Exhibit A: Executory Contracts and Unexpired Leases Designated by Strategic Global Asset Management, LLC (SGM) to Be Assumed by St. Vincent Medical Center, St. Vincent Dialysis Center, Inc., Seton Medical Center & St. Francis Medical Center) (C)

(Corresponds to Exhibit A (Parts 1 to 3) Attached to the Cure Notice Filed on March 5, 2019 - Doc# 1704)

Ref #	Debtor (A)	Contract Counterparty (A)	Nature of Contact / Lease	Termination Date (B)	SGM Assumed: Yes/No/Removed (D)

Footnotes:

(A) Debtor designation is based on the Debtors' books and records. However, contract and lease counterparties should also review the System/Multi-Facility Contract exhibit (Exhibit B) in conjunction with this Exhibit as certain contracts included herein may also be reflected as System/Multi-Facility Contracts, particularly in the case of master purchase, master lease or master licensing agreements.

(B) Contract termination dates reflect current information in the Debtors' contract system, which may not capture auto-renewals, extensions or terminations since the Petition Date.

(C) The Debtor has used its best efforts to accurately reflect executory contracts and unexpired leases herein, but reserves the right to supplement and/or modify this Exhibit, including for any contracts which may not be deemed executory. The Buyer may add executory contracts and unexpired leases to the Designated Contracts List up to thirty (30) days prior to the closing of the Sale, and may remove designated contracts and unexpired leases from the Designated Contracts list up to seven (7) days before the sale closing.

(D) Removed - Denotes a contract or lease included in the Cure Notice filed on March 5, 2019 that was removed through the filing of the Cure Notice Supplements on March 22, 2019 and April 5, 2019, since such agreement already terminated, expired or is a duplicate.

Footnotes:

(A) Debtor designation is based on the Debtors' books and records. However, contract and lease counterparties should also review Exhibit A in conjunction with this Exhibit as certain contracts included herein may also be reflected as individual hospital contracts, particularly in the case of master purchase, master lease or master licensing agreements.

(B) Contract termination dates reflect current information in the Debtors' contract system, which may not capture auto-renewals, extensions or terminations since the Petition Date.

(C) The Debtor has used its best efforts to accurately reflect executory contracts and unexpired leases herein, but reserves the right to supplement and/or modify this Exhibit, including for any contracts which may not be deemed executory. The Buyer may add executory contracts and unexpired leases to the Designated Contracts List up to thirty (30) days prior to the closing of the Sale, and may remove designated contracts and unexpired leases from the Designated Contracts list up to seven (7) days before the sale closing.

(D) Removed - Denotes a contract or lease included in the Cure Notice filed on March 5, 2019 that was removed through the filing of the Cure Notice Supplements on March 22, 2019 and April 5, 2019, since such agreement already terminated, expired or is a duplicate.

(E) Assumption of System/Multi-Facility Contracts applicable only to the Verity Health System entities being acquired by SGM.

PROFESSIONAL AND ADMINISTRATIVE SERVICES AGREEMENT FOR NEONATAL INTENSIVE CARE UNIT BETWEEN ST. FRANCIS MEDICAL CENTER AND A.S. MOOSA, M.D., A MEDICAL CORPORATION

This Professional and Administrative Services Agreement ("**Agreement**") is entered into effective April 29, 2019 ("**Effective Date**") by and between St. Francis Medical Center, a California nonprofit public benefit corporation ("**Hospital**") and A.S. Moosa, M.D., A Medical Corporation, a California medical corporation ("**Contractor**"). Together, Hospital and Contractor are the "**Parties**," and each is a "**Party**."

RECITALS

A. Hospital is the owner and operator of a general acute care hospital located at 3630 East Imperial Highway, Lynwood, California 90262 in which there is located a Neonatal Intensive Care Unit ("**Department**"). Hospital is affiliated with the Verity Health System of California, Inc. ("**Verity**").

B. Department consists of facilities and equipment owned by Hospital and staffed by Hospital employees.

C. Contractor employs or contracts with physician(s) who are duly qualified and licensed to practice medicine in the State of California ("**Physicians**" or a "**Physician**"), who are experienced and qualified in the specialized field of Neonatal and Pediatric Ophthalmology ("**Professional Services**") and who are members of Hospital's Medical Staff ("**Medical Staff**").

D. Hospital desires to engage Contractor to provide Professional Services, and Contractor is willing to provide Professional Services upon the terms and conditions set forth in this Agreement. Hospital also desires to retain Contractor and designate Physician to provide certain administrative services in the development and operation of the Department, and has determined that this proposed arrangement with Contractor will enhance the Department's and the Hospital's organization, procedures, standardization, economic efficiency, and professional proficiency, and provide other benefits to enhance coordination and cooperation among the Department's providers and patients.

In consideration of the mutual covenants and promises set forth in this Agreement and for such other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Hospital and Contractor agree as follows:

AGREEMENT

1. CONTRACTOR AND PHYSICIAN OBLIGATIONS.

1.1. Medical Director of Department. Contractor shall provide Amod S. Moosa, M.D. to act as Medical Director ("**Medical Director**") of the Department in accordance with the

terms of this Agreement, the Medical Staff Bylaws and Rules and Regulations (collectively, "**Medical Staff Bylaws**"), and the Hospital's Bylaws, Rules and Regulations and policies and procedures. Contractor shall obtain the written consent of Hospital in advance of replacing Medical Director. Medical Director shall also be subject to all of the terms and conditions under this Agreement for a Physician, except as otherwise provided herein.

1.1.1. Administrative Duties. Contractor shall cause Medical Director to perform the administrative duties and responsibilities ("**Administrative Services**") as set forth in the Administrative Services section of the "Description of Services," attached hereto as Exhibit A, under the direction of Hospital President and CEO or his/her designee. Contractor acknowledges and shall cause Medical Director to acknowledge that the Medical Executive Committee may monitor and review his/her performance as Medical Director, and that the results of any such reviews may be transmitted to Contractor, Medical Director and Hospital administration.

1.1.2. Administrative Hours. Contractor shall cause Medical Director to devote as much time as is necessary in performing the Administrative Services to provide for the effective management of the Department, for a maximum of thirty six(36) hours per month. Contractor shall cause Medical Director to coordinate his/her work schedule with Hospital to ensure the effective operation of the Department.

1.1.3. Assistant Medical Director. Subject to the prior written approval of Hospital, Contractor may appoint, at Contractor's sole expense, an Assistant Medical Director to perform the duties of Medical Director only in the event of Medical Director's absence. Contractor shall ensure that the Assistant Medical Director meets all of the same qualifications as the Medical Director and shall cause the Assistant Medical Director to comply with all the requirements of this Agreement.

1.1.4. Medical Director Efforts. To ensure the effective operation of the Department, the Parties recognize the need for Contractor, and in particular Medical Director, to devote significant energies and effort to Department activities. Therefore, during the term of this Agreement, Contractor shall cause Medical Director to refrain from providing medical direction to any other NICU/Pediatrics facility or establishing, performing any management or administrative services for, consulting with, investing in, or otherwise assisting in the management, administrative or operational functions of any other NICU/Pediatrics facility department, without the prior written consent of Hospital, which may be withheld Hospital's sole discretion. Notwithstanding the foregoing, Hospital understands and acknowledges that Contractor and Medical Director are engaged in the private practice of medicine, and this Agreement shall not, in any way, limit Contractor's or Medical Director's private practice of medicine.

1.1.5. Replacement. Contractor shall timely replace the Medical Director pursuant to the requirements of this Section 1.1 (a) in the event that the Medical Director dies or becomes unable to provide services for a period in excess of thirty (30) consecutive days, or thirty (30) days in the aggregate over any three (3) month period; (b) upon notice of the Hospital's final decision to withdraw its approval for Medical Director as set forth in Section 1.6;

or (c) upon Medical Director's failure to meet the established written criteria for Medical Staff membership and clinical privileges as set forth in Section 1.7.2.

1.2. Professional Services. Contractor shall provide or arrange for the provision of all Professional Services required for patient care in and the operation of the Department, as determined by Hospital and its Medical Staff. The Professional Services section of the "Description of Services," attached hereto as Exhibit A describes the scope of such Professional Services to be rendered hereunder. Contractor shall ensure that all Professional Services are performed only by or under the supervision of a competent Physician who satisfies all of the requirements set forth herein. Contractor agrees to provide all Physicians necessary for patient care and Department operation consistent with community standards of medical practice and with hospital policies and procedures. Contractor shall have the exclusive right to provide Professional Services to Hospital patients, subject to any applicable provisions of state or federal law or regulation prohibiting such exclusivity. In the event that such exclusivity is entirely prohibited, this Agreement shall terminate.

1.3. Pediatric Ophthalmology Call Coverage Services. Contractor shall cause Physician(s) listed in the Pediatric Ophthalmology Physicians section of the "List of Physicians Approved to Provide Professional Services," attached hereto as Exhibit B, to provide call coverage services for pediatric ophthalmology, as set forth in Exhibit A, regardless of patients' insurance status or ability to pay. When scheduled to provide call coverage services, Contractor shall ensure that Physician(s) are available to provide pediatric ophthalmology Professional Services in the Facility within thirty (30) minutes of receiving a telephone or page from the Facility.

1.4. Qualifications of Physician(s). Contractor shall ensure that each Physician (including Medical Director), at all times during the term of this Agreement, (a) is duly licensed as a physician under California law, (b) is Board Certified (or, with the approval of the Hospital's President and CEO, or his/her designee, Board Eligible) in Pediatrics and Neonatal Perinatal Medicine, (c) is a member in good standing of Hospital's Medical Staff, (d) holds all clinical privileges on Hospital's Medical Staff appropriate to the provision of Professional Services or Administrative Services hereunder, (e) is a participating provider in the Medicare and Medicaid/Medi-Cal programs (Titles XVIII and XIX of the Social Security Act, respectively), (f) is or agrees to apply for participating physician status in any insurance coverage arrangement or managed care plan in which Hospital participates and that is reasonably available to the Physician, either through Contractor or individually, (g) maintains an unrestricted federal Drug Enforcement Administration ("**DEA**") registration number, (h) is employed by or under contractual arrangement with Contractor, and (i) maintains insurance coverage as set forth in Section 5 of this Agreement. Contractor shall provide documentation of compliance with all provisions of this Section to Hospital upon request.

Contractor represents and warrants to Hospital that, with respect to persons providing Professional Services or Administrative Services at Hospital under this Agreement, (a) no Physician's license to practice medicine in any state has ever been suspended, revoked or restricted; (b) neither Contractor nor any Physician has ever been reprimanded, sanctioned or disciplined by any licensing board or state or local medical society or specialty board; (c) no

Physician has ever been denied membership or reappointment of membership on the medical staff of any hospital and no hospital medical staff membership or clinical privileges of any Physician have ever been suspended, curtailed or revoked for a medical disciplinary cause or reason; (d) neither Contractor nor any of its officers, directors, employees, contractors, or agents has ever been excluded from participation in any local, state or federal health care program; (e) neither Contractor nor any Physician has ever been reprimanded, sanctioned or disciplined by the DEA, been denied a DEA registration number or had a DEA registration number restricted; (f) neither Contractor nor any Physician has been denied insurance coverage as set forth in Section 5 of this Agreement or had such insurance coverage restricted; and (g) Contractor is authorized to contract on behalf of each Physician for the provision of services.

1.5. Approval of Physicians. Contractor shall engage, at its sole expense and subject to the terms of this Agreement, that number of Physicians necessary to satisfy the terms of this Agreement, but in any event, no less than one (1) Physician. Hospital shall have the right to approve or disapprove, in advance, those Physician(s) providing Professional Services and Administrative Services, and Contractor shall provide Hospital with the name(s) and qualifications of such Physician(s) no less than fourteen (14) days prior to the day that Contractor intends the Physician(s) to commence provision of Professional Services or Administrative Services hereunder. Those Physicians approved by Hospital to provide Professional Services hereunder are listed in Exhibit B attached hereto. In the event Hospital disapproves a Physician, Contractor shall provide an alternate Physician Professional acceptable to Hospital.

1.6. Withdrawal of Hospital Approval.

1.6.1. Hospital may withdraw its approval for any Physician to provide Professional Services, or for the Medical Director to provide Administrative Services, due to the Hospital's dissatisfaction, arrived at in good faith and continuing after (a) giving written notice to the Contractor of the reason for dissatisfaction and (b) having a meeting between the Hospital's representative, the Contractor and the subject Physicians or Medical Director. The Hospital's reasons for dissatisfaction may (without limitation) be based on any one or more of the following events:

1.6.1.1. Any aspect of the performance by that Physician or Medical Director hereunder endangers patient safety, is below the standards and expectations of the Hospital as set forth in the Medical Staff Bylaws or otherwise, or may subject Hospital to ill repute.

1.6.1.2. The Physician or Medical Director fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 1.4, 1.6, 5, 6, 7, 8 and 9.

1.6.1.3. The Physician or Medical Director is convicted of a crime punishable as a felony or involving moral turpitude.

1.6.2. After the meeting between the Hospital's representative, the Contractor and the subject Physician or Medical Director, the Hospital shall give the Contractor written

notice of its final decision to withdraw, or not, its approval for the Physician or Medical Director. As an alternative to withdrawing its approval of the individual to serve under this Agreement, the Hospital may condition its continuing approval in any reasonable terms. Upon notice of the Hospital's final decision to withdraw its approval for the Physician or Medical Director, Contractor shall (a) remove immediately that Physician or Medical Director from Hospital premises and ensure that such Physician or Medical Director provides no further Professional Services or Administrative Services under this Agreement, (b) cause the remaining Physicians who are approved to provide Professional Services or Administrative Services under this Agreement to provide the same level of Professional Services or Administrative Services that were being provided to the Hospital prior to the removal of the Physician or Medical Director, and (c) if necessary, use good faith efforts to supply a replacement Physician or Medical Director acceptable to the Hospital.

1.6.3. In the event that Hospital withdraws its approval for any Physician to provide Professional Services, or for the Medical Director to provide Administrative Services, as provided for herein, the Physician or Medical Director shall not be entitled to the due process provisions of the Hospital's Medical Staff Bylaws.

1.6.4. Withdrawal of Hospital approval for any Physician to provide Professional Services, or for the Medical Director to provide Administrative Services, shall not terminate this Agreement or modify or terminate any continuing obligation under this Agreement of the Physician or Medical Director who is no longer approved by the Hospital to provide Professional Services or Administrative Services, including, but not limited to, those obligations set forth in Sections 1.15, 6.2, 7 and 8.

1.7. Medical Staff Privileges.

1.7.1. Staff Membership and Clinical Privileges. Each Physician providing Professional Services or Administrative Services under this Agreement is required to become and remain a member in good standing of the Medical Staff of Hospital, and shall be subject to all of the attendant clinical privileges, responsibilities and conditions associated with Medical Staff membership. Hospital shall promptly and in good faith process requests for temporary and permanent staff membership and clinical privileges required for Physicians to perform Contractor's obligations under this Agreement.

1.7.2. Suspension of Staff Membership and Privileges. In the event a particular Physician does not meet or fails to continue to meet the established written criteria for Medical Staff membership and clinical privileges, Hospital shall promptly advise Contractor in writing and Contractor shall immediately terminate the particular Physician's provision of Professional Services or Medical Director's provision of Administrative Services under this Agreement and shall immediately supply a replacement Physician or Medical Director acceptable to Hospital.

1.8. Failure to Provide Services. In the event Contractor fails to provide any of the services required hereunder, Hospital, in its sole discretion, may contract with another provider

to render services. Any costs incurred by Hospital in connection with the retention of services from another provider, as described herein, shall be paid by Contractor.

1.9. Hospital Rules and Operation. Contractor shall and shall cause each Physician to comply with (a) all applicable terms of this Agreement, (b) all policies, bylaws, rules and regulations of Hospital and the Hospital's Medical Staff applicable to the Physician o and the Department, and (c) all applicable standards and recommendations of The Joint Commission, the American Medical Association, and the American Academy of Pediatrics.

1.10. Quality Programs; Performance Standards.

1.10.1. Contractor shall and shall cause each Physician to (a) participate in Hospital's quality improvement, utilization review and risk management programs and serve on such quality improvement, utilization review and risk management committees as may be requested by Hospital from time to time; (b) participate in on-going quality improvement monitoring activities, such as audits; (c) participate in risk management activities designed to identify, evaluate and reduce risk of patient injury associated with care; and (d) assist utilization review in setting, monitoring and achieving length of stay and ancillary utilization goals.

1.10.2. As part of its quality improvement, utilization review and risk management programs, Hospital has developed certain criteria and procedures ("**Performance Standards**") to monitor the provision of services under this Agreement and ensure the quality and efficiency of medical care in the Department. Contractor shall cause Physician to abide by the Performance Standards set forth in the Performance Standards section of the "Description of Services" attached hereto as Exhibit A.

1.11. Complaints. Contractor and Hospital shall cooperate in good faith to investigate any complaints made by Hospital or Hospital patients concerning any Physician and to resolve the complaint in a reasonable time with appropriate action. Contractor shall notify Hospital immediately of any complaints concerning any Physician.

1.12. Exclusion. Contractor shall conduct screenings of its officers, directors, shareholders, associates, employees, contractors or other agents (collectively, the "**Contractor Personnel**") who furnish, order or prescribe items or services reimbursable under any federal health program to or for patients of Hospital under this Agreement against the List of Excluded Individuals/Entities maintained by the Office of Inspector General ("**OIG**") of the Department of Health and Human Services, the System for Awards Management ("**SAM**"; formerly the Excluded Parties List System) and any successor list maintained by the U.S. General Services Administration, and the Medi-Cal Suspended and Ineligible Provider List maintained by the California Department of Health Care Services prior to hire and once a year thereafter. Contractor will immediately notify Hospital in the event Contractor or one of Contractor Personnel is excluded from participation in a federal health care program. Contractor will indemnify Hospital for any claims, judgments, overpayments or expenses arising from such exclusion.

1.13. Use of Premises. Contractor shall and shall cause Physician(s) to use the Department premises solely for the provision of services specified in this Agreement. No part of

the premises of Hospital shall be used at any time by Contractor, any Physician, or any Allied Health Professional as an office for the general practice of medicine.

1.14. Notice of Events. Contractor shall immediately notify Hospital of and describe the particulars of (a) any failure to satisfy the terms of any representation or warranty made in Section 1.4 (Qualifications of Physicians), (b) any incident report filed or any malpractice claim or professional disciplinary action asserted or initiated against any Physician; (c) any modification in or termination of Contractor's employment of or agreement with a Physician during the term of this Agreement, and (d) any pending change in corporate identity, form or name of Contractor that necessitates a filing with or application for a permit from the Medical Board of California or the Secretary of State of the State of California or another state. Contractor shall provide the notice required pursuant to this Section 1.14(d) no later than forty-five (45) days prior to the effective date of the change in corporate identity, form or name, and shall take all such actions and provide all such information requested by Hospital in order to amend and assign this Agreement, as necessary, to reflect Contractor's new corporate identity, form or name.

1.15. Litigation Consultation.

1.15.1. Assistance in Litigation. Contractor shall ensure that its Physician(s) are available to Hospital to testify as witnesses, at no fee, or as expert witnesses, in which case a reasonable and customary fee may be charged, in the event litigation is brought against Hospital, its directors, officers, agents or employees based upon a claim of negligence, malpractice or any other cause of action, except where Contractor or a Physician is named an adverse party to Hospital in the proceeding.

1.15.2. Expert Witness Consultant. Contractor shall ensure that its Physician(s) shall not accept consulting assignments or otherwise contract, agree or enter into an engagement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim asserting negligence, malpractice or professional liability on the part of Hospital or any hospital or health care facility that is a division or other subordinate organization of Verity, or in which any division or subordinate organization of Verity is named, or is expected to be named, as a defendant. It is further agreed that Contractor shall and shall cause Physician(s) to refrain from accepting similar consulting assignments if the defendant(s) or anticipated defendant(s) include medical staff, officers or members of the Medical Staff Executive Committee of any Verity hospital, and the claim relates to an occurrence at any Verity hospital; provided, however, the provisions of this paragraph shall not apply to situations in which a Physician served as attending physician.

1.16. Limitations on Authority of Contractor. Contractor shall not and shall cause Physician(s) not to (a) incur any financial obligation on behalf of the Hospital, (b) obligate or commit any assets of Hospital for the purchase, acquisition or pilot trial of equipment, supplies or personnel, (c) enter into any contract on behalf of Hospital for the purchase, rental or other acquisition of equipment, supplies or personnel, (d) make, nor allow any other individual to make, any additions, alterations, improvements or repairs to any space, facilities or equipment

furnished by Hospital, and/or (e) remove any equipment or supplies furnished by Hospital, each without the express prior written authorization of Hospital.

1.17. Hospital Employees. During the term of this Agreement and for one (1) year after its termination, Contractor (a) shall not hire or contract with (directly or indirectly), seek to hire or contract with, or assist in hiring or contracting with any employee, agent or independent contractor of Hospital and (b) shall not induce, seek to induce, or take action which results in the termination of employment or other arrangement between Hospital and such employee, agent or independent contractor or otherwise interferes with such employment or contractual arrangement.

1.18. Other Agreements. Contractor shall timely and fully perform all of its monetary and non-monetary obligations to Hospital or its affiliate under any medical office building lease and any other written contracts between or among such parties.

2. HOSPITAL OBLIGATIONS

2.1. Licensure and Accreditation. Hospital shall provide, as further specified below, the space, equipment, supplies, resources, and non-physician personnel necessary for Hospital to maintain Department licensed by the California Department of Public Health and accredited by The Joint Commission.

2.2. Responsibility under Title 22. In compliance with Section 70713 of Title 22 of the California Code of Regulations, Hospital shall retain professional and administrative responsibility for services rendered pursuant to this Agreement.

2.3. Administrative Director. Hospital shall provide an Administrative Director of the Department ("**Administrative Director**") who shall be responsible and accountable to Hospital for administrative and technical functions, including supervision, selection, assignment and evaluation of Hospital personnel; maintenance of equipment; development of an annual budget; and acquisition of materials, supplies and equipment. In the event of any dispute between the Medical Director and the Administrative Director regarding their respective administrative responsibilities, such dispute shall be submitted to the Hospital's President and CEO, or his/her designee, whose decision shall be final and binding upon the Parties.

2.4. Space. Hospital shall furnish for the use of Contractor the area now occupied by the Department or such alternative space as is reasonably necessary, in Hospital's sole discretion, following consultation with the Contractor, for the proper operation of the Department.

2.5. Equipment. Hospital shall furnish, at its expense, such medical and office equipment as are reasonably necessary, in the sole discretion of Hospital following consultation with Contractor, for the proper operation of the Department. Hospital shall consult Contractor regarding proposals for the purchase of new equipment. Hospital shall, at its expense, keep and maintain all equipment in good order and repair.

2.6. Supplies. Hospital shall, following consultation with Contractor, purchase such supplies as may be reasonably necessary, in the sole discretion of Hospital, for the proper operation of the Department.

2.7. Usual Purchasing Practices. The furnishing of the aforementioned equipment and supplies shall be subject to (a) the usual purchasing practices of Hospital in accordance with its budget requirements and (b) obtaining all necessary government approvals, if any. Contractor shall endeavor to submit, for the purpose of budget planning, all requests for equipment and supplies purchases desired during a forthcoming fiscal year at least one hundred and eighty (180) days prior to the beginning of the fiscal year.

2.8. Hospital Services. Hospital shall, at its expense, furnish the Department with such ordinary janitorial and in-house mail service, telephone, laundry, gas, water, heat and electricity as may, in the Hospital's sole discretion, be required for the proper operation of the Department. Hospital shall also provide services of such other Hospital departments, including but not limited to, nursing, administrative, accounting, engineering, purchasing and medical records, as are, in the Hospital's sole discretion, required for the proper operation of the Department.

2.9. Hospital Personnel. Hospital shall provide the services of nurses, technicians, secretaries, clerical and all other non-physician personnel required for the proper and efficient operation of the Department. Such personnel shall be employed and directed by Hospital. All salaries, wages, taxes, insurance, workers' compensation insurance, retirement and other fringe benefits, and expenses of any kind incident to their employment shall be and remain the responsibility and obligation of Hospital. Such personnel shall be subject to Contractor's medical supervision only with respect to clinical matters and related training.

3. BILLING AND COMPENSATION

3.1. Administrative Services. Contractor shall, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement, submit a written invoice to Hospital in the form attached hereto as Exhibit C, or as otherwise required by Hospital, detailing to Hospital's satisfaction the Administrative Services provided by Contractor in accordance with Section 1.1 during the immediately preceding calendar month. In completing the monthly invoice set forth in Exhibit C, or as otherwise required by Hospital, Contractor shall describe the specific Administrative Services activities performed, specify the date(s) on which those activities occurred, and, for each date, record the number of hours spent. Hospital will not accept invoices submitted more than sixty (60) days after the end of the calendar month for which payment for Administrative Services is sought.

In consideration of the Administrative Services provided by or on behalf of Contractor to Hospital under Section 1.1, and expressly conditioned upon Contractor's timely submission to Hospital of the monthly invoice required pursuant to this Section, Hospital shall pay to Contractor and Contractor shall accept as payment in full for the Administrative Services rendered hereunder the sum of One Hundred Seventy Five Dollars ($175) per hour, not to exceed Six Thousand Two Hundred Fifty Dollars ($6,250) per month or Seventy Five Thousand Dollars

($75,000) per year, on or before the twentieth (20th) of each month for the preceding month's service.

Payment shall be made in the name of Contractor. To ensure that compensation is reported as paid to the proper party, attached hereto as Exhibit D is a completed and executed copy of IRS Form W-9 which identifies the taxpayer identification number for Contractor.

3.2. Conditions for Payment.

3.2.1. Payment of the compensation provided herein is conditioned upon Contractor and Physician (a) timely and fully performing all of the duties and obligations set forth in Section 1 (Contractor and Physician Obligations) above and (b) maintaining such records and supporting documents as may, from time to time, be required to comply with the requirements of governmental agencies and third party payors, including: preparing complete and accurate time records which document separately all time spent providing professional, administrative and teaching services hereunder, in a form acceptable to Hospital; pursuant to 42 CFR section 415.60 and in order to comply with Medicare requirements, executing and updating at such times and on such forms as requested by Hospital, a written allocation statement specifying the respective amounts of time to be spent in furnishing professional or administrative services to provider, and services which do not fall into either category; and completing or assuring the prompt completion of all patient charts and other written records necessary to be maintained with respect to the Department, including all Administrative Services provided under this Agreement.

3.2.2. Hospital will not make any payment to Contractor for any Administrative Services rendered prior to the later of the Effective Date or the date of execution of the Agreement by both Parties.

3.3. Professional Services.

3.3.1. Fee Schedule for Professional Services. Contractor's fees for Professional Services rendered are set forth on Exhibit E, attached hereto. Contractor shall at all times bill in accordance with such schedule. Contractor has the right at any time to modify the fees and charges set forth on such schedule; provided that, any such modification shall not become effective until the expiration of thirty (30) calendar days after Contractor gives Hospital written notice setting forth such modifications. Notwithstanding the foregoing, the amount to be charged to patients for the professional component of Department services shall at all times be in accordance with the prevailing charges for similar services within Hospital's service area.

3.3.2. Billing and Collection. Contractor shall separately from Hospital bill and collect its fees and charges from patients and/or responsible payors for Professional Services rendered in the Department pursuant to this Agreement. Such collections shall be made under Contractor's federal tax identification number and provider number(s) and shall be carried out in accordance with all applicable contractual requirements, laws and regulations. Responsibility for billing and collection of professional fees and charges shall reside solely with Contractor and/or Contractor's billing agent. Contractor assumes responsibility for all bad debts, third party payor discounts, and billing and collection expenses related to professional fees and charges. Hospital

shall make no payment to Contractor for Professional Services rendered hereunder and shall not bill for, guarantee the collectibility of, or have any claim or interest in or to the amounts billed by Contractor; however, Hospital shall, to the best of its ability, cooperate in providing the appropriate forms and information to Contractor and/or Contractor's billing agent to facilitate an efficient and effective billing and collection process.

3.3.3. Medicare and Medi-Cal. Contractor shall accept as payment in full for Professional Services covered by Medicare and Medi-Cal (a) the applicable Medicare payment under Medicare assignment and/or the applicable Medi-Cal payment under Medi-Cal assignment plus (b) the applicable coinsurance, copayment or deductible amounts.

3.3.4. Hospital Charges. Hospital shall, from time to time, establish a schedule of charges for the technical and non-professional elements of each unit of service rendered to patients in the Department. Billing and collection thereof shall be the responsibility of Hospital.

3.4. Payment for Pediatric Ophthalmology Call Coverage. In consideration of the time spent providing pediatric ophthalmology call coverage by Contractor in accordance with Section 1.3, and expressly conditioned upon Contractor's timely submission to Hospital of the monthly certification statement required pursuant to this Section 3.4.1, Hospital shall pay to Contractor and Contractor shall accept such payments as full compensation from Hospital for the coverage hereunder the rate of One Thousand Two Hundred Dollars ($1,200) per month on or before the twentieth (20th) day of each month for the preceding month's service.

3.4.1. Contractor shall, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement, submit a written certification to Hospital in the form attached hereto as Exhibit F detailing to Hospital's satisfaction the Pediatric Ophthalmology Call Coverage arranged for and provided by Contractor in accordance with Section 1.3, during the immediately preceding calendar month. Hospital will not accept certifications submitted more than sixty (60) days after the end of the calendar month for which payment for Call Coverage is sought.

3.5. Third Party Payor Arrangements. Contractor shall and shall cause each Physician to cooperate in all reasonable respects necessary to facilitate Hospital's entry into or maintenance of any third party payor arrangements. Third party payor arrangements are defined as arrangements for the provision of services under Medicare, Medi-Cal, or other public or private health, hospital care and/or managed care programs. Contractor shall, upon Hospital's request, (a) make best efforts to enroll as a provider and to enroll each Physician, as necessary, (separate from Hospital) with respect to Contractor's Professional Services provided pursuant to this Agreement in any third party payor arrangement, and (b) enter into an express contractual agreement with said third party payor, or any intermediate organization including any independent practice association, if required for said enrollment, which enrollment and agreement shall be consummated within thirty (30) days after Hospital's request.

Both Contractor and Hospital shall make reasonable efforts to agree upon any amendments to this Agreement, in accordance with Section 12.10, that are necessary as the result of third party payor arrangements described in this Section. If the Parties cannot reach agreement on such modifications within sixty (60) days after written notification of such need for modification, either Party may terminate this Agreement upon thirty (30) days' additional written notice.

3.6. Changes in Rules and Regulations. The Parties understand that they may be required to alter their billing arrangements in order to comply with changing legal requirements or to avoid economically impracticable reimbursement disallowances. The Parties therefore agree, upon written request of either Party, to negotiate in good faith in order to modify this Agreement to comply with such legal requirements or to avoid such disallowances. If the Parties cannot reach agreement on such modifications within sixty (60) days after the initial written request, either Party may terminate this Agreement upon thirty (30) days' additional written notice.

4. INDEPENDENT CONTRACTOR

4.1. Independent Contractor. In the performance of the duties and obligations of Contractor hereunder, it is mutually understood and agreed that Contractor, including all Contractor Personnel (as defined in Section 12.2), is at all times acting and performing as an independent contractor, and nothing in this Agreement is intended nor shall be construed to create between (a) Hospital and (b) Contractor or Contractor Personnel an employer/employee, joint venture, agency, lease or landlord/tenant relationship. The standards of medical practice and professional duties of Contractor and each Physician shall be determined by the Medical Staff and prevailing professional standards. In furtherance of the independent status of the Parties, Contractor shall not, and shall cause all Contractor Personnel not, to hold itself/themselves out as an officers, agents or employees of Hospital, and shall take all reasonable steps to disavow such status or relationship in every instance where a reasonable person might assume that such a relationship exists between the Parties. Contractor shall reimburse or otherwise indemnify Hospital for all costs incurred, if Contractor or any Contractor Personnel is held to be an employee or agent of Hospital for any purpose.

4.2. Governmental Challenge. In the event any governmental entity, including without limitation, the Internal Revenue Service, should question or challenge the independent contractor status of Contractor or Contractor Personnel with respect to Hospital and the services rendered hereunder, the Parties hereto mutually agree that both Contractor and Hospital shall have the right to participate in any discussion or negotiation occurring with such governmental entity, regardless of who initiated such discussions or negotiations. In the event the governmental entity concludes that an independent contractor relationship does not exist, Hospital may terminate this Agreement immediately upon written notice to Contractor.

4.3. Tax and Benefits. Contractor and Contractor Personnel shall look only to Contractor for setting and administering the terms and conditions of their employment or contract. None of Contractor or Contractor Personnel shall have a claim against Hospital under this Agreement or otherwise for social security benefits, workers' compensation benefits,

vacation pay, sick leave, retirement benefits, disability or unemployment benefits, or employee benefits of any kind. Hospital shall not withhold on behalf of Contractor or Contractor Personnel any sums for income tax, unemployment insurance, social security or any other purposes, and all such withholdings or obligations shall be the sole responsibility of Contractor. Contractor shall indemnify, defend and hold harmless Hospital from any and all loss or liability, if any, arising under this Section 4.3.

5. INSURANCE AND INDEMNIFICATION

5.1. Contractor Insurance.

5.1.1. Coverage Requirements. Contractor, at its sole cost and expense, shall procure and maintain in force throughout the entire term of this Agreement continuous coverage (as defined in Section 5.1.2 below) of policies of professional liability and general liability insurance. Without limitation, the insurance policies shall (a) in the case of the professional liability insurance policy, provide coverage for covered medical incidents, including negligent acts or omissions of Contractor and Contractor Personnel (as defined in Section 12.2) in the performance of professional health care or medical services during its term, (b) in the case of the general liability insurance policy, provide coverage for bodily injury and property damage resulting from negligent acts or omissions of Contractor and Contractor Personnel, (c) name Contractor and Contractor Personnel as named insureds, (d) be issued by an insurance company licensed or otherwise qualified to issue professional liability and general liability insurance policies or coverage in the State of California and rated A- or better by A.M. Best Rating Agency or be issued by an adequately funded and secured self-insurance trust, and (e) provide for minimum coverage limits consistent with the requirements of the Hospital's Medical Staff Bylaws, but in no event less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate, and such limits shall apply separately for Contractor, for each Physician and for each other Contractor Personnel.

5.1.2. Continuous Coverage. For purposes of this Agreement, the term "**continuous coverage**" means the maintenance of professional liability and general liability insurance during the period commencing as of the Effective Date, continuing during the entire term of this Agreement (including any extensions or renewals hereof) and, if claims-made form of coverage, expiring not less than five (5) years following the expiration or earlier termination of this Agreement (the "**Insurance Period**"). To satisfy the requirement of continuous coverage, if for any reason during the Insurance Period any insurance policy maintained by Contractor pursuant to this Section 5.1 terminates, expires, is cancelled or is not renewed, or if there is a reduction or other change in the amount or scope of any coverage under the policy (whether by action of the insurance company, Contractor, or Contractor Personnel), Contractor shall (a) cause a replacement insurance policy meeting the requirements of this Section 5.1 to be in effect as of the effective date of the termination, expiration, non-renewal, cancellation, reduction, or other change of the prior insurance policy, and (b) purchase either extended reporting coverage (i.e., "tail" coverage) or prior acts coverage (i.e., "nose" coverage). "Tail" coverage must provide for a discovery/reporting period that would extend at least through the end of the Insurance Period, and "nose" coverage must provide coverage at least as of the start of the Insurance Period.

5.1.3. Certificate of Insurance. Contractor shall provide Hospital with certificates of insurance evidencing the insurance policies required by this Section 5.1. Copies of such certificates are attached hereto in Exhibit F. Such insurance policy or policies shall also provide for not less than thirty (30) days' prior notice to Hospital of any termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage required under this Section 5.1. Contractor shall give Hospital not less than sixty (60) days' prior written notice of its intent to cancel such insurance, and agrees promptly to notify Hospital of any other termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage under the policy, but in no event later than ten (10) days following Contractor's, a Physician's or Contractor Personnel's receipt of notification of such action. In the event Contractor fails to procure, maintain or pay for the insurance required under this Section 5.1, Hospital shall have the right, but not the obligation, to obtain such insurance. In that event, Contractor shall reimburse Hospital for the cost thereof, and failure to repay the same upon demand by Hospital shall constitute breach of a material provision of this Agreement.

5.2. Indemnification.

5.2.1. Contractor. Contractor shall defend, indemnify and hold harmless Hospital, its members, directors, officers, employees, and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Contractor (including its directors, officers, employees, agents, Physician(s) and any other Contractor Personnel as defined in Section 12.2) arising out of, or in connection with, the performance of this Agreement.

5.2.2. Hospital. Hospital shall defend, indemnify and hold harmless Contractor, its members, directors, officers, employees and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Hospital (including its directors, officers, employees, and agents except Contractor and Contractor Personnel) arising out of, or in connection with, the performance of this Agreement.

5.2.3. Reimbursement. Contractor shall indemnify and promptly reimburse Hospital for all reasonable costs and expenses incurred by Hospital in connection with any investigation or litigation involving Contractor or Contractor's employees, agents or persons controlling, under common control with or controlled by Contractor.

5.3. Insurance for Administrative Duties. Hospital at its sole cost and expense shall procure and maintain liability coverage from a carrier of its choice in the minimum amount of One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate covering solely the Administrative Services provided during the term of this Agreement on Hospital premises by the Physician pursuant to Section 1.1, and not for professional services or any other patient care/clinical activities. Upon Contractor's request, Hospital shall provide Contractor with certificates of insurance evidencing the coverage. Hospital agrees to give Contractor not less than sixty (60) days' written notice of its intent to cancel such insurance and agrees to promptly notify Contractor in writing of any other

cancellation, reduction, or material change in the amount or scope of any coverage under the policy.

6. BOOKS AND RECORDS.

6.1. Medical Records and Claims. Contractor shall and shall cause Physician(s) and to prepare and maintain a complete medical record on a timely basis for each Hospital patient to whom Contractor, Physician(s) provide Professional Services. This medical record shall be made on forms provided by Hospital. Contractor shall and shall cause Physician(s) to maintain financial books and records, and all medical records and charts, in accordance with industry standards, and in compliance with all state and federal laws and regulations, the regulations and requirements of the voluntary accrediting institutions (including, without limitation, The Joint Commission) in which Hospital participates, and the Medical Staff Bylaws and Hospital Rules and Regulations. Contractor shall and shall cause Physician(s) to maintain and provide all such books, records and charts to patients and Hospital, and to state and federal agencies, including without limitation the California Department of Corporations and California Department of Managed Health Care (or their successors), as may be necessary for Contractor and/or Hospital to comply with applicable state, federal, and local law and regulation and with contracts between Hospital and third party payors. Contractor shall and shall cause Physician(s) to cooperate with Hospital to complete such claim forms for Department patients as may be required by insurance carriers, health care service plans, governmental agencies, or other third party payors. Contractor shall and shall cause Physician(s) to retain its/their records and information for at least six (6) years after the termination of this Agreement.

6.2. Access to Contractor Books and Records.

6.2.1. Contractor shall and shall cause Physician(s) to, in connection with the subject of this Agreement, cooperate fully with Hospital, by, among other things, maintaining and making available all necessary books, documents and records, in order to assure that Hospital will be able to meet all legal requirements and all requirements for participation and payment associated with private, federal, state, or other public third party payment programs, including without limitation, Section 1861(v)(1)(I) of the federal Social Security Act, as amended.

6.2.1.1. Until the expiration of four (4) years after the furnishing of services pursuant to the Agreement, Contractor shall make available to the Secretary of Health and Human Services and the Comptroller General of the United States, or their duly authorized representatives, upon written request of any of them, this Agreement, and all books, documents and records that are necessary to certify the nature and extent of the cost of services hereunder. If Contractor carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the subcontracting organization shall make available, upon written request to the Secretary or the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

6.2.2. If Contractor is requested to disclose books, documents or records pursuant to this Section, Contractor shall notify Hospital of the nature and scope of such request, and Contractor shall make available, upon written request of Hospital, all such books, documents or records, during regular business hours of Contractor.

7. CONFIDENTIALITY

7.1. Agreement Confidential. This Agreement is personal and confidential between the Parties, and the Parties hereto shall not release information concerning this Agreement to any person without the consent of the other Party, except as permitted herein. This prohibition against release of information shall not prevent the Parties from disclosing the contents of this Agreement to their respective attorneys, and shall not apply to any information required to be released by contracts existing as of the date of this Agreement, or to fiscal intermediaries, public agencies or commissions with government powers and duties related to disclosure of information having the right to compel disclosure of such information, nor to any information otherwise compelled to be released by process of law, nor to any information required to be disclosed to Hospital's representatives or others in connection with Hospital's or Verity's tax exempt bonds or other financing transactions.

7.2. Medical Staff and Committee Records. All records, files, proceedings and related information of Contractor, Hospital and the Medical Staff and its committees pertaining to the evaluation and improvements of the quality of patient care at Hospital shall be kept strictly confidential by Contractor and Hospital. Contractor shall not, and shall cause each Physician not, to voluntarily disclose such confidential information, either orally or in writing, except as expressly required by law or pursuant to written authorization by Hospital.

7.3. Patient Records. Any and all patient records and charts produced as a result of either Party's performance under this Agreement shall be and remain the property of Hospital. Both during and after the term of this Agreement, Contractor, or its agents, shall be permitted to inspect and/or duplicate, at Contractor's expense, any individual chart or record to the extent necessary to meet its professional responsibilities to such patient(s) and/or to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, provided that such inspection or duplication is permitted and conducted in accordance with the applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. Contractor shall be solely responsible for maintaining patient confidentiality with respect to any information obtained by it, Physician(s) or its agents pursuant to this Agreement.

7.4. Trade Secrets. Contractor acknowledges and shall cause each Physician to acknowledge that in connection with its/his/her performance under this Agreement, Contractor, Physician(s) may or will have access to and the use of confidential information and trade secrets (the "**Confidential Information**") of Hospital related to the Department and its operations which include, but are not limited to, financial statements, internal memoranda, reports, patient lists, and other materials or records of a proprietary nature. In order to protect the Confidential Information, Contractor agrees that neither it nor any Physician will, after the date of this Agreement and for so long as any such Confidential Information remains confidential, secret or otherwise wholly or partially protectable, use such information (except in connection with the

performance of its/his/her duties hereunder) or divulge the Confidential Information to any third party, without first obtaining the prior written consent of the Hospital President and CEO or his/her designee.

8. COMPLIANCE WITH HOSPITAL STANDARDS

8.1. Corporate Responsibility Program. Contractor expressly agrees and shall cause each Physician to expressly agree that Hospital's Corporate Responsibility Program, as adopted and amended from time to time (the "**Compliance Program**"), shall be incorporated herein and made a part of this Agreement. Contractor shall and shall cause Physician(s) to comply with such Compliance Program at Contractor's sole cost and expense. Without limiting the foregoing commitment to comply with Hospital's Compliance Program, Contractor agrees that:

8.1.1. Contractor shall and shall cause Physician(s) to comply with all applicable federal and state laws and regulations;

8.1.2. Contractor shall and shall cause Physician(s) to cooperate with Hospital corporate compliance audits, reviews and investigations which relate to Contractor and/or any of the services provided by Contractor, Physician(s) under this Agreement (including, without limitation, providing any and all Contractor documents and/or information with respect to Contractor, Physician(s) and Contractor activities under this Agreement);

8.1.3. If requested by Hospital, Contractor shall and shall cause Physician(s) to participate in corporate compliance-related seminars and educational programs sponsored by Hospital; and

8.1.4. Contractor shall and shall cause Physician(s) to comply with and not do or cause to be done any act or omission which in any way conflicts with or violates the standards of conduct (the "**Standards of Conduct**") which are part of Hospital's Compliance Program.

8.2. Acknowledgment. Contractor hereby acknowledges (a) that it has received a description of the Compliance Program titled "Essential Characteristics of the Verity Health System of California, Inc. Corporate Responsibility Program," and the Standards of Conduct, each of which is attached hereto as Exhibit G, and (b) that Contractor and each Physician have been given ample opportunity to read and review the copies.

8.3. Deficit Reduction Act. In compliance with Section 6032 of the Deficit Reduction Act of 2005, Hospital shall provide Contractor with access to Hospital's policies detailing California and federal false claims laws, including but not limited to the False Claims Act, and regulations, including whistleblower protections and penalties, and Hospital's policies and procedures for detecting and preventing fraud, waste, and abuse (available at https://stfrancis.verity.org/about-us/deficit-reduction-act-policies/), and Contractor agrees and shall cause each Physician to agree to abide by such policies in connection with the provision of services under this Agreement.

9. COMPLIANCE WITH LAWS

9.1. Generally. Contractor shall comply and shall cause Physician(s) to comply with all applicable laws, rules and regulations of all governmental authorities and accrediting agencies having jurisdiction over Hospital, physicians, and/or this Agreement, including Medicare and Medi-Cal laws, rules and regulations and all hospital and professional licensure and reimbursement laws, regulations, rules and policies.

9.2. Nondiscrimination. Contractor shall not and shall cause Physician(s) not to differentiate or discriminate in the provision of medical services to patients due to race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, physical handicap, medical condition, medical history, genetics, evidence of insurability, or claims history, in violation of any applicable state, federal or local law or regulation, or the rules and regulations of Hospital with respect to such matters.

9.3. Anti-Referral Laws. Nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patient to Hospital. Any consideration specified in this Agreement is consistent with what the Parties reasonably believe to be fair market value for the Services provided. Contractor acknowledges and shall cause Physician(s) to acknowledge that it/they are subject to and must comply with certain federal and state laws governing referral of patients, as may be in effect or amended from time to time, including but not limited to:

9.3.1. Payments for referrals or to induce the referral of patients (Cal. Business and Professions Code Section 650; Cal. Labor Code Section 3215; and the Medicare/Medicaid Fraud and Abuse Law, Section 1128B of the Social Security Act; and all implementing regulations); and

9.3.2. The referrals of patients by a physician for certain designated health care services to an entity with which the physician (or his/her immediate family) has a financial relationship (Cal. Business and Professions Code Sections 650.01 and 650.02; Cal. Labor Code Sections 139.3 and 139.31; and Section 1877 of the Social Security Act; and all implementing regulations).

9.4. Disclosure of Interests.

9.4.1. In order to permit compliance with federal anti-referral statutes and regulations, as amended from time to time, Contractor shall and shall cause Physician(s) to provide Hospital upon execution of this Agreement with information sufficient to disclose any ownership, investment or compensation interest or arrangement of Contractor, Physician, or any of Physician's immediate family members, in any entity providing "designated health services," as that term is defined in the statutes and regulations. This provision is not intended to reallocate any disclosure or reporting requirements imposed upon Contractor or a Physician under any governmental program to Hospital, or to create an assumption of such disclosure obligations on the part of Hospital, and Contractor acknowledges that it and/or each Physician shall have the sole responsibility to fulfill any such federal and/or state reporting requirements.

9.4.2. Contractor shall immediately inform Hospital of any other arrangements that may present a conflict of interest or materially interfere with Contractor's or a Physician's performance of its/his/her duties under this Agreement. Hospital may exercise its right to terminate this Agreement under Section 10.2.2 or suspend this Agreement under Section 10.3.1 if Contractor or a Physician pursues or engages in conduct that does constitute a conflict of interest or that materially interferes with (or is reasonably anticipated to interfere with) Contractor's or Physician's performance under this Agreement.

9.5. Privacy and Confidentiality.

9.5.1. Both Parties shall comply with all federal and state laws governing the confidentiality and privacy of patient health information, including, without limitation, the Health Insurance Portability and Accountability Act of 1996 and implementing regulations, and the Health Information Technology for Economic and Clinical Health Act and implementing regulations (collectively, "**HIPAA**"). In addition, Contractor and each Physician shall comply with Hospital and Medical Staff policies and procedures regarding patient privacy and confidentiality.

9.5.2. In providing Administrative Services under this Agreement, Contractor and Medical Director may have access to Protected Health Information (as defined by HIPAA) of a Hospital patient who is not also a mutual patient of Contractor or Medical Director, resulting in Contractor serving as a Business Associate (as defined by HIPAA) of Hospital. The Parties agree to enter into a Business Associate Agreement, attached hereto as Exhibit H and incorporated herein, which sets forth the requirements for the potential use or disclosure of, and access to, Protected Health Information with respect to such arrangements.

9.6. Changes in Law. In the event there are any changes in Medi-Cal or Medicare requirements, The Joint Commission accreditation guidelines or requirements, federal or state tax exemption requirements, and/or substantial changes under other public or private health and/or hospital care insurance programs or policies which may have a material effect on the Hospital's operations, Hospital may elect to renegotiate this Agreement. Hospital shall indicate the basis upon which it has determined that such a material impact on its operations may result. In any case where such notice is provided, both Parties shall negotiate in good faith during the thirty (30) day period thereafter in an effort to develop a revised Agreement, which, to the extent reasonably practicable, will adequately protect the interests of both Parties in light of the changes which constituted the basis for the exercise of this provision.

10. TERM AND TERMINATION

10.1. Term. The term of this Agreement shall commence on the Effective Date and shall expire on April 30, 2020, unless sooner terminated or extended as otherwise provided in this Agreement. The term of this Agreement may be renewed by mutual written agreement of the Parties. Notwithstanding the expiration of the stated term of this Agreement, all terms and conditions of this Agreement shall remain effective, in force and applicable in full for an additional period during which the Parties' mutual intent to continue this Agreement is manifested by their conduct, including, but not limited to, the continued performance of services

hereunder and payment of consideration for such services in accordance with the terms of Section 3 of this Agreement. In no event, however, shall the term of this Agreement exceed three (3) consecutive years.

10.2. Termination of Agreement. This Agreement shall terminate upon expiration of the term. Notwithstanding any other provisions of this Agreement, this Agreement may be terminated as follows:

10.2.1. Without Cause. Either party may terminate this Agreement, without cause or penalty, by giving no less than thirty (30) days' written notice to the other Party.] In the event of any such termination, the Parties shall not enter into another agreement with each other for the same services as are provided hereunder for a period of one (1) year after the later of the initial Effective Date or the effective date of the most recent amendment to this Agreement.

10.2.2. For Breach. Either Party may terminate this Agreement in the event of the other Party's breach hereof by giving thirty (30) days' prior written notice of the general nature of such breach. Notwithstanding the foregoing, this Agreement shall not terminate in the event that the breaching Party cures the breach, to the satisfaction of the non-breaching Party, within fifteen (15) days of the receipt of such notice (the **"Cure Period"**). Without limitation, any failure to provide the Professional Services or Administrative Services in accordance with Section 1 (Contractor and Physician Obligations) or to maintain compliance with the provisions in Sections 3 (Billing and Compensation), 5 (Insurance), 6 (Books and Records), 7 (Confidentiality), 8 (Compliance with Hospital Standards) and 9 (Compliance with Laws) shall constitute a material breach of this Agreement.

10.2.3. Immediately. Notwithstanding any other term or provision of this Agreement, Hospital may terminate this Agreement immediately by giving written notice to Contractor, upon the occurrence of any one or more of the following events:

10.2.3.1. Hospital determines in good faith that any aspect of the performance by or on behalf of Contractor or any Physician providing services under this Agreement endangers patient safety or will subject Hospital to ill repute.

10.2.3.2. Any Physician providing services under this Agreement fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 1.4 (Physician Qualifications), \5 (Insurance), 8 (Compliance with Hospital Standards) and 9 (Compliance with Laws).

10.2.3.3. Contractor or any Physician providing services under this Agreement is convicted of a crime punishable as a felony or involving moral turpitude.

10.2.3.4. Contractor (a) commences a voluntary case under the Bankruptcy Code; (b) has filed against it a petition commencing an involuntary case under the Bankruptcy Code that shall not have been dismissed within sixty (60) days after the date on which such petition is filed; (c) seeks relief as a debtor under any applicable law, other than the Bankruptcy Code, of any jurisdiction relating to the liquidation or reorganization of debtors or to

the modification or alteration of the rights of creditors, or consents to or acquiesces in such relief; (d) has entered against it an order by a court of competent jurisdiction (i) finding it to be bankrupt or insolvent, (ii) ordering or approving its liquidation or reorganization as a debtor or any modification or alteration of the rights of its creditors or (iii) assuming custody of, or appointing a receiver or other custodian for, all or a substantial portion of its property; (e) makes an assignment for the benefit of, or enters into a composition with, its creditors, or appoints, or consents to the appointment of, or suffers to exist a receiver or other custodian for, all or a substantial portion of its property; or (f) any similar occurrence reasonably indicating an imminent inability to perform substantially all of its duties under this Agreement.

10.2.4. Unable to Develop Revised Agreement. In the event the Parties are unable to develop a revised Agreement in accordance with Sections 3.6 (Changes in Rules & Regulations) or 9.6 (Changes in Law), either Party may elect to terminate this Agreement upon thirty (30) days' written notice to the other Party.

10.2.5. Department Changes. In the event a Department is eliminated or there is a material change in service levels of the Department during the term of this Agreement, Hospital shall provide Contractor with notice of such change in services, and the Parties shall promptly meet and confer to negotiate in good faith revised terms to this Agreement that are mutually agreeable and practicable to permit the continued provision of necessary Professional Services and Administrative Services in the Department. If such negotiations fail to result in mutually satisfactory amendment within forty-five (45) days of Contractor's receipt of notice provided hereunder, either Party may thereupon terminate this Agreement by providing thirty (30) days' notice of termination to the other.

10.2.6. Legal Counsel. In the event legal counsel for either Party advises that this Agreement or any practices which could be, or are, employed in exercising rights or providing Professional Services or Administrative Services under this Agreement pose a material risk of violating any legal requirements, including without limitation those referenced in Section 9 (Compliance with Laws) or any legal requirement related to Hospital's tax-exempt status or tax-exempt bond financing, the Parties in good faith shall undertake to revise this Agreement, in accordance with Section 12.10, to comply with such legal requirements. In the event the Parties are unable to agree upon the revised terms within thirty (30) days thereafter, either Party may terminate this Agreement immediately upon written notice to the other.

10.2.7. Effect of Termination.

10.2.7.1. Upon expiration or termination of this Agreement, neither Party shall have any further obligation hereunder except for (a) obligations due and owing which arose prior to the date of termination and (b) obligations, promises, or covenants contained herein which expressly extend beyond the term of this Agreement.

10.2.7.2. If Hospital provides Contractor (including any Physician) with office space for purpose of providing services under this Agreement, upon expiration or termination of this Agreement, and upon Hospital's request, Contractor (including any Physician), shall immediately vacate the Hospital and the Department premises, removing at

such time any and all of Contractor's personal property. Hospital may remove and store, at Contractor's expense, any personal property that has not been so removed.

10.2.7.3. Following the expiration or termination of this Agreement, Contractor shall not and shall cause each Physician not to do anything that might interfere with any Hospital efforts to contract with any other individual or entity for the provision of services or to interfere in any way with any relationship between Hospital and any entity or person who may replace Contractor.

10.2.7.4. Termination of this Agreement by Hospital shall not provide Contractor or any Physician the right to a fair hearing or the other rights more particularly set forth in the Medical Staff Bylaws.

10.3. Suspension of Agreement.

10.3.1. Hospital may suspend this Agreement in order to permit Hospital, its employees and agents to conduct any review of any ethical, clinical, compliance-related, quality- or patient care-related matter. In lieu of termination of this Agreement under Section 10.2, Hospital may suspend this Agreement for any reason provided under Sections 10.2.2 or 10.2.3.

10.3.2. Suspension of the Agreement shall take effect upon receipt of notice by Contractor in writing or orally; if given orally, Hospital shall confirm oral notice promptly in writing. Suspension shall remain in effect until the rights and duties of Contractor under this Agreement are reinstated by Hospital by written notice to Contractor. If the Agreement remains suspended for sixty (60) consecutive days, the suspension shall be treated as the termination of the Agreement without cause for all purposes of this Agreement.

10.3.3. Effect of Suspension.

10.3.3.1. Any period of suspense pursuant to this Section 10.3 shall be referred to as a "**Suspension Period.**"

10.3.3.2. During the Suspension Period, Hospital shall be relieved of all of its duties and obligations under this Agreement, including, without limitation, any obligation to make payment for services rendered by Physician(s) or to make available any Department space, supplies or support staff to Physician(s) or Allied Health Professional(s).

10.3.3.3. In the event that Hospital determines, in its sole discretion, to terminate the Suspension Period and reinstate this Agreement, Hospital shall have no obligation to pay Contractor any amounts that would have been owed under this Agreement (for services rendered by Physician(s) during the Suspension Period) had there been no Suspension Period.

10.4. Set-off. In the event of any breach of Section 1.18 above, Hospital may set-off and apply any compensation otherwise due to Contractor hereunder to cure any monetary defaults of Contractor under other agreements. This set-off right is in addition to other Hospital remedies set forth herein.

10.5. Damages Upon Termination or Suspension. In the event of any breach, suspension or termination of this Agreement by Hospital that is determined to be improper by a court of competent jurisdiction or by a binding arbitration award, Contractor shall accept monetary damages, if any, as full and complete relief, to the exclusion of any injunctive or similar relief.

10.6. Survival. The provisions of Sections 1.11, 1.14, 1.15, 1.17, 3, 5, 6.2, 7, 8.1, 10.2.7, 10.4, 10.5, 10.6 and 11 shall survive termination of this Agreement.

11. DISPUTE RESOLUTION

11.1. Special Meeting. Except as set forth in Section 11.6 below, in the event of any dispute or disagreement between the Parties with respect to this Agreement, either Party may request in writing a special meeting for the resolution of the dispute (a "**Special Meeting**"). The Special Meeting shall be held at a mutually agreeable location within ten (10) days of a written request for the meeting, which request shall specify the nature of the dispute to be resolved. The Special Meeting shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.2. Mediation. If a dispute has not been resolved within thirty (30) days after the date of the Special Meeting or within forty-five (45) days of the written request for the Special Meeting, either Party may initiate mediation of the dispute by sending a written request for mediation to the other Party. The Parties shall jointly select an independent and neutral person qualified to act as a mediator. The mediation proceeding shall commence not more than thirty (30) days after the written request for mediation. The mediation shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so. Unless the Parties otherwise agree, all fees and expenses of the mediation shall be borne equally by the Parties.

11.3. Arbitration. If the Parties are unable to reach a mutually acceptable resolution to the dispute within thirty (30) days following an initial mediation conference or within forty-five (45) days following the written request for mediation, the matter shall be submitted to arbitration. Either Party may commence arbitration by giving a written notice to the other Party demanding arbitration. There shall be one (1) impartial arbitrator, who shall be experienced in arbitration and knowledgeable regarding the health care/health related services industry. The Parties shall jointly select a single arbitrator. If the Parties cannot reach agreement as to a mutually acceptable arbitrator within ten (10) days after the demand to arbitrate is made, they shall request that an arbitrator be chosen by JAMS/Endispute, Inc.

11.4. Hearing. The arbitration process shall consist of an adversary hearing and each Party shall have the right to call and cross-examine witnesses under oath and to introduce oral and documentary evidence. The arbitration hearing shall take place in Los Angeles, California, San Jose, California, or San Francisco, California, and shall be governed by the rules of

Section 1280 et seq. of the California Code of Civil Procedure. The decision of the arbitrator shall be final and binding.

The arbitration shall commence within one hundred and eighty (180) days after the appointment of the arbitrator, unless the arbitrator is unavailable during that period, and in that event, it shall commence as soon as possible thereafter. In the event the arbitration does not commence within this time period, the Party demanding arbitration shall be able to pursue all legal remedies, including without limitation bringing an action regarding the dispute in a court of law.

11.5. Good Faith Finding. The arbitrator, in addition to resolving the dispute, shall make a finding whether the Parties to the arbitration acted in good faith. If the Parties are found by the arbitrator to have acted in good faith, both Parties shall equally share in the expenses and fees of the arbitration. However, if one Party is found not to have acted in good faith, that Party alone will bear the expenses and fees of the arbitration, including attorneys' fees for both Parties.

11.6. Injunctive Relief. Notwithstanding the provisions of this Section 11 and except as provided in Section 10.5 above, each of the Parties hereto shall have the right to apply for and obtain a temporary restraining order or other temporary, interim or permanent injunctive or equitable relief from a court of competent jurisdiction in order to enforce the provisions of any part of this Agreement as may be necessary to protect its rights under those Sections.

11.7. Costs. In the event a court action is brought to enforce or interpret any part of this Agreement, the prevailing Party shall be entitled to recover as an element of its costs of suit, reasonable attorneys' fees, as determined by the court.

11.8. Waiver of Jury Trial. To the extent not prohibited by applicable law which cannot be waived, each of the Parties hereby waives, and covenants it will not assert (whether as plaintiff, defendant, or otherwise), any right to trial by jury in any forum in respect of any issue, claim, demand, cause of action, action, suit or proceeding arising out of or based upon the Agreement or the subject matter thereof, in each case whether now existing or hereafter arising and whether in contract or tort or otherwise. Any Party may file an original counterpart or a copy of this Section with any court as written evidence of the consent of each of the Parties to the waiver of its right to trial by jury.

12. MISCELLANEOUS PROVISIONS

12.1. Notices. Written notice required under this Agreement shall be delivered personally or sent by United States registered or certified mail, postage prepaid and return receipt requested, and addressed or delivered to the Parties at the following addresses (or such address as may hereafter be designated by a Party by written notice thereof to the other Party):

Contractor	Hospital

Amod S. Moosa, M.D. A.S. Moosa, M.D., A Medical Corporation Neonatal Intensive Care Unit (NICU) St. Francis Medical Center Lynwood, California 90262	Interim President and Chief Executive Officer St. Francis Medical Center Lynwood, California 90262

12.2. Obligations of Contractor Personnel. All obligations and prohibitions imposed on Contractor pursuant to this Agreement are equally applicable to each and every Physician and to any other physician, partner, shareholder, associate, employee or contractor (collectively, the "**Contractor Personnel**") engaged, retained, employed or contracted by Contractor to assist in the performance of this Agreement. Contractor shall require all Contractor Personnel to comply with all terms and conditions of this Agreement. Upon Hospital's request, Contractor shall obtain from each of the Contractor Personnel a written acknowledgment and agreement to be bound by the terms and conditions of this Agreement in such form as may be required by Hospital.

12.3. Incorporation of Exhibits. All schedules, exhibits, addenda, and recitals referred to in this Agreement are an integral part of this Agreement and are incorporated in full into this Agreement by this reference.

12.4. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of California, without regard to conflict of law rules.

12.5. Force Majeure. Neither Party shall be liable or be deemed in default of this Agreement for any delay or failure to perform caused by Acts of God, war, acts of terrorism, disasters, strikes, or any similar cause beyond the control of either Party.

12.6. Catastrophe. In the event that Hospital facilities shall be partially damaged or destroyed by fire, earthquake or other catastrophe, and such damage is sufficient to render the facilities untenantable but not entirely or substantially destroyed, this Agreement may be suspended by Hospital until such time as Hospital determines that the premises or the facilities shall again be tenantable. In the event Hospital determines that Hospital facilities have been entirely or substantially destroyed by fire, earthquake, or other catastrophe, this Agreement may be terminated by either Party upon ten (10) days' written notice to the other; or, in the alternative, this Agreement shall be suspended until such time as Hospital shall erect or otherwise acquire new facilities with accommodations substantially similar to those provided herein for the use of Department, in the event that Hospital gives written notice to Contractor that it shall erect or otherwise acquire facilities. Nothing in this Agreement shall obligate Hospital to erect or otherwise acquire such facilities.

12.7. Tax Exempt Financing. Notwithstanding anything in this Agreement to the contrary, in the event that the Hospital uses the proceeds of tax-exempt financing, this Agreement shall be amended as may be necessary in order for Hospital to comply with the requirements of such financing so that the services provided under this Agreement are not considered "private activity use" under the Internal Revenue Code. Immediately upon request by

Hospital, Contractor shall execute any and all such amendments presented by Hospital and shall return promptly said executed original amendments to Hospital.

12.8. Severability. The provisions of this Agreement shall be deemed severable and if any portion shall be held invalid, illegal or unenforceable for any reason, the remainder of this Agreement shall be effective and binding upon the Parties.

12.9. Assignment and Delegation. Contractor shall not assign or delegate any of its rights or obligations under this Agreement, and any such assignment or delegation is expressly prohibited and shall be void. Subject to the prohibition contained in this paragraph, this Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the Parties hereto. Hospital, in its sole and absolute discretion, shall have the right at any time to assign, delegate or in any manner transfer all or any portion of its interests, obligations or duties under this Agreement to any person, group or entity without the consent of Contractor.

12.10. Amendment. This Agreement may be amended at any time by mutual agreement of the Parties without additional consideration, provided that before any amendment shall become effective, it shall be reduced to writing and signed by the Parties.

12.11. Entire Agreement. This Agreement, including all Attachments, is the entire Agreement between the Parties and no other agreements, oral or written, have been entered into with respect to the subject matter of this Agreement. This Agreement supersedes all prior agreements, negotiations, and communications of whatever type, whether written or oral, between the Parties hereto with respect to the subject matter of this Agreement.

12.12. Cross Reference of Agreements. Hospital and Contractor acknowledge and agree that this Agreement and any other agreement or arrangement between (a) Hospital and (b) Contractor, Physician or any immediate family member of Physician shall be cross-referenced to a master list of contracts that is centrally maintained and updated by Hospital. For the purposes of this Section, "immediate family member" means a husband or wife; birth or adoptive parent, child or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

12.13. Captions. Any captions or headings of the articles, sections, subsections, paragraphs, or subparagraphs of this Agreement are solely for the convenience of the Parties, are not a part of this Agreement and shall not be used for the interpretation or determination of validity of this Agreement or any provision hereof.

12.14. Cumulation of Remedies. The various rights, options, elections, powers, and remedies of the respective Parties hereto contained in, granted, or reserved by this Agreement, are in addition to any others that said Parties may be entitled to by law, shall be construed as cumulative, and no one of them is exclusive of any of the others, or of any right or priority allowed by law.

12.15. No Third Party Rights. The Parties do not intend the benefits of this Agreement to inure to any third person not a signatory hereto. Notwithstanding anything contained herein,

or any conduct or course of conduct by any Party hereto, before or after signing this Agreement, this Agreement shall not be construed as creating any right, claim or cause of action against either Party by any person or entity not a Party to this Agreement.

12.16. Counting Days. If the day for performance of any obligation under this Agreement is a Saturday, Sunday, or legal holiday (within the meaning of California Civil Code Section 7), then the time for performance of any obligation under this Agreement shall be extended to 5:00 p.m. on the first business day following such Saturday, Sunday, or legal holiday.

12.17. Construction of Agreement. The Parties agree that each Party and its counsel have fully participated in the review and revision of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party shall not apply in the interpretation of this Agreement or any amendment hereto or exhibit herein or therein.

12.18. Waiver. No delay or omission by either Party to exercise any right or remedy under this Agreement shall be construed to be either acquiescence or the waiver of the ability to exercise any right or remedy in the future. Any waiver of any terms and conditions hereof must be in writing, and signed by the Parties hereto. A waiver of any term or condition hereof shall not be construed as a future waiver of the same or any other term or condition hereof.

12.19. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all such counterparts together shall constitute one and the same instrument.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their respective duly authorized representatives effective as of the date first above written.

EXHIBIT A

DESCRIPTION OF SERVICES

ADMINISTRATIVE SERVICES

Contractor shall cause Medical Director to perform the following Administrative Services in Facility:

1. In conjunction with the Hospital's Medical Staff, establish and maintain practice standards to monitor the quality of care provided in the Facility.

2. Participate in the development and implementation of a plan of quality improvement for the Facility, which provides for continuous education of Facility's personnel.

3. Serve as member of and liaison with the Medical Staff; serve on appropriate Medical Staff committees mid act as educational consultant to attending physicians who are interested in the services offered by the Facility.

4. Educate and consult with Facility's staff and volunteers.

5. Assist in compliance with all applicable legal requirements and accreditation standards as such laws and standards apply to the medical aspects of Facility operations.

6. Assist in the orientation, education, and in-service training of all non-medical and paramedical personnel engaged for the operation and conduct of the Facility.

7. Serve as a liaison with attending physicians related to the Facility.

8. Assist in community outreach efforts and Medical Staff education.

9. Provide an annual evaluation, in writing, to Hospital administration outlining the Facility's (i) strategic goals in the prior year in the areas of (a) quality, (b) patient safety, and (c) improved efficiency; (ii) outcomes of each strategic goal; (in) actions proposed to address any goals not yet met; and (iv) goals and objectives for the subsequent contract year.

PROFESSIONAL SERVICES

Contractor shall cause Physician(s) to provide, as medically necessary, the following Professional Services:

1. NICU On-Call Coverage. Provide on-call medical coverage of the NICU by a Physician twenty-four (24) hours per day seven (7) days per week.

2. Establish schedules to ensure appropriate coverage of Professional Services at the NICU, including with limitation attendance of high-risk cesarean sections and deliveries as required by policy and as reasonably requested by attending physician.

3. Provide, as necessary, professional consultation and/or treatment for Hospital patients who present to the Emergency Department and are in need of Professional Services.

4. Faithfully perform all NICU duties.

5. Promptly report the results of Professional Services performed during each Coverage Shift assigned to Specialist to the patient's attending physician(s), if any, in accordance with the policies and procedures now or hereafter established by Hospital and Hospital's Medical Staff.

6. Promptly prepare all written reports and medical records required by Hospital with respect to Professional Services rendered.

PEDIATRIC OPHTHAMALOGY CALL COVERAGE SERVICES

Contractor shall cause Physician(s) to perform the following Call Coverage Services for Department:

1. Arrange for and compensate ophthalmologists for call coverage provided to Department.

2. Develop call panel coverage for Newborn Nursery with consideration of managed care group requests.

PERFORMANCE STANDARDS

Contractor shall cause Medical Director and Physicians providing services at Facility to use best efforts to achieve and maintain compliance with the following:

1. Reduce the number of Babygram X-Rays on infants.	**Target: 50%**
2. Reduce eye changes in very low birth weight premature infants.	**Target: 50%**
3. Number of Central Line Blood Stream Infections ("CLBSI).	**Target: 0**
4. Number of Urinaly Tract Infections ("UTI").	**Target: 0**
5. Number of Ventilator Acquired Pneumonia ("VAP").	**Target: 0**
6. Ensure pediatric follow-up of all late pre-term infants with 72-hours of discharge from Hospital.	**Target: 0**
7. Ensure timelines of surfactant for birth weight between 500-1250 grams (<2 hours).	**Target: 0**

BUSINESS ASSOCIATE AGREEMENT

In the role of Medical Director, Contractor may have access to certain Protected Health Information (as defined below and referred to herein as "PHI") that is not the PHI of a mutual patient, but the PHI of a Hospital patient. Consequently, in the Medical Director role, Contractor is serving as a Business Associate or "BA," and Hospital is serving as a Covered Entity or "CE."

To protect the privacy of the PHI and to comply with HIPAA, the HIPAA Regulations, and the California Confidentiality Laws (each as defined below), CE and BA desire to enter into this BA Agreement setting forth the terms and conditions of the use and disclosure of such PHI. This exhibit solely relates to the potential use or disclosure of, as well as access to, PHI when the patient is not also a patient of BA.

ARTICLE I: DEFINITIONS

1.1 **General Rule**. Capitalized terms not otherwise defined in this BA Agreement shall have the same meaning as those terms have in the HIPAA Regulations.

1.2 **HIPAA** means the Health Insurance Portability & Accountability Act of 1996, P.L. 104-191, as amended by the HITECH Act.

1.3 **HIPAA Regulations** means the regulations promulgated under HIPAA by the U.S. Department of Health and Human Services, including, but not limited to, the Privacy Rule, the Security Rule, and the Breach Notification Rule, as currently in effect and as modified from time to time.

1.4 **HITECH Act** means Subtitle D of the Health Information Technology for Economic and Clinical Health Act ("HITECH"), which is Title XIII of the American Recovery and Reinvestment Act of 2009, P.L. 111-5.

1.5 **Privacy Rule** means the Standards for Privacy of Individually Identifiable Health Information, codified at 45 CFR Parts 160 and 164, Subparts A and E, as currently in effect and as modified from time to time.

1.6 **Protected Health Information or "PHI"** shall have the meaning given to the term "Protected Health Information" under the Privacy Rule.

1.7 **Breach Notification Rule** means the Standards for Notification in the Case of Breach of Unsecured Protected Health Information, codified at 45 CFR Parts 160 and 164, Subparts A and D, as currently in effect and as modified from time to time.

1.8 **Security Rule** means the Security Standards for the Protection of Electronic Protected Health Information, codified at 45 CFR Parts 160 and 164, Subparts A and C, as currently in effect and as modified from time to time.

1.9 **California Confidentiality Laws** means the laws of the State of California governing the confidentiality of PHI, including, but not limited to, the California Confidentiality of

Medical Information Act (Cal. Civil Code §56 *et seq.*), the patient access law (Cal. Health & Safety Code §123100 et seq.), the HIV test result confidentiality law (Cal. Health & Safety Code §120975 et seq.), the Lanterman-Petris-Short Act (Cal. Wel. & Inst. Code §5328 et seq.), the medical identity theft law (Cal. Civil Code §1798.82), and the improper access notification law (Cal. Health & Safety Code §1280.15).

ARTICLE II: OBLIGATIONS OF BA

2.1 **General Requirements**. Except as otherwise limited in this BA Agreement, BA may use or disclose PHI to perform functions, activities, or services for, or on behalf of, CE pursuant to the Agreement, provided that such Use or Disclosure would not violate HIPAA, the HIPAA Regulations, or the California Confidentiality Laws if done by CE. BA and its agents and subcontractors shall only request, use, and disclose the minimum amount of PHI necessary to accomplish the purpose of the permitted Use or Disclosure. BA agrees to comply with all applicable provisions in HIPAA, the HIPAA Regulations, and the California Confidentiality Laws.

2.2 **Uses or Disclosures Permitted by Privacy Rule**. As permitted by the Privacy Rule, BA may use or disclose PHI: (a) as is necessary for the proper management and administration of BA's organization, or (b) to carry out the legal responsibilities of BA; provided, however, that any permitted Disclosure to a third party must be either Required by Law or subject to reasonable assurances obtained by BA from the third party that the PHI will be held confidentially, and securely, and used or disclosed only as Required by Law or for the purposes for which it was disclosed to such third party, and that any breaches of confidentiality of the PHI which become known to such third party will be immediately reported to BA. BA shall obtain the prior permission of CE before making any such disclosure that is not Required by Law. BA shall notify CE in a timely manner prior to making any Disclosure that is Required by Law, in order to afford CE the opportunity to respond to the request for such a Disclosure.

2.3 **Data Aggregation**. BA may provide Data Aggregation services relating to the Health Care Operations of CE.

2.4 **Disclosures to Agents and Subcontractors**. BA shall ensure that any agent or subcontractor to whom it provides PHI agrees in writing to the same restrictions, conditions, and requirements that apply to BA with respect to such PHI and as set forth herein regarding the Use and Disclosure and security of PHI, including, but not limited to, implementation of administration, physical and technical safeguards, notice of prohibited Use or Disclosure, mitigation of harmful effects, responses to requests for access and amendment, and a term permitting immediate termination of the agent's or subcontractor's agreement with BA for improper Use or Disclosure of PHI. BA shall terminate its agreement with any agent or subcontractor to whom it provides PHI if such agent or subcontractor fails to abide by any material term of such agreement.

2.5 **Safeguards**. BA shall implement and use appropriate safeguards as necessary to prevent the Use or Disclosure of PHI in any manner that is not permitted by this BA Agreement,

including but not limited to, safeguards designed to limit incidental Uses or Disclosures made pursuant to an otherwise permitted or required Use or Disclosure.

2.6 **Security Rule Safeguards**. To the extent that BA creates, receives, maintains, or transmits electronic PHI, BA shall comply with the Security Rule and implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of any electronic PHI that may be transmitted in conformity with the requirements of the Security Rule and prevent the Use or Disclosure of electronic PHI in any manner that is not permitted by this BA Agreement.

2.7 **Direct Access to CE's Electronic Systems**. If BA or its employees/agents are granted direct access to CE's electronic systems, BA will ensure that each of its employees and agents has access to only what is required for each employee/agent to perform the specific duties assigned by BA to that individual employee/agent pursuant to the Services Agreement with CE. Further, BA will provide immediate notice when its employees/agents are terminated or change roles or otherwise no longer have a need for access, BA will routinely monitor the list of employees/agents with access, BA will educate its employees/agents that sharing of login information among its employees/agents is prohibited, and BA will provide CE with a list of its employees/agents with access to CE's electronic systems upon request by CE.

2.8 **Minimum Necessary Use and Disclosure**. In conducting functions and/or activities under this BA Agreement or any other agreement between the parties hereto that involve the use and/or disclosure of PHI, BA shall make reasonable efforts to limit the use and/or disclosure of PHI to the minimum amount of information necessary as determined by CE to accomplish the intended purpose of the use or disclosure.

2.9 **Reporting**. BA agrees to provide written notice to CE of any Use or Disclosure of PHI that is in violation of this BA Agreement, the Privacy Rule, the California Confidentiality Laws, or other applicable federal or state law, within five (5) calendar days of becoming aware of such Use or Disclosure. BA shall also notify CE in writing within five (5) calendar days of receipt of any complaint that BA receives concerning the handling of PHI or compliance with this BA Agreement. BA further agrees to provide written notice to CE of any Security Incident within five (5) calendar days of BA's discovery of such Security Incident.

Notwithstanding the foregoing, BA shall immediately, and in no case longer than forty-eight (48) hours after, upon discovery of a Breach under HIPAA or breach under applicable state law, report to CE such Breach/breach, consistent with HIPAA, the HIPAA Regulations, and the California Confidentiality Laws. BA must also, without unreasonable delay, identify each individual whose unsecured PHI has been, or is reasonably believed to have been, accessed, acquired or disclosed as a result of the Breach/breach, and provide such information to CE as needed in order to meet the data breach notification requirements under the Breach Notification Rule and the California Confidentiality Laws, and in any event within five (5) calendar days after the discovery of the Breach/breach. The Breach shall be considered "discovered" when the BA knew or reasonably should have known when the Breach occurred.

BA agrees to fully cooperate, coordinate with and assist CE in gathering the information necessary to notify the affected individuals. BA agrees to cooperate with CE to ensure that all such Breach/breach notices are sent without unreasonable delay, and in no case more than five (5) business days from the discovery of the Breach/breach, as required under the applicable California Confidentiality Laws. BA agrees that it shall be solely responsible for all costs and expenses incurred by both CE and BA as a result of the Breach/breach, including costs associated with mitigation, preparation and delivery of the notices.

2.10 **Mitigation**. BA shall mitigate promptly, to the extent practicable, any harmful effect that is known to BA of a Use or Disclosure of PHI by BA in violation of this BA Agreement, the Privacy Rule, or other applicable federal or state law.

2.11 **Requests for Restrictions**. BA agrees to comply with requests for restrictions on Use or Disclosure of PHI that CE has agreed to or is required to abide by under 45 C.F.R. §164.522, to the extent that such restriction may affect BA's use or disclosure of such PHI.

2.12 **Access and Amendment**. To enable CE to fulfill its obligations under the Privacy Rule, BA shall make PHI in Designated Record Sets that are maintained by BA or its agents or subcontractors available to CE for inspection, copying or amendment within ten (10) calendar days of a request by CE. If an Individual requests inspection, copying or amendment of PHI directly from BA or its agents or subcontractors, BA shall notify CE in writing within five (5) business days of receipt of the request, and shall defer to, and comply with, CE's direction in a timely manner regarding the response to the Individual regarding the request for inspection, copying or amendment.

2.13 **Accounting**. BA shall implement a process for recording certain Disclosures of PHI by BA ("Accounting Information") in order to enable CE to comply timely with its obligations under the Privacy Rule including, but not limited to, 45 CFR Section 164.528. At a minimum, this Accounting Information shall include for each such Disclosure recordation of (a) the name and date of birth of the Individual whose PHI was the subject of the Disclosure; (b) the date of Disclosure; (c) the name and address of the recipient of the PHI; (d) a brief description of the PHI disclosed; and (e) a brief statement of the purpose for the Disclosure that reasonably informs the Individual of the basis for the Disclosure. Within ten (10) calendar days of notice from CE of a request for an accounting of Disclosures of PHI, BA shall make available to CE this Accounting Information. In addition, for any month in which BA makes a Disclosure of PHI, BA shall provide Accounting Information during the subsequent month pertaining to CE, in a format and medium specified by CE. If an Individual requests an accounting directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) business days of the request, and shall defer to, and comply in a timely manner with, CE's direction regarding the response to the Individual regarding the request for an accounting.

2.14 **Government Officials**. BA shall make its internal practices, books and records relating to the Use and Disclosure of PHI available to the Secretary of the U.S. Department of Health and Human Services ("Secretary") for purposes of determining CE's compliance with the Privacy Rule. BA shall notify CE regarding any PHI that BA provides to the Secretary

concurrently with providing such PHI to the Secretary, and upon CE's request, shall provide CE with a duplicate copy of such PHI.

2.15 **Insurance and Indemnity**. BA shall maintain or cause to be maintained sufficient insurance coverage as shall be necessary to insure BA and its agents or subcontractors against any claim or claims for damages arising under this BA Agreement. Such insurance coverage shall apply to all sites of BA and to all services provided by BA or its agents or subcontractors under this BA Agreement.

BA shall indemnify, hold harmless and defend CE and its affiliated entities from and against any and all claims, losses, liabilities, costs and other expenses (including reasonable attorneys' fees and costs, and administrative penalties and fines) incurred as a result of, or arising directly or indirectly out of or in connection with any act or omission of BA, its agents or subcontractors, under this BA Agreement including, but not limited to, negligent or intentional acts or omissions. The indemnification obligation of BA shall survive termination of this BA Agreement.

2.16 **Prohibition on Sale of PHI**. BA agrees to comply with the prohibition of sale of PHI without authorization unless an exception under 45 C.F.R. § 164.508 applies.

2.17 **Compliance with CE's Obligations**. To the extent that BA carries out CE's obligations under HIPAA, the HIPAA Regulations, or the California Confidentiality Laws, BA shall comply with all of the requirements of HIPAA, the HIPAA Regulations, and the California Confidentiality Laws, in the performance of such obligations.

ARTICLE III: OBLIGATIONS OF CE

3.1 **Notice of Privacy Practices**. CE shall notify BA of limitation(s) in its notice of privacy practices, in accordance with 45 CFR Section 164.520, to the extent such limitation affects BA's permitted Uses or Disclosures.

3.2 **Individual Permission**. CE shall notify BA of changes in, or revocation of, permission by an Individual to use or disclose PHI, to the extent such changes affect BA's permitted Uses or Disclosures.

3.3 **Restrictions**. CE shall notify BA of restriction(s) in the Use or Disclosure of PHI that CE has agreed to, in accordance with 45 CFR Section 164.522, to the extent such restriction affects BA's permitted Uses or Disclosures.

3.4 **Prohibited Requests**. CE shall not request BA to use or disclose PHI in any manner that would not be permissible under HIPAA, the HIPAA Regulations, or the California Confidentiality Laws, if done by CE.

ARTICLE IV: TERM AND TERMINATION

4.1 **Term**. This BA Agreement shall be effective as of the Effective Date, and shall continue in effect with respect to the Agreement until: (i) this BA Agreement is terminated in

accordance with the provisions of Section 4.2 or (ii) the Agreement (in its entirety) is terminated.

4.2 **Termination for Cause**. In the event of either party's material breach of this BA Agreement, the non-breaching party may terminate this BA Agreement upon ten (10) calendar days prior written notice to the breaching party in the event the breaching party does not cure such breach to the reasonable satisfaction of the non-breaching party within such ten (10) calendar day period. In the event that cure of a breach under this Section 4.2 is not reasonably possible, the non-breaching party may immediately terminate this BA Agreement; or if neither termination nor cure is feasible, the non-breaching party may, subject to all applicable legal privileges, report the violation to the Secretary of the Department of Health and Human Services. Either party may terminate this BA Agreement immediately if (a) the other party is named as a defendant in a criminal proceeding for a violation of HIPAA, HIPAA Regulations, or the California Confidentiality Laws, or (b) if a finding or stipulation that the other party has violated any standard or requirement of HIPAA, the HIPAA Regulations, the California Confidentiality Laws, or any other security or privacy law is made in any administrative or civil proceeding in which that party has been joined.

4.3 **Effects of Termination**. Upon termination of the business relationship between the parties and/or the BA Agreement for any reason, BA shall, at CE's direction, return or destroy all PHI that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such PHI. Upon CE's request, BA shall certify in writing that such return or destruction has occurred. If BA determines that return or destruction is not feasible, BA shall explain to CE in writing why conditions make the return or destruction of such PHI not feasible. If CE agrees that the return or destruction of PHI is not feasible, BA shall retain the PHI, subject to all of the protections of this BA Agreement, and shall make no further Use or Disclosure of the PHI, except as for those purposes that make the return or destruction of the PHI not feasible. In any event, upon termination of the business relationship between the parties and/or the BA Agreement, BA shall retain for no less than six (6) years the Accounting Information compiled by BA pursuant to section 2.13 of this BA Agreement, and shall make such Accounting Information available to CE within five (5) business days of a request.

4.4 **Survival**. The obligations of BA under this Article IV shall survive the termination of the business relationship between the parties and/or the BA Agreement.

AMENDED AND RESTATED MEDICAL DIRECTOR AGREEMENT

SKILLED NURSING FACILITY (SNF)

between

ST. FRANCIS MEDICAL CENTER

and

HARDING G. YOUNG, M.D., INC.

August 1, 2014

LIST OF EXHIBITS

Exhibit A	Description of Services
Exhibit B	Invoice/Time Sheet Form
Exhibit C	Executed IRS Form W-9, Taxpayer Identification Number
Exhibit D	Ethical and Religious Directives for Catholic Health Care Services and Essential Characteristics of the Daughters of Charity Health System Corporate Responsibility Program and Standards of Conduct
Exhibit E	Business Associate Agreement

AMENDED AND RESTATED MEDICAL DIRECTOR AGREEMENT BETWEEN ST. FRANCIS MEDICAL CENTER AND HARDING G. YOUNG, M.D., INC.

This Amended and Restated Medical Director Agreement Skilled Nursing Facility (SNF) ("**Agreement**") is entered into effective August 1, 2014 ("**Effective Date**") by and between St. Francis Medical Center, a California nonprofit religious corporation ("**Hospital**") and Harding G. Young, M.D., Inc., a California professional corporation ("**Contractor**"). Together, Hospital and Contractor are the "**Parties,**" and each is a "**Party.**"

RECITALS

A. Hospital is the owner and operator of a general acute care hospital located at 3630 East Imperial Highway, Lynwood, California 90262 in which there is located a Department of Medicine, in which there is located a Skilled Nursing Facility (the "**Facility**"). Hospital is affiliated with the Daughters of Charity Health System ("**DCHS**").

B. Program consists of facilities and equipment owned by Hospital and staffed by Hospital employees.

C. Contractor employs or contracts with Harding G. Young, M.D. ("**Physician**"), a physician who is duly qualified and licensed to practice medicine in the State of California, who is experienced and qualified in the specialized field of Family/General Practice Adult Medicine, and who is a member of the Hospital's Medical Staff ("**Medical Staff**").

D. Hospital desires to retain Contractor and designate Physician to provide certain administrative services in the development and operation of the Program, and has determined that this proposed arrangement with Contractor will enhance the Program's and the Hospital's organization, procedures, standardization, economic efficiency, and professional proficiency, and provide other benefits to enhance coordination and cooperation among the Program's providers and patients.

In consideration of the mutual covenants and promises set forth in this Agreement and for such other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Hospital and Contractor agree as follows:

AGREEMENT

1. CONTRACTOR AND PHYSICIAN OBLIGATIONS.

1.1. Medical Director of Facility. Contractor shall provide Physician to act as Medical Director of the Facility ("**Medical Director**") in accordance with the terms of this Agreement, the Medical Staff Bylaws and Rules and Regulations (collectively, "**Medical Staff Bylaws**"), and the Hospital's Bylaws, Rules and Regulations and policies and procedures. Contractor shall obtain the written consent of Hospital in advance of replacing Physician.

1.2. Qualifications of Physician. Contractor shall ensure that Physician, at all times during the term of this Agreement, (a) is duly licensed as a physician under California law, (b) is Board Certified (or, with the approval of the Hospital's President and CEO, or his/her designee,

has completed training equivalent to that required for Board Certification) in Family/General Practice Adult Medicine (c) is a member in good standing of the Active Medical Staff, (d) holds all clinical privileges on the Active Medical Staff of Hospital appropriate to the provision of Administrative Services hereunder, (e) is a participating provider in the Medicare and Medicaid programs (Titles XVIII and XIX of the Social Security Act, respectively), (f) maintains an unrestricted federal Drug Enforcement Administration ("**DEA**") registration number, (g) is employed by or under contractual arrangement with Contractor, and (h) maintains insurance coverage as set forth in Section 5 of this Agreement. Contractor shall provide documentation of compliance with all provisions of this Section to Hospital upon request.

Contractor represents and warrants to Hospital that (a) Physician's license to practice medicine in any state has never been suspended, revoked or restricted; (b) neither Contractor nor Physician has ever been reprimanded, sanctioned or disciplined by any licensing board or state or local medical society or specialty board; (c) Physician has never been denied membership or reappointment of membership on the medical staff of any hospital and no hospital medical staff membership or clinical privileges of Physician have ever been suspended, curtailed or revoked for a medical disciplinary cause or reason; (d) neither Contractor nor Physician has ever been excluded from participation in, or sanctioned by, any state, federal or local health care program, including, but not limited to Medicare or Medicaid; (e) neither Contractor nor Physician has ever been reprimanded, sanctioned or disciplined by the DEA, been denied a DEA registration number or had a DEA registration number restricted; (f) neither Contractor nor Physician has been denied insurance coverage as set forth in Section 5 of this Agreement or had such insurance coverage restricted; and (g) Contractor is authorized to contract on behalf of Physician for the provision of Administrative Services.

1.3. Administrative Duties. Contractor shall cause Physician to perform the administrative duties and responsibilities ("**Administrative Services**") as set forth in the Administrative Services section of the "Description of Services," attached hereto as Exhibit A, under the direction of President and CEO and Chief Nursing Officer. Contractor acknowledges and shall cause Physician to acknowledge that the Medical Executive Committee may monitor and review his/her performance as Medical Director, and that the results of any such reviews may be transmitted to Contractor, Physician and Hospital administration.

1.4. Administrative Hours. Contractor shall cause Physician to devote as much time as is necessary in performing the Administrative Services to provide for the effective management of the Facility, for a maximum of thirty (30) hours per month. Contractor shall cause Physician to coordinate his/her work schedule with Hospital to ensure the effective operation of the Facility.

1.5. Quality Programs; Performance Standards.

1.5.1. Contractor shall and shall cause Physician to (a) participate in Hospital's quality improvement, utilization review and risk management programs and serve on such quality improvement, utilization review and risk management committees as may be requested by Hospital from time to time; (b) participate in on-going quality improvement monitoring activities, such as audits; (c) participate in risk management activities designed to identify, evaluate and reduce risk of patient injury associated with care; and (d) assist utilization review in setting, monitoring and achieving length of stay and ancillary utilization goals.

1.5.2. As part of its quality improvement, utilization review and risk management programs, Hospital has developed certain criteria and procedures ("**Performance Standards**") to monitor the provision of services under this Agreement and ensure the quality

and efficiency of medical care in the Facility. Contractor shall cause Physician to abide by the Performance Standards set forth in the Performance Standards section of the "Description of Services" attached hereto as Exhibit A.

1.6. Assistant Medical Director. Subject to the prior written approval of Hospital, Contractor may appoint, at Contractor's sole expense, an Assistant Medical Director to perform the duties of Medical Director only in the event of Physician's absence. Contractor shall ensure that the Assistant Medical Director meets all of the same qualifications as Physician and shall cause the Assistant Medical Director to comply with all the requirements of this Agreement.

1.7. Medical Director Efforts. To ensure the effective operation of the Facility, the Parties recognize the need for Contractor, and in particular Physician, to devote a significant portion of its/their energies and efforts to Facility activities. Therefore, during the term of this Agreement, Contractor shall cause Physician to refrain from providing medical direction to any other Skilled Nursing Facility or establishing, performing any management or administrative services for, consulting with, investing in, or otherwise assisting in the management, administrative or operational functions of any other Skilled Nursing Facility, without the prior written consent of Hospital, which may be withheld in Hospital's sole discretion. Notwithstanding the foregoing, Hospital understands and acknowledges that Contractor and Physician are engaged in the private practice of medicine, and this Agreement shall not, in any way, limit Contractor's or Physician's private practice of medicine.

1.8. Hospital Rules. Contractor shall and shall cause Physician to comply with all applicable terms of this Agreement and all policies, bylaws, rules and regulations of Hospital and the Hospital's Medical Staff applicable to the Physician.

1.9. Operation of Facility. Contractor shall and shall cause Physician to comply with all applicable governmental laws and regulations and any applicable standards and recommendations of The Joint Commission, the American Medical Association, and the American Board of Family Medicine.

1.10. Complaints. Contractor and Hospital shall cooperate in good faith to investigate any complaints made by Hospital or Hospital patients concerning Physician and to resolve the complaint in a reasonable time with appropriate action. Contractor shall notify Hospital immediately of any complaints concerning Physician.

1.11. Exclusion. Contractor shall conduct screenings of its officers, directors, shareholders, associates, employees, contractors or other agents (collectively, the **"Contractor Personnel"**) who furnish, order or prescribe items or services reimbursable under any federal health program to or for patients of Hospital under this Agreement against the List of Excluded Individuals/Entities maintained by the Office of Inspector General (**"OIG"**) of the Department of Health and Human Services, the System for Awards Management (**"SAM"**; formerly the Excluded Parties List System) and any successor list maintained by the U.S. General Services Administration, and the Medi-Cal Suspended and Ineligible Provider List maintained by the California Department of Health Care Services prior to hire and once a year thereafter. Contractor will immediately notify Hospital in the event Contractor or one of Contractor Personnel is excluded from participation in a federal health care program. Contractor will indemnify Hospital for any claims, judgments, overpayments or expenses arising from such exclusion.

1.12. Cost Control. Contractor shall use its best efforts to monitor and control the expenses of the Facility in order to provide cost efficient services.

1.13. Use of Premises. In order to preserve Hospital's exemption from property and other taxes, pursuant to state and federal law, Hospital space must be used for Hospital purposes only. Consequently, Contractor shall and shall cause Physician to use the Facility premises solely for the provision of Administrative Services specified in this Agreement. No part of the premises of Hospital shall be used at any time by Contractor or Physician as an office for the general practice of medicine.

1.14. Notice of Events. Contractor shall immediately notify Hospital of: (a) any failure to satisfy the terms or any representation or warranty made in Section 1.2; (b) any incident report filed or malpractice claim or professional disciplinary action asserted or initiated against Contractor or any Physician; (c) any modification in or termination of Contractor's employment of or agreement with a Physician during the term of this Agreement; and (d) any pending change in corporate identity, form or name of Contractor that necessitates a filing with or application for a permit from the Medical Board of California or the Secretary of State of the State of California or another state. Contractor shall provide the notice required pursuant to this Section 1.14(d) no later than forty-five (45) days prior to the effective date of the change in corporate identity, form or name, and shall take all such actions and provide all such information requested by Hospital in order to amend and assign this Agreement, as necessary, to reflect Contractor's new corporate identity, form or name.

1.15. Litigation Consultation.

1.15.1. Assistance in Litigation. Contractor shall ensure that Physician is available to Hospital to testify as a witness, at no fee, or as an expert witness, in which case a reasonable and customary fee may be charged, in the event litigation is brought against Hospital, its directors, officers, agents or employees based upon a claim of negligence, malpractice or any other cause of action, except where Contractor or Physician is named an adverse party to Hospital in the proceeding.

1.15.2. Expert Witness Consultant. Contractor shall ensure that Physician shall not accept consulting assignments or otherwise contract, agree or enter into an engagement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim asserting negligence, malpractice or professional liability on the part of Hospital or any hospital or health care facility that is a division or other subordinate organization of DCHS, or in which any division or subordinate organization of DCHS is named, or is expected to be named, as a defendant. It is further agreed that Contractor shall and shall cause Physician to refrain from accepting similar consulting assignments if the defendant(s) or anticipated defendant(s) include medical staff, officers or members of the Medical Staff Executive Committee of any DCHS hospital, and the claim relates to an occurrence at any DCHS hospital; provided, however, the provisions of this paragraph shall not apply to situations in which Physician served as attending physician.

1.16. Limitations on Authority of Contractor. Contractor shall not and shall cause Physician not to (a) incur any financial obligation on behalf of the Hospital without Hospital's express prior written consent; (b) obligate or commit any assets of Hospital for the purchase, acquisition or pilot trial of equipment, supplies or personnel, without the express prior written authorization of Hospital, or enter into any contract on behalf of Hospital for the purchase, rental or other acquisition of equipment, supplies or personnel; (c) make, nor allow any other individual to make, any additions, alterations, improvements or repairs to any space, facilities or equipment furnished by Hospital, without the express prior written authorization of Hospital; or (d) remove any equipment or supplies furnished by Hospital, without the express prior written authorization of Hospital.

1.17. Hospital Employees. During the term of this Agreement and for one (1) year after its termination, Contractor (a) shall not hire or contract with (directly or indirectly), seek to hire or contract with, or assist in hiring or contracting with any employee, agent or independent contractor of Hospital and (b) shall not induce, seek to induce, or take action which results in the termination of employment or other arrangement between Hospital and such employee, agent or independent contractor or otherwise interferes with such employment or contractual arrangement.

1.18. Other Agreements. Contractor shall timely and fully perform all of its monetary and non-monetary obligations to Hospital or its affiliate under any medical office building lease and any other written contracts between or among such parties.

2. HOSPITAL OBLIGATIONS

2.1. Licensure and Accreditation. Hospital shall provide, as further specified below, the space, equipment, supplies, resources, and non-physician personnel necessary for Hospital to maintain a Facility licensed by the California Department of Public Health and accredited by The Joint Commission.

2.2. Responsibility under Title 22. In compliance with Section 70713 of Title 22 of the California Code of Regulations, Hospital shall retain professional and administrative responsibility for services rendered pursuant to this Agreement.

2.3. Administrative Director. Hospital shall provide an Administrative Director of the Facility ("**Administrative Director**") who shall be responsible and accountable to Hospital for administrative and technical functions, including supervision, selection, assignment and evaluation of Hospital personnel; maintenance of equipment; development of an annual budget; and acquisition of materials, supplies and equipment. In the event of any dispute between the Physician and the Administrative Director regarding their respective administrative responsibilities, such dispute shall be submitted to the Hospital's President and CEO, or his/her designee, whose decision shall be final and binding upon the Parties.

2.4. Space. Hospital shall furnish for the use of Contractor such space as is reasonably necessary, in Hospital's sole discretion, following consultation with the Contractor, for the proper operation of the Facility.

2.5. Equipment. Hospital shall furnish, at its expense, such medical and office equipment as are reasonably necessary, in the sole discretion of Hospital following consultation with Contractor, for the proper operation of the Facility. Hospital shall consult Contractor regarding proposals for the purchase of new equipment. Hospital shall, at its expense, keep and maintain all equipment in good order and repair.

2.6. Supplies. Hospital shall, following consultation with Contractor, purchase such supplies as may be reasonably necessary, in the sole discretion of Hospital, for the proper operation of the Facility.

2.7. Usual Purchasing Practices. The furnishing of the aforementioned equipment and supplies shall be subject to (a) the usual purchasing practices of Hospital in accordance with its budget requirements and (b) obtaining all necessary government approvals, if any. Contractor shall endeavor to submit, for the purpose of budget planning, all requests for equipment and supplies purchases desired during a forthcoming fiscal year at least one hundred and eighty (180) days prior to the beginning of the fiscal year.

2.8. Hospital Services. Hospital shall, at its expense, furnish the Facility with such ordinary janitorial and in-house mail service, telephone, laundry, gas, water, heat and electricity as may, in the Hospital's sole discretion, be required for the proper operation of the Facility. Hospital shall also provide services of such other Hospital departments, including but not limited to, nursing, administrative, accounting, engineering, purchasing and medical records, as are, in the Hospital's sole discretion, reasonably required for the proper operation of the Facility.

2.9. Hospital Personnel. Hospital shall provide the services of nurses, technicians, secretaries, clerical and all other non-physician personnel required for the proper and efficient operation of the Facility. Such personnel shall be employed and directed by Hospital. All salaries, wages, taxes, insurance, workers' compensation insurance, retirement and other fringe benefits, and expenses of any kind incident to their employment shall be and remain the responsibility and obligation of Hospital. Such personnel shall be subject to Contractor's medical supervision only with respect to clinical matters and related training.

3. BILLING AND COMPENSATION

3.1. Administrative Services. Contractor shall, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement submit a written invoice to Hospital in the form attached hereto as Exhibit B, or as otherwise required by Hospital, detailing to Hospital's satisfaction the Administrative Services provided by Contractor in accordance with Section 1.3 during the immediately preceding calendar month. In completing the monthly invoice set forth in Exhibit B, or as otherwise required by Hospital, Contractor shall describe the specific Administrative Services activities performed, specify the date(s) on which those activities occurred, and, for each date, record the number of hours spent. Hospital will not accept invoices submitted more than sixty (60) days after the end of the calendar month for which payment for Administrative Services is sought.

In consideration of the Administrative Services provided by or on behalf of Contractor to Hospital under Section 1.3, and expressly conditioned upon Contractor's timely submission to Hospital of the monthly invoice required pursuant to this Section, Hospital shall pay to Contractor and Contractor shall accept as payment in full for the Administrative Services rendered hereunder the sum of Ninety Five Dollars ($95) per hour, not to exceed Two Thousand Eight Hundred Fifty Dollars ($2,850) per month, on or before the twentieth (20th) day of each month for the preceding month's service.

Payment shall be made in the name of Contractor. To ensure that compensation is reported as paid to the proper party, attached hereto as Exhibit C is a completed and executed copy of IRS Form W-9 which identifies the taxpayer identification number for Contractor.

3.2. Conditions for Payment.

3.2.1. Payment of the compensation provided herein is conditioned upon Contractor and Physician (a) timely and fully performing all of the duties and obligations set forth in Section 1 (Contractor and Physician Obligations) above and (b) maintaining such records and supporting documents as may, from time to time, be required to comply with the requirements of governmental agencies and third party payors, including: preparing complete and accurate time records which document separately all time spent providing professional, administrative and teaching services hereunder, in a form acceptable to Hospital; pursuant to 42 CFR section 415.60 and in order to comply with Medicare requirements, executing and updating at such times and on such forms as requested by Hospital, a written allocation statement specifying the respective amounts of time to be spent in furnishing professional, administrative

services to provider, and services which do not fall into either category; and completing or assuring the prompt completion of all patient charts and other written records necessary to be maintained with respect to the Facility, including all Administrative Services provided under this Agreement.

3.2.2. Hospital will not make any payment to Contractor for any Administrative Services rendered prior to the later of the Effective Date or the date of execution of the Agreement by both Parties.

3.3. Changes in Rules and Regulations. The Parties understand that they may have to alter their billing arrangements in order to comply with changing legal requirements or to avoid economically impracticable reimbursement disallowances. The Parties therefore agree, upon written request of either Party, to negotiate in good faith in order to modify this Agreement so as to comply with such legal requirements or to avoid such disallowances. If the Parties cannot reach agreement on such modifications within sixty (60) days after the initial written request, either Party may terminate this Agreement upon thirty (30) days' additional written notice.

4. INDEPENDENT CONTRACTOR

4.1. Independent Contractor. In the performance of the duties and obligations of Contractor hereunder, it is mutually understood and agreed that Contractor, including all Contractor Personnel (as defined in Section 12.2), is at all times acting and performing as an independent contractor, and nothing in this Agreement is intended nor shall be construed to create between (a) Hospital and (b) Contractor or Contractor Personnel an employer/employee, joint venture, agency, lease or landlord/tenant relationship. The standards of medical practice and professional duties of Contractor and Physician shall be determined by the Medical Staff and prevailing professional standards. In furtherance of the independent status of the Parties, Contractor shall not, and shall cause all Contractor Personnel to not, hold itself/themselves out as officers, agents or employees of Hospital. Contractor shall and shall cause all Contractor Personnel to take all reasonable steps to disavow such status or relationship in every instance where a reasonable person might assume that such a relationship exists between the Parties. Contractor shall reimburse or otherwise indemnify Hospital for all costs incurred if Contractor or any Contractor Personnel is held to be an employee or agent of Hospital for any purpose.

4.2. Governmental Challenge. In the event any governmental entity, including without limitation, the Internal Revenue Service, should question or challenge the independent contractor status of Contractor or Contractor Personnel with respect to Hospital and the Administrative Services rendered hereunder, the Parties hereto mutually agree that both Contractor and Hospital shall have the right to participate in any discussion or negotiation occurring with such governmental entity, regardless of who initiated such discussions or negotiations. In the event the governmental entity concludes that an independent contractor relationship does not exist, Hospital may terminate this Agreement immediately upon written notice to Contractor.

4.3. Tax and Benefits. Contractor and Contractor Personnel shall look only to Contractor for setting and administering the terms and conditions of their employment or contract. None of Contractor or Contractor Personnel shall have a claim against Hospital under this Agreement or otherwise for social security benefits, workers' compensation benefits, vacation pay, sick leave, retirement benefits, disability or unemployment benefits, or employee benefits of any kind. Hospital shall not withhold on behalf of Contractor or Contractor Personnel any sums for income tax, unemployment insurance, social security or any other purposes, and all such withholdings or obligations shall be the sole responsibility of Contractor. Contractor shall

indemnify, defend and hold harmless Hospital from any and all loss or liability, if any, arising under this Section 4.3.

5. INSURANCE AND INDEMNIFICATION

5.1. Contractor Insurance.

5.1.1. Coverage Requirements. Contractor, at its sole cost and expense, shall procure and maintain in force throughout the entire term of this Agreement continuous coverage (as defined in Section 5.1.2 below) of policies of professional liability insurance. Without limitation, the professional liability insurance policies shall (i) provide coverage for covered medical incidents, including negligent acts or omissions of Contractor, Physician and any other Contractor Personnel (as defined in Section 12.2) in the performance of professional health care or medical services during its term, (ii) name Contractor, Physician and any other Contractor Personnel as named insureds, (iii) be issued by an insurance company licensed or otherwise qualified to issue professional liability insurance policies or coverage in the State of California and rated A- or better by A.M. Best Rating Agency or be issued by an adequately funded and secured self-insurance trust, and (iv) provide for minimum coverage limits consistent with the requirements of the Hospital's Medical Staff Bylaws, but in no event less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate, and such limits shall apply separately for Contractor, for Physician and for any other Contractor Personnel.

5.1.2. Continuous Coverage. For purposes of this Agreement, the term "continuous coverage" means the maintenance of professional liability insurance during the period commencing as of the Effective Date, continuing during the entire term of this Agreement (including any extensions or renewals hereof) and, if claims-made form of coverage, expiring not less than five (5) years following the expiration or earlier termination of this Agreement (the "**Insurance Period**"). To satisfy the requirement of continuous coverage, if for any reason during the Insurance Period any insurance policy maintained by Contractor pursuant to this Section 5.1 terminates, expires, is cancelled or is not renewed, or if there is a reduction or other change in the amount or scope of any coverage under the policy (whether by action of the insurance company, Contractor, Physician or any other Contractor Personnel), Contractor shall (i) cause a replacement insurance policy meeting the requirements of this Section 5.1 to be in effect as of the effective date of the termination, expiration, non-renewal, cancellation, reduction, or other change of the prior insurance policy, and (ii) purchase either extended reporting coverage (i.e., "tail" coverage) or prior acts coverage (i.e., "nose" coverage). "Tail" coverage must provide for a discovery/reporting period that would extend at least through the end of the Insurance Period, and "nose" coverage must provide coverage at least as of the start of the Insurance Period.

5.1.3. Certificate of Insurance. Contractor shall provide Hospital with certificates of insurance evidencing the insurance policies required by this Section 5.1. Such insurance policy or policies shall also provide for not less than thirty (30) days' prior notice to Hospital of any termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage(s) required under this Section 5.1. Contractor shall give Hospital not less than sixty (60) days' prior written notice of its intent to cancel such insurance, and agrees promptly to notify Hospital of any other termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage under the policy, but in no event later than ten (10) days following Contractor's, Physician's or any other Contractor Personnel's receipt of notification of such action. In the event Contractor fails to procure, maintain or pay for the insurance required under this Section 5.1, Hospital shall have the

right, but not the obligation, to obtain such insurance. In that event, Contractor shall reimburse Hospital for the cost thereof, and failure to repay the same upon demand by Hospital shall constitute breach of a material provision of this Agreement.

5.2. Indemnification.

5.2.1. Contractor. Contractor shall defend, indemnify and hold harmless Hospital, its members, directors, officers, employees, and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Contractor (including its directors, officers, employees, agents, Physician, and any other Contractor Personnel, as defined in Section 12.2) arising out of, or in connection with, the performance of this Agreement.

5.2.2. Hospital. Hospital shall defend, indemnify and hold harmless Contractor, its members, directors, officers, employees and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Hospital (including its directors, officers, employees, and agents except Contractor and Contractor Personnel) arising out of, or in connection with, the performance of this Agreement.

5.3. Insurance for Administrative Duties. Hospital, at its sole cost and expense, shall procure and maintain liability coverage from a carrier of its choice in the minimum amount of One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate covering solely the Administrative Services provided during the term of this Agreement on Hospital premises by Physician pursuant to Section 1.3, and not for professional services or any other patient care/clinical activities. Upon Contractor's request, Hospital shall provide Contractor with certificates of insurance evidencing the coverage. Hospital agrees to give Contractor not less than sixty (60) days' written notice of its intent to cancel such insurance and agrees to promptly notify Contractor in writing of any other cancellation, reduction, or material change in the amount or scope of any coverage under the policy.

6. BOOKS AND RECORDS.

6.1. Medical Records and Claims. Contractor shall and shall cause Physician to maintain financial books and records, and all medical records and charts, in accordance with industry standards, and in compliance with all state and federal laws and regulations, the regulations and requirements of the voluntary accrediting institutions (including, without limitation, Joint Commission) in which Hospital participates, and the Medical Staff Bylaws and Hospital Rules and Regulations. Contractor shall and shall cause Physician to maintain and provide all such books, records and charts to patients and Hospital, and to state and federal agencies, including without limitation the California Department of Corporations and California Department of Managed Health Care (or their successors), as may be necessary for Contractor and/or Hospital to comply with applicable state, federal, and local law and regulation and with contracts between Hospital and third party payors. Contractor shall and shall cause Physician to cooperate with Hospital to complete such claim forms for Facility patients as may be required by insurance carriers, health care service plans, governmental agencies, or other third party payors. Contractor shall and shall cause Physician to retain its/his/her records and information for at least six (6) years after the termination of this Agreement.

6.2. Access to Contractor Books and Records.

6.2.1. Contractor shall and shall cause Physician to, in connection with the subject of this Agreement, cooperate fully with Hospital, by, among other things, maintaining and making available all necessary books, documents and records, in order to assure that Hospital will be able to meet all legal requirements and all requirements for participation and payment associated with private, federal, state, or other public third party payment programs, including without limitation, Section 1861(v)(1)(I) of the federal Social Security Act, as amended.

6.2.1.1. Until the expiration of four (4) years after the furnishing of Administrative Services pursuant to the Agreement, Contractor shall make available to the Secretary of Health and Human Services and the Comptroller General of the United States, or their duly authorized representatives, upon written request of any of them, this Agreement, and all books, documents and records that are necessary to certify the nature and extent of the cost of services hereunder. If Contractor carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the subcontracting organization shall make available, upon written request to the Secretary or the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

6.2.2. If Contractor is requested to disclose books, documents or records pursuant to this Section, Contractor shall notify Hospital of the nature and scope of such request, and Contractor shall make available, upon written request of Hospital, all such books, documents or records, during regular business hours of Contractor.

7. CONFIDENTIALITY

7.1. Agreement Confidential. This Agreement is personal and confidential between the Parties, and the Parties hereto shall not release information concerning this Agreement to any person without the consent of the other Party, except as permitted herein. This prohibition against release of information shall not prevent the Parties from disclosing the contents of this Agreement to their respective attorneys, and shall not apply to any information required to be released by contracts existing as of the date of this Agreement, or to fiscal intermediaries, public agencies or commissions with government powers and duties related to disclosure of information having the right to compel disclosure of such information, nor to any information otherwise compelled to be released by process of law, nor to any information required to be disclosed to Hospital's representatives or others in connection with Hospital's or DCHS's tax exempt bonds or other financing transactions.

7.2. Medical Staff and Committee Records. All records, files, proceedings and related information of Contractor, Hospital and the Medical Staff and its committees pertaining to the evaluation and improvements of the quality of patient care at Hospital shall be kept strictly confidential by Contractor. Contractor shall not, and shall cause Physician not to, voluntarily disclose such confidential information, either orally or in writing, except as expressly required by law or pursuant to written authorization by Hospital.

7.3. Patient Records. Any and all patient records and charts produced as a result of either Party's performance under this Agreement shall be and remain the property of Hospital. Both during and after the term of this Agreement, Contractor, or its agents, shall be permitted to inspect and/or duplicate, at Contractor's expense, any individual chart or record to the extent necessary to meet its professional responsibilities to such patient(s) and/or to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, provided that

such inspection or duplication is permitted and conducted in accordance with the applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. Contractor shall be solely responsible for maintaining patient confidentiality with respect to any information obtained by it, Physician or its agents pursuant to this Agreement.

7.4. Trade Secrets. Contractor acknowledges and shall cause Physician to acknowledge that in connection with its/his/her performance under this Agreement, Contractor and Physician may or will have access to and the use of confidential information and trade secrets (the "**Confidential Information**") of Hospital related to the Facility and its operations which include, but are not limited to, financial statements, internal memoranda, reports, patient lists, and other materials or records of a proprietary nature. In order to protect the Confidential Information, Contractor agrees that neither it nor Physician will, after the date of this Agreement and for so long as any such Confidential Information remains confidential, secret or otherwise wholly or partially protectable, use such information (except in connection with the performance of its/his/her duties hereunder) or divulge the Confidential Information to any third party, without first obtaining the prior written consent of the Hospital President and CEO or his/her designee.

8. COMPLIANCE WITH HOSPITAL STANDARDS

8.1. Ethical Principles, Policies and Practices. Hospital and any service or activity operated or sponsored by it, including the services and activities of the Medical Staff, are governed by the Ethical and Religious Directives for Catholic Health Care Services, as approved by the National Conference of Catholic Bishops and as the same may be updated and revised (the "**Directives**"). Throughout the term of this Agreement, the Directives shall govern performance of Contractor's obligations hereunder, and no activities or procedures that are contrary to the Directives shall be permitted or performed by Contractor or Physician within Hospital's facilities.

8.2. Corporate Responsibility Program. Contractor expressly agrees and shall cause Physician to expressly agree that Hospital's Corporate Responsibility Program, as adopted and amended from time to time (the "**Compliance Program**"), shall be incorporated herein and made a part of this Agreement. Contractor shall and shall cause Physician to comply with such Compliance Program at Contractor's sole cost and expense. Without limiting the foregoing commitment to comply with Hospital's Compliance Program, Contractor agrees that:

8.2.1. Contractor shall and shall cause Physician to comply with all applicable federal and state laws and regulations;

8.2.2. Contractor shall and shall cause Physician to cooperate with Hospital corporate compliance audits, reviews and investigations which relate to Contractor and/or any of the Administrative Services provided by Contractor or Physician under this Agreement (including, without limitation, providing any and all Contractor documents and/or information with respect to Contractor, Physician and Contractor activities under this Agreement);

8.2.3. If requested by Hospital, Contractor shall and shall cause Physician to participate in corporate compliance-related seminars and educational programs sponsored by Hospital; and

8.2.4. Contractor shall and shall cause Physician to comply with and not do or cause to be done any act or omission which in any way conflicts with or violates the standards of conduct (the "**Standards of Conduct**") which are part of Hospital's Compliance Program.

8.3. Acknowledgement. Contractor hereby acknowledges that (a) it has received copies of the Directives, a description of the Compliance Program titled "Essential Characteristics of the Daughters of Charity Health System Corporate Responsibility Program, and the Standards of Conduct, each attached hereto as Exhibit D, and (b) Contractor and Physician has been given ample opportunity to read and review these copies.

8.4. Deficit Reduction Act. In compliance with Section 6032 of the Deficit Reduction Act of 2005, Hospital shall provide Contractor with access to Hospital's policies detailing California and federal false claims laws, including but not limited to the False Claims Act, and regulations, including whistleblower protections and penalties, and Hospital's policies and procedures for detecting and preventing fraud, waste, and abuse (available at http://stfrancis.dochs.org/about-us/deficit-reduction-act-policies/), and Contractor agrees and shall cause each Physician to agree to abide by such policies in connection with the provision of services under this Agreement.

9. COMPLIANCE WITH LAWS

9.1. Generally. Contractor shall comply and shall cause Physician to comply with all applicable laws, rules and regulations of all governmental authorities and accrediting agencies having jurisdiction over Hospital, physicians, allied health professionals and/or this Agreement, including Medicare and Medi-Cal laws, rules and regulations and all hospital and professional licensure and reimbursement laws, regulations, rules and policies.

9.2. Nondiscrimination. Contractor shall not and shall cause Physician not to differentiate or discriminate in the provision of medical services to patients due to race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, physical handicap, medical condition, medical history, genetics, evidence of insurability, or claims history, in violation of any applicable state, federal or local law or regulation, or the rules and regulations of Hospital with respect to such matters.

9.3. Anti-Referral Laws. Nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patient to Hospital. Any consideration specified in this Agreement is consistent with what the Parties reasonably believe to be fair market value for the Administrative Services provided. Contractor acknowledges and shall cause Physician to acknowledge that it/they are subject to and must comply with certain federal and state laws governing referral of patients, as may be in effect or amended from time to time, including but not limited to:

9.3.1. Payments for referrals or to induce the referral of patients (Cal. Business and Professions Code Section 650; Cal. Labor Code Section 3215; and the Medicare/Medicaid Fraud and Abuse Law, Section 1128B of the Social Security Act; and all implementing regulations); and

9.3.2. The referrals of patients by a physician for certain designated health care services to an entity with which the physician (or his/her immediate family) has a financial relationship (Cal. Business and Professions Code Sections 650.01 and 650.02; Cal. Labor Code Sections 139.3 and 139.31; and Section 1877 of the Social Security Act; and all implementing regulations).

9.4. Disclosure of Interests.

9.4.1. In order to permit compliance with federal anti-referral statutes and regulations, as amended from time to time, Contractor shall and shall cause Physician to provide Hospital upon execution of this Agreement with information sufficient to disclose any ownership, investment or compensation interest or arrangement of Contractor, Physician, or any of Physician's immediate family members, in any entity providing "designated health services," as that term is defined in the statutes and regulations. This provision is not intended to reallocate any disclosure or reporting requirements imposed upon Contractor or Physician under any governmental program to Hospital, or to create an assumption of such disclosure obligations on the part of Hospital, and Contractor acknowledges that it and Physician shall have the sole responsibility to fulfill any such federal and/or state reporting requirements.

9.4.2. Contractor shall immediately inform Hospital of any other arrangements that may present a conflict of interest or materially interfere with Contractor's or Physician's performance of its/his/her duties under this Agreement. Hospital may exercise its right to terminate this Agreement under Section 10.2.2 or to suspend this Agreement under Section 10.3.1 if Contractor or Physician pursues or engages in conduct that does constitute a conflict of interest or that materially interferes with (or is reasonably anticipated to interfere with) Contractor's or Physician's performance under this Agreement.

9.5. Privacy and Confidentiality.

9.5.1. Both Parties shall comply with all federal and state laws governing the confidentiality and privacy of patient health information, including, without limitation, the Health Insurance Portability and Accountability Act of 1996 and implementing regulations, and the Health Information Technology for Economic and Clinical Health Act and implementing regulations (collectively, "**HIPAA**"). In addition, Contractor shall and shall cause Physician to comply with Hospital and Medical Staff policies and procedures regarding patient privacy and confidentiality.

9.5.2. In providing Administrative Services under this Agreement, Contractor and Physician may have access to Protected Health Information (as defined by HIPAA) of a Hospital patient who is not also a mutual patient of Contractor or Physician, resulting in Contractor serving as a Business Associate (as defined by HIPAA) of Hospital. The Parties agree to enter into a Business Associate Agreement, attached hereto as Exhibit E and incorporated herein, which sets forth the requirements for the potential use or disclosure of, and access to, Protected Health Information with respect to such arrangements.

9.6. Changes in Law. In the event there are any changes in Medi-Cal or Medicare requirements, Joint Commission accreditation guidelines or requirements, federal or state tax exemption requirements, and/or substantial changes under other public or private health and/or hospital care insurance programs or policies which may have a material effect on the Hospital's operations, Hospital may elect to renegotiate this Agreement. Hospital shall indicate the basis upon which it has determined that such a material impact on its operations may result. In any case where such notice is provided, both Parties shall negotiate in good faith during the thirty (30) day period thereafter in an effort to develop a revised Agreement, which, to the extent reasonably practicable, will adequately protect the interests of both Parties in light of the changes which constituted the basis for the exercise of this provision.

10. TERM AND TERMINATION

10.1. Term. This Agreement shall commence on the Effective Date and shall expire on July 31, 2016, unless sooner terminated or extended as otherwise provided in this Agreement. This Agreement may be renewed by mutual written agreement of the Parties. Notwithstanding the expiration of the stated term of this Agreement, all terms and conditions of this Agreement shall remain effective, in force and applicable in full for an additional period during which the Parties' mutual intent to continue this Agreement is manifested by their conduct, including, but not limited to, the continued performance of services hereunder and payment of consideration for such services in accordance with the terms of Section 3 of this Agreement. In no event, however, shall the term of this Agreement exceed three (3) consecutive years.

10.2. Termination of Agreement. Notwithstanding any other provisions of this Agreement, this Agreement may be terminated upon any of the following:

10.2.1. Without Cause. Either Party may terminate this Agreement, without cause or penalty, by giving no less than sixty (60) days' written notice to the other Party. In the event of such termination, the Parties shall not enter into another agreement with each other for the same Administrative Services as are provided hereunder for a period of one (1) year after the later of the initial Effective Date or the effective date of the most recent amendment to this Agreement.

10.2.2. For Breach. Either Party may terminate this Agreement in the event of the other Party's breach hereof by giving thirty (30) days' prior written notice of the general nature of such breach. Notwithstanding the foregoing, this Agreement shall not terminate in the event that the breaching Party cures the breach, to the satisfaction of the non-breaching Party, within fifteen (15) days of the receipt of such notice. Without limitation, any failure to provide the Administrative Services in accordance with Section 1 or to maintain compliance with the provisions of Sections 5, 6, 7, 8 and 9 shall constitute a material breach of this Agreement.

10.2.3. Immediately. Notwithstanding the foregoing, Hospital may terminate this Agreement immediately by giving written notice to Contractor, upon the occurrence of any one or more of the following events:

10.2.3.1. Hospital determines in good faith that any aspect of the performance by or on behalf of Contractor or Physician hereunder endangers patient safety or will subject Hospital to ill repute.

10.2.3.2. Contractor or Physician fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 1.2, 5, 8 and 9.

10.2.3.3. Contractor or Physician is convicted of a crime punishable as a felony or involving moral turpitude.

10.2.3.4. Contractor (a) commences a voluntary case under the Bankruptcy Code, (b) has filed against it a petition commencing an involuntary case under the Bankruptcy Code that shall not have been dismissed within sixty (60) days after the date on which such petition is filed, (c) seeks relief as a debtor under any applicable law, other than the Bankruptcy Code, of any jurisdiction relating to the liquidation or reorganization of debtors or to the modification or alteration of the rights of creditors, or consents to or acquiesces in such relief, (d) has entered against it an order by a court of competent jurisdiction (i) finding it to be bankrupt or insolvent, (ii) ordering or approving its liquidation or reorganization as a debtor or any modification or alteration of the rights of its creditors or (iii) assuming custody of, or appointing a receiver or other custodian for, all or a substantial portion of its property, (e) makes

an assignment for the benefit of, or enters into a composition with, its creditors, or appoints, or consents to the appointment of, or suffers to exist a receiver or other custodian for, all or a substantial portion of its property, or (f) any similar occurrence reasonably indicating an imminent inability to perform substantially all of its duties under this Agreement.

10.2.3.5. Physician dies or becomes unable to provide Administrative Services for a period in excess of thirty (30) consecutive days, or thirty (30) days in the aggregate over any three (3) month period.

10.2.4. In the event the Parties are unable to develop a revised Agreement in accordance with Sections 3.3 or 9.6, either Party may elect to terminate this Agreement upon thirty (30) days' written notice to the other Party.

10.2.5. In the event Facility is eliminated or there is a material change in service levels of the Facility during the term of this Agreement, Hospital shall provide Contractor with notice of such change in services, and the Parties shall promptly meet and confer to negotiate in good faith revised terms to this Agreement that are mutually agreeable and practicable to permit the continued provision of necessary Administrative Services in the Facility. If such negotiations fail to result in mutually satisfactory amendment within forty-five (45) days of Contractor's receipt of notice provided hereunder, either Party may thereupon terminate this Agreement by providing thirty (30) days' notice of termination to the other.

10.2.6. In the event legal counsel for either Party advises that this Agreement or any practices which could be, or are, employed in exercising rights or providing Administrative Services under this Agreement pose a material risk of violating any legal requirements, including without limitation those referenced in Section 9 or any legal requirement related to Hospital's tax-exempt status or tax-exempt bond financing, the Parties in good faith shall undertake to revise this Agreement, in accordance with Section 12.11, to comply with such legal requirements. In the event the Parties are unable to agree upon the revised terms within thirty (30) days thereafter, either Party may terminate this Agreement immediately upon written notice to the other.

10.2.7. Effect of Termination.

10.2.7.1. Upon expiration or termination of this Agreement, neither Party shall have any further obligation hereunder except for (a) obligations due and owing which arose prior to the date of termination and (b) obligations, promises, or covenants contained herein which expressly extend beyond the term of this Agreement.

10.2.7.2. Upon expiration or termination of this Agreement, and upon Hospital's request, Contractor, including Physician, shall immediately vacate the Hospital and the Facility premises, removing at such time any and all of Contractor's personal property. Hospital may remove and store, at Contractor's expense, any personal property that has not been so removed.

10.2.7.3. Following the expiration or termination of this Agreement, Contractor shall not and shall cause Physician not to do anything that might interfere with any Hospital efforts to contract with any other individual or entity for the provision of services or to interfere in any way with any relationship between Hospital and any entity or person who may replace Contractor.

10.2.7.4. Termination of this Agreement by Hospital shall not provide Contractor or Physician the right to a fair hearing or the other rights more particularly set forth in the Medical Staff Bylaws.

10.3. Suspension of Agreement.

10.3.1. Hospital may suspend this Agreement (i) in order to permit Hospital, its employees and agents to conduct any review of any ethical, clinical, compliance-related, quality- or patient care-related matter; or (ii) in lieu of termination of this Agreement under Section 10.2, for any reason provided under Sections 10.2.2 or 10.2.3.

10.3.2. Suspension of the Agreement shall take effect upon Contractor's receipt of written or oral notice. If notice of suspension is given orally, Hospital shall confirm oral notice promptly in writing. Suspension shall remain in effect until the rights and duties of Contractor under this Agreement are reinstated by Hospital by written notice to Contractor. If the Agreement remains suspended for sixty (60) consecutive days, the suspension shall be treated as the termination of the Agreement without cause for all purposes of this Agreement.

10.3.3. Effect of Suspension.

10.3.3.1. Any period of suspense pursuant to this Section 10.3 shall be referred to as a "**Suspension Period.**"

10.3.3.2. During the Suspension Period, Hospital shall be relieved of all of its duties and obligations under this Agreement, including, without limitation, any obligation to make payment for services rendered by Physician or Contractor Personnel (as defined in Section 12.2) or to make available any Facility space, supplies or support staff to Physician or Contractor Personnel.

10.3.3.3. In the event that Hospital determines, in its sole discretion, to terminate the Suspension Period and reinstate this Agreement, Hospital shall have no obligation to pay Contractor any amounts that would have been owed under this Agreement (for services rendered by Physician or Contractor Personnel during the Suspension Period) had there been no Suspension Period.

10.4. Set-off. In the event of any breach of Section 1.18 above, Hospital may set-off and apply any compensation otherwise due to Contractor hereunder to cure any monetary defaults of Contractor under other agreements. This set-off right is in addition to other Hospital remedies set forth herein.

10.5. Damages Upon Termination or Suspension. In the event of any breach, suspension or termination of this Agreement by Hospital that is determined to be improper by a court of competent jurisdiction or by a binding arbitration award, Contractor shall accept monetary damages, if any, as full and complete relief, to the exclusion of any injunctive or similar relief.

10.6. Survival. The provisions of Sections 1.10, 1.14, 1.15, 1.17, 3, 5, 6.2, 7, 8.2, 10.2.7, 10.4, 10.5, 10.6, and 11 shall survive the expiration or termination of this Agreement.

11. DISPUTE RESOLUTION

11.1. Special Meeting. Except as set forth in Section 11.6 below, in the event of any dispute or disagreement between the Parties with respect to this Agreement, either Party may

request in writing a special meeting for the resolution of the dispute (a "**Special Meeting**"). The Special Meeting shall be held at a mutually agreeable location within ten (10) days of a written request for the meeting, which request shall specify the nature of the dispute to be resolved. The Special Meeting shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.2. Mediation. If a dispute has not been resolved within thirty (30) days after the date of the Special Meeting or within forty-five (45) days of the written request for the Special Meeting, either Party may initiate mediation of the dispute by sending a written request for mediation to the other Party. The Parties shall meet to jointly select an independent and neutral person qualified to act as a mediator. The mediation proceeding shall commence not more than thirty (30) days after the written request for mediation. The mediation shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.3. Arbitration. If the Parties are unable to reach a mutually acceptable resolution to the dispute within thirty (30) days following an initial mediation conference or within sixty (60) days following the written request for mediation, the matter shall be submitted to arbitration. Either Party may commence arbitration by giving a written notice to the other Party demanding arbitration. There shall be one (1) impartial arbitrator, who shall be experienced in mediation and arbitration and knowledgeable regarding the health care/health related services industry. The Parties shall meet to jointly select a single arbitrator to serve in the matter of dispute resolution. If the Parties cannot reach agreement as to a mutually acceptable arbitrator within ten (10) days after the demand to arbitrate is made, they shall request that an arbitrator be chosen by JAMS/Endispute, Inc.

11.4. Hearing. The arbitration process shall consist of an adversary hearing and each Party shall have the right to call and cross-examine witnesses under oath and to introduce oral and documentary evidence. The decision of the arbitrator shall be final and binding. The arbitration hearing shall take place at a location mutually agreed upon by the Parties, and shall be governed by the rules of Section 1280 et seq. of the California Code of Civil Procedure.

The arbitration shall be held within sixty (60) days after the appointment of the arbitrator, and in no event shall the taking of evidence before the arbitrator commence more than six (6) months following the date of the written demand for arbitration. In the event that the taking of evidence before the arbitrator does not commence within this time period, the Party demanding arbitration shall be able to pursue all legal remedies, including without limitation bringing an action regarding the dispute in a court of law.

11.5. Good Faith Finding. The arbitrator, in addition to resolving the dispute, shall make a finding whether the Parties to the arbitration acted in good faith. If the Parties are found by the arbitrator to have acted in good faith, both Parties shall equally share in the expenses and fees of the arbitration. However, if one Party is found not to have acted in good faith, that Party alone will bear the expenses and fees of the arbitration, including attorneys' fees for both Parties.

11.6. Injunctive Relief. Notwithstanding the provisions of this Section 11 and except as provided in Section 10.5 above, each of the Parties hereto shall have the right to apply for and obtain a temporary restraining order or other temporary, interim or permanent injunctive or equitable relief from a court of competent jurisdiction in order to enforce the provisions of any part of this Agreement as may be necessary to protect its rights under those Sections.

11.7. Costs. In the event a court action is brought to enforce or interpret any part of this Agreement, the prevailing Party shall be entitled to recover as an element of its costs of suit, reasonable attorneys' fees, as determined by the court.

12. MISCELLANEOUS PROVISIONS

12.1. Notices. Written notice required under this Agreement shall be delivered personally or sent by United States registered or certified mail, postage prepaid and return receipt requested, and addressed or delivered to the Parties at the following addresses (or such address as may hereafter be designated by a Party by written notice thereof to the other Party):

Contractor	**Hospital**
Harding G. Young, M.D. Harding G. Young, M.D., Inc. 3628 East Imperial Highway, Suite 302 Lynwood, CA 90262	President and Chief Executive Officer St. Francis Medical Center 3630 East Imperial Highway Lynwood, CA 90262

12.2. Obligations of Contractor Personnel. All obligations and prohibitions imposed on Contractor pursuant to this Agreement are equally applicable to Physician, Assistant Medical Director and to any other physician, partner, shareholder, associate, employee or contractor (collectively referred to as the "**Contractor Personnel**") engaged, retained, employed or contracted by Contractor to assist in the performance of this Agreement. Contractor shall require all Contractor Personnel to comply with all terms and conditions of this Agreement. Upon Hospital's request, Contractor shall obtain from each of the Contractor Personnel a written acknowledgment and agreement to be bound by the terms and conditions of this Agreement in such form as may be required by Hospital.

12.3. Other Agreements. Hospital and Contractor acknowledge and agree that this Agreement and any other agreement or arrangement between (a) Hospital and (b) Contractor, Physician or any immediate family member of Physician shall be cross-referenced to a master list(s) of contracts that is centrally maintained and updated by Hospital. For the purposes of this Section, "immediate family member" means a husband or wife; birth or adoptive parent, child or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

12.4. Incorporation of Exhibits. All schedules, exhibits, addenda, and recitals referred to in this Agreement are an integral part of this Agreement and are incorporated in full into this Agreement by this reference.

12.5. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of California, without regard to conflict of law rules.

12.6. Force Majeure. Neither Party shall be liable or be deemed in default of this Agreement for any delay or failure to perform caused by Acts of God, war, acts of terrorism, disasters, strikes, or any similar cause beyond the control of either Party.

12.7. Catastrophe. In the event that Hospital facilities shall be partially damaged or destroyed by fire, earthquake or other catastrophe, and such damage is sufficient to render the facilities untenantable but not entirely or substantially destroyed, this Agreement may be

suspended by Hospital until such time as Hospital determines that the premises or the facilities shall again be tenantable. In the event Hospital determines that Hospital facilities have been entirely or substantially destroyed by fire, earthquake, or other catastrophe, this Agreement may be terminated by either Party upon ten (10) days' written notice to the other; or, in the alternative, this Agreement shall be suspended until such time as Hospital shall erect or otherwise acquire new facilities with accommodations substantially similar to those provided herein for the use of Facility, in the event that Hospital gives written notice to Contractor that it shall erect or otherwise acquire facilities. Nothing in this Agreement shall obligate Hospital to erect or otherwise acquire such facilities.

12.8. Tax Exempt Financing. Notwithstanding anything in this Agreement to the contrary, in the event that the Hospital uses the proceeds of tax-exempt financing, this Agreement shall be amended as may be necessary in order for Hospital to comply with the requirements of such financing so that the services provided under this Agreement are not considered "private activity use" under the Internal Revenue Code. Immediately upon request by Hospital, Contractor shall execute any and all such amendments presented by Hospital and shall return promptly said executed original amendments to Hospital.

12.9. Severability. The provisions of this Agreement shall be deemed severable and if any portion shall be held invalid, illegal or unenforceable for any reason, the remainder of this Agreement shall be effective and binding upon the Parties.

12.10. Assignment and Delegation. Contractor shall not assign or delegate any of its rights or obligations under this Agreement, and any such assignment or delegation is expressly prohibited and shall be void. Subject to the prohibition contained in this paragraph, this Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the Parties hereto. Hospital, in its sole and absolute discretion, shall have the right at any time to assign, delegate or in any manner transfer all or any portion of its interests, obligations or duties under this Agreement to any person, group or entity without the consent of Contractor.

12.11. Amendment. This Agreement may be amended at any time by mutual agreement of the Parties without additional consideration, provided that before any amendment shall become effective, it shall be reduced to writing and signed by the Parties.

12.12. Entire Agreement. This Agreement, including all Attachments, is the entire Agreement between the Parties and no other agreements, oral or written, have been entered into with respect to the subject matter of this Agreement. This Agreement supercedes all prior agreements, negotiations, and communications of whatever type, whether written or oral, between the Parties hereto with respect to the subject matter of this Agreement.

12.13. Captions. Any captions or headings of the articles, sections, subsections, paragraphs, or subparagraphs of this Agreement are solely for the convenience of the Parties, are not a part of this Agreement and shall not be used for the interpretation or determination of validity of this Agreement or any provision hereof.

12.14. Cumulation of Remedies. The various rights, options, elections, powers, and remedies of the respective Parties hereto contained in, granted, or reserved by this Agreement, are in addition to any others that said Parties may be entitled to by law, shall be construed as cumulative, and no one of them is exclusive of any of the others, or of any right or priority allowed by law.

12.15. No Third Party Rights. The Parties do not intend the benefits of this Agreement to inure to any third person not a signatory hereto. Notwithstanding anything contained herein, or any conduct or course of conduct by any Party hereto, before or after signing this Agreement, this Agreement shall not be construed as creating any right, claim or cause of action against either Party by any person or entity not a Party to this Agreement.

12.16. Counting Days. If the day for performance of any obligation under this Agreement is a Saturday, Sunday, or legal holiday (within the meaning of California Civil Code Section 7), then the time for performance of any obligation under this Agreement shall be extended to 5:00 p.m. on the first business day following such Saturday, Sunday, or legal holiday.

12.17. Construction of Agreement. The Parties agree that each Party and its counsel have fully participated in the review and revision of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party shall not apply in the interpretation of this Agreement or any amendment hereto or exhibit herein or therein.

12.18. Waiver. No delay or omission by either Party to exercise any right or remedy under this Agreement shall be construed to be either acquiescence or the waiver of the ability to exercise any right or remedy in the future. Any waiver of any terms and conditions hereof must be in writing, and signed by the Parties hereto. A waiver of any term or condition hereof shall not be construed as a future waiver of the same or any other term or condition hereof.

12.19. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all such counterparts together shall constitute one and the same instrument.

[Rest of the Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their respective duly authorized representatives effective as of the date first above written.

DESCRIPTION OF SERVICES

ADMINISTRATIVE SERVICES

Contractor shall cause Physician to:

1. Participate in patient care conferences; provide input into development, implementation, and evaluation of the patient plan of care and serve as a liaison with attending physicians related to the Facility as needed.
2. Advise and consult with Hospital regarding supplies, equipment, maintenance and environmental needs regarding the Facility.
3. In conjunction with Hospital's Medical Staff, establish and maintain practice standards to monitor the quality of care provided in the Facility.
4. Participate in the development and implementation of a plan of quality assurance for the Facility, which provides for continuous education of Facility's personnel.
5. Make recommendations concerning Facility staffing.
6. Serve as a member of and liaison to the Medical Staff; serve on appropriate Medical Staff committees and act as educational consultant to attending physicians who are interested in the services offered by the Facility.
7. Educate and consult with the Facility staff and volunteers.
8. Assist in compliance with all applicable legal requirements and accreditation standards as such laws and standards apply to the medical aspects of the Facility's operations.
9. Assist in the orientation, education, and in-service training of all hospital personnel and medical staff engaged for the operation and conduct of the Facility.
10. Provide input to the Vice President of Patient Care Services/CNO regarding future plans.
11. Assist in community outreach efforts and Medical Staff education.
12. Perform such other services as are mutually agreed upon by the parties.
13. Provide leadership and direction for attending staff related to all SNF quality and regulatory requirements.
14. Assist in Facility's compliance audits and action plans as indicated.
15. Participate in strategic initiatives, data analysis, plans and evaluation of process improvements aimed at best performance of CMS's five-star quality rating for Nursing Home Compare publicly reported data.
16. Provide an annual evaluation, in writing in collaboration with SNF leadership, to Hospital administration outlining (i) the Facility's strategic goals in the prior year in the areas of (a) quality, (b) patient safety, and (c) improved efficiency; (ii) the outcomes of each strategic goal; (iii) the actions proposed to address any goals not met; and (iv) the goals and objectives annually.

PERFORMANCE STANDARDS

Contractor shall cause Physician to:

1. Support Medical Staff compliance with SNF Medicare certification and recertification (100%), informed consent for psychotropics (100%), and reasons provided for medication orders (≥80%) to ensure compliance.
2. Attend 100% of quarterly SNF QA/QI meetings, arranged in advance and in coordination with Medical Director's schedule.

3. Intervene within 24 hours of notification on issues related to Medical Staff performance including but not limited to: failure of physicians to round per hospital rules and regulations, evaluation of physician practice quality, and utilization review.

Table A	
Performance Standard	***Target***
Support Medical Staff compliance with SNF certification and recertification, informed consent for psychotropics, and reasons provided for medication orders	100% compliance with Medicare certification/recertification within timeframe 100% compliance with informed consent documented for psychotropic medications ordered ≥80% compliance with reasons on medication orders
Attend quarterly SNF QA/QI meetings, arranged in advance and in coordination with Medical Director schedule	100% attendance at SNF quarterly meetings
Intervene on issues related to Medical Staff performance including but not limited to: failure of physicians to round per hospital rules and regulations, evaluation of physician practice quality, and utilization review.	100% compliance within 24 hours of notification

EXHIBIT D

ETHICAL AND RELIGIOUS DIRECTIVES FOR CATHOLIC HEALTH CARE SERVICES

AND

ESSENTIAL CHARACTERISTICS OF THE DAUGHTERS OF CHARITY HEALTH SYSTEM CORPORATE RESPONSIBILITY PROGRAM

AND

STANDARDS OF CONDUCT

See attached.

ESSENTIAL CHARACTERISTICS OF THE DAUGHTERS OF CHARITY HEALTH SYSTEM CORPORATE RESPONSIBILITY PROGRAM

The DCHS CRP will have the following characteristics:

1. Require proactive guidance, self-review, monitoring, auditing and reporting.

   Each organization is to be proactive in the area of corporate compliance. Each Local Health Ministry will develop, implement and maintain a Corporate Responsibility Plan (Plan) to carry out the requirements of the DCHS Corporate Responsibility and Conflicts of Interest Policy. The Local Health Ministry's Plan will provide guidance through the development of standards of conduct and procedures to be followed in identified risk areas and will provide for self-review and audit to detect and report illegal activity.

2. Require good faith effort to comply with law and regulations.

   Each Local Health Ministry is expected to comply with federal, state and local laws and regulations. With the proliferation of a myriad of laws and regulations in the health care field, coupled with increased governmental scrutiny, inadvertent non-compliance can expose the health ministry to civil and criminal fines and penalties. By providing a focus and education on compliance with laws and regulations that impact the health ministry in risk-sensitive areas, the Plan helps demonstrate the exercise of appropriate due diligence and a good faith effort to comply.

3. Require commitment of high-level personnel.

   The Corporate Responsibility Plan (Plan) will only be effective in accomplishing its goals and objectives as the level of commitment made by the organization's board of directors, president/CEO and executive management. Each Local Health Ministry will assign a high level executive responsible to oversee the implementation and operation of the Plan, and be accountable to its president/CEO for corporate compliance.

4. Heighten awareness and sensitivity to high-risk areas through education and communication.

   Through an initial and ongoing environmental assessment/risk analysis, high risk areas will be identified that need to be addressed in the Plan. Upon inclusion in the Plan, the education and communication procedures in the Plan will heighten the awareness of and the sensitivity to these areas throughout the Local Health Ministry, which will help facilitate compliance.

5. Be complementary, not duplicative, of existing policies, standards and guidelines.

   The CRP has been designed to complement, not duplicate, other DCHS policies. Because of the importance placed on corporate compliance, DCHS believes that it merits a separate policy and plan, with specifically identified focus and accountabilities.

Daughters of Charity Health System

STANDARDS OF CONDUCT ATTESTATION

Daughters of Charity Health System (DCHS) is committed to carrying out our health care ministry in a manner consistent with the DCHS Mission and Values. In accordance with the DCHS Vincentian Values, each of us is called to embody: Respect, Compassionate Service, Simplicity, Advocacy for the Poor, and Inventiveness to Infinity.

The following Standards of Conduct are a practical extension of the DCHS Vincentian Values. They describe expectations for conduct necessary to promote and protect the integrity of DCHS. We are expected to act in a manner consistent with these standards.

Each of us is accountable for our own actions, and we must also hold each other accountable for adherence to the Standards of Conduct. We are encouraged to report violations of the Standards of Conduct and are protected from retaliation.

Quality of Care: DCHS is committed to providing competent and compassionate care, respecting and safeguarding the dignity of the patient, and allowing patient access to all medical and ethical information necessary to make decisions about their care. A central focus of DCHS in meeting patient needs is serving the whole person in his or her spiritual, intellectual, emotional, and physical dimensions. Care will be provided in a safe and positive environment, free of disruptive, disrespectful, discourteous, and unethical behavior.

Laws and Regulations: DCHS will operate in accordance with all laws and regulations. In our work, these laws and regulations apply to areas such as patient referrals, employment, physician relationships, billing and payment practices, discount arrangements, lobbying, political contributions, the environment, health and safety, and dealings with payers and regulatory agencies.

Human Resources: DCHS maintains a work environment where we treat each other with honesty and respect. We are expected to perform our duties with care, compassion, and courtesy in a lawful and ethical manner. Disruptive, offensive, harassing, disrespectful, and unethical behaviors are unacceptable and will be addressed.

Business and Ethics: DCHS is committed to ethical business conduct and integrity, including the *Ethical and Religious Directives for Catholic Health Care Services*. We must represent DCHS accurately and honestly and must not do anything that purposely defrauds anyone, including other companies or the government, of money, property, or services. Recordkeeping and billing for services provided to patients must be complete, accurate, timely, and lawful.

Confidentiality: In keeping with various laws, regulations, professional ethical guidelines, and the *Ethical and Religious Directives for Catholic Health Care Services*, we must maintain the confidentiality of medical records and other patient information. We are also expected to keep information, regarding our colleagues and the proprietary business practices of the organization, confidential.

Conflict of Interests: We are expected to act in the best interests of DCHS and the patients we serve. We may not use our positions to profit personally or to assist others in profiting in any way at the expense of the organization. In any situation where outside interests conflict with those of the organization, the conflict must be disclosed in accordance with organizational policy.

Responsible Stewardship: DCHS is committed to preserving and protecting our organization's assets by making prudent and effective use of its resources. DCHS encourages innovative, cost-effective business decisions and strives to eliminate wasteful practices.

I have read the Standards of Conduct. I understand I am expected to follow the Standards of Conduct in my work, with DCHS, at all times. If I have any questions or concerns regarding the Standards of Conduct, I can contact the Corporate Responsibility Officer or the Values Line at ***1-800-371-2176*** *or* ***www.dchsValuesLine.org.***

AMENDMENT NO. 4 TO AMENDED AND RESTATED MEDICAL DIRECTOR AGREEMENT SKILLED NURSING FACILITY (SNF)

This Amendment No. 4 ("**Amendment**") to the Amended and Restated Medical Director Agreement Skilled Nursing Facility (SNF) Agreement dated August 1, 2014, between St. Francis Medical Center and Harding G. Young, M.D., Inc. (the "**Agreement**") is made and entered into effective as of February 1, 2019 (the "**Amendment Effective Date**") by and between St. Francis Medical Center, a California nonprofit public benefit corporation ("**Hospital**"), and Harding G. Young, M.D., Inc., a California Professional Corporation ("**Contractor**").

Hospital and Physician hereby agree as follows:

1. Without Cause. Subsection 10.2.1 shall be deleted in its entirety and replaced with the following: Either party may terminate this Agreement at any time, without cause, by providing no less than thirty (30) days' written notice to the other party.

2. Extension of Expiration Date of Term. Section 10.1 of the Agreement is hereby amended to extend the term of the Agreement through January 31, 2020.

3. Defined Terms. Capitalized terms used in this Amendment but not defined herein shall have the meanings set forth in the Agreement. All references in the Agreement to the Agreement shall mean the Agreement, as amended by this Amendment.

4. Headings. The headings in this Amendment have been included solely for reference and are to have no force or effect in interpreting its provisions.

5. Original Signature. This Amendment and any facsimile signatures thereon shall be construed as an original document, and shall constitute the required signature to bind the parties herein.

6. Counterparts. This Amendment may be executed in counterparts, any of which need not contain the signature of more than one party, but all of which taken together shall be one and the same agreement.

7. Miscellaneous. Except to the extent specifically amended hereby, the provisions of the Agreement shall remain unmodified and the Agreement as amended hereby is confirmed as being in full force and effect.

IN WITNESS WHEREOF, Hospital and Physician have caused this Amendment to be executed by their respective duly authorized representatives effective as of the Amendment Effective Date.

MEDICAL DIRECTOR AGREEMENT
FOR
BIOETHICS PROGRAM
BETWEEN
ST. FRANIS MEDICAL CENTER
AND
HARDING G. YOUNG, M.D., INC.

This Medical Director Agreement for Bioethics Program ("**Agreement**") is entered into effective May 5, 2017 ("**Effective Date**") by and between St. Francis Medical Center, a California nonprofit public benefit corporation ("**Hospital**") and Harding G. Young, M.D., Inc., a California professional corporation ("**Contractor**"). Together, Hospital and Contractor are the "**Parties,**" and each is a "**Party.**"

RECITALS

A. Hospital is the owner and operator of a general acute care hospital located at 3630 East Imperial Highway, Lynwood, California 90262 in which there is located a Bioethics Educational and Clinical Program (the "**Program**"). Hospital is affiliated with Verity Health System of California, Inc. ("**Verity**").

B. Program consists of facilities and equipment owned by Hospital and staffed by Hospital employees.

C. Contractor employs or contracts with Harding G. Young, M.D. ("**Physician**"), a physician who is duly qualified and licensed to practice medicine in the State of California, who is experienced and qualified in the specialized field of Family / General Practice Adult Medicine, and who is a member of the Hospital's Medical Staff ("**Medical Staff**").

D. Hospital desires to retain Contractor and designate Physician to provide certain administrative services in the development and operation of the Program, and has determined that this proposed arrangement with Contractor will enhance the Programs's and the Hospital's organization, procedures, standardization, economic efficiency, and professional proficiency, and provide other benefits to enhance coordination and cooperation among the Program's providers and patients.

In consideration of the mutual covenants and promises set forth in this Agreement and for such other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Hospital and Contractor agree as follows:

A G R E E M E N T

1. CONTRACTOR AND PHYSICIAN OBLIGATIONS.

1.1. Medical Director of Program. Contractor shall provide Physician to act as Medical Director of the Program ("**Medical Director**") in accordance with the terms of this Agreement, the Medical Staff Bylaws and Rules and Regulations (collectively, "**Medical Staff Bylaws**"), and the Hospital's Bylaws, Rules and Regulations and policies and procedures. Contractor, thru physician, shall share the duties and responsibilities of Medical Director of the Program with Michael C. Stephen, M.D. ("**Dr. Stephen**").

1.2. Qualifications of Physician. Contractor shall ensure that Physician, at all times during the term of this Agreement, (a) is duly licensed as a physician under California law, (b) is Board Certified (or, with the approval of the Hospital's President and CEO, or his/her designee, has completed training equivalent to that required for Board Certification) in Family Practice / Adult Practice Medicine, (c) is a member in good standing of the Active Medical Staff, (d) holds all clinical privileges on the Active Medical Staff of Hospital appropriate to the provision of Administrative Services hereunder, (e) is a participating provider in the Medicare and Medicaid programs (Titles XVIII and XIX of the Social Security Act, respectively), (f) maintains an unrestricted federal Drug Enforcement Administration ("**DEA**") registration number, (g) is employed by or under contractual arrangement with Contractor, and (h) maintains insurance coverage as set forth in Section 5 of this Agreement. Contractor shall provide documentation of compliance with all provisions of this Section to Hospital upon request.

Contractor represents and warrants to Hospital that (a) Physician's license to practice medicine in any state has never been suspended, revoked or restricted; (b) neither Contractor nor Physician has ever been reprimanded, sanctioned or disciplined by any licensing board or state or local medical society or specialty board; (c) Physician has never been denied membership or reappointment of membership on the medical staff of any hospital and no hospital medical staff membership or clinical privileges of Physician have ever been suspended, curtailed or revoked for a medical disciplinary cause or reason; (d) neither Contractor nor Physician has ever been excluded from participation in, or sanctioned by, any state, federal or local health care program, including, but not limited to Medicare or Medicaid; (e) neither Contractor nor Physician has ever been reprimanded, sanctioned or disciplined by the DEA, been denied a DEA registration number or had a DEA registration number restricted; (f) neither Contractor nor Physician has been denied insurance coverage as set forth in Section 5 of this Agreement or had such insurance coverage restricted; and (g) Contractor is authorized to contract on behalf of Physician for the provision of Administrative Services.

1.3. Administrative Duties. Contractor shall cause Physician to perform the administrative duties and responsibilities ("**Administrative Services**") as set forth in the Administrative Services section of the "Description of Services," attached hereto as Exhibit A, under the direction of Hospital President and CEO and/or his designee. Contractor acknowledges and shall cause Physician to acknowledge that the Medical Executive Committee may monitor and review his/her performance as Medical Director, and that the results of any such reviews may be transmitted to Contractor, Physician and Hospital administration.

1.4. Administrative Hours. Contractor shall cause Physician to devote as much time as is necessary in performing the Administrative Services to provide for the effective management of the Department, for a maximum of seven and on-half (7.5) hours per month. Contractor shall cause Physician to coordinate his/her work schedule with Hospital to ensure the effective operation of the Program.

1.5. Quality Programs; Performance Standards.

1.5.1. Contractor shall and shall cause Physician to (a) participate in Hospital's quality improvement, utilization review and risk management programs and serve on such quality improvement, utilization review and risk management committees as may be requested by Hospital from time to time; (b) participate in on-going quality improvement monitoring activities, such as audits; (c) participate in risk management activities designed to identify, evaluate and reduce risk of patient injury associated with care; and (d) assist utilization review in setting, monitoring and achieving length of stay and ancillary utilization goals.

1.5.2. As part of its quality improvement, utilization review and risk management programs, Hospital has developed certain criteria and procedures ("**Performance Standards**") to monitor the provision of services under this Agreement and ensure the quality and efficiency of medical care in the Department. Contractor shall cause Physician to abide by the Performance Standards set forth in the Performance Standards section of the "Description of Services" attached hereto as Exhibit A.

1.6. Assistant Medical Director. Subject to the prior written approval of Hospital, Contractor may appoint, at Contractor's sole expense, an Assistant Medical Director to perform the duties of Medical Director only in the event of Physician's absence. Contractor shall ensure that the Assistant Medical Director meets all of the same qualifications as Physician and shall cause the Assistant Medical Director to comply with all the requirements of this Agreement.

1.7. Medical Director Efforts. To ensure the effective operation of the Program, the Parties recognize the need for Contractor, and in particular Physician, to devote a significant portion of its/their energies and efforts to Program activities. Therefore, during the term of this Agreement, Contractor shall cause Physician to refrain from providing medical direction to any other Bioethics Educational and Clinical program or establishing, performing any management or administrative services for, consulting with, investing in, or otherwise assisting in the management, administrative or operational functions of any other Bioethics Educational and Clinical program, without the prior written consent of Hospital, which may be withheld in Hospital's sole discretion. Notwithstanding the foregoing, Hospital understands and acknowledges that Contractor and Physician are engaged in the private practice of medicine, and this Agreement shall not, in any way, limit Contractor's or Physician's private practice of medicine.

1.8. Hospital Rules. Contractor shall and shall cause Physician to comply with all applicable terms of this Agreement and all policies, bylaws, rules and regulations of Hospital and the Hospital's Medical Staff applicable to the Physician.

1.9. Operation of Program. Contractor shall and shall cause Physician to comply with all applicable governmental laws and regulations and any applicable standards and recommendations of The Joint Commission, the American Medical Association, and the American Board of Family Practice Medicine.

1.10. Complaints. Contractor and Hospital shall cooperate in good faith to investigate any complaints made by Hospital or Hospital patients concerning Physician and to resolve the complaint in a reasonable time with appropriate action. Contractor shall notify Hospital immediately of any complaints concerning Physician.

1.11. Exclusion. Contractor shall conduct screenings of its officers, directors, shareholders, associates, employees, contractors or other agents (collectively, the "**Contractor Personnel**") who furnish, order or prescribe items or services reimbursable under any federal health program to or for patients of Hospital under this Agreement against the List of Excluded Individuals/Entities maintained by the Office of Inspector General ("**OIG**") of the Department of Health and Human Services, the System for Awards Management ("**SAM**"; formerly the Excluded Parties List System) and any successor list maintained by the U.S. General Services Administration, and the Medi-Cal Suspended and Ineligible Provider List maintained by the California Department of Health Care Services prior to hire and once a year thereafter. Contractor will immediately notify Hospital in the event Contractor or one of Contractor Personnel is excluded from participation in a federal health care program. Contractor will

indemnify Hospital for any claims, judgments, overpayments or expenses arising from such exclusion.

1.12. Cost Control. Contractor shall use its best efforts to monitor and control the expenses of the Program in order to provide cost efficient services.

1.13. Use of Premises. In order to preserve Hospital's exemption from property and other taxes, pursuant to state and federal law, Hospital space must be used for Hospital purposes only. Consequently, Contractor shall and shall cause Physician to use the Program premises solely for the provision of Administrative Services specified in this Agreement. No part of the premises of Hospital shall be used at any time by Contractor or Physician as an office for the general practice of medicine.

1.14. Notice of Events. Contractor shall immediately notify Hospital of: (a) any failure to satisfy the terms or any representation or warranty made in Section 1.2; (b) any incident report filed or malpractice claim or professional disciplinary action asserted or initiated against Contractor or any Physician; (c) any modification in or termination of Contractor's employment of or agreement with a Physician during the term of this Agreement; and (d) any pending change in corporate identity, form or name of Contractor that necessitates a filing with or application for a permit from the Medical Board of California or the Secretary of State of the State of California or another state. Contractor shall provide the notice required pursuant to this Section 1.14(d) no later than forty-five (45) days prior to the effective date of the change in corporate identity, form or name, and shall take all such actions and provide all such information requested by Hospital in order to amend and assign this Agreement, as necessary, to reflect Contractor's new corporate identity, form or name.

1.15. Litigation Consultation.

1.15.1. Assistance in Litigation. Contractor shall ensure that Physician is available to Hospital to testify as a witness, at no fee, or as an expert witness, in which case a reasonable and customary fee may be charged, in the event litigation is brought against Hospital, its directors, officers, agents or employees based upon a claim of negligence, malpractice or any other cause of action, except where Contractor or Physician is named an adverse party to Hospital in the proceeding.

1.15.2. Expert Witness Consultant. Contractor shall ensure that Physician shall not accept consulting assignments or otherwise contract, agree or enter into an engagement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim asserting negligence, malpractice or professional liability on the part of Hospital or any hospital or health care facility that is a division or other subordinate organization of Verity, or in which any division or subordinate organization of Verity is named, or is expected to be named, as a defendant. It is further agreed that Contractor shall and shall cause Physician to refrain from accepting similar consulting assignments if the defendant(s) or anticipated defendant(s) include medical staff, officers or members of the Medical Staff Executive Committee of any Verity hospital, and the claim relates to an occurrence at any Verity hospital; provided, however, the provisions of this paragraph shall not apply to situations in which Physician served as attending physician.

1.16. Limitations on Authority of Contractor. Contractor shall not and shall cause Physician not to (a) incur any financial obligation on behalf of the Hospital without Hospital's express prior written consent; (b) obligate or commit any assets of Hospital for the purchase, acquisition or pilot trial of equipment, supplies or personnel, without the express prior written

authorization of Hospital, or enter into any contract on behalf of Hospital for the purchase, rental or other acquisition of equipment, supplies or personnel; (c) make, nor allow any other individual to make, any additions, alterations, improvements or repairs to any space, facilities or equipment furnished by Hospital, without the express prior written authorization of Hospital; or (d) remove any equipment or supplies furnished by Hospital, without the express prior written authorization of Hospital.

1.17. Hospital Employees. During the term of this Agreement and for one (1) year after its termination, Contractor (a) shall not hire or contract with (directly or indirectly), seek to hire or contract with, or assist in hiring or contracting with any employee, agent or independent contractor of Hospital and (b) shall not induce, seek to induce, or take action which results in the termination of employment or other arrangement between Hospital and such employee, agent or independent contractor or otherwise interferes with such employment or contractual arrangement.

1.18. Other Agreements. Contractor shall timely and fully perform all of its monetary and non-monetary obligations to Hospital or its affiliate under any medical office building lease and any other written contracts between or among such parties.

2. HOSPITAL OBLIGATIONS

2.1. Licensure and Accreditation. Hospital shall provide, as further specified below, the space, equipment, supplies, resources, and non-physician personnel necessary for Hospital to maintain a Department licensed by the California Department of Public Health and accredited by The Joint Commission.

2.2. Responsibility under Title 22. In compliance with Section 70713 of Title 22 of the California Code of Regulations, Hospital shall retain professional and administrative responsibility for services rendered pursuant to this Agreement.

2.3. Administrative Director. Hospital shall provide an Administrative Director of the Program ("**Administrative Director**") who shall be responsible and accountable to Hospital for administrative and technical functions, including supervision, selection, assignment and evaluation of Hospital personnel; maintenance of equipment; development of an annual budget; and acquisition of materials, supplies and equipment. In the event of any dispute between the Physician and the Administrative Director regarding their respective administrative responsibilities, such dispute shall be submitted to the Hospital's President and CEO, or his/her designee, whose decision shall be final and binding upon the Parties.

2.4. Space. Hospital shall furnish for the use of Contractor such space as is reasonably necessary, in Hospital's sole discretion, following consultation with the Contractor, for the proper operation of the Program.

2.5. Equipment. Hospital shall furnish, at its expense, such medical and office equipment as are reasonably necessary, in the sole discretion of Hospital following consultation with Contractor, for the proper operation of the Program. Hospital shall consult Contractor regarding proposals for the purchase of new equipment. Hospital shall, at its expense, keep and maintain all equipment in good order and repair.

2.6. Supplies. Hospital shall, following consultation with Contractor, purchase such supplies as may be reasonably necessary, in the sole discretion of Hospital, for the proper operation of the Program.

2.7. Usual Purchasing Practices. The furnishing of the aforementioned equipment and supplies shall be subject to (a) the usual purchasing practices of Hospital in accordance with its budget requirements and (b) obtaining all necessary government approvals, if any. Contractor shall endeavor to submit, for the purpose of budget planning, all requests for equipment and supplies purchases desired during a forthcoming fiscal year at least one hundred and eighty (180) days prior to the beginning of the fiscal year.

2.8. Hospital Services. Hospital shall, at its expense, furnish the Program with such ordinary janitorial and in-house mail service, telephone, laundry, gas, water, heat and electricity as may, in the Hospital's sole discretion, be required for the proper operation of the Program. Hospital shall also provide services of such other Hospital departments, including but not limited to, nursing, administrative, accounting, engineering, purchasing and medical records, as are, in the Hospital's sole discretion, reasonably required for the proper operation of the Program.

2.9. Hospital Personnel. Hospital shall provide the services of nurses, technicians, secretaries, clerical and all other non-physician personnel required for the proper and efficient operation of the Program. Such personnel shall be employed and directed by Hospital. All salaries, wages, taxes, insurance, workers' compensation insurance, retirement and other fringe benefits, and expenses of any kind incident to their employment shall be and remain the responsibility and obligation of Hospital. Such personnel shall be subject to Contractor's medical supervision only with respect to clinical matters and related training.

3. BILLING AND COMPENSATION

3.1. Administrative Services. Contractor shall, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement submit a written invoice to Hospital in the form attached hereto as Exhibit B, or as otherwise required by Hospital, detailing to Hospital's satisfaction the Administrative Services provided by Contractor in accordance with Section 1.3 during the immediately preceding calendar month. In completing the monthly invoice set forth in Exhibit B, or as otherwise required by Hospital, Contractor shall describe the specific Administrative Services activities performed, specify the date(s) on which those activities occurred, and, for each date, record the number of hours spent. Hospital will not accept invoices submitted more than sixty (60) days after the end of the calendar month for which payment for Administrative Services is sought.

In consideration of the Administrative Services provided by or on behalf of Contractor to Hospital under Section 1.3, and expressly conditioned upon Contractor's timely submission to Hospital of the monthly invoice required pursuant to this Section, Hospital shall pay to Contractor and Contractor shall accept as payment in full for the Administrative Services rendered hereunder the sum of One Hundred Dollars ($100) per hour, not to exceed Seven Hundred Fifty Dollars ($750) per month, on or before the twentieth (20th) day of each month for the preceding month's service.

Payment shall be made in the name of Contractor. To ensure that compensation is reported as paid to the proper party, attached hereto as Exhibit C is a completed and executed copy of IRS Form W-9 which identifies the taxpayer identification number for Contractor.

3.2. Conditions for Payment.

3.2.1. Payment of the compensation provided herein is conditioned upon Contractor and Physician (a) timely and fully performing all of the duties and obligations set forth in Section 1 (Contractor and Physician Obligations) above and (b) maintaining such records

and supporting documents as may, from time to time, be required to comply with the requirements of governmental agencies and third party payors, including: preparing complete and accurate time records which document separately all time spent providing professional, administrative and teaching services hereunder, in a form acceptable to Hospital; pursuant to 42 CFR section 415.60 and in order to comply with Medicare requirements, executing and updating at such times and on such forms as requested by Hospital, a written allocation statement specifying the respective amounts of time to be spent in furnishing professional, administrative services to provider, and services which do not fall into either category; and completing or assuring the prompt completion of all patient charts and other written records necessary to be maintained with respect to the Program, including all Administrative Services provided under this Agreement.

3.2.2. Hospital will not make any payment to Contractor for any Administrative Services rendered prior to the later of the Effective Date or the date of execution of the Agreement by both Parties.

3.3. Changes in Rules and Regulations. The Parties understand that they may have to alter their billing arrangements in order to comply with changing legal requirements or to avoid economically impracticable reimbursement disallowances. The Parties therefore agree, upon written request of either Party, to negotiate in good faith in order to modify this Agreement so as to comply with such legal requirements or to avoid such disallowances. If the Parties cannot reach agreement on such modifications within sixty (60) days after the initial written request, either Party may terminate this Agreement upon thirty (30) days' additional written notice.

4. INDEPENDENT CONTRACTOR

4.1. Independent Contractor. In the performance of the duties and obligations of Contractor hereunder, it is mutually understood and agreed that Contractor, including all Contractor Personnel (as defined in Section 12.2), is at all times acting and performing as an independent contractor, and nothing in this Agreement is intended nor shall be construed to create between (a) Hospital and (b) Contractor or Contractor Personnel an employer/employee, joint venture, agency, lease or landlord/tenant relationship. The standards of medical practice and professional duties of Contractor and Physician shall be determined by the Medical Staff and prevailing professional standards. In furtherance of the independent status of the Parties, Contractor shall not, and shall cause all Contractor Personnel to not, hold itself/themselves out as officers, agents or employees of Hospital. Contractor shall and shall cause all Contractor Personnel to take all reasonable steps to disavow such status or relationship in every instance where a reasonable person might assume that such a relationship exists between the Parties. Contractor shall reimburse or otherwise indemnify Hospital for all costs incurred if Contractor or any Contractor Personnel is held to be an employee or agent of Hospital for any purpose.

4.2. Governmental Challenge. In the event any governmental entity, including without limitation, the Internal Revenue Service, should question or challenge the independent contractor status of Contractor or Contractor Personnel with respect to Hospital and the Administrative Services rendered hereunder, the Parties hereto mutually agree that both Contractor and Hospital shall have the right to participate in any discussion or negotiation occurring with such governmental entity, regardless of who initiated such discussions or negotiations. In the event the governmental entity concludes that an independent contractor relationship does not exist, Hospital may terminate this Agreement immediately upon written notice to Contractor.

4.3. Tax and Benefits. Contractor and Contractor Personnel shall look only to Contractor for setting and administering the terms and conditions of their employment or contract. None of Contractor or Contractor Personnel shall have a claim against Hospital under this Agreement or otherwise for social security benefits, workers' compensation benefits, vacation pay, sick leave, retirement benefits, disability or unemployment benefits, or employee benefits of any kind. Hospital shall not withhold on behalf of Contractor or Contractor Personnel any sums for income tax, unemployment insurance, social security or any other purposes, and all such withholdings or obligations shall be the sole responsibility of Contractor. Contractor shall indemnify, defend and hold harmless Hospital from any and all loss or liability, if any, arising under this Section 4.3.

5. INSURANCE AND INDEMNIFICATION

5.1. Contractor Insurance.

5.1.1. Coverage Requirements. Contractor, at its sole cost and expense, shall procure and maintain in force throughout the entire term of this Agreement continuous coverage (as defined in Section 5.1.2 below) of policies of professional liability insurance. Without limitation, the professional liability insurance policies shall (i) provide coverage for covered medical incidents, including negligent acts or omissions of Contractor, Physician and any other Contractor Personnel (as defined in Section 12.2) in the performance of professional health care or medical services during its term, (ii) name Contractor, Physician and any other Contractor Personnel as named insureds, (iii) be issued by an insurance company licensed or otherwise qualified to issue professional liability insurance policies or coverage in the State of California and rated A- or better by A.M. Best Rating Agency or be issued by an adequately funded and secured self-insurance trust, and (iv) provide for minimum coverage limits consistent with the requirements of the Hospital's Medical Staff Bylaws, but in no event less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate, and such limits shall apply separately for Contractor, for Physician and for any other Contractor Personnel.

5.1.2. Continuous Coverage. For purposes of this Agreement, the term "continuous coverage" means the maintenance of professional liability insurance during the period commencing as of the Effective Date, continuing during the entire term of this Agreement (including any extensions or renewals hereof) and, if claims-made form of coverage, expiring not less than five (5) years following the expiration or earlier termination of this Agreement (the "**Insurance Period**"). To satisfy the requirement of continuous coverage, if for any reason during the Insurance Period any insurance policy maintained by Contractor pursuant to this Section 5.1 terminates, expires, is cancelled or is not renewed, or if there is a reduction or other change in the amount or scope of any coverage under the policy (whether by action of the insurance company, Contractor, Physician or any other Contractor Personnel), Contractor shall (i) cause a replacement insurance policy meeting the requirements of this Section 5.1 to be in effect as of the effective date of the termination, expiration, non-renewal, cancellation, reduction, or other change of the prior insurance policy, and (ii) purchase either extended reporting coverage (i.e., "tail" coverage) or prior acts coverage (i.e., "nose" coverage). "Tail" coverage must provide for a discovery/reporting period that would extend at least through the end of the Insurance Period, and "nose" coverage must provide coverage at least as of the start of the Insurance Period.

5.1.3. Certificate of Insurance. Contractor shall provide Hospital with certificates of insurance evidencing the insurance policies required by this Section 5.1. Such insurance policy or policies shall also provide for not less than thirty (30) days' prior notice to

Hospital of any termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage(s) required under this Section 5.1. Contractor shall give Hospital not less than sixty (60) days' prior written notice of its intent to cancel such insurance, and agrees promptly to notify Hospital of any other termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage under the policy, but in no event later than ten (10) days following Contractor's, Physician's or any other Contractor Personnel's receipt of notification of such action. In the event Contractor fails to procure, maintain or pay for the insurance required under this Section 5.1, Hospital shall have the right, but not the obligation, to obtain such insurance. In that event, Contractor shall reimburse Hospital for the cost thereof, and failure to repay the same upon demand by Hospital shall constitute breach of a material provision of this Agreement.

5.2. Indemnification.

5.2.1. Contractor. Contractor shall defend, indemnify and hold harmless Hospital, its members, directors, officers, employees, and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Contractor (including its directors, officers, employees, agents, Physician, and any other Contractor Personnel, as defined in Section 12.2) arising out of, or in connection with, the performance of this Agreement.

5.2.2. Hospital. Hospital shall defend, indemnify and hold harmless Contractor, its members, directors, officers, employees and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Hospital (including its directors, officers, employees, and agents except Contractor and Contractor Personnel) arising out of, or in connection with, the performance of this Agreement.

5.3. Insurance for Administrative Duties. Hospital, at its sole cost and expense, shall procure and maintain liability coverage from a carrier of its choice in the minimum amount of One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate covering solely the Administrative Services provided during the term of this Agreement on Hospital premises by Physician pursuant to Section 1.3, and not for professional services or any other patient care/clinical activities. Upon Contractor's request, Hospital shall provide Contractor with certificates of insurance evidencing the coverage. Hospital agrees to give Contractor not less than sixty (60) days' written notice of its intent to cancel such insurance and agrees to promptly notify Contractor in writing of any other cancellation, reduction, or material change in the amount or scope of any coverage under the policy.

6. BOOKS AND RECORDS.

6.1. Medical Records and Claims. Contractor shall and shall cause Physician to maintain financial books and records, and all medical records and charts, in accordance with industry standards, and in compliance with all state and federal laws and regulations, the regulations and requirements of the voluntary accrediting institutions (including, without limitation, Joint Commission) in which Hospital participates, and the Medical Staff Bylaws and Hospital Rules and Regulations. Contractor shall and shall cause Physician to maintain and provide all such books, records and charts to patients and Hospital, and to state and federal agencies, including without limitation the California Department of Corporations and California Department of Managed Health Care (or their successors), as may be necessary for Contractor and/or Hospital to comply with applicable state, federal, and local law and regulation and with contracts between Hospital and third party payors. Contractor shall and shall cause Physician to

cooperate with Hospital to complete such claim forms for Program patients as may be required by insurance carriers, health care service plans, governmental agencies, or other third party payors. Contractor shall and shall cause Physician to retain its/his/her records and information for at least six (6) years after the termination of this Agreement.

6.2. Access to Contractor Books and Records.

6.2.1. Contractor shall and shall cause Physician to, in connection with the subject of this Agreement, cooperate fully with Hospital, by, among other things, maintaining and making available all necessary books, documents and records, in order to assure that Hospital will be able to meet all legal requirements and all requirements for participation and payment associated with private, federal, state, or other public third party payment programs, including without limitation, Section 1861(v)(1)(I) of the federal Social Security Act, as amended.

6.2.1.1. Until the expiration of four (4) years after the furnishing of Administrative Services pursuant to the Agreement, Contractor shall make available to the Secretary of Health and Human Services and the Comptroller General of the United States, or their duly authorized representatives, upon written request of any of them, this Agreement, and all books, documents and records that are necessary to certify the nature and extent of the cost of services hereunder. If Contractor carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the subcontracting organization shall make available, upon written request to the Secretary or the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

6.2.2. If Contractor is requested to disclose books, documents or records pursuant to this Section, Contractor shall notify Hospital of the nature and scope of such request, and Contractor shall make available, upon written request of Hospital, all such books, documents or records, during regular business hours of Contractor.

7. CONFIDENTIALITY

7.1. Agreement Confidential. This Agreement is personal and confidential between the Parties, and the Parties hereto shall not release information concerning this Agreement to any person without the consent of the other Party, except as permitted herein. This prohibition against release of information shall not prevent the Parties from disclosing the contents of this Agreement to their respective attorneys, and shall not apply to any information required to be released by contracts existing as of the date of this Agreement, or to fiscal intermediaries, public agencies or commissions with government powers and duties related to disclosure of information having the right to compel disclosure of such information, nor to any information otherwise compelled to be released by process of law, nor to any information required to be disclosed to Hospital's representatives or others in connection with Hospital's or Verity's tax exempt bonds or other financing transactions.

7.2. Medical Staff and Committee Records. All records, files, proceedings and related information of Contractor, Hospital and the Medical Staff and its committees pertaining to the evaluation and improvements of the quality of patient care at Hospital shall be kept strictly confidential by Contractor. Contractor shall not, and shall cause Physician not to, voluntarily disclose such confidential information, either orally or in writing, except as expressly required by law or pursuant to written authorization by Hospital.

7.3. Patient Records. Any and all patient records and charts produced as a result of either Party's performance under this Agreement shall be and remain the property of Hospital. Both during and after the term of this Agreement, Contractor, or its agents, shall be permitted to inspect and/or duplicate, at Contractor's expense, any individual chart or record to the extent necessary to meet its professional responsibilities to such patient(s) and/or to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, provided that such inspection or duplication is permitted and conducted in accordance with the applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. Contractor shall be solely responsible for maintaining patient confidentiality with respect to any information obtained by it, Physician or its agents pursuant to this Agreement.

7.4. Trade Secrets. Contractor acknowledges and shall cause Physician to acknowledge that in connection with its/his/her performance under this Agreement, Contractor and Physician may or will have access to and the use of confidential information and trade secrets (the "**Confidential Information**") of Hospital related to the Program and its operations which include, but are not limited to, financial statements, internal memoranda, reports, patient lists, and other materials or records of a proprietary nature. In order to protect the Confidential Information, Contractor agrees that neither it nor Physician will, after the date of this Agreement and for so long as any such Confidential Information remains confidential, secret or otherwise wholly or partially protectable, use such information (except in connection with the performance of its/his/her duties hereunder) or divulge the Confidential Information to any third party, without first obtaining the prior written consent of the Hospital President and CEO or his/her designee.

8. COMPLIANCE WITH HOSPITAL STANDARDS

8.1. Corporate Responsibility Program. Contractor expressly agrees and shall cause Physician to expressly agree that Hospital's Corporate Responsibility Program, as adopted and amended from time to time (the "**Compliance Program**"), shall be incorporated herein and made a part of this Agreement. Contractor shall and shall cause Physician to comply with such Compliance Program at Contractor's sole cost and expense. Without limiting the foregoing commitment to comply with Hospital's Compliance Program, Contractor agrees that:

8.1.1. Contractor shall and shall cause Physician to comply with all applicable federal and state laws and regulations;

8.1.2. Contractor shall and shall cause Physician to cooperate with Hospital corporate compliance audits, reviews and investigations which relate to Contractor and/or any of the Administrative Services provided by Contractor or Physician under this Agreement (including, without limitation, providing any and all Contractor documents and/or information with respect to Contractor, Physician and Contractor activities under this Agreement);

8.1.3. If requested by Hospital, Contractor shall and shall cause Physician to participate in corporate compliance-related seminars and educational programs sponsored by Hospital; and

8.1.4. Contractor shall and shall cause Physician to comply with and not do or cause to be done any act or omission which in any way conflicts with or violates the standards of conduct (the "**Standards of Conduct**") which are part of Hospital's Compliance Program.

8.2. Acknowledgement. Contractor hereby acknowledges that (a) it has received a description of the Compliance Program titled "Essential Characteristics of the Verity Health System of California, Inc. Corporate Responsibility Program, and the Standards of Conduct, each

attached hereto as Exhibit D, and (b) Contractor and Physician has been given ample opportunity to read and review these copies.

8.3. Deficit Reduction Act. In compliance with Section 6032 of the Deficit Reduction Act of 2005, Hospital shall provide Contractor with access to Hospital's policies detailing California and federal false claims laws, including but not limited to the False Claims Act, and regulations, including whistleblower protections and penalties, and Hospital's policies and procedures for detecting and preventing fraud, waste, and abuse (available at https://stfrancis.verity.org/about-us/deficit-reduction-act-policies/), and Contractor agrees and shall cause each Physician to agree to abide by such policies in connection with the provision of services under this Agreement.

9. COMPLIANCE WITH LAWS

9.1. Generally. Contractor shall comply and shall cause Physician to comply with all applicable laws, rules and regulations of all governmental authorities and accrediting agencies having jurisdiction over Hospital, physicians, allied health professionals and/or this Agreement, including Medicare and Medi-Cal laws, rules and regulations and all hospital and professional licensure and reimbursement laws, regulations, rules and policies.

9.2. Nondiscrimination. Contractor shall not and shall cause Physician not to differentiate or discriminate in the provision of medical services to patients due to race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, physical handicap, medical condition, medical history, genetics, evidence of insurability, or claims history, in violation of any applicable state, federal or local law or regulation, or the rules and regulations of Hospital with respect to such matters.

9.3. Anti-Referral Laws. Nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patient to Hospital. Any consideration specified in this Agreement is consistent with what the Parties reasonably believe to be fair market value for the Administrative Services provided. Contractor acknowledges and shall cause Physician to acknowledge that it/they are subject to and must comply with certain federal and state laws governing referral of patients, as may be in effect or amended from time to time, including but not limited to:

9.3.1. Payments for referrals or to induce the referral of patients (Cal. Business and Professions Code Section 650; Cal. Labor Code Section 3215; and the Medicare/Medicaid Fraud and Abuse Law, Section 1128B of the Social Security Act; and all implementing regulations); and

9.3.2. The referrals of patients by a physician for certain designated health care services to an entity with which the physician (or his/her immediate family) has a financial relationship (Cal. Business and Professions Code Sections 650.01 and 650.02; Cal. Labor Code Sections 139.3 and 139.31; and Section 1877 of the Social Security Act; and all implementing regulations).

9.4. Disclosure of Interests.

9.4.1. In order to permit compliance with federal anti-referral statutes and regulations, as amended from time to time, Contractor shall and shall cause Physician to provide Hospital upon execution of this Agreement with information sufficient to disclose any

ownership, investment or compensation interest or arrangement of Contractor, Physician, or any of Physician's immediate family members, in any entity providing "designated health services," as that term is defined in the statutes and regulations. This provision is not intended to reallocate any disclosure or reporting requirements imposed upon Contractor or Physician under any governmental program to Hospital, or to create an assumption of such disclosure obligations on the part of Hospital, and Contractor acknowledges that it and Physician shall have the sole responsibility to fulfill any such federal and/or state reporting requirements.

9.4.2. Contractor shall immediately inform Hospital of any other arrangements that may present a conflict of interest or materially interfere with Contractor's or Physician's performance of its/his/her duties under this Agreement. Hospital may exercise its right to terminate this Agreement under Section 10.2.2 or to suspend this Agreement under Section 10.3.1 if Contractor or Physician pursues or engages in conduct that does constitute a conflict of interest or that materially interferes with (or is reasonably anticipated to interfere with) Contractor's or Physician's performance under this Agreement.

9.5. Privacy and Confidentiality.

9.5.1. Both Parties shall comply with all federal and state laws governing the confidentiality and privacy of patient health information, including, without limitation, the Health Insurance Portability and Accountability Act of 1996 and implementing regulations, and the Health Information Technology for Economic and Clinical Health Act and implementing regulations (collectively, "**HIPAA**"). In addition, Contractor shall and shall cause Physician to comply with Hospital and Medical Staff policies and procedures regarding patient privacy and confidentiality.

9.5.2. In providing Administrative Services under this Agreement, Contractor and Physician may have access to Protected Health Information (as defined by HIPAA) of a Hospital patient who is not also a mutual patient of Contractor or Physician, resulting in Contractor serving as a Business Associate (as defined by HIPAA) of Hospital. The Parties agree to enter into a Business Associate Agreement, attached hereto as Exhibit E and incorporated herein, which sets forth the requirements for the potential use or disclosure of, and access to, Protected Health Information with respect to such arrangements.

9.6. Changes in Law. In the event there are any changes in Medi-Cal or Medicare requirements, Joint Commission accreditation guidelines or requirements, federal or state tax exemption requirements, and/or substantial changes under other public or private health and/or hospital care insurance programs or policies which may have a material effect on the Hospital's operations, Hospital may elect to renegotiate this Agreement. Hospital shall indicate the basis upon which it has determined that such a material impact on its operations may result. In any case where such notice is provided, both Parties shall negotiate in good faith during the thirty (30) day period thereafter in an effort to develop a revised Agreement, which, to the extent reasonably practicable, will adequately protect the interests of both Parties in light of the changes which constituted the basis for the exercise of this provision.

10. TERM AND TERMINATION

10.1. Term. This Agreement shall commence on the Effective Date and shall expire on May 31, 2018, unless sooner terminated or extended as otherwise provided in this Agreement. This Agreement may be renewed by mutual written agreement of the Parties. Notwithstanding

the expiration of the stated term of this Agreement, all terms and conditions of this Agreement shall remain effective, in force and applicable in full for an additional period during which the Parties' mutual intent to continue this Agreement is manifested by their conduct, including, but not limited to, the continued performance of services hereunder and payment of consideration for such services in accordance with the terms of Section 3 of this Agreement. In no event, however, shall the term of this Agreement exceed three (3) consecutive years.

10.2. Termination of Agreement. Notwithstanding any other provisions of this Agreement, this Agreement may be terminated upon any of the following:

10.2.1. Without Cause. Either Party may terminate this Agreement, without cause or penalty, by giving no less than sixty (60) days' written notice to the other Party. In the event of such termination, the Parties shall not enter into another agreement with each other for the same Administrative Services as are provided hereunder for a period of one (1) year after the later of the initial Effective Date or the effective date of the most recent amendment to this Agreement.

10.2.2. For Breach. Either Party may terminate this Agreement in the event of the other Party's breach hereof by giving thirty (30) days' prior written notice of the general nature of such breach. Notwithstanding the foregoing, this Agreement shall not terminate in the event that the breaching Party cures the breach, to the satisfaction of the non-breaching Party, within fifteen (15) days of the receipt of such notice. Without limitation, any failure to provide the Administrative Services in accordance with Section 1 or to maintain compliance with the provisions of Sections 5, 6, 7, 8 and 9 shall constitute a material breach of this Agreement.

10.2.3. Immediately. Notwithstanding the foregoing, Hospital may terminate this Agreement immediately by giving written notice to Contractor, upon the occurrence of any one or more of the following events:

10.2.3.1. Hospital determines in good faith that any aspect of the performance by or on behalf of Contractor or Physician hereunder endangers patient safety or will subject Hospital to ill repute.

10.2.3.2. Contractor or Physician fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 1.2, 5, 8 and 9.

10.2.3.3. Contractor or Physician is convicted of a crime punishable as a felony or involving moral turpitude.

10.2.3.4. Contractor (a) commences a voluntary case under the Bankruptcy Code, (b) has filed against it a petition commencing an involuntary case under the Bankruptcy Code that shall not have been dismissed within sixty (60) days after the date on which such petition is filed, (c) seeks relief as a debtor under any applicable law, other than the Bankruptcy Code, of any jurisdiction relating to the liquidation or reorganization of debtors or to the modification or alteration of the rights of creditors, or consents to or acquiesces in such relief, (d) has entered against it an order by a court of competent jurisdiction (i) finding it to be bankrupt or insolvent, (ii) ordering or approving its liquidation or reorganization as a debtor or any modification or alteration of the rights of its creditors or (iii) assuming custody of, or appointing a receiver or other custodian for, all or a substantial portion of its property, (e) makes an assignment for the benefit of, or enters into a composition with, its creditors, or appoints, or consents to the appointment of, or suffers to exist a receiver or other custodian for, all or a substantial portion of its property, or (f) any similar occurrence reasonably indicating an imminent inability to perform substantially all of its duties under this Agreement.

10.2.3.5. Physician dies or becomes unable to provide Administrative Services for a period in excess of thirty (30) consecutive days, or thirty (30) days in the aggregate over any three (3) month period.

10.2.4. In the event the Parties are unable to develop a revised Agreement in accordance with Sections 3.3 or 9.6, either Party may elect to terminate this Agreement upon thirty (30) days' written notice to the other Party.

10.2.5. In the event Program is eliminated or there is a material change in service levels of the Program during the term of this Agreement, Hospital shall provide Contractor with notice of such change in services, and the Parties shall promptly meet and confer to negotiate in good faith revised terms to this Agreement that are mutually agreeable and practicable to permit the continued provision of necessary Administrative Services in the Program. If such negotiations fail to result in mutually satisfactory amendment within forty-five (45) days of Contractor's receipt of notice provided hereunder, either Party may thereupon terminate this Agreement by providing thirty (30) days' notice of termination to the other.

10.2.6. In the event legal counsel for either Party advises that this Agreement or any practices which could be, or are, employed in exercising rights or providing Administrative Services under this Agreement pose a material risk of violating any legal requirements, including without limitation those referenced in Section 9 or any legal requirement related to Hospital's tax-exempt status or tax-exempt bond financing, the Parties in good faith shall undertake to revise this Agreement, in accordance with Section 12.11, to comply with such legal requirements. In the event the Parties are unable to agree upon the revised terms within thirty (30) days thereafter, either Party may terminate this Agreement immediately upon written notice to the other.

10.2.7. Effect of Termination.

10.2.7.1. Upon expiration or termination of this Agreement, neither Party shall have any further obligation hereunder except for (a) obligations due and owing which arose prior to the date of termination and (b) obligations, promises, or covenants contained herein which expressly extend beyond the term of this Agreement.

10.2.7.2. Upon expiration or termination of this Agreement, and upon Hospital's request, Contractor, including Physician, shall immediately vacate the Hospital and the Program premises, removing at such time any and all of Contractor's personal property. Hospital may remove and store, at Contractor's expense, any personal property that has not been so removed.

10.2.7.3. Following the expiration or termination of this Agreement, Contractor shall not and shall cause Physician not to do anything that might interfere with any Hospital efforts to contract with any other individual or entity for the provision of services or to interfere in any way with any relationship between Hospital and any entity or person who may replace Contractor.

10.2.7.4. Termination of this Agreement by Hospital shall not provide Contractor or Physician the right to a fair hearing or the other rights more particularly set forth in the Medical Staff Bylaws.

10.3. Suspension of Agreement.

10.3.1. Hospital may suspend this Agreement (i) in order to permit Hospital, its employees and agents to conduct any review of any ethical, clinical, compliance-related, quality- or patient care-related matter; or (ii) in lieu of termination of this Agreement under Section 10.2, for any reason provided under Sections 10.2.2 or 10.2.3.

10.3.2. Suspension of the Agreement shall take effect upon Contractor's receipt of written or oral notice. If notice of suspension is given orally, Hospital shall confirm oral notice promptly in writing. Suspension shall remain in effect until the rights and duties of Contractor under this Agreement are reinstated by Hospital by written notice to Contractor. If the Agreement remains suspended for sixty (60) consecutive days, the suspension shall be treated as the termination of the Agreement without cause for all purposes of this Agreement.

10.3.3. Effect of Suspension.

10.3.3.1. Any period of suspense pursuant to this Section 10.3 shall be referred to as a "**Suspension Period.**"

10.3.3.2. During the Suspension Period, Hospital shall be relieved of all of its duties and obligations under this Agreement, including, without limitation, any obligation to make payment for services rendered by Physician or Contractor Personnel (as defined in Section 12.2) or to make available any Program space, supplies or support staff to Physician or Contractor Personnel.

10.3.3.3. In the event that Hospital determines, in its sole discretion, to terminate the Suspension Period and reinstate this Agreement, Hospital shall have no obligation to pay Contractor any amounts that would have been owed under this Agreement (for services rendered by Physician or Contractor Personnel during the Suspension Period) had there been no Suspension Period.

10.4. Set-off. In the event of any breach of Section 1.18 above, Hospital may set-off and apply any compensation otherwise due to Contractor hereunder to cure any monetary defaults of Contractor under other agreements. This set-off right is in addition to other Hospital remedies set forth herein.

10.5. Damages Upon Termination or Suspension. In the event of any breach, suspension or termination of this Agreement by Hospital that is determined to be improper by a court of competent jurisdiction or by a binding arbitration award, Contractor shall accept monetary damages, if any, as full and complete relief, to the exclusion of any injunctive or similar relief.

10.6. Survival. The provisions of Sections 1.10, 1.14, 1.15, 1.17, 3, 5, 6.2, 7, 8.1, 10.2.7, 10.4, 10.5, 10.6, and 11 shall survive the expiration or termination of this Agreement.

11. DISPUTE RESOLUTION

11.1. Special Meeting. Except as set forth in Section 11.6 below, in the event of any dispute or disagreement between the Parties with respect to this Agreement, either Party may request in writing a special meeting for the resolution of the dispute (a "**Special Meeting**"). The Special Meeting shall be held at a mutually agreeable location within ten (10) days of a written request for the meeting, which request shall specify the nature of the dispute to be resolved. The Special Meeting shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.2. Mediation. If a dispute has not been resolved within thirty (30) days after the date of the Special Meeting or within forty-five (45) days of the written request for the Special Meeting, either Party may initiate mediation of the dispute by sending a written request for mediation to the other Party. The Parties shall meet to jointly select an independent and neutral person qualified to act as a mediator. The mediation proceeding shall commence not more than thirty (30) days after the written request for mediation. The mediation shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.3. Arbitration. If the Parties are unable to reach a mutually acceptable resolution to the dispute within thirty (30) days following an initial mediation conference or within sixty (60) days following the written request for mediation, the matter shall be submitted to arbitration. Either Party may commence arbitration by giving a written notice to the other Party demanding arbitration. There shall be one (1) impartial arbitrator, who shall be experienced in mediation and arbitration and knowledgeable regarding the health care/health related services industry. The Parties shall meet to jointly select a single arbitrator to serve in the matter of dispute resolution. If the Parties cannot reach agreement as to a mutually acceptable arbitrator within ten (10) days after the demand to arbitrate is made, they shall request that an arbitrator be chosen by JAMS/Endispute, Inc.

11.4. Hearing. The arbitration process shall consist of an adversary hearing and each Party shall have the right to call and cross-examine witnesses under oath and to introduce oral and documentary evidence. The decision of the arbitrator shall be final and binding. The arbitration hearing shall take place at a location mutually agreed upon by the Parties, and shall be governed by the rules of Section 1280 et seq. of the California Code of Civil Procedure.

The arbitration shall be held within sixty (60) days after the appointment of the arbitrator, and in no event shall the taking of evidence before the arbitrator commence more than six (6) months following the date of the written demand for arbitration. In the event that the taking of evidence before the arbitrator does not commence within this time period, the Party demanding arbitration shall be able to pursue all legal remedies, including without limitation bringing an action regarding the dispute in a court of law.

11.5. Good Faith Finding. The arbitrator, in addition to resolving the dispute, shall make a finding whether the Parties to the arbitration acted in good faith. If the Parties are found by the arbitrator to have acted in good faith, both Parties shall equally share in the expenses and fees of the arbitration. However, if one Party is found not to have acted in good faith, that Party alone will bear the expenses and fees of the arbitration, including attorneys' fees for both Parties.

11.6. Injunctive Relief. Notwithstanding the provisions of this Section 11 and except as provided in Section 10.5 above, each of the Parties hereto shall have the right to apply for and obtain a temporary restraining order or other temporary, interim or permanent injunctive or equitable relief from a court of competent jurisdiction in order to enforce the provisions of any part of this Agreement as may be necessary to protect its rights under those Sections.

11.7. Costs. In the event a court action is brought to enforce or interpret any part of this Agreement, the prevailing Party shall be entitled to recover as an element of its costs of suit, reasonable attorneys' fees, as determined by the court.

12. MISCELLANEOUS PROVISIONS

12.1. Notices. Written notice required under this Agreement shall be delivered personally or sent by United States registered or certified mail, postage prepaid and return receipt requested, and addressed or delivered to the Parties at the following addresses (or such address as may hereafter be designated by a Party by written notice thereof to the other Party):

Contractor	**Hospital**
Harding G. Young, M.D. Harding G. Young, M.D., Inc. 3617 Martin Luther King Jr. Blvd., Ste 1 Lynwood, CA 90262	President and Chief Executive Officer St. Francis Medical Center 3630 East Imperial Highway Lynwood, CA 90262

12.2. Obligations of Contractor Personnel. All obligations and prohibitions imposed on Contractor pursuant to this Agreement are equally applicable to Physician, Assistant Medical Director and to any other physician, partner, shareholder, associate, employee or contractor (collectively referred to as the "**Contractor Personnel**") engaged, retained, employed or contracted by Contractor to assist in the performance of this Agreement. Contractor shall require all Contractor Personnel to comply with all terms and conditions of this Agreement. Upon Hospital's request, Contractor shall obtain from each of the Contractor Personnel a written acknowledgment and agreement to be bound by the terms and conditions of this Agreement in such form as may be required by Hospital.

12.3. Other Agreements. Hospital and Contractor acknowledge and agree that this Agreement and any other agreement or arrangement between (a) Hospital and (b) Contractor, Physician or any immediate family member of Physician shall be cross-referenced to a master list(s) of contracts that is centrally maintained and updated by Hospital. For the purposes of this Section, "immediate family member" means a husband or wife; birth or adoptive parent, child or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

12.4. Incorporation of Exhibits. All schedules, exhibits, addenda, and recitals referred to in this Agreement are an integral part of this Agreement and are incorporated in full into this Agreement by this reference.

12.5. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of California, without regard to conflict of law rules.

12.6. Force Majeure. Neither Party shall be liable or be deemed in default of this Agreement for any delay or failure to perform caused by Acts of God, war, acts of terrorism, disasters, strikes, or any similar cause beyond the control of either Party.

12.7. Catastrophe. In the event that Hospital facilities shall be partially damaged or destroyed by fire, earthquake or other catastrophe, and such damage is sufficient to render the facilities untenantable but not entirely or substantially destroyed, this Agreement may be suspended by Hospital until such time as Hospital determines that the premises or the facilities shall again be tenantable. In the event Hospital determines that Hospital facilities have been entirely or substantially destroyed by fire, earthquake, or other catastrophe, this Agreement may be terminated by either Party upon ten (10) days' written notice to the other; or, in the alternative,

this Agreement shall be suspended until such time as Hospital shall erect or otherwise acquire new facilities with accommodations substantially similar to those provided herein for the use of Program, in the event that Hospital gives written notice to Contractor that it shall erect or otherwise acquire facilities. Nothing in this Agreement shall obligate Hospital to erect or otherwise acquire such facilities.

12.8. Tax Exempt Financing. Notwithstanding anything in this Agreement to the contrary, in the event that the Hospital uses the proceeds of tax-exempt financing, this Agreement shall be amended as may be necessary in order for Hospital to comply with the requirements of such financing so that the services provided under this Agreement are not considered "private activity use" under the Internal Revenue Code. Immediately upon request by Hospital, Contractor shall execute any and all such amendments presented by Hospital and shall return promptly said executed original amendments to Hospital.

12.9. Severability. The provisions of this Agreement shall be deemed severable and if any portion shall be held invalid, illegal or unenforceable for any reason, the remainder of this Agreement shall be effective and binding upon the Parties.

12.10. Assignment and Delegation. Contractor shall not assign or delegate any of its rights or obligations under this Agreement, and any such assignment or delegation is expressly prohibited and shall be void. Subject to the prohibition contained in this paragraph, this Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the Parties hereto. Hospital, in its sole and absolute discretion, shall have the right at any time to assign, delegate or in any manner transfer all or any portion of its interests, obligations or duties under this Agreement to any person, group or entity without the consent of Contractor.

12.11. Amendment. This Agreement may be amended at any time by mutual agreement of the Parties without additional consideration, provided that before any amendment shall become effective, it shall be reduced to writing and signed by the Parties.

12.12. Entire Agreement. This Agreement, including all Attachments, is the entire Agreement between the Parties and no other agreements, oral or written, have been entered into with respect to the subject matter of this Agreement. This Agreement supercedes all prior agreements, negotiations, and communications of whatever type, whether written or oral, between the Parties hereto with respect to the subject matter of this Agreement.

12.13. Captions. Any captions or headings of the articles, sections, subsections, paragraphs, or subparagraphs of this Agreement are solely for the convenience of the Parties, are not a part of this Agreement and shall not be used for the interpretation or determination of validity of this Agreement or any provision hereof.

12.14. Cumulation of Remedies. The various rights, options, elections, powers, and remedies of the respective Parties hereto contained in, granted, or reserved by this Agreement, are in addition to any others that said Parties may be entitled to by law, shall be construed as cumulative, and no one of them is exclusive of any of the others, or of any right or priority allowed by law.

12.15. No Third Party Rights. The Parties do not intend the benefits of this Agreement to inure to any third person not a signatory hereto. Notwithstanding anything contained herein, or any conduct or course of conduct by any Party hereto, before or after signing this Agreement, this Agreement shall not be construed as creating any right, claim or cause of action against either Party by any person or entity not a Party to this Agreement.

12.16. Counting Days. If the day for performance of any obligation under this Agreement is a Saturday, Sunday, or legal holiday (within the meaning of California Civil Code Section 7), then the time for performance of any obligation under this Agreement shall be extended to 5:00 p.m. on the first business day following such Saturday, Sunday, or legal holiday.

12.17. Construction of Agreement. The Parties agree that each Party and its counsel have fully participated in the review and revision of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party shall not apply in the interpretation of this Agreement or any amendment hereto or exhibit herein or therein.

12.18. Waiver. No delay or omission by either Party to exercise any right or remedy under this Agreement shall be construed to be either acquiescence or the waiver of the ability to exercise any right or remedy in the future. Any waiver of any terms and conditions hereof must be in writing, and signed by the Parties hereto. A waiver of any term or condition hereof shall not be construed as a future waiver of the same or any other term or condition hereof.

12.19. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all such counterparts together shall constitute one and the same instrument.

[Rest of the Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their respective duly authorized representatives effective as of the date first above written.

DESCRIPTION OF SERVICES

ADMINISTRATIVE SERVICES

Physician shall:

1. Attend Hospital's Bioethics Committee meetings and co-chair Bioethics Consultation Sub-Committee meetings.

2. Be available for weekly multidisciplinary rounds and bioethics beside reviews, providing medical insight into cases and contacting attending physician to communicate bedside review recommendations.

3. Facilitate Bioethics consultation in collaboration with appropriate Hospital departments and affiliated physicians.

4. Inform Medical Executive Committee and Medical Staff regarding relevant bioethical issues.

5. Pursue educational opportunities as academic venues.

PERFORMANCE STANDARDS:

Contractor shall cause Physician to use best efforts to achieve and maintain compliance with the following:

1. Respond to a request for a Bioethical referral consultation within twelve (12) hours.

2. Be available by telephone for Bioethical consultation in a moment of crisis or urgency, i.e. Labor and Delivery (L&D), Neonatal Intensive Care Unit (NICU), and/or Intensive Care Unit (ICU).

3. Collaborate with Spiritual Care and Risk Management family conferences to resolve bioethical issues and concern arising from the referrals received.

4. Collaborate with the Palliative Care Team on addressing chronic and end of life issues.

5. Collaborate with the One Legacy organ procurement agency on issues related to ethics.

6. Participate in a review of Policies and Procedures in which Bioethics are a part of.

7. In collaboration with Co-Medical Director of the Program provide an annual evaluation, in writing, to Hospital administration outlining the Program's (i) strategic goals in the prior year in the areas of (a) quality, (b) patient safety and (c) improved efficiency; (ii) outcomes of each strategic goal; (iii) actions proposed to address any goals not met; and (iv) goals and objectives for the subsequent contract year.

BUSINESS ASSOCIATE AGREEMENT

In the role of Medical Director, Contractor may have access to certain Protected Health Information (as defined below and referred to herein as "PHI") that is not the PHI of a mutual patient, but the PHI of a Hospital patient. Consequently, in the Medical Director role, Contractor is serving as a Business Associate or "BA," and Hospital is serving as a Covered Entity or "CE."

To protect the privacy of the PHI and to comply with HIPAA, the HIPAA Regulations, and the California Confidentiality Laws (each as defined below), CE and BA desire to enter into this BA Agreement setting forth the terms and conditions of the use and disclosure of such PHI. This exhibit solely relates to the potential use or disclosure of, as well as access to, PHI when the patient is not also a patient of BA.

ARTICLE I: DEFINITIONS

1.1 **General Rule**. Capitalized terms not otherwise defined in this BA Agreement shall have the same meaning as those terms have in the HIPAA Regulations.

1.2 **HIPAA** means the Health Insurance Portability & Accountability Act of 1996, P.L. 104-191, as amended by the HITECH Act.

1.3 **HIPAA Regulations** means the regulations promulgated under HIPAA by the U.S. Department of Health and Human Services, including, but not limited to, the Privacy Rule, the Security Rule, and the Breach Notification Rule, as currently in effect and as modified from time to time.

1.4 **HITECH Act** means Subtitle D of the Health Information Technology for Economic and Clinical Health Act ("HITECH"), which is Title XIII of the American Recovery and Reinvestment Act of 2009, P.L. 111-5.

1.5 **Privacy Rule** means the Standards for Privacy of Individually Identifiable Health Information, codified at 45 CFR Parts 160 and 164, Subparts A and E, as currently in effect and as modified from time to time.

1.6 **Protected Health Information or "PHI"** shall have the meaning given to the term "Protected Health Information" under the Privacy Rule.

1.7 **Breach Notification Rule** means the Standards for Notification in the Case of Breach of Unsecured Protected Health Information, codified at 45 CFR Parts 160 and 164, Subparts A and D, as currently in effect and as modified from time to time.

1.8 **Security Rule** means the Security Standards for the Protection of Electronic Protected Health Information, codified at 45 CFR Parts 160 and 164, Subparts A and C, as currently in effect and as modified from time to time.

1.9 **California Confidentiality Laws** means the laws of the State of California governing the confidentiality of PHI, including, but not limited to, the California Confidentiality of Medical Information Act (Cal. Civil Code §56 *et seq.*), the patient access law (Cal. Health & Safety Code §123100 et seq.), the HIV test result confidentiality law (Cal. Health & Safety Code §120975 et seq.), the Lanterman-Petris-Short Act (Cal. Wel. & Inst. Code §5328 et seq.), the medical identity theft law (Cal. Civil Code §1798.82), and the improper access notification law (Cal. Health & Safety Code §1280.15).

ARTICLE II: OBLIGATIONS OF BA

2.1 **General Requirements**. Except as otherwise limited in this BA Agreement, BA may use or disclose PHI to perform functions, activities, or services for, or on behalf of, CE pursuant to the Agreement, provided that such Use or Disclosure would not violate HIPAA, the HIPAA Regulations, or the California Confidentiality Laws if done by CE. BA and its agents and subcontractors shall only request, use, and disclose the minimum amount of PHI necessary to accomplish the purpose of the permitted Use or Disclosure. BA agrees to comply with all applicable provisions in HIPAA, the HIPAA Regulations, and the California Confidentiality Laws.

2.2 **Uses or Disclosures Permitted by Privacy Rule**. As permitted by the Privacy Rule, BA may use or disclose PHI: (a) as is necessary for the proper management and administration of BA's organization, or (b) to carry out the legal responsibilities of BA; provided, however, that any permitted Disclosure to a third party must be either Required by Law or subject to reasonable assurances obtained by BA from the third party that the PHI will be held confidentially, and securely, and used or disclosed only as Required by Law or for the purposes for which it was disclosed to such third party, and that any breaches of confidentiality of the PHI which become known to such third party will be immediately reported to BA. BA shall obtain the prior permission of CE before making any such disclosure that is not Required by Law. BA shall notify CE in a timely manner prior to making any Disclosure that is Required by Law, in order to afford CE the opportunity to respond to the request for such a Disclosure.

2.3 **Data Aggregation**. BA may provide Data Aggregation services relating to the Health Care Operations of CE.

2.4 **Disclosures to Agents and Subcontractors**. BA shall ensure that any agent or subcontractor to whom it provides PHI agrees in writing to the same restrictions, conditions, and requirements that apply to BA with respect to such PHI and as set forth herein regarding the Use and Disclosure and security of PHI, including, but not limited to, implementation of administration, physical and technical safeguards, notice of prohibited Use or Disclosure, mitigation of harmful effects, responses to requests for access and amendment, and a term permitting immediate termination of the agent's or subcontractor's agreement with BA for improper Use or Disclosure of PHI. BA shall terminate its agreement with any agent or subcontractor to whom it provides PHI if such agent or subcontractor fails to abide by any material term of such agreement.

2.5 **Safeguards**. BA shall implement and use appropriate safeguards as necessary to prevent the Use or Disclosure of PHI in any manner that is not permitted by this BA Agreement, including but not limited to, safeguards designed to limit incidental Uses or Disclosures made pursuant to an otherwise permitted or required Use or Disclosure.

2.6 **Security Rule Safeguards**. To the extent that BA creates, receives, maintains, or transmits electronic PHI, BA shall comply with the Security Rule and implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of any electronic PHI that may be transmitted in conformity with the requirements of the Security Rule and prevent the Use or Disclosure of electronic PHI in any manner that is not permitted by this BA Agreement.

2.7 **Direct Access to CE's Electronic Systems**. If BA or its employees/agents are granted direct access to CE's electronic systems, BA will ensure that each of its employees and agents has access to only what is required for each employee/agent to perform the specific duties assigned by BA to that individual employee/agent pursuant to the Services Agreement with CE. Further, BA will provide immediate notice when its employees/agents are terminated or change roles or otherwise no longer have a need for access, BA will routinely monitor the list of employees/agents with access, BA will educate its employees/agents that sharing of login information among its employees/agents is prohibited, and BA will provide CE with a list of its employees/agents with access to CE's electronic systems upon request by CE.

2.8 **Minimum Necessary Use and Disclosure**. In conducting functions and/or activities under this BA Agreement or any other agreement between the parties hereto that involve the use and/or disclosure of PHI, BA shall make reasonable efforts to limit the use and/or disclosure of PHI to the minimum amount of information necessary as determined by CE to accomplish the intended purpose of the use or disclosure.

2.9 **Reporting**. BA agrees to provide written notice to CE of any Use or Disclosure of PHI that is in violation of this BA Agreement, the Privacy Rule, the California Confidentiality Laws, or other applicable federal or state law, within five (5) calendar days of becoming aware of such Use or Disclosure. BA shall also notify CE in writing within five (5) calendar days of receipt of any complaint that BA receives concerning the handling of PHI or compliance with this BA Agreement. BA further agrees to provide written notice to CE of any Security Incident within five (5) calendar days of BA's discovery of such Security Incident.

Notwithstanding the foregoing, BA shall immediately, and in no case longer than forty-eight (48) hours after, upon discovery of a Breach under HIPAA or breach under applicable state law, report to CE such Breach/breach, consistent with HIPAA, the HIPAA Regulations, and the California Confidentiality Laws. BA must also, without unreasonable delay, identify each individual whose unsecured PHI has been, or is reasonably believed to have been, accessed, acquired or disclosed as a result of the Breach/breach, and provide such information to CE as needed in order to meet the data

breach notification requirements under the Breach Notification Rule and the California Confidentiality Laws, and in any event within five (5) calendar days after the discovery of the Breach/breach. The Breach shall be considered "discovered" when the BA knew or reasonably should have known when the Breach occurred.

BA agrees to fully cooperate, coordinate with and assist CE in gathering the information necessary to notify the affected individuals. BA agrees to cooperate with CE to ensure that all such Breach/breach notices are sent without unreasonable delay, and in no case more than five (5) business days from the discovery of the Breach/breach, as required under the applicable California Confidentiality Laws. BA agrees that it shall be solely responsible for all costs and expenses incurred by both CE and BA as a result of the Breach/breach, including costs associated with mitigation, preparation and delivery of the notices.

2.10 **Mitigation**. BA shall mitigate promptly, to the extent practicable, any harmful effect that is known to BA of a Use or Disclosure of PHI by BA in violation of this BA Agreement, the Privacy Rule, or other applicable federal or state law.

2.11 **Requests for Restrictions**. BA agrees to comply with requests for restrictions on Use or Disclosure of PHI that CE has agreed to or is required to abide by under 45 C.F.R. §164.522, to the extent that such restriction may affect BA's use or disclosure of such PHI.

2.12 **Access and Amendment**. To enable CE to fulfill its obligations under the Privacy Rule, BA shall make PHI in Designated Record Sets that are maintained by BA or its agents or subcontractors available to CE for inspection, copying or amendment within ten (10) calendar days of a request by CE. If an Individual requests inspection, copying or amendment of PHI directly from BA or its agents or subcontractors, BA shall notify CE in writing within five (5) business days of receipt of the request, and shall defer to, and comply with, CE's direction in a timely manner regarding the response to the Individual regarding the request for inspection, copying or amendment.

2.13 **Accounting**. BA shall implement a process for recording certain Disclosures of PHI by BA ("Accounting Information") in order to enable CE to comply timely with its obligations under the Privacy Rule including, but not limited to, 45 CFR Section 164.528. At a minimum, this Accounting Information shall include for each such Disclosure recordation of (a) the name and date of birth of the Individual whose PHI was the subject of the Disclosure; (b) the date of Disclosure; (c) the name and address of the recipient of the PHI; (d) a brief description of the PHI disclosed; and (e) a brief statement of the purpose for the Disclosure that reasonably informs the Individual of the basis for the Disclosure. Within ten (10) calendar days of notice from CE of a request for an accounting of Disclosures of PHI, BA shall make available to CE this Accounting Information. In addition, for any month in which BA makes a Disclosure of PHI, BA shall provide Accounting Information during the subsequent month pertaining to CE, in a format and medium specified by CE. If an Individual requests an accounting directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) business

days of the request, and shall defer to, and comply in a timely manner with, CE's direction regarding the response to the Individual regarding the request for an accounting.

2.14 **Government Officials**. BA shall make its internal practices, books and records relating to the Use and Disclosure of PHI available to the Secretary of the U.S. Department of Health and Human Services ("Secretary") for purposes of determining CE's compliance with the Privacy Rule. BA shall notify CE regarding any PHI that BA provides to the Secretary concurrently with providing such PHI to the Secretary, and upon CE's request, shall provide CE with a duplicate copy of such PHI.

2.15 **Insurance and Indemnity**. BA shall maintain or cause to be maintained sufficient insurance coverage as shall be necessary to insure BA and its agents or subcontractors against any claim or claims for damages arising under this BA Agreement. Such insurance coverage shall apply to all sites of BA and to all services provided by BA or its agents or subcontractors under this BA Agreement.

BA shall indemnify, hold harmless and defend CE and its affiliated entities from and against any and all claims, losses, liabilities, costs and other expenses (including reasonable attorneys' fees and costs, and administrative penalties and fines) incurred as a result of, or arising directly or indirectly out of or in connection with any act or omission of BA, its agents or subcontractors, under this BA Agreement including, but not limited to, negligent or intentional acts or omissions. The indemnification obligation of BA shall survive termination of this BA Agreement.

2.16 **Prohibition on Sale of PHI**. BA agrees to comply with the prohibition of sale of PHI without authorization unless an exception under 45 C.F.R. § 164.508 applies.

2.17 **Compliance with CE's Obligations**. To the extent that BA carries out CE's obligations under HIPAA, the HIPAA Regulations, or the California Confidentiality Laws, BA shall comply with all of the requirements of HIPAA, the HIPAA Regulations, and the California Confidentiality Laws, in the performance of such obligations.

ARTICLE III: OBLIGATIONS OF CE

3.1 **Notice of Privacy Practices**. CE shall notify BA of limitation(s) in its notice of privacy practices, in accordance with 45 CFR Section 164.520, to the extent such limitation affects BA's permitted Uses or Disclosures.

3.2 **Individual Permission**. CE shall notify BA of changes in, or revocation of, permission by an Individual to use or disclose PHI, to the extent such changes affect BA's permitted Uses or Disclosures.

3.3 **Restrictions**. CE shall notify BA of restriction(s) in the Use or Disclosure of PHI that CE has agreed to, in accordance with 45 CFR Section 164.522, to the extent such restriction affects BA's permitted Uses or Disclosures.

3.4 **Prohibited Requests**. CE shall not request BA to use or disclose PHI in any manner that would not be permissible under HIPAA, the HIPAA Regulations, or the California Confidentiality Laws, if done by CE.

ARTICLE IV: TERM AND TERMINATION

4.1 **Term**. This BA Agreement shall be effective as of the Effective Date, and shall continue in effect with respect to the Agreement until: (i) this BA Agreement is terminated in accordance with the provisions of Section 4.2 or (ii) the Agreement (in its entirety) is terminated.

4.2 **Termination for Cause**. In the event of either party's material breach of this BA Agreement, the non-breaching party may terminate this BA Agreement upon ten (10) calendar days prior written notice to the breaching party in the event the breaching party does not cure such breach to the reasonable satisfaction of the non-breaching party within such ten (10) calendar day period. In the event that cure of a breach under this Section 4.2 is not reasonably possible, the non-breaching party may immediately terminate this BA Agreement; or if neither termination nor cure is feasible, the non-breaching party may, subject to all applicable legal privileges, report the violation to the Secretary of the Department of Health and Human Services. Either party may terminate this BA Agreement immediately if (a) the other party is named as a defendant in a criminal proceeding for a violation of HIPAA, HIPAA Regulations, or the California Confidentiality Laws, or (b) if a finding or stipulation that the other party has violated any standard or requirement of HIPAA, the HIPAA Regulations, the California Confidentiality Laws, or any other security or privacy law is made in any administrative or civil proceeding in which that party has been joined.

4.3 **Effects of Termination**. Upon termination of the business relationship between the parties and/or the BA Agreement for any reason, BA shall, at CE's direction, return or destroy all PHI that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such PHI. Upon CE's request, BA shall certify in writing that such return or destruction has occurred. If BA determines that return or destruction is not feasible, BA shall explain to CE in writing why conditions make the return or destruction of such PHI not feasible. If CE agrees that the return or destruction of PHI is not feasible, BA shall retain the PHI, subject to all of the protections of this BA Agreement, and shall make no further Use or Disclosure of the PHI, except as for those purposes that make the return or destruction of the PHI not feasible. In any event, upon termination of the business relationship between the parties and/or the BA Agreement, BA shall retain for no less than six (6) years the Accounting Information compiled by BA pursuant to section 2.13 of this BA Agreement, and shall make such Accounting Information available to CE within five (5) business days of a request.

4.4 **Survival**. The obligations of BA under this Article IV shall survive the termination of the business relationship between the parties and/or the BA Agreement.

AMENDMENT NO. 1 TO
MEDICAL DIRECTOR AGREEMENT FOR BIOETHICS PROGRAM

This Amendment No. 1 (this "**Amendment**") to the Medical Director Agreement for Bioethics Program dated May 5, 2017, between St. Francis Medical Center and Harding Young, M.D., Inc. (the "**Agreement**") is made and entered into effective as of May 31, 2018 (the "**Amendment Effective Date**") by and between St. Francis Medical Center, a California nonprofit public benefit corporation ("**Hospital**"), and Harding Young, M.D., Inc., a California Professional Corporation ("**Contractor**").

Hospital and Contractor hereby agree as follows:

1. Extension of Expiration Date of Term. Section 10.1 of the Agreement is hereby amended to extend the term of the Agreement through May 31, 2019.

2. Defined Terms. Capitalized terms used in this Amendment but not defined herein shall have the meanings set forth in the Agreement. All references in the Agreement to the Agreement shall mean the Agreement, as amended by this Amendment.

3. Headings. The headings in this Amendment have been included solely for reference and are to have no force or effect in interpreting its provisions.

4. Original Signature. This Amendment and any facsimile signatures thereon shall be construed as an original document, and shall constitute the required signature to bind the parties herein.

5. Counterparts. This Amendment may be executed in counterparts, any of which need not contain the signature of more than one party, but all of which taken together shall be one and the same agreement.

6. Miscellaneous. Except to the extent specifically amended hereby, the provisions of the Agreement shall remain unmodified and the Agreement as amended hereby is confirmed as being in full force and effect.

IN WITNESS WHEREOF, Hospital and Contractor have caused this Amendment to be executed by their respective duly authorized representatives effective as of the Amendment Effective Date.

MEDICAL ADMINISTRATOR AND CALL COVERAGE AGREEMENT

This Medical Administrator and Call Coverage Agreement ("**Agreement**") is made and entered into as of January 1, 2015 (the "**Effective Date**"), by and between St Vincent Medical Center, a California nonprofit religious corporation ("**Hospital**"), and Randal P. Arase, M.D. ("**Physician**").

RECITALS

A. Hospital owns and operates a general acute care hospital located at 2131 West Third Street, Los Angeles, CA 90057, in which is located an Emergency Department ("**Department**"). Hospital is affiliated with the Daughters of Charity Health System ("**DCHS**").

B. Physician is duly qualified and licensed to practice medicine in the State of California, is experienced and qualified to provide professional services in the specialized field of General Surgery ("**Professional Services**"), and is a member of Hospital's Medical Staff ("**Medical Staff**"). Physician is willing to provide Professional Services upon the terms and conditions set forth in this Agreement.

C. In order to assure adequate medical care in the Department, Hospital desires to engage Physician to provide Professional Services to Hospital patients who present in the Department and require specialized services.

NOW, THEREFORE, the parties hereby agree as follows:

AGREEMENT

1. Services.

1.1. Professional Services. Physician shall provide Professional Services as set forth in the "**Description of Services,**" attached hereto as Exhibit A, on dedicated coverage shifts of twenty-four (24) hour duration ("**Coverage Shifts**"), pursuant to the Department's pre-established schedule, as may be in effect and amended from time to time. Physician shall ensure that all Professional Services are performed only by a competent Physician who satisfies all of the requirements set forth herein.

1.1.1 Coverage Shifts Generally. During each Coverage Shift, Physician shall provide Professional Services to unassigned patients who present to the Hospital's emergency department and to Hospital's inpatients who are in need of medical care in physician's clinical specialty ("**Physician's Specialty**"), regardless of patients' insurance status or ability to pay. Physician shall be unencumbered by conflicting duties or responsibilities and shall respond in accordance with the requirements set forth in this Section 1, Hospital's Medical Staff Bylaws and Rules and Regulations, and the Department's Policies and Procedures during each Coverage Shift for which Physician is scheduled.

1.1.2 On-Call Coverage Shifts. During each on-call Coverage Shift, Physician shall ensure that he/she (a) responds by telephone within thirty (30) minutes of receiving a telephone call or page from the Department and (b) arrives in the Department within a timeframe appropriate to the acuity of the patient and based on Medical Staff protocols or as otherwise required by medical necessity. In the event Physician fails to perform any of the Coverage Shifts required hereunder, Hospital, in its sole discretion, may contract with another provider to perform such Coverage Shifts. Any costs incurred by Hospital in connection with arranging Coverage Shifts, as described herein, with another provider shall be paid by Physician.

1.2. Administrative Services. Physician shall perform the administrative duties and responsibilities ("**Administrative Services**") as set forth in the Administrative Services section of the "Description of Services," attached hereto as Exhibit A, under the direction Hospital President and CEO. Physician acknowledges that the Medical Executive Committee may monitor and review his/her performance of such Administrative Services, and that the results of any such reviews may be transmitted to Physician and Hospital administration.

2. Qualifications of Physician. Physician, at all times during the term of this Agreement, shall (a) be duly licensed as a physician under California law; (b) be Board Certified (or, with the approval of Hospital's President and CEO, or his/her designee, Board Eligible) in Physician's Specialty; (c) be a member in good standing of the Medical Staff of Hospital, with privileges in Physician's Specialty; (d) maintain an unrestricted federal Drug Enforcement Administration ("**DEA**") registration number; (e) be a participating provider in the Medicare and Medi-Cal programs; and (f) maintain insurance coverage as set forth in Section 15 of this Agreement. Physician shall provide documentation of compliance with all provisions of this Section to Hospital upon request.

3. Representations of Physician. Physician represents and warrants that (a) Physician's license to practice in any state has never been suspended, revoked or restricted; (b) Physician has never been reprimanded, sanctioned or disciplined by any licensing board or state or local medical society or specialty board; (c) Physician has never been denied membership or reappointment of membership on the medical staff of any hospital, and no hospital medical staff membership or clinical privileges of Physician have ever been suspended, curtailed or revoked for disciplinary reasons; (d) Physician has never been reprimanded, sanctioned or disciplined by the DEA, been denied a DEA registration number or had a DEA registration number restricted; (e) Physician has never been excluded from participation in, or sanctioned by, any state, federal or local health care program including, but not limited to, Medicare and Medi-Cal; and (f) Physician has never been denied insurance coverage as set forth in Section 15 or had such coverage restricted.

Physician will immediately notify Hospital if Physician is excluded from participation in a federal health care program. Physician will indemnify Hospital for any claims, judgments, overpayments or expenses arising from such exclusion.

4. Notice of Events. Physician shall also immediately notify Hospital of: (a) any failure to satisfy the terms of Section 2 or the inaccuracy of any representation or warranty made in Section 3; (b) any malpractice claim or professional disciplinary action asserted or initiated against Physician and (c) any pending plan to provide services through an incorporated entity, rather than individually. Physician shall provide the notice required pursuant to Section 4(c) no later than forty-five (45) days prior to the date on which Physician intends to provide services through his or her corporation, and shall take all such actions and provide all such information requested by Hospital in order to amend and assign this Agreement, as necessary, to reflect Physician's new corporate identity.

5. Other Agreements. Physician shall timely and fully perform all of Physician's monetary and non-monetary obligations to Hospital or its affiliate under any medical office building lease and any other written contracts between or among such parties.

6. Billing and Compensation.

6.1. Payment for Coverage Shifts. In consideration of the time spent on-call during the Coverage Shifts by Physician in accordance with Section 1 and expressly conditioned upon

Physician's submission to Hospital of the written monthly invoice in accordance with Section 6.2, and Hospital's acceptance thereof, Hospital shall pay Physician at the rate of Five Hundred Dollars ($500.00) per Coverage Shift. Physician shall accept such payments as full compensation from the Hospital for Coverage Shifts provided under this Agreement. Payment shall be made in the name of Physician. To ensure that compensation is reported as paid to the proper party, attached to this Agreement as Exhibit B is a completed and executed copy of IRS Form W-9 which identifies the taxpayer identification number for Physician.

6.2. Conditions for Payment. Payment of the compensation provided herein is conditioned upon the following:

6.2.1 Physician's timely and full performance of all of his/her duties and obligations set forth in herein.

6.2.2 Physician's maintaining such records and supporting documents as may, from time to time, be required to comply with the requirements of governmental agencies and third-party payors, including completing or assuring the prompt completion of all patient charts and other medical records required to be maintained with respect to the Department.

6.2.3 Physician's submission, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement, of a written invoice to Hospital in the form attached hereto as Exhibit C, or as otherwise required by Hospital, detailing to Hospital's satisfaction the number of Coverage Shifts provided by Physician during the immediately preceding calendar month. Hospital will not accept invoices submitted more than sixty (60) days after the end of the calendar month for which payment for Professional Services is sought.

6.2.4 Execution of the Agreement by Hospital and Physician prior to the Coverage Shift for which payment is requested. Hospital will not pay for any Coverage Shift occurring prior to the later of the Effective Date or the execution of the Agreement by both parties.

6.3. Billing and Collection. Physician shall, separately from Hospital and at Physician's cost and expense, bill and collect his or her fees and charges from patients and/or responsible payors for the Professional Services rendered in the Department. Such collections shall be made under Physician's federal tax identification number and provider number(s) and shall be carried out in accordance with all applicable contractual requirements, laws and regulations. Physician shall accept as payment in full for Professional Services covered by Medicare or Medi-Cal (a) the applicable Medicare payment under Medicare assignment and/or the applicable Medi-Cal payment under Medi-Cal assignment plus (b) the applicable coinsurance, copayment or deductible amounts. In the event that an uninsured patient's treatment is not covered by QueensCare, Hospital will compensate Physician for treatment of that uninsured patient at current Medicare rates.

7. Third-Party Payor Arrangements. Physician shall, upon Hospital's request, (a) make best efforts to enroll as a provider, as necessary, (separate from Hospital) with respect to Physician's Professional Services provided pursuant to this Agreement in any third-party payor arrangement; and (b) enter into an express contractual agreement with a third-party payor, or any intermediate organization, including any independent practice association, if required for enrollment with such third-party payor.

8. Compliance.

8.1. Corporate Responsibility Program; Ethical Principles, Policies and Practices. Physician hereby agrees that Hospital's Corporate Responsibility Program, as adopted and amended from time to time (the **"Compliance Program"**), shall be incorporated herein and made a part of this Agreement. Physician further agrees that at all times during the term of this Agreement, Physician shall (i) comply with all applicable federal and state laws and regulations; (ii) comply with all policies, bylaws, rules and regulations of Hospital and Hospital's Medical Staff applicable to Physician and the Department, including, but not limited to, the standards of conduct (the **"Standards of Conduct"**), which are part of Hospital's Compliance Program; and (iii) cooperate with Hospital's corporate compliance audits, reviews and investigations which relate to Physician and/or the Professional Services provided hereunder. The Ethical and Religious Directives for Catholic Health Care Services (the **"Directives"**) shall govern the performance of Physician's obligations hereunder and no activities or procedures that are contrary to the Directives shall be permitted or performed by Physician within Hospital's facilities. The Essential Characteristics of the Compliance Program and Standards of Conduct are attached hereto as Exhibit D. The Directives are provided to Physician in connection with his or her appointment to Hospital's Medical Staff.

8.2. Deficit Reduction Act. In compliance with Section 6032 of the Deficit Reduction Act of 2005, Hospital shall provide Physician with access to Hospital's policies detailing California and federal false claims laws, including but not limited to the False Claims Act, and regulations, including whistleblower protections and penalties, and Hospital's policies and procedures for detecting and preventing fraud, waste, and abuse (available at http://www.stvincentmedicalcenter.com /for-patients-visitors/your-privacy/deficit-reduction-act-policies)), and Physician agrees to abide by such policies in connection with the provision of services under this Agreement.

8.3. Confidentiality and Privacy. Both Parties shall comply with all federal and state laws governing the confidentiality and privacy of patient health information, including, without limitation, the Health Insurance Portability and Accountability Act of 1996 and implementing regulations, and the Health Information Technology for Economic and Clinical Health Act and implementing regulations (collectively, "HIPAA"). In addition, Physician shall comply with Hospital and Medical Staff policies and procedures regarding patient privacy and confidentiality.

8.4. Business Associate Agreement. In providing Administrative Services under this Agreement, Physician may have access to Protected Health Information (as defined by HIPAA) of a Hospital patient who is not also a mutual patient of Physician, resulting in Physician serving as a Business Associate (as defined by HIPAA) of Hospital. The Parties agree to enter into a Business Associate Agreement, attached hereto as Exhibit E and incorporated herein, which sets forth the requirements for the potential use or disclosure of, and access to, Protected Health Information with respect to such arrangements.

9. Term. This Agreement shall commence as of the Effective Date and shall continue in effect until (and including) December 31, 2015, unless sooner terminated as otherwise provided in this Agreement. This Agreement may be renewed by mutual written agreement of the parties. Notwithstanding the expiration of the stated term of this Agreement, all terms and conditions of this Agreement shall remain effective, in force and applicable in full for an additional period during which the parties' mutual intent to continue this Agreement is manifested by their conduct, including, but not limited to, the continued performance of services hereunder and payment of consideration for such services in accordance with the terms of Section 6 of this Agreement.

10. Termination. Notwithstanding any other provision of this Agreement, this Agreement may be terminated upon any of the following:

10.1. Without Cause. Either party may terminate this Agreement at any time, without cause, by providing no less than sixty (60) days' written notice to the other party. In the event of such termination, the parties shall not enter into another agreement for the same services as provided hereunder for a period of one (1) year after the later of the Effective Date or the most recent renewal date of this Agreement.

10.2. For Breach. Either party may terminate this Agreement in the event of the other party's breach hereof by giving thirty (30) days' prior written notice of the general nature of such breach. Notwithstanding the foregoing, this Agreement shall not terminate in the event that the breaching party cures the breach, to the satisfaction of the non-breaching party, within fifteen (15) days of the receipt of such notice.

10.3. Immediately. Notwithstanding the foregoing, Hospital may terminate this Agreement immediately by giving written notice to Physician, upon the occurrence of any one or more of the following events: (i) Hospital determines in good faith that any aspect of the performance by Physician hereunder endangers patient safety; (ii) Physician fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 2, 3, 8, 15 or 17.2; or (iii) Physician is convicted of a crime punishable as a felony or involving moral turpitude.

10.4. Termination Upon Advice of Counsel. In the event legal counsel for either party determines that this Agreement or any practices employed in exercising rights or providing services under this Agreement may be reasonably expected to violate any legal requirements, the parties in good faith shall meet and confer to revise this Agreement to comply with such law(s). In the event the parties are unable to agree upon the revised terms in a timely manner, this Agreement shall terminate upon ten (10) days' notice by either party to the other.

10.5. Effect of Termination. Upon expiration or termination of this Agreement, neither party shall have any further obligation hereunder except for (a) obligations due and owing which arose prior to the date of termination and (b) obligations, promises, or covenants contained herein which expressly extend beyond the term of this Agreement. Termination by Hospital of this Agreement shall not provide Physician the right to a fair hearing or the other rights more particularly set forth in the Medical Staff Bylaws.

10.6. Survival. The provisions of Sections 3, 6, 10, 11, 13, 14, 15, 16, and 17.2 shall survive the termination or expiration of this Agreement.

11. Set-off. In the event of any breach of Section 5 above, Hospital may set-off and apply any compensation otherwise due to Physician hereunder to cure any monetary defaults of Physician under other agreements. This set-off right is in addition to other Hospital remedies set forth herein.

12. Suspension. Hospital may suspend this Agreement in order to permit Hospital, its employees and agents to conduct any review of any ethical, clinical, compliance-, quality- or patient care-related matter. In lieu of termination of this Agreement under Section 10, Hospital may suspend this Agreement for any reason provided under Sections 10.2 or 10.3. Suspension of the Agreement shall take effect upon receipt of notice by Physician in writing or orally; if given orally, Hospital shall confirm oral notice promptly in writing. Suspension shall remain in effect until the rights and duties of Physician

under this Agreement are reinstated by Hospital by written notice to Physician. During the Suspension, Hospital shall be relieved of all of its duties and obligations under this Agreement, including, without limitation, any obligation to make payment for services rendered by any Physician or to make available any Department space, supplies or support staff to Physician. If the Agreement remains suspended for sixty (60) consecutive days, the suspension shall be treated as the termination of the Agreement without cause for all purposes of this Agreement.

13. Independent Contractor. In the performance of the duties and obligations hereunder, it is mutually understood and agreed that Physician is at all times acting and performing as an independent contractor and nothing in this Agreement is intended nor shall be construed to create between Hospital and Physician an employer/employee, joint venture, agency, lease or landlord/tenant relationship. The standards of medical practice and professional duties of Physician shall be determined by the Medical Staff and prevailing professional standards. Physician shall not have a claim against Hospital for social security benefits, workers' compensation benefits, vacation pay, sick leave, retirement benefits, disability or unemployment benefits, or employee benefits of any kind. Hospital shall not withhold on behalf of Physician any sums for income tax, unemployment insurance, social security or any other purposes, and all such withholdings or obligations shall be the sole responsibility of Physician. Physician shall not hold itself out as an officer, agent or employee of Hospital, and shall take all reasonable steps to disavow such status or relationship in every instance where a reasonable person might assume that such a relationship exists between the Parties. Physician shall reimburse or otherwise indemnify Hospital for all costs incurred, if Physician is held to be an employee or agent of Hospital for any purpose.

14. Access to Books and Records. Physician shall maintain and make available all necessary books, documents and records, in order to assure that Hospital will be able to meet all legal requirements and all requirements for participation and payment associated with private federal, state or other public third-party payment programs, including without limitation, Section 1861(v)(1)(I) of the federal Social Security Act, as amended. Until the expiration of four (4) years after the furnishing of Professional Services pursuant to this Agreement, Physician shall make available to the Secretary of Health and Human Services and the Comptroller General of the United States, or their duly authorized representatives, upon written request of any of them, this Agreement, and all books, documents and records that are necessary to certify the nature and extent of the cost of services hereunder. If Physician carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the subcontracting organization shall make available, upon written request to the Secretary or the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

15. Physician Insurance.

15.1. Coverage Requirements. Physician, at his or her sole cost and expense, shall procure and maintain in force throughout the entire term of this Agreement continuous coverage (as defined in Section 15.2 below) of policies of professional liability insurance. Without limitation, the professional liability insurance policies shall (i) provide coverage for covered medical incidents, including negligent acts or omissions of Physician in the performance of professional health care or medical services, occurring during the term of the policy, (ii) be issued by an insurance company licensed or otherwise qualified to issue professional liability insurance policies or coverage in the State of California and rated A- or better by A.M. Best Rating Agency or be issued by an adequately funded and

secured self-insurance trust, and (iii) provide for minimum coverage limits consistent with the requirements of the Hospital's Medical Staff Bylaws, but in no event less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate.

15.2. Continuous Coverage. For purposes of this Agreement, the term "**continuous coverage**" means the maintenance of professional liability insurance during the period commencing as of the Effective Date, continuing during the entire term of this Agreement (including any extensions or renewals hereof) and, if claims-made form of coverage, expiring not less than five (5) years following the expiration or earlier termination of this Agreement (the "**Insurance Period**"). To satisfy the requirement of continuous coverage, if for any reason during the Insurance Period any insurance policy maintained by Physician pursuant to this Section 15 terminates, expires, is cancelled or is not renewed, or if there is a reduction or other change in the amount or scope of any coverage under the policy (whether by action of the insurance company or Physician), Physician shall (i) cause a replacement insurance policy meeting the requirements of this Section 15 to be in effect as of the effective date of the termination, expiration, non-renewal, cancellation, reduction, or other change of the prior insurance policy, and (ii) purchase either extended reporting coverage (i.e., "tail" coverage) or prior acts coverage (i.e., "nose" coverage). "Tail" coverage must provide for a discovery/reporting period that would extend at least through the end of the Insurance Period, and "nose" coverage must provide coverage at least as of the start of the Insurance Period.

15.3. Certificate of Insurance. Physician shall provide Hospital with certificates of insurance evidencing the insurance policies required by this Section 15. Such insurance policy or policies shall also provide for not less than thirty (30) days' prior notice to Hospital of any termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage(s) required under this Section 15. Physician shall give Hospital not less than sixty (60) days' prior written notice of his/her intent to cancel such insurance, and agrees to notify Hospital promptly of any other termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage under the policy, but in no event later than ten (10) days following Physician's receipt of notification of such action. In the event Physician fails to procure, maintain or pay for the insurance required under this Section 15, Hospital shall have the right, but not the obligation, to obtain such insurance. In that event, Physician shall reimburse Hospital for the cost thereof, and failure to repay the same upon demand by Hospital shall constitute breach of a material provision of this Agreement.

16. Indemnification. Physician shall defend, indemnify and hold harmless Hospital, its members, directors, officers, employees, and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Physician arising out of, or in connection with, the performance of this Agreement. Hospital shall defend, indemnify and hold harmless Physician from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Hospital (including its directors, officers, employees, and agents except Physician) arising out of, or in connection with, the performance of this Agreement.

17. Additional Provisions.

17.1. Notices. Written notice required under this Agreement shall be delivered personally or sent by United States registered or certified mail, postage prepaid and return receipt requested, and addressed or delivered to the parties at the following addresses (or such other address as may be designated by a party by written notice to the other party):

Physician
Randal P. Arase, M.D.
201 S. Alvarado St., #716
Los Angeles, CA 90057

Hospital
President and Chief Executive Officer
St. Vincent Medical Center
2131 West Third Street
Los Angeles, CA 90057

17.2. Non-Disclosure. Physician shall not disclose any information concerning this Agreement to any third party, except as permitted herein. This prohibition against release of information shall not prevent the parties from disclosing the contents of this Agreement to their respective attorneys, and shall not apply to any information as may be required to be released by contracts existing as of the date of this Agreement or fiscal intermediaries, public agencies or commissions with government powers and duties related to disclosure of information having the right to compel disclosure of such information or by process of law. Physician acknowledges that in connection with his/her performance under this Agreement, it may or will have access to and the use of confidential information and trade secrets (the **"Confidential Information"**) of Hospital related to the Department and its operations which include, but are not limited to, financial statements, internal memoranda, reports, patient lists, and other materials or records of a proprietary nature. In order to protect the Confidential Information, Physician agrees that it will not, after the date of this Agreement, for so long as any such Confidential Information remains confidential, secret or otherwise wholly or partially protectable, use such information (except in connection with the performance of his/her duties hereunder) or divulge the Confidential Information to any third party, without first obtaining the prior written consent of Hospital's President and CEO or his/her designee.

17.3. Expert Witness. Physician shall not accept consulting assignments or otherwise contract, agree or enter into an engagement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim asserting negligence, malpractice or professional liability on the part of Hospital or any hospital or health care facility that is a division or other subordinate organization of DCHS, or in which any division or subordinate organization of DCHS is named, or is expected to be named, as a defendant; provided, however, the provisions of this paragraph shall not apply to situations in which Physician served as attending physician and shall only apply to the extent Physician has actual knowledge of the relationship of a health care facility to DCHS.

17.4. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of California, without regard to conflict of law rules.

17.5. Nondiscrimination. Physician shall not differentiate or discriminate in the provision of medical services to patients due to race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, physical handicap, medical condition, medical history, genetics, evidence of insurability, or claims history, in violation of any applicable state, federal or local law or regulation, or the rules and regulations of Hospital with respect to such matters.

17.6. Assignment and Delegation. Physician shall not assign or delegate any of his or her rights or obligations under this Agreement, and any such assignment or delegation is expressly prohibited and shall be void, unless Hospital has given express written consent to such assignment or delegation. Subject to the prohibition contained in this paragraph, this Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the parties hereto. Hospital, in its sole and absolute discretion, shall have the right at any time to assign, delegate or in any manner transfer all or any portion of its interests, obligations or duties under this Agreement to any person, group or entity without the consent of Physician.

17.7. Cross-Referencing of Agreements. Hospital and Physician acknowledge and agree that this Agreement and any other agreement or arrangement between (a) Hospital and (b) Physician or any immediate family member of Physician shall be cross-referenced to a master list(s) of contracts that is centrally maintained and updated by Hospital. For the purposes of this Section, "immediate family member" means a husband or wife; birth or adoptive parent, child or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

17.8. Amendment. This Agreement may be amended at any time by mutual agreement of the parties without additional consideration, provided that before any amendment shall become effective, it shall be reduced to writing and signed by the parties.

17.9. Entire Agreement. This Agreement, including all attachments, exhibits and addendums, is the entire agreement between the parties and no other agreements, oral or written, have been entered into with respect to the subject matter of this Agreement. This Agreement supersedes all prior agreements, negotiations, and communications of whatever type, whether written or oral, between the parties hereto with respect to the subject matter of this Agreement.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the date first written above.

DESCRIPTION OF SERVICES

ADMINISTRATIVE SERVICES

1. Provide medical direction for the day-to-day operations of the ER Call Panel;

2. Advise and assist Hospital in implementing Hospital's policies and procedures regarding the ER Call Panel;

3. Ensure physician coverage of the ER Call Panel;

4. Be responsible to Hospital's Administration for the on-call services and medical management of the ER Call Panel;

5. Participate in Hospital and Medical Staff committees as Hospital or its Medical Staff may request;

6. Ensure that the ER Call Panel is operated in accordance with all requirements of The Joint Commission, all applicable licensing requirements, and all other relevant requirements promulgated by any federal, state, or local agency; and

7. Recommend new or revised policies, as needed, to Hospital's Administration and/or to the appropriate committees of its Medical Staff.

PROFESSIONAL SERVICES

1. Serve as the admitting or consulting physician to provide general medical services to patients arriving in the Department and admitted to the Hospital (including the Intensive Care Unit) either for observation services or inpatient care;

2. Work with the Hospital Medical Staff and Hospital staff to achieve excellent communication and patient care hand-offs with primary care and specialist physicians at admission, during the inpatient stay, and at discharge for Covered Patients; and

3. Be actively engaged partners with the hospital management, staff, and Hospital Medical Staff leadership in efforts to optimize patient quality of care, appropriate utilization of resources, and consumer satisfaction.

PERFORMANCE STANDARDS

Physician uses best efforts to achieve the following performance standards.

1. Patient Satisfaction - Achieve scores of 80% or higher in patient satisfaction using the following three physician specific indicators: a.) Doctor explains things in a way you understand; b.) Doctor listens carefully to you; and c.) Doctor treats you with courtesy and respect.

2. Timeliness and Completeness of Medical Records/Compliance with Admission History and Physical Documentation: a.) Complete 90% of history and physical documentation within 24 hours of patient admission. b.) Complete 90% of discharge summary dictations within 24 hours of patient discharge from the hospital.

3. Meet 95% of all clinical quality indicators.

4. Alignment with Medicare geometric length of stay.

ESSENTIAL CHARACTERISTICS OF THE DAUGHTERS OF CHARITY HEALTH SYSTEM CORPORATE RESPONSIBILITY PROGRAM

AND

STANDARDS OF CONDUCT

See attached.

Exhibit II to Policy 4.0

DAUGHTERS OF CHARITY HEALTH SYSTEM STANDARDS OF CONDUCT

DCHS is committed to carrying out their health care ministry in a manner consistent with the DCHS Philosophy, Mission and Values. In accordance with the DCHS Vincentian Values, each associate is called to: Respect, Compassionate Service, Simplicity, Advocacy for the Poor, and Inventiveness to Infinity.

The following Standards of Conduct are a practical extension of the DCHS Vincentian Values. They describe expectations for associate conduct necessary to promote and protect the integrity of DCHS. Each associate is expected to act in a manner consistent with the following standards:

Quality of Care: A central concern of DCHS in meeting patient needs is serving the whole person in his or her spiritual, intellectual, emotional and physical dimensions. Care will be provided in a safe and positive environment, free of disruptive and unethical behavior. DCHS is committed to providing competent and compassionate care, to respect and safeguard the dignity of the patient, and to allow patient access to all medical and ethical information necessary to make decisions about their care.

Law and Regulations: DCHS will operate in accordance with all laws and regulations. These laws and regulations apply to areas such as patient referrals, employment, physician relationships, billing and payment practices, discount arrangements, lobbying, political contributions, the environment, health and safety, and dealings with payors and regulatory agencies.

Human Resources: DCHS strives to cultivate a work environment where associates are highly regarded; where they are treated honestly and respectfully; where their health and safety are protected; where they are motivated to reach their potential; where they are given the opportunity for personal and career learning and advancement; where they are provided with opportunities to participate in decision that affect their working conditions; where they are provided with the tools necessary to do their jobs well; where there are safe and adequate procedures for resolving conflicts; and where associates are recognized and rewarded for their achievements, without prejudice or discrimination. Associates shall not engage in disruptive, offensive, or unethical behavior.

Business and Ethical Practices: DCHS is committed to ethical business conduct and integrity, including the Ethical and Religious Directives for Catholic Health Care Services. Associates must represent DCHS accurately and honestly and must not do anything that purposely defrauds anyone, including other companies or the government, of money, property, or services. Record keeping and billing for services provided to patients must be accurate, timely and lawful.

Associates must take all reasonable steps to preserve and protect the Health Ministry's assets by making prudent and effective use of its resources, and properly and accurately reporting its financial condition.

Confidentiality: In keeping with various laws, regulations, professional ethical guidelines and the Ethical and Religious Directives for Catholic Health Care Services, DCHS associates must maintain the confidentiality of medical records and other patient health information. Associates are also expected to keep confidential information about other associates and the proprietary business practices of the organization.

Conflicts of Interest: DCHS associates are expected to act in a manner that is in the best interest of the organization and the patients it serves. Associates may not use their positions to profit personally or to assist others in profiting in any way at the expense of the organization. In any situation where an associate's outside interests conflict with those of the organization, the associate must disclose the conflict in accordance with organizational policy.

Responsible Stewardship: Preserve and protect our organization's assets by making prudent and effective use of its resources.

Exhibit I to Policy 4.0

ESSENTIAL CHARACTERISTICS OF THE DAUGHTERS OF CHARITY HEALTH SYSTEM CORPORATE RESPONSIBILITY PROGRAM

The DCHS Corporate Responsibility Program (CRP) will have the following characteristics:

1. Require proactive guidance, self-review, monitoring, auditing and reporting.

   Each organization is to be proactive in the area of corporate compliance. Each Local Health Ministry will develop, implement and maintain a Corporate Responsibility Plan (Plan) to carry out the requirements of the DCHS Corporate Responsibility Program. The Local Health Ministry's Plan will provide guidance through the development of standards of conduct and procedures to be followed in identified risk areas and will provide for self-review and audit to detect and report illegal activity.

2. Require good faith effort to comply with law and regulations.

   Each Local Health Ministry is expected to comply with federal, state and local laws and regulations. With the proliferation of a myriad of laws and regulations in the health care field, coupled with increased governmental scrutiny, inadvertent non-compliance can expose the health ministry to civil and criminal fines and penalties. By providing a focus and education on compliance with laws and regulations that impact the health ministry in risk-sensitive areas, the Plan helps demonstrate the exercise of appropriate due diligence and a good faith effort to comply.

3. Require commitment of high-level personnel.

   The Corporate Responsibility Plan (Plan) will only be effective in accomplishing its goals and objectives as the level of commitment made by the organization's board of directors, president/CEO and executive management. Each Local Health Ministry will assign a high level executive responsible to oversee the implementation and operation of the Plan, and be accountable to its president/CEO for corporate compliance.

4. Heighten awareness and sensitivity to high-risk areas through education and communication.

   Through an initial and ongoing environmental assessment/risk analysis, high risk areas will be identified that need to be addressed in the Plan. Upon inclusion in the Plan, the education and communication procedures in the Plan will heighten the awareness of and the sensitivity to these areas throughout the Local Health Ministry, which will help facilitate compliance.

5. Be complementary, not duplicative, of existing policies, standards and guidelines.

   The CRP has been designed to complement, not duplicate, other DCHS policies. Because of the importance placed on corporate compliance, DCHS believes that it merits a separate policy and plan, with specifically identified focus and accountabilities.

AMENDMENT NO. 3 TO
MEDICAL ADMINISTRATION AND CALL COVERAGE AGREEMENT

This Amendment No. 3 ("**Amendment**") to the Administrator and On Call Agreement dated January 1, 2015 between St. Vincent Medical Center and Randal Arase, M.D. (the "**Agreement**") is made and entered into effective as of May 1, 2018 (the "**Amendment Effective Date**") by and between St. Vincent Medical Center , a California nonprofit public benefit corporation ("**Hospital**"), and Randal Arase, M.D. ("Physician").

Hospital and Physician hereby agree as follows:

1. Extension of Expiration Date of Term. Section 9 of the Agreement is hereby amended to extend the term of the Agreement through May 1, 2020

2. Daughters of Charity Health System Name. All references to Daughters of Charity Health System are hereby replaced with references to Verity Health System of California, Inc.

3. Corporate Form of Hospital. All references to Hospital as a California nonprofit religious corporation are hereby replaced with references to California nonprofit public benefit corporation.

4. Ethical Principles, Policies and Practices. All references to and requirements to comply with the Ethical and Religious Directives for Catholic Health Care Services are hereby deleted in their entirety.

5. Defined Terms. Capitalized terms used in this Amendment but not defined herein shall have the meanings set forth in the Agreement. All references in the Agreement to the Agreement shall mean the Agreement, as amended by this Amendment.

6. Headings. The headings in this Amendment have been included solely for reference and are to have no force or effect in interpreting its provisions.

7. Original Signature. This Amendment and any facsimile signatures thereon shall be construed as an original document, and shall constitute the required signature to bind the parties herein.

8. Counterparts. This Amendment may be executed in counterparts, any of which need not contain the signature of more than one party, but all of which taken together shall be one and the same agreement.

9. Miscellaneous. Except to the extent specifically amended hereby, the provisions of the Agreement shall remain unmodified and the Agreement as amended hereby is confirmed as being in full force and effect.

IN WITNESS WHEREOF, Hospital and Physician have caused this Amendment to be executed by their respective duly authorized representatives effective as of the Amendment Effective Date.

ST. VINCENT MEDICAL CENTER OFFICE BUILDING LEASE
(Base Year)

This lease (the "Lease"), dated as of January 3, 2005, is made by and between St. Vincent Medical Center, a California nonprofit religious corporation ("Landlord"), and Randal P. Arase, M.D., an individual ("Tenant").

ARTICLE 1

TERMS AND DEFINITIONS

For purposes of this Lease, the following terms shall have the following meanings:

"Base Year":	Calendar Year 2005.
"Brokers":	Robert C. Caudill and Bantry Holdings (Section 22.11).
"Building":	That certain office building known as St. Vincent Professional Office Building, which Landlord owns at 201 South Alvarado Street, Los Angeles, California 90057, together with all parking facilities, walks, malls, and landscaped areas.
"CC&R's"	That certain Declaration of Covenants, Conditions and Restrictions and any and all amendments, modifications, substitutions and replacements thereof which encumber the Real Property and the Building (Exhibit E).
"Directives"	Those certain Ethical and Religious Directives for Catholic Health Care Services as approved by the United States Conference of Catholic Bishops and any and all amendments, modifications, substitutions and replacements thereof (Exhibit F).
"Lease Commencement Date":	February 1, 2005 (Article 3).
"Lease Term":	A period of time commencing on the Lease Commencement Date and ending on January 31, 2010 (Article 3).
"Minimum Annual Rent":	Minimum rent per annum per rentable square foot of Premises shall be as follows (Article 4):

Lease Year	Minimum Annual Rent	Monthly Payment
1	$40,546.70	$3,378.90

Minimum Annual Rent shall be increased for adjustments in the Consumer Price Index (Article 4).

"Parking":	One (1) reserved and five (5) unreserved parking spaces (Article 20).
"Premises":	The space located on the seventh floor of the Building known as Suite 716, as outlined on Exhibit A attached hereto, containing in the aggregate approximately 1,609 rentable square feet for purposes of calculating Minimum Annual Rent and Tenant's Share (Exhibit A and Article 2).
"Security Deposit":	Three Thousand Seven Hundred Seventeen ($3,717) Dollars (Article 5).
"Tenant's Share":	Shall mean the proportion that the rentable square footage of the Premises bears to the total rentable square feet of the office space in the Building. Tenant consents and agrees that Tenant's Share is 1.38% (Article 4).

"Tenant's Share": Shall mean the proportion that the rentable square footage of the Premises bears to the total rentable square feet of the office space in the Building. Tenant consents and agrees that Tenant's Share is 1.38% (Article 4).

Address for Notices (Section 22.16):

To Landlord: St. Vincent Professional Office Building
201 South Alvarado Street, Suite 205
Los Angeles, California 90057
Attention: Property Manager

To Tenant: Randal P. Arase, M.D.
201 South Alvarado Street, Suite 716
Los Angeles, California 90057
(Prior to the Lease Commencement Date)

-and-

Randal P. Arase, M.D.
201 South Alvarado Street, Suite 716
Los Angeles, California 90057
(After the Lease Commencement Date)

ARTICLE 2

PREMISES

2.1 The Building and Real Property. Upon and subject to the terms, covenants and conditions hereinafter set forth, Landlord hereby leases to Tenant and Tenant hereby hires from Landlord the Premises. The Building contains approximately 101,245 rentable square feet of office space. For purposes of this Lease, "rentable square feet" and "usable square feet" shall be calculated pursuant to Standard Method of Measuring Floor Area in Office Buildings, ANSI Z65.1 - 1980 ("BOMA"); provided that for purposes of determining the Minimum Annual Rent and the additional rent due under Article 4 of this Lease, the rentable square footage of the Premises shall be equal to 106.82% of the useable square footage of the Premises; and further provided that in all other instances the rentable square footage of the Premises shall be calculated pursuant to BOMA. The Building, the land upon which the Building stands and the land and improvements surrounding the Building, including any parking structure, which are designated from time to time by Landlord as land or common areas appurtenant to or servicing the Building, are herein sometimes collectively referred to as the "Real Property." Tenant is hereby granted the right to the non-exclusive use of the common corridors and hallways, stairwells, elevators, restrooms and other public or common areas; provided, however, that the manner in which the public and common areas are maintained and operated shall be at the sole discretion of Landlord and the use thereof shall be subject to such rules, regulations and restrictions as Landlord may make from time to time. Landlord reserves the right to make alterations or additions to or to change the location of elements of the Real Property and the common areas thereof. A site plan of the Real Property is attached hereto as Exhibit A-1.

2.2 Verification of Rentable Area. The usable and rentable square footage of the Building and the Premises are subject to verification by Landlord's architect. Tenant's architect may consult with Landlord's architect regarding the verification of the usable and rentable square footage of the Premises in accordance with BOMA; however, the determination of Landlord's architect shall be conclusive and binding upon the parties. In the event that Landlord's architect shall determine that the amounts thereof shall be different from those set forth in Article 1 and Section 2.1 hereof, all amounts, percentages and figures appearing or referred to in this Lease based upon such incorrect amount shall be changed accordingly. Once such determination is made, it will be confirmed in writing by Landlord to Tenant.

2.3 Landlord's Work in the Premises. Landlord has completed, at its own cost and expense, the base, shell and core of the Premises ("Base, Shell and Core") as set forth in a work letter attached hereto as Exhibit B ("Work Letter"). Except as specifically set forth in this Lease and the Work Letter, and due to the fact that Tenant has been in occupancy of the Premises for several years, Landlord shall not provide or pay for any interior improvement work or services related to the improvement of the Premises, and Tenant hereby accepts the Premises in its "as is" condition. Tenant also acknowledges that

Landlord has made no representation or warranty regarding the condition of the Premises or the Building except as specifically set forth in this Lease and the Work Letter.

ARTICLE 3

LEASE TERM

3.1 The terms and provisions of this Lease shall be effective as of the date of this Lease. The Lease Term shall commence on the Lease Commencement Date and shall terminate on the last day of the Lease Term, unless this Lease shall sooner terminate as hereinafter provided. For purposes of this Lease, a Lease Year shall mean any consecutive twelve (12) month period during the Lease Term; provided, however, that the first Lease Year shall commence on the Lease Commencement Date and end on the last day of the eleventh month thereafter and the second and each succeeding Lease Year shall commence on the first day of the next calendar month; and further provided that the last Lease Year of the Lease Term shall end on the last day of the Lease Term. Tenant acknowledges that he is currently occupying the Premises. On the Lease Commencement Date, Tenant shall execute and deliver to Landlord the Notice of Lease Term Dates in the form of Exhibit G attached hereto.

3.2 Option Term. What's the adv. of Extending it!

(a) Option Right. Landlord hereby grants Tenant an option to extend the Term of the Lease for one (1) period of five (5) years (the "Extension Term"), which option shall be exercisable only by written Exercise Notice (as defined below) delivered by Tenant to Landlord as provided below, provided that, as of the date of delivery of such Exercise Notice, Tenant is not in default beyond any cure period under the Lease. Upon the proper exercise of such option to extend, and provided that, as of the original Expiration Date, Tenant is not in default under the Lease, the Term of the Lease shall be extended for the Extension Term. The rights contained in this subparagraph 3.2(a) shall be personal to the original Tenant and may only be exercised by the original Tenant if the original Tenant occupies the entire Premises as of the date of the Exercise Note.

(b) Extension Rent. The Minimum Annual Rent payable by Tenant during the Extension Term (the "Extension Rent") shall be calculated pursuant to Section 4.2 below, provided, however, that in no event will the Extension Rent for the first Lease Year of the Extension Term be less than the Minimum Annual Rent in effect immediately preceding the Extension Term including Tenant's Share of Operating Expenses and Taxes Expenses. All other terms and conditions of the Lease shall apply throughout the Extension Term; however, any obligation of Landlord to construct Tenant Improvements or provide an allowance shall not apply during the Extension Term and Tenant shall, in no event, have the option to extend the Term beyond the Extension Term described in subparagraph 3.2(a).

(c) Exercise of Option. The option contained in subparagraph 3.2(a) shall be exercised by Tenant, if at all, only in the following manner: (i) Tenant shall deliver written notice to Landlord not more than nine (9) months nor less than six (6) months prior to the Expiration Date stating that Tenant is exercising its option ("Exercise Notice"). Tenant's failure to timely deliver the Exercise Notice shall be deemed to constitute Tenant's irrevocable waiver of its extension rights hereunder.

ARTICLE 4

RENTAL AND OTHER PAYMENTS

4.1 Minimum Annual Rent. Tenant agrees to pay to Landlord, at Bantry Property Services, P.O. Box 50467, Los Angeles, CA 90074, or such other place as Landlord may from time to time designate and at the times and in the manner herein provided, the Minimum Annual Rent. Commencing on the Lease Commencement Date, Minimum Annual Rent shall be payable by Tenant to Landlord in advance in twelve (12) equal monthly installments on the first day of each calendar month, without demand or offset whatsoever, provided that if any rental payment date (including the Lease Commencement Date) falls on a day of the month other than the first day of such month or if any rental payment is for a period which is shorter than one month, the rental for any fractional month shall accrue on a daily basis for the period from the date such payment is due to the end of such calendar month or to the end of the Lease Term at a rate per day which is equal to 1/360 of the Minimum Annual Rent. If the last Lease Year contains more than twelve (12) calendar months, then the Minimum Annual Rent for the extra time period shall be prorated based upon

the Minimum Annual Rent for the last Lease Year. All other payments required to be made under the terms of this Lease that require proration on a time basis shall be prorated on the same basis. Minimum Annual Rent shall be paid in the amounts set forth in Article 1 above for each Lease Year or such amounts as are calculated pursuant to Section 4.2 below, whichever is greater.

4.2 Consumer Price Index Adjustments to Minimum Annual Rent. In order to adjust the Minimum Annual Rent payable under this Lease in accordance with changes in the cost of living from time to time, commencing at the beginning of the second Lease Year and continuing annually thereafter during the Lease Term, Tenant agrees to pay to Landlord, with the installments of Minimum Annual Rent, and as additional rent under this Lease, an amount representing rent escalation (the "rent escalation"). For purposes of calculating the rent escalation payable hereunder, the Consumer Price Index for All Urban Consumers, Los Angeles-Riverside-Orange County 1984 = 100, unadjusted (the "Index") published by the Bureau of Labor Statistics of the United States Department of Labor for the month occurring four (4) months prior to the month in which the Lease Commencement Date occurs shall be the base index figure (the "Base Index"). The Base Index shall be compared to the Index figure for January of each Lease Year, including the first Lease Year if the Lease Term commences other than during January. In the event that the Index figure for January of any Lease Year shall be greater than the Base Index, in addition to the Minimum Annual Rent, Tenant shall pay rent escalation to Landlord in an amount equal to the same percentage increase in the Minimum Annual Rent as the percentage increase in the Index for such January over the Base Index, such amount to be payable monthly commencing with the payment of Minimum Annual Rent for the month following such January.

In the event that the Index for any January during the Lease Term is not yet available upon the date that such installation(s) of Minimum Annual Rent is due, Tenant shall continue paying the monthly installments of Minimum Annual Rent and rent escalation in the amount applicable for such January until the Index for the month is published, whereupon Tenant shall immediately pay Landlord the rent escalation that would have been due in the months following such January had the Index for such January been available. In no event shall the Minimum Annual Rent, adjusted only for rent escalation, payable for one month of the Lease Term be less than the Minimum Annual Rent, adjusted only for rent escalation, payable for the preceding month of the Lease Term. In the event that publication of the Index is discontinued, Landlord and Tenant agree that the Index on consumer prices that is most closely analogous to the Index shall be used in place of the Index for calculation of the rent escalation payable hereunder. In the event that the references or techniques employed in the calculation of the Index shall be modified and such modification would have resulted in a different figure for the Base Index, Landlord and Tenant agree that the Base Index shall be appropriately adjusted and that the Index, as modified, shall be used as provided hereunder.

4.3 Additional Rent.

4.3.1 Tenant's Share. As more fully set forth in this Section 4.3, in addition to the Minimum Annual Rent, Tenant shall also pay to Landlord, its share (" Tenant's Share") of all annual Direct Expenses which are in excess of Direct Expenses for the Base Year.

4.3.2 Definitions: As used in this Section 4.3, the following terms have the meaning hereinafter set forth:

4.3.2.1 "Tenant's Share" of Direct Expenses for each Expense Year shall be 1.38%, as set forth in Article 1 of this Lease. In the event either the rentable square feet of the Premises and/or the total rentable square feet of the Building is changed, Tenant's Share shall be appropriately adjusted, and, as to the Expense Year in which such change occurs, Tenant's Share for such year shall be determined on the basis of the number of days during such Expense Year that each such Tenant's Share was in effect.

4.3.2.2 "Expense Year" shall mean each twelve (12) consecutive month period commencing January 1st of each year falling within the Lease Term, provided that Landlord, upon notice to Tenant, may change the Expense Year from time to time to any other twelve (12) consecutive month period, and, in the event of any such change, Tenant's Share of Direct Expenses shall be equitably adjusted for any Expense Year involved in any such change.

4.3.2.3 "Direct Expenses" shall mean "Operating Expenses" and "Tax Expenses".

4.3.2.4 "Operating Expenses" shall mean any and all costs and expenses paid or incurred by Landlord in connection with the ownership, operation, maintenance, management, replacement, restoration, and repair of the Building and Real Property. By way of illustration only, but not limitation, Operating Expenses shall include the following: (i) the cost of supplying all utilities, the cost of operating, maintaining, repairing, and managing the utility systems, mechanical and heating systems, ventilation and air conditioning systems, sanitary and storm drainage systems, and escalator and elevator systems, the cost of environmental surcharges imposed by any governmental entity, and the cost of supplies and equipment and maintenance and service contracts in connection therewith; provided that Tenant shall not be responsible for a portion of the cost of a particular utility if Tenant directly or indirectly pays for Tenant's use of such utility pursuant to the terms of Article 7 of this Lease; (ii) the cost of landscaping, all supplies, and relamping; (iii) the cost of parking area maintenance, including resurfacing, repainting, restripping, and cleaning; (iv) the cost of fire, extended coverage, boiler, sprinkler, public liability, property damage, workmen's compensation, loss of rent, earthquake, and other reasonable insurance, including such endorsements thereto as Landlord may desire, all in such amounts as Landlord may reasonably determine; (v) wages, salaries and other labor costs, including payroll and employment taxes, and employee medical, welfare, pension and other fringe benefits; (vi) fees, charges and other costs, including management fees, consulting fees, legal fees and accounting fees, of all independent contractors engaged by Landlord or reasonably incurred by Landlord in connection with the management, operation, maintenance and repair of the Building and Real Property, as well as any and all trip or similar fees, linkage fees, and business fees; (vii) the cost of licenses, permits and inspections and the cost of contesting the validity or applicability of any government enactments which may affect Operating Expenses; (viii) the fair market rental value of the property manager's office in the Building; (ix) depreciation of the cost of acquiring or the rental expense of personal property used in the maintenance, operation and repair of the Building and Real Property; (x) the cost of any capital improvements made to the Building after completion of its construction as a labor-saving device or to effect other economies in the operation or maintenance of the Building, or made to the Building after the Lease Commencement Date that are required under any governmental law or regulation that was not applicable to the Building at the time that permits for the construction thereof were obtained, such costs to be amortized over such reasonable period as Landlord shall determine, together with interest on the unamortized balance at a market rate; and (xi) the cost of janitorial service, alarm and security service, window cleaning, trash removal, replacement of wall and floor coverings, ceiling tiles and fixtures in lobbies, corridors, restrooms and other common and public areas or facilities, maintenance and replacement of curbs, walkways, repair of roofs and reroofing. For purposes of computing Tenant's Share pursuant to this Article 4, Operating Expenses for the Building or Real Property that are not, in Landlord's sole discretion, allocable or chargeable solely to either the office or retail space of the Building shall be allocated between and charged to the office and retail space of the Building on an equitable basis as determined by Landlord. For purposes of this Lease, Operating Expenses shall not include " Tax Expenses", interest expense, except as provided in clause (x) above, leasing commissions, depreciation on the improvements contained in the Building, except as provided in clause (ix) above, or the cost of capital expenditures not included in clause (x) above. The computation of Operating Expenses shall be made in accordance with generally accepted accounting principles. If during any Expense Year, the Building is on a monthly average less than ninety-five percent (95%) occupied, the Operating Expenses shall be increased to reflect the Operating Expenses of the Building as though it was on a monthly average ninety-five percent (95%) occupied and the additional rent shall be based upon the Operating Expenses so adjusted.

4.3.2.5 "Tax Expenses" shall include, but not be limited to, any and all present and future general real property and improvement taxes, any form of assessment, bonded indebtedness, reassessment, license fee, license tax, business license tax, commercial rental tax, in lieu tax, levy, charge, penalty or similar imposition, whatsoever or at all imposed by any authority having the direct power to tax, including any city, county, state or federal government, or any school, agricultural, lighting, drainage or other improvement or special assessment district thereof, or any agency or public body, as against any legal or equitable interest of Landlord in the Real Property, which are paid or incurred by Landlord, and which shall include, but not be limited to, the following:

(i) Any tax on Landlord's rent, right to rent or other income from the Real Property or as against Landlord's business of leasing any of the Real Property, but specifically excluding Landlord's federal or state income, franchise, inheritance or estate taxes;

(ii) Any assessment, tax, fee, levy or charge in addition to, or in substitution, partially or totally, of any assessment, tax, fee, levy or charge previously included within the definition of real property tax, it being acknowledged by Tenant and Landlord that Proposition 13 was adopted by the voters of the State of California in the June 1978 election and that assessments, taxes, fees, levies and charges may be imposed by governmental agencies for such services as fire protection, street,

sidewalk and road maintenance, refuse removal and for other governmental services formerly provided without charge to property owners or occupants. It is the intention of Tenant and Landlord that all such new and increased assessments, taxes, fees, levies, and charges and all similar assessments, taxes, fees, levies and charges be included within the definition of real property taxes for the purposes of this Lease, including any increase in real property taxes which are assessed due to the sale and/or the leasing of the Real Property and/or the Building or any portion thereof or any interest therein and/or the sale or transfer of any interest in the Landlord;

(iii) Any assessment, tax, fee, levy, or charge allocable to or measured by the area of the Premises or the rent payable hereunder, including, without limitation, any gross income tax with respect to the receipt of such rent, or upon or with respect to the possession, leasing, operating, management, maintenance, alteration, repair, use or occupancy by Tenant of the Premises, or any portion thereof; and

(iv) Any assessment, tax, fee, levy or charge, upon this transaction or any document to which Tenant is a party, creating or transferring an interest or an estate in the Premises.

With respect to any assessment that may be levied against or upon the Real Property and that under the laws then in force may be evidenced by improvement or other bonds, or may be paid in annual installments, there shall be included within the definition of real property taxes with respect to any tax fiscal year only the amount currently payable on such bonds, including interest, for such tax fiscal year, or the current annual installment for such tax fiscal year.

4.3.3 Calculation of Excess. If, for any Expense Year ending or commencing within the Lease Term, Tenant's Share of Direct Expenses for such Expense Year exceeds Tenant's Share of any payments made by Tenant during such Expense Year pursuant to the Estimate Statement, then Tenant shall pay to Landlord, in the manner as set forth in Section 4.3.4, below, and as additional rent, an amount equal to such excess (the "Excess"). If the Lease Term falls partially within an Expense Year, the Excess calculated for such partial year shall be equitably prorated based upon a 360 day year.

4.3.4 Statement of Actual Direct Expenses. Landlord shall endeavor to give to Tenant on or before the first day of April following the end of each Expense Year, a statement (the "Statement") which shall state the Direct Expenses incurred or accrued for such preceding Expense Year, and which shall indicate the amount, if any, of any Excess. Upon receipt of the Statement for each Expense Year ending during the Lease Term, if an Excess is present, Tenant shall pay, with its next installment of Minimum Annual Rent due, the full amount of the Excess for such Expense Year, less the amounts, if any, paid during such Expense Year as Estimated Excess. The failure of Landlord to timely furnish the Statement for any Expense Year shall not prejudice Landlord from enforcing its rights under this Article 4.

Even though the Lease Term has expired and Tenant has vacated the Premises, when the final determination is made of Tenant's Share of the Direct Expenses for the Expense Year in which this Lease terminates, if an Excess is present, Tenant shall immediately pay to Landlord an amount as calculated pursuant to the provisions of Section 4.3.2 above, and, conversely, if an overpayment is present, an amount as calculated pursuant to the provisions of Section 4.3.2, above, shall be immediately rebated by Landlord to Tenant, less any amounts otherwise owing from Tenant to Landlord. The provisions of this paragraph shall survive the expiration or earlier termination of the Lease Term.

4.3.5 Statement of Estimated Direct Expenses. In addition, Landlord shall endeavor to give Tenant a yearly expense estimate statement ("Estimate Statement") which shall set forth Landlord's reasonable estimate (the "Estimate") of what the total amount of Direct Expenses for the then current Expense Year shall be and the estimated excess (the "Estimated Excess") as calculated by Landlord based upon Tenant's Share of Direct Expenses. The failure of Landlord to timely furnish the Estimate Statement for any Expense Year shall not preclude Landlord from enforcing its rights to collect any Excess under this Article 4. If pursuant to the Estimate Statement an Estimated Excess is calculated for the then current Expense Year, Tenant shall pay, with its next installment of Minimum Annual Rent due, a fraction of the Estimated Excess for the then Expense Year, which fraction shall have as its numerator the number of months which have elapsed in such current Expense Year to the month of such payment, both months inclusive, and which fraction shall have 12 as its denominator. Until a new Estimate Statement is furnished, Tenant shall pay monthly, with the monthly Minimum Annual Rent installments, an amount equal to one-twelfth (1/12) of the total Estimated Excess.

4.3.6 Taxes and Other Charges for which Tenant is Directly Responsible. Tenant shall reimburse Landlord upon demand for any and all taxes required to be paid by Landlord (excluding state, local and federal personal or corporate income taxes measured by the net income of Landlord from all sources and estate and inheritance taxes), whether or not now customary or within the contemplation of the parties hereto, when:

4.3.6.1 Said taxes are measured by or reasonably attributable to the cost or value of Tenant's equipment, furniture, fixtures and other personal property located in the Premises or by the cost or value of any leasehold improvements made in or to the Premises by or for Tenant, regardless of whether title to such improvements shall be vested in Tenant or Landlord;

4.3.6.2 taxes are assessed upon or with respect to the possession, leasing, operation, management, maintenance, alteration, repair, use or occupancy by Tenant of the Premises or any portion thereof; or

4.3.6.3 Said taxes are assessed upon this transaction or any document to which Tenant is a party creating or transferring an interest or an estate in the Premises.

In the event that it shall not be lawful for Tenant to reimburse Landlord for the items specified in this Section 4.3.6, the monthly installment of Minimum Annual Rent payable to Landlord under this Lease shall be increased to net Landlord the same net rent after imposition of any such tax upon Landlord as would have been payable to Landlord if any such tax had not been imposed.

4.3.7 Dispute. In the event of any dispute as to additional rental due under this Article 4, Tenant shall have the right, after reasonable notice and at reasonable times, to inspect Landlord's records at Landlord's office. If after such inspection, Tenant still disputes such additional rental, a certification as to the proper amount shall be made, at Tenant's expense, by Landlord's independent certified public accountant, which certification shall be final and conclusive.

ARTICLE 5

SECURITY DEPOSIT

Concurrent with Tenant's execution of this Lease, Tenant shall deposit with Landlord a security deposit (the "Security Deposit") in the amount set forth in Article 1 of this Lease. The Security Deposit shall be held by Landlord as security for the faithful performance by Tenant of all the terms, covenants, and conditions of this Lease to be kept and performed by Tenant during the Lease Term. If Tenant defaults with respect to any provisions of this Lease, including, but not limited to, the provisions relating to the payment of rent, Landlord may (but shall not be required to) use, apply or retain any or all part of the Security Deposit for the payment of any rent or any other sum in default, or for the payment of any amount that Landlord may spend or become obligated to spend by reason of Tenant's default, or to compensate Landlord for any other loss or damage that Landlord may suffer by reason of Tenant's default. If any portion of the Security Deposit is so used or applied, Tenant shall, within five (5) days after written demand therefor, deposit cash with Landlord in an amount sufficient to restore the Security Deposit to its original amount, and Tenant's failure to do so shall be a default under this Lease. If Tenant shall fully and faithfully perform every provision of this Lease to be performed by it, the Security Deposit, or any balance thereof, shall be returned to Tenant (or, at Landlord's option, to the last assignee of Tenant's interest hereunder) within sixty (60) days following the expiration of the Lease Term. Tenant hereby waives the provisions of Section 1950.7 of the California Civil Code. On the Lease Commencement Date, the Tenant shall receive a credit against the Security Deposit in the amount of $2,714.40, and the balance thereof in the amount of $1,002.80 shall be paid by the Tenant at that time.

ARTICLE 6

USE

Tenant shall use that portion of the Premises set forth on Exhibit A solely for medical office purposes and Tenant shall not use nor permit the Premises to be used for any other purpose or purposes whatsoever without the prior written consent of Landlord. Tenant further covenants and agrees that it shall not use, or suffer or permit any person or persons to use, the Premises or any part thereof for any use or

purpose contrary to the provisions of Exhibit D, attached hereto, or in violation of the laws of the United States of America, the State of California, or the ordinances, regulations or requirements of the local municipal or county governing body or other lawful authorities having jurisdiction over the Building. During the Lease Term, Tenant shall comply with all of the terms, covenants and conditions contained in the CC&R's, and the Directives. Tenant acknowledges that it has received copies of, read and understands all of the provisions of the CC&R's, and the Directives.

The Premises shall not be used for any purpose which violates the Directives. The applicability of the Directives to any use of the Premises shall be determined by the Landlord, in the Landlord's sole and absolute discretion. Tenant specifically understands that pursuant to the Directives (but without limitation) the following medical procedures may not be performed at the Premises: abortions, sterilization procedures, or euthanasia.

Additionally, the Premises shall not be used for the following specific purposes: Clinical Laboratory (except for routine tests performed by a physician who is not a pathologist in his or her own office for his or her own patients in connection with his or her medical specialty); any invasive or noninvasive imaging or x-ray procedures (except for routine procedures by a physician in his or her own office for his or her own patients, i.e., not referred to such physician solely for an imaging procedure); C.T. Scan, NMR (MRI), and similar imaging procedures; physical therapy; outpatient surgery (except for simple procedures which are typically performed in a regular medical office not equipped or held out as being a surgicenter, and which are performed for the physician's own patients in his or her own office in connection with the physician's medical specialty).

If Tenant is a general partnership, then the general partners of Tenant, or if Tenant is a corporation, then the shareholders of Tenant, or if Tenant is an unincorporated association or a medical association, then the members of Tenant, or Tenant is an individual or individuals, then such individuals constituting Tenant, shall be comprised solely of practitioners of the healing arts who are members in good standing of the medical, dental and allied health staffs of St. Vincent Medical Center (the "Qualified Occupants"). Tenant shall also be responsible, at its sole cost and expense, for obtaining all operating permits, licenses and governmental approvals necessary for the operation of Tenant's Use and for determining that the Premises and Building are suitable for Tenant's Use (including, without limitation, zoning and capacity of the Building's systems) and neither Landlord nor its agents has made or is making any representations or warranties as to the suitability of the Premises or the Building for Tenant's Use or that Tenant's Use is permitted under current zoning or other applicable laws. Tenant further acknowledges and agrees that the Building currently contains or may in the future contain tenants who conduct medical and other related uses in their respective premises and Tenant hereby accepts all conditions associated with such uses.

Without limiting the provisions set forth above, Tenant specifically agrees not to engage in or permit the Premises to be used for the practice of radiology or pathology, or to maintain any x-ray, or other electrical or electromagnetic medical equipment, machines or devices, radiation therapy, nuclear medicine, diagnostic ultrasound, clinical laboratory, pathology laboratory, or physical therapy office or practice in the Premises without the prior written consent of Landlord, which consent may be withheld in Landlord's sole discretion. Tenant also agrees not to dispense drugs, eyeglasses, surgical devices or medicine except to Tenant's own patients as an incidental part of, and in the ordinary course of business of, Tenant's practice. Tenant shall not allow any patient to reside in or remain in the Premises on an overnight or in-patient basis. Tenant shall not use any apparatus, machinery or device in or about the Premises which would make any noise or set up any vibration outside of the Premises. Tenant further agrees not to connect with electric wires, water or air pipes any apparatus, machinery or device not shown on suite improvement plans without the prior written consent of Landlord. All walls, ceilings, floors and doors of any rooms used for examination, diagnosis, testing or therapy shall be properly shielded and shall comply with all applicable rules, regulations, ordinances and other requirements from time to time in effect.

Tenant agrees to conduct the practice of Tenant's profession in the Premises in compliance with the Code of Ethics of Tenant's professional association. It shall constitute an incurable default under this Lease (an "Ethical or Criminal Violation") if Tenant pleads guilty to or there is a final judicial determination that Tenant committed a crime, or if Tenant pleads guilty to or there is a final determination that Tenant committed a violation of the Code of Ethics of Tenant's professional association, and Landlord shall have no obligation to inquire into any facts related thereto.

ARTICLE 7

SERVICES AND UTILITIES

7.1 Landlord's Obligations. Landlord agrees to furnish to the Premises during reasonable hours of generally recognized business days, to be determined by Landlord, heating, air conditioning and ventilation required in Landlord's judgment for the comfortable use and occupation of the Premises, elevator and janitorial service, and water for lavatory and drinking purposes. Landlord shall also maintain and keep lighted the common stairs, common entries and toilet rooms in the common areas of the Building. Landlord's operation and delivery of services to the Building and the Premises shall be in a manner consistent with other comparable office buildings located in the County of Los Angeles, California. Tenant agrees, at its sole cost and expense, to arrange for, and pay for, all janitorial services for the Premises and, the hooking up of electrical and gas utilities to the Premises, including meters, and to pay for all electrical and gas utilities directly metered to Tenant on the Premises. In the event that any utilities are billed directly to Landlord, whether sub-metered or otherwise, then and in that event Tenant shall pay to Landlord Tenant's Share of expenses incurred by Landlord for such utilities as provided for in Article 4 of this Lease.

7.2 Interruption of Services and Utilities. Landlord shall not be liable for, and Tenant shall not be entitled to any reduction of the Minimum Annual Rent or any additional rent by reason of, Landlord's failure to furnish any of the services or utilities described in Section 7.1, above, when such failure is caused by acts of God, accident, breakage, repairs, strikes, lockouts or other labor disturbances or disputes, unavailability of materials or labor, or by any other cause beyond the control of Landlord, or by rationing or restrictions on the use of said services and utilities due to energy shortages, or the making of repairs, alterations or improvements to the Premises or Building, or by any other causes. Furthermore, Landlord shall not be liable under any circumstances for a loss of, or injury to, property or for injury to, or interference with, Tenant's business, including, without limitation, loss of profits, however occurring, through or in connection with or incidental to a failure to furnish any of the foregoing services or utilities. Landlord shall be entitled to cooperate voluntarily in a reasonable manner with the efforts of national, state or local governmental bodies or of suppliers of utilities in reducing energy or other resources consumption, and Tenant shall not be relieved of its obligation to pay the full Minimum Annual Rent or any additional rent by reason thereof. Landlord shall also have the exclusive right, but not the obligation, to provide any additional services which may be required by Tenant, including, without limitation, locksmithing, lamp replacement, additional janitorial service, additional repairs and maintenance, provided that Tenant shall pay to Landlord upon billing, the sum of all costs to Landlord of such additional services plus a fifteen percent (15%) administration fee.

7.3 Tenant's Use of Utilities and Services. Tenant shall not, without Landlord's prior written consent, use heat generating machines or other than normal fractional horsepower office machines, or equipment or lighting other than building standard lights in the Premises which may affect the temperature otherwise maintained by the air conditioning system or increase the water normally furnished for the Premises. If such consent is given, Landlord shall have the right to install supplementary air conditioning units or other facilities in the Premises including supplementary or additional metering devices and the cost thereof, including the cost of installation, operation and maintenance, increased wear and tear on existing equipment and other similar charges, shall be paid by Tenant to Landlord upon billing by Landlord. If Tenant uses water, electricity, heat or air conditioning in excess of normal office use, Landlord may install devices to separately meter any increased use and in such event Tenant shall pay the increased cost directly to Landlord, on demand, including the cost of such additional metering devices. Tenant shall not, without Landlord's prior written consent, install additional lighting or equipment requiring electric current to be supplied to the Premises in excess of the aggregate at any time of three (3) watts per square foot of rentable square feet of the Premises. If such consent is given, Tenant shall pay to Landlord, upon billing, the cost of such excess consumption. If Tenant desires to use heat, ventilation or air conditioning during hours other than those for which Landlord is obligated to supply such utilities pursuant to the terms of Section 7.1 of this Lease, Tenant shall give Landlord such prior notice, as Landlord shall from time to time establish as appropriate, of Tenant's desired use and Landlord shall supply such utilities to Tenant at such hourly cost to Tenant as Landlord shall from time to time establish. Amounts payable by Tenant to Landlord for such use of additional utilities shall be deemed additional rent hereunder and shall be billed on a monthly basis.

ARTICLE 8

INDEMNITY AND INSURANCE

8.1 Indemnification and Waiver. Landlord shall not be liable for and Tenant here by waives all claims against Landlord for damage to any property or injury, illness or death of any person in, upon, or

about the Premises and/or the Real Property arising at any time and from any cause whatsoever other than damages proximately caused by reason of the gross negligence or wilful misconduct of Landlord or its agents and employees. Tenant shall indemnify, defend, and protect Landlord, and hold Landlord harmless from any and all loss, cost, damage, expense and liability (including without limitation court costs and reasonable attorneys' fees) incurred in connection with or arising from any cause in, on or about the Premises, including, without limiting the generality of the foregoing: (i) any default by Tenant in the observance or performance of any of the terms, covenants or conditions of this Lease on Tenant's part to be observed or performed; (ii) the use or occupancy of the Premises by Tenant or any person claiming by, through or under Tenant; (iii) the condition of the Premises or any occurrence or happening on the Premises from any cause whatsoever; or (iv) any acts, omissions or negligence of Tenant or any person claiming by, through or under Tenant, or of the contractors, agents, servants, employees, visitors or licensees of Tenant or any such person, in, on or about the Premises or the Real Property, either prior to, during, or after the expiration of the Lease Term, including, without limitation, any acts, omissions or negligence in the making or performance of any alterations. Tenant further agrees to indemnify and save harmless Landlord, Landlord's agents, and the lessor or lessors under all ground or underlying leases, from and against any and all loss, cost, liability, damage and expense including, without limitation, reasonable attorneys' fees, incurred in connection with or arising from any claims by any persons by reason of injury to persons or damage to property occasioned by any use, occupancy, condition, occurrence, happening, act, omission or negligence referred to in the preceding sentence. The provisions of this Section 8.1 shall survive the expiration or sooner termination of this Lease with respect to any claims or liability the basis for which arose prior to such expiration or termination.

8.2 Fire and Casualty Insurance. Landlord shall maintain during the Lease Term a policy or policies of insurance insuring the Building against loss or damage due to fire and other casualties covered within the classification of fire and extended coverage, vandalism coverage and malicious mischief, sprinkler leakage, water damage and, at Landlord's option, special extended coverage on the Building. Such coverage in such amounts as Landlord may from time to time determine may include, at the option of Landlord, the risks of earthquakes and/or flood damage and additional hazards, a rental loss endorsement and one or more loss payee endorsements in favor of the holders of any mortgages or deeds of trust encumbering the interest of Landlord in the Real Property or the ground or underlying lessors of the Real Property, or any portion thereof. Tenant shall neither use the Premises nor permit the Premises to be used or acts to be done therein which will (i) increase the premium of any insurance described in this Section 8.2; (ii) cause a cancellation of or be in conflict with any such insurance policies; (iii) result in a refusal by insurance companies of good standing to insure the Building or the Real Property in amounts reasonably satisfactory to Landlord; or (iv) subject Landlord to any liability or responsibility for injury to any person or property by reason of any operation being conducted in the Premises. Tenant shall, at Tenant's expense, comply as to the Premises with all insurance company requirements pertaining to the use of the Premises. If Tenant's conduct or use of the Premises causes any increase in the premium for such insurance policies, and such conduct is otherwise permitted by Landlord, then Tenant shall reimburse Landlord for any such increase. Tenant, at Tenant's expense, shall comply with all rules, orders, regulations or requirements of the American Insurance Association (formerly the National Board of Fire Underwriters) and with any similar body.

8.3 Tenant Insurance. Tenant shall obtain and maintain throughout the Lease Term and at its own cost and expense, a policy or policies of standard fire, extended coverage and special extended coverage insurance ("All Risks"), including a vandalism and malicious mischief endorsement, sprinkler leakage coverage and earthquake sprinkler leakage in an amount equal to the full replacement value new without deduction for depreciation of all fixtures, furniture and leasehold improvements installed by or at the expense of Tenant and all alterations and additions thereto, and replacement cost insurance on all plate or tempered glass in or enclosing the Premises.

8.4 Public Liability Insurance. Tenant shall obtain and maintain throughout the Lease Term, and at its own cost and expense, comprehensive general liability insurance, including public liability and property damage insurance in the amount of Three Million Dollars ($3,000,000) per person and Three Million Dollars ($3,000,000) per occurrence for personal injuries or deaths of persons occurring in or about the Premises including a Broad Form Comprehensive General Liability endorsement covering the insuring provisions of this Lease and the performance of Tenant of the indemnity agreements set forth in Section 8.1 hereof.

8.5 Additional Insurance Obligations. Tenant shall carry and maintain during the entire Lease Term, at Tenant's sole cost and expense, such other reasonable types of insurance coverage and in such reasonable amounts covering the Premises and Tenant's operations therein, as may be reasonably requested by Landlord.

8.6 Form of Policies. The minimum limits of policies of insurance required of Tenant under this Lease shall in no event limit the liability of Tenant under this Lease. Such insurance shall: (i) name Landlord, and any other party which it so specifies, as a named insured; (ii) specifically cover the liability assumed by Tenant under this Lease, including, but not limited to, Tenant's obligations under Section 8.1 of this Lease; (iii) be issued by an insurance company having a rating of not less than A-X in Best's Insurance Guide or which is otherwise acceptable to Landlord and licensed to do business in the State of California; (iv) be primary insurance as to all claims thereunder and that any insurance carried by Landlord is excess and non-contributing with any insurance requirement of Tenant; (v) provide that said insurance shall not be cancelled or coverage changed unless thirty (30) days' prior written notice shall have been given to Landlord and any mortgagee of Landlord's; and (vi) contain a cross liability endorsement or severability of interest clause acceptable to Landlord. Tenant shall deliver said policy or policies or certificates thereof to Landlord on or before the Lease Commencement Date and at least thirty (30) days before the expiration dates thereof. In the event Tenant shall fail to procure such insurance, or to deliver such policies or certificate, Landlord may, at its option, procure such policies for the account of Tenant, and the cost thereof shall be paid to Landlord as additional rent within five (5) days after delivery to Tenant of bills therefor.

8.7 Subrogation. Landlord and Tenant agree to have their respective insurance companies issuing property damage insurance waive any rights of subrogation that such companies may have against Landlord or Tenant, as the case may be, so long as the insurance carried by Landlord and Tenant, respectively, is not invalidated thereby. As long as such waivers of subrogation are contained in their respective insurance policies, Landlord and Tenant hereby waive any right that either may have against the other on account of any loss or damage to their respective property to the extent such loss or damage is insurable under policies of insurance for fire and all risk coverage, theft, public liability, worker's compensation or other similar insurance.

ARTICLE 9

TENANT IMPROVEMENTS/ALTERATIONS

9.1 Improvements/Alterations. Landlord agrees that Tenant may, at its own cost and expense and after giving Landlord at least thirty (30) days' prior notice in writing of its intention to do so, and before such time as Tenant has obtained engineering specifications, from time to time during the Lease Term, make such improvements, alterations, additions, and changes in and to the interior of the Premises (except those of a structural nature) as it may find necessary or convenient for its purposes, provided that the value of the Premises is not thereby diminished, and provided further that Tenant may not make any improvements, alterations, additions or changes to the Premises without first procuring the prior written consent of Landlord to such improvements, alterations, additions or changes. If Tenant's actions are otherwise in compliance with this Article 9, all improvements, fixtures and/or equipment which Tenant may install or place in or about the Premises, and all improvements, alterations, repairs or changes to the Premises, and all signs installed in, on or about the Premises, from time to time, shall be at the sole cost of Tenant and shall be and become the property of Landlord, except that Landlord may, by written notice to Tenant given at least thirty (30) days prior to the end of the Lease Term, require Tenant at Tenant's expense to remove all partitions, counters, railings and the like installed by Tenant, and to repair any damage to the Premises caused by such removal. Except as set forth in the Work Letter attached as Exhibit B, Landlord shall be without any obligation in connection therewith. Tenant hereby indemnifies and holds Landlord harmless from any liability, cost, obligation, expense or claim of lien in any manner relating to the installation, placement, removal or financing of any such improvements, alterations, repairs, changes, improvements, fixtures and/or equipment in, on or about the Premises.

Tenant has no authority or power to cause or permit any lien or encumbrance of any kind whatsoever, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon the Real Property, the Building or the Premises, and any and all liens and encumbrances created by Tenant shall attach to Tenant's interest only. Landlord shall have the right at all times to post and keep posted on the Premises any notice which it deems necessary for protection from such liens. Tenant covenants and agrees not to suffer or permit any lien of mechanics or materialmen or others to be placed against the Real Property, the Building or the Premises with respect to work or services claimed to have been performed for or materials claimed to have been furnished to Tenant or the Premises, and, in case of any such lien attaching or notice of any lien, Tenant covenants and agrees to cause it to be immediately released and removed of record. Notwithstanding anything to the contrary set forth in this Lease, in the event that such lien is not released and removed on or before the date occurring five (5) days after notice of such lien is delivered by Landlord to Tenant, Landlord, at its sole option, may immediately take all action necessary to

release and remove such lien, without any duty to investigate the validity thereof, and all sums, costs and expenses, including reasonable attorneys' fees and costs, incurred by Landlord in connection with such lien shall be deemed Additional Rent under this Lease and shall immediately be due and payable by Tenant.

9.2 Manner of Construction. Landlord may impose, as a condition of its consent to all improvements, alterations, repairs or changes of the Premises on or about the Premises, except for the tenant improvements contemplated by the Work Letter, such requirements as Landlord in its sole discretion may deem desirable, including, but not limited to, the requirement that Tenant utilize for such purposes only contractors, materials, mechanics and materialmen approved by Landlord. Tenant shall construct such improvements, alterations or repairs in conformance with any and all applicable rules and regulations of any federal, state, county or municipal code or ordinance and pursuant to a valid building permit, issued by the City of Los Angeles. In any event, a contractor of Landlord's selection shall perform all mechanical, electrical, plumbing, air conditioning, permanent partition and ceiling tile work, and such work shall be performed at Tenant's cost. In the event Tenant orders any construction, alteration, decorating or repair work directly from Landlord, or from the contractor selected by Landlord, the charges for such work shall be deemed additional rent under this Lease, payable upon billing therefor, either periodically during construction or upon the substantial completion of such work, at Landlord's option. All work with respect to any alterations, additions or changes must be done in a good and workmanlike manner and diligently prosecuted to completion to the end that the Premises shall at all times be a complete unit except during the period of work. Upon completion of any improvements, alterations, additions or changes, Tenant agrees to cause a Notice of Completion to be recorded in the office of the Recorder of the County of Los Angeles in accordance with Section 3093 of the Civil Code of the State of California or any successor statute, and Tenant shall deliver to the Building management office a copy of the "as built" drawings of the improvements. Any such alterations, additions or changes shall be performed and done strictly in accordance with the laws and ordinances relating thereto. In performing the work of any such improvements, alterations, additions or changes, Tenant shall have the work performed in such manner as not to obstruct the access to the Building or common areas to any other tenant of the Building.

9.3 Construction Insurance. In the event that Tenant shall make any permitted improvements, alterations, additions or changes to the Premises, in compliance with the terms and provisions of this Article 9, Tenant agrees to carry "Builder's All Risk" insurance in an appropriate amount covering the construction of such improvements, alterations, additions or changes, and such other insurance as Landlord may require, it being understood and agreed that all of such improvements, alterations, additions or changes shall be insured by Tenant pursuant to Section 8.3 of this Lease immediately upon completion thereof. In addition, Landlord may, in its discretion, require Tenant to obtain a lien and completion bond or some alternate form of security satisfactory to Landlord in an amount to ensure the lien-free completion of such improvements, alterations, additions or changes.

ARTICLE 10

SIGNS

10.1 Subject to Landlord's prior written approval, in its sole discretion, and provided all signs are in keeping with the quality, design and style of the Building, Tenant, if the Premises comprise an entire floor of the Building, at its sole cost and expense, may install identification signage anywhere in the Premises including in the elevator lobby of the Premises, provided that such signs must not be visible from the exterior of the Building. If other tenants occupy space on the floor on which the Premises are located, Tenant's identifying signage shall be provided by Landlord and such signage shall be identical to that used by Landlord for other similar floors in the Building. Any signs, notices, logos, pictures, names or advertisements which are installed that have not been individually approved by Landlord may be removed without notice by Landlord at the sole expense of Tenant. Tenant may not install any signs on the exterior or roof of the Building or the common areas of the Building or the Real Property.

ARTICLE 11

ASSIGNMENT AND SUBLETTING

11.1 Restrictions. Tenant shall not transfer, assign, sublet, mortgage or otherwise hypothecate this Lease, or Tenant's interest in and to the Premises, nor enter into any license or concession agreements with respect thereto, without first procuring the written consent of Landlord which consent

Landlord can withhold in its sole and absolute discretion. Any such attempted or purported transfer, assignment, subletting, mortgage or hypothecation, or license or concession agreement (hereinafter collectively referred to as a "Transfer") without Landlord's prior written consent shall be void and of no force or effect and shall not confer any interest or estate in the purported transferee, (the "Transferee") and shall at Landlord's option constitute an incurable default under this Lease.

11.2 Procedure for Transfer. Should Tenant desire to make a Transfer hereunder , Tenant shall, in each instance, give written notice of its intention to do so ("Transfer Notice") to Landlord at least thirty (30) days prior to the effective date of any such proposed Transfer, specifying in such Notice whether Tenant proposes to assign or sublet, or enter into license or concession agreements, and the proposed date thereof, and specifically identifying the proposed Transferee. Such Transfer Notice shall be accompanied, in the case of a subletting, license or concession agreement, by a copy of the proposed sublease, license or concession agreement, or if same is not available, a letter of commitment or a letter of intent, and any other documents or financial information Landlord may require in order to make a determination as to the suitability of the Transferee based upon the criteria set forth in Section 11.1 above. Landlord shall, within thirty (30) days after its receipt of such Transfer Notice of a proposed Transfer from Tenant, by mailing written notice to Tenant of its intention to do so, pursuant to Section 11.1 of this Lease, (i) withhold consent to the Transfer, or (ii) consent to such Transfer; or (iii) elect to terminate this Lease.

Notwithstanding anything to the contrary contained in this Article 11, Landlord shall have the option, by giving written notice to Tenant within thirty (30) days after receipt of any Transfer Notice to recapture the portion of the Premises that is subject to the Transfer. Such recapture notice shall cancel and terminate this Lease with respect to the portion of the Premises that is subject to the Transfer as of the effective date of the proposed Transfer until the last day of the term of the Transfer as set forth in the Transfer Notice. In the event of a recapture by Landlord, if this Lease shall be canceled with respect to less than the entire Premises, the Rent reserved herein shall be prorated on the basis of the number of rentable square feet retained by Tenant in proportion to the number of rentable square feet contained in the Premises, and this Lease as so amended shall continue thereafter in full force and effect, and upon request of either party, the parties shall execute written confirmation of the same.

11.3 Effect of a Transfer. The Transferee shall agree to comply with and be bound by all of the terms, covenants, conditions, provisions and agreements of this Lease to the extent of the space transferred, assigned or sublet; and Tenant shall deliver to Landlord promptly after execution an executed copy of each such Transfer document and an agreement of compliance by each such Transferee. No Transfer of this Lease or agreement entered into with respect thereto, whether with or without Landlord's consent, shall relieve Tenant or any guarantor of the Lease from liability under this Lease.

11.4 Transfer Rent Adjustment. In the event that Tenant shall make a permitted Transfer hereunder of all or any portion of the Premises (the "Transfer Space"), then the following shall apply: Tenant shall pay Landlord monthly, as additional rent, at the same time as the monthly installment of Minimum Annual Rent required hereunder, fifty percent (50%) of the "Profit" payable by the Transferee pursuant to the terms reserved in the assignment or sublease. For purposes of this Section 11.4, "Profit" shall mean the difference between (i) all rent and other amounts paid or payable by the Transferee to Tenant pursuant to the terms of the assignment or sublease, less the reasonable amount of Tenant's Subleasing Costs, as hereafter defined, and (ii) the Minimum Annual Rent and additional rent or pro rata portion of the Minimum Annual Rent and additional rent, as the case may be, for the Transfer Space payable to Landlord in this Lease. Tenant's Subleasing Costs shall mean only that portion of Tenant's actual expenditures which are reasonable and customary in the subleasing market in which the building is located (i) to rehabilitate or improve the Transfer Space for Transferee and (ii) for brokerage fees. For purposes of calculating the Profit on a monthly basis, Tenant's Subleasing Costs shall be deemed to be expended by Tenant in equal monthly amounts over the entire term of the sublease or assignment.

In addition to the foregoing, in the event Tenant shall make a permitted Transfer hereunder, fifty percent (50%) of the dollar amount of the funds or property, other than Minimum Annual Rent and additional rent (the "Transfer Consideration"), transferred from Transferee to Tenant as consideration for the Transfer shall be deemed additional rent owed to Landlord by Tenant under this Lease. Transfer Consideration shall include, but not be limited to, key money, bonus money, payment in excess of fair market value for services rendered by Transferee to Tenant, assets, fixtures, inventory, accounts, goodwill, equipment, furniture, general intangibles, capital stock or equity ownership.

11.5 Required Documents. Each Transfer to which Landlord has consented shall be evidenced by a written instrument in form satisfactory to Landlord, executed by Tenant and the Transferee,

under which the Transferee shall agree in writing for the benefit of Landlord to assume, to perform and to abide by all of the terms, covenants and conditions of this Lease to be done, kept and performed by Tenant, including the payment of all amounts due or to become due under this Lease directly to Landlord and the obligation to use the Premises only for the purpose specified in Article 6. Tenant agrees to reimburse Landlord for Landlord's attorneys' and administrative fees incurred in conjunction with the processing of and documentation for each such requested Transfer, whether or not the Transfer is consummated.

11.6 Merger and Consolidation. If Tenant is a corporation which, under the current laws, rules or guidelines promulgated by the governmental body or agency having jurisdiction and authority to promulgate the same, is not deemed to be a public corporation, or is an unincorporated association, a limited liability company or partnership, the transfer, assignment or hypothecation, in the aggregate of more than twenty-five percent (25%) of the total outstanding stock or interest in such corporation, association, limited liability company, or partnership shall be deemed a Transfer within the meaning and provisions of this Article 11. If Tenant is a partnership or limited liability company, a permitted withdrawal or change, whether voluntary, involuntary, or by operation of law, of partners or members owning an aggregate of more than twenty-five percent (25%) of the limited liability company or the partnership or the dissolution of the limited liability company or the partnership, shall be deemed a Transfer within the meaning and provisions of this Article 11.

11.7 Effect of Transfer. If Landlord consents to a Transfer, (i) the terms and conditions of this Lease shall in no way be deemed to have been waived or modified, (ii) such consent shall not be deemed consent to any further Transfer by either Tenant or a Transferee, (iii) Tenant shall deliver to Landlord, promptly after execution, an original executed copy of all documentation pertaining to the Transfer in form reasonably acceptable to Landlord, (iv) Tenant shall furnish upon Landlord's request a complete statement, certified by an independent certified public accountant, or Tenant's chief financial officer, setting forth in detail the computation of any Transfer Premium Tenant has derived and shall derive from such Transfer, and (v) no Transfer relating to this Lease or agreement entered into with respect thereto, whether with or without Landlord's consent, shall relieve Tenant or any guarantor of the Lease from liability under this Lease. Landlord or its authorized representatives shall have the right at all reasonable times to audit the books, records and papers of Tenant relating to any transfer, and shall have the right to make copies thereof. If the Profit respecting any Transfer shall be found understated, Tenant shall, within thirty (30) days after demand, pay the deficiency and Landlord's costs of such audit, and if understated by more than ten percent (10%), Landlord shall have the right to cancel this Lease upon thirty (30) days' notice to Tenant.

ARTICLE 12

REPAIRS AND MAINTENANCE

12.1 Landlord's Maintenance Obligations. Except as provided for in Article 13 of this Lease, Landlord shall repair and maintain the common areas, public areas, and structural portions of the Building, including the exterior walls, underflooring and roof, basic plumbing, heating, air conditioning and electrical systems installed or furnished by Landlord, unless such maintenance and repair becomes necessary in whole or in part due to the act, neglect, fault or omission of any duty by Tenant, its employees, agents, customers or invitees, or due to damage caused by a breaking and entering into the Premises, in which case Tenant shall pay to Landlord the entire cost of such maintenance and repair. The Minimum Annual Rent and any additional rent shall not be reduced and Landlord shall not be liable under any circumstances for a loss of or injury to property, loss of profits, or for injury to or interference with Tenant's business arising from or in connection with the making of or Landlord's failure to make any repairs, maintenance, alterations or improvements in or to any portion of the Building or in or to fixtures, appurtenances and equipment therein; provided that Tenant shall be entitled to a reduction of the Minimum Annual Rent and additional rent by reason of Landlord's failure to make any repair or to perform any maintenance required on the part of Landlord hereunder when such failure shall persist for an unreasonable period of time after notice of the need for such repair or maintenance is given to Landlord by Tenant. Tenant hereby waives and releases its right to make repairs at Landlord's expense under Sections 1941 and 1942 of the California Civil Code or under any similar law, statute, or ordinance now or hereafter in effect.

12.2 Tenant's Maintenance Obligations. In accordance with the terms of Article 9 of this Lease, Tenant shall keep the Premises in good and sanitary condition and repair at Tenant's sole cost and expense, except as provided in Section 12.1 above. Subject to Section 12.1, should any standard or regulation now or hereafter be imposed on Landlord or Tenant by a state, federal or local governmental body charged with the establishment, regulation and enforcement of occupational, health or safety standards for

employers, employees, landlords or tenants, then Tenant agrees, at its sole cost and expense, to comply promptly with such standards or regulations.

ARTICLE 13

DAMAGE OR DESTRUCTION

13.1 Termination and Restoration. Tenant shall promptly notify Landlord of any damage to the Premises resulting from fire or any other casualty. If, at any time during the Lease Term except during the last twenty-four (24) months thereof, the Premises or the Building are damaged by fire or other casualty insured against by Landlord's insurance which Landlord maintains pursuant to the terms of Section 8.2 of this Lease, and Landlord's mortgagee makes such proceeds available to Landlord for repair, Landlord shall forthwith repair the same to the extent of such insurance proceeds, subject to the subsequent provisions of this Article 13 provided that such repairs can, in Landlord's opinion, be made within one hundred eighty (180) days of such damage, and in such event this Lease shall remain in full force and effect. If such repairs cannot, in Landlord's opinion, be made within one hundred eighty (180) days of such damage, or if insurance proceeds made available to Landlord are not sufficient to cover 95% of the full unamortized replacement cost of the damage to the Premises and the Building, Landlord, at its option, shall, by written notice to Tenant given within sixty (60) days after the date of such damage, either: (i) elect to restore or repair such damage, this Lease continuing in full force and effect, or (ii) terminate this Lease as of a date specified in such notice, which date shall not be less than thirty (30) nor more than sixty (60) days after the date such notice is given. If such fire or other casualty shall have damaged the Premises or common areas necessary to Tenant's occupancy, and if such damage is not the result of the negligence or wilful misconduct of Tenant or Tenant's employees, contractors, licensees, or invitees, then during the period from the date of the damage until Landlord has completed its repairs, Tenant shall be entitled to a reduction in the Minimum Annual Rent and additional rent in the proportion that the rentable square feet of the Premises rendered unusable as a result of such damage bears to the total rentable square feet of the Premises. Notwithstanding any other provision of this Lease, Landlord shall not be required to repair any injury or damage to or to make any repairs or replacements of any alterations or any other improvements installed in the Premises by or for Tenant, other than the Base, Shell and Core, and Tenant shall at Tenant's sole cost and expense, repair and restore all Tenant's improvements and all other alterations and improvements in the same condition existing prior to such event. In connection with such repairs and replacements Tenant shall submit to Landlord, for Landlord's review and approval, all plans, specifications and working drawings relating thereto. Except as provided above, Tenant shall not be entitled to any compensation or damages from Landlord for damage to any of Tenant's improvements, alterations, fixtures, or Tenant's other property, for loss of use of the Premises or any part thereof, or for any damage to or interference with Tenant's business, loss of profits, or for any disturbance to Tenant caused by any casualty or the restoration of the Premises following such casualty.

13.2 Waiver of Statutory Provisions. The provisions of this Lease, including this Article 13, constitute an express agreement between Landlord and Tenant with respect to any and all damage to, or destruction of, all or any part of the Premises, the Building or any other portion of the Real Property, and any statute or regulation of the State of California, including, without limitation, Sections 1932(2) and 1933(4) of the California Civil Code, with respect to any rights or obligations concerning damage or destruction in the absence of an express agreement between the parties, and any other statute or regulation, now or hereafter in effect, shall have no application to this Lease or any damage or destruction to all or any part of the Premises, the Building or any other portion of the Real Property.

13.3 Damage to the Building. If at any time during the Lease Term, or any extension thereof, the Building shall be so injured or damaged, whether by fire or otherwise (though the Premises may not be affected, or if affected, can be repaired within said one hundred eighty (180) days), that, within sixty (60) days after the happening of such injury, Landlord shall decide not to reconstruct or rebuild said Building then, notwithstanding anything to the contrary contained in Section 13.1 of this Lease, upon notice in writing to that effect given by Landlord to Tenant within sixty (60) days after the date of such damage, Tenant shall pay the Minimum Annual Rent and additional rent, properly apportioned up to such date, this Lease shall terminate from the date of delivery of said written notice, and both parties hereto shall thereafter be freed and discharged of all further obligations hereunder, except as provided for in provisions of this Lease which by their terms survive the expiration or earlier termination of the Lease Term.

13.4 Damage Due to Fault of Tenant. If any damage to the Premises is due to the fault or neglect of Tenant, any person claiming through or under Tenant, or any of Tenant's servants, employees,

agents, contractors, visitors or licensees, then there shall be no abatement of the Minimum Annual Rent or additional rent by reason of such damages, unless Landlord is reimbursed for such abatement of the Minimum Rent or additional rent pursuant to any rental insurance policies that Landlord may, in its sole discretion, elect to carry.

13.5 Damage Near End of Term. In the event that the Premises or the Building are destroyed or damaged to any substantial extent during the last twenty-four (24) months of the Lease Term, then notwithstanding anything contained in this Article 13, Landlord shall have the option to terminate this Lease by giving written notice to Tenant of the exercise of such option within thirty (30) days after such damage or destruction, in which event this Lease shall cease and terminate as of the date of such notice, Tenant shall pay the Minimum Annual Rent and additional rent, properly apportioned up to such date, and both parties hereto shall thereafter be freed and discharged of all further obligations hereunder, except as provided for in provisions of this Lease which by their terms survive the expiration or earlier termination of the Lease Term.

ARTICLE 14

DEFAULTS; REMEDIES

14.1 Events of Default. The occurrence of any of the following shall constitute a default and material breach of this Lease by Tenant:

14.1.1 Any failure by Tenant to pay any rent or any other charge required to be paid under this Lease, or any part thereof, when due; or

14.1.2 Any failure by Tenant to observe or perform any other provision, covenant or condition of this Lease to be observed or performed by Tenant where such failure continues for fifteen (15) days after written notice thereof from Landlord to Tenant; provided that if the nature of such default is such that the same cannot reasonably be cured within a fifteen-day period, Tenant shall not be deemed to be in default if it shall commence such cure within such period and thereafter rectify and cure said default with due diligence within thirty (30) days; or

14.1.3 Abandonment or vacation of the Premises by Tenant; or

14.1.4 To the extent permitted by law, a general assignment by Tenant or any guarantor of the Lease for the benefit of creditors, or the filing by or against Tenant or any guarantor of any proceeding under an insolvency or bankruptcy law, unless in the case of a proceeding filed against Tenant or any guarantor the same is dismissed within sixty (60) days, or the appointment of a trustee or receiver to take possession of all or substantially all of the assets of Tenant or any guarantor, unless possession is restored to Tenant or such guarantor within thirty (30) days, or any execution or other judicially authorized seizure of all or substantially all of Tenant's assets located upon the Premises or of Tenant's interest in this Lease, unless such seizure is discharged within thirty (30) days; or

14.1.5 Tenant breaches or violates any of the provisions contained in the CC&R's, and/or the Directives; or

14.1.6 Tenant loses its license to practice medicine in the State of California or otherwise is prohibited from rendering health care treatment within the State, or Tenant no longer is actually engaged in the practice of medicine, or Tenant is no longer a member of the staff of the Landlord; or

14.1.7 Tenant or any subtenant commits an Ethical or Criminal Violation.

14.2 Remedies Upon Default. Upon the occurrence of any event of default by Tenant, Landlord shall have, in addition to any other remedies available to Landlord at law or in equity, the option to pursue any one or more of the following remedies (each and all of which shall be cumulative and nonexclusive) without any notice or demand whatsoever:

14.2.1 Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord, and if Tenant fails to do so, Landlord may, without prejudice to any other remedy which it may have for possession or arrearages in rent, enter upon and take possession of the Premises and expel or remove Tenant and any other person who may be occupying the Premises or any part thereof,

without being liable for prosecution or any claim or damages therefor; and Landlord may recover from Tenant the following:

(i) The worth at the time of award of any unpaid rent which has been earned at the time of such termination; plus

(ii) The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iii) The worth at the time of award of the amount by which the unpaid rent for the balance of the Lease Term after the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iv) Any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, specifically including but not limited to, brokerage commissions and advertising expenses incurred, expenses of remodeling the Premises or any portion thereof for a new tenant, whether for the same or a different use, and any special concessions made to obtain a new tenant; and

(v) At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by applicable law.

The term "rent" as used in this Section 14.2 shall be deemed to be and to mean all sums of every nature required to be paid by Tenant pursuant to the terms of this Lease, whether to Landlord or to others. Any such sums which are based on percentages of income, increased costs or other historical data shall be reasonable estimates or projections computed by Landlord on the basis of the amounts thereof accruing during the 24-month period immediately prior to default, except that if it becomes necessary to compute such sums before a 24-month period has expired, then the computation shall be made on the basis of the amounts accruing during such shorter period. As used in Paragraphs 14.2.1(i) and (ii), above, the "worth at the time of award" shall be computed by allowing interest at the rate of ten percent (10%) per annum. As used in Paragraph 14.2.1(a)(iii) above, the "worth at the time of award" shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus five percent (5%).

14.2.2 If Landlord does not elect to terminate this Lease on account of any default by Tenant, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

14.2.3 Whether or not Landlord elects to terminate this Lease on account of any default by Tenant, Landlord shall have the right to terminate any and all subleases, licenses, concessions or other consensual arrangements for possession entered into by Tenant and affecting the Premises or may, in Landlord's sole discretion, succeed to Tenant's interest in such subleases, licenses, concessions or arrangements. In the event of Landlord's election to succeed to Tenant's interest in any such subleases, licenses, concessions or arrangements, Tenant shall, as of the date of notice by Landlord of such election, have no further right to or interest in the rent or other consideration receivable thereunder.

14.3 Form of Payment After Default. Following the occurrence of an event of default by Tenant, Landlord shall have the right to require that any or all subsequent amounts paid by Tenant to Landlord hereunder, whether in the cure of the default in question or otherwise, be paid in the form of cash, money order, cashier's or certified check drawn on an institution acceptable to Landlord, or by other means approved by Landlord, notwithstanding any prior practice of accepting payments in any different form.

14.4 Waiver of Default No waiver by Landlord or Tenant of any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of any other or later violation or breach of the same or any other of the terms, provisions, and covenants herein contained. Forbearance by Landlord in enforcement of one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of such default. The acceptance of any rent hereunder by Landlord following the occurrence of any default, whether or not known to Landlord, shall not be deemed a waiver of any such default, except only a default in the payment of the rent so accepted.

14.5 Efforts to Relet. For the purposes of this Article 14, Tenant's right to possession shall not be deemed to have been terminated by efforts of Landlord to relet the Premises, by its acts of maintenance or preservation with respect to the Premises, or by appointment of a receiver to protect Landlord's interests hereunder. The foregoing enumeration is not exhaustive, but merely illustrative of acts which may be performed by Landlord without terminating Tenant's right to possession.

ARTICLE 15

DEFAULT BY LANDLORD

Landlord shall not be in default hereunder unless Landlord fails to perform the obligations required of Landlord within a reasonable time, but in no event later than thirty (30) days after written notice by Tenant to Landlord and to the holder of any first mortgage or deed of trust covering the Premises, whose name and address shall have theretofore been furnished to Tenant, in writing specifying wherein Landlord has failed to perform such obligation; provided, however, that if the nature of Landlord's obligation is such that more than thirty (30) days are required for performance, then Landlord shall not be in default if Landlord commences performance within such 30-day period and there after diligently prosecutes the same to completion. In no event shall Tenant have the right to terminate this Lease as a result of Landlord's default, and Tenant's remedies shall be limited to monetary damages. Nothing herein contained shall be interpreted to mean that Tenant is excused from paying rent due hereunder as a result of any default by Landlord.

ARTICLE 16

EMINENT DOMAIN

16.1 Permanent Taking. If the whole of the Premises or more than fifty percent (50%) of the rentable square feet thereof is taken under power of eminent domain or sold, transferred or conveyed in lieu thereof, either Landlord or Tenant shall have the right to terminate this Lease as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority; such right shall be exercised by the giving of written notice to the other party on or before said date. If any part of the Building other than the Premises is taken under power of eminent domain or sold, transferred or conveyed in lieu thereof, Landlord may terminate this Lease at its option as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority. In either of such events, Landlord shall receive the entire award which may be made in such taking or condemnation, and Tenant hereby assigns to Landlord any and all rights of Tenant now or hereafter arising in or to the same whether or not attributable to the value of the unexpired portion of this Lease; provided, however, that nothing contained herein shall be deemed to give Landlord any interest in or to require Tenant to assign to Landlord any award made to Tenant for Tenant's moving expenses, or the taking of the unamortized or the undepreciated value of Tenant's personal property, or that portion of the unamortized or undepreciated portion of Tenant's improvements, which were not purchased with any funds from a tenant improvement allowance supplied by Landlord. In the event of a taking of any material portion which is less than fifty (50%) of the Premises, or a sale, transfer, or conveyance in lieu thereof, or if this Lease is not terminated by Landlord or Tenant as provided above, then this Lease shall automatically terminate as to the portion of the Premises so taken as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority, and the Minimum Annual Rent as well as the additional rent shall be apportioned according to the ratio that the remaining rentable square feet of the Premises bears to the total rentable square feet of the Premises. Tenant hereby waives any and all rights it might otherwise have pursuant to Section 1265.130 of California Code of Civil Procedure.

16.2 Temporary Taking. In the event of temporary taking of all or any portion of the Premises for a period of thirty (30) days or less, then this Lease shall not terminate but the Minimum Annual Rent and the additional rent shall be abated for the period of such taking in proportion to the ratio that the remaining rentable square feet of the Premises bears to the total rentable square feet of the Premises. Landlord shall be entitled to receive the entire award made in connection with any such temporary taking.

ARTICLE 17

SUBORDINATION

Without the necessity of any additional document being executed by Tenant for the purpose of effecting a subordination, this Lease shall be subject and subordinate at all times to: (i) all ground leases or underlying leases now existing or hereafter executed affecting the Building or any of the Real Property, or both; and (ii) the lien of any mortgage or deed of trust now existing or hereafter executed in any amount for which any of the Building, Real Property, ground leases, underlying leases, or Landlord's interest or estate in any of said items is specified as security. Notwithstanding the foregoing, Landlord shall have the right to subordinate or cause to be subordinated any such ground leases or any such liens to underlying leases or to this Lease. In the event that any ground lease or underlying lease terminates for any reason or any

mortgage or deed of trust is foreclosed or a conveyance in lieu of foreclosure is made for any reason, Tenant shall, notwithstanding any subordination, attorn to and become Tenant of the successor in interest to Landlord, at the option of such successor in interest. Tenant covenants and agrees to execute and deliver, within five (5) days of request by Landlord and in the form requested by Landlord, any additional documents evidencing the priority or subordination of this Lease with respect to any such ground leases or underlying leases or in the lien of any such mortgage or deed of trust. If Tenant fails to timely execute such additional documents, Tenant hereby appoints Landlord as Tenant's attorney-in-fact for the sole purpose of executing such additional documents on behalf of Tenant.

ARTICLE 18

ESTOPPEL CERTIFICATES AND OTHER FINANCIAL INFORMATION

18.1 Estoppel Certificates. Within ten (10) days after the Lease Commencement Date and at any other time during the Lease Term, within ten (10) days following a request in writing by Landlord, Tenant shall execute and deliver to Landlord an estoppel certificate substantially in the form of Exhibit C attached hereto indicating therein any exceptions thereto that may exist at that time, which certificate shall also contain any other information reasonably requested by Landlord or Landlord's mortgagee or prospective mortgagee. Failure of Tenant to timely execute and deliver such estoppel certificate shall constitute an acceptance of the Premises and an acknowledgment by Tenant that statements included in Exhibit C are true and correct, without exception.

18.2 Financial Statements. At any time during the Lease Term, Tenant shall, upon ten (10) days' prior written notice from Landlord, provide Landlord or any institutional lender and/or lending authority which is negotiating with Landlord for interim construction or permanent financing during the Lease Term, with a current financial statement and financial statements for each of the two (2) years prior to the then current fiscal statement year. Such current statement shall be prepared in accordance with generally accepted accounting principles and, if such is the normal practice of Tenant, shall be audited by an independent certified public accountant.

ARTICLE 19

LANDLORD'S RIGHT TO CURE DEFAULT; PAYMENTS BY TENANT

19.1 Landlord's Cure. All covenants and agreements to be kept or performed by Tenant under this Lease shall be performed by Tenant at Tenant's sole cost and expense and without any reduction of Minimum Annual Rent or additional rent. If Tenant shall default in the performance of its obligations under this Lease and if such default is not cured within the applicable grace period provided in Article 14 hereof, Landlord may, but shall not be obligated to, make any such payment or perform any such act on Tenant's part without waiving its right based upon any default of Tenant and without releasing Tenant from any obligations hereunder.

19.2 Tenant's Reimbursement. Except as may be specifically provided to the contrary in this Lease, Tenant shall pay to Landlord, within fifteen (15) days after delivery by Landlord to Tenant of statements therefor: (i) sums equal to expenditures reasonably made and obligations incurred by Landlord (ii) sums equal to all losses, costs, liabilities, damages and expenses referred to in Article 8; and (iii) sums equal to all expenditures made and obligations incurred by Landlord in collecting or attempting to collect the Minimum Annual Rent or additional rent or in enforcing or attempting to enforce any rights of Landlord under this Lease or pursuant to law, including, without limitation, all legal fees and other amounts so expended. Tenant's obligations under this Section 19.2 shall survive the expiration or sooner termination of the Lease Term.

ARTICLE 20

Subject to such rules and regulations as may be adopted from time to time by Landlord, Tenant shall have a right to lease up to one (1) reserved and five (5) unreserved parking spaces on a monthly basis in the parking facility on the Real Property throughout the Lease Term; provided that if at any time during the Lease Term, Tenant does not choose to pay for the full number of such parking spaces, at Landlord's option Tenant shall not thereafter have the right to recommence the use of the spaces not paid for if other commitments have been made for those spaces in the interim. Tenant's continued right to use the parking spaces is conditioned upon Tenant abiding by all rules and regulations which Landlord shall prescribe from

time to time for the orderly operation and use of the parking facility and Tenant's cooperation with Landlord in seeing that Tenant's employees and visitors also comply with such rules and regulations. Landlord specifically reserves the right to change the size, configuration, design, layout and all other aspects of the parking facility at any time and to change the location of Tenant's parking spaces at any time and from time to time during the Lease Term, and Tenant acknowledges and agrees that Landlord may, without incurring any liability to Tenant and without any abatement of rent under this Lease, from time to time, close-off or restrict access to the parking facility for purposes of permitting or facilitating any such construction, alteration, improvements or relocation. Tenant shall pay to Landlord for automobile parking spaces on a monthly basis the prevailing rate charged for parking spaces from time to time plus all applicable taxes assessed thereon. Landlord may delegate its responsibilities hereunder to a parking operator in which case such parking operator shall have all the rights of control attributed hereby to the Landlord.

ARTICLE 21

SURRENDER OF PREMISES; OWNERSHIP AND REMOVAL OF TRADE FIXTURES

21.1 Surrender of Premises. No act or thing done by Landlord or any agent or employee of Landlord during the Lease Term shall be deemed to constitute an acceptance by Landlord of a surrender of the Premises unless such intent is specifically acknowledged in a writing signed by Landlord. The delivery of keys to the Premises to Landlord or any agent or employee of Landlord shall not constitute a surrender of the Premises or effect a termination of this Lease, whether or not the keys are thereafter retained by Landlord, and notwithstanding such delivery Tenant shall be entitled to the return of such keys at any reasonable time upon request until this Lease shall have been properly terminated. The voluntary or other surrender of this Lease by Tenant, whether accepted by Landlord or not, or a mutual termination hereof, shall not work a merger, and at the option of Landlord shall operate as an assignment to Landlord of all subleases or subtenancies affecting the Premises.

21.2 Removal of Tenant Property by Tenant. Upon the expiration of the Lease Term, or upon any earlier termination of this Lease, Tenant shall, subject to the provisions of this Article 21, quit and surrender possession of the Premises to Landlord in as good order and condition as when Tenant took possession and as thereafter improved by Landlord and/or Tenant, reasonable wear and tear and repairs which are specifically made the responsibility of Landlord hereunder excepted. Upon such expiration or termination, Tenant shall, without expense to Landlord, remove or cause to be removed from the Premises all debris and rubbish, and such items of furniture, equipment, free-standing cabinet work, and other articles of personal property owned by Tenant or installed or placed by Tenant at its expense in the Premises, and such similar articles of any other persons claiming under Tenant, as Landlord may, in its sole discretion, require to be removed, and Tenant shall repair at its own expense all damage to the Premises and Building resulting from such removal.

21.3 Removal of Tenant's Property by Landlord. Whenever Landlord shall re-enter the Premises as provided in this Lease, any personal property of Tenant not removed by Tenant upon the expiration of the Lease Term, or within forty-eight (48) hours after a termination by reason of Tenant's default as provided in this Lease, shall be deemed abandoned by Tenant and may be disposed of by Landlord in accordance with Sections 1980 through 1991 of the California Civil Code and Section 1174 of the California Code of Civil Procedure, or in accordance with any laws or judicial decisions which may supplement or supplant those provisions from time to time.

21.4 Landlord's Property. All fixtures, alterations, additions, repairs, improvements and/or appurtenances attached to or built into, on, or about the Premises prior to or during the term hereof, whether by Landlord at its expense or at the expense of Tenant, or by Tenant at its expense, or by previous occupants of the Premises, shall be and remain part of the Premises and shall not be removed by Tenant at the end of the Lease Term, unless otherwise expressly provided for in this Lease or unless such removal is required by Landlord pursuant to the provisions of Article 9 of this Lease. If Tenant shall fail to complete such removal and repair such damage, Landlord may do so and may charge the cost thereof to Tenant. Such fixtures, alterations, additions, repairs, improvements and/or appurtenances shall include, without limitation, floor coverings, drapes, paneling, molding, doors, kitchen and dishwashing fixtures and equipment, plumbing systems, electrical systems, lighting systems, silencing equipment, communication systems, all fixtures and outlets for the systems mentioned above and for all telephone, radio, telegraph and television purposes, and any special flooring or ceiling installations.

21.5 Landlord's Actions on Premises. Tenant hereby waives all claims for damages or other liability in connection with Landlord's re-entering and taking possession of the Premises or removing, retaining, storing or selling the property of Tenant as herein provided, and Tenant hereby indemnifies and holds Landlord harmless from any such damages or other liability, and no such re-entry shall be considered or construed to be a forcible entry.

ARTICLE 22

MISCELLANEOUS PROVISIONS

22.1 Separability. It is agreed that if any provision of this Lease shall be determined to be void by a court of competent jurisdiction, then such determination shall not affect any other provision of this Lease and all such other provisions shall remain in full force and effect.

22.2 Entire Agreement. It is understood and acknowledged that there are no oral agreements between the parties hereto affecting this Lease and this Lease supersedes and cancels any and all previous negotiations, arrangements, brochures, agreements and understandings, if any, between the parties hereto or displayed by Landlord to Tenant with respect to the subject matter thereof, and none thereof shall be used to interpret or construe this Lease. This Lease contains all of the terms, covenants, conditions, warranties and agreements of the parties relating in any manner to the rental, use and occupancy of the Premises, shall be considered to be the only agreement between the parties hereto and their representatives and agents, and none of the terms, covenants, conditions or provisions of this Lease can be modified, deleted or added to except in writing signed by the parties hereto. All negotiations and oral agreements acceptable to both parties have been merged into and are included herein. There are no other representations or warranties between the parties, and all reliance with respect to representations is based totally upon the representations and agreements contained in this Lease.

22.3 Compliance with Law. Tenant shall not do anything or suffer anything to be done in or about the Premises which will in any way conflict with any law, statute, ordinance or other governmental rule, regulation or requirement now in force or which may hereafter be enacted or promulgated. At its sole cost and expense, Tenant shall promptly comply with all said governmental measures excluding structural changes or changes to the Building's life safety system not related to or affected by the alterations, additions, improvements or acts, omissions or negligence of Tenant or any person claiming by, through or under Tenant, or any of their employees, contractors, agents, invitees or licensees, or by the use or occupancy by Tenant or any such person. Notwithstanding the foregoing, Tenant shall be solely responsible at its sole cost and expense for compliance with the Americans with Disabilities Act of 1990 and all present and future federal, state and local laws promulgated with the intent of aiding those persons who are considered to be disabled. The judgment of any court of competent jurisdiction or the admission of Tenant in any judicial action, regardless of whether Landlord is a party thereto, that Tenant has violated any of the said governmental measures shall be conclusive of that fact as between Landlord and Tenant.

22.4 Late Charges. Tenant hereby acknowledges that late payment by Tenant to Landlord of rent or other sums due hereunder will cause Landlord to incur costs not contemplated by this Lease, the exact amount of which are extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Landlord by the terms of any mortgage or deed of trust covering the Premises. Accordingly, if any installment of rent or any other sum due from Tenant shall not be received by Landlord or Landlord's designee within three (3) days after said amount is due, then Tenant shall pay to Landlord a late charge equal to five percent (5%) of such amount overdue plus any attorneys' fees incurred by Landlord by reason of Tenant's failure to pay rent and/or other charges when due hereunder. The parties hereby agree that such late charge represents a fair and reasonable estimate of the costs that Landlord will incur by reason of the late payment by Tenant. Acceptance of such late charge by Landlord shall in no event constitute a waiver of Tenant's default with respect to such overdue amount, nor prevent Landlord from exercising any of the other rights and remedies granted hereunder. Tenant hereby agrees that if Tenant is subject to a late charge for two (2) consecutive months, Minimum Annual Rent for the following twelve (12) months shall automatically be adjusted to be payable quarterly, in advance, commencing upon the first day of the month following such consecutive late month and continuing for the next twelve (12) months on a quarterly basis in advance. The late charge shall be deemed additional rent and the right to require it shall be in addition to all of Landlord's other rights and remedies hereunder or at law and shall not be construed as liquidated damages or as limiting Landlord's remedies in any manner. In addition to the five percent (5%) late charge described above, any rents or other amounts owing hereunder which are not paid within three (3) days after the date they are due shall thereafter bear interest until paid at a rate per annum equal to the lesser of the Prime Rate published from time to time

by the Western Edition of the Wall Street Journal (the "Prime Rate") plus two percent (2%) per annum or the highest rate permitted by applicable law.

22.5 Sale of Building or Real Property by Landlord. Each conveyance by Landlord or Landlord's interest in the Building or the Real Property prior to expiration or termination hereof shall be subject to this Lease and shall relieve the grantor of any further obligations or liability as Landlord, except if such obligations or liability arose prior to the date of such conveyance. Tenant hereby agrees to attorn to Landlord's successors in interest, whether such interest is acquired by sale, transfer, foreclosure, deed in lieu of foreclosure or otherwise.

22.6 Holdover by Tenant. If Tenant holds over after the Lease Term hereof, with or without the express or implied consent of Landlord, such tenancy shall be from month-to-month only, and shall not constitute a renewal hereof or an extension for any further term, and in such case Minimum Annual Rent shall be payable at a monthly rate equal to twice the Minimum Annual Rent applicable during the last rental period of the Lease Term under this Lease. Such month-to-month tenancy shall be subject to every other term, covenant and agreement contained herein. Nothing contained in this Section 22.6 shall be construed as consent by Landlord to any holding over by Tenant, and Landlord expressly reserves the right to require Tenant to surrender possession of the Premises to Landlord as provided in this Lease upon the expiration or other termination of this Lease. If Tenant fails to surrender the Premises upon the termination or expiration of this Lease, in addition to any other liabilities to Landlord accruing therefrom, Tenant shall indemnify and hold Landlord harmless from loss or liability resulting from such failure, including, without limiting the generality of the foregoing, any claims made by any succeeding tenant founded upon such failure to surrender.

22.7 Quiet Enjoyment. Upon Tenant paying the Minimum Annual Rent and all additional rent and performing all of Tenant's obligations under this Lease, Tenant may peacefully and quietly enjoy the Premises during the Lease Term as against all persons or entities lawfully claiming by or through Landlord, subject, however, to the provisions of this Lease and to any mortgages or ground or underlying leases of all or any portion of the Real Property.

22.8 Entry by Landlord. Landlord reserves the right at all reasonable times and upon reasonable notice to the Tenant to enter the Premises to: (i) inspect them; (ii) show the Premises to prospective purchasers, mortgagees or tenants, or to the ground or underlying lessors; (iii) post notices of nonresponsibility; or (iv) alter, improve or repair the Premises or the Building if necessary to comply with current building codes or other applicable laws, or for structural alterations, repairs or improvements to the Building. Notwithstanding anything to the contrary contained in this Section 22.8, Landlord may enter the Premises at any time to (i) perform services required of Landlord, (ii) take possession due to any breach of this Lease in the manner provided herein; and (iii) perform any covenants of Tenant which Tenant fails to perform. Landlord may make any such entries without the abatement of rent and may take such reasonable steps as required to accomplish the stated purposes. Tenant hereby waives any claims for damages or for any injuries or inconvenience to or interference with Tenant's business, lost profits, any loss of occupancy or quiet enjoyment of the Premises, and any other loss occasioned thereby. For each of the above purposes, Landlord shall at all times have a key with which to unlock all the doors in the Premises (excluding Tenant's vaults, safes and special security areas designated in advance by Tenant). In an emergency, Landlord shall have the right to use any means that Landlord may deem proper to open the doors in and to the Premises. Any entry into the Premises by Landlord in the manner hereinbefore described shall not be deemed to be a forcible or unlawful entry into, or a detainer of, the Premises, or an actual or constructive eviction of Tenant from any portion of the Premises.

22.9 Landlord's Right to Relocate Premises. Landlord shall have the privilege of moving Tenant to other space in the Building comparable to the Premises, and all terms hereof shall apply to the new space with equal force. In such event, Landlord shall give Tenant at least thirty (30) days' prior written notice, shall provide Tenant, at Landlord's sole cost and expense, with tenant improvements at least equal in quality to those in the Premises and shall move Tenant's effects to the new space at Landlord's sole cost and expense at such time and in such manner as to inconvenience Tenant as little as practicable. Simultaneously with such relocation of the Premises, the parties shall immediately execute an amendment to this Lease stating the relocation of the Premises.

22.10 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental actions, moratoria, civil commotions, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform shall excuse the performance of such party for a period equal to any such

prevention, delay or stoppage, except the obligations imposed with regard to rental and other charges to be paid by Tenant pursuant to this Lease.

22.11 Cumulative Rights. The various rights, options, elections, powers and remedies contained in this Lease shall be construed as cumulative and no one of them shall be exclusive of any of the others, or of any other legal or equitable remedy which either party might otherwise have in the event of breach or default in the terms hereof, and the exercise of one right or remedy by such party shall not impair its right to any other right or remedy until all obligations imposed upon the other party have been fully performed.

22.12 Time. Time is of the essence with respect to the performance of each of the covenants and agreements contained in this Lease.

22.13 Relationship of Parties. Nothing contained in this Lease shall be deemed or construed by the parties hereto or by any third person to create the relationship of principal and agent or of partnership or of joint venture or of any association between Landlord and Tenant, and neither the method of computation of rent nor any other provision contained in this Lease nor any acts of the parties hereto shall be deemed to create any relationship between Landlord and Tenant other than the relationship of landlord and tenant.

22.14 Exculpation. The obligations of Landlord under this Lease do not constitute personal obligations of Landlord, and Tenant shall look solely to Landlord's interest in the Real Property and to no other assets of Landlord for satisfaction of any liability with respect to this Lease and shall not seek recourse against Landlord herein nor against any of its personal assets for such satisfaction.

22.15 Memorandum of Lease. Tenant shall not record this Lease without the express written consent of Landlord, and shall execute, acknowledge and deliver at any time after the date of this Lease, at the request of Landlord, a "memorandum of lease" suitable for recording.

22.16 Notices. All notices, demands, statements or communications (collectively, "Notices") given or required to be given by either party to the other hereunder shall be in writing, shall be sent by United States certified or registered mail, postage prepaid, return receipt requested, or delivered personally or sent by recognized overnight air courier service (i) to Tenant at the appropriate address set forth in Article 1 of this Lease, or to such other place as Tenant may from time to time designate in a Notice to Landlord; or (ii) to Landlord at the addresses set forth in Article 1 of this Lease, or to such other firm or to such other place as Landlord may from time to time designate in a Notice to Tenant. Any Notice will be deemed given two (2) days after the date it is mailed as provided in this Section 22.16 or upon the date personal delivery is made. If Tenant is notified of the identity and address of Landlord's mortgagee or ground or underlying lessor, Tenant shall give to such mortgagee or ground or underlying lessor written notice of any default by Landlord under the terms of this Lease by registered or certified mail, and such mortgagee or ground or underlying less or shall be given a reasonable opportunity to cure such default prior to Tenant's exercising any remedy available to Tenant.

22.17 Successors. The Lease and all of the covenants and conditions herein contained shall be binding upon and shall inure to the benefit of the heirs, executors, administrators, assigns and other successors in interest of each of the parties; provided that the foregoing shall not be deemed to permit any assignment or sublease under this Lease not otherwise expressly permitted by the terms hereof.

22.18 Captions. The titles or captions in this Lease are for reference purposes only and have no effect upon the construction or interpretation of any part hereof. The use herein of the singular includes the plural and vice versa, and the use herein of the neuter gender includes the masculine and the feminine and vice versa, whenever a nd wherever the context so requires.

22.19 Joint and Several. If there is more than one Tenant, the obligations imposed upon Tenant under this lease shall be joint and several.

22.20 Authority. If Tenant is a corporation or partnership, each individual executing this Lease on behalf of Tenant hereby represents and warrants that Tenant is a duly formed and existing entity qualified to do business in California and that Tenant has full right and authority to execute and deliver this Lease and that each person signing on behalf of Tenant is authorized to do so.

22.21 Attorney's Fees. If either party commences litigation against the other for the specific performance of this Lease, for damages for the breach hereof or otherwise for enforcement of any remedy

hereunder, the parties hereto agree to and hereby do waive any right to a trial by jury and, in the event of any such commencement of litigation, the prevailing party shall be entitled to recover from the other party such costs and reasonable attorneys' fees as may have been incurred. Further, if for any reason Landlord consults legal counsel or otherwise incurs any costs or expenses as a result of its rightful attempt to enforce the provisions of this Lease, even though no litigation is commenced, or if commenced is not pursued to final judgment, Tenant shall be obligated to pay to Landlord, in addition to all other amounts for which Tenant is obligated hereunder, all of Landlord's reasonable costs and expenses incurred in connection with any such acts, including reasonable attorneys' fees.

22.22 Governing Law. Regardless of where or in what sequence this Lease is executed, it shall be deemed to be made and entered into in the State of California and shall be governed by, and construed in accordance with the internal laws of the State of California without regard to conflict of law provisions as applicable to contracts made in and to be entirely performed within the State of California. Landlord and Tenant hereby expressly consent to the personal jurisdiction of the Superior Court of California located in the County of Los Angeles, California. Landlord and Tenant agree that any action relating to or arising out of this Lease shall be instituted and prosecuted only in the Superior Court of the County of Los Angeles, California, except that any actions to enforce any judgment or writ of attachment shall be prosecuted through the courts of the state in which the assets subject to such enforcement action are located. Landlord and Tenant each waive any right to a change of the aforesaid jurisdiction any any and all objections to the jurisdiction of the California Courts to the parties hereto. Furthermore, as a condition precedent to the effectiveness of this Lease, the Tenant agrees that it shall designate and keep in full force and effect at Tenant's sole cost and expense, an agent for service of process authorized to accept legal process in the State of California throughout the entire Lease Term. The failure to maintain such an agent shall be deemed to be a material default under this Lease, and shall permit the Landlord to exercise any remedies permitted to be exercised under applicable law. Such agent's name and address is as follows:

_____

_____

_____

22.23 Brokers. Landlord and Tenant hereby warrant to each other that they have had no dealings with any real estate broker or agent in connection with the negotiation of this Lease, excepting only the Brokers specified in Article 1 of this Lease, and that they know of no other real estate broker or agent who is entitled to a commission in connection with this Lease. Each party agrees to indemnify and defend the other party against and hold the other party harmless from any and all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including without limitation reasonable attorneys' fees) with respect to any leasing commission or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent other than that specified herein.

22.24 Mechanic Liens. Tenant shall keep the Premises and the Real Property free from any mechanics', materialmen's or other liens arising out of any work performed, materials furnished or obligations incurred by or for Tenant or any person or entity claiming by, through or under Tenant. Landlord shall have the right at all times to post and keep posted on the Premises any notices which it deems necessary for protection from such liens. If any such liens are filed and are not released of record by payment or posting of a proper bond within ten (10) days after such filing, Landlord may, without waiving its rights and remedies based on such breach by Tenant and without releasing Tenant from any obligations hereunder, cause such liens to be released by any means it shall deem proper, including payment of the claim giving rise to such lien in which event all amounts paid by Landlord shall immediately be due and payable by Tenant.

22.25 Independent Covenants. This Lease shall be construed as though the covenants herein between Landlord and Tenant are independent and not dependent and Tenant hereby expressly waives the benefit of any statute to the contrary and agrees that if Landlord fails to perform its obligations set forth herein, Tenant shall not be entitled to make any repairs or perform any acts hereunder at Landlord's expense or to any setoff of the rent or other amounts owing hereunder against Landlord; provided, however, the foregoing shall in no way impair the right of Tenant to commence a separate action against Landlord for any violation by Landlord of the provisions hereof so long as notice is first given to Landlord and any holder of a mortgage or deed of trust covering the Building, Real Property or any portion thereof (of whose address Tenant has theretofore been notified) and an opportunity is granted to Landlord and such holder to correct such violations as provided above.

22.26 Building Name. Landlord shall have the right at any time to change the name of the Building, to increase the size of the Real Property by adding additional real property thereto, to construct other buildings or improvements on any portion of the Real Property, to change the location and/or character of or to make alterations or additions to the Real Property. Tenant shall not use the Building's name for any purpose other than as a part of its business address. Any use of such name in the designation of Tenant's business shall constitute a default under this Lease.

22.27 Building Directory. No sign, advertisement, or notice shall be inscribed, painted, or affixed on any part of the inside or outside of the Building or on the Real Estate unless of such color, size, and style and in such place upon or in the Building as shall be first designated by Landlord in writing but there shall be no obligation or duty on Landlord to allow any sign, advertisement or notice to be inscribed, painted, or affixed on any part of the inside or outside of the Building. A directory in a conspicuous place, with names and locations of tenants, will be provided by Landlord.

22.28 Transportation Management. At Tenant's sole cost and expense, Tenant shall fully comply with all present or future programs intended to manage parking, transportation and/or traffic in and around the Building, and in connection therewith, Tenant shall take responsible action for the transportation planning and management of all of its employees located at the Premises by working directly with Landlord, any transportation management consultant appointed by Landlord or any governmental entity or authority, any governmental transportation management organization or any other transportation-related committees or entities. Such programs may include, without limitation, (i) adhering to restrictions on the number of peak-hour vehicle trips generated by Tenant; (ii) increased vehicle occupancy; (iii) implementing an in-house ridesharing program and an employee transportation coordinator; (iv) working with employees and any Building or area-wide ridesharing program manager; (v) instituting employer-sponsored incentives (financial or in-kind) to encourage employees to rideshare; and (vi) utilizing flexible work shifts for employees.

22.29 No Discrimination. Tenant covenants by and for itself, its heirs, executors, administrators and assigns, and all persons claiming under or through Tenant, that this Lease is made and accepted upon and subject to the following conditions: that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, sex, religion, marital status, ancestry, disability or national origin in the leasing, subleasing, transferring, use or enjoyment of the Premises, nor shall Tenant itself, or any person claiming under or through Tenant, establish or permit such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy, of tenants, lessees, sublessees, subtenants or vendees in the Premises.

22.30 Hazardous Material.

22.30.1 Definition. As used herein, the term "Hazardous Material" means any hazardous or toxic substance, material or waste which is or becomes regulated by any local governmental authority, the State of California or the United States Government. The term "Hazardous Material" includes, without limitation, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste" or "restricted hazardous waste" under Sections 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iii) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (iv) petroleum, (v) asbestos, (vi) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Administrative Code, Division 4, Chapter 20, (vii) designated as a "hazardous substance" pursuant to Section 311 of the Federal Water Pollution Control Act (33 U.S.C. ¯ 1317), (viii) defined as a "hazardous waste" pursuant to Section 1004 of the Federal Resource Conservation and Recovery Act, 42 U.S.C. ¯ 6902 et seq. (42 U.S.C. ¯ 6903), or (ix) defined as a "hazardous substance" pursuant to Section 101 of the Compensation and Liability Act, 42 U.S.C. ¯ 9601 et seq. (42 U.S.C. ¯ 9601).

22.30.2 Medical Waste Management. Tenant shall fully comply, at its sole cost and expense, with the provisions of the California Medical Waste Management Act (California Health and Safety Code Sections 117600 et. seq.). The unlawful disposal of medical waste, or any other violation of the California Medical Waste Management Act, shall be a material breach of this lease. Landlord may institute rules and regulations regarding compliance by tenants and occupants of the Building with the California Medical Waste Management Act, but no such rule or regulation shall excuse Tenant from its own responsibility for compliance with the California Medical Waste Management Act.

22.30.3 Compliance Cost. Tenant acknowledges that Landlord may incur costs (i) for complying with laws, codes, regulations or ordinances relating to Hazardous Material, or (ii) otherwise in connection with Hazardous Material, including, without limitation, the following: (a) Hazardous Material present in soil or ground water; (b) Hazardous Material that migrates, flows, percolates, diffuses or in any way moves onto or under the Real Property; (c) Hazardous Material present on or under the Real Property as a result of any discharge, dumping or spilling (whether accidental or otherwise) on the Real Property by other tenants of the Real Property or their agents, employees, contractors or invitees, or by others; and (d) material which becomes Hazardous Material due to a change in laws, codes, regulations or ordinances which relate to hazardous or toxic material, substances or waste. Tenant agrees that the costs incurred by Landlord with respect to, or in connection with, complying with laws, codes, regulations or ordinances relating to Hazardous Material shall be an Operating Expense, unless the cost of such compliance, as between Landlord and Tenant, is made the responsibility of Tenant under this Lease. To the extent any such Operating Expense relating to Hazardous Material is subsequently recovered or reimbursed through insurance, or from responsible third parties, or from some other action, Tenant shall be entitled to a proportionate share of such Operating Expense to which such recovery or reimbursement relates.

22.31 No Air Rights. No rights to any view or to light or air over any property, whether belonging to Landlord or any other person, are granted to Tenant by this Lease. If at any time any windows of the Premises are temporarily darkened or the light or view therefrom is obstructed by reason of any repairs, improvements, maintenance or cleaning in or about the Building, the same shall be without liability to Landlord and without any reduction or diminution of Tenant's obligations under this Lease.

22.32 Modification of Lease. Should any current or prospective mortgagee or ground lessor for the Building require a modification or modifications of this Lease, which modification or modifications will not cause an increased cost or expense to Tenant or in any other way materially and adversely change the rights and obligations of Tenant hereunder, then and in such event, Tenant agrees that this Lease may be so modified and agrees to execute whatever documents are required therefor and deliver the same to Landlord within ten (10) days following the request therefor. Should Landlord or any such current or prospective mortgagee or ground lessor require execution of a short form of Lease for recording, containing, among other customary provisions, the names of the parties, a description of the Premises and the Lease Term, Tenant agrees to execute such short form of Lease and to deliver the same to Landlord within ten (10) days following the request therefor.

22.33 Right to Lease. Landlord reserves the absolute right to effect such other tenancies in the Building and within the Real property as Landlord in the exercise of its sole business judgment shall determine to best promote the interests of the Building and the Real Property. Tenant does not rely on the fact, nor does Landlord represent, that any specific tenant or type or number of tenants shall, during the Lease Term, occupy any space in the Building or the Real Property.

22.34 Landlord's Right to Cancel. In the event that Tenant is an individual, Landlord shall have the right upon at lease thirty (30) days prior written notice to Tenant (or in the event of Tenant's death, such notice shall be given to Tenant's legal representative, successor, or assign) to cancel this Lease in the event of Tenant's death, permanent inability to practice his or her profession due to physical or mental infirmity, or permanent retirement from the full-time practice of his or her profession. In the event this Lease is terminated, Tenant (or in the event of Tenant's death, Tenant's legal representative, successor, or assign) shall perform all of its obligations under this Lease which arise or accrue prior to the effective date of termination.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, Landlord and Tenant have duly executed and delivered this Lease as of the day and year first above written.

FORM OF TENANT'S ESTOPPEL CERTIFICATE

The undersigned as Tenant under that certain Lease made and entered into as of _____, 200__ by and between _____, as Landlord, and the undersigned as Tenant, for Premises on the _____ floor(s) of [Insert Building Name] Office Building certifies as follows:

1. Attached hereto as Exhibit A is a true and correct copy of the Lease and all amendments and modifications thereto. The documents contained in Exhibit A represent the entire agreement between the parties as to the Premises.

2. The undersigned has commenced occupancy of the Premises described in the Lease, currently occupies the Premises, and the Lease Term commenced on _____.

3. The Lease is in full force and effect and has not been modified, supplemented or amended in any way except as provided in Exhibit A.

4. Tenant has not transferred, assigned, or sublet any portion of the Premises nor entered into any license or concession agreements with respect thereto except as follows:

5. Tenant shall not modify the documents contained in Exhibit A or prepay any amounts owing under the Lease to Landlord in excess of thirty (30) days without the prior written consent of Landlord's mortgagee.

6. Minimum Annual Rent became payable on _____.

7. The Lease Term expires on _____.

8. All conditions of the Lease to be performed by Landlord necessary to the enforceability of the Lease have been satisfied.

9. No rental has been paid in advance and no security has been deposited with Landlord except as provided in the Lease.

10. As of the date hereof, there are no existing defenses or offsets that the undersigned has, which preclude enforcement of the Lease by Landlord.

11. All monthly installments of Minimum Annual Rent, all additional rent and all monthly installments of estimated additional rent have been paid when due through _____. The current monthly installment of Minimum Annual Rent is $_____.

12. The undersigned acknowledges that this estoppel certificate may be delivered to Landlord's mortgagee, Landlord's prospective mortgagee, or a prospective purchaser, and acknowledges that it recognizes that if same is done, said mortgagee, prospective mortgagee, or prospective purchaser will be

relying upon the statements contained herein in making the loan or acquiring the property of which the Premises are a part, and in accepting an assignment of the Lease as collateral security, and that receipt by it of this certificate is a condition of making of the loan or acquisition of such property.

RULES AND REGULATIONS

Tenant shall faithfully observe and comply with the following Rules and Regulations. Landlord shall not be responsible to Tenant for the nonperformance of any of said Rules and Regulations by or otherwise with respect to the acts or omissions of any other tenants or occupants of the Building.

1. Tenant shall not alter any lock or install any new or additional locks or bolts on any doors or windows of the Premises without obtaining Landlord's prior written consent. Tenant shall bear the cost of any lock changes or repairs required by Tenant. Two keys will be furnished by Landlord for the Premises, and any additional keys required by Tenant must be obtained from Landlord at a reasonable cost to be established by Landlord. Upon termination of the Lease, all keys to the Building and the Premises shall be surrendered to Landlord.

2. All doors opening to public corridors shall be kept closed at all times except for normal ingress and egress to the Premises.

3. Landlord reserves the right to close and keep locked all entrance and exit doors of the Building during such hours as are customary for comparable buildings in the greater [Insert County] County area. Tenant, its employees and agents must be sure that the doors to the Building are securely closed and locked when leaving the Premises if it is after the normal hours of business for the Building. Any tenant, its employees, agents or any other persons entering or leaving the Building at any time when it is so locked, or any time when it is considered to be after normal business hours for the Building, may be required to sign the Building Register when so doing. Access to the Building may be refused unless the person seeking access has proper identification or has a previously arranged a pass for access to the Building. The Landlord and his agents shall in no case be liable for damages for any error with regard to the admission to or exclusion from the Building of any person. In case of invasion, mob riot, public excitement, or other commotion, Landlord reserves the right to prevent access to the Building during the continuance of same by any means it deems appropriate for the safety and protection of life and property.

4. No furniture, freight or equipment of any kind shall be brought into the Building without prior notice to Landlord. All moving of the same into or out of the Building shall be scheduled with Landlord and done only at such time and in such manner as Landlord shall designate. Landlord shall have the right to prescribe the weight, size and position of all safes and other heavy property brought into the Building and also the times and manner of moving the same in and out of the Building. Safes and other heavy objects shall, if considered necessary by Landlord, stand on supports of such thickness as is necessary to properly distribute the weight. Landlord will not be responsible for loss of or damage to any such safe or property in any case. All damage done to any part of the Building, its contents, occupants or visitors by moving or maintaining any such safe or other property shall be the sole responsibility of Tenant and any expense of said damage or injury shall be borne by Tenant.

5. No furniture, packages, supplies, equipment or merchandise will be received in the Building or carried up or down in the elevators, except between such hours in such specific elevator, and only after Tenant has affixed hanging pads in the elevators carrying such materials.

6. Landlord shall have the right to control and operate the public portions of the Building, the public facilities, the heating and air conditioning, and any other facilities furnished for the common use of Tenants, in such manner as is customary for comparable buildings in the greater Los Angeles area.

7. The requirements of Tenant will be attended to only upon application at the Office of the Building or at such office location designated by Landlord. Employees of Landlord shall not perform any work or do anything outside their regular duties unless under special instructions from Landlord.

8. Tenant shall not disturb, solicit, or canvass any occupant of the Building and shall cooperate with Landlord or agent of Landlord to prevent same.

9. The toilet rooms, urinals, wash bowls and other apparatus shall not be used for any purpose other than that for which they were constructed, and no foreign substance of any kind whatsoever

shall be thrown therein. The expense of any breakage, stoppage or damage resulting from the violation of this rule shall be borne by the tenant who, or whose employees or agents, shall have caused it.

10. Tenant shall not overload the floor of the Premises, nor mark, drive nails or screws, or drill into the partitions, woodwork or plaster or in any way deface the Premises or any part thereof without Landlord's consent first had and obtained.

11. No vending machine or machines of any description other than fractional horsepower office machines shall be installed, maintained or operated upon the Premises without the written consent of Landlord.

12. Tenant shall not use or keep in or on the Premises of the Building any kerosene, gasoline or other inflammable or combustible fluid or material.

13. Tenant shall not use any method of heating or air conditioning other than that which may be supplied by Landlord, without the prior written consent from Landlord.

14. Tenant shall not use, keep or permit to be used or kept, any foul or noxious gas or substance in or on the Premises, or permit or allow the Premises to be occupied or used in a manner offensive or objectionable to Landlord or other occupants of the Building by reason of noise, odors, or vibrations, or interfere in any way with other Tenants or those having business therein.

15. Tenant shall not bring into or keep within the Building or the Premises any animals, birds, bicycles or other vehicles.

16. No cooking shall be done or permitted by any Tenant on the Premises, nor shall the Premises be used for the storage of merchandise, for lodging, or for any improper, objectionable or immoral purposes. Notwithstanding the foregoing, Underwriters' laboratory-approved equipment may be used in the Premises for brewing coffee, tea, hot chocolate and similar beverages, provided that such use is in accordance with all applicable Federal, state and city laws, codes, ordinances, rules and regulations.

17. Landlord will approve where and how telephone and telegraph wires are to be introduced to the Premises. No boring or cutting for wires shall be allowed without the consent of Landlord. The location of telephone, call boxes and other office equipment affixed to the Premises shall be subject to the approval of Landlord.

18. Landlord reserves the right to exclude or expel from the Building any person who, in the judgment of Landlord, is intoxicated or under the influence of liquor or drugs, or who shall in any manner do any act in violation of any of these Rules and Regulations.

19. Tenant, its employees and agents shall not loiter in the entrances or corridors, nor in any way obstruct the sidewalks, lobby, halls, stairways or elevators, and shall use the same only as a means of ingress and egress for the Premises.

20. In all carpeted areas where desks and chairs are utilized, Landlord shall require Tenant, at Tenant's own cost, to place mats under each and every chair in order to protect said carpeting from unnecessary wear and tear.

21. Tenant shall not waste electricity, water or air conditioning and agrees to cooperate fully with Landlord to ensure the most effective operation of the Building's heating and air conditioning system, and shall refrain from attempting to adjust any controls.

22. Tenant shall store all its trash and garbage within the interior of the Premises. No material shall be placed in the trash boxes or receptacles if such material is of such nature that it may not be disposed of in the ordinary and customary manner of removing and disposing of trash and garbage the City of Los Angeles without violation of any law or ordinance governing such disposal. All trash, garbage and refuse disposal shall be made only through entry-ways and elevators provided for such purposes at such times as Landlord shall designate.

23. Tenant shall comply with all safety, fire protection and evacuation procedures and regulations established by Landlord or any governmental agency.

24. Tenant shall assume any and all responsibility for protecting the Premises from theft, robbery and pilferage, which includes keeping doors locked and other means of entry to the Premises closed.

25. Landlord may waive any one or more of these Rules and Regulations for the benefit of any particular tenant or tenants, but no such waiver by Landlord shall be construed as a waiver of such Rules and Regulations in favor of any other tenant or tenants, nor prevent Landlord from thereafter enforcing any such Rules and Regulations against any or all tenants of the Building.

26. No awnings or other projection shall be attached to the outside walls of the Building without the prior written consent of Landlord. No curtains, blinds, shades or screens shall be attached to or hung in, or used in connection with, any window or door of the Premises without the prior written consent of Landlord. All electrical ceiling fixtures hung in offices or spaces along the perimeter of the Building must be fluorescent and/or of a quality, type, design and bulb color approved by Landlord.

27. The sashes, sash doors, skylights, windows, and doors that reflect or admit light and air into the halls, passageways or other public places in the Building shall not be covered or obstructed by Tenant, nor shall any bottles, parcels or other articles be placed on the windowsills.

28. Landlord reserves the right at any time to change or rescind any one or more of these Rules and Regulations, or to make such other and further reasonable Rules and Regulations as in Landlord's judgment may from time to time be necessary for the management, safety, care and cleanliness of the Premises and Building, and for the preservation of good order therein, as well as for the convenience of other occupants and tenants therein. Landlord shall not be responsible to Tenant or to any other person for the nonobservance of the Rules and Regulations by another tenant or other person. Tenant shall be deemed to have read these Rules and Regulations and to have agreed to abide by them as a condition of its occupancy of the Premises.

FIFTH AMENDMENT TO
ST. VINCENT PROFESSIONAL OFFICE BUILDING LEASE

This Fifth Amendment to St. Vincent Professional Office Building Lease ("Fifth Amendment") is entered into as of February 27, 2019, by and between Verity Holdings, LLC, a California limited liability company and successor-in-interest to St. Vincent Medical Center ("Landlord") and Randal P. Arase, M.D., an individual ("Tenant"), with reference to the following facts:

RECITALS

A. On or about January 3, 2005, St. Vincent Medical Center ("St. Vincent") (as landlord) and Tenant entered into a St. Vincent Medical Center Office Building Lease ("Lease"), for Suite 716 containing approximately 1,527 rentable square feet ("Premises"), in a medical office building located at 201 South Alvarado Street, Los Angeles, California 90057 ("Building"). On February 1, 2005, September 15, 2009, November 6, 2014 and January 15, 2016, St. Vincent and Tenant entered into First, Second, Third and Fourth Amendments to the Lease. All capitalized terms used but not otherwise defined in this Fifth Amendment shall have the same meaning as ascribed to them in the Lease.

B. On or about June 30, 2016, Landlord acquired title to the Building and became the successor-in-interest to St. Vincent under the Lease.

C. Landlord and Tenant desire to extend the Lease Term and amend the Lease on the terms and conditions set forth below.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree to amend the Lease, as follows:

1. Landlord's Assumption of St. Vincent's Rights And Obligations. Landlord hereby reaffirms it has assumed all rights and obligations of St. Vincent arising under the Lease. From and after June 30, 2016, all references in the Lease to Landlord shall mean Verity Holdings, LLC, rather than St. Vincent.

2. Extended Lease Term; Early Termination Right. The Lease Term is extended to February 29, 2020. However, during the extended Lease Term, Landlord or Tenant may terminate this Lease earlier than February 29, 2020, effective as of the last day of any calendar month, for any reason or no reason, after giving at least thirty (30) days' prior written notice to the other party.

3. Monthly Base Rent. From March 1, 2019 through February 29, 2020, the Monthly Rent shall be $3,919.60.

4. Landlord's Performance. Tenant hereby acknowledges that Landlord has fully performed all of its obligations under the Lease as of the date of this Fifth Amendment and that Tenant has no claims, off-sets, or defenses as to its continuing and future obligations under the Lease as amended herein.

5. Brokers. Landlord and Tenant hereby confirm that neither party has retained any leasing broker(s) in connection with this Fifth Amendment and each party agrees to defend, indemnify and hold harmless the other party from any claims for compensation made by any other leasing broker who asserts s/he represented such party in connection with this Fifth Amendment.

6. Waiver. Except as set forth herein, nothing contained in this Fifth Amendment shall be construed to modify, waive, impair or effect any of the provisions, covenants, agreements, terms or conditions of the Lease, as amended, or to waive any breach thereof or any right of the Landlord against any person, firm, association or corporation liable or responsible for the performance therefore or to enlarge or increase Landlord's obligations under the Lease; and all such provisions, covenants, agreements, terms and conditions of the Lease are hereby declared to be in full force and effect.

7. Governing Law. This Fifth Amendment shall be governed by and construed in accordance with the internal laws of the State of California, without regard to any conflict of law principles.

8. Recitals and Ratification. All of the Recitals set forth above are incorporated in this Fifth Amendment. Except as modified herein, the Lease is hereby ratified and confirmed and remains in full force and effect.

9. Headings. The headings for the paragraphs herein are for convenience only and shall not be deemed to explain or modify any of the provisions of this Fifth Amendment.

IN WITNESS WHEREOF, the parties hereto have executed this Fifth Amendment as of the date first set forth above.

MEDICAL DIRECTOR AGREEMENT

QUALITY AND UTILIZATION MANAGEMENT

between

SETON MEDICAL CENTER

and

COLMAN RYAN, M.D.

April 5, 2018

LIST OF EXHIBITS

Exhibit A	Description of Services
Exhibit B	Invoice/Time Sheet Form
Exhibit C	Executed IRS Form W-9, Taxpayer Identification Number
Exhibit D	Essential Characteristics of the Verity Health System of California, Inc. Corporate Responsibility Program And Standards of Conduct
Exhibit E	Business Associate Agreement

MEDICAL DIRECTOR AGREEMENT
BETWEEN
SETON MEDICAL CENTER
AND
COLMAN RYAN, M.D.

This Medical Director Agreement ("**Agreement**") is entered into effective April 5, 2018 ("**Effective Date**") by and between Seton Medical Center, a California nonprofit public benefit corporation ("**Hospital**") and Colman Ryan, M.D. ("**Physician**"). Together, Hospital and Physician are the "**Parties**," and each is a "**Party**."

RECITALS

A. Hospital is the owner and operator of a general acute care hospital located at 1900 Sullivan Avenue, Daly City, California 94118, in which there is located a Department of Quality and Utilization Management ("**Department**"). Hospital is affiliated with Verity Health System of California, Inc. ("**Verity**").

B. Department consists of facilities and equipment owned by Hospital and staffed by Hospital employees.

C. Physician is duly qualified and licensed to practice medicine in the State of California, is experienced and qualified in the specialized field of Cardiology, and is a member of Hospital's Medical Staff ("**Medical Staff**").

D. Hospital desires to retain Physician to provide certain administrative services in the development and operation of the Department, and has determined that this proposed arrangement with Physician will enhance the Department's and Hospital's organization, procedures, standardization, economic efficiency, and professional proficiency, and provide other benefits to enhance coordination and cooperation among the Department's providers and patients.

In consideration of the mutual covenants and promises set forth in this Agreement and for such other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Hospital and Physician agree as follows:

AGREEMENT

1.PHYSICIAN OBLIGATIONS

1.1. Medical Director of Department. Physician shall act as Medical Director of the Department ("**Medical Director**") in accordance with the terms of this Agreement, the Medical Staff Bylaws and Rules and Regulations (collectively, "**Medical Staff Bylaws**"), and the Hospital's Bylaws, Rules and Regulations and policies and procedures.

1.2. Qualifications of Physician. Physician shall, at all times during the term of this Agreement, (a) be duly licensed as a physician under California law, (b) be Board Certified (or, with the approval of the Hospital's President and CEO, or his/her designee, have completed training equivalent to that required for Board Certification) in Cardiology, (c) be a member in good standing of the Active Medical Staff, (d) hold all clinical privileges on the Active Medical Staff of Hospital appropriate to the provision of Administrative Services hereunder, (e) be a

participating provider in the Medicare and Medicaid programs (Titles XVIII and XIX of the Social Security Act, respectively), (f) be or agree to apply for participating physician status in any insurance coverage arrangement or managed care plan in which Hospital participates and that is reasonably available to the Physician, and (g) maintain insurance coverage as set forth in Section 5 of this Agreement. Physician shall provide documentation of compliance with all provisions of this Section to Hospital upon request.

Physician represents and warrants to Hospital that (a) Physician's license to practice medicine in any state has never been suspended, revoked or restricted; (b) Physician has never been reprimanded, sanctioned or disciplined by any licensing board or state or local medical society or specialty board; (c) Physician has never been denied membership or reappointment of membership on the medical staff of any hospital and no hospital medical staff membership or clinical privileges of Physician have ever been suspended, curtailed or revoked for a medical disciplinary cause or reason; (d) Physician has never been excluded from participation in, or sanctioned by, any state, federal or local health care program, including, but not limited to Medicare or Medicaid; (e) Physician has never been reprimanded, sanctioned or disciplined by the DEA, been denied a DEA registration number or had a DEA registration number restricted; and (f) Physician has never been denied insurance coverage as set forth in Section 5 of this Agreement or had such insurance coverage restricted.

1.3. Administrative Duties. Physician shall perform the administrative duties and responsibilities ("**Administrative Services**") as set forth in the Administrative Services section of the "Description of Services," attached hereto as Exhibit A, under the direction of Chief Medical Officer. Physician acknowledges that the Medical Executive Committee may monitor and review his/her performance as Medical Director, and that the results of any such reviews may be transmitted to Physician and Hospital administration.

1.4. Administrative Hours. Physician shall devote as much time as is necessary in performing the Administrative Services to provide for the effective management of the Department, for a maximum of sixty five (65) hours per month but in no event less than twenty (20) hours per month. Physician shall coordinate his/her work schedule with Hospital to ensure the effective operation of the Department.

1.5. Quality Programs; Performance Standards.

1.5.1. Physician shall (a) participate in Hospital's quality improvement, utilization review and risk management programs and serve on such quality improvement, utilization review and risk management committees as may be requested by Hospital from time to time; (b) participate in on-going quality improvement monitoring activities, such as audits; (c) participate in risk management activities designed to identify, evaluate and reduce risk of patient injury associated with care; and (d) assist utilization review in setting, monitoring and achieving length of stay and ancillary utilization goals.

1.5.2. As part of its quality improvement, utilization review and risk management programs, Hospital has developed certain criteria and procedures ("**Performance Standards**") to monitor the provision of services under this Agreement and ensure the quality and efficiency of medical care in the Department. Physician shall abide by the Performance Standards set forth in the Performance Standards section of the "Description of Services" attached hereto as Exhibit A.

1.6. Assistant Medical Director. Subject to the prior written approval of Hospital, Physician may appoint at Physician's sole expense, an Assistant Medical Director to perform the

duties of Medical Director only in the event of Physician's absence. Physician shall ensure that the Assistant Medical Director meets all of the same qualifications as Physician and shall cause the Assistant Medical Director to comply with all the requirements of this Agreement.

1.7. Medical Director Efforts. To ensure the effective operation of the Department, the Parties recognize the need for Physician to devote a significant portion of his/her energies and efforts to Department activities. Therefore, during the term of this Agreement, Physician shall refrain from providing medical direction to any other Cardiology program or establishing, performing any management or administrative services for, consulting with, investing in, or otherwise assisting in the management, administrative or operational functions of any other Cardiology program, without the prior written consent of Hospital, which may be withheld in Hospital's sole discretion. Notwithstanding the foregoing, Hospital understands and acknowledges that Physician is engaged in the private practice of medicine, and this Agreement shall not, in any way, limit Physician's private practice of medicine.

1.8. Hospital Rules. Physician shall comply with all applicable terms of this Agreement and all policies, bylaws, rules and regulations of Hospital and the Hospital's Medical Staff applicable to the Physician.

1.9. Operation of Department. Physician shall comply with all applicable governmental laws and regulations and any applicable standards and recommendations of The Joint Commission, the American Medical Association, and the American College of Cardiology.

1.10. Complaints. Physician and Hospital shall cooperate in good faith to investigate any complaints made by Hospital or Hospital patients concerning Physician and to resolve the complaint in a reasonable time with appropriate action. Physician shall notify Hospital immediately of any complaints concerning Physician.

1.11. Cost Control. Physician shall use best efforts to monitor and control the expenses of the Department in order to provide cost efficient services.

1.12. Use of Premises. In order to preserve Hospital's exemption from property and other taxes, pursuant to state and federal law, Hospital space must be used for Hospital purposes only. Consequently, Physician shall use the Department premises solely for the provision of Administrative Services specified in this Agreement. No part of the premises of Hospital shall be used at any time by Physician as an office for the general practice of medicine.

1.13. Notice of Events. Physician shall immediately notify Hospital of: (a) any failure to satisfy the terms or any representation or warranty made in Section 1.2; (b) any incident report filed or malpractice claim or professional disciplinary action asserted or initiated against Physician; and (c) any pending change in corporate identity, form or name of Physician that necessitates a filing with or application for a permit from the Medical Board of California or the Secretary of State of the State of California or another state. Physician shall provide the notice required pursuant to Section 1.13(c) no later than forty-five (45) days prior to the effective date of the change in corporate identity, form or name, and shall take all such actions and provide all such information requested by Hospital in order to amend and assign this Agreement, as necessary, to reflect Physician's new corporate identity, form or name.

1.14. Litigation Consultation.

1.14.1. Assistance in Litigation. Physician shall be available to Hospital to testify as a witness, at no fee, or as an expert witness, in which case a reasonable and customary fee may be charged, in the event litigation is brought against Hospital, its directors, officers, agents or employees based upon a claim of negligence, malpractice or any other cause of action, except where Physician is named an adverse party to Hospital in the proceeding.

1.14.2. Expert Witness Consultant. Physician shall not accept consulting assignments or otherwise contract, agree or enter into an engagement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim asserting negligence, malpractice or professional liability on the part of Hospital or any hospital or health care facility that is a division or other subordinate organization of Verity, or in which any division or subordinate organization of Verity is named, or is expected to be named, as a defendant. It is further agreed that Physician shall refrain from accepting similar consulting assignments if the defendant(s) or anticipated defendant(s) include medical staff, officers or members of the Medical Staff Executive Committee of any Verity hospital, and the claim relates to an occurrence at any Verity hospital; provided, however, the provisions of this paragraph shall not apply to situations in which Physician served as attending physician.

1.15. Limitations on Authority of Physician. Physician shall not (a) incur any financial obligation on behalf of the Hospital without Hospital's express prior written consent; (b) obligate or commit any assets of Hospital for the purchase, acquisition or pilot trial of equipment, supplies or personnel, without the express prior written authorization of Hospital, or enter into any contract on behalf of Hospital for the purchase, rental or other acquisition of equipment, supplies or personnel; (c) make, nor allow any other individual to make, any additions, alterations, improvements or repairs to any space, facilities or equipment furnished by Hospital, without the express prior written authorization of Hospital; or (d) remove any equipment or supplies furnished by Hospital, without the express prior written authorization of Hospital.

1.16. Hospital Employees. During the term of this Agreement and for one (1) year after its termination, Physician (a) shall not hire or contract with (directly or indirectly), seek to hire or contract with, or assist in hiring or contracting with any employee, agent or independent contractor of Hospital and (b) shall not induce, seek to induce, or take action which results in the termination of employment or other arrangement between Hospital and such employee, agent or independent contractor or otherwise interferes with such employment or contractual arrangement.

1.17. Other Agreements. Physician shall timely and fully perform all of Physician's monetary and non-monetary obligations to Hospital or its affiliate under any medical office building lease and any other written contracts between or among such parties.

2. HOSPITAL OBLIGATIONS

2.1. Licensure and Accreditation. Hospital shall provide, as further specified below, the space, equipment, supplies, resources, and non-physician personnel necessary for Hospital to maintain a Department licensed by the California Department of Public Health and accredited by The Joint Commission.

2.2. Responsibility under Title 22. In compliance with Section 70713 of Title 22 of the California Code of Regulations, Hospital shall retain professional and administrative responsibility for services rendered pursuant to this Agreement.

2.3. Administrative Director. Hospital shall provide an Administrative Director of the Department ("**Administrative Director**") who shall be responsible and accountable to Hospital for administrative and technical functions, including supervision, selection, assignment and evaluation of Hospital personnel; maintenance of equipment; development of an annual budget; and acquisition of materials, supplies and equipment. In the event of any dispute between the Physician and the Administrative Director regarding their respective administrative responsibilities, such dispute shall be submitted to the Hospital's President and CEO, or his/her designee, whose decision shall be final and binding upon the Parties.

2.4. Space. Hospital shall furnish for the use of Physician such space as is reasonably necessary, in Hospital's sole discretion, following consultation with Physician, for the proper operation of the Department.

2.5. Equipment. Hospital shall furnish, at its expense, such medical and office equipment as are reasonably necessary, in the sole discretion of Hospital following consultation with Physician, for the proper operation of the Department. Hospital shall consult Physician regarding proposals for the purchase of new equipment. Hospital shall, at its expense, keep and maintain all equipment in good order and repair.

2.6. Supplies. Hospital shall, following consultation with Physician, purchase such supplies as may be reasonably necessary, in the sole discretion of Hospital, for the proper operation of the Department.

2.7. Usual Purchasing Practices. The furnishing of the aforementioned equipment and supplies shall be subject to (a) the usual purchasing practices of Hospital in accordance with its budget requirements and (b) obtaining all necessary government approvals, if any. Physician shall endeavor to submit, for the purpose of budget planning, all requests for equipment and supplies purchases desired during a forthcoming fiscal year at least one hundred and eighty (180) days prior to the beginning of the fiscal year.

2.8. Hospital Services. Hospital shall, at its expense, furnish the Department with such ordinary janitorial and in-house mail service, telephone, laundry, gas, water, heat and electricity as may, in the Hospital's sole discretion, be required for the proper operation of the Department. Hospital shall also provide services of such other Hospital departments, including but not limited to, nursing, administrative, accounting, engineering, purchasing and medical records, as are, in the Hospital's sole discretion, reasonably required for the proper operation of the Department.

2.9. Hospital Personnel. Hospital shall provide the services of nurses, technicians, secretaries, clerical and all other non-physician personnel required for the proper and efficient operation of the Department. Such personnel shall be employed and directed by Hospital. All salaries, wages, taxes, insurance, workers' compensation insurance, retirement and other fringe benefits, and expenses of any kind incident to their employment shall be and remain the responsibility and obligation of Hospital. Such personnel shall be subject to Physician's medical supervision only with respect to clinical matters and related training.

3.BILLING AND COMPENSATION

3.1. Administrative Services. Physician shall, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement submit a written invoice to Hospital in the form attached hereto as Exhibit B or as otherwise required by Hospital, detailing to Hospital's satisfaction the Administrative Services provided by Physician in

accordance with Section 1.3 during the immediately preceding calendar month. In completing the monthly invoice set forth in Exhibit B, or as otherwise required by the Hospital, Physician shall describe the specific Administrative Services activities performed, specify the date(s) on which those activities occurred, and, for each date, record the number of hours spent. Hospital will not accept invoices submitted more than sixty (60) days after the end of the calendar month for which payment for Administrative Services is sought.

In consideration of the Administrative Services provided by or on behalf of Physician to Hospital under Section 1.3, and expressly conditioned upon Physician's timely submission to Hospital of the monthly invoice required pursuant to this Section, Hospital shall pay to Physician and Physician shall accept as payment in full for the Administrative Services rendered hereunder the sum of One Hundred Fifty Dollars ($150) per hour, not to exceed Nine Thousand Seven Hundred Fifty Dollars ($9,750) per month, on or before the twentieth (20th) day of each month for the preceding month's service.

Payment shall be made in the name of Physician. To ensure that compensation is reported as paid to the proper party, attached hereto as Exhibit C is a completed and executed copy of IRS Form W-9 which identifies the taxpayer identification number for Physician.

3.2. Conditions for Payment.

3.2.1. Payment of the compensation provided herein is conditioned upon Physician (a) timely and fully performing all of the duties and obligations set forth in Section 1 (Physician Obligations) above and (b) maintaining such records and supporting documents as may, from time to time, be required to comply with the requirements of governmental agencies and third party payors, including: preparing complete and accurate time records which document separately all time spent providing professional, administrative and teaching services hereunder, in a form acceptable to Hospital; pursuant to 42 CFR section 415.60 and in order to comply with Medicare requirements, executing and updating at such times and on such forms as requested by Hospital, a written allocation statement specifying the respective amounts of time to be spent in furnishing professional, administrative services to provider, and services which do not fall into either category; and completing or assuring the prompt completion of all patient charts and other written records necessary to be maintained with respect to the Department, including all Administrative Services provided under this Agreement.

3.2.2. Hospital will not make any payment to Physician for Administrative Services rendered prior to the later of the Effective Date or the date of execution of the Agreement by both Parties.

3.3. Changes in Rules and Regulations. The Parties understand that they may have to alter their billing arrangements in order to comply with changing legal requirements or to avoid economically impracticable reimbursement disallowances. The Parties therefore agree, upon written request of either Party, to negotiate in good faith in order to modify this Agreement so as to comply with such legal requirements or to avoid such disallowances. If the Parties cannot reach agreement on such modifications within sixty (60) days after the initial written request, either Party may terminate this Agreement upon thirty (30) days' additional written notice.

4.INDEPENDENT CONTRACTOR

4.1. Independent Contractor. In the performance of the duties and obligations of Physician hereunder, it is mutually understood and agreed that Physician, including all Personnel (as defined in Section 12.2), is at all times acting and performing as an independent contractor,

and nothing in this Agreement is intended nor shall be construed to create between (a) Hospital and (b) Physician or Personnel an employer/employee, joint venture, agency, lease or landlord/tenant relationship. The standards of medical practice and professional duties of Physician shall be determined by the Medical Staff and prevailing professional standards. In furtherance of the independent status of the Parties, Physician shall not, and shall cause all Personnel not, to hold himself/herself/themselves out as officers, agents or employees of Hospital. Physician shall and shall cause all Personnel to take all reasonable steps to disavow such status or relationship in every instance where a reasonable person might assume that such a relationship exists between the Parties. Physician shall reimburse or otherwise indemnify Hospital for all costs incurred, if Physician or any Personnel is held to be an employee or agent of Hospital for any purpose.

4.2. Governmental Challenge. In the event any governmental entity, including without limitation, the Internal Revenue Service, should question or challenge the independent contractor status of Physician or Personnel with respect to Hospital and the Administrative Services rendered hereunder, the Parties hereto mutually agree that both Physician and Hospital shall have the right to participate in any discussion or negotiation occurring with such governmental entity, regardless of who initiated such discussions or negotiations. In the event the governmental entity concludes that an independent contractor relationship does not exist, Hospital may terminate this Agreement immediately upon written notice to Physician.

4.3. Tax and Benefits. Personnel shall look only to Physician for setting and administering the terms and conditions of their employment or contract. None of Physician or Personnel shall have a claim against Hospital under this Agreement or otherwise for social security benefits, workers' compensation benefits, vacation pay, sick leave, retirement benefits, disability or unemployment benefits, or employee benefits of any kind. Hospital shall not withhold on behalf of Physician or Personnel any sums for income tax, unemployment insurance, social security or any other purposes, and all such withholdings or obligations shall be the sole responsibility of Physician. Physician shall indemnify, defend and hold harmless Hospital from any and all loss or liability, if any, arising under this Section 4.3.

5.INSURANCE AND INDEMNIFICATION

5.1. Physician Insurance.

5.1.1. Coverage Requirements. Physician, at his/her sole cost and expense, shall procure and maintain in force throughout the entire term of this Agreement continuous coverage (as defined in Section 5.1.2 below) of policies of professional liability insurance. Without limitation, the professional liability insurance policies shall (i) provide coverage for covered medical incidents, including negligent acts or omissions of Physician and Personnel (as defined in Section 12.2) in the performance of professional health care or medical services during its term, (ii) name Physician and Personnel as named insureds, (iii) be issued by an insurance company licensed or otherwise qualified to issue professional liability insurance policies or coverage in the State of California and rated A- or better by A.M. Best Rating Agency or be issued by an adequately funded and secured self-insurance trust, and (iv) provide for minimum coverage limits consistent with the requirements of the Hospital's Medical Staff Bylaws, but in no event less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate, and such limits shall apply separately for Physician and for any Personnel.

5.1.2. Continuous Coverage. For purposes of this Agreement, the term "continuous coverage" means the maintenance of professional liability insurance during the

period commencing as of the Effective Date, continuing during the entire term of this Agreement (including any extensions or renewals hereof) and, if claims-made form of coverage, expiring not less than five (5) years following the expiration or earlier termination of this Agreement (the "**Insurance Period**"). To satisfy the requirement of continuous coverage, if for any reason during the Insurance Period any insurance policy maintained by Physician pursuant to this Section 5.1 terminates, expires, is cancelled or is not renewed, or if there is a reduction or other change in the amount or scope of any coverage under the policy (whether by action of the insurance company, Physician or Personnel), Physician shall (i) cause a replacement insurance policy meeting the requirements of this Section 5.1 to be in effect as of the effective date of the termination, expiration, non-renewal, cancellation, reduction, or other change of the prior insurance policy, and (ii) purchase either extended reporting coverage (i.e., "tail" coverage) or prior acts coverage (i.e., "nose" coverage). "Tail" coverage must provide for a discovery/reporting period that would extend at least through the end of the Insurance Period, and "nose" coverage must provide coverage at least as of the start of the Insurance Period.

5.1.3. Certificate of Insurance. Physician shall provide Hospital with certificates of insurance evidencing the insurance policies required by this Section 5.1. Such insurance policy or policies shall also provide for not less than thirty (30) days' prior notice to Hospital of any termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage(s) required under this Section 5.1. Physician shall give Hospital not less than sixty (60) days' prior written notice of its intent to cancel such insurance, and agrees promptly to notify Hospital of any other termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage under the policy, but in no event later than ten (10) days following Physician's or any Personnel's receipt of notification of such action. In the event Physician fails to procure, maintain or pay for the insurance required under this Section 5.1, Hospital shall have the right, but not the obligation, to obtain such insurance. In that event, Physician shall reimburse Hospital for the cost thereof, and failure to repay the same upon demand by Hospital shall constitute breach of a material provision of this Agreement.

5.2. Indemnification.

5.2.1. Physician. Physician shall defend, indemnify and hold harmless Hospital, its members, directors, officers, employees, and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Physician (including his/her employees, agents and any other Personnel as described in Section 12.2) arising out of, or in connection with, the performance of this Agreement.

5.2.2. Hospital. Hospital shall defend, indemnify and hold harmless Physician and his/her employees and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Hospital (including its directors, officers, employees, and agents except Physician and Personnel) arising out of, or in connection with, the performance of this Agreement.

5.3. Insurance for Administrative Duties. Hospital, at its sole cost and expense, shall procure and maintain liability coverage from a carrier of its choice in the minimum amount of One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate covering solely the Administrative Services provided during the term of this Agreement on Hospital premises by Physician pursuant to Section 1.3, and not for professional services or any other patient care/clinical activities. Upon Physician 's request, Hospital shall provide Physician with certificates of insurance evidencing the coverage. Hospital agrees to give

Physician not less than sixty (60) days' written notice of its intent to cancel such insurance and agrees to promptly notify Physician in writing of any other cancellation, reduction, or material change in the amount or scope of any coverage under the policy.

6.BOOKS AND RECORDS.

6.1. Medical Records and Claims. Physician shall maintain financial books and records, and all medical records and charts, in accordance with industry standards, and in compliance with all state and federal laws and regulations, the regulations and requirements of the voluntary accrediting institutions (including, without limitation, The Joint Commission) in which Hospital participates, and the Medical Staff Bylaws and Hospital Rules and Regulations. Physician shall maintain and provide all such books, records and charts to patients and Hospital, and to state and federal agencies, including without limitation the California Department of Corporations and California Department of Managed Health Care (or their successors), as may be necessary for Physician and/or Hospital to comply with applicable state, federal, and local law and regulation and with contracts between Hospital and third party payors. Physician shall cooperate with Hospital to complete such claim forms for Department patients as may be required by insurance carriers, health care service plans, governmental agencies, or other third party payors. Physician shall retain his/her records and information for at least six (6) years after the termination of this Agreement.

6.2. Access to Books and Records.

6.2.1. Physician shall, in connection with the subject of this Agreement, cooperate fully with Hospital, by, among other things, maintaining and making available all necessary books, documents and records, in order to assure that Hospital will be able to meet all legal requirements and all requirements for participation and payment associated with private, federal, state, or other public third party payment programs, including without limitation, Section 1861(v)(1)(I) of the federal Social Security Act, as amended.

6.2.1.1. Until the expiration of four (4) years after the furnishing of Administrative Services pursuant to the Agreement, Physician shall make available to the Secretary of Health and Human Services and the Comptroller General of the United States, or their duly authorized representatives, upon written request of any of them, this Agreement, and all books, documents and records that are necessary to certify the nature and extent of the cost of services hereunder. If Physician carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the subcontracting organization shall make available, upon written request to the Secretary or the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

6.2.2. If Physician is requested to disclose books, documents or records pursuant to this Section, Physician shall notify Hospital of the nature and scope of such request, and Physician shall make available, upon written request of Hospital, all such books, documents or records, during regular business hours of Physician.

7.CONFIDENTIALITY

7.1. Agreement Confidential. This Agreement is personal and confidential between the Parties, and the Parties hereto shall not release information concerning this Agreement to any

person without the consent of the other Party, except as permitted herein. This prohibition against release of information shall not prevent the Parties from disclosing the contents of this Agreement to their respective attorneys, and shall not apply to any information required to be released by contracts existing as of the date of this Agreement, or to fiscal intermediaries, public agencies or commissions with government powers and duties related to disclosure of information having the right to compel disclosure of such information, nor to any information otherwise compelled to be released by process of law, nor to any information required to be disclosed to Hospital's representatives or others in connection with Hospital's or Verity's tax exempt bonds or other financing transactions.

7.2. Medical Staff and Committee Records. All records, files, proceedings and related information of Physician, Hospital and the Medical Staff and its committees pertaining to the evaluation and improvements of the quality of patient care at Hospital shall be kept strictly confidential by Physician. Physician shall not voluntarily disclose such confidential information, either orally or in writing, except as expressly required by law or pursuant to written authorization by Hospital.

7.3. Patient Records. Any and all patient records and charts produced as a result of either Party's performance under this Agreement shall be and remain the property of Hospital. Both during and after the term of this Agreement, Physician, or his/her agents, shall be permitted to inspect and/or duplicate, at Physician's expense, any individual chart or record to the extent necessary to meet his/her professional responsibilities to such patient(s) and/or to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, provided that such inspection or duplication is permitted and conducted in accordance with the applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. Physician shall be solely responsible for maintaining patient confidentiality with respect to any information obtained by him/her, Physician or his/or agents pursuant to this Agreement.

7.4. Trade Secrets. Physician acknowledges that in connection with his/her performance under this Agreement, Physician may or will have access to and the use of confidential information and trade secrets (the "**Confidential Information**") of Hospital related to the Department and its operations which include, but are not limited to, financial statements, internal memoranda, reports, patient lists, and other materials or records of a proprietary nature. In order to protect the Confidential Information, Physician shall not, after the date of this Agreement and for so long as any such Confidential Information remains confidential, secret or otherwise wholly or partially protectable, use such information (except in connection with the performance of his/her duties hereunder) or divulge the Confidential Information to any third party, without first obtaining the prior written consent of the Hospital President and CEO or his/her designee.

8.COMPLIANCE WITH HOSPITAL STANDARDS

8.1. Corporate Responsibility Program. Physician expressly agrees that Hospital's Corporate Responsibility Program, as adopted and amended from time to time ("**Compliance Program**"), shall be incorporated herein and made a part of this Agreement. Physician shall comply with such Compliance Program at Physician's sole cost and expense. Without limiting the foregoing commitment to comply with Hospital's Compliance Program, Physician agrees that:

8.1.1. Physician shall comply with all applicable federal and state laws and regulations;

8.1.2. Physician shall cooperate with Hospital corporate compliance audits, reviews and investigations which relate to Physician and/or any of the Administrative Services provided by Physician under this Agreement (including, without limitation, providing any and all Physician's documents and/or information with respect to Physician and his/her activities under this Agreemcnt);

8.1.3. If requested by Hospital, Physician shall participate in corporate compliance-related seminars and educational programs sponsored by Hospital; and

8.1.4. Physician shall comply with and not do or cause to be done any act or omission which in any way conflicts with or violates the standards of conduct (the **"Standards of Conduct"**) which are part of Hospital's Compliance Program.

8.2. Acknowledgement. Physician hereby acknowledges that (a) he/she has received a description of the Compliance Program titled "Essential characteristics of the Verity Health System of California, Inc. Corporate Responsibility Program, and the Standards of Conduct, each attached hereto as Exhibit D, and (b) he/she has been given ample opportunity to read and review these copies.

8.3. Deficit Reduction Act. In compliance with Section 6032 of the Deficit Reduction Act of 2005, Hospital shall provide Physician with access to Hospital's policies detailing California and federal false claims laws, including but not limited to the False Claims Act, and regulations, including whistleblower protections and penalties, and Hospital's policies and procedures for detecting and preventing fraud, waste, and abuse (available at https://seton.verity.org/about-us/deficit-reduction-act-policies/), and Physician agrees to abide by such policies in connection with the provision of services under this Agreement.

9.COMPLIANCE WITH LAWS

9.1. Generally. Physician shall comply with all applicable laws, rules and regulations of all governmental authorities and accrediting agencies having jurisdiction over Hospital, physicians, allied health professionals and/or this Agreement, including Medicare and Medi-Cal laws, rules and regulations and all hospital and professional licensure and reimbursement laws, regulations, rules and policies.

9.2. Nondiscrimination. Physician shall not differentiate or discriminate in the provision of medical services to patients due to race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, physical handicap, medical condition, medical history, genetics, evidence of insurability, or claims history, in violation of any applicable state, federal or local law or regulation, or the rules and regulations of Hospital with respect to such matters.

9.3. Anti-Referral Laws. Nothing in this Agreement or in any other written or oral agreement between Hospital and Physician, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patient to Hospital. Any consideration specified in this Agreement is consistent with what the Parties reasonably believe to be fair market value for the Administrative Services provided. Physician acknowledges that he/she is subject to and must comply with certain federal and state laws governing referral of patients, as may be in effect or amended from time to time, including but not limited to:

9.3.1. Payments for referrals or to induce the referral of patients (Cal. Business and Professions Code Section 650; Cal. Labor Code Section 3215; and the Medicare/Medicaid Fraud and Abuse Law, Section 1128B of the Social Security Act; and all implementing regulations); and

9.3.2. The referrals of patients by a physician for certain designated health care services to an entity with which the physician (or his/her immediate family) has a financial relationship (Cal. Business and Professions Code Sections 650.01 and 650.02; Cal. Labor Code Sections 139.3 and 139.31; and Section 1877 of the Social Security Act; and all implementing regulations).

9.4. Disclosure of Interests.

9.4.1. In order to permit compliance with federal anti-referral statutes and regulations, as amended from time to time, Physician shall provide Hospital upon execution of this Agreement with information sufficient to disclose any ownership, investment or compensation interest or arrangement of Physician or any of Physician's immediate family members, in any entity providing "designated health services," as that term is defined in the statutes and regulations. This provision is not intended to reallocate any disclosure or reporting requirements imposed upon Physician under any governmental program to Hospital, or to create an assumption of such disclosure obligations on the part of Hospital, and Physician acknowledges that he/she shall have the sole responsibility to fulfill any such federal and/or state reporting requirements.

9.4.2. Physician shall immediately inform Hospital of any other arrangements that may present a conflict of interest or materially interfere with Physician's performance of his/her duties under this Agreement. Hospital may exercise its right to terminate this Agreement under Section 10.2.2 or to suspend this Agreement under 10.3.1 if Physician pursues or engages in conduct that does constitute a conflict of interest or that materially interferes with (or is reasonably anticipated to interfere with) Physician's performance under this Agreement.

9.5. Privacy and Confidentiality.

9.5.1. Both Parties shall comply with all federal and state laws governing the confidentiality and privacy of patient health information, including, without limitation, the Health Insurance Portability and Accountability Act of 1996 and implementing regulations, and the Health Information Technology for Economic and Clinical Health Act and implementing regulations (collectively, "**HIPAA**"). In addition, Physician shall comply with Hospital and Medical Staff policies and procedures regarding patient privacy and confidentiality.

9.5.2. In providing Administrative Services under this Agreement, Physician may have access to Protected Health Information (as defined by HIPAA) of a Hospital patient who is not also a mutual patient of Physician, resulting in Physician serving as a Business Associate (as defined by HIPAA) of Hospital. The Parties agree to enter into a Business Associate Agreement, attached hereto as Exhibit E and incorporated herein, which sets forth the requirements for the potential use or disclosure of, and access to, Protected Health Information with respect to such arrangements.

9.6. Changes in Law. In the event there are any changes in Medi-Cal or Medicare requirements, Joint Commission accreditation guidelines or requirements, federal or state tax exemption requirements, and/or substantial changes under other public or private health and/or hospital care insurance programs or policies which may have a material effect on the Hospital's operations, Hospital may elect to renegotiate this Agreement. Hospital shall indicate the basis upon which it has determined that such a material impact on its operations may result. In any case where such notice is provided, both Parties shall negotiate in good faith during the thirty (30) day period thereafter in an effort to develop a revised Agreement, which, to the extent reasonably practicable, will adequately protect the interests of both Parties in light of the changes which constituted the basis for the exercise of this provision.

10. TERM AND TERMINATION

10.1. Term. This Agreement shall commence on the Effective Date and shall expire on March 31, 2020, unless sooner terminated or extended as otherwise provided in this Agreement. This Agreement may be renewed by mutual written agreement of the Parties. Notwithstanding the expiration of the stated term of this Agreement, all terms and conditions of this Agreement shall remain effective, in force and applicable in full for an additional period during which the Parties' mutual intent to continue this Agreement is manifested by their conduct, including, but not limited to, the continued performance of services hereunder and payment of consideration for such services in accordance with the terms of Section 3 of this Agreement. In no event, however, shall the term of this Agreement exceed three (3) consecutive years.

10.2. Termination of Agreement. Notwithstanding any other provisions of this Agreement, this Agreement may be terminated upon any of the following:

10.2.1. Without Cause. Either Party may terminate this Agreement, without cause or penalty, by giving no less than thirty (30) days' written notice to the other Party. In the event of such termination, the Parties shall not enter into another agreement with each other for the same Administrative Services as are provided hereunder for a period of one (1) year after the later of the initial Effective Date or the effective date of the most recent amendment to this Agreement.

10.2.2. For Breach. Either Party may terminate this Agreement in the event of the other Party's breach hereof by giving thirty (30) days' prior written notice of the general nature of such breach. Notwithstanding the foregoing, this Agreement shall not terminate in the event that the breaching Party cures the breach, to the satisfaction of the non-breaching Party, within fifteen (15) days of the receipt of such notice. Without limitation, any failure to provide the Administrative Services in accordance with Section 1 or to maintain compliance with the provisions of Sections 5, 6, 7, 8 and 9 shall constitute a material breach of this Agreement.

10.2.3. Immediately. Notwithstanding the foregoing, Hospital may terminate this Agreement immediately by giving written notice to Physician, upon the occurrence of any one or more of the following events:

10.2.3.1. Hospital determines in good faith that any aspect of the performance by or on behalf of Physician hereunder endangers patient safety or will subject Hospital to ill repute.

10.2.3.2. Physician fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 1.2, 5, 8 and 9.

10.2.3.3. Physician is convicted of a crime punishable as a felony or involving moral turpitude.

10.2.3.4. Physician (a) commences a voluntary case under the Bankruptcy Code, (b) has filed against it a petition commencing an involuntary case under the Bankruptcy Code that shall not have been dismissed within sixty (60) days after the date on which such petition is filed, (c) seeks relief as a debtor under any applicable law, other than the Bankruptcy Code, of any jurisdiction relating to the liquidation or reorganization of debtors or to the modification or alteration of the rights of creditors, or consents to or acquiesces in such relief, (d) has entered against it an order by a court of competent jurisdiction (i) finding it to be bankrupt or insolvent, (ii) ordering or approving its liquidation or reorganization as a debtor or any modification or alteration of the rights of its creditors or (iii) assuming custody of, or appointing a receiver or other custodian for, all or a substantial portion of its property, (e) makes an assignment for the benefit of, or enters into a composition with, its creditors, or appoints, or consents to the appointment of, or suffers to exist a receiver or other custodian for, all or a substantial portion of its property, or (f) any similar occurrence reasonably indicating an imminent inability to perform substantially all of its duties under this Agreement.

10.2.3.5. Physician dies or becomes unable to provide Administrative Services for a period in excess of thirty (30) consecutive days, or thirty (30) days in the aggregate over any three (3) month period.

10.2.4. In the event the Parties are unable to develop a revised Agreement in accordance with Sections 3.3 or 9.6, either Party may elect to terminate this Agreement upon thirty (30) days' written notice to the other Party.

10.2.5. In the event Department is eliminated or there is a material change in service levels of the Department during the term of this Agreement, Hospital shall provide Physician with notice of such change in services, and the Parties shall promptly meet and confer to negotiate in good faith revised terms to this Agreement that are mutually agreeable and practicable to permit the continued provision of necessary Administrative Services in the Department. If such negotiations fail to result in mutually satisfactory amendment within forty-five (45) days of Physician's receipt of notice provided hereunder, either Party may thereupon terminate this Agreement by providing thirty (30) days' notice of termination to the other.

10.2.6. In the event legal counsel for either Party advises that this Agreement or any practices which could be, or are, employed in exercising rights or providing Administrative Services under this Agreement pose a material risk of violating any legal requirements, including without limitation those referenced in Section 9 or any legal requirement related to Hospital's tax-exempt status or tax-exempt bond financing, the Parties in good faith shall undertake to revise this Agreement, in accordance with Section 12.10, to comply with such legal requirements. In the event the Parties are unable to agree upon the revised terms within thirty (30) days thereafter, either Party may terminate this Agreement immediately upon written notice to the other.

10.2.7. Effect of Termination.

10.2.7.1. Upon expiration or termination of this Agreement, neither Party shall have any further obligation hereunder except for (a) obligations due and owing which arose prior to the date of termination and (b) obligations, promises, or covenants contained herein which expressly extend beyond the term of this Agreement.

10.2.7.2. Upon expiration or termination of this Agreement, and upon Hospital's request, Physician shall immediately vacate the Hospital and the Department premises, removing at such time any and all of Physician's personal property. Hospital may remove and store, at Physician's expense, any personal property that has not been so removed.

10.2.7.3. Following the expiration or termination of this Agreement, Physician shall not do anything that might interfere with any Hospital efforts to contract with any other individual or entity for the provision of services or to interfere in any way with any relationship between Hospital and any entity or person who may replace Physician.

10.2.7.4. Termination of this Agreement by Hospital shall not provide Physician the right to a fair hearing or the other rights more particularly set forth in the Medical Staff Bylaws.

10.3. Suspension of Agreement.

10.3.1. Hospital may suspend this Agreement (i) in order to permit Hospital, its employees and agents to conduct any review of any ethical, clinical, compliance-related, quality- or patient care-related matter; or (ii) in lieu of termination of this Agreement under Section 10.2, for any reason provided under Sections 10.2.2 and 10.2.3.

10.3.2. Suspension of the Agreement shall take effect upon Physician's receipt of written or oral notice. If notice of suspension is given orally, Hospital shall confirm oral notice promptly in writing. Suspension shall remain in effect until the rights and duties of Physician under this Agreement are reinstated by Hospital by written notice to Physician. If the Agreement remains suspended for sixty (60) consecutive days, the suspension shall be treated as the termination of the Agreement without cause for all purposes of this Agreement.

10.3.3. Effect of Suspension.

10.3.3.1. Any period of suspense pursuant to this Section 10.3 shall be referred to as a "**Suspension Period.**"

10.3.3.2. During the Suspension Period, Hospital shall be relieved of all of its duties and obligations under this Agreement, including, without limitation, any obligation to make payment for services rendered by Physician or Personnel (as defined in Section 12.2) or to make available any Department space, supplies or support staff to Physician or Personnel.

10.3.3.3. In the event that Hospital determines, in its sole discretion, to terminate the Suspension Period and reinstate this Agreement, Hospital shall have no obligation to pay Physician any amounts that would have been owed under this Agreement (for services rendered by Physician or Personnel during the Suspension Period) had there been no Suspension Period.

10.4. Set-off. In the event of any breach of Section 1.17 above, Hospital may set-off and apply any compensation otherwise due to Physician hereunder to cure any monetary defaults of Physician under other agreements. This set-off right is in addition to other Hospital remedies set forth herein.

10.5. Damages Upon Termination or Suspension. In the event of any breach, suspension or termination of this Agreement by Hospital that is determined to be improper by a court of competent jurisdiction or by a binding arbitration award, Physician shall accept monetary damages, if any, as full and complete relief, to the exclusion of any injunctive or similar relief.

10.6. Survival. The provisions of Sections 1.10, 1.13, 1.14, 1.16, 3, 5, 6.2, 7, 8.1, 10.2.7, 10.4, 10.5, 10.6 and 11 shall survive termination of this Agreement.

11. DISPUTE RESOLUTION

11.1. Special Meeting. Except as set forth in Section 11.6 below, in the event of any dispute or disagreement between the Parties with respect to this Agreement, either Party may request in writing a special meeting for the resolution of the dispute (a "**Special Meeting**"). The Special Meeting shall be held at a mutually agreeable location within ten (10) days of a written request for the meeting, which request shall specify the nature of the dispute to be resolved. The Special Meeting shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.2. Mediation. If a dispute has not been resolved within thirty (30) days after the date of the Special Meeting or within forty-five (45) days of the written request for the Special Meeting, either Party may initiate mediation of the dispute by sending a written request for mediation to the other Party. The Parties shall meet to jointly select an independent and neutral person qualified to act as a mediator. The mediation proceeding shall commence not more than thirty (30) days after the written request for mediation. The mediation shall be attended by representatives of both Parties (who may or may not be accompanied by legal counsel, in their respective discretion), who shall attempt in good faith to resolve the dispute and shall have reasonable authority to do so.

11.3. Arbitration. If the Parties are unable to reach a mutually acceptable resolution to the dispute within thirty (30) days following an initial mediation conference or within sixty (60) days following the written request for mediation, the matter shall be submitted to arbitration. Either Party may commence arbitration by giving a written notice to the other Party demanding arbitration. There shall be one (1) impartial arbitrator, who shall be experienced in mediation and arbitration and knowledgeable regarding the health care/health related services industry. The Parties shall meet to jointly select a single arbitrator to serve in the matter of dispute resolution. If the Parties cannot reach agreement as to a mutually acceptable arbitrator within ten (10) days after the demand to arbitrate is made, they shall request that an arbitrator be chosen by JAMS/Endispute, Inc.

11.4. Hearing. The arbitration process shall consist of an adversary hearing and each Party shall have the right to call and cross-examine witnesses under oath and to introduce oral and documentary evidence. The decision of the arbitrator shall be final and binding. The arbitration hearing shall take place at a location mutually agreed upon by the Parties, and shall be governed by the rules of Section 1280 *et seq.* of the California Code of Civil Procedure.

The arbitration shall be held within sixty (60) days after the appointment of the arbitrator, and in no event shall the taking of evidence before the arbitrator commence more than six (6) months following the date of the written demand for arbitration. In the event that the taking of evidence before the arbitrator does not commence within this time period, the Party demanding arbitration shall be able to pursue all legal remedies, including without limitation bringing an action regarding the dispute in a court of law.

11.5. Good Faith Finding. The arbitrator, in addition to resolving the dispute, shall make a finding whether the Parties to the arbitration acted in good faith. If the Parties are found by the arbitrator to have acted in good faith, both Parties shall equally share in the expenses and fees of the arbitration. However, if one Party is found not to have acted in good faith, that Party alone will bear the expenses and fees of the arbitration, including attorneys' fees for both Parties.

11.6. Injunctive Relief. Notwithstanding the provisions of this Section 11 and except as provided in Section 10.5 above, each of the Parties hereto shall have the right to apply for and obtain a temporary restraining order or other temporary, interim or permanent injunctive or equitable relief from a court of competent jurisdiction in order to enforce the provisions of any part of this Agreement as may be necessary to protect its rights under those Sections.

11.7. Costs. In the event a court action is brought to enforce or interpret any part of this Agreement, the prevailing Party shall be entitled to recover as an element of its costs of suit, reasonable attorneys' fees, as determined by the court.

12. MISCELLANEOUS PROVISIONS

12.1. Notices. Written notice required under this Agreement shall be delivered personally or sent by United States registered or certified mail, postage prepaid and return receipt requested, and addressed or delivered to the Parties at the following addresses (or such address as may hereafter be designated by a Party by written notice thereof to the other Party):

Physician

Colman Ryan, M.D.
Seton Medical Center
1900 Sullivan Avenue
Daly City, CA 94015

Hospital
President and Chief Executive Officer
Seton Medical Center
1900 Sullivan Avenue
Daly City, CA 94015

12.2. Obligations of Personnel. All obligations and prohibitions imposed on Physician pursuant to this Agreement are equally applicable to Assistant Medical Director and any other physician, partner, shareholder, associate, employee or contractor (collectively, the "**Personnel**") engaged, retained, employed or contracted by Physician to assist in the performance of this Agreement. Physician shall require all Personnel to comply with all terms and conditions of this Agreement. Upon Hospital's request, Physician shall obtain from each of the Personnel a written acknowledgment and agreement to be bound by the terms and conditions of this Agreement in such form as may be required by Hospital.

12.3. Other Agreements. Hospital and Physician acknowledge and agree that this Agreement and any other agreement or arrangement between (a) Hospital and (b) Physician or any immediate family member of Physician shall be cross-referenced to a master list(s) of contracts that is centrally maintained and updated by Hospital. For the purposes of this Section, "immediate family member" means a husband or wife; birth or adoptive parent, child or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law,

daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

12.4. Incorporation of Exhibits. All schedules, exhibits, addenda, and recitals referred to in this Agreement are an integral part of this Agreement and are incorporated in full into this Agreement by this reference.

12.5. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of California, without regard to conflict of law rules.

12.6. Force Majeure. Neither Party shall be liable or be deemed in default of this Agreement for any delay or failure to perform caused by Acts of God, war, acts of terrorism, disasters, strikes, or any similar cause beyond the control of either Party.

12.7. Catastrophe. In the event that Hospital facilities shall be partially damaged or destroyed by fire, earthquake or other catastrophe, and such damage is sufficient to render the facilities untenantable but not entirely or substantially destroyed, this Agreement may be suspended by Hospital until such time as Hospital determines that the premises or the facilities shall again be tenantable. In the event Hospital determines that Hospital facilities have been entirely or substantially destroyed by fire, earthquake, or other catastrophe, this Agreement may be terminated by either Party upon ten (10) days' written notice to the other; or, in the alternative, this Agreement shall be suspended until such time as Hospital shall erect or otherwise acquire new facilities with accommodations substantially similar to those provided herein for the use of Department, in the event that Hospital gives written notice to Physician that it shall erect or otherwise acquire facilities. Nothing in this Agreement shall obligate Hospital to erect or otherwise acquire such facilities.

12.8. Tax Exempt Financing. Notwithstanding anything in this Agreement to the contrary, in the event that the Hospital uses the proceeds of tax-exempt financing, this Agreement shall be amended as may be necessary in order for Hospital to comply with the requirements of such financing so that the services provided under this Agreement are not considered "private activity use" under the Internal Revenue Code. Immediately upon request by Hospital, Physician shall execute any and all such amendments presented by Hospital and shall return promptly said executed original amendments to Hospital.

12.9. Severability. The provisions of this Agreement shall be deemed severable and if any portion shall be held invalid, illegal or unenforceable for any reason, the remainder of this Agreement shall be effective and binding upon the Parties.

12.10. Assignment and Delegation. Physician shall not assign or delegate any of its rights or obligations under this Agreement, and any such assignment or delegation is expressly prohibited and shall be void. Subject to the prohibition contained in this paragraph, this Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the Parties hereto. Hospital, in its sole and absolute discretion, shall have the right at any time to assign, delegate or in any manner transfer all or any portion of its interests, obligations or duties under this Agreement to any person, group or entity without the consent of Physician.

12.11. Amendment. This Agreement may be amended at any time by mutual agreement of the Parties without additional consideration, provided that before any amendment shall become effective, it shall be reduced to writing and signed by the Parties.

12.12. Entire Agreement. This Agreement, including all Attachments, is the entire Agreement between the Parties and no other agreements, oral or written, have been entered into with respect to the subject matter of this Agreement. This Agreement supersedes all prior agreements, negotiations, and communications of whatever type, whether written or oral, between the Parties hereto with respect to the subject matter of this Agreement.

12.13. Captions. Any captions or headings of the articles, sections, subsections, paragraphs, or subparagraphs of this Agreement are solely for the convenience of the Parties, are not a part of this Agreement and shall not be used for the interpretation or determination of validity of this Agreement or any provision hereof.

12.14. Cumulation of Remedies. The various rights, options, elections, powers, and remedies of the respective Parties hereto contained in, granted, or reserved by this Agreement, are in addition to any others that said Parties may be entitled to by law, shall be construed as cumulative, and no one of them is exclusive of any of the others, or of any right or priority allowed by law.

12.15. No Third Party Rights. The Parties do not intend the benefits of this Agreement to inure to any third person not a signatory hereto. Notwithstanding anything contained herein, or any conduct or course of conduct by any Party hereto, before or after signing this Agreement, this Agreement shall not be construed as creating any right, claim or cause of action against either Party by any person or entity not a Party to this Agreement.

12.16. Counting Days. If the day for performance of any obligation under this Agreement is a Saturday, Sunday, or legal holiday (within the meaning of California Civil Code Section 7), then the time for performance of any obligation under this Agreement shall be extended to 5:00 p.m. on the first business day following such Saturday, Sunday, or legal holiday.

12.17. Construction of Agreement. The Parties agree that each Party and its counsel have fully participated in the review and revision of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party shall not apply in the interpretation of this Agreement or any amendment hereto or exhibit herein or therein.

12.18. Waiver. No delay or omission by either Party to exercise any right or remedy under this Agreement shall be construed to be either acquiescence or the waiver of the ability to exercise any right or remedy in the future. Any waiver of any terms and conditions hereof must be in writing, and signed by the Parties hereto. A waiver of any term or condition hereof shall not be construed as a future waiver of the same or any other term or condition hereof.

12.19. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all such counterparts together shall constitute one and the same instrument.

[Rest of the Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their respective duly authorized representatives effective as of the date first above written.

EXHIBIT A

DESCRIPTION OF SERVICES

ADMINISTRATIVE SERVICES FOR QUALITY

Physician shall:

1.Review for appropriateness and periodically recommend revisions to standing orders for patients.

2. Work with medical and hospital staff to develop and implement a critical pathway mechanism for differing patient diagnosis to ensure appropriate and cost-effective levels of service.

3. Educate medical staff about appropriate, cost-effective utilization of hospital services for patients.

4. Advise executive staff on development of strategic goals for Seton Medical Center.

5. Supervise the design and implementation of instruction and training curriculum medical and nursing education programs; encourage participation of other physician users in provision of ongoing nursing staff training and in-service education.

6. Establish an environment which encourages optimal utilization of cardiovascular services by qualified Seton Medical Center medical staff.

7. Consult with Seton management on selection and usage of capital equipment to ensure state-of- the-art practice and cost effectiveness; actively participate in annual capital budgeting process by obtaining input from major cardiovascular services physicians.

8. Attend meetings with management when meetings are scheduled with reasonable notice and patient activities do not preclude attendance.

9. Ensure availability, other than when performing clinical duties, to support medical staff and management when patient and/or physician problems arise; provide consistent oversight and leadership of critical care nursing units in collaboration with Chief Medical Officer and Chief Operating Officer, and Chief Nursing Officer.

10. Assist Hospital administration in Physician Relations including issues related to quality of care, length of stay, clinical documentation, use of high cost tests, etc.

11. Assist Chief Medical Officer on Department related projects or initiatives as requested.

12. Other duties as agreed by both Parties.

PERFORMANCE STANDARD FOR QUALITY

1. Assists in achieving 5 star Medicare quality hospital
2. Achieves 90th percentile with patient experience
3. Mortality rates less than 1.0 O/E

4. Surgical site infections <1.0

ADMINISTRATIVE SERVICES FOR UTILIZATION MANAGEMENT

Overview of Utilization Management role:
1. Advisory - resource for case management, direct link to the Medical Staff to increase utilization review and quality, assist with medical necessity questions, liaison with other physicians.

2. Administrative - review peer to peer cases as well as more complex cases

3. Educational - educational resource for case management, review other physicians, educate staff to increase collaboration

Position Summary:
The Utilization Management Physician Advisor conducts clinical reviews on cases referred by care management staff and/or other health care professionals to meet regulatory requirements and in accordance with the hospitals objectives for assuring quality patient care and effective, efficient utilization of health care services. The PA meets with care management and health care team members to discuss selected cases and make recommendations for care, interacting with medical staff members and medical directors of third party payers to discuss the needs of patients and alternative levels of care. The PA acts as consultant to and resource for attending physicians regarding their decisions relative to appropriateness of hospitalization, continued stay, and use of resources. The PA further acts as a resource for the medical staff regarding federal and state utilization and quality regulations.

As the GDI physician advisor, the Utilization Management Physician Advisor will act as a liaison between the GDI professional, HIM, and the hospital's medical staff to facilitate accurate and complete documentation for coding and abstracting of clinical data, capture of severity, acuity and risk of mortality, in addition to DRG assignment.

ADMINISTRATIVE SERVICES - Utilization Management

Physician shall:

1. Serves as an expert advisor to the hospital's UM Committee.

2. Conducts second-level medical necessity reviews for all patient cases that do not meet first-level screening criteria for an inpatient admission. All factors mandated by CMS must be considered during this review.

3. •Coordinates the process and documentation of proper Medicare Condition Code 44 use, when appropriate.

4. Assists with effective management of lengths of stay. Participates in review of long stay patients, in conjunction with the Care Management Leadership, Care Management Team

and other members of the multidisciplinary team to facilitate the use of the most appropriate level of care.

5. Investigates the most suitable post-short-term acute care setting options.

6. Educates treating physicians on rules, regulations and strong physician documentation practices. Provides education to physicians and other clinicians related to appropriate utilization, alternative levels of care, community resources, and end of life care.

7. Serves in a leadership role and as liaison with medical staff to address and resolve delays in care plans, avoidable days, complex discharge issues and other issues as appropriate.

8. Facilitates communication between managed care organizations and the hospital regarding benefit coverage issues, utilization review and quality assurance processes.

9. Serves as a mentor to new case management staff regarding PA role and effective work with physician staff.

10. Conducts verbal and written reviews and appeals of denials or downgraded coverage determination made by managed care organizations.
11. Manages governmental appeals process for inappropriate denials on behalf of the hospital, including representing the hospital during Administrative Law Judge hearings.

12. Identifies quality, safety, patient satisfaction and efficiency issues leading to suboptimal care. Takes appropriate action to resolve.

13. Remains up-to-date on ongoing regulatory guidance changes, managed care/hospital contract updates, and the latest evidence-based care guidelines and outcomes.

14. Supports the organization in quality improvement efforts requiring physician input and/or involvement.

15. Works with the EHR team to ensure the system appropriately supports the physician's ability to provide best practice medicine by creating logical processes and providing the necessary order sets and practice guidelines.

16. Tracks and analyzes ongoing payer trends across the facility.

17. Tracks, trends and analyzes types of cases/issues raised for PA review and escalation. Makes recommendation for improvement.

18. Support case managers' and social workers' problem-solving efforts by helping them interpret and analyze clinical information and determine the courses of action.

19. Be available to the Case Management Department staff for questions regarding active patient cases, either on-site or by telephone or pager.

20. At the request of the Case Management Department staff, may consult or mediate with members of the medical staff to resolve an issue that directly affects the quality of patient care; uses and promotes the use of evidence-based practice (EBP).

21. Provide support to the clinical denials and appeals management processes.

22. Advise on the care coordination of outlier and potential outlier cases.

23. As the physician advisor to Case Management Department, works as a partner in leadership with the Department's director and shares in the responsibility for Department outcomes.

24. Performs role consistent with the MQA Criteria process.

25. Works to achieve Hospital and Department-specific case management goals.

26. Reviews cases referred by case managers for medical necessity and appropriateness of the level of care making the final determination based on documentation by a physician in the medical record. Seeks clarification and the necessary additional physician documentation as needed.

27. Reviews questionable status cases to determine appropriate status categorization (e.g. inpatient or outpatient, Outpatient can be either "observation" or "outpatient in a bed").

28. Assists/supports the Case Management Department staff in interacting with members of the medical staff when a physician's participation would enhance this interaction.

29. Refers cases for next level review when consensus not achieved with the patient physician. Next level review includes any of the following: review by the Department Chair, or the peer review process.

30. Works concurrently with the case managers to avoid third party payer retrospective denials, interacting with payer reviewers and Physician Advisors as needed.

31. Performs focused chart reviews in cooperation with Case Management Department efforts to collect information to improve clinical, quality, and satisfaction outcomes; determines if professionally recognized standards of quality care are met.

32. Documents interventions and interactions with physicians which serve as a basis for referral tracking and outcomes.

33. Active participant on the Utilization/Case Management Committee; makes suggestions on ways to improve this case management process and program. Member of the medical staff s Utilization Committee.

34. Attends other meetings, seminars, and educational activities as directed by the CMO.

35. Manages and maintains positive working relationships with the Case Management Department, medical and clinical staffs.

36. Other duties as assigned by the CMO.

37. Participates in interdisciplinary rounds serving as a clinical resource and focusing the team on optimal quality care and cost outcomes.

38. Works with the Case Management Department staff (case managers and social workers) to improve their ability to manage cases effectively, by providing unbiased suggestions regarding specific cases and providing education on various aspects of the cases that they are following.

39. Develops education modules regarding common physician practices to assist the Case Management Department staff in determining the medical necessity of inpatient care as it refers to their specific case load.

PERFORMANCE STANDARDS FOR UTILIZATION MANAGEMENT

1. Decreases denials days due to medical necessities by ___%.
2. Decrease length of stay to an average of four (4) days or less.
3. Telemetry cases less than 20 per day on average

Tenant
Dale Kocienski, M.D

Address
1800 Sullivan Avenue, Suite 605

Rentable Square Footage
815

Lease Start Date
July 1, 2016

Lease Expiration Date
June 30, 2019

Term
Three Years

Monthly Base Rate
Starting rent for first year: $2,078.25
Annual Increases to follow

OFFICE LEASE

SETON MEDICAL OFFICE BUILDING

(1800 Sullivan Avenue)

Seton Medical Center

(Landlord)

and

Dale Kocienski, M.D., an individual

(Tenant)

Suite 605

SETON MEDICAL OFFICE BUILDING LEASE

This Seton Medical Office Building Lease ("Lease") is dated as of May 27, 2016, by and between Seton Medical Center, a California nonprofit public benefit corporation ("Landlord") and Dale Kocienski, M.D., an individual ("Tenant").

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant agree as follows.

ARTICLE 1

CERTAIN DEFINITIONS AND BUSINESS TERMS

"Additional Rent"	All rent described in this Lease other than Monthly Base Rent, including the rent described in Sections 4.4 and 4.6.
"Base Year"	2016
"Building"	The Seton Medical Office Building, located at 1800 Sullivan Avenue, Daly City, California containing approximately 52,537 rentable square feet, together with all parking facilities, walks, malls, and landscaped areas.
"Lease Commencement Date":	July 1, 2016
"Lease Expiration Date":	June 30, 2019
"Lease Term":	A period of three (3) years commencing on the Lease Commencement Date and ending on the Lease Expiration Date, unless the Lease Term is extended pursuant to Article 3.
"Monthly Base Rent":	Lease Year — Monthly Base Rent 7/1/16 – 6/30/17 — $2,078.25 7/1/17 – 6/30/18 — $2,140.60 7/1/18 – 6/30/19 — $2,204.81
"Automatic Extension"	Upon the Lease Expiration Date, if the Lease Term has not been extended by written agreement the Lease Term will automatically extend for one year at 103% of last Monthly Base Rent.
"Holdover Rent"	110% of last Monthly Base Rent; no longer than six (6) months.
"Late Charge"	5% of amount due if Monthly Base Rent is not received five (5) days after due date.
"Premises"	1800 Sullivan Avenue, Suite 605, Daly City, CA 94015, containing approximately 815 rentable square feet.
"Security Deposit":	$2,204.81

"Tenant's Share"	1.55% [CW: PLEASE CONFIRM THIS % IS CORRECT, OR ADJUST]

ARTICLE 2

PREMISES

2.1 The Building and Real Property. Upon and subject to the terms set forth in this Lease, Landlord hereby leases to Tenant and Tenant hereby hires from Landlord the Premises. For purposes of this Lease, "rentable square feet" and "usable square feet" shall be calculated pursuant to Standard Method of Measuring Floor Area in Office Buildings, ANSI Z65.1 - 1996 ("BOMA"); provided that for purposes of determining the Monthly Base Rent and the additional rent due under Article 4 of this Lease, the rentable square footage of the Premises shall be 116% of the useable square footage of the Premises, and in all other instances the rentable square footage of the Premises shall be calculated pursuant to BOMA. The Building, the land upon which the Building stands and the land and improvements surrounding the Building, including any parking structure, are herein sometimes collectively referred to as the "Real Property." Tenant is hereby granted the right to the non-exclusive use of the common corridors and hallways, stairwells, elevators, restrooms and other public or common areas; provided, however, that the manner in which the public and common areas are maintained and operated shall be at the sole discretion of Landlord and the use thereof shall be subject to such rules, regulations and restrictions as Landlord may make from time to time. Landlord may make alterations or additions to or to change the location of elements of the Real Property and the common areas thereof.

2.2 Verification of Rentable Area; Change to Monthly Base Rent Due to Size Discrepancy. The usable and rentable square footage of the Building and the Premises are subject to verification by Landlord's architect, in accordance with BOMA; however, the determination of Landlord's architect shall be conclusive and binding upon the parties. The initial Monthly Base Rent set forth in this Lease is based upon the size of the Premises. If at any time during the Lease Term either Landlord or Tenant determine (and can verify to the reasonable satisfaction of the other party), that the actual size of the Premises is larger or smaller than set forth

herein by a factor of at least ten percent (10%), then the Monthly Base Rent will be increased or decreased retroactive to the Lease Commencement Date to reflect such actual size of the Premises, multiplied by the price per square foot used to determine the initial Monthly Base Rent set forth herein.

2.3 Landlord's Work in the Premises. Except as set forth in this Lease, Landlord shall not provide or pay for any interior improvement work or services for the Premises, and Tenant accepts the Premises in its "as is" condition. Tenant also acknowledges that Landlord has made no representation or warranty regarding the condition of the Premises or the Building except as specifically set forth in this Lease.

ARTICLE 3

LEASE TERM

3.1 Initial Lease Term. The Lease Term shall commence on the Lease Commencement Date and end on the Lease Expiration Date, subject to a possible extension of the Lease Term as provided in Section 3.3, and/or the termination before the Lease Expiration Date as hereinafter provided.

3.2 Intentionally Omitted.

3.3 Automatic Extension. Upon the expiration of the Lease Term, the Lease Term shall automatically be extended for one (1) year at 103% of the Monthly Base Rent due just prior to the date of such automatic extension unless Landlord elects to terminate the Lease as of the last day of the Lease Term, which Landlord may do in its sole and absolute discretion, by providing Tenant with written notice thereof, not less than 120 days prior to expiration of the Lease Term. During the one (1) year period of this Automatic Extension, either party may terminate this Lease upon thirty (30) days' prior written notice to the other party, for any reason or for no reason.

3.4 Holdover Tenancy; Indemnification. If Tenant holds over after the end of one year automatic extension described in Section 3.3, with or without the express or implied consent of Landlord, then such tenancy shall be from month-to-month only and shall in not continue for a period greater than six (6) months beyond the end of the Lease Term. Any such holdover shall not constitute a renewal hereof or an extension for any further term, and in such case the Monthly Base Rent shall automatically increase to 110% of the Monthly Base Rent payable during the last month of the Lease Term, without any separate notice being sent to Tenant about such increase, and regardless of whether any future invoices sent to Tenant for Monthly Base Rent include or exclude the higher 110% Monthly Base Rent due hereunder. Except for the increases in Monthly Base Rent for the above, such month-to-month tenancy shall be subject to every other term, covenant and agreement contained herein. Nothing contained in this Section shall be construed as consent by Landlord to any holding over by Tenant, and Landlord may require Tenant to surrender possession of the Premises to Landlord as provided in this Lease upon the expiration or other termination of this Lease. If Tenant fails to surrender the Premises upon the termination or expiration of this Lease, in addition to any other liabilities to Landlord accruing therefrom, Tenant shall indemnify and hold Landlord harmless from loss or liability resulting from such failure, including, any claims made by any succeeding tenant founded upon such failure to surrender.

Notwithstanding the foregoing, in the event the Lease Term is not timely extended in writing as a result of Landlord's failure to document such extension before the Lease Expiration Date or other acts within Landlord's reasonable control, then Landlord may elect not to charge 110% of the Monthly Base Rent during the holdover period and send written notice to Tenant within five (5) business days after the Lease Expiration Date confirming Landlord will charge only 103% of the Monthly Base Rent during the holdover period ending on the effective date of any written amendment extending the Lease Term, or termination of the Lease.

3.5 Intentionally Omitted. JF

3.6 Early Lease Termination Upon Permanent Disability, Retirement or ~~or~~ Death. If the Tenant is an individual or it is a medical corporation whose sole shareholder is a licensed individual, then Tenant shall have a one-time right and an option to terminate this Lease prior to the Lease Expiration Date (except as otherwise provided herein), in the event such individual permanently retires as described in Section 3.7, ~~ever~~ dies or becomes JF

permanently disabled during the Lease Term, after giving Landlord at least sixty (60) days' advance written notice of such early termination and, in the case of a permanent retirement or disability, after providing Landlord with reasonable proof of such permanent retirement or disability. In the event of the death of an individual Tenant or a physician who is the sole owner of a corporate Tenant, such Tenant's obligations under this Lease shall terminate upon reasonable proof of death being provided to Landlord. If Tenant is an association or a professional corporation consisting of two or more physicians, then the remaining members of the association or group and remaining shareholders of the medical corporation shall continue as the Tenant and to be responsible for the obligations under this Lease after the permanent disability, permanent retirement or death of an individual physician.

3.7 Landlord's Right to Cancel. If Tenant is an individual, Landlord shall have the right upon at least thirty (30) days' prior written notice to Tenant (or in the event of Tenant's death, such notice shall be given to Tenant's legal representative, successor, or assign) to cancel this Lease in the event of Tenant's death, permanent inability to practice his or her profession due to physical or mental infirmity, or permanent retirement from the full-time practice of his profession. If this Lease is terminated, Tenant (or in the event of Tenant's death, Tenant's legal representative, successor, or assign) shall perform all of his obligations under this Lease which arise or accrue prior to the effective date of termination.

ARTICLE 4

RENTAL AND OTHER PAYMENTS

4.1 Monthly Base Rent. Tenant agrees to pay to Seton Medical Center, c/o Cushman & Wakefield, Property Management Department, 1390 Timberlake Manor Parkway, Suite 230, Chesterfield, MO 63017, the Monthly Base Rent in advance on the first day of each calendar month, without demand or offset whatsoever, provided that if any rental payment date (including the Lease Commencement Date) falls on a day other than the first day of such month or if any rental payment is for a period which is shorter than one month, the rental for any partial month shall accrue on a daily basis for the period from the date such payment is due to the end of such calendar month or to the end of the Lease Term at a rate per day which is equal to 1/30 of the Monthly Base Rent. Monthly Base Rent shall be paid in the amounts set forth in Article 1 above for each Lease Year or such amounts as are calculated pursuant to Section 4.3 below, whichever is greater.

4.2 Late Charges. Tenant acknowledges that late payment of rent or other sums due hereunder will cause Landlord to incur costs not contemplated by this Lease, the exact amount of which are extremely difficult to ascertain, including processing and accounting charges, and late charges which may be imposed upon Landlord by the terms of any mortgage or deed of trust covering the Premises. Accordingly, if any installment of rent or any other sum due from Tenant shall not be received by Landlord or Landlord's designee within five (5) days after the due date, then Tenant shall pay to Landlord a late charge equal to five percent (5%) of such amount overdue plus any attorneys' fees incurred by Landlord by reason of Tenant's failure to pay rent and/or other charges when due hereunder, by the end of the month in which the payment was due. Such late charge represents a fair and reasonable estimate of the costs that Landlord will incur by reason of the late payment by Tenant. Acceptance of such late charge by Landlord shall in no event constitute a waiver of Tenant's default with respect to such overdue amount, nor prevent Landlord from exercising any of the other rights and remedies granted hereunder. The late charge shall be deemed additional rent and the right to require it shall be in addition to all of Landlord's other rights and remedies hereunder or at law and shall not be construed as liquidated damages or as limiting Landlord's remedies in any manner. In addition to the five percent (5%) late charge described above, any rents or other amounts owing hereunder which are not paid within five (5) days after the date they are due shall thereafter bear interest until paid at a rate per annum equal to the lesser of ten percent (10%) per annum or the highest rate permitted by applicable law.

4.3 Annual Adjustments to Monthly Base Rent. Except as provided in Section 3.3 for an automatic one year extension of the Lease Term, the Monthly Base Rent during the initial Lease Term shall increase by three percent (3%) per year on each one year anniversary of the Lease Commencement Date.

4.4 Additional Rent.

4.4.1 Tenant's Share. As more fully set forth in this Section 4.4, in addition to the Monthly Base Rent, Tenant shall also pay to Landlord, its share ("Tenant's Share") of all annual Direct Expenses which are in excess of Direct Expenses for the Base Year.

4.4.2 Definitions: As used in this Section 4.4, the following terms have the meaning hereinafter set forth:

4.4.2.1 "Tenant's Share" of Direct Expenses for each Expense Year shall be as set forth in Article 1 of this Lease. In the event either the rentable square feet of the Premises and/or the total rentable square feet of the Building is changed, Tenant's Share shall be appropriately adjusted, and, as to the Expense Year in which such change occurs, Tenant's Share for such year shall be determined on the basis of the number of days during such Expense Year that each such Tenant's Share was in effect.

4.4.2.2 "Expense Year" shall mean each twelve (12) consecutive month period commencing January 1st of each year falling within the Lease Term, provided that Landlord, upon notice to Tenant, may change the Expense Year from time to time to any other twelve (12) consecutive month period, and, in the event of any such change, Tenant's Share of Direct Expenses shall be equitably adjusted for any Expense Year involved in any such change.

4.4.2.3 "Direct Expenses" shall mean "Operating Expenses" and "Tax Expenses."

4.4.2.4 "Operating Expenses" shall mean any and all costs and expenses paid or incurred by Landlord in connection with the ownership, operation, maintenance, management, replacement, restoration, and repair of the Building and Real Property. By way of illustration only, but not limitation, Operating Expenses shall include the following: (i) the cost of supplying all utilities, the cost of operating, maintaining, repairing, and managing the utility systems, mechanical and heating systems, ventilation and air conditioning systems, sanitary and storm drainage systems, and escalator and elevator systems, the cost of environmental surcharges imposed by any governmental entity, and the cost of supplies and equipment and maintenance and service contracts in connection therewith; provided that Tenant shall not be responsible for a portion of the cost of a particular utility if Tenant directly or indirectly pays for Tenant's use of such utility pursuant to the terms of Article 7 of this Lease; (ii) the cost of landscaping, all supplies, and re-lamping; (iii) the cost of parking area maintenance, including resurfacing, repainting, re-stripping, and cleaning; (iv) the cost of fire, extended coverage, boiler, sprinkler, public liability, property damage, workmen's compensation, loss of rent, earthquake, and other reasonable insurance, including such endorsements thereto as Landlord may desire, all in such amounts as Landlord may reasonably determine; (v) wages, salaries and other labor costs, including payroll and employment taxes, and employee medical, welfare, pension and other fringe benefits for all persons engaged in the operations of the Building; (vi) fees, charges and other costs, including management fees not to exceed 5% of rent collected, consulting fees, legal fees and accounting fees, of all independent contractors engaged by Landlord or reasonably incurred by Landlord in connection with the management, operation, maintenance and repair of the Building and Real Property, as well as, any and all trip or similar fees, linkage fees, and business fees; (vii) the cost of licenses, permits and inspections and the cost of contesting the validity or applicability of any government enactments which may affect Operating Expenses; (viii) the fair market rental value of the property manager's office in the Building; (ix) depreciation of the cost of acquiring or the rental expense of personal property used in the maintenance, operation and repair of the Building and Real Property; (x) subject to the last paragraph of this Section 4.4.2.4, the cost of any capital improvements, repairs and/or replacements made to the Building and/or the Real Property after the Lease Commencement Date in connection with the operation or maintenance of the Building and/or Real Property, or made to the Building and/or Real Property after the Lease Commencement Date that are required under any governmental law or regulation enacted on or after the Lease Commencement Date, such costs to be amortized over the useful life thereof and which shall be paid on a pro-rata monthly basis by Tenant during the Lease Term, together with interest charged to Landlord on the unamortized balance; and (xi) the cost of janitorial service, alarm and security service, window cleaning, trash removal, replacement of wall and floor coverings, ceiling tiles and fixtures in lobbies, corridors, restrooms and other common and public areas or facilities, maintenance and replacement of curbs, walkways, repair of roofs and reroofing. For purposes of computing Tenant's Share pursuant to this Article 4, Operating Expenses for the Building or Real Property that are not, in Landlord's sole discretion, allocable or chargeable solely to either the office or retail space of the Building shall be allocated between and

charged to the office and retail space of the Building on an equitable basis as determined by Landlord. For purposes of this Lease, Operating Expenses shall not include " Tax Expenses", interest expense, except as provided in clause (x) above, leasing commissions, depreciation on the improvements contained in the Building, except as provided in clause (ix) above, or the cost of capital expenditures not included in clause (x) above. The computation of Operating Expenses shall be made in accordance with generally accepted accounting principles. If during any Expense Year, the Building is on a monthly average less than ninety-five percent (95%) occupied, the Operating Expenses shall be increased to reflect the Operating Expenses of the Building as though it was on a monthly average ninety-five percent (95%) occupied and the additional rent shall be based upon the Operating Expenses so adjusted. Tenant shall only be responsible for the amortized amount of capital improvement falling within the Lease Term, plus the interest paid by Landlord in connection therewith, provided that the amount of such interest shall not exceed eight percent (8%) per year. For example, if the Lease Term is three (3) years and Landlord makes a capital improvement in the amount of $100,000 in order to comply with Newly Enacted Laws in the second Lease Year, and the useful life of such capital improvement is twenty (20) years, then Tenant would be liable for Tenant's Share in the amount of $5,000 (plus interest thereon as set forth above), in the second and third Lease Years. If the Operating Expenses for any Expense Year include a new Operating Expense which was not included in the Operating Expenses incurred by Landlord during the Base Year ("New Operating Expense"), then the Base Year Operating Expenses shall be adjusted to include the cost of the new Operating Expense that would have been incurred by Landlord had such New Operating Expense been incurred by Landlord during the Base Year, and Tenant shall only be liable for Tenant's Share of the increase, if any.

Operating Expenses shall not include: (i) capital expenditures (except as specifically enumerated above); (ii) costs of special services rendered to individual tenants (other than Tenant) for which a special charge is made; (iii) ground rent, and interest and principal payments on loans or indebtedness secured by the Building and/or the Real Property; (iv) costs of services or other benefits of a type which are not available to Tenant but which are available to other tenants or occupants, and costs for which Landlord is reimbursed by other tenants of the Building other than through payment by other tenants of increases in Operating Expenses and Tax Expenses; (v) leasing commissions, attorneys' fees and other expenses incurred in connection with leasing space in the Building or enforcing such leases; (vi) depreciation or amortization, other than as specifically enumerated above; (vii) costs incurred by Landlord to remove Hazardous Materials from the Building (other than to the extent such costs arise from actions in the nature of ordinary cleaning, repair and maintenance activities) and which were not brought to the Building by Tenant; and (viii) costs, fines or penalties incurred due to Landlord's violation of any Law.

Notwithstanding the foregoing, Tenant's Share of Operating Expenses shall not increase from year to year by more than four percent (4%) in excess of the Operating Expenses for the previous year, provided, however, except as otherwise noted below, there shall be no limitation or "cap" on the following Operating Expenses: (i) all utilities, (ii) all premiums for insurance coverage, including, without limitation, worker's compensation premiums, except Landlord shall not include in Operating Expenses any deductible payments Landlord must make under its policies for earthquake insurance, (iii) non-recurring maintenance and repairs, (iv) costs of complying with newly enacted laws, (vi) costs of licenses and permits, (vii) Tax Expenses, and (viii) increases in any other Operating Expenses where such increases are outside the control of Landlord. As to subcategory (iii) referenced in this paragraph, each individual non-recurring maintenance and repair expense costing $25,000 or less will be charged to Tenant in the year such expense was incurred; each such expense costing more than $25,000 but less than $50,000 will be amortized and charged to Tenant over a period of years, based upon a depreciation/amortization schedule reasonably determined by Landlord; and each such expense costing more than $50,000 will be treated as a capital expense to be absorbed solely by Landlord, and will not be charged to Tenant.

4.4.2.5 "Tax Expenses" shall include, but not be limited to, any and all present and future general real property, personal property and improvement taxes, any form of assessment, bonded indebtedness, reassessment, license fee, license tax, business license tax, commercial rental tax, in lieu tax, levy, charge, penalty or similar imposition, whatsoever or at all imposed by any authority having the direct power to tax, including any city, county, state or federal government, or any school, agricultural, lighting, drainage or other improvement or special assessment district thereof, or any agency or public body, as against any legal or equitable interest of Landlord in the Real Property, which are paid or incurred by Landlord, and which shall include, but not be limited to, the following:

(i) Any tax on Landlord's rent, right to rent or other income from the Real Property or as against Landlord's business of leasing any of the Real Property, but specifically excluding Landlord's federal or state income, franchise, inheritance or estate taxes;

(ii) Any assessment, tax, fee, levy or charge in addition to, or in substitution, partially or totally, of any assessment, tax, fee, levy or charge previously included within the definition of real property tax, it being acknowledged by Tenant and Landlord that Proposition 13 was adopted by the voters of the State of California in the June 1978 election and that assessments, taxes, fees, levies and charges may be imposed by governmental agencies for such services as fire protection, street, sidewalk and road maintenance, refuse removal and for other governmental services formerly provided without charge to property owners or occupants. It is the intention of Tenant and Landlord that all such new and increased assessments, taxes, fees, levies, and charges and all similar assessments, taxes, fees, levies and charges be included within the definition of real property taxes for the purposes of this Lease, including any increase in real property taxes which are assessed due to the sale and/or the leasing of the Real Property and/or the Building or any portion thereof or any interest therein and/or the sale or transfer of any interest in the Landlord;

(iii) Any assessment, tax, fee, levy, or charge allocable to or measured by the area of the Premises or the rent payable hereunder, including, without limitation, any gross income tax with respect to the receipt of such rent, or upon or with respect to the possession, leasing, operating, management, maintenance, alteration, repair, use or occupancy by Tenant of the Premises, or any portion thereof; and

(iv) Any assessment, tax, fee, levy or charge, upon this transaction or any document to which Tenant is a party, creating or transferring an interest or an estate in the Premises.

With respect to any assessment that may be levied against or upon the Real Property and that under the laws then in force may be evidenced by improvement or other bonds, or may be paid in annual installments, there shall be included within the definition of real property taxes with respect to any tax fiscal year only the amount currently payable on such bonds, including interest, for such tax fiscal year, or the current annual installment for such tax fiscal year.

4.4.3 Calculation of Excess. If, for any Expense Year ending or commencing within the Lease Term, Tenant's Share of Direct Expenses for such Expense Year exceeds Tenant's Share of any payments made by Tenant during such Expense Year pursuant to the Estimate Statement, then Tenant shall pay to Landlord, in the manner as set forth in Section 4.4.4, below, and as additional rent, an amount equal to such excess (the "Excess"). If the Lease Term falls partially within an Expense Year, the Excess calculated for such partial year shall be equitably prorated based upon a 360 day year.

4.4.4 Statement of Actual Direct Expenses. Landlord shall endeavor to give to Tenant on or before the first day of March following the end of each Expense Year, a statement (the "Statement") which shall state the Direct Expenses incurred or accrued for such preceding Expense Year, and which shall indicate the amount, if any, of any Excess. Upon receipt of the Statement for each Expense Year ending during the Lease Term, if an Excess is present, Tenant shall pay, with its next installment of Monthly Base Rent due, the full amount of the Excess for such Expense Year, less the amounts, if any, paid during such Expense Year as Estimated Excess. The failure of Landlord to timely furnish the Statement for any Expense Year shall not prejudice Landlord from enforcing its rights under this Article 4.

Even though the Lease Term has expired and Tenant has vacated the Premises, when the final determination is made of Tenant's Share of the Direct Expenses for the Expense Year in which this Lease terminates, if an Excess is present, Tenant shall immediately pay to Landlord an amount as calculated pursuant to the provisions of Section 4.4.2 above, and, conversely, if an overpayment is present, an amount as calculated pursuant to the provisions of Section 4.4.2, above, shall be immediately rebated by Landlord to Tenant, less any amounts otherwise owing from Tenant to Landlord. The provisions of this paragraph shall survive the expiration or earlier termination of the Lease Term.

4.4.5 Statement of Estimated Direct Expenses. In addition, Landlord shall endeavor to give Tenant a yearly expense estimate statement ("Estimate Statement") which shall set forth Landlord's reasonable

estimate (the "Estimate") of what the total amount of Direct Expenses for the then current Expense Year shall be and the estimated excess (the "Estimated Excess") as calculated by Landlord based upon Tenant's Share of Direct Expenses. The failure of Landlord to timely furnish the Estimate Statement for any Expense Year shall not preclude Landlord from enforcing its rights to collect any Excess under this Article 4. If pursuant to the Estimate Statement an Estimated Excess is calculated for the then current Expense Year, Tenant shall pay, with its next installment of Monthly Base Rent due, a fraction of the Estimated Excess for the then Expense Year, which fraction shall have as its numerator the number of months which have elapsed in such current Expense Year to the month of such payment, both months inclusive, and which fraction shall have 12 as its denominator. Until a new Estimate Statement is furnished, Tenant shall pay monthly, with the Monthly Base Rent installments, an amount equal to one-twelfth (1/12) of the total Estimated Excess.

4.5 Taxes and Other Charges for Which Tenant is Directly Responsible. Tenant shall reimburse Landlord upon demand for all taxes required to be paid by Landlord (excluding state, local and federal personal or corporate income taxes measured by the net income of Landlord from all sources and estate and inheritance taxes), when:

(a) Tenant shall pay prior to delinquency all taxes assessed against and levied upon trade fixtures, furnishings, equipment and all other personal property of Tenant contained in the Premises or elsewhere; and

(b) If any of Tenant's personal property shall be assessed with Landlord's real property, Tenant shall pay to Landlord the taxes attributable to Tenant within ten (10) days after receipt of a written statement setting forth the taxes applicable to Tenant's property.

If it shall not be lawful for Tenant to reimburse Landlord for the items specified in this Section 4.4, then Landlord may increase the Monthly Base Rent to net Landlord the same rent after imposition of any such tax upon Landlord as would have been payable to Landlord if such tax had not been imposed.

4.6 Other Additional Rent. Any service provided by Landlord to Tenant with Tenant's written approval for such service that is not a standard operating expense will be charged to Tenant as additional rent and paid by Tenant on a monthly basis along with the Monthly Base Rent. An example of such an expense is bio medical waste removal commonly known as "redbag" or "sharps" removal services.

4.7 Dispute. In the event of any dispute as to additional rental due under this Article 4, Tenant may, after reasonable notice and at reasonable times, to inspect Landlord's records at Landlord's office. If after such inspection, Tenant still disputes such additional rental, a certification as to the proper amount shall be made, at Tenant's expense, by Landlord's independent certified public accountant, which certification shall be final and conclusive.

ARTICLE 5

SECURITY DEPOSIT

Upon the earlier of Tenant's execution of this Lease or the Lease Commencement Date, Tenant shall deposit with Landlord a Security Deposit in the amount set forth in Article 1 of this Lease. If Tenant defaults with respect to any provisions of this Lease, Landlord may (but shall not be required to) use, apply or retain any or all of the Security Deposit and apply it toward the default, or to pay any amount that Landlord may spend by reason of Tenant's default, or to compensate Landlord for any other loss that Landlord may suffer by reason of Tenant's default. If the Security Deposit is so used or applied, Tenant shall, within five (5) days after written demand therefor, deposit cash with Landlord in an amount sufficient to restore the Security Deposit to its original amount, and Tenant's failure to do so shall be a default under this Lease. If Tenant shall fully and faithfully perform every provision of this Lease, the Security Deposit, or any balance thereof, shall be returned to Tenant (or, at Landlord's option, to the last assignee of Tenant's interest hereunder) within sixty (60) days following the expiration of the Lease Term. Tenant waives the provisions of Section 1950.7 of the California Civil Code.

ARTICLE 6

USE

6.1 Tenant covenants that Tenant shall use the Premises solely for medical office purposes and in compliance with the Rules and Regulations set forth in Exhibit B, attached hereto, and shall not use nor permit the Premises to be used for any other purpose without the prior written consent of Landlord, or in violation of the laws of the United States of America, the State of California, or the ordinances, regulations or requirements of the local municipal or county governing body or other lawful authorities having jurisdiction over the Building. Tenant acknowledges that Tenant has received copies of, read and understands all of the provisions of the Rules and Regulations.

6.2 Intentionally Omitted.

6.3 Additionally, the Premises shall not be used for clinical laboratory tests (except for routine tests performed by a physician who is not a pathologist in his or her own office); any invasive or noninvasive imaging or x-ray procedures (except for routine procedures by a physician in his or her own office for his or her own patients, i.e., not referred to such physician solely for an imaging procedure); C.T. Scan, NMR (MRI), and similar imaging procedures; physical therapy; or outpatient surgery (except for simple procedures typically performed in a medical office not equipped or held out as being a surgicenter, and performed for the physician's own patients in his or her own office in connection with the physician's medical specialty).

6.4 If Tenant is a general partnership, then the general partners of Tenant, or if Tenant is a corporation, then the shareholders of Tenant, or if Tenant is an unincorporated association or a medical association, then the members of Tenant, or if Tenant is one or more individuals, then such individuals constituting Tenant, shall be comprised solely of practitioners of the healing arts who are members in good standing of the medical, dental and allied health staffs of Seton Medical Center (the "Qualified Occupants"). Tenant shall also be responsible, at its sole cost to obtain all operating permits, licenses and governmental approvals necessary for the operation of Tenant's Use and to determine that the Premises and Building are suitable for Tenant's Use (including, without limitation, zoning and capacity of the Building's systems); and neither Landlord nor its agents has made any representations or warranties as to the suitability of the Premises or the Building for Tenant's Use or that Tenant's Use is permitted under current zoning or other applicable laws. Tenant acknowledges that the Building currently contains or may in the future contain tenants who conduct medical and other related uses in their respective premises and Tenant accepts all conditions associated with such uses.

6.5 Except as permitted under Section 6.3 above, Tenant specifically agrees not to engage in or permit the Premises to be used for the practice of radiology or pathology, or to maintain any x-ray, or other electrical or electromagnetic medical equipment, machines or devices, radiation therapy, nuclear medicine, diagnostic ultrasound, clinical laboratory, pathology laboratory (except for tests performed by a physician who is not a pathologist in his or her own office), or physical therapy office or practice in the Premises without the prior written consent of Landlord, which consent may be withheld in Landlord's sole discretion. Tenant also agrees not to dispense drugs, eyeglasses, surgical devices or medicine except to Tenant's own patients as an incidental part of, and in the ordinary course of business of, Tenant's practice. Tenant shall not allow any patient to reside in or remain in the Premises on an overnight or in-patient basis. Tenant shall not use any apparatus, machinery or device in or about the Premises which would make any noise or set up any vibration outside of the Premises. Tenant shall not connect with electric wires, water or air pipes any apparatus, machinery or device not shown on suite improvement plans without the prior written consent of Landlord. All walls, ceilings, floors and doors of any rooms used for examination, diagnosis, testing or therapy shall be properly shielded and shall comply with all applicable rules, regulations, ordinances and other requirements .

6.6 Tenant agrees to conduct the practice of Tenant's profession in the Premises in compliance with the Code of Ethics of Tenant's professional association. It shall constitute an incurable default under this Lease (an "Ethical or Criminal Violation") if Tenant or any Qualified Occupant pleads guilty to or there is a final judicial determination that Tenant or any Qualified Occupant committed a crime, or if Tenant or any Qualified Occupant pleads guilty to or there is a final determination that Tenant or any Qualified Occupant committed a violation of the Code of Ethics of Tenant's professional association, and Landlord shall have no obligation to inquire into any facts related thereto.

ARTICLE 7

SERVICES AND UTILITIES

7.1 Landlord's Obligations. Landlord shall furnish to the Premises during reasonable hours of generally recognized business days (Monday through Friday – 8:00 a.m. to 6:00 p.m. and Saturdays – 8:00 a.m. to - 2:00 p.m.), which may be changed from time to time by Landlord, heating, air conditioning and ventilation required in Landlord's judgment for the comfortable use and occupation of the Premises, elevator and janitorial service, and water for lavatory and drinking purposes. Landlord shall also maintain and keep lighted the common stairs, common entries and restrooms in the common areas of the Building. Landlord's operation and delivery of services to the Building and the Premises shall be in a manner consistent with other comparable office buildings located in the County of San Mateo, California. Landlord shall, at its sole cost and expense, arrange for, and pay for, all basic janitorial services for the Premises as described in Exhibit D attached hereto and, the hooking up of electrical and gas utilities to the Premises, if separately metered and to pay for all electrical and gas utilities not directly metered to Tenant on the Premises. Any utilities used after the specified recognized business hours shall be billed as additional rent at a rate of $35.00 per hour in the first year of the Lease Term and adjust annually based upon Landlord's reasonable estimate of the annual cost thereafter. Any special janitorial services shall be coordinated by Landlord and billed to Tenant as additional rent at the cost billed by the provider plus an administrative fee of 15%.

7.2 Interruption of Services and Utilities. Landlord shall not be liable for, and Tenant shall not be entitled to any reduction of the Monthly Base Rent or any additional rent by reason of, Landlord's failure to furnish any of the services or utilities described in Section 7.1, when such failure is caused by acts of God, accident, breakage, repairs, strikes, lockouts or other labor disturbances or disputes, unavailability of materials or labor, or by any other cause beyond the control of Landlord, or by rationing or restrictions on the use of said services and utilities due to energy shortages, or the making of repairs, alterations or improvements to the Premises or Building, or by any other causes. Landlord shall not be liable for a loss of, or injury to, property, or for injury to, or interference with, Tenant's business, including, without limitation, loss of profits, related to a failure to furnish any of the foregoing services or utilities. Landlord shall be entitled to cooperate voluntarily in a reasonable manner with the efforts of national, state or local governmental bodies or of suppliers of utilities in reducing energy or other resources consumption, and Tenant shall not be relieved of its obligation to pay the Monthly Base Rent or any additional rent by reason thereof. Landlord shall also have the exclusive right, but not the obligation, to provide any additional services which may be required by Tenant, including, without limitation, lock smith services, lamp replacement, additional janitorial service, additional repairs and maintenance, provided that Tenant shall pay to Landlord as additional rent upon billing, the sum of all costs to Landlord of such additional services plus a fifteen percent (15%) administration fee.

7.3 Tenant's Use of Utilities and Services. Tenant shall not, without Landlord's prior written consent, use heat generating machines or other than normal fractional horsepower office machines, or equipment or lighting other than building standard lights in the Premises which may affect the temperature otherwise maintained by the air conditioning system or increase the water normally furnished for the Premises. If such consent is given, Landlord shall have the right to install supplementary air conditioning units or other facilities in the Premises including supplementary or additional metering devices and Tenant shall pay Landlord the cost thereof, including the cost of installation, operation and maintenance, increased wear and tear on existing equipment and other similar charges, upon billing by Landlord. If Tenant uses water, electricity, heat or air conditioning in excess of normal office use, Landlord may install devices to separately meter any increased use and in such event Tenant shall pay the increased cost directly to Landlord, on demand, including the cost of such additional metering devices. Tenant shall not, without Landlord's prior written consent, install additional lighting or equipment requiring electric current to be supplied to the Premises in excess of the aggregate at any time of three (3) watts per square foot of rentable square

feet of the Premises. If such consent is given, Tenant shall pay to Landlord, upon billing, the cost of such excess consumption. If Tenant desires to use heat, ventilation or air conditioning during hours other than those for which Landlord is obligated to supply such utilities pursuant to the terms of Section 7.1 of this Lease, Tenant shall give Landlord prior notice, as Landlord shall from time to time establish as appropriate, of Tenant's desired use and Landlord shall supply such utilities to Tenant at such hourly cost to Tenant as Landlord shall from time to time establish. Amounts payable by Tenant to Landlord for such use of additional utilities shall be deemed additional rent hereunder.

ARTICLE 8

INDEMNITY AND INSURANCE

8.1 Indemnification and Waiver. Landlord shall not be liable for and Tenant hereby waives all claims against Landlord for damage to any property or injury, illness or death of any person in, upon, or about the Premises and/or the Real Property arising at any time, other than damages proximately caused by the gross negligence or willful misconduct of Landlord or its agents and employees. Tenant shall indemnify, defend, and protect Landlord, and hold Landlord harmless from any and all loss, cost, damage, expense and liability (including without limitation court costs and reasonable attorneys' fees) incurred in connection with the Premises, including, without limitation, the following: (i) any default by Tenant in the observance or performance of any of the terms, covenants or conditions of this Lease on Tenant's part to be observed or performed; (ii) the use or occupancy of the Premises by Tenant or any person claiming by, through or under Tenant; (iii) the condition of the Premises or any occurrence or happening on the Premises from any cause whatsoever; or (iv) any acts, omissions or negligence of Tenant or any person claiming by, through or under Tenant, or of the contractors, agents, servants, employees, visitors or licensees of Tenant or any such person, in, on or about the Premises or the Real Property, either prior to, during, or after the expiration of the Lease Term, including, without limitation, any acts, omissions or negligence in the making or performance of any alterations. Tenant further agrees to indemnify and save harmless Landlord, Landlord's agents, and the lessor or lessors under all ground or underlying leases, from and against any and all loss, cost, liability, damage and expense including, without limitation, reasonable attorneys' fees, incurred in connection with or arising from any claims by any persons by reason of injury to persons or damage to property occasioned by any use, occupancy, condition, occurrence, happening, act, omission or negligence referred to in the preceding sentence. The provisions of this Section 8.1 shall survive the expiration or sooner termination of this Lease with respect to any claims or liability the basis for which arose prior to such expiration or termination.

8.2 Fire and Casualty Insurance. Landlord shall maintain during the Lease Term a policy or policies of insurance insuring the Building against loss or damage due to fire and other casualties covered within the classification of fire and extended coverage, vandalism coverage and malicious mischief, sprinkler leakage, water damage and, at Landlord's option, special extended coverage on the Building. Such coverage in such amounts as Landlord may from time to time determine may include, at the option of Landlord, the risks of flood damage and additional hazards, a rental loss endorsement and one or more loss payee endorsements in favor of the holders of any mortgages or deeds of trust encumbering the interest of Landlord in the Real Property or the ground or underlying lessors of the Real Property. Tenant shall neither use the Premises nor permit the Premises to be used or acts to be done therein which will (i) increase the premium of any insurance described in this Section 8.2; (ii) cause a cancellation of or be in conflict with any such insurance policies; (iii) result in a refusal by insurance companies of good standing to insure the Building or the Real Property in amounts reasonably satisfactory to Landlord; or (iv) subject Landlord to any liability or responsibility for injury to any person or property by reason of any operation being conducted in the Premises. Tenant shall, at Tenant's expense, comply as to the Premises with all insurance company requirements pertaining to the use of the Premises. If Tenant's conduct or use of the Premises causes any increase in the Landlord's premium for such insurance policies, and such conduct is otherwise permitted by Landlord, then Tenant shall reimburse Landlord for any such increase. Tenant, at Tenant's expense, shall comply with all rules, orders, regulations or requirements of the American Insurance Association (formerly the National Board of Fire Underwriters) and with any similar body.

8.3 Tenant Insurance. Tenant shall obtain and maintain throughout the Lease Term at its own cost, a policy or policies of standard fire, extended coverage and special extended coverage insurance ("All Risks"), including a vandalism and malicious mischief endorsement, sprinkler leakage coverage and earthquake sprinkler leakage in an amount equal to the full replacement value new without deduction for depreciation of all fixtures,

furniture and leasehold improvements installed by or at the expense of Tenant and all alterations and additions thereto, and replacement cost insurance on all plate or tempered glass in or enclosing the Premises.

8.4 Public Liability Insurance. Tenant shall obtain and maintain throughout the Lease Term, at its own cost, comprehensive general liability insurance, including public liability and property damage insurance in the amount of One Million Dollars ($1,000,000) per person or occurrence and Three Million Dollars ($3,000,000) in the aggregate for personal injuries or deaths of persons occurring in or about the Premises including a Broad Form Comprehensive General Liability endorsement covering the insuring provisions of this Lease and the performance of Tenant of the indemnity agreements set forth in Section 8.1.

8.5 Additional Insurance Obligations. Tenant shall carry and maintain during the entire Lease Term, at Tenant's sole cost, such other reasonable types of insurance coverage and in such reasonable amounts covering the Premises and Tenant's operations therein, as may be reasonably requested by Landlord.

8.6 Form of Policies. The minimum limits of policies of insurance required of Tenant under this Lease shall in no event limit the liability of Tenant under this Lease. Such insurance shall: (i) name Landlord, and any other party which it so specifies, as a named insured; (ii) specifically cover the liability assumed by Tenant under this Lease, including, but not limited to, Tenant's obligations under Section 8.1; (iii) be issued by an insurance company having a rating of not less than A-VII in Best's Insurance Guide or which is otherwise acceptable to Landlord and licensed to do business in the State of California; (iv) be primary insurance as to all claims thereunder and that any insurance carried by Landlord is excess and non-contributing with any insurance requirement of Tenant; (v) provide that said insurance shall not be cancelled or coverage changed unless thirty (30) days' prior written notice shall have been given to Landlord and any mortgagee of Landlord's; and (vi) contain a cross liability endorsement or severability of interest clause acceptable to Landlord. Tenant shall deliver said policy or policies certificates thereof to Landlord on or before the Lease Commencement Date and at least thirty (30) days before the expiration dates thereof. In the event Tenant shall fail to procure such insurance, or to deliver such policies or certificate, Landlord may, at its option, procure such policies for the account of Tenant, and the cost thereof shall be paid to Landlord as additional rent within five (5) days after delivery to Tenant of bills therefor.

8.7 Subrogation. Landlord and Tenant agree to have their respective insurance companies issuing property damage insurance waive any rights of subrogation that such companies may have against Landlord or Tenant, as the case may be, so long as the insurance carried by Landlord and Tenant, respectively, is not invalidated thereby. As long as such waivers of subrogation are contained in their respective insurance policies, Landlord and Tenant hereby waive any right that either may have against the other on account of any loss or damage to their respective property to the extent such loss or damage is insurable under policies of insurance for fire and all risk coverage, theft, public liability, worker's compensation or other similar insurance.

ARTICLE 9

TENANT IMPROVEMENTS/ALTERATIONS

9.1 Improvements/Alterations. Tenant acknowledges that (i) Landlord shall not be obligated to make any improvements, alterations, additions or changes to the Premises, before or after the Lease Commencement Date; and (ii) Tenant accepts the Premises "as is", based on Tenant's prior use and possession thereof. Notwithstanding the foregoing, Landlord agrees that Tenant may, at its own cost and expense and after giving Landlord at least thirty (30) days' prior notice in writing of its intention to do so, and before such time as Tenant has obtained engineering specifications, from time to time during the Lease Term, make such improvements, alterations, additions, and changes in and to the interior of the Premises (except those of a structural nature) as Tenant may find necessary or convenient for its purposes, provided that the value of the Premises is not thereby diminished, but Tenant shall not make any improvements, alterations, additions or changes to the Premises without first procuring the prior written consent of Landlord. Notwithstanding the foregoing, Tenant may make cosmetic alterations to the Premises using Building standard materials at its sole cost and expense upon prior written notice to Landlord (but without Landlord's consent, up to an aggregate cost of $10,000 per year. If Tenant's actions are otherwise in compliance with this Article 9, all improvements, fixtures and/or equipment which Tenant may install or place in or about the Premises, and all improvements, alterations, repairs or changes to the Premises, and all signs installed in, on or about the Premises, from time to time, shall be at the sole cost of Tenant and shall be and become the property of

Landlord, except that Landlord may, by written notice to Tenant given at least thirty (30) days prior to the end of the Lease Term, require Tenant at Tenant's expense to remove all partitions, counters, railings and the like installed by Tenant, and to repair any damage to the Premises caused by such removal. Landlord shall be without any obligation in connection therewith. Tenant hereby indemnifies and holds Landlord harmless from any liability, cost, obligation, expense or claim of lien in any manner relating to the installation, placement, removal or financing of any such improvements, alterations, repairs, changes, improvements, fixtures and/or equipment in, on or about the Premises.

Tenant shall not permit any lien or encumbrance of any kind to be attached to or be placed upon the Real Property, the Building or the Premises, and any and all liens and encumbrances created by Tenant shall attach to Tenant's interest only. Landlord shall have the right at all times to post and keep posted on the Premises any notice which it deems necessary for protection from such liens. Tenant covenants and agrees not to suffer or permit any lien of mechanics or material men or others to be placed against the Real Property, the Building or the Premises with respect to work or services claimed to have been performed for or materials claimed to have been furnished to Tenant or the Premises, and, in case of any such lien attaching or notice of any lien, Tenant covenants and agrees to send prompt notice to Landlord of any such lien and cause such lien to be immediately released and removed of record. If such lien is not released and removed on or before the date occurring five (5) days after notice of such lien is delivered by Landlord to Tenant, Landlord, at its sole option, may immediately take all action necessary to release and remove such lien, without any duty to investigate the validity thereof, and all sums, costs and expenses, including reasonable attorneys' fees and costs, incurred by Landlord in connection with such lien shall be deemed additional rent due under this Lease and shall immediately be due and payable.

9.2 Manner of Construction. Landlord may impose, as a condition of its consent to all improvements, alterations, repairs or changes of the Premises on or about the Premises, such requirements as Landlord in its sole discretion may deem desirable, including, but not limited to, the requirement that Tenant utilize only contractors, materials, mechanics and material men approved by Landlord. Tenant shall construct such improvements, alterations or repairs in conformance with all applicable rules and regulations of any federal, state, county or municipal code or ordinance and pursuant to a valid building permit, issued by the City of Daly City. A contractor of Landlord's selection shall perform all mechanical, electrical, plumbing, air conditioning, permanent partition and ceiling tile work, and such work shall be performed at Tenant's cost. If Tenant orders any construction, alteration, decorating or repair work directly from Landlord, or from the contractor selected by Landlord, the charges for such work shall be deemed additional rent under this Lease, payable upon billing therefor, either periodically during construction or upon the substantial completion of such work, at Landlord's option. All work with respect to any alterations, additions or changes must be done in a good and workmanlike manner and diligently prosecuted to completion to the end that the Premises shall at all times be a complete unit except during the period of work. Upon completion of any improvements, alterations, additions or changes, Tenant shall cause a Notice of Completion to be recorded in the office of the Recorder of the County of San Mateo in accordance with Section 3093 of the Civil Code of the State of California or any successor statute, and Tenant shall deliver to the Building management office a copy of the "as built" drawings of the improvements. Any such alterations, additions or changes shall be performed and done strictly in accordance with the laws and ordinances relating thereto. In performing the work of any such improvements, alterations, additions or changes, Tenant shall have the work performed in such manner as not to obstruct the access to the Building or common areas to any other tenant of the Building, and to not unreasonably interfere with the normal business operations of other tenants in the Building.

9.3 Construction Insurance. If Tenant shall make any permitted improvements, alterations, additions or changes to the Premises, in compliance with the terms and provisions of this Article 9, Tenant shall carry "Builder's All Risk" insurance in an appropriate amount covering the construction of such work, and such other insurance as Landlord may require, it being understood and agreed that all of such improvements, alterations, additions or changes shall be insured by Tenant pursuant to Section 8.3 of this Lease immediately upon completion thereof. In addition, Landlord may, in its discretion, require Tenant to obtain a lien and completion bond or some alternate form of security satisfactory to Landlord in an amount to ensure the lien-free completion of such work.

ARTICLE 10

SIGNS

10.1 No sign, placard, picture, advertisement, handmade sign, name or notice shall be inscribed, displayed, printed or affixed on or to any part of the outside or inside of the Building without the prior written consent of Landlord. Landlord shall have the right to remove any sign, placard, picture, advertisement, name or notice not consented to by Landlord without notice to and at the sole expense of Tenant. All approved signs or lettering on doors shall be printed, painted, affixed or inscribed at the sole expense of Tenant by a person approved by Landlord.

ARTICLE 11

ASSIGNMENT AND SUBLETTING

11.1 Restrictions. Tenant shall not transfer, assign, sublet, mortgage or otherwise hypothecate this Lease, or Tenant's interest in and to the Premises, nor enter into any license or concession agreements with respect thereto, (hereinafter collectively referred to as a "Transfer") without first procuring the written consent of Landlord, which consent shall not unreasonably withheld, delayed or conditioned by Landlord. Any such attempted Transfer without Landlord's prior written consent shall be void and of no force or effect and shall not confer any interest or estate in the purported transferee, (the "Transferee") and shall at Landlord's option constitute an incurable default under this Lease.

The parties hereby agree that it shall be reasonable under this Lease and under any applicable law for Landlord to withhold, delay or condition consent to any proposed Transfer where one or more of the following applies (without limitation as to other reasonable grounds Landlord may have to withhold, delay or condition its consent): (i) the Transferee is of a character or reputation or engaged in a business which is not consistent with the quality of the Building, or would be a significantly less prestigious occupant of the Building than Tenant; (ii) the Transferee intends to use the Premises for purposes which are not permitted under this Lease; (iii) the Transfer will result in more than a reasonable and safe number of occupants per floor within the Premises, or will result in insufficient parking for the Building; (iv) the Transferee is either a government (or agency or instrumentality thereof) or is already an occupant of the Building; (v) the Transfer will involve any transaction other than an assignment of the Lease for the entire Premises and the remaining Term, or a sublease of all or a portion of the Premises for a term of at least one year, or such lesser time as may remain in the Term; (vi) the proposed Transferee is not solvent or does not have unencumbered assets having a value at least equal to twice the anticipated amount of monetary obligations to be assumed in connection with or under the proposed Transfer; (vii) Tenant has committed a Default under this Lease which is not cured at the time Tenant requests consent to the proposed Transfer; (viii) the proposed Transfer would cause Landlord to be in violation of any other leases or agreements to which Landlord is a party, or would give any occupant of the Building a right to cancel its Lease; or (ix) the Transferee or any of its affiliates are direct or indirect competitors of Landlord or the Verity Health System of California, Inc. or any of its affiliates.

11.2 Procedure for Transfer. Should Tenant desire to make a Transfer, Tenant shall give written notice of its intention to do so ("Transfer Notice") to Landlord at least seventy five (75) days prior to the effective date of any such proposed Transfer, specifying in the Transfer Notice whether Tenant proposes to assign or sublet, or enter into license or concession agreements, and the proposed date thereof, and specifically identifying the proposed Transferee. Such Transfer Notice shall be accompanied, in the case of a subletting, license or concession agreement, by a copy of the proposed sublease, license or concession agreement, or if same is not available, a letter of commitment or a letter of intent, and any other documents or financial information Landlord may require in order to determine the suitability of the Transferee based upon the criteria set forth in Section 11.1 above. Landlord shall, within sixty (60) days after its receipt of such Transfer Notice and the other documents required to be furnished to Landlord or requested by Landlord , by mailing written notice to Tenant of its intention to (i) withhold consent to the Transfer, or (ii) consent to such Transfer upon conditions reasonably imposed by Landlord; or (iii) elect to terminate this Lease.

Landlord shall have the option, by giving written notice to Tenant within thirty (30) days after receipt of any Transfer Notice to recapture the portion of the Premises that is subject to the Transfer. Such recapture notice shall cancel and terminate this Lease with respect to the portion of the Premises that is subject to the Transfer as of the effective date of the proposed Transfer until the last day of the term of the Transfer as set forth in the Transfer Notice. In the event of a recapture by Landlord, if this Lease shall be canceled with respect to less than the

entire Premises, the rent reserved herein shall be prorated on the basis of the number of rentable square feet retained by Tenant in proportion to the number of rentable square feet contained in the Premises, and this Lease as so amended shall continue thereafter in full force and effect, and upon request of either party, the parties shall execute written confirmation of the same.

11.3 Effect of a Transfer. A condition to any transfer is the Transferee must agree to comply with and be bound by all of the terms, covenants, conditions, of this; and Tenant shall deliver to Landlord promptly after execution an executed copy of each such Transfer document and an agreement of compliance by each such Transferee. No Transfer of this Lease or agreement entered into with respect thereto, with or without Landlord's consent, shall relieve Tenant or any guarantor of the Lease from liability under this Lease or a guaranty of this Lease.

11.4 Transfer Rent Adjustment. If Landlord consents to a Transfer of all or any portion of the Premises (the "Transfer Space"), then the Tenant shall pay Landlord monthly, as additional rent, at the same time as the Monthly Base Rent required hereunder, fifty percent (50%) of the "Profit" payable by the Transferee pursuant to the terms reserved in the assignment or sublease. For purposes of this Section 11.4, "Profit" shall mean the difference between (i) all rent and other amounts payable by the Transferee to Tenant under the assignment or sublease, less the reasonable amount of Tenant's Subleasing Costs, as hereafter defined, and (ii) the Monthly Base Rent and additional rent or pro rata portion of the Monthly Base Rent and additional rent, for the Transfer Space payable to Landlord in this Lease. Tenant's Subleasing Costs shall mean only that portion of Tenant's actual expenditures which are reasonable and customary in the subleasing market in which the Building is located (i) to rehabilitate or improve the Transfer Space for Transferee and (ii) for brokerage fees. For purposes of calculating the Profit on a monthly basis, Tenant's Subleasing Costs shall be deemed to be expended by Tenant in equal monthly amounts over the entire term of the sublease or assignment.

In addition to the foregoing, in the event Tenant shall make a permitted Transfer hereunder, fifty percent (50%) of the dollar amount of the funds or property, other than Monthly Base Rent and additional rent due from Transferee to Tenant as consideration for the Transfer (the "Transfer Consideration"), shall be deemed additional rent owed to Landlord by Tenant under this Lease. Transfer Consideration shall include, but not to be limited to key money, bonus money payment on account of the leasehold interest being acquired by Transferee, payment in excess of fair market value for services rendered by Transferee to Tenant, assets, fixtures, inventory, accounts, goodwill, equipment, furniture, general intangibles, capital stock or equity ownership.

11.5 Reimbursement of Landlord's Fees and Costs. In addition to the amounts due to Landlord under Section 11.4 above, and regardless of whether Landlord consents to or rejects the proposed Transfer, Tenant shall reimburse Landlord for all reasonable costs and expenses (including attorneys' fees and costs) Landlord incurs to analyze whether to consent to the Transfer, review and analyze all documents required and provided, determine all amounts due to Landlord under Section 11.4 and document the Transfer and Landlord's consent thereto.

11.6 Required Documents. Each permitted Transfer shall be evidenced by a written instrument in form satisfactory to Landlord, executed by Tenant and the Transferee, under which the Transferee shall agree in writing for the benefit of Landlord to assume, to perform and to abide by all of the terms, covenants and conditions of this Lease imposed upon Tenant.

11.7 Merger and Consolidation. If Tenant is a corporation which, under applicable laws, rules or guidelines, is not deemed to be a public corporation, or is an unincorporated association, a limited liability company or partnership, the transfer, assignment or hypothecation, in the aggregate of more than twenty-five percent (25%) of the total outstanding stock or interest in such corporation, association, limited liability company, or partnership shall be deemed a Transfer under this Article 11. If Tenant is a partnership or limited liability company, a permitted withdrawal or change, whether voluntary, involuntary, or by operation of law, of partners or members owning an aggregate of more than twenty-five percent (25%) of the limited liability company or the partnership or the dissolution of the limited liability company or the partnership, shall be deemed a Transfer under this Article 11.

11.8 Effect of Transfer. If Landlord consents to a Transfer, (i) the terms and conditions of this Lease shall not be deemed to have been waived or modified, (ii) such consent shall not be deemed consent to any further Transfer by either Tenant or a Transferee, (iii) Tenant shall deliver to Landlord, promptly after execution, an

original executed copy of all documentation pertaining to the Transfer in form reasonably acceptable to Landlord, (iv) Tenant shall furnish upon Landlord's request a complete statement, certified by an independent certified public accountant, or Tenant's chief financial officer, setting forth in detail the computation of any Profit or other Transfer Consideration Tenant has derived and shall derive from such Transfer, and (v) no Transfer relating to this Lease or agreement entered into with respect thereto, shall relieve Tenant or any guarantor of the Lease from liability under this Lease. Landlord or its authorized representatives shall have the right at all reasonable times to audit the books, records and papers of Tenant relating to any proposed Transfer, and make copies thereof. If the Profit or other Transfer Consideration respecting any Transfer shall be found understated, Tenant shall, within thirty (30) days after demand, pay the deficiency and Landlord's costs of such audit, and if understated by more than ten percent (10%), Landlord shall have the right to cancel this Lease upon thirty (30) days' notice to Tenant and the proposed Transferee.

ARTICLE 12

REPAIRS AND MAINTENANCE

12.1 Landlord's Maintenance Obligations. Except as provided in Article 13 , Landlord shall repair and maintain, and pursuant to Section 4.3, charge Tenant its Tenant's Share for the cost for Landlord to repair and maintain, all of the common areas (including parking facilities for the Building), public areas, and structural portions of the Building, including the exterior walls, under flooring and roof, basic plumbing including any interior lavatories in the Premises, heating, air conditioning and electrical systems and fire and life safety systems, including the replacement of light bulbs and/or fluorescent tubes and ballasts for standard overhead fixtures (all specialized lighting fixtures shall be maintained at the sole cost and expense of Tenant) installed or furnished by Landlord, unless such maintenance and repair becomes necessary in whole or in part due to the act, neglect, fault or omission of any duty by Tenant, its employees, agents, customers or invitees, or due to damage caused by a breaking and entering into the Premises, in which case Tenant shall pay to Landlord the entire cost of such maintenance and repair. The Monthly Base Rent and any additional rent shall not be reduced and Landlord shall not be liable under any circumstances for a loss of or injury to property, loss of profits, or for injury to or interference with Tenant's business arising from or in connection with the making of or Landlord's failure to make any repairs, maintenance, alterations or improvements in or to any portion of the Building or in or to fixtures, appurtenances and equipment therein; provided that Tenant shall be entitled to a reduction of the Monthly Base Rent and additional rent by reason of Landlord's failure to make any repair or to perform any maintenance required on the part of Landlord hereunder when such failure shall persist for an unreasonable period of time after notice of the need for such repair or maintenance is given to Landlord by Tenant. Tenant waives and releases its right to make repairs at Landlord's expense under Sections 1941 and 1942 of the California Civil Code or under any similar law, statute, or ordinance.

12.2 Tenant's Maintenance Obligations. In accordance with the terms of Article 9, Tenant shall keep the Premises in good and sanitary condition and repair the Premises at Tenant's sole cost and expense, except as provided in Section 12.1 above. Should Tenant fail to maintain the Premises in good and sanitary condition, then Landlord may provide written notice of Tenant's need to remedy the deficiency and ten (10) days to cure such deficiency. Thereafter, Landlord may service the Premises at Tenant's expense and charge Tenant additional rent for such services. Subject to Section 12.1, should any standard or regulation now or hereafter be imposed on Landlord or Tenant by a state, federal or local governmental body charged with the establishment, regulation and enforcement of occupational, health or safety standards for employers, employees, landlords or tenants, then Tenant agrees, at its sole cost and expense, to comply promptly with such standards or regulations.

ARTICLE 13

DAMAGE OR DESTRUCTION

13.1 Termination and Restoration. Tenant shall promptly notify Landlord of any damage to the Premises resulting from fire or any other casualty. If, at any time during the Lease Term except during the last twenty-four (24) months thereof, the Premises or the Building are damaged by fire or other casualty insured against by Landlord's insurance which Landlord maintains pursuant to the terms of Section 8.2 of this Lease, and Landlord's mortgagee makes such proceeds available to Landlord for repair, Landlord shall forthwith repair the same to the extent of such insurance proceeds, subject to the provisions of this Article 13 provided that such repairs

can, in Landlord's opinion, be made within three hundred sixty-five (365) days of such damage, and in such event this Lease shall remain in full force and effect. If such repairs cannot, in Landlord's opinion, be substantially completed within three hundred sixty-five (365) days of such damage, or if insurance proceeds made available to Landlord are not sufficient to cover 95% of the full unamortized replacement cost of the damage to the Premises and the Building, Landlord, at its option, shall, by written notice to Tenant given within sixty (60) days after the date of such damage, either: (i) elect to restore or repair such damage, this Lease continuing in full force and effect, or (ii) terminate this Lease as of a date specified in such notice, which date shall not be less than thirty (30) nor more than sixty (60) days after the date such notice is given. If such fire or other casualty shall have damaged the Premises or common areas necessary to Tenant's occupancy, and if such damage is not the result of the negligence or willful misconduct of Tenant or Tenant's employees, contractors, licensees, or invitees, then during the period from the date of the damage until Landlord has completed its repairs, Tenant shall be entitled during the period that Landlord is restoring the damaged areas to a reduction in the Monthly Base Rent and additional rent in the proportion that the rentable square feet of the Premises rendered unusable as a result of such damage bears to the total rentable square feet of the Premises. Landlord shall not be required to repair any injury or damage to or to make any repairs or replacements of any alterations or any other improvements installed in the Premises by or for Tenant, other than where defined, and Tenant shall at Tenant's sole cost and expense, repair and restore all tenant improvements and all other alterations and improvements in the same condition existing prior to such event. In connection with such repairs and replacements Tenant shall submit to Landlord, for Landlord's review and approval, all plans, specifications and working drawings relating thereto. Except as provided above, Tenant shall not be entitled to any compensation or damages from Landlord for damage to any of Tenant's improvements, alterations, fixtures, or Tenant's other property, for loss of use of the Premises or any part thereof, or for any damage to or interference with Tenant's business, loss of profits, or for any disturbance to Tenant caused by any casualty or the restoration of the Premises following such casualty.

Notwithstanding the foregoing, if Landlord elects not to rebuild the damaged areas, or subject to extension due to occurrences constituting force majeure, Landlord takes longer than 365 days to rebuild the damaged areas, then Tenant shall have a one-time right to cancel this Lease exercisable not later than 30 days after it becomes aware that either Landlord has elected not to restore the damaged areas or is not going to be able to timely restore the Building whichever occurs first.

13.2 Waiver of Statutory Provisions. The provisions of this Lease, including this Article 13, constitute an express agreement between Landlord and Tenant with respect to all damage to, or destruction of, all or any part of the Premises, the Building or any other portion of the Real Property, and any statute or regulation of the State of California, including, without limitation, Sections 1932(2) and 1933(4) of the California Civil Code, with respect to any rights or obligations concerning damage or destruction in the absence of an express agreement between the parties, and any other statute or regulation, now or hereafter in effect, shall have no application to this Lease or any damage or destruction to all or any part of the Premises, the Building or any other portion of the Real Property.

13.3 Damage to the Building. If at any time during the Lease Term, the Building shall be so injured or damaged, whether by fire or otherwise (though the Premises may not be affected, or if affected, can be repaired within said one hundred eighty (180) days), that, within sixty (60) days after the happening of such injury, Landlord shall decide not to reconstruct or rebuild the Building; then, notwithstanding anything to the contrary contained in Section 13.1 of this Lease, upon notice in writing to that effect given by Landlord to Tenant within sixty (60) days after the date of such damage, Tenant shall pay the Monthly Base Rent and additional rent, properly apportioned up to such date, this Lease shall terminate from the date of delivery of said written notice, and both parties hereto shall thereafter be discharged of all further obligations hereunder, except as provided for in provisions of this Lease which by their terms survive the expiration or earlier termination of the Lease Term.

13.4 Damage Due to Fault of Tenant. If any damage to the Premises is due to the fault or neglect of Tenant, any person claiming through or under Tenant, or any of Tenant's servants, employees, agents, contractors, visitors or licensees, then there shall be no abatement of the Monthly Base Rent or additional rent by reason of such damages, unless Landlord is reimbursed for such abatement of the Minimum Rent or additional rent pursuant to any rental insurance policies that Landlord may, in its sole discretion, elect to carry.

13.5 Damage Near End of Term. In the event that the Premises or the Building are destroyed or damaged to any substantial extent during the last twenty-four (24) months of the Lease Term, Landlord shall have

the option to terminate this Lease by giving written notice to Tenant of the exercise of such option within thirty (30) days after such damage or destruction, in which event this Lease shall terminate as of the date of such notice, Tenant shall pay the Monthly Base Rent and additional rent, properly apportioned up to such date, and both parties hereto shall thereafter be freed and discharged of all further obligations hereunder, except as provided for in provisions of this Lease which by their terms survive the expiration or earlier termination of the Lease Term.

ARTICLE 14

DEFAULTS; REMEDIES

14.1 Events of Default. The occurrence of any of the following shall constitute a default and material breach of this Lease by Tenant:

14.1.1 Tenant's failure to pay any Monthly Base Rent, additional rent or any other charge required to be paid under this Lease, or any part thereof, within five (5) days from the due date; or

14.1.2 Tenant's failure to observe or perform any other provision, covenant or condition of this Lease to be observed or performed by Tenant where such failure continues for fifteen (15) days after written notice thereof from Landlord to Tenant; provided that if the nature of such default is such that the same cannot reasonably be cured within a fifteen-day period, Tenant shall not be deemed to be in default if it shall commence such cure within such period and thereafter rectify and cure said default with due diligence within thirty (30) days; or

14.1.3 abandonment or vacation of the Premises by Tenant; or

14.1.4 to the extent permitted by law, a general assignment by Tenant or any guarantor of the Lease for the benefit of creditors, or the filing by or against Tenant or any guarantor of any proceeding under an insolvency or bankruptcy law, unless in the case of an involuntary proceeding filed against Tenant or any guarantor the same is dismissed within sixty (60) days, or the appointment of a trustee or receiver to take possession of all or substantially all of the assets of Tenant or any guarantor, unless possession is restored to Tenant or such guarantor within thirty (30) days, or any execution or other judicially authorized seizure of all or substantially all of Tenant's assets located upon the Premises or of Tenant's interest in this Lease, unless such seizure is discharged within thirty (30) days; or

14.1.5 Tenant or any guarantor breaches or violates any of the provisions contained in the Rules and Regulations, and/or the Directives; or

14.1.6 Tenant or any guarantor loses its license to practice medicine in the State of California or otherwise is prohibited from rendering health care treatment within the State, or Tenant or any guarantor no longer is actually engaged in the practice of medicine, or Tenant or any guarantor is no longer a member of the staff of the Landlord; or

14.1.7 Tenant, any guarantor or any permitted subtenant commits an Ethical or Criminal Violation.

14.2 Remedies Upon Default. Upon the occurrence of any event of default, Landlord shall have, in addition to any other remedies available to Landlord at law or in equity, the option to pursue one or more of the following remedies (each and all of which shall be cumulative and nonexclusive) without any notice or demand whatsoever:

14.2.1 Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord, and if Tenant fails to do so, Landlord may enter upon and take possession of the Premises and expel or remove Tenant and any other person who may be occupying the Premises or any part thereof, without being liable for prosecution of any claim for damages therefor; and Landlord may recover from Tenant the following:

(i) The worth at the time of award of any unpaid rent which has been earned at the time of such termination; plus

(ii) The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iii) The worth at the time of award of the amount by which the unpaid rent for the balance of the Lease Term after the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iv) Any other amount necessary to compensate Landlord for the detriment proximately caused by Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including without limitation brokerage commissions and advertising expenses incurred, expenses of remodeling the Premises or any portion thereof for a new tenant, whether for the same or a different use, Landlord's legal expenses and any special concessions made to obtain a new tenant; and

(v) At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by applicable law.

The term "rent" as used in this Section 14.2 shall be deemed to be and to mean all sums of every nature required to be paid by Tenant pursuant to the terms of this Lease, whether to Landlord or to others. Any such sums which are based on percentages of income, increased costs or other historical data shall be reasonable estimates or projections computed by Landlord on the basis of the amounts thereof accruing during the 24-month period immediately prior to default, except that if it becomes necessary to compute such sums before a 24-month period has expired, then the computation shall be made on the basis of the amounts accruing during such shorter period. As used in Sections 14.2.1(i) and (ii), above, the "worth at the time of award" shall be computed by allowing interest at the rate of ten percent (10%) per annum. As used in Section 14.2.1(iii) above, the "worth at the time of award" shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus five percent (5%).

14.2.2 If Landlord does not elect to terminate this Lease on account of any default by Tenant, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

14.2.3 Whether or not Landlord elects to terminate this Lease on account of any default by Tenant, Landlord shall have the right to terminate any and all subleases, licenses, concessions or other consensual arrangements for possession entered into by Tenant and affecting the Premises or may, in Landlord's sole discretion, succeed to Tenant's interest in such subleases, licenses, concessions or arrangements. If Landlord elects to succeed to Tenant's interest in any such subleases, licenses, concessions or arrangements, Tenant shall, as of the date of notice by Landlord of such election, have no further right to or interest in the rent or other consideration receivable thereunder.

14.3 Form of Payment After Default. Following the occurrence of an event of default by Tenant, Landlord shall have the right to require that any or all subsequent amounts paid by Tenant to Landlord hereunder, whether in the cure of the default in question or otherwise, be paid in the form of cash, money order, cashier's or certified check drawn on an institution acceptable to Landlord, or by other means approved by Landlord, notwithstanding any prior practice of accepting payments in any different form.

14.4 Waiver of Default. No waiver by Landlord or Tenant of any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of any other or later violation or breach of the same or any other of the terms, provisions, and covenants herein contained. Forbearance by Landlord in enforcement of one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of such default. The acceptance of any rent hereunder by

Landlord following the occurrence of any default, whether or not known to Landlord, shall not be deemed a waiver of any such default, except only a default in the payment of the rent so accepted.

14.5 Efforts to Re-let. For the purposes of this Article 14, Tenant's right to possession shall not be deemed to have been terminated by efforts of Landlord to re-let the Premises, by its acts of maintenance or preservation with respect to the Premises, or by appointment of a receiver to protect Landlord's interests hereunder. The foregoing enumeration is not exhaustive, but merely illustrative of acts which may be performed by Landlord without terminating Tenant's right to possession.

ARTICLE 15

DEFAULT BY LANDLORD

Landlord shall not be in default hereunder unless Landlord fails to perform the obligations required of Landlord within a reasonable time, but in no event later than thirty (30) days after written notice by Tenant to Landlord and to the holder of any first mortgage or deed of trust covering the Premises, whose name and address shall have theretofore been furnished to Tenant, in writing specifying wherein Landlord has failed to perform such obligation; provided, however, that if the nature of Landlord's obligation is such that more than thirty (30) days are required for performance, then Landlord shall not be in default if Landlord commences performance within such 30-day period and thereafter diligently prosecutes the same to completion. In no event shall Tenant have the right to terminate this Lease as a result of Landlord's default, and Tenant's remedies shall be limited to monetary damages. Nothing herein contained shall be interpreted to mean that Tenant is excused from paying rent due hereunder as a result of any default by Landlord.

ARTICLE 16

EMINENT DOMAIN

16.1 Permanent Taking. If the whole of the Premises or more than fifty percent (50%) of the rentable square feet thereof is taken under power of eminent domain or sold, transferred or conveyed in lieu thereof, either Landlord or Tenant shall have the right to terminate this Lease as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority; such right shall be exercised by the giving of written notice to the other party on or before said date. If any part of the Building other than the Premises is taken under power of eminent domain or sold, transferred or conveyed in lieu thereof, Landlord may terminate this Lease at its option as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority. In either of such events, Landlord shall receive the entire award which may be made in such taking or condemnation, and Tenant hereby assigns to Landlord any and all rights of Tenant now or hereafter arising in or to the same whether or not attributable to the value of the unexpired portion of this Lease; provided, however, that nothing contained herein shall be deemed to give Landlord any interest in or to require Tenant to assign to Landlord any award made to Tenant for Tenant's moving expenses, or the taking of the unamortized or the undepreciated value of Tenant's personal property, or that portion of the unamortized or undepreciated portion of Tenant's improvements, which were not purchased with any funds from a tenant improvement allowance supplied by Landlord. In the event of a taking of any material portion which is less than fifty (50%) of the Premises, or a sale, transfer, or conveyance in lieu thereof, or if this Lease is not terminated by Landlord or Tenant as provided above, then this Lease shall automatically terminate as to the portion of the Premises so taken as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority, and the Monthly Base Rent as well as the additional rent shall be apportioned according to the ratio that the remaining rentable square feet of the Premises bears to the total rentable square feet of the Premises. Tenant waives any and all rights it might otherwise have pursuant to Section 1265.130 of California Code of Civil Procedure.

16.2 Temporary Taking. In the event of temporary taking of all or any portion of the Premises for a period of thirty (30) days or less, then this Lease shall not terminate but the Monthly Base Rent and the additional rent shall be abated for the period of such taking in proportion to the ratio that the remaining rentable square feet of the Premises bears to the total rentable square feet of the Premises. Landlord shall be entitled to receive the entire award made in connection with any such temporary taking.

ARTICLE 17

SUBORDINATION

This Lease shall be subject and subordinate at all times to: (i) all ground leases or underlying leases now existing or hereafter executed affecting the Building or any of the Real Property, or both; and (ii) the lien of any mortgage or deed of trust now existing or hereafter executed in any amount for which any of the Building, Real Property, ground leases, underlying leases, or Landlord's interest or estate in any of said items is specified as security. Notwithstanding the foregoing, Landlord shall have the right to subordinate or cause to be subordinated any such ground leases or any such liens to underlying leases or to this Lease, and Landlord shall, at Tenant's request, use its reasonable efforts to assist Tenant in entering into a commercially-reasonable subordination, non-disturbance and attornment agreement with third parties which provides Tenant's use and enjoyment of the Premises will not be disturbed so long as Tenant is not in default under this Lease. However, the failure of Tenant to obtain such an agreement with third parties shall not create any obligation of Landlord or create any right of Tenant against Landlord under this Lease. If any ground lease or underlying lease terminates for any reason or any mortgage or deed of trust is foreclosed or a conveyance in lieu of foreclosure is made for any reason, Tenant shall, notwithstanding any subordination, attorn to and become Tenant of the successor in interest to Landlord, at the option of such successor in interest. Tenant covenants and agrees to execute and deliver, within five (5) days of request by Landlord and in the form requested by Landlord, any additional documents evidencing the priority or subordination of this Lease with respect to any such ground leases or underlying leases or in the lien of any such mortgage or deed of trust. If Tenant fails to timely execute such additional documents, Tenant hereby appoints Landlord as Tenant's attorney-in-fact for the sole purpose of executing such additional documents on behalf of Tenant.

ARTICLE 18

ESTOPPEL CERTIFICATES AND OTHER FINANCIAL INFORMATION

18.1 Estoppel Certificates. Within fifteen (15) days following a request in writing by Landlord, Tenant shall execute and deliver to Landlord an estoppel certificate substantially in the form of Exhibit C attached hereto indicating any exceptions thereto that may exist at that time, which certificate shall also contain any other information reasonably requested by Landlord or Landlord's mortgagee or prospective mortgagee. Failure of Tenant to timely execute and deliver such estoppel certificate shall constitute an acceptance of the Premises and an acknowledgment by Tenant that statements included in Exhibit C are true and correct.

18.2 Tenant Financial Statements. At any time during the Lease Term, Tenant shall, upon fifteen (15) days' prior written notice from Landlord, provide Landlord or any institutional lender and/or lending authority which is negotiating with Landlord for interim construction or permanent financing during the Lease Term, with a current financial statement and financial statements of Tenant for each of the two (2) years prior to the then current fiscal statement year. Such current statement shall be prepared in accordance with generally accepted accounting principles and, if such is the normal practice of Tenant, shall be audited by an independent certified public accountant.

ARTICLE 19

LANDLORD'S RIGHT TO CURE TENANT'S DEFAULT; TENANT'S REIMBURSEMENT OBLIGATION.

19.1 Landlord's Cure. If Tenant shall default in the performance of its obligations under this Lease and if such default is not cured within the applicable grace period provided in Article 14, Landlord may, but shall not be obligated to, make any such payment or perform any such act on Tenant's part without waiving its right based upon any default of Tenant and without releasing Tenant from any obligations hereunder.

19.2 Tenant's Reimbursement. Except as may be specifically provided otherwise in this Lease, Tenant shall pay to Landlord, within thirty (30) days after delivery by Landlord to Tenant of statements therefor: (i) sums equal to expenditures reasonably made and obligations incurred by Landlord in connection with the remedying by

Landlord of Tenant's defaults pursuant to the provisions of Section 19.1; (ii) sums equal to all losses, costs, liabilities, damages and expenses referred to in Articles 8 and 11; and (iii) sums equal to all expenditures made and obligations incurred by Landlord in collecting or attempting to collect the Monthly Base Rent or additional rent or in enforcing or attempting to enforce any rights of Landlord under this Lease or pursuant to law , including, without limitation, all legal fees and other amounts so expended. Tenant's obligations under this Section 19.2 shall survive the expiration or sooner termination of the Lease Term.

ARTICLE 20

TENANT PARKING

Subject to such rules and regulations as may be adopted from time to time by Landlord, Tenant and Tenant's visitors and invitees shall have a non-exclusive right to use the unreserved parking spaces that currently exist on the Real Property throughout the Lease Term, conditioned upon Tenant abiding by all rules and regulations which Landlord shall prescribe from time to time for the orderly operation and use of the parking areas and Tenant's cooperation with Landlord in seeing that Tenant's employees, invitees and visitors also comply with such rules and regulations. Landlord may at any time change the size, configuration, design, layout and all other aspects of the parking areas and change the location of Tenant's parking spaces. Tenant acknowledges and agrees that Landlord may, without incurring any liability to Tenant and without any abatement of rent under this Lease, at any time close-off or restrict access to the parking facility for a reasonable period of time, to permit or facilitate any such construction, alteration, improvements or relocation. Landlord may delegate its responsibilities hereunder to a parking operator in which case such parking operator shall have all the rights of control attributed hereby to the Landlord.

ARTICLE 21

SURRENDER OF PREMISES; OWNERSHIP AND REMOVAL OF TRADE FIXTURES

21.1 Surrender of Premises. No act or thing done by Landlord or any agent or employee of Landlord during the Lease Term shall be deemed to constitute an acceptance by Landlord of a surrender of the Premises unless such intent is specifically acknowledged in a writing signed by Landlord. The delivery of keys to the Premises to Landlord or any agent or employee of Landlord shall not constitute a surrender of the Premises or effect a termination of this Lease, and notwithstanding such delivery Tenant shall be entitled to the return of such keys at any reasonable time upon request until this Lease shall have been properly terminated. The voluntary or other surrender of this Lease by Tenant, whether accepted by Landlord or not, or a mutual termination hereof, shall not work a merger, and at the option of Landlord shall operate as an assignment to Landlord of all subleases or sub-tenancies affecting the Premises.

21.2 Removal of Tenant Property by Tenant. Upon the expiration of the Lease Term, or upon any earlier termination of this Lease, Tenant shall, subject to the provisions of this Article 21, quit and surrender possession of the Premises to Landlord in as good order and condition as when Tenant took possession and as thereafter improved by Landlord and/or Tenant, reasonable wear and tear and repairs which are specifically made the responsibility of Landlord hereunder excepted. Upon such expiration or termination, Tenant shall, without expense to Landlord, remove or cause to be removed from the Premises all debris and rubbish, and such items of furniture, equipment, free-standing cabinet work, and other articles of personal property owned by Tenant or installed or placed by Tenant at its expense in the Premises, and such similar articles of any other persons claiming under Tenant, as Landlord may, in its sole discretion, require to be removed, and Tenant shall repair at its own expense all damage to the Premises and Building resulting from such removal.

21.3 Removal of Tenant's Property by Landlord. Whenever Landlord shall re-enter the Premises as provided in this Lease, any personal property of Tenant not removed by Tenant upon the expiration of the Lease Term, or within forty-eight (48) hours after a termination by reason of Tenant's default as provided in this Lease, shall be deemed abandoned by Tenant and may be disposed of by Landlord in accordance with Sections 1980 through 1991 and Sections 1993 through 1993.09 of the California Civil Code and Section 1174 of the California Code of Civil Procedure, or in accordance with any laws or judicial decisions which may supplement or supplant those provisions from time to time.

21.4 Landlord's Property. All fixtures, alterations, additions, repairs, improvements and/or appurtenances attached to or built into, on, or about the Premises prior to or during the Lease Term, whether by Landlord at its expense or at the expense of Tenant, or by Tenant at its expense, or by previous occupants of the Premises, shall be and remain part of the Premises and shall not be removed by Tenant at any time, unless otherwise expressly provided for in this Lease or such removal is required by Landlord pursuant to the provisions of Article 9. If Tenant shall fail to complete such required removal and repair such damage, Landlord may do so and may charge the cost thereof to Tenant. Such fixtures, alterations, additions, repairs, improvements and/or appurtenances to remain at the Premises shall include, without limitation, floor coverings, drapes, paneling, molding, doors, kitchen and dishwashing fixtures and equipment, plumbing systems, electrical systems, lighting systems, silencing equipment, communication systems, all fixtures and outlets for the systems mentioned above and for all telephone, radio, telegraph and television purposes, and any special flooring or ceiling installations.

21.5 Landlord's Actions on Premises. Tenant waives all claims for damages or other liability in connection with Landlord's re-entering and taking possession of the Premises or removing, retaining, storing or selling the property of Tenant as herein provided, and Tenant hereby indemnifies and holds Landlord harmless from any such damages or other liability, and no such re-entry shall be considered or construed to be a forcible entry.

ARTICLE 22

MISCELLANEOUS PROVISIONS

22.1 Survival Of Provisions. If any provision of this Lease shall be determined to be void, then such determination shall not affect any other provision of this Lease and all such other provisions shall remain in full force and effect.

22.2 Entire Agreement. There are no oral agreements between the parties hereto affecting this Lease and this Lease supersedes and cancels any and all previous negotiations, agreements and understandings, between the parties hereto or displayed by Landlord to Tenant with respect to the subject matter thereof, and none thereof shall be used to interpret or construe this Lease. This Lease contains all of the terms, covenants, conditions, warranties and agreements of the parties relating in any manner to the rental, use and occupancy of the Premises, shall be considered to be the only agreement between the parties hereto, and none of the terms, covenants, conditions or provisions of this Lease can be modified, deleted or added to except in writing signed by the parties hereto. All prior negotiations and oral agreements have been merged into and are included herein. There are no other representations or warranties between the parties, and all reliance with respect to representations is based totally upon the representations and agreements contained in this Lease.

22.3 Compliance with Law. Tenant shall not do or allow anything to be done in or about the Premises which will in any way conflict with any law, statute, ordinance or other governmental rule, regulation or requirement. At its sole cost and expense, Tenant shall promptly comply with all governmental measures excluding structural changes or changes to the Building's life safety system not related to or affected by the alterations, additions, improvements or acts, omissions or negligence of Tenant or any person claiming by, through or under Tenant, or any of their employees, contractors, agents, invitees or licensees, or by the use or occupancy by Tenant or any such person. Tenant shall be solely responsible at its cost and expense to comply within the Premises with the Americans with Disabilities Act of 1990 as same may be amended from time to time (the "ADA"), and all present and future federal, state and local laws promulgated with the intent of aiding those persons who are considered to be disabled, as well as, compliance with the ADA as it applies to Tenant's employees. Tenant shall not be responsible to comply with the ADA as to the common areas and other portions of the Building other than the Premises, except that Tenant, at its sole cost and expense, shall be solely responsible to comply with the ADA with respect to common areas of the Building which result solely and exclusively from improvements or alterations made by Tenant in the Premises after the Lease Commencement Date. The judgment of any court of competent jurisdiction or the admission of Tenant in any judicial action, regardless of whether Landlord is a party thereto, that Tenant has violated any governmental measures shall be conclusive of that fact as between Landlord and Tenant. Pursuant to California Civil Code section 1938, Landlord hereby discloses that the Building and Premises being leased or rented has not undergone inspection by a Certified Access Specialist (CASp).

22.4 Sale of Building or Real Property by Landlord. Each conveyance by Landlord of Landlord's interest in the Building or the Real Property prior to expiration or termination hereof shall be subject to this Lease and shall relieve the grantor of any further obligations or liability as Landlord, except if such obligations or liability arose prior to the date of such conveyance. Tenant shall attorn to Landlord's successors in interest, whether such interest is acquired by sale, transfer, foreclosure, deed in lieu of foreclosure or otherwise.

22.5 Quiet Enjoyment. Upon Tenant paying the Monthly Base Rent and all additional rent and performing all of Tenant's obligations under this Lease, Tenant may peacefully and quietly enjoy the Premises during the Lease Term as against all persons or entities lawfully claiming by or through Landlord, subject, however, to the provisions of this Lease and to any mortgages or ground or underlying leases of all or any portion of the Real Property.

22.6 Entry by Landlord. Landlord may at all reasonable times and upon reasonable notice to the Tenant enter the Premises to: (i) inspect them; (ii) show the Premises to prospective purchasers, mortgagees or tenants, or to the ground or underlying lessors; (iii) post notices of non-responsibility; or (iv) alter, improve or repair the Premises or the Building if necessary to comply with current building codes or other applicable laws, or for structural alterations, repairs or improvements to the Building. Landlord may enter the Premises at any time to (i) perform services required of Landlord, (ii) take possession due to any breach of this Lease in the manner provided herein; and (iii) perform any covenants of Tenant which Tenant fails to perform. Landlord may make any such entries without the abatement of rent and may take such reasonable steps as required to accomplish the stated purposes. Tenant waives any claims for damages or for any injuries or inconvenience to or interference with Tenant's business, lost profits, any loss of occupancy or quiet enjoyment of the Premises, and any other loss occasioned thereby. For each of the above purposes, Tenant shall provide and Landlord shall at all times have a key with which to unlock all the doors in the Premises (excluding Tenant's vaults, safes and special security areas designated in advance by Tenant). In an emergency, Landlord shall have the right to use any means that Landlord may deem proper to enter the Premises. Any entry into the Premises by Landlord in the manner described herein shall not be deemed to be a forcible or unlawful entry into, or a detainer of, the Premises, or an actual or constructive eviction of Tenant from any portion of the Premises.

22.7 Landlord's Right to Relocate Premises. Landlord may move Tenant to other space in the Building comparable to the Premises, and all terms hereof shall apply to the new space with equal force. In such event, Landlord shall give Tenant at least thirty (30) days' prior written notice, shall provide Tenant, at Landlord's sole cost and expense, with tenant improvements at least equal in quality to those in the Premises and shall move Tenant's effects to the new space at Landlord's sole cost and expense at such time and in such manner as to inconvenience Tenant as little as practicable. Simultaneously with such relocation of the Premises, the parties shall immediately execute an amendment to this Lease stating the relocation of the Premises.

22.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental actions, moratoria, civil commotions, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform shall excuse the performance of such party for a period equal to any such prevention, delay or stoppage, except the obligations imposed with regard to rental and other charges to be paid by Tenant pursuant to this Lease.

22.9 Cumulative Rights. The various rights, options, elections, powers and remedies contained in this Lease shall be construed as cumulative and no one of them shall be exclusive of any of the others, or of any other legal or equitable remedy which either party might otherwise have in the event of breach or default in the terms hereof, and the exercise of one right or remedy by such party shall not impair its right to any other right or remedy until all obligations imposed upon the other party have been fully performed.

22.10 Time. Time is of the essence with respect to the performance of each of the covenants and agreements contained in this Lease.

22.11 Relationship of Parties. Nothing contained in this Lease shall be deemed or construed to create the relationship of principal and agent or of partnership or of joint venture or of any association between Landlord and Tenant, and neither the method of computation of rent nor any other provision contained in this Lease nor any

acts of the parties hereto shall be deemed to create any relationship between Landlord and Tenant other than the relationship of landlord and tenant.

22.132 Exculpation. The obligations of Landlord under this Lease do not constitute personal obligations of Landlord, and Tenant shall look solely to Landlord's interest in the Real Property and to no other assets of Landlord for satisfaction of any liability with respect to this Lease and shall not seek recourse against Landlord herein nor against any of its personal assets for such satisfaction.

22.13 Memorandum of Lease. Tenant shall not record this Lease without the express written consent of Landlord, and shall execute, acknowledge and deliver at any time after the date of this Lease, at the request of Landlord, a "memorandum of lease" suitable for recording.

22.14 Notices. All notices, demands, statements or communications given or required to be given by either party to the other hereunder shall be in writing, shall be sent by United States certified or registered mail, postage prepaid, return receipt requested, or delivered personally or sent by recognized overnight air courier service (i) to Tenant at the appropriate address set forth in Article 1 , or to such other place as Tenant may from time to time designate in a notice to Landlord; or (ii) to Landlord at the addresses set forth in Article 1 , or to such other firm or to such other place as Landlord may from time to time designate in a notice to Tenant. Any notice will be deemed given two (2) days after the date it is mailed as provided in this Section 22.14 or upon the date personal delivery is made. If Tenant is notified of the identity and address of Landlord's mortgagee or ground or underlying lessor, Tenant shall give to such mortgagee or ground or underlying lessor written notice of any default by Landlord under the terms of this Lease by registered or certified mail, and such mortgagee or ground or underlying less or shall be given a reasonable opportunity to cure such default prior to Tenant's exercising any remedy available to Tenant.

22.15 Permitted Successors. The Lease shall be binding upon and shall inure to the benefit of the heirs, executors, administrators, assigns and other successors in interest of each of the parties; provided that the foregoing shall not be deemed to permit any assignment or sublease under this Lease except as expressly permitted herein.

22.16 Captions. The captions in this Lease are for reference purposes only and have no effect upon the construction or interpretation of any part hereof. The use herein of the singular includes the plural and vice versa, and the use herein of the neuter gender includes the masculine and the feminine and vice versa, whenever and wherever the context so requires.

22.17 Joint and Several. If there is more than one Tenant, the obligations imposed upon each party comprising the Tenant under this Lease shall be joint and several.

22.18 Authority. If Tenant is a corporation or partnership, each individual executing this Lease on behalf of Tenant hereby represents and warrants that Tenant is a duly formed and existing entity qualified to do business in California and that Tenant has full right and authority to execute and deliver this Lease and that each person signing on behalf of Tenant is authorized to do so.

22.19 Attorney's Fees. If either party commences litigation against the other for the specific performance of this Lease, for damages for the breach hereof or otherwise for enforcement of any remedy hereunder, the parties waive any right to a trial by jury and, in the event of any such commencement of litigation, the prevailing party shall be entitled to recover from the other party such costs and reasonable attorneys' fees as may have been incurred. Further, if for any reason Landlord consults legal counsel or otherwise incurs any costs or expenses as a result of its rightful attempt to enforce this Lease, even though no litigation is commenced, or if commenced is not pursued to final judgment, Tenant shall be obligated to pay to Landlord, in addition to all other amounts for which Tenant is obligated hereunder, all of Landlord's reasonable costs and expenses incurred in connection with any such acts, including reasonable attorneys' fees.

22.20 Governing Law; Proper Venue For Actions; Tenant's Agent For Service of Process. This Lease shall be deemed to be made and entered into in the State of California and shall be governed by, and construed in accordance with the internal laws of the State of California without regard to conflict of law principles as applicable to contracts made in and to be entirely performed within the State of California. Landlord and Tenant hereby

consent to the personal jurisdiction of the Superior Court of California located in the same county as the Building and agree that any action relating to or arising out of this Lease shall be instituted and prosecuted only in such court, except that any actions to enforce any judgment or writ of attachment shall be prosecuted through the courts of the state in which the assets subject to such enforcement action are located. Furthermore, Tenant agrees that it shall designate and keep in full force and effect at Tenant's sole cost and expense, an agent for service of process authorized to accept legal process in the State of California throughout the entire Lease Term. The failure to maintain such an agent shall be deemed to be a material default under this Lease, and shall permit Landlord to exercise any remedies permitted to be exercised under applicable law.

22.21 Brokers. Landlord and Tenant hereby warrant to each other that they have had no dealings with any real estate broker or agent in connection with the negotiation of this Lease except Cassidy Turley Commercial Real Estate Services, Inc., dba Cushman & Wakefield, and that they know of no other real estate broker or agent who is entitled to a commission in connection with this Lease. Each party agrees to indemnify and defend the other party against and hold the other party harmless from any and all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including without limitation reasonable attorneys' fees) with respect to any leasing commission or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent, other than that specified herein.

22.22 Mechanic Liens. Tenant shall keep the Premises and the Real Property free from any mechanics', material men's or other liens arising out of any work performed, materials furnished or obligations incurred by or for Tenant or any person or entity claiming by, through or under Tenant. Landlord shall have the right at all times to post and keep posted on the Premises any notices which it deems necessary for protection from such liens. If any such liens are filed and are not released of record by payment or posting of a proper bond within five (5) days after notice of such lien is delivered by Landlord to Tenant, Landlord may, without waiving its rights and remedies based on such breach by Tenant and without releasing Tenant from any obligations hereunder, cause such liens to be released by any means it shall deem proper, including payment of the claim giving rise to such lien in which event all amounts paid by Landlord shall immediately be due and payable by Tenant.

22.23 Independent Covenants. This Lease shall be construed as though the covenants herein between Landlord and Tenant are independent and not dependent and Tenant hereby expressly waives the benefit of any statute to the contrary and agrees that if Landlord fails to perform its obligations set forth herein, Tenant shall not be entitled to make any repairs or perform any acts hereunder at Landlord's expense or to any setoff of the rent or other amounts owing hereunder against Landlord; provided, however, the foregoing shall in no way impair the right of Tenant to commence a separate action against Landlord for any violation by Landlord of the provisions hereof so long as notice is first given to Landlord and any holder of a mortgage or deed of trust covering the Building, Real Property or any portion thereof (of whose address Tenant has theretofore been notified) and an opportunity is granted to Landlord and such holder to correct such violations as provided above.

22.24 Building Name. Landlord shall have the right at any time to change the name of the Building, to increase the size of the Real Property by adding additional real property thereto, to construct other buildings or improvements on any portion of the Real Property, to change the location and/or character of or to make alterations or additions to the Real Property. Tenant shall not use the Building's name for any purpose other than as a part of its business address. Any use of such name in the designation of Tenant's business shall constitute a default under this Lease.

22.25 Building Directory. No sign, advertisement, or notice shall be inscribed, painted, or affixed on any part of the inside or outside of the Building or on the Real Estate unless of such color, size, and style and in such place upon or in the Building as shall be first designated by Landlord in writing but there shall be no obligation or duty on Landlord to allow any sign, advertisement or notice to be inscribed, painted, or affixed on any part of the inside or outside of the Building. A directory in a conspicuous place, with names and locations of tenants, will be provided by Landlord.

22.26 Transportation Management. At Tenant's sole cost and expense, Tenant shall fully comply with all present or future programs intended to manage parking, transportation and/or traffic in and around the Building, and in connection therewith, Tenant shall take responsible action for the transportation planning and management of all of its employees located at the Premises by working directly with Landlord, any transportation management

consultant appointed by Landlord or any governmental entity or authority, any governmental transportation management organization or any other transportation-related committees or entities. Such programs may include, without limitation, (i) adhering to restrictions on the number of peak-hour vehicle trips generated by Tenant; (ii) increased vehicle occupancy; (iii) implementing an in-house ridesharing program and an employee transportation coordinator; (iv) working with employees and any Building or area-wide ridesharing program manager; (v) instituting employer-sponsored incentives (financial or in-kind) to encourage employees to rideshare; and (vi) utilizing flexible work shifts for employees.

22.27 No Discrimination. Tenant covenants by and for itself, its heirs, executors, administrators and assigns, and all persons claiming under or through Tenant, that this Lease is made and accepted upon and subject to the following conditions: that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, sex, religion, marital status, ancestry, disability or national origin in the leasing, subleasing, transferring, use or enjoyment of the Premises, nor shall Tenant itself, or any person claiming under or through Tenant, establish or permit such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy, of tenants, lessees, sub-lessees, subtenants or vendees in the Premises.

22.28 Hazardous Material.

22.28.1 Definition. As used herein, the term "Hazardous Material" means any hazardous or toxic substance, material or waste which is or becomes regulated by any local governmental authority, the State of California or the United States Government. The term "Hazardous Material" includes, without limitation, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste" or "restricted hazardous waste" under Sections 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iii) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (iv) petroleum, (v) asbestos, (vi) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Administrative Code, Division 4, Chapter 20, (vii) designated as a "hazardous substance" pursuant to Section 311 of the Federal Water Pollution Control Act (33 U.S.C. § 1317), (viii) defined as a "hazardous waste" pursuant to Section 1004 of the Federal Resource Conservation and Recovery Act, 42 U.S.C. § 6902 et seq. (42 U.S.C. § 6903), or (ix) defined as a "hazardous substance" pursuant to Section 101 of the Compensation and Liability Act, 42 U.S.C. § 9601 et seq. (42 U.S.C. § 9601).

22.28.2 Medical Waste Management. Tenant shall fully comply, at its sole cost and expense, with the provisions of the California Medical Waste Management Act (California Health and Safety Code Sections 117600 et. seq.). The unlawful disposal of medical waste, or any other violation of the California Medical Waste Management Act, shall be a material breach of this Lease. Landlord may institute rules and regulations regarding compliance by tenants and occupants of the Building with the California Medical Waste Management Act, but no such rule or regulation shall excuse Tenant from its own responsibility for compliance with the California Medical Waste Management Act.

22.28.3 Compliance Cost. Tenant acknowledges that Landlord may incur costs (i) for complying with laws, codes, regulations or ordinances relating to Hazardous Material, or (ii) otherwise in connection with Hazardous Material, including, without limitation, the following: (a) Hazardous Material present in soil or ground water; (b) Hazardous Material that migrates, flows, percolates, diffuses or in any way moves onto or under the Real Property; (c) Hazardous Material present on or under the Real Property as a result of any discharge, dumping or spilling (whether accidental or otherwise) on the Real Property by other tenants of the Real Property or their agents, employees, contractors or invitees, or by others; and (d) material which becomes Hazardous Material due to a change in laws, codes, regulations or ordinances which relate to hazardous or toxic material, substances or waste. Tenant agrees that the costs incurred by Landlord with respect to, or in connection with, complying with laws, codes, regulations or ordinances relating to Hazardous Material shall be an Operating Expense, unless the cost of such compliance, as between Landlord and Tenant, is made the responsibility of Tenant under this Lease. To the extent any such Operating Expense relating to Hazardous Material is subsequently recovered or reimbursed through

insurance, or from responsible third parties, or from some other action, Tenant shall be entitled to a proportionate share of such Operating Expense to which such recovery or reimbursement relates.

22.29 No Air Rights. No rights to any view or to light or air over any property, whether belonging to Landlord or any other person, are granted to Tenant by this Lease. If at any time any windows of the Premises are temporarily darkened or the light or view therefrom is obstructed by reason of any repairs, improvements, maintenance or cleaning in or about the Building, the same shall be without liability to Landlord and without any reduction or diminution of Tenant's obligations under this Lease.

22.30 Modification and Short Form of Lease. Should any current or prospective mortgagee or ground lessor for the Building require a modification or modifications of this Lease, which will not cause an increased cost or expense to Tenant or in any other way materially and adversely change the rights and obligations of Tenant hereunder, then, Tenant agrees that this Lease may be so modified and agrees to execute whatever documents are required therefor and deliver the same to Landlord within ten (10) days following the request therefor. Should Landlord or any such current or prospective mortgagee or ground lessor require execution of a short form of Lease for recording, containing, among other customary provisions, the names of the parties, a description of the Premises and the Lease Term, Tenant agrees to execute such short form of Lease and to deliver the same to Landlord within ten (10) days following the request therefor.

22.31 Right to Lease. Landlord may effect such other tenancies in the Building and within the Real property as Landlord in the exercise of its sole business judgment shall determine to best promote the interests of the Building and the Real Property. Tenant does not rely on the fact, nor does Landlord represent, that any specific tenant or type or number of tenants shall, during the Lease Term, occupy any space in the Building or the Real Property.

22.32 Patient Records. Tenant consents, acknowledges, and agrees that (a) Tenant shall be solely responsible, at Tenant's sole cost, for maintaining and disposing of all patient records and all confidential information which may come into Tenant's possession which shall always be undertaken by Tenant in accordance with all applicable present and future laws and rulings, and (b) Landlord shall not have any obligation, responsibility or duty to maintain and/or dispose of any patient records or confidential information described in item (a) herein, and Landlord specifically disclaims any such obligation, responsibility or duty.

IN WITNESS WHEREOF, Landlord and Tenant have duly executed and delivered this Lease as of the day and year first above written.

LANDLORD:

SETON MEDICAL CENTER, a California nonprofit public benefit corporation

EXHIBIT B

SETON MEDICAL OFFICE BUILDING
(1800 Sullivan Avenue)

RULES AND REGULATIONS

Tenant shall faithfully observe and comply with the following Rules and Regulations. Landlord shall not be responsible to Tenant for the nonperformance of any of said Rules and Regulations by or otherwise with respect to the acts or omissions of any other tenants or occupants of the Building.

1. Tenant shall not alter any lock or install any new or additional locks or bolts on any doors or windows of the Premises without obtaining Landlord's prior written consent. Tenant shall bear the cost of any lock changes or repairs required by Tenant. Two keys will be furnished by Landlord for the Premises, and any additional keys required by Tenant must be obtained from Landlord at a reasonable cost to be established by Landlord. Upon termination of the Lease, all keys to the Building and the Premises shall be surrendered to Landlord.

2. All doors opening to public corridors shall be kept closed at all times except for normal ingress and egress to the Premises.

3. Landlord reserves the right to close and keep locked all entrance and exit doors of the Building during such hours as are customary for comparable buildings in the greater San Mateo County area. Tenant, its employees and agents must be sure that the doors to the Building are securely closed and locked when leaving the Premises if it is after the normal hours of business for the Building. Any tenant, its employees, agents or any other persons entering or leaving the Building at any time when it is so locked, or any time when it is considered to be after normal business hours for the Building, may be required to sign the Building Register when so doing. Access to the Building may be refused unless the person seeking access has proper identification or has a previously arranged a pass for access to the Building. The Landlord and his agents shall in no case be liable for damages for any error with regard to the admission to or exclusion from the Building of any person. In case of invasion, mob riot, public excitement, or other commotion, Landlord reserves the right to prevent access to the Building during the continuance of same by any means it deems appropriate for the safety and protection of life and property.

4. No furniture, freight or equipment of any kind shall be brought into the Building without prior notice to Landlord. All moving of the same into or out of the Building shall be scheduled with Landlord and done only at such time and in such manner as Landlord shall designate. Landlord shall have the right to prescribe the weight, size and position of all safes and other heavy property brought into the Building and also the times and manner of moving the same in and out of the Building. Safes and other heavy objects shall, if considered necessary by Landlord, stand on supports of such thickness as is necessary to properly distribute the weight. Landlord will not be responsible for loss of or damage to any such safe or property in any case. All damage done to any part of the Building, its contents, occupants or visitors by moving or maintaining any such safe or other property shall be the sole responsibility of Tenant and any expense of said damage or injury shall be borne by Tenant.

5. If Tenant uses Laboratory Specimen Deposit boxes they must be located within the Premises. No deposit boxes are allowed in the common area hallways on the ground, mounted on the walls or hung on doors.

6. No furniture, packages, supplies, equipment or merchandise will be received in the Building or carried up or down in the elevators, except between such hours in such specific elevator, and only after Tenant has affixed hanging pads in the elevators carrying such materials.

7. Landlord shall have the right to control and operate the public portions of the Building, the public facilities, the heating and air conditioning, and any other facilities furnished for the common use of Tenants, in such manner as is customary for comparable buildings in the greater San Mateo area.

8. The requirements of Tenant will be attended to only upon application at the Office of the Building or at such office location designated by Landlord. Employees of Landlord shall not perform any work or do anything outside their regular duties unless under special instructions from Landlord.

9. Tenant shall not disturb, solicit, or canvass any occupant of the Building and shall cooperate with Landlord or agent of Landlord to prevent same.

10. The toilet rooms, urinals, wash bowls and other apparatus shall not be used for any purpose other than that for which they were constructed, and no foreign substance of any kind whatsoever shall be thrown therein. The expense of any breakage, stoppage or damage resulting from the violation of this rule shall be borne by the tenant who, or whose employees or agents, shall have caused it.

11. Tenant shall not overload the floor of the Premises, nor mark, drive nails or screws, or drill into the partitions, woodwork or plaster or in any way deface the Premises or any part thereof without Landlord's consent first had and obtained.

12. No vending machine or machines of any description other than fractional horsepower office machines shall be installed, maintained or operated upon the Premises without the written consent of Landlord.

13. Tenant shall not use or keep in or on the Premises of the Building any kerosene, gasoline or other inflammable or combustible fluid or material.

14. Tenant shall not use any method of heating or air conditioning other than that which may be supplied by Landlord, without the prior written consent from Landlord.

15. Tenant shall not use, keep or permit to be used or kept, any foul or noxious gas or substance in or on the Premises, or permit or allow the Premises to be occupied or used in a manner offensive or objectionable to Landlord or other occupants of the Building by reason of noise, odors, or vibrations, or interfere in any way with other Tenants or those having business therein.

16. Tenant shall not bring into or keep within the Building or the Premises any animals, birds, bicycles or other vehicles.

17. No cooking shall be done or permitted by any Tenant on the Premises, nor shall the Premises be used for the storage of merchandise, for lodging, or for any improper, objectionable or immoral purposes. Notwithstanding the foregoing, Underwriters' laboratory-approved equipment may be used in the Premises for brewing coffee, tea, hot chocolate and similar beverages, provided that such use is in accordance with all applicable Federal, state and city laws, codes, ordinances, rules and regulations.

18. Landlord will approve where and how telephone and telegraph wires are to be introduced to the Premises. No boring or cutting for wires shall be allowed without the consent of Landlord. The location of telephone, call boxes and other office equipment affixed to the Premises shall be subject to the approval of Landlord.

19. Landlord reserves the right to exclude or expel from the Building any person who, in the judgment of Landlord, is intoxicated or under the influence of liquor or drugs, or who shall in any manner do any act in violation of any of these Rules and Regulations.

20. Tenant, its employees and agents shall not loiter in the entrances or corridors, nor in any way obstruct the sidewalks, lobby, halls, stairways or elevators, and shall use the same only as a means of ingress and egress for the Premises.

21. In all carpeted areas where desks and chairs are utilized, Landlord shall require Tenant, at Tenant's own cost, to place mats under each and every chair in order to protect said carpeting from unnecessary wear and tear.

22. Tenant shall not waste electricity, water or air conditioning and agrees to cooperate fully with Landlord to ensure the most effective operation of the Building's heating and air conditioning system, and shall refrain from attempting to adjust any controls.

23. Tenant shall store all its trash and garbage within the interior of the Premises. No material shall be placed in the trash boxes or receptacles if such material is of such nature that it may not be disposed of in the ordinary and customary manner of removing and disposing of trash and garbage the City of Daly City without violation of any law or ordinance governing such disposal. All trash, garbage and refuse disposal shall be made only through entry-ways and elevators provided for such purposes at such times as Landlord shall designate.

24. Tenant shall comply with all safety, fire protection and evacuation procedures and regulations established by Landlord or any governmental agency.

25. Tenant shall assume any and all responsibility for protecting the Premises from theft, robbery and pilferage, which includes keeping doors locked and other means of entry to the Premises closed.

26. Landlord may waive any one or more of these Rules and Regulations for the benefit of any particular tenant or tenants, but no such waiver by Landlord shall be construed as a waiver of such Rules and Regulations in favor of any other tenant or tenants, nor prevent Landlord from thereafter enforcing any such Rules and Regulations against any or all tenants of the Building.

27. No awnings or other projection shall be attached to the outside walls of the Building without the prior written consent of Landlord. No curtains, blinds, shades or screens shall be attached to or hung in, or used in connection with, any window or door of the Premises without the prior written consent of Landlord. All electrical ceiling fixtures hung in offices or spaces along the perimeter of the Building must be fluorescent and/or of a quality, type, design and bulb color approved by Landlord.

28. The sashes, sash doors, skylights, windows, and doors that reflect or admit light and air into the halls, passageways or other public places in the Building shall not be covered or obstructed by Tenant, nor shall any bottles, parcels or other articles be placed on the windowsills.

29. Landlord reserves the right at any time to change or rescind any one or more of these Rules and Regulations, or to make such other and further reasonable Rules and Regulations as in Landlord's judgment may from time to time be necessary for the management, safety, care and cleanliness of the Premises and Building, and for the preservation of good order therein, as well as for the convenience of other occupants and tenants therein. Landlord shall not be responsible to Tenant or to any other person for the nonobservance of the Rules and Regulations by another tenant or other person. Tenant shall be deemed to have read these Rules and Regulations and to have agreed to abide by them as a condition of its occupancy of the Premises.

30. If Tenant is a physician or other type of healthcare practitioner who treats patients at the Premises, then Tenant will assure Landlord that its patients will only occupy Tenant's designated waiting room or reception area within the Premises, and if said waiting room or reception area is filled to capacity at any time, then any patients and/or their family members who cannot be accommodated in the waiting room or reception area will not be permitted to congregate, sit or occupy the hallways immediately adjacent to the Premises.

Parking Rules & Regulations

1. Parking areas shall be used only for parking of vehicles no longer than full size, passenger automobiles.

2. Tenant shall not permit or allow any vehicles that belong to or are controlled by Tenant or Tenant's agents, employees, or invitees to be loaded, unloaded, or parked in areas other than those designated by Landlord for such activities.

3. Parking stickers or identification devices shall be the property of Landlord and shall be returned to Landlord by the holder thereof upon termination of the holder's parking privileges. Tenant shall pay such replacement charge as is reasonably established by Landlord for the loss of such stickers or devices.

4. Landlord reserves the right to refuse the issuance of monthly identification stickers or devices to any person or entity that willfully refuses to comply with the applicable rules, regulations, laws and/or agreements.

5. Landlord reserves the right to relocate all or a part of parking spaces from floor to floor, within one floor, and/or to reasonably adjacent offsite location(s), and to reasonably allocate them between compact and standard size spaces, as long as the same complies with applicable laws, ordinances and regulations.

6. Users of the parking area will obey all posted signs and park only in the areas designated for vehicle parking.

7. Unless otherwise instructed, every person using the parking area is required to park and lock his own vehicle. Landlord will not be responsible for any damage to vehicles, injury to persons or loss of property, all of which risks are assumed by the party using the parking area.

8. Validation, if established, will be permissible only by such method or methods as Landlord and/or its licensee may establish at rates generally applicable to visitor parking.

9. The maintenance, washing, waxing or cleaning of vehicles in the parking structure of Common Areas is prohibited.

10. Tenant shall be responsible for seeing that all of its agents, employees, and invitees comply with the applicable parking rules, regulations, laws and agreements.

11. Landlord reserves the right to modify these rules and/or adopt such other reasonable and non-discriminatory rules and regulations as it may deem necessary for the proper operation of the parking areas.

12. Such parking use as is herein provided is intended merely as a license only and no bailment is intended or shall be created hereby.

FORM OF TENANT'S ESTOPPEL CERTIFICATE

The undersigned as Tenant under that certain Lease made and entered into as of _____ by and between Seton Medical Center, as Landlord, and the undersigned as Tenant, for Premises on the _____ floor of Seton Medical Office Center certifies as follows:

1. Attached hereto as Exhibit A is a true and correct copy of the Lease and all amendments and modifications thereto. The documents contained in Exhibit A represent the entire agreement between the parties as to the Premises.

2. The undersigned has commenced occupancy of the Premises described in the Lease, currently occupies the Premises, and the Lease Term commenced on _____.

3. The Lease is in full force and effect and has not been modified, supplemented or amended in any way except as provided in Exhibit A.

4. Tenant has not transferred, assigned, or sublet any portion of the Premises nor entered into any license or concession agreements with respect thereto except as follows:

5. Tenant shall not modify the documents contained in Exhibit A or prepay any amounts owing under the Lease to Landlord in excess of thirty (30) days without the prior written consent of Landlord's mortgagee.

6. Monthly Base Rent became payable on _____.

7. The Lease Term expires on _____.

8. All conditions of the Lease to be performed by Landlord necessary to the enforceability of the Lease have been satisfied.

9. No rental has been paid in advance and no security has been deposited with Landlord except as provided in the Lease.

10. As of the date hereof, there are no existing defenses or offsets that the undersigned has, which preclude enforcement of the Lease by Landlord.

11. All monthly installments of Monthly Base Rent, all additional rent and all monthly installments of estimated additional rent have been paid when due through _____. The current monthly installment of Monthly Base Rent is $_____.

12. The undersigned acknowledges that this estoppel certificate may be delivered to Landlord's mortgagee, Landlord's prospective mortgagee, or a prospective purchaser, and acknowledges that it recognizes that if same is done, such mortgagee, prospective mortgagee, or prospective purchaser will be relying upon the statements contained herein in making the loan or acquiring the property of which the Premises are a part, and in accepting an assignment of the Lease as collateral security, and that receipt by it of this certificate is a condition of making of the loan or acquisition of such property.

Executed at _____ on the _____ day of _____, 20___.

AMENDED AND RESTATED OFFICE LEASE

SETON MEDICAL OFFICE BUILDING

(1850 Sullivan Avenue)

Seton Medical Center

(Landlord)

and

Women's Health Group, A Medical Corporation

Katie Shapiro, M.D., individually

(Tenant)

Suite 312

AMENDED AND RESTATED SETON MEDICAL OFFICE BUILDING LEASE

This Amended and Restated Seton Medical Office Building Lease ("Lease") is dated as of July 29, 2016, by and among Seton Medical Center, a California nonprofit public benefit corporation ("Landlord"), Women's Health Group, A Medical Corporation, a California professional corporation ("WHG") and Katie Shapiro, M.D., an individual ("Dr. Shapiro," and with WHG, collectively, "Tenant"), based on the following facts and recitations:

RECITALS

A. On or about November 1, 2012, Landlord and Tenant entered into a Seton Medical Office Building Lease (the "Prior Lease"), for Suite 312 containing approximately 1,311 rentable square feet (the "Premises"), in a medical office building located at 1850 Sullivan Avenue, Daly City, California 94015 (the "Building"). On or about July 23, 2015, Landlord and Tenant entered into a First Amendment to the Prior Lease.

B. The parties desire to amend and restate the Prior Lease entirely, effective August 1, 2016, on the terms and conditions set forth below.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant agree as follows that the Prior Lease is hereby amended and restated in its entirety effective August 1, 2016 as set forth below.

ARTICLE 1

CERTAIN DEFINITIONS AND BUSINESS TERMS

"Additional Rent"	All rent described in this Lease other than Monthly Base Rent, including the rent described in Sections 4.4 and 4.6.
"Base Year"	2016
"Building"	The Seton Medical Office Building, located at 1850 Sullivan Avenue, Daly City, California containing approximately 84,911 rentable square feet, together with all parking facilities, walks, malls, and landscaped areas.
"Lease Commencement Date":	August 1, 2016
"Lease Expiration Date":	July 31, 2017
"Lease Term":	A period of one (1) year commencing on the Lease Commencement Date and ending on the Lease Expiration Date, unless the Lease Term is extended pursuant to Article 3.
"Monthly Base Rent":	Lease Year — Monthly Base Rent 8/1/16 – 7/31/17 — $3,670.80
"Automatic Extension"	Upon the Lease Expiration Date, if the Lease Term has not been extended by written agreement the Lease Term will automatically extend for one year at 103% of last Monthly Base Rent.
"Holdover Rent"	110% of last Monthly Base Rent; no longer than six (6) months.
"Late Charge"	5% of amount due if Monthly Base Rent is not received five (5) days after

	due date.
"Premises"	1850 Sullivan Avenue, Suite 312, Daly City, CA 94015, containing approximately 1,311 rentable square feet.
"Security Deposit":	Tenant has paid a security deposit of $3,408.60. Landlord shall use Tenant's existing security deposit towards the Security Deposit for this Lease, and by July 31, 2016, Tenant shall pay Landlord an additional $262.20 to increase the Security Deposit to $3,670.80.
"Tenant's Share"	1.54%

Address for Notices (Section 22.16):

To Tenant:	Women's Health Group, A Medical Corporation 1850 Sullivan Avenue, Suite 312 Daly City, CA 94015 Attention: Dr. Katie Shapiro, M.D.
To Landlord:	Seton Medical Center 1900 Sullivan Avenue Daly City, CA 94015 Attention: John Ferrelli, President and CEO and Cushman & Wakefield Property Management Department 201 California Street, Suite 800 San Francisco, CA 94111 Fax: (415) 956-3381 and Office of the General Counsel Verity Health System 203 Redwood Shores Parkway, #800 Redwood City, CA 94065 E-mail: generalcounsel@verity.org

ARTICLE 2

PREMISES

2.1 The Building and Real Property. Upon and subject to the terms set forth in this Lease, Landlord hereby leases to Tenant and Tenant hereby hires from Landlord the Premises. For purposes of this Lease, "rentable square feet" and "usable square feet" shall be calculated pursuant to Standard Method of Measuring Floor Area in Office Buildings, ANSI Z65.1 - 1996 ("BOMA"); provided that for purposes of determining the Monthly Base Rent and the additional rent due under Article 4 of this Lease, the rentable square footage of the Premises shall be 116% of the useable square footage of the Premises, and in all other instances the rentable square footage of the Premises shall be calculated pursuant to BOMA. The Building, the land upon which the Building stands and the land and improvements surrounding the Building, including any parking structure, are herein sometimes collectively referred to as the "Real Property." Tenant is hereby granted the right to the non-exclusive use of the common corridors and hallways, stairwells, elevators, restrooms and other public or common areas; provided, however, that the manner in which the public and common areas are maintained and operated shall be at the sole discretion of Landlord and the use thereof shall be subject to such rules, regulations and restrictions as Landlord may make from time to time.

Landlord may make alterations or additions to or to change the location of elements of the Real Property and the common areas thereof.

2.2 Verification of Rentable Area; Change to Monthly Base Rent Due to Size Discrepancy. The usable and rentable square footage of the Building and the Premises are subject to verification by Landlord's architect, in accordance with BOMA; however, the determination of Landlord's architect shall be conclusive and binding upon the parties. The initial Monthly Base Rent set forth in this Lease is based upon the size of the Premises. If at any time during the Lease Term either Landlord or Tenant determine (and can verify to the reasonable satisfaction of the other party), that the actual size of the Premises is larger or smaller than set forth herein by a factor of at least ten percent (10%), then the Monthly Base Rent will be increased or decreased retroactive to the Lease Commencement Date to reflect such actual size of the Premises, multiplied by the price per square foot used to determine the initial Monthly Base Rent set forth herein.

2.3 Landlord's Work in the Premises. Except as set forth in this Lease, Landlord shall not provide or pay for any interior improvement work or services for the Premises, and Tenant accepts the Premises in its "as is" condition. Tenant also acknowledges that Landlord has made no representation or warranty regarding the condition of the Premises or the Building except as specifically set forth in this Lease.

ARTICLE 3

LEASE TERM

3.1 Initial Lease Term. The Lease Term shall commence on the Lease Commencement Date and end on the Lease Expiration Date, subject to a possible extension of the Lease Term as provided in Section 3.3, and/or the termination before the Lease Expiration Date as hereinafter provided.

3.2 Intentionally Omitted.

3.3 Automatic Extension. Upon the expiration of the Lease Term, the Lease Term shall automatically be extended for one (1) year at 103% of the Monthly Base Rent due just prior to the date of such automatic extension unless Landlord elects to terminate the Lease as of the last day of the Lease Term, which Landlord may do in its sole and absolute discretion, by providing Tenant with written notice thereof, not less than 120 days prior to expiration of the Lease Term. During the one (1) year period of this Automatic Extension, either party may terminate this Lease upon thirty (30) days' prior written notice to the other party, for any reason or for no reason.

3.4 Holdover Tenancy; Indemnification. If Tenant holds over after the end of one year automatic extension described in Section 3.3, with or without the express or implied consent of Landlord, then such tenancy shall be from month-to-month only and shall in not continue for a period greater than six (6) months beyond the end of the Lease Term. Any such holdover shall not constitute a renewal hereof or an extension for any further term, and in such case the Monthly Base Rent shall automatically increase to 110% of the Monthly Base Rent payable during the last month of the Lease Term, without any separate notice being sent to Tenant about such increase, and regardless of whether any future invoices sent to Tenant for Monthly Base Rent include or exclude the higher 110% Monthly Base Rent due hereunder. Except for the increases in Monthly Base Rent for the above, such month-to-month tenancy shall be subject to every other term, covenant and agreement contained herein. Nothing contained in this Section shall be construed as consent by Landlord to any holding over by Tenant, and Landlord may require Tenant to surrender possession of the Premises to Landlord as provided in this Lease upon the expiration or other termination of this Lease. If Tenant fails to surrender the Premises upon the termination or expiration of this Lease, in addition to any other liabilities to Landlord accruing therefrom, Tenant shall indemnify and hold Landlord harmless from loss or liability resulting from such failure, including, any claims made by any succeeding tenant founded upon such failure to surrender.

Notwithstanding the foregoing, in the event the Lease Term is not timely extended in writing as a result of Landlord's failure to document such extension before the Lease Expiration Date or other acts within Landlord's reasonable control, then Landlord may elect not to charge 110% of the Monthly Base Rent during the holdover period and send written notice to Tenant within five (5) business days after the Lease Expiration Date confirming

Landlord will charge only 103% of the Monthly Base Rent during the holdover period ending on the effective date of any written amendment extending the Lease Term, or termination of the Lease.

3.5 Intentionally Omitted.

3.6 Early Lease Termination Upon Permanent Disability or Death. If the Tenant is an individual or it is a medical corporation whose sole shareholder is a licensed individual, then Tenant shall have a one-time right and an option to terminate this Lease prior to the Lease Expiration Date (except as otherwise provided herein), in the event such individual ever dies or becomes permanently disabled during the Lease Term, after giving Landlord at least sixty (60) days' advance written notice of such early termination and, in the case of a permanent disability, after providing Landlord with reasonable proof of such permanent disability. In the event of the death of an individual Tenant or a physician who is the sole owner of a corporate Tenant, such Tenant's obligations under this Lease shall terminate upon reasonable proof of death being provided to Landlord. If Tenant is an association or a professional corporation consisting of two or more physicians, then the remaining members of the association or group and remaining shareholders of the medical corporation shall continue as the Tenant and to be responsible for the obligations under this Lease after the permanent disability or death of an individual physician.

3.7 Landlord's Right to Cancel. If any Tenant is an individual, Landlord shall have the right upon at least thirty (30) days' prior written notice to Tenant (or in the event of Tenant's death, such notice shall be given to Tenant's legal representative, successor, or assign) to cancel this Lease in the event of Tenant's death, permanent inability to practice his or her profession due to physical or mental infirmity, or permanent retirement from the full-time practice of his profession. If this Lease is terminated, Tenant (or in the event of Tenant's death, Tenant's legal representative, successor, or assign) shall perform all of his obligations under this Lease which arise or accrue prior to the effective date of termination.

ARTICLE 4

RENTAL AND OTHER PAYMENTS

4.1 Monthly Base Rent. Tenant agrees to pay to Seton Medical Center, c/o Cushman & Wakefield, Property Management Department, 1390 Timberlake Manor Parkway, Suite 230, Chesterfield, MO 63017, the Monthly Base Rent in advance on the first day of each calendar month, without demand or offset whatsoever, provided that if any rental payment date (including the Lease Commencement Date) falls on a day other than the first day of such month or if any rental payment is for a period which is shorter than one month, the rental for any partial month shall accrue on a daily basis for the period from the date such payment is due to the end of such calendar month or to the end of the Lease Term at a rate per day which is equal to 1/30 of the Monthly Base Rent. Monthly Base Rent shall be paid in the amounts set forth in Article 1 above for each Lease Year or such amounts as are calculated pursuant to Section 4.3 below, whichever is greater.

4.2 Late Charges. Tenant acknowledges that late payment of rent or other sums due hereunder will cause Landlord to incur costs not contemplated by this Lease, the exact amount of which are extremely difficult to ascertain, including processing and accounting charges, and late charges which may be imposed upon Landlord by the terms of any mortgage or deed of trust covering the Premises. Accordingly, if any installment of rent or any other sum due from Tenant shall not be received by Landlord or Landlord's designee within five (5) days after the due date, then Tenant shall pay to Landlord a late charge equal to five percent (5%) of such amount overdue plus any attorneys' fees incurred by Landlord by reason of Tenant's failure to pay rent and/or other charges when due hereunder, by the end of the month in which the payment was due. Such late charge represents a fair and reasonable estimate of the costs that Landlord will incur by reason of the late payment by Tenant. Acceptance of such late charge by Landlord shall in no event constitute a waiver of Tenant's default with respect to such overdue amount, nor prevent Landlord from exercising any of the other rights and remedies granted hereunder. The late charge shall be deemed additional rent and the right to require it shall be in addition to all of Landlord's other rights and remedies hereunder or at law and shall not be construed as liquidated damages or as limiting Landlord's remedies in any manner. In addition to the five percent (5%) late charge described above, any rents or other amounts owing hereunder which are not paid within five (5) days after the date they are due shall thereafter bear interest until paid at a rate per annum equal to the lesser of ten percent (10%) per annum or the highest rate permitted by applicable law.

4.3 Annual Adjustments to Monthly Base Rent. Except as provided in Section 3.3 for an automatic one year extension of the Lease Term, the Monthly Base Rent during the initial Lease Term shall increase by three percent (3%) per year on each one year anniversary of the Lease Commencement Date.

4.4 Additional Rent.

4.4.1 Tenant's Share. As more fully set forth in this Section 4.4, in addition to the Monthly Base Rent, Tenant shall also pay to Landlord, its share ("Tenant's Share") of all annual Direct Expenses which are in excess of Direct Expenses for the Base Year.

4.4.2 Definitions: As used in this Section 4.4, the following terms have the meaning hereinafter set forth:

4.4.2.1 "Tenant's Share" of Direct Expenses for each Expense Year shall be as set forth in Article 1 of this Lease. In the event either the rentable square feet of the Premises and/or the total rentable square feet of the Building is changed, Tenant's Share shall be appropriately adjusted, and, as to the Expense Year in which such change occurs, Tenant's Share for such year shall be determined on the basis of the number of days during such Expense Year that each such Tenant's Share was in effect.

4.4.2.2 "Expense Year" shall mean each twelve (12) consecutive month period commencing January 1st of each year falling within the Lease Term, provided that Landlord, upon notice to Tenant, may change the Expense Year from time to time to any other twelve (12) consecutive month period, and, in the event of any such change, Tenant's Share of Direct Expenses shall be equitably adjusted for any Expense Year involved in any such change.

4.4.2.3 "Direct Expenses" shall mean "Operating Expenses" and "Tax Expenses."

4.4.2.4 "Operating Expenses" shall mean any and all costs and expenses paid or incurred by Landlord in connection with the ownership, operation, maintenance, management, replacement, restoration, and repair of the Building and Real Property. By way of illustration only, but not limitation, Operating Expenses shall include the following: (i) the cost of supplying all utilities, the cost of operating, maintaining, repairing, and managing the utility systems, mechanical and heating systems, ventilation and air conditioning systems, sanitary and storm drainage systems, and escalator and elevator systems, the cost of environmental surcharges imposed by any governmental entity, and the cost of supplies and equipment and maintenance and service contracts in connection therewith; provided that Tenant shall not be responsible for a portion of the cost of a particular utility if Tenant directly or indirectly pays for Tenant's use of such utility pursuant to the terms of Article 7 of this Lease; (ii) the cost of landscaping, all supplies, and re-lamping; (iii) the cost of parking area maintenance, including resurfacing, repainting, re-stripping, and cleaning; (iv) the cost of fire, extended coverage, boiler, sprinkler, public liability, property damage, workmen's compensation, loss of rent, earthquake, and other reasonable insurance, including such endorsements thereto as Landlord may desire, all in such amounts as Landlord may reasonably determine; (v) wages, salaries and other labor costs, including payroll and employment taxes, and employee medical, welfare, pension and other fringe benefits for all persons engaged in the operations of the Building; (vi) fees, charges and other costs, including management fees not to exceed 5% of rent collected, consulting fees, legal fees and accounting fees, of all independent contractors engaged by Landlord or reasonably incurred by Landlord in connection with the management, operation, maintenance and repair of the Building and Real Property, as well as, any and all trip or similar fees, linkage fees, and business fees; (vii) the cost of licenses, permits and inspections and the cost of contesting the validity or applicability of any government enactments which may affect Operating Expenses; (viii) the fair market rental value of the property manager's office in the Building; (ix) depreciation of the cost of acquiring or the rental expense of personal property used in the maintenance, operation and repair of the Building and Real Property; (x) subject to the last paragraph of this Section 4.4.2.4, the cost of any capital improvements, repairs and/or replacements made to the Building and/or the Real Property after the Lease Commencement Date in connection with the operation or maintenance of the Building and/or Real Property, or made to the Building and/or Real Property after the Lease Commencement Date that are required under any governmental law or regulation enacted on or after the Lease Commencement Date, such costs to be amortized over the useful life thereof and which shall be paid on a pro-rata monthly basis by Tenant during the Lease Term,

together with interest charged to Landlord on the unamortized balance; and (xi) the cost of janitorial service, alarm and security service, window cleaning, trash removal, replacement of wall and floor coverings, ceiling tiles and fixtures in lobbies, corridors, restrooms and other common and public areas or facilities, maintenance and replacement of curbs, walkways, repair of roofs and reroofing. For purposes of computing Tenant's Share pursuant to this Article 4, Operating Expenses for the Building or Real Property that are not, in Landlord's sole discretion, allocable or chargeable solely to either the office or retail space of the Building shall be allocated between and charged to the office and retail space of the Building on an equitable basis as determined by Landlord. For purposes of this Lease, Operating Expenses shall not include " Tax Expenses", interest expense, except as provided in clause (x) above, leasing commissions, depreciation on the improvements contained in the Building, except as provided in clause (ix) above, or the cost of capital expenditures not included in clause (x) above. The computation of Operating Expenses shall be made in accordance with generally accepted accounting principles. If during any Expense Year, the Building is on a monthly average less than ninety-five percent (95%) occupied, the Operating Expenses shall be increased to reflect the Operating Expenses of the Building as though it was on a monthly average ninety-five percent (95%) occupied and the additional rent shall be based upon the Operating Expenses so adjusted. Tenant shall only be responsible for the amortized amount of capital improvement falling within the Lease Term, plus the interest paid by Landlord in connection therewith, provided that the amount of such interest shall not exceed eight percent (8%) per year. For example, if the Lease Term is three (3) years and Landlord makes a capital improvement in the amount of $100,000 in order to comply with Newly Enacted Laws in the second Lease Year, and the useful life of such capital improvement is twenty (20) years, then Tenant would be liable for Tenant's Share in the amount of $5,000 (plus interest thereon as set forth above), in the second and third Lease Years. If the Operating Expenses for any Expense Year include a new Operating Expense which was not included in the Operating Expenses incurred by Landlord during the Base Year ("New Operating Expense"), then the Base Year Operating Expenses shall be adjusted to include the cost of the new Operating Expense that would have been incurred by Landlord had such New Operating Expense been incurred by Landlord during the Base Year, and Tenant shall only be liable for Tenant's Share of the increase, if any.

Operating Expenses shall not include: (i) capital expenditures (except as specifically enumerated above); (ii) costs of special services rendered to individual tenants (other than Tenant) for which a special charge is made; (iii) ground rent, and interest and principal payments on loans or indebtedness secured by the Building and/or the Real Property; (iv) costs of services or other benefits of a type which are not available to Tenant but which are available to other tenants or occupants, and costs for which Landlord is reimbursed by other tenants of the Building other than through payment by other tenants of increases in Operating Expenses and Tax Expenses; (v) leasing commissions, attorneys' fees and other expenses incurred in connection with leasing space in the Building or enforcing such leases; (vi) depreciation or amortization, other than as specifically enumerated above; (vii) costs incurred by Landlord to remove Hazardous Materials from the Building (other than to the extent such costs arise from actions in the nature of ordinary cleaning, repair and maintenance activities) and which were not brought to the Building by Tenant; and (viii) costs, fines or penalties incurred due to Landlord's violation of any Law.

Notwithstanding the foregoing, Tenant's Share of Operating Expenses shall not increase from year to year by more than four percent (4%) in excess of the Operating Expenses for the previous year, provided, however, except as otherwise noted below, there shall be no limitation or "cap" on the following Operating Expenses: (i) all utilities, (ii) all premiums for insurance coverage, including, without limitation, worker's compensation premiums, except Landlord shall not include in Operating Expenses any deductible payments Landlord must make under its policies for earthquake insurance, (iii) non-recurring maintenance and repairs, (iv) costs of complying with newly enacted laws, (vi) costs of licenses and permits, (vii) Tax Expenses, and (viii) increases in any other Operating Expenses where such increases are outside the control of Landlord. As to subcategory (iii) referenced in this paragraph, each individual non-recurring maintenance and repair expense costing $25,000 or less will be charged to Tenant in the year such expense was incurred; each such expense costing more than $25,000 but less than $50,000 will be amortized and charged to Tenant over a period of years, based upon a depreciation/amortization schedule reasonably determined by Landlord; and each such expense costing more than $50,000 will be treated as a capital expense to be absorbed solely by Landlord, and will not be charged to Tenant.

4.4.2.5 "Tax Expenses" shall include, but not be limited to, any and all present and future general real property, personal property and improvement taxes, any form of assessment, bonded indebtedness, reassessment, license fee, license tax, business license tax, commercial rental tax, in lieu tax, levy, charge, penalty or similar imposition, whatsoever or at all imposed by any authority having the direct power to tax,

including any city, county, state or federal government, or any school, agricultural, lighting, drainage or other improvement or special assessment district thereof, or any agency or public body, as against any legal or equitable interest of Landlord in the Real Property, which are paid or incurred by Landlord, and which shall include, but not be limited to, the following:

(i) Any tax on Landlord's rent, right to rent or other income from the Real Property or as against Landlord's business of leasing any of the Real Property, but specifically excluding Landlord's federal or state income, franchise, inheritance or estate taxes;

(ii) Any assessment, tax, fee, levy or charge in addition to, or in substitution, partially or totally, of any assessment, tax, fee, levy or charge previously included within the definition of real property tax, it being acknowledged by Tenant and Landlord that Proposition 13 was adopted by the voters of the State of California in the June 1978 election and that assessments, taxes, fees, levies and charges may be imposed by governmental agencies for such services as fire protection, street, sidewalk and road maintenance, refuse removal and for other governmental services formerly provided without charge to property owners or occupants. It is the intention of Tenant and Landlord that all such new and increased assessments, taxes, fees, levies, and charges and all similar assessments, taxes, fees, levies and charges be included within the definition of real property taxes for the purposes of this Lease, including any increase in real property taxes which are assessed due to the sale and/or the leasing of the Real Property and/or the Building or any portion thereof or any interest therein and/or the sale or transfer of any interest in the Landlord;

(iii) Any assessment, tax, fee, levy, or charge allocable to or measured by the area of the Premises or the rent payable hereunder, including, without limitation, any gross income tax with respect to the receipt of such rent, or upon or with respect to the possession, leasing, operating, management, maintenance, alteration, repair, use or occupancy by Tenant of the Premises, or any portion thereof; and

(iv) Any assessment, tax, fee, levy or charge, upon this transaction or any document to which Tenant is a party, creating or transferring an interest or an estate in the Premises.

With respect to any assessment that may be levied against or upon the Real Property and that under the laws then in force may be evidenced by improvement or other bonds, or may be paid in annual installments, there shall be included within the definition of real property taxes with respect to any tax fiscal year only the amount currently payable on such bonds, including interest, for such tax fiscal year, or the current annual installment for such tax fiscal year.

4.4.3 Calculation of Excess. If, for any Expense Year ending or commencing within the Lease Term, Tenant's Share of Direct Expenses for such Expense Year exceeds Tenant's Share of any payments made by Tenant during such Expense Year pursuant to the Estimate Statement, then Tenant shall pay to Landlord, in the manner as set forth in Section 4.4.4, below, and as additional rent, an amount equal to such excess (the "Excess"). If the Lease Term falls partially within an Expense Year, the Excess calculated for such partial year shall be equitably prorated based upon a 360 day year.

4.4.4 Statement of Actual Direct Expenses. Landlord shall endeavor to give to Tenant on or before the first day of March following the end of each Expense Year, a statement (the "Statement") which shall state the Direct Expenses incurred or accrued for such preceding Expense Year, and which shall indicate the amount, if any, of any Excess. Upon receipt of the Statement for each Expense Year ending during the Lease Term, if an Excess is present, Tenant shall pay, with its next installment of Monthly Base Rent due, the full amount of the Excess for such Expense Year, less the amounts, if any, paid during such Expense Year as Estimated Excess. The failure of Landlord to timely furnish the Statement for any Expense Year shall not prejudice Landlord from enforcing its rights under this Article 4.

Even though the Lease Term has expired and Tenant has vacated the Premises, when the final determination is made of Tenant's Share of the Direct Expenses for the Expense Year in which this Lease terminates, if an Excess is present, Tenant shall immediately pay to Landlord an amount as calculated pursuant to the provisions of Section 4.4.2 above, and, conversely, if an overpayment is present, an amount as calculated pursuant to the provisions of Section 4.4.2, above, shall be immediately rebated by Landlord to Tenant,

less any amounts otherwise owing from Tenant to Landlord. The provisions of this paragraph shall survive the expiration or earlier termination of the Lease Term.

4.4.5 Statement of Estimated Direct Expenses. In addition, Landlord shall endeavor to give Tenant a yearly expense estimate statement ("Estimate Statement") which shall set forth Landlord's reasonable estimate (the "Estimate") of what the total amount of Direct Expenses for the then current Expense Year shall be and the estimated excess (the "Estimated Excess") as calculated by Landlord based upon Tenant's Share of Direct Expenses. The failure of Landlord to timely furnish the Estimate Statement for any Expense Year shall not preclude Landlord from enforcing its rights to collect any Excess under this Article 4. If pursuant to the Estimate Statement an Estimated Excess is calculated for the then current Expense Year, Tenant shall pay, with its next installment of Monthly Base Rent due, a fraction of the Estimated Excess for the then Expense Year, which fraction shall have as its numerator the number of months which have elapsed in such current Expense Year to the month of such payment, both months inclusive, and which fraction shall have 12 as its denominator. Until a new Estimate Statement is furnished, Tenant shall pay monthly, with the Monthly Base Rent installments, an amount equal to one-twelfth (1/12) of the total Estimated Excess.

4.5 Taxes and Other Charges for Which Tenant is Directly Responsible. Tenant shall reimburse Landlord upon demand for all taxes required to be paid by Landlord (excluding state, local and federal personal or corporate income taxes measured by the net income of Landlord from all sources and estate and inheritance taxes), when:

(a) Tenant shall pay prior to delinquency all taxes assessed against and levied upon trade fixtures, furnishings, equipment and all other personal property of Tenant contained in the Premises or elsewhere; and

(b) If any of Tenant's personal property shall be assessed with Landlord's real property, Tenant shall pay to Landlord the taxes attributable to Tenant within ten (10) days after receipt of a written statement setting forth the taxes applicable to Tenant's property.

If it shall not be lawful for Tenant to reimburse Landlord for the items specified in this Section 4.4, then Landlord may increase the Monthly Base Rent to net Landlord the same rent after imposition of any such tax upon Landlord as would have been payable to Landlord if such tax had not been imposed.

4.6 Other Additional Rent. Any service provided by Landlord to Tenant with Tenant's written approval for such service that is not a standard operating expense will be charged to Tenant as additional rent and paid by Tenant on a monthly basis along with the Monthly Base Rent. An example of such an expense is bio medical waste removal commonly known as "redbag" or "sharps" removal services.

4.7 Dispute. In the event of any dispute as to additional rental due under this Article 4, Tenant may, after reasonable notice and at reasonable times, to inspect Landlord's records at Landlord's office. If after such inspection, Tenant still disputes such additional rental, a certification as to the proper amount shall be made, at Tenant's expense, by Landlord's independent certified public accountant, which certification shall be final and conclusive.

ARTICLE 5

SECURITY DEPOSIT

Upon the earlier of Tenant's execution of this Lease or the Lease Commencement Date, Tenant shall deposit with Landlord a Security Deposit in the amount set forth in Article 1 of this Lease. If Tenant defaults with respect to any provisions of this Lease, Landlord may (but shall not be required to) use, apply or retain any or all of the Security Deposit and apply it toward the default, or to pay any amount that Landlord may spend by reason of Tenant's default, or to compensate Landlord for any other loss that Landlord may suffer by reason of Tenant's default. If the Security Deposit is so used or applied, Tenant shall, within five (5) days after written demand therefor, deposit cash with Landlord in an amount sufficient to restore the Security Deposit to its original amount,

and Tenant's failure to do so shall be a default under this Lease. If Tenant shall fully and faithfully perform every provision of this Lease, the Security Deposit, or any balance thereof, shall be returned to Tenant (or, at Landlord's option, to the last assignee of Tenant's interest hereunder) within sixty (60) days following the expiration of the Lease Term. Tenant waives the provisions of Section 1950.7 of the California Civil Code.

ARTICLE 6

USE

6.1 Tenant covenants that Tenant shall use the Premises solely for medical office purposes and in compliance with the Rules and Regulations set forth in Exhibit B, attached hereto, and shall not use nor permit the Premises to be used for any other purpose without the prior written consent of Landlord, or in violation of the laws of the United States of America, the State of California, or the ordinances, regulations or requirements of the local municipal or county governing body or other lawful authorities having jurisdiction over the Building. Tenant acknowledges that Tenant has received copies of, read and understands all of the provisions of the Rules and Regulations.

6.2 Intentionally Omitted.

6.3 Additionally, the Premises shall not be used for clinical laboratory tests (except for routine tests performed by a physician who is not a pathologist in his or her own office); any invasive or noninvasive imaging or x-ray procedures (except for routine procedures by a physician in his or her own office for his or her own patients, i.e., not referred to such physician solely for an imaging procedure); C.T. Scan, NMR (MRI), and similar imaging procedures; physical therapy; or outpatient surgery (except for simple procedures typically performed in a medical office not equipped or held out as being a surgicenter, and performed for the physician's own patients in his or her own office in connection with the physician's medical specialty).

6.4 If Tenant is a general partnership, then the general partners of Tenant, or if Tenant is a corporation, then the shareholders of Tenant, or if Tenant is an unincorporated association or a medical association, then the members of Tenant, or if Tenant is one or more individuals, then such individuals constituting Tenant, shall be comprised solely of practitioners of the healing arts who are members in good standing of the medical, dental and allied health staffs of Seton Medical Center (the "Qualified Occupants"). Tenant shall also be responsible, at its sole cost to obtain all operating permits, licenses and governmental approvals necessary for the operation of Tenant's Use and to determine that the Premises and Building are suitable for Tenant's Use (including, without limitation, zoning and capacity of the Building's systems); and neither Landlord nor its agents has made any representations or warranties as to the suitability of the Premises or the Building for Tenant's Use or that Tenant's Use is permitted under current zoning or other applicable laws. Tenant acknowledges that the Building currently contains or may in the future contain tenants who conduct medical and other related uses in their respective premises and Tenant accepts all conditions associated with such uses.

6.5 Except as permitted under Section 6.3 above, Tenant specifically agrees not to engage in or permit the Premises to be used for the practice of radiology or pathology, or to maintain any x-ray, or other electrical or electromagnetic medical equipment, machines or devices, radiation therapy, nuclear medicine, diagnostic ultrasound, clinical laboratory, pathology laboratory (except for tests performed by a physician who is not a pathologist in his or her own office), or physical therapy office or practice in the Premises without the prior written consent of Landlord, which consent may be withheld in Landlord's sole discretion. Tenant also agrees not to dispense drugs, eyeglasses, surgical devices or medicine except to Tenant's own patients as an incidental part of, and in the ordinary course of business of, Tenant's practice. Tenant shall not allow any patient to reside in or remain in the Premises on an overnight or in-patient basis. Tenant shall not use any apparatus, machinery or device in or about the Premises which would make any noise or set up any vibration outside of the Premises. Tenant shall not connect with electric wires, water or air pipes any apparatus, machinery or device not shown on suite improvement plans without the prior written consent of Landlord. All walls, ceilings, floors and doors of any rooms used for examination, diagnosis, testing or therapy shall be properly shielded and shall comply with all applicable rules, regulations, ordinances and other requirements .

6.6 Tenant agrees to conduct the practice of Tenant's profession in the Premises in compliance with the Code of Ethics of Tenant's professional association. It shall constitute an incurable default under this Lease (an "Ethical or Criminal Violation") if Tenant or any Qualified Occupant pleads guilty to or there is a final judicial determination that Tenant or any Qualified Occupant committed a crime, or if Tenant or any Qualified Occupant pleads guilty to or there is a final determination that Tenant or any Qualified Occupant committed a violation of the Code of Ethics of Tenant's professional association, and Landlord shall have no obligation to inquire into any facts related thereto.

ARTICLE 7

SERVICES AND UTILITIES

7.1 Landlord's Obligations. Landlord shall furnish to the Premises during reasonable hours of generally recognized business days (Monday through Friday – 8:00 a.m. to 6:00 p.m. and Saturdays – 8:00 a.m. to - 2:00 p.m.), which may be changed from time to time by Landlord, heating, air conditioning and ventilation required in Landlord's judgment for the comfortable use and occupation of the Premises, elevator and janitorial service, and water for lavatory and drinking purposes. Landlord shall also maintain and keep lighted the common stairs, common entries and restrooms in the common areas of the Building. Landlord's operation and delivery of services to the Building and the Premises shall be in a manner consistent with other comparable office buildings located in the County of San Mateo, California. Landlord shall, at its sole cost and expense, arrange for, and pay for, all basic janitorial services for the Premises as described in Exhibit D attached hereto and, the hooking up of electrical and gas utilities to the Premises, if separately metered and to pay for all electrical and gas utilities not directly metered to Tenant on the Premises. Any utilities used after the specified recognized business hours shall be billed as additional rent at a rate of $35.00 per hour in the first year of the Lease Term and adjust annually based upon Landlord's reasonable estimate of the annual cost thereafter. Any special janitorial services shall be coordinated by Landlord and billed to Tenant as additional rent at the cost billed by the provider plus an administrative fee of 15%.

7.2 Interruption of Services and Utilities. Landlord shall not be liable for, and Tenant shall not be entitled to any reduction of the Monthly Base Rent or any additional rent by reason of, Landlord's failure to furnish any of the services or utilities described in Section 7.1, when such failure is caused by acts of God, accident, breakage, repairs, strikes, lockouts or other labor disturbances or disputes, unavailability of materials or labor, or by any other cause beyond the control of Landlord, or by rationing or restrictions on the use of said services and utilities due to energy shortages, or the making of repairs, alterations or improvements to the Premises or Building, or by any other causes. Landlord shall not be liable for a loss of, or injury to, property, or for injury to, or interference with, Tenant's business, including, without limitation, loss of profits, related to a failure to furnish any of the foregoing services or utilities. Landlord shall be entitled to cooperate voluntarily in a reasonable manner with the efforts of national, state or local governmental bodies or of suppliers of utilities in reducing energy or other resources consumption, and Tenant shall not be relieved of its obligation to pay the Monthly Base Rent or any additional rent by reason thereof. Landlord shall also have the exclusive right, but not the obligation, to provide any additional services which may be required by Tenant, including, without limitation, lock smith services, lamp replacement, additional janitorial service, additional repairs and maintenance, provided that Tenant shall pay to Landlord as additional rent upon billing, the sum of all costs to Landlord of such additional services plus a fifteen percent (15%) administration fee.

7.3 Tenant's Use of Utilities and Services. Tenant shall not, without Landlord's prior written consent, use heat generating machines or other than normal fractional horsepower office machines, or equipment or lighting other than building standard lights in the Premises which may affect the temperature otherwise maintained by the air conditioning system or increase the water normally furnished for the Premises. If such consent is given, Landlord shall have the right to install supplementary air conditioning units or other facilities in the Premises including supplementary or additional metering devices and Tenant shall pay Landlord the cost thereof, including the cost of installation, operation and maintenance, increased wear and tear on existing equipment and other similar charges, upon billing by Landlord. If Tenant uses water, electricity, heat or air conditioning in excess of normal office use, Landlord may install devices to separately meter any increased use and in such event Tenant shall pay the increased cost directly to Landlord, on demand, including the cost of such additional metering devices. Tenant shall not, without Landlord's prior written consent, install additional lighting or equipment requiring electric current to be supplied to the Premises in excess of the aggregate at any time of three (3) watts per square foot of rentable square

feet of the Premises. If such consent is given, Tenant shall pay to Landlord, upon billing, the cost of such excess consumption. If Tenant desires to use heat, ventilation or air conditioning during hours other than those for which Landlord is obligated to supply such utilities pursuant to the terms of Section 7.1 of this Lease, Tenant shall give Landlord prior notice, as Landlord shall from time to time establish as appropriate, of Tenant's desired use and Landlord shall supply such utilities to Tenant at such hourly cost to Tenant as Landlord shall from time to time establish. Amounts payable by Tenant to Landlord for such use of additional utilities shall be deemed additional rent hereunder.

ARTICLE 8

INDEMNITY AND INSURANCE

8.1 Indemnification and Waiver. Landlord shall not be liable for and Tenant hereby waives all claims against Landlord for damage to any property or injury, illness or death of any person in, upon, or about the Premises and/or the Real Property arising at any time, other than damages proximately caused by the gross negligence or willful misconduct of Landlord or its agents and employees. Tenant shall indemnify, defend, and protect Landlord, and hold Landlord harmless from any and all loss, cost, damage, expense and liability (including without limitation court costs and reasonable attorneys' fees) incurred in connection with the Premises, including, without limitation, the following: (i) any default by Tenant in the observance or performance of any of the terms, covenants or conditions of this Lease on Tenant's part to be observed or performed; (ii) the use or occupancy of the Premises by Tenant or any person claiming by, through or under Tenant; (iii) the condition of the Premises or any occurrence or happening on the Premises from any cause whatsoever; or (iv) any acts, omissions or negligence of Tenant or any person claiming by, through or under Tenant, or of the contractors, agents, servants, employees, visitors or licensees of Tenant or any such person, in, on or about the Premises or the Real Property, either prior to, during, or after the expiration of the Lease Term, including, without limitation, any acts, omissions or negligence in the making or performance of any alterations. Tenant further agrees to indemnify and save harmless Landlord, Landlord's agents, and the lessor or lessors under all ground or underlying leases, from and against any and all loss, cost, liability, damage and expense including, without limitation, reasonable attorneys' fees, incurred in connection with or arising from any claims by any persons by reason of injury to persons or damage to property occasioned by any use, occupancy, condition, occurrence, happening, act, omission or negligence referred to in the preceding sentence. The provisions of this Section 8.1 shall survive the expiration or sooner termination of this Lease with respect to any claims or liability the basis for which arose prior to such expiration or termination.

8.2 Fire and Casualty Insurance. Landlord shall maintain during the Lease Term a policy or policies of insurance insuring the Building against loss or damage due to fire and other casualties covered within the classification of fire and extended coverage, vandalism coverage and malicious mischief, sprinkler leakage, water damage and, at Landlord's option, special extended coverage on the Building. Such coverage in such amounts as Landlord may from time to time determine may include, at the option of Landlord, the risks of flood damage and additional hazards, a rental loss endorsement and one or more loss payee endorsements in favor of the holders of any mortgages or deeds of trust encumbering the interest of Landlord in the Real Property or the ground or underlying lessors of the Real Property. Tenant shall neither use the Premises nor permit the Premises to be used or acts to be done therein which will (i) increase the premium of any insurance described in this Section 8.2; (ii) cause a cancellation of or be in conflict with any such insurance policies; (iii) result in a refusal by insurance companies of good standing to insure the Building or the Real Property in amounts reasonably satisfactory to Landlord; or (iv) subject Landlord to any liability or responsibility for injury to any person or property by reason of any operation being conducted in the Premises. Tenant shall, at Tenant's expense, comply as to the Premises with all insurance company requirements pertaining to the use of the Premises. If Tenant's conduct or use of the Premises causes any increase in the Landlord's premium for such insurance policies, and such conduct is otherwise permitted by Landlord, then Tenant shall reimburse Landlord for any such increase. Tenant, at Tenant's expense, shall comply with all rules, orders, regulations or requirements of the American Insurance Association (formerly the National Board of Fire Underwriters) and with any similar body.

8.3 Tenant Insurance. Tenant shall obtain and maintain throughout the Lease Term at its own cost, a policy or policies of standard fire, extended coverage and special extended coverage insurance ("All Risks"), including a vandalism and malicious mischief endorsement, sprinkler leakage coverage and earthquake sprinkler leakage in an amount equal to the full replacement value new without deduction for depreciation of all fixtures,

furniture and leasehold improvements installed by or at the expense of Tenant and all alterations and additions thereto, and replacement cost insurance on all plate or tempered glass in or enclosing the Premises.

8.4 Public Liability Insurance. Tenant shall obtain and maintain throughout the Lease Term, at its own cost, comprehensive general liability insurance, including public liability and property damage insurance in the amount of One Million Dollars ($1,000,000) per person or occurrence and Three Million Dollars ($3,000,000) in the aggregate for personal injuries or deaths of persons occurring in or about the Premises including a Broad Form Comprehensive General Liability endorsement covering the insuring provisions of this Lease and the performance of Tenant of the indemnity agreements set forth in Section 8.1.

8.5 Additional Insurance Obligations. Tenant shall carry and maintain during the entire Lease Term, at Tenant's sole cost, such other reasonable types of insurance coverage and in such reasonable amounts covering the Premises and Tenant's operations therein, as may be reasonably requested by Landlord.

8.6 Form of Policies. The minimum limits of policies of insurance required of Tenant under this Lease shall in no event limit the liability of Tenant under this Lease. Such insurance shall: (i) name Landlord, and any other party which it so specifies, as a named insured; (ii) specifically cover the liability assumed by Tenant under this Lease, including, but not limited to, Tenant's obligations under Section 8.1; (iii) be issued by an insurance company having a rating of not less than A-VII in Best's Insurance Guide or which is otherwise acceptable to Landlord and licensed to do business in the State of California; (iv) be primary insurance as to all claims thereunder and that any insurance carried by Landlord is excess and non-contributing with any insurance requirement of Tenant; (v) provide that said insurance shall not be cancelled or coverage changed unless thirty (30) days' prior written notice shall have been given to Landlord and any mortgagee of Landlord's; and (vi) contain a cross liability endorsement or severability of interest clause acceptable to Landlord. Tenant shall deliver said policy or policies certificates thereof to Landlord on or before the Lease Commencement Date and at least thirty (30) days before the expiration dates thereof. In the event Tenant shall fail to procure such insurance, or to deliver such policies or certificate, Landlord may, at its option, procure such policies for the account of Tenant, and the cost thereof shall be paid to Landlord as additional rent within five (5) days after delivery to Tenant of bills therefor.

8.7 Subrogation. Landlord and Tenant agree to have their respective insurance companies issuing property damage insurance waive any rights of subrogation that such companies may have against Landlord or Tenant, as the case may be, so long as the insurance carried by Landlord and Tenant, respectively, is not invalidated thereby. As long as such waivers of subrogation are contained in their respective insurance policies, Landlord and Tenant hereby waive any right that either may have against the other on account of any loss or damage to their respective property to the extent such loss or damage is insurable under policies of insurance for fire and all risk coverage, theft, public liability, worker's compensation or other similar insurance.

ARTICLE 9

TENANT IMPROVEMENTS/ALTERATIONS

9.1 Improvements/Alterations. Tenant acknowledges that (i) Landlord shall not be obligated to make any improvements, alterations, additions or changes to the Premises, before or after the Lease Commencement Date; and (ii) Tenant accepts the Premises "as is", based on Tenant's prior use and possession thereof. Notwithstanding the foregoing, Landlord agrees that Tenant may, at its own cost and expense and after giving Landlord at least thirty (30) days' prior notice in writing of its intention to do so, and before such time as Tenant has obtained engineering specifications, from time to time during the Lease Term, make such improvements, alterations, additions, and changes in and to the interior of the Premises (except those of a structural nature) as Tenant may find necessary or convenient for its purposes, provided that the value of the Premises is not thereby diminished, but Tenant shall not make any improvements, alterations, additions or changes to the Premises without first procuring the prior written consent of Landlord. Notwithstanding the foregoing, Tenant may make cosmetic alterations to the Premises using Building standard materials at its sole cost and expense upon prior written notice to Landlord (but without Landlord's consent, up to an aggregate cost of $10,000 per year. If Tenant's actions are otherwise in compliance with this Article 9, all improvements, fixtures and/or equipment which Tenant may install or place in or about the Premises, and all improvements, alterations, repairs or changes to the Premises, and all signs installed in, on or about the Premises, from time to time, shall be at the sole cost of Tenant and shall be and become the property of

Landlord, except that Landlord may, by written notice to Tenant given at least thirty (30) days prior to the end of the Lease Term, require Tenant at Tenant's expense to remove all partitions, counters, railings and the like installed by Tenant, and to repair any damage to the Premises caused by such removal. Landlord shall be without any obligation in connection therewith. Tenant hereby indemnifies and holds Landlord harmless from any liability, cost, obligation, expense or claim of lien in any manner relating to the installation, placement, removal or financing of any such improvements, alterations, repairs, changes, improvements, fixtures and/or equipment in, on or about the Premises.

Tenant shall not permit any lien or encumbrance of any kind to be attached to or be placed upon the Real Property, the Building or the Premises, and any and all liens and encumbrances created by Tenant shall attach to Tenant's interest only. Landlord shall have the right at all times to post and keep posted on the Premises any notice which it deems necessary for protection from such liens. Tenant covenants and agrees not to suffer or permit any lien of mechanics or material men or others to be placed against the Real Property, the Building or the Premises with respect to work or services claimed to have been performed for or materials claimed to have been furnished to Tenant or the Premises, and, in case of any such lien attaching or notice of any lien, Tenant covenants and agrees to send prompt notice to Landlord of any such lien and cause such lien to be immediately released and removed of record. If such lien is not released and removed on or before the date occurring five (5) days after notice of such lien is delivered by Landlord to Tenant, Landlord, at its sole option, may immediately take all action necessary to release and remove such lien, without any duty to investigate the validity thereof, and all sums, costs and expenses, including reasonable attorneys' fees and costs, incurred by Landlord in connection with such lien shall be deemed additional rent due under this Lease and shall immediately be due and payable.

9.2 Manner of Construction. Landlord may impose, as a condition of its consent to all improvements, alterations, repairs or changes of the Premises on or about the Premises, such requirements as Landlord in its sole discretion may deem desirable, including, but not limited to, the requirement that Tenant utilize only contractors, materials, mechanics and material men approved by Landlord. Tenant shall construct such improvements, alterations or repairs in conformance with all applicable rules and regulations of any federal, state, county or municipal code or ordinance and pursuant to a valid building permit, issued by the City of Daly City. A contractor of Landlord's selection shall perform all mechanical, electrical, plumbing, air conditioning, permanent partition and ceiling tile work, and such work shall be performed at Tenant's cost. If Tenant orders any construction, alteration, decorating or repair work directly from Landlord, or from the contractor selected by Landlord, the charges for such work shall be deemed additional rent under this Lease, payable upon billing therefor, either periodically during construction or upon the substantial completion of such work, at Landlord's option. All work with respect to any alterations, additions or changes must be done in a good and workmanlike manner and diligently prosecuted to completion to the end that the Premises shall at all times be a complete unit except during the period of work. Upon completion of any improvements, alterations, additions or changes, Tenant shall cause a Notice of Completion to be recorded in the office of the Recorder of the County of San Mateo in accordance with Section 3093 of the Civil Code of the State of California or any successor statute, and Tenant shall deliver to the Building management office a copy of the "as built" drawings of the improvements. Any such alterations, additions or changes shall be performed and done strictly in accordance with the laws and ordinances relating thereto. In performing the work of any such improvements, alterations, additions or changes, Tenant shall have the work performed in such manner as not to obstruct the access to the Building or common areas to any other tenant of the Building, and to not unreasonably interfere with the normal business operations of other tenants in the Building.

9.3 Construction Insurance. If Tenant shall make any permitted improvements, alterations, additions or changes to the Premises, in compliance with the terms and provisions of this Article 9, Tenant shall carry "Builder's All Risk" insurance in an appropriate amount covering the construction of such work, and such other insurance as Landlord may require, it being understood and agreed that all of such improvements, alterations, additions or changes shall be insured by Tenant pursuant to Section 8.3 of this Lease immediately upon completion thereof. In addition, Landlord may, in its discretion, require Tenant to obtain a lien and completion bond or some alternate form of security satisfactory to Landlord in an amount to ensure the lien-free completion of such work.

ARTICLE 10

SIGNS

10.1 No sign, placard, picture, advertisement, handmade sign, name or notice shall be inscribed, displayed, printed or affixed on or to any part of the outside or inside of the Building without the prior written consent of Landlord. Landlord shall have the right to remove any sign, placard, picture, advertisement, name or notice not consented to by Landlord without notice to and at the sole expense of Tenant. All approved signs or lettering on doors shall be printed, painted, affixed or inscribed at the sole expense of Tenant by a person approved by Landlord.

ARTICLE 11

ASSIGNMENT AND SUBLETTING

11.1 Restrictions. Tenant shall not transfer, assign, sublet, mortgage or otherwise hypothecate this Lease, or Tenant's interest in and to the Premises, nor enter into any license or concession agreements with respect thereto, (hereinafter collectively referred to as a "Transfer") without first procuring the written consent of Landlord, which consent shall not unreasonably withheld, delayed or conditioned by Landlord. Any such attempted Transfer without Landlord's prior written consent shall be void and of no force or effect and shall not confer any interest or estate in the purported transferee, (the "Transferee") and shall at Landlord's option constitute an incurable default under this Lease.

The parties hereby agree that it shall be reasonable under this Lease and under any applicable law for Landlord to withhold, delay or condition consent to any proposed Transfer where one or more of the following applies (without limitation as to other reasonable grounds Landlord may have to withhold, delay or condition its consent): (i) the Transferee is of a character or reputation or engaged in a business which is not consistent with the quality of the Building, or would be a significantly less prestigious occupant of the Building than Tenant; (ii) the Transferee intends to use the Premises for purposes which are not permitted under this Lease; (iii) the Transfer will result in more than a reasonable and safe number of occupants per floor within the Premises, or will result in insufficient parking for the Building; (iv) the Transferee is either a government (or agency or instrumentality thereof) or is already an occupant of the Building; (v) the Transfer will involve any transaction other than an assignment of the Lease for the entire Premises and the remaining Term, or a sublease of all or a portion of the Premises for a term of at least one year, or such lesser time as may remain in the Term; (vi) the proposed Transferee is not solvent or does not have unencumbered assets having a value at least equal to twice the anticipated amount of monetary obligations to be assumed in connection with or under the proposed Transfer; (vii) Tenant has committed a Default under this Lease which is not cured at the time Tenant requests consent to the proposed Transfer; (viii) the proposed Transfer would cause Landlord to be in violation of any other leases or agreements to which Landlord is a party, or would give any occupant of the Building a right to cancel its Lease; or (ix) the Transferee or any of its affiliates are direct or indirect competitors of Landlord or the Verity Health System of California, Inc. or any of its affiliates.

11.2 Procedure for Transfer. Should Tenant desire to make a Transfer, Tenant shall give written notice of its intention to do so ("Transfer Notice") to Landlord at least seventy five (75) days prior to the effective date of any such proposed Transfer, specifying in the Transfer Notice whether Tenant proposes to assign or sublet, or enter into license or concession agreements, and the proposed date thereof, and specifically identifying the proposed Transferee. Such Transfer Notice shall be accompanied, in the case of a subletting, license or concession agreement, by a copy of the proposed sublease, license or concession agreement, or if same is not available, a letter of commitment or a letter of intent, and any other documents or financial information Landlord may require in order to determine the suitability of the Transferee based upon the criteria set forth in Section 11.1 above. Landlord shall, within sixty (60) days after its receipt of such Transfer Notice and the other documents required to be furnished to Landlord or requested by Landlord , by mailing written notice to Tenant of its intention to (i) withhold consent to the Transfer, or (ii) consent to such Transfer upon conditions reasonably imposed by Landlord; or (iii) elect to terminate this Lease.

Landlord shall have the option, by giving written notice to Tenant within thirty (30) days after receipt of any Transfer Notice to recapture the portion of the Premises that is subject to the Transfer. Such recapture notice shall cancel and terminate this Lease with respect to the portion of the Premises that is subject to the Transfer as of the effective date of the proposed Transfer until the last day of the term of the Transfer as set forth in the Transfer Notice. In the event of a recapture by Landlord, if this Lease shall be canceled with respect to less than the

entire Premises, the rent reserved herein shall be prorated on the basis of the number of rentable square feet retained by Tenant in proportion to the number of rentable square feet contained in the Premises, and this Lease as so amended shall continue thereafter in full force and effect, and upon request of either party, the parties shall execute written confirmation of the same.

11.3 Effect of a Transfer. A condition to any transfer is the Transferee must agree to comply with and be bound by all of the terms, covenants, conditions, of this; and Tenant shall deliver to Landlord promptly after execution an executed copy of each such Transfer document and an agreement of compliance by each such Transferee. No Transfer of this Lease or agreement entered into with respect thereto, with or without Landlord's consent, shall relieve Tenant or any guarantor of the Lease from liability under this Lease or a guaranty of this Lease.

11.4 Transfer Rent Adjustment. If Landlord consents to a Transfer of all or any portion of the Premises (the "Transfer Space"), then the Tenant shall pay Landlord monthly, as additional rent, at the same time as the Monthly Base Rent required hereunder, fifty percent (50%) of the "Profit" payable by the Transferee pursuant to the terms reserved in the assignment or sublease. For purposes of this Section 11.4, "Profit" shall mean the difference between (i) all rent and other amounts payable by the Transferee to Tenant under the assignment or sublease, less the reasonable amount of Tenant's Subleasing Costs, as hereafter defined, and (ii) the Monthly Base Rent and additional rent or pro rata portion of the Monthly Base Rent and additional rent, for the Transfer Space payable to Landlord in this Lease. Tenant's Subleasing Costs shall mean only that portion of Tenant's actual expenditures which are reasonable and customary in the subleasing market in which the Building is located (i) to rehabilitate or improve the Transfer Space for Transferee and (ii) for brokerage fees. For purposes of calculating the Profit on a monthly basis, Tenant's Subleasing Costs shall be deemed to be expended by Tenant in equal monthly amounts over the entire term of the sublease or assignment.

In addition to the foregoing, in the event Tenant shall make a permitted Transfer hereunder, fifty percent (50%) of the dollar amount of the funds or property, other than Monthly Base Rent and additional rent due from Transferee to Tenant as consideration for the Transfer (the "Transfer Consideration"), shall be deemed additional rent owed to Landlord by Tenant under this Lease. Transfer Consideration shall include, but not to be limited to key money, bonus money payment on account of the leasehold interest being acquired by Transferee, payment in excess of fair market value for services rendered by Transferee to Tenant, assets, fixtures, inventory, accounts, goodwill, equipment, furniture, general intangibles, capital stock or equity ownership.

11.5 Reimbursement of Landlord's Fees and Costs. In addition to the amounts due to Landlord under Section 11.4 above, and regardless of whether Landlord consents to or rejects the proposed Transfer, Tenant shall reimburse Landlord for all reasonable costs and expenses (including attorneys' fees and costs) Landlord incurs to analyze whether to consent to the Transfer, review and analyze all documents required and provided, determine all amounts due to Landlord under Section 11.4 and document the Transfer and Landlord's consent thereto.

11.6 Required Documents. Each permitted Transfer shall be evidenced by a written instrument in form satisfactory to Landlord, executed by Tenant and the Transferee, under which the Transferee shall agree in writing for the benefit of Landlord to assume, to perform and to abide by all of the terms, covenants and conditions of this Lease imposed upon Tenant.

11.7 Merger and Consolidation. If Tenant is a corporation which, under applicable laws, rules or guidelines, is not deemed to be a public corporation, or is an unincorporated association, a limited liability company or partnership, the transfer, assignment or hypothecation, in the aggregate of more than twenty-five percent (25%) of the total outstanding stock or interest in such corporation, association, limited liability company, or partnership shall be deemed a Transfer under this Article 11. If Tenant is a partnership or limited liability company, a permitted withdrawal or change, whether voluntary, involuntary, or by operation of law, of partners or members owning an aggregate of more than twenty-five percent (25%) of the limited liability company or the partnership or the dissolution of the limited liability company or the partnership, shall be deemed a Transfer under this Article 11.

11.8 Effect of Transfer. If Landlord consents to a Transfer, (i) the terms and conditions of this Lease shall not be deemed to have been waived or modified, (ii) such consent shall not be deemed consent to any further Transfer by either Tenant or a Transferee, (iii) Tenant shall deliver to Landlord, promptly after execution, an

original executed copy of all documentation pertaining to the Transfer in form reasonably acceptable to Landlord, (iv) Tenant shall furnish upon Landlord's request a complete statement, certified by an independent certified public accountant, or Tenant's chief financial officer, setting forth in detail the computation of any Profit or other Transfer Consideration Tenant has derived and shall derive from such Transfer, and (v) no Transfer relating to this Lease or agreement entered into with respect thereto, shall relieve Tenant or any guarantor of the Lease from liability under this Lease. Landlord or its authorized representatives shall have the right at all reasonable times to audit the books, records and papers of Tenant relating to any proposed Transfer, and make copies thereof. If the Profit or other Transfer Consideration respecting any Transfer shall be found understated, Tenant shall, within thirty (30) days after demand, pay the deficiency and Landlord's costs of such audit, and if understated by more than ten percent (10%), Landlord shall have the right to cancel this Lease upon thirty (30) days' notice to Tenant and the proposed Transferee.

ARTICLE 12

REPAIRS AND MAINTENANCE

12.1 Landlord's Maintenance Obligations. Except as provided in Article 13 , Landlord shall repair and maintain, and pursuant to Section 4.3, charge Tenant its Tenant's Share for the cost for Landlord to repair and maintain, all of the common areas (including parking facilities for the Building), public areas, and structural portions of the Building, including the exterior walls, under flooring and roof, basic plumbing including any interior lavatories in the Premises, heating, air conditioning and electrical systems and fire and life safety systems, including the replacement of light bulbs and/or fluorescent tubes and ballasts for standard overhead fixtures (all specialized lighting fixtures shall be maintained at the sole cost and expense of Tenant) installed or furnished by Landlord, unless such maintenance and repair becomes necessary in whole or in part due to the act, neglect, fault or omission of any duty by Tenant, its employees, agents, customers or invitees, or due to damage caused by a breaking and entering into the Premises, in which case Tenant shall pay to Landlord the entire cost of such maintenance and repair. The Monthly Base Rent and any additional rent shall not be reduced and Landlord shall not be liable under any circumstances for a loss of or injury to property, loss of profits, or for injury to or interference with Tenant's business arising from or in connection with the making of or Landlord's failure to make any repairs, maintenance, alterations or improvements in or to any portion of the Building or in or to fixtures, appurtenances and equipment therein; provided that Tenant shall be entitled to a reduction of the Monthly Base Rent and additional rent by reason of Landlord's failure to make any repair or to perform any maintenance required on the part of Landlord hereunder when such failure shall persist for an unreasonable period of time after notice of the need for such repair or maintenance is given to Landlord by Tenant. Tenant waives and releases its right to make repairs at Landlord's expense under Sections 1941 and 1942 of the California Civil Code or under any similar law, statute, or ordinance.

12.2 Tenant's Maintenance Obligations. In accordance with the terms of Article 9, Tenant shall keep the Premises in good and sanitary condition and repair the Premises at Tenant's sole cost and expense, except as provided in Section 12.1 above. Should Tenant fail to maintain the Premises in good and sanitary condition, then Landlord may provide written notice of Tenant's need to remedy the deficiency and ten (10) days to cure such deficiency. Thereafter, Landlord may service the Premises at Tenant's expense and charge Tenant additional rent for such services. Subject to Section 12.1, should any standard or regulation now or hereafter be imposed on Landlord or Tenant by a state, federal or local governmental body charged with the establishment, regulation and enforcement of occupational, health or safety standards for employers, employees, landlords or tenants, then Tenant agrees, at its sole cost and expense, to comply promptly with such standards or regulations.

ARTICLE 13

DAMAGE OR DESTRUCTION

13.1 Termination and Restoration. Tenant shall promptly notify Landlord of any damage to the Premises resulting from fire or any other casualty. If, at any time during the Lease Term except during the last twenty-four (24) months thereof, the Premises or the Building are damaged by fire or other casualty insured against by Landlord's insurance which Landlord maintains pursuant to the terms of Section 8.2 of this Lease, and Landlord's mortgagee makes such proceeds available to Landlord for repair, Landlord shall forthwith repair the same to the extent of such insurance proceeds, subject to the provisions of this Article 13 provided that such repairs

can, in Landlord's opinion, be made within three hundred sixty-five (365) days of such damage, and in such event this Lease shall remain in full force and effect. If such repairs cannot, in Landlord's opinion, be substantially completed within three hundred sixty-five (365) days of such damage, or if insurance proceeds made available to Landlord are not sufficient to cover 95% of the full unamortized replacement cost of the damage to the Premises and the Building, Landlord, at its option, shall, by written notice to Tenant given within sixty (60) days after the date of such damage, either: (i) elect to restore or repair such damage, this Lease continuing in full force and effect, or (ii) terminate this Lease as of a date specified in such notice, which date shall not be less than thirty (30) nor more than sixty (60) days after the date such notice is given. If such fire or other casualty shall have damaged the Premises or common areas necessary to Tenant's occupancy, and if such damage is not the result of the negligence or willful misconduct of Tenant or Tenant's employees, contractors, licensees, or invitees, then during the period from the date of the damage until Landlord has completed its repairs, Tenant shall be entitled during the period that Landlord is restoring the damaged areas to a reduction in the Monthly Base Rent and additional rent in the proportion that the rentable square feet of the Premises rendered unusable as a result of such damage bears to the total rentable square feet of the Premises. Landlord shall not be required to repair any injury or damage to or to make any repairs or replacements of any alterations or any other improvements installed in the Premises by or for Tenant, other than where defined, and Tenant shall at Tenant's sole cost and expense, repair and restore all tenant improvements and all other alterations and improvements in the same condition existing prior to such event. In connection with such repairs and replacements Tenant shall submit to Landlord, for Landlord's review and approval, all plans, specifications and working drawings relating thereto. Except as provided above, Tenant shall not be entitled to any compensation or damages from Landlord for damage to any of Tenant's improvements, alterations, fixtures, or Tenant's other property, for loss of use of the Premises or any part thereof, or for any damage to or interference with Tenant's business, loss of profits, or for any disturbance to Tenant caused by any casualty or the restoration of the Premises following such casualty.

Notwithstanding the foregoing, if Landlord elects not to rebuild the damaged areas, or subject to extension due to occurrences constituting force majeure, Landlord takes longer than 365 days to rebuild the damaged areas, then Tenant shall have a one-time right to cancel this Lease exercisable not later than 30 days after it becomes aware that either Landlord has elected not to restore the damaged areas or is not going to be able to timely restore the Building whichever occurs first.

13.2 Waiver of Statutory Provisions. The provisions of this Lease, including this Article 13, constitute an express agreement between Landlord and Tenant with respect to all damage to, or destruction of, all or any part of the Premises, the Building or any other portion of the Real Property, and any statute or regulation of the State of California, including, without limitation, Sections 1932(2) and 1933(4) of the California Civil Code, with respect to any rights or obligations concerning damage or destruction in the absence of an express agreement between the parties, and any other statute or regulation, now or hereafter in effect, shall have no application to this Lease or any damage or destruction to all or any part of the Premises, the Building or any other portion of the Real Property.

13.3 Damage to the Building. If at any time during the Lease Term, the Building shall be so injured or damaged, whether by fire or otherwise (though the Premises may not be affected, or if affected, can be repaired within said one hundred eighty (180) days), that, within sixty (60) days after the happening of such injury, Landlord shall decide not to reconstruct or rebuild the Building; then, notwithstanding anything to the contrary contained in Section 13.1 of this Lease, upon notice in writing to that effect given by Landlord to Tenant within sixty (60) days after the date of such damage, Tenant shall pay the Monthly Base Rent and additional rent, properly apportioned up to such date, this Lease shall terminate from the date of delivery of said written notice, and both parties hereto shall thereafter be discharged of all further obligations hereunder, except as provided for in provisions of this Lease which by their terms survive the expiration or earlier termination of the Lease Term.

13.4 Damage Due to Fault of Tenant. If any damage to the Premises is due to the fault or neglect of Tenant, any person claiming through or under Tenant, or any of Tenant's servants, employees, agents, contractors, visitors or licensees, then there shall be no abatement of the Monthly Base Rent or additional rent by reason of such damages, unless Landlord is reimbursed for such abatement of the Minimum Rent or additional rent pursuant to any rental insurance policies that Landlord may, in its sole discretion, elect to carry.

13.5 Damage Near End of Term. In the event that the Premises or the Building are destroyed or damaged to any substantial extent during the last twenty-four (24) months of the Lease Term, Landlord shall have

the option to terminate this Lease by giving written notice to Tenant of the exercise of such option within thirty (30) days after such damage or destruction, in which event this Lease shall terminate as of the date of such notice, Tenant shall pay the Monthly Base Rent and additional rent, properly apportioned up to such date, and both parties hereto shall thereafter be freed and discharged of all further obligations hereunder, except as provided for in provisions of this Lease which by their terms survive the expiration or earlier termination of the Lease Term.

ARTICLE 14

DEFAULTS; REMEDIES

14.1 Events of Default. The occurrence of any of the following shall constitute a default and material breach of this Lease by Tenant:

14.1.1 Tenant's failure to pay any Monthly Base Rent, additional rent or any other charge required to be paid under this Lease, or any part thereof, within five (5) days from the due date; or

14.1.2 Tenant's failure to observe or perform any other provision, covenant or condition of this Lease to be observed or performed by Tenant where such failure continues for fifteen (15) days after written notice thereof from Landlord to Tenant; provided that if the nature of such default is such that the same cannot reasonably be cured within a fifteen-day period, Tenant shall not be deemed to be in default if it shall commence such cure within such period and thereafter rectify and cure said default with due diligence within thirty (30) days; or

14.1.3 abandonment or vacation of the Premises by Tenant; or

14.1.4 to the extent permitted by law, a general assignment by Tenant or any guarantor of the Lease for the benefit of creditors, or the filing by or against Tenant or any guarantor of any proceeding under an insolvency or bankruptcy law, unless in the case of an involuntary proceeding filed against Tenant or any guarantor the same is dismissed within sixty (60) days, or the appointment of a trustee or receiver to take possession of all or substantially all of the assets of Tenant or any guarantor, unless possession is restored to Tenant or such guarantor within thirty (30) days, or any execution or other judicially authorized seizure of all or substantially all of Tenant's assets located upon the Premises or of Tenant's interest in this Lease, unless such seizure is discharged within thirty (30) days; or

14.1.5 Tenant or any guarantor breaches or violates any of the provisions contained in the Rules and Regulations, and/or the Directives; or

14.1.6 Tenant or any guarantor loses its license to practice medicine in the State of California or otherwise is prohibited from rendering health care treatment within the State, or Tenant or any guarantor no longer is actually engaged in the practice of medicine, or Tenant or any guarantor is no longer a member of the staff of the Landlord; or

14.1.7 Tenant, any guarantor or any permitted subtenant commits an Ethical or Criminal Violation.

14.2 Remedies Upon Default. Upon the occurrence of any event of default, Landlord shall have, in addition to any other remedies available to Landlord at law or in equity, the option to pursue one or more of the following remedies (each and all of which shall be cumulative and nonexclusive) without any notice or demand whatsoever:

14.2.1 Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord, and if Tenant fails to do so, Landlord may enter upon and take possession of the Premises and expel or remove Tenant and any other person who may be occupying the Premises or any part thereof, without being liable for prosecution of any claim for damages therefor; and Landlord may recover from Tenant the following:

(i) The worth at the time of award of any unpaid rent which has been earned at the time of such termination; plus

(ii) The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iii) The worth at the time of award of the amount by which the unpaid rent for the balance of the Lease Term after the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iv) Any other amount necessary to compensate Landlord for the detriment proximately caused by Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including without limitation brokerage commissions and advertising expenses incurred, expenses of remodeling the Premises or any portion thereof for a new tenant, whether for the same or a different use, Landlord's legal expenses and any special concessions made to obtain a new tenant; and

(v) At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by applicable law.

The term "rent" as used in this Section 14.2 shall be deemed to be and to mean all sums of every nature required to be paid by Tenant pursuant to the terms of this Lease, whether to Landlord or to others. Any such sums which are based on percentages of income, increased costs or other historical data shall be reasonable estimates or projections computed by Landlord on the basis of the amounts thereof accruing during the 24-month period immediately prior to default, except that if it becomes necessary to compute such sums before a 24-month period has expired, then the computation shall be made on the basis of the amounts accruing during such shorter period. As used in Sections 14.2.1(i) and (ii), above, the "worth at the time of award" shall be computed by allowing interest at the rate of ten percent (10%) per annum. As used in Section 14.2.1(iii) above, the "worth at the time of award" shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus five percent (5%).

14.2.2 If Landlord does not elect to terminate this Lease on account of any default by Tenant, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

14.2.3 Whether or not Landlord elects to terminate this Lease on account of any default by Tenant, Landlord shall have the right to terminate any and all subleases, licenses, concessions or other consensual arrangements for possession entered into by Tenant and affecting the Premises or may, in Landlord's sole discretion, succeed to Tenant's interest in such subleases, licenses, concessions or arrangements. If Landlord elects to succeed to Tenant's interest in any such subleases, licenses, concessions or arrangements, Tenant shall, as of the date of notice by Landlord of such election, have no further right to or interest in the rent or other consideration receivable thereunder.

14.3 Form of Payment After Default. Following the occurrence of an event of default by Tenant, Landlord shall have the right to require that any or all subsequent amounts paid by Tenant to Landlord hereunder, whether in the cure of the default in question or otherwise, be paid in the form of cash, money order, cashier's or certified check drawn on an institution acceptable to Landlord, or by other means approved by Landlord, notwithstanding any prior practice of accepting payments in any different form.

14.4 Waiver of Default. No waiver by Landlord or Tenant of any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of any other or later violation or breach of the same or any other of the terms, provisions, and covenants herein contained. Forbearance by Landlord in enforcement of one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of such default. The acceptance of any rent hereunder by

Landlord following the occurrence of any default, whether or not known to Landlord, shall not be deemed a waiver of any such default, except only a default in the payment of the rent so accepted.

14.5 Efforts to Re-let. For the purposes of this Article 14, Tenant's right to possession shall not be deemed to have been terminated by efforts of Landlord to re-let the Premises, by its acts of maintenance or preservation with respect to the Premises, or by appointment of a receiver to protect Landlord's interests hereunder. The foregoing enumeration is not exhaustive, but merely illustrative of acts which may be performed by Landlord without terminating Tenant's right to possession.

ARTICLE 15

DEFAULT BY LANDLORD

Landlord shall not be in default hereunder unless Landlord fails to perform the obligations required of Landlord within a reasonable time, but in no event later than thirty (30) days after written notice by Tenant to Landlord and to the holder of any first mortgage or deed of trust covering the Premises, whose name and address shall have theretofore been furnished to Tenant, in writing specifying wherein Landlord has failed to perform such obligation; provided, however, that if the nature of Landlord's obligation is such that more than thirty (30) days are required for performance, then Landlord shall not be in default if Landlord commences performance within such 30-day period and thereafter diligently prosecutes the same to completion. In no event shall Tenant have the right to terminate this Lease as a result of Landlord's default, and Tenant's remedies shall be limited to monetary damages. Nothing herein contained shall be interpreted to mean that Tenant is excused from paying rent due hereunder as a result of any default by Landlord.

ARTICLE 16

EMINENT DOMAIN

16.1 Permanent Taking. If the whole of the Premises or more than fifty percent (50%) of the rentable square feet thereof is taken under power of eminent domain or sold, transferred or conveyed in lieu thereof, either Landlord or Tenant shall have the right to terminate this Lease as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority; such right shall be exercised by the giving of written notice to the other party on or before said date. If any part of the Building other than the Premises is taken under power of eminent domain or sold, transferred or conveyed in lieu thereof, Landlord may terminate this Lease at its option as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority. In either of such events, Landlord shall receive the entire award which may be made in such taking or condemnation, and Tenant hereby assigns to Landlord any and all rights of Tenant now or hereafter arising in or to the same whether or not attributable to the value of the unexpired portion of this Lease; provided, however, that nothing contained herein shall be deemed to give Landlord any interest in or to require Tenant to assign to Landlord any award made to Tenant for Tenant's moving expenses, or the taking of the unamortized or the undepreciated value of Tenant's personal property, or that portion of the unamortized or undepreciated portion of Tenant's improvements, which were not purchased with any funds from a tenant improvement allowance supplied by Landlord. In the event of a taking of any material portion which is less than fifty (50%) of the Premises, or a sale, transfer, or conveyance in lieu thereof, or if this Lease is not terminated by Landlord or Tenant as provided above, then this Lease shall automatically terminate as to the portion of the Premises so taken as of the earliest of the date of vesting of title or the date possession is taken by the condemning authority, and the Monthly Base Rent as well as the additional rent shall be apportioned according to the ratio that the remaining rentable square feet of the Premises bears to the total rentable square feet of the Premises. Tenant waives any and all rights it might otherwise have pursuant to Section 1265.130 of California Code of Civil Procedure.

16.2 Temporary Taking. In the event of temporary taking of all or any portion of the Premises for a period of thirty (30) days or less, then this Lease shall not terminate but the Monthly Base Rent and the additional rent shall be abated for the period of such taking in proportion to the ratio that the remaining rentable square feet of the Premises bears to the total rentable square feet of the Premises. Landlord shall be entitled to receive the entire award made in connection with any such temporary taking.

ARTICLE 17

SUBORDINATION

This Lease shall be subject and subordinate at all times to: (i) all ground leases or underlying leases now existing or hereafter executed affecting the Building or any of the Real Property, or both; and (ii) the lien of any mortgage or deed of trust now existing or hereafter executed in any amount for which any of the Building, Real Property, ground leases, underlying leases, or Landlord's interest or estate in any of said items is specified as security. Notwithstanding the foregoing, Landlord shall have the right to subordinate or cause to be subordinated any such ground leases or any such liens to underlying leases or to this Lease, and Landlord shall, at Tenant's request, use its reasonable efforts to assist Tenant in entering into a commercially-reasonable subordination, non-disturbance and attornment agreement with third parties which provides Tenant's use and enjoyment of the Premises will not be disturbed so long as Tenant is not in default under this Lease. However, the failure of Tenant to obtain such an agreement with third parties shall not create any obligation of Landlord or create any right of Tenant against Landlord under this Lease. If any ground lease or underlying lease terminates for any reason or any mortgage or deed of trust is foreclosed or a conveyance in lieu of foreclosure is made for any reason, Tenant shall, notwithstanding any subordination, attorn to and become Tenant of the successor in interest to Landlord, at the option of such successor in interest. Tenant covenants and agrees to execute and deliver, within five (5) days of request by Landlord and in the form requested by Landlord, any additional documents evidencing the priority or subordination of this Lease with respect to any such ground leases or underlying leases or in the lien of any such mortgage or deed of trust. If Tenant fails to timely execute such additional documents, Tenant hereby appoints Landlord as Tenant's attorney-in-fact for the sole purpose of executing such additional documents on behalf of Tenant.

ARTICLE 18

ESTOPPEL CERTIFICATES AND OTHER FINANCIAL INFORMATION

18.1 Estoppel Certificates. Within fifteen (15) days following a request in writing by Landlord, Tenant shall execute and deliver to Landlord an estoppel certificate substantially in the form of Exhibit C attached hereto indicating any exceptions thereto that may exist at that time, which certificate shall also contain any other information reasonably requested by Landlord or Landlord's mortgagee or prospective mortgagee. Failure of Tenant to timely execute and deliver such estoppel certificate shall constitute an acceptance of the Premises and an acknowledgment by Tenant that statements included in Exhibit C are true and correct.

18.2 Tenant Financial Statements. At any time during the Lease Term, Tenant shall, upon fifteen (15) days' prior written notice from Landlord, provide Landlord or any institutional lender and/or lending authority which is negotiating with Landlord for interim construction or permanent financing during the Lease Term, with a current financial statement and financial statements of Tenant for each of the two (2) years prior to the then current fiscal statement year. Such current statement shall be prepared in accordance with generally accepted accounting principles and, if such is the normal practice of Tenant, shall be audited by an independent certified public accountant.

ARTICLE 19

LANDLORD'S RIGHT TO CURE TENANT'S DEFAULT; TENANT'S REIMBURSEMENT OBLIGATION.

19.1 Landlord's Cure. If Tenant shall default in the performance of its obligations under this Lease and if such default is not cured within the applicable grace period provided in Article 14, Landlord may, but shall not be obligated to, make any such payment or perform any such act on Tenant's part without waiving its right based upon any default of Tenant and without releasing Tenant from any obligations hereunder.

19.2 Tenant's Reimbursement. Except as may be specifically provided otherwise in this Lease, Tenant shall pay to Landlord, within thirty (30) days after delivery by Landlord to Tenant of statements therefor: (i) sums equal to expenditures reasonably made and obligations incurred by Landlord in connection with the remedying by

Landlord of Tenant's defaults pursuant to the provisions of Section 19.1; (ii) sums equal to all losses, costs, liabilities, damages and expenses referred to in Articles 8 and 11; and (iii) sums equal to all expenditures made and obligations incurred by Landlord in collecting or attempting to collect the Monthly Base Rent or additional rent or in enforcing or attempting to enforce any rights of Landlord under this Lease or pursuant to law , including, without limitation, all legal fees and other amounts so expended. Tenant's obligations under this Section 19.2 shall survive the expiration or sooner termination of the Lease Term.

ARTICLE 20

TENANT PARKING

Subject to such rules and regulations as may be adopted from time to time by Landlord, Tenant and Tenant's visitors and invitees shall have a non-exclusive right to use the unreserved parking spaces that currently exist on the Real Property throughout the Lease Term, conditioned upon Tenant abiding by all rules and regulations which Landlord shall prescribe from time to time for the orderly operation and use of the parking areas and Tenant's cooperation with Landlord in seeing that Tenant's employees, invitees and visitors also comply with such rules and regulations. Landlord may at any time change the size, configuration, design, layout and all other aspects of the parking areas and change the location of Tenant's parking spaces. Tenant acknowledges and agrees that Landlord may, without incurring any liability to Tenant and without any abatement of rent under this Lease, at any time close-off or restrict access to the parking facility for a reasonable period of time, to permit or facilitate any such construction, alteration, improvements or relocation. Landlord may delegate its responsibilities hereunder to a parking operator in which case such parking operator shall have all the rights of control attributed hereby to the Landlord.

ARTICLE 21

SURRENDER OF PREMISES; OWNERSHIP AND REMOVAL OF TRADE FIXTURES

21.1 Surrender of Premises. No act or thing done by Landlord or any agent or employee of Landlord during the Lease Term shall be deemed to constitute an acceptance by Landlord of a surrender of the Premises unless such intent is specifically acknowledged in a writing signed by Landlord. The delivery of keys to the Premises to Landlord or any agent or employee of Landlord shall not constitute a surrender of the Premises or effect a termination of this Lease, and notwithstanding such delivery Tenant shall be entitled to the return of such keys at any reasonable time upon request until this Lease shall have been properly terminated. The voluntary or other surrender of this Lease by Tenant, whether accepted by Landlord or not, or a mutual termination hereof, shall not work a merger, and at the option of Landlord shall operate as an assignment to Landlord of all subleases or sub-tenancies affecting the Premises.

21.2 Removal of Tenant Property by Tenant. Upon the expiration of the Lease Term, or upon any earlier termination of this Lease, Tenant shall, subject to the provisions of this Article 21, quit and surrender possession of the Premises to Landlord in as good order and condition as when Tenant took possession and as thereafter improved by Landlord and/or Tenant, reasonable wear and tear and repairs which are specifically made the responsibility of Landlord hereunder excepted. Upon such expiration or termination, Tenant shall, without expense to Landlord, remove or cause to be removed from the Premises all debris and rubbish, and such items of furniture, equipment, free-standing cabinet work, and other articles of personal property owned by Tenant or installed or placed by Tenant at its expense in the Premises, and such similar articles of any other persons claiming under Tenant, as Landlord may, in its sole discretion, require to be removed, and Tenant shall repair at its own expense all damage to the Premises and Building resulting from such removal.

21.3 Removal of Tenant's Property by Landlord. Whenever Landlord shall re-enter the Premises as provided in this Lease, any personal property of Tenant not removed by Tenant upon the expiration of the Lease Term, or within forty-eight (48) hours after a termination by reason of Tenant's default as provided in this Lease, shall be deemed abandoned by Tenant and may be disposed of by Landlord in accordance with Sections 1980 through 1991 and Sections 1993 through 1993.09 of the California Civil Code and Section 1174 of the California Code of Civil Procedure, or in accordance with any laws or judicial decisions which may supplement or supplant those provisions from time to time.

21.4 Landlord's Property. All fixtures, alterations, additions, repairs, improvements and/or appurtenances attached to or built into, on, or about the Premises prior to or during the Lease Term, whether by Landlord at its expense or at the expense of Tenant, or by Tenant at its expense, or by previous occupants of the Premises, shall be and remain part of the Premises and shall not be removed by Tenant at any time, unless otherwise expressly provided for in this Lease or such removal is required by Landlord pursuant to the provisions of Article 9. If Tenant shall fail to complete such required removal and repair such damage, Landlord may do so and may charge the cost thereof to Tenant. Such fixtures, alterations, additions, repairs, improvements and/or appurtenances to remain at the Premises shall include, without limitation, floor coverings, drapes, paneling, molding, doors, kitchen and dishwashing fixtures and equipment, plumbing systems, electrical systems, lighting systems, silencing equipment, communication systems, all fixtures and outlets for the systems mentioned above and for all telephone, radio, telegraph and television purposes, and any special flooring or ceiling installations.

21.5 Landlord's Actions on Premises. Tenant waives all claims for damages or other liability in connection with Landlord's re-entering and taking possession of the Premises or removing, retaining, storing or selling the property of Tenant as herein provided, and Tenant hereby indemnifies and holds Landlord harmless from any such damages or other liability, and no such re-entry shall be considered or construed to be a forcible entry.

ARTICLE 22

MISCELLANEOUS PROVISIONS

22.1 Survival Of Provisions. If any provision of this Lease shall be determined to be void, then such determination shall not affect any other provision of this Lease and all such other provisions shall remain in full force and effect.

22.2 Entire Agreement. There are no oral agreements between the parties hereto affecting this Lease and this Lease supersedes and cancels any and all previous negotiations, agreements and understandings, between the parties hereto or displayed by Landlord to Tenant with respect to the subject matter thereof, and none thereof shall be used to interpret or construe this Lease. This Lease contains all of the terms, covenants, conditions, warranties and agreements of the parties relating in any manner to the rental, use and occupancy of the Premises, shall be considered to be the only agreement between the parties hereto, and none of the terms, covenants, conditions or provisions of this Lease can be modified, deleted or added to except in writing signed by the parties hereto. All prior negotiations and oral agreements have been merged into and are included herein. There are no other representations or warranties between the parties, and all reliance with respect to representations is based totally upon the representations and agreements contained in this Lease.

22.3 Compliance with Law. Tenant shall not do or allow anything to be done in or about the Premises which will in any way conflict with any law, statute, ordinance or other governmental rule, regulation or requirement. At its sole cost and expense, Tenant shall promptly comply with all governmental measures excluding structural changes or changes to the Building's life safety system not related to or affected by the alterations, additions, improvements or acts, omissions or negligence of Tenant or any person claiming by, through or under Tenant, or any of their employees, contractors, agents, invitees or licensees, or by the use or occupancy by Tenant or any such person. Tenant shall be solely responsible at its cost and expense to comply within the Premises with the Americans with Disabilities Act of 1990 as same may be amended from time to time (the "ADA"), and all present and future federal, state and local laws promulgated with the intent of aiding those persons who are considered to be disabled, as well as, compliance with the ADA as it applies to Tenant's employees. Tenant shall not be responsible to comply with the ADA as to the common areas and other portions of the Building other than the Premises, except that Tenant, at its sole cost and expense, shall be solely responsible to comply with the ADA with respect to common areas of the Building which result solely and exclusively from improvements or alterations made by Tenant in the Premises after the Lease Commencement Date. The judgment of any court of competent jurisdiction or the admission of Tenant in any judicial action, regardless of whether Landlord is a party thereto, that Tenant has violated any governmental measures shall be conclusive of that fact as between Landlord and Tenant. Pursuant to California Civil Code section 1938, Landlord hereby discloses that the Building and Premises being leased or rented has not undergone inspection by a Certified Access Specialist (CASp).

22.4 Sale of Building or Real Property by Landlord. Each conveyance by Landlord of Landlord's interest in the Building or the Real Property prior to expiration or termination hereof shall be subject to this Lease and shall relieve the grantor of any further obligations or liability as Landlord, except if such obligations or liability arose prior to the date of such conveyance. Tenant shall attorn to Landlord's successors in interest, whether such interest is acquired by sale, transfer, foreclosure, deed in lieu of foreclosure or otherwise.

22.5 Quiet Enjoyment. Upon Tenant paying the Monthly Base Rent and all additional rent and performing all of Tenant's obligations under this Lease, Tenant may peacefully and quietly enjoy the Premises during the Lease Term as against all persons or entities lawfully claiming by or through Landlord, subject, however, to the provisions of this Lease and to any mortgages or ground or underlying leases of all or any portion of the Real Property.

22.6 Entry by Landlord. Landlord may at all reasonable times and upon reasonable notice to the Tenant enter the Premises to: (i) inspect them; (ii) show the Premises to prospective purchasers, mortgagees or tenants, or to the ground or underlying lessors; (iii) post notices of non-responsibility; or (iv) alter, improve or repair the Premises or the Building if necessary to comply with current building codes or other applicable laws, or for structural alterations, repairs or improvements to the Building. Landlord may enter the Premises at any time to (i) perform services required of Landlord, (ii) take possession due to any breach of this Lease in the manner provided herein; and (iii) perform any covenants of Tenant which Tenant fails to perform. Landlord may make any such entries without the abatement of rent and may take such reasonable steps as required to accomplish the stated purposes. Tenant waives any claims for damages or for any injuries or inconvenience to or interference with Tenant's business, lost profits, any loss of occupancy or quiet enjoyment of the Premises, and any other loss occasioned thereby. For each of the above purposes, Tenant shall provide and Landlord shall at all times have a key with which to unlock all the doors in the Premises (excluding Tenant's vaults, safes and special security areas designated in advance by Tenant). In an emergency, Landlord shall have the right to use any means that Landlord may deem proper to enter the Premises. Any entry into the Premises by Landlord in the manner described herein shall not be deemed to be a forcible or unlawful entry into, or a detainer of, the Premises, or an actual or constructive eviction of Tenant from any portion of the Premises.

22.7 Landlord's Right to Relocate Premises. Landlord may move Tenant to other space in the Building comparable to the Premises, and all terms hereof shall apply to the new space with equal force. In such event, Landlord shall give Tenant at least thirty (30) days' prior written notice, shall provide Tenant, at Landlord's sole cost and expense, with tenant improvements at least equal in quality to those in the Premises and shall move Tenant's effects to the new space at Landlord's sole cost and expense at such time and in such manner as to inconvenience Tenant as little as practicable. Simultaneously with such relocation of the Premises, the parties shall immediately execute an amendment to this Lease stating the relocation of the Premises.

22.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental actions, moratoria, civil commotions, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform shall excuse the performance of such party for a period equal to any such prevention, delay or stoppage, except the obligations imposed with regard to rental and other charges to be paid by Tenant pursuant to this Lease.

22.9 Cumulative Rights. The various rights, options, elections, powers and remedies contained in this Lease shall be construed as cumulative and no one of them shall be exclusive of any of the others, or of any other legal or equitable remedy which either party might otherwise have in the event of breach or default in the terms hereof, and the exercise of one right or remedy by such party shall not impair its right to any other right or remedy until all obligations imposed upon the other party have been fully performed.

22.10 Time. Time is of the essence with respect to the performance of each of the covenants and agreements contained in this Lease.

22.11 Relationship of Parties. Nothing contained in this Lease shall be deemed or construed to create the relationship of principal and agent or of partnership or of joint venture or of any association between Landlord and Tenant, and neither the method of computation of rent nor any other provision contained in this Lease nor any

acts of the parties hereto shall be deemed to create any relationship between Landlord and Tenant other than the relationship of landlord and tenant.

22.132 Exculpation. The obligations of Landlord under this Lease do not constitute personal obligations of Landlord, and Tenant shall look solely to Landlord's interest in the Real Property and to no other assets of Landlord for satisfaction of any liability with respect to this Lease and shall not seek recourse against Landlord herein nor against any of its personal assets for such satisfaction.

22.13 Memorandum of Lease. Tenant shall not record this Lease without the express written consent of Landlord, and shall execute, acknowledge and deliver at any time after the date of this Lease, at the request of Landlord, a "memorandum of lease" suitable for recording.

22.14 Notices. All notices, demands, statements or communications given or required to be given by either party to the other hereunder shall be in writing, shall be sent by United States certified or registered mail, postage prepaid, return receipt requested, or delivered personally or sent by recognized overnight air courier service (i) to Tenant at the appropriate address set forth in Article 1 , or to such other place as Tenant may from time to time designate in a notice to Landlord; or (ii) to Landlord at the addresses set forth in Article 1 , or to such other firm or to such other place as Landlord may from time to time designate in a notice to Tenant. Any notice will be deemed given two (2) days after the date it is mailed as provided in this Section 22.14 or upon the date personal delivery is made. If Tenant is notified of the identity and address of Landlord's mortgagee or ground or underlying lessor, Tenant shall give to such mortgagee or ground or underlying lessor written notice of any default by Landlord under the terms of this Lease by registered or certified mail, and such mortgagee or ground or underlying less or shall be given a reasonable opportunity to cure such default prior to Tenant's exercising any remedy available to Tenant.

22.15 Permitted Successors. The Lease shall be binding upon and shall inure to the benefit of the heirs, executors, administrators, assigns and other successors in interest of each of the parties; provided that the foregoing shall not be deemed to permit any assignment or sublease under this Lease except as expressly permitted herein.

22.16 Captions. The captions in this Lease are for reference purposes only and have no effect upon the construction or interpretation of any part hereof. The use herein of the singular includes the plural and vice versa, and the use herein of the neuter gender includes the masculine and the feminine and vice versa, whenever and wherever the context so requires.

22.17 Joint and Several. If there is more than one Tenant, the obligations imposed upon each party comprising the Tenant under this Lease shall be joint and several.

22.18 Authority. If Tenant is a corporation or partnership, each individual executing this Lease on behalf of Tenant hereby represents and warrants that Tenant is a duly formed and existing entity qualified to do business in California and that Tenant has full right and authority to execute and deliver this Lease and that each person signing on behalf of Tenant is authorized to do so.

22.19 Attorney's Fees. If either party commences litigation against the other for the specific performance of this Lease, for damages for the breach hereof or otherwise for enforcement of any remedy hereunder, the parties waive any right to a trial by jury and, in the event of any such commencement of litigation, the prevailing party shall be entitled to recover from the other party such costs and reasonable attorneys' fees as may have been incurred. Further, if for any reason Landlord consults legal counsel or otherwise incurs any costs or expenses as a result of its rightful attempt to enforce this Lease, even though no litigation is commenced, or if commenced is not pursued to final judgment, Tenant shall be obligated to pay to Landlord, in addition to all other amounts for which Tenant is obligated hereunder, all of Landlord's reasonable costs and expenses incurred in connection with any such acts, including reasonable attorneys' fees.

22.20 Governing Law; Proper Venue For Actions; Tenant's Agent For Service of Process. This Lease shall be deemed to be made and entered into in the State of California and shall be governed by, and construed in accordance with the internal laws of the State of California without regard to conflict of law principles as applicable to contracts made in and to be entirely performed within the State of California. Landlord and Tenant hereby

consent to the personal jurisdiction of the Superior Court of California located in the same county as the Building and agree that any action relating to or arising out of this Lease shall be instituted and prosecuted only in such court, except that any actions to enforce any judgment or writ of attachment shall be prosecuted through the courts of the state in which the assets subject to such enforcement action are located. Furthermore, Tenant agrees that it shall designate and keep in full force and effect at Tenant's sole cost and expense, an agent for service of process authorized to accept legal process in the State of California throughout the entire Lease Term. The failure to maintain such an agent shall be deemed to be a material default under this Lease, and shall permit Landlord to exercise any remedies permitted to be exercised under applicable law.

22.21 Brokers. Landlord and Tenant hereby warrant to each other that they have had no dealings with any real estate broker or agent in connection with the negotiation of this Lease except Cassidy Turley Commercial Real Estate Services, Inc., dba Cushman & Wakefield, and that they know of no other real estate broker or agent who is entitled to a commission in connection with this Lease. Each party agrees to indemnify and defend the other party against and hold the other party harmless from any and all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including without limitation reasonable attorneys' fees) with respect to any leasing commission or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent, other than that specified herein.

22.22 Mechanic Liens. Tenant shall keep the Premises and the Real Property free from any mechanics', material men's or other liens arising out of any work performed, materials furnished or obligations incurred by or for Tenant or any person or entity claiming by, through or under Tenant. Landlord shall have the right at all times to post and keep posted on the Premises any notices which it deems necessary for protection from such liens. If any such liens are filed and are not released of record by payment or posting of a proper bond within five (5) days after notice of such lien is delivered by Landlord to Tenant, Landlord may, without waiving its rights and remedies based on such breach by Tenant and without releasing Tenant from any obligations hereunder, cause such liens to be released by any means it shall deem proper, including payment of the claim giving rise to such lien in which event all amounts paid by Landlord shall immediately be due and payable by Tenant.

22.23 Independent Covenants. This Lease shall be construed as though the covenants herein between Landlord and Tenant are independent and not dependent and Tenant hereby expressly waives the benefit of any statute to the contrary and agrees that if Landlord fails to perform its obligations set forth herein, Tenant shall not be entitled to make any repairs or perform any acts hereunder at Landlord's expense or to any setoff of the rent or other amounts owing hereunder against Landlord; provided, however, the foregoing shall in no way impair the right of Tenant to commence a separate action against Landlord for any violation by Landlord of the provisions hereof so long as notice is first given to Landlord and any holder of a mortgage or deed of trust covering the Building, Real Property or any portion thereof (of whose address Tenant has theretofore been notified) and an opportunity is granted to Landlord and such holder to correct such violations as provided above.

22.24 Building Name. Landlord shall have the right at any time to change the name of the Building, to increase the size of the Real Property by adding additional real property thereto, to construct other buildings or improvements on any portion of the Real Property, to change the location and/or character of or to make alterations or additions to the Real Property. Tenant shall not use the Building's name for any purpose other than as a part of its business address. Any use of such name in the designation of Tenant's business shall constitute a default under this Lease.

22.25 Building Directory. No sign, advertisement, or notice shall be inscribed, painted, or affixed on any part of the inside or outside of the Building or on the Real Estate unless of such color, size, and style and in such place upon or in the Building as shall be first designated by Landlord in writing but there shall be no obligation or duty on Landlord to allow any sign, advertisement or notice to be inscribed, painted, or affixed on any part of the inside or outside of the Building. A directory in a conspicuous place, with names and locations of tenants, will be provided by Landlord.

22.26 Transportation Management. At Tenant's sole cost and expense, Tenant shall fully comply with all present or future programs intended to manage parking, transportation and/or traffic in and around the Building, and in connection therewith, Tenant shall take responsible action for the transportation planning and management of all of its employees located at the Premises by working directly with Landlord, any transportation management

consultant appointed by Landlord or any governmental entity or authority, any governmental transportation management organization or any other transportation-related committees or entities. Such programs may include, without limitation, (i) adhering to restrictions on the number of peak-hour vehicle trips generated by Tenant; (ii) increased vehicle occupancy; (iii) implementing an in-house ridesharing program and an employee transportation coordinator; (iv) working with employees and any Building or area-wide ridesharing program manager; (v) instituting employer-sponsored incentives (financial or in-kind) to encourage employees to rideshare; and (vi) utilizing flexible work shifts for employees.

22.27 No Discrimination. Tenant covenants by and for itself, its heirs, executors, administrators and assigns, and all persons claiming under or through Tenant, that this Lease is made and accepted upon and subject to the following conditions: that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, sex, religion, marital status, ancestry, disability or national origin in the leasing, subleasing, transferring, use or enjoyment of the Premises, nor shall Tenant itself, or any person claiming under or through Tenant, establish or permit such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy, of tenants, lessees, sub-lessees, subtenants or vendees in the Premises.

22.28 Hazardous Material.

22.28.1 Definition. As used herein, the term "Hazardous Material" means any hazardous or toxic substance, material or waste which is or becomes regulated by any local governmental authority, the State of California or the United States Government. The term "Hazardous Material" includes, without limitation, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste" or "restricted hazardous waste" under Sections 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iii) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (iv) petroleum, (v) asbestos, (vi) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Administrative Code, Division 4, Chapter 20, (vii) designated as a "hazardous substance" pursuant to Section 311 of the Federal Water Pollution Control Act (33 U.S.C. § 1317), (viii) defined as a "hazardous waste" pursuant to Section 1004 of the Federal Resource Conservation and Recovery Act, 42 U.S.C. § 6902 et seq. (42 U.S.C. § 6903), or (ix) defined as a "hazardous substance" pursuant to Section 101 of the Compensation and Liability Act, 42 U.S.C. § 9601 et seq. (42 U.S.C. § 9601).

22.28.2 Medical Waste Management. Tenant shall fully comply, at its sole cost and expense, with the provisions of the California Medical Waste Management Act (California Health and Safety Code Sections 117600 et. seq.). The unlawful disposal of medical waste, or any other violation of the California Medical Waste Management Act, shall be a material breach of this Lease. Landlord may institute rules and regulations regarding compliance by tenants and occupants of the Building with the California Medical Waste Management Act, but no such rule or regulation shall excuse Tenant from its own responsibility for compliance with the California Medical Waste Management Act.

22.28.3 Compliance Cost. Tenant acknowledges that Landlord may incur costs (i) for complying with laws, codes, regulations or ordinances relating to Hazardous Material, or (ii) otherwise in connection with Hazardous Material, including, without limitation, the following: (a) Hazardous Material present in soil or ground water; (b) Hazardous Material that migrates, flows, percolates, diffuses or in any way moves onto or under the Real Property; (c) Hazardous Material present on or under the Real Property as a result of any discharge, dumping or spilling (whether accidental or otherwise) on the Real Property by other tenants of the Real Property or their agents, employees, contractors or invitees, or by others; and (d) material which becomes Hazardous Material due to a change in laws, codes, regulations or ordinances which relate to hazardous or toxic material, substances or waste. Tenant agrees that the costs incurred by Landlord with respect to, or in connection with, complying with laws, codes, regulations or ordinances relating to Hazardous Material shall be an Operating Expense, unless the cost of such compliance, as between Landlord and Tenant, is made the responsibility of Tenant under this Lease. To the extent any such Operating Expense relating to Hazardous Material is subsequently recovered or reimbursed through

insurance, or from responsible third parties, or from some other action, Tenant shall be entitled to a proportionate share of such Operating Expense to which such recovery or reimbursement relates.

22.29 No Air Rights. No rights to any view or to light or air over any property, whether belonging to Landlord or any other person, are granted to Tenant by this Lease. If at any time any windows of the Premises are temporarily darkened or the light or view therefrom is obstructed by reason of any repairs, improvements, maintenance or cleaning in or about the Building, the same shall be without liability to Landlord and without any reduction or diminution of Tenant's obligations under this Lease.

22.30 Modification and Short Form of Lease. Should any current or prospective mortgagee or ground lessor for the Building require a modification or modifications of this Lease, which will not cause an increased cost or expense to Tenant or in any other way materially and adversely change the rights and obligations of Tenant hereunder, then, Tenant agrees that this Lease may be so modified and agrees to execute whatever documents are required therefor and deliver the same to Landlord within ten (10) days following the request therefor. Should Landlord or any such current or prospective mortgagee or ground lessor require execution of a short form of Lease for recording, containing, among other customary provisions, the names of the parties, a description of the Premises and the Lease Term, Tenant agrees to execute such short form of Lease and to deliver the same to Landlord within ten (10) days following the request therefor.

22.31 Right to Lease. Landlord may effect such other tenancies in the Building and within the Real property as Landlord in the exercise of its sole business judgment shall determine to best promote the interests of the Building and the Real Property. Tenant does not rely on the fact, nor does Landlord represent, that any specific tenant or type or number of tenants shall, during the Lease Term, occupy any space in the Building or the Real Property.

22.32 Patient Records. Tenant consents, acknowledges, and agrees that (a) Tenant shall be solely responsible, at Tenant's sole cost, for maintaining and disposing of all patient records and all confidential information which may come into Tenant's possession which shall always be undertaken by Tenant in accordance with all applicable present and future laws and rulings, and (b) Landlord shall not have any obligation, responsibility or duty to maintain and/or dispose of any patient records or confidential information described in item (a) herein, and Landlord specifically disclaims any such obligation, responsibility or duty.

IN WITNESS WHEREOF, Landlord and Tenant have duly executed and delivered this Lease as of the day and year first above written.

RULES AND REGULATIONS

Tenant shall faithfully observe and comply with the following Rules and Regulations. Landlord shall not be responsible to Tenant for the nonperformance of any of said Rules and Regulations by or otherwise with respect to the acts or omissions of any other tenants or occupants of the Building.

1. Tenant shall not alter any lock or install any new or additional locks or bolts on any doors or windows of the Premises without obtaining Landlord's prior written consent. Tenant shall bear the cost of any lock changes or repairs required by Tenant. Two keys will be furnished by Landlord for the Premises, and any additional keys required by Tenant must be obtained from Landlord at a reasonable cost to be established by Landlord. Upon termination of the Lease, all keys to the Building and the Premises shall be surrendered to Landlord.

2. All doors opening to public corridors shall be kept closed at all times except for normal ingress and egress to the Premises.

3. Landlord reserves the right to close and keep locked all entrance and exit doors of the Building during such hours as are customary for comparable buildings in the greater San Mateo County area. Tenant, its employees and agents must be sure that the doors to the Building are securely closed and locked when leaving the Premises if it is after the normal hours of business for the Building. Any tenant, its employees, agents or any other persons entering or leaving the Building at any time when it is so locked, or any time when it is considered to be after normal business hours for the Building, may be required to sign the Building Register when so doing. Access to the Building may be refused unless the person seeking access has proper identification or has a previously arranged a pass for access to the Building. The Landlord and his agents shall in no case be liable for damages for any error with regard to the admission to or exclusion from the Building of any person. In case of invasion, mob riot, public excitement, or other commotion, Landlord reserves the right to prevent access to the Building during the continuance of same by any means it deems appropriate for the safety and protection of life and property.

4. No furniture, freight or equipment of any kind shall be brought into the Building without prior notice to Landlord. All moving of the same into or out of the Building shall be scheduled with Landlord and done only at such time and in such manner as Landlord shall designate. Landlord shall have the right to prescribe the weight, size and position of all safes and other heavy property brought into the Building and also the times and manner of moving the same in and out of the Building. Safes and other heavy objects shall, if considered necessary by Landlord, stand on supports of such thickness as is necessary to properly distribute the weight. Landlord will not be responsible for loss of or damage to any such safe or property in any case. All damage done to any part of the Building, its contents, occupants or visitors by moving or maintaining any such safe or other property shall be the sole responsibility of Tenant and any expense of said damage or injury shall be borne by Tenant.

5. If Tenant uses Laboratory Specimen Deposit boxes they must be located within the Premises. No deposit boxes are allowed in the common area hallways on the ground, mounted on the walls or hung on doors.

6. No furniture, packages, supplies, equipment or merchandise will be received in the Building or carried up or down in the elevators, except between such hours in such specific elevator, and only after Tenant has affixed hanging pads in the elevators carrying such materials.

7. Landlord shall have the right to control and operate the public portions of the Building, the public facilities, the heating and air conditioning, and any other facilities furnished for the common use of Tenants, in such manner as is customary for comparable buildings in the greater San Mateo area.

8. The requirements of Tenant will be attended to only upon application at the Office of the Building or at such office location designated by Landlord. Employees of Landlord shall not perform any work or do anything outside their regular duties unless under special instructions from Landlord.

9. Tenant shall not disturb, solicit, or canvass any occupant of the Building and shall cooperate with Landlord or agent of Landlord to prevent same.

10. The toilet rooms, urinals, wash bowls and other apparatus shall not be used for any purpose other than that for which they were constructed, and no foreign substance of any kind whatsoever shall be thrown therein. The expense of any breakage, stoppage or damage resulting from the violation of this rule shall be borne by the tenant who, or whose employees or agents, shall have caused it.

11. Tenant shall not overload the floor of the Premises, nor mark, drive nails or screws, or drill into the partitions, woodwork or plaster or in any way deface the Premises or any part thereof without Landlord's consent first had and obtained.

12. No vending machine or machines of any description other than fractional horsepower office machines shall be installed, maintained or operated upon the Premises without the written consent of Landlord.

13. Tenant shall not use or keep in or on the Premises of the Building any kerosene, gasoline or other inflammable or combustible fluid or material.

14. Tenant shall not use any method of heating or air conditioning other than that which may be supplied by Landlord, without the prior written consent from Landlord.

15. Tenant shall not use, keep or permit to be used or kept, any foul or noxious gas or substance in or on the Premises, or permit or allow the Premises to be occupied or used in a manner offensive or objectionable to Landlord or other occupants of the Building by reason of noise, odors, or vibrations, or interfere in any way with other Tenants or those having business therein.

16. Tenant shall not bring into or keep within the Building or the Premises any animals, birds, bicycles or other vehicles.

17. No cooking shall be done or permitted by any Tenant on the Premises, nor shall the Premises be used for the storage of merchandise, for lodging, or for any improper, objectionable or immoral purposes. Notwithstanding the foregoing, Underwriters' laboratory-approved equipment may be used in the Premises for brewing coffee, tea, hot chocolate and similar beverages, provided that such use is in accordance with all applicable Federal, state and city laws, codes, ordinances, rules and regulations.

18. Landlord will approve where and how telephone and telegraph wires are to be introduced to the Premises. No boring or cutting for wires shall be allowed without the consent of Landlord. The location of telephone, call boxes and other office equipment affixed to the Premises shall be subject to the approval of Landlord.

19. Landlord reserves the right to exclude or expel from the Building any person who, in the judgment of Landlord, is intoxicated or under the influence of liquor or drugs, or who shall in any manner do any act in violation of any of these Rules and Regulations.

20. Tenant, its employees and agents shall not loiter in the entrances or corridors, nor in any way obstruct the sidewalks, lobby, halls, stairways or elevators, and shall use the same only as a means of ingress and egress for the Premises.

21. In all carpeted areas where desks and chairs are utilized, Landlord shall require Tenant, at Tenant's own cost, to place mats under each and every chair in order to protect said carpeting from unnecessary wear and tear.

22. Tenant shall not waste electricity, water or air conditioning and agrees to cooperate fully with Landlord to ensure the most effective operation of the Building's heating and air conditioning system, and shall refrain from attempting to adjust any controls.

23. Tenant shall store all its trash and garbage within the interior of the Premises. No material shall be placed in the trash boxes or receptacles if such material is of such nature that it may not be disposed of in the ordinary and customary manner of removing and disposing of trash and garbage the City of Daly City without violation of any law or ordinance governing such disposal. All trash, garbage and refuse disposal shall be made only through entry-ways and elevators provided for such purposes at such times as Landlord shall designate.

24. Tenant shall comply with all safety, fire protection and evacuation procedures and regulations established by Landlord or any governmental agency.

25. Tenant shall assume any and all responsibility for protecting the Premises from theft, robbery and pilferage, which includes keeping doors locked and other means of entry to the Premises closed.

26. Landlord may waive any one or more of these Rules and Regulations for the benefit of any particular tenant or tenants, but no such waiver by Landlord shall be construed as a waiver of such Rules and Regulations in favor of any other tenant or tenants, nor prevent Landlord from thereafter enforcing any such Rules and Regulations against any or all tenants of the Building.

27. No awnings or other projection shall be attached to the outside walls of the Building without the prior written consent of Landlord. No curtains, blinds, shades or screens shall be attached to or hung in, or used in connection with, any window or door of the Premises without the prior written consent of Landlord. All electrical ceiling fixtures hung in offices or spaces along the perimeter of the Building must be fluorescent and/or of a quality, type, design and bulb color approved by Landlord.

28. The sashes, sash doors, skylights, windows, and doors that reflect or admit light and air into the halls, passageways or other public places in the Building shall not be covered or obstructed by Tenant, nor shall any bottles, parcels or other articles be placed on the windowsills.

29. Landlord reserves the right at any time to change or rescind any one or more of these Rules and Regulations, or to make such other and further reasonable Rules and Regulations as in Landlord's judgment may from time to time be necessary for the management, safety, care and cleanliness of the Premises and Building, and for the preservation of good order therein, as well as for the convenience of other occupants and tenants therein. Landlord shall not be responsible to Tenant or to any other person for the nonobservance of the Rules and Regulations by another tenant or other person. Tenant shall be deemed to have read these Rules and Regulations and to have agreed to abide by them as a condition of its occupancy of the Premises.

30. If Tenant is a physician or other type of healthcare practitioner who treats patients at the Premises, then Tenant will assure Landlord that its patients will only occupy Tenant's designated waiting room or reception area within the Premises, and if said waiting room or reception area is filled to capacity at any time, then any patients and/or their family members who cannot be accommodated in the waiting room or reception area will not be permitted to congregate, sit or occupy the hallways immediately adjacent to the Premises.

Parking Rules & Regulations

1. Parking areas shall be used only for parking of vehicles no longer than full size, passenger automobiles.

2. Tenant shall not permit or allow any vehicles that belong to or are controlled by Tenant or Tenant's agents, employees, or invitees to be loaded, unloaded, or parked in areas other than those designated by Landlord for such activities.

3. Parking stickers or identification devices shall be the property of Landlord and shall be returned to Landlord by the holder thereof upon termination of the holder's parking privileges. Tenant shall pay such replacement charge as is reasonably established by Landlord for the loss of such stickers or devices.

4. Landlord reserves the right to refuse the issuance of monthly identification stickers or devices to any person or entity that willfully refuses to comply with the applicable rules, regulations, laws and/or agreements.

5. Landlord reserves the right to relocate all or a part of parking spaces from floor to floor, within one floor, and/or to reasonably adjacent offsite location(s), and to reasonably allocate them between compact and standard size spaces, as long as the same complies with applicable laws, ordinances and regulations.

6. Users of the parking area will obey all posted signs and park only in the areas designated for vehicle parking.

7. Unless otherwise instructed, every person using the parking area is required to park and lock his own vehicle. Landlord will not be responsible for any damage to vehicles, injury to persons or loss of property, all of which risks are assumed by the party using the parking area.

8. Validation, if established, will be permissible only by such method or methods as Landlord and/or its licensee may establish at rates generally applicable to visitor parking.

9. The maintenance, washing, waxing or cleaning of vehicles in the parking structure of Common Areas is prohibited.

10. Tenant shall be responsible for seeing that all of its agents, employees, and invitees comply with the applicable parking rules, regulations, laws and agreements.

11. Landlord reserves the right to modify these rules and/or adopt such other reasonable and non-discriminatory rules and regulations as it may deem necessary for the proper operation of the parking areas.

12. Such parking use as is herein provided is intended merely as a license only and no bailment is intended or shall be created hereby.

SETON MEDICAL OFFICE BUILDING
(1850 Sullivan Avenue)

FORM OF TENANT'S ESTOPPEL CERTIFICATE

The undersigned as Tenant under that certain Lease made and entered into as of _____ by and between Seton Medical Center, as Landlord, and the undersigned as Tenant, for Premises on the _____floor of Seton Medical Office Center certifies as follows:

1. Attached hereto as Exhibit A is a true and correct copy of the Lease and all amendments and modifications thereto. The documents contained in Exhibit A represent the entire agreement between the parties as to the Premises.

2. The undersigned has commenced occupancy of the Premises described in the Lease, currently occupies the Premises, and the Lease Term commenced on _____.

3. The Lease is in full force and effect and has not been modified, supplemented or amended in any way except as provided in Exhibit A.

4. Tenant has not transferred, assigned, or sublet any portion of the Premises nor entered into any license or concession agreements with respect thereto except as follows:

5. Tenant shall not modify the documents contained in Exhibit A or prepay any amounts owing under the Lease to Landlord in excess of thirty (30) days without the prior written consent of Landlord's mortgagee.

6. Monthly Base Rent became payable on _____.

7. The Lease Term expires on _____.

8. All conditions of the Lease to be performed by Landlord necessary to the enforceability of the Lease have been satisfied.

9. No rental has been paid in advance and no security has been deposited with Landlord except as provided in the Lease.

10. As of the date hereof, there are no existing defenses or offsets that the undersigned has, which preclude enforcement of the Lease by Landlord.

11. All monthly installments of Monthly Base Rent, all additional rent and all monthly installments of estimated additional rent have been paid when due through _____. The current monthly installment of Monthly Base Rent is $_____.

12. The undersigned acknowledges that this estoppel certificate may be delivered to Landlord's mortgagee, Landlord's prospective mortgagee, or a prospective purchaser, and acknowledges that it recognizes that if same is done, such mortgagee, prospective mortgagee, or prospective purchaser will be relying upon the statements contained herein in making the loan or acquiring the property of which the Premises are a part, and in accepting an assignment of the Lease as collateral security, and that receipt by it of this certificate is a condition of making of the loan or acquisition of such property.

FIRST AMENDMENT TO SETON MEDICAL OFFICE BUILDING LEASE

This First Amendment to Office Lease ("Amendment") is entered into as of April 26, 2019, by and among Verity Holdings, LLC, a California limited liability company and successor-in-interest to Seton Medical Center ("Landlord"), Women's Health Group, A Medical Corporation, a California professional corporation ("WHG") and Katie Shapiro, M.D., an individual ("Dr. Shapiro," and with WHG, collectively, "Tenant"), with reference to the following facts:

RECITALS

A. On or about July 29, 2016, Seton Medical Center ("Seton") (as landlord) and Tenant entered into an Amended And Restated Seton Medical Office Building Lease ("Lease"), for Suite 312 containing approximately 1,311 rentable square feet ("Premises"), in a medical office building located at 1850 Sullivan Avenue, Daly City, California 94015 ("Building"). All capitalized terms used but not otherwise defined in this Amendment shall have the same meaning as ascribed to them in the Lease.

B. On or about June 30, 2016, Landlord acquired title to the Building and became the successor-in-interest to Seton under the Lease.

C. Landlord and Tenant desire to extend the Lease Term and amend the Lease on the terms and conditions set forth below.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree to amend the Lease, as follows:

1. Landlord's Assumption of Seton's Rights And Obligations. Landlord hereby reaffirms it has assumed all rights and obligations of Seton arising under the Lease. From and after June 30, 2016, all references in the Lease to Landlord shall mean Verity Holdings, LLC, rather than Seton.

2. Extended Lease Term; Early Termination Right. The Lease Term is extended to April 30, 2020. However, during the extended Lease Term, Landlord or Tenant may terminate this Lease earlier than April 30, 2020, effective as of the last day of any calendar month, for any reason or no reason, after giving at least thirty (30) days' prior written notice to the other party.

3. Monthly Base Rent. From May 1, 2019 through April 30, 2020, the Monthly Base Rent shall be $3,780.92.

4. Landlord's Performance. Tenant hereby acknowledges that Landlord has fully performed all of its obligations under the Lease as of the date of this Amendment and that Tenant has no claims, off-sets, or defenses as to its continuing and future obligations under the Lease as amended herein.

5. Brokers. Landlord and Tenant hereby confirm that neither party has retained any leasing broker(s) in connection with this Amendment and each party agrees to defend, indemnify and hold harmless the other party from any claims for compensation made by any other leasing broker who asserts s/he represented such party in connection with this Amendment.

6. Waiver. Except as set forth herein, nothing contained in this Amendment shall be construed to modify, waive, impair or effect any of the provisions, covenants, agreements, terms or conditions of the Lease, as amended, or to waive any breach thereof or any right of the Landlord against any person, firm, association or corporation liable or responsible for the performance therefore or to enlarge or increase Landlord's obligations under the Lease; and all such provisions, covenants, agreements, terms and conditions of the Lease are hereby declared to be in full force and effect.

7. Reservation of Rights and Remedies. Landlord reserves all of its rights and remedies under the Lease, and all rights and remedies at law or at equity.

8. Governing Law. This Amendment shall be governed by and construed in accordance with the internal laws of the State of California, without regard to any conflict of law principles.

9. Recitals and Ratification. All of the Recitals set forth above are incorporated in this Amendment. Except as modified herein, the Lease is hereby ratified and confirmed and remains in full force and effect.

10. Headings. The headings for the paragraphs herein are for convenience only and shall not be deemed to explain or modify any of the provisions of this Amendment.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date first set forth above.

AMENDED AND RESTATED
CALL COVERAGE AGREEMENT FOR GENERAL SURGERY

This Call Coverage Agreement ("**Agreement**") is made and entered into as of June 1, 2014 (the "**Effective Date**"), by and between Seton Medical Center, a California nonprofit religious corporation ("**Hospital**"), and Robert Perez, M.D. ("**Physician**").

RECITALS

A. Hospital owns and operates a general acute care hospital located at 1900 Sullivan Avenue, Daly City, California, in which is located a General Surgery Department ("**Department**"). Hospital is affiliated with the Daughters of Charity Health System ("**DCHS**").

B. Physician is duly qualified and licensed to practice medicine in the State of California, is experienced and qualified to provide professional services in the specialized field of General Surgery ("**Professional Services**"), and is a member of Hospital's Medical Staff ("**Medical Staff**"). Physician is willing to provide Professional Services upon the terms and conditions set forth in this Agreement.

C. In order to assure adequate medical care in the Department, Hospital desires to engage Physician to provide Professional Services to Hospital patients who present in the Department and require specialized services.

NOW, THEREFORE, the parties hereby agree as follows:

AGREEMENT

1. Professional Services. Physician shall provide Professional Services as set forth in the "**Description of Services**," attached hereto as Exhibit A, on dedicated coverage shifts of twenty-four (24) hour duration ("**Coverage Shifts**"), pursuant to the Department's pre-established schedule, as may be in effect and amended from time to time. Physician shall ensure that all Professional Services are performed only by a competent Physician who satisfies all of the requirements set forth herein.

1.1. Coverage Shifts Generally. During each Coverage Shift, Physician shall provide Professional Services to unassigned patients who present to the Hospital's emergency department and to Hospital's inpatients who are in need of medical care in physician's clinical specialty ("**Physician's Specialty**"), regardless of patients' insurance status or ability to pay. Physician shall be unencumbered by conflicting duties or responsibilities and shall respond in accordance with the requirements set forth in this Section 1, Hospital's Medical Staff Bylaws and Rules and Regulations, and the Department's Policies and Procedures during each Coverage Shift for which Physician is scheduled.

1.2. On-Call Coverage Shifts. During each on-call Coverage Shift, Physician shall ensure that he/she (a) responds by telephone within thirty (30) minutes of receiving a telephone call or page from the Department and (b) arrives in the Department within a timeframe appropriate to the acuity of the patient and based on Medical Staff protocols or as otherwise required by medical necessity. In the event Physician fails to perform any of the Coverage Shifts required hereunder, Hospital, in its sole discretion, may contract with another provider to perform such Coverage Shifts. Any costs incurred by Hospital in connection with arranging Coverage Shifts, as described herein, with another provider shall be paid by Physician.

2. Qualifications of Physician. Physician, at all times during the term of this Agreement, shall (a) be duly licensed as a physician under California law; (b) be Board Certified (or, with the approval of Hospital's President and CEO, or his/her designee, Board Eligible) in Physician's Specialty; (c) be a member in good standing of the Medical Staff of Hospital, with privileges in Physician's Specialty; (d) maintain an unrestricted federal Drug Enforcement Administration ("**DEA**") registration number; (e) be a participating provider in the Medicare and Medi-Cal programs; and (f) maintain insurance coverage as set forth in Section 15 of this Agreement. Physician shall provide documentation of compliance with all provisions of this Section to Hospital upon request.

3. Representations of Physician. Physician represents and warrants that (a) Physician's license to practice in any state has never been suspended, revoked or restricted; (b) Physician has never been reprimanded, sanctioned or disciplined by any licensing board or state or local medical society or specialty board; (c) Physician has never been denied membership or reappointment of membership on the medical staff of any hospital, and no hospital medical staff membership or clinical privileges of Physician have ever been suspended, curtailed or revoked for disciplinary reasons; (d) Physician has never been reprimanded, sanctioned or disciplined by the DEA, been denied a DEA registration number or had a DEA registration number restricted; (e) Physician has never been excluded from participation in, or sanctioned by, any state, federal or local health care program including, but not limited to, Medicare and Medi-Cal; and (f) Physician has never been denied insurance coverage as set forth in Section 15 or had such coverage restricted.

Physician will immediately notify Hospital if Physician is excluded from participation in a federal health care program. Physician will indemnify Hospital for any claims, judgments, overpayments or expenses arising from such exclusion.

4. Notice of Events. Physician shall also immediately notify Hospital of: (a) any failure to satisfy the terms of Section 2 or the inaccuracy of any representation or warranty made in Section 3; (b) any malpractice claim or professional disciplinary action asserted or initiated against Physician and (c) any pending plan to provide services through an incorporated entity, rather than individually. Physician shall provide the notice required pursuant to Section 4(c) no later than forty-five (45) days prior to the date on which Physician intends to provide services through his or her corporation, and shall take all such actions and provide all such information requested by Hospital in order to amend and assign this Agreement, as necessary, to reflect Physician's new corporate identity.

5. Other Agreements. Physician shall timely and fully perform all of Physician's monetary and non-monetary obligations to Hospital or its affiliate under any medical office building lease and any other written contracts between or among such parties.

6. Billing and Compensation.

6.1. Payment for Coverage Shifts. In consideration of the time spent on-call during the Coverage Shifts by Physician in accordance with Section 1 and expressly conditioned upon Physician's submission to Hospital of the written monthly invoice in accordance with Section 6.2, and Hospital's acceptance thereof, Hospital shall pay Physician at the rate of Five Hundred Dollars ($500) per 24-hour Coverage Shift for Monday through Thursday and One Thousand Dollars ($1,000) per 24-hour Coverage Shift for Friday, Saturday and Sunday. Physician shall accept such payments as full compensation from the Hospital for Coverage Shifts provided under this Agreement. Payment shall be made in the name of Physician. To ensure that compensation is reported as paid to the proper party,

attached to this Agreement as Exhibit B is a completed and executed copy of IRS Form W-9 which identifies the taxpayer identification number for Physician.

6.2. Conditions for Payment. Payment of the compensation provided herein is conditioned upon the following:

6.2.1 Physician's timely and full performance of all of his/her duties and obligations set forth in herein.

6.2.2 Physician's maintaining such records and supporting documents as may, from time to time, be required to comply with the requirements of governmental agencies and third-party payors, including completing or assuring the prompt completion of all patient charts and other medical records required to be maintained with respect to the Department.

6.2.3 Physician's submission, on a monthly basis on or before the fifth (5th) day of each calendar month during the term of this Agreement, of a written invoice to Hospital in the form attached hereto as Exhibit C, or as otherwise required by Hospital, detailing to Hospital's satisfaction the number of Coverage Shifts provided by Physician during the immediately preceding calendar month. Hospital will not accept invoices submitted more than sixty (60) days after the end of the calendar month for which payment for Professional Services is sought.

6.2.4 Execution of the Agreement by Hospital and Physician prior to the Coverage Shift for which payment is requested. Hospital will not pay for any Coverage Shift occurring prior to the later of the Effective Date or the execution of the Agreement by both parties.

6.3. Billing and Collection. Physician shall, separately from Hospital and at Physician's cost and expense, bill and collect his or her fees and charges from patients and/or responsible payors for the Professional Services rendered in the Department. Such collections shall be made under Physician's federal tax identification number and provider number(s) and shall be carried out in accordance with all applicable contractual requirements, laws and regulations. Physician shall accept as payment in full for Professional Services covered by Medicare or Medi-Cal (a) the applicable Medicare payment under Medicare assignment and/or the applicable Medi-Cal payment under Medi-Cal assignment plus (b) the applicable coinsurance, copayment or deductible amounts.

7. Third-Party Payor Arrangements. Physician shall, upon Hospital's request, (a) make best efforts to enroll as a provider, as necessary, (separate from Hospital) with respect to Physician's Professional Services provided pursuant to this Agreement in any third-party payor arrangement; and (b) enter into an express contractual agreement with a third-party payor, or any intermediate organization, including any independent practice association, if required for enrollment with such third-party payor.

8. Compliance.

8.1. Corporate Responsibility Program; Ethical Principles, Policies and Practices. Physician hereby agrees that Hospital's Corporate Responsibility Program, as adopted and amended from time to time (the "**Compliance Program**"), shall be incorporated herein and made a part of this Agreement. Physician further agrees that at all times during the term of this Agreement, Physician shall (i) comply with all applicable federal and state laws and regulations; (ii) comply with all policies, bylaws, rules and regulations of Hospital and Hospital's Medical Staff applicable to Physician and the Department, including, but not limited to, the standards of conduct (the "**Standards of Conduct**"), which

are part of Hospital's Compliance Program; and (iii) cooperate with Hospital's corporate compliance audits, reviews and investigations which relate to Physician and/or the Professional Services provided hereunder. The Ethical and Religious Directives for Catholic Health Care Services (the "**Directives**") shall govern the performance of Physician's obligations hereunder and no activities or procedures that are contrary to the Directives shall be permitted or performed by Physician within Hospital's facilities. The Essential Characteristics of the Compliance Program and Standards of Conduct are attached hereto as Exhibit D. The Directives are provided to Physician in connection with his or her appointment to Hospital's Medical Staff.

8.2. Deficit Reduction Act. In compliance with Section 6032 of the Deficit Reduction Act of 2005, Hospital shall provide Physician with access to Hospital's policies detailing California and federal false claims laws, including but not limited to the False Claims Act, and regulations, including whistleblower protections and penalties, and Hospital's policies and procedures for detecting and preventing fraud, waste, and abuse (available at http://seton.dochs.org/aboutus/deficit-reduction-act-policies/), and Physician agrees to abide by such policies in connection with the provision of services under this Agreement.

9. Term. This Agreement shall commence as of the Effective Date and shall continue in effect until (and including) May 31, 2015, unless sooner terminated as otherwise provided in this Agreement. This Agreement may be renewed by mutual written agreement of the parties. Notwithstanding the expiration of the stated term of this Agreement, all terms and conditions of this Agreement shall remain effective, in force and applicable in full for an additional period during which the parties' mutual intent to continue this Agreement is manifested by their conduct, including, but not limited to, the continued performance of services hereunder and payment of consideration for such services in accordance with the terms of Section 6 of this Agreement.

10. Termination. Notwithstanding any other provision of this Agreement, this Agreement may be terminated upon any of the following:

10.1. Without Cause. Either party may terminate this Agreement at any time, without cause, by providing no less than sixty (60) days' written notice to the other party. In the event of such termination, the parties shall not enter into another agreement for the same services as provided hereunder for a period of one (1) year after the later of the Effective Date or the most recent renewal date of this Agreement.

10.2. For Breach. Either party may terminate this Agreement in the event of the other party's breach hereof by giving thirty (30) days' prior written notice of the general nature of such breach. Notwithstanding the foregoing, this Agreement shall not terminate in the event that the breaching party cures the breach, to the satisfaction of the non-breaching party, within fifteen (15) days of the receipt of such notice.

10.3. Immediately. Notwithstanding the foregoing, Hospital may terminate this Agreement immediately by giving written notice to Physician, upon the occurrence of any one or more of the following events: (i) Hospital determines in good faith that any aspect of the performance by Physician hereunder endangers patient safety; (ii) Physician fails to maintain compliance with all of the qualifications, covenants, provisions, representations and warranties set forth in Sections 2, 3, 8, 15 or 17.2; or (iii) Physician is convicted of a crime punishable as a felony or involving moral turpitude.

10.4. Termination Upon Advice of Counsel. In the event legal counsel for either party determines that this Agreement or any practices employed in exercising rights or providing services under this Agreement may be reasonably expected to violate any legal requirements, the parties in good faith shall meet and confer to revise this Agreement to comply with such law(s). In the event the parties are unable to agree upon the revised terms in a timely manner, this Agreement shall terminate upon ten (10) days' notice by either party to the other.

10.5. Effect of Termination. Upon expiration or termination of this Agreement, neither party shall have any further obligation hereunder except for (a) obligations due and owing which arose prior to the date of termination and (b) obligations, promises, or covenants contained herein which expressly extend beyond the term of this Agreement. Termination by Hospital of this Agreement shall not provide Physician the right to a fair hearing or the other rights more particularly set forth in the Medical Staff Bylaws.

10.6. Survival. The provisions of Sections 3, 6, 10, 11, 13, 14, 15, 16, and 17.2 shall survive the termination or expiration of this Agreement.

11. Set-off. In the event of any breach of Section 5 above, Hospital may set-off and apply any compensation otherwise due to Physician hereunder to cure any monetary defaults of Physician under other agreements. This set-off right is in addition to other Hospital remedies set forth herein.

12. Suspension. Hospital may suspend this Agreement in order to permit Hospital, its employees and agents to conduct any review of any ethical, clinical, compliance-, quality- or patient care-related matter. In lieu of termination of this Agreement under Section 10, Hospital may suspend this Agreement for any reason provided under Sections 10.2 or 10.3. Suspension of the Agreement shall take effect upon receipt of notice by Physician in writing or orally; if given orally, Hospital shall confirm oral notice promptly in writing. Suspension shall remain in effect until the rights and duties of Physician under this Agreement are reinstated by Hospital by written notice to Physician. During the Suspension, Hospital shall be relieved of all of its duties and obligations under this Agreement, including, without limitation, any obligation to make payment for services rendered by any Physician or to make available any Department space, supplies or support staff to Physician. If the Agreement remains suspended for sixty (60) consecutive days, the suspension shall be treated as the termination of the Agreement without cause for all purposes of this Agreement.

13. Independent Contractor. In the performance of the duties and obligations hereunder, it is mutually understood and agreed that Physician is at all times acting and performing as an independent contractor and nothing in this Agreement is intended nor shall be construed to create between Hospital and Physician an employer/employee, joint venture, agency, lease or landlord/tenant relationship. The standards of medical practice and professional duties of Physician shall be determined by the Medical Staff and prevailing professional standards. Physician shall not have a claim against Hospital for social security benefits, workers' compensation benefits, vacation pay, sick leave, retirement benefits, disability or unemployment benefits, or employee benefits of any kind. Hospital shall not withhold on behalf of Physician any sums for income tax, unemployment insurance, social security or any other purposes, and all such withholdings or obligations shall be the sole responsibility of Physician. Physician shall not hold itself out as an officer, agent or employee of Hospital, and shall take all reasonable steps to disavow such status or relationship in every instance where a reasonable person might assume that such a relationship exists between the Parties. Physician shall reimburse or otherwise indemnify Hospital for all costs incurred, if Physician is held to be an employee or agent of Hospital for any purpose.

14. Access to Books and Records. Physician shall maintain and make available all necessary books, documents and records, in order to assure that Hospital will be able to meet all legal requirements and all requirements for participation and payment associated with private federal, state or other public third-party payment programs, including without limitation, Section 1861(v)(1)(I) of the federal Social Security Act, as amended. Until the expiration of four (4) years after the furnishing of Professional Services pursuant to this Agreement, Physician shall make available to the Secretary of Health and Human Services and the Comptroller General of the United States, or their duly authorized representatives, upon written request of any of them, this Agreement, and all books, documents and records that are necessary to certify the nature and extent of the cost of services hereunder. If Physician carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the subcontracting organization shall make available, upon written request to the Secretary or the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

15. Physician Insurance.

15.1. Coverage Requirements. Physician, at his or her sole cost and expense, shall procure and maintain in force throughout the entire term of this Agreement continuous coverage (as defined in Section 15.2 below) of policies of professional liability insurance. Without limitation, the professional liability insurance policies shall (i) provide coverage for covered medical incidents, including negligent acts or omissions of Physician in the performance of professional health care or medical services, occurring during the term of the policy, (ii) be issued by an insurance company licensed or otherwise qualified to issue professional liability insurance policies or coverage in the State of California and rated A- or better by A.M. Best Rating Agency or be issued by an adequately funded and secured self-insurance trust, and (iii) provide for minimum coverage limits consistent with the requirements of the Hospital's Medical Staff Bylaws, but in no event less than One Million Dollars ($1,000,000) per occurrence and Three Million Dollars ($3,000,000) in the annual aggregate.

15.2. Continuous Coverage. For purposes of this Agreement, the term "**continuous coverage**" means the maintenance of professional liability insurance during the period commencing as of the Effective Date, continuing during the entire term of this Agreement (including any extensions or renewals hereof) and, if claims-made form of coverage, expiring not less than five (5) years following the expiration or earlier termination of this Agreement (the "**Insurance Period**"). To satisfy the requirement of continuous coverage, if for any reason during the Insurance Period any insurance policy maintained by Physician pursuant to this Section 15 terminates, expires, is cancelled or is not renewed, or if there is a reduction or other change in the amount or scope of any coverage under the policy (whether by action of the insurance company or Physician), Physician shall (i) cause a replacement insurance policy meeting the requirements of this Section 15 to be in effect as of the effective date of the termination, expiration, non-renewal, cancellation, reduction, or other change of the prior insurance policy, and (ii) purchase either extended reporting coverage (i.e., "tail" coverage) or prior acts coverage (i.e., "nose" coverage). "Tail" coverage must provide for a discovery/reporting period that would extend at least through the end of the Insurance Period, and "nose" coverage must provide coverage at least as of the start of the Insurance Period.

15.3. Certificate of Insurance. Physician shall provide Hospital with certificates of insurance evidencing the insurance policies required by this Section 15. Such insurance policy or policies

shall also provide for not less than thirty (30) days' prior notice to Hospital of any termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage(s) required under this Section 15. Physician shall give Hospital not less than sixty (60) days' prior written notice of his/her intent to cancel such insurance, and agrees to notify Hospital promptly of any other termination, expiration, non-renewal, cancellation, reduction, or other change in the amount or scope of any coverage under the policy, but in no event later than ten (10) days following Physician's receipt of notification of such action. In the event Physician fails to procure, maintain or pay for the insurance required under this Section 15, Hospital shall have the right, but not the obligation, to obtain such insurance. In that event, Physician shall reimburse Hospital for the cost thereof, and failure to repay the same upon demand by Hospital shall constitute breach of a material provision of this Agreement.

16. Indemnification. Physician shall defend, indemnify and hold harmless Hospital, its members, directors, officers, employees, and agents from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Physician arising out of, or in connection with, the performance of this Agreement. Hospital shall defend, indemnify and hold harmless Physician from all claims, damages, costs, and expenses (including reasonable attorneys' fees) due to negligence or willful acts or omissions of Hospital (including its directors, officers, employees, and agents except Physician) arising out of, or in connection with, the performance of this Agreement.

17. Additional Provisions.

17.1. Notices. Written notice required under this Agreement shall be delivered personally or sent by United States registered or certified mail, postage prepaid and return receipt requested, and addressed or delivered to the parties at the following addresses (or such other address as may be designated by a party by written notice to the other party):

Physician	Hospital
Robert Perez, M.D.	President and Chief Executive Officer
1800 Sullivan Ave., #507	1900 Sullivan Avenue
Daly City, CA 94015	Daly City, CA 94015

17.2. Non-Disclosure. Physician shall not disclose any information concerning this Agreement to any third party, except as permitted herein. This prohibition against release of information shall not prevent the parties from disclosing the contents of this Agreement to their respective attorneys, and shall not apply to any information as may be required to be released by contracts existing as of the date of this Agreement or fiscal intermediaries, public agencies or commissions with government powers and duties related to disclosure of information having the right to compel disclosure of such information or by process of law. Physician acknowledges that in connection with his/her performance under this Agreement, it may or will have access to and the use of confidential information and trade secrets (the "**Confidential Information**") of Hospital related to the Department and its operations which include, but are not limited to, financial statements, internal memoranda, reports, patient lists, and other materials or records of a proprietary nature. In order to protect the Confidential Information, Physician agrees that it will not, after the date of this Agreement, for so long as any such Confidential Information remains confidential, secret or otherwise wholly or partially protectable, use such information (except in connection with the performance of his/her duties hereunder) or divulge the

Confidential Information to any third party, without first obtaining the prior written consent of Hospital's President and CEO or his/her designee.

17.3. Expert Witness. Physician shall not accept consulting assignments or otherwise contract, agree or enter into an engagement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim asserting negligence, malpractice or professional liability on the part of Hospital or any hospital or health care facility that is a division or other subordinate organization of DCHS, or in which any division or subordinate organization of DCHS is named, or is expected to be named, as a defendant; provided, however, the provisions of this paragraph shall not apply to situations in which Physician served as attending physician and shall only apply to the extent Physician has actual knowledge of the relationship of a health care facility to DCHS.

17.4. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of California, without regard to conflict of law rules.

17.5. Nondiscrimination. Physician shall not differentiate or discriminate in the provision of medical services to patients due to race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, physical handicap, medical condition, medical history, genetics, evidence of insurability, or claims history, in violation of any applicable state, federal or local law or regulation, or the rules and regulations of Hospital with respect to such matters.

17.6. Assignment and Delegation. Physician shall not assign or delegate any of his or her rights or obligations under this Agreement, and any such assignment or delegation is expressly prohibited and shall be void, unless Hospital has given express written consent to such assignment or delegation. Subject to the prohibition contained in this paragraph, this Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the parties hereto. Hospital, in its sole and absolute discretion, shall have the right at any time to assign, delegate or in any manner transfer all or any portion of its interests, obligations or duties under this Agreement to any person, group or entity without the consent of Physician.

17.7. Cross-Referencing of Agreements. Hospital and Physician acknowledge and agree that this Agreement and any other agreement or arrangement between (a) Hospital and (b) Physician or any immediate family member of Physician shall be cross-referenced to a master list(s) of contracts that is centrally maintained and updated by Hospital. For the purposes of this Section, "immediate family member" means a husband or wife; birth or adoptive parent, child or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

17.8. Amendment. This Agreement may be amended at any time by mutual agreement of the parties without additional consideration, provided that before any amendment shall become effective, it shall be reduced to writing and signed by the parties.

17.9. Entire Agreement. This Agreement, including all attachments, exhibits and addendums, is the entire agreement between the parties and no other agreements, oral or written, have been entered into with respect to the subject matter of this Agreement. This Agreement supersedes all prior agreements, negotiations, and communications of whatever type, whether written or oral, between the parties hereto with respect to the subject matter of this Agreement.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the date first written above.

DESCRIPTION OF SERVICES

PROFESSIONAL SERVICES

Physician shall:

1. During each Coverage Shift assigned to Physician, provide, as necessary, professional consultation and/or treatment for Hospital patients who are in need of Professional Services.
2. Faithfully perform all General Surgery duties assigned to Physician during each Coverage Shift assigned to Physician.
3. Promptly report the results of Professional Services performed during each Coverage Shift assigned to Physician to the patient's attending physician(s), if any, in accordance with the policies and procedures now and hereafter established by Hospital and Hospital's Medical Staff.
4. Promptly prepare all written reports and medical records required by Hospital with respect to Professional Services rendered during each Coverage Shift assigned to Physician.

PERFORMANCE STANDARDS

1. Physician shall cause Physician to respond within thirty (30) minutes to requests from the emergency physician on duty or the attending physician for consultation or treatment for Hospital patients in need of Professional Services.
2. Physician shall cause Physician to be physically present if the emergency physician or the attending physician believes that the services necessary to treat the patient are beyond the scope of their practice.
3. Hospital will review Physician's performance prior to the renewal of this agreement, and not less than on an annual basis, to ensure that all services provided in the Department are (a) rendered in a competent and professional manner, (b) consistent with the continuous quality improvement standards of the Hospital and (c) in compliance with (i) all applicable statutes, regulations, directives of federal, state, and other governmental regulatory bodies having jurisdiction over the Hospital or licensed providers, (ii) the Bylaws, rules and regulations of Hospital and the Medical Staff, (iii) applicable standards of The Joint Commission, and (iv) currently accepted and approved methods and practices applicable to the practice of General Surgery.

SETON MEDICAL CENTER

ETHICAL AND RELIGIOUS DIRECTIVES FOR CATHOLIC HEALTH CARE SERVICES

I hereby acknowledge I have received a copy of and have read the Ethical and Religious Directives for Catholic Health Care Facilities ("Directives"). I understand that Seton Medical Center is a Roman Catholic sponsored organization and adheres to the Directives. I specifically agree to abide by the Directives at all times during the term of my contract(s) with Seton Medical Center. I understand that violation of the provisions set forth in these Directives may cause suspension or revocation of my contract(s) with Seton Medical Center.

AGREED, ATTESTED AND ACKNOWLEDGED BY:

Signature:	**Printed Name:**	**Date:**

Standards of Conduct ATTESTATION

Daughters of Charity Health System (DCHS) is committed to carrying out our health care ministry in a manner consistent with the DCHS Mission and Values. In accordance with the DCHS Vincentian Values, each of us is called to embody: Respect, Compassionate Service, Simplicity, Advocacy for the Poor, and Inventiveness to Infinity.

The following Standards of Conduct are a practical extension of the DCHS Vincentian Values. They describe expectations for conduct necessary to promote and protect the integrity of DCHS. We are expected to act in a manner consistent with these standards.

Each of us is accountable for our own actions, and we must also hold each other accountable for adherence to the Standards of Conduct. We are encouraged to report violations of the Standards of Conduct and are protected from retaliation.

QUALITY OF CARE: DCHS is committed to providing competent and compassionate care, respecting and safeguarding the dignity of the patient, and allowing patient access to all medical and ethical information necessary to make decisions about their care. A central focus of DCHS in meeting patient needs is serving the whole person in his or her spiritual, intellectual, emotional, and physical dimensions. Care will be provided in a safe and positive environment, free of disruptive, disrespectful, discourteous, and unethical behavior.

LAWS AND REGULATIONS: DCHS will operate in accordance with all laws and regulations. In our work, these laws and regulations apply to areas such as patient referrals, employment, physician relationships, billing and payment practices, discount arrangements, lobbying, political contributions, the environment, health and safety, and dealings with payers and regulatory agencies.

HUMAN RESOURCES: DCHS maintains a work environment where we treat each other with honesty and respect. We are expected to perform our duties with care, compassion, and courtesy in a lawful and ethical manner. Disruptive, offensive, harassing, disrespectful, and unethical behaviors are unacceptable and will be addressed.

BUSINESS AND ETHICS: DCHS is committed to ethical business conduct and integrity, including the *Ethical and Religious Directives for Catholic Health Care Services*. We must represent DCHS accurately and honestly and must not do anything that purposely defrauds anyone, including other companies or the government, of money, property, or services. Recordkeeping and billing for services provided to patients must be complete, accurate, timely, and lawful.

CONFIDENTIALITY: In keeping with various laws, regulations, professional ethical guidelines, and the *Ethical and Religious Directives for Catholic Health Care Services*, we must maintain the confidentiality of medical records and other patient information. We are also expected to keep information, regarding our colleagues and the proprietary business practices of the organization, confidential.

CONFLICT OF INTERESTS: We are expected to act in the best interests of DCHS and the patients we serve. We may not use our positions to profit personally or to assist others in profiting in any way at the expense of the organization. In any situation where outside interests conflict with those of the organization, the conflict must be disclosed in accordance with organizational policy.

RESPONSIBLE STEWARDSHIP: DCHS is committed to preserving and protecting our organization's assets by making prudent and effective use of its resources. DCHS encourages innovative, cost-effective business decisions and strives to eliminate wasteful practices.

I have read the Standards of Conduct. I understand I am expected to follow the Standards of Conduct in my work, with DCHS, at all times. If I have any questions or concerns regarding the Standards of Conduct, I can contact the Corporate Responsibility Officer or the Values Line at 1-800-371-2176 or www.dchsValuesLine.org.

AMENDMENT NO. 3 TO
AMENDED AND RESTATED CALL COVERAGE AGREEMENT FOR GENERAL SURGERY

This Amendment No. 3 ("**Amendment**") to the Amended and Restated Call Coverage Agreement for General Surgery Agreement dated June 1, 2014, as amended, between Seton Medical Center and Robert Perez, M.D. (the "**Agreement**") is made and entered into effective as of June 1, 2018 (the "**Amendment Effective Date**") by and between Seton Medical Center, a California nonprofit public benefit corporation ("**Hospital**"), and Robert Perez, M.D. ("Physician").

Hospital and Physician hereby agree as follows:

1. Extension of Expiration Date of Term. Section 9 of the Agreement is hereby amended to extend the term of the Agreement through May 31, 2020.

2. Amendment to Exhibit A. Exhibit A of the Agreement is hereby deleted in its entirety and replaced by a revised exhibit attached hereto as Exhibit A.

3. Termination Without Cause. Section 10.1 of the agreement is hereby amended that either party may terminate this Agreement at any time, without cause, by providing no less than thirty (30) days' written notice to the other party.

4. Defined Terms. Capitalized terms used in this Amendment but not defined herein shall have the meanings set forth in the Agreement. All references in the Agreement to the Agreement shall mean the Agreement, as amended by this Amendment.

5. Headings. The headings in this Amendment have been included solely for reference and are to have no force or effect in interpreting its provisions.

6. Original Signature. This Amendment and any facsimile signatures thereon shall be construed as an original document, and shall constitute the required signature to bind the parties herein.

7. Counterparts. This Amendment may be executed in counterparts, any of which need not contain the signature of more than one party, but all of which taken together shall be one and the same agreement.

8. Miscellaneous. Except to the extent specifically amended hereby, the provisions of the Agreement shall remain unmodified and the Agreement as amended hereby is confirmed as being in full force and effect.

RMP 5/31/18

IN WITNESS WHEREOF, Hospital and Physician have caused this Amendment to be executed by their respective duly authorized representatives effective as of the Amendment Effective Date.

DESCRIPTION OF SERVICES

PROFESSIONAL SERVICES

Physician shall:

1. During each Coverage Shift assigned to Physician, provide, as necessary, professional consultation and/or treatment for Hospital patients who are in needof Professional Services.
2. Faithfully perform all General Surgery duties assigned to Physician during each Coverage Shift assigned to Physician.
3. Promptly report the results of Professional Services performed during each Coverage Shift assigned to Physician to the patient's attending physician(s), if any, in accordance with the policies and procedures now and hereafter established by Hospital and Hospital's Medical Staff.
4. Promptly prepare all written reports and medical records required by Hospital with respect to Professional Services rendered during each Coverage Shift assigned to Physician.

PERFORMANCE STANDARDS

1. 100% ED surgery consultation from request to respond within 30 minutes.
2. On-site surgical consultation request to be present on site within 30 minutes-100%.
3. Hospital will review Physician's performance prior to the renewal of this agreement, and not less than on an annual basis, to ensure that all services provided in the Department are (a) rendered in a competent and professional manner, (b) consistent with the continuous quality improvement standards of the Hospital and (c) in compliance with (i) all applicable statutes, regulations, directives of federal, state, and other governmental regulatory bodies having jurisdiction over the Hospital or licensed providers, (ii) the Bylaws, rules and regulations of Hospital and the Medical Staff, (iii) applicable standards of The Joint Commission, and (iv) currently accepted and approved methods and practices applicable to the practice of General Surgery.

MSP 5/31/18

#11

Title 11, California Code of Regulations, § 999.5(d)(3)(B)

The identity of each and every officer, trustee or director of applicant (or any family member of such persons as identified in Corporations Code section 5227(b)(2)) or any affiliate of applicant who or which has any personal financial interest in any company, firm, partnership, or business entity (other than salary and directors/trustees' fees) currently doing business with applicant, any affiliate of applicant, or the transferee or any affiliate of the transferee

Officers and directors of VHS were asked to disclose any personal financial interests of the kind described in § 999.5(d)(3)(B) and no such interests were disclosed.

There is no overlap in individuals who are officers or directors of VHS or any Applicant entity, on the one hand, and individuals who are officers or directors of SGM or its affiliates, on the other hand.

#12

Title 11, California Code of Regulations, § 999.5(d)(3)(C)

A statement describing how the board of directors of the nonprofit corporations involved in the transaction are complying with the provisions of Health and Safety Code sections 1260 and 1260.1

No member of the VHS Board participated in the negotiation of the terms and conditions of the sale of substantially all of the assets of the Applicants to SGM pursuant to the APA (the "Transaction"). Pursuant to the VHS System Authority Matrix (previously reviewed and approved by the Attorney General as part of the BlueMountain transaction and as subsequently updated and approved on April 4, 2017), the sale of all or substantially all of the assets of the Applicants is subject to a recommendation of each Applicant's board of directors, the VHS Chief Operating Officer, and the VHS Chief Executive Officer/President (collectively, the "Recommending Parties"). The VHS System Authority Matrix is attached to this Section 999.5(d)(3)(C) as **Exhibit 1**. The ultimate approval of any such sale rests solely with the VHS Board.

In September of 2018, the board of directors of St. Francis Medical Center and St. Vincent Medical Center recommended that their respective hospitals be sold to a buyer that would continue the operations of the Applicants as general acute care hospitals with the determination of the ultimate buyer to be designated and approved by the VHS Board. In March of 2019, the Seton Medical Center Board approved the sale of Seton Medical Center as a general acute care hospital with the determination of the ultimate buyer to be designated and approved by the VHS Board.

The VHS Board approved the sale of all or substantially all of the assets of the Applicants to SGM as the Stalking Horse Bidder. In choosing the Stalking Horse Bidder, the VHS Board, in the exercise of its business judgment, relied on the information, analyses, and advice of Dentons US LLP, Berkeley Research Group, and Cain Brothers. Without any qualifying full bids and without qualifying partial bids that, in the aggregate, would have been more favorable to the Applicants and their estates than SGM's Stalking Horse Bid, and after further consideration and discussions with its advisors, the VHS Board resolved to move forward with the SGM Transaction on April 15, 2019.

VHS Chief Executive Officer Richard Adcock is a member of the St. Francis Medical Center, St. Vincent Medical Center, and Seton Medical Center corporate boards. He is not a member of the VHS Board. In September 2018, Mr. Adcock participated in the discussions and votes to recommend the sale of St. Francis Medical Center and St. Vincent Medical Center as general acute care hospitals to the purchaser offering the best terms and conditions as determined and approved by the VHS Board. These recommendations were made without regard or reference to any specific purchaser. Following this vote, as VHS Chief Executive Officer, Mr. Adcock was involved in the negotiation of the different asset purchase agreements under consideration, including the APA with SGM. As a result of these activities, Mr. Adcock recused himself and did not participate in the vote by Seton Medical Center Board in March 2019 to recommend the

sale of Seton Medical Center as a general acute care hospital to the purchaser offering the best terms and conditions as determined and approved by the VHS Board.

Mr. Adcock is not a member of the VHS Board and any communications he had about the possible Transaction with SGM with the VHS Board were factual in nature. No member of the VHS Board substantially relied on any opinions regarding the advisability of, fairness of, or value of the Transaction from Mr. Adcock or other members of management, as none were presented to the VHS Board. All information relied upon by the VHS Board in the selection of SGM as the stalking horse bidder initially, and the winning bidder/purchaser subsequently, was independently confirmed or supplied by Dentons US LLP, Berkeley Research Group, and/or Cain Brothers.

As described in greater detail in the Moloney Declaration (attached to Section 999.5(d)(1)(B) as Exhibit 7), Applicants engaged in substantial, public efforts to market and sell the assets of the Applicants both prior to and during the pendency of the Bankruptcy Cases. Notwithstanding these extensive efforts, VHS only received two Qualified Bids, one for St. Vincent Medical Center and one for St. Francis Medical Center, as well as a non-Qualified Bid for St. Francis Medical Center and a non-Qualified Bid for all of the remaining assets. Upon further analysis and review of the qualifying bids, and the guidance of its advisors, the VHS Board authorized the VHS entities to consummate the Transaction with SGM. In its Tentative Ruling on the sale to SGM dated April 17, 2019 [Docket No. 2221], attached to Section 999.5(d)(1)(B) as Exhibit 2, the Bankruptcy Court found that there was sufficient business justification for the sale, that the Hospitals had been adequately marketed, that SGM is "a good-faith purchaser entitled to the protections afforded by § 363(m) [of the Bankruptcy Code]," and that the APA "was negotiated at arms-length."

Title 11, California Code of Regulations, § 999.5(d)(3)(C)

Exhibit 1

SYSTEM AUTHORITY MATRIX

VERITY HEALTH SYSTEM OF CALIFORNIA, INC. AND ITS AFFILIATES

Approved: April 4, 2017

Attached is a matrix which lists a number of important actions that might be taken by an entity affiliated with Verity Healthy System of California, Inc. and the corresponding approvals it must obtain before proceeding with such action. This matrix is intended not only to inform each entity of the need to obtain approval or give notification before acting, but also to clearly set forth the rights that are reserved to or held by certain governing entities within the organization.

The attached matrix is not intended to be an exclusive listing of the various powers reserved to System and its affiliated entities; additional powers may exist by operation of law or by virtue of policies currently existing or which may in the future be added or developed by Verity. Moreover, nothing in the attached matrix is intended to limit the right or ability of any corporation or entity, including Verity and Manager, to initiate certain corporate or operational actions on behalf of any of its subsidiaries or their subsidiaries. Certain decisions and authorities set forth in the attached matrix may require consultation with and recommendations by the Manager, as part of the rights Manager may possess under the Management Agreement.

Many of the terms that appear in the attached tables have meanings that are specific in the matrix. These terms are defined below:

1. Affiliate means a corporation or other legal entity of which Verity is the sole voting shareholder, owner, or corporate member. For the avoidance of doubt, all of the hospitals and Verity Medical Foundation are Affiliates.

2. Affiliate Board means the board of directors, board of trustees, or other governing body charged with managing the activities and affairs of an Affiliate.

3. Affiliate CEO means the Chief Executive Officer of each of the Affiliates.

4. Consult means that the appropriate party was informed of the matter/policy/proposal, and was given an opportunity to provide feedback.

5. Management Agreement means that certain Health System Management Agreement dated as of December 14, 2015, as amended, and entered into in connection with the closing of that certain System Restructuring and Support Agreement, dated July 17, 2015, made by and among Daughters of Charity Ministry Services Corporation, Daughters of Charity Health System (now known as Verity), Manager, and certain funds managed by BlueMountain Capital Management, LLC.

6. Manager means Integrity Healthcare, LLC, a Delaware limited liability company, the manager of Verity Healthcare System of California, Inc. pursuant to the Management Agreement.

7. System-Wide Governance Policies means any matters/policies concerning or relating to provisions or requirements of the Verity Article of Incorporation, Bylaws, or the System Authority Matrix. All other policies are defined as System-Wide Administrative policies.

8. Verity means Verity Health System of California, Inc., a California nonprofit corporation (formerly known as Daughters of Charity Health System) that is the "parent corporation" of those hospital, healthcare, and other entities that make up the Verity Healthcare System.

9. Verity Board means the Board of Directors of Verity Health System of California, Inc.

10. Verity CEO means the individual duly elected and acting as the Chief Executive Officer of Verity Health System of California, Inc. For as long as the Management Agreement is in effect, the Verity CEO shall be an employee of Manager and shall report to the Manager.

11. Verity COO/President means the individual duly elected and acting as the Chief Operating Officer and President of Verity Health System of California, Inc. For as long as the Management Agreement is in effect, the Verity COO/President shall be an employee of Manager and shall report to the Manager.

12. Verity Healthcare System means, collectively Verity, the Affiliates, and all direct and indirect subsidiaries of Verity and the Affiliates, and all other entities affiliated with Verity.

Exhibit A

AMENDED AND RESTATED

ARTICLES OF INCORPORATION

ARTICLE I

The name of this Corporation is "Verity Health System of California, Inc."

ARTICLE II

A. This Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law of the State of California for public and charitable purposes. More specifically, the Corporation is organized and operated exclusively for the support and benefit of, to perform the functions of, or to carry out the purposes of the following organizations: O'Connor Hospital, Saint Louise Regional Hospital, St. Vincent Medical Center, St. Francis Medical Center, Seton Medical Center, Verity Medical Foundation, Verity Business Services, and St. Vincent Dialysis Center. In furtherance of the foregoing, this Corporation may do all of the following: (1) establish, acquire, develop, operate, lease, manage, and maintain acute care hospitals, physician practices, medical foundations and appurtenant facilities and related enterprises (collectively referred to as the "Verity Health System"); (2) promote and carry on scientific research related to delivery of health care services; (3) establish, manage, and maintain various types of health care enterprises, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served; (4) participate in any activity designed and carried on to promote the general health of the community served by Verity Health System or any of this Corporation's affiliates; and (5) make donations, transfer assets and provide other forms of aid and assistance to, for the benefit of, or in connection with each organization that is controlled, directly or indirectly, by this Corporation or by another organization controlled by this Corporation (each, an "Affiliate"). Notwithstanding the foregoing specific statement of purposes, the Corporation shall have and may exercise all of the power of a California nonprofit public benefit corporation, but only in furtherance of the above purposes.

B. In addition to the foregoing purposes this Corporation is organized and operated primarily for charitable, scientific and educational purposes within the meaning of §501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of any future United States Internal Revenue Law) (the "IRC"), and within the meaning of § 214(a)(6) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC") and, in furtherance of these purposes, this Corporation may:

(1) Promote, support and engage in any and all educational, charitable and scientific programs which are now, or may hereafter be, established by any of the Affiliates.

(2) Support and foster the corporate purposes of, and aid, assist and confer benefits upon the Affiliates.

(3) Cooperate with the Affiliates in their respective efforts to promote quality service at reasonable rates.

(4) Promote cooperation and the exchange of knowledge and experience within the Verity Health System.

(5) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Public Benefit Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(6) Otherwise operate for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or (ii) by a corporation exempt from taxation under § 214 of the R&TC.

ARTICLE III

The property of this Corporation is irrevocably dedicated to charitable, educational, and scientific purposes meeting the requirements of § 214 of the R&TC and in Article II.B hereof. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors to such organization or organizations determined by the Board of Directors and

organized and operated exclusively for charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and meeting the requirements of § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE IV

These Articles shall be amended only upon approval by this Corporation's Board of Directors.

I hereby certify that the foregoing transcript of 27 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

BILL JONES, Secretary of State

RESTATED ARTICLES OF INCORPORATION OF DAUGHTERS OF CHARITY HEALTH SYSTEM

The undersigned certify that:

1. They are the Chairman of the Board and the Secretary, respectively, of Daughters of Charity Health System, a California nonprofit corporation.

2. The Articles of Incorporation of this corporation are amended and restated to read as follows:

"ARTICLES OF INCORPORATION OF DAUGHTERS OF CHARITY HEALTH SYSTEM

ARTICLE I

The name of this Corporation is: Daughters of Charity Health System.

ARTICLE II

A. This Corporation is a religious corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Religious Corporation Law primarily for religious purposes. More specifically, the purposes of this Corporation are to be faithful to the Gospel and to the Vincentian charism to serve Jesus Christ in the person of the sick poor, and thereby to support, benefit and further the religious, charitable, scientific and educational purposes of the Daughters of Charity of St. Vincent de Paul, Province of the West (the "Province"). In furtherance of the foregoing, this Corporation may do all of the following:

(1) Establish, acquire, develop, operate, lease, manage and maintain acute care hospitals and appurtenant facilities which hospitals and facilities shall be operated in adherence with the Ethical and Religious Directives for Catholic Health Facilities promulgated by the National Conference of Catholic Bishops.

(2) Promote and carry on scientific research related to the care of the sick and injured.

(3) Establish, manage and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served.

(4) Participate in any activity designed and carried on to promote the general health of the community.

(5) Make donations, transfer assets and provide other forms of aid and assistance to, for the benefit of, or in connection with the Province or any of its affiliates.

B. In addition to the foregoing purposes this Corporation is organized and operated primarily for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of any future United States Internal Revenue Law) (the "IRC"), and within the meaning of § 214(a)(6) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC") and, in furtherance of these purposes and consistent with the teachings of the Roman Catholic Church, this Corporation may:

(1) Serve in the housing, health care, social services and education ministries of the Roman Catholic Church and carry out its mission.

(2) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by the Corporate Member.

(3) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by the Province.

(4) Support and foster the corporate purposes of the Corporate Member, and aid, assist and confer benefits upon the Corporate Member and its affiliates.

(5) Cooperate with the Province sponsored health care institutions and membership institutions of Corporate Member in their respective efforts to promote quality service at reasonable rates.

(6) Promote cooperation and the exchange of knowledge and experience within the Daughters of Charity St. Vincent de Paul ministry.

(7) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Religious Corporation Law and as may be necessary or expedient for the

administration of the affairs and attainment of the purposes of this Corporation.

(8) Otherwise operate for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or (ii) by a corporation exempt from taxation under § 214 of the R&TC.

C. This Corporation is formed for the purpose of supporting the overall Daughters of Charity of St. Vincent de Paul mission of responding to the multiple needs of the poor particularly for housing, health and social services, primarily in the geographic region consisting of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Montana, Oregon, Utah, Washington and Wyoming. This Article is one of purpose and not of powers and nothing contained in this Article shall be construed as limiting powers conferred upon this Corporation by the California Nonprofit Religious Corporation Law.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be Daughters of Charity Ministry Services Corporation.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to religious, charitable, educational and scientific purposes meeting the requirements for exemption provided

by § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors (a) to the Daughters of Charity Ministry Services Corporation, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, or any successor thereto, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose (b) to the Province, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (c) to a nonprofit fund, foundation, entity or corporation approved by the Province that is organized and operated exclusively for religious, charitable, educational or scientific purposes, that has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC and that is operated in the United States for the benefit of the Province, or if for any reason it is unable to take such assets for such purposes, or if no such fund, foundation or corporation exists, or (d) to such organization or organizations determined by the Board of Directors and organized and operated exclusively for religious, charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and under § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

The name and address in the State of California of this corporation's initial agent for service of process is:

Sister Margaret Keaveney, D.C. Visitatrix
Daughters of Charity of St. Vincent de Paul
Province of the West
26000 Altamont Road
Los Altos Hills, CA 94022

ARTICLE VI

These Articles shall be amended only upon approval by this Corporation's Board of Directors and Corporate Member."

3. The foregoing amendment and restatement of Articles of Incorporation has been duly approved by the board of directors.
4. The foregoing amendment and restatement of Articles of Incorporation has been duly approved by the required vote of members.
5. This corporation has no assets.

We further declare under penalty of perjury under the laws of the State of California that the matters set forth in this certificate are true and correct of our own knowledge.

AMENDED AND RESTATED

BYLAWS OF

VERITY HEALTH SYSTEM OF CALIFORNIA, INC.

ARTICLE I

NAME

The name of this Corporation shall be as set forth in its Articles of Incorporation.

ARTICLE II

DEFINITIONS

Section 2.1 Definitions. These Bylaws contain the terms "Affiliate" and "Health System." These terms are also used in the bylaws of the entities comprising the Health System. For purposes of continuity, when used in these Bylaws, such terms shall be interpreted to give full effect to the intent of Article XI of these Bylaws.

A. Affiliate. The term "Affiliate" shall mean, individually, each organization that is controlled, directly or indirectly, by this Corporation or by another organization controlled by this Corporation. As used in this definition, "control" shall mean (a) the status of sole corporate member of an organization; or (b) the authority to appoint, elect or approve at least a majority of the governing body of an organization.

B. Effective Date. The "Effective Date" shall mean the date of adoption of these Bylaws.

C. Health System. "Health System" shall mean, collectively, this Corporation and its Affiliates.

D. Subsidiary. "Subsidiary" shall mean an Affiliate that is under the direct control of another Affiliate.

E. System Authority Matrix. "System Authority Matrix" shall mean the document as in effect from time to time which sets forth the respective responsibilities and authorities for Health System operations and decision making.

F. Other Capitalized Terms. Capitalized terms used in these Bylaws and not otherwise defined herein are used herein with the meanings given them in the California Nonprofit Corporation Law.

ARTICLE III

PURPOSES

Section 3.1 Purposes. The purposes of this Corporation are set out in its Articles of Incorporation as in effect from time to time.

ARTICLE IV

OFFICES AND SEAL

Section 4.1 Offices. The principal office for the transaction of the business of this Corporation shall be in the County of San Mateo, State of California. This Corporation may also have an office or offices within or without the State of California, as the Board of Directors may from time to time establish.

Section 4.2 Seal. This Corporation may have a common seal inscribed with the name of this Corporation.

ARTICLE V

BOARD OF DIRECTORS

Section 5.1 Powers. Subject to the provisions of this Corporation's Articles of Incorporation, these Bylaws, the System Authority Matrix, and the laws of the State of California, the activities and affairs of this Corporation shall be managed and conducted and all corporate powers shall be exercised by or under the direction of this Corporation's Board of Directors. To facilitate the management and conduct of this Corporation's activities and affairs, the Board of Directors shall establish corporate policies for, and formulate the basic rules and regulations governing the operation and management of, this Corporation. The Board of Directors may delegate the management and conduct of this Corporation's activities and affairs to any person or persons, management company, or committee however composed, provided that no delegation of authority by the Board of Directors to the President and Chief Executive Officer (as defined in Section 7.8 below), or anyone else, shall preclude the Board of Directors from exercising the authority required to meet its governance responsibility for the management and conduct of this Corporation's activities and affairs; and provided further that any delegation of powers of the Board may be made only to a committee of the Board consisting only of directors and shall be subject to the further limitations on Board committees set forth in Section 8.1 of these Bylaws. The Board of Directors shall retain the right to rescind any such delegation.

Section 5.2 Specific Authority of the Board of Directors. Without limiting the generality of the foregoing, the Board of Directors has the power and authority to take or approve the following actions, subject to the System Authority Matrix:

A. Approve or change the mission, role and/or purpose of this Corporation;

B. Amend, restate, or repeal the Bylaws and Articles of Incorporation of this Corporation;

C. Approve the merger, consolidation, reorganization, or dissolution of this Corporation and the disposition of the assets of this Corporation upon dissolution;

D. Fix the number and elect and remove the Directors of this Corporation;

E. Approve any amendment of the approval rights of the Corporation set forth in the System Authority Matrix;

F. Establish the overall debt limit governing the incurrence of debt and guaranties by this Corporation and its Affiliates and approve the incurrence of debt and guaranties of this Corporation or any of its Affiliates other than in accordance with such policies as in effect from time to time;

G. Approve the capital and operating budgets of this Corporation;

H. Establish the criteria for and approve the financial and strategic plans of the Corporation;

I. Approve the sale, transfer, substantial change in use of the assets of the Corporation to the extent required by the System Authority Matrix; and

J. Approve the formation by this Corporation of any new corporation or other legal entity, or its participation (excluding investment in publicly-traded securities) in any corporation or other entity as a shareholder, member, partner or joint venturer.

K. Approve the selection of the external audit firm for the Corporation and its Affiliates; and

L. Establish and appoint, and prescribe the duties and authorities of the audit, finance, and any other committee for the Health System that would substitute or supersede such committees of the governing bodies of the Affiliates to the extent allowed by applicable law.

Section 5.3 Specific Authority of the Corporation as Sole Corporate Member of Affiliates. The Board of Directors has the power and authority, in the name and on behalf of this Corporation, to take or approve the following actions with respect to its Affiliates, subject to the System Authority Matrix:

A. Approve the formation, merger, dissolution, consolidation, divestiture, closure, change in corporate membership or control and reorganization of each direct Affiliate of this Corporation;

B. Appoint and remove the chief executive officer and chairperson of the board of each of the Affiliates;

C. Approve the incurrence of debt and guaranties of any of its Affiliates other than in accordance with such policies as in effect from time to time;

D. Approve the sale, transfer, substantial change in use of the assets of any Affiliate to the extent required by the System Authority Matrix;

E. Approve any other action of this Corporation or any Affiliate controlled by this Corporation that has been established by resolution of the Board of Directors as requiring its approval, including but not limited to any approvals of authority necessary to ensure compliance with any credit agreement, master indenture or loan agreement to which this Corporation or any Affiliate controlled by this Corporation is a party.

Section 5.4 Board of Directors on the Effective Date. The Board of Directors on the Effective Date shall be those persons elected or appointed as specified in Section 2.1(a) of the System Restructuring and Support Agreement by and among Daughters of Charity Ministry Services Corporation, this Corporation, and Certain Funds Managed by BlueMountain Capital Management, LLC ("BMCM") dated July 17, 2015.

Section 5.5 Number and Qualification.

A. Generally. The Board of Directors shall consist of no less than five (5) members, as follows:

(1) BMCM shall have the right to appoint not more than twenty percent (20%) of the number of Directors constituting the Board of Directors at any time (each a "BM Director Appointee") during the period of time that its affiliate, Integrity Healthcare, LLC (the "Manager"), is providing management services to the Corporation pursuant to a management services agreement; and

(2) the remainder shall be persons nominated by the Nominating Committee as provided in Section 5.4 of these Bylaws and elected by the Board of Directors (the "At-Large Directors").

B. Qualifications.

(1) At-Large Directors recommended by the Nominating Committee shall be selected in a manner that meets any applicable requirements for the Corporation to maintain its tax-exempt status. Collectively, the At-Large Directors shall have the experience and expertise appropriate to fulfillment of their fiduciary duties as independent directors of a California nonprofit public benefit corporation. In the ordinary course, this means they will have experience in complex business operations and have had involvement in non-profit tax-exempt organizations. They will have exercised judgment in challenging business settings, and will have experience in working with teams in reaching goals. The At-Large Directors shall have demonstrated a willingness to commit support for the mission of the Corporation and training and experience in matters relevant to service as a member of the Board of Directors through:

(1) participation in community affairs or in the work of other charitable organizations;

(2) ability and willingness to contribute to the achievement of the purposes of the Corporation;

(3) awareness of the objectives of the Corporation as they relate to the health needs of the Corporation's service area; and

(4) such other criteria as may be recommended to the Nominating Committee by the Board of Directors.

(2) At-Large Directors shall not, either directly or indirectly, personally or through a family member, have any financial relationship with BMCM, or its owned or managed affiliates, and may not serve as an officer, director, contractor or employee of BMCM, any managed fund, or entity in which BMCM has an equity stake or option to purchase, except for public companies wherein BMCM has an interest of less than 10%.

C. Restriction on Interested Directors. Not more than forty-nine percent (49%) of the persons serving on the Board of Directors at any time may be interested persons. An interested person is (i) any person currently being compensated by this Corporation for services rendered to it within the previous twelve (12) months, whether as a full-time or part-time employee, independent contractor or otherwise, but excluding any reasonable compensation paid to a Director as Director; or (ii) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law or father-in-law of any such person. However, any violation of the provisions of this Section shall not affect the validity or enforceability of any transaction entered into by this Corporation.

Section 5.6 Nomination and Election of At-Large Directors. Candidates for At-Large Directors may be recommended by any member of the Board of Directors to the Nominating Committee, constituted in accordance with Section 8.7 of these Bylaws. Except as otherwise provided in this Section 5.6, and acting by the unanimous consent or vote of all of its members, the Nominating Committee shall nominate At-Large Director candidates to the Board of Directors and the Board of Directors shall elect the Directors of this Corporation at its annual meeting or at any other time designated by the Board of Directors. Notwithstanding the foregoing, if, after taking votes on two candidates for the same Director seat, the Nominating Committee does not vote unanimously for one of two initially considered candidates, then the affirmative vote needed to formally nominate a candidate to the Board of Directors may be by simple majority of the members of the Nominating Committee. The Nominating Committee shall notify the Board of Directors in writing of nominees at least ten (10) business days in advance of any regular or special meeting of the Board of Directors at which Directors are to be elected. At the next regular or special meeting of the Board of Directors, the Board of Directors shall either elect or reject as an At-Large Director any nominees provided by the Nominating Committee. If any Director positions remain unfilled, the nomination procedure shall be repeated and new names nominated in accordance with the procedures set forth in this Section, until all Director positions are filled.

Section 5.7 Term. Each appointed Director shall hold office for a term of one (1) year or such other period as the Board of Directors may set and until his or her successor is elected or appointed and qualified. Appointed Directors may be reappointed in accordance with Section 5.5(A) of these Bylaws.

Section 5.8 Removal and Filling of Vacancies. Any or all Directors may be removed from office, with or without cause, by the Board of Directors, except that the removal of a BM Director Appointee also requires the agreement of BMCM. The Board of Directors may declare vacant the office of a Director who has been removed, who has been declared of unsound mind by a final order of court or convicted of a felony, or who has been found, by a final order or judgment of any court, to be in breach of any duty owed to the Corporation under California law. In the event a Director shall be so removed or his or her office is declared vacant, a new Director to fill the unexpired term or terms of the Director who was removed or whose office was declared vacant may be appointed by the Board of Directors from nominees selected by the Nominating Committee, except that the vacant seat of a BM Director Appointee can only be filled by a new appointment by BMCM in accordance with Section 5.5(A) of these Bylaws. At all times the Board of Directors shall have not more than twenty percent (20%) of its members appointed by BMCM.

Section 5.9 Resignation. Any Director may resign at any time by delivering her or his resignation in writing to the Chairperson of the Board of Directors, or the Secretary or to the Board of Directors of the Corporation at its principal office; provided that, except upon notice by the Attorney General, no Director may resign if the Corporation would then be left without a duly elected Director or Directors in charge of its affairs. Such resignation shall be effective upon receipt unless specified to be effective at some other time.

Section 5.10 Compensation and Expenses. Directors may receive such reasonable compensation (within the meaning of Internal Revenue Code Section 4958), if any, for serving as Director, and advances or reimbursement for reasonable expenses, as may be fixed or determined by the Board of Directors. Directors may receive compensation from the Corporation for services rendered to it, subject to the restriction on interested Directors as set forth in Section 5.5(C).

Section 5.11 Self-Dealing Transactions. This Corporation shall not enter into self-dealing transactions. Except as provided in Section 5.11(A), for the purpose of this section, a self-dealing transaction means a transaction to which this corporation is a party and in which one or more of the members of its Board of Directors or officers has a material financial interest and which does not meet the requirements of Sections 5.11(B) or 5.11(C). Such a member of the Board of Directors is an "interested director" for the purpose of this section.

A. Exceptions. The provisions of this section do not apply to any of the following:

(1) An action of the Board of Directors fixing the compensation of a member of the Board of Directors as an officer of this corporation.

(2) A transaction which is part of a public or charitable program of this corporation if it (i) is approved or authorized by this corporation in good faith and without unjustified favoritism and (ii) results in a benefit to one or more members of the Board of Directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(3) A transaction, of which the interested director or directors have no actual knowledge, and which does not exceed the lesser of one percent of the gross receipts of this corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

B. Prior Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(1) This Corporation entered into the transaction for its own benefit;

(2) The transaction was fair and reasonable as to this Corporation at the time this Corporation entered into the transaction;

(3) Prior to consummating the transaction or any part thereof the Board of Directors authorized or approved the transaction in good faith by a vote of a majority of the members of the Board of Directors then in office without counting the vote of the interested director or directors, and with knowledge of the material facts concerning the transaction and the director's interest in the transaction. Interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction. Except as provided in Paragraph 5.11(C)(1), action by a committee of the Board of Directors shall not satisfy this paragraph; and

(4) Prior to authorizing or approving the transaction the Board of Directors considered and in good faith determined after reasonable investigation under the circumstances that this corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or (ii) this corporation in fact could not have obtained a more advantageous arrangement with reasonable effort under the circumstances.

C. Subsequent Board of Directors Approval. This corporation may enter into a self-dealing transaction if all of the following facts are established:

(1) A committee or person authorized by the Board of Directors approved the transaction in a manner consistent with the standards set forth in Section 5.11(B);

(2) It was not reasonably practicable to obtain approval of the Board of Directors prior to entering into the transaction; and

(3) The Board of Directors, after determining in good faith that the conditions of subparagraphs (1) and (2) of this Section were satisfied, ratified the transaction at its next meeting by a vote of the majority of the members of the Board of Directors then in office without counting the vote of the interested director or directors. Interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction.

ARTICLE VI

MEETINGS OF THE BOARD OF DIRECTORS

Section 6.1 Place of Meeting. All meetings of the Board of Directors shall be held at the principal office of this Corporation or at such other place as may be designated for that purpose in the notice of the meeting or, if not stated in the notice or there is no notice, at such place as may be set by resolution of the Board.

Section 6.2 Meetings by Telephone or Electronic Communication. Directors may participate in any meeting of the Board of Directors, regular or special, through the use of conference telephone, electronic video screen communication, or electronic transmission by and to the Corporation. Participation in a meeting through conference telephone or electronic video screen communication constitutes presence in person at that meeting so long as all members participating are able to hear one another. Participation in a meeting through electronic transmission other than telephone conference or electronic video transmission constitutes presence at that meeting so long as both of the following apply: (A) each member participating in the meeting can communicate with all of the other members concurrently; (B) each member is provided the means of participating in all matters before the Board of Directors, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the Corporation.

Section 6.3 Annual Meetings. The Board of Directors shall hold an annual meeting for the purpose of organizing the Board, the election of officers, and the transaction of such other business as may come before the meeting. The annual meeting shall be held at such time as the Board may fix by resolution from time to time. No notice of the annual meeting of the Board of Directors need be given.

Section 6.4 Regular Meetings. Regular meetings of the Board of Directors shall be held at such time as the Board may fix by resolution from time to time. No notice of any regular meeting of the Board of Directors need be given.

Section 6.5 Special Meetings. Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the Chairperson of the Board or by two (2) or more Directors of this Corporation.

Section 6.6 Notice of Special Meetings. Notice of the time and place of special meetings shall be communicated personally or by telephone to each Director or sent to each Director by mail or other form of written communication, addressed to him or her at his or her

address as it is shown on the records of this Corporation. Such notice, if mailed, shall be mailed at least seventy-two (72) hours prior to the time of the meeting, or if delivered personally, telephonically or telegraphically or by e-mail, shall be received at least forty-eight (48) hours prior to the time of the meeting.

Section 6.7 Waiver of Notice. Notice of a meeting need not be given to any Director who signs a waiver of notice or a written consent to hold the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 6.8 Quorum. At all meetings of the Board of Directors, a majority of the then serving Directors, but not less than two (2), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of the Directors present, whether or not a quorum, may adjourn any Directors' meeting to another time and place. The act of a majority of the Directors present at any time at which there is a quorum shall be the act of the Board of Directors, unless a greater number is required by law. Notwithstanding the previous provisions of this Section, the Directors present at a meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

Section 6.9 Action Without Meeting. Any action required or permitted to be taken by the Board of Directors under any provision of law, the Articles of Incorporation or these Bylaws may be taken without a meeting if all of the Directors individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the Board. Such action by written consent shall have the same force and effect as the unanimous vote of such Directors. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Board without a meeting shall state that the action was taken by written consent of the Board of Directors without a meeting and that the Bylaws of the Corporation authorize its Directors to so act.

Section 6.10 Prohibition Against Voting by Proxy. Directors may not vote by proxy.

ARTICLE VII

CORPORATE OFFICERS

Section 7.1 Officers.

A. The officers of this Corporation shall include a Chief Executive Officer and President ("CEO"), Chairperson of the Board, Vice Chairperson of the Board, Chief Financial Officer ("CFO"), and a Secretary, all of whom shall be selected in accordance with the provisions of this Article VII. Any number of such offices may be held by the same person, but neither the Chairperson of the Board nor the President/CEO may serve concurrently as the Secretary or CFO of this Corporation. In the event that the Board

creates the offices of "Chief Operating Officer", and/or "Chief Operating Officer and President" the duties of "President" as distinct from the duties of the "Chief Executive Officer" shall be determined by the Chief Executive Officer and ratified by the Board.

B. Except as otherwise set forth in these Bylaws, the officers of this Corporation shall be chosen annually by the Board of Directors and shall hold office until his or her resignation or removal by the Board of Directors or, in the case of the President/CEO and Chief Financial Officer, by the Manager (during any time that the Management Agreement is in effect), other disqualification to serve, or until his or her successor shall be elected and qualified. Notwithstanding any provision to the contrary in these Bylaws, as long as the Management Agreement remains in effect and has not terminated or expired, the Manager (as defined in the Management Agreement) will be obligated to provide an acceptable President/CEO and Chief Financial Officer, all as set forth under the terms and conditions of the Management Agreement, and will have the right to terminate or remove the Chief Executive Officer and President and Chief Financial Officer, without the approval of the Board of Directors. In the event the Manager terminates the President/CEO or Chief Financial Officer, the Manager shall be required to provide a replacement of such officer to be approved by the Board of Directors. The Board of Directors shall have the right to require Manager to replace the President/CEO or Chief Financial Officer if the Board of Directors determines, in its sole judgment, that the President/CEO or Chief Financial Officer is unacceptable.

C. The Board of Directors may appoint such other officers from among the members of the Board of Directors, such as one or more assistant secretaries or treasurers, as the business of this Corporation may require, each of whom shall hold office for such period, have such authority and perform such duties as are provided in these Bylaws or as the Board of Directors from time to time may authorize.

Section 7.2 Removal of Officers. Subject to any consultation or approval requirements under the System Authority Matrix, any officer may be removed, with or without cause, by a majority of Directors then in office, at any regular or special meeting of the Board, except that if an employment agreement is in effect for any officer, its terms shall govern the removal of the officer. Should a vacancy occur in any office as a result of death, resignation, removal, disqualification or any other cause, the Board of Directors may delegate the powers and duties of such office, except as otherwise provided in these Bylaws, to any officer or to any Director until such time as a successor for such office has been elected or appointed. Any officer shall be automatically removed as such an officer upon his or her removal as a Director in accordance with the provisions of Section 5.6 of these Bylaws.

Section 7.3 Chairperson of the Board. The Chairperson of the Board shall be elected from among the Directors and shall have the powers and duties usually associated with such office. The Chairperson of the Board shall preside over meetings of the Board of Directors, supervise activities of the Board, and serve as an ex-officio voting member of all Board committees.

Section 7.4 Vice Chairperson of the Board. The Vice Chairperson of the Board shall be elected from among the Directors and, in the absence or disability of the Chairperson of the

Board, shall perform all duties of the Chairperson of the Board and, when so acting, shall have all powers of and be subject to all restrictions upon the Chairperson of the Board. In the absence of both the Chairperson of the Board and the Vice Chairperson of the Board, the Board shall select one of its members, other than the Secretary or Treasurer, to act as Chairperson of the Board.

Section 7.5 Secretary. The Secretary shall be elected from among the Directors and shall keep or cause to be kept at the principal office or at such other place as the Board of Directors may determine, a book of minutes of all meetings of the Directors, whether annual, regular or special, with the time and place of the meeting, the notice given, the names of those present at the meeting, the proceedings thereat and, if a special meeting, how it was authorized. The Secretary shall give or cause to be given notice of all meetings of the Board of Directors required by these Bylaws or by law. He or she shall keep the corporate seal in safe custody and shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws.

Section 7.6 Treasurer. The Treasurer shall be elected from among the Directors and shall have the powers and duties usually associated with such office, subject to limitation or extension by the Board of Directors. The Treasurer shall keep and maintain or cause to be kept and maintained adequate and correct accounts of the properties and business transactions of this Corporation, including accounts of its assets, liabilities, receipts, disbursements, gains and losses. The books of account shall at all times be open to inspection by any Director. The Treasurer shall submit or cause to be submitted to the Board of Directors annual statements of receipts and expenditures.

Section 7.7 President and Chief Executive Officer. The President and the Chief Executive Officer shall be the chief executive officer of this Corporation, shall serve as a member of the Corporation's executive team, and shall be an employee of the Corporation, except that during any period that the Management Agreement is in effect he or she shall be an employee of the manager thereunder. Subject to the powers of the Manager (during any time that the Management Agreement is in effect), the President/CEO shall be appointed by and subject to the removal of the Board of Directors. He or she shall report to and be accountable to the Manager (during any time that the Management Agreement is in effect), and report to, be accountable to and subject at all times to the ultimate supervision and authority of the Corporation's Board of Directors, shall have general supervision, direction and control of the business and non-Director officers of this Corporation and shall be held responsible for the proper functioning and management of this Corporation. The President and Chief Executive Officer shall possess the degree of education and experience appropriate to the proper discharge of these responsibilities and, if a management or employment agreement may be in effect, meet all of the requirements set forth in the management or employment agreement. The Board of Directors shall initiate and conduct periodic performance reviews of the President and Chief Executive Officer. Subject to the direction of the Manager (during any time that the Management Agreement is in effect) and the ultimate supervision and control of this Corporation's Board of Directors, the President and Chief Executive Officer shall organize the administrative functions of this Corporation, delegate duties and establish formal means of accountability on the part of his or her subordinate officers. The President and Chief Executive Officer may be an ex-officio voting member of all Advisory Committees, if so determined by the

Board of Directors. He or she shall have the general powers and duties of management usually vested in the chief executive officer under the California Nonprofit Public Benefit Corporation Law and shall have other powers and duties as may be prescribed by this Corporation's Board of Directors, these Bylaws, and the System Authority Matrix.

These powers and duties shall include, but not be limited to, the following:

A. to support and assist this Corporation in furtherance of its charitable purposes, consistent with the established philosophy and mission of the Health System;

B. to direct and implement the goals, policies and programs established for the Health System;

C. to promote a high standard of quality of care provided by the Health System through setting goals and objectives for quality improvement;

D. to act as the representative of this Corporation to the public as well as to governmental and voluntary organizations;

E. to make policy proposals to the Board of Directors and the Corporation's executives;

F. to assume responsibility for strategic planning, financial planning, physical facilities, site development and program planning to meet the health needs of the community;

G. to report to the Board of Directors and the Corporation's executives on the performance of this Corporation as well as on appropriate federal, state and local developments that affect health care therein;

H. to attend all meetings of the Board of Directors and committees thereof, except as otherwise determined by the Board of Directors;

I. to serve on such Advisory Board committees as determined by the Board of Directors;

J. to assure proper day-to-day administration of this Corporation;

K. to prepare an annual budget and periodically report to the Board of Directors and to the Corporation's executives on this Corporation's financial affairs and condition;

L. in consultation with the Board of Directors, to appoint each Vice President of the Corporation, to set the terms and conditions of employment of the Vice Presidents and to evaluate their performance periodically, to assure the proper selection, employment, control and discharge of employees of the Corporation and the executives and officers of the Affiliates and Subsidiaries, and the development and maintenance of this Corporation's written personnel policies and practices;

M. to assure proper maintenance and to keep the physical properties of this Corporation in a good state of repair; and

N. to assure proper business management of this Corporation so that funds are collected and expended in keeping with sound business practice and with charity.

Section 7.8 Chief Financial Officer. The Chief Financial Officer shall, in coordination with the Treasurer, and according to the direction of the Board of Directors and the President/CEO, keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, and fund balance. The books of account shall at all reasonable times be open to inspection by any Director. The Chief Financial Officer shall deposit all monies and other valuables in the name and to the credit of the Corporation with such depositaries as may be designated by the Board of Directors. He or she shall disburse the funds of the Corporation as may be ordered by the Board of Directors, shall render to the President and Chief Executive Officer, or the Directors whenever they request it, an account of all transactions as Chief Financial Officer and of the financial condition of the Corporation, and shall have other powers and perform such other duties as may be prescribed by the Board of Directors or the Bylaws. Subject to the powers of the Manager (during any time that the Management Agreement is in effect), the Chief Financial Officer shall be appointed by and shall be subject to removal by the Board of Directors of the Corporation with the concurrence of the President and Chief Executive Officer of the Corporation. He or she shall report to and be accountable to the Board of Directors of this Corporation, the President and Chief Executive Officer, and the Manager (during any time that the Management Agreement is in effect).

Section 7.9 Reporting Relationship of Certain Corporate Officers to the Board of Directors. Persons serving from time to time in the positions of Corporate Responsibility Officer and Vice President and General Counsel shall report to and be accountable to the Board of Directors and the President and Chief Executive Officer and each of them shall be entitled to confidential access to the Chairperson and other members of the Board of Directors as necessary or advisable to carry out such person's duties in such position.

Section 7.10 Resignation. Any officer may resign at any time by giving written notice to the Corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation is without prejudice to the rights, if any, of the Corporation under any contract to which the officer is a party.

Section 7.11 Vacancies. A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these Bylaws for regular appointments to that office.

ARTICLE VIII

COMMITTEES

Section 8.1 Generally.

A. The Board of Directors may by resolution establish (1) Committees of the Board which shall have legal authority to act for this Corporation and, as determined by the Board of Directors, the Health System, and (2) Advisory Committees. Committees may be either standing or special. Members of all committees shall serve at the pleasure of the Board. Any Committee of the Board which shall have legal authority to act for this Corporation, to the extent provided in a resolution of the Board, shall have all authority of the Board, except with respect to:

(1) The approval of any action for which the California Nonprofit Public Benefit Corporation Law or these Bylaws also require approval of a majority of this Corporation's Board of Directors;

(2) The filling of vacancies on the Board of Directors or on any committee that has the authority of the Board;

(3) The amendment or repeal of any resolution of the Board of Directors that by its express terms is not so amendable or repealable;

(4) The appointment of other committees or members thereof;

(5) The approval of any self-dealing transaction, except as provided in Section 5233(d)(3) of the California Nonprofit Public Benefit Corporation Law;

(6) Any decision with respect to the retention or termination of the Chief Executive Officer, approval or amendment of any operating or capital budget, approval of the annual audit, amendment of these Bylaws, any unbudgeted capital expenditure, or any decision with respect to the acquisition, divestiture, sale or other disposition of Corporation's assets, or the creation of any new Corporation liabilities, or the exercise of any reserved power held by the Corporation with respect to any of the Affiliates.

B. The Board of Directors shall have the power to prescribe the manner in which proceedings of any committee shall be conducted. In the absence of any such prescription, such committee shall have the power to prescribe the manner in which its proceedings shall be conducted. Unless these Bylaws, the Board or such committee shall otherwise provide, the regular and special meetings and other actions of any committee shall be governed by the provisions of Article VII of these Bylaws. Each committee shall keep minutes of its proceedings and shall report the same to the Board from time to time, as the Board of Directors may require. The Board of Directors shall review the charter of each committee governed by a charter at least once every two years.

Section 8.2 Committees of the Board. Only Directors may be appointed as voting members of Committees of the Board. Each Committee of the Board shall consist of five (5) or more Directors, with at least one (1) member of each Committee being a BM Director Appointee. The Chairperson and members of Committees of the Board shall be appointed by the Board of Directors. The Board may designate one or more Directors as alternate members of any such committee, who may replace any absent member at any meeting of the committee.

Section 8.3 Advisory Committees. Advisory Committees may consist of two or more persons and may consist of Directors only, Directors and non-Directors, or non-Directors only, and may include non-voting members and alternate members. The Chairperson and members of Advisory Committees shall be appointed by the Chairperson of the Board or the Board of Directors. Advisory Committees shall have no legal authority to act for this Corporation.

Section 8.4 Executive Committee.

A. There may be an Executive Committee which, if established, shall consist of such members of the Board of Directors as the Board may designate, and shall include at least one BM Director Appointee. The Chairperson of the Executive Committee shall be the person then serving as Chairperson of the Board. The Executive Committee shall have authority to act for this Corporation, subject to the provisions of Section 8.1(A) of these Bylaws, as to those matters which may arise and cannot be handled in the ordinary course of regular or special meetings of the Board of Directors.

B. The establishment of an Executive Committee and the delegation of authority to it shall not operate to relieve the Board of Directors or any individual Director of any responsibility imposed on it or him or her by law, by the Articles of Incorporation of this Corporation or these Bylaws.

C. The Executive Committee shall meet at such times as it deems necessary, provided that reasonable notice of all meetings of the Executive Committee shall be given to its members and no act of the Executive Committee shall be valid unless approved by the vote of a majority, or by the unanimous written consent, of its members.

Section 8.5 Audit Committee. In a fiscal year in which the Corporation's gross revenue is $2,000,000 or more, the Corporation shall appoint an audit committee (the "Audit Committee"), shall hire an independent auditor, and shall have such auditor prepare an audited financial statement. Such $2,000,000 threshold excludes grants received from and contracts and services with government entities for which the governmental entity requires an accounting of funds received.

A. Members. The Audit Committee may include non-Board members, but it may not include any members of the staff, the President/CEO, or the CFO. If the Corporation has a Finance Committee, it shall be separate from the Audit Committee. The Audit Committee may include members of the Finance Committee, but such overlapping members shall constitute less than half of the Audit Committee and the chairperson of the Audit Committee may not be a member of the Finance Committee. Any person who has any material financial interest in any entity doing business with the

Corporation may not serve on the Audit Committee. Each member of the Audit Committee shall serve as such until such member's successor shall be appointed by the Board of Directors. In the event that any member of the Audit Committee shall resign or cease to be a Director of the Corporation, the vacancy thus caused shall be filled by the Board. The Audit Committee shall be an Advisory Committee and shall operate in accordance with this Section 8.5 and the charter adopted by the Board of Directors as in effect from time to time. The Audit Committee shall consist of not fewer than three members, all of whom shall be or shall be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. The Audit Committee shall meet at least quarterly, and shall meet at least annually with the outside auditor or auditors of the Corporation in the absence of all members who are employees of the Corporation or any Affiliate controlled by the Corporation.

B. Duties of the Audit Committee. Subject to the supervision of the Board, the Audit Committee shall exercise the following powers, responsibilities, and duties:

(1) To make recommendations to the Board regarding the appointment, retention, and termination of the independent auditor for the corporation and the Affiliates;

(2) To negotiate the auditor's compensation;

(3) To confer with the auditor to satisfy its members that the financial affairs of the corporation and the Affiliates are in order;

(4) To review the audit and decide whether to accept it; and

(5) To assure that any non-audit services performed by the auditor conform to the applicable independent standards and to approve such nonaudit services.

C. Compensation. Members of the Audit Committee shall receive compensation, if any, in an amount no greater than compensation received by members of other committees for services on the Board of Directors. An Audit Committee member may be reimbursed for reasonable expenses incurred in attending such meetings.

D. Control by the Board. The Audit Committee shall be subject at all times to the control of the Board, which shall have the power to revise or alter any action taken by the Audit Committee; provided, however, that no rights of third parties shall be affected thereby.

Section 8.6 Financial Statements Must Be Made Available. If the Corporation prepares an audited financial statement (either in accordance with Section 8.5 above or otherwise), such audited financial statement shall be made available for inspection by the California Attorney General and by all members of the public no later than nine months after the close of the relevant fiscal year in the same manner as the corporation's Internal Revenue

Service Form 990. Each annual financial statement shall be made available to the public for three years.

Section 8.7 Nominating Committee. The Nominating Committee shall be a standing advisory committee and shall be composed of five (5) Directors appointed by the Chairperson, including one BM Director Appointee. The Nominating Committee shall have the authority and responsibility to:

A. Recruit, screen, and evaluate candidates for Directors of this Corporation and other entities in which the Corporation has the right or power to appoint directors or managers and shall solicit recommendations and input from all Directors, BlueMountain Capital Management, LLC, and Manager for nominees to the Board of Directors;

B. Nominate Director nominees to the Board of Directors, and of other entities for which this Corporation has the right to appoint directors or managers; and

C. Perform such other functions as may be assigned to it by the Board of Directors.

Section 8.8 Executive Compensation Review and Approval. During any period that the President/CEO and CFO are employed by the Corporation, rather than the Manager, the Board, or any authorized Committee of the Board, shall review and approve the compensation, including benefits, of the President/CEO and the CFO to ensure that each such officer's compensation is just and reasonable. Such review and approval shall occur when the officer is initially hired, whenever the officer's term of employment is renewed or extended, and when the officer's compensation is modified, unless such modification applies to substantially all employees.

Section 8.9 Term of Office. The Chairperson and each member of a standing committee shall serve until the next election of Directors and until his or her successor is appointed or until such committee is sooner terminated or until he or she is removed, resigns or otherwise ceases to qualify as a member of the committee. The Chairperson and each member of a special committee shall serve for the life of the committee unless they are sooner removed, resign or cease to qualify as members of such committee.

Section 8.10 Vacancies. Vacancies on any committee may be filled for the unexpired portion of the term in the same manner as provided in the case of original appointments.

Section 8.11 Quorum. At all committee meetings, a majority of committee members then serving, but not less than three (3), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of committee members present, whether or not a quorum, may adjourn any committee meeting to another time and place. The act of a majority of the committee members present at a meeting at which there is a quorum shall be the act of the committee. Notwithstanding previous provisions of this Section, the committee members present at a meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of committee members, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

ARTICLE IX

GENERAL PROVISIONS

Section 9.1 Voting Interests. The Corporation may vote any and all shares held by it in any other corporation and may exercise any and all membership rights held by it in any other corporation. Such action shall be undertaken or evidenced on behalf of this Corporation by such officer, agent or proxy as the Board of Directors may appoint or, in default of any such appointment, by the Chairperson of the Board or by an officer who is also a Director and, in such case, such person may likewise appoint a proxy to vote shares.

Section 9.2 Checks, Drafts, Etc. All checks, drafts or other orders for payment of money, notes or other evidences of indebtedness issued in the name of or payable to this Corporation and any and all securities owned or held by this Corporation requiring signature for transfer shall be signed or endorsed by such person or persons and in such manner as from time to time shall be determined by the Board of Directors.

Section 9.3 Execution of Contracts. Except as otherwise provided in these Bylaws, the Board of Directors may authorize any officer or officers, agent or agents to enter into any contract or execute any instrument in the name of and on behalf of this Corporation and such authority may be general or confined to specific instances. Unless so authorized by the Board of Directors or by the System Authority Matrix, no officer, agent or employee shall have any power or authority to bind this Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or in any amount.

Section 9.4 Inspection of Corporate Records. The accounting books and records of this Corporation and the minutes of proceedings of this Corporation's Board of Directors and Committees shall be open to inspection upon the written request of any Director at any reasonable time and for any purpose reasonably related to the interests of the Director. Such inspection may be made in person or by an agent or attorney.

Section 9.5 Annual Report. The Board of Directors shall cause an annual report to be sent to each Director of this Corporation no later than one hundred twenty (120) days after the close of this Corporation's fiscal or calendar year. Such annual report shall be prepared in conformity with requirements of the California Nonprofit Public Benefit Corporation Law.

Section 9.6 Dissolution. The property and assets of this Corporation are irrevocably dedicated to charitable, educational and scientific purposes. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with the dissolution provisions set forth in this Corporation's Articles of Incorporation.

Section 9.7 Fiscal Year. The fiscal year of this Corporation shall begin on the first day of July each year and end on June 30th of the following year.

Section 9.8 Review of Bylaws. At least once every two (2) years, the Board of Directors shall review these Bylaws and recommend changes.

ARTICLE X

INDEMNIFICATION AND INSURANCE

Section 10.1 Indemnification. To the full extent permitted by law and in the manner provided by law, this Corporation may, and if the law requires it shall, indemnify against liability and hold harmless any person who was or is a party to or is threatened to be a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a Director, officer, employee or agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise. The foregoing rights of indemnification shall not be deemed to be exclusive of any other rights to which such person may be entitled under applicable law, and shall continue as to a person who has ceased to be a Director, officer, employee, or agent of this Corporation and shall inure to the benefit of the estate, executors, administrators, heirs, legatees or devisees of any such person to the extent such action, suit or proceeding survives the death of such person.

Section 10.2 Payment of Expenses. This Corporation may pay expenses, including attorneys' fees, incurred in defending any action, suit or proceeding referred to in this Article in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case and as permitted by law.

Section 10.3 Insurance. This Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise, against any claim or liability asserted against such person and incurred in any such capacity, or arising out of such person's status as such, whether or not this Corporation would be required or would have the power to indemnify such person against such liability under this Article or otherwise.

ARTICLE XI

MAINTAINING A UNIFIED HEALTH SYSTEM

Section 11.1 Generally. In order to establish the relationships among organizations in the Health System which are necessary to maintain a unified system, this Corporation shall require that the governing document or documents of any entity of which this Corporation is the sole corporate member or controlling organization contain the following:

A. Provisions which reserve to this Corporation the powers over such entity, as may be required by applicable Health System policies;

B. Provisions which reserve to such entity powers over organizations it controls, as may be required by applicable Health System policies; and

C. Provisions which require such entity to require that the governing document or documents of organizations it controls contain a provision which reserves to this Corporation, the powers set forth in these Bylaws, the governing document or documents of such entity or applicable Health System policies (including the System Authority Matrix). The term "governing document or documents," is used in this Article as a generic form to describe the organizational documents by which an entity is legally formed in a particular state and includes, but is not limited to, articles of incorporation, bylaws, governing resolutions, articles of partnership, joint venture agreements, and any other document which creates or governs the organization or entity.

Section 11.2 Exercise of Reserved Powers. All action by this Corporation as the corporate member or controlling entity of an Affiliate shall be by this Corporation's Board of Directors.

ARTICLE XII

GENDER AND NUMBER

Words used herein regardless of the number and gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context requires.

ARTICLE XIII

AMENDMENTS

These Bylaws or any part thereof may be amended or repealed or new Bylaws may be adopted by the affirmative vote of a majority of the Directors then in office.

Exhibit A

AMENDED AND RESTATED

ARTICLES OF INCORPORATION

ARTICLE I

The name of this Corporation is "SETON MEDICAL CENTER".

ARTICLE II

A. This Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law of the State of California for public and charitable purposes. In furtherance of the foregoing, this Corporation may do all of the following: (1) establish, acquire, develop, operate, lease, manage, and maintain acute care hospitals and appurtenant facilities; (2) promote and carry on scientific research related to the delivery of health care services; (3) establish, manage, and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served; (4) participate in any activity designed and carried on to promote the general health of the community; and (5) make donations, transfer assets, and provide other forms of aid and assistance to, for the benefit of, or in connection with Verity Health System of California, Inc., a California nonprofit public benefit corporation ("Verity") or any of its affiliates. Notwithstanding the foregoing specific statement of purposes, the Corporation shall have and may exercise all of the power of a California nonprofit public benefit corporation, but only in furtherance of the above purposes.

B. In addition to the foregoing purposes, this Corporation is organized and operated primarily for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of any future United States Internal Revenue Law) (the "IRC"), and for scientific and charitable and educational purposes within the meaning of § 214(a)(15) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC"). In furtherance of these purposes, this Corporation may:

(1) Support and foster the corporate purposes of Verity, and aid, assist and confer benefits upon Verity and its affiliates.

(2) Cooperate with health care institutions and membership institutions of Verity in their respective efforts to promote quality service at reasonable rates;

(3) Promote cooperation and the exchange of knowledge and experience within the health system established and operated by Verity;

(4) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Public

Benefit Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(5) Otherwise operate for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part, of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or ii) by a corporation exempt from taxation under § 214 of the R&TC.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be Verity.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to charitable, educational and scientific purposes meeting the requirements of § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors to: (a) the Corporate Member, if it is organized and operated exclusively for public and charitable purposes and has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or if for any reason it is unable to take such assets for such purpose; (b) such organization or organizations determined by the Board of Directors and organized and operated exclusively for charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the

R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and meeting the requirements of § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

These Articles shall be amended only upon approval by this Corporation's Board of Directors and the Corporate Member.

I hereby certify that the foregoing transcript of 2 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

BILL JONES, Secretary of State

ARTICLE I

The name of this Corporation is: Seton Medical Center.

ARTICLE II

A. This Corporation is a religious corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Religious Corporation Law primarily for religious purposes. More specifically, the purposes of this Corporation are to be faithful to the Gospel and to the Vincentian charism to serve Jesus Christ in the person of the sick poor, and thereby to support, benefit and further the religious, charitable, scientific and educational purposes of the Daughters of Charity of St. Vincent de Paul, Province of the West (the "Province"). In furtherance of the foregoing, this Corporation may do all of the following:

(1) Establish, acquire, develop, operate, lease, manage and maintain acute care hospitals and appurtenant facilities which hospitals and facilities shall be operated in adherence with the Ethical and Religious Directives for Catholic Health Facilities promulgated by the National Conference of Catholic Bishops.

(2) Promote and carry on scientific research related to the care of the sick and injured.

(3) Establish, manage and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served.

(4) Participate in any activity designed and carried on to promote the general health of the community.

(5) Make donations, transfer assets and provide other forms of aid and assistance to, for the benefit of, or in connection with DCHS, the Province or any of their respective affiliates.

B. In addition to the foregoing purposes this Corporation is organized and operated primarily for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of

any future United States Internal Revenue Law) (the "IRC"), and within the meaning of § 214(a)(6) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC") and, in furtherance of these purposes and consistent with the teachings of the Roman Catholic Church, this Corporation may:

(1) Serve in the housing, health care, social services and education ministries of the Roman Catholic Church and carry out its mission.

(2) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by DCHS.

(3) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by the Province.

(4) Support and foster the corporate purposes of Daughters of Charity Health System ("DCHS"), a California nonprofit religious corporation, and aid, assist and confer benefits upon DCHS and its affiliates.

(5) Cooperate with the Province sponsored health care institutions and membership institutions of DCHS in their respective efforts to promote quality service at reasonable rates.

(6) Promote cooperation and the exchange of knowledge and experience within the Daughters of Charity St. Vincent de Paul ministry.

(7) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Religious Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(8) Otherwise operate for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or (ii) by a corporation exempt from taxation under § 214 of the R&TC.

C. This Corporation is formed for the purpose of supporting the overall Daughters of Charity of St. Vincent de Paul mission of responding to the multiple needs of the poor particularly for housing, health and social services, primarily in the geographic region consisting of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Montana, Oregon, Utah, Washington and Wyoming. This Article is one of purpose and not of powers and nothing contained in this Article shall be construed as limiting powers conferred upon this Corporation by the California Nonprofit Religious Corporation Law.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be DCHS.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to religious, charitable, educational and scientific purposes meeting the requirements for exemption provided by § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors (a) to DCHS, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (b) to the Daughters of Charity Ministry Services Corporation, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, or any successor thereto, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose (c) to the Province, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt

status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (d) to a nonprofit fund, foundation, entity or corporation approved by the Province that is organized and operated exclusively for religious, charitable, educational or scientific purposes, that has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC and that is operated in the United States for the benefit of the Province, or if for any reason it is unable to take such assets for such purposes, or if no such fund; foundation or corporation exists, (e) to such organization or organizations determined by the Board of Directors and organized and operated exclusively for religious, charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and under § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

The name and address in the State of California of this corporation's initial agent for service of process is:

Bernadette Smith
Seton Medical Center
1900 Sullivan Street
Daly City, CA 94015

ARTICLE VI

These Articles shall be amended only upon approval by this Corporation's Board of Directors and Corporate Member.

BYLAWS OF

SETON MEDICAL CENTER

ARTICLE I

NAME

The name of this Corporation shall be as set forth in its Articles of Incorporation.

ARTICLE II

DEFINITIONS

Section 1. Definitions. These Bylaws contain the terms "Affiliate" and "Health System." These terms are also used in the bylaws of other entities comprising the Health System. For purposes of continuity, when used in these Bylaws, such terms shall be interpreted to give full effect to the intent of Article XIII of these Bylaws.

(a) Affiliate. The term "Affiliate" shall mean, individually, each organization that is controlled, directly or indirectly, by Verity Health System of California, Inc., a California nonprofit public benefit corporation ("Verity"), or by another organization controlled by Verity. As used in this definition, "control" shall mean (a) the status of sole corporate member of an organization; or (b) the authority to appoint, elect or approve at least a majority of the governing body of an organization.

(b) Corporate Member. The term "Corporate Member" shall mean Verity.

(c) Corporation. The term "Corporation" shall mean Seton Medical Center.

(d) Health System. The term "Health System" shall mean, collectively, Verity, this Corporation and the Affiliates of Verity.

(e) Subsidiary. "Subsidiary" shall mean an Affiliate that is under the direct control of another Affiliate.

(f) System Authority Matrix. The term "System Authority Matrix" shall mean the document as in effect from time to time which sets forth the respective responsibilities and authorities for Health System operations and decision making.

Section 2. Other Capitalized Terms. Capitalized terms used in these Bylaws and not otherwise defined herein are used herein with the meanings given them in the California Nonprofit Corporation Law.

ARTICLE III

PURPOSES

Section 1. Purposes. The purposes of this Corporation are set out in its Articles of Incorporation as in effect from time to time.

ARTICLE IV

OFFICES AND SEAL

Section 1. Principal Office. The principal office of this Corporation shall be in the County of San Mateo, State of California.

Section 2. Seal. This Corporation may have a common seal inscribed with the name of this Corporation.

ARTICLE V

CORPORATE MEMBERSHIP

Section 1. Corporate Membership. The sole member of this Corporation is Verity, acting through its Board of Directors or otherwise as provided in Article XIII, Section 2 of these Bylaws or the California Nonprofit Corporation Law.

Section 2. Rights and Powers of the Corporate Member. As the sole member of this Corporation under the California Nonprofit Corporation Law, the Corporate Member has all corresponding statutory rights and powers of membership. In addition, the Corporate Member has the power (which are termed the "Reserved Powers" of the Corporate Member) to take or approve the following actions:

(a) Approve or change the mission, role and purpose of this Corporation;

(b) Amend the Bylaws and Articles of Incorporation of this Corporation;

(c) Authorize the Board of Directors to amend the bylaws, articles of incorporation or other organizational documents of any Affiliate;

(d) Approve the formation, merger, dissolution, consolidation, divestiture, closure, change in corporate membership or control and reorganization of each direct Affiliate of this Corporation;

(e) Fix the number and appoint and remove the Directors of this Corporation;

(f) Appoint and remove the Chairperson of the Board and the President and Chief Executive Officer of this Corporation and of each direct Affiliate or Subsidiary of this Corporation;

(g) Approve the merger, consolidation, reorganization or dissolution of this Corporation and the disposition of the assets of this Corporation upon dissolution;

(h) Approve the acquisition, sale, lease, mortgage, transfer or other alienation of real or personal property of this Corporation other than in accordance with the System Authority Matrix;

(i) Approve the capital and operating budgets of this Corporation or of any Affiliate controlled by this Corporation;

(j) Approve the incurrence of debt or guaranties of this Corporation other than in accordance with the System Authority Matrix;

(k) Establish policy concerning quality of care and services for the Corporation and to approve any such policies of this Corporation that are inconsistent with the System Authority Matrix;

(l) Establish policy and procedures concerning finance and resources for the Corporation and to approve any such policies or procedures that are inconsistent with such policies or procedures;

(m) Establish criteria for the long-range financial and strategic plans of the Corporation and to approve any such plans;

(n) Establish an internal auditing program and approve any material element of the internal auditing program for this Corporation that is inconsistent with the internal auditing program established by the Corporate Member;

(o) Approve capital expenditures by this Corporation or for any Affiliate controlled by this Corporation other than in accordance with the System Authority Matrix;

(p) Approve the transfer of funds, by gift or loan, between this Corporation and one or more other Affiliates of Verity and this Corporation or to any other person or entity other than in accordance with System Authority Matrix; and

(q) Approve any other action by this Corporation or for any Affiliate controlled by this Corporation that has been established by resolution of the Corporate Member as requiring its approval, including, but not limited to, any approvals of authority necessary to ensure compliance with any credit agreement, master indenture or loan agreement to which this Corporation or any Affiliate controlled by this Corporation is a party.

Section 3. Voting By Proxy. The Corporate Member may not vote by proxy.

Section 4. Appointment of Officer or Director or Others to Act on Behalf of Corporate Member. Subject to applicable law and the articles of incorporation and bylaws of the Corporate Member, the Corporate Member's board of directors may, by resolution, appoint one of more officers or directors of the Corporate Member or one or more other persons to act on its behalf, in its capacity as Corporate Member of this Corporation.

Section 5. Annual Meeting. A meeting of the Corporate Member shall be held annually for the purpose of appointing Directors and to transact such other business as may be brought before such meeting. The annual meeting of the Corporate Member shall be held at such time and place as the board of directors of the Corporate Member determine from time to time.

Section 6. Action by Written Consent. Any action required or permitted to be taken at a meeting (whether annual, regular or special) by the Corporate Member under any provision of law, the Articles of Incorporation or these Bylaws may be taken without a meeting if the Corporate Member consents to such action in writing. Each such written consent shall be filed with the minutes of the proceedings of the Corporation. Such action by written consent shall have the same force and effect as a vote of the Corporate Member. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Corporate Member without a meeting shall state that the action was taken by written consent of the Corporate Member without a meeting and that the Bylaws of the Corporation authorize the Corporate Member to so act.

ARTICLE VI

BOARD OF DIRECTORS

Section 1. Powers. Subject to the provisions of this Corporation's Articles of Incorporation, these Bylaws, the Reserved Powers of the Corporate Member, the System Authority Matrix and the laws of the State of California, the activities and affairs of this Corporation shall be managed and conducted and all corporate powers shall be exercised by or under the direction of this Corporation's Board of Directors. To facilitate the management and conduct of this Corporation's activities and affairs, the Board of Directors shall establish corporate policies for, and formulate the basic rules and regulations governing the operation and management of, this Corporation and generally oversee and be responsible for the quality of care and the planning of services rendered by this Corporation. The Board of Directors may delegate the management and conduct of this Corporation's activities and affairs to any person or persons, management company, or committee however composed, provided that no delegation of authority by the Board of Directors to the Chief Executive Officer (as defined in Article VIII, Section 4 below), or anyone else, shall preclude the Board of Directors from exercising the authority required to meet its governance responsibility for the management and conduct of this Corporation's activities and affairs; and provided, further, that any delegation of powers of the Board may be made only to a committee of the Board consisting only of Directors and shall be subject to the further limitations on Board committees set forth in Article IX, Section 1 of these Bylaws. The Board of Directors shall retain the right to rescind any such delegation.

Section 2. Reserved Powers of Verity as the Corporate Member; Final Action. Certain actions of the Board of Directors are subject to the Reserved Powers of Verity, acting in its capacity as the Corporate Member of this Corporation, as set forth above in Article V of these Bylaws. Action by the Board of Directors of this Corporation that is subject to the approval of the Corporate Member pursuant to the Reserved Powers of the Corporate Member shall become final, binding action of the Corporation when such action has been approved or ratified by final action of the Corporate Member acting in accordance with these Bylaws and the bylaws of the Corporate Member.

Section 3. Number and Qualification.

(a) The Board of Directors shall consist of not less than five (5) nor more than seventeen (17) members, including:

(i) The President and Chief Executive Officer of the Corporate Member shall serve as a member of the Board, *ex officio.*

(ii) The Board of Directors may include at least one (1) person who is a member in good standing of the Board of Directors of Verity, provided that no more than fifty percent (50%) of the Directors shall be members who are in good standing of the Board of Directors of Verity.

(iii) At least one-third of the members shall be residents of San Mateo County; and

(iv) No more than twenty (20) percent of the members of the Board of Directors shall have, either directly or indirectly, personally or through a family member, any financial relationship with BlueMountain Capital Management, LLC or any of its owned or managed affiliates or Integrity Healthcare, LLC, and may not serve as an officer, director, contractor or employee of BlueMountain Capital Management, LLC or any of its owned or managed affiliates, or Integrity Healthcare, LLC, any managed fund, or entity in which BlueMountain Capital Management, LLC has an equity stake or option to purchase, except for public companies wherein BlueMountain Capital Management, LLC has an interest of less than 10%.

(b) Restriction on Interested Directors. Not more than forty-nine percent (49%) of the persons serving on the Board of Directors at any time may be interested persons within the meaning of Section 5227 of the California Nonprofit Public Benefit Corporation Law. An interested person is (i) any person currently being compensated by this Corporation for services rendered to it within the previous twelve (12) months, whether as a full-time or part-time employee, independent contractor or otherwise, but excluding any reasonable compensation paid to a Director as Director; or (ii) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of any such person. However, any violation of the provision of this Section shall not affect the validity or enforceability of any transaction entered into by this Corporation.

Section 4. Appointment by Corporate Member. The Directors shall be appointed by Verity at each annual meeting of the Corporate Member.

Section 5. Term. Each Director (other than the President and Chief Executive Officer of the Corporate Member) shall hold office for a term of one (1) year or such other period set by the Corporate Member or until a successor is appointed and qualified or until such person sooner dies, resigns, is removed or becomes disqualified.

Section 6. Removal and Filling of Vacancies. The Board of Directors may declare vacant the office of a Director who has been declared of unsound mind by a final order of court or convicted of a felony or who has missed more than half of the meetings of the Board of

Directors during any twelve-month period other than by reason of illness, or who has been found, by a final order or judgment of any court, to be in breach of any duty owed to the Corporation under Sections 5230-5239 of the California Nonprofit Public Benefit Corporation Law. In the event that such office is declared vacant, a new Director to fill the unexpired portion of the term of the Director whose office was declared vacant shall be appointed by the Corporate Member.

Section 7. Resignation. Any Director may resign at any time by delivering his or her resignation in writing to the Chairperson of the Board of Directors, the President or the Secretary or to the Board of Directors of the Corporation at its principal office; provided that, except upon notice to the Attorney General, no Director may resign if the Corporation would then be left without a duly elected Director or Directors in charge of its affairs. Such resignation shall be effective upon receipt unless specified to be effective at some other time.

Section 8. Fees and Compensation. Directors may receive such reasonable compensation (within the meaning of Internal Revenue Code Section 4958), if any, for serving as Director, and advances or reimbursement for reasonable expenses, as may be fixed or determined by the Corporate Member. Directors may receive compensation from the Corporation for services rendered to it, subject to the restriction on Interested Directors as set forth in Section 3(b) above of this Article VI.

Section 9. Self-Dealing Transactions. This Corporation shall not enter into self-dealing transactions. Except as provided in Section 9(a) of this Article VI, for the purpose of this Section, a self-dealing transaction means a transaction to which this Corporation is a party and in which one or more of the members of its Board of Directors or officers has a material financial interest and which does not meet the requirements of Sections 9(b) or 9(c) of this Article VI. Such a member of the Board of Directors is an "Interested Director" for the purpose of this Section.

(a) Exceptions. The provisions of this section do not apply to any of the following:

(i) An action of the Board of Directors fixing the compensation of a member of the Board of Directors as an officer of this Corporation.

(ii) A transaction which is part of a public or charitable program of this Corporation if it (i) is approved or authorized by this Corporation in good faith and without unjustified favoritism and (ii) results in a benefit to one or more members of the Board of Directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(iii) A transaction, of which the Interested Director or Directors have no actual knowledge, and which does not exceed the lesser of one percent of the gross receipts of this Corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

(b) Prior Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(i) This Corporation entered into the transaction for its own benefit;

(ii) The transaction was fair and reasonable as to this Corporation at the time this Corporation entered into the transaction;

(iii) Prior to consummating the transaction or any part thereof the Board of Directors authorized or approved the transaction in good faith by a vote of a majority of the members of the Board of Directors then in office without counting the vote of the Interested Director or Directors, and with knowledge of the material facts concerning the transaction and the Director's interest in the transaction. Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction. Except as provided in Section 9(c)(i) of this Article VI, action by a committee of the Board of Directors shall not satisfy this paragraph; and

(iv) Prior to authorizing or approving the transaction the Board of Directors considered and in good faith determined after reasonable investigation under the circumstances that this Corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or (ii) this Corporation in fact could not have obtained a more advantageous arrangement with reasonable effort under the circumstances.

(c) Subsequent Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(i) A committee or person authorized by the Board of Directors approved the transaction in a manner consistent with the standards set forth in Section 9(b) of this Article VI;

(ii) It was not reasonably practicable to obtain approval of the Board of Directors prior to entering into the transaction; and

(iii) The Board of Directors, after determining in good faith that the conditions of subparagraphs (i) and (ii) of this subsection (c) were satisfied, ratified the transaction at its next meeting by a vote of the majority of the members of the Board of Directors then in office without counting the vote of the Interested Director or Directors. Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction.

ARTICLE VII

MEETINGS OF THE BOARD OF DIRECTORS

Section 1. Place of Meeting. All meetings of the Board of Directors shall be held at the principal office of this Corporation or at such other place as may be designated for that purpose in the notice of the meeting or, if not stated in the notice or there is no notice, at such place as may be set by resolution of the Board.

Section 2. Annual Meeting. As soon as reasonably practicable, but no later than sixty (60) days after the annual meeting of the Corporate Member, the Board of Directors shall hold an annual meeting for the purpose of organizing the Board, electing officers other than the Chairperson of the Board, and the transaction of such other business as may come before the meeting. The date of the annual meeting shall be fixed by resolution. No notice of the annual meeting of the Board of Directors need be given.

Section 3. Regular Meetings. Regular meetings of the Board of Directors shall be held at such time as the Corporate Member may fix by resolution from time to time. No notice of regular meetings of the Board of Directors need be given.

Section 4. Special Meetings. Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the Chairperson of the Board or by two (2) or more Directors of this Corporation, or by the Corporate Member.

Section 5. Notice of Special Meetings. Notice of the time and place of special meetings shall be communicated personally or by telephone to each Director or sent to each Director by mail or other form of written communication (including e-mail), addressed to such Director at his or her address as it is shown on the records of this Corporation. Such notice, if mailed, shall be mailed at least seventy-two (72) hours prior to the time of the meeting, or if delivered personally, telephonically or telegraphically or by e-mail, shall be received at least forty-eight (48) hours prior to the time of the meeting.

Section 6. Waiver of Notice. Notice of a meeting need not be given to any Director who signs a waiver of notice or a written consent to hold the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 7. Quorum. At all meetings of the Board of Directors, a majority of the then serving Directors, but not less than two (2), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of the Directors present, whether or not a quorum, may adjourn any Directors meeting to another time and place. The act of a majority of the Directors present at any meeting at which there is a quorum shall be the act of the Board of Directors, unless a greater number is required by law. Notwithstanding the previous provisions of this Section, the Directors present at a meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

Section 8. Action Without Meeting. Any action required or permitted to be taken by the Board of Directors may be taken without a meeting if all of the Directors individually or collectively shall consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the Board. Such action by written consent shall have the same force and effect as the unanimous vote of such Directors. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Board without a

meeting shall state that the action was taken by written consent of the Board of Directors without a meeting and that the Bylaws of the Corporation authorize its Directors to so act.

Section 9. Telephonic Meeting. Directors may participate in a meeting of the Board through the use of conference telephone or similar communication equipment, as long as all Directors participating in such meeting can hear one another. Participation in this manner shall constitute presence in person at such meeting.

Section 10. Prohibition Against Voting by Proxy. Directors may not vote by proxy.

Section 11. Board Observer. The President and Chief Executive Officer of the Corporate Member shall appoint one of Verity's Corporate Officers to be an official Board Observer of the Board of Directors. The Board Observer shall have the right to be heard at any meetings of the Board of Directors, but in no event shall the Board Observer (i) be deemed to be a member of the Board; or (ii) have the right to vote on any matter under consideration by the Board.

ARTICLE VIII

CORPORATE OFFICERS

Section 1. Officers.

(a) The officers of this Corporation shall include a Chairperson of the Board, a Vice Chairperson of the Board, a President and Chief Executive Officer ("CEO"), a Chief Financial Officer ("CFO"), and a Secretary all of whom shall be selected in accordance with the provisions of this Article VIII. Neither the Chairperson of the Board nor the President/CEO may serve concurrently as the Secretary or CFO of this Corporation.

(b) Each officer shall hold office until his or her resignation or removal, other disqualification to serve or until his or her successor shall be elected and qualified.

(c) The Board of Directors may appoint such additional officers from among the members of the Board of Directors (including, for example, one (1) or more assistant Secretaries), as the business of this Corporation may require, each of whom shall serve for such period, have such authority and perform such duties as the Board of Directors from time to time may authorize.

Section 2. Removal of Officers. Any officer, other than the Chairperson of the Board, the President and CEO and the CFO, may be removed, with or without cause, by a majority of Directors then in office, at any regular or special meeting of the Board. The Chairperson of the Board may be removed, with or without cause, only by the Corporate Member, and the President/CEO may be removed, with or without cause, only by the Corporate Member after consultation with the Board of Directors of this Corporation and the President/CEO of the Corporate Member. The CFO may be removed, with or without cause, only by the President/CEO of this Corporation with the concurrence of the Chief Financial Officer of the Corporate Member after consultation with the Board of Directors of this Corporation. If a vacancy occurs in any office as a result of death, resignation, removal, disqualification or any

other cause, the Board of Directors may delegate the powers and duties of such, office, except as otherwise provided in these Bylaws, to any officer or to any Director until such time as a successor for such office has been appointed. Any officer who is also a Director shall be automatically removed as such an officer upon his or her removal as a Director in accordance with the provisions of Article VI, Section 6 of these Bylaws.

Section 3. Chairperson of the Board. The Chairperson of the Board shall be appointed by the Corporate Member in connection with the appointment of the Directors. The Chairperson of the Board shall have the powers and duties usually associated with such office. The Chairperson of the Board shall preside over meetings of the Board of Directors, supervise activities of the Board, and serve as an ex officio voting member of all Board committees.

Section 4. President and Chief Executive Officer. The President/CEO shall be the chief executive officer of this Corporation, shall be an employee of Verity, and shall serve as a member of the Verity executive team. The President/CEO shall be appointed by the Corporate Member after consultation with this Corporation's Board of Directors and the President/CEO of the Corporate Member. He or she shall serve such term as may be determined by the Board of Directors. He or she shall report to and be accountable to this Corporation's Board of Directors and to the President/CEO of the Corporate Member and shall have general supervision, direction and control of the business, employees and independent contractors of this Corporation and shall be held responsible for the proper functioning and management of this Corporation. The President/CEO shall possess the degree of education and experience appropriate to the proper discharge of these responsibilities and, if a management or employment agreement may be in effect, meet all of the requirements set forth in the management or employment agreement. The President/CEO may sign, with the Secretary or any other officer of this Corporation as authorized by this Corporation's Board of Directors, any instrument which this Corporation's Board of Directors has authorized to be executed. The Chairperson of the Board of this Corporation and the President/CEO of the Corporate Member shall initiate and conduct periodic performance reviews of the President/CEO of this Corporation, taking into account the advice and comments of this Corporation's Board of Directors. Subject to the control of this Corporation's Board of Directors and the direction of the Corporate Member, the President/CEO shall organize the administrative functions of this Corporation, delegate duties and establish formal means of accountability on the part of his or her subordinate officers. The President/CEO shall have the general powers and duties of management usually vested in the chief executive officer under the California Nonprofit Public Benefit Corporation Law and shall have other powers and duties as may be prescribed by this Corporation's Board of Directors, these Bylaws, and the policies of the Corporate Member.

Section 5. Vice Chairperson of the Board. The Vice Chairperson of the Board shall be elected from among the Directors and, in the absence or disability of the Chairperson of the Board, shall perform all duties of the Chairperson of the Board and, when so acting, shall have all powers of and be subject to all restrictions upon the Chairperson of the Board. In the absence of both the Chairperson of the Board and the Vice Chairperson of the Board, the Board shall select one of its members, other than the Secretary or CFO, to act as Chairperson of the Board.

Section 6. Secretary. The Secretary shall be appointed initially by the Corporate Member and thereafter shall be elected from among the Directors and shall keep or cause to be

kept at the principal office or at such other place as the Board of Directors may determine, a book of minutes of all meetings of the Directors, whether annual, regular or special, with the time and place of the meeting, the notice given, the names of those present at the meeting, the proceedings thereat and, if a special meeting, how it was authorized. The Secretary shall give or cause to be given notice of all meetings of the Board of Directors required by these Bylaws or by law. The Secretary shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws.

Section 7. Chief Financial Officer. The CFO shall and according to the direction of the Board of Directors and the President/CEO, keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of this Corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses and capital. The CFO shall deposit all monies and other valuables in the name and to the credit of this Corporation with such depositaries as may be designated by the Board of Directors. The CFO shall disburse the funds of this Corporation as may be ordered by the Board of Directors, shall render to the President/CEO, the Directors or the Chief Financial Officer of the Corporate Member, whenever they request it, an account of all transactions and of the financial condition of this Corporation, and shall have other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws. The CFO shall be appointed by and subject to removal by the President/CEO of this Corporation as a corporate employee with the concurrence of the Chief Financial Officer of the Corporate Member after consultation with the Board of Directors of this Corporation. He or she shall serve such term as may be determined by the Board of Directors. He or she shall report to and be accountable to the President/CEO of this Corporation and the Chief Financial Officer of the Corporate Member.

Section 8. Reporting Relationship of Certain Corporate Officers to the Board of Directors. Persons serving from time to time in the positions of Corporate Responsibility Officer and Vice President and General Counsel of the Corporate Member shall report to and be accountable to the Corporate Member's board of directors and the President/CEO and each of them shall be entitled to confidential access to this Corporation's Chairperson and other members of this Corporation's Board of Directors as necessary or advisable to carry out such person's duties in such position.

Section 9. Resignation. Any officer may resign at any time by giving written notice to this Corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation is without prejudice to the rights, if any, of this Corporation under any contract to which the officer is a party.

Section 10. Vacancies. A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these Bylaws for regular appointments to that office.

ARTICLE IX

COMMITTEES

Section 1. Generally.

(a) The Board of Directors may by resolution establish (1) Committees of the Board which shall have legal authority to act for this Corporation, subject to the authority of any Health System-wide committees appointed by Verity, and (2) Advisory Committees. Committees may be either standing or special. Members of all committees shall serve at the pleasure of the Board. Any Committee of the Board which shall have legal authority to act for this Corporation, to the extent provided in a resolution of the Board adopted by a majority of the Directors then in office, shall have all authority of the Board, except with respect to:

(i) The approval of any action for which the California Nonprofit Public Benefit Corporation Law or these Bylaws also require approval of the Corporate Member, or a majority of this Corporation's Board of Directors;

(ii) The filling of vacancies on the Board of Directors or on any committee that has the authority of the Board;

(iii) The amendment or repeal of any resolution of the Board of Directors that by its express terms is not so amendable or repealable;

(iv) The appointment of other Committees of the Board or members thereof; or

(v) The approval of any self-dealing transaction, except as provided in Section 5233(d)(3) of the California Nonprofit Public Benefit Corporation Law.

(b) The Board of Directors shall have the power to prescribe the manner in which proceedings of any committee shall be conducted. In the absence of any such prescription, such committee shall have the power to prescribe the manner in which its proceedings shall be conducted. Unless these Bylaws, the Board or such committee shall otherwise provide, the regular and special meetings and other actions of any committee shall be governed by the provisions of Article VII of these Bylaws. Each committee shall keep minutes of its proceedings and shall report the same to the Board from time to time, as the Board of Directors may require. The Board of Directors shall review the charter of each committee governed by a charter at least once every two years.

Section 2. Committees of the Board. Only Directors may be appointed as members of Committees of the Board. Each Committee of the Board shall consist of two or more Directors. The Chairperson and members of Committees of the Board shall be appointed by the Board of Directors by resolution adopted by a majority of the Directors then in office. The Board may

designate one or more Directors as alternate members of any such committee, who may replace any absent member at any meeting of the committee.

Section 3. Advisory Committees. Advisory Committees may consist of two or more persons and may consist of Directors only, Directors and non-Directors, or non-Directors only, and may include non-voting members and alternate members. The Chairperson and members of Advisory Committees shall be appointed by the Chairperson of the Board or the Board of Directors. Advisory Committees shall have no legal authority to act for this Corporation.

Section 4. Executive Committee.

(a) There may be an Executive Committee which, if established, shall consist of some such members of the Board of Directors as the Board may designate. The Chairperson of the Executive Committee shall be the person then serving as Chairperson of the Board. The Executive Committee shall have authority to act for this Corporation, subject to the provisions of Section 1 of this Article.

(b) The establishment of an Executive Committee and the delegation of authority to it shall not operate to relieve the Board of Directors or any individual Director of any responsibility imposed on it or him or her by law, by the Articles of Incorporation of this Corporation or these Bylaws.

(c) The Executive Committee shall meet at such times as it deems necessary, provided that reasonable notice of all meetings of the Executive Committee shall be given to its members and no act of the Executive Committee shall be valid unless approved by the vote of a majority, or by the unanimous written consent, of its members.

Section 5. Finance Committee. The Finance Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. It shall consist of not fewer than four members, all of whom shall be or shall be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. The members of the Committee shall include the President and Chief Executive Officer of the Corporation, the Chief Financial Officer of the Corporation, the Chief Financial Officer of the Corporate Member, and at least one other person who is not an officer of the Corporation. The Committee shall have general surveillance over the finances of the Corporation, shall approve the annual budget of and any financial statements prepared by the Corporation, and shall make regular reports and recommendations to the Board of Directors. If there is no separate Audit Committee, the Finance Committee shall be responsible for performing the functions of the Audit Committee as set forth in these Bylaws. For the avoidance of doubt, the Board retains the ultimate authority to approve the annual budget and any financial statements prepared by the Corporation.

Section 6. Audit Committee. The Audit Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. It shall consist of not fewer than three members, all of whom shall be or shall

be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. None of the members may be employees of the Corporation. Members of the Audit Committee shall not receive any compensation from the Corporation in excess of the compensation, if any, received by Directors for service on the Board and shall not have a material financial interest in any entity doing business with the Corporation. The Committee shall meet quarterly and shall meet at least annually with the outside auditor or auditors of the Corporation. The Committee shall have general surveillance over the auditing of the financial records of the Corporation, shall approve the financial statements prepared by the Corporation, and shall make regular reports and recommendations to the Board of Directors, all subject to the authority of the audit committee of Verity or any Health System-wide audit committee that may be established by Verity from time-to-time. At the sole discretion of the Corporate Member, the Audit Committee of this Corporation may be dissolved and all of its responsibilities shall be assumed by the Corporate Member's audit committee.

Section 7. Quality and Patient Safety Committee. The Quality and Patient Safety Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. The Quality and Patient Safety Committee shall consist of not fewer than three members, all of whom shall be or shall be capable of becoming familiar with basic issues and requirements affecting the quality performance of acute-care hospitals. The Committee's composition shall be as follows: (1) at least one member of the Committee shall be a Director in good standing of this Corporation; (2) at least one shall be the Chief of Staff or other senior physician practicing in a facility affiliated with the Corporation, appointed by the Board of Directors; (3) the President and Chief Executive Officer of the Corporation shall be a voting ex officio member; and (4) the Vice President of Quality of the Corporate Member shall be each a voting ex officio member. The Quality and Patient Safety Committee shall meet a minimum of six times a year, shall present regular reports to the Board of Directors and shall oversee the establishment and implementation of an ongoing quality assurance program in accordance with its charter, including, for example and without limitation: review of reports from the administration and the medical staff of the Corporation addressing quality performance, assessment of the impact of the Committee's oversight on quality performance, review of information regarding patient experience, evaluation of the adequacy of resources allocated to quality improvement, and monitoring of participation in national quality improvement efforts.

Section 8. Term of Office. The Chairperson and each member of a standing committee shall serve until the next election of Directors and until his or her successor is appointed or until such committee is sooner terminated or until he or she is removed, resigns or otherwise ceases to qualify as a member of the committee. The Chairperson and each member of a special committee shall serve for the life of the committee unless they are sooner removed, resign or cease to qualify as members of such committee.

Section 9. Vacancies. Vacancies on any committee may be filled for the unexpired portion of the term in the same manner as provided in the case of original appointments.

Section 10. Quorum. At all committee meetings, a majority of committee members then serving, but not less than two (2), whichever is greater, shall be necessary and sufficient to

constitute a quorum for the transaction of business, except that a majority of committee members present, whether or not a quorum, may adjourn any committee meeting to another time and place. The act of a majority of the committee members present at a meeting at which there is a quorum shall be the act of the committee. Notwithstanding previous provisions of this Section, the committee members present at a meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of committee members, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

ARTICLE X

MEDICAL STAFF

Section 1. Organization, Appointments and Hearings.

(a) The Corporation shall maintain an organized medical staff that is accountable to the Board of Directors. The Board of Directors shall have the ultimate authority and responsibility for the oversight and delivery of health care rendered by all licensed independent practitioners and other practitioners granted practice privileges at health facilities licensed in the name of this Corporation. The Board of Directors shall organize the physicians, dentists, podiatrists and such other categories as may be permitted by law and granted practice privileges at health facilities licensed in the name of this Corporation into one or more staffs ("Medical Staff") under Medical Staff bylaws approved by the Board of Directors. The Board of Directors shall also make provision for credentialing and privileging through the medical staff process of such categories of licensed independent practitioners and other practitioners as the Board of Directors may authorize under Medical Staff bylaws approved by the Board of Directors (the "Allied Health Professional Staff"). The Board of Directors shall consider recommendations of the Medical Staff and appoint to the Medical Staff and the Allied Health Professional Staff such practitioners as meet the qualifications for membership and privileges set forth in the Medical Staff bylaws. Only members of the Medical Staff may admit patients. Each member of the Medical Staff and the Allied Health Professional Staff shall have appropriate authority and responsibility for the care of his or her patients, subject to the limits of his or her licensure and privileges, as delineated by the Board of Directors, and subject to such limits as are contained in these Bylaws and in the Bylaws, Rules and Regulations of the Medical Staff.

(b) All applications for appointment to the Medical Staff and the Allied Health Professional Staff shall be in writing and addressed to the Medical Staff secretary. They shall contain full information concerning the applicant's education, licensure, practice, previous hospital experience and any history with regard to licensure and hospital privileges.

(c) All appointments to the Medical Staff and the Allied Health Professional Staff shall be for a maximum period of two (2) years, renewable by the Board of Directors upon re-application. When an appointment is denied or not renewed, or when privileges have been or are proposed to be denied, reduced, suspended or terminated, the affected practitioner shall be afforded a fair hearing and review conducted in accordance with the hearing and appeal provisions of the Medical Staff bylaws.

(d) Liaison among the Board, Administration, the Medical Staff and the Allied Health Professional Staff shall be accomplished as determined by the Board of Directors from time to time.

Section 2. Medical Care and Evaluation.

(a) The Medical Staff shall be responsible to the Board of Directors for providing appropriate professional care to patients and for overseeing the quality of care, treatment and services delivered by the Medical Staff and the Allied Health Professional Staff, evaluating the competency of practitioners, delineating the privileges of members of the Medical Staff and the Allied Health Professional Staff, and providing leadership in performance improvement activities of the Corporation.

(b) The Board of Directors, in the exercise of its responsibility to establish, maintain and support an ongoing performance improvement program, shall delegate to the Medical Staff initial authority for assuring appropriate professional care by members of the Medical Staff to patients. The Medical Staff shall discharge this responsibility through a continuing review, analysis, and appraisal of the quality of care provided by members of the Medical Staff and the Allied Health Professional Staff and an appropriate response to findings. Such performance improvement activities shall be regularly reported, together with their results and recommended responses, to the Board of Directors.

(c) The Medical Staff and the Allied Health Professional Staff shall maintain adequate and accurate medical records for all patients.

(d) The Medical Staff shall make recommendations to the Board of Directors concerning:

(i) Appointments, re-appointments and alterations to Medical Staff and Allied Health Professional Staff status;

(ii) Granting, revocation and alteration of privileges;

(iii) Corrective and disciplinary actions;

(iv) All matters relating to professional competency; and

(v) Such specific matters as may be referred to it by the Board of Directors.

Section 3. Medical Staff Bylaws.

(a) There shall be Bylaws, Rules and Regulations for the Medical Staff setting forth its organization and government. Proposed Medical Staff bylaws, rules and regulations shall be recommended and approved by the Medical Staff and shall become effective only upon their approval by the Board of Directors, which approval shall not be unreasonably withheld.

(b) The Medical Staff Bylaws shall include procedures for:

(i) written, well-defined criteria for appointment, precluding the possibility of discrimination according to color, national origin, race, creed, sex or age;

(ii) appointment, reappointment, delineation of privileges, curtailment and revocation of privileges;

(iii) an appeals mechanism for review of decisions to deny, curtail or revoke privileges;

(iv) a performance improvement program by which patient care is regularly evaluated and verification of this evaluation and of responsive actions taken is provided to the Board of Directors;

(v) attestation by signature of each practitioner that he or she will abide by the Medical Staff Bylaws, Rules and Regulations and the policies of the Corporation and Health System;

(vi) communication between the Board of Directors and the Medical Staff through the Executive Committee of the Medical Staff;

(vii) requiring that only a licensed practitioner with clinical privileges shall be directly responsible for a patient's diagnosis and treatment within the area of such practitioner's privileges; each patient's general medical condition shall be the responsibility of a physician member of the Medical Staff; each patient admitted shall receive a baseline history and physical examination by a physician or other licensee who has the requisite privileges; a physician member of the Medical Staff shall be responsible for the care of any medical problems that may be present at the time of admission or that may arise during hospitalization;

(viii) the selection and appointment of officers of the Medical Staff and of Medical Staff department chairpersons, all of whom shall be subject to approval of the Board of Directors;

(ix) restricting membership in the Medical Staff to physicians, dentists, podiatrists and, when authorized, clinical psychologists, and membership in the Allied Health Professional Staff to licensed independent practitioners in categories approved for privileges who are competent in their respective fields, worthy in character and in professional ethics; and

(x) maintaining self-government by the Medical, Staff with respect to the professional work performed at the Corporation and periodic meetings of the Medical Staff to review and analyze clinical experience at regular intervals, with patient medical records as the basis for such review and analysis.

(c) The Medical Staff Bylaws shall provide that:

(i) there shall be no discrimination with respect to Medical Staff privileges or the provision of professional services against a licensed physician on the basis of whether that physician holds an M.D. or a D.O. degree; and

(ii) whenever staffing requirements for a service mandate that the physician responsible for the service be certified or eligible for certification by an appropriate American Medical board, such position may be filled by an osteopathic physician who is certified or eligible for certification by the equivalent appropriate American osteopathic board.

Section 4. Medico-Administrative Personnel. Except as specified in written requirements for such positions, physicians and specified professional personnel engaged by this Corporation either full time or part time as employees or independent contractors in any medico-administrative positions, shall not be required to maintain membership on the Medical Staff Members of the Medical Staff in medico-administrative positions may be terminated from their contractual relationship with this Corporation according to corporate policy or according to the terms of their contracts.

ARTICLE XI

GENERAL PROVISIONS

Section 1. Voting Interests. Subject to the limitations of Article VI, Section 2 of these Bylaws (Reserved Powers of the Corporate Member), the Corporation may vote any and all shares or other voting securities held by it in any other corporation or other entity and may exercise any and all membership rights held by it in any other corporation. Such action shall be undertaken or evidenced on behalf of this Corporation by such officer, agent or proxy as the Board of Directors may appoint or, in the absence of any such appointment, by the Chairperson of the Board or by an officer who is also a Director and, in such case, such person may likewise appoint a proxy to vote such securities.

Section 2. Checks, Drafts, Etc. All checks, drafts or other orders for payment of money, notes or other evidences of indebtedness issued in the name of or payable to this Corporation and any and all securities owned or held by this Corporation requiring signature for transfer shall be signed or endorsed by such person or persons and in such manner as from time to time shall be determined by the Board of Directors.

Section 3. Execution of Contracts. Except as otherwise provided in these Bylaws, and subject to the System Authority Matrix, the Board of Directors may authorize any officer or officers, agent or agents to enter into any contract or execute any instrument in the name of and on behalf of this Corporation and such authority may be general or confined to specific instances. Unless so authorized by the Board of Directors, no officer, agent or employee shall have any

power or authority to bind this Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or in any amount.

Section 4. Inspection of Corporate Records. The accounting books and records of this Corporation, the minutes of proceedings of this Corporation's Board of Directors and Committees, and the minutes of proceedings of the Corporate Member acting in its capacity as member of this Corporation shall be open to inspection upon the written request by the Corporate Member or any Director at any reasonable time and for any purpose reasonably related to the interests of the Corporate Member, or the Director, as applicable. Such inspection may be made in person or by an agent or attorney.

Section 5. Annual Report. The Board of Directors shall cause an annual report to be sent to each Director of this Corporation and to the Corporate Member, no later than one hundred twenty (120) days after the close of this Corporation's fiscal or calendar year. Such annual report shall be prepared in conformity with requirements of the California Nonprofit Corporation Law.

Section 6. Fiscal Year. The fiscal year of this Corporation shall begin on the first day of July each year and end on June 30th of the following year.

Section 7. Review of Bylaws. At least once every two (2) years, the Board of Directors shall review, or delegate to an appropriate committee the review of, these Bylaws and recommend revisions to the Corporate Member as necessary to assure their compliance with all relevant requirements for licensure and accreditation of the health care facilities of the Corporation by state agencies and The Joint Commission, respectively.

Section 8. Financial Statements Must Be Made Available. If the Corporation prepares an audited financial statement, such audited financial statement shall be made available for inspection by the California Attorney General and by all members of the public no later than nine months after the close of the relevant fiscal year in the same manner as the Corporation's Internal Revenue Service Form 990. Each annual financial statement shall be made available to the public for three years.

Section 9. Executive Compensation Review and Approval. The Board, or any authorized Committee of the Board, shall review and approve the compensation, including benefits, of the President and CEO and the CFO to ensure that each such officer's compensation is just and reasonable. Such review and approval shall occur when the officer is initially hired, whenever the officer's term of employment is renewed or extended, and when the officer's compensation is modified, unless such modification applies to substantially all employees.

ARTICLE XII

INDEMNIFICATION AND INSURANCE

Section 1. Indemnification. To the full extent permitted by law and in the manner provided by law, this Corporation may, and if the law requires it shall, indemnify against liability and hold harmless any person who was or is a party to or is threatened to be a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a

Director, officer, employee or other agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or other agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise. The foregoing rights of indemnification shall not be deemed to be exclusive of any other rights to which such person may be entitled under applicable law, and shall continue as to a person who has ceased to be a Director, officer, employee, or other agent of this Corporation and shall inure to the benefit of the estate, executors, administrators, heirs, legatees or devisees of any such person to the extent such action, suit or proceeding survives the death of such person.

Section 2. Payment of Expenses. This Corporation may pay expenses, including attorney's fees, incurred in defending any action, suit or proceeding referred to in this Article in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case and as permitted by law.

Section 3. Insurance. This Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or other agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or other agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise, against any claim or liability asserted against such person and incurred in any such capacity, or arising out of such person's status as such, whether or not this Corporation would be required or would have the power to indemnify such person against such liability under this Article or otherwise.

ARTICLE XIII

MAINTAINING A UNIFIED HEALTH SYSTEM

Section 1. Generally. In order to ensure the relationships between organizations in the Health System that are necessary to maintain a unified system, this Corporation, in accordance with policies established by the Corporate Member, shall require that the governing document or documents of any entity of which this Corporation is the sole member or controlling organization contain the following:

(a) Provisions that reserve to this Corporation the powers over such entity as may be required by applicable Health System policies;

(b) Provisions that reserve to such entity powers over organizations it controls, as may be required by applicable Health System policies; and

(c) Provisions that require such entity to require that the governing document or documents of organizations it controls contain a provision that reserves to this Corporation, to the Corporate Member of this Corporation or to such entity, as the case may be, the powers set forth in these Bylaws, the governing document or documents of such entity or applicable Health System policies. The term "governing document or documents" is used in this Article as a generic term to describe the organizational documents by which an entity is legally formed in a

particular state and includes, but is not limited to, articles of incorporation, bylaws, governing resolutions, articles of partnership, joint venture agreements, operating agreements and any other document that creates or governs the organization or entity.

Section 2. Exercise of Reserved Powers. All action by this Corporation as the sole member or controlling person of an Affiliate shall be taken by this Corporation's Board of Directors.

ARTICLE XIV

GENDER AND NUMBER

Words used herein regardless of the number and gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context requires.

ARTICLE XV

AMENDMENTS

These Bylaws or any part thereof may be amended or repealed or new Bylaws may be adopted by the affirmative vote of the Corporate Member.

Exhibit A

AMENDED AND RESTATED

ARTICLES OF INCORPORATION

ARTICLE I

The name of this Corporation is "ST. FRANCIS MEDICAL CENTER".

ARTICLE II

A. This Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law of the State of California for public and charitable purposes. In furtherance of the foregoing, this Corporation may do all of the following: (1) establish, acquire, develop, operate, lease, manage, and maintain acute care hospitals and appurtenant facilities; (2) promote and carry on scientific research related to the delivery of health care services; (3) establish, manage, and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served; (4) participate in any activity designed and carried on to promote the general health of the community; and (5) make donations, transfer assets, and provide other forms of aid and assistance to, for the benefit of, or in connection with Verity Health System of California, Inc., a California nonprofit public benefit corporation ("Verity") or any of its affiliates. Notwithstanding the foregoing specific statement of purposes, the Corporation shall have and may exercise all of the power of a California nonprofit public benefit corporation, but only in furtherance of the above purposes.

B. In addition to the foregoing purposes, this Corporation is organized and operated primarily for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of any future United States Internal Revenue Law) (the "IRC"), and for scientific and charitable and educational purposes within the meaning of § 214(a)(15) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC"). In furtherance of these purposes, this Corporation may:

(1) Support and foster the corporate purposes of Verity, and aid, assist and confer benefits upon Verity and its affiliates.

(2) Cooperate with health care institutions and membership institutions of Verity in their respective efforts to promote quality service at reasonable rates;

(3) Promote cooperation and the exchange of knowledge and experience within the health system established and operated by Verity;

(4) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Public

Benefit Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(5) Otherwise operate for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part, of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or ii) by a corporation exempt from taxation under § 214 of the R&TC.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be Verity.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to charitable, educational and scientific purposes meeting the requirements of § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors to: (a) the Corporate Member, if it is organized and operated exclusively for public and charitable purposes and has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or if for any reason it is unable to take such assets for such purpose; (b) such organization or organizations determined by the Board of Directors and organized and operated exclusively for charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the

R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and meeting the requirements of § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

These Articles shall be amended only upon approval by this Corporation's Board of Directors and the Corporate Member.

I hereby certify that the foregoing transcript of 1 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

AMENDED AND RESTATED ARTICLES OF INCORPORATION OF ST. FRANCIS MEDICAL CENTER

The undersigned hereby certify that:

(1) They are the duly elected and acting Chairman of the Board and Secretary, respectively, of St. Francis Medical Center, a California nonprofit religious corporation (the "Corporation").

(2) The Articles of Incorporation of this Corporation shall be amended and restated to read in full as follows:

ARTICLE I

The name of this Corporation is: St. Francis Medical Center.

ARTICLE II

A. This Corporation is a religious corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Religious Corporation Law primarily for religious purposes. More specifically, the purposes of this Corporation are to be faithful to the Gospel and to the Vincentian charism to serve Jesus Christ in the person of the sick poor, and thereby to support, benefit and further the religious, charitable, scientific and educational purposes of the Daughters of Charity of St. Vincent de Paul, Province of the West (the "Province"). In furtherance of the foregoing, this Corporation may do all of the following:

(1) Establish, acquire, develop, operate, lease, manage and maintain acute care hospitals and appurtenant facilities which hospitals and facilities shall be operated in adherence with the Ethical and Religious Directives for Catholic Health Facilities promulgated by the National Conference of Catholic Bishops.

(2) Promote and carry on scientific research related to the care of the sick and injured.

(3) Establish, manage and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served.

(4) Participate in any activity designed and carried on to promote the general health of the community.

(5) Make donations, transfer assets and provide other forms of aid and assistance to, for the benefit of, or in connection with Daughters of Charity

Health System ("DCHS"), the Province or any of their respective affiliates.

B. In addition to the foregoing purposes, this Corporation is organized and operated primarily for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of any future United States Internal Revenue Law) (the "IRC"), and within the meaning of § 214(a)(6) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC") and, in furtherance of these purposes and consistent with the official teachings of the Roman Catholic Church, this Corporation may:

(1) Serve in the housing, health care, social services and education ministries of the Roman Catholic Church and carry out its mission.

(2) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by DCHS.

(3) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by the Province.

(4) Support and foster the corporate purposes of DCHS, a California nonprofit religious corporation, and aid, assist and confer benefits upon DCHS and its affiliates.

(5) Cooperate with the Province sponsored health care institutions and membership institutions of DCHS in their respective efforts to promote quality service at reasonable rates.

(6) Promote cooperation and the exchange of knowledge and experience within the Daughters of Charity St. Vincent de Paul ministry.

(7) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Religious Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(8) Otherwise operate for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered

and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or (ii) by a corporation exempt from taxation under § 214 of the R&TC.

C. This Corporation is formed for the purpose of supporting the overall Daughters of Charity of St. Vincent de Paul mission of responding to the multiple needs of the poor particularly for housing, health and social services, primarily in the geographic region consisting of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Montana, Oregon, Utah, Washington and Wyoming. This Article is one of purpose and not of powers and nothing contained in this Article shall be construed as limiting powers conferred upon this Corporation by the California Nonprofit Religious Corporation Law.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be DCHS.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to religious, scientific, charitable and educational purposes meeting the requirements for exemption under § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors (a) to DCHS, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (b) to the Daughters of Charity Ministry Services Corporation, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, or any successor thereto, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or

if for any reason it is unable to take such assets for such purpose, (c) to the Province, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (d) to a nonprofit fund, foundation, entity, or corporation approved by the Province that is organized and operated exclusively for religious, charitable and educational (within the meaning of § 214 of the R&TC), or scientific purposes, that has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC and that is operated in the United States for the benefit of the Province, or if for any reason it is unable to take such assets for such purposes, or if no such fund, foundation or corporation exists, or (e) to such organization or organizations determined by the Board of Directors and organized and operated exclusively for religious, charitable and educational (within the meaning of § 214 of the R&TC), or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and under § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

These Articles shall be amended only upon approval by the Corporate Member.

(3) The foregoing amendment and restatement of Articles of Incorporation has been duly approved by the Board of Directors of this Corporation.

(4) The foregoing amendment and restatement of Articles of Incorporation has been duly approved by the sole Corporate Member of this Corporation.

[*Certificate Follows*]

We further declare under penalty of perjury under the laws of the State of California that the matters set forth in this certificate are true and correct of our own knowledge.

ARTICLE I

The name of this Corporation is: St. Francis Medical Center.

ARTICLE II

A. This Corporation is a religious corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Religious Corporation Law primarily for religious purposes. More specifically, the purposes of this Corporation are to be faithful to the Gospel and to the Vincentian charism to serve Jesus Christ in the person of the sick poor, and thereby to support, benefit and further the religious, charitable, scientific and educational purposes of the Daughters of Charity of St. Vincent de Paul, Province of the West (the "Province"). In furtherance of the foregoing, this Corporation may do all of the following:

(1) Establish, acquire, develop, operate, lease, manage and maintain acute care hospitals and appurtenant facilities which hospitals and facilities shall be operated in adherence with the Ethical and Religious Directives for Catholic Health Facilities promulgated by the National Conference of Catholic Bishops.

(2) Promote and carry on scientific research related to the care of the sick and injured.

(3) Establish, manage and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served.

(4) Participate in any activity designed and carried on to promote the general health of the community.

(5) Make donations, transfer assets and provide other forms of aid and assistance to, for the benefit of, or in connection with DCHS, the Province or any of their respective affiliates.

B. In addition to the foregoing purposes this Corporation is organized and operated primarily for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of

any future United States Internal Revenue Law) (the "IRC"), and within the meaning of § 214(a)(6) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC") and, in furtherance of these purposes and consistent with the teachings of the Roman Catholic Church, this Corporation may:

(1) Serve in the housing, health care, social services and education ministries of the Roman Catholic Church and carry out its mission.

(2) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by DCHS.

(3) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by the Province.

(4) Support and foster the corporate purposes of Daughters of Charity Health System ("DCHS"), a California nonprofit religious corporation, and aid, assist and confer benefits upon DCHS and its affiliates.

(5) Cooperate with the Province sponsored health care institutions and membership institutions of DCHS in their respective efforts to promote quality service at reasonable rates.

(6) Promote cooperation and the exchange of knowledge and experience within the Daughters of Charity St. Vincent de Paul ministry.

(7) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Religious Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(8) Otherwise operate for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or (ii) by a corporation exempt from taxation under § 214 of the R&TC.

C. This Corporation is formed for the purpose of supporting the overall Daughters of Charity of St. Vincent de Paul mission of responding to the multiple needs of the poor particularly for housing, health and social services, primarily in the geographic region consisting of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Montana, Oregon, Utah, Washington and Wyoming. This Article is one of purpose and not of powers and nothing contained in this Article shall be construed as limiting powers conferred upon this Corporation by the California Nonprofit Religious Corporation Law.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be DCHS.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to religious, charitable, educational and scientific purposes meeting the requirements for exemption provided by § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors (a) to DCHS, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (b) to the Daughters of Charity Ministry Services Corporation, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, or any successor thereto, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose (c) to the Province, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt

status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (d) to a nonprofit fund, foundation, entity or corporation approved by the Province that is organized and operated exclusively for religious, charitable, educational or scientific purposes, that has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC and that is operated in the United States for the benefit of the Province, or if for any reason it is unable to take such assets for such purposes, or if no such fund, foundation or corporation exists, (e) to such organization or organizations determined by the Board of Directors and organized and operated exclusively for religious, charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and under § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

The name and address in the State of California of this corporation's initial agent for service of process is:

Gerald Kozai
St. Francis Medical Center
3630 E. Imperial Highway
Lynwood, CA 90262

BYLAWS OF

ST. FRANCIS MEDICAL CENTER

ARTICLE I

NAME

The name of this Corporation shall be as set forth in its Articles of Incorporation.

ARTICLE II

DEFINITIONS

Section 1. Definitions. These Bylaws contain the terms "Affiliate" and "Health System." These terms are also used in the bylaws of other entities comprising the Health System. For purposes of continuity, when used in these Bylaws, such terms shall be interpreted to give full effect to the intent of Article XIII of these Bylaws.

(a) Affiliate. The term "Affiliate" shall mean, individually, each organization that is controlled, directly or indirectly, by Verity Health System of California, Inc., a California nonprofit public benefit corporation ("Verity"), or by another organization controlled by Verity. As used in this definition, "control" shall mean (a) the status of sole corporate member of an organization; or (b) the authority to appoint, elect or approve at least a majority of the governing body of an organization.

(b) Corporate Member. The term "Corporate Member" shall mean Verity.

(c) Corporation. The term "Corporation" shall mean St. Francis Medical Center.

(d) Health System. The term "Health System" shall mean, collectively, Verity, this Corporation and the Affiliates of Verity.

(e) Subsidiary. "Subsidiary" shall mean an Affiliate that is under the direct control of another Affiliate.

(f) System Authority Matrix. The term "System Authority Matrix" shall mean the document as in effect from time to time which sets forth the respective responsibilities and authorities for Health System operations and decision making.

Section 2. Other Capitalized Terms. Capitalized terms used in these Bylaws and not otherwise defined herein are used herein with the meanings given them in the California Nonprofit Corporation Law.

ARTICLE III

PURPOSES

Section 1. Purposes. The purposes of this Corporation are set out in its Articles of Incorporation as in effect from time to time.

ARTICLE IV

OFFICES AND SEAL

Section 1. Principal Office. The principal office of this Corporation shall be in the County of Los Angeles, State of California.

Section 2. Seal. This Corporation may have a common seal inscribed with the name of this Corporation.

ARTICLE V

CORPORATE MEMBERSHIP

Section 1. Corporate Membership. The sole member of this Corporation is Verity, acting through its Board of Directors or otherwise as provided in Article XIII, Section 2 of these Bylaws or the California Nonprofit Corporation Law.

Section 2. Rights and Powers of the Corporate Member. As the sole member of this Corporation under the California Nonprofit Corporation Law, the Corporate Member has all corresponding statutory rights and powers of membership. In addition, the Corporate Member has the power (which are termed the "Reserved Powers" of the Corporate Member) to take or approve the following actions:

(a) Approve or change the mission, role and purpose of this Corporation;

(b) Amend the Bylaws and Articles of Incorporation of this Corporation;

(c) Authorize the Board of Directors to amend the bylaws, articles of incorporation or other organizational documents of any Affiliate;

(d) Approve the formation, merger, dissolution, consolidation, divestiture, closure, change in corporate membership or control and reorganization of each direct Affiliate of this Corporation;

(e) Fix the number and appoint and remove the Directors of this Corporation;

(f) Appoint and remove the Chairperson of the Board and the President and Chief Executive Officer of this Corporation and of each direct Affiliate or Subsidiary of this Corporation;

(g) Approve the merger, consolidation, reorganization or dissolution of this Corporation and the disposition of the assets of this Corporation upon dissolution;

(h) Approve the acquisition, sale, lease, mortgage, transfer or other alienation of real or personal property of this Corporation other than in accordance with the System Authority Matrix;

(i) Approve the capital and operating budgets of this Corporation or of any Affiliate controlled by this Corporation;

(j) Approve the incurrence of debt or guaranties of this Corporation other than in accordance with the System Authority Matrix;

(k) Establish policy concerning quality of care and services for the Corporation and to approve any such policies of this Corporation that are inconsistent with the System Authority Matrix;

(l) Establish policy and procedures concerning finance and resources for the Corporation and to approve any such policies or procedures that are inconsistent with such policies or procedures;

(m) Establish criteria for the long-range financial and strategic plans of the Corporation and to approve any such plans;

(n) Establish an internal auditing program and approve any material element of the internal auditing program for this Corporation that is inconsistent with the internal auditing program established by the Corporate Member;

(o) Approve capital expenditures by this Corporation or for any Affiliate controlled by this Corporation other than in accordance with the System Authority Matrix;

(p) Approve the transfer of funds, by gift or loan, between this Corporation and one or more other Affiliates of Verity and this Corporation or to any other person or entity other than in accordance with System Authority Matrix; and

(q) Approve any other action by this Corporation or for any Affiliate controlled by this Corporation that has been established by resolution of the Corporate Member as requiring its approval, including, but not limited to, any approvals of authority necessary to ensure compliance with any credit agreement, master indenture or loan agreement to which this Corporation or any Affiliate controlled by this Corporation is a party.

Section 3. Voting By Proxy. The Corporate Member may not vote by proxy.

Section 4. Appointment of Officer or Director or Others to Act on Behalf of Corporate Member. Subject to applicable law and the articles of incorporation and bylaws of the Corporate Member, the Corporate Member's board of directors may, by resolution, appoint one of more officers or directors of the Corporate Member or one or more other persons to act on its behalf, in its capacity as Corporate Member of this Corporation.

Section 5. Annual Meeting. A meeting of the Corporate Member shall be held annually for the purpose of appointing Directors and to transact such other business as may be brought before such meeting. The annual meeting of the Corporate Member shall be held at such time and place as the board of directors of the Corporate Member determine from time to time.

Section 6. Action by Written Consent. Any action required or permitted to be taken at a meeting (whether annual, regular or special) by the Corporate Member under any provision of law, the Articles of Incorporation or these Bylaws may be taken without a meeting if the Corporate Member consents to such action in writing. Each such written consent shall be filed with the minutes of the proceedings of the Corporation. Such action by written consent shall have the same force and effect as a vote of the Corporate Member. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Corporate Member without a meeting shall state that the action was taken by written consent of the Corporate Member without a meeting and that the Bylaws of the Corporation authorize the Corporate Member to so act.

ARTICLE VI

BOARD OF DIRECTORS

Section 1. Powers. Subject to the provisions of this Corporation's Articles of Incorporation, these Bylaws, the Reserved Powers of the Corporate Member, the System Authority Matrix and the laws of the State of California, the activities and affairs of this Corporation shall be managed and conducted and all corporate powers shall be exercised by or under the direction of this Corporation's Board of Directors. To facilitate the management and conduct of this Corporation's activities and affairs, the Board of Directors shall establish corporate policies for, and formulate the basic rules and regulations governing the operation and management of, this Corporation and generally oversee and be responsible for the quality of care and the planning of services rendered by this Corporation. The Board of Directors may delegate the management and conduct of this Corporation's activities and affairs to any person or persons, management company, or committee however composed, provided that no delegation of authority by the Board of Directors to the Chief Executive Officer (as defined in Article VIII, Section 4 below), or anyone else, shall preclude the Board of Directors from exercising the authority required to meet its governance responsibility for the management and conduct of this Corporation's activities and affairs; and provided, further, that any delegation of powers of the Board may be made only to a committee of the Board consisting only of Directors and shall be subject to the further limitations on Board committees set forth in Article IX, Section 1 of these Bylaws. The Board of Directors shall retain the right to rescind any such delegation.

Section 2. Reserved Powers of Verity as the Corporate Member; Final Action. Certain actions of the Board of Directors are subject to the Reserved Powers of Verity, acting in

its capacity as the Corporate Member of this Corporation, as set forth above in Article V of these Bylaws. Action by the Board of Directors of this Corporation that is subject to the approval of the Corporate Member pursuant to the Reserved Powers of the Corporate Member shall become final, binding action of the Corporation when such action has been approved or ratified by final action of the Corporate Member acting in accordance with these Bylaws and the bylaws of the Corporate Member.

Section 3. Number and Qualification.

(a) The Board of Directors shall consist of not less than five (5) nor more than seventeen (17) members, including:

(i) The President and Chief Executive Officer of the Corporate Member shall serve as a member of the Board, *ex officio.*

(ii) The Board of Directors may include at least one (1) person who is a member in good standing of the Board of Directors of Verity, provided that no more than fifty percent (50%) of the Directors shall be members who are in good standing of the Board of Directors of Verity.

(iii) At least one-third of the members shall be residents of Los Angeles County; and

(iv) No more than twenty (20) percent of the members of the Board of Directors shall have, either directly or indirectly, personally or through a family member, any financial relationship with BlueMountain Capital Management, LLC or any of its owned or managed affiliates or Integrity Healthcare, LLC, and may not serve as an officer, director, contractor or employee of BlueMountain Capital Management, LLC or any of its owned or managed affiliates, or Integrity Healthcare, LLC, any managed fund, or entity in which BlueMountain Capital Management, LLC has an equity stake or option to purchase, except for public companies wherein BlueMountain Capital Management, LLC has an interest of less than 10%.

(b) Restriction on Interested Directors. Not more than forty-nine percent (49%) of the persons serving on the Board of Directors at any time may be interested persons within the meaning of Section 5227 of the California Nonprofit Public Benefit Corporation Law. An interested person is (i) any person currently being compensated by this Corporation for services rendered to it within the previous twelve (12) months, whether as a full-time or part-time employee, independent contractor or otherwise, but excluding any reasonable compensation paid to a Director as Director; or (ii) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of any such person. However, any violation of the provision of this Section shall not affect the validity or enforceability of any transaction entered into by this Corporation.

Section 4. Appointment by Corporate Member. The Directors shall be appointed by Verity at each annual meeting of the Corporate Member.

Section 5. Term. Each Director (other than the President and Chief Executive Officer of the Corporate Member) shall hold office for a term of one (1) year or such other period set by the Corporate Member or until a successor is appointed and qualified or until such person sooner dies, resigns, is removed or becomes disqualified.

Section 6. Removal and Filling of Vacancies. The Board of Directors may declare vacant the office of a Director who has been declared of unsound mind by a final order of court or convicted of a felony or who has missed more than half of the meetings of the Board of Directors during any twelve-month period other than by reason of illness, or who has been found, by a final order or judgment of any court, to be in breach of any duty owed to the Corporation under Sections 5230-5239 of the California Nonprofit Public Benefit Corporation Law. In the event that such office is declared vacant, a new Director to fill the unexpired portion of the term of the Director whose office was declared vacant shall be appointed by the Corporate Member.

Section 7. Resignation. Any Director may resign at any time by delivering his or her resignation in writing to the Chairperson of the Board of Directors, the President or the Secretary or to the Board of Directors of the Corporation at its principal office; provided that, except upon notice to the Attorney General, no Director may resign if the Corporation would then be left without a duly elected Director or Directors in charge of its affairs. Such resignation shall be effective upon receipt unless specified to be effective at some other time.

Section 8. Fees and Compensation. Directors may receive such reasonable compensation (within the meaning of Internal Revenue Code Section 4958), if any, for serving as Director, and advances or reimbursement for reasonable expenses, as may be fixed or determined by the Corporate Member. Directors may receive compensation from the Corporation for services rendered to it, subject to the restriction on Interested Directors as set forth in Section 3(b) above of this Article VI.

Section 9. Self-Dealing Transactions. This Corporation shall not enter into self-dealing transactions. Except as provided in Section 9(a) of this Article VI, for the purpose of this Section, a self-dealing transaction means a transaction to which this Corporation is a party and in which one or more of the members of its Board of Directors or officers has a material financial interest and which does not meet the requirements of Sections 9(b) or 9(c) of this Article VI. Such a member of the Board of Directors is an "Interested Director" for the purpose of this Section.

(a) Exceptions. The provisions of this section do not apply to any of the following:

(i) An action of the Board of Directors fixing the compensation of a member of the Board of Directors as an officer of this Corporation.

(ii) A transaction which is part of a public or charitable program of this Corporation if it (i) is approved or authorized by this Corporation in good faith and without unjustified favoritism and (ii) results in a benefit to one or more members of the Board of

Directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(iii) A transaction, of which the Interested Director or Directors have no actual knowledge, and which does not exceed the lesser of one percent of the gross receipts of this Corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

(b) Prior Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(i) This Corporation entered into the transaction for its own benefit;

(ii) The transaction was fair and reasonable as to this Corporation at the time this Corporation entered into the transaction;

(iii) Prior to consummating the transaction or any part thereof the Board of Directors authorized or approved the transaction in good faith by a vote of a majority of the members of the Board of Directors then in office without counting the vote of the Interested Director or Directors, and with knowledge of the material facts concerning the transaction and the Director's interest in the transaction. Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction. Except as provided in Section 9(c)(i) of this Article VI, action by a committee of the Board of Directors shall not satisfy this paragraph; and

(iv) Prior to authorizing or approving the transaction the Board of Directors considered and in good faith determined after reasonable investigation under the circumstances that this Corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or (ii) this Corporation in fact could not have obtained a more advantageous arrangement with reasonable effort under the circumstances.

(c) Subsequent Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(i) A committee or person authorized by the Board of Directors approved the transaction in a manner consistent with the standards set forth in Section 9(b) of this Article VI;

(ii) It was not reasonably practicable to obtain approval of the Board of Directors prior to entering into the transaction; and

(iii) The Board of Directors, after determining in good faith that the conditions of subparagraphs (i) and (ii) of this subsection (c) were satisfied, ratified the transaction at its next meeting by a vote of the majority of the members of the Board of Directors then in office without counting the vote of the Interested Director or Directors. Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction.

ARTICLE VII

MEETINGS OF THE BOARD OF DIRECTORS

Section 1. Place of Meeting. All meetings of the Board of Directors shall be held at the principal office of this Corporation or at such other place as may be designated for that purpose in the notice of the meeting or, if not stated in the notice or there is no notice, at such place as may be set by resolution of the Board.

Section 2. Annual Meeting. As soon as reasonably practicable, but no later than sixty (60) days after the annual meeting of the Corporate Member, the Board of Directors shall hold an annual meeting for the purpose of organizing the Board, electing officers other than the Chairperson of the Board, and the transaction of such other business as may come before the meeting. The date of the annual meeting shall be fixed by resolution. No notice of the annual meeting of the Board of Directors need be given.

Section 3. Regular Meetings. Regular meetings of the Board of Directors shall be held at such time as the Corporate Member may fix by resolution from time to time. No notice of regular meetings of the Board of Directors need be given.

Section 4. Special Meetings. Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the Chairperson of the Board or by two (2) or more Directors of this Corporation, or by the Corporate Member.

Section 5. Notice of Special Meetings. Notice of the time and place of special meetings shall be communicated personally or by telephone to each Director or sent to each Director by mail or other form of written communication (including e-mail), addressed to such Director at his or her address as it is shown on the records of this Corporation. Such notice, if mailed, shall be mailed at least seventy-two (72) hours prior to the time of the meeting, or if delivered personally, telephonically or telegraphically or by e-mail, shall be received at least forty-eight (48) hours prior to the time of the meeting.

Section 6. Waiver of Notice. Notice of a meeting need not be given to any Director who signs a waiver of notice or a written consent to hold the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 7. Quorum. At all meetings of the Board of Directors, a majority of the then serving Directors, but not less than two (2), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of the Directors present, whether or not a quorum, may adjourn any Directors meeting to another time and place. The act of a majority of the Directors present at any meeting at which there is a quorum shall be the act of the Board of Directors, unless a greater number is required by law. Notwithstanding the previous provisions of this Section, the Directors present at a meeting at which a quorum is initially present may continue to transact business notwithstanding the

withdrawal of Directors, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

Section 8. Action Without Meeting. Any action required or permitted to be taken by the Board of Directors may be taken without a meeting if all of the Directors individually or collectively shall consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the Board. Such action by written consent shall have the same force and effect as the unanimous vote of such Directors. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Board without a meeting shall state that the action was taken by written consent of the Board of Directors without a meeting and that the Bylaws of the Corporation authorize its Directors to so act.

Section 9. Telephonic Meeting. Directors may participate in a meeting of the Board through the use of conference telephone or similar communication equipment, as long as all Directors participating in such meeting can hear one another. Participation in this manner shall constitute presence in person at such meeting.

Section 10. Prohibition Against Voting by Proxy. Directors may not vote by proxy.

Section 11. Board Observer. The President and Chief Executive Officer of the Corporate Member shall appoint one of Verity's Corporate Officers to be an official Board Observer of the Board of Directors. The Board Observer shall have the right to be heard at any meetings of the Board of Directors, but in no event shall the Board Observer (i) be deemed to be a member of the Board; or (ii) have the right to vote on any matter under consideration by the Board.

ARTICLE VIII

CORPORATE OFFICERS

Section 1. Officers.

(a) The officers of this Corporation shall include a Chairperson of the Board, a Vice Chairperson of the Board, a President and Chief Executive Officer ("CEO"), a Chief Financial Officer ("CFO"), and a Secretary all of whom shall be selected in accordance with the provisions of this Article VIII. Neither the Chairperson of the Board nor the President/CEO may serve concurrently as the Secretary or CFO of this Corporation.

(b) Each officer shall hold office until his or her resignation or removal, other disqualification to serve or until his or her successor shall be elected and qualified.

(c) The Board of Directors may appoint such additional officers from among the members of the Board of Directors (including, for example, one (1) or more assistant Secretaries), as the business of this Corporation may require, each of whom shall serve for such period, have such authority and perform such duties as the Board of Directors from time to time may authorize.

Section 2. Removal of Officers. Any officer, other than the Chairperson of the Board, the President and CEO and the CFO, may be removed, with or without cause, by a majority of Directors then in office, at any regular or special meeting of the Board. The Chairperson of the Board may be removed, with or without cause, only by the Corporate Member, and the President/CEO may be removed, with or without cause, only by the Corporate Member after consultation with the Board of Directors of this Corporation and the President/CEO of the Corporate Member. The CFO may be removed, with or without cause, only by the President/CEO of this Corporation with the concurrence of the Chief Financial Officer of the Corporate Member after consultation with the Board of Directors of this Corporation. If a vacancy occurs in any office as a result of death, resignation, removal, disqualification or any other cause, the Board of Directors may delegate the powers and duties of such office, except as otherwise provided in these Bylaws, to any officer or to any Director until such time as a successor for such office has been appointed. Any officer who is also a Director shall be automatically removed as such an officer upon his or her removal as a Director in accordance with the provisions of Article VI, Section 6 of these Bylaws.

Section 3. Chairperson of the Board. The Chairperson of the Board shall be appointed by the Corporate Member in connection with the appointment of the Directors. The Chairperson of the Board shall have the powers and duties usually associated with such office. The Chairperson of the Board shall preside over meetings of the Board of Directors, supervise activities of the Board, and serve as an ex officio voting member of all Board committees.

Section 4. President and Chief Executive Officer. The President/CEO shall be the chief executive officer of this Corporation, shall be an employee of Verity, and shall serve as a member of the Verity executive team. The President/CEO shall be appointed by the Corporate Member after consultation with this Corporation's Board of Directors and the President/CEO of the Corporate Member. He or she shall serve such term as may be determined by the Board of Directors. He or she shall report to and be accountable to this Corporation's Board of Directors and to the President/CEO of the Corporate Member and shall have general supervision, direction and control of the business, employees and independent contractors of this Corporation and shall be held responsible for the proper functioning and management of this Corporation. The President/CEO shall possess the degree of education and experience appropriate to the proper discharge of these responsibilities and, if a management or employment agreement may be in effect, meet all of the requirements set forth in the management or employment agreement. The President/CEO may sign, with the Secretary or any other officer of this Corporation as authorized by this Corporation's Board of Directors, any instrument which this Corporation's Board of Directors has authorized to be executed. The Chairperson of the Board of this Corporation and the President/CEO of the Corporate Member shall initiate and conduct periodic performance reviews of the President/CEO of this Corporation, taking into account the advice and comments of this Corporation's Board of Directors. Subject to the control of this Corporation's Board of Directors and the direction of the Corporate Member, the President/CEO shall organize the administrative functions of this Corporation, delegate duties and establish formal means of accountability on the part of his or her subordinate officers. The President/CEO shall have the general powers and duties of management usually vested in the chief executive officer under the California Nonprofit Public Benefit Corporation Law and shall have other powers and duties as may be prescribed by this Corporation's Board of Directors, these Bylaws, and the policies of the Corporate Member.

Section 5. Vice Chairperson of the Board. The Vice Chairperson of the Board shall be elected from among the Directors and, in the absence or disability of the Chairperson of the Board, shall perform all duties of the Chairperson of the Board and, when so acting, shall have all powers of and be subject to all restrictions upon the Chairperson of the Board. In the absence of both the Chairperson of the Board and the Vice Chairperson of the Board, the Board shall select one of its members, other than the Secretary or CFO, to act as Chairperson of the Board.

Section 6. Secretary. The Secretary shall be appointed initially by the Corporate Member and thereafter shall be elected from among the Directors and shall keep or cause to be kept at the principal office or at such other place as the Board of Directors may determine, a book of minutes of all meetings of the Directors, whether annual, regular or special, with the time and place of the meeting, the notice given, the names of those present at the meeting, the proceedings thereat and, if a special meeting, how it was authorized. The Secretary shall give or cause to be given notice of all meetings of the Board of Directors required by these Bylaws or by law. The Secretary shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws.

Section 7. Chief Financial Officer. The CFO shall and according to the direction of the Board of Directors and the President/CEO, keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of this Corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses and capital. The CFO shall deposit all monies and other valuables in the name and to the credit of this Corporation with such depositaries as may be designated by the Board of Directors. The CFO shall disburse the funds of this Corporation as may be ordered by the Board of Directors, shall render to the President/CEO, the Directors or the Chief Financial Officer of the Corporate Member, whenever they request it, an account of all transactions and of the financial condition of this Corporation, and shall have other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws. The CFO shall be appointed by and subject to removal by the President/CEO of this Corporation as a corporate employee with the concurrence of the Chief Financial Officer of the Corporate Member after consultation with the Board of Directors of this Corporation. He or she shall serve such term as may be determined by the Board of Directors. He or she shall report to and be accountable to the President/CEO of this Corporation and the Chief Financial Officer of the Corporate Member.

Section 8. Reporting Relationship of Certain Corporate Officers to the Board of Directors. Persons serving from time to time in the positions of Corporate Responsibility Officer and Vice President and General Counsel of the Corporate Member shall report to and be accountable to the Corporate Member's board of directors and the President/CEO and each of them shall be entitled to confidential access to this Corporation's Chairperson and other members of this Corporation's Board of Directors as necessary or advisable to carry out such person's duties in such position.

Section 9. Resignation. Any officer may resign at any time by giving written notice to this Corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the

acceptance of the resignation is without prejudice to the rights, if any, of this Corporation under any contract to which the officer is a party.

Section 10. Vacancies. A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these Bylaws for regular appointments to that office.

ARTICLE IX

COMMITTEES

Section 1. Generally.

(a) The Board of Directors may by resolution establish (1) Committees of the Board which shall have legal authority to act for this Corporation, subject to the authority of any Health System-wide committees appointed by Verity, and (2) Advisory Committees. Committees may be either standing or special. Members of all committees shall serve at the pleasure of the Board. Any Committee of the Board which shall have legal authority to act for this Corporation, to the extent provided in a resolution of the Board adopted by a majority of the Directors then in office, shall have all authority of the Board, except with respect to:

(i) The approval of any action for which the California Nonprofit Public Benefit Corporation Law or these Bylaws also require approval of the Corporate Member, or a majority of this Corporation's Board of Directors;

(ii) The filling of vacancies on the Board of Directors or on any committee that has the authority of the Board;

(iii) The amendment or repeal of any resolution of the Board of Directors that by its express terms is not so amendable or repealable;

(iv) The appointment of other Committees of the Board or members thereof; or

(v) The approval of any self-dealing transaction, except as provided in Section 5233(d)(3) of the California Nonprofit Public Benefit Corporation Law.

(b) The Board of Directors shall have the power to prescribe the manner in which proceedings of any committee shall be conducted. In the absence of any such prescription, such committee shall have the power to prescribe the manner in which its proceedings shall be conducted. Unless these Bylaws, the Board or such committee shall otherwise provide, the regular and special meetings and other actions of any committee shall be governed by the provisions of Article VII of these Bylaws. Each committee shall keep minutes of its proceedings and shall report the same to the Board from time to time, as the Board of Directors may require.

The Board of Directors shall review the charter of each committee governed by a charter at least once every two years.

Section 2. Committees of the Board. Only Directors may be appointed as members of Committees of the Board. Each Committee of the Board shall consist of two or more Directors. The Chairperson and members of Committees of the Board shall be appointed by the Board of Directors by resolution adopted by a majority of the Directors then in office. The Board may designate one or more Directors as alternate members of any such committee, who may replace any absent member at any meeting of the committee.

Section 3. Advisory Committees. Advisory Committees may consist of two or more persons and may consist of Directors only, Directors and non-Directors, or non-Directors only, and may include non-voting members and alternate members. The Chairperson and members of Advisory Committees shall be appointed by the Chairperson of the Board or the Board of Directors. Advisory Committees shall have no legal authority to act for this Corporation.

Section 4. Executive Committee.

(a) There may be an Executive Committee which, if established, shall consist of some such members of the Board of Directors as the Board may designate. The Chairperson of the Executive Committee shall be the person then serving as Chairperson of the Board. The Executive Committee shall have authority to act for this Corporation, subject to the provisions of Section 1 of this Article.

(b) The establishment of an Executive Committee and the delegation of authority to it shall not operate to relieve the Board of Directors or any individual Director of any responsibility imposed on it or him or her by law, by the Articles of Incorporation of this Corporation or these Bylaws.

(c) The Executive Committee shall meet at such times as it deems necessary, provided that reasonable notice of all meetings of the Executive Committee shall be given to its members and no act of the Executive Committee shall be valid unless approved by the vote of a majority, or by the unanimous written consent, of its members.

Section 5. Finance Committee. The Finance Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. It shall consist of not fewer than four members, all of whom shall be or shall be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. The members of the Committee shall include the President and Chief Executive Officer of the Corporation, the Chief Financial Officer of the Corporation, the Chief Financial Officer of the Corporate Member, and at least one other person who is not an officer of the Corporation. The Committee shall have general surveillance over the finances of the Corporation, shall approve the annual budget of and any financial statements prepared by the Corporation, and shall make regular reports and recommendations to the Board of Directors. If there is no separate Audit Committee, the Finance Committee shall be

responsible for performing the functions of the Audit Committee as set forth in these Bylaws. For the avoidance of doubt, the Board retains the ultimate authority to approve the annual budget and any financial statements prepared by the Corporation.

Section 6. Audit Committee. The Audit Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. It shall consist of not fewer than three members, all of whom shall be or shall be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. None of the members may be employees of the Corporation. Members of the Audit Committee shall not receive any compensation from the Corporation in excess of the compensation, if any, received by Directors for service on the Board and shall not have a material financial interest in any entity doing business with the Corporation. The Committee shall meet quarterly and shall meet at least annually with the outside auditor or auditors of the Corporation. The Committee shall have general surveillance over the auditing of the financial records of the Corporation, shall approve the financial statements prepared by the Corporation, and shall make regular reports and recommendations to the Board of Directors, all subject to the authority of the audit committee of Verity or any Health System-wide audit committee that may be established by Verity from time-to-time.[1] At the sole discretion of the Corporate Member, the Audit Committee of this Corporation may be dissolved and all of its responsibilities shall be assumed by the Corporate Member's audit committee.

Section 7. Quality and Patient Safety Committee. The Quality and Patient Safety Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. The Quality and Patient Safety Committee shall consist of not fewer than three members, all of whom shall be or shall be capable of becoming familiar with basic issues and requirements affecting the quality performance of acute-care hospitals. The Committee's composition shall be as follows: (1) at least one member of the Committee shall be a Director in good standing of this Corporation; (2) at least one shall be the Chief of Staff or other senior physician practicing in a facility affiliated with the Corporation, appointed by the Board of Directors; (3) the President and Chief Executive Officer of the Corporation shall be a voting ex officio member; and (4) the Vice President of Quality of the Corporate Member shall be each a voting ex officio member. The Quality and Patient Safety Committee shall meet a minimum of six times a year, shall present regular reports to the Board of Directors and shall oversee the establishment and implementation of an ongoing quality assurance program in accordance with its charter, including, for example and without limitation: review of reports from the administration and the medical staff of the Corporation addressing quality performance, assessment of the impact of the Committee's oversight on quality performance, review of information regarding patient experience, evaluation of the adequacy of resources allocated to quality improvement, and monitoring of participation in national quality improvement efforts.

Section 8. Term of Office. The Chairperson and each member of a standing committee shall serve until the next election of Directors and until his or her successor is appointed or until such committee is sooner terminated or until he or she is removed, resigns or

otherwise ceases to qualify as a member of the committee. The Chairperson and each member of a special committee shall serve for the life of the committee unless they are sooner removed, resign or cease to qualify as members of such committee.

Section 9. Vacancies. Vacancies on any committee may be filled for the unexpired portion of the term in the same manner as provided in the case of original appointments.

Section 10. Quorum. At all committee meetings, a majority of committee members then serving, but not less than two (2), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of committee members present, whether or not a quorum, may adjourn any committee meeting to another time and place. The act of a majority of the committee members present at a meeting at which there is a quorum shall be the act of the committee. Notwithstanding previous provisions of this Section, the committee members present at a meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of committee members, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

ARTICLE X

MEDICAL STAFF

Section 1. Organization, Appointments and Hearings.

(a) The Corporation shall maintain an organized medical staff that is accountable to the Board of Directors. The Board of Directors shall have the ultimate authority and responsibility for the oversight and delivery of health care rendered by all licensed independent practitioners and other practitioners granted practice privileges at health facilities licensed in the name of this Corporation. The Board of Directors shall organize the physicians, dentists, podiatrists and such other categories as may be permitted by law and granted practice privileges at health facilities licensed in the name of this Corporation into one or more staffs ("Medical Staff") under Medical Staff bylaws approved by the Board of Directors. The Board of Directors shall also make provision for credentialing and privileging through the medical staff process of such categories of licensed independent practitioners and other practitioners as the Board of Directors may authorize under Medical Staff bylaws approved by the Board of Directors (the "Allied Health Professional Staff"). The Board of Directors shall consider recommendations of the Medical Staff and appoint to the Medical Staff and the Allied Health Professional Staff such practitioners as meet the qualifications for membership and privileges set forth in the Medical Staff bylaws. Only members of the Medical Staff may admit patients. Each member of the Medical Staff and the Allied Health Professional Staff shall have appropriate authority and responsibility for the care of his or her patients, subject to the limits of his or her licensure and privileges, as delineated by the Board of Directors, and subject to such limits as are contained in these Bylaws and in the Bylaws, Rules and Regulations of the Medical Staff.

(b) All applications for appointment to the Medical Staff and the Allied Health Professional Staff shall be in writing and addressed to the Medical Staff secretary. They shall contain full information concerning the applicant's education, licensure, practice, previous hospital experience and any history with regard to licensure and hospital privileges.

(c) All appointments to the Medical Staff and the Allied Health Professional Staff shall be for a maximum period of two (2) years, renewable by the Board of Directors upon re-application. When an appointment is denied or not renewed, or when privileges have been or are proposed to be denied, reduced, suspended or terminated, the affected practitioner shall be afforded a fair hearing and review conducted in accordance with the hearing and appeal provisions of the Medical Staff bylaws.

(d) Liaison among the Board, Administration, the Medical Staff and the Allied Health Professional Staff shall be accomplished as determined by the Board of Directors from time to time.

Section 2. Medical Care and Evaluation.

(a) The Medical Staff shall be responsible to the Board of Directors for providing appropriate professional care to patients and for overseeing the quality of care, treatment and services delivered by the Medical Staff and the Allied Health Professional Staff, evaluating the competency of practitioners, delineating the privileges of members of the Medical Staff and the Allied Health Professional Staff, and providing leadership in performance improvement activities of the Corporation.

(b) The Board of Directors, in the exercise of its responsibility to establish, maintain and support an ongoing performance improvement program, shall delegate to the Medical Staff initial authority for assuring appropriate professional care by members of the Medical Staff to patients. The Medical Staff shall discharge this responsibility through a continuing review, analysis, and appraisal of the quality of care provided by members of the Medical Staff and the Allied Health Professional Staff and an appropriate response to findings. Such performance improvement activities shall be regularly reported, together with their results and recommended responses, to the Board of Directors.

(c) The Medical Staff and the Allied Health Professional Staff shall maintain adequate and accurate medical records for all patients.

(d) The Medical Staff shall make recommendations to the Board of Directors concerning:

(i) Appointments, re-appointments and alterations to Medical Staff and Allied Health Professional Staff status;

(ii) Granting, revocation and alteration of privileges;

(iii) Corrective and disciplinary actions;

(iv) All matters relating to professional competency; and

(v) Such specific matters as may be referred to it by the Board of Directors.

Section 3. Medical Staff Bylaws.

(a) There shall be Bylaws, Rules and Regulations for the Medical Staff setting forth its organization and government. Proposed Medical Staff bylaws, rules and regulations shall be recommended and approved by the Medical Staff and shall become effective only upon their approval by the Board of Directors, which approval shall not be unreasonably withheld.

(b) The Medical Staff Bylaws shall include procedures for:

(i) written, well-defined criteria for appointment, precluding the possibility of discrimination according to color, national origin, race, creed, sex or age;

(ii) appointment, reappointment, delineation of privileges, curtailment and revocation of privileges;

(iii) an appeals mechanism for review of decisions to deny, curtail or revoke privileges;

(iv) a performance improvement program by which patient care is regularly evaluated and verification of this evaluation and of responsive actions taken is provided to the Board of Directors;

(v) attestation by signature of each practitioner that he or she will abide by the Medical Staff Bylaws, Rules and Regulations and the policies of the Corporation and Health System;

(vi) communication between the Board of Directors and the Medical Staff through the Executive Committee of the Medical Staff;

(vii) requiring that only a licensed practitioner with clinical privileges shall be directly responsible for a patient's diagnosis and treatment within the area of such practitioner's privileges; each patient's general medical condition shall be the responsibility of a physician member of the Medical Staff; each patient admitted shall receive a baseline history and physical examination by a physician or other licensee who has the requisite privileges; a physician member of the Medical Staff shall be responsible for the care of any medical problems that may be present at the time of admission or that may arise during hospitalization;

(viii) the selection and appointment of officers of the Medical Staff and of Medical Staff department chairpersons, all of whom shall be subject to approval of the Board of Directors;

(ix) restricting membership in the Medical Staff to physicians, dentists, podiatrists and, when authorized, clinical psychologists, and membership in the Allied Health Professional Staff to licensed independent practitioners in categories approved for privileges

who are competent in their respective fields, worthy in character and in professional ethics; and

(x) maintaining self-government by the Medical, Staff with respect to the professional work performed at the Corporation and periodic meetings of the Medical Staff to review and analyze clinical experience at regular intervals, with patient medical records as the basis for such review and analysis.

(c) The Medical Staff Bylaws shall provide that:

(i) there shall be no discrimination with respect to Medical Staff privileges or the provision of professional services against a licensed physician on the basis of whether that physician holds an M.D. or a D.O. degree; and

(ii) whenever staffing requirements for a service mandate that the physician responsible for the service be certified or eligible for certification by an appropriate American Medical board, such position may be filled by an osteopathic physician who is certified or eligible for certification by the equivalent appropriate American osteopathic board.

Section 4. Medico-Administrative Personnel. Except as specified in written requirements for such positions, physicians and specified professional personnel engaged by this Corporation either full time or part time as employees or independent contractors in any medico-administrative positions, shall not be required to maintain membership on the Medical Staff Members of the Medical Staff in medico-administrative positions may be terminated from their contractual relationship with this Corporation according to corporate policy or according to the terms of their contracts.

ARTICLE XI

GENERAL PROVISIONS

Section 1. Voting Interests. Subject to the limitations of Article VI, Section 2 of these Bylaws (Reserved Powers of the Corporate Member), the Corporation may vote any and all shares or other voting securities held by it in any other corporation or other entity and may exercise any and all membership rights held by it in any other corporation. Such action shall be undertaken or evidenced on behalf of this Corporation by such officer, agent or proxy as the Board of Directors may appoint or, in the absence of any such appointment, by the Chairperson of the Board or by an officer who is also a Director and, in such case, such person may likewise appoint a proxy to vote such securities.

Section 2. Checks, Drafts, Etc. All checks, drafts or other orders for payment of money, notes or other evidences of indebtedness issued in the name of or payable to this Corporation and any and all securities owned or held by this Corporation requiring signature for

transfer shall be signed or endorsed by such person or persons and in such manner as from time to time shall be determined by the Board of Directors.

Section 3. Execution of Contracts. Except as otherwise provided in these Bylaws, and subject to the System Authority Matrix, the Board of Directors may authorize any officer or officers, agent or agents to enter into any contract or execute any instrument in the name of and on behalf of this Corporation and such authority may be general or confined to specific instances. Unless so authorized by the Board of Directors, no officer, agent or employee shall have any power or authority to bind this Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or in any amount.

Section 4. Inspection of Corporate Records. The accounting books and records of this Corporation, the minutes of proceedings of this Corporation's Board of Directors and Committees, and the minutes of proceedings of the Corporate Member acting in its capacity as member of this Corporation shall be open to inspection upon the written request by the Corporate Member or any Director at any reasonable time and for any purpose reasonably related to the interests of the Corporate Member, or the Director, as applicable. Such inspection may be made in person or by an agent or attorney.

Section 5. Annual Report. The Board of Directors shall cause an annual report to be sent to each Director of this Corporation and to the Corporate Member, no later than one hundred twenty (120) days after the close of this Corporation's fiscal or calendar year. Such annual report shall be prepared in conformity with requirements of the California Nonprofit Corporation Law.

Section 6. Fiscal Year. The fiscal year of this Corporation shall begin on the first day of July each year and end on June 30th of the following year.

Section 7. Review of Bylaws. At least once every two (2) years, the Board of Directors shall review, or delegate to an appropriate committee the review of, these Bylaws and recommend revisions to the Corporate Member as necessary to assure their compliance with all relevant requirements for licensure and accreditation of the health care facilities of the Corporation by state agencies and The Joint Commission, respectively.

Section 8. Financial Statements Must Be Made Available. If the Corporation prepares an audited financial statement, such audited financial statement shall be made available for inspection by the California Attorney General and by all members of the public no later than nine months after the close of the relevant fiscal year in the same manner as the Corporation's Internal Revenue Service Form 990. Each annual financial statement shall be made available to the public for three years.

Section 9. Executive Compensation Review and Approval. The Board, or any authorized Committee of the Board, shall review and approve the compensation, including benefits, of the President and CEO and the CFO to ensure that each such officer's compensation is just and reasonable. Such review and approval shall occur when the officer is initially hired, whenever the officer's term of employment is renewed or extended, and when the officer's compensation is modified, unless such modification applies to substantially all employees.

ARTICLE XII

INDEMNIFICATION AND INSURANCE

Section 1. Indemnification. To the full extent permitted by law and in the manner provided by law, this Corporation may, and if the law requires it shall, indemnify against liability and hold harmless any person who was or is a party to or is threatened to be a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a Director, officer, employee or other agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or other agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise. The foregoing rights of indemnification shall not be deemed to be exclusive of any other rights to which such person may be entitled under applicable law, and shall continue as to a person who has ceased to be a Director, officer, employee, or other agent of this Corporation and shall inure to the benefit of the estate, executors, administrators, heirs, legatees or devisees of any such person to the extent such action, suit or proceeding survives the death of such person.

Section 2. Payment of Expenses. This Corporation may pay expenses, including attorney's fees, incurred in defending any action, suit or proceeding referred to in this Article in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case and as permitted by law.

Section 3. Insurance. This Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or other agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or other agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise, against any claim or liability asserted against such person and incurred in any such capacity, or arising out of such person's status as such, whether or not this Corporation would be required or would have the power to indemnify such person against such liability under this Article or otherwise.

ARTICLE XIII

MAINTAINING A UNIFIED HEALTH SYSTEM

Section 1. Generally. In order to ensure the relationships between organizations in the Health System that are necessary to maintain a unified system, this Corporation, in accordance with policies established by the Corporate Member, shall require that the governing document or documents of any entity of which this Corporation is the sole member or controlling organization contain the following:

(a) Provisions that reserve to this Corporation the powers over such entity as may be required by applicable Health System policies;

(b) Provisions that reserve to such entity powers over organizations it controls, as may be required by applicable Health System policies; and

(c) Provisions that require such entity to require that the governing document or documents of organizations it controls contain a provision that reserves to this Corporation, to the Corporate Member of this Corporation or to such entity, as the case may be, the powers set forth in these Bylaws, the governing document or documents of such entity or applicable Health System policies. The term "governing document or documents" is used in this Article as a generic term to describe the organizational documents by which an entity is legally formed in a particular state and includes, but is not limited to, articles of incorporation, bylaws, governing resolutions, articles of partnership, joint venture agreements, operating agreements and any other document that creates or governs the organization or entity.

Section 2. Exercise of Reserved Powers. All action by this Corporation as the sole member or controlling person of an Affiliate shall be taken by this Corporation's Board of Directors.

ARTICLE XIV

GENDER AND NUMBER

Words used herein regardless of the number and gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context requires.

ARTICLE XV

AMENDMENTS

These Bylaws or any part thereof may be amended or repealed or new Bylaws may be adopted by the affirmative vote of the Corporate Member.

Exhibit A

AMENDED AND RESTATED

ARTICLES OF INCORPORATION

ARTICLE I

The name of this Corporation is "ST. VINCENT MEDICAL CENTER".

ARTICLE II

A. This Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law of the State of California for public and charitable purposes. In furtherance of the foregoing, this Corporation may do all of the following: (1) establish, acquire, develop, operate, lease, manage, and maintain acute care hospitals and appurtenant facilities; (2) promote and carry on scientific research related to the delivery of health care services; (3) establish, manage, and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served; (4) participate in any activity designed and carried on to promote the general health of the community; and (5) make donations, transfer assets, and provide other forms of aid and assistance to, for the benefit of, or in connection with Verity Health System of California, Inc., a California nonprofit public benefit corporation ("Verity") or any of its affiliates. Notwithstanding the foregoing specific statement of purposes, the Corporation shall have and may exercise all of the power of a California nonprofit public benefit corporation, but only in furtherance of the above purposes.

B. In addition to the foregoing purposes, this Corporation is organized and operated primarily for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of any future United States Internal Revenue Law) (the "IRC"), and for scientific and charitable and educational purposes within the meaning of § 214(a)(15) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC"). In furtherance of these purposes, this Corporation may:

(1) Support and foster the corporate purposes of Verity, and aid, assist and confer benefits upon Verity and its affiliates.

(2) Cooperate with health care institutions and membership institutions of Verity in their respective efforts to promote quality service at reasonable rates;

(3) Promote cooperation and the exchange of knowledge and experience within the health system established and operated by Verity;

(4) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Public

Benefit Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(5) Otherwise operate for charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part, of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or ii) by a corporation exempt from taxation under § 214 of the R&TC.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be Verity.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to charitable, educational and scientific purposes meeting the requirements of § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors to: (a) the Corporate Member, if it is organized and operated exclusively for public and charitable purposes and has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or if for any reason it is unable to take such assets for such purpose; (b) such organization or organizations determined by the Board of Directors and organized and operated exclusively for charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the

R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and meeting the requirements of § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

These Articles shall be amended only upon approval by this Corporation's Board of Directors and the Corporate Member.

I hereby certify that the foregoing transcript of 4 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

BILL JONES, Secretary of State

ARTICLE I

The name of this Corporation is: St. Vincent Medical Center.

ARTICLE II

A. This Corporation is a religious corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Religious Corporation Law primarily for religious purposes. More specifically; the purposes of this Corporation are to be faithful to the Gospel and to the Vincentian charism to serve Jesus Christ in the person of the sick poor, and thereby to support, benefit and further the religious, charitable, scientific and educational purposes of the Daughters of Charity of St. Vincent de Paul, Province of the West (the "Province"). In furtherance of the foregoing, this Corporation may do all of the following:

(1) Establish, acquire, develop, operate, lease, manage and maintain acute care hospitals and appurtenant facilities which hospitals and facilities shall be operated in adherence with the Ethical and Religious Directives for Catholic Health Facilities promulgated by the National Conference of Catholic Bishops.

(2) Promote and carry on scientific research related to the care of the sick and injured.

(3) Establish, manage and maintain various types of health plans, utilizing health delivery systems designed and coordinated to maximize benefits to the communities served.

(4) Participate in any activity designed and carried on to promote the general health of the community.

(5) Make donations, transfer assets and provide other forms of aid and assistance to, for the benefit of, or in connection with DCHS, the Province or any of their respective affiliates.

B. In addition to the foregoing purposes this Corporation is organized and operated primarily for religious, charitable, scientific and educational purposes within the meaning of § 501(c)(3) of the Internal Revenue Code of 1986, as amended (or the corresponding provision of

any future United States Internal Revenue Law) (the "IRC"), and within the meaning of § 214(a)(6) of the California Revenue and Taxation Code (or the corresponding section of any future California revenue and tax law) (the "R&TC") and, in furtherance of these purposes and consistent with the teachings of the Roman Catholic Church, this Corporation may:

(1) Serve in the housing, health care, social services and education ministries of the Roman Catholic Church and carry out its mission.

(2) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by DCHS.

(3) Promote, support and engage in any and all religious, educational, charitable and scientific ministries which are now, or may hereafter be, established by the Province.

(4) Support and foster the corporate purposes of Daughters of Charity Health System ("DCHS"), a California nonprofit religious corporation, and aid, assist and confer benefits upon DCHS and its affiliates.

(5) Cooperate with the Province sponsored health care institutions and membership institutions of DCHS in their respective efforts to promote quality service at reasonable rates.

(6) Promote cooperation and the exchange of knowledge and experience within the Daughters of Charity St. Vincent de Paul ministry.

(7) Engage in any lawful activities within the purposes and powers for which a corporation may be organized under the California Nonprofit Religious Corporation Law and as may be necessary or expedient for the administration of the affairs and attainment of the purposes of this Corporation.

(8) Otherwise operate for religious, charitable, scientific and educational purposes within the meaning of §-501(c)(3) of the IRC and within the meaning of § 214(a)(6) of the R&TC, in the course of which operation:

(a) No part of the net earnings of this Corporation shall inure to the benefit of, or be distributable to, any private shareholder or individual, except that this Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein.

(b) No substantial part of the activities of this Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and this Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office except as authorized under the IRC and R&TC.

(c) Notwithstanding any other provisions of these Articles, this Corporation shall not carry on any other activities not permitted to be carried on by (i) a corporation exempt from federal income tax under § 501(a) of the IRC, or by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC, or (ii) by a corporation exempt from taxation under § 214 of the R&TC.

C. This Corporation is formed for the purpose of supporting the overall Daughters of Charity of St. Vincent de Paul mission of responding to the multiple needs of the poor particularly for housing, health and social services, primarily in the geographic region consisting of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Montana, Oregon, Utah, Washington and Wyoming. This Article is one of purpose and not of powers and nothing contained in this Article shall be construed as limiting powers conferred upon this Corporation by the California Nonprofit Religious Corporation Law.

ARTICLE III

This Corporation shall have one member (the "Corporate Member"). The Corporate Member shall be DCHS.

ARTICLE IV

The property and assets of this Corporation are irrevocably dedicated to religious, charitable, educational and scientific purposes meeting the requirements for exemption provided by § 214 of the R&TC. Upon the winding up and dissolution of this Corporation, its assets remaining, after payment or adequate provision for payment of all debts and obligations of this Corporation, shall be distributed in accordance with a plan of liquidation approved by the Board of Directors (a) to DCHS, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (b) to the Daughters of Charity Ministry Services Corporation, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, or any successor thereto, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose (c) to the Province, if it is organized and operated exclusively for charitable purposes and has established its tax-exempt

status under § 501(c)(3) of the IRC and under § 214 of the R&TC, or if for any reason it is unable to take such assets for such purpose, (d) to a nonprofit fund, foundation, entity or corporation approved by the Province that is organized and operated exclusively for religious, charitable, educational or scientific purposes, that has established its tax-exempt status under § 501(c)(3) of the IRC and under § 214 of the R&TC and that is operated in the United States for the benefit of the Province, or if for any reason it is unable to take such assets for such purposes, or if no such fund, foundation or corporation exists, (e) to such organization or organizations determined by the Board of Directors and organized and operated exclusively for religious, charitable, educational or scientific purposes as shall at the time qualify as an exempt organization or organizations under § 501(c)(3) of the IRC and under § 214 of the R&TC. No assets shall be distributed to any organization if any part of the net earnings of such organization inures to the benefit of any private person or individual, or if a substantial part of the activities of such organization is the carrying on of propaganda or otherwise attempting to influence legislation, or if the organization participates in, or intervenes in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office, or if the organization carries on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under § 501(c)(3) of the IRC and under § 214 of the R&TC or (ii) by a corporation, contributions to which are deductible under § 170(c)(2) of the IRC.

ARTICLE V

BYLAWS OF

ST. VINCENT MEDICAL CENTER

ARTICLE I

NAME

The name of this Corporation shall be as set forth in its Articles of Incorporation.

ARTICLE II

DEFINITIONS

Section 1. Definitions. These Bylaws contain the terms "Affiliate" and "Health System." These terms are also used in the bylaws of other entities comprising the Health System. For purposes of continuity, when used in these Bylaws, such terms shall be interpreted to give full effect to the intent of Article XIII of these Bylaws.

(a) Affiliate. The term "Affiliate" shall mean, individually, each organization that is controlled, directly or indirectly, by Verity Health System of California, Inc., a California nonprofit public benefit corporation ("Verity"), or by another organization controlled by Verity. As used in this definition, "control" shall mean (a) the status of sole corporate member of an organization; or (b) the authority to appoint, elect or approve at least a majority of the governing body of an organization.

(b) Corporate Member. The term "Corporate Member" shall mean Verity.

(c) Corporation. The term "Corporation" shall mean St. Vincent Medical Center.

(d) Health System. The term "Health System" shall mean, collectively, Verity, this Corporation and the Affiliates of Verity.

(e) Subsidiary. "Subsidiary" shall mean an Affiliate that is under the direct control of another Affiliate.

(f) System Authority Matrix. The term "System Authority Matrix" shall mean the document as in effect from time to time which sets forth the respective responsibilities and authorities for Health System operations and decision making.

Section 2. Other Capitalized Terms. Capitalized terms used in these Bylaws and not otherwise defined herein are used herein with the meanings given them in the California Nonprofit Corporation Law.

ARTICLE III

PURPOSES

Section 1. Purposes. The purposes of this Corporation are set out in its Articles of Incorporation as in effect from time to time.

ARTICLE IV

OFFICES AND SEAL

Section 1. Principal Office. The principal office of this Corporation shall be in the County of Los Angeles, State of California.

Section 2. Seal. This Corporation may have a common seal inscribed with the name of this Corporation.

ARTICLE V

CORPORATE MEMBERSHIP

Section 1. Corporate Membership. The sole member of this Corporation is Verity, acting through its Board of Directors or otherwise as provided in Article XIII, Section 2 of these Bylaws or the California Nonprofit Corporation Law.

Section 2. Rights and Powers of the Corporate Member. As the sole member of this Corporation under the California Nonprofit Corporation Law, the Corporate Member has all corresponding statutory rights and powers of membership. In addition, the Corporate Member has the power (which are termed the "Reserved Powers" of the Corporate Member) to take or approve the following actions:

(a) Approve or change the mission, role and purpose of this Corporation;

(b) Amend the Bylaws and Articles of Incorporation of this Corporation;

(c) Authorize the Board of Directors to amend the bylaws, articles of incorporation or other organizational documents of any Affiliate;

(d) Approve the formation, merger, dissolution, consolidation, divestiture, closure, change in corporate membership or control and reorganization of each direct Affiliate of this Corporation;

(e) Fix the number and appoint and remove the Directors of this Corporation;

(f) Appoint and remove the Chairperson of the Board and the President and Chief Executive Officer of this Corporation and of each direct Affiliate or Subsidiary of this Corporation;

(g) Approve the merger, consolidation, reorganization or dissolution of this Corporation and the disposition of the assets of this Corporation upon dissolution;

(h) Approve the acquisition, sale, lease, mortgage, transfer or other alienation of real or personal property of this Corporation other than in accordance with the System Authority Matrix;

(i) Approve the capital and operating budgets of this Corporation or of any Affiliate controlled by this Corporation;

(j) Approve the incurrence of debt or guaranties of this Corporation other than in accordance with the System Authority Matrix;

(k) Establish policy concerning quality of care and services for the Corporation and to approve any such policies of this Corporation that are inconsistent with the System Authority Matrix;

(l) Establish policy and procedures concerning finance and resources for the Corporation and to approve any such policies or procedures that are inconsistent with such policies or procedures;

(m) Establish criteria for the long-range financial and strategic plans of the Corporation and to approve any such plans;

(n) Establish an internal auditing program and approve any material element of the internal auditing program for this Corporation that is inconsistent with the internal auditing program established by the Corporate Member;

(o) Approve capital expenditures by this Corporation or for any Affiliate controlled by this Corporation other than in accordance with the System Authority Matrix;

(p) Approve the transfer of funds, by gift or loan, between this Corporation and one or more other Affiliates of Verity and this Corporation or to any other person or entity other than in accordance with System Authority Matrix; and

(q) Approve any other action by this Corporation or for any Affiliate controlled by this Corporation that has been established by resolution of the Corporate Member as requiring its approval, including, but not limited to, any approvals of authority necessary to ensure compliance with any credit agreement, master indenture or loan agreement to which this Corporation or any Affiliate controlled by this Corporation is a party.

Section 3. Voting By Proxy. The Corporate Member may not vote by proxy.

Section 4. Appointment of Officer or Director or Others to Act on Behalf of Corporate Member. Subject to applicable law and the articles of incorporation and bylaws of the Corporate Member, the Corporate Member's board of directors may, by resolution, appoint one of more officers or directors of the Corporate Member or one or more other persons to act on its behalf, in its capacity as Corporate Member of this Corporation.

Section 5. Annual Meeting. A meeting of the Corporate Member shall be held annually for the purpose of appointing Directors and to transact such other business as may be brought before such meeting. The annual meeting of the Corporate Member shall be held at such time and place as the board of directors of the Corporate Member determine from time to time.

Section 6. Action by Written Consent. Any action required or permitted to be taken at a meeting (whether annual, regular or special) by the Corporate Member under any provision of law, the Articles of Incorporation or these Bylaws may be taken without a meeting if the Corporate Member consents to such action in writing. Each such written consent shall be filed with the minutes of the proceedings of the Corporation. Such action by written consent shall have the same force and effect as a vote of the Corporate Member. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Corporate Member without a meeting shall state that the action was taken by written consent of the Corporate Member without a meeting and that the Bylaws of the Corporation authorize the Corporate Member to so act.

ARTICLE VI

BOARD OF DIRECTORS

Section 1. Powers. Subject to the provisions of this Corporation's Articles of Incorporation, these Bylaws, the Reserved Powers of the Corporate Member, the System Authority Matrix and the laws of the State of California, the activities and affairs of this Corporation shall be managed and conducted and all corporate powers shall be exercised by or under the direction of this Corporation's Board of Directors. To facilitate the management and conduct of this Corporation's activities and affairs, the Board of Directors shall establish corporate policies for, and formulate the basic rules and regulations governing the operation and management of, this Corporation and generally oversee and be responsible for the quality of care and the planning of services rendered by this Corporation. The Board of Directors may delegate the management and conduct of this Corporation's activities and affairs to any person or persons, management company, or committee however composed, provided that no delegation of authority by the Board of Directors to the Chief Executive Officer (as defined in Article VIII, Section 4 below), or anyone else, shall preclude the Board of Directors from exercising the authority required to meet its governance responsibility for the management and conduct of this Corporation's activities and affairs; and provided, further, that any delegation of powers of the Board may be made only to a committee of the Board consisting only of Directors and shall be subject to the further limitations on Board committees set forth in Article IX, Section 1 of these Bylaws. The Board of Directors shall retain the right to rescind any such delegation.

Section 2. Reserved Powers of Verity as the Corporate Member; Final Action. Certain actions of the Board of Directors are subject to the Reserved Powers of Verity, acting in

its capacity as the Corporate Member of this Corporation, as set forth above in Article V of these Bylaws. Action by the Board of Directors of this Corporation that is subject to the approval of the Corporate Member pursuant to the Reserved Powers of the Corporate Member shall become final, binding action of the Corporation when such action has been approved or ratified by final action of the Corporate Member acting in accordance with these Bylaws and the bylaws of the Corporate Member.

Section 3. Number and Qualification.

(a) The Board of Directors shall consist of not less than five (5) nor more than seventeen (17) members, including:

(i) The President and Chief Executive Officer of the Corporate Member shall serve as a member of the Board, *ex officio.*

(ii) The Board of Directors may include at least one (1) person who is a member in good standing of the Board of Directors of Verity, provided that no more than fifty percent (50%) of the Directors shall be members who are in good standing of the Board of Directors of Verity.

(iii) At least one-third of the members shall be residents of Los Angeles County; and

(iv) No more than twenty (20) percent of the members of the Board of Directors shall have, either directly or indirectly, personally or through a family member, any financial relationship with BlueMountain Capital Management, LLC or any of its owned or managed affiliates or Integrity Healthcare, LLC, and may not serve as an officer, director, contractor or employee of BlueMountain Capital Management, LLC or any of its owned or managed affiliates, or Integrity Healthcare, LLC, any managed fund, or entity in which BlueMountain Capital Management, LLC has an equity stake or option to purchase, except for public companies wherein BlueMountain Capital Management, LLC has an interest of less than 10%.

(b) Restriction on Interested Directors. Not more than forty-nine percent (49%) of the persons serving on the Board of Directors at any time may be interested persons within the meaning of Section 5227 of the California Nonprofit Public Benefit Corporation Law. An interested person is (i) any person currently being compensated by this Corporation for services rendered to it within the previous twelve (12) months, whether as a full-time or part-time employee, independent contractor or otherwise, but excluding any reasonable compensation paid to a Director as Director; or (ii) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of any such person. However, any violation of the provision of this Section shall not affect the validity or enforceability of any transaction entered into by this Corporation.

Section 4. Appointment by Corporate Member. The Directors shall be appointed by Verity at each annual meeting of the Corporate Member.

Section 5. Term. Each Director (other than the President and Chief Executive Officer of the Corporate Member) shall hold office for a term of one (1) year or such other period set by the Corporate Member or until a successor is appointed and qualified or until such person sooner dies, resigns, is removed or becomes disqualified.

Section 6. Removal and Filling of Vacancies. The Board of Directors may declare vacant the office of a Director who has been declared of unsound mind by a final order of court or convicted of a felony or who has missed more than half of the meetings of the Board of Directors during any twelve-month period other than by reason of illness, or who has been found, by a final order or judgment of any court, to be in breach of any duty owed to the Corporation under Sections 5230-5239 of the California Nonprofit Public Benefit Corporation Law. In the event that such office is declared vacant, a new Director to fill the unexpired portion of the term of the Director whose office was declared vacant shall be appointed by the Corporate Member.

Section 7. Resignation. Any Director may resign at any time by delivering his or her resignation in writing to the Chairperson of the Board of Directors, the President or the Secretary or to the Board of Directors of the Corporation at its principal office; provided that, except upon notice to the Attorney General, no Director may resign if the Corporation would then be left without a duly elected Director or Directors in charge of its affairs. Such resignation shall be effective upon receipt unless specified to be effective at some other time.

Section 8. Fees and Compensation. Directors may receive such reasonable compensation (within the meaning of Internal Revenue Code Section 4958), if any, for serving as Director, and advances or reimbursement for reasonable expenses, as may be fixed or determined by the Corporate Member. Directors may receive compensation from the Corporation for services rendered to it, subject to the restriction on Interested Directors as set forth in Section 3(b) above of this Article VI.

Section 9. Self-Dealing Transactions. This Corporation shall not enter into self-dealing transactions. Except as provided in Section 9(a) of this Article VI, for the purpose of this Section, a self-dealing transaction means a transaction to which this Corporation is a party and in which one or more of the members of its Board of Directors or officers has a material financial interest and which does not meet the requirements of Sections 9(b) or 9(c) of this Article VI. Such a member of the Board of Directors is an "Interested Director" for the purpose of this Section.

(a) Exceptions. The provisions of this section do not apply to any of the following:

(i) An action of the Board of Directors fixing the compensation of a member of the Board of Directors as an officer of this Corporation.

(ii) A transaction which is part of a public or charitable program of this Corporation if it (i) is approved or authorized by this Corporation in good faith and without unjustified favoritism and (ii) results in a benefit to one or more members of the Board of

Directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(iii) A transaction, of which the Interested Director or Directors have no actual knowledge, and which does not exceed the lesser of one percent of the gross receipts of this Corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

(b) Prior Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(i) This Corporation entered into the transaction for its own benefit;

(ii) The transaction was fair and reasonable as to this Corporation at the time this Corporation entered into the transaction;

(iii) Prior to consummating the transaction or any part thereof the Board of Directors authorized or approved the transaction in good faith by a vote of a majority of the members of the Board of Directors then in office without counting the vote of the Interested Director or Directors, and with knowledge of the material facts concerning the transaction and the Director's interest in the transaction. Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction. Except as provided in Section 9(c)(i) of this Article VI, action by a committee of the Board of Directors shall not satisfy this paragraph; and

(iv) Prior to authorizing or approving the transaction the Board of Directors considered and in good faith determined after reasonable investigation under the circumstances that this Corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or (ii) this Corporation in fact could not have obtained a more advantageous arrangement with reasonable effort under the circumstances.

(c) Subsequent Board of Directors Approval. This Corporation may enter into a self-dealing transaction if all of the following facts are established:

(i) A committee or person authorized by the Board of Directors approved the transaction in a manner consistent with the standards set forth in Section 9(b) of this Article VI;

(ii) It was not reasonably practicable to obtain approval of the Board of Directors prior to entering into the transaction; and

(iii) The Board of Directors, after determining in good faith that the conditions of subparagraphs (i) and (ii) of this subsection (c) were satisfied, ratified the transaction at its next meeting by a vote of the majority of the members of the Board of Directors then in office without counting the vote of the Interested Director or Directors. Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors which authorizes, approves or ratifies the contract or transaction.

ARTICLE VII

MEETINGS OF THE BOARD OF DIRECTORS

Section 1. Place of Meeting. All meetings of the Board of Directors shall be held at the principal office of this Corporation or at such other place as may be designated for that purpose in the notice of the meeting or, if not stated in the notice or there is no notice, at such place as may be set by resolution of the Board.

Section 2. Annual Meeting. As soon as reasonably practicable, but no later than sixty (60) days after the annual meeting of the Corporate Member, the Board of Directors shall hold an annual meeting for the purpose of organizing the Board, electing officers other than the Chairperson of the Board, and the transaction of such other business as may come before the meeting. The date of the annual meeting shall be fixed by resolution. No notice of the annual meeting of the Board of Directors need be given.

Section 3. Regular Meetings. Regular meetings of the Board of Directors shall be held at such time as the Corporate Member may fix by resolution from time to time. No notice of regular meetings of the Board of Directors need be given.

Section 4. Special Meetings. Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the Chairperson of the Board or by two (2) or more Directors of this Corporation, or by the Corporate Member.

Section 5. Notice of Special Meetings. Notice of the time and place of special meetings shall be communicated personally or by telephone to each Director or sent to each Director by mail or other form of written communication (including e-mail), addressed to such Director at his or her address as it is shown on the records of this Corporation. Such notice, if mailed, shall be mailed at least seventy-two (72) hours prior to the time of the meeting, or if delivered personally, telephonically or telegraphically or by e-mail, shall be received at least forty-eight (48) hours prior to the time of the meeting.

Section 6. Waiver of Notice. Notice of a meeting need not be given to any Director who signs a waiver of notice or a written consent to hold the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 7. Quorum. At all meetings of the Board of Directors, a majority of the then serving Directors, but not less than two (2), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of the Directors present, whether or not a quorum, may adjourn any Directors meeting to another time and place. The act of a majority of the Directors present at any meeting at which there is a quorum shall be the act of the Board of Directors, unless a greater number is required by law. Notwithstanding the previous provisions of this Section, the Directors present at a meeting at which a quorum is initially present may continue to transact business notwithstanding the

withdrawal of Directors, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

Section 8. Action Without Meeting. Any action required or permitted to be taken by the Board of Directors may be taken without a meeting if all of the Directors individually or collectively shall consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the Board. Such action by written consent shall have the same force and effect as the unanimous vote of such Directors. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Board without a meeting shall state that the action was taken by written consent of the Board of Directors without a meeting and that the Bylaws of the Corporation authorize its Directors to so act.

Section 9. Telephonic Meeting. Directors may participate in a meeting of the Board through the use of conference telephone or similar communication equipment, as long as all Directors participating in such meeting can hear one another. Participation in this manner shall constitute presence in person at such meeting.

Section 10. Prohibition Against Voting by Proxy. Directors may not vote by proxy.

Section 11. Board Observer. The President and Chief Executive Officer of the Corporate Member shall appoint one of Verity's Corporate Officers to be an official Board Observer of the Board of Directors. The Board Observer shall have the right to be heard at any meetings of the Board of Directors, but in no event shall the Board Observer (i) be deemed to be a member of the Board; or (ii) have the right to vote on any matter under consideration by the Board.

ARTICLE VIII

CORPORATE OFFICERS

Section 1. Officers.

(a) The officers of this Corporation shall include a Chairperson of the Board, a Vice Chairperson of the Board, a President and Chief Executive Officer ("CEO"), a Chief Financial Officer ("CFO"), and a Secretary all of whom shall be selected in accordance with the provisions of this Article VIII. Neither the Chairperson of the Board nor the President/CEO may serve concurrently as the Secretary or CFO of this Corporation.

(b) Each officer shall hold office until his or her resignation or removal, other disqualification to serve or until his or her successor shall be elected and qualified.

(c) The Board of Directors may appoint such additional officers from among the members of the Board of Directors (including, for example, one (1) or more assistant Secretaries), as the business of this Corporation may require, each of whom shall serve for such period, have such authority and perform such duties as the Board of Directors from time to time may authorize.

Section 2. Removal of Officers. Any officer, other than the Chairperson of the Board, the President and CEO and the CFO, may be removed, with or without cause, by a majority of Directors then in office, at any regular or special meeting of the Board. The Chairperson of the Board may be removed, with or without cause, only by the Corporate Member, and the President/CEO may be removed, with or without cause, only by the Corporate Member after consultation with the Board of Directors of this Corporation and the President/CEO of the Corporate Member. The CFO may be removed, with or without cause, only by the President/CEO of this Corporation with the concurrence of the Chief Financial Officer of the Corporate Member after consultation with the Board of Directors of this Corporation. If a vacancy occurs in any office as a result of death, resignation, removal, disqualification or any other cause, the Board of Directors may delegate the powers and duties of such, office, except as otherwise provided in these Bylaws, to any officer or to any Director until such time as a successor for such office has been appointed. Any officer who is also a Director shall be automatically removed as such an officer upon his or her removal as a Director in accordance with the provisions of Article VI, Section 6 of these Bylaws.

Section 3. Chairperson of the Board. The Chairperson of the Board shall be appointed by the Corporate Member in connection with the appointment of the Directors. The Chairperson of the Board shall have the powers and duties usually associated with such office. The Chairperson of the Board shall preside over meetings of the Board of Directors, supervise activities of the Board, and serve as an ex officio voting member of all Board committees.

Section 4. President and Chief Executive Officer. The President/CEO shall be the chief executive officer of this Corporation, shall be an employee of Verity, and shall serve as a member of the Verity executive team. The President/CEO shall be appointed by the Corporate Member after consultation with this Corporation's Board of Directors and the President/CEO of the Corporate Member. He or she shall serve such term as may be determined by the Board of Directors. He or she shall report to and be accountable to this Corporation's Board of Directors and to the President/CEO of the Corporate Member and shall have general supervision, direction and control of the business, employees and independent contractors of this Corporation and shall be held responsible for the proper functioning and management of this Corporation. The President/CEO shall possess the degree of education and experience appropriate to the proper discharge of these responsibilities and, if a management or employment agreement may be in effect, meet all of the requirements set forth in the management or employment agreement. The President/CEO may sign, with the Secretary or any other officer of this Corporation as authorized by this Corporation's Board of Directors, any instrument which this Corporation's Board of Directors has authorized to be executed. The Chairperson of the Board of this Corporation and the President/CEO of the Corporate Member shall initiate and conduct periodic performance reviews of the President/CEO of this Corporation, taking into account the advice and comments of this Corporation's Board of Directors. Subject to the control of this Corporation's Board of Directors and the direction of the Corporate Member, the President/CEO shall organize the administrative functions of this Corporation, delegate duties and establish formal means of accountability on the part of his or her subordinate officers. The President/CEO shall have the general powers and duties of management usually vested in the chief executive officer under the California Nonprofit Public Benefit Corporation Law and shall have other powers and duties as may be prescribed by this Corporation's Board of Directors, these Bylaws, and the policies of the Corporate Member.

Section 5. Vice Chairperson of the Board. The Vice Chairperson of the Board shall be elected from among the Directors and, in the absence or disability of the Chairperson of the Board, shall perform all duties of the Chairperson of the Board and, when so acting, shall have all powers of and be subject to all restrictions upon the Chairperson of the Board. In the absence of both the Chairperson of the Board and the Vice Chairperson of the Board, the Board shall select one of its members, other than the Secretary or CFO, to act as Chairperson of the Board.

Section 6. Secretary. The Secretary shall be appointed initially by the Corporate Member and thereafter shall be elected from among the Directors and shall keep or cause to be kept at the principal office or at such other place as the Board of Directors may determine, a book of minutes of all meetings of the Directors, whether annual, regular or special, with the time and place of the meeting, the notice given, the names of those present at the meeting, the proceedings thereat and, if a special meeting, how it was authorized. The Secretary shall give or cause to be given notice of all meetings of the Board of Directors required by these Bylaws or by law. The Secretary shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws.

Section 7. Chief Financial Officer. The CFO shall and according to the direction of the Board of Directors and the President/CEO, keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of this Corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses and capital. The CFO shall deposit all monies and other valuables in the name and to the credit of this Corporation with such depositaries as may be designated by the Board of Directors. The CFO shall disburse the funds of this Corporation as may be ordered by the Board of Directors, shall render to the President/CEO, the Directors or the Chief Financial Officer of the Corporate Member, whenever they request it, an account of all transactions and of the financial condition of this Corporation, and shall have other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws. The CFO shall be appointed by and subject to removal by the President/CEO of this Corporation as a corporate employee with the concurrence of the Chief Financial Officer of the Corporate Member after consultation with the Board of Directors of this Corporation. He or she shall serve such term as may be determined by the Board of Directors. He or she shall report to and be accountable to the President/CEO of this Corporation and the Chief Financial Officer of the Corporate Member.

Section 8. Reporting Relationship of Certain Corporate Officers to the Board of Directors. Persons serving from time to time in the positions of Corporate Responsibility Officer and Vice President and General Counsel of the Corporate Member shall report to and be accountable to the Corporate Member's board of directors and the President/CEO and each of them shall be entitled to confidential access to this Corporation's Chairperson and other members of this Corporation's Board of Directors as necessary or advisable to carry out such person's duties in such position.

Section 9. Resignation. Any officer may resign at any time by giving written notice to this Corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the

acceptance of the resignation is without prejudice to the rights, if any, of this Corporation under any contract to which the officer is a party.

Section 10. Vacancies. A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these Bylaws for regular appointments to that office.

ARTICLE IX

COMMITTEES

Section 1. Generally.

(a) The Board of Directors may by resolution establish (1) Committees of the Board which shall have legal authority to act for this Corporation, subject to the authority of any Health System-wide committees appointed by Verity, and (2) Advisory Committees. Committees may be either standing or special. Members of all committees shall serve at the pleasure of the Board. Any Committee of the Board which shall have legal authority to act for this Corporation, to the extent provided in a resolution of the Board adopted by a majority of the Directors then in office, shall have all authority of the Board, except with respect to:

(i) The approval of any action for which the California Nonprofit Public Benefit Corporation Law or these Bylaws also require approval of the Corporate Member, or a majority of this Corporation's Board of Directors;

(ii) The filling of vacancies on the Board of Directors or on any committee that has the authority of the Board;

(iii) The amendment or repeal of any resolution of the Board of Directors that by its express terms is not so amendable or repealable;

(iv) The appointment of other Committees of the Board or members thereof; or

(v) The approval of any self-dealing transaction, except as provided in Section 5233(d)(3) of the California Nonprofit Public Benefit Corporation Law.

(b) The Board of Directors shall have the power to prescribe the manner in which proceedings of any committee shall be conducted. In the absence of any such prescription, such committee shall have the power to prescribe the manner in which its proceedings shall be conducted. Unless these Bylaws, the Board or such committee shall otherwise provide, the regular and special meetings and other actions of any committee shall be governed by the provisions of Article VII of these Bylaws. Each committee shall keep minutes of its proceedings and shall report the same to the Board from time to time, as the Board of Directors may require.

The Board of Directors shall review the charter of each committee governed by a charter at least once every two years.

Section 2. Committees of the Board. Only Directors may be appointed as members of Committees of the Board. Each Committee of the Board shall consist of two or more Directors. The Chairperson and members of Committees of the Board shall be appointed by the Board of Directors by resolution adopted by a majority of the Directors then in office. The Board may designate one or more Directors as alternate members of any such committee, who may replace any absent member at any meeting of the committee.

Section 3. Advisory Committees. Advisory Committees may consist of two or more persons and may consist of Directors only, Directors and non-Directors, or non-Directors only, and may include non-voting members and alternate members. The Chairperson and members of Advisory Committees shall be appointed by the Chairperson of the Board or the Board of Directors. Advisory Committees shall have no legal authority to act for this Corporation.

Section 4. Executive Committee.

(a) There may be an Executive Committee which, if established, shall consist of some such members of the Board of Directors as the Board may designate. The Chairperson of the Executive Committee shall be the person then serving as Chairperson of the Board. The Executive Committee shall have authority to act for this Corporation, subject to the provisions of Section 1 of this Article.

(b) The establishment of an Executive Committee and the delegation of authority to it shall not operate to relieve the Board of Directors or any individual Director of any responsibility imposed on it or him or her by law, by the Articles of Incorporation of this Corporation or these Bylaws.

(c) The Executive Committee shall meet at such times as it deems necessary, provided that reasonable notice of all meetings of the Executive Committee shall be given to its members and no act of the Executive Committee shall be valid unless approved by the vote of a majority, or by the unanimous written consent, of its members.

Section 5. Finance Committee. The Finance Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. It shall consist of not fewer than four members, all of whom shall be or shall be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. The members of the Committee shall include the President and Chief Executive Officer of the Corporation, the Chief Financial Officer of the Corporation, the Chief Financial Officer of the Corporate Member, and at least one other person who is not an officer of the Corporation. The Committee shall have general surveillance over the finances of the Corporation, shall approve the annual budget of and any financial statements prepared by the Corporation, and shall make regular reports and recommendations to the Board of Directors. If there is no separate Audit Committee, the Finance Committee shall be

responsible for performing the functions of the Audit Committee as set forth in these Bylaws. For the avoidance of doubt, the Board retains the ultimate authority to approve the annual budget and any financial statements prepared by the Corporation.

Section 6. Audit Committee. The Audit Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. It shall consist of not fewer than three members, all of whom shall be or shall be capable of becoming familiar with basic financial statements and accounting principles, and all of whom shall be deemed by the Board of Directors to be free of any relationship that would interfere with independent judgment. None of the members may be employees of the Corporation. Members of the Audit Committee shall not receive any compensation from the Corporation in excess of the compensation, if any, received by Directors for service on the Board and shall not have a material financial interest in any entity doing business with the Corporation. The Committee shall meet quarterly and shall meet at least annually with the outside auditor or auditors of the Corporation. The Committee shall have general surveillance over the auditing of the financial records of the Corporation, shall approve the financial statements prepared by the Corporation, and shall make regular reports and recommendations to the Board of Directors, all subject to the authority of the audit committee of Verity or any Health System-wide audit committee that may be established by Verity from time-to-time. At the sole discretion of the Corporate Member, the Audit Committee of this Corporation may be dissolved and all of its responsibilities shall be assumed by the Corporate Member's audit committee.

Section 7. Quality and Patient Safety Committee. The Quality and Patient Safety Committee shall be an Advisory Committee and shall operate in accordance with a charter adopted by the Board of Directors as in effect from time to time. The Quality and Patient Safety Committee shall consist of not fewer than three members, all of whom shall be or shall be capable of becoming familiar with basic issues and requirements affecting the quality performance of acute-care hospitals. The Committee's composition shall be as follows: (1) at least one member of the Committee shall be a Director in good standing of this Corporation; (2) at least one shall be the Chief of Staff or other senior physician practicing in a facility affiliated with the Corporation, appointed by the Board of Directors; (3) the President and Chief Executive Officer of the Corporation shall be a voting ex officio member; and (4) the Vice President of Quality of the Corporate Member shall be each a voting ex officio member. The Quality and Patient Safety Committee shall meet a minimum of six times a year, shall present regular reports to the Board of Directors and shall oversee the establishment and implementation of an ongoing quality assurance program in accordance with its charter, including, for example and without limitation: review of reports from the administration and the medical staff of the Corporation addressing quality performance, assessment of the impact of the Committee's oversight on quality performance, review of information regarding patient experience, evaluation of the adequacy of resources allocated to quality improvement, and monitoring of participation in national quality improvement efforts.

Section 8. Term of Office. The Chairperson and each member of a standing committee shall serve until the next election of Directors and until his or her successor is appointed or until such committee is sooner terminated or until he or she is removed, resigns or otherwise ceases to qualify as a member of the committee. The Chairperson and each member of

a special committee shall serve for the life of the committee unless they are sooner removed, resign or cease to qualify as members of such committee.

Section 9. Vacancies. Vacancies on any committee may be filled for the unexpired portion of the term in the same manner as provided in the case of original appointments.

Section 10. Quorum. At all committee meetings, a majority of committee members then serving, but not less than two (2), whichever is greater, shall be necessary and sufficient to constitute a quorum for the transaction of business, except that a majority of committee members present, whether or not a quorum, may adjourn any committee meeting to another time and place. The act of a majority of the committee members present at a meeting at which there is a quorum shall be the act of the committee. Notwithstanding previous provisions of this Section, the committee members present at a meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of committee members, so long as any action taken is approved by at least a majority of the required quorum for such meeting.

ARTICLE X

MEDICAL STAFF

Section 1. Organization, Appointments and Hearings.

(a) The Corporation shall maintain an organized medical staff that is accountable to the Board of Directors. The Board of Directors shall have the ultimate authority and responsibility for the oversight and delivery of health care rendered by all licensed independent practitioners and other practitioners granted practice privileges at health facilities licensed in the name of this Corporation. The Board of Directors shall organize the physicians, dentists, podiatrists and such other categories as may be permitted by law and granted practice privileges at health facilities licensed in the name of this Corporation into one or more staffs ("Medical Staff") under Medical Staff bylaws approved by the Board of Directors. The Board of Directors shall also make provision for credentialing and privileging through the medical staff process of such categories of licensed independent practitioners and other practitioners as the Board of Directors may authorize under Medical Staff bylaws approved by the Board of Directors (the "Allied Health Professional Staff"). The Board of Directors shall consider recommendations of the Medical Staff and appoint to the Medical Staff and the Allied Health Professional Staff such practitioners as meet the qualifications for membership and privileges set forth in the Medical Staff bylaws. Only members of the Medical Staff may admit patients. Each member of the Medical Staff and the Allied Health Professional Staff shall have appropriate authority and responsibility for the care of his or her patients, subject to the limits of his or her licensure and privileges, as delineated by the Board of Directors, and subject to such limits as are contained in these Bylaws and in the Bylaws, Rules and Regulations of the Medical Staff.

(b) All applications for appointment to the Medical Staff and the Allied Health Professional Staff shall be in writing and addressed to the Medical Staff secretary. They shall contain full information concerning the applicant's education, licensure, practice, previous hospital experience and any history with regard to licensure and hospital privileges.

(c) All appointments to the Medical Staff and the Allied Health Professional Staff shall be for a maximum period of two (2) years, renewable by the Board of Directors upon re-application. When an appointment is denied or not renewed, or when privileges have been or are proposed to be denied, reduced, suspended or terminated, the affected practitioner shall be afforded a fair hearing and review conducted in accordance with the hearing and appeal provisions of the Medical Staff bylaws.

(d) Liaison among the Board, Administration, the Medical Staff and the Allied Health Professional Staff shall be accomplished as determined by the Board of Directors from time to time.

Section 2. Medical Care and Evaluation.

(a) The Medical Staff shall be responsible to the Board of Directors for providing appropriate professional care to patients and for overseeing the quality of care, treatment and services delivered by the Medical Staff and the Allied Health Professional Staff, evaluating the competency of practitioners, delineating the privileges of members of the Medical Staff and the Allied Health Professional Staff, and providing leadership in performance improvement activities of the Corporation.

(b) The Board of Directors, in the exercise of its responsibility to establish, maintain and support an ongoing performance improvement program, shall delegate to the Medical Staff initial authority for assuring appropriate professional care by members of the Medical Staff to patients. The Medical Staff shall discharge this responsibility through a continuing review, analysis, and appraisal of the quality of care provided by members of the Medical Staff and the Allied Health Professional Staff and an appropriate response to findings. Such performance improvement activities shall be regularly reported, together with their results and recommended responses, to the Board of Directors.

(c) The Medical Staff and the Allied Health Professional Staff shall maintain adequate and accurate medical records for all patients.

(d) The Medical Staff shall make recommendations to the Board of Directors concerning:

(i) Appointments, re-appointments and alterations to Medical Staff and Allied Health Professional Staff status;

(ii) Granting, revocation and alteration of privileges;

(iii) Corrective and disciplinary actions;

(iv) All matters relating to professional competency; and

(v) Such specific matters as may be referred to it by the Board of Directors.

Section 3. Medical Staff Bylaws.

(a) There shall be Bylaws, Rules and Regulations for the Medical Staff setting forth its organization and government. Proposed Medical Staff bylaws, rules and regulations shall be recommended and approved by the Medical Staff and shall become effective only upon their approval by the Board of Directors, which approval shall not be unreasonably withheld.

(b) The Medical Staff Bylaws shall include procedures for:

(i) written, well-defined criteria for appointment, precluding the possibility of discrimination according to color, national origin, race, creed, sex or age;

(ii) appointment, reappointment, delineation of privileges, curtailment and revocation of privileges;

(iii) an appeals mechanism for review of decisions to deny, curtail or revoke privileges;

(iv) a performance improvement program by which patient care is regularly evaluated and verification of this evaluation and of responsive actions taken is provided to the Board of Directors;

(v) attestation by signature of each practitioner that he or she will abide by the Medical Staff Bylaws, Rules and Regulations and the policies of the Corporation and Health System;

(vi) communication between the Board of Directors and the Medical Staff through the Executive Committee of the Medical Staff;

(vii) requiring that only a licensed practitioner with clinical privileges shall be directly responsible for a patient's diagnosis and treatment within the area of such practitioner's privileges; each patient's general medical condition shall be the responsibility of a physician member of the Medical Staff; each patient admitted shall receive a baseline history and physical examination by a physician or other licensee who has the requisite privileges; a physician member of the Medical Staff shall be responsible for the care of any medical problems that may be present at the time of admission or that may arise during hospitalization;

(viii) the selection and appointment of officers of the Medical Staff and of Medical Staff department chairpersons, all of whom shall be subject to approval of the Board of Directors;

(ix) restricting membership in the Medical Staff to physicians, dentists, podiatrists and, when authorized, clinical psychologists, and membership in the Allied Health Professional Staff to licensed independent practitioners in categories approved for privileges

who are competent in their respective fields, worthy in character and in professional ethics; and

(x) maintaining self-government by the Medical, Staff with respect to the professional work performed at the Corporation and periodic meetings of the Medical Staff to review and analyze clinical experience at regular intervals, with patient medical records as the basis for such review and analysis.

(c) The Medical Staff Bylaws shall provide that:

(i) there shall be no discrimination with respect to Medical Staff privileges or the provision of professional services against a licensed physician on the basis of whether that physician holds an M.D. or a D.O. degree; and

(ii) whenever staffing requirements for a service mandate that the physician responsible for the service be certified or eligible for certification by an appropriate American Medical board, such position may be filled by an osteopathic physician who is certified or eligible for certification by the equivalent appropriate American osteopathic board.

Section 4. Medico-Administrative Personnel. Except as specified in written requirements for such positions, physicians and specified professional personnel engaged by this Corporation either full time or part time as employees or independent contractors in any medico-administrative positions, shall not be required to maintain membership on the Medical Staff Members of the Medical Staff in medico-administrative positions may be terminated from their contractual relationship with this Corporation according to corporate policy or according to the terms of their contracts.

ARTICLE XI

GENERAL PROVISIONS

Section 1. Voting Interests. Subject to the limitations of Article VI, Section 2 of these Bylaws (Reserved Powers of the Corporate Member), the Corporation may vote any and all shares or other voting securities held by it in any other corporation or other entity and may exercise any and all membership rights held by it in any other corporation. Such action shall be undertaken or evidenced on behalf of this Corporation by such officer, agent or proxy as the Board of Directors may appoint or, in the absence of any such appointment, by the Chairperson of the Board or by an officer who is also a Director and, in such case, such person may likewise appoint a proxy to vote such securities.

Section 2. Checks, Drafts, Etc. All checks, drafts or other orders for payment of money, notes or other evidences of indebtedness issued in the name of or payable to this Corporation and any and all securities owned or held by this Corporation requiring signature for

transfer shall be signed or endorsed by such person or persons and in such manner as from time to time shall be determined by the Board of Directors.

Section 3. Execution of Contracts. Except as otherwise provided in these Bylaws, and subject to the System Authority Matrix, the Board of Directors may authorize any officer or officers, agent or agents to enter into any contract or execute any instrument in the name of and on behalf of this Corporation and such authority may be general or confined to specific instances. Unless so authorized by the Board of Directors, no officer, agent or employee shall have any power or authority to bind this Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or in any amount.

Section 4. Inspection of Corporate Records. The accounting books and records of this Corporation, the minutes of proceedings of this Corporation's Board of Directors and Committees, and the minutes of proceedings of the Corporate Member acting in its capacity as member of this Corporation shall be open to inspection upon the written request by the Corporate Member or any Director at any reasonable time and for any purpose reasonably related to the interests of the Corporate Member, or the Director, as applicable. Such inspection may be made in person or by an agent or attorney.

Section 5. Annual Report. The Board of Directors shall cause an annual report to be sent to each Director of this Corporation and to the Corporate Member, no later than one hundred twenty (120) days after the close of this Corporation's fiscal or calendar year. Such annual report shall be prepared in conformity with requirements of the California Nonprofit Corporation Law.

Section 6. Fiscal Year. The fiscal year of this Corporation shall begin on the first day of July each year and end on June 30th of the following year.

Section 7. Review of Bylaws. At least once every two (2) years, the Board of Directors shall review, or delegate to an appropriate committee the review of, these Bylaws and recommend revisions to the Corporate Member as necessary to assure their compliance with all relevant requirements for licensure and accreditation of the health care facilities of the Corporation by state agencies and The Joint Commission, respectively.

Section 8. Financial Statements Must Be Made Available. If the Corporation prepares an audited financial statement, such audited financial statement shall be made available for inspection by the California Attorney General and by all members of the public no later than nine months after the close of the relevant fiscal year in the same manner as the Corporation's Internal Revenue Service Form 990. Each annual financial statement shall be made available to the public for three years.

Section 9. Executive Compensation Review and Approval. The Board, or any authorized Committee of the Board, shall review and approve the compensation, including benefits, of the President and CEO and the CFO to ensure that each such officer's compensation is just and reasonable. Such review and approval shall occur when the officer is initially hired, whenever the officer's term of employment is renewed or extended, and when the officer's compensation is modified, unless such modification applies to substantially all employees.

ARTICLE XII

INDEMNIFICATION AND INSURANCE

Section 1. Indemnification. To the full extent permitted by law and in the manner provided by law, this Corporation may, and if the law requires it shall, indemnify against liability and hold harmless any person who was or is a party to or is threatened to be a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a Director, officer, employee or other agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or other agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise. The foregoing rights of indemnification shall not be deemed to be exclusive of any other rights to which such person may be entitled under applicable law, and shall continue as to a person who has ceased to be a Director, officer, employee, or other agent of this Corporation and shall inure to the benefit of the estate, executors, administrators, heirs, legatees or devisees of any such person to the extent such action, suit or proceeding survives the death of such person.

Section 2. Payment of Expenses. This Corporation may pay expenses, including attorney's fees, incurred in defending any action, suit or proceeding referred to in this Article in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case and as permitted by law.

Section 3. Insurance. This Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or other agent of this Corporation when serving in an official capacity on behalf of this Corporation, or is or was serving at the request of this Corporation as a member, director, officer, employee or other agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust or other enterprise, against any claim or liability asserted against such person and incurred in any such capacity, or arising out of such person's status as such, whether or not this Corporation would be required or would have the power to indemnify such person against such liability under this Article or otherwise.

ARTICLE XIII

MAINTAINING A UNIFIED HEALTH SYSTEM

Section 1. Generally. In order to ensure the relationships between organizations in the Health System that are necessary to maintain a unified system, this Corporation, in accordance with policies established by the Corporate Member, shall require that the governing document or documents of any entity of which this Corporation is the sole member or controlling organization contain the following:

(a) Provisions that reserve to this Corporation the powers over such entity as may be required by applicable Health System policies;

(b) Provisions that reserve to such entity powers over organizations it controls, as may be required by applicable Health System policies; and

(c) Provisions that require such entity to require that the governing document or documents of organizations it controls contain a provision that reserves to this Corporation, to the Corporate Member of this Corporation or to such entity, as the case may be, the powers set forth in these Bylaws, the governing document or documents of such entity or applicable Health System policies. The term "governing document or documents" is used in this Article as a generic term to describe the organizational documents by which an entity is legally formed in a particular state and includes, but is not limited to, articles of incorporation, bylaws, governing resolutions, articles of partnership, joint venture agreements, operating agreements and any other document that creates or governs the organization or entity.

Section 2. Exercise of Reserved Powers. All action by this Corporation as the sole member or controlling person of an Affiliate shall be taken by this Corporation's Board of Directors.

ARTICLE XIV

GENDER AND NUMBER

Words used herein regardless of the number and gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context requires.

ARTICLE XV

AMENDMENTS

These Bylaws or any part thereof may be amended or repealed or new Bylaws may be adopted by the affirmative vote of the Corporate Member.

#14

Title 11, California Code of Regulations, § 999.5(d)(4)(B)

Applicants' plan for use of the net proceeds after the close of the proposed transaction together with a statement explaining how the proposed plan is as consistent as possible with existing charitable purposes and complies with all applicable charitable trusts that govern use of Applicants' assets

The sole member of each Applicant is VHS. VHS is also the sole member of St. Vincent Medical Center Foundation, St. Francis Medical Center Foundation, and Seton Medical Center Foundation (collectively, the "Foundations"). The Foundations are not part of this application. VHS expects to work collaboratively with the Attorney General's Office to determine the appropriate disposition of the Foundations separately.

The net proceeds from the sale of the Applicants' assets will be used to pay administrative costs related to the Bankruptcy Cases and creditors in the priority scheme set forth in the Bankruptcy Code (i.e., secured creditors, priority unsecured creditors, and general unsecured creditors). After the closing of the sale, VHS and its affiliated entities will seek confirmation of a plan of liquidation to be confirmed pursuant to Section 1129 of the Bankruptcy Code, as approved by the Bankruptcy Court (the "Plan"). As part of the Plan, the Applicant corporations will be dissolved.

VHS does not intend to change the articles of incorporation or bylaws of the Applicants and none are expected to be required as part of the Plan.

Title 11, California Code of Regulations, § 999.5(d)(5)

IMPACTS ON HEALTH CARE SERVICES

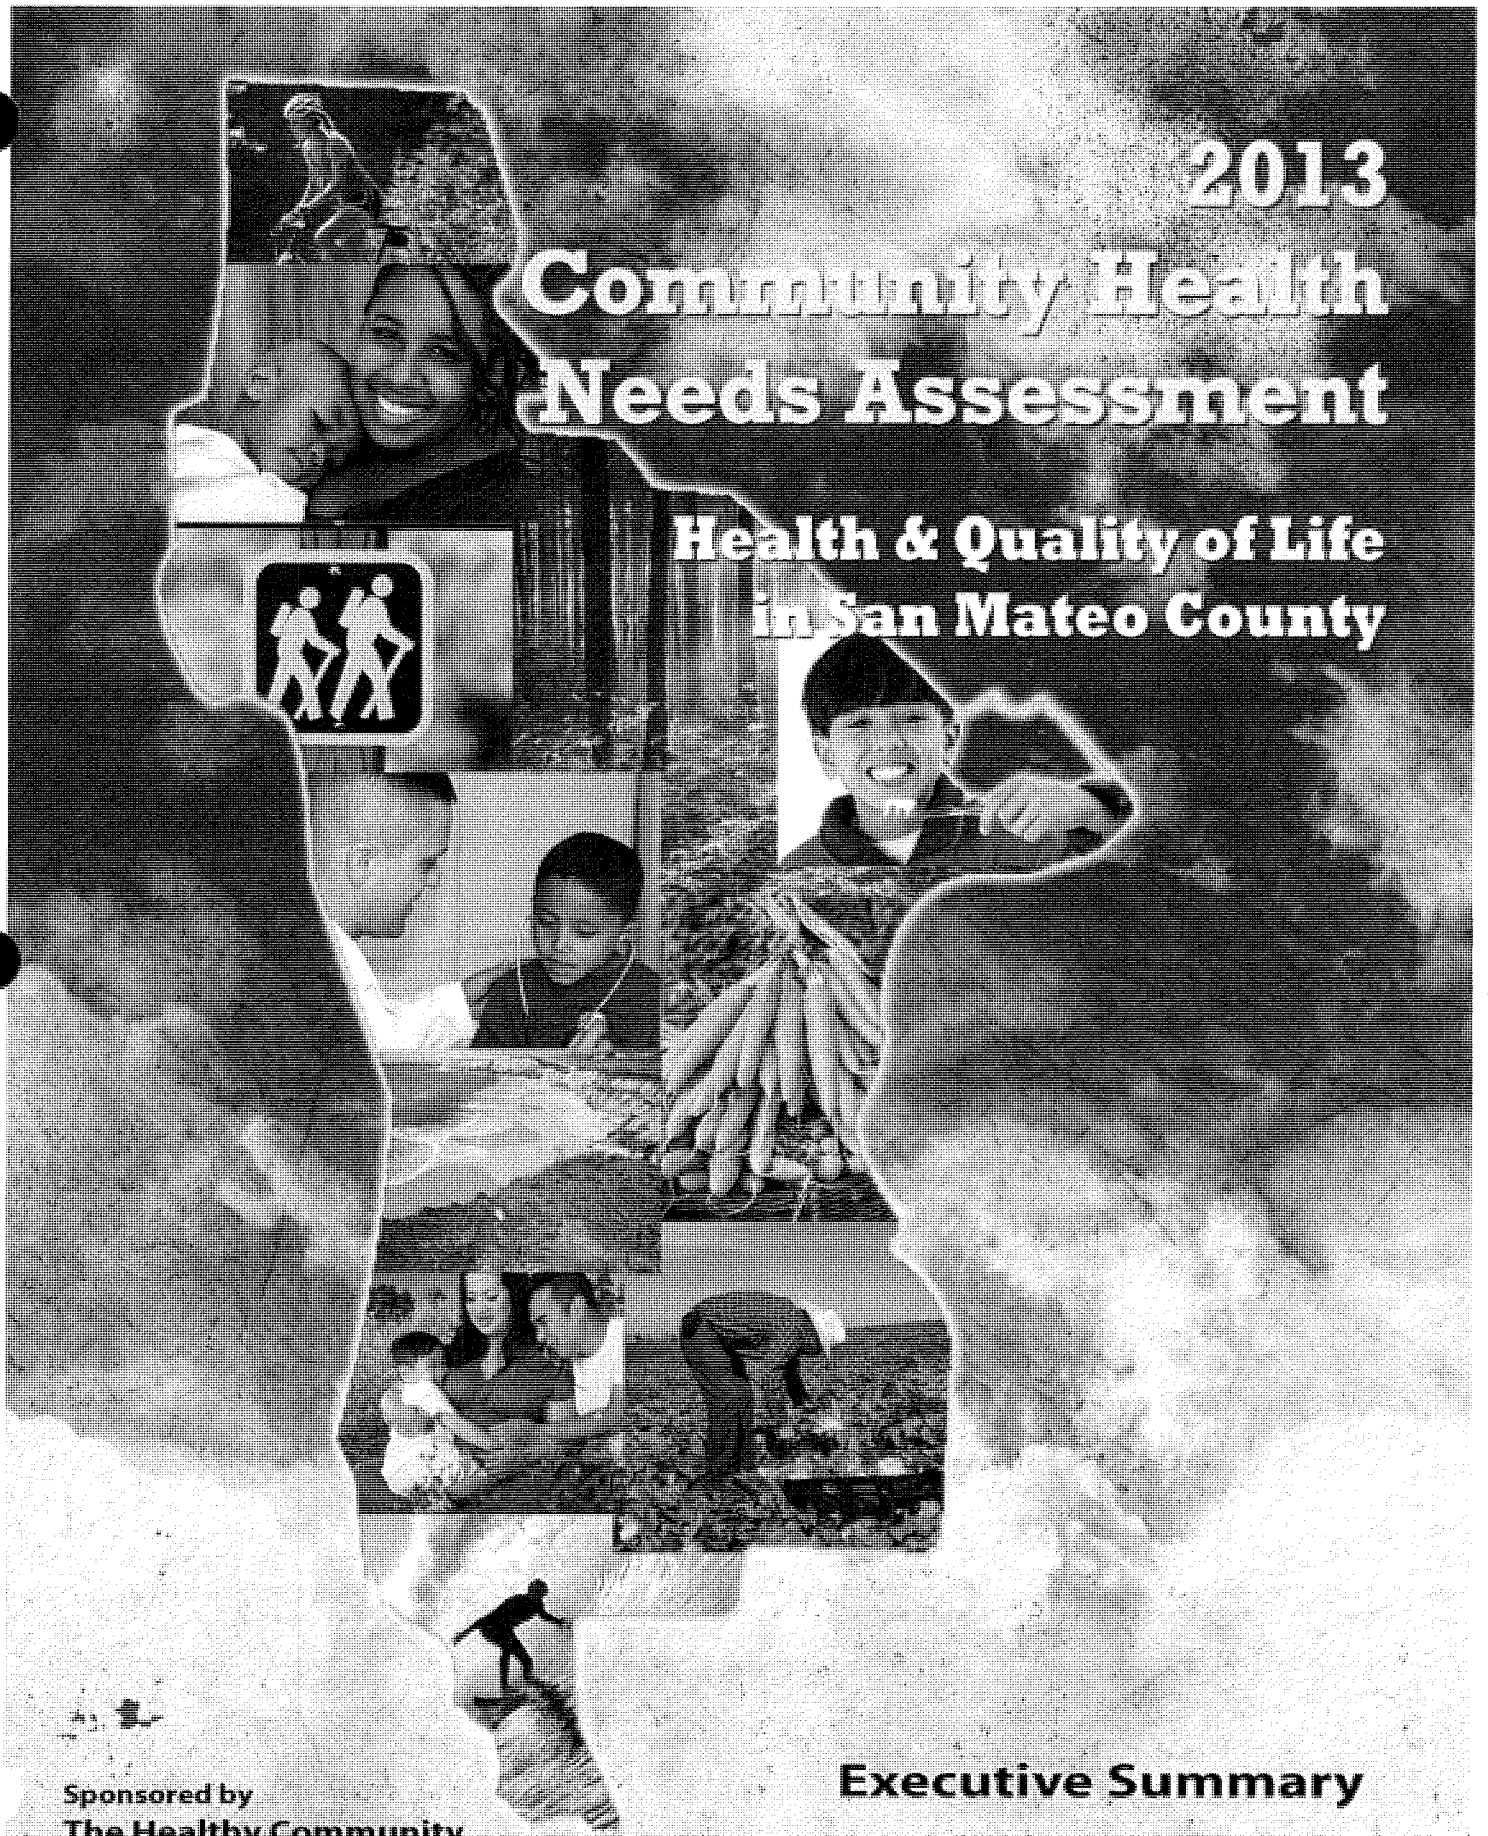
Exhibit 1



2013 Community Health Needs Assessment

Health & Quality of Life in San Mateo County

Executive Summary

Sponsored by
The Healthy Community
Collaborative of San Mateo County

Winter 2013

We are pleased to deliver the seventh Community Health Needs Assessment of the San Mateo County Community. The main objective of this report is to gain insight into current conditions and trends of various health indicators and to identify areas for improvement. The data provides a lens through which the overall health and well-being of county residents can be assessed. It is our hope that the identified findings, opportunities and challenges found in this report will serve as a planning tool for key stakeholders to make data-driven policy recommendations that can efficiently and effectively meet the needs of county residents. In addition, key stakeholders need to continue to inspire new programs and services that focus on the most critical health care needs of our diverse population, and improve the health and quality of life in San Mateo County.

The assessment highlights that in many areas San Mateo County residents are healthier than in many other places. However, the data also demonstrates that preventable diseases are on the rise and so we must do more to prevent these diseases from occurring in the first place. It also shows that health is not distributed evenly across the population and there are many communities that still do not experience good health and a high quality of life. This is why most indicators are reported on by race/ethnicity, income, gender and in some cases, age as well as region of the county. We hope that this report can be used by the community to build on its strengths and focus on ongoing efforts on the key health problems experienced by people living here.

Many of the health issues presented here are complex and interrelated, and require changes in public policy, the environment and the health care system. We strongly encourage every resident to get involved in their community to make sure that every policy decision prioritizes health. We must work across all sectors to make the healthy choice the easy choice for everyone in San Mateo County.

A copy of the executive summary and the complete report with detailed statistical findings and analysis is available at various websites, including:

Sincerely,

The Healthy Community Collaborative of San Mateo County

ACKNOWLEDGEMENTS

Healthy Community Collaborative Members and Partners 2013

The needs assessment could not have been completed without their collaborative efforts, tremendous input, many hours of dedication from our members, and financial support from our members and community partners. We wish to acknowledge the following organizations and their representative's contributions by promoting the health and well-being of San Mateo County.

- **Sequoia Hospital**
  Marie Violet, Co-Chair, Healthy Community Collaborative
  Director, Health and Wellness Services
  marie.violet@dignityhealth.org

- **San Mateo County Health Department**
  Scott Morrow MD, MPH, MBA, FACPM, Co-Chair, Healthy Community Collaborative
  Health Officer, San Mateo County Health System

- **Stanford Hospital & Clinics**
  Sharon Keating-Beauregard, Executive Director Community Partnership Program
  Shbeauregard@stanfordmed.org

SCOPE OF THIS ASSESSMENT

About the Assessment Effort

The Healthy Community Collaborative of San Mateo County is a group of San Mateo County organizations formed in 1995 for the purpose of identifying and addressing the health needs of the community. As in 1995, 1998, 2001, 2004, 2008 and 2011, the Collaborative has come together once again to conduct a community needs assessment of San Mateo County as a follow-up to these earlier studies and to continue to address and serve the health needs of the community based on longitudinal data and trends. In addition, the Hospital Consortium of San Mateo County, which includes the leadership of the local hospital and the local Health System (Department), provides direction to the Collaborative regarding county-wide priority health initiatives.

Note that for the purposes of this assessment, "community health" is not limited to traditional health measures. This definition includes indicators relating to the quality of life (e.g., affordable housing, child care, education and employment), environmental and social factors that influence health, as well as the physical health of the county's residents. This reflects the Collaborative's view that community health is affected by many factors and cannot be adequately understood without consideration of trends outside the realm of health care.

The **2013 Community Health Needs Assessment: Health & Quality of Life in San Mateo County** is designed to serve as a tool for guiding policy and planning efforts, and the information provided here should be used to formulate strategies to improve the quality of life for San Mateo County residents. For participating not-for-profit hospitals, this assessment will also serve to assist in developing Community Benefit Plans pursuant to California Senate Bill 697, as well as assist in meeting IRS requirements for Community Health Needs Assessment pursuant to the Patient Protection and Affordable Care Act of 2010.

In conducting this assessment, the goals of the Healthy Community Collaborative are twofold:

- To produce a functional, comprehensive community needs assessment that can be used for strategic planning of community programs and as a guideline for policy and advocacy efforts; and
- To promote collaborative efforts in the community and develop collaborative projects based on the data, community input, identified service gaps, and group consensus.

As with prior community assessment efforts, it is anticipated that we will be able to identify not only what problems need to be addressed, but also the strengths of San Mateo County. This assessment builds on previous research conducted to this end.

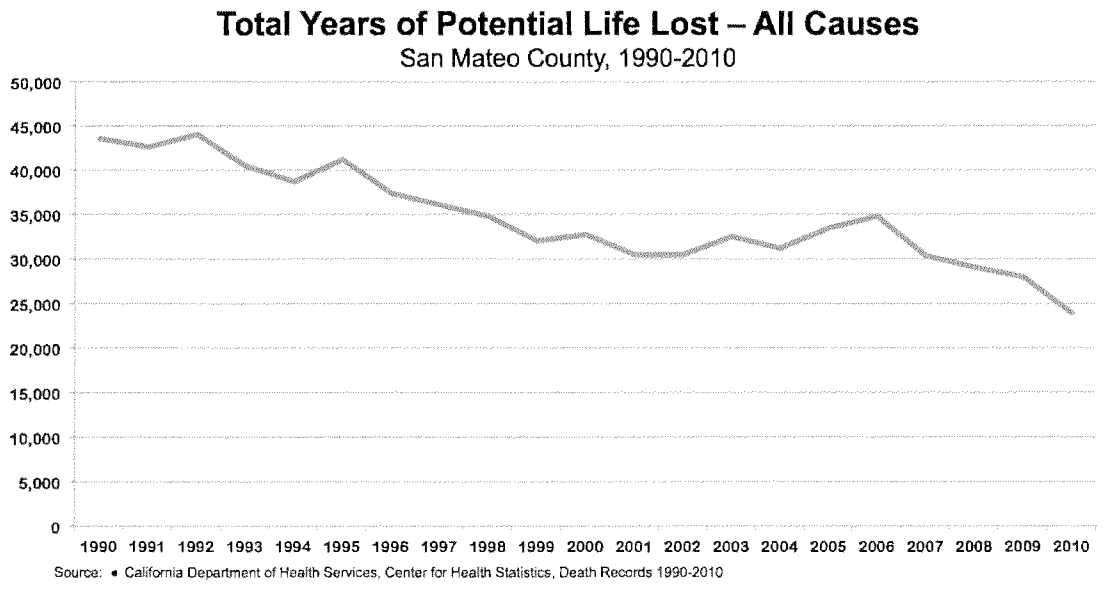
ABOUT THIS SUMMARY

This report brings together a wide array of community health and quality of life indicators in San Mateo County gathered from both primary and secondary data sources. As with previous assessments, this project was conducted by Professional Research Consultants, Inc. (PRC) on behalf of the Healthy Community Collaborative of San Mateo County. In addition, for this report secondary data collection, analysis and integration was conducted by Donovan Jones, Independent Consultant.
This summary, as well as the full report are available at various public and health libraries. These can also be downloaded on the Internet at www.smchealth.org or www.plsinfo.org/healthysmc or www.hospitalconsort.org.

EXECUTIVE SUMMARY

Key Finding #1 - On the whole, San Mateo County is doing very well, having taken advantage of several key assets including location, economic policies, support for education at all levels, and support for diversity.

- **Years of Potential Life Lost (YPLL) have decreased dramatically.** The total number of YPLL for all causes has declined from 43,674 in 1990 to 23,914 in 2010 in San Mateo County.



Heart Disease Mortality by Race/Ethnicity

Notes: • Rates and age-adjusted and standardized to Year 2000 population; 1990-1998 numbers and rates have been adjusted to comparability ratio 0.9981

- **Heart disease and cerebrovascular disease mortality have decreased dramatically.** The heart disease mortality rates distribution by gender and racial/ethnic groups mirrored the overall mortality rate. The heart disease mortality rates for Blacks decreased from 343.7 from 1990-1994 to 191.2 during 2006-2010, and the rates for Whites decreased from 247.0 in 1990-1994 to 156.2 during 2006-2010. The rate for Asians (118.8) and Hispanics (106.8) remained significantly lower than the rate for Black and Whites during 2006-2010. During 2006-2010, the San Mateo County cerebrovascular disease mortality rate of 35.9 achieved the Healthy People 2020 target of 33.8. The local overall rate has decreased from 82.4 during 1990-1994 to 35.9 during 2006-2010. The rate of cerebrovascular disease mortality among Blacks declined from 107.6 during 1990-1994 to 56.4 during 2006-2010 and should meet the Healthy People target in the next few years.

Cerebrovascular Disease Mortality by Race/Ethnicity

Notes: • Rates and age-adjusted and standardized to Year 2000 population; 1990-1998 numbers and rates have been adjusted to comparability ratio 1.0588

- **Cancer Mortality is Decreasing.** Overall cancer mortality rates in San Mateo County declined from 1990-1994 to 2005-2009. Since 1990-1994, cancer mortality was highest in the Black population, followed by the White population. Cancer mortality rates remain lowest in the Hispanic and Asian population.

Cancer Mortality by Race/Ethnicity (All Cancer Sites)

5-Year Moving Averages, San Mateo County, 1995-2009

⊙ Healthy People 2020 Target – Less than 160.6 deaths per 100,000

	95-99	96-00	97-01	98-02	99-03	00-04	01-05	02-06	03-07	04-08	05-09
All Races	186.6	184.1	181.7	179.8	176.2	172.7	168.9	164.6	160.4	156.1	152.5

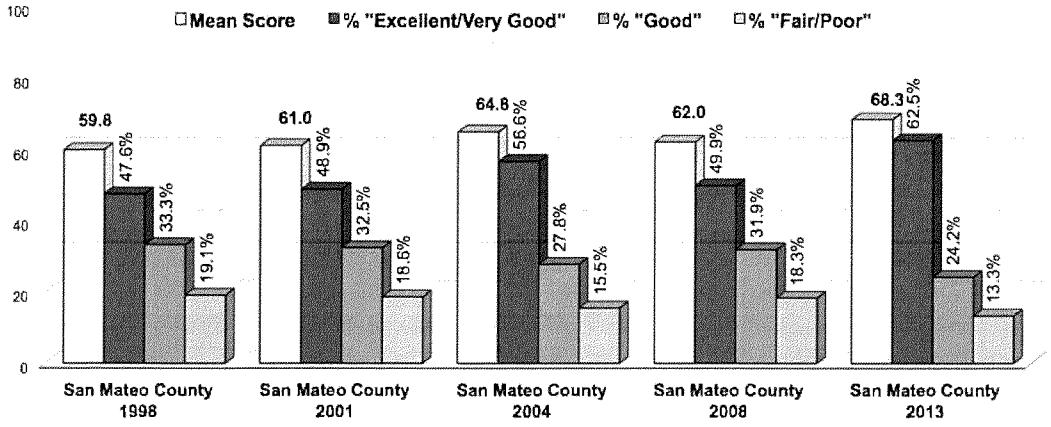
Source: • Surveillance, Epidemiology, and End Results (SEER) Programs (www.seer.cancer.gov) SEER *Stat Database: Incidence - SEER 13 Regs Research Data, Nov 2009 and California Cancer Registry. (2012). Cancer Mortality/Mortality Rates in California. http://www.cancer-rates.info/ca

- **Racial and cultural tolerance is increasing even among minorities.** In 2013, 62.5% of San Mateo County respondents rate community tolerance for people of different races and cultures as "excellent" or "very good" (*higher* than previous findings).

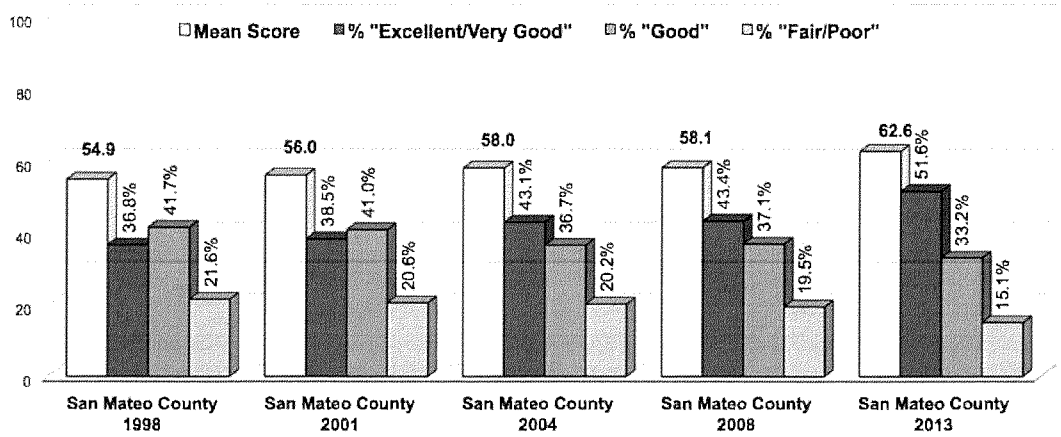
Ratings of Racial/Cultural Tolerance



Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Mean scores are calculated on a scale where "excellent"=100, "very good"=75, "good"=50, "fair"=25 and "poor"=0.

- **Tolerance of others towards different viewpoints and lifestyles are consistently improving.** A total of 51.6% this year rate lifestyle tolerance as "excellent/very good" (*significantly better* than reported in years past), compared to 15.1% who rate this as "fair/poor" this year.

Ratings of Lifestyle/Viewpoint Tolerance

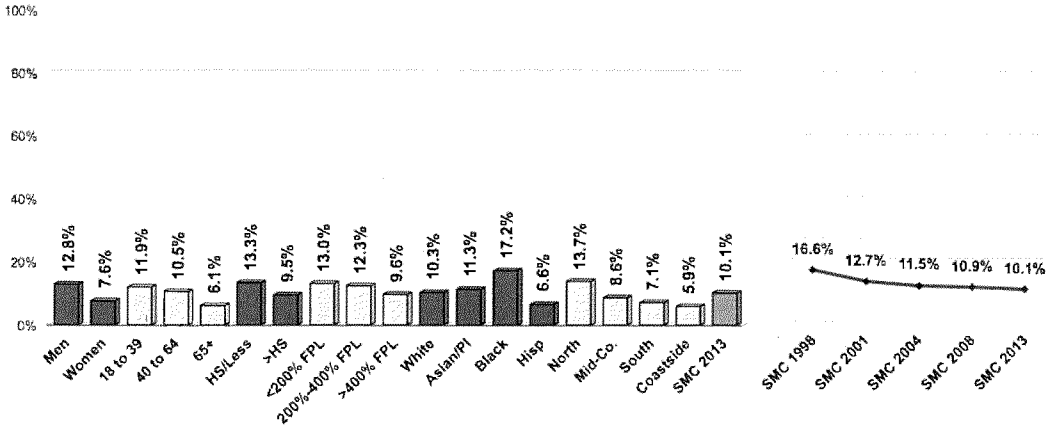


Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Mean scores are calculated on a scale where "excellent"=100, "very good"=75, "good"=50, "fair"=25 and "poor"=0.

- **Smoking rates are at an all time low in San Mateo County.** A total of 10.1% of San Mateo County respondents are classified as "current" smokers (meaning that they have smoked at least 100 cigarettes in their lifetime, and they currently smoke). This is significantly lower than 1998 and 2001 findings but statistically similar to 2004 and 2008 results. However, smoking prevalence remains comparatively higher in certain populations, including: men (12.8%), adults under 65 (>10%), Blacks (17.2%) and respondents living in the North County area (13.7%).

Current Smokers

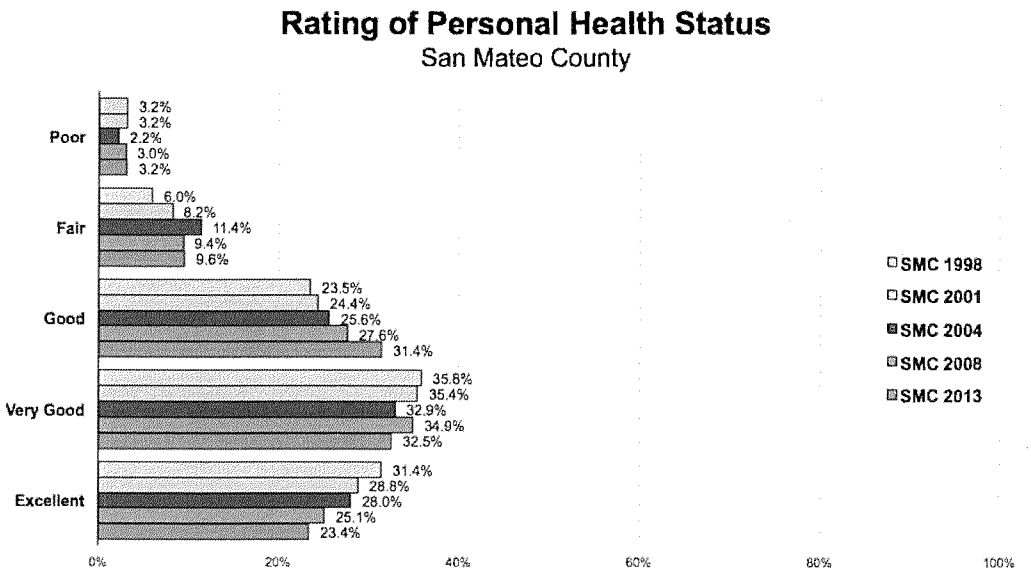
San Mateo County, 2013



Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Includes regular and occasional smokers (everyday and some days).
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

Key Finding #2 – There seems to be a mismatch between perception and reality. We're better off than most people think. Most objective measures of health are improving and while there are areas where improvement is needed, this mismatch creates unnecessary anxiety.

- **There has been a steady decrease in overall health rating for the county over time, although the county is objectively healthier.** More than one-half (55.9%) of San Mateo County survey respondents reports their general health as "excellent" (23.4%) or "very good" (32.5%). Another 31.4% report that their general health status is "good." However, 12.8% of surveyed adults report their general health status as "fair" or "poor."



Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.

- **Property crimes and violent crimes are down.** Following a high in 2005 in both property crimes and violent crimes, crime rates in both areas were lower in 2010.

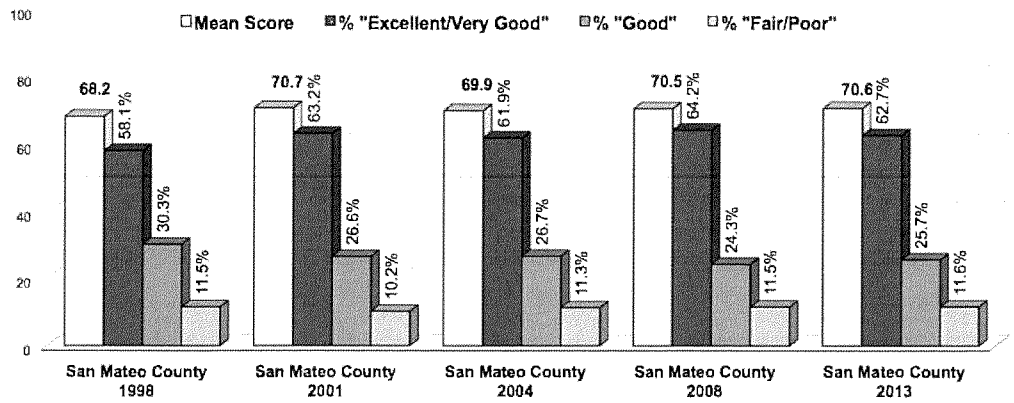
Trend in Crime Rates
San Mateo County, 2000-2010

	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010
Violent Crimes	277.3	308.6	291.8	294.8	300.8	339.2	300.9	289.9	291.9	276.1	237.2
Property Crimes	1,196.3	1,277.3	1,223.7	1,278.9	1,347.3	1,350.7	1,303.0	1,146.6	1,274.8	1,156.3	1,138.9

Source: • State of California, Department of Justice, 2012

- **Ratings of neighborhood safety are stable, but perceptions of crime getting worse have increased.** 62.7% of San Mateo County residents expressed "excellent" or "very good" responses, better than the baseline 1998 findings (and similar to all other years). "Fair/poor" comments continue to place just over 11%.

Community Evaluations of Neighborhood Safety
San Mateo County



Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Mean scores are calculated on a scale where "excellent"=100, "very good"=75, "good"=50, "fair"=25 and "poor"=0.

- Most surveyed adults in 2013 (65.0%) believe the problem of crime has stayed about the same in their neighborhood over the past year or two. In contrast, 19.4% believe the situation has gotten worse, *significantly higher* than previous survey findings in San Mateo County.

Perceptions of Neighborhood Crime Over the Past 2 Years
San Mateo County, 2013

Notes: • Asked of all respondents.

- **Juvenile crime has dropped and has been fairly stable, but juvenile drug arrests have increased.** Juvenile felony arrests in San Mateo County dropped considerably in the late 1990s; since that time, rates have been fairly stable.

Juvenile Felony Arrests per 1000 Population, Ages 10-17
San Mateo County, 2001-2010

	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010

Source: • State of California, Department of Justice, 2012.

- **San Mateo County crime rates are well below the statewide rate.** In 2010, the violent crime rate in San Mateo County (237.2 violent crimes per 100,000 population) was well below the statewide rate (422.3). This is also true for individual violent offenses of homicide, forcible rape, robbery and aggravated assault.

Violent Crime Rates per 100,000 Population

San Mateo County, 2010

	Violent Crimes Total	Homicide	Forcible Rape	Robbery	Aggravated Assault
San Mateo County	237.2	2.6	16.9	78.5	139.1
California	422.3	4.7	21.4	149.6	246.5

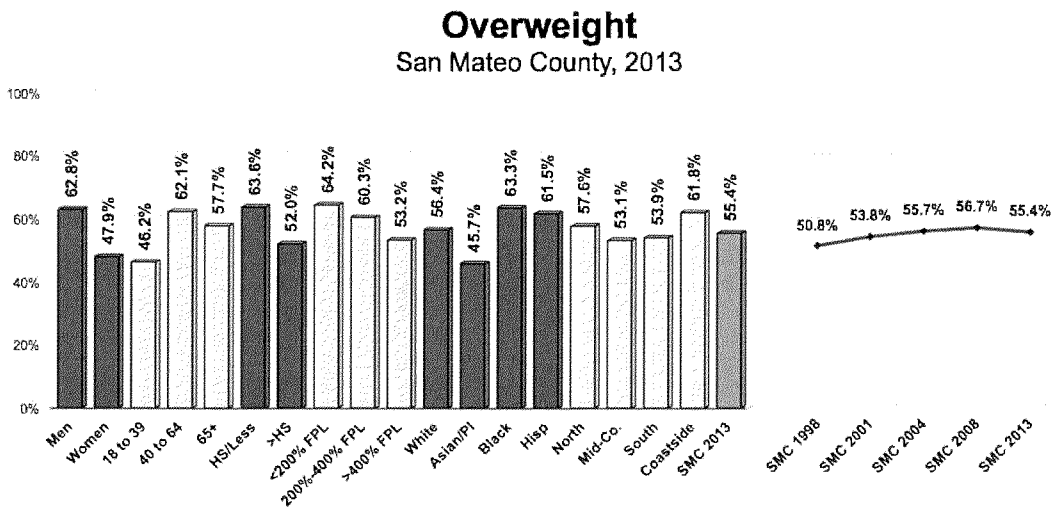
Source: • State of California, Department of Justice, 2012

Key Finding #3 – We live in a geographic area that can be thought of as a "magnet place" that has a self-reinforcing economic and social ecology that concentrates and multiplies innovation, creativity, wealth, and health. This benefits the majority of people, although not everyone. There are large and significant disparities and inequities in our community.

- **Disparities in health outcomes and inequities related to education, access to care, economic power, incarceration and life expectancy are significant. These are noted in the graphs in Key Finding #1 and are found throughout the assessment.**

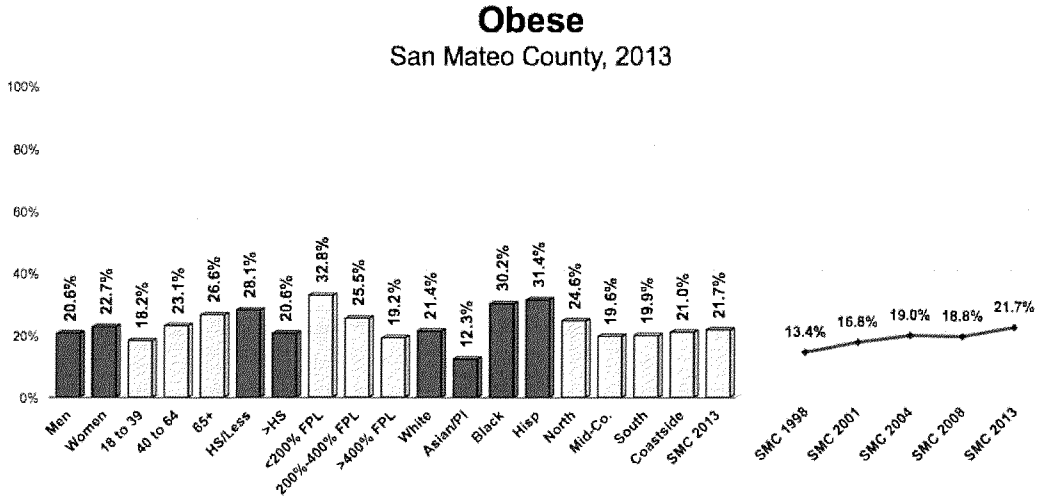
Key Finding #4 – Primary prevention efforts directed towards combating obesity are beginning to show some effect after more than a decade.

- **Overweight has begun to decline, but obesity continues to increase.** Based on reported heights and weights, 55.4% of San Mateo County respondents are overweight. This represents a *statistically significant increase* in overweight prevalence when compared to the 50.8% found in 1998, but is lower than the prevalence in 2008.



Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.
• Defined as having a Body Mass Index (BMI) greater than or equal to 25.0.

- Additionally, 21.7% of San Mateo County adults were found to be obese, having a body mass index of 30 or higher. This again represents a *significant increase* since 1998 (13.4%). The obesity prevalence increases with age and decreases with education and income levels. The prevalence is highest among Blacks and Hispanics, and is most often reported in the North County region.



Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.
• Defined as having a Body Mass Index (BMI) greater than or equal to 30.0.

Key Finding #5 – The complexity of our modern culture and society is so great that no one understands it as a whole. This makes it very difficult for organizations, public and private, and individuals to prioritize activities and decide which investments to make to improve the population's health. There is no known way to directly tie specific activities or specific interventions to larger trends. The foundational and structural trends (mainly economic and educational) underlying any particular population-based outcome measure are so profound that any individual program only makes a small contribution, which is often unable to be measured. We cannot use return on investment (ROI) or other traditional evaluation measures to relate program activities to larger trends. This does not make parochial programs unimportant and, in fact, the cumulative effect can be profound, especially if they are coordinated with sound policy that promotes cultural and environmental change. This key finding speaks to the need for those making budget decisions to balance investments in health improvement between smaller (program) and larger (policy) efforts and between primary (front-end), secondary, and tertiary (back-end) prevention activities.

- People have a health trajectory that is established at least pre-natally, and most likely back several generations. It is far easier, more effective, and cheaper to intervene earlier in this trajectory than later.

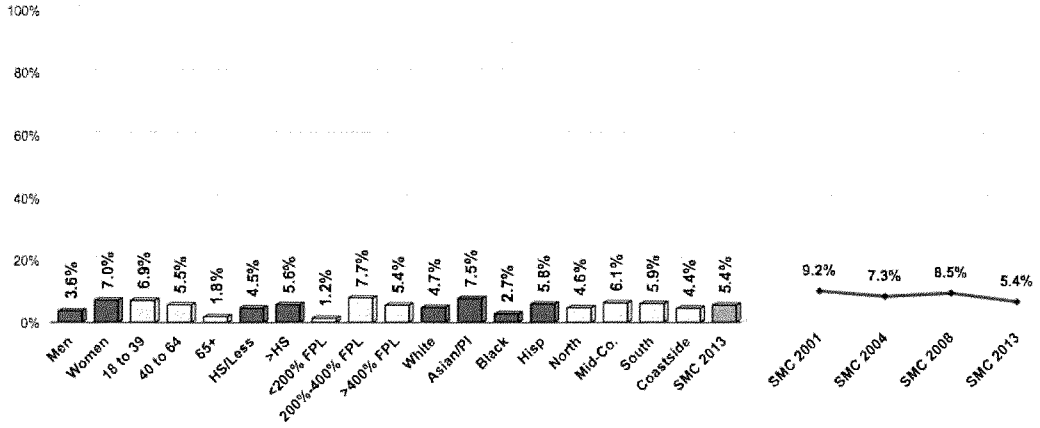
- The levers for improving the health of the population exist in every organization. Encouraging healthy behaviors or discouraging unhealthy behaviors ought to be a matter of all public and private policies. This concept is called "Health in All Policies" and should be widely adopted.

Key Finding #6 – The long and sustained cycle of declining mortality rates is ending and is likely to reverse in the next 5-10, years unless action is taken now. We have completely failed in getting individuals to maintain healthy behaviors. Continued emphasis on individual behavior change is a dead-end street. We need to stop focusing on individual behavior change and move to policies (at work, at school, at home, by government, in the community) that promote health. The three major priorities for policies are to improve consumption of healthy food, increase activity by walking or biking, and improving neighborhood safety. Strong evidence exists that suggests only economic incentives are likely to change a population's behavior. A taxation model, such as an added sugar and carbon tax, is likely the only model sufficient enough to keep our mortality rates declining.

- Only 5.4% of San Mateo County survey respondents report each of four basic health behaviors, a combination which limits cardiovascular and cancer risk (*statistically lower* than 2001 and 2008 findings). Men, seniors, persons with lower income levels, and Black respondents demonstrate the lowest proportions of these healthy behaviors. No significant difference is noted among the five county regions. The prevalence indicates a steady decrease over time, significant from the 2001 findings.

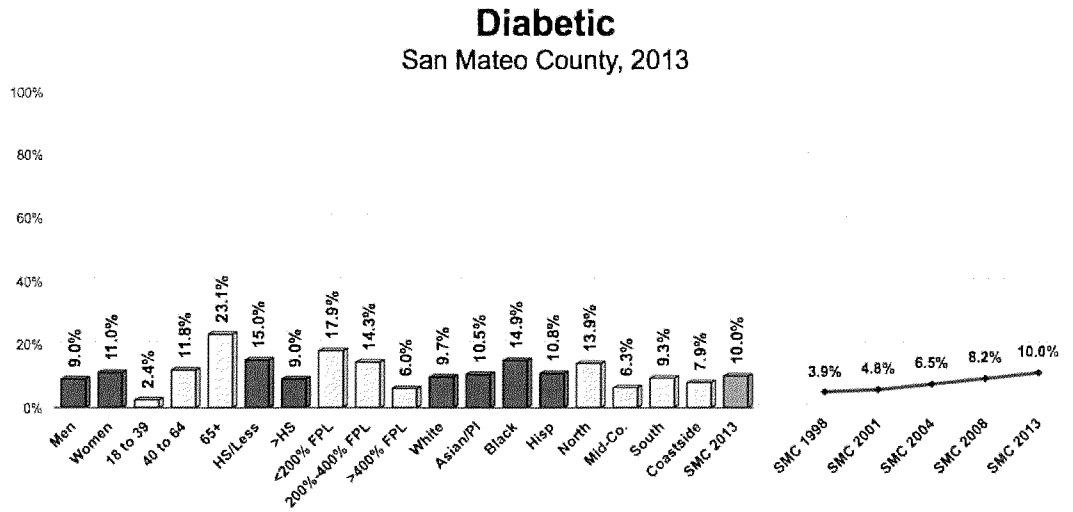
Exhibit Healthy Behaviors

Do Not Smoke, Not Overweight, Exercise Adequately, and Eat Adequate Fruits/Vegetables
San Mateo County, 2013



Sources: • 2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.
• Includes respondents satisfying ALL of the following criteria: does not smoke cigarettes; is not overweight based on body mass index; exercises at least three times per week for at least 20 minutes; eats five or more servings per day of fruits and/or vegetables.

- **Diabetes is up 2.5 times over the past 10 years. The greatest increases have been in Whites, in females, and in those over 65 years of age.** The 2013 San Mateo County Health & Quality of Life Survey finds that 10.0% of the adult population has diabetes (excluding diabetes experienced only during pregnancy), representing approximately 57,130 San Mateo County adults. This percentage is ***significantly higher*** than the previous levels.

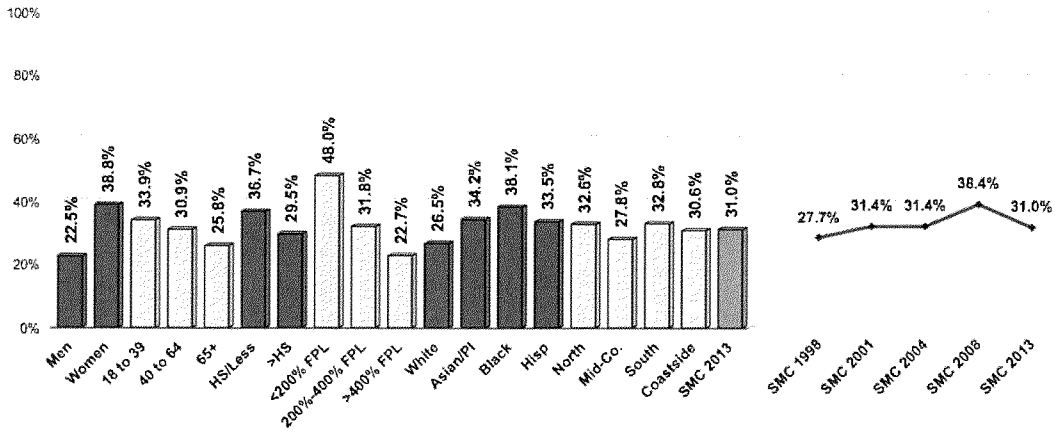


Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

- **There has not been a great impact on getting people to eat at least five fruits and vegetable servings per day, despite the fact that access in the county to fruits and vegetables is almost universally reported to be good or excellent. People who are eating fruits and vegetables are eating more, but less people are eating the recommended amounts.** Survey respondents report eating an average of 4.45 servings of fruits (2.23 servings) and vegetables (2.22 servings) per day, below the recommended five daily servings. Only 31.0% eat the recommended level (much *lower* than 2008 findings, but similar to the remaining years' results). Note that men, seniors, residents with higher education or income levels, and Whites report among the lowest fruit/vegetable consumption.

Eat 5+ Servings of Fruits and/or Vegetables per Day

San Mateo County, 2013

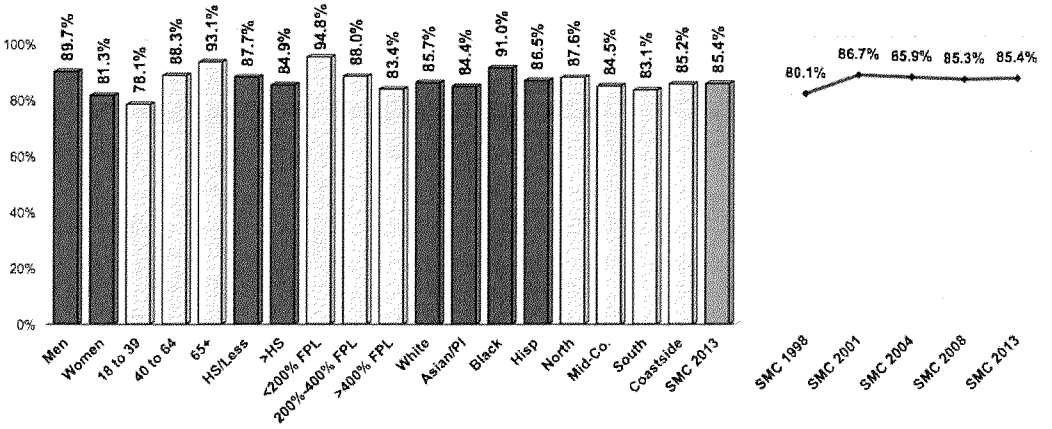


Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

- **Risk factors for heart disease are increasing.** A total of 85.4% of San Mateo County adults exhibit at least one cardiovascular risk factor (i.e., smoking, no regular physical activity, high blood pressure, high cholesterol, or being overweight), as revealed in the 2013 San Mateo County Health & Quality of Life Survey. This is similar to 2001, 2004 and 2008 findings, but remains significantly higher than found in 1998. Persons more likely to exhibit cardiovascular risk factors include men; adults aged 40+, those living below the 200% poverty threshold, and Black respondents and residents who live in North County.

Exhibit 1+ Cardiovascular Risk Factors

San Mateo County, 2013



Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.
• Cardiovascular risk factors include smoking, physical inactivity, high blood pressure, high cholesterol and/or being overweight.

- **Most San Mateo County respondents (53.9%) do <u>not</u> participate in regular, vigorous physical activity,** meaning they do not engage in activities that cause heavy sweating or large increases in breathing or heart rate at least three times a week for 20 or more minutes on each occasion. This finding is a *significant* improvement compared to the 64.1% found in 2001, but similar to 2004 and 2008 findings. Still, the prevalence of <u>inactivity</u> in San Mateo County is notably higher among:

  - Women (58.8%)
  - Persons aged 65 and older (73.4%)
  - Persons with a high school education or less (60.9%)

- Those in households with annual incomes <400% poverty (>62%)
- Residents of North County area (approximately 57%)

Do Not Participate in Regular Vigorous Activities

Notes: • Asked of all respondents.

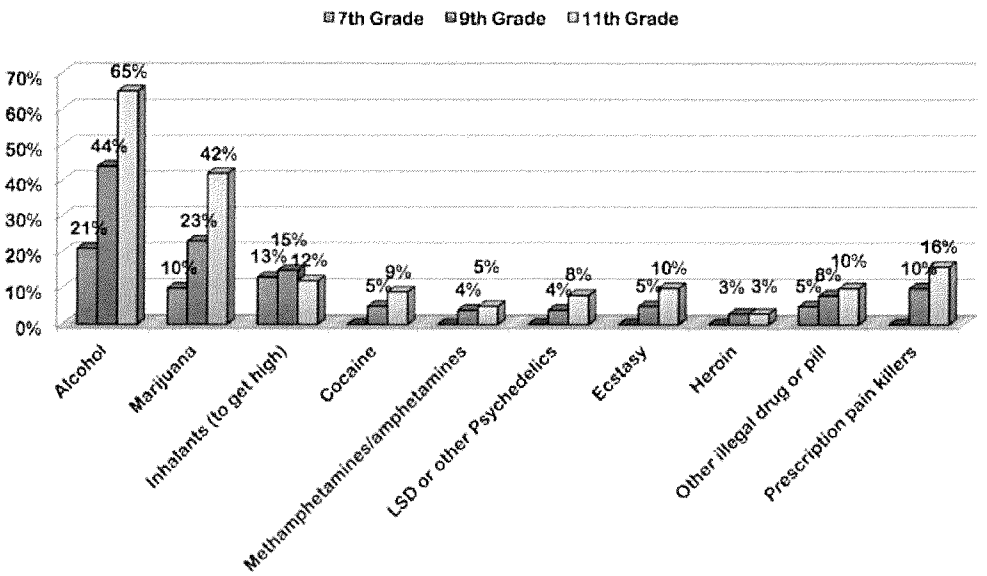
- Overall drug use among adolescents in 7th, 9th and 11th graders showed a positive correlation (unfavorable relationship) with age for many of the drugs asked about in the 2004 to 2006 San Mateo County Healthy Kids Survey, including alcohol, marijuana, prescription painkillers, ecstasy, cocaine, LSD, amphetamines, and heroin. Note that the use among non-traditional (of any age) students is higher than use among traditional students for all drugs presented. Note also that 65% of 11th grade students have tried alcohol, and 42% have tried marijuana.

Adolescent Lifetime Use of Drugs by Grade Level

San Mateo County, 2007-2009



Children in 7th Grade were not asked about Cocaine, Methamphetamines/amphetamines, LSD, Psychedelics, Ecstasy or Heroin

Key Finding #7 – Human society has been in a great transition since the industrial revolution. Change and transitions have accelerated during the 21st century mostly driven by technological advancement and the Internet. These changes have caused perceptions of instability, insecurity and distress.

- A rapid increase in knowledge and the ability to access knowledge has not translated into a concomitant increase in wisdom.

- It is likely that change in all areas of our life will only accelerate in the future, cycles will be more abrupt, and swings will be wider.

- A "new normal" is arising in our lives. Our situation is without precedent in recorded human history. While this presents us with many wonderful opportunities, these changes also have some characteristics of a population-wide affliction. The affliction is one of being constantly "on", being constantly "connected", and socially connecting with others through technology rather than in-person. It is important to understand the ramifications of replacing more direct human interaction with electronic interaction and not having adequate down time. Several of the many big issues that result include, firstly, the need for "instant gratification" for information, which can exhibit all the hallmarks of a physical dependence and/or addiction. Secondly, the loss of social support and human contact has unknown consequences. It is known that both these issues can increase depression, anxiety, and distress. Digital natives (younger people raised in this new digital world) and digital immigrants (usually older people affected by, but not raised in this new digital world) are likely to be affected differentially by these issues.

- Evidence suggests that technology is becoming a master of us instead of the other way around.

- People are having difficulty getting ahead of their workload, no matter how hard they try.

- **The importance of spirituality is declining, as is the number of people who report receiving support from the clergy.** A total of 44.4% of 2013 survey participants say that spirituality is "very important" in their lives, while 23.3% say it is "not important" (this marks a *significant decrease* in the perceived importance of spiritually compared with 2001 findings). Certain population segments, such as women, older adults, lower-education and lower-income adults, and Black or Hispanic respondents much more often acknowledge the role of spirituality in their lives.

Importance of Spirituality in Respondents' Lives

San Mateo County, 2013

Notes: • Asked of all respondents.
• Percentages express any degree of difficulty ("little," "moderate," "quite a bit" or "extreme" difficulty).

- **The Internet is utilized almost as much as doctors as a primary source of health care information.** 34.9% of survey respondents mentioned their **physician**, while 31.9% mentioned the **Internet**. This represents a *significant increase* in reliance on the Internet for health care information (up from 3.6% in 1998).

Primary Source for Health Care Information

San Mateo County, 2013

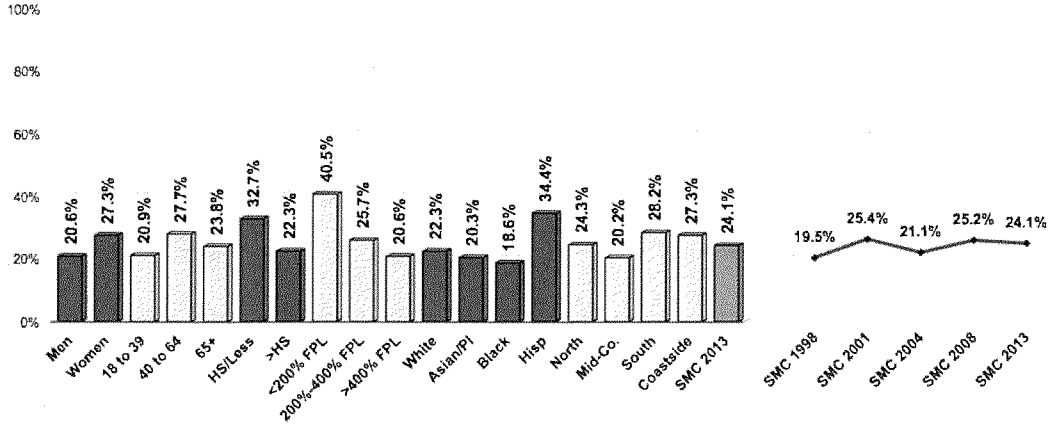
Notes: • Asked of all respondents.

- **Almost a quarter of San Mateo County respondents experienced prolonged symptoms of depression** with women, poorer, less educated, and Latino respondents having relatively higher rates. A total of 24.1% of surveyed adults reported having had a period lasting two years or longer during which he or she was sad or depressed on most days. This proportion is significantly *higher* than found in the baseline 1998 survey, but similar to 2001 and 2008.

Experienced Symptoms of Depression Lasting 2+ Years

San Mateo County, 2013

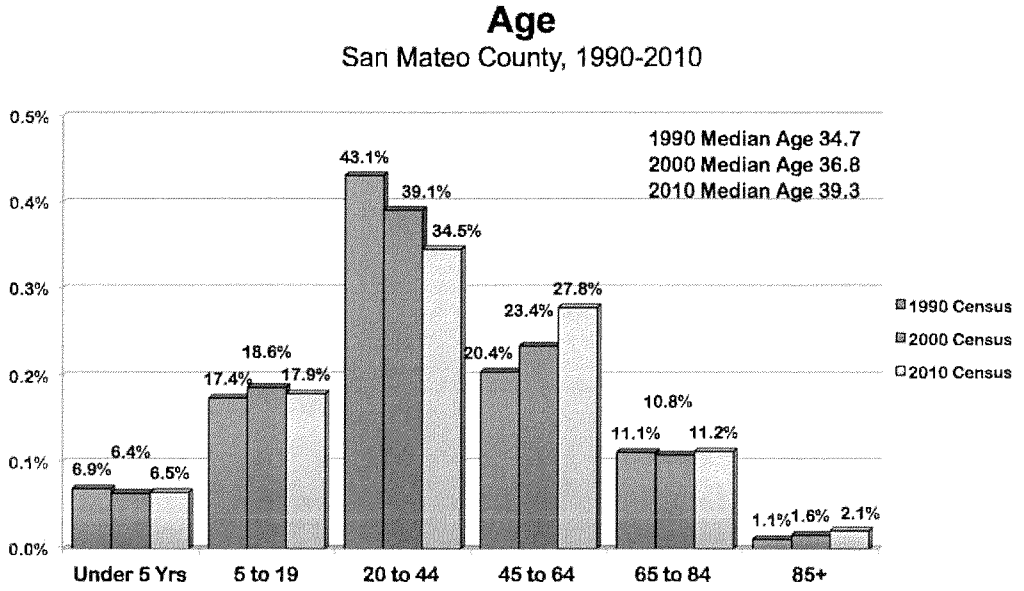


Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

Key Finding #8 – We are losing our middle. This relates to our age distribution, income distribution, and political bent.

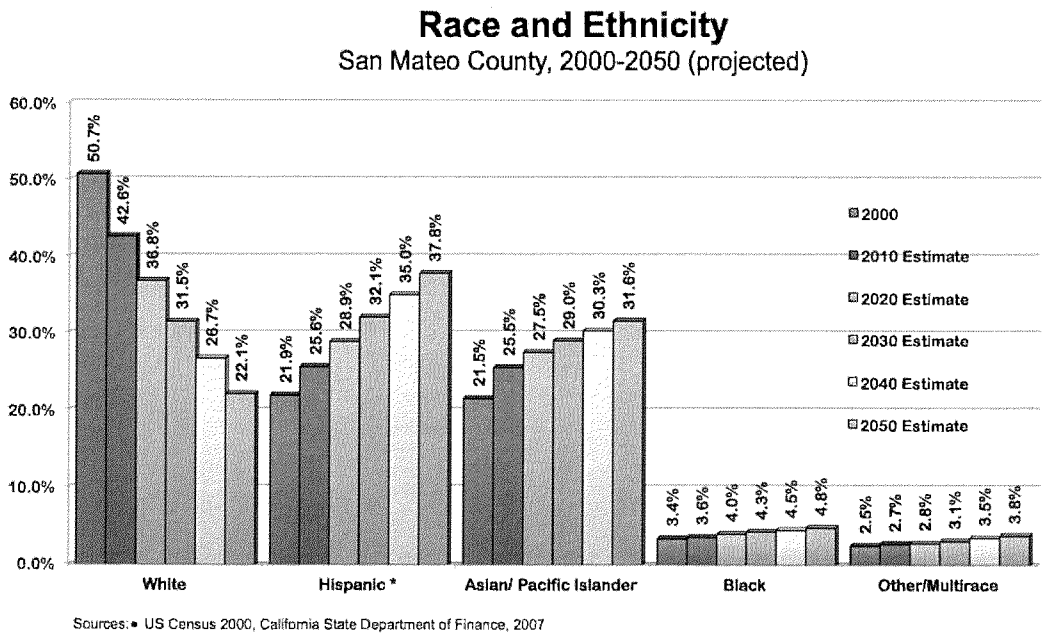
- The San Mateo County of the future will look very different from the San Mateo County of today.

- There has been a decrease in those aged 20-44 in the county and increasing those aged 45-65. The age pyramid in the county is flattening, and we are in the middle of a large demographic shift in age and race.



Sources: • US Census 1990, 2000, 2010.

- **Increasing age and race diversity continue.** Over the next several decades, the White population is expected to decrease considerably (decreasing nearly 50% between 2000 and 2040), while Hispanic and Asian/Pacific Islander populations are expected to increase dramatically. By the year 2040, each of these will represent a greater share than the White population, with Hispanics representing a plurality.

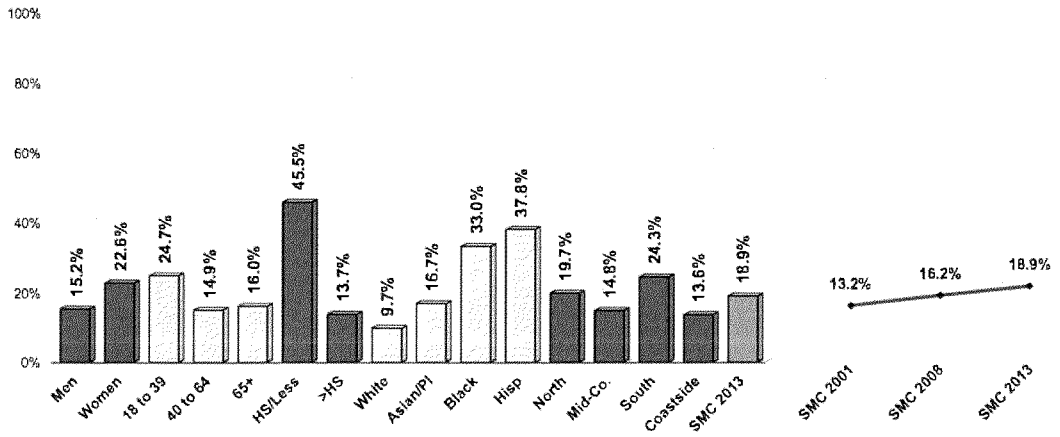


- **All sectors (business, education, government, healthcare, transportation, etc.) must adapt to these demographic changes.**

- **Poverty and relative poverty are increasing, especially at both ends of the lifespan, children and seniors.** A total of 18.9% of San Mateo County adults live below 200% of the Federal Poverty Level (FPL), according to reported household incomes and household sizes. Among respondents with a high school education or less, 45.5% report living below the 200% FPL threshold, compared to only 13.7% of those with education beyond high school. Black and Hispanic respondents also demonstrate higher proportions than White or Asian/Pacific Islander respondents. This year's countywide finding represents a ***significant increase*** from the 13.2% reported in 2001 and the 16.2% reported in 2008 (note that 1998 and 2004 survey data are not comparable because a 185% FPL threshold was used for those data).

Adults Living Below 200% of the Federal Poverty Level

San Mateo County, 2013

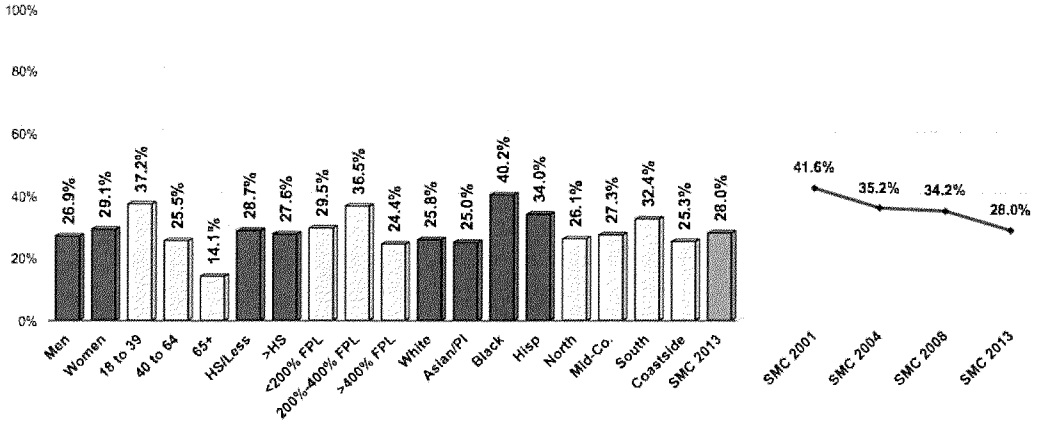


Source: • 2001/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).

- **As the economy declines, fewer people are considering leaving the county. However, many have already left.** 28.0% of respondents report that they or a family member have seriously considered leaving the county because of the high cost of living, *significantly lower* than previous survey results. Young adults, people living between 200 and 400% of the federal poverty threshold, Blacks, Hispanic respondents, and residents in the South County area all consider relocating at higher levels although all levels were lower than in the past.

Have Considered Relocating Due to Cost of Living

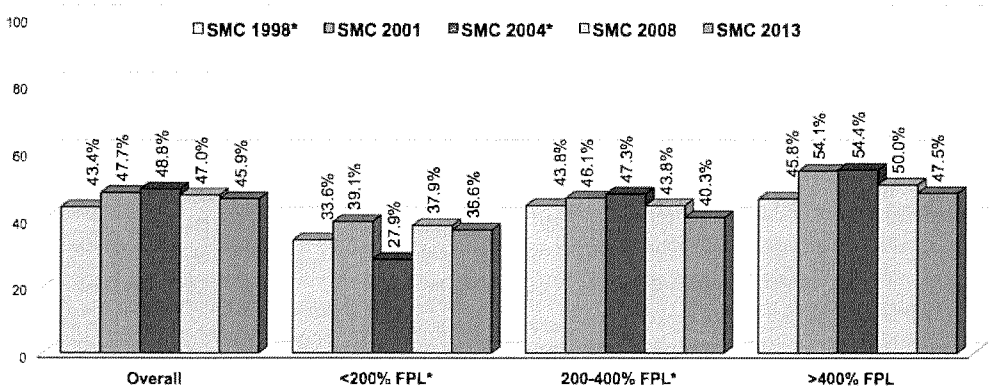
San Mateo County, 2013



Sources: • 2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

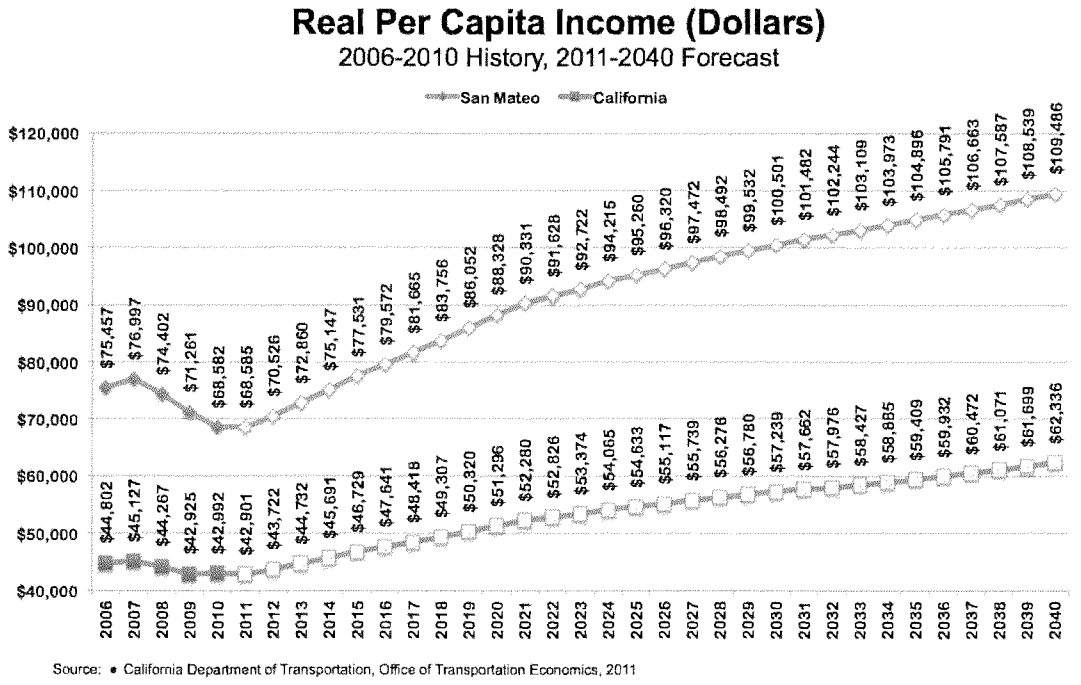
- **We are experiencing declining trust in government and those who rely on it most are the ones who trust it the least.** 45.9% of survey participants say they trust local government to work for the community's best interest "always" or "most of the time" (similar to past survey results). In contrast, 18.6% responded "seldom" or "never," marking a ***significant increase*** from 2001 and 2008 survey findings.

"Always" or "Most of the Time" Trust
Local Government to Work for the Community's Best Interest
By Income, San Mateo County, 2013



Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.
• *In 1998 and 2004, the lower income category was defined as below 185% of the FPL, and the middle income category was defined as 185%-400% of the FPL.

- **Real per capita income has declined since 2000. This is accompanied by a steady decline in the reported rating of individual's personal financial situation. While not hit as hard as other areas of the country by the Great Recession, the residents of San Mateo County remain pessimistic about the economy.** Real per capita income in San Mateo County in 2010 was $68,582, and the average weekly wages in 2010 were $1,450, down 13% from 2000. Real per capita incomes decreased at a rate of 3.8% in from 2009 to 2010 continuing a decline started in 2007. Over the next five years, however, real per capita incomes are forecast to increase at least 2.5% per year.



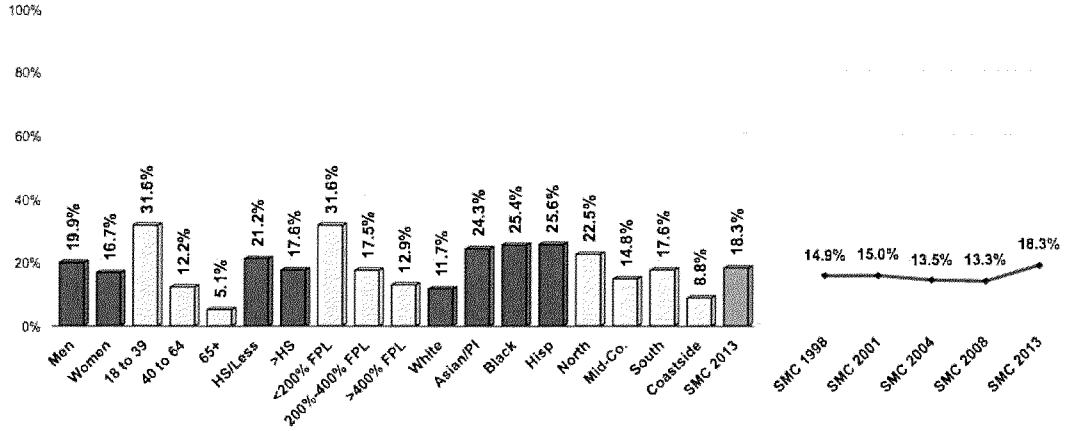
Source: • California Department of Transportation, Office of Transportation Economics, 2011

- **The county reports high rates of relative poverty (those living between 100% and 400% of the federal poverty level); a zone where there is no government support for basic needs.**

- **There has been a large increase in county residents doubling up or sharing housing costs to limit expenses.** 18.3% of respondents currently share housing costs with someone other than a spouse or partner in order to limit expenses, marking a *significant increase* in shared housing over previous years. Over 31% of young adults and residents living below the 200% poverty threshold share living expenses, as do 24% or more of non-White respondents.

Share Housing Costs With Someone Other Than a Spouse/Partner to Limit Expenses

San Mateo County, 2013



Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

- A significant shortage of housing supply remains the primary cause of the high housing costs in the county. This is inextricably connected with the limited supply of land available for development and strict zoning ordinances that limit the density of housing that can be built.

- According to the Association of Bay Area Governments (ABAG), between 1999-2006 San Mateo County issued permits for only 16% of the housing units needed for moderate-income households, 45% for low-income households, and 19% for very low-income households, as determined by the most recent Regional Housing Needs Allocation. As a result, in its 2006 Bay Area Housing Profile, the Bay Area Council gave the county an "F" in its housing production report card. In 2008, San Mateo County

issued 932 housing permits, and of those, only 43 fell into the Restricted Affordable Category.

- **There is a mismatch of housing and jobs in the county. While the Housing Affordability Index has been recently increasing, it is still lower than the rest of the state. Housing policy and implementation needs to be trued-up with current conditions.**

- **A minimum wage income is entirely consumed by the childcare costs of one infant.**

Key Finding #9 – Education remains the single most important factor in future success and health. Length of education is highly correlated with increasing wealth and health.

- **There are lower rates of pre-school enrollment among African Americans and Latinos, which will lead to a lower life and health trajectory.** Just over half of 3 and 4-year-olds in San Mateo County are in preschool or nursery school. Counties in California range from a low of 25% to a high of 81%. The state average is 38%.

Preschool Enrollment Ages 3 and 4

San Mateo County, 2009

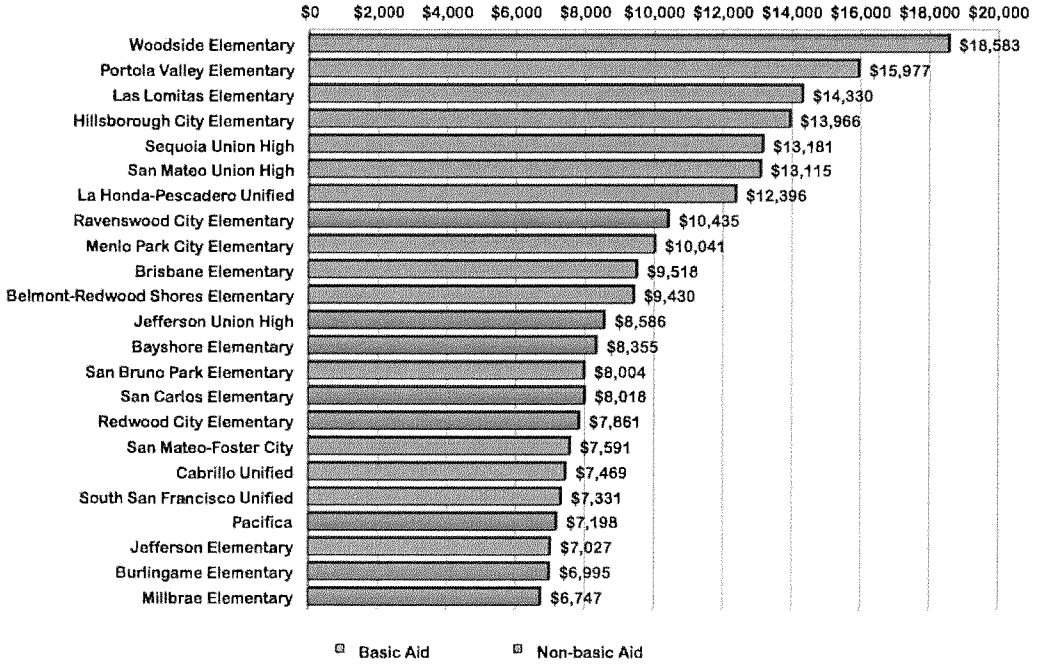
By Race	All Races	African American	Asian	Latino	White	Other
Children in preschool or nursery school	52%	18%	60%	53%	71%	39%

Source: • California County Scorecard, 2010

- **Disparity in school funding has long-term consequences, including higher long-term cost when the opportunity for primary prevention is lost.**

- During the 2009-10 school year, there was wide variability across county school districts in per-student revenue. Woodside Elementary and Portola Valley Elementary School Districts had the highest per student revenue at over $18,000 and $15,000 per student respectively. Woodside Elementary's figure was more than double the per student revenue of more than half (12) of other county school districts. Much of the differential in the county is driven by the availability of local revenue sources to supplement state and federal dollars. It could also reflect revenues received for specific services, such as special education dollars.

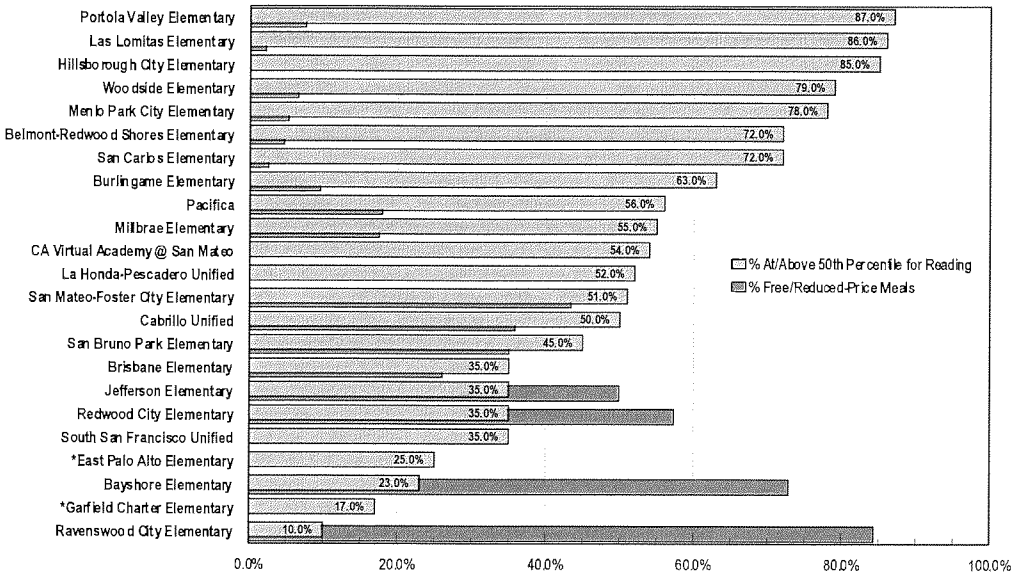
Revenue per Student per Average Daily Attendance by District,
San Mateo County, 2009-2010



Source: • California Department of Education, Education Demographics Office, 2012.
Note: • Total revenue includes revenue limit sources, other state revenue sources, and local revenue sources.

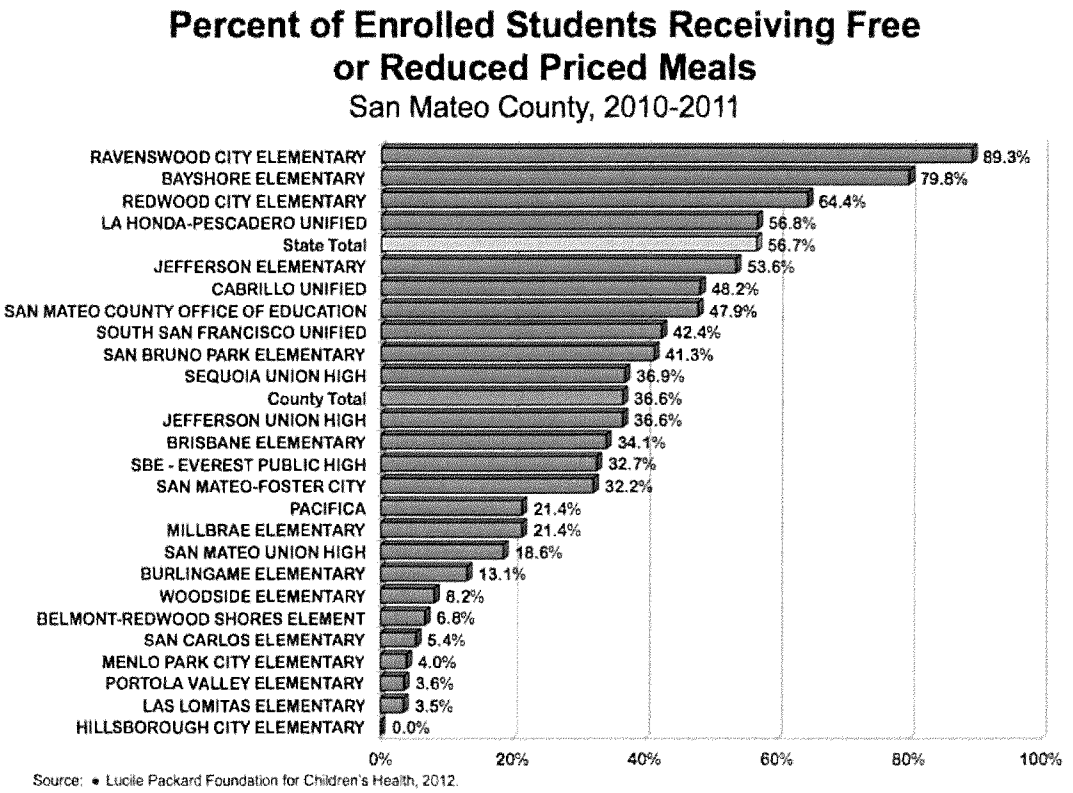
- Even though the County had a higher proportion of 3rd grade students reading at grade level than the state, it is important to note that ethnicity and income are key factors in school performance. Note the strong negative correlation between 3rd grade reading scores and household income (as indicated by eligibility for free or reduced price meals).

Percent of 3rd Graders Reading At or Above the 50th National Percentile Rank by District
(San Mateo County 2007)



Source: California Department of Education, CAT/6 Test Scores. California Standardized Testing and Reporting (STAR), 2007.
* Charter School
California Department of Education, Educational Demographics Unit. Prepared: 7/30/2007.

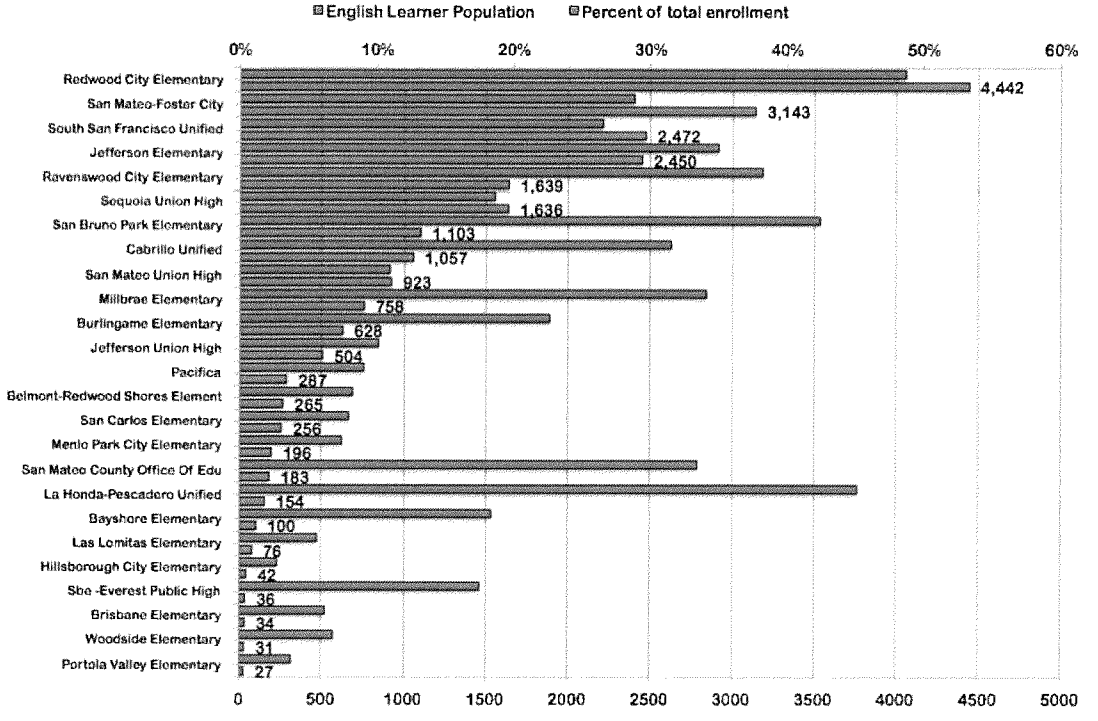
- Subsidized school lunch participation ranges broadly within school districts in the county, with highs of 89.3% receiving free lunch in the Ravenswood Elementary School District and 79.8% in the Bayshore Elementary School District. (2010-11 data).



- Redwood City Elementary and San Mateo-Foster City Elementary have the highest populations of English learner students in San Mateo County. Proportionally, Redwood City Elementary and La Honda-Pescadero Unified have the highest percentages of total enrollment made of English Learner students.

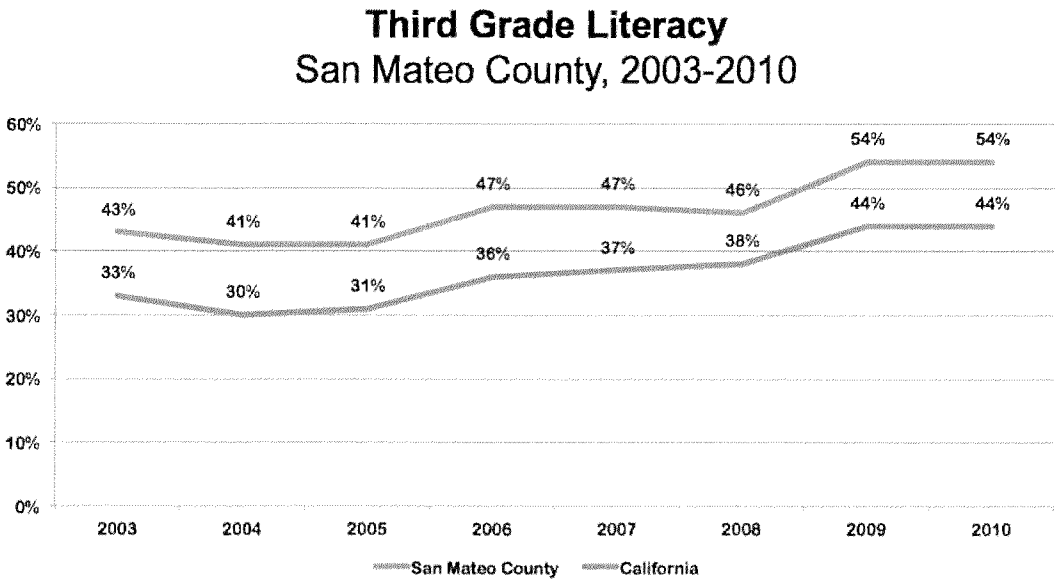
English Learner Population by School District

San Mateo County, 2010-2011



Source: • California Department of Education, DataQuest, 2012.

- In San Mateo County in 2010, 54.0% of 3rd graders read at or above the 50th National Percentile Rank based on STAR test results, compared to 44.0% for the State of California. The county percentage of 3rd graders reading at or above the 50th National Percentile Rank has increased over the past several years.



Source: • California Department of Education, Star Results, 2011.

Key Finding #10 – As a society, we have decided to criminalize biology and diseases of the brain. A large portion of our inmate population is mentally ill, substance abusers, or both. Both of these conditions are now known to be diseases of the brain. We have chosen, as a matter of ingrained public policy, to incarcerate as "treatment" for these conditions instead of employing evidence-based mental health and substance use treatments. This public policy will ultimately fail.

- **The majority of women inmates are confined in San Mateo County jail for non-violent drug possession and property offenses. Only 12% are housed for violent or weapons charges. In fact, a higher percentage of women are confined in San Mateo County on drug possession and theft or property offences than in the nation's jails.** 80% of all women inmates are confined in San Mateo County Jail reported that they had moderate to severe alcohol or drug problems. Most women inmates confined in San Mateo County Jail were not lawfully employed at the time of admission to jail. More than one-half of the pretrial women and one-third of the sentenced women housed in the San Mateo County Jail are responsible for young children under the age of 18.

- More than one-half (54%) of the pretrial women and one-third of the sentenced women housed in the San Mateo County Jail are responsible for young children under the age of 18. Numerous studies on female offenders and their children document that the separation of mothers from their children contributes to:

  - Five to six times higher delinquency rates among their children.
  - Inability for children who are separated from their mothers to form trusting relationships and attachments to society's standards.
  - More children in foster care.
  - Additional welfare costs to society.
  - Higher rates of recidivism for women offenders.

- Men housed in the San Mateo County Jail have the following characteristics:

  - The most frequent offense for which they were confined was for personal drug use and possession.

- While drug use or possession is the most common single charge, this is not the majority of men in custody.
- Almost 60% were employed at the time of this current jail admission and most reported that they expect to be employed upon release.
- More than one-half report using drugs and four out of ten report using them daily or several times a week.
- Methamphetamines were the number one drug of choice.
- Nearly two thirds of the men report drug and/or alcohol abuse.
- Only 17.2% reported being involved in treatment at the time of this arrest and few reported ever receiving treatment.
- Almost one-third of the males are assessed by Correctional Health Services as needing residential treatment for their psychiatric disorder.

Key Finding #11 – Health insurance coverage has been declining over the last 15 years. The Affordable Care Act, also known as Obamacare, is likely to stem the long sustained decline in health insurance coverage. Access to mental health and dental services remain problematic.

Perceive "Fair/Poor" Access to Health Care Services

San Mateo County, 2013

	Overall Access	Mental Health	Dental Care	Substance Abuse	Child Health
SMC 1998	14.0%	28.1%	15.2%	23.2%	17.3%
SMC 2001	15.8%	31.5%	22.9%	27.0%	21.7%
SMC 2004	12.3%	33.9%	27.4%	26.8%	18.3%
SMC 2008	13.7%	34.1%	25.6%	27.0%	16.4%

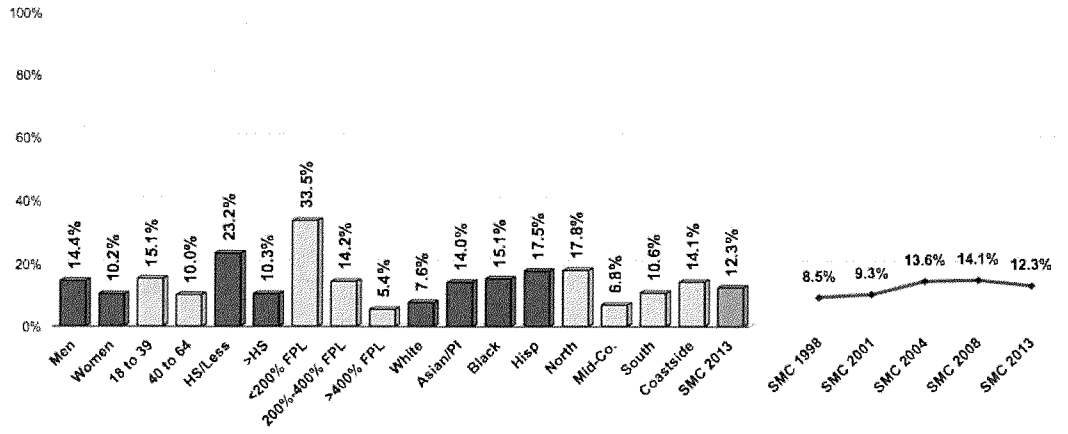
Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.

- Because of good policy design and implementation there is almost universal childhood access to health care in San Mateo County, unlike almost any other county in the country.

- **For adults, there are still a large percentage of individuals without health insurance.** Men, young adults, those with no postsecondary education, and respondents living below the 200% poverty threshold demonstrate greater lack of health insurance. More than 15% of Blacks and Hispanics report being uninsured, roughly twice the prevalence reported among Whites represented in the survey. North County residents also report a notably higher rate of being uninsured.

Lack Health Care Insurance Coverage (18-64)

San Mateo County, 2013

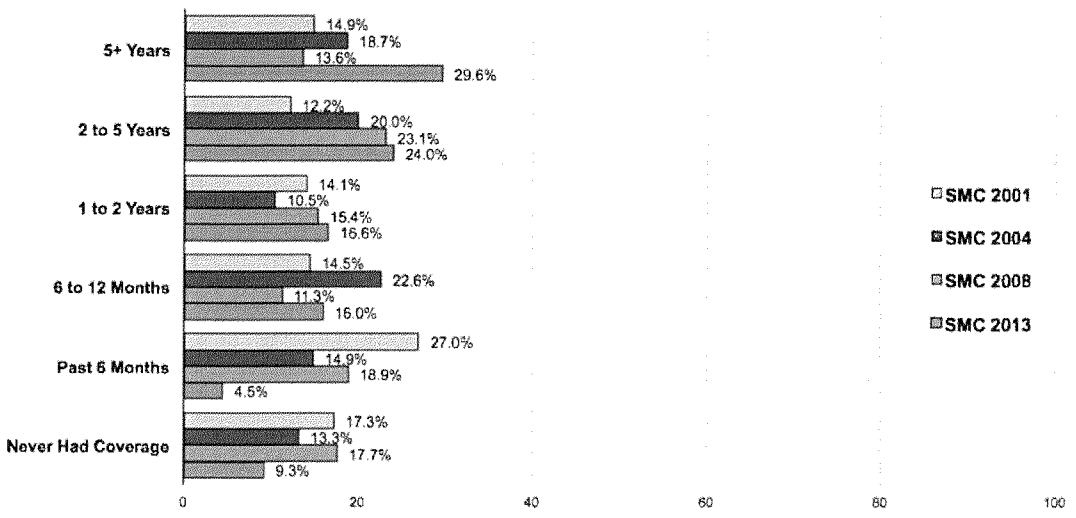


Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents under 65.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

- For adults, there has been a large increase in those without insurance for over five years. Among those without any type of health insurance coverage, 9.3% report that they have never had coverage. A full 29.6% have been without coverage for more than five years (a *significant increase* over time).

Length of Time Without Coverage

Among Respondents <65 Without Health Insurance Coverage
San Mateo County

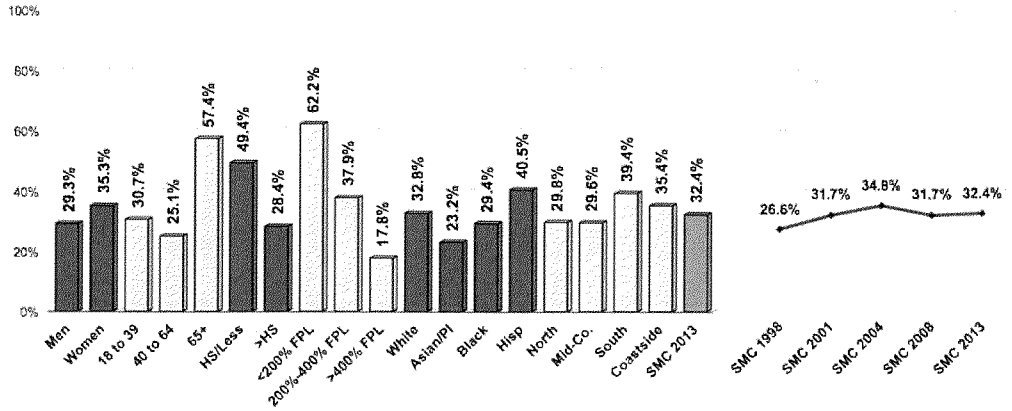


Source: • 2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of those respondents under 65 who are without health care insurance coverage.

- **Lack of dental insurance and access remains an issue.** 32.4% do not (representing more than 185,000 county adults). The prevalence of community members without dental coverage has ***increased significantly*** since the 1998 survey. Among those without dental insurance, 34.3% report that they or a family member have dental problems which they cannot take care of because of a lack of insurance (up from 22.4% in 2008). Income level is the primary correlation with lack of dental insurance: 62.2% of those living below the 200% poverty threshold are without dental insurance coverage, compared to 17.8% of those living above the 400% poverty threshold. Note also that 57.4% of seniors, one-half of those without a college education, and over 40% of Hispanics are without full or partial dental insurance.

Lack Dental Insurance Coverage

San Mateo County, 2013



Sources: • 1998/2001/2004/2008/2013 PRC Community Health & Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents.
• Hispanics can be of any race. Other race categories are non-Hispanic categorizations (e.g., "White" reflects non-Hispanic White respondents).
• Income categories reflect respondent's household income as a ratio to the federal poverty level (FPL) for their household size.

- Access to dental care is among the lowest of all types of access to healthcare service. No systematic effort to identify needs or plan for future needs exist in the county.

- **Access to mental health services continues to deteriorate.** San Mateo County respondents were most critical of access to **mental health services** (36.3% rate this as "fair/poor); evaluations this year are *significantly worse* than found in 1998 and 2001, but statistically similar to 2004 and 2008 findings.

- **There are racial/ethnic disparities in adequacy of prenatal care received as well. The adequacy of prenatal care for Pacific Islander women is very low compared to other groups.** The most substantial decrease occurred in Hispanic women from 43.8% in 1990-1994 to 22.9% in 2006-2010, a 47.7% decrease. Asian women other than Filipinas and Pacific Islanders received adequate prenatal care in similar proportions to White women. Pacific Islander women consistently had the highest proportions of less than adequate prenatal care compared to other race/ethnicities.

Proportion of Births Receiving Less Than Adequate Prenatal Care By Maternal Race/Ethnicity

5 – Year Moving Averages, San Mateo County, 1990-2010

	90-94	91-95	92-96	93-97	94-98	95-99	96-00	97-01	98-02	99-03	00-04	01-05	02-06	03-07	04-08	05-09	06-10

Notes: • Adequate prenatal care is determined by the Kessner Index; Women in the Asian category excludes Filipina and Pacific Islander Women

- **There has been an enormous increase in the number of cesarean section births and this remains above the national objective. One third of private births are now done by cesarean section. Policies or health plans that promote cesarean section births should be changed.** The proportion of births delivered by C-section (to women both with and without a prior C-section) has dramatically increased 67% since 1990, from 17.6% in 1990 to 29.4% in 2010. The Healthy People 2020 objective is 23.9% of births to low-risk females with no prior C-section birth.

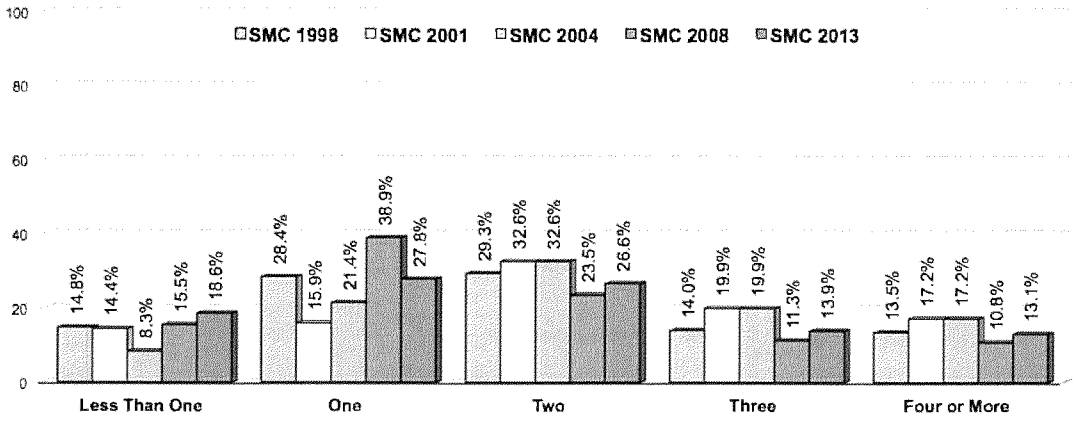
Key Finding #12 – We are not doing well by our children. Our children are less healthy, as a whole, than children were in decades past. Current adult generations have benefitted from a large number of good policy decisions. However, today, our policies, across diverse sectors, are making our children less healthy and adversely impacting our future generation's health, well-being, and lifespan.

- **Overall decrease in television and video watching for children is hopeful, but more needs to be done. Screen time is decreasing for 13-17 year olds, but it is increasing for those 12 and under.** A total of 18.6% report that their child watches less than one hour per day (*significantly higher* than previous findings). In contrast, 27.0% report that he/she watches three hours or more per day.

Number of Hours Child Spends on Screen Time (Television, Videos, Video Games) Per Day

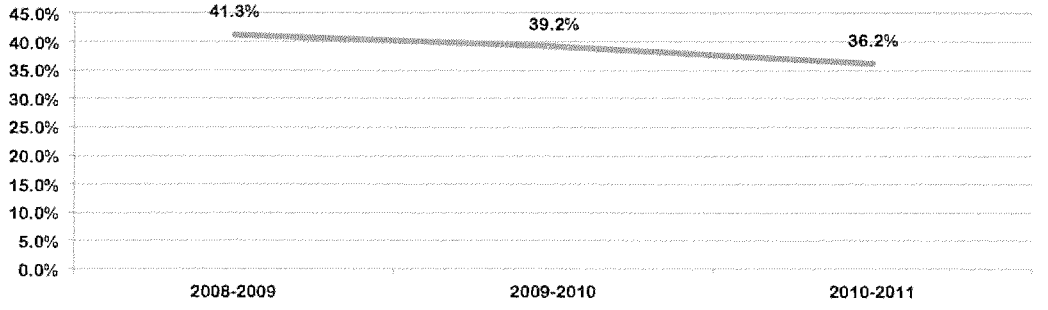
San Mateo County, 2013



Source: • 1998/2001/2004/2008/2013 San Mateo County Health and Quality of Life Surveys, Professional Research Consultants, Inc.
Notes: • Asked of all respondents with children aged 1-17 at home.

- **After increasing from 1998-2006, 7th grade physical fitness has been declining for the past five years.** In 2010-2011, only 36.2% of San Mateo County 7th graders met basic fitness requirements, as determined by the California Department of Education, although this proportion is better than the statewide average. However, in San Mateo County, there is a notable difference among students by gender and by race and ethnic group, with boys and Black and Latino students demonstrating the lowest prevalence of physical fitness.

Percentage of 7th Grade Students Meeting 6 of 6 Basic Fitness Standards,
San Mateo County, 2008-2011



Source: • California Department of Education, DataQuest, 2012.

- **Resources directed at early learning and reducing childhood trauma are inadequate.**

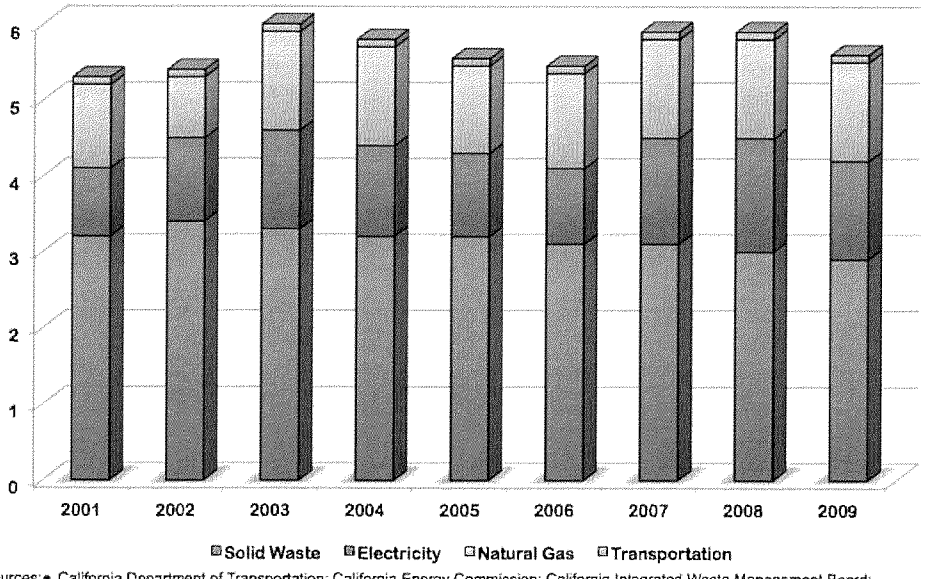
- **We have created a society where far too many children are obese.**

- **Access to mental health services for children is inadequate.**

Key Finding #13 – Primary prevention activities around obesity prevention and activities to reduce greenhouse gas emissions and climate change are one and the same.

- The total estimated carbon emissions from gasoline, electricity, and natural gas use in San Mateo County were 5.58 million metric tons in 2009. Since 2001, total carbon emissions from these sources have varied year to year, but increased slightly. The transportation sector has consistently accounted for more than half of total carbon emissions in the county.

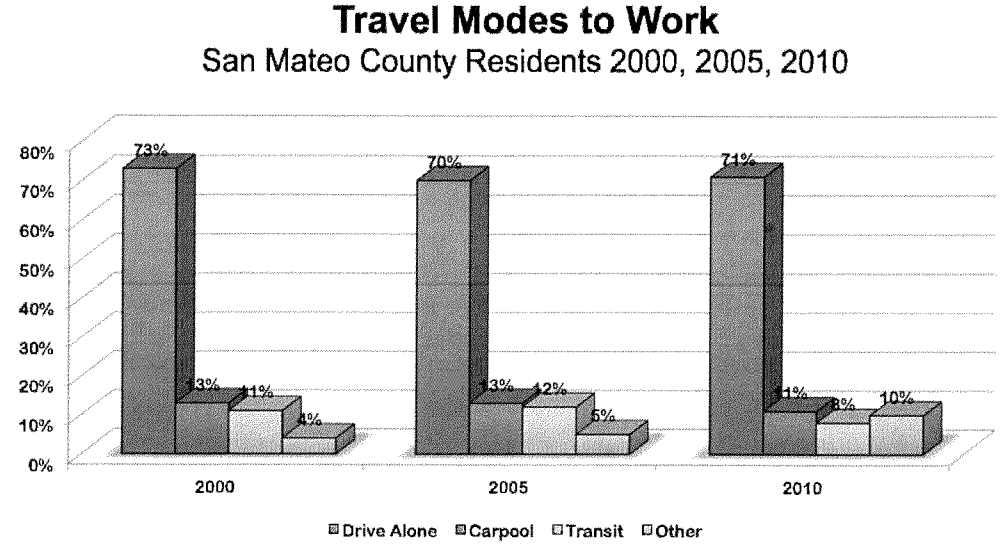
Total Greenhouse Gas Emissions
San Mateo County, 2001-2009



Sources: • California Department of Transportation; California Energy Commission; California Integrated Waste Management Board; Sustainable San Mateo County, 2011.

- **A major way to limit greenhouse gas emissions and reduce climate change is to promote active transportation.**

- There has been no real change in travel modes to work in the past decade. The vast majority of residents are still driving alone.



Source: • Metropolitan Transportation Commission, 2000, 2005, US Census, American Community Survey, Sustainable San Mateo, 2012

- Promoting and supporting active transportation produces significant health co-benefits among the population, especially related to weight reduction and increasing physical activity.

- **Cities are only doing an average job in promoting biking and walking in their communities.** 44.6% of survey participants gave "excellent" or "very good" ratings of the local government in creating bikeable and walkable streets and sidewalks that provide easy access to public transit and daily needs and services. Another one-third (33.5%) gave "good" ratings. In contrast, 21.8% of San Mateo County adults gave "fair/poor" ratings of the local government's creation of easy access to public transit and daily needs and services.

Rating of Local Government on Creating Bikeable and Walkable Streets and Sidewalks for Ease of Accessibility

San Mateo County, 2013

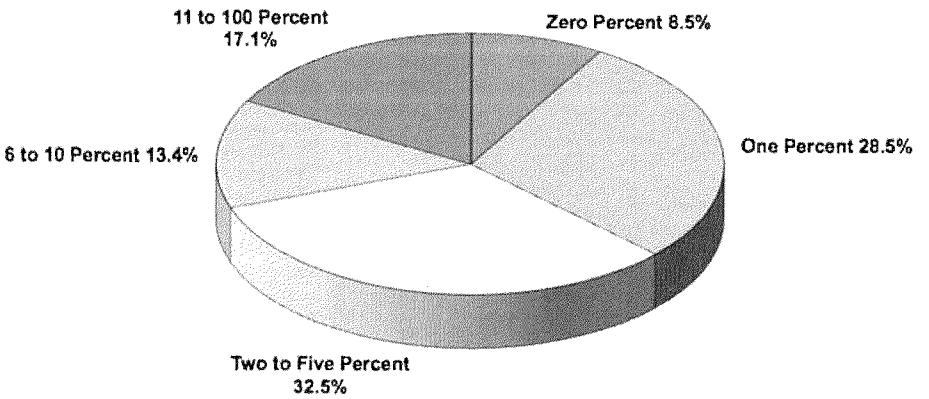
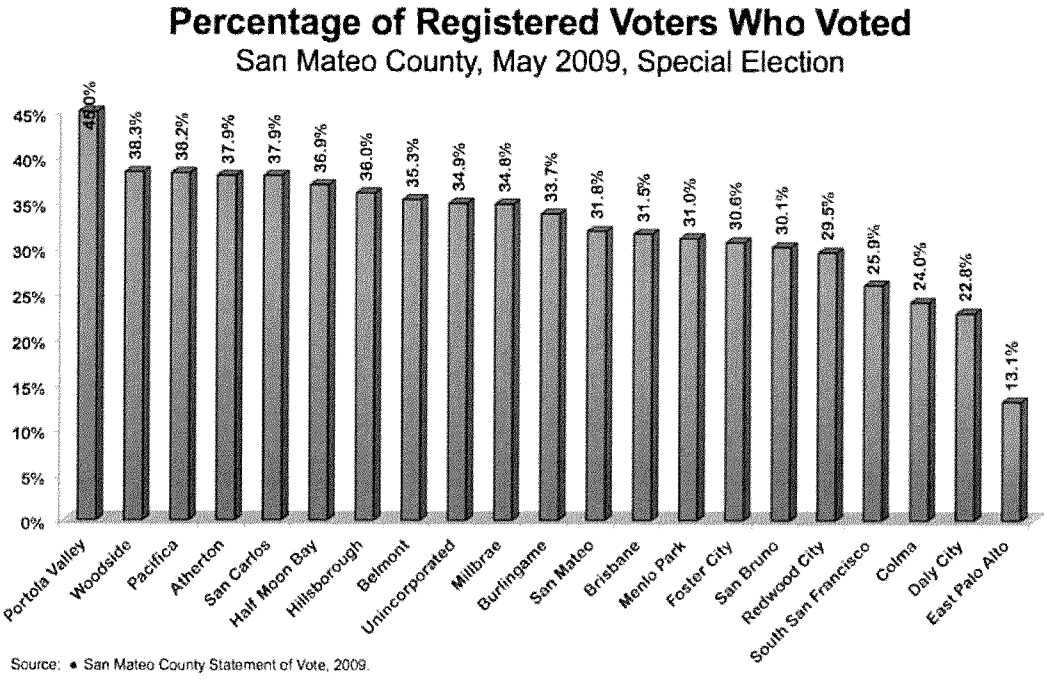
Among San Mateo County Respondents Who Grow Food for Consumption, 2013



Source: • 2013 San Mateo County Health and Quality of Life Survey, Professional Research Consultants, Inc.
Notes: • Asked of all respondents who grow their own food for consumption.

Key Finding #14 – Civic participation in San Mateo County is low.

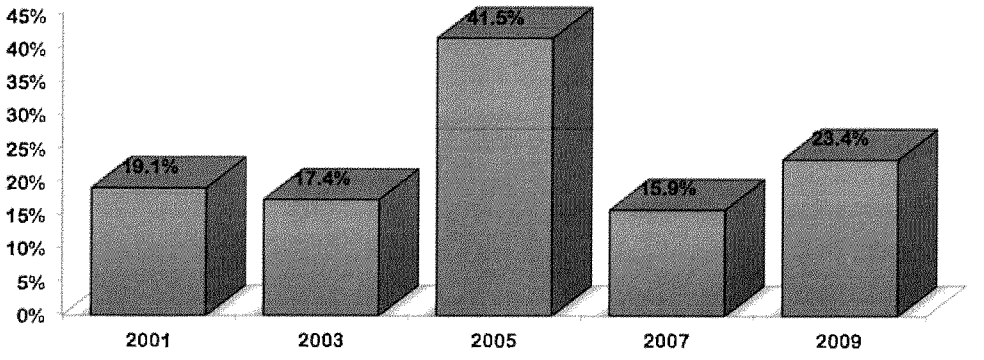
- In the 2010 General election, voter turnout—expressed as the percentage of eligible voters who voted—was 46.3% in San Mateo County, compared with 43.7% statewide. This number was both higher than the countywide turnout for the 2005 special statewide election (when 41.5% of eligible adults voted) and the last midterm election in 2002 (when only 38.8% of eligible adults voted). Still, less than half of the eligible voters in the county made decisions for the entire community.



Source: • San Mateo County Statement of Vote, 2009.

- **Frequently less than 25% of eligible voters determine the outcome of an election.** In odd number election years from 2001-2009, the percentage of San Mateo County Eligible voters who voted ranged from 15.9% in 2007 to 41.5% in 2005.

Percentage of Eligible Voters Who Voted
San Mateo County, 2001-2009



Source: • State of California Secretary of State, San Mateo County Statement of Vote, Sustainable San Mateo, 2010.

Key Finding #15 – Tuberculosis rates are increasing and are disproportionate to declines seen in the rest of the state and the nation.

- With population shifts in San Mateo County, rates of Tuberculosis are higher in San Mateo County than in California, and both rates are higher than the national average.

Incidence of Tuberculosis

5-Year Moving Averages, San Mateo County California and National, 1987-2010

Purpose of This Implementation Report

Seton Medical Center (Seton) conducted a Community Health Needs Assessment (CHNA) in 2015-2016 to meet the federal requirements of the Patient Protection and Affordable Care Act (ACA), and to inform Seton's investments into the health of its service area in the northern and coastal regions of North San Mateo County (SMC). The CHNA was approved by Seton Medical Center's Board of Directors on June 14, 2016, and in accordance with federal requirements, it is widely available to the public on Seton's website at https://seton.verity.org/about-us/community-benefit.

In this Implementation Report, Seton describes the strategies and resources used to tackle the highest priority health needs in our service area, as identified through the CHNA process. As such, this plan fulfills federal Internal Revenue Service (IRS) requirements that non-profit hospitals prepare a written plan at least once every three years that addresses each of the community health needs that were identified through the CHNA. It is also intended to fulfill requirements of the Office of Statewide Health Planning and Development (OHSPD) that private, non-profit hospitals like Seton Medical Center complete an annual community benefit report.

About Our Hospital

Seton Medical Center

Seton Medical Center has been serving the health care needs of San Francisco and northern San Mateo County since its founding as Mary's Help Hospital in 1893. The current hospital was built in 1965 and stands on a 33-acre campus.

Today, Seton Medical Center continues the tradition of patient-centric, quality health care to our entire community. Recognized for its stroke treatment, cardio-vascular excellence, including STEMI certification, Seton offers a comprehensive range of medical specialties on both an inpatient and outpatient basis, as well as emergency services.

Seton has a long tradition and a deep commitment to providing quality care to the communities we serve.

Seton Coastside

Seton Coastside provides skilled nursing care to 116 inpatient residents year-round, in addition to meeting the healthcare needs of our patients, and the surrounding coastal community. Our dedicated staff of interdisciplinary healthcare team professionals, provide excellent, and comprehensive healthcare. Seton Coastside operates the only 24-hour standby Emergency Department from Daly City to Santa Cruz, which is well-equipped and staffed to serve the needs of our community.

Our key medical services include physical, occupational and speech therapies, radiology, mammography and laboratory.

Description of Community Served

Seton Medical Center's service area includes, but is not limited to, the cities of South San Francisco, Daly City, Colma, Brisbane, San Bruno, Pacifica, Montara, Moss Beach, Half Moon Bay and certain areas of San Francisco. Seton serves the North County/Coastal service area in which the U.S. Census counted a population of 284,838 in 2013. Fewer than one quarter (20%) of the residents in service area are under the age of 18, while one third (37%) are between the ages of 18 and 44. Fourteen percent are 65 years or older. The North County/Coastal service area cities have a diverse race/ethnic profile. The two largest racial subpopulations in the service area are White (41%) and Asian (39%). Across all racial groups, more than a quarter (26%) reported being of Hispanic/ Latino descent (the US Census Bureau does not consider Hispanic/ Latino to be a racial category). Data also indicate that nearly 8% of residents in the service area are living in poverty (100% of Federal Poverty Level, or FPL), similar to the proportion across San Mateo County as a whole. Nearly one in five North County/Coastal service area residents (19%) live below 200% of the FPL, and more than two in five (44%) households are overburdened by housing costs (i.e., housing costs exceed 30% of total household income).

Top Community Health Needs in 2016

Seton conducted the Community Health Needs Assessment in partnership with the Healthy Community Collaborative of San Mateo County (HCC), which consists of representatives from nonprofit hospitals, the County Health Department and Human Services, public agencies, and community-based organizations. The HCC was formed to identify and address the shared health needs of the community. The goals of the 2016 CHNA were to provide insight into the health of the community, prioritize local health needs, and identify areas for improvement.

Process to Gather Community Health Needs Assessment Data

To gather information for its local planning needs and to meet state and federal mandates, Seton took a comprehensive approach to complete the 2016 CHNA. A full description of the process, including information about respondents consulted and specific health data, can be found on Seton's website at https://seton.verity.org/about-us/community-benefit. The following presents a summary of the planning process.

For the purposes of this assessment, Seton did not limit the definition of "community health" to traditional measures of health. In addition to the indicators about physical health of the county's residents, the assessment included indicators related to the broader social and environmental determinants of health, such as access to healthcare, technology, affordable housing, childcare, education, and employment. This definition reflects Seton's view that many factors impact community health, which in turn cannot be addressed without wider consideration of those factors.

To assess community health trends, Seton partnered with Applied Survey Research (ASR) to obtain secondary data from a variety of sources, including the US Census Bureau, American Community Survey, California Health Interview Survey, and San Mateo County's 2013 Health & Quality of Life Survey. ASR also obtained primary data through direct community input: (a) key informant interviews with local

health experts, (b) focus groups with community leaders and representatives, and (c) resident focus groups. These discussions sought to answer two primary questions:

- What are the top or "priority" health needs in the community that are not being well-met now (compared to 2013)?
- What are the issues around access to healthcare and how has the ACA impacted access to healthcare for the community?

To gauge the relative priority of various health needs, ASR asked focus group members to generate a list of pressing health needs and then vote on those they felt were top priority, while interviewers asked key informants to list their community's priority needs. ASR then tabulated how many focus groups prioritized each health need and how many key informants described each health need as a priority.

In the fall of 2015, ASR synthesized primary qualitative research and secondary data to create a list of health needs for Seton, and then filtered them against a set of criteria to reveal those that could be considered top health needs. To qualify as a top health need, each had to meet the following criteria:

1. Meeting the definition of a "health need," which is a poor health outcome and its associated risk(s), or a risk that may lead to a poor health outcome,
2. Missing a state or national (Healthy People 2020) benchmark, and
3. Being supported by more than one source of data.

Top Health Needs

The 16 community health needs identified through the CHNA process are described below, in order of prioritization.

1. **Obesity/Diabetes (including fitness, nutrition).** There is a higher rate of diabetes among adults in the county compared to the HP2020 target. Blacks and low-income county residents disproportionately report having been diagnosed with diabetes. Diabetes is the eighth leading cause of death in the county. The rate of youth who are overweight in the North County/Coastal service area is higher in the county compared to California. Childhood obesity disproportionately affects Latino and Black children in the county. The percentage of county adults who exhibit healthy behaviors has dropped over time.
2. **Access & Delivery.** Latino residents and residents of "some other race" in the North County/Coastal service area are more likely to be uninsured than state residents. The proportion of county residents who report visiting a doctor for a routine checkup has been trending downward. Providers reported that more individuals are enrolled in health insurance, although they continue to use the ER or community clinics. Community members indicated that patients need help navigating the healthcare system.
3. **Behavioral Health.** The percentage of North County/Coastal service area adults who self-report excessive consumption of alcohol is higher than the state. In SMC, the percentage of adults who report mental and emotional problems is rising, and binge drinking among young adult males is trending up. In addition, suicide is one of the top 10 leading causes of death in the county. Community members expressed concern about a lack of resources, and youth focus group

participants in South San Francisco indicated that substance abuse is a more pressing issue in their community than any other health need. The stigma associated with behavioral health continues to exist.

4. **Heart Disease & Stroke.** Mortality rates for heart disease and stroke in the North County/Coastal service area are higher than HP2020 targets. Diseases of the heart are the leading cause of death in the county, and stroke is the fourth leading cause of death. Rising percentages of county adults report high cholesterol.
5. **Cancer.** Rates of breast cancer incidence and prostate cancer incidence in the North County/Coastal service area are higher than the state. In addition, the rate of colorectal cancer incidence in the North County/Coastal service area is higher than the Healthy People 2020 (HP2020) target. Certain ethnic groups (i.e., Blacks and Whites) in the service area are most affected by cancer and have incidence rates that fail or equal the state or HP2020 target. Cancer is the second leading cause of death in the county.
6. **Respiratory Conditions.** Adult asthma prevalence among adults in the North County/Coastal service area is higher than the state and in SMC has increased substantially over time. Respiratory conditions are the fifth leading cause of death in the county. Community members expressed concern about asthma, naming drivers of the disease such as mold and mildew, airborne particles, secondhand smoke, and smog from traffic.
7. **Economic Security (income, housing).** Ethnic disparities are seen in poverty and educational attainment, a major driver of economic security. Low-income county residents have poorer access to basic needs and have more trouble affording healthcare costs than those residents with higher incomes. Housing is less affordable in SMC than in the rest of the Bay Area, and housing prices are again on the rise.
8. **Oral & Dental Health.** The percentage of county adults who report having visited a dentist for a routine checkup in the past year has decreased from 1998 to 2013, and the percentage of adults in the county who lack dental insurance has increased. Low-income residents are disproportionately affected.
9. **Communicable Diseases (not STIs).** There has been a rise in the incidence rate of tuberculosis in the county over the past decade, and it remains higher than the state average. Pneumonia and influenza combined comprise the seventh leading cause of death in the county. Incidence rates of chlamydia, gonorrhea, and syphilis in the county are rising. New cases of gonorrhea, syphilis, and HIV in the county disproportionately occur among men who have sex with men (MSM).
10. **Violence & Abuse.** Although by almost all statistical measures, violence, crime, and abuse are trending down in the county, community perceptions have not changed over time. The rate of child abuse among Black families in the county is much higher than the state rate. In addition, human trafficking is an emerging issue in the county.
11. **Transportation & Traffic.** The total number of road miles per acre of land (road network density) in the North County/Coastal service area is higher than the county and state overall. Most residents drive to work alone rather than carpooling, taking public transit, or using another mode of transportation. Total vehicle miles of travel in the county have been rising and

correlate with motor vehicle crashes and vehicle exhaust, a factor in poor health outcomes. A lack of transportation disproportionately affects low-income, less-educated, Latino, and Black respondents.

12. **Alzheimer's.** The proportion of older adult residents is increasing in SMC, and the mortality rate from Alzheimer's is higher in SMC compared to California. Alzheimer's disease is the third leading cause of death in the county.
13. **Air Quality/Climate Change.** SMC is among the top U.S. metropolitan areas with the highest short-term particle pollution and one of the areas most polluted by ground-level ozone. Poor air quality can aggravate asthma and other respiratory conditions, while high levels of ground-level ozone can damage plants and ecosystems on which human health depends. Finally, SMC will be the California county most affected by rising sea level.[1]
14. **Unintentional Injuries (Falls).** The community expressed concerned about older adults who are injured due to falls, especially because of the county's increasing proportion of older adult residents. The county's rate of adult deaths due to drowning is higher than the state's rate. Deaths from pedestrian and motor vehicle accidents in the county show ethnic disparities.
15. **Birth Outcomes.** Birth outcomes data for SMC are generally good, but disparities exist based on ethnicity. For example, Black and Asian/Pacific Islander women are more likely to have low birthweight babies (15% and 9%) than women of other ethnicities in the county (between 5% and 8%). Black women in the county also disproportionately experience pre-term births and infant mortality compared to county residents overall.
16. **Arthritis.** The adult arthritis prevalence rate in SMC is slightly higher than the state average, and the county has an increasing proportion of older adult residents.

2016 – 2018 Implementation Plan

In this Implementation Plan, Seton describes the strategies and resources used to tackle the highest priority health needs in our service area, as identified through the CHNA process.

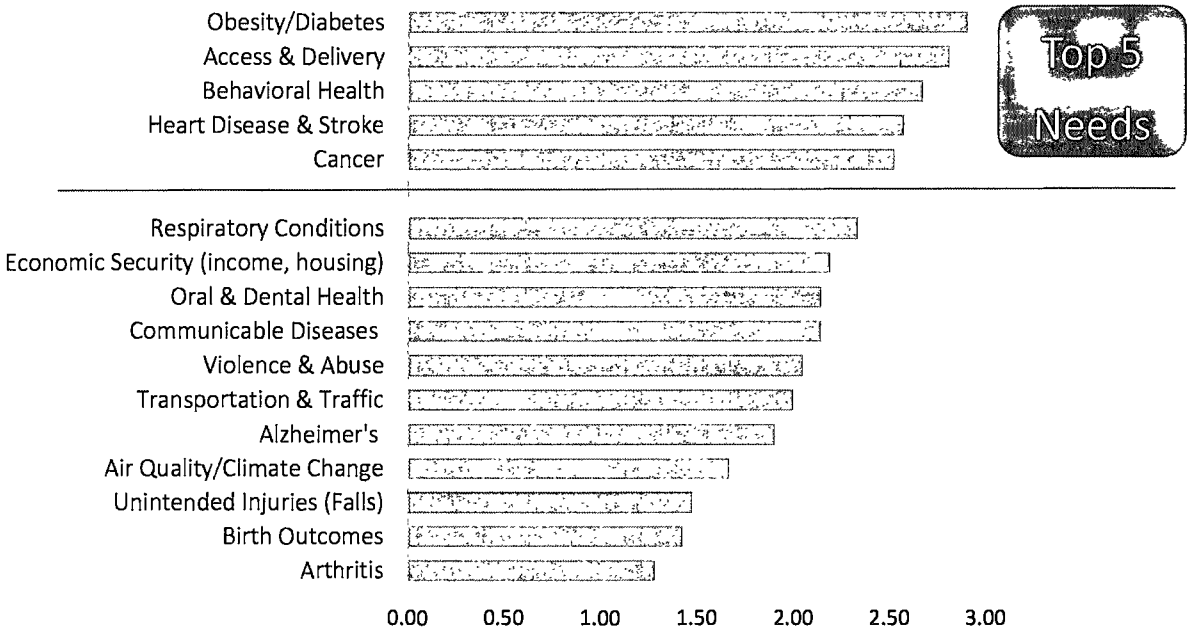
Method for Prioritizing and Selecting Health Needs

The entity charged with reviewing and prioritizing health needs was Seton's Community Benefit Advisory Committee, which consists of the following health experts.

1. President and CEO, Seton Medical Center
2. Medical Directors, Radiation Oncology and Radiology, Seton Medical Center
3. Chief Operating Officer/Chief Nursing Officer, Seton Medical Center
4. Representative from American Cancer Society
5. Consultant who oversees the accreditation with the American College of Surgeons
6. Stroke STEMI Coordinator, Seton Medical Center
7. Director, Radiology, Seton Medical Center
8. Nurse Manager, Oncology Services, Seton Medical Center
9. Director, Business Development, Seton Medical Center
10. Financial Analyst, Seton Medical Center
11. Chaplain, Seton Medical Center

In May 2016, the Community Benefit Advisory Committee received a presentation of the data related to each of the 16 health needs found by the CHNA. Next, they scored each health need using three criteria: 1) Community's prioritization of the need (number of times it was mentioned in focus groups or key informant interviews), 2) Seton Medical Center's capacity to address the need, and 3) Expert's prioritization of the need. For each health need, each of the three criteria was scored on a 1-3 scale, with 3 being highest and 1 one being lowest. The following presents the results of the list of health needs in Seton's service area, in rank order of priority.

Top 16 Community Heath needs, in Rank-order of Priority for Seton Medical Center



Priority Needs to be Addressed: Programs, Resources, and Anticipated Impact

Seton will address the top five prioritized needs listed above:

1. Obesity/Diabetes (including fitness, nutrition)
2. Access & Delivery
3. Behavioral Health
4. Heart Disease & Stroke
5. Cancer

The table below summarizes Seton's 2016 community benefit report and 2016-2018 implementation strategy for addressing the five prioritized health needs:

- Seton's actions to address priority need
- Anticipated Impacts of the actions
- Community Benefit categories, coded as follows:
  - Benefits for vulnerable populations, or "VP"
  - Benefits for the broader community, or "BC"
  - Health research, education, and training program, or "HRET"
  - Non-quantifiable benefits, or "NQB"
- Collaborating partners, if applicable
- Results achieved: The number of individuals who benefit from the actions and services provided
- Resources: The approximate economic value of fiscal resources committed each year.

Priority Need and Seton's Actions	Anticipated Impact of the actions	Comm Benef. category (ies)	Partners, if applicable	Results Achieved FY 2015-2016 Actual	Results Achieved FY 2016-2017 Planned	Results Achieved FY 2017-2018 Planned	Resources FY 2015-2016 Actual	Resources FY 2016-2017 Planned	Resources FY 2017-2018 Planned
1. Obesity/Diabetes (including fitness, nutrition)									
Seton's Diabetes Screening and Education Program	Provide early detection, prevention, screening, education, management, and support services improves outcomes and reduces complications for diabetics and pre-diabetics.	VP		Number served: 1,125			$86,795	$55,000	$55,000
2. Access & Delivery

Goal							**$431,887**	**$794,324**	**$794,324**
Shortfall								**($158,824)**	**($168,824)**

In addition, the following grants may also be made:

- ALLICE – Intimate and domestic violence prevention and awareness
- Caritas – Camp for low-income youth in San Mateo County
- Coastside Adult Day Health Center – Support for seniors in the Coastside community
- Daly City Youth Health Center – Health and wellness for youth in North County
- Daly City Food Pantry — Second Harvest Food Bank- food for low-income and underserved
- Gifts of Love – Hospice care for homeless
- Holy Child/St. Martin Church – Support for health clinics and
- Latina Breast Cancer Agency – Wellness and prevention support for those served
- Pacific Stroke Association – Stroke awareness and education
- Peninsula Family Services – Support for those in need of housing and other services
- Others to be determined

Mechanisms to Evaluate the Plan

The table presented above will be used to and report the status of actions toward each of Seton's selected health needs. Seton staff will gather the requisite data as programs are implemented. Where needed, Seton will use community conversations and dialogues to solicit the views of the community with respect to the quality of services, or barriers to services.

Priority Needs That Will Not be Addressed, and Reasons

The Community Benefit Advisory Council reviewed the 16 health needs and scored the 11 needs below as being of lower priority, considering the criteria of community resident priority, Seton's ability to address, and local health experts' view of urgency:

- Respiratory Conditions
- Economic Security (income, housing)
- Oral & Dental Health
- Communicable Diseases
- Violence & Abuse
- Transportation & Traffic
- Alzheimer's
- Air Quality/Climate Change
- Unintended Injuries (Falls)
- Birth Outcomes
- Arthritis

An Overview

Established in 1945, St. Francis Medical Center of Lynwood (SFMC) is the only comprehensive, non-profit health care institution serving Southeast Los Angeles. The Medical Center provides a full range of diagnostic and treatment services for 700,000 adults and 300,000 children who depend on SFMC for high quality and compassionate medical care. SFMC is committed to respecting the dignity of each patient and to caring for the whole person – body, mind and spirit.

Our Mission and Values

SFMC is a member of the Daughters of Charity Health System. The Mission of SFMC reflects the guiding principle of the Daughters of Charity – caring for those who are sick and underserved.

SFMC fulfills its Mission by living out the Vincentian Values:

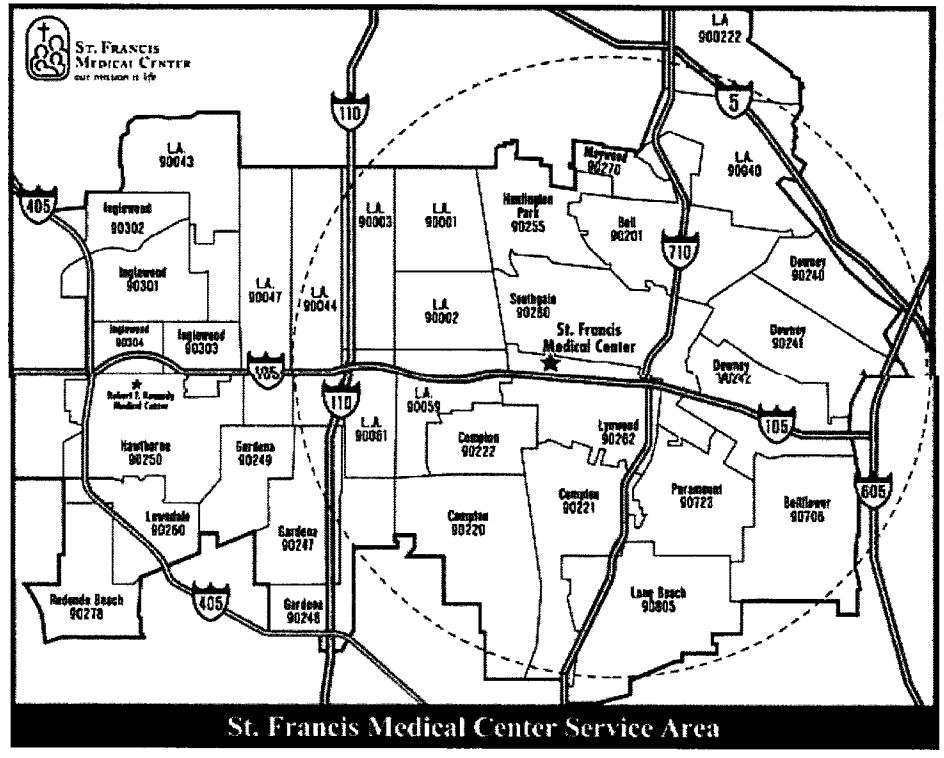
- **Respect**
- **Compassionate Service**
- **Simplicity**
- **Advocacy for the Poor**
- **Inventiveness to Infinity**

In the spirit of our founders, St. Vincent de Paul, St. Louise de Marillac, and St. Elizabeth Ann Seton, the Daughters of Charity Health System is committed to serving the sick and the poor. With Jesus Christ as our model, we advance and strengthen the healing mission of the Catholic Church by providing comprehensive, excellent health care that is compassionate and attentive to the whole person: *body, mind and spirit*. We promote healthy families, responsible stewardship of the environment, and a just society through value-based relationships and community-based collaboration.

SFMC's Service Area

SFMC provides quality medical care, educational programs and support services to the 1,000,000 residents of communities in Southeast Los Angeles County including Lynwood, South Gate, Downey, Huntington Park, Bell, Cudahy, Paramount, Bell Gardens, Long Beach, Maywood and Compton.

The patients of SFMC, located in Lynwood, California, generally live within a 5-mile area between the 110 Freeway on the West, the 605 Freeway on the East, the 91 Freeway on the South and the Alameda Corridor on the North.



Our Health Care Services

The Medical Center operates a 384-bed acute care hospital, with five community-based health clinics, and one of the largest and busiest private emergency trauma centers in Los Angeles County. We offer a full range of diagnostic and treatment services provided by more than 2,000 associates and 350 affiliated physicians. The Family Life Center is supported by a Neonatal Intensive Care Unit and Pediatric Health Unit. Our Center for Heart and Vascular Medicine offers a full range of imaging services including state-of-the-art CT Angiography. In addition, we have specialized centers for Women's Imaging, Behavioral Health, and Wound Care.

Community service programs include a Children's Counseling Center, Health Benefits Resource Center, Casa de Esperanza transitional housing, "Footprints" shoes and clothing for families, and numerous senior wellness and youth mentoring programs. Healthy Community Initiatives bring screenings, immunizations, and health education though its mobile unit to more than 15,000 adults and children annually, and Vida Sana "Healthy Life" provides nutrition, stress-reduction, fitness, and healthy lifestyle sessions that target heart health, obesity, and diabetes through local church collaborations. **SFMC's wide array of specialized services include:**

24-hour Emergency Services and Trauma Center
Approved for Emergency Pediatric Care
Base Station for L.A. County Mobile Intensive Care Squads
Helipad for Emergency Air Transport
Maternal, Child and Family Health Clinics
- -Located in Lynwood, Compton, Huntington Park, Downey

Heart and Vascular Center
- -Cardiovascular, Endovascular and Open Heart Surgery
- -Coronary Care Unit
- -Pacemaker Clinic
- -2 Cardiac Catheterization Labs
- -3 Interventional Labs

Inpatient and Outpatient Cancer Care Center
Family Life Center
- -Obstetrics, Gynecology, Labor and Delivery
- -Neonatal Intensive Care
- -Perinatal Diagnostic Services
- -Pediatrics

Diagnostic & Therapeutic Radiology
- -CT Scan
- -MRI/MRA
- -Ultrasound
- -3D Mammography
- -Fluoroscopy
- -Nuclear Medicine
- -Radiation Therapy
- -Interventional Radiology

36-bed Intensive Care Unit
Outpatient Ambulatory Care Services
Acute Renal Dialysis
Cardiopulmonary Laboratory
Physical, Occupational and Speech Therapy
Skilled Nursing Facility
Behavioral Health Unit
Children's Counseling Center
Social Services
Spiritual Care Services
Patient Advocacy
Healthy Community Initiatives
Health Benefits Resource Center
Wound Care Center
Women's Imaging Center

Ensuring Health Care Access

As a member of the Daughters of Charity Health System, the Mission of SFMC reflects the guiding principal of the Daughters of Charity – serving the sick poor. The medical center's operating policy of providing health care for all ill and injured persons, regardless of their ability to pay, has resulted in it being designated by the federal government as a health care institution that serves "a disproportionate share of the medically indigent."

SFMC ranks among the top 10 percent of institutions in this country that serve the medically indigent. It is of note that approximately 80 percent of SFMC's reimbursements for service are derived from Medi-Cal, Medicare, and L.A. County.

Community Health Needs Assessment and Our Strategic Plan

The Community Needs Assessment is an integral part of the Medical Center's Strategic Planning process, which is managed by the Medical Center's Management Council. All strategic planning, budgeting and programming processes are focused on assuring productive use of medical center resources to respond to the changing needs of our community.

The results of the Needs Assessment are integrated into the Medical Center's long-range planning activity, as well as program specific planning. During the annual update of the Medical Center's strategic plan, data derived from the Community Needs Assessment is integrated with the external environment analysis and the organizational analysis. Additional input and information are gathered both informally and through community meetings with stakeholders and community representatives.

The data presented in the Community Health Needs Assessment and the subsequent analysis and prioritization of community needs form the foundation for SFMC's Community Benefit Plan and corresponding programs. St. Francis Medical Center's Board of Directors reviews and gives final approval of SFMC's Community Benefit Plan.

Responding to the Needs of Our Community

Providing high quality, compassionate care for adults and children who are poor and underserved is at the heart of SFMC's Mission. SFMC's ultimate goal is to dramatically improve the health of the community. In response to the community's needs, St. Francis Medical Center's Wellness and Healthy Community Initiatives reflect:

- SFMC's core values of Respect, Compassionate Service, Simplicity, Advocacy for the Poor and Inventiveness to Infinity
- A long tradition of creating innovative programs designed to meet community needs
- An unwavering commitment to building a healthier community
- Strong relationships with collaborative partners
- A commitment to utilizing the most advanced technology possible while delivering services in a caring and nurturing manner

Our response requires an understanding of how key social forces, especially economic and social trends, are shaping SFMC's local community. Like most of Southern California, SFMC's service area is part of a dynamic, diverse community. This population presents a wealth of opportunity and also poses significant challenges as we seek to provide effective medical care, educational programs, and social services to residents. Innovation, flexibility, mission focus and strong collaborative relationships are essential to SFMC's efforts to build a healthier community.

A Shared Commitment to Community Wellness

SFMC's Community Benefit Programs are enhanced by a common purpose – both internally and externally – to improve the health of our community. Internal collaboration involves hospital administration, SFMC associates, affiliated physicians, direct service volunteers, leadership volunteers and a cadre of generous donors. Community partners include elected representatives, community organizations, public agencies, churches, public and private schools, local businesses and individuals from throughout SFMC's service area that share SFMC's vision and commitment to wellness.

Through SFMC's Community Benefit Programs we strive to:

Nurture Healthy Children and Families

Foster Self-sufficiency

Enhance Individual & Community Well-being

It is through the Vision and Vincentian Values we embrace with the Daughters of Charity of St. Vincent de Paul, our health care team of physicians, nurses, and staff, and community partners that we are building healthier communities and helping to put within everyone's reach, health, wellness, and wholeness.

How to interpret the data in this report

General Note:

The data in this report should be interpreted cautiously. Although the health indicator data may appear to suggest changes in one particular direction, there are likely several conflicting, demographic processes affecting observed patterns. For example, this report notes that there will be an increasingly elderly (age 65+) population in California over the next decade (2011-2021), at the same time that the state will continue to absorb flows of migration (which are predominantly a young adult population). Because health profiles vary among different age and race groups, health indicator data should be interpreted carefully. Health indicator data should be analyzed in consideration of the state's shifting racial and age dynamics.

Mortality Indicators:

The data for the mortality indicators are compiled from the Los Angeles County Department of Public Health, as well as the California Department of Public Health Assessment & Policy Section/Data Analysis Reporting Unit and can be compared across years to observe trends over time.

Health Indicators:

The data for the health indicators are compiled from the Key Indicator of Health reports from 2002/2003, 2007, 2009 and 2013 as well as from the Los Angeles County Department of Public Health, Office of Health Assessment and Epidemiology. Due to changes in indicator criteria from one survey to the next these data can not be compared across years. The California data are from the California Health Interview Survey from 2003, 2005, 2007 and 2009.

Demographic Projections:

The data for the population projections are compiled from the U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample. The data for the community profiles are compiled from the U.S. Census Bureau, American Community Survey 2007-2011, 5-year estimates.

Focus Groups:

Supplementary data are included throughout this report from the transcripts of four focus groups that were conducted at SFMC on May 17, 2013. The groups were comprised of key stakeholders, service providers and two groups of beneficiaries (one in English and one in Spanish).

How to interpret the data in this report

Focus Groups, cont.

The purpose of the focus groups was to collect qualitative information on health care issues that could elaborate on and enhance information gleaned from secondary data sources. Participants were identified and recruited by SFMC staff. The groups were mixed by age, race/ethnicity, and gender. Sixty-seven individuals participated in four separate focus groups, including:

Beneficiaries – Individuals or family members of individuals who received care or services from SFMC. Separate groups were conducted in English-speaking (N=7) and Spanish-speaking (N=30) beneficiaries, with a moderator fluent in Spanish conducting the latter.

Providers – Physicians, nurses, technicians, and support personnel who provide health care and social services to the community on a daily basis at SFMC and in the community (N=18).

Stakeholders – St. Francis Medical Center Board members, representatives from local elected officials' offices and local chambers of commerce, and community, education, and health care leaders (N=12).

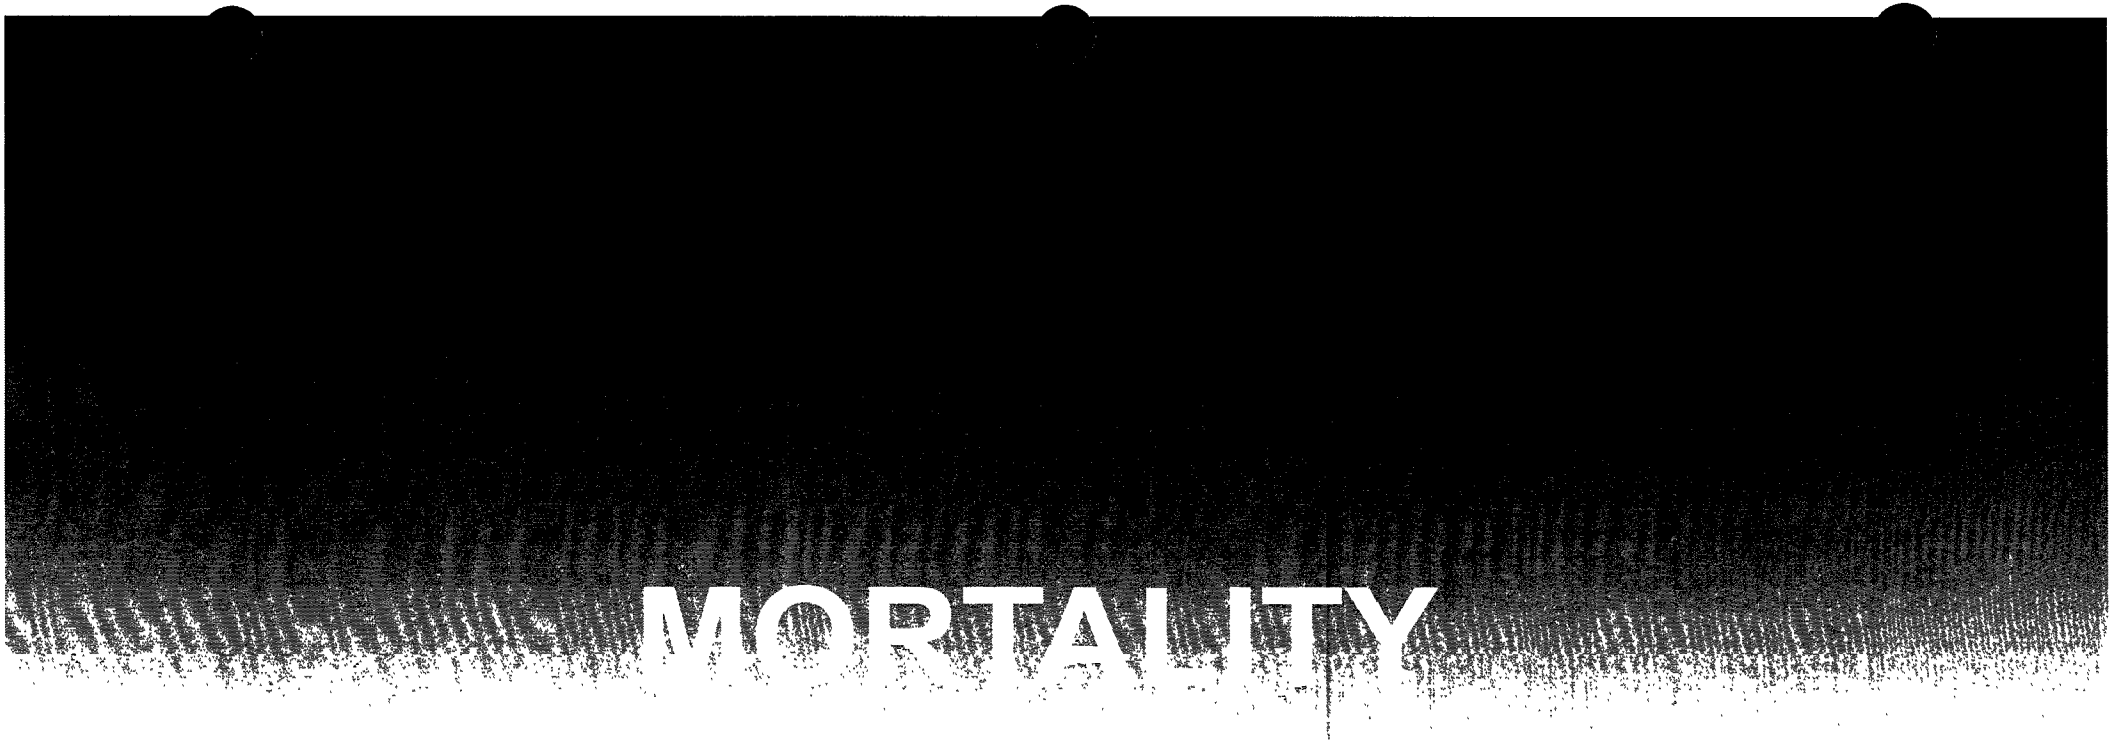
The focus group discussions assessed:

The most important current health care and social concerns in the community that SFMC serves.

Barriers to accessing health care and ways to improve health care access.

Community assets including health care services available in the community and services that support health and wellness.

Personal experiences with SFMC services and perceptions of service quality.



LEADING CAUSE OF DEATH

Mortality LA County

Coronary Heart Disease: In LA County, Coronary heart disease remains the leading cause of death over the decade. In 2009, the highest death rate was among African American men (266 per 100,000), the lowest among Asian/Pacific Islander women (75 per 100,000).

Stroke: Stroke was the second leading cause of death. In 2009, the highest rate was among African Americans (34 per 100,000) but rates have decreased over the last decade.

Lung Cancer: Lung cancer was the third leading cause of death. In 2009, the highest rate was among African American men (69 per 100,000), the lowest among Hispanic women (11 per 100,000).

Emphysema: Emphysema/COPD has been the fourth leading cause of death. In 2009, The highest rate was among African American men (54 per 100,000). However, Emphysema/COPD has not been a leading cause of premature death. The median age at death overall is 81 years.

Alzheimer's: Alzheimer's is the fifth leading cause of death in L.A. County, moving up from seventh in 2008. In 2009, the highest rate was among white women (28 per 100,000) and the lowest among Asian/Pacific Islander men (6 per 100,000). The death rate for Alzheimer's has increased 94% over the last 10 years reflecting an aging population and an increased awareness of the disease by the public.

LA County

* Indicates that the indicator is statistically unstable due to the small sample size or unavailable.
Mortality LA County Data request provided by John Rudzinskas, RPS1 California Department of Public Health Assessment & Policy Section/Data Analysis Reporting Unit. Indicators are 3-yr. averages, e.g., 2010 mortality indicators are the 2008-2010 average for each indicator.

Mortality SPA 6

Coronary heart disease: In SPA 6, coronary heart disease was the leading cause of death at 178.2 per 100,000, down 35.3% from 2000. Coronary heart disease is also the leading cause of premature death in SPA 6, followed closely by Homicide.

Stroke: Stroke was the second leading cause of death at 45.5 per 100,000 in 2009. From 2000 to 2009, overall rates have decreased 42.8%.

Lung cancer: Lung cancer was the third leading cause of death at 39.9 per 100,00 in 2009. From 2000 to 2009, overall rates per 100,000 have decreased 22.4%.

Diabetes: Diabetes was the fourth leading cause of death at 34.1 per 100,000. From 2000 to 2009, overall rates have decreased 18.7%.

Emphysema: Emphysema was the fifth leading cause of death at 31.3 per 100,000 in 2009. From 2000 to 2009, overall rates have decreased 11%.

Alzheimer's: Alzheimer's was the ninth-leading cause of death in 2009 with a rate of 18.3 per 100,000. This was an 88.6% increase from 2000.

ADULTS

Health Indicators Adults

Environment and Neighborhood

- Percent of adults who perceive their neighborhood is safe from crime is consistently lower in SPA 6 compared to other areas for each time period

Health Status

- Percent of adults (18-64 years old) with reported fair to poor health status was highest among Latinos (27.5%) followed by African Americans (21.6%)
- Among health districts, it was highest in the Southeast, East LA and Compton districts (38.8%, 32.7%, and 30.9% respectively)

According to stakeholder and provider focus group participants, among the primary health concerns over the last two to three years in the SFMC service area, the following were highlighted:

- Diabetes
- Obesity
- High blood pressure
- Pulmonary disease

Also according to stakeholder provider participants, African American and Latino community members remain disproportionately affected by these health concerns

"Obesity is a problem in our community because many of our folks have no access to or aren't aware of healthy foods they can be eating. As a high risk OB provider I see a lot of hypertension and diabetes in our pregnant women because they do not have access to the foods that we recommend by our diabetic center at St Francis, and combine that with the cultural difficulties and challenges with accepting the initial diagnosis of hypertension or diabetes and what that actually means. We have the challenge with access to services and in educating our community."—Provider focus group participant

Health Indicators Adults

Dental Care

- Adults (18+ years old) who were unable to obtain dental care was highest among African Americans (38.0%) and Latinos (36.6%)

Access to Care

- Adults (18+ years old) who were unable to see a doctor for a health problem was highest among African Americans (21.0%) and Latinos (19.2%)
- Among health districts, it was highest in the Compton (20.4%), East L.A. (22.2%) and Whittier (21.2%)

- Percent of adults (18+ years old) who reported that they could not obtain prescription medication was highest among African American (22.7%) and Latinos (17.0%)
- Among health districts, it was highest in the Southwest (18.8%) and Whittier (18.6%)

- Percent of adults (18+ years old) who reported not having a regular source of health care (RSC) was consistently higher in SPA 6 compared to other areas for each time period
- It was highest among Latinos (26.7%) and Asian/PI (22.6%)
- Among health districts, it was highest in the Southeast (38.9%), Compton (29.7%), Harbor (23.9%), Southwest (23.5%), Inglewood (22.9%), and San Antonio (21.0%)

"A majority of our patients have Medi-Cal and for pregnancy and emergency are covered. The specialists do not accept temp Medi-Cal or pregnancy related Medi-Cal.."—Provider focus group participant

- Percent of adults (18+ years old) who reported that obtaining medical care when needed is difficult was consistently higher in SPA 6 compared to other areas for each time period
- It was highest among Latinos (45.6%), African Americans (27.2%) and Asian/PI (31.4%)
- It was consistently highest in SPA 6 compared to other areas for each time period
- Among health districts, it was highest in the Southeast (56.3%), South (49.1%), East L.A. (45.3%), Compton (42.4%) and San Antonio (41.2%)

"According to clients, they are not finding a lot of free health services available to the community. Or when they do receive services, it takes a long time before they are seen. When they need a specialist (such as cardiologist or neurologist) it is always problematic and it can be seven to ten months before they can be seen. It's even worse, for single males and the poor...because priority services are given to women and children first. At the county clinics there are even longer waiting lists...approximately a year to see a specialist. As for the Senior citizens that only have Medicare Part A...If they have an acute attack and come to the hospital, they can only be admitted for a day or two because of lack of coverage."—Provider focus group participant

"We need to develop materials so we can educate the consumers especially with the affordable care act. There are going to people folks that have never had medical insurance and they are not going to be sure how to navigate to receive services."—Provider focus group participant

Health Indicators Adults

According to stakeholder and provider focus group participants, among the primary barriers to healthcare access and general healthy living in the SFMC service area, the following were highlighted:

- Linguistic isolation and illiteracy among immigrant communities
- Lack of free or low-cost services and long waiting periods for specialty care among low-income communities
- Lack of adequate transportation
- Lack of childcare
- The requirement of among specialist referrals that SFMC transfer patients for care

According to beneficiary focus group participants, language remains a key barrier to maintaining health and wellness

"There are no interpreters to receive help such as what the doctor said about their medical condition…if staff doesn't know Spanish they wont help the patient"—Beneficiary focus group participant

Health Indicators Adults

Preventive Services

- Percent of women (50-74 Years Old) who reported having a mammogram in the past 2 years was lowest among Asian/PI (69.9%)
- Among health districts, it was lowest in the Harbor (67.6%), Inglewood (71.6%) and Whittier (73.8%)

- Percent of women (18-65 Years Old) who reported having a pap smear within the past 3 years was lowest among Asian/PI (65.9%) and American Indian/AN (72.5%)
- Among health districts, it was lowest in the Whittier (79.2%), Bellflower (79.8%) and Southeast (81.8%)

- Percent of Adults (18+ years old) who reported having a flu shot or pneumonia vaccination in the past 12 months was consistently lower in SPA 6 compared to other areas for each time period
- It was lowest among Latinos (25.0%) and African Americans (27.8%)
- Among health districts, it was lowest in the Compton (19.7%), East L.A. (24.0%), South (24.9%), Inglewood (26.1%), Southwest (28.7%) and San Antonio (28.8%)

- Percent of adults (65+ years old) who reported having a flu shot in the past 12 months was lowest among African Americans (52.5%) and Latinos (53.6%)
- Among health districts, it was lowest in the Whittier (50.2%) and East L.A. (55.7%)

Health Behaviors

- Percent of adults (18+ years old) who reported binge drinking (in the past month) was highest among Latinos (18.1%)
- Among health districts, it was highest in Bellflower (19.9%)

Chronic Conditions

- Percent of adults (18+ years old) ever diagnosed with diabetes was highest among African Americans (12.6%)
- Among health districts, it was highest in Whittier (18.8%)

According to provider focus group participants lack of trust among immigrant communities remains a significant barrier to disease prevention

"We need key stakeholders like parish priest, Baptist minister that everyone knows and trusts to get the word out to the people. We have many demographics in our service area, we need to make sure that everyone is served equally. We need a representative for each demographic ...to engage them."—Provider focus group participant

"We have a hard time convincing the community that the services we are offering are actually free for them to use. Word of mouth would be the best way to promote this, it's easier than someone going out to the community dressed in suit & tie to convince the folks of the community to come in, they may not believe it as much. People need to feel comfortable with the person providing them information about the services so they can open up and ask questions."—Provider focus group participant

"Certain populations such as Asians are kind of secluded to themselves, not sure how receptive they would be in receiving information from others. So we miss out on providing that population with literature...absolutely, within the Asian population we have a lot of [preventable] diseases"—Stakeholder focus group participant

CHILDREN

Health Indicators Children

Breastfeeding

- Percent of children (0-5 years old) who were breastfed by their biological mothers for at least 6 months was lowest among Latinos (41.9%) and Asian/PI (42.4%)

Childcare

- Percent of children (0-5 years old) whose primary caretaker reported it is very or somewhat difficult to find childcare on a regular basis (excluding those who reported they do not need childcare) was highest among Latinos (33.0%) and Asian/PI (18.9%)

Health Status

- Percent of children (0-17 years old) with reported fair to poor health status was highest among Latinos (7.6%)

According to stakeholder focus group participants, obesity and diabetes among children remains a critical health issue

"There is an increase in diabetes within the elementary students, a lot of kids aren't getting nutrition , exercise, needing insulin a lot earlier than ever before…Obesity is also a concern in our community."—Stakeholder focus group participant

According to beneficiary focus group the limited availability and high cost of healthy food choices and the lack of education on healthy cooking are major factors impacting child health

"Then when there is a sale in the community market, you cant even going to the market because it will be crowded due to it being a one day sale…We choose the bad stuff over the good stuff because it is cost effective. If I only have $20 I'm going to try and stretch this out as much as I can…Most people in our community aren't driving, don't have a car or may not even have a driver's license."– Beneficiary focus group participant

"We have to learn a healthy way to cook, by either teaching us what's good to use or what's not. A majority of us will be buying oil by the gallons, but there has to be something else we can use. Going back to food being expensive olive oil is a better choice than vegetable oil. Eating healthy is a preventative measure. There are classes available in the community but people are unaware of them and if they do know about them, they don't really want to do them because of things that are going on in their lives; they feel they don't have time to attend those classes, or they don't have anyone to watch their children. Some of the classes offer free child care during the class."– Beneficiary focus group participant

Health Indicators Children

Access to Care

- Percent of children (0-17 years old) whose primary caretaker reported having no regular source of care was highest among Latinos (6.2%)
- Percent of children (0-17 years old) whose primary caretaker reported difficulty accessing medical care was highest among Latinos (15.6%) and Asian/PI (14.6%)
- Percent of children (3-17 years old) whose primary caretaker reported being unable to afford dental care and check-ups in the past year was highest among Latinos (14.1%)

Reproductive Health

- Rate of births (per 1,000 live births) to teens ages 15-19 yrs is consistently higher in SPA 6 compared to other areas for each time period

Health Behaviors

- Percent of Children (2-17 years old) whose primary caretaker reported them eating breakfast daily in a typical week was highest among African-Americans (80.5%)
- Among health districts, it was highest in the East L.A. (77.5%), Torrance (74.9%) and Whittier (78.5%)

"A lot of kids are growing up without the proper nutrition... Overweight, obesity, cholesterol [are serious concerns]... We don't have finances to get nutritious food. We need more information for programs to learn how to keep a good nutrition."—Beneficiary focus group participant

"The first concern, is the form of nutrition. What type nutrition do I give my child? In school they don't give adequate nutrition [which can lead to obesity]."—Beneficiary focus group participant

"Participating in physical activities is definitely low, at schools the kids aren't participating in recess, the television and video games are taking priorities. There is a need to increase physical activity in children."—Stakeholder focus group participant

Respiratory Disease

- Percent of children (0-17 years old) whose primary caretaker reported them with current prevalence of asthma (ever diagnosed with asthma AND either currently still has asthma and/or had an asthma attack in the past 12 months) was highest among African-Americans (23.9%) **

AND COLLABORATORS

Community Assets and Potential Collaborators

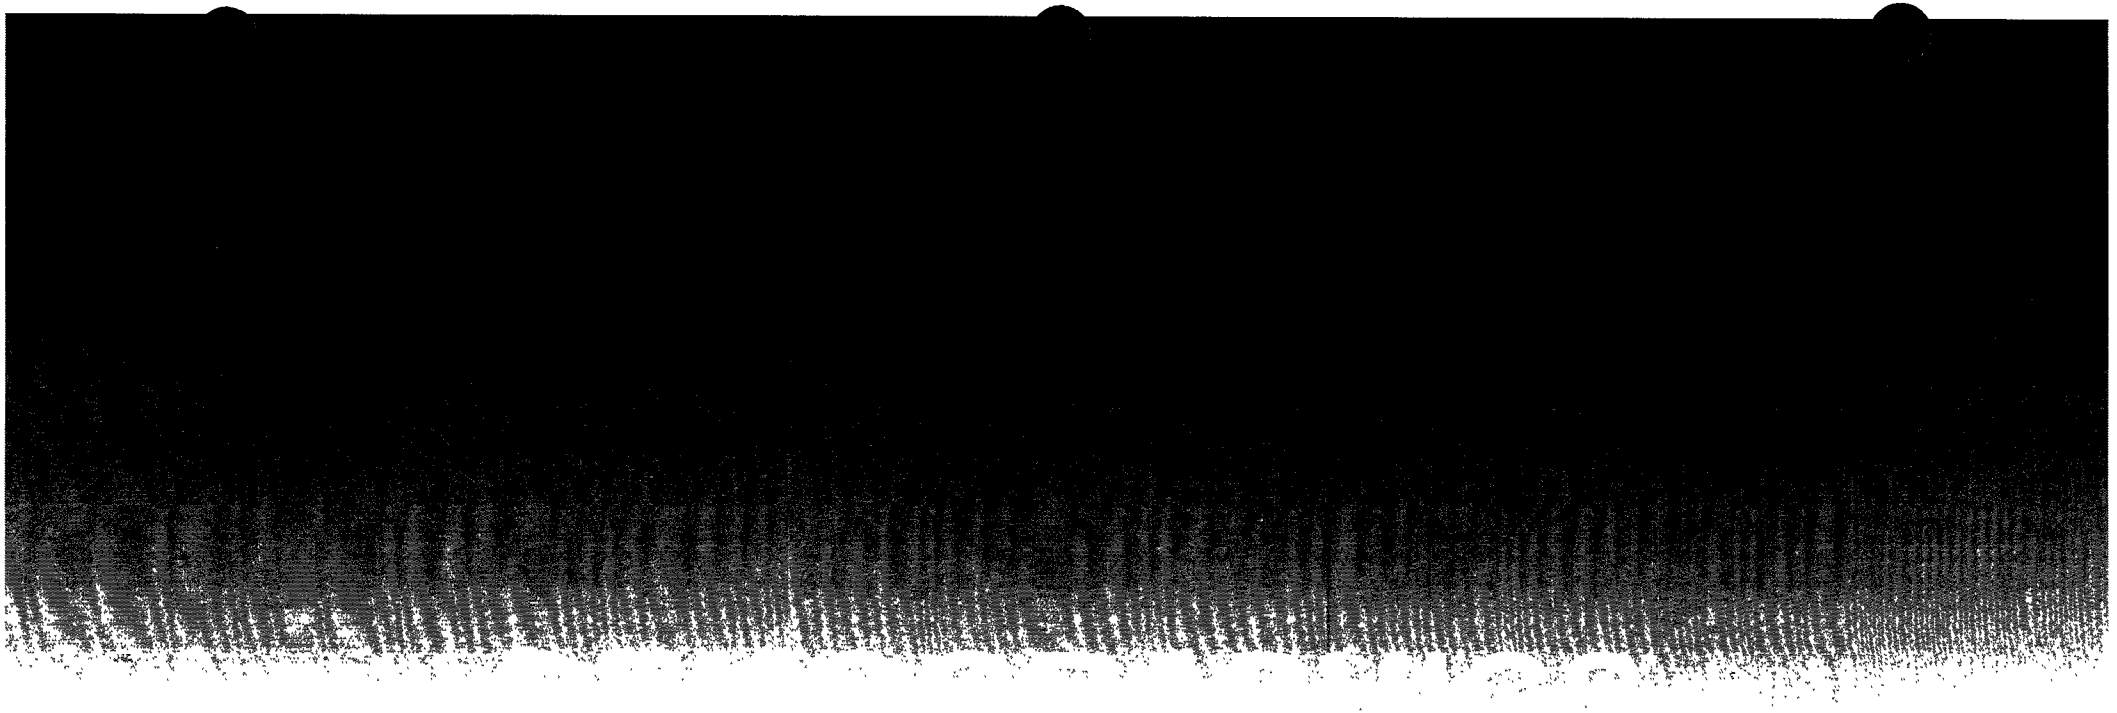
Stakeholder and provider focus group participants identified the following community assets

- Compton Unified School district secured a grant to teach students about healthy eating inside the classroom
- South Central Family Health Centers have set up a dental clinic at Jefferson High School
- USC has a dental program to provide services to community schools to provide some free exams and cleanings
- Big Smiles is a program that comes to some local community schools to educate them about the importance of oral health care
- Dominguez High school has a full service dental facility serving parents and students in partnership with St Johns. Efforts are underway to set one up at Compton High School
- City of Lynwood is organizing a Farmers Market, every summer
- Lynwood also offers free evening entertainment for the community called, "Movies Under the Stars" at a specific park [name unspecified]
- Some community based organizations in Wilmington promote bicycle rides every last Sunday of the month. They also have partnered up with Law Enforcement to provide a variety of activities
- WIC provides a list of medical clinics to promote the establishment of medical homes

Stakeholder and provider focus group participants recommended collaborating with the following

- School based services since parents already consider them trusted entities
- Students at local high schools who are increasingly willing to become engaged in their community (consider working with school programs to provide incentives for student engagement)
- Churches are already utilized and considered trusted entities for information
- Community leaders, agencies, promotoras and local businesses coordinating the sharing of resources and information, as well as providing support (e.g., healthy beverages or supplies)
- Establishing and maintaining a network calendar for service referral updates to new programs
- Increasing efforts to establish a long-term presence in local communities to build trust among community residents
- Utilizing the ER where patients are being seen already to provide additional information and a variety of services or referrals

"There was a relay for health is a program that is put together by the south gate high school students; they are passionate about education and went to council committee to bring in more healthy food choices."—Stakeholder focus group participant



PROJECTIONS

Demographic Projections

The highest overall population growth rate is projected to occur in SPA 6 (7.2% from 2011-2016 and another 3.1% from 2016-2021) outpacing both the state and county.

Population Growth by Age

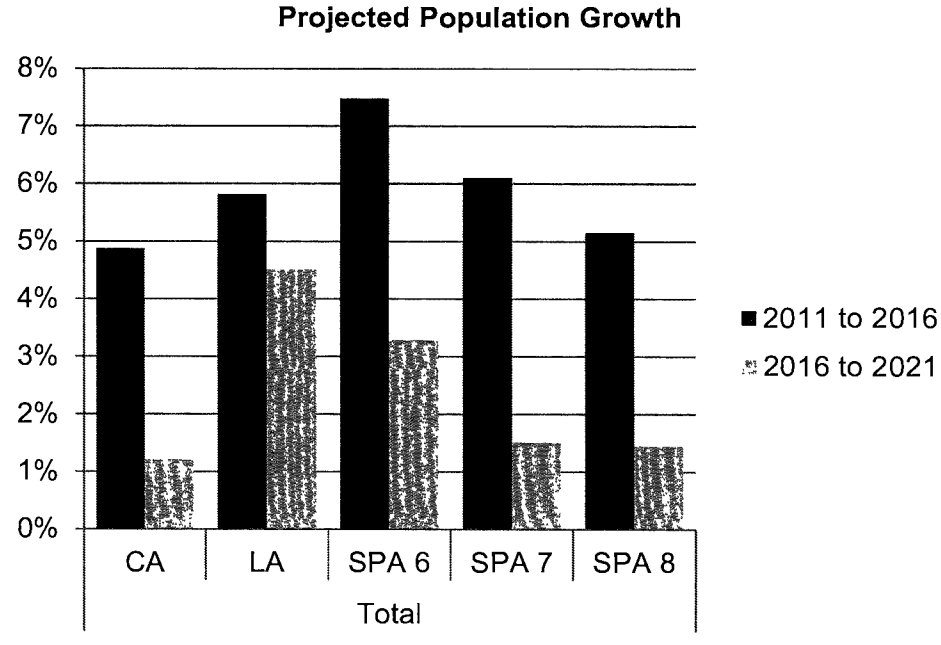
In the State, County, and SFMC Service area (SPA's 6, 7, and 8) the fastest growing age demographic is age 65+, followed by age 55-64.

In the SFMC service area the 65+ demographic is projected to increase from 9.8% to 13.5% by 2021.

The next highest rate of growth is projected to occur in the 45-54 age demographic (about 23% from 2011-2016 slowing to 12% from 2016-2021).

The highest growth rate in the 65+ demographic is projected to occur in SPA 6 (more than 25% from 2011-2016 and another 30% from 2016-2021).

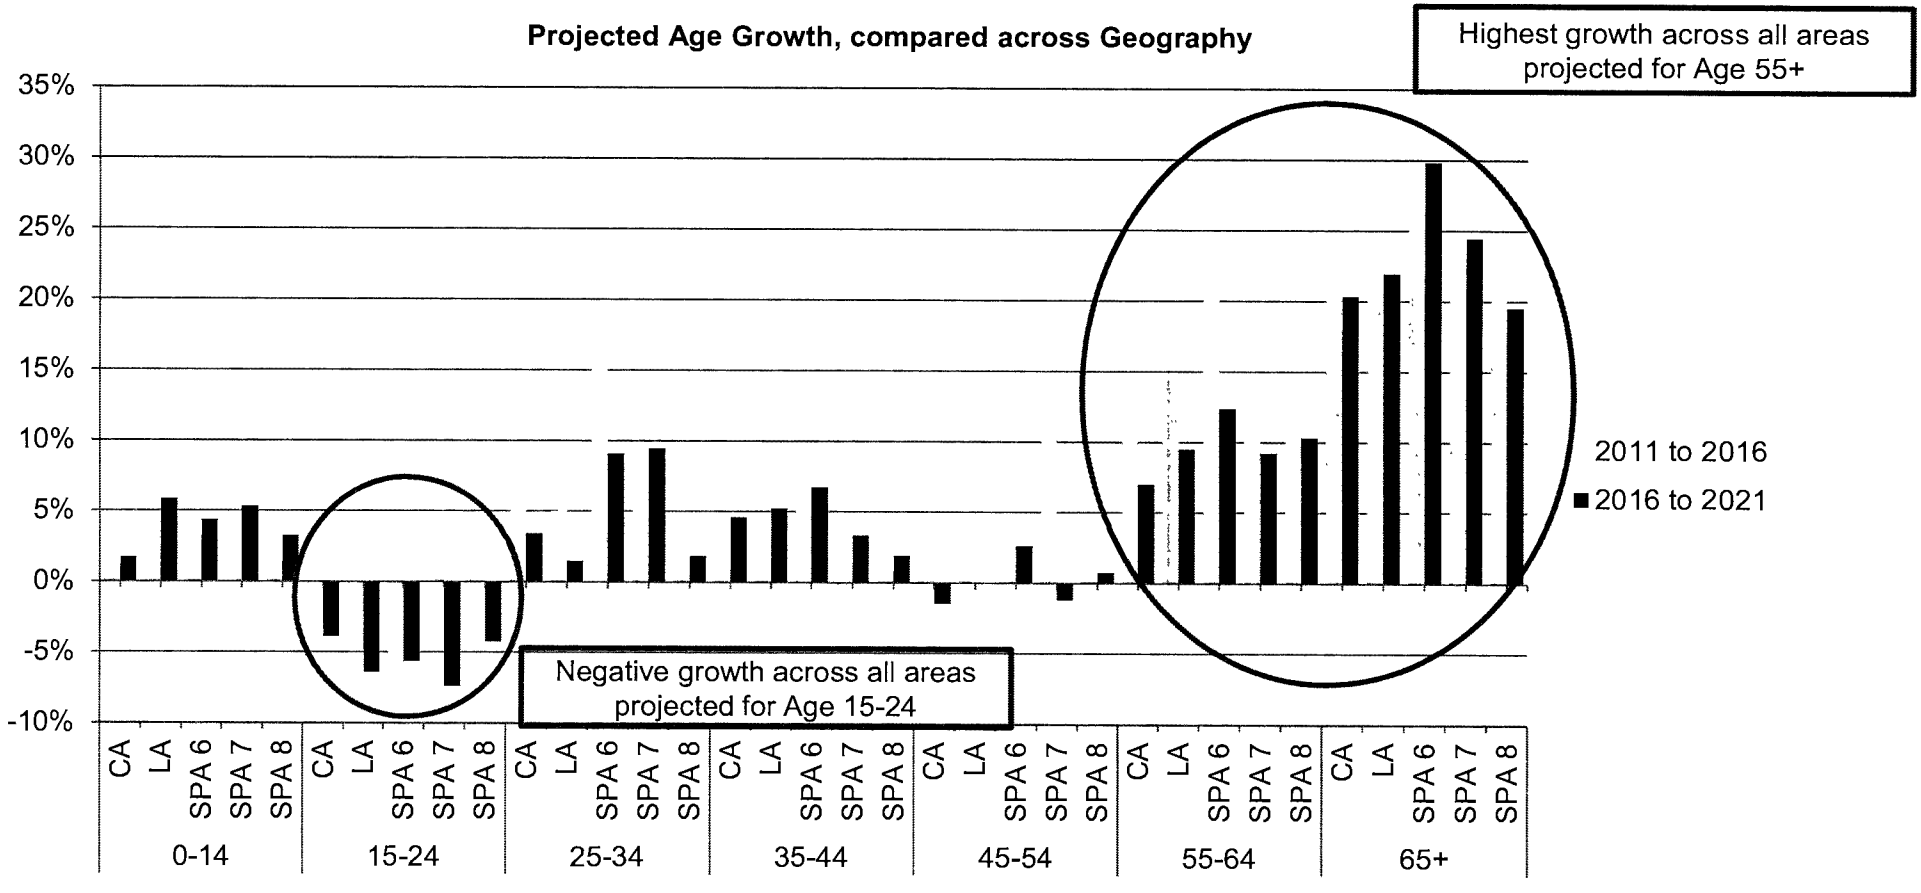
In SPA 7 the 65+ demographic is projected to increase 23% from 2011-2016 and another 24% from 2016-2021). In SPA 8 the rates are projected to increase 24% from 2011-2016 slowing to 19% from 2016-2021.



U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample

* These projections are 5 year estimates from July 1, 2011 to July 1, 2016 and from July 1, 2016 to July 1, 2021

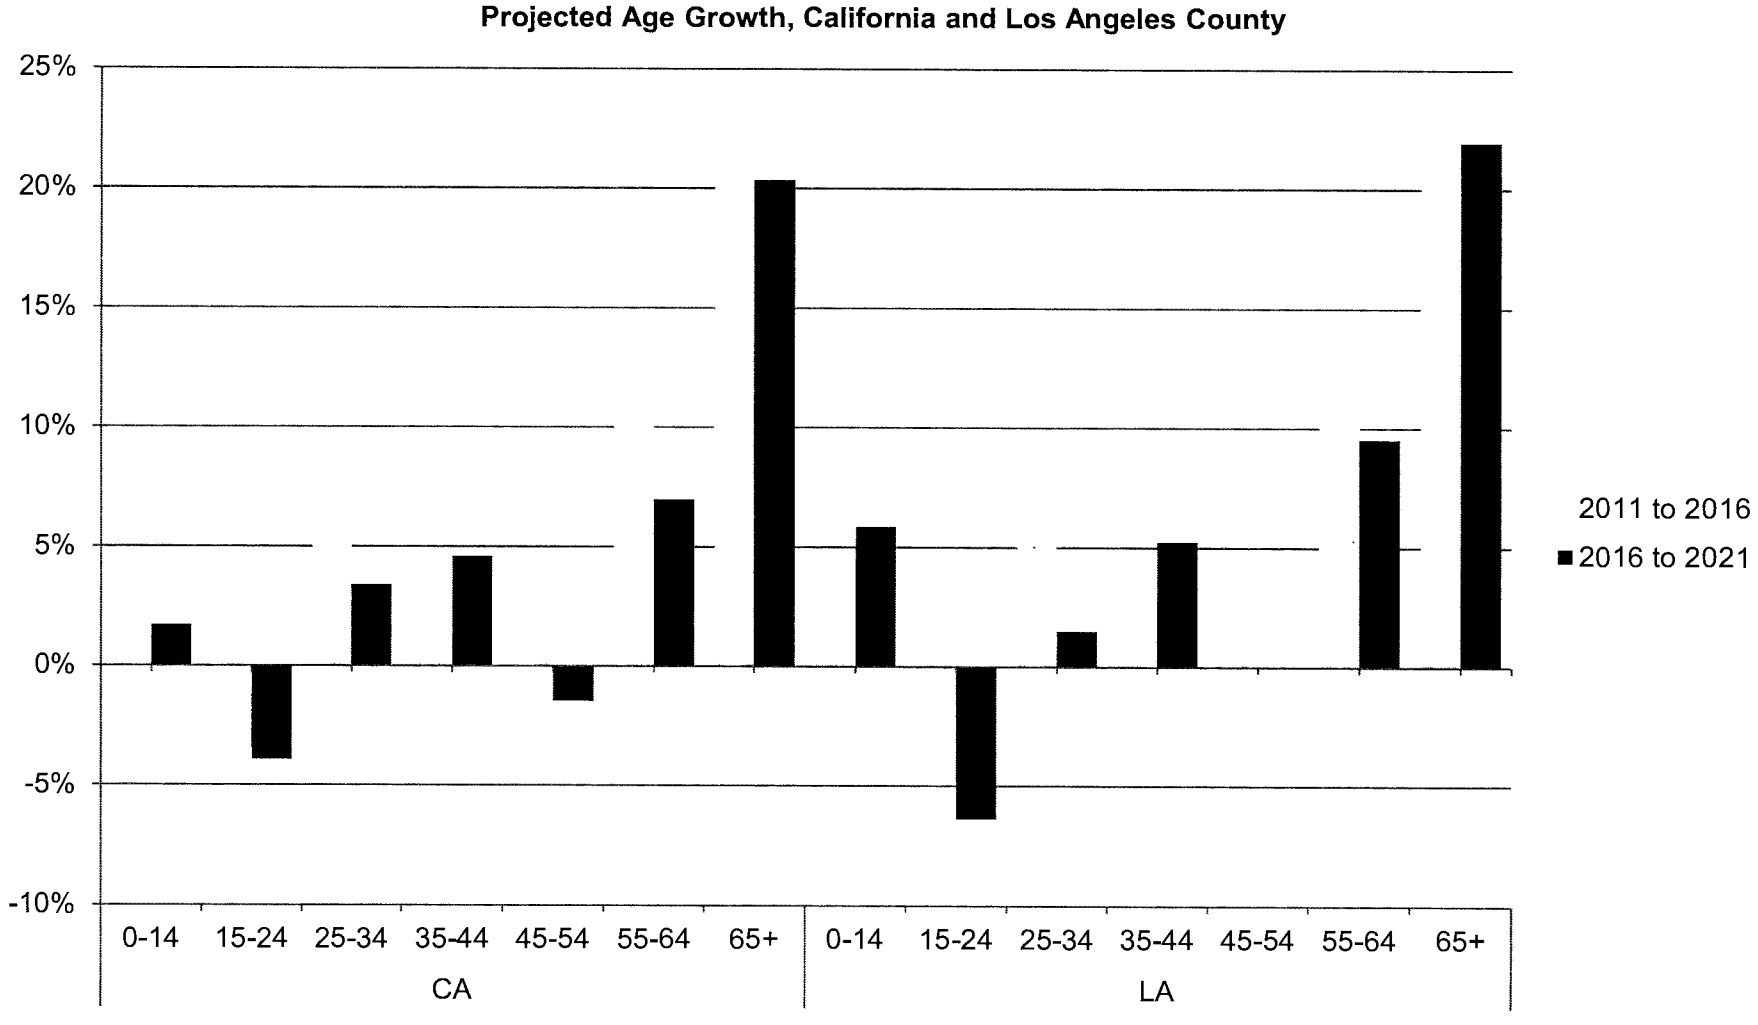
Demographic Projections



U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample

* These projections are 5 year estimates from July 1, 2011 to July 1, 2016 and from July 1, 2016 to July 1, 2021

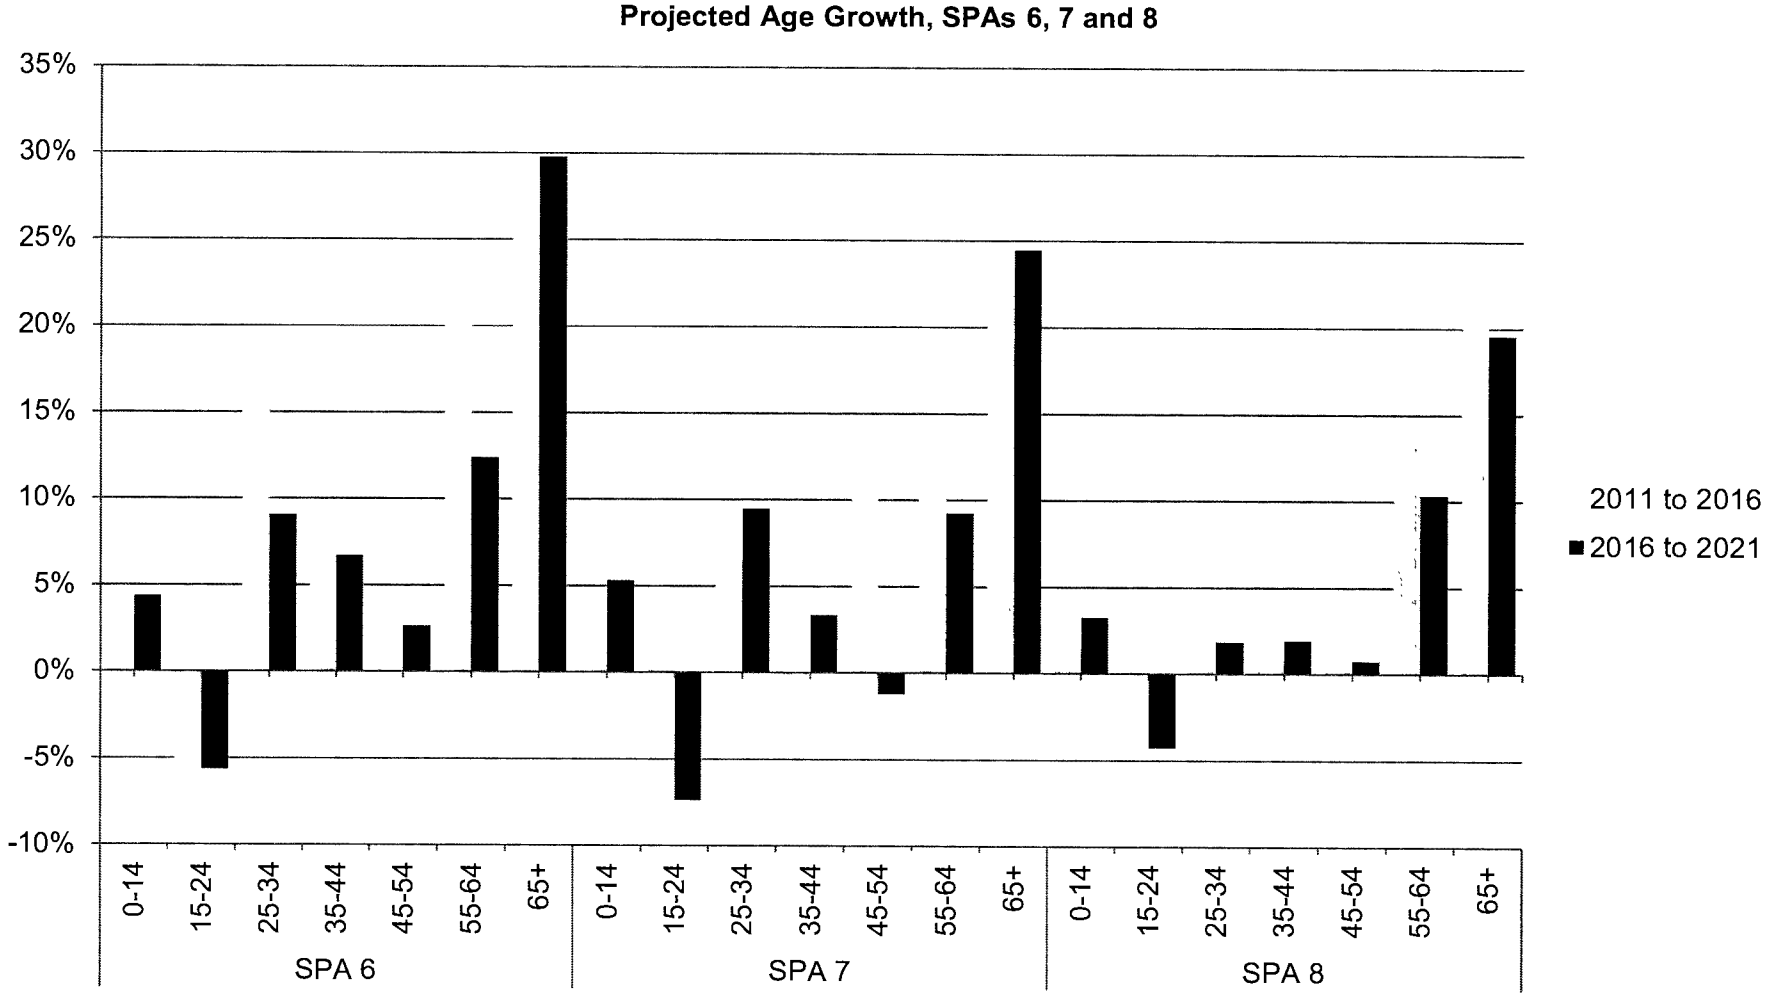
Demographic Projections



U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample

* These projections are 5 year estimates from July 1, 2011 to July 1, 2016 and from July 1, 2016 to July 1, 2021

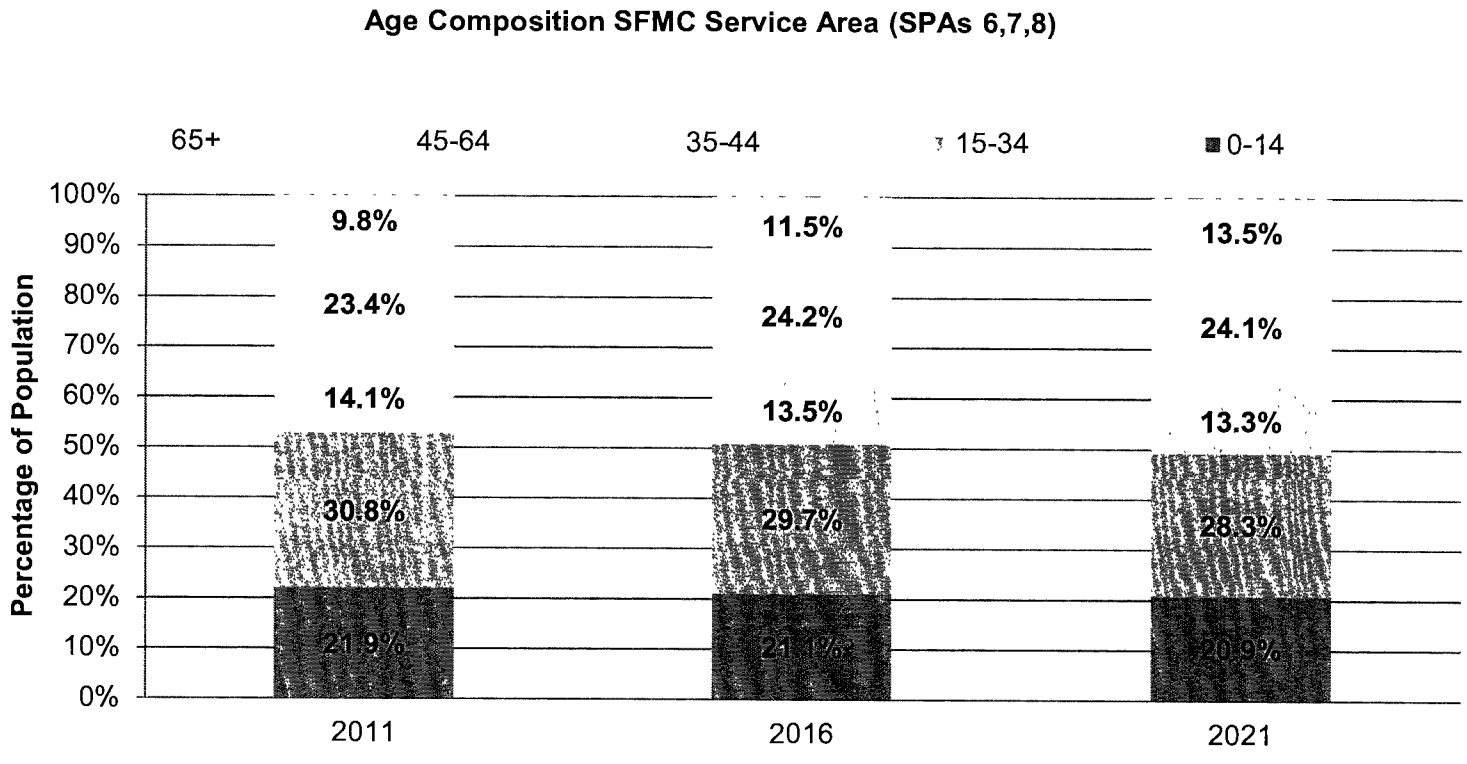
Demographic Projections



U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample

* These projections are 5 year estimates from July 1, 2011 to July 1, 2016 and from July 1, 2016 to July 1, 2021

Demographic Projections



U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample

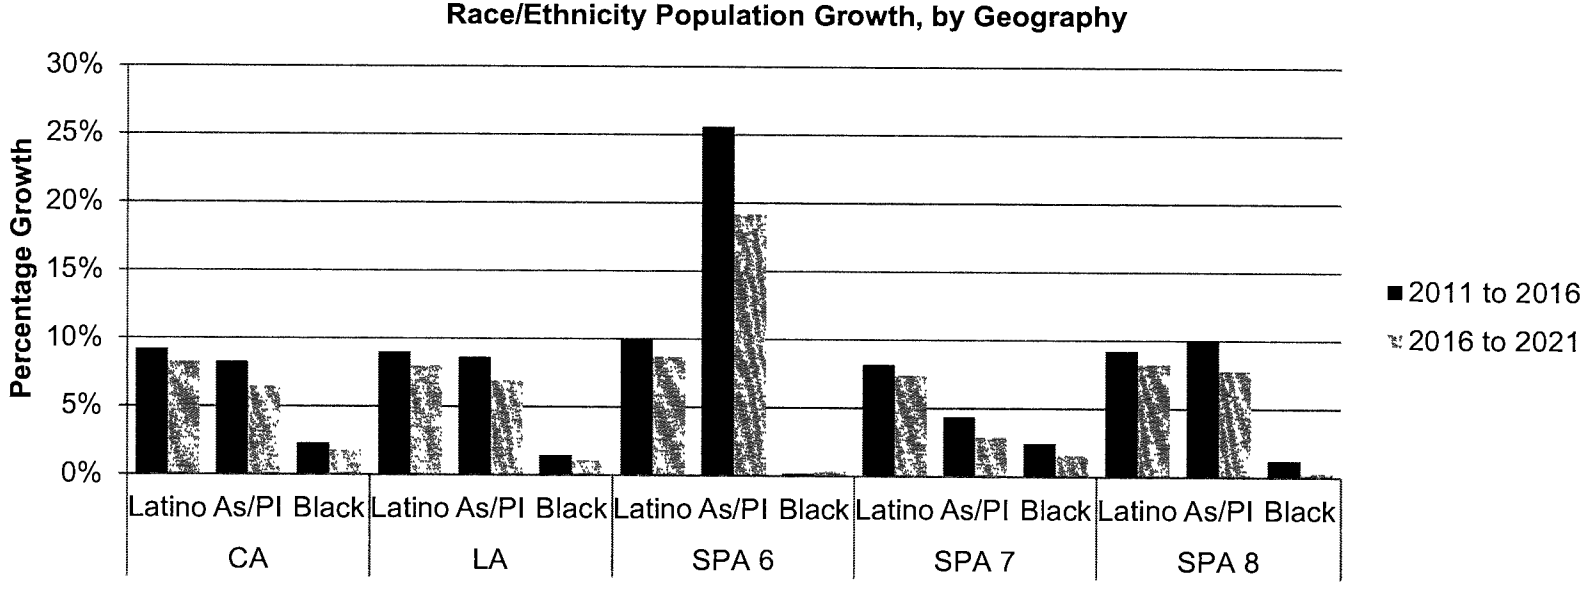
* These projections are 5 year estimates from July 1, 2011 to July 1, 2016 and from July 1, 2016 to July 1, 2021

Demographic Projections

Population Growth by Race/Ethnicity

The Asian/Pacific Islander population is projected to increase at the highest rate in SPA 6 (26% from 2011-2016 and 19% 2016-2021.) far outpacing both the state and LA County.

In the SFMC service area Hispanics are projected to remain the largest demographic group, increasing from 56.8% in 2011 to 59.8% in 2021. The black population is projected to decrease slightly from 13% in 2011 to 11.8% in 2021, while Asian/Pacific Islanders are projected to increase slightly from 9.9% to 10.3% of the overall population.



U.S. Census Bureau, American Community Survey 2010, Public Use Microdata Sample

Introduction

An Overview

Providing compassionate, patient-centered care, St. Francis Medical Center (SFMC) is a nationally recognized 384-bed acute care facility and proud home of a state-of-the-art Level II Trauma Center—one of the largest and busiest private emergency/trauma centers in LA County. Founded in 1945, St. Francis offers a full complement of medical, surgical and therapeutic services to more than 1.2 million area residents. Our medical center receives ongoing philanthropic support from generous individuals and organizations that align with our service to the community through the St. Francis Medical Center Foundation.

Our Values

The word "verity" refers to the state of being true. For all of us associated with Verity Health System, that means we will be authentic in our interactions with our patients, their family members and with each other. We choose to align ourselves with the following values, aspiring to live into these values each day so that they may guide our actions.

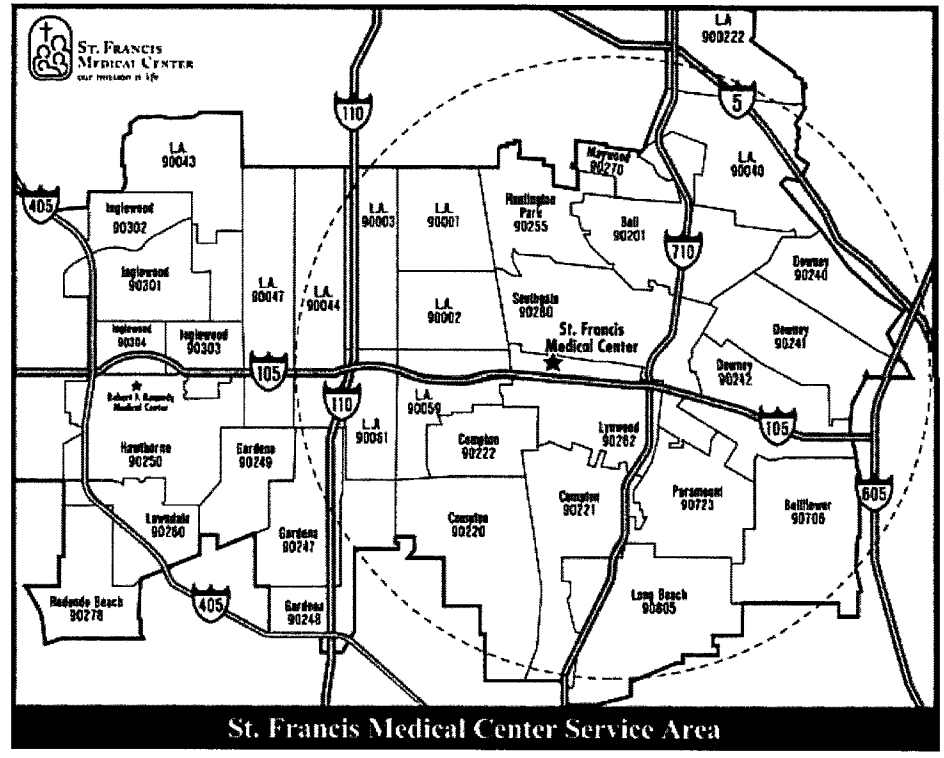
- **RESPECT**
  We demonstrate that we value others and ourselves through our words and actions.
- **CARING**
  We provide our patients and their families with compassionate, quality care, treating them and each other with kindness.
- **INTEGRITY**
  We act with honesty and transparency and do the right thing.
- **PASSION**
  We are dedicated to making a difference in the health of our communities and in the lives of those we serve.
- **STEWARDSHIP**
  We are committed to being wise stewards of our resources, creative in our approach to challenges and opportunities, and accountable for the results we want to achieve as a charitable organization.

Introduction

St. Francis Medical Center Service Area

SFMC provides quality medical care, educational programs and support services to the 1,000,000 residents of communities in Southeast Los Angeles County including Lynwood, South Gate, Downey, Huntington Park, Bell, Cudahy, Paramount, Bell Gardens, Long Beach, Maywood and Compton.

The patients of SFMC, located in Lynwood, California, generally live within a 5-mile area between the 110 Freeway on the West, the 605 Freeway on the East, the 91 Freeway on the South and the Alameda Corridor on the North.



St. Francis Medical Center Service Area

Introduction

Our Health Care Services

The Medical Center operates a 384-bed acute care hospital, with of the largest and busiest private emergency/trauma centers in Los Angeles County. We offer a full range of diagnostic and treatment services provided by 1,900 associates and 380 affiliated physicians. St. Francis is recognized for its full range of diagnostic and treatment services in specialties including cardiovascular, surgical, orthopedics, maternal-child health and trauma, and its broad array of outreach programs. Designated as an Advanced Primary Stroke Center by The Joint Commission, St. Francis Medical Center is also an Approved Receiving Center for STEMI and Stroke for Los Angeles County.

St. Francis Medical Center's specialized services include:

- 24-hour Emergency Services
- Trauma Center – Verified Level II
- Approved Primary Stroke Center by LA County EMS
- Approved STEMI Receiving Center by LA County EMS
- Approved for Emergency Pediatric Care
- Base Station for L.A. County Mobile Intensive Care Squads
- Helipad for Emergency Air Transport
- Heart and Vascular Center
  - -Cardiovascular, Endovascular and Open Heart Surgery
  - -Coronary Care Unit
  - -Pacemaker Clinic
  - -2 Cardiac Catheterization Labs
  - -3 Interventional Labs
- Inpatient and Outpatient Cancer Care Center
- Maternal-Child Health - Family Life Center
  - -Obstetrics, Gynecology, Labor and Delivery
  - -Neonatal Intensive Care
  - -Perinatal Diagnostic Services
  - -Pediatrics
- Diagnostic & Therapeutic Radiology
  - -CT Scan
  - -MRI/MRA
  - -Ultrasound
  - -3D Mammography
  - -Fluoroscopy
  - -Nuclear Medicine
  - -Radiation Therapy
  - -Interventional Radiology
- 36-bed Intensive Care Unit
- Women's Health Services
- Orthopedics/Joint Replacement
- Outpatient Ambulatory Care Services
- Acute Renal Dialysis
- Cardiopulmonary Laboratory
- Physical, Occupational and Speech Therapy
- Skilled Nursing Facility
- Behavioral Health Unit
- Children's Counseling Center
- Social Services
- Spiritual Care Services
- Patient Advocacy
- Healthy Community Initiatives
- Health Benefits Resource Center
- Wound Care Center
- Women's Imaging Center

Introduction

Ensuring Health Care Access

Now under the leadership of Verity Health System, St. Francis Medical Center looks to a bright, vibrant future that will allow us to transform the ways in which we deliver excellent medical care to our communities. In this future, we will expand and create new clinical programs, making healthcare more accessible and affordable in every market we serve, while remaining committed to providing quality, compassionate care to the patients we are privileged to serve.

SFMC serves a significantly higher number of medically indigent patients than the average health care facility. It is recognized as a disproportionate share hospital due to the number of low-income patients for which it provides care and treatment. It is of note that approximately 76 percent of SFMC's reimbursements for service are derived from Medi-Cal, Medicare, and L.A. County.

To help meet the healthcare needs of our community, we provide comprehensive medical services as well as outreach programs to address the whole person – body, mind, and spirit. Our outreach programs include a Children's Counseling Center, Health Benefits Resource Center, and Senior Wellness and Injury Prevention programs. Healthy Community Initiatives bring health screenings, immunizations, and health education though its mobile unit to more than 12,000 adults and children annually, and Vida Sana "Healthy Life" provides nutrition, stress-reduction, fitness, and healthy lifestyle sessions that target heart health, obesity, and diabetes through local church collaborations.

Introduction

Community Health Needs Assessment and Our Strategic Plan

The Community Needs Assessment is an integral part of the Medical Center's Strategic Planning process, which is managed by the Medical Center's Management Council. All strategic planning, budgeting and programming processes are focused on assuring productive use of medical center resources to respond to the changing needs of our community.

The results of the Needs Assessment are integrated into the Medical Center's long-range planning activity, as well as program specific planning. During the annual update of the Medical Center's strategic plan, data derived from the Community Needs Assessment is integrated with the external environment analysis and the organizational analysis. Additional input and information are gathered both informally and through community meetings with stakeholders and community representatives.

The data presented in the Community Health Needs Assessment and the subsequent analysis and prioritization of community needs form the foundation for SFMC's Community Benefit Plan and corresponding programs. St. Francis Medical Center's Board of Directors reviews and gives final approval of SFMC's Community Benefit Plan.

Introduction

Responding to the Needs of Our Community

Providing high quality, compassionate care for every person who seeks our care is at the heart of SFMC's mission. SFMC's ultimate goal is to dramatically improve the health of the community.

In response to the community's needs, St. Francis Medical Center's Wellness and Healthy Community Initiatives reflect:

- SFMC's values of Respect, Caring, Integrity, Passion, and Stewardship.
- A long tradition of creating innovative programs designed to meet community needs.
- An unwavering commitment to building a healthier community.
- Strong relationships with collaborative partners.
- A commitment to utilizing the most advanced technology possible while delivering services in a caring, respectful manner.

Our response requires an understanding of how key social forces, especially economic and social trends, are shaping SFMC's local community. Like most of Southern California, SFMC's service area is part of a dynamic, diverse community. This population presents a wealth of opportunity and also poses significant challenges as we seek to provide effective medical care, educational programs, and support services to residents. Innovation, flexibility, value focus, and strong collaborative relationships are essential to SFMC's efforts to build a healthier community.

How to interpret the data in this report

General Note:

The data in this report should be interpreted cautiously. Although the health indicator data may appear to suggest changes in one particular direction, there are likely several conflicting, demographic processes affecting observed patterns. For example, this report notes that there will be an increasingly elderly (age 65+) population in California over the next decade (2014-2024), at the same time that the state will continue to absorb flows of migration (which are predominantly a young adult population). Because health profiles vary among different age and race groups, health indicator data should be interpreted carefully. Health indicator data should be analyzed in consideration of the state's shifting racial and age dynamics.

Mortality Indicators:

The data for the mortality indicators are compiled from the Los Angeles County Department of Public Health, as well as the California Department of Public Health Assessment & Policy Section/Data Analysis Reporting Unit and can be compared across years to observe trends over time.

Health Indicators:

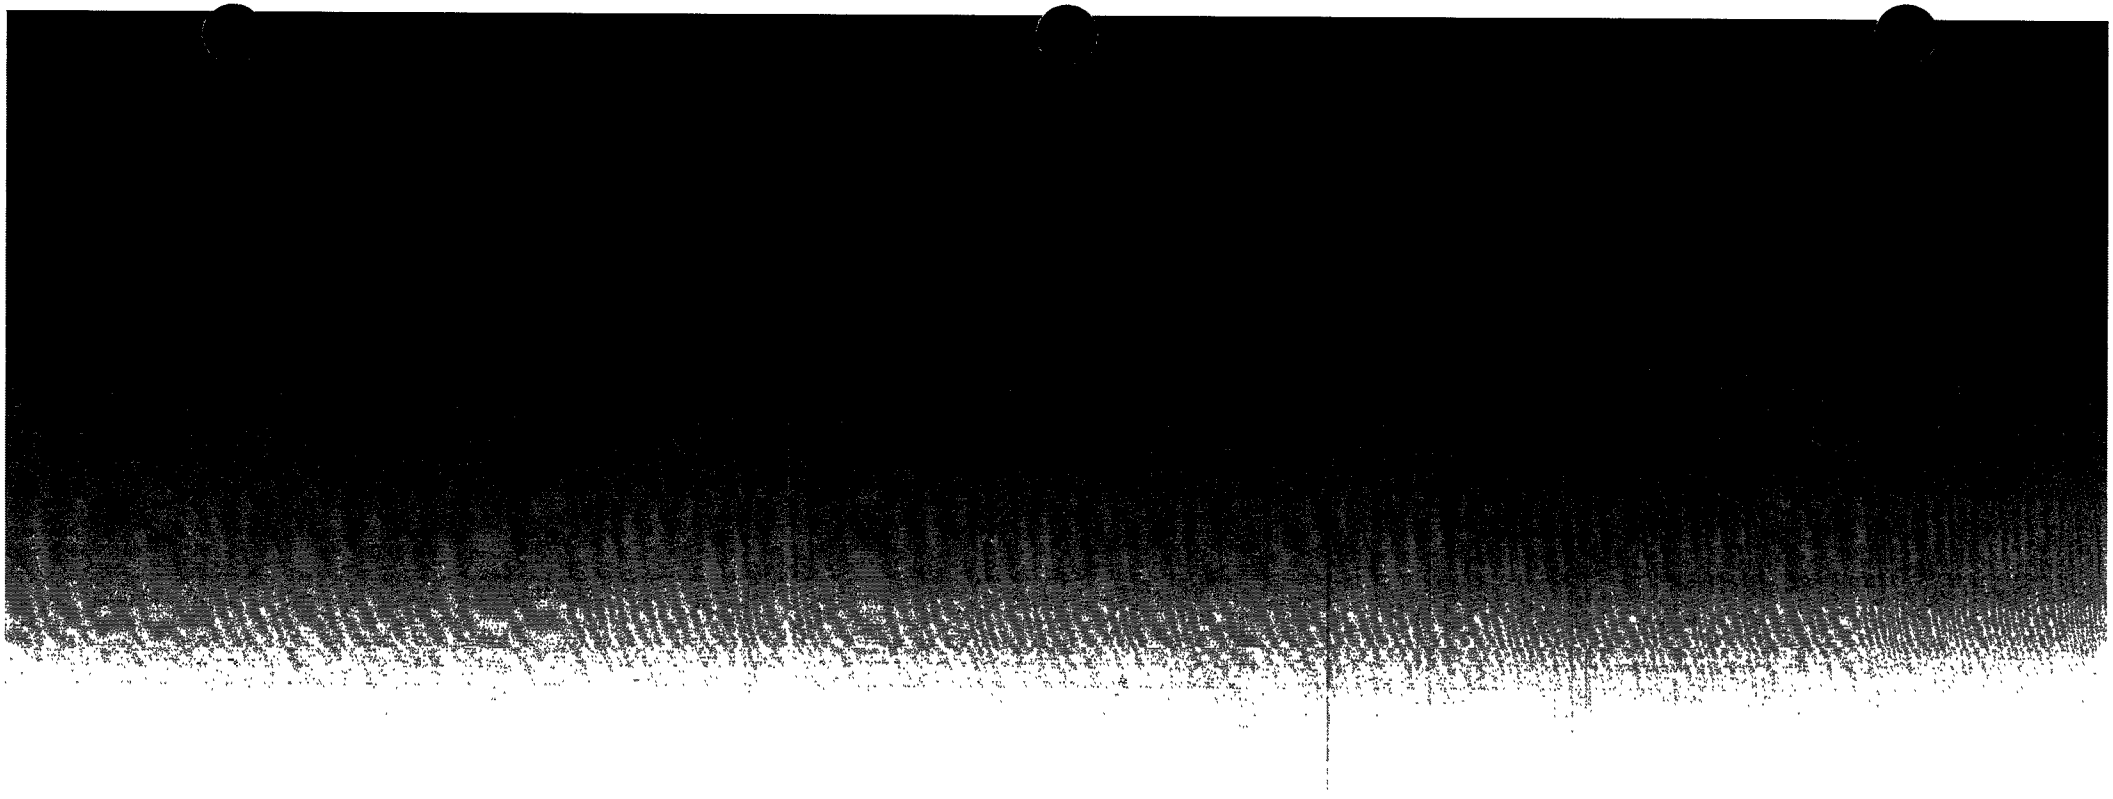
The data for the health indicators are compiled from the Key Indicator of Health reports from 2007, 2009 and 2013 as well as from the Los Angeles County Department of Public Health, Office of Health Assessment and Epidemiology. Due to changes in indicator criteria from one survey to the next, these data cannot be compared across years. The California data are from the California Health Interview Survey from 2005, 2007, 2009 and 2015.

Demographic Projections:

The data for the population projections are compiled from the U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample. The data for the community profiles are compiled from the U.S. Census Bureau, American Community Survey 2014 one-year estimates.

Focus Groups:

Supplementary data are included throughout this report from the transcripts of four focus groups that were conducted at SFMC on June 21, 2016. The groups were comprised of key stakeholders, service providers and two groups of beneficiaries (one in English and one in Spanish).



MORTALITY:
LEADING CAUSE OF DEATH

Mortality LA County (2012 [1])

Coronary heart disease [2]**:** In LA County CHD was the leading cause of death at 115 per 100,000 and the leading cause of premature death. Rates have decreased 20% from 2006-2010 (Table 1). Rates were highest among African American men (234 per 100,000, -20% from 2006-2010) and white men (172 per 100,000, -20%), followed by African American women (130 per 100,000, -21%) (Table 3).

Stroke: Stroke was the 2nd leading cause of death at 33 per 100,000 (and the 2nd leading cause of premature death. Rates have decreased 21% from 2006-2011 (Table 1). Rates were highest for African American women (47 per 100,000, -24% from 2006-2011) and men (42 per 100,000, -16%) (Table 2).

Lung Cancer [2] **:** Lung Cancer was the 3rd leading cause of death at 29 per 100,000 and the 3rd leading cause of premature death. Rates have decreased 8% from 2006-2010 (Table 1). Rates were highest for African American men (60 per 100,000, -25% from 2006-2011) and white men (40 per 100,000, -12%), followed by Asian/NHOPI men (35 per 100,000, -14%) and African American women (35 per 100,000, possibly increasing slightly) (Table 2).

COPD [2] **:** Chronic obstructive pulmonary disease (COPD) was the 4th leading cause of death at 27 per 100,000 and the 2nd leading cause of premature death for whites. Rates have decreased 7% from 2006-2010 (Table 1). Rates were highest for African American men (47 per 100,000, -13% from 2006-2011) and white men (39 per 100,000, -6%), followed by white women (36 per 100,000, possibly increasing slightly) (Table 2).

Alzheimer's: Alzheimer's was the 5th leading cause of death at 24 per 100,000 but not a leading cause of premature death.

Rates have increased 30% from 2006-2011 (Table 1). Rates were highest for white women (33 per 100,000, +31% from 2006-2011), followed by African American women (27 per 100,000, +34%) and white men (27 per 100,000, +25%) (Table 2).

Mortality SPA 6 (2012 [1])

Coronary heart disease [2]**:** In SPA 6, CHD was the leading cause of death at 142 per 100,000 (= LAC rate) and the 2nd leading cause of premature death. Rates have decreased 23% from 2006-2010 (Table 5). The South (between 199-258) and Southwest (between 199-258) health districts had the highest rates.

Stroke: Stroke was the 2nd leading cause of death at 44 per 100,000 (> LAC rate) and the 6th leading cause of premature death. Rates have decreased 15% from 2006-2011 (Table 5). The Compton (between 40-61) and South (between 45-76) health districts had the highest rates.

Lung Cancer [2]**:** Lung Cancer was the 3rd leading cause of death at 37 per 100,000 (> LAC rate) and the 7th leading cause of premature death. Rates have decreased 5% from 2006-2010 (Table 5). The Compton (between 35-54) and Southwest (between 30-44) health districts had the highest rates.

Diabetes: Diabetes was the 4th leading cause of death at 36 per 100,000 (> LAC rate) and the 5th leading cause of premature death. Rates have decreased 10% from 2006 to 2011 (Table 5). The South (between 35-63) and Compton (between 33-52) health districts had the highest rates.

COPD [2]**:** COPD was the 5th leading cause of death at 29 per 100,000 (> LAC rate) and the 13th leading cause of premature death. Rates have increased 4% from 2006-2010 (Table 5). The Compton (between 22-39) and South (between 20-43) health districts had the highest rates.

[1] Los Angeles County Department of Public Health, Office of Health Assessment and Epidemiology. Mortality in Los Angeles County 2012: Leading causes of death and premature death with trends for 2003-2012. August 2015.
[2] Indicates change from 2006-2010 only due to changes in ICD-10 code.

Mortality SPA 7 (2012 [1])

Coronary heart disease [2]**:** In SPA 7, CHD was the leading cause of death at 109 per 100,000 (< LAC rate) and the leading cause of premature death. Rates have decreased 21% from 2006-2010 (Table 6). The Bellflower (between 149-176) and East LA (between 135-169) health districts had the highest rates.

Stroke: Stroke was the 2nd leading cause of death at 36 per 100,000 (> LAC rate) and the 5th leading cause of premature death. Rates have decreased 4% from 2006-2011 (Table 6). The Bellflower (between 31-44) and San Antonio (between 31-45) health districts had the highest rates.

COPD [2]**:** COPD was the 3rd leading cause of death at 26 per 100,000 (< LAC rate) and the 16th leading cause of premature death. Rates have increased 2% from 2006-2010 (Table 6). The Bellflower (between 26-38) and San Antonio (between 23-35) health districts had the highest rates.

Diabetes: Diabetes was the 4th leading cause of death at 25 per 100,000 (> LAC rate) and the 7th leading cause of premature death. Rates have decreased 12% from 2006 to 2011 (Table 6). The East LA (between 27-44) and San Antonio (between 21-34) health districts had the highest rates.

Lung Cancer [2]**:** Lung Cancer was the 5th leading cause of death at 24 per 100,000 (< LAC rate) and the 9th leading cause of premature death. Rates have decreased 11% from 2006-2010 (Table 6). The Bellflower (between 25-37) and Whittier (between 19-30) health districts had the highest rates.

Mortality SPA 8 (2012 [1])

Coronary heart disease [2]**:** In SPA 8, CHD was the leading cause of death at 120 per 100,000 (< LAC rate) and the leading cause of premature death. Rates have decreased 19% from 2006-2010 (Table 7). The Long Beach (between 197-226) and Inglewood (between 154-181) health districts had the highest rates.

Stroke: Stroke was the 2nd leading cause of death at 35 per 100,000 (< LAC rate) and the 7th leading cause of premature death. Rates have decreased 19% from 2006-2011 (Table 7). The Long Beach (between 34-46) and Inglewood (between 30-43) health districts had the highest rates.

Lung Cancer [2]**:** Lung Cancer was the 3rd leading cause of death at 31 per 100,000 (> LAC rate) and the 8th leading cause of premature death. Rates have decreased 10% from 2006-2010 (Table 7). The Long Beach (between 30-42) and Torrance (between 30-39) health districts had the highest rates.

COPD [2]**:** COPD was the 4th leading cause of death at 30 per 100,000 (> LAC rate) and the 12th leading cause of premature death. Rates have decreased 1% from 2006-2010 (Table 7). The Long Beach (between 31-43) and Inglewood (between 25-36) health districts had the highest rates.

Pneumonia/Influenza: P_I was the 5th leading cause of death at 23 per 100,000 (> LAC rate) and the 21st leading cause of premature death. Rates have decreased 18% from 2006-2011 (Table 7). The Inglewood (between 21-32) and Torrance (between 20-28) health districts had the highest rates.

MORBIDITY: COMMUNICABLE DISEASES

Communicable Diseases [1]

HIV
- A total of 1,820 LAC residents were reported as newly diagnosed with HIV infection in 2013. The highest rates of HIV diagnoses, although generally decreasing, are among African American males and females
- IN the SFMC Area, HIV diagnoses and persons living with HIV (PLWH) are concentrated in SPA's 6 and 8

Gonorrhea
- A total of 14,555 cases of gonorrhea were reported in LAC in 2014, with the majority (75%) occurring in persons 15-34 years of age. The number of reported cases has risen in each of the past 5 years, which has resulted in a 51% increase from 2010 to 2014
- In 2014, the highest rates of gonorrhea were among African American males ages 20-29 and African American females ages 15-24. The rate among African American females was over 11 times higher than the rate among white females and nearly 6 times higher than Latinas

Chlamydia
- A total of 52,098 cases of chlamydia were reported in LAC in 2014. From 2010 to 2014, the number of reported cases increased by 17%
- While chlamydia rates have risen in both males and females, from 2010 to 2014, there was a 27% increase in the rate among males compared to a 7% increase in the rate among females with the highest rates among African American males ages 20-29 and African American females ages 15-24

Tuberculosis [2]
- In 2013, there were a total of 662 cases of tuberculosis (TB) confirmed in LA County. This represents a 6% increase from 625 cases in 2012. The TB case rate slightly increased from 6.7 per 100,000 during 2012 to 7.0 per 100,000 in 2013
- In 2013, Hispanics (44%) and Asians (41%) accounted for 85% of TB cases in LA County. The TB case rate was highest among Asians (20.1 per 100,000), followed by Blacks (7.7 per 100,000), Hispanics (6.4 per 100,000), and non-Hispanic Whites (1.4 per 100,000) and were 14.4, 5.5, and 4.6 times higher than among non-Hispanic Whites (1.4 per 100,000), respectively
- Hispanics represented a greater number of TB cases (292 cases in 2013) in LA County compared to other racial/ethnic groups. Between 2012 and 2013, cases increased by 2% among Hispanics and 11% among Asians

Communicable Diseases [1]

PLWH
- In 2014, rates were highest in SPA 8 (517 per 100,000) and SPA 6 (505 per 100,000), The Long Beach (1,043 per 100,000) and Southwest (668 per 100,000) districts were disproportionately high

Chlamydia
- In 2014, rates were highest in SPA 6 (933 per 100,000) and the South (1221 per 100,000) and Southwest (1000 per 100,000) districts, specifically

Gonorrhea
- In 2014, rates were highest in SPA 6 (305 per 100,000) and the South (411 per 100,000) and Southwest (352 per 100,000) districts, specifically

Tuberculosis [2]
- SPA 6: South reported 91 cases (14%)

Table M1. Health Indicators for Adults (18+ years old) in Los Angeles County
2014 Annual HIV/STD Surveillance Report

	L.A.	SPA 6	SPA 7	SPA 8
	2014	2014	2014	2014
Education (18-64 yrs)				
People Living with HIV (PLWH) (annual new cases per 100,000)	486	505	244	517
Incidence of Chlamydia (annual new cases per 100,000)	551*	993	530	498
Incidence of Gonorrhea (annual new cases per 100,000)	154*	305	93	127
Proportion of Tuberculosis Cases by SPA [2]	-	13.7	11.3	8.3

*Does not include cases reported in the cities of Long Beach and Pasadena

HEALTH AND WELLNESS: INFLUENTIAL FACTORS

Health and Wellness: Housing and Health

Housing has been shown to be an important social determinant of physical and mental health and well-being among adults and children. A 2015 study[2] by the Center for Housing Policy highlights these benefits:

- Affordable Housing Can Improve Health Outcomes by Freeing Up Family Resources for Nutritious Food and Health Care Expenditures
- By Providing Families with Greater Residential Stability, Affordable Housing Can Reduce Stress and Related Adverse Health Outcomes
- Affordable Homeownership May Positively Impact Mental Health; However, Unsustainable Forms of Homeownership May Negatively Impact Health
- Well-Constructed and Well-Maintained Affordable Housing Can Reduce Health Problems Associated with Poor-Quality Housing
- Stable, Affordable Housing May Improve Health Outcomes for Individuals With Chronic Illnesses by Providing an Efficient Platform for Health Care Delivery
- Access to Neighborhoods of Opportunity Can Reduce Stress, Increase Access to Amenities, and Lead to Important Health Benefits
- By Alleviating Crowding, Affordable Housing Can Reduce Exposure to Stressors and Infectious Disease
- Access to Affordable Housing Allows Survivors of Domestic Violence to Escape Abusive Homes, Which Can Improve Mental Health and Physical Safety

Families who pay more than 30% of their income for housing are considered cost burdened, which can reduce an individual or family's ability to meet other necessities such as food, clothing, transportation and medical care.[1] In LA County, 52% of households pay 30% or more of their income on housing. Using 2008-2012 ACS 5-year estimates, SPA 6 had the most cost burdened households (64%)[3]

Homelessness creates additional obstacles of providing care and tracking individuals for continuity of services:

- The total estimated number of people experiencing homelessness in Los Angeles County was 46,874, an overall increase of 2,515 people or 5.7% from 2015 (44,359)[4]
- However, there was an 18% decrease in homeless family members from 2015 to 2016 and unsheltered family members decreased 35%[4]

[1] http://portal.hud.gov/hudportal/HUD?src=/program_offices/comm_planning/affordablehousing/ accessed on 08/13/2016.

[4] Los Angeles Homeless Services Authority. *2016 Homeless Count Results Los Angeles County and LA Continuum of Care*; updated May 10, 2016

Health and Wellness: Housing and Health

- African-Americans comprise 39% of the homeless population [4]
- Since 2013, there has been a 55% increase in the number of females experiencing homelessness in the LA CoC [4]
- Females make up 61% of the overall homeless population increase since 2013 [4]
- There was a 12% increase in people ages 18 to 24 and in people ages 25 to 54 from 2015 [4]
- 18% of the total population (7,868 people) had a history of physical or sexual abuse, including domestic or intimate partner violence and/or stalking [4]
- Females and transgender individuals experience higher rates of violence and/or abuse [4]
- SPA 6 had the 2nd largest homeless population in 2016 (7,459), a decrease of 0.7% since 2015 [4]
- SPA 8 had the 4th largest homeless population in 2016 (5,913), an increase of 10.5% since 2015 [4]

"When people have work and jobs they are feeling more empowered, and once you have that you can be empowered about your health and seek out preventive services. It may take 10 to 15 or 20 times before they want to accept those services as a homeless person."—Stakeholder focus group participant

"A great program we have in the southeast and a fantastic resource is the partnership they have with People Assisting The Homeless (PATH). We have had many people that we have been able to help…within the moment they send someone to counsel the person and do an assessment and figure out how to get them help. ."—Stakeholder focus group participant

[4] Los Angeles Homeless Services Authority. *2016 Homeless Count Results Los Angeles County and LA Continuum of Care*; updated May 10, 2016

Health and Wellness: Comorbid Depression and Substance Abuse

Depression and substance abuse are common and tend to co-occur creating unique challenges for diagnosis and treatment. A recent RAND study[1] investigated this phenomenon among safety-net clients in Los Angeles, specifically examining "characteristics and service use among depressed, low-income persons from minority groups in under-resourced communities who did and did not have a substance abuse history."

The authors concluded that "Clients with depression and a substance abuse history had significant psychosocial stressors and high rates of service use, which suggests that communitywide approaches may be needed to address both depression and substance abuse in this safety-net population." The following were key findings:

- Of the 957 depressed clients, 217 (23%) were from substance abuse programs; 269 (28%) clients from other sectors had a substance abuse history, and 471 (49%) did not
- Most clients from substance abuse programs or with a substance abuse history were unemployed and impoverished, lacked health insurance, and had high rates of arrests and homelessness
- Clients from substance abuse programs or with a substance abuse history were also more likely than clients without a substance abuse history to have depression or anxiety disorders, psychosis, and mania and to use emergency rooms

Stakeholder focus group participants highlighted mental heath and substance abuse issues and major concerns in their communities:

"...regarding mental health in the homeless community that have diseases, such as or diabetes, cardio-vascular, working in tandem with depression and/or anxiety, we see overdoses from substance abuse in the emergency department. We need to have the behavioral issues addressed, as we see our Hospitals dealing with increased volume in the ED and overall in various departments."
—Stakeholder focus group participant

"We had a nonprofit mental health agencies health collaborative for nine years to address the mental health issues for our students in grades k-12. This year we had 590 referrals, they are all on Medi-Cal, so now we have a gap in servicing all our students who have insurance... I concur with the issues regarding mental health and substance abuse in our community/schools. We have a lot of suicidal referrals...we see a lot of homelessness in our community and foster situations. ."—Stakeholder focus group participant

"When it comes to having a doctor treating a patient that has a behavioral problem, we are not actually curing the patient, we are just putting a band aid on it."—Stakeholder focus group participant

[1] Chang, E.T., Wells, K.B., Gilmore, J., Tang, L., Morgan, A.U., Sanders, S., Chung, B. Comorbid Depression and Substance Abuse Among Safety-Net Clients in Los Angeles: A Community Participatory Study. *Psychiatric Services*. 2015; 66(3): 285–294.

Health and Wellness: Park Use in Los Angeles

Safe and accessible local parks are considered to be a key resource for health/wellness both for physical activity and community outreach, so it is important to gain a better understanding of park use tendencies within the communities we serve. A 2015 RAND study on park use and physical activity among racial-ethnic groups in the City of Los Angeles[1] highlighted numerous differences in racial-ethnic group park use and levels of physical activity. The following were key findings:

- Blacks and English-speaking Latinos were less likely than whites to report being physically active, exercising in the park, and exercising outside the park
- Spanish-speaking Latinos were equally likely as whites to report exercising in park but less likely to report exercising outside the park and more likely to report using the parks for social interactions
- Asians/Pacific Islanders (PI)/others were more likely than whites to report visiting the park in the past 7 days and using the parks for social interactions.
- Urban parks appear to be an important resource for physical activity and socialization, in particular among Spanish-speaking Latino and Asians/PI groups

Beneficiary focus group participants highlighted the importance of local parks for both physical activity and community outreach:

"...a lot of people hang at the park including the homeless. Where my mom lives in Ontario there's a program that cooks up some food like hot dogs, hamburgers for the community. Once the people get there they can then offer, you know why you are here let me check your blood pressure, and maybe even provided some medication."
—Beneficiary focus group participant

"Some people may not want to travel too far to receive these resources. Services that are free, people want and like to receive things that are free. I've started a group that focuses on fitness. I pass out flyers to help people get in shape, showing them simple stretches and exercise with advice on healthy eating. I come every Sunday at the park by the basketball courts."
—Beneficiary focus group participant

[1] Pitkin-Derose, K., Han, B., Williamson, S., Cohen, D. Racial-Ethnic Variation in Park Use and Physical Activity in the City of Los Angeles. *Journal of Urban Health*. 2015; 92(6): 1011–1023.

Health and Wellness: Parks and Senior Preferences in Los Angeles

Numerous studies have established the physiological and psychological benefits of safe and accessible parks to seniors' quality of life and longevity. As projections show, the 65+ population will increase greatly (between 22% and 27%) from 2014 to 2019, and increase again (between 18% and 31%) from 2019 to 2024 in the state, county and SFMC Area. Thus, ensuring that parks remain safe, enjoyable, and accessible for older adults will be a critical factor in helping to mitigate potential healthcare costs and social isolation over the next decade.

A recent study of senior experiences in local park use in Los Angeles[1] investigated the following questions:

- What are the needs, preferences, and aspirations that low-income, inner-city seniors have for neighborhood parks. Do seniors of different races and ethnicities indicate different preferences?
- What are the challenges and impediments that decrease these seniors' access to and use of neighborhood parks?
- What are some lessons for planners wishing to develop senior-friendly parks in inner cities?

The following were key findings:

- Perceptions of lack of safety and security are important deterrents to visiting parks
- Focus group participants expressed fear of unsupervised youth at the parks, especially when skateboarding, bouncing balls, or running around
- Crime was also a concern for many participants, who described being victims of robbery, attempted robbery, theft, and "disrespectful behaviors" from youth in public spaces
- Seniors also convey concerns about homeless people, drunkards, gang members, drug dealers, and people simply loitering in parks
- These perceptions often deter many seniors from visiting nearby parks, while lack of private transportation is a barrier to visiting more distant parks that are perceived as safer
- There were six desirable park characteristics highlighted: 1) security, 2) good accessibility, 3) presence of natural elements (greenery, wildlife), 4) age-friendly park design and programming, 5) opportunities for walking and physical activity, and 6) settings and programs that encourage social interaction

[1] Loukaitou-Sideris, A., Levy-Storms, L., Chen, L., Brozen, M. Parks for an Aging Population: Needs and Preferences of Low-Income Seniors in Los Angeles. *Journal of the American Planning Association*. 2016; 82(3): 236–251.

Health and Wellness: Parks and Senior Preferences in Los Angeles

The study also highlighted potential preference differences between ethnic and cultural backgrounds:[1]

- Whites and Latinos were more open to age-integrated parks than are Korean elders
- Many Korean women insisted that the park should be fenced and gated and have constant monitoring, and also suggested the use of different types of materials or facilities to increase its safety
- Korean men were more concerned than other groups about their safety from falls, worrying about uneven sidewalks and hilly walking paths and recommending handrails
- Korean participants were also the most critical of the lack of cleanliness in existing parks
- Latinos focused more on the visibility and lighting at the park
- White participants commented more on the facilities they use at parks, such as having picnic tables big enough for a group of seniors or a water fountain easily accessible to seniors with walkers or in wheelchairs
- All Asian-American participants (i.e., Koreans, Indians, and Filipinos) were particularly sensitive to disrespectful younger people
- Korean participants prefer straight walking trails, while other elders prefer winding ones

[1] Loukaitou-Sideris, A., Levy-Storms, L., Chen, L., Brozen, M. Parks for an Aging Population: Needs and Preferences of Low-Income Seniors in Los Angeles. *Journal of the American Planning Association*. 2016; 82(3): 236–251.

Health and Wellness: LGBTQ Access

A recent national study focused on LGB health examined the associations between sexual orientation and barriers to health care. [1] Five barrier-to-care outcomes were assessed:

- Delayed or did not receive care because of cost
- Did not receive specific services because of cost
- Delayed care for non-cost reasons
- Trouble finding a provider
- No usual source of care

The authors concluded that "members of sexual minority groups, especially bisexual women, are more likely to encounter barriers to care than their straight counterparts." The following were key findings:

- Relative to straight adults, gay or lesbian and bisexual adults had higher odds of delaying or not receiving care because of cost
- Bisexual adults had higher odds of delaying care for non-cost reasons, and gay men had higher odds than straight men of reporting trouble finding a provider
- By contrast, gay or lesbian women had lower odds of delaying care for non-cost reasons than straight women.
- Bisexual women had higher odds than gay or lesbian women of reporting 3 of the 5 barriers investigated

Stakeholder focus group participants acknowledged that the LGBT population, in particular, experiences multiple barriers to health/wellness and that in order to overcome those barriers it is essential to partner with other community organizations that work with LGBT community members:

> "For the LGBT (community members) we rely heavily on the community organization, who we view as the experts (in serving that population), and those populations find solace in receiving information from this venue. So we rely on those organizations to help (LGBT community members) access care or receive information."—Stakeholder focus group participant

A recent study examined the effects of the cumulative victimization experienced by LGBT youths on mental disorders. In the study's sample of LGBT youths, 10.3% experienced significant increases in victimization, and 5.1% maintained high levels across development from baseline (mostly in high school) to follow-up four years later.

The authors concluded that youths with steadily high or increasing levels of victimization from adolescence to early adulthood are at higher risk for depression and post-traumatic stress disorder. [2]

Health and Wellness: Community Insight

According to beneficiary focus group participants, among their communities' primary health issues are:

- Homelessness
- Alzheimer's
- Diabetes (adults and children)
- Obesity
- High blood pressure
- High cholesterol
- Allergies/ influenza

Issues that negatively impact health and wellness in their communities:

- Lack of education about healthy living/ eating
- Low incomes/ lack of affordable healthy foods
- Parents lack resources to ensure healthier food options in schools
- Parents busy schedules between work and volunteering at schools
- Inadequate communication from schools
- Inability to navigate information about available services
- Lack of trust for medical/social service establishment and mishandling of social service case files
- Discrimination/ arbitrarily abusive treatment by staff and cancellation of benefits
- Lengthy wait times for appointments and ER visits
- Lack of cultural/ local community experiences among providers and outreach workers
- Lack of free and affordable health benefits
- Air pollution from freeways and environmental waste from industrial facilities

Community resources highlighted as important to health/wellness:

- Community fitness/ wellness programs (adults and children)
- Access to produce gardens
- Healthy food options in grocery stores and schools
- Having health insurance coverage
- St. Francis Health Benefits Resource Center
- Spanish-speaking doctors
- Wider pool of Medi-Cal doctors

Most effective forms of communication/ trusted venues:

- Face-to-face (especially for undocumented)
- Written correspondence (e.g., flyers with tips and programs distributed in schools and community) – People were mixed on the value of this form of communication
- Television morning shows (e.g., with speakers that address health and wellness topics)
- Awareness day events sponsored by the City
- Kiosks/tents at local parks/ grocery stores (specified Food 4 Less, $.99 stores, and Wallmart for low-income people)
- Recreation and community centers (including senior centers)
- Churches
- Clinics/ Hospitals/ mobile medical units
- Schools (including preschools)
- Libraries
- Community forums

Health and Wellness: Community Insight

According to Stakeholder and Provider focus group participants, among their communities' primary health issues are:

- Obesity
- Diabetes (adults and children)
- Hypertension
- Mental health and substance abuse (in schools)

Issues that negatively impact health and wellness in their communities:

- Poverty/ insufficient income in general
- Lack of education (general attainment, health/ wellness-related and child welfare laws)
- Lack of affordable housing
- High level of substandard living
- Cycle of violence
- Lack of affordable healthy food options
- Unsafe parks
- Inability to navigate information about available services
- Inability to afford childcare
- Poor quality produce in affordable local supermarkets
- Homelessness and currently sheltered but on the verge of being homeless
- Untreated mental health issues (e.g., among homeless population)
- Technology and regulatory needs related to HIPPA that hinder sharing of information between providers

Disproportionately affected groups:

- African American men
- First generation Latinos
- Homeless (including growing problem of youth)
- Those living in neighborhoods impacted by violence
- LGBTQ population
- Undocumented (including mixed-status families)
- Children in foster care
- Seniors

Community resources highlighted as important to health/ wellness:

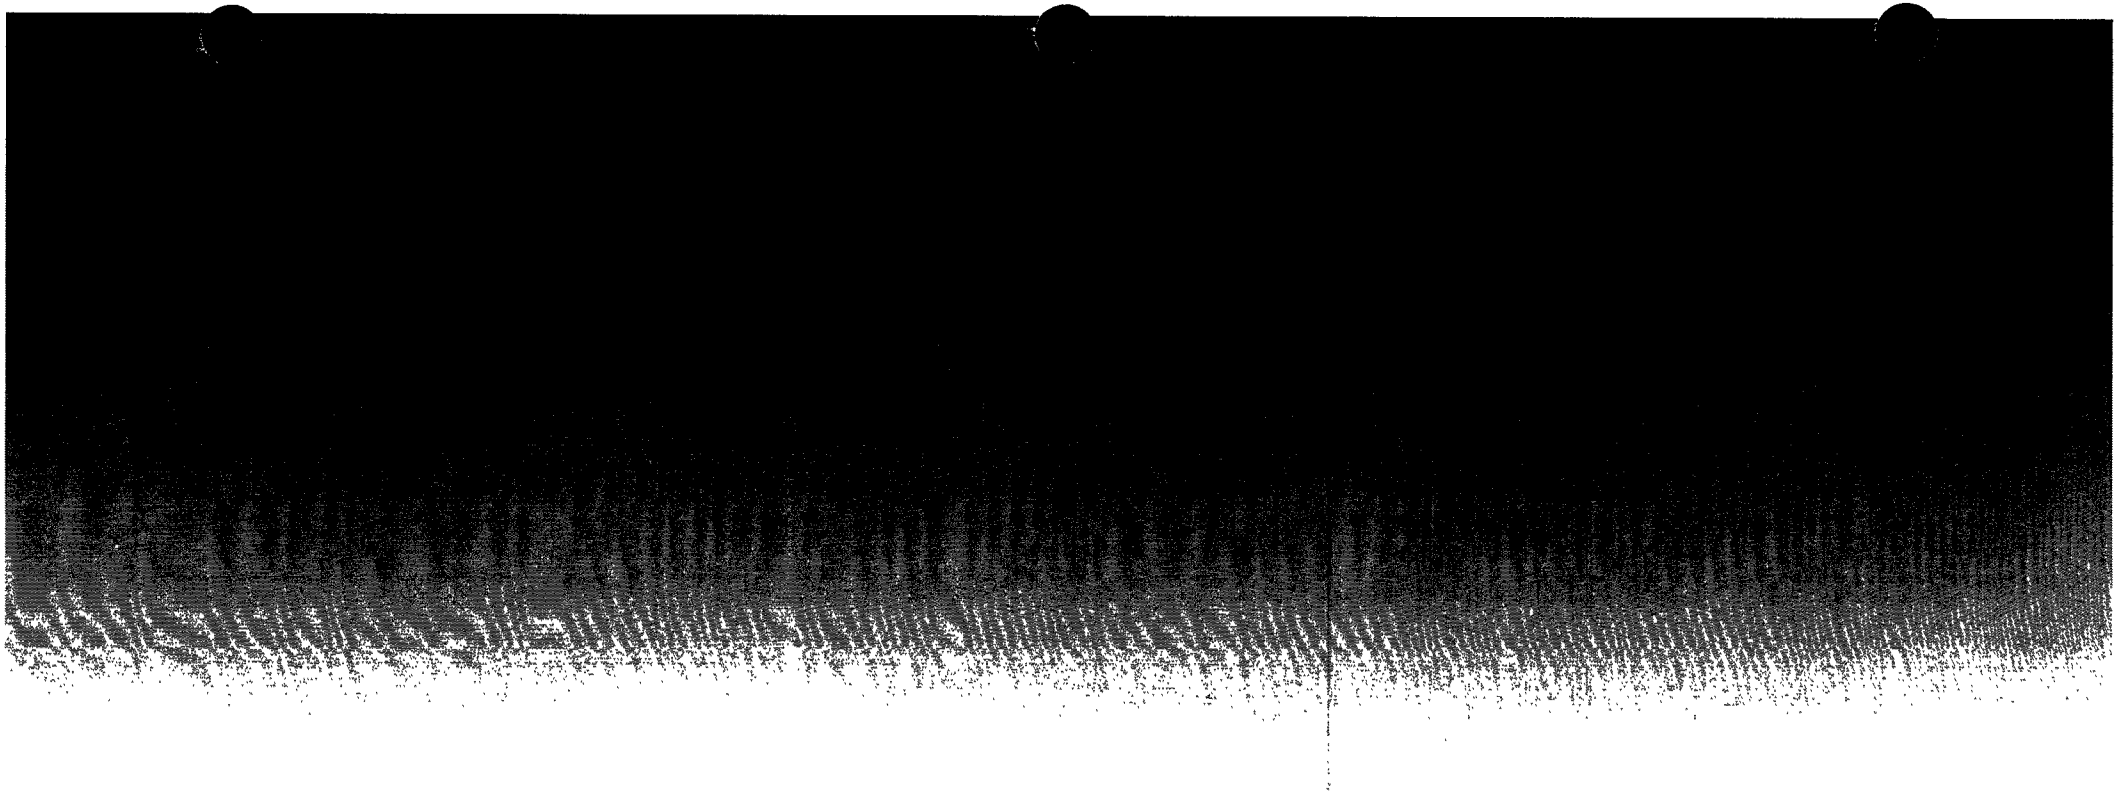
- Programs such as Community Health Improvement Plan (CHIP) that address multiple issues
- Parks for exercise and communal planting of healthy foods
- WIC and "CalFresh – Better Food for Better Living" campaign
- WIC Authorized Food List Shopping Guide and vendors, "Can We Help?" brochure
- Watts Healthy Famers' Market (education and Market Match)
- St. Francis collaborations promoting breastfeeding
- St. Francis hospital-based gang intervention
- St. Francis Health Benefits Resource Center
- St Francis, City of Lynwood and coalition of parents
- Parents as Teachers program
- First 5 LA Best Start Communities
- Crystal Stairs
- People Assisting the Homeless for immediate counseling and assessments

Health and Wellness: Community Insight

Strategy considerations to improve health/ wellness: [1]

- Provide incentives in addition to education (e.g., gift cards to Wallmart or Food 4 Less)
- Provide financial incentives for attending classes
- Address financial and legal issues to enable access to care
- Increase legal service outreach and advocacy
- Inform community about program successes
- Address mental and physical health holistically and more seamlessly (e.g., merging of LAC Mental Health, Health Services, and Public Health)
- Follow-through on resource recommendations and provide personal contacts to ensure continuity of care
- Utilize parent groups as forums for health/ wellness outreach
- Partner with community organizations that specialize in LGBTQ needs
- Provide comprehensive services (one-stop shop)

[1] Strategies listed were suggested by individuals and should not be considered as endorsed collectively



HEALTH INDICATORS: ADULTS

Health Indicators Adults

Environment and Neighborhood

- Percent of adults who perceive their neighborhood is safe from crime was consistently lower in SPA 6 (40.3%) compared to other areas for each time period, a decrease of 37% from 2011

- Within SPA 6, the Southeast Health District (31.4%) had the lowest percent of adults who perceived their neighborhood is safe from crime followed by Southwest (37.2%)

Access to Fresh Produce

- A much smaller percent of residents in SPA 6 (54.8%) reported that they have easy access to fresh fruits and vegetables compared to LA County, SPA 7, and SPA 8, a decrease of 30% from 2011– SPA 7 and SPA 8 both decreased from 2011 (21% and 14% respectively)

- Within SPA 6, the Compton (51.5%) and Southwest (51.0%) districts were lowest

Health Status

- SPA 6 (30.6%) also had a higher percentage of residents who reported fair/poor health status compared to LA County, SPA 7 and SPA 8. This pattern has not changed from 2011 to 2015

- Within SPA 6, the Southeast district was highest (47.4%)

[In reference to the importance of community gardens] "My neighbor has a variety garden and often times when I don't have enough money to buy produce at the grocery store I buy different vegetables from her. It would be a good idea for people with yard space to plant gardens. That way people are eating healthier and know what they are eating."
—Beneficiary focus group participant

"It's easier to get a $0.69 burger at Tom's then get a vegetable. Give a kid $2.00 that's what's they are going to go and buy."
—Beneficiary focus group participant

"I've been going out to certain meetings within the community and what is hard for the community is that they want to know how to have access to healthier inexpensive food. You can tell anyone what they can buy in order to eat healthier and educate them, But if they don't have higher paying jobs, food is expensive…at least make the food affordable for them to be able to eat to really tackle the challenge of obesity, diabetes and hypertension."
—Provider focus group participant

Health Indicators Adults

Health Insurance

- In general, the percent of LA County adults (18+ years old) who do not have health insurance decreased noticeably (46%) from 2005 (21.8%) to 2015 (11.7%)
- SPA 6 (17.9%) had the highest percentage of adults who do not have health insurance. SPA 6 (52.8%) also had a higher percentage of adults with public health insurance compared to SPA 7 and SPA 8
- Within SPA 6, the South (26.1%) and Southeast (27.8%) districts had the highest percentage of adults with no insurance

Access to Care

- Adults (18+ years old) who had difficulty accessing medical care was highest in SPA 6 (32.5%)
- Within SPA6, the South (36.4%) and Southeast (36.7%) districts were highest

"You can only see doctors that are included in your Medi-Cal plan. Maybe you don't feel comfortable with these doctors. All you want as a patient is to be comfortable. Sometimes when I go to the doctor and the interpreter translates I feel that they don't do a good job. I feel that the doctor didn't really understand me."
—Beneficiary focus group participant

"I appreciate the St. Francis Resource Center because they always help me out. If you go to the Atlantic (DPSS) office, you get treated very differently. They have this attitude where they treat you as if you are asking for a handout. They don't have a helpful attitude. Once I went to the Atlantic Center to sign my children up for Medi-Cal. The social worker asked me which of my three children got sick the most and depending on my answer, that's whom he would submit a Medi-Cal application for. So only two of my children were given Medi-Cal."
—Beneficiary focus group participant

"The ER at St. Francis, and perhaps at other ER's, have very long wait times unless you have a critical issue. I had a four-hour wait for my daughter who needed stitches on her head and then had to pay $2,000. If I have a similar issue with my children, I will not bring them to St. Francis or another ER because the wait times are too long, sometimes all day. This is frustrating when you have a sick child and makes you question whether you should bring your child in to the ER for non-critical issues or try troubleshooting at home."
–Beneficiary focus group participant

Health Indicators Adults

Preventive Services

- Percent of Adults (18+ years old) who reported having a flu shot or pneumonia vaccination in the past 12 months was consistently lower in SPA 6 (30.3%) compared to other areas for each time period
- Within SPA 6, the South (24.2%) and Southwest (28.7%) districts were lowest
- Percent of adults (65+ years old) who reported having a pneumonia vaccination in the past 12 months was lowest in SPA 6 (51.1%)
- Within SPA 6 the Southwest district was lowest (45.4%)

Health Behaviors

- Percent of adults (18+ years old) who reported eating 5+ servings of fruits/vegetables a day was lowest in SPA 6 (9.6%)
- Within SPA 6, the Southeast district was lowest (5.1%)
- Percent of adults (18+ years old) who reported drinking at least one soda or sweetened beverage a day was highest in SPA 6 (41.9%) and SPA 7 (40.3%)
- Within SPA 6 and SPA 7, the Compton (45.9%) and East LA (54.6%) districts were highest

Chronic Conditions

- Compared to LA County (23.5%), the reported percentages of adults (18+ years old) who are obese were higher in SPA's 6, 7 and 8 (34.1%, 28% and 24.1%, respectively)—For SPA's 6 and 7, the trend has remained consistent over the years
- Within SPA 6, the Compton district was highest (39.0%)

There are various outcomes that we are still seeing over a long period of time…It has to do with lack of education, lack of income, cycle of violence in our community, affordable housing. In today's papers there were articles mentioning challenge with affordable housing, health care and medication, and food for people who are living substandard. So we need to start looking up stream, such as, 'why are thy obese'? in some communities they don't have safe parks where you could provide safe places for exercise.
—Provider focus group participant

HEALTH INDICATORS: CHILDREN

Health Indicators Children

Environment

- Percent of children (1-17 years old) who have easy access to a park or playground was lowest in SPA 6 (78.5%)—The highly disproportionate trend has remained consistent over the years

- Within SPA 6, the South (74.1%) and Southwest (74.6%) districts were lowest

Breastfeeding

- Percent of children (0-5 years old) who were breastfed by their biological mothers at birth and the percent who were breastfed by their biological mothers for at least 6 months were lowest in SPA 6 (88.2% and 44.7% respectively)

- Within SPA 6, breastfeeding initiation was lowest in the Compton district (81.1%), followed by the Southeast district (87.7%) and breastfeeding for at least 6 months was particularly low in the Compton district (37.0%), followed by the Southwest district (42.6%)

Childcare

- Percent of children (0-5 years old) whose primary caretaker reported it is very or somewhat difficult to find childcare on a regular basis (excluding those who reported they do not need childcare) was highest in SPA 6 (43.1%)

- Within SPA 6, the Compton district was lowest (31.7%)

"We have data out there the to show the importance of education and attainment…lack of educational attainment can lead to health issues, not being able to afford a house, not having a good job or childcare…"
—Provider focus group participant

"Lynwood is between two major freeways the 710 and 105, which creates a lot of pollution in Lynwood. Community members need to be more conscious of their environment and reducing pollution, e.g. riding bikes/using public transportation versus driving cars. Perhaps we can be more conscious and informed about what we can do—we're getting older and need to think about what type of world we are leaving behind for our children. Everyone needs to do their parts."
—Beneficiary focus group participant

Health Indicators Children

Access to Care

- Percent of children (0-17 years old) whose primary caretaker reported difficulty accessing medical care was highest in SPA 6 (15.0%)

- Within SPA 6, the South district was highest (16.5%)

Health Behaviors

- Percent of children who drink one or more sugar-sweetened beverage a day was highest in SPA 6 (51.6%)

- Within SPA 6, the Compton district was highest (54.2%)

"I think that parents are responsible for their children having diabetes. My child was at risk for diabetes but after watching her diet closely her sugar level decreased. Parents play a big role in maintaining children's healthy diets. Schools are also responsible. They serve a lot of junk food."
—Beneficiary focus group participant

"I have two children with diabetes – for me it's very difficult because many foods make them sick and sometimes I don't know what to feed them."
—Beneficiary focus group participant

"…We knew that ten years ago there was obesity among children. Since then we have joined forces...we got them to do a challenge for the community to come together and set up teams and do walking clubs to help lose weight and at the end of the program they can earn money. This program empowers the community to take care of their health. Another concern is diabetes and we need to constantly teach them about making small health changes in what they cook and eat...I believe now we have more collaboration going on with St Francis, Department of public Health, Parks and Recs and City of Lynwood."
—Provider focus group participant

Health Indicators Children (2015 [1])
Dental Insurance, Access to Care, Health Behaviors, Reproductive Health and Infant Deaths

Table C4. Health Indicators for Children (0-17 years old) in Los Angeles County

DEMOGRAPHIC PROJECTIONS

Demographic Projections [1]

Population Growth by Geography (Fig. P1)

LA County's population growth will mirror California's from 2014 to 2019; California's population is expected to grow 4.6%; similarly, LA County is expected to grow 5.5%.

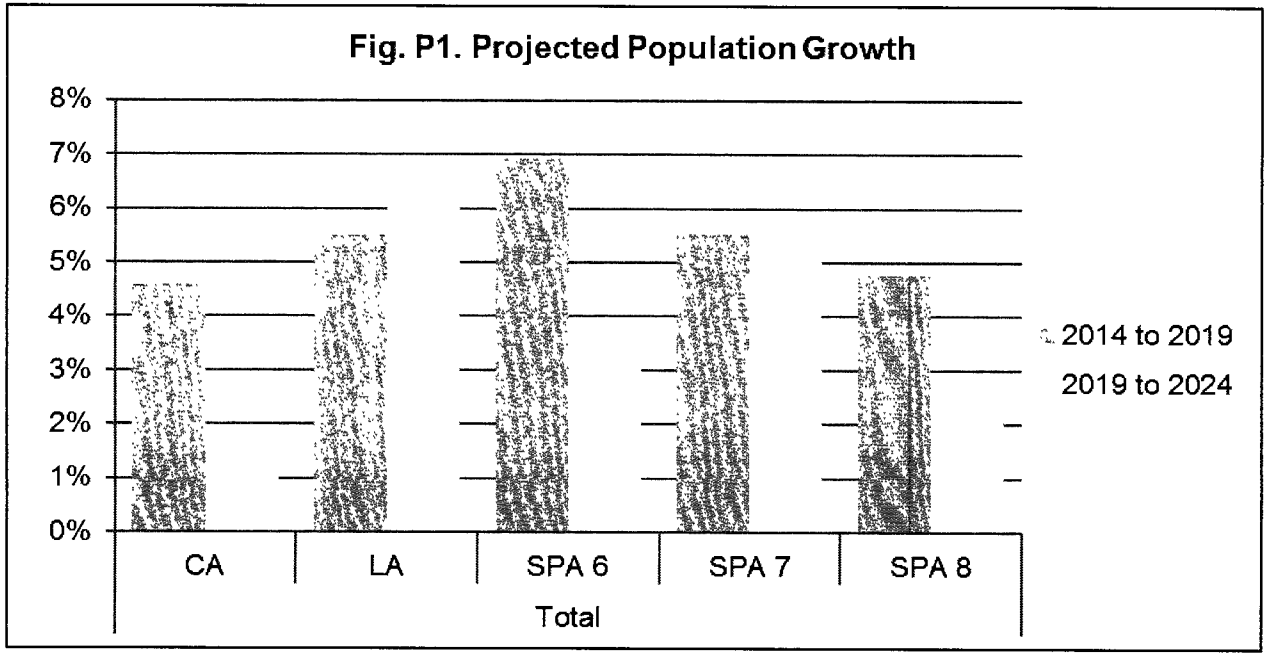
However, LA County is projected to differ from state-wide trends in population growth between 2019 and 2024; California's population is projected to grow only 1.3%, while LA County is projected to grow 6.2%.

Population growth in the SPA areas will generally follow state-wide and county trends of substantial growth, from 2014 to 2019:

- SPA 6 will have 6.9% population growth (higher than the state or county)
- SPA 7 will have 5.5% population growth (same as the county)
- SPA 8 will have 4.8% population growth (similar to state-wide)

Between 2019 and 2024, SPA population growth will be larger than that of the state--but still less than LA County as a whole:

- SPA 7's population is projected to grow the most (5.6%)
- SPA 6 is projected at 3.4%
- SPA 8 is projected at 2.5%



[1] U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample
These projections are 5 year estimates from July 1, 2014 to July 1, 2019 and from July 1, 2019 to July 1, 2024

Demographic Projections [1]

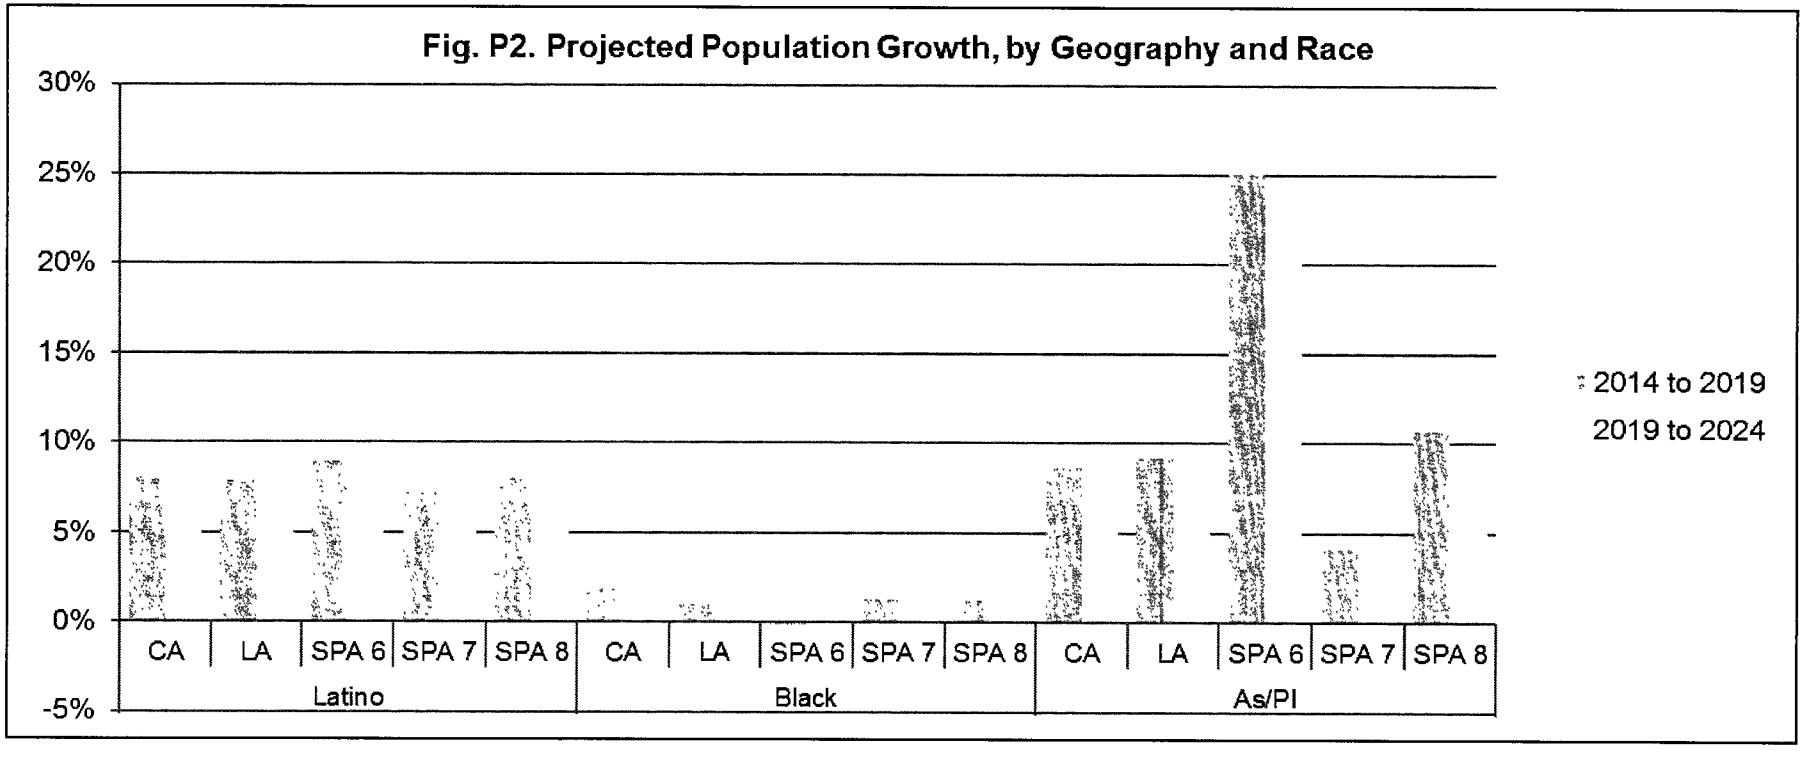
Population Growth by Geography and Race (Fig. P2)

Population growth, by race group, follows the same pattern across all geographical areas. In all areas, between 2014-2019 or 2019-2024, the following is projected:

- Latino population growth will be large, between 6.0% and 8.9%
- Black population growth will be small, between -1.0% and 1.9%

Asian population growth will be the most geographically diverse. Between 2014-2019 or 2019-2024, state or county-wide, the Asian population is projected to grow between 7.6% and 9.2%. However, by SPA:

- SPA 6 will have the largest growth (at 25.1% and 23.7% during the two time periods)
- SPA 7 will have the least growth (at 4.1% and 3.8%)
- SPA 8 will somewhat mirror state and county-wide trends (at 10.7% and 9.4% during the two time periods)



[1] U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample
These projections are 5 year estimates from July 1, 2014 to July 1, 2019 and from July 1, 2019 to July 1, 2024

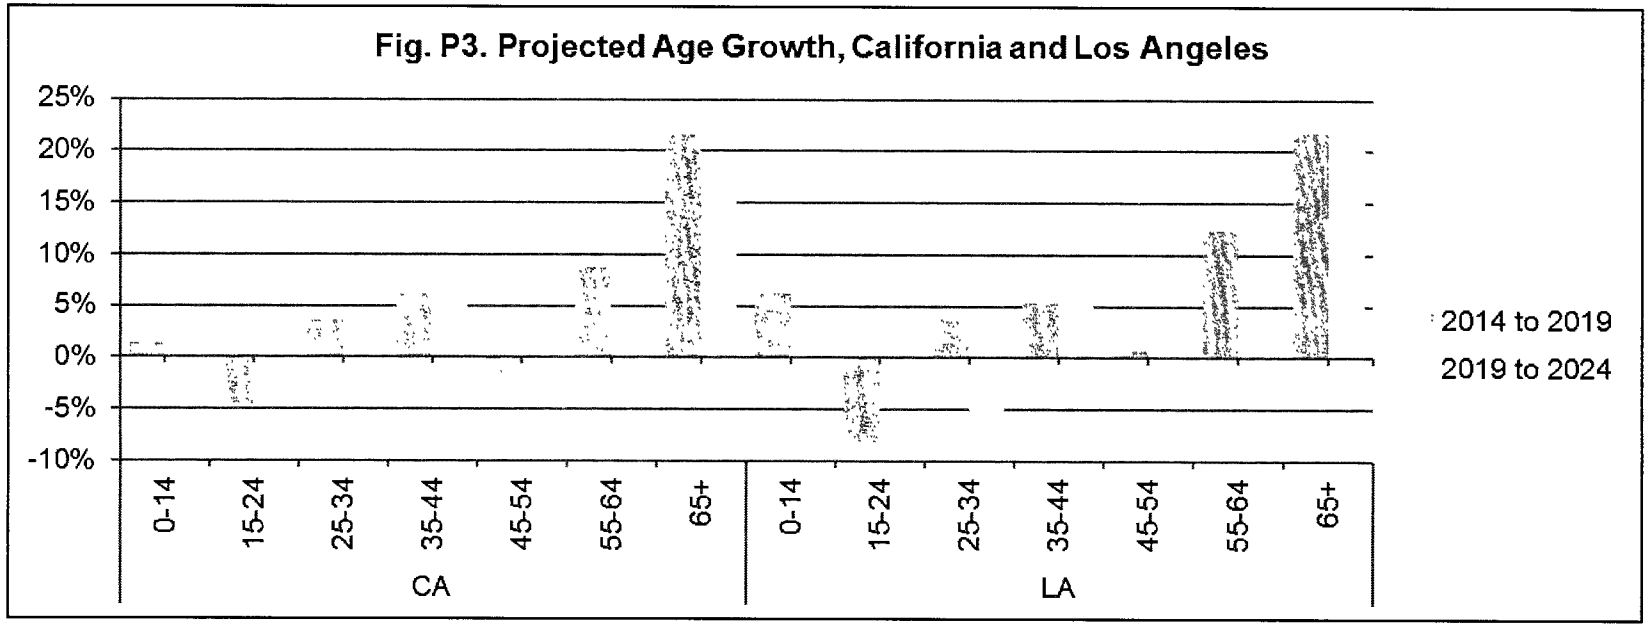
Demographic Projections [1]

Population Growth by Age and Geography (Fig. P3 – Fig. P4)

Population growth, by age group, will follow some basic trends across most geographies--in both time periods. These trends are characterized by growth at the low end (ages 0-5) and high end (ages 55-64 and 65+), but otherwise mixed growth by cohort, geography and time period:

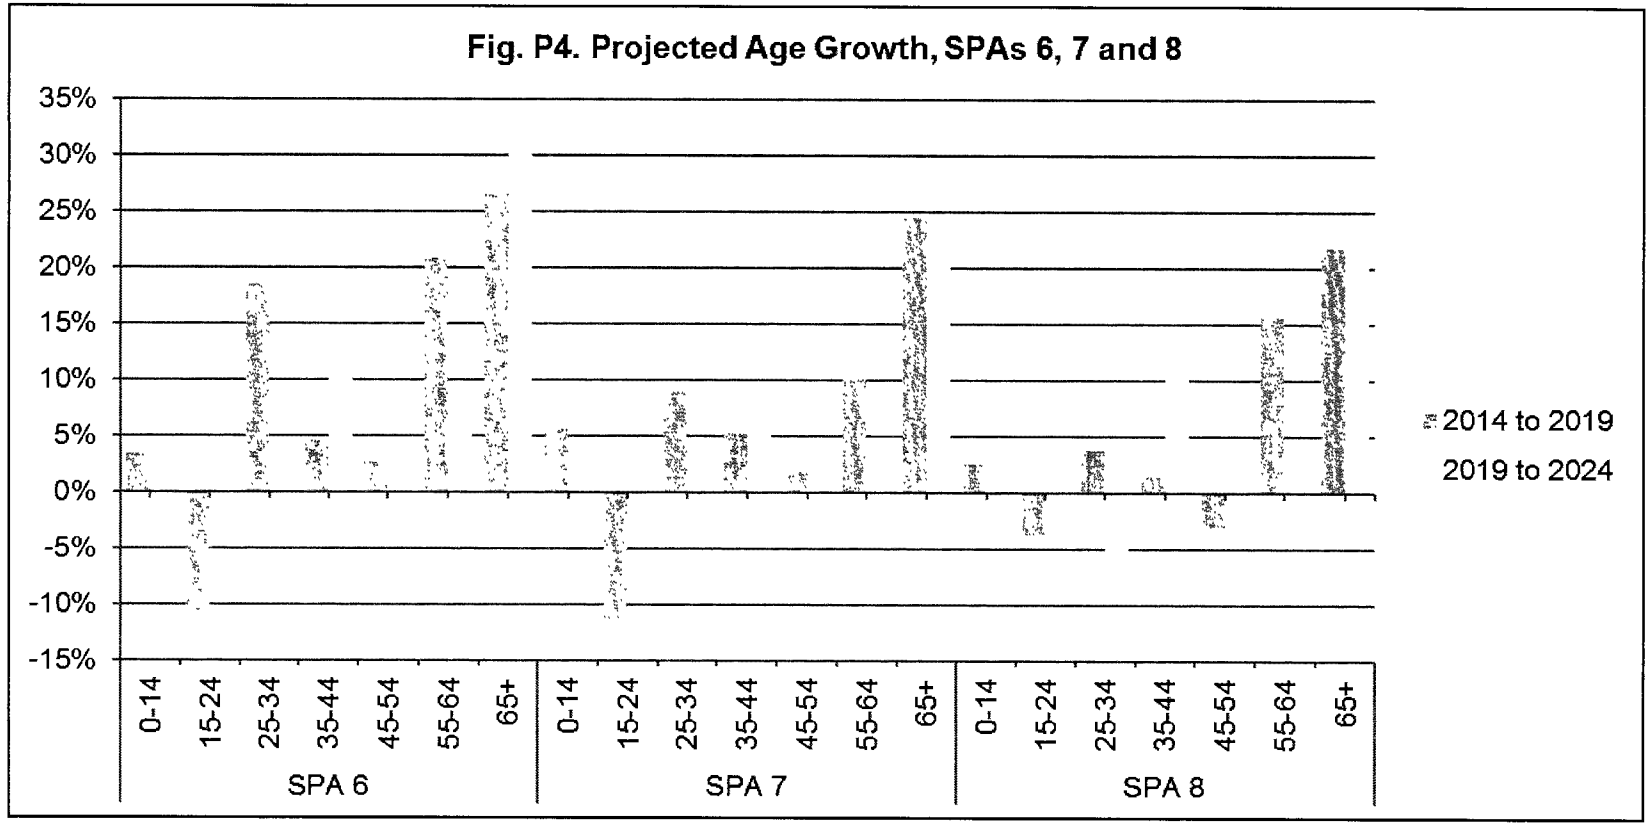
- The age 0-14 population will roughly increase between 0% and 5%
- The 15-24 age group will generally decline between 0% and -10%
- The 25-34 age group will increase (between 4% and 16%) from 2014 to 2019, and decline (between 0 and -7%) from 2019 to 2024
- The 35-44 age group will increase slightly (between 2% and 6%), from 2014 to 2019, then increase more substantially (between 6% and 14%) from 2019 to 2024
- The 45-54 age group will increase slightly (between 0% and 3%) in most areas, across both time periods, but decline (between -2% and -3%) in SPA 8
- The 55-64 age group will increase greatly (between 9% and 21%) from 2014 to 2019, but much less (between 1% and 8%) from 2019 to 2024
- Lastly, the 65+ age group will increase tremendously (between 22% and 27%) from 2014 to 2019, and increase tremendously again (between 18% and 31%) from 2019 to 2024

Fig. P3. Projected Age Growth, California and Los Angeles



[1] U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample
These projections are 5 year estimates from July 1, 2014 to July 1, 2019 and from July 1, 2019 to July 1, 2024

Demographic Projections [1]



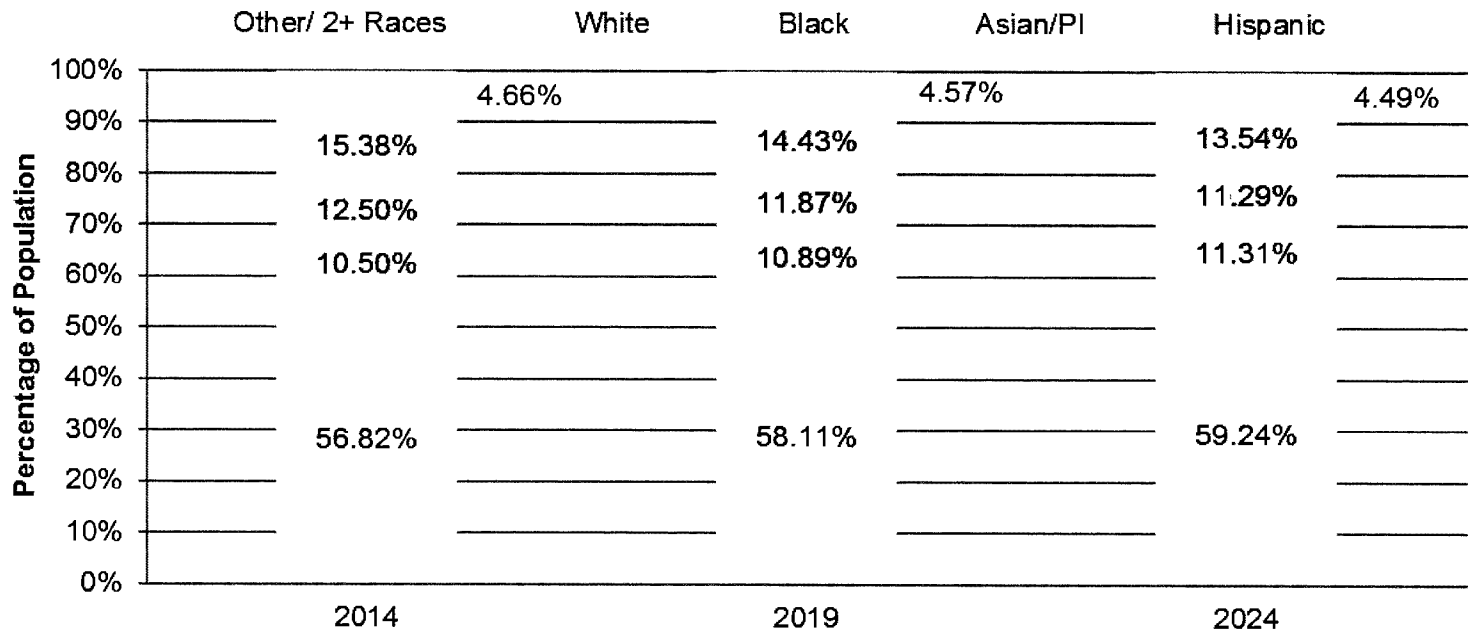
[1] U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample
These projections are 5 year estimates from July 1, 2014 to July 1, 2019 and from July 1, 2019 to July 1, 2024

Demographic Projections [1]

Population Growth by Race and SFMC Area (Fig. P5)

- In the SFMC service area overall, Latino and Asian/PI populations show gradual increase, while white and African American populations show gradual decrease
- Latinos population will remain the overwhelming majority, comprising 59% of the SFMC area population
- The Asian/PI population is projected to have overtaken the African American population slightly by 2024 in the SFMC area
- As Spanish and Asian-language speaking households tend to have relatively high rates of linguistic isolation, efforts should be made to enhance outreach capacity appropriately

Fig. P5. Racial Composition in SPAs 6,7,8



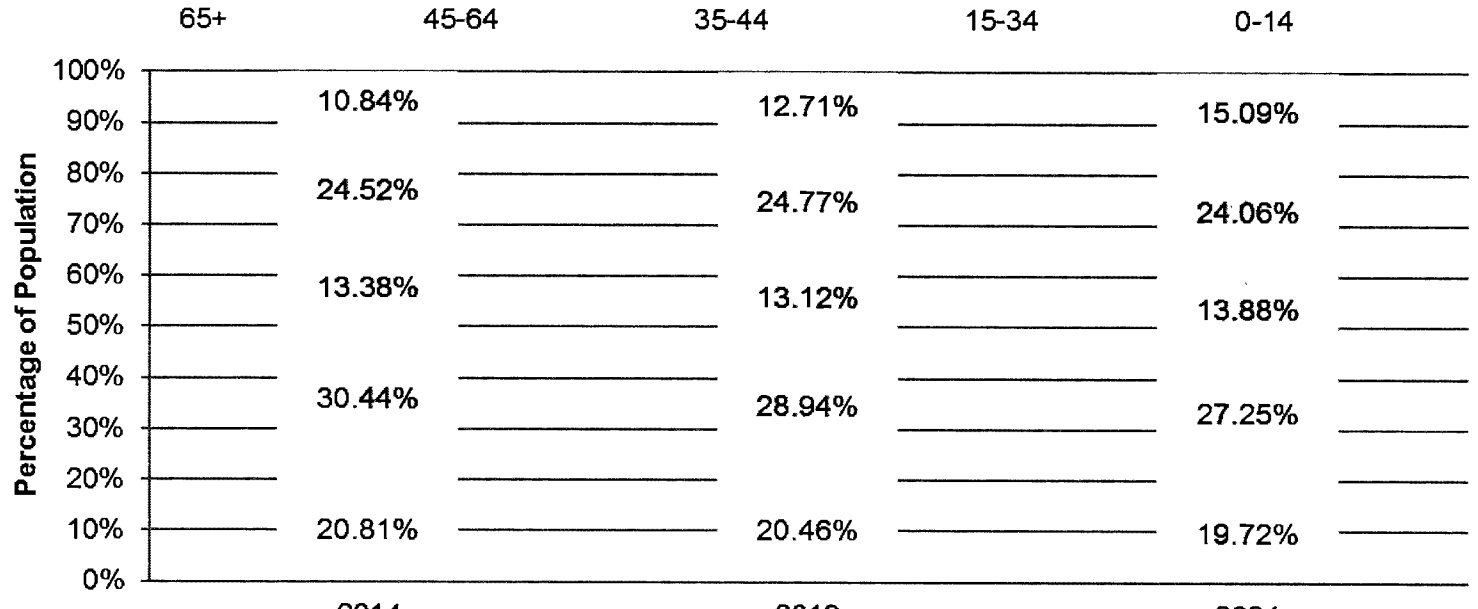
[1] U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample
These projections are 5 year estimates from July 1, 2014 to July 1, 2019 and from July 1, 2019 to July 1, 2024

Demographic Projections [1]

Population Growth by Age and SFMC Area (Fig. P6)

- In the SFMC service area overall, 0-14 and 15-34 age groups show a gradual decrease
- The 35-44 age group shows a decrease by 2019, but increases again by 2024
- The 45-64 age group shows a slight increase by 2019, but then decreases by 2024
- The 65+ population is projected to grow significantly by 2024 to comprise 15% of the SFMC area population

Fig. P6. Age Composition in SPAs 6,7,8



[1] U.S. Census Bureau, American Community Survey 2014, Public Use Microdata Sample
These projections are 5 year estimates from July 1, 2014 to July 1, 2019 and from July 1, 2019 to July 1, 2024

APPENDIX

Community Area Characteristics

Table I. "At-A-Glance" Characteristics

- There is a large share of foreign-born persons (between 36% and 56%) in most community areas, similar to county-wide figures (46%)
- Most community areas--with the exception of Downey--have a percentage of households living below poverty that is higher than the county-wide average
- Homeownership is much lower than the county-wide average--except for the areas of Compton and Downey
- The rate of households that are overcrowded (>1 person per room) is much higher than the county-wide average, in most areas--with the exception of Downey
- All community areas have a proportion of 25 year-olds with Bachelor's degrees that is much lower than the county-wide average (most areas are between 3% and 6%; Downey is at 15%; LA County is at 20%)
- Unemployment is somewhat higher (12% to 13%) than the county-wide average (10%) in almost all areas

Table II. Diversity Characteristics

- The percentage of Spanish-speaking households is much higher in most areas than the county-wide average; however, in most areas only 1% of households speak an Asian or Pacific Islander language (Downey is the exception, at 6%)
- County-wide, Asian speaking households are more likely to be linguistically isolated than Spanish-speaking households (32% versus 24%). The figures vary by geography
- Very little of the immigrant population entered the US in 2010 or after (county-wide 4%). Roughly 1/4 of the immigrant population entered between 2000 and 2010, 1/4 between 1990 and 1999, and 1/2 before 1990. These numbers vary slightly by geography
- Very few persons identified with the ancestry categories provided by the ACS (i.e. Mexican is not an option, but West Indian or Yugoslavian is)

Table III. Household Characteristics

- In all areas (except for Downey), the composition of "sub-families" was disproportionately more "Mother-child" than the county-wide or LA city average (54%). (Other sub-families were Married-couple or Father-child)
- The percentage of persons with "less than High School" education was much higher than the county-wide average, but only slightly higher than LA city, for most areas. The percentage of persons with "high school or equivalent" was relatively similar to county-wide figures, but the percentage of persons with "some college" was lower, and the percentage of persons with a "Bachelor's degree" was much lower
- In community areas, the industry of employment was slightly more likely to be in manufacturing or retail, but slightly less likely to be in education, science or the arts

The 2013 Metro Hospital Collaborative would like to thank Catherine Gaughen, Director of Public Affairs and Brand Communications, and Mario Ceballos, Community Benefit Manager, at Kaiser Foundation Hospital – Los Angeles as well as the many individuals who provided their expertise, time and perspective. For a full list of participants, please see Appendix B Stakeholders.

II. Executive Summary

The Patient Protection and Affordable Care Act (ACA), enacted on March 23, 2010, added new requirements that nonprofit hospital organizations must satisfy to maintain tax-exempt status under section 501(c)(3) of the Internal Revenue Code. One such requirement added by ACA, to Section 501(r) of the Code, requires nonprofit hospitals to conduct a community health needs assessment (CHNA) at least once every three years. As part of the CHNA, each hospital is required to collect input from designated representatives in the community, including public health experts as well as members, representatives or leaders of low-income, minority, and medically underserved populations, and individuals with chronic conditions.

For the 2013 CHNA, three hospitals in metropolitan Los Angeles — California Hospital Medical Center, Good Samaritan Hospital, and St. Vincent Medical Center — collaborated, as they have in the past, to work with the Center for Nonprofit Management consulting team in conducting the CHNA. The initial phase of the CHNA process, community input was collected through 10 focus groups and 29 interviews with key stakeholders, including health care professionals, government officials, social service providers, community residents, leaders, and other relevant individuals. Appendix A presents the primary data collection tools and Appendix B lists the stakeholders involved. Concurrently, secondary data were collected and compared to relevant benchmarks including Healthy People 2020, Los Angeles County or California rates or statistics when possible. The data were also collected for smaller geographies, when possible, to allow for more in-depth analysis and identification of community health issues. In addition, prior CHNAs were reviewed to identify trends and ensure that previously identified needs were not overlooked. Primary and secondary data were compiled into a scorecard (Appendix C) to present health needs and health drivers with benchmarks included for comparison; when an indicator for the GSH fell below the comparison benchmark (Healthy People 2020, Los Angeles County and California indicators) it is shaded in black. The scorecard was designed to allow for a comprehensive analysis across all data sources (Appendix D) and for use during the prioritization phase of the CHNA process.

For the 2013 CNHA, a process to prioritize health needs and drivers was introduced. This consisted of a facilitated group session that engaged participants from the first phase of collecting community input as well as other stakeholders in a review and discussion of secondary and primary data (compiled and presented in the scorecards and accompanying health need profiles) and an online survey. At the prioritization session, participants were provided with a brief overview of the CHNA process, a list of identified health needs and drivers in the scorecard format, and brief narrative summary descriptions (health need profiles) of the health needs identified through the data analysis process described above. Then, participants considered the scorecards and health needs profiles in discussing the data and identifying key issues or considerations.

The following lists present the prioritized health needs and drivers.

a. Health Needs

The following needs were identified through the analysis of primary and secondary data and are presented in the following list in prioritized order.

Prioritized Health Needs

1. Mental Health
2. Oral health

3. Substance Abuse
4. Diabetes
5. Obesity/Overweight
6. Alzheimer's Disease
7. Cardiovascular Disease
8. Alcoholism
9. Sexually Transmitted Diseases
10. Allergies
11. Asthma
12. Hypertension
13. Vision
14. Cholesterol
15. Cancer, general
16. Colorectal Cancer
17. Arthritis
18. Breast Cancer
19. HIV/AIDS

b. Health Drivers

The following health drivers were identified through the analysis of primary and secondary data. They are presented in the following list in prioritized order.

Prioritized Health Drivers

1. Poverty (including unemployment)
2. Housing
3. Specialty Care Access
4. Homelessness
5. Disease Management
6. Health Care Access
7. Cultural Barriers
8. Immigrant Status
9. Social Barriers (i.e. family issues)
10. Alcohol and Substance Abuse
11. Community Violence
12. Coordinated Healthcare
13. Transportation
14. Healthy Eating
15. Physical Activity
16. Preventative Care Services
17. Health Education and Awareness

III. Introduction and Background

St. Vincent Medical Center (SVMC)

Overview and History

Established by the Daughters of Charity of St. Vincent de Paul in 1856, St. Vincent Medical Center (SVMC) has been meeting the needs of our community for more than a century. When the Daughters of Charity first arrived in 1856, Los Angeles was a small community with no formal medical care. The Daughters responded to this need by opening the city's first free-standing hospital in a tiny adobe house. As the community's health care needs grew, the Daughters adapted by opening larger facilities. Over the years, the hospital continued to grow and played an important role in the Los Angeles health care community.

Today SVMC is a 366-bed tertiary and surgical specialty care hospital located near downtown Los Angeles, offering advanced care delivered by some of the most well-respected medical professionals in the world including 474 physicians and over 1,300 employees. With a well-earned reputation for high quality of care, SVMC most recently received the Distinguished Hospital Award for Clinical Excellence from Healthgrades as being in the top 5 percent of all hospitals in the nation with the lowest risk-adjusted mortality and complication rates.

Mission

SVMC subscribes to the mission of the Daughters of Charity Health System: In the spirit of founders St. Vincent de Paul, St. Louise de Marillac, and St. Elizabeth Ann Seton, the Daughters of Charity Health System is committed to serving the sick and the poor. SVMC advances and strengthens the healing mission of the Catholic Church by providing comprehensive, excellent healthcare that is compassionate and attentive to the whole person: body, mind and spirit. SVMC promotes healthy families, responsible stewardship of the environment, and a just society through value-based relationships and community-based collaboration.

Services

SVMC specialty areas include: cardiac care, multi-organ transplantation, spine surgery, joint replacement and general orthopedics, oncology, neurosurgery and treatment of hearing disorders. In addition, SVMC offers the latest diagnostic and treatment technologies and a full continuum of care to benefit patients and their families. Other services provided include, but are not limited to, acute rehabilitation, transitional care, outpatient dialysis, emergency medicine, imaging and laboratory services. Prominent community benefit programs include the Asian Pacific Liver Center, Casa de Amigos Community Learning Center, Community Diabetes Education Program, Health Benefits Resource Center and Multicultural Health Awareness and Prevention Center.

Service Area

SVMC is located in Service Planning Area (SPA) 4 of Metro Los Angeles. The service area, however, extends over a larger regional area with patients from over 80 cities in Los Angeles, San Bernardino, Riverside and Orange Counties, as well as from across the United States and around the world.

Good Samaritan Hospital (GSH)

Overview and History

Good Samaritan Hospital (GSH) was founded in 1885 by Sister Mary Woods of the Episcopal Church as a 9-bed facility known as the Los Angeles Hospital and Home for Invalids. Today GSH extends far beyond a traditionally-defined community hospital as a regional tertiary medical facility that offers outstanding diagnostic, surgical and therapeutic care with state-of-the-art technology. GSH is respected internationally for its tertiary level care and its affiliations with the USC and UCLA Schools of Medicine. Recent recognitions include: one of the "Best Hospitals in America" by *U.S. News & World Report,* 1998; "Best Medical Center in Los Angeles" by the *Los Angeles Downtown News*, 1999-2007, 2009-2013; and as one of HealthGrades, Inc. America's 50 Best Hospitals in 2007, 2008, 2009 and 2010.

A major research center and teaching hospital, GSH is a leader in the development of medical procedures to improve health outcomes and minimize suffering. Reflecting both Los Angeles' multicultural population and its international reputation and patient base, GSH employs over 1,500 people and has approximately 600 physicians on its medical staff. Together the medical staff and employees speak over 54 languages/dialects.

Mission

Good Samaritan Hospital's mission is to provide accessible, quality, cost-effective and compassionate health care services that meet the needs of patients and their families, the community and physicians.

Services

Located a few blocks west of downtown Los Angeles, Good Samaritan Hospital is a 408-bed hospital with approximately 17,000 in-patient admissions and more than 93,500 outpatient visits annually. More than 4,000 deliveries and 8,000 surgeries are performed annually in 18 surgical suites. Good Samaritan Hospital also experiences approximately 25,400 emergency room visits annually. The tertiary medical center's programs include seven centers of excellence (cardiovascular diseases, orthopedics, kidney stone service, gastroenterology, perinatology/neonatology, tertiary retinal surgery and transfusion-free medicine & surgery) and other specialties.

California Hospital Medical Center (CHMC)

Overview and History

California Hospital Medical Center (CHMC) is a 316-bed private, non-profit, acute care hospital that began serving the downtown and central Los Angeles areas in a three-story framed structure in 1887. By 1902, CHMC was the largest and best-equipped physician-owned hospital west of Chicago. Less than 25 years later, the original frame buildings were replaced by a modern nine-story brick building, the first fireproof hospital in Los Angeles. In 1964, a nine-story north wing was added followed by the opening of a new Patient Care Tower in 1987, marking the beginning of CHMC's second century. In 1998, CHMC became an affiliate of Catholic Healthcare West. On December 1, 2004, CHMC's opened the first new trauma center in Los Angeles in more than a decade and one of only 13 in Los Angeles County.

The Central and South Central areas of Los Angeles served by CHMC in 1887 were originally affluent neighborhoods that later experienced shifts in demographics and became associated with poverty, crime, and other social problems. Despite the trend of many other hospitals and medical centers to follow affluent residents into the suburbs, CHMC remained stay in the central city to provide cost effective, culturally-sensitive care to the people in its service area.

CHMC is committed to serving its community and views community care beyond the treatment of immediate health problems. The hospital works with an extensive group of community health educators, called Promotoras, and founded the nationally-recognized community learning center Hope Street Family Center (http://www.healthychild.ucla.edu/HopestreetFamilyCenter.asp) in 1992.

Mission
CHMC is committed to improving the health status and increasing access to care for the multiethnic population of Central and South Central Los Angeles. CHMC builds on its affiliation with Catholic Healthcare West to create a broad-based network of care with other community resources that are responsive to the primary and specialty care service needs of the community. The hospital is also committed to achieving financial viability by working with its physicians, payers, and employees to create a climate of mutual opportunity and shared destiny; and to encourage innovative, cost-effective approaches to continuous quality improvement.

Services
CMHC provides a myriad of tertiary care services in its 316-bed facility, and has specialties in areas such as comprehensive women's and children's services (including nurse-midwifery services and a teen-parent clinic), 24-hour emergency services (including a sexual assault and domestic violence response team and a Level II Trauma Center), family health services (including the California Family Care Medical Group and the USC Family Health Center), health ministry program, Hope Street Family Center and the Donald P. Loker Cancer Center.

CHNA Consultants

The **Center for Nonprofit Management (CNM)** was hired as the consultant team to conduct the assessment for the Metro Hospital Collaborative. CNM is the leading management assistance organization in Southern California, providing training, consulting, technical assistance, capacity-building resources and services, and customized counsel to the nonprofit sector since 1979.

The principal members of the CNM evaluation team—Dr. Maura Harrington and Ms. Jessica Vallejo—have extensive experience with SB 697 community health needs assessments and public health data. The team was involved in conducting the 2004, 2007, and 2010 CHNAs for the Metro Hospital Collaborative (California Hospital Medical Center, Children's Hospital Los Angeles, Good Samaritan Hospital, Kaiser Foundation Hospital Los Angeles, QueensCare, and St. Vincent Medical Center) and is conducting 2013 CHNAs and/or the Community Benefit Implementation Strategy for five Kaiser hospitals and four other Los Angeles area hospitals. Dr. Harrington has worked on projects with the Pasadena Public Health Department, the California Wellness Foundation, and many other health-related entities. The CNM team has extensive experience with a broad range of evaluation projects involving qualitative and quantitative data collection and analysis and the preparation of reports and documentation appropriate for diverse audiences and constituencies.

Purpose of the Community Health Needs Assessment Report

In 1994, California legislators passed Senate Bill 697 (SB 697), which requires all private nonprofit hospitals in the state to conduct a CHNA every three years. As part of SB 697, hospitals are also required to annually submit a summary of their community benefit contributions, particularly those activities undertaken to address the community needs arising during the CHNAs.

Federal requirements included in the Affordable Care Act, enacted on March 23, 2010, stipulate that hospital organizations with 501(c)(3) status must adhere to new regulations, one of which is a

requirement to conduct a CHNA every three years. With regard to the CHNA, the ACA specifically requires nonprofit hospitals to collect and take into account input from public health experts as well as community leaders and representatives of high-need populations (including minority groups, low-income individuals, medically underserved populations, and those with chronic conditions); identify and prioritize community health needs; document a separate CHNA for each individual hospital; and make the CHNA report widely available to the public. In addition, each nonprofit hospital must adopt an implementation strategy to address the identified community health needs and submit a copy of the implementation strategy along with the organization's annual Form 990.

IV. Methodology and Process

Metro Hospital Collaborative CHNA Framework and Process

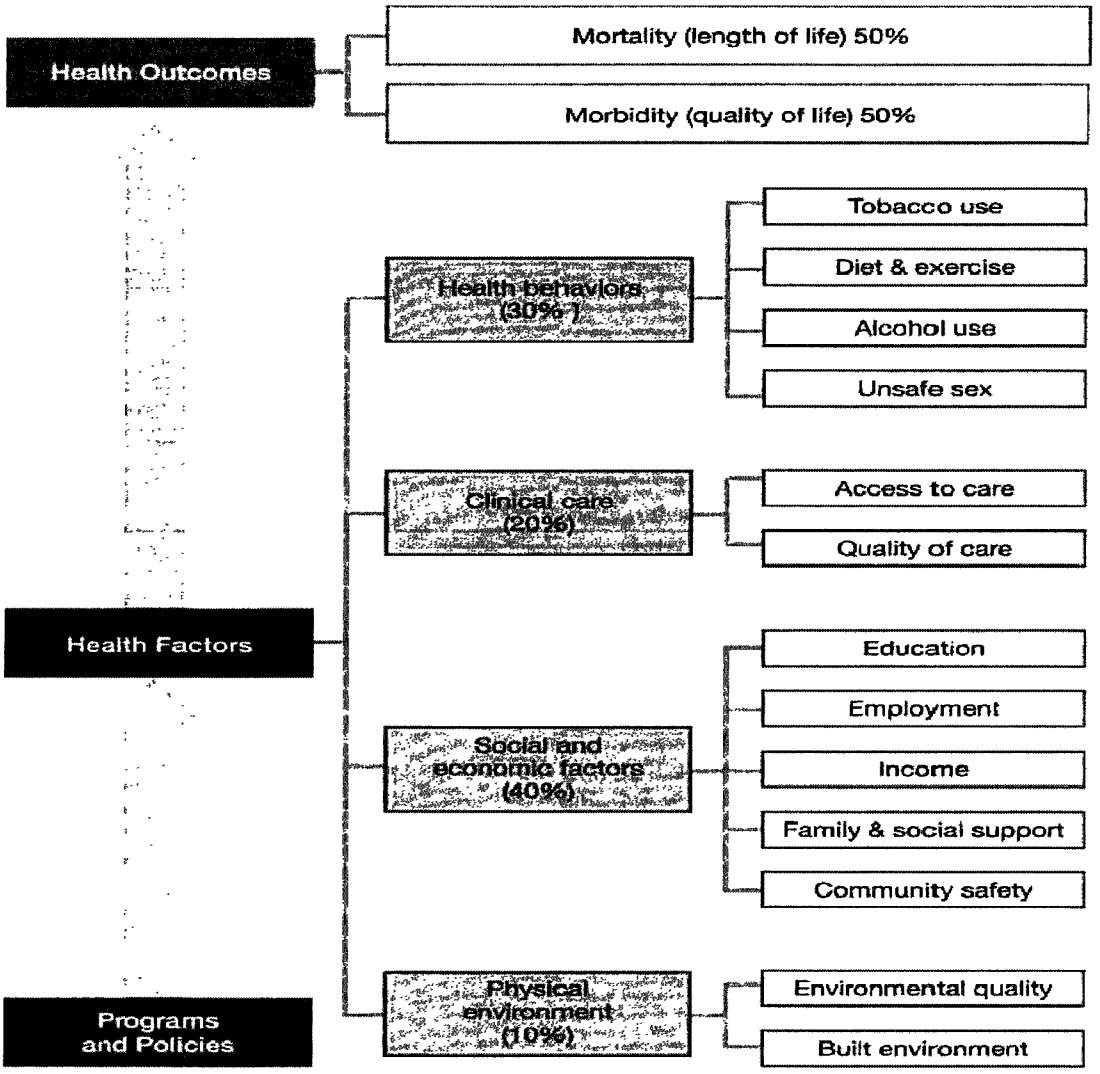
To ensure a high level of comprehensiveness of the CHNA, the CNM team included a list of over 100 indicators of secondary data that, when reviewed all together, help illustrate the health of a community. Local, Los Angeles County and California data sources were used whenever possible. When California data sources were not available, national data sources were used.

In addition to reviewing the secondary data available, the CNM CHNA team collected primary data through 10 focus groups and 29 interviews to discuss and identify key issues that most impact the health of the communities served by the three hospitals. The identified health needs and drivers of health were then presented during a community forum to allow for a richer discussion of secondary data and additional considerations. The focus groups, interviews, and community forum engaged a spectrum of local public health experts, community leaders, and residents.

Secondary Data

Secondary data were collected from a wide range of local, county, and state sources to present demographics, mortality, morbidity, health behaviors, clinical care, social and economic factors, and physical environment. These categories are based on the Mobilizing Action Toward Community Health (MATCH) framework, which illustrates the interrelationships among the elements of health and their relationship to each other, including social and economic factors, health behaviors, clinical care, physical environmental, and health outcomes.

Figure 1. Mobilizing Action Toward Community Health (MATCH)



County Health Rankings model ©2010 UWPHI

The CNM evaluation team identified a minimum set of required indicators for each of the data categories to be used for the CHNAs. Data sets were accessed electronically through local sources. When data were available by ZIP Code, the data from the ZIP Codes of the service area were compiled for a hospital's primary service area indicator. For geographic comparisons across SPAs within the hospital's primary service area, if the source provided data by ZIP Code, then ZIP Codes were aggregated into respective SPAs; when the data were not available by ZIP Code, then the data for the entire SPA was utilized.

Secondary data indicators were entered into tables for inclusion in the analysis. The tables present the data indicator, the geographical area the data represented, the data measurement (e.g. rate, number, percent), and the data source and year. Data are presented based on the data source and geographic level of available data. When possible, these data are presented in the context of larger geographies such as county or state for comparison.

To allow for a comprehensive analysis across data sources, and to assist with the identification of a health need, a matrix (Appendix C—Scorecard) was created listing all identified secondary indicators and issues identified through primary data collection in one location. The matrix included hospital-level secondary data, primary data counts (number of times an issue was mentioned) for both interviews and focus groups, and subpopulations noted by stakeholders as most severely impacted. The matrix also included benchmark data in the form of Healthy People 2020 (HP2020) benchmarks, which are nationally recognized, when the indicator matched the data on hand. If, however, there was not a stated HP2020 indicator, then the most recent county or state data source was used as a comparison.

Each data indicator for the hospital primary service area was first compared to the HP2020 benchmark, if available, and then to the geographic level for benchmark data to assess whether the hospital primary service area performance was better or worse than the benchmark. When more than one source (from the primary or secondary data) identified an issue, the issue was designated as a health need or driver.

Two additional steps of analysis were conducted. The first reviewed data in smaller relevant geographies, repeating the process described above to identify areas in which needs were more acute. In the second step, the previous CHNA was reviewed to identify trends and ensure that a previously identified need had not been overlooked.

Primary Data—Community Input

Information and opinions were gathered directly from persons who represent the broad interests and perspectives of the community served by the hospital. A total of 10 focus groups and 29 telephone interviews were conducted with a broad range of community stakeholders, including area residents. The purpose of the primary data collection component of the CHNA is to identify broad health needs and key drivers, as well as assets and gaps in resources, through the perceptions and knowledge of varied and multiple stakeholders.

These stakeholders represented a wide range of health and social service expertise as well as representatives from diverse ethnic backgrounds including African-American, Chinese, Filipinos, Koreans and Latinos.

The interviews were conducted primarily via telephone for approximately 30 to 45 minutes each; the conversations were confidential and interviewers adhered to standard ethical research guidelines. The interview protocol was designed to collect reliable and representative information about health and other needs and challenges faced by the community, access and utilization of health care services, and other relevant topics. (See Appendix A for data collection tools and instruments used in primary data collection.)

Focus groups took place in a range of locations throughout the service area, with translation and interpretation services provided when appropriate. Focus group sessions were 45 to 60 minutes each. As with the interviews, the focus group topics also were designed to collect representative information about health care utilization, preventive and primary care, health insurance, access and barriers to care, emergency room use, chronic disease management and other community issues.

The stakeholders[1] engaged through the 10 focus groups and 29 interviews represent a broad range of individuals from the community, including health care professionals, government officials, social service

[1] A portion of the primary data was collected through a community health needs assessment conducted earlier this year by Kaiser Permanente Los Angeles Medical Center and was generously shared with the Metro Hospital Collaborative.

providers, local residents, leaders, and other relevant community representatives, as per the IRS requirement. Participants included residents and representative from African-American, Latino and Asian-Pacific Islander communities. Interpretation services was provided in Spanish and Mandarin. Please see Appendix B for a list of participants.

Data Limitations and Gaps

The secondary data set includes a robust set of over 100 secondary data indicators that, when taken together, enable an examination of the broad health needs within a community. However, there are some limitations with regard to this data, as is true with any secondary data. Some data were available only at a county level, making an assessment of health needs at a neighborhood level challenging. Moreover, disaggregated data for age, ethnicity, race, and gender are not available for all data indicators, which limited the examination of disparities of health issues within the community. At times, a stakeholder because of the limitations identified a health issue that may not have been reflected by the secondary data indicators. In addition, data are not always collected on an annual basis, and some data are several years old.

V. Prioritization of Health Needs and Drivers of Health

Identifying Community Health Needs

For the purposes of the CHNA, a health need is defined as a poor health outcome and associated health driver(s), or a health driver associated with a poor health outcome where the outcome itself has not yet arisen as a need. As described previously, health needs arise from the comprehensive identification, interpretation, and analysis of a robust set of primary and secondary data.

Primary data were input into Microsoft Excel. The data were then analyzed using content analysis to identify themes and determine a comprehensive list of codes. The data were coded and the number of times an issue was identified was tallied. In addition, subpopulations mentioned as being most affected by a specific issue were noted.

Secondary data were entered into tables to be included in the analysis. When possible, benchmark data were included (Healthy People 2020, Los Angeles County, or California). County levels were used as the benchmark when available. However, if the data source was not available at the county level, state-level data was used for comparison.

As previously discussed, health needs and drivers were identified from both primary and secondary data sources using the magnitude or size of the problem relative to the portion of population affected by the problem, as well as the seriousness of the problem (impact at the individual, family, or community level). To examine the size and seriousness of the problem, these indicators from the secondary data were compared to the available benchmark (HP2020, county, or state). Those indicators that performed poorly against a benchmark were considered to have met the size and seriousness criteria and were added to the master list of health needs and drivers. Concurrently, health needs and drivers that were identified by stakeholders in the primary data collection were also added to the master list of health needs and drivers.

After primary and secondary data were analyzed, a process was created to sort the identified needs into three levels or tiers, based on the amount of data indicating a need. The first tier was designed to be most inclusive (all the health needs and drivers identified in the primary or secondary data) and the third to be most exclusive in terms of the criteria including only those needs indicated in both primary and secondary data source. The tool was developed in order to limit the long list of health issues and drivers (29 needs and an additional 49 drivers) identified via primary and secondary sources in the first phase of the CHNA process.

Upon application of the tiers, the CNM team made a number of observations. First, use of the most inclusive criteria (tier one) resulted in a very long list. Furthermore, the use of the most stringent criteria, requiring identification by both a quantitative indicator and a qualitative indicator, yielded what was regarded as potentially too few needs and drivers—in one case, five needs and eight drivers. Thus, the decision was made to use tier two for the list of needs used in the prioritization process, as most appropriate, stringent yet inclusive approach that would allow for a comprehensive list of 19 health needs and 17 drivers to be brought forth in the second phase or prioritization process for the SVMC primary service area.

Process and Criteria Used for Prioritization of Health Needs

The Simplex Method was selected as the approach for the health needs prioritization process. A Simplex Method is the process in which input is gathered through a close-ended survey where respondents rate each health need and driver using a set of criteria. This approach was selected because of its inclusivity of stakeholders and its ease of use to involve a moderate amount of rigor.

Community Prioritization Forum

The community forum was designed to provide the opportunity for a range of stakeholders to engage in a discussion of the data and participate in the prioritization process. All individuals who were invited to take part in the primary data collection, irrespective of whether or not they had participated in that phase, were invited to attend a community forum. The forum included a brief presentation that provided an overview of the CHNA data collection and prioritization processes to date, and a review of the documents to be used in the facilitated discussion.

Participants were provided a list of identified health needs and drivers in the scorecard format, developed from the matrix described previously in this report, and a narrative document that included brief summary descriptions of the identified health needs.

Participants then engaged in a facilitated discussion about the findings as presented in the scorecard and the narrative summaries, and prioritization of the identified health needs and drivers.

Each participant was then asked to complete a survey and to rank each health need according to several criteria, as described below.

Administration of the Survey

Community forum participants were asked to complete a survey after the forum, rating each health need and driver according to scales for severity, change over time, resources available to address the needs and/or drivers, and the community's readiness to support initiatives to address the needs and/or drivers. Please see Appendix G for a description of the scale used for each criterion to rank each health issue and driver.

Analysis of Survey Scores

The responses to the 31 completed surveys were compiled and analyzed using Microsoft Excel. As described above, averages were computed for each criterion. The overall average was calculated by adding the total across 3 of the criteria severity (total possible score equals 4), change over time (total possible equals 4), and resources (total possible equals 4) for each survey (with a total possible score of 12). The total scores were divided by the total number of surveys for which data was provided, resulting in an overall average per health need.

Prioritized Community Health Needs and Drivers

Table 1 and 2 include the prioritized health needs and drivers of health in prioritized order using the overall rating. Further details are included in Appendix H—Health Need Profiles.

Table 1. Prioritized Health Needs

	Severe Impact on the Community	Gotten Worse Over Time	Shortage of Resources in the Community	Community Readiness to Address/ Support		Overall Rating
1. Mental Health	3.0	2.8	2.7	2.4		8.8
2. Oral health	3.0	3.0	2.9	2.6		8.6
3. Substance Abuse	3.2	3.0	2.7	2.7		8.2
4. Diabetes	3.2	2.9	2.2	2.8		8.1
5. Obesity/Overweight	3.2	2.9	2.3	2.7		8.1
6. Alzheimer's Disease	3.0	3.0	2.7	2.6		7.9
7. Cardiovascular Disease	3.0	2.7	2.2	2.6		7.9
8. Alcoholism	3.1	2.8	2.8	2.8		7.8
9. Sexually Transmitted Diseases	2.8	2.6	2.3	2.4		7.6

17. Health Education and Awareness	3.0	2.4	2.4	2.7		7.3

Note: Drivers of health are in prioritized ranking order.

VI. Community Health Profile

Service Area Definition

The St. Vincent Medical Center (SVMC) primary service area population includes 21 ZIP Codes, nine cities or communities, and two Service Planning Areas (SPAs) within Los Angeles County. Table 3 shows a breakdown of the SVMC service area by city or community, ZIP Code, and SPA.

Table 3. St. Vincent Medical Center (SVMC) Primary Service Area

City/Community	Primary ZIP Code	Service Planning Area
Crenshaw	90004	4 – Metro
Echo Park	90005	6 – South

Demographic Overview

A description of the SVMC primary service area population is provided in the following data tables and narrative. Depending upon the availability of data for each indicator, SVMC information is presented by ZIP Code, or SPA (portions of SPAs 4 and 6 are serviced by SVMC).

Estimated Current Year Population

In 2013, the total population within the SVMC primary service area was 1,044,500, making up 10.5% of the population of Los Angeles County. This represents an increase of 7.0% between 2010 and 2013 in the SVMC primary service area. The largest population increase occurred in ZIP Code 90006 (50.5%) and 90004 (49.3%), and the only decrease occurred in ZIP Code 90007 (-0.4%).

Table 4. Estimated Current-Year Population

ZIP Code	2010 Population	2013 Estimated Population	Percent Change
90004	30,994	61,172	49.3%
90005	38,292	38,398	0.3%
90006	29,575	59,804	50.5%
90007	42,780	42,613	-0.4%
90008	31,065	31,412	1.1%
90010	4,763	4,844	1.7%
90011	103,531	105,370	1.8%
90016	48,144	48,755	1.3%
90017	24,596	25,986	5.3%
90018	51,279	51,994	5.3%
90019	65,008	65,498	0.7%
90020	37,834	38,287	1.2%
90026	67,133	67,763	0.9%
90027	45,657	45,710	0.1%
90028	29,307	30,225	3.0%
90029	38,595	38,638	3.0%
90031	39,677	40,560	2.2%
90037	62,240	63,517	2.0%
90044	89,506	91,161	1.8%
90046	48,166	48,609	0.9%
90057	43,553	44,184	1.4%
SVMC Primary Service Area	971,695	1,044,500	7.0%
Los Angeles County	9,818,605	9,969,384	1.5%

Projected Five-Year Population

By 2018, the population is expected to increase in the SVMC primary service area by about 2.5%, similar to the projected increase in Los Angeles County (2.9%) and continuing the growth trends observed over the past few years.

Table 5. Projected Five-Year Population

	2013 Estimated Population	2018 Projected Population	Percent Change
SVMC Primary Service Area	1,044,500	1,071,748	2.5%
Los Angeles County	9,969,384	10,271,386	2.9%

Race/Ethnicity

In 2013, most of the population in the SVMC primary service area was Hispanic (56.2%, n=586,786) or White or Caucasian (15.1%, n=157,657), a larger percentage when compared to the percent of Hispanics in Los Angeles County (48.5%) and lower than the percent of Whites or Caucasians in Los Angeles

County (27.1%). The third largest population in the SVMC primary service area was Black or African American (13.5%, n=140,835), more than in Los Angeles County (8.0%). The percentage of Asians in the SVMC primary service area and Los Angeles County were similar (13.3% and 13.9%, respectively).

Data year: 2011
Source geography: County

Language Spoken in the Home

In 2013, over half of the population in the SVMC primary service area spoke Spanish (53.4%) in the home; far more than in Los Angeles County (39.7%). Another third of the population in the SVMC primary service area spoke only English (30.1%) in the home, a smaller percentage than in Los Angeles County (42.5%). Another 11.3% spoke an Asian/Pacific Island language, a slightly smaller percentage than in Los Angeles County (10.9%). Slightly less spoke an Indo-European language (including Armenian, Farsi, etc.) in the SVMC primary service area (4.3%) than in Los Angeles County (5.3%).

Table 8. Language Spoken at Home

	English Only	Asian/Pacific Islander	Indo-European*	Spanish	Other
SVMC Primary Service Area	30.1%	11.3%	4.3%	53.4%	0.9%

*Indo-European languages Includes languages like Armenian, Arabic, Farsi, etc.

Age Distribution

Nearly half the population in the SVMC primary service area were between the ages of 25 and 54 (46.3%), similar to Los Angeles County (43.0%). Nearly a quarter (23.1%) were under the age of 18, which is slightly lower when compared to Los Angeles County (23.8%). Another 9.6% were 65 years old or older, slightly less when compared to Los Angeles County (11.6%).

Table 9. Age Distribution

	0–4	5–9	10–15	15-17	18-20	21-24	25-34	35-44	45-54	55-64	65-74	75-84	85 and over

Marital Status

Half of the adult population in the SVMC primary service area has never been married (50.8%); higher when compared to Los Angeles County (40.6%). Over a quarter (28.0%) of the population in the SVMC primary service area was married with a spouse living in the home, a smaller percentage when compared to Los Angeles County (39.2%). Nearly ten percent (9.0%) of the population in the SVMC primary service area was married with a spouse not living in the home, higher when compared to Los Angeles County (6.8%). A smaller percentage of the SVMC primary service area were divorced (7.5%) when compared to Los Angeles County (8.5%) and another 4.7% were widowed, a slightly higher percentage than in Los Angeles County (4.0%). Please refer to Table 11 for more information.

Table 11. Marital Status

	Never Married	Married, Spouse Present	Married, Spouse Absent	Widowed	Divorced
SVMC Primary Service Area	50.8%	28.0%	9.0%	4.7%	7.5%
Los Angeles County	40.6%	39.2%	6.8%	4.0%	8.5%

Data source: Nielsen Claritas
Data year: 2013
Source geography: ZIP Code

Education Levels

Overall, over a third (35.5%) of the population in the SVMC primary service area did not have a formal education—did not graduate from high school or had less than a ninth-grade education— more than in Los Angeles County (24.2%). In SVMC's primary service area, a fifth (20.4%) of the population graduated from high school, similar to Los Angeles County (20.4%). Another 15.9% attended college but did not graduate; lower than in Los Angeles County (19.5%). Over a quarter graduated from college in the SVMC primary service area (28.1%), also lower when compared to Los Angeles County (36.0%). Of those who graduated from college in the SVMC primary service area, most received a Bachelor's degree (16.6%).

Table 12. Educational Attainment

Household Description

In 2013, there were a total of 365,433 households in the SVMC primary service area—an increase of about 1.7% since 2010, making up about 11.1% of the households in Los Angeles County. By 2018, the number of households in the SVMC primary service area is expected to increase by about 3.0%.

In the SVMC primary service area, the average household size was 2.8 persons per household, which is slightly lower than in Los Angeles County (3.0 persons). Similarly, the median household income in the SVMC primary service area was 38.2% less ($33,301) than in Los Angeles County ($53,880).

Table 13. Household Descriptions

	2010 Household Count	2013 Estimate Count	2018 Projected Count	Median Household Income	Average Household Size
SVMC Primary Service Area	359,297	365,433	376,704	$33,301	2.8
Los Angeles County	3,241,204	3,293,054	3,398,794	$53,880	3.0

Data source: Nielsen Claritas
Data year: 2013
Source geography: ZIP Code

In the SVMC primary service area, over three quarters (79.5%) of the population rented their homes, a much higher percentage than in Los Angeles County (52.5%). A much smaller percentage of people in the SVMC primary service owned their homes (20.5%) than in Los Angeles County (47.5%).

Table 14. Housing

	Owner-Occupied	Renter-Occupied
SVMC Primary Service Area	20.5%	79.5%
Los Angeles County	47.5%	52.5%

Household Income

In the SVMC primary service area, the median household income was $33,301, much lower (about 61.8% lower) than the median household income in Los Angeles County ($53,880). Similarly, the average household income in the SVMC primary service area ($51,461) was much lower (about 65.5% lower) than the Los Angeles County average ($78,598).

Table 15. Average and Median Household Income

	Median Household Income	Average Household Income
SVMC Primary Service Area	$33,301	$51,461
Los Angeles County	$53,880	$78,598

Employment Status

In 2013, over half the population in the SVMC primary service area was employed (57.8%), the same as in Los Angeles County (57.8%). Additionally, the unemployment rate was higher in the SVMC primary service area than in Los Angeles County (8.9% and 7.4%, respectively). Another third (33.3%) of the population in the SVMC primary service area was not in the labor force because they were students, retired, seasonal workers, or taking care of their homes and families (homemakers).

Table 17. Employment Status

	In Armed Forces	Employed	Unemployed	Not in Labor Force
SVMC Primary Service Area	0.1%	57.8%	8.9%	33.3%

	In Armed Forces	Employed	Unemployed	Not in Labor Force
Los Angeles County	0.1%	57.8%	7.4%	34.8%

Data year: 2013
Source geography: ZIP Code

Federal Poverty Level

In 2013, a somewhat higher percentage of families in the SVMC primary service area lived below the poverty level (16.5%) when compared to Los Angeles County (13.5%). Also, a higher percentage of families with children in the SVMC primary service area lived below the poverty level (13.4%) than in Los Angeles County (10.7%).

In the SVMC primary service area, less than half of families (46.8%) lived at or above the poverty level, which is nearly half the percentage of families living at or above the poverty level in Los Angeles County (86.5%). Similarly, only a quarter of families with children (23.4%) lived at or above the poverty level, which is half the percentage of those in Los Angeles County (44.4%).

Table 18. Poverty

ZIP Code	Families Below Poverty	Families Below Poverty with Children	Families at or Above Poverty	Families at or Above with Children
SVMC Primary Service Area	16.5%	13.4%	46.8%	23.4%

Medi-Cal Beneficiaries

Medi-Cal, California's Medicaid program, is a public health insurance program that provides health care services at no or low cost to low-income individuals, including families and children, seniors, persons with disabilities, foster care children, and pregnant women. The federal government dictates a mandatory set of basic services, which include but are not limited to physician, family nurse practitioner, nurs-

ing facility, hospital inpatient and outpatient, laboratory and radiology, family planning, and early and periodic screening, diagnosis, and treatment for children. In addition to these mandatory services, California provides optional benefits such as outpatient drugs, home- and community-based waiver services, and medical equipment, etc.[2].

In the SVMC primary service area, there were 381,429 Medi-Cal beneficiaries who made up 15.6% of the total Medi-Cal beneficiaries in Los Angeles County. Within the SVMC primary service area, the largest percentage of Medi-Cal beneficiaries lived in ZIP Codes 90011 (15.1%) and 90044 (12.5%).

Medicare Beneficiaries

Medicare is a federal program administered by the Centers for Medicare and Medicaid Services (CMS). Medicare provides health insurance for people age 65 and older, those under age 65 with certain disabilities such as ALS (amyotrophic lateral sclerosis, or Lou Gehrig's disease), and people of any age with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a kidney transplant)[5].

[4] State of California Healthy Families Program (2008). About the Healthy Families Program. Sacramento, CA. Available at http://www.healthyfamilies.ca.gov/About/. Accessed [July 10, 2013].
[5] State of California Department of Health Care Services (2012). Medi-Cal's Coordinated Care Initiative Population Combined Medicare & Medi-Cal Cost, Utilization, and Disease Burden, Sacramento, CA. Available at http://www.dhcs.ca.gov/dataandstats/statistics/Documents/Dual%20Data%20Sets%20Medicare.pdf. Accessed [July 16, 2013].

The Medicare program provides insurance through various parts, such as Parts A, B, C, and D. Medicare Part A provides insurance for inpatient hospital, skilled nursing facility, and home health services. Medicare Part B, which is an optional insurance program, provides coverage for physician services, outpatient hospital services, durable medical equipment, and certain home health services. Medicare Part C, which is commonly referred to as Medicare Advantage, offers health plan options that are provided by Medicare-approved private insurance companies (e.g., HMOs, PPOs). Medicare Part D represents optional insurance coverage for prescription drugs. Medicare Advantage Plans provide the benefits and services covered under Parts A and B and often provide Medicare Part D prescription drug coverage[6].

In 2011, just under a third (30.7%) of the population 65 years older in the SVMC primary service area was enrolled in Medicare, slightly lower than in Los Angeles County (36.9%). SPA 4 had a larger percentage (33.6%) of people enrolled in Medicare when compared to the SVMC primary service area average, but lower than Los Angeles County (36.9%).

Access to Healthcare

Access to health care impacts overall physical, social, and mental health status, the prevention of disease and disability, the detection and treatment of health conditions, quality of life, preventable death, and life expectancy[7]. In order to access health care services, one must be able to navigate the health care system, access a health care facility where services are provided, and find a health care provider with whom the patient can communicate and trust[8].

Federally Qualified Health Centers

Federally Qualified Health Centers (FQHCs) are community-based and patient-directed organizations that serve populations with limited access to health care. They consist of public and private nonprofit health care organizations that meet certain criteria under the Medicare and Medicaid programs and receive funds under the Health Center Program (Section 330 of the Public Health Service Act).

In 2012, half of the FQHCs were located in Los Angeles County (n=183) were located in the SVMC primary service area (n=92). Seventy of those are in SPA 4 and the other 22 are in SPA 6.

Dentist to Population Ratio

As of May 2013, there were a total of 8,417 dentists in Los Angeles County, making up over a quarter (26.7%) of dentists in California.

In order for an area to be determined a Dental Health Professional Shortage Area, the area must have a population-to-dentist ratio of at least 5,000:1.[9] Los Angeles County does not meet the criteria, with a ratio of 1,184:1.

Deaths by Age Group

In 2010, there were a total of 5,265 deaths in the SVMC primary service area. The highest percentage of deaths occurred among those 85 years old and older (27.8%) and those between 75 and 85 years old (22.6%); similar percentages when compared to Los Angeles County (32.2% and 24.4%, respectively). Slightly more deaths occurred among those 65 and 74 years old (15.7%) in the SVMC primary service area when compared to Los Angeles County (15.5%). Similarly, slightly more deaths also occurred among those between 55 and 64 years old (14.8%) in the SVMC primary service area when compared to Los Angeles County (12.6%).

Cause of Death

In 2010, the most common cause of death in the SVMC primary service area (28.8%) was heart disease, also the leading cause of death in Los Angeles County (27.9%). The second leading cause of death in the SVMC primary service area (23.6%) was cancer, which was also the second leading of death in Los Angeles County (24.6%). The third leading cause of death in the SVMC primary service area (5.7%) was nephritis, nephrotic syndrome, and nephrosis, which is the tenth leading cause of death in Los Angeles County (1.7%).

Table 39. Total Deaths, by Cause

Cause	SVMC Primary Service Area		Los Angeles County	
	Number	Percentage	Number	Percentage
Heart disease	1550	28.9%	15,451	27.9%
Cancer	1249	23.3%	13,624	24.6%
Diabetes	301	5.6%	1,866	3.4%
Stroke	296	5.5%	3,231	5.8%
Alzheimer's disease	221	4.1%	1,827	3.3%
Influenza/pneumonia	202	3.8%	1,922	3.5%

Cause	SVMC Primary Service Area		Los Angeles County	
	Number	Percentage	Number	Percentage
Chronic lower respiratory disease	185	3.4%	2,710	4.9%
Unintentional injuries	132	2.5%	2,213	4.0%
Chronic liver disease	122	2.3%	1,144	2.1%
Hypertension/hypertensive renal disease	113	2.1%	919	1.7%
Nephritis, nephrotic syndrome, and nephrosis	85	1.6%	946	1.7%

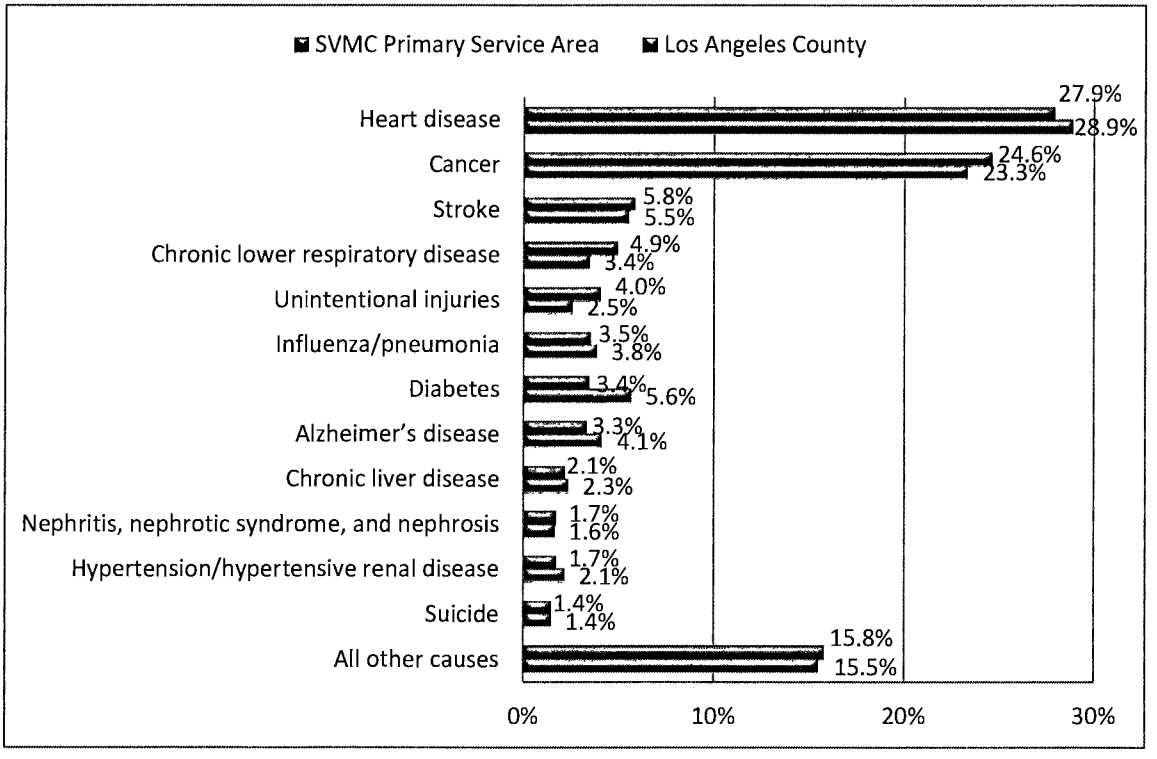
Figure 4. Total Deaths, by Cause



VII. Key Findings—Health Outcomes and Drivers

This section presents the key health outcomes and associated drivers of health identified for this needs assessment. For each health need there is an overview of the expert health literature, health outcome data, associated driver of health data (as available), population disparities, and a brief discussion of what stakeholders mentioned during the interviews and focus groups. Please note that the health needs are presented in alphabetical order. Health Needs Profiles were created for each health outcome which present individual health outcomes and their associated drivers in an abbreviated report form. Please refer to Appendix H to find Health Need Profiles for each of the 19 prioritized health outcomes.

1. Alcohol Abuse

Substance abuse has a major impact on individuals, families, and communities. The effects of substance abuse contribute significantly to costly social, physical, mental, and public health problems, including teenage pregnancy, HIV/AIDS, STDs, domestic violence, child abuse, motor vehicle accidents (unintentional injuries), physical fights, crime, homicide, and suicide. Heavy alcohol consumption is an important determinant of future health needs, including cirrhosis, cancers, and untreated mental and behavioral health needs. In addition to considerable health implications, substance abuse has been a major focal point in discussions about social values: people argue over whether substance abuse is a disease with genetic and biological foundations or a matter of personal choice[10].

Alcohol Outlets

The density of alcohol outlets is associated with heavy drinking, drinking and driving, higher rates of motor vehicle-related pedestrian injuries, child abuse and neglect, and other violence[11]. In 2012, the average alcohol outlet rate per 1,000 adults in the SVMC primary service area was 2.2. Even higher rates were reported in ZIP Codes 90010 (11.8) and 90028 (6.4).

Table 40. Alcohol Outlet Rate Per 1,000 Adults

ZIP Code	Rate
90004	1.8

Data year: 2012
Source geography: ZIP Code

Alcohol Use

In 2011, nearly half (46.6%) of the adult population in the SVMC primary service area consumed alcohol, a slightly lower rate than in Los Angeles County (51.9%). Also, SPA 4 reported a slightly higher percentage (50.6%) than the SVMC primary service area (46.6%).

Table 41. Alcohol Use in the Past Month

	Percentage
Service Planning Area 4	50.6%
Service Planning Area 6	42.6%
SVMC Primary Service Area	46.6% (avg.)
Los Angeles County	51.9%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: SPA

A slightly larger percentage (3.6%) of the adult population in the SVMC primary service area reported drinking heavily than in Los Angeles County (3.5%); the percentage was notably higher in SPA 4 (4.6%). A higher percentage (18.1%) of the adult population in the SVMC primary service area also reported binge drinking when compared to Los Angeles County (15.4%); the percentage was notably higher in SPA 4 (19.2%).

Table 42. Level of Alcohol Consumption in the Past Month

	Heavy Drinking	Binge Drinking
Service Planning Area 4	4.6%	19.2%
Service Planning Area 6	2.5%	16.9%

Alcohol and Drug Treatment

In 2011, a slightly larger percentage (2.8%) of the adult population in the SVMC primary service area needed or sought treatment for an alcohol or substance abuse problem in the past five years when compared to Los Angeles County (2.5%). The percentage was even higher in SPA 4 (3.3%).

Table 43. Needed or Wanted Treatment for Alcohol or Drug Issues in the Past Five Years

Data year: 2011
Source geography: SPA

Disparities

Stakeholders identified the homeless, children and youth, the uninsured, youth in or transitioning out of the foster care system, and low income populations as the most severely impacted sub-populations. Stakeholders also identified Los Angeles as generally impacted by alcohol abuse.

Associated Drivers of Health

Several biological, social, environmental, psychological, and genetic factors are associated with alcohol and substance abuse. These factors may include gender, race and ethnicity, age, income level, educational attainment, and sexual orientation. Substance abuse is also strongly influenced by interpersonal, household, and community factors. Among adolescents, family, social networks, and peer pressure are key influencers of substance abuse[12]. Alcohol and substance abuse may also contribute to teenage pregnancy, HIV/AIDS, STDs, domestic violence, child abuse, motor vehicle accidents (unintentional injuries), physical fights, crime, homicide (intentional injuries), and suicide[13]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders indicated that alcohol and substance abuse are often associated with mental illness and poverty and attributed the prevalence of alcohol abuse to the lack of access to treatment. They also added that there have been successful efforts to reduce underage drinking at Berendo and Nightingale Middle Schools and Fairfax High School in Los Angeles where the purpose of such efforts was to create "buffer zones" around these schools and also educate family members around alcohol abuse.

2. Allergies

Allergies are an overreaction of the immune system to substances that usually cause no reaction in most individuals. These substances can trigger sneezing, wheezing, coughing and itching. Allergies have been

[12] U.S. Department of Health and Human Services. Office of Disease Prevention and Health Promotion. Healthy People 2020. Washington, DC. Available at http://www.healthypeople.gov/2020/lhi/substanceabuse.aspx?tab=determinants. Accessed [February 27, 2013].
[13] U.S. Department of Health and Human Services. Office of Disease Prevention and Health Promotion. Healthy People 2020. Washington, DC. Available at http://www.healthypeople.gov/2020/topicsobjectives2020/overview.aspx?topicid=32. Accessed [February 26, 2013].

linked to a variety of common and serious chronic respiratory illnesses such as sinusitis and asthma. Factors such as family history with allergies, the types and frequency of symptoms, seasonality, duration and even location of symptoms (indoors or outdoors, for example) are all taken into consideration in allergies diagnosis. Allergic reactions can be severe and even fatal. With proper management and patient education, allergic diseases can be controlled and people with allergies can lead normal and productive lives[14].

Prevalence

In 2007, a third of teens (32.5%) in the SVMC primary service area were diagnosed with allergies, higher when compared to Los Angeles County. An even larger percentage of teens were diagnosed with allergies in SPA 6 (45.6%) when compared to the SVMC primary service area (32.5%) and Los Angeles County (24.9%).

Table 44. Allergy Prevalence Among Teens

	Percentage
Service Planning Area 4	19.4%
Service Planning Area 6	45.6%
SVMC Primary Service Area	32.5% (avg.)
Los Angeles County	24.9%

Data source: Los Angeles County Health Survey
Data year: 2007
Source geography: SPA

Disparities

Stakeholders added that Asian populations seemed to be the most affected by allergies.

Associate Drivers of Health

Allergic reactions are known to be caused by pollen, dust, food, insect stings, animal dander, mold, medications, and latex[15]. Many allergens are also asthma triggers that irritate the lungs, inducing an asthma attack. Social and economic factors have been known to cause or trigger allergic reactions including poverty leading to poor housing conditions (living with cockroaches, mites, asbestos, mold etc.) and living in an environment or home with smokers. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders indicated that allergies were associated with poor air quality and other environmental factors.

3. Alzheimer's Disease

An estimated 5.4 million Americans have Alzheimer's disease, which is the sixth leading cause of death in the U.S.[16]. Alzheimer's, an irreversible and progressive brain disease, is the most common cause of

[14] Asthma and Allergy Foundation of America (AAFA). Allergies. Milwaukee, WI. Available at [http://www.aaaai.org/conditions-and-treatments/allergies.aspx]. Accessed [March 1, 2013].

dementia among older people. The disease is characterized by the loss of cognitive functioning and ranges in severity from the mildest stage of minor cognitive impairment to the most severe stage, when the person with Alzheimer's must depend completely on others for tasks of daily living. People with Alzheimer's disease and other dementias have more hospital stays, skilled nursing facility stays, and home health care visits than other older people[17].

Currently there is no cure for Alzheimer's disease, although treatment can help manage symptoms and slow progression of the disease[18]. People with Alzheimer's can experience a significant improvement in quality of life with active medical management for the disease. Active management includes: "(1) appropriate use of available treatment options, (2) effective management of coexisting conditions, (3) coordination of care among physicians, other health care professionals and lay caregivers, (4) participation in activities and adult day care programs and (5) taking part in support groups and supportive services such as counseling"[19].

Mortality

In 2010, the Alzheimer's mortality rate in the SVMC primary service area was three times higher (10.5) than in California (2.9) and the highest rates were reported in ZIP Codes 90044 (24.0), 90006 (18.0), 90011 (17.0), and 90026 (17.0).

SVMC Primary Service Area	10.5 (avg.)
California	2.9

Data source: California Department of Public Health (CDPH)
Data year: 2010
Source geography: ZIP Code

Disparities

Stakeholders identified people over the age of 85 years of age who are uninsured, low-income, Latinos, and Asians as the most severely impacted. Stakeholders identified Chinatown and Los Angeles as the most severely impacted.

Associated Drivers of Health

The likely causes of Alzheimer's disease include some combination of age-related changes in the brain, a family history of Alzheimer's, and genetic, environmental, and lifestyle factors. Some data suggest that cardiovascular disease risk factors (e.g., physical inactivity, high cholesterol, diabetes, smoking, and obesity) and traumatic brain injury are associated with a higher risk of developing Alzheimer's disease[20]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders attributed the prevalence of Alzheimer's disease to the increase in the aging population. Stakeholders identified an increased need for Alzheimer's disease-related services including diagnosis.

"Submitting to the inevitable (old age) – they feel there is nothing they can do about getting old and the health issues that comes with old age."
(Resident Focus Group Participant)

4. Arthritis

Arthritis affects one in five adults in the United States and continues to be the most common cause of physical disability. Arthritis costs more than $128 billion per year currently in the United States and is projected to increase over time as the population ages. Interventions such as increased physical activity, education about disease self-management and weight loss among overweight/obese adults can reduce arthritis pain and functional limitations however these resources are underutilized[21].

Prevalence

In 2011, the percentage of the SVMC primary service area with arthritis was lower (15.9%) when compared to Los Angeles County (17.4%). The prevalence of arthritis was slightly higher in SPA 4 (16.0%) when compared to the SVMC primary service area (15.9%).

SVMC Primary Service Area	15.9% (avg.)
Los Angeles County	17.4%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: SPA

Disparities

Stakeholders identified Asians and specifically the Filipino population and the aging as being the most severely impacted.

Associated Drivers of Health

The following factors are associated with arthritis including being overweight or obese, lack of education around self-management strategies and techniques, and limited or no physical activity[22]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders indicated that the aging populations were the most impacted by arthritis.

5. Asthma

Asthma is a disease that affects the lungs and is one of the most common long-term diseases of children. Adults also may suffer from asthma and the condition is considered hereditary. In most cases, the causes of asthma are not known, and no cure has been identified. Although asthma is always present in those with the condition, attacks only occur when the lungs are irritated. Asthma symptoms include wheezing, breathlessness, chest tightness, and coughing. Some asthma triggers include tobacco smoke, dust mites, outdoor air pollution, cockroach allergen, pet dander, mold, smoke, other allergens and certain infections known to cause asthma such as the flu, colds, and respiratory related viruses. Other contributing factors include exercising, certain medication, bad weather, high humidity, cold/dry air, certain foods and fragrances[23].

Prevalence

In 2011, the percentage of those diagnosed with asthma in the SVMC primary service area was lower (6.9%) than in Los Angeles County (9.0%). The prevalence of asthma was slightly higher in SPA 6 (9.4%) than in the overall SVMC primary service area (6.9%) and Los Angeles County (9.0%).

[22] U.S. Department of Health and Human Services. Office of Disease Prevention and Health Promotion. Healthy People 2020. Washington, DC. Available at [http://www.healthypeople.gov/2020/topicsobjectives2020/overview.aspx?topicid=3]. Accessed [February 26, 2013].

Service Planning Area 6	9.4%
SVMC Primary Service Area	6.9% (avg.)
Los Angeles County	9.0%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: SPA

Disparities

Stakeholders identified children as the most severely impacted sub-population.

Associated Drivers of Health

Many allergens are also asthma triggers that irritate the lungs, inducing an asthma attack. Allergic reactions are known to be caused by pollen, dust, food, insect stings, animal dander, mold, medications, and latex[24]. Other social and economic factors have been known to cause or trigger allergic reactions including poverty, which leads to poor housing conditions (living with cockroaches, mites, asbestos, mold etc.). Living in an environment or home with smokers has also been known exacerbate allergies and/or asthma. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders linked poor air quality, lack of access to medical care, and patients' inability to obtain the needed asthma medication to asthma prevalence.

6. Breast Cancer

In the United States, breast cancer is the most common non-skin cancer and the second leading cause of cancer-related death in women. Each year, a small number of men are also diagnosed with and die from breast cancer. The overall breast cancer death rate has dropped steadily over the past 20 years. However, it is estimated that approximately $16.5 billion is spent in the U.S. each year on breast cancer treatment[25].

The incidence of breast cancer is highest in White or Caucasian women for most age groups, but African-American women have higher incidence rates before 40 years of age and higher breast cancer mortality rates than women of any other racial/ethnic groups in the United States at every age. The gap in mortality between African-American and White or Caucasian women is wider now than in the early 1990s[26].

[26] National Cancer Institute. *A Snapshot of Breast Cancer.* Available at [http://www.cancer.gov/researchandfunding/snapshots/pdf/Breast-Snapshot.pdf]. Accessed [March 6, 2013].

Prevalence

In 2009, the breast cancer incidence rate per 100,000 adults was slightly lower in Los Angeles County (116.0) than California (122.0) but still five times higher than the Healthy People 2020 goal (<=20.6).

Table 48. Breast Cancer Incidence Rate Per 100,000 Adults

Data year: 2009
Source geography: County

Mortality

In 2008, the breast cancer mortality rate per 100,000 adults was much lower in the SVMC primary service area (18.1) than in California (21.2). Breast cancer mortality rates were highest in ZIP Codes 90008 (42.4), 90027 (35.9), and 90057 (32.3).

Table 49. Breast Cancer Mortality Rate Per 100,000 Adults

ZIP Code	Rate
90004	11.1
90005	9.2
90006	8.8
90007	4.0
90008	42.4
90010	0.0
90011	7.6
90016	28.7

90031	18.4
90037	20.6
90044	14.9
90046	17.3
90057	32.3
SVMC Primary Service Area	18.1 (avg.)
Los Angeles County	21.2

Data source: California Department of Public Health (CDPH)
Data year: 2008
Source geography: ZIP Code

Disparities

Stakeholders identified low income women, Latino and Asian women, and those who had experienced trauma and/or domestic violence as the most severely impacted as the most severely impacted and therefore less likely to seek preventative care. Stakeholders identified the areas of Pico Union and Westlake districts as the most impacted.

Associated Drivers of Health

Risk factors for breast cancer include older age, certain inherited genetic alterations, hormone therapy, having chest radiation therapy, heavy alcohol consumption, and obesity[27]. Breast cancer is associated with overall cancer mortality and access to breast cancer screening. Exercise and maintaining a healthy weight may reduce the chance of breast cancer. For data concerning health drivers, please refer to Appendix C—Scorecard.

> *"Mammograms for women under 40 years of age – mammograms are very expensive and difficult to obtain. Even if (cancer) has been detected it is very hard to obtain services."*
> *(Focus group participant)*

Primary Data

Stakeholders attributed the high rates of breast cancer to a lack of education around health, and a lack of access to health care including mammograms. As a result, more women are finding out late in their cancer trajectory (stages 3 and 4).

7. Cancer, in General

Cancer is the second leading cause of death in the United States, claiming the lives of more than half a million Americans every year[28]. Cancer incidence rates per 100,000 adults show that the three most common cancers among American men are prostate cancer (137.7), lung cancer (78.2), and colorectal cancer (49.2). Likewise, the leading causes of cancer death among men are lung cancer (62.0), prostate cancer (22.0), and colorectal cancer (19.1). Among women, the three most common cancers are breast cancer (123.1), lung cancer (54.1), and colorectal cancer (37.1)[29].

The number of new cancer cases can be reduced, and many cancer deaths can be prevented. Research indicates that screening for cervical and colorectal cancers, as recommended, helps prevent these diseases by finding precancerous lesions so they can be treated before they become cancerous. Screening for cervical, colorectal, and breast cancers also helps find these diseases at an early, often highly treatable stage[30].

Prevalence

In 2010, the cervical cancer incidence rate per 100,000 adults was higher in the SVMC primary service area (9.4) than in California (8.0) and was four times higher than the Healthy People 2020 goal (<=2.2).

Source geography: County

Disparities

Stakeholders identified the homeless as the most severely impacted. They also added that Asian males as impacted most by prostate and stomach cancer.

Associated Drivers of Health

A primary method of preventing cancer is screening for cervical, colorectal, and breast cancers[31]. The most common risk factors for cancer are growing older, obesity, tobacco, alcohol, sunlight exposure, certain chemicals, some viruses and bacteria, family history of cancer, poor diet, and lack of physical activity[32]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders indicated that people have limited access to health education about cancer and to prevention services. One stakeholder added that there is a shortage of oncologists who speak the same language as their patients, adding that "few doctors have experience engaging in dialogue with patients and family members in a comprehensive approach. There's a sense that the doctors don't have the patient's well-being in mind." There has also been an increase in Latinos, Asian-Pacific Islanders, and Native Americans who are being diagnosed with late stage cancer. Improvements in messaging and service delivery are needed in order to encourage community members to access health care earlier.

8. Cardiovascular Disease

Cardiovascular disease—also called heart disease and coronary heart disease—includes several health conditions related to plaque buildup in the walls of the arteries, or atherosclerosis. As plaque builds up, the arteries narrow, restricting blood flow and creating the risk of heart attack. Currently, more than one in three adults (81.1 million) in the United States lives with one or more types of cardiovascular disease. In addition to being one of the leading causes of death in the United States, heart disease results in serious illness and disability, decreased quality of life, and hundreds of billions of dollars in economic loss every year[33].

Prevalence

In 2011, a slightly larger percentage (24.4%) of the adult population in the SVMC primary service area were diagnosed with heart disease than in Los Angeles County (24.0%), and an even greater percentage was reported in SPA 6 (28.4%).

Disease Management

Of those in the SVMC primary service area with heart disease, nearly three quarters (70.6%) receive assistance from a care provider in managing their disease. SPA 6 has an even larger percentage (75.9%) of adults who receive assistance from a care provider in managing their disease than the SVMC primary service area (70.6%) and Los Angeles County (73.3%).

Hospitalizations

In 2010, the hospitalization rate for heart failure was much higher (424.6) per 100,000 adults in the SVMC primary service area when compared to California (367.1). The highest heart failure hospitalization rates were reported ZIP Codes 90008 (730.0), 90027 (688.8), 90018 (644.9), 90016 (626.1), and 90044 (601.5).

Table 56. Hospitalizations Resulting From Heart Failure Per 100,000 Adults

ZIP Code	Rate

Data source: California Department of Public Health (CDPH)

Data year: 2010
Source geography: ZIP Code

Disparities

Stakeholders identified low income populations as the most severely impacted by cardiovascular disease. Stakeholders also identified South Los Angeles as the most severely impacted area.

Associated Drivers of Health

The burden of cardiovascular disease is disproportionately distributed across the population. Significant disparities are evident based on gender, age, race/ethnicity, geographic area, and socioeconomic status with regard to prevalence of risk factors, access to treatment, appropriate and timely treatment, treatment outcomes, and mortality[34].

Cardiovascular disease is closely linked to a number of health conditions that include arrhythmia, atrial fibrillation, cardiac arrest, cardiac rehab, cardiomyopathy, cardiovascular conditions in childhood, high cholesterol, congenital heart defects, diabetes, heart attack, heart failure, high blood pressure, HIV, heavy alcohol consumption, metabolic syndrome, obesity, pericarditis, peripheral artery disease (PAD), and stroke[35].

Other risk factors for cardiovascular disease include smoking, poor diet, physical inactivity, and overweight and obesity[36]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders linked cardiovascular disease to obesity, diabetes, and hypertension. They attributed high rates of cardiovascular disease to the lack of access to healthy foods, living in food deserts, living an unhealthy lifestyle, a lack of access to medical care, and the lack of transportation to obtain medical care. Cardiovascular disease was also identified as the number one cause of death.

9. Cholesterol

Cholesterol is a waxy, fat-like substance necessary in the body. However, too much cholesterol in the blood can build up on artery walls, leading to heart disease—one of the leading causes of death in the United States—and stroke. About one of every six adults in the United States has high blood cholesterol. In addition, 2,200 Americans die of heart disease each day, an average of one death every 39 seconds[37].

Prevalence

In 2011, just under a quarter (23.5%) of the adult population in the SVMC primary service area were diagnosed with high cholesterol, slightly less when compared to Los Angeles County (25.6%). SPA 4 had

Disparities

In 2011, more than half (50.2%) of the population in Los Angeles County who were 65 or older had high cholesterol, as did nearly half (43.9%) of those between the ages of 60 and 64. Over a third (37.2%) of those between the ages of 50 and 59 had high cholesterol, and over a quarter (27.2%) of those between the ages of 40 and 49. Another 15.9% of those between the ages of 30 and 39 had high cholesterol, as well as 6.8% of the population between the ages of 25 and 29 plus another 4.3% between the ages of 18 and 24.

Table 59. High Cholesterol Prevalence By Age

Age Group	Percentage
18–24 years old	4.3%
25–29 years old	6.8%
30–39 years old	15.9%
40–49 years old	27.2%
50–59 years old	37.2%
60–64 years old	43.9%
65 years old and older	50.2%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: County

By ethnicity, over a third (38.6%) of the American Indian/Alaskan Native population had high cholesterol and another third (29.7%) of the White or Caucasian population did as well. Over a quarter of (26.9%) of the African-American population had high cholesterol, and a quarter (25.8%) of the Asian/Pacific Islander population. Less than a quarter (22.2%) of the Latino population in Los Angeles County was diagnosed with high cholesterol.

Table 60. Cholesterol Prevalence By Ethnicity

Age Group	Percentage
Latino	22.2%
White/Caucasian	29.7%
African-American	26.9%
Asian/Pacific Islander	25.8%

Age Group	Percentage
American Indian/Alaskan Native	38.6%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: County

In addition, stakeholders identified Asian men as the most severely impacted.

Associated Drivers of Health

Some health conditions, as well as lifestyle and genetic factors, can put people at a higher risk for developing high cholesterol. Age is a contributing factor; as people get older, cholesterol level tends to rise. Diabetes can also lead to the development of high cholesterol. Some behaviors can also lead to high cholesterol, including a diet high in saturated fats, trans fatty acids (trans fats), dietary cholesterol, or triglycerides. Being overweight and physical inactivity can also contribute to high cholesterol. Finally, high cholesterol can be hereditary[38]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders linked high cholesterol to poor nutrition and poor lifestyle choices.

10. Colorectal Cancer

Colorectal cancer, defined as cancer that starts in the colon or the rectum, is the second leading cause of cancer-related deaths in the United States and is expected to cause about 50,830 deaths during 2013. The lifetime risk of developing colorectal cancer is about one in 20 (5.1%), with the risk being slightly lower in women than in men[39]. In addition, colorectal cancer is associated with overall cancer mortality, heavy alcohol consumption, obesity, diabetes prevalence and colon cancer screening.
The number of new colorectal cancer cases and the number of deaths from colorectal cancer are decreasing, likely due to regular screenings and improved treatment. Regular screenings can often detect colorectal cancer early on when the disease is most likely to be curable. Screenings can also find polyps, which can be removed before turning into cancer[40]. As a result, there are now more than one million survivors of colorectal cancer in the United States[41].

Given the success of colorectal cancer screening, public health organizations are working to increase awareness of these screenings among the general public and health care providers. Currently, only about half of Americans ages 50 or older have had any colorectal cancer screening[42].

Prevalence

In 2010, the colorectal cancer incidence rate per 100,000 adults was slightly higher in the SVMC primary service area (38.2) than in California (37.3) but nearly three times as high as the Healthy People 2020 goal (<=14.5).

Table 61. Colorectal Cancer Incidence Rate Per 100,000 Adults

Mortality

In 2008, the mortality rate was lower in the SVMC service area (9.8) than in California (11.2). However, ZIP Codes 90008 (33.8), 90031 (20.0), 90046 (18.3), 90016 (17.2), and 90028 (11.8) reported higher rates than California (11.2).

Data source: California Department of Public Health (CDPH)
Data year: 2008

ZIP Code	Rate

Source geography: ZIP Code

Disparities

Stakeholders identified Asian males as the most impacted.

Associated Drivers of Health

The major factors that can increase the risk of colorectal cancer are increasing age and family history of colorectal cancer. Other less significant factors include a history of inflammatory bowel disease, inherited risk, heavy alcohol use, cigarette smoking, obesity, diabetes prevalence, and colon cancer screening[43]. Regular physical activity and diets high in vegetables, fruits, and whole grains have been linked with a decreased incidence of colorectal cancer[44]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders mentioned colorectal cancer as an issue that was affecting the community. They also added that there has been an increase in those diagnosed with colorectal cancer among Asian men.

11. Diabetes

Diabetes affects an estimated 23.6 million people and is the seventh leading cause of death in the United States. Diabetes lowers life expectancy by up to 15 years, increases the risk of heart disease by two to four times, and is the leading cause of kidney failure, lower-limb amputations, and adult-onset blindness[45]. A diabetes diagnosis can also indicate an unhealthy lifestyle—a risk factor for further health issues—and is also linked to obesity.

Given the steady rise in the number of people with diabetes, and the earlier onset of Type 2 diabetes, there is growing concern about substantial increases in diabetes-related complications and their potential to impact and overwhelm the health care system. There is a clear need to take advantage of recent discoveries about the individual and societal benefits of improved diabetes management and prevention by bringing life-saving findings into wider practice, and complementing those strategies with efforts in primary prevention among those at risk for developing diabetes[46].

In addition, evidence is emerging that diabetes is associated with other co-morbidities, including cognitive impairment, incontinence, fracture risk, and cancer risk and prognosis[47].

Prevalence

In 2011, 8.7% of the population 18 years old and older in the SVMC primary service area was diagnosed with diabetes, a smaller percentage than in Los Angeles County (9.5%). In SPA 6, a larger percentage was diagnosed with diabetes (10.1%) than in the SVMC primary service area (8.7%) and in Los Angeles County (9.5%).

Table 63. Diabetes Prevalence

Hospitalizations

In 2010, the diabetes hospitalization rate per 100,000 persons under 18 years of age in the SVMC primary service area was far less (21.6) than that of California (34.9). ZIP Codes in the SVMC primary service area 90028 (70.3), 90008 (68.5), and 90016 (65.1) reported the highest rates in the SVMC primary service area.

The diabetes hospitalization rate per 100,000 adults in the SVMC primary service area (193.3) was much higher when compared to California (145.6). The highest rates among adults in the SVMC primary service area were reported in ZIP Codes 90008 (371.2), 90044 (356.4), and 90016 (355.1).

The hospitalization rate per 100,000 adults resulting from uncontrolled diabetes was nearly three times higher (20.3) in the SVMC primary service area when compared to California (9.5). The highest rates in the SVMC primary service area were reported in ZIP Codes 90018 (45.5), 90029 (38.3), 90016 (36.4), and 90017 (32.5).

Table 65. Diabetes Hospitalizations Per 100,000 Persons

Disparities

In 2011, nearly a quarter (24.1%) of the population age 65 older in Los Angeles County was identified as diabetic. Another 18.9% of the population age 60 to 64 were diabetic, as was another 13.4% of the population age 50 to 59. A smaller percentage of the population age 40 to 49 (7.9%) was diabetic, along with even smaller percentages of those age 30 to 39 (3.7%), 25 to 29 (2.4%), and 18 to 24 (1.1%).

Table 67. Diabetes Prevalence By Age

Age Group	Percentage
18–24 years old	1.1%
25–29 years old	2.4%
30–39 years old	3.7%
40–49 years old	7.9%
50–59 years old	13.4%
60–64 years old	18.9%
65 years old and older	24.1%

In addition, larger percentages of the population in Los Angeles County who were diabetic were African-American (12.6%), followed by 9.5% of Latinos, 9.3% of Asian/Pacific Islanders, and 8.5% of Whites or Caucasians.

Table 68. Diabetes Prevalence By Ethnicity

Age Group	Percentage
Latino	9.5%
White/Caucasian	8.5%
African-American	12.6%
Asian/Pacific Islander	9.3%
American Indian/Alaskan Native	n/a

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: County

Stakeholders identified Asians, African Americans, Filipinos, Latinos, Native Americans, low income youth, women, the aging population, uninsured, and undocumented as the most impacted sub-populations.

Stakeholders identified geographic areas including Chinatown, East Los Angeles, and northeast portions of Los Angeles County as particularly impacted by diabetes.

"The main issue is families and culture. They tend to eat the same kind of food as in the past even if it's unhealthy."
(Resident Focus Group Participant)

Associated Drivers of Health

Factors associated with diabetes include being overweight; having high blood pressure, high cholesterol, high blood sugar (or glucose); physical inactivity, smoking, unhealthy eating, age, race, gender, and having a family history of diabetes[48]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders linked diabetes to obesity and hypertension. They also attributed the prevalence of diabetes to a number of factors including the high cost and lack of access to healthy food, as well as living in a food desert and lifestyle choices. Other factors include lack of access to health services, language barriers, and transportation. They also linked diabetes to obesity and physical inactivity. Stakeholders also stated that diabetes is a growing issue within communities of color.

"As immigrants assimilate, especially Latinos, many stop practicing traditions they grew up with or customs that included activity and take up unhealthy habits, become inactive and consume high levels of fat and salt."
Health Professional, National Health Organization

12. Hypertension

Hypertension, defined as a blood pressure reading of 140/90 or higher, affects one in three adults in the United States[49]. With no symptoms or warning signs and the ability to cause serious damage to the body, the condition has been called a silent killer. If untreated, high blood pressure can lead to heart

[49] National Institutes of Health. *Hypertension (High Blood Pressure).* Available at http://report.nih.gov/nihfactsheets/ViewFactSheet.aspx?csid=97. Accessed [March 12, 2013].

failure, blood vessel aneurysms, kidney failure, heart attack, stroke, and vision changes or blindness[50]. High blood pressure can be controlled through medicines and lifestyle change; however, lack of patient adherence to treatment regimens is a significant barrier to controlling high blood pressure[51].

Prevalence

In 2011, close to a quarter (24.4%) of the adult population in the SVMC primary service area was diagnosed with hypertension (or high blood pressure), slightly higher than in Los Angeles County (24.0%). SPA 6 had a higher percentage (28.4%) of those diagnosed with hypertension.

Table 69. Hypertension Prevalence

Disease Management

In 2011-2012, more than half (64.6%) of the adult population in the SVMC primary service area took medication to control high blood pressure—less when compared to Los Angeles County (70.4%).

Table 70. High Blood Pressure Management

Disparities

In 2011, more than half (57.7%) of the population age 65 and older in Los Angeles County was diagnosed with hypertension. Similarly, nearly half (42.9%) of the population between age 60 and 64 had hypertension, over a third (34.5%) of the population between age 50 and 59, and nearly a quarter (22.9%) of those between age 40 and 49. The prevalence of hypertension diminishes among the younger population—only 10.0% of those between age 30 and 39, 5.0% of those between age 25 and 29, and 4.1% of those between age 18 and 24.

Table 72. Hypertension Prevalence By Age

Age Group	Percentage
18–24 years old	4.1%
25–29 years old	5.0%
30–39 years old	10.0%
40–49 years old	22.9%

Data year: 2011
Source geography: County

Stakeholders indicated that hypertension mostly impacts Latinos, African-Americans, the homeless, uninsured, underinsured, and day laborers.

Stakeholders indicated that Los Angeles is generally impacted by hypertension.

Associated Drivers of Health

> *"Hypertension is going up because people are not getting it checked, they are not aware they have it, they are not going to doctors on regular basis, and as the population ages they have a tendency to have higher blood pressure."*
> *(Foundation Relations Director, Health*

High blood pressure is associated with smoking, obesity, excessive consumption of salt and fat, excessive drinking, and physical inactivity. Those at higher risk of developing hypertension include people who have previously had a stroke and those who have high cholesterol or heart or kidney disease. African-Americans and people with a family history of hypertension are also at an increased risk of having hypertension[52]. For data concerning related health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders indicated that hypertension is closely related and linked to diabetes, obesity, stress, and lifestyle choices. Stakeholders added that people were not getting regular medical check-ups and were waiting until an emergency, often because the cost of seeking treatment is high and there is a lack of access to health care. Stakeholders also mentioned that effective management of such disease remains a major hurdle given the shortage in programs and education.

13. HIV/AIDS

More than 1.1 million people in the United States are living with HIV and almost one in five (18.1%) are unaware of their infection[53]. HIV infection weakens the immune system, making those living with HIV highly susceptible to a variety of illnesses and cancers, including tuberculosis (TB), cytomegalovirus

[52] The Patient Education Institute. *Essential Hypertension*. Available at http://www.nlm.nih.gov/medlineplus/tutorials/hypertension/hp039105.pdf. Accessed [March 12, 2013].

(CMV), cryptococcal meningitis, lymphomas, kidney disease, and cardiovascular disease[54]. Without treatment, almost all people infected with HIV will develop AIDS[55]. While HIV is a chronic medical condition that can be treated, the disease cannot yet be cured.

The risk of acquiring HIV is increased by engaging in unprotected sex, having another sexually transmitted infection, sharing intravenous drugs, having been diagnosed with hepatitis, tuberculosis, or malaria, and having been exposed to the virus as a fetus or infant before or during birth or through breastfeeding from a mother infected with HIV[56]. Racial disparities in HIV prevalence persist; African Americans and Hispanics/Latinos are disproportionately affected by HIV and experience the most severe burden of HIV compared with other races and ethnicities in the United States. Prevention efforts to reduce the spread of HIV in the United States encompass many components, such as behavioral interventions, HIV testing, and linkage to treatment and care[57].

> *"However, despite many gains in HIV/AIDS disease management, we still see people of color who are poor with such an advanced disease at diagnosis that they're really on the edge of death. It's surprising to see individuals still come in so late, immune system ravaged and at 80% of body weight."*
> *(Executive Director, Community Based Organization*

Prevalence

In 2012, the HIV/AIDS incidence rate per 100,000 adults was twice as high (55.7) in the SVMC primary service area than in Los Angeles County (24.9). The rate was even higher in SPA 4 (79.0) when compared to the SVMC primary service area (55.7) and three times higher than Los Angeles County (24.9).

Data source: Los Angeles County Department of Public Health, Annual HIV Surveillance Report
Data year: 2012
Source geography: SPA

Disparities

Stakeholders indicated the homeless, LGBTQ (Lesbian, Gay, Bisexual, Transgender, and Queer culture), teenagers, low-income women, and teenagers transitioning into adults as the most severely impacted sub-populations.

Stakeholders identified South Los Angeles as being the most severely impacted.

"There is a different group being identified. Women find out that they are HIV positive after their partner becomes ill or dies of the disease. We do workshops and use a promotora model to enter the community and break the silence and isolation."
(Executive Director, Community Based Organization)

Associated Drivers of Health

The following factors are associated with HIV/AIDS: injection drug use, risky sexual behaviors[58], poverty, heavy alcohol consumption, liquor store access, and HIV screenings. HIV prevalence is highest among gay, bisexual, and other men who have sex with men, and among African Americans[59].

"It is like what it was 20 years ago: clients are facing discrimination, living in secrecy among peers, in the community, and now back to the family as well. As a result, they are facing emotional issues and mental issues in addition to physical issues."
(CEO, Community Based Foundation)

Untreated HIV infection is associated with many diseases including cardiovascular disease, kidney disease, liver disease, and cancer[60]. Persons with HIV infection are disproportionately affected by viral hepatitis, and those co-infected with HIV and viral hepatitis experience greater liver-related health problems than those who do not have HIV infection[61]. For data concerning related health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders stated that there have been fewer newly diagnosed HIV/AIDS cases and improvements in care management though there is still a need for more education and prevention services and other measures around HIV/AIDS including family-based programming and services, mental health services (to alleviate the depression and anxiety experienced by those with HIV/AIDS), and more collaboration from hospitals.

"HIV related illness is decreasing, but there are many affected children (children of infected parents). The number of infected kids 10 years old and under is decreasing but there is an increase in infected teens ages 10 and over."
(CEO, Community Based Foundation)

14. Mental Health

Mental illness is a common cause of disability. Untreated disorders may leave individuals at risk for substance abuse, self-destructive behavior, and suicide. Additionally, mental health disorders can have a serious impact on physical health and are associated with the prevalence, progression, and outcome of chronic diseases[62]. Suicide is considered a major preventable public health problem. In 2010, suicide was

the tenth leading cause of death among Americans of all ages, and the second leading cause of death among people between the ages of 25 and 34[63]. An estimated 11 attempted suicides occur per every suicide death.

Research shows that more than 90% of those who die by suicide suffer from depression or other mental disorders, or a substance-abuse disorder (often in combination with other mental disorders)[64]. Among adults, mental disorders are common, with approximately one-quarter of adults being diagnosable for one or more disorders[65]. Mental disorders are not only associated with suicide, but also with chronic diseases, a family history of mental illness, age, substance abuse, and life-event stresses[66].

Interventions to prevent suicide include therapy, medication, and programs that focus on both suicide risk and mental or substance-abuse disorders. Another intervention is improving primary care providers' ability to recognize and treat suicide risk factors, given the research indicating that older adults and women who die by suicide are likely to have seen a primary care provider in the year before their death[67].

Prevalence

In 2011, adults experienced an average of 5.9 days of poor mental and/or physical health–related unhealthy days in the SVMC primary service area, which is slightly higher when compared to Los Angeles County (5.4). The number of days reported in SPA 6 (6.1) were also slightly higher than the SVMC primary service area (5.9) and Los Angeles County (5.4).

Alcohol- and Drug-Related Mental Illness

Alcohol and drug use is often associated with and linked to mental illness. In 2010, the rate per 100,000 adults of alcohol- and drug-induced mental illness in the SVMC primary service area was slightly higher (112.9) when compared to California (109.1). Rates in the SVMC primary service area were especially high in ZIP Codes 90046 (210.0), 90027 (179.4), 90010 (157.9), 90028 (156.7), 90057 (135.6), 90016 (132.4), and 90031 (129.7).

Source geography: County

Stakeholders identified battered women, the homeless, low-income, veterans, undocumented immigrants, men in gangs, prisoners released early coming out with psychiatric issues, and youth (foster youth aging out of the foster system and high school youth) as the most severely impacted.

Stakeholders identified Skid Row in Downtown Los Angeles, East and Southeast Los Angeles and Chinatown as the most severely impacted.

"People who have lost their job recently and the newly homeless are the most affected. There is also a stigma about mental health and some people won't seek help, don't know about resources, how to get on Medicare or Medical, or get access to other health resources."
(Vice President of Human Resources, Community Based Organization)

Associated Drivers of Health

Mental health is associated with many other health factors, including poverty, heavy alcohol consumption, and unemployment. Chronic diseases such as cardiovascular disease, diabetes, and obesity are also associated with mental health disorders such as depression and suicide[68]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders stated that community members had a difficult time obtaining treatment for mental health issues because of strict insurance guidelines and the cost of treatment and medication. Transportation was also a barrier. Stakeholders identified multiple factors that contributed to poor mental health including stress caused by the economic downturn, unemployment, immigration status, abuse (emotional, physical, and sexual), bullying, and increasing violence.

"Mental and emotional health is the most difficult to promote because most are either in denial or embarrassed about having a health issue and so do not speak up or do anything about it."
(Resident Focus Group Participant)

Stakeholders also added that there has been a noted increase in psychiatric emergencies and the use of physical restraints on patients. There has also been an increase in demand for mental health services; however this need remains unmet and there are often waiting lists for people who need immediate help.

[68] Centers for Disease Control and Prevention. *Mental Health and Chronic Diseases*. Available at http://www.cdc.gov/nationalhealthyworksite/docs/Issue-Brief-No-2-Mental-Health-and-Chronic-Disease.pdf. Accessed [May 1, 2013].

15. Obesity/Overweight

Obesity, a condition in which a person has an abnormally high and unhealthy proportion of body fat, has risen to epidemic levels in the United States; 68 percent of adults age 20 years and older are overweight or obese[69]. Excess weight is a significant national problem and indicates an unhealthy lifestyle that influences further health issues.

Obesity reduces life expectancy and causes devastating and costly health problems, increasing the risk of coronary heart disease, stroke, high blood pressure, diabetes, and a number of other chronic diseases. Findings suggest that obesity also increases the risks for cancers of the esophagus, breast (postmenopausal), endometrium, colon and rectum, kidney, pancreas, thyroid, gallbladder, and possibly other cancer types[70].

Prevalence

In 2011, a quarter (25.9%) of adults in the SVMC primary service area were overweight, fewer when compared to Los Angeles County (34.2%). Similarly, a smaller percentage of adults (15.6%) were obese in the SVMC primary service area when compared to Los Angeles County (24.7%) and the Healthy People 2020 goal (<=30.5%).

Table 88. Overweight and Obese Populations (Adults)

	Percent Overweight	Percent Obese
Service Planning Area 4	32.9%	10.4%
Service Planning Area 6	18.9%	20.7%
SVMC Primary Service Area	25.9% (avg.)	15.6% (avg.)
Los Angeles County	34.2%	24.7%
Healthy People 2020		<=30.5%

Data source: California Health Interview Survey (CHIS)
Data year: 2011-2012
Source geography: SPA

A slightly smaller percentage (14.5%) of teens between the ages of 12 and 17 in the SVMC primary service area were overweight or obese when compared to Los Angeles County (17.1%), with SPA 6 having a greater percentage (19.0%).

Table 89. Overweight and Obese Teens (12-17 years old)

Los Angeles County	13.3%

Data source: California Health Interview Survey (CHIS)
Data year: 2011-2012
Source geography: SPA

Disparities

Overall, over a third or more of the population in Los Angeles County, regardless of age, is overweight, particularly larger percentages of those between age 50 and 59 (39.8%), those 65 and older (39.2%), and those between age 40 and 49 (38.7%). Similarly, over a third of those between the ages of 30 and 39 (37.6%), 60 and 64 (35.8%), 25 and 29 (34.4%), and 18 and 24 (31.4%) are also overweight.

Less than a third of those who are middle-aged and older are obese— specifically, larger percentages of those between age 60 and 64 (29.8%), 30 and 39 (27.8%), and 40 and 49 (27.3%). Another quarter of those between age 50 and 59 are obese in Los Angeles County.

Table 91. Overweight/Obesity Prevalence By Age

Age Group	Percent Overweight	Percent Obese
18–24 years old	31.4%	15.4%
25–29 years old	34.4%	19.9%
30–39 years old	37.6%	27.8%
40–49 years old	38.7%	27.3%
50–59 years old	39.8%	25.5%
60–64 years old	35.8%	29.8%
65 years old and older	39.2%	19.0%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: County

By ethnicity, larger percentages of American Indians/Alaskan Natives (45.2%) and Latinos (40.6%) in Los Angeles County are overweight, along with over a third of African-Americans (38.9%), Whites or Caucasians (34.0%), and Asian/Pacific Islanders (32.9%). Also, over a third of Latinos (31.6%) and African-Americans (31.0%) in Los Angeles County are obese, along with over a quarter (25.8%) of American Indians/Alaskan Natives.

Table 92. Overweight/Obesity Prevalence By Ethnicity

Age Group	Percent Overweight	Percent Obese
Latino	40.6%	31.6%
White/Caucasian	34.0%	18.0%
African-American	38.9%	31.0%
Asian/Pacific Islander	32.9%	8.9%
American Indian/Alaskan Native	45.2%	25.8%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: County

Stakeholders identified Latinos, African-Americans, low-income, and adults and children as the most severely impacted.

Stakeholders also identified South Los Angeles, Inglewood, Compton, and Pasadena as the most severely impacted.

Associated Drivers of Health

Obesity is associated with factors such as poverty, inadequate consumption of fruits and vegetables, physical inactivity, and lack of access to grocery stores, parks, and open space. Obesity increases the risk of coronary heart disease, stroke, high blood pressure, diabetes, and a number of other chronic diseases. The condition also increases the risks of cancers of the esophagus, breast (postmenopausal), endometrium, colon and rectum, kidney, pancreas, thyroid, gallbladder, and possibly other cancer types[71]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders attributed being obese and overweight to a lack of access to green space, living in food deserts, lack of access to healthy foods such as fruit and vegetables, lack of safety at parks, and lifestyle choices such as a lack of physical activity. Stakeholders added that obesity and being overweight was closely linked to diabetes and hypertension and that these are a growing issue.

"Obesity is escalating at a high rate. This causes other chronic diseases and ailments which shortens a person's life span" (Health Professional, National Health Organization)

If you want to exercise in parks in South East LA you would get shot; safety is a major concern. (Business and Education Leader Focus Group Participant)

Stakeholders also added communication agents would be important in countering the increase in obesity rates. One stakeholder added, "most people are hearing this message from teachers at schools, from the doctor or nurse, from their priest, in programs at the library, etc. It's effective to educate all collaborators and partners to deliver a similar message over time."

[71] National Cancer Institute. *Obesity and Cancer Risk*. Available at http://www.cancer.gov/cancertopics/factsheet/Risk/obesity. Accessed [March 10, 2013].

16. Oral Health

Oral health is essential to overall health, and is relevant as a health need because engaging in preventive behaviors decreases the likelihood of developing future oral health and related health problems. In addition, oral diseases such as cavities and oral cancer cause pain and disability for many Americans[72].

Access

In the SVMC primary service area, a third of adults (38.0%) had dental insurance coverage, a smaller percentage when compared to Los Angeles County (48.2%) where nearly half of adults have coverage. SPA 4 (38.9%) had a slightly higher percentage of adults with dental insurance coverage than the SVMC primary service area but still much lower than adults in Los Angeles County (48.2%).

Table 93. Dental Insurance Coverage (Adults)

	Percentage
Service Planning Area 4	38.9%
Service Planning Area 6	37.1%
SVMC Primary Service Area	38.0% (avg.)
Los Angeles County	48.2%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: SPA

As of May 2013, there are a total of 8,417 dentists in Los Angeles County, making up over a quarter (26.7%) of dentists in California.

For an area to be determined a Dental Health Professional Shortage Area, there must be a population-to-dentist ratio of at least 5,000:1[73]. Los Angeles County does not meet this criterion, as the ratio is 1,184:1.

Table 94. Dentist Availability

	Number	Population to Dentist Ratio
Los Angeles County	8,417	1,184:1
California	31,559	

Data source: Office of Statewide Health and Planning and Development (OSHPD)
Data year: 2013
Source geography: County

Although the population-to-dentist ratio is not high enough in Los Angeles County to be considered a critical shortage, there is still an issue with access to dental care and its associated cost.

[72] U.S. Department of Health and Human Services. Office of Disease Prevention and Health Promotion. Healthy People 2020. Washington, DC. Available at http://www.healthypeople.gov/2020/topicsobjectives2020/overview.aspx?topicid=32. Accessed [February 26, 2013].
[73] United States Department of Health and Human Services (n.d.). Dental HPSA Designation Overview. Rockville, MD. Available at http://bhpr.hrsa.gov/shortage/hpsas/designationcriteria/dentalhpsaoverview.html. Accessed [July 10, 2013].

Affordability

Often, dental insurance is limited and coverage is minimal, so people have to pay high out-of-pocket costs. In addition, the cost of dental services is often too high and therefore unattainable for the average person.

In the SVMC primary service area, over a third (36.3%) of adults could not afford dental care—including regular check-ups—which is slightly higher when compared to Los Angeles County (30.3%). SPA 4 reported an even higher percentage (37.6%) than the SVMC primary service area (36.3%) and Los Angeles County (30.3%). SPA 6 also reported a larger percentage (35.0%) than Los Angeles County (30.3%).

Table 95. Unable to Afford Dental Care (Adult)

	Percentage
Service Planning Area 4	37.6%
Service Planning Area 6	35.0%

Data year: 2011
Source geography: SPA

In Los Angeles County, a number of free or low-cost dental services are available for children through community clinics and state and county programs. However, many of those entities have been impacted by budget cuts, which have significantly limited the availability of those services.

In the SVMC primary service area, a slightly larger percentage (13.1%) of children were unable to afford dental care when compared to Los Angeles County (12.6%). SPA 6 reported a larger percentage (14.9%) than the SVMC primary service area (13.1%) and Los Angeles County (12.6%).

Table 96. Unable to Afford Dental Care by SPA (Child)

Latino	14.4%
White/Caucasian	8.7%
African-American	14.4%
Asian/Pacific Islander	9.1%
American Indian/Alaskan Native	0.0%

Data source: Los Angeles County Health Survey
Data year: 2011
Source geography: County

Stakeholders identified low-income adults, uninsured, the homeless (specifically veterans), Latinos, and those with diabetes as the most severely impacted.

Stakeholders identified Chinatown and Skid Row in Downtown Los Angeles as the most severely impacted.

Associated Drivers of Health

Poor oral health can be prevented by: decreasing sugar intake and increasing healthy eating habits to prevent tooth decay and premature tooth loss; consuming more fruits and vegetables to protect against oral cancer; smoking cessation; decreased alcohol consumption to reduce the risk of oral cancers, periodontal disease, and tooth loss; using protective gear when playing sports; and living in a safe physical environment[74]. In addition, oral health conditions such as periodontal (gum) disease have been linked to diabetes, heart disease, stroke, and premature, low-weight births[75]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders attributed poor oral health to the lack of affordable dental services, lack of access to dental services, and lack of education about health oral health behaviors such as brushing habits, when to visit doctors, etc. They also added that Medi-Cal phasing out dental coverage severely impacted adults.

> *"I needed two root canals so I visited a private dentist but the cost was double what USC charges, so I went to USC." (Focus Group Participant)*

17. Sexually Transmitted and Communicable Diseases

Sexually Transmitted Diseases (STDs) refer to diseases that are transmitted primarily through sexual activity. Despite cost and other consequences and complications, and the fact that they are preventable,

[74] World Health Organization, Oral health Fact Sheet. Geneva, Switzerland. Available at http://www.who.int/mediacentre/factsheets/fs318/en/index.html. Accessed [February 26, 2013].
[75] Centers for Disease Control and Prevention. *Mental Health and Chronic Diseases*. Available at http://www.cdc.gov/chronicdisease/resources/publications/aag/pdf/2011/Oral-Health-AAG-PDF-508.pdf. Accessed [May 1, 2013].

STDs remain a significant health issue in the United States. Untreated STDs can lead to serious long-term health consequences, especially for adolescent girls and young women[76].

Prevalence

In 2011, the acute hepatitis C prevalence rate per 100,000 adults was similar in the SVMC primary service area (0.1) as in Los Angeles County (0.4). However, the rate was slightly higher in SPA 4 (0.2).

Table 101. Acute Hepatitis C Prevalence Rate Per 100,000 Adults

	Rate

Source geography: SPA

Disparities

Stakeholders identified low income minorities and those between the ages of 18 and 30 as the most impacted.

Stakeholders also identified the west side of SPA 4 and West Hollywood as the most impacted.

Associated Drivers of Health

The spread of STDs is directly linked to race and ethnicity, poverty, access to care, substance abuse, and sexual behaviors[77]. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders mentioned the increase in STD rates, specifically syphilis and chlamydia.

18. Substance Abuse

Tobacco use is the most preventable cause of death and disease in the United States. Each year, approximately 443,000 Americans die from tobacco-related illnesses. For every person who dies from tobacco use, 20 more suffer with at least one serious tobacco-related illness. In addition, tobacco use costs the U.S. $193 billion annually in direct medical expenses and lost productivity[78]. Tobacco use is known to cause cancer, heart disease, lung disease (such as emphysema, bronchitis, and chronic airway obstruction), premature birth, low birth weight, stillbirth, and infant death[79].

Additionally, secondhand smoke has been known to cause heart disease and lung cancer in adults and severe asthma attacks, respiratory infections, ear infections, and sudden infant death syndrome (SIDS) in infants and children[80]. Smokeless tobacco use such as chewing tobacco can also cause a variety of oral health problems, like cancer of the mouth and gums, tooth loss, and periodontitis. In addition, cigar smoking may cause cancer of the larynx, mouth, esophagus, and lung[81].

Smokers

In 2011, a larger percentage (14.1%) of the adult population in the SVMC primary service area reported smoking when compared to Los Angeles County (13.1%), with a higher percentage of smokers in SPA 4 (14.9%).

Alcohol- and Drug-Related Mental Illness

Alcohol and drug use is often associated with and linked to mental illness. In 2010, the rate per 100,000 adults of alcohol- and drug-induced mental illness in the SVMC primary service area was slightly higher (112.9) when compared to California (109.1). Rates in the SVMC primary service area were especially high in ZIP Codes 90046 (210.0), 90027 (179.4), 90010 (157.9), 90028 (156.7), 90057 (135.6), 90016 (132.4), and 90031 (129.7).

Table 108. Alcohol- and Drug-Induced Mental Illness Rate Per 100,000 Adults

Associated Drivers of Health

Factors that influence the use of tobacco include race/ethnicity, age, education, and socioeconomic status. Significant disparities in tobacco use exist geographically and typically result from differences in smoke-free protections, tobacco prices, and program funding for tobacco prevention[82].

Tobacco use is linked to and associated with cancer, heart disease, lung disease (such as emphysema, bronchitis, and chronic airway obstruction), premature birth, low birth weight, stillbirth, and infant death[83]. In addition, secondhand smoke has been known to cause heart disease and lung cancer in adults and severe asthma attacks, respiratory infections, ear infections, and sudden infant death syndrome (SIDS) in infants and children[84]. For data concerning health drivers, please refer to Appendix C—Scorecard.

19. Vision

People with diabetes are at an increased risk of vision problems as diabetes can damage the blood vessels of the eye, potentially leading to blindness. Diabetics are 40% more likely to suffer from glaucoma and 60% more likely to develop cataracts compared to people without diabetes. People who have had diabetes for a long time or whose blood glucose or blood pressure is not under control are also at risk of developing retinopathy[85]. These kinds of vision impairment, cannot be corrected with glasses and typically require laser therapy or surgery[86]. Vision loss also makes it difficult for people to live independently.

As diabetes rates continue to rise among all age groups, vision complications tied to the disease are expected to increase as well. Vision care providers should expect to see more complications in the younger population as more children and adolescents are diagnosed with diabetes[87].

Many eye problems are not evident until quite advanced, but early detection and treatment can be effective in saving vision. For example, screening for people with diabetes can almost completely eliminate diabetes-related blindness. However, only about half of diabetics in the United States currently get regular eye exams[88].

Prevalence

In 2011, a smaller percentage of diabetic adults had an eye exam where their pupils were dilated in the SVMC primary service area (50.2%) than in Los Angeles County (63.3%). Far fewer in SPA 4 (37.3%) had an eye exam when compared to the SVMC primary service area (50.2%) and Los Angeles County (63.3%).

Table 110. Diabetic Adults Who Had An Eye Exam Where Pupils Were Dilated

	Percentage
Service Planning Area 4	37.3%
Service Planning Area 6	63.0%
SVMC Primary Service Area	50.2% (avg.)
Los Angeles County	63.3%

Associated Drivers of Health

Diabetes-related vision problems are linked to the length of time one has had diabetes, high blood glucose, and high blood pressure. For data concerning health drivers, please refer to Appendix C—Scorecard.

Primary Data

Stakeholders added that vision care services were not readily or easily accessible.

Appendix A—Data Collection Tools and Instruments

Metro Hospital Collaborative CHNA 2013
Resident Focus Group Protocol

Introduction:
Thank you for participating in this focus group discussion. We are holding discussion groups as part of a community needs assessment for a collaborative of Los Angeles-based hospitals (Good Samaritan Hospital, St. Vincent Medical Center, California Hospital Medical Center) to help them better understand community needs and identify the type of support the collaborative can provide to its diverse communities. Therefore, we would like get your ideas about the most important health issues facing your community. In addition, we will ask about what community members need to be healthier as well as the availability of services to meet those needs. Please share your honest opinions and experiences and allow other to express theirs freely. Your responses will not be associated with your name in the report and only to ensure your confidentiality and anonymity. Does anyone have any questions before we get started?

Note to facilitator: *Review health data for appropriate hospital in order to effectively probe where appropriate.*

HEALTH NEEDS AND DRIVERS OF HEALTH

1. What are some of the **major health issues** that affect individuals in your community overall?
    a. Have they gotten **better or worse** over time (past 5 years)?
    b. What populations are **most affected** by these needs? Why? ***(ask by issue, if possible)***

2. Are there **social or environmental factors** that have contributed to health needs or trends? Which? **Other factors**? (i.e. such as substance use, unemployment, etc.)

COMMUNITY ASSETS

3. For those of you who **have a chronic health condition** such as asthma, diabetes or heart diseases, how do you keep your **condition under control**?
    a. What would help you manage your condition better? (i.e. support from health care provider, disease specific information, etc.)

4. What other **health or social services are available** to you in the community?
    a. **Where** do community members go to receive or obtain information on health services?
    b. Does **access differ** for certain populations or groups?
    c. How do you prefer to **receive information** about important health issues or available services? [newspaper, radio, community clinic, flyers, billboards]

ACCESS TO PRIMARY CARE

5. What kind of **insurance programs** do you and your family use?
    a. What **other kinds** of insurance programs are you aware of?
    b. If you are **uninsured**, why?
    c. How does insurance **impact/effect your ability** to get the health care you or your family members need?

6. What health **services are most difficult to access or are missing** in the community? [**DO NOT SAY ALOUD:** *For example, this could include community clinics, healthcare providers for low-income/uninsured, health workshops, dental care, vision care, substance abuse services, mental health care, free health fairs, resources for pregnant women, etc.]*
    a. Does this affect certain **communities/geographic areas** more than others? Which?
    b. What **factors** contribute to this?

7. What other **challenges** keep individuals from **seeking help/care**? [**DO NOT SAY ALOUD:** *For example, this could be a lack of awareness of available resources, language barriers, lack of bilingual healthcare providers, immigration status/issues, lack of transportation or childcare, cultural values/beliefs, unsafe neighborhood, working multiple jobs/lack of time, etc.]*

8. Which **healthy behavior is the most difficult to encourage/promote** in the community? Why?
    d. Are there any healthy behaviors that are the hardest to promote for **certain communities/geographic areas**? Which? Why?
    e. Based on your knowledge of this community, what are some **possible strategies** for addressing this?

HEALTH CARE UTILIZATION

9. What does **preventative/preventive healthcare** mean to you?
    a. What do you do to stay healthy?
    b. Do culture or community norms influence the health behaviors of community members? How?

10. If you are not feeling well [not an emergency], where do you usually **go for care**? *[Prompt for other providers: alternative health care including curanderos, traditional healers, use of herbs and natural medicines]*
    a. Where are they **located**? How do you **get there**?
    b. Do you feel that it's getting easier or harder to **obtain healthcare**? Why?

HOSPITALS ROLE

11. What **role could hospitals** play in addressing the health service needs of this community?

Metro Hospital Collaborative CHNA 2013
Resident Focus Group Protocol

Introduction:
Gracias por participar en esta plática. Mi organización fue contratada por tres hospitales (Good Samaritan Hospital, St. Vincent Medical Center, California Hospital Medical Center) para llevar a cabo un estudio sobre la salud de las comunidades en el condado para mejorar los servicios médicos y sociales y para identificar el tipo de apoyo necesario para combatir la mala salud en la comunidad. Por eso es importante que nos digan cuales son los problemas de salud más grandes en su comunidad para poder identificar arias de necesidad y los servicios disponibles para servir esas necesidades. Por favor sean honestos y respetosos de los demás. Esto será completamente confidencial. ¿Tienen preguntas antes de empezar?

NECESIDADES DE SALUD GENERALES

1. ¿Cuales son algunos de los **temas de salud afectando** la comunidad?
    a. ¿Han **mejorado o no** en los últimos 5 años?
    b. ¿Quiénes son **los más afectados**? ¿Por qué?

2. ¿Existen **elementos sociales o condiciones** que han contribuido a la mala salud de la comunidad? ¿Cuáles? ¿**Otros factores**? (*Por ejemplo:* abuso de alcohol o drogas, desempleo, etc.)

SERVICIOS EXISTENTES (SALUD Y SOCIALES)

3. ¿Los que tienen **problemas de salud** como diabetes o problemas del corazón, como mantienen su enfermedad **bajo control**?
    a. ¿Qué otro tipo de ayuda necesita para mantener su enfermedad bajo control? (*Por ejemplo:* apoyo de su doctor, información, etc.)

4. ¿Cuáles **servicios de salud o sociales** están disponibles en su comunidad?
    a. ¿**A dónde van** residentes para obtener información sobre servicios de salud?
    b. ¿Hay **diferencias** en acceso para diferentes grupos?
    c. ¿Cómo **prefiere recibir** este tipo de información?

USO DE SERVICIOS DE SALUD

5. ¿Qué tipo de **seguro médico** utilizar usted y su familia?
    a. ¿Hay **otros tipos** de seguro médico?
    b. ¿**Si no tienen** seguro médico, porque?
    c. ¿**Cómo le afecta** tener seguro médico cuando necesita atención médica?

6. ¿Ahí **servicios que son difíciles de utilizar** en la comunidad? *[Por ejemplo, puede ser clínicas comunitarias, proveedores de salud para gente con bajos recursos o sin seguro médico, clases de*

salud, cuidado dental o de visión, servicios para el abuso de sustancias, servicios de salud mental, ferias de salud gratuitas, recursos para mujeres embarazadas]

a. ¿Cuáles comunidades son las **más afectadas**? ¿Por qué?
b. ¿Cuáles son las **barreras**?

7. ¿Hay otros problemas o **situaciones que impiden** a la gente buscar ayuda? *[Por ejemplo, falta de conocimiento de recursos disponibles, lenguaje, falta e proveedores bilingües, estate inmigratorio, falta de transportación cuidado de niño, valores o crianzas de cultura, falta de seguridad en la comunidad, falta de tiempo, etc.]*

8. ¿Cuál **comportamiento saludable** es más difícil de promover en la comunidad? ¿Por qué?
   a. ¿Cuáles comunidades son las **más afectadas**? ¿Por qué?
   b. ¿Cuáles son las mejores formas de tratar de cambiar esto?

USO DE SERVICIOS MÉDICOS

9. ¿Para usted **que es medicina preventivita**?
   c. ¿**Qué hace** para mantenerse saludable?
   d. ¿Hay **algo que afecta** los comportamientos saludables como cultura o costumbres? ¿Cómo?

10. ¿A dónde van cuando **no se sienten bien**? *[Por ejemplo: curanderos, naturalistas, etc.]*
    e. ¿En **dónde** están localizados? ¿**Cómo llega** a ese lugar?
    f. ¿Siente que se está **facilitando el uso** de servicios médicos? ¿Por qué?

PAPEL DE HOSPITALES

11. ¿**Cómo pueden responder los hospitales** a las necesidades de salud en la comunidad?

Metro Hospital Collaborative CHNA 2013
Provider Focus Group Protocol

Introduction:
The Center for Nonprofit Management is working with a collaborative of Los Angeles-based hospitals (Good Samaritan Hospital, St. Vincent Medical Center, California Hospital Medical Center) to conduct their 2013 Community Health Needs Assessment. We are talking to health experts to obtain their perspective on the most important health issues facing the local community and to identify areas of need as well as the availability of services to meet those needs. All the information collected will help local medical centers improve and better target their services. The information you provide will not be associated with your name and will only be reported in an aggregated manner.

Note to facilitator: *Review health data for appropriate hospital in order to effectively probe where appropriate.*

Area of expertise:

Primary service area:

Population served:

GENERAL ISSUES

1. What are some of the **major health issues** that affect individuals in your service population?
    a. Have they gotten **better or worse** over time (past 5 years)?
    b. What populations are **most affected** by these needs? Why? ***(ask by issue, if possible)***

2. Are there **social or environmental factors** that have contributed to health needs or trends? Which? **Other factors**? (i.e. such as substance use, unemployment, etc.)

COMMUNITY ASSETS

3. What **health or social services are available** in your local community?
    f. **Where** do community members go to receive or obtain information on health services?
    g. Does **access differ** for certain populations or groups?
    h. From your experience, what are the best ways to **disseminate information** about important health issues or available services? [newspaper, radio, community clinic, flyers, billboards]

ACCESS TO PRIMARY CARE

4. What health **services are most difficult to access or are missing** in the community? [**DO NOT SAY ALOUD:** *For example, this could include community clinics, healthcare providers for low-income/uninsured, health workshops, dental care, vision care, substance abuse services, mental health care, free health fairs, resources for pregnant women, etc.]*
    c. Does this affect certain **communities/geographic areas** more than others? Which?
    d. What **factors** contribute to this?

5. What kinds of **challenges** does your service population experience when trying to get the care they need? [e.g., transportation, language barriers, lack of information, no health insurance, economic constraints]
    a. Who tends to have the **most difficulty**?
    b. How might these **challenges be addressed**?

6. Which **healthy behaviors is the most difficult to encourage/promote** in the community? Why?
    a. Are there any healthy behaviors that are the hardest to promote for **certain communities/geographic areas**? Which? Why?
    b. Based on your knowledge of this community, what are some **possible strategies** for addressing this?

HEALTH CARE UTILIZATION

7. To what extent does your service population **utilize basic health care services** (including preventive care) and **where** do community members **access those services**? What other community **assets are available** to community members?

HOSPITALS ROLE

8. What specifically could **hospitals** do to help address the needs you identified?

9. Do you see any potential areas for **collaboration or coordination** among service providers to better meet the needs of your service population? Explain.

OUTREACH

10. What would be the most effective **way to provide information** to your service population about the availability of health and other services?
    a. Is there a **particular message** that would appeal to community members?

11. Is there **anything else** you would like to add?

Metro Hospital Collaborative CHNA 2013

Appendix B—Stakeholders

Focus Group Participants (Identification)

Leaders, Representatives, or Members of Medically Underserved Persons, Low-Income Persons, Minority Populations, and Populations With Chronic Disease Needs					
	Group Size	**Description of Leadership, Representative, or Member Role**	**What Group(s) Do They Represent?**	**Date of Consult**	**Type of Consult**
1.	6 participants	Health care providers	Health access, children, youth and families, minority populations	10/12/12	Focus Group
2.	6 participants	Promotoras	Minority populations, underserved, dental care, reproductive care, outreach	10/12/12	Focus Group
3.	10 participants	Residents and clients	Latino, minority, and underserved populations	10/30/12	Focus Group
4.	4 participants	Residents and clients	Pilipino, Tagalog-speaking, minority, and underserved populations	9/26/12	Focus Group
5.	6 participants	Residents and clients	Chinese/Mandarin-speaking, minority, and underserved populations	9/26/12	Focus Group

Leaders, Representatives, or Members of Medically Underserved Persons, Low-Income Persons, Minority Populations, and Populations With Chronic Disease Needs					
	Group Size	**Description of Leadership, Representative, or Member Role**	**What Group(s) Do They Represent?**	**Date of Consult**	**Type of Consult**
6.	16 participants	Social service providers	Social service providers serving low-income, minority, chronic disease populations	9/18/12	Focus Group
7.	3 participants	Business and education leaders	Serving youth, business development, and land use	10/3/12	Focus Group
8.	16 participants	Residents and clients	Latino, minority, and underserved populations	9/20/2013	Focus Group
9.	9 participants	Promotoras	Minority populations, underserved, dental care, reproductive care, outreach	9/23/2013	Focus Group
10.	9 participants	Residents and clients	Latino, minority, and underserved populations	10/17/2013	Focus Group

Interviews Participants (Identification)

Individuals with special knowledge of or expertise in public health						
	Name (Last First)	**Title**	**Affiliation**	**Public Health Knowledge/ Expertise**	**Date of Consult**	**Type of Consult**
1.	Alexander, Patricia	Community Liaison Representative	Los Angeles County Department of Public Health	Public health and health services	9/29/13	Interview
2.	Alfaro, Verenisa	Clinical Social Worker	LAUSD Parent & Community Engagement	Social services	10/10/13	Interview
3.	Anderson, Margot	CEO	The Laurel Foundation	Business management, camp management, serving youth and families with HIV/AIDS	9/25/12	Interview
4.	Ballesteros, Al	CEO	JWCH Institute (John Wesley Community Health)	FQHC, primary care, mental health care for homeless and dual-diagnosis, HIV services	10/19/12	Interview
5.	Blakeney, Karen	Executive Director	Chinatown Service Center	Serving Asian Pacific immigrant and Latino communities (family resource center, clinics, workforce development)	10/22/12	Interview
6.	Boller, Robert	Director of Programs	Project Angel Food	Men, women, and children affects by HIV/AIDS, cancer, and other life-threatening illnesses.	9/6/13	Interview

Individuals with special knowledge of or expertise in public health						
	Name (Last First)	**Title**	**Affiliation**	**Public Health Knowledge/ Expertise**	**Date of Consult**	**Type of Consult**
7.	Bryan, Cynthia	Vice President, Human Resources	Didi Hirsh Mental Health Services	Human resource management	10/2/12	Interview
8.	Chidester, Cathy	Director of EMS	Los Angeles County ER Services	Public health and health services, emergency response services	9/4/13	Interview
9.	Coan, Carl	Executive Director	Eisner Pediatric Child and Family Center	Public health, human genetics, health care administration, and management	8/30/13	Interview
10.	Cox, Debra	Senior Director Foundation Relations	American Heart Association	Health equity, research, and funding	10/5/12	Interview
11.	Donovan, Kevin	Staff Analyst	Los Angeles County Department of Public Health, Maternal, Child and Adolescent Health Programs	Maternal, child, and adolescent health	10/2/12	Interview
12.	Kappos, Barbara	Executive Director	East Los Angeles Women's Center	Domestic violence, sexual assault, and HIV	10/19/12	Interview
13.	Kim, Chrissy InHwe	Director of Health Program	American Cancer Society	General cancer education, research, and resources.	10/11/13	Interview
14.	Mandel, Susan, Ph.D.	President, CEO	Pacific Clinics	Clinical management and administration	10/3/12	Interview

Individuals with special knowledge of or expertise in public health						
	Name (Last First)	**Title**	**Affiliation**	**Public Health Knowledge/ Expertise**	**Date of Consult**	**Type of Consult**
15.	Marin, Maribel	Los Angeles Executive Director	211	Information and referral service serving LA County	10/15/12	Interview
16.	Martinez, Margie	CEO	Community Health Alliance of Pasadena	Public health	10/22/12	Interview
17.	Mondy, Cristin	Health Officer	Los Angeles County Department of Public Health	Public health and health services	10/8/13	Interview
18.	Munoz, Randy	Vice Chair	Latino Diabetes Association	Diabetes, preventive medi-cine, low-income, undocumented, and un/underinsured	10/22/12	Interview
19.	Murphy, Colleen	Director of Community Initiatives	PATH	Homeless population	8/29/13	Interview
20.	Nathason, Niel, DDS	Associate Dean	USC School of Dentistry	Low-income dental care services including children, youth, and adults, both in mobile and clinical contexts. Primary populations are low-income, disadvantaged and/or indigent.	9/12/12	Interview

Individuals with special knowledge of or expertise in public health						
	Name (Last First)	**Title**	**Affiliation**	**Public Health Knowledge/ Expertise**	**Date of Consult**	**Type of Consult**
21.	Portillo, Cesar	VP Advancement	LA Child Guidance Center	Low-income health care services including children, youth, and adults. Primary populations are low-income, disadvantaged and/or indigent.	9/10/13	Interview
22.	Rayfield, Beth	Director of Development	Coalition for Humane Immigrant Rights of Los Angeles	International labor union; organizing, working conditions, and contractual rights	10/2/12	Interview
23.	Reyna, Franco	Associate Director	American Diabetes Association	Diabetes, preventive medi-cine, low-income, undocumented, and un/underinsured	10/8/13	Interview
24.	Sayno, Jeanette H.	Bi-lingual Community Outreach Development Worker	FASGI	Low-income health and mental care services for low-income seniors.	9/13/13	Interview
25.	Schiffer, Wendy MSPH	Director of Planning and Evaluation	California Children's Medical Services	Public health and health services	10/3/12	Interview

Individuals Consulted from Federal, Tribal, Regional, State or Local Health Departments or Other Departments or Agencies with Current Data or Other Relevant Information						
	Name (Last, First)	**Title**	**Affiliation**	**Type of Department**	**Date of Consult**	**Type of Consult**
1.	Chidester, Cathy MSN	Director of EMS	Los Angeles County Emergency Medical Services (EMS)	Coordinating emergency services, including fire department, hospitals, and ambulance companies	10/17/12	Interview
2.	Donovan, Kevin	Staff Analyst	Los Angeles County Department of Public Health– Maternal, Child and Adolescent Health Programs	Local health department	10/2/12	Interview
3.	Murata, Dennis	Deputy Director	Los Angeles County Department of Mental Health	Local health department	10/22/12	Interview

Prioritization Participants

	Name (Last, First)	**Affiliation**	**Public Health Knowledge/Expertise**	**Prioritization Session**	**Prioritization Survey**
1.	Bantug, Shirley B.	Filipino American Service Group, Inc.	Low-income health and mental care services for low-income seniors	Yes	Yes
2.	Boller, Robert	Project Angel Food	Men, women, and children with HIV/AIDS, Cancer, and life-threatening illnesses	No	Yes
3.	Brown, Tony	Heart of Los Angeles (HOLA)	Underserved youth living in high-risk communities	Yes	Yes
4.	Cervantes, Rachel	Alexandria House	Women and children in need of transitional housing and services	Yes	Yes

	Name (Last, First)	Affiliation	Public Health Knowledge/Expertise	Prioritization Session	Prioritization Survey
5.	Coan, Carl	Eisner Pediatric and Family Medical Center	Public health, human genetics, health care administration, and management	Yes	Yes
6.	del Rosario, Jesse	Filipino American Service Group, Inc.	Low-income health and mental care services for low-income seniors.	Yes	Yes
7.	Diaz, Carmen Molina	USC School of Dentistry	Low-income dental care services including children, youth, and adults, both in mobile and clinical contexts. Primary populations are low-income, disadvantaged and/or indigent.	No	Yes
8.	Donahue, Carole	SOSMentor	At-risk and underserved youth, health education, and advocacy	No	Yes
9.	Forman, Linda	Alliance for Housing and Healing	Men, women, children and families living with HIV/AIDS	Yes	Yes
10.	Gibb, Gordon	St. Barnabas Senior Services	Ageing population, nutrition and health education	Yes	Yes
11.	Goddard II, Terry	Alliance for Housing and Healing	Men, women, children and families living with HIV/AIDS	No	Yes
12.	Gorman, Dale	Kids Community Dental Clinic	Low-income children and their families in need of oral health care services	No	Yes

	Name (Last, First)	Affiliation	Public Health Knowledge/Expertise	Prioritization Session	Prioritization Survey
13.	Gramajo, Lilian	St. Vincent Medical Center	Public health and health services	No	Yes
14.	Guzman, Laura M.	Braille Institute	Blind and visually impaired both	Yes	Yes
15.	Hoh, John MD	Asian Pacific Health Care Venture, Inc.	Health services including general diagnosis and treatment, behavioral health services, walk-in pregnancy testing, testing for HIV/AIDS and STIs, and screenings for bone density, breast, and cervical cancer.	No	Yes
16.	Howland, Susan	Alzheimer's Association	Alzheimer's disease and dementia	Yes	Yes
17.	Joe, Connie Chung	Korean American Family Services (KFAM)	Health and social services for Korean-American families	Yes	Yes
18.	Jordan, Christine	Toberman Neighborhood Center	Social support services and program for at-risk children and families	No	Yes
19.	Krowe, William	Alexandria House	Women and children in need of transitional housing and services	Yes	Yes
20.	Leal, Jesus	St. Vincent Medical Center, Casa de Amigos Community Learning Center	Public health and health services	No	Yes
21.	Lee, Susan	CSH - Corporation for Supportive Housing	Housing support services for at-risk populations	No	Yes

	Name (Last, First)	Affiliation	Public Health Knowledge/Expertise	Prioritization Session	Prioritization Survey
22.	Martin, Margaret	Harmony Project	At-risk youth in underserved communities	Yes	Yes
23.	Matos, Veronica	Heart of Los Angeles (HOLA)	Underserved youth living in high-risk communities	Yes	Yes
24.	Nathason, Niel	USC School of Dentistry	Low-income dental care services including children, youth, and adults, both in mobile and clinical contexts. Primary populations are low-income, disadvantaged and/or indigent.	No	Yes
25.	Nunez, Trini E.	A Window Between Worlds	Domestic violence support services	Yes	Yes
26.	Pardo, Luis	Worksite Wellness LA	Low-income, underserved families; health education	No	Yes
27.	Portillo, Cesar	Los Angeles Child Guidance Center	Low-income health care services including children, youth, and adults. Primary populations are low-income, disadvantaged and/or indigent.	Yes	Yes
28.	Reyes, Perla S.	Mother Movement	At-risk mothers	Yes	Yes
29.	Rivera, Jennifer	Los Angeles County Department of Public Health - Community Health Service	Public health and health services	Yes	Yes

DATA INDICATOR

Legend
†Data from secondary sources aggregated using ZIP codes in the hospital service area
^Data from secondary sources reflecting the entire Service Planning Area (SPA)
*Data reflect the county level
An *italicized indicator* denotes qualitative data collected in the community focus group
Comparison levels: CA - California LAC - LA County

DATA INDICATOR	Year of Data	Healthy People 2020 Target	Comparison Level	Comparison Average	CHMC Service Area Average	CBI Service Area Average	SVMC Service Area Average	Focus Groups** (n=10)	Interviews** (n=20)
HEALTH NEEDS									
Alcohol Abuse									
Percent of adults 18 and older who reported binge drinking in the past month^	2011		LAC	15.4%	17.2%	18.1%	18.1%		
Percent of adults 18 and older who reported drinking alcohol in the past month^	2011		LAC	51.9%	54.3%		46.6%		
Percent of adults 18 and older who reported heavy drinking in the past month^	2011		LAC	3.5%	3.6%	3.6%	3.6%		
Percent of adults 18 and older who reported they needed or wanted treatment for alcohol or drug program (excluding tobacco) in the past 5 years^	2011		LAC	2.5%	2.4%	2.8%	2.8%		
Alcoholism									
Allergies									
Percent of teens with allergies^	2007		LAC	24.9%	27.1%	32.5%	32.5%		
Allergies									
Alzheimer's Disease									
Rate of Alzheimer's disease mortality rate per 10,000 adults†	2010		CA	2.9	9.8	7.0	10.5		
Memory loss									
Arthritis									
Percent of adults diagnosed with arthritis^	2011		LAC	17.4%	16.3%		15.9%		
Arthritis									
Asthma									
Percent of children 17 and under who were diagnosed with asthma^	2011		LAC	9.0%	7.5%		6.9%		
Asthma									
Breast Cancer									
Rate of breast cancer incidence per 100,000 adults*	2009		CA	122.0	116.0		116.0		
Rate of breast cancer mortality per 100,000 adults†	2008		LAC	21.2	17.1		18.1		
Breast cancer									
Cancer, in general									
Percent of women that had a cervical cancer screening in the last 3 years^	2011		LAC	82.8%	84.1%		84.7%		
Percent of women that had a mammogram in the last 2 years^	2011		LAC	79.8%	79.2%	79.2%	79.2%		
Rate of cancer mortality per 100,000 adults†	2010		CA	15.1	58.5	34.4	59.5		
Rate of cervical cancer incidences per 100,000 adults*	2010		CA	8.0	9.4		9.4		
Rate of cervical cancer mortality per 100,000 adults†	2008		LAC	3.0	5.3		22.0		
Rate of prostate cancer incidences per 100,000 adults*	2010		CA	140.3	134.3		134.3		
Brain cancer									
Cancer, in general									
Cervical cancer

Ovarian cancer									
Prostate cancer									
Stomach cancer									
Cardiovascular Disease									
Percent of adults receiving heart disease management services from a care provider^	2011-2012		LAC	73.3%	71.0%		70.6%		
Percent of heart disease prevalence*	2011		LAC	24.0%	22.6%	24.4%	24.4%		
Rate of cardiovascular disease mortality per 10,000 adults†	2010		CA	15.6	68.3	42.0	73.8		
Rate of heart disease hospitalization per 100,000 adults†	2010		CA	367.1	445.3	418.3	424.6		
Cardiovascular disease									
Cholesterol									
Percent of adults 18 and older ever diagnosed with high cholesterol^	2011		LAC	25.6%	24.6%		23.5%		
Cholesterol									
Colorectal Cancer									
Percent who had a doctor recommend a colon test in the past 5 years*	2011-2012		LAC	35.1%	34.5%		24.1%		
Percent who had a sigmoidoscopy, colonoscopy, or FOBT^	2011-2012	[illegible]	LAC	75.7%	75.2%	70.1%	70.1%		
Rate of colorectal cancer incidences per 100,000 adults*	2010	[illegible]	CA	37.3	38.2	38.2	38.2		
Rate of colorectal cancer mortality per 100,000 adults†	2008		LAC	11.2	8.8		9.8		
Colorectal cancer									
Diabetes									
Percent of adults 18 and older ever diagnosed with diabetes^	2011		LAC	9.5%	8.2%		8.7%		
Percent of adults who feel confident in their ability to manage their diabetes^	2011-2012		LAC	86.4%	79.8%	80.1%	80.1%		
Rate of adult diabetes hospitalizations per 100,000 adults†	2010		CA	145.6	228.2	197.3	193.3		
Rate of diabetes mortality per 10,000 adults†	2010		CA	1.9	8.4	9.8	9.8		
Rate of hospitalizations for uncontrolled diabetes per 100,000 adults†	2009		CA	9.5	24.1	22.5	20.3		
Rate of youth diabetes hospitalizations per 100,000 adults†	2010		CA	34.9	26.8		21.6		
Diabetes									
Hypertension									
Percent of adults ever diagnosed with high blood pressure*	2011	[illegible]	LAC	24.0%	22.6%	24.4%	24.4%		
Percent of adults taking any medications to control their high blood pressure^	2009	[illegible]	LAC	70.4%	68.5%	65.3%	65.3%		
Rate of hypertension mortality per 10,000 adults†	2010		CA	1.0	5.1	2.6	5.1		
Hypertension									
HIV/AIDS									
Rate of HIV mortality per 100,000 adults*	2012		LAC	3.0	5.7	6.8	6.8		
Rate of HIV/AIDS hospitalizations per 100,000 adults†	2010		CA	11.0	36.5	56.1	43.4

Appendix D—Data Sources

Category	Indicator	Data Area	Data Source	Geography	Benchmark
Access to Care	Absence of Dental Insurance Coverage (Adults)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Absence of Dental Insurance Coverage (Children 0-17)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Beneficiaries Eligible and Enrolled in Medi-Cal	CA Only	California Department of Health Care Services (DHCS), 2011	ZIP Code	County Average
Access to Care	Covered by Medi-Cal	CA Only	California Health Interview Survey (CHIS), 2011-2012	ZIP Code	County Average
Access to Care	Delayed or didn't get medical care	CA Only	California Health Interview Survey (CHIS), 2011-2012	ZIP Code	County Average
Access to Care	Delayed or didn't get prescriptions	CA Only	California Health Interview Survey (CHIS), 2011-2012	ZIP Code	County Average
Access to Care	Difficulty Accessing Medical Care	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Difficulty Understanding Doctor	CA Only	California Health Interview Survey (CHIS), 2011-2012	ZIP Code	County Average
Access to Care	Do Not Have a Usual Source of Care	CA Only	California Health Interview Survey (CHIS), 2011-2012	ZIP Code	County Average
Access to Care	Healthy Families Enrollment	CA Only	Managed Risk Medical Insurance Board, 2010	ZIP Code	County Average
Access to Care	Lack of a Consistent Source of Primary Care	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Medicare Beneficiaries	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Needed help for mental/emotional/alcohol-drug issues but did not receive treatment	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average

Category	Indicator	Data Area	Data Source	Geography	Benchmark
Access to Care	Received a Flu Vaccination in the Past 12 Months (Adults)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Received a Pneumonia Vaccination in the Past 12 Months (Adults 65 and older)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Unable to Afford Dental Care (Adults)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Access to Care	Unable to Afford Dental Care (Children 3-17)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Access to Care	Unable to Afford Medications	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Unable to Afford Mental Health Care	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Unable to Afford to See Doctor for a Health Problem	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Uninsured Population (0-17 years old)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Uninsured Population (18-64 years old)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Access to Care	Visited the Emergency Room in the last 12 months	CA Only	California Health Interview Survey (CHIS), 2011-2012	ZIP Code	County Average
Clinical Care	Adults Ages 50 And Older Ever Have A Sigmoidoscopy, Colonoscopy, or FOBT	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Clinical Care	Adults Ages 50 And Older Have a Sigmoidoscopy, Colonoscopy in The Last 5 years	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Clinical Care	Breast Cancer Screening (Mammogram) in the last 2 Years (Women 50-74)	U.S.	Los Angeles County Health Survey, 2011	SPA	County Average
Clinical Care	Cervical Cancer Screening in last 3 years (Women 18-65)	U.S.	Los Angeles County Health Survey, 2011	SPA	County Average

Category	Indicator	Data Area	Data Source	Geography	Benchmark
Clinical Care	Colon Cancer Screening (Sigmoid/Colonoscopy)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Clinical Care	Dental Care Utilization (Child)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Clinical Care	Diabetes Management (not able to control/manage diabetes)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Clinical Care	Federally Qualified Health Centers	U.S.	U.S. Department of Health and Human Services Health Resources and Services Administration (HRSA), 2012	ZIP Code	County Average
Clinical Care	Hard Time Understanding Doctor	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Clinical Care	Heart Disease Management (Received Plan from Health Professional)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	State Average
Clinical Care	High Blood Pressure Management (Takes Medicine)	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	State Average
Clinical Care	Influenza Vaccinations (Age 18+)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Clinical Care	Influenza Vaccinations (Age 65+)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Clinical Care	Lack of Prenatal Care	CA Only	California Department of Public Health, 2011	ZIP Code	State Average
Clinical Care	Pneumonia Vaccinations (Age 65+)	CA Only	Los Angeles County Health Survey, 2011	SPA	County Average
Clinical Care	Visited the Doctor at Least Once in the Past 12 Months	CA Only	California Health Interview Survey (CHIS), 2011-2012	SPA	County Average
Demographics	Change in Total Population	U.S.	U.S. Census Bureau, 2000 Census of Population and Housing, Summary File 1; U.S. Census Bureau, 2010 Census of Population and Housing, Summary File 1	ZIP Code	County Average

9. Sexually Transmitted Diseases	2.8	2.6	2.3	2.4		7.6
10. Allergies	2.8	3.1	2.6	2.5		7.5
11. Asthma	2.9	2.9	2.3	2.5		7.4
12. Hypertension	3.0	2.6	2.2	2.7		7.4
13. Vision	2.8	2.9	3.0	2.7		7.4
14. Cholesterol	2.6	2.5	2.3	2.8		7.2
15. Cancer, general	3.0	2.3	2.0	2.7		7.0
16. Colorectal Cancer	2.8	2.3	2.2	2.8		7.0
17. Arthritis	2.6	2.4	2.4	2.5		6.8
18. Breast Cancer	2.7	2.1	2.3	2.9		6.8
19. HIV/AIDS	2.7	2.1	2.0	2.4		6.0

Note: Health needs are in prioritized ranking order.

Prioritized Health Drivers

	Severe Impact on the Community	Gotten Worse Over Time	Shortage of Resources in the Community	Community Readiness to Address/Support		Overall Rating
1. Poverty (including unemployment)	3.4	3.3	2.9	2.5		11.7
2. Housing	3.4	3.3	3.0	2.7		9.0
3. Specialty Care Access	3.3	2.8	2.9	2.5		8.8
4. Homelessness	3.4	2.9	2.7	2.3		8.5
5. Disease Management	2.9	2.7	2.5	2.6		8.2
6. Health Care Access	3.2	2.5	2.6	2.8		8.2
7. Cultural Barriers	3.2	2.7	2.8	2.8		8.1
8. Immigrant Status	3.2	2.7	2.7	2.8		8.1
9. Social Barriers (i.e. family issues)	3.2	2.9	2.6	2.6		8.1
10. Alcohol and Substance Abuse	3.3	2.7	2.7	2.8		8.0
11. Community Violence	3.0	2.5	2.6	2.9		7.9
12. Coordinated Healthcare	3.0	2.3	2.6	2.6		7.7
13. Transportation	2.9	2.4	2.5	2.4		7.7
14. Healthy Eating	3.1	2.6	2.4	2.6		7.6
15. Physical Activity	3.0	2.7	2.4	2.6		7.6
16. Preventative Care Services	2.9	2.5	2.4	2.6		7.5
17. Health Education and Awareness	3.0	2.4	2.4	2.7		7.3

Note: Drivers of health are in prioritized ranking order.

Appendix F—Glossary

This glossary has been developed to provide definitions for key terms and terminology used throughout the Metro Hospital Collaborative 2013 Community Health Needs Assessments (CHNA). The terms with endnotes have been developed to standardize terminology and create a shared understanding of the terms.

Age-adjusted rate

The incidence or mortality rate of a disease can depend on age distribution within a community. Because chronic diseases and some cancers affect older adults disproportionately, a community with a higher number of older adults might have a higher mortality or incidence rate for some diseases than another community with a higher percentage of population of younger people. An age-adjusted incidence or mortality rate allows for taking the proportion of persons in corresponding age groups into consideration when reviewing statistics, which allows for more meaningful comparisons between communities with different age distributions.

Benchmark[1]

A benchmark is a measurement that serves as a standard by which other measurements and/or statistics may be measured or judged. A "benchmark" indicates a standard by which a community can determine how well or not well the community is performing in comparison to the standard for specific health outcomes. For the purpose of the CHNA reports, one of three benchmarks has been used to make comparisons with the medical center area. These include statistics published by Healthy People 2020, Los Angeles County, and California.

Community assets

Those people, places, and relationships that provide resources, individually or in the aggregate, to bring about the maximal functioning of a community. *(Example: Federally Qualified Health Care Centers, primary care physicians, hospitals and medical clinics, community-based organizations, social service and other public agencies, parks, community gardens, etc.)*

Community Health Needs Assessment[2]

Abbreviated as CHNA, a systematic process involving the review of public data and input from a broad cross-section of community resources and participants to identify and analyze community health needs and assets.

Community served

Based on Affordable Care Act (ACA) regulations, the "community served" is to be determined by each individual hospital. The community served is generally defined by a geographical location such as a city, county, or metropolitan region. A community served may also take into consideration certain hospital focus areas (i.e., cancer, pediatrics), though is not defined so narrowly as to intentionally exclude high-need groups such as the elderly or low-income individuals.

Consultants

Individuals or firms with specific expertise in designing, conducting, and managing a process on behalf of the client.

Data set

A data set refers to a set or grouping of secondary, usually quantitative, data.

Data source

Data source refers to the original source (i.e., database, interview, focus group, etc.) from which quantitative or qualitative data were collected.

Disease burden

Disease burden refers to the impact of a health issue not only on the health of the individuals affected by the disease, but also on the financial cost of addressing the health issue, such as public expenditures. The burden of disease can also refer to the disproportionate impact of a disease on certain populations, which may negatively affect quality of life, socioeconomic status, and other factors.

Drivers of health

Drivers of health are risk factors that may positively or negatively impact a health outcome.

FQHC[3]

Federally qualified health centers (FQHCs) include all organizations receiving grants under Section 330 of the federal Public Health Service Act (PHS). FQHCs qualify for enhanced reimbursement from Medicare and Medicaid, as well as other benefits. FQHCs must serve an underserved area or population, offer a sliding fee scale, provide comprehensive services, have an ongoing quality assurance program, and have a governing board of directors. Certain tribal organizations and FQHC look-alikes (organizations that meet PHS Section 330 eligibility requirements but do not receive grant funding) also may receive special Medicare and Medicaid reimbursements.

Focus group

A gathering of people (also referred to as stakeholders) for the purpose of sharing and discussing a specific topic—in this case, community health.

Health disparity

Diseases and health problems do not affect all populations in the same way. Health disparity refers to the disproportionate impact of a disease or a health problem on specific populations. Much health disparity research literature focuses on racial and ethnic differences—as to how these communities experience specific diseases—however, health disparity can also be correlated with gender, age, and other factors, such as veteran, disability, and housing status.

Health driver

Health drivers are behavioral, environmental, social, economic, and clinical-care factors that positively or negatively impact health. For example, smoking (behavioral) is a health driver for lung cancer, and

access to safe parks (environmental) is a health driver for obesity/overweight. Some health drivers, such as poverty or lack of insurance, impact multiple health issues.

Health indicator[4]

A characteristic of an individual, population, or environment that is subject to measurement (directly or indirectly) and can be used to describe one or more aspects of the health of an individual or population. *(Example: Percent of children overweight in Los Angeles County, incidence of breast cancer in Los Angeles County)*

Health need

The Mobilizing Action Toward Community Health (MATCH) framework to understand population health defines a health need as any of the following that arise from a comprehensive review and interpretation of a robust data set: a) a poor *health outcome* and its associated health driver and/or b) a *health drive/factor* associated with poor health outcome(s), where the outcome itself has not yet arisen as a need. *(Example: obesity and overweight, diabetes, physical inactivity, access to healthcare)*

Health outcomes[5]

Snapshots of diseases in a community that can be described in terms of both morbidity and mortality. *(Example: diabetes prevalence, hypertension mortality, suicide rate)*

Healthy People 2020[6]

Healthy People 2020 provides science-based, 10-year national objectives for improving the health of all Americans. For three decades, Healthy People has established benchmarks and monitored progress over time in order to encourage collaborations across communities and sectors, empower individuals toward making informed health decisions, and measure the impact of prevention activities.

Incidence[7] rate

Incidence is a measure of the occurrence of new disease or health problem in a population of people at risk for the disease within a given time period. *(Example: 1,000 new cases of diabetes in 2011).* Incidence rate is expressed either as a fraction (e.g., percentage) or a density rate (e.g., *x* number of cases per 10,000 people) to allow for comparison between different communities. Incidence rate should not be confused with *prevalence rate*, which measures the proportion of people found to have a specific disease or health problem (see *prevalence rate*).

Morbidity rate

Morbidity rate refers to the prevalence of a disease. Morbidity rate is usually expressed as a density rate (e.g. *x* number of cases per 10,000 people). Prevalence is often used to measure the level of morbidity in a population.[8]

Mortality rate

Mortality rate refers to the number of deaths in a population resulting from a disease. Mortality rate is usually expressed as a density rate (e.g., *x* number of cases per 10,000 people).

Percent

A percent is the portion of the total population that currently has a given disease or health problem. Percent is used to communicate prevalence, for example, and to give an idea of the severity (or lack thereof) of a disease or health problem.

Prevalence[9]

Prevalence is the proportion of total population that currently has a given disease. *(Example: 1,000 total cases of diabetes in 2011)*

Prevalence rate

Prevalence rate is the proportion of total population that currently has a given disease or health problem. Prevalence rate is expressed either as a fraction (e.g., percentage) or a density rate (e.g., *x* number of cases per 10,000 people) to allow for comparison between different communities. Prevalence rate is distinct from incidence rate, which focuses on *new* cases. For instance, a community may experience a decrease in new cases of a certain disease (incidence) but an increase in the total number of people suffering that disease (prevalence) because people are living longer as a result of better screening or treatment for that disease.

Primary data

Primary data are new data collected or observed directly from first-hand experience. They are typically qualitative (not numerical) in nature. For this CHNA, primary data were collected through focus groups and interviews with key stakeholders. Primary data describes what is important to the people who provide the information and is useful in interpreting secondary data (see *qualitative data, quantitative data, secondary data*). *(Example: Focus groups, community forum)*

Qualitative data[10]

These are typically descriptive in nature and not numerical; however, qualitative data can be coded into numeric categories for analysis. Qualitative data is considered to be more subjective than quantitative data, but they provide information about what is important to the people (see *stakeholder*) who provide the information. *(Example: focus group data)*

Quantitative data[11]

Data that has a numeric value. Quantitative data is considered to be more objective than qualitative data *(Example: state or national survey data)*

Risk factor[12]

Characteristics (genetic, behavioral, and environmental exposures and sociocultural living conditions) that increase the probability that an individual will experience a disease (morbidity) or specific cause of death (mortality). Some risk factors can be changed through behavioral or external changes or influences (e.g., smoking) while others cannot (e.g., family history).

Secondary data

Data that has already been collected and published by another party. Typically, secondary data collected for CHNAs is quantitative (numerical) in nature *(Example: California Health Interview Survey [CHIS],*

Behavioral Risk Factor Surveillance System [BRFSS]) Secondary data are useful in highlighting in an objective manner health outcomes that significantly impact a community.

Stakeholders

Stakeholders are people who represent and provide informed, interested perspectives regarding an issue or topic. In the case of CHNAs, stakeholders include health care professionals, government officials, social service providers, community residents, and community leaders, among others.

Appendix G—Prioritization Survey Criteria Scale

Community Health Needs Assessment
Prioritization Criteria Scale

SEVERITY

1 (Not Severe)	2 (Moderately Severe)	3 (Severe)	4 (Very Severe)
The community is slightly impacted and the health need does not generally impact the lives of those affected by it.	The community is slightly impacted and the health need slightly impacts the lives of those affected by it.	The community is greatly impacted but the health need does not generally impact the lives of those affected by it.	The community is greatly impacted and the health need greatly impacts the lives of those affected by it.

CHANGE OVER TIME

1 (Great Improvements)	2 (Moderate Improvements)	3 (No Improvements)	4 (Getting Worse)
The health need has greatly improved and will likely continue to improve in the future.	The health need has remained the same will either stay the same or improve in the future.	The health need has remained the same but will likely get worse in the future.	The health need has gotten worse and will likely continue to do so.

RESOURCES

1 (Vast Resources)	2 (Moderate Resources)	3 (Gaps in Resources)	4 (Serious Shortage of Resources)
There are extensive resources in the community that address this health need and community members are aware of them.	There are moderate resources in the community that address this health need but not many community members are aware of them.	There are few resources in the community to address this health need but there is a potential to leverage existing resources to create interventions.	There are little to no resources available in the community to address this health need and no existing resources to create interventions.

COMMUNITY'S READINESS TO SUPPORT

1 (Not Supportive)	2 (Somewhat Supportive)	3 (Supportive)	4 (Extremely Supportive)
Community is not ready to address the issue.	Community is interested in the issue, but unlikely to be able to support efforts.	Community is supportive, but has limited ability to effectively implement programs.	Community is ready to effectively implement programs to address this need.

Appendix H—Health Need Profiles

Health Need Profile – **Alcohol Abuse**

About Alcohol Abuse– *why is it important?*

Substance abuse has a major impact on individuals, families, and communities. The effects of substance abuse contribute significantly to costly social, physical, mental, and public health problems, including teenage pregnancy, HIV/AIDS, STDs, domestic violence, child abuse, motor vehicle accidents (unintentional injuries), physical fights, crime, homicide, and suicide. Heavy alcohol consumption is an important determinant of future health needs, including cirrhosis, cancers, and untreated mental and behavioral health needs. In addition to considerable health implications, substance abuse has been a major focal point in discussions about social values: people argue over whether substance abuse is a disease with genetic and biological foundations or a matter of personal choice[1].

Statistical data – *how is alcohol abuse measured? What is the prevalence/incidence rate of alcohol abuse in the community?*

Alcohol Abuse Indicators

Indicators	Year	Comparison Level	Comparison Avg.	CHMC[2] Service Area	GSH[3] Service Area	SVMC[4] Service Area
Percent of adults 18 and older who reported binge drinking in the past month	2011	LAC	15.4%	17.2%	18.1%	18.1%
Percent of adults 18 and older who reported drinking alcohol in the past month	2011	LAC	51.9%	54.3%	46.6%	46.6%
Percent of adults 18 and older who reported heavy drinking in the past month	2011	LAC	3.5%	3.8%	3.6%	3.6%
Percent of adults 18 and older who reported they needed or wanted treatment for alcohol or drug program (excluding tobacco) in the past 5 years	2011	LAC	2.5%	2.4%	2.8%	2.8%

LAC=Los Angeles County
CA=California

Sub-populations experiencing the greatest impact (disparities)

Stakeholders identified the homeless, children and youth, the uninsured, youth in or transitioning out of the foster care system, and low income populations as the most severely impacted sub-populations.

Geographic areas of greatest impact (disparities)

By ZIP code, the following disparities were found:

- Rates of alcohol/drug induced mental disease hospitalizations per 100,000 persons, which were higher when compared to California (109.1) in:

CHMC Service Area	GSH Service Area	SVMC Service Area
○ 90001-South Los Angeles (190.9)	○ 90010-Wilshire (157.9)	○ 90010-Wilshire (157.9)
○ 90010-Wilshire (157.9)	○ 90012-Chinatown (119.0)	○ 90016-West Adams (132.4)
○ 90016-West Adams (132.4)	○ 90013-Downtown Los Angeles (925.9)	○ 90018-Jefferson Park (111.5)
○ 90018-Jefferson Park (111.5)	○ 90014-Los Angeles (670.9)	○ 90026-Echo Park/Silverlake (110.5)
○ 90026-Echo Park/Silverlake		

CHMC Service Area	GSH Service Area	SVMC Service Area
(110.5) ○ 90037-South Los Angeles (112.4) ○ 90047-South Los Angeles (117.3) ○ 90057-Westlake (135.6)	○ 90018-Jefferson Park (111.5) ○ 90021-Downtown Los Angeles (202.5) ○ 90026-Echo Park/Silverlake (110.5) ○ 90057-Westlake (135.6)	○ 90027-Griffith Park/Los Feliz (179.4) ○ 90028-Hollywood (156.7) ○ 90031-Montecito Heights (129.7) ○ 90037-South Los Angeles (112.4) ○ 90046-Mount Olympus (210.0) ○ 90057-Westlake (135.6)

Stakeholders also identified Los Angeles as generally impacted by alcohol abuse.

Associated drivers and risk factors – *what is driving the high rates of alcohol abuse in the community?*

Several biological, social, environmental, psychological, and genetic factors are associated with alcohol and substance abuse including gender, race and ethnicity, age, income level, educational attainment, and sexual orientation. Substance abuse is also strongly influenced by interpersonal, household, and community factors. Family, social networks, and peer pressure are key influencers of substance abuse among adolescents[5]. Teenage pregnancy, HIV/AIDS, STDs, domestic violence, child abuse, motor vehicle accidents (unintentional injuries), physical fights, crime, homicide (intentional injuries), and suicide can be attributed to alcohol and substance abuse[6]. For data concerning health drivers, please refer to the *Scorecard*.

The density of alcohol outlets is associated with heavy drinking, drinking and driving, higher rates of motor vehicle-related pedestrian injuries, child abuse and neglect, and other violence[7].

Community Input – *what do community stakeholders think about the issue of alcohol abuse?*

Stakeholders indicated that alcohol and substance abuse often are associated with mental illness and poverty and attribute the prevalence of alcohol abuse to the lack of access to treatment. They also added that there have been successful efforts to reduce underage drinking at Berendo and Nightingale Middle Schools and Fairfax High School in Los Angeles where the purpose of such efforts was to create "buffer zones" around these schools and educate family members around alcohol abuse.

Health Need Profile – **Allergies**

About Allergies– *why is it important?*

Allergies are an overreaction of the immune system to substances that usually cause no reaction in most individuals. These substances can trigger sneezing, wheezing, coughing and itching. Allergies have been linked to a variety of common and serious chronic respiratory illnesses such as sinusitis and asthma. Factors such as family history with allergies, the types and frequency of symptoms, seasonality, duration and even location of symptoms (indoors or outdoors, for example) are all taken into consideration in allergies diagnosis. Allergic reactions can be severe and even fatal. With proper management and patient education, allergic diseases can be controlled and people with allergies can lead normal and productive lives[1].

Statistical data – *how are allergies measured? What is the prevalence/incidence rate of allergies in the community?*

Allergies Indicators

Indicators	Year	Comparison Level	Comparison Avg.	CHMC[2] Service Area	GSH[3] Service Area	SVMC[4] Service Area
Percent of teens with allergies	2007	LAC	24.9%	27.1%	32.5%	32.5%

LAC=Los Angeles County
CA=California

Sub-populations experiencing the greatest impact (disparities)

Stakeholders identified Asian populations as the most affected by allergies.

Geographic areas of greatest impact (disparities)

Geographic disparities were not identified through statistical data or stakeholders.

Associated drivers and risk factors – *what is driving the high rates of allergies in the community?*

Allergic reactions are known to be caused by pollen, dust, food, insect stings, animal dander, mold, medications, and latex[5]. Many allergens are also asthma triggers that irritate the lungs, inducing an asthma attack. Social and economic factors have been known to cause or trigger allergic reactions including poverty leading to poor housing conditions (living with cockroaches, mites, asbestos, mold etc.) and living in an environment or home with smokers. For data concerning health drivers, please refer to the *Scorecard*.

Community Input – *what do community stakeholders think about the issue of allergies?*

Stakeholders indicated that allergies were associated with poor air quality and other environmental factors

Health Need Profile – **Alzheimer's Disease**

About Alzheimer's disease – *why is it important?*

An estimated 5.4 million Americans have Alzheimer's disease, which is the sixth-leading cause of death in the U.S.[1]. Alzheimer's, an irreversible and progressive brain disease, is the most common cause of dementia among older people. The disease is characterized by the loss of cognitive functioning and ranges in severity from the

mildest stage of minor cognitive impairment to the most severe stage, when the person with Alzheimer's must depend completely on others for tasks of daily living. People with Alzheimer's disease and other dementias have more hospital stays, skilled nursing facility stays, and home health care visits than other older people[2]. The likely causes of Alzheimer's disease include some combination of age-related changes in the brain, a family history of Alzheimer's, and genetic, environmental, and lifestyle factors. Some data suggest that cardiovascular disease risk factors (e.g., physical inactivity, high cholesterol, diabetes, smoking, and obesity) and traumatic brain injury are associated with a higher risk of developing Alzheimer's disease[3].

Statistical data – *how is Alzheimer's disease measured? What is the prevalence/incidence rate of Alzheimer's disease in the community?*

Alzheimer's Disease Indicators

Indicators	Year	Comparison Level	Comparison Avg.	CHMC[4] Service Area	GSH[5] Service Area	SVMC[6] Service Area
Rate of Alzheimer's disease mortality rate per 10,000 adults	2010	CA	2.9	9.8	7.0	10.5

LAC=Los Angeles County
CA=California

Sub-populations experiencing the greatest impact (disparities)

Stakeholders identified people over the age of 85 years of age who are uninsured, low-income, Latinos, and Asians as the most severely impacted.

Geographic areas of greatest impact (disparities)

By ZIP code, the following disparities were found:

- Rates of Alzheimer's disease-related mortality per 10,000 persons, which were higher when compared to California (2.9) in:

CHMC Service Area	GSH Service Area	SVMC Service Area
○ 90001-South Los Angeles (11.0)	○ 90004-Hancock Park (8.0)	○ 90004-Hancock Park (8.0
○ 90002-Watts (7.0)	○ 90005-Koreatown (8.0)	○ 90005-Koreatown (8.0)
○ 90003-South Los Angeles (8.0)	○ 90006-Pico Heights (18.0)	○ 90006-Pico Heights (18.0)
○ 90004-Hancock Park (8.0	○ 90007-South Los Angeles (7.0)	○ 90007-South Los Angeles (7.0)
○ 90005-Koreatown (8.0)	○ 90012-Chinatown (5.0)	○ 90008-Baldwin Hills/Crenshaw (9.0)
○ 90006-West Adams (18.0)	○ 90013-Downtown Los Angeles (12.0)	○ 90011-South Los Angeles (17.0)
○ 90007-South Los Angeles (7.0	○ 90014-Los Angeles (3.0)	○ 90016-West Adams (14.0)
○ 90008-Baldwin Hills/Crenshaw (9.0)	○ 90015-Downtown Los Angeles (4.0)	○ 90017-Downtown Los Angeles (4.0)

○ 90015-Downtown Los Angeles (4.0)	○ 90018-Jefferson Park (7.0)	○ 90019-Country Club/Mid City (115.0)
○ 90016-West Adams (14.0)	○ 90020-Hancock Park (5.0)	○ 90020-Hancock Park (5.0)
○ 90017-Downtown Los Angeles (4.0)	○ 90026-Echo Park/Silverlake (17.0)	○ 90026-Echo Park/Silverlake (17.0)
○ 90018-Jefferson Park (7.0)	○ 90057-Westlake (11)	○ 90027-Griffith Park/Silverlake (17.0)
○ 90019-Country Club/Mid City (115.0)		○ 90028-Hollywood (15.0)
○ 90020-Hancock Park (5.0)		○ 90029-Downtown Los Angeles
○ 90026-Echo Park/Silverlake		

CHMC Service Area	GSH Service Area	SVMC Service Area
(17.0) ○ 90037-South Los Angeles (9.0) ○ 90043-Hyde Park (12.0) ○ 90044-Athens (24.0) ○ 90047-South Los Angeles (7.0) ○ 90057-Westlake (90057) ○ 90062-South Los Angeles (7.0)		(6.0) ○ 90031-Montecito Heights (10.0) ○ 90037-South Los Angeles (9.0) ○ 90044-Athens (24.0) ○ 90046-Mount Olympus (11.0) ○ 90057-Westlake (90057)

Stakeholders identified Chinatown and Los Angeles as the most severely impacted.

Associated drivers and risk factors – *what is driving the high rates of Alzheimer's disease in the community?*

The greatest risk factor for Alzheimer's disease is advancing age. Other risk factors include a family history of Alzheimer's, genetic mutations, cardiovascular disease risk factors (e.g., physical inactivity, high cholesterol, diabetes, smoking, and obesity) and traumatic brain injury[7]. For data concerning health drivers, please refer to the *Scorecard*.

Community Input – *what do community stakeholders think about the issue of Alzheimer's disease?*

Stakeholders attributed the prevalence of Alzheimer's disease to the increase in the aging population. Stakeholders identified an increased need for Alzheimer's disease-related services including diagnosis.

> *"Submitting to the inevitable (old age) – they feel there is nothing they can do about getting old and the health issues that comes with old age."*
> *(Resident Focus Group Participant)*

Health Need Profile – **Arthritis**

About Arthritis– *why is it important?*

Arthritis affects one in five adults in the United States and continues to be the most common cause of physical disability. Arthritis costs more than $128 billion per year currently in the United States and is projected to increase over time as the population ages. Interventions such as increased physical activity, education about disease self-management and weight loss among overweight/obese adults can reduce arthritis pain and functional limitations however these resources are underutilized[1].

Statistical data – *how is arthritis measured? What is the prevalence/incidence rate of arthritis in the community?*

Arthritis Indicators

Indicators	Year	Comparison Level	Comparison Avg.	CHMC[2] Service Area	GSH[3] Service Area	SVMC[4] Service Area
Percent of adults diagnosed with arthritis^	2011	LAC	17.4%	16.3%	15.9%	15.9%

LAC=Los Angeles County
CA=California

Sub-populations experiencing the greatest impact (disparities)

Stakeholders identified Asian and specifically the Filipino population and aging populations as being the most severely impacted.

Geographic areas of greatest impact (disparities)

Stakeholders did not identify geographic disparities.

Associated drivers and risk factors – *what is driving the high rates of arthritis in the community?*

The following factors are associated with arthritis including being overweight or obese, lack of education around self-management strategies and techniques, and limited or no physical activity[5]. For data concerning health drivers, please refer to the *Scorecard.*

Community Input – *what do community stakeholders think about the issue of arthritis?*

Stakeholders indicated that aging populations were the most impacted by arthritis.

Health Need Profile – **Asthma**

About Asthma– *why is it important?*

Asthma is a disease that affects the lungs and is one of the most common long-term diseases of children. Adults also may suffer from asthma and the condition is considered hereditary. In most cases, the causes of asthma are not known, and no cure has been identified. Although asthma is always present in those with the condition, attacks only occur when the lungs are irritated. Asthma symptoms include wheezing, breathlessness, chest tightness, and coughing[1].

Statistical data – *how is asthma measured? What is the prevalence/incidence rate of asthma in the community?*

Asthma Indicators

Indicators	Year	Comparison Level	Comparison Avg.	CHMC[2] Service Area	GSH[3] Service Area	SVMC[4] Service Area
Percent of children 17 and under who were diagnosed with asthma	2011	LAC	9.0%	7.5%	6.9%	6.9%

LAC=Los Angeles County
