To Judge Rhoads

I am writing you to say how dissatisfied and angry I am about the Government of the state of Michigan. You know it used to be a time the peoples vote really counted in America, and I am sure its not only happening in other states in America but I have lived in Detroit all my life and this is where I know for sure

Democracy is being destroyed in the state of Michigan for the poor and middle class. In 2012 Presidential Election the people of the state of Michigan voted and Repealed Public act number 4 and we won. Not only did they put another Public act 436 in it was done like thieves in the night. This Governor said Blatantly in his actions that what ever he wants he will get no matter the people want.

I think when these politician
play these games they are
playing a dangerous ~~game~~ One
I am a African American
who has lived in Detroit all
my 58 years and I am starting
to see alot of Black American
who used to be Patriotic are
now becoming Unpatriotic.
For the first time in a long
time I am hearing from
Veterans in the Black
community saying, they feel
betrayed and having put there
life on the line for American
democracy and having there
vote walk on makes them
ashame that they joined the
Military. They are telling there
kids not to join the Military.
We the people of Detroit want
are street lights turned on, yes
we want are Trash picked up
but thats not all we want
We want to be able to
controll the economics of are
Community,

Not to have the rich one percent of the people control and benefit while the 99 percent get nothing. So Judge Rhoads please consider that pensioners rights must be protected at all costs. Thank you.
