

EXHIBIT 2

EXECUTORY CONTRACT AND PROPERTY DOCUMENT ASSUMPTION SCHEDULE

The Plan Debtors¹ expressly reserve the right to alter, amend, modify, or supplement the Executory Contract and Property Document Assumption Schedule at any time up to and including the Effective Date.

Certain documents are listed out of an abundance of caution. Inclusion in the following list shall not constitute an admission by the Plan Debtors that the listed documents are in fact Executory Contracts or unexpired Property Documents, or with regard to the nature or validity of such documents.

Notwithstanding anything herein to the contrary, Executory Contracts and Property Documents shall be treated in the manner set forth in Article 8 of the Plan.

The Plan Debtors shall pay the cure amounts set forth herein (the "**Cure Amounts**") in accordance with the Plan. Payment of the Cure Amounts shall satisfy, in full, the Plan Debtors' obligations pursuant to section 365(b)(1) of the Bankruptcy Code. As currently set forth in the plan, any counterparty to any agreement listed herein may file an objection relating to the assumption of such Executory Contract or unexpired Property Document, including the proposed Cure Amount(s), no later than the first business day that is at least ten (10) days after this Executory Contract and Property Document assumption schedule was filed with the Bankruptcy Court or such counterparty shall be forever barred from asserting or otherwise prosecuting such objection.

Unless otherwise agreed by the parties to any Executory Contract or Property Document that provides for year-end pro rata reconciliations (including, but not limited to, CAM charges, utility charges, and real estate taxes), the Cure Amounts listed herein do not include any amounts related to 2008 and 2009 year-end pro rata reconciliations that were not completed prior to the date of the filing of the following list. Such amounts, if any, will be reconciled and paid by the applicable Plan Debtor in the ordinary course of business, subject to any setoff or recoupment rights the applicable Plan Debtor may have, but in no event will any such amounts be paid prior to ten (10) days after the Effective Date. Notwithstanding anything in the plan to the contrary, the Plan Debtors reserve the right to modify any of the Cure Amounts listed herein through a consensual agreement between the applicable Plan Debtor and the Executory Contract or Property Document counterparty without further order of the Court, including the ability of the parties to resolve any such Cure Amounts in the ordinary course of business.

Certain of the Executory Contracts and unexpired Property Documents listed on this Executory Contract and Property Document Assumption Schedule may have already been assumed by the applicable Plan Debtor pursuant to separate agreements. Although the Plan Debtors believe that such Executory Contracts and Property Documents may already have been assumed and that the Plan Debtors have paid or credited any required Cure Amounts, the Plan Debtors are listing such Executory Contracts and Property Documents herein out of an abundance of caution.

As of the Effective Date, all Executory Contracts and unexpired Property Documents that are assumed shall remain in full force and effect for the benefit of the Plan Debtors, as indicated on the attached exhibit, notwithstanding the payment of, or dispute with respect to, any Cure Amount or provision in any such Executory Contract or unexpired Property Document that is assumed (including those described in sections 365(b)(2) and 365(f) of the Bankruptcy Code) that prohibits such assignment or transfer or that enables or requires termination of such Executory Contract or Property Document.

¹ Capitalized terms used but not otherwise defined herein shall have the meaning ascribed to such terms in the Plan.
