**FIRST CLAIM FOR RELIEF**

**(For Breach of Written Contract by Plaintiff St. Vincent Against Defendant)**

12. Plaintiff St. Vincent refers to and incorporates herein each and every allegation contained in Paragraphs 1 through 11 above, as though fully set forth herein.

13. On or about July 1, 1998, St. Vincent and L.A. Care entered into a written Hospital Per Diem Services Agreement (the “St. Vincent/L.A. Care Agreement”), as amended and supplemented from time to time thereafter, under which L.A. Care agreed to compensate St. Vincent for covered medical services rendered by it to L.A. Care’s members at agreed upon rates. A true and correct copy of the initial St. Vincent/L.A. Care Agreement is attached hereto and incorporated herein by reference as **Exhibit “A”**.<sup>2</sup>

14. Pursuant to Paragraph 2.2 of the St. Vincent/L.A. Care Agreement, St. Vincent was required to submit claims for payment (the “St. Vincent Fee for Service Claims”) to L.A. Care within six months of the date of service for L.A. Care members, and L.A. Care was required to make payments to St. Vincent within thirty days of receipt of the St. Vincent Fee for Service Claims at the rates agreed to between the parties. Other than charging L.A. Care’s members certain copayments or deductibles, pursuant to Paragraphs 2.3 and 4.6 to the St. Vincent/L.A. Care Agreement, St. Vincent is precluded from seeking payment for services rendered from those members or from the state or federal government or any agency thereof in the event that L.A. Care fails to pay a timely submitted claim.

15. Between November 2, 2017 and December 3, 2018, St. Vincent timely submitted no fewer than 606 St. Vincent Fee for Service Claims to L.A. Care for payment to St. Vincent within thirty days of the submission of each claim (the “Subject St. Vincent Fee for Service Claims”).

16. L.A. Care has systematically and materially breached the St. Vincent/L.A. Care Agreement by failing and refusing to pay St. Vincent for the services St. Vincent rendered to L.A.

---

<sup>2</sup> The St. Vincent/L.A. Care Agreement, including various of its amendments, contains a compensation schedule on an Exhibit D setting forth the rates of compensation for services rendered by St. Vincent to L.A. Care’s members, which rates are confidential pursuant to the terms of the St. Vincent/L.A. Care Agreement. That exhibit is therefore redacted from the attachment to this Complaint.

Care's members, or by paying St. Vincent amounts less than those owed pursuant to the terms of the St. Vincent/L.A. Care Agreement. A list of the Subject St. Vincent Fee for Service Claims, including the dates of submission, amounts owed and partial payments, if any, redacted to preserve confidential patient information, is attached hereto as **Exhibit "B"**.

17. St. Vincent has performed all terms and conditions required of it to be performed under the terms of the St. Vincent/L.A. Care Agreement.

18. Demand for payment of the unpaid and underpaid Subject St. Vincent Fee for Service Claims was made before, on, and after September 26, 2018, but L.A. Care has continued to fail and refuse to pay the Subject St. Vincent Fee for Service Claims.

19. By reason of L.A. Care's breach of the St. Vincent/L.A. Care Agreement, as of December 3, 2018, St. Vincent has been damaged in the sum of not less than \$4,320,335.32, of which \$1,895,994.64 constitutes systematic underpayments, plus interest thereon at the legal rate from and after thirty days after the submission of each Subject St. Vincent Fee for Service Claim to L.A. Care. To the extent L.A. Care continues to fail and refuse to timely and fully pay future St. Vincent Fee for Service Claims ("Future St. Vincent Fee for Service Claims") when due, St. Vincent shall seek herein additional damages for such non-payments or underpayments according to proof, plus interest thereon from each due date until paid in full.

## **SECOND CLAIM FOR RELIEF**

### **(For Turnover By Plaintiff St. Vincent Against Defendant)**

20. Plaintiff St. Vincent refers to and incorporates herein each and every allegation contained in Paragraphs 1 through 19 above, as though fully set forth herein.

21. Pursuant to § 541 of the Bankruptcy Code, the amounts owed by L.A. Care to St. Vincent under the terms of the St. Vincent/L.A. Care Agreement and the Subject St. Vincent Fee for Service Claims submitted to L.A. Care thereunder constitute property of St. Vincent's estate.

22. Section 542 of the Bankruptcy Code requires that any entity in possession, custody, or control of property that the debtor may use, sell, or lease under § 363 of the Bankruptcy Code shall deliver such property or the value of same to the debtor.

23. Pursuant to § 542(b) of the Bankruptcy Code, an entity that owes a matured debt that is property of the bankruptcy estate, shall pay such debt to the debtor.

24. On or about September 26, 2018, and prior and subsequent thereto, St. Vincent made demand on L.A. Care to turn over the amounts owed to it under the terms of the St. Vincent/L.A. Care Agreement.

25. Despite such demand, Defendant has failed and continues to fail and refuse to turn over the sums owed to St. Vincent.

26. Plaintiff is entitled to an order directing L.A. Care (a) to immediately pay the amounts owing to St. Vincent on its St. Vincent Fee for Service Claims, plus interest at the legal rate from the due date of each claim submitted by St. Vincent to L.A. Care and any Future St. Vincent Fee for Service Claims that accrue on and after December 3, 2018, though the date of judgment, plus interest thereon at the legal rate, according to proof, and (b) to immediately pay no less than \$89,589.64, representing the amounts of the unauthorized Setoffs taken by Defendant through December 3, 2018 in violation of the automatic stay in relation to the St. Vincent Capitation Fee Deductions, as defined and set forth in the Fourth and Ninth Claims for Relief below.

### **THIRD CLAIM FOR RELIEF**

#### **(For Unjust Enrichment By Plaintiff St. Vincent Against Defendant)**

27. Plaintiff St. Vincent refers to and incorporates herein each and every allegation contained in Paragraphs 1 through 26 above, as though fully set forth herein.

28. St. Vincent provided services to L.A. Care's members on behalf of and for the benefit of L.A. Care.

29. St. Vincent provided the services with the understanding that it would be paid for the services rendered by L.A. Care, but L.A. Care has failed to pay for such services.

30. L.A. Care has obtained the benefit from those services and has been unjustly enriched thereby to the detriment of St. Vincent.

31. By reason thereof, St. Vincent is entitled to an order directing L.A. Care to (a) disgorge \$4,320,335.32 plus interest at the legal rate from thirty days after submission of each Subject St. Vincent Fee for Service Claim and the amount of any Future St. Vincent Fee for Service

1 Claims that accrue on and after December 3, 2018, through the date of judgment, plus interest  
2 thereon at the legal rate, according to proof, and (b) disgorge no less than \$89,589.64, representing  
3 the amounts of the unauthorized Setoffs taken by Defendant through December 3, 2018 as to the  
4 St. Vincent Capitation Fee Deductions in violation of the automatic stay, as defined and set forth in  
5 the Fourth and Ninth Claims for Relief below.

6 **FOURTH CLAIM FOR RELIEF**

7 **(For Damages for Violation of the Automatic Stay**

8 **By Plaintiff St. Vincent Against Defendant)**

9 32. Plaintiff St. Vincent refers to and incorporates herein each and every allegation  
10 contained in Paragraphs 1 through 31 above, as though fully set forth herein.

11 33. Defendant had actual notice of the bankruptcy filings by the Debtors and of the  
12 imposition of the automatic stay by virtue of the *Notice of Case Commencement of Chapter 11 Cases*  
13 *and Meeting of Creditors Pursuant to Section 341 of the Bankruptcy Code* that was served on  
14 Defendant. [Docket No.185; 271] Defendant was also sent a formal letter informing Defendant of  
15 the Debtors' bankruptcy filings on September 14, 2018.

16 34. Notwithstanding its knowledge of the bankruptcy filings, Defendant made deductions  
17 (the "St. Vincent Capitation Fee Deductions") from capitation payments (the "Capitation Fees") due  
18 to St. Vincent on a monthly basis for amounts allegedly owing to Defendant under the St.  
19 Vincent/L.A. Care Agreement that, upon information and belief, arose prior to the Petition Date, in  
20 an amount of not less than \$89,589.64 (the "Setoffs").

21 35. Pursuant to § 541 of the Bankruptcy Code, the amounts owed by Defendant to St.  
22 Vincent arising after the Petition Date on account of Capitation Payments constitute property of St.  
23 Vincent's bankruptcy estate.

24 36. The Setoffs were not authorized by the Debtors and no prior approval was received  
25 from the Court by Defendant prior to effectuating the Setoffs.

26 37. By effectuating the Setoffs, Defendant violated the automatic stay provisions in at  
27 least the following ways: (i) exercising control over property of St. Vincent's bankruptcy estate  
28 within the meaning of § 362(a)(3) of the Bankruptcy Code; (ii) collecting or recovering a claim

1 against the debtor that arose before the Petition Date within the meaning of § 362(a)(6) of the  
2 Bankruptcy Code; and (iii) setting off debt owing to St. Vincent that arose before the Petition Date  
3 within the meaning of § 362(a)(7) of the Bankruptcy Code.

4 38. St. Vincent is entitled to a determination that L.A. Care's acts of effectuating the  
5 Setoffs violate the automatic stay and that St. Vincent is entitled to return of not less than \$89,589.64  
6 and any other amounts improperly setoff after December 3, 2018 against Capitation Fee amounts  
7 owing to St. Vincent on a monthly basis as St. Vincent Capitation Fees, and for other compensatory  
8 damages according to proof.

14 Hospital Services Agreement (the "St. Francis/L.A. Care Agreement"), as amended and  
15 supplemented from time to time thereafter under which L.A. Care agreed to compensate St. Francis  
16 for covered medical services rendered by it to L.A. Care's members at agreed upon rates. A true and  
17 correct copy of the initial St. Francis/L.A. Care Agreement is attached hereto and incorporated  
18 herein by reference as **Exhibit "C"**.<sup>3</sup>

19 41. Pursuant to Paragraph 3.2 of the St. Francis/L.A. Care Agreement, St. Francis was  
20 required to submit fee for service claims for payment (the "St. Francis Fee for Service Claims") to  
21 L.A. Care within six months of the date of service for L.A. Care members, and L.A. Care was  
22 required to make payments to St. Francis within thirty days of receipt of the St. Francis Fee for

27 compensation schedule on an Exhibit D setting forth the rates of compensation for services rendered  
28 by St. Francis to L.A. Care's members, which rates are confidential pursuant to the terms of the St.  
Francis/L.A. Care Agreement. That Exhibit is therefore redacted from the attachment to this

12 **“D”**.

13 44. St. Francis has performed all terms and conditions required of it to be performed  
14 under the terms of the St. Francis/L.A. Care Agreement.

15 45. Demand for payment of the unpaid and underpaid Subject St. Francis Fee for Service

I. Required Provisions

The following provisions shall be included in all Plan Subcontracts and shall be required to be in any subcontract between a Plan Participating Provider and any health care provider from which the Plan Participating Provider obtains usual or frequently used health care services on behalf of Plan members.

Capitalized terms have the same meaning as set forth in the services Agreement between Local Initiative and Plan ("Local Initiative Plan Contract"); provided that Plan may use different terminology as necessary to be consistent with the terms used in the Plan Subcontract (e.g., referring to the Plan Subcontract as a "Provider Agreement") so long as such different terminology does not change the meaning hereof.

### AGREEMENT

NOW THEREFORE, the parties hereto agree as follows:

Capitalized terms shall have the meaning ascribed to them as set forth in Exhibit A, attached hereto and incorporated herein by this reference.

## **1. REPRESENTATIONS, WARRANTIES, COVENANTS, AND OBLIGATIONS OF HOSPITAL**

Hospital represents, warrants, and covenants, as applicable, to Healthplan the following:

1.1. Authority. Hospital has full right, power, and authority to execute and deliver this Agreement and to carry out the Hospital Services contemplated hereunder. All corporate and other acts or proceedings required to be taken by Hospital to authorize the execution, delivery, and performance of this Agreement have been duly and properly taken.

1.2. California Children's Services Program ("CCS"). Hospital shall assist Healthplan in identifying Members who qualify for the CCS program and, if Hospital is not a CCS certified provider, Hospital shall assist Healthplan in transferring such Members to an approved CCS facility or hospital for treatment of the specific CCS qualifying condition as set forth in the Provider Manual. Provided that Hospital is a CCS certified provider, Hospital shall bill the State Department of Health Services ("DHS") directly for the CCS services rendered.

1.3. Accreditation with JCAHO. The Hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations ("JCAHO") and shall at all times throughout the Term hereof maintain such accreditation. The Hospital shall submit indicator data relevant to the JCAHO Indicator Measurement System to Healthplan. The data shall be submitted on a timely basis and shall meet the reasonable standards set by JCAHO for completeness and reliability.

1.4. Financial Covenants. Hospital is, and throughout the Term shall be, financially solvent, and will maintain a positive net worth and an adequate cash flow sufficient to perform the Hospital Services and shall, upon Healthplan's request, submit annual audited financial statements to Healthplan.

1.5. Access to Books and Records. Healthplan shall have the right, upon five (5) business days' prior written notice and during normal business hours (or at such other times as may be mutually agreed), to inspect the accounting and administrative books and records of Hospital as is permitted and required by law. The inspection shall take place at Hospital's principal business office location. Hospital shall also permit the inspection of such books and records by such State and Federal regulatory agencies as may be required by law. When requested by Healthplan or any State or Federal regulatory agency, Hospital shall produce copies of any such records at no cost. Hospital shall retain such accounting and administrative books and records for three (3) years after final payment under this Agreement.

1.6. Billing Members, State, and Federal Government. In the event Healthplan fails to pay Hospital for the Hospital Services rendered pursuant to this Agreement, Hospital shall neither (i) hold the State or Federal government or any agency thereof or any Member liable for any sums owed by Healthplan, nor (ii) maintain any action at law against the State or Federal government or any agency thereof or any Member to collect sums owed by Healthplan.

1.7. Cooperation with Healthplan. Hospital shall comply with Healthplan's Member satisfaction standards as set forth in the Provider Manual and shall assist in the maintenance of statistical data, records, and reporting requirements and shall implement certain policies, including such policies as may be internal to Hospital, as may be reasonably required by Healthplan for Healthplan's compliance with the Act, and the regulatory, contractual or accreditation requirements of MRMIB, NCQA, HEDIS, DMC, CMS, DHS, JCAHO, and any other applicable regulatory or accrediting agencies and bodies.

1.8. Facilities and Equipment. Hospital and each of its facilities are in compliance in all material respects with all city, State and Federal ordinances, rules and regulations. Hospital's equipment is, and throughout the Term hereof shall be, regularly maintained substantially in accordance with the manufacturer's standards. Hospital's equipment is and shall remain throughout the Term hereof, the type and quality as would be reasonably expected of a hospital performing the Hospital Services contemplated under the terms of this Agreement. Hospital shall maintain during the Term such facilities, equipment, personnel and administrative services sufficient to provide the Hospital Services as may be required or recommended pursuant to the NCQA, DMHC, CMS, DHS and JCAHO or such other accrediting or regulatory agencies or bodies. Hospital shall permit Healthplan to conduct credentialing and/or accrediting activities at all of Hospital's facilities as may be reasonably required from time to time by Healthplan.

1.9. Insurance.

(a) Professional Liability. Hospital has, and shall maintain throughout the Term of this Agreement, at its expense, professional liability insurance with limits of not less than five million dollars (\$5,000,000.00) per occurrence and ten million dollars (\$10,000,000.00) in the aggregate for the year of coverage. Hospital's professional liability insurance shall be either "claims made" or "per occurrence" at the discretion of Hospital; provided that if Hospital elects "claims made" coverage, it shall provide tail coverage upon the expiration or termination of this Agreement with such commercially reasonable limits and for such commercially reasonable time period as the parties mutually agree. Hospital shall provide copies of such insurance policies within five (5) business days of a written request by Healthplan.

(b) Business Insurance. Hospital has, and shall maintain throughout the Term of this Agreement, at its expense, commercial general liability (broad form

coverage) in amounts and in a form necessary to reasonably protect against loss from claims arising out of Hospital's business activities. Hospital shall provide copies of such insurance policies within five (5) business days of a written request by Healthplan.

1.10. Member Complaints and Grievances. Hospital shall comply with Healthplan's Member grievance policy as set forth in the Provider Manual. If medical records are requested in connection with a complaint or grievance, Hospital shall provide a written response and the Member's medical records at Hospital's expense to Medical Director. If Hospital fails to provide such medical records within five (5) business days, Hospital shall permit Healthplan or Healthplan's designated agent, at Hospital's expense, to access and copy the medical records requested by Medical Director.

1.11. Healthplan Name and Logo. Hospital shall not use Healthplan's name and logo without the consent of Healthplan.

1.12. Confidentiality of Data.

(a) Hospital shall maintain all information, records, and data collected from Healthplan in connection with this Agreement which is proprietary to Healthplan (excluding the medical records of Members), and shall maintain the contents of this Agreement in confidence. Hospital shall not disclose any such information (except to its attorneys, accountants, consultants, actuaries, and other representatives (collectively, "Hospital's Agents")) without the express written consent of Healthplan. Hospital shall be liable for the improper disclosure of such information by Hospital's Agents.

(b) The compensation for Hospital Services as set forth in Exhibit D of this Agreement shall remain confidential and be disclosed only in accordance with the time limits and other conditions set forth in the MRMIB Agreement, Government Code Section 6254, and other applicable laws.

1.13. Nondiscrimination. (a) Maintenance. Hospital shall maintain (or cause to be maintained) such records relating to Hospital Services as required by law and provide such information to Healthplan as may be reasonably required by Healthplan to comply with its obligations pursuant to the Act, the rules, and regulations promulgated thereunder, and other State and Federal rules and regulations. 1.15. Continuing Obligations of Medical Care. Hospital shall, upon the termination of this Agreement or its expiration, continue to render Hospital Services to Members who are then under the care of Hospital and Hospital's physicians until such time as Healthplan can make reasonable and medically appropriate provisions for the assumption of such medical care by another Participating Provider at the rates set forth on the Fee For Service Payment Schedule attached hereto as Exhibit D.

1.16. Subcontracts. Hospital shall provide Healthplan with a specimen of the standard forms of contract (together with any general variations to be used in terms and provisions of such standard forms) made, or to be made, with parties with which Hospital has, or will have, a contractual relationship to provide the Hospital Services. The subcontracts contemplated under this Section 1.16 shall incorporate provisions necessary to comply with requirements of the Act, NCQA, HEDIS, DMHC, CMS, DHS, JCAHO, and any other regulatory or accrediting agencies and bodies.

Emergency services shall be reported to Healthplan on the date the services are rendered or within forty-eight (48) hours if services are rendered on a weekend or holiday. 1.20. Cultural and Linguistic Information. Upon Healthplan's request, Hospital shall provide a list of Hospital's staff used for interpretation services by language, staff position and name, and if tested for language proficiency, the list of agencies and their qualifications for contracted interpretation services, and evidence of member communication on how to access telephonic interpretation services.

If Healthplan becomes subject to compulsory process to disclose the Confidential Information, Healthplan may disclose the Confidential Information, but only to the extent so required if Healthplan first provides Hospital with reasonable prior written notice before making such disclosures in order to provide Hospital an opportunity to seek appropriate protection.

2.4. Hospital Name and Logo. Healthplan shall not use Hospital's name and logo without the written consent of Hospital; provided that Healthplan may use Hospital's name and logo without Hospital's consent in its directory and other printed material that is required to be distributed to Members.

In the event that a claim is denied, Healthplan shall provide the denial and reasons therefore to Hospital and Member in writing.

3.3. Copayments. Hospital may charge Members a certain Copayment amount for the Hospital Services as described on the membership identification card provided by Healthplan. Except for such authorized and permitted Copayments, Hospital shall not charge, assess or claim any other fees or assessments from the Members for Hospital Services. In addition, if the Member is also covered for Health Services under another plan of coverage, Hospital may charge one deductible or copayment only as allowed pursuant to such Member's primary plan of coverage. Healthplan shall ensure proper collection of any such Copayments as provided in the Provider Manual, attached hereto and incorporated by reference herein as Exhibit C.

3.4. Children with CCS Eligible Conditions. Certain Members may be diagnosed with certain conditions that may qualify such Members for benefits under the California Children's Services Program ("CCS Member"). Hospital shall seek reimbursement for Members with a CCS qualifying diagnosis from DHS if Hospital is a CCS certified provider; otherwise Hospital shall notify Healthplan of such diagnosis and assist Healthplan in transferring such Member to a certified CCS hospital or facility for treatment.

3.5. Payment after Termination of Agreement. Healthplan shall pay Hospital for all Hospital Services rendered after the termination of this Agreement pursuant to the Fee For Service Payment Schedule. Such Fee For Service Payment Schedule shall survive the termination or expiration of this Agreement until any Member receiving Hospital Services as of the date of such termination of this Agreement is discharged.

3.6. Retroactive Adjustments to Compensation.

(a) Overpayment. In the event Healthplan overpays for Hospital Services, Healthplan shall notify Hospital in writing of the overpayment. Hospital shall have thirty (30) business days from the date of receipt of Healthplan's notice to contest the notice of overpayment. If Hospital fails to contest such notice of overpayment within thirty (30) business days or if Hospital elects to reimburse Healthplan and fails to reimburse Healthplan within thirty (30) business days from the date of Hospital's notification to reimburse, Healthplan may deduct such overpayment from any future payments. If the parties fail to resolve contested overpayments, the matter shall be submitted to arbitration as set forth in this Agreement.

(b) Underpayment. In the event Healthplan underpays for Hospital Services, underpaid amounts shall be paid in the next payment due Hospital following the date of determination that Hospital was underpaid.

3.8. Coordination of Benefits.

When another payor is primary, Hospital shall follow that payor's billing rules.

(b) When it is determined that a Member's coverage is secondary under applicable Coordination of Benefit rules, Healthplan shall pay Hospital no greater amount than that which, when added to amounts payable to Hospital from other sources

under applicable Coordination of Benefit rules, equals one hundred percent (100%) of the reimbursement to Hospital in accordance with the Fee For Service Payment Schedule. Healthplan shall not be liable for payment of any amount unless it has received Hospital's claim for such secondary payment within ninety (90) calendar days of the date that Healthplan is determined to be secondary.

(c) When a Member's coverage through Healthplan is determined to be primary under applicable Coordination of Benefit rules, Healthplan shall pay Hospital in accordance with the Fee For Service Payment Schedule for Hospital Services provided to Members without regard for the obligations of any secondary payors.

3.9. Survival of Obligations. Any payment obligation which arises under this Agreement shall survive the termination or expiration of this Agreement.

5.3. Notice/Opportunity to Cure. With respect to this Agreement, the non-breaching party shall provide written notice of its intent to terminate this Agreement to the alleged breaching party. The notice shall clearly identify the breach and shall request that the parties meet to agree upon a reasonably acceptable plan of action to cure such breach, and the parties shall meet on a date to be agreed upon within thirty (30) calendar days of receipt of such notice by the alleged breaching party. The alleged breaching party shall receive a reasonable period of time to cure such breach not to exceed ninety (90) calendar days, and failure to cure such breach shall result in the termination of this Agreement. Notwithstanding the foregoing, in the sole discretion of Healthplan, such breach is not amenable to cure within a reasonable period of time and such breach directly and substantially affects the health status of Members, termination may be immediate or as otherwise indicated in the notice of breach.

5.4. Force Majeure. In the event that performance by either Healthplan or Hospital of any covenant, duty or obligation imposed under this Agreement becomes impossible or impracticable because of the occurrence of an event of force majeure, including, without limitation, acts of war, insurrection, civil strife and commotion, labor unrest or acts of God, then performance of such covenant, duty or obligation by such party shall be excused during the continuance of such event of force majeure; provided, however, that such performance by such party shall be accomplished as soon as reasonably practicable after such event of force majeure has ceased.

Hospital shall make available for review by Healthplan or its designated agent any monitoring reports issued as a result of State or Federal review for compliance. Hospital agrees to review the practice patterns of its Affiliated Providers, and to review services rendered by them.

Hospital agrees to use its best efforts to rectify any identified problems. Hospital shall comply with Healthplan's Quality Management Program.

Hospital, if a Federally Qualified Health Center (FQHC), shall make available for review by Healthplan any monitoring reports issued as a result of State or Federal review for compliance with FQHC regulations and standards.

In addition, Hospital shall provide Healthplan with the most recent copy of its initial site certification review or annual facility site review (including a quality improvement component) whichever has occurred within the twelve (12) calendar months prior to Healthplan's request and which has been performed for that sites participation in Medi-cal, Medicare, or commercial managed care programs.

If Hospital does not have any contracts with managed care programs and has consequently not had such a review performed at its service site(s), Hospital shall allow, upon Healthplan's request, Healthplan's designated staff or designated personnel representing Healthplan or County under contract to perform such site review(s) under this Agreement. Such initial review(s) must be completed and the site(s) found in compliance with Knox-Keene Act requirements before services may commence under this Agreement.

Hospital shall take corrective action on any deficiencies identified through any such site review performed either by Healthplan or its designated agent representing Healthplan or County under contract. If services have not commenced under this Agreement, such corrective action shall be accomplished before services commence. If services are currently being provided under this Agreement, such corrective action shall be accomplished within sixty (60) calendar days except, that if the deficiencies compromise the quality of patient care delivered under this Agreement, Healthplan may suspend or recommend termination of this Agreement pursuant to Section 5.2 of this Agreement.

If Hospital is not currently participating in, or contemplating participation in, managed care programs but has already been licensed by the State Department of Health Services as a free clinic or a community clinic, Healthplan may accept the satisfactory completion of the State inspection for such licensure in lieu of the site certification process requirements described in this Section G.

- e. If Healthplan or County find that any of the above provisions have been violated, the same shall constitute a material breach

of this Agreement upon which Healthplan may determine to cancel, terminate, or suspend this Agreement. While Healthplan or County reserve the right to determine independently that the anti-discrimination provisions of this Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Hospital has violated Federal or State anti-discrimination laws or regulations shall constitute a finding by Healthplan or County that Hospital has violated the anti-discrimination provisions of this Agreement.

- f. The parties agree that in the event that Hospital violates the anti-discrimination provisions of this Agreement, County shall, at its option, be entitled to a sum of Five Hundred Dollars (\$500) pursuant to California Civil Code section 1672 as liquidated damages in lieu of canceling, terminating, or suspending this Agreement.
- I. Unlawful Solicitation: Hospital shall inform all of its employees and Affiliated Providers providing services hereunder of the provisions of Article 9 of Chapter 4 of Division 3, commencing with section 6150, of the Business and Professions Code of the State of California (i.e., State Bar Act provisions regarding unlawful solicitation as a runner or capper for attorneys) and shall take positive and affirmative steps in its performance hereunder to ensure that there is no violation of said provisions by its officers, employees, agents, or volunteers. Hospital shall utilize the attorney referral service of all those bar associations within Los Angeles County that have such a service.
- J. Conflict of Interest: No County employee whose position with County enables such employee to influence the award of this Agreement or any competing agreement, and no spouse or economic dependent of such employee, shall be employed in any capacity by Hospital or have any other direct or indirect financial interest in this Agreement. No officer or employee of Hospital, who may financially benefit from the performance of work hereunder, shall in any way participate in County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.

- M. Employment Eligibility Verification: Hospital warrants that it fully complies with all Federal statutes and regulations regarding employment of aliens and others, and that all its employees performing services hereunder meet the citizenship or alien status requirements contained in Federal statutes and regulations. Hospital shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal statutes and regulations, as they currently exist and as they may be hereafter amended. Hospital shall retain such documentation for all covered employees for the period prescribed by law. Hospital shall indemnify, defend, and hold harmless County, its officers, agents, and employees from employer sanctions and any other liability which may be assessed against Hospital or County in connection with any alleged violation of Federal statutes or regulations pertaining to the eligibility for employment of persons performing services under this Agreement.
- N. Member Nonliability: Hospital hereby agrees that in no event, including, but not limited to non-payment by Healthplan, Healthplan insolvency, or Healthplan breach of this Agreement, shall Hospital bill, charge, collect a deposit from, seek compensation, remuneration, or reimbursement from, or have any recourse against any Member, or persons other than Healthplan acting on a Member's behalf, for services provided hereunder, except as may be expressly provided elsewhere in this Agreement, or in the State/ County Contract, or both. Hospital further agrees that (1) this provision shall survive the termination of this Agreement regardless of the cause giving rise to the termination and shall be construed to be for the benefit of Members; and that (2) this provision supersedes any oral or written contrary agreement now existing or hereafter entered into between Hospital and a Member, or persons other than Healthplan acting on a Member's behalf.
- O. State Nondiscrimination Clause: During the performance of this Agreement, Hospital and its subcontractors shall not unlawfully discriminate, harass, or allow harassment, against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, and denial of family care leave, among other things. Hospital and its subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. Hospital and its subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, section

12900 et seq.) and the applicable regulations promulgated there under (California Administrative Code, Title 2, section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, section 12990, (a-f), set forth in Chapter 5 of the Division 4 of Title 2 of the CCR are incorporated into this contract by reference and made a part hereof as if set forth in full. Hospital and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. Hospital shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.

- P. Environmental Tobacco Smoke Certification: By signing this Agreement, Hospital certifies that it will comply with the requirements of Public Law 103-227, also known as the U.S. Pro- Children Act of 1994 (20 U.S.C. section 6081 et seq) and will therefore not allow smoking within any portion of any indoor facility used for the provision of health services for children. Hospital further agrees that it will insert this certification into any subcontracts which provide children's health services. Hospital understands that failure to comply with the provisions of this law may result in the imposition of an administrative compliance order on the responsible entity.
- Q. Energy Conservation: Hospital shall comply with the mandatory standards and policies relating to energy efficiency which are contained in the State of California's energy conservation plan issued in compliance with the Federal Energy Policy and Conservation Act (Public Law 94-163, 89 Statute 871).

Hospital shall immediately notify Healthplan of any such disclosed persons.

T. Hospital's Warranty of Adherence to County's Child Support Compliance Program: Hospital acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through County contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

As required by County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting Hospital's duty under this Agreement to comply with all applicable provisions of law, Hospital warrants that it is now in compliance and shall during the term of this Agreement maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section .1088.55, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department ("CSSD") Notices of Wage and Earnings Assignment for Child or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

Such certification shall be submitted to the Child Support Compliance Program Certification ("CSCP Certification").

Failure of Hospital to submit the CSCP Certification (which includes certification that the POI Form has been submitted to the CSSD) to CSSD shall represent a material breach of contract upon which Healthplan may immediately suspend or terminate this Agreement.

U. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program: Failure of Hospital to maintain compliance with the requirements set forth in Section T above shall constitute a default by Hospital under this Agreement. Without limiting the rights and remedies available to Healthplan under any

other provision of this Agreement, failure to cure such default within ninety (90) calendar days of written notice by Healthplan or County's CSSD shall be grounds upon which Healthplan or County's Board of Supervisors may terminate this Agreement pursuant to Section 5.2 of this Agreement.

- V. Hospital's Acknowledgment of County's Commitment to Child Support Enforcement: Hospital acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Hospital understands that it is County's policy to encourage all County Contractors to voluntarily post County's "L.A. 's Most Wanted: Delinquent Parents" poster in a prominent position at Hospital's place of business. County's CSSD will supply Hospital with the poster to be used.
- W. Hospital's Exclusion From Participation in a Federally Funded Program: Hospital hereby warrants that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the federal government, directly or indirectly, in whole or in part, and that Hospital will notify Healthplan within thirty (30) calendar days in writing of: (1) any event that would require Hospital or a staff member's mandatory exclusion from participation in a federally-funded health care program; and (2) any exclusionary action taken by any agency of the federal government against Hospital or one or more staff members barring the staff members, from participation in a federally- funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part. Hospital shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any federal exclusion of Hospital or its staff members from such participation in a federally-funded health care program. Failure by Hospital to meet the requirements of this Section shall constitute a material breach of contract upon which Healthplan may immediately terminate or suspend this Agreement.
- X. Service Delivery Site-Maintenance Standards: Hospital shall assure that the locations where services are provided under provisions of this Agreement are operated at all times in accordance with County community standards with regard to property maintenance and repair, graffiti abatement, refuse removal, fire safety, landscaping, and in full compliance with all applicable local laws, ordinances, and regulations relating to the property. County's periodic monitoring visits to Hospital's facilities shall include a review of compliance with the provisions of this Section.
- Y. Notice to Employees Regarding the Federal Earned Income Credit: Hospital shall notify its employees, and shall require its subcontractors to notify its employees, that they may be eligible for the Federal Earned Income Credit-under the Federal income tax laws. - Z. Hospital Responsibility and Debarment:

a. A responsible Hospital is a Hospital who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is County's policy to conduct business only with responsible Hospitals.

b. Hospital is hereby notified that, in accordance with Chapter 2.202 of the County Code, if County acquires information concerning the performance of Hospital under this Agreement or other contracts, which indicates that Hospital is not responsible, County may in addition to other remedies provided under this Agreement, debar Hospital from bidding on County contracts for a specified period of time not to exceed three (3) years, and terminate this Agreement and any or all existing contracts Hospital may have with County.

c. County may debar Hospital if the Board of Supervisors finds, in its discretion, that Hospital has done any of the following: (1) violated any term of this Agreement or other contract with County, (2) committed any act or omission which negatively reflects on Hospital's quality, fitness, or capacity to perform a contract with County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against County or any other public entity.

d. If there is evidence that Hospital may be subject to debarment, Healthplan will notify Hospital in writing of the evidence which is the basis for the proposed debarment and will advise Hospital of the scheduled date for a debarment hearing before County's Contractor Hearing Board.

e. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Hospital or Hospital's representative, or both, shall be given an opportunity to submit evidence at that hearing. After the hearing, the Hospital Hearing Board shall prepare a proposed decision, which shall contain a recommendation regarding whether Hospital should be debarred, and, if so, the appropriate length of time of the debarment. If Hospital fails to avail itself of the opportunity to submit evidence to the Contractor Hearing Board, Hospital shall be deemed to have waived all rights of appeal.

f. A record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right at its sole discretion to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

BB. Compliance with the County's Jury Service Program: This Agreement is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

a. Unless Hospital has demonstrated to the County's satisfaction either that Hospital is not a "Contractor" as defined under the Jury Service Program (section 2.203.020 of the County Code) or that Hospital qualifies for an exception to the Jury Service Program (section 2.203.070 of the County Code), Hospital shall have and adhere to a written policy that provides that its Employees shall receive from the Hospital, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Hospital or that the Hospital deduct from the Employee's regular pay the fees received for jury service.

b. For purposes of this subsection, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of Hospital. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: (1) the lesser number is a recognized industry standard as determined by the County, or (2) Hospital has a long- standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of ninety (90) days or less within a 12- month period are not considered full-time for purposes of the Jury Service Program. If Hospital uses any subcontracts to perform services under this Agreement, the subcontractor shall also be subject to the provisions of this subsection. The provisions of this subsection shall be inserted into any such subcontractor agreement and a copy of the Jury Service Program shall be attached to the agreement.

c. If Hospital is not required to comply with the Jury Service Program when this Agreement commences, Hospital shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Hospital shall immediately notify Healthplan if Hospital at any time either comes within the Jury Service Program's definition of "Contractor" or if Hospital no longer qualifies for an exception to the Jury Service Program. In either event, Hospital shall immediately implement a written policy consistent with the Jury Service Program. The Healthplan may also require, at any time during this Agreement and at its sole discretion, that

Hospital demonstrate to the Healthplan's satisfaction that Hospital either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Hospital continues to qualify for an exception to the Program. The required "County of Los Angeles Contractor Employee Jury Service Program Certification Form and Application for Exception" form to be completed by Hospital will be provided by the Healthplan directly to Hospital at a later date.

d. Hospital's violation of this subsection of this Agreement may constitute a material breach of this Agreement. In the event of such material breach, Healthplan may, in its sole discretion, terminate this Agreement and/or bar Hospital from the award of future Healthplan or County contracts for a period of time consistent with the seriousness of the breach.

CC. Safely Surrendered Baby Law: Hospital shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, information regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. Parts 160, 162 and 164 under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").

B. The parties hereto have a prior Agreement under which Business Associate regularly uses and/or discloses Protected Health Information in its performance of services for L.A. Care;

C. This Addendum sets forth the terms and conditions pursuant to which Protected Health Information that is provided by L.A. Care to Business Associate, or created or received by Business Associate from or on behalf of L.A. Care, will be handled during the term of the Agreement and after its termination.

NOW, THEREFORE, for and in consideration of the recitals above and the mutual covenants and conditions contained herein, Business Associate and L.A. Care agree as follows:

**1. Permitted Uses and Disclosures of Protected Health Information**

Pursuant to the Agreement, Business Associate provides services for L.A. Care that involve the use and disclosure of Protected Health Information. The term "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 C.F.R. § 164.501, limited to the information created or received by Business Associate from or on behalf of L.A. Care. Except as otherwise specified herein, Business Associate may use or disclose Protected Health Information necessary to perform its obligations under the Agreement, provided that such use or disclosure would not violate the HIPAA Regulations if done by L.A. Care. All other uses not authorized by this Addendum are prohibited. Additionally, Business Associate may disclose Protected Health Information for the purposes authorized by this Addendum only (i) to its employees, subcontractors, and agents, in accordance with Section 2.1(e) hereof, (ii) as directed by L.A. Care, or (iii) as otherwise permitted by the terms of this Addendum.

2. **Responsibilities of the Parties**

2.1 **Responsibilities of Business Associate.** With regard to its use and/or disclosure of Protected Health Information, Business Associate hereby agrees to:

(a) Not use or further disclose Protected Health Information other than as permitted or required by this Addendum or as otherwise required by law.

(b) Use appropriate safeguards to prevent the use or disclosure of the Protected Health Information other than as provided for by this Addendum.

(c) Implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of any electronic Protected Health Information that Business Associate creates, receives, maintains, or transmits on behalf of L.A. Care.

(d) Establish and implement procedures for mitigating, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of Protected Health Information that violated the requirements of this Addendum.

(e) Report to the designated privacy officer of L.A. Care, in writing, any use and/or disclosure of the Protected Health Information that is not permitted or required by this Addendum of which Business Associate becomes aware within three (3) calendar days of Business Associate's discovery of such unauthorized use and/or disclosure.

(f) Require all of its employees, representatives, and agents, including subcontractors, that receive or use or have access to Protected Health Information under this Addendum to agree in writing to adhere to the same restrictions and conditions on the use and/or disclosure of Protected Health Information that apply herein, including the obligation to return or destroy the Protected Health Information as provided under Section 4.3 hereof. Implement and maintain sanctions against any agent or subcontractor that violates such restrictions and conditions and mitigate the effects of any such violation.

(g) Provide access, within ten (10) calendar days of receipt by Business Associate of a request by L.A. Care, to Protected Health Information in a Designated Record Set, to L.A. Care or, as directed by L.A. Care, to an Individual in order to meet the requirements under 45 C.F.R. § 164.524 (the term "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 C.F.R. § 164.501; the term "Individual" shall mean the person who is the subject of Protected Health Information).

(h) Make any amendment(s) to Protected Health Information in a Designated Record Set that L.A. Care directs or agrees to pursuant to 45 C.F.R. § 164.526 at the request of L.A. Care or an Individual, within ten (10) calendar days of receipt by Business Associate of such request. If any Individual requests an amendment

to Protected Health Information directly from Business Associate or its agent or subcontractor, Business Associate must notify L.A. Care in writing within five (5) calendar days of receipt of the request. Any denial of amendment of Protected Health Information maintained by Business Associate or its agent or subcontractor shall be the responsibility of L.A. Care.

(i) Make available all records, books, Addendums, and policies and procedures relating to the use and/or disclosure of Protected Health Information received from, or created or received by Business Associate on behalf of, L.A. Care available to L.A. Care, or at the request of L.A. Care to the Secretary of the U.S. Department of Health and Human Services ("HHS"), in a time and manner designated by L.A. Care or the Secretary, for purposes of the Secretary determining L.A. Care's compliance with the HIPAA Regulations, subject to attorney-client and other applicable legal privileges.

(j) Within ten (10) calendar days of receiving a written request from L.A. Care, make available to L.A. Care during normal business hours at Business Associate's offices all records, books, Addendums, and policies and procedures relating to the use and/or disclosure of Protected Health Information for purposes of enabling L.A. Care to determine Business Associate's compliance with the terms of this Addendum.

(k) Document such disclosures of Protected Health Information and information related to such disclosures as would be required for L.A. Care to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528. Business Associate shall retain such documentation during the term of this Addendum and for a period of six (6) following its termination. Business Associate shall not disclose Protected Health Information unless directed in writing by L.A. Care or as expressly permitted under this Addendum of the Agreement.

(l) Within ten (10) calendar days of receiving a written request from L.A. Care, provide to L.A. Care such information as is requested by L.A. Care to permit L.A. Care to respond to a request by an Individual for an accounting of disclosures of the Individual's Protected Health Information in accordance with 45 C.F.R. § 164.528.

2.2. Responsibilities of L.A. Care. With regard to the use and/or disclosure of Protected Health Information by Business Associate, L.A. Care hereby agrees to:

(a) Provide Business Associate with a copy of the notice of privacy practices (the "Notice") that L.A. Care provides to Individuals pursuant to 45 C.F.R. § 164.520, as well as any changes in Notice;

(b) Inform Business Associate of any changes in, or revocation of, the consent or authorization provided to L.A. Care by an Individual to use Protected Health Information, if such changes affect Business Associate's permitted or required uses and disclosures; and

(c) Notify Business Associate, in writing and in a timely manner, of any restriction to the use and/or disclosure of Protected Health Information that L.A. Care agreed to as provided for in 45 C.F.R. § 164.522.

3. **Mutual Representation and Warranty.**

Each party hereto represents and warrants to the other party hereto that all of its employees, agents, representatives and members of its work force, whose services may be used to fulfill obligations under this Addendum, are or shall be appropriately informed of the terms of this Addendum and are under legal obligation to fully comply with all provisions of this Addendum.

4. **Term and Termination.**

4.1 **Term.** This Addendum shall become effective on the Effective Date, and shall terminate when all of the Protected Health Information provided by L.A. Care to Business Associate, or created or received by Business Associate on behalf of L.A. Care, is destroyed or returned to L.A. Care, or, if it is infeasible to return or destroy the Protected Health Information, protections are extended to such information, in accordance with the termination provisions in this Section 4.

4.2 **Termination.** As provided for under 45 C.F.R. § 164.504(e)(2)(iii), L.A. Care may immediately terminate this Addendum and any related Addendum if it determines that Business Associate has breached a material term of this Addendum. Alternatively, L.A. Care may choose to: (i) provide Business Associate with fifteen (15) calendar days written notice of the existence of an alleged material breach; and (ii) afford Business Associate an opportunity to cure such alleged material breach within the fifteen (15) day period upon mutually agreeable terms. Failure to cure in the manner set forth in this Section 4.2 is grounds for the immediate termination by L.A. Care of the Addendum. If termination is not feasible, L.A. Care shall report the breach to the Secretary of HHS. This Addendum will automatically terminate without any further action of the parties upon the termination or expiration of the Agreement.

4.3 **Effect of Termination.**

(a) Except as provided in paragraph (b) of this Section 4.2, upon termination of this Addendum, for any reason, Business Associate shall return or destroy all Protected Health Information received from L.A. Care, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to Protected Health Information that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies or back-up tapes of the Protected Health Information.

(b) In the event that Business Associate determines that returning or destroying the Protected Health Information is infeasible, Business Associate shall provide to L.A. Care written notification of the conditions that make return or destruction infeasible. Upon mutual Addendum of the parties hereto that return or destruction of

Protected Health Information is infeasible, Business Associate shall extend the protections of this Addendum to such Protected Health Information and limit further uses and disclosures of such Protected Health Information to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such Protected Health Information.

(c) In the event that it is infeasible for Business Associate to obtain from a subcontractor or agent any Protected Health Information in the possession of the subcontractor or agent, Business Associate shall provide to L.A. Care written notification of the conditions of such infeasibility and require the subcontractor or agent to agree to extend the protections of this Addendum to such Protected Health Information and limit further uses and disclosures by the subcontractor or agent of such Protected Health Information to those purposes that make the return or destruction infeasible, for so long as the subcontractor or agent maintains such Protected Health Information.

(d) The respective rights and obligations of Business Associate and L.A. Care under Sections 4.3, 5, 6.2, 6.3, and 6.4 shall survive the termination of this Addendum indefinitely.

5. **Indemnification.**

**The Social Responsibility of Catholic Health Care Services**

**Introduction**

Their embrace of Christ's healing mission has led institutionally based Catholic health care services in the United States to become an integral part of the nation's health care system. Today, this complex health care system confronts a range of economic, technological, social, and moral challenges. The response of Catholic health care institutions and services to these challenges is guided by normative principles that inform the Church's healing ministry.

First, Catholic health care ministry is rooted in a commitment to promote and defend human dignity; this is the foundation of its concern to respect the sacredness of every human life from the moment of conception until death. The first right of the human person, the right to life, entails a right to the means for the proper development of life, such as adequate health care.<sup>7</sup>

Second, the biblical mandate to care for the poor requires us to express this in concrete action at all levels of Catholic health care. This mandate prompts us to work to ensure that our country's health care delivery system provides adequate health care for the poor. In Catholic institutions, particular attention should be given to the health care needs of the poor, the uninsured, and the underinsured.<sup>8</sup>

Third, Catholic health care ministry seeks to contribute to the common good. The common good is realized when economic, political, and social conditions ensure protection for the fundamental rights of all individuals and enable all to fulfill their common purpose and reach their common goals.<sup>9</sup>

Fourth, Catholic health care ministry exercises responsible stewardship of available health care resources. A just health care system will be concerned both with promoting equity of care—to assure that the right of each person to basic health care is respected—and with promoting the good health of all in the community. The responsible stewardship of health care resources can be accomplished best in dialogue with people from all levels of society, in accordance with the principle of subsidiarity and with respect for the moral principles that guide institutions and persons.

Fifth, within a pluralistic society, Catholic health care services will encounter requests for medical procedures contrary to the moral teachings of the Church. Catholic health care does not offend the rights of individual conscience by refusing to provide or permit medical procedures that are judged morally wrong by the teaching authority of the Church.

### Directives

1. A Catholic institutional health care service is a community that provides health care to those in need of it. This service must be animated by the Gospel of Jesus Christ and guided by the moral tradition of the Church.
2. Catholic health care should be marked by a spirit of mutual respect among caregivers that disposes them to deal with those it serves and their families with the compassion of Christ, sensitive to their vulnerability at a time of special need.
3. In accord with its mission, Catholic health care should distinguish itself by service to and advocacy for those people whose social condition puts them at the margins of our society and makes them particularly vulnerable to discrimination: the poor; the uninsured and the underinsured; children and the unborn; single parents; the elderly; those with incurable diseases and chemical dependencies; racial minorities; immigrants and refugees. In particular, the person with mental or physical disabilities, regardless of the cause or severity, must be treated as a unique person of incomparable worth, with the same right to life and to adequate health care as all other persons.
4. A Catholic health care institution, especially a teaching hospital, will promote medical research consistent with its mission of providing health care and with concern for the responsible stewardship of health care resources. Such medical research must adhere to Catholic moral principles.
5. Catholic health care services must adopt these Directives as policy, require adherence to them within the institution as a condition for medical privileges and employment, and provide appropriate instruction regarding the Directives for administration, medical and nursing staff, and other personnel.
6. A Catholic health care organization should be a responsible steward of the health care resources available to it. Collaboration with other health care providers, in ways that do not compromise Catholic social and moral teaching, can be an effective means of such stewardship.<sup>10</sup>
7. A Catholic health care institution must treat its employees respectfully and justly. This responsibility includes: equal employment opportunities for anyone qualified for the task, irrespective of a person's race, sex, age, national origin, or disability; a workplace that promotes employee participation; a work environment that

ensures employee safety and well-being; just compensation and benefits; and recognition of the rights of employees to organize and bargain collectively without prejudice to the common good.

8. Catholic health care institutions have a unique relationship to both the Church and the wider community they serve. Because of the ecclesial nature of this relationship, the relevant requirements of canon law will be observed with regard to the foundation of a new Catholic health care institution; the substantial revision of the mission of an institution; and the sale, sponsorship transfer, or closure of an existing institution.
9. Employees of a Catholic health care institution must respect and uphold the religious mission of the institution and adhere to these Directives. They should maintain professional standards and promote the institution's commitment to human dignity and the common good.

## **PART TWO**

### **The Pastoral and Spiritual Responsibility of Catholic Health Care**

#### **Introduction**

The dignity of human life flows from creation in the image of God (Gn 1:26), from redemption by Jesus Christ (Eph 1:10; 1 Tm 2:4-6), and from our common destiny to share a life with God beyond all corruption (1 Cor 15:42-57). Catholic health care has the responsibility to treat those in need in a way that respects the human dignity and eternal destiny of all. The words of Christ have provided inspiration for Catholic health care: "I was ill and you cared for me" (Mt 25:36). The care provided assists those in need to experience their own dignity and value, especially when these are obscured by the burdens of illness or the anxiety of imminent death.

Since a Catholic health care institution is a community of healing and compassion, the care offered is not limited to the treatment of a disease or bodily ailment but embraces the physical, psychological, social, and spiritual dimensions of the human person. The medical expertise offered through Catholic health care is combined with other forms of care to promote health and relieve human suffering. For this reason, Catholic health care extends to the spiritual nature of the person. "Without health of the spirit, high technology focused strictly on the body offers limited hope for healing the whole person."<sup>11</sup> Directed to spiritual needs that are often appreciated more deeply during times of illness, pastoral care is an integral part of Catholic health care. Pastoral care encompasses the full range of spiritual services, including a listening presence; help in dealing with powerlessness, pain, and alienation; and assistance in recognizing and responding to God's will with greater joy and peace. It should be acknowledged, of course, that technological advances in medicine have reduced the length of hospital stays dramatically. It follows, therefore, that the pastoral care of patients, especially administration of the sacraments, will be provided more often than not at the parish level, both before and after one's hospitalization. For this reason, it is essential that there be very cordial and cooperative

relationships between the personnel of pastoral care departments and the local clergy and ministers of care.

Priests, deacons, religious, and laity exercise diverse but complementary roles in this pastoral care. Since many areas of pastoral care call upon the creative response of these pastoral care-givers to the particular needs of patients or residents, the following directives address only a limited number of specific pastoral activities.

### **Directives**

10. A Catholic health care organization should provide pastoral care to minister to the religious and spiritual needs of all those it serves. Pastoral care personnel—clergy, religious, and lay alike—should have appropriate professional preparation, including an understanding of these Directives.
11. Pastoral care personnel should work in close collaboration with local parishes and community clergy. Appropriate pastoral services and/or referrals should be available to all in keeping with their religious beliefs or affiliation.
12. For Catholic patients or residents, provision for the sacraments is an especially important part of Catholic health care ministry. Every effort should be made to have priests assigned to hospitals and health care institutions to celebrate the Eucharist and provide the sacraments to patients and staff.
13. Particular care should be taken to provide and to publicize opportunities for patients or residents to receive the sacrament of Penance.
14. Properly prepared lay Catholics can be appointed to serve as extraordinary ministers of Holy Communion, in accordance with canon law and the policies of the local diocese. They should assist pastoral care personnel—clergy, religious, and laity—by providing supportive visits, advising patients regarding the availability of priests for the sacrament of Penance, and distributing Holy Communion to the faithful who request it.
15. Responsive to a patient's desires and condition, all involved in pastoral care should facilitate the availability of priests to provide the sacrament of Anointing of the Sick, recognizing that through this sacrament Christ provides grace and support to those who are seriously ill or weakened by advanced age. Normally, the sacrament is celebrated when the sick person is fully conscious. It may be conferred upon the sick who have lost consciousness or the use of reason, if there is reason to believe that they would have asked for the sacrament while in control of their faculties.

16. All Catholics who are capable of receiving Communion should receive Viaticum when they are in danger of death, while still in full possession of their faculties.<sup>12</sup>
17. Except in cases of emergency (i.e., danger of death), any request for Baptism made by adults or for infants should be referred to the chaplain of the institution. Newly born infants in danger of death, including those miscarried, should be baptized if this is possible.<sup>13</sup> In case of emergency, if a priest or a deacon is not available, anyone can validly baptize.<sup>14</sup> In the case of emergency Baptism, the chaplain or the director of pastoral care is to be notified.
18. When a Catholic who has been baptized but not yet confirmed is in danger of death, any priest may confirm the person.<sup>15</sup>
19. A record of the conferral of Baptism or Confirmation should be sent to the parish in which the institution is located and posted in its Baptism/Confirmation registers.
20. Catholic discipline generally reserves the reception of the sacraments to Catholics. In accord with canon 844, §3, Catholic ministers may administer the sacraments of Eucharist, Penance, and Anointing of the Sick to members of the oriental churches that do not have full communion with the Catholic Church, or of other churches that in the judgment of the Holy See are in the same condition as the oriental churches, if such persons ask for the sacraments on their own and are properly disposed.  
  
With regard to other Christians not in full communion with the Catholic Church, when the danger of death or other grave necessity is present, the four conditions of canon 844, §4, also must be present, namely, they cannot approach a minister of their own community; they ask for the sacraments on their own; they manifest Catholic faith in these sacraments; and they are properly disposed. The diocesan bishop has the responsibility to oversee this pastoral practice.
21. The appointment of priests and deacons to the pastoral care staff of a Catholic institution must have the explicit approval or confirmation of the local bishop in collaboration with the administration of the institution. The appointment of the director of the pastoral care staff should be made in consultation with the diocesan bishop.
22. For the sake of appropriate ecumenical and interfaith relations, a diocesan policy should be developed with regard to the appointment of non-Catholic members to the pastoral care staff of a Catholic health care institution. The director of pastoral care at a Catholic institution should be

a Catholic; any exception to this norm should be approved by the diocesan bishop.

### **PART THREE**

#### **The Professional-Patient Relationship**

##### **Introduction**

A person in need of health care and the professional health care provider who accepts that person as a patient enter into a relationship that requires, among other things, mutual respect, trust, honesty, and appropriate confidentiality. The resulting free exchange of information must avoid manipulation, intimidation, or condescension. Such a relationship enables the patient to disclose personal information needed for effective care and permits the health care provider to use his or her professional competence most effectively to maintain or restore the patient's health. Neither the health care professional nor the patient acts independently of the other; both participate in the healing process.

Today, a patient often receives health care from a team of providers, especially in the setting of the modern acute-care hospital. But the resulting multiplication of relationships does not alter the personal character of the interaction between health care providers and the patient. The relationship of the person seeking health care and the professionals providing that care is an important part of the foundation on which diagnosis and care are provided. Diagnosis and care, therefore, entail a series of decisions with ethical as well as medical dimensions. The health care professional has the knowledge and experience to pursue the goals of healing, the maintenance of health, and the compassionate care of the dying, taking into account the patient's convictions and spiritual needs, and the moral responsibilities of all concerned. The person in need of health care depends on the skill of the health care provider to assist in preserving life and promoting health of body, mind, and spirit. The patient, in turn, has a responsibility to use these physical and mental resources in the service of moral and spiritual goals to the best of his or her ability.

When the health care professional and the patient use institutional Catholic health care, they also accept its public commitment to the Church's understanding of and witness to the dignity of the human person. The Church's moral teaching on health care nurtures a truly interpersonal professional-patient relationship. This professional-patient relationship is never separated, then, from the Catholic identity of the health care institution. The faith that inspires Catholic health care guides medical decisions in ways that fully respect the dignity of the person and the relationship with the health care professional.

##### **Directives**

23. The inherent dignity of the human person must be respected and protected regardless of the nature of the person's health problem or social status. The respect for human dignity extends to all persons who are served by Catholic health care.

24. In compliance with federal law, a Catholic health care institution will make available to patients information about their rights, under the laws of their state, to make an advance directive for their medical treatment. The institution, however, will not honor an advance directive that is contrary to Catholic teaching. If the advance directive conflicts with Catholic teaching, an explanation should be provided as to why the directive cannot be honored.
25. Each person may identify in advance a representative to make health care decisions as his or her surrogate in the event that the person loses the capacity to make health care decisions. Decisions by the designated surrogate should be faithful to Catholic moral principles and to the person's intentions and values, or if the person's intentions are unknown, to the person's best interests. In the event that an advance directive is not executed, those who are in a position to know best the patient's wishes—usually family members and loved ones—should participate in the treatment decisions for the person who has lost the capacity to make health care decisions.
26. The free and informed consent of the person or the person's surrogate is required for medical treatments and procedures, except in an emergency situation when consent cannot be obtained and there is no indication that the patient would refuse consent to the treatment.
27. Free and informed consent requires that the person or the person's surrogate receive all reasonable information about the essential nature of the proposed treatment and its benefits; its risks, side-effects, consequences, and cost; and any reasonable and morally legitimate alternatives, including no treatment at all.
28. Each person or the person's surrogate should have access to medical and moral information and counseling so as to be able to form his or her conscience. The free and informed health care decision of the person or the person's surrogate is to be followed so long as it does not contradict Catholic principles.
29. All persons served by Catholic health care have the right and duty to protect and preserve their bodily and functional integrity.<sup>16</sup> The functional integrity of the person may be sacrificed to maintain the health or life of the person when no other morally permissible means is available.<sup>17</sup>
30. The transplantation of organs from living donors is morally permissible when such a donation will not sacrifice or seriously impair any essential bodily function and the anticipated benefit to the recipient is proportionate to the harm done to the donor. Furthermore, the freedom of the prospective

donor must be respected, and economic advantages should not accrue to the donor.

31. No one should be the subject of medical or genetic experimentation, even if it is therapeutic, unless the person or surrogate first has given free and informed consent. In instances of nontherapeutic experimentation, the surrogate can give this consent only if the experiment entails no significant risk to the person's well-being. Moreover, the greater the person's incompetency and vulnerability, the greater the reasons must be to perform any medical experimentation, especially nontherapeutic.
32. While every person is obliged to use ordinary means to preserve his or her health, no person should be obliged to submit to a health care procedure that the person has judged, with a free and informed conscience, not to provide a reasonable hope of benefit without imposing excessive risks and burdens on the patient or excessive expense to family or community.<sup>18</sup>
33. The well-being of the whole person must be taken into account in deciding about any therapeutic intervention or use of technology. Therapeutic procedures that are likely to cause harm or undesirable side-effects can be justified only by a proportionate benefit to the patient.
34. Health care providers are to respect each person's privacy and confidentiality regarding information related to the person's diagnosis, treatment, and care.
35. Health care professionals should be educated to recognize the symptoms of abuse and violence and are obliged to report cases of abuse to the proper authorities in accordance with local statutes.
36. Compassionate and understanding care should be given to a person who is the victim of sexual assault. Health care providers should cooperate with law enforcement officials and offer the person psychological and spiritual support as well as accurate medical information. A female who has been raped should be able to defend herself against a potential conception from the sexual assault. If, after appropriate testing, there is no evidence that conception has occurred already, she may be treated with medications that would prevent ovulation, sperm capacitation, or fertilization. It is not permissible, however, to initiate or to recommend treatments that have as their purpose or direct effect the removal, destruction, or interference with the implantation of a fertilized ovum.<sup>19</sup>
37. An ethics committee or some alternate form of ethical consultation should be available to assist by advising on particular ethical situations, by offering educational opportunities, and by reviewing and recommending

policies. To these ends, there should be appropriate standards for medical ethical consultation within a particular diocese that will respect the diocesan bishop's pastoral responsibility as well as assist members of ethics committees to be familiar with Catholic medical ethics and, in particular, these Directives.

## **PART FOUR**

### **Issues in Care for the Beginning of Life**

#### **Introduction**

The Church's commitment to human dignity inspires an abiding concern for the sanctity of human life from its very beginning, and with the dignity of marriage and of the marriage act by which human life is transmitted. The Church cannot approve medical practices that undermine the biological, psychological, and moral bonds on which the strength of marriage and the family depends.

Catholic health care ministry witnesses to the sanctity of life "from the moment of conception until death."<sup>20</sup> The Church's defense of life encompasses the unborn and the care of women and their children during and after pregnancy. The Church's commitment to life is seen in its willingness to collaborate with others to alleviate the causes of the high infant mortality rate and to provide adequate health care to mothers and their children before and after birth.

The Church has the deepest respect for the family, for the marriage covenant, and for the love that binds a married couple together. This includes respect for the marriage act by which husband and wife express their love and cooperate with God in the creation of a new human being. The Second Vatican Council affirms:

This love is an eminently human one. . . . It involves the good of the whole person. . . . The actions within marriage by which the couple are united intimately and chastely are noble and worthy ones. Expressed in a manner which is truly human, these actions signify and promote that mutual self-giving by which spouses enrich each other with a joyful and a thankful will.<sup>21</sup>

Marriage and conjugal love are by their nature ordained toward the begetting and educating of children. Children are really the supreme gift of marriage and contribute very substantially to the welfare of their parents. . . . Parents should regard as their proper mission the task of transmitting human life and educating those to whom it has been transmitted. . . . They are thereby cooperators with the love of God the Creator, and are, so to speak, the interpreters of that love.<sup>22</sup>

For legitimate reasons of responsible parenthood, married couples may limit the number of their children by natural means. The Church cannot approve contraceptive interventions that "either in anticipation of the marital act, or in its accomplishment or in the development of its natural consequences, have the purpose, whether as an end or a means, to render procreation impossible."<sup>23</sup> Such interventions violate "the inseparable

connection, willed by God . . . between the two meanings of the conjugal act: the unitive and procreative meaning."<sup>24</sup>

With the advance of the biological and medical sciences, society has at its disposal new technologies for responding to the problem of infertility. While we rejoice in the potential for good inherent in many of these technologies, we cannot assume that what is technically possible is always morally right. Reproductive technologies that substitute for the marriage act are not consistent with human dignity. Just as the marriage act is joined naturally to procreation, so procreation is joined naturally to the marriage act. As Pope John XXIII observed:

The transmission of human life is entrusted by nature to a personal and conscious act and as such is subject to all the holy laws of God: the immutable and inviolable laws which must be recognized and observed. For this reason, one cannot use means and follow methods which could be licit in the transmission of the life of plants and animals.<sup>25</sup> Because the moral law is rooted in the whole of human nature, human persons, through intelligent reflection on their own spiritual destiny, can discover and cooperate in the plan of the Creator.<sup>26</sup>

#### Directives

38. When the marital act of sexual intercourse is not able to attain its procreative purpose, assistance that does not separate the unitive and procreative ends of the act, and does not substitute for the marital act itself, may be used to help married couples conceive.<sup>27</sup>
39. Those techniques of assisted conception that respect the unitive and procreative meanings of sexual intercourse and do not involve the destruction of human embryos, or their deliberate generation in such numbers that it is clearly envisaged that all cannot implant and some are simply being used to maximize the chances of others implanting, may be used as therapies for infertility.
40. Heterologous fertilization (that is, any technique used to achieve conception by the use of gametes coming from at least one donor other than the spouses) is prohibited because it is contrary to the covenant of marriage, the unity of the spouses, and the dignity proper to parents and the child.<sup>28</sup>
41. Homologous artificial fertilization (that is, any technique used to achieve conception using the gametes of the two spouses joined in marriage) is prohibited when it separates procreation from the marital act in its unitive significance (e.g., any technique used to achieve extra-corporeal conception).<sup>29</sup>

42. Because of the dignity of the child and of marriage, and because of the uniqueness of the mother-child relationship, participation in contracts or arrangements for surrogate motherhood is not permitted. Moreover, the commercialization of such surrogacy denigrates the dignity of women, especially the poor.<sup>30</sup>
43. A Catholic health care institution that provides treatment for infertility should offer not only technical assistance to infertile couples but also should help couples pursue other solutions (e.g., counseling, adoption).
44. A Catholic health care institution should provide prenatal, obstetric, and postnatal services for mothers and their children in a manner consonant with its mission.
45. Abortion (that is, the directly intended termination of pregnancy before viability or the directly intended destruction of a viable fetus) is never permitted. Every procedure whose sole immediate effect is the termination of pregnancy before viability is an abortion, which, in its moral context, includes the interval between conception and implantation of the embryo. Catholic health care institutions are not to provide abortion services, even based upon the principle of material cooperation. In this context, Catholic health care institutions need to be concerned about the danger of scandal in any association with abortion providers.
46. Catholic health care providers should be ready to offer compassionate physical, psychological, moral, and spiritual care to those persons who have suffered from the trauma of abortion.
47. Operations, treatments, and medications that have as their direct purpose the cure of a proportionately serious pathological condition of a pregnant woman are permitted when they cannot be safely postponed until the unborn child is viable, even if they will result in the death of the unborn child.
48. In case of extrauterine pregnancy, no intervention is morally licit which constitutes a direct abortion.<sup>31</sup>
49. For a proportionate reason, labor may be induced after the fetus is viable.
50. Prenatal diagnosis is permitted when the procedure does not threaten the life or physical integrity of the unborn child or the mother and does not subject them to disproportionate risks; when the diagnosis can provide information to guide preventative care for the mother or pre- or postnatal care for the child; and when the parents, or at least the mother, give free and informed consent. Prenatal diagnosis is not permitted when

undertaken with the intention of aborting an unborn child with a serious defect.<sup>32</sup>

51. Nontherapeutic experiments on a living embryo or fetus are not permitted, even with the consent of the parents. Therapeutic experiments are permitted for a proportionate reason with the free and informed consent of the parents or, if the father cannot be contacted, at least of the mother. Medical research that will not harm the life or physical integrity of an unborn child is permitted with parental consent.<sup>33</sup>
52. Catholic health institutions may not promote or condone contraceptive practices but should provide, for married couples and the medical staff who counsel them, instruction both about the Church's teaching on responsible parenthood and in methods of natural family planning.
53. Direct sterilization of either men or women, whether permanent or temporary, is not permitted in a Catholic health care institution. Procedures that induce sterility are permitted when their direct effect is the cure or alleviation of a present and serious pathology and a simpler treatment is not available.<sup>34</sup>
54. Genetic counseling may be provided in order to promote responsible parenthood and to prepare for the proper treatment and care of children with genetic defects, in accordance with Catholic moral teaching and the intrinsic rights and obligations of married couples regarding the transmission of life.

## **PART FIVE**

### **Issues in Care for the Dying**

#### **Introduction**

Christ's redemption and saving grace embrace the whole person, especially in his or her illness, suffering, and death.<sup>35</sup> The Catholic health care ministry faces the reality of death with the confidence of faith. In the face of death—for many, a time when hope seems lost—the Church witnesses to her belief that God has created each person for eternal life.<sup>36</sup>

Above all, as a witness to its faith, a Catholic health care institution will be a community of respect, love, and support to patients or residents and their families as they face the reality of death. What is hardest to face is the process of dying itself, especially the dependency, the helplessness, and the pain that so often accompany terminal illness. One of the primary purposes of medicine in caring for the dying is the relief of pain and the suffering caused by it. Effective management of pain in all its forms is critical in the appropriate care of the dying.

The truth that life is a precious gift from God has profound implications for the question of stewardship over human life. We are not the owners of our lives and, hence, do not have absolute power over life. We have a duty to preserve our life and to use it for the glory of God, but the duty to preserve life is not absolute, for we may reject life-prolonging procedures that are insufficiently beneficial or excessively burdensome. Suicide and euthanasia are never morally acceptable options.

The task of medicine is to care even when it cannot cure. Physicians and their patients must evaluate the use of the technology at their disposal. Reflection on the innate dignity of human life in all its dimensions and on the purpose of medical care is indispensable for formulating a true moral judgment about the use of technology to maintain life. The use of life-sustaining technology is judged in light of the Christian meaning of life, suffering, and death. Only in this way are two extremes avoided: on the one hand, an insistence on useless or burdensome technology even when a patient may legitimately wish to forgo it and, on the other hand, the withdrawal of technology with the intention of causing death.<sup>37</sup>

Some state Catholic conferences, individual bishops, and the USCCB Committee on Pro-Life Activities (formerly an NCCB committee) have addressed the moral issues concerning medically assisted hydration and nutrition. The bishops are guided by the Church's teaching forbidding euthanasia, which is "an action or an omission which of itself or by intention causes death, in order that all suffering may in this way be eliminated."<sup>38</sup> These statements agree that hydration and nutrition are not morally obligatory either when they bring no comfort to a person who is imminently dying or when they cannot be assimilated by a person's body. The USCCB Committee on Pro-Life Activities' report, in addition, points out the necessary distinctions between questions already resolved by the magisterium and those requiring further reflection, as, for example, the morality of withdrawing medically assisted hydration and nutrition from a person who is in the condition that is recognized by physicians as the "persistent vegetative state" (PVS).<sup>39</sup>

## Directives

55. Catholic health care institutions offering care to persons in danger of death from illness, accident, advanced age, or similar condition should provide them with appropriate opportunities to prepare for death. Persons in danger of death should be provided with whatever information is necessary to help them understand their condition and have the opportunity to discuss their condition with their family members and care providers. They should also be offered the appropriate medical information that would make it possible to address the morally legitimate choices available to them. They should be provided the spiritual support as well as the opportunity to receive the sacraments in order to prepare well for death.

56. A person has a moral obligation to use ordinary or proportionate means of preserving his or her life. Proportionate means are those that in the judgment of the patient offer a reasonable hope of benefit and do not entail an excessive burden or impose excessive expense on the family or the community.<sup>40</sup>
57. A person may forgo extraordinary or disproportionate means of preserving life. Disproportionate means are those that in the patient's judgment do not offer a reasonable hope of benefit or entail an excessive burden, or impose excessive expense on the family or the community.<sup>41</sup>
58. There should be a presumption in favor of providing nutrition and hydration to all patients, including patients who require medically assisted nutrition and hydration, as long as this is of sufficient benefit to outweigh the burdens involved to the patient.
59. The free and informed judgment made by a competent adult patient concerning the use or withdrawal of life-sustaining procedures should always be respected and normally complied with, unless it is contrary to Catholic moral teaching.
60. Euthanasia is an action or omission that of itself or by intention causes death in order to alleviate suffering. Catholic health care institutions may never condone or participate in euthanasia or assisted suicide in any way. Dying patients who request euthanasia should receive loving care, psychological and spiritual support, and appropriate remedies for pain and other symptoms so that they can live with dignity until the time of natural death.<sup>42</sup>
61. Patients should be kept as free of pain as possible so that they may die comfortably and with dignity, and in the place where they wish to die. Since a person has the right to prepare for his or her death while fully conscious, he or she should not be deprived of consciousness without a compelling reason. Medicines capable of alleviating or suppressing pain may be given to a dying person, even if this therapy may indirectly shorten the person's life so long as the intent is not to hasten death. Patients experiencing suffering that cannot be alleviated should be helped to appreciate the Christian understanding of redemptive suffering.
62. The determination of death should be made by the physician or competent medical authority in accordance with responsible and commonly accepted scientific criteria.
63. Catholic health care institutions should encourage and provide the means whereby those who wish to do so may arrange for the donation of their

organs and bodily tissue, for ethically legitimate purposes, so that they may be used for donation and research after death.

64. Such organs should not be removed until it has been medically determined that the patient has died. In order to prevent any conflict of interest, the physician who determines death should not be a member of the transplant team.
65. use of tissue or organs from an infant may be permitted after death has been determined and with the informed consent of the parents or guardians.
66. Catholic health care institutions should not make use of human tissue obtained by direct abortions even for research and therapeutic purposes.<sup>43</sup>

## **PART SIX**

### **Forming New Partnerships with Health Care Organizations and Providers**

#### **Introduction**

Until recently, most health care providers enjoyed a degree of independence from one another. In ever-increasing ways, Catholic health care providers have become involved with other health care organizations and providers. For instance, many Catholic health care systems and institutions share in the joint purchase of technology and services with other local facilities or physicians' groups. Another phenomenon is the growing number of Catholic health care systems and institutions joining or co-sponsoring integrated delivery networks or managed care organizations in order to contract with insurers and other health care payers. In some instances, Catholic health care systems sponsor a health care plan or health maintenance organization. In many dioceses, new partnerships will result in a decrease in the number of health care providers, at times leaving the Catholic institution as the sole provider of health care services. At whatever level, new partnerships forge a variety of interwoven relationships: between the various institutional partners, between health care providers and the community, between physicians and health care services, and between health care services and payers.

On the one hand, new partnerships can be viewed as opportunities for Catholic health care institutions and services to witness to their religious and ethical commitments and so influence the healing profession. For example, new partnerships can help to implement the Church's social teaching. New partnerships can be opportunities to realign the local delivery system in order to provide a continuum of health care to the community; they can witness to a responsible stewardship of limited health care resources; and they can be opportunities to provide to poor and vulnerable persons a more equitable access to basic care.

On the other hand, new partnerships can pose serious challenges to the viability of the identity of Catholic health care institutions and services, and their ability to implement

these Directives in a consistent way, especially when partnerships are formed with those who do not share Catholic moral principles. The risk of scandal cannot be underestimated when partnerships are not built upon common values and moral principles. Partnership opportunities for some Catholic health care providers may even threaten the continued existence of other Catholic institutions and services, particularly when partnerships are driven by financial considerations alone. Because of the potential dangers involved in the new partnerships that are emerging, an increased collaboration among Catholic-sponsored health care institutions is essential and should be sought before other forms of partnerships.

The significant challenges that new partnerships may pose, however, do not necessarily preclude their possibility on moral grounds. The potential dangers require that new partnerships undergo systematic and objective moral analysis, which takes into account the various factors that often pressure institutions and services into new partnerships that can diminish the autonomy and ministry of the Catholic partner. The following directives are offered to assist institutionally based Catholic health care services in this process of analysis. To this end, the United States Conference of Catholic Bishops has established the Ad Hoc Committee on Health Care Issues and the Church as a resource for bishops and health care leaders.

This new edition of the *Ethical and Religious Directives* omits the appendix concerning cooperation, which was contained in the 1995 edition. Experience has shown that the brief articulation of the principles of cooperation that was presented there did not sufficiently forestall certain possible misinterpretations and in practice gave rise to problems in concrete applications of the principles. Reliable theological experts should be consulted in interpreting and applying the principles governing cooperation, with the proviso that, as a rule, Catholic partners should avoid entering into partnerships that would involve them in cooperation with the wrongdoing of other providers.

### Directives

67. Decisions that may lead to serious consequences for the identity or reputation of Catholic health care services, or entail the high risk of scandal, should be made in consultation with the diocesan bishop or his health care liaison.
68. Any partnership that will affect the mission or religious and ethical identity of Catholic health care institutional services must respect church teaching and discipline. Diocesan bishops and other church authorities should be involved as such partnerships are developed, and the diocesan bishop should give the appropriate authorization before they are completed. The diocesan bishop's approval is required for partnerships sponsored by institutions subject to his governing authority; for partnerships sponsored by religious institutes of pontifical right, his *nihil obstat* should be obtained.

69. If a Catholic health care organization is considering entering into an arrangement with another organization that may be involved in activities judged morally wrong by the Church, participation in such activities, must be limited to what is in accord with the moral principles governing cooperation.
70. Catholic health care organizations are not permitted to engage in immediate material cooperation in actions that are intrinsically immoral, such as abortion, euthanasia, assisted suicide, and direct sterilization.<sup>44</sup>
71. The possibility of scandal must be considered when applying the principles governing cooperation.<sup>45</sup> Cooperation, which in all other respects is morally licit, may need to be refused because of the scandal that might be caused. Scandal can sometimes be avoided by an appropriate explanation of what is in fact being done at the health care facility under Catholic auspices. The diocesan bishop has final responsibility for assessing and addressing issues of scandal, considering not only the circumstances in his local diocese but also the regional and national implications of his decision.<sup>46</sup>
72. The Catholic partner in an arrangement has the responsibility periodically to assess whether the binding agreement is being observed and implemented in a way that is consistent with Catholic teaching.

### Conclusion

Sickness speaks to us of our limitations and human frailty. It can take the form of infirmity resulting from the simple passing of years or injury from the exuberance of youthful energy. It can be temporary or chronic, debilitating, and even terminal. Yet the follower of Jesus faces illness and the consequences of the human condition aware that our Lord always shows compassion toward the infirm.

Jesus not only taught his disciples to be compassionate, but he also told them who should be the special object of their compassion. The parable of the feast with its humble guests was preceded by the instruction: "When you hold a banquet, invite the poor, the crippled, the lame, the blind" (Lk 14:13). These were people whom Jesus healed and loved.

Catholic health care is a response to the challenge of Jesus to go and do likewise. Catholic health care services rejoice in the challenge to be Christ's healing compassion in the world and see their ministry not only as an effort to restore and preserve health but also as a spiritual service and a sign of that final healing that will one day bring about the new creation that is the ultimate fruit of Jesus' ministry and God's love for us.

10. The duty of responsible stewardship demands responsible collaboration. But in collaborative efforts, Catholic institutionally based health care services must be attentive to occasions when the policies and practices of other institutions are not compatible with the Church's authoritative moral teaching. At such times, Catholic health care institutions should determine whether or to what degree collaboration would be morally permissible. To make that judgment, the governing boards of Catholic institutions should adhere to the moral principles on cooperation. See Part Six.

For the official approbation of direct sterilization and, a *fortiori*, its management and execution in accord with hospital regulations, is a matter which, in the objective order, is by its very nature (or intrinsically) evil." This directive supersedes the "Commentary on the Reply of the Sacred Congregation for the Doctrine of the Faith on Sterilization in Catholic Hospitals" published by the National Conference of Catholic Bishops on September 15, 1977 in *Origins* 11 (1977): 399-400.

### INSTRUCTIONS

The filing of a bankruptcy case creates an “estate” under the jurisdiction of the bankruptcy court which consists of all of the property of the debtor, wherever that property is located. Because the bankruptcy estate is so extensive and the jurisdiction of the court so broad, there may be lawsuits over the property or property rights of the estate. There also may be lawsuits concerning the debtor’s discharge. If such a lawsuit is filed in a bankruptcy court, it is called an adversary proceeding.

A party filing an adversary proceeding must also must complete and file Form 1040, the Adversary Proceeding Cover Sheet, unless the party files the adversary proceeding electronically through the court’s Case Management/Electronic Case Filing system (CM/ECF). (CM/ECF captures the information on Form 1040 as part of the filing process.) When completed, the cover sheet summarizes basic information on the adversary proceeding. The clerk of court needs the information to process the adversary proceeding and prepare required statistical reports on court activity.

The cover sheet and the information contained on it do not replace or supplement the filing and service of pleadings or other papers as required by law, the Bankruptcy Rules, or the local rules of court. The cover sheet, which is largely self-explanatory, must be completed by the plaintiff’s attorney (or by the plaintiff if the plaintiff is not represented by an attorney). A separate cover sheet must be submitted to the clerk for each complaint filed.

**Plaintiffs and Defendants.** Give the names of the plaintiffs and defendants exactly as they appear on the complaint.

**Attorneys.** Give the names and addresses of the attorneys, if known.

**Party.** Check the most appropriate box in the first column for the plaintiffs and the second column for the defendants.

**Demand.** Enter the dollar amount being demanded in the complaint.

**Signature.** This cover sheet must be signed by the attorney of record in the box on the second page of the form. If the plaintiff is represented by a law firm, a member of the firm must sign. If the plaintiff is pro se, that is, not represented by an attorney, the plaintiff must sign.

EXHIBIT A

**NOTICE OF REQUIRED COMPLIANCE UNDER LBR 7026-1  
AND FEDERAL RULE OF BANKRUPTCY PROCEDURE**

**LBR 7026-1. DISCOVERY**

(a) **General.** Compliance with FRBP 7026 and this rule is required in all adversary proceedings.

(1) **Notice.** The plaintiff must serve with the summons and complaint a notice that compliance with FRBP 7026 and this rule is required.

(2) **Proof of Service.** The plaintiff must file a proof of service of this notice together with the proof of service of the summons and complaint.

(b) **Discovery Conference and Disclosures.**

(1) **Conference of Parties.** Unless all defendants default, the parties must conduct the meeting and exchange the information required by FRBP 7026 within the time limits set forth therein.

(2) **Joint Status Report.** Within 7 days after such meeting, the parties must prepare a joint status report containing the information set forth in LBR 7016-1(a)(2). The joint status report will serve as the written report of the meeting required by FRBP 7026.

(c) **Failure to Make Disclosures or Cooperate in Discovery.**

(1) **General.** Unless excused from complying with this rule by order of the court for good cause shown, a party must seek to resolve any dispute arising under FRBP 7026-7037 or FRBP 2004 in accordance with this rule.

(2) **Meeting of Counsel.** Prior to the filing of any motion relating to discovery, counsel for the parties must meet in person or by telephone in a good faith effort to resolve a discovery dispute. It is the responsibility of counsel for the moving party to arrange the conference. Unless altered by agreement of the parties or by order of the court for cause shown, counsel for the opposing party must meet with counsel for the moving party within 7 days of service upon counsel of a letter requesting such meeting and specifying the terms of the discovery order to be sought.

(3) **Moving Papers.** If counsel are unable to resolve the dispute, the party seeking discovery must file and serve a notice of motion together with a written stipulation by the parties.

(A) The stipulation must be contained in 1 document and must identify, separately and with particularity, each disputed issue that remains to be determined at the hearing and the contentions and points and authorities of each party as to each issue.

(B) The stipulation must not simply refer the court to the document containing the discovery request forming the basis of the dispute. For example, if the sufficiency of an answer to an interrogatory is in issue, the stipulation must contain, verbatim, both the interrogatory and the allegedly insufficient answer, followed by each party's contentions, separately stated.

(C) In the absence of such stipulation or a declaration of counsel of noncooperation by the opposing party, the court will not consider the discovery motion.

(4) Cooperation of Counsel; Sanctions. The failure of any counsel either to cooperate in this procedure, to attend the meeting of counsel, or to provide the moving party the information necessary to prepare the stipulation required by this rule within 7 days of the meeting of counsel will result in the imposition of sanctions, including the sanctions authorized by FRBP 7037 and LBR 9011-3.

(5) Contempt. LBR 9020-1 governing contempt proceedings applies to a discovery motion to compel a non-party to comply with a deposition subpoena for testimony and/or documents under FRBP 7030 and 7034.
