**REMINDERS:**

1. Attendees should join the Webex hearing via cell phone, tablet, laptop, desktop, or landline telephone at least 10 minutes prior to the hearing time.
2. Attorneys who anticipate giving extensive legal argument and examining witnesses are strongly encouraged to use the video function (with actual witnesses required).
3. **Participants who wish to speak during the hearing** should choose the "use computer for audio" or "call me" options. If you choose the "call in" option, please enter the Attendee ID when prompted to do so. This will allow the court to see the names of caller participants. This will greatly speed up the appearance phase at the beginning of the hearing because the judge can simply call roll at the start of the hearing instead of having lawyers possibly talk over each other.

6. Use headphones whenever possible, especially if using a desktop PC with external speakers.
7. During examination, attorneys and witnesses should use a separate camera and microphone.
