Bankruptcy Case No. 13-53846

Honorable Thomas J. Tucker

Chapter 9

CITY OF DETROIT’S OBJECTION TO CLAIM NUMBER 201

The City of Detroit, Michigan (“City”) files its *City of Detroit’s Objection to Claim Number 201* (the “Objection”). Proof of claim number 201 (“Claim 201,” attached as Exhibit 6-1) is overstated because it claims post-petition interest to which the claimant is not entitled.

BACKGROUND

1. Michael Beydoun was injured in an automobile accident which occurred on May 19, 2008. On April 26, 2011, a judgment was entered against the City in Wayne County Circuit Court case number 09-026647-NI in the amount of \$2,056,998.50. Exhibit 6-1 (attached to proof of claim). This was a “third party” case brought under MCL 500.3135.

2. On June 3, 2011, the Wayne County Circuit Court further awarded \$4,231.08 in costs, \$25,560.00 in attorneys’ fees, and \$108,200.50 in interest up through June 30, 2011. Exhibit 6-1 (attached to proof of claim). This order closed the case, and the City appealed. The appeal was decided against the City well after the City had filed its bankruptcy petition.

3. On December 11, 2013, Michael Beydoun and his attorney, Raymond Guzall III, filed Claim 201 in the amount of \$2,334,113.50 based on the court judgment and subsequent award of fees and costs. Claim 201, attached as Exhibit 6-1. Beydoun calculates his claim as including post-petition interest, even though his claim is unsecured.

4. “The general rule of actions in bankruptcy is that unsecured creditors are not entitled to postpetition interest upon their allowable claims.” *Thompson v. Ky. Lumber Co. (In re Ky. Lumber Co.)*, 860 F.2d 674, 676 (6th Cir. 1988). Further, the City’s confirmed *Eighth Amended Plan for the Adjustment of Debts of the City of Detroit (October 22, 2014)* (the “Plan,” Doc. No. 8045) expressly states that there is to be no postpetition interest on unsecured claims. Plan, Art. V.J.1. Thus, Beydoun is not entitled to post-petition interest on his unsecured claim. Computing his claim using the formula provided by state law (M.C.L. 600.6013(8)) yields a claim as of the City’s July 18, 2013, petition date of \$2,293,293.06. Calculation, Ex. 6-2; M.C.L. 600.6013, Ex. 6-3; Judgment Rates, Ex. 6-4. Thus, Claim 201 should be reduced to \$2,293,293.06.

5. Claim 201 arises under MCL 500.3135. Accordingly, under Article IV, Section S of the City’s Plan, Claim 201 should be satisfied as follows: \$20,000 should be paid in cash, and the balance of \$2,273,293.06 should be allowed as a Class 14 Other Unsecured Claim under Article II, Section B(3)(u) of the Plan.

6. Several of Beydoun's creditors have submitted garnishments against his claim. Thus, although the City seeks to establish the allowed amount of his claim through this objection, the City does not seek to immediately pay the cash portion of it until the competing rights of his creditors are established.

7. Accordingly, the City asks that the Court enter the proposed order appended as Exhibit 1, reducing the amount of Claim 201.

184 days x \$.235 per day = \$43.27 (interest from 7-1-13 to 12-31-13)

\$4,415.97 + \$43.27 = \$4,459.24 (Total costs and interest upon costs through December 31, 2013).

600.6013. Interest rate on judgment; settlement

Effective: March 28, 2013

[Currentness](#)

Sec. 6013. (1) Interest is allowed on a money judgment recovered in a civil action, as provided in this section. However, for complaints filed on or after October 1, 1986, interest is not allowed on future damages from the date of filing the complaint to the date of entry of the judgment. As used in this subsection, "future damages" means that term as defined in section 6301.¹

(2) For complaints filed before June 1, 1980, in an action involving other than a written instrument having a rate of interest exceeding 6% per year, the interest on the judgment is calculated from the date of filing the complaint to June 1, 1980, at the rate of 6% per year and on and after June 1, 1980, to the date of satisfaction of the judgment at the rate of 12% per year compounded annually.

(3) For a complaint filed before June 1, 1980, in an action involving a written instrument having a rate of interest exceeding 6% per year, the interest on the judgment is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate specified in the instrument if the rate was legal at the time the instrument was executed. However, the rate after the date judgment is entered shall not exceed either of the following:

(a) Seven percent per year compounded annually for a period of time between the date judgment is entered and the date of satisfaction of the judgment that elapses before June 1, 1980.

(b) Thirteen percent per year compounded annually for a period of time between the date judgment is entered and the date of satisfaction of the judgment that elapses after May 31, 1980.

(4) For a complaint filed on or after June 1, 1980, but before January 1, 1987, interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate of 12% per year compounded annually unless the judgment is rendered on a written instrument having a higher rate of interest. In that case, interest is calculated at the rate specified in the instrument if the rate was legal at the time the instrument was executed. The rate under this subsection shall not exceed 13% per year compounded annually after the date judgment is entered.

(5) Except as provided in subsection (6), for a complaint filed on or after January 1, 1987, but before July 1, 2002, if a judgment is rendered on a written instrument, interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate of 12% per year compounded annually, unless the instrument has a higher rate of interest. In that case, interest shall be calculated at the rate specified in the instrument if the rate was legal at the

time the instrument was executed. The rate under this subsection shall not exceed 13% per year compounded annually after the date judgment is entered.

(6) For a complaint filed on or after January 1, 1987, but before July 1, 2002, if the civil action has not resulted in a final, nonappealable judgment as of July 1, 2002, and if a judgment is or has been rendered on a written instrument that does not evidence indebtedness with a specified interest rate, interest is calculated as provided in subsection (8).

(7) For a complaint filed on or after July 1, 2002, if a judgment is rendered on a written instrument evidencing indebtedness with a specified interest rate, interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate specified in the instrument if the rate was legal at the time the instrument was executed. If the rate in the written instrument is a variable rate, interest shall be fixed at the rate in effect under the instrument at the time the complaint is filed. The rate under this subsection shall not exceed 13% per year compounded annually.

(8) Except as otherwise provided in subsections (5) and (7) and subject to subsection (13), for complaints filed on or after January 1, 1987, interest on a money judgment recovered in a civil action is calculated at 6-month intervals from the date of filing the complaint at a rate of interest equal to 1% plus the average interest rate paid at auctions of 5-year United States treasury notes during the 6 months immediately preceding July 1 and January 1, as certified by the state treasurer, and compounded annually, according to this section. Interest under this subsection is calculated on the entire amount of the money judgment, including attorney fees and other costs. In an action for medical malpractice, interest under this subsection on costs or attorney fees awarded under a statute or court rule is not calculated for any period before the entry of the judgment. The amount of interest attributable to that part of the money judgment from which attorney fees are paid is retained by the plaintiff, and not paid to the plaintiff's attorney.

(9) If a bona fide, reasonable written offer of settlement in a civil action based on tort is made by the party against whom the judgment is subsequently rendered and is rejected by the plaintiff, the court shall order that interest is not allowed beyond the date the bona fide, reasonable written offer of settlement is filed with the court.

(10) Except as otherwise provided in subsection (1) and subject to subsections (11) and (12), if a bona fide, reasonable written offer of settlement in a civil action based on tort is not made by the party against whom the judgment is subsequently rendered, or is made and is not filed with the court, the court shall order that interest be calculated from the date of filing the complaint to the date of satisfaction of the judgment.

(11) If a civil action is based on medical malpractice and the defendant in the medical malpractice action failed to allow access to medical records as required under section 2912b(5),² the court shall order that interest be calculated from the date notice was given in compliance with section 2912b to the date of satisfaction of the judgment.

(12) If a civil action is based on medical malpractice and the plaintiff in the medical malpractice action failed to allow access to medical records as required under section 2912b(5), the court shall order that interest be calculated from 182 days after the date the complaint was filed to the date of satisfaction of the judgment.

(13) Except as otherwise provided in subsection (1), if a bona fide, reasonable written offer of settlement in a civil action based on tort is made by a plaintiff for whom the judgment is subsequently rendered and that offer is rejected and the offer

is filed with the court, the court shall order that interest be calculated from the date of the rejection of the offer to the date of satisfaction of the judgment at a rate of interest equal to 2% plus the rate of interest calculated under subsection (8).

(14) A bona fide, reasonable written offer of settlement made according to this section that is not accepted within 21 days after the offer is made is rejected. A rejection under this subsection or otherwise does not preclude a later offer by either party.

(15) As used in this section:

(a) “Bona fide, reasonable written offer of settlement” means either of the following:

(i) With respect to an offer of settlement made by a defendant against whom judgment is subsequently rendered, a written offer of settlement that is not less than 90% of the amount actually received by the plaintiff in the action through judgment.

(ii) With respect to an offer of settlement made by a plaintiff, a written offer of settlement that is not more than 110% of the amount actually received by the plaintiff in the action through judgment.

(b) “Defendant” means a defendant, a counter-defendant, or a cross-defendant.

(c) “Party” means a plaintiff or a defendant.

(d) “Plaintiff” means a plaintiff, a counter-plaintiff, or a cross-plaintiff.

Judgment Rates

INTEREST RATES FOR MONEY JUDGMENTS

UNDER MCL 600.6013

Revised January 1, 2016

I. [MCL 600.6013(8)] FOR ALL COMPLAINTS FILED ON OR AFTER JANUARY 1, 1987 UNLESS SECTION II, III, or IV APPLIES:

Interest on a money judgment recovered in a civil action is calculated at 6-month intervals from the date of filing the complaint at a rate of interest equal to 1% plus the average interest rate paid at auctions of 5-year United States treasury notes during the 6 months immediately preceding July 1 and January 1, as certified by the state treasurer, and compounded annually, according to this section. Interest under this subsection is calculated on the entire amount of the money judgment, including attorney fees and other costs. See interest rate chart below.

II. [MCL 600. 6013(7)] FOR COMPLAINTS FILED ON OR AFTER JULY 1, 2002 THAT ARE BASED ON A WRITTEN INSTRUMENT WITH A SPECIFIED INTEREST RATE:

Interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate specified in the instrument if the rate was legal at the time the instrument was executed. If the rate in the written instrument is a variable rate, interest shall be fixed at the rate in effect under the instrument at the time the complaint is filed. The rate under this subsection shall not exceed 13% per year compounded annually.

III. [MCL 600. 6013(5 and 6)] FOR COMPLAINTS FILED ON OR AFTER JANUARY 1, 1987, BUT BEFORE JULY 1, 2002 THAT ARE BASED ON A WRITTEN INSTRUMENT:

Interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate of 12% per year compounded annually, unless the instrument has a higher rate of interest. In that case, interest shall be calculated at the rate specified in the instrument if the rate was legal at the time the instrument was executed. The rate shall not exceed 13% per year compounded annually after the date judgment is entered.

Notwithstanding the prior paragraph, if the civil action has not resulted in a final, nonappealable judgment as of July 1, 2002, and if a judgment is or has been rendered on a written instrument that does not evidence indebtedness with a specified interest rate, interest is calculated as provided in Section I above.

IV. ADDITIONAL CONSIDERATIONS:

If the complaint was filed before January 1, 1987, refer to MCL 600.6013(2)–(4).

Interest is not allowed on future damages from the date of filing the complaint to the date of entry of the judgment. [MCL 600.6013(1)]

The amount of allowable interest may be different in certain settlement and medical malpractice case scenarios. [MCL 600.6013(9-13)]
