SOUTHERN DISTRICT OF NEW YORK

case no. 12-12020{MG}

In re:

RESIDENTIAL CAPITAL LLC

Debtors

chapter 11

Jointly Administered

NOTICE OF OBJECTION TO TRUST'S OBJECTION OF PROOF OF CLAIM NO 2536 filed by  
STEPHANIE HARRIS.

PRELIMINARY STATEMENT.

- 1 Objection is made to all redaction documents unless mutually agreed upon. The redaction is primarily self-serving for the trust.
- 2 Objection is made as many of the statements have gross errors and many of the statements do not match the exhibits. Many of the statements have gross errors of facts. Thus rendering the objection mute as it is based upon facts misstated.
- 3 The damage only came out to the full extent at the very chapter 7 hearing and forward from that Trust claims should have stopped such claims.
- 4 There has been no wrongful foreclosure as the property under the laws of the state of Florida see Ocwen vs Bellistri. The note is separated from the mortgage. At all times there is no original note.
  - a. Attorney Stern with the intent to rush to foreclosure under the OBAMA ban fabricated the Identity of Deutsche Bank. This is further proven by the one of the multiple assignments Here to not in possession of page 51 of 379. Presented by the objecting Trust itself. Proving that as the attorney stated in open court that "this was a mistake" Upon other issue there are three other conflicting assignments of Attorney Stern which other that no note and the mortgage separated from the property. (Florida is a lien state. The Mortgage is only a lien upon the note.) The note in all times the original was absent was not assigned to MERS only the mortgage so the defense that it was transferred through MERS is invalid.
  - b. Stacy Bressler under the employ of Stern disguised as the representative of Deutsche Bank placed on camera hidden until finalization of case when all come to surface. Proof of Standing and Proof of Claim which she claimed in open court as the Original Note. Upon the reading of the pacer document after closing of case the document on camera was an unrecorded safety deposit box agreement from 2004. Virtually no proof of standing and clearly no original note.

121202014120200000000003

- c. When an evidentiary hearing was demanded that Bressler under the employ of Stern under the Employ of GMAC {see United States Court of Appeals for the ninth Circuit: Exon Shipping Company vs. Grant Baker case number 04-35183) the intent of the Trick upon the Court was the responsibility of Residential. There is no hiding the responsibility. There is no denying Stern was under clear orders of the Gmac, Residential et al. At all times they paid his bills. The courts upheld Sterns right to fees and the courts forced the payment of Stern's fees. The rush to lift the stay and rush to foreclosure was an attempt to with Identity theft of Deutsche Bank, notoriously one of the most difficult entities to get confirmation or denial from, to do so before the full ban on foreclosure was in full force thereby attempting to slip it in incognito without being suspect to the penalties of disobeying the ban on foreclosure during this period.
- d. The multiple hearing and attempts to lift the stay were endless and deliberate to exhaust the financial capabilities of Harris and to weary the court, the patience of Judge Crystal, and the trustees of so many hearings running up legal fees in abundance of at this venue some \$27,000.00 plus trustee fee in the amount of \$8,000.00 and the alienation of attorney Berlowitz who was a school mate of Bressler and constantly urged to cede the property.
- e. Gmac was never in good faith on attempts of loss mitigation as this was the beginning of Save Your Home Hope. GMAC at all times was handled by Attorney Gary Glasser whom very early in negotiations made it clear there was no note, and more important (and this is the primary reason to redact the documents, the Federal Reserve has never been paid.) This is from People's Choice, the Trust, GMAC, Residential and most important the liquidating Trust. Had the Federal Reserve been paid, all the properties (victim's class) that were sold at platform auction to Ocwen and Berkshire Hathaway would have been saved through the current Hamp programs and not lost to foreclosure by their owner and not net profit of the liquidating trust. This damage continues to this day. It will certainly come to the knowledge of more than me that had the Trust as it had originally stated paid the Federal Reserve or even made a repayment agreement with the Treasury Department, the Hamp modification would have been available instead of economic slaughter.
- f. Gmac offered attorney Glasser a non performing edition of what was the forerunner of the Save the Home; which eventually became Hamp but with all the negotiations with Glasser no modification was ever produced; nothing was provided as all loans depended on either credit sweetening or participation of a bank that had paid the Federal Reserve. What was offered was a document making three payments and a balloon which in fine print created some trigger point of escalation foreclosure in the Trust. The balloon in the loan modification offered by GMAC was the only outcome possible as the two payments would be made, no loan available as in foreclosure and no Federal Reserve payment so the balloon would automatically be triggered into escalation of trigger points in the non-provided trust agreement. (The actual Trust agreement was only revealed recently) but it was clear to Glasser and Harris that the financial documents only applied to Fannie Mae or Freddie Mac loans and would automatically trigger the balloon. Harris and Glasser both by knowledge and research by speaking to multiple mortgage brokers, HUD, knew the "modification" was leading to the slaughter of the trigger balloon to this day. The damage by the Liquidating Trust continues as The Federal Reserve has still not been paid and each property has gone to

3 & 4

its intended profit producing entity which funded the Trust yet deprived each homeowner of a modification. Except in cases such a 1525 Lenox Ave number 2. (More litigation La Salle)

- g. This in essence answers and clarifies the lack of veracity in B (1) Pre foreclosure Work out attempts. In B 15. 16, 17, 18, 19, 20.21.22, 23, 24, as there was no loan or modification until the Federal Reserve was paid. The documents would have only triggered balloon payments.
  - h. In the 2014 attempt of chap 13 modification programs. No proof of claim was even offered by Ocwen. The cost of Gasser was approximately \$12,000.00. New damages created through the hands of residential and the signing off of its participation in trust.
  - a) It is open to future interpretation as to cause the quit claiming of Residential from the Trust, (after the orders of Glenn that no changes could be paid.) as reason Harris could not be ceded the ownerless property) was one of the triggering escalation clause causing the trust to be dismantled and distribution of equities)
  - b) During the course of the confirmation of the 5<sup>th</sup> plan in the chap 13 modification La Salle Bank object to confirmation and claims that the property belong to it. That it has not accepting any modification and object to any strip down of value. We are now adding some other \$6,000.00 in Chapter 13 loan modification attorney's fees. Plus the payment of the mediator which neither Ocwen nor La Salle New York bank would book or attend. Yet continually objection to confirmation of the chapter 13 plan without proof of claim, or a note.
  - c) In answer to 43 of Trust dispute of Claim damages are still ongoing. Therefore could not have been disclosed in Chapter 7 2010 case.
  - d) In short and plain words the damage is caused by the failure to pay the Federal Reserve making all modifications impossible.
  - e) This failure to pay the Federal Reserve voids all statements of the Prior Declaration as all proposals could not be provided by GMAC. The response to errors of omission of page 333 of 379 of the Trust's objection to claim 2536.
- 5) Department of Professional Regulation, Divisions of Florida Land Sales and Mobile Homes. As Plaintiff vs. Stephanie Harris as defendant entered by Liquidating Trust as proof of no tortuous interference by GMAC at the 2010 Chapter 7 bankruptcy case.

- 1) Clearly this is in error as identified as it is proof of nothing.
- 2) Omission en gross as to true circumstances, outcome, of case.

As noted this case has two numbers.

- 1) Both of which were dismissed in 2010 when after from 2006 on (slap suit) it was declared by William Wohlsifer that he had no evidence on file for all 189 statements in the complaint.
- 2) This is the only time I have ever seen a true look of uncontrolled shock and disbelief on a judges Face.
- 3) Wohlsifer was fired by the DBPR.
- 4) The DBPR also did the preliminary investigation for the EPA ruling of owners of last responsibility of the some thousands of landsite quit claimed to unavailable owners, defunct corporations etc. The damages of creating canals and lakes without permits destroying and cost of billions of dollars to remedy the State of Florida.

4 of 4

- 5) In note during the chapter 7 2010 case all pleadings of the DBPR attorney Brittle were identified as for the defendant the Department of Professional Regulation (Trust Objection pages 333 of 379. This was due to the one oversight that the state of Florida has on the DBPR other than it must bring its cases to court for judgment. Cannot adjudicate for itself, but the only restriction in bring to court is 718-516 (1) (a); All complaints over ninety days old must be brought to notice of the Governor and the Speakers of the house. From 2006 until 2010 no administrative hearing was ever held. No evidentiary procedure. The case continued on mismarked exhibits on hearsay without any documented neither proof nor disclosure to the governor. I.e. Wohlsifer's disclosure of no evidence on returned to county court and dismissal. And Brittles transition to defendant. A wise woman she at all times was ready to defend the failure of the DBPR in 4 years failing to have made one disclosure that was due 90 days after original complaint. The complaints were dismissed within the DBPR but each year the former issues were rolled over and represented.
- 6) The final dismissal was executed by Attorney Alex Britto.
- 7) Alex Britto's firm Zarco Einhorn Salkowski & Brito, P.A. recently prosecuted Stern in DJSP Enterprises Inc. et al vs. Stern, case number 1200097 Broward Circuit Court of the 17<sup>th</sup> Judicial Circuit for Broward where a judgment of \$60 million dollars was given and collected for selling the same type of toxic paper produced in the multiple and fraudulent assignments, statements and filing to a Chinese law firm.

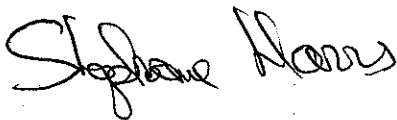

A. Claim is now reopened for further offering of settlement 2536.

B. On the Objection to the Trusts Objection is now simplified the Federal Reserve has never been paid. This has cost Harris more that 5 million dollars in credit denial, lost ability to move forward, modify this loan. This is to date.

C. the settled amount of 1.5 million seems quite adequate for the years of pain and suffering to date

D. It is unclear if damages are here with stopped with the entry of La Salle and New York Bank creating a new and costly litigation

Stephanie Harris Pro Se

Exhibit list for Objection to PROOF OF Claim objection. Claim 2536.

1. Document Stacy Bressler employed by David Stern in Identity Theft as Deutsche Bank, claimed to be to the Court The Original note. Bressler employed by Stern, employed by GMAC. (Reference: Exon Shipping Company et al vs. Grant Baker United States Court of Appeals, 9<sup>th</sup> circuit case no. 04-35183
2. Statement of company of David Stern working for GMAC ( Residential) stating that they ( Deutsche Bank was in possession of Original Note.
3. Letter from Federal Reserve in 2010. Indication that Residential had been informed as early as 2010 that Deutsche Bank did not own property, the trust. The Federal Reserve indicated that Deutsche Bank wanted this corrected. Attornies for GMAC and Residential stayed mute through out the hearing where Harris asked for ownerless property. Response after Judge Glens ruling that nothing could be done after platform auction to Ocwen. Residential proceeded in spite of judicial order to quit claim itself from Trust. Thus triggering one of the Trusts escapatory clauses to unwind. And distribute
4. Robert Bellistri respondent vs Ocwen Loan Servicing Appellant ruling that the note was separated from the mortgage,,,showing that Ocwen had no standing to attach the property as the mortgage did not follow the deed. There was no MERS assignment of the note.
5. Newspaper article about the employee of GMAC Residential. The same firm that processed Harris in 1525 Lenox number 2 Miami Beach Florida 33139 Case number. Broward County Case # CA 12000096- Fraud and Case number CA 1200097 Professional malpractice. Most of the Documents are under seal. As per Britto jr. attorney on case a judgement of \$60,000,000.00 was given and collected. Much of the settlement occurred outside of the courts.
6. New problem and costly one at that. Fees are at this point unconcluded as it disturbed the Chap 13 Mortgage modification and Chap 13 of Harris. Resulting thus far in some in excess of \$20,000.00 in court fees and an estimated \$20,000.00 additional. The question is are the additional fees stopped with the chap 11 of GMAC, Residential or does US Bank hold additional liabilities for remaining mute through out proceedings. The damages will be covered within the 1.5 million settlement.

7. The docket of the SLAPP suit of the DBPR dating from 2008 until 2011. The later return to Couty handled by S Harris pro se and closed to settlement by Ales Britto with no charge as a personal FAVOR TO s. Harris. It settled in 5 minutes on the phone. After actually 2006 – 2011 with no evidence filed by Plaintiff. The settlement agreement had really nothing to settle only dismiss.

Ms. Stephanie Harris  
P.O. Box 190540

Dear Ms. Harris:

This letter is in response to your complaint against Deutsche Bank Trust Company Americas (Deutsche). As we understand your complaint, you state that your home has been erroneously foreclosed on and request a loan modification. We contacted Deutsche on your behalf and would like to report our findings.

In connection with our inquiry, Deutsche informs us that the mortgage loan for the property referenced in your complaint at 1525 Lenox Ave., Miami Beach, FL 33139 is being serviced by Residential Funding Company, LLC (Residential). LaSalle Bank National Association (LaSalle) is the Trustee pursuant to a Pooling and Servicing Agreement, for the RAAC Series 2007-SP3 Trust, a securitization trust which includes the mortgage loan in question.

Deutsche indicates that it has been incorrectly identified as the Trustee in this case and has since notified Residential of this issue so that it may correct this error as soon as possible. As further background, Deutsche states that it has no involvement with the RAAC Series 2007-SP3 Trust and therefore the aforementioned mortgage loan. Furthermore, LaSalle's parent company was acquired by Bank of America in 2008.

Please note that since LaSalle Bank National Association is subject to the supervisory jurisdiction of the Office of the Comptroller of the Currency, we are unable to investigate the issues you raise. Therefore, you should contact the agency at:

## David Stern's public company lawsuit accuses him of 'malpractice'

BY PAUL BRINKMAN

A lawsuit against foreclosure attorney David Stern focuses on his duties as a lawyer and his role as former executive with DJSP Enterprises, the public company he helped establish.

The lawsuit, which DJSP filed in Broward County Circuit Court in January, alleges that Stern defrauded DJSP by lying about his law firm business and committing foreclosure fraud in individual cases he was handling. DJSP is also suing accounting firms McGladrey & Pullen and Grant Thornton over their accounting work for Stern.

DJSP was formed in late 2009, at the height of Stern's foreclosure mill business, with the single purpose of processing tons of paperwork for the David J. Stern Law Firm.

But the law firm closed after state officials began investigating Stern for alleged "robosigning" or fabrication of foreclosure documents.

Stern was removed as chairman, and then president, of DJSP. Now, the company's lawsuit alleges Stern committed fraud on the company, breach of fiduciary duty and malpractice.

Stern's attorneys with Keller Landisberg have filed a motion to dismiss the case, saying DJSP has failed to state a case and that DJSP cannot sue for malpractice because it was not a client of Stern's.

DJSP's attorneys with Zarco Einhorn

FILE PHOTO

The boat and Fort Lauderdale mansion that once belonged to David Stern.

Salkowski & Brito, P.A. have fired back with examples of non-clients suing attorneys for malpractice. DJSP alleges that it was a legitimate "third-party beneficiary" of Stern's legal obligations to his clients, which were all made for lenders.

"David Stern was in the foreclosure business, but malpractice was part of his business model," DJSP attorney Robert Zarco said.

David Keller, representing Stern, said malpractice claims against Stern are misdirected and the suit is without merit. Keller said non-clients can only sue attorneys for malpractice in narrow situations, such as if they are the beneficiary of a will the attorney crafted.

In January 2010, Stern earned \$58.7 million

in cash and stock interest in DJSP for selling the company to a group of investors. He handled 70,000 foreclosure cases in 2009 and was on pace to do that again in 2010. At the time, it may have seemed that the foreclosure epidemic would go on for years, Stern would continue to prosper and DJSP could land other law firms as clients.

But during investigation by the Florida Attorney General's Office, former Stern employees alleged in depositions that the firm forged notarized documents, and employees signed files without reviewing them, and hid problem files from Fannie Mae and Freddie Mac representatives.

DJSP has also alleged that P&M Corporate

Finance, which provided financial advisory services in connection with the purchase of DJSP, failed to act with due professional care

**DAVID STERN** was in the foreclosure business, but malpractice was part of his business model.

Robert Zarco | Zarco Einhorn Salkowski & Brito, P.A.

in preparing pro forma financial statements on which DJSP relied. P&M has also defended itself with a separate motion to dismiss the suit.

DJSP was formerly listed on the NASDAQ stock exchange, but was delisted in March 2011, after which shares fell to a low of 5 cents. The historic high was \$13.65 on April 26, 2010. As of April 11, 2011, the stock had risen to 18 cents.

DJSP's buyer was a special purpose acquisition company, Charden 2008 China Acquisition Corp., a subsidiary of Chinese-American investment banking firm Charden Capital.

The company lost almost all of its business when Stern's law firm folded, and about 1,000 DJSP employees were laid off.

1. Stephanie Harris ("Debtor") filed a voluntary Chapter 13 proceeding pursuant to the United States Bankruptcy Code in this Court on February 12, 2014.
2. Creditor holds a Mortgage on the real property owned by Debtor located at 1525 LENOX AVENUE UNIT 2, MIAMI BEACH, FL 33139. The legal description of the property is as follows:

3. Debtor's Plan fails to state the total arrearage amount owed and proposes monthly payments of \$285.76, in accordance with a modification of the loan. To date, Creditor has not approved or consented to a loan modification with Debtor. Therefore, Creditor contends that the

5. Additionally, in addition to the Modification of the subject loan, Debtor's Plan proposes to modify Creditor's original Note and Mortgage by valuing the property to \$186,360.00. Creditor objects to this valuation and requests an opportunity to conduct an appraisal of the subject property.
