professional services performed by WBD for the period January 24, 2023 through February 28, 2023 (the “Application Period”) in the amount of \$355,141.00 and (ii) reimbursement of its actual and necessary expenses in the amount of \$8,028.12 incurred during the Application Period. In support of the Application, WBD respectfully represents as follows:

### **JURISDICTION AND VENUE**

1. This Court has jurisdiction over this Application pursuant to 28 U.S.C. §§ 157 and 1334.
2. Venue of this case and this Application is proper in this district pursuant to 28 U.S.C. §§ 1408 and 1409.
3. The statutory predicates for the relief sought herein are Bankruptcy Code sections 330 and 331.

### **BACKGROUND**

4. On January 11, 2023 (the “Petition Date”), the Debtor filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code with this Court. Since the Petition Date, the Debtor has remained in possession of its assets and has continued to operate and manage its business as debtor-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

5. On January 23, 2023, the Office of the United States Trustee for Region 3 appointed a three-member Committee consisting of: (i) U.S. Bank Trust Company, N.A., as Indenture Trustee for the 3.50% Convertible Senior Notes Due 2027; (ii) Patheon Austria GmbH & Co. KG; and (iii) Medpace Research, Inc. [Docket No. 90].

6. The Committee selected Womble Bond Dickinson (US) LLP as its lead counsel. The Committee also selected Rock Creek Advisors, LLC to serve as its financial advisor.

7. On February 16, 2023, the Committee applied to the Court for an order authorizing the Committee to retain and employ WBD as counsel, effective as of January 24,

2023 [Docket No. 206]. On March 7, 2023 the Court entered an Order approving the retention of WBD as counsel to the Committee, effective as of January 24, 2023 [Docket No. 276].

**SUMMARY OF APPLICATION PERIOD**

8. During the Application Period, WBD performed the services for the Committee for which it is seeking compensation. WBD received no payment and no promises of payment from any source, other than the Debtor, for services rendered, or to be rendered, in any capacity whatsoever in connection with the matters covered by this Application. There is no agreement or understanding between WBD and any other person, other than members of the firm, for the sharing of compensation received for services rendered in this case.

9. WBD maintains computerized records of the time spent by all WBD attorneys and paraprofessionals in connection with its representation of the Committee. Subject to redaction where necessary to preserve attorney-client privilege, relevant copies of the computerized records showing detailed time entries relating to the fees incurred by WBD in the amount of \$355,141.00 during the Application Period are attached as Exhibit A.

10. WBD also expended costs on behalf of the Committee in the sum of \$8,028.12. A detailed accounting of the costs expended by WBD is attached as Exhibit B.

11. WBD seeks monthly allowance and payment, pursuant to Bankruptcy Code sections 330 and 331, of all fees and expenses incurred from the commencement of its services on January 24, 2023 through and including February 28, 2023. The firm's total fees sought for the Application Period are \$355,141.00, and its total expenses are \$8,028.12.

12. Pursuant to the Interim Compensation Order, 80% of the firm's fees, or \$284,112.80 is payable to WBD, together with 100% of the firm's expenses, absent an objection to the Application.

**A. Summary of Services Rendered by WBD during the Application Period**

13. This Application is the first monthly fee application for interim compensation that WBD has filed with the Court in this case. During the Application Period, WBD provided significant professional services to the Committee in its efforts to maximize value to the estate's stakeholders.

14. During the Application Period, WBD professionals prepared for and conducted telephonic meetings with the Committee and Committee professionals regarding the Debtor's financial condition and case management. WBD professionals also spent time reviewing and analyzing the Debtor's various first day motions and related issues, including issues related to the Debtor's motion for post-petition financing, and preparing for the February 9, 2023 second day hearing. Further, WBD professionals spent time in connection with retention matters. Additional services rendered to the Committee by WBD during the Application Period are described in the itemized time records for professionals and paraprofessionals attached hereto as Exhibit A.

15. During the Application Period, WBD billed the estate for time expended by attorneys and paraprofessionals based on hourly rates ranging from \$310.00 to \$940.00 per hour. The professional services performed by WBD on behalf of the Committee during the Application Period required an aggregate expenditure of 604.1 recorded hours by WBD's partners, counsel, associates, and paraprofessionals. WBD's blended hourly rate for services provided during the Application Period was \$587.88.

16. The fees charged by WBD, as set forth in Exhibit A, are billed in accordance with WBD's existing billing rates and procedures in effect during the Application Period. The rates that WBD charges for services rendered by its professionals and paraprofessionals in this chapter

11 case were comparable rates for professional and paraprofessional services rendered in bankruptcy and non-bankruptcy related matters in a competitive national legal market.

17. All entries itemized in WBD's time records comply with the requirements set forth in Local Rule 2016-2, including, without limitation, (i) the utilization of project categories, (ii) a description of each activity or service that each individual performed, and (iii) the number of hours (in increments of one-tenth of an hour) spent by each individual providing the services. Each project category in Exhibit A is organized in accordance with WBD's internal system of project category or work codes (each a "Task Code"). If a Task Code does not appear, then WBD did not bill time or expenses for that Task Code during the Application Period, but may bill time for that Task Code in the future. In accordance with Local Rule 2016-2(d)(viii), task code BKTT-Travel Time is billed at 50% of the regular hourly rates. Furthermore, in accordance with Local Rule 2016-2(d)(x), all activity descriptions in Exhibit A are presented chronologically within each Task Code category.

18. The professional services performed by WBD were necessary and appropriate to the administration of this case. The professional services performed by WBD were in the best interests of the Committee and other parties in interest. Compensation for the foregoing services as requested is commensurate with the complexity, importance, and time-sensitive nature of the problems, issues, or tasks involved. The professional services were performed with expedition and in an efficient manner.

19. In accordance with the factors enumerated in Bankruptcy Code section 330, the amount of fees requested is fair and reasonable given: (a) the complexity of the case; (b) the time expended; (c) the nature and extent of the services rendered; (d) the value of such services;

(e) WBD's established expertise in the bankruptcy field; and (f) the costs of comparable services other than in a case under the Bankruptcy Code.

**B. Actual and Necessary Expenses**

20. Pursuant to Local Rule 2016-2(e), attached as Exhibit B are WBD's itemized records detailing expenses incurred on behalf of the Committee during the Application Period.

21. As more fully described in Exhibit B, WBD seeks reimbursement for the following categories of expenses: delivery fees, transportation, parking, meals, lodging and photocopies. All entries detailed in Exhibit B comply with the requirements set forth in Local Rule 2016-2(e), including an itemization of the expenses by category, the date the expense was incurred, and the individual incurring the expense, where available.

22. WBD charges \$0.10 per page for internal photocopying expenses. WBD does not charge for outgoing facsimile transmissions.<sup>3</sup> The rates charged by WBD for Westlaw and Lexis computerized research vary according to the type of research conducted and the specific files researched, but, in any event, such charges are billed at cost, as set forth in Exhibit B, if applicable. As per the Guidelines, WBD has not requested reimbursement of expenses related to overhead charges, such as secretarial services and proofreading.

23. WBD has incurred \$8,028.12 in out-of-pocket expenses incurred as reasonable and necessary costs relating to serving as counsel to the Committee during the Application Period. These charges are intended to cover WBD's direct costs incurred in representing the Committee, which costs are not incorporated in any respect into WBD's hourly billing rates. The effect of including such expenses as part of the hourly billing rates would impose that cost upon clients who do not require extensive photocopying and other facilities and services. Only

---

<sup>3</sup> To the extent WBD uses an outside vendor for volume faxing, WBD bills those charges at cost. WBD seeks competitive market rates for such outside vendor services.

clients who actually use services of the types set forth in Exhibit B are separately charged for such services. WBD has made every effort to minimize its expenses in this case. The actual expenses incurred in providing professional services were necessary, reasonable, and tailored to serve the needs of the Committee.

**C. The Requested Compensation Should Be Allowed**

24. The professional time expended by the firm, the value of said time in fees, and the value of the actual expenses incurred by the firm were actual, reasonable, and necessary. In all respects, the firm's fees and expenses meet the standards for allowance under Bankruptcy Code section 330, as well as the standards that govern the review and allowance of bankruptcy professionals' fees. *See, e.g., In re Busy Beaver Bldg. Ctrs., Inc.*, 19 F.3d 833 (3d Cir. 1994).

25. Bankruptcy Code section 331 provides for interim compensation of professionals and incorporates the substantive standards of Bankruptcy Code section 330 to govern the Court's award of such compensation. *See* 11 U.S.C. § 331. Bankruptcy Code section 330 provides that a court may award a professional employed under Bankruptcy Code section 1103 the "reasonable compensation for actual, necessary services rendered . . . and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1)(A) (B). Bankruptcy Code section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded . . . the court shall consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- (A) the time spent on such services;
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;

- (D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (E) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- (F) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3).

26. The professional services performed by WBD were in the best interests of the Committee and other parties in interest. Compensation for the foregoing services as requested is commensurate with the complexity, importance, and time-sensitive nature of the problems, issues, or tasks involved. The professional services were performed with expedition and in an efficient manner.

27. Whenever possible, WBD sought to minimize the costs of its services to the Committee by assigning tasks as appropriate to junior attorneys and paraprofessionals whose rates are lower. WBD's delegation as such has resulted in a very desirable blended rate for its timekeepers in this engagement.

28. In sum, the services rendered by WBD were necessary and beneficial to the Committee, the Debtor's estate and were consistently performed in a timely manner commensurate with the complexity, importance, and nature of the issues involved. Accordingly, approval of the compensation for professional services and reimbursement of expenses sought herein is warranted.
