A. Global Notes.**1. Introduction.**

On November 8, 2010 (the “Commencement Date”), Ambac Financial Group, Inc., as debtor and debtor in possession (the “Debtor”), filed a voluntary petition (the “Chapter 11 Case”) for relief under chapter 11 of title 11 of the United States Code (the “Bankruptcy Code”). The Debtor continues to operate its business and manage its property as debtor in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. Additionally, on November 17, 2010, the United States Trustee for the Southern District of New York appointed a statutory committee of creditors pursuant to section 1102(a)(1) of the Bankruptcy Code. Information contained herein may differ from the Debtor’s filings on the Commencement Date due to more accurate information becoming available. On March 14, 2012, the Debtor’s Fifth Amended Plan of Reorganization was confirmed by the Bankruptcy Court.

2. GAAP.

The financial statements and supplemental information contained herein are preliminary and unaudited, and may not comply with generally accepted accounting principles in the United States of America (“GAAP”) in all material respects. In addition, the financial statements and supplemental information contained herein represent information for the Debtor only and exclude all non-Debtor affiliates, except to the extent of equity income (loss) reflected on the Statement of Operations or as otherwise noted. The financial statements and supplemental information contained herein are periodically reviewed for appropriate adjustments.

The unaudited financial statements have been derived from the Debtor’s books and records. This information, however, has not been subject to certain procedures that would typically be applied to financial information in accordance with GAAP. Upon application of such procedures (such as tests for asset impairment), the Debtor believes that the financial information could be subject to changes, which could be material. The information furnished in this report includes normal recurring adjustments but does not include all adjustments that would typically be made for financial statements in accordance with GAAP.

3. General Methodology.

The Debtor prepared this Monthly Operating Report (“MOR”) relying primarily upon the information set forth in its books and records. Consequently, certain transactions that are not identified in the normal course of business in the Debtor’s books and records may not be included in this MOR. Nevertheless, in preparing this MOR, the Debtor made reasonable efforts to supplement the information set forth in its books and records with additional information concerning transactions that may not have been identified therein.

4. Past Performance.

The results of operations contained herein are not necessarily indicative of results which may be expected for any other period or for the full year and may not necessarily reflect the consolidated results of operations and financial position of the Debtor in the future.

5. Prepetition vs. Postpetition Liabilities.

The Debtor allocated liabilities between prepetition and postpetition periods based upon the information available at the time of, and research conducted in connection with, the preparation of this MOR. As additional information becomes available and further research is conducted, the Debtor's allocation of liabilities between the prepetition and postpetition periods may change. The liability information, except as otherwise noted, is listed as of the close of business as of the end of the month. Accordingly, the Debtor reserves all rights to amend, supplement or otherwise modify this MOR as necessary and appropriate.

6. Accounts Payable and Accrued Expenses.

To the best of the Debtor's knowledge, all unaudited postpetition trade payables are current as of the date of this filing.

7. Book Value of Assets.

Unless otherwise indicated, the values for assets contained in this MOR are book values as of the end of the month. Amounts ultimately realized from the disposition of the Debtor's assets may materially vary from the stated book value. Thus, unless otherwise noted, this MOR reflects the carrying values of the assets as recorded on the Debtor's books and records as of the end of the month and are not based upon any estimate of their current market value. The Debtor reserves its right to amend or adjust the value of each asset or liability set forth herein.

8. Liabilities Subject to Compromise.

As a result of commencing the Chapter 11 Case, the payment of prepetition indebtedness is subject to compromise or other treatment under a chapter 11 plan. Generally, actions to enforce or otherwise effect payment of prepetition liabilities are stayed.

The filing of the Chapter 11 Case constituted an event of default under, or otherwise triggered repayment obligations with respect to, a number of debt instruments and agreements relating to direct and indirect financial obligations of the Debtor (collectively, the "Prepetition Debt"). As a result, obligations under the Prepetition Debt became automatically and immediately due and payable. The Debtor believes that any efforts to enforce the payment obligations under the Prepetition Debt have been stayed as

AMBAC FINANCIAL GROUP, INC.
(DEBTOR IN POSSESSION)
NOTES TO MONTHLY OPERATING REPORT

a result of the filing of the Chapter 11 Case. While operating in chapter 11, the Debtor ceased recording interest on the Prepetition Debt subject to compromise.

9. Liabilities Not Subject to Compromise.

Although payment of prepetition claims generally is not permitted, the Bankruptcy Court has authorized the Debtor to pay certain prepetition claims in designated categories and subject to certain terms and conditions. This relief generally was designed to preserve the value of the Debtor's businesses and assets. To the extent such claims have been categorized as "Liabilities Not Subject to Compromise," the Debtor reserves its right to dispute its obligation to make such payments.

The Debtor has been paying and intends to continue to pay undisputed postpetition claims in the ordinary course of business.

10. Reservation of Rights.

Given the complexity of the Debtor's business, inadvertent errors or omissions may have occurred in the preparation of this MOR. Accordingly, the Debtor hereby reserves all of its rights to dispute the validity, status, enforceability or the executory nature of any claim amounts, representations or other statements in this MOR and reserves the right to amend or supplement this MOR, if necessary.

Nothing contained in this MOR shall constitute a waiver of the Debtor's rights or an admission with respect to the Chapter 11 Case, including with respect to any issues involving the Debtor's ownership interests, substantive consolidation, equitable subordination, defenses and/or causes of action arising under the provisions of chapter 5 of the Bankruptcy Code and any other relevant non-bankruptcy laws.

B. Notes to Debtor's Schedule of Receipts and Disbursements.

1. In accordance with the *Final Order Pursuant to Sections 105(a), 345, 363, and 364 of The Bankruptcy Code and Bankruptcy Rule 6004 (I) Authorizing Debtor to Continue Using Existing Cash Management System and Bank Accounts and Honor Related Prepetition Obligations, and (II) Extending Debtor's Time to Comply with Section 345(b) Of The Bankruptcy Code* entered on December 21, 2010 (Docket No. 80) (the "Cash Management Order") and the related motion filed on November 8, 2010 (Docket No. 4) (the "Cash Management Motion"), the Debtor maintains an integrated cash management system (the "Cash Management System") for the purposes of collecting, concentrating, transferring, disbursing, and investing cash.

Pursuant to the Cash Management Order, the Debtor continues to operate in accordance with its traditional, customary practices. Such practices include, where applicable, reimbursement to Ambac Assurance Corporation ("AAC") for the Debtor's allocable share of certain direct and shared expenses paid by AAC.

AMBAC FINANCIAL GROUP, INC.
(DEBTOR IN POSSESSION)
NOTES TO MONTHLY OPERATING REPORT

Before and after the Commencement Date, certain of the disbursements made through the Cash Management System on behalf of the Debtor were directly attributable to expenses associated with personnel, services and goods solely for the benefit of the Debtor (the “Direct Expenses”). In addition to the Direct Expenses, the Debtor also recognizes expenses associated with personnel, services and goods for which it is the partial beneficiary (the “Shared Expenses”), along with AAC, and for which the Debtor reimburses or is allocated a portion of such expenses. These Shared Expenses include certain personnel, operating expenses, lease payments, and other services. The amount of the Shared Expenses allocated and/or settled between the Debtor and AAC is based on, and consistent with, past practice and the Debtor’s management experience. The Shared Expenses are typically allocated between the Debtor and AAC on a monthly or quarterly basis. Per the Cash Management Order, the Debtor maintains accurate records of all transfers and transactions within the Cash Management System so that all postpetition transfers and transactions shall be adequately and promptly documented in, and readily ascertainable from, its books and records, in the same manner maintained by the Debtor prior to the Commencement Date.

Since the Commencement Date, the intercompany settlement process has remained the same, including the approach to allocation. The Debtor, in the ordinary course, accrues for any Shared Expenses at the time they are accrued by AAC. As described above, disbursements made by AAC with respect to Shared Expenses allocable to the Debtor are reflected in the Debtor’s Schedule of Receipts and Disbursements as payments are made by the Debtor to AAC for its settled share, at the time of such settlement, and not at the time such expenses are paid by AAC. Disbursements made with respect to Direct Expenses are also reflected in the Debtor’s Schedule of Receipts and Disbursements during the period in which they are released.

2. Total disbursements for calculating U.S. Trustee fees include amounts earned by certain professionals and satisfied through drawing down on prepetition retainers held by such professionals.

Total disbursements for calculating U.S. Trustee fees also include amounts due from the Debtor to AAC and reimbursed by the Debtor or otherwise settled. Such amounts are not independently reflected as cash disbursements because of netting of intercompany obligations in accordance with the Cash Management Order.

Total disbursements for calculating U.S. Trustee fees exclude amounts disbursed to the U.S. Trustee for payment of such fees.

C. Notes to Statement of Operations (Income Statement).

1. The negative balance in the Cumulative Filing to Date column for Employee Benefits Programs results from a reversal during the month of December 2010 of the Debtor’s accrual of post-employment expenses that the Debtor does not intend to pay without prior authorization of the Bankruptcy Court.

AMBAC FINANCIAL GROUP, INC.
(DEBTOR IN POSSESSION)
NOTES TO MONTHLY OPERATING REPORT

2. Reorganization Expenses include (i) adjustments to the carrying amount of liabilities based on estimated allowable claims, including the acceleration of deferred debt costs which were to be amortized over the life of the debt, and (ii) professional fees (as discussed in Notes to Balance Sheet below). Reorganization Expenses also reflects certain prepetition claims settled pursuant to Court order and may in the future reflect additional settlements.

D. Notes to Balance Sheet.

1. Amounts included in "Book Value on Petition Date or Scheduled" reflect book value as of October 31, 2010, rather than the petition date.

2. Professional Fees include accruals with respect to monthly estimates for professional fees which may not yet have been billed or remain subject to Bankruptcy Court approval and certain contingent success fees for professionals, which have not yet been earned in accordance with the terms of the orders approving such professionals' retentions. The Debtor typically accrues such success fees as well as unbilled attorney fees on a quarterly basis.

3. The Balance Sheet reflects a negative Net Owner's Equity because, among other things, the Debtor's primary subsidiary is AAC which has a negative GAAP equity value which consequently reduces the Debtor's total assets to a negative amount on an equity basis of accounting.

4. Amount Due from Insiders includes \$5 million due from AAC to Debtor for reimbursement of operating expenses pursuant to the expense sharing agreement signed in March 2012, partially offset by intercompany amounts owed by Debtor to AAC. This amount was settled in March 2013.

E. Notes to Summary of Unpaid Postpetition Debts.

For Taxes Payable and Professional Fees, see Notes to Balance Sheet above.

F. Notes to Payments to Insiders and Professionals.

1. Gross Salary includes taxes and other benefits payable by the Debtor on behalf of such Insider. In accordance with the Cash Management Order, a portion of Gross Salary is reimbursed by AAC to the Debtor.

2. Intercompany Payments represent gross obligations to subsidiaries, not actual cash disbursements. Cash receipts or disbursements are made after netting obligations between and among the Debtor and its subsidiaries.

AMBAC FINANCIAL GROUP, INC.
(DEBTOR IN POSSESSION)
NOTES TO MONTHLY OPERATING REPORT

3. Total Incurred and Unpaid Professional Fees are not intended to correspond with the estimated accrued fees stated in the Income Statement.

4. Reimbursement to AAC includes \$57,042 paid by AAC for postpetition Debtor director fees and expense reimbursements.

5. Amounts included in "Amount Approved" reflect one hundred percent (100%) of amounts previously invoiced by professionals and approved by the court for payment in the current period by the Debtor. Amounts included in "Amount Paid" reflect at least eighty percent (80%) of fees and one hundred percent (100%) of expenses previously invoiced by professionals and paid by the Debtor during the current period. Professional amounts approved by the court but not paid during the current period have not been included in the "Amount Approved." Amounts of professional fees previously incurred but held back in accordance with prior orders of the Bankruptcy Court (the "Holdback Amount") are reflected in "Total Incurred & Unpaid." Success fees payable to certain professionals upon consummation of the Debtor's reorganization are not reflected in MOR-6.

SCHEDULE OF CASH RECEIPTS AND DISBURSEMENTS

Amounts reported should be from the debtor's books and not the bank statement. The beginning cash should be the ending cash from the prior month or, if this is the first report, the amount should be the balance on the date the petition was filed. The amounts reported in the "CURRENT MONTH - ACTUAL" column must equal the sum of the four bank account columns. Attach copies of the bank statements and the cash disbursements journal. The total disbursements listed in the disbursements journal must equal the total disbursements reported on this page. A bank reconciliation must be attached for each account. [See MOR-1 (CON'T)]
