4.5 Termination Cost Reports. Each Seller shall file all Medicare, Medi-Cal and any other termination cost reports required to be filed as a result of the consummation of (a) the transfer of the Assets of such Seller to Purchaser and (b) the transactions contemplated by this Agreement with respect to such Seller, provided that Purchaser shall fund reasonable costs and expenses of preparation, filing and audit of such reports. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement, Purchaser shall be permitted to communicate and meet with (a) counter-parties to the agreements and contracts of the Hospitals, included those included in Assumed Obligations, regarding the terms and conditions under which they may be assumed and assigned to Purchaser, and (b) applicable governmental and regulatory authorities regarding prospective compliance with regulatory requirements and related issues; so long as, in the case of each of (a) and (b) (i) such communications and meetings do not interfere with the operation of the Businesses or the conduct of the Bankruptcy Cases and (ii) any communications or meetings with any governmental authority are approved in advance by Sellers as to timing and content (and Sellers are copied on such communications and afforded the opportunity to participate in such meetings).

5.2 Required Governmental Approvals.

(a) Purchaser, at its sole cost and expense (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled (and provide Sellers copies of all materials relating to such consents, approvals, authorizations, clearances and licenses upon submission and all materials received from third parties in connection with such consents, approvals, authorizations, clearances and licenses upon receipt), and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Purchaser will provide Sellers periodic and timely updates regarding all such consents, approvals, authorizations, clearances and licenses. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

(b) Purchaser and Sellers agree that because the change of ownership and regulatory approval process in connection with the transactions contemplated by this Agreement may take an extended period of time, Purchaser and Sellers agree to an initial closing effective upon the approval of the court and upon the approval of the transaction by the CA AG (as defined below) in accordance with Sections 7.5 and 8.6, at which time the Assets (less the portion of the Assets constituting drugs or other pharmacy assets) will be sold to Purchaser and immediately leased back

to Sellers, with a concurrent management agreement entered into at that time upon terms mutually agreeable to the parties in their reasonable business judgment. The Sale Leaseback Agreement and Interim Management Agreement will terminate at the Closing when the Purchaser is issued the Licenses necessary to operate the Hospitals directly (namely, the Hospital Licenses and pharmacy permits).

5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of any Seller and are listed on **Schedule 5.3**. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity or any other affiliate of Seller unless such individual is listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "**Hired Employees**." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time, subject to compliance with applicable law and regulation, including consent of such employees if required.

(c) After the Closing Date, Purchaser's human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees (which such list Purchaser shall periodically update).

(d) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the

Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, but in any event within ten (10) calendar days, Purchaser shall, at its sole cost and expense, make any notices or other filings with the Attorney General of the State of California (the "**CA AG**"). Each Seller shall reasonably cooperate with Purchaser in such notices or other filings.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 4 to be inaccurate or untrue as of the Closing.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of each Hospital's service area.

5.10 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.

5.11 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement to be assumed by Purchaser. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement. In addition, Sellers may, in their discretion, seek to reject any or all of the collective bargaining agreement(s).

ARTICLE 6

SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

6.1 Bankruptcy Court Approval; Overbid Protection and Break-Up Fee.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval, and that this Agreement is subject to termination in its entirety in the event any Seller receives a better and higher offer for the Assets in accordance with the Bankruptcy Code and subject to the terms stated herein.

(b) Promptly following the execution of this Agreement by all parties, the Seller shall file a motion with the Bankruptcy Court (the "**Sales Procedures Motion**"), the content of which shall be subject to the reasonable approval by Purchaser, for entry of an order approving bid procedures and overbid protections containing substantially the following terms and conditions:

(1) the Seller shall not accept any offer to sell the Assets subject to this Agreement ("**Overbid**") to another purchaser ("**Overbidder**") unless that offer exceeds the Purchase Price by an amount sufficient to pay the Break-Up Fee and such offer includes the purchase of substantially all Assets subject of this Agreement;

(2) in the event that an overbidder (and not the Purchaser) is the successful bidder for the purchase of the Assets (the "**Alternate Transaction**") and the Alternative Transaction is approved by the Bankruptcy Court, (a) the Deposit, and any interest earned thereon, shall be returned to Purchaser immediately upon the entry of such sale order, and (b) Purchaser shall be paid a break-up fee of three and one-half percent (3.5%) of the Cash Consideration ($21,350,000.00) plus reimbursement of reasonably documented reasonable costs and expenses incurred by Purchaser related to its due diligence, and pursuing, negotiating, and documenting the transactions contemplated by this Agreement in an amount not to exceed $2,000,000.00 ((the "**Break-Up Fee**"); provided, however, that in the event that

the Purchaser is successful as to some but not all of the Assets, the Break-Up Fee shall be reduced pro rata to the percentage of Assets not actually purchased by the Purchaser, based on the allocation of the Purchase Price as described in Section 1.1(a)(i), as compared to the Assets which were the subject of this Agreement.; and

(3) The Break-Up Fee shall be deemed to be an allowed expense of the kind specified in Section 503(b) of the Bankruptcy Code to be paid solely from the proceeds of the Alternate Transaction, pursuant to the Sale Order. The Break-Up Fee shall not be paid if the Alternate Transaction was pursued due to a material breach by the Purchaser or the Purchaser's failure or refusal to consummate the transaction after the satisfaction or waiver of all closing conditions.

The Sales Procedures Motion will contain bid procedures as set forth in the bid procedures attached hereto as **Schedule 6.1(b)(3)**.

If Sellers fails to obtain Bankruptcy Court approval for the Sales Procedures Motion by no later than four weeks after the end of the Final Diligence Period, Purchaser shall have the right to terminate this Agreement, without recourse or liability, and Seller shall immediately thereafter return to Purchaser the Deposit and any interest earned thereon.

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(d) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal; provided, however, Purchaser, at its option, shall have the right to participate as a party in interest in such appeal. In the event a stay is issued by any appellate court, including the United States District Court, which prevents the sale from closing, as scheduled, Purchaser shall have the right to terminate this Agreement if such stay is not vacated on or before

45 days from the date of the stay is issued, and Purchaser shall be entitled to the prompt return of the Deposit and any interest earned thereon.

ARTICLE 7

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions. The conditions to Purchaser's obligations to close set forth in Section 8.6 shall have been satisfied.

7.6 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

7.7 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

7.8 CSCDA Acknowledgement. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Sellers that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations, and releases of the Sellers from any and all claims arising or accruing prior to the Closing Date.

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing.

8.1 Governmental Authorizations. Except as otherwise set forth in this Agreement, Purchaser and Sellers shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for the purchase, sale and operation of the Hospitals, including without limitation approval of the CA AG (subject to Section 8.6), except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code.

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Sellers shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by Sellers on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on Schedule 8.6 (the **"Additional Conditions"**), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that

the Additional Conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions. If Sellers obtain such an order, from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order to determine, in Purchaser's sole and absolute discretion, and in consultation with Purchaser's financing sources, whether to proceed to consummate the transactions contemplated by this Agreement. If Purchaser determines not to proceed, Purchaser shall have the right to terminate this Agreement and receive the return of its Good Faith Deposit.

8.7 Medicare and Medi-Cal Provider Agreements. Sellers shall transfer their Medicare provider agreements pursuant to a settlement agreement with the Centers for Medicare and Medicaid Services (**"CMS"**) and shall transfer their Medi-Cal provider agreements pursuant to a settlement agreement with the California Department of Health Care Services (**"DHCS"**), which such settlement agreements shall result in: (i) resolution of all outstanding financial defaults under any of Sellers' Medicare and Medi-Cal provider agreements and (ii) full satisfaction, discharge, and release of any claims under the Medicare or Medi-Cal provider agreements, whether known or unknown, that CMS or DHCS, as applicable, has against the Seller or Purchaser for monetary liability arising under the Medicare or Medi-Cal provider agreements before the Effective Time; provided, however, that Purchaser acknowledges that it will succeed to the quality history associated with the relevant Medicare or Medi-Cal provider agreements assigned and shall be treated, for purposed of survey and certification issues as if it is the relevant Seller and no change of ownership occurred.

8.8 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

ARTICLE 9

TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual written consent of the parties;

(b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach;

(c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Hospitals, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement, but which has been provided to Purchaser after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.1(c) on or prior to January 8, 2019, which notice may be given by facsimile or email correspondence; provided, that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Agreement, Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the

breach of a Sale Order Date Representation, but in each case solely to the extent such breach of a Sale Order Date Representation would result in a Material Adverse Effect; provided, further, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach;

(e) by Purchaser if satisfaction of any of the conditions in ARTICLE 8 has not occurred by December 31, 2019 or becomes impossible, and Purchaser has not waived such condition in writing (provided that the failure to satisfy any of the applicable condition or conditions in Sections 8.1 through 8.5 inclusive has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date); provided that upon the imposition of Additional Conditions by the CA AG, Section 8.6 must be satisfied or waived by Purchaser by no later than sixty (60) days thereafter.

(f) by Sellers if satisfaction of any of the conditions in ARTICLE 7 has not occurred by December 31, 2019 or becomes impossible, and Sellers have not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Cases or fails to approve the Sales Procedures Motion by the date specified in Section 6.1(b);

(h) by Sellers if, in connection with the Bankruptcy Cases, any Seller accepts an Alternate Transaction and pays the Break-Up Fee;

(i) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019; or

(j) by Purchaser if a force majeure event (such as acts of God, storms, floods, landslides, earthquakes, lightning, riots, fires, pandemics, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities, other national or international calamity, one or more acts of terrorism, or failure of energy sources) shall have occurred between the Signing Date and Closing Date, which event is reasonably likely to have a Material Adverse Effect.

9.2 Termination Consequences. If this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1: (a) all further obligations of the parties under this Agreement shall terminate (other than Purchaser's right to receive the Break-Up Fee if applicable), provided that the provisions of ARTICLE 12, shall survive; and (b) each party shall pay only its own costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or (d) the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. In addition, if this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1 (other than Section 9.1(b)), Seller shall immediately return the Deposit to Purchaser with all interest earned thereon. Each Party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to any Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to any Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against any Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") plus five percent (5%) (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and copies (including, without limitation, color laser copies) of, such records

with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in

order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

10.5 Shared Intangible Assets. In the event and to the extent that certain intangible Assets transferred by Sellers have been used to operate businesses of Verity or Verity Holdings or their affiliates which are not being sold to Purchaser ("**Shared Intangible Assets**") and such Shared Intangible Assets continue to be used by Verity or Verity Holdings or their affiliates to operate such businesses after Closing, Verity and Verity Holdings retain the rights to continue to use such Assets notwithstanding their sale to Purchaser. Purchaser shall reasonably cooperate with Verity and Verity Holdings and their affiliates to give effect to such rights and shall provide Verity and Verity Holdings and their affiliates such documentation, records and information and reasonable access to such systems as necessary for Verity and Verity Holdings and their affiliates to continue to operate such businesses; all in such manner as not to reasonably interfere with the operations of the Hospitals; provided, however, Purchaser shall not be required to incur any out-of-pocket costs in association therewith unless reimbursed by Verity and Verity Holdings and their affiliates.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall have the right to sue for damages; provided, however that the amount of such damages shall never exceed $60,000,000.00. For the avoidance of doubt, Sellers shall have no right to sue for specific performance under this Agreement.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) The Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) shall be allocated among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder as set forth in **Schedule 11.3(b)** (such schedule the "**Allocation Schedule**"). The Allocation Schedule shall be for Sellers' and Purchaser's tax purposes only, and shall not limit the Sellers' creditors in any way.

11.4 Cost Report Matters.

(a) Consistent with Section 4.5, Sellers shall, at Purchaser's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**").

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however,* that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties which consent shall not be unreasonably withheld or delayed, except that Purchaser may, without the prior written consent of Sellers, assign all or any portion of its rights under this Agreement to one or more of its affiliates prior to the Closing Date.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of Article III merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5)

or at such other address as one party may designate by notice hereunder to the other parties.

12.7 Headings. The section and other headings contained in this Agreement and in the Disclosure Schedule, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedule, exhibits and schedules hereto.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related

to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit either Sellers or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof.

12.9 Fair Meaning. This Agreement shall be construed according to its fair meaning and as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that all sales, transfer, documentary transfer and similar taxes, fees, surcharges and the like in connection with the sale of the Assets shall be borne by Purchaser. If any action is brought by any party to enforce any provision of this Agreement, the prevailing party shall be entitled to recover its court costs and reasonable attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding

between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the "**Superseded Agreements**"), which Superseded Agreements shall be of no further force or effect; provided, that notwithstanding the foregoing, the letter Confidentiality Agreement dated July 12, 2018 between Purchaser and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party's knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

12.17 Time is of the Essence. Time is of the essence for all dates and time periods set forth in this Agreement and each performance called for in this Agreement.

SCHEDULE 6.1(b)(3)

(Bidding Procedures)

BIDDING PROCEDURES

Set forth below are the bidding procedures (the "Bidding Procedures")[1] to be employed in connection with the sale of (i) the assets (the "Purchased Assets") enumerated in the Stalking Horse APA (as defined below), including, but not limited to, St Francis Medical Center, St. Vincent Medical Center, and Seton Medical Center (including Seton Coastside) (collectively, the "APA Facilities"); and (ii) assets not otherwise enumerated in the APA, but associated with the ownership or operation of the APA Facilities and available for purchase (the "Other Assets"), in connection with the chapter 11 cases pending in the United States Bankruptcy Court for the Central District of California (the "Bankruptcy Court"), jointly administered as case number 2:18-bk-20151-ER, in the form to be approved by the Bankruptcy Court, by Order dated _____ __, 2019 (the "Bidding Procedures Order").

The Debtors entered into that certain Asset Purchase Agreement, dated January 8, 2019 between the Debtors, on the one hand, and Strategic Global Management, Inc., a California corporation (the "Stalking Horse Purchaser") on the other hand, pursuant to which the Stalking Horse Purchaser shall acquire the Purchased Assets on the terms and conditions specified therein (together with the schedules and related documents thereto, the "Stalking Horse APA"). The sale transaction pursuant to the Stalking Horse APA is subject to competitive bidding as set forth herein. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the *Debtors' Notice of Motion and Motion for the Entry of (I) an Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders to Use, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice to be Provided to Interested Parties, (4) Scheduling a Hearing to Consider Approval of the Sale to the Highest Bidder, (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) an Order Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances* (the "Sale Motion") or the Bidding Procedures Order.

I. ASSETS TO BE SOLD

The Debtors seek to complete a sale of substantially all assets of APA Facilities, including both the Purchased Assets and the Other Assets (the "Sale"). The Stalking Horse APA will serve as the "stalking-horse" bid for the Purchased Assets.

II. THE BIDDING PROCEDURES

In order to ensure that the Debtors receive the maximum value for the Purchased Assets and/or the Other Assets, they intend to hold a sale process for the Purchased Assets and/or the Other Assets pursuant to the procedures and on the timeline proposed herein.

[1] Unless otherwise defined, all capitalized terms shall have the meanings ascribed to them in the Stalking Horse APA.

A. Provisions Governing Qualifications of Bidders

Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following to the Debtors:

a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets or and/or the Other Assets or otherwise participating in connection with such bid; and

b) an executed confidentiality agreement (to be delivered prior to the distribution of any confidential information by the Debtors) in form and substance satisfactory to the Debtors and which shall inure to the benefit of any purchaser of the Purchased Assets and/or the Other Assets; without limiting the foregoing, each such confidentiality agreement shall contain standard non-solicitation provisions.

A bidder that delivers the documents and information described above and that the Debtors determine, after consultation with the Official Committee of Unsecured Creditors, the Prepetition Secured Creditors, and any other party deemed appropriate within the business judgment of the Debtors (collectively, the "Consultation Parties") in their reasonable business judgment, is likely (based on availability of financing, experience, and other considerations) to be able to consummate the sale, will be deemed a potential bidder ("Potential Bidder").

B. Due Diligence

The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtors, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

C. Provisions Governing Qualified Bids

A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a "Qualified Bid," and each such Potential Bidder thereafter a "Qualified Bidder") only if the bid complies with the following requirements:

a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;

b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;

c) it allocates with specificity the portion of the purchase price offered that the Qualified Bidder attributes to St. Francis Medical Center, St. Vincent Medical

Center, Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;[2]

d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-Up Bidder, the time specified in Section II (K) below;

e) it includes confirmation that there are no conditions precedent to the Qualified Bidder's ability to enter into a definitive agreement and that all necessary internal governance and shareholder approvals have been obtained prior to the bid;

f) it sets forth each third-party, regulatory and governmental approval required for the Qualified Bidder to consummate the transaction and the time period within which the Qualified Bidder expects to receive such approvals and establishes a substantial likelihood that the Qualified Bidder will obtain such approvals by the stated time period;

g) it includes a duly authorized and executed copy of a purchase or acquisition agreement in the form of the Stalking Horse APA (a "Purchase Agreement"), including the purchase price for some or all of the Purchased Assets and/or the Other Assets, or both, expressed in U.S. Dollars, together with all exhibits and schedules thereto, together with copies marked to show any amendments and modifications to the Stalking Horse APA ("Marked Agreement");

h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;

i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee ($21,350,000.00); (ii) the amount of the Expense Reimbursement ($2,000,000.00); and (iii) $7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee and the Expense Reimbursement, the "Minimum Qualified Bid");

[2] For the avoidance of doubt, such allocation shall not be binding on the Debtors, their estates or any Consultation Party.

j) if the bid is a partial bid (the "Partial Bid"),[3] the terms of paragraph (i) immediately above shall not apply but the terms of paragraph (o) below concerning the Good Faith Deposit shall expressly apply in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a "Partial Bid Auction Qualified Bid"). In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers' responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;

k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it, and (ii) Purchased Assets and/or Other Assets, subject to purchase money liens or the like, the Qualified Bidder wishes to acquire and therefore pay the associated purchase money financing;

l) it contains sufficient information concerning the Qualified Bidder's ability to provide adequate assurance of future performance with respect to executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it;

m) it includes an acknowledgement and representation that the Qualified Bidder: (A) has had an opportunity to conduct any and all required due diligence regarding the Purchased Assets and/or Other Assets prior to making its offer and that the offer is not subject to any further due diligence or the need to raise capital/financing to consummate the proposed transaction; (B) has relied solely upon its own independent review, investigation and/or inspection of any documents and/or the Purchased Assets and/or Other Assets in making its bid; (C) did not rely upon any written or oral statements, representations, promises, warranties or guaranties whatsoever, whether express or implied (by operation of law or otherwise), regarding the Purchased Assets and/or Other Assets or the completeness of any information provided in connection therewith or with the relevant Auction (defined below), except as expressly stated in the Purchase Agreement; and (D) is not entitled to any expense reimbursement, break-up fee, or similar type of payment in connection with its bid;

o) unless it is a Credit Bid (as defined below), it is accompanied by a (i) good faith deposit in the form of a wire transfer (to a bank account specified by the Debtors), certified check or such other form of cash or cash equivalent acceptable to the Debtors, payable to the order of the Debtors (or such other party as the Debtors may determine) in an amount equal to: (a) 20% of purchase price for bids under $5 million; (b) for bids greater than $5 million and less than $100 million, the greater of: (i) $1 million or (ii) 10% of purchase price; (c) for bids greater than $100 million, the greater of (i) $10 million or (ii) 5% of purchase price (collectively, the "Good Faith Deposit"), which Good Faith Deposit shall, be forfeited if such bidder

[3] A Partial Bid shall mean a bid for less than all of the Purchased Assets.

is the Successful Bidder and breaches its obligation to close; and (ii) if the Qualified Bid is a bid made by a secured creditor of the Debtors (a "Credit Bid Bidder") who intends to make a credit bid (each, a "Credit Bid Bid"), evidence of (a) the basis for and property covered by such Credit Bid Bidder's secured claim, (b) the amount of such Credit Bid Bidder's claim that is secured by the property in question, (c) whether it is the senior secured claim on the property (x) prepetition and (y) as of the date of the request to be a Qualified Bidder, as well as (d) evidence of the resolution of any Challenge to such Credit Bid Bidder's secured claim within the meaning of the Final DIP Order.

p) it contains a detailed description of how the Qualified Bidder intends to treat current employees of the Debtors;

r) it identifies the person(s) and their title(s) who will attend the relevant Auction, and confirms that such person(s) have authority to make binding Overbids (defined below) at such Auction

s) it contains such other information reasonably requested by the Debtors; and

t) it is received prior to the Bid Deadline.

The Debtors, in consultation with the Consultation Parties (who shall receive copies of the Purchase Agreements relating to any bids cast pursuant to these Bidding Procedures as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in connection with the Bidding Process, the Auctions, and the Sale.

The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such Qualified Bidder's bid constitutes a Qualified Bid) and provide copies of the Purchase Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse Purchaser and such Qualified Bidders, and the Notice Parties on the earlier of: (1) the date that any bid other than the Stalking Horse Bid has been deemed a Qualified Bid, or (2) two business days prior to the Partial Bid Auction.

D. Bid Deadline

In order to be eligible to participate in the Auction, a Qualified Bidder that desires to make a bid will deliver written copies of its bid to the following parties (collectively, the "Notice Parties"): (i) counsel to the Debtors: Dentons US LLP, 601 S. Figueroa Street, Suite 2500, Los Angeles, CA 90017 (Attn: Tania M. Moyron (tania.moyron@dentons.com)); (ii) the Debtors' Investment Banker: Cain Brothers, a division of KeyBanc Capital Markets, 1 California Street, Suite 2400, San Francisco, CA 94111 (Attn: James Moloney (jmoloney@cainbrothers.com)); (iii) counsel to the Official Committee: Milbank, Tweed, Hadley & McCloy LLP, 2029 Century Park East, 33rd Floor, Los Angeles, CA 90067 (Attn: Gregory A. Bray (gbray@milbank.com); (iv) counsel to the Master Trustee and Series 2005 Bond Trustee: Mintz, Levin, Cohn, Ferris, Glovsky and Popeo,

P.C., One Financial Center, Boston, MA 02111 (Attn: Daniel S. Bleck and Paul Ricotta (dsbleck@mintz.com, pricotta@mintz.com)); (v) counsel to the Series 2015 and Series 2017 Notes Trustee: Maslon, LLP, 3300 Wells Fargo Center, 90 South Seventh Street, Minneapolis, MN 55402 (Attn: Clark Whitmore (clark.whitmore@maslon.com)), so as to be received by the Notice Parties not later than March 29, 2019, at 4:00 p.m. (prevailing Pacific Time) for partial bids (the "Partial Bid Deadline") or April 3, 2019, at 4:00 p.m. (prevailing Pacific Time) for full bids (the "Bid Deadline").

E. Credit Bidding

Any party with a valid, properly perfected security interest in any of the Purchased Assets and/or Other Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid for such Purchased Assets and/or Other Assets in connection with the Sale in accordance with and pursuant to § 363(k), except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets and/or Other Assets that are senior to such junior security interest are to be paid in cash in connection with such junior creditor's bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser's entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

F. Evaluation of Competing Bids

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in their reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

G. No Qualified Bids

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Purchased Assets. If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction contemplated by Section (H) of these Bidding Procedures, the Debtors will determine, in consultation with the Consultation Parties, if there are any Partial Bidders that will not be qualified to participate at the Full Bid Auction

H. Auction Process

If the Debtors receive one or more Partial Bid Auction Qualified Bids as set forth above, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a "Partial Bid Auction"). Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in any Partial Bid Auction(s). The procedures below for the Full Bid Auction shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors will conduct the Partial Bid Auction(s), which shall be transcribed, on April 8, 2019 at 10:00 a.m. (prevailing Pacific Time) at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los

Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Partial Bid Auction Qualified Bids determined by the Debtors, in consultation with the Consultation Parties, at the Partial Bid Auction(s) (as set forth above) to be eligible to participate at the Full Bid Auction, including (without limitation) the highest and best bids for each asset (the "Winning Partial Bids"), shall be permitted to participate in the Full Bid Auction (as defined below) of the Purchased Assets and/or the Other Assets; except that:

(a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking Horse APA, there will be a Full Bid Auction (as defined below) and (1) the Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities, or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA at Section 6.26 (b)(2);

(b) If the Partial Bids do not include all four APA Facilities, and if there are no other Qualified Full Bids, then Seller, in its discretion, after consultation with the Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1) to have no Full Bid Auction, and the Stalking Horse Purchaser will purchase the four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the "Remaining Facility"), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtors will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the "Full Bid Auction"), which shall be transcribed, on April 9, 2019 (the "Full Bid Auction Date"), at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Full Bid Auction shall be conducted in accordance with the following procedures:

a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their

respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;

b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;

c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;

d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;

e) the Debtors, after consultation with the Consultation Parties and the Stalking Horse Purchaser, may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bid Protections, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;

f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and

i) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets subject to augmenting its Good Faith Deposit, as necessary, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bids submitted at the relevant Auction (one or more such bids, collectively the "Successful Bid" and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court.

If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder in accordance with Section H above, then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in Section II(C)(o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit will be no less than $30,000,000.

If selected as the Successful Bidder or the Back-Up Bidder at the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the "Final Deposit"), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the amount of its last bid).

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within forty-eight (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets and (to extent included in an Overbid) the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder's Purchase Agreement.

J. Return of Deposits

All deposits shall be returned to each bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder (defined herein) no later than five (5) business days following the conclusion of the Auction.

K. Back-Up Bidder

If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be required to serve as a back-up bidder (the "Back-Up Bidder") and keep such bid open and irrevocable for thirty (30) business days after the entry of the Sale Order (the "Thirty-Day Period"). If during the Thirty-Day Period, the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court provided that the Back-Up Bidder shall thereafter keep such bid open and irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however, that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and required to consummate the sale to the Stalking Horse Purchaser.

If, after the Thirty-Day Period, the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder may elect, at its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful Bidder defaults, or (c) the Back-Up Bidder elects to terminate its

participation as Back-Up Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no re-opening of the auction.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased Assets the Break-Up Fee and the Expense Reimbursement as set forth in the Stalking Horse APA.

III. Sale Hearing

The Debtors will seek entry of the Sale Order, at the Sale Hearing on April 17, 2019, at 10:00 a.m. (or at another date and time convenient to the Court), to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures. The Debtors may submit and present such additional evidence, as they may deem necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets."

IV. Sale Order

The Sale Order will provide Court approval of (i) the Sale to the Successful Bidder, free and clear of all liens, claims, interests, and encumbrances, pursuant to 11 U.S.C. § 363, with the proceeds of the Sale deposited in accordance with Paragraph 4 of the Final DIP Order, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets prior to the Sale, including, without limitation, the liens and security interests of the DIP Lender and each of the Prepetition Secured Creditors under the relevant agreements, applicable law and the Final DIP Order, and (ii) the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to 11 U.S.C. § 365.

VII. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers submit their sealed, highest and best offer for the Purchased Assets and/or the Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv)

impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

This matter coming before the Court on the motion (the "Motion")[1] of the above-captioned debtors and debtors in possession (the "Debtors") for the entry of an Order, as applicable, pursuant to Sections 105(a), 363, and 365 of Title 11 of the United States Code (the "Bankruptcy Code"), Rules 2002, 6004, 6006, 9007, and 9014 of the Federal Rules of Bankruptcy Procedure (as amended from time to time, the "Bankruptcy Rules"), and Rule 6004-1 and 9013-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Central District of California ("LBR") (i)(a) approving form of asset purchase agreement for the Stalking Horse Purchaser and for prospective Overbidders (the "Stalking Horse APA"); (b) approving auction sale format, bidding procedures (the "Bidding Procedures") and stalking horse bid protections; (c) approving the form of notice to be provided to interested parties; (d) scheduling the Auction and a court hearing to consider approval of the sale to the highest bidder; and (e) approving procedures related to the assumption and assignment of certain executory contracts and unexpired leases to the Successful Bidder; (ii) authorizing the sale of property free and clear of all claims, liens and encumbrances; and (iii) granting related relief; the Court having found that (i) the Court has jurisdiction to consider the Motion and the relief requested therein pursuant to 28 U.S.C. §§ 157 and 1334; (ii) venue is proper in this district pursuant to 28 U.S.C. §§ 1408 and 1409; (iii) this is a core proceeding pursuant to 28 U.S.C. § 157(b); and (iv) notice of the Motion was sufficient under the circumstances and properly given, and it appearing that no other or further notice need be provided; and a hearing on the proposed bid and sale procedures as detailed in the Motion having been held; and after due deliberation the Court having determined that the relief requested in the Motion with respect to proposed bid and sale procedures is in the best interests of the Debtors, their estates, and their creditors; ~~and for the reasons set forth in the Court's tentative~~

~~ruling (the "Tentative Ruling") [Doc. No. 1488], which the Court adopts as its final ruling and which is incorporated herein by reference,~~ [2]and good and sufficient cause having been shown;

AND IT IS FURTHER FOUND AND DETERMINED THAT: [3]

A. The statutory and legal predicates for the relief requested in the Motion and provided for herein are Sections 105(a), 363, and 365 of Title 11 of the Bankruptcy Code, Bankruptcy Rules 2002, 6004, 6006, 9007, 9013 and 9014, and Local Bankruptcy Rules 6004-1, and 9013-1.

B. In the Motion and at the hearing on the Motion, the Debtors demonstrated that good and sufficient notice of the relief granted by this Order has been given and no further notice is required. A reasonable opportunity to object or be heard regarding the relief granted by this Order has been afforded to those parties entitled to notice pursuant to Bankruptcy Rule 2002 and all other interested parties.

C. The Debtors' proposed notice of the Bidding Procedures, the Auction and the hearing to approve the sale (the "Sale") of the Assets (the "Sale Hearing") is appropriate and reasonably calculated to provide all interested parties with timely and proper notice, and no other or further notice is required.

D. The Bidding Procedures substantially in the form attached hereto as Exhibit 1 are fair, reasonable, and appropriate and are designed to maximize the recovery from the Sale of the Assets.

E. The Break-Up Fee, in the amount set forth below, (i) is reasonable and appropriate given, among other things, the size and nature of the Sale and the efforts that will have been

[2] Because material changes were made to the Court's Tentative Ruling on the record at the hearing, the Court has not posted the Tentative Ruling to the CM/ECF docket.

[3] The findings and conclusions set forth herein constitute the Court's findings of fact and conclusions of law pursuant to Bankruptcy Rule 7052, made applicable to this proceeding pursuant to Bankruptcy Rule 9014. To the extent that any of the following findings of fact constitute conclusions of law, they are adopted as such. To the extent that any of the following conclusions of law constitute findings of fact, they are adopted as such.

expended, and will continue to be expended, by the Stalking Horse Purchaser, and (ii) is a material inducement for, and a condition of, the Stalking Horse Purchaser's entry into the Stalking Horse APA.

F. The form of the Stalking Horse APA is fair and reasonable and provides flexibility in the process to sell the Assets in a manner designed to maximize the value of the Assets.

G. The assumption and assignment procedures described in the Motion and provided for herein (the "Assumption and Assignment Procedures") and the Cure Notice are reasonable and appropriate and consistent with the provisions of Section 365 of the Bankruptcy Code and Bankruptcy Rule 6006. The Assumption and Assignment Procedures and the Cure Notice have been narrowly tailored to provide an adequate opportunity for all non-debtor counterparties to the Assumed Executory Contracts to assert an Assumption Objection.

H. Entry of this Order is in the best interests of the Debtors, their estates and creditors, and all other parties in interest.

NOW, THEREFORE, IT IS HEREBY ORDERED THAT:

1. The Motion is **GRANTED** as set forth herein.

2. To the extent that the International Union of Operating Engineers, Stationary Engineers Local 39 [Doc. No. 1355], the Service Employees International Union, United Healthcare WorkersWest [Doc. No. 1354], the California Nurses Association [Doc. No. 1359], and the United Nurses Association of California/Union of Health Care Professionals (collectively, the "Unions") assert that the Debtors are required to reject the Collective Bargaining Agreements prior to entering into the Stalking Horse APA, the Unions' objections are overruled. Additionally, the Union's objection that the Bidding Procedures do not sufficiently incentivize prospective purchasers to assume Collective Bargaining Agreements (the "CBAs") to which the Unions are parties is overruled. The Court finds that requiring the Debtors to provide a precise

TONS US LLP

Los Angeles, California 90017-5704
(213) 623-9300

quantification of the value to be accorded to the assumption of liabilities arising under the CBAs would unduly impair the Debtors' flexibility in the conduct of the auction of the Debtors' assets, and would likely yield suboptimal results for all stakeholders. The Debtors must be allowed to conduct the auction in accordance with their business judgment, especially given the complexity of an auction of this type. Precise quantification of the valuation to be afforded to assumption of the CBAs would not be of material assistance to the sophisticated participants in this auction, who will be assisted by professional advisors using their own detailed financial models and projections. ~~to the Bidding Procedures are overruled as set forth in the Tentative Ruling, at Section 11 ¶ C.~~ This Order does not prevent the Unions from raising objections under § 1113 at the Sale Hearing. However, the Unions' contention that the Stalking Horse APA and the associated bidding procedures cannot be approved prior to the adjudication of § 1113 issues is without merit.

3. The objection filed by St. Vincent IPA Medical Corporation and Angeles IPA [Doc. No. 1388] is premature and may be raised at the Sale Hearing. With respect to the objection filed by Hooper Healthcare Consulting LLC ("Hooper") [Doc. No. 1397], to the extent that Hooper asserts that it is entitled to receive notification of the treatment of its Net Benefit Compensation (as that term is defined in Doc. No. 1397) prior to selection of the Successful Bidder, its objection is overruled. Hooper may raise any objections regarding its Net Benefit Compensation or the assumption and assignment of its executory contract at the Sale Hearing. Hooper's objection to the timeline proposed by the Debtors with respect to the assumption and assignment of executory contracts is overruled. ~~To the extent that Hooper The objections filed by (i) St. Vincent IPA Medical Corporation and Angeles IPA [Doc. No. 1388], and (ii) Hooper Healthcare Consulting LLC [Doc. No. 1397] are overruled for the reasons set forth in the Tentative Ruling, Section II ¶ G & J.~~

4. The objection filed by the Official Committee of Unsecured Creditors (the "Committee") [Docket Nos. 1399, 1401, 1402] and the *Joint Supplement to Objection and Response to Debtors' Sale Motion* [Docket No. 1279] filed by the Committee, UMB Bank, N.A., and Wells Fargo Bank, National Association, is overruled in part and sustained in part with respect to the revised Section 8.6 of the Stalking Horse APA and the Break-Up Fee, as set forth below.

5. As to the objection filed by the County of San Mateo and the Health Plan of San Mateo [Doc. No. 1361], the restrictions and limitations set forth in § 5.1(b) of the Stalking Horse APA on communications between SGM and governmental authorities shall apply only to communications regarding licensing or regulation of the Hospitals with the relevant licensing or regulatory authorities. Such restrictions shall not apply to communications involving SGM (or any other prospective buyers) and any governmental authority on subjects unrelated to licensing or regulation by that authority.

6. The Court does not rule on the objections filed by MGH Painting Inc. [Doc. No. 1358], Belfor USA Group, Inc. [Doc. No. 1364], and the California Attorney General [Doc. No. 1352], ~~Centers for Medicare and Medicaid Services~~; all such objections are premature and are preserved for the Sale Hearing and may be raised at that time. All objections to the relief requested in the Motion that have not been withdrawn, waived or settled are overruled.

7. The objection of Cigna Healthcare of California, Inc. ("Cigna") [Doc. Nos. 1349 and 1459] is sustained. The Debtors shall, no later than the earlier of (i) 48 hours after the conclusion of the Auction, or (ii) thirty (30) days prior to the Closing Date, provide Cigna with written notice of its irrevocable decision as to whether or not the Debtors propose to assume and assign any or all of the Cigna Provider Agreements as part of the Sale; provided, however, that such notice shall be irrevocable only to the extent that the Successful Bidder's transaction is

approved by this Court and an order thereon becomes final and non-appealable. The Debtors shall provide the same notice to UnitedHealthcare Insurance Company.

8. The objections filed by the U.S. Department of Health and Human Services and Centers for Medicare and Medicaid Services [Doc. No. 1346] and the California Department of Health Care Services [Doc. No. 1353] are continued, as resolved by stipulations [Docket Nos. 1458 and 1473, respectively], approved by orders entered on [Docket Nos. 1465 and 1483, respectively].

9. The Bidding Procedures attached hereto as Exhibit 1 are **APPROVED.**[4]

10. Strategic Global Management, Inc. or an affiliate to be designated (the "Stalking Horse Purchaser") is hereby **APPROVED** to be and designated as the Stalking Horse Purchaser as to the Assets, and the form of the Stalking Horse APA is hereby **APPROVED.**

11. Subject to the Bidding Procedures and approval of the Sale at the Sale Hearing, the Debtors' entry into the Stalking Horse APA (including any amendments thereto) is hereby **APPROVED** subject to the following modifications:

(i) the following language is added to Section 6.1(b)(2): "In the event that Purchaser terminates this Agreement in accordance with Section 8.6 hereof, expenses of Purchaser incurred in satisfaction of Section 8.6 shall be reimbursed up to $500,000";

(ii) Section 8.6 shall be replaced by the following revised Section 8.6:

> 8.6 **Attorney General Provisions**. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth, as Purchaser Approved Conditions, in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement, or on Purchaser in connection therewith, which are materially different than the Purchaser Approved Conditions set forth

on Schedule 8.6 (the "Additional Conditions"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order ("Supplemental Sale Order") finding that the Additional Conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions without the imposition of any other conditions, which would adversely affect the Purchaser. For purposes of this Section 8.6, Additional Conditions which individually or collectively impose a direct or indirect cost to Purchaser of $5 million, or more, shall be conclusively deemed to be "materially different." If Sellers determine not to seek such Supplemental Sale Order, or fail to obtain such Supplemental Sale Order within 60 days of the Attorney General's imposition of Additional Conditions, Purchaser shall be entitled to terminate this Agreement and receive the return of its Good Faith Deposit. If Sellers timely obtain such Supplemental Sale Order from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order (the "Evaluation Period") to determine, in the exercise of the Purchaser's reasonable business judgment and in consultation with Purchaser's financing sources, whether to proceed to consummate the transactions contemplated by this Agreement; provided, however, (i) Purchaser shall not terminate or provide notice of termination of the Stalking Horse APA based on the Seller's failure to satisfy the condition set forth under this Section 8.6 until the expiration of the Evaluation Period as may be extended herein, and (ii) the Evaluation Period may be extended by the Debtors, in consultation with the Consultation Parties, by up to 90 days for any appeal properly perfected with respect to the Supplemental Sale Order (the "Extended Evaluation Periods"). For the avoidance of doubt, if the Debtors or any of the Consultation Parties dispute the reasonableness of the exercise of the Purchaser's business judgment, such dispute shall be determined by the Bankruptcy Court only in the context of an adversary proceeding. If, at the conclusion of the Extended Evaluation Periods, such Supplemental Sale Order has not become a final, non-appealable order and Purchaser determines not to proceed, Purchaser shall have the right within ten (10) business days after the conclusion of the Extended Evaluation Periods to terminate this Agreement and receive the return of its Good Faith Deposit. Sellers shall provide Purchaser with prompt written notice of the conclusion of the Extended Evaluation Periods and whether the Supplemental Sale Order has become a final, non-appealable order. For purposes of this Section 8.6, "a final, non-appealable order" shall include a Supplemental Sale Order (i) which has been affirmed or the appeal of which has been dismissed by any appellate court and for which the relevant appeal period has expired (other than any right of appeal to the U.S. Supreme Court), or (ii) which has been withdrawn by the appellant. If the Supplemental Sale Order becomes a final, non-appealable order prior to the expiration of the Evaluation Period or, if applicable, the

> Extended Evaluation Periods, Purchaser shall consummate the Sale provided that all other conditions to closing have been satisfied. During any Evaluation Period or Extended Evaluation Periods, Purchaser shall reasonably cooperate in any efforts to render the Supplemental Sale Order a final, non-appealable order, including timely taking reasonable steps in preparation for closing of the transactions described in this Agreement; provided, however, Purchaser shall not be obligated to expend more than $500,000. For the avoidance of doubt, neither this provision, nor any of the rights granted to the Purchaser herein, shall constitute a waiver of any party in interest's right to argue that any appeal from the Sale Order should be dismissed on statutory, Constitutional or equitable mootness grounds.

(iii) in Section II, H(a), in Schedule 6.1(b)(3), annexed to the Stalking Horse APA [Docket No. 1279, at 111], the reference to Section 6.26(b)(2) is hereby corrected to Section 6.1(b)(2); and

March 5, 2019. The Cure Notice shall state the date, time and place of the Sale Hearing as well as the date by which any Assumption Objection must be filed and served. The Cure Notice also will identify the amounts, if any, that the Debtors believe are owed to each counterparty to an Assumed Executory Contract in order to cure any defaults that exist under such contract (the "Cure Amounts").

22. To the extent there is a contract added to the list of contracts to be assumed by the Successful Bidder pursuant to the Successful Bidder's Purchase Agreement selected at the Auction, the Motion constitutes a separate motion to assume and assign that contract to the Successful Bidder pursuant to Section 365 of the Bankruptcy Code; each such contract will be listed on an exhibit to the Successful Bidder's Purchase Agreement, and shall be given a separate Cure Notice filed and served by overnight delivery by the Debtors within 5 business days of the conclusion of the Auction and announcement of the Successful Bidder(s).

The Court will make any and all determinations concerning adequate assurance of future performance under the Assumed Executory Contracts pursuant to Sections 365(b) and (f)(2) of the Bankruptcy Code at the Sale Hearing.

26. Any counterparty to an Assumed Executory Contract that fails to timely file and serve an objection to the Cure Amounts shall be forever barred from asserting that a Cure Amount is owed in an amount in excess of that set forth in the Cure Notice.

30. Except to the extent otherwise provided in a Successful Bidder's Purchase Agreement, the Debtors and their estates shall be relieved of all liability accruing or arising after the assumption and assignment of the Assumed Executory Contracts pursuant to section 365(k) of the Bankruptcy Code.

31. Exhibit 1

(Bidding Procedures)

BIDDING PROCEDURES

Set forth below are the bidding procedures (the "Bidding Procedures") to be employed in connection with the sale of all assets of (i) the assets (the "Purchased Assets") enumerated in the Stalking Horse APA (as defined below), including but not limited to, St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, Inc., Seton Medical Center and Seton Medical Center Coastside (collectively, the "APA Facilities"); and (ii) assets not otherwise enumerated in the APA, but associated with the ownership or operation of the APA Facilities and available for purchase (the "Other Assets"), in connection with the chapter 11 cases pending in the United States Bankruptcy Court for the Central District of California (the "Bankruptcy Court"), jointly administered as case number 2:18-bk-20151-ER, in the form to be approved by the Bankruptcy Court, by Order dated [_____], 2019 (the "Bidding Procedures Order").

The Debtors entered into that certain Asset Purchase Agreement, dated January 8, 2019 between the Debtors, on the one hand, and Strategic Global Management, Inc. (the "Stalking Horse Purchaser"), on the other hand, pursuant to which the Stalking Horse Purchaser shall acquire the Assets on the terms and conditions specified therein (together with the schedules and related documents thereto, the "Stalking Horse APA"). The sale transaction pursuant to the Stalking Horse APA is subject to competitive bidding as set forth herein. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the *Debtors' Notice of Motion and Motion for the Entry of (I) an Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice to be Provided to Interested Parties, (4) Scheduling a Court Hearing to Consider Approval of the Sale to the Highest Bidder, and (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) an Order (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances* [Docket No. 1279] (the "Sale Motion").

I. ASSETS TO BE SOLD

The Debtors seek to complete a sale of substantially all assets of the APA Facilities, including both the Purchased Assets and the Other Assets (the "Sale"). The Stalking Horse APA will serve as the "stalking-horse" bid for the Purchased Assets.

II. THE BID PROCEDURES

In order to ensure that the Debtors receive the maximum value for the Purchased Assets and/or the Other Assets, they intend to hold a sale process for the Purchased Assets and/or the Other Assets pursuant to the procedures and on the timeline proposed herein.

A. Provisions Governing Qualifications of Bidders

Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to

participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following Debtors:

(a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets and/or the Other Assets or otherwise participating in connection with such bid; and

(b) an executed confidentiality agreement (to be delivered prior to the distribution of any confidential information by the Debtors) in form and substance satisfactory to the Debtors and which shall inure to the benefit of any purchaser of the Purchased Assets and/or Other Assets; without limiting the foregoing, each confidentiality agreement executed by a Potential Bidder shall contain standard non-solicitation provisions.

A bidder that delivers the documents and information described above and that the Debtors determine, after consultation with the Official Committee of Unsecured Creditors, the Prepetition Secured Creditors, and any other party deemed appropriate within the business judgment of the Debtors (collectively, the "Consultation Parties") in their reasonable business judgment, is likely (based on availability of financing, experience, and other considerations) to be able to consummate the sale, will be deemed a potential bidder ("Potential Bidder").

B. Due Diligence

The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtor, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

C. Provisions Governing Qualified Bids

A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a "Qualified Bid", and each such Potential Bidder thereafter a "Qualified Bidder") only if the bid complies with all of the following requirements:

a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;

b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;

c) it allocates with specificity the portion of the purchase price offered that the Qualified Bidder attributes to St. Francis Medical Center, St. Vincent Medical Center, Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;[5]

[5] For the avoidance of doubt, such allocation shall not be binding on the Debtors, their estates or any Consultation Party.

TONS US LLP

Los Angeles, California 90017-5704
(213) 623-9300

d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-up Bidder, the date that is thirty (30) business days after entry of the Sale Order;

e) it includes confirmation that there are no conditions precedent to the Qualified Bidder's ability to enter into a definitive agreement and that all necessary internal governance and shareholder approvals have been obtained prior to the bid;

f) it sets forth each third-party, regulatory and governmental approval required for the Qualified Bidder to consummate the transaction and the time period within which the Qualified Bidder expects to receive such approvals and establishes a substantial likelihood that the Qualified Bidder will obtain such approvals by the stated time period;

g) it includes a duly authorized and executed copy of a purchase or acquisition agreement in the form of the Stalking Horse APA (a "Purchase Agreement"), including the purchase price for some or all of the Purchased Assets and/or the Other Assets, or both, expressed in U.S. Dollars, together with all exhibits and schedules thereto, together with copies marked to show any amendments and modifications to the Stalking Horse APA ("Marked Agreement");

h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;

i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee ($19,825,000.00); (ii) the amount of the expense reimbursement ($2,000,000.00); and (iii) $7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee, the "Minimum Qualified Bid");

j) if the bid is a partial bid (the "Partial Bid"),[6] the terms of paragraph (i) immediately above shall not apply but the terms of paragraph (o) below concerning the Good Faith Deposit shall expressly apply in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a "Partial Bid Auction Qualified Bid"). In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers' responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and (ii) in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;

k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it, and (ii)

[6] A Partial Bid shall mean a bid for less than all of the Purchased Assets.

A list of all Qualified Bids, as well as all adequate assurance information included in such bids as required by paragraph C(l) above, will be provided to Cigna and United (through their counsel) no later than April 4, 2018, at 4:00 p.m. (prevailing Pacific Time) to allow those parties to evaluate Qualified Bidders related to adequate assurance of future performance of the Cigna and United provider agreements.

E. Credit Bidding

Any party with a valid, properly perfected security interest in any of the Assets may credit bid for the Assets in connection with the Sale pursuant to § 363(k) of the Bankruptcy Code.

Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser's entitlement to the Bidding Procedures and related protections granted under the Bidding Procedures Order.

F. Evaluation of Competing Bids

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in its reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

G. No Qualified Bids

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Assets. If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction, the Debtors will determine, in consultation with the Consultation Parties, if there are any Partial Bidders that will not be qualified to participate at the Full Bid Auction.

H. Auction Process

If the Debtors receive one or more Partial Bid Auction Qualified Bids, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a "Partial Bid Auction"). Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in any Partial Bid Auction(s). The procedures below shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors will conduct the Partial Bid Auction(s), which shall be transcribed on **April 8, 2019, at 10:00 a.m. (prevailing Pacific Time)** (the "Partial Bid Auction Date"), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Partial Bid Auction Qualified Bids determined by the Debtors, in consultation with the Consultation Parties, at the Partial Bid Auction(s) (as set forth above) to be eligible to participate at the Full Bid Auction, including (without limitation) the highest and best bids for each asset (the "Winning Partial Bids") shall be permitted to participate in the Full Bid Auction (as defined below) of the Purchased Assets and/or the Other Assets, except that:

(a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking Horse APA, there will be a Full Bid Auction (as defined below) and (1) the Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities, or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA at 6.1(b)(2);

(b) If the Partial Bids do not include all four APA Facilities, and if there are no other Qualified Full Bids, then Seller, in its discretion, after consultation with the Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1) to have no Full Bid Auction and the Stalking Horse Purchaser will purchase the four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and

Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the "Remaining Facility"), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on an aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtor will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the "Full Bid Auction"), which shall be transcribed, on **April 9, 2019, at 10:00 a.m. (prevailing Pacific Time)** (the "Full Bid Auction Date"), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction. The Partial Bid Auction and the Full Bid Auction shall run in accordance with the following procedures:

a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;

b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;

c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;

d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;

e) the Debtors, after consultation with the Consultation Parties, the Stalking Horse Purchaser, and any other Qualified Bidders may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bidding Procedures, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;

f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified

Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and

h) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the Auction, the Debtors, in consultation with their advisors and the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bidders submitted at the Auction (one or more such bids, collectively the "Successful Bid" and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The Successful Bid may consist of a single Qualified Bid or multiple bids.

TONS US LLP
601 South Figueroa Street, Suite 2500
Los Angeles, California 90017-5704
(213) 623-9300

The determination of the Successful Bid by the Debtors at the conclusion of the Auction shall be subject to approval by the Court.

If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder, then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in above in paragraph 30, subsection (o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit will be no less than $30,000,000. If selected as the Successful Bidder or the Back-Up Bidder at the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the "Final Deposit"), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the amount of its last bid).

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within twenty-four (24) hours following the conclusion of the Full Bid Auction, and within forty-eight (48) hours following the conclusion of the Partial Bid Auction, the Debtors shall file a notice identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets and (to the extent included in an Overbid) the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder's Purchase Agreement.

J. Return of Deposits

All deposits shall be returned to each bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder no later than five (5) business days following the conclusion of the Auction.

K. Back-Up Bidder

If an Auction is conducted (whether it be a Full Bid Auction or a Partial Bid Auction), the Qualified Bidder or Qualified Bidders (including the Stalking Horse Purchaser, subject to Section II H.(b) hereof) with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, at the Auction shall be required to serve as a back-up bidder (the "Back-Up Bidder") and keep such bid open (whether it be a Partial Bid or Full Bid) and irrevocable for thirty (30) business days after the entry of the Sale Order (the "Thirty Day Period"). If during the Thirty-Day Period, the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court provided that the Back-Up Bidder shall thereafter keep such bid

TONS US LLP
601 South Figueroa Street, Suite 2500
Los Angeles, California 90017-5704
(213) 623-9300

open and irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however, that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and required to consummate the sale to the Stalking Horse Purchaser in accordance with the terms of the Stalking Horse APA, as such terms may (at the discretion of the Stalking Horse Purchaser) have been modified as a result of the Full Bid Auction or the Partial Bid Auction.

If, after the Thirty-Day Period, the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder (including the Stalking Horse Purchaser if it has been designated the Back-Up Bidder) may elect, in its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful Bidder defaults, or (c) the Back-Up Bidder elects to terminate its participation as Back-Up Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no reopening of the auction.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Assets an amount in cash equal to three percent (3.25%) of the Cash Consideration ($19,825,000.00) plus reimbursement of reasonably documented reasonable costs and expenses in an amount not to exceed $2,000,000.00. The Break-Up Fee shall be payable at closing of the sale from the sale proceeds.

If the Stalking Horse APA is terminated because the Stalking Horse Purchaser is not selected as the Successful Bidder or the Back-Up Bidder at Auction (or the Stalking Horse Purchaser is selected as the Back-Up Bidder but the sale of the Assets is consummated and closed with another entity), the Debtors shall pay to the Stalking Horse Purchaser the Break-Up Fee by wire transfer of immediately available funds immediately, and contemporaneous with, the closing of the sale of the Assets from the first cash proceeds thereof. The Break-Up Fee shall constitute an administrative expense claim with priority under Section 507(a) of the Bankruptcy Code in favor of the Stalking Horse Purchaser.

III. Sale Hearing

The Debtors will seek entry of the Sale Order from the Court at the Sale Hearing to begin at **10:00 a.m. Pacific Time on April 17, 2019** (or at another date and time convenient to the Court) to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures.

At the Sale Hearing, the Debtors will seek Court approval of the Sale to the Successful Bidder, (or, in the event the Successful Bidder fails to close, the Back-Up Bidder), free and clear of all liens, claims, interests, and encumbrances pursuant to § 363 of the Bankruptcy Code, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets (and to the extent included in the Successful Bid, the Other Assets prior to the Sale), including the assumption by

the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to Section 365 of the Bankruptcy Code. The Debtors will submit and present additional evidence, as necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets and/or the Other Assets.

IV. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers must submit their sealed, highest and best offer for the Purchased Assets and/or Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv) impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel the Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

NOTICE TO COUNTERPARTIES TO EXECUTORY CONTRACTS AND UNEXPIRED LEASES OF THE DEBTORS THAT MAY BE ASSUMED AND ASSIGNED

PLEASE TAKE NOTICE that on January 17, 2019, the above-captioned debtors and debtors in possession (the "Debtors") filed the *Debtors' Notice of Motion and Motion for the Entry of (I) an Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice to be Provided to Interested Parties, (4) Scheduling a Court Hearing to Consider Approval of the Sale to the Highest Bidder, and (5) Approving Procedures Related to the Assumption of Certain Executory*

Contracts and Unexpired Leases; and (II) an Order (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances (the "Motion").[8]

PLEASE TAKE FURTHER NOTICE that, on [DATE], the Court entered an Order (the "Bidding Procedures Order") approving, among other things, the Bidding Procedures requested in the Motion, which Bidding Procedures Order governs (i) the bidding process for the sale of certain assets (the "Assets") of the Debtors and (ii) procedures for the assumption and assignment of certain of the Debtors' executory contracts and unexpired leases.

PLEASE TAKE FURTHER NOTICE that the Motion also seeks Court approval of the sale (the "Sale") of the Assets to the Successful Bidder(s), free and clear of all liens, claims, interests and encumbrances pursuant to Section 363 of the Bankruptcy Code, including the assumption by the Debtors and assignment to the buyer(s) of certain executory contracts and unexpired leases pursuant to Section 365 of the Bankruptcy Code (the "Executory Contracts Subject to Assumption"), with such liens, claims, interests and encumbrances to attach to the proceeds of the Sale with the same priority, validity and enforceability as they had prior to such Sale. Within forty eight (48) hours following the conclusion of the Auction, the Debtors shall file a notice identifying the Successful Bidder(s) with the Bankruptcy Court and serve such notice by fax, email or overnight mail to all counterparties whose contracts are to be assumed and assigned. Any counterparty to an Executory Contracts Subject to Assumption that wishes to receive such notice by email or fax, must provide their email address or fax number to Dentons US LLP, Attn: Samuel R. Maizel by emailing samuel.maizel@dentons.com or calling (213) 892-2910 before the Auction.

PLEASE TAKE FURTHER NOTICE that an evidentiary hearing (the "Sale Hearing") to approve the Sale and authorize the assumption and assignment of the Assumed Executory Contracts will be held on **April 17, 2019 at 10:00 a.m. (prevailing Pacific Time)**, before the United States Bankruptcy Court for the Central District of California, 255 E. Temple St., Los Angeles, California 90012 , Courtroom 1568. The Sale Hearing may be adjourned from time to time without further notice to creditors or parties in interest other than by announcement of the adjournment in open court on the date scheduled for the Sale Hearing.

PLEASE TAKE FURTHER NOTICE that, consistent with the Bidding Procedures Order, the Debtors may seek to assume an executory contract or unexpired lease to which you may be a party. The Executory Contracts Subject to Assumption are described on Exhibit A attached to this Notice. The amount shown on Exhibit A hereto as the "Cure Amount" is the amount, if any, which the Debtors assert is owed to cure any defaults existing under the Assumed Executory Contract.

PLEASE TAKE FURTHER NOTICE that if you disagree with the Cure Amount shown for the Executory Contract(s) Subject to Assumption on Exhibit A to which you are a party, you must file in writing with the United States Bankruptcy Court for the Central District of California, 255 E. Temple St., Los Angeles, California 90012, an objection on or before **March 22, 2019 at 4:00 p.m. (prevailing Pacific Time)**. Any objection must set forth the specific default or defaults alleged and set forth any cure amount as alleged by you. If a contract or lease is assumed and assigned pursuant to a Court order approving same, then unless you properly file

and serve an objection to the Cure Amount contained in this Notice, you will receive at the time of the closing of the sale (or as soon as reasonably practicable thereafter), the Cure Amount set forth herein, if any. Any counterparty to an Executory Contract Subject to Assumption that fails to timely file and serve an objection to the Cure Amounts shall be forever barred from asserting that a Cure Amount is owed in an amount in excess of the amount, if any, set forth in the attached Exhibit A.

PLEASE TAKE FURTHER NOTICE that if you have any other objection to the Debtors' assumption and assignment of the Executory Contract Subject to Assumption (including an objection based on adequate assurance of future performance by the Stalking Horse Purchaser[9] under the Assumed Executory Contract) to which you may be a party, you also must file that objection in writing no later **than 4:00 p.m. (prevailing Pacific Time) on April 12, 2019** provided, however, that if any Successful Bidder is not the Stalking Horse Purchaser, any counterparty to an Executory Contract Subject to Assumption may raise an objection to the assumption and assignment of the Executory Contracts Subject to Assumption solely with respect to such Successful Bidder's ability to provide adequate assurance of future performance under the Assumed Executory Contract at the Sale Hearing, or any time before the Sale Hearing.

PLEASE TAKE FURTHER NOTICE that any objection you may file must be served so as to be received by the following parties by the applicable objection deadline date and time: (i) counsel to the Debtors: Dentons US LLP, 601 S. The Court shall make its determinations concerning adequate assurance of future performance under the Assumed Executory Contracts pursuant to 11 U.S.C. §§ 365(b) and (f) at the Sale Hearing.

PLEASE TAKE FURTHER NOTICE that nothing contained herein shall obligate the Debtors to assume any Assumed Executory Contracts or to pay any Cure Amount.[10]

PLEASE TAKE FURTHER NOTICE THAT IF YOU DO NOT TIMELY FILE AND SERVE AN OBJECTION AS STATED ABOVE, THE COURT MAY GRANT THE RELIEF REQUESTED IN THE MOTION WITH NO FURTHER NOTICE.

ANY COUNTERPARTY TO ANY ASSUMED EXECUTORY CONTRACT WHO DOES NOT FILE A TIMELY OBJECTION TO THE CURE AMOUNT FOR SUCH ASSUMED EXECUTORY CONTRACT IS DEEMED TO HAVE CONSENTED TO SUCH CURE AMOUNT.

3. On February 19, 2019, the Court held a hearing on the Sale and Bidding Procedures Motion and thereafter entered an order approving the Sale and Bidding Procedures Motion (the "Bidding Procedures Order")[2] [Docket No. 1572]. SGM served as the Stalking Horse Purchaser, and the Bidding Procedures Order approved the APA, as modified therein.

4. The Bidding Procedures Order established a deadline of March 28, 2019, at 4:00 p.m. (PST), for bidders to submit partial bids for the Assets, and a deadline of April 3, 2019, at 4:00 p.m. (PST), to submit full bids for the Assets (each a "Bid Deadline"). The Partial Bid Auction was scheduled to take place on April 8, 2018, and the Full Bid Auction was scheduled to take place on April 9, 2019.

B. Marketing Efforts & Results Thereof

5. In June 2018, the Debtors engaged Cain Brothers, a division of KeyBanc Capital Markets ("Cain"), to identify potential buyers of some or all of the Verity hospitals and related assets and commenced discussions with those potential buyers. Cain prepared a Confidential Investment Memorandum and organized an online data site to share information with potential buyers and contacted over 181 strategic and financial buyers beginning in July 2018 to solicit their interest in exploring a transaction regarding the Debtors hospitals. As a result of its broad marketing process, Cain received sixteen indications of interest or other proposals, and continued to develop potential sales.

6. The Debtors, in consultation with Cain and its other advisors, selected SGM's offer to serve as the stalking-horse bid to acquire the Assets through a sale under § 363. The APA was the result of extensive negotiations between the Debtors and SGM. As set forth below, under the APA, SGM submitted a stalking-horse bid to purchase the Assets for $610 million ($420 million allocated to St. Francis Medical Center, $120 million allocated to St. Vincent Medical Center and $70 million allocated to Seton Medical Center and Seton Coastside combined), plus payments of cure costs, as set forth therein.

7. Thereafter, in accordance with the bidding procedures, Cain continued to actively market the Assets. As a part of this process, Cain vigilantly monitored interest and continued to communicate with parties that had expressed interest and that Cain had identified as potential bidders, either as partial or aggregate bidders. Cain's marketing process was meant to identify and shepherd any bidders who could contribute to a competitive auction. Cain notified 90 parties that had previously sent a Non-Disclosure Agreements ("NDA") of the sale process, directly sent these parties the approved Bidding Procedures and represented Cain's availability to assist in the bidding process. Thereafter, sixteen parties who executed NDAs requested continued access to the data room containing information about the Assets. Cain continued to populate the data room it had opened with new and relevant information as it became available.

8. On the applicable Bid Deadlines, the Debtors received two partial bids and one full system bid. Thereafter, the Debtors consulted with the Consultation Parties regarding the bids received and deemed the two partial bids Qualified Full Bids (one for St. Vincent Medical Center and one for St. Francis Medical Center). There was not a full system Qualified Bid.[3] After consultation with the Consultation Parties, the Debtors determined not to conduct either a Partial Bid Auction or Full Bid Auction, as set forth in the *Notice That No Auction Shall Be Held Re Debtors' Motion and Motion for the Entry of (I) An Order (1) Approving Form of Asset Purchase*

[3] The Debtors received a letter from Prime Healthcare describing a potential partial bid for St. Francis and another letter from Prime Healthcare describing a potential full bid. In both instances, Prime expressly stated that it "recognize[d] that this bid will not be formally considered at auction" and did not include the mandatory good faith deposit, but was submitted solely "for reference, when needed when there is no credible back up bidder or all other bidders are unable to close."

Agreement for Stalking Horse Bidder and for Prospective Overbidders; (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections; (3) Approving Form of Notice to Be Provided to Interested Parties; (4) Scheduling a Court Hearing to Consider Approval of the Sale to the Highest Bidder; and (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) an Order (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances [Docket No. 2053] (the "No-Auction Notice").

9. Accordingly, SGM was named the Successful Bidder for the Assets under the Bidding Procedures Order. *See* Bidding Procedures Order, Exhibit "1," at 6; *see also* No-Auction Notice, at 2.

A supplement to the Cure Notice (adding and removing some agreements and revising Cure Amounts) was later filed on March 18, 2019 [Docket No. 1836].

II. ARGUMENT

A. The Court Should Authorize The Debtors To Sell The Assets To SGM In Accordance With The Terms Of The APA.

Section 363(b) provides that a debtor "after notice and a hearing, may use, sell or lease, other than in the ordinary course of business, property of the state." 11 U.S.C. § 363(b). To approve a use, sale or lease of property other than in the ordinary course of business, the Court must find "some articulated business justification." *See, e.g., In re Gardens Regional Hospital and Medical Center, Inc.* ("*In re Gardens*"), 567 B.R. 802, 825 (Bankr. C.D. Cal. 2017); *In re Martin (Myers v. Martin)*, 91 F.3d 389, 395 (3d Cir. 1996) (*citing In re Schipper (Fulton State Bank v. Schipper)*, 933 F.2d 513, 515 (7th Cir. 1991)); *Comm. of Equity SEC Holders v. Lionel Corp. (In re Lionel Corp.)*, 722 F.2d 1063, 1070 (2d Cir. 1983); *In re Abbotts Dairies of Pa., Inc.*, 788 F.2d 143 (3d Cir. 1986) (implicitly adopting the "sound business judgment" test of *Lionel Corp.* and requiring good faith); *In re Delaware and Hudson Ry. Co.*, 124 B.R. 169 (D. Del. 1991) (concluding that the Third Circuit adopted the "sound business judgment" test in the *Abbotts Dairies* decision). Similarly, in the Ninth Circuit, "cause" exists for authorizing a sale of estate assets if it is in the best interest of the estate, and a business justification exists for authorizing the sale. *In re Huntington, Ltd.*, 654 F.2d 578 (9th Cir. 1981); *In re Walter*, 83 B.R. 14, 19-20 (9th Cir. B.A.P. 1988).

In determining whether a sale satisfies the business judgment standard, courts have held that: (1) there be a sound business reason for the sale; (2) accurate and reasonable notice of the sale be given to interested persons; (3) the sale yield an adequate price (*i.e.*, one that is fair and reasonable); and (4) the parties to the sale have acted in good faith. *Titusville Country Club v. Pennbank (In re Titusville Country Club)*, 128 B.R. 396, 399 (Bankr. W.D. Pa. 1991); *see also In re Walter*, 83 B.R. at 19-20.

The Debtors submit that their proposed sale of the Assets to SGM clearly satisfied each of these four criteria, is consistent with the terms of the APA, and demonstrates that the Debtors'

TONS US LLP

Los Angeles, California 90017-5704
(213) 623-9300

business judgment to proceed with the proposed sale of the Assets to SGM in accordance with the terms of the APA is sound.

1. Sound Business Purpose.

There must be some articulated business justification, other than appeasement of major creditors, for using, selling or leasing property out of the ordinary course of business before the bankruptcy court may order such disposition under § 363(b). *In re Gardens*, 567 B.R. at 825; *In re Lionel Corp.*, 722 F.2d at 1070. The court in *In re Walter*, established a flexible case-by-case test to determine whether the business purpose for a proposed sale justifies disposition of property of the estate under § 363(b). 83 B.R. at 19. In *Walter*, the court, adopting the reasoning of the Fifth Circuit in *In re Continental Airlines, Inc.*, 780 F.2d 1223 (5th Cir. 1986) and the Second Circuit *in In re Lionel Corp., supra*, articulated the standard to be applied under § 363(b) as follows:

> Whether the proffered business justification is sufficient depends on the case. As the Second Circuit held in *Lionel*, the bankruptcy judge should consider all salient factors pertaining to the proceeding and, accordingly, act to further the diverse interests of the Debtor, creditors and equity holders, alike. He might, for example, look to such relevant facts as the proportionate value of the asset to the estate as a whole, the amount of elapsed time since the filing, the likelihood that a plan of reorganization will be proposed and confirmed in the near future, the effect of the proposed disposition on future plans of reorganization, the proceeds to be obtained from the disposition vis-a-vis any appraisals of the property, which of the alternatives of use, sale or lease the proposal envisions and, most importantly perhaps, whether the asset is increasing or decreasing in value. This list is not intended to be exclusive, but merely to provide guidance to the bankruptcy judge.

In re Walter, 83 B.R. at 19-20 (*citing In re Continental Air Lines, Inc.*, 780 F.2d at 1226).

The facts pertaining to the Debtors' proposed sale of the Assets to SGM substantiate the Debtors' business decision that such contemplated sale serves the best interests of the Debtors' estates, their creditors and shareholders and merits the approval of the Court. The Debtors incur significant operational losses at their Hospitals, and continued operations are simply not financially viable. *See Declaration of Richard Adcock in Support of Emergency First-Day Motions*, at ¶ 95 [Docket No. 8]. Thus, the Debtors' Board of Directors concluded that the best course of action to preserve the Debtors' Hospitals as going concerns, serve the charitable mission of the Debtors and

the original legacy of the Daughters of Charity, preserve jobs and maximize the recovery for creditors, was to sell the Debtors' Hospitals, as going concerns, in a bankruptcy court supervised sale and have pursued this objective throughout these cases. *Id.* ¶ 96.

As discussed *supra*, the Debtors engaged in a comprehensive marketing process to sell the Assets prior to and during the bankruptcy case for a period of more than ten months. The Debtors are confident that their proposed asset sale to SGM is the best option available to the Debtors to, among other things, maximize the value of the Assets and recovery for their creditors. Despite Cain's vigorous attempts to market the Assets, SGM's stalking-horse bid was the highest, best and only Qualified Full Bid the Debtors received for all four Hospitals. The Debtors believe that SGM's offer represents a fair market value for the assets. Also, SGM is a buyer who will maintain the healthcare characteristics of all four Hospitals, continuing patient care for the communities served by the Hospitals and continuing to provide employment for the Debtors' employees. Therefore, the Debtors submit that their proposed asset sale is justified by sound business purposes, satisfying the first requirement for a sale under § 363(b).

2. Accurate and Reasonable Notice

In connection with a proposed sale under § 363, "four pieces of information must be presented to the creditors. The notice should: place all parties on notice that the debtor is selling its business; disclose accurately the full terms of the sale; explain the effect of the sale as terminating the debtor's ability to continue in business; and explain why the proposed price is reasonable and why the sale is in the best interest of the estate." *In re Delaware*, 124 B.R. at 180. A notice is sufficient if it includes the terms and conditions of the sale and if it states the time for filing objections. *In re Karpe*, 84 B.R. 926, 930 (Bankr. M.D. Pa. 1988). The purpose of the notice is to provide an opportunity for objections and hearing before the court if there are objections. *Id.*

On February 20, 2019, the Debtors served a *Notice of Sale Procedures, Auction Date and Sale Hearing* [Docket. No. 729] on the following parties: (i) the Office of the United States Trustee; (ii) counsel to the Committee of Unsecured Creditors; (iii) any parties requesting notices in this case pursuant to Bankruptcy Rule 2002; (iv) all Potential Bidders; (i) all parties known by the Debtors to assert a lien on any of the Assets; (vi) all persons known or reasonably believed to have

asserted an interest in any of the Assets; (vii) all non-Debtor parties to any contracts and leases to be assumed; (viii) the Office of the United States Attorney for the Central District of California; (ix) the Office of the California Attorney General; (x) the Office of the California Secretary of State; (xi) all taxing authorities having jurisdiction over any of the Assets, including the IRS; and (xii) all environmental authorities having jurisdiction over any of the Assets. (*See* Certificate of Service [Docket No. 1997]). Also, as explained above, the Bidding Procedures Order was entered by the Court and has been provided to all known prospective bidders by Cain. The Debtors will also serve this Memorandum on the same parties in advance of the Sale Hearing.

The Debtors submit that the foregoing satisfies the requirements of Bankruptcy Rules 6004(a) and (c), which provide as follows:

> (a) ... Notice of a proposed ... sale ... of property ... not in the ordinary course of business shall be given pursuant to Rule 2002(a)(2),(c)(1),(i) and (k) ... (c) ... A motion for authority to sell property free and clear of liens or other interests shall be made in accordance with Rule 9014 and shall be served on the parties who have liens or other interests in the property to be sold. The notice required by subdivision (a) of this rule shall include the date of the hearing on the motion and the time within which objections may be filed and served on the debtor in possession..."

Fed. R. Bankr. P. 6004(a)(c).

3. Fair and Reasonable Price.

In order to be approved under § 363(b), the purchase price must be fair and reasonable. *Coastal Indus., Inc. v. U.S. Internal Revenue Serv. (In re Coastal Indus., Inc.)*, 63 B.R. 361, 368 (Bankr. N.D. Ohio 1986). However, the Debtors also realize that "[their] main responsibility, and the primary concern of the bankruptcy court, is the maximization of the value of the asset sold." In *re Integrated Resources, Inc.*, 135 B.R. 746, 750 (Bankr. S.D.N.Y. 1992), *aff'd*, 147 B.R. 650 (S.D.N.Y. 1992). "It is a well-established principle of bankruptcy law that the objective of bankruptcy rules and the [debtor's] duty with respect to such sales is to obtain the highest price or greatest overall benefit possible for the estate." *In re Atlanta Packaging Prods., Inc.*, 99 B.R. 124, 131 (Bankr. N.D. Ga. 1988); *see also In re Wilde Horse Enterprises*, 136 B.R. 830, 841 (Bankr.

C.D. Cal. 1991) ("In any sale of estate assets, the ultimate purpose is to obtain the highest price for the property sold").

The marketing and sale process undertaken by Cain and the Debtors was designed to insure that the highest price and greatest benefit possible was obtained for the Assets. Cain robustly marketed the assets since July 2018, and these same assets had been fully marketed in 2014-2015 while under control of the Daughters of Charity. SGM's offer to purchase the Assets for $610 million (plus cure costs) represents the fair market value for the Assets and will provide a substantial benefit to the Debtors' estates. Accordingly, the Court should find that the sale price to SGM is fair and reasonable.

4. Good Faith.

When a bankruptcy court authorizes a sale of assets pursuant to § 363(b)(1), it is required to make a finding with respect to the "good faith" of the purchaser. *In re Abbotts Dairies*, 788 F.2d at 149. Such a procedure ensures that § 363(b)(1) will not be employed to circumvent the creditor protections of chapter 11, and as such, it mirrors the requirement of § 1129, that the Court independently scrutinizes the debtor's reorganization plan and makes a finding that it has been proposed in good faith. *Id.* at 150.

"Good faith" encompasses fair value, and further speaks to the integrity of the transaction. *In re Wilde Horse Enters.*, 136 B.R. at 842. With respect to the Debtors' conduct in conjunction with the sale, the good faith requirement "focuses principally on the element of special treatment of the Debtors' insiders in the sale transaction." *See In re Indus. Valley Refrig. and Air Cond. Supplies, Inc.*, 77 B.R. 15, 17 (Bankr. E.D. Pa. 1987). With respect to the buyer's conduct, this Court should consider whether there is any evidence of "fraud, collusion between the purchaser and other bidders or the [debtor], or an attempt to take grossly unfair advantage of other bidders." *In re Abbotts Dairies*, 788 F.2d at 147; *In re Rock Indus. Mach. Corp.*, 572 F.2d 1195, 1198 (7th Cir. 1978); *In re Wilde Horse Enters., Inc.*, 136 B.R. at 842; *In re Alpha Indus., Inc.*, 84 B.R. 703, 706 (Bankr. D. Mont. 1988). In short, "[l]ack of good faith is generally determined by fraudulent conduct during the sale proceedings." *In re Apex Oil Co.*, 92 B.R. 847, 869 (Bankr. E.D. Mo. 1988)

In *In re Filtercorp, Inc.*, 163 F.3d 570 (9th Cir. 1998), the Ninth Circuit set forth the following test for determining whether a buyer is a good faith purchaser:

> A good faith buyer "is one who buys 'in good faith' and 'for value.'" [citations omitted.] [L]ack of good faith is [typically] shown by 'fraud, collusion between the purchaser and other bidders or the trustee, or an attempt to take grossly unfair advantage of other bidders.'" [citations omitted.]

Filtercorp, 163 F.3d at 577.

The Ninth Circuit made clear in *Filtercorp* that this standard for determining good faith is applicable even when the buyer is an insider. However, neither SGM nor any of SGM's representatives or affiliates are an "insider" of the Debtors. The Debtors and Cain are not aware of any fraud, collusion or attempt to take unfair advantage of other potential bidders. Additionally, the APA was intensively negotiated at arm's length with all parties involved acting in good faith. Based on the foregoing, the Debtors submit that the Court should find that SGM constitutes a good faith purchaser entitled to all of the protections afforded by § 363(m).

B. Section 363(f) Permits the Debtors' Sale of the Purchased Assets to SGM to Be Free and Clear of Any and All Interests and Liens.

The Debtors have requested that, under § 363(f), the proposed sale be effected "free and clear" of encumbrances, interests or liens in the Assets. 11 U.S.C. § 363(f); *see also In re Grumman Indus., Inc.*, 467 B.R. 694, 702 (S.D.N.Y. 2012) (discussing generally "free and clear" provision in § 363(f)). Section 363(f) "empowers the trustee to sell the debtor's assets 'free and clear of any interest in such property of an entity other than the estate.'" While "[t]he Bankruptcy Code does not define the phrase "interest in ... property" for purposes of § 363(f) … [the] trend in caselaw '[favors] a broader definition [of the phrase] that encompasses other obligations that may flow from ownership of the property.'" *In re Gardens*, 567 B.R. at 825–26 (citing 3 Alan N. Resnick & Henry J. Sommer, Collier on Bankruptcy ¶ 363.06[1] (16th ed. 2017)). Therefore, courts interpret the term "any interest" expansively to effectuate liquidations and reorgazinations "to include not only in rem interests in property, but also other obligations that are "connected to or arise from the

property being sold" or that could "potentially travel with the property being sold." *See, e.g., In re La Paloma Generating, Co.*, 2017 WL 5197116, *4 (Bankr. D. Del. Nov. 9, 2017) (quoting *In re Trans World Airlines, Inc.*, 322 F.3d 283, 285, 288 (3d Cir. 2001)); *see also Mass. Dep't of Unemployment Assistance v. OPK Biotech, LLC (In re PBBPC, Inc.)*, 484 B.R. 860 (1st Cir. BAP 2013) (interests in property include monetary obligations arising from the ownership of property, even when those obligations are imposed by statute).

The alternative five conditions spelled out in § 363(f) under which a sale free and clear may be authorized are the following:

> (1) applicable nonbankruptcy law permits sale of such property free and clear of such interest;
> (2) such entity [the holder of the interest] consents;
> (3) such interest is a lien and the price at which such property is to be sold is greater than the aggregate value of all liens on such property;
> (4) such interest is in bona fide dispute; or
> (5) such entity could be compelled, in a legal or equitable proceeding, to accept a money satisfaction of such interest.

11 U.S.C. § 363(f)(1)-(5) (2012); *see In re Shary*, 152 B.R. 724, 725 (Bankr. N.D. Ohio 1993) (stating the five conditions in § 363(f) are disjunctive and sale is proper where trustee can prove existence of any of the five conditions). The Debtors submit that one or more of the tests of § 363(f) are satisfied here.

1. The Debtors' Proposed Sale is Permissible Pursuant to § 363(f)(1).

Any conditions previously imposed by the Attorney General in the 2015 transaction are an "interest in property" which is subject to § 363(f)(1). *See Memorandum of Decision Overruling Objections of the California Attorney General to the Debtors' Sale Motion* [Docket No. 1146] ("The [AG] Conditions are an 'interest in property' within the meaning of §363(f)."); *In re Gardens Reg'l Hosp. & Med. Ctr., Inc.*, 567 B.R. at 826 ("The Attorney General's claim to regulatory authority ... constitutes an 'interest in ... property' for purposes of § 363(f)."). A decision on point is *In re La Paloma Generating, Co.*, 2017 WL 5197116, *4 (Bankr. D. Del. Nov. 9, 2017). In this case, the California Attorney General argued that the debtors could not transfer substantially all of their assets—including their electricity generating facility—to a purchaser free and clear of any obligation to surrender compliance instruments under the California

TONS US LLP

Los Angeles, California 90017-5704

cap and trade program for emissions generated by such facility during the pre-transfer period. The Delaware Bankruptcy Court stated:

> Whether property "may" be sold free and clear of an interest pursuant to section 363(f)(1) of the Bankruptcy Code turns on whether "applicable nonbankruptcy law permits sale of such property free and clear of such interest." Applicable nonbankruptcy law here is California law, and, in particular, the Regulation. Under California law, the general rule of successor liability is that the corporate purchaser of another corporation assets presumptively does not assume the seller's liabilities unless: (1) there is an express or implied assumption of liability; (2) the transaction amounts to a consolidation or merger of the two corporations; (3) the purchasing corporation is a mere continuation of the sellers; or (4) the transfer of assets to the purchaser is for the fraudulent purpose of escaping liability for the seller's debts. [...] The Regulation does not provide for successor liability nor does it in anyway make a Purchaser of a Facility liable for the emissions of the former-Covered Entity. Nor does it explicitly express the need for a purchasing entity to provide for the former-Covered Entity's emissions. [...] Under section 363(f), "[t]he trustee may sell property ... free and clear of any interest in such property of an entity other than the estate, only if— ... (1) applicable nonbankruptcy law permits sale of such property free and clear of such interest ...." As noted above, the Court finds that the Regulation does not provide for successor liability related to the Debtor Emission Surrender Obligations. Nor is environmental liability excepted by Section 363(f). [...] In the case *sub judice*, Debtor Emission Surrender Obligations are an interest under section 363(f) and the Regulation does not impose successor liability nor does section 363(f).

In re La Paloma Generating, Co., 2017 WL 5197116, *4-8.

Here, the applicable statutes and regulations do not expressly impose successor liability and the obligations sought to be imposed by California Attorney General are an "interest in property" under § 363(f). The Debtors recognize that they must sell the assets "in accordance with applicable non-bankruptcy law," and will submit the necessary application. But conditions imposed on these assets in 2015 by the California Attorney General are an interest in the property, which does not transfer with property because of the sale being free and clear of interests. However, the Debtors will submit the applications required for the transfer of nonprofit healthcare assets to the California Attorney General in accordance with applicable law. The Debtors reserve the right to challenge any conditions imposed by the California Attorney General after that review, but unless and until

the Attorney General seeks to impose conditions, it is impossible to know whether those conditions violate the Bankruptcy Code.

2. The Debtors' Proposed Sale is Permissible Pursuant to § 363(f)(2).

Section 363(f)(2 authorizes a sale to be free and clear of an interest if the interest holder consents to the sale. Here, all secured claimants that hold liens secured by the Assets have consented to the proposed sale to SGM. Thus, the sale is authorized pursuant to § 363(f)(2).

3. The Debtors' Proposed Sale is Permissible Pursuant to § 363(f)(3).

Section 363(f)(3) permits a sale free and clear of an interest in property specifically where the interest is a lien, and where the sale price exceeds the aggregate value of all liens. Here, the Assets are encumbered by approximately $521 million of prepetition secured debt, while the Purchase Price, to be paid at closing, is $610 million. Thus, the purchase price exceeds the aggregate amount of all claims held by creditors who hold a lien or security interest in the property being sold, and the sale is also authorized pursuant to § 363(f)(3).

4. The Debtors' Proposed Sale is Permissible Pursuant to 11 U.S.C. § 363(f)(5).

Section 363(f)(5) permits a sale of property free and clear of liens and interests if "such entity could be compelled, in a legal or equitable proceeding, to accept a money satisfaction of such interest." 11 U.S.C. § 363(f)(5); *P.K.R. Convalescent Ctrs., Inc. v. Commonwealth of Va., Dep't of Med. Assistance Serv. (In re P.K.R. Convalescent Ctrs., Inc.)*, 189 B.R. 90 (Bankr. E.D. Va. 1995) (allowing sale of nursing home assets under § 363(f)(5) over objection of the Department of Medical Assistance Service where its interest was reducible to a claim and subject to a hypothetical money satisfaction).

Section 363(f)(5) has generally been interpreted to mean that if, under applicable law, the holder of the lien or interest could be compelled to accept payment in exchange for its interest, the trustee (or debtor in possession) may take advantage of that right by replacing the holder's lien or interest with a payment or other adequate protection. Collier on Bankruptcy, ¶ 363.06 [6] (15th ed. rev. 2003) ("Collier"). Applicable nonbankruptcy law may recognize a monetary satisfaction when the lienholder is to be paid in full out of the proceeds of the sale or otherwise. *Id.* Thus, for example, a sale free of a first mortgage might be approved when the proceeds are sufficient to pay

TONS US LLP

Los Angeles, California 90017-5704
(213) 623-9300

in full the first mortgage and the second mortgagee has consented to the sale. However, § 363(f)(5) does not require full payment to the lien or interest holder if the trustee can demonstrate the existence of another legal or equitable proceeding by which the holder may be compelled to accept less than full satisfaction of the secured debt. *In re Grand Slam U.S.A., Inc.*, 178 B.R. 460, 461-62 (E.D. Mich. 1995) (holding that the "money satisfaction" language in § 363(f)(5) does not require full payment to the lien holder); *In re Healthco Int'l Inc.*, 174 B.R. 174, 176-78 (Bankr. D. Mass. 1994) (construing "money satisfaction of such interest" to mean a payment constituting less than full payment of the underlying debt because any lien can always be discharged by full payment of the underlying debt pursuant to §363(f)(3)); *Scherer v. Fed. Nat'l Mortgage Ass'n (In re Terrace Chalet Apartments, Ltd.)*, 159 B.R. 821, 829 (Bankr. N.D. Ill. 1993).

Courts have held that a chapter 11 cramdown is a typical "legal proceeding" by which an entity may be compelled to accept less than full money satisfaction and which will permit the sale of creditor's collateral free and clear of interest under § 363(f)(5). *In re Gulf States Steel, Inc. of Alabama*, 285 B.R. 497, 508 (Bankr. N.D. Ala. 2002) (holding that the liens or interests identified in the sale motion could be compelled to accept a money satisfaction in a cramdown plan of reorganization in a chapter 11 case); *In re Terrace Chalet Apartments, LTD.*, 159 B.R. at 829 (finding that § 1129(b)(2) cramdown is such a provision); *In re Perroncello*, 170 B.R. 189 (Bankr. D. Mass. 1994); Collier, ¶ 363.06[6][a]; *but see In re PW, LLC*, 391 B.R. 25, 46 (B.A.P. 9th Cir. 2008). Thus, the trustee can sell property free and clear of a creditor's lien it if demonstrates it can cramdown the creditor's interest pursuant to § 1129(b)(2).

In addition to the legal arguments set forth above, the ability of a debtor to "cramdown" a secured creditor under § 1129(b)(1) and (2) also constitutes a "legal proceeding," pursuant to which a secured creditor could be compelled to accept a money satisfaction. *See In re Grand Slam, U.S.A. Inc.,* 178 B.R. 460, 462 (E.D. Mich. 1995). Section 1129(b)(2)(A) allows cramdown of a secured creditor, provided that it receives "the indubitable equivalent" of its claim. A debtor can cramdown a secured creditor if it demonstrates (1) the debtor is not unfairly discriminating against the secured creditor, § 1129(b)(1); (2) it is acting in good faith, § 1129(a)(3)-(b)(1); and (3) the secured creditor is receiving the actual value of its claim, § 1129(b)(2)(A)(i)(II), § 1129(b)(2)(A)(iii). *See also In*

re Sandy Ridge Dev. Corp., 881 F.2d 1346, 1350 (5th Cir. 1989) (holding that "indubitable equivalent" of a secured creditor's interest is the actual value of the claim). In *In re Hunt Energy Co., Inc.*, 48 B.R. 472, 485 (Bankr. N.D. Ohio 1985), the court found that a lien which attaches to the proceeds of a sale would necessarily be reduced by subsequent valuation at a hearing under § 506(a) to meet the "indubitable equivalence" requirements of section 1129(b)(2)(A). Once § 1129(b)(2)(A) is satisfied, the lienholder would be compelled through the cramdown process to accept such money satisfaction as dictated by the cramdown provisions. *Id.*

All of the above requirements for cramdown are met in this proposed transaction. The sale of the Assets to SGM was negotiated and is being conducted in good faith. The secured creditors with valid liens against the Assets are being treated fairly and in accordance with their respective lien priorities, so there is no unfair discrimination present in the proposed sale. Finally, any such secured creditors will receive the actual value of their secured claim as measured by § 506(a).

Based upon all of the foregoing, all creditors of the Debtors, including all secured creditors of the Debtors, could be compelled, in a legal or equitable proceeding, to accept a money satisfaction of their interest. The Debtors' proposed sale of the Assets to SGM should therefore be free and clear of all interests and liens pursuant to § 363(f)(5).

C. The Court Should Authorize the Debtors to Assume and Assign to SGM All of the Assumed Contracts that SGM Designates.

Barring exceptions not herein relevant, §§ 365(a) and 1107(a) authorize a debtor in possession, "subject to the Court's approval, ... [to] assume or reject any executory contract or unexpired lease of the debtor." A debtor in possession may assume or reject executory contracts for the benefit of the estate. *In re Klein Sleep Prods, Inc.*, 78 F.3d 18, 25 (2d. Cir. 1996); *In re Central Fla. Metal Fabrication, Inc.*, 190 B.R. 119, 124 (Bankr. N.D. Fla. 1995); *In re Gucci*, 193 B.R. 411, 415 (S.D.N.Y. 1996). In reviewing a debtor in possession's decision to assume or reject an executory contract, a bankruptcy court should apply the "business judgment test" to determine whether it would be beneficial to the estate to assume it. *In re Continental Country Club, Inc.*, 114 B.R. 763, 767 (Bankr. M.D. Fla. 1990); *see also In re Gucci*, 193 B.R. at 415. The business judgment standard requires that the court follow the business judgment of the debtor unless that judgment is the product of bad faith, whim, or caprice. *In re Prime Motors Inns*, 124 B.R. 378, 381

(Bankr. S.D. Fla. 1991) (*citing Lubrizol Enterprises v. Richmond Metal Finishers*, 756 F.2d 1043, 1047 (4th Cir. 1985), *cert. denied*, 475 U.S. 1057 (1986)).

Pursuant to § 365(f)(2), a debtor may assign its executory contracts and unexpired leases, provided the debtor first assumes such executory contracts and unexpired leases in accordance with §365(b)(1), and provides adequate assurance of future performance by the assignee. Pursuant to § 365(b)(1), assumption of executory contracts and unexpired leases requires a debtor to: (a) cure any existing defaults under such agreements; (b) compensate all non-debtor parties to such agreements for any actual pecuniary loss resulting from the defaults; and (c) provide adequate assurance of future performance under the contract or lease. 11 U.S.C. § 365(b)(1); *see also In re Bowman*, 194 B.R. 227, 230 (Bankr. D. Ariz. 1995*); In re AEG Acquisition Corp.*, 127 B.R. 34, 44 (Bankr. C.D. Cal. 1991), *aff'd* 161 B.R. 50 (B.A.P. 9th Cir. 1993). Pursuant to § 365(f)(1), a debtor may assign an executory contract or unexpired lease pursuant to § 365(f)(2) notwithstanding any provision in such executory contract or unexpired lease that prohibits, restricts or conditions the assignment of such executory contract or unexpired lease.

The assumption and assignment of executory contracts furthers the goals of chapter 11 of promoting reorganization by balancing the debtor's interest in maximizing the value of its estate against the contracting party's interest in receiving the benefit of its bargain and being protected against default by the debtor after assumption has occurred. *In re Embers 86th Street. Inc.*, 184 B.R. 892, 896 (Bankr. S.D.N.Y. 1995).

Here, the Debtors are seeking to assume and assign to SGM all of the Debtors' executory contracts and unexpired leases that SGM designates as executory contracts and unexpired leases subject to assumption and assignment. As set forth above, the Debtors have filed several notices and supplements listing all of the known executory contracts and unexpired leases and related cure amounts and are working with counterparties to resolve any issues regarding outstanding cure amounts. As a result of the foregoing, and in connection with the sale, the Debtors are seeking the Court's authority to assume and assign to SGM the Assumed Contracts and to fix the required Cure Amounts that would need to be paid to the other parties to the executory contracts and unexpired leases to enable compliance with the provisions of § 365(b)(1)(A) at the Cure Amounts set forth in

TONS US LLP
601 South Figueroa Street, Suite 2500

(213) 623-9300

the Cure Notice unless the other parties to the executory contracts and unexpired leases file a timely objection to the Cure Notice and the Court determines that the required Cure Amount is different than the amount set forth in the Cure Notice.

D. Potential Disputes Regarding Assignment of Certain Agreements to SGM.

The Bidding Procedures Order set a deadline of April 15, 2019, at 4:00 p.m., for the Debtors to reply to any objection or response. The Debtors will either (i) respond or object as appropriate to pending objections or responses or (ii) submit a stipulation or notice, as applicable, for resolution of any objection or response.[6]

E. The Court Should Waive the Fourteen-Day Waiting Periods Set Forth in Bankruptcy Rules 6004(h) and 6006(d).

Bankruptcy Rule 6004(h) provides, among other things, that an order authorizing the use, sale or lease of property [...] is stayed until the expiration of fourteen days after entry of the Court order, unless the Court orders otherwise. Bankruptcy Rule 6006(d) has a similar provision with respect to an order approving of a debtor's assumption and assignment of unexpired leases and executory contracts.

For all of the reasons set forth above, the Debtors believe that selling the Assets to SGM in accordance with the timeline provided in the APA and the Bidding Procedures Order is in the best interests of the Debtors' estates, their creditors and shareholders. In order to facilitate the most expeditious Closing possible, the Debtors request that the Sale Order be effective immediately upon entry by providing that the fourteen-day waiting periods of Bankruptcy Rule 6004(h) and 6006(d) are waived.

III. CONCLUSION

For all these reasons, the Court should enter the Sale Order and grant all of the other relief requested in this Memorandum.

[6] Under the APA, SGM and the Debtors agreed to meet and confer with the various unions whose Collective Bargaining Agreements ("CBAs") are implicated by the proposed sale to attempt "to renegotiate each [CBA] currently in effect with each applicable union." Stalking Horse APA at § 5.11. SGM and the Debtors will proceed with this process, and SGM has not yet made a decision yet regarding the treatment of the CBAs.

DECLARATION OF JAMES M .MOLONEY

1. I am a managing director of Cain Brothers ("Cain"), which is a division of KeyBanc Capital Markets Inc., a wholly-owned broker/dealer subsidiary of KeyCorp and an affiliate of KeyBank National Association. My office is in Cain's San Francisco office which is located at One California Street, Suite 2400, San Francisco, California. Mr. Carsten Beith and I are the co-heads of Cain's Health Systems Mergers & Acquisition group. I am over the age of 18 and competent to testify as to the facts set forth herein and will do so if called upon.

2. Except as otherwise stated, all facts contained within this Declaration are based upon my personal knowledge, from information gathered from other employees within the Debtors' organization, my review of relevant documents, or my opinion based upon my experience concerning the operations of the Debtors.

3. I submit this Declaration in support of the *Debtors' Memorandum in Support of Entry of an Order: (A) Authorizing the Sale of Property Free and Clear of all Claims, Liens and Encumbrances; (B) Authorizing the Assumption and Assignment of Designated Executory Contracts and Unexpired Leases; and (C) Granting Related Relief* (the "Memorandum") [Docket No. 2115]. All capitalized terms not defined herein have the meaning ascribed to them in the Memorandum.

4. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and solicit interest in their assets, including St. Louise Regional Hospital, O'Connor Hospital, St. Vincent Medical Center, St. Francis Medical Center, Seton Medical Center, Seton Coastside Hospital and related assets (collectively, the "Assets"). In June 2018, the Debtors engaged Cain to assist in identifying potential buyers of some or all of the Assets and commenced discussions with those potential buyers. Cain prepared a Confidential Investment Memorandum and organized an online data site to share information with potential buyers and contacted strategic and financial buyers beginning in July 2018. In this initial marketing process, Cain contacted more than 100 potential partners to evaluate their interest in exploring a transaction involving some or all of the Debtors' assets. By August 2018, as a result of its ongoing and broad

marketing process, Cain had received 11 "Indications of Interest" from potential buyers of some or all of the Debtors' assets.

5. Postpetition, Cain continued to work with potential buyers for some or all of the Assets. Based on these discussions, the Debtors determined that seeking a buyer for the Debtors' Assets in Santa Clara (the "Santa Clara Assets") and a separate buyer for the Debtors other Assets would most likely yield higher net proceeds for the Debtors' estate. After evaluating the Indications of Interest for the Debtors' Santa Clara Assets, the Debtors, in consultation with Cain and its advisors, (i) began to negotiate a stalking horse bid with potential buyers, and (ii) ultimately selected Santa Clara County (the "County") to be the stalking horse bidder to acquire the Santa Clara Assets through a sale under § 363 of the Bankruptcy Code. After the selection of Santa Clara County as the stalking horse bidder, the Debtors did not receive any bids and Santa Clara County was determined to be the winning bidder of the Santa Clara Assets. The sale of the Santa Clara Assets to the County was approved by the Court on December 27, 2018 [Docket No. 1153].

6. Thereafter, Cain focused on marketing of the Debtors' remaining Assets, including St. Francis Medical Center, St. Vincent's Medical Center, Seton Medical Center and Seton Coastside. Mr. Beith and I led the marketing and sale efforts on behalf of the Debtors. As a part of this process, Cain contacted more 189 potential parties to evaluate potential stalking horse bidders for some or all of the Debtors remaining Assets of which 92 had executed a NDA and 18 submitted written proposals. Some of the written proposals were preliminary indications of interest and some were more detailed proposals such as the Qualified Bids and Stalking Horse Bids. During these marketing effort, Cain provided access to the virtual data room to those parties that executed NDAs, arranged conference calls to answer questions about the process and the diligence materials, arranged for site visits for potential buyers that requested to visit the hospitals and arranged calls with the Debtors and their advisors to address other questions by potential buyers. During this process, many of the potential purchasers indicated that they were not interested in being the stalking horse bidder. Over the course of those discussions, the Debtors negotiations focused on potential buyers that expressed the most interest in the Debtors'

Assets and were actively engaged in the due diligence process. More specifically, during November and December 2018, the Debtors and their advisors had substantial discussions with potential buyers during which Prime Healthcare and Strategic Global Management, Inc. ("SGM") emerged as the leading potential candidates to be selected as the stalking horse bidder for the Debtors' remaining assets.

7. After extensive negotiations with both parties and careful review of the proposed transactions by the Debtor and its advisors, the Debtors selected SGM as the stalking horse bidder (the "Stalking Horse Bidder") for the Debtors' remaining Assets. On January 17, 2019, the Debtors filed their *Motion For The Entry Of (I) An Order (1) Approving Form Of Asset Purchase Agreement For Stalking Horse Bidder And For Prospective Overbidders To Use, (2) Approving Auction Sale Format, Bidding Procedures And Stalking Horse Bid Protections, (3) Approving Form Of Notice To Be Provided To Interested Parties, (4) Scheduling A Court Hearing To Consider Approval Of The Sale To The Highest Bidder And (5) Approving Procedures Related To The Assumption Of Certain Executory Contracts And Unexpired Leases; And (II) An Order (A) Authorizing The Sale Of Property Free And Clear Of All Claims, Liens And Encumbrances* (the "Motion"), which sought approval of, among other things, the asset purchase agreement between the Debtors and SGM, as the Stalking Horse Bidder [Docket No. 1279]. On February 19, 2019, the Court entered an order approving the Motion [Docket No. 1572].

8. After SGM was approved as the Stalking Horse Bidder and the bidding procedures were approved, Cain sent the Bidding Procedures to the 90 parties with whom the Debtor had previously executed NDAs and included the timetable for the sale of the Debtors' remaining Assets. Cain also requested that each party confirm that each party continued access to the data room and were interested in continuing to evaluate the purchase of some or all of the Debtors' remaining assets. Nineteen of those parties confirmed that were still evaluating the transaction and requested continued access to the data room.

9. Cain facilitated due diligence by potential buyers, including arranging site visits, organizing calls with the Debtors' leadership team and facilitated follow-up from the Debtors and their advisors to address diligence requests. Of these nineteen interested parties, certain parties

evaluated acquiring all the Debtors' remaining Assets, others evaluated acquiring individual hospitals, and others were real estate companies that evaluated purchasing either St. Vincent Medical Center or Seton Medical Center to convert those campuses to non-hospital uses.

10. At the end of the marketing period, two parties submitted Qualified Bids, one for St. Vincent Medical Center and one for St. Francis Medical Center, one party submitted a non-Qualified Bid for St. Francis Medical Center and one party submitted a non-Qualified Bid for all of the assets.

11. Consequently, on April 4, 2019, as set forth in the *Notice That No Auction Shall Be Held* [Docket No. 2053], the Debtors, after consultation with the Consultation Parties, determined not to hold a Partial Bid Auction because there were not multiple Partial Qualified Bids for any of the Debtors' assets. Additionally, the Debtors, in consultation with their advisors and the Consultation Parties, determined not to hold a Full Bid Auction because (i) there were no Qualified Full Bids, and (ii) the Partial Qualified Bids were only for two assets and when aggregated together were substantially less than the Stalking Horse Bid. As a result, the Stalking Horse Bidder was named the Successful Bidder in accordance with the Bidding Procedures Order.

12. On April 15, 2019, an interested party called me to inform me they had earlier attempted to submit a bid for Seton Medical Center. Unbeknown to Cain, this party had sent Cain a "non-binding letter of intent" (the "Letter") to purchase Seton Medical Center, by email on April 4, 2019 (the "April 4 Email"), which was after the Partial Bid Dateline. After learning this information and then investigating the same, Cain learned that the April 4 Email had not passed Cain's firewall. Thus, the party re-sent the Letter that day on April 15, 2019. Even if the aforementioned bid would have been sent prior to the Partial Bid Deadline, it would not have qualified as a Partial Qualified Bid since, among other things, it was subject to significant additional due diligence and was not accompanied by a deposit. This party did not execute an NDA, nor were they granted access to the data room from Cain to perform formal due diligence with respect to the Assets.

13. I am not aware of any collusion or improper dealings that have taken place between Cain, the Debtors, SGM, any potential bidders or interested parties, or any other person in connection with the sale. Cain, moreover, is receiving no consideration or fee from or on behalf of SGM. I am also not aware of any fact or circumstance indicating that SGM has not acted in good faith in pursuing the Sale.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Title 11, California Code of Regulations, § 999.5(d)(1)(C)

A statement of all of the reasons the board of directors of applicant believes that the proposed agreement or transaction is either necessary or desirable

The VHS Board of Directors (the "VHS Board") has met regularly to oversee and direct the Bankruptcy Cases, including reviewing the hiring of professionals, the determination to file the Bankruptcy Cases, the determination to enter into "debtor-in-possession" loan agreements with Ally Bank, and the determination to sell the Hospitals' assets and oversight of operations.

Specifically, the VHS Board met and discussed choosing the stalking horse bidder on December 4, 2018 and reviewed the resolutions to approve the stalking horse bidder. All the VHS Board members agreed with the content of the stalking horse resolution but decided that a Board vote should not take place until after each stalking horse bidder presented final financing proof to Cain. On December 11, 2018, the Board met again to discuss the progress regarding the stalking horse bidders. On February 7, 2019, the VHS Board passed the stalking horse resolution and ratified all actions. The VHS Board chose SGM as the stalking horse bidder because (i) SGM is a buyer who will maintain the healthcare characteristics of the Hospitals and SVDC and continue patient care for the communities served by the Hospitals, and (ii) SGM provided the best and highest purchase price for the assets.

After an extensive marketing campaign by Cain Brothers ("Cain"), VHS received two qualifying partial bids, one non-qualifying partial bid, and one non-qualifying full bid. The VHS Board met to review the final bids submitted and apply the requirements of the Bankruptcy Court approved bid procedures on April 15, 2019. On that same date, the VHS Board approved SGM as the winning bidder.

Selling the assets of the Hospitals and SVDC was deemed necessary due to the financial crisis facing VHS, including losses that continued to amount to approximately $175 million annually on a cash flow basis. See the Adcock Declaration attached to Section 999.5(d)(1)(A) as Exhibit 1 and the explanation in Section 999.5(d)(1)(A) above. As of June 30, 2018, VHS' consolidated unaudited financial statements reflected total assets of approximately $847,000,000 and total liabilities of approximately $1,278,000,000. See the Chou Declaration attached to Section 999.5(d)(1)(A) as Exhibit 2 for more detail regarding VHS' financial crisis.

The Board was presented with convincing evidence that Cain vigorously marketed the assets of the Hospitals and SVDC. The Bankruptcy Court agreed. In its tentative ruling, the Bankruptcy Court found that:

> The Debtors have demonstrated sufficient business justification for the sale. The Debtors incur significant operational losses at their hospitals, such that continued operations are not financially viable. A sale is the best means to preserve value for creditors.
>
> The Court finds that the Debtors have adequately marketed the Hospitals. Cain Brothers ("Cain"), the Debtors' financial advisors,

> have been marketing the Hospitals since June 2018 and has contacted more than 181 strategic and financial buyers. Cain notified 90 parties of the sale process and provided access to a data room to sixteen parties who executed Non-Disclosure Agreements. Cain has remained in contact with potential purchasers and has been available to provide information.

Verity Health

Confidential Board Materials – Process Update

December 4, 2018

CAIN BROTHERS
A division of
KeyBanc Capital Markets

Sale Process Background

Verity Health and its advisors have made considerable progress in managing a broad marketing process to assess the various sales alternatives

- Cain Brothers began contacting potential buyers in early July
- On July 9, 2018, Verity Health publicly announced that it had retained Cain Brothers to assist the system in exploring strategic alternatives, including a sale of some or all of the system
  - > Initial press release and ongoing media engagement efforts have increased awareness of the marketing process beyond those parties contacted as part of the initial buyers list
- First-round indications of interest ("IOIs") were due early August
  - > Nine parties submitted IOIs within 10 days of the bid due date
  - > Five others subsequently provided preliminary proposals
  - > Offers include the full system, collections of assets and individual facilities/properties
- Verity Health and its advisors have worked with multiple potential stalking horse bidders to fully negotiate asset purchase agreements ("APAs")
  - > Template APA contemplated an "as is, where is" sale with few contingencies
  - > Seven parties submitted marked-up APAs for either full system or collections of assets
- After reviewing the proposals and levels of interest, Verity Health determined that negotiating stalking horse APAs for collections of assets was the right path to maximize value and reduce risk
  - > First APA with Santa Clara County for OCH and SLRH, including the Morgan Hill campus, was announced on October 1, 2018
  - > The Company, in conjunction with its advisors, has since worked with multiple bidders to refine their offers for the remaining hospital assets with the aim of announcing another finalized APA by early December

Sale Process Background *(continued)*

Verity Health and its advisors have made considerable progress in managing a broad marketing process to assess the various sales alternatives

- Verity Health and its advisors believe the preferred solution is for a grouped sale of the remaining assets to complement the Santa Clara Sale
  - > St. Vincent and the Seton campuses remain the biggest challenge
  - > Packaging St. Vincent and Seton with St. Francis allow for greater certainty in a solution for those assets while bidding procedures still allow other potential acquirers to overbid St. Francis
- There is very limited interest in Seton as an operating hospital
  - > Operating losses and seismic needs remain key concerns
  - > While valuation from strategic bidders has been lower than that of financial/real estate buyers, a decision to close the hospital would encounter meaningful resistance from key stakeholders and could lead to delays
- Multiple parties have communicated a preference to participate as an overbidder in an auction rather than as a stalking horse

Sale Process Update

Three parties remain highly engaged and interested in serving as a stalking horse bidder for the residual hospitals

- Potential buyers are finalists from the 2014-15 sale process and very familiar with the assets
  - > Prime Healthcare Services ("Prime")
  - > Prospect Medical Holdings ("Prospect")
  - > Strategic Global Management ("KPC")
- Verity Health is close to finalizing APAs with Prime and KPC
  - > Purchase agreements include SFMC, SVMC, and SMC/SMCC
- In addition to optimizing the transaction terms, Verity Health and its advisors are focused on accomplishing the following objectives, among others:
  - > Promptly remediating tax-exempt bonds upon transaction close to avoid IRS penalties
  - > Crafting the bid procedures to permit competing offers by facility
  - > Ensuring that the buyer and its financing sources are fully committed to the transaction and have conducted comprehensive diligence to reduce closing risk
- A number of strategic bidders are still evaluating component parts of Verity Health
  - > City of Lynwood / Prospect, Tenet, City of Los Angeles, among others
- Verity Health has granted a buyer exclusivity to acquire the stock of Marillac with a targeted close of January 31, 2019

FOOTNOTES

(1) Per Sec. 1.1(d) of the KPC draft APA, KPC is 'entitled to all QAF IV and QAF V payments made to the Hospitals on and after the Signing Date' as transferred assets. Per Dentons, this treatment relates to DSH and Trauma payments as well. We estimated the net QAF / DSH / Trauma payments to be collected during the period between the signing date and the Effective Time for the purpose of calculating the payments that would be transferred. These interim payments reduce the value of KPC's bid.

(2) Included in cash closing costs are estimated employee severance and other 507(a)(4) and (5) amounts, subject to the applicable Payroll Caps. BRG to update numbers with additional data from John Si. Not included here are PTO costs - Per Sec. 1.9(d), Prime is assuming employee PTO costs up to a maximum of 300 hours per employee. Per Sec. 1.9(d), KPC is assuming employee PTO costs not subject to caps.

(3) Both Prime and KPC require that Medi-Cal liabilities needed to support ongoing QAF payments be paid by the Debtor at closing. The amount shown includes the SMC and SVMC current QAF-related liabilities and all outstanding cost report liabilities. These amounts are subject to change based on changes in government withholdings and payments made prior to sale.

(4) Mechanics lien amounts reflect filings through 11/15/2018.

(5) Per Sec 5.6 of the Prime APA, the cost of any notices and other filings associated with the CA AG will be divided equally between Prime and Verity.

(6) The 2005 Bond remediation is an intercredtior agreement provision that provides the 2005 bondholders with a special payment to cover the tax liability incurred in the event that St. Francis is sold to a taxable entity. Prime is a taxable entity and KPC is a non-profit

(7) Per Sec. 1.9(h) of the Prime draft APA, Prime to assume 50% of transfer tax liabilities. Per Sec. 1.9(h) of the KPC draft APA, KPC to assume 100% of these liabilities.

(8) Per Sec 1.8(x) of the Prime APA, QAF V net payments earned but not collected by Verity as of the Effective Time are excluded assets

(9) Per Sec 1.8(y) of the Prime APA, Trauma payments earned but not collected by Verity as of the Effective Time are excluded assets

(10) Potential cure costs were estimated at 65% of prepetition claims; neither bidder has provided a list of contracts to be assumed

(11) PACE Bonds of $40.0 million are shown net of associated cash of $34.4 million

FOOTNOTES

[1] Per Sec. 1.1(d) of the KPC draft APA, cash consideration shall be adjusted downward for the QAF IV and QAF V payments received by the Hospitals between the Signing Date and the Effective Time and for cash consideration to be adjusted upward for the QAF IV and QAF V payments made by the Hospitals during this time. The language allows for currently accrued QAF liabilities at SVMC and SMC of $24.9 million to be factored into the Net QAF Reduction calculation if paid during the interim. We estimated the net QAF payments to be collected during the period between the signing date and the Effective Time for the purpose of calculating the payments that would be transferred. These net positive interim payments reduce the value of KPC's bid.

[2] Per Sec 1.7(j) of the KPC APA, all DSH and Trauma payments related to service periods after the Signing Date are assumed by KPC. This leaves DSH and Trauma payments earned but not collected as of the assumed signing date of 12/1/2018 as a potential excluded asset.

NOTE: DSH and Trauma payments are not included in Excluded Assets per Sec. 1.8 of the KPC APA. 1.8 must be updated to establish the treatment described here and reflected above.

The DSH payments expected to be collected after the Signing Date exceed the DSH amount earned but not collected as of the Signing Date, so these amounts are netted to arrive at the amount owed to KPC for DSH as of the Effective Time. The single FY2019 Trauma payment is expected to be paid in August or September 2019, after the expected Effective Time, so the amount earned as of the Signing Date is expected to be paid back to Verity.

[3] Included in cash closing costs are estimated employee severance and other 507(a)(4) and (5) amounts, subject to the applicable Payroll Caps. Not included here are PTO costs - Per Sec. 1.9(d), Prime is assuming employee PTO costs up to a maximum of 300 hours per employee. Per Sec. 1.9(d), KPC is assuming employee PTO costs not subject to caps.

[4] Both Prime and KPC require that Medi-Cal liabilities needed to support ongoing QAF payments be paid by the Debtor at closing, which is a conservative reading of their respective APAs. The amount shown includes the SMC and SVMC current QAF-related liabilities and all outstanding cost report liabilities. These amounts are subject to change based on changes in government withholdings and payments made prior to sale.

[5] Mechanics lien amounts reflect filings through 11/15/2018.

[6] Per Sec 5.6 of the Prime APA, the cost of any notices and other filings associated with the CA AG will be divided equally between Prime and Verity up to $500,000, then assumed by Prime in total. The KPC APA states that KPC willl bear the cost of all CA AG filings.

[7] The 2005 Bond remediation is an intercreditor agreement provision that provides the 2005 bondholders with a special payment to cover the tax liability incurred in the event that St. Francis is sold to a taxable entity. Prime is a taxable entity and KPC is a non-profit.

[8] Per Sec. 1.9(h) of the Prime draft APA, Prime to assume 50% of transfer tax liabilities. Per Sec. 1.9(h) of the KPC draft APA, KPC to assume 100% of these liabilities.

[9] Per Sec 1.12 of the Prime APA, Patient A/R is pegged at $152 million. Our current estimate of A/R at closing is ~$122 million.

[10] Per Sec 1.8(x) of the Prime APA, QAF V net payments earned but not collected by Verity as of the Effective Time are excluded assets.

[11] Per Sec 1.8(y) of the Prime APA, Trauma payments earned but not collected by Verity as of the Effective Time are excluded assets.

[12] Potential cure costs were estimated at 65% of prepetition trade claims; neither bidder has provided a list of contracts to be assumed.

[13] PACE Bonds of $40.0 million are shown net of associated cash of $34.4 million.

Confidential Board Materials – Process Update

February 7, 2019

CAIN BROTHERS
A division of
KeyBanc Capital Markets

Sale Process Update

With the Santa Clara marketing process complete, the focus has shifted to SFMC, SVMC, Seton and Verity Medical Foundation

- Cain Brothers began contacting potential buyers in early July
- Verity Health selected SCC as the "stalking horse" bidder for Santa Clara Assets
  - > Submitted "stalking horse" APA to Court on October 1, 2018
  - > SCC "stalking horse" approved by the Court on October 31, 2018
  - > Court issued a Sales Order on December 19, 2018
  - > Targeted closing date for the sale to SCC is March 4, 2019
- Verity Health selected KPC Global as the "stalking horse" bidder for all other assets
  - > Submitted "stalking horse" APA to Court on January 17, 2019
  - > SCC "stalking horse" hearing was on February 6, 2019
  - > Qualified bids are due by April 8 and 9, 2019 (partial bid and full bid respectively)
  - > Expected Sales Hearing will be April 17, 2019
  - > Closing date for the sale of St. Francis, St. Vincent and Seton will follow AG review (depending on buyer) and is expected in 3Q2019
- Cain continues to actively work with potentials over bidders for the SFMC, SVMC and SMC assets
  - > Will send all those registered in the data room a notice of the bid deadline and auction dates
  - > Continue to follow up with any new interested parties that indicate interest in some or all of the assets
- Cain is also working with the Verity leadership and advisors to sell or otherwise transfer the VMF assets
  - > VMF transactions require the orderly transfer of physician groups or PSAs for each medical group
  - > All Care unwind is complete, others are making progress including SJMG, Breast Link, SOAR and VMG

Sale Process Background *(continued)*

Cain expects a more robust auction process for the remaining assets and is preparing for the 363 Auction process

- Based on conversations with potentially interested partners, we expect competitive bidding for Los Angeles Hospitals
  - > Alternative (non-hospital) uses for St. Vincent's as well as other potential hospitals bidders remain active
  - > Several potential bidders remain active in evaluating St. Francis which is encouraging
- Limited interest in Seton as an operating hospital may negatively impact the overall results
  - > Low acute care census, significant operating losses and capital and seismic needs remain key concerns
  - > While valuation from strategic bidders has been lower than that of financial/real estate buyers, a decision to close the hospital would encounter meaningful resistance from key stakeholders and could lead to delays
- Summary Timetable from April 15-16 Auction Date
  - > Partial Bid Auction: April 15th ; Full Auction: April 16th
  - > Sales Hearing to approve the sale: April 17th
  - > AG Review (assuming non-Governmental Buyer): May through September
  - > Regulatory Approvals: May through September
  - > Closing: Late September ???

RESOLUTION 2019-4-5
OF THE BOARD OF DIRECTORS
VERITY HEALTH SYSTEM OF CALIFORNIA, INC.

The Board of Directors ("Board") of Verity Health System of California, Inc., a California nonprofit public benefit corporation (the "Corporation"), hereby consents to and adopts the following resolutions:

1. Sale of St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, and Seton Medical Center to Strategic Global Management, Inc.:

WHEREAS, Corporation is a California nonprofit public benefit corporation, that is the sole member of St. Francis Medical Center, a California nonprofit public benefit corporation ("SFMC"), St. Vincent Medical Center, a California nonprofit public benefit corporation ("SVMC"), and Seton Medical Center, a California nonprofit public benefit corporation ("SMC"); and SVMC is the sole member of St. Vincent Dialysis Center, Inc., a California nonprofit public benefit corporation ("SVDC," and collectively with SFMC, SVMC, and SMC, the "Provider Entities");

WHEREAS, SFMC, SVMC, and SMC own and operate certain hospitals, and SVDC owns and operates a dialysis facility (such hospitals and dialysis facility collectively, the "Facilities");

WHEREAS, on August 31, 2018, each of the Corporation and the Provider Entities, along with other affiliated entities (collectively, the "Debtors"), filed with the United States Bankruptcy Court for the Central District of California (the "Bankruptcy Court") a petition under Chapter 11 of Title 11 of the United States Code (the "Bankruptcy Code");

WHEREAS, pursuant to the Corporation's System Authority Matrix (previously approved on April 4, 2017), the sale of all or substantially all of the assets of the Provider Entities is subject to a recommendation of each Provider Entity's board of directors, the Corporation's Chief Operating Officer, and the Corporation's Chief Executive Officer/President (collectively, the "Recommending Parties"), but the Recommending Parties have no power or authority to approve the Transactions;

WHEREAS, the Recommending Parties recommended that the Provider Entities be sold to a buyer that would continue the operations of the Provider Entities as general acute care hospitals with the determination of the ultimate buyer to be designated and approved by the Board;

WHEREAS, pursuant to the Corporation's System Authority Matrix, the approval of the sales rests solely with the Board and the Board previously approved the sale of all or substantially all of the assets of the Facilities (collectively, the "Transactions") to Strategic Global Management, Inc., a California corporation ("SGM") as the Stalking Horse Bidder on December 4, 2018;

WHEREAS, on January 17, 2019, the Debtors filed with the Bankruptcy Court that certain *Motion For The Entry of (I) An Order (1) Approving Form of Asset Purchase Agreement For Stalking Horse Bidder and For Prospective Overbidders; (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections; (3) Approving Form of Notice To Be Provided To Interested Parties; (4) Scheduling A Court Hearing To Consider Approval of The Sale To The Highest Bidder; and (5) Approving Procedures Related To The Assumption of Certain Executory Contracts and Unexpired Leases; and (II) An Order (A) Authorizing The Sale of Property Free and Clear of All Claims, Liens and Encumbrances; Memorandum of Points and Authorities In Support Thereof* (the "Bid Procedures Motion"), which has been approved by the Bankruptcy Court;

WHEREAS, in choosing the Stalking Horse Bidder, the Board, in the exercise of its business judgment, relied on the information and advice of Dentons US LLP, Berkeley Research Group, and Cain Bros. (collectively, the "Debtors' Advisors"), each of which recommended the Transactions;

WHEREAS, pursuant to the Bid Procedures Motion, the deadline for partial bids was March 29, 2019, the deadline for full bids was April 3, 2019, and the Debtors did not receive any qualifying full bids;

WHEREAS, although the Debtors received two qualifying partial bids on separate hospitals, the aggregate purchase price the Debtors would have received for the Transactions would have been less than the purchase price proposed by SGM;

WHEREAS, without any qualifying full bids and without qualifying partial bids that, in the aggregate, would be more favorable to the Debtors and the Debtors' estates than SGM's Stalking Horse Bid, the Board has considered and discussed with Debtor's Advisors whether to confirm SGM as the Winning Bidder;

WHEREAS, Cain Bros., the Debtors' investment banking advisor, has demonstrated to the Board that it has actively marketed the Facilities to various potential purchasers, both as individual businesses and as an aggregated business;

WHEREAS, Berkeley Research Group, a financial advisor, has provided the Board an independent analysis of the benefits of the sale of the Facilities;

WHEREAS, Dentons US LLP, bankruptcy counsel for the Debtors, has provided the Board an independent analysis of the terms and conditions of the Transactions;

WHEREAS, none of the Corporation's Directors were involved in negotiating the terms and conditions of the Transactions;

WHEREAS, neither the members of management of the Corporation nor the Provider Entities have disavowed any intention to work for SGM, if so offered, following the Transactions and such members of management of the Corporation have only presented factual information to the Board regarding the nature of and the terms of the Transactions; therefore, no member of the

Board substantially relied on any opinions regarding the advisability of, the fairness of, or the value of the Transactions from management, since none were expressed;

WHEREAS, the Board was previously presented with and has had the continuing opportunity to examine the Stalking Horse Asset Purchase Agreement (the "APA") reflecting the terms and conditions of the Transactions, which was filed together with the Bid Procedures Motion, as well as various documents ancillary or related thereto (collectively, the "Transaction Documents");

WHEREAS, the Debtors' Advisors have recommended that the Board authorize the execution of the Transaction Documents with SGM as purchaser and the performance of the Corporation's and the Provider Entities' obligations thereunder;

WHEREAS, the Board, in the exercise of its business judgment, has relied on the information provided by and recommendations of the Debtors' Advisors in determining the best interests of the Corporation and Provider Entities; and

WHEREAS, the Board finds the form and substance of the Transaction Documents to be satisfactory and that it is in the best interest of the Corporation and the Provider Entities for the Corporation and the Provider Entities to enter into the Transactions, execute the Transaction Documents, and perform the Corporation's and the Provider Entities' obligations thereunder.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The recitals set forth above are true and correct and are incorporated into this resolution by this reference and adopted by the Board as its findings.

2. The Board hereby authorizes and approves that the Corporation and the Provider Entities consummate the Transactions.

3. The Board hereby authorizes and approves the general form and terms and conditions of the APA.

4. 5. 2. Notice to the California Attorney General

WHEREAS, pursuant to Section 5914(a) of the Code, as California nonprofit public benefit corporations, each of the Provider Entities is required to provide notice to, and to obtain the written consent of, the Attorney General of the State of California (the "Attorney General") prior to completing transactions such as the Transactions and agreements such as the APA, subject to the requirements of the Bankruptcy Code.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The recitals set forth above are true and correct and are incorporated into this resolution by this reference and adopted by the Board as its findings.

2. The Authorized Executives and each of them, are hereby authorized and directed to execute and submit to the office of the Attorney General notice of the Transactions and the APA in accordance with Section 5914(b) of the Code.

3. General Ratification:

IT IS FURTHER RESOLVED, that all acts by the officers and other representatives of the Corporation and the Provider Entities heretofore taken with respect to any matter in connection with the subject matter of the foregoing resolutions are hereby approved, ratified, and confirmed in all respects as the acts and deeds of the Corporation and the Provider Entities.

The foregoing Resolutions were adopted by the Board of Directors of the Corporation at a meeting duly held on April 15, 2019.

(1) Under the APA, SGM receives a credit to the purchase price for a net amount equal to all the payments to the state and amounts received from the state related to the Hospital Quality Assurance Fee program ("QAF") and for an amount for trauma services at St. Francis, each as between the signing date and the closing date.

(2) Under the APA, SGM assumes paid time off ("PTO") for all "hired employees." The numbers above reflect an assumption that 90% of the current employees become "hired employees."

(3) Under the Bankruptcy Code, "cure payments" are payments made to trade vendors for amounts owed. Pursuant to the APA, SGM is required to pay all cure payments for vendor contracts and unexpired leases it designates as contracts and unexpired leases to be assumed. The cure amounts above are based upon the contracts and unexpired leases designated by SGM for assumption as part of the *Notice To Counterparties To Executory Contracts And Unexpired Leases Of The Debtors That May Be Assumed And Assigned* [Docket No. 1704] and *Notice Of Executory Contracts And Unexpired Leases Designated By Strategic Global Management, Inc. For Assumption And Assignment* [Docket No. 2131]. Note that VHS anticipates filing another notice related to additional contracts and unexpired leases that SGM may designate for

assumption. Note also that SGM may designate additional contracts to assume up to 30 days prior to closing and may remove contracts from the designated list up to 7 days prior to closing. Therefore, the designation schedule and related cure amounts is expected to change prior to closing.

(4) Under the APA, SGM is not assuming VHS's debt, except with respect to VHS's property assessed clean energy financing ("PACE Obligations") related to Seton Medical Center. The original PACE loan was for $40 million. As of March 31, 2019, there are approximately $34.4 million of PACE funds held by Wilmington Trust that are available to be disbursed for qualified project expenditures at Seton Medical Center. It is anticipated that SGM will complete the capital expenditures using these restricted assets subsequent to closing.

Title 11, California Code of Regulations, § 999.5(d)(2)(C)

A description of the methods used by the applicant to determine the market value of any assets involved in the proposed transaction, including a description of the efforts made by the applicant to sell or transfer each health facility that is the subject of the proposed agreement or transaction

Prior to filing the Bankruptcy Cases, VHS engaged in substantial efforts to market and solicit interest in their assets, including St. Vincent Medical Center, St. Francis Medical Center, Seton Medical Center, Seton Coastside Hospital and related assets (collectively, the "Combined Assets"). In June 2018, VHS engaged Cain to assist in identifying potential buyers of some or all of the Combined Assets and commenced discussions with those potential buyers. Cain prepared a Confidential Investment Memorandum and organized an online data site to share information with potential buyers and contacted strategic and financial buyers beginning in July 2018. In this initial marketing process, Cain contacted more than 100 potential partners to evaluate their interest in exploring a transaction involving some or all of VHS' assets. By August 2018, as a result of its ongoing and broad marketing process, Cain had received 13 "Indications of Interest" from potential buyers of some or all of VHS' assets.

After filing the Bankruptcy Cases, Cain continued to work with potential buyers for some or all of the Combined Assets. Based on these discussions, VHS determined that seeking a buyer for VHS' assets in Santa Clara (the "Santa Clara Assets") and a separate buyer for VHS other assets would most likely yield higher net proceeds for VHS' estate and enable the hospitals to continue operating (instead of the looming closure due to VHS' financial crisis). After evaluating the Indications of Interest for VHS' Santa Clara Assets, VHS, in consultation with Cain and its advisors, (i) began to negotiate a stalking horse bid with potential buyers, and (ii) ultimately selected Santa Clara County (the "County") to be the stalking horse bidder to acquire the Santa Clara Assets through a sale under § 363 of the Bankruptcy Code. After the selection of Santa Clara County as the stalking horse bidder, VHS did not receive any other bids and Santa Clara County was determined to be the winning bidder of the Santa Clara Assets. The sale of the Santa Clara Assets to the County was approved by the Court on December 27, 2018 [Docket No. 1153].

Thereafter, Cain focused on marketing of VHS' remaining Assets, including St. Francis Medical Center, St. Vincent's Medical Center, Seton Medical Center and Seton Coastside. Carsten Beith and James Moloney led the marketing and sale efforts on behalf of VHS. As a part of this process, Cain contacted more 189 potential parties to evaluate potential stalking horse bidders for some or all of VHS remaining Assets of which 92 had executed a NDA and 18 submitted written proposals. Some of the written proposals were preliminary indications of interest and some were more detailed proposals such as the Qualified Bids[4] and stalking horse bids. During these marketing efforts, Cain provided access to the virtual data room to those parties that executed NDAs, arranged conference calls to answer questions about the process and the diligence materials, arranged for site visits for potential buyers that requested to visit the hospitals and arranged calls with VHS and their advisors to address other questions by potential buyers. During

[4] Capitalized terms used in this Section 999.5(d)(2)(C) but not defined herein, shall have the respective meanings given to them in the Bid Procedures Order attached to Section 999.5(d)(1)(B) as Exhibit 5.

this process, many of the potential purchasers indicated that they were not interested in being the stalking horse bidder. Over the course of those discussions, VHS negotiations focused on potential buyers that expressed the most interest in VHS' Assets and were actively engaged in the due diligence process. More specifically, during November and December 2018, VHS and its advisors had substantial discussions with potential buyers during which SGM and one additional prospective purchaser emerged as the leading potential candidates to be selected as the stalking horse bidder for VHS' remaining assets.

After extensive negotiations with both parties and careful review of the proposed transactions by VHS and its advisors, VHS selected SGM as the stalking horse bidder (the "Stalking Horse Bidder") for VHS' remaining Assets. On January 17, 2019, VHS filed their Stalking Horse Motion, which sought approval of, among other things, the asset purchase agreement between VHS and SGM, as the Stalking Horse Bidder [Docket No. 1279], attached to Section 999.5(d)(1)(B) as Exhibit 4. On February 19, 2019, the Court entered an order approving the Motion [Docket No. 1572], attached to Section 999.5(d)(1)(B) as Exhibit 5.

After SGM was approved as the Stalking Horse Bidder and the bidding procedures were approved, Cain sent the Bidding Procedures to the 90 parties with whom VHS had previously executed NDAs and included the timetable for the sale of VHS' remaining Assets. Cain also requested that each party confirm that each party desired continued access to the data room and was interested in continuing to evaluate the purchase of some or all of VHS' remaining assets. Nineteen of those parties confirmed that they were still evaluating the transaction and requested continued access to the data room.

Cain facilitated due diligence by potential buyers, including arranging site visits, organizing calls with VHS' leadership team and facilitated follow-up from VHS and its advisors to address diligence requests. Of these nineteen interested parties, certain parties evaluated acquiring all VHS' remaining Assets, others evaluated acquiring individual hospitals, and others were real estate companies that evaluated purchasing either St. Vincent Medical Center or Seton Medical Center to convert those campuses to non-hospital uses. VHS worked cooperatively with all prospective purchasers during this process.

At the end of the marketing period, two parties submitted Qualified Bids, one for St. Vincent Medical Center and one for St. Francis Medical Center. In addition, one party submitted a non-Qualified Bid for St. Francis Medical Center and one party submitted a non-Qualified Bid for all of the assets.

Consequently, on April 4, 2019, as set forth in the *Notice That No Auction Shall Be Held* [Docket No. 2053], attached to this Section 999.5(d)(2)(C) as **Exhibit 1**, VHS, after consultation with the Consultation Parties, determined not to hold a Partial Bid Auction because there were not multiple Partial Qualified Bids for any of VHS' assets. Additionally, VHS, in consultation with its advisors and the Consultation Parties, determined not to hold a Full Bid Auction because (i) there were no Qualified Full Bids, and (ii) the Partial Qualified Bids were only for two assets and when aggregated together were substantially less than the Stalking Horse Bid. As a result, the Stalking Horse Bidder was named the Successful Bidder in accordance with the Bidding Procedures Order.

On April 15, 2019, an interested party called Cain to inform Cain that they had earlier attempted to submit a bid for Seton Medical Center. Unbeknownst to Cain, this party had sent Cain a "non-binding letter of intent" (the "Letter") to purchase Seton Medical Center, by email on April 4, 2019 (the "April 4 Email"), which was after the Partial Bid Deadline. After learning this information and then investigating the same, Cain learned that the April 4 Email had not passed Cain's firewall. Thus, the party re-sent the Letter that day on April 15, 2019. Even if the aforementioned bid would have been sent prior to the Partial Bid Deadline, it would not have qualified as a Partial Qualified Bid since, among other things, it was subject to significant additional due diligence and was not accompanied by a deposit. This party did not execute an NDA, nor was it granted access to the data room from Cain to perform formal due diligence with respect to the Assets.

Throughout this process, VHS and its advisors have carefully managed a process that was designed to (a) maximize the value received by VHS for the sale of its assets, (b) serve the mission, and (c) comply with all of the requirements of the Bankruptcy Court.

History of Verity Health System

2014

- **Jan:** DCHS initiated an RFP process to evaluate strategic alternatives for the hospitals or health system in its entirety
- **Oct:** DCHS entered into a Definitive Agreement among Prime Healthcare, DCHS and Daughters of Charity Ministry Corporation for the sale of the healthcare system (Prime later terminated its transaction agreement with DCHS)

December 2015

- Transaction closed with approval of California Attorney General on 12/15
- BlueMountain contributed $100M to VHS in exchange for a 15-year management agreement and an option to purchase the assets. BlueMountain arranged a $160M secured privately-placed financing to retire existing debt and provide liquidity to VHS

Early 2016

- Embarked on turnaround efforts, identifying financial improvement opportunities across labor, supplies, services, clinical operations, revenue cycle, business development, payor contracting and strategic initiatives

Mid-2016

- Transferred certain real estate properties from Obligated Group valued at book value of $29 million to Verity Holdings, LLC, a wholly-owned subsidiary, to provide financing for working capital

Late 2017

- Embarked on multiple financing to address failure of turnaround efforts:
- **Sep:** VHS issued $21.0 million of secured tax-exempt notes, purchased by NantWorks
- **Oct:** VHS borrowed $46.2 million from a subsidiary of NantWorks, secured by four medical office properties
- **Dec:** VHS issued $21.0 million of secured tax-exempt notes, purchased by NantWorks

1995 - 2002 | **2014** | **2015** | **2016** | **2017** | **2018**

1995

- **Mar:** Daughters of Charity, Province of the West merged with Catholic Healthcare West ("CHW")[(1)]

2001

- **Jun:** Daughters of Charity Health System ("DCHS") is established
- **Oct:** Daughters of Charity, Province of the West withdrew from CHW

2002

- **Jan:** DCHS commenced operations

July 2015

- DCHS selected BlueMountain Capital Management LLC ("BlueMountain") to recapitalize its operations and transition leadership of the hospital system to the new VHS. To implement the foregoing, DCHS, VHS, certain funds managed by BlueMountain, and Integrity entered into a System Restructuring and Support Agreement and created Integrity Healthcare, LLC ("Integrity") to provide management services to VHS

July 2017

- On July 3, NantWorks LLC ("NantWorks"), the parent organization for health technology and biotech companies controlled by Dr. Patrick Soon-Shiong, acquired a controlling stake in Integrity
- Following the transaction, Dr. Soon-Shiong became CEO of VHS and replaced many of the key executive management personnel

2018

- **Jan:** Rich Adcock promoted to CEO
- **March:** NantWorks extended two unsecured loans for a total of $40 million for needed additional working capital
- **Jun:** VHS hired Cain Brothers to assist in the evaluation of strategic options for VHS, which include a full system sale/affiliation of VHS or a sale of the individual medical centers through a series of transactions

Key Issues for the VHS Hospitals

- VHS operates medical centers that have a long tradition of serving essential roles in the healthcare delivery system of their respective communities. The following slides describe some of the important considerations for the medical centers

Program	Considerations
Hospital Quality Assurance Fee ("HQAF")	• VHS's medical centers participate in California's HQAF program, the upper payment limit program operated by the State as part of the Medi-Cal program • The HQAF program was initiated in 2009 and has become an important source of revenue for hospitals in the State that serve a high proportion of Medi-Cal patients • VHS, including its predecessor organization, has received a net benefit of over $800 million since HQAF's inception • The HQAF program and all of its statutory provisions and protections were made permanent through the passage of the Medi-Cal Funding and Accountability Act (Proposition 52) in the November 2016 General Election
Pension Liabilities	• VHS has three significant defined benefit pension plans: Plan A, Plan B and Retirement Plan for Hospital Employees ("RPHE") • Plan A and B are ERISA single-employer plans, while the RPHE is a multiemployer plan • The single-employer plans and multiemployer plan have separate controlled groups • A termination of the single-employer plans and withdrawal from the RPHE would trigger an increase in the related liabilities
Union Representation	• Nearly three-fourths of VHS's employees are represented by collective bargaining units • Some unions, such as the California Nurses Association ("CNA") represent employees at more than one medical center
Collective Bargaining Agreements	• VHS has a preference for bidders that honor the collective bargaining agreements ("CBAs") • Copies of the CBAs will be made available to interested parties via the data room
AG Operating Conditions	• In conjunction with the recapitalization and transition of operations from DCHS to VHS, the AG reviewed and approved the transaction subject to certain conditions imposed upon the system as well as the individual hospitals • Those facility-specific conditions include obligations to maintain certain programs and services, to make certain capital investments, to comply with the seismic regulations where applicable and to provide minimum charity care levels, among other conditions • In the two-year period ending December 2017, VHS had spent or committed $116 million in capital expenditures, approximately $25 million above the AG requirement • Any transaction involving a non-governmental acquirer would be subject to a new Attorney General review process

Hospital Quality Assurance Fee Program Overview

- The HQAF program provides funding for supplemental payments to hospitals that serve Medi-Cal and uninsured patients. Revenues generated from fees assessed on certain general and acute care California hospitals fund the non-federal supplemental payments to California's safety-net hospitals while drawing down federal matching funds that are issued as supplemental payments to hospitals for care of Medi-Cal patients
- In November 2016, California voters approved a state constitutional amendment measure that extends indefinitely the statute that imposes fees on California hospitals seeking federal matching funds
- CMS issued formal approval of the fee-for-service portion of the 2017-19 Hospital Fee Program on December 18, 2017
- The recognition of revenues and expenses is governed by CMS approval of each program and the time period covered; the actual cash flow impact is distinct from the accrual accounting

Program	Period Covered	CMS Approval	Revenue	Expense	Net Benefit	Cash Received	Cash Expended
HQAF I	4/9 – 12/10	10/8/2010	$137.5	$83.3	$54.2	$137.5	$83.3
HQAF II	1/11 – 6/11	12/29/2011	$104.7	$59.8	$44.9	$104.7	$59.8

SMCC Service Highlights

Center / Services	Description
Skilled Nursing Facility	SMCC offers skilled nursing care to 116 inpatient residents year-round. The dedicated staff of interdisciplinary professionals provide comprehensive healthcare. The facility is accredited by the California Department of Health Services.
Emergency Services & Acute Care Unit	SMCC operates a 24-hour Emergency Department. In addition to providing this service to coastal residents, the hospital offers radiology/mammography, clinical laboratory services, rehabilitation therapy, physical, occupational and speech therapy. With its presence as the only 24-hour standby Emergency Department on the Pacific Coast from Daly City to Santa Cruz, SMCC is highly valued by the community it serves. The emergency room consists of a seven-bed department that is staffed 24 hours a day, with a physician qualified in emergency medicine and a registered nurse. If needed, SMCC has the capability to transfer its critically ill patients to a tertiary facility via air or ground.
Rehabilitation Therapy	SMCC's rehabilitation team provides physical therapy, occupational therapy and speech therapy by licensed therapists and assistants. Hospital physicians assess the resident's needs for adaptive equipment, individualized exercise programs or communication skills. When requested, it is encouraged that families participate in therapy and training to help with the resident's maintenance programs. It also provides out-patient rehabilitation services for the community, with a prescription from a physician.
Radiology	The SMCC radiology department offers general diagnostic X-ray exams.
Clinical Laboratory	The Clinical Laboratory is accredited by The Joint Commission and is staffed by clinical laboratory scientists. Under the direction of a pathologist, proficiency testing occurs through the College of American Pathologists.

VHS's preference is a sale of the system as a going concern maintaining current levels of patient care, but VHS remains flexible both as to the sale of individual medical centers and/or other VHS assets and how that could be achieved, including whether through a transaction outside of a legal proceeding, or through a legal proceeding, and to considering offers which assume alternative uses of any or all facilities. In constructing an offer, the partner, joint venturer, or buyer may propose any structure that will allow it to maximize the total consideration for the assets whether through cash purchase, the assumption of liabilities or both. Proposals will be evaluated based on multiple factors, including financial consideration, mission

compatibility, employee retention and compensation, treatment of certain major agreements, such as the collective bargaining agreements, timing and certainty of closing, amongst others. After reviewing the indications of interest submitted in the initial round of the process, VHS expects to provide bidders further information regarding the process.

In order to allow VHS to evaluate the interested parties and the terms of the proposed transaction, your indication of interest should include the following items in the order presented:

1. **Organization Overview:** A detailed description of your organization, including a summary of your financial wherewithal and experience with similar operations and transactions, if your proposal provides for continuing the current use of the assets you propose to acquire.
2. **Form of Transaction:** A detailed description of the proposed transaction structure including (i) the acquiring entity, (ii) a detailed description of which assets are included in the proposed Transaction, (iii) the purchase price for the acquired assets on a cash free, debt free basis, including the allocation of the purchase price among each hospital (assuming the offer is for more than one hospital) and assets owned by non-hospital corporations such as medical office buildings or other assets, and (iv) the form of consideration, and your expectations surrounding the acquisition of the Company's working capital assets (excluding cash) and assumption of any liabilities.
3. **Source of Financing:** A description of the expected sources and uses for the proposed Transaction; to the extent that some or all of the consideration to be paid to VHS will come from third-party capital sources, please list those sources (bond issue, bank loan, etc.) and the earliest expected date for completing such financing.
4. **System Executive Leadership and Hospital Executive Leadership:** Based on the information provided, please state your preliminary intentions and/or requirements with respect to VHS management's and hospital management's role post-Transaction, including the terms of any agreements (e.g., employment) you propose to be executed and the individuals you expect to be a party to such agreements, if any.
5. **Operations:** A summary description of the strategic plan for the facilities, including a discussion of the impact of the Transaction to staffing levels and members of the medical staff.
6. **Collective Bargaining Agreements ("CBA"):** A summary of your intentions vis-a-vis VHS's collective bargaining agreements.
7. **Post-Retirement Obligations:** A summary of the anticipated treatment of VHS's post-retirement obligations including the multi-employer and single-employer pension plans.
8. **Required Approvals:** A summary of the internal approval process by your board or governing body including the timing and your ability to operate in an expedited manner to process necessary approvals required prior to execution of a definitive agreement and the closing of the Transaction.
9. **Due Diligence:** A due diligence request list setting forth the information your organization will need to review prior to completing due diligence and executing a definitive agreement if selected by VHS.
10. **Contingencies:** A discussion of any contingencies, caveats and approvals of which VHS should be aware in evaluating your proposal.
11. **Key Contacts:** A list of the names, phone numbers, and emails of your internal team and any outside advisors and legal counsel with whom we should discuss your preliminary proposal.

Any proposal submitted by you will be subject to the terms of the Confidentiality Agreement that you have executed. This letter along with its attachments and all discussions with Cain Brothers regarding VHS and

its assets shall be treated as confidential information by you and your agents pursuant to such Confidentiality Agreement.

All meetings and information to be provided will be coordinated through Cain Brothers. Cain Brothers will remain available to respond to questions or reasonable requests for additional information. All such requests should be directed to Ben Herbert at (415) 962-2957 or bherbert@cainbrothers.com and Chris McMillan at (415) 962-2923 or cmcmillan@cainbrothers.com. **Under no circumstances should employees of VHS or any member of the medical staff of any of the hospitals be contacted directly regarding this Transaction.** In no event shall this transaction process or your participation herein be discussed with any third parties.

VHS expressly reserves the right, at its sole discretion, to evaluate the terms and conditions of any proposal, to accept or reject any such proposal for further consideration without specifying reasons therefore, and to alter or terminate this process at any time. Until such time, if any, that VHS and an interested party enter into mutually satisfactory definitive agreements, no binding arrangement will exist as to a strategic transaction with VHS as contemplated herein. Each interested party is responsible for its own expenses, and no interested party shall be entitled for any reason to be reimbursed for costs or expenses incurred in connection with a potential Transaction.

If you have any questions regarding the procedures governing the invitation as detailed in this letter, please feel free to contact us. Both VHS and Cain Brothers appreciate your interest and look forward to your response.

VHS's preference is to structure a sale of the system as a going concern maintaining current levels of patient care. VHS, however, remains flexible regarding the sale of individual medical centers and/or other VHS assets and will consider offers that assume alternative uses of any or all facilities. In constructing an offer, the partner, joint venturer, or buyer may propose any structure that will allow it to maximize the total consideration for the assets whether through cash purchase, the assumption of liabilities or both.

Proposals will be evaluated based on multiple factors, including financial consideration; mission compatibility; employee retention and maintenance of current compensation; treatment of certain major agreements, such as the collective bargaining agreements; timing; and certainty of closing, among others. After reviewing the Proposals, VHS intends to select no more than two candidates per individual asset or for the entire system, as the case may be, to proceed to the final stage of the process. This concluding phase will include confirmatory due diligence and the final negotiations of the Definitive Agreements. The Company has directed Cain Brothers and Dentons to work with interested parties to have Definitive Agreements ready for execution by the end of September. Accordingly, your bid should reflect your highest and best offer. Preference will be given to definitive offers that a partner, joint venture, or buyer would be prepared to execute in the form submitted.

Your Proposal should include the following items:

1. **Definitive Agreement:** Submit any changes that you would require to the asset purchase agreements ("APAs") posted in the data room (folder 1.6) in the form of an electronic mark-up or detailed issues list or memorandum. The Company would consider alternative forms of APAs satisfactory to the bidder to the extent that the framework contemplates an "as is, where is" Transaction.

2. **Proposal Summary:** Please summarize your offer in a letter that clearly indicates the following:

   a. **Assets Acquired**: Provide a description of the proposed Transaction structure including (i) the acquiring entity and (ii) a detailed description of which assets are included in the proposed Transaction, including the treatment of net working capital.

   b. **Purchase Price:** Indicate a purchase price for the acquired assets on a cash-free, debt-free basis, including the allocation of the purchase price among each hospital (assuming the offer is for more than one hospital) and assets owned by non-hospital corporations such as medical office buildings or other assets.

   c. **Sources of Financing:** Describe with specificity your expected sources of funds. Confirm that such financing will be fully committed at the time of execution of the Definitive Agreements and that consummation of the Transaction will not be contingent on obtaining financing. Include appropriate documentation of any such commitment, including signed commitment papers. Any description of your financing arrangements should demonstrate your ability to finance the Transaction.

   d. **Collective Bargaining Agreements ("CBA"):** Summarize your plans for VHS's collective bargaining agreements. Provide an overview of modifications, if any, that you would be seeking as part of your Proposal.

   e. **Post-Retirement Obligations:** Summarize the anticipated treatment of VHS's post-retirement obligations including the multi-employer and single-employer pension plans. Describe your retirement benefits plan that you would anticipate offering to employees in the event that you didn't assume the post-retirement obligations.

   f. **Due Diligence:** Please provide a summary of due diligence completed to date, a detailed list of any remaining diligence, including the names of third-party advisors, and a timetable of any additional work required to complete your due diligence prior to signing Definitive Agreements. Management, Cain Brothers, Dentons and the Company's other advisors/consultants are available to assist you and your third-party advisors.

   g. **Authorization/Approvals:** Comment on your organization's willingness to execute the Definitive Agreement that you submit, noting what internal approvals, if any, still remain outstanding. Describe the level within your organization that this Proposal has been reviewed. Include an overview of any necessary board committee, board of directors, shareholder, financing source and regulatory approvals.

   h. **Closing:** Please provide the date by which you intend to close the Transaction together with a list of all significant remaining milestones to closing.

   i. **Other Matters:** Please detail any other important matters of which VHS and its advisors should be aware regarding your Proposal and the consummation of a Transaction with you.

Any Proposal submitted by you will be subject to the terms of the Confidentiality Agreement that you have executed. This letter along with its attachments and all discussions with Cain Brothers regarding VHS and its assets shall be treated as confidential information by you and your agents pursuant to such Confidentiality Agreement.

All meetings and information to be provided will be coordinated through Cain Brothers. Cain Brothers will remain available to respond to questions or reasonable requests for additional information. All such requests should be directed to Ben Herbert at (415) 962-2957 or bherbert@cainbrothers.com and Chris McMillan at (415) 962-2923 or cmcmillan@cainbrothers.com. **Under no circumstances should management, directors, or any other employees of the Company, clients, vendors, or other parties associated with the Company be contacted directly regarding this Transaction. In no event shall the existence and contents of this letter, the Transaction process, or your participation herein, including the existence, status, and content of your Proposal, be disclosed publicly or discussed by you or your employees, agents, counsel, financial, and other advisors with any third parties except as permitted by the Confidentiality Agreement.** In no event shall this Transaction process or your participation herein be discussed with any third parties.

VHS expressly reserves the right, at its sole discretion, to evaluate the terms and conditions of any Proposal, to accept or reject any such Proposal for further consideration without specifying reasons therefore, and to alter or terminate this process at any time. Until such time, if any, that VHS and an interested party enter into mutually satisfactory Definitive Agreements, no binding arrangement will exist as to a strategic Transaction with VHS as contemplated herein. Each interested party is responsible for its own expenses, and no interested party shall be entitled for any reason to be reimbursed for costs or expenses incurred in connection with a potential Transaction.

If you have any questions regarding the procedures governing the invitation as detailed in this letter, please feel free to contact us. Both VHS and Cain Brothers appreciate your interest and look forward to your response.

Sincerely,

In order to qualify for participation in a potential auction, competing bidders must submit the materials required by the Bid Procedures no later than **March 28, 2019, at 4:00 p.m. Pacific Time,** for a partial bid or **April 3, 2019, at 4:00 p.m. Pacific Time,** for a full bid. The bid must also comply with each of the requirements set forth in the Bid Procedures, which are attached to the Bidding Procedures Order included as an exhibit to this notice and listed as Docket #1572, a copy of which is also available at http://www.kccllc.net/verityhealth. All interested parties are encouraged to review the Bid Procedures in their entirety.

If the Company receives "qualified bids" as defined in the Bidding Procedures Order, qualified bidders will be invited to participate in an auction to take place on April 8, 2019, at 10 a.m. Pacific Time, for partial bids and April 9, 2019, at 10 a.m. Pacific Time, for full bids.

The above description of procedures is not comprehensive and is subject to change. Parties interested in access to the Bankruptcy Court docket should continue to visit http://www.kccllc.net/verityhealth.

Parties who do not respond will have their access to the data room revoked at that time. Notifying Cain Brothers of your intent to submit a qualified bid does not constitute a commitment to participate in the potential auction.

This matter coming before the Court on the motion (the "Motion")[1] of the above-captioned debtors and debtors in possession (the "Debtors") for the entry of an Order, as applicable, pursuant to Sections 105(a), 363, and 365 of Title 11 of the United States Code (the "Bankruptcy Code"), Rules 2002, 6004, 6006, 9007, and 9014 of the Federal Rules of Bankruptcy Procedure (as amended from time to time, the "Bankruptcy Rules"), and Rule 6004-1 and 9013-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Central District of California ("LBR") (i)(a) approving form of asset purchase agreement for the Stalking Horse Purchaser and for prospective Overbidders (the "Stalking Horse APA"); (b) approving auction sale format, bidding procedures (the "Bidding Procedures") and stalking horse bid protections; (c) approving the form of notice to be provided to interested parties; (d) scheduling the Auction and a court hearing to consider approval of the sale to the highest bidder; and (e) approving procedures related to the assumption and assignment of certain executory contracts and unexpired leases to the Successful Bidder; (ii) authorizing the sale of property free and clear of all claims, liens and encumbrances; and (iii) granting related relief; the Court having found that (i) the Court has jurisdiction to consider the Motion and the relief requested therein pursuant to 28 U.S.C. §§ 157 and 1334; (ii) venue is proper in this district pursuant to 28 U.S.C. §§ 1408 and 1409; (iii) this is a core proceeding pursuant to 28 U.S.C. § 157(b); and (iv) notice of the Motion was sufficient under the circumstances and properly given, and it appearing that no other or further notice need be provided; and a hearing on the proposed bid and sale procedures as detailed in the Motion having been held; and after due deliberation the Court having determined that the relief requested in the Motion with respect to proposed bid and sale procedures is in the best interests of the Debtors, their estates, and their creditors; ~~and for the reasons set forth in the Court's tentative~~

~~ruling (the "Tentative Ruling") [Doc. No. 1488], which the Court adopts as its final ruling and which is incorporated herein by reference,~~ [2]and good and sufficient cause having been shown;

AND IT IS FURTHER FOUND AND DETERMINED THAT: [3]

A. The statutory and legal predicates for the relief requested in the Motion and provided for herein are Sections 105(a), 363, and 365 of Title 11 of the Bankruptcy Code, Bankruptcy Rules 2002, 6004, 6006, 9007, 9013 and 9014, and Local Bankruptcy Rules 6004-1, and 9013-1.

B. In the Motion and at the hearing on the Motion, the Debtors demonstrated that good and sufficient notice of the relief granted by this Order has been given and no further notice is required. A reasonable opportunity to object or be heard regarding the relief granted by this Order has been afforded to those parties entitled to notice pursuant to Bankruptcy Rule 2002 and all other interested parties.

C. The Debtors' proposed notice of the Bidding Procedures, the Auction and the hearing to approve the sale (the "Sale") of the Assets (the "Sale Hearing") is appropriate and reasonably calculated to provide all interested parties with timely and proper notice, and no other or further notice is required.

D. The Bidding Procedures substantially in the form attached hereto as Exhibit 1 are fair, reasonable, and appropriate and are designed to maximize the recovery from the Sale of the Assets.

E. The Break-Up Fee, in the amount set forth below, (i) is reasonable and appropriate given, among other things, the size and nature of the Sale and the efforts that will have been

[2] Because material changes were made to the Court's Tentative Ruling on the record at the hearing, the Court has not posted the Tentative Ruling to the CM/ECF docket.

[3] The findings and conclusions set forth herein constitute the Court's findings of fact and conclusions of law pursuant to Bankruptcy Rule 7052, made applicable to this proceeding pursuant to Bankruptcy Rule 9014. To the extent that any of the following findings of fact constitute conclusions of law, they are adopted as such. To the extent that any of the following conclusions of law constitute findings of fact, they are adopted as such.

expended, and will continue to be expended, by the Stalking Horse Purchaser, and (ii) is a material inducement for, and a condition of, the Stalking Horse Purchaser's entry into the Stalking Horse APA.

F. The form of the Stalking Horse APA is fair and reasonable and provides flexibility in the process to sell the Assets in a manner designed to maximize the value of the Assets.

G. The assumption and assignment procedures described in the Motion and provided for herein (the "Assumption and Assignment Procedures") and the Cure Notice are reasonable and appropriate and consistent with the provisions of Section 365 of the Bankruptcy Code and Bankruptcy Rule 6006. The Assumption and Assignment Procedures and the Cure Notice have been narrowly tailored to provide an adequate opportunity for all non-debtor counterparties to the Assumed Executory Contracts to assert an Assumption Objection.

H. Entry of this Order is in the best interests of the Debtors, their estates and creditors, and all other parties in interest.

NOW, THEREFORE, IT IS HEREBY ORDERED THAT:

1. The Motion is **GRANTED** as set forth herein.

2. To the extent that the International Union of Operating Engineers, Stationary Engineers Local 39 [Doc. No. 1355], the Service Employees International Union, United Healthcare WorkersWest [Doc. No. 1354], the California Nurses Association [Doc. No. 1359], and the United Nurses Association of California/Union of Health Care Professionals (collectively, the "Unions") assert that the Debtors are required to reject the Collective Bargaining Agreements prior to entering into the Stalking Horse APA, the Unions' objections are overruled. Additionally, the Union's objection that the Bidding Procedures do not sufficiently incentivize prospective purchasers to assume Collective Bargaining Agreements (the "CBAs") to which the Unions are parties is overruled. The Court finds that requiring the Debtors to provide a precise

LOS ANGELES, CALIFORNIA 90017-5704
(213) 623-9300

quantification of the value to be accorded to the assumption of liabilities arising under the CBAs would unduly impair the Debtors' flexibility in the conduct of the auction of the Debtors' assets, and would likely yield suboptimal results for all stakeholders. The Debtors must be allowed to conduct the auction in accordance with their business judgment, especially given the complexity of an auction of this type. Precise quantification of the valuation to be afforded to assumption of the CBAs would not be of material assistance to the sophisticated participants in this auction, who will be assisted by professional advisors using their own detailed financial models and projections. ~~to the Bidding Procedures are overruled as set forth in the Tentative Ruling, at Section II ¶ C.~~ This Order does not prevent the Unions from raising objections under § 1113 at the Sale Hearing. However, the Unions' contention that the Stalking Horse APA and the associated bidding procedures cannot be approved prior to the adjudication of § 1113 issues is without merit.

3. The objection filed by St. Vincent IPA Medical Corporation and Angeles IPA [Doc. No. 1388] is premature and may be raised at the Sale Hearing. With respect to the objection filed by Hooper Healthcare Consulting LLC ("Hooper") [Doc. No. 1397], to the extent that Hooper asserts that it is entitled to receive notification of the treatment of its Net Benefit Compensation (as that term is defined in Doc. No. 1397) prior to selection of the Successful Bidder, its objection is overruled. Hooper may raise any objections regarding its Net Benefit Compensation or the assumption and assignment of its executory contract at the Sale Hearing. Hooper's objection to the timeline proposed by the Debtors with respect to the assumption and assignment of executory contracts is overruled. ~~To the extent that Hooper The objections filed by (i) St. Vincent IPA Medical Corporation and Angeles IPA [Doc. No. 1388], and (ii) Hooper Healthcare Consulting LLC [Doc. No. 1397] are overruled for the reasons set forth in the Tentative Ruling, Section II ¶ G & J.~~

4. The objection filed by the Official Committee of Unsecured Creditors (the "Committee") [Docket Nos. 1399, 1401, 1402] and the *Joint Supplement to Objection and Response to Debtors' Sale Motion* [Docket No. 1279] filed by the Committee, UMB Bank, N.A., and Wells Fargo Bank, National Association, is overruled in part and sustained in part with respect to the revised Section 8.6 of the Stalking Horse APA and the Break-Up Fee, as set forth below.

5. As to the objection filed by the County of San Mateo and the Health Plan of San Mateo [Doc. No. 1361], the restrictions and limitations set forth in § 5.1(b) of the Stalking Horse APA on communications between SGM and governmental authorities shall apply only to communications regarding licensing or regulation of the Hospitals with the relevant licensing or regulatory authorities. Such restrictions shall not apply to communications involving SGM (or any other prospective buyers) and any governmental authority on subjects unrelated to licensing or regulation by that authority.

6. The Court does not rule on the objections filed by MGH Painting Inc. [Doc. No. 1358], Belfor USA Group, Inc. [Doc. No. 1364], and the California Attorney General [Doc. No. 1352], ~~Centers for Medicare and Medicaid Services~~; all such objections are premature and are preserved for the Sale Hearing and may be raised at that time. All objections to the relief requested in the Motion that have not been withdrawn, waived or settled are overruled.

7. The objection of Cigna Healthcare of California, Inc. ("Cigna") [Doc. Nos. 1349 and 1459] is sustained. The Debtors shall, no later than the earlier of (i) 48 hours after the conclusion of the Auction, or (ii) thirty (30) days prior to the Closing Date, provide Cigna with written notice of its irrevocable decision as to whether or not the Debtors propose to assume and assign any or all of the Cigna Provider Agreements as part of the Sale; provided, however, that such notice shall be irrevocable only to the extent that the Successful Bidder's transaction is

approved by this Court and an order thereon becomes final and non-appealable. The Debtors shall provide the same notice to UnitedHealthcare Insurance Company.

8. The objections filed by the U.S. Department of Health and Human Services and Centers for Medicare and Medicaid Services [Doc. No. 1346] and the California Department of Health Care Services [Doc. No. 1353] are continued, as resolved by stipulations [Docket Nos. 1458 and 1473, respectively], approved by orders entered on [Docket Nos. 1465 and 1483, respectively].

9. The Bidding Procedures attached hereto as Exhibit 1 are **APPROVED**.[4]

10. Strategic Global Management, Inc. or an affiliate to be designated (the "Stalking Horse Purchaser") is hereby **APPROVED** to be and designated as the Stalking Horse Purchaser as to the Assets, and the form of the Stalking Horse APA is hereby **APPROVED**.

11. Subject to the Bidding Procedures and approval of the Sale at the Sale Hearing, the Debtors' entry into the Stalking Horse APA (including any amendments thereto) is hereby **APPROVED** subject to the following modifications:

(i) the following language is added to Section 6.1(b)(2): "In the event that Purchaser terminates this Agreement in accordance with Section 8.6 hereof, expenses of Purchaser incurred in satisfaction of Section 8.6 shall be reimbursed up to $500,000";

(ii) Section 8.6 shall be replaced by the following revised Section 8.6:

> 8.6 **Attorney General Provisions**. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth, as Purchaser Approved Conditions, in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement, or on Purchaser in connection therewith, which are materially different than the Purchaser Approved Conditions set forth

on Schedule 8.6 (the "Additional Conditions"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order ("Supplemental Sale Order") finding that the Additional Conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions without the imposition of any other conditions, which would adversely affect the Purchaser. For purposes of this Section 8.6, Additional Conditions which individually or collectively impose a direct or indirect cost to Purchaser of $5 million, or more, shall be conclusively deemed to be "materially different." If Sellers determine not to seek such Supplemental Sale Order, or fail to obtain such Supplemental Sale Order within 60 days of the Attorney General's imposition of Additional Conditions, Purchaser shall be entitled to terminate this Agreement and receive the return of its Good Faith Deposit. If Sellers timely obtain such Supplemental Sale Order from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order (the "Evaluation Period") to determine, in the exercise of the Purchaser's reasonable business judgment and in consultation with Purchaser's financing sources, whether to proceed to consummate the transactions contemplated by this Agreement; provided, however, (i) Purchaser shall not terminate or provide notice of termination of the Stalking Horse APA based on the Seller's failure to satisfy the condition set forth under this Section 8.6 until the expiration of the Evaluation Period as may be extended herein, and (ii) the Evaluation Period may be extended by the Debtors, in consultation with the Consultation Parties, by up to 90 days for any appeal properly perfected with respect to the Supplemental Sale Order (the "Extended Evaluation Periods"). For the avoidance of doubt, if the Debtors or any of the Consultation Parties dispute the reasonableness of the exercise of the Purchaser's business judgment, such dispute shall be determined by the Bankruptcy Court only in the context of an adversary proceeding. If, at the conclusion of the Extended Evaluation Periods, such Supplemental Sale Order has not become a final, non-appealable order and Purchaser determines not to proceed, Purchaser shall have the right within ten (10) business days after the conclusion of the Extended Evaluation Periods to terminate this Agreement and receive the return of its Good Faith Deposit. Sellers shall provide Purchaser with prompt written notice of the conclusion of the Extended Evaluation Periods and whether the Supplemental Sale Order has become a final, non-appealable order. For purposes of this Section 8.6, "a final, non-appealable order" shall include a Supplemental Sale Order (i) which has been affirmed or the appeal of which has been dismissed by any appellate court and for which the relevant appeal period has expired (other than any right of appeal to the U.S. Supreme Court), or (ii) which has been withdrawn by the appellant. If the Supplemental Sale Order becomes a final, non-appealable order prior to the expiration of the Evaluation Period or, if applicable, the

> Extended Evaluation Periods, Purchaser shall consummate the Sale provided that all other conditions to closing have been satisfied. During any Evaluation Period or Extended Evaluation Periods, Purchaser shall reasonably cooperate in any efforts to render the Supplemental Sale Order a final, non-appealable order, including timely taking reasonable steps in preparation for closing of the transactions described in this Agreement; provided, however, Purchaser shall not be obligated to expend more than $500,000. For the avoidance of doubt, neither this provision, nor any of the rights granted to the Purchaser herein, shall constitute a waiver of any party in interest's right to argue that any appeal from the Sale Order should be dismissed on statutory, Constitutional or equitable mootness grounds.

(iii) in Section II, H(a), in Schedule 6.1(b)(3), annexed to the Stalking Horse APA [Docket No. 1279, at 111], the reference to Section 6.26(b)(2) is hereby corrected to Section 6.1(b)(2); and

(iv) other clarifications to the Bidding Procedures set forth in the attached Exhibit "1" are hereby deemed incorporated into Schedule 6.1(b)(3), annexed to the Stalking Horse APA [Docket No. 1279, at 111].

12. The Break-Up Fee, as modified, is **APPROVED** for the reasons stated on the record. If the Stalking Horse Purchaser is not the Successful Bidder and is not then in breach, and the Stalking Horse APA has not otherwise been terminated, the Stalking Horse Purchaser shall be paid at the closing of the Sale of the Purchased Assets (i) three and one-quarter percent (3.25%) of the Cash Consideration ($19,825,000.00), plus (ii) reimbursement of reasonably documented reasonable costs and expenses in an amount not to exceed $2,000,000.00. Notwithstanding anything to the contrary contained herein, upon payment of the Break-Up Fee to the Stalking Horse Purchaser, the Debtors and their representatives and affiliates, on the one hand, and Stalking Horse Purchaser and its respective representatives and affiliates, on the other hand, will be deemed to have fully released and discharged each other from any liability resulting from the termination of the Stalking Horse APA, and neither the Debtors and their representatives and

(the "Stalking Horse Purchaser"), on the other hand, pursuant to which the Stalking Horse Purchaser shall acquire the Assets on the terms and conditions specified therein (together with the schedules and related documents thereto, the "Stalking Horse APA"). The sale transaction pursuant to the Stalking Horse APA is subject to competitive bidding as set forth herein. II. THE BID PROCEDURES

In order to ensure that the Debtors receive the maximum value for the Purchased Assets and/or the Other Assets, they intend to hold a sale process for the Purchased Assets and/or the Other Assets pursuant to the procedures and on the timeline proposed herein.

Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to

participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following Debtors:

(a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets and/or the Other Assets or otherwise participating in connection with such bid; and

B. Due Diligence

The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtor, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

C. Provisions Governing Qualified Bids

A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a "Qualified Bid", and each such Potential Bidder thereafter a "Qualified Bidder") only if the bid complies with all of the following requirements:

d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-up Bidder, the date that is thirty (30) business days after entry of the Sale Order;

Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the "Remaining Facility"), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on an aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtor will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the "Full Bid Auction"), which shall be transcribed, on **April 9, 2019, at 10:00 a.m. (prevailing Pacific Time)** (the "Full Bid Auction Date"), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction. The Partial Bid Auction and the Full Bid Auction shall run in accordance with the following procedures:

a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;

b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;

c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;

d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;

e) the Debtors, after consultation with the Consultation Parties, the Stalking Horse Purchaser, and any other Qualified Bidders may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bidding Procedures, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;

f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified

Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and

h) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the Auction, the Debtors, in consultation with their advisors and the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bidders submitted at the Auction (one or more such bids, collectively the "Successful Bid" and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The Successful Bid may consist of a single Qualified Bid or multiple bids.

TONS US LLP
601 SOUTH FIGUEROA STREET, SUITE 2500
LOS ANGELES, CALIFORNIA 90017-5704
(213) 623-9300

The determination of the Successful Bid by the Debtors at the conclusion of the Auction shall be subject to approval by the Court.

If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder, then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in above in paragraph 30, subsection (o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit will be no less than $30,000,000. If selected as the Successful Bidder or the Back-Up Bidder at the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the "Final Deposit"), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the amount of its last bid).

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within twenty-four (24) hours following the conclusion of the Full Bid Auction, and within forty-eight (48) hours following the conclusion of the Partial Bid Auction, the Debtors shall file a notice identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets and (to the extent included in an Overbid) the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder's Purchase Agreement.

J. Return of Deposits

All deposits shall be returned to each bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder no later than five (5) business days following the conclusion of the Auction.

K. Back-Up Bidder

If an Auction is conducted (whether it be a Full Bid Auction or a Partial Bid Auction), the Qualified Bidder or Qualified Bidders (including the Stalking Horse Purchaser, subject to Section II H.(b) hereof) with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, at the Auction shall be required to serve as a back-up bidder (the "Back-Up Bidder") and keep such bid open (whether it be a Partial Bid or Full Bid) and irrevocable for thirty (30) business days after the entry of the Sale Order (the "Thirty Day Period"). If during the Thirty-Day Period, the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court provided that the Back-Up Bidder shall thereafter keep such bid

TONS US LLP

Los Angeles, California 90017-5704
(213) 623-9300

open and irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however, that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and required to consummate the sale to the Stalking Horse Purchaser in accordance with the terms of the Stalking Horse APA, as such terms may (at the discretion of the Stalking Horse Purchaser) have been modified as a result of the Full Bid Auction or the Partial Bid Auction.

If, after the Thirty-Day Period, the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder (including the Stalking Horse Purchaser if it has been designated the Back-Up Bidder) may elect, in its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful Bidder defaults, or (c) the Back-Up Bidder elects to terminate its participation as Back-Up Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no reopening of the auction.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Assets an amount in cash equal to three percent (3.25%) of the Cash Consideration ($19,825,000.00) plus reimbursement of reasonably documented reasonable costs and expenses in an amount not to exceed $2,000,000.00. The Break-Up Fee shall be payable at closing of the sale from the sale proceeds.

If the Stalking Horse APA is terminated because the Stalking Horse Purchaser is not selected as the Successful Bidder or the Back-Up Bidder at Auction (or the Stalking Horse Purchaser is selected as the Back-Up Bidder but the sale of the Assets is consummated and closed with another entity), the Debtors shall pay to the Stalking Horse Purchaser the Break-Up Fee by wire transfer of immediately available funds immediately, and contemporaneous with, the closing of the sale of the Assets from the first cash proceeds thereof. The Break-Up Fee shall constitute an administrative expense claim with priority under Section 507(a) of the Bankruptcy Code in favor of the Stalking Horse Purchaser.

III. Sale Hearing

The Debtors will seek entry of the Sale Order from the Court at the Sale Hearing to begin at **10:00 a.m. Pacific Time on April 17, 2019** (or at another date and time convenient to the Court) to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures.

At the Sale Hearing, the Debtors will seek Court approval of the Sale to the Successful Bidder, (or, in the event the Successful Bidder fails to close, the Back-Up Bidder), free and clear of all liens, claims, interests, and encumbrances pursuant to § 363 of the Bankruptcy Code, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets (and to the extent included in the Successful Bid, the Other Assets prior to the Sale), including the assumption by

the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to Section 365 of the Bankruptcy Code. The Debtors will submit and present additional evidence, as necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets and/or the Other Assets.

IV. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers must submit their sealed, highest and best offer for the Purchased Assets and/or Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv) impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel the Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

Contracts and Unexpired Leases; and (II) an Order (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances (the "Motion").[8]

PLEASE TAKE FURTHER NOTICE that, on [DATE], the Court entered an Order (the "Bidding Procedures Order") approving, among other things, the Bidding Procedures requested in the Motion, which Bidding Procedures Order governs (i) the bidding process for the sale of certain assets (the "Assets") of the Debtors and (ii) procedures for the assumption and assignment of certain of the Debtors' executory contracts and unexpired leases.

PLEASE TAKE FURTHER NOTICE that the Motion also seeks Court approval of the sale (the "Sale") of the Assets to the Successful Bidder(s), free and clear of all liens, claims, interests and encumbrances pursuant to Section 363 of the Bankruptcy Code, including the assumption by the Debtors and assignment to the buyer(s) of certain executory contracts and unexpired leases pursuant to Section 365 of the Bankruptcy Code (the "Executory Contracts Subject to Assumption"), with such liens, claims, interests and encumbrances to attach to the proceeds of the Sale with the same priority, validity and enforceability as they had prior to such Sale. Re: Seton Campus, Daly City, Ca.

Dear Ms. Kim,

On behalf of Avant Group, Inc. (AGI), thank you for considering our company as it relates to the disposition of the Seton Campus property in Daly City. AGI has a 15-year track record of successfully developing mixed-use multifamily assets located in urban-infill Bay Area locations. We believe that the Seton Campus property presents a unique opportunity to develop an exceptional mixed-use project.

Amongst our many successes, AGI has enjoyed a productive 10-year development partnership with the California Public Employees Retirement System (CalPERS). As their fiduciaries, we have executed the development of over half a billion dollars of multifamily development projects (1,200+ dwelling units) in the Bay Area.

Of relevance to the Seton Campus site, AGI is pleased to have recently been selected by the City of South San Francisco to develop a 6-acre, 800+ unit project on City land next to the South San Francisco BART Station. AGI was selected in a competitive RFP process from a pool of 11 development teams. We believe the nature of this site and market have similarities to the Seton Campus site.

Pursuant to the questions in your email dated August 6th, please find our responses, below:

- *Provide a summary of process, timetable and the key milestones for you to determine the viability of the Seton Medical Campus as a multi-family redevelopment site.*

  Upon entering an agreement as the sole company pursuing the acquisition of the Seton Campus property, AGI estimates it would require ninety (90) days to evaluate the viability of the property as a multi-family development site. During this timeframe, AGI would complete its due diligence of the property. Examples of diligence matters specific to the property include: title review, land survey, geotechnical review, environmental review, property condition assessment, land use review, development feasibility review by architect and general contractor.

- *Specifically, we would like to know what discussion you would need to have with Daly City and any other government agencies and how long those discussion would take to get a reasonable idea about what would be possible on this site.*

AGI believes we would require 1-2 months to complete preliminary review of the site's development potential with municipal interests. AGI understands the sensitive nature of this property, and would therefore try to limit public agency engagement as much as is feasible. Potential City parties could include the Department of Economic and Community Development, the City Attorney, the City Manager, and Mayor. AGI has personal relationships with both the Mayor and City Attorney.

- *How long do you estimate it would take to get the parcels fully entitled?*

  AGI believes entitlement of the parcels will take 12-18 months.

- *Please provide an estimated range of values for the parcel today, an estimated range of values if we allowed you a 45 day period to meet with Daly City and consult with architects and engineers, and an estimated range of values if you acquired the parcel after completing the entitlement process.*

  AGI attributes the following estimated ranges to the property:

	Value Today	Value after 45 days[1]	Value upon entitlement
Fee Simple purchase	$10,000,000-$15,000,000	$10,000,000-$15,000,000	$40,000,000-$50,000,000

- *Would you be willing to consider being a stalking horse bidder and enter into an asset purchase agreement after having 45 days to evaluate the project and meet with the city?*

  Yes, assuming the asset purchase agreement provides for a due diligence period.

- *Summarize any other considerations that we should be aware of with respect to this project.*

  None at this time.

We appreciate your interest in AGI for the Seton Campus property. The scale, existing structures and topography of the site create what may be an unparalleled opportunity for mixed-use development. Should we be chosen to advance in this process, we welcome the opportunity to complete further review of the property. Please do not hesitate to contact me with any questions.

Sincerely,

[redacted]

Jesse Herzog

[1] Given 90 days and completion of due diligence, the value could be $20,000,000-$25,000,000 unentitled.

Gentlemen:

I am pleased to submit on behalf of AHMC Healthcare Inc. our preliminary nonbinding proposal to Verity Health System in response to its Offering Memorandum seeking buyers for St Francis Medical Center and St Vincent Medical Center.

Overview of AHMC Healthcare Inc.

As one of the leading and most respected locally operated health care organizations in Southern California, with a demonstrated track record of successfully acquiring, integrating and operating essential acute care community hospitals, AHMC Healthcare Inc. is uniquely qualified and positioned to offer Verity Health System a relationship that creates long-term value for the hospitals, local physicians, employees and area residents.

AHMC Healthcare Inc. has an established track record of successfully completing transactions of this type in California. Testament to this fact is the successful transaction completed with CHW (now known as Dignity Health) in 2008 relative to San Gabriel Valley Medical Center. Similarly, in 2009, we successfully completed the acquisition of Anaheim Memorial Medical Center, another major non-profit community-based hospital in Orange County California. In each of these instances we have been warmly welcomed by all constituent groups, secured all regulatory approvals and have expanded programs and services to the communities we serve.

As you know the Founder of AHMC Healthcare Inc., Dr. Jonathan Wu, has assembled and retained an experienced and well qualified team, led by Eric Tuckman, who enjoys a long standing trusted relationship with the regulatory and governmental agencies (including the California Attorney General's Office) assigned responsibility for transactions of this type.

We believe we are uniquely qualified and have more than sufficient resources available to complete this transaction in an expedited fashion. Subject to the performance of confirmatory due diligence and depending upon the review period utilized by the California Attorney General we are prepared to Close this transaction upon receipt of required regulatory and governmental approvals. We would require no longer than a 60-day due diligence period.

Total Acquisition Consideration

The total consideration for the proposed transaction will be financed internally by AHMC Healthcare and will be structured as follows:

Cash Payments

a. The sum of **240 Million Dollars**, plus or minus the book value of the Net Working Capital (defined below) of the LA County Facilities (inclusive of all outpatient/ancillary sites and professional building described in the Offering Memorandum), as of the Closing Date. Structure

The transaction structure AHMC Healthcare Inc., will utilize to consummate this transaction is an asset purchase agreement, in the context of an anticipated bankruptcy proceeding, with customary warranties, representations, covenants and conditions and contractual terms consistent with transactions of this type and scope.

Total Acquisition Consideration

The total consideration for the proposed transaction will be financed internally by AHMC Healthcare and will be structured as follows:

Cash Payments and Retained Supplemental Medicaid payments

a. The sum of **250 Million Dollars**, plus or minus the book value of the Net Working Capital (defined below) of the LA County Facilities (inclusive of all outpatient/ancillary sites and professional buildings described in the Offering Memorandum), as of the Closing Date.

b. Irrespective of when received or when recognized under accounting recognition methodologies utilized, the amounts set forth below each year for a period of three (3) years, calculated on an annual basis, equal to all net amounts allocated to the LA County Facilities under the California Provider Fee Program and MediCal DSH &Trauma Programs (both SB 855 and SB 1255) during the respective State fiscal years. For the purposes of this Section "net amounts" shall mean those amounts retained after payment of applicable Provider Tax and contributions of required amounts to the CHA Foundation. **An agreed upon schedule of such amounts shall be included as an exhibit to the Asset Purchase Agreement.**

   Assuming a Closing on or about April 1, 2019, we estimate this component would be allocated as follows:

   SFY 18/19- Verity Retention of 75% of Net Amounts ($92.25M)

   SFY 19/20*- AHMC Payment of 25% of Net Amounts ($30.75M)
   SFY 20/21*- AHMC Payment of 25% of Net Amounts ($30.75M)

   **QAF &DSH/TRAUMA net amounts must be at least 80% of SFY 19/19 net amounts to trigger any payments during these years.*

c. We estimate that total cash consideration AHMC would pay under the structure we have proposed would constitute **$311.5M** for the La County Facilities.

   Our allocation of purchase price would attribute **$270M** to St Francis Medical Center (including its two medical office buildings), **$20M** to St Vincent Medical Center and **$21.5M** to the related MOB's and vacant real estate attributed to the St Vincent Medical Center campus and owned by Verity Holding LLC.

The term "Net Working Capital" is defined as an amount equal to the difference between (i) the current assets of the LA County Facilities, which shall include only useable inventories and prepaid expenses which provide benefits to AHMC Healthcare Inc. after Closing as set forth on the unaudited balance sheet dated immediately prior to the Closing and (ii) the current liabilities of La County Facilities, which shall consist only of accrued payroll and related expenses recorded consistent with historical accounting policies and practices.

Acquired Assets

Assets to be acquired or assigned include, but are not limited to (collectively, the "Assets"):

- The property, plant and equipment used in the operation of the LA County Facilities;

(b) Purchaser acknowledges that Purchaser will be examining, reviewing and inspecting all matters which in Purchaser's judgment bear upon the Assets, the Sellers, the Hospital, the business of the Hospital and their value and suitability for Purchaser's purposes and is relying solely on Purchaser's own examination, review and inspection of the Assets and Assumed Obligations. In that connection, for a period of sixty (60) days following the Signing Date (the "**Due Diligence Period**") Purchaser shall undertake to its satisfaction its own due diligence investigation, and based thereon, form its own independent judgment with respect to the Assets and Assumed Liabilities and in furtherance thereof each Seller will give Purchaser full access to such documents and information about such Seller, its businesses and operations as well as access to the Real Property (as defined in Section 2.9 below), as Purchaser deems necessary to enable it to make an informed decision with respect to the execution, delivery and performance of this Agreement and the transactions contemplated hereby. At any time prior to the end of the Due Diligence Period, Purchaser may elect to terminate this Agreement for whatever reason, or for no reason, by providing Sellers written notice of Purchaser's election to terminate, upon which termination Purchaser shall be entitled to refund of the Deposit (a "**Termination Notice**"). If Purchaser fails to deliver to Sellers a Termination Notice prior to the expiration of the Due Diligence Period, subject to any other termination rights of Purchaser provided for in this Agreement, Purchaser shall be deemed to have approved of the Assets and Assumed Liabilities for purposes of this Section 1.12(b). Purchaser releases each Seller and its affiliates from all

responsibility and liability regarding the condition, valuation, salability or utility of the business of the Hospital or the Assets, or their suitability for any purpose whatsoever. Purchaser further acknowledges that the representations and warranties of Sellers contained in ARTICLE 2 of this Agreement are the sole and exclusive representations and warranties made by Sellers to Purchaser (including with respect to the Hospital, the Assets and the Assumed liabilities) and shall expire, and be of no further force or effect at the Closing.

ARTICLE 2

REPRESENTATIONS AND WARRANTIES OF SELLERS

Each Seller hereby represents, warrants and covenants to Purchaser, severally (and not jointly) with respect to such Seller only as to the following matters, except as disclosed in the disclosure schedule as of the Signing Date, as may be amended pursuant to the terms of this Agreement, (the "**Disclosure Schedule**") hereby delivered by Sellers to Purchaser and, except as otherwise provided herein, each Seller shall be deemed to remake all of the following representations, warranties and covenants as of the Closing Date,:

2.1 Authorization. Such Seller has all necessary corporate power and authority to enter into this Agreement and, subject to Bankruptcy Court approval, to carry out the transactions contemplated hereby.

2.2 Binding Agreement. This Agreement has been duly and validly executed and delivered by such Seller and, assuming due and valid execution by Purchaser, this Agreement constitutes a valid and binding obligation of such Seller enforceable in accordance with its terms subject to (a) applicable bankruptcy, reorganization, insolvency, moratorium and other laws affecting creditors' rights generally from time to time in effect and (b) limitations on the enforcement of equitable remedies.

2.3 Organization and Good Standing; No Violation.

(a) Such Seller is a non-profit corporation duly organized, validly existing and in good standing under the laws of the State of California. Such Seller has all necessary power and authority to own, operate and lease its properties and to carry on its businesses as now conducted.

(b) Neither the execution and delivery by such Seller of this Agreement nor the consummation of the transactions contemplated hereby by such Seller nor compliance with any of the material provisions hereof by such Seller, will violate, conflict with or result in a breach of any material provision of such Seller's articles of incorporation or bylaws or any other organizational documents of such Seller.

2.4 Contracts. Except as set forth in **Schedule 2.4**, upon entry of the Sale Order and Purchaser's payment of the Cure Costs, to Seller's knowledge, Seller is not in breach or default of the Assumed Contracts or Assumed Leases. No provision of this Section 2.4 shall apply to any failure to obtain consents to the assignment of the Assumed Contracts and Assumed Leases from third parties to the Assumed Contracts and Assumed Leases for which consent is required

to assign the Assumed Contracts and Assumed Leases to Purchaser (the "**Contract and Lease Consents**").

2.5 Brokers and Finders. Except as set forth on **Schedule 2.5**, neither such Seller nor any affiliate thereof, nor any officer or director thereof, have engaged or incurred any liability to any finder, broker or agent in connection with the transactions contemplated hereunder.

2.6 Legal Proceedings. Except as described on **Schedule 2.6**, there are no claims, proceedings or investigations pending or, to the best knowledge of such Seller, threatened relating to or affecting Seller or any affiliate of Seller before any court or governmental body (whether judicial, executive or administrative) in which an adverse determination would materially adversely affect the properties, business condition (financial or otherwise) of Seller or any affiliate of Seller or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby. Neither Seller nor any affiliate of Seller is subject to any judgment, order, decree or other governmental restriction specifically (as distinct from generically) applicable to Seller or any affiliate of Seller which materially adversely affects the condition (financial or otherwise), operations or business of Seller or any affiliate of Seller or which would adversely affect Seller's ability to consummate the transactions contemplated hereby.

2.7 Title to Personal Property. Except a set forth on **Schedule 2.7**, each Seller owns and holds good and valid title or leasehold title, as the case may be, to all Personal Property free and clear of any liens or encumbrances other than the Permitted Exceptions. On the Closing Date, such Seller will convey to Purchaser good and valid title to the Personal Property, free and clear of any liens or encumbrances other than the Permitted Exceptions.

2.8 Real Property. Seller owns fee simple title to such Seller's Owned Real Property free and clear of any liens or encumbrances other than the Permitted Exceptions. Seller owns a valid leasehold interest in the Leased Real Property free and clear of any liens or encumbrances other than the Permitted Exceptions. Except as set forth on **Schedule 2.8**, all material obligations of Seller as landlord under the Tenant Leases have been fully performed in all material respects and, to Seller's knowledge, no tenant under any of the Tenant Leases is in default of any of its material obligations under any such Tenant Lease. To the knowledge of Seller, the uses of the Owned Real Property, the Leased Real Property and the real property subject to the Tenant Leases (all such real property, collectively, the "**Real Property**") or any portion thereof is put as of the Signing Date are allowed under the applicable zoning classification(s) and as of the Signing Date.

2.9 Environmental Matters. To Seller's knowledge, except where the failure of which would not reasonably be expected to have a material adverse effect, there are no circumstances in existence and affecting the Hospital (in a manner differently from the industry generally) or the Real Property that may prevent or interfere with compliance by the Hospital or the Real Property in all material respects with all applicable environmental laws.

2.10 Licenses. To Seller's knowledge, **Schedule 1.7(b)** contains an accurate list of all material Licenses and permits, franchises and certificates of need (including applications

therefor) owned or held by Seller relating to the ownership, development or operations of the Hospital and the Assets, all of which, to Seller's knowledge, are in good standing (to the extent granted) or have been applied for and are not subject to meritorious challenge, except where the failure to be in good standing or be subject to meritorious challenge would not reasonably be expected to have a material adverse effect. The Hospital is duly licensed as an acute care hospital by the appropriate state agencies and any ancillary departments operated by the Hospital that are required to be separately licensed are duly licensed by the appropriate state agencies, except where the failure of which would not reasonably be expected to have a material adverse effect. The Hospital is in compliance in all material respects with such licensing requirements, except where the failure to be in compliance would not reasonably be expected to have a material adverse effect. To Seller's knowledge, there is nothing relating to any such Licenses, permits and certificates of need (including applications therefor) which would preclude or limit Purchaser from operating the Hospital and using all the beds of the Hospital as they are currently classified. Seller has made available to Purchaser complete and genuine copies of the latest licensure, survey and/or fire marshal reports of the Hospital and plans of correction or responses thereto, to the extent available from the licensing agencies. All violations set forth in such reports, if any, have been or by Closing will be corrected, or Seller will be in compliance with any relevant plan of correction in all material respects at its expense.

The Hospital is qualified for participation in and, where qualified, has current and valid provider contracts with, the government payment programs set forth on **Schedule 2.11** (including Medicare and Medicaid, the "**Government Payment Programs**") and/or their fiscal intermediaries or paying agents and complies in all material respects with the conditions of participation therein, except where the failure to be qualified or be in compliance would not reasonably be expected to have a material adverse effect. Except to the extent liabilities and contractual adjustments of the Hospital under the Government Payment Programs have been properly reflected and adequately reserved in the Hospital's financial statements, to Seller's knowledge, Seller has not received notice of any dispute or claim by any governmental authority, fiscal intermediary or other person regarding the Government Payment Programs or Seller's participation therein relating to the Hospital. The Hospital is duly accredited with no contingencies by the accrediting organizations named on **Schedule 2.12** for the periods specified thereon. Seller has made available to Purchaser complete and genuine copies of the most recent accreditation survey, reports, deficiency lists, statements of deficiency, plans of correction and similar materials. Seller has taken or is taking all reasonable steps to correct all material deficiencies, if any, noted therein.

2.12 Employees and Employee Relations. **Schedule 2.12** sets forth a complete list (as of the Signing Date) of positions, current annual salaries or wage rates, and bonus and other compensation arrangements of all full-time and part-time employees of Seller employed in the operation of the Hospital and any other Seller business (indicating whether each employee is part-time or full-time, and whether such employee is employed under written contract). There is no pending or, to Seller's knowledge, threatened employee strike, work stoppage or slowdown, labor dispute or unfair labor practices at the Hospital.

2.13 Litigation and Proceedings. Except as described in **Schedule 2.13**, (i) there are no claims, actions, suits, litigation, investigations, arbitrations, mediations or other proceedings pending, affecting or to Seller's knowledge threatened against Seller with respect to the Hospital

or the Assets which would reasonably be expected to have a material adverse effect, and (ii) there is no pending or, to Seller's knowledge, threatened, litigation, arbitration, investigation or other proceeding involving Seller of or before any court, arbitrator or governmental, regulatory or administrative official, body or authority that is reasonably likely to prevent or materially delay the consummation by Seller of the transactions contemplated by this Agreement.

2.14 Seller Knowledge. References in this Agreement to "Seller's knowledge or "the knowledge of Seller" means the actual knowledge of the Chief Executive Officer or Chief Financial Officer of the applicable Seller, without independent research. No constructive or imputed knowledge shall be attributed to any such individual by virtue of any position held, relationship to any other Person or for any other reason.

ARTICLE 3

REPRESENTATIONS AND WARRANTIES OF PURCHASER

As an inducement to Sellers to enter into this Agreement and to consummate the transactions contemplated by this Agreement, Purchaser hereby represents, warrants and covenants to Sellers as to the following matters as of the Signing Date and, except as otherwise provided herein, shall be deemed to remake all of the following representations, warranties and covenants as of the Closing Date:

3.1 Authorization. Purchaser has full power and authority to enter into this Agreement and has full power and authority to perform its obligations hereunder and to carry out the transactions contemplated hereby. No additional internal consents are required in order for Purchaser to perform its obligations and agreements hereunder.

3.2 Binding Agreement. This Agreement has been duly and validly executed and delivered by Purchaser and, assuming due and valid execution by Sellers, this Agreement constitutes a valid and binding obligation of Purchaser enforceable in accordance with its terms subject to (a) applicable bankruptcy, reorganization, insolvency, moratorium and other laws affecting creditors' rights generally from time to time in effect and (b) limitations on the enforcement of equitable remedies.

3.3 Organization and Good Standing. Purchaser is a corporation duly organized, validly existing and in good standing under the laws of the State of California, is or will be duly authorized to transact business in the State of California, and has full power and authority to own, operate and lease its properties and to carry on its business as now conducted.

3.4 No Violation. Except as set forth in **Schedule 3.4**, neither the execution and delivery by Purchaser of this Agreement nor the consummation of the transactions contemplated hereby nor compliance with any of the material provisions hereof by Purchaser will (a) violate, conflict with or result in a breach of any material provision of the Articles of Incorporation, Bylaws or other organizational documents of Purchaser or any contract, lease or other instrument by which Purchaser is bound; (b) require any approval or consent of, or filing with, any governmental agency or authority, (c) violate any law, rule, regulation, or ordinance to

which Purchaser is or may be subject, (d) violate any judgment, order or decree of any court or other governmental agency or authority to which Purchaser is subject.

3.5 Brokers and Finders. Except for Strategic Health Advisors, neither Purchaser nor any affiliate thereof nor any officer or director thereof has engaged any finder or broker in connection with the transactions contemplated hereunder.

3.6 Representations of Sellers. Purchaser acknowledges that it is purchasing the Assets on an "AS IS, WHERE IS" basis (as more particularly described in Section 1.12), and that Purchaser is not relying on any representation or warranty (expressed or implied, oral or otherwise) made on behalf of either Seller other than as expressly set forth in this Agreement. Purchaser further acknowledges that neither Seller is making any representations or warranties herein relating to the Assets or the operation of the Hospital on and after the Effective Time.

3.7 Legal Proceedings. Except as described on **Schedule 3.7**, there are no claims, proceedings or investigations pending or, to the best knowledge of Purchaser, threatened relating to or affecting Purchaser or any affiliate of Purchaser before any court or governmental body (whether judicial, executive or administrative) in which an adverse determination would materially adversely affect the properties, business condition (financial or otherwise) of Purchaser or any affiliate of Purchaser or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby. Neither Purchaser nor any affiliate of Purchaser is subject to any judgment, order, decree or other governmental restriction specifically (as distinct from generically) applicable to Purchaser or any affiliate of Purchaser which materially adversely affects the condition (financial or otherwise), operations or business of Purchaser or any affiliate of Purchaser or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby.

3.8 No Knowledge of a Seller's Breach. Neither Purchaser nor any of its affiliates has knowledge of any breach of any representation or warranty by either Seller or of any other condition or circumstance that would give Purchaser a right to terminate this Agreement pursuant to Section 9.1(c). If on or before the Closing Date Purchaser obtains knowledge (whether through a Seller or otherwise and whether before or after the Signing Date) of information that would give Purchaser a right to terminate this Agreement pursuant to Section 9.1(c), Purchaser must immediately notify Sellers of any such information on or before the Closing Date, and Purchaser's failure to so notify Sellers shall constitute a waiver of such right in relation to the relevant breach.

3.9 Ability to Perform. Purchaser has the ability to obtain funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and will at the Closing have immediately available funds in cash, which are sufficient to pay the Purchase Price and to pay any other amounts payable pursuant to this Agreement and to consummate the transactions contemplated by this Agreement.

3.10 Purchaser Knowledge. References in this Agreement to "Purchaser's knowledge" or "the knowledge of Purchaser" means the actual knowledge of the Chief Executive Officer, Chief Financial Officer or Chief Operating Officer of Purchaser, without independent research. No constructive or imputed knowledge shall be attributed to any such

individual by virtue of any position held, relationship to any other Person or for any other reason.

3.11 [Intentionally Omitted]

ARTICLE 4

COVENANTS OF SELLERS

4.1 Access and Information; Inspections.

4.1.1 From the Signing Date through the Effective Time, (a) each Seller shall afford to the officers and agents of Purchaser (which shall include accountants, attorneys, bankers and other consultants and authorized agents of Purchaser) reasonable access during normal business hours at Seller's corporate headquarters in El Segundo, California to, and the right to inspect, the books, accounts, records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital of such Seller and the plant and property of the Hospital of such Seller at the Hospital of such Seller and (b) each Seller shall furnish Purchaser with such additional financial and operating data and other information in such Seller's possession as to businesses and properties of the Hospital of such Seller as Purchaser or its representatives may from time to time reasonably request; *provided, however*, that such Seller is not obligated to disclose information which is proprietary to such Seller and would not be essential to the ongoing operation of the Hospital of such Seller by Purchaser; *provided, further*, that all disclosures of information shall be consistent with the confidentiality agreements and any other non-disclosure agreements entered into (or to be entered into) among Purchaser, its representatives and such Seller. Purchaser's right of access and inspection shall be exercised in such a manner as not to interfere unreasonably with the operations of any Seller or the Hospital.

4.1.2 Each Seller shall, at its sole cost and expense, obtain from a qualified environmental consulting firm a written Phase I environmental survey of such Seller's Owned Real Property and shall cause such environmental consulting firm to deliver a copy of the environmental survey to Purchaser no later than thirty (30) days after the Signing Date.

4.1.3 Each Seller shall, at its sole cost and expense, promptly obtain from a qualified title company a preliminary title report covering such Seller's Owned Real Property (the "**PTR**") and shall also promptly obtain, at Seller's sole cost and expense, from a qualified land surveying firm a land survey of such Seller's Owned Real Property complying with the Minimum Standard Detail Requirements for ALTA/ACSM Land Survey Titles (the "**Survey**") and shall cause such title company and such land surveying firm to deliver, respectively, a copy of each PTR and a copy of each Survey to Purchaser no later than thirty (30) days after the Signing Date.

4.1.4 Notwithstanding anything contained herein, neither Seller shall be required to provide Purchaser or its representatives or agents access to or disclose information where such access or disclosure would violate the rights of its patients, jeopardize the attorney-client or similar privilege with respect to such information or contravene any law, judgment, fiduciary duty or contract entered into prior to or on the date of this Agreement with respect to such information.

4.2 Cooperation.

4.2.1 Each Seller shall reasonably cooperate with Purchaser and its authorized representatives and attorneys: (a) in Purchaser's efforts to obtain all consents, approvals, authorizations, clearances and licenses required to carry out the transactions contemplated by this Agreement (including, without limitation, those of governmental and regulatory authorities) or which Purchaser reasonably deems necessary or appropriate, (b) in the preparation of any document or other material which may be required by any governmental agency as a predicate to or result of the transactions contemplated in this Agreement, and (c) in Purchaser's efforts to effectuate the assignment of Assumed Contracts to Purchaser as of the Closing Date. Except as may be otherwise requested by a Seller in order to comply with applicable law or regulatory guidance, notwithstanding anything contained herein, other than Bankruptcy Court orders and authorizations, it shall be Purchaser's sole responsibility (including payment of any fees, expenses, filings costs or other amounts) to obtain the Contract and Lease Consents, as well as all governmental consents, approvals, assignments, authorizations, clearances and licenses required to (x) carry out the transactions contemplated by this Agreement, including but not limited to medical licenses and/or (y) transfer any of the Assets, including any Licenses. To the extent Purchaser needs certain information and data which is in the possession of a Seller in order for Purchaser to complete Purchaser's license and permit approval applications, Purchaser shall receive, upon request, reasonable assistance from such Seller in connection with the provision of such information.

4.2.2 Notwithstanding any provision to the contrary contained in this Agreement, neither Seller shall be obligated to obtain the approval or consent to the assignment, to Purchaser, of any Assumed Contracts or Assumed Leases, from any party to any of the Assumed Contracts or Assumed Leases even if any such contract or lease states that it is not assignable without such party's consent; *provided, however,* that obtaining the approval or consent to the assignment to Purchaser of those Assumed Contracts and Assumed Leases set forth on **Schedule 4.2.2** (the "**Required Assumed Contracts and Leases**") shall be a condition precedent to Purchaser's obligation to close the transactions contemplated by this Agreement.

4.3 Other Bidders. Purchaser expressly acknowledges and agrees that each Seller has an obligation to seek out and determine the best and highest offer reasonably available for such Seller's assets in accordance with the Bankruptcy Code, and nothing herein shall amend, modify, alter, diminish or affect such obligation.

4.4 Conduct of Business. Prior to the Closing Date, except as required or permitted by this Agreement or approved by Purchaser in writing, which approval shall not be unreasonably withheld or delayed, each Seller shall use commercially reasonable efforts to operate such Seller's Hospital and all ancillary businesses as presently operated and only in the ordinary course. Furthermore, prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Purchaser shall otherwise consent in writing, Sellers shall not take any action or fail or omit to take any action which would cause any of Seller's representations and warranties set forth in ARTICLE 2 to be inaccurate or untrue as of the Closing

4.5 Attorney General Filings. Promptly after entry of the Sale Order, Seller shall cooperate in obtaining any required review and consent by the California Attorney General to the sale of the Assets to Purchaser in accordance with this Agreement and the Sale Order

pursuant to Title 11, Chapter 15, Section 999.5 of the California Code of Regulations, including without limitation, preparing and submitting to the Attorney General a notice of the transactions contemplated by this Agreement within ten (10) calendar days after entry of the Sale Order, participating in any required Attorney General or public meetings, and negotiating any conditions proposed by the Attorney General for the consummation of such transactions.

4.6 Sellers' Efforts to Close. Each Seller shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Purchaser's obligations under this Agreement to the extent that such Seller's action or inaction can control or materially influence the satisfaction of such conditions; provided, however, that such Seller shall not be required to pay or commit to pay any amount to (or incur any obligation in favor of) any person (other than filing or application fees).

4.7 Termination Cost Reports. Each Seller shall file all Medicare, Medi-Cal and any other termination cost reports required to be filed as a result of the consummation of (a) the transfer of the Assets of such Seller to Purchaser and (b) the transactions contemplated by this Agreement with respect to such Seller. Purchaser shall permit each Seller access to all Hospital books and records to prepare such reports and shall assist such Seller in the process of preparing, filing, and reviewing the termination cost reports. ARTICLE 5

COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions.

5.2 Required Governmental Approvals. Purchaser (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled, and (b) will provide such other information and communications to governmental and regulatory authorities as either Seller or such authorities may reasonably request. Except for the required notice(s) to the California Attorney General, Purchaser is responsible for all filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining

the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtain any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective time are: (i) employees of either Seller; (ii) employees of any affiliate of either Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of either Seller and are listed on **Schedule 5.3**. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity Health System of California, Inc. or any other affiliate of Seller unless such individual is listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "Hired Employees." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Closing Date.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date, by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time.

(c) After the Closing Date, Purchaser's human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within ten (10) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees.

(d) With respect to any collective bargaining agreements or labor contract with respect to any union employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the

Hospital on and after the Effective Time, without imposing any charge on either Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General Filings. Promptly after entry of the Sale Order, Purchaser shall cooperate with Sellers in obtaining any required review and consent by the California Attorney General to the sale of the Assets to Purchaser in accordance with this Agreement and the Sale Order pursuant to Title 11, Chapter 15, Section 999.5 of the California Code of Regulations, including without limitation, participating in any required Attorney General or public meetings, and negotiating any conditions proposed by the Attorney General for the consummation of such transactions.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 3 to be inaccurate or untrue as of the Closing.

5.8 Resale Certificate. Purchaser agrees to furnish to each Seller any resale certificate or certificates or other similar documents reasonably requested by such Seller to comply with or obtain an exemption from pertinent excise, sales and use tax laws.

5.9 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.10 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of the Hospital's service area.

5.11 **[HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR**

Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.]

ARTICLE 6

In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal.

Purchaser shall not be permitted to terminate this Agreement pursuant to this Section 9.1(c) if Purchaser is also in material breach of this Agreement;

(d) by Purchaser pursuant to Section 1.12(b) of this Agreement;

(e) by Purchaser if satisfaction of any condition in ARTICLE 8 is or becomes impossible and Purchaser has not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date);

POST-CLOSING MATTERS

10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to either Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to either Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against either Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records, patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and, subject to reimbursement for Purchaser's out-of-pocket costs and expenses, copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose, and in accordance with all applicable laws, including, without limitation, those relating to the privacy of patient information. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended

destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation, subject to compliance with all applicable laws, including, without limitation, those relating to the privacy of patient information. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) in connection with any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital, and all in accordance with all applicable laws, including, without limitation, those relating to the privacy of patient information.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser, at no expense to itself, shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospitals or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) **[Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.]**

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-

Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall be entitled to retain the Deposit, and Sellers may, in addition thereto, pursue any rights or remedies that Sellers may have under this Agreement or applicable law, including the right to sue for damages or specific performance.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) Within twenty (20) days after the Signing Date, Purchaser shall deliver to Sellers for Sellers' review a schedule setting forth the allocation of the Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder (such schedule, as may be amended as contemplated below in this Section 11.3(b), the "**Allocation Schedule**"). The Allocation Schedule shall be deemed final and binding upon the parties upon Sellers' approval thereof. The parties shall cooperate in good faith to finalize the Allocation Schedule within 10 days after delivery of the initial draft of the schedule by Purchaser to Sellers. If within such 10 day period (or such other period as the parties may agree), the parties are unable to reach agreement on a final Allocation

Schedule, the parties shall have no further obligations under this Section 11.3(b). If the parties are able to agree on an Allocation Schedule, the parties shall refrain from taking any position that is inconsistent with the Allocation Schedule.

11.4 Cost Report Matters.

(a) Consistent with Section 4.7, Sellers shall, at Seller's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**").

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of

the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. 12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the "**Superseded Agreements**"), which Superseded Agreements shall be of no further force or effect.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party's knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of

Re: Verity Health Systems

Dear Mr. Beith, Mr. Moloney, Mr. Herbert, Ms. Kim, and Mr. McMillan:

Alecto Healthcare Services LLC ("Alecto") is pleased to submit the following preliminary proposal to acquire substantially all of the assets of St. Francis Medical Center ("SFMC"), St. Vincent Medical Center ("SVMC"), O'Connor Hospital ("OCH"), St. Louise Regional Hospital ("SLH"), Seton Medical Center ("SMC"), Seton Medical Center Coastside ("SMC-C") (SFMC, SVMC, OCH, SLH, SMC, and SMC-C shall hereinafter be referred to collectively as the "Acquired Hospitals"), and the real estate owned by Verity Holdings, LLC that is related to the operations of the Acquired Hospitals.[1] We believe that a transaction with Alecto presents several unique benefits to Verity and each of the communities served by the Acquired Hospitals including the following:

(1) Alecto is in a unique position to ensure the future success of the hospitals it seeks to acquire because it can bring about change at the hospitals and forge new relationships with labor unions and other third parties;

(2) Alecto can navigate the Attorney General review process expeditiously having received approval from the Attorney General to manage and purchase St. Rose Hospital in Hayward, California; and

(3) Alecto's senior management team has unmatched experience in acquiring hospitals in California in an expedited and smooth manner and will bring this experience to

[1] If there are other parties that seek to acquire some, but not all of the Acquired Hospitals, Alecto is willing to consider a transaction that does not include all of the Acquired Hospitals.

this transaction so that the transaction can be consummated expeditiously and without unforeseen obstacles; and

We believe that the benefits described above make Alecto the ideal candidate with which to pursue a transaction and have set forth the terms and conditions of Alecto's proposal in more detail below.

1. Overview of Alecto Healthcare Services

A. Overview and Management Team

Alecto was formed August 2012 in order to improve upon the nation's healthcare infrastructure one hospital at a time. Alecto has assembled an experienced and well-respected leadership team that has unmatched experience acquiring and managing acute care hospitals. Alecto's senior executives have more than 100 years of experience in healthcare, have played critical roles in the acquisition of more than twenty-five (25) acute care hospitals, and have successfully managed acute care hospitals in four different states. Alecto's senior leadership team includes:

- **Lex Reddy, MHA, MBA** – Chief Executive Officer – Lex has served as Alecto's Chief Executive Office since its inception. Prior to forming Alecto, Lex served as the President and Chief Executive Officer of one of the largest health systems in the country and was responsible for its growth from a one hospital system to a 16 hospital system that was recognized as a Top 10 Health System in the Nation by Thomson Reuters. Lex has more than 25 years of experience in healthcare and has particular experience in saving distressed hospitals.

- **Roger Krissman, MBA** – Chief Financial Officer – Roger has served as Alecto's Chief Financial Officer since its inception. Prior to joining Alecto, Roger served in senior leadership roles at a variety of health systems, hospitals, and providers including more than 9 years as the Chief Financial Officer of one of the largest health systems in the country with more than $1.5 Billion in Net Revenue. Roger has more than 30 years of hospital finance experience.

- **Panch Jeyakumar, M.D., FACP, FCCP** - Chief Medical Officer – Dr. Jeyakumar is a board certified pulmonologist and critical care specialist who has practiced critical care medicine for more than 30 years. Prior to joining Alecto, Dr. Jeyakumar maintained an active practice and served as the medical director for several large medical groups, IPAs, and hospitals. Dr. Jeyakumar also serves on the faculty at the University of California, Irvine's Medical School.

- **Michael Sarrao, Esq.** – Chief Legal Officer – Mike has served as Alecto's Chief Legal Officer since January 2013. Prior to joining Alecto, Mike served as Senior Vice-President and General Counsel of one of the largest health systems in the nation where he was responsible for all legal matters. Mike has served as lead counsel in connection with the acquisition of more than twenty-five (25) hospitals across the United States. Mike has been a member of the California Bar since 1996 and has more than 17 years of healthcare experience.

B. Mission

Through its commitment to integrity and innovation, Alecto's mission is to improve upon the nation's healthcare infrastructure one hospital at a time. Alecto also recognizes that while each hospital presents a unique set of challenges, the solutions always involve a strong commitment to the hospital's employees, the physicians in the community, and the patients who seek care at the hospital. Alecto takes great pride in its commitment not only to hospitals, but also the communities in which they exist.

C. Acute Care Experience

Members of Alecto's management team has served in senior leadership roles with the respect to the ownership and operation of more than twenty-five (25) acute care hospitals in four different states and are widely regarded as excellent hospital operators. In addition, Alecto has assembled an operations team that has more than 100 years of combined experience in all aspects of hospital operations including nursing, finance, medical staff, quality and performance improvement, laboratory and respiratory services, health information management, and information technology.

D. Alecto's Hospitals

Hospital	Location	Licensed Beds	Date Acquired
St. Rose Hospital	Hayward, California	217	October 2012[2]
Olympia Medical Center	Los Angeles, California	204	December 2013
Fairmont Regional Medical Center	Fairmont, West Virginia	207	September 2014
Wilson N. Jones Regional Medical Center	Sherman, Texas	222	October 2014
Ohio Valley Medical Center	Wheeling, West Virginia	218	June 2017
East Ohio Regional Hospital	Martins Ferry, Ohio	140	June 2017

2. Transaction Structure

Alecto anticipates that the transaction would be structured as an asset purchase with Alecto's subsidiaries acquiring substantially all of the assets of the Acquired Hospitals and the hospital related real estate owned by Verity Holdings[3] and assuming the Acquired Hospital's liabilities for accrued payroll, accrued payroll taxes, and accrued paid time off (the "Accrued Payroll Liabilities"). The assets to be acquired would include the Acquired Hospitals' working capital assets other than cash. Except for the Accrued Payroll Liabilities, Alecto would not assume any liabilities as part of the transaction.

---

[2] Alecto provides management services to St. Rose Hospital, a non-profit hospital, pursuant to a management agreement approved by then Attorney General Kamala Harris. Alecto also has an option to purchase St. Rose.

[3] Subject to completion of due diligence, the hospital related real estate owned by Verity Holdings that would be acquired by Alecto would include all of the real estate identified on pages 113-115 of the CIM except for the vacant land located in Clearlake Oaks, California, the Twenty-Nine Palms Property, and the vacant land located in San Bernardino, California, all of which that are listed on page 115 of the CIM.

Given the limited time to review the diligence materials in the data room and the number of uncertainties regarding this transaction (i.e., the impact of the Attorney General conditions and the ability to secure reasonable modifications to the same, the dynamics of acquiring the Acquired Hospitals but not the system, and successor liability issues surrounding the post-retirement obligations), Alecto is not in a position to set forth a definitive purchase price at this time. However, with further diligence, Alecto will be able to set forth a definitive purchase price which would consist of cash consideration at closing minus the amount of the Accrued Payroll Liabilities assumed by Alecto at closing and any other purchase price adjustments agreed to by the parties. If a definitive purchase price is required to allow Alecto to continue with the process, please contact us immediately.

3. Financing

Alecto expects to finance this transaction with a combination of new and existing credit facilities and/or contributions from other capital partners. Alecto anticipates that this financing would be in place within forty-five (45) days after execution of the definitive agreement and well before the Attorney General has approved the transaction.

4. System Executive Leadership and Hospital Executive Leadership

Alecto has historically retained the executive leadership team at the hospitals it has acquired and sought to integrate system leadership into the Alecto team. Alecto anticipates that it would follow a similar approach with this transaction but would like the opportunity to meet with the leadership team to better understand their vision for the Acquired Hospitals.

5. Strategic Plan for Acquired Hospitals

As noted above, Alecto recognizes that while each hospital presents a unique set of challenges, the solutions always involve a strong commitment to the hospital's employees, the physicians in the community, and the patients who seek care at the hospital. The essential elements of Alecto's operating plan with respect to the Acquired Hospitals include:

- Remaining committed to Verity's mission of providing quality health care to all members of the community and improving upon the already high quality of care provided at the Acquired Hospitals;

- Prudent investment of capital to replace and/or update existing equipment, information systems, and infrastructure;

- Maintaining the Acquired Hospitals as a place for independent community physicians to practice while at the same time developing relationships with larger physician groups and IPAs;

- Like it has done at its other hospitals, implementing proven protocols designed to reduce unnecessary costs and eliminate inefficiencies so that the Acquired Hospitals are low cost, efficient providers of quality healthcare to all members of the community;

- Expanding existing relationships (and developing new relationships) with local physicians and other healthcare providers in order to meet the healthcare needs of the communities served by the Acquired Hospitals; and

- Maintaining strong community involvement and support for the Acquired Hospitals by including community leaders on governing boards and working with the community to identify the needs of the community that can be met by the Acquired Hospitals.

6. Treatment of Collective Bargaining Agreements

Alecto would hire substantially all of the employees of the Acquired Hospitals and, subject to agreements being reached with the labor unions as to certain modifications to the agreements, Alecto would assume the existing collective bargaining agreements applicable to the employees hired/retained by Alecto. Alecto would look to negotiate and reach agreements with the labor unions on these modifications during the due diligence period so that this condition can be satisfied prior to execution of the definitive documents.

7. Treatment of Post-Retirement Obligations

Alecto would not assume any of Verity's (or the Acquired Hospitals') post-retirement obligations. Rather, Alecto will offer a 401(k) plan for the hired/retained employees with an employer match.

8. Required Approvals

The execution of the definitive agreement and the closing of the transaction are subject to the approval of Alecto's Board of Managers, which consists of Lex Reddy, Roger Krissman, and Michael Sarrao, and Alecto's members, all of whom will be involved in the transaction. There will be no delays in obtaining such approvals.

9. Due Diligence

Attached hereto is a due diligence request list setting forth the information Alecto will need to review prior to completing due diligence and executing a definitive agreement.

10. Contingencies

Consummation of the transactions contemplated by this proposal will be subject to the following conditions:

(a) Approval by all necessary federal, state, and other regulatory agencies, without imposition of materially burdensome conditions on the parties;

(b) Approval by the Attorney General for the State of California, without imposition of materially burdensome conditions on the parties;

(c) Purchaser reaching an agreement with existing labor unions on certain modifications to the existing collective bargaining agreements. As noted above, Alecto would look to negotiate and reach agreements with the labor unions during the due diligence period so that this condition could be satisfied prior to execution of the definitive agreement;

(d) Obtaining third party consents to the assignment of certain specified material contracts and leases without imposition of materially burdensome conditions on the parties;

(e) Execution of a transition services agreement which provides Alecto and the Acquired Hospitals with access to certain services currently provided at the System Office and VBS for a reasonable period of time. Alecto anticipates that such services would primarily include IT services and patient financial services; and

(f) Other customary warranties, representations, conditions, covenants and agreements for a transaction of this type.

Attn: Carsten Beith, Managing Director

Re: Verity Health Systems

Dear Mr. Beith and Mr. Moloney:

Alecto Healthcare Services LLC ("Alecto") is pleased to submit the following preliminary proposal to acquire substantially all of the assets of St. Francis Medical Center ("SFMC"), St. Vincent Medical Center ("SVMC" and together with SFMC, the "Acquired Hospitals"), and the real estate owned by Verity Holdings, LLC and any related or affiliated entities that is related to the operations of the Acquired Hospitals. We believe that a transaction with Alecto presents several unique benefits to Verity and each of the communities served by the Acquired Hospitals including the following:

(1) Alecto is in a unique position to ensure the future success of the hospitals it seeks to acquire because it can bring about change at the hospitals and forge new relationships with labor unions and other third parties;

(2) Alecto can navigate the Attorney General review process expeditiously having received approval from the Attorney General to manage and purchase St. Rose Hospital in Hayward, California; and

(3) Alecto's senior management team has unmatched experience in acquiring hospitals in California in an expedited and smooth manner and will bring this experience to this transaction so that the transaction can be consummated expeditiously and without unforeseen obstacles.

We believe that the benefits described above make Alecto the ideal candidate with which to pursue a transaction and have set forth the terms and conditions of Alecto's proposal in more detail below.

1. Transaction Structure

Alecto anticipates that the transaction would be structured as an asset purchase with Alecto's subsidiaries acquiring substantially all of the assets of the Acquired Hospitals and the hospital related real estate owned by Verity Holdings[1] and assuming the Acquired Hospital's liabilities for accrued payroll, accrued payroll taxes, and accrued paid time off (the "Accrued Payroll Liabilities"). The assets to be acquired would include the Acquired Hospitals' working capital assets other than cash. Except for the Accrued Payroll Liabilities and as otherwise agreed to by the parties, Alecto would not assume any liabilities as part of the transaction.

2. Purchase Price

Subject to the completion of due diligence, the purchase price to be paid by Alecto in cash at closing would be (a) $150 million minus (b) the amount of the Accrued Payroll Liabilities assumed by Alecto at closing minus (c) an agreed-upon holdback amount to address any potential Medicare and Medicaid liabilities not resolved by way of a settlement with the Center for Medicare and Medicaid Services ("CMS") and the State of California's Department of Health Care Services ("Medi-Cal") minus (d) any other purchase price adjustments agreed to by the parties. With respect to the holdback, Alecto anticipates that Sellers would negotiate a settlement with CMS and Medi-Cal that would address any cost report liabilities for cost report years for which an audit has been completed but that CMS and/or Medi-Cal will be unwilling to include cost report years for which an audit has not been completed in such a settlement. The holdback would be used to fund liabilities, if any, associated with these cost report years.

3. Financing

Alecto expects to finance this transaction with a combination of new and existing credit facilities and/or contributions from other capital partners. Alecto anticipates that this financing would be in place within sixty (60) days after execution of the definitive agreement and before the Attorney General has approved the transaction.

4. Treatment of Collective Bargaining Agreements

Alecto would hire substantially all of the employees of the Acquired Hospitals. Alecto shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

---

[1] Subject to completion of due diligence, the hospital related real estate owned by Verity Holdings that would be acquired by Alecto would include the following real estate related to SFMC and SVMC identified on pages 114 and 115 of the CIM: Parking Lots at 3633 and 3621 Martin Luther King Jr. Boulevard, Ministry Services Building at 3663 Martin Luther King Jr. Boulevard, Five Unity Apartment Building at 3570 Brenton Avenue, St. Vincent Professional Office Building at 199 & 201 S. Alvarado Street, Mark Taper aka MTTC Building at 2200 W. 3rd Street, Seton Hall Convent/Guest Lodge at 262 & 272 S. Lake Street/2120 Valley, Ocean View Pavilion at 2222 Ocean View Avenue, and the vacant land at 143 S. Alvarado and 171 S. Alvarado.

5. Treatment of Post-Retirement Obligations

Alecto would not assume any of Verity's (or the Acquired Hospitals') post-retirement obligations. Rather, Alecto will offer a 401(k) plan for the hired/retained employees with an employer match.

6. Required Approvals

The execution of the definitive agreement and the closing of the transaction are subject to the approval of Alecto's Board of Managers, which consists of Lex Reddy, Roger Krissman, and Michael Sarrao, and Alecto's members, all of whom will be involved in the transaction. There will be no delays in obtaining such approvals.

7. Due Diligence

Alecto anticipates that the following work will need to be completed prior to the execution of a definitive asset purchase agreement:

(a) Development of a plan for the disengagement of SFMC and SVMC from Verity's systems (including information systems) and the drafting and negotiation of a transition services agreement;

(b) Further review of real property matters including updated title reports/commitments and environmental reports;

(c) Negotiation of a form of Sale Order and Bidding Procedures;

(d) Review of SFMC's and SVMC's cost reports and evaluation of potential liabilities for cost report years that have not been subject to an audit; and

(e) Preparation and review of schedules to the Asset Purchase Agreement.

8. Contingencies/Conditions to Closing

Consummation of the transactions contemplated by this proposal will be subject to the following conditions:

(a) Approval by all necessary federal, state, and other regulatory agencies, without imposition of materially burdensome conditions on the parties;

(b) Approval by the Attorney General for the State of California on terms and conditions and in form and acceptable to Alecto in Alecto's sole and absolute discretion;

(c) Approval by the Bankruptcy Court of the transactions contemplated herein and the issuance of a Sale Order that meets the conditions set forth in the marked-up Asset Purchase Agreement;

(d) SFMC and SVMC entering into a settlement agreement with CMS and Medi-Cal that resolves any liability for prior cost report years and allows for the assignment of the applicable provider agreements to Alecto or its subsidiaries;

(e) Obtaining third party consents to the assignment of certain specified material contracts and leases without imposition of materially burdensome conditions on the parties;

(f) Execution of a transition services agreement which provides Alecto and the Acquired Hospitals with access to certain services (including information systems) currently provided at the Verity level; and

(g) Other customary warranties, representations, conditions, covenants and agreements for a transaction of this type including those set forth in the marked-up Asset Purchase Agreement.

9. Closing Date and Remaining Milestones

Subject to the time limitations imposed by the Attorney General review and process and any Bankruptcy Court notice requirements, Alecto anticipates that the transactions contemplated by this proposal would close on or before December 31, 2018. In our view, the remaining milestones to closing are:

(a) Execution of definitive agreements;

(b) Reaching agreements with CMS and Medi-Cal regarding assignment of provider agreements and resolution of cost report liabilities;

(c) Approval from the California Attorney General;

(d) Approval from licensing authorities;

(e) FTC notification and approval; and

(f) Bankruptcy Court approval and entry of a sale order.

1.11 Designation of Assumed Contracts and Assumed Leases.

(a) ~~Except as provided in Section 1.11(b), all~~All contracts and leases will be subject to evaluation by Purchaser for assumption or rejection (collectively "**Evaluated Contracts**"). Not later than ten (10) days after entry of the Sale Order (i) Purchaser shall notify each Seller in writing of which Evaluated Contracts are to be assumed by such Seller and assigned to Purchaser and (ii) Purchaser shall notify each Seller in writing signed and dated by Purchaser of which Evaluated Contracts are to be rejected by such Seller (collectively, the "**Rejected Contracts**"). Each Seller shall file such motions in the Bankruptcy Court and take such other actions as are reasonably necessary to ensure that final and non-appealable orders (x) assuming and assigning the respective Assumed Contracts or Assumed Leases applicable to such Seller to Purchaser are entered and (y) rejecting the Rejected Contracts are entered. With respect to each Assumed Lease, the applicable Seller shall execute and deliver to Purchaser an Assignment and Assumption of Lease. Notwithstanding anything to the contrary set forth in this Agreement, the Rejected Contracts shall constitute part of the Excluded Assets pursuant to, and as defined in, this Agreement.

~~(b) At Closing and pursuant to an order of the Bankruptcy Court, each Seller will assume and immediately assign to Purchaser the leases of such Seller for Leased Real Property and the Tenant Leases.~~

1.12 Risk of Loss. The risk of loss or damage to any of the Assets, transfer of which is contemplated by this Agreement, shall remain with Sellers until the Effective Time and Sellers shall maintain such insurance policies of Seller as are in effect at the Effective Date, or comparable policies of insurance or self-insurance covering the Assets through the Effective Time.

(a) With respect to the Owned Real Property, if prior to the Closing, all or any part of the Owned Real Property is destroyed or damaged by fire or the elements or by any other

cause where such damage or destruction is in the aggregate (the "**Aggregate Damage**") less than or equal to ten percent (10%) of the Cash Purchase Price allocated to the Seller which owns the Owned Real Property at issue, the parties' duties and obligations under this Agreement shall not be affected and the Closing shall proceed as scheduled; *provided, however*, that Seller shall retain any and all insurance proceeds and other or similar third party recompense on accounts of such damage or destruction and the Aggregate Damages (up to ten percent (10%) of the Cash Purchase Price allocated to the Seller which owns the Owned Real Property at issue) shall be deducted from the Cash Purchase Price. If prior to the Closing, all or any part of the Owned Real Property is destroyed or damaged by fire or the elements or by any other cause where the Aggregate Damage exceeds ten percent (10%) of the Cash Purchase Price allocated to the Seller which owns the Owned Real Property at issue, then either of Sellers or Purchaser, in the exercise of their sole discretion, may elect to terminate this Agreement by written notice to the other (the "**Casualty Termination Notice**") delivered after the date which is fifteen (15) calendar days after the occurrence of such damage or destruction but no later than the date which is thirty (30) calendar days after the occurrence of such damage or destruction (the "**Casualty Termination Notice Period**"); *provided, however*, that in no event shall the Casualty Termination Notice be provided if Sellers and Purchaser are unable to agree prior to the inception of the Casualty Termination Notice Period that the amount of the Aggregate Damage exceeds ten percent (10%) of the Cash Purchase Price allocated to the Seller which owns the Owned Real Property at issue. If Purchaser and Sellers are unable to agree upon the amount of the Aggregate Damage by the earlier to occur of (a) the originally scheduled Closing Date (the "*Original Closing Date*"), or (b) the inception of the Casualty Termination Notice Period, the amount of the Aggregate Damage shall be determined by _____ (the "*Loss Consultant*") pursuant to Section 1.12(d). If this Agreement is not terminated by Casualty Termination Notice pursuant to this Section 1.12(a), then the Aggregate Damage either as agreed by the parties or as established pursuant to Section 1.12(d) shall be deducted from the Cash Purchase Price and Sellers shall retain any and all insurance proceeds and other similar third-party recompense. If Purchaser and Sellers are unable to agree on the amount of the Aggregate Damage by the earlier to occur of (x) the Original Closing Date, or (y) the inception of the Casualty Termination Notice, the amount of the Aggregate Damage shall be determined by the Loss Consultant pursuant to Section 1.12(d).

(b) With respect to any Assets other than the Owned Real Property which are destroyed or damaged by fire or the elements or by any other cause prior to the Closing, Seller will deduct from the Purchase Price the cost to repair, restore and/or replace the Assets other than the Owned Real Property (using the lesser of cost of repair, restore or replace as applicable), and Seller will be entitled to any and all insurance proceeds and other or similar third party recompense for such destruction or damage. Notwithstanding anything in this Agreement to the contrary, if the damage to the Assets other than the Real Property is greater than ten percent (10%) of the Purchase Price allocated to the Seller which owns the assets, then either of Sellers or Purchaser, in the exercise of their sole discretion, may elect to terminate this Agreement by written notice to the other.

(c) If prior to the Closing, all or any part of a parcel of the Owned Real Property is made subject to an eminent domain proceeding which would in Purchaser's reasonable judgment materially adversely impair access to the Owned Real Property or be materially adverse to the operation of the Hospitals, Purchaser may elect to (i) purchase such affected Owned Real Property, and the Closing shall proceed as scheduled (*provided, however*, that at the Closing, the applicable

Seller shall assign, transfer and set over to Purchaser all of such Seller's right, title and interest in and to any award in such eminent domain proceeding), or (ii) elect to terminate this Agreement by written notice to Sellers. If Purchaser and Sellers are unable to agree upon the amount of the adjustment described in subsection (i) of the preceding sentence by the Original Closing Date, the adjustment shall be resolved by the Loss Consultant pursuant to Section 1.12(d).

(d) If pursuant to either Section 1.12(a) or 1.12(c), the amount of the Aggregate Damage (and any applicable Purchase Price adjustment) is to be determined by the Loss Consultant, within five (5) calendar days after the earlier to occur of the Original Closing Date or the inception of the Casualty Termination Notice Period (the "**Submittal Date**"), each party shall submit to the other party and to the Loss Consultant its proposed Aggregate Damage (and any applicable Purchase Price adjustment) as a result of the event(s) contemplated by either Section 1.12(a) or 1.12(c), along with a detailed description of the basis for such amount and any applicable adjustment. Within ten (10) calendar days after the Submittal Date (the "**Decision Date**"), the Loss Consultant, acting as an expert and not as an arbitrator, shall select either the Aggregate Damage (and any applicable Purchase Price adjustment) proposal of Sellers or the Aggregate Damage (and any applicable Purchase Price adjustment) proposal of Purchaser as the definitive amount of the Aggregate Damage (and any applicable adjustment to the Purchase Price) and Purchaser or Sellers shall thereafter have the right to provide a Casualty Termination Notice provided that the Aggregate Damage exceeds ten percent (10%) of the Purchase Price. If either Purchaser or Sellers fails to timely provide their proposed Aggregate Damage (and any applicable Purchase Price adjustment) to the Loss Consultant, the Aggregate Damage (and any applicable Purchase Price adjustment) shall be the amount proposed by the submitting party, and Purchaser or Sellers shall thereafter have the right to provide a Casualty Termination Notice provided that the Aggregate Damage exceeds ten percent (10%) of the Purchase Price. If neither party submits its proposed Aggregate Damage (and any applicable Purchase Price adjustment) to the Loss Consultant, no adjustment to the Purchase Price shall be made and neither Purchaser nor Sellers shall have the right to provide a Casualty Termination Notice. The decision of the Loss Consultant shall be conclusive and binding as between Purchaser and Sellers, and the costs of such review shall be borne by the party whose proposed Aggregate Damage (and any applicable Purchase Price adjustment) is not selected by the Loss Consultant. Upon any such determination of the adjustment to the Purchase Price in accordance with this Section 1.12, the parties shall, subject to the terms and conditions of this Agreement, consummate the transactions contemplated by this Agreement at a mutually agreeable time and place, in accordance with the provisions of this Agreement. If pursuant to either Section 1.12(a) or 1.12(c), the amount of the Aggregate Damage (and any applicable Purchase Price adjustment) is to be determined by the Loss Consultant and either the Submittal Date or the Decision Date falls on a day which is on or after the Termination Date, then the Termination Date shall be extended to the date which is ten (10) calendar days after the Decision Date.

1.13 Cost Report Holdback. In accordance with Section 1.1, Purchaser shall hold back _____ ($_____) (the "Holdback") from the Cash Purchase Price. The Holdback shall be used to satisfy any obligations to CMS or Medi-Cal related to cost report periods prior to the Effective Time which are not resolved by way of the CMS Settlement Agreement and Medi-Cal Settlement Agreement. Upon the satisfaction of all such obligations, any remaining portion of the Holdback shall be released to Sellers.

RE: Project Phoenix – Seton Medical Campus

Dear Elizabeth,

Thank you for the opportunity to review and provide you some of our thoughts for the Seton Medical Campus.

AvalonBay brings a very unique set of skills in that we develop, construct, manage and operate all of our own properties. In addition, our financial strength and stability as a long-term owner are un-paralleled in the industry.

With this framework, our significant local presence and relevant experience with large-scale complex developments gives us great confidence that we can define a development plan that meets the needs and requirements of all stakeholders, creates a viable residential community, and ultimately produces an optimal land valuation for the seller.

Two current examples of our expertise can be found in San Francisco and Emeryville. In San Francisco, we are the master developer for the Balboa Reservoir development in San Francisco, with over 17 acres for a large scale residential development that will include over 1000 units. Our team was selected over 9 other reputable development teams by the City of San Francisco and the SFPUC, and we are progressing rapidly toward approval and development of this site in the coming years. In Emeryville, we are deeply engaged in the major redevelopment of the Emeryville Public Market. Working closely with a partner, we are leading all residential efforts there and will be delivering hundreds of new homes on former office and retail sites starting in 2019.

The following pages contain a summary of our company, our responses to your questions, and some additional information on specific projects and our team.

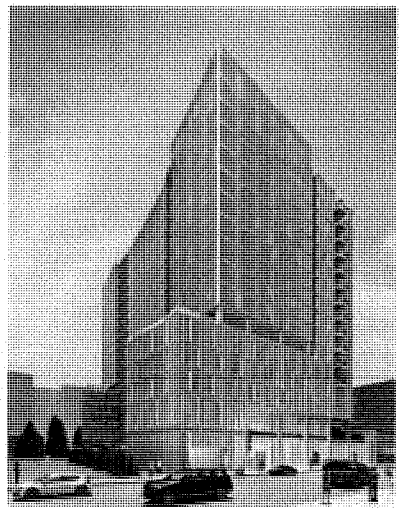
Please feel free to call me with any questions, and if you or the Seller would like to meet to discuss further details, our team and I would be happy to meet.

Sincerely,

[redacted]

Nathan Hong
Senior Vice President - Development

Cc: Joe Kirchofer – VP Development AVB



1) **Provide a summary of process, timetable and the key milestones for you to determine the viability of the Seton Medical Campus as a multi-family redevelopment site.**

The process to determine the viability of a multifamily redevelopment is multi-faceted, but the major elements can be summarized to include a review of the following:

a. Determine zoning and mix of uses allowed to identify maximum density allowed. Normally accomplished by meeting with City Officials, the Planning Director and with our architect.
   Timetable: 2 weeks
   Key Milestone: Meeting with the City Officials

b. Develop several alternative mixed-use master plans scenarios with our architect to define a holistic master development program that would include number of units, square footage of retail, affordable housing requirements, city requirements for community benefits, infrastructure required, etc.
   Timetable: 4 weeks
   Key Milestone: Confirm viability of initial plan with City officials.

c. Financial Feasibility analyses of chosen development scenarios to identify an initial optimal plan producing the highest land residual for Verity Health Systems while meeting our development program and targeted returns.
   Timetable: 2 weeks
   Key Milestone: Complete initial study to determine land value.

At the completion of these basic steps, we can validate and confirm the viability for the site as a multifamily development.

2) **Specifically, we would like to know what discussion you would need to have with Daly City and any other government agencies and how long those discussion would take to get a reasonable idea about what would be possible on this site.**

Meeting with the City Planning Manager, Director of Economic and Community Development, Public Works Director, and others as needed, potentially including City elected officials. Topics to discuss would be the following:

- Zoning and General Plan requirements
- Environmental Impact Report status and process
- Status of city infrastructure, including water, sewer, stormwater, and other utility capacity.
- Outlook of community and elected officials on the future of Seton Medical Center, and potential alternative uses.

We would expect several meetings with the appropriate city officials over the course of several weeks.

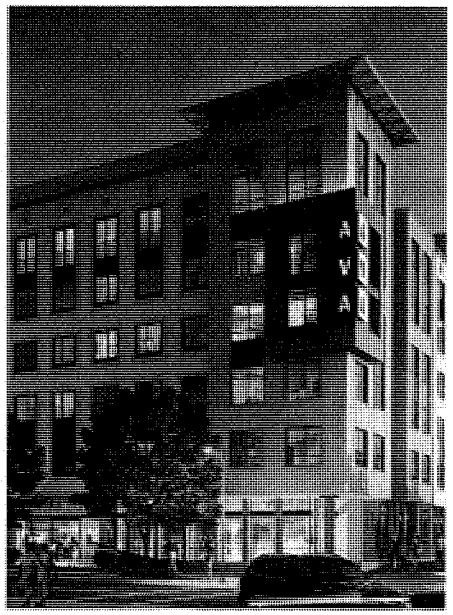
3) How long do you estimate it would take to get the parcels fully entitled?

Our honest answer to this question is that we do not know. At this size, the Seton medical center parcel is a multi-phase, and multi-building development project. At this scale, it is difficult to predict the time and effort necessary to obtain the required environmental reviews, as well as the requisite staff reviews and political and community buy-in.

However, AvalonBay is expert in managing this complex process, and we have extensive experience ***at this large scale*** in a variety of communities throughout the Bay Area. A number of examples are listed below. We have included information on some of these projects along with this response, and more information is available upon request.

Time required to complete entitlements:

Avalon Mission Bay Phase 1 San Francisco	1-2 yrs	1999-2000
Avalon Mission Bay Phase 2 San Francisco	1-2 yrs	2002-2003
Avalon Dublin Phase 1 (BART station redevelopment) Dublin	2 yrs	2002-2004
Avalon Dublin Phase 2 (BART station redevelopment) Dublin **including successful defense from litigation*	4 yrs*	2005-2009
Avalon Walnut Creek Phase 1 (BART station redevelopment) Pleasant Hill	2-3 yrs	2005-2008
Avalon Walnut Creek Phase 2 (BART station redevelopment) Pleasant Hill	3 yrs	2014-2017
Avalon/AVA Public Market (retail master development) Emeryville	2 yrs	2014-2016
Avalon/AVA Mountain View redevelopment Mountain View	est 4 yrs	2015-2019
Avalon/Eaves West Valley redevelopment San Jose	est 2 yrs	2017-2019
Balboa Reservoir (master develompent) San Francisco	est 3 yrs	2017-2020



4) **Please provide an estimated range of values for the parcel today, an estimated range of values if we allowed you a 45 day period to meet with Daly City and consult with architects and engineers, and an estimated range of values if you acquired the parcel after completing the entitlement process.**

Our methodology for deriving land value is a residual analysis based on assumptions from past experience, along with our keen knowledge of local markets. However, with our experience, we also know that no one micro-market or city dynamic is ever static, and community and political positions (especially on issues such as affordable housing, union labor requirements, or community benefits) can be fluid and evolving. Thus, in this response we have estimated a residual value based on our underlying assumptions about the development potential of this site, without the benefit of discussion with city officials, and without any detailed massing and density studies to confirm our assumptions:

Estimated land valuation range today - $25m to $35m

Based on the following assumptions:

- Number of units – 750 to 1000, based on a density of 25 to 35 Dwelling units per acre (DUA), assuming a full build out of 30 acres.
- Affordable housing Impact fee of $25/sf (Daly City Ordinance)
- 100% open shop, non-union labor.
- Developer responsible for major Master Plan site infrastructure, utility and street work (which we are able to complete).
- No major environmental clean-up, nor any special infrastructure or unique city requirements.

This estimated value range could potentially be adjusted in a scenario with a 45-day consultation and design period. It would be adjusted based on findings from our research, and we would expect that in this

time our agreement could also be formalized with a Purchase and Sale Agreement (PSA) between AVB and Seller.

In a scenario where the purchase price was determined after entitlements were complete, we would expect that we would hold our land value constant based on the values determined in the above time periods, subject to major changes during entitlements (for example but not limited to: increase in affordable housing, downzoning of property, increased and/or new impact fees, etc.)

5) **Would you be willing to consider being a stalking horse bidder and enter into an asset purchase agreement after having 45 days to evaluate the project and meet with the city?**

We believe this site has great potential for multifamily residential development, and we are very eager to continue our dialogue you're your firm. In the past, we have been able to be quite creative in structuring development transactions, and we look forward to discussing any potential option for the Seton Medical Center site. In any offer or transaction, we would be bound by confidentiality requirements befitting our status as a public company.

6) **Summarize any other considerations that we should be aware of with respect to this project.**

While we are a national REIT with a balance sheet valuation over $30B, we have a long-standing commitment to the Bay Area region, and have maintained a major presence here since our founding in the 90's. Our Northern California development, construction and operations work is all staffed locally, and we operate out of two local offices, in San Francisco and San Jose. We pride ourselves on being a stable and consistent Developer, Owner, and Operator of our assets.

We are able to acquire, entitle, construct, and operate large-scale development projects, with complicated, multi-phased structures and with a variety of different types of partners. We have played the role of Master Developer many times, but are also comfortable as a partner that is part of a larger development. Our recent or current partners include public entities like BART, Contra Costa County, Alameda County Surplus Authority, the SF Public Utilities Commission, and a number of Bay Area cities. We also have extensive experience working with other retail, office and for-sale housing developers.

With our existing portfolio in the Bay Area and our development history in the San Francisco Bay Area, we are deeply embedded in the communities where we own and operate assets, giving us the ability to engage and collaborate effectively with all stakeholders.

But most important is our long-running reputation of being transparent and flexible, with the consistent and reliable ability to perform, execute and close on our purchase or sale agreements.

Overall, Seton Medical Campus appears to be a great opportunity and we would be very excited to participate if chosen.

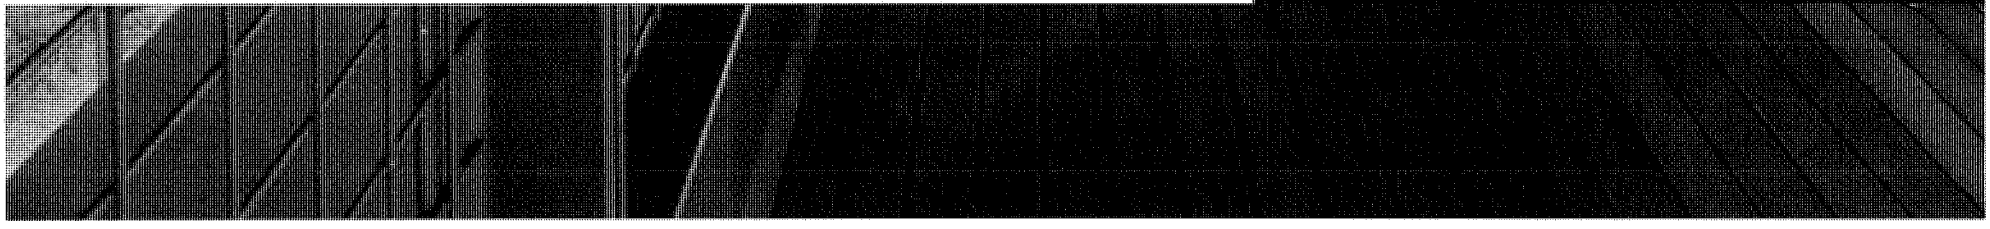
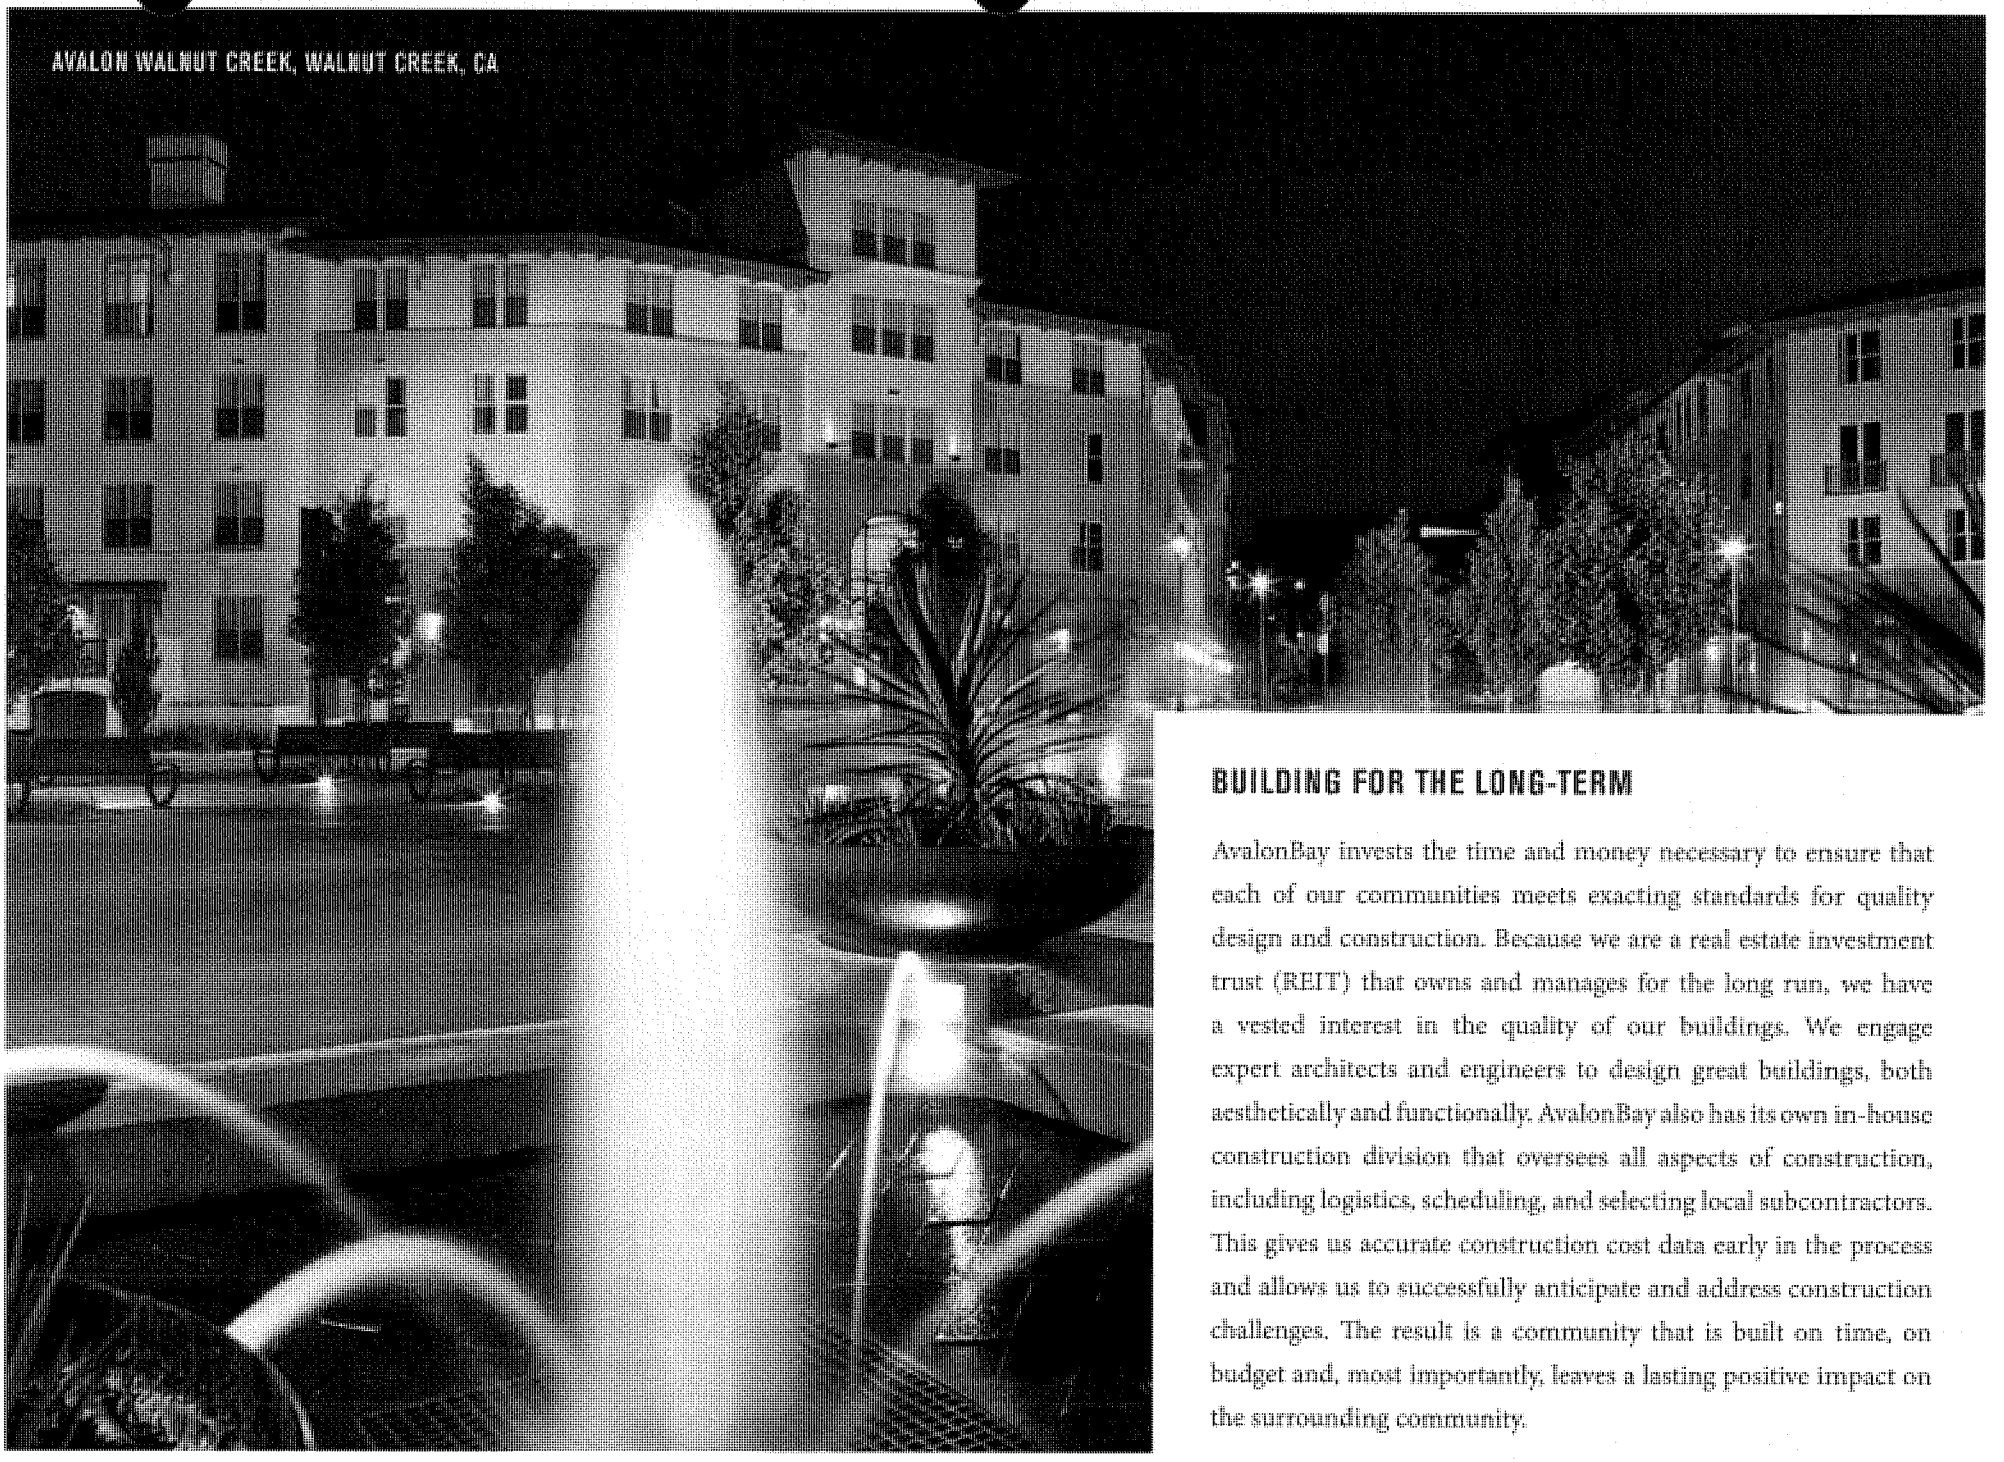
All too often, good development opportunities never get past the concept stage due to poor planning, changing financial markets, cost overruns, or developers that over-promise and under-perform. AvalonBay offers an alternative — a company with experience, stable resources, a proven track record, and accountability that can take a concept and make it a reality. Our success is based on solid partnerships with landowners, local governments, businesses, and community leaders, and the multifamily housing that we build is both a successful economic investment and a true asset to the surrounding community. Operating in the Bay Area and five other select markets nationwide, AvalonBay has one of the largest portfolios of urban and suburban apartment communities in the industry, along with thousands of new apartment homes either under construction or in the pipeline.

The following pages highlight the principles that underlie our management culture and philosophy, which guide our success in building superior communities.



DEVELOPMENT BY LOCAL CONSENSUS

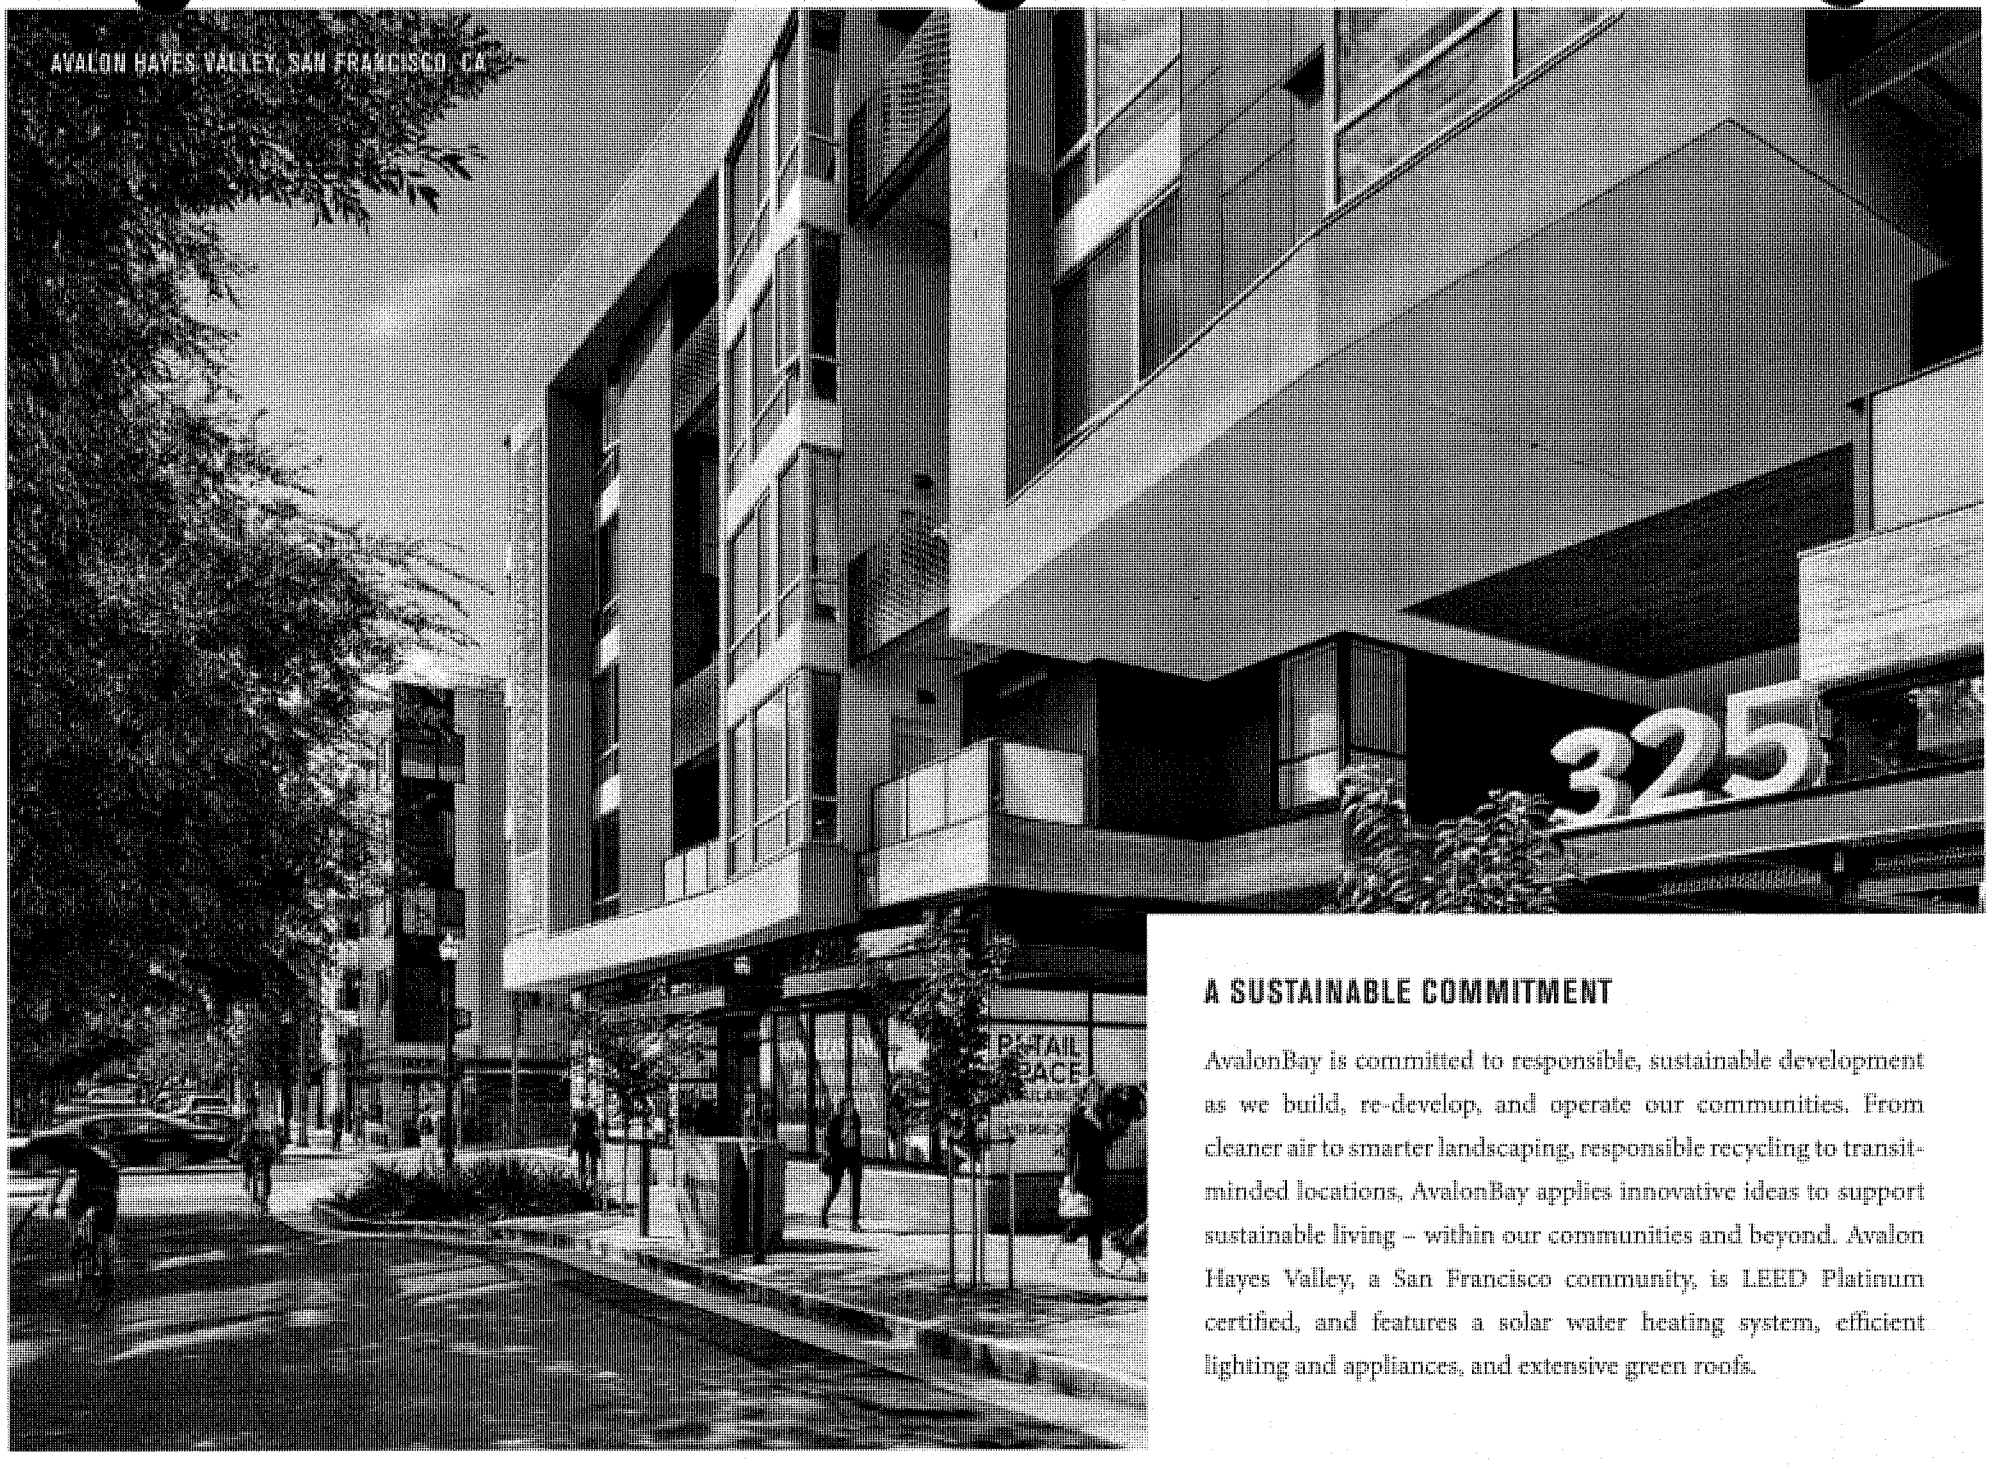
We involve local officials, community organizations, neighbors and neighborhood groups directly in the development process, through a variety of public and private forums. Based out of two local offices, in San Jose and San Francisco, our team uses deep local knowledge to efficiently navigate this complex process and obtain broad support for our well-crafted developments. We know from experience that this approach shortens development time and ensures that our communities are a welcome enhancement to surrounding neighborhoods.



AVALON WALNUT CREEK, WALNUT CREEK, CA

BUILDING FOR THE LONG-TERM

AvalonBay invests the time and money necessary to ensure that each of our communities meets exacting standards for quality design and construction. Because we are a real estate investment trust (REIT) that owns and manages for the long run, we have a vested interest in the quality of our buildings. We engage expert architects and engineers to design great buildings, both aesthetically and functionally. AvalonBay also has its own in-house construction division that oversees all aspects of construction, including logistics, scheduling, and selecting local subcontractors. This gives us accurate construction cost data early in the process and allows us to successfully anticipate and address construction challenges. The result is a community that is built on time, on budget and, most importantly, leaves a lasting positive impact on the surrounding community.



A SUSTAINABLE COMMITMENT

AvalonBay is committed to responsible, sustainable development as we build, re-develop, and operate our communities. From cleaner air to smarter landscaping, responsible recycling to transit-minded locations, AvalonBay applies innovative ideas to support sustainable living – within our communities and beyond. Avalon Hayes Valley, a San Francisco community, is LEED Platinum certified, and features a solar water heating system, efficient lighting and appliances, and extensive green roofs.

STEADINESS AND STABILITY

Every site presents its own unique opportunities and challenges, not all of which can be known at the outset of the development process. Successful developers are those with the experience, wisdom, and financial stability to navigate these unexpected twists and turns. Our years of direct experience and success in Bay Area markets demonstrate our ability to manage through uncertainty and meet our objectives. And our long-term investment outlook, backed by the financial strength and stability of a $30 Billion plus company, allows us to provide a firm commitment early on and not overreact to changes that may appear along the way.

Re: Project Phoenix – Indication of Interest

Dear Mr. Moloney:

On behalf of CHA Health Systems, Inc. (together with its affiliates, "CHA Health Systems", "we", "us" or "our"), we would like to thank you and Verity Health System ("Verity") for providing us with the opportunity to participate in the Project Phoenix process (the "Proposed Transaction"). We are pleased to submit this non-binding indication of interest (the "Preliminary Proposal") to acquire the assets of Verity that are associated with and/or used in the operations of St. Vincent Medical Center, and other businesses and services related to the hospital (collectively, "SVMC").

CHA Health Systems is a diversified health system based in Los Angeles, California. We have a 14-year track record as an owner and operator of acute care provider assets in the U.S., including Hollywood Presbyterian Medical Center ("HPMC"). CHA Health Systems is a member of CHA Group, one of Korea's leading healthcare groups with a 50+ year history as hospital operators. As part of CHA Group, our vision is to build a sustainable global healthcare services platform. We believe SVMC would complement CHA Group's sixteen healthcare facilities in Korea, the U.S. and Japan, which include general acute care hospitals, specialty hospitals and clinics.

HPMC is the largest privately-owned, for-profit hospital in Los Angeles County with 434 licensed acute beds, and more than 13,000 inpatient admissions and 49,000 outpatient visits per annum. It is located on North Vermont Avenue at the heart of Los Angeles's medical corridor and is in near proximity to Koreatown and Hollywood. As a large community hospital serving a significant population of uninsured and under-privileged patients over the past 95 years, HPMC provides essential healthcare services to over 40 ethnic groups in its service area and operates one of Los Angeles's busiest emergency rooms with more than 31,500 visits per annum. HPMC also operates an intensive care unit, a telemetry unit, an acute rehabilitation unit, an 89-bed skilled nursing unit, 8 surgical operating rooms, and is affiliated with Children's Hospital Los Angeles. In addition, HPMC has specialized centers for maternal and fetal health, cardiac care and spine treatment, and provides one of the largest maternity services in Southern California with 3,700 deliveries per annum. HPMC currently has more than 500 physicians on staff in 69 specialties and over 1,300 employees.

Our Preliminary Proposal includes the following principal terms and conditions:

Form of Transaction and Sources of Financing

We envisage that CHA Health Systems would serve as the acquiring entity of SVMC. Based upon our preliminary study and subject to our completion of a customary due diligence investigation, our preliminary indicative transaction value is $63MM on a cash-free, debt-free basis, less the estimated seismic retrofit costs of $33MM, which provides a net consideration value of $30MM (the "Purchase Price"), for the following assets of SVMC: all land and buildings of the hospital and its associated medical office buildings and other non-hospital ancillary properties, any construction in progress and all trademarks and tradenames, furniture, furnishings, equipment, information systems and inventory. The Purchase Price would be payable in cash at closing with existing cash on hand.

Operations, Collective Bargaining Agreements and Hospital Executive Leadership

HPMC and SVMC share many commonalities: (i) both hospitals serve substantially the same primary service area with patients from similar socio-economic and ethnic backgrounds; (ii) many of our primary care physicians and specialists are credentialed and active at both hospitals; (iii) both hospitals face similar market challenges, many of which have contributed to SVMC's declining financial condition; and (iv) both hospitals require significant capital investment for seismic compliance. Given the depth of our understanding of these issues and the local healthcare environment, we believe that CHA Health Systems is uniquely positioned to preserve SVMC as a viable provider of important health services to the community.

Based on our preliminary business plan, SVMC would continue to operate as a general acute care hospital. Our business plan would initially focus on a single-license hospital strategy whereby the acute care hospital license of SVMC would be combined under HPMC's hospital license. Under a single-license, we believe that there is a significant opportunity to maximize operating synergies between the two hospitals, which may include the following:

(i) Integrate administrative functions (e.g., C-suite, billing services, medical records, human resources, payroll, employee benefits and salary structure, purchasing services) between the two facilities;

(ii) Centralize shared services (e.g., IT, marketing, contracting, central business office) into a new management structure;

(iii) Consolidate and reorganize service lines, thereby optimizing staffing and productivity at each facility, including possibly repurposing of licensed beds;

(iv) Combine medical staff, which would create stronger alignment and referral networks with community physicians; and

(v) Renegotiate managed care contracts and enter into dual-risk capitated risk pool arrangements with independent physician associations and medical groups.

SVMC relies heavily on a Medicare fee-for-service payer mix. However, as operating costs continue to escalate while Medicare reimbursement remains relatively flat, SVMC will likely face an uncertain

future if it continues with business as usual. Fiscal pressures will further exacerbate as value-based initiatives and the transition from Medicare fee-for-service to Medicare Advantage continues to shift patient care toward an outpatient setting. We believe that unlocking these potential operating synergies will be critical to SVMC's survival and future success.

In the next round, we will need to conduct further due diligence in order to properly assess the practicable feasibility of a single-license hospital strategy. However, our core business assumption is that SVMC's cost structure will need to be rebased to achieve industry norms for community-based hospitals through (a) a labor reorganization and staffing plan that will reduce labor utilization through implementation of recognized and broadly used productivity standards and (b) reduction of supply costs and purchased services through the enhancement of supply chain management.

We would also be open to a potential joint venture or other strategic partnership with the current management of Verity with respect to the acquisition of SVMC and the development of a new outpatient oncology specialty center.

Post-Retirement Obligations

Under our Preliminary Proposal, all post-retirement obligations, including the multi-employer and single-employer pension plans, will remain with Verity after the closing.

Required Approvals/Material Conditions

CHA Health Systems is a subsidiary of CHA Healthcare Co., Ltd., a Korean limited company. We report regularly to our senior executive management team in Korea, and the status of Project Phoenix will be discussed with, and reviewed by, our key decision makers on a near weekly basis. We have received all internal approvals to submit this Preliminary Proposal to you and can undertake an expedient deliberation and approval process prior to the execution of a definitive agreement.

Due Diligence

Our due diligence requirements will be customary for a transaction of this nature and will generally focus on legal, financial/accounting/tax, operational and regulatory topics.[1] We would also expect reasonable access to Verity and SVMC's management as may be necessary to better understand the business. We believe that our overall due diligence needs will be easily addressable given our prior experience and industry knowledge, and we will work with you to ensure minimal disruption to the hospital's operations.

Contingencies

A closing of the Proposed Transaction would be subject to customary regulatory approvals, and we will endeavor to expedite internal reviews and approvals. In addition, based on our intention to pursue a single-license hospital strategy, we believe that certain of the conditions (each, a "Condition") set forth in the letter, dated December 3, 2015, from the Attorney General of the State

[1] A sample due diligence request list has been attached for your consideration.

of California will need to be substantially modified or amended prior to or at closing in order to permit us to execute on this plan, the magnitude and scope of which will be determined during the next round. These conditions include Condition IV, Condition VI and Condition XIV.

GENERATIONS HEALTHCARE

CORPORATE RESUME

of

Life Generations Healthcare LLC

The Company

Generations Healthcare began operations in January of 1998 with a single 89-bed skilled nursing facility. Since that time Generations has grown to 20 facilities comprising nearly 2,300 licensed beds. Of those beds 600 are located throughout San Diego County, over 1,100 beds in the Northern California Bay Area, and over 500 are located in Los Angeles and Orange Counties.

When Generations began business, it started with a very simple business strategy: focus on quality and service. Generations believed that if it would be selective about the facilities it acquired, managed its growth slowly, reinvested capital back into its facilities, and retained and trained exceptional managers and caregivers, it could lift those facilities to the top of the markets they served. To date this strategy has proven out.

In its nearly 19 years Generations has established an excellent reputation in the communities it serves with both the medical community and the State Department of Health. Generations has built this reputation through a concerted focus on quality and service. Generations Healthcare has invested significant capital in improvements to its facilities, grounds, furniture, equipment and information systems. Additionally, it has significantly improved the management and staff in each of its facilities allowing it to consistently improve census, skill mix, and patient care standards. As a result, Generations Healthcare enjoys the best of reputations in the markets it serves while being able to sustain exceptional financial health.

Charlie:

Thrive Capital Management, LLC (together with its affiliates, "Thrive Capital") is a NY-based venture capital firm with $1.5 billion under management that builds and supports early and growth stage companies. Our investments include Instagram, Twitch, Spotify, Warby Parker, and Instacart, and we have helped start Oscar Insurance Corporation, Capsule, and Cadre.

We understand that Martin Ventures and affiliates (collectively "Martin Ventures") plans to make an offer to acquire substantially all of the assets of Seton Medical Center in Daly City, CA including but not limited to the hospital, medical office building, parking garage and certain medical equipment contained therein (collectively, the "Assets"). We understand that the estimated offer price will be the capital commitment to keep the facility operating as an acute care facility, which would include capital for necessary equipment, operating expenses, and capital to meet the seismic requirements.

Given the above, we are incredibly excited about the opportunity to partner with Martin Ventures on the Project. Our involvement with Oscar Insurance Corporation, which provides health insurance in the San Francisco market, has made us deeply familiar with the market, and we believe Seton Medical Center in particular presents a unique opportunity to leverage technology to change the Center's cost structure and improve patient care.

Accordingly, we have the ability and interest to arrange for, or directly invest, amounts necessary to fund the Project, subject to resolution with the Attorney General on service lines that must be maintained going forward, conditions outlined in the Letter of Intent provided by

Martin Ventures to the Seller and other financial, legal, and regulatory due diligence we may conduct. Such intent will also be subject to the satisfactory completion of definitive documents with respect to the Project. Accordingly, this letter shall create no binding contractual relationship and no legal rights or obligations, express or implied, shall exist under this letter unless and until such time as definitive documents have been entered into between the parties hereto.

14. Southern Regional Medical Center in Atlanta, Georgia (331 beds)
15. Suburban Community Hospital in East Norriton, Pennsylvania (153 beds)

Prime Healthcare's growth in the past several year(s) has focused on the saving of community hospitals throughout the United States. The majority of these hospitals were either in bankruptcy or in dire financial straits on the brink of shutdown/bankruptcy. Every one of these hospitals were turned around with smart, thoughtful and decisive management.

In accomplishing the same, many strategies were undertaken depending on the hospital and its current state. As concerns Verity, it is well known that Prime Healthcare was the successful bidder in 2014 for all five hospitals in the health system. A specific turnaround plan was proffered and provided to the prior owners (Daughters of Charity Health System) that would have allowed the hospitals to remain as vital community assets to the communities they serve. However, due to untenable and unacceptable Attorney General Conditions that required the hospitals to be operated in a same manner that led to their difficulties, Prime Healthcare was forced to withdraw from the transaction. Unfortunately, Prime Healthcare's concerns regarding the Attorney General's conditions came to fruition in that the hospitals continue to struggle and are seeking their third owner in as many years.

Finally, with respect to the query regarding a similar transaction, the best example as it relates to this transaction would be Centinela Hospital Medical Center in Inglewood, California. The hospital has similar demographics, similar payor mix and was facing similar challenges when Prime Healthcare acquired the facility in 2007. Twelve hospitals had already closed in the area, and maintaining the hospital for the community was of paramount importance. Following is a snapshot of the Centinela Hospital turnaround under Prime Healthcare's leadership.

- *Centinela Hospital Medical Center (Inglewood, California)*

(2) Earnings before interest, income taxes, depreciation and amortization

Also important to note, since acquisition Centinela Hospital has been recognized nationally as an award winning hospital, having earned more than 100 awards for quality and patient safety, including "100 Top Hospital" accolades from IBM Watson Health (formerly Truven Health Analytics) five years in a row. In addition, since acquiring Centinela Hospital in 2007, Prime Healthcare has invested more than $100 million in capital equipment and renovation, including a newly expanded Emergency Department this year to meet community need.

2. **Form of Transaction:** *A detailed description of the proposed transaction structure including (i) acquiring entity, (ii) a detailed description of which assets are included in the proposed transaction. (iii) the purchase price for the acquired assets on a cash free, debt free basis, including the allocation of the purchase prime among each hospital (assuming the offer is for more than one hospitals) and assets owned by non-hospital corporations such as medical office buildings or other assets, and (iv) form of consideration and your expectations surrounding the acquisition of the Company's working capital assets (excluding cash) and assumption of any liabilities.*

Prime Healthcare Services, Inc. and Prime Healthcare Foundation, Inc., a 501c3 public charity, propose to acquire both St. Vincent Medical Center in Los Angeles, California and St. Francis Medical Center in Lynwood, California. This will include the acute care facilities as well as any assets directly and/or indirectly related to the delivery of healthcare for these communities, including the Medical Office Buildings.

Prime Healthcare is willing to acquire these facilities for a total purchase price of $200 million in cash. Finally, as concerns the proposed transaction schedule, Prime Healthcare is willing to discuss the same with the sellers. However, despite best efforts, given the significant issues that

have permeated these facilities for the past several years with incredible debt, it appears that the most prudent approach to successfully maintain these hospitals is through reorganization. This would allow Verity to satisfy its obligations, maintain it operations and restructure debt and/or contracts to guarantee solvency and sustainability in the future.

As discussed several years ago, while never optimal, Prime Healthcare advised that this approach would most likely be the eventual avenue for these facilities given their herculean challenges. Prime Healthcare has acquired several facilities through bankruptcy and, without exception, these facilities have ultimately prospered and were maintained as vital community partners. In particular, Prime Healthcare has acquired the following facilities through bankruptcy since 2001:

Facility	**Location**	**Year Acquired Through Bankruptcy**
Chino Valley Medical Center	Chino, CA	2005
Shasta Regional Medical Center	Redding, CA	2008
Lower Bucks Hospital	Bristol, PA	2012
Landmark Medical Center	Woonsocket, RI	2014
Rehabilitation Hospital of Rhode Island	North Smithfield, RI	2014
Saint Michael's Medical Center	Newark, NJ	2016
Coshocton Regional Medical Center	Coshocton, OH	2016
Southern Regional Medical Center	Riverdale, GA	2016

With respect to each of the foregoing hospitals, Prime Healthcare acquired a hospital on the verge of shutdown and has been able to turnaround these vital community assets allowing the continuation of patient care to these communities. This is the hallmark of the Prime Healthcare story in 'Saving Hospitals, Saving Jobs and Saving Lives'.

3. **Source of Financing:** *A description of the expected sources and uses for the proposed transaction; to the extent that some or all of the consideration to be paid to VHS will come from third-party sources, please list those sources (bond issue, bank loan) and the earliest expected date for completing such financing.*

Prime Healthcare has secured private financing to finance this acquisition. Upon execution of the definitive documents, Prime Healthcare will provide evidence of the source of funding in this regard.

4. **System Executive Leadership and Hospital Executive Leadership:** *Based on the information provided, please state your preliminary intentions and/or requirements with*

respect to VHS Management's and hospital management's role post-Transaction, including the terms of any agreements you propose to be executed and the individuals you expect to be a party to such agreements, if any.

Prime Healthcare believes that all healthcare is local and unique to the communities that each of the hospitals serve. With respect to the hospitals attempted to be acquired, Prime Healthcare envisions retaining many of the current management team members. However, further diligence is required to ascertain specifics in this regard.

5. **Operations:** *A summary description of the strategic plan for the facilities, including a discussion of the impact of the transaction to staffing levels and members of the medical staff.*

Prime Healthcare completed extensive due diligence in 2014-2015 both in person and review of the documents available within the data room. During that time, Prime Healthcare provided an extensive and aggressive turnaround strategy to the prior management as to turning around these troubled facilities. While some of the information was used, it appears that the vast majority was not and/or was not executed with the precision and expertise of Prime Healthcare. Turning around distressed hospitals is a quite arduous and complicated. Prime Healthcare has built its business on turning around such facilities throughout the United States. In addition to the aforementioned facilities it acquired through Bankruptcy, Prime Healthcare has also acquired nearly a dozen facilities nationwide that were on the verge of collapse. It takes decisive leadership and close attention to detail to accomplish the same. Prime Healthcare's turnaround stories around the country are of remarkable significance in that each hospital that has been acquired has remained a full service acute care facility with long term sustainable goals.

Based upon the limited review of the information provided, St. Vicent Medical Center and St. Francis Medical Center are in financial trouble and showing signs of prolonged deterioration. Following is an example of the EBIDA numbers for the past two (2) years for each facility (with the removal of the Provider Fees):

In thousands	2017	2018
St. Vincent Medical Center	($31.9)	($48.3)
St. Francis Medical Center	$16.2	($33.2)

It is clear that the present trend is not sustainable and decisive operational action needs to be accomplished forthwith. Prime Healthcare has vast experience in rectifying challenging situations to guarantee profitability and long-term success. These hospitals should be the hospitals of choice and not just the hospitals of convenience. Local community hospitals must be recognized by the community as top quality hospitals conveniently located with the availability of outstanding and dedicated physicians, the latest technology and enhanced service lines. This is exactly what Prime Healthcare brings to the table. Upon acquisition, the community will feel confident knowing that Prime Healthcare is one of the top health systems in the country and is now providing its

foundation in clinical excellence to all members of the community. Prime Healthcare has never closed or sold a hospital. This is of vital importance in that it provides a shift of consciousness to the community.

Prime Healthcare utilizes specific tactics to turn around hospitals to improve quality and profitability resulting in long term success including, but not limited to:

- Negotiating better managed care rates;
- Decreasing supply costs through National Group Purchasing;
- Enhancing profitable service lines;
- Educating physicians regarding appropriate clinical coding and diagnosis;
- Revenue Cycle management;
- Reducing unnecessary administrative and mid-level management positions;
- Recruitment of physician specialists;
- Increasing employee, physician and patient satisfaction.

Prime Healthcare understands that the genesis of all transformation in the delivery of healthcare starts with the physician. The aforementioned strategies will prove difficult to implement absent an active medical staff with different areas of expertise. When acquiring a facility, Prime Healthcare does not bring in scores of outsiders to run the newly acquired hospital. Rather, it provides training and education to the local leadership and local physicians to allow them to run the hospital sans *red tape* to provide the care that is needed for the patients.

Prime Healthcare has a high level of retention and satisfaction amongst its hospital staff and physicians. The reason is simple. Prime Healthcare is a physician driven model focused on quality and efficiency. Prime Healthcare utilizes several strategies to improve alignment between the hospital and local physicians that correlates to increasing retention and satisfaction. These strategies include:

- Increasing hospital efficiency;
- Creating a culture of quality and service excellence;
- Utilizing physicians in clinical leadership roles;
- Involving physicians in strategic planning and all major planning activities.

The goal is to allow physicians to be physicians, nurses to be nurses and patients to be the priority. This is a consistent mantra with most caregivers as to why they went into medicine. The difficulties that physicians and non-physician staff have in other facilities is the inherent hospital bureaucracy that takes away time from treating patients. By eliminating the foregoing, Prime Healthcare has seen a steady level of increased recruitment, retention and satisfaction.

Healthcare is a consumer-based business and healthcare organizations must adapt to the needs of its patients. By addressing key quality measures and working for immediate increased efficiencies within the Emergency Department, Prime Healthcare consistently sees a drastic change in the utilization of the hospital, for the better. With increased volume, this allows Prime Healthcare to increase market share and attract more physicians to the hospital who have specialties that typically would not be traditionally utilized at the facility. Accordingly, Prime Healthcare works closely with these physicians to provide the latest technology and services to the acquired hospitals. To that end, Prime Healthcare has spent nearly $1 billion in capital improvements system wide to meet the needs of its patients, employees and physicians.

Moreover, it is the norm for any acquisition of Prime Healthcare to expand services almost immediately including, but not limited to, cardiac, geriatric and surgical services. This will increase volume, improve the hospital's reputation, often increase employment, and allow the acquired hospital to grow with the community for decades to come.

6. **Collective Bargaining Agreements ("CBA"):** *A summary of your intentions vis-à-vis VHS's Collective Bargaining Agreements.*

Given the current financial state of VHS and the fact that Salaries/Wages/Benefits for all employees, including unionized employees, are well beyond industry standards which has resulted in the current financial condition, the agreements will need to be negotiated in good faith by all the parties. Prime Healthcare respects organized labor and possesses a litany of contracts throughout the United States. This requires a mutually beneficial relationship. As concerns St. Vincent Medical Center and St. Francis Medical Center, the wages are disproportionate as to both revenues and industry norms. The singular focus for Prime Healthcare is to keep these hospitals open. As such, it appears that the most prudent approach would be to negotiation through an reorganization process which would allow protection for all parties in this regard.

7. **Post-Retirement Obligations:** *A summary of the anticipated treatment of VHS's post retirement obligations including the multi-employer and single employer pension plans.*

As concerns both St. Vincent Medical Center and St. Francis Medical Center, Prime intends to honor the retirement obligations through reorganization and negotiations with PBGC similar to what Prime Healthcare has accomplished in previous transactions It will be the intent of Prime Healthcare to work with PBGC to provide the appropriate protections of the current pension obligations of both former and current employees.

8. **Required Approvals:** A summary of the internal approval process by your board or governing body including the timing and your ability to operate in an expedited manner to process necessary approvals required prior to execution of a definitive agreement and the closing of the Transaction.

All approvals have been obtained.

9. **Due Diligence:** *A due diligence request list setting forth the information your organization will need to review prior to completely due diligence and executing a definitive agreement if selected by VHS.*

Due to its prior knowledge, Prime Healthcare has completed the majority of its due diligence. The one area would be of the current state by discussions with management (which is precluded by the NDA). Once selected as a finalist, Prime Healthcare will complete all diligence within sixty (60) days during the negotiation of the definitive agreement. A diligence list will be provided under separate cover.

10. **Contingencies:** *A discussion of any contingencies, caveats and approvals of which VHS should be aware in evaluating your proposal.*

There are no financial contingencies associated with this transaction.

11. **Key Contacts.** *A list of the names, phone numbers, and emails of your internal team and any outside advisors and legal counsel with whom we should discuss your preliminary proposal.*

All discussions can be had with Troy Schell. Mr. Schell can be reached at (909) 235-4311 or at tschell@primehealthcare.com.

Thank you very much for your time and consideration. We look forward to hearing from you.

Sincerely,

Prime Healthcare's growth in the past several year(s) has focused on the saving of community hospitals throughout the United States. The majority of these hospitals were either in bankruptcy or in dire financial straits on the brink of shutdown/bankruptcy. Every one of these hospitals were turned around with smart, thoughtful and decisive management.

In accomplishing the same, many strategies were undertaken depending on the hospital and its current state. As concerns Verity, it is well known that Prime Healthcare was the successful bidder in 2014 for all five (5) hospitals in the health system. A specific turnaround plan was proffered and provided to the prior owners (Daughters of Charity Health System) that would have allowed the hospitals to remain as vital community assets to the communities they serve. However, due to untenable and unacceptable Attorney General Conditions that required the hospitals to be operated in a same manner that led to their difficulties, Prime Healthcare was forced to withdraw from the transaction. Unfortunately, Prime Healthcare's concerns regarding the Attorney General's conditions came to fruition in that the hospitals continue to struggle and are seeking their third owner in as many years.

Finally, with respect to the query regarding a similar transaction, the best example as it relates to this transaction would be Centinela Hospital Medical Center in Inglewood, California. The hospital has similar demographics, similar payor mix and was facing similar challenges when Prime Healthcare acquired the facility in 2007. Twelve hospitals had already closed in the area, and maintaining the hospital for the community was of paramount importance. Following is a snapshot of the Centinela Hospital turnaround under Prime Healthcare's leadership.

- *Centinela Hospital Medical Center (Inglewood, California)*

(1) Total net operating revenue excluding investment income and after deductions for bad debt, contractual allowances and charity care

(2) Earnings before interest, income taxes, depreciation and amortization

Also important to note, since acquisition Centinela Hospital has been recognized nationally as an award winning hospital, having earned more than 100 awards for quality and patient safety, including "100 Top Hospital" accolades from IBM Watson Health (formerly Truven Health Analytics) five years in a row. In addition, since acquiring Centinela Hospital in 2007, Prime Healthcare has invested more than $100 million in capital equipment and renovation, including a newly expanded Emergency Department this year to meet community need.

2. **Form of Transaction:** *A detailed description of the proposed transaction structure including (i) acquiring entity, (ii) a detailed description of which assets are included in the proposed transaction. (iii) the purchase price for the acquired assets on a cash free, debt free basis, including the allocation of the purchase price among each hospital (assuming the offer is for more than one hospitals) and assets owned by non-hospital corporations such as medical office buildings or other assets, and (iv) form of consideration and your expectations surrounding the acquisition of the Company's working capital assets (excluding cash) and assumption of any liabilities.*

Prime Healthcare Services, Inc. and Prime Healthcare Foundation, Inc., a 501(c)(3) public charity, propose to acquire both St. Vincent Medical Center in Los Angeles, California and St. Francis Medical Center in Lynwood, California. This will include the acute care facilities as well as any assets directly and/or indirectly related to the delivery of healthcare for these communities, including the Medical Office Buildings.

Prime Healthcare is willing to acquire these facilities for a total purchase price of $355 million in cash separated as follows:

St. Francis Medical Center: $300,000,000.00
St. Vincent Medical Center $55,000,000.00

As concerns this offer, Prime Healthcare is willing to take them separately or collectively. Finally, as concerns the proposed transaction schedule, Prime Healthcare is willing to discuss the same with the sellers. However, despite best efforts, given the significant issues that have permeated these facilities for the past several years with incredible debt, it appears that the most prudent approach to successfully maintain these hospitals is through reorganization. This would allow Verity to satisfy its obligations, maintain its operations and restructure debt and/or contracts to guarantee solvency and sustainability in the future.

As discussed several years ago, while never optimal, Prime Healthcare advised that this approach would most likely be the eventual avenue for these facilities given their herculean challenges. Prime Healthcare has acquired several facilities through bankruptcy and, without exception, these facilities have ultimately prospered and were maintained as vital community partners. In particular, Prime Healthcare has acquired the following facilities through bankruptcy since 2001:

Facility	**Location**	**Year Acquired Through Bankruptcy**
Chino Valley Medical Center	Chino, CA	2005
Shasta Regional Medical Center	Redding, CA	2008
Lower Bucks Hospital	Bristol, PA	2012
Landmark Medical Center	Woonsocket, RI	2014
Rehabilitation Hospital of Rhode Island	North Smithfield, RI	2014
Saint Michael's Medical Center	Newark, NJ	2016
Coshocton Regional Medical Center	Coshocton, OH	2016
Southern Regional Medical Center	Riverdale, GA	2016

With respect to each of the foregoing hospitals, Prime Healthcare acquired a hospital on the verge of shutdown and has been able to turnaround these vital community assets allowing the continuation of patient care to these communities. This is the hallmark of the Prime Healthcare story in 'Saving Hospitals, Saving Jobs and Saving Lives'.

3. **Source of Financing:** *A description of the expected sources and uses for the proposed transaction; to the extent that some or all of the consideration to be paid to VHS will come from third-party sources, please list those sources (bond issue, bank loan) and the earliest expected date for completing such financing.*

Prime Healthcare has secured private financing to finance this acquisition. Upon execution of the definitive documents, Prime Healthcare will provide evidence of the source of funding in this regard.

4. **System Executive Leadership and Hospital Executive Leadership:** *Based on the information provided, please state your preliminary intentions and/or requirements with respect to VHS Management's and hospital management's role post-transaction, including the terms of any agreements you propose to be executed and the individuals you expect to be a party to such agreements, if any.*

Prime Healthcare believes that all healthcare is local and unique to the communities that each of the hospitals serve. With respect to the hospitals attempted to be acquired, Prime Healthcare envisions retaining many of the current management team members. However, further diligence is required to ascertain specifics in this regard.

5. **Operations:** *A summary description of the strategic plan for the facilities, including a discussion of the impact of the transaction to staffing levels and members of the medical staff.*

Prime Healthcare completed extensive due diligence in 2014-2015 both in person and review of the documents available within the data room. During that time, Prime Healthcare provided an extensive and aggressive turnaround strategy to the prior management as to turning around these troubled facilities. While some of the information was used, it appears that the vast majority was not and/or was not executed with the precision and expertise of Prime Healthcare. It is clear that the present trend is not sustainable and decisive operational action needs to be accomplished forthwith. Prime Healthcare has vast experience in rectifying challenging situations

Local community hospitals must be recognized by the community as top quality hospitals conveniently located with the availability of outstanding and dedicated physicians, the latest technology and enhanced service lines. 7. **Post-Retirement Obligations:** *A summary of the anticipated treatment of VHS's post retirement obligations including the multi-employer and single employer pension plans.*

As concerns both St. Vincent Medical Center and St. Francis Medical Center, Prime intends to honor the retirement obligations through reorganization and negotiations with PBGC similar to what Prime Healthcare has accomplished in previous transactions It will be the intent of Prime Healthcare to work with PBGC to provide the appropriate protections of the current pension obligations of both former and current employees.

8. **Required Approvals:** *A summary of the internal approval process by your board or governing body including the timing and your ability to operate in an expedited manner to process necessary approvals required prior to execution of a definitive agreement and the closing of the Transaction.*

All approvals have been obtained.

9. **Due Diligence:** *A due diligence request list setting forth the information your organization will need to review prior to completely due diligence and executing a definitive agreement if selected by VHS.*

Due to its prior knowledge, Prime Healthcare has completed the majority of its due diligence. The one area would be of the current state by discussions with management (which is precluded by the NDA). Once selected as a finalist, Prime Healthcare will complete all diligence within sixty (60) days during the negotiation of the definitive agreement. An initial diligence list has been sent under separate cover.

10. **Contingencies:** *A discussion of any contingencies, caveats and approvals of which VHS should be aware in evaluating your proposal.*

There are no financial contingencies associated with this transaction.

11. **Key Contacts.** *A list of the names, phone numbers, and emails of your internal team and any outside advisors and legal counsel with whom we should discuss your preliminary proposal.*

All discussions can be had with Troy Schell. Mr. Schell can be reached at (909) 235-4311 or at tschell@primehealthcare.com.

Thank you very much for your time and consideration. We look forward to hearing from you.

Re: Follow Up to Indication of Interest - Verity Health System

Dear Jim:

To further clarify our August 31, 2018 Indication of Interest Letter and yesterday's conversation, Prime Healthcare Services, Inc. and Prime Healthcare Foundation, Inc., a 501(c)(3) public charity (collectively "Prime Healthcare"), would like to state the following regarding our offer to purchase St. Francis Medical Center and St. Vincent Medical Center (collectively "The Hospitals"):

- Prime Health would purchase both entities together, not separately

- Prime Healthcare's purchase price is $380 million, inclusive of Net Accounts Receivable, Due from Government Agencies, Inventories, Prepaid Expenses, Due to Government Agencies and Vacation & Other Compensated Absences

- Prime Healthcare will not assume any other liabilities, including related to the retirement and pension plans of The Hospitals and Verity

- Prime Healthcare is very desirous of entering into an Interim Management Agreement (IMA) as soon as the bidding process in Reorganization is complete. The terms of the IMA would be negotiated in good faith by the parties, with the ultimate objectives being to: (i) stabilize and improve the operations of the hospitals; (ii) proceed with the necessary seismic retrofits; (iii) assess and proceed with any essential CapEx requirements; (iv) focus on physician relations; and (v) restore the confidence of all stakeholders and the community at large. The terms of the IMA will comply with all applicable State and Federal regulations. All management fees

due to Prime Healthcare under the IMA would be waived upon the successful closing of a sale of The Hospitals to Prime Healthcare.

Sincerely,

Mr. Carsten Beith
Managing Director

601 California Street, Suite 1505

Dear Mr. Beith:

We are pleased to provide this non-binding indication of interest of Prospect Medical Holdings, Inc. ("Prospect") with respect to a proposed transaction in which Prospect, or a designated subsidiary, would acquire substantially all of the assets (as described in the Confidential Information Memorandum) of Verity Health Systems of California, Inc. and its subsidiaries ("Verity" or the "System"). The following represents the basic framework of our proposal and, if acceptable to Verity shall serve as a basis for a more formal Asset Purchase Agreement ("APA").

Pursuant to your request, the following are responses to the questions posed in your request for a proposal.

1. **Organization Overview**

Prospect is an innovative healthcare service delivery company that is responding to the evolving healthcare environment through meaningful collaboration among physicians, hospitals and other providers in the health care continuum. Prospect's proven track-record with hospital integration and growth is directly related to its collaborative and cooperative relationships with physicians to promote the quality and efficiency of patient care. Prospect believes that it will meet the proposed transaction's objectives due to its financial strength, its proven population health management infrastructure and its strong management team of seasoned operating, marketing, contracting, financial and

administrative executives who maintain a dedicated "*hands-on*" commitment to the delivery of quality, cost effective healthcare services.

Prospect provides quality, cost-efficient and coordinated healthcare services through our hospitals, clinics and physician networks in Southern California, Connecticut, New Jersey, Pennsylvania, Rhode Island and Texas.

We conduct our business operations through three complementary segments: the hospital segment, population health through individual practice association (IPA) ownership and management; and primary care clinics, and specialty and outpatient facilities and services. These business segments have operated on three performance drivers – efficiency, volume and quality. Through our hospital segment, we own and operate 20 acute care and behavioral hospitals, with a total of approximately 3,790 licensed beds, and a network of 165 specialty and primary care clinics. Prospect employs over 750 physicians.

Our hospitals are located in diverse population areas. All of our facilities provide a comprehensive range of services tailored to meet the needs of their specific communities, and our collaborative relationships include other area hospitals, physicians and health plans. We believe that our proven model has several competitive advantages, including a data-driven and cost-efficient platform that has enabled us to provide efficient and quality care to patients.

Many of our hospitals in Southern California are considered safety net hospitals. In fact, we are a member of Private Essential Access Community Hospitals ("PEACH"). PEACH is a network of private, core safety net hospitals in California that care for a disproportionate share of low-income, medically vulnerable patients. Despite increased need for services, declining revenues and a host of other challenges, Prospect remains dedicated to the mission of providing choice and access to high quality, culturally appropriate, and cost-effective health care services to all patients, regardless of ability to pay.

Through our medical group segment, we manage the provision of physician services to approximately 450,000 enrollees of Health Maintenance Organizations ("HMOs") through a network of approximately 11,000 affiliated primary care and specialty physicians. Based on our enrollment, our medical groups have a significant presence in Southern California and have long-term capitated contracts with nearly all major HMOs operating in the region. We have established Accountable Care Organizations in Connecticut and Rhode Island and participate in a CMS established alternative payment model in Pennsylvania.

We operate both our facilities and medical groups by applying highly disciplined, data-driven management to the provision of quality care to our patients. Through the in-depth analysis and application of various operational and financial metrics, we have been able to achieve a highly efficient cost structure across a diverse mix of payers and have been able

to adapt to economic and regulatory changes. We believe the most cost-efficient and quality driven providers will succeed in this rapidly changing economic and regulatory environment. Furthermore, we believe the coordination of our facilities and medical groups creates an efficient healthcare delivery system that positions us well for the future of healthcare delivery.

Prospect currently owns and operates the following hospital facilities:

- Los Angeles Community Hospital;
- Southern California Hospital at Van Nuys;
- Los Angeles Community Hospital at Norwalk;
- Southern California Hospital at Hollywood;
- Southern California Hospital at Culver City;
- Foothill Regional Medical Center;
- Los Angeles Community Hospital at Bellflower;
- Nix Medical Center;
- Nix Specialty Health Center;
- Nix Behavioral Center;
- Roger Williams Medical Center;
- Our Lady of Fatima Medical Center;
- Rockville General Hospital;
- Manchester Memorial Hospital;
- Waterbury Hospital;
- East Orange General Hospital;
- Crozer-Chester Medical Center;
- Springfield Hospital;
- Taylor Hospital; and
- Delaware County Memorial Hospital.

Our operating model is to have a strong and quality driven hospital or clusters of hospitals in a region; build and support physicians and medical groups through a menu of alignment models around those hospitals; and develop what we call a Coordinated Regional Care Platform ("CRCP"). In addition to hospitals and physicians, the CRCP involves the entire continuum of patient care including home health, clinics, independent physicians, nursing homes, ambulatory surgical centers, out-patient diagnostic services and other health care related services. What distinguishes Prospect in the marketplace is its proven ability to effectively and profitably manage risk, capitation, and bundled payments on behalf of our hospitals and medical groups while at the same time delivering a high quality of care. This unique structure allows managed care plans to focus on marketing; physicians to focus on patient care; and Prospect to coordinate medical management that ensures quality and efficiency.

Prospect currently employs approximately 750 physicians. As healthcare reform focuses on quality care delivered efficiently, Verity is well positioned; and with Prospect's capital, experience in value-based care and population health management, and additional resource commitments, Verity will have an enhanced ability to continue to provide quality healthcare to its surrounding communities.

Our interest in Verity is based on its history of providing quality care, its strong market presence and commitment to its local communities, its reputation and the quality of its medical staff and what we believe is its significant potential for growth by implementing a CRCP strategy. We believe that this is the right opportunity for Prospect and plan to build upon Verity's significant achievements as an essential community system.

As a national leader in owning and operating systems which provide value-based care, we believe that Verity and Prospect are a perfect fit for each other. Prospect's goal as a company is to continually grow and enhance our population health management in existing markets. Verity is a leading healthcare provider in its markets that has accumulated all the assets necessary to undertake population health management through its development of physician practices and outpatient services.

2. **Form of Transaction.**

We propose to form one or more new entities to purchase substantially all the tangible and intangible assets owned or used by Verity as such assets are described in the Confidential Information Memorandum ("CIM") in its operations and included in the APA *(Please see "Appendix A" for proposed balance sheet allocation schedule.)* We will not acquire the assets or liabilities of Marillac Insurance Company Ltd. We contemplate that the assets would be conveyed and assigned free and clear of all liens, claims, charges or encumbrances other than (i) easements, rights of way, restrictions and other matters that do not materially affect the use or value of the assets, and (ii) such encumbrances expressly assumed by Prospect in the definitive documents.

Prospect will not assume any liabilities (including any liabilities relating to deferred management fees, long-term debt, notes payables, lines of credit, capital lease obligations, pension liabilities and related party obligations) except for (i) operating accounts payable and accruals incurred in the normal course of business in accordance with generally accepted accounting principles or (ii) other liabilities specifically assumed by Prospect as set forth in the definitive documents.

Using Verity's available cash (as represented by financial statements and other information provided in the CIM and the data room, which generally exclude all assets of the various Verity Foundations and Marillac assets and liabilities – other than excess assets of Marillac) of approximately $128,399,000 (which includes Marillac excess cash)

supplemented by Prospect cash at closing, we propose to pay all the following liabilities in exchange for all of the System assets:

A. Series 2005 A Bonds	$246,345,000
B. Series 2005 G Bonds	$ 10,885,000
C. Series 2005 H Bonds	$ 8,985,000
D. Series 2015 A Notes	$ 60,000,000
E. Series 2015 B Notes	$ 45,000,000
F. Series 2015 C Notes	$ 10,000,000
G. Series 2015 D Notes	$ 45,000,000
H. Series 2017 A Notes	$ 21,000,000
I. Series 2017 B Notes	$ 21,000,000
J. Series 2017 MOB Notes	$ 46,220,000
K. Series 2018 MOB Notes	$ 15,000,000
L. 15% pro rata to unsecured creditors (other than deferred management fee)	$ 12,000,000
M. Estimated Verity tail insurance cost	$ 45,000,000
N. Estimated Verity transaction cost	$ 20,000,000
	$606,435,000

Based on Verity's May 2018 Balance Sheet, Prospect cash at close is expected to be approximately $501 million. Given the seismic and critical maintenance requirements estimated at over $127 million, the total value of our transaction is approximately $628 million. To the extent that Prospect is able to assume any long-term liabilities, the amount of cash to be paid by Prospect at closing shall be reduced dollar-for-dollar by the amount of liabilities assumed.

All future California Quality Assurance Fees received by the System from the date of this indication of interest until the closing of the transaction shall be applied to the payment of secured long-term of the System prior to payment for any management fees, related party payables or unsecured debt.

If Verity believes that value can be maximized through a Section 363 bankruptcy or other insolvency proceeding, we propose a stalking horse bid for the Verity assets with the parameters stated above. We would also propose a break-up fee of three percent (3%) of the total value of our transaction in the event of a stalking horse bid.

The above schedule of secured debts was prepared with the following additional assumptions communicated to us by Cain Brothers:

(i) No amount has been drawn on the PACE bonds
(ii) There are no additional penalties and / or premiums due resulting from the pre-payment of debt described above.

3. **Source of Financing.**

Prospect will fund this transaction and all of its commitments through a combination of cash on hand, debt and equity. The closing of this transaction will not be subject to a financing contingency.

4. **System Executive Leadership and Hospital Executive Leadership.**

Prospect expects to offer employment, subject to customary pre-employment screenings, to substantially all employees of Verity, including respective management at the System and Hospital level who are active, and in good standing, at the time of the closing of the transaction. We also expect to continue to provide competitive salaries and benefits to Verity's employees. Furthermore, seniority levels of employment will be honored

5. **Operations.**

We will endeavor to further strengthen Verity's healthcare delivery model with the goal of providing high quality care in a coordinated, efficient manner throughout the communities served by Verity. We plan to enhance Verity's existing capabilities as necessary and appropriate, in areas related to accountable care, and clinical integration with physicians and other providers.

Finally, implementing the CRCP model aligns physicians with the health system and measures the improvement in population health management and positions our regional systems for success under value-based, risk contracts with payers. We integrate processes between the hospitals and its aligned physicians under those value-based contracts with payers that measure, manage and improve quality, utilization and efficiency metrics.

As such, we intend to invest in Verity's infrastructure and to develop scalable tools and technology to effectively manage the health of the population served by Verity. It is our goal that Verity not only remains viable but becomes the market leader in providing high safety and quality healthcare services at low cost to the community for the long-term. We will endeavor to form an integrated healthcare delivery model which will necessarily involve a physician engagement strategy with the goal of providing high quality care in an efficient manner. We plan to implement, as necessary and appropriate, health reform required changes including, but not limited to: value-based payment, bundled payment, accountable care, and clinical integration with physicians and other providers.

We do not anticipate any changes to the medical staff at the hospitals. In fact, we would work with the members of the medical staff in order to garner their support for this transaction. Prospect will commit to continued membership and privileges for current members of the medical staff and its leadership.

Prospect will work with medical staff at the Verity hospitals to ensure that physicians maintain an active presence at the facilities and are kept informed and provided with

necessary assistance during the transition planning phase and are encouraged to maintain their medical practices within the community.

6. **Collective Bargaining Agreements.**

Prospect does not intend to assume Verity's multi-employer plan or single employer plan obligations. As such the collective bargaining agreements must, at a minimum, be amended to reflect that Employer (as such term is defined in the collective bargaining agreements) will no longer provide such benefits. Further changes may be requested.

7. **Post-Retirement Obligations**

Prospect does not intend to assume Verity's multi-employer plan or single employer plan obligations.

8. **Required Approvals**

This indication of interest has been approved by Prospect's senior management team. The consummation of the proposed business combination shall be subject to and contingent upon each of the following being satisfied:

(i) The execution of a mutually satisfactory Definitive Agreement, which agreement shall contain, among other things, such covenants, conditions, representations and warranties, indemnifications, ancillary agreements thereto and other provisions customarily found in such an agreement;

(ii) Completion and satisfaction of the results of due diligence conducted by Prospect in its sole discretion (which shall be a condition to the execution of the Definitive Agreement);

(iii) The approval of the transaction by each of the parties' respective governing boards, in their discretion (which shall be a condition to the execution of the Definitive Agreement); and

(iv) Receipt by the Parties of any necessary governmental consents or third-party approvals to consummate the transaction.

9. **Due Diligence**

We anticipate conducting final confirmatory due diligence and negotiating Definitive Documents along a parallel path. Assuming timely receipt of the requested information, we anticipate that final confirmatory diligence and execution of the definitive documents will occur within 45 to 60 days. We would then close the transaction as soon as possible after receiving the necessary regulatory approvals.

10. **Contingencies**

Mr. Carsten Beith
Managing Director

601 California Street, Suite 1505
San Francisco, CA 94108

Dear Mr. Beith:

We are pleased to provide the following proposal with respect to a proposed transaction in which Prospect Medical Holdings, Inc. ("Prospect"), or a designated subsidiary, would acquire substantially all of Verity Health Systems of California, Inc. and its subsidiaries ("Verity" or the "System").

The following is in response to the questions posed in your letter dated August 24, 2018.

1. Definitive Agreement

Attached please find clean and redline version of the Asset Purchase Agreement for the System.

2. Proposal Summary

a. Assets Acquired.

We propose to form one or more new entities to purchase substantially all the tangible and intangible assets owned or used by Verity in its operations and included in the APA. We will not acquire the assets or liabilities of Marillac Insurance Company Ltd. We contemplate that the assets would be conveyed and assigned free and clear of all liens, claims, charges or encumbrances other than (i) easements, rights of way, restrictions and other matters that do not materially affect the use or value of the assets, and (ii) such encumbrances expressly assumed by Prospect in the definitive documents.

Prospect will not assume any liabilities (including any liabilities relating to deferred management fees, long-term debt, notes payables, lines of credit, capital lease obligations, pension liabilities and related party obligations) except for (i) operating accounts payable and accruals incurred in the normal course of business in accordance with generally accepted accounting principles or (ii) other liabilities specifically assumed by Prospect as set forth in the definitive documents.

b. Purchase Price

Our proposed purchase price is $501 million, plus a commitment to address Seismic and other critical maintenance items related to the System. Given that the System has estimated the seismic and critical maintenance requirements at over $127 million, the total value of our transaction is approximately $628 million.

c. Financing.

Given the uncertainty of the timing to close, the transaction is currently subject to financing. As you know, Prospect is backed by Leonard Green & Partners. We are certain that the financing contingency will be removed at appropriate time.

d. Collective Bargaining Agreements

Prospect intends to acquire all assets subject to the bargaining units, but not the collective bargaining agreements.

e. Post-Retirement Obligations

Prospect does not intend to assume Verity's multi-employer plan or single employer plan obligations.

f. Due Diligence

We anticipate conducting final confirmatory due diligence. Assuming timely receipt of the requested information, we anticipate that final confirmatory diligence and execution of the definitive documents will occur within 45-60 days. We would then close the transaction as soon as possible, following the receipt of necessary regulatory approvals. Please note that we have already engaged Klee, Tuchin, Bogdanoff & Stern LLP as our transaction and Bankruptcy counsel. We are also in process of interviewing additional consultants to assist us in this transaction. We will inform you of the firms that we ultimately hire as we move forward in this process.

g. Required Approvals

This indication of interest has been approved by Prospect's senior management team. The consummation of the proposed business combination shall be subject to and contingent upon each of the following being satisfied:

(i) The execution of a mutually satisfactory Definitive Agreements, which agreements shall contain, among other things, such covenants, conditions, representations and warranties, indemnifications, ancillary agreements thereto and other provisions customarily found in such agreements;

(ii) Completion and satisfaction of the results of due diligence conducted by Prospect in its sole discretion (which shall be a condition to the execution of the Definitive Agreements);

(iii) The approval of the transaction by each of the parties' respective governing boards, in their discretion (which shall be a condition to the execution of the Definitive Agreement); and

(iv) Receipt by the Parties of any necessary court, governmental consents or third-party approvals to consummate the transaction.

h. Closing

See item f, above.

i. Other Matters

Given our operational and financial strength, we believe Prospect provides the best solution for Verity as we will have the ability to purchase the system and will continue to provide care to each of the communities currently served by Verity.

[signature page follows]

This indication of interest is non-binding and is subject to the Confidentiality Agreement dated July 12, 2018 by and between the parties. If you have questions, please do not hesitate to contact me.

We look forward to working with you.

9.2 Termination Consequences. ~~If this Agreement is terminated pursuant to Section 9.1: (a) all further obligations of the parties under this Agreement shall terminate, provided that the provisions of ARTICLE 12, shall survive, and (b) each party shall pay the costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or (c), the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. Each Party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.~~

(a) If this Agreement is terminated pursuant to Section 9.1, all further obligations of the parties under this Agreement shall terminate and no party shall have any liability (except as set forth in this Section 9.2) to any other party, as applicable, hereunder; provided, that the provisions of this Section 9.2 and Sections 12.3 through 12.16, shall survive; provided, further, that, subject to the limitation on liability set forth in Section 9.2(c), nothing in this Section 9.2(a) shall relieve any party from liability for any willful and material breach occurring prior to any such termination.

(b) If this Agreement is terminated by Purchaser or Seller pursuant to Section 9.1(g), or by Purchaser pursuant to Sections 9.1(c), 9.1(d)(i), 9.1(f), 9.1(j), 9.1(k) or 9.1(l), then, in each case in accordance with the Bid Procedures Order, Sellers shall pay to Purchaser, within two (2) Business Days of such termination, an amount in cash equal to (x) $17,535,000.00 (the "**Break-Up Fee**"), plus (y) all reasonable out-of-pocket documented fees and expenses of Purchaser and its Affiliates, including all fees and expenses of counsel, accountants, consultants, financial advisors, financing sources and investment bankers, incurred by such party or on its behalf in connection with or related to the authorization, preparation, negotiation, execution, financing or performance of this Agreement and the transactions contemplated hereby (collectively, "**Expenses**") up to an aggregate amount equal to $5,010,000.00 (the "**Expense Cap**"; and such entitlement to reimbursement under this clause (y), the "**Expense Reimbursement**"). Pursuant to the Bid Procedures Order, the Break-Up Fee and the Expense Reimbursement shall be (i) allowed as an administrative expense claim under Bankruptcy Code Sections 503(b) and 507(a)(1), (ii) deemed included as an additional component of the ["Carve-Out"] under the DIP Financing Order and shall be deemed to have all of the benefits set forth in the DIP Financing Order as if the Break-Up Fee and the Expense Reimbursement were included in such "Carve-Out" *ab initio*, and (iii) payable to Purchaser without necessity of an order of the Bankruptcy Court other than the Bid Procedures Order. Notwithstanding the foregoing, if the [DIP Obligations] (as defined in the Bid Procedures Order) may be satisfied before the Break-Up Fee or Expense Reimbursement are due and payable hereunder, Sellers shall draw on the DIP Financing, establish an interest-bearing escrow account (the "**Purchaser Fee Escrow Account**") and deposit into such account an amount equal to the Break-Up Fee plus the Expense Cap. Purchaser shall be the sole beneficiary of the Purchaser Fee Escrow Account, and the Purchaser Fee Escrow Account and the proceeds on deposit therein shall be available and used only to satisfy the amounts due to Purchaser on account of the Break-Up Fee and Expense Reimbursement. In the event the Purchaser Fee Escrow Account is established and funded, the Break-Up Fee and any Expense Reimbursement shall be paid to Purchaser from the Purchaser Fee Escrow Account when due and payable pursuant to the terms hereof. Following either the Closing or the payment in full of the Break-Up Fee and Expense Reimbursement to Purchaser when due and payable, any remaining amount on deposit in the Purchaser Fee Escrow Account shall be returned to Sellers.

(c) If this Agreement is terminated pursuant to Section 9.1(b), then Sellers shall be entitled to prompt disbursement of the Deposit from the Deposit Escrow Account pursuant to the terms of the Escrow Agreement. Notwithstanding anything in this Agreement to the contrary, each of the parties acknowledges that the receipt of the Deposit by Sellers pursuant to this Section 9.2(c) (i) is not a penalty, but is liquidated damages, in a reasonable amount that will compensate Seller in the circumstances in which the Deposit is disbursed to Sellers for the efforts and resources expended and opportunities foregone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the transactions contemplated hereby, which amount would otherwise be impossible to calculate with precision, (ii) shall constitute Sellers' sole and exclusive remedy, at law or in equity, of Sellers against Purchaser or any of its Affiliates or representatives for any and all losses and damages suffered or incurred as a result of the failure of the transactions contemplated by this Agreement or for a breach or failure to perform hereunder or otherwise and (iii) upon payment of such amount, none of Purchaser or any of its Affiliates or representatives shall have any further Liability of any kind to any Seller or any of their respective Affiliates or representatives, or to their estates, directly or

indirectly, arising out of or on account of or in relation to this Agreement or the transactions contemplated hereby. For the avoidance of doubt, the Deposit is intended to serve as a cap on the maximum aggregate liability of Purchaser and its Affiliates and representatives arising out of or on account of or in relation to this Agreement or the transactions contemplated hereby.

(d) If this Agreement is terminated pursuant to Section 9.1 (except for termination pursuant to Section 9.1(b)), then Purchaser shall be entitled to prompt disbursement of the Deposit from the Deposit Escrow Account pursuant to the terms of the Escrow Agreement.

(e) Each party agrees and acknowledges that Purchaser's due diligence, efforts, negotiation and execution of this Agreement have involved substantial investment of management time and have required significant commitment of financial, legal and other resources by Purchaser and its Affiliates, and that such due diligence, efforts, negotiation and execution have provided value to the Sellers. Each party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such party would not have entered into this Agreement.

Re: Verity Health System – Indication of Interest

Dear Mr. Beith and Mr. Moloney:

Sana Healthcare, LLC ("Sana") is pleased to submit the following Indication of Interest in acquiring the assets of Verity Health System. Sana shares the aims of the Verity Health System Board to ensure that the health system remains a viable health care provider and its hospitals remain a resource for the communities in which they serve. The following is our response to the items listed in your Process Letter of July 27, 2018, starting with an overview of our organization.

I. Overview of Sana Healthcare, LLC

Sana Healthcare's core purpose is to acquire and manage acute care hospitals and businesses related to the operations of those hospitals where we feel our expertise will result in a high quality, financially successful organization. Sana combines industry best practices with deep turnaround expertise. The principal executives have each led acquisitions, startups, and turnarounds of significant health care operations as owners or senior executives. Six members of Sana's executive team evaluated the Verity Health System assets on behalf of several other entities during the 2014-2015 Daughters of Charity bid process. This provides a high level of familiarity with the Verity Health System and their strategic challenges and opportunities. It also will compress the learning curve and time necessary to close the transaction.

Members of the Sana executive team are:

Krishna Surapaneni, M.D. Managing Partner and Chairman

Mark Meyers, Managing Partner

Arnie Kimmel, Chief Executive Officer

John Keefe, Chief Financial Officer

Radha Savitala, Chief Legal Officer

Sreekant Gotti, Chief Information Officer

In addition, Bill Leyhe of The Peira Group is collaborating with the executive team on this acquisition project.

Brief biographies of the team are attached to this letter.

II. Form of the Transaction

Sana Healthcare understands the desire of the Board is to transfer ownership of the entire Verity Health System to a single buyer in a single transaction. Accordingly, Sana proposes the following:

a) As Closing, Sana will pay $280 Million for all of the assets at Verity Health System including St. Francis Medical Center, St. Vincent's Medical Center, O'Connor Hospital, St. Louise Regional Hospital, Seton Medical Center, Seton Medical Center Coastside, and all related businesses and real assets.
b) Additionally, Sana will assume responsibility for funding the unfunded portion of the pension plans in conformance with ERISA rules.
c) Sana will also commit to hiring substantially all of the current employees.
d) Sana will maintain the current relationships with the existing independent medical staffs.
e) Sana will maintain the existing local hospital governing boards.

III. Sources of Financing

Sana has various financial partners and will disclose such financial partners once we progress to the next phase. Currently, the financing may include one or more of the following:

a) A highly regarded, publicly traded, health care real estate investment trust that has partnered with Sana in a multi-hospital acquisition that is in the final stages;
b) An asset-based lender who specializes in supplemental funding of hospital acquisitions;
c) A reputable commercial bank with whom Sana is in discussions about this and other projects;
d) A real estate developer that will acquire some of the real estate for mixed commercial and residential use projects;
e) Funding from other investors including the current Managing Partners of Sana.

IV. System Executive Leadership

Subject to appropriate evaluation, Sana intends to offer employment to existing system and hospital leadership. Sana also intends to stabilize the leadership teams by offering stay on bonuses upon execution of the purchase agreement.

Sana and its executive team have deep roots and extensive experience in California health care and have an excellent understanding of this complex environment. Members have served as hospital and regional CEOs of multiple not-for-profit and for-profit systems including Tenet, Dignity Health and Cha Healthcare. This background enables them to have an inventory of qualified executives to fill any vacancies and or replace positions held by temporary acting executives, if necessary.

V. Operations

The Sana team has not completed its evaluation of each facility's strategic plan; however, we believe that the challenges of operating the Daughters of Charity Health System/Verity Health System over the last ten years are indicators of a need to reevaluate the role of each hospital. Continuing forward with the existing hospital roles is likely to perpetuate the lack of viable financial results.

There are no plans to greatly alter staffing or the existing relationships with the medical staff. However, there are some state of the art innovations that Sana executives have deployed elsewhere that, among other things, optimize Emergency Department operations and increase overall net patient revenue yield. Sana can provide additional information on how the current use of these technology innovations favorably impact hospitals.

VI. Collective Bargaining Agreements (CBAs)

Sana commits to honoring the CBA(s) and would renegotiate in good faith at contract expirations.

VII. Post Retirement Obligations

Sana will commit to funding the unfunded portion of the various pension liabilities in accordance with ERISA rules.

VIII. Required Approvals

Sana does not anticipate needing any internal approvals as decision-making authority resides with two individuals who can make decisions efficiently.

IX. Due Diligence

We anticipate our due diligence process will take 60-90 days. Our diligence team will include a national consulting firm experienced with these kinds of transactions. Our team's experience with these facilities will make the diligence process more efficient.

X. Contingencies

The following are the contingencies Sana anticipates:

a) Satisfactory completion of due diligence;
b) Acceptable attorney general conditions of sale; and
c) Approval of the transaction by the sources of financing.

XI. Sana Healthcare's contacts

Thank you very much for your consideration. Please do not hesitate to contact me should you have any questions.

Sincerely,

Mark Meyers

Also Dr. Surapaneni was a founder (in 2002), director and Board Treasurer of a medical school and an affiliated 1200 bed hospital that provides a full range of training programs in all major specialties. He also led the establishment of two successful tertiary for-profit hospitals.

Mark Meyers, Managing Partner and Board Vice Chairman

Mark Meyers is a healthcare executive with 35 years experience as a hospital Chief Executive Officer or Regional Executive for major healthcare systems. While serving in leadership roles as a hospital operator, he became known as a 'turnaround specialist' both in Tenet Healthcare and other major multi-hospital systems. Before moving on to hospital acquisition work in 2013, he led the turnaround at California Hospital Medical Center which was a failing hospital in Los Angeles. In 2001, when he assumed the CEO role there, the hospital was losing $2 - $3 million per month. When he left to assume a regional role in 2009, the hospital's annual EBIDA was a positive $45 million. In 2014, he was a founder of Integrity Healthcare Management, Inc. which focused on the acquisition of the Daughters of Charity, a California 6 hospital not-for-profit system. His company evolved into Integrity Healthcare, LLC in mid-2015 and soon after assumed management and control of the hospital system. In November, 2015, Meyers left Integrity Healthcare to pursue other hospital acquisition opportunities for Cha Health Systems Inc. and most recently for Sana Healthcare.

Arnie Kimmel, Chief Executive Officer

For the last 15 years, his focus has been on strategic and operational turnarounds. He has consulted on bankruptcy workouts and has also headed the corporate Supply Chain Initiative for Ascension Health, the largest not-for-profit system in the country.

At Prime Healthcare, Kimmel focused on much of the company's substantial growth outside of California. Kimmel also served as CEO of MetroSouth Medical center, formerly St. Francis Hospital, in Blue Island, Illinois. Prior to his management of this hospital, St. Francis had lost $42 million annually for two years and was slated to close. The management team that Kimmel led was responsible for improving the bottom line to break even during the first year of operation. Kimmel also served as Interim CEO of Catholic Health Partners, a three-hospital system in Chicago jointly owned by Ascension Healthcare and the Missionary Sisters of the Sacred Heart. That turnaround preserved the Catholic hospital ministry on the north and west sides of Chicago. Other assignments have included serving as CEO of Mercy Memorial Hospital in Monroe, Michigan; Interim CEO of Brackenridge and Children's Hospitals in Austin, Texas; and CEO of Spohn Hospital in Corpus Christi, Texas. Kimmel has a Bachelor's degree in Business Administration from Washington University of St. Louis and a Masters degree in Hospital Administration from the University of Michigan.

Sreekant streamlined the IT evaluation and standardized the conversion process for IT, electronic medical records, and document management at the acquired

hospitals. Sreekant has achieved this record of success by emphasizing communications and by creating a shared vision that enables each team member to contribute their unique skills.

Re: Purchase Offer Summary for Saint Francis Medical Center

Dear Jim and Carsten:

Thank you for providing SFMC Investment Group and the City of Lynwood ("Buyer") the opportunity to present our proposal to acquire the business and real estate assets of Saint Francis Medical Center (the "Seller" or "SFMC").

The City of Lynwood shall purchase the land and buildings only at the closing, and the SFMC Investment Group and affiliates shall purchase the business and related assets.

Summary of Offer. Based on the information provided to date, Buyer would like to propose an offer to acquire the Company for **$360,000,000,** consisting of:

* $324,000,000 in cash at closing, subject to certain working capital adjustments, plus
* $12,000,000 cash escrow for all post-closing adjustments and Year 1 Indemnity Fund, plus
* $24,000,000 Seller Note that shall serve as Year 2 and Year 3 Indemnity Funds, evenly split into two $12,000,000 annual payments, net of any qualified deductions, to be paid to the Seller at the end of Year 2 and Year 3, respectively.

Buyer anticipates the following, approximate adjustments to working capital, which are subject to change and negotiation:

* $8,000,000 in assumed, critical Accounts Payable
* $9,000,000 in assumed Personal Time Off ("PTO")
* $1,600,000 in prepaid expenses
* $6,400,000 in supplies/ inventory

Buyer has also included the following major deal points in its initial mark-up of the Asset Purchase Agreement:

* Buyer shall not purchase current Accounts Receivable.
* Buyer shall not participate in the QAF5 program.
* Buyer will be entitled to all planned and future DSH, Trauma and QAF6 Program payments.
* Buyer intends to honor the current terms of union CBA's related to SFMC.
* Buyer will not assume the entire, estimated portion of SFMC's current pension liability ($89.8M), but will negotiate in good faith to set aside a TBD % of future positive cash flow to help close the gap created by previous owner/operators (Please note this is an acquisition financing requirement).

Buyer estimates the following Purchase Milestones from the date of execution of a binding Asset Purchase Agreement with Seller:

+ 2 Days for Sale Motion
+ 30 Days for Entry of Bidding Procedures
+ 75 Days for Auction
+ 90 Days for Entry of Sale Order
+240 Days for Attorney General Approval, Municipal Bond Closing and (near) completion of Regulatory (License/Provider) Transitions to Buyer.

Information Requests By Seller:

1. **Organization Overview:** See Attachments "A" as reference materials for RollinsNelson and Positive Investments. SLMC Investment Group, LLC is a veteran group of physicians, will be partnering with RollinsNelson to oversee current management and operate the hospital. Positive Investments and RollinsNelson shall serve as financial partners to Buyer; both partners to Buyer will support the muni bond underwriting, guarantee the lease and own a minimum of 25% and as much as 50% of the business and (eventually) real estate assets. Both Partners to Buyer have extensive experience acquiring and operating healthcare assets, including the MOB assets associated with acute hospitals.

2. **Form of Transaction:** As per the revised Asset Purchase Agreement included with this proposal, the proposed transaction will be structure as a 363 Asset Sale/Purchase.

3. **Sources and Uses of Financing:** Please see Attachments B providing financing details and overview. To summarize, there are five (5) forms of financing expected for the Transaction closing:

    - Municipal Bond Raise currently estimated between $350M and $400M in sizing, which shall include purchase of Real Estate assets (land and buildings), transaction-related expenses and the final year of interest payments. The Municipal Bond is expected to be split into an A and B Series, with the B Series having a higher coupon and shorter term. Buyer expects the muni capital raise to have a secure bridge prior to the auction sale and close prior to the final phase of AG approval. See Attachments B for greater underwriting detail.

    - Operator/Tenant Cash currently estimated to be a $36M cash deposit, sum or all of which shall be used to complete the purchase of Business Assets (Net Equipment, Inventory, Prepaid Expenses (NOT AR) and less assumed liabilities).

    - Operator/Tenant Cash and Cash-equivalents for initial working capital and lease guarantees to service muni bond interest, estimated to be an aggregate of $125M.

    - Subordinated Seller Note of $35M that jointly serves as part of the Indemnification Fund with net balance payments to Seller made by the Tenant/Operator (Business Asset Owner) in Years 2 and 3, respectively.

    - Revolving Line of Credit for working capital and general liquidity backstop, expected to close simultaneous with Transaction closing; Buyer expects to work with Ally Financial. that will Working Capital Debt earliest expected date for completing such financing.

4. **System Executive Leadership and Hospital Executive Leadership:** Buyer currently expects to retain most, if not all, of the current senior hospital leadership at SFMC. Buyer intends to utilize the 150-day interim period between the Sale Order and Attorney General approvals to offer and lock all current management into employment agreements and ascertain what additional resources will be required to transition away from Verity's corporate services. A more detailed operation and systems analysis shall be forthcoming.

5. **Operations:** Buyer intends maintain most if not all of the current staffing levels and members of the medical staff.

6. **Collective Bargaining Agreements ("CBA"):** Buyer intends to honor the terms of the current CBA's in place with UNAC and SEIU, though the SEIU agreement will be transitioned from the system-wide contract, which Buyer intends to accomplish during the same interim period described in Item #4 above.

7. **Post-Retirement Obligations:** Buyer will not assume the SFMC pension liabilities currently estimated to be $89.8M, but shall propose a good faith system to pay into the underfunded portion of the pension based on future financial success of SFMC operations. A more detailed operation and systems analysis shall be forthcoming.

8. **Required Approvals:** Buyer has the required approvals to make this offer, and can process additional approvals as necessary in an expedited manner through the closing of the Transaction.

9. **Due Diligence:** Buyer's offer is not contingent on additional due diligence, though Buyer intends to continue with its due diligence through the Sale Process and executing a definitive agreement. Buyer wished to be selected by VHS as the stalking horse bid.

10. **Contingencies:** The only major, current contingency is completing the municipal bond underwriting to the satisfaction and comfort of our financial advisors. We expect this to be concluded before the naming of a stalking horse bidder and/or the auction date.

11. **Key Contacts:** See attached.

We are grateful to have the opportunity to submit this proposal and hope this letter answers your questions and meets your expectations. If we can clarify any points made above or provide additional information, please do not hesitate to contact Jeffrey Ahlholm at (310) 909-3865. Re: Project Phoenix

Dear Sir,

Please treat this correspondence as a letter of interest for the acquisition of substantially all of the assets of Verity Health System ("VHS") free and clear of liabilities.

We have organized our comments in the order set forth in your process letter.

1. Organization Overview. Strategic Global Management, Inc. ("SGM" or "Strategic") is a venture company used to acquire assets and businesses, through companies which are affiliated or associated (through common ownership and otherwise) with SGM, but which are not subsidiaries of SGM. SGM and its associated and affiliated companies (collectively, the "SGM Companies") currently own, operate and/or manage several healthcare companies, including seven hospitals in Riverside, San Bernardino and Orange County, California. The SGM Companies also own and operate various ancillary providers, including without limitation, skilled nursing facilities, recovery centers, rehabilitation centers, diagnostic companies, surgery centers, urgent care and home health providers and others. In addition, SGM is affiliated with three medical groups and one IPA providing care to over 85,000 commercial equivalent members in Southern California. The SGM Companies also operate a medical college, nursing college and nutritional college and related operations in India.

   Consistent with the manner in which the SGM has structured other acquisitions and consistent with lender requirements for special purpose borrowing entities, SGM would cause this proposed acquisition to be accomplished through one or more special purpose acquisition entities, which would be fully and adequately funded.

Hospitals affiliated with SGM ("SGM Hospitals") include the following:

Victor Valley Global Medical Center ("VVGMC") is a safety net provider located in Victorville. It is one of the largest providers of Medi-Cal Managed Care through an Inland Empire Health Plan ("IEHP") contract in the High Desert. It was acquired from a non-profit out of bankruptcy in 2012. It has faithfully satisfied all of the Attorney General's five-year conditions for approval of the transaction.

Physicians for Healthy Hospitals ("PHH") acquired Hemet Valley Medical Center and Menifee Valley Medical Center, as well as a skilled nursing facility, Hemet Valley Recovery Center, and a nationally respected inpatient and outpatient chemical dependency center, Hemet Valley Recovery Center and Sage Retreat, from Valley Health System, a district hospital system, out of bankruptcy in 2010.

KPC Healthcare, Inc. ("KPC Health") owns and, through subsidiaries, operates Anaheim Global Medical Center ("Anaheim"), Chapman Global Medical Center ("Chapman"), Orange County Global Medical Center ("OC") and South Coast Global Medical Center "South Coast"), which are all safety net providers. Orange County Global Medical Center is a key Level II Trauma center located in central Orange County. All four facilities have contracts for Medi-Cal Managed Care through a Cal-OPTIMA contract. Pursuant to contracts with the County of Orange, Anaheim is the primary provider of behavioral health services and correctional health services for the County.

We are proud of the SGM Hospitals' accomplishments under SGM's stewardship. Some of the key accomplishments are as follows:

- All SGM Hospitals service large economically depressed populations with significant medical needs.

- All SGM hospitals were in danger of closing if SGM did not assume ownership.

- When VVGMC was acquired out of bankruptcy in 2012, many of its services were closed or suspended. In the first year of SGM operations, the laboratory that was closed by CLIA was reopened for all services, including microbiology and is fully accredited. The diagnostic cardiac catheterization lab was taken out of suspension and new modifications are being done to bring it up to standards for interventional work. The NICU and GI laboratory were taken out of suspension and reopened.

- VVGMC received full Joint Commission accreditation for the first time in 2014. It currently also maintains accreditation through the Health Facilities Accreditation Program. It is the only facility in the High Desert that is dual accredited.

- VVGMC financial performance has improved from a pre-acquisition monthly loss of $500,000 to positive EBITDA within six months.

- VVGMC is the largest Medi-Cal provider in the High Desert area and the largest provider for IEHP.

- The PHH facilities, which pre-acquisition had annual losses in excess of $6,000,000, have generated positive EBITDA since their acquisition.

- KPC Health has been sold to an Employee Stock Ownership Plan ("ESOP") and now operates for the benefit of its employees but remains managed by SGM affiliates under a long-term agreement. The KPC Health facilities have been consistently profitable under SGM management.

2. Form of Transaction. SGM proposes the purchase of substantially all of the tangible and intangible assets used in the operation of the VHS Hospitals and related ancillary and other operations and businesses, and all other assets of VHS, except cash on hand at closing free and clear of all liabilities, liens and encumbrances (except as mutually agreed). The assets would include the following:

- Verity Health System of California, Inc.
- Verity Holdings, LLC
- Verity Business Services
- Verity Medical Foundation
- De Paul Ventures, LLC
- Marillac Insurance Company, LTD
- O'Conner Hospital
- Property in Morgan Hill
- Seton Medical Center
- Seton Medical Center Coastside
- St. Francis Hospital
- St. Louise Regional Medical Center
- St. Vincent Hospital
- St. Vincent Dialysis Center
- All owned MOBs
- All other properties and assets of VHS

The purchase price presumes the acquisition of, without limitation, the following assets:

- Current Assets:

- Patient and payor accounts receivable (net)
- Funds due from government agencies, including QAF and DSH funds
- Inventories
- Other current assets

7. Post-Retirement Obligations. SGM would propose to acquire the assets free and clear of pension liabilities but is willing to work with the unions and other constituents to fashion appropriate retirement programs post-closing.

8. Required Approvals. SGM is owned by a sole shareholder, so its decision-making process will operate in an expedited manner consistent with the Seller's expectations.

9. Due Diligence. SGM will provide the Seller with its due diligence request list.

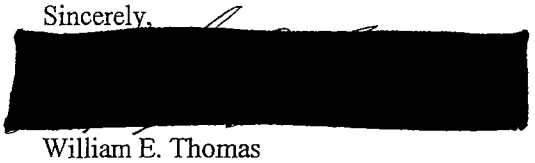
10. Contingencies. The transaction will be subject to the approval of the California Attorney General and the Bankruptcy Court if the transaction is implemented in a Chapter 11 case, as well as the customary conditions precedent in the asset purchase agreement. SGM reserves the right to reasonably determine if the AG's final conditions are fair and do not impose a materially adverse effect on the economics of the transaction.

11. Debtor-In-Possession Financing. SGM is prepared to offer to provide VHS with debtor-in-possession financing to fund its business operations through the closing of the transaction on customary terms and conditions for such financing and approved by the Bankruptcy Court. We would appreciate your providing us with your required loan amount and proposed terms.

12. Non-binding Effect. This expression of interest shall not constitute an offer which may be accepted to form a legally binding contract. The parties shall be legally bound only after a mutually acceptable definitive purchase agreement has been executed by the parties.

13. Key Contacts. All inquiries should be directed to SGM's General Counsel, William E. Thomas (bthomas@globalmso.com; (951) 987-8100). SGM's consultants include Hooper, Lundy & Bookman (healthcare), Levine, Neal & Bender, Yoo & Brill (restructuring), Kling & Pathak (CPAs), and Marsh MMA (insurance).

Sincerely,



William E. Thomas
Executive Vice President and General Counsel

Purchaser's right of access and inspection shall be exercised in such a manner as not to interfere unreasonably with the operations of any Seller or the Hospital.

4.1.2 Notwithstanding anything contained herein, neither Seller shall be required to provide Purchaser or its representatives or agents access to or disclose information where such access or disclosure would violate the rights of its patients, jeopardize the attorney-client or similar privilege with respect to such information or contravene any law, judgment, fiduciary duty or contract entered into prior to or on the date of this Agreement with respect to such information.

4.2 Cooperation.

4.2.1 Each Seller shall reasonably cooperate with Purchaser and its authorized representatives and attorneys: (a) in Purchaser's efforts to obtain all consents, approvals, authorizations, clearances and licenses required to carry out the transactions contemplated by this Agreement (including, without limitation, those of governmental and regulatory authorities) or which Purchaser reasonably deems necessary or appropriate, (b) in the preparation of any document or other material which may be required by any governmental agency as a predicate to or result of the transactions contemplated in this Agreement, and (c) in Purchaser's efforts to

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions.

5.2 Required Governmental Approvals. Purchaser (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled, and (b) will provide such other information and communications to governmental and regulatory authorities as either Seller or such authorities may reasonably request. Purchaser is responsible for all filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective time are: (i) employees of either Seller; (ii) employees of any affiliate of either Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of either Seller and are listed on **Schedule 5.3**. Seller unless such individual is listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "Hired Employees." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Closing Date.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date, either by (i) crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time or (ii) by making full payments to such employees of the amounts which such employees would have received had they taken such paid time off.

(c) After the Closing Date, Purchaser's human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees (which such list Purchaser shall periodically update).

(d) With respect to any collective bargaining agreements or labor contract with respect to any union employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the Hospital on and after the Effective Time, without imposing any charge on either Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 4 to be inaccurate or untrue as of the Closing.

5.8 Resale Certificate. Purchaser agrees to furnish to each Seller any resale certificate or certificates or other similar documents reasonably requested by such Seller to comply with or obtain an exemption from pertinent excise, sales and use tax laws.

5.9 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

Purchaser and each Seller will as promptly as practicable, and in any event no later than five business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.]**

6.1 Bankruptcy Court Approval. Overbid Protection and Break-Up Fee

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval, and that this Agreement is subject to termination in the event either Seller receives a better and higher offer for such Seller's assets in accordance with the Bankruptcy Code and subject to the terms stated herein.

(b) Promptly following the execution of this Agreement by all parties, the Seller shall file a motion with the Bankruptcy Court, the content of which shall be subject to the reasonable approval by Purchaser, for entry of an order approving bid procedures and overbid protection containing the following terms and conditions:

(1) the Seller shall not accept any offer to sell the assets subject to this Agreement ("**Overbid**") to another purchaser ("**Overbidder**") unless that offer exceeds the Purchase Price by an amount sufficient to pay the Break-Up Fee;

(2) in the event the Seller accepts an Overbid, and Purchaser is not a Back-up Bidder, (a) the Deposit, and any interest earned thereon, shall be returned to Purchaser immediately upon the earlier of (i) Seller's execution of an agreement with the Overbidder, or (ii) the acceptance by Seller of such Overbid at any sale hearing or auction for the purchase of all or any of the assets subject to this Agreement, and (b) Purchaser shall be paid a break-up fee of five percent (5%) of the Purchase Price ($30,250,000.00) (the "**Break-Up Fee**") immediately upon the closing of the sale to the Overbidder;

(3) In the event the sale to the Overbidder and to any Back-Up Bidder, other than Purchaser, is terminated or fails to close, for any reason, within the period contemplated in the applicable purchase agreement, Purchaser shall have the option of proceeding with the purchase of the Assets pursuant to this Agreement for the Purchase Price, without further court proceedings, other than entry of a Sale Order, or consideration of any alternative offers, subject only to Purchaser's replacement of the Deposit;

If Seller fails to obtain Court approval for bid procedures and overbid protection containing the terms stated above, Purchaser shall have the right to terminate this Agreement, without recourse or liability, and Seller shall immediately return to Purchaser the Deposit and any interest earned thereon.

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code and subject to the terms stated herein. For purposes of this Agreement, the term "Sale Order" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal. In the event of an appeal, and unless the appeal is dismissed within 60 days of its filing, Purchaser shall have the option to terminate this Agreement, without recourse or liability, and upon such termination, Seller shall return the Deposit to Purchaser, including any interest earned thereon.

10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court,

which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to either Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to either Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against either Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") plus five percent (5%) (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records, patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-

Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) in connection with any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the

Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) **[Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.]**

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall be entitled to retain the Deposit, and Sellers may, in addition thereto, pursue any rights or remedies that Sellers may have under this Agreement or applicable law, including the right to sue for damages or specific performance.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) Within 20 days after the Signing Date, Purchaser shall deliver to Sellers for Sellers' review a schedule setting forth the allocation of the Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder (such schedule, as may be amended as contemplated below in this Section 11.3(b), the "**Allocation Schedule**"). The Allocation Schedule shall be deemed final and binding upon the parties upon Sellers' approval thereof, which approval shall not be unreasonably withheld or delayed. The parties shall cooperate in good faith to finalize the Allocation Schedule within 10 days after delivery of the initial draft of the schedule by Purchaser to Sellers. If within such 10 day period (or such other period as the parties may agree), the parties are unable to reach agreement on a final Allocation Schedule, the Allocation Schedule submitted by Purchaser shall become effective. The parties shall refrain from taking any position that is inconsistent with the Allocation Schedule.

11.4 Cost Report Matters.

(a) Consistent with Section 4.5, Sellers shall, at Purchaser's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without

limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**").

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

ARTICLE 12

MISCELLANEOUS PROVISIONS

Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may

update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of Article III merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

Subject: Verity/Prime APA + Bidding Procedures Documents

Hi Jim/Team Phoenix ...

Clean and Redlines of the APA and Bidding Procedures documents attached.

We're still evaluating how we might be helpful on the bridge loan ask.

And we did also speak with Sam and Tania after the Verity Board meeting yesterday, so we're updated on that front. Sam suggested we speak with BRG and Verity CFO today, to get a better understanding of the cash projection and shortfall you're trying to solve for (plus the actual projection itself).

Are you around this morning/today to discuss briefly?

Thx,
Mike

1.6.1 All transfer, conveyance, sales, use, stamp, similar state and local taxes arising from the sale of the Assets hereunder shall be equally borne by Purchaser, on the one hand, and Sellers, on the other hand.

1.6.2 Other than the Utility Deposits (defined below), which are governed by Section 1.8(j), and other than with respect to Cure Costs payable by Purchaser, the following costs and expenses shall be prorated based upon the payment period (*i.e.*, calendar or other tax fiscal year) to which the same are attributable: all real estate and personal property lease payments, real estate and personal property taxes, real estate assessments and other similar charges against real estate, and charges for power, sewer, water, electric, gas, telephone or other utilities (collectively, the "**Utilities**") on the Assets (collectively, the "**Prorated Charges**"). Each Seller shall pay its respective portion at or prior to the Closing (or Purchaser shall receive credit for) of any unpaid Prorated Charges attributable to periods or portions thereof occurring prior to the Effective Time, and Purchaser shall assume as an Assumed Liability or, to the extent previously paid by any Seller, pay to such Seller at the Closing all Prorated Charges attributable to periods or portions thereof occurring from and after the Effective Time. The parties agree that if the real estate and personal property tax prorations are made based upon the taxes for the preceding tax period, the prorations shall be re-prorated after the Closing. All Lease Amounts that are accrued but uncollected as of the Closing (including, without limitation, rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the "**Unpaid Amounts**") shall belong to Sellers, and Purchaser shall, upon receipt of said rents and other payments, receive the same in trust for Sellers and shall promptly remit any of such amounts to the applicable Seller within ten (10) days after Purchaser's receipt of same. For the avoidance of doubt, all rental payments received after Closing shall be first applied to any amounts owed to the Sellers under this Section 1.6.3.

1.6.4 All prorations and payments to be made under the foregoing provisions shall be agreed upon by Purchaser and Sellers prior to the Closing and shall be binding upon the parties; *provided, however*, with respect to the Unpaid Amounts, in the event any proration, apportionment or computation shall prove to be incorrect for any reason, then either the applicable Seller or Purchaser shall be entitled to an adjustment to correct the same, *provided* that said party makes written demand on the party from whom it is entitled to such adjustment within thirty (30) calendar days after the erroneous payment or computation was made, or such later time as may be required, in the exercise of due diligence, to obtain the necessary information for proration. This Section 1.6 shall survive Closing.

Not later than sixty (60) days after entry of the Sale Order, Purchaser shall provide each Seller (i) an updated, final list of those Evaluated Contracts that Purchaser will agree to assume and have assigned to it by Seller effective as of the Effective Time, and (ii) a final list, signed and dated by Purchaser, of which Evaluated Contracts are to be rejected by such Seller (collectively, the "**Rejected Contracts**"). Sellers and Purchaser have mutually agreed that the target Accounts Receivable amount that will be transferred from Sellers to Purchaser as of the Effective Time ("**A/R Target Amount**") is [One Hundred Fifty-Two Million Dollars ($152,000,000)].[1] Purchaser shall collect the Accounts Receivable during the ninety (90) day period immediately following the Closing Date (collectively, the "**Final A/R Collected**"), and within the thirty (30) day period thereafter, Purchaser shall provide Sellers an accounting of the Final A/R Collected. If the Final A/R Collected is more than the A/R Target Amount, then such excess amount shall be paid by Purchaser to Sellers within thirty (30) calendar days of Purchaser's delivery of the accounting of the Final A/R Collected to Sellers. If the Final A/R Collected is less than the A/R Target, then such deficit amount shall be paid by Sellers to Purchaser within thirty (30) calendar days of Purchaser's delivery of the accounting of the Final A/R Collected to Sellers. The parties acknowledge and agree that if such deficit amount is not paid by Sellers to Purchaser within the foregoing payment period, Purchaser may offset such deficit amount from any Hospital Quality Assurance Fee Program payments excluded under Section 1.8(x) which are received by the Purchaser after the Effective Time.

Purchaser, at its sole cost and expense (a) shall use its reasonable commercial efforts to secure, as promptly as practicable before the Closing Date, all material consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled, and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Except for any filings required by Law or under this Agreement to be submitted to governmental authorities by Seller in order to carry out the transactions contemplated by this Agreement, Purchaser is responsible for all other filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all such applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

5.3 Certain Employee Matters

.

(a) Subject to Purchaser's standard hiring, pay and benefit practices, policies and procedures, Purchaser agrees to offer employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of any Seller and are listed on **Schedule 5.3**. For the avoidance of doubt, the Hospital Employees shall not include any employees of any affiliate of Sellers unless such individual is listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "**Hired Employees**." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Hospital Employees that become Hired Employees in accordance with Section 5.3(a) shall cease to be employees of Seller, and shall be removed from Seller's payroll. Seller shall timely make or cause to be made by Seller's affiliates appropriate distributions to, or for the benefit of, all of such Hired Employees in respect of the Seller Plans which are in force and effect with respect to such Hired Employees in accordance with ERISA, the Code, and the terms and conditions of the Seller Plans; *provided, however*, no such distribution shall be required to the extent it is among the Assumed Obligations.

(c) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date, up to a maximum of 300 hours per Hired Employee, either by (i) crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time or (ii) by making full payments to such employees of the amounts which such employees would have received had they taken such paid time off.

(d) Seller shall be responsible to provide continuation coverage pursuant to the requirements of Code Section 4980B and Part 6 of Title I of ERISA ("COBRA Coverage") with respect to the Hospital Employees (and their dependents) whose qualifying event occurred prior to the date on which the Hospital Employees become Hired Employees. Purchaser shall be responsible to provide COBRA Coverage with respect to each of the Hospital Employees (and their dependents) whose qualifying event occurs on or after the date on which the Hospital Employees become Hired Employees

(e) After the Closing Date, Purchaser's human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees.

(f) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy

court orders relating to collective bargaining agreements or labor contracts and the provisions of Section 4.6, hereof.

(g) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets

. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance

. Purchaser hereby waives compliance by Sellers with the requirements, if any, of ARTICLE 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General

. Promptly after entry of the Sale Order, each Seller and Purchaser shall cooperate in obtaining, any required review and consent by the California Attorney General (the "**CA AG**") to the sale of the Assets to Purchaser in accordance with this Agreement and the Sale Order pursuant to Title 11, Chapter 15, Section 999.5 of the California Code of Regulations, including without limitation, preparing and submitting to the CA AG a notice of the transactions contemplated by this Agreement within ten (10) calendar days after entry of the Sale Order and participating in any required Attorney General or public meetings. The cost and expense for any notices and other filings with the CA AG shall (a) be borne equally by Purchaser and Sellers for the first Five Hundred Thousand Dollars ($500,000) of such cost and expense, and (b) thereafter, such cost and expense in excess of Five Hundred Thousand Dollars ($500,000) shall be borne solely by Purchaser.

5.7 Conduct Pending Closing

. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 4 to be inaccurate or untrue as of the Closing in any material manner.

5.8 Cure Costs

. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the

applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**" means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Contract with Unions

. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, *provided* that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

5.10 Operating Covenant

. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of each Hospital's service area.

5.11 HSR Filing

. Purchaser and each Seller will as promptly as practicable, and in any event no later than five (5) business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities.

ARTICLE 6

SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

6.1 Bankruptcy Court Approval

.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval, and that this Agreement is subject to termination in the event any Seller receives a better and higher offer for such Seller's assets in accordance with the Bankruptcy Code.

(b) From the Signing Date until the entry of the Bidding Procedures Order by the Bankruptcy Court, Sellers shall not, and shall cause their respective affiliates and representatives to not, directly or indirectly: (a) solicit, initiate or induce the making, submission or announcement of, or knowingly encourage any inquiry, proposal or offer from any person, including any individual, corporation, limited liability company, partnership, firm, joint venture, association, joint-stock company, trust, unincorporated organization, governmental body or other entity (collectively, "**Person**"), other than Purchaser, concerning an alternative transaction with that Person as stalking-horse bidder (collectively, the "**Acquisition Proposal**"), in any manner that is inconsistent with or violates the (i) auction/solicitation procedures set forth in ARTICLE 6 of this Agreement, (ii) terms of the Sale Motion with respect to all bidding/solicitation/auction procedures, or (iii) the Bidding Procedures Order; or (b) enter into any contract or agreement relating to an Acquisition Proposal.

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser free and clear of all liens, claims and encumbrances other than the Permitted Exceptions and the Assumed Contracts and Assumed Leases and, solely with respect to Seton, the transfer of real property subject to the PACE Special Assessment, pursuant to Bankruptcy Code Section 363(f), all consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(d) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code Section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Bidding Procedures

. Sellers reserve the right to obtain a higher bid by a qualified bidder or qualified bidders for the Assets pursuant to bidding procedures. Sellers shall use good faith efforts to cause the Bankruptcy Court to adopt bidding procedures substantially in accordance with **Schedule 6.2** attached hereto. In addition, Sellers agree to provide Purchaser a copy of each bid for an Alternative Transaction (as defined below) upon receipt, and all qualified bids shall be due at Bid Deadline. The "**Bid Deadline**" shall be the date which is the deadline for submission of bids for the Assets and shall be no less than seven (7) days prior to the auction for the Assets. As used herein, an "**Alternative Transaction**" shall be defined as a transaction or series of related transactions (which could include confirmation of a plan of reorganization in accordance with the Bankruptcy Code) pursuant to which Sellers accept (or any Seller accepts) a bid to acquire all or substantially all of the Assets or all or substantially all of the equity or membership interests of a Seller or any of Sellers' successors from a Person other than Purchaser, in accordance with the Bidding Procedures Order or otherwise, but does not mean the sale of goods or services of the Sellers conducted in the ordinary course of business.

6.3 Break-Up Fee

. In the event that an overbidder (and not Purchaser) is the successful bidder for the purchase of some or all of the Assets or in the event that Sellers commit any material default under this Agreement, the Sellers shall request authorization of the Bankruptcy Court to pay (i) the Purchaser's fees and expense associated with the sale of the Assets in an amount of the Purchaser's fees and expenses, agreed by the parties to be Fifteen Million Dollars ($15,000,000) (the "**Break-Up Fee**") (*provided, however*, that in the event that the Purchaser is successful as to some but not all of the Assets, the Break-Up Fee shall be reduced pro rata to the percentage of Assets actually purchased by the Purchaser as compared to the Assets which were the subject of the stalking horse bid) and (ii) Purchaser's reasonable fees and expenses associated with the transactions contemplated by this Agreement not to exceed Two Million Three Hundred Fifty Thousand Dollars ($2,350,000) (the "**Expense Reimbursement**"), which shall include fees and expenses related to Purchaser's due diligence, and pursuing, negotiating and documenting the transactions contemplated by this Agreement. The Break-up Fee and Expense Reimbursement shall collectively mean the "**Bid Protections**." The Bid Protections are subject to Bankruptcy Court approval and shall be deemed to be an allowed expense of the kind specified in Section 503(b) of the Bankruptcy Code to be paid solely from the proceeds of an Alternate Transaction, pursuant to the Sale Order. Neither the Break-Up Fee or the Expense Reimbursement shall be paid if the Alternate Transaction was pursued due to a material breach by the Purchaser or the Purchaser's failure or refusal to consummate the transaction after the satisfaction or waiver of all closing conditions.

6.4 Appeal of Sale Order

. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers

shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal.

ARTICLE 7

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments

. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints

. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants

. Purchaser shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations

. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions

. Purchaser recognizes that transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement, so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth on **Schedule 8.6** or the Bankruptcy Court compels the CA AG to approve the transaction based on the conditions set forth on **Schedule 8.6**. In the event the CA

AG imposes conditions on the transactions contemplated by this Agreement which are not substantially consistent with **Schedule 8.6** (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that the conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and, thus, the Assets can be sold free and clear of the Additional Conditions. Upon the entry of such an order from the Bankruptcy Court, and so long as such order remains in full force and effect, Purchaser shall be required to consummate the transactions contemplated by this Agreement. If Sellers do not obtain such an order, or such order does not remain in full force and effect, Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

7.6 Bankruptcy Court Approval

. The Bankruptcy Court shall have entered the Sale Order.

7.7 CSCDA Acknowledgement

. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Sellers that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations, and releases of the Sellers from any and all claims arising or accruing prior to the Closing Date.

7.8 HSR Act

. The applicable waiting periods required under the HSR Act shall have expired or been earlier terminated.

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing. In the event that any of these conditions are not satisfied on or prior to the Closing Date, Purchaser may at Purchaser's option to be exercised by written notice cancel this Agreement and all Deposits shall be promptly returned to Purchaser.

8.1 Governmental Authorizations

. Except as otherwise set forth in Section 8.6 or 8.8 of this Agreement, Purchaser shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for operation of the Hospitals, except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval

. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code for all of the Hospitals.

8.3 Signing and Delivery of Instruments

. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants

. Each Seller shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by such Seller on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within sixty (60) days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints

. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions

. Purchaser recognizes that transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement, so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth on **Schedule 8.6** or the Bankruptcy Court compels the CA AG to approve the transaction based on the conditions set forth on **Schedule 8.6**. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not substantially consistent with **Schedule 8.6** (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that the conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and, thus, the Assets can be sold free and clear of the Additional Conditions. Upon the entry of such an order from the Bankruptcy Court, and so long as such order remains in full force and effect, Purchaser shall be required to consummate the transactions contemplated by this Agreement. If Sellers do not obtain such an order, or such order does not remain in full force and effect, Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

8.7 Collective Bargaining Agreements and Labor Contracts

. Purchaser agrees to close the transactions contemplated by this Agreement, so long as (i) the respective collective bargaining agreement or union labor contract for each of the Hospitals with the California Nurses Association, Service Employees International Union – United Healthcare Workers West, the National Union of Healthcare Workers and/or the United Nurses Associations of California is substantially consistent with the Purchaser's existing collective bargaining agreements with each such respective union, or (ii) the Bankruptcy Court takes action to reject any such collective bargaining agreement that is not substantially consistent. In the event any collective bargaining agreement of a Seller is not substantially consistent with the Purchaser's existing collective bargaining agreement with the respective union, and the Bankruptcy Court does not reject such collective bargaining agreement, then Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

8.8 Medicare and Medi-Cal Provider Agreements

. Following consultation with Purchaser, Sellers shall have obtained agreements with the Medicare and Medi-Cal agencies with respect to the transfer of each Seller's provider agreements with such agencies that (a) all pre-closing liabilities and obligations under any of Sellers' Medicare Provider Agreements are fully satisfied, discharged, and released with regard to any claims under the Medicare Provider Agreement, whether known or unknown, that the Centers for Medicare & Medicaid Services has against the Sellers or Purchaser for pre-closing liabilities and obligations arising under the Medicare Provider Agreement before the Effective Time and (b) such provider agreements will be transferred to Purchaser as of the Effective Time free and clear of such pre-closing liabilities and obligations; provided, however, that Purchaser acknowledges and agrees that it may be treated by the Medicare and Medi-Cal agencies as the successor to the quality history associated with the relevant Medicare Provider Agreement assigned and, for purposes of survey and certification issues associated with such quality history, Purchaser may be treated as if it is the relevant Seller and no change of ownership occurred.

8.9 HSR Act

. The applicable waiting periods required under the HSR Act shall have expired or been earlier terminated.

8.10 Title Matters

. The Owned Real Property shall not have become encumbered or subject to any matter that is not a Permitted Exception or otherwise agreed to by Purchaser, and to the extent Purchaser and Sellers have agreed with Purchaser's title company within sixty (60) days prior to the Effective Time as to the form (including all title exceptions and delivery requirements) of the title policies relating to the Owned Real Property (each, a "**Title Policy**"), Purchaser shall have received reasonable assurance from its title company of its unconditional commitment to issue, subject only to payment of applicable premiums, the Title Policies as of the Effective Time in accordance with the provisions of this Section 8.10. Each Title Policy shall (a) name Purchaser as the insured, and (b) commit to insure good and marketable fee simple title to such Owned Real Property in Purchaser's name, subject only to the Permitted Exceptions.

8.11 Representations and Warranties

. The Sale Order Date Representations shall be true and correct in all material respects at and as of the Closing Date, except where the failure of such representations and warranties to be true and correct would not have a Material Adverse Effect.

8.12 CSCDA Acknowledgement

. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Purchaser that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations.

ARTICLE 9

TERMINATION

9.1 Destruction of Assets

. For purposes of this Agreement, damage or destruction to the tangible Assets shall be deemed a "**Material Casualty**" if, as reasonably determined by the parties, the estimated uninsured cost to repair such damage or destruction in the aggregate (the "**Aggregate Damage**") exceeds Twenty Million Dollars ($20,000,000).

(a) If, prior to or as of the Closing Date, any portion of the tangible Assets have suffered loss or damage on account of fire, flood, wind, hurricane, earthquake, accident, act of war, terrorist act, or other cause or event (whether or not similar to the foregoing), and such casualty is a Material Casualty, Purchaser shall have the right to terminate this Agreement by giving at least five (5) days' prior written notice to Sellers.

(b) If such damage or destruction is not a Material Casualty, the parties' duties and obligations under this Agreement shall not be affected and the Closing shall proceed as scheduled in accordance with the terms of this Agreement; *provided, however*, Sellers shall assign, transfer, and set over to Purchaser all of Sellers' respective right, title, and interest in and to any third party insurance policy proceeds on account of such damage or destruction not remedied or repaired by Sellers prior to the Closing.

(c) If such damage or destruction constitutes a Material Casualty, and Purchaser does not terminate this Agreement as provided in Section 9.2, despite such Material Casualty, then at the Closing, Sellers shall assign, transfer, and set over to Purchaser all of Sellers' respective right, title, and interest in and to any third party insurance policy proceeds on account of such damage or destruction, it being the intention of the parties that Purchaser shall bear the risk of loss for any damage exceeding any such third party insurance policy proceeds (and in no event shall Purchaser be entitled to recover any amounts in respect of a Material Casualty directly from Sellers).

(d) If Sellers and Purchaser are unable to agree as to the amount of Aggregate Damage and/or whether a Material Casualty has occurred in connection with this Section 9.1, the amount of the Aggregate Damage and/or determination of whether a Material Casualty has occurred shall be determined by the loss consultant mutually designated by the parties and set forth on **Schedule 9.1(d)** (the "**Loss Consultant**"). The Loss Consultant, acting as an expert and

not as an arbitrator, shall determine the definitive amount of the Aggregate Damage (which Aggregate Damage shall be an amount within the range of the respective positions of Sellers and Purchaser), or shall otherwise determine whether a Material Casualty has occurred, which determination shall occur no later than ten (10) days following the date the Loss Consultant has received the submission from each of Sellers and Purchaser. Subject to Bankruptcy Court approval, the decision of the Loss Consultant shall be conclusive and binding as between Sellers and Purchaser, and the costs of such review shall be borne by the party whose submission is furthest from the determination of the Loss Consultant.

9.2 Termination

. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual written consent of the parties;

(b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers, or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach; *provided, however*, Sellers shall not be permitted to terminate this Agreement pursuant to this Section 9.2(b) if any Seller is in material breach of this Agreement;

(c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Hospitals, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement as of the Signing Date, but which has been provided to Purchaser no later than ten (10) calendar days after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.2(c) on or prior to the expiration of the Final Diligence Period, which notice may be given by facsimile or email correspondence, *provided* that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Section 9.2(c), Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the breach of a Sales Order Date Representation, but in each case solely to the extent such breach of a Sales Order Date Representation would result in a Material Adverse Effect; *provided, further*, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser, or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach; *provided, however*, Purchaser shall not be permitted to terminate this Agreement pursuant to this Section 9.2(d) if Purchaser is also in material breach of this Agreement;

(e) by Purchaser if satisfaction of any condition in ARTICLE 8 is or becomes impossible and Purchaser has not waived such condition in writing (*provided* that the failure to

satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement, or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date);

(f) by Sellers if satisfaction of any such condition in ARTICLE 7 is or becomes impossible and Sellers have not waived such condition in writing (*provided* that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement, or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Case or fails to approve the sale of the Assets to Purchaser;

(h) by Sellers if, in connection with the Bankruptcy Case, Sellers receive a better and higher offer for such Sellers' assets in accordance with the Bankruptcy Code and consistent with overbid requirements set forth in the Bidding Procedures Order;

(i) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019 (the "**Termination Date**").

9.3 Termination Consequences

. If this Agreement is terminated pursuant to Section 9.3: (a) all further obligations of the parties under this Agreement shall terminate, *provided* that the provisions of ARTICLE 12, shall survive, (b) each party shall pay the costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Section 9.2(h) (Sellers receive acceptable overbid), the consequences of such termination shall be determined in accordance with Section 6.3 hereof; and *provided, further*, in the case of any termination based on Section 9.2(d) (material breach by Sellers), the Sellers shall pay the Purchaser's Expense Reimbursement; and (c) except in the case of any termination based on Section 9.2(b), the Deposit will be refunded to Purchaser. Each Party acknowledges that the agreements contained in this Section 9.3 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets

.

Any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement, or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession,

custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within sixty (60) calendar days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to either Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to either Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against either Seller.

10.2 Preservation and Access to Records After the Closing

.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, reasonable access to, and copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(d), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give reasonable cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the applicable Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses, *provided* that Purchaser shall not be required to incur any out of pocket costs in association herewith. If Purchaser or any such Hired Employee incurs any reasonable costs and expenses in connection with the cooperation efforts herewith, then Sellers shall reimburse Purchaser and any such Hired Employee for such incurred costs and expenses. In addition, Sellers and their

affiliates shall be entitled to copy (at their own expense) any Hospital records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to copying such records by counsel retained by Sellers or any of their affiliates in connection with such litigation.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding, and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, so long as there is not unreasonable interference with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall cooperate with Sellers, as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to Healthcare Facilities Accreditation Program for the remainder of the quarterly period in which the Closing has occurred.

(f) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(g) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any

Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials

. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall use good faith efforts to cause the individual acting as the chief financial officer of the Hospital or Verity Health after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall use good faith efforts to cause the Post-Effective Time CFO to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is one hundred twenty (120) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff

. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, *provided* that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default

. If Purchaser commits any material default under this Agreement, Sellers shall be entitled to retain the Deposit, and Sellers may, in addition thereto, pursue any rights or remedies that Sellers may have under this Agreement or applicable law, including the right to sue for damages or specific performance.

11.2 Seller Default

. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive within ten (10) days a refund of the Deposit, and payment of the Break-Up Fee, or Purchaser may, in addition thereto, pursue any rights or remedies that

Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price

.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) Within ten (10) days after the Signing Date, Sellers shall deliver to Purchaser a schedule setting forth a methodology for the allocation of the Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder (such schedule, as may be amended as contemplated below in this Section 11.3(b), the "**Allocation Schedule**"). The Allocation Schedule shall be deemed final and binding upon the parties upon the parties' mutual approval thereof. The parties shall cooperate in good faith to finalize the Allocation Schedule within ten (10) days after delivery of the initial draft of the schedule by Purchaser to Sellers. If within such ten (10) day period (or such other period as the parties may agree), the parties are unable to reach agreement on a final Allocation Schedule, the parties shall have no further obligations under this Section 11.3(b) and each Party will make their own independent allocation of the Purchase Price and other relevant items among each category of the Assets.

11.4 Cost Report Matters

.

(a) Consistent with Section 4.5, each Seller shall, at such Seller's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**"). All such cost reports (including termination cost reports) shall be filed by the applicable Seller in a manner that is consistent with current laws, rules and regulations. Each Seller shall be responsible for filing governmental cost reports for all periods through the Closing Date.

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of

the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings.

ARTICLE 12

MISCELLANEOUS PROVISIONS

. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. . All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however*, that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties. Notwithstanding the foregoing to the contrary, Purchaser may, upon providing written notice thereof to Sellers, assign, devise or otherwise transfer (and its permitted assignees may assign, devise or otherwise transfer) any or all of their rights, interests and obligations under this Agreement or to certain Assets, without consent, to one or more affiliates of Purchaser or to MPT Operating Partnership, L.P., a Delaware limited partnership or Prime Healthcare Foundation, Inc., a Delaware charitable non-stock corporation or to any of their respective affiliates. No assignment of any obligations hereunder will relieve the assignor of any of its respective obligations to the other parties under this Agreement.

12.3 Governing Law; Venue

. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or *forum non conveniens*.

12.4 Amendments

. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule

. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of ARTICLE 3 merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto. Between the Signing Date and the entry of the Sale Order, should Sellers become aware of the occurrence of any fact or condition that arises after the Signing Date and would cause or constitute a material breach of any representation or warranty had such representation or warranty been made as of the time of occurrence or discovery of such fact or condition, then Sellers shall promptly notify Purchaser in writing of such breach and deliver to Purchaser a supplement to Sellers' Disclosure Schedules.

12.6 Notices

. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the

need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.
