j) if the bid is a partial bid (the "Partial Bid"),[2] in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a "Partial Bid Auction Qualified Bid"), it must have a value to the Debtors when aggregated with other Partial Bids, in the Debtors' exercise of its reasonable business judgment, after consultation with the Consultation Parties, that is equal to or greater than seventy-five percent (75%) of the Minimum Qualified Bid; provided, however, that (i) in the event that the Debtors aggregate the bids, the Partial Bid purchasers' responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be allocated *pro rata* according to the value of the assets to be purchased by each Partial Bid purchaser, and (ii) in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;

k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it; and (ii) Purchased Assets, subject to purchase money liens or the like, the Qualified Bidder wishes to acquire and therefore pay the associated purchase money financing;

l) it contains sufficient information concerning the Qualified Bidder's ability to provide adequate assurance of performance with respect to executory contracts and unexpired leases;

n) it includes evidence, in form and substance reasonably satisfactory to the Debtors, of final authorization and approval from the Qualified Bidder's board of directors (or comparable governing body) with respect to the submission, execution, delivery and closing of the Purchase Agreement;

[2] A Partial Bid shall mean a bid for less than all of the Purchased Assets.

o) unless it is a credit bid by a secured creditor of the Debtors made in accordance with § 363(k) of the Bankruptcy Code that seeks to purchase only assets that have been determined by the Court to be validly subject to such secured creditor's liens, it is accompanied by a (i) good faith deposit in the form of a wire transfer (to a bank account specified by the Debtors), certified check or such other form of cash or cash equivalent acceptable to the Debtors, payable to the order of the Debtors (or such other party as the Debtors may determine) in an amount equal to 15% of the Minimum Qualified Bid (the "Good Faith Deposit"); provided, however, that if the bid is a Partial Bid, the Good Faith Deposit shall be in an amount equal to 15% of the amount of the Partial Bid, which Good Faith Deposit shall, in either event, be forfeited if such bidder is the Successful Bidder and breaches its obligation to close; and (ii) if the Qualified Bidder is a secured creditor of the Debtors who intends to make a credit bid (a "Credit Bid Bidder"), evidence of (A) the basis for and property covered by such Credit Bid Bidder's secured claim, (B) the amount of such Credit Bid Bidder's claim that is secured by the property in question, (C) whether it is the senior secured claim on the property (x) prepetition and (y) as of the date of the request to be a Qualified Bidder, as well as (D) an explanation of the existence, actual or potential, of any Challenge to such Credit Bid Bidder's secured claim within the meaning of the Final DIP Order.

s) it contains such other information reasonably requested by the Debtors; and

t) it is received prior to the Bid Deadline.

The Debtors, in consultation with the Consultation Parties, may qualify any bid as a Qualified Bid that meets the foregoing requirements. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in connection with the Bidding Process, the Auctions, and the Sale.

The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such Qualified Bidder's bid constitutes a Qualified Bid) and provide copies of the Purchase Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse Purchaser and such Qualified Bidders, and the Notice Parties no later than one (1) day following the Debtors' receipt of any Qualified Bids.

Notwithstanding anything in these Bidding Procedures, the Debtors shall provide to the Stalking Horse Purchaser, immediately upon receipt/determination, each of the following: (i) notice of the

determination of which other bidders have been determined to be Qualified Bidders, (ii) notice of which bidders have been determined to not have submitted Qualified Bids, and (iii) provide to Stalking Horse Purchaser copies of all bids, including all documents listed in Section C.

Notwithstanding anything in these Bidding Procedures, no later than (A) seven (7) days after the entry of the Bid Procedures Order, the Debtors shall provide to the Stalking Horse Purchaser a copy of the proposed scoring matrix that is to be used to evaluate the Qualified Bids and (B) one (1) day prior to the Partial Bid Auction, the Debtors shall provide to the Stalking Horse Purchaser all completed scoring matrices used to evaluate the Qualified Bids.

E. Credit Bidding

Any party with a valid, properly perfected security interest in any of the Purchased Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid for the Purchased Assets in connection with the Sale pursuant to § 363(k) of the Bankruptcy Code, except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to

credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets which is senior to such junior security interest are to be paid in cash in connection with such junior creditor's bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser's entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

F. Evaluation of Competing Bids

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in its reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

G. No Qualified Bids

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Purchased Assets.

If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction required by Section H of these Bidding Procedures, the Debtors will determine, in consultation with the Consultation Parties, whether any combination of the Winning Partial Bids can be aggregated to an amount greater than or equal to the Minimum Qualified Bid. In the event that no such combination of Partial Bid Auction Qualified Bids can be so aggregated, then no Partial Bid Auction Qualified Bid shall be deemed Qualified Bids for purposes of proceeding with the relevant Auction.

H. Auction Process

If the Debtors receive one or more Partial Bid Auction Qualified Bids with a value which when aggregated is equal to or greater than seventy-five percent (75%) of the Minimum Qualified Bid, the Debtors will conduct separate auctions of each asset (each, a "Partial Bid Auction") commencing with the highest value asset. Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in the Partial Bid Auction. The procedures below shall apply to the Partial Bid Auction, except as where otherwise indicated.

The Partial Bid Auction Qualified Bids deemed at the conclusion of the Partial Bid Auction to be the highest and best bids for each asset (the "Winning Partial Bids") shall be aggregated for valuation purposes (as aggregated, the "Aggregate Winning Partial Bid"), and the holders of the Winning Partial Bids shall be permitted to participate in the Auction (as defined below) of the Purchased Assets.

The Debtors will conduct the Partial Bid Auction, which shall be transcribed, on _____ at 10:00 a.m. (prevailing Pacific Time) and, if the Debtors receive one or more Qualified Full Bids in addition to the Stalking Horse APA, the the Debtors will conduct a full bid auction of the Purchased Assets (the "Full Bid Auction" and together with the Partial Bid Auction, each an "Auction"), which shall be transcribed, on _____(the "Full Bid Auction Date") at

10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Full Bid Auction.

Each Auction shall be conducted in accordance with the following procedures:

a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the relevant Auction in advance from the Debtors may attend the relevant Auction;

b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the relevant Auction;

c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;

d) within one (1) business day after the Bid Deadline and, in no event later than the conclusion of the Partial Bid Auction, the Debtors will provide copies of the Qualified Bid or combination of Qualified Bids (including, without limitation, Winning Partial Bids) which the Debtors believe in their reasonable discretion, in consultation with the Consultation Parties (who shall have been furnished with copies of the Qualified Bid(s) within twenty-four (24) hours of their receipt by the Debtors), is the highest or otherwise best offer (the "Baseline Bid") to all Qualified Bidders (including, without limitation, Winning Partial Bidders, and the Notice Parties);

e) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all subsequent bids at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;

f) the Debtors, after consultation with the Consultation Parties, may employ and announce at the relevant Auction additional procedural rules that are reasonable under the circumstances for conducting the relevant Auction, provided that such rules are (i) not inconsistent with the Bidding Procedures, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith, and (ii) disclosed to the Stalking Horse Purchaser and each other Qualified Bidder at the relevant Auction;

g) bidding at the relevant Auction will begin with the Baseline Bid and continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Stalking Horse Purchaser and the Consultation Parties (each a "Overbid") which shall be made and received on an open basis, and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted

Qualified Bids (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

h) Any Qualified Bidder (including, without limitation, Winning Partial Bids) that fails to make an Overbid in any round of bidding shall be disqualified from participating in any subsequent round of bidding;

i) The initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount that is not less than the sum of the Bid Protections. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash or (ii) in the case of a Qualified Bidder (including, without limitation, Winning Partial Bids) that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any assets of Debtors' estates, a credit bid of up to the full amount of such Qualified Bidder's allowed perfected lien, subject to § 363(k) of the Bankruptcy Code and any other restrictions set forth herein;

j) After the first round of bidding and at the conclusion of each subsequent round of bidding, the Debtors, after consultation with the Consultation Parties, shall announce the bid (including any combination of bids made by Winning Partial Bidders) that they believe to be the highest or otherwise better offer (the "Prevailing Highest Bid"). Debtors shall describe to all Qualified Bidders the material terms of any Overbid designated as the Prevailing Highest Bid as well as the value attributable by Debtors to such Prevailing Highest Bid. A round of bidding will conclude after each participating Qualified Bidder (or group of Winning Partial Bidders) has had the opportunity to submit an Overbid (or combination of Overbids) with full knowledge of the Prevailing Highest Bid. Except as specifically set forth herein, for the purpose of evaluating the value of the consideration provided by Overbids, the Debtors will give effect to the Break Up Fee payable to the Stalking Horse Purchaser as well as any additional liabilities or Cure Amounts (defined herein) to be assumed by the Stalking Horse Purchaser or a Qualified Bidder, as applicable, and any additional costs which may be imposed on the Debtors; and

(k) At the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In that event, and as long as the Stalking Horse Purchaser so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. However, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the Partial Bid(s) in lieu of their Purchased Assets bid, and (b) overbid for those assets, and thereby replace that Winning Partial Bidder or bidders as the proponent of the relevant Winning Partial

Bids or Aggregate Winning Partial Bid. In other words, so long as the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid, the Stalking Horse Purchaser may elect to relinquish its Stalking Horse Bid and, instead, overbid the highest bidder for one or more of the hospitals, to replace that bidder as part of the Qualified Partial Bid. The Debtor may elect, in its discretion, after consultation with the Consultation Parties, to allow partial bidders to bid for the full assets, or to allow full bidders to bid for partial assets in any given round, provided that in any given round there is an aggregate bid or a full asset bid that is superior to the highest and best offer for the full assets in the prior round. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the relevant Auction, a revised Purchase Agreement and Marked Agreement show all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bidders submitted at the relevant Auction (one or more such bids, collectively the "Successful Bid" and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court.

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within forty-eight (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice identifying the Successful Bidder(s) with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder's Purchase Agreement.

J. Return of Deposits

All Good Faith Deposits shall be returned to each Qualified Bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder no later than five (5) business days following the conclusion of the Sale Hearing.

K. Back-Up Bidder

If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be required to serve as a back-up bidder (the "Back-Up Bidder") and keep such bid open and irrevocable until the later of (i) thirty (30) days after the Sale Hearing or (ii) approval of the Qualified Bidders' purchase by the California Attorney General, if necessary. If the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased Assets the Break-Up Fee and the Expense Reimbursement as set forth in the Asset Purchase Agreement.

III. Sale Hearing

The Debtors will seek entry of the Sale Order from the Court at the Sale Hearing to begin at **2:00 p.m. Pacific Time on** _____ (or at another date and time convenient to the Court) to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures. The Debtors may submit and present such additional evidence, as they may deem necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets.

IV. Sale Order

The Sale Order will provide Court approval of (i) the Sale to the Successful Bidder, free and clear of all liens, claims, interests, and encumbrances pursuant to § 363 of the Bankruptcy Code, with the proceeds of the Sale deposited in accordance with Paragraph 4 of the Final DIP Order, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets prior to the Sale, including, without limitation, the liens and security interests of the DIP Lender and each of the Prepetition Secured Creditors under the relevant agreements, applicable law and the Final DIP Order, and (ii) the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to § 365 of the Bankruptcy Code.

VII. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers to submit

their sealed, highest and best offer for the Purchased Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all potential bidders; (iv) impose additional terms and conditions with respect to all potential bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with their professionals and the Official Committee, will better promote the goals of the bidding process; provided that such modifications are (a) not inconsistent with the Bidding Procedures Order, the Bidding Procedures, the Bankruptcy Rules, the Bankruptcy Code, or any Order of the Bankruptcy Court entered in connection herewith; and (b) disclosed to each Qualified Bidder participating in the Auctions.

To Whom It May Concern:

I am pleased to submit on behalf of AHMC Healthcare Inc. ("AHMC Healthcare") or its controlled designee a binding proposal to Verity Health System to acquire St. Francis Medical Center in accordance with the bidding procedures established by the United States Bankruptcy Court, Central District of California in its order of February 19, 2019 [D.E. No. 1572].

Overview of AHMC Healthcare Inc.

Operating Profile and Strategy

AHMC Healthcare, along with its affiliated hospitals and health care organizations, is the leading integrated health care delivery system in Southern California with an unequaled track record of successfully acquiring and operating essential safety net, acute care, community hospitals throughout the Southern California region.

AHMC Healthcare has the financial resources, operational expertise, collaborative relationships with physician groups and organized labor, as well as the requisite reputational history with regulatory agencies to assure that St. Francis will continue to thrive for many years to come.

Since its inception in 2004 with the acquisition of four community-based hospitals from Tenet Healthcare, AHMC Healthcare has grown into a nationally respected regional delivery system that consists of seven owned and affiliated acute care hospitals (see attached), skilled nursing and assisted care facilities, an affiliated health plan, an independent practice association, and MSO.

With the pending and approved acquisition of an eighth acute care hospital, Parkview Regional Medical Center in Riverside, California, AHMC Healthcare now operates 1,439 acute care beds on a system wide basis staffed by more than 8,000 employees, generating more than $1.75 billion in annual revenues. AHMC Healthcare has achieved unprecedented levels of clinical excellence while serving the most vulnerable populations. AHMC Healthcare's financial success while achieving clinical excellence is unmatched in California and is directly attributable to its stable leadership and local ownership structure and focus.

AHMC Healthcare has successfully competed in the highly competitive Southern California market for more than fifteen years with assets that now span Los Angeles, Orange, and Riverside Counties. AHMC Healthcare is recognized as the region's preeminent provider of coordinated high -quality, managed health care services to Medi-Cal and Medicare recipients. As an essential safety net provider, we provide care to the poor and most vulnerable members of the community. The communities we serve are ethnically diverse and often in need of specialized care.

Well before the adoption of the Affordable Care Act, AHMC Healthcare recognized the need to provide high-quality, cost-effective care to government sponsored and private patients. When many organizations were abandoning risk-based payment arrangements, AHMC Healthcare partnered with select medical groups and health plans to expand its risked-based profile, infrastructure, and capabilities. This strategic decision, focusing primarily on government sponsored patients, has been highly successful and has resulted in AHMC Healthcare developing advanced population health capabilities and expertise, to the extent that it is a regional and national leader in capitated and risk-based payment.

AHMC Healthcare's clinical and financial success is effectuated through an integrated strategy that coordinates care through its hospitals, aligned medical groups, and its affiliated licensed health plan, Central Health Plan. Central Health Plan is one of the fastest growing and largest regional Medicare Advantage Plans in California with more than 42,000 members, many of which are both Medicare and Medicaid recipients. Central Health Plan is a high-quality, 4-star rated Medicare Plan that has provided services to residents of the St. Francis Medical Center community, in conjunction with high performing local medical groups, since its formation more than ten years ago.

Successful Acquisition Track Record

AHMC Healthcare has an established track record of successfully acquiring community hospitals in Southern California. Testament to this fact is the successful transaction completed in 2008 with Catholic Healthcare West (now known as Dignity Health) for San Gabriel Valley Medical Center, a 273-bed, non-profit facility located in San Gabriel, California. Similarly, in 2009, we successfully completed the acquisition of Anaheim Memorial Medical Center, another essential 223-bed, non-profit, community-based hospital in Orange County, California. Just this year, in January of 2019, with the full and active support of the hospital's employee unions, we received regulatory approval to complete the acquisition of Parkview Hospital Medical Center in Riverside, California, a 193-bed facility that serves predominantly government sponsored patients.

In each of these instances we have been warmly welcomed by **all** constituent groups, secured all regulatory approvals, entered into mutually acceptable agreements with virtually all payors, honored our commitments, and expanded programs and services to the communities we serve.

AHMC Healthcare has extensive experience operating large urban hospitals, successfully implemented well-developed physician integration capabilities, and demonstrated expertise in managing defined populations utilizing risk-based reimbursement. AHMC Healthcare is uniquely positioned to succeed in the current evolving healthcare environment and uniquely qualified to act as a steward for St. Francis Medical Center and the community it serves.

1.6 Prorations and Utilities. All items of income and expense listed below with respect to the Assets shall be prorated in accordance with the principles and the rules for the specific items set forth hereafter:

1.6.1 All transfer, conveyance, sales, use, stamp, similar state and local taxes arising from the sale of the Assets hereunder shall be the responsibility of, and allocated to, Purchaser.

1.6.2 Other than the Utility Deposits (defined below), which are governed by Section 1.8(j), and other than with respect to Cure Costs payable by Purchaser, the following costs and expenses shall be prorated based upon the payment period (*i.e.*, calendar or other tax fiscal year) to which the same are attributable: all real estate and personal property lease payments, real estate and personal property taxes, real estate assessments, and power and utility charges (collectively, the "**Prorated Charges**") on the Assets. Each Seller shall pay its respective portion at or prior to the Closing (or Purchaser shall receive credit for) of any unpaid Prorated Charges attributable to periods or portions thereof occurring prior to the Effective Time, and Purchaser shall assume as an Assumed Liability or, to the extent previously paid by any Seller, pay to such Seller at the Closing all Prorated Charges attributable to periods or portions thereof occurring from and after the Effective Time. In the event that as of the Closing Date the actual tax bills for the tax year or years in question are not available and the amount of taxes to be prorated as aforesaid cannot be ascertained, then rates, millages and assessed valuation of the previous year, with known changes, shall be used. The parties agree that if the real estate and personal property tax prorations are made based upon the taxes for the preceding tax period, the prorations shall be re-prorated after the Closing. As to power and utility charges, "final readings" as of the Closing Date shall be ordered from the utilities; the cost of obtaining such "final readings," if any, shall be paid by Purchaser.

1.6.3 Sellers shall be entitled to all rents and other payments under Tenant Leases accruing for the period prior to the Effective Time ("**Pre Effective Time Lease Amounts**"), and Purchaser shall be entitled to all rents and other payments under Tenant Leases accruing for the period after the Effective Time ("**Post Effective Time Lease Amounts**" and together with the Pre Effective Time Lease Amounts, the "**Lease Amounts**"). All Lease Amounts that are collected prior to the Closing shall be prorated as of the Closing in accordance with the immediately preceding sentence. All Lease Amounts that are accrued but uncollected as of the Closing (including, without limitation, rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the "**Unpaid Amounts**") shall belong to Sellers, and Purchaser shall, upon receipt of said rents and other payments, receive the same in trust for Sellers and shall promptly remit any of such amounts to the applicable Seller within ten (10) days after Purchaser's receipt of same. For the avoidance of doubt, all rental payments received after Closing shall be first applied to any amounts owed to the Sellers under this Section 1.6.3.

1.6.4 All prorations and payments to be made under the foregoing provisions shall be agreed upon by Purchaser and Sellers prior to the Closing and shall be binding upon the parties; provided, however, with respect to the Unpaid Amounts, in the event any proration, apportionment or computation shall prove to be incorrect for any reason, then either the applicable Seller or Purchaser shall be entitled to an adjustment to correct the same, provided that said party makes written demand on the party from whom it is entitled to such adjustment within thirty (30)

calendar days after the erroneous payment or computation was made, or such later time as may be required, in the exercise of due diligence, to obtain the necessary information for proration. This Section 1.6 shall survive Closing.

1.7 Transfer of Assets of Sellers. On the Closing Date and subject to the terms and conditions of this Agreement, each Seller shall sell, assign, transfer, convey and deliver to Purchaser, free and clear of all liens, claims, interests and encumbrances other than the Permitted Exceptions (defined below), and Purchaser shall acquire, all of each Seller's right, title and interest in and to only the following assets and properties, as such assets shall exist on the Closing Date, in each case (notwithstanding anything else in this Agreement) solely to the extent used primarily in the conduct of the Business and to the extent not included among the Excluded Assets, such transfer being deemed to be effective at the Effective Time:

(a) all of the tangible personal property owned by Hospital Seller, or to the extent assignable or transferable by Hospital Seller, leased, subleased or licensed by Hospital Seller, and used by Hospital Seller in the operation of the Hospital, including equipment, furniture, fixtures, machinery, vehicles, office furnishings and leasehold improvements (the "**Personal Property**");

ARTICLE 3

REPRESENTATIONS AND WARRANTIES OF PURCHASER

As an inducement to Sellers to enter into this Agreement and to consummate the transactions contemplated by this Agreement, Purchaser hereby represents, warrants and covenants to Sellers as to the following matters as of the Signing Date and, except as otherwise provided herein, shall be deemed to remake all of the following representations, warranties and covenants as of the Closing Date:

3.1 Authorization. Purchaser has full power and authority to enter into this Agreement and has full power and authority to perform its obligations hereunder and to carry out the transactions contemplated hereby. No additional internal consents are required in order for Purchaser to perform its obligations and agreements hereunder.

3.2 Binding Agreement. This Agreement has been duly and validly executed and delivered by Purchaser and, assuming due and valid execution by Sellers, this Agreement constitutes a valid and binding obligation of Purchaser enforceable in accordance with its terms subject to: (a) applicable bankruptcy, reorganization, insolvency, moratorium and other laws affecting creditors' rights generally from time to time in effect, and (b) limitations on the enforcement of equitable remedies.

3.3 Organization and Good Standing. Purchaser is a corporation duly organized, validly existing and in good standing under the laws of the State of California, is or will be duly authorized to transact business in the State of California, and has full power and authority to own, operate and lease its properties and to carry on its business as now conducted.

3.4 No Violation. Except as set forth in **Schedule 3.4**, neither the execution and delivery by Purchaser of this Agreement nor the consummation of the transactions contemplated hereby nor compliance with any of the material provisions hereof by Purchaser will: (a) violate, conflict with or result in a breach of any material provision of the Articles of Incorporation, Bylaws or other organizational documents of Purchaser or any contract, lease or other instrument by which Purchaser is bound; (b) require any approval or consent of, or filing with, any governmental agency or authority, (c) violate any law, rule, regulation, or ordinance to which Purchaser is or may be subject, (d) violate any judgment, order or decree of any court or other governmental agency or authority to which Purchaser is subject.

3.5 Brokers and Finders. Neither Purchaser nor any affiliate thereof nor any officer or director thereof has engaged any finder or broker in connection with the transactions contemplated hereunder.

3.6 Representations of Sellers. Purchaser acknowledges that it is purchasing the Assets on an "AS IS, WHERE IS" basis (as more particularly described in Section 1.12), and that

Purchaser is not relying on any representation or warranty (expressed or implied, oral or otherwise) made on behalf of any Seller other than as expressly set forth in this Agreement. Purchaser further acknowledges that no Seller is making any representations or warranties herein relating to the Assets or the operation of the Hospital on and after the Effective Time.

3.7 Legal Proceedings. Except as described on **Schedule 3.7**, there are no claims, proceedings or investigations pending or, to the best knowledge of Purchaser, threatened relating to or affecting Purchaser or any affiliate of Purchaser before any court or governmental body (whether judicial, executive or administrative) in which an adverse determination would materially adversely affect the properties, business condition (financial or otherwise) of Purchaser or any affiliate of Purchaser or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby. Neither Purchaser nor any affiliate of Purchaser is subject to any judgment, order, decree or other governmental restriction specifically (as distinct from generically) applicable to Purchaser or any affiliate of Purchaser which materially adversely affects the condition (financial or otherwise), operations or business of Purchaser or any affiliate of Purchaser or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby.

3.8 No Knowledge of a Seller's Breach. Neither Purchaser nor any of its affiliates has knowledge of any breach of any representation or warranty by any Seller or of any other condition or circumstance that would give Purchaser a right to terminate this Agreement pursuant to Section 9.1(c). If information comes to Purchaser's attention on or before the Closing Date (whether through a Seller or otherwise and whether before or after the Signing Date) which indicates that Sellers have breached any of its representations and warranties under this Agreement, then the effect shall be as if the representations and warranties had been modified in this Agreement in accordance with the actual state of facts existing prior to the Effective Time such that there will be no breach under Sellers' representations and warranties in relation to such information; *provided, however*, that Purchaser must immediately notify Sellers if any such breach comes to its attention on or before the Closing Date, and Purchaser's failure to so notify Sellers shall constitute a waiver by Purchaser of Sellers' breach, if any, of any representation or warranty. If any such information comes to Purchaser's attention on or before the Closing Date (whether through a Seller or otherwise, including through updated schedules, and whether before or after the Signing Date) that would give Purchaser a right to terminate this Agreement pursuant to Section 9.1(c), Purchaser must immediately notify Sellers if any such information comes to its attention on or before the Closing Date, and Purchaser's failure to so notify Sellers shall constitute a waiver of such right in relation to the relevant breach.

3.9 Ability to Perform. Purchaser has the ability to obtain funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and will at the Closing have immediately available funds in cash, which are sufficient to pay the Purchase Price and to pay any other amounts payable pursuant to this Agreement and to consummate the transactions contemplated by this Agreement.

3.10 Purchaser Knowledge. References in this Agreement to "Purchaser's knowledge" or "the knowledge of Purchaser" means the actual knowledge of the Chief Executive Officer, Chief Financial Officer or Chief Operating Officer of Purchaser, without independent research. No

constructive or imputed knowledge shall be attributed to any such individual by virtue of any position held, relationship to any other person or for any other reason.

3.11 Investigation. Purchaser has been afforded reasonable access to, and has been provided adequate time to review, the books, records, information, operations, facilities and personnel of each Seller and the Hospital for purposes of conducting a due diligence investigation of each Seller and the Hospital. Purchaser has conducted a reasonable due diligence investigation of each Seller and the Hospital and has received satisfactory answers to all inquiries it has made respecting each Seller and the Hospital and has received all information it considers necessary to make an informed business evaluation of each Seller and the Hospital. In connection with its due diligence investigation of each Seller and the Hospital, Purchaser has not relied upon any books, records, information, operations, facilities and personnel provided by any Seller, including in making its determination to enter into this Agreement and/or consummate the transactions contemplated hereby.

ARTICLE 4

COVENANTS OF SELLERS

4.1 Access and Information; Inspections.

4.1.1 From the Signing Date through the Effective Time: (a) each Seller shall afford to the officers and agents of Purchaser (which shall include accountants, attorneys, bankers and other consultants and authorized agents of Purchaser) reasonable access during normal business hours at Sellers' corporate headquarters in El Segundo, California to, and the right to inspect, the books, accounts, records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital and the plant and property of the Hospital at the Hospital, and (b) each Seller shall furnish Purchaser with such additional financial and operating data and other information in such Seller's possession as to businesses and properties of the Hospital as Purchaser or its representatives may from time to time reasonably request; *provided, however*, that Sellers are not obligated to disclose information which is proprietary to Sellers and would not be essential to the ongoing operation of the Hospital by Purchaser; *provided, further*, that all disclosures of information shall be consistent with the confidentiality agreements and any other non-disclosure agreements entered into (or to be entered into) among Purchaser, its representatives and Seller(s). Purchaser's right of access and inspection shall be exercised in such a manner as not to interfere unreasonably with the operations of any Seller or the Hospital.

4.1.2 Notwithstanding anything contained herein, no Seller shall be required to provide Purchaser or its representatives or agents access to or disclose information where such access or disclosure would violate the rights of its patients, jeopardize the attorney-client or similar privilege with respect to such information or contravene any law, judgment, fiduciary duty or contract entered into prior to or on the date of this Agreement with respect to such information.

4.2 Cooperation.

4.2.1 Each Seller shall reasonably cooperate with Purchaser and its authorized representatives and attorneys: (a) in Purchaser's efforts to obtain all consents, approvals,

authorizations, clearances and licenses required to carry out the transactions contemplated by this Agreement (including, without limitation, those of governmental and regulatory authorities) or which Purchaser reasonably deems necessary or appropriate, (b) in the preparation of any document or other material which may be required by any governmental agency as a predicate to or result of the transactions contemplated in this Agreement, and (c) in Purchaser's efforts to effectuate the assignment of Assumed Contracts to Purchaser as of the Closing Date. Except as may be otherwise requested by a Seller in order to comply with applicable law or regulatory guidance, notwithstanding anything contained herein, other than Bankruptcy Court orders and authorizations, it shall be Purchaser's sole responsibility (including payment of any fees, expenses, filings costs or other amounts) to obtain the Contract and Lease Consents, as well as all governmental consents, approvals, assignments, authorizations, clearances and licenses required to: (x) carry out the transactions contemplated by this Agreement, including but not limited to medical licenses, and/or (y) transfer any of the Assets, including any Licenses. To the extent Purchaser needs certain information and data which is in the possession of a Seller in order for Purchaser to complete Purchaser's license and permit approval applications, Purchaser shall receive, upon request, reasonable assistance from such Seller in connection with the provision of such information.

4.2.2 Notwithstanding any provision to the contrary contained in this Agreement (including Section 8.7), no Seller shall be obligated to obtain the approval or consent to the assignment, to Purchaser, of any Assumed Contracts or Assumed Leases, from any party to any of the Assumed Contracts or Assumed Leases even if any such contract or lease states that it is not assignable without such party's consent.

4.3 Other Bidders. Purchaser expressly acknowledges and agrees that each Seller has an obligation to seek out and determine the best and highest offer reasonably available for such Seller's assets in accordance with the Bankruptcy Code, and nothing herein shall amend, modify, alter, diminish or affect such obligation.

4.4 Sellers' Efforts to Close. Each Seller shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Purchaser's obligations under this Agreement to the extent that such Seller's action or inaction can control or materially influence the satisfaction of such conditions; *provided, however*, that such Seller shall not be required to pay or commit to pay any amount to (or incur any obligation in favor of) any person (other than filing or application fees).

4.5 Termination Cost Reports. Hospital Seller shall file all Medicare, Medi-Cal and any other termination cost reports required to be filed as a result of the consummation of: (a) the transfer of the Assets of Hospital Seller to Purchaser, and (b) the transactions contemplated by this Agreement with respect to Hospital Seller, provided that Purchaser shall fund reasonable costs and expenses of preparation, filing and audit of such reports. Purchaser shall permit each Seller access to all Hospital books and records to prepare such reports and shall assist such Seller in the process of preparing, filing, and reviewing the termination cost reports. All such termination cost reports shall be filed by Hospital Seller in a manner that is consistent with current laws, rules and regulations. Hospital Seller shall be responsible for filing governmental cost reports for the period of January 1, 2019 through the Closing Date. Purchaser shall be responsible for its own cost report filings relating to the Hospital beginning on the day immediately following the Effective Time.

4.6 Conduct of the Business. From the Signing Date until the Closing, or the earlier termination of this Agreement, without the prior written consent of Purchaser, Sellers shall, with respect to the ownership of the Assets and the operation of the Hospital, use commercially reasonable efforts to, in each case except as would not have a Material Adverse Effect (except as otherwise noted):

(a) without regard to Material Adverse Effect, carry on Sellers' ownership of the Assets and the operation of the Hospital consistent with past practice, but subject to the Bankruptcy Cases and Sellers' obligations and actions in connection therewith;

(b) maintain in effect the insurance and equipment replacement coverage with respect to the Assets;

(c) if and as permitted by the Bankruptcy Court, pay any bonuses payable under the Key Employee Retention Plan and Key Employee Incentive Plan of Sellers;

(d) maintain the Assets in materially the same condition as at present, ordinary wear and tear excepted;

(e) perform its obligations under all contracts with respect to the Assets in compliance with the Bankruptcy Code;

(f) following entry of the Sale Order, permit and allow reasonable access by Purchaser and its representatives (which shall include the right to send written materials, all of which shall be subject to Sellers' reasonable approval prior to delivery) to make offers of post-Closing employment to any of Sellers' personnel (including access by Purchaser and its representatives for the purpose of conducting open enrollment sessions for Purchaser's employee benefit plans and programs) and to establish relationships with physicians, medical staff and others having business relations with Sellers;

(g) with respect to material deficiencies, if any, cited by any governmental authority (other than the Attorney General of the State of California and other than with respect to seismic requirements) or accreditation body in the most recent surveys conducted by each, cure or develop and timely implement a plan of correction that is acceptable to such governmental authority or such accreditation body;

(h) timely file or cause to be filed all material reports, notices and tax returns required to be filed and pay all required taxes as they come due;

(i) without regard to Material Adverse Effect, beginning on February 21, 2019 and in accordance with the Sellers' budget under their debtor in possession financing, timely pay any fees that are or become due and payable under QAF IV and QAF V;

(j) comply in all material respects with all Legal Requirements (including Environmental Laws) applicable to the conduct and operation of the Hospital; and

(k) without regard to Material Adverse Effect, maintain all material approvals, permits and environmental permits relating to the Hospital and the Assets.

4.7 Contract With Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, provided that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

ARTICLE 5

COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement, Purchaser shall be permitted to communicate and meet with: (a) counter-parties to the agreements and contracts of the Hospital, including those included in Assumed Obligations, regarding the terms and conditions under which they may be assumed and assigned to Purchaser, and (b) applicable governmental and regulatory authorities regarding prospective compliance with regulatory requirements and related issues; so long as, in the case of each of (a) and (b): (i) such communications and meetings do not interfere with the operation of the Business or the conduct of the Bankruptcy Cases, and (ii) any communications or meetings with any governmental authority are approved in advance by Sellers as to timing and content (and Sellers are copied on such communications and afforded the opportunity to participate in such meetings).

5.2 Required Governmental Approvals.

(a) Purchaser, at its sole cost and expense: (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled (and provide

Sellers copies of all materials relating to such consents, approvals, authorizations, clearances and licenses upon submission and all materials received from third parties in connection with such consents, approvals, authorizations, clearances and licenses upon receipt), and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Purchaser will provide Sellers periodic and timely updates regarding all such consents, approvals, authorizations, clearances and licenses. Purchaser is responsible for all filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

(b) Purchaser and Sellers agree that because the change of ownership and regulatory approval process in connection with the transactions contemplated by this Agreement may take an extended period of time, Purchaser and Sellers agree to an initial closing effective upon the approval of the court and upon the approval of the transaction by the CA AG (as defined below) in accordance with Sections 7.5 and 8.6, at which time the Assets (less the portion of the Assets constituting drugs or other pharmacy assets) will be sold to Purchaser and immediately leased back to Sellers, with a concurrent management agreement entered into at that time upon terms mutually agreeable to the parties in their reasonable business judgment. The Sale Leaseback Agreement and Interim Management Agreement will terminate at the Closing when the Purchaser is issued the Licenses necessary to operate the Hospital directly (namely, the Hospital Licenses and pharmacy permits).

5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective Time are: (i) employees of Hospital Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of any Seller and are listed on **Schedule 5.3**. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity or any other affiliate of Seller unless such individual is listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "**Hired Employees**." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time, subject to compliance with applicable law and regulation, including consent of such employees if required.

(c) After the Closing Date, Purchaser's human resources department will give reasonable assistance to Hospital Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within five (5) business days after the Closing Date, Purchaser shall provide to Hospital Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees (which such list Purchaser shall periodically update).

(d) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts. Nothing herein shall obligate Purchaser to accept Hospital Seller's collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, but in any event within ten (10) calendar days, Purchaser shall, at its sole cost and expense, make any notices or other filings with the Attorney General of the State of California (the "**CA AG**"). Each Seller shall reasonably cooperate with Purchaser in such notices or other filings.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 3 to be inaccurate or untrue as of the Closing.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease

may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of the Hospital's service area.

5.10 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five (5) business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably require in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.

5.11 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement to be assumed by Purchaser. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement. In addition, Sellers may, in their discretion, seek to reject any or all of the collective bargaining agreement(s).

ARTICLE 6

SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

6.1 Bankruptcy Court Approval.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval pursuant to sections 363(m), 363(f), and 365 of the Bankruptcy Code, and that this Agreement is subject to termination in its entirety in the event any Seller receives a better and higher offer for the Assets in accordance with the Bankruptcy Code and subject to the terms stated herein.

(b) [Intentionally Omitted].

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser consistent with this Agreement and in a form reasonably satisfactory to Purchaser pursuant to sections 363(m), 363(f), and 365 of the Bankruptcy Code, be final, not stayed, not on appeal, and the time to appeal has passed.

(d) Each Seller must obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor and the Sale Order solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal; provided, however, Purchaser, at its option, shall have the right to participate as a party in interest in such appeal. In the event a stay is issued by any appellate court, including the United States District Court, Bankruptcy Appellate Panel, and Circuit Court of Appeal, which prevents the sale from closing, as scheduled, Purchaser shall have the right to terminate this Agreement if such stay is not vacated on or before 45 days from the date of the stay is issued, and Purchaser shall be entitled to the prompt return of the Deposit and any interest earned thereon.

ARTICLE 7

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.8 [Intentionally Omitted].

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing.

8.1 Governmental Authorizations. Except as otherwise set forth in this Agreement, Purchaser and Sellers shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for the purchase, sale and operation of the Hospital, including without limitation approval of the CA AG (subject to Section 8.6), except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under section 363(m) of the Bankruptcy Code, which is final, not stayed, not on appeal, and the time to appeal has expired

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Sellers shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by Sellers on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on Schedule 8.6 (the **"Additional Conditions"**), Sellers must file a motion with the Bankruptcy Court seeking the entry of an order finding that the Additional Conditions are

an "interest in property" for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions. If Sellers obtain such an order, from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order to determine, in Purchaser's sole and absolute discretion, and in consultation with Purchaser's financing sources, whether to proceed to consummate the transactions contemplated by this Agreement. If Purchaser determines not to proceed, Purchaser shall have the right to terminate this Agreement and receive the return of its Deposit.

8.7 Medicare and Medi-Cal Provider Agreements. Hospital Seller shall transfer its Medicare provider agreements pursuant to a settlement agreement with the Centers for Medicare and Medicaid Services (**"CMS"**) and shall transfer its Medi-Cal provider agreements pursuant to a settlement agreement with the California Department of Health Care Services (**"DHCS"**), which such settlement agreements shall result in: (i) resolution of all outstanding financial defaults under Hospital Seller's Medicare and Medi-Cal provider agreements, and (ii) full satisfaction, discharge, and release of any claims under the Medicare or Medi-Cal provider agreements, whether known or unknown, that CMS or DHCS, as applicable, has against Hospital Seller or Purchaser for monetary liability arising under the Medicare or Medi-Cal provider agreements before the Effective Time; provided, however, that Purchaser acknowledges that it will succeed to the quality history associated with the relevant Medicare or Medi-Cal provider agreements assigned and shall be treated, for purposed of survey and certification issues as if it is Hospital Seller and no change of ownership occurred.

8.8 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

ARTICLE 9

TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual written consent of the parties;

(b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been: (i) waived in writing by Sellers, or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach;

(c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Hospital, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement, but which has been provided to Purchaser after the Signing Date, and Purchaser has notified Sellers of its election to terminate the Agreement under this Section 9.1(c) on or prior to _____, 2019, which notice may be given by facsimile or email correspondence; provided, that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Agreement, Purchaser shall not be entitled to terminate this Agreement (or not close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the breach

of a Sale Order Date Representation, but in each case solely to the extent such breach of a Sale Order Date Representation would result in a Material Adverse Effect; provided, further, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been: (i) waived in writing by Purchaser, or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach;

(e) by Purchaser if satisfaction of any of the conditions in ARTICLE 8 has not occurred by December 31, 2019 or becomes impossible, and Purchaser has not waived such condition in writing (provided that the failure to satisfy any of the applicable condition or conditions in Sections 8.1 through 8.5 inclusive has occurred by reason other than: (i) through the failure of Purchaser to comply with its obligations under this Agreement, or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date); provided that upon the imposition of Additional Conditions by the CA AG, Section 8.6 must be satisfied or waived by Purchaser by no later than sixty (60) days thereafter.

(f) by Sellers if satisfaction of any of the conditions in ARTICLE 7 has not occurred by December 31, 2019 or becomes impossible, and Sellers have not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than: (i) through the failure of Sellers to comply with their obligations under this Agreement, or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Cases or fails to issue a "Sales Order" approving this Agreement;

(h) [Intentionally Omitted];

(i) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019; or

(j) by Purchaser if a force majeure event (such as acts of God, storms, floods, landslides, earthquakes, lightning, riots, fires, pandemics, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities, other national or international calamity, one or more acts of terrorism, or failure of energy sources) shall have occurred between the Signing Date and Closing Date, which event is reasonably likely to have a Material Adverse Effect.

9.2 Termination Consequences. If this Agreement is terminated pursuant to Sections 6.2 or 9.1: (a) all further obligations of the parties under this Agreement shall terminate,

provided that the provisions of ARTICLE 12, shall survive; and (b) each party shall pay only its own costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or (d) the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. In addition, if this Agreement is terminated pursuant to Sections 6.2 or 9.1 (other than Section 9.1(b)), Seller shall immediately return the Deposit to Purchaser with all interest earned thereon. Each Pparty acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof): (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement, or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to any Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to any Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against any Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") plus five percent (5%) (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours

after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with: (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all

documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either: (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both: (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively,

the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

10.5 Shared Intangible Assets. In the event and to the extent that certain intangible Assets transferred by Sellers have been used to operate businesses of Verity or Verity Holdings or their affiliates which are not being sold to Purchaser ("**Shared Intangible Assets**") and such Shared Intangible Assets continue to be used by Verity or Verity Holdings or their affiliates to operate such businesses after Closing, Verity and Verity Holdings retain the rights to continue to use such Assets notwithstanding their sale to Purchaser. Purchaser shall reasonably cooperate with Verity and Verity Holdings and their affiliates to give effect to such rights and shall provide Verity and Verity Holdings and their affiliates such documentation, records and information and reasonable access to such systems as necessary for Verity and Verity Holdings and their affiliates to continue to operate such businesses; all in such manner as not to reasonably interfere with the operations of the Hospital; provided, however, Purchaser shall not be required to incur any out-of-pocket costs in association therewith unless reimbursed by Verity and Verity Holdings and their affiliates.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall have the right to sue for damages; provided, however that the amount of such damages shall never exceed $_____. For the avoidance of doubt, Sellers shall have no right to sue for specific performance under this Agreement.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents

relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) The Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) shall be allocated among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder as set forth in **Schedule 11.3(b)** (such schedule the "**Allocation Schedule**"). The Allocation Schedule shall be for Sellers' and Purchaser's tax purposes only, and shall not limit the Sellers' creditors in any way.

11.4 Cost Report Matters.

(a) Consistent with Section 4.5, Sellers shall, at Purchaser's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**").

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however,* that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties which consent shall not be unreasonably withheld or delayed, except that Purchaser may, without the prior written consent of Sellers, assign all or any portion of its rights under this Agreement to one or more of its affiliates prior to the Closing Date.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.1(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of Article III merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5)

calendar days after being deposited in the United States mail, with postage prepaid thereon, certified or registered mail, return receipt requested, addressed as follows:

12.7 Headings. The section and other headings contained in this Agreement and in the Disclosure Schedule, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedule, exhibits and schedules hereto.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit either Sellers or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof.

12.9 Fair Meaning. This Agreement shall be construed according to its fair meaning and as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that all sales, transfer, documentary transfer and similar taxes, fees, surcharges and the like in connection with the sale of the Assets shall be borne by Purchaser. If any action is brought by any party to enforce any provision of this Agreement, the prevailing party shall be entitled to recover its court costs and reasonable attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the "**Superseded Agreements**"), which Superseded Agreements shall be of no further force or effect; provided, that notwithstanding the foregoing, the letter Confidentiality Agreement dated _____, 201_ between Purchaser and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related

entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party's knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

12.17 Time is of the Essence. Time is of the essence for all dates and time periods set forth in this Agreement and each performance called for in this Agreement.

Footnotes:

(A) Debtor designation is based on the Debtors' books and records. However, contract and lease counterparties should also review the System / Multi-facility contract exhibit (Exhibit D) in conjunction with this Exhibit as certain contracts included herein may also be reflected as System / Multi-Facility contracts, particularly in the case of master purchase, master lease or master licensing agreements.

(B) Contract termination dates reflect current information in the Debtors' contract system, which may not capture auto-renewals, extensions or terminations since the Petition Date.

(C) Cure amounts reflect critical vendor payments made through February 19, 2019.

(D) Where multiple contracts are reflected, cure amounts could not be ascribed to individual contracts, and, as a result, a cure amount for all contracts within that category has been listed.

(E) Cure amounts for certain contracts reflect pricing through system-wide group purchasing organization agreements.

F) The Debtor has used its best efforts to accurately reflect executory contracts and unexpired leases herein, but reserves the right to supplement and / or modify this Exhibit, including for any ontracts which may not be deemed executory.

Re: Confidential Nonbinding Letter of Intent – Seton Medical Center

Dear Mr. Moloney

This letter of intent sets forth the principal business points for the proposed transaction described herein (the "Transaction") between (i) Allied Physicians of California, A Professional Medical Corporation d/b/a Allied Pacific IPA[1] or its designee ("APC"), and (ii) Seton Medical Center, a California nonprofit corporation (the "Hospital"). Except as otherwise provided in Section 6 below, this letter does not constitute or give rise to any legally binding commitment on the part of any party. Instead, it merely sets forth their preliminary intentions with respect to the terms proposed, which terms may or may not become part of a definitive agreement, as a basis for future negotiations.

1. Acquisition. APC will purchase from the Hospital all of the assets of the Hospital (the "Assets").

2. Consideration. The purchase price for the Assets will be Seventy-Five Million Dollars ($75,000,000).

3. Due Diligence. During the Diligence Period, APC and its representatives, lenders, affiliates and agents ("Representatives") shall be entitled to conduct a comprehensive clinical, business and legal due diligence review of the Hospital and its clinical operations, business and assets. The Hospital shall cooperate with such due diligence review, including, without limitation, affording APC and its Representatives reasonable access to the books, records, properties and employees of the Hospital and its business and assets. APC shall be under no obligation to continue with its due diligence investigation or negotiations regarding the Transaction if, at any time, the results of its due diligence investigation are not satisfactory to APC for any reason in its sole discretion. The "Diligence Period" means the period commencing on the date this letter has been signed by all parties and continuing for 60 days thereafter; *provided* that, unless prior to such 60th day, APC has delivered to the Hospital a written notice stating that APC is not interested in pursuing the Transaction, the Diligence Period shall automatically extend for an additional 15 days following the conclusion of such 60 days.

[1] Allied Pacific IPA operates outside of the Hospital's catchment area.

4. Definitive Agreement. The terms and conditions governing the Transaction shall be contained in an asset purchase agreement (the "Purchase Agreement") that shall include, among others, customary representations and warranties and covenants made by parties to like transactions.

5. Public Announcements. No party shall (nor shall it permit any affiliate or Representative thereof to), without the prior written consent of the other, disclose to any third party (other than the disclosing party's Representatives who agree to be bound by this Section) the existence of this letter, that either party is interested in pursuing the Transaction or any terms of the Transaction, except as required by law or to comply with such party's obligations or enforce such party's rights contained in this letter.

6. Binding Effect. Except for the provisions of Sections 5, 6, 7 and 8, each of which shall be deemed to be an agreement and binding upon the parties, it is understood that this letter does not constitute or give rise to any legally binding commitment on the part of any party. Instead, it merely sets forth their preliminary intentions with respect to the terms proposed, which terms may or may not become part of a definitive agreement, as a basis for future negotiations. It is specifically acknowledged and agreed that APC may terminate discussions concerning the Transaction at any time and for any reason. This Section supersedes all other conflicting or ambiguous language in this letter or any document or other instrument contemporaneous with or that precedes this letter.

7. Expenses. Each party will pay its own transaction expenses, including fees and expenses of investment bankers and other advisers, incurred in connection with the Transaction, except as may otherwise be provided herein.

8. Miscellaneous.

(a) Notices. All notices or other communications required or permitted hereunder shall be in writing and shall be deemed given or delivered on the earliest of: (i) the date of personal delivery, (ii) the date of transmission by facsimile, with confirmed transmission and receipt, (iii) two (2) days after deposit with a nationally-recognized courier or overnight service such as Federal Express, or (d) five (5) days after mailing via certified mail, return receipt requested, and shall be addressed to each party at the address for such party as set forth below or to such other address as such party may indicate by a written notice delivered to the other.

(b) Entire Agreement. This letter represents the entire agreement by and among the parties with respect to the subject matter hereof and any and all other written or oral agreements relating to the subject hereof existing between the parties are expressly canceled. No alteration, modification or interpretation of this letter shall be binding unless in writing and signed by the party to be charged.

(c) Binding Effect; Assignment. This letter shall be binding upon and inure to the benefit of the parties and their respective successors and permitted assigns. No party other than APC may assign or delegate any of its rights or obligations hereunder without the written consent of the other parties.

(d) Governing Law. This letter shall be interpreted and construed in accordance with the laws of the State of California, without giving effect to principles of conflict of laws.

(e) Attorneys' Fees. If any action is brought for the enforcement of this letter, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees and other costs incurred in the action, in addition to any other relief to which it may be entitled.

(f) Injunctive Relief. The parties agree and acknowledge that money damages may not be an adequate remedy for any breach by the Hospital of the provisions of this letter and that the non-breaching party may in its sole discretion apply to any court of law or equity of competent jurisdiction for specific performance and/or injunctive relief (without posting a bond or other security) in order to enforce or prevent any violation of the provisions of this letter.

(g) Mutual Drafting. The parties are sophisticated and as a consequence the parties do not intend that the presumptions of any laws or rules relating to the interpretation of contracts against the drafter of any particular clause should be applied to this letter and, therefore, the parties hereby waive their effects.

(h) Severability. If any term, provision, covenant or restriction of this letter is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this letter shall remain in full force and effect, and shall not be affected, impaired or invalidated.

(i) Headings. The headings herein are for reference only and shall not affect the interpretation of this letter.

(j) Counterparts. This letter may be executed by the parties in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute one and the same instrument. Delivery of an executed counterpart of the signature page to this letter by facsimile or email with scan attachment shall be as effective as delivery of a manually executed counterpart of this letter.

[Signatures continued on next page]

If the foregoing is acceptable, please so indicate by executing and returning a counterpart of this letter by facsimile or pdf. **This letter will be deemed null and void unless APC has received a copy of this letter countersigned by Hospital no later than 5:00 PM PT on April 12, 2019.**

1.6 Prorations and Utilities. All items of income and expense listed below with respect to the Assets shall be prorated in accordance with the principles and the rules for the specific items set forth hereafter:

1.6.1 All transfer, conveyance, sales, use, stamp, similar state and local taxes arising from the sale of the Assets hereunder shall be the responsibility of, and allocated to, Purchaser.

1.6.2 Other than with respect to Cure Costs payable by Sellers, the following costs and expenses shall be prorated based upon the payment period (*i.e.*, calendar or other tax fiscal year) to which the same are attributable: all real estate and personal property lease payments, real estate and personal property taxes, real estate assessments and other similar charges against real estate, and power and utility charges (collectively, the "**Prorated Charges**") on the Assets. Each Seller shall pay its respective portion at or prior to the Closing (or Purchaser shall receive credit for) any unpaid Prorated Charges attributable to periods or portions thereof occurring prior to the Effective Time, and Purchaser shall assume as an Assumed Liability or, to the extent previously paid by such Seller, pay to such Seller at the Closing all Prorated Charges attributable to periods or portions thereof occurring from and after the Effective Time. All Lease Amounts that are collected prior to the Closing shall be prorated as of the Closing in accordance with the immediately preceding sentence. All Lease Amounts that are accrued but unpaid as of the Closing (including, without limitation, rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the "**Unpaid Amounts**") shall belong to Sellers, and Purchaser shall, upon receipt of said rents and other payments, receive the same in trust for Sellers and shall promptly remit any of such amounts to Sellers within ten (10) days after Purchaser's receipt of same; provided, however, any Lease Amounts collected by Purchaser on and after the Effective Time shall be applied first to any current or overdue amounts due to Purchaser and any collection costs incurred by Purchaser related thereto, and then to Unpaid Amounts due to Sellers. Purchaser shall also receive a credit for any security deposits held by Sellers in connection with any Tenant Leases, and if any tenants' security deposits are in the form

of a letter of credit, Sellers shall deliver originals of the letters of credit to Purchaser at Closing together with executed instruments sufficient to transfer the same to Purchaser.

1.6.4 All prorations and payments to be made under the foregoing provisions shall be agreed upon by Purchaser and Sellers prior to the Closing and shall be binding upon the parties; provided, however, with respect to the Unpaid Amounts, in the event any proration, apportionment or computation shall prove to be incorrect for any reason, then either Sellers or Purchaser shall be entitled to an adjustment to correct the same, provided that said party makes written demand on the party from whom it is entitled to such adjustment within thirty (30) calendar days after the erroneous payment or computation was made, or such later time as may be required, in the exercise of due diligence, to obtain the necessary information for proration. This Section 1.6 shall survive Closing.

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLER

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Subject to Section 8.1 and Section 8.8 below, Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued

following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing.

8.1 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits, and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits, and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies). Notwithstanding the foregoing, approval of the California Attorney General shall not be a condition precedent to Purchaser's obligation to close the transactions contemplated by this Agreement.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code.

8.3 Signing and Delivery of Instruments. Each Seller shall have executed and delivered all documents, instruments, and certificates required to be executed and delivered by such Seller pursuant to the provisions of this Agreement.

8.4 Performance of Covenants. Each Seller shall have in all material respects performed or complied with each and all of the obligations, covenants, and agreements required to be performed or complied with by such Seller on or prior to the Closing Date; provided, however, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction, or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no

governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby, or that would materially and adversely affect the operation of the Assets by Purchaser on or after the Effective Time.

8.6 Title Matters. The Title Company shall have issued or irrevocably committed to issue to Purchaser title policies for the Assets.

8.7 PTO Liabilities and Labor Agreements and Obligations. Purchaser shall be satisfied, in its reasonable discretion, by the terms of the Sale Order or otherwise, that all PTO Liabilities and Labor Obligations are Excluded Liabilities and that the Assets are being sold and transferred to Purchaser free and clear of any and all PTO Liabilities and Labor Obligations to the maximum extent permitted by law. For the purposes of this Agreement, "**PTO Liabilities**" shall mean liabilities and/or obligations of any Seller for all vacation pay, holiday pay, short or long-term disability, reimbursement of expenses, tuition reimbursement, commissions, compensation for absences due to jury duty and funeral leave, paid time off, wages, salaries, bonuses, compensation, sick pay, extended sick leave, insurance benefits, or other employee benefits or reimbursements with regard to any current or former Sellers Employees, in each case, for all time periods through and including the Closing Date. For purposes of this Agreement, "**Labor Obligations**" shall mean (a) legal and/or contractual obligations relating to the employment of labor including, without limitation, any provisions relating to wages, hours, equal employment, occupational safety and health, workers' compensation, unemployment insurance, collective bargaining, immigration, affirmative action, and the payment and withholding of social security and other taxes; (b) terms of all collective bargaining agreements, and any and all other agreements and understandings that are in place with any labor unions, trade associations, or other employee organizations that represent or have written a demand for recognition with respect to any Sellers Employees; and (c) retirement, pension, employee, or welfare-benefits obligations with respect to any Sellers Employees.

8.8 County Approval. Prior to the Sale Hearing, Purchaser shall have obtained approval from the Board of Supervisors of the County of Los Angeles to purchase the Assets in accordance with all applicable laws, including, but not limited to, approval to purchase the Owned Real Property in accordance with the requirements for California Government Code Sections 6063 and 25350, which requirements include the publication of notice of intent to purchase for three consecutive weeks followed by a public hearing to consider approval of the purchase. If the foregoing has not been satisfied as of the Sale Hearing, Purchaser shall have the right, exercisable in its sole and absolute discretion, to terminate this Agreement and elect not to proceed with the transactions contemplated hereby by providing written notice to Sellers on or prior to the Sale Hearing; provided, however, if Purchaser does not so terminate this Agreement, the condition described in this Section 8.8 shall be deemed to be null and void after the Sale Hearing.

8.9 Transfer of Patient Care and Closure of Hospital. Sellers shall have caused the transfer of patient care to other hospital facilities and surrendered and relinquished any and all licenses, provider numbers, permits, approvals, certificates of exemption, franchises, accreditations and registrations and other governmental licenses, permits or approvals (the "**Licenses**") issued to Sellers for use in the operation of the Hospital, including, without limitation, the Licenses and Medicare Provider Numbers, except for those Licenses identified by the Purchaser in Schedule 1.7(b) necessary for the operation of the Assets for purposes other than as a Hospital. Hospital shall cease all functions customarily carried out by a hospital and shall be closed prior to the Closing Date.

ARTICLE 9

TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual written consent of the parties;

(b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach;

(c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Assets, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement, but which has been provided to Purchaser after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.1(c) on or prior to April 17, 2019, which notice may be given by facsimile or email correspondence; provided, that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Agreement, Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the breach of a Sale Order Date Representation, but in each case solely to the extent such breach of a Sale Order Date Representation would result in a Material Adverse Effect; provided, further, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach;

(e) by Purchaser if satisfaction of any of the conditions in ARTICLE 8 has not occurred by December 31, 2019 or becomes impossible, and Purchaser has not waived such condition in writing (provided that the failure to satisfy any of the applicable condition or conditions in Sections 8.1 through 8.5 inclusive has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date);

(f) by Sellers if satisfaction of any of the conditions in ARTICLE 7 has not occurred by December 31, 2019 or becomes impossible, and Sellers have not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Cases;

(h) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019; or

(i) by Purchaser if a force majeure event (such as acts of God, storms, floods, landslides, earthquakes, lightning, riots, fires, pandemics, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities, other national or international calamity, one or more acts of terrorism, or failure of energy sources) shall have occurred between the Signing Date and Closing Date, which event is reasonably likely to have a Material Adverse Effect.

9.2 Termination Consequences. If this Agreement is terminated pursuant to Section 9.1: (a) all further obligations of the parties under this Agreement shall terminate, provided that the provisions of ARTICLE 12, shall survive, and (b) each party shall pay the costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or 9.1(c), the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. Each Party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets.

Any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within ten (10) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to Sellers. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to Sellers under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to Sellers because of, outstanding claims, liabilities or obligations asserted by Purchaser against Sellers. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to Sellers in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Sellers (the "**Excluded Asset Due Date**") plus five (5) percent (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to Sellers.

ARTICLE 11

DEFAULT

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall be entitled to retain the Deposit, and Sellers may, in addition thereto, pursue any rights or remedies that Sellers may have under this Agreement or applicable law, including the right to sue for damages or specific performance.

11.2 Sellers Default. If Sellers commits any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of

more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however,* that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.1(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of ARTICLE 3 merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or

warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5) calendar days after being deposited in the United States mail, with postage prepaid thereon, certified or registered mail, return receipt requested, addressed as follows:

or at such other address as one party may designate by notice hereunder to the other parties.

12.7 Headings. The section and other headings contained in this Agreement and in the Disclosure Schedule, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedule, exhibits and schedules hereto.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit either Sellers or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof.

12.9 Fair Meaning. This Agreement shall be construed according to its fair meaning and as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that (a) all

sales, transfer, documentary transfer and similar taxes, fees, surcharges and the like in connection with the sale of the Assets shall be borne by the Purchaser. If any action is brought by any party to enforce any provision of this Agreement, each party shall bear its own costs and attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the "**Superseded Agreements**"), which Superseded Agreements shall be of no further force or effect; provided, that notwithstanding the foregoing, the letter Confidentiality Agreement dated September 19, 2018 between Purchaser and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party's knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

12.17 Time is of the Essence. Time is of the essence for all dates and time periods set forth in this Agreement and each performance called for in this Agreement.

VERITY HEALTH SYSTEM OF CALIFORNIA, INC., *ET AL.*
(LEAD CASE NO. 2:18-BK-20151-ER) (COLLECTIVELY, THE "DEBTORS")
ADEQUATE ASSURANCE OF PERFORMANCE IN SUPPORT OF PARTIAL BID FOR ACQUISITION OF ST. VINCENT MEDICAL CENTER

The County of Los Angeles (the "County"), a political subdivision of the State of California duly authorized under the California Constitution and California law, is pleased to submit this letter evidencing its ability to provide adequate assurance of future performance with respect to its proposed acquisition of the St. Vincent Medical Center, its facilities and other assets, as more fully described in that certain Asset Purchase Agreement dated as of March 28, 2019 (the "Purchase Agreement"), by and

California, Inc., a California nonprofit public benefit corporation ("Verity"), Verity Holdings, LLC, a California limited liability company ("Verity Holdings"), and St. Vincent Medical Center, a California nonprofit public benefit corporation ("St. Vincent") (collectively, the "Sellers"), and the County, as purchaser.

The County is one of the nation's largest counties, with 4,084 square miles of territory, and has the largest population of any county in the nation—more than 10 million residents, who account for approximately 27 percent of California's population. The County has in excess of 100,000 employees and an annual budget in excess of $30 Billion.

The Los Angeles County Department of Health Services (DHS) is the second largest municipal health system in the nation. Through an integrated system of 19 health centers and four hospitals – and through partnerships with community-based clinics -- DHS annually cares for about 600,000 unique patients, employs over 22,000 staff, and has an annual operating budget of $4.3 billion.

The County possesses sufficient financial resources to acquire the assets as more fully described in the Purchase Agreement and to perform under any executory contracts and/or unexpired leases which the County proposes to assume. Moreover, the County understands and acknowledges that it will be fully responsible for the County's obligations, if any, which may arise under the terms of the Purchase Agreement, and that it remains ready, willing and able to fund and consummate the proposed transaction on the terms contemplated under the Purchase Agreement in the event the County is determined to be the successful bidder.

We look forward to the opportunity to work with you.

AGN. NO. _____

MOTION BY SUPERVISOR HILDA L. SOLIS March 19, 2019

Adoption of Resolution of Notice of Intention to Acquire St. Vincent Medical Center Campus Properties through Bankruptcy Auction, and Related Actions

In August, 2018, Verity Health System of California ("Verity") filed for Chapter 11 bankruptcy protection in federal court. Verity owns the former Daughters of Charity hospital system, including St. Vincent Medical Center ("SVMC"), just outside of downtown, and St. Francis Medical Center in Lynwood. The SVMC campus is 10.49 acres at Alvarado and 3rd Street in the City of Los Angeles.

SVMC and other Verity hospitals are being auctioned by the bankruptcy court, providing the County with an unprecedented opportunity to create a new Health and Human Services Campus in an area of high need and with a shallow County services footprint. The County would not operate SVMC as hospital, as acute care needs can be better served by other local hospitals.

The SVMC campus includes: (1) 2131 West 3rd Street, (APN 5154-018-018), consisting of approximately 5.28 acres and 390,598 square feet of buildings (the "Hospital"); (2) 199 and 201 South Alvarado Street (APN 5154-018-019), consisting of approximately 1.23 acres with a 110,003 square foot professional office building; (3) 2200 West 3rd Street (APN 5154-034-006), consisting of approximately 1.37 acres with

a 46,273 square foot medical office building; (4) 262 and 272 South Lake Street/2120 Valley Street (APN 5154-018-021), consisting of approximately 1.05 acres with a 92,927 square foot guest house; (5) 2222 Ocean View Avenue (APN 5154-033-021), consisting of approximately 1.22 acres with a 34,449 medical office and laboratory building; (6) 143 South Alvarado Street (APN 5154-008-012), consisting of approximately .16 acres and 5,000 square feet of storage; and (7) 171 South Alvarado Street (APN 5154-018-020), consisting of approximately .18 acres of vacant land (collectively, the "Properties").

The not to exceed purchase price of $120,000,000 reflects fair market value for the Properties, which has been substantiated by a County-commissioned appraisal report.

To participate in the bankruptcy auction, a good faith deposit is required that will be returned if the County is not the successful bidder for the Properties, and will be credited against the purchase price if the County is the successful bidder for the Properties.

Section 25353 of the California Government Code authorizes the Board to purchase real property necessary for use of the County for buildings or for other public purposes. Government Code sections 25350 and 6063 require that a notice of the Board's intention to purchase be published once a week for three successive weeks in a newspaper of general circulation in the County, identifying the property to be acquired and the sellers, the purchase price, and the time and place at which the Board will meet to consummate the acquisition.

Acquisition of the Properties will be subject to compliance with the notice requirements of Government Code section 65402.

Acquisition of the Properties is categorically exempt from the California Environmental Quality Act ("CEQA") pursuant to State CEQA Guidelines, sections 15301(a), (d), and (f) (Existing Facilities), 15302(c) (Replacement or Reconstruction), 15303(e) (New Construction or Conversion of Small Structures), and 15311(a)

(Accessory Structures), and Classes 1(c), (d), and (i), 2(e), 3(d), and 11(d) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G. None of the applicable exceptions to the use of these exemptions apply.

I THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:

1. Find that, the proposed purchase of the Properties is categorically exempt from CEQA pursuant to State CEQA Guidelines, sections 15301(a), (d), and (f) (Existing Facilities), 15302(c) (Replacement or Reconstruction), 15303(e) (New Construction or Conversion of Small Structures), and 15311(a) (Accessory Structures), and Classes 1(c), (d), and (i), 2(e), 3(d), and 11(d) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, and that none of the applicable exceptions to the use of these exemptions apply.

2. Adopt the Resolution of Notice of Intention to Purchase (Attachment 1) ("Resolution") for acquisition of the Properties for a purchase price not to exceed $120,000,000, subject to participation in the bankruptcy auction and approval of the sale to the County by the bankruptcy court.

3. Set April 16, 2019 as the date for a Board meeting to receive comment and consummate the proposed acquisition and instruct the Executive Office-Clerk of the Board of Supervisors to publish the Notice of Intention to Purchase attached to the Resolution, in accordance with Government Code section 6063.

4. Delegate authority to the Chief Executive Officer (CEO) or her designee to negotiate and execute the Asset Purchase Agreement for acquisition of the Properties, subject to approval as to form by County Counsel, as required to participate in the bankruptcy auction, and authorize the CEO, or her designee, and County Counsel to take all further actions necessary and appropriate to participate in the bankruptcy auction.

5. Authorize the CEO to submit a good faith deposit of ten percent of the bid amount in accordance with the requirements of the bankruptcy court.

AT THE DULY NOTICED BOARD MEETING ON APRIL 16, 2019, IT IS RECOMMENDED THAT THE BOARD:

1. Order the purchase of the Properties to be consummated, in accordance with Government Code section 25350.

Re: St. Francis Medical Center Bid

Dear Sam:

Attached is Prime Healthcare's bid for St. Francis Medical Center. Upon final consideration, Prime does not believe that there will be a qualified back-up bidder nor does Prime want to be a back-up bidder, as Prime believes that the current Stalking Horse Bidder will not close the transaction. The Stalking Horse Bidder will take a protracted amount of time if it ever closes the transaction. Therefore, Prime does not want a substantial deposit to be tied up until either a back-up bidder is selected or the transaction closes, and will not be submitting a deposit. However, Prime is submitting the enclosed bid containing the terms Prime extensively negotiated with Verity in good faith under the belief that Prime would be the Stalking Horse bidder. Prime recognizes that this bid will not be formally considered at auction, but it is being submitted for reference when needed when there is no credible back-up bidder or all other bidders are unable to close.

Thank you for your consideration.

Sincerely,

[redacted]

Gary B. Gertler

1.6 Prorations and Utilities. All items of income and expense listed below with respect to the Assets shall be prorated in accordance with the principles and the rules for the specific items set forth hereafter:

1.6.1 All transfer, conveyance, sales, use, stamp, similar state and local taxes arising from the sale of the Assets hereunder shall be equally borne by Purchaser, on the one hand, and Sellers, on the other hand.

1.6.2 Other than the Utility Deposits (defined below), which are governed by Section 1.8(j), and other than with respect to Cure Costs payable by Purchaser, the following costs and expenses shall be prorated based upon the payment period (*i.e.*, calendar or other tax fiscal year) to which the same are attributable: all real estate and personal property lease payments, real estate and personal property taxes, real estate assessments and other similar charges against real estate, and charges for power, sewer, water, electric, gas, telephone or other utilities (collectively, the "**Utilities**") on the Assets (collectively, the "**Prorated Charges**"). All Lease Amounts that are collected prior to the Closing shall be prorated as of the Closing in accordance with the immediately preceding sentence. All Lease Amounts that are accrued but uncollected as of the Closing (including, without limitation, rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the "**Unpaid Amounts**") shall belong to Sellers, and Purchaser shall, upon receipt of said rents and other payments, receive the same in trust for Sellers and shall promptly remit any of such amounts to the applicable Seller

within ten (10) days after Purchaser's receipt of same. For the avoidance of doubt, all rental payments received after Closing shall be first applied to any amounts owed to the Sellers under this Section 1.6.3.

1.6.4 All prorations and payments to be made under the foregoing provisions shall be agreed upon by Purchaser and Sellers prior to the Closing and shall be binding upon the parties; *provided, however*, with respect to the Unpaid Amounts, in the event any proration, apportionment or computation shall prove to be incorrect for any reason, then either the applicable Seller or Purchaser shall be entitled to an adjustment to correct the same, *provided* that said party makes written demand on the party from whom it is entitled to such adjustment within thirty (30) calendar days after the erroneous payment or computation was made, or such later time as may be required, in the exercise of due diligence, to obtain the necessary information for proration. This Section 1.6 shall survive Closing.

1.11 Designation of Assumed Contracts and Assumed Leases.

(a) Except as provided in Section 1.11(a), all contracts and leases will be subject to evaluation by Purchaser for assumption or rejection (collectively "**Evaluated Contracts**"). Sellers shall file such motions in the Bankruptcy Court and take such other actions as are reasonably necessary to ensure that final and non-appealable orders are entered (x) assuming and assigning the respective Assumed Contracts or Assumed Leases applicable to such Seller to Purchaser, and (y) rejecting the Rejected Contracts. With respect to each Assumed Lease, the applicable Seller shall execute and deliver to Purchaser an Assignment and Assumption of Lease. Notwithstanding anything to the contrary set forth in this Agreement, the Rejected Contracts shall constitute part of the Excluded Assets pursuant to, and as defined in, this Agreement.

(b) At Closing and pursuant to an order of the Bankruptcy Court, each Seller will assume and immediately assign to Purchaser the leases of such Seller for Leased Real Property and the Tenant Leases.

1.12 Accounts Receivable Reconciliation. Sellers and Purchaser have mutually agreed that the target Accounts Receivable amount that will be transferred from Sellers to Purchaser as of the Effective Time ("**A/R Target Amount**") is Fifty-Six Million Dollars ($56,000,000). COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions.

5.2 Required Governmental Approvals. Purchaser, at its sole cost and expense (a) shall use its reasonable commercial efforts to secure, as promptly as practicable before the Closing Date, all material consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled, and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Except for any filings required by Law or under this Agreement to be submitted to governmental authorities by Seller in order to carry out the transactions contemplated by this Agreement, Purchaser is responsible for all other filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all such applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

5.3 Certain Employee Matters.

(a) Subject to Purchaser's standard hiring, pay and benefit practices, policies and procedures, Purchaser agrees to offer employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation

leave) (the "**Hospital Employees**") who, immediately prior to the Effective Time are: (i) employees of St.. Francis Medical Center; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of any Seller and are listed on **Schedule 5.3**. For the avoidance of doubt, the Hospital Employees shall not include any employees of any affiliate of Sellers unless such individual is listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "**Hired Employees.**" All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Hospital Employees that become Hired Employees in accordance with Section 5.3(a) shall cease to be employees of such Seller, and shall be removed from such Seller's payroll. Such Seller shall timely make or cause to be made by such Seller's affiliates appropriate distributions to, or for the benefit of, all of such Hired Employees in respect of the Seller Plans which are in force and effect with respect to such Hired Employees in accordance with ERISA, the Code, and the terms and conditions of the Seller Plans; *provided, however*, no such distribution shall be required to the extent it is among the Assumed Obligations.

(c) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date, up to a maximum of 300 hours per Hired Employee, either by (i) crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time or (ii) by making full payments to such employees of the amounts which such employees would have received had they taken such paid time off.

(d) Seller shall be responsible to provide continuation coverage pursuant to the requirements of Code Section 4980B and Part 6 of Title I of ERISA ("COBRA Coverage") with respect to the Hospital Employees (and their dependents) whose qualifying event occurred prior to the date on which the Hospital Employees become Hired Employees. Purchaser shall be responsible to provide COBRA Coverage with respect to each of the Hospital Employees (and their dependents) whose qualifying event occurs on or after the date on which the Hospital Employees become Hired Employees

(e) After the Closing Date, Purchaser's human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees.

(f) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts and the provisions of Section 4.7, hereof.

(g) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of ARTICLE 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, each Seller and Purchaser shall cooperate in obtaining, any required review and consent by the California Attorney General (the "**CA AG**") to the sale of the Assets to Purchaser in accordance with this Agreement and the Sale Order pursuant to Title 11, Chapter 15, Section 999.5 of the California Code of Regulations, including without limitation, jointly preparing and submitting to the CA AG a notice of the transactions contemplated by this Agreement within ten (10) calendar days after entry of the Sale Order and jointly participating in any required or requested Attorney General or public meetings. The cost and expense for any notices and other filings with the CA AG shall (a) be borne equally by Purchaser and Sellers for the first Five Hundred Thousand Dollars ($500,000) of such cost and expense, and (b) thereafter, such cost and expense in excess of Five Hundred Thousand Dollars ($500,000) shall be borne solely by Purchaser.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 3 to be inaccurate or untrue as of the Closing in any material manner.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**" means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall

each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, *provided* that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

5.10 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of the Hospital's service area.

5.11 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five (5) business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities.

ARTICLE 6

SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

6.1 Bankruptcy Court Approval.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval.

(b) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser free

and clear of all liens, claims and encumbrances other than the Permitted Exceptions and the Assumed Contracts and Assumed Leases pursuant to Bankruptcy Code Section 363(f), all consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(c) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code Section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(d) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal.

ARTICLE 7

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are

necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions. Purchaser recognizes that transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement, so long as any conditions imposed by the CA AG are as set forth on **Schedule 8.6** or the Bankruptcy Court compels the CA AG to approve the transaction with the conditions set forth on **Schedule 8.6**. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on **Schedule 8.6** (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that the conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and, thus, the Assets can be sold free and clear of the Additional Conditions. Upon the entry of such an order from the Bankruptcy Court, and so long as such order remains in full force and effect, Purchaser shall be required to consummate the transactions contemplated by this Agreement. If Sellers do not obtain such an order, or such order does not relieve the Additional Conditions to the satisfaction of Purchaser or such order does not remain in full force and effect, Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

7.6 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

7.7 HSR Act. The applicable waiting periods required under the HSR Act shall have expired or been earlier terminated.

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing. In the event that any of these conditions are not satisfied on or prior to the Closing Date, Purchaser may at Purchaser's option to be exercised by written notice cancel this Agreement and all Deposits shall be promptly returned to Purchaser.

8.1 Governmental Authorizations. Except as otherwise set forth in Section 8.6 or 8.8 of this Agreement, Purchaser shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for operation of the Hospital, except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code for all of the Hospital.

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Each Seller shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by such Seller on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within sixty (60) days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement, so long as any conditions imposed by the CA AG are as set forth on **Schedule 8.6** or the Bankruptcy Court compels the CA AG to approve the transaction with the conditions set forth on **Schedule 8.6**. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on **Schedule 8.6** (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that the conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and, thus, the Assets can be sold free and clear of the Additional Conditions. Upon the entry of such an order from the Bankruptcy Court, and so long as such order remains in full force and effect, Purchaser shall be required to consummate the transactions contemplated by this Agreement. If Sellers do not obtain such an order, or such order does not relieve the Additional Conditions to the satisfaction of Purchaser or such order does not remain in full force and effect, Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

8.7 Collective Bargaining Agreements and Labor Contracts. Purchaser agrees to close the transactions contemplated by this Agreement, so long as (i) the respective collective bargaining agreement or union labor contract for the Hospital with the California Nurses Association, Service Employees International Union – United Healthcare Workers West, the National Union of Healthcare Workers and/or the United Nurses Associations of California is substantially consistent with the Purchaser's existing collective bargaining agreements with each such respective union, or (ii) the Bankruptcy Court takes action to reject any such collective bargaining agreement that is not substantially consistent. In the event any collective bargaining agreement of a Seller is not substantially consistent with the Purchaser's existing collective bargaining agreement with the respective union, and the Bankruptcy Court does not reject such

collective bargaining agreement, then Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

8.8 Medicare and Medi-Cal Provider Agreements. Following consultation with Purchaser, Sellers shall have obtained agreements with the Medicare and Medi-Cal agencies with respect to the transfer of St. Francis Medical Center's provider agreements with such agencies that (a) all pre-closing liabilities and obligations under any of St. Francis Medical Center's Medicare Provider Agreements are fully satisfied, discharged, and released with regard to any claims under the Medicare Provider Agreement, whether known or unknown, that the Centers for Medicare & Medicaid Services has against St. Francis Medical Center or Purchaser for pre-closing liabilities and obligations arising under the Medicare Provider Agreement before the Effective Time and (b) such provider agreements will be transferred to Purchaser as of the Effective Time free and clear of such pre-closing liabilities and obligations; provided, however, that Purchaser acknowledges and agrees that it may be treated by the Medicare and Medi-Cal agencies as the successor to the quality history associated with the relevant Medicare Provider Agreement assigned and, for purposes of survey and certification issues associated with such quality history, Purchaser may be treated as if it is St. Francis Medical Center and no change of ownership occurred.

8.9 HSR Act. The applicable waiting periods required under the HSR Act shall have expired or been earlier terminated.

8.10 Title Matters. The Owned Real Property shall not have become encumbered or subject to any matter that is not a Permitted Exception or otherwise agreed to by Purchaser, and to the extent Purchaser and Sellers have agreed with Purchaser's title company within sixty (60) days prior to the Effective Time as to the form (including all title exceptions and delivery requirements) of the title policies relating to the Owned Real Property (each, a "**Title Policy**"), Purchaser shall have received reasonable assurance from its title company of its unconditional commitment to issue, subject only to payment of applicable premiums, the Title Policies as of the Effective Time in accordance with the provisions of this Section 8.10. Each Title Policy shall (a) name Purchaser as the insured, and (b) commit to insure good and marketable fee simple title to such Owned Real Property in Purchaser's name, subject only to the Permitted Exceptions.

8.11 Material Financial Change. If Purchaser determines that there is an aggregate deterioration in the financial condition of the Hospital by more than either ten percent (10%) of EBITDA or by more than ten percent (10%) of net revenues during the period between the filing of Seller's Bankruptcy Cases and the entry of the Sale Order, then Purchaser shall have a period of thirty (30) days from such determination, in Purchaser's sole and absolute discretion, to decide whether to proceed to consummate the transactions contemplated by this Agreement (the "**Financial Evaluation Period**"). If Purchaser determines not to proceed, Purchaser shall have the right to terminate this Agreement in accordance with this ARTICLE 8 and Sections 9.2(e) and 9.3. If such a financial deterioration of more than ten percent (10%) occurs and Purchaser does not exercise its right to terminate this Agreement in accordance with this Section 8.11 during the Financial Evaluation Period, then the condition set forth in this Section 8.11 will be deemed to be automatically waived by Purchaser without any further action by Purchaser or Sellers.

8.12 Representations and Warranties. The Sale Order Date Representations shall be true and correct in all material respects at and as of the Closing Date, except where the failure of such representations and warranties to be true and correct would not have a Material Adverse Effect.

ARTICLE 9

TERMINATION

9.1 Destruction of Assets. For purposes of this Agreement, damage or destruction to the tangible Assets shall be deemed a "**Material Casualty**" if, as reasonably determined by the parties, the estimated uninsured cost to repair such damage or destruction in the aggregate (the "**Aggregate Damage**") exceeds Twenty Million Dollars ($20,000,000).

(a) If, prior to or as of the Closing Date, any portion of the tangible Assets have suffered loss or damage on account of fire, flood, wind, hurricane, earthquake, accident, act of war, terrorist act, or other cause or event (whether or not similar to the foregoing), and such casualty is a Material Casualty, Purchaser shall have the right to terminate this Agreement by giving at least five (5) days' prior written notice to Sellers.

(b) If such damage or destruction is not a Material Casualty, the parties' duties and obligations under this Agreement shall not be affected and the Closing shall proceed as scheduled in accordance with the terms of this Agreement; *provided, however*, Sellers shall assign, transfer, and set over to Purchaser all of Sellers' respective right, title, and interest in and to any third party insurance policy proceeds on account of such damage or destruction not remedied or repaired by Sellers prior to the Closing.

(c) If such damage or destruction constitutes a Material Casualty, and Purchaser does not terminate this Agreement as provided in Section 9.2, despite such Material Casualty, then at the Closing, Sellers shall assign, transfer, and set over to Purchaser all of Sellers' respective right, title, and interest in and to any third party insurance policy proceeds on account of such damage or destruction, it being the intention of the parties that Purchaser shall bear the risk of loss for any damage exceeding any such third party insurance policy proceeds (and in no event shall Purchaser be entitled to recover any amounts in respect of a Material Casualty directly from Sellers).

(d) If Sellers and Purchaser are unable to agree as to the amount of Aggregate Damage and/or whether a Material Casualty has occurred in connection with this Section 9.1, the amount of the Aggregate Damage and/or determination of whether a Material Casualty has occurred shall be determined by the loss consultant mutually designated by the parties and set forth on **Schedule 9.1(d)** (the "**Loss Consultant**"). The Loss Consultant, acting as an expert and not as an arbitrator, shall determine the definitive amount of the Aggregate Damage (which Aggregate Damage shall be an amount within the range of the respective positions of Sellers and Purchaser), or shall otherwise determine whether a Material Casualty has occurred, which determination shall occur no later than ten (10) days following the date the Loss Consultant has received the submission from each of Sellers and Purchaser. Subject to Bankruptcy Court approval, the decision of the Loss Consultant shall be conclusive and binding as between Sellers

and Purchaser, and the costs of such review shall be borne by the party whose submission is furthest from the determination of the Loss Consultant.

9.2 Termination. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual written consent of the parties;

(b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers, or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach; *provided, however*, Sellers shall not be permitted to terminate this Agreement pursuant to this Section 9.2(b) if any Seller is in material breach of this Agreement;

(c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with the contents of any schedule or exhibit that was not completed and attached to this Agreement as of the Signing Date, but which has been provided to Purchaser no later than ten (10) calendar days after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.2(c) on or prior to the expiration of the Final Diligence Period, which notice may be given by facsimile or email correspondence, *provided* that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Section 9.2(c), Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the breach of a Sales Order Date Representation, but in each case solely to the extent such breach of a Sales Order Date Representation would result in a Material Adverse Effect; *provided, further*, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser, or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach; *provided, however*, Purchaser shall not be permitted to terminate this Agreement pursuant to this Section 9.2(d) if Purchaser is also in material breach of this Agreement;

(e) by Purchaser if satisfaction of any condition in ARTICLE 8 is or becomes impossible and Purchaser has not waived such condition in writing (*provided* that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement, or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date);

(f) by Sellers if satisfaction of any such condition in ARTICLE 7 is or becomes impossible and Sellers have not waived such condition in writing (*provided* that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement, or

(ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Case or fails to approve the sale of the Assets to Purchaser;

(h) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019 (the "**Termination Date**").

9.3 Termination Consequences. If this Agreement is terminated pursuant to Section 9.2: (a) all further obligations of the parties under this Agreement shall terminate, *provided* that the provisions of ARTICLE 12, shall survive, (b) each party shall pay the costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Section 9.2(d) (material breach by Sellers), the Sellers shall pay Purchaser's reasonable fees and expenses associated with the transactions contemplated by this Agreement not to exceed Two Million Three Hundred Fifty Thousand Dollars ($2,350,000); and (c) except in the case of any termination based on Section 9.2(b), the Deposit will be refunded to Purchaser. Each Party acknowledges that the agreements contained in this Section 9.3 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets.

Any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement, or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within sixty (60) calendar days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to either Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to either Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against Sellers.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the

Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, reasonable access to, and copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give reasonable cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the applicable Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses, *provided* that Purchaser shall not be required to incur any out of pocket costs in association herewith. If Purchaser or any such Hired Employee incurs any reasonable costs and expenses in connection with the cooperation efforts herewith, then Sellers shall reimburse Purchaser and any such Hired Employee for such incurred costs and expenses. In addition, Sellers and their affiliates shall be entitled to copy (at their own expense) any Hospital records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to copying such records by counsel retained by Sellers or any of their affiliates in connection with such litigation.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding, and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, so long as there is not unreasonable interference with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee

information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall cooperate with Sellers, as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to Healthcare Facilities Accreditation Program for the remainder of the quarterly period in which the Closing has occurred.

(f) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(g) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall use good faith efforts to cause the individual acting as the chief financial officer of the Hospital or Verity Health after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall use good faith efforts to cause the Post-Effective Time CFO to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is one hundred twenty (120) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, *provided* that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall be entitled to retain the Deposit, and Sellers may, in addition thereto, pursue any rights or remedies that Sellers may have under this Agreement or applicable law, including the right to sue for damages or specific performance.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive within ten (10) days a refund of the Deposit, or Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) Within ten (10) days after the Signing Date, Sellers shall deliver to Purchaser a schedule setting forth a methodology for the allocation of the Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder (such schedule, as may be amended as contemplated below in this Section 11.3(b), the "**Allocation Schedule**"). The Allocation Schedule shall be deemed final and binding upon the parties upon the parties' mutual approval thereof. The parties shall cooperate in good faith to finalize the Allocation Schedule within ten (10) days after delivery of the initial draft of the schedule by Purchaser to Sellers. If within such ten (10) day period (or such other period as the parties may agree), the parties are unable to reach agreement on a final Allocation Schedule, the parties shall have no further obligations under this Section 11.3(b) and each Party will make their own independent allocation of the Purchase Price and other relevant items among each category of the Assets.

11.4 Cost Report Matters.

(a) Consistent with Section 4.5, each Seller shall, at such Seller's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**"). All such cost reports (including termination cost reports) shall be filed by the applicable Seller in a manner that is consistent with current laws, rules and regulations. Each Seller shall be responsible for filing governmental cost reports for all periods through the Closing Date.

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however*, that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties. Notwithstanding the foregoing to the contrary, Purchaser may, upon providing written notice thereof to Sellers, assign, devise or otherwise transfer (and its permitted assignees may assign, devise or otherwise transfer) any or all of their rights, interests and obligations under this Agreement or to certain Assets, without consent, to one or more affiliates of Purchaser or to MPT Operating Partnership, L.P., a Delaware limited partnership or Prime Healthcare Foundation, Inc., a Delaware charitable non-stock corporation or to any of their respective affiliates. No assignment of any obligations hereunder will relieve the assignor of any of its respective obligations to the other parties under this Agreement.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving

effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or *forum non conveniens*.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of ARTICLE 2 merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto. Between the Signing Date and the entry of the Sale Order, should Sellers become aware of the occurrence of any fact or condition that arises after the Signing Date and would cause or constitute a material breach of any representation or warranty had such representation or warranty been made as of the time of occurrence or discovery of such fact or condition, then Sellers shall promptly notify Purchaser in writing of such breach and deliver to Purchaser a supplement to Sellers' Disclosure Schedules.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5) calendar days after being deposited in the United States mail, with postage prepaid thereon, certified or registered mail, return receipt requested, addressed as follows:

The section and other headings contained in this Agreement and in the Disclosure Schedules are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedules.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit any Seller or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's

disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof, or deemed to prohibit Purchaser from making any disclosure that its counsel deems necessary or advisable under its bond financing or other financing arrangements.

12.9 Fair Meaning. This Agreement shall be construed as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that all sales, transfer, documentary transfer and similar taxes, fees, surcharges in connection with the sale of the Assets shall be equally borne by Purchaser and Sellers. If any action is brought by any party to enforce any provision of this Agreement, the prevailing party shall be entitled to recover its court costs and reasonable attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding between the parties with respect to the transactions contemplated hereby and supersede all prior

or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the "**Superseded Agreements**"), which Superseded Agreements shall be of no further force or effect, *provided* that notwithstanding the foregoing, the letter Confidentiality Agreement dated July 10, 2018 between Prime Health Services and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

Re: Four Hospital Aggregate Bid

Dear Sam:

Attached is Prime Healthcare's ("Prime's") bid for Verity's four hospitals (*i.e.*, St. Francis Medical Center ("*SFMC*"); St. Vincent Medical Center; Seton Medical Center; and Seton Medical Center Coastside). Upon final consideration, Prime does not believe that there will be a qualified back-up bidder nor does Prime want to be a back-up bidder, as Prime believes that the current Stalking Horse Bidder will not close the transaction. The Stalking Horse Bidder will take a protracted amount of time to close (see below concerns regarding the California Attorney General), if it ever closes the transaction. Therefore, Prime does not want a substantial deposit to be tied-up until either a back-up bidder is selected or the transaction closes, and will not be submitting a deposit.

However, Prime is submitting the enclosed purchase agreement containing the terms Prime extensively negotiated with Verity in good faith under the belief that Prime would be the Stalking Horse bidder. Prime recognizes that this bid will not be formally considered at auction, but it is being submitted for reference when needed when there is no credible back-up bidder or all other bidders are unable to close. With regard to the quality of this bid, I have attached a letter with enclosure from Prime's CFO that clearly and simply quantifies how Prime's aggregate bid is $35 million higher than the Stalking Horse Bidder, and that Prime's individual bid for SFMC is $79 million higher than the Stalking Horse Bidder.

With regard to the California Attorney General (the "*AG*"), the Stalking Horse purchase agreement is structured such that the Stalking Horse Bidder has guaranteed itself the right to withdraw from the sale and collect the break-up fee while rejecting key conditions that are critical for Verity's hospitals to serve the healthcare needs of their communities. This is because the Stalking Horse purchase agreement preserves for the Stalking Horse Bidder, in its "reasonable business judgment," the right to withdraw from the sale if the AG imposes any condition not "substantially consistent" with the conditions listed in its Schedule 8.6. This is true even if Verity obtains an order from the Bankruptcy Court that the additional AG conditions are an "interest in property" and that the assets can be sold free and clear of the additional conditions. This right to withdraw, even in the face of a favorable order from the Bankruptcy Court, is in stark contrast to Prime's purchase agreement which requires Prime to close the transaction if Verity

obtains such an order. Based on the acceptable AG conditions that the Stalking Horse Bidder has identified in its Schedule 8.6, it is inevitable that the AG will impose additional conditions not "substantially consistent" with the schedule because many of the rejected conditions are necessary to protect the public good and access to critical healthcare services.

For example, the Stalking Horse Bidder ***rejected*** the following AG conditions, which will be unacceptable to the AG: (1) continuation of on-call coverage contracts for urology and OB/Gyn at SFMC (but without on-call coverage for these specialties, SFMC cannot continue its Level II Trauma designation and cannot return to its Level 1 Trauma Center status thereby decreasing access to critical trauma services); (2) maximum of 200 hours of ED diversion at SFMC (which means that there is no commitment to ensuring the ED remains sufficiently open thereby jeopardizing access to critical trauma care while the ED is on diversion); (3) charity care commitments (rejected obligations to charity care through dramatic decreases in its financial commitment, *i.e.*, SFMC $16,646,323 to $8M annually); and (4) capital expenditure (rejected the $180 million initially imposed and reduced it to less than half with no more than $75 million total in capital expenditures for all four hospitals over five years). These examples are just a few of the AG conditions that the AG will not accept and thus, pursuant to the terms of the Stalking Horse purchase agreement, will allow the Stalking Horse Bidder the guaranteed right to withdraw from the transaction yet still collect the break-up fee to the detriment of Verity, the Bankrupt Estate, and the patients served by Verity's hospitals.

With regard to capital expenditure commitments, the Stalking Horse purchase agreement reduced its commitment by more than half in the AG conditions from the initial AG condition requiring $180 million to *no more than* $75 million over five years. This decreased commitment is significant, especially when considering these hospitals are in critical need of capital investment to meet seismic requirements, purchase needed equipment and technology and modernize platforms in order to continue to operate and provide care. In addition to the negative impact on the hospitals, the reduction in capital expenditure commitments should be considered when comparing the total value of competing bids. In contrast, Prime is committing to a capital expenditure of $150 million over five years for the four hospitals.

These issues are necessary to consider as they impact the public good, and Verity should re-evaluate them to ensure the best bid is obtained that will provide the greatest value, likelihood of transaction closure, and continuation of Verity's healthcare mission.

Thank you for your consideration.

Sincerely,

[redacted]

RE: Summary Comparison - Prime Healthcare Services, Inc. and Stalking Horse (Strategic Global Management, Inc.) Asset Purchase Agreement Terms

Dear Rich and Verity Board of Directors:

Attached is a summary comparison of key financial terms included in the Prime Healthcare Services, Inc. ("Prime") and Strategic Global Management, Inc. ("SGM") Asset Purchase Agreements ("APA"s).

Inclusive of the respective capital expenditure ("CapEx") commitment amounts ($150 million by Prime; $75 million by SGM), the summary illustrates that:
- Prime's aggregate bid is $35 million higher than SGM's ($590 million vs. $555 million)

Exclusive of the CapEx commitment amounts, the summary illustrates that:
- SGM's aggregate bid is $40 million higher than Prime's ($480 million vs. $440 million)
- Prime's St. Francis Medical Center bid is $79 million higher than SGM's ($325 million vs. $246 million)

As noted in the attached, the summary comparison does not attempt to address other key advantages to the Prime bid such as:
- Additional Attorney General conditions being accepted by Prime that preserve clinical care and needed access to care
- Additional union contract terms being accepted by Prime
- Fewer conditions to closing in Prime APA
- Minor net amounts associated with certain working capital items being assumed/not assumed
- Prime having secured financing from a major, long-term capital partner with a 15-year relationship ($1.2 billion in prior financings for 27 hospital acquisitions)
- Prime's almost 20-year history of saving (45) distressed hospitals, turning around operations, preserving essential services and serving communities.

Sincerely,

1.6.2 Other than the Utility Deposits (defined below), which are governed by Section 1.8(j), and other than with respect to Cure Costs payable by Purchaser, the following costs and expenses shall be prorated based upon the payment period (*i.e.*, calendar or other tax fiscal year) to which the same are attributable: all real estate and personal property lease payments, real estate and personal property taxes, real estate assessments and other similar charges against real estate, and charges for power, sewer, water, electric, gas, telephone or other utilities (collectively, the "**Utilities**") on the Assets (collectively, the "**Prorated Charges**"). Each Seller shall pay its respective portion at or prior to the Closing (or Purchaser shall receive credit for) of any unpaid Prorated Charges attributable to periods or portions thereof occurring prior to the Effective Time, and Purchaser shall assume as an Assumed Liability or, to the extent previously paid by any Seller, pay to such Seller at the Closing all Prorated Charges attributable to periods or portions thereof occurring from and after the Effective Time. The parties agree that if the real estate and personal property tax prorations are made based upon the taxes for the preceding tax period, the prorations shall be re-prorated after the Closing. As to charges for Utilities, "final readings" as of the Closing Date shall be ordered for the Utilities; the cost of obtaining such "final readings," if any, shall be paid by Purchaser.

1.6.3 Sellers shall be entitled to all rents and other payments under Tenant Leases accruing for the period prior to the Effective Time ("**Pre Effective Time Lease Amounts**"), and Purchaser shall be entitled to all rents and other payments under tenant leases accruing for the period after the Effective Time ("**Post Effective Time Lease Amounts**" and together with the Pre Effective Time Lease Amounts, the "**Lease Amounts**"). All Lease Amounts that are collected prior to the Closing shall be prorated as of the Closing in accordance with the immediately preceding sentence. All Lease Amounts that are accrued but uncollected as of the Closing (including, without limitation, rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the "**Unpaid Amounts**") shall

belong to Sellers, and Purchaser shall, upon receipt of said rents and other payments, receive the same in trust for Sellers and shall promptly remit any of such amounts to the applicable Seller within ten (10) days after Purchaser's receipt of same. For the avoidance of doubt, all rental payments received after Closing shall be first applied to any amounts owed to the Sellers under this Section 1.6.3.

1.6.4 All prorations and payments to be made under the foregoing provisions shall be agreed upon by Purchaser and Sellers prior to the Closing and shall be binding upon the parties; *provided, however*, with respect to the Unpaid Amounts, in the event any proration, apportionment or computation shall prove to be incorrect for any reason, then either the applicable Seller or Purchaser shall be entitled to an adjustment to correct the same, *provided* that said party makes written demand on the party from whom it is entitled to such adjustment within thirty (30) calendar days after the erroneous payment or computation was made, or such later time as may be required, in the exercise of due diligence, to obtain the necessary information for proration. This Section 1.6 shall survive Closing.

On the Closing Date and subject to the terms and conditions of this Agreement, each Seller shall sell, assign, transfer, convey and deliver to Purchaser, free and clear of all interests, including but not limited to all liens, privileges, pledges, security interests, rights of first refusal, options, defects in title and encumbrances other than the Permitted Exceptions (defined below), and Purchaser shall acquire, all of each Seller's right, title and interest in and to the following Assets, to the extent primarily used in the operation of one of the Hospitals and not included among the Excluded Assets, with such transfer being deemed to be effective at the Effective Time:

(f) all inventories of supplies, drugs, food, janitorial and office supplies and other disposables and consumables (i) located at the Hospital of such Seller, or (ii) used in any way in the operation of or at the Hospital of such Seller (the "**Inventory**") except as set forth in **Schedule 1.7(f)**;

(g) other than Utility Deposits, all prepaid rentals, deposits, prepaid expenses and other prepayments and similar amounts relating to the Assumed Contracts and/or the Assumed Leases, which were made with respect to the Hospital of such Seller (the "**Prepaids**");

If the Final A/R Collected is less than the A/R Target, then such deficit amount shall be paid by Sellers to Purchaser within thirty (30) calendar days of Purchaser's delivery of the accounting of the Final A/R Collected to Sellers. The parties acknowledge and agree that if such deficit amount is not paid by Sellers to Purchaser within the foregoing payment period, Purchaser may offset such deficit amount from any Hospital Quality Assurance Fee Program payments excluded under Section 1.8(x) which are received by Purchaser after the Effective Time.

Purchaser's right of access and inspection shall be exercised in such a manner as not to interfere unreasonably with the operations of any Seller or the Hospital.

4.1.2 Notwithstanding anything contained herein, no Seller shall be required to provide Purchaser or its representatives or agents access to or disclose information where such access or disclosure would violate the rights of its patients, jeopardize the attorney-client or similar privilege with respect to such information or contravene any law, judgment, fiduciary duty or contract entered into prior to or on the date of this Agreement with respect to such information.

4.2 Cooperation.

4.2.1 Each Seller shall reasonably cooperate with Purchaser and its authorized representatives and attorneys: (a) in Purchaser's efforts to obtain all consents, approvals, authorizations, clearances and licenses required to carry out the transactions contemplated by this Agreement (including, without limitation, those of governmental and regulatory authorities) or which Purchaser reasonably deems necessary or appropriate, (b) in the preparation of any document or other material which may be required by any governmental agency as a predicate to or result of the transactions contemplated in this Agreement, and (c) in Purchaser's efforts to effectuate the assignment of Assumed Contracts and Assumed Leases to Purchaser as of the Closing Date. To the extent Purchaser needs certain information and data which is in the possession of a Seller in order for Purchaser to complete Purchaser's license and permit approval applications, Purchaser shall receive, upon request, reasonable assistance from such Seller in connection with the provision of such information.

4.2.2 Notwithstanding any provision to the contrary contained in this Agreement (including Section 8.8), no Seller shall be obligated to obtain the approval or consent to the assignment, to Purchaser, of any Assumed Contracts or Assumed Leases, from any party to any of the Assumed Contracts or Assumed Leases even if any such contract or lease states that it is not assignable without such party's consent.

4.3 Other Bidders. Purchaser expressly acknowledges and agrees that each Seller has an obligation to seek out and determine the best and highest offer reasonably available for such Seller's assets in accordance with the Bankruptcy Code, and nothing herein shall amend, modify, alter, diminish or affect such obligation.

Each Seller shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Purchaser's obligations under this Agreement to the extent that such Seller's action or inaction can control or materially influence the satisfaction of such conditions; *provided, however*, that such Seller shall not be required to pay or commit to pay any amount to (or incur any obligation in favor of) any person (other than filing or application fees).

4.5 Termination Cost Reports. Each Seller shall file all Medicare, Medi-Cal and any other termination cost reports required to be filed as a result of the consummation of (a) the transfer of the Assets of such Seller to Purchaser and (b) the transactions contemplated by this Agreement with respect to such Seller. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any

successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, *provided* that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

4.8 Conduct of Business. From the Signing Date until the Closing, or the earlier termination of this Agreement, without the prior written consent of Purchaser, Sellers shall, with respect to the ownership of the Assets and the operation of the Hospitals, use commercially reasonable efforts to:

4.10 Accounts Receivable Collection. With respect to the collection of accounts receivable, including but not limited to accounts assigned or transferred to third parties for collection, there shall be no write-off or other release of amounts due, except for (i) classifying such accounts receivable as bad debt reserves in the ordinary course of business, (ii) as required by existing contracts, (iii) with respect to patients, ordinary course recoupment and refunding of overpayments, (iv) implementation of Sellers' existing patient assistance and forgiveness policies, and (v) actions in the Bankruptcy Court in respect of the accounts receivable listed in **Schedule 4.10** hereto.

Purchaser, at its sole cost and expense (a) shall use its reasonable commercial efforts to secure, as promptly as practicable before the Closing Date, all material consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled, and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Except for any filings required by Law or under this Agreement to be submitted to governmental authorities by Seller in order to carry out the transactions contemplated by this Agreement, Purchaser is responsible for all other filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all such applications, licensing packages and other similar documents

with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

5.3 Certain Employee Matters.

(a) Subject to Purchaser's standard hiring, pay and benefit practices, policies and procedures, Purchaser agrees to offer employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on **Schedule 5.3**; or (iii) employed by an affiliate of any Seller and are listed on **Schedule 5.3**. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "**Hired Employees**." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Hospital Employees that become Hired Employees in accordance with Section 5.3(a) shall cease to be employees of Seller, and shall be removed from Seller's payroll. Seller shall timely make or cause to be made by Seller's affiliates appropriate distributions to, or for the benefit of, all of such Hired Employees in respect of the Seller Plans which are in force and effect with respect to such Hired Employees in accordance with ERISA, the Code, and the terms and conditions of the Seller Plans; *provided, however*, no such distribution shall be required to the extent it is among the Assumed Obligations.

(c) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date, up to a maximum of 300 hours per Hired Employee, either by (i) crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time or (ii) by making full payments to such employees of the amounts which such employees would have received had they taken such paid time off.

(d) Seller shall be responsible to provide continuation coverage pursuant to the requirements of Code Section 4980B and Part 6 of Title I of ERISA ("COBRA Coverage") with respect to the Hospital Employees (and their dependents) whose qualifying event occurred prior to the date on which the Hospital Employees become Hired Employees. Purchaser shall be responsible to provide COBRA Coverage with respect to each of the Hospital Employees (and their dependents) whose qualifying event occurs on or after the date on which the Hospital Employees become Hired Employees

(e) After the Closing Date, Purchaser's human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller's and such Seller's affiliates' post-Closing administration of such Seller's and such Seller's affiliates' pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees.

(f) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts and the provisions of Section 4.7, hereof.

(g) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller's designee any Excluded Assets of such Seller found at the Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of ARTICLE 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, each Seller and Purchaser shall cooperate in obtaining, any required review and consent by the California Attorney General (the "**CA AG**") to the sale of the Assets to Purchaser in accordance with this Agreement and the Sale Order pursuant to Title 11, Chapter 15, Section 999.5 of the California Code of Regulations, including without limitation, jointly preparing and submitting to the CA AG a notice of the transactions contemplated by this Agreement within ten (10) calendar days after entry of the Sale Order and jointly participating in any required or requested Attorney General or public meetings. 5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 3 to be inaccurate or untrue as of the Closing in any material manner.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**" means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, *provided* that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

5.10 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of each Hospital's service area.

5.11 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five (5) business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval.

(b) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser free and clear of all liens, claims and encumbrances other than the Permitted Exceptions and the Assumed Contracts and Assumed Leases and, solely with respect to Seton, the transfer of real property subject to the PACE Special Assessment, pursuant to Bankruptcy Code Section 363(f), all consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(c) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code Section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(d) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal.

ARTICLE 7

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions. Purchaser recognizes that transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement, so long as any conditions imposed by the CA AG are as set forth on **Schedule 8.6** or the Bankruptcy Court compels the CA AG to approve the transaction with the conditions set forth on **Schedule 8.6**. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on **Schedule 8.6** (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that the conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and, thus, the Assets can be sold free and clear of the Additional Conditions. Upon the entry of such an order from the Bankruptcy Court, and so long as such order remains in full force and effect, Purchaser shall be required to consummate the transactions contemplated by this Agreement. If Sellers do not obtain such an order, or such order does not relieve the Additional Conditions to the satisfaction of Purchaser or such order does not remain in full force and effect, Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

7.6 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

7.7 CSCDA Acknowledgement. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Sellers that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations, and releases of the Sellers from any and all claims arising or accruing prior to the Closing Date.

7.8 HSR Act. The applicable waiting periods required under the HSR Act shall have expired or been earlier terminated.

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing. In the event that any of these conditions are not satisfied on or prior to the Closing Date, Purchaser may at Purchaser's option to be exercised by written notice cancel this Agreement and all Deposits shall be promptly returned to Purchaser.

8.1 Governmental Authorizations. Except as otherwise set forth in Section 8.6 or 8.8 of this Agreement, Purchaser shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for operation of the Hospitals, except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code for all of the Hospitals.

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Each Seller shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by such Seller on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within sixty (60) days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in

effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement, so long as any conditions imposed by the CA AG are as set forth on **Schedule 8.6** or the Bankruptcy Court compels the CA AG to approve the transaction with the conditions set forth on **Schedule 8.6**. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on **Schedule 8.6** (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that the conditions are an "interest in property" for purposes of 11 U.S.C. § 363(f), and, thus, the Assets can be sold free and clear of the Additional Conditions. Upon the entry of such an order from the Bankruptcy Court, and so long as such order remains in full force and effect, Purchaser shall be required to consummate the transactions contemplated by this Agreement. If Sellers do not obtain such an order, or such order does not relieve the Additional Conditions to the satisfaction of Purchaser or such order does not remain in full force and effect, Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

8.7 Collective Bargaining Agreements and Labor Contracts. Purchaser agrees to close the transactions contemplated by this Agreement, so long as (i) the respective collective bargaining agreement or union labor contract for each of the Hospitals with the California Nurses Association, Service Employees International Union – United Healthcare Workers West, the National Union of Healthcare Workers and/or the United Nurses Associations of California is substantially consistent with the Purchaser's existing collective bargaining agreements with each such respective union, or (ii) the Bankruptcy Court takes action to reject any such collective bargaining agreement that is not substantially consistent. In the event any collective bargaining agreement of a Seller is not substantially consistent with the Purchaser's existing collective bargaining agreement with the respective union, and the Bankruptcy Court does not reject such collective bargaining agreement, then Purchaser shall not be required to consummate the transactions contemplated by this Agreement.

8.8 Medicare and Medi-Cal Provider Agreements. Following consultation with Purchaser, Sellers shall have obtained agreements with the Medicare and Medi-Cal agencies with respect to the transfer of each Seller's provider agreements with such agencies that (a) all pre-closing liabilities and obligations under any of Sellers' Medicare Provider Agreements are fully satisfied, discharged, and released with regard to any claims under the Medicare Provider Agreement, whether known or unknown, that the Centers for Medicare & Medicaid Services has against the Sellers or Purchaser for pre-closing liabilities and obligations arising under the Medicare Provider Agreement before the Effective Time and (b) such provider agreements will be transferred to Purchaser as of the Effective Time free and clear of such pre-closing liabilities and obligations; provided, however, that Purchaser acknowledges and agrees that it may be treated by the Medicare and Medi-Cal agencies as the successor to the quality history associated with the relevant Medicare Provider Agreement assigned and, for purposes of survey and certification issues associated with such quality history, Purchaser may be treated as if it is the relevant Seller and no change of ownership occurred.

8.9 HSR Act. The applicable waiting periods required under the HSR Act shall have expired or been earlier terminated.

8.10 Title Matters. The Owned Real Property shall not have become encumbered or subject to any matter that is not a Permitted Exception or otherwise agreed to by Purchaser, and to the extent Purchaser and Sellers have agreed with Purchaser's title company within sixty (60) days prior to the Effective Time as to the form (including all title exceptions and delivery requirements) of the title policies relating to the Owned Real Property (each, a "**Title Policy**"), Purchaser shall have received reasonable assurance from its title company of its unconditional commitment to issue, subject only to payment of applicable premiums, the Title Policies as of the Effective Time in accordance with the provisions of this Section 8.10. Each Title Policy shall (a) name Purchaser as the insured, and (b) commit to insure good and marketable fee simple title to such Owned Real Property in Purchaser's name, subject only to the Permitted Exceptions.

8.11 Material Financial Change. If Purchaser determines that there is an aggregate deterioration in the financial condition of the Hospitals by more than either ten percent (10%) of EBITDA or by more than ten percent (10%) of net revenues during the period between the filing of Seller's Bankruptcy Cases and the entry of the Sale Order, then Purchaser shall have a period of thirty (30) days from such determination, in Purchaser's sole and absolute discretion, to decide whether to proceed to consummate the transactions contemplated by this Agreement (the "**Financial Evaluation Period**"). If Purchaser determines not to proceed, Purchaser shall have the right to terminate this Agreement in accordance with this ARTICLE 8 and Sections 9.2(e) and 9.3. If such a financial deterioration of more than ten percent (10%) occurs and Purchaser does not exercise its right to terminate this Agreement in accordance with this Section 8.11 during the Financial Evaluation Period, then the condition set forth in this Section 8.11 will be deemed to be automatically waived by Purchaser without any further action by Purchaser or Sellers.

8.12 Representations and Warranties. The Sale Order Date Representations shall be true and correct in all material respects at and as of the Closing Date, except where the failure of such representations and warranties to be true and correct would not have a Material Adverse Effect.

8.13 CSCDA Acknowledgement. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Purchaser that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations.

ARTICLE 9

TERMINATION

9.1 Destruction of Assets. For purposes of this Agreement, damage or destruction to the tangible Assets shall be deemed a "**Material Casualty**" if, as reasonably determined by the parties, the estimated uninsured cost to repair such damage or destruction in the aggregate (the "**Aggregate Damage**") exceeds Twenty Million Dollars ($20,000,000).

(a) If, prior to or as of the Closing Date, any portion of the tangible Assets have suffered loss or damage on account of fire, flood, wind, hurricane, earthquake, accident, act of war, terrorist act, or other cause or event (whether or not similar to the foregoing), and such casualty is a Material Casualty, Purchaser shall have the right to terminate this Agreement by giving at least five (5) days' prior written notice to Sellers.

(b) If such damage or destruction is not a Material Casualty, the parties' duties and obligations under this Agreement shall not be affected and the Closing shall proceed as scheduled in accordance with the terms of this Agreement; *provided, however*, Sellers shall assign, transfer, and set over to Purchaser all of Sellers' respective right, title, and interest in and to any third party insurance policy proceeds on account of such damage or destruction not remedied or repaired by Sellers prior to the Closing.

(c) If such damage or destruction constitutes a Material Casualty, and Purchaser does not terminate this Agreement as provided in Section 9.2, despite such Material Casualty, then at the Closing, Sellers shall assign, transfer, and set over to Purchaser all of Sellers' respective right, title, and interest in and to any third party insurance policy proceeds on account of such damage or destruction, it being the intention of the parties that Purchaser shall bear the risk of loss for any damage exceeding any such third party insurance policy proceeds (and in no event shall Purchaser be entitled to recover any amounts in respect of a Material Casualty directly from Sellers).

(d) If Sellers and Purchaser are unable to agree as to the amount of Aggregate Damage and/or whether a Material Casualty has occurred in connection with this Section 9.1, the amount of the Aggregate Damage and/or determination of whether a Material Casualty has occurred shall be determined by the loss consultant mutually designated by the parties and set forth on **Schedule 9.1(d)** (the "**Loss Consultant**"). The Loss Consultant, acting as an expert and not as an arbitrator, shall determine the definitive amount of the Aggregate Damage (which Aggregate Damage shall be an amount within the range of the respective positions of Sellers and Purchaser), or shall otherwise determine whether a Material Casualty has occurred, which determination shall occur no later than ten (10) days following the date the Loss Consultant has received the submission from each of Sellers and Purchaser. Subject to Bankruptcy Court approval, the decision of the Loss Consultant shall be conclusive and binding as between Sellers and Purchaser, and the costs of such review shall be borne by the party whose submission is furthest from the determination of the Loss Consultant.

9.2 Termination. This Agreement may be terminated at any time prior to Closing:

(a) by the mutual written consent of the parties;

(b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers, or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach; *provided, however*, Sellers shall not be permitted to terminate this Agreement pursuant to this Section 9.2(b) if any Seller is in material breach of this Agreement;

(c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with the contents of any schedule or exhibit that was not completed and attached to this Agreement as of the Signing Date, but which has been provided to Purchaser no later than ten (10) calendar days after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.2(c) on or prior to the expiration of the Final Diligence Period, which notice may be given by facsimile or email correspondence, *provided* that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Section 9.2(c), Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the breach of a Sales Order Date Representation, but in each case solely to the extent such breach of a Sales Order Date Representation would result in a Material Adverse Effect; *provided, further*, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser, or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach; *provided, however*, Purchaser shall not be permitted to terminate this Agreement pursuant to this Section 9.2(d) if Purchaser is also in material breach of this Agreement;

(e) by Purchaser if satisfaction of any condition in ARTICLE 8 is or becomes impossible and Purchaser has not waived such condition in writing (*provided* that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement, or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date);

(f) by Sellers if satisfaction of any such condition in ARTICLE 7 is or becomes impossible and Sellers have not waived such condition in writing (*provided* that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement, or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Case or fails to approve the sale of the Assets to Purchaser;

(h) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019 (the "**Termination Date**").

9.3 Termination Consequences. If this Agreement is terminated pursuant to Section 9.2: (a) all further obligations of the parties under this Agreement shall terminate, *provided* that the provisions of ARTICLE 12, shall survive, (b) each party shall pay the costs and expenses incurred by it in connection with this Agreement; provided, in the case of any

termination based on Section 9.2(d) (material breach by Sellers), the Sellers shall pay the Purchaser's reasonable fees and expenses associated with the transactions contemplated by this Agreement not to exceed Two Million Three Hundred Fifty Thousand Dollars ($2,350,000); and (c) except in the case of any termination based on Section 9.2(b), the Deposit will be refunded to Purchaser. Each Party acknowledges that the agreements contained in this Section 9.3 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets.

Any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement, or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within sixty (60) calendar days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to either Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to either Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against either Seller.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, reasonable access to, and copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospitals prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give reasonable cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospitals that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospitals. Such cooperation shall include, without limitation, making the applicable Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses, *provided* that Purchaser shall not be required to incur any out of pocket costs in association herewith. If Purchaser or any such Hired Employee incurs any reasonable costs and expenses in connection with the cooperation efforts herewith, then Sellers shall reimburse Purchaser and any such Hired Employee for such incurred costs and expenses. In addition, Sellers and their affiliates shall be entitled to copy (at their own expense) any Hospital records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to copying such records by counsel retained by Sellers or any of their affiliates in connection with such litigation.

(c) In connection with (i) the transition of the Hospitals pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding, and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospitals as representatives of Sellers and their affiliates may from time to time reasonably request, so long as there is not unreasonable interference with the operations of the Hospitals.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall cooperate with Sellers, as reasonably requested by Sellers, in connection with the provision of all data of the Hospitals and other information required by Sellers for reporting to Healthcare Facilities Accreditation Program for the remainder of the quarterly period in which the Closing has occurred.

(f) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospitals or any of the Hospitals' committees prior to the Effective Time, prior to any disclosure

of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(g) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall use good faith efforts to cause the individual acting as the chief financial officer of the Hospitals or Verity Health after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall use good faith efforts to cause the Post-Effective Time CFO to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is one hundred twenty (120) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that each Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at such Hospital as of the Effective Time. On and after the Effective Time, such medical staff will be subject to such Hospital's Medical Staff Bylaws then currently in effect, *provided* that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall be entitled to retain the Deposit, and Sellers may, in addition thereto,

pursue any rights or remedies that Sellers may have under this Agreement or applicable law, including the right to sue for damages or specific performance.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive within ten (10) days a refund of the Deposit, or Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospitals for all periods prior to the Effective Time and shall preserve all such information, records and documents until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospitals.

(b) Within ten (10) days after the Signing Date, Sellers shall deliver to Purchaser a schedule setting forth a methodology for the allocation of the Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder (such schedule, as may be amended as contemplated below in this Section 11.3(b), the "**Allocation Schedule**"). The Allocation Schedule shall be deemed final and binding upon the parties upon the parties' mutual approval thereof. The parties shall cooperate in good faith to finalize the Allocation Schedule within ten (10) days after delivery of the initial draft of the schedule by Purchaser to Sellers. If within such ten (10) day period (or such other period as the parties may agree), the parties are unable to reach agreement on a final Allocation Schedule, the parties shall have no further obligations under this Section 11.3(b) and each Party will make their own independent allocation of the Purchase Price and other relevant items among each category of the Assets.

11.4 Cost Report Matters.

(a) Consistent with Section 4.5, each Seller shall, at such Seller's expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the "**Seller Cost Reports**"). All such cost reports (including termination cost reports) shall be filed by the applicable Seller in a manner that is consistent with current laws, rules and regulations. Each Seller shall be responsible for filing governmental cost reports for all periods through the Closing Date.

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers' preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospitals and Purchaser's provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided*, *however*, that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties. Notwithstanding the foregoing to the contrary, Purchaser may, upon providing written notice thereof to Sellers, assign, devise or otherwise transfer (and its permitted assignees may assign, devise or otherwise transfer) any or all of their rights, interests and obligations under this Agreement or to certain Assets, without consent, to one or more affiliates of Purchaser or to MPT Operating Partnership, L.P., a Delaware limited partnership or Prime Healthcare Foundation, Inc., a Delaware charitable non-stock corporation or to any of their respective affiliates. No assignment of any obligations hereunder will relieve the assignor of any of its respective obligations to the other parties under this Agreement.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or *forum non conveniens*.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of ARTICLE 2 merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto. Between the Signing Date and the entry of the Sale Order, should Sellers become aware of the occurrence of any fact or condition that arises after the Signing Date and would cause or constitute a material breach of any representation or warranty had such representation or warranty been made as of the time of occurrence or discovery of such fact or condition, then Sellers shall promptly notify Purchaser in writing of such breach and deliver to Purchaser a supplement to Sellers' Disclosure Schedules.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5) calendar days after being deposited in the United States mail, with postage prepaid thereon, certified or registered mail, return receipt requested, addressed as follows:

Any party with a valid, properly perfected security interest in any of the Purchased Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid for

the Purchased Assets in connection with the Sale pursuant to § 363(k) of the Bankruptcy Code, except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets which is senior to such junior security interest are to be paid in cash in connection with such junior creditor's bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser's entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

F. Evaluation of Competing Bids

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in its reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

G. No Qualified Bids

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Purchased Assets.

If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction required by Section H of these Bidding Procedures, the Debtors will determine, in consultation with the Consultation Parties, whether any combination of the Winning Partial Bids can be aggregated to an amount greater than or equal to the Minimum Qualified Bid. In the event that no such combination of Partial Bid Auction Qualified Bids can be so aggregated, then no Partial Bid Auction Qualified Bid shall be deemed Qualified Bids for purposes of proceeding with the relevant Auction.

H. Auction Process

If the Debtors receive one or more Partial Bid Auction Qualified Bids with a value which when aggregated is equal to or greater than ~~fifty~~seventy-five percent (~~50~~75%) of the Minimum Qualified Bid, the Debtors will conduct separate auctions of each asset (each, a "Partial Bid Auction") commencing with the ~~lowest~~highest value asset. Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in the Partial Bid Auction. The procedures below shall apply to the Partial Bid Auction, except as where otherwise indicated.

The Partial Bid Auction Qualified Bids deemed at the conclusion of the Partial Bid Auction to be the highest and best bids for each asset (the "Winning Partial Bids") shall be aggregated for valuation purposes (as aggregated, the "Aggregate Winning Partial Bid"), and the holders of the Winning Partial ~~Bidders~~Bids shall be permitted to participate in the Auction (as defined below) of the Purchased Assets.

The Debtors will conduct the Partial Bid Auction, which shall be transcribed, on _____ at 10:00 a.m. (prevailing Pacific Time) and, if the Debtors receive one or more Qualified Full Bids in addition to the Stalking Horse APA, the the Debtors will conduct a full bid auction of the

Purchased Assets (the "Full Bid Auction" and together with the Partial Bid Auction, each an "Auction"), which shall be transcribed, on _____ (the "Full Bid Auction Date") at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Full Bid Auction.

~~The~~Each Auction shall be conducted in accordance with the following procedures:

a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the ~~auction~~relevant Auction in advance from the Debtors may attend the relevant Auction;

b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the relevant Auction;

c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;

d) within one (1) business day after the Bid Deadline and, in no event later than the conclusion of the Partial Bid Auction, the Debtors will provide copies of the Qualified Bid or combination of Qualified Bids (including, without limitation, Winning Partial Bids) which the Debtors believe in their reasonable discretion, in consultation with the Consultation Parties (who shall have been furnished with copies of the Qualified Bid(s) within twenty-four (24) hours of their receipt by the Debtors), is the highest or otherwise best offer (the "Baseline Bid") to all Qualified Bidders (including, without limitation, Winning Partial Bidders, and the Notice Parties);

e) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all ~~Subsequent Bids (defined herein)~~subsequent bids at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;

f) the Debtors, after consultation with the Consultation Parties, may employ and announce at the relevant Auction additional procedural rules that are reasonable under the circumstances for conducting the relevant Auction, provided that such rules are (i) not inconsistent with the Bidding Procedures, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith, and (ii) disclosed to the Stalking Horse Purchaser and each other Qualified Bidder at the relevant Auction;

g) bidding at the relevant Auction will begin with the Baseline Bid and continue in bidding increments to be determined in the discretion of the Debtors, in

consultation with the Stalking Horse ~~Bidder~~Purchaser and the Consultation Parties (each a "Overbid") which shall be made and received on an open basis, and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

h) Any Qualified Bidder (including, without limitation, Winning Partial Bids) that fails to make an Overbid in any round of bidding shall be disqualified from participating in any subsequent round of bidding;

i) The initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount that is not less than the sum of the Bid Protections. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (~~1~~i) cash or (~~2~~ii) in the case of a Qualified Bidder (including, without limitation, Winning Partial Bids) that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any assets of Debtors' estates, a credit bid of up to the full amount of such Qualified Bidder's allowed perfected lien, subject to § 363(k) of the Bankruptcy Code and any other restrictions set forth herein;

j) After the first round of bidding and at the conclusion of each subsequent round of bidding, the Debtors, after consultation with the Consultation Parties, shall announce the bid (including any combination of bids made by Winning Partial Bidders) that they believe to be the highest or otherwise better offer (the "Prevailing Highest Bid"). Debtors shall describe to all Qualified Bidders the material terms of any Overbid designated as the Prevailing Highest Bid as well as the value attributable by Debtors to such Prevailing Highest Bid. A round of bidding will conclude after each participating Qualified Bidder (or group of Winning Partial Bidders) has had the opportunity to submit an Overbid (or combination of Overbids) with full knowledge of the Prevailing Highest Bid. Except as specifically set forth herein, for the purpose of evaluating the value of the consideration provided by Overbids, the Debtors will give effect to the Break Up Fee payable to the Stalking Horse Purchaser as well as any additional liabilities or Cure Amounts (defined herein) to be assumed by the Stalking Horse Purchaser or a Qualified Bidder, as applicable, and any additional costs which may be imposed on the Debtors; and

(k) At the Full Bid Auction, the Stalking Horse ~~Bidder~~Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In that event, and as long as the Stalking Horse ~~Bidder~~Purchaser so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. However, the Stalking Horse ~~Bidder~~Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid

against any one or more of the Winning Partial Bidders for the assets subject to the Partial Bid(s) in lieu of their Purchased Assets bid, and (b) overbid for those assets, and thereby replace that Winning Partial Bidder or bidders as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid. ~~.~~In other words, so long as the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid, the Stalking Horse ~~Bidder~~Purchaser may elect to relinquish its Stalking Horse Bid and, instead, overbid the highest bidder for one or more of the hospitals, to replace that bidder as part of the Qualified Partial Bid. The Debtor may elect, in its discretion, after consultation with the Consultation Parties, to allow partial bidders to bid for the full assets, or to allow full bidders to bid for partial assets in any given round, provided that in any given round there is an aggregate bid or a full asset bid that is superior to the highest and best offer for the full assets in the prior round. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the relevant Auction, a revised Purchase Agreement and Marked Agreement show all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bidders submitted at the relevant Auction (one or more such bids, collectively the "Successful Bid" and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court.

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within forty-eight (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice identifying the Successful Bidder(s) with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder's Purchase Agreement.

J. Return of Deposits

All Good Faith Deposits shall be returned to each Qualified Bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder no later than five (5) business days following the conclusion of the Sale Hearing.

If the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased Assets the Break-Up Fee and the Expense Reimbursement as set forth in the Asset Purchase Agreement.

III. Sale Hearing

The Debtors will seek entry of the Sale Order from the Court at the Sale Hearing to begin at **2:00 p.m. Pacific Time on** _____ (or at another date and time convenient to the Court) to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures. The Debtors may submit and present such additional evidence, as they may deem necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets.[22]

IV. Sale Order

The Sale Order will provide Court approval of (i) the Sale to the Successful Bidder, free and clear of all liens, claims, interests, and encumbrances pursuant to § 363 of the Bankruptcy Code, with the proceeds of the Sale deposited in accordance with Paragraph 4 of the Final DIP Order, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets prior to the Sale, including, without limitation, the liens and security interests of the DIP Lender and each of the Prepetition Secured Creditors under the relevant agreements, applicable law and the Final DIP Order, and (ii) the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to § 365 of the Bankruptcy Code.

VII. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers to submit their sealed, highest and best offer for the Purchased Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all potential bidders; (iv) impose additional terms and conditions with respect to all potential bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with their professionals and the Official Committee, will better promote the goals of the bidding process; provided that such modifications are (a) not inconsistent with the Bidding Procedures Order, the Bidding Procedures, the Bankruptcy Rules, the Bankruptcy Code, or any Order of the Bankruptcy Court entered in connection herewith; and (b) disclosed to each Qualified Bidder participating in the ~~Auction~~Auctions.

The Debtors, in consultation with the Consultation Parties, may qualify any bid as a Qualified Bid that meets the foregoing requirements. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in connection with the Bidding Process, the Auctions, and the Sale.

The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such Qualified Bidder's bid constitutes a Qualified Bid) and provide copies of the Purchase Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse Purchaser and such Qualified Bidders, and the Notice Parties no later than one (1) day following the Debtors' receipt of any Qualified Bids.

Notwithstanding anything in these Bidding Procedures, the Debtors shall provide to the Stalking Horse Purchaser, immediately upon receipt/determination, each of the following: (i) notice of the determination of which other bidders have been determined to be Qualified Bidders, (ii) notice of which bidders have been determined to not have submitted Qualified Bids, and (iii) provide to Stalking Horse Purchaser copies of all bids, including all documents listed in Section C.

Notwithstanding anything in these Bidding Procedures, no later than (A) seven (7) days after the entry of the Bid Procedures Order, the Debtors shall provide to the Stalking Horse Purchaser a copy of the proposed scoring matrix that is to be used to evaluate the Qualified Bids and (B) one (1) day prior to the Partial Bid Auction, the Debtors shall provide to the Stalking Horse Purchaser all completed scoring matrices used to evaluate the Qualified Bids.

D. Bid Deadline

A Qualified Bidder that desires to make a bid must deliver written copies of its bid to the following parties (collectively, the "Notice Parties): (i) counsel to the Debtors: Dentons US LLP, 601 S. Figueroa Street, Suite 2500, Los Angeles, CA 90017 (Attn: Tania M. For the avoidance of doubt, the Partial Bid Deadline shall be no less than 7 days prior to the Partial Bid Auction and the Bid Deadline shall be no less than 7 days prior to the Full Bid Auction.

A list of all Qualified Bids, as well as all adequate assurance information included in such bids as required by paragraph C(l) above, will be provided to Cigna (through its counsel) no later than _____, at 4:00 p.m. (prevailing Pacific Time) to allow it to evaluate Qualified Bidders related to adequate assurance of future performance of the Cigna Provider Agreements (as defined in Docket No. 445).

E. Credit Bidding

Any party with a valid, properly perfected security interest in any of the Purchased Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid

for the Purchased Assets in connection with the Sale pursuant to § 363(k) of the Bankruptcy Code, except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets which is senior to such junior security interest are to be paid in cash in connection with such junior creditor's bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser's entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

F. Evaluation of Competing Bids

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in its reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

G. No Qualified Bids

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Purchased Assets.

If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction required by Section H of these Bidding Procedures, the Debtors will determine, in consultation with the Consultation Parties, whether any combination of the Winning Partial Bids can be aggregated to an amount greater than or equal to the Minimum Qualified Bid. In the event that no such combination of Partial Bid Auction Qualified Bids can be so aggregated, then no Partial Bid Auction Qualified Bid shall be deemed Qualified Bids for purposes of proceeding with the relevant Auction.

H. Auction Process

If the Debtors receive one or more Partial Bid Auction Qualified Bids with a value which when aggregated is equal to or greater than seventy-five percent (75%) of the Minimum Qualified Bid, the Debtors will conduct separate auctions of each asset (each, a "Partial Bid Auction") commencing with the highest value asset. Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in the Partial Bid Auction. The procedures below shall apply to the Partial Bid Auction, except as where otherwise indicated.

The Partial Bid Auction Qualified Bids deemed at the conclusion of the Partial Bid Auction to be the highest and best bids for each asset (the "Winning Partial Bids") shall be aggregated for valuation purposes (as aggregated, the "Aggregate Winning Partial Bid"), and the holders of the Winning Partial Bids shall be permitted to participate in the Auction (as defined below) of the Purchased Assets.

The Debtors will conduct the Partial Bid Auction, which shall be transcribed, on _____ at 10:00 a.m. (prevailing Pacific Time) and, if the Debtors receive one or more Qualified Full

Bids in addition to the Stalking Horse APA, the the Debtors will conduct a full bid auction of the Purchased Assets (the "Full Bid Auction" and together with the Partial Bid Auction, each an "Auction"), which shall be transcribed, on _____ (the "Full Bid Auction Date") at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Full Bid Auction.

Each Auction shall be conducted in accordance with the following procedures:

a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the relevant Auction in advance from the Debtors may attend the relevant Auction;

b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the relevant Auction;

c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;

d) within one (1) business day after the Bid Deadline and, in no event later than the conclusion of the Partial Bid Auction, the Debtors will provide copies of the Qualified Bid or combination of Qualified Bids (including, without limitation, Winning Partial Bids) which the Debtors believe in their reasonable discretion, in consultation with the Consultation Parties (who shall have been furnished with copies of the Qualified Bid(s) within twenty-four (24) hours of their receipt by the Debtors), is the highest or otherwise best offer (the "Baseline Bid") to all Qualified Bidders (including, without limitation, Winning Partial Bidders, and the Notice Parties);

e) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all subsequent bids at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;

f) the Debtors, after consultation with the Consultation Parties, may employ and announce at the relevant Auction additional procedural rules that are reasonable under the circumstances for conducting the relevant Auction, provided that such rules are (i) not inconsistent with the Bidding Procedures, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith, and (ii) disclosed to the Stalking Horse Purchaser and each other Qualified Bidder at the relevant Auction;

g) bidding at the relevant Auction will begin with the Baseline Bid and continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Stalking Horse Purchaser and the Consultation Parties (each a "Overbid") which shall be made and received on an open basis, and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

h) Any Qualified Bidder (including, without limitation, Winning Partial Bids) that fails to make an Overbid in any round of bidding shall be disqualified from participating in any subsequent round of bidding;

i) The initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount that is not less than the sum of the Bid Protections. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash or (ii) in the case of a Qualified Bidder (including, without limitation, Winning Partial Bids) that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any assets of Debtors' estates, a credit bid of up to the full amount of such Qualified Bidder's allowed perfected lien, subject to § 363(k) of the Bankruptcy Code and any other restrictions set forth herein;

j) After the first round of bidding and at the conclusion of each subsequent round of bidding, the Debtors, after consultation with the Consultation Parties, shall announce the bid (including any combination of bids made by Winning Partial Bidders) that they believe to be the highest or otherwise better offer (the "Prevailing Highest Bid"). Debtors shall describe to all Qualified Bidders the material terms of any Overbid designated as the Prevailing Highest Bid as well as the value attributable by Debtors to such Prevailing Highest Bid. A round of bidding will conclude after each participating Qualified Bidder (or group of Winning Partial Bidders) has had the opportunity to submit an Overbid (or combination of Overbids) with full knowledge of the Prevailing Highest Bid. Except as specifically set forth herein, for the purpose of evaluating the value of the consideration provided by Overbids, the Debtors will give effect to the Break Up Fee payable to the Stalking Horse Purchaser as well as any additional liabilities or Cure Amounts (defined herein) to be assumed by the Stalking Horse Purchaser or a Qualified Bidder, as applicable, and any additional costs which may be imposed on the Debtors; and

(k) At the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In that event, and as long as the Stalking Horse Purchaser so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets in each round to continue to bid as Winning Partial

Bidders in the Full Bid Auction. However, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the Partial Bid(s) in lieu of their Purchased Assets bid, and (b) overbid for those assets, and thereby replace that Winning Partial Bidder or bidders as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid. In other words, so long as the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid, the Stalking Horse Purchaser may elect to relinquish its Stalking Horse Bid and, instead, overbid the highest bidder for one or more of the hospitals, to replace that bidder as part of the Qualified Partial Bid. The Debtor may elect, in its discretion, after consultation with the Consultation Parties, to allow partial bidders to bid for the full assets, or to allow full bidders to bid for partial assets in any given round, provided that in any given round there is an aggregate bid or a full asset bid that is superior to the highest and best offer for the full assets in the prior round. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the relevant Auction, a revised Purchase Agreement and Marked Agreement show all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bidders submitted at the relevant Auction (one or more such bids, collectively the "Successful Bid" and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court.

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within forty-eight (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice identifying the Successful Bidder(s) with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder's Purchase Agreement.

J. Return of Deposits

All Good Faith Deposits shall be returned to each Qualified Bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder no later than five (5) business days following the conclusion of the Sale Hearing.

K. Back-Up Bidder

If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be required to serve as a back-up bidder (the "Back-Up Bidder") and keep such bid open and irrevocable until the later of (i) thirty (30) days after the Sale Hearing or (ii) approval of the Qualified Bidders' purchase by the California Attorney General, if necessary. If the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased Assets the Break-Up Fee and the Expense Reimbursement as set forth in the Asset Purchase Agreement.

III. Sale Hearing

The Debtors will seek entry of the Sale Order from the Court at the Sale Hearing to begin at **2:00 p.m. Pacific Time on** _____ (or at another date and time convenient to the Court) to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures. The Debtors may submit and present such additional evidence, as they may deem necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets.

IV. Sale Order

The Sale Order will provide Court approval of (i) the Sale to the Successful Bidder, free and clear of all liens, claims, interests, and encumbrances pursuant to § 363 of the Bankruptcy Code, with
the proceeds of the Sale deposited in accordance with Paragraph 4 of the Final DIP Order, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets prior to the Sale, including, without limitation, the liens and security interests of the DIP Lender and each of the Prepetition Secured Creditors under the relevant agreements, applicable law and the Final DIP Order, and (ii) the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to § 365 of the Bankruptcy Code.

DRAFT

VII. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers to submit their sealed, highest and best offer for the Purchased Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all potential bidders; (iv) impose additional terms and conditions with respect to all potential bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with their professionals and the Official Committee, will better promote the goals of the bidding process; provided that such modifications are (a) not inconsistent with the Bidding Procedures Order, the Bidding Procedures, the Bankruptcy Rules, the Bankruptcy Code, or any Order of the Bankruptcy Court entered in connection herewith; and (b) disclosed to each Qualified Bidder participating in the Auctions.

Title 11, California Code of Regulations, § 999.5(d)(3)(A)

Copies of any documents or writings of any kind that relate or refer to any personal financial benefit that a proposed affiliation between applicant and the transferee would confer on any officer, director, employee, doctor, medical group or other entity affiliated with applicant or any family member of any such person as identified in Corporations Code section 5227(b)(2)

To Applicants' knowledge, and other than in the context of routine discussions about possible ongoing employment, contracting or engagement following closing of the transaction, there are no special agreements with any officer, director, employee, doctor, medical group or other entity affiliated with Applicants or any family member of any such person, as identified in Corporations Code § 5227(b)(2) (collectively the "VHS-Connected Persons") that will confer any personal financial benefit to the VHS-Connected Persons as a result of the transaction. Pursuant to the APA, SGM is obligated to make offers of employment to substantially all Hospital Employees (as defined in the APA), which includes employees of the Applicants and Applicants' affiliates that employ individuals at the Hospitals and other employees as scheduled in the APA. SGM is not contemplating any special agreement or arrangements that will confer any personal financial benefit as a result of the transaction.

Certain of Applicants' employees are included in the key employee incentive plan or the key employee retention plan (collectively, the "Bonus Program"). The Bonus Program is described in *Notice Of Motion And Debtors' Motion For Entry Of Order Authorizing And Approving (I) Key Employee Incentive Plan, And (II) Key Employee Retention Plan* [Docket No. 631] filed with the Bankruptcy Court on October 23, 2018. The Bonus Program was approved by the Bankruptcy Court [Docket Nos. 0876, 0893].

SGM may, at its election, take assignment of agreements currently held by the Applicants, including agreements with physicians. By notice dated April 11, 2019, SGM designated executory contracts and unexpired leases to be assigned to it (the "Designated Contracts List") under the APA [Docket No. 2131]. A copy of this notice is attached to this Section 999.5(d)(3)(A) as **Exhibit 1**. Copies of any agreements reflected in this notice can be provided to the Attorney General's office upon request. SGM is currently reviewing the additional executory contracts and unexpired leases that were listed in the Applicants' supplemental notices. After SGM completes this review, Applicants will file an additional notice identifying additional executory contracts and unexpired leases that SGM desires to have assigned to it. Note that under the APA, SGM may add executory contracts and unexpired leases to the Designated Contracts List up to thirty (30) days prior to the closing of the sale (the "Closing"). SGM may remove designated executory contracts and unexpired leases from the Designated Contracts List up to seven (7) days before Closing.

Attached to this Section 999.5(d)(3)(A) as **Exhibit 2** is a table identifying contracts the Applicants have with physicians who serve as Hospital Board members as well as copies of these agreements.

To Applicants' knowledge, no VHS-Connected Person is a holder of any secured debt ("Bonds"). The Bonds are held by various companies and mutual funds of which VHS-Connected Persons

may be shareholders. VHS does not keep records of which, if any, VHS-Connected Persons may be Bond holders; however, this financial benefit is identical to that which would be received by any Bond holder and not in any way dependent upon or related to the proposed transaction between Applicants and SGM.
