UNITED STATES DISTRICT COURT EASTERN DISTRICT OF MICHIGAN TRUSTEES et, al GOVERNOR RICHARD SNYDER et, al **Defendants**

STATE OF MICHIGAN Attorney General BILL SCHUETTE 525 W. Ottawa St. P.O. BOX 3012 Lansing, MI48909 (517) 373-1110

AFFIDAVIT OF NOTICE OF ACCEPTANCE (OFFER AND ACCEPTANCE)

COMES NOW the Third Party Intervener pursuant to U.C.C. §2-206 Offer and Acceptance in Formation of Contract, on behalf of the Gloria Denise Jones: Debtor to notice the above styled Court that the Third Party Intervener has accepted for value the Honorable Judge Steven Rhodes offer to:

1. Listen to the audio recording of the proceedings as long as it takes as most everyone having a stake in this matter were not present to accept

- the offers that were made by the Representative of The Chair of Saint Peter Robert Michael of The House of Marques.
- 2. The Chair of Saint Peter is both the Principal and Primary Global
 Trustee of the Global Estate Trust under whose Jurisdiction the
 Roman Curia operates.
- 3. The Chair of St. Peter is both Ecclesiastic as we the Organic Trustee of the Global Estate Trust with the Fiduciary duty to the Divine Living
- 4. Detroit upper and lower case and the U.S. Bankruptcy Court and U.S.

 Trustees all capital letters all are legal Fiction Alien Trustees who
 operate under the Jurisdiction of the Roman Curia.
- 5. The People of the City of Detroit are the true Creditors in this matter and accept for value and thank the Chair of St. Peter for intervening on behalf of the People to officially object to the proceedings and to compel the return of the Property to the Principal for the administration in Original Jurisdiction.
 - 6. The Creditors in the Bankruptcy, the City of Detroit object to the eligibility of the City of Detroit as a debtor for the following:
 - 1st. 300 year old Detroit is Financially Solvent and the inhabitants thereof do have the ability to pay off via set-off all obligations when properly presented with a bill as all accounts are pre-paid.
 - 2nd. The legal fiction the city of Detroit has failed to tender a valid bill containing a sum certain thereby, preventing satisfaction in accord to facilitate the continued economic slavery of the people of the City of Detroit.
 - 3rd. The Bankruptcy petition is intentionally confusing, misleading and failing to stipulate the specific meaning of the word used in the petition, while employing multiple and diabolical meanings to the words in the body of the document identifying the

- inhabitants as Creditors and the Debtors with a need to be protected from themselves in Bankruptcy.
- 4th. It is less than 80 year old fiction, the City of Detroit a device which has intentionally been used and miss-managed by politicians, bureaucrats' and consultants whose word smithing and sleight of hand that has cast the inhabitants into economic slavery which is intentionally insolvent.
 - 5th. The City of Detroit is a device created by the Trustees and
 Administration Guardians operating under the jurisdiction of
 The Roman Curia who having tricked the People into pledging
 their property as collateral which has fraudulently converted the
 True Creditors into Debtors reducing the Creditor to the status
 of insolvent paupers having no rights.
 - 6th. The City of Detroit is a legal fiction alien who has hypothecated the credit of the People of the City of Detroit and holds the private matching funds who refuses to execute the set-off of debt for the settlement and closure of the account to return the City of Detroit lower case and the City of Detroit upper case to solvency. These are two different entities.
 - 7th. It has been established in fact, that the City of Detroit is a legal fiction all upper case a legal fiction alien whose ownership and or control over the property and credit of the People has adversely affected the Global Trust as well as the living beneficiaries thereof.
 - 8th. The People the True Creditors and The Principle in reference to the bankruptcy of The City of Detroit hereby set forth a remedy to wit:
 - a. The immediately set-off of the debt for settlement and closure of the account;

- b. Liquidation of the legal fiction the city of Detroit and the immediate turn of their property via asciet to the Principle for administration in Original Jurisdiction.
- 7. We have proposed a Detroit recovery plan to implement this as we can that managing the economic emergency since 1933 hasn't worked out so well for the People.
- 8. The emergency management by the present civil administration funded by the good Faith and Credit of the People has dramatically tarnished the Credit and Reputation of the People, as it has converted the Creditors, We The People into debtors and reduced us in status of that of a debtor to that of an insolvent pauper having no rights.
- 9. Managing the emergency with increased dire consequences casting us all into insolvency.
- 10. Emergency management by the present civil administration has resulted in the Creditors We The People being reduced to the debtors and enemies of the State under The Trading With The Enemy Act under which the current civil administration has waged war against the People, as well as a war against crime, war against drugs, war against hunger and war against homelessness and a war against terrorism which has resulted in a dramatic increased crime, increased illicit drug abuse, increased hunger and homelessness and increased terrorism and war.
 - 11. Detroit is a clear example establishing the evidence that management of the economic emergency delivers to us an even greater emergency with which to manage, all at the expense of the People, the True Creditors.
 - 12. Management by the present civil administration has turned Detroit into what looks like a war zone destroying our neighbor, our Families, our Family Values and our since of Community.
 - 13. Emergency management, the present 14th Amendment legal fiction Corporation the City of Detroit shall immediately settle all accounts of the debt via set-offs and making whole all the Creditors making the return of the

property to the Principles and distribute the Mezny Funds to the living Beneficiaries.'

- Beneficiaries.'

 14. The City of Detroit shall immediately cease the auction and or selling of Property and Assets of the People, as well all Lotteries and immediately Conveyance of the Property to the New Administration.
 - 15. An interim Mayor and City Council shall be appointed and empowered under the Charter of 1857.
 - 16. To make the transition back to solvency and that the interim government shall be provided the tools necessary to set-off the debt and begin the distribution of the Mezny Funds thereby returning the People of Detroit back to Abundance and Prosperity.
 - 17. Establishment of the post.net Banking network by the Universal Postal Union in conjunction with the U.S. Department of Commerce as a Global Banking network to facilitate the electronic transfers EFT'S to discharge the debt make the return of the Property in the exchange.
 - 18. So it is written, so it is done, you say, because as the Fiduciary Trustee
 All Fiduciary Trustees will be held accountable and if the order is not carried
 out there will be War Crimes assessed.
 - 19. Before we close our Court Session today I want to comment to everyone here that this was truly an extraordinary session of the Court. It was an example of democracy at its very finest.
 - 20. The arguments and statements that you all took the time to articulate in writing and in Court here today were moving, thoughtful, passonate, compelling and well articulated.
 - 21. They were well stated legal arguments, well stte personal concerns well stated about our political process.
 - 22. I'm going to suggest therefore, strongly suggest that everyone who has a stake in the outcome of this case most of whom were not present in Court today should take the time to listen to the audio recording of this proceeding, this entire proceeding as long as that takes.

To the Court, Offer of relief can be granted to the People, as We The People stipulate to the facts on the record as they operate in favor of the City of Detroit Debtor/Creditor Citizens. Therefore, We The People of the City of Detroit all lower case, do Formally Accept the Robert Michael of The House of Marques Offer (and whoever else) and all the facts touching upon these matters that are before the court, will 'perform' to their offer just as soon as The City of Detroit all upper case, provides proofs of their claims of debt, as the City of Detroit Debtor/Creditors can't perform to the offer to pay due financial obligations via set-off until the City of Detroit all upper case has provided sufficient claims needed to perform to your offer!

I do not know what to do . . . what's my remedy?

Monopoly / Asiatic American Connection To The Continental Americas

Published via the 1st Amendment of the American Republic Constitution $\pmb{By\ Morpheus\ Ashahed\ El}$

First, I Impel the concept of all praise due to the "Most High"! This Script started off as a "<u>Text Message</u>" to my Brothers **DeyRahEl Ali** and **Maroc** (Moor Cousin) **Bey.** As I was manifesting this revelation I realized these concepts ought be made public. Peace and Equanimity.

This is the Message:

Peace FAM. Definition of "Personal Liberty" mentions protection from unfair "Monopoly" in "Trade" it is interesting how the "Monopoly" "Board game" was based off of what is now called "Atlantic City". In Fact though ATLANTIC CITY is / was "Absecon Beach" prior to the Incorporation of "ATLANTIC CITY" 1854 Gregorian / Sothic Calendar, this is why you have the "Absecon Light House" on this Island in North America / Al Morocco called "Atlantic City" today. If we go back a little further, the word "Absecon" is a corruption of the Aboriginal American appellation "Absegami", therefore "Absegami Beach" North America / Al Morocco. (Note: "Absegami" "High School" uses a "Moors Head" as the Insignia present day (see Infra).

The "Little Island" "Absegami Beach" (ATLANTIC CITY) North America / Al Morocco, modernly is symbolic of all the "Quasi National Domiciles" claiming Jurisdiction over Moors / Americans "Ancestral Estate / National Domicile / North America / Al Morocco." (i.e. the colonial street names of ATLANTIC CITY are inclusive of the 50 States / "Quasi National Domiciles" Just as in the "Monopoly" board game).
