be required to, among other things, ensure that aircraft are secure, locate Assets, and assist in the liquidation of the Debtor. This analysis assumes 30%-45% of normal course payroll and 30%-45% of normal course benefits would continue.
 - Other material Cash items include (i) OEM expenditures (but only expenditures for parts necessary to maximize value), (ii) freight and customs costs for shipping Assets (and parts as needed), (iii) payments to taxing authorities (to be paid in the normal course as to not incur Liens on Assets), (iv) insurance payments (to insure high value Assets are insured and director and officer liability coverage is maintained), (v) travel costs (to move employees around bases during the liquidation), (vi) fuel costs (related to any needed movement of aircraft), and (vii) IT costs (to keep computer systems at a minimum level of operation to effectuate the liquidation).

³ This liquidation analysis does not segregate encumbered and unencumbered cash at each entity for purposes of applying the cash against liquidation costs or for any other purpose.

- Professional fees would be paid for February 2017 and March 2017 for the current set of professionals retained in the Chapter 11 Cases. However, the analysis assumes that no transaction fees are to be paid.
- Ordinary course professionals are assumed to be retained by the Trustee for financial and accounting support during the liquidation at 75% of the current monthly run rate.
- Section 326 of the Bankruptcy Code provides for Trustee fees in the amount of 3% of liquidation proceeds in excess of \$1 million. The Liquidation Analysis, therefore, assumes Trustee fees are approximately 3% of the Liquidation Proceeds.
- Approximately 2% of existing Accounts Payable and Accrued is assumed to be the settlement of float as checks clear in the first week of filing plus an additional 1% of AP/Accrued for other expenses related to the liquidation.

Local Liabilities

- Due to the global nature of CHC's operations and the various bankruptcy laws and local laws that may be implicated by the liquidation, it is assumed that foreign jurisdictions would require payment of employee liabilities (*e.g.*, WARN type liabilities), pension liabilities (but excluding Canada which are SERP liabilities that are backed by letters of credit), severance liabilities, and maintenance obligations before Cash would be allowed to be distributed to secured and unsecured creditors.

Intercompany and Equity Pledges

- Once all administrative expenses (*i.e.* the Liquidation Costs and Local Liabilities described above) are satisfied, the remaining proceeds are assumed to be transferred through intercompany transactions (Non-Debtors would satisfy intercompany transactions to Debtors and Non-Debtors, to the extent value is available).
- Any remaining value would then be subject to transfer (equity pledges) to respective parent entities. Certain equity pledges are unpledged and would not benefit secured creditors.

Proceeds Available for Deficiency and Unsecured Claims

- The value available for distribution on account of deficiency Claims and unsecured Claims is assumed to be that of the unperfected aircraft, as well as the unpledged equity transfers, and the remaining value at the non-Debtors.

Claims

- Secured Claims (*i.e.* the Revolving Credit Agreement Claims, the ABL Credit Agreement Claims, and the Senior Secured Notes Claims) are projected to total approximately \$1.58 billion including pre-petition accrued and unpaid interest and fees.
- Lease rejection Claims are projected to total \$1.37 billion (assuming no mitigation), which is the estimated NPV of the lease payments, return conditions, and other costs.
- The total Claims pool, including deficiency Claims, capital lease obligations, lease rejections Claims, AP/Accrued, Unsecured Notes Claims, and unsatisfied Local Liabilities totals to approximately \$3.08 billion.

- The proposed Support Agreements filed at Docket No. 956 and ABL Settlement Agreement at Docket No. 1071 provide for certain fees and expenses which, if approved, will be administrative expenses of the Debtors' estates. This analysis does not account for such expenses.

- *The assumptions, projections and other financial information contained in this section contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995.*
- The Debtors believe that the Plan meets the feasibility requirements set forth in section 1129(a)(11) of the Bankruptcy Code, as confirmation is not likely to be followed by liquidation or the need for further financial reorganization of the Debtors or any successor under the Plan. In connection with the planning and development of a plan of reorganization and for the purposes of determining whether such plan would satisfy this feasibility standard, the Debtors analyzed their ability to satisfy their financial obligations while maintaining sufficient liquidity and capital resources.
- Management, with the assistance of their advisors, has prepared financial projections (the "**Financial Projections**") for the fiscal years 2017 through 2019 (the "**Projection Period**"). The Financial Projections were prepared by Management, with the assistance of their advisors, and are based on a number of assumptions made by Management and their advisors with respect to the potential future performance of the Reorganized Debtors' operations assuming the consummation of the Plan. The Financial Projections are presented on a consolidated basis, including estimates of operating results for Debtor entities and non-Debtor entities combined. The Financial Projections will assist each holder of a Claim or Interest in the Debtors to determine whether to vote to accept or to reject the Plan.
- In general, as illustrated by the Financial Projections, the reduction of debt on the Debtors' balance sheet will substantially reduce future interest expense and improve future cash flows. Based on the Financial Projections, the Debtors should have sufficient cash flow to pay and service their post-restructuring debt obligations, including the Exit Revolving Credit Facility, the Amended and Restated ABL Credit Facility, the PK Financing Facility (if applicable), the New Second Lien Convertible Notes, and the New Unsecured Notes, and to operate their business. The Debtors believe that the Confirmation Date and Effective Date are not likely to be followed by either the liquidation or the further reorganization of the Reorganized Debtors. Accordingly, the Debtors believe that the Plan satisfies the feasibility requirements of section 1129(a)(11) of the Bankruptcy Code.
- THESE FINANCIAL PROJECTIONS WERE NOT PREPARED WITH A VIEW TOWARD COMPLIANCE WITH PUBLISHED GUIDELINES OF THE SEC OR GUIDELINES ESTABLISHED BY THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS FOR PREPARATION AND PRESENTATION OF PROSPECTIVE FINANCIAL INFORMATION. THE PROJECTED BALANCE SHEETS DO NOT REFLECT THE IMPACT OF FRESH START ACCOUNTING, WHICH COULD RESULT IN A MATERIAL CHANGE TO ANY OF THE PROJECTED VALUES.

- ALTHOUGH MANAGEMENT HAS PREPARED THE FINANCIAL PROJECTIONS IN GOOD FAITH AND BELIEVES THE ASSUMPTIONS TO BE REASONABLE, IT IS IMPORTANT TO NOTE THAT THE DEBTORS AND THE REORGANIZED DEBTORS CAN PROVIDE NO ASSURANCE THAT SUCH ASSUMPTIONS WILL BE REALIZED. AS DESCRIBED IN SECTION X OF THE DISCLOSURE STATEMENT, A VARIETY OF RISK FACTORS COULD AFFECT THE REORGANIZED DEBTORS' FINANCIAL RESULTS AND MUST BE CONSIDERED. ACCORDINGLY, THE FINANCIAL PROJECTIONS SHOULD BE REVIEWED IN CONJUNCTION WITH A REVIEW OF THE RISK FACTORS SET FORTH IN SECTION X OF THE DISCLOSURE STATEMENT AND THE ASSUMPTIONS DESCRIBED HEREIN, INCLUDING ALL RELEVANT QUALIFICATIONS AND FOOTNOTES, AND ANY RESULTING CHANGES TO THE FINANCIAL PROJECTIONS COULD BE MATERIAL.

1. General Assumptions

- *Overview:* CHC Group Ltd., along with its Debtor and non-Debtor subsidiaries, provides services through two segments: Helicopter Services and Heli-One. The Helicopter Services segment consists of flying operations in the Eastern North Sea, the Western North Sea, the Americas and the Asia Pacific Region. Flying operations consist primarily of transportation for the offshore oil-and-gas industry, search-and-rescue services, and emergency medical services. The Heli-One segment includes helicopter maintenance, repair and overhaul ("MRO") facilities in Norway, Poland, Canada and the United States, providing services for CHC's fleet and for external customers based primarily in Europe, Asia and North America.
- *Presentation:* The Financial Projections are presented on a consolidated basis, including estimates of operating results for Debtor and non-Debtor entities, combined.
- *Accounting Policies:* The Financial Projections may not reflect all of the adjustments necessary to implement fresh-start accounting pursuant to Accounting Standards Certification 852-10, as issued by the Financial Accounting Standards Board.
- *Methodology:* Key personnel from all of the Debtors' operating regions and various functions provided input in the development of the Financial Projections. In developing the Financial Projections, the Debtors reviewed their fleet's current contracted status and made assessments of whether or not these contracts were likely to be renewed or if volume or price changes were likely. Fleet composition projections were developed based on the projected revenue activity levels as well as the status of negotiations with lessors. The Debtors hired experts to evaluate the near and longer term outlook on oil and gas production, pricing, and off-shore rig activity levels. In addition, the MRO activity level of Heli-One was evaluated based on projected global helicopter activity and the potential for market share gains. The Financial Projections were developed on a region-by-region basis and incorporate multiple sources of information. While the Debtors remain confident in the long term fundamentals of the offshore market the Financial Projections reflect a prolonged downturn in the oil and gas market as the timing of an industry recovery remains uncertain.
- *Plan Consummation:* The Financial Projections assume that the Plan will be confirmed or consummated on or about January 31, 2017.

2. Assumptions With Respect to the Projected Income Statement

Productive Aircraft: A contract-by-contract review was completed to determine the productive aircraft that the Debtor would operate. The number of productive aircraft is driven by the assumption of contract renewals, losses, changes in activity levels as well as future speculative contracts.

Revenues: Revenue in the Financial Projections is generated on a per aircraft basis based on the productive aircraft servicing each contract. In addition, the Debtors generate revenue through their MRO activities.

Direct Costs: Direct Costs are projected based on historical operating costs in each region (adjusted for cost reduction efforts). These costs include crew, base, maintenance, insurance, base rechargeables, and other.

General and Administrative: General and Administrative costs (“G&A”) are primarily comprised of labor costs and other expenses associated with the Debtors’ corporate overhead. The amount of G&A is based on historical G&A costs, adjusted for cost reduction efforts. These costs include segment support costs and global support costs.

Lease Expense: Lease Expense is forecasted based on the projected amount and composition of aircraft necessary to support the Financial Projections. The expense is based on certain renegotiated and contract rates.

Equity Earnings: Equity Earnings reflects the projected earnings from equity accounted investees.

Depreciation & Amortization: Depreciation and Amortization reflects the anticipated depreciation and amortization of the Debtors’ fleet, based on current net book values.

Other: Other includes projected restructuring expenses associated with the Chapter 11 Cases including, but not limited to, professional fees, fleet return costs and other items. In addition, Other includes projected asset impairments, stock-based compensation, and one-time cost items including severance.

Net Interest & Other Financing: Interest expense is forecasted based on the capital structure at emergence and other banking fees.

Income Tax Expense: Income Tax Expense is projected based on the jurisdictional mix of the Debtors’ projected revenue.

3. Assumptions with Respect to the Projected Balance Sheet and Projected Statement of Cash Flows

Pro Forma Adjustments Related to Emergence: The FY2017 balance sheet reflects certain adjustments related to the Debtors’ emergence from chapter 11 in accordance with the terms of the Plan. These adjustments primarily relate to the paydown of the Revolving Credit Facility, if applicable, and the extinguishment of the Debtors’ Senior Secured Notes and Unsecured Notes. The New Second Lien Convertible Notes and New Unsecured Notes, as contemplated in the Plan, are reflected on the balance sheet. In addition, the Financial Projections reflect assumptions with respect to the terms of the Exit Revolving Credit Facility, the Amended and Restated ABL Facility, as well as the PK Financing Facility, as the terms of those facilities have not been finalized, and remain subject to ongoing discussion and negotiation among the parties.

Cash Pension Expense: Cash Pension Expense includes projected contributions for the UK and Norway pension plans.

Working Capital: Working Capital assumptions are based on the historical days sales outstanding and historical days payable as well as on the historical levels of prepaid and other current Assets and current

liabilities. FY2017 reflects the loss of the advancements on accounts receivable from an accounts receivable securitization counterparty as well as draws on Letters of Credit.

Cash Restructuring Costs: Cash Restructuring Costs include severance related, lease return costs, and restructuring professional fees.

Capital Expenditures: Projections for capital expenditures were prepared with consideration of the Debtors' fixed Assets including bases, aircraft, and aircraft parts. The Financial Projections reflect the return of certain aircraft financed under the ABL Credit Facility as well as the purchase of new aircraft financed through the Amended and Restated ABL Credit Facility and, if applicable, the PK Financing Facility (collectively, the "**New Asset Backed Loans**"). The return and financing of aircraft are assumed to occur upon emergence.

Other Disposals: Other Disposals consists of parts sales in the normal course of business. No aircraft are projected to be sold due to the uncertainty in the market for used aircraft.

Borrowing / (Repayment) of Revolving Credit Facility: Reflects the paydown of the Revolving Credit Facility at emergence and subsequent borrowings to maintain \$150 million of cash on the balance sheet.

Borrowing / (Repayment) of New Asset Backed Loans: Reflects the adjustment of the existing ABL Credit Facility and borrowings and subsequent repayments on the New Asset Backed Loans.

Cash to Balance Sheet – Investment: Reflects the cash after closing expenses that will benefit the Debtors.

Capital Lease Repayment / Buyout: Reflects the projected payments on capital leases and aircraft buyouts. The projections include capital lease payments related to the current Boundary Bay Facility lease, however, the projections also forecast savings related to renegotiating or relocating the Boundary Bay Facility.

Jurisdiction and Venue

3. The United States Bankruptcy Court for the Northern District of Texas (the “**Court**”) has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This matter is a core proceeding within the meaning of 28 U.S.C. § 157(b). Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409. The bases for the relief requested herein are sections 105(a) and 363(b) of the Bankruptcy Code.

Background

4. On May 5, 2016 (the “**Petition Date**”), each of the Debtors commenced with this Court a voluntary case under chapter 11 of the Bankruptcy Code. The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. No trustee or examiner has been appointed in these chapter 11 cases.

5. The Debtors’ chapter 11 cases have been consolidated for procedural purposes only and are being jointly administered pursuant to Bankruptcy Rule 1015(b) and Rule 1015-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Northern District of Texas [Docket No. 52].

The Debtors’ Businesses

6. The Debtors, together with their non-debtor affiliates (collectively, “**CHC**”), comprise a global commercial helicopter services company, primarily engaged in providing helicopter services to the offshore oil and gas industry. CHC also provides helicopter services for search and rescue and emergency medical services to various government agencies.

Regarding Certain of the Debtors’ Executory Contracts requesting authorization to file certain confidential information contained in the Restructure Agreement under seal.

In addition, CHC maintains the industry's largest independent helicopter maintenance, repair, and overhaul business, which services helicopter fleets for both CHC as well as third-party customers. CHC manages its domestic and overseas businesses from its headquarters in Irving, Texas and its sales force from an office in Houston, Texas. CHC maintains one of its primary engine overhaul facilities in Fort Collins, Colorado. Only certain entities within CHC – primarily the issuers or guarantors of the Debtors' funded debt – are Debtors in the chapter 11 proceedings. CHC's other entities, including certain operating entities, are not debtors in these cases and are continuing to conduct their business in the ordinary course.

7. Additional information about the Debtors' businesses, capital structure and the circumstances leading to the commencement of these chapter 11 cases can be found in the *Declaration of Robert A. Del Genio in Support of the Debtors' Chapter 11 Petitions and Request for First Day Relief* [Docket No. 13] (the “**Del Genio Declaration**”).

The CHC/Airbus Relationship

8. Helicopters manufactured by Airbus are expected to make up a significant portion of the CHC's fleet on a go-forward basis. The Debtors' agreements with Airbus extend not only to the purchase of helicopters, spare parts, and other key services required to operate CHC's existing fleet, but also to other aspects of CHC's business, including its maintenance repair and overhaul business. Airbus provides critical licenses as well as technical and parts support to CHC's maintenance, repair and overhaul businesses. CHC and Airbus are parties to several executory contracts relating to the Debtors' helicopters, maintenance and other aspects of Debtors' operations that are fundamental to the Debtors' operations and ongoing success.

9. Airbus has filed certain proofs of claims alleging over \$4,603,409 of general unsecured claims and \$1,601,168 of administrative priority claims. In addition, the

Debtors scheduled over \$467,268 in general unsecured claims held by Airbus and certain of its affiliates. These filed and scheduled claims are set forth below:

The Restructure Agreement

10. During the pendency of the chapter 11 cases, the Debtors have engaged in extensive good-faith discussions and negotiations with Airbus with respect to their existing contracts and the claims associated therewith, in order to ensure a beneficial ongoing relationship between the parties. These discussions have culminated in the Restructure Agreement which, as stated, provides for a comprehensive contractual framework governing the relationship between the Debtors and Airbus post-emergence and the resolution of the various claims asserted by Airbus.

11. The Restructure Agreement provides for the termination or amendment of various executory contracts between the Debtors and Airbus, as well as the entry into certain new contracts upon emergence, as discussed in more detail below.³

12. The Restructure Agreement also contains a comprehensive resolution and global settlement of the various claims and cure amounts associated with the Airbus Existing Agreements. More specifically, upon the Effective Date, Airbus will be entitled to a settlement payment of \$2,693,328 (the “**Settlement Payment**”) in full satisfaction of any and all Airbus Claims (as defined in the Restructure Agreement), including but not limited to all general unsecured claims and priority administrative expense claims asserted by Airbus on behalf of itself or its Affiliates (as defined in the Restructure Agreement) under the Airbus Existing

Agreements. Upon receipt of the Settlement Payment, Airbus and its Affiliates shall be deemed to have waived all Airbus Claims without further action required by any of the Debtors or Airbus, including but not limited to their scheduled and filed proofs of claims that constitute Airbus Claims, which shall be withdrawn from the Debtors' claims register.

13. In addition, pursuant to the Restructure Agreement, Airbus shall issue for the benefit of the Debtors, two credit notes (each, a "**Credit Note**"), which shall be effective in 2017 and 2018. Each Credit Note issued shall be fully available and useable by CHC without any restrictions.

Basis for Relief

The Debtors Should Be Authorized to Enter into the Restructure Agreement Pursuant to Sections 105(a), 363(b) and 365(a) of the Bankruptcy Code

14. The Bankruptcy Code authorizes the use of property outside the ordinary course of business with court approval and given a valid business reason. More specifically, section 363 of the Bankruptcy Code, in pertinent part, authorizes a debtor in possession to "use, sell, or lease, other than in the course of business, property of the estate," after notice and a hearing. 11 U.S.C. § 363(b)(1). Although section 363 does not specify a standard for determining when it is appropriate for a court to authorize the use, sale, or lease of property of the estate, courts routinely authorize the use of debtor's property if it is based upon the reasonable business judgment of the debtor. *See, e.g., Institutional Creditors of Cont'l Air Lines, Inc. v. Cont'l Air Lines, Inc. (In re Cont'l Air Lines, Inc.)*, 780 F.2d 1223, 1226 (5th Cir. 1986) ("for the debtor-in-possession or trustee to satisfy its fiduciary duty to the debtor, creditors and equity holders, there must be some articulated business justification for using, selling, or leasing the property outside the ordinary course of business.") (citing *In re Lionel Corp.*, 722 F.2d 1063, 1071 (2d Cir.1983)); *In re ASARCO, LLC*, 441 B.R. 813, 830 (Bankr. S.D. Tex. 2010); *In re*

Martin, 91 F.3d 389, 395 (3d Cir. 1996); *In re Elpida Memory, Inc.*, No. 12-10947 (CSS), 2012 WL 6090194, at *5 (Bankr. D. Del. Nov. 20, 2012); *In re Montgomery Ward Holding Corp.*, 242 B.R. 147, 153 (D. Del. 1999).

15. The standard for approval of the use of property outside the ordinary course of business is a deferential one. *See GBL Holding Co., Inc. v. Blackburn/Travis/Cole, Ltd. (In re State Park Bldg. Grp., Ltd.)*, 331 B.R. 251, 254 (Bankr. N.D. Tex. 2005) (“[g]reat judicial deference is given to the Trustee’s exercise of business judgment.”)

16. In addition, the Court also may grant the requested relief pursuant to its equitable powers under section 105(a) of the Bankruptcy Code, which provides that “[t]he court may issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of this title.” 11 U.S.C. § 105(a).

17. The Debtors believe that the comprehensive agreement and framework set forth in the Restructure Agreement is a valid exercise of their business judgment and that entry into the Restructure Agreement is consistent with their fiduciary duties to maximize value for their estates and creditors. The treatment of the Airbus Existing Agreements and the related claims thereunder contained in the Restructure Agreement will provide the Debtors with the opportunity to continue their contractual relationship with Airbus post-emergence basis on more favorable terms. In addition, the Debtors will be able to avoid costly, and potentially lengthy, litigation that would distract the Debtors from their restructuring efforts and diminish their limited liquidity. Accordingly, the Debtors respectfully request that the court enter the Order authorizing the Debtors to enter into, and perform under, the Restructure Agreement.

18. Further, Section 365(a) allows the debtor in possession to maximize the value of a debtor’s estate by assuming executory contracts or unexpired leases that benefit the

estate and by rejecting those that do not. *In re Nat'l Gypsum Co.*, 208 F.3d 498, 505 (5th Cir. 2000). A court should approve a decision to assume or reject an executory contract or unexpired lease pursuant to section 365 if based on a sound exercise of the debtor's business judgment. *See Richmond Leasing Co. v. Capital Bank, N.A.*, 762 F.2d 1303, 1309 (5th Cir. 1985); *see also In re Wolflin Oil, L.L.C.*, 318 B.R. 392, 396 (Bankr. N.D. Tex. 2004) (same).

19. Based on the foregoing, the Debtors respectfully submit that the decision to enter into the Restructure Agreement and assume, as amended, the Airbus Amended Agreements, and to reaffirm the Norway RCA Agreement, as part of the Restructure Agreement, represents a reasonable exercise of the Debtors' business judgment. As the Restructure Agreement reaffirms the Norway RCA Agreement and modifies the terms of the Airbus Amended Agreements relating to helicopters, maintenance and other critical aspects of the Debtors' operations while allowing the Debtors to realize cost savings, the Debtors submit that assuming these agreements, as reaffirmed or amended pursuant to the Restructure Agreement, is in the best interests of the Debtors' estates. Further, the Restructure Agreement provides a framework for the Debtors and Airbus to continue a business relationship post-emergence. Given this relationship's critical importance to the operations and ongoing success of the Debtors, assumption of the agreements, as amended in the Restructure Agreement, represents a reasonable exercise of the Debtors' business judgment and will benefit the Debtors and their estates.

20. Similarly, the Debtors submit that, pursuant to section 365 of the Bankruptcy Code, the Court should authorize the rejection of the Airbus Termination Agreements, as those agreements are no longer needed for the Debtors operations and will be

replaced with new Airbus agreements under the Restructure Agreement. Accordingly, the Airbus Termination Agreements are no longer beneficial for the Debtors' operations.

21. The Debtors believe they have sound business reasons to enter into, and perform under, the Restructure Agreement and that entry into the Restructure Agreement is consistent with their fiduciary duties to maximize value for their estates and creditors.

The Settlement Contained in the Restructure Agreement Should Be Approved Pursuant to Bankruptcy Rule 9019(a)

22. In addition, the settlement embodied in the Restructure Agreement should be approved pursuant to Bankruptcy Rule 9019. A bankruptcy court may approve a settlement in accordance with Bankruptcy Rule 9019, which provides that “[o]n motion by the trustee and after notice and a hearing, the court may approve a compromise or settlement.” Fed. R. Bankr. P. 9019(a).

23. “Compromises are ‘a normal part of the process of reorganization,’” *Protective Comm. for Indep. S’holders of TMT Trailer Ferry Inc., v. Anderson*, 390 U.S. 414, 424 (1968), and are favored in bankruptcy because they minimize litigation costs and further the parties’ interest in expediting the administration of the bankruptcy case. *See Myers v. Martin (In re Martin)*, 91 F.3d 389, 394 (3d Cir. 1996); *In re Bond*, 1994 U.S. App. Lexis 1282, *9-*14 (4th Cir. 1994). “One of the goals of Congress in fashioning the Bankruptcy Code was to encourage parties in a distress situation to work out a deal among themselves.” *In re Mirant Corp.*, 334 B.R. 800, 811 (Bankr. N.D. Tex. 2005).

24. The decision to approve a particular settlement lies within the sound discretion of the bankruptcy court. *In re World Health Alts., Inc.*, 344 B.R. 291, 296 (Bankr. D. Del. 2006); 9 Collier on Bankruptcy at ¶ 9019.02. Approval of a settlement is appropriate “when the settlement is fair and equitable and the best interests of the estate.” *Official Committee of*

Unsecured Creditors v. Moeller (In re Age Refining, Inc.), 801 F.3d 530, 540 (5th Cir. 2015); *In re Heritage Organization, LLC*, 375 B.R. 230, 260 (Bankr. N.D. Tex. 2007). In determining whether to approve a settlement, courts in the Fifth Circuit have applied a three factor test with a focus on comparing “the terms of the compromise with the likely rewards of litigation.” *In re Age Refining, Inc.*, 801 F.3d at 540 (citing *In re Jackson Brewing Co.*, 624 F.2d 599, 607 (5th Cir. 1980)). A bankruptcy court must evaluate: (a) the probability of success in the litigation, with due consideration for the uncertainty in fact and law, (b) the complexity and likely duration of the litigation and any attendant expense, inconvenience and delay, and (c) all other factors bearing on the wisdom of the compromise. *See In re Age Refining, Inc.*, 801 F.3d at 540; *In re Cajun Elec. Power Coop.*, 119 F.3d 349, 356 (5th Cir. 1997); *In re Jackson Brewing Co.*, 624 F.2d at 607; *In re Mirant Corp.*, 348 B.R. 725, 739-40 (Bankr. N.D. Tex. 2006). Furthermore, “[u]nder the rubric of the third, catch-all provision, [the Fifth Circuit has] specified two additional factors that bear on the decision to approve a proposed settlement.” *Id.* These “other factors” include consideration of (i) “the best interest of creditors, with proper deference to their reasonable views;” and (ii) “the extent to which the settlement is truly the product of arms-length bargaining, and not of fraud or collusion.” *In re Cajun Elec. Power Coop.*, 119 F.3d at 356; *see also In re Age Refining, Inc.*, 801 F.3d at 540.

25. “In evaluating a Rule 9019 settlement, a bankruptcy court does not ‘conduct a mini-trial to determine the probable outcome of any claims waived in the settlement.’” *In re Age Refining*, 801 F.3d at 541. “Rather, the bankruptcy court must apprise [itself] of the relevant facts and law so that [it] can make an informed and intelligent decision.” *Id.*; *see also TMT Trailer Ferry*, 390 U.S. at 425 (noting that a court should “compare the terms of the compromise with the likely rewards of litigation”); *In re Cajun Elec. Power Coop.*, 119

F.3d at 356; *In re Heritage Organization, LLC*, 375 B.R. at 260 (“it is unnecessary to conduct a mini-trial to determine the probable outcome of any claims waived in the settlement. The judge need only apprise himself of the relevant facts and law so that he can make an informed and intelligent decision....”); *In re Mirant*, 348 B.R. at 741, n.36 (“For a settlement to meet the best interests test, the amount being paid or received by the estate (or, here, Mirant) need only be within the extremes of the range.”); *In re Nutritional Sourcing Corp.*, 398 B.R. 816, 833 (Bankr. D. Del. 2008) (quoting *In re Coram Healthcare Corp.*, 315 B.R. 321, 330 (Bankr. D. Del. 2004)) (holding that a court need not be convinced that the proposed settlement is the best possible outcome, rather “[t]he court need only conclude that the settlement falls within the reasonable range of litigation possibilities somewhere above the lowest point in the range of reasonableness.”).

26. In the Debtors’ business judgment, the resolution (including, without limitation, the settlement of the Airbus Claims) embodied in the Restructure Agreement is fair and equitable and in the best interest of the Debtors, their estates and creditors, and should be approved. In addition to providing the Debtors with clarity on the treatment of the Airbus Existing Agreements, the Restructure Agreement also provides for a prompt and complete global resolution of the Airbus Claims. Such claims, if litigated, could be distracting, impose significant demands on certain of the Debtors’ personnel, and result in significant litigation costs. Failure to approve the Restructure Agreement could result in extensive and protracted litigation that could drain the Debtors’ limited liquidity and adversely impact their ability to timely emerge from chapter 11. In addition, such litigation may impair the Debtors’ ability to utilize Airbus’ services with respect to various helicopters in CHC’s fleet.

27. Lastly, the Restructure Agreement is the product of lengthy good faith, arm's length negotiations between the Debtors and Airbus that culminated in a global settlement that falls well within the range of reasonable litigation outcomes. Accordingly, each of the applicable factors weighs in favor of approving the Restructure Agreement.

28. Based on the foregoing, the Debtors respectfully request that the Court authorize the Debtors to enter into, and perform under, the Restructure Agreement as such action is a reasonable exercise of the Debtor's business judgment and is supported by a good business reason.

The Assumption of the Airbus Assumed Agreements Under the Restructure Agreement Represents a Sound Exercise of Business Judgment and Should Be Approved

29. Section 365 allows the debtor in possession to maximize the value of a debtor's estate by assuming executory contracts or unexpired leases that benefit the estate and by rejecting those that do not. *In re Nat'l Gypsum Co.*, 208 F.3d 498, 505 (5th Cir. 2000). A court should approve a decision to assume or reject an executory contract or unexpired lease pursuant to section 365 if based on a sound exercise of the debtor's business judgment. *See Richmond Leasing Co. v. Capital Bank, N.A.*, 762 F.2d 1303, 1309 (5th Cir. 1985); *see also In re Wolflin Oil, L.L.C.*, 318 B.R. 392, 396 (Bankr. N.D. Tex. 2004) (same). Section 365 of the Bankruptcy Code provides as follows:

(a) Except as provided in . . . subsections (b), (c), and (d) of this section, the trustee, subject to the court's approval, may assume or reject any executory contract or unexpired lease of the debtor.

(b)(1) If there has been a default in an executory contract or unexpired lease of the debt the trustee may not assume such contract or lease unless, at the time of assumption of such contract or lease, the trustee:

(A) cures, or provides adequate assurance that the trustee will promptly cure, such default . . . ;

(B) compensates, or provides adequate assurance that the trustee will promptly compensate, a party other than the debtor to such contract or lease, for any actual pecuniary loss to such party resulting from such default; and

(C) provides adequate assurance of future performance under such contract or lease.

See 11 U.S.C. §§ 365(a), (b)(1).

30. The Debtors submit that assumption of the Airbus Amended Agreements, as amended, and assumption of the Norway RCA Agreement (together with the Airbus Amended Agreements, the “**Airbus Assumed Agreements**”) represents a reasonable exercise of the Debtors’ business judgment and will benefit the Debtors’ estates. As described above, the assumption of the Airbus Assumed Agreements, as amended by the Restructure Agreement (wherever applicable), provides significant benefits to the Debtors and their estates, including the ability to continue to provide to, and receive services from, Airbus on a go-forward basis.

31. Moreover, pursuant to the Restructure Agreement, Airbus has agreed to the assumption of the Airbus Assumed Agreements on the terms and conditions discussed therein and herein.

Rule 6004(h) Waiver

32. The Debtors respectfully request that any order approving this Motion be effective immediately, thereby waiving the 14-day stay period imposed by Bankruptcy Rule 6004(h). Waiver of the stay period is necessary for the Restructure Agreement to be implemented as expeditiously as possible and within the time frames contemplated by the parties.

33. No trustee or examiner has been appointed in these chapter 11 cases. Notice of this Motion shall be given to: (i) the Office of the United States Trustee for the Northern District of Texas; (ii) Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the

No Prior Request

34. No previous request for the relief sought herein has been made by the Debtors to this or any other Court.

[The remainder of this page is intentionally blank]

WHEREFORE, the Debtors respectfully request that the Court enter an order (a) authorizing the Debtors to enter into, and perform under, the Restructure Agreement and (b) granting such other and further relief as this Court may deem just and proper.

Exhibit C

The Restructure Agreement

2017 OMNIBUS RESTRUCTURE AGREEMENT

between

AIRBUS HELICOPTERS (SAS) AND ITS AFFILIATES

and

CHC GROUP, LTD AND ITS AFFILIATES

THIS 2017 OMNIBUS RESTRUCTURE AGREEMENT (“**2017 Omnibus Restructure Agreement**”) is entered into as of January 24, 2017, by and between Airbus Helicopters (SAS), a French societe par actions simplifiee with offices in Marignane, France (“**Airbus**”) and CHC Group, Ltd., a Cayman limited liability corporation with offices in Irving, Texas, together with its Affiliates and their successors and permitted assigns (“**CHC**” or “**Customer**”, and together with Airbus, individually, a “**Party**”, and collectively, the “**Parties**”);

WHEREAS, Airbus (previously called Eurocopter) and CHC Leasing (Ireland) Designated Activity Company (previously called CHC Leasing (Ireland) Ltd.) entered into Helicopter Purchase Agreement (EC No 225.118/2011) dated September 13, 2011, relating to the purchase of Airbus helicopter model EC 225 helicopters, as amended and supplemented (“**Purchase Agreement No. 225.118/2011**”);

2. Effectiveness and Conditions Precedent.

(a) The Closing, and simultaneous occurrence of the Effective Date, shall be subject to the satisfaction of all of the following Conditions Precedent:

- (i) Customer has assumed, pursuant to section 365 of the Bankruptcy Code, each of the Airbus Amended Agreements as amended by this 2017 Omnibus Restructure Agreement and the Amending Documents, and each of the Airbus Reaffirmed Agreements; provided that notwithstanding anything to the contrary set forth in this 2017 Omnibus Restructure Agreement, the Airbus Amended Agreements (each as amended by the Amending Documents), the Airbus Reaffirmed Agreements, shall only be deemed assumed pursuant to section 365 of the Bankruptcy Code upon Closing;
- (ii) The Bankruptcy Court shall have issued an Assumption and Approval Order and such order shall be in full force and effect and not subject to any stay at the time of Closing;
- (iii) Customer shall have rejected or filed with the Bankruptcy Court a motion or notice to reject pursuant to Section 365 of the Bankruptcy Code the Airbus Terminated Agreements (or shall have listed such rejected agreements on the Customer's plan supplement schedules); and
- (iv) The earlier to occur of (x) substantial consummation (as defined in Section 1101(2) of the Bankruptcy Code) of the Second Amended Joint Chapter 11 Plan of CHC Group, Ltd. And Its Affiliated Debtors, filed on December 19, 2016 (as amended and supplemented from time to time, the "*Plan*") and (y) the effective date (as defined in the Plan) of the Plan.

(b) Satisfaction of the Conditions Precedent set forth above may be waived in whole or in part by Customer or Airbus at or prior to Closing, in each case in the sole discretion of the Party benefiting from such Condition Precedent.

(c) There shall be no other conditions to the effectiveness of the Closing Documents or this 2017 Omnibus Restructure Agreement, other than the conditions precedent set forth in Section 2(a) and the completion of all Closing Actions as set forth in Section 2(g).

(d) If the Assumption and Approval Order entered by the Court imposes material conditions upon Airbus or Customer that are not in the proposed form of the Assumption and Approval Order as determined reasonably satisfactory by Airbus and Customer in accordance with the provisions of Section 1(d) of this 2017 Omnibus Restructure Agreement and that materially restrict the rights of Airbus or Customer as contemplated herein or impose material obligations upon Airbus or Customer other than as contemplated herein, such conditions set forth in the Assumption and Approval Order must be reasonably satisfactory to the applicable Party upon which such conditions are imposed in order for the Conditions Precedent set forth in clause (a)(ii) of this Section 2 to be considered satisfied. Each Party shall be entitled, at its discretion, to object to the material conditions imposed by the Court and terminate this 2017 Omnibus Restructure Agreement by sending a written notice to the other Party, specifying in detail any such conditions which are not satisfactory within ten (10) calendar days after the entry of such Assumption and Approval Order. Each Party shall be deemed to have no objection to any such conditions and to have deemed such conditions reasonably satisfactory if the Party has not given a written notice to the other Party in accordance with the proceeding sentence.

(g) Provided that all Conditions Precedent have been satisfied or waived in writing at or prior thereto, a Closing shall be held as promptly as possible following the Final Approval Date, but no later than 10:00 am local time on the tenth (10th) calendar day thereafter, or at such other date and time as the parties may mutually agree in writing. Closing shall be held at Airbus' offices in France, unless otherwise agreed. Should any Conditions Precedent not be satisfied or waived in writing as of the scheduled date and time of Closing, then subject to the provisions of Section 11 below, the Closing shall be continued until the first calendar day thereafter on which all Conditions Precedent are satisfied or waived in writing as provided in this Section 2; provided that, notwithstanding anything to the contrary in this 2017 Omnibus Restructure Agreement, Airbus and Customer shall have no obligation to participate in, or effect, the Closing if the Conditions Precedent are not fully satisfied or waived in writing as permitted herein on or before June 30, 2017. At Closing, the following actions shall take place (**Closing Actions**):

(i) Airbus and Customer shall execute and deliver to each other duplicate counterpart originals of each of the Closing Documents;

(ii) Each of Customer and Airbus and the applicable Affiliates of Airbus (including Airbus Group Australia Pacific Ltd.) and Customer, respectively, will take such actions and execute and deliver to each other such documentation as reasonably required to effect the matters set forth in Section 8 below;

(iii) Customer will make the payments required under Section 8 below;

(iv) Airbus will issue to Customer the Credit Notes required in, and defined in, Section 7 below; and

(v) Each of Customer and Airbus, respectively, will execute such additional documents and take such further actions as reasonably requested by the other and necessary to implement the provisions of this 2017 Omnibus Restructure Agreement in accordance with the terms hereof.

Upon completion of the Closing Actions, (i) the Airbus Amended Agreements, as amended by this 2017 Omnibus Restructure Agreement and the Amending Documents, and to the extent applicable the Airbus Reaffirmed Agreements, shall be deemed assumed pursuant to section 365 of the Bankruptcy Code, (ii) the Closing Documents, and all other matters that the terms and conditions of this 2017 Omnibus Restructure Agreement provide will be effective upon or take place upon or after the Effective Date, including, without limitation, the provisions of Section 8(h) and Section 8(i), shall be effective, binding and enforceable in accordance with their respective terms, and (iii) Closing shall be deemed effected and completed. Entry into this 2017 Omnibus Restructure Agreement does not constitute an obligation of Customer to assume or reject, nor constitute or be construed as an assumption, rejection, or assumption and assignment of the Existing Agreements, the Reaffirmed Agreements, or any other applicable agreement referenced herein (including Contract No. 611/2013 for the performance of repair services in the frame of support and service activities and including for the avoidance of doubt, the agreements under which the claims listed in Section 8(a) were filed or scheduled) (“**Referenced Agreements**”), nor cause any of the Referenced Agreements to become a new post-petition agreement binding and enforceable upon Customer, except upon Closing and only in accordance with the terms and conditions herein. In addition, entry into this 2017 Omnibus Restructure Agreement does not impact Airbus’ rights under the Bankruptcy Code or applicable law with respect to the Customer’s determination whether to assume or reject the Referenced Agreements or Customer’s defenses or objections related thereto, provided that Airbus agrees not to assert that the Referenced Agreements are post-petition agreements. Additionally, entry into this 2017 Omnibus Restructure Agreement or any performance by Customer or Airbus hereunder shall not affect any rights of Customer or Airbus under the Bankruptcy Code, except as specifically provided herein (including, without limitation, as provided in the last sentence of Section 8(h) hereof) upon the occurrence of the Effective Date.

The Bankruptcy Claims asserted by Vector (the “**Vector Claims**”) shall not constitute Airbus Claims hereunder and nothing in this Section 8 shall constitute a waiver of any party’s right with respect to the Vector Claims. Prior to the occurrence of the Effective Date, nothing in this Section 8 shall constitute a waiver by Airbus of any liability or obligation or a waiver of any right with respect to any Airbus Claims.

(d) Airbus represents and warrants to Customer that the Airbus Claims constitute and at Closing will constitute any and all claims of Airbus and any Affiliates of Airbus (other than the Vector Claims) arising out of facts and circumstances occurring on or before the Petition Date that have been or may be asserted against Customer or any Affiliate of Customer in the Pending Cases. In the event that either of the Parties discover one or more Bankruptcy Claims of Airbus or any Affiliate of Airbus (other than and in addition to the Airbus Claims or Vector Claims), that have been filed in the Pending Cases arising out of facts and circumstances occurring on or before the Petition Date, then Airbus will, and will (as applicable) cause its Affiliates to, withdraw each of such additional Bankruptcy Claims. Airbus further agrees, for itself and on behalf of each of its Affiliates, and for the avoidance of doubt, that upon the Effective Date none of the Airbus Claims or any such additional Bankruptcy Claims shall form the basis for any claim that any event of default has occurred or is continuing under the Existing Agreement as amended or any other agreement related to this 2017 Omnibus Restructure Agreement, and none of the Debtors shall have any obligation or liability (whether directly or indirectly) with respect to such additional Bankruptcy Claims.

(e) Customer and Airbus, individually and on behalf of their respective Affiliates, agree that in full satisfaction of all Airbus Claims:

(ii) Airbus shall not and shall cause its Affiliates to not take any action whatsoever to recover, collect, or assert any of the Airbus Claims against Customer or any of its Affiliates.

(h) Upon the occurrence of the Effective Date and subject to the provisions of this Section 8, including without limitation Sections 8(i) and 8(j) below, Airbus, for itself and on behalf of each of the other Airbus Release Parties, hereby completely and irrevocably releases, waives and discharges the Customer Release Parties from any and all liability under or for the Airbus Claims and any and all claims of any kind that Airbus or any of

the Airbus Release Parties has, had, or may have arising out of facts and circumstances occurring on or before the date hereof against the Customer Release Parties in any way concerning or relating to the Referenced Agreements, provided, such release shall not include (1) the Vector Claims and all rights the Parties may have with respect to the Vector Claims or (2) the Post-Petition Obligations, which Customer shall pay according to the credit terms provided in the Referenced Agreements, as amended in this 2017 Omnibus Restructure Agreement, and in the ordinary course of its business, however the Customer retains its rights to dispute any such amounts and such disputes shall be resolved in accordance with the terms and conditions of the Referenced Agreements.

(i) Notwithstanding anything to the contrary set forth in this Section 8, and without limiting in any way the terms of Section 8(j) hereof, nothing in this Section 8 shall, or shall be deemed or construed to, amend, alter, waive, limit, release, discharge or otherwise change any condition, obligation, or requirement of Customer or Airbus set forth in this 2017 Omnibus Restructure Agreement or in any Closing Document to be executed and delivered by Customer, Airbus, or any of the Airbus Release Parties on the Effective Date, or amend, alter, waive, limit, release, discharge or otherwise change any of the following

(i) any claims by or obligations, rights, defenses, objections, offsets, counterclaims or remedies of Airbus or Customer, or their respective Affiliates, that arise out of facts and circumstances first occurring after the date hereof;

(ii) any rights, defenses, objections, counterclaims or claims, or other waivers, credits or offsets specifically allowed under the terms of this 2017 Omnibus Restructure Agreement;

(iii) any rights, remedies or recovery, or rights of defense or offset, whether such claims arise before or after the Petition Date, with respect to a warranty, guarantee, or similar product support claim in connection with any Aircraft, Engine or Part (as such terms are defined in the Existing Agreements or any other applicable agreements) that is covered under the Existing Agreements, the Airbus Reaffirmed Agreements, or any other agreements,

(v) the Vector Claims.

(j) Airbus and Customer hereby agree that the Airbus Reaffirmed Agreements (i) have not been terminated, and (ii) to the Knowledge of each of Airbus and Customer, are not subject to any right of termination thereunder due to any fact or circumstance occurring on or prior to the date hereof, and (iii) are as of the date hereof, and upon the occurrence of the Effective Date, shall be and remain, in full force and effect in accordance with their terms.

(k) For the avoidance of doubt, notwithstanding anything to the contrary set forth in this 2017 Omnibus Restructure Agreement or any of the exhibits attached hereto, nothing

in this 2017 Omnibus Restructure Agreement shall be deemed or construed to alter or otherwise affect or change any rights or claims that CHC, Airbus or any of their Affiliates may have arising out of the accidents involving the EC225 and AS332 L2 helicopter types and the resulting regulatory actions, including, without limitation, the April 29, 2016 EC225 helicopter type accident near the Flesland Airport in Bergen, Norway and the resulting regulatory suspension of flight operations of such helicopter type. If there is any conflict between any provisions in any documents related to the EC225 and AS332 L2 helicopter type (including, without limitation, the existing documents, the documents referenced herein, the documents attached as exhibits hereto and the Referenced Agreements) and the provisions contained in this 2017 Omnibus Restructure Agreement, including, for the avoidance of doubt, the immediately preceding sentence, the provisions herein shall control. The provisions herein can only be modified by a writing signed by both CHC and Airbus.

(l) Airbus, for itself and on behalf of its Affiliates, hereby confirms that in connection with the assumption by the Customer at Closing of the Airbus Amended Agreements, as amended by this 2017 Omnibus Restructure Agreement and the Amending Documents, and to the extent applicable, the Airbus Reaffirmed Agreements, in accordance with Section 365 of the Bankruptcy Code, as contemplated in this 2017 Omnibus Restructure Agreement, Customer has provided adequate assurance that Customer will continue to perform under the terms of each of such agreements.

(m) Airbus agrees to vote all of its claims in support of the Plan in the Pending Cases.

(n) Upon the occurrence of the Effective Date and the payment by Customer of the amount due to Airbus in Section 8(e)(i), the Customer's claims and noticing agent is authorized and directed to amend the claims register to reflect the terms of this 2017 Omnibus Restructure Agreement.

Accordingly, Airbus and Customer further agree that neither Airbus nor Customer shall disclose any of such information to any other person or entity, without the prior written consent of the other party hereto, provided that, Airbus and Customer may disclose such information to their respective professional advisors who have a need to know such information in connection with the Pending Cases and the transactions contemplated hereby, including without limitation, counsel and advisors retained by Airbus or Customer in connection with the Pending Cases, negotiation of the amendments and agreements, and the performance of the obligations contemplated in this 2017 Omnibus Restructure Agreement and further, such information may be disclosed in accordance with the following terms of this Section 9(a). Notwithstanding the foregoing, any information which is contained or referenced in the Existing Agreements (as such agreements currently exist and as may be amended upon the Effective Date), or upon their execution and delivery at Closing, any information which is contained or referenced in the Amending Documents, will be governed by and may be disclosed in accordance

with the terms of the Existing Agreements and the Amending Documents, as applicable. In the event of any conflict between this Section 9(a) and the provisions of such Existing Agreements, or the Amending Documents, the terms and conditions herein will govern and control.

(b) Airbus and Customer acknowledge that Airbus and Customer may be asked to provide to the Official Committee of Unsecured Creditors, and its counsel and advisors (the “**Committee**”), appointed in the Pending Cases, this 2017 Omnibus Restructure Agreement or other information relating to this 2017 Omnibus Restructure Agreement or the matters contemplated herein, including without limitation all of the Existing Agreements (this 2017 Omnibus Restructure Agreement and all such information and agreements referred to herein as “**Confidential Information**”). (c) Airbus shall not, unless Customer otherwise agrees or unless Airbus is directed by order of the Court, produce any Confidential Information to the Committee, but shall advise Customer of any request from the Committee such that Customer may produce the Confidential Information to the Committee with the designation specified above. Airbus and Customer shall promptly notify the other of any receipt of a request for production by the Committee that would encompass any Confidential Information. Airbus and Customer agree that they will confer and cooperate with each other in responding to any such request. Prior to any production to the Committee, Customer shall provide to Airbus a complete description of the Confidential Information that will be provided as part of the production. If Airbus and Customer cannot agree on the scope or terms of any such disclosure of Confidential Information to the Committee, Airbus and Customer shall have the right to seek relief from the Court on at least five (5) days' prior notice to other party. If any such production is made, then Customer shall request that the Committee and its attorneys and advisors destroy all Confidential Information so produced and provide proof of such destruction.

(d) Airbus and Customer shall consult with respect to what Confidential Information shall be included in any pleadings filed with the Court, or in any material provided to the Committee, in connection with satisfying the conditions precedent set forth in Section 2, above.

10. Miscellaneous.

(a) No provision of this 2017 Omnibus Restructure Agreement may be amended, supplemented, waived, modified, discharged, terminated, or otherwise varied orally, but only by an instrument in writing that specifically identifies the provision of this 2017 Omnibus Restructure Agreement that it purports to amend, supplement, waive, modify, discharge, terminate, or otherwise vary and is signed by Airbus and Customer. Each such amendment, supplement, waiver, modification, discharge, termination, or variance shall be effective only in the specific instance and for the specific purpose for which it is given. No provision of this 2017 Omnibus Restructure Agreement shall be varied or contradicted by oral communication, course of dealing or performance, or other manner not set forth in an agreement, document, or instrument in writing and signed by Airbus and Customer.

(b) This 2017 Omnibus Restructure Agreement is not intended to provide, and shall not provide, any person not a party hereto with any rights of any nature whatsoever against any of the parties hereto, and no person not a party hereto shall have any right, power, or privilege in respect of this 2017 Omnibus Restructure Agreement, or have any benefit or interest arising out of this 2017 Omnibus Restructure Agreement.

(c) This 2017 Omnibus Restructure Agreement and any amendments, waivers, consents, or supplements hereto may be executed in any number of counterparts (or upon separate signature pages bound together into one or more counterparts), each fully-executed set of which when so executed shall be deemed to be an original, and all of which counterparts, taken together, shall constitute one and the same instrument.

(d) The headings of the Sections and clauses of this 2017 Omnibus Restructure Agreement are inserted for convenience only and shall not affect the interpretation hereof.

(e) This 2017 Omnibus Restructure Agreement shall be binding upon, and shall inure to the benefit of and shall be enforceable by, the parties hereto and their respective successors and assigns, in accordance with its terms and subject to the Conditions Precedent, as applicable; provided, however, that no party may assign, delegate or otherwise transfer all or any part of its rights or obligations under this 2017 Omnibus Restructure Agreement without the prior written consent of the other party hereto.

(f) Each of the parties hereto agrees that the Bankruptcy Court shall have exclusive jurisdiction over all matters arising out of or relating to this 2017 Omnibus Restructure Agreement; provided, however, if the Bankruptcy Court does not have subject matter jurisdiction over any such matter or declines to hear any dispute in regard to such matter, then the foregoing exclusive jurisdiction shall no longer apply. This 2017 Omnibus Restructure Agreement shall be governed by United States bankruptcy law and to the extent that United States bankruptcy law does not supply a rule of decision, this 2017 Omnibus Restructure Agreement shall be governed by, and construed in accordance with, the laws of the State of New York, including all matters of validity, performance and enforceability, but without regard to conflict of law principles that would lead to the

application of the laws of a state or jurisdiction other than the State of New York. For the avoidance of doubt, this paragraph applies only to matters arising out of or relating to this 2017 Omnibus Restructure Agreement; nothing in this paragraph (or otherwise in this 2017 Omnibus Restructure Agreement) is intended to (a) alter or otherwise affect or change the choice of law, jurisdiction, venue or forum selection provisions (or their effect) in any other agreement among the Parties, their Affiliates, successors or assigns, including without limitation all the exhibits and agreements attached to this 2017 Omnibus Restructure Agreement, the Airbus Reaffirmed Agreements, the Airbus Terminated Agreements or any future agreement or (b) govern the choice of law, jurisdiction, venue or forum selection for any claim of any kind arising out of any such other or future agreement among the Parties, their affiliates, successors or assigns.

(g) This 2017 Omnibus Restructure Agreement and Exhibits on and as of the date hereof constitute the entire agreement of the parties hereto with respect to the subject matter hereof, and all prior understandings or agreements, whether written or oral, between the parties hereto with respect to such subject matter are superseded in their entireties, except to the extent expressly provided or incorporated herein. If there are any discrepancies between, on the one hand, the Closing Documents or any other Exhibit hereto and, on the other hand, any provision of this 2017 Omnibus Restructure Agreement, the provisions of the Closing Documents and any such other Exhibit shall control and govern.

(h) The terms set forth in this 2017 Omnibus Restructure Agreement are part of a comprehensive compromise and resolution and each element is an integral aspect of the agreed settlement and is non-severable.

11. Expiration and Good Faith Negotiations.

(a) Except for Sections 9 and 10 herein which shall survive and remain in full force and effect in accordance with their terms, this 2017 Omnibus Restructure Agreement will expire and terminate if the Conditions Precedent have not been satisfied or waived as provided herein on or prior to June 30, 2017 (the “**Expiration Date**”).

(b) In the event of the expiration and termination of this 2017 Omnibus Restructure Agreement, Airbus and Customer shall have no further liability or obligation hereunder except for Sections 9 and 10 herein which shall survive and remain in full force and effect in accordance with their terms as noted above. For avoidance of doubt, if Closing occurs prior to the Expiration Date, this 2017 Omnibus Restructure Agreement will not expire or be terminated on any Expiration Date as set forth above, but will be and remain in full force and effect in accordance with its terms.

IN WITNESS WHEREOF, Airbus and Customer have executed this 2017 Omnibus Restructure Agreement as of the Execution Date first above written.

**PLAINTIFF WELLS FARGO BANK NORTHWEST, NATIONAL
ASSOCIATION'S ORIGINAL PETITION AND REQUEST FOR DISCLOSURE**

On April 29, 2016, a fatal accident involving an Airbus EC225LP¹ helicopter occurred in Norway. An in-flight detachment of the main rotor hub from the main gearbox occurred, resulting in the death of all passengers on board. The Federal Aviation Authority has since banned flight of the EC225LP helicopters because it determined that an “unsafe condition exists and is likely to exist or develop on other helicopters of these same type designs.” The European Aviation Safety Agency has issued a similar ban.

Plaintiff purchased three EC225LP helicopters from Defendant Airbus. After discovering that the helicopters were defective and not airworthy, Plaintiff revoked its acceptance of the non-conforming goods. Airbus, however, has refused to refund the purchase price and take ownership of the helicopters, although the helicopters remain grounded, unsafe, and without a fix in sight. Accordingly, Plaintiff Wells Fargo Bank

¹ The EC225 helicopter model is also marketed as a “Super Puma” and more recently as an “H225.”

Northwest, National Association, not in its individual capacity but solely as owner trustee (“Plaintiff,” “Buyer,” or “Wells Fargo”) for the benefit of Macquarie Rotorcraft Leasing (Ireland) Limited (“Macquarie Rotorcraft”), files this Original Petition complaining of Defendant Airbus Helicopters, Inc. (“Defendant” or “Airbus”).

DISCOVERY LEVEL

1. Pursuant to Rules 190.1 and 190.3 of the Texas Rules of Civil Procedure, Plaintiff intends to conduct discovery under Level 2.

NATURE OF THE SUIT

2. This lawsuit arises from Airbus’s breach of contract and, in the alternative, breach of warranty.

3. This action is filed to recover any and all damages to Buyer caused by Airbus’s breaches of the Purchase Agreement, including attorneys’ fees, pre- and post-judgment interest, costs and all other relief to which Buyer is entitled.

PARTIES

4. Plaintiff Wells Fargo Bank Northwest, National Association, not in its individual capacity but solely as owner trustee for the benefit of Macquarie Rotorcraft Leasing (Ireland) Limited, is a national banking association formed under the laws of the United States of America and located at 299 South Main Street 12th Floor, Salt Lake City, Utah 84111. Wells Fargo assumed all of Macquarie Bank Limited’s (“Macquarie Bank”) rights and obligations under the purchase agreement between Macquarie Bank and Defendant Airbus Helicopters, Inc. dated January 30, 2014 designated as “Contract No. V-6718-1 thru 3” for the purchase of three (3) EC225LP helicopters (“Purchase Agreement”).

5. Defendant Airbus Helicopters, Inc. is a Delaware corporation with its headquarters located at 2701 Forum Drive, Grand Prairie, Texas 75052. Defendant Airbus Helicopters, Inc. is the successor to a Delaware corporation known as “American Eurocopter Corporation.” It may be served through its registered agent, Kevin C. Cabaniss, at 2701 Forum Drive, Grand Prairie, Texas 75052.

JURISDICTION AND VENUE

8. This Court has subject matter jurisdiction over this lawsuit because the amount in controversy is within the jurisdictional limits of this Court.

9. This Court has personal jurisdiction over Defendant because Defendant is a resident and/or has its principal office in Texas.

10. Venue is proper in Dallas County, Texas, as the parties contractually recognized that Dallas County is a proper venue for disputes arising out of the Purchase Agreement.

BACKGROUND

11. Phoenix Aviation Group (“Phoenix”) entered into an agreement to purchase three (3) EC225LP helicopters bearing manufacturer serial numbers 2909, 2919 and 2943 (the “Helicopters”) with Airbus on January 30, 2014. The agreement is designated as “Contract No. V-6718-1 thru 3.”

12. On April 2, 2014, Macquarie Bank, Phoenix, and Airbus entered into an assignment and assumption agreement for Macquarie Bank to assume the Purchase Agreement, including all rights and obligations of Phoenix.

13. Also on April 2, 2014, Macquarie Bank and Airbus agreed and entered into a Supplement to Purchase Agreement.

14. The Purchase Agreement, as supplemented, established a purchase price for each of the Helicopters. The Purchase Agreement also required a 20% deposit payable by the Buyer upon entry into the Purchase Agreement. The Buyer paid the full purchase price, including the deposit, for the Helicopters to Airbus.

15. In exchange for the purchase price, Airbus agreed to deliver the Helicopters. Airbus promised in the agreement that the Helicopters would conform to the published specification for each helicopter. Airbus also represented and warranted each new helicopter and parts manufactured by them to be free from defects in material and workmanship. Further, Airbus promised a certificate of airworthiness for each helicopter and that each helicopter would comply with EASA Certification.

16. The first helicopter was scheduled for delivery in September 2014 and the remaining two in January 2015.

17. On September 30, 2014, Wells Fargo, Macquarie Bank, and Airbus entered into an assignment and assumption agreement for Wells Fargo (not in its individual capacity but solely as owner trustee for the benefit of Macquarie Rotorcraft, a wholly owned subsidiary of Macquarie Bank) to assume all rights and obligations of Macquarie Bank under the Purchase Agreement for the first of the EC225LP helicopters bearing manufacturer's serial number 2919.

18. On December 19, 2014, Wells Fargo, Macquarie Bank, and Airbus entered into an assignment and assumption agreement for Wells Fargo (not in its individual capacity but solely as owner trustee for the benefit of Macquarie Rotorcraft, a wholly owned subsidiary of Macquarie Bank) to assume all rights and obligations of Macquarie

Bank under the Purchase Agreement for the second of the EC225LP helicopters bearing manufacturer's serial number 2909.

19. Also on December 19, 2014, Wells Fargo, Macquarie Bank, and Airbus entered into an assignment and assumption agreement for Wells Fargo (not in its individual capacity but solely as owner trustee for the benefit of Macquarie Rotorcraft, a wholly owned subsidiary of Macquarie Bank) to assume all rights and obligations of Macquarie Bank under the Purchase Agreement for the third of the EC225LP helicopters bearing manufacturer's serial number 2943.

20. Under the September 30, 2014 and December 19, 2014 Assignment and Assumption Agreements, Macquarie Bank assigned all right, title, and interest in and to the Purchase Agreement with respect to the Helicopters and all rights and obligations with respect to the Helicopters to Wells Fargo, including without limitation, rights with respect to warranties, training, and technical publications. Airbus consented to the assignment of the rights and interests by Macquarie Bank to Wells Fargo.

21. Airbus delivered, and Buyer accepted after an inspection, the first of the Helicopters bearing serial number 2919 on October 1, 2014. The helicopter was accepted in Marignane, France.

22. Airbus delivered, and Buyer accepted after an inspection, the second of the Helicopters bearing serial number 2909 on December 30, 2014. The helicopter was accepted in Marignane, France.

23. Airbus delivered, and Buyer accepted after an inspection, the third of the Helicopters bearing serial number 2943 on January 27, 2015. The helicopter was accepted in Marignane, France.

24. The Helicopters were registered with the Aruba Department of Civil Aviation. Each helicopter was transported by a brief ferry flight conducted by Airbus pilots directly to Calden, Germany to be stored in the facility of Airbus's German affiliate, Airbus Helicopters Deutschland GmbH ("Airbus Germany") pursuant to an Aircraft Storage Agreement between Airbus and Buyer's servicing affiliate, Macquarie Rotorcraft Leasing, Inc. The Helicopters have not been used or leased by Buyer after delivery was completed.

25. On April 29, 2016, a fatal accident involving an Airbus EC225LP helicopter being operated by CHC Helikopter Service AS occurred at Turoy, near Bergen, Norway. The Accident Investigation Board of Norway ("AIBN") launched an investigation into the causes of the accident. As a result of the investigation, the AIBN issued a safety recommendation on June 1, 2016, regarding the main gearbox.

26. On June 2, 2016, the European Aviation Safety Agency ("EASA") issued a flight prohibition of all Airbus EC225LP helicopters. The EASA Emergency Airworthiness Directive, No. 2016-0104-E, stated that issues with the main gearbox suspension bars and attachment fittings, along with findings of fatigue and surface degradation in the outer race of a second stage planet gear had been observed, but that the root cause of the damage and mitigating measures had not been determined. Accordingly, all EC225LP Airbus helicopters were grounded until further notice.

27. On June 3, 2016, the FAA also issued an Emergency Airworthiness Directive, AD No. 2016-12-51, immediately prohibiting flights of all Airbus EC225LP helicopters. The FAA Emergency Airworthiness Directive defined the unsafe condition as failure of the main rotor system, which will result in loss of control of the helicopter.

28. The defects in the helicopter related to the main gearbox and main rotor system were not discoverable through a visual or flight delivery inspection. Such defects have resulted in both the EASA and the FAA immediately prohibiting flight of the helicopters.

29. Within a reasonable time after learning that the Helicopters were not in an airworthy condition, and with no corrective measures being promptly identified, Buyer sent a letter to Airbus on July 1, 2016, revoking acceptance of the non-conforming Helicopters. The letter detailed that the Helicopters are subject to Emergency Airworthiness Directives by EASA and the FAA. Thus, Buyer revoked its acceptance of the Helicopters and additional equipment and accessories acquired under the Purchase Agreement and requested a refund of the total purchase price paid. Buyer has continued to incur and pay for obligations as a prudent owner under its insurance policies, ongoing registration fees, and storage fees until such time as Airbus accepts title for the Helicopters and refunds the purchase price (and other costs enumerated herein).

30. On July 8, 2016, Airbus replied by letter denying Buyer's request to refund the purchase price or reimburse any of the expenses incurred by Buyer.

31. On July 21, 2016, Buyer sent another letter to Airbus asking Airbus to reassess its position, as the Helicopters' nonconformance has substantially impaired the value of the Helicopters. As of the time of this filing on July 28, 2016, Airbus has not responded to this request.

CLAIMS AND CAUSES OF ACTION

A. BREACH OF CONTRACT

32. The foregoing paragraphs are hereby adopted and incorporated by reference. The Purchase Agreement is a valid and enforceable contract. Pursuant to the Purchase Agreement, Buyer agreed to pay a stated purchase price for each helicopter. In exchange, Airbus agreed to, among other things, to deliver three new EC225LP helicopters that “conform to the published specifications” and to provide “a certificate of airworthiness for [each] helicopter.” Buyer performed all its obligations under the Agreement. Accordingly, all conditions precedent to Buyer’s rights to recover under the Agreement have been performed, excused, waived, or otherwise satisfied.

33. Airbus breached the Agreement when it failed to deliver the Helicopters in airworthy condition, with failure of the main rotor system, which would result in loss of control of the helicopter, likely to exist or develop. The non-conformity substantially impairs the value of the aircraft to Buyer. Buyer cannot lease the Helicopters to operators. Nor can it sell them without incurring substantial loss. Indeed, one of the leading helicopter appraisal companies is unwilling at this time to provide valuations of EC225 helicopters that reflect the impact of the airworthiness issues and the related EASA and FAA groundings. This leaves Buyer with helicopters that it cannot fly, lease, or sell for any price that would not result in substantial losses to Buyer.

34. The non-conformity was not reasonably discoverable from the visual and flight delivery inspection provided for under the Purchase Agreement. There has not been any substantial change in the condition of the Helicopters since Buyer’s acceptance. Within a reasonable time after learning of the non-conformity, Buyer revoked its

acceptance. Buyer requested that Airbus refund the total purchase price paid under the Purchase Agreement. Airbus refused.

35. Buyer requested that Airbus promptly assume responsibility for insurance, registration, and storage of the Helicopters. Airbus's breach and refusal to assume responsibility for the Helicopters has caused Buyer to incur expenses to insure, store, and register the Helicopters.

36. Airbus's breach of the Purchase Agreement has caused Buyer damages.

B. BREACH OF WARRANTY

37. The foregoing paragraphs are hereby adopted and incorporated by reference.

38. In the alternative, Airbus is liable to Buyer for breach of warranty.

39. Buyer acquired the Helicopters by purchase from Airbus under a valid, enforceable Agreement wherein Buyer agreed to pay Airbus the agreed purchase price for each helicopter.

40. In the Purchase Agreement, Airbus expressly represented and warranted that each new helicopter would be free from defects in material and workmanship under normal use and service in offshore operations transporting crew and cargo to oil & gas exploration and production platforms, facilities and vessels.

41. This representation was an express warranty and an important basis of the bargain. Buyer relied on Airbus's promise that the Helicopters would be free from defects in material and workmanship under the stated conditions.

42. Airbus failed to comply with its warranty. The Helicopters are currently the subject of Emergency Airworthiness Directive No. 2016-12-51 by the FAA. The

Helicopters are also the subject of Emergency Airworthiness Directive No. 2016-0104-E by EASA. The directives prohibit flight and operation of the Helicopters due to an in-flight detachment of the main rotor hub from the main gearbox that resulted in a fatal accident. There are currently no known fixes for the defect that resulted in the grounding of the Helicopters.

43. Within a reasonable time after learning of the warranty breach, Buyer notified Airbus of the nonconforming goods. Airbus has not offered to replace or repair any parts or tools for the Helicopters.

44. Buyer performed all its obligations under the Purchase Agreement. All conditions precedent to Buyer's right to recover under the Purchase Agreement have occurred or been performed.

45. Airbus's breach of the express warranty proximately caused Buyer's damages.

DAMAGES AND OTHER RELIEF REQUESTED

46. Buyer seeks rescission of the Agreement. Buyer paid the full purchase price for the Helicopters, and has not otherwise breached the Agreement. Buyer notified Airbus of the nonconforming goods, and asked that Airbus take the Helicopters back in exchange for a full refund of the amount paid by Buyer. Airworthy helicopters were the main benefit of the bargain for Buyer, and as such, airworthiness goes to the essence of the Purchase Agreement.

47. In addition, or in the alternative, Airbus's breach of contract and breach of express warranty caused Buyer's damages. Consistent with reports of other buyers putting EC225 purchases on hold, Buyer would not have accepted and paid for the

Helicopters had it known of the non-conformity. Airbus has been unable to repair or replace the Helicopters with other conforming helicopters. Buyer has had to incur maintenance, insurance, registration, and storage fees in relation to the nonconforming Helicopters, which Buyer would not have accepted had it known of the non-conformity at the time of delivery. Buyer will continue to incur such expenses although the Helicopters are grounded pursuant to the Emergency Airworthiness Directives.

48. The purchase price paid in conjunction with costs and expenses incurred by Buyer far exceeds the fair market value of the Helicopters, as at least one of the leading helicopter appraisal companies is unwilling to issue valuations of the EC225s that reflect the impact of the airworthiness issues. The nonconformity of the goods prevents Buyer from flying, leasing, or even selling the helicopters for any price that would not result in substantial losses to Buyer.

49. Pursuant to Chapter 38.001(8) of the Texas Civil Practice & Remedies Code, Buyer seeks and is entitled to all reasonable attorneys' fees incurred in pursuit of its claims.

50. Buyer seeks monetary relief over \$1,000,000 in this action.

PRAYER

51. Buyer respectfully requests that Airbus be cited to answer and appear and that after consideration of these claims, this Court award a judgment to Buyer against Airbus for all damages to Buyer from Airbus's breaches, reasonable and necessary attorneys' fees, pre- and post-judgment interest to the maximum extent allowed by law, costs, and all other relief to which Buyer is entitled.

REQUEST FOR DISCLOSURE

52. Pursuant to Rule 194 of the Texas Rules of Civil Procedure, Defendant is requested to disclose, within 30 days of service of this request, the information or material described in Rule 194.2(a)-(i), (l).

PLAINTIFF'S ORIGINAL PETITION

TO THE HONORABLE JUDGE:

Plaintiff Era Group Inc. ("Era"), by and through its undersigned counsel Quinn Emanuel Urquhart & Sullivan, LLP, files this Original Petition against Defendants Airbus Helicopters, Inc., and Airbus Helicopters S.A.S. (collectively, "Airbus Helicopters"), hereby alleging as follows:

DISCOVERY CONTROL PLAN

1. Era intends to conduct discovery under Level 3 of Rule 190 of the Texas Rules of Civil Procedure. This suit is not governed by the expedited-actions process in Texas Rule of Civil Procedure 169 because Era seeks monetary relief over \$100,000.

CLAIM FOR RELIEF

2. Era seeks monetary relief over \$1,000,000, excluding court costs, pre- and post-judgment interest, and attorney fees. The damages sought satisfy the jurisdictional requirements of this Court.

NATURE OF THE CASE

3. Between 2006 and 2011, Era entered into three separate contracts with American Eurocopter, Inc. (n/k/a, and referred to hereinafter as, Airbus Helicopters, Inc.) for the purchase

of ten “EC225” helicopters (hereinafter the “225”), the latest model of the Super Puma line of helicopters.¹ Era paid hundreds of millions to Airbus Helicopters for these helicopters in reliance on Airbus Helicopters’ representations that the 225 was safe, reliable, and state-of-the-art in design and build. These representations were false and calculated to induce Era into purchasing helicopters that are in fact defective, unsafe, and unfit for flight. Airbus Helicopters fraudulently concealed the unsafe defects in the 225 until a recent, fatal crash led regulatory agencies to—yet again—ground 225s and ban them from flight. This grounding has forced Airbus Helicopters to at last concede that its helicopters are defective. As a result of Airbus Helicopters’ fraud and its breach of its contractual obligations, Era has suffered significant loss, as it now owns a fleet of 225s that cannot be flown.

4. Era began purchasing its fleet of 225s in 2006 based on Airbus Helicopters’ representations that the 225 was, among other things, “[t]he safest and most advanced ever designed flight control system”; had “the most advanced rotor design and technology (blades and spheriflex)”; had “[t]he only MGB [Main Gear Box] ‘totally oil-less’ cooling device”; had “[t]he fastest and smoothest cruise speed”; and had “[t]he most credible maintenance program.” *Presentation of the Eurocopter EC225 in Utility/Offshore Oil and Gas Missions* (2006). Airbus Helicopters singled out the design of the 225’s Main Gear Box, in particular, advertising this critical component as “reinforced,” and facilitating “increased power,” *see id.* at 10, as well as

¹ In March of 2015, in a move “symbolic of the company’s full integration in the Airbus Group,” Airbus Helicopters altered the designations of its helicopters. *See* Airbus Group, Press Release, *Important to You. Essential to Us. Airbus Helicopters Introduces the H Generation and Reinforces Customer Satisfaction* (March 5, 2015). Dispensing with the prefix “EC,” a remnant of the abandoned Eurocopter brand, Airbus Helicopters adopted the prefix “H”—“consistent with the numbering used by the Airbus commercial jetliner manufacturer.” *Id.* The “EC225” helicopter accordingly became the “H225” helicopter. It is in name only that the “EC225” helicopter differs from the “H225” helicopter—a difference that is immaterial to any allegation set forth herein. This Complaint will refer to the “H225” as the “225.” Similarly, this Complaint will refer to the “AS332” (now also called the H215) as the “215.”

capable of supporting a new “5-bladed spheriflex rotor head,” the five-blade design being a “proven concept with easy maintenance.” *Id.*

5. Those representations were key and induced Era to invest substantially in the 225. The 225 was a new, larger, more powerful helicopter and the Main Gear Box is one, if not *the*, primary piece of machinery that must be designed, machined, constructed, and assembled in order for any helicopter, including the new 225, to operate in a safe and reliable manner.

6. At all times prior to the execution of the Purchase Agreements, and even through much of 2016, Airbus Helicopters continued to tout the 225 as “state of the art” and “integrat[ing] all the latest technological innovations to comply with the most stringent technical and operational requirements for all types of missions,” specifically publicizing its “Main Gear Box” as having “[i]ncreased power,” being “compliant with CS 29,” and “capable of flight in severe [] conditions.” Airbus Helicopters, *H225* at 18-19 (2015) [hereinafter *H225 2015 Brochure*], https://web.archive.org/web/20160505171344/http://www.airbushelicopters.com/website/docs_sw/RUB_40/tile_2688/Broch_H225-2015.pdf.

7. However, the above representations by Airbus Helicopters regarding the safety, reliability, and design of the 225 and, in particular, the design and reliability of the Main Gear Box were (and remain) demonstrably false in light of recent revelations by Airbus Helicopters that at least the second stage planet gears inside of the Main Gear Box are irreparably defective, rendering the 225 unfit for flight.

8. On information and belief, Airbus Helicopters has long known about these defective gears and the catastrophic harm they may cause; yet, it remained silent. On information and belief, Airbus Helicopters did not disclose the defects and failures to Era or to the regulators that certified the 225 as airworthy. In designing and manufacturing the 225,

Airbus Helicopters used an outdated and defective Main Gear Box that it knew had experienced operational problems and failures in prior generations of Super Puma helicopters. Even so, Airbus Helicopters exploited a regulatory loophole to avoid disclosing to regulators the defect in the Main Gear Box of the 225 at the time of regulatory certification. And after certification, Airbus Helicopters did not communicate, investigate, remediate, or even squarely acknowledge the mounting evidence that the defect in the Main Gear Box, the magnitude of which was known only to Airbus Helicopters, could lead to catastrophic failures of the 225 and render them unfit for flight.

9. Despite its awareness of the defect in the Main Gear Box of its older Super Puma helicopters, Airbus Helicopters imported the outdated and problematic assembly, virtually without change, into the 225—a helicopter that, *e.g.*, was almost twice as heavy, far more powerful, and added a redesigned rotor that introduced a fifth blade. By recycling the Main Gear Box from the older Super Puma model 215 helicopter (also known as the AS332 L2 helicopter), Airbus Helicopters was able to escape compliance with a more rigorous design certification standard when Airbus Helicopters obtained certification of the 225. Thus, at the time that Airbus Helicopters sold the 225s to Era, Airbus Helicopters knew that the Main Gear Box of the 225 had not satisfied the more rigorous safety standards in place at the time of certification. Airbus Helicopters instead exploited a grandfather clause to evade scrutiny of its *old* technology, as applied to a *new* helicopter, and then proceeded to induce Era to purchase 225s through false assurances that the helicopters were safe and state-of-the-art in design.

10. Moreover, between December 17, 2012 and March 7, 2016, Airbus Helicopters itself, or through its authorized service provider Heli-One acting in accordance with directions from Airbus Helicopters, performed maintenance on Era's 225s and, when doing so, replaced the

Main Gear Box and/or the component gears therein. Although Airbus Helicopters replaced these gears, it did so under the guise of routine maintenance; Airbus Helicopters never disclosed that these parts were defective and, more importantly, that they were likely the root cause behind a number of fatal crashes. Nor did Airbus Helicopters disclose that, while performing “routine” maintenance, old gears were replaced out with new gears that were fundamentally different in their design and assembly. Rather, Airbus Helicopters waited until earlier this year, when it had no choice, to make this disclosure. A recent and fatal 225 crash off the coast of Norway led various investigative entities to conclude—and publish—that at least some of the gears within the 225’s Main Gear Box are defective. Airbus Helicopters was thus forced to finally come clean: it had designed, manufactured, and sold a defective helicopter—a concession that Airbus Helicopters had long attempted to cover up.

11. The crash that forced Airbus Helicopters’ hand occurred on April 29, 2016, when an Airbus Helicopters 225 helicopter, transporting oil workers back home from an oil platform in the North Sea, crashed near Turøy, Norway. Several individuals witnessed the crash; they reported that the 225 was flying, steadily and without any perceived issue, when suddenly the sound of the helicopter changed and it started to sway. Within moments, the 225’s main rotor assembly separated from the aircraft and the fuselage plummeted to the ground, exploding into flames. All thirteen onboard died. News stories about this crash were circulated widely and an unnerving cell phone video emerged showing “the rotor of [the 225] helicopter, which crashed killing 13 people, flying off while it was in mid-air.” See John Shammass and Ruth Halkon, *Norway Helicopter Crash: Shocking Video Shows Rotor Blades Becoming Detached From Chopper while Still in Mid Air*, DAILY MIRROR (Apr. 29, 2016), <http://www.mirror.co.uk/news/world-news/norway-helicopter-crash-fatalities-feared-7865478>.

12. This was not the first disastrous, and fatal, 225 crash. In fact, since Era purchased its fleet of 225s from Airbus Helicopters, a string of catastrophic failures has revealed that the 225 is beset with defects and flaws, having deadly consequences. The defects of the Main Gear Box were, on information and belief, known to Airbus Helicopters at the time that Airbus Helicopters sold the 225s to Era. These defects were also known to Airbus Helicopters over the intervening years when Airbus Helicopters serviced Era's 225s in order to replace the Main Gear Box and/or its defective parts. Yet, it was not until investigators published a preliminary report identifying the cause of the Turøy tragedy that Airbus Helicopters finally conceded the existence of at least one defect in the Main Gear Box of the 225. Linking that defect to a history of failures that predates Era's first purchase of a 225, the Turøy tragedy revealed Airbus Helicopters' fraudulent misrepresentations concerning the safety and reliability of the Main Gear Box of the 225 and the ongoing attempts by Airbus Helicopters to conceal the truth.

13. Immediately after the April 29th crash, Statoil, the company that operated the oil platform, suspended the use of 225s. Statoil, *Investigation into Helicopter Safety in Statoil Following the Turøy Helicopter Accident on 29 April 2016* at 37 (Sept. 23, 2016) [hereinafter "Statoil Report"]. Within hours, Norway's Civil Aviation Authority (the "Norway CAA") issued a Safety Directive prohibiting all 225 passenger flights, only excepting those for emergency search and rescue operations. Norway Civil Aviation Authority, *Safety Directive No. 16/05616-1* (Apr. 29, 2016). Quickly thereafter, the United Kingdom Civil Aviation Authority (the "UK CAA") broadened the geographical scope of the ban by issuing a directive mirroring Norway's. United Kingdom Civil Aviation Authority, *SD-2016/001: Limitations of Operations Due to a Fatal Accident in Norway on 29 April 2016* (Apr. 29, 2016).

14. As clues concerning the cause of the crash were pieced together by investigators,

and preliminary results were published, doubts about the airworthiness of the 225 multiplied. UK and Norway took action. They expanded the prohibition on all 225s—they could not be flown, at all—not even for emergency search and rescue operations. *See* Norway CAA, *Safety and Operational Directive 16/05616-9* (June 1, 2016); UK CAA, *SD-2016/003* (June 2, 2016). By the first week of June, aviation regulators around the world, including the European Aviation Safety Authority (“EASA”), the United States Federal Aviation Administration (“FAA”), and the Australia Civil Aviation Safety Authority, had followed suit. They implemented directives declaring the 225 (and the related 215 f/k/a AS332 L2 helicopter) unworthy of any and all flight.

15. Intensifying concerns about the danger of the 225, the investigation of the fatal Turøy crash has revealed that the manifestation of the defect in the Main Gear Box of the 225 is virtually undetectable by current technology. For example, investigators have stated that “[t]he nature of the catastrophic failure of the [225’s] main rotor system indicates that the current means to detect a failure in advance are not effective,” Air Accident Investigation Board Norway, *Preliminary Report 1 June 2016* at 2 (June 1, 2016) [hereinafter “AIBN June 1 Report”], <https://www.aibn.no/Aviation/Investigations/16-286?iid=19961&pid=SHT-Report-Attachments.Native-InnerFile-File&attach=1>, and “[t]he fracture of the failed second stage planet gear [of the 225 that crashed] . . . propagated in a manner which is unlikely to become detected by existing . . . systems for warning of an imminent failure.” Air Accident Investigation Board Norway, *Preliminary Report 28 June 2016* at 5 (June 28, 2016) [hereinafter “AIBN June 28 Report”], <https://www.aibn.no/Aviation/Investigations/16-286?iid=20112&pid=SHT-Report-Attachments.Native-InnerFile-File&attach=1>. The inability to detect the degradation combined with past accident experience suggests that the window to catch dangerous degradation before it results in catastrophic failure is, at best, exceedingly narrow, and further indicates that the

integrity and quality of the parts in question are significantly impaired.

16. To this day, these bans remain in place, with the sole exception of a recent publication from EASA. On October 7, 2016, EASA lifted restrictions on flights of the 225 in response to—and conditional upon the adoption of—Airbus Helicopters’ plan to replace critical components inside of the Main Gear Box that Airbus Helicopters has finally conceded are irreparably defective. European Aviation Safety Agency, *Airworthiness Directive 2016-0199* (Oct. 7, 2016) [hereinafter “EASA AD 2016-0199”], http://ad.easa.europa.eu/blob/EASA_AD_2016_0199.pdf/AD_2016-0199_1.

17. Airbus Helicopters has specifically stated that gears with Part Numbers 332A32-335-00, 332A32-335-02, 332A2A32-3335-05 and 332A32-3335-07 are defective and *must* be replaced with “serviceable” Part Numbers 332A32-3335-04 and 332A32-3335-06. *Id.* at 2-3. Importantly, however, EASA’s most recent directive “is considered to be an interim action and further . . . action may follow.” *Id.* at 2. And more importantly, the Norway CAA, the UK CAA, and the FAA have not followed suit; their bans remain, and 225s still cannot be flown, notwithstanding Airbus Helicopters’ proposed replacement of irreparably defective parts of the 225’s Main Gear Box. Beyond that, Airbus Helicopters’ proposed fix is no fix at all. Era has analyzed the planet gears inside the Main Gear Box of one of its 225s and has discovered that even the supposedly non-defective, “serviceable” gears (*e.g.*, Part No. 332A32-3335-06) show signs of cracking and spalling. Further still, Airbus Helicopters has acknowledged that replacing the defective planet gears is still not enough, signaling to Era, and the industry, that Airbus Helicopters still does not yet grasp the full scope of its defective helicopter. Atop replacing the defective gears, Airbus Helicopters has further instituted a host of additional maintenance and monitoring requirements should any 225 be flown in the future.

18. Airbus Helicopters' assurances that it has found a solution to the defective design of the 225 is therefore contradicted by (i) the refusal of many international regulators to lift their ban, (ii) Era's own internal analysis, and (iii) the history of failures of the Main Gear Box of the 225. Indeed, just four years prior to the Turøy crash, regulators imposed significant restrictions on operations of the 225 that resulted in an extended grounding after two 225s, within a span of six months, malfunctioned on routine missions and were ditched in the North Sea. In 2009, off the coast of Peterhead, Scotland, a Super Puma helicopter of the generation preceding the 225 (*i.e.*, a 215) with a Main Gear Box of the same design crashed into the North Sea after its rotor separated from the fuselage. *See* Air Accidents Investigation Branch, *Report on the Accident to Aerospatiale (Eurocopter) AS332 L2 Super Puma, Registration G-REDL 11 nm NE of Peterhead, Scotland on 1 April 2009* (Nov. 24, 2011) [hereinafter the "Peterhead Report"], https://assets.digital.cabinet-office.gov.uk/media/5422f86aed915d13710006cb/2-2011_G-REDL.pdf.

19. As a result of the defect in the Main Gear Box of the 225, which Airbus Helicopters misrepresented to and concealed from Era, Era's 225s cannot be flown and have lost significant value. Airbus Helicopters' misconduct constitutes, among other things, common law fraud, fraud in the inducement, breach of express warranty, breach of the implied warranty of merchantability, and breach of the implied warranty of fitness for a particular purpose. Moreover, Airbus Helicopters has been unjustly enriched at the expense of Era. As a result of Airbus Helicopters' misconduct, Era is entitled to damages and other relief.

24. This Court has personal jurisdiction over Airbus Helicopters S.A.S. because it regularly and systematically transacts business within Texas and enters into contracts for the sale of goods to be delivered in Texas through co-Defendant Airbus Helicopters, Inc. In addition, Airbus Helicopters S.A.S.’s actions and conduct gave rise to injury to Era in Texas.

25. Airbus Helicopters, Inc.’s and Era’s purchase agreements provide that venue is proper in this Court. Venue is also proper under the venue statute, Tex. Civ. Prac. & Rem. Code s. 15.002(a) and 15.005 because Airbus Helicopters, Inc.’s headquarters are located in Dallas County, Texas.

STATEMENT OF FACTS

26. Era is one of the largest helicopter operators in the world and the longest-serving

helicopter transport operator in the United States. Era also provides helicopter and related services to third-party helicopter operators in other countries. In addition to U.S. customers, Era has customers operating in Argentina, Brazil, Colombia, the Dominican Republic, India, Suriname, and the United Kingdom. Era's helicopters are primarily used to transport personnel to, from, and between offshore installations, drilling rigs, and platforms.

27. Era owns and operates four classes of helicopters: heavy, medium, light twin-engine, and single-engine helicopters. Heavy helicopters are twin-engine helicopters having a passenger capacity of 16-19 and are primarily used in support of the offshore oil and gas industry, frequently in harsh environments and in areas with long distances from shore, such as those in the U.S. Gulf of Mexico, Brazil, Australia, and the North Sea. These helicopters are also used to support search and rescue missions. 225s are heavy helicopters.

28. Between 2006 and 2011, Era entered into three separate contracts with American Eurocopter, Inc. to purchase ten "EC225" helicopters. In September 2014, American Eurocopter was renamed and rebranded as Airbus Helicopters. The rebranding "ha[d] no impact on the organisation or operation of [Airbus] Group," or, by extension, Airbus Helicopters or Airbus Helicopters, Inc. Airbus Group, *Letter to Shareholders*, AERO-NOTES (Jan. 2014). It is therefore in name only that Airbus Helicopters differs from Eurocopter and Airbus Helicopters, Inc. differs from American Eurocopter, Inc.

I. AIRBUS HELICOPTERS FRAUDULENTLY INDUCED ERA'S PURCHASE OF 225S

A. The 225

29. The 225 is part of the Super Puma line of heavy helicopters. Airbus Helicopters currently advertises the 225 as the "latest member of . . . [the] Super Puma family [that] is used for offshore, VIP and other airlift applications, and is also ideally suited for public service

missions such as search and rescue.” Airbus Helicopters, Inc., *H225 (Formerly Known as EC225)*, <http://airbushelicoptersinc.com/products/H225-product.asp> (last visited Nov. 18, 2016).

The “maiden flight” of the 225 occurred on November 27, 2000. Airbus Helicopters obtained certification from EASA for the 225 in July of 2004. American Eurocopter, *American Eurocopter Presentation to Era Helicopters* at 12 (Dec. 2011). The first delivery of a 225 in Europe was tendered in December of 2004 to Bristow Group, which acquired the helicopters for transportation to and from offshore oil fields. The first delivery of a 225 in the United States occurred in 2008. Era was the recipient.

B. The Main Gear Box of the 225

30. The purpose of the Main Gear Box is to “transmit[] the power from the engines to the rotors while reducing the rotation speed.” Peterhead Report at 11. The shafts that deliver drive to Main Gear Box spin at a rate of 23,000 rotations per minute—just over 383 rotations per second—and the rotor overhead turns at a rate of 265 rotations per minute—around four and one-half rotations per second. By harnessing and transferring the power of the engine to the rotors while at the same time reducing rotation speed to a level that supports flight, the Main Gear Box is a critical and indispensable component: it makes the 225 fly.

31. The Main Gear Box is composed of several modules. Power from the engines enters the main module of the Main Gear Box via horizontal shafts. The main module then directs the power via a bevel gear that functions to reroute the drive along the vertical path to the rotor atop the fuselage. But before it reaches the rotor, the engine power passes through the epicyclic module. The epicyclic module, which contains two cylindrical “stages”—like a double stack of disks—is an elaborate and complex piece of machinery. Each stage contains a “sun” gear at its center. Eight “planet gears” are arranged around the sun gear and inside the “ring” gear, which forms the outermost circumference of the epicyclic module. When the drive from

the engine is rerouted by the bevel gear of the Main Gear Box, the first stage sun gear, and, in turn, the second stage sun gear, spin. The rotation of the sun gears engages the rotation of the corresponding planet gears. The ultimate effect is to drive rotation of the main rotor, slow the rotation speed that feeds the first sun gear, and enable the controlled flight of the helicopter.

32. The epicyclic module in the 225 contains sixteen planet gears in total: eight first stage planet gears and eight second stage planet gears. A planet gear has the outlines of hockey puck (with gear teeth) but has a diameter of approximately twice the size. It is typically made of steel. A planet gear contains two rings arranged concentrically called “races.” The outer race has gear teeth on the outside and the rolling surface of a bearing on the inside. The inner race, at the center of the planet gear, forms the other rolling surface of a bearing. The inner and outer races are separated by bearing rollers.

33. The outer race of a planet gear may appear to be a small and insignificant component, but, as Airbus Helicopters has learned repeatedly over many decades, the design, manufacture, and assembly of a planet gear can be the difference between life and death for passengers. The same is true for the entire planet gear assembly, pictured below.

**Second Stage Planet Gear Carrier, Ring Gear, Planet Gears, and Sun Gear
(AIBN June 28 Report at 3)**

34. Each part matters, and a bad design for any component individually, or the gear as a whole, can have catastrophic consequences.

35. Understanding the critical importance of the Main Gear Box and all its component parts, Airbus Helicopters has represented to civil aviation authorities that in designing the Main Gear Box Airbus Helicopters “took a *conservative approach* when determining the safety factors for the gear.” Peterhead Report at 14 (emphasis added).

36. That representation, however, is belied by the genesis of Airbus Helicopters’ certification for the 225. Airbus Helicopters appears to have taken the *easy* approach, importing into the 225 an *old* Main Gear Box design, designed for an outdated and smaller helicopter. That decision, obviously known to Airbus Helicopters at the time it was made and likely debated internally, has had catastrophic consequences.

C. Airbus Helicopters’ Certification of the 225

37. The legal operation of a helicopter in the world’s most critical airspaces is preconditioned upon compliance with design certification standards developed and applied by regulatory authorities across the globe. Over time, as concern over aviation safety has grown, some of the certification standards have become more stringent. In introducing more stringent standards with which helicopters that have already been certified are not in compliance, regulators may elect to apply the standard prospectively and on a component-by-component basis. This allows helicopter manufacturers to avoid compliance with a more stringent standard by incorporating the components of helicopters certified prior to the adoption of the more stringent standard.

38. In obtaining certification of the 225, Airbus Helicopters exploited this loophole in

the certification process by incorporating the Main Gear Box of the 215 in the design of the 225. The 215 was certified in 1989. After the 215 was certified, and also in 1989, the certification standard applicable to second stage planet gears “was significantly amended to introduce flaw tolerance requirements.” Peterhead Report at 78-79. The purpose of the amendment was to “reduce catastrophic fatigue failures.” *Id.* Under the old standard, Airbus Helicopters needed to demonstrate only that the probability of a catastrophic failure was “extremely improbable.” *Id.* Because of the exception, Airbus Helicopters was not required to prove, and did not demonstrate, that the components of the epicyclic module, including first and second stage planet gears, satisfied the more rigorous flaw tolerant and fail-safe design standards. Airbus Helicopters assured the aviation community, including Era, that its second stage planet gears, although designed for an older and smaller helicopter, would operate effectively, reliably, and safely. Airbus Helicopters was, after all, the purported “expert.” Airbus Helicopters offered these assurances even though the 225, among other things, introduced a redesigned rotor to incorporate a fifth blade that increased the strain on the Main Gear Box; yet, Airbus Helicopters withheld these critical details.

39. On information and belief and as informed by Airbus Helicopters’ most recent concession that certain second stage planet gears are irreparably defective, Airbus Helicopters almost surely had internal concerns and dissenting views on whether the gears for the 215, certified in 1989, could do the job for the 225, certified over a decade later.

D. Airbus Helicopters Induced Sales of 225s Through False Representations Concerning Safety, Reliability, Dependability, and Performance

40. In the early to mid-2000s, Airbus Helicopters trumpeted the reliability and safety of the 225, specifically touting the Main Gear Box as state of the art, in order to convince prospective customers, like Era, to purchase 225s.

41. In a sales brochure promoting the 225 for sale to operators of search and rescue missions created in 2003 and last modified in 2007, Airbus Helicopters alluded to the performance of earlier models of the Super Puma family of helicopters, and then declared that the 225 is of “proven . . . safety, reliability and efficiency.” Eurocopter, *EC225/725 SAR Efficiency and Safety for Search and Rescue* at 2. Airbus Helicopters thereafter announced that the 225 is “superior[],” *id.* at 3, and further stated that the 225 comprised a “full mission system designed *with safety first*,” *id.* at 2 (emphasis added). Airbus Helicopters went on to advertise that the technology incorporated in the 225 secured a “[f]ail safe . . . design” and that the 225’s “fully integrated and open architecture” would “improve mission effectiveness,” “increase safety,” and “decrease maintenance cost.” *Id.* Airbus Helicopters emphasized that the design of the 225 secured increases in maximum speeds, range, and loads. *Id.* at 8.

42. In 2006 marketing materials, Airbus Helicopters likewise advertised the 225 as an *improvement* upon the earlier models of the Super Puma family of helicopters and stated that the 225 is “particularly devoted to offshore operation” and was accordingly “*designed* . . . for the most demanding mission[s] in the helicopter world.” Eurocopter, *Presentation of the Eurocopter EC225 in Utility/Offshore Oil and Gas Missions* at 2 (2006) (emphasis added). Airbus Helicopters stated that the “EC225 incorporates the most advanced features aimed at increasing safety.” *Id.* at 14. Airbus Helicopters then represented the 225 as offering “more safety,” “more performance,” and “more reliability.” *See id.* at 14, 33, 38. Knowing that potential customers care about safety first, Airbus Helicopters alleged that the engineering of the 225 manifests a “general fail safe design based on flaw damage tolerant concept[s].” *Id.* at 14. Airbus Helicopters explained that as a result of “*new* technology,” the 225 “challenges and in many aspects outperforms its nearest competitor.” *Id.* at 2. As compared to its “main competitor,”

Airbus Helicopters stated that the 225, among other advantages, has “[t]he safest and most advanced ever designed flight control system”; “the most advanced rotor design and technology (blades and spheriflex)”; “[t]he only MGB [Main Gear Box] ‘totally oil-less’ cooling device”; “[t]he fastest and smoothest cruise speed”; and “[t]he most credible maintenance program.” *Id.* at 47. Airbus Helicopters boasted of “added performance,” including “more payload over a longer range” and “faster speed,” and represented that such gains were achieved through “new low risk technologies [that] were applied to proven technologies.” *Id.* at 6.

43. Further still, Airbus Helicopters singled out the design of the Main Gear Box, advertising it as “reinforced” and facilitating “increased power.” *Id.* at 10. Airbus Helicopters also elevated the new “5-bladed spheriflex rotor head,” which Airbus Helicopters affirmed would enable “high lift and faster cruise speed,” as well as “excellent manoeuvrability and stability,” and “by far the lowest vibration level in its class.” *Id.* at 7. Airbus Helicopters advertised the five-blade design as a “proven concept with easy maintenance.” *Id.*

44. Nowhere in any of these presentations did Airbus Helicopters disclose that it had incorporated into the 225 an old design of the Main Gear Box for an old helicopter. Nor did Airbus Helicopters explain how that design would safely, reliably, and efficiently perform in a heavier, more complex, 5-bladed helicopter. It simply provided those assurances on paper (backed behind regulatory approval that Airbus Helicopters stands behind even today) and in person to customers, including Era, knowing that customers would not second-guess Airbus Helicopters.

45. In a 2011 sales presentation to Era, Airbus Helicopters proclaimed the 225 as representing “The No-Risk State-of-the-Art Technology!” American Eurocopter, *American Eurocopter Presentation to Era Helicopters* at 26 (Dec. 2011). Airbus Helicopters further

represented that “all EC225/EC725 delivered are still in operation *except* for . . . an Era aircraft lost in the North Sea in a non-fatal 2009 ditching,” brushing that event aside. *Id.* at 9 (emphasis in original). Moreover, in explaining the advantages of the 225 over the competing Sikorsky S-92 helicopter, Airbus Helicopters stressed the “reinforced” Main Gear Box of the 225, the advanced five-blade rotor design, the better “payload range,” and technological sophistication, *id.* at 24-36, proclaiming that “[u]nlike the S-92—which does not introduce any significant advances in technology, the EC225 offers superior technology and performance in many areas, providing better comfort, safety and productivity,” *id.* at 37. Airbus Helicopters affirmed that “[t]he EC225 offers the highest cruise speeds, the smoothest ride, the longest range, the most comprehensive avionics/AFCS and the most comprehensive safety systems of any aircraft in its class.” *Id.* Airbus Helicopters concluded by stressing the safety, reliability, and dependability of the 225, stating that “[w]ith the EC225 the operator knows exactly what he/she is procuring: a modern, **proven** low-risk multi-purpose helicopter!” *Id.* (emphasis in original).

46. Airbus Helicopters went to great lengths to induce Era to purchase the 225s and it touted the 225s’ superior design and the construction of the Main Gear Box in doing so.

E. Purchase Agreements Between Airbus Helicopters and Era

47. Between 2006 and 2010, Era entered into three separate contracts with Airbus Helicopters to purchase ten “EC225” helicopters.

48. On April 26, 2006, Era entered into Purchase Agreement V-4123 with Airbus Helicopters, Inc. (f/k/a American Eurocopter, Inc.), which governed the terms and conditions for Era’s purchase of four 225s with manufacturer’s Serial Nos. 2685, 2690, 2680 and 2691. (*See* Ex. A., *supra*, at 56–66) Era took delivery of these four helicopters in April, May, July, and December of 2008.

49. On July 6, 2007, Era entered into Purchase Agreement V-6176 with Airbus

Helicopters, Inc. (f/k/a American Eurocopter, Inc.), which governed the terms and conditions for Era's purchase of four additional 225s with manufacturer's Serial Nos. 2732, 2734, 2760, and 2777. (*See* Ex. B., *supra*, at 67–74) Era took delivery of these four helicopters in June and August of 2009 and February and October of 2010.

50. On April 7, 2010, Era entered into Purchase Agreement V-6397 with Airbus Helicopters, Inc. (f/k/a American Eurocopter, Inc.), which governed the terms and conditions for Era's purchase of two additional 225s with manufacturer's Serial Nos. 2825 and 2809. (*See* Ex. C., *supra*, at 75–95) Era took delivery of these helicopters in December 2011 and April 2012.

51. Collectively, Purchase Agreement V-4123, Purchase Agreement V-6176, and Purchase Agreement V-6379 are referred to herein as the "Purchase Agreements."

52. These Purchase Agreements, involving the sale of goods, are governed by the Texas Uniform Commercial Code ("UCC").

F. Airbus Helicopters' Express and Implied Warranties

53. Each Purchase Agreement provides the following warranty:

4(a). Seller [Eurocopter] warrants each new helicopter parts manufactured by Eurocopter S.A.S. (herein referred to as the "Helicopter Manufacturer") purchased under this agreement *to be free from defects in material and workmanship* under normal use and service. Seller's obligation under this warranty is limited to replacing or repairing parts or tools that have been returned to Seller's facility and, at the time of any repair or replacement, shall have been recognized by Seller, in its sole discretion, as subject to this warranty. To be eligible for repair, or replacement under this warranty, the alleged failure must have occurred, as determined by Seller, within the following limits:

- (1) With respect to helicopters and optional equipment manufactured by the Helicopter Manufacturer, the earlier of: (i) 1000 flying hours or (ii) – 24 – months after they are delivered to Buyer [Era].
- (2) With respect to spares, the earlier of: (i) 1000 flying hours; (ii) 12 months after installation; or (iii) 24 months after delivery to Buyer [Era]; and
- (3) With respect to tools manufactured by the Helicopter Manufacturer, 24 months after the tool is delivered to Buyer [Era].

See Ex. A, *supra*, at 60 (emphasis added).

54. This warranty, by its express terms, pertains only to “defects in material and workmanship” in the 225s purchased by Era. It does not pertain to any “defects in design” in those helicopters. Yet, as Era and the industry have come to learn after the fatal 2016 crash in Norway, 225s are fundamentally flawed in their design, as now acknowledged by Airbus Helicopters. *See, e.g.*, EASA AD 2016-0199 (mandating Airbus Helicopters’ plan to remove and replace defective planet gears, as well as require more frequent maintenance inspections).

55. In each Purchase Agreement, Airbus Helicopters further attempted to disclaim any implied warranties, namely the implied warranty of merchantability and fitness for particular purpose, that otherwise attach automatically as a matter of law in connection with the sale of goods governed by the UCC. (*See e.g.*, Ex. A, *supra*, at 61.) Just like the express warranty, however, Airbus Helicopters’ disclaimer of implied warranties pertains only to “defects in material and workmanship” in the 225s purchased by Era. The implied warranty disclaimer does not pertain to any “defects in design” in those helicopters.

56. In the alternative, Airbus Helicopters has breached the express warranties provided by the governing Purchase Agreements. Airbus Helicopters has admitted that at least certain aspects of the Main Gear Box in the 225s, namely the second stage planet gears, are defective. This defect, on information and belief, was present at the time Era took delivery of the 225s purchased from Airbus. Although present, this defect was not discovered by Era, or otherwise known to Era, until Airbus Helicopters disclosed its existence after the fatal crash of the 225 in 2016. *See, infra*, Section II(C). Indeed, as explained, *infra*, in Section III, Airbus Helicopters has long concealed the existence of any defect in the Main Gear Box of the 225 and that concealment deprived Era of the knowledge necessary to pursue a remedy based on the

warranties for which Era bargained. Although Era alleges, at present, that this defect is a design defect, Airbus Helicopters has also stated, even through today, that it does “not fully underst[and]” the extent of the defect or defects of the Main Gear Box of the 225. Accordingly, the full scope of these defects may turn out to be, in the alternative, defects in material and/or workmanship, separate and apart from, or in addition to, design defects. Airbus Helicopters has likewise fraudulently concealed these defects, which would fall squarely within the scope of the express warranties provided by the Purchase Agreements.

II. AIRBUS HELICOPTERS CONCEALS, AT LEAST UNTIL 2016, THE DESIGN FLAWS IN ITS 225 HELICOPTERS

57. 225s have long had serious issues. And on information and belief, Airbus Helicopters knew that its faulty design was to blame. Even so, Airbus Helicopters said nothing.

A. Fourteen People Die in Early 2009 When the Rotor of a Super Puma Helicopter Detaches During Flight and the Fuselage Falls into the North Sea

58. Shortly after Airbus Helicopters closed on the second of its transactions with Era, and months before Era would receive delivery of its fourth 225, a Super Puma helicopter crashed in the North Sea. On April 1, 2009, an AS332 L2 helicopter (now known as the 215) operated by Bond Offshore Helicopters (since renamed Babcock Mission Critical Offshore) was returning from the now decommissioned Miller oilfield platform, approximately 100 miles east of the Scottish coastline in the North Sea, to the airport in Aberdeen, Scotland, *when the aircraft’s main rotor detached from the fuselage*. Such a sudden, catastrophic detachment is anything but expected. The official report found that “the forces involved were such that the accident was not survivable.” *See* Peterhead Report at 59.

59. An investigation was immediately undertaken to determine the cause of and appropriate response to the tragic accident. On information and belief, Airbus Helicopters likewise commissioned its own internal investigation into the cause of the crash. Because the

accident occurred in UK airspace, the UK Air Accidents Investigation Board (“AAIB”) was responsible for conducting the inquiry. In 2011, the AAIB published its 115-page final report. The report identifies the sole “causal factor” of “[t]he catastrophic failure of the Main Rotor Gearbox” as “a fatigue fracture of a second stage planet gear in the epicyclic module,” *see* Peterhead Report at 2, the very part that Airbus Helicopters now concedes, in 2016, is irreparably defective. What Airbus Helicopters determined internally in 2011 and 2012 remains unknown—to some degree. It was shortly after this time, as detailed *infra*, that Airbus Helicopters began to replace certain second stage planet gears inside the Main Gear Box under the guise of routine maintenance. Airbus Helicopters did not, however, alert Era to any known or potential design flaws.

60. The final report of the investigation into the cause of the 2009 fatal accident addresses both the 215, the model of helicopter that went down in the North Sea off the coast of Peterhead, Scotland, and the 225. This is because the cause of the crash involved the Main Gear Box and “[t]he MGB of the EC225 makes use of the same main module and epicyclic module reduction gears as the” helicopter that actually went down over the North Sea in 2009. *Id.* at 8. The substantive import of the failure analysis and the resulting safety recommendations were thus equally applicable to both the 225 and the 215. Among the safety recommendations included in that report, Airbus Helicopters was directed to “urgently review the design, operational life and inspection processes of the planet gears used in the epicyclic module of the Main Rotor Gearbox installed in AS332 L2 and EC225LP helicopters, with the intention of minimising the potential of any cracks progressing to failure during the service life of the gears.” *Id.* at 114. Airbus Helicopters disclosed to regulators in 2011 that the company had “undert[a]k[en] a comprehensive review of the planet gear design.” Peterhead Report at 83.

Whether, and to what extent, Airbus Helicopters reached any conclusions concerning “the planet gears used in the epicycle module” remains unknown to Era. On information and belief, however, Era expects that Airbus Helicopters did in fact reach conclusions regarding the design and construction of the planet gears and withheld those conclusions until this year when it was forced to admit that they are irreparably defective.

B. The 225 Flaws and Defects Continue to Manifest as Two Ditchings in 2012 Lead to the Global Grounding of the 225

61. On May 10, 2012, only one year after the publication of the final report of the investigation into the fatal 2009 Peterhead crash, a 225, *this one owned by Era*, suffered multiple, unexpected technical failures while carrying 14 people to an oil rig located in the North Sea. The failures resulted in its ditching in the North Sea. Thankfully, no one died in this ditching. Shortly thereafter, on October 22, 2012, a second 225, operated by CHC Scotia Ltd., suffered multiple and unexpected technical failures that resulted in its ditching, and permanent loss, in the North Sea.

62. Immediately after both incidents, various governmental authorities stepped in. The AAIB immediately dispatched a team of investigators and support staff to investigate both the first and second accidents. Issuing a Special Bulletin days after the second accident, the AAIB explained that the 225 had been ditched “following *indications of a failure of the main gearbox (MGB)* lubrication system and, subsequently, a warning indicating failure of the emergency lubrication system.” Air Accidents Investigations Branch, *Special Bulletin S2/2012* at 2 (May 10, 2012) (emphasis added). In that same Bulletin, the AAIB referenced its previous investigation into the May 10, 2012 accident involving the first 225, explaining that the first accident appeared to be caused due to “the bevel gear vertical shaft failing.” The AAIB further announced a “detailed engineering investigation of the [225] helicopter is continuing with the

full assistance of the helicopter manufacturer and operator.” Martin Williams, *New Super Puma Gear Failure Fears*, PRESS READER (Oct. 25, 2012), <https://www.pressreader.com/uk/the-herald/20121025/281887295556754>.

63. In addition to the AAIB, EASA also stepped in to investigate both incidents in their immediate aftermath and published reports on its findings. In particular, EASA published an Emergency Airworthiness Directive on October 25, 2012, placing restrictions on the operations of *any and all* 225s operating within its jurisdiction. In that Directive, EASA explained that cracks in a vertical shaft inside of the Main Gear Box had led to the ditchings. European Aviation Safety Agency, *Emergency Airworthiness Directive 2012-0225-E* at 1-2 (Oct. 25, 2012). The EASA’s directive concluded by placing restrictions on operators flying 225s, restricting certain 225s from flight over water. *Id.* at 2-3.

64. Just days later, on October 25, 2012, the UK CAA issued its own, additional directive concerning any and all 225s. After concurring with the EASA in the technical defects in the two particular 225s that were ditched and lost, the UK CAA banned all flights of 225s within its jurisdiction over water, with the sole exception of those 225s involved in life-saving operations. *Britain’s Civil Aviation Authority Bans EC225, AS332 Flights Over Water*, AERO NEWS NETWORK (Oct. 27, 2012), <http://www.aero-news.net/subscribe.cfm?do=main.textpost&id=3cfae2df-4a1f-4a7b-ad73-78257f0e4e2f>. The Norway CAA followed suit, issuing a similar ban. Air Accidents Investigation Branch, *Aircraft Accident Report 2-2012* at 183 (June 11, 2014).

65. By October 2012, therefore, 225s, including Era’s, were effectively grounded (other than for search and rescue missions). Due to catastrophic technical defects, they could not operate as intended, nor as Airbus Helicopters had warranted to Era.

66. Airbus Helicopters itself issued a Safety Information Notice on November 11, 2012 that explained that “initial investigations of the aircraft and more precisely of the MGB [Main Gear Box] have shown a rupture of the bevel wheel vertical shaft which drives the two MGB lubrication pumps as mentioned in AAIB Special Bulletin S6/2012. This is the same part as that which was found ruptured on the 225 that performed a controlled ditching in May 2012.” Airbus Helicopters’ Safety Information Notice further confirmed that although “parts of the emergency lubrication system operated within their specifications,” “a false alarm of malfunction occurred” in that system.

67. This was not the only way in which Airbus Helicopters downplayed the 2012 ditchings. Executives at Airbus Helicopters also took to the public to assuage concern over the airworthiness of the 225. Although Executive Vice President Derek Sharples explained that “two ditchings are two too many” and that Airbus Helicopters would need “to rebuild confidence in our company,” see *Restriction Imposed on Super Puma Helicopter*, BBC NEWS (Oct. 25, 2012), <http://www.bbc.com/news/uk-scotland-north-east-orkney-shetland-20081728>, Airbus Helicopters’ Chief Executive was outspoken about a prompt return to service, promising “a return to flight of the EC225 in full capacity and overwater” would occur in February 2013, with the goal of “reduc[ing] this timeframe.” That timeframe, however, did not hold.

68. Over the following months and into Summer 2013, Airbus Helicopters continued working towards identifying and fixing the root cause of the 225 failures in 2012 and implementing engineering solutions and prevention and detection measures to remedy those failures to the proper satisfaction of the governmental authorities.

69. Finally on April 22, 2014, Airbus Helicopters announced the certification of a redesigned *vertical bevel gear shaft*, confirming that “[t]he new design eliminate[d] all three

factors” underlying the 2012 failures and eradicated all “stress hot spots” in the Main Gear Box. Airbus Helicopters did not, however, alert Era or the industry to widespread design defects in the Main Gear Box, including defective planet gears, which Airbus Helicopters was concurrently repairing under the guise of routine maintenance (*see, infra*, Section III(C)); Airbus Helicopters remained silent as to the catastrophic consequence of these “hot spots.” Instead, Airbus Helicopters announced that it had achieved “a major milestone towards getting our customers flying with the final solution.” Airbus Helicopters, Inc., Press Release, *EASA Certifies Airbus Helicopters’ EC225 Gear Shaft Redesign* (Apr. 22, 2014). Continuing to emphasize the safety and reliability of the helicopter, Airbus Helicopters falsely declared that the “workhorse” 225 was “[t]ailored for the most demanding operators” and “integrat[ed] all of the latest technological innovations.” *Id.* At this time, Airbus Helicopters was still concealing the full scope of the defect in the Main Gear Box of the 225, which would yet again cause the tragic loss of life.

C. The Turøy Tragedy of 2016

70. Just two and one-half years after the ban on flights of 225s resulting from the 2012 ditchings was lifted upon Airbus Helicopters’ assurances of milestone achievement, the defective design of the 225 precipitated further tragedy, this time leading to the large-scale loss of life. On April 29, 2016, a 225 en route from the Gullfaks oil rig to a nearby airport on the coast of Norway suffered a catastrophic failure when the rotor detached from the Main Gear Box and the fuselage, in a matter of seconds, plummeted to the rocky cliffs of the island of Turøy and exploded.

71. Airbus Helicopters published a statement on April 29 in which they expressed sorrow over the “tragic circumstances” and sympathy for the victims’ friends and family, and “allied [the company] with the decision . . . to put all commercial EC225LP passenger flights on

hold.” Airbus Helicopters, *Accident in Norway*, http://www.airbushelicopters.com/website/en/ref/Norway-Statement_347.html.

72. At the same time, however, Airbus Helicopters incongruously sought to admonish those affected against forming any conclusions about the underlying cause of the tragedy, affirming that “we do not have any information that allows us to understand the causes of the accident that involved the aircraft’s rotor being detached, nor to make any links to events that have occurred previously.” *Id.* Here, Airbus Helicopters was alluding to the helicopter’s history of failure, attempting—within hours of the accident and even before the bodies of all thirteen victims had been accounted for—to prevent the public and customers from connecting the catastrophic failure of April 29 to prior failures and/or drawing any larger conclusions about a fundamental defect with the 225s.

73. On May 1, approximately forty-eight hours after the crash, Airbus Helicopters released a second statement, this time with the benefit of “the additional information gathered.” *See* Airbus Helicopters, *Accident in Norway*. Airbus Helicopters doubled down on its public stance that nothing was fundamentally wrong with its 225s. Airbus Helicopters announced its “decision, at this stage, [] to **not** suspend flights **of any nature** for the EC225LP.” *Id.* (emphasis added). It was only “out of respect for all those affected by the accident,” that Airbus Helicopters “st[oo]d by the decision taken by the Norwegian and UK authorities to put commercial EC225LP passenger flights on hold in Norway and in the UK.” *Id.*

74. Pursuant to international standards, the “Accident Investigation Board Norway” (AIBN) was entrusted with conducting, coordinating, and overseeing the official investigation into the causes of the crash. In initiating the investigation, AIBN enlisted the advice and assistance of a host of private and governmental entities, including French and UK aviation

authorities, EASA, Airbus Helicopters, and CHC, the operator of the disastrous 225 flight under investigation.

75. To date, AIBN has published four preliminary reports. These preliminary reports communicate information concerning the findings and discoveries of the investigation, which remains ongoing. With each successive preliminary report, the focus and scope of the investigation were narrowed and the cause of the catastrophic failure was brought into sharper focus. The fourth and most recent report, issued on June 28, 2016, reveals to virtual certainty that the failure resulted from fatigue-induced cracking and fractures *in a defective second stage planet gear within the epicyclic module of the Main Gear Box*.

76. On May 3, 2016, AIBN convened a press conference in Bergen, Norway to update the public on the progress of the investigation. It announced that the April 29 crash involved a “technical fault” and not “human error.” *See, e.g., Helicopter Crash Was Technical Fault and Not Human Error Black Box Reveals*, OIL INDUS. NEWS (May 3, 2016), <http://www.oilandgaspeople.com/news/8376/helicopter-crash-was-technical-fault-and-not-human-error-black-box-reveals/>. Airbus Helicopters responded with a press release “welcom[ing]” AIBN’s announcement that the crash resulted from the technical failure of the 225 they designed, manufactured, and sold, and further reiterated that “preliminary inspection of the main gearbox vertical shaft shows no link with the 2012 ditching events,” once again laboring to present the April 29 failure as an isolated incident. Airbus Helicopters, *Accident in Norway*. At the same time, Airbus Helicopters announced the publication of Emergency Air Alert Services Bulletin (“EASB”) 53A058, which outlines “precautionary measures” and “one-off maintenance checks,” primarily directed at “verif[y]ing . . . the correct installation of all MGB suspension bar attachments.” In EASB 53A058, Airbus Helicopters neglected to address

the epicyclic module and estimated “[h]elicopter downtime” to be less than two days.

77. Despite the newfound certainty that a technical fault underlay the catastrophe, Airbus Helicopters remained insistent that the 225 was safe for flight.

78. To prospective 225 passengers, whose latent suspicions of the 225 were confirmed by the April 29 crash, such warranties, peddled by Airbus Helicopters for years, now rang hollow. Speaking on behalf of oil workers, the Offshore Coordinating Group, a trade union, called for 225s to be grounded immediately and indefinitely pending the resolution of the official inquiry into the cause of the April 29 crash, expressly affirming that the assurances of Airbus Helicopters would “not suffice.” Offshore Coordinating Group, Press Release, *Offshore Coordinating Group on Puma 225 Helicopter Tragedy* (May 3, 2016), <http://www.stuc.org.uk/news/1247/offshore-coordinating-group-on-puma-225-helicopter-tragedy>. The North Sea Offshore Oil Workers launched a petition on Change.org “to finally say enough is enough with the Super Puma.” The petitioners resolved that “the Airbus 225 Super Puma . . . be permanently removed from service,” and observed that it had “been involved in one incident too many, where yet again fatalities have occurred.” See David Winder, *Remove the Airbus 225 Super Puma from Service*, CHANGE.ORG (2016), <https://www.change.org/p/civil-aviation-authority-remove-the-airbus-225-super-puma-from-service>.

79. Addressing the UK Civil Aviation Authority, the petitioners demanded that “the lives of Offshore Oil Workers and the pilots [be put] before vested interests” and expressed the fear that “[f]ailure to do this . . . will result in more needless deaths.” *Id.* The petition garnered more than 25,000 signatories in less than one week. The legitimacy of such concerns was acknowledged industry-wide. Step Change in Safety—a “member-led organisation, formed by the oil and gas industry, for the oil and gas industry”—issued a statement in response to the April

29 crash declaring that “[t]he industry is committed to improving workforce confidence in helicopter travel,” and that “[a]nyone with genuine concerns about flying will be treated sympathetically on an individual level and case by case basis.” Step Change in Safety, *Norwegian Helicopter Crash (Facts and Info)*, <https://www.stepchangeinsafety.net/about-step-change-safety/steering-groups/helicopter-safety/norwegian-helicopter-crash-facts-and-info> (last visited Nov. 9, 2016).

80. AIBN published its first preliminary report on May 13, 2016, approximately two weeks after the crash occurred, providing “information obtained during the earliest stages of the investigation.” Air Accident Investigation Board Norway, *Preliminary Report on Accident at Turøy, Near Bergen, Norway on 29 April 2016* at 1 (May 13, 2016) [hereinafter “AIBN May 13 Report”], <https://www.aibn.no/Aviation/Investigations/16-286?iid=19938&pid=SHT-Report-Attachments.Native-InnerFile-File&attach=1>. Contrary to Airbus Helicopters’ position, AIBN reported that a review of the Combined Cockpit Voice and Flight Recorder (“CVFDR”) indicated that “everything appeared to be normal until a sudden catastrophic failure developed in 1-2 seconds” and the “recordings ended abruptly.” *Id.* at 2. Ruling out the possibility that any crew member or passenger brought down the helicopter, AIBN announced that investigators were probing three parts: “the MRH suspension bar assembly, *the main gearbox* and the main rotor head.” *Id.* at 3 (emphasis added). In its first preliminary report, AIBN published photographs of the parts that had provoked their suspicion, including a photograph of the rusted and riven remains second stage planet gear. The photograph revealed that the ring-shaped planet gear had been fractured into several pieces, only two of which, together accounting for approximately one-half of the circumference of the planet gear, had been recovered. (See Picture 1).

**Picture 1. Fractured Planet Gear (Top Center)
(AIBN June 28 Report at 3)**

81. Two weeks later, on May 27, 2016, AIBN published its second preliminary report. The second preliminary report was published the day after a three-day meeting of the AIBN investigation team in Marignane, France, at the corporate headquarters of Airbus Helicopters. AIBN reported that investigators had reduced to three the potential “scenarios . . . considered as possible initiating events” of the April 29 crash. Air Accident Investigation Board Norway, *Update to Preliminary Report on Accident at Turøy, Near Bergen, Norway on 29 April 2016* at 2 (May 27, 2016) [hereinafter “AIBN May 27 Report”], <https://www.aibn.no/Aviation/Investigations/16-286?iid=20000&pid=SHT-Report-Attachments.Native-InnerFile-File&attach=1>. These “failure scenarios” included: (1) “failure of the epicyclic module”; (2) failure of the “suspension bar (lift strut) attachment”; and (3) failure of the “[Main Gear Box] conical housing.” *Id.* at 7. AIBN updated the public that investigators had initiated metallurgical analysis of the components implicated by the failure scenarios but that

“these examinations ha[d] not identified a conclusive primary cause of the accident.” *Id.*

82. Airbus Helicopters issued a statement the same day. In the statement, Airbus Helicopters summarized the preliminary findings of a parallel (and apparently competing) investigation of the Turøy crash that Airbus Helicopters was pursuing with some degree of independence of the official investigation in which Airbus Helicopters was also involved. Airbus Helicopters, *Accident in Norway*. Whereas AIBN identified three potential failure scenarios, Airbus Helicopters asserted that “only one—the failure of the attachment of a suspension bar—can be assessed as probable . . . based on the information to date.” *Id.* Moreover, while conceding that “[m]ore analysis is needed to reach a conclusion” with respect to the possibility that “internal epicyclic module damage” precipitated the Turøy crash, Airbus Helicopters publicly stated that a *maintenance issue* concerning the MGB suspension bar attachments *was the only* scenario that it considered “probable.”

83. In making that statement, Airbus Helicopters appeared determined to divert any attention from a possible systemic design flaw in the 225s. Upon mounting evidence, however, Airbus Helicopters was, finally, forced to back off its position. On May 31, 2016, Airbus Helicopters stated that it “fe[lt] the need to clarify its position to avoid any possible misunderstanding” and declared that it would “not rul[e] out any of the scenarios described by the AIBN.” Airbus Helicopters, *Accident in Norway*.

84. Between April 21, 2016, and June 6, 2016, within the span of time in which the accident occurred and the technical failure of the 225 involved in the accident was publicized, Airbus Helicopters removed the 2015 225 helicopter brochure from its website for the helicopter and replaced it with an updated brochure. Noticeably missing from the substitute brochure is mention of the “increased power” and “[g]reater [s]afety” of the Main Gear Box, features that

were prominently advertised in the brochure available on the website of Airbus Helicopters prior to the tragic Turøy crash.

85. On June 1, 2016, AIBN issued the third preliminary report. AIBN disclosed the “significant finding[]” that the metallurgical analysis of the fractured planet gear had “revealed features strongly consistent with fatigue.” AIBN June 1 Report at 1-2. AIBN stated that the analysis suggested that the fatigue originated on the internal surface of the ring and “propagat[ed] towards the web of the gear teeth” forming the outside of the ring. *Id.* at 2. The metallurgical analysis also detected “sign[s] of spalling in front of the fracture surface.” *Id.* The preliminary evidence that the fracture in the planet gear resulted from fatigue “signifie[d] a possible safety issue . . . affect[ing] the MGBs [Main Gear Boxes] of the same type.” *Id.* at 3.

86. In the June 1 report, beyond revealing the “significant” discovery that had become the investigators’ bullseye, AIBN announced that the technology that Airbus Helicopters incorporated in the 225 to facilitate the detection of degradation and fatigue in the Main Gear Box could not function to prevent the type of catastrophic failure that resulted in the Turøy tragedy. Specifically AIBN warned that the “[t]he nature of the catastrophic failure of the . . . main rotor system indicates that the current means to detect failure in advance are not effective.” AIBN June 1 Report at 2. Sounding the alarm, AIBN advised EASA to “take *immediate* action to ensure the safety of the Airbus Helicopters 225 Main Gear Box.” *Id.* (emphasis added).

87. The alarm raised in the third preliminary report triggered a chain of civil orders grounding 225s. In practical effect, the revelation of fatigue-induced spalling and cracking in the planet gears of the epicyclic module led to a worldwide ban on the use of 225s for any purpose. On June 1, the day the report was released, the Norway CAA broadened the scope of its extant ban on 225 flights to encompass: (1) even those flights conducted for emergency search and

rescue purposes and (2) flights of the 215. The UK CAA did the same on June 2. Also on June 2, EASA issued an Emergency Airworthiness Directive to prohibit all flights of 225s pending a determination of the “root cause” of the “fatigue and surface degradation in the . . . planet gear.” European Aviation Safety Agency, *Emergency Airworthiness Directive No. 2016-0104-E* (June 2, 2016), http://ad.easa.europa.eu/blob/EASA_AD_2016_0104_superseded.pdf/EAD_2016-0104-E_1. Consistent with the UK and Norway CAAs, the flight prohibition applied not just to 225s but also to 215s. Under the EASA prohibition, owners of 225s were allowed only to make a “single ferry flight without passengers . . . to a maintenance location where the helicopter grounding . . . [ould] be accomplished in adequate storage conditions.” *Id.* at 2. The Australian Civil Aviation Authority issued an identical directive on June 3, the next day. The United States FAA adopted the EASA flight prohibition on June 3, immediately grounding all 215s and 225s to “prevent failure of the main rotor system and subsequent loss of control of the helicopter. In explaining the application of the ban to the 215, the FAA observed that the 215 reflects “similarities in design that make it subject to the same unsafe condition” present in the 225s.

88. With all 225s across the globe effectively grounded, on June 28, 2016, AIBN issued the fourth and, to date, most recent preliminary report.

89. In the fourth preliminary report, AIBN confirmed that the investigation of the three failure scenarios had produced the conclusion “that the accident most likely was the result of a fatigue fracture in one of the second stage planet gears.” AIBN June 28 Report at 1. AIBN determined that the defective planet gears were the cause (and not the consequence) of the Turøy crash and identified the fractures therein as the most likely explanation for the crash, largely dismissing the alternative theories. AIBN reported that “[e]xamination of these parts show that one of the fracture surfaces can be described as being close to 100% fatigue.” *Id.* at 4. While

observing that there were “some differences” between the fatal Peterhead and the Turøy crashes, AIBN emphasized that “the fatigue fractured planet gears . . . show clear similarities.” *Id.* at 5-6.

**Fractured Planet Gear
(AIBN June 1 Report at 3)**

90. The fourth preliminary report also drew attention to the failure of an “essential design philosophy” of the epicyclic module housing the defective planet gears which holds that “propagation of a crack” should be “suppressed by . . . compressive surface stress” such that “a crack in the surface area should grow outboard and create spalling that would produce magnetic debris” that would be in turn “detected” by magnetic “chip detectors.” *Id.* at 5. However, the spalling and subsurface crack propagation exhibited by the planet gear of the 225 under investigation was inconsistent with this “essential design philosophy.” *Id.* In short, “[t]he observed failure mode . . . seems to differ from what was expected or foreseen” and the device intended to register the spalling and fracturing of the planet gear “appears unable to identify symptoms of such degradation.” *Id.*

91. On June 29, 2016, the day after AIBN released the fourth preliminary report, Airbus Helicopters issued an emergency safety bulletin concerning *all* civil and military models of the 225 and the L2 model of the 215 Super Puma helicopters delivered prior to June 27, 2016. See Airbus Helicopters, *EASB AS332 63.00.83 and EC225 63A030* (June 27, 2016), <http://helioffshore.org/wp-content/uploads/2016/06/EASBAS332630083ENR0.pdf>.

92. The game was up. Airbus Helicopters specifically addressed the EASB to the defective component—the planet gear assembly of the epicyclic module—responsible for the Turøy crash (and possibly prior accidents involving similarly designed Airbus helicopters, including the 2009 Scotland crash). Airbus Helicopters provided that “it was decided to maintain only one of the two types of epicyclic module second stage planet gears in service.” *Id.* at 2. Airbus Helicopters explained that it would remove from service the faulty and defective parts, which it had been promoting up to and until June 29, 2016, because it knew that (1) “[t]he detailed design of the planet gear bearing has an *increased damage tolerance*” and (2) “[m]odeling and calculation reveal a *lower load level* on the external race of the planet gear bearing”; and (3) “[i]n service experience shows *enhanced reliability*.” *Id.* (emphasis added). Airbus Helicopters thus admitted that it had been manufacturing and installing bad and defective parts in the epicyclic modules of Super Puma helicopters, including 225s. Notwithstanding the danger, unreliability, and vulnerability of the inferior parts, which Airbus Helicopters has now admitted and which are associated with the deaths of dozens of people, Airbus Helicopters continued to warrant their fitness and tout their safety to potential customers and passengers.

93. Faced with the indefinite suspension of flights of 225s and 215s, Airbus Helicopters finally proposed to dispose of the deadly and defective planet gear assemblies. Airbus Helicopters ordered customers to check the part numbers associated with the epicyclic

modules of covered helicopters to determine whether any of the parts were of the deadly and defective variety. Customers who discovered the presence of the deadly and dangerous parts were directed to remove and return them to Airbus Helicopters, which alone can perform the retrofitting necessary to eliminate the danger.

94. On September 29, 2016, Statoil A.S.A., the oil and gas company that operates the Gullfaks oil rig in the North Sea, published the analysis and conclusions of its internal investigation into the circumstances and events surrounding the Turøy crash. Statoil's investigative report indicates its distrust concerning the reliability and safety of the 225. Specifically, Statoil reports that "[a]s a result of the decision to suspend all use of H225 (EC225LP) helicopters for use in SAR operations in Norway, Statoil decided to start using the Super Puma L/L1 as a SAR/Medevac aircraft, in addition to Sikorsky S-92 helicopters equipped for SAR/Medevac, until further notice" because "[t]he Super Puma L/L1 has *a different, and more traditional, design in the gearbox* and was not covered by the directive on the flight ban for helicopter types H225 (EC225LP) and AS332L2." Statoil Report at 40 (emphasis added). Concerned about "design-related weaknesses," Statoil declared that it would indefinitely cease to use 225s, even for search and rescue missions, because of the non-traditional design that tragedy had again demonstrated was unreliable.

95. The 225 remains grounded by most regulatory authorities, operators, and oil and gas companies to this day. There is considerable doubt that the 225 will ever again be deemed safe for flight because they are defective. Additionally, the 225's checkered history, and Airbus Helicopters' fraudulent representations and concealment, have significantly damaged passenger confidence, likely eliminating any market receptivity for the 225s.

96. As the AIBN and other entities investigate the undeniable patterns in the 225's

history of failure, aviation industry experts have been similarly engaged. On November 1, 2016, news surfaced of the existence of a report concluding that the Main Gear Box of the 225 suffers from an irreparable and “potentially catastrophic” design defect. *See* Harrison, *Super Puma Has ‘Potentially Catastrophic’ Design Failure*, HERALD SCOTLAND (Oct. 31, 2016), http://www.heraldscotland.com/news/14832969.Report_claims_oil_and_gas_industry_workhorses_the_Super_Puma_helicopter_has_39_catastrophic_flaw_39_/. The report indicates that the defect in the Main Gear Box design necessitates a complete overhaul and reinvention, a process that could take five or more years. Considering the details of the above described failures dating back to at least 1980, the report finds that “[a]lthough the [EASA directive] could reduce the frequency of spalling, *spalling with the potential for catastrophic failure remains an inherent characteristic of the Puma family for which no long term solution has yet been identified.*” (emphasis added). Moreover, the report states, the 225 likely will never be able to meet current safety standards, observing that “[a]pplication of latest certification rules to the . . . H225 gearbox originally designed in the 1960s . . . carries a high risk of being unachievable within the space and weight constraints of the current design without significant change.” *Id.* It is perhaps for this reason that competing helicopter manufactures are already positioning their products as “replacements” for the Super Puma helicopters.

97. In a statement issued to the press, Airbus Helicopters both referred to the contents of the report as “anonymous and unverified information” and also stated that it “[wa]s not aware of” the report. *Id.* Airbus Helicopters refused comment, instead reiterating that “[i]t is still too early to draw conclusions” and that “several potential scenarios/initiating events have been established.” *Id.* Airbus Helicopters stressed that “the aircraft is safe to fly” and highlighted the “protective measures” it developed after the accident, “including the design change involving the

use of a single 2nd stage planet gear in all main gear boxes across the H225 and AS332 L2 fleet.” *Id.*

98. Airbus Helicopters is wrong, and, on information and belief, it has long known and concealed that the Main Gear Box is defective.

III. AIRBUS HELICOPTERS KNEW ABOUT THE DEFECTIVE PARTS BUT REMAINED SILENT UNTIL 2016

A. Airbus Helicopters Knew of the Falsity of its Representations

99. Despite having affirmed to regulatory bodies that the Main Gear Box of the 225 and its component were identical to the Main Gear Box design and component parts of the 215, thus enabling Airbus Helicopters to evade compliance with the more stringent design standards then in place, Airbus Helicopters advertised to the public and to customers, including Era, that the Main Gear Box of the 225 had been changed to improve safety and power. In particular, Airbus Helicopters affirmed that the Main Gear Box of the 225 had “[i]ncreased power” and was “reinforced.” Airbus Helicopters further touted the compliance of the design of the Main Gear Box with certain provisions of JAR 29 Change 1, the design certification standard in effect at the time the 225 was certified, while omitting any admission that the epicyclic module had been certified against a much weaker standard pursuant to an exemption under JAR 29 Change 1 exploited by Airbus Helicopters.

100. Airbus Helicopters also stated, despite non-compliance with flaw tolerant design standards, that the 225 design was based on the “flaw damage tolerant concept.” More generally, Airbus Helicopters misleadingly affirmed that the 225 represented a new and higher peak in the evolution of the Super Puma helicopter family offering more safety, reliability, and performance than preceding generations of Super Puma helicopters, including the 215, by introducing new and low risk technologies. In reality, with respect to one of the most critical components of the

helicopter and one of the most important technologies to overall safety, Airbus Helicopters recycled old parts that were anything but “fail safe” and “low risk.”

101. Era believes, and alleges, that Airbus Helicopters knew of potential issues with the Main Gear Box when it obtained certification for the 225 in 2000.

102. Moreover, despite knowledge of the chronic and widespread degradation of planet gears in the Main Gear Box incorporated in the 225, and the disaster in Peterhead in 2009, Airbus Helicopters continued to affirm to the public and to customers, including to Era, that the design of the 225 was not only fundamentally sound but technologically advanced, fail-safe, low-risk, and altogether superior. Airbus Helicopters had knowledge of the catastrophic defect of the Main Gear Box of the 225 but affirmed otherwise repeatedly and over many years. Airbus Helicopters did this to induce the sale of the 225, including in presentations to Era.

103. Despite knowledge that the systems installed in the 225 were not effective in monitoring and alerting to degradation and spalling of the planet gears of the epicyclic module, a phenomenon that Airbus Helicopters knew or should have known was a problem to which the 225 was susceptible and that could eventuate in catastrophic failure, Airbus Helicopters represented the 225 as “fail safe.” With respect to the helicopter that crashed in 2009, “only one particle was captured by the . . . magnetic detectors prior to the accident flight.” The final report of the 2009 investigation specifically highlights “the inability of the HUMS system to identify epicyclic bearing degradation” and the “limitations in detecting degradation of planet gear bearings.” Peterhead Report at 92. Airbus Helicopters therefore misled customers, including Era, by presenting the 225 as incorporating a “[f]ail safe assemblies design” (and citing HUMS). Airbus Helicopters represented the 225 as fail safe even though Airbus Helicopters knew that the failure detection system would not detect the variety of failure that had already resulted in at

least two fatal crashes and thirty deaths. Likewise, in 2016, the crack in the planet gear “propagated without creating a significant amount of magnetic debris from spalling,” and “the HUMS appear[ed] unable to identify symptoms of such degradation in the epicyclic module.” AIBN June 28 Report at 5. As the AIBN has reported, “[t]he nature of the catastrophic failure of the . . . main rotor system indicates that the current means to detect a failure in advance are not effective.” AIBN June 1 Report at 2.

104. Despite having knowledge of the weakness and defects of the Main Gear Box in earlier generations of Super Puma helicopters, Airbus Helicopters, on information and belief, imported, without significant change, the old and defective Main Gear Box design into a the 225, a more powerful helicopter. Airbus Helicopters stressed the benefits of the “high power” Tubomeca Makila 2A twin engines and the five-blade design of the main rotor, advertising the increased speed and power that would result. At the same time, Airbus Helicopters assured customers that the 225 had been “designed with safety first” and that the new technology would “increase safety.” Airbus Helicopters promised more safety and more power, but the design of the 225 introduced more power at the expense of safety. With the 225, Airbus Helicopters connected a more powerful set of twin engines to a five-blade rotor, but it routed the high power drive system through a Main Gear Box design that Airbus Helicopters, on information and belief, knew was fragile and prone to defects. In doing so, Airbus Helicopters increased the risk that the known defect of the Main Gear Box would result in catastrophic failure. *See, e.g.,* Harrison, *Super Puma Has ‘Potentially Catastrophic’ Design Failure*, HERALD SCOTLAND (Oct. 31, 2016) (“Application of latest certification rules to the 11 tonne H225 gearbox originally designed in the 1960s for the 6.7 tonne SA330 Puma carries a high risk of being unachievable within the space and weight constraints of the current design without significant change.”).

B. Era Has Examined the Second Stage Planet Gears of One Of Its 225s; Many Show Signs of Fatigue

105. After AIBN issued the fourth preliminary report identifying the likely cause of the Turøy crash as the failure of a second stage planet gear in the epicyclic module of the Main Gear Box, Era undertook an internal investigation to determine whether, and to what extent, its own 225s may or may not suffer from the same defects identified by EASA, and acknowledged by Airbus Helicopters. They do. The results of Era's analysis suggest that multiple second stage planet gears in at least one of Era's 225s exhibit characteristics of degradation and spalling associated with the design defect that has been identified as a causal factor in the catastrophic failures involving Super Puma helicopters.

106. Era's analysis further revealed that there are fundamental differences in the design, manufacture, and/or configuration of the second stage planet gears within Era's 225s. The substantial differences in the construction and assembly of the planet gears of the 225's Main Gear Box further reinforce the conclusion that Airbus Helicopters knew or should have known of the defective nature of the planet gear assemblies. Yet, up to and until forced by yet another global ban on flights of its helicopters to reexamine and confront the defective planet gears, Airbus Helicopters continued to misrepresent the safety, power, and reliability of the Main Gear Box.

107. In its most recent directive on the subject, EASA became the only regulator to have lifted the ban on flights of 225s, but only on the condition that operators implement the nine-part maintenance, use, and assembly overhaul that EASA regards as necessary to restore the helicopters to a minimum level of safety. Before resuming flights of 225s, operators must ensure the removal of certain planet gear assemblies that Airbus Helicopters has finally conceded are irreparably defective. Such defective planet gear assemblies must be replaced with alternately

designed parts that Airbus Helicopters has identified as “serviceable.” Airbus Helicopters asserts that the replacement of the “bad” parts (*i.e.*, Part Numbers 332A32-335-00, 332A32-335-02, 332A2A32-3335-05 and 332A32-3335-07) with “serviceable” parts (*i.e.*, Part numbers 332A32-3335-04 and 332A32-3335-06) will (along with incremental maintenance requirements) remediate the problems underlying the helicopter’s history of catastrophic failures.

108. On information and belief, Airbus Helicopters is incorrect. While there are indeed fundamental differences between the two planet gear configurations, the characteristics of degradation are evident on both the parts identified for replacement (*i.e.*, the “bad” parts) and the parts identified for retention (*i.e.*, the “serviceable” parts). Era has determined that even those parts identified by Airbus Helicopters as “serviceable” exhibit the same symptoms of failure that have necessitated the immediate removal and disposal of the parts that Airbus Helicopters has now admitted are defective and unsafe. Therefore, the supposed solution that Airbus Helicopters has identified is in truth no solution at all.

109. Additionally, Airbus Helicopters has signaled that replacing defective planet gears is still not enough to ameliorate the dangers associated with the Main Gear Box design of the 225. As EASA observes, according to Airbus Helicopters, “the root cause of th[e 2016 Turøy] failure is still not fully understood.” *Id.* at 2. EASA has further alerted Era and the aviation community that its latest directive is an “interim action” and “further . . . action may follow.” *Id.* at 2. Indeed, Airbus Helicopters’ has itself conceded the necessity of extreme maintenance and monitoring of the Main Gear Box of the 225 should any company dare fly 225s in the future.

110. As mandated by EASA, any attempt to “restore[.]” the 225 to “an acceptable level of safety” further requires that the 225 must “necessar[ily]” comply with new maintenance and monitoring requirements. EASA AD 2016-0199 at 2. Now and going forward, operators of

225s must perform frequent and “[r]epetitive [i]nspections” of an array of Main Gear Box components. Specifically, operators must: (1) repetitively “inspect the [Main Gear Box] particle detectors (epicyclic module, MGB sump, flared casing and MGB oil cooler)” as a part of the “‘after last flight’ of the day . . . inspection, or at intervals not to exceed 10 [flying hours], whichever occurs first”; and (2) repetitively “inspect the MGB oil filter” at least once every ten flying hours. *Id.* at 3. Airbus Helicopters also shortened the “applicable . . . life limit” of second stage planet gear assemblies, requiring operators of 225s, now and in the future, to replace any second stage planet gear assemblies that exceed the reduced limit. *Id.* at 3. In addition, Airbus Helicopters required operators of the 225 to inspect and, if certain conditions are met, replace the epicyclic module of the Main Gear Box. *Id.* These additional requirements are plainly impractical, particularly a maintenance requirement that requires enhanced, daily inspections of each and every 225 after the last flight of the day. If anything, these extreme maintenance requirements signal that Airbus Helicopters has yet to fully grasp the full extent of the defects that plague the Main Gear Box.

C. Airbus Helicopters Performed Maintenance on Era’s 225s Without Flagging Potential Design Defects

111. In the time since purchase, when not prevented by an international ban on flights, Era has operated its 225s in the Gulf of Mexico and Brazil, and leased one 225 to an operator based in Norway. In connection with the operation of the 225s, Era obtains maintenance services from Airbus Helicopters and/or through its authorized service providers, Heli-One. As the certified provider of required maintenance on 225s, Airbus Helicopters pledges to support “helicopter operations with the highest level of excellence” and provides that it is “dedicated to meeting [its] customers’ needs, whether it be maximizing flight revenues, ensuring public safety or saving lives.” *See* H225 2015 Brochure at 18-19.

112. Over the years, Era obtained maintenance service on its fleet of 225s. Such maintenance service included the removal and replacement of the planet gear assemblies of the Main Gear Box. Between December 17, 2012 and March 7, 2016, Airbus Helicopters and/or its authorized service provider Heli-One replaced the Main Gear Box, epicyclic module, and certain second stage planet gears in nine of Era's 225s. And it did so under the guise of routine maintenance. Airbus Helicopters never alerted Era that the design of the Main Gear Box, and its component parts, were defective. Nor did Airbus Helicopters ever alert or disclose to Era that the parts it was replacing had not been certified against the amended and more rigorous safety standards applied by aviation regulators when the 225 was certified in 2000. Even then, Airbus Helicopters kept Era in the dark about the evidence that Airbus Helicopters had acquired in its investigation of the failures of the 225 and about the regulatory exemption that qualified Airbus Helicopters to avoid compliance with the heightened certification requirements that may have necessitated a redesign of the Main Gear Box of the 225 before the helicopter was ever brought to market.

113. On five of the nine occasions—including on December 17, 2012, November 21, 2014, June 15, 2015, October 12, 2015, and March 7, 2016—planet gears that Airbus Helicopters now contends are “serviceable” were installed; yet, Airbus Helicopters did not explain why it was making or recommending these installments, nor what the changes were in the design of the new parts. Airbus Helicopters kept those details to itself. On three of the nine occasions—including on March 28, 2013, May 28, 2013, and December 18, 2014—planet gears, that Airbus Helicopters now concedes are irreparably defective, were installed. On the other occasion—September 29, 2015—one “serviceable” planet gear, and seven “bad” planet gears, were installed. Installing both “bad” and “serviceable” planet gears, on information and belief, Airbus

Helicopters perceived but ignored the fundamental differences between the “serviceable” and defective configurations; nonetheless, Airbus Helicopters persisted in relying indiscriminately on defective planet gears, potentially to save cost at the expense of safety.

114. Despite knowledge of the differences in planet gear configurations, Airbus Helicopters performed the removal and replacement of planet gear assemblies without providing any indication that it was replacing planet gears of one configuration with planet gears of another configuration. Nor did Airbus Helicopters provide any indication of the fundamental differences in the construction and assembly of the planet gear configurations. Airbus Helicopters instead concealed the fundamental differences between the planet gears, thus preventing Era from providing its own input on the maintenance.

D. Airbus Helicopters Continues to Tout the Safety and Reliability of the Main Gear Box

115. Even today, Airbus Helicopters markets the 225 as “a powerful and fast 11-ton-class helicopter that combines long-range performance with a very large cabin—accommodating up to 19 passengers in crashworthy seats.” Airbus Helicopters, Inc., *H225 (Formerly Known as EC225)*, <http://airbushelicoptersinc.com/products/H225-product.asp> (last visited Nov. 18, 2016).

116. Up to and until the Turøy crash, Airbus Helicopters further touted the 225 as “state of the art” and “integrat[ing] all the latest technological innovations to comply with the most stringent technical and operational requirements for all types of missions,” specifically publicizing its “Main Gear Box” as having “[i]ncreased power,” being “compliant with CS 29,” and “capable of flight in severe [] conditions.” H225 2015 Brochure at 18-19.

117. In one respect, however, Airbus Helicopters has issued what is tantamount to a concession that its prior warranties and assurances to Era were false. Between April 21, 2016, and June 6, 2016, Airbus Helicopters *replaced* the 2015 version of the 225 brochure on its

website with an updated brochure. The updated brochure omits affirmations of the “increased power” and “[g]reater [s]afety” of the Main Gear Box.

IV. ERA HAS SUFFERED SIGNIFICANT HARM AS A RESULT OF THE DEFECTS IN THE 225 DESIGN

118. Between 2006 and 2011, Era purchased ten 225s directly from Airbus Helicopters. Era purchased these 225s in reliance on Airbus Helicopters’ warranties and assurances that, *e.g.*, the Main Gear Box and fundamental design of the 225 were safe and reliable. In exchange, Era paid Airbus Helicopters over \$200 million. Beyond the enormous sums of money that Era paid Airbus Helicopters, Era staked the goodwill of its customers on trust in Airbus Helicopters’ affirmations concerning the safety and reliability of the 225. It also staked the lives of countless individuals on Airbus Helicopters’ representations.

119. In 2016, after a fatal crash that exposed the links between the helicopter model’s past catastrophic failures, revealing the irreparable defect Airbus Helicopters withheld from Era, Airbus Helicopters has conceded the existence of at least one defect in the planet gears of the Main Gear Box of the 225. Era suspects, however, that that this only the tip of the iceberg. As a result of the defect that Airbus Helicopters admits, does not yet fully understand, but nonetheless purports to have fixed, the 225s that Era acquired from Airbus Helicopters have lost significant value.

120. Since results of the investigation into the cause of the Turøy crash were first released, Era’s 225s have lost significant value as aviation experts and industry stakeholders have raised doubts about the viability of the design of the Main Gear Box and refused to use the 225: Statoil, one of the world’s largest oil and gas companies, has transitioned away from the use of the 225 for offshore operations because of its unconventional (and empirically dangerous) Main Gear Box design; an expert report now circulating in the oil and gas industry has

determined based on the new information from the investigation of the 2016 Turøy crash that the Main Gear Box of the 225 must be completely redesigned before the helicopters can safely return to the skies; and CHC, the operator of the 225 that crashed in Norway, moved to purge its entire fleet of 225s through a recent bankruptcy action.

121. Not only has Era suffered from the collapse in value of the 225s, it has further incurred costs necessitated by the ban on operations of the 225. Specifically, in response to the ban, Era has been forced to: (1) ferry flight its fleet of 225s to hangars for storage; (2) prepare 225s for long-term storage through a process that involves sheathing the helicopters in shrink-wrap, and carefully ventilating them; (3) pay for long-term storage of the 225s in hangar space that it has leased in various countries; (4) pay for regular inspection and monitoring of the 225s to ensure that the helicopters do not suffer further damage; and (5) negotiate the exit of support agreements for its 225 airframes and engines.

CAUSES OF ACTION

122. Based on the above facts, Era hereby asserts the following counts against both Airbus Helicopters, Inc. and Airbus Helicopters S.A.S.:

COUNT I—FRAUDULENT INDUCEMENT

123. Era incorporates the allegations contained in Paragraphs 1 through 122 as if fully set forth herein.

124. During its marketing and sale of 225s to Era, Airbus Helicopters knowingly, and with the intent to defraud, (i) falsely misrepresented the safety, reliability, and performance of the 225; (ii) falsely misrepresented the 225 as incorporating the most advanced safety technology; (iii) falsely misrepresented the 225's Main Gear Box as "more safe" and having "increased power"; (iv) concealed any and all internal doubts and conclusions over the design of the 225's Main Gear Box when it was certified; (v) concealed the true reasons behind performing

maintenance on Era's 225s, including the Main Gear Box; and (vi) thereafter continued to misleadingly withhold and obscure contradictory data and information.

125. Era purchased ten 225s from Airbus Helicopters between 2006 and 2012, in exchange for which Era paid Airbus Helicopters in excess of \$200 million. To induce these purchases, Airbus Helicopters affirmed repeatedly and over the course of many years that, *e.g.*:

- The 225 “incorporates the most advanced features aimed at increasing safety,” *see EC225 Sales Manual* (2006);
- The 225 is “[t]he safest and most advanced ever designed flight control system”; had “the most advanced rotor design and technology (blades and spheriflex)”; had “[t]he only MGB [Main Gear Box] ‘totally oil-less’ cooling device”; had “[t]he fastest and smoothest cruise speed”; and had “[t]he most credible maintenance program,” *see Presentation of the Eurocopter EC225 in Utility/Offshore Oil and Gas Missions* (2006);
- The 225’s Main Gear Box was “reinforced” and had “increased power,” *id.*;
- The innovations of the 225 implemented a “[g]eneral fail safe design based on flaw damage tolerant concept,” *see EC225 Sales Manual* (2006); and
- The 225 “integrated all the latest technological innovations to comply with the most stringent technical and operational requirements for all types of missions,” *see H225 2015 Brochure* at 2.

126. Era relied on these representations. On information and belief, however, Airbus Helicopters had knowledge that these affirmations were false or misleading. Airbus Helicopters further concealed the fraudulent nature of these representations as the design defect in the 225 began to manifest itself. The 225 suffered numerous catastrophic failures that implicated and confirmed the defect and vulnerabilities of Airbus Helicopters’ design of the Main Gear Box.

127. Despite Airbus Helicopters’ knowledge of the defect and vulnerabilities of the Main Gear Box, Airbus Helicopters continued falsely to assure customers, including Era, that the design of the Main Gear Box of the 225 was fundamentally sound. In response to catastrophic failures, and evidence of defects, Airbus Helicopters publicly deflected attention from the design

of the Main Gear Box. In parallel, Airbus Helicopters, under the guise of routine maintenance, designed and installed replacement parts to remedy what Airbus Helicopters, on information and belief, knew to be a fatal defect in the design of the 225. At no time did Airbus Helicopters disclose to Era that it had designed, manufactured, and sold a defective helicopter.

128. Airbus Helicopters' misrepresentations and withholding of information, before and after sales to Era, were false or misleading at the time they were made and were intended to deceive Era. The misrepresentations and withheld information were important to the potential commercial value of the 225, and therefore, material to Era's decision to invest in the 225. Indeed, since the misrepresentations concerning the Main Gear Box have come to light, Era's fleet of 225s has lost significant, if not all of their, value.

129. As a direct and proximate result of Airbus Helicopters' fraud, Era suffered damages, including lost profits and other economic harm, and is entitled to an award of damages, including exemplary damages, in an amount to be determined at trial, together with interest thereon.

COUNT II—BREACH OF WARRANTY

130. Era incorporates the allegations contained in Paragraphs 1 through 129 as if fully set forth herein.

131. As set forth above, Era entered into three Purchase Agreements with Airbus Helicopters for the purchase of ten 225s.

132. Era has performed all of its obligations under each Purchase Agreement.

133. Pursuant to 4(a) of each Purchase Agreement, Airbus Helicopters provided Era with an express warranty that stated in pertinent part: "Seller warrants each new helicopter parts manufactured by [Airbus Helicopters] S.A.S. (herein referred to as the "Helicopter Manufacturer") purchased under this agreement to be free from defects in material and

workmanship under normal use and service.”

134. In violation of this express warranty, Airbus Helicopters sold 225s to Era that were defective at the time of delivery in their “material and workmanship under normal use and service.” Airbus Helicopters knew of the breach of express warranty at the time of delivery. However, on information and belief, Airbus Helicopters concealed and misrepresented the facts necessary for Era to recognize and to seek an appropriate remedy.

135. By breaching this express warranty, Airbus Helicopters has caused, is causing, and will continue to cause Airbus to suffer monetary damages, including lost profits and other economic harm, in an amount to be determined at trial, together with interest thereon.

COUNT III—BREACH OF THE IMPLIED WARRANTY OF MERCHANTABILITY

136. Era incorporates the allegations contained in Paragraphs 1 through 135 as if fully set forth herein.

137. As set forth above, Era entered into three Purchase Agreements with Airbus Helicopters for the purchase of ten 225s.

138. Era has performed all of its obligations under each Purchase Agreements.

139. The implied warranty of merchantability automatically attached as a matter of law to Era’s purchase of the 225s because the Purchase Agreements were contracts for the sale of goods governed by the UCC.

140. Airbus Helicopters’ disclaimer of the implied warranty of merchantability was not effective because it pertained only to “defects in material and workmanship,” not design defects like those present in the 225s.

141. Airbus Helicopters, therefore, provided Era with an implied warranty of merchantability as it relates to the design of the 225s it sold to Era.

142. Airbus Helicopters, in violation of this implied warranty, sold 225s to Era that

were not merchantable because they had latent design defects that caused them to malfunction upon normal operation and use.

143. By breaching this implied warranty, Airbus Helicopters has caused, is causing, and will continue to cause Era to suffer monetary damages, including lost profits and other economic harm, in an amount to be determined at trial, together with interest thereon.

COUNT IV—BREACH OF THE IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE

144. Era incorporates the allegations contained in Paragraphs 1 through 143 as if fully set forth herein.

145. As set forth above, Era entered into three Purchase Agreements with Airbus Helicopters for the purchase of ten 225s.

146. Era has performed all of its obligations under each Purchase Agreements.

147. Airbus Helicopters was aware of and understood that Era intended to use the 225s for a particular purpose, namely support of the offshore oil and gas industry, frequently in harsh environments or in areas with long distances from shore, such as those in the U.S. Gulf of Mexico, Brazil, Australia, and the North Sea, and for search and rescue missions in the same environments.

148. Because of this knowledge and understanding, the implied warranty of fitness automatically attached as a matter of law to Era's purchase of the 225s because the Purchase Agreements were contracts for the sale of goods governed by the UCC.

149. Airbus Helicopters' disclaimer of the implied warranty of fitness for a particular purpose was not effective because it pertained only to "defects in material and workmanship," not to design defects like those present in the 225s.

150. Airbus Helicopters, therefore, provided Era with an implied warranty of fitness

for a particular purpose as it relates to the design of the 225s it sold to Era.

151. Airbus Helicopters, in violation of this implied warranty, sold 225s to Era that were not fit for their particular purpose because they had latent design defects that caused them to malfunction upon normal operation and use.

152. By breaching this implied warranty, Airbus Helicopters has caused, is causing, and will continue to cause Era to suffer monetary damages, including lost profits and other economic harm, in an amount to be determined at trial, together with interest thereon.

COUNT V—UNJUST ENRICHMENT

153. Era incorporates the allegations contained in Paragraphs 1 through 152 as if fully set forth herein.

154. By their wrongful acts and omissions, Airbus Helicopters was unjustly enriched at the expense of and to the detriment of Era.

155. As described above, Airbus Helicopters knowingly acted in an unfair and unconscionable manner by taking undue advantage of Era insofar as it consistently induced Era to refrain from taking any action while making repeated assurances that, *e.g.*, (i) the “unparalleled” 225 “offers superior speed, range, payload and reliability” and the “latest-technology . . . capabilities,” *see* Airbus Helicopters, Inc., Press Release, *American Eurocopter Delivers the First EC225 in the United States to Era Helicopters LLC* (Feb. 24, 2008), and (ii) that Airbus Helicopters would repair, had repaired, but in fact never did repair the defective 225s. Through its unlawful conduct, Airbus Helicopters knowingly received and retained wrongful financial and other benefits at Era’s expense.

156. As a result of their unlawful conduct, Airbus Helicopters has realized substantial ill-gotten gains by misrepresenting its ability to repair its 225s in a timely manner.

157. As a direct and proximate result of Airbus Helicopters’ unlawful and improper

conduct, as set forth above, Airbus Helicopters has been unjustly enriched and Era have suffered damage. Airbus Helicopters' retention of funds under these circumstances constitutes unjust enrichment.

158. Era may have no adequate remedy at law for Airbus Helicopters' breaches of express and implied warranties. The Court should therefore compel Airbus Helicopters to disgorge to Era all unlawful or inequitable proceeds that Airbus Helicopters received.

JURY DEMAND

159. Era demands a jury trial and tenders the appropriate fee with this petition.

CONDITIONS PRECEDENT

160. All conditions precedent to Era's claim for relief have been performed or have occurred.

REQUESTS FOR DISCLOSURE

161. Pursuant to Rule 194 of the Texas Rules of Civil Procedure, Era requests that Defendants disclose, within 50 days of service of this request, the information or material described in Rule 194.2 of the Texas Rules of Civil Procedure.

PRAYER

WHEREFORE, Era respectfully requests that:

(a) Judgement be entered declaring that Airbus Helicopters has breached the express warranty in each of its Purchase Agreements with Era;

(b) Judgment be entered declaring that Airbus Helicopters has breached its implied warranties, as they relate to the design of the 225s, that attached to the sale of the 225s to Era pursuant to the UCC;

(c) Judgment be entered that Airbus Helicopters fraudulently induced Era to enter into the Purchase Agreements;

(d) Judgment be entered awarding Era damages, in an amount to be determined at trial, for its monetary loss due to Airbus Helicopters' breach and fraud;

(e) Judgement be entered awarding Era exemplary damages as a result of Airbus Helicopters' fraud and willful acts and omissions;

(f) Judgment be entered awarding Era its attorneys' fees and costs, disbursements, and pre- and post-judgment interest; and

(g) Judgment be entered awarding Era such other and further relief as this Court may deem just and proper.

TERMS AND CONDITIONS

1. PRICES AND TERMS OF PAYMENT.

- (a) Prices shown on this Purchase Agreement (this "Purchase Agreement") are in Euro dollars for Products F.A.F. (fly away from factory) Seller's facility or F.O.B. to a common carrier at Seller's facility and do not include packing and crating charges, federal, state or local taxes, excise tariffs or charges, customs duties or other levies, applicable to the manufacture or sale of the Products (as hereinafter defined), which charges, taxes, tariffs or other levies will be added by Seller to the purchase price and will be paid by Buyer.
- (b) Unless otherwise specified in this Purchase Agreement, Buyer shall pay the total unpaid purchase price, plus all applicable packing and crating charges, taxes, tariffs, customs duties and charges, at the time of final delivery of the Products in Grand Prairie. In the event Buyer claims sales tax exemption for purposes of this delivery which is subsequently found non-exempt by the applicable taxing authority, then Buyer agrees to reimburse Seller for any unpaid taxes, interest and penalties assessed against the aircraft purchase by the taxing authority. The term "Products" as used herein shall include helicopters, parts, spare parts, tools, and other miscellaneous equipment and services that may be deliverable hereunder. All other defined terms used herein and not otherwise defined shall have the meanings assigned to those terms as set forth in the Maintenance Manual and Flight Manual (as such manuals are revised and amended from time to time) provided by Seller with each new helicopter sold by Seller, copies of which have been supplied to Buyer.
- (c) All payments shall be made at Seller's offices in Grand Prairie, Texas, without setoff.

2. DELIVERY AND ACCEPTANCE

- (a) Technical acceptance of the aircraft by the Buyer will occur at Eurocopter's facility in Marignane, France. Technical acceptance is required in order to ensure that the aircraft will meet all contractual requirements and in order to allow adjustments to discrepancies if required. Upon satisfactory technical acceptance, the Buyer will submit an additional 10% of the purchase price of the aircraft as a progress payment toward final delivery. The Products shall then be shipped to Seller's facility in Grand Prairie, Texas for final delivery F.A.F. Seller's facility or F.O.B., to a common carrier at Seller's facility for shipment at Seller's expense to Grand Prairie. Upon arrival in Grand Prairie, Seller will reassemble the aircraft at its expense, and Buyer shall be entitled to re-inspect the aircraft, after which Seller will correct, at its expense, any discrepancies. Risk of loss for Products shall pass to Buyer upon final delivery thereof to Buyer at Seller's facility in Grand Prairie. Title shall be transferred to Buyer at final acceptance, via a standard form FAA Bill of Sale as well as a Warranty Bill of Sale which shall, at a minimum, provide that title will be given to Buyer free of all liens, claims, or encumbrances of any kind. All risk of loss or damage from any cause shall be with Seller until final delivery and acceptance.
- (b) The Products shall be accepted by Buyer by an authorized and qualified representative of Buyer after inspection and, in the case of helicopters, flight test at Seller's facility in Grand Prairie, Texas. Seller shall remedy, at its cost, all deficiencies found during inspection prior to Buyer's acceptance and final delivery. Seller agrees that each new helicopter will substantially conform to the weight and performance specifications attached hereto as Exhibit A, subject to Buyer's final configuration specifications. "Substantially conform" shall mean adherence to the referenced specifications within plus or minus two percent variance with the exception of empty weight with two pilots, which shall be within 130 pounds +/-.
- (c) Buyer agrees to accept delivery of the Products in accordance with paragraph 2(b) hereof within ten (10) days after the delivery date set forth on the purchase agreement or, in the event delivery of the Products has been delayed by Seller, within ten (10) days after Seller shall have notified Buyer that the Products are ready for final delivery at Grand Prairie.
- (d) In the event Buyer fails to accept final delivery of the Products as provided herein, or fails to make any payments that may be due to Seller prior to or at final delivery of any Products, Seller may cancel this Purchase Agreement and retain all payments, including all deposits and/or down payments, theretofore made by Buyer to Seller, whether pursuant to this Purchase Agreement or otherwise, in satisfaction of any indebtedness of Buyer hereunder, and the retention by Seller of any such payments shall not preclude Seller from seeking additional or further damages from and against Buyer as Seller may elect.
- (e) Upon final delivery of the Products to Buyer, Buyer shall immediately inspect the Products at its own cost and, if the Products are found not to conform to the applicable specifications for such Products, shall give written notice to Seller of any claim to that effect within ten (10) days after arrival, setting forth in reasonable detail the manner in which the Products do not conform. If Buyer retains the Products after their delivery without giving Seller such notice as required, such failure shall constitute an irrevocable acceptance of the Products by Buyer except with respect to defects not reasonably discoverable by such inspection.
- (f) After final delivery of the helicopter, should Buyer delay flyaway from Seller's facility, Seller shall provide hangar keepers care and charge Buyer according to prevailing rates. In the event Seller provides Buyer a Ferry Pak at delivery, Buyer agrees to return the Ferry Pak within 30 days from delivery date.
- (g) Seller will comply with all mandatory service bulletins and airworthiness directives prior to delivery. **In the event an aircraft is delivered without final paint, it shall be delivered with a special flight permit and shall be fully capable of receiving an FAA Certificate of Airworthiness in the Standard category, with the exception of outstanding items to be completed by Buyer. In such case it will be Buyer's, or its designated completion centers, responsibility to satisfy outstanding exceptions and obtain the Certificate of Airworthiness.** In all other cases, the aircraft will be delivered with current and validly issued FAA Certificates of Airworthiness, with all components and subassemblies in a new and serviceable condition, except for time expired on a component/subassembly as part of the completion process. Hours accrued during completion/manufacturing will not be counted against limited warranty time limits or any maintenance program buy-in amount(s).

3. DELAYS

J RDV 78692 v1
2832205-000002

ADL
AG
4/26/06

- (a) Seller shall not be responsible for, or liable to Buyer for any damages or expenses incurred by Buyer from any failure to perform or delay in performance by Seller due, in whole or in part, to "excusable delays." An "excusable delay" is any failure to perform or delay in performance that is due to causes beyond Seller's control including, but not limited to, acts of God, fire, explosion, acts of the public enemy, war, insurrection, sabotage, acts, orders or priorities (whether compliance therewith is mandatory or voluntary) of any government, state, or political subdivision or agency thereof or judicial action. It is agreed, however, that labor disputes, labor shortages, shortages of fuel, power, or materials, failures or delays in transportation, equipment, or machinery breakdown, or failure or delay of Seller's suppliers shall not be acceptable delay events.
- If the Seller fails to meet an aircraft Delivery Date (or Extended Delivery Date as defined below) specified for that aircraft in the delivery schedule, then Buyer shall be entitled as liquidated damages to receive an interest credit calculated against the deposit money on account with Seller. The liquidated damages credit shall accumulate at the rate of .00033 (0.033%) per day against the deposit allocated for the affected aircraft, commencing on the thirty first (31st) day after the scheduled Delivery Date (or Extended Delivery Date) and continuing to accumulate for the following ninety (90) days thereafter until actual delivery; provided however, the maximum amount of liquidated damages for any schedule delay due to Seller shall not exceed three percent (3%) of the deposit amount on account with Seller against the affected aircraft at acceptance of the aircraft.
- Extended Delivery Date is defined as any schedule delay due to a) permitted delay as provided in Section 3, b) delays due to Buyer's failure to act within a timely manner as required herein, or c) any mutually agreed changes by the parties. Any delay to the delivery date due to Extended Delivery Date circumstances will entitle Seller to move the delivery date on a "day by day" basis. The liquidated damages provided above will be extended accordingly.
- Any delays past 180 days from the Delivery Date as modified or extended shall entitle Buyer to terminate this Agreement and receive a full refund of any deposits or monies paid with regard to that particular aircraft.
- Irrespective of the above, the parties agree that any FAA certification period for the initial aircraft will not be counted against the liquidated damage calculation or apply against the 180 day delay period. Seller agrees to compensate Buyer for any flight hours associated with FAA certification requirement at the rate published by Eurocopter of \$1,800 per flight hour, and any flight hours so accrued will not be charged to Buyer for any warranty period or maintenance program buy-ins.
- (b) Buyer's failure to provide timely and complete materials, equipment, instructions and authorizations to Seller for installation of Buyer furnished equipment during the assembly process, which failure causes the Product to be nonconforming at the delivery date, shall not be cause for delay in delivery acceptance pursuant to paragraphs 2(c) and 2(e) above or in payment. The parties will establish within three (3) months following execution of the Purchase Agreement a list of Buyer furnished equipment or necessary information with corresponding due dates in order to ensure delivery of the helicopters in a timely manner. Any additional costs incurred by Seller as a result of having to work around or reschedule the installation of Buyer furnished equipment due to Buyer's failure to deliver Buyer furnished equipment in a timely manner as provided above shall be invoiced to Buyer and paid by Buyer over and above the price on the Purchase Agreement at delivery.
- (c) Furthermore, any change request(s) by the Buyer may extend the delivery date or require an adjustment to the purchase price. Seller is authorized to send the Buyer an electronic sequential Confirmation Notice of Change Order by Buyer setting out the configuration change or contract revision, the adjusted purchase price, if any, and the revised delivery date. Buyer may reject, in writing or electronically, any Confirmation Notice that is unacceptable within five days of receipt of a Confirmation Notice from Seller. If timely rejected by Buyer, the Purchase Agreement, as amended, will remain in effect and the change order will lapse and not become a part of this agreement. Buyer's failure to respond timely to any Confirmation Notice will be deemed acceptance of the change order by Buyer, which will become part of the contract, as amended.

4. LIMITED WARRANTY

- (a) Seller warrants each new helicopter and parts manufactured by Eurocopter S.A.S. (herein referred to as the "Helicopter Manufacturer") purchased under this agreement to be free from defects in material and workmanship under normal use and service. Seller's obligation under this warranty is limited to replacing or repairing parts or tools that have been returned to Seller's facility and, at the time of any repair or replacement, shall have been recognized by Seller, in its sole discretion, as subject to this warranty. To be eligible for repair, or replacement under this warranty, the alleged failure must have occurred, as determined by Seller, within the following time limits:
- (1) With respect to helicopters and optional equipment manufactured by the Helicopter Manufacturer, the earlier of: (i) 1000 flying hours or (ii) 24 months after they are delivered to Buyer;
 - (2) With respect to spares, the earlier of: (i) 1000 flying hours; (ii) 12 months after installation; or (iii) 24 months after delivery to Buyer; and
 - (3) With respect to tools manufactured by the Helicopter Manufacturer, 24 months after the tool is delivered to Buyer.
- (b) The warranty period on the repaired or replacement part is the warranty period that was remaining on the defective part.
- (c) As soon as possible, but within thirty (30) days after the date Buyer discovers or should have discovered a part failure, Buyer shall return the allegedly failed part or parts to Seller's factory, freight prepaid. Prior to or concurrently with shipment of any allegedly failed part or parts, Buyer shall furnish to Seller in writing full details of Buyer's claim and the basis thereof. Risk of loss for transportation of parts to Seller and, upon return, to Buyer shall be borne entirely by Buyer. All transportation costs, insurance, customs expenses and other charges, as well as the expenses incurred by Buyer for the removal, return, re-installation and related costs and expenses with respect to such part or parts, shall be borne by Buyer. With AEC approval by Warranty Administrator, selected parts may be retained at Buyer's site to be scrapped locally. Claims will not be processed until a completed claim by Buyer has been approved in writing by a Technical Representative of AEC and forwarded to and received by the AEC Warranty office, Grand Prairie, Texas.
- Note: Parts/Components ordered as replacement parts must be acknowledged as "warranty replacements" at the time of order.**
- (d) This warranty shall apply only to the extent the helicopter and the parts installed therein are operated and maintained in accordance with the instructions contained in the Flight Manual, the airframe or component Maintenance Manual (whichever

fol
4/26/16

is applicable), the Helicopter Manufacturer's and/or Seller's service bulletins, service letters or telexes, alert telexes, and maintenance notices, any other technical documentation or service information supplied by Seller to Buyer, and any revisions to any of the foregoing. This warranty shall apply to spares only to the extent they are properly stored and installed, operated, and maintained in accordance with the instructions contained in the Flight Manual, the airframe or component Maintenance Manual (whichever is applicable), the Helicopter Manufacturer's and/or Seller's service bulletins, service letters or telexes, alert telexes, and maintenance notices, any other technical documentation or service information supplied by Seller to Buyer, and any revisions to any of the foregoing.

- (e) If Buyer modifies any helicopter or part sold hereunder in any manner for which Buyer has not received the prior written approval of Seller, such modification shall cause this warranty to terminate and be of no further force and effect.
- (f) This warranty shall not apply to any helicopter or part which has been repaired or altered outside Seller's factory in any way so as, in Seller's sole discretion, to affect its stability, safety or reliability, or which has been subject to misuse, common neglect, abuse, negligence or accident.
- (g) The word "part" as used in this Agreement means "a detail part with reference to a part number shown on a drawing parts list provided" by the Helicopter Manufacturer.
- (h) This warranty may not be extended, altered or varied unless a prior written agreement is signed between Buyer and Seller. This warranty is granted to Buyer personally and shall not be assigned by Buyer without Seller's prior written consent.
- (i) **SELLER AND THE HELICOPTER MANUFACTURER DISCLAIM AND EXCLUDE FROM THIS AGREEMENT ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, STATUTORY WARRANTIES, OTHER EXPRESS WARRANTIES, AND ANY IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE EXPRESS WARRANTY SET FORTH ABOVE IS GIVEN IN LIEU OF: (i) ALL OTHER WARRANTIES AND (ii) ANY OBLIGATION OR LIABILITY OF, RIGHT OR CLAIM AGAINST, OR REMEDY FROM SELLER OR THE HELICOPTER MANUFACTURER, IN CONTRACT OR IN TORT, INCLUDING PRODUCTS LIABILITY BASED ON SELLER'S OR THE HELICOPTER MANUFACTURER'S STRICT LIABILITY OR SELLER'S OR THE HELICOPTER MANUFACTURER'S NEGLIGENCE. THE RIGHTS AND REMEDIES PROVIDED IN THIS AGREEMENT ARE EXCLUSIVE IN CONNECTION WITH THE SALE OF THE HELICOPTER MANUFACTURER'S AND SELLER'S PRODUCT(S). THE STATED EXPRESS WARRANTY PROVIDED HEREIN IS IN LIEU OF ANY AND ALL LIABILITIES OR OBLIGATIONS OF THE HELICOPTER MANUFACTURER OR OF SELLER FOR ANY INJURIES, BODILY HARM, OR DAMAGES OF ANY TYPE, INCLUDING, BUT NOT LIMITED TO, ALL INCIDENTAL OR CONSEQUENTIAL DAMAGES, ALL LOSS, DAMAGE OR EXPENSE ARISING OUT OF OR IN CONNECTION WITH THE USE, LOSS OF USE, PERFORMANCE, OR NON-PERFORMANCE OF THE HELICOPTER MANUFACTURER'S AND/OR SELLER'S PRODUCTS, AND DAMAGES FROM ANY OTHER CAUSE.**

THE HELICOPTER MANUFACTURER AND SELLER MAKE NO WARRANTY WITH RESPECT TO TURBINE ENGINES OR AVIONICS EQUIPMENT. FOR WARRANTY ON THESE EXCLUDED PARTS, BUYER MUST LOOK TO THE ORIGINAL MANUFACTURER. AT BUYER'S WRITTEN REQUEST, SELLER WILL ASSIGN TO BUYER ANY WARRANTY RIGHTS IT MAY HAVE RECEIVED WITH RESPECT TO SUCH ITEMS OR PARTS TO THE EXTENT SUCH RIGHTS ARE ASSIGNABLE. NORMAL WEAR AND TEAR OF PARTS SUCH AS SEALS, TIRES, INNER TUBES, BULBS, PACKINGS, AND SIMILAR CONSUMABLE PARTS, AS WELL AS THOSE PARTS WHOSE LIST PRICE IS \$50.00 OR LESS, ARE EXCLUDED FROM COVERAGE UNDER THIS WARRANTY.

- (j) Seller's warranty shall not be enlarged, diminished, or affected by, and no obligation or liability shall arise out of, Seller's rendition of technical advice, assistance or service in connection with any of Products purchased hereunder.

5. TRAINING

(a) Pilot Training

- (1) Seller shall provide at its facilities in Marignane, France, initial training for 2 of Buyer's pilots who are proficient in helicopter flying for each new helicopter purchased hereunder. Seller shall provide at its facilities in Grand Prairie, Texas, transition training for three (3) pilots who are proficient in helicopter flying for each of the helicopters purchased hereunder (for a total of 20 pilots) provided such training is commenced within one (1) year of the delivery date for each aircraft hereunder. Such flight training for each pilot shall be performed in the helicopter(s) purchased by Buyer hereunder after transfer of title to the helicopter(s) to Buyer. Initial and transition training shall consist of up to a combination of twelve (12) flight/simulator hours per pilot (depending on proficiency of the pilot) with formal ground school. Seller reserves the right to set minimum competency requirements for any pilot to be trained hereunder and to refuse to train any pilot not meeting those requirements. Seller shall, at its cost, procure and carry full hull and liability insurance coverage for all training conducted at Marignane, shall add Buyer as an additional primary insured, and shall provide Buyer with a copy of all policies upon request. All policies shall waive subrogation against Buyer or its pilots, warranted no operational interest, with breach of warranty on the hull and liability coverages.
- (2) Buyer may elect to have more than the above numbers of his qualified pilots trained hereunder. Buyer shall be charged at the prevailing rate established by Seller for each additional pilot to be trained.
- (3) Buyer acknowledges that the training procedures include, in addition to standard flight operations, the actual performance of emergency flight procedures simulating non-standard flight conditions. Buyer hereby accepts the risk of injury, loss, and damage associated with instruction in emergency flight procedures, except as may be otherwise provided herein.
- (4) Buyer hereby assumes all risk of loss, injury and damage to Buyer's helicopter(s), employees, representatives or agents during transition training in Grand Prairie including without limitation, consequential or incidental damages,

loss of use or injury, regardless of cause or fault, and Buyer waives all right of recovery and subrogation (except for products liability) against Seller, its employees and agents for any such damage, injury or loss so sustained; provided, however, that this waiver and assumption of risk shall only apply to losses other than Product failures for which Seller may be responsible under the warranty provisions of this purchase agreement, in which case Seller's liability to Buyer, if any, shall be limited in accordance with the terms of that warranty. Buyer hereby warrants that Buyer's hull insurer has acknowledged this waiver of subrogation with respect to Buyer's operation of the aircraft.

- (5) Seller, in coordination with Eurocopter, agrees at its option to offer the following flight training alternatives:
- (i) Seller shall develop an EC225 certified Full Flight Simulator (FFS) independently or through a cooperative commercial effort with Era Helicopters, or,
 - (ii) in lieu of the FFS development, Eurocopter may develop an EC225 Flight Training Device (FTD) qualified by Eurocopter and built to high industry standards using a certified manufacturer data package. In the event of either subsection (i) or (ii), then Eurocopter shall have either the EC225 FFS or FTP available for pilot training to Era in 2008.
 - (iii) In the event that Eurocopter elects not to have either FFS or FTP available for Era pilot training by the end of 2008, then Eurocopter will design and make available to Era before the end of 2008 a qualified flight training program that would encompass the use of the MK II FFS to accomplish a similar pilot training profile as would be obtained with an EC225 FFS.

(b) Maintenance Training

- (1) For each new helicopter purchased hereunder, Seller will provide, in their facility in Marignane, France, a ground course covering field maintenance on the engine and airframe. Buyer may elect to send up to -2- of its qualified mechanics for each aircraft to any scheduled training courses during the 6 months prior to delivery or up to 6 months after delivery of each aircraft. Seller reserves the right to set minimum competency requirements for any mechanic to be trained hereunder and to refuse to train any mechanic not meeting those requirements. Seller will also provide at their facility in Marignane, France, a ground course in avionics. Buyer may elect to send up to one (1) of its qualified mechanics for each helicopter purchased hereunder.
- (2) Buyer may elect to have more than the above numbers of his qualified mechanics trained hereunder. Buyer shall be charged at the prevailing rate established by Seller for each additional mechanic to be trained.

(c) General

- (i) Buyer shall be responsible for loss or injury to Buyer's property, employees, representatives or agents at all times while at Seller's facilities when conversion or maintenance training is a reason for such time spent at Seller's facilities.
- (ii) All expenses and liabilities of Buyer or Buyer's personnel for travel to and from, and stay in, the Dallas/Fort Worth, Texas area shall be borne by Buyer.
- (iii) The training and technical assistance provided for herein applies only to the original purchase of a new helicopter and is not transferable.
- (iv) Buyer may exchange a pilot training slot(s) for mechanic training slot(s), or vice versa, at its option upon 90 day advance written notice to Seller.

6. TECHNICAL ASSISTANCE, PUBLICATIONS/UPDATES

To complement its training and assist the Buyer during the initial period of operation of the helicopters, Seller agrees to send to the Buyer's location, at no charge and at a date to be agreed upon, one factory trained service technician for a period of one (1) year.

The technicians will remain under Seller's control, and will only be available during five (5) working days per week and for a maximum of eight (8) hours a day. This on site support shall be provided at the Buyer's choice:

- (i) Either at the time of the first basic inspection
- (ii) Or at any time chosen by the Buyer, but no later than fifteen (15) months after acceptance of the last helicopter delivered under the Contract.

If the Buyer fails to avail itself of this service within the time limits outlined above, it will lose the benefit of this service.

The following expenses for the on-site support technicians shall be borne by the Buyer:

- (i) Traveling expenses to the Buyer's location and back
- (ii) Transport expenses within the Buyer's country when on duty, including travel expenses from their place of residence to their place of work and back.

Additional on-site technical assistance (performed by Seller aircrew or technicians) can be offered if necessary, on a case by case basis, at the Buyer's request. In that case Buyer shall be charged at the prevailing rates published annually by Seller. Seller shall not be held responsible by Buyer for any damage sustained by the property of the Buyer or by any third party during the performance of this technical assistance. Seller shall supply free of charge for each helicopter delivered:

- (i) One interactive electronic support (CD Rom) with the documentation necessary for the maintenance of the helicopter and for the identification of parts for operation and routine servicing,
- (ii) One hard copy of
 - (a) The flight manual
 - (b) A set of service bulletins
 - (c) the master servicing recommendation manual

[Handwritten signatures and initials]

The documentation is initially provided at the latest available revision level and will be in the English language. Customization of the documentation due to new equipment or installations specific to the Buyer will be provided:

- (i) For maintenance documentation within four (4) months after delivery of the first helicopter
- (ii) For identification documentation within an estimated eight (8) to nine (9) months, but not later than twelve (12) months, after delivery of the first helicopter.

Upon request additional CD Rom or extra hard copies are available and Buyer will be charged at the prevailing rates annually published by Seller.

7. PRICE ADJUSTMENT AND PRODUCT SPECIFICATION CHANGE

All prices are subject to adjustment, provided that written notice of any adjustment shall be given at least thirty (30) days prior to the delivery date, and provided, further, that Buyer may cancel its order to purchase any product, the price of which is increased (except for agreed change orders), by giving written notice thereof to Seller within ten (10) days after receipt of notice of such increase. The specifications concerning the Product(s) covered hereunder are subject to change by Seller in order to permit incorporation of changes and improvements in the continued development of Seller's products, subject to Buyer's consent. Any adjustment in prices resulting from specification changes shall be subject to the first sentence of this paragraph 6.

CD Rom updates of said documents shall be supplied by Seller free of charge as long as the helicopter is in operation. This concerns the CD Rom documentation, the flight manual, the master servicing manual and the service bulletins. Hard copy revision updates will discontinue after five (5) years.

In order for Seller to be in a position to fulfill its obligations, the Buyer undertakes to notify Seller of any change either in the Buyer's address or in the owner's name if the helicopter has been sold in the meantime.

8. GENERAL.

- (a) This Purchase Agreement and the rights of the parties hereto shall in every respect be governed by and construed in accordance with the substantive laws of the State of Texas without reference to the laws of any other state or jurisdiction. Buyer hereby irrevocably consents and agrees that any legal proceeding arising out of or in connection with this Agreement or the rights of the parties hereto may be commenced and prosecuted to conclusion in Dallas, Dallas County, Texas.
- (b) Neither Buyer nor Seller shall assign any rights nor delegate any duty under this Purchase Agreement to any parties other than to its affiliates without the prior written consent of the other party.
- (c) The undersigned signatory for Buyer hereby represents that he/she is Buyer's authorized representative and that Buyer is fully authorized and empowered to enter into this Purchase Agreement and has full authority to perform the terms and conditions hereof. This Purchase Agreement may be executed in multiple counterparts which together shall constitute the original hereof. The signature of either party exchanged by facsimile transmission shall be binding to the same extent, and have the same force and effect, as the exchange of an original written signature.
- (d) The language of each provision of this Purchase Agreement shall be construed as it relates to the entire agreement and accorded its fair meaning without regard to the person who drafted all or any part of this Purchase Agreement.
- (e) If any part of this Purchase Agreement shall be held by any court of competent jurisdiction to be illegal or unenforceable, the rest of this Purchase Agreement shall not be affected and shall remain in full force and effect.
- (f) Nothing in this Purchase Agreement shall constitute or create a joint venture, partnership, agency, or any similar relationship between Buyer and Seller. Buyer agrees to take such other action and to execute and deliver such agreements or other documents as may be reasonably necessary or desirable to carry out the purposes of the provisions of this Purchase Agreement.

9. NOTICES.

All notices, requests, and other communications hereunder shall be in writing and shall be deemed to be given and received (a) when personally delivered by hand to the recipient or (b) three (3) days after deposit in registered or certified first class U.S. mail (or comparable national postal system, if appropriate), postage prepaid, or (c) transmitted by facsimile to the recipient at the address set forth under such recipient's name on the first page of this Purchase Agreement.

10. MODIFICATIONS.

This Purchase Agreement constitutes the final written expression of all the terms of this Purchase Agreement and is the complete and exclusive statement of those terms. No modification or amendment, except for approved change order, made to the printed terms and conditions of this Purchase Agreement shall be effective until both parties shall have signified their acceptance thereto by separately initialing each modification or amendment. Any subsequent modification, amendment, or waiver to this Purchase Agreement must be in writing and signified by both Buyer and Seller.

- (b) Unless otherwise specified in this Purchase Agreement, Buyer shall pay the total unpaid purchase price, plus all applicable packing and crating charges, taxes, tariffs, customs duties and charges, at the time of delivery of the Products. In the event Buyer claims sales tax exemption for purposes of this delivery which is subsequently found non-exempt by the applicable taxing authority, then Buyer agrees to reimburse Seller for any unpaid taxes, interest and penalties assessed against the aircraft purchase by the taxing authority. The term "Products" as used herein shall include helicopters, parts, spare parts, tools, and other miscellaneous equipment and services that may be deliverable hereunder. All other defined terms used herein and not otherwise defined shall have the meanings assigned to those terms as set forth in the Maintenance Manual and Flight Manual (as such manuals are revised and amended from time to time) provided by Seller with each new helicopter sold by Seller, copies of which have been supplied to Buyer.
- (c) All payments shall be made at Seller's offices in Grand Prairie, Texas, without setoff.

2. DELIVERY AND ACCEPTANCE

- (a) The Products shall be delivered F.A.F. Seller's facility or F.O.B., to a common carrier at Seller's facility for shipment at Buyer's expense to destinations designated by Buyer. Title to and risk of loss for Products shall pass to Buyer upon delivery thereof to Buyer at Seller's facility or upon delivery thereof to a common carrier for shipment to Buyer unless otherwise specified on the face of this Purchase Agreement. Title shall be transferred to Buyer via a standard form FAA Bill of Sale as well as a Warranty Bill of Sale which shall, at a minimum, provide that title will be given to Buyer free of all liens, claims, or encumbrances of any kind. All risk of loss or damage from any cause shall be with Seller until delivery and acceptance.
- (b) The Products shall be accepted by Buyer by an authorized and qualified representative of Buyer after inspection and, in the case of helicopters, flight test at Seller's facility in Grand Prairie, Texas, or at such other location previously approved by Seller. Seller shall remedy, at its cost, all deficiencies found during inspection prior to Buyer's acceptance and final delivery.
- (c) Buyer agrees to accept delivery of the Products in accordance with paragraph 2(b) hereof within ten (10) days after the delivery date set forth on the purchase agreement or, in the event delivery of the Products has been delayed by Seller, within ten (10) days after Seller shall have notified Buyer that the Products are ready for delivery.
- (d) In the event Buyer fails to accept delivery of the Products as provided herein, or fails to make any payments that may be due to Seller prior to or at delivery of any Products, Seller may cancel this Purchase Agreement and retain all payments, including all deposits and/or down payments, theretofore made by Buyer to Seller, whether pursuant to this Purchase Agreement or otherwise, in satisfaction of any indebtedness of Buyer hereunder, and the retention by Seller of any such payments shall not preclude Seller from seeking additional or further damages from and against Buyer as Seller may elect.
- (e) Upon delivery of the Products to Buyer, Buyer shall immediately inspect the Products at its own cost and, if the Products are found not to conform to the published specifications for such Products, shall give written notice to Seller of any claim to that effect within ten (10) days after arrival, setting forth in reasonable detail the manner in which the Products do not conform. If Buyer retains the Products after their delivery without giving Seller such notice as required, such failure shall constitute an irrevocable acceptance of the Products by Buyer except with respect to defects not reasonably discoverable by such inspection.
- (f) After delivery of the helicopter, should Buyer delay flyaway from Seller's facility, Seller shall provide hangar keepers care and charge Buyer according to prevailing rates. In the event Seller provides Buyer a Ferry Pak at delivery, Buyer agrees to return the Ferry Pak within 30 days from delivery date.
- (g) Seller will comply with all mandatory service bulletins and airworthiness directives prior to delivery. In the event an aircraft is delivered without final paint, it shall be delivered with a special flight permit and shall be fully capable of receiving an FAA Certificate of Airworthiness in the Standard category, with the exception of outstanding items to be completed by Buyer. In such case it will be Buyer's, or its designated completion centers, responsibility to satisfy outstanding exceptions and obtain the Certificate of Airworthiness. In all other cases, the aircraft will be delivered with current and validly issued FAA Certificates of Airworthiness, with all components and subassemblies in a new and serviceable condition, except for time expired on a component/subassembly as part of the completion process. Hours accrued during completion/manufacturing will not be counted against limited warranty time limits or any maintenance program buy-in amount(s).

3. DELAYS

- (a) Seller shall not be responsible for, or liable to Buyer for any damages or expenses incurred by Buyer from any failure to perform or delay in performance by Seller due, in whole or in part, to "excusable delays." An "excusable delay" is any failure to perform or delay in performance that is due to causes beyond Seller's control including, but not limited to, acts of God, fire, explosion, acts of the public enemy, war, insurrection, sabotage acts, orders or priorities (whether compliance therewith is mandatory or voluntary) of any government, state, or political subdivision or agency thereof or judicial action. It is agreed, however, that labor disputes, labor shortages, shortages of fuel, power, or materials, failures or delays in transportation, equipment, or machinery breakdown, or failure or delay of Seller's suppliers shall not be acceptable delay events.

If the Seller fails to meet an aircraft Delivery Date or Extended Delivery Date as defined below) specified for that aircraft in the delivery schedule, then Buyer shall be entitled, as indicated damages to receive an interest credit calculated against the

EC225 June 14, 2007

deposit money on account with Seller. The liquidated damages credit shall accumulate at the rate of .00033 (0.033%) per day against the deposit allocated for the affected aircraft, commencing on the ninety first (91st) day after the scheduled Delivery Date (or Extended Delivery Date) and continuing to accumulate for the following ninety (90) days thereafter until actual delivery; provided however, the maximum amount of liquidated damages for any schedule delay due to Seller shall not exceed three percent (3%) of the deposit amount on account with Seller against the affected aircraft at acceptance of the aircraft.

Extended Delivery Date is defined as any schedule delay due to a) permitted delay as provided in Section 3, b) delays due to Buyer's failure to act within a timely manner as required herein, or c) any mutually agreed changes by the parties. Any delay to the delivery date due to Extended Delivery Date circumstances will entitle Seller to move the delivery date on a "day by day" basis. The liquidated damages provided above will be extended accordingly.

Any delays past 180 days from the Delivery Date as modified or extended shall entitle Buyer to terminate this Agreement and receive a full refund of any deposits or monies paid with regard to that particular aircraft.

- (b) Buyer's failure to provide, not less than 90 days prior to the scheduled delivery date, complete materials, equipment, instructions and authorizations to Seller for installation of Buyer furnished equipment during the assembly process, which failure causes the Product to be nonconforming at the delivery date, shall not be cause for delay in delivery acceptance pursuant to paragraphs 2(c) and 2(e) above or in payment. Any additional costs incurred by Seller as a result of having to work around or reschedule the installation of Buyer furnished equipment due to Buyer's failure to deliver Buyer furnished equipment in a timely manner as provided above shall be invoiced to Buyer and paid by Buyer over and above the price on the Purchase Agreement at delivery.
- (c) Furthermore, any change request(s) by the Buyer may extend the delivery date or require an adjustment to the purchase price. Seller is authorized to send the Buyer an electronic sequential Confirmation Notice of Change Order by Buyer setting out the configuration change or contract revision, the adjusted purchase price, if any, and the revised delivery date. Buyer may reject, in writing or electronically, any Confirmation Notice that is unacceptable within five days of receipt of a Confirmation Notice from Seller. If timely rejected by Buyer, the Purchase Agreement, as amended, will remain in effect and the change order will lapse and not become a part of this agreement. Buyer's failure to respond timely to any Confirmation Notice will be deemed acceptance of the change order by Buyer, which will become part of the contract, as amended.

- (e) If Buyer modifies any helicopter or part sold hereunder in any manner for which Buyer has not received the prior written approval of Seller, such modification shall cause this warranty to terminate and be of no further force and effect.
- (f) This warranty shall not apply to any helicopter or part which has been repaired or altered outside Seller's factory in any way so as, in Seller's sole discretion, to affect its stability, safety or reliability, or which has been subject to misuse, common neglect, abuse, negligence or accident.

Actual

PURPOSE: This Proposal is for the firm purchase and sale of two (2) EC225 Eurocopter model helicopters, and an Option to Purchase two (2) additional EC225 Eurocopter model helicopters, provided that the Option to Purchase is exercised before June 30, 2010, subject to the terms and conditions of this Proposal.

I. HELICOPTER CONFIGURATION

The helicopter configuration offered in the following pages is based on an EC225 helicopter generally accepted globally and presented by American Eurocopter as "Oil & Gas Standard Configuration". Era can request that additional options and/or equipment be added to the configuration but the removal of equipment noted as part of the "Standard" configuration will be subject to possible delivery delays and additional costs.

TCAS I will be replaced by TCAS II, which is currently under development and expected to be certified before the end of 2011 and will be part of the new Oil & Gas configuration. If Era so elects, all helicopters delivered under the proposal can be delivered with the TCAS II fixed provisions only. The Eurocopter Group TCAS II installation is proposed as an integrated system with the AHCAS and coupled with the aircraft AFCS. In any event, the aircraft covered hereunder will be delivered with a fully-certified TCAS II system.

II. STANDARD AIRCRAFT AND ROLE EQUIPMENT PRICES and ADDITIONAL EQUIPMENT PRICES

All prices are fixed for the helicopters (Firm and Option Aircraft) that are ordered in accordance with the terms of this Proposal and subject to the proposed delivery schedule at section IV hereafter, provided that the order for the initial two (2) aircraft are placed on or before **April 9, 2010. All orders must be evidenced by the execution of American Eurocopter's standard Purchase Agreement and standard conditions of sale (Appendix I) on or before April 9, 2010.**

The following prices are for products delivered Ex-Works-Marignane factory, France. Price does not include special expenses payable by the Buyer such as transport costs (to include any disassembly & packaging requested by the Buyer to prepare the helicopter for transport), possible import costs connected with the purchasing of the material or costs possibly stemming from regulations peculiar to the Buyer's country of importation. American Eurocopter agrees to assist ERA to receive the "best pricing" available and expedite shipping to final destination selected by ERA.

For an order placed after this period of validity, the prices will then be adjusted according to the delivery dates we can offer and the economic conditions prevailing at that time.

Should a contract result from this proposal, the amount of such contract would depend on the final equipment fit made by Era.

The proposed delivery schedule of the helicopters is presented in section III hereafter.

In such case it will be Buyer's, or its designated completion centers, responsibility to satisfy outstanding exceptions and obtain the Certificate of Airworthiness. In all other cases, the aircraft will be delivered with current and validly issued FAA (or EASA, ANAC (Brazil), or Malaysian certificate, if applicable) Certificates of Airworthiness, with all components and subassemblies in a new and serviceable condition, except for time expired on a component/subassembly as part of the completion process. Buyer is to notify Seller the country of conformity (certification and registration) six (6) months prior to delivery, otherwise the delivery date might be affected. Hours accrued during completion/manufacturing will not be counted against limited warranty time limits or any maintenance program buy-in amount(s).
- (h) Certification Authority Election: Buyer agrees to make certification authority election, as follows (**Select One**):
 - ☐ (i) Buyer elects EASA Certification, with EASA documentation; or
 - ☐ (ii) Buyer elects FAA Certification with FAA documentation.
 Buyer's Signature *[Signature]* Date 4-9-2010
 In the event Buyer fails to make above election, then Buyer agrees to advise Seller within six (6) months of each aircraft delivery as to its certification authority election.

3. DELAYS

- (a) Seller shall not be responsible for, or liable to Buyer for any damages or expenses incurred by Buyer from any failure to perform or delay in performance by Seller due, in whole or in part, to "excusable delays." An "excusable delay" is any failure to perform or delay in performance that is due to causes beyond Seller's control including, but not limited to, acts of God, fire, explosion, acts of the public enemy, war, insurrection, sabotage acts, orders or priorities (whether compliance therewith is mandatory or voluntary) of any government, state, or political subdivision or agency thereof or judicial action. It is agreed, however, that labor disputes, labor shortages, shortages of fuel, power, or materials, failures or delays in transportation, equipment, or machinery breakdown, or failure or delay of Seller's suppliers shall not be acceptable delay events.
- (b) Buyer's failure to provide, not less than 90 days prior to the scheduled delivery date, complete materials, equipment, instructions and authorizations to Seller for installation of Buyer furnished equipment during the assembly process, which failure causes the Product to be nonconforming at the delivery date, shall not be cause for delay in delivery acceptance pursuant to paragraphs 2(c) and 2(e) above or in payment. Any additional costs incurred by Seller as a result of having to work around or reschedule the installation of Buyer furnished equipment due to Buyer's failure to deliver Buyer furnished equipment in a timely manner as provided above shall be invoiced to Buyer and paid by Buyer over and above the price on the Purchase Agreement at delivery.
- (c) Furthermore, any change request(s) by the Buyer may extend the delivery date or require an adjustment to the purchase price. Seller is authorized to send the Buyer an electronic sequential Confirmation Notice of Change Order by Buyer setting out the configuration change or contract revision, the adjusted purchase price, if any, and the revised delivery date. Buyer may reject, in writing or electronically, any Confirmation Notice that is unacceptable within five days of receipt of a Confirmation Notice from Seller. If timely rejected by Buyer, the Purchase Agreement, as amended, will remain in effect and the change order will lapse and not become a part of this agreement. Buyer's failure to respond timely to any Confirmation Notice will be deemed acceptance of the change order by Buyer, which will become part of the contract, as amended.

4. LIMITED WARRANTY

- (a) Seller warrants each new helicopter and parts manufactured by Eurocopter S.A.S. (herein referred to as the "Helicopter Manufacturer") purchased under this agreement to be free from defects in material and workmanship under normal use and service. Seller's obligation under this warranty is limited to replacing or repairing parts or tools that have been returned to Seller's facility and, at the time of any repair or replacement, shall have been recognized by Seller, in its sole discretion, as subject to this warranty. To be eligible for repair, or replacement under this warranty, the alleged failure must have occurred, as determined by Seller, within the following time limits:
 - (1) With respect to helicopters and optional equipment manufactured by the Helicopter Manufacturer, the earlier of: (i) 1000 flying hours or (ii) 24 - months after they are delivered to Buyer;
 - (2) With respect to spares, the earlier of: (i) 1000 flying hours; (ii) 12 months after installation; or (iii) 24 months after delivery to Buyer; and
 - (3) With respect to tools manufactured by the Helicopter Manufacturer, 24 months after the tool is delivered to Buyer.
- (b) The warranty period on the repaired or replacement part is the warranty period that was remaining on the defective part.
- (c) As soon as possible, but within thirty (30) days after the date Buyer discovers or should have discovered a part failure, Buyer shall return the allegedly failed part or parts to Seller's factory, freight prepaid. Prior to or concurrently with shipment of any allegedly failed part or parts, Buyer shall furnish to Seller in writing full details of Buyer's claim and the basis thereof. Risk of loss for transportation of parts to Seller and, upon return, to Buyer shall be borne entirely by Buyer. All transportation costs, insurance, customs expenses and other charges, as well as the expenses incurred by Buyer for the removal, return, re-installation and related costs and expenses with respect to such part or parts, shall be borne by Buyer. With AEC approval by Warranty Administrator, selected parts may be retained at Buyer's site to be scrapped locally. Claims will not be processed until a completed claim by Buyer has been approved in writing by a Technical Representative of AEC and forwarded to and received by the AEC Warranty office, Grand Prairie, Texas.
Note: Parts/Components ordered as replacement parts must be acknowledged as "warranty replacements" at the time of order.
- (d) This warranty shall apply only to the extent the helicopter and the parts installed therein are operated and maintained in accordance with the instructions contained in the Flight Manual, the airframe or component Maintenance Manual (whichever is applicable), the Helicopter Manufacturer's and/or Seller's service bulletins, service letters or telexes, alert telexes, and maintenance notices, any other technical documentation or service information supplied by Seller to Buyer, and any revisions to any of the foregoing. This warranty shall apply to spares only to the extent they are properly stored and installed, operated, and maintained in accordance with the instructions contained in the Flight Manual, the airframe or component Maintenance Manual (whichever is applicable), the Helicopter Manufacturer's and/or Seller's service bulletins, service letters or telexes, alert telexes, and maintenance notices, any other technical documentation or service information supplied by Seller to Buyer, and any revisions to any of the foregoing.
- (e) If Buyer modifies any helicopter or part sold hereunder in any manner for which Buyer has not received the prior written approval of Seller, such modification shall cause this warranty to terminate and be of no further force and effect.
- (f) This warranty shall not apply to any helicopter or part which has been repaired or altered outside Seller's factory in any way so as, in Seller's sole discretion, to affect its stability, safety or reliability, or which has been subject to misuse, common neglect, abuse, negligence or accident.
- (g) The word "part" as used in this Agreement means "a detail part with reference to a part number shown on a drawing parts list provided" by the Helicopter Manufacturer.
- (h) This warranty may not be extended, altered or varied unless a prior written agreement is signed between Buyer and Seller. This warranty is granted to Buyer personally and shall not be assigned by Buyer without Seller's prior written consent.

- (i) SELLER AND THE HELICOPTER MANUFACTURER DISCLAIM AND EXCLUDE FROM THIS AGREEMENT ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, STATUTORY WARRANTIES, OTHER EXPRESS WARRANTIES, AND ANY IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE EXPRESS WARRANTY SET FORTH ABOVE IS GIVEN IN LIEU OF: (i) ALL OTHER WARRANTIES AND (ii) ANY OBLIGATION OR LIABILITY OF, RIGHT OR CLAIM AGAINST, OR REMEDY FROM SELLER OR THE HELICOPTER MANUFACTURER, IN CONTRACT OR IN TORT, INCLUDING PRODUCTS LIABILITY BASED ON SELLER'S OR THE HELICOPTER MANUFACTURER'S STRICT LIABILITY OR SELLER'S OR THE HELICOPTER MANUFACTURER'S NEGLIGENCE. THE RIGHTS AND REMEDIES PROVIDED IN THIS AGREEMENT ARE EXCLUSIVE IN CONNECTION WITH THE SALE OF THE HELICOPTER MANUFACTURER'S AND SELLER'S PRODUCT(S). THE STATED EXPRESS WARRANTY PROVIDED HEREIN IS IN LIEU OF ANY AND ALL LIABILITIES OR OBLIGATIONS OF THE HELICOPTER MANUFACTURER OR OF SELLER FOR ANY INJURIES, BODILY HARM, OR DAMAGES OF ANY TYPE, INCLUDING, BUT NOT LIMITED TO, ALL INCIDENTAL OR CONSEQUENTIAL DAMAGES, ALL LOSS, DAMAGE OR EXPENSE ARISING OUT OF OR IN CONNECTION WITH THE USE, LOSS OF USE, PERFORMANCE, OR NON-PERFORMANCE OF THE HELICOPTER MANUFACTURER'S AND/OR SELLER'S PRODUCTS, AND DAMAGES FROM ANY OTHER CAUSE.

THE HELICOPTER MANUFACTURER AND SELLER MAKE NO WARRANTY WITH RESPECT TO TURBINE ENGINES OR AVIONICS EQUIPMENT. FOR WARRANTY ON THESE EXCLUDED PARTS, BUYER MUST LOOK TO THE ORIGINAL MANUFACTURER. AT BUYER'S WRITTEN REQUEST, SELLER WILL ASSIGN TO BUYER ANY WARRANTY RIGHTS IT MAY HAVE RECEIVED WITH RESPECT TO SUCH ITEMS OR PARTS TO THE EXTENT SUCH RIGHTS ARE ASSIGNABLE. NORMAL WEAR AND TEAR OF PARTS SUCH AS SEALS, TIRES, INNER TUBES, BULBS, PACKINGS, AND SIMILAR CONSUMABLE PARTS, AS WELL AS THOSE PARTS WHOSE LIST PRICE IS \$50.00 OR LESS, ARE EXCLUDED FROM COVERAGE UNDER THIS WARRANTY.

- (j) Seller's warranty shall not be enlarged, diminished, or affected by, and no obligation or liability shall arise out of, Seller's rendition of technical advice, assistance or service in connection with any of Products purchased hereunder.

5. TRAINING

(a) Training Credit

- (1) At Buyer's request, Seller shall provide a training credit of \$300,000.00 per aircraft which may be applied against training services with Seller in accordance with the terms and conditions set out herein or maybe utilized as a credit against HeliSim training at their facility. The credit offered is in lieu of the standard 2 pilot/2 mechanic and avionics technician normally provided with a new aircraft purchase at a prescheduled Eurocopter class. Any training outside of the standard training scope, or special training requests by Buyer, may be subject to special quote and additional costs. Applicable prescheduled Eurocopter training services will be for i) pilot training, ii) maintenance training, and iii) avionics training, which services are further defined below. All travel and lodging expenses shall be borne by Buyer.
- (2) All training services must be used within twenty four (24) months of each aircraft delivery for the above services. Training may not be transferred from aircraft to aircraft without the mutual written agreement of the parties. Any unused training credits at the end of the twenty four (24) month training period will expire and be of no further force and effect. Buyer will not be entitled to receive any compensation for any unused credits.

(b) Pilot Training

- (1) Seller shall provide pilot training services at Eurocopter's facilities in Marignane, France. Initial and transition training shall consist of up to a combination of twelve (12) flight/simulator hours per pilot (depending on proficiency of the pilot) with formal ground school. Seller reserves the right to set minimum competency requirements for any pilot to be trained hereunder and to refuse to train any pilot not meeting those requirements.
- (2) Buyer acknowledges that the transition procedures include, in addition to standard flight operations, the actual performance of emergency flight procedures simulating non-standard flight conditions. Buyer hereby accepts the risk of injury, loss, and damage associated with instruction in emergency flight procedures.
- (3) Buyer hereby assumes all risk of loss, injury and damage to Buyer's helicopter(s), employees, representatives or agents during transition training including without limitation, consequential or incidental damages, loss of use or injury, regardless of cause or fault, and Buyer waives all right of recovery and subrogation (except for products liability) against Seller, its employees and agents for any such damage, injury or loss so sustained; provided, however, that this waiver and assumption of risk shall only apply to losses other than Product failures for which Seller may be responsible under the warranty provisions of this purchase agreement, in which case Seller's liability to Buyer, if any, shall be limited in accordance with the terms of that warranty. Buyer hereby warrants that Buyer's hull insurer has acknowledged this waiver of subrogation with respect to Buyer's operation of the aircraft.

(c) Maintenance Training

- (1) Seller will provide, either in AE's facility in Grand Prairie, Texas or Eurocopter's facility in Marignane, France, a ground course covering field maintenance on the engine and airframe. Seller reserves the right to set minimum competency requirements for any mechanic to be trained hereunder and to refuse to train any mechanic not meeting those requirements.
- (2) Buyer shall be charged at the prevailing rate established by Seller for each mechanic to be trained.

(d) Avionics Training

- (1) Seller will also provide, either in AE's facility in Grand Prairie, Texas or Eurocopter's facility in Marignane, France, a ground course in avionics. Seller reserves the right to set minimum competency requirements for any mechanic to be trained hereunder and to refuse to train any mechanic not meeting those requirements.

AGW

- (2) Buyer may elect to have more than the above numbers of his qualified mechanics trained hereunder. Buyer shall be charged at the prevailing rate established by Seller for each mechanic to be trained.

(e) **On Site Technical Assistance**

- (1) To complement its training and to assist the Buyer during the initial period of operation of the helicopters, Seller agrees to send to the Buyer's location within the 48 contiguous states, Alaska or Hawaii at no additional cost, for a period of eight (8) weeks per helicopter, commencing on delivery of the first helicopter, one (1) on site tech representative. The onsite tech representative will only be available during five (5) working days per week and for a maximum of eight (8) hours a day.

In the event the Buyer fails to utilize this onsite service within the time limits outlined above, it will lose the benefit of this service. No credit will be issued to Buyer for partial utilization of the onsite tech representative.

The following expenses for the on-site technical representative shall be borne by the Buyer:

- (i) Travel expenses to and from the Buyer's location,
 - (ii) Auto expenses when on duty, including travel expenses from their place of residence to their place of work and back.
- (2) Additional on-site technical assistance can be offered if necessary, on a case by case basis, at the Buyer's request. In that case Buyer will be charged at the Seller's prevailing rates. Seller shall not be held responsible by Buyer for any damage sustained by the property of Buyer or by any third party during the performance of this tech assistance.

(g) **General**

- (i) Buyer shall be responsible for loss or injury to Buyer's property, employees, representatives or agents at all times while at Seller's facilities when conversion or maintenance training is a reason for such time spent at Seller's facilities.
- (ii) All expenses and liabilities of Buyer or Buyer's personnel for travel to and from, and stay in, the Dallas/Fort Worth, Texas area for AE's facility or Eurocopter's Marignane facility shall be borne by Buyer.
- (iii) The training and technical assistance provided for herein applies only to the original purchase of a new helicopter and is not transferable.

6. PUBLICATIONS/UPDATES

Seller shall supply free of charge for each helicopter delivered:

- (i) One interactive electronic support (CD Rom) with the documentation necessary for the maintenance of the helicopter and for the identification of parts for operation and routine servicing,
- (ii) One hard copy of
 - (a) The flight manual
 - (b) A set of service bulletins
 - (c) the master servicing recommendation manual

The documentation is initially provided at the latest available revision level and will be in the English language. Customization of the documentation due to new equipment or installations specific to the Buyer will be provided:

- (i) For maintenance documentation within four (4) months after delivery of the first helicopter
- (ii) For identification documentation within an estimated eight (8) to nine (9) months, but not later than twelve (12) months, after delivery of the first helicopter.

Upon request additional CD Rom or extra hard copies are available and Buyer will be charged at the prevailing rates annually published by Seller.

7. PRICE ADJUSTMENT AND PRODUCT SPECIFICATION CHANGE

All prices are subject to adjustment, provided that written notice of any adjustment shall be given at least thirty (30) days prior to the delivery date, and provided, further, that Buyer may cancel its order to purchase any product, the price of which is increased (except for agreed change orders), by giving written notice thereof to Seller within ten (10) days after receipt of notice of such increase. The specifications concerning the Product(s) covered hereunder are subject to change by Seller in order to permit incorporation of changes and improvements in the continued development of Seller's products, subject to Buyer's consent. Any adjustment in prices resulting from specification changes shall be subject to the first sentence of this paragraph 6.

CD Rom updates of said documents shall be supplied by Seller free of charge as long as the helicopter is in operation. This concerns the CD Rom documentation, the flight manual, the master servicing manual and the service bulletins. Hard copy revision updates will discontinue after five (5) years.

In order for Seller to be in a position to fulfill its obligations, the Buyer undertakes to notify Seller of any change either in the Buyer's address or in the owner's name if the helicopter has been sold in the meantime.

8 GENERAL.

- (a) This Purchase Agreement and the rights of the parties hereto shall in every respect be governed by and construed in accordance with the substantive laws of the State of Texas without reference to the laws of any other state or jurisdiction. Buyer hereby irrevocably consents and agrees that any legal proceeding arising out of or in connection with this Agreement or the rights of the parties hereto may be commenced and prosecuted to conclusion in Dallas, Dallas County, Texas.

- (f) Nothing in this Purchase Agreement shall constitute or create a joint venture, partnership, agency, or any similar relationship between Buyer and Seller. Buyer agrees to take such other action and to execute and deliver such agreements or other documents as may be reasonably necessary or desirable to carry out the purposes of the provisions of this Purchase Agreement.
- (g) Notwithstanding anything to the contrary, the parties hereby waive any and all consequential, special, indirect or loss of sale damages.

On the Effective Date, in exchange for providing the Backstop Commitment, and pursuant to the terms and conditions of the Backstop Agreement and the Support Agreements Approval Order, the Backstop Parties shall receive the New Second Lien Convertible Notes constituting the Put Option Premium.

5.17 *Intercompany Interests.*

On the Effective Date and without the need for any further corporate action or approval of any board of directors, management, or shareholders of any Debtor or Reorganized Debtor, as applicable, all Intercompany Interests shall be Reinstated and unaffected by this Plan and continue in place following the Effective Date.

5.18 *Tax Matters.*

Subject to definitive guidance from the U.S. Internal Revenue Service or a court of competent jurisdiction to the contrary, all parties (including the Reorganized Debtors, all holders of Allowed Senior Secured Notes Claims and Allowed Unsecured Notes Claims who receive New Second Lien Convertible Notes pursuant to this Plan, the New Second Lien Convertible Notes Indenture Trustee and all other parties to the New Second Lien Convertible Notes Indenture) shall, unless prohibited by applicable law, treat the New Second Lien Convertible Notes as equity for U.S. federal income tax purposes (that is not preferred stock for purposes of section 305 of the Tax Code), and the New Second Lien Convertible Notes Indenture shall so provide. To the extent permitted by applicable law, all parties shall report consistent therewith for U.S. state and local income tax purposes.

5.19 *Separability.*

Notwithstanding the combination of separate plans of reorganization for the Debtors set forth in this Plan for purposes of economy and efficiency, this Plan constitutes a separate chapter 11 plan for each Debtor. Voting and distributions will be calculated and made on a Debtor-by-Debtor basis. If the Bankruptcy Court does not confirm this Plan with respect to one or more Debtors, it may still, with the consent of the Debtors, the Requisite Plan Sponsors

and the Creditors' Committee, confirm this Plan with respect to any other Debtor that satisfies the confirmation requirements of section 1129 of the Bankruptcy Code.

5.20 *Settlement of Claims and Controversies.*

Pursuant to section 1123(b)(3)(A) of the Bankruptcy Code and Bankruptcy Rule 9019, and in consideration for the Plan Distributions and other benefits provided under this Plan, the provisions of this Plan shall constitute a good faith compromise and settlement of all Claims and controversies relating to the rights that a holder of a Claim or Interest may have with respect to such Claim or Interest or any Plan Distribution on account thereof, including (i) the amount, value, and treatment of ABL Claims, Senior Secured Notes Claims, and Unsecured Notes Claims against the Debtors; (ii) the validity, extent and priority of the Liens securing the Senior Secured Notes; (iii) the value of the Debtors' encumbered and unencumbered Assets; (iv) any potential adequate protection or diminution in value Claim by the holders of Senior Secured Notes; (v) any potential Claim to surcharge Collateral under section 506(c) of the Bankruptcy Code; (vi) the allocation of distributable value among the creditor classes; and (vii) the Plan Equity Value and the total enterprise value of the Debtors. In the event that, for any reason, the Confirmation Order is not entered or the Effective Date does not occur, the Debtors, the Plan Sponsors, the Creditors' Committee, and the other Consenting Creditor Parties reserve all of their respective rights with respect to any and all disputes resolved and settled under the Plan. The entry of the Confirmation Order shall constitute the Bankruptcy Court's approval, as of the Effective Date, of each of the compromises and settlements embodied in the Plan, and the Bankruptcy Court's finding that all such compromises or settlements are: (i) in the best interest of the Debtors, the Estates, the Reorganized Debtors, and their respective property and stakeholders; and (ii) fair, equitable and within the range of reasonableness. The provisions of the Plan, including, without limitation, its release, injunction, exculpation and compromise provisions, are mutually dependent.

5.21 *Limited Consolidation for Primary General Unsecured Claims Distribution.*

(a) Consistent with Section 5.20 hereof, this Plan provides for recoveries on account of Allowed Primary General Unsecured Claims in Class 7 from the Primary General Unsecured Claims Distribution, regardless of the Debtor entity against which such Allowed Primary General Unsecured Claims are asserted. The Debtors shall not be consolidated for any other purpose. To the extent necessary, the Plan shall serve as a motion seeking, and entry of the Confirmation Order shall constitute, the approval, pursuant to section 105(a) of the Bankruptcy Code and Bankruptcy Rule 9019, effective as of the Effective Date, of the limited consolidation for distribution on account of Primary General Unsecured Claims as provided in this section.

(b) For the avoidance of doubt, the limited consolidation described in this Section shall only apply to distributions on account of Allowed Primary General Unsecured Claims and shall not impact, waive, or otherwise effect any Allowed Secondary General Unsecured Claims asserted against any Debtor or any recoveries on such Allowed Secondary General Unsecured Claims, if applicable. Providing distributions to holders of Allowed Primary General Unsecured Claims in the manner described in this Section shall not affect: (i) the legal and corporate structures of the Debtors; (ii) pre- and post-Effective Date guarantees, liens and

security interests that are required to be maintained (a) in connection with contracts or leases that were entered into during the Chapter 11 Cases or Executory Contracts and Unexpired Leases that have been or will be assumed by the Debtors or (b) pursuant to this Plan; (iii) Intercompany Interests; (iv) distributions from any insurance policies or proceeds of such policies; or (v) the revesting of assets in the separate Reorganized Debtors. In addition, such consolidation shall not constitute a waiver of the mutuality requirement for setoff under section 553 of the Bankruptcy Code.

(c) The characterization of each General Unsecured Claim as a Primary General Unsecured Claim or a Secondary General Unsecured Claim for distribution purposes shall be reasonably determined by the Voting Agent and the Debtors or Reorganized Debtors, as applicable, subject to the reasonable consent of the Creditors' Committee or the Post-Effective Date Committee, as applicable, or as otherwise ordered by the Bankruptcy Court.

5.22 Adjustment of Primary General Unsecured Claims Distribution and Secondary General Unsecured Claims Distribution.

Notwithstanding anything herein to the contrary, the Debtors may modify the allocation between and among the Secondary General Unsecured Claims Distribution and the Primary General Unsecured Claims Distribution, including between and among the Secondary Recovery Debtors identified on Exhibit C to the Disclosure Statement, to the extent necessary to satisfy the requirements of the Bankruptcy Code.

5.23 Restructuring Expenses.

On the Effective Date, or as soon as practicable thereafter, the Debtors or the Reorganized Debtors, as applicable, shall pay in full in Cash all outstanding Restructuring Expenses incurred, or estimated to be incurred, through the Effective Date, in accordance with the terms of the applicable orders, engagement letters or other applicable contractual arrangements, but without regard to any notice or objection period as may be contained in such applicable orders, engagement letters, or other applicable arrangements, subject to adjustment, if necessary, for the actual Restructuring Expenses incurred.

ARTICLE VI. DISTRIBUTIONS.

6.1 Distributions Generally.

The Disbursing Agent shall make all Plan Distributions to the appropriate holders of Allowed Claims in accordance with the terms of this Plan.

6.2 Plan Funding.

Plan Distributions of Cash shall be funded from the Debtors' and the Reorganized Debtors' Cash on hand as of the applicable date of such Plan Distribution.

6.3 *No Postpetition Interest on Claims.*

Except as otherwise specifically provided for in this Plan, the Confirmation Order, or another order of the Bankruptcy Court or required by the Bankruptcy Code, postpetition interest shall not accrue or be paid on any Claims, and no holder of a Claim shall be entitled to interest accruing on such Claim on or after the Petition Date.

6.4 *Date of Distributions.*

Unless otherwise provided in this Plan, any distributions and deliveries to be made under this Plan shall be made on the Effective Date or as soon thereafter as is practicable; *provided*, that the Reorganized Debtors may implement periodic distribution dates to the extent they determine them to be appropriate.

6.5 *Distribution Record Date.*

As of the close of business on the Distribution Record Date, the various lists of holders of Claims in each Class, as maintained by the Debtors or their agents, shall be deemed closed, and there shall be no further changes in the record holders of any Claims after the Distribution Record Date. Neither the Debtors, the Reorganized Debtors, nor the Disbursing Agent shall have any obligation to recognize any transfer of a Claim occurring after the close of business on the Distribution Record Date. In addition, with respect to payment of any Cure Amounts or disputes over any Cure Amounts, neither the Debtors, the Reorganized Debtors, nor the Disbursing Agent shall have any obligation to recognize or deal with any party other than the non-debtor party to the applicable executory contract or unexpired lease, even if such non-debtor party has sold, assigned, or otherwise transferred its Claim for a Cure Amount.

6.6 *Disbursing Agent.*

All distributions under this Plan shall be made by the Disbursing Agent on and after the Effective Date as provided herein. The Disbursing Agent shall not be required to give any bond or surety or other security for the performance of its duties. The Reorganized Debtors shall use all commercially reasonable efforts to provide the Disbursing Agent (if other than the Reorganized Debtors) with the amounts of Claims and the identities and addresses of holders of Claims, in each case, as set forth in the Debtors' or Reorganized Debtors' books and records. The Reorganized Debtors shall cooperate in good faith with the applicable Disbursing Agent (if other than the Reorganized Debtors) to comply with the reporting and withholding requirements outlined in Section 6.17 of this Plan.

6.7 *Delivery of Distributions.*

The Disbursing Agent will issue or cause to be issued, the applicable consideration under this Plan and, subject to Bankruptcy Rule 9010, will make all distributions to any holder of an Allowed Claim as and when required by this Plan at: (i) the address of such holder on the books and records of the Debtors or their agents; or (ii) at the address in any written notice of address change delivered to the Debtors or the Disbursing Agent, including any addresses included on any transfers of Claim filed pursuant to Bankruptcy Rule 3001. In the event that any distribution to any holder is returned as undeliverable, no distribution or payment

to such holder shall be made unless and until the Disbursing Agent has been notified of the then-current address of such holder, at which time or as soon thereafter as reasonably practicable such distribution shall be made to such holder without interest.

6.8 *Unclaimed Property.*

One year from the later of (a) the Effective Date and (b) the date that is ten (10) Business Days after the date a Claim is first Allowed, all distributions payable on account of Claim that are not deliverable and remain unclaimed shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revert to the Reorganized Debtors or their successors or assigns, and all claims of any other Entity (including the holder of a Claim in the same Class) to such distribution shall be discharged and forever barred. The Reorganized Debtors and the Disbursing Agent shall have no obligation to attempt to locate any holder of an Allowed Claim other than by reviewing the Debtors' books and records and filings with the Bankruptcy Court. Notwithstanding the foregoing, if any General Unsecured Claims Distributions remain unclaimed for one year after attempted distribution, such undeliverable distributions shall be distributed, Pro Rata, to the holders of Allowed General Unsecured Claims against the Debtor entity that made such undeliverable distributions in accordance with Section 6.1 hereof.

6.9 *Satisfaction of Claims.*

Unless otherwise provided herein, any distributions and deliveries to be made on account of Allowed Claims under this Plan shall be in complete and final satisfaction, settlement, and discharge of and exchange for such Allowed Claims.

6.10 *Manner of Payment Under Plan.*

Except as specifically provided herein, at the option of the Debtors or the Reorganized Debtors, as applicable, any Cash payment to be made under this Plan may be made by a check or wire transfer or as otherwise required or provided in applicable agreements or customary practices of the Debtors.

6.11 *Fractional Shares and Notes and De Minimis Cash Distributions.*

No fractional New Membership Interests shall be distributed. When any distribution would otherwise result in the issuance of a number of New Membership Interests that is not a whole number, the New Membership Interests subject to such distribution shall be rounded to the next higher or lower whole number as follows: (i) fractions equal to or greater than 1/2 shall be rounded to the next higher whole number; and (ii) fractions less than 1/2 shall be rounded to the next lower whole number. The total number of New Membership Interests to be distributed on account of Allowed Claims will be adjusted as necessary to account for the rounding provided for herein. No consideration will be provided in lieu of fractional shares that are rounded down. Neither the Reorganized Debtors nor the Disbursing Agent shall have any obligation to make a distribution that is less than one (1) New Membership Interest or Fifty Dollars (\$50.00) in Cash. Fractional New Membership Interests that are not distributed in accordance with this section shall be returned to, and ownership thereof shall vest in, Reorganized CHC. The New Second Lien Convertible Notes and New Unsecured Notes each

shall be issued in denominations of One Dollar (\$1) or any integral multiples thereof and any other amounts shall be rounded down.

6.12 *No Distribution in Excess of Amount of Allowed Claim.*

Notwithstanding anything to the contrary in this Plan, no holder of an Allowed Claim shall receive, on account of such Allowed Claim, Plan Distributions in excess of the Allowed amount of such Claim plus any postpetition interest on such Claim, to the extent such interest is permitted by Section 6.3 of this Plan.

6.13 *Allocation of Distributions Between Principal and Interest.*

Except as otherwise required by law (as reasonably determined by the Debtors), consideration received in respect of an Allowed Claim shall be allocable first to the principal amount of the Claim (as determined for U.S. federal income tax purposes) and then, to the extent of any excess, to the remainder of the Claim, including any Claim for accrued but unpaid interest.

6.14 *Exemption from Securities Laws.*

(a) The issuance of and the distribution under this Plan of the New Membership Interests and the New Unsecured Notes shall be exempt from registration under the Securities Act and any other applicable securities laws to the fullest extent permitted by section 1145 of the Bankruptcy Code. These securities may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided by section 4(a)(1) of the Securities Act, unless the holder is an “underwriter” with respect to such securities, as that term is defined in section 1145(b) of the Bankruptcy Code. In addition, such section 1145 exempt securities generally may be resold without registration under state securities laws pursuant to various exemptions provided by the respective laws of the several states.

(b) The Rights Offering and the issuance and sale, as applicable, of the Subscription Rights and the New Second Lien Convertible Notes (and the New Membership Interests issuable upon conversion thereof) pursuant to the Rights Offering and to the Backstop Parties under the Backstop Agreement (including the New Second Lien Convertible Notes (and the New Membership Interests issuable upon the conversion thereof) comprising the Put Option Premium) is being made in reliance on the exemption from registration set forth in section 4(a)(2) of the Securities Act and Regulation D thereunder. Such securities will be considered “restricted securities” and may not be transferred except pursuant to an effective registration statement or under an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rule 144 of the Securities Act.

6.15 *Setoffs and Recoupments.*

Each Debtor or Reorganized Debtor, as applicable, or such Entity’s designee, may, pursuant to section 553 of the Bankruptcy Code or applicable nonbankruptcy law, offset or recoup against any Allowed Claim and the distributions to be made pursuant to this Plan on account of such Allowed Claim any and all Claims, rights, and Causes of Action that such Debtor or Reorganized Debtor or its successors may hold against the holder of such Allowed

Claim; *provided*, that neither the failure to effect a setoff or recoupment nor the allowance of any Claim hereunder will constitute a waiver or release by a Debtor or Reorganized Debtor or its successor of any Claims, rights, or Causes of Action that a Reorganized Debtor or its successor or assign may possess against such holder.

6.16 *Rights and Powers of Disbursing Agent.*

(a) The Disbursing Agent shall be empowered to: (i) effect all actions and execute all agreements, instruments, and other documents necessary to perform its duties under this Plan; (ii) make all applicable distributions or payments provided for under this Plan; (iii) employ professionals to represent it with respect to its responsibilities; and (iv) exercise such other powers (A) as may be vested in the Disbursing Agent by order of the Bankruptcy Court (including any order issued after the Effective Date) or pursuant to this Plan or (B) as deemed by the Disbursing Agent to be necessary and proper to implement the provisions of this Plan.

(b) To the extent the Disbursing Agent is an Entity other than a Debtor or Reorganized Debtor, except as otherwise ordered by the Bankruptcy Court and subject to the written agreement of the Reorganized Debtors, the amount of any reasonable fees and expenses incurred by the Disbursing Agent on or after the Effective Date (including taxes) and any reasonable compensation and expense reimbursement Claims (including for reasonable attorneys' and other professional fees and expenses) made by the Disbursing Agent shall be paid in Cash by the Reorganized Debtors.

6.17 *Withholding and Reporting Requirements.*

(a) In connection with this Plan and all instruments issued in connection therewith and distributed thereon, the Reorganized Debtors and the Disbursing Agent shall comply with all applicable withholding and reporting requirements imposed by any federal, state, local, or foreign taxing authority, and all distributions under this Plan shall be subject to any such withholding or reporting requirements. In the case of a non-Cash distribution that is subject to withholding, the distributing party may withhold an appropriate portion of such distributed property and sell such withheld property to generate Cash necessary to pay over the withholding tax. Any amounts withheld pursuant to the preceding sentence shall be deemed to have been distributed to and received by the applicable recipient for all purposes of this Plan.

(b) Notwithstanding the above, each holder of an Allowed Claim that is to receive a distribution under this Plan shall have the sole and exclusive responsibility for the satisfaction and payment of any tax obligations imposed on such holder by any Governmental Unit, including income, withholding, and other tax obligations, on account of such distribution. The Reorganized Debtors and the Disbursing Agent have the right, but not the obligation, to not make a distribution until such holder has made arrangements satisfactory to any issuing or disbursing party for payment of any such tax obligations.

(c) The Reorganized Debtors and the Disbursing Agent may require, as a condition to receipt of a distribution, that the holder of an Allowed Claim provide any information necessary to allow the distributing party to comply with any such withholding and reporting requirements imposed by any federal, state, local or foreign taxing authority. If the

Reorganized Debtors or the Disbursing Agent make such a request and the holder fails to comply before the date that is 180 days after the request is made, the amount of such distribution shall irrevocably revert to the applicable Reorganized Debtor and any Claim in respect of such distribution shall be discharged and forever barred from assertion against such Reorganized Debtor or its respective property.

ARTICLE VII. PROCEDURES FOR RESOLVING CLAIMS.

7.1 *Disputed Claims Generally.*

Except insofar as a Claim is Allowed under the Plan, the Debtors or the Reorganized Debtors, as applicable, shall be entitled to object to Claims. Any objections to Claims shall be served and filed on or before: (a) the one-hundred and eightieth (180th) day following the later of (i) the Effective Date and (ii) the date that a proof of Claim is filed or amended or a Claim is otherwise asserted or amended in writing by or on behalf of a holder of such Claim; or (b) such later date as may be fixed by the Bankruptcy Court.

7.2 *Objections to Professional Fee Claims.*

Any objections to Professional Fee Claims shall be served and filed (a) no later than thirty (30) days after the filing of the final applications for compensation or reimbursement by the applicable Professional Person or (b) such later date as ordered by the Bankruptcy Court.

7.3 *Estimation of Claims.*

The Debtors or the Reorganized Debtors, as applicable, may at any time request that the Bankruptcy Court estimate any contingent, unliquidated, or Disputed Claim pursuant to section 502(c) of the Bankruptcy Code, regardless of whether the Debtors had previously objected to or otherwise disputed such Claim or whether the Bankruptcy Court has ruled on any such objection. The Bankruptcy Court shall retain jurisdiction to estimate any Claim at any time during litigation concerning any objection to any Claim, including during the pendency of any appeal relating to any such objection. In the event that the Bankruptcy Court estimates any contingent, unliquidated, or Disputed Claim, the amount so estimated shall constitute either the Allowed amount of such Claim or a maximum limitation on such Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on the amount of such Claim, the Reorganized Debtors may pursue supplementary proceedings to object to the allowance of such Claim.

7.4 *Claim Resolution Procedures Cumulative.*

All of the objection, estimation, and resolution procedures in this Plan are intended to be cumulative and not exclusive of one another. Claims may be estimated and subsequently settled, compromised, withdrawn, or resolved in accordance with this Plan by any mechanism approved by the Bankruptcy Court.

7.5 Resolution of Disputed Claims

On and after the Effective Date, the Reorganized Debtors shall have the authority to litigate, compromise, settle, otherwise resolve or withdraw any objections to all Claims against the Debtors and to compromise and settle any such Disputed Claims without notice to or approval by the Bankruptcy Court or any other party; *provided, however*, that for so long as the Post-Effective Date Committee is in existence, the Post-Effective Date Committee shall have (i) consultation rights for the settlement of any General Unsecured Claims filed or asserted in the amount of Five Million Dollars (\$5,000,000) or more and (ii) reasonable consent rights with respect to any settlement of a General Unsecured Claim that is settled for an Allowed General Unsecured Claim in excess of Five Million Dollars (\$5,000,000). In the event the Post-Effective Date Committee does not consent to any such Claim settlement, the Reorganized Debtors shall have the right to seek approval of such Claim settlement by the Bankruptcy Court pursuant to Bankruptcy Rule 9019. Upon request, the Debtors or the Reorganized Debtors shall also provide the Post-Effective Date Committee with a spreadsheet of all General Unsecured Claims, which shall include the filed Claim amounts and any objections asserted thereto.

7.6 No Distributions Pending Allowance.

No payment or distribution provided under this Plan shall be made on account of a Disputed Claim unless and until (and only to the extent that) such Claim becomes an Allowed Claim.

7.7 Disputed Claims Reserve

(a) There shall be withheld from the New Membership Interests and New Unsecured Notes to be distributed to holders of Allowed General Unsecured Claims an amount of New Membership Interests and New Unsecured Notes that would be distributable to Disputed General Unsecured Claims had such Disputed Claims been Allowed on the Effective Date, together with all earnings thereon (net of any expenses relating thereto, including any taxes imposed thereon or otherwise payable by the Disputed Claims Reserve). There shall also be withheld Cash in an amount that would be distributable to any Disputed Convenience Claims had such Disputed Claims been Allowed on the Effective Date, together with all earnings thereon (net of any expenses relating thereto, including any taxes imposed thereon or otherwise payable by the Disputed Claims Reserve). The Disbursing Agent shall hold in the Disputed Claims Reserve all dividends, payments, and other distributions made on account of, as well as any obligations arising from, property held in the Disputed Claims Reserve, to the extent that such property continues to be so held at the time such distributions are made or such obligations arise, and such dividends, payments, or other distributions shall be held for the benefit of (i) holders of Disputed General Unsecured Claims against any of the Debtors whose Claims are subsequently Allowed, (ii) holders of New Unsecured Notes pending resolution of distributions to holders of Allowed Convenience Claims, (iii) holders of Disputed Convenience Claims against any of the Debtors whose Claims are subsequently Allowed, and (iv) other parties entitled thereto hereunder.

(b) The Debtors intend to seek a determination by the Bankruptcy Court of the estimated amount (either on an individual or aggregate basis) of Disputed General Unsecured

Claims and the Disputed Convenience Claims for purposes of determining the amount of the Disputed Claims Reserve attributable to such Disputed Claims. The New Membership Interests held in the Disputed Claims Reserve pursuant to this Section 7.7 shall be deemed voted by the Disbursing Agent proportionally in the same manner as any outstanding New Membership Interests held by parties other than the Disbursing Agent are voted. The Disbursing Agent shall be responsible for payment, out of the assets of the Disputed Claims Reserve, of any taxes imposed on the Disputed Claims Reserve or its assets. In the event, and to the extent, any Cash in the Disputed Claims Reserve is insufficient to pay the portion of any such taxes attributable to the taxable income arising from the assets of the Disputed Claims Reserve (including any income that may arise upon the distribution of the assets in the Disputed Claims Reserve), assets of the Disputed Claims Reserve may be sold to pay such taxes. To the extent that a Disputed General Unsecured Claim becomes an Allowed Claim after the Effective Date, the Disbursing Agent shall distribute to the holder thereof the distribution, if any, of the New Membership Interests and New Unsecured Notes to which such holder is entitled hereunder out of the Disputed Claims Reserve. To the extent that a Disputed Convenience Claim becomes an Allowed Claim after the Effective Date, the Disbursing Agent shall distribute to the holder thereof the distribution, if any, of Cash to which such holder is entitled hereunder out of the Disputed Claims Reserve. No interest shall be paid with respect to any Disputed Convenience Claim or any Disputed General Unsecured Claim that becomes an Allowed Claim after the Effective Date.

(c) In the event the New Membership Interests and New Unsecured Notes remaining in the Disputed Claims Reserve are insufficient to satisfy all the Disputed Claims that have become Allowed and are due to be satisfied with distributions from the Disputed Claims Reserve, such Disputed Claims shall be satisfied Pro Rata or ratably, as applicable, from the Disputed Claims Reserve consistent with the proportional recoveries provided by the Plan and as set forth in Exhibit C to the Disclosure Statement. After all New Membership Interests and New Unsecured Notes have been distributed from the Disputed Claims Reserve, no further distributions shall be made in respect of Disputed Claims. At such time as all Disputed Claims have been resolved, any remaining New Membership Interests and New Unsecured Notes in the Disputed Claims Reserve shall be released from the Disputed Claims Reserve for distribution in accordance with Sections 4.7 and 5.8 hereof.

7.8 *Distributions After Allowance.*

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, distributions (if any) shall be made to the holder of such Allowed Claim in accordance with the provisions of this Plan. As soon as practicable after the date on which the order or judgment of the Bankruptcy Court allowing any Disputed Claim becomes a Final Order, the Disbursing Agent shall provide to the holder of such Claim the distribution (if any) to which such holder is entitled under this Plan as of the Effective Date, without any interest to be paid on account of such Claim unless required by the Bankruptcy Code.

ARTICLE VIII. EXECUTORY CONTRACTS AND UNEXPIRED LEASES.

8.1 *Assumption and Rejection of Executory Contracts and Unexpired Leases.*

(a) As of and subject to the occurrence of the Effective Date, all executory contracts and unexpired leases to which the Debtors are party shall be deemed rejected except for an executory contract or unexpired lease that (i) has previously been assumed or rejected pursuant to a Final Order of the Bankruptcy Court, (ii) is specifically designated on the Schedule of Assumed Contracts and Leases filed and served prior to commencement of the Confirmation Hearing, (iii) is specifically designated on the Schedule of Rejected Contracts and Leases filed and served prior to commencement of the Confirmation Hearing, (iv) is specifically designated on the Schedule of Assumed Aircraft Leases filed and served prior to commencement of the Confirmation Hearing, (v) is specifically designated on the Schedule of Rejected Aircraft Leases filed and served prior to commencement of the Confirmation Hearing, or (vi) is the subject of a separate (A) assumption motion filed by the Debtors or (B) rejection motion filed by the Debtors under section 365 of the Bankruptcy Code before the Confirmation Date. The Debtors reserve the right to modify the treatment of any particular executory contract or unexpired lease pursuant to this Plan, and any such modification shall be reasonably acceptable to the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

(b) Subject to the occurrence of the Effective Date, the payment of any applicable Cure Amount, and the resolution of any Cure Dispute, the entry of the Confirmation Order by the Bankruptcy Court shall constitute approval of the rejections, assumptions, and assignments provided for in this Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Unless otherwise indicated or provided in a separate order of the Bankruptcy Court, rejections or assumptions or assumptions and assignments of executory contracts and unexpired leases pursuant to this Plan are effective as of the Effective Date. Each executory contract and unexpired lease assumed pursuant to this Plan or by order of the Bankruptcy Court but not assigned to a third party before the Effective Date shall vest in and be fully enforceable by the applicable Reorganized Debtor in accordance with its terms, except as modified by the provisions of this Plan, any order of the Bankruptcy Court authorizing and providing for its assumption, or applicable law.

(c) Unless otherwise provided herein or by separate order of the Bankruptcy Court, each executory contract and unexpired lease that is assumed or assumed and assigned shall include any and all modifications, amendments, supplements, restatements, or other agreements made directly or indirectly by any agreement, instrument, or other document that in any manner affects such executory contract or unexpired lease, without regard to whether such agreement, instrument, or other document is listed in the Schedule of Assumed Contracts and Leases or Schedule of Assumed Aircraft Leases.

(d) Notwithstanding anything to the contrary contained in this Plan, subject to the terms and conditions of the Milestone Term Sheet as approved by the Bankruptcy Court, on the Effective Date, (i) the Milestone Committed Aircraft Lease Agreements shall be assumed and shall vest in and be fully enforceable against applicable Reorganized Debtor; (ii) any guarantee agreement or other Definitive Restructuring Document (as defined in the Milestone Term Sheet)

that is not an executory contract, shall be reinstated pursuant to section 1123(a)(2) of the Bankruptcy Code and shall vest in and be fully enforceable against the applicable Reorganized Debtor; and (iii) the Milestone Incremental Aircraft Lease Agreements shall vest in and be fully enforceable against the applicable Reorganized Debtor.

8.2 *Determination of Cure Disputes and Deemed Consent.*

(a) The Debtors shall file, as part of the Plan Supplement, the Schedule of Assumed Contracts and Leases and the Schedule of Assumed Aircraft Leases, which, if and where applicable, will indicate whether the executory contract or lease is also being assigned and to whom, and shall simultaneously serve a Cure Notice on parties to executory contracts or unexpired leases to be assumed or, if applicable, assigned, reflecting the Debtors' intention to assume or assume and assign the contract or lease in connection with this Plan and, where applicable, setting forth the proposed Cure Amount (if any).

(b) With respect to each executory contract or unexpired lease to be assumed or assumed and assigned by the Debtors, unless otherwise determined by the Bankruptcy Court pursuant to a Final Order or agreed to by the parties thereto prior to the Effective Date, the dollar amount required to Cure any defaults of the Debtors existing as of the Confirmation Date shall be the Cure Amount set in the Cure Notice. The Cure Amount shall be satisfied, under section 365(b)(1) of the Bankruptcy Code, by the Debtors or Reorganized Debtors, as applicable, upon assumption of the relevant executory contract or unexpired lease. Upon payment in full of the Cure Amount, any and all proofs of Claim based upon an executory contract or unexpired lease that has been assumed in the Chapter 11 Cases or hereunder shall be deemed Disallowed and expunged without any further notice to or action by any party or order of the Bankruptcy Court.

(c) If there is a dispute regarding (i) any Cure Amount, (ii) the ability of the Debtors to provide adequate assurance of future performance (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed, or (iii) any other matter pertaining to assumption or assumption and assignment, such dispute shall be heard by the Bankruptcy Court prior to such assumption or assumption and assignment being effective. Any counterparty to an executory contract or unexpired lease that fails to object timely to the notice of the proposed assumption or assumption and assignment of such executory contract or unexpired lease or the relevant Cure Amount within fifteen (15) days of the Debtors' notice of intent to assume or assume and assign, shall be deemed to have consented to such assumption or assumption and assignment and the Cure Amount (even if Zero Dollars (\$0)), and shall be forever barred, estopped, and enjoined from challenging the validity of such assumption or assumption and assignment or the amount of such Cure Amount thereafter.

8.3 *Rejection*

In the event that the rejection of an executory contract or unexpired lease hereunder results in damages to the other party or parties to such contract or lease, any Claim for such damages, if not heretofore evidenced by a timely filed proof of Claim, shall be forever barred and shall not be enforceable against the Debtors or the Reorganized Debtors, or their respective Estates, properties or interests in property, unless a proof of Claim is filed with the Bankruptcy Court and served upon the Debtors or the Reorganized Debtors, as applicable, no

later than thirty (30) days after the later of (i) the Confirmation Date or (ii) the effective date of the rejection of such executory contract or unexpired lease, as set forth on the Schedule of Rejected Contracts and Leases or on the Schedule of Rejected Aircraft Leases or order of the Bankruptcy Court. The Confirmation Order shall constitute the Bankruptcy Court's approval of the rejection of all the leases and contracts identified in the Schedule of Rejected Contracts and Leases, the Schedule of Rejected Contracts and Leases, and Schedule of Rejected Aircraft Leases.

8.4 *Survival of the Debtors' Indemnification Obligations.*

Any obligations of the Debtors pursuant to their corporate charters, by-laws, limited liability company agreements, memorandum and articles of association, or other organizational documents and agreements to indemnify current and former officers, directors, agents, or employees with respect to all present and future actions, suits, and proceedings against the Debtors or such officers, directors, agents, or employees based upon any act or omission for or on behalf of the Debtors shall not be discharged, impaired, or otherwise affected by this Plan; *provided*, that the Reorganized Debtors shall not indemnify any person for any Claims or Causes of Action arising out of or relating to any act or omission that is a criminal act or constitutes fraud, gross negligence, or willful misconduct. All such obligations shall be deemed and treated as executory contracts to be assumed by the Debtors under this Plan and shall continue as obligations of the Reorganized Debtors.

8.5 *Compensation and Benefit Plans.*

The Debtors shall file, as part of the Plan Supplement, the Schedule of Assumed Compensation and Benefit Plans. Unless otherwise provided in this Plan, all employment and severance policies, and all compensation and benefits plans, policies, and programs of the Debtors applicable to their respective employees, retirees, and non-employee directors, including all savings plans, retirement plans, healthcare plans, disability plans, severance benefit plans, incentive plans, and life and accidental death and dismemberment insurance plans, in each case to the extent specifically listed on the Schedule of Assumed Compensation and Benefit Plans, are deemed to be, and shall be treated as, executory contracts under this Plan and, on the Effective Date, will be assumed pursuant to sections 365 and 1123 of the Bankruptcy Code. Any such policy, plan, or program not specifically listed on the Schedule of Assumed Compensation and Benefit Plans shall be deemed rejected. For the avoidance of doubt, any awards granted under the Management Incentive Plan will be governed by such plan and will not be subject to any provisions of the foregoing assumed plans, programs, or arrangements.

8.6 *Insurance Policies.*

All insurance policies to which any Debtor is a party as of the Effective Date shall be deemed to be and treated as executory contracts, shall be assumed by the applicable Debtor, and shall vest in the Reorganized Debtors and continue in full force and effect thereafter in accordance with their respective terms.

8.7 *Reservation of Rights.*

(a) The Debtors may amend the Schedule of Assumed Contracts and Leases, the Schedule of Rejected Contracts and Leases, the Schedule of Assumed Aircraft Leases, and the Schedule of Rejected Aircraft Leases and any Cure Notice through 4:00 p.m. (Central Time) on the Business Day immediately prior to the commencement of the Confirmation Hearing in order to (i) add, delete, or reclassify any executory contract or unexpired lease or amend a proposed assignment and /or (ii) amend the proposed Cure; *provided, however*, that if the Confirmation Hearing is adjourned for a period of more than two (2) consecutive calendar days, the Debtors' right to amend such schedules and notices shall be extended to 4:00 p.m. (Central Time) on the Business Day immediately prior to the adjourned date of the Confirmation Hearing, with such extension applying in the case of any and all subsequent adjournments of the Confirmation Hearing. For the avoidance of doubt, any such amendments shall be reasonably acceptable in all respects to the Debtors, the Requisite Plan Sponsors, and the Creditors' Committee.

(b) Neither the exclusion nor the inclusion by the Debtors of any contract or lease on any exhibit, schedule, or other annex to this Plan or in the Plan Supplement, nor anything contained in this Plan, will constitute an admission by the Debtors that any such contract or lease is or is not an executory contract or unexpired lease or that the Debtors or the Reorganized Debtors or their respective affiliates have any liability thereunder.

(c) Except as otherwise provided in this Plan, or in a previously entered order of the Bankruptcy Court, nothing shall waive, excuse, limit, diminish, or otherwise alter any of the defenses, claims, Causes of Action, or other rights of the Debtors or the Reorganized Debtors under any executory or non-executory contract or unexpired or expired lease.

(d) Nothing in this Plan will increase, augment, or add to any of the duties, obligations, responsibilities, or liabilities of the Debtors or the Reorganized Debtors, as applicable, under any executory or non-executory contract or unexpired or expired lease.

(e) If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of its assumption under this Plan, the Debtors or Reorganized Debtors, as applicable, shall have sixty (60) days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

ARTICLE IX. *CONDITIONS PRECEDENT TO THE OCCURRENCE OF THE EFFECTIVE DATE.*

(b) the Debtors maintain unrestricted cash liquidity (i.e., cash, cash equivalents and unrestricted availability under any financing arrangement for general working capital purposes), without regard to the proceeds from the Rights Offering, in the amount set forth on Schedule 6(a)(xix) of the Plan Support Agreement (after accounting for payments to be made in connection with the Effective Date), or such lesser amount as reasonably determined by the Debtors, the Requisite Plan Sponsors and the Creditors' Committee;

(h) the Confirmation Order has been recognized by the Canadian Court pursuant to the Canadian Recognition Proceeding; and

(i) the Cayman Proceedings have been completed.

9.2 *Waiver of Conditions Precedent.*

shall not be unreasonably withheld, and (ii) materially and directly impacts the rights, interests of the Milestone Parties under the Milestone Term Sheet (including any agreements contemplated therein or related thereto) and the PK Financing Documents, the consent of Milestone, which shall not be unreasonably withheld. If any such condition precedent is waived pursuant to this Section and the Effective Date occurs, each party agreeing to waive such condition precedent shall be estopped from withdrawing such waiver after the Effective Date or otherwise challenging the occurrence of the Effective Date on the basis that such condition was not satisfied. If this Plan is confirmed for fewer than all of the Debtors as provided for in Section 5.19 of this Plan, only the conditions applicable to the Debtor or Debtors for which this Plan is confirmed must be satisfied or waived for the Effective Date to occur.

10.2 *Vesting of Assets.*

Except as otherwise provided in this Plan, on and after the Effective Date, all Assets of the Estates, including all claims, rights, and Causes of Action and any property acquired by the Debtors under or in connection with this Plan, shall vest in each respective Reorganized Debtor free and clear of all Claims, Liens, charges, other encumbrances, and Interests. Subject to the terms of this Plan, on and after the Effective Date, the Reorganized Debtors may operate their businesses and may use, acquire, and dispose of property and prosecute, compromise, or settle any Claims (including any Administrative Expense Claims) and Causes of Action without supervision of or approval by the Bankruptcy Court and free and clear of any restrictions of the Bankruptcy Code or the Bankruptcy Rules other than restrictions expressly imposed by this Plan or the Confirmation Order. Without limiting the foregoing, the Reorganized Debtors may pay the charges that they incur on or after the Confirmation Date for Professional Persons' fees, disbursements, expenses, or related support services without application to the Bankruptcy Court.

10.3 *Discharge of Claims Against and Interests in the Debtors.*

Upon the Effective Date and in consideration of the distributions to be made under this Plan, except as otherwise provided in this Plan or in the Confirmation Order, each holder (as well as any trustee or agent on behalf of such holder) of a Claim or Interest and any successor, assign, and affiliate of such holder shall be deemed to have forever waived, released,

and discharged the Debtors, to the fullest extent permitted by section 1141 of the Bankruptcy Code, of and from any and all Claims, Interests, rights, and liabilities that arose prior to the Effective Date. Except as otherwise provided in this Plan, upon the Effective Date, all such holders of Claims and Interests and their successors, assigns, and affiliates shall be forever precluded and enjoined, pursuant to sections 105, 524, and 1141 of the Bankruptcy Code, from prosecuting or asserting any such discharged Claim against or terminated Interest in any Debtor or any Reorganized Debtor.

10.4 *Term of Pre-Confirmation Injunctions and Stays.*

Unless otherwise provided in this Plan, all injunctions and stays arising under or entered during the Chapter 11 Cases, whether under sections 105 or 362 of the Bankruptcy Code or otherwise, and in existence on the date of entry of the Confirmation Order, shall remain in full force and effect until the later of the Effective Date and the date indicated in the order providing for such injunction or stay.

10.5 *Injunction Against Interference with Plan.*

Upon the entry of the Confirmation Order, all holders of Claims and Interests and all other parties in interest, along with their respective successors and assigns and present and former affiliates, employees, agents, officers, directors, and principals, shall be enjoined from taking any action to interfere with the implementation or the occurrence of the Effective Date.

10.6 *Plan Injunction.*

(a) **Except as otherwise provided in this Plan or in the Confirmation Order, as of the entry of the Confirmation Order but subject to the occurrence of the Effective Date, all Entities who have held, hold, or may hold Claims or Interests are, with respect to any such Claim or Interest, permanently enjoined after the entry of the Confirmation Order from: (i) commencing, conducting, or continuing in any manner, directly or indirectly, any suit, action, or other proceeding of any kind (including any proceeding in a judicial, arbitral, administrative, or other forum) against or affecting, directly or indirectly, a Debtor, a Reorganized Debtor, or an Estate or the property of any of the foregoing, or any direct or indirect transferee of any property of, or direct or indirect successor in interest to, any of the foregoing Entities mentioned in this subsection (i) or any property of any such transferee or successor; (ii) enforcing, levying, attaching (including any prejudgment attachment), collecting, or otherwise recovering in any manner or by any means, whether directly or indirectly, any judgment, award, decree, or order against a Debtor, a Reorganized Debtor, or an Estate or its property, or any direct or indirect transferee of any property of, or direct or indirect successor in interest to, any of the foregoing Entities mentioned in this subsection (ii) or any property of any such transferee or successor; (iii) creating, perfecting, or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against a Debtor, a Reorganized Debtor, or an Estate or any of its property, or any direct or indirect transferee of any property of, or successor in interest to, any of the foregoing Entities mentioned in this subsection (iii) or any property of any such transferee or successor; (iv) acting or proceeding in any manner, in any place whatsoever, that does not conform to or comply**

with the provisions of this Plan to the full extent permitted by applicable law; and
 (v) commencing or continuing, in any manner or in any place, any action that does not comply with or is inconsistent with the provisions of this Plan; *provided*, that nothing contained herein shall preclude such Entities who have held, hold, or may hold Claims against or Interests in a Debtor or an Estate from exercising their rights, or obtaining benefits, pursuant to and consistent with the terms of this Plan and the Plan Documents and the Cayman Proceedings.

(b) By accepting distributions pursuant to this Plan, each holder of an Allowed Claim or Allowed Interest will be deemed to have affirmatively and specifically consented to be bound by this Plan, including the injunctions set forth in this Section.

10.7 *Releases.*

(a) Releases by the Debtors. As of the Effective Date, except for the rights that remain in effect from and after the Effective Date to enforce this Plan and the Plan Documents and the Cayman Proceedings, for good and valuable consideration, including the contributions and service of the Released Parties to the Chapter 11 cases, the reorganization of the Debtors, and the implementation of the Restructuring, the adequacy of which is hereby confirmed, and except as otherwise provided in this Plan or in the Confirmation Order, the Released Parties are deemed forever released and discharged by the Debtors, the Reorganized Debtors, and the Estates from any and all claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the Debtors, the Reorganized Debtors, or their Estates, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, existing or hereinafter arising, in law, equity, or otherwise, that the Debtors, the Reorganized Debtors, or their Estates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based on or relating to, or in any manner arising from, in whole or in part, the Debtors, the Chapter 11 Cases, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in this Plan, the business or contractual arrangements between any Debtor and any Released Party, the Restructuring, the restructuring of any Claim or Interest before or during the Chapter 11 Cases, the transactions contemplated by Section 5.2 hereof, the Disclosure Statement, the the Rights Offering, the Support Agreements, and this Plan and related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), and the negotiation, formulation, or preparation thereof, the solicitation of votes with respect to this Plan, or any other act or omission, other than Claims or Causes of Action arising out of or related to any act or omission of a Released Party that is a criminal act or constitutes intentional fraud, willful misconduct, or gross negligence; *provided, however*, that the releases provided for herein shall not affect any settlement approved or subject to approval by the Bankruptcy Court to the extent any releases provided for in such settlement differ from the releases contained in this Section 10.7(a).

(b) **Releases by Holders of Claims and Interests.** As of the Effective Date, except for the rights that remain in effect from and after the Effective Date to enforce this Plan, the Plan Documents, and the Cayman Proceedings, for good and valuable consideration, including the contributions and service of the Released Parties to the Chapter 11 Cases, the reorganization of the Debtors, and the implementation of the Restructuring, the adequacy of which is hereby confirmed, and except as otherwise provided in this Plan or in the Confirmation Order, as an integral component of this Plan, the Released Parties are deemed forever released and discharged by the Releasing Parties, from any and all claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the Debtors, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, existing or hereinafter arising, in law, equity, or otherwise, that such holders or their affiliates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based on or relating to, or in any manner arising from, in whole or in part, the Debtors, the Chapter 11 Cases, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in this Plan, the business or contractual arrangements between any Debtor and any Released Party, the Restructuring, the restructuring of any Claim or Interest before or during the Chapter 11 Cases, the transactions contemplated by Section 5.2 hereof, the Disclosure Statement, the Rights Offering, the Support Agreements, and this Plan and related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), and the negotiation, formulation, or preparation thereof, the solicitation of votes with respect to this Plan, or any other act or omission, other than Claims or Causes of Action arising out of or related to any act or omission of a Released Party that is a criminal act or constitutes intentional fraud, willful misconduct, or gross negligence; *provided, however*, that, for the avoidance of doubt, the releases provided for herein shall not release any claim against any non-Debtor that has been asserted by the named plaintiff or any member of the class (provided that such class member does not timely opt out of the class) in *Rudman v. CHC Group et al.*, 15-cv-3773-LAK, pending in the United States District Court for the Southern District of New York.

10.8 *Exculpation.*

To the extent permitted by applicable law, no Exculpated Party shall have or incur, and each Exculpated Party is hereby released and exculpated from, any claim, obligation, suit, judgment, damage, demand, debt, right, Cause of Action, loss, and liability for any claim in connection with or arising out of the administration of the Chapter 11 Cases; the negotiation and pursuit of the Disclosure Statement, the Rights Offering, the Support Agreements, the transactions contemplated by Section 5.2 hereof, this Plan and all related agreements, instruments, and other documents (including the Plan Supplement and other Plan Documents), or the solicitation of votes for, or confirmation of, this Plan; the funding of this Plan; the occurrence of the Effective Date; the administration of this Plan or the property to be distributed under this Plan; the issuance of securities under or in connection with this Plan; or the transactions in furtherance of any of the foregoing; except

to the extent arising out of or related to any act or omission of an Exculpated Party that is a criminal act or constitutes intentional fraud, willful misconduct or gross negligence. This exculpation shall be in addition to, and not in limitation of, all other releases, indemnities, exculpations and any other applicable law or rules protecting such Exculpated Parties from liability. For the avoidance of doubt, nothing in this Plan or the Confirmation Order is intended to affect the police or regulatory activities of governmental agencies.

10.9 *Injunction Related to Releases and Exculpation.*

The Confirmation Order shall permanently enjoin the commencement or prosecution by any Entity, whether directly, derivatively, or otherwise, of any Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, losses, or liabilities released or exculpated pursuant to this Plan.

10.10 *Subordinated Claims.*

The allowance, classification, and treatment of all Allowed Claims and Allowed Interests and the respective distributions and treatments thereof under this Plan take into account and conform to the relative priority and rights of the Claims and Interest in each Class in connection with any contractual, legal, and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, sections 510(a), 510(b), or 510(c) of the Bankruptcy Code, or otherwise. 10.11 *Waiver of Certain Avoidance Actions*

On the Effective Date, the Reorganized Debtors shall be deemed to waive and release all Avoidance Actions against non-insider trade vendors and employees of Reorganized CHC as of the Effective Date.

10.12 *Retention of Causes of Action and Reservation of Rights.*

Except as expressly provided in Section 10.11 of this Plan, and subject to Sections 10.7, 10.8, and 10.9 of this Plan, nothing contained in this Plan or the Confirmation Order shall be deemed to be a waiver or relinquishment of any rights, claims, Causes of Action, rights of setoff or recoupment, or other legal or equitable defenses that the Debtors had immediately before the Effective Date on behalf of the Estates or of themselves in accordance with any provision of the Bankruptcy Code or any applicable nonbankruptcy law. Subject to Sections 10.7, 10.8, and 10.9 of this Plan, the Reorganized Debtors shall have, retain, reserve, and be entitled to assert all such claims, Causes of Action, rights of setoff or recoupment, and other legal or equitable defenses as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors' legal and equitable rights in respect of any Unimpaired Claim may be asserted after the Effective Date to the same extent as if the Chapter 11 Cases had not been commenced.

10.13 *Ipso Facto and Similar Provisions Ineffective.*

Any term of any policy, contract, or other obligation applicable to a Debtor shall be void and of no further force or effect with respect to any Debtor to the extent that such policy, contract, or other obligation is conditioned on, creates an obligation of the Debtor as a result of, or gives rise to a right of any Entity based on any of the following: (a) the insolvency or financial condition of a Debtor; (b) the commencement of the Chapter 11 Cases; (c) the confirmation or consummation of this Plan, including any change of control that will occur as a result of such consummation; (d) any change of control resulting from the issuance, or mandatory conversion of the New Second Lien Convertible Notes; (e) any change of control resulting from the Cayman Proceedings; or (f) the Restructuring.

(l) to take any action and issue such orders, including any such action or orders as may be necessary after entry of the Confirmation Order or the occurrence of the Effective Date, as may be necessary to construe, enforce, implement, execute, and consummate this Plan, including any release, exculpation, or injunction provisions set forth in this Plan, or to maintain the integrity of this Plan following the occurrence of the Effective Date;

(s) to recover all Assets of the Debtors and property of the Estates, wherever located; and

ARTICLE XII. MISCELLANEOUS PROVISIONS.

12.1 *Amendments.*

(a) Plan Modifications. This Plan may be amended, modified, or supplemented by the Debtors, subject to the consent rights set forth in the Plan Support Agreement, in the manner provided for by section 1127 of the Bankruptcy Code or as otherwise permitted by law, without additional disclosure pursuant to section 1125 of the Bankruptcy Code, except as otherwise ordered by the Bankruptcy Court. In addition, after the Confirmation Date, so long as such action does not materially and adversely affect the treatment of holders of Allowed Claims or Allowed Interests pursuant to this Plan, the Debtors, subject to the consent rights set forth in the Plan Support Agreement, may remedy any defect or omission or reconcile any inconsistencies in this Plan or the Confirmation Order with respect to such matters as may be necessary to carry out the purposes or effects of this Plan, and any holder of a Claim or Interest that has accepted this Plan shall be deemed to have accepted this Plan as amended, modified, or supplemented.

(b) Certain Technical Amendments. Prior to the Effective Date, the Debtors may make appropriate technical adjustments and modifications to this Plan without further order or approval of the Bankruptcy Court, subject to the consent rights set forth in the Plan Support Agreement; *provided*, that such technical adjustments and modifications do not adversely affect the treatment of holders of Allowed Claims or Allowed Interests under this Plan.

12.2 *Revocation or Withdrawal of Plan.*

The Debtors reserve the right to revoke or withdraw this Plan prior to the Effective Date as to any or all of the Debtors, subject to the consent rights set forth in, and the terms and conditions of, the Plan Support Agreement. If, with respect to a Debtor, this Plan has been revoked or withdrawn prior to the Effective Date, or if confirmation or the occurrence of the Effective Date as to such Debtor does not occur on the Effective Date, then, with respect to such Debtor: (a) this Plan shall be null and void in all respects; (b) any settlement or compromise embodied in this Plan (including the fixing or limiting to an amount any Claim or Interest or Class of Claims or Interests), assumption of executory contracts or unexpired leases affected by this Plan, and any document or agreement executed pursuant to this Plan shall be deemed null and void; and (c) nothing contained in this Plan shall (i) constitute a waiver or release of any Claim by or against, or any Interest in, such Debtor or any other Entity; (ii) prejudice in any manner the rights of such Debtor or any other Person or Entity; or (iii) constitute an admission of any sort by any Debtor or any other Person or Entity.

12.3 *Dissolution of Creditors' Committee*

Except to the extent provided herein, upon the Effective Date, the current and former members of the Creditors' Committee, and their respective officers, employees, counsel, advisors and agents, shall be released and discharged of and from all further authority, duties, responsibilities and obligations related to and arising from and in connection with the Chapter 11 Cases; provided, however, that following the Effective Date, the Creditors' Committee shall continue in existence and have standing and a right to be heard for the following limited

purposes: (1) Claims and/or applications for compensation by Professionals and requests for allowance of Administrative Claims for substantial contribution pursuant to section 503(b)(3)(D) of the Bankruptcy Code; (2) any appeals of the Confirmation Order, (3) any appeals to which the Creditors' Committee is a named party; (4) any adversary proceedings or contested matters as of the Effective Date to which the Creditors' Committee is a named party; and (5) responding to creditor inquiries for fourteen (14) days following the Effective Date. Following the completion of the Creditors' Committee's remaining duties set forth above, the Creditors' Committee shall be dissolved, and the retention or employment of the Creditors' Committee's respective attorneys, accountants and other agents shall terminate.

12.4 *Post-Effective Date Committee*

So long as the Creditors' Committee does not terminate its obligations under the Plan Support Agreement, a Post-Effective Date Committee shall be formed on the Effective Date, with its rights as set forth in Section 7.5 hereof. The Post-Effective Date Committee shall consist of three (3) members appointed by and from the Creditors' Committee and may adopt by-laws governing its conduct. The Reorganized Debtors will reimburse the Post-Effective Date Committee and its members (in such capacity) for reasonable and documented fees and out-of-pocket expenses, subject to the Post-Effective Date Committee Fee Cap. Unless the Post-Effective Date Committee votes to disband earlier, the existence of the Post-Effective Date Committee, and all rights and powers associated therewith, shall terminate on the date on which all Disputed General Unsecured Claims have been resolved.

12.5 *Exemption from Certain Transfer Taxes.*

Pursuant to section 1146 of the Bankruptcy Code, the issuance, transfer, or exchange of any security or other property hereunder, including, to the fullest extent permitted by applicable law, all sale transactions consummated by the Debtors and approved by the Bankruptcy Court on and after the Confirmation Date through and including the Effective Date, including any transfers effectuated under this Plan, including pursuant to the transactions contemplated by Section 5.2 hereof, and any assumption, assignment, or sale by the Debtors of their interests in unexpired leases of nonresidential real property or executory contracts pursuant to section 365(a) of the Bankruptcy Code, and any transfer of title to or ownership of any of the Debtors' interests in any Aircraft Equipment, shall not be subject to any stamp, real estate transfer, mortgage recording, or other similar tax. In furtherance thereof, and to the fullest extent permitted by applicable law, any such issuance, transfer, or exchange shall constitute a "transfer under a plan" within the purview of section 1146 of the Bankruptcy Code.

12.6 *Payment of Statutory Fees.*

All fees payable under section 1930 of chapter 123 of title 28 of the United States Code shall be paid on the Effective Date, or as soon as practicable thereafter, by the Debtors or Reorganized Debtors. Quarterly fees owed to the U.S. Trustee shall be paid when due in accordance with applicable law and the Debtors and Reorganized Debtors shall continue to file reports to show the calculation of such fees for the Debtors' Estates until the Chapter 11 Cases are closed under section 350 of the Bankruptcy Code. Each and every one of the Debtors shall remain obligated to pay quarterly fees to the U.S. Trustee until the earliest of that particular

Debtor's case is closed, dismissed, or converted to a case under Chapter 7 of the Bankruptcy Code.

12.7 Severability.

Subject to Section 5.19 of this Plan, if, prior to the entry of the Confirmation Order, any term or provision of this Plan is held by the Bankruptcy Court to be invalid, void, or unenforceable, the Bankruptcy Court, at the request of the Debtors, with the consent of the Requisite Plan Sponsors and the Creditors' Committee, not to be unreasonably withheld, shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void, or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration, or interpretation by the Bankruptcy Court, the remainder of the terms and provisions of this Plan shall remain in full force and effect and will in no way be affected, impaired, or invalidated by such holding, alteration, or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of this Plan, as it may have been altered or interpreted in accordance with this Section, is valid and enforceable pursuant to its terms.

12.8 Governing Law.

CAUSE NO. DC-16-15017

ERA GROUP INC.,

Plaintiff,

v.

AIRBUS HELICOPTERS, INC. and,
AIRBUS HELICOPTERS, S.A.S.,

Defendants.

IN THE DISTRICT COURT

116TH JUDICIAL DISTRICT

DALLAS COUNTY, TEXAS

SPECIAL APPEARANCE OF DEFENDANT AIRBUS HELICOPTERS, S.A.S.

Defendant Airbus Helicopters, S.A.S. (“AH France”) makes this special appearance pursuant to TEX. R. CIV. P. 120(a) to object to the Court’s exercise of personal jurisdiction over it, and in support thereof would show as follows:

**I.
INTRODUCTION**

AH France is a French company headquartered in France where it designs, obtains certification of, manufactures and sells helicopters, including a model known as the “Super Puma.” AH France does not have a place of business in Texas and does not transact business in Texas. Plaintiff Era Group, Inc. (“Era”) alleges that AH France fraudulently induced it to purchase ten Super Puma helicopters that Era claims are defective and do not conform to express and implied warranties. AH France, however, did not sell these helicopters to Era. Instead, AH France sold and delivered the helicopters in France to a separate and independent company, Airbus Helicopters, Inc. (“AH US”), which is incorporated under the laws of the State of Delaware and has its offices in Texas and Mississippi. AH US later sold the helicopters to purchasers having addresses in Louisiana for use outside of Texas.

The essence of Era's claims against AH France is that AH France knew, but failed to disclose, that the main gearboxes in Super Puma helicopters contain defects, and that AH France misrepresented the safety, reliability, and design of the main gearbox. Era asserts that an event involving a Super Puma helicopter in Norway, and subsequent actions taken by certain airworthiness authorities in Europe and other parts of the world, recently revealed this defect to Era. Absent from Era's Petition, however, is any allegation that AH France committed any act in Texas that gave rise to Era's tort claims, which is required for a Texas court to exercise personal jurisdiction over AH France under the Texas long-arm statute, TEX. CIV. PRAC. & REM. CODE § 17.042(2), and the due process minimum contacts requirements of the United States Constitution. Because AH France is not at home in Texas and thus not subject to the general jurisdiction of Texas courts, and because Era has not identified a substantial connection between any Texas contacts by AH France and the operative facts of Era's claims such that specific jurisdiction exists, AH France's special appearance should be granted.

II. STATEMENT OF FACTS

AH France, formerly known as Eurocopter, S.A.S., is a French company organized and existing under the laws of France. [Declaration of Michel Gouraud ("Gouraud Decl."), ¶ 3; Original Petition ("Pet."), ¶ 22.] Its principal place of business is in Marignane, France, where it designs, obtains certification of, manufactures, sells and supports certain Airbus Helicopters model helicopters, including Super Puma helicopters. [*Id.*] AH France has never – even temporarily – had offices or operational activities in Texas. [*Id.*] AH France maintains a website in France and produces marketing materials in France. [*Id.*] AH France does not sell Super Puma or any other helicopters in Texas or through its website. [*Id.* at ¶¶ 3-4.]

AH France sells helicopters to purchasers from around the world, including to AH US. [*Id.* at ¶¶ 3, 6.] AH US, which has its offices in Grand Prairie, Texas, is not a subsidiary of AH France; in fact, AH France has no ownership interest in AH US. [*Id.* at ¶ 9.] Nor does AH US derive its right to use the name “Airbus” from AH France. [Affidavit of James R. Cawyer, ¶ 4.] AH France and AH US are separate and independent companies, each with its own separate management, employees, facilities, bank accounts and operational control. [Gouraud Decl., ¶ 9; Cawyer Aff., ¶ 4.] AH France operates its own website with a unique domain name (airbushelicopters.com), which is hosted separately from, and is independent of, the website operated by AH US (airbushelicoptersinc.com). [Gouraud Decl., ¶ 3.] AH US has customers throughout the United States, and only approximately 11% of its customers have billing addresses in the State of Texas. [Cawyer Aff., ¶ 5.] When AH US purchases helicopters from AH France, including the helicopters at issue here, the purchases are made in France, and the helicopters are delivered to AH US in France. [Gouraud Decl., ¶ 6.]

The Super Puma helicopters at issue in this lawsuit bear manufacturer serial numbers (“MSN”) 2680, 2685, 2690, 2691, 2732, 2734, 2760, 2777, 2825, and 2809. [Pet., ¶¶ 48-50.] AH France designed, obtained certification of, and manufactured these helicopters in France. [Gouraud Decl., ¶¶ 3, 6.] Over several years prior to 2010, AH France sold and delivered these helicopters in France to AH US. [*Id.* at ¶ 6.]

AH France was not a party to any of the purchase agreements between AH US and the purchasers of the helicopters at issue in this dispute. [*Id.*] In 2006, a company named Era Helicopters LLC (“Era Helicopters”) with a Lake Charles, Louisiana, address purchased the first four of these aircraft from AH US, which was known then as American Eurocopter LLC. [Pet., ¶ 48 & Exh. A (Purchase Agreement for MSN 2680, 2685, 2690 & 2691); Cawyer Aff., ¶¶ 1, 6.]

The Purchase Agreement Terms and Conditions called for Era Helicopters to take technical¹ delivery of these four helicopters in France, with final delivery occurring at AH US's facility in Texas. [Pet., Exh. A, Purchase Agreement Terms and Conditions, ¶ 2(a).] The Louisiana purchaser of these four helicopters signed Texas Aircraft Exemption Certificate Out-of-State Registration and Use forms that certified for each helicopter that "[t]he aircraft will be registered in Lake Charles, Louisiana, as recorded with [the] Federal Aviation Administration" and "[t]he aircraft will be hangared in Lake Charles, Louisiana, and is not purchased for use in Texas." [Cawyer Aff., Exhs. A - D.] The Delivery Affidavits for these helicopters state that they were delivered to "Era Helicopters, LLC, Lake Charles Regional Airport, 600 Airport Services Road, Lake Charles, LA 70606." [*Id.* at Exhs. E - H.]

In 2007, a company called Era Group, Inc., with the same Lake Charles address, purchased four more of the helicopters from AH US. [Pet., ¶ 49 & Exh. B (Purchase Agreement for MSN 2732, 2734, 2760 and 2777).] According to the terms of the Purchase Agreement, those helicopters were delivered by AH US to Era Group Inc., in Marignane, France. [Pet., Exh. B (delivery dates "Ex works Marignane [France]").] The Delivery Affidavits for these helicopters stated that they were delivered to "Era Group, Inc., Lake Charles Regional Airport, 600 Airport Services Road, Lake Charles, LA 70606." [Cawyer Aff., Exhs. I - K (the delivery affidavit for MSN 2734 has not been located).]

In 2010, Era Helicopters of Lake Charles purchased the remaining two helicopters from AH US. [*Id.* at ¶ 50 & Exh. C (Purchase Agreement for MSN 2809 and 2825).] The Purchase

¹ The term "technical" delivery means that the helicopters would be delivered at their place of manufacture in France "to ensure that the aircraft will meet all contractual requirements and in order to allow adjustments to discrepancies, if required." [Pet., Exh. A, Purchase Agreement Terms and Conditions, ¶ 2(a).]

Agreement called for AH US to deliver those helicopters in France. [*Id.* at Exh. C, Purchase Agreement Terms & Conditions, ¶ 2(a).] The Delivery Affidavits for those helicopters listed the same Lake Charles, Louisiana, address as for the other 8 helicopters. [Cawyer Aff., Exhs. L - M.]

Era alleges that these ten Super Puma helicopters have been operated in Brazil, Norway, and the Gulf of Mexico. [Pet., ¶ 111.] None are alleged to have been operated in Texas, and, as stated, Era certified that the four helicopters delivered in Texas would not be registered or hangared in Texas. [Cawyer Aff., Exhs. A – D.] Era further alleges that between December 2012 and March 2016 it received maintenance on its ten Super Puma helicopters by AH France and/or an unrelated company, Heli-One, which is a third-party authorized maintenance provider that AH France does not own, control or have any corporate relationship with. [*Id.* at ¶¶ 111-114; Gouraud Decl., ¶ 10.] None of that maintenance is alleged to have been performed in Texas. [Pet., ¶¶ 111-114.]

Era also alleges that AH France has made numerous false statements in publications, marketing materials and on its website regarding the Super Puma. [*Id.*, *passim.*] None of the statements, however, are alleged to have been made by AH France in Texas. [*Id.*] In fact, the Petition references only one instance in which specific statements about Super Puma helicopters were ever allegedly made directly to an Era-affiliated entity. [Pet., ¶ 29.] Those statements, however, were made by AH US, not AH France, and they were made during a sales presentation to Era Helicopters LLC (not plaintiff Era Group, Inc.) in Louisiana in December 2011, more than a year *after* the last sale to Era in 2010. [*Id.*]

On April 29, 2016 a Super Puma helicopter (not one of the helicopters at issue in this lawsuit) operated by a Norwegian company crashed in Norway. [Pet., ¶¶ 70-74.] The cause of

that accident is currently under investigation by the Accident Investigation Board of Norway (“AIBN”). [*Id.*] The focus of the investigation is on the failure of a second stage planetary gear in the main gearbox. [*Id.* at ¶ 75.] AH France has provided technical support to investigative and certification authorities in Europe from its place of business in France. [Gouraud Decl., ¶ 8.]

On November 21, 2016, citing the 2016 Norway crash as evidence of a defect in all Super Puma aircraft, Era filed its Petition against AH France and AH US and asserted claims of fraudulent inducement, breach of express and implied warranties, and unjust enrichment. [Pet., Counts I-V.] Era also asserts that it has sustained economic losses from reduced value of its Super Puma aircraft and related costs. [*Id.* at ¶¶ 118-121.]

III. ARGUMENT AND AUTHORITIES

The Texas Supreme Court has explained as follows the shifting burdens and standards when a nonresident defendant specially appears and challenges personal jurisdiction:

A nonresident defendant is subject to the personal jurisdiction of Texas courts if (1) the Texas long-arm statute authorizes the exercise of jurisdiction, and (2) the exercise of jurisdiction does not violate federal and state constitutional due process guarantees. The broad “doing business” language in Texas’s long-arm statute allows the trial court’s jurisdiction to “reach as far as the federal constitutional requirements of due process will allow.” Personal jurisdiction is consistent with due process “when the nonresident defendant has established minimum contacts with the forum state, and the exercise of jurisdiction comports with traditional notions of fair play and substantial justice.” “A defendant establishes minimum contacts with a state when it purposefully avails itself of the privilege of conducting activities within the forum state, thus invoking the benefits and protections of its laws.”

Kelly v. General Interior Constr., Inc., 301 S.W.3d 653, 657-58 (Tex. 2010) (citations omitted).

In the same opinion the Texas Supreme Court explained:

Our special-appearance jurisprudence dictates that the plaintiff and the defendant bear shifting burdens of proof in a challenge to personal jurisdiction. We have consistently held that the plaintiff bears the initial burden to plead sufficient allegations to bring the nonresident defendant

within the reach of Texas's long-arm statute. Once the plaintiff has pleaded sufficient jurisdictional allegations, the defendant filing a special appearance bears the burden to negate all bases of personal jurisdiction alleged by the plaintiff. Because the plaintiff defines the scope and nature of the lawsuit, the defendant's corresponding burden to negate jurisdiction is tied to the allegations in the plaintiff's pleading.

If the plaintiff fails to plead facts bringing the defendant within reach of the long-arm statute (i.e., for a tort claim, that the defendant committed tortious acts in Texas), the defendant need only prove that it does not live in Texas to negate jurisdiction.

Id. at 658-59 (citations omitted).

The Texas Supreme Court concluded by confirming:

The defendant can negate jurisdiction on either a factual or legal basis. Factually, the defendant can present evidence that it has no contacts with Texas, effectively disproving the plaintiff's allegations. The plaintiff can then respond with its own evidence that affirms its allegations, and it risks dismissal of its lawsuit if it cannot present the trial court with evidence establishing personal jurisdiction. Legally, the defendant can show that even if the plaintiff's alleged facts are true, the evidence is legally insufficient to establish jurisdiction . . . [.]

Id. at 659 (citations omitted).

The minimum contacts inquiry is refined into contacts that give rise to either general or specific jurisdiction. The United States Supreme Court has made clear that general jurisdiction exists only if the defendant's contacts show that it is "at home" in the forum state, which in all but the exceptional case means that it is incorporated in or maintains its principal place of business in the forum state. *Daimler AG v. Bauman*, 134 S. Ct. 746, n.19 (2014). And, the Texas Supreme Court has made clear that specific jurisdiction only exists over a non-resident defendant if there is a "substantial connection" between the defendant's contacts with the forum state and the "operative facts" of the lawsuit. *Moki Mac River Expeditions, Inc. v. Drugg*, 221 S.W.3d 569, 585 (Tex. 2007).

In this case, even if all of the facts alleged in Era's voluminous Petition are taken as true, Era still has not pled facts placing AH France within the Texas long-arm statute. Thus, because AH France has shown that it is not a Texas resident with a principal place of business in Texas, [Gouraud Decl., ¶ 3], it has met its burden of negating personal jurisdiction over it by a Texas court. *Kelly*, 301 S.W.3d at 658-58. Moreover, as shown below, Era also has not pled facts that, if true, are sufficient to establish either general or specific jurisdiction over AH France consistent with the minimum contacts due process requirements.

A. The Court Lacks General Jurisdiction Because AH is not "At Home" in Texas

In *Daimler*, the United States Supreme Court explained that the general jurisdiction inquiry "is not whether a foreign corporation's in-forum contacts can be said to be in some sense 'continuous and systematic,' it is whether that corporation's 'affiliations with the State are so 'continuous and systematic' as to render [it] essentially at home in the forum State.'" 134 S. Ct. at 761 (quoting *Goodyear Dunlop Tires Operations, S.A. v. Brown*, 564 U.S. 915, 919, 131 S. Ct. 2846, 180 L. Ed. 2d 796 (2011)). "Only in an 'exceptional case,'" the Court explained, "will a corporation be deemed 'at home' in a place other than its principal place of business or place of incorporation." *Id.* at 761 n.19. In reaching this decision, the Court cited to *Perkins v. Benguet Consol. Mining Co.*, 342 U.S. 437 (1952), as an example of an exceptional case in which the Court found general jurisdiction over a Philippines company whose president had temporarily moved the company's headquarters to Ohio during the second world war, from where the president conducted the company's day-to-day business activities. *Id.* at 756, n.8.

Here, Era has alleged the undisputed facts that negate general jurisdiction – *i.e.*, that AH France is "a French corporation with its principal place of business and/or headquarters in France." [Pet., ¶ 22; Gouraud Decl., ¶ 3.] Thus, Texas is not a "paradigm" place in which AH

France is deemed “at home” for general jurisdiction. *Daimler*, 134 S. Ct. at 760-61, n.19; *Knight Corp. v. Knight*, 367 S.W.3d 715, 727 (Tex. App.—Houston [14th Dist.] 2012, no pet.) (“For a corporation, the paradigm forum for the exercise of general jurisdiction is the place in which the corporation is fairly regarded as at home.”), citing *Goodyear*, 131 S. Ct. at 2853-54.

AH France has never – even temporarily – operated its business out of Texas, [Gouraud Decl., ¶ 5], and Era has not alleged any facts showing this to be an “exceptional case” like that in *Perkins*. While AH France engages in commercial transactions with Texas-based AH US, such transactions do not support the exercise of general jurisdiction over it after *Daimler*. *In re Deutsche Bank Securities Inc.*, 2015 Tex. App. LEXIS 6889, *13-17 (Tex. App.—Austin [3rd Dist.] July 3, 2015) (discussing *Daimler* and finding that “extensive business practices” in Texas would not subject a German company to general jurisdiction). Nor does AH France’s maintenance of its passive website accessible to Texas residents render AH France “at home” in Texas. *Crossroads, LLC v. A.D.I.M. Global Co.*, 2016 Tex. App. LEXIS 13202, *n.7 (Tex. App.—Dallas [5th Dist.] Dec. 13, 2016) (“Even ‘repeated contacts with forum residents’ through an interactive website ‘may not constitute the requisite substantial, continuous and systematic contacts required for a finding of general jurisdiction.’”) (quoting *Monkton Ins. Servs., Ltd v. Ritter*, 768 F.3d 429, 432, 434 (5th Cir. 2014) (explaining that after *Daimler* “[i]t is . . . incredibly difficult to establish general jurisdiction in a forum other than the place of incorporation or principal place of business”). Based upon the foregoing, this Court lacks general jurisdiction over AH France.

B. The Court Lacks Specific Jurisdiction Because There Is No Substantial Connection between Era’s Lawsuit and AH France’s Texas Contacts

To establish specific jurisdiction over AH France, Era must allege: (1) AH France purposefully availed itself of the privilege of conducting business activities in Texas, and (2) its

alleged liability arises from or relates to those activities. *Moki Mac*, 221 S.W.3d at 575. The Texas Supreme Court has explained that specific jurisdiction requires the plaintiff to establish “a substantial connection between [the defendant’s forum] contacts and the operative facts of the litigation.” *Id.* at 585 (citations omitted). The “operative facts” are those “that would be the focus of the trial.” *Id.*; see also *Denso Corp. v. Hall*, 396 S.W.3d 681, 691 (Tex. App.—Houston [14th Dist.] 2013).

To determine whether AH France has purposefully availed itself of the benefits of doing business in Texas for purposes of Era’s claims, the Court should consider “(1) [AH France’s] own actions but not the unilateral activity of another party, (2) whether [AH France’s] actions were purposeful rather than “random, isolated, or fortuitous,” and (3) whether [AH France] sought “some benefit, advantage, or profit by ‘availing’ itself of the jurisdiction.” *Michiana Easy Livin’ Country, Inc. v. Holton*, 168 S.W.3d 777, 785 (Tex. 2005).

Texas courts are very clear that to establish specific jurisdiction in tort cases, the Texas long-arm statute, Tex. Civ. Prac. & Rem. Code § 17.042(2), requires that the nonresident defendant commit “a tort in whole or in part in this state.” In *Kelly*, the Texas Supreme Court found that specific jurisdiction did not exist in Texas over a nonresident defendant for a fraud claim where there were no allegations that the defendant committed any fraudulent acts in Texas. 301 S.W.3d at 659-660. As the Court explained:

GIC failed to plead facts within the reach of the long-arm statute because it did not allege that the Officers committed any tortious acts in Texas. As noted, GIC’s live pleading contains no allegations that the Officers’ wrongdoing occurred in Texas. Regarding the fraud claim, GIC did allege several fraudulent acts (e.g., providing false affidavits to Meristar and misrepresenting to GIC that it would be paid in full), but it did not allege that any fraudulent acts occurred in Texas . . .

Id.

Simply put, Texas courts do not exercise specific jurisdiction over nonresident defendants in fraud, fraudulent inducement, and negligent misrepresentation cases when the defendant is not alleged to have made the allegedly false statement giving rise to the claim in Texas. *See, e.g., Crossroads, LLC v. A.D.I.M. Global Co.*, 2016 Tex. App. LEXIS 13202, *16-17 (Tex. App.—Dallas [5th Dist.] Dec. 13, 2016) (“Under the same circumstances in *KC Smash 01, LLC*, where the defendant did not enter Texas in connection with the transaction at issue, we explained that “fraudulent or negligent misrepresentations made through electronic media do not establish specific jurisdiction.”) (quoting *KC Smash 01, LLC v. Gerdes, Hendrichson, Ltd., L.L.P.*, 384 S.W.3d 389, 393-94 (Tex. App.—Dallas [5th Dist.] 2012) (no specific jurisdiction over claim for allegedly fraudulent and misleading statements when defendant did not enter Texas); *Jani-King Franchising, Inc. v. Falco Franchising, Inc.*, 2016 Tex. App. LEXIS 4836, *12-14 (Tex. App.—Dallas [5th Dist.] May 5, 2016) (finding no purposeful availment as to fraud defendant who made calls and emails to Texas, but did not physically enter Texas, but finding purposeful availment as to other fraud defendants who made statements and omissions while in Texas); *Julian v. Cadence McShane Constr. Co., LLC*, 2015 Tex. App. LEXIS 11490, *14-21 (Tex. App.—Houston [First Dist.] Nov. 5, 2015) (finding no specific jurisdiction over defendant on fraud claim when there was no allegation that the defendants said or did anything in Texas that related to the claim).

Texas courts are equally clear that specific jurisdiction may not be based on a statement made by a nonresident defendant outside of Texas even if the statement was directed at Texas. In *Kelly*, the Texas Supreme Court explained, “we rejected the concept of directed-a-tort jurisdiction in *Michiana*, instead affirming the importance of the defendant’s contacts with the forum state.” 301 S.W.3d at 661 (citing *Michiana*, 168 S.W.3d at 788-92); *Crossroads*, 2016

Tex. App. LEXIS 13202 at *16-17 (“We have rejected the argument that “directing a tort” at the forum state—such as Crossroads making misrepresentations to ADIM when ADIM was in Texas—is a basis for specific personal jurisdiction.”) (citing *Michiana*, 168 S.W.3d at 790-92); *Klug v. Wickert*, 2015 Tex. App. LEXIS 7414, *14-15 (Tex. App.—Dallas [5th Dist.] July 16, 2015) (arguments that tortious conduct is directed by the defendant to the forum improperly “shifts a court’s focus from the relationship among the *defendant*, the forum, and the litigation, to the relationship among the *plaintiff*, the forum, and the litigation”) (original emphasis).

Here, the operative facts of Era’s fraudulent inducement claim as to AH France are allegedly false statements made by AH France that induced Era to purchase Super Puma helicopters from AH US. Notably absent from Era’s Petition is an allegation that AH France made any such statements in Texas. Era does reference marketing materials and publications about Super Puma helicopters, which AH produced in France, [Gouraud Decl., ¶ 3], but does not allege those materials were presented to or otherwise communicated by AH France to Era in Texas. [Pet., §§ 40-44, 125.] Thus, those statements cannot support specific jurisdiction. *Kelly*, 301 S.W.3d at 659-661. Era also alleges that information about Super Puma helicopters may be found on AH France’s website that is maintained in France, but such website information does not provide a basis for exercising specific jurisdiction. *Crossroads*, 2016 Tex. App. LEXIS 13202 at *16-17 (“fraudulent or negligent misrepresentations made through electronic media do not establish specific jurisdiction”).² Furthermore, much of the alleged conduct in Era’s Petition that did not occur in Texas occurred *after* the last of the helicopters were sold in 2010 (such as

² Throughout most of its Petition, Era chooses not to distinguish between AH France and AH US, instead referring to them jointly as “Airbus Helicopters,” even though Era acknowledges that they are different companies in Paragraphs 23 through 25 of its Petition, and Era concedes that it purchased the helicopters at issue from AH US, not AH France.

the presentation by AH US (not AH France) to Era Helicopters in Louisiana in 2011, and the alleged maintenance on Era's helicopters in 2012-2016). Thus, these allegations cannot have fraudulently induced Era to purchase its Super Puma helicopters.

The operative facts of Era's breach of warranty claims relate to warranties made in the purchase agreements for the helicopters with AH US. [Pet., Counts II-V; §§ 53-55 & Exh. A - C.] Even if those warranties had not already expired by their terms (and they have), AH France was not a party to those purchase agreements. [Gouraud Decl., ¶ 6; Pet. ¶¶ 23, 25.] Moreover, to the extent Era argues that AH France may be liable to it as a subsequent purchaser for warranties made by AH France when it sold the helicopters in France to AH US, the operative facts of that claim (assuming Texas law were applied, which AH France does not concede) would be the warranties made by AH France to AH US in France. *Man Engines & Components, Inc. v. Shows*, 434 S.W.3d 132, 139 (Tex. 2014) ("As a matter of law, an implied warranty of merchantability, if not disclaimed, is born at the point of sale . . .").³

All of the other facts that Era alleges in support of its claim of a main gearbox defect, including the event in Norway in 2016 and earlier events in 2009 and 2012, occurred in Europe. None of them pertain to alleged tortious conduct by AH France in Texas. Although Era has not alleged a product liability cause of action, to the extent the helicopters are alleged to be defective the relevant conduct would be by AH France in France. *See Sulak v. American Eurocopter Corp.*, 901 F. Supp. 2d 834, 837, 844 (N.D. Tex. 2012) (finding for choice of law purposes that

³ Era quotes an express warranty from the purchase agreement with AH US on page 53 of the Petition. Again, Era does not identify the entity that was the party to that agreement even though Era acknowledges that it purchased the helicopters from AH US, not AH France. [Pet., ¶¶ 23, 25; Gouraud Dec., ¶ 6.] Era misleadingly added "[Eurocopter]" after the word "seller" in the quote, which does not appear in the text of the purchase agreement that Era cites for this warranty in Exhibit A to its Petition. Eurocopter is the former name of AH France. [Gouraud Decl., ¶ 1.]

AH France designed the helicopter at issue in France and that “any defects in the helicopter would have occurred where it was designed and manufactured: France.”) (citing *Perez v. Lockheed Corp. (In re Air Disaster at Ramstein Air Base, Ger.)*, 81 F.3d 570, 577 (5th Cir. 1996) (holding strict-liability place of conduct is where product was designed, manufactured, and entered the commerce stream)).

The fact that AH France has sold helicopters, including the ones at issue, to AH US, a distributor in Texas, does not support the exercise of specific jurisdiction over AH France as to Era’s claims. As explained, Era’s claims are not based on AH France’s sale of the helicopters to AH US, but, rather, on allegedly tortious conduct that Era claims induced it or an affiliate to enter into purchase agreements with AH US. Moreover, fraudulent inducement claims require the existence of a contract *between the parties*, and it is undisputed that no contract exist for the helicopters between AH France and the Era purchasers from Louisiana. *Haase v. Glazner*, 62 S.W.3d 795, 798-99 (Tex. 2001) (“Fraudulent inducement, however, is a particular species of fraud that arises only in the context of a contract and requires the existence of a contract as part of its proof. That is, with a fraudulent inducement claim, the elements of fraud must be established *as they relate to an agreement between the parties.*”) (emphasis added).

Finally, the fact that Era’s helicopters passed through Texas-based transactions between AH US and their Louisiana purchasers, and four of them passed physically through Texas bound for registration and use outside of Texas, does not create a basis for specific jurisdiction in Texas for Era’s claims. In *Moore v. Pulmosan Safety Equip. Corp.*, the court found no substantial connection with Texas where the product was manufactured in New York and used in Louisiana, even though it was purchased by the plaintiff’s Texas employer and passed through Texas on its way to Louisiana. 278 S.W.3d 27, 38 (Tex. App. – Houston [14th Dist.] 2008). “The relevant

facts,” the court explained, “will be the state of the product as it left New York and the conditions in which [the plaintiff] used the product and worked in Louisiana. The fact that the product passed through Texas is not an operative fact.” *Id.*

Since none of the tortious conduct alleged by Era in support of its claims against AH France occurred in Texas, Era has not alleged a substantial connection between contacts by AH France and the operative facts of its lawsuit. Indeed, because AH France has not done anything that would qualify as purposeful availment of the privilege of doing business in Texas with respect to Era’s claims, the touchstone of the specific jurisdiction inquiry is lacking. Thus, this Court lacks specific jurisdiction over AH France. *Kelly*, 301 S.W.3d at 659-661.

C. Fair Play and Substantial Justice: France’s Interests Outweigh Texas’s

If the Court finds that AH France has sufficient minimum contacts with Texas, it should still decline to exercise personal jurisdiction over it because doing so would not comport with “traditional notions of fair play and substantial justice.” *Guardian Royal Exch. Assur., Ltd. v. English China Clays, P.L.C.*, 815 S.W.2d 223, 231 (Tex. 1991). To make this determination, the Court should weigh the following five factors: (1) the burden on the defendant; (2) the interests of the forum state in adjudicating the dispute; (3) the plaintiff’s interest in obtaining convenient and effective relief; (4) the interstate judicial system’s interest in obtaining the most efficient resolution of controversies; and (5) the shared interest of the several states in furthering fundamental substantive social policies. *Id.* at 232.

The Texas Supreme Court has recognized that “when the defendant is a resident of another nation, the court must also consider the procedural and substantive policies of other nations whose interests are affected by the assertion of jurisdiction by a state court.” *Id.* at 228. Thus, “the unique burdens placed upon a foreign defendant who must defend itself in a foreign

legal system carries significant weight in assessing the reasonableness of stretching the long arm of personal jurisdiction over national borders.” *Id.* at 229.

While AH France recognizes that distance alone is insufficient to defeat jurisdiction, it would be unreasonable and unfair to require AH France to defend itself in Texas in this particular case arising solely from alleged conduct by it in France and where the majority of its relevant witnesses and documents are located. France has a far greater interest than Texas in adjudicating claims based on alleged fraudulent conduct by a French company made on French soil and based on alleged defects in a helicopter designed, certificated, manufactured and sold in France. *Keeton v. Hustler Magazine, Inc.*, 465 U.S. 770, 776 (“A state has an especial interest in exercising judicial jurisdiction over those who commit torts within its territory. This is because torts involve wrongful conduct which a state seeks to deter, and against which it attempts to afford protection, by providing that a tort-feasor shall be liable for damages which are the proximate result of his tort.”) (citation omitted). The burden AH France would face in defending itself in Texas, under a foreign legal system, with witnesses for whom English is a second language, particularly for claims arising from alleged statements made in France, and with regard to events involving Super Puma helicopters that occurred entirely in Europe, outweighs any interest of Texas. *Doe v. Roman Catholic Archdiocese of St. Louis*, 109 S.W.3d 928, 931 (Tex. App.—Dallas [5th Dist.] 2003) (“we cannot agree with appellants that Texas’s interest outweighs that of Missouri, given that the alleged torts occurred in Missouri, involved Missouri residents, and would be adjudicated under Missouri law”); *Rio de Janeiro v. Philip Morris Inc.*, 143 S.W.3d 497, 502 (Tex. App.—Beaumont [9th Dist.] 2004) (“We agree Texas does not appear to have an interest in adjudicating this specific dispute, a dispute involving

tortious conduct and damages occurring outside the borders of Texas and unrelated to defendants' business in Texas.'').

IV. CONCLUSION

For the foregoing reasons, Defendant Airbus Helicopters, S.A.S. respectfully requests that its Special Appearance be granted, and that it be dismissed from this lawsuit because the Court lacks personal jurisdiction over it.

Dated: January 12, 2017.

7 - DELAYS

7-1 Force Majeure

The Parties shall not be held liable for failure to perform or delay in performing any of their contractual obligations except for payment obligations, if such failure or delay is due to an event which at the same time is compelling, unpredictable, unavoidable, beyond the affected Party's reasonable control and not due to its fault or negligence. Governmental decisions will be considered as event of Force Majeure, if the conditions stated in the previous sentence are fulfilled. Force Majeure events include, but are not limited to, acts of God, war, insurrection, epidemics, sabotage, labour disputes, strikes, lock-outs, shortages of labour, shortage in material or energy, acts, orders or priorities of any government and embargo ("Force Majeure").

In case of Force Majeure, the contractual delivery date shall be extended by such period of time reasonably required to remove and/or overcome the event of Force Majeure and its effects. The Party prevented shall notify the other Party about the occurrence of any event of Force Majeure within due time after the commencement thereof, citing this article in said notice.

Should a Party be prevented by an event of Force Majeure beyond two (2) months after the contractual delivery date to fulfil its contractual obligations, either Party is entitled to terminate the Contract in whole or in part, as far as the Contract can be split into parts, by notifying the decision by registered letter with acknowledgement of receipt. In such a case neither of the Parties is entitled to any compensation for any damage occurring in direct connection with the event of Force Majeure.

7-2 Excusable delay

Any postponement of delivery by EUROCOPTER due to any of the following causes shall not constitute a delay in delivery of EUROCOPTER:

- o Changes or additions to the order which are requested by the Customer after Order Confirmation by EUROCOPTER, or
- o Any failure by the Customer to perform its obligations in accordance with the schedule set forth in the Contract or,
- o Any Force Majeure case as per article 7-1.

8 - TRANSFER OF OWNERSHIP

Transfer of ownership of the Spare Parts is subject to the prior performance by the Customer of its obligations in particular the full payment of the delivered Spare Parts and interest, if any.

Accordingly, in the event that the Customer fails to pay according to the contractual payment terms, EUROCOPTER reserves the right to rescind the Contract through notification sent by registered letter and, if the Spare Parts are already delivered, to demand that said Spare Parts be returned.

The official recognition that Products and repaired / overhauled / standard exchange Items have satisfied the quality assurance procedures is certified by the issuance of the following documents:

For Helicopter(s) in baseline definition and installed optional equipment:

- o A Statement of Conformity or Certificate of Conformity issued by the Seller's quality organization to certify compliance with the contractual specification,
- o An Aircraft Statement of Conformity (EASA Form 52) for Helicopters sold to customers of EASA member states signed by the Seller's authorized certifying staff within the above mentioned POA. The EASA Form 52 allows the issuance by the national civil aviation authority of the certificate of airworthiness for the European countries members of EASA, or
- o A certificate of airworthiness for export, for Helicopters sold outside the European Union, issued by the national civil aviation authority upon submission by the Seller to the EASA representative body of the above mentioned original Helicopter Statement of Conformity (EASA Form 52),
- o Upon request, a certificate of non-registration issued by the national civil aviation authority.

For optional equipment delivered packed, Spare Parts and repaired / overhauled / standard exchange Items:

- o Upon request, a Certificate of Conformity or other equivalent document issued by the Seller's authorized certifying staff, for standard components,
- o An authorized release certificate (EASA Form 1) for other certified components or non-standard Spare Parts issued on behalf of the national civil aviation authority by the Seller or the Seller's selected workshop.
- o A log card if applicable
- o A dual or tri release if required through a bi/tri lateral agreement between authorities (e.g. Federal Aviation Regulation (FAR) 145 / Transport Canada Civil Aviation (TCCA) 145).

For miscellaneous parts and tools which are not subject to installation on the Helicopter (if applicable):

- o A Certificate of Conformity issued by the Seller.

The Customer that has its civil helicopter registered in a country under EASA regulation is responsible of any task related to the management of the continuing airworthiness of the helicopter or shall transfer this obligation by signing a contract with a CAMO in order to ensure the proper accomplishment of the airworthiness management activities in accordance with the regulations in force (Part M/ Subpart G). Upon signature of the Contract with the Seller, the Customer shall indicate who will assume the responsibility of the CAMO.

7.2 Modifications after delivery

The Seller will notify the Customer of any modifications that the competent national airworthiness agency has decided to impose on Helicopters or Spare Parts of the same type. In the event of such modifications, the Seller shall make available to the Customer, within a reasonable time, at the latter's request and expense, the equipment kits required to incorporate such modifications to the Helicopter and Spare Parts previously delivered.

For this purpose, the Customer shall receive at no additional cost the technical information bulletins relating to the type of Helicopter mentioned in the Contract for as long as at least one (1) Helicopter of the type remains in service with the Customer.

8 - ACCEPTANCE AND TRANSFER OF OWNERSHIP AND RISK

8.1 Helicopter acceptance activities

8.1.1 Helicopter acceptance activities by the Seller

Prior to Customer's acceptance activities for new Helicopters, the Seller shall perform production ground and flight tests on Helicopters. Flight tests will not exceed per Helicopter:

- o Twenty (20) flight hours for H120, H125, H130, AS355, H135/H135 Helionix®, H145 and EC145 or,
- o Thirty (30) flight hours for AS365, H155 and H175 or,
- o Fifty (50) flight hours for H225
- o Some equipment and components may be delivered with up to fifty (50) hours and/or the remaining time of some equipment and components may be reasonably affected by the industrial cycle.

Additional hours may be flown in the event that development and installation of specific equipment is requested by the Customer. The cost of such additional hours shall be borne by the Customer.

Helicopter non conformities with certified definition, which have an impact on Helicopter operation and maintenance by the Customer, shall be submitted to the Customer for approval.

Upon satisfactory completion of the Seller's acceptance activities, a Certificate of Conformity will be issued by the Seller. As from the date of issuance of this document, the Helicopters shall be deemed ready for Customer's acceptance, referred to as the "Ready for Acceptance" date.

Not later than (1) month prior to the date on which a Helicopter is to be Ready for Acceptance by the Customer, the Seller will provide the Customer with a procedure describing the acceptance process (organization, schedule, documents, etc) and document(s) defining the flight tests that could be performed by the Customer (hereinafter referred to as "Acceptance Test Document(s)"). The purpose of these tests is not to re-perform certification tests. These documents shall be valid for all Helicopters of the same type.

Within one (1) week after receipt of the Ready for Acceptance notice, the Customer shall send to the Seller the information required from the Customer's representatives in order to be admitted to the Seller's premises. The Customer's inspection team shall not exceed three (3) persons.

8.1.2 Helicopter acceptance activities by the Customer

The acceptance activities by the Customer shall not exceed, per Helicopter:

- o One (1) day for H120, H125, H130, AS355, H135/H135 Helionix®, H145 and EC145, or
- o Two (2) days for AS355 and H155, or
- o Three (3) days for H175 and H225.

The Customer shall bear its own expenses and costs related to the Customer acceptance activities including but not limited to travel and accommodation of its representatives during this process.

During the Customer's acceptance activities, it may perform acceptance flights, the combined time of which shall not exceed per Helicopter one (1) flight hour for H120, H125, H130, AS355, H135/H135 Helionix®, H145 and EC145 Helicopters and two (2) flight hours for AS355, H155, H175 and H225 Helicopters.

Acceptance flights will follow the format and procedures described in the Acceptance Test Document(s) provided by the Seller and shall be carried out under the responsibility of a Seller's pilot acting as pilot in command.

Unless a major deviation from the specification is found during the Customer's acceptance, the Customer shall accept the Helicopters as being in conformity with the contractual specifications. The acceptance shall be acknowledged by the Customer's signature of an acceptance certificate, designated as "Acceptance Protocol" and/or "Acceptance and Transfer of Ownership Protocol". If the acceptance certificate is not signed within the above acceptance time period, and without such absence of signature being duly justified in writing explaining the precise reason of the rejection and the contractual grounds thereof, or if the Customer does not attend the acceptance procedure, the acceptance shall be deemed to have been granted by the Customer.

8.2 Acceptance of the other Products than the Helicopters and Services

A Certificate of Conformity or equivalent document is issued by the Seller for Products other than the Helicopters.

With regards to Products other than Helicopters, the Customer shall check and notify any defect and/or non-conformity with the order and/or missing associated documentation in a documented registered letter:

- o within twenty one (21) calendar days as from the date the Seller has notified that the Product is ready to be collected, or
- o in case of Products delivered CIP or DAP, the time frames for acceptance are the following:
 - forty eight (48) hours for AOG orders,
 - fifteen (15) calendar days after delivery for Training Items and/or technical publications

and claims against the carrier shall be made within three (3) working days as from the date of receipt of the Product. After expiry of said periods, the Customer's acceptance of the Products shall be deemed given unless the Customer's refusal is duly substantiated in writing and explaining the precise reason of the refusal and the contractual grounds thereof.

For the Services, except SaaS, a certificate of completion of Services or assignment sheet shall be issued once the Service has been performed. The Customer shall sign the form certifying that the Service has been provided in accordance with the Contract. Unless the Customer's refusal is duly substantiated in writing and explains the precise reason of the refusal and the contractual grounds thereof, the Service shall be deemed accepted five (5) working days after issuance of the certificate of completion of the Services or of the assignment sheet. SaaS, including any and all of their supporting elements and content, are provided on an "as is" and "as available" basis.

8.3 Collection of Products

After the transfer of ownership, the Customer shall collect the Helicopter within two (2) weeks in case of ferry flight or within one (1) month if it is to be dismantled or conditioned for sea, air or road transport.

If the Customer has requested pilot's training following the acceptance of its Helicopter, said duration shall be extended by the time required to train its pilot(s) on its Helicopter.

The Customer shall collect any optional (i.e. not installed on Helicopter) packed equipment, Spare Parts, R&O items and/or tools:

- o within four (4) weeks for Products sold together with Helicopters
- o within fifteen (15) calendar days otherwise

following the notification by the Seller to the Customer of its availability.

If the Customer fails to pick up its Products within the above mentioned periods of time:

- o The Customer shall reimburse the Seller any expenses incurred by the Seller such as maintenance, storage, insurance, taxes and associated penalties if any, levies, etc. The foregoing does not constitute any obligation for the Seller to maintain, store or insure the Products beyond the date the Products should have been collected.
- o The Seller may terminate the Contract as per article 14.2 and shall not be liable for any loss or damages incurred by the Customer as a consequence of such termination.

In the event that the Products are delivered in consigned containers, the Customer shall return said containers at its expense within fifteen (15) calendar days after they are made available to the Customer by the freight forwarder. After the expiry of this period, the Seller shall be entitled to invoice the container at its current price.

8.4 Transfer of ownership and risk

8.4.1 Helicopters

Transfer of ownership of the Product shall be subject to the prior fulfillment by the Customer of its obligations, in particular full payment of the balance of the Contract and interest, if any. Upon signature of the "Acceptance Protocol" or the "Acceptance and Transfer of Ownership Protocol" by the Seller and the Customer and upon full payment of the Contract price, the ownership of the Products is transferred from the Seller to the Customer. The Seller shall also immediately issue the bill of sale.

All risks relating to the loss of or damage to the Products shall pass to the Customer upon delivery.

With respect to the Customer's hull all risk and hull war risk insurance coverage, the Customer shall cause the insurers of the Customer's hull insurance policies to waive all rights of subrogation against the Seller, its assignees and its directors, officers, agents and employees. This waiver shall be applicable as from the time of signature of the "Acceptance Protocol" and/or the "Acceptance and Transfer of Ownership Protocol".

At Customer's request and costs, and according to the terms of the Contract, the Seller will dismantle and package the Helicopter for transportation after the transfer of ownership.

8.4.2 Products other than Helicopters

The transfer of ownership of any Products other than Helicopters shall take place:

- o at the Seller's facility, at the time of their collection by the forwarding agent appointed by the Customer, or
- o in case of Products delivered CIP or DAP, at the mentioned delivery place,

and shall be subject to the prior performance by the Customer of its obligations in particular the full payment of the delivered Products and interest, if any.

As a result, should the Customer fail to pay according to the contractual payment terms, the Seller reserves the right to terminate the Contract

through notification sent by registered letter and, if the Products are already delivered, to demand that said Products be returned.

If the laws of the country where the Products are delivered do not allow the Seller to regain ownership, the Seller shall be entitled to benefit from any other rights that such laws may confer. The Customer shall implement all measures necessary to protect the Seller's aforementioned rights. In all cases, this will not prevent the Seller from claiming any damages.

Risk of loss or damage to the Products is transferred to the Customer at the time of delivery of the Products by the Seller as determined by the agreed INCOTERMS® 2010.

8.5 Adherence to the delivery date

Adherence to the delivery date is conditioned upon the Customer fulfilling all of its contractual obligations.

9 - WARRANTY

9.1 General

The Seller warrants that the Products and Services provided, except the turbine engine(s), specific equipment with a STC mentioned in the Contract (if any) and MEGHAS avionics equipment, are free from defects in material and workmanship under normal use and service and that software identified in the applicable Helicopter specification substantially provides the functions set forth in the said specification or in the applicable SB.

The turbine engine(s) as well as the MEGHAS avionics equipment installed in the Helicopter and STCs equipment identified in the Purchase Order are covered by the warranty granted by the manufacturers of these items (Turbomeca, Pratt & Whitney and Thales and the STC holder), the benefits of which the Seller hereby assigns on to the Customer who hereby acknowledges and accepts such assignment.

As soon as possible but no later than fifteen (15) calendar days after the discovery of a defect, the Customer shall furnish to the Seller, by using a warranty claim form provided by the Seller, the full details of its claim and the basis thereof. As soon as it receives the said form, the Seller will forward to the Customer a warranty claim acknowledgment and a RMA form. Within fifteen (15) calendar days following the receipt of such documents the Customer shall return the allegedly defective Parts to the Seller. If the Customer fails to return the allegedly defective Parts in due time, the Seller reserves the right to invoice the replacement Parts which have been ordered or produced for the Customer at the price stated in the relevant Seller's price list in force, or in the relevant Quotation.

The Seller will compensate reasonable transportation costs outbound from the Customer premises to the Seller's premises for the repairable Parts for which the benefit of the warranty has been granted by the Seller. The Customer shall send the invoice to the Seller by the end of each quarter and in any case not later than three (3) months after the acceptance by the Seller of the warranty claim. Corresponding credit notification will be issued on a quarterly basis by the Seller and shall be applicable to Spare Parts and/or R&O invoice(s). Insurance, customs expenses and other charges as well as the expenses incurred by the Customer for the removal, re-installation, calibration and troubleshooting operations with respect to such Parts shall be borne by the Customer.

However, during the first year of the warranty of a new civil Helicopter (except H215 one), for each valid warranty claim, the Seller will compensate in kind the Customer for reasonable labour charges related to warranty issues on the basis of removal and re-installation of the concerned Part(s) (troubleshooting excluded). These labour charges flat rates in force are defined by the Seller per category and are available to the Customer on request. Such compensation shall be cumulated on a monthly basis under the form of a credit which shall be valid for one (1) year and shall be used by the Customers for paying ordered Spare Parts. If applicable, the Customer hereby authorizes the Seller to grant the credit to the company who manages and performs the warranty claim on its behalf for the final benefit of the said Customer.

Said credit(s) shall not apply in case of Customer's default, such as, but not limited to, late payment and payment failure.

For Parts for which the benefit of the warranty has been granted by the Seller, the return transportation costs to the Customer premises shall be borne by the Seller.

The warranty exclusions are as follows:

- Parts and any associated costs incurred for scheduled maintenance, or
- if the Customer has failed to notify the Seller of its warranty claim within two (2) weeks from the failure occurrence date, or
- if the supply and/or any part thereof is stored, operated, maintained, installed, repaired or overhauled otherwise than in accordance with the manuals, documentation and instructions delivered by the Seller, or
- in the event that maintenance activities have not been properly entered in the appropriate logbook (or in case of failure to produce the logbook to the Seller if so requested), or
- if the defective Product or any part thereof has been repaired or altered otherwise than as instructed by the Seller or its subcontractors/suppliers, or
- if the Product or any part thereof has suffered an accident, or
- in the event of a defect that is the result of normal wear and tear, or
- if the Product has not been delivered by the Seller, or
- if such Product or any part thereof is not properly stored and protected in accordance with instructions delivered by the Seller, or
- if the defect is partly or wholly caused by a defective item not provided by the Seller, or
- if the software or the host media is exposed to any computer virus or to any conditions in excess of those published in the applicable manuals, documentation and instructions delivered by the Seller, as well as any alteration and/or modification not validated by the Seller, having an impact on the software, or
- normal wear and tear of item(s) such as, but not limited to, seals, tires, inner tubes, bulbs, packings and similar consumables parts.

The warranty is granted to the Customer personally and shall not be assigned or transferred to any third party without the prior consent of the Seller. Should the Customer want the warranty to be managed by a third party, it shall then provide the Seller with a power of attorney authorizing the said third party to act on its behalf.

The warranty constitutes the Seller's sole liability in case of breach of the warranty obligation, and is exclusive and in lieu of any other warranty or remedy available under this Contract or at law.

9.2 Warranty period

The Seller's obligation under the warranty is limited to the repair - or replacement at the Seller's discretion - of the allegedly defective Products or Services that have been returned to its facility and, at the time of any repair or replacement have been recognized by the Seller after expert investigation as defective. To be eligible under this warranty, the alleged failure must have occurred within the time-limits mentioned here-after:

- o For new civil Helicopter(s) (except H215 one) in baseline definition and installed optional equipment:
 - Within two thousand (2,000) flying hours or thirty six (36) months after their acceptance at the Seller's factory, whichever event occurs first
- o For Spare Part(s) and SB kit(s):
 - Within one thousand (1,000) flying hours or twelve (12) months from the time they are fitted to the Helicopters or twenty four (24) months after their delivery from the Seller's factory, whichever event occurs first.
- o For tool(s):
 - Within twenty four (24) months after their delivery from the Seller's factory.
- o For Training Item(s):
 - Within the twelve (12) months after their delivery from the Seller's factory.
- o For repaired, overhauled and standard exchange items and second hand Part(s):
 - Within five hundred (500) flying hours or six (6) months from the time they are fitted to the Helicopters or twelve (12) months after their delivery from the Seller's site, whichever event occurs first.
For repaired item, the warranty is limited to the repair done and/or the Parts replaced.
- o For tools repaired, overhauled or returned for calibration:
 - Within twelve (12) months after their delivery from the Seller's site.
- o For workmanship:
 - Within five hundred (500) flying hours or six (6) months from the signature date of the acceptance certificate by both Parties, whichever event occurs first.
- o Warranty periods in case of sale of second hand Helicopter(s) are defined in the relevant Specific Annex.

Software identified in the applicable Helicopter specification shall only be considered as non-conforming, if there are substantial deviations of the functions supported by software from the Helicopter specifications.

The Seller will, at its sole discretion, remedy such non-conforming software for the considered Helicopter by providing a correction release of the software or by finding a reasonable workaround. The Customer shall supply the Seller with all necessary information and documentation in its possession, to enable the Seller to investigate and rectify such non-conforming software. The Seller warrants the software identified in the applicable Helicopter specification provided that the alleged warranty is notified by the Customer to the Seller within one hundred and eighty (180) calendar days from the date of delivery of the Helicopter to the Customer.

The warranty conditions for software embedded in the delivered Spare Parts or in the delivered repaired/overhauled/ standard exchange item shall be the ones applicable to the software delivered with the Helicopter, as mentioned in the previous paragraph.

Any SaaS, including any and all of their supporting elements and content, are provided "as is" and "as available".

The warranty period on the repaired or replaced part(s) shall be the warranty period that was remaining on the respective defective part. The part(s) removed for which the Seller supplies a replacement part(s) shall become the property of the Seller.

9-3 German legal warranty

For Contracts governed by German law, the German legal warranty (Sachmängelhaftung) supersedes the standard warranty conditions described here above for the first twelve (12) months. During this period, and provided that the German legal warranty is applicable, the Seller may elect to repair or replace the defective Products.

10 - CONFIDENTIALITY

During the performance of the Contract, the proprietary information of the Parties shall be protected as follows: the term "Proprietary Information" shall mean any information or data in whatever form (either in writing or orally, subject to the conditions set forth hereinafter, and including but not limited to any written or printed documents, samples, models or any means of disclosing such Proprietary information that the disclosing Party may elect to use during the life of the Contract), disclosed by either Party to the other and which is designated as proprietary to the disclosing Party by an appropriate stamp, legend or any other notice in writing, or when disclosed orally, has been identified as proprietary at the time of disclosure and has been promptly (thirty (30) calendar days at the latest) confirmed and designated in writing as Proprietary Information of the disclosing Party.

The receiving Party hereby covenants that, from the effective date of the Contract, the Proprietary Information received from the disclosing Party shall:

- be protected and kept in strict confidence by the receiving Party, which must use the same degree of precaution and safeguards as it uses to protect its own Proprietary information of like importance, but in no case any less than reasonable care; and
- be only disclosed to and used by those persons within the receiving Party's organization who have a need to know and solely for the purpose specified in the Contract; and
- not be used, in whole or in part, for any purpose other than the purpose of the Contract without the prior written consent of the disclosing Party; and
- neither be disclosed nor caused to be disclosed, whether directly or indirectly to any third party or persons other than those mentioned in subparagraph b) above; and
- neither be copied nor otherwise reproduced nor duplicated, in whole or in part, where such copying, reproduction or duplication has not been specifically authorized in writing by the disclosing Party.

Any Proprietary Information and copies thereof disclosed by either Party to the other shall, subject to any third party rights, remain the property of the disclosing Party and shall be immediately returned by the receiving Party upon request.

11 - INTELLECTUAL PROPERTY

The Seller retains all rights in respect of developments, inventions, know-how, production procedures and any intellectual property rights relating to the Products and/or Services.

Nothing in the SCS shall be construed as a legal transfer of or licence to (other than specified hereafter), any patent, utility or design model, copyright, trademark, know-how or other intellectual property right.

Copying and/or reproducing and/or communication and/or transmission to a third party of Seller's Products or Services or technical information

or publications, either wholly or partially, without the Seller's express approval is strictly forbidden (except for the copying by the Customer of technical documentation provided by the Seller exclusively for the purposes of operation and maintenance of the Helicopters by the Customer).

The Seller grants the Customer a non-exclusive, non-transferable licence to use

- o a SaaS for the purposes of operating and/or maintaining helicopters and/or
- o the executable form of the software on the related Product, for the purposes of operating the Helicopters.

This licence does not entitle the Customer to receive free of charge updates of such software. The Customer shall not decompile, disassemble, modify, reverse assemble, reverse engineer or reduce to human readable form, the software and/or any SaaS except to the extent the foregoing restriction is, by operation of applicable law, prohibited or of no effect.

12 - LIABILITY

Notwithstanding any provision to the contrary in the Contract or elsewhere, the total and cumulated liability of the Seller under the Contract, due to any and all causes whatsoever, whether based on breach of contract or in tort or otherwise, shall in no event exceed in aggregate an amount equivalent to ten per cent (10%) of the total net Contract price.

The above limitation shall not apply in the event of gross negligence, wilful misconduct, death or bodily injury.

Each Party shall be responsible for death or bodily injury arising to its own personnel, whatever the cause. The Parties therefore waive the right to any claim against the other in this respect, except if such death or bodily injury is caused by the gross negligence or wilful misconduct of the other Party.

In no event shall the Parties be liable for any indirect, consequential, incidental, special or punitive damages of any kind, including, but not limited to, damages for any loss of use or profit, loss of assets, loss resulting from business disruption, loss of goodwill or loss of contractual opportunity by the other Party.

To the extent permitted at law, the Seller's obligations and liabilities and the Customer's rights and remedies as set forth in this Contract are exclusive and are in replacement of any and all other remedies under law or otherwise.

13 - FORCE MAJEURE AND EXCUSABLE DELAY

13.1 Force majeure

The Seller shall not be held responsible for failure to perform or delay in performing any of the contractual obligations of this Contract if such failure or delay is due to, but not limited to:

- o acts of God, war, insurrection, epidemics, sabotage, labour disputes, strikes, lock-outs, shortages of labour, interruption or delays in transportation, fire, explosion, equipment or machinery breakdown, failure or delays of the Seller's sources of supply, shortage in material or energy; or
- o acts, orders or priorities resulting from any government action, national or international authorities; or
- o acts caused by any supplier or subcontractor of the Seller (or lower level subcontractor or supplier); or
- o a bankruptcy or insolvency event concerning any supplier or subcontractor (or lower level subcontractor or supplier); or
- o any other case beyond the reasonable control of the Seller.

For the avoidance of doubt, the delay or absence of payment by the Customer cannot be considered by it as a case of force majeure.

In case of force majeure, the contractual delivery date shall be extended by such period of time reasonably required to remove and/or overcome the event of force majeure and its effects.

13.2 Excusable delay

Any postponement of the contractual dates due to the following causes shall not constitute a delay:

- BFE/CFE not delivered according to the schedule stated in the Contract or found defective and which consequently requires to be replaced by the Customer or,
- Changes or additions to the Contract requested by the Customer or,
- Any failure or omission by the Customer to perform its obligations set forth in this Contract.

Any additional costs incurred by the Seller as a result of the occurrence of one of the above events shall be invoiced by the Seller and paid by the Customer over and above the Contract Price.

14 - TERMINATION

14.1 Extraordinary termination

Each Party may immediately terminate or reduce the scope of the Contract by notice in writing to the other Party if:

- o A petition is filed, a notice is given, a resolution or a court order is passed in connection with the winding up of the other Party, or
- o The other Party becomes bankrupt or insolvent.

14.2 Termination for default

A Party may terminate all or part of this Contract for default of the other Party in the event that the other Party persistently fails to perform its obligations and despite the non-defaulting Party having notified by acknowledgment of receipt the defaulting Party to take adequate corrective measures and provided no such measures have been proven to have been taken within a period of two (2) months, following the above notice. The termination shall occur without any specific formality other than the above notice.

In the case of termination for default, the following shall apply:

- o In case of default of the Customer:
 - a) the Customer shall reimburse the Seller for all costs (including but not limited to raw materials, labour, overhead, storage and financial fees) incurred by the Seller or which the Seller could not avoid incurring (including termination indemnities, if any, under the contracts between the Seller and its subcontractors or suppliers or under the second level contracts or subcontracts),
 - b) the Customer shall pay to the Seller a termination indemnity equal to ten per cent (10%) of the contractual price as well as an indemnity equal to the damages sustained by the Seller,
 - c) the Customer shall indemnify the Seller in case other remedies are available by the Customer under this Contract, than those mentioned under paragraphs a) to b) above, and
 - d) the Seller shall be entitled to retain any payments already made by the Customer, until an agreement is found on the above or the dispute resolution has been implemented and a decision has been taken in consequence.
- o In case of default of the Seller:
 - a) the Seller shall be entitled to deliver the remaining non-faulty Products and render the remaining non-faulty Services, and shall be paid the corresponding price thereof,
 - b) the Seller shall return to the Customer all the BFE/CFE remaining in its premises, once the Products are delivered and/or the Services are rendered,
 - c) the Seller shall refund the Customer, the amount of the down payment which refers to the unfulfilled part of the Contract, and
 - d) the Customer shall possibly apply the liquidated damages, if any.

14.3 Termination for force majeure

In case of the occurrence of a force majeure event as provided in article 13.1 which lasts more than six (6) consecutive months, the Parties shall meet in order to determine under which conditions they wish to pursue the Contract or if they do not reach an agreement within a one (1) month period, either Party shall be entitled to terminate the Contract, without being entitled to claim for any damages or compensation in any form whatsoever from the other.

15 - APPLICABLE LAW AND DISPUTE RESOLUTION

The Contract shall be governed by German law for the sale of Products and/or Services by Airbus Helicopters Deutschland GmbH and by French law for the sale of Products and/or Services by Airbus Helicopters. Irrespective of the applicable law, the United Nations Convention for the international sale of goods is excluded.

The Parties shall attempt to amicably settle any dispute, controversy or claim arising out of or in connection with the Contract. If two (2) months after the occurrence of such dispute, controversy or claim, the Parties have failed to reach an agreement, then the dispute, controversy or claim, depending on the contractual aggregate amount shall be settled as follows:

A dispute will be finally settled under the rules of arbitration of the International Chamber of Commerce (ICC) by three (3) arbitrators appointed in accordance with the said rules.

In the specific case of a dispute of which the aggregate amount does not exceed ten million (10 000 000) Euros, the Parties agree to opt for a fast track arbitration process in accordance with the ICC rules.

The place of arbitration shall be Geneva (Switzerland) and the language of the arbitration shall be English.

However, in all cases, should the Seller elect to choose a local court jurisdiction due to arbitration not being adapted to the specific nature of the dispute, in particular the need for immediate injunctive relief or to recover sums due, then such local court will be competent to settle the dispute.

The Parties hereby consent and agree to be subject to the jurisdiction of the aforesaid courts and/or arbitration and, to the greatest extent permitted by the applicable law, the Parties hereby waive any right to seek to avoid the jurisdiction of the above courts on the basis of the doctrine of *forum non conveniens*.

Unless otherwise agreed by both Parties, the fact that any dispute has been referred to arbitration pursuant to this article shall not relieve either Party from any of its obligations as set out in this Contract.

16 - DATA EXCHANGE

16.1 General

In order to improve the Products, their reliability and availability and the Customer services, the Seller has set up a data exchange process based on maintenance and operational data coming from the Customer's helicopters in service. The list of data to be exchanged will be proposed by the Seller when applicable and will be agreed between the Parties in a specific agreement relative to the types of data and applicable exchange modes. The Customer's data will notably consist of:

- o Customer's helicopter data generated by on-board recording systems
- o Customer's information system data, such as maintenance, operation, logistics and airworthiness data.

The Customer hereby authorizes the Seller on a free and non-exclusively basis:

- o to collect such Customer's data,
- o to use the data to create processed data (Customer's data which is reconciliated, enriched, qualified and selected by the Seller),
 - for the Seller's and its Customer Centers' use
 - for the Customer's use subject to a specific agreement
- o and to use suitably de-identified and anonymous processed data, which may be used by the Seller for the purposes of, but not limited to, its current business activities such as trend monitoring, benchmarking, data mining, performance calculation, statistical or predictive analysis, data aggregation, report issuance, studies, summaries, analyses, reports or oral discussions thereof.

16.2 Data confidentiality and intellectual property

The Parties agree that any and all Customer's data disclosed by the Customer to the Seller shall be deemed confidential. Nevertheless, after achievement of the de-identification process, the outcome of analysis, studies, statistics, results performed by the Seller and based on such Customer's data are not deemed confidential, therefore the Seller shall be entitled to use in the conditions defined in the foregoing paragraph.

The Seller owns the foreground intellectual property being the result of the analysis, studies or statistics that it has performed.

Notwithstanding the confidentiality obligations here above, the Seller may disclose the Customer's data

- o to the Seller's officers, employees, professional advisers, insurers, agents and subcontractors who have a need to access the Customer's data for the performance of their work with respect to the permitted purpose and who are bound by a written agreement or professional obligation to protect the confidentiality of the Customer's data
- o to any governmental agency or judge legally authorized to have access to the Customer's data.

16.3 Data related liability

Notwithstanding anything to the contrary in the Contract, the Seller shall not be liable toward the Customer in the frame of the analysis of the Customer's data and/or in connection with the Customer's helicopter maintenance, repair and flight operations as a result of the disclosure of confidential information by the Customer to the Seller or as the result of any exchange or analysis of information collected through the process.

17 - MISCELLANEOUS

These SCS along with the applicable Specific Annex(es) and Purchase Order (or Order) constitute the entire agreement between the Seller and the Customer. They supersede all previous communications and/or agreements either oral or written, between the Seller and the Customer with respect to the Products or Services.

In the event that one (1) or more of the articles provided for in these SCS is deemed invalid or unenforceable, the remaining provisions shall remain entirely valid and applicable.

No consent by either Party to, or waiver of, a breach by either Party, whether express or implied, will constitute a consent to, waiver of, or excuse of any other, different or subsequent breach by either Party.

STANDARD CONDITIONS OF SALE – SPECIFIC ANNEX APPLYING TO THE SALE OF SPARE PARTS

B1 - GENERAL

This Specific Annex is applicable to sale of Spare Parts, including tools, SB kits and STCs performed by the Seller to any Customer in order to maintain and/or operate Helicopters.

B2 - DELIVERY AND INCOTERMS

Unless the Contract stipulates another INCOTERM®, Spare Parts shall be delivered packed Free Carrier (FCA - INCOTERMS® 2010) at the Seller's site or logistic platform as specified in the Purchase Order.

In case of unavailability of the Spare Parts or of raw material, the Seller shall be entitled to make partial deliveries.

B3 - ORDER'S TYPOLOGY AND SPECIFICITIES

B3-1 Planned Purchase Orders

Purchase Orders of Spare Parts shall be considered as planned Purchased Orders if the requested delivery date is above two (2) weeks from the date of receipt by the Seller of a valid Customer's Order (Order Date), under FCA Incoterms defined in Article 52. In case of complete or partial modification of the Order, the date of receipt shall be updated accordingly.

For each order line of any planned and confirmed Purchased Orders, the Seller shall commit on delivery performance, except for critical part(s) as mentioned in the Order Confirmation. In case of late delivery, the Seller will grant to the Customer a credit under the conditions defined hereafter:

- If the Spare Part(s) ordered is(are) "on collection" as identified in the Seller's price list in force and is(are) delivered by the Seller after the delivery date requested by the Customer, the credit per delayed Spare Part shall depend on the timeframe between the requested delivery date and the Order Date, under FCA Incoterms defined in Article B2, as follows:
 - Timeframe of fifteen (15) calendar days up to thirty (30) calendar days: four (4) per cent of the invoiced value of the Spare Part; the total credit per Order's line shall not exceed two thousand (2 000) euros;
 - Timeframe of thirty one (31) calendar days up to sixty (60) calendar days: six (6) per cent of the invoiced value of the Spare Part; the total credit per Order's line shall not exceed three thousand (3 000) euros;
 - Timeframe of more than sixty one (61) calendar days: eight (8) per cent of the invoiced value of the Spare Part; the total credit per Order's line shall not exceed four thousand (4 000) euros.
- If the Spare Part(s) ordered is(are) "on demand" as identified in the Seller's price list in force, the Seller shall propose a delivery date and commit on it in the Order Confirmation. If the Seller delivers the Spare Part(s) on demand after the said committed delivery date, the credit per delayed Spare Part shall equal to eight (8) per cent of the invoiced value of the Spare part; the total credit per Order's line shall not exceed four thousand (4 000) euros
- The credit shall not apply in case of an event disrupting the logistic flow for reasons not attributable to the Seller.
- The eligible credits shall be cumulated from 1st of January to 31st December of year n and the related total amount will be then granted under the form of a credit which shall be valid from 1st of April until 31st December of year n+1 and shall be used by the Customers for paying ordered Spare Parts. Said credit shall not apply in case of Customer's default, such as, but not limited to, late payment and payment default.

If the Contract stipulates another INCOTERM® than FCA, the conditions for allocating the credit are subject to adjustments and shall be agreed between the Parties.

B3-2 Rush Purchase Orders

The Rush Purchase Order is an Order with a requested delivery time below two (2) weeks from the date of its receipt by the Seller, the Customer not being in AOG situation

B3-3 AOG Purchase Orders

To guarantee an efficient service to the Customer and respond quickly to any situation where the Customer's Helicopter is AOG, the Seller provides a twenty four (24) hours a day/seven (7) days a week AOG service. The AOG service is available for orders of Spare Parts which are essential to put a Helicopter back into service or to enable it to perform its mission.

Any Spare Parts listed in the Seller's illustrated Parts catalog can be ordered by the Customer via AOG service, except main assemblies, raw materials, ingredients and hazardous materials.

The AOG service is provided to the Customer at the price stated in the relevant Seller's price list in force or in the relevant Quotation. Nevertheless, the Seller shall be entitled to add a surcharge fee (excluding transportation) of one hundred (100) euros per confirmed AOG order. A flat rate for transportation cost will be added to the price of Spare Parts.

The Customer shall also mention in writing regarding any AOG order placed to the Seller, the following information:

- Part number/ nomenclature
- Failure description and reason of removal
- Quantity required for the specific AOG
- Ship to address

The Seller, by sending an Order Confirmation, shall confirm in writing to the Customer the price and the delivery time within twelve (12) hours after receipt of the Customer's Order.

The Spare Parts already available in the Seller's inventory upon receiving the Order from the Customer will be delivered packed Carriage Insurance Paid (CIP, INCOTERMS® 2010) to the nearest international airport to the Customer and within seventy two (72) hours after receipt by the Seller of the Customer's Order, depending on the delivery location.

The Customer may order in AOG a maximum of three (3) line items per order and in accordance with the quantity fitted on the Helicopter. If several line items are ordered, the Seller has the right to make partial deliveries, depending on the availability of the Spare Parts.

The Customer shall check the Spare Parts provided in AOG conditions, notify any recognisable defects in a documented registered letter within forty eight (48) hours as from the date the Spare Parts have been received by the Customer and place them at Seller's disposal.

B4 - SB kit and STC

Unless otherwise specified, the kits originated from SB or STC modification are defined on the basis of the "as-delivered" configuration (i.e. the configuration of the Helicopter at the time of transfer of title from the Seller to the original customer). It is the responsibility of the Customer to make sure that the actual configuration of the Helicopter corresponds to the pre-mod configuration of the relevant SB or STC installation instruction. Any deviation of the actual configuration that requires the amendment of the SB or the STC installation instruction shall be charged to the Customer on a time and material basis.

Unless otherwise specified, the STC is sold to the Customer with the certification(s) as listed in the catalog and specified in the offer. It is the responsibility of the Customer to make sure that such certification(s) are acceptable to its competent airworthiness authority before the installation of the kit. The Seller will provide all reasonable support to the Customer for the additional certification or validation of the existing certification(s) at the latter's sole expense on a time and material basis.

The STC holder of the Product shall retain full responsibility for the type design definition its own Product (configuration, definition, necessary changes and continuing airworthiness). The Seller does not warrant the compatibility of the STC with future mandatory or non-mandatory modifications.

STANDARD CONDITIONS OF SALE – SPECIFIC ANNEX APPLYING TO R&O SERVICES

C1 - GENERAL

This Specific Annex is applicable to the sale of Services in relation to repair, overhaul, standard exchange, inspection and modification performed by the Seller to any Customer in order to maintain and/or operate Helicopters.

C2 - PURCHASE ORDERS/QUOTATIONS

The Customer shall issue for each Item sent to the Seller for R&O Service, an order with the following information, if relevant:

- o Order number / reference of the Seller's Quotation
- o Type of work requested (inspection, repair, overhaul, modification, standard exchange)
- o Applicable technical publication
- o Type, version and serial number of the Helicopter
- o Part number and serial number of the Item
- o Description
- o Price
- o TSR, TSO, TSN and TBO
- o Modifications carried out on the subject Item,
- o Nature of complaint or reason for removal
- o Delivery date of need
- o Location / delivery address / mode of shipment
- o Invoice address and VAT number
- o Requested release documentation.

If the technical publication is not provided by the Customer, the Seller reserves the right to perform the R&O Service according to the technical publication in force known by the Seller.

It is understood between the Parties that the Seller shall either carry out the R&O Service in its own workshops or shall have such reconditioning carried out by a Seller selected workshop. In both cases, the TAT indicated in the Quotation or in the R&O prices catalogue is given for information purposes only. On Customer's request, the Seller may arrange a customized TAT; in such a case and based on a written agreement, this service will be charged to the Customer above the standard quoted price.

For Items with fixed price listed in the Seller R&O prices catalogue, the Customer grants to the Seller the right to proceed to the repair and invoice the work at such price (*).

In case of Items with fixed price which may be subject to additional tasks (refer to "exclusions" in the R&O prices catalogue), an additional Quotation may be issued by the Seller after inspection of the Item, if some Parts excluded from the fixed price finally need to be replaced (**).

For the Items with basic price and for the other Items, a Quotation will be drawn up by the Seller after inspection.

(*) A Quotation will be issued for additional costs and increased lead-time for Items:

- o which have been improperly used or maintained by the Customer,
- o involved in incidents or accidents,
- o having suffered external damage,
- o with missing Parts,
- o for which the requested release documentation is not proposed in the R&O prices catalogue.

If the Customer does not accept the Quotation, the inspected Item will be returned as is(**) by the Seller at the Customer's request and at the latter's expense. The inspection, administration, packaging and transportation costs will be invoiced to the Customer by the Seller.

The Quotation remains valid for two (2) months from the date of issue. In the absence of Customer's approval within said timeframe, the Seller reserves the right to update the Quotation and to invoice expenses to the Customer or to return the inspected Item as is(**) at Customer's expense; in the latter case, inspection, administration, packaging and transportation costs will be invoiced to the Customer.

If an Item is deemed non-repairable or unserviceable after inspection, the Seller will either scrap it with prior Customer's consent or return it as

is(**), at Customer's expense: inspection, administration costs and, as applicable, scrapping or packaging and transportation will be charged to the Customer.

(**) Item status after inspection: assemblies are disassembled, painting may be stripped out, parts are inspected, used oil and Parts subject to systematic replacement have been removed.

If the Item has been previously repaired in a service centre not approved by the Seller, the Seller reserves the right to repair the Item according to its own standards.

C3 - RETURN OF ITEMS AND INCOTERMS

C3-1 Return of Item

Prior to any return of Item, the Customer shall obtain from the Seller an RMA number. Any item sent by the Customer for R&O Service shall be sent to the Seller, packed Delivery Duty Paid (DDP) (INCOTERMS® 2010) to the location as specified in the RMA or in other documents provided by the Seller.

The Customer shall send together with the Item the following documents:

- o Order
- o Log card duly completed, when relevant or certified component history
- o Delivery note
- o Material Return Sheet with RMA number provided by the Seller.

If the Customer fails to send any of the above documents within three (3) weeks after Seller's reminder, the Seller shall return at Customer's expense (Delivery Duty Paid (DDP) (INCOTERMS® 2010) the initial Item to the Customer with any work performed.

If the method of shipment is not stipulated in the Contract, transportation shall be at Seller's discretion and at Customer's expense. The Seller shall not be liable for any loss or expenses due to the selection of forwarder/carrier or mode of transportation. Any claims for damage shall be made by the Customer directly to the forwarder/carrier.

C3-2 Delivery and Incoterms

Unless the order stipulates another INCOTERM®, the repaired/overhauled/standard exchange Item shall be at Customer's disposal packed Free Carrier (FCA - INCOTERMS® 2010) at the Seller's facility specified in the Quotation or in other documents provided by the Seller.

If several Items are sent for R&O Service, the Seller has the right to make partial deliveries.

Should the Customer's container be damaged during the transport from the Customer's location to the Seller premises, the Seller reserves the right to send a quote to the Customer in order to provide the Customer with either its repaired container, or a second-hand one or a new one.

C4 - SPECIFICITIES

C4-1 Standard exchange

The standard exchange for an Item entails supplying the Customer with another second-hand Item of the same reference or a functionally equivalent one and in airworthy condition to replace the Item which has been removed and returned to the Seller for repair.

The standard exchange is based on the effective availability of an exchange Item. If the Item is available, the Customer's order shall be recorded by the Seller, then the Item will be made available within forty eight (48) hours. For a selection of Items designated in the R&O prices catalogue with a "Easy Exchange" mention, the Seller manages a specific pool to increase standard exchange availability. If the Item is not available under standard exchange Service, the Seller could propose alternate solution on Customer's request. To improve Item availability, the Customer is encouraged to forecast the exchange of an Item requiring an overhaul at least two (2) months in advance.

The exchange Item shall become the Customer's property and the removed one shall become the Seller's property. The Customer cannot request return of the removed Item (Core Unit).

After reception of the Core Unit from the Customer and release of discrepancies by the Seller, the Seller reserves the right to invoice additional costs after inspection related to the status of the Core Unit.

The standard exchange is only applicable to items for which have been used, stored and maintained in accordance with recommendations stated in the technical publication of the Helicopter type.

The Customer shall return the Core Unit at its own expenses and its title of ownership within four (4) weeks after the delivery of the exchange item. If the Customer fails to return the Core Unit within the said period of time the standard exchange rule shall no longer be applicable and the Seller reserves the right to invoice the exchange item at the price of a second-hand one or a brand new one, as applicable, plus non-refundable administrative costs.

If the Core Unit is delivered without an updated log card (e.g. hours or cycle missing or incorrect) the Seller will inform the Customer at technical filtering step. Failing a reply from the Customer within fifteen (15) days, the Seller will scrap the Parts in question. The additional costs for replacement of the Parts shall be charged to the Customer.

Following inspection and in the event that the Core Unit cannot be repaired, standard exchange rules will not be applicable and the Seller reserves the right to invoice the exchange item at the price of a second-hand one or a brand new one, if applicable.

For any item subject to TBO limit, the Seller shall usually supply an exchange item with full potential (i.e. TSO is null). If the Seller supplies an item which does not have a full potential, the standard exchange price shall be then adjusted by the Seller pro rata the remaining potential.

C4-2 "Easy Repair" service

The Seller is proposing for a selection of items an "Easy Repair" service, i.e. a repair or an overhaul performed within a reduced TAT. Said items are identified in the R&O catalogue with their relevant reduced TAT.

By accepting the "Easy Repair" service in a R&O Order, if the actual TAT of the purchased repair or overhaul exceeds the reduced TAT as stipulated in the catalogue, the Customer grants to the Seller the right to provide the Customer with a standard exchange instead of the repair or overhaul as applicable, at the same initial price.

If the Seller proceeds with a standard exchange:

- o in case of an overhaul Order of any item subject to TBO limit, the Seller will usually supply exchange items with full potential (i.e. TSO is null). If the Seller supplies an item which does not have a full potential, the overhaul price will be then adjusted by the Seller pro rata the remaining potential.
- o in case of a repair Order, if the absolute difference between the TSO of the exchange item and the TSO of the removed item is above ten (10) per cent of TBO, a deterrent or betterment calculation shall apply on the repair price taking into account TSO and TBO.
- o in the event that the removed item cannot be finally repaired, the Seller reserves the right to invoice the exchange item at the price of a second-hand one or a brand new one, if applicable.

C4-3 Dynamic Item

Any item delivered by the Seller after overhaul shall be at least in the same reference standard as the item received from the Customer.

In case of repair Order, final test on bench could reveal extra non-conformities. In that case, a quotation for corresponding additional work may be issued.

C4-4 Investigation

On Customers' request, the Seller is prepared to carry out an investigation on the item sent to the Seller. In this case the Seller will charge the Customer for the costs incurred, even if the Customer chooses not to have the work performed by the Seller. Said costs will not be charged if the concerned item is deemed to be covered by the Seller's warranty.

C5 - AIRWORTHINESS

In accordance with the civil aviation regulation, the Seller will use the following words to indicate the status of the item being released: "OVERHAULED", "INSPECTED", "MODIFIED", or "REPAIRED".

The Seller applies the instructions and directives specified in the Seller technical publication which may be supplemented by Customer's requests provided they don't conflict with the Seller's technical publication and the applicable regulation.

If the Part/Item is declared as non-airworthy by the Seller and returned to the Customer, the Seller waives all liability on said Part/Item which shall be scrapped under Customer's responsibility. In such case and without any formal request from the Customer in the repair order or any other documents considered as contractual, said Part/Item will be recorded and identified as unserviceable by the Seller according to Seller's applicable procedures (record of the scrapped Part/Item in the Seller's database, identification of the Part/Item through "unserviceable" tag and identification of the Part/Item with a triangle scrapping mark when possible).

All imperative or mandatory modifications as mentioned in the Seller's technical publication will be systematically applied. All necessary work to ensure continuous airworthiness of the item will be systematically applied by the Seller at Customer's expense. If the Customer formally requires not applying some applicable airworthiness directives of the item, the Seller will deliver the item only with a Certificate of Conformity but without granting airworthiness.

RIN 2120-AA64

Airworthiness Directives; Airbus Helicopters

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule; request for comments.

SUMMARY: We are publishing a new airworthiness directive (AD) for Airbus Helicopters Model AS332L2 and Model EC225LP helicopters, which was sent previously to all known U.S. owners and operators of these helicopters. This AD immediately prohibits flight of all Model AS332L2 and EC225LP helicopters. This AD is prompted by an accident involving an EC225LP helicopter in which the main rotor hub (MRH) detached from the main gearbox (MGB). These actions are intended to prevent failure of the main rotor system and subsequent loss of control of the helicopter.

Discussion

On June 3, 2016, we issued Emergency AD 2016-12-51 to correct an unsafe condition for Model AS332L2 and EC225LP helicopters. Emergency AD 2016-12-51 immediately prohibits further flight of Model AS332L2 and EC225LP helicopters. The emergency AD was sent previously to all known U.S. owners and operators of these helicopters.

Emergency AD 2016-12-51 was prompted by Emergency AD No. 2016-0104-E, dated June 2, 2016, issued by EASA, which is the Technical Agent for the Member States of the European

Union, to correct an unsafe condition for Airbus Helicopters Model EC 225 LP helicopters. Following a fatal accident in Norway in which the MRH detached from the MGB in-flight, EASA issued Emergency AD No. 2016-0089-E, dated May 3, 2016, to require a one-time inspection of the MGB and to report findings to EASA and Airbus Helicopters. Review of the findings from the inspections prompted Airbus Helicopters to provide further inspections and replacement instructions for correctly installing the MGB suspension bars and attachment fittings. EASA subsequently issued Emergency AD No. 2016-0103-E, dated June 1, 2016, which superseded Emergency AD No. 2016-0089-E, and required inspecting the MGB suspension bar fittings and related base plate assemblies and replacing the attachment hardware. Soon after Emergency AD No. 2016-0103-E was issued, a preliminary report from the Accident Investigation Board Norway indicated metallurgical findings of fatigue and surface degradation in the outer race of a second stage planet gear of the MGB epi-cyclic module. EASA advises that it could not be determined if the fatigue and surface degradation is a contributing factor or if it resulted from another initiating factor. Therefore, pending further investigation to determine the root cause of the reported damage and pending development of mitigating measures by Airbus Helicopters, EASA decided to temporarily ground the fleet as a precautionary measure and issued Emergency AD No. 2016-0104-E on June 2, 2016. EASA included Model AS 332 L2 helicopters to the applicability due to similarities in design that make it subject to the same unsafe condition.

FAA's Determination

These helicopters have been approved by the aviation authority of France and are approved for operation in the United States. Pursuant to our bilateral agreement with France, EASA, its technical representative, has notified us of the unsafe condition described in the EASA AD. We are issuing this AD because we evaluated all information provided by EASA and determined the unsafe condition exists and is likely to exist or develop on other helicopters of these same type designs.

AD Requirements

This AD immediately prohibits flight of all Airbus Helicopters Model AS332L2 and EC225LP helicopters.

Interim Action

We consider this AD to be an interim action. Once the design approval holder develops a modification that addresses the unsafe condition identified in this AD, we might consider additional rulemaking.

Costs of Compliance

We estimate that this AD affects five helicopters of U.S. Registry. There are no costs of compliance with this AD because there are no required maintenance actions.

FAA's Justification and Determination of the Effective Date

Providing an opportunity for public comments prior to adopting these AD requirements would delay implementing the safety actions needed to address this known unsafe condition. Therefore, we find the risk to the flying public justifies waiving notice and comment prior to the adoption of this rule because the previously described unsafe condition can adversely affect the airworthiness of the helicopter and the prohibition of all flights must begin immediately.

Since it was found that immediate action was required, notice and opportunity for prior public comment before issuing this AD were impracticable and contrary to the public interest and good cause existed for making Emergency AD 2016-12-51 effective immediately on June 3, 2016, to all known U.S. operators of the specified Airbus helicopters. These conditions still exist and the Emergency AD is hereby published in the **Federal Register** as an amendment to § 39.13 of the Federal Aviation Regulations (14 CFR 39.13) to make it effective to all persons.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. "Subtitle VII: Aviation Programs," describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in "Subtitle VII, Part A, Subpart III, Section 44701: General requirements." Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on

products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed, I certify that this AD:

1. Is not a "significant regulatory action" under Executive Order 12866;
2. Is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);
3. Will not affect intrastate aviation in Alaska to the extent that it justifies making a regulatory distinction; and
4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Airworthiness Directives; Bombardier, Inc. Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule; request for comments.

SUMMARY: We are adopting a new airworthiness directive (AD) for certain

Bombardier, Inc. Model DHC-8-400 series airplanes. This AD requires an inspection to determine if certain left and right main landing gear (MLG) retract actuator rod ends are installed and repetitive liquid penetrant inspections (LPIs) of affected left and right MLG retract actuator rod ends, and corrective actions if necessary. This AD also provides optional terminating action for the inspections. This AD was prompted by a report of cracked MLG retract actuator rod ends. We are issuing this AD to detect and correct fatigue cracking of the left and right MLG retract actuator rod ends, which could lead to left or right MLG collapse.

DATES: This AD becomes effective July 20, 2016.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of July 20, 2016.

We must receive comments on this AD by August 19, 2016.

SUPPLEMENTARY INFORMATION:

Discussion

Transport Canada Civil Aviation (TCCA), which is the aviation authority for Canada, has issued Canadian AD CF-2016-16, dated May 20, 2016 (referred to after this as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition for certain Bombardier, Inc. Model DHC-8-400 series airplanes. The MCAI states:

There has been a single reported case of a cracked MLG retract actuator rod end in service. A supplier disclosure letter and subsequent Bombardier analysis indicate that the MLG retract actuator rod end P/N [part number] P3A2750 and P3A2750-1 may develop fatigue cracking. This condition, if not corrected, could lead to left hand (LH) or right hand (RH) MLG collapse.

This [Canadian] AD mandates the inspection [to determine if certain left and right main landing gear MLG retract actuator rod ends are installed, repetitive LPIs of affected left and right MLG retract actuator rod ends, and corrective actions if necessary], and replacement of the LH and RH MLG retract actuator rod ends P/N P3A2750 and P3A2750-1 [which is terminating action for the repetitive LPIs].

Corrective actions includes replacing cracked MLG retract actuator rod ends. You may examine the MCAI on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2016-7422.

Related Service Information Under 1 CFR Part 51

Bombardier, Inc. has issued Service Bulletin 84-32-142, dated May 4, 2016. The service information describes procedures for an inspection to determine if certain left and right MLG retract actuator rod ends are installed, repetitive LPIs of the left and right MLG retract actuator rod ends, and replacement of left and right MLG

France Selling \$618 Million Airbus Stake to Institutions

Ruth David, Matthew Campbell and Alexis Xydias
January 16, 2014, 6:29 AM EST

France said it sold a 451 million euro (\$614 million) stake in Airbus Group NV to institutional investors as European governments reduce their control of the manufacturer of the A380 jetliner.

About 8.03 million shares, or 1 percent of the total, were offered in a range between 56 euros and the market price, according to terms of the deal obtained by Bloomberg News. Price guidance on the sale was later revised to 56.25 euros.

France is cutting its ownership of Airbus as part of an agreement to reduce the direct influence of the French, German, and Spanish governments over the company. Reached in the wake of a failed merger with defense contractor BAE Systems Plc, the December 2012 shareholder accord is a step toward Airbus becoming a “normal” firm guided by market forces, Chief Executive Officer Tom Enders has said.

Following the sale, the French, German and Spanish governments will own a minimum of 26 percent of Airbus's voting stock, French Finance Minister Pierre Moscovici said in an e-mailed statement.

Shares of Airbus rose 0.4 percent to 56.86 euros at 12:26 p.m. in Paris. The stock has climbed about 76 percent in the past year and is trading near an all-time high after a 2013 order book twice as large as the company predicted.

Space Merger

Enders said this week he may move to shore up the firm's defense business by taking control of MBDA, a missile manufacturer in which Airbus has a minority holding, and seeking a merger for its space unit.

Shrinking military budgets in Europe are hurting the defense operations even as demand from emerging markets drives growth in sales of commercial airliners. Airbus is exploring ways to speed up production of its A320 and A350 aircraft to shrink wait times for customers, with delivery slots for the former sold out until 2016.

The French government joins sellers including Sweden's Vattenfall AB and CVC Capital Partners Ltd. that are paring their stakes in European companies after investors returned to the region's markets in 2013.

Societe Generale SA is managing the sale, according to the terms of the deal. A spokesman for Airbus declined to comment.

Additional share sales in Europe, the Middle East and Africa raised about \$116 billion in 2013, more than double what was sold in 2012, according to data compiled by Bloomberg.
