⁽¹⁾ A securities rating is not a recommendation to buy, sell, or hold securities and may be subject to revision or withdrawal at any time.

⁽²⁾ Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to their date of delivery may be required, by virtue of the fact that the Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Notes who wish to trade notes prior to their date of delivery should consult their own advisor.
