**DECLARATION OF MICHAEL J. SACHS IN SUPPORT OF JOINT MOTION
SEEKING TO APPROVE A SETTLEMENT AGREEMENT, ET AL.**

I, Michael J. Sachs, declare:

1. I am an attorney licensed to practice before all of the courts of California, the State of Illinois, and the U.S. District Courts for the Northern, Eastern, Central and Southern Districts of California, as well as the Ninth Circuit Court of Appeals and the Fourth Circuit Court of Appeals. I am a partner with the law firm of Callahan & Blaine ("C & B"), counsel of record for Plaintiffs Veronica Becerra, et al., on their own behalf and on behalf of all others similarly situated (collectively referred to herein as "Plaintiffs"). The following facts are within my personal knowledge and if called to testify, I could and would competently testify thereto. This Declaration is submitted in support of the Joint Motion Seeking to Approve a Settlement Agreement, et al.

2. I was the partner in charge of the underlying matter, was lead trial counsel and was in charge of the appeal in the matter entitled, *Veronica Becerra v. The McClatchy Company, et al.*, Fresno Superior Court Case No. 08 CE CG04411 KCK (the "Fresno Bee Action").

3. The Fresno Bee Action was a class action on behalf of approximately 3,800 newspaper carriers for the Fresno Bee between a class period of December 19, 2004 and January 31, 2010. The

¹ The Debtors in these chapter 11 cases and the last four characters of each Debtor's tax identification number are: JCK Legacy Company (0478) and Herald Custom Publishing of Mexico, S. de R.L. de C.V. (SUZ1). The location of the GUC Recovery Trustee's service address for purposes of these chapter 11 cases is: 110 East 42 Street, Suite 1818 New York, NY 10017.

Fresno Bee Action was filed on December 19, 2008, and we thereafter went through nearly six years of law and motion practice and discovery until a November 3, 2014, trial date. During the pretrial discovery, we took and defended over 200 depositions and engaged in considerable law and motion practice, including a Motion for Class Certification, a Motion to Decertify the Class and numerous other motions. Trial commenced on November 3, 2014 and took place over a one year period of time.

4. After we lost at trial, we filed an appeal with the Court of Appeal of the State of California, Fifth Appellate District on November 10, 2016 and on September 30, 2021, the appellate court reversed the trial court's decision.

5. All of the attorneys and paralegals in my office record their time on a daily basis. Attached hereto as Exhibit "A" is a true and correct copy of my firm's contemporaneous billing records for the Fresno Bee Action. These records had previously been provided to counsel for the GUC Recovery Trust. As you can see, attorneys billed over 17,028 hours on the underlying matter and over 1,502 hours on the appeal. Likewise, paralegals billed over 15,686 hours on the underlying matter and over 473 hours on the appeal. Between the underlying action and the appellate action, at our typical billing rates, our fees would have been approximately \$12,723,318, and our firm went out of pocket in the amount of \$1,121,786 in costs, for a total of \$13,845,104. While we would normally seek a multiple of this lode star, in an attempt to get this matter settled, we agreed to reduce our fees.

6. I believe that our fees are fair and more than justified by the time and expense put into this matter by the law firm of Callahan & Blaine over the last 14 years.

I declare under penalty of perjury under the laws of the United States of America and the State of California that the foregoing is true and correct. Executed this 14th day of June 2022, in Santa Ana, California.
