**MEMORANDUM OF POINTS AND AUTHORITIES**

**I. INTRODUCTION**

Verity Health System of California, Inc., a California nonprofit public benefit corporation and the Debtor herein (“Verity”), and the above-referenced affiliated debtors, the debtors and debtors in possession in the above-captioned chapter 11 bankruptcy cases (collectively, the “Debtors”), seek entry of an order: (a) designating Strategic Global Management, Inc. (“SGM” or the “Stalking Horse Purchaser”) as the stalking-horse bidder for St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, Seton Medical Center (collectively, the “Hospitals”), and related assets (collectively, the “Purchased Assets”), at a price of approximately \$610 million (\$420 million allocated to St. Francis Medical Center, \$120 million allocated to St. Vincent Medical Center and \$70 million allocated to Seton Medical Center and Seton Coastsides combined), plus payment of Cure Costs (defined below) associated with any Assumed Leases and/or Assumed Contracts (the “Cash Consideration,” and collectively, the “Stalking Horse Bid”); (b) setting bid procedures to establish guidelines for parties interesting in making an overbid; (c) scheduling an auction to be held on April 8, 2019 and April 9, 2019; and (d) scheduling a sale hearing for the Court to approve the winning bidder.

The Debtors have vigorously marketed the Purchased Assets and believe that the Stalking Horse Bid represents a fair market value for the Purchased Assets. Moreover, SGM is a buyer who will maintain the healthcare characteristics of St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center and Seton Medical Center, continuing patient care for the communities served by the Hospitals and healthcare providers. Nonetheless, the Debtors are hopeful that there will be an auction which may result in overbids. Based on the foregoing, and for the reasons set forth below in greater detail, the Debtors respectfully request that the Court grant the Motion.

**II. JURISDICTION AND VENUE**

The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). The venue of these Cases is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

4 Francisco and San Mateo areas. Seton has an emergency department with 18 licensed treatment  
5 stations. It also has 13 surgical operating rooms and three cardiac catheterization labs. Of the  
6 hospital's 83 licensed skilled nursing beds, 39 are in suspense, and the remaining 44 beds are  
7 utilized as subacute care beds. Additionally, the hospital has 24 licensed acute psychiatric beds  
8 which have been placed in suspense. The hospital has a broad spectrum of medical services,  
9 including cancer, cardiac, emergency, surgical, rehabilitation, respiratory, orthopedic, and sub-  
10 acute care. The hospital is accredited by The Joint Commission. Seton Medical Center and Seton  
11 Coastside share a consolidated license. *See* Adcock First-Day Declaration.

12 10. Seton also operates Seton Medical Center Coastside ("Seton Coastside") located at  
13 600 Marine Blvd, Moss Beach, CA 94038. Seton Coastside was founded as Moss Beach  
14 Rehabilitation Hospital in 1970. In 1980, the City of Half Moon Bay acquired ownership of the  
15 hospital and signed an agreement for Daughters of Charity to manage operations of the hospital  
16 and rename it St. Catherine's Hospital. In 1993, St. Catherine's Hospital became Seton Coastside  
17 when it became integrated with Seton Medical Center. Today, Seton Coastside is licensed for 116  
18 skilled nursing beds and five general, acute-care beds. Seton Coastside also operates the only 24-  
19 hour "standby" Emergency Department along the 55-mile stretch between Santa Cruz and Daly  
20 City. Under a consolidated license, Seton Medical Center and Seton Coastside share the same  
21 Board of Directors, executive leadership team, charity care policies, and union collective  
22 bargaining agreements. *See* Adcock First-Day Declaration.

23 11. As of the Petition Date, Seton Medical Center and Seton Coastside employed  
24 approximately 1,340 employees, of which 516 are full-time, 551 are part time and 273 are per  
25 diem. *See* Adcock First-Day Declaration.

26 12. Verity Holdings, LLC ("Holdings") is a direct subsidiary of its sole member VHS  
27 and was created in 2016 to hold and finance VHS' interests in four medical office buildings  
28 whose tenants are primarily physicians, medical groups, healthcare providers, and certain of the

1 VHS Hospitals. Holdings' real estate portfolio includes more than 15 properties. Holdings is the  
2 borrower on approximately \$66.2 Million of non-recourse financing secured by separate deeds of  
3 trust and revenue and accounts pledges, including the rents on each medical office building. *See*  
4 Adcock First-Day Declaration.

5 13. Previously, the Hospitals were owned by the Daughters of Charity Healthcare  
6 System ("DCHS"). Despite continuous efforts to improve operations, operating losses continued  
7 to plague the health system due to, among other things, mounting labor costs, low reimbursement  
8 rates and the ever-changing healthcare landscape. In 2013, DCHS actively solicited offers for its  
9 hospitals. *See* Adcock First-Day Declaration.

10 14. In early 2014, DCHS announced that they were beginning a process to evaluate  
11 strategic alternatives for the health system. Throughout 2014, DCHS explored offers to sell their  
12 hospital system, including the Hospitals, and, in October of 2014, they entered into an agreement  
13 with Prime Healthcare Services and Prime Healthcare Foundation (collectively, "Prime") to sell  
14 the health system. However, to keep the hospitals open, DCHS needed to borrow \$125 Million to  
15 mitigate immediate cash needs during the sales process; in other words, to allow DCHS to  
16 continue to operate until the sale could be consummated. In early 2015, the California Attorney  
17 General consented to the sale to Prime, subject to conditions on that sale that were so onerous that  
18 Prime terminated the transaction. *See* Adcock First-Day Declaration.

19 15. In 2015, DCHS again marketed their health system for sale, and, again, focused on  
20 offers that maintained the health system as a whole, and assumed all the obligations. In July  
21 2015, the DCHS Board of Directors selected BlueMountain Capital Management LLC  
22 ("BlueMountain"), a private investment firm, to recapitalize its operations and transition  
23 leadership of the health system in the restructured Verity Health System (the "BlueMountain  
24 Transaction").

25 16. In connection with the BlueMountain Transaction, BlueMountain agreed to make a  
26 capital infusion of \$100 Million to the health system, arrange loans for another \$160 Million to  
27 the health system, and manage operations of the health system, with an option to buy the health  
28 system at a future time. In addition, the parties entered into a System Restructuring and Support

1 Agreement (the “Restructuring Agreement”), DCHS’s name was changed to Verity Health  
2 System.

3 17. On December 3, 2015, the California Attorney General approved the  
4 BlueMountain Transaction, subject to conditions. Despite BlueMountain’s infusion of cash and  
5 retention of various consultants and experts to assist in improving cash flow and operations, the  
6 health system did not prosper.

7 18. In July 2017, NantWorks, LLC (“NantWorks”) acquired a controlling stake in  
8 Integrity Healthcare, LLC. NantWorks brought in a new CEO, CFO, and COO. NantWorks  
9 loaned another \$148 Million to the Debtors.

10 19. Despite the infusion of capital and new management, it became apparent that the  
11 problems facing the Verity Health System were too large to solve without a formal court  
12 supervised restructuring. Thus, despite VHS’ great efforts to revitalize its Hospitals and  
13 improvements in performance and cash flow, the legacy burden of more than a billion dollars of  
14 bond debt and unfunded pension liabilities, an inability to renegotiate collective bargaining  
15 agreements or payor contracts, the continuing need for significant capital expenditures for seismic  
16 obligations and aging infrastructure, and the general headwinds facing the hospital industry, made  
17 success impossible. Losses continue to amount to approximately \$175 Million annually on a cash  
18 flow basis.

19 20. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and  
20 sell their assets. In June 2018, the Debtor engaged Cain Brothers, a division of KeyBanc Capital  
21 Markets (“Cain”), to identify potential buyers of some or all of the Verity hospitals and related  
22 assets and commenced discussions with those potential buyer.

23 **B. FACTS RELEVANT TO MOTION**

24 21. Cain prepared a Confidential Investment Memorandum (the “CIM”) and organized  
25 an online data site to share information with potentially buyers and contacted over 110 strategic  
26 and financial buyers beginning in July 2018 to solicit their interest in exploring a transaction  
27 regarding the Debtors.

28 22. By August 2018, as a result of its ongoing and broad marketing process, Cain had

1 received 11 Indications of Interest (“IOI”), and postpetition Cain continued to develop potential  
2 sales. The Debtors, in consultation with Cain and its other advisors, selected SGM’s offer from  
3 one or more stalking horse bidder(s) to acquire the Purchased Assets through a sale under § 363.

4 23. Additional background facts on the Debtors, including an overview of the Debtors’  
5 business, information on the Debtors’ capital structure and additional events leading up to these  
6 chapter 11 cases, are contained in the First-Day Declaration.

7 24. On September 14, 2018, the Office of the United States Trustee appointed an  
8 Official Committee of Unsecured Creditors (the “Official Committee”) in these chapter 11 Cases.  
9 [Docket No. 197].

10 **C. BIDDING PROCEDURES**

11 25. As indicated above, a true and correct copy of the Stalking Horse APA, entered  
12 into between certain Debtors (Verity, Verity Holdings, St. Francis Medical Center, St. Vincent  
13 Medical Center, St. Vincent Dialysis Center and Seton Medical Center) and the Stalking Horse  
14 Purchaser, is attached hereto as **Exhibit A**. The bidding procedures (the “Bidding Procedures”) are  
15 referenced, in part, in Article 6 of the Stalking Horse APA and set forth in a separate  
16 scheduled attached thereto.

17 26. Set forth below are the Bidding Procedures to be employed in connection with the  
18 sale of (i) the Purchased Assets, and (ii) the assets not otherwise enumerated in the Stalking Horse  
19 APA but associated with the ownership or operation of the Hospitals (the “Other Assets”).

20 **a. Provisions Governing Qualifications of Bidders**

21 27. Unless otherwise ordered by the Court or as set forth in these procedures, in order  
22 to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who  
23 wishes to participate in the bidding process must deliver, prior to the Bid Deadline (defined  
24 herein), the following to the Debtors:

distribution of any confidential information by the Debtors) in form and

of any purchaser of the Purchased Assets and/or the Other Assets; without limiting the foregoing, each such confidentiality agreement shall contain standard non-solicitation provisions.

28. **b. Due Diligence**

29. The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtors, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

**c. Provisions Governing Qualified Bids**

30. A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a “Qualified Bid,” and each such Potential Bidder thereafter a “Qualified Bidder”) only if the bid complies with the following requirements:

- a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;
- b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;

- h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;
- i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee (\$21,350,000.00); (ii) the amount of the expense reimbursement (\$2,000,000.00); and (iii) \$7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee and the Expense Reimbursement, the "Minimum Qualified Bid");

14 as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as  
15 a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a  
16 Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in  
17 connection with the Bidding Process, the Auctions, and the Sale.

18 32. The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all  
19 Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute  
20 Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such

22 Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse

19 the Final DIP Order) may credit bid for such Purchased Assets and/or Other Assets in connection  
20 with the Sale in accordance with and pursuant to § 363(k), except as otherwise limited by the

12 any Partial Bidders that will not be qualified to participate at the Full Bid Auction

13 **h. Auction Process**

14 37. If the Debtors receive one or more Partial Bid Auction Qualified Bids as set forth  
15 above, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a

18 Auction shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors  
19 will conduct the Partial Bid Auction(s), which shall be transcribed, on April 8, 2019 at 10:00 a.m.

- (a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking Horse APA, there will be a Full Bid Auction (as defined below) and (1) the Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities, or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA at Section 6.26 (b)(2);
- (b) If the Partial Bids do not include all four APA Facilities, and if there are no other Qualified Full Bids, then Seller, in its discretion, after consultation with the Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1) to have no Full Bid Auction and the Stalking Horse Purchaser will purchase the four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the "Remaining Facility"), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

39. If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtors will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the "Full Bid Auction"), which shall be transcribed, on April 9, 2019 (the "Full Bid Auction Date"), at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Full Bid Auction shall be conducted in accordance with the following procedures:

- a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;
- b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;

- c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;
- d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;
- e) the Debtors, after consultation with the Consultation Parties, and the Stalking Horse Purchaser, may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bid Protections, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;
- f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;
- g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and
- h) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such

assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets subject to augmenting its Good Faith Deposit, as necessary, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

**i. Selection of Successful Bid**

40. Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bids submitted at the relevant Auction (one or more such bids, collectively the “Successful Bid” and the bidder(s) making such bid, collectively, the “Successful Bidder”), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court. If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder in accordance with by paragraphs 37 and 38 above (and Section H in the Bidding Procedures Schedule 6.1(b)(3) annexed to the Stalking Horse APA), then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in above in paragraph 30, subsection (o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit

1 will be no less than \$30,000,000. If selected as the Successful Bidder or the Back-Up Bidder at  
2 the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder  
3 shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent  
4 (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to  
5 increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the  
6 “Final Deposit”), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the  
7 Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the  
8 amount of its last bid).

9 41. Unless otherwise agreed to by the Debtors and the Successful Bidder, within two  
10 (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall  
11 complete and execute all agreements, contracts, instruments, and other documents evidencing and  
12 containing the terms and conditions upon which the Successful Bid was made. Within forty-eight  
13 (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice  
14 identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such  
15 notice by fax, email, or if neither is available, by overnight mail to all counterparties whose  
16 contracts are to be assumed and assigned.

17 42. The Debtors will sell the Purchased Assets and (to extent included in an Overbid)  
18 the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the  
19 approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other  
20 closing conditions set forth in the Successful Bidder’s Purchase Agreement.

21 **j. Return of Deposits**

22 43. All deposits shall be returned to each bidder not selected by the Debtors as the  
23 Successful Bidder or the Back-Up Bidder (defined herein) no later than five (5) business days  
24 following the conclusion of the Auction.

25 **k. Back-Up Bidder**

26 44. If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next  
27 highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their  
28 business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be

1 required to serve as a back-up bidder (the “Back-Up Bidder”) and keep such bid open and  
2 irrevocable for thirty (30) business days after the entry of the Sale Order (the “Thirty-Day  
3 Period”). If during the Thirty-Day Period, the Successful Bidder fails to consummate the  
4 approved sale because of a breach or failure to perform on the part of such Successful Bidder, the  
5 Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be  
6 authorized, but not required, to consummate the sale with the Back-Up Bidder without further  
7 order of the Court provided that the Back-Up Bidder shall thereafter keep such bid open and  
8 irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however,  
9 that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and  
10 required to consummate the sale to the Stalking Horse Purchaser. If, after the Thirty-Day Period,  
11 the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder may  
12 elect, at its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful  
13 Bidder defaults, or (c) the Back-Up Bidder elects to terminate its participation as Back-Up  
14 Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to  
15 consummate the approved sale because of a breach or failure to perform on the part of such  
16 Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up  
17 Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and  
18 the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no re-  
19 opening of the auction.

20 **I. Break-Up Fee**

21 45. In recognition of this expenditure of time, energy, and resources, the Debtors have  
22 agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased  
23 Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased  
24 Assets an amount in cash equal to three and a half percent (3.5%) of the Cash Consideration  
25 (\$21,350,000.00), plus reimbursement of reasonably documented reasonable costs and expenses  
26 in an amount not to exceed \$2,000,000.00. The Break-Up Fee shall be payable at closing of the  
27 sale from the sale proceeds.

28 46. If the Stalking Horse APA is terminated because the Stalking Horse Purchaser is

1 not selected as the Successful Bidder or the Back-Up Bidder at Auction (or the Stalking Horse  
2 Purchaser is selected as the Back-Up Bidder but the sale of the Purchased Assets is consummated  
3 and closed with another entity), the Debtors shall pay to the Stalking Horse Purchaser the Break-  
4 Up Fee by wire transfer of immediately available funds immediately upon, and contemporaneous  
5 with, the closing of the sale of the Purchased Assets from the first cash proceeds thereof. The  
6 Break-Up Fee shall constitute an administrative expense claim with priority under § 507(a) in  
7 favor of the Stalking Horse Purchaser.

8 47. The Debtors acknowledge that the provision of the Break-Up Fee is an integral  
9 part of the Stalking Horse APA and are a material and necessary inducement for the Stalking  
10 Horse Purchaser to enter into the Stalking Horse APA and to consummate the transactions  
11 contemplated therein. In the event that the payment of the Breakup Fee (including any costs of  
12 collection) becomes due and payable to the Stalking Horse Purchaser, and such amounts are  
13 actually paid to the Stalking Horse Purchaser, such amounts will constitute liquidated damages  
14 (and not a penalty). In light of the difficulty of accurately determining actual damages with  
15 respect to the foregoing, the right to any such payment of the Breakup Fee (and any related  
16 collection costs) and the return of the Deposit to the Stalking Horse Purchaser constitute a  
17 reasonable estimate of the damages that will compensate the Stalking Horse Purchaser in the  
18 circumstances in which such fees and reimbursements are payable for the efforts and resources  
19 expended and the opportunities foregone while negotiating the Stalking Horse APA and in  
20 reliance on the Stalking Horse APA and on the expectation of the consummation of the  
21 transactions contemplated therein. The Debtors believe that the entry into this Stalking Horse  
22 APA provides value to the Debtors' estates and bankruptcy cases by, among other things,  
23 inducing other Qualified Bidders to submit higher or better offers for the Purchased Assets.

24 **m. Sale Hearing**

25 48. The Debtors will seek entry of the Sale Order, at the Sale Hearing on April 17,  
26 2019, at 10:00 a.m. (or at another date and time convenient to the Court), to approve and  
27 authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in  
28 accordance with the Bidding Procedures.

LOS ANGELES, CALIFORNIA 90017-5704  
(213) 623-9300

49. At the Sale Hearing, the Debtors will seek Court approval of the Sale to the Successful Bidder (or, in the event the Successful Bidder fails to close, the Back-Up Bidder), free and clear of all liens, claims, interests, and encumbrances pursuant to § 363, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets (and to the extent included in the Successful Bid, the Other Assets prior to the Sale), including the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to § 365. The Debtors will submit and present additional evidence, as necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets and/or the Other Assets.

**n. Reservation.**

50. The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers submit their sealed, highest and best offer for the Purchased Assets and/or the Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv) impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

**D. NOTICE PROCEDURES**

51. The Debtors propose that any objections to the Sale (other than an Assumption Objection (defined herein) which shall be governed by the procedures set forth below) (a “Sale Objection”), must: (i) be in writing; (ii) comply with the Rules and the LBR; (iii) set forth the specific basis for the Sale Objection; (iv) be filed with the Court at 255 East Temple St. (Attn: Judge E. Robles), Los Angeles, CA 90012, together with proof of service, on or before the Sale Objection Deadline set forth in the Bidding Procedures Order; and (v) be served, so as to be actually received on or before the Sale Objection Deadline, upon the Notice Parties. If a Sale Objection is not filed and served on or before the Sale Objection Deadline, the Debtors request that the objecting party be barred from objecting to the Sale and not be heard at the Sale Hearing, and this Court may enter the Sale Order without further notice to such party. The Debtors also request that the Court approve the form of the Procedures Notice, substantially in the form of Exhibit 3 to the Bidding Procedures Order. The Debtors will serve a copy of the Procedures Notice on the Notice Parties and all parties which the Debtors are required to serve pursuant to LBR 6004-1(b)(3) and the *Order Granting Emergency Motion of Debtors for Order Limiting Scope of Notice* [Docket No. 132] (the “Procedures Notice Parties”).

52. The Debtors propose to file with the Court and serve the Procedures Notice within one (1) business day following entry of the Bidding Procedures Order, by first-class mail, postage prepaid on the Procedures Notice Parties. The Procedures Notice provides that any party that has not received a copy of the Motion or the Bidding Procedures Order that wishes to obtain a copy of the Motion or the Bidding Procedures Order, including all exhibits thereto, may make such a request in writing to Dentons US LLP, Attn: Tania M. Moyron, 601 S. Figueroa St., Suite 2500, Los Angeles, CA 90017 or by emailing [tania.moyron@dentons.com](mailto:tania.moyron@dentons.com) or calling (213) 623-9300.

53. The Debtors submit that the foregoing notices comply fully with Bankruptcy Rule 2002 and are reasonably calculated to provide timely and adequate notice of the Bidding Procedures, Auction and Sale, and Sale Hearing to the Debtors’ creditors and other parties in interests as well as to those who have expressed an interest or are likely to express an interest in bidding on the Purchased Assets. Based on the foregoing, the Debtors respectfully request that

1 this Court approve these proposed notice procedures.

2 **E. PROCEDURES FOR THE ASSUMPTION AND ASSIGNMENT OF ASSIGNED**  
3 **CONTRACTS AND LEASES**

4 54. As noted above, the Debtors will seek to assume and assign certain contracts and  
5 leases to be identified in the Purchase Agreement(s) (collectively, the “Assumed Executory  
6 Contracts”).

7 55. At least initially, the Assumed Executory Contracts will be those contracts and  
8 leases that the Debtors believe may be assumed and assigned as part of the orderly transfer of the  
9 Purchased Assets. The Successful Bidder(s) may choose to exclude (or to add) certain contracts  
10 or leases to the list of Assumed Executory Contracts, subject to further notice.

11 56. In the interim, the Debtors will file with the Court and serve the cure notice,  
12 substantially in the form of Exhibit 4 (the “Cure Notice”) to the Bidding Procedures Order, (along  
13 with a copy of this Motion) upon each counterparty to the Assumed Executory Contracts. The  
14 Cure Notice will state the date, time and place of the Sale Hearing as well as the date by which  
15 any objection to the assumption and assignment of Assumed Executory Contracts (including the  
16 Cure Amount (defined below)) must be filed and served. The Cure Notice also will identify the  
17 amounts, if any, that the Debtors believe are owed to each counterparty to an Assumed Executory  
18 Contract in order to cure any defaults that exist under such contract (the “Cure Amounts”). To  
19 the extent there is a contract subsequently added to the list of contracts to be assumed by the  
20 Successful Bidder pursuant to the Successful Bidder’s Purchase Agreement selected at the  
21 Auction, this Motion constitutes a separate motion to assume and assign that contract to the  
22 Successful Bidder pursuant to § 365; each such contract will be listed in the Successful Bidder’s  
23 Purchase Agreement, and will be given a separate Cure Notice filed and served by overnight  
24 delivery within five (5) business days of the conclusion of the Auction and announcement of the  
25 Successful Bidder.

26 57. The inclusion of a contract, lease, or other agreement on the Cure Notice shall not  
27 constitute or be deemed a determination or admission by the Debtors and their estates or any  
28 other party in interest that such contract, lease, or other agreement is, in fact, an executory

1 contract or unexpired lease within the meaning of the Bankruptcy Code, and any and all rights  
2 with respect thereto shall be reserved.

3 58. If a Contract or Lease is assumed and assigned pursuant to Court Order, then  
4 unless the Assumed Executory Contract counterparty properly files and serves an objection to the  
5 Cure Amount contained in the Cure Notice by the Assumption Objection Deadline (defined  
6 below), the Assumed Executory Contract counterparty will receive at the time of the Closing of  
7 the sale (or as soon as reasonably practicable thereafter), the Cure Amount as set forth in the Cure  
8 Notice, if any. If an objection is filed by a counterparty to an Assumed Executory Contract, the  
9 Debtors propose that such objection must set forth a specific default in the executory contract or  
10 unexpired lease, claim a specific monetary amount that differs from the amount, if any, specified  
11 by the Debtors in the Cure Notice, and set forth any reason why the counterparty believes the  
12 executory contract or unexpired lease cannot be assumed and assigned to the Successful Bidder.

13 59. If any counterparty objects for any reason to the assumption and assignment of an  
14 Assumed Executory Contract (including to a Cure Amount) (an “Assumption Objection”), the  
15 Debtors propose that the counterparty must file the objection and serve it so as to be actually  
16 received on or before the Assumption Objection Deadline established in the Bidding Procedures  
17 Order, provided, however, as to any Successful Bidder who is not the Stalking Horse Purchaser,  
18 any counterparty may raise at the Sale Hearing an objection to the assumption and assignment of  
19 the Assumed Executory Contract solely with respect to the Successful Bidder’s ability to provide  
20 adequate assurance of future performance under the Assumed Executory Contract. After receipt  
21 of an Assumption Objection, the Debtors will attempt to reconcile any differences in the Cure  
22 Amount or otherwise resolve the objection with the counterparty. In the event that the Debtors  
23 and the counterparty cannot resolve an Assumption Objection, and the Court does not otherwise  
24 make a determination at the Sale Hearing regarding an Assumption Objection related to a Cure  
25 Amount, the Debtors shall segregate from the sale proceeds any disputed Cure Amounts pending  
26 the resolution of any such Cure Amount disputes by the Court or mutual agreement of the parties.

27 60. The Successful Bidder shall be responsible for satisfying any requirements  
28 regarding adequate assurance of future performance that may be imposed under §365(b) in

connection with the proposed assignment of any Assumed Executory Contract, and the failure to provide adequate assurance of future performance to any counterparty to any Assumed Executory Contract shall not excuse the Successful Bidder from performance of any and all of its obligations pursuant to the Successful Bidder's Purchase Agreement. The Debtors propose that the Court make its determinations concerning adequate assurance of future performance under the Assumed Executory Contracts pursuant to § 365(b) at the Sale Hearing. Cure Amounts disputed by any counterparty will be resolved by the Court at the Sale Hearing or such later date as may be agreed to or ordered by the Court.

61. Except to the extent otherwise provided in the Successful Bidder's Purchase Agreement, the Debtors and the Debtors' estates shall be relieved of all liability accruing or arising after the assumption and assignment of the Assumed Executory Contracts pursuant to § 365(k).

#### IV. ARGUMENT

##### A. APPROVAL OF THE BIDDING PROCEDURES IS APPROPRIATE AND IN THE BEST INTERESTS OF THE DEBTORS’ ESTATES AND STAKEHOLDERS.

Section 363(b)(1) provides that “[t]he trustee, after notice and a hearing, may use, sell, or lease, other than in the ordinary course of business, property of the estate [.]” 11 U.S.C. § 363(b)(1). Section 105(a) provides in pertinent part that “[t]he Court may issue any order, process or judgment that is necessary and appropriate to carry out the provisions of this title.” 11 U.S.C. § 105(a). Rules 2002 and 6004 of the Federal Rules of Bankruptcy Procedure (the “Rules”) govern the scope of the notice to be provided in the event a debtor elects to sell property of the estate under § 363.

With respect to the procedures to be adopted in conducting a sale outside the ordinary course of a debtor’s business, Rule 6004 provides only that such sale may be by private sale or public auction, and requires only that the debtor provide an itemized list of the property sold together with the prices received upon consummation of the sale. Fed. R. Bankr. P. 6004(f). LBR 6004-1 provides, in pertinent part, as follows:

##### (b) **Motion for Order Establishing Procedures for the Sale of Estate Property.**

(2) Contents of Notice [of a Sale Procedure Motion]. The notice must describe the proposed bidding procedures and include a copy of the

1 proposed purchase agreement. If the purchase agreement is not available,  
2 the moving party must describe the terms of the sale proposed, when a  
3 copy of the actual agreement will be filed with the court, and from whom  
4 it may be obtained. The notice must describe the marketing efforts  
5 undertaken and the anticipated marketing plan, or explain why no  
6 marketing is required. [...]

7 (3) Service of the Notice and Motion. The moving party must serve the  
8 motion and notice of the motion and hearing by personal delivery,  
9 messenger, telephone, fax, or email to the parties to whom notice of the  
10 motion is required to be given by the FRBP or by these rules, any other  
11 party that is likely to be adversely affected by the granting of the motion,  
12 and the United States trustee. The notice of hearing must state that any  
13 response in opposition to the motion must be filed and served at least 1  
14 day prior to the hearing, unless otherwise ordered by the court. [...]

15 (6) Break-Up Fees. If a break-up fee or other form of overbid protection is  
16 requested in the Sale Procedure Motion, the request must be supported by  
17 evidence establishing: (A) That such a fee is likely to enhance the ultimate  
18 sale price; and (B) The reasonableness of the fee. [...]

19 LBR 6004-1(b).

20 Neither the Bankruptcy Code nor the Rules contain specific provisions with respect to the  
21 procedures to be employed by a debtor in conducting a public or private sale. Nonetheless, as one  
22 court has stated, “[i]t is a well-established principle of bankruptcy law that the objective of  
23 bankruptcy rules and the [debtors’] duty with respect to such sales is to obtain the highest price or  
24 greatest overall benefit possible for the estate.” *In re Atlanta Packaging Prods., Inc.*, 99 B.R. 124,  
25 131 (Bankr. N.D. Ga. 1988). Additionally, courts have long recognized the need for competitive  
26 bidding at hearings; “[c]ompetitive bidding yields higher offers and thus benefits the estate.  
27 Therefore, the objective is ‘to maximize bidding, not restrict it.’” *Id.*; see also *Burtch v. Ganz (In*  
28 *re Mushroom Transp. Co.)*, 382 F.3d 325, 339 (3d Cir. 2004) (finding that debtor’s fiduciary  
duties included maximizing and protecting the value of the estate’s assets); *Four B. Corp. v. Food*  
*Barn Stores, Inc. (In re Food Barn Stores, Inc.)*, 107 F.3d 558, 564-65 (8th Cir. 1997) (“[A]  
primary objective of the [Bankruptcy] Code [is] to enhance the value of the estate at hand.”).  
Courts uniformly recognize that procedures established for the purpose of enhancing competitive  
bidding are consistent with the fundamental goal of maximizing the value of a debtor’s estate and,  
therefore, are appropriate. See *Calpine Corp. v. O’Brien Envtl. Energy, Inc. (In re O’Brien Envtl.*

1 *Energy, Inc.*), 181 F.3d 527, 536-37 (3d Cir. 1999) (noting that bidding procedures that promote  
2 competitive bidding provide benefit to debtor's estate); *Official Comm. of Subordinated*  
3 *Bondholders v. Integrated Res. Inc. (In re Integrated Res. Inc.)*, 147 B.R. 650, 659 (S.D.N.Y.  
4 1992) (such sale procedures "encourage bidding and to maximize the value of the Assets").

5 Here, the Bidding Procedures are designed to promote the paramount goal of any  
6 proposed sale of property of the Debtors' estates: maximizing the value of sale proceeds received  
7 by the estates. The Bidding Procedures provide for an orderly and appropriately competitive  
8 process through which interested parties may submit offers to purchase the Purchased Assets  
9 and/or the Other Assets. Specifically, the Debtors, with the assistance of their advisors, have  
10 structured the Bidding Procedures to promote active bidding by interested parties and to confirm  
11 the highest or otherwise best offer reasonably available for the Purchased Assets and/or the Other  
12 Assets. Additionally, the Bidding Procedures will allow the Debtors to conduct the Auction in a  
13 fair and transparent manner that will encourage participation by financially capable bidders with  
14 demonstrated ability to consummate a timely Sale. Accordingly, the Bidding Procedures should  
15 be approved because, under the circumstances, they are reasonable, appropriate and in the best  
16 interests of the Debtors, their estates, creditors, and all parties in interest.

17 **B. THE BREAK-UP FEE HAS A SOUND BUSINESS PURPOSE AND IS**  
18 **NECESSARY TO PRESERVE THE VALUE OF THE DEBTORS' ESTATES.**

19 The Debtors submit that the Break-Up Fee is a normal and oftentimes necessary  
20 component of sales outside the ordinary course of business under § 363 of the Bankruptcy Code.  
21 In particular, such a protection encourages a potential purchaser to invest the requisite time,  
22 money, and effort to conduct due diligence and sale negotiations with a debtor despite the  
23 inherent risks and uncertainties of the chapter 11 process. *See, e.g., Integrated Resources*, 147  
24 B.R. at 660 (noting that fees may be legitimately necessary to convince a "white knight" to offer  
25 an initial bid, for the expenses such bidder incurs and the risks such bidder faces by having its  
26 offer held open, subject to higher and better offers); *In re Hupp Indus.*, 140 B.R. 191, 194 (Bankr.  
27 N.D. Ohio 1997) (without any reimbursement, "bidders would be reluctant to make an initial bid  
28 for fear that their first bid will be shopped around for a higher bid from another bidder who would

1 capitalize on the initial bidder's . . . due diligence"); *In re Marrose Corp.*, 1992 WL 33848, at \*5  
2 (Bankr. S.D.N.Y. 1992) (stating that "agreements to provide reimbursement of fees and expenses  
3 are meant to compensate the potential acquirer who serves as a catalyst or 'stalking horse' which  
4 attracts more favorable offers"); *In re 995 Fifth Ave. Assocs.*, 96 B.R. 24, 28 (Bankr. S.D.N.Y.  
5 1989) (finding that bidding incentives may be "legitimately necessary to convince a white knight  
6 to enter the bidding by providing some form of compensation for the risks it is undertaking")  
7 (citations omitted).

8 A proposed bidding incentive, such as the Break-Up Fee, should be approved when it is in  
9 the best interests of the estate. *See In re S.N.A. Nut Co.*, 186 B.R. 98, 104 (Bankr. N.D. Ill. 1995);  
10 *see also In re America West Airlines, Inc.*, 166 B.R. 908 (Bankr. D. Ariz. 1994); *In re Hupp*  
11 *Indus., Inc.*, 140 B.R. 191 (Bankr. N.D. Ohio 1992). Typically, this requires that the bidding  
12 incentive provide some benefit to the debtor's estate. *Calpine Corp. v. O'Brien Envtl. Energy,*  
13 *Inc. (In re O'Brien Envtl. Energy, Inc.)*, 181 F.3d 527, 533 (3d Cir. 1999) (holding even though  
14 bidding incentives are measured against a business judgment standard in non-bankruptcy  
15 transactions the administrative expense provisions of § 503(b) govern in the bankruptcy context).

16 In evaluating the appropriateness of a break-up fee, the appropriate question for the Court  
17 to consider is "whether the break-up fee served any of three possible useful functions: (1) to  
18 attract or retain a potentially successful bid; (2) to establish a bid standard or minimum for other  
19 bidders to follow; or (3) to attract additional bidders." *In re Integrated Resources, Inc.*, 147 B.R.  
20 at 662 (where the Court heard testimony that the average breakup fee in the industry is 3.3%).  
21 Break-up fees in the same general range as the Break-Up Fee have been routinely approved in the  
22 context of bankruptcy sales. *See In re CXM, Inc.*, 307 B.R. 94, 103–04 (Bankr. N.D. Ill. 2004)  
23 (court approved break-up fee in amount equal to the actual expenses that the stalking horse  
24 incurred in connection with its bid to buy the Sale Assets, subject to a maximum cap of \$200,000,  
25 which equaled 3% of the cash purchase price); *In re Women First Healthcare, Inc.*, 332 B.R. 115,  
26 118 (Bankr. D. Del. 2005) (court approved break-up fee that equaled 4.7% percent of the  
27 purchase price; *In re Dan River, Inc.*, No. 04-10990 (Banker. N.D. Ga. Dec. 17, 2004) (court  
28 approved break-up fee equal to 5.3% of the cash purchase price); *In re Lake Burton Dev., LLC*,

2010 WL 5563622, \*43 (Bankr. N.D. Ga. Mar. 18, 2010) (court approved break-up fee equal to 4.75% of cash purchase price); *In re Case Engineered Lumber, Inc.*, No. 09-22499 (Bankr. N.D.Ga. Sept. 1, 2009)(J. Brizendine) (approving break-up fee equal to 3.5% of the cash purchase price); *In re Tama Beef Packing Inc.*, 321 B.R. 469, 498 (8th Cir. BAP 2005) (noting that the bankruptcy court correctly concluded that break-up fees are “usually limited to one to four percent of the purchase price”). Notably, this Court has also approved break-up fees within the range of the Break-Up Fee. *See In re Verity Health System of California, Inc.*, No. 18-20151 (Bankr. C.D. Cal. Oct. 30, 2018) (J. Robles) (approving break-up fee equal to 4% of the cash purchase price); *In re T Asset Acquisition Company, LLC*, No. 09-31853 (Bankr. C.D. Cal. Jan. 28, 2010) (J. Robles) (approving break-up fee equal to 3% of the cash purchase price).

The Debtors submit that all of the bidding procedures the Debtors are seeking to have the Court approve, including the proposed Break-Up Fee to the Stalking Horse Purchaser, satisfies all three of the useful functions set forth above: (1) to attract or retain a potentially successful bid; (2) to establish a bid standard or minimum for other bidders to follow; and (3) to attract additional bidders. The proposed break-up fee of 3.5% of the purchase price is well within the percentage parameters that have been approved by many other courts. Thus, the Debtors believe that the proposed Break-Up Fee is fair and reasonably compensates the Stalking Horse Purchaser for taking actions that will benefit the Debtors’ estates. The Break-Up Fee compensates the Stalking Horse Purchaser for diligence and professional fees incurred in negotiating the terms of the Stalking Horse APA on an expedited timeline.

Additionally, the Debtors do not believe that the Break-Up Fee will have a chilling effect on the sale process. Rather, the Stalking Horse Purchaser will increase the likelihood that the best possible price for the Purchased Assets will be received, by permitting other qualified bidders to rely on the diligence performed by the Stalking Horse Purchaser, and moreover, by allowing qualified bidders to utilize the Stalking Horse APA as a platform for negotiations and modifications in the context of a competitive bidding process.

Finally, the Break-Up Fee will be paid only if, among other things, the Debtors enter into a transaction for the Purchased Assets with a bidder other than the Stalking Horse Purchaser.

1 Accordingly, no Break-Up Fee will be paid unless a higher and better offer is achieved and  
2 consummated. In sum, the Break-Up Fee is reasonable under the circumstances and will enable  
3 the Debtors to maximize the value for the Purchased Assets while limiting any chilling effect in  
4 the sale process.

5 **C. THE PROCEDURE FOR ASSUMPTION AND ASSIGNMENT OF CERTAIN**  
6 **EXECUTORY CONTRACTS AND UNEXPIRED LEASES IS APPROPRIATE**

7 Section 365(a) provides that, subject to the court’s approval, a trustee “may assume or  
8 reject any executory contracts or unexpired leases of the debtor.” 11 U.S.C. § 365(a). Upon  
9 finding that a trustee has exercised its sound business judgment in determining to assume an  
10 executory contract or unexpired lease, courts should approve the assumption under § 365(a). *See*  
11 *Nostas Assocs. v. Costich (In re Klein Sleep Prods., Inc.)*, 78 F.3d 18, 25 (2d Cir. 1996); *see also*  
12 *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1099  
13 (2d Cir. 1993).

14 Pursuant to § 365(f)(2), a trustee may assign an executory contract or unexpired lease of  
15 nonresidential real property if:

- 16 (A) the trustee assumes such contract or lease in accordance with the provisions of this  
17 section; and  
18 (B) adequate assurance of future performance by the assignee of such contract or lease  
19 is provided, whether or not there has been a default in such contract or lease.

20 11 U.S.C. § 365(f)(2).

21 The meaning of “adequate assurance of future performance” depends on the facts and  
22 circumstances of each case, and should be given “practical, pragmatic construction.” *See Carlisle*  
23 *Homes, Inc. v. Arrari (In re Carlisle Homes, Inc.)*, 103 B.R. 524, 538 (Bankr. D.N.J. 1989); *see*  
24 *also In re Natco Indus., Inc.*, 54 B.R. 436, 440 (Bankr. S.D.N.Y. 1985) (adequate assurance of  
25 future performance does not mean absolute assurance that debtor will thrive and pay rent); *In re*  
26 *Bon Ton Rest. & Pastry Shop, Inc.*, 53 B.R. 789, 803 (Bankr. N.D. Ill. 1985) (“Although no single  
27 solution will satisfy every case, the required assurance will fall considerably short of an absolute  
28 guarantee of performance.”).

1 Among other things, adequate assurance may be given by demonstrating the assignee's  
2 financial health and experience in managing the type of enterprise or property assigned. *In re*  
3 *Bygaph, Inc.*, 56 B.R. 596, 605-6 (Bankr. S.D.N.Y. 1986) (adequate assurance of future  
4 performance is present when prospective assignee of lease has financial resources and expressed  
5 willingness to devote sufficient funding to business to give it strong likelihood of succeeding;  
6 chief determinant of adequate assurance is whether rent will be paid).

7 The Debtors and the Successful Bidder will present evidence at the Sale Hearing to prove  
8 the financial credibility, willingness, and ability of the Successful Bidder to perform under the  
9 contracts or leases. The Court and other interested parties therefore will have the opportunity to  
10 evaluate the ability of any Successful Bidder to provide adequate assurance of future performance  
11 under the contracts or leases, as required by § 365(b)(1)(C).

12 In addition, the Debtors submit that the cure procedures set forth herein are appropriate,  
13 reasonably calculated to provide notice to any affected party, and afford the affected party to  
14 opportunity to exercise any rights affected by the Motion, and consistent with § 365. To the  
15 extent that any defaults exist under any Assumed Executory Contracts, any such defaults will be  
16 cured pursuant to the Successful Bidder's Purchase Agreement. Except as otherwise limited by §  
17 365 of the Bankruptcy Code, any provision in the Assumed Executory Contracts that would  
18 restrict, condition, or prohibit an assignment of such contracts will be deemed unenforceable  
19 pursuant to § 365(f)(1) of the Bankruptcy Code.

20 Accordingly, the Debtors submit that the cure procedures for effectuating the assumption  
21 and assignment of the Assumed Executory Contracts as set forth herein are appropriate and  
22 should be approved.

23 **D. APPROVAL OF THE SALE IS WARRANTED UNDER § 363**

24 As discussed above, § 363(b)(1) of the Bankruptcy Code provides that a debtor "after  
25 notice and a hearing, may use, sell, or lease, other than in the ordinary course of business,  
26 property of the estate." 11 U.S.C. § 363(b)(1).

1           **i.       The Sale of the Assets is Authorized by § 363 as a Sound Exercise of the**  
2           **Debtors’ Business Judgment**

3           In accordance with Rule 6004, sales of property rights outside the ordinary course of  
4           business may be by private sale or public auction. The Debtors have determined that the Sale of  
5           the Purchased Assets and/or the Other Assets by public auction will enable it to obtain the highest  
6           and best offer for these assets (thereby maximizing the value of the estate) and is in the best  
7           interests of the Debtors’ creditors. In particular, the Stalking Horse APA is the result of  
8           comprehensive arms’ length negotiations for the Sale of the Purchased Assets and/or the Other  
9           Assets and the Sale pursuant to the terms of the Stalking Horse APA, subject to higher or  
10          otherwise better offers at the Auction, will provide a greater recovery for the Debtors’ creditors  
11          than would be provided by any other existing alternative. The Debtors similarly have determined  
12          in their business judgment that a sale of the Purchased Assets and/or the Other Assets through a  
13          competitive, public auction is the best way to maximize the value of those assets.

14          Sections 363 provides that a trustee, “after notice and a hearing, may use, sell, or lease,  
15          other than in the ordinary course of business, property of the estate.” 11 U.S.C. § 363(b).  
16          Although § 363 does not specify a standard for determining when it is appropriate for a court to  
17          authorize the use, sale or lease of property of the estate, a sale of a debtor’s assets should be  
18          authorized if a sound business purpose exists for doing so. *See, e.g., Meyers v. Martin (In re*  
19          *Martin)*, 91 F.3d 389, 395 (3d Cir. 1996); *In re Abbotts Dairies of Pa., Inc.*, 788 F.2d 143 (2d Cir.

26          The paramount goal in any proposed sale of property of the estate is to maximize the  
27          proceeds received by the estate. *See, e.g., In re Food Barn Stores, Inc.*, 107 F.3d 558, 564-65

4 99 BR. 124, 130 (Bankr. N.D. Ga. 1988)). As long as the sale appears to enhance a debtor’s  
5 estate, court approval of a debtor’s decision to sell should only be withheld if the debtor’s  
6 judgment is clearly erroneous, too speculative, or contrary to the provisions of the Bankruptcy  
7 Code. *GBL Holding Co., Inc. v. Blackburn/Travis/Cole, Ltd.*, 331 B.R. 251, 255 (N.D. Tex.  
8 2005); *In re Lajijani*, 325 B.R. 282, 289 (B.A.P. 9th Cir. 2005); *In re WPRV-TV, Inc.*, 143 B.R.  
9 315, 319 (D.P.R. 1991) (“The trustee has ample discretion to administer the estate, including  
10 authority to conduct public or private sales of estate property. Courts have much discretion on  
11 whether to approve proposed sales, but the trustee’s business judgment is subject to great judicial  
12 deference.”).

13 Applying § 363, the proposed Sale of the Purchased Assets and/or the Other Assets should  
14 be approved. As set forth above, the Debtors have determined that the best method of maximizing  
15 the recovery of the Debtors’ creditors would be through the Sale of the Purchased Assets. As  
16 assurance of value, bids will be tested through the Auction consistent with the requirements of the  
17 Bankruptcy Code, the Bankruptcy Rules, and pursuant to the Bidding Procedures approved by the  
18 Court. Consequently, the fairness and reasonableness of the consideration to be paid by the  
19 Successful Bidder ultimately will be demonstrated by adequate “market exposure” and an open  
20 and fair auction process—the best means, under the circumstances, for establishing whether a fair  
21 and reasonable price is being paid.

22 In addition to the Debtors’ prior marketing efforts, the Debtors’ investment banker has  
23 been contacting potential interested parties and has assembled a data room which is available  
24 upon the execution of an appropriate confidentiality agreement. There is a limited universe of  
25 potential acquirers of the Purchased Assets, and the Debtors and their advisors have been in  
26 active discussions with many of these potential purchasers.

1           **ii. The Sale of the Debtors' Assets Free and Clear of Liens and Other Interests is**  
2           **Authorized by § 363(f) of the Bankruptcy Code**

3           The Debtors further submit that it is appropriate to sell the Purchased Assets free and clear  
4 of liens pursuant to § 363(f), with any such liens attaching to the sale proceeds of the Purchased  
5 Assets to the extent applicable. Section 363(f) authorizes a trustee to sell assets free and clear of  
6 liens, claims, interests and encumbrances if:

- 7           (1) applicable nonbankruptcy law permits the sale of such property free and clear of  
8 such interests;  
9           (2) such entity consents;  
10          (3) such interest is a lien and the price at which such property is to be sold is greater  
11 than the value of all liens on such property;  
12          (4) such interest is in bona fide dispute; or  
13          (5) such entity could be compelled, in a legal or equitable proceeding, to accept a  
14 money satisfaction of such interest.

15           11 U.S.C. § 363(f).

16           This provision is supplemented by § 105(a), which provides that “[t]he Court may issue  
17 any order, process or judgment that is necessary or appropriate to carry out the provisions of [the  
18 Bankruptcy Code].” 11 U.S.C. § 105(a).

19           Because § 363(f) of the Bankruptcy Code is drafted in the disjunctive, satisfaction of any  
20 one of its five requirements will suffice to permit the sale of the Debtor's Assets “free and clear”  
21 of liens and interests. *In re Dundee Equity Corp.*, 1992 Bankr. LEXIS 436, at \*12 (Bankr.  
22 S.D.N.Y. Mar. 6, 1992) (“Section 363(f) is in the disjunctive, such that the sale free of the interest  
23 concerned may occur if any one of the conditions of § 363(f) have been met.”); *In re Bygaph,*  
24 *Inc.*, 56 B.R. 596, 606 n.8 (Bankr. S.D.N.Y. 1986) (same); *Michigan Employment Sec. Comm'n v.*  
25 *Wolverine Radio Co. (In re Wolverine Radio Co.)*, 930 F.2d 1132, 1147 n.24 (6th Cir. 1991)  
26 (stating that § 363(f) is written in the disjunctive; holding that the court may approve the sale  
27 “free and clear” provided at least one of the subsections of § 363(f) is met).

28           The Debtors believe that at least one of the tests of § 363(f) of the Bankruptcy Code is  
satisfied with respect to the transfer of the Purchased Assets and/or the Other Assets pursuant to

1 the Stalking Horse APA. Additionally, at least § 363(f)(2) will be met in connection with the  
2 transactions proposed under the Purchase Agreement because each of the parties holding liens on  
3 the Purchased Assets and/or the Other Assets will consent or, absent any objection to this motion,  
4 will be deemed to have consented to the Sale. Any lienholder also will be adequately protected  
5 by having its liens, if any, in each instance against the Debtors or their estates, attach to the sale  
6 proceeds ultimately attributable to the Purchased Assets and/or the Other Assets in which such  
7 creditor alleges an interest, in the same order of priority, with the same validity, force and effect  
8 that such creditor had prior to the Sale, subject to any claims and defenses the Debtors may  
9 possess with respect thereto. Accordingly, § 363(f) authorizes the transfer and conveyance of the  
10 Purchased Assets free and clear of any such claims, interests, liabilities, or liens.

11 Although § 363(f) provides for the sale of assets “free and clear of any interests,” the term  
12 “any interest” is not defined anywhere in the Bankruptcy Code. *Folger Adam Security v.*  
13 *DeMatteis/MacGregor JV*, 209 F.3d 252, 257 (3d Cir. 2000). Courts have interpreted “any  
14 interest” expansively to include not only in rem interests in property, but also other obligations  
15 that are “connected to or arise from the property being sold” or that could “potentially travel with  
16 the property being sold.” *In re Gardens Regional Hospital and Medical Center, Inc.*, 567 B.R.  
17 820, 825 (Bankr. C.D. Cal. 2017) (California Attorney General imposed conditions are an  
18 “interest in property” that can be stripped off the assets through a sale under § 363); *In re La*

21 California Air Resources Board are an interest in property which can be cut off by a § 363 sale)

D.N.J. 2013) (section 363 sales cut off tort claims against purchaser of nonprofit hospital); *In re Tougher Indus.*, 2013 WL 1276501 at \*\*6-9 (Bankr. N.D.N.Y. Mar. 27, 2013) (holding that debtor's assets could be sold free and clear of New York State Department of Labor's right to use the debtor's experience rating to access the buyer's tax liability as successor to the debtor); *In re Grumman Olson Indus. Inc.*, 467 B.R. 694, 702-03 (S.D.N.Y. 2012) ("Section 363(f) can be used to sell property free and clear of claims that could otherwise be assertable against the buyer of the assets under the common law doctrine of successor liability"); *WBO P'ship v. Va. Dep't of Med. Assistance Servs. (In re WBO P'ship)*, 189 B.R. 97, 104-05 (Bankr. E.D. Va. 1995) (holding that Commonwealth of Virginia's right to recapture depreciation is an "interest" as that term is used in § 363(f))

In the case of *In re Trans World Airlines, Inc.*, 322 F.3d 283, 288-89 (3d Cir. 2003), the Third Circuit specifically addressed the scope of the term "any interest." The Third Circuit observed that while some courts have "narrowly interpreted that phrase to mean only in rem interests in property," the trend in modern cases is towards "a more expansive reading of 'interests in property' which 'encompasses other obligations that may flow from ownership of the property.'" *Id.* at 289 (citing 3 Collier on Bankruptcy, ¶ 363.06[1] (L. King, 15th rev. ed. 1988)). As determined by the Fourth Circuit in *In re Leckie Smokeless Coal Co.*, the scope of § 363(f) is not limited to *in rem* interests. 99 F.3d 573, 581-582 (4th Cir. 1996) (holding that coal mine operators could sell their assets free and clear of their obligations to a benefits plan and fund

1 under the Coal Act). Thus, debtors “could sell their assets under § 363(f) free and clear of  
2 successor liability that otherwise would have arisen under federal statute.” *Folger*, 209 F.3d at  
3 258 (*citing Leckie*, 99 F.3d at 582).

4 Courts have consistently held that a buyer of a debtor’s assets pursuant to a § 363 sale  
5 takes such assets free from successor liability resulting from pre-existing claims. *See The Ninth*  
6 *Avenue Remedial Group v. Allis-Chalmers Corp.*, 195 B.R. 716, 732 (Bankr. N.D. Ind. 1996)  
7 (stating that a bankruptcy court has the power to sell assets free and clear of any interest that  
8 could be brought against the bankruptcy estate during the bankruptcy); *MacArthur Company v.*  
9 *Johns-Manville Corp. (In re Johns-Manville Corp.)*, 837 F.2d 89, 93-94 (2d Cir. 1988)  
10 (channeling of claims to proceeds consistent with intent of sale free and clear under § 363(f)). The  
11 purpose of an order purporting to authorize the transfer of assets free and clear of all “interests”  
12 would be frustrated if claimants could thereafter use the transfer as a basis to assert claims against  
13 the purchaser arising from the Debtors’ pre-sale conduct. Under § 363(f), the purchaser is  
14 entitled to know that the Purchased Assets and/or the Other Assets are not infected with latent  
15 claims that will be asserted against the purchaser after the proposed transaction is completed.  
16 Accordingly, consistent with the above-cited case law, the order approving the Sale should state  
17 that the Successful Bidder is not liable as a successor under any theory of successor liability, for  
18 claims that encumber or relate to the Purchased Assets and/or the Other Assets.

19 **iii. The Successful Bidder Should be Afforded All Protections Under § 363(m) as**  
20 **A Good Faith Purchaser**

21 Section 363(m) protects a good-faith purchaser’s interest in property purchased from the  
22 debtor’s estate notwithstanding that the sale conducted under § 363(b) is later reversed or  
23 modified on appeal. Specifically, § 363(m) states that:

24 The reversal or modification on appeal of an authorization under  
25 [section 363(b)] . . . does not affect the validity of a sale . . . to an entity  
26 that purchased . . . such property in good faith, whether or not such entity  
27 knew of the pendency of the appeal, unless such authorization and such  
28 sale were stayed pending appeal.

11 U.S.C. § 363(m). Section 363(m) “codifies Congress’s strong preference for finality and  
efficiency” in bankruptcy proceedings. *In re Energytec, Inc.* 739 F.3d 215, 218-19 (5<sup>th</sup> Cir.

2013). The Ninth Circuit has repeatedly held that, under § 363(m), “[w]hen a sale of assets is made to a good faith purchaser, it may not be modified or set aside unless the sale was stayed pending appeal.” *Paulman v. Gateway Venture Partners III, L.P. (In re Filtercorp, Inc.)*, 163 F.3d 570, 576 (9<sup>th</sup> Cir. 1998) ; *In re Ewell*, 958 F.2d 276, 282 (9th Cir. 1992) (“Because the Buyer was a good faith purchaser, under 11 U.S.C. § 363(m) the sale may not be modified or set aside on appeal unless the sale was stayed pending appeal.”); *Onouli-Kona Land Co. v. Estate of Richards (In re Onouli-Kona Land Co.)*, 846 F.2d 1170, 1172 (9th Cir. 1988) (“Finality in bankruptcy has become the dominant rationale for our decisions [...]”).

The selection of the Successful Bidder will be the product of arms’ length, good faith negotiations in an anticipated competitive purchasing process. The Debtors intend to request at the Sale Hearing a finding that the Successful Bidder is a good faith purchaser entitled to the protections of § 363(m).

**E. RELIEF FROM THE 14-DAY WAITING PERIOD UNDER RULES 6004(H) AND 6006(D) IS APPROPRIATE**

Rule 6004(h) provides that an “order authorizing the use, sale, or lease of property . . . is stayed until the expiration of 14 days after entry of the order, unless the court orders otherwise.” Similarly, Rule 6006(d) provides that an “order authorizing the trustee to assign an executory contract or unexpired lease . . . is stayed until the expiration of 14 days after the entry of the order, unless the court orders otherwise.” The Debtors request that the Order be effective immediately by providing that the 14-day stays under Rules 6004(h) and 6006(d) are waived.

The purpose of Rules 6004(h) and 6006(d) is to provide sufficient time for an objecting party to appeal before an order can be implemented. *See* Advisory Committee Notes to Fed. R. Bankr. P. 6004(h) and 6006(d). Although Rules 6004(h) and 6006(d) and the Advisory Committee Notes are silent as to when a court should “order otherwise” and eliminate or reduce the 14-day stay period, *Collier* suggests that the 14-day stay period should be eliminated to allow a sale or other transaction to close immediately “where there has been no objection to the procedure.” *Collier on Bankruptcy*, ¶ 6004.11 (Alan N. Resnick & Henry J. Sommer eds., 16th ed.). Furthermore, *Collier* provides that if an objection is filed and overruled, and the objecting

1 party informs the court of its intent to appeal, the stay may be reduced to the amount of time  
2 actually necessary to file such appeal. *Id.*

3 The Debtors hereby request that the Court waive the 14-day stay periods under Rules  
4 6004(h) and 6006(d) or, in the alternative, if an objection to the Sale is filed, reduce the stay  
5 period to the minimum amount of time needed by the objecting party to file its appeal.

6 **F. THE APPLICABLE REQUIREMENTS OF LBR 6004-1 HAVE BEEN SATISFIED**

7 Here all of the applicable requirements of LBR 6004-1(b) pertaining to the Motion and the  
8 request therein to approve the Bidding Procedures have been satisfied. First, as required by LBR  
9 6004-1(b)(2), the Notice of Motion describes the proposed Bidding Procedures and includes a  
10 copy of the Stalking Horse APA. Second, as required by LBR 6004-1(b)(2), the Notice of the Bid  
11 Procedures Motion and this Memorandum describe marketing efforts undertaken and the  
12 anticipated marketing of the Purchased Assets through the deadline for prospective Overbidders  
13 to submit bids for the Auction. Third, the Debtors provided notice of the Notice of Motion,  
14 Motion, and this Memorandum pursuant to LBR 6004-1(b)(3) and the *Order Granting*  
15 *Emergency Motion of Debtors for Order Limiting Scope of Notice* [Docket No. 132]. Therefore,  
16 the Debtors submit that service of the Notice of Motion, Motion, and this Memorandum by such  
17 means was adequate and appropriate.

18 **V. CONCLUSION**

19 **WHEREFORE**, the Debtors respectfully request that the Court enter an order: (i)  
20 granting the relief requested herein; and (ii) granting such other and further relief as the Court  
21 may deem proper.

(f) following entry of the Sale Order, permit and allow reasonable access by Purchaser and its representatives (which shall include the right to send written materials, all of which shall be subject to Sellers' reasonable approval prior to delivery) to make offers of post-

Closing employment to any of Sellers' personnel (including access by Purchasers and their representatives for the purpose of conducting open enrollment sessions for Purchasers' employee benefit plans and programs) and to establish relationships with physicians, medical staff and others having business relations with Sellers;

(g) with respect to material deficiencies, if any, cited by any governmental authority (other than the Attorney General of the State of California and other than with respect to Seismic requirements) or accreditation body in the most recent surveys conducted by each, cure or develop and timely implement a plan of correction that is acceptable to such governmental authority or such accreditation body;

(h) timely file or cause to be filed all material reports, notices and tax returns required to be filed and pay all required taxes as they come due;

(i) without regard to Material Adverse Effect, beginning on February 21, 2019 and in accordance with the Sellers' budget under their debtor in possession financing, timely pay any fees that are or become due and payable under QAF IV and QAF V;

(j) comply in all material respects with all Legal Requirements (including Environmental Laws) applicable to the conduct and operation of the Hospitals; and

(k) without regard to Material Adverse Effect, maintain all material approvals, permits and environmental permits relating to the Hospitals and the Assets.

4.7 Contract With Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, provided that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

## ARTICLE 5

### COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement, Purchaser shall be permitted to communicate and meet with (a) counter-parties to the agreements and contracts of the Hospitals, included those included in Assumed Obligations, regarding the terms and conditions under which they may be assumed and assigned to Purchaser, and (b) applicable governmental and regulatory authorities regarding prospective compliance with regulatory requirements and related issues; so long as, in the case of each of (a) and (b) (i) such communications and meetings do not interfere with the operation of the Businesses or the conduct of the Bankruptcy Cases and (ii) any communications or meetings with any governmental authority are approved in advance by Sellers as to timing and content (and Sellers are copied on such communications and afforded the opportunity to participate in such meetings).

5.2 Required Governmental Approvals.

(a) Purchaser, at its sole cost and expense (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled (and provide Sellers copies of all materials relating to such consents, approvals, authorizations, clearances and licenses upon submission and all materials received from third parties in connection with such consents, approvals, authorizations, clearances and licenses upon receipt), and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Purchaser will provide Sellers periodic and timely updates regarding all such consents, approvals, authorizations, clearances and licenses. Purchaser is responsible for all filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

(b) Purchaser and Sellers agree that because the change of ownership and regulatory approval process in connection with the transactions contemplated by this Agreement may take an extended period of time, Purchaser and Sellers agree to an initial closing effective upon the approval of the court and upon the approval of the transaction by the CA AG (as defined below) in accordance with Sections 7.5 and 8.6, at which time the Assets (less the portion of the Assets constituting drugs or other pharmacy assets) will be sold to Purchaser and immediately leased back

to Sellers, with a concurrent management agreement entered into at that time upon terms mutually agreeable to the parties in their reasonable business judgment. The Sale Leaseback Agreement and Interim Management Agreement will terminate at the Closing when the Purchaser is issued the Licenses necessary to operate the Hospitals directly (namely, the Hospital Licenses and pharmacy permits).

### 5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the “**Hospital Employees**”) who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on Schedule 5.3; or (iii) employed by an affiliate of any Seller and are listed on Schedule 5.3. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity or any other affiliate of Seller unless such individual is listed on Schedule 5.3. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the “**Hired Employees**.” All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time, subject to compliance with applicable law and regulation, including consent of such employees if required.

(c) After the Closing Date, Purchaser’s human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller’s and such Seller’s affiliates’ post-Closing administration of such Seller’s and such Seller’s affiliates’ pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees (which such list Purchaser shall periodically update).

(d) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller’s designee any Excluded Assets of such Seller found at the

Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, but in any event within ten (10) calendar days, Purchaser shall, at its sole cost and expense, make any notices or other filings with the Attorney General of the State of California (the "CA AG"). Each Seller shall reasonably cooperate with Purchaser in such notices or other filings.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 4 to be inaccurate or untrue as of the Closing.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of each Hospital's service area.

5.10 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.

5.11 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement to be assumed by Purchaser. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement. In addition, Sellers may, in their discretion, seek to reject any or all of the collective bargaining agreement(s).

## ARTICLE 6

### SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

#### 6.1 Bankruptcy Court Approval; Overbid Protection and Break-Up Fee.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval, and that this Agreement is subject to termination in its entirety in the event any Seller receives a better and higher offer for the Assets in accordance with the Bankruptcy Code and subject to the terms stated herein.

(b) Promptly following the execution of this Agreement by all parties, the Seller shall file a motion with the Bankruptcy Court (the "**Sales Procedures Motion**"), the content of which shall be subject to the reasonable approval by Purchaser, for entry of an order approving bid procedures and overbid protections containing substantially the following terms and conditions:

(1) the Seller shall not accept any offer to sell the Assets subject to this Agreement ("**Overbid**") to another purchaser ("**Overbidder**") unless that offer exceeds the Purchase Price by an amount sufficient to pay the Break-Up Fee and such offer includes the purchase of substantially all Assets subject of this Agreement;

(2) in the event that an overbidder (and not the Purchaser) is the successful bidder for the purchase of the Assets (the "**Alternate Transaction**") and the Alternative Transaction is approved by the Bankruptcy Court, (a) the Deposit, and any interest earned thereon, shall be returned to Purchaser immediately upon the entry of such sale order, and (b) Purchaser shall be paid a break-up fee of three and one-half percent (3.5%) of the Cash Consideration (\$21,350,000.00) plus reimbursement of reasonably documented reasonable costs and expenses incurred by Purchaser related to its due diligence, and pursuing, negotiating, and documenting the transactions contemplated by this Agreement in an amount not to exceed \$2,000,000.00 ( the "**Break-Up Fee**"); provided, however, that in the event that

the Purchaser is successful as to some but not all of the Assets, the Break-Up Fee shall be reduced pro rata to the percentage of Assets not actually purchased by the Purchaser, based on the allocation of the Purchase Price as described in Section 1.1(a)(i), as compared to the Assets which were the subject of this Agreement.; and

(3) The Break-Up Fee shall be deemed to be an allowed expense of the kind specified in Section 503(b) of the Bankruptcy Code to be paid solely from the proceeds of the Alternate Transaction, pursuant to the Sale Order. The Break-Up Fee shall not be paid if the Alternate Transaction was pursued due to a material breach by the Purchaser or the Purchaser's failure or refusal to consummate the transaction after the satisfaction or waiver of all closing conditions.

The Sales Procedures Motion will contain bid procedures as set forth in the bid procedures attached hereto as **Schedule 6.1(b)(3)**.

If Sellers fails to obtain Bankruptcy Court approval for the Sales Procedures Motion by no later than four weeks after the end of the Final Diligence Period, Purchaser shall have the right to terminate this Agreement, without recourse or liability, and Seller shall immediately thereafter return to Purchaser the Deposit and any interest earned thereon.

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(d) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal; provided, however, Purchaser, at its option, shall have the right to participate as a party in interest in such appeal. In the event a stay is issued by any appellate court, including the United States District Court, which prevents the sale from closing, as scheduled, Purchaser shall have the right to terminate this Agreement if such stay is not vacated on or before

45 days from the date of the stay is issued, and Purchaser shall be entitled to the prompt return of the Deposit and any interest earned thereon.

## ARTICLE 7

### CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions. The conditions to Purchaser's obligations to close set forth in Section 8.6 shall have been satisfied.

7.6 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

7.7 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

7.8 CSCDA Acknowledgement. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Sellers that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations, and releases of the Sellers from any and all claims arising or accruing prior to the Closing Date.

## ARTICLE 8

### CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing.

8.1 Governmental Authorizations. Except as otherwise set forth in this Agreement, Purchaser and Sellers shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for the purchase, sale and operation of the Hospitals, including without limitation approval of the CA AG (subject to Section 8.6), except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code.

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Sellers shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by Sellers on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on Schedule 8.6 (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that

the Additional Conditions are an “interest in property” for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions. If Sellers obtain such an order, from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order to determine, in Purchaser’s sole and absolute discretion, and in consultation with Purchaser’s financing sources, whether to proceed to consummate the transactions contemplated by this Agreement. If Purchaser determines not to proceed, Purchaser shall have the right to terminate this Agreement and receive the return of its Good Faith Deposit.

8.7 Medicare and Medi-Cal Provider Agreements. Sellers shall transfer their Medicare provider agreements pursuant to a settlement agreement with the Centers for Medicare and Medicaid Services (“CMS”) and shall transfer their Medi-Cal provider agreements pursuant to a settlement agreement with the California Department of Health Care Services (“DHCS”), which such settlement agreements shall result in: (i) resolution of all outstanding financial defaults under any of Sellers’ Medicare and Medi-Cal provider agreements and (ii) full satisfaction, discharge, and release of any claims under the Medicare or Medi-Cal provider agreements, whether known or unknown, that CMS or DHCS, as applicable, has against the Seller or Purchaser for monetary liability arising under the Medicare or Medi-Cal provider agreements before the Effective Time; provided, however, that Purchaser acknowledges that it will succeed to the quality history associated with the relevant Medicare or Medi-Cal provider agreements assigned and shall be treated, for purposes of survey and certification issues as if it is the relevant Seller and no change of ownership occurred.

8.8 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

## ARTICLE 9

### TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

- (a) by the mutual written consent of the parties;
- (b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach;
- (c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Hospitals, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement, but which has been provided to Purchaser after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.1(c) on or prior to January 8, 2019, which notice may be given by facsimile or email correspondence; provided, that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Agreement, Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the

breach of a Sale Order Date Representation, but in each case solely to the extent such breach of a Sale Order Date Representation would result in a Material Adverse Effect; provided, further, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach;

(e) by Purchaser if satisfaction of any of the conditions in ARTICLE 8 has not occurred by December 31, 2019 or becomes impossible, and Purchaser has not waived such condition in writing (provided that the failure to satisfy any of the applicable condition or conditions in Sections 8.1 through 8.5 inclusive has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date); provided that upon the imposition of Additional Conditions by the CA AG, Section 8.6 must be satisfied or waived by Purchaser by no later than sixty (60) days thereafter.

(f) by Sellers if satisfaction of any of the conditions in ARTICLE 7 has not occurred by December 31, 2019 or becomes impossible, and Sellers have not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Cases or fails to approve the Sales Procedures Motion by the date specified in Section 6.1(b);

(h) by Sellers if, in connection with the Bankruptcy Cases, any Seller accepts an Alternate Transaction and pays the Break-Up Fee;

(i) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019; or

(j) by Purchaser if a force majeure event (such as acts of God, storms, floods, landslides, earthquakes, lightning, riots, fires, pandemics, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities, other national or international calamity, one or more acts of terrorism, or failure of energy sources) shall have occurred between the Signing Date and Closing Date, which event is reasonably likely to have a Material Adverse Effect.

9.2 Termination Consequences. If this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1: (a) all further obligations of the parties under this Agreement shall terminate (other than Purchaser's right to receive the Break-Up Fee if applicable), provided that the provisions of ARTICLE 12, shall survive; and (b) each party shall pay only its own costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or (d) the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. In addition, if this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1 (other than Section 9.1(b)), Seller shall immediately return the Deposit to Purchaser with all interest earned thereon. Each Party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

## ARTICLE 10

### POST-CLOSING MATTERS

#### 10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to any Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to any Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against any Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") plus five percent (5%) (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

#### 10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and copies (including, without limitation, color laser copies) of, such records

with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in

order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

10.5 Shared Intangible Assets. In the event and to the extent that certain intangible Assets transferred by Sellers have been used to operate businesses of Verity or Verity Holdings or their affiliates which are not being sold to Purchaser ("**Shared Intangible Assets**") and such Shared Intangible Assets continue to be used by Verity or Verity Holdings or their affiliates to operate such businesses after Closing, Verity and Verity Holdings retain the rights to continue to use such Assets notwithstanding their sale to Purchaser. Purchaser shall reasonably cooperate with Verity and Verity Holdings and their affiliates to give effect to such rights and shall provide Verity and Verity Holdings and their affiliates such documentation, records and information and reasonable access to such systems as necessary for Verity and Verity Holdings and their affiliates to continue to operate such businesses; all in such manner as not to reasonably interfere with the operations of the Hospitals; provided, however, Purchaser shall not be required to incur any out-of-pocket costs in association therewith unless reimbursed by Verity and Verity Holdings and their affiliates.

## ARTICLE 11

### DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall have the right to sue for damages; provided, however that the amount of such damages shall never exceed \$60,000,000.00. For the avoidance of doubt, Sellers shall have no right to sue for specific performance under this Agreement.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) The Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) shall be allocated among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder as set forth in **Schedule 11.3(b)** (such schedule the “**Allocation Schedule**”). The Allocation Schedule shall be for Sellers’ and Purchaser’s tax purposes only, and shall not limit the Sellers’ creditors in any way.

#### 11.4 Cost Report Matters.

(a) Consistent with Section 4.5, Sellers shall, at Purchaser’s expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the “**Seller Cost Reports**”).

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers’ preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser’s provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

## ARTICLE 12

### MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however*, that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties which consent shall not be unreasonably withheld or delayed, except that Purchaser may, without the prior written consent of Sellers, assign all or any portion of its rights under this Agreement to one or more of its affiliates prior to the Closing Date.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of Article III merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

12.7 Headings. The section and other headings contained in this Agreement and in the Disclosure Schedule, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedule, exhibits and schedules hereto.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related

to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit either Sellers or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof.

12.9 Fair Meaning. This Agreement shall be construed according to its fair meaning and as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that all sales, transfer, documentary transfer and similar taxes, fees, surcharges and the like in connection with the sale of the Assets shall be borne by Purchaser. If any action is brought by any party to enforce any provision of this Agreement, the prevailing party shall be entitled to recover its court costs and reasonable attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding

between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the “**Superseded Agreements**”), which Superseded Agreements shall be of no further force or effect; provided, that notwithstanding the foregoing, the letter Confidentiality Agreement dated July 12, 2018 between Purchaser and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party’s knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

#### **(Bidding Procedures)**

### **BIDDING PROCEDURES**

Set forth below are the bidding procedures (the “Bidding Procedures”)<sup>1</sup> to be employed in connection with the sale of (i) the assets (the “Purchased Assets”) enumerated in the Stalking Horse APA (as defined below), including, but not limited to, St Francis Medical Center, St. Vincent Medical Center, and Seton Medical Center (including Seton Coastside) (collectively, the “APA Facilities”); and (ii) assets not otherwise enumerated in the APA, but associated with the ownership or operation of the APA Facilities and available for purchase (the “Other Assets”), in connection with the chapter 11 cases pending in the United States Bankruptcy Court for the Central District of California (the “Bankruptcy Court”), jointly administered as case number 2:18-bk-20151-ER, in the form to be approved by the Bankruptcy Court, by Order dated \_\_\_\_\_, 2019 (the “Bidding Procedures Order”).

The Debtors entered into that certain Asset Purchase Agreement, dated January 8, 2019 between the Debtors, on the one hand, and Strategic Global Management, Inc., a California corporation (the “Stalking Horse Purchaser”) on the other hand, pursuant to which the Stalking Horse Purchaser shall acquire the Purchased Assets on the terms and conditions specified therein (together with the schedules and related documents thereto, the “Stalking Horse APA”). The sale transaction pursuant to the Stalking Horse APA is subject to competitive bidding as set forth herein. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the *Debtors’ Notice of Motion and Motion for the Entry of (I) an Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders to Use, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice to be Provided to Interested Parties, (4) Scheduling a Hearing to Consider Approval of the Sale to the Highest Bidder, (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) an Order Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances* (the “Sale Motion”) or the Bidding Procedures Order.

#### **I. ASSETS TO BE SOLD**

The Debtors seek to complete a sale of substantially all assets of APA Facilities, including both the Purchased Assets and the Other Assets (the “Sale”). The Stalking Horse APA will serve as the “stalking-horse” bid for the Purchased Assets.

#### **II. THE BIDDING PROCEDURES**

In order to ensure that the Debtors receive the maximum value for the Purchased Assets and/or the Other Assets, they intend to hold a sale process for the Purchased Assets and/or the Other Assets pursuant to the procedures and on the timeline proposed herein.

---

<sup>1</sup> Unless otherwise defined, all capitalized terms shall have the meanings ascribed to them in the Stalking Horse APA.

**A. Provisions Governing Qualifications of Bidders**

Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following to the Debtors:

- a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets or and/or the Other Assets or otherwise participating in connection with such bid; and
- b) an executed confidentiality agreement (to be delivered prior to the distribution of any confidential information by the Debtors) in form and substance satisfactory to the Debtors and which shall inure to the benefit of any purchaser of the Purchased Assets and/or the Other Assets; without limiting the foregoing, each such confidentiality agreement shall contain standard non-solicitation provisions.

A bidder that delivers the documents and information described above and that the Debtors determine, after consultation with the Official Committee of Unsecured Creditors, the Prepetition Secured Creditors, and any other party deemed appropriate within the business judgment of the Debtors (collectively, the “Consultation Parties”) in their reasonable business judgment, is likely (based on availability of financing, experience, and other considerations) to be able to consummate the sale, will be deemed a potential bidder (“Potential Bidder”).

**B. Due Diligence**

The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtors, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

**C. Provisions Governing Qualified Bids**

A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a “Qualified Bid,” and each such Potential Bidder thereafter a “Qualified Bidder”) only if the bid complies with the following requirements:

- a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;
- b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;
- c) it allocates with specificity the portion of the purchase price offered that the Qualified Bidder attributes to St. Francis Medical Center, St. Vincent Medical

Center, Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;<sup>2</sup>

- g) it includes a duly authorized and executed copy of a purchase or acquisition agreement in the form of the Stalking Horse APA (a "Purchase Agreement"), including the purchase price for some or all of the Purchased Assets and/or the Other Assets, or both, expressed in U.S. Dollars, together with all exhibits and schedules thereto, together with copies marked to show any amendments and modifications to the Stalking Horse APA ("Marked Agreement");
- h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;
- i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee (\$21,350,000.00); (ii) the amount of the Expense Reimbursement (\$2,000,000.00); and (iii) \$7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee and the Expense Reimbursement, the "Minimum Qualified Bid");

---

In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers’ responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;
- k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it, and (ii) Purchased Assets and/or Other Assets, subject to purchase money liens or the like, the Qualified Bidder wishes to acquire and therefore pay the associated purchase money financing;
- l) it contains sufficient information concerning the Qualified Bidder’s ability to provide adequate assurance of future performance with respect to executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it;
- m) it includes an acknowledgement and representation that the Qualified Bidder: (A) has had an opportunity to conduct any and all required due diligence regarding the Purchased Assets and/or Other Assets prior to making its offer and that the offer is not subject to any further due diligence or the need to raise capital/financing to consummate the proposed transaction; (B) has relied solely upon its own independent review, investigation and/or inspection of any documents and/or the Purchased Assets and/or Other Assets in making its bid; (C) did not rely upon any written or oral statements, representations, promises, warranties or guaranties whatsoever, whether express or implied (by operation of law or otherwise), regarding the Purchased Assets and/or Other Assets or the completeness of any information provided in connection therewith or with the relevant Auction (defined below), except as expressly stated in the Purchase Agreement; and (D) is not entitled to any expense reimbursement, break-up fee, or similar type of payment in connection with its bid;
- o) unless it is a Credit Bid (as defined below), it is accompanied by a (i) good faith deposit in the form of a wire transfer (to a bank account specified by the Debtors), certified check or such other form of cash or cash equivalent acceptable to the Debtors, payable to the order of the Debtors (or such other party as the Debtors may determine) in an amount equal to: (a) 20% of purchase price for bids under \$5 million; (b) for bids greater than \$5 million and less than \$100 million, the greater of: (i) \$1 million or (ii) 10% of purchase price; (c) for bids greater than \$100 million, the greater of (i) \$10 million or (ii) 5% of purchase price (collectively, the “Good Faith Deposit”), which Good Faith Deposit shall, be forfeited if such bidder

- s) it contains such other information reasonably requested by the Debtors; and
- t) it is received prior to the Bid Deadline.

The Debtors, in consultation with the Consultation Parties (who shall receive copies of the Purchase Agreements relating to any bids cast pursuant to these Bidding Procedures as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in connection with the Bidding Process, the Auctions, and the Sale.

The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such Qualified Bidder’s bid constitutes a Qualified Bid) and provide copies of the Purchase Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse Purchaser and such Qualified Bidders, and the Notice Parties on the earlier of: (1) the date that any bid other than the Stalking Horse Bid has been deemed a Qualified Bid, or (2) two business days prior to the Partial Bid Auction.

#### **D. Bid Deadline**

In order to be eligible to participate in the Auction, a Qualified Bidder that desires to make a bid will deliver written copies of its bid to the following parties (collectively, the “Notice Parties”): (i) counsel to the Debtors: Dentons US LLP, 601 S. Figueroa Street, Suite 2500, Los Angeles, CA 90017 (Attn: Tania M. Moyron (taniamoyron@dentons.com)); (ii) the Debtors’ Investment Banker: Cain Brothers, a division of KeyBanc Capital Markets, 1 California Street, Suite 2400, San Francisco, CA 94111 (Attn: James Moloney (jmoloney@cainbrothers.com)); (iii) counsel to the Official Committee: Milbank, Tweed, Hadley & McCloy LLP, 2029 Century Park East, 33rd Floor, Los Angeles, CA 90067 (Attn: Gregory A. Bray (gbray@milbank.com)); (iv) counsel to the Master Trustee and Series 2005 Bond Trustee: Mintz, Levin, Cohn, Ferris, Glovsky and Popeo,

P.C., One Financial Center, Boston, MA 02111 (Attn: Daniel S. Bleck and Paul Ricotta (dsbleck@mintz.com, pricotta@mintz.com)); (v) counsel to the Series 2015 and Series 2017 Notes Trustee: Maslon, LLP, 3300 Wells Fargo Center, 90 South Seventh Street, Minneapolis, MN 55402 (Attn: Clark Whitmore (clark.whitmore@maslon.com)), so as to be received by the Notice Parties not later than March 29, 2019, at 4:00 p.m. (prevailing Pacific Time) for partial bids (the “Partial Bid Deadline”) or April 3, 2019, at 4:00 p.m. (prevailing Pacific Time) for full bids (the “Bid Deadline”).

**E. Credit Bidding**

Any party with a valid, properly perfected security interest in any of the Purchased Assets and/or Other Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid for such Purchased Assets and/or Other Assets in connection with the Sale in accordance with and pursuant to § 363(k), except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets and/or Other Assets that are senior to such junior security interest are to be paid in cash in connection with such junior creditor’s bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser’s entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

**F. Evaluation of Competing Bids**

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in their reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

**G. No Qualified Bids**

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Purchased Assets. If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction contemplated by Section (H) of these Bidding Procedures, the Debtors will determine, in consultation with the Consultation Parties, if there are any Partial Bidders that will not be qualified to participate at the Full Bid Auction

**H. Auction Process**

If the Debtors receive one or more Partial Bid Auction Qualified Bids as set forth above, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a “Partial Bid Auction”). Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in any Partial Bid Auction(s). The procedures below for the Full Bid Auction shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors will conduct the Partial Bid Auction(s), which shall be transcribed, on April 8, 2019 at 10:00 a.m. (prevailing Pacific Time) at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los

Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Partial Bid Auction Qualified Bids determined by the Debtors, in consultation with the Consultation Parties, at the Partial Bid Auction(s) (as set forth above) to be eligible to participate at the Full Bid Auction, including (without limitation) the highest and best bids for each asset (the “Winning Partial Bids”), shall be permitted to participate in the Full Bid Auction (as defined below) of the Purchased Assets and/or the Other Assets; except that:

- (a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking Horse APA, there will be a Full Bid Auction (as defined below) and (1) the Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities, or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA at Section 6.26 (b)(2);
- (b) If the Partial Bids do not include all four APA Facilities, and if there are no other Qualified Full Bids, then Seller, in its discretion, after consultation with the Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1) to have no Full Bid Auction, and the Stalking Horse Purchaser will purchase the four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the “Remaining Facility”), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtors will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the “Full Bid Auction”), which shall be transcribed, on April 9, 2019 (the “Full Bid Auction Date”), at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Full Bid Auction shall be conducted in accordance with the following procedures:

- a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their

respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;

- b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;
- c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;
- d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;
- e) the Debtors, after consultation with the Consultation Parties and the Stalking Horse Purchaser, may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bid Protections, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;
- f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;
- g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and

- i) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets subject to augmenting its Good Faith Deposit, as necessary, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

#### **I. Selection of Successful Bid**

Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bids submitted at the relevant Auction (one or more such bids, collectively the “Successful Bid” and the bidder(s) making such bid, collectively, the “Successful Bidder”), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court.

If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder in accordance with Section H above, then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in Section II(C)(o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit will be no less than \$30,000,000.

If selected as the Successful Bidder or the Back-Up Bidder at the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the “Final Deposit”), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the amount of its last bid).

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within forty-eight (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets and (to extent included in an Overbid) the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder’s Purchase Agreement.

**J. Return of Deposits**

All deposits shall be returned to each bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder (defined herein) no later than five (5) business days following the conclusion of the Auction.

**K. Back-Up Bidder**

If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be required to serve as a back-up bidder (the “Back-Up Bidder”) and keep such bid open and irrevocable for thirty (30) business days after the entry of the Sale Order (the “Thirty-Day Period”). If during the Thirty-Day Period, the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court provided that the Back-Up Bidder shall thereafter keep such bid open and irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however, that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and required to consummate the sale to the Stalking Horse Purchaser.

If, after the Thirty-Day Period, the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder may elect, at its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful Bidder defaults, or (c) the Back-Up Bidder elects to terminate its

participation as Back-Up Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no re-opening of the auction.

#### **L. Break-Up Fee**

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased Assets the Break-Up Fee and the Expense Reimbursement as set forth in the Stalking Horse APA.

### **III. Sale Hearing**

The Debtors will seek entry of the Sale Order, at the Sale Hearing on April 17, 2019, at 10:00 a.m. (or at another date and time convenient to the Court), to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures. The Debtors may submit and present such additional evidence, as they may deem necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets."

### **IV. Sale Order**

The Sale Order will provide Court approval of (i) the Sale to the Successful Bidder, free and clear of all liens, claims, interests, and encumbrances, pursuant to 11 U.S.C. § 363, with the proceeds of the Sale deposited in accordance with Paragraph 4 of the Final DIP Order, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets prior to the Sale, including, without limitation, the liens and security interests of the DIP Lender and each of the Prepetition Secured Creditors under the relevant agreements, applicable law and the Final DIP Order, and (ii) the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to 11 U.S.C. § 365.

### **VII. Reservation**

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers submit their sealed, highest and best offer for the Purchased Assets and/or the Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv)

impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

This matter coming before the Court on the motion (the “Motion”)<sup>1</sup> of the above-captioned debtors and debtors in possession (the “Debtors”) for the entry of an Order, as applicable, pursuant to Sections 105(a), 363, and 365 of Title 11 of the United States Code (the “Bankruptcy Code”), Rules 2002, 6004, 6006, 9007, and 9014 of the Federal Rules of Bankruptcy Procedure (as amended from time to time, the “Bankruptcy Rules”), and Rule 6004-1 and 9013-1 of the Local Bankruptcy Rules of the United States Bankruptcy Court for the Central District of California (“LBR”) (i)(a) approving form of asset purchase agreement for the Stalking Horse Purchaser and for prospective Overbidders (the “Stalking Horse APA”); (b) approving auction sale format, bidding procedures (the “Bidding Procedures”) and stalking horse bid protections; (c) approving the form of notice to be provided to interested parties; (d) scheduling the Auction and a court hearing to consider approval of the sale to the highest bidder; and (e) approving procedures related to the assumption and assignment of certain executory contracts and unexpired leases to the Successful Bidder; (ii) authorizing the sale of property free and clear of all claims, liens and encumbrances; and (iii) granting related relief; the Court having found that (i) the Court has jurisdiction to consider the Motion and the relief requested therein pursuant to 28 U.S.C. §§ 157 and 1334; (ii) venue is proper in this district pursuant to 28 U.S.C. §§ 1408 and 1409; (iii) this is a core proceeding pursuant to 28 U.S.C. § 157(b); and (iv) notice of the Motion was sufficient under the circumstances and properly given, and it appearing that no other or further notice need be provided; and a hearing on the proposed bid and sale procedures as detailed in the Motion having been held; and after due deliberation the Court having determined that the relief requested in the Motion with respect to proposed bid and sale procedures is in the best interests of the Debtors, their estates, and their creditors; ~~and for the reasons set forth in the Court’s tentative~~

~~ruling (the “Tentative Ruling”) [Doc. No. 1488], which the Court adopts as its final ruling and which is incorporated herein by reference,~~<sup>2</sup> and good and sufficient cause having been shown;

**AND IT IS FURTHER FOUND AND DETERMINED THAT:**<sup>3</sup>

A. The statutory and legal predicates for the relief requested in the Motion and provided for herein are Sections 105(a), 363, and 365 of Title 11 of the Bankruptcy Code, Bankruptcy Rules 2002, 6004, 6006, 9007, 9013 and 9014, and Local Bankruptcy Rules 6004-1, and 9013-1.

B. In the Motion and at the hearing on the Motion, the Debtors demonstrated that good and sufficient notice of the relief granted by this Order has been given and no further notice is required. A reasonable opportunity to object or be heard regarding the relief granted by this Order has been afforded to those parties entitled to notice pursuant to Bankruptcy Rule 2002 and all other interested parties.

C. The Debtors’ proposed notice of the Bidding Procedures, the Auction and the hearing to approve the sale (the “Sale”) of the Assets (the “Sale Hearing”) is appropriate and reasonably calculated to provide all interested parties with timely and proper notice, and no other or further notice is required.

D. The Bidding Procedures substantially in the form attached hereto as Exhibit 1 are fair, reasonable, and appropriate and are designed to maximize the recovery from the Sale of the Assets.

E. The Break-Up Fee, in the amount set forth below, (i) is reasonable and appropriate given, among other things, the size and nature of the Sale and the efforts that will have been

<sup>2</sup> Because material changes were made to the Court’s Tentative Ruling on the record at the hearing, the Court has not posted the Tentative Ruling to the CM/ECF docket.

<sup>3</sup> The findings and conclusions set forth herein constitute the Court’s findings of fact and conclusions of law pursuant to Bankruptcy Rule 7052, made applicable to this proceeding pursuant to Bankruptcy Rule 9014. To the extent that any of the following findings of fact constitute conclusions of law, they are adopted as such. To the extent that any of the following conclusions of law constitute findings of fact, they are adopted as such.

2 material inducement for, and a condition of, the Stalking Horse Purchaser's entry into the  
3 Stalking Horse APA.

4 F. The form of the Stalking Horse APA is fair and reasonable and provides flexibility  
5 in the process to sell the Assets in a manner designed to maximize the value of the Assets.

6  
7 G. The assumption and assignment procedures described in the Motion and provided  
8 for herein (the "Assumption and Assignment Procedures") and the Cure Notice are reasonable  
9 and appropriate and consistent with the provisions of Section 365 of the Bankruptcy Code and  
10 Bankruptcy Rule 6006. The Assumption and Assignment Procedures and the Cure Notice have  
11 been narrowly tailored to provide an adequate opportunity for all non-debtor counterparties to the  
12 Assumed Executory Contracts to assert an Assumption Objection.

13  
14 H. Entry of this Order is in the best interests of the Debtors, their estates and  
15 creditors, and all other parties in interest.

16 **NOW, THEREFORE, IT IS HEREBY ORDERED THAT:**

- 17 1. The Motion is **GRANTED** as set forth herein.
- 18 2. To the extent that the International Union of Operating Engineers, Stationary  
19 Engineers Local 39 [Doc. No. 1355], the Service Employees International Union, United  
20 Healthcare Workers West [Doc. No. 1354], the California Nurses Association [Doc. No. 1359],  
21 and the United Nurses Association of California/Union of Health Care Professionals (collectively,  
22 the "Unions") assert that the Debtors are required to reject the Collective Bargaining Agreements  
23 prior to entering into the Stalking Horse APA, the Unions' objections are overruled.  
24 Additionally, the Union's objection that the Bidding Procedures do not sufficiently incentivize  
25 prospective purchasers to assume Collective Bargaining Agreements (the "CBAs") to which the  
26 Unions are parties is overruled. The Court finds that requiring the Debtors to provide a precise

quantification of the value to be accorded to the assumption of liabilities arising under the CBAs would unduly impair the Debtors' flexibility in the conduct of the auction of the Debtors' assets, and would likely yield suboptimal results for all stakeholders. The Debtors must be allowed to conduct the auction in accordance with their business judgment, especially given the complexity of an auction of this type. Precise quantification of the valuation to be afforded to assumption of the CBAs would not be of material assistance to the sophisticated participants in this auction, who will be assisted by professional advisors using their own detailed financial models and projections. ~~to the Bidding Procedures are overruled as set forth in the Tentative Ruling, at Section 11 ¶ C.~~ This Order does not prevent the Unions from raising objections under § 1113 at the Sale Hearing. However, the Unions' contention that the Stalking Horse APA and the associated bidding procedures cannot be approved prior to the adjudication of § 1113 issues is without merit.

3. The objection filed by St. Vincent IPA Medical Corporation and Angeles IPA [Doc. No. 1388] is premature and may be raised at the Sale Hearing. With respect to the objection filed by Hooper Healthcare Consulting LLC ("Hooper") [Doc. No. 1397], to the extent that Hooper asserts that it is entitled to receive notification of the treatment of its Net Benefit Compensation (as that term is defined in Doc. No. 1397) prior to selection of the Successful Bidder, its objection is overruled. Hooper may raise any objections regarding its Net Benefit Compensation or the assumption and assignment of its executory contract at the Sale Hearing. Hooper's objection to the timeline proposed by the Debtors with respect to the assumption and assignment of executory contracts is overruled. ~~To the extent that Hooper The objections filed by (i) St. Vincent IPA Medical Corporation and Angeles IPA [Doc. No. 1388], and (ii) Hooper Healthcare Consulting LLC [Doc. No. 1397] are overruled for the reasons set forth in the Tentative Ruling, Section II ¶ G & J.~~

1           4.       The objection filed by the Official Committee of Unsecured **Creditors (the**  
2       **“Committee”**) [Docket Nos. 1399, 1401, 1402] and the *Joint Supplement to Objection and*  
3       *Response to Debtors’ Sale Motion* [Docket No. 1279] filed by the Committee, UMB Bank, N.A.,  
4       and Wells Fargo Bank, National Association, is overruled in part and sustained in part with  
5       respect to the revised Section 8.6 of the Stalking Horse APA and the Break-Up Fee, as set forth  
6       below.

7  
8           5.       As to the objection filed by the County of San Mateo and the Health Plan of San  
9       Mateo [Doc. No. 1361], the restrictions and limitations set forth in § 5.1(b) of the Stalking Horse  
10      APA on communications between SGM and governmental authorities shall apply only to  
11      communications regarding licensing or regulation of the Hospitals with the relevant licensing or  
12      regulatory authorities. Such restrictions shall not apply to communications involving SGM (or  
13      any other prospective buyers) and any governmental authority on subjects unrelated to licensing  
14      or regulation by that authority.

15  
16          6.       The Court does not rule on the objections filed by MGH Painting Inc. [Doc. No.  
17      1358], Belfor USA Group, Inc. [Doc. No. 1364], **and the** California Attorney General [Doc. No.  
18      1352], ~~**Centers for Medicare and Medicaid Services**~~; all such objections are premature and are  
19      preserved for the Sale Hearing and may be raised at that time. All objections to the relief  
20      requested in the Motion that have not been withdrawn, waived or settled are overruled.

21  
22          7.       The objection of Cigna Healthcare of California, Inc. (“Cigna”) [Doc. Nos. 1349  
23      and 1459] is sustained. The Debtors shall, no later than the earlier of (i) 48 hours after the  
24      conclusion of the Auction, or (ii) thirty (30) days prior to the Closing Date, provide Cigna with  
25      written notice of its irrevocable decision as to whether or not the Debtors propose to assume and  
26      assign any or all of the Cigna Provider Agreements as part of the Sale; provided, however, that  
27      such notice shall be irrevocable only to the extent that the Successful Bidder’s transaction is  
28

1 approved by this Court and an order thereon becomes final and non-appealable. The Debtors shall  
2 provide the same notice to UnitedHealthcare Insurance Company.

3 8. The objections filed by the U.S. Department of Health and Human Services and  
4 Centers for Medicare and Medicaid Services [Doc. No. 1346] and the California Department of  
5 Health Care Services [Doc. No. 1353] are continued, as resolved by stipulations [Docket Nos.  
6 1458 and 1473, respectively], approved by orders entered on [Docket Nos. 1465 and 1483,  
7 respectively].

9 9. The Bidding Procedures attached hereto as Exhibit 1 are **APPROVED**.<sup>4</sup>

10 10. Strategic Global Management, Inc. or an affiliate to be designated (the “Stalking  
11 Horse Purchaser”) is hereby **APPROVED** to be and designated as the Stalking Horse Purchaser  
12 as to the Assets, and the form of the Stalking Horse APA is hereby **APPROVED**.

13 11. Subject to the Bidding Procedures and approval of the Sale at the Sale Hearing, the  
14 Debtors’ entry into the Stalking Horse APA (including any amendments thereto) is hereby  
15 **APPROVED** subject to the following modifications:

16 (i) the following language is added to Section 6.1(b)(2): “In the event that Purchaser  
17 terminates this Agreement in accordance with Section 8.6 hereof, expenses of Purchaser incurred  
18 in satisfaction of Section 8.6 shall be reimbursed up to \$500,000”;

19 (ii) Section 8.6 shall be replaced by the following revised Section 8.6:

20  
21 8.6 **Attorney General Provisions**. Purchaser recognizes that the  
22 transactions contemplated by this Agreement may be subject to review  
23 and approval of the CA AG. Purchaser agrees to close the transactions  
24 contemplated by this Agreement so long as any conditions imposed by  
25 the CA AG are substantially consistent with the conditions set forth, as  
26 Purchaser Approved Conditions, in Schedule 8.6. In the event the CA  
27 AG imposes conditions on the transactions contemplated by this

on Schedule 8.6 (the “Additional Conditions”), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order (“Supplemental Sale Order”) finding that the Additional Conditions are an “interest in property” for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions without the imposition of any other conditions, which would adversely affect the Purchaser. For purposes of this Section 8.6, Additional Conditions which individually or collectively impose a direct or indirect cost to Purchaser of \$5 million, or more, shall be conclusively deemed to be “materially different.” If Sellers determine not to seek such Supplemental Sale Order, or fail to obtain such Supplemental Sale Order within 60 days of the Attorney General’s imposition of Additional Conditions, Purchaser shall be entitled to terminate this Agreement and receive the return of its Good Faith Deposit. If Sellers timely obtain such Supplemental Sale Order from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order (the “Evaluation Period”) to determine, in the exercise of the Purchaser’s reasonable business judgment and in consultation with Purchaser’s financing sources, whether to proceed to consummate the transactions contemplated by this Agreement; provided, however, (i) Purchaser shall not terminate or provide notice of termination of the Stalking Horse APA based on the Seller’s failure to satisfy the condition set forth under this Section 8.6 until the expiration of the Evaluation Period as may be extended herein, and (ii) the Evaluation Period may be extended by the Debtors, in consultation with the Consultation Parties, by up to 90 days for any appeal properly perfected with respect to the Supplemental Sale Order (the “Extended Evaluation Periods”). For the avoidance of doubt, if the Debtors or any of the Consultation Parties dispute the reasonableness of the exercise of the Purchaser’s business judgment, such dispute shall be determined by the Bankruptcy Court only in the context of an adversary proceeding. If, at the conclusion of the Extended Evaluation Periods, such Supplemental Sale Order has not become a final, non-appealable order and Purchaser determines not to proceed, Purchaser shall have the right within ten (10) business days after the conclusion of the Extended Evaluation Periods to terminate this Agreement and receive the return of its Good Faith Deposit. Sellers shall provide Purchaser with prompt written notice of the conclusion of the Extended Evaluation Periods and whether the Supplemental Sale Order has become a final, non-appealable order. For purposes of this Section 8.6, “a final, non-appealable order” shall include a Supplemental Sale Order (i) which has been affirmed or the appeal of which has been dismissed by any appellate court and for which the relevant appeal period has expired (other than any right of appeal to the U.S. Supreme Court), or (ii) which has been withdrawn by the appellant. If the Supplemental Sale Order becomes a final, non-appealable order prior to the expiration of the Evaluation Period or, if applicable, the

Extended Evaluation Periods, Purchaser shall consummate the Sale provided that all other conditions to closing have been satisfied. During any Evaluation Period or Extended Evaluation Periods, Purchaser shall reasonably cooperate in any efforts to render the Supplemental Sale Order a final, non-appealable order, including timely taking reasonable steps in preparation for closing of the transactions described in this Agreement; provided, however, Purchaser shall not be obligated to expend more than \$500,000. For the avoidance of doubt, neither this provision, nor any of the rights granted to the Purchaser herein, shall constitute a waiver of any party in interest's right to argue that any appeal from the Sale Order should be dismissed on statutory, Constitutional or equitable mootness grounds.

(iii) in Section II, H(a), in Schedule 6.1(b)(3), annexed to the Stalking Horse APA [Docket No. 1279, at 111], the reference to Section 6.26(b)(2) is hereby corrected to Section 6.1(b)(2); and

(iv) other clarifications to the Bidding Procedures set forth in the attached Exhibit "1" are hereby deemed incorporated into Schedule 6.1(b)(3), annexed to the Stalking Horse APA [Docket No. 1279, at 111].

12. The Break-Up Fee, as modified, is **APPROVED** for the reasons stated on the record. If the Stalking Horse Purchaser is not the Successful Bidder and is not then in breach, and the Stalking Horse APA has not otherwise been terminated, the Stalking Horse Purchaser shall be paid at the closing of the Sale of the Purchased Assets (i) three and one-quarter percent (3.25%) of the Cash Consideration (\$19,825,000.00), plus (ii) reimbursement of reasonably documented reasonable costs and expenses in an amount not to exceed \$2,000,000.00. Notwithstanding anything to the contrary contained herein, upon payment of the Break-Up Fee to the Stalking Horse Purchaser, the Debtors and their representatives and affiliates, on the one hand, and Stalking Horse Purchaser and its respective representatives and affiliates, on the other hand, will be deemed to have fully released and discharged each other from any liability resulting from the termination of the Stalking Horse APA, and neither the Debtors and their representatives and

1 affiliates, on the one hand, and the Stalking Horse Purchaser and its respective representatives  
2 and affiliates, on the other hand, nor any other Person, will have any other remedy or cause of  
3 action under or relating to the Stalking Horse APA, including for reimbursement of any additional  
4 expenses incurred by the Stalking Horse Purchaser in connection with the negotiation and  
5 documentation of the Stalking Horse APA and all proceedings held in connection therewith. Any  
6 Break-Up Fee shall be payable without any further order of the Bankruptcy Court.

**(Bidding Procedures)**

**BIDDING PROCEDURES**

Set forth below are the bidding procedures (the “Bidding Procedures”) to be employed in connection with the sale of all assets of (i) the assets (the “Purchased Assets”) enumerated in the Stalking Horse APA (as defined below), including but not limited to, St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, Inc., Seton Medical Center and Seton Medical Center Coastside (collectively, the “APA Facilities”); and (ii) assets not otherwise enumerated in the APA, but associated with the ownership or operation of the APA Facilities and available for purchase (the “Other Assets”), in connection with the chapter 11 cases pending in the United States Bankruptcy Court for the Central District of California (the “Bankruptcy Court”), jointly administered as case number 2:18-bk-20151-ER, in the form to be approved by the Bankruptcy Court, by Order dated [\_\_\_\_], 2019 (the “Bidding Procedures Order”).

The Debtors entered into that certain Asset Purchase Agreement, dated January 8, 2019 between the Debtors, on the one hand, and Strategic Global Management, Inc. (the “Stalking Horse Purchaser”), on the other hand, pursuant to which the Stalking Horse Purchaser shall acquire the Assets on the terms and conditions specified therein (together with the schedules and related documents thereto, the “Stalking Horse APA”). The sale transaction pursuant to the Stalking Horse APA is subject to competitive bidding as set forth herein. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the *Debtors’ Notice of Motion and Motion for the Entry of (I) an Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice to be Provided to Interested Parties, (4) Scheduling a Court Hearing to Consider Approval of the Sale to the Highest Bidder, and (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) an Order (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances* [Docket No. 1279] (the “Sale Motion”).

**I. ASSETS TO BE SOLD**

The Debtors seek to complete a sale of substantially all assets of the APA Facilities, including both the Purchased Assets and the Other Assets (the “Sale”). The Stalking Horse APA will serve as the “stalking-horse” bid for the Purchased Assets.

**II. THE BID PROCEDURES**

In order to ensure that the Debtors receive the maximum value for the Purchased Assets and/or the Other Assets, they intend to hold a sale process for the Purchased Assets and/or the Other Assets pursuant to the procedures and on the timeline proposed herein.

**A. Provisions Governing Qualifications of Bidders**

Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to

participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following Debtors:

- (a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets and/or the Other Assets or otherwise participating in connection with such bid; and
- (b) an executed confidentiality agreement (to be delivered prior to the distribution of any confidential information by the Debtors) in form and substance satisfactory to the Debtors and which shall inure to the benefit of any purchaser of the Purchased Assets and/or Other Assets; without limiting the foregoing, each confidentiality agreement executed by a Potential Bidder shall contain standard non-solicitation provisions.

A bidder that delivers the documents and information described above and that the Debtors determine, after consultation with the Official Committee of Unsecured Creditors, the Prepetition Secured Creditors, and any other party deemed appropriate within the business judgment of the Debtors (collectively, the “Consultation Parties”) in their reasonable business judgment, is likely (based on availability of financing, experience, and other considerations) to be able to consummate the sale, will be deemed a potential bidder (“Potential Bidder”).

#### **B. Due Diligence**

The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtor, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

#### **C. Provisions Governing Qualified Bids**

A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a “Qualified Bid”, and each such Potential Bidder thereafter a “Qualified Bidder”) only if the bid complies with all of the following requirements:

- a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;
- b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;
- c) it allocates with specificity the portion of the purchase price offered that the Qualified Bidder attributes to St. Francis Medical Center, St. Vincent Medical Center, Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;<sup>5</sup>

- d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-up Bidder, the date that is thirty (30) business days after entry of the Sale Order;
- e) it includes confirmation that there are no conditions precedent to the Qualified Bidder's ability to enter into a definitive agreement and that all necessary internal governance and shareholder approvals have been obtained prior to the bid;
- f) it sets forth each third-party, regulatory and governmental approval required for the Qualified Bidder to consummate the transaction and the time period within which the Qualified Bidder expects to receive such approvals and establishes a substantial likelihood that the Qualified Bidder will obtain such approvals by the stated time period;
- g) it includes a duly authorized and executed copy of a purchase or acquisition agreement in the form of the Stalking Horse APA (a "Purchase Agreement"), including the purchase price for some or all of the Purchased Assets and/or the Other Assets, or both, expressed in U.S. Dollars, together with all exhibits and schedules thereto, together with copies marked to show any amendments and modifications to the Stalking Horse APA ("Marked Agreement");
- h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;
- i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee (\$19,825,000.00); (ii) the amount of the expense reimbursement (\$2,000,000.00); and (iii) \$7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee, the "Minimum Qualified Bid");
- j) if the bid is a partial bid (the "Partial Bid"),<sup>6</sup> the terms of paragraph (i) immediately above shall not apply but the terms of paragraph (o) below concerning the Good Faith Deposit shall expressly apply in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a "Partial Bid Auction Qualified Bid"). In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers' responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and (ii) in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;
- k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it, and (ii)

<sup>6</sup> A Partial Bid shall mean a bid for less than all of the Purchased Assets.

- s) it contains such other information reasonably requested by the Debtors; and
- t) it is received prior to the Bid Deadline.

The Debtors, in consultation with the Consultation Parties (who shall receive copies of the Purchase Agreement relating to any bids cast pursuant to these Bidding Procedures as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in connection with the Bidding Process, the Auction, and the Sale.

The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser and all Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such Qualified Bidder's bid constitutes a Qualified Bid) and provide copies of the Purchase Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse Purchaser and such Qualified Bidders and the Notice Parties on the earlier of: (1) the date that any bid other than the Stalking Horse Bid has been deemed a Qualified Bid, or (2) two business days prior to the Partial Bid Auction.

#### **D. Bid Deadline**

A Qualified Bidder that desires to make a bid or a Partial Bid will deliver written copies of its bid or Partial Bid to the following parties (collectively, the "Notice Parties"): (i) counsel to the Debtors: Dentons US LLP, 601 S. A list of all Qualified Bids, as well as all adequate assurance information included in such bids as required by paragraph C(l) above, will be provided to Cigna and United (through their counsel) no later than April 4, 2018, at 4:00 p.m. (prevailing Pacific Time) to allow those parties to evaluate Qualified Bidders related to adequate assurance of future performance of the Cigna and United provider agreements.

#### **E. Credit Bidding**

Any party with a valid, properly perfected security interest in any of the Assets may credit bid for the Assets in connection with the Sale pursuant to § 363(k) of the Bankruptcy Code.

Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser's entitlement to the Bidding Procedures and related protections granted under the Bidding Procedures Order.

1           **F. Evaluation of Competing Bids**

2       A Qualified Bid will be valued based upon several factors including, without limitation: (i) the  
3       amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any  
4       proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant  
5       by the Debtors in its reasonable discretion, in consultation with the Consultation Parties,  
6       including the amount of cash included in the bid.

7           **G. No Qualified Bids**

8       If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors  
9       will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder  
10      for the Assets. If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids  
11      and, after the Partial Bid Auction, the Debtors will determine, in consultation with the  
12      Consultation Parties, if there are any Partial Bidders that will not be qualified to participate at the  
13      Full Bid Auction.

14           **H. Auction Process**

15      If the Debtors receive one or more Partial Bid Auction Qualified Bids, the Debtors will conduct  
16      separate auctions of each asset or combinations thereof (each, a "Partial Bid Auction"). Any  
17      Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in  
18      any Partial Bid Auction(s). The procedures below shall apply to the Partial Bid Auction, except  
19      as where otherwise indicated. The Debtors will conduct the Partial Bid Auction(s), which shall  
20      be transcribed on **April 8, 2019, at 10:00 a.m. (prevailing Pacific Time)** (the "Partial Bid  
21      Auction Date"), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los  
22      Angeles, California 90017, or such other location as shall be timely communicated to all entities  
23      entitled to attend the Auction.

24      The Partial Bid Auction Qualified Bids determined by the Debtors, in consultation with the  
25      Consultation Parties, at the Partial Bid Auction(s) (as set forth above) to be eligible to participate  
26      at the Full Bid Auction, including (without limitation) the highest and best bids for each asset (the  
27      "Winning Partial Bids") shall be permitted to participate in the Full Bid Auction (as defined  
28      below) of the Purchased Assets and/or the Other Assets, except that:

- 29           (a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four  
30           APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking  
31           Horse APA, there will be a Full Bid Auction (as defined below) and (1) the  
32           Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities,  
33           or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities  
34           and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the  
35           Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA  
36           at 6.1(b)(2);
- 37           (b) If the Partial Bids do not include all four APA Facilities, and if there are no other  
38           Qualified Full Bids, then Seller, in its discretion, after consultation with the  
39           Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1)  
40           to have no Full Bid Auction and the Stalking Horse Purchaser will purchase the  
41           four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and

Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the “Remaining Facility”), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on an aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtor will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the “Full Bid Auction”), which shall be transcribed, on **April 9, 2019, at 10:00 a.m. (prevailing Pacific Time)** (the “Full Bid Auction Date”), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, California 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction. The Partial Bid Auction and the Full Bid Auction shall run in accordance with the following procedures:

- a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;
- b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;
- c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;
- d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;
- e) the Debtors, after consultation with the Consultation Parties, the Stalking Horse Purchaser, and any other Qualified Bidders may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors’ estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bidding Procedures, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;
- f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the “Baseline Bid”). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a “Overbid”), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified

Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;

g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and

h) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

#### **I. Selection of Successful Bid**

Prior to the conclusion of the Auction, the Debtors, in consultation with their advisors and the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bidders submitted at the Auction (one or more such bids, collectively the "Successful Bid") and the bidder(s) making such bid, collectively, the "Successful Bidder"), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The Successful Bid may consist of a single Qualified Bid or multiple bids.

(213) 623-9300

1 The determination of the Successful Bid by the Debtors at the conclusion of the Auction shall be  
2 subject to approval by the Court.

3 If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the  
4 Back-Up Bidder, then such party or parties, prior to the Full Bid Auction, shall increase its Good  
5 Faith Deposit in the amount set forth in above in paragraph 30, subsection (o), or as determined  
6 by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties  
7 are bidding on all four APA Facilities, the deposit will be no less than \$30,000,000. If selected as  
8 the Successful Bidder or the Back-Up Bidder at the conclusion of the Full Bid Auction, each of  
9 the Successful Bidder and the Back-Up Bidder shall, within forty-eight (48) hours, increase its  
10 Good Faith Deposit to the sum of five percent (5%) of the Successful Bid or Back-Up Bid, as  
11 applicable. If the Successful Bidder fails to increase the Good Faith Deposit within forty-eight  
12 (48) hours of the Auction conclusion date (the "Final Deposit"), then (1) the Successful Bidder  
13 forfeits its Good Faith Deposit, and (2) the Successful Bid is nullified (i.e., the Back-Up Bidder  
14 becomes the Successful Bidder in the amount of its last bid).

15 Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business  
16 days after the conclusion of the Auction, the Successful Bidder shall complete and execute all  
17 agreements, contracts, instruments, and other documents evidencing and containing the terms and  
18 conditions upon which the Successful Bid was made. Within twenty-four (24) hours following  
19 the conclusion of the Full Bid Auction, and within forty-eight (48) hours following the conclusion  
20 of the Partial Bid Auction, the Debtors shall file a notice identifying the Successful Bidder(s) and  
21 Back-Up Bidders with the Court and shall serve such notice by fax, email, or if neither is  
22 available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

23 The Debtors will sell the Purchased Assets and (to the extent included in an Overbid) the Other  
24 Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of  
25 such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing  
26 conditions set forth in the Successful Bidder's Purchase Agreement.

27 **J. Return of Deposits**

28 All deposits shall be returned to each bidder not selected by the Debtors as the Successful Bidder  
or the Back-Up Bidder no later than five (5) business days following the conclusion of the  
Auction.

**K. Back-Up Bidder**

If an Auction is conducted (whether it be a Full Bid Auction or a Partial Bid Auction), the  
Qualified Bidder or Qualified Bidders (including the Stalking Horse Purchaser, subject to Section  
II H.(b) hereof) with the next highest or otherwise best Qualified Bid, as determined by the  
Debtors in the exercise of their business judgment, at the Auction shall be required to serve as a  
back-up bidder (the "Back-Up Bidder") and keep such bid open (whether it be a Partial Bid or  
Full Bid) and irrevocable for thirty (30) business days after the entry of the Sale Order (the  
"Thirty Day Period"). If during the Thirty-Day Period, the Successful Bidder fails to  
consummate the approved sale because of a breach or failure to perform on the part of such  
Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the  
Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder  
without further order of the Court provided that the Back-Up Bidder shall thereafter keep such bid

open and irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however, that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and required to consummate the sale to the Stalking Horse Purchaser in accordance with the terms of the Stalking Horse APA, as such terms may (at the discretion of the Stalking Horse Purchaser) have been modified as a result of the Full Bid Auction or the Partial Bid Auction.

If, after the Thirty-Day Period, the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder (including the Stalking Horse Purchaser if it has been designated the Back-Up Bidder) may elect, in its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful Bidder defaults, or (c) the Back-Up Bidder elects to terminate its participation as Back-Up Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no reopening of the auction.

#### **L. Break-Up Fee**

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Assets an amount in cash equal to three percent (3.25%) of the Cash Consideration (\$19,825,000.00) plus reimbursement of reasonably documented reasonable costs and expenses in an amount not to exceed \$2,000,000.00. The Break-Up Fee shall be payable at closing of the sale from the sale proceeds.

If the Stalking Horse APA is terminated because the Stalking Horse Purchaser is not selected as the Successful Bidder or the Back-Up Bidder at Auction (or the Stalking Horse Purchaser is selected as the Back-Up Bidder but the sale of the Assets is consummated and closed with another entity), the Debtors shall pay to the Stalking Horse Purchaser the Break-Up Fee by wire transfer of immediately available funds immediately, and contemporaneous with, the closing of the sale of the Assets from the first cash proceeds thereof. The Break-Up Fee shall constitute an administrative expense claim with priority under Section 507(a) of the Bankruptcy Code in favor of the Stalking Horse Purchaser.

#### **III. Sale Hearing**

The Debtors will seek entry of the Sale Order from the Court at the Sale Hearing to begin at **10:00 a.m. Pacific Time on April 17, 2019** (or at another date and time convenient to the Court) to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures.

At the Sale Hearing, the Debtors will seek Court approval of the Sale to the Successful Bidder, (or, in the event the Successful Bidder fails to close, the Back-Up Bidder), free and clear of all liens, claims, interests, and encumbrances pursuant to § 363 of the Bankruptcy Code, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets (and to the extent included in the Successful Bid, the Other Assets prior to the Sale), including the assumption by

1 the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and  
2 Leases pursuant to Section 365 of the Bankruptcy Code. The Debtors will submit and present  
3 additional evidence, as necessary, at the Sale Hearing demonstrating that the Sale is fair,  
4 reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies  
5 the standards necessary to approve a sale of the Purchased Assets and/or the Other Assets.

#### 6 **IV. Reservation**

7 The Debtors reserve the right, as they may determine in their discretion and in accordance with  
8 their business judgment to be in the best interest of their estates, in consultation with their  
9 professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue  
10 incremental bidding and then require that any and all bidders or potential purchasers must submit  
11 their sealed, highest and best offer for the Purchased Assets and/or Other Assets; (ii) determine  
12 which Qualified Bid is the highest or otherwise best bid and which is the next highest or  
13 otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential  
14 Bidders; (iv) impose additional terms and conditions with respect to all Potential Bidders; (v)  
15 extend the deadlines set forth herein; (vi) continue or cancel the Auction and/or Sale Hearing in  
16 open court without further notice; and (vii) implement additional procedural rules that the Debtors  
17 determine, in their reasonable business judgment and in consultation with the Consultation Parties  
18 will better promote the goals of the bidding process; provided that such modifications are

1.6.1 All transfer, conveyance, sales, use, stamp, similar state and local taxes arising from the sale of the Assets hereunder shall be the responsibility of, and allocated to, Purchaser.

1.6.2 Other than the Utility Deposits (defined below), which are governed by Section 1.8(j), and other than with respect to Cure Costs payable by Purchaser, the following costs and expenses shall be prorated based upon the payment period (*i.e.*, calendar or other tax fiscal year) to which the same are attributable: all real estate and personal property lease payments, real estate and personal property taxes, real estate assessments, other than the PACE Special Assessments and other similar charges against real estate, and power and utility charges (collectively, the “**Prorated Charges**”) on the Assets. Each Seller shall pay its respective portion at or prior to the Closing (or Purchaser shall receive credit for) of any unpaid Prorated Charges attributable to periods or portions thereof occurring prior to the Effective Time, and Purchaser shall assume as an Assumed Liability or, to the extent previously paid by any Seller, pay to such Seller at the Closing all Prorated Charges attributable to periods or portions thereof occurring from and after the Effective Time. In the event that as of the Closing Date the actual tax bills for the tax year or years in question are not available and the amount of taxes to be prorated as aforesaid cannot be ascertained, then rates, millages and assessed valuation of the previous year, with known changes, shall be used. The parties agree that if the real estate and personal property tax prorations are made based upon the taxes for the preceding tax period, the prorations shall be re-prorated after the Closing. As to power and utility charges, “final readings” as of the Closing Date shall be ordered from the utilities; the cost of obtaining such “final readings,” if any, shall be paid by Purchaser.

1.6.3 Sellers shall be entitled to all rents and other payments under Tenant Leases accruing for the period prior to the Effective Time (“**Pre Effective Time Lease Amounts**”), and Purchaser shall be entitled to all rents and other payments under tenant leases accruing for the period after the Effective Time (“**Post Effective Time Lease Amounts**” and together with the Pre Effective Time Lease Amounts, the “**Lease Amounts**”). All Lease Amounts that are collected prior to the Closing shall be prorated as of the Closing in accordance with the immediately preceding sentence. All Lease Amounts that are accrued but uncollected as of the Closing (including, without limitation, rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the “**Unpaid Amounts**”) shall belong to Sellers, and Purchaser shall, upon receipt of said rents and other payments, receive the same in trust for Sellers and shall promptly remit any of such amounts to the applicable Seller within ten (10) days after

Purchaser's receipt of same. For the avoidance of doubt, all rental payments received after Closing shall be first applied to any amounts owed to the Sellers under this Section 1.6.3.

1.6.4 All prorations and payments to be made under the foregoing provisions shall be agreed upon by Purchaser and Sellers prior to the Closing and shall be binding upon the parties; provided, however, with respect to the Unpaid Amounts, in the event any proration, apportionment or computation shall prove to be incorrect for any reason, then either the applicable Seller or Purchaser shall be entitled to an adjustment to correct the same, provided that said party makes written demand on the party from whom it is entitled to such adjustment within thirty (30) calendar days after the erroneous payment or computation was made, or such later time as may be required, in the exercise of due diligence, to obtain the necessary information for proration. This Section 1.6 shall survive Closing.

1.7 Transfer of Assets of Sellers. On the Closing Date and subject to the terms and conditions of this Agreement, each Seller shall sell, assign, transfer, convey and deliver to Purchaser, free and clear of all liens, claims, interests and encumbrances other than the Permitted Exceptions (defined below), and Purchaser shall acquire, all of each Seller's right, title and interest in and to only the following assets and properties, as such assets shall exist on the Closing Date, in each case (notwithstanding anything else in this Agreement) solely to the extent used primarily in the conduct of the Businesses and to the extent not included among the Excluded Assets, such transfer being deemed to be effective at the Effective Time:

(a) all of the tangible personal property owned by such Hospital Seller, or to the extent assignable or transferable by each Hospital Seller, leased, subleased or licensed by such Hospital Seller, and used by such Seller in the operation of the Hospital of such Hospital Seller, including equipment, furniture, fixtures, machinery, vehicles, office furnishings and leasehold improvements (the "**Personal Property**");

(b) all of such Hospital Seller's rights, to the extent assignable or transferable, to all Medicare and Medi-Cal provider agreements, permits, approvals, certificates of exemption, franchises, accreditations and registrations and other governmental licenses, permits or approvals issued to such Seller for use in the operation of the Hospital of such Hospital Seller (the "**Licenses**"), including, without limitation, the Licenses and Medicare/Medi-Cal Provider Agreements set forth on Schedule 1.7(b), except to the extent Purchaser elects, in its discretion, not to take assignment of any such Licenses;

(c) all of such Hospital Seller's interest in and to the Owned Real Property and all of such Hospital Seller's interest, to the extent assignable or transferable, in and to all of the following (the "**Assumed Leases**"): (i) personal property leases with respect to the operation of the Hospital of such Hospital Seller (including leases for assets described in Section 1.7(i)), (ii) the real property leases for all real property leased by such Hospital Seller and set forth on Schedule 1.7(c)(ii) (the "**Leased Real Property**"), and (iii) the real property leased or subleased by such Seller to a third party and set forth on Schedule 1.7(c)(iii) (the "**Tenant Leases**");

2.19 Payer Contracts. To the knowledge of Sellers, and subject to Section 365 of the Bankruptcy Code, Schedule 2.19 sets forth a complete list of all written contracts with private third party payers including insurance companies and HMOs (“**Payer Contracts**”). Sellers have provided Purchasers with a true and correct copy of all material Payer Contracts, whether or not entered into in the ordinary course of business, or otherwise required to be disclosed on Schedule 2.20, in each case together with all amendments thereto.

2.20 Excluded Individuals. Except as set forth on Schedule 2.20, to the knowledge of Sellers: neither Sellers, Hospitals nor any director, officer or employee of Sellers or Hospitals (a) was, is or is proposed to be, suspended, excluded from participation in, or sanctioned under, any federal or state health care program (including, without limitation, Medicare and Medicaid) (an “**Excluded Individual**”); (b) has been convicted of any criminal offense related to the delivery of any medical or health care services or supplies, or related to the neglect or abuse of patients; (c) has failed to maintain its current License to provide the services required to be provided by it to or on behalf of Sellers and Hospitals; or (d) is unable to obtain or maintain liability insurance consistent with commercially reasonable industry practices.

#### REPRESENTATIONS AND WARRANTIES OF PURCHASER

As an inducement to Sellers to enter into this Agreement and to consummate the transactions contemplated by this Agreement, Purchaser hereby represents, warrants and covenants to Sellers as to the following matters as of the Signing Date and, except as otherwise provided herein, shall be deemed to remake all of the following representations, warranties and covenants as of the Closing Date:

3.1 Authorization. Purchaser has full power and authority to enter into this Agreement and has full power and authority to perform its obligations hereunder and to carry out the transactions contemplated hereby. No additional internal consents are required in order for Purchaser to perform its obligations and agreements hereunder.

3.2 Binding Agreement. This Agreement has been duly and validly executed and delivered by Purchaser and, assuming due and valid execution by Sellers, this Agreement constitutes a valid and binding obligation of Purchaser enforceable in accordance with its terms subject to (a) applicable bankruptcy, reorganization, insolvency, moratorium and other laws affecting creditors’ rights generally from time to time in effect and (b) limitations on the enforcement of equitable remedies.

3.3 Organization and Good Standing. Purchaser is a corporation duly organized, validly existing and in good standing under the laws of the State of California, is or will be duly

authorized to transact business in the State of California, and has full power and authority to own, operate and lease its properties and to carry on its business as now conducted.

3.4 No Violation. Except as set forth in **Schedule 3.4**, neither the execution and delivery by Purchaser of this Agreement nor the consummation of the transactions contemplated hereby nor compliance with any of the material provisions hereof by Purchaser will (a) violate, conflict with or result in a breach of any material provision of the Articles of Incorporation, Bylaws or other organizational documents of Purchaser or any contract, lease or other instrument by which Purchaser is bound; (b) require any approval or consent of, or filing with, any governmental agency or authority, (c) violate any law, rule, regulation, or ordinance to which Purchaser is or may be subject, (d) violate any judgment, order or decree of any court or other governmental agency or authority to which Purchaser is subject.

3.5 Brokers and Finders. Neither Purchaser nor any affiliate thereof nor any officer or director thereof has engaged any finder or broker in connection with the transactions contemplated hereunder.

3.6 Representations of Sellers. Purchaser acknowledges that it is purchasing the Assets on an "AS IS, WHERE IS" basis (as more particularly described in Section 1.12), and that Purchaser is not relying on any representation or warranty (expressed or implied, oral or otherwise) made on behalf of any Seller other than as expressly set forth in this Agreement. Purchaser further acknowledges that no Seller is making any representations or warranties herein relating to the Assets or the operation of the Hospital on and after the Effective Time.

3.7 Legal Proceedings. Except as described on **Schedule 3.7**, there are no claims, proceedings or investigations pending or, to the best knowledge of Purchaser, threatened relating to or affecting Purchaser or any affiliate of Purchaser before any court or governmental body (whether judicial, executive or administrative) in which an adverse determination would materially adversely affect the properties, business condition (financial or otherwise) of Purchaser or any affiliate of Purchaser or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby. Neither Purchaser nor any affiliate of Purchaser is subject to any judgment, order, decree or other governmental restriction specifically (as distinct from generically) applicable to Purchaser or any affiliate of Purchaser which materially adversely affects the condition (financial or otherwise), operations or business of Purchaser or any affiliate of Purchaser or which would adversely affect Purchaser's ability to consummate the transactions contemplated hereby.

3.8 No Knowledge of a Seller's Breach. Neither Purchaser nor any of its affiliates has knowledge of any breach of any representation or warranty by any Seller or of any other condition or circumstance that would give Purchaser a right to terminate this Agreement pursuant to Section 9.1(c). If information comes to Purchaser's attention on or before the Closing Date (whether through a Seller or otherwise and whether before or after the Signing Date) which indicates that Sellers have breached any of its representations and warranties under this Agreement, then the effect shall be as if the representations and warranties had been modified in this Agreement in accordance with the actual state of facts existing prior to the Effective Time such that there will be no breach under Sellers' representations and warranties in relation to such information; *provided, however*, that Purchaser must immediately notify Sellers if any such breach comes to its attention

on or before the Closing Date, and Purchaser's failure to so notify Sellers shall constitute a waiver by Purchaser of Sellers' breach, if any, of any representation or warranty. If any such information comes to Purchaser's attention on or before the Closing Date (whether through a Seller or otherwise, including through updated schedules, and whether before or after the Signing Date) that would give Purchaser a right to terminate this Agreement pursuant to Section 9.1(c), Purchaser must immediately notify Sellers if any such information comes to its attention on or before the Closing Date, and Purchaser's failure to so notify Sellers shall constitute a waiver of such right in relation to the relevant breach.

3.9 Ability to Perform. Purchaser has the ability to obtain funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and will at the Closing have immediately available funds in cash, which are sufficient to pay the Purchase Price and to pay any other amounts payable pursuant to this Agreement and to consummate the transactions contemplated by this Agreement.

3.10 Purchaser Knowledge. References in this Agreement to "Purchaser's knowledge" or "the knowledge of Purchaser" means the actual knowledge of the Chief Executive Officer, Chief Financial Officer or Chief Operating Officer of Purchaser, without independent research. No constructive or imputed knowledge shall be attributed to any such individual by virtue of any position held, relationship to any other Person or for any other reason.

3.11 Investigation. Purchaser has been afforded reasonable access to, and has been provided adequate time to review, the books, records, information, operations, facilities and personnel of each Seller and the Hospital for purposes of conducting a due diligence investigation of each Seller and the Hospital. Purchaser has conducted a reasonable due diligence investigation of each Seller and the Hospital and has received satisfactory answers to all inquiries it has made respecting each Seller and the Hospital and has received all information it considers necessary to make an informed business evaluation of each Seller and the Hospital. In connection with its due diligence investigation of each Seller and the Hospital, Purchaser has not relied upon any books, records, information, operations, facilities and personnel provided by any Seller, including in making its determination to enter into this Agreement and/or consummate the transactions contemplated hereby.

### COVENANTS OF SELLERS

#### 4.1 Access and Information; Inspections.

4.1.1 From the Signing Date through the Effective Time, (a) each Seller shall afford to the officers and agents of Purchaser (which shall include accountants, attorneys, bankers and other consultants and authorized agents of Purchaser) reasonable access during normal business hours at Seller's corporate headquarters in El Segundo, California to, and the right to inspect, the books, accounts, records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital of such Seller and the plant and property of the Hospital of such Seller at the Hospital of such Seller and (b) each Seller shall furnish Purchaser with such additional financial and operating data and other information in such Seller's possession

as to businesses and properties of the Hospital of such Seller as Purchaser or its representatives may from time to time reasonably request; *provided, however*, that such Seller is not obligated to disclose information which is proprietary to such Seller and would not be essential to the ongoing operation of the Hospital of such Seller by Purchaser; *provided, further*, that all disclosures of information shall be consistent with the confidentiality agreements and any other non-disclosure agreements entered into (or to be entered into) among Purchaser, its representatives and such Seller. Purchaser's right of access and inspection shall be exercised in such a manner as not to interfere unreasonably with the operations of any Seller or the Hospital.

4.1.2 Notwithstanding anything contained herein, no Seller shall be required to provide Purchaser or its representatives or agents access to or disclose information where such access or disclosure would violate the rights of its patients, jeopardize the attorney-client or similar privilege with respect to such information or contravene any law, judgment, fiduciary duty or contract entered into prior to or on the date of this Agreement with respect to such information.

#### 4.2 Cooperation.

4.2.1 Each Seller shall reasonably cooperate with Purchaser and its authorized representatives and attorneys: (a) in Purchaser's efforts to obtain all consents, approvals, authorizations, clearances and licenses required to carry out the transactions contemplated by this Agreement (including, without limitation, those of governmental and regulatory authorities) or which Purchaser reasonably deems necessary or appropriate, (b) in the preparation of any document or other material which may be required by any governmental agency as a predicate to or result of the transactions contemplated in this Agreement, and (c) in Purchaser's efforts to effectuate the assignment of Assumed Contracts to Purchaser as of the Closing Date. Except as may be otherwise requested by a Seller in order to comply with applicable law or regulatory guidance, notwithstanding anything contained herein, other than Bankruptcy Court orders and authorizations, it shall be Purchaser's sole responsibility (including payment of any fees, expenses, filings costs or other amounts) to obtain the Contract and Lease Consents, as well as all governmental consents, approvals, assignments, authorizations, clearances and licenses required to (x) carry out the transactions contemplated by this Agreement, including but not limited to medical licenses and/or (y) transfer any of the Assets, including any Licenses. To the extent Purchaser needs certain information and data which is in the possession of a Seller in order for Purchaser to complete Purchaser's license and permit approval applications, Purchaser shall receive, upon request, reasonable assistance from such Seller in connection with the provision of such information.

4.2.2 Notwithstanding any provision to the contrary contained in this Agreement (including Section 8.7), no Seller shall be obligated to obtain the approval or consent to the assignment, to Purchaser, of any Assumed Contracts or Assumed Leases, from any party to any of the Assumed Contracts or Assumed Leases even if any such contract or lease states that it is not assignable without such party's consent.

4.3 Other Bidders. Purchaser expressly acknowledges and agrees that each Seller has an obligation to seek out and determine the best and highest offer reasonably available for such

Seller's assets in accordance with the Bankruptcy Code, and nothing herein shall amend, modify, alter, diminish or affect such obligation.

4.4 Sellers' Efforts to Close. Each Seller shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Purchaser's obligations under this Agreement to the extent that such Seller's action or inaction can control or materially influence the satisfaction of such conditions; provided, however, that such Seller shall not be required to pay or commit to pay any amount to (or incur any obligation in favor of) any person (other than filing or application fees).

4.5 Termination Cost Reports. Each Seller shall file all Medicare, Medi-Cal and any other termination cost reports required to be filed as a result of the consummation of (a) the transfer of the Assets of such Seller to Purchaser and (b) the transactions contemplated by this Agreement with respect to such Seller, provided that Purchaser shall fund reasonable costs and expenses of preparation, filing and audit of such reports. Purchaser shall permit each Seller access to all Hospital books and records to prepare such reports and shall assist such Seller in the process of preparing, filing, and reviewing the termination cost reports. All such termination cost reports shall be filed by the applicable Seller in a manner that is consistent with current laws, rules and regulations. Each Seller shall be responsible for filing governmental cost reports for the period of January 1, 2019 through the Closing Date. Purchaser shall be responsible for its own cost report filings relating to the Hospitals beginning on the day immediately following the Effective Time.

4.6 Conduct of the Business. From the Signing Date until the Closing, or the earlier termination of this Agreement, without the prior written consent of Purchaser, Sellers shall, with respect to the ownership of the Assets and the operation of the Hospitals, use commercially reasonable efforts to, in each case except as would not have a Material Adverse Effect (except as otherwise noted):

(a) without regard to Material Adverse Effect, carry on Sellers' ownership of the Assets and the operation of the Hospitals consistent with past practice, but subject to the Bankruptcy Cases and Sellers' obligations and actions in connection therewith;

(b) maintain in effect the insurance and equipment replacement coverage with respect to the Assets;

(c) if and as permitted by the Bankruptcy Court, pay any bonuses payable under the Key Employee Retention Plan and Key Employee Incentive Plan of Sellers;

Closing employment to any of Sellers' personnel (including access by Purchasers and their representatives for the purpose of conducting open enrollment sessions for Purchasers' employee benefit plans and programs) and to establish relationships with physicians, medical staff and others having business relations with Sellers;

(g) with respect to material deficiencies, if any, cited by any governmental authority (other than the Attorney General of the State of California and other than with respect to Seismic requirements) or accreditation body in the most recent surveys conducted by each, cure or develop and timely implement a plan of correction that is acceptable to such governmental authority or such accreditation body;

(h) timely file or cause to be filed all material reports, notices and tax returns required to be filed and pay all required taxes as they come due;

(i) without regard to Material Adverse Effect, beginning on February 21, 2019 and in accordance with the Sellers' budget under their debtor in possession financing, timely pay any fees that are or become due and payable under QAF IV and QAF V;

(j) comply in all material respects with all Legal Requirements (including Environmental Laws) applicable to the conduct and operation of the Hospitals; and

(k) without regard to Material Adverse Effect, maintain all material approvals, permits and environmental permits relating to the Hospitals and the Assets.

4.7 Contract With Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, provided that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

## ARTICLE 5

### COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement, Purchaser shall be permitted to communicate and meet with (a) counter-parties to the agreements and contracts of the Hospitals, included those included in Assumed Obligations, regarding the terms and conditions under which they may be assumed and assigned to Purchaser, and (b) applicable governmental and regulatory authorities regarding prospective compliance with regulatory requirements and related issues; so long as, in the case of each of (a) and (b) (i) such communications and meetings do not interfere with the operation of the Businesses or the conduct of the Bankruptcy Cases and (ii) any communications or meetings with any governmental authority are approved in advance by Sellers as to timing and content (and Sellers are copied on such communications and afforded the opportunity to participate in such meetings).

5.2 Required Governmental Approvals.

(a) Purchaser, at its sole cost and expense (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled (and provide Sellers copies of all materials relating to such consents, approvals, authorizations, clearances and licenses upon submission and all materials received from third parties in connection with such consents, approvals, authorizations, clearances and licenses upon receipt), and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Purchaser will provide Sellers periodic and timely updates regarding all such consents, approvals, authorizations, clearances and licenses. Purchaser is responsible for all filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

(b) Purchaser and Sellers agree that because the change of ownership and regulatory approval process in connection with the transactions contemplated by this Agreement may take an extended period of time, Purchaser and Sellers agree to an initial closing effective upon the approval of the court and upon the approval of the transaction by the CA AG (as defined below) in accordance with Sections 7.5 and 8.6, at which time the Assets (less the portion of the Assets constituting drugs or other pharmacy assets) will be sold to Purchaser and immediately leased back

to Sellers, with a concurrent management agreement entered into at that time upon terms mutually agreeable to the parties in their reasonable business judgment. The Sale Leaseback Agreement and Interim Management Agreement will terminate at the Closing when the Purchaser is issued the Licenses necessary to operate the Hospitals directly (namely, the Hospital Licenses and pharmacy permits).

5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the “**Hospital Employees**”) who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on Schedule 5.3; or (iii) employed by an affiliate of any Seller and are listed on Schedule 5.3. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity or any other affiliate of Seller unless such individual is listed on Schedule 5.3. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the “**Hired Employees**.” All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time, subject to compliance with applicable law and regulation, including consent of such employees if required.

(c) After the Closing Date, Purchaser’s human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller’s and such Seller’s affiliates’ post-Closing administration of such Seller’s and such Seller’s affiliates’ pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees (which such list Purchaser shall periodically update).

(d) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller’s designee any Excluded Assets of such Seller found at the

Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, but in any event within ten (10) calendar days, Purchaser shall, at its sole cost and expense, make any notices or other filings with the Attorney General of the State of California (the "CA AG"). Each Seller shall reasonably cooperate with Purchaser in such notices or other filings.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 4 to be inaccurate or untrue as of the Closing.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of each Hospital's service area.

5.10 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.

5.11 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement to be assumed by Purchaser. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement. In addition, Sellers may, in their discretion, seek to reject any or all of the collective bargaining agreement(s).

## ARTICLE 6

### SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

#### 6.1 Bankruptcy Court Approval; Overbid Protection and Break-Up Fee.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval, and that this Agreement is subject to termination in its entirety in the event any Seller receives a better and higher offer for the Assets in accordance with the Bankruptcy Code and subject to the terms stated herein.

(b) Promptly following the execution of this Agreement by all parties, the Seller shall file a motion with the Bankruptcy Court (the "**Sales Procedures Motion**"), the content of which shall be subject to the reasonable approval by Purchaser, for entry of an order approving bid procedures and overbid protections containing substantially the following terms and conditions:

(1) the Seller shall not accept any offer to sell the Assets subject to this Agreement ("**Overbid**") to another purchaser ("**Overbidder**") unless that offer exceeds the Purchase Price by an amount sufficient to pay the Break-Up Fee and such offer includes the purchase of substantially all Assets subject of this Agreement;

(2) in the event that an overbidder (and not the Purchaser) is the successful bidder for the purchase of the Assets (the "**Alternate Transaction**") and the Alternative Transaction is approved by the Bankruptcy Court, (a) the Deposit, and any interest earned thereon, shall be returned to Purchaser immediately upon the entry of such sale order, and (b) Purchaser shall be paid a break-up fee of three and one-half percent (3.25%) of the Cash Consideration (\$19,825,000.00) plus reimbursement of reasonably documented reasonable costs and expenses incurred by Purchaser related to its due diligence, and pursuing, negotiating, and documenting the transactions contemplated by this Agreement in an amount not to exceed \$2,000,000.00 (the "**Break-Up Fee**"); provided, however, that in the event that

the Purchaser is successful as to some but not all of the Assets, the Break-Up Fee shall be reduced pro rata to the percentage of Assets not actually purchased by the Purchaser, based on the allocation of the Purchase Price as described in Section 1.1(a)(i), as compared to the Assets which were the subject of this Agreement; in the event that Purchaser terminates this Agreement in accordance with Section 8.6 hereof, expenses of Purchaser incurred in satisfaction of Section 8.6 shall be reimbursed up to \$500,000; and

(3) The Break-Up Fee shall be deemed to be an allowed expense of the kind specified in Section 503(b) of the Bankruptcy Code to be paid solely from the proceeds of the Alternate Transaction, pursuant to the Sale Order. The Break-Up Fee shall not be paid if the Alternate Transaction was pursued due to a material breach by the Purchaser or the Purchaser's failure or refusal to consummate the transaction after the satisfaction or waiver of all closing conditions.

The Sales Procedures Motion will contain bid procedures as set forth in the bid procedures attached hereto as **Schedule 6.1(b)(3)**.

If Sellers fails to obtain Bankruptcy Court approval for the Sales Procedures Motion by no later than four weeks after the end of the Final Diligence Period, Purchaser shall have the right to terminate this Agreement, without recourse or liability, and Seller shall immediately thereafter return to Purchaser the Deposit and any interest earned thereon.

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(d) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal; provided, however, Purchaser, at its option, shall have the right to

participate as a party in interest in such appeal. In the event a stay is issued by any appellate court, including the United States District Court, which prevents the sale from closing, as scheduled, Purchaser shall have the right to terminate this Agreement if such stay is not vacated on or before 45 days from the date of the stay is issued, and Purchaser shall be entitled to the prompt return of the Deposit and any interest earned thereon.

## ARTICLE 7

### CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions. The conditions to Purchaser's obligations to close set forth in Section 8.6 shall have been satisfied.

7.6 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

7.7 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

7.8 CSCDA Acknowledgement. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Sellers that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations, and releases of the Sellers from any and all claims arising or accruing prior to the Closing Date.

## ARTICLE 8

### CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing.

8.1 Governmental Authorizations. Except as otherwise set forth in this Agreement, Purchaser and Sellers shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for the purchase, sale and operation of the Hospitals, including without limitation approval of the CA AG (subject to Section 8.6), except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code.

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Sellers shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by Sellers on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser

agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth, as Purchaser Approved Conditions, in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement, or on Purchaser in connection therewith, which are materially different than the Purchaser Approved Conditions set forth on Schedule 8.6 (the “Additional Conditions”), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order (“Supplemental Sale Order”) finding that the Additional Conditions are an “interest in property” for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions without the imposition of any other conditions, which would adversely affect the Purchaser. For purposes of this Section 8.6, Additional Conditions which individually or collectively impose a direct or indirect cost to Purchaser of \$5 million, or more, shall be conclusively deemed to be “materially different.” If Sellers determine not to seek such Supplemental Sale Order, or fail to obtain such Supplemental Sale Order within 60 days of the Attorney General’s imposition of Additional Conditions, Purchaser shall be entitled to terminate this Agreement and receive the return of its Good Faith Deposit. If Sellers timely obtain such Supplemental Sale Order from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order (the “Evaluation Period”) to determine, in the exercise of the Purchaser’s reasonable business judgment and in consultation with Purchaser’s financing sources, whether to proceed to consummate the transactions contemplated by this Agreement; provided, however, (i) Purchaser shall not terminate or provide notice of termination of the Stalking Horse APA based on the Seller’s failure to satisfy the condition set forth under this Section 8.6 until the expiration of the Evaluation Period as may be extended herein, and (ii) the Evaluation Period may be extended by the Debtors, in consultation with the Consultation Parties, by up to 90 days for any appeal properly perfected with respect to the Supplemental Sale Order (the “Extended Evaluation Periods”). For the avoidance of doubt, if the Debtors or any of the Consultation Parties dispute the reasonableness of the exercise of the Purchaser’s business judgment, such dispute shall be determined by the Bankruptcy Court only in the context of an adversary proceeding. If, at the conclusion of the Extended Evaluation Periods, such Supplemental Sale Order has not become a final, non-appealable order and Purchaser determines not to proceed, Purchaser shall have the right within ten (10) business days after the conclusion of the Extended Evaluation Periods to terminate this Agreement and receive the return of its Good Faith Deposit. Sellers shall provide Purchaser with prompt written notice of the conclusion of the Extended Evaluation Periods and whether the Supplemental Sale Order has become a final, non-appealable order. For purposes of this Section 8.6, “a final, non-appealable order” shall include a Supplemental Sale Order (i) which has been affirmed or the appeal of which has been dismissed by any appellate court and for which the relevant appeal period has expired (other than any right of appeal to the U.S. Supreme Court), or (ii) which has been withdrawn by the appellant. If the Supplemental Sale Order becomes a final, non-appealable order prior to the expiration of the Evaluation Period or, if applicable, the Extended Evaluation Periods, Purchaser shall consummate the Sale provided that all other conditions to closing have been satisfied. During any Evaluation Period or Extended Evaluation Periods, Purchaser shall reasonably cooperate in any efforts to render the Supplemental Sale Order a final, non-appealable order, including timely taking reasonable steps in preparation for closing of the transactions described in this Agreement; provided, however, Purchaser shall not be obligated to expend more than \$500,000. For the avoidance of doubt, neither this provision, nor any of the rights granted to the Purchaser herein,

shall constitute a waiver of any party in interest's right to argue that any appeal from the Sale Order should be dismissed on statutory, Constitutional or equitable mootness grounds.

8.7 Medicare and Medi-Cal Provider Agreements. Sellers shall transfer their Medicare provider agreements pursuant to a settlement agreement with the Centers for Medicare and Medicaid Services (“CMS”) and shall transfer their Medi-Cal provider agreements pursuant to a settlement agreement with the California Department of Health Care Services (“DHCS”), which such settlement agreements shall result in: (i) resolution of all outstanding financial defaults under any of Sellers’ Medicare and Medi-Cal provider agreements and (ii) full satisfaction, discharge, and release of any claims under the Medicare or Medi-Cal provider agreements, whether known or unknown, that CMS or DHCS, as applicable, has against the Seller or Purchaser for monetary liability arising under the Medicare or Medi-Cal provider agreements before the Effective Time; provided, however, that Purchaser acknowledges that it will succeed to the quality history associated with the relevant Medicare or Medi-Cal provider agreements assigned and shall be treated, for purposes of survey and certification issues as if it is the relevant Seller and no change of ownership occurred.

8.8 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

## ARTICLE 9

### TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

- (a) by the mutual written consent of the parties;
- (b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach;
- (c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Hospitals, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement, but which has been provided to Purchaser after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.1(c) on or prior to January 8, 2019, which notice may be given by facsimile or email correspondence; provided, that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Agreement, Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the breach of a Sale Order Date Representation, but in each case solely to the extent such breach of a

Sale Order Date Representation would result in a Material Adverse Effect; provided, further, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach;

(e) by Purchaser if satisfaction of any of the conditions in ARTICLE 8 has not occurred by December 31, 2019 or becomes impossible, and Purchaser has not waived such condition in writing (provided that the failure to satisfy any of the applicable condition or conditions in Sections 8.1 through 8.5 inclusive has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date); provided that upon the imposition of Additional Conditions by the CA AG, Section 8.6 must be satisfied or waived by Purchaser by no later than sixty (60) days thereafter.

(f) by Sellers if satisfaction of any of the conditions in ARTICLE 7 has not occurred by December 31, 2019 or becomes impossible, and Sellers have not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Cases or fails to approve the Sales Procedures Motion by the date specified in Section 6.1(b);

(h) by Sellers if, in connection with the Bankruptcy Cases, any Seller accepts an Alternate Transaction and pays the Break-Up Fee;

(i) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019; or

(j) by Purchaser if a force majeure event (such as acts of God, storms, floods, landslides, earthquakes, lightning, riots, fires, pandemics, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities, other national or international calamity, one or more acts of terrorism, or failure of energy sources) shall have occurred between the Signing Date and Closing Date, which event is reasonably likely to have a Material Adverse Effect.

9.2 Termination Consequences. If this Agreement is terminated pursuant to

Sections 6.1(b), 6.2 or 9.1: (a) all further obligations of the parties under this Agreement shall terminate (other than Purchaser's right to receive the Break-Up Fee if applicable), provided that the provisions of ARTICLE 12, shall survive; and (b) each party shall pay only its own costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or (d) the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. In addition, if this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1 (other than Section 9.1(b)), Seller shall immediately return the Deposit to Purchaser with all interest earned thereon. Each Party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

## ARTICLE 10

### POST-CLOSING MATTERS

#### 10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to any Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to any Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against any Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") plus five percent (5%) (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

#### 10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and copies (including, without limitation, color laser copies) of, such records with respect to time periods prior to the Effective Time (including, without limitation, access to

records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in

order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

10.5 Shared Intangible Assets. In the event and to the extent that certain intangible Assets transferred by Sellers have been used to operate businesses of Verity or Verity Holdings or their affiliates which are not being sold to Purchaser ("**Shared Intangible Assets**") and such Shared Intangible Assets continue to be used by Verity or Verity Holdings or their affiliates to operate such businesses after Closing, Verity and Verity Holdings retain the rights to continue to use such Assets notwithstanding their sale to Purchaser. Purchaser shall reasonably cooperate with Verity and Verity Holdings and their affiliates to give effect to such rights and shall provide Verity and Verity Holdings and their affiliates such documentation, records and information and reasonable access to such systems as necessary for Verity and Verity Holdings and their affiliates to continue to operate such businesses; all in such manner as not to reasonably interfere with the operations of the Hospitals; provided, however, Purchaser shall not be required to incur any out-of-pocket costs in association therewith unless reimbursed by Verity and Verity Holdings and their affiliates.

## ARTICLE 11

### DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall have the right to sue for damages; provided, however that the amount of such damages shall never exceed \$60,000,000.00. For the avoidance of doubt, Sellers shall have no right to sue for specific performance under this Agreement.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) The Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) shall be allocated among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder as set forth in **Schedule 11.3(b)** (such schedule the “**Allocation Schedule**”). The Allocation Schedule shall be for Sellers’ and Purchaser’s tax purposes only, and shall not limit the Sellers’ creditors in any way.

#### 11.4 Cost Report Matters.

(a) Consistent with Section 4.5, Sellers shall, at Purchaser’s expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the “**Seller Cost Reports**”).

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers’ preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser’s provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

## ARTICLE 12

### MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however*, that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties which consent shall not be unreasonably withheld or delayed, except that Purchaser may, without the prior written consent of Sellers, assign all or any portion of its rights under this Agreement to one or more of its affiliates prior to the Closing Date.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of Article III merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5)

The section and other headings contained in this Agreement and in the Disclosure Schedule, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedule, exhibits and schedules hereto.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related

to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit either Sellers or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof.

12.9 Fair Meaning. This Agreement shall be construed according to its fair meaning and as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that all sales, transfer, documentary transfer and similar taxes, fees, surcharges and the like in connection with the sale of the Assets shall be borne by Purchaser. If any action is brought by any party to enforce any provision of this Agreement, the prevailing party shall be entitled to recover its court costs and reasonable attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding

between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the “**Superseded Agreements**”), which Superseded Agreements shall be of no further force or effect; provided, that notwithstanding the foregoing, the letter Confidentiality Agreement dated July 12, 2018 between Purchaser and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party’s knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

## Report of Independent Auditors

The Board of Directors  
Daughters of Charity Health System

We have audited the accompanying consolidated financial statements of Daughters of Charity Health System, which comprise the consolidated balance sheets as of June 30, 2015 and 2014, and the related consolidated statements of operations and changes in net (deficit) assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Marillac Insurance Company, Ltd (Marillac), a wholly-owned subsidiary, which statements reflect total assets constituting 6.81% as of June 30, 2015 and 6.68% as of June 30, 2014 and total revenues constituting 0.88% in 2015 and 0.85% in 2014 of the related consolidated totals. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Marillac, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, based on our audits and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Daughters of Charity Health System at June 30, 2015 and 2014, and the consolidated results of its operations and changes in net (deficit) assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

### **Daughters of Charity Health System's Ability to Continue as a Going Concern**

The accompanying consolidated financial statements have been prepared assuming that Daughters of Charity Health System will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, Daughters of Charity Health System has recurring losses from operations and has a net deficit that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

### Notes to Consolidated Financial Statements

#### 1. Organization

The Daughters of Charity Health System (Parent), a California nonprofit religious corporation, was formed in June 2001 by the Daughters of Charity Ministry Services Corporation (Ministry Services), a California not-for-profit religious corporation. Ministry Services is the sole corporate member of Daughters of Charity Health System. Daughters of Charity Health System is the sole corporate member of six California not-for-profit religious corporations that operate six acute care hospitals and other facilities (the Hospitals, see list below) in the state of California. Daughters of Charity Health System and the following list of affiliated entities (collectively, DCHS) became one of the largest not-for-profit health care systems in the state of California, with approximately 1,660 licensed acute care and skilled nursing beds.

DCHS consists of Parent\* and the following:

- O'Connor Hospital\*
- Saint Louise Regional Hospital\*
- St. Francis Medical Center Lynwood\*
- St. Vincent Medical Center\*
- Seton Medical Center\*

#### 2. Summary of Significant Accounting Policies

##### Basis of Presentation and Going Concern

In recent years, DCHS has experienced recurring operating losses that have been funded primarily from cash reserves. For the year ended June 30, 2015, DCHS recorded a net operating loss of \$73,824,000 and a decrease in cash, cash equivalents, short-term and long-term investments of \$13,911,000. In 2014, DCHS received a \$130,000,000 contribution from the Daughters of Charity Foundation that was restricted for the purpose of defeasing the Series 2008 Bonds. Refer to Note 9 for further details on the defeased Series 2008 Bonds. DCHS anticipates that it will continue to incur operating losses and intends to continue to fund its losses from operations. Subsequent to June 30, 2015, DCHS has not borrowed any additional short-term debt from the California Statewide Development Corporation. Refer to Note 9 for further details.

On July 17, 2015, the DCHS Parent and Daughters of Charity Ministry Services selected Blue Mountain Capital Management (Blue Mountain), a private investment firm, to recapitalize the Hospitals. Blue Mountain will also provide management services (via Integrity Healthcare, a wholly owned subsidiary) to operate the six California hospitals and medical foundation (collectively, the “Transaction”). Under the terms of the Transaction, the DCHS board of directors will transfer control of the Hospitals to an independent, non-profit board of directors, which will oversee hospital operations. The Transaction is subject to regulatory approval and there can be no guarantee that the Transaction will close. Refer to Note 12 for further details on the Transaction.

In the event that the Transaction does not close, the Board of DCHS will consider all alternatives, which may include seeking alternative transactions, closure, and use of bankruptcy proceedings to accomplish alternatives.

The uncertainties surrounding future cash flows and liquidity position raise substantial doubt regarding DCHS’ ability to continue as a going concern. The accompanying consolidated financial statements have been prepared in accordance with United States (U.S.) generally accepted accounting principles applicable to a going concern, which contemplates the realization

of assets and the settlement of liabilities and commitments in the normal course of business for the foreseeable future. Such consolidated financial statements do not include any adjustments relating to the recoverability of the carrying amounts of recorded assets or the amount of liabilities that might result from the outcome of the uncertainties described above.

#### **Consolidation**

The accompanying consolidated financial statements include the accounts of DCHS after elimination of intercompany transactions.

#### **Use of Estimates**

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. DCHS considers critical accounting policies to be those that require more significant judgments and estimates in the preparation of its consolidated financial statements, including the following: recognition of net patient service revenue, which includes contractual allowances and discounts; provisions for doubtful accounts and charity care; and risks and assumptions for measurement of pension and other postretirement liabilities. Management bases its estimates on historical experience and various other assumptions that it believes are reasonable under the particular facts and circumstances. Actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

Cash and cash equivalents consist primarily of cash and highly liquid marketable securities with original maturities, at the time of purchase, of three months or less.

#### 2. Summary of Significant Accounting Policies (continued)

##### Patient Accounts Receivable, Allowance for Doubtful Accounts, and Net Patient Service Revenue

Patient accounts receivable and net patient service revenue are reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated settlements under reimbursement agreements with third-party payers. Settlements with third-party payers are accrued on an estimated basis in the period in which the related services are rendered and are adjusted in future periods as final settlements are determined.

DCHS manages the receivables by regularly reviewing its patient accounts and contracts and by providing appropriate allowances for uncollectible amounts. These allowances are estimated based upon an evaluation of historical payments, negotiated contracts and governmental reimbursements. Adjustments and changes in estimates are recorded in the period in which they are determined. The allowance for doubtful accounts for self-pay patients was 87% and 87% of self-pay accounts receivable at June 30, 2015 and 2014, respectively.

Patient service revenues, net of contractual allowances and discounts, are as follows (in thousands):

	<b>Year Ended June 30</b>	
	<b>2015</b>	<b>2014</b>
Government	\$ 881,274	\$ 656,291
Contracted	380,068	412,280
Self-pay and others	53,808	68,147
Net patient service revenue	<u>1,315,150</u>	<u>1,136,718</u>
Less: Provision for doubtful accounts	<u>(31,903)</u>	<u>(43,282)</u>
Net patient service revenue less provision for doubtful accounts	<u><u>\$ 1,283,247</u></u>	<u><u>\$ 1,093,436</u></u>

## Daughters of Charity Health System

### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

Significant concentrations of net patient accounts receivable are as follows:

	<b>June 30</b>	
	<b>2015</b>	<b>2014</b>
HMO/PPO/Commercial	<b>36%</b>	38%
Medicare	<b>32</b>	29
Medi-Cal	<b>29</b>	28
Other	<b>3</b>	5
Total	<b>100%</b>	100%

Inpatient acute care services, outpatient services, and skilled nursing services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Certain inpatient nonacute services and defined capital and medical education costs related to Medicare beneficiaries are paid using a cost reimbursement methodology.

Health care services are provided free of charge or at a significant discount based on a sliding scale to individuals who meet certain financial criteria. DCHS makes every effort to determine if a patient qualifies for charity care upon admission. If a patient is determined to qualify for charity care, services are rendered to the patient free of cost. The costs of providing these services are included in unsponsored community benefit expense (see Note 3).

After satisfaction of amounts due from insurance and the application of financial discounts to patients' balances, and after exhausting all reasonable efforts to collect from the patients, a significant portion of the DCHS's uninsured and self-pay patient accounts are referred to the third-party agencies based on DCHS's established guidelines for further collection activities. As a result, DCHS's records a significant provision for doubtful accounts related to these uninsured patients in the period the services are rendered.

Payments from Medi-Cal and contracted-rate payers are based on a per diem, per discharge, modified cost, or capitated basis or a combination of these.

## Daughters of Charity Health System

### Notes to Consolidated Financial Statements (continued)

#### **2. Summary of Significant Accounting Policies (continued)**

Adjustments for the finalization of prior year cost reports from both Medicare and Medi-Cal resulted in an increase to patient service revenues of \$5,176,000 and \$9,291,000, for the years ended June 30, 2015 and 2014, respectively. Additionally, as a result of recent finalized cost reports, management determined that certain allocated reserves related to open prior year Medicare cost reports were no longer necessary, which resulted in a gain of \$15,069,000 for the year ended June 30, 2015.

DCHS's St. Francis Medical Center qualified for and received Medi-Cal funding as a disproportionate-share hospital from the state of California under Senate Bill (SB) 855. Related revenues were \$27,143,000 and \$27,381,000, for the years ended June 30, 2015 and 2014, respectively, and are included in net patient service revenue. Amounts to be received in future years, if any, are subject to annual determination.

The St. Francis Medical Center also received funding for Medi-Cal disproportionate-share hospitals under Senate Bill 1255 (SB 1255). These SB 1255 funds are paid from the Emergency Services and Supplemental Payments Fund. Related revenues were \$8,413,000 and \$9,023,000, for the years ended June 30, 2015 and 2014, respectively, and are included in net patient service revenue. This funding must be applied for and approved each year.

The St. Francis Medical Center also qualifies for Medi-Cal funding as a disproportionate-share hospital from the state of California under Senate Bill 1732 (SB 1732). This SB 1732 program permits health care facilities servicing a disproportionate share of Medi-Cal patients to receive supplemental reimbursement for a portion of their debt service for qualified capital projects. St. Francis Medical Center has an amendment to its Medi-Cal contract, which was executed on June 19, 1993, for reimbursement related to the St. Francis Medical Center Health Services Pavilion, which was completed in 1991. Related revenues were \$2,570,000 and \$2,475,000, for the years ended June 30, 2015 and 2014, respectively, and are included in net patient service revenue.

As part of DCHS's mission to serve the community, DCHS provides care to patients even though they may lack adequate insurance or may participate in programs that do not pay full charges. Reserves for charity care and uncollectible amounts have been established and are netted against patient accounts receivable in the consolidated balance sheets.

## Daughters of Charity Health System

### Notes to Consolidated Financial Statements (continued)

#### **2. Summary of Significant Accounting Policies (continued)**

##### **Industry Concentration**

The receipt of future revenues by DCHS is subject to, among other factors, federal and state policies affecting the health care industry. There are future revenue uncertainties that may require that costs be controlled, which will be subject to the capability of management; future economic conditions, which may include an inability to control expenses in periods of inflation; increased competition; and other conditions, which are impossible to predict.

##### **Inventories**

Inventories consist of supplies and are stated at the lower of cost or market value, which is determined using the first-in, first-out method. Inventories are reviewed for obsolescence on a periodic basis. Amounts are included in other current assets.

##### **Assets Limited as to Use**

Assets limited as to use represent assets designated by the board of directors for future capital improvements, other specific purposes for Marillac over which the board of directors retains control, assets held by trustees under bond indenture agreements, and investments restricted by donors. The board of directors has the full ability to utilize the Marillac assets limited as to use to satisfy the needs of on-going operations, as necessary. Additionally, DCHS participated in a pooled investment fund administered by Ascension Health until September 2014. Assets limited as to use are stated at fair value. Refer to Note 4 for further details.

Investment income or loss is included in deficiency of revenues over expenses, unless the income or loss is restricted by donor or law. The assets are reflected in the assets limited as to use line item in the consolidated balance sheets.

##### **Investments**

Investments received through gifts are recorded at estimated fair value at the date of donation. Gains and losses that result from market fluctuations are recognized in the period that such fluctuations occur. Realized gains or losses resulting from sales or maturities are calculated on an adjusted-cost basis. Adjusted-cost is the original cost of the security adjusted for any purchases or sales during the year. Dividend and interest income are accrued when earned.

#### 2. Summary of Significant Accounting Policies (continued)

Investment income includes the following (in thousands):

	<b>Year Ended June 30</b>	
	<b>2015</b>	<b>2014</b>
Interest and dividends	\$ 3,362	\$ 1,559
Investment fees	(213)	(246)
Unrealized (loss) gain on investments – net	(936)	8,871
Net realized gain on sales of securities	1,660	6,450
	<u>3,873</u>	<u>16,634</u>
Amounts included in changes in restricted net assets	3	(358)
Investment income	<u>\$ 3,876</u>	<u>\$ 16,276</u>

#### Property and Equipment

Property and equipment are stated at cost, if purchased, and at fair market value, if donated. Depreciation of property and equipment is calculated using a half-year convention and the straight-line method for financial statement purposes. Estimated useful lives by classification are as follows:

Land improvements	5–25 years
Buildings	10–40 years
Building service equipment	5–25 years
Equipment	4–20 years

#### Long-Lived Asset Impairment

DCHS routinely evaluates the carrying value of its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset, or related group of assets, may not be recoverable from estimated future undiscounted cash flows generated by the underlying tangible assets. When the carrying value of an asset exceeds the estimated recoverability, an asset impairment charge is recognized. The impairment tests are based on financial projections prepared by management that incorporate anticipated results from programs and initiatives being implemented and market value assessments of the assets. If the projections are not met, or if negative trends occur that impact the future outlook, the value of the long-lived assets may be impaired, which could be material.

## Daughters of Charity Health System

### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

DCHS recorded \$10,000,000 of impairment for the estimated non-recoverability of the building and select equipment at St. Vincent Medical Center. The amount of impairment was determined using a distressed revenue multiple, and was allocated using comparable prices for similar assets.

#### Goodwill and Intangible Assets

Goodwill is measured as of the effective date of a business acquisition as the excess of the aggregate of the fair value of consideration transferred over the fair value of the tangible and intangible assets acquired and liabilities assumed.

The changes in the carrying amount of goodwill are as follows (in thousands):

	<b>Year Ended June 30</b>	
	<b>2015</b>	<b>2014</b>
Beginning balance	\$ —	\$ 10,421
Addition from acquisition	—	2,955
Impairment	—	(13,376)
Ending balance	<u>\$ —</u>	<u>\$ —</u>

DCHS, through the DCHS Medical Foundation, acquired intangible assets and goodwill valued at \$3,251,000 as of June 30, 2014, as a result of various physician practice acquisitions during fiscal year 2014. No acquisitions were made during fiscal year 2015.

The goodwill impairment tests are based on financial projections prepared by management that incorporate anticipated results from programs and initiatives being implemented. If these projections are not met or if negative trends occur that impact outlook, the value of goodwill may be impaired. During the year ended June 30, 2014, management determined that all goodwill was impaired.

It is DCHS's policy to amortize intangible assets with a finite life over their useful lives.

#### Fair Value of Financial Instruments

The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, and due to/from government agencies approximate fair value. The fair value of investments is disclosed in Notes 4 and 8, and the fair value of debt is disclosed in Note 9.

### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

##### Medical Foundation

The DCHS Medical Foundation (Medical Foundation) was established in December 2011 and incorporated under the California Nonprofit Religious Corporation regulations as a not-for-profit corporation exempted from IRC Section 501(c)(3). The sole member of this corporation is DCHS, acting through its board of directors.

During the fiscal year ended June 30, 2014, the Medical Foundation acquired eight physician groups, comprising the physician groups tangible and intangible assets, respectively. The total purchase consideration for the year ended June 30, 2014, amounted to \$3,473,000, of which \$2,488,000 was paid in cash and the remaining balance of \$985,000 in notes payable in two installments of \$492,500 due in fiscal years 2015 and 2016, respectively. The majority of the purchase price was allocated to goodwill at June 30, 2014. These acquisition costs have been reflected in DCHS's consolidated financial statements as of June 30, 2014. No acquisitions were made during the fiscal year ended June 30, 2015.

##### Guarantees

In the normal course of its business, DCHS enters into various types of guarantees with counterparties in connection with asset sales and other transactions. DCHS also provides indemnifications against potential losses to certain parties involved in their bond financing. The indemnifications are ordinarily documented in standard contract terms. Generally, there are no stated or notional amounts included in these indemnifications, and the events or contingences triggering the obligations to indemnify are generally not expected to occur. There have been no claims, and none are expected to occur; therefore, it is not possible to develop an estimate of the maximum payout and fair value under these guarantees and indemnifications. DCHS has not recorded any liabilities in the consolidated financial statements as of June 30, 2015 and 2014, related to any guarantees or indemnification arrangements.

##### Self Insurance

DCHS is self-insured for hospital professional and general liabilities by a wholly-owned self-insured captive insurance company. The provisions for estimated hospital professional and general liability claims include estimates of the ultimate costs for both uninsured reported claims and claims incurred-but-not-reported (IBNR), in accordance with actuarial projections or paid claims lag models based on past experience. Such claim reserves are based on the best data

#### **2. Summary of Significant Accounting Policies (continued)**

available to DCHS; however, these estimates are subject to a significant degree of inherent variability. There is at least a reasonable possibility that a material change to the estimated reserves will occur in the near term. Such estimates are continually monitored and reviewed, and as reserves are adjusted, the differences are reflected in current operations. Management is of the opinion that the associated liabilities recognized in the accompanying consolidated financial statements are adequate to cover such claims.

DCHS has entered into reinsurance, stop loss, and excess policy agreements with independent insurance companies to limit its losses on hospital professional and general liability claims.

Hospital professional and general liabilities were \$13,161,000 and \$6,022,000, discounted at a rate of 4% and 3% as of June 30, 2015 and 2014, respectively. Management is not aware of any potential hospital professional and general liability claims whose settlement would have a material adverse effect on DCHS's consolidated financial position.

#### **Workers' Compensation Insurance**

DCHS is insured for workers' compensation claims with major independent insurance companies, subject to certain deductibles of \$500,000 per occurrence as of June 30, 2015 and 2014. Based on actuarially determined estimates, provisions have been made in the consolidated financial statements, with the current portion included within accrued liabilities and the non-current portion within workers' compensation and hospital professional and general liabilities, for all known claims and incurred but not reported claims as of June 30, 2015 and 2014. Workers' compensation liabilities were \$24,278,000 and \$26,115,000 discounted using a rate of 4% and 3%, as of June 30, 2015 and 2014, respectively. Estimation differences between actual payments and amounts recorded in previous years are recognized as expense in the year such amounts become determinable.

#### **Temporarily and Permanently Restricted Net Assets**

Temporarily restricted net assets are those for which use by DCHS has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by DCHS in perpetuity.

#### **2. Summary of Significant Accounting Policies (continued)**

##### **California Hospital Fee Program**

California legislation established a program in 2009 that imposes a Quality Assurance Fee (QA Fee) on certain general acute-care hospitals in order to make supplemental and grant payments and increased capitation payments (Supplemental Payments) to hospitals up to the aggregate upper payment limit for various periods. There have been four such programs (the “Programs”) since inception.

The Programs are designed to make supplemental inpatient and outpatient Medi-Cal payments to private hospitals, including additional payments for certain facilities that provide high-acuity care and trauma services to the Medi-Cal population. This hospital QA Fee program provides a mechanism for increasing payments to hospitals that serve Medi-Cal patients, with no impact on the state’s General Fund. Payments are made directly by the state or Medi-Cal managed care plans, which will receive increased capitation rates from the state in amounts equal to the Supplemental Payments. Outside of the legislation, the California Hospital Association has created a private program, operated by the California Health Foundation and Trust (CHFT), which was established to alleviate disparities potentially resulting from the implementation of the Programs.

The Programs require full federal approval (i.e., by the Centers for Medicare and Medicaid Services (CMS)) in order for them to be fully enacted. If final federal approval is not ultimately obtained, provisions in the underlying legislation allowed for the QA Fee, previously assessed, and Supplemental Payments, previously received, to be returned and recouped, respectively. As such, revenue and expense recognition is not allowed until full CMS approval was obtained.

In June 2012, the third program (30-Month Program), covering the period from July 2011 to December 2013, was amended to allow for the fee-for-service portion to be administered separately from the managed care portion. The fee-for-service portion of the 30-Month Program was approved in June 2012. In May and June 2013, 24 months of managed care payments were approved by CMS. In December 2014, the final six months of managed care payments were approved by CMS.

In October 2013, the fourth program (36-Month Program), covering the period from January 2014 to December 2016, was signed into law by the Governor of California. The fee-for-service payments of the 36-Month Program were approved in December 2014 by CMS. The first six months of non-expansion managed care payments were approved by CMS in June 2015.

#### **2. Summary of Significant Accounting Policies (continued)**

DCHS recognized payments to the California Department of Health Care Services for the QA fee in the amount of \$134,198,000 and \$33,411,000 and pledge payments to CHFT of \$2,282,000 and \$1,577,000 within purchased services and other expenses for the years ended June 30, 2015 and 2014, respectively. DCHS also recognized Supplemental Payment revenue in the amount of \$222,467,000 and \$49,606,000 pertaining to the 30-Month and 36-Month Programs within the net patient service revenues for the years ended June 30, 2015 and 2014, respectively.

#### **Meaningful Use Incentives**

The American Recovery and Reinvestment Act of 2009 established payments under the Medicare and Medi-Cal programs for certain professionals and hospitals that meaningfully use certified electronic health record (EHR) technology. The Medicare incentive payments are paid out to qualifying hospitals over four consecutive years on a transitional schedule. To qualify for Medi-Cal incentives, hospitals and physicians must annually meet EHR “meaningful use” criteria that become more stringent over three stages as determined by CMS. For the years ended June 30, 2015 and 2014, DCHS has recorded meaningful use incentive payments of \$7,947,000 and \$10,104,000, respectively. These incentive payments have been recorded as other operating revenue in the DCHS consolidated financial statements.

#### **Premium Revenue**

Certain entities of DCHS have at-risk agreements with various payers to provide medical services to enrollees. Under these agreements, DCHS receives monthly payments based on the number of enrollees, regardless of services actually performed by DCHS. DCHS accrues costs when services are rendered under these contracts, including estimates of IBNR claims and amounts receivable/payable under risk-sharing arrangements.

The IBNR accrual includes an estimate of the costs of services for which DCHS is responsible, including out-of-network services.

#### **Other Operating Revenue**

Included in other operating revenue are amounts from investments in health-related activities, rental income, cafeteria, and other nonpatient care revenue.

##### Contributions

Unconditional promises to give cash and other assets to DCHS are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets. Net assets released from restrictions used for operations are also included in other operating revenue as contribution revenue to the Hospitals.

##### Interest Expense

Interest expense on debt issued for construction projects, net of income earned on the funds held pending use, is capitalized from the date of the borrowing until the projects are placed in service. Interest components include the following (in thousands):

	<b>Year Ended June 30</b>	
	<b>2015</b>	<b>2014</b>
Total interest expense	\$ 23,215	\$ 19,930
Less: capitalized interest expense	(665)	(824)
Net interest expense	<u>\$ 22,550</u>	<u>\$ 19,106</u>

##### Income Taxes

DCHS has established its status as an organization exempt from income taxes under the Internal Revenue Code (IRC) Section 501(c) (3) and the laws of California. Certain activities of the operating entities of DCHS may be subject to income taxes; however, such activities are not significant to the consolidated financial statements.

##### Performance Indicator

Management considers the deficiency of revenues over expenses to be DCHS's performance indicator. Deficiency of revenues over expenses includes all changes in unrestricted net assets, except net assets released from restrictions used for purchase of property and equipment, the change in funded status of pension plans, and other.

##### **Transactions Between Related Organizations**

DCHS and various members of DCHS pay for sisters' services provided to it by its sponsoring congregation at amounts comparable to low-wage employees' salaries.

Certain Obligated Group members have a policy whereby assets are periodically transferred as charitable distributions to subsidiaries of DCHS that are not members of the Obligated Group. These transfers are accounted for as direct charges to the Obligated Group members' unrestricted net assets. It is anticipated that Obligated Group members will continue to make asset transfers to the subsidiaries. These transfers are eliminated upon consolidation.

##### **Asset Retirement Obligations (AROs)**

AROs are legal obligations associated with the retirement of long-lived assets. These liabilities are initially recorded at fair value, and the related asset retirement costs are capitalized by increasing the carrying amount of the related assets by the same amount as the liability. Asset retirement costs are subsequently depreciated over the useful lives of the related assets. Subsequent to initial recognition, DCHS records period-to-period changes in the ARO liability resulting from the passage of time. DCHS's ARO liabilities recorded in the consolidated financial statements at June 30, 2015 and 2014 were \$3,421,000 and \$3,227,000, respectively.

##### **Revenue Guarantees**

DCHS has agreements with physicians whereby minimum revenues are guaranteed by DCHS for stipulated dollar amounts over specified periods, as defined in the contracts. DCHS records a liability for the amount of the guaranteed revenue at the time the contract is entered into and adjusts the liability as it is expended. DCHS has recorded liabilities of \$746,000 and \$1,396,000 as of June 30, 2015 and 2014, respectively.

##### Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2015-07), which removes the requirement to categorize, within the fair value hierarchy, investments for which fair value is measured using the net asset value per share practical expedient. It also limits disclosures related to investments for which the entity has elected to measure the fair value using that practical expedient. The guidance is effective for DCHS as of July 1, 2016. The adoption of ASU 2015-07 is not expected to have a material impact on the consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-03, *Simplifying the Presentation of the Debt Issuance Costs* (ASU 2015-03), which changes the presentation of debt issuance costs in financial statements. Under ASU 2015-03, an entity presents such costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset, and amortization of the costs is reported as interest expense. The guidance is effective for DCHS as of July 1, 2016. The adoption of ASU 2015-03 is not expected to have a material impact on the consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers* (ASU 2014-09), which outlines a comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance, and requires significantly expanded disclosures about revenue recognition. The core principle of the revenue model is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance, as amended by ASU 2015-14, *Revenue From Contracts With Customers (Topic 106)*, is effective for DCHS as of July 1, 2018. Early adoption is not permitted; DCHS management is currently evaluating the impact on the consolidated financial statements and the options of adopting either a full retrospective or a modified approach.

In April 2014, the FASB issued ASU No. 2014-08, *Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity* (ASU 2014-08), which amends the definition of a discontinued operation in Accounting Standards Codification (ASC) 205-20, *Discontinued Operations*, and requires entities to disclose additional information about disposal

transactions that do not meet the discontinued operations criteria. The guidance is effective for DCHS as of July 1, 2015. DCHS is assessing the impact of the adoption of ASU 2014-08 on its consolidated financial statements.

### Notes to Consolidated Financial Statements (continued)

#### **3. Un-sponsored Community Benefit Expense (continued)**

##### **Benefits for the Poor**

Benefits for the poor include services provided to persons who cannot afford health care because of inadequate resources and/or who are uninsured or underinsured.

##### **Benefits for the Broader Community**

Benefits for the broader community include services and programs provided to other needy populations that may not qualify as poor, but that need special services and support. Examples include the elderly, substance abusers, victims of child abuse, and persons with acquired immune deficiency syndrome. They also include the cost of health promotion and education, health clinics and screenings, and medical research, which benefit the broader community.

##### **Traditional Charity Care**

Traditional charity care covers services provided to persons who cannot afford to pay and who meet DCHS's criteria for financial assistance. DCHS utilizes information obtained directly from patients as well as information from publicly available sources in determining charity care eligibility. The amounts above reflect the costs of these services (based on DCHS's relationship of costs to charges) before and after contributions and other revenues received as direct assistance for the provision of charity care. The amount of traditional charity care at cost was \$13,226,000 and \$21,768,000 for the years ended June 30, 2015 and 2014, respectively.

##### **Unpaid Costs of Public Programs – Medi-Cal**

Unpaid costs of public programs are the costs of treating indigent and Medi-Cal beneficiaries in excess of government payments. Cost is based on DCHS's relationship of costs to charges.

##### **Nonbilled Services**

Nonbilled services include the cost of services for which a patient is not billed or for which a nominal fee has been assessed. These are services that are not expected to be financially self-supporting. Examples are free clinic services and meal programs.

Education includes the unpaid cost of training health professionals, such as medical residents, nursing students, and students in allied health professions.

##### **Research**

Research includes the unpaid cost of testing medical equipment and controlled studies of therapeutic protocols.

##### **Other Benefits for the Broader Community Expenses**

Other benefits for the broader community expenses include low-or negative-margin services, which are services offered because of a need in the community. They do not include services offered because they create revenues elsewhere.

##### **Total Community Benefit Expense**

Total community benefit expense is the total cost of community benefits before direct offsetting revenue, donations, or other funds used to defray such costs.

##### **Un-sponsored Community Benefit Expense**

Un-sponsored community benefit expense is the total cost incurred after direct offsetting revenue, if any, from patients, donations, and other sources.

##### **Unpaid Costs of Medicare Program**

Unpaid costs of the Medicare program are the costs of treating Medicare beneficiaries in excess of government payments. Cost is based on DCHS's relationship of costs to charges.

#### 4. Fair Value Measurements

DCHS accounts for certain assets at fair value or on a basis that approximates fair value. A fair value hierarchy for valuation inputs has been established to prioritize the valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest-level input that is significant to the fair value measurement in its entirety. These levels are as follows:

- *Level 1* – Quoted prices are available in active markets for identical assets as of the measurement date. Financial assets in Level 1 include listed equities and money market balances.
- *Level 2* – Pricing inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Financial assets in this category generally include asset-backed securities, corporate bonds, municipal bonds, and commingled investment funds.
- *Level 3* – Pricing inputs are generally unobservable for the assets and include situations where there is little, if any, market activity for the investment. The inputs used in determination of fair value require management's judgment or estimation of assumptions that market participants would use in pricing the assets. Therefore, the fair values are determined using factors that involve judgment and interpretations, including discounted cash flow models and similar techniques. There were no Level 3 investments at June 30, 2015 and 2014.

#### 4. Fair Value Measurements (continued)

There were no transfers to or from Levels 1, 2 or 3 during the years presented. The Level 2 financial assets listed in fair value hierarchy tables above use the following valuation techniques and inputs:

DCHS participated in Ascension Health's pooled Catholic Healthcare Investment Management Company (CHIMCO) Alpha Fund, LLC, which is carried at fair value based on quoted market prices, quoted market prices for similar instruments, and observable and unobservable inputs. The pooled fund is composed of cash, equity securities (domestic and foreign), U.S. federal and corporate obligations, to be announced (TBA) mortgage-backed securities, asset-backed securities, and fixed-income securities and is designated as Level 2. Beginning January 1, 2014, DCHS moved all of its investments in the Alpha Fund to short-term liquid funds, such as cash and cash equivalents. As of September 2014, DCHS sold its investment in the Fund, and Ascension Investment Management no longer manages any funds on behalf of DCHS.

For marketable securities, such as foreign corporation and U.S. government debt securities, government and commercial mortgage-backed securities, TBA mortgage-backed securities, corporate U.S. debt securities, index funds, and beneficial interest held in trust accounts, wherein identical quoted market prices are not readily available, the fair value of such investments is determined based on market participant pricing or other available market data for comparable instruments and transactions at the measurement date. DCHS, therefore, incorporates industry-standard valuation techniques as inputs to fair valuation of its investments designated as Level 2.

DCHS's rationale for the assignment of levels is based on types or classes of financial assets, rather than an analysis of each individual asset. Key consideration in the assignment of levels was given to the determination of a security's fair valuation measurement if obtained from an active market, and then further consideration was given for the types of inputs used to evaluate the fair value price. This approach has been supported by management's analysis of the methodology, the evaluated pricing models, and inputs used by its pricing vendors. It is also consistent with industry practice.

### Notes to Consolidated Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

Where quoted prices are available in an active market (exchange-traded), the securities are classified as Level 1. It is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. If quoted market prices are not readily available for a specific financial asset, then value is determined using quoted prices of assets with similar characteristics and is classified as Level 2. Examples of these categories are DCHS's investment in high-yield debt securities, collateralized mortgage obligations, and fixed-income prices provided by a broker-dealer. In cases where there is limited activity and less transparency associated with inputs to the valuation, DCHS will designate the investments as Level 3.

Included within the assets above are investments in certain securities that report fair value, using a calculated Net Asset Value (NAV) or its equivalent. The following table and explanations identify attributes relating to the nature and risk of such investments (in thousands):

	June 30, 2014		
	Fair Value	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
<b>Level 2</b>			
Pooled funds – short-term (1)	\$ 921	Daily	1–3 days
Pooled funds – long-term (1)	26,881	Daily	1–3 days
Total pooled funds	<u>\$ 27,802</u>		

- (1) This category includes investments in CHIMCO Alpha Fund and is mainly invested in U.S. government, state, municipal, and agency obligations; corporate- and foreign government-fixed maturities; and U.S. government and corporate asset-backed securities.

The investments included above are not expected to be sold at amounts that are different from their NAV. There were no unfunded commitments at June 30, 2015 and 2014.

#### *Investment Held in Trust Accounts*

DCHS is the beneficiary of a split-interest agreement from a donor. The related assets are controlled and invested by an independent third party. DCHS records the assets for its share when formal written or other verifiable documentation is received. DCHS's share of the assets is based on the present value of the estimated future distributions to be received by DCHS over the term of the agreement. The agreements are carried at fair value based on the underlying assets. DCHS used 2.0% discount rate to value split-interest agreements at June 30, 2015.

##### *Receivables Under Repurchase Agreements*

DCHS participates in a repurchase agreement with a custodian, whereby DCHS lends cash from a bond reserve fund to a third party on a short-term basis. The loans are secured by collateral, consisting of various investments that equal the amount of the cash loaned. DCHS is paid a fixed rate of return of 4.6% for the amounts loaned. Interest is accrued monthly and paid semi-annually. The amounts of the receivables under repurchase agreements were \$23,871,000 and \$24,133,000 at June 30, 2015 and 2014, respectively, and are included in assets limited as to use under bond indenture agreements. The loans remained in place until the termination date, which was July 1, 2015, at which time these funds were reinvested in other securities.

#### **8. Pension and Other Postretirement Benefit Plans**

DCHS maintains a single employer defined benefit retirement plan and participates in a multi-employer defined benefit retirement plan. The plans have been frozen for all employees, except members of the California Nurses Association (CNA). Benefits are generally based on age, years of service, and employee compensation. DCHS also offers postretirement health care benefits to a limited number of its employees. The postretirement health care benefits are determined based on age and years of service.

The first retirement plan is a multiemployer defined benefit pension plan called Retirement Plan for Hospital Employees (RPHE). The entities that participate in the RPHE are Seton Medical Center, Seton Medical Center Coastsides, O'Connor Hospital, Saint Louise Regional Hospital, and Caritas Business Services (however, as noted above, only CNA members at these locations earn new benefits under the plan). Benefits are generally based on years of service and the employee's compensation. Contributions to the plan are based on actuarially determined amounts sufficient to meet the benefits to be paid to plan participants and satisfy IRS funding requirements. DCHS contributed cash of \$14,495,000 and \$14,788,000 to the RPHE during the fiscal years ended June 30, 2015 and 2014, respectively.

The second retirement plan is a single-employer defined benefit pension plan (the DCHS Retirement Plan). DCHS associates at St. Francis Medical Center, St. Vincent Medical Center, O'Connor Hospital, Saint Louise Regional Hospital and the system office are eligible to participate in this plan (however, as noted above, only CNA members continue to earn new benefits under the plan). DCHS contributed \$18,479,000 and \$19,333,000 to the DCHS Retirement Plan during the fiscal years ended June 30, 2015 and 2014, respectively.

DCHS also maintains a retiree health insurance program (the Postretirement Healthcare Plan) which provides medical benefits to retirees from early retirement to age 65 only. DCHS employees at O'Connor Hospital, St. Louise Regional Hospital, Seton Medical Center, and Seton Medical Center Coastsides are eligible to participate in this plan. The Postretirement Healthcare Plan is an unfunded plan. DCHS contributed \$98,000 and \$114,000 to the Postretirement Healthcare Plan during the fiscal years ended June 30, 2015 and 2014, respectively.

##### Assumptions

The weighted-average assumptions used to determine benefit obligations and net period benefit costs, are as follows:

	June 30, 2015		June 30, 2014	
	DCHS Retirement Plan	Postretirement Healthcare Plan	DCHS Retirement Plan	Postretirement Healthcare Plan
Weighted-average assumptions used to determine benefit obligations:				
Discount rate	4.80%	4.55%	4.70%	4.40%
Rate of compensation increase	2.50%	N/A	3.50	N/A
Weighted-average assumptions used to determine net periodic benefit costs:				
Discount rate	4.70%	4.40%	5.20%	4.89%
Expected return on plan assets	7.25%	N/A	7.25	N/A
Rate of compensation increase	3.50%	N/A	3.50	N/A

##### Expected Return on Plan Assets

The DCHS Retirement Plan's estimated long-term rate of return on pension assets is driven primarily by historical asset-class returns, an assessment of expected future performance, advice from external actuarial firms, and the incorporation of specific asset-class risk factors. Asset allocations are periodically updated using pension plan asset/liabilities studies, and DCHS's estimated long-term rates of return are consistent with these studies. The DCHS Retirement Plan portfolio return assumption is 7.00% and 7.25% at June 30, 2015 and 2014, respectively.

##### Discount Rate

The discount rate assumptions used to determine the postretirement benefit plan obligations and expenses reflect the prevailing rate available on high-quality, fixed-income debt instruments. The rate was based on cash flow analysis that matched estimated future benefit payments to the bond discount yield curve as of June 30, 2015 and 2014.

As of June 30, 2015, \$1,587,000 of the plan's cash balance was held in a separate non-interest-bearing cash account for the purpose of claims disbursement by the plan's administrator.

DCHS's investment strategy for the assets of the DCHS Retirement Plan is designed to preserve principal while earning returns relative to the overall market consistent with a prudent level of risk. The strategy balances the liquidity needs of the DCHS Retirement Plan with the long-term return goals necessary to satisfy future obligations. The target asset allocation is diversified across traditional asset classes. Diversification is also achieved through participation in U.S. and non-U.S. markets, investment manager style, philosophy, and capitalization. The complementary investment styles and approaches used by investment managers are aimed at reducing volatility while capturing the equity premium from the capital markets over the long-term. Risk tolerance is established through consideration of plan liabilities, plan funded status, and DCHS's consolidated financial condition. Consistent with DCHS's fiduciary responsibilities, the fixed-income allocation generally provides for security of principal to meet near-term expenses and obligations. Periodic reviews of the market values and corresponding asset allocation percentages are performed to determine whether a rebalancing of the portfolio is necessary.

Since March 1, 2011, participant benefits were frozen for the non-contractual employees of the two participating affiliates in the Retirement Plan for Hospital Employees. Beginning January 1, 2013 participant benefits were frozen for all Service Employees International Union (SEIU) employees. Certain affiliates will continue to make periodic contributions as needed for eligible participants.

The contributions for the multiemployer plan were approximately 45% and 43% of the total contributions to the plans for June 30, 2015 and 2014, respectively. There are no minimum contributions required for future periods by the collective-bargaining agreements, statutory obligations, or other contractual obligations for both plans.

The risks of participating in multiemployer plans are different from single-employer plans in the following aspects: (i) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers; (ii) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; and (iii) if the affiliates choose to stop participating in the multiemployer plan, the affiliates may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

##### **Obligated Group**

DCHS and the local health ministries identified in Note 1 are the members of the Obligated Group established pursuant to a Master Trust Indenture dated December 1, 2001 (the Master Indenture), with U.S. Bank, National Association, as master trustee (the Master Trustee). DCHS and such local health ministries collectively are referred to as the Obligated Group or as “Members,” and each individually is sometimes referred to herein as a “Member.” The Obligated Group is jointly and severally liable for the debt outstanding under the Master Indenture.

The Series 2005 Bonds (the Revenue Bonds) are a limited obligation of California Statewide Communities Development Authority and are payable solely from payments made by the Obligated Group. Payment of principal and interest on the Revenue Bonds is secured by the property and equipment of each Member of the Obligated Group. Each of the Obligated Group Members has executed one or more deeds of trust pursuant to which the respective Obligated Group Member has granted to the trustee hereunder, as trustee for the benefit of the Master Trustee, a first lien on, and security interest in, the Hospitals and other parcels of property owned by such Obligated Group Members, subject to permitted liens, as security for the performance of the Obligated Group Members’ obligations under the Master Indenture. Additionally, each of the Obligated Group Members has created a gross revenue fund with its depository bank to further secure its gross revenues for the benefit of the Master Trustee.

The Obligated Group’s financing agreements contain restrictive covenants, including maintenance of a debt ratio, limitations on the amount of any additional borrowings, and limitations on the disposal or transfer of assets to nonobligated group members. Additionally, the financing agreements require that funds are established with, and controlled by, a trustee during the period the bonds remain outstanding. The Obligated Group has complied with such financial covenants and restrictions at June 30, 2015.

##### **Loan Forgiveness and Contributions To Pay Off Debts**

On September 12, 2013, The Daughters of Charity Foundation (DOCF), an organization separate and independent from DCHS, unconditionally forgave the line of credit that was owed by DCHS to DOCF, amounting to \$12,408,000 as of that date. This balance was part of DCHS’ notes payable to DOCF payable in monthly installments through 2032.

#### **9. Debt (continued)**

In October 2013, DOCF made a restricted donation of \$130,000,000 for the benefit of DCHS by depositing sufficient funds with the bond trustee to redeem the \$143,655,000 principal amount of the California Statewide Development Authority Revenue Bonds Series 2008A Bonds. The Series 2008A Bonds were redeemed at par on October 25, 2013. The Series 2008A Bonds included a debt service reserve fund of \$13,655,000, which was released as part of the redemption.

DCHS recognized the contributions made by DOCF aggregating \$130,000,000 as contribution revenue on the consolidated statement of operations and changes in net assets for the year ended June 30, 2014.

#### **Short-Term Debt**

On July 30, 2014, DCHS borrowed \$110,000,000 from the California Statewide Communication Development Authority (CSCDA) in two series of bonds: the \$100,000,000 CSCDA Revenue Bonds (Daughters of Charity Health System) Series 2014A (the “2014 Series A Bonds”) and the \$10,000,000 CSCDA Revenue Bonds (Daughters of Charity Health System) Series 2014 B (the “2014 Series B Bonds”). On August 28, 2014, DCHS borrowed an additional \$15,000,000 from the CSCDA pursuant to the \$15,000,000 CSCDA Revenue Bonds (Daughters of Charity Health System) Series 2014C (the “2014 Series C Bonds”) (collectively, the “Series 2014 Bonds”). The Series 2014 Bonds are supported by obligations issued pursuant to the DCHS Master Trust Indenture dated as of December 1, 2001.

The Series 2014 Bonds are secured by: (1) a first priority lien on the accounts receivable of St. Francis Medical Center, St. Vincent Medical Center, O’Connor Hospital, Saint Louise Regional Hospital, Seton Medical Center and Seton Coastside as a division of Seton Medical Center; and (2) first priority Deeds of Trust and related subordination agreements with the master trustee on certain property of St. Francis Medical Center and Saint Louise Regional Hospital (collectively, the 2014 Priority Assets). The Master Trustee has subordinated its interest in the 2014 Priority Assets to the Series 2014 Bond trustee. The Series 2014 Bonds are also secured by a parity lien under the master indenture.

The Series 2014 Bonds had an initial maturity date of July 10, 2015. That maturity date has been extended to December 15, 2015, and the Series 2014 Bonds are recorded as short-term debt on the DCHS consolidated balance sheets. Interest accrues at the rate of 6% and is paid on a monthly basis. The total proceeds of the Series 2014 Bonds have been deposited with the trustee,

with funds made available to DCHS subject to the satisfaction of certain conditions. On June 29, 2015, debt redemption was made in the amount of \$1,145,000 which reduced the outstanding principal balance to \$123,855,000 as of June 30, 2015. DCHS has drawn down \$47,600,000 of funds from the Series 2014 Bonds, excluding the debt redemption of \$1,145,000 as of June 30, 2015.

#### Fair Values

The fair value of debt is estimated based on the quoted market prices for the same or similar issues or on the current rates offered for debt of the same remaining maturities. The estimated fair values of the DCHS's debt instruments as of June 30, 2015 and 2014, are \$393,704,000 and \$277,294,000, respectively, and are valued using Level 2 inputs. The reported fair value of DCHS's debt instrument excludes the full value of an irrevocable principal pre-payment of \$5,795,000 and \$5,510,000 made as of June 30, 2015 and 2014, respectively. The fair value amounts do not represent the amount that would be required to expend to retire the indebtedness.

#### 10. Temporarily and Permanently Restricted Net Assets

Temporarily and permanently restricted net assets are available for the following purposes (in thousands):

#### **10. Temporarily and Permanently Restricted Net Assets (continued)**

Research and education relate to assets held by DCHS, which are restricted by donors or grantors to be used in specific research or education programs.

Charity and other relate mainly to assets held by DCHS, which are restricted by donors or grantors to be used in specific health care programs for charity care and other medical and patient services.

Permanently restricted net assets of \$8,207,000 and \$9,154,000 at June 30, 2015 and 2014, respectively, are restricted to investments to be held in perpetuity, with the income expendable to support DCHS's mission.

#### **Endowments**

DCHS and five of its consolidated charitable foundations follow the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA eliminates the concept of "historic dollar value" and allows an institution to spend or accumulate as the board determines is prudent for the uses, benefits, purposes, and duration of the endowment fund unless the gift instrument states a particular spending rate or formula. California's version of UPMIFA also includes a rebuttable provision that spending greater than 7% of the average fair market value (calculated at least quarterly over a minimal period of three years) is presumed to be imprudent.

In accordance with UPMIFA, DCHS considers the following factors when appropriating or accumulating an endowment fund: (i) general economic conditions, (ii) effects of inflation and deflation, (iii) the purposes of the institution and the endowment fund, (iv) expected total return from income and appreciation of investments, (v) DCHS's other resources, (vi) the duration and preservation of the endowment fund, and (vii) DCHS's investment policies.

From time to time, the fair value of assets associated with individual endowment funds may fall below the level that the donor or UPMIFA requires DCHS to retain as a fund of perpetual duration. Deficiencies of this nature that are reported in unrestricted net assets were not material as of June 30, 2015 and 2014. These deficiencies resulted from unfavorable investment market fluctuations.

## Daughters of Charity Health System

### Notes to Consolidated Financial Statements (continued)

#### 10. Temporarily and Permanently Restricted Net Assets (continued)

DCHS has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under these policies, as approved by the boards of trustees of the charitable foundations, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results while assuming a moderate level of investment risk.

To satisfy its long-term rate-of-return objectives, DCHS relies on a balanced investment strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). DCHS targets a diversified asset allocation that places a great emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The endowment net asset composition by type of fund consists of the following (in thousands):

<b>June 30, 2015</b>				
	<b>Unrestricted</b>	<b>Temporarily Restricted</b>	<b>Permanently Restricted</b>	<b>Total</b>

##### Standby Letter of Credit

Marillac, a subsidiary of DCHS, pledged \$25,850,000 of its assets as of June 30, 2015 and 2014, to support a standby letter of credit in favor of Old Republic Insurance Company (ORIC), one of the parent’s insurers.

##### Litigation

Certain entities of DCHS are defendants in various actions arising from their health care service activities. It is the opinion of management, after consulting with legal counsel, that such actions will not have a material adverse effect on DCHS’s consolidated financial position or results of operations as of June 30, 2015. Therefore, based on the information provided by its legal counsel, DCHS has accrued \$1,369,000 and \$1,515,000 as of June 30, 2015 and 2014, respectively, which were related to certain of these actions. DCHS evaluates recoveries from insurance coverage separately from its liability, and when appropriate, an asset is recorded separately from the associated liability.

#### **11. Commitments and Contingent Liabilities (continued)**

As part of its ongoing compliance program, DCHS routinely reviews arrangements between physicians and its hospitals. In September and October 2013, DCHS made a voluntary self-disclosure to the federal government (in accordance with federal self-disclosure guidelines) related to certain financial arrangements between physicians and one of its hospitals, Seton Medical Center (SMC), that might constitute potential violations of federal regulatory standards. Pursuant to a settlement agreement entered into by SMC with CMS, effective as of November 6, 2015, SMC paid to CMS the sum of \$815,000, and CMS agreed to release SMC from administrative liabilities and claims under section 1877(g)(1) of the Social Security Act relating to the matters addressed in the voluntary self-disclosure.

DCHS and certain other entities and individuals have been named as defendants in a punitive class action complaint under ERISA. The complaint alleges that DCHS's Retirement plan, a defined benefit "church plan" exempt from ERISA, is not a "church plan" and seeks orders, among other relief, requiring the plan to be brought into compliance with ERISA's minimum funding, reporting, and other administrative requirements. The proceeding is in its initial stage and is stayed through December 15, 2015. At this time, management cannot accurately estimate the amounts of any payments or settlements that might result, or if additional related issues will arise. There can be no guarantee that any resulting payments or settlements will not have a material adverse impact on DCHS's consolidated financial position or results of operations.

DCHS is a named defendant in a breach of contract, unjust enrichment, and declaratory relief complaint filed by Prime Healthcare Services, Inc. and Prime Healthcare Foundation, Inc. and captioned Prime Healthcare Services, Inc., et al., vs. Blue Mountain Management Capital, et al., in the Superior Court of California, County of San Bernardino, San Bernardino Justice Center. The complaint alleges that DCHS and the other defendants materially breached the Definitive Agreement entered into between Prime Healthcare Services, Inc., Prime Healthcare Foundation, Inc. and DCHS in October 2014 and that the defendants also unjustly enriched themselves at the Plaintiff's expense and seeks, among other relief, \$135 million in damages. At this time, management cannot accurately estimate the amounts of any payments or settlements that might result, or if additional related issues will arise. There can be no guarantee that any resulting payments or settlements will not have a material adverse impact on DCHS's consolidated financial position or results of operations.

##### **Laws and Regulations**

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. These laws and regulations include, but are not necessarily limited to, matters, such as licensure, accreditation, government health care program participation requirements, reimbursement laws and regulations, anti-referral laws, and false claims prohibitions. In recent years, government activity has increased with respect to investigations and allegations concerning possible violations of reimbursement, false claims, and anti-referral statutes and regulations by health care providers. Certain entities of DCHS are subject to such laws and regulations and to governmental investigations, whistle-blower lawsuits, and other legal proceedings concerning such laws and regulations. Violations of these laws and regulations could result in expulsion from government health care programs, as well as imposition of significant fines and penalties and significant repayments for patient services previously reimbursed.

DCHS had 6,937 employees as of June 30, 2015, of whom just over 5,569 are full-time employees. Approximately 72% of these employees are employed by DCHS entities and are represented by collective bargaining units. Majority of the employees are represented by collective bargaining agreements with Service Employees International Union (SEIU) and California Nurses Association (CNA). The agreement with SEIU, representing 37% of these employees, will expire on November 30, 2015, and the agreement with CNA, representing 22% of these employees, will expire on April 30, 2016. These contracts are currently in the process of being negotiated. Employee strikes or other adverse labor actions may have a material adverse impact on DCHS's consolidated financial position or results of operations.

##### Seismic Standards

DCHS assessed its earthquake retrofit requirements for health care facilities under a state of California law (SB90) that can allow a delay of up to seven years from the January 1, 2013, deadline for Structural Performance Category 1 (SPC-1) retrofits. This affects six buildings at three of DCHS's hospitals. The previously reported seventh building, the St. Vincent Medical Center Central Plant, has been upgraded to SPC-2 status. Extensions have been approved by the Office of Statewide Health Planning and Development as follows:

St. Vincent Medical Center Main Hospital must meet SP-2 standards by January 1, 2019. St. Vincent Medical Center Doheny Wing must meet SP-2 standards by July 1, 2019.

O'Connor Hospital 1953 Building must meet SPC-2 standards by July 1, 2019. O'Connor Hospital 1953 Boiler Plant/Laundry must meet SPC-2 standards by January 1, 2019.

Seton Medical Center Main Tower and Seton Medical Center Front Wing must meet SP-2 standards by July 1, 2019.

### Notes to Consolidated Financial Statements (continued)

#### **12. Subsequent Events**

DCHS has evaluated subsequent events and disclosed all material events through November 16, 2015, which is the date these consolidated financial statements of DCHS were issued.

#### **Sale Announcement**

On July 17, 2015, Parent and Ministry Services executed the System Restructuring and Support Agreement (System Agreement) to change the governance of and recapitalize Parent and the other entities comprising DCHS in partnership with certain funds managed by Blue Mountain Capital Management LLC (with its affiliates, “Blue Mountain”) and Blue Mountain’s subsidiary, Integrity Healthcare, Inc. (Integrity) (collectively, the “Transaction”). Under the System Agreement, a new, independent board will replace the existing members of the board of directors of Parent. Parent and its subsidiaries will be converted from religious corporations to public benefit corporations, the name of Parent will be changed to Verity Health System, and the Daughters of Charity will cease to sponsor DCHS. It is expected that Parent and its nonprofit subsidiaries will continue to be organizations described in Section 501(c) (3) of the Internal Revenue Code, based on a determination by the Internal Revenue Service and a group ruling, applications for which are pending. Blue Mountain will provide DCHS with \$100,000,000 of funding in exchange for the lease of IT assets and purchase options to acquire the assets of DCHS exercisable between the third and fifteenth years after the closing of the Transaction. In addition, Blue Mountain and certain affiliated lenders have committed to provide DCHS with a senior secured line of credit of not less than \$150,000,000 and not exceeding \$160,000,000. DCHS intends to apply a portion of the proceeds of the line of credit at closing to, among other uses, repay in full the Series 2014 Bonds. The balance of the funds available under the line of credit and the proceeds of the acquisition price of the purchase options and IT assets lease are intended to provide DCHS with substantial new operating liquidity. At closing of the Transaction, Integrity and the Verity Health System will enter into an agreement under which Integrity will provide executive management services to Verity Health System under the direction of Verity Health System’s independent board. After closing of the Transaction, Verity Health System and the other entities comprising the health system will be non-profit, tax-exempt California public benefit corporations. Verity Health System shall continue to hold all of DCHS’s existing liabilities, including pensions and the Series 2005 Bonds, which will remain outstanding and payable in accordance with their terms. There will be no change in the composition of the Obligated Group. The Transaction is subject to regulatory approval and, accordingly, there can be no assurance that the Transaction will be consummated.

**12. Subsequent Events (continued)**

In the event that the Transaction does not close, the Board of DCHS will consider all alternatives, which may include seeking alternative transactions, closure of facilities, and use of bankruptcy proceedings to accomplish alternatives.

## Report of Independent Auditors

The Board of Directors  
Verity Health System of California, Inc.

We have audited the accompanying consolidated financial statements of Verity Health System of California, Inc., which comprise the consolidated balance sheets as of June 30, 2016 and 2015, and the related consolidated statements of operations and changes in net (deficit) assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Marillac Insurance Company, Ltd. (Marillac), a wholly-owned subsidiary, which statements reflect total assets constituting 7.40% as of June 30, 2016, and 6.81% as of June 30, 2015, and total revenues constituting 1.00% in 2016 and 0.88% in 2015 of the related consolidated totals. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Marillac, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, based on our audits and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Verity Health System of California, Inc. at June 30, 2016 and 2015, and the consolidated results of its operations and changes in net (deficit) assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

**1. Organization**

Verity Health System of California, Inc., a California nonprofit public benefit corporation (Parent) (formerly named Daughters of Charity Health System) is the sole corporate member of five California nonprofit public benefit corporations that operate five acute care hospitals and other facilities (the Hospitals, see list below) in the state of California. The Parent and the following affiliated entities (collectively, Verity Health System or VHS) operate as a nonprofit health care system in the state of California, with approximately 1,680 licensed acute care and skilled nursing beds.

Verity Health System consists of Parent\* and the following:

**1. Organization (continued)**

On July 17, 2015, Daughters of Charity Ministry Services Corporation, the Parent managed by Blue Mountain Capital Management, LLC (Blue Mountain), and Integrity Healthcare, LLC entered into a System Restructuring and Support Agreement (the Restructuring Agreement) to change the governance of and recapitalize the Parent and certain of its subsidiaries. Under the Restructuring Agreement, the Parent and other members of the Obligated Group were converted from religious corporations to public benefit corporations. In exchange for options to acquire the assets of Verity Health System, Blue Mountain agreed to provide \$100,000,000 in funding to the Parent and a commitment to provide additional debt financing at the option of the Corporation. Of the \$100,000,000, \$27,559,000 was recorded as deferred revenue for the value of the option to purchase the real estate and operating assets of VHS and \$72,441,000 was recorded as a restricted contribution to be released pursuant to the terms of the Restructuring Agreement. After approval was obtained from the California Attorney General's office, the transactions contemplated by the Restructuring Agreement closed on December 14, 2015. Effective upon the closing of the transaction, the Parent's board of directors resigned and Daughters of Charity Ministry Services Corporation, acting as sole corporate member of the Parent, appointed an independent board of the Parent and amended the bylaws of the Parent to eliminate the corporate membership rights of Daughters of Charity Ministry Services Corporation as sole corporate member of the Parent and to convert the Parent into a nonprofit corporation without members. The name of the Parent has been amended to be Verity Health System of California, Inc. The Parent and all of its nonprofit corporate affiliates that were not previously public benefit corporations changed status from religious corporations to public benefit corporations under the California Nonprofit Corporation Law.

Verity Health System established an Obligated Group (see listing of entities included in the Obligated Group above) to access the capital markets. Obligated Group members are jointly and severally liable for the long-term debt outstanding under the Bond Master Indenture.

**2. Summary of Significant Accounting Policies (continued)**

**Use of Estimates**

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. VHS considers critical accounting policies to be those that require more significant judgments and estimates in the preparation of its consolidated financial statements, including the following: recognition of net patient service revenue, which includes contractual allowances and discounts; provisions for doubtful accounts and charity care; and assumptions for measurement of pension and other postretirement liabilities. Management bases its estimates on historical experience and various other assumptions that it believes are reasonable under the particular facts and circumstances. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

Cash and cash equivalents consist primarily of cash and highly liquid marketable securities with original maturities, at the time of purchase, of three months or less.

**Patient Accounts Receivable, Allowance for Doubtful Accounts, and Net Patient Service Revenue**

Patient accounts receivable and net patient service revenue are reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated settlements under reimbursement agreements with third-party payers. Settlements with third-party payers are accrued on an estimated basis in the period in which the related services are rendered and are adjusted in future periods as final settlements are determined.

VHS manages the receivables by regularly reviewing its patient accounts and contracts and by providing appropriate allowances for uncollectible amounts. These allowances are estimated based upon an evaluation of historical payments, negotiated contracts, and governmental reimbursements. Adjustments and changes in estimates are recorded in the period in which they are determined. The allowance for doubtful accounts for self-pay patients was 49% and 46% of self-pay accounts receivable at June 30, 2016 and 2015, respectively. This percentage does not include the portion of self-pay that is reserved in contractual allowance as self-pay accounts receivable are reserved between allowance for doubtful accounts and contractual allowance.

**2. Summary of Significant Accounting Policies (continued)**

Patient service revenues, net of contractual allowances and discounts, are as follows (in thousands):

	<b>Year Ended June 30</b>	
	<b>2016</b>	<b>2015</b>
Government	\$ 780,884	\$ 881,274
Contracted	332,686	380,068
Self-pay and others	48,109	53,808
Net patient service revenue	1,161,679	1,315,150
Less: Provision for doubtful accounts	(26,734)	(31,903)
Net patient service revenue less provision for doubtful accounts	<u>\$ 1,134,945</u>	<u>\$ 1,283,247</u>

Significant concentrations of net patient accounts receivable are as follows:

	<b>June 30</b>	
	<b>2016</b>	<b>2015</b>
HMO/PPO/Commercial	42%	36%
Medicare	29	32
Medi-Cal	28	29
Other	1	3
Total	<u>100%</u>	<u>100%</u>

Inpatient acute care services, outpatient services, and skilled nursing services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Certain inpatient non-acute services and defined capital and medical education costs related to Medicare beneficiaries are paid using a cost reimbursement methodology.

Health care services are provided free of charge or at a significant discount based on a sliding scale to individuals who meet certain financial criteria. VHS makes every effort to determine if a patient qualifies for charity care upon admission. If a patient is determined to qualify for charity

care, services are rendered to the patient free of cost. The costs of providing these services are included in unsponsored community benefit expense and included in net patient service revenue in the consolidated statement of operations. The amount of charity care at cost was \$13,981,000 and \$13,226,000 for the years ended June 30, 2016 and 2015, respectively.

After satisfaction of amounts due from insurance and the application of financial discounts to patients' balances, and after exhausting all reasonable efforts to collect from the patients, a significant portion of VHS's uninsured and self-pay patient accounts are referred to the third-party agencies based on VHS's established guidelines for further collection activities. As a result, VHS records a significant provision for doubtful accounts related to these uninsured patients in the period the services are rendered.

Payments from Medi-Cal and contracted-rate payers are based on a per-diem, per-discharge, modified cost, or capitated basis or a combination of these.

Adjustments for the finalization of prior year cost reports from both Medicare and Medi-Cal resulted in an increase to patient service revenues of \$5,613,000 and \$5,176,000, for the years ended June 30, 2016 and 2015, respectively. Additionally, as a result of recent finalized cost reports, management determined that certain allocated reserves related to open prior year Medicare cost reports were no longer necessary, which resulted in a gain of \$15,069,000 for the year ended June 30, 2015. St. Francis Medical Center qualified for and received Medi-Cal funding as a disproportionate-share hospital from the state of California under Senate Bill (SB) 855. Related revenues were \$27,029,000 and \$27,143,000, for the years ended June 30, 2016 and 2015, respectively, and are included in net patient service revenue. Amounts to be received in future years, if any, are subject to annual determination.

The St. Francis Medical Center also received funding for Medi-Cal disproportionate-share hospitals under SB 1255. These SB 1255 funds are paid from the Emergency Services and Supplemental Payments Fund. Related revenues were \$7,908,000 and \$8,413,000, for the years ended June 30, 2016 and 2015, respectively, and are included in net patient service revenue. This funding must be applied for and approved each year.

The St. Francis Medical Center also qualifies for Medi-Cal funding as a disproportionate-share hospital from the state of California under SB 1732. This SB 1732 program permits health care facilities servicing a disproportionate share of Medi-Cal patients to receive supplemental

reimbursement for a portion of their debt service for qualified capital projects. St. Francis Medical Center has an amendment to its Medi-Cal contract, which was executed on June 19, 1993, for reimbursement related to the St. Francis Medical Center Health Services Pavilion, which was completed in 1991. Related revenues were \$2,220,000 and \$2,570,000, for the years ended June 30, 2016 and 2015, respectively, and are included in net patient service revenue.

As part of VHS's mission to serve the community, VHS provides care to patients even though they may lack adequate insurance or may participate in programs that do not pay full charges. Reserves for charity care and uncollectible amounts have been established and are netted against patient accounts receivable in the consolidated balance sheets.

**Industry Concentration**

The receipt of future revenues by VHS is subject to, among other factors, federal and state policies affecting the health care industry. There are future revenue uncertainties that may require that costs be controlled, which will be subject to the capability of management; future economic conditions, which may include an inability to control expenses in periods of inflation; increased competition; and other conditions, which are impossible to predict.

**Inventories**

Inventories consist of supplies and are stated at the lower of cost or market value, which is determined using the first-in, first-out method. Inventories are reviewed for obsolescence on a periodic basis. Amounts are included in other current assets.

**Assets Limited as to Use**

Assets limited as to use represent assets designated by the board of directors for future capital improvements, other specific purposes for Marillac over which the board of directors retains control, assets held by trustees under bond indenture agreements, and investments restricted by donors. The board of directors has the full ability to utilize the Marillac assets limited as to use to satisfy the needs of on-going operations, as necessary. Investment income or loss is included in deficiency of revenues over expenses, unless the income or loss is restricted by donor or law. The assets are reflected in the assets limited as to use line item in the consolidated balance sheets.

**2. Summary of Significant Accounting Policies (continued)**

**Investments**

Investments received through gifts are recorded at estimated fair value at the date of donation. Gains and losses that result from market fluctuations are recognized in the period that such fluctuations occur. Realized gains or losses resulting from sales or maturities are calculated on an adjusted-cost basis. Adjusted-cost is the original cost of the security adjusted for any purchases or sales during the year. Dividend and interest income are accrued when earned.

Investment income includes the following (in thousands):

	<b>Year Ended June 30</b>	
	<b>2016</b>	<b>2015</b>
Interest and dividends	\$ 867	\$ 3,362
Investment fees	(208)	(213)
Unrealized gain (loss) on investments – net	848	(936)
Net realized gain on sales of securities	555	1,660
	<b>2,062</b>	<b>3,873</b>
Amounts included in changes in restricted net assets	(12)	3
Investment income	<b>\$ 2,050</b>	<b>\$ 3,876</b>

**Property and Equipment**

Property and equipment are stated at cost if purchased, and at fair market value if donated. Depreciation of property and equipment is calculated using a half-year convention and the straight-line method for financial statement purposes. Estimated useful lives by classification are as follows:

Land improvements	5–25 years
Buildings	10–40 years
Building service equipment	5–25 years
Equipment	4–20 years

**2. Summary of Significant Accounting Policies (continued)**

**Long-Lived Asset Impairment**

VHS routinely evaluates the carrying value of its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset, or related group of assets, may not be recoverable from estimated future undiscounted cash flows generated by the underlying tangible assets. When the carrying value of an asset exceeds the estimated recoverability, an asset impairment charge is recognized. The impairment tests are based on financial projections prepared by management that incorporate anticipated results from programs and initiatives being implemented and market value assessments of the assets. If the projections are not met, or if negative trends occur that impact the future outlook, the value of the long-lived assets may be impaired, which could be material.

In fiscal year 2015, VHS recorded \$10,000,000 of impairment for the estimated non-recoverability of the building and select equipment at St. Vincent Medical Center. The amount of impairment was determined using a distressed revenue multiple, and was allocated using comparable prices for similar assets. There is no long-lived asset impairment recorded for the year ended June 30, 2016.

**Fair Value of Financial Instruments**

The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, and due to/from government agencies approximate fair value. The fair value of investments is disclosed in Notes 3 and 7, and the fair value of debt is disclosed in Note 8.

**Medical Foundation**

The VHS Medical Foundation was established in December 2011 and incorporated under the California Nonprofit Religious Corporation regulations as a not-for-profit corporation exempted from IRC Section 501(c)(3). The sole member of this corporation is VHS, acting through its board of directors.

**2. Summary of Significant Accounting Policies (continued)**

**Self Insurance**

VHS is self-insured for hospital professional and general liabilities by a wholly-owned self-insured captive insurance company. The provisions for estimated hospital professional and general liability claims include estimates of the ultimate costs for both uninsured reported claims and claims incurred-but-not-reported (IBNR), in accordance with actuarial projections or paid claims lag models based on past experience. Such claim reserves are based on the best data available to VHS; however, these estimates are subject to a significant degree of inherent variability. There is at least a reasonable possibility that a material change to the estimated reserves will occur in the near term. Such estimates are continually monitored and reviewed, and as reserves are adjusted, the differences are reflected in current operations. Management is of the opinion that the associated liabilities recognized in the accompanying consolidated financial statements are adequate to cover such claims.

VHS has entered into reinsurance, stop loss, and excess policy agreements with independent insurance companies to limit its losses on hospital professional and general liability claims.

Hospital professional and general liabilities (HPL/GL) were \$16,802,000 and \$13,161,000, discounted at a rate of 4% as of June 30, 2016 and 2015, respectively. Management is not aware of any potential hospital professional and general liability claims whose settlement would have a material adverse effect on VHS's consolidated financial position.

**Workers' Compensation Insurance**

VHS is insured for workers' compensation claims with major independent insurance companies, subject to certain deductibles of \$500,000 per occurrence as of June 30, 2016 and 2015. Based on actuarially determined estimates, provisions have been made in the consolidated financial statements, with the current portion included within accrued liabilities and the non-current portion within workers' compensation and hospital professional and general liabilities, for all known claims and IBNR claims as of June 30, 2016 and 2015. Workers' compensation liabilities were \$24,751,968 and \$24,278,000, discounted using a rate of 4%, as of June 30, 2016 and 2015, respectively. Estimation differences between actual payments and amounts recorded in previous years are recognized as expense in the year such amounts become determinable.

**Temporarily and Permanently Restricted Net Assets**

Temporarily restricted net assets are those for which use by VHS has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by VHS in perpetuity.

**California Hospital Fee Program**

California legislation established a program in 2009 that imposes a Quality Assurance Fee (QA Fee) on certain general acute-care hospitals in order to make supplemental and grant payments and increased capitation payments (Supplemental Payments) to hospitals up to the aggregate upper payment limit for various periods. There have been four such programs (the Programs) since inception.

The Programs are designed to make supplemental inpatient and outpatient Medi-Cal payments to private hospitals, including additional payments for certain facilities that provide high-acuity care and trauma services to the Medi-Cal population. This hospital QA Fee program provides a mechanism for increasing payments to hospitals that serve Medi-Cal patients, with no impact on the state's General Fund. Payments are made directly by the state or Medi-Cal managed care plans, which will receive increased capitation rates from the state in amounts equal to the Supplemental Payments. Outside of the legislation, the California Hospital Association has created a private program, operated by the California Health Foundation and Trust (CHFT), which was established to alleviate disparities potentially resulting from the implementation of the Programs.

The Programs require full federal approval (i.e., by the Centers for Medicare and Medicaid Services (CMS)) in order for them to be fully enacted. If final federal approval is not ultimately obtained, provisions in the underlying legislation allowed for the QA Fee, previously assessed, and Supplemental Payments, previously received, to be returned and recouped, respectively. As such, revenue and expense recognition is not allowed until full CMS approval was obtained.

**2. Summary of Significant Accounting Policies (continued)**

In June 2012, the third program (30-Month Program), covering the period from July 2011 to December 2013, was amended to allow for the fee-for-service portion to be administered separately from the managed care portion. The fee-for-service portion of the 30-Month Program was approved in June 2012. In May and June 2013, 24 months of managed care payments were approved by CMS. In December 2014, the final six months of managed care payments were approved by CMS.

In October 2013, the fourth program (36-Month Program), covering the period from January 2014 to December 2016, was signed into law by the governor of California. The fee-for-service payments of the 36-Month Program were approved in December 2014 by CMS. The first six months of expansion managed care payments were approved by CMS in June 2016. The first six months of non-expansion managed care payments were approved by CMS in June 2015. The first six months of expansion managed care payments were approved by CMS in March 2016.

VHS recognized payments to the California Department of Health Care Services for the QA Fee in the amount of \$84,221,000 and \$134,198,000 and pledge payments to CHFT of \$1,228,000 and \$2,282,000 within purchased services and other expenses for the years ended June 30, 2016 and 2015, respectively. VHS also recognized Supplemental Payment revenue in the amount of \$134,061,000 and \$222,467,000 pertaining to the 30-Month and 36-Month Programs within the net patient service revenues for the years ended June 30, 2016 and 2015, respectively.

**Meaningful Use Incentives**

The American Recovery and Reinvestment Act of 2009 established payments under the Medicare and Medi-Cal programs for certain professionals and hospitals that meaningfully use certified electronic health record (EHR) technology. The Medicare incentive payments are paid out to qualifying hospitals over four consecutive years on a transitional schedule. To qualify for Medi-Cal incentives, hospitals and physicians must annually meet EHR “meaningful use” criteria that become more stringent over three stages as determined by CMS. For the years ended June 30, 2016 and 2015, VHS has recorded meaningful use incentive payments of \$507,334 and \$7,947,000, respectively. These incentive payments have been recorded as other operating revenue in the VHS consolidated financial statements.

**Premium Revenue**

Certain entities of VHS have at-risk agreements with various payers to provide medical services to enrollees. Under these agreements, VHS receives monthly payments based on the number of enrollees, regardless of services actually performed by VHS. VHS accrues costs when services are rendered under these contracts, including estimates of IBNR claims and amounts receivable/payable under risk-sharing arrangements.

The IBNR accrual includes an estimate of the costs of services for which VHS is responsible, including out-of-network services.

**Other Operating Revenue**

Included in other operating revenue are amounts from investments in health-related activities, rental income, cafeteria, and other non-patient care revenue.

**Contributions**

Unconditional promises to give cash and other assets to VHS are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets. Net assets released from restrictions used for operations are also included in other operating revenue as contribution revenue to the Hospitals.

**Interest Expense**

Interest expense on debt issued for construction projects, net of income earned on the funds held pending use, is capitalized from the date of the borrowing until the projects are placed in service. Interest components include the following (in thousands):

	<b>Year Ended June 30</b>	
	<b>2016</b>	<b>2015</b>
Total interest expense	\$ 20,943	\$ 23,215
Less: capitalized interest expense	(350)	(665)
Net interest expense	<u>\$ 20,593</u>	<u>\$ 22,550</u>

**Income Taxes**

VHS has established its status as an organization exempt from income taxes under IRC Section 501(c)(3) and the laws of California. Certain activities of the operating entities of VHS may be subject to income taxes; however, such activities are not significant to the consolidated financial statements.

**Performance Indicator**

Management considers the deficiency of revenues over expenses to be VHS's performance indicator. Deficiency of revenues over expenses includes all changes in unrestricted net assets, except net assets released from restrictions used for purchase of property and equipment, the change in funded status of pension plans, and other.

Certain Obligated Group members have a policy whereby assets are periodically transferred as charitable distributions to subsidiaries of VHS that are not members of the Obligated Group. These transfers are accounted for as direct charges to the Obligated Group members' unrestricted net assets. It is anticipated that Obligated Group members will continue to make asset transfers to the subsidiaries. These transfers are eliminated upon consolidation.

**Asset Retirement Obligations (AROs)**

AROs are legal obligations associated with the retirement of long-lived assets. These liabilities are initially recorded at fair value, and the related asset retirement costs are capitalized by increasing the carrying amount of the related assets by the same amount as the liability. Asset retirement costs are subsequently depreciated over the useful lives of the related assets. Subsequent to initial recognition, VHS records period-to-period changes in the ARO liability resulting from the passage of time. VHS's ARO liabilities recorded in the consolidated financial statements at June 30, 2016 and 2015, were \$3,627,000 and \$3,421,000, respectively.

**Revenue Guarantees**

VHS has agreements with physicians whereby minimum revenues are guaranteed by VHS for stipulated dollar amounts over specified periods, as defined in the contracts. VHS records a liability for the amount of the guaranteed revenue at the time the contract is entered into and adjusts the liability as it is expended. VHS has recorded liabilities of \$921,506 and \$746,000 as of June 30, 2016 and 2015, respectively.

**Recent Accounting Pronouncements**

In August 2016, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-For-Profit Entities*, which will require not-for-profit entities to revise financial presentation to include: net asset classifications, provide quantitative and qualitative information as to available resources and management of liquidity and liquidity risk, information on investment expenses and returns, and the presentation of operating cash flows. The standard aims to help the reader of the financial statements to better understand the financial position of the organization and enhance consistency among similar organizations. ASU 2016-02 is effective for annual periods beginning after December 15, 2017. Early adoption is permitted. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

**2. Summary of Significant Accounting Policies (continued)**

In February 2016, the FASB issued ASU No. 2016-02, *Leases, (Topic 842): Amendments to the FASB ASC*. ASU 2016-02 amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets and making targeted changes to lessor accounting. The new standard requires a modified retrospective transition approach for all leases existing at, or entered into after, the date of initial application, with an option to use certain transition relief. The amendments in this update are effective for fiscal years (and interim reporting periods within fiscal years) beginning after December 15, 2018. Early adoption of the amendments is permitted for all entities. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and limits the disclosure requirement. ASU 2015-07 is effective for annual and interim periods beginning after December 15, 2015. VHS does not believe this standard will have an impact on the consolidated financial statements.

In April 2015, the FASB issued ASU 2015-03, *Interest-Imputation of Interest (Subtopic 835-30)*, which changes the presentation of debt issuance costs in the financial statements. Under ASU 2015-03, an entity presents such costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset, and amortization of the costs is reported as interest expense. The guidance is effective for VHS as of July 1, 2016. The adoption of ASU 2015-03 is not expected to have a material impact on the consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*, and in August 2015, the FASB issued ASU 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*, which defers the effective date of ASU 2014-09 by one year. ASU 2014-09 requires the entity to recognize revenue for the transfer of goods or services equal to the amount that it expects to be entitled to receive for those goods or services, effective for periods beginning after December 15, 2017. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

**3. Fair Value Measurements**

VHS accounts for certain assets at fair value or on a basis that approximates fair value. A fair value hierarchy for valuation inputs has been established to prioritize the valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest-level input that is significant to the fair value measurement in its entirety. These levels are as follows:

- *Level 1* – Quoted prices are available in active markets for identical assets as of the measurement date. Financial assets in Level 1 include listed equities and money market balances.
- *Level 2* – Pricing inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Financial assets in this category generally include asset-backed securities, corporate bonds, municipal bonds, and commingled investment funds.
- *Level 3* – Pricing inputs are generally unobservable for the assets and include situations where there is little, if any, market activity for the investment. The inputs used in determination of fair value require management’s judgment or estimation of assumptions that market participants would use in pricing the assets. Therefore, the fair values are determined using factors that involve judgment and interpretations, including discounted cash flow models and similar techniques. There were no Level 3 investments at June 30, 2016 and 2015.

There were no transfers to or from Levels 1, 2, or 3 during the years presented. The Level 2 financial assets listed in fair value hierarchy tables above use the following valuation techniques and inputs:

VHS participated in Ascension Health’s pooled Catholic Healthcare Investment Management Company (CHIMCO) Alpha Fund, LLC, which is carried at fair value based on quoted market prices, quoted market prices for similar instruments, and observable and unobservable inputs. The pooled fund is composed of cash, equity securities (domestic and foreign), U.S. federal and corporate obligations, to be announced (TBA) mortgage-backed securities, asset-backed securities, and fixed-income securities and is designated as Level 2. Beginning January 1, 2014, VHS moved all of its investments in the Alpha Fund to short-term liquid funds, such as cash and cash equivalents. As of September 2014, VHS sold its investment in the Fund, and Ascension Investment Management no longer manages any funds on behalf of VHS.

**3. Fair Value Measurements (continued)**

For marketable securities, such as foreign corporation and U.S. government debt securities, government and commercial mortgage-backed securities, TBA mortgaged-backed securities, corporate U.S. debt securities, index funds, and beneficial interest held in trust accounts, wherein identical quoted market prices are not readily available, the fair value of such investments is determined based on market participant pricing or other available market data for comparable instruments and transactions at the measurement date. VHS, therefore, incorporates industry-standard valuation techniques as inputs to fair valuation of its investments designated as Level 2.

VHS's rationale for the assignment of levels is based on types or classes of financial assets, rather than an analysis of each individual asset. Key consideration in the assignment of levels was given to the determination of a security's fair valuation measurement if obtained from an active market, and then further consideration was given for the types of inputs used to evaluate the fair value price. This approach has been supported by management's analysis of the methodology, the evaluated pricing models, and inputs used by its pricing vendors. It is also consistent with industry practice.

Where quoted prices are available in an active market (exchange-traded), the securities are classified as Level 1. It is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. If quoted market prices are not readily available for a specific financial asset, then value is determined using quoted prices of assets with similar characteristics and is classified as Level 2. Examples of these categories are VHS's investment in high-yield debt securities, collateralized mortgage obligations, and fixed-income prices provided by a broker-dealer. In cases where there is limited activity and less transparency associated with inputs to the valuation, VHS will designate the investments as Level 3.

*Investment Held in Trust Accounts*

VHS is the beneficiary of a split-interest agreement from a donor. The related assets are controlled and invested by an independent third party. VHS records the assets for its share when formal written or other verifiable documentation is received. VHS's share of the assets is based on the present value of the estimated future distributions to be received by VHS over the term of the agreement. The agreements are carried at fair value based on the underlying assets. VHS used 2% discount rate to value split-interest agreements at June 30, 2016.

*Receivables Under Repurchase Agreements*

VHS participated in a repurchase agreement with a custodian, whereby VHS loaned cash from a bond reserve fund to a third party on a short-term basis. The loans were secured by collateral, consisting of various investments that equal the amount of the cash loaned. VHS was paid a fixed rate of return of 4.6% for the amounts loaned. Interest is accrued monthly and paid semi-annually. The amounts of the receivables under repurchase agreements were \$0 and \$23,871,000 at June 30, 2016 and 2015, respectively, and are included in assets limited as to use under bond indenture agreements. The loans remained in place until the termination date, which was July 1, 2015, at which time these funds were held in cash by the trustee.

**7. Pension and Other Postretirement Benefit Plans**

VHS maintains a single employer defined benefit retirement plan and participates in a multi-employer defined benefit retirement plan. The plans have been frozen for all employees, except members of the California Nurses Association (CNA). Benefits are generally based on age, years of service, and employee compensation. VHS also offers postretirement health care benefits to a limited number of its employees. The postretirement health care benefits are determined based on age and years of service.

The first retirement plan is a multiemployer defined benefit pension plan called Retirement Plan for Hospital Employees (RPHE). The entities that participate in the RPHE are Seton Medical Center, Seton Medical Center Coastside, O'Connor Hospital, Saint Louise Regional Hospital, and Caritas Business Services (however, as noted above, only CNA members at these locations earn new benefits under the plan). Benefits are generally based on years of service and the employee's compensation. Contributions to the plan are based on actuarially determined amounts sufficient to meet the benefits to be paid to plan participants and satisfy IRS funding requirements. VHS contributed cash of \$17,223,000 and \$14,495,000 to the RPHE during the fiscal years ended June 30, 2016 and 2015, respectively.

**7. Pension and Other Postretirement Benefit Plans (continued)**

The second retirement plan is a single-employer defined benefit pension plan (the Retirement Plan). VHS associates at St. Francis Medical Center, St. Vincent Medical Center, O'Connor Hospital, Saint Louise Regional Hospital, and the system office are eligible to participate in this plan (however, as noted above, only CNA members continue to earn new benefits under the plan). VHS contributed \$12,915,000 and \$18,479,000 to the Retirement Plan during the fiscal years ended June 30, 2016 and 2015, respectively.

VHS also maintains a retiree health insurance program (the Postretirement Healthcare Plan), which provides medical benefits to retirees from early retirement to age 65 only. VHS employees at O'Connor Hospital, St. Louise Regional Hospital, Seton Medical Center, and Seton Medical Center Coastsides are eligible to participate in this plan. The Postretirement Healthcare Plan is an unfunded plan. VHS contributed \$58,000 and \$98,000 to the Postretirement Healthcare Plan during the fiscal years ended June 30, 2016 and 2015, respectively.

**Defined Contribution Retirement Plans**

In addition to the above pension plans, VHS maintains three different defined contribution retirement plans for its employees. One of these defined contribution plans (TSA/403(b)) includes employee voluntary contributions only. A second defined contribution plan (Match Benefit) requires employer contributions and the benefits are based on a percentage of the employees' contributions to the TSA/403(b). A third plan covers all employee groups except members of the CNA and is a fully employer-paid defined contribution plan with benefits based on a percentage of compensation. During the fiscal years ended June 30, 2016 and 2015, the employer's contribution for these three defined contribution plans was \$21,749,023 and \$24,472,000, respectively.

**7. Pension and Other Postretirement Benefit Plans (continued)**

The estimated actuarial loss and prior service cost for the Retirement Plan that will be amortized into net periodic benefit cost over the next fiscal year is \$6,157,000 and \$0, respectively.

The estimated actuarial gain and prior service cost for the Postretirement Healthcare Plan that will be amortized into net periodic benefit cost over the next fiscal year is \$(1,193,000) and \$72,000, respectively.

**Assumptions**

The weighted-average assumptions used to determine benefit obligations and net period benefit costs, are as follows:

	June 30, 2016		June 30, 2015	
	Retirement Plan	Postretirement Healthcare Plan	Retirement Plan	Postretirement Healthcare Plan
Weighted-average assumptions used to determine benefit obligations:				
Discount rate	4.05%	3.85%	4.80%	4.55%
Rate of compensation increase	2.50%	N/A	2.50%	N/A
Weighted-average assumptions used to determine net periodic benefit costs:				
Discount rate	4.80%	4.55%	4.70%	4.40%
Expected return on plan assets	7.00%	N/A	7.25%	N/A
Rate of compensation increase	2.50%	N/A	3.50%	N/A

**Expected Return on Plan Assets**

The Retirement Plan's estimated long-term rate of return on pension assets is driven primarily by historical asset-class returns, an assessment of expected future performance, advice from external actuarial firms, and the incorporation of specific asset-class risk factors. Asset allocations are periodically updated using pension plan asset/liabilities studies, and VHS's estimated long-term rates of return are consistent with these studies. The Retirement Plan portfolio return assumption is 6.75% and 7.00% at June 30, 2016 and 2015, respectively.

As of June 30, 2016, \$2,806,336 of the plan's cash balance was held in a separate non-interest-bearing cash account for the purpose of claims disbursement by the plan's administrator.

VHS's investment strategy for the assets of the Retirement Plan is designed to preserve principal while earning returns relative to the overall market consistent with a prudent level of risk. The strategy balances the liquidity needs of the Retirement Plan with the long-term return goals necessary to satisfy future obligations. The target asset allocation is diversified across traditional asset classes. Diversification is also achieved through participation in U.S. and non-U.S. markets, investment manager style, philosophy, and capitalization. The complementary investment styles and approaches used by investment managers are aimed at reducing volatility while capturing the equity premium from the capital markets over the long term. Risk tolerance is established through consideration of plan liabilities, plan funded status, and VHS's consolidated financial condition. Consistent with VHS's fiduciary responsibilities, the fixed-income allocation generally provides for security of principal to meet near-term expenses and obligations. Periodic reviews of the market values and corresponding asset allocation percentages are performed to determine whether a rebalancing of the portfolio is necessary.

Certain affiliates will continue to make periodic contributions as needed for eligible participants.

**7. Pension and Other Postretirement Benefit Plans (continued)**

The contributions for the multiemployer plan were approximately 38% and 45% of the total contributions to the plan for June 30, 2016 and 2015, respectively. There are no minimum contributions required for future periods by the collective-bargaining agreements, statutory obligations, or other contractual obligations for both plans.

The risks of participating in multiemployer plans are different from single-employer plans in the following aspects: (i) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers; (ii) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; and (iii) if the affiliates choose to stop participating in the multiemployer plan, the affiliates may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

**Obligated Group**

Verity Health System of California, Inc. and its five hospitals are collectively referred to as the “Obligated Group” or as “Members,” and each individually is sometimes referred to herein as a “Member.” The Obligated Group is established pursuant to a Master Indenture of Trust, dated December 1, 2001, as supplemented to date (the Master Indenture), between the Obligated Group and U.S. Bank National Association, as successor master trustee (the Master Trustee). The Obligated Group is jointly and severally liable for obligations issued pursuant to and outstanding under the Master Indenture (Obligations).

Each of the Obligated Group Members has executed one or more deeds of trust pursuant to which the respective Obligated Group Member has granted for the benefit of the Master Trustee, a first lien on, and security interest in, the hospitals and certain other parcels of property owned by such Obligated Group Members, subject to permitted liens, as security for the performance of the Obligated Group Members’ obligations under the Master Indenture. Additionally, each of the Obligated Group Members has created a gross revenue fund with its depository bank to further secure its gross revenues for the benefit of the Master Trustee.

The Master Indenture and certain other Obligated Group’s financing agreements contain restrictive covenants, including maintenance of a debt ratio, limitations on the amount of any additional borrowings, and limitations on the disposal or transfer of assets to non-obligated group members. Additionally, the financing agreements require that funds are established with, and controlled by, a trustee during the period the bonds remain outstanding. The Obligated Group has complied with such financial covenants and restrictions at June 30, 2016.

**Long-Term Debt**

***Series 2005 Bonds.***

In March 2005, the California Statewide Communities Development Authority (CSCDA), on behalf of Daughters of Charity Health System (now known as VHS), issued four series of revenue bonds in the aggregate principal amount of \$364,655,000 (the 2005 Bonds). The 2005 Bonds were comprised of \$259,125,000 of 2005 Series A bonds, \$39,715,000 of Series F bonds, \$48,245,000 of Series H bonds, and \$17,570,000 of Series H bonds. The issuance of the 2005 Bonds generated original issue premiums of \$12,929,196. A portion of the proceeds of the 2005 was used to refinance prior bonds and finance the costs of constructing, improving, renovating, and equipping certain improvements to the facilities of the Obligated Group. The 2005 Series F bonds matured and were paid pursuant to their terms on July 1, 2010.

The Series 2005 Bonds are a limited obligation of CSCDA and are payable solely from payments made by the Obligated Group. Payment of principal and interest on the Series 2005 Bonds is secured by Obligations issued pursuant to the Master Indenture.

***Series 2015 Notes.***

On December 14, 2015, the California Public Finance Authority issued an aggregate of \$160,000,000 of Revenue Notes (Verity Health System) Series 2015A, B, C, and D (collectively, the 2015 Notes) for the benefit of VHS. There are four series of 2015 Notes. The Series 2015A, B, and D Notes are tax exempt, and the Series 2015C Notes are taxable. While all of the 2015 Notes were authorized and issued, only the Series 2015A Notes (\$60,000,000) and the 2015B Notes (\$45,000,000) were funded as of June 30, 2016. The Series 2015C Notes (\$10,000,000) and the Series 2015D Notes (\$45,000,000) were funded on September 19 and October 31, 2016, respectively. A portion of the proceeds of the 2015 Notes was used, together with other funds, to pay the principal of and accrued and unpaid interest on the 2014 Bonds that matured on December 15, 2015.

The 2015 Notes are secured by an Obligation (as defined in the Master Indenture) on parity with other Obligations issued pursuant to the Master Indenture. In addition to their parity lien under the Master Indenture, the 2015 Notes have additional lien rights on the Obligated Group's accounts receivable and in certain properties owned by St. Francis Medical Center and Saint Louise Regional Hospital.

**Short-Term Debt**

***Series 2014 Bonds.***

On July 30, 2014, the CSCDA issued an aggregate of \$110,000,000 of Revenue Bonds (Daughters of Charity Health System), Series 2014 A and B (the Series 2014 A and B Bonds) on behalf of Daughters of Charity Health System (now known as VHS). On August 28, 2014, CSCDA issued an additional \$15,000,000 of Revenue Bonds (Daughters of Charity Health System), Series 2014 C (together with the Series 2014 A and B Bonds, the “Series 2014 Bonds”). The Series 2014 Bonds were secured by Obligations issued pursuant to the Master Indenture and (1) a first priority lien on the accounts receivable of St. Francis Medical Center, St. Vincent Medical Center, O’Connor Hospital, Saint Louise Regional Hospital, Seton Medical Center, and Seton Coastside as a division of Seton Medical Center; and (2) first priority Deeds of Trust and related subordination agreements with the Master Trustee on certain property of St. Francis Medical Center and Saint Louise Regional Hospital (collectively, the 2014 Priority Assets). The Master Trustee subordinated its interest in the 2014 Priority Assets to the Series 2014 Bond trustee. The Series 2014 Bonds were also secured by a parity lien under the Master Indenture.

Interest accrued at the rate of 6% and was paid on a monthly basis. The Series 2014 Bonds had an initial maturity date of July 10, 2015, and the Series 2014 Bonds were recorded as short-term debt on the VHS consolidated balance sheets as of June 30, 2015. That maturity date was extended to December 15, 2015. On December 15, 2015, VHS paid the full redemption price of the Series 2014 Bonds, which included principal (inclusive of undrawn proceeds of \$76,212,000 recorded as other restricted assets as of June 30, 2015), and all accrued and unpaid interest thereon.

**Fair Values**

The fair value of VHS’s bond indebtedness is estimated based on the quoted market prices for the same or similar issues or on the current rates offered for debt of the same remaining maturities. The estimated fair values of the VHS’s debt instruments as of June 30, 2016 and 2015, are \$336,803,500 and \$393,704,000, respectively, and are valued using Level 2 inputs. The reported fair value of VHS’s bond indebtedness instruments excludes the full value of an irrevocable principal pre-payment of \$6,090,000 and \$5,795,000 made as of June 30, 2016 and June 30, 2015, respectively. The fair value amounts do not represent the amount that would be required to expend to retire the indebtedness.

Research and education relate to assets held by VHS, which are restricted by donors or grantors to be used in specific research or education programs.

Restricted contribution is the remaining portion of the contribution recognized at the time of the transaction contemplated by the Restructuring Agreement (see Note 1 "Organization"). The restriction of this contribution will be lifted pursuant to the terms of the Restructuring Agreement.

**10. Temporarily and Permanently Restricted Net Assets (continued)**

Charity and other relate mainly to assets held by VHS, which are restricted by donors or grantors to be used in specific health care programs for charity care and other medical and patient services.

Permanently restricted net assets of \$8,137,000 and \$8,207,000 at June 30, 2016 and 2015, respectively, are restricted to investments to be held in perpetuity, with the income expendable to support VHS's mission.

**Endowments**

VHS and five of its consolidated charitable foundations follow the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA eliminates the concept of "historic dollar value" and allows an institution to spend or accumulate as the board determines is prudent for the uses, benefits, purposes, and duration of the endowment fund unless the gift instrument states a particular spending rate or formula. California's version of UPMIFA also includes a rebuttable provision that spending greater than 7% of the average fair market value (calculated at least quarterly over a minimal period of three years) is presumed to be imprudent.

In accordance with UPMIFA, VHS considers the following factors when appropriating or accumulating an endowment fund: (i) general economic conditions, (ii) effects of inflation and deflation, (iii) the purposes of the institution and the endowment fund, (iv) expected total return from income and appreciation of investments, (v) VHS's other resources, (vi) the duration and preservation of the endowment fund, and (vii) VHS's investment policies.

From time to time, the fair value of assets associated with individual endowment funds may fall below the level that the donor or UPMIFA requires VHS to retain as a fund of perpetual duration. Deficiencies of this nature that are reported in unrestricted net assets were not material as of June 30, 2016 and 2015. These deficiencies resulted from unfavorable investment market fluctuations.

VHS has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under these policies, as approved by the boards of trustees of the charitable foundations, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results while assuming a moderate level of investment risk.

**10. Temporarily and Permanently Restricted Net Assets (continued)**

To satisfy its long-term rate-of-return objectives, VHS relies on a balanced investment strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). VHS targets a diversified asset allocation that places a great emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The endowment net asset composition by type of fund consists of the following (in thousands):

<b>June 30, 2016</b>				
	<b>Unrestricted</b>	<b>Temporarily Restricted</b>	<b>Permanently Restricted</b>	<b>Total</b>
Donor-restricted endowment funds	\$ 606	\$ 789	\$ 8,137	\$ 9,532

**Standby Letter of Credit**

Marillac, a subsidiary of VHS, pledged \$36,939,150 of its investments to support a standby letter of credit issued in favor of Old Republic Insurance Company, one of the Parent's insurers, at June 30, 2016.

**Litigation**

Certain entities of VHS are defendants in various actions arising from their health care service activities. It is the opinion of management, after consulting with legal counsel, that such actions will not have a material adverse effect on VHS's consolidated financial position or results of operations as of June 30, 2016. Therefore, based on the information provided by its legal counsel, VHS has accrued \$1,240,000 and \$1,369,000 as of June 30, 2016 and 2015, respectively, which were related to certain of these actions. VHS evaluates recoveries from insurance coverage separately from its liability, and when appropriate, an asset is recorded separately from the associated liability.

As part of its ongoing compliance program, VHS routinely reviews arrangements between physicians and its hospitals. In September and October 2013, VHS made a voluntary self-disclosure to the federal government (in accordance with federal self-disclosure guidelines) related to certain financial arrangements between physicians and one of its hospitals, Seton Medical Center (SMC), that might constitute potential violations of federal regulatory standards. Pursuant to a settlement agreement entered into by SMC with CMS, effective as of November 6, 2015, SMC paid to CMS the sum of \$815,000, and CMS agreed to release SMC from administrative liabilities and claims under section 1877(g)(1) of the Social Security Act relating to the matters addressed in the voluntary self-disclosure. VHS filed a self-disclosure with the U.S. Department of Health & Human Services Office of the Inspector General (OIG) indicating possible violations of the Stark Law and the Anti-Kickback Statute by Seton Medical Center. The date of the letter is October 13, 2016. The OIG informed VHS on November 17, 2016, that the disclosure was officially accepted into the Self-Disclosure Protocol. VHS understands that the OIG will next assign the matter to one of its staff attorneys to review. With respect to the facts, VHS continues to investigate to ascertain the amount of potential damages or penalties, and that review is ongoing.

**11. Commitments and Contingent Liabilities (continued)**

VHS and certain other entities and individuals have been named as defendants in a punitive class action complaint under ERISA. The complaint alleges that VHS’s Retirement plan, a defined benefit “church plan” exempt from ERISA, is not a “church plan” and seeks orders, among other relief, requiring the plan to be brought into compliance with ERISA’s minimum funding, reporting, and other administrative requirements. This class action has been settled.

VHS is a named defendant in a breach of contract, unjust enrichment, and declaratory relief complaint filed by Prime Healthcare Services, Inc. and Prime Healthcare Foundation, Inc. and captioned *Prime Healthcare Services, Inc., et al., vs. Blue Mountain Management Capital, et al.*, in the Superior Court of California, County of San Bernardino, and San Bernardino Justice Center. The complaint alleges that VHS and the other defendants materially breached the Definitive Agreement entered into between Prime Healthcare Services, Inc., Prime Healthcare Foundation, Inc. and VHS in October 2014 and that the defendants also unjustly enriched themselves at the plaintiff’s expense and seeks, among other relief, \$135 million in damages. VHS has filed a cross-complaint seeking \$40 million. The parties are engaged in discovery and the case is currently scheduled for trial in June 2017. At this time, management cannot accurately estimate the amounts of any payments or settlements that might result, or if additional related issues will arise. There can be no guarantee that any resulting payments or settlements will not have a material adverse impact on VHS’s consolidated financial position or results of operations.

**Laws and Regulations**

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. These laws and regulations include, but are not necessarily limited to, matters, such as licensure, accreditation, government health care program participation requirements, reimbursement laws and regulations, anti-referral laws, and false claims prohibitions. In recent years, government activity has increased with respect to investigations and allegations concerning possible violations of reimbursement, false claims, and anti-referral statutes and regulations by health care providers. Certain entities of VHS are subject to such laws and regulations and to governmental investigations, whistle-blower lawsuits, and other legal proceedings concerning such laws and regulations. Violations of these laws and regulations could result in expulsion from government health care programs, as well as imposition of significant fines and penalties and significant repayments for patient services previously reimbursed.

**11. Commitments and Contingent Liabilities (continued)**

VHS has 6,682 employees as of June 30, 2016, of whom just over 3,954 are full-time employees. Approximately 76% of these employees are employed by VHS entities and are represented by collective bargaining units. Majority of the employees are represented by collective bargaining agreements with Service Employees International Union (SEIU) and California Nurses Association (CNA). The agreement with SEIU, representing 41% of these employees, will expire on October 31, 2018, and the agreement with CNA, representing 22% of these employees, expired on April 30, 2016, and is currently in the process of being negotiated. Employee strikes or other adverse labor actions may have a material adverse impact on VHS's consolidated financial position or results of operations.

**Lease Commitments**

Future minimum lease payments under VHS's significant non-cancelable operating leases (with initial or remaining lease terms in excess of one year) as of June 30, 2016, are as follows (in thousands):

	<b>Operating Leases</b>
2017	\$ 9,521

2020	3,871

**Seismic Standards**

VHS assessed its earthquake retrofit requirements for health care facilities under a state of California law SB 90 that can allow a delay of up to seven years from the January 1, 2013, deadline for Structural Performance Category 1 (SPC-1) retrofits. This affects six buildings at three of VHS's hospitals. The previously reported seventh building, the St. Vincent Medical Center Central Plant, has been upgraded to SPC-2 status. Extensions have been approved by the Office of Statewide Health Planning and Development as follows:

St. Vincent Medical Center Main Hospital must meet SP-2 standards by January 1, 2019.  
St. Vincent Medical Center Doheny Wing must meet SP-2 standards by July 1, 2019.

O'Connor Hospital 1953 Building must meet SPC-2 standards by July 1, 2019. O'Connor Hospital 1953 Boiler Plant/Laundry must meet SPC-2 standards by January 1, 2019.

Seton Medical Center Main Tower and Seton Medical Center Front Wing must meet SP-2 standards by July 1, 2019.

**12. Subsequent Events**

VHS has evaluated subsequent events and disclosed all material events through December 8, 2016, which is the date these consolidated financial statements of VHS were issued.

VHS entered into an extended supply support agreement with Premier Healthcare Solutions to redesign the supply chain infrastructure and operations over a three-year period beginning September 1, 2016, to improve resource utilization.

In October 2016, VHS engaged Conifer Health Solutions for its expertise as a single-source revenue cycle management provider. The multi-year agreement will yield optimized revenue cycle operations for the health system's six facilities, enhanced operating efficiency and reduced administrative expenses.

## Independent Auditor's Report

Respected Directors  
Verity Health System  
Redwood City, California

We have audited the accompanying consolidated financial statements of Verity Health System of California, Inc., which comprise the consolidated balance sheet as of June 30, 2017, and the related consolidated statements of operations and changes in net (deficit) assets and cash flows for the year then ended, and the related notes to the consolidated financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and the presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We did not audit the financial statements of Maritan Insurance Company, Ltd. (Maritan), a wholly-owned subsidiary, which statements reflect total assets of \$52,833,262 at June 30, 2017 and total revenues of \$12,635,812 for the year then ended. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for such subsidiary, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, based on our audit and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Verity Health System of California, Inc. as of June 30, 2017, and the consolidated results of its operations, and the changes in its net identifiable assets and its cash flows for the year terminated in accordance with accounting principles generally accepted in the United States of America.

### *Other Matters*

The consolidated financial statements of Verity Health System of California, Inc. for the year ended June 30, 2016 were audited by other auditors, whose report dated December 31, 2016 expressed an unmodified opinion on those statements.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating financial statement schedules for Verity Health System of California, Inc., are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

**I Organization and Business of the Company**

Verity Health System of California, Inc., a California nonprofit public benefit corporation (formerly formerly named Daughters of Charity Health System) is the sole corporate member of five California nonprofit public benefit corporations that operate five acute care hospitals and other facilities (the Hospitals), see list below in the state of California. The Parent and the following affiliated entities (collectively, Verity Health System or VHS) operate as a nonprofit health care system in the state of California, with approximately 1,680 licensed acute care and skilled nursing beds.

Verity Health System consists of Parent\* and the following:

- O'Connor Hospital \*
- Saint Louis Regional Hospital \*
- St. Francis Medical Center \*
- St. Vincent Medical Center \*
- Seton Medical Center (including its unincorporated division, Seton Medical Center Coastside) \*
- Verity Business Services
- MariLac Insurance Company, Ltd.
- O'Connor Hospital Foundation
- Saint Louis Regional Hospital Foundation
- St. Francis Medical Center Foundation
- St. Vincent Medical Center Foundation
- Seton Medical Center Foundation
- St. Vincent de Paul Ethics Corporation
- St. Vincent Dialysis Center
- De Paul Ventures, LLC
- Verity Medical Foundation
- Verity Holdings, LLC
- Verity BISM Holdings, LLC

\* Member of the Obligated Group

With the exceptions of De Paul Ventures, LLC, MariLac Insurance Company, Ltd. (MariLac) and Verity BISM Holdings, LLC, each Verity Health System entity named above is exempt from federal income taxation as an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 (IRC).

On July 17, 2015, Daughters of Charity Ministry Services Corporation (subsequently renamed Verity Health System of California, Inc.), Blue Mountain Capital Management, LLC (Blue Mountain), and Integrity Healthcare, LLC (Integrity) entered into a System Restructuring and Support Agreement (as subsequently amended, the Restructuring Agreement) to change the governance of and recapitalize the Parent and certain of its subsidiaries. Integrity represents the management company for Verity Health System that was focused to carry out the management services under the Restructuring Agreement, which is part of the overall Restructuring Agreement. Through June 30, 2017, Integrity was wholly owned by Blue Mountain. On July 2017, HartWorks LLC, the parent

organization for health technology and clinical programs, founded by Dr. Patrick Smithson, assumed a majority stake in Integrity from Blue Mountain. Refer to subsequent notes of notes 13 for additional details.

Under the Restructuring Agreement, the Parent and other members of the Obligated Group were converted from religious corporations to public benefit corporations. In exchange for options to acquire the assets of Verity Health System at a purchase price to be determined based on a specified percentage of outstanding liabilities of Verity Health System at the time of closing, Blue Mountain agreed to provide \$100,000 in funding to the Parent and a commitment to provide additional debt financing at the option of the Parent. To fulfill this commitment, Blue Mountain arranged for an additional \$180,000 in working capital financing that was privately placed with third parties (the "2015 Notes" - see Note 9 for additional details). After approval was obtained from the California Attorney General's office, the transactions contemplated by the Restructuring Agreement closed on December 19, 2015. Effective upon the closing of the transaction, the Parent's board of directors resigned and Daughters of Charity Ministry Services Corporation, acting as sole corporate member of the Parent, appointed an independent board of the Parent and amended the bylaws of the Parent to eliminate the corporate membership rights of Daughters of Charity Ministry Services Corporation as sole corporate member of the Parent and to convert the Parent into a nonprofit corporation without members. The Parent and all of its nonprofit corporate affiliates that were not previously public benefit corporations changed status from religious corporations to public benefit corporations under the California Nonprofit Corporation Law.

In connection with the initial accounting for the \$100,000 Blue Mountain contribution received during the fiscal year ended June 30, 2016, \$27,559 was recorded as deferred revenue for the value of the option to purchase the real estate and operating assets of VHS and \$72,441 was recorded as a restricted asset for contributions to be released pursuant to the terms of the Restructuring Agreement. For the years ended June 30, 2017 and 2016, VHS recorded approximately \$60,387 and \$12,079 of contribution revenue, respectively, associated with the release of these funds from restrictions. \$27,559 is recorded as deferred revenue in other long-term liabilities as of June 30, 2017. As such amount will be recognized upon exercise or expiration of the option.

On a monthly basis, VHS records management fee expense and makes payments to Integrity associated with the management services received under the Management Agreement. During the initial fiscal year which ended June 30, 2016, the monthly management fee was determined based on a specified percentage of trailing 12 month operating revenues for VHS. Such management fees are adjusted each succeeding fiscal year based on changes in the consumer price index. VHS defers payment for a portion of management fees based on its days' cash on hand over the most recent 90 day period. All deferred management fees accrue interest at 2.87% per annum in the extent such amounts are not paid in the fiscal year that services are received. Such deferred management fees are contingently payable based on the terms of the Management Agreement, which include annual calculations of excess cash on hand.

For the years ended June 30, 2017 and 2016, VHS recorded approximately \$59,821 and \$32,476 of management fee expense within the purchased services and other expense line, respectively. As of June 30, 2017 and 2016, VHS had a liability of \$66,228 and \$76,108 within accrued expenses and other current liabilities, respectively, representing deferred management fees.

Provided to the Master Indenture of 2017, dated as of December 1, 2017 (as amended and supplemented, the Master Indenture) among the Members of the Obligated Group and U.S. Bank National Association (Master Trustee), an Obligated Group (as defined) of entities included in the Obligated Group (as defined) was established to access the capital markets. Obligated Group members are jointly and severally liable for the long-term debt outstanding secured by an Obligation (as defined) under the Master Indenture.

### **Liquidity**

VHS had working capital of \$61,059 and \$103,548 as of June 30, 2017 and 2016, respectively. VHS had a deficit of revenues over expenses of \$37,850 and cash used in operations of 212,181 for the year ended June 30, 2017 compared to a deficit of revenues over expenses of \$195,429 and cash used in operations of \$85,377 for the year ended June 30, 2016. The current year deficit of revenues over expenses and cash used in operations represented an improvement of \$157,579 and \$74,194, respectively, from the prior year. Such improvements have been largely driven by increases in patient volumes, additional reimbursement under the California Hospital Fee Program (see Note 2 for details), and overall cost-cutting initiatives that have been implemented. Additionally, VHS has been successful in raising additional financing, which includes issuance of the 2017 Notes for \$71,000 in September 2017 and the MFB Loan for \$46,228 in October 2017 (see subsequent events at Note 15 for additional details). Management believes that cash flows from operations and financing activities will provide sufficient capital resources to sustain operations through at least the next twelve months from the date the financial statements were issued.

### **X. Summary of Significant Accounting Policies**

#### **Basis for Presentation**

The accompanying consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles and include the accounts of VHS plus elimination of intercompany transactions. Certain reclassifications and changes in presentation were made in the 2016 consolidated financial statements to conform to the 2017 presentation. See the recent accounting pronouncements section below for additional details. All amounts in the consolidated financial statements and footnotes are presented in thousands.

#### **Use of Estimates**

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. VHS considers critical accounting policies to be those that require more significant judgments and estimates in the preparation of its consolidated financial statements, including the following: recognition of net patient service revenue, which includes contractual allowances and discounts, provisions for doubtful accounts and charity care, assumptions for measurement of pension and other postretirement liabilities, and reserves for losses are related to (covered) professional and general liability coverage. Management's accounting policies are

involves some or associated with certain or other regulatory arrangements. Management issues its estimates on historical experience and various other assumptions that it believes are reasonable under the particular facts and circumstances. Actual results could differ materially from these estimates.

**Medical Foundation**

The VHS Medical Foundation was established in December 2011 and incorporated under the California regulations as a not-for-profit corporation exempted from income taxes under IRS Section 501(c)(3). The sole member of this corporation is VHS, acting through its Board of Directors.

**Cash and Cash Equivalents**

Cash equivalents consist primarily of highly liquid marketable securities with original maturities at the time of purchase, of three months or less.

**Patient Accounts Receivable, Allowance for Doubtful Accounts, and Net Patient Service Revenue**

Patient accounts receivable and net patient service revenue are reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated settlements under reimbursement agreements with third-party payers. Settlements with third-party payers are accrued on an estimated basis in the period in which the related services are rendered and are adjusted in future periods as final settlements are determined.

VHS manages the receivables by regularly reviewing its patient accounts and contracts and by providing appropriate contractual allowances and allowances for doubtful accounts. These allowances are estimated based upon an evaluation of historical payments, negotiated contracts, and governmental reimbursements. Adjustments and changes in estimates are recorded in the period in which they are determined. The gross self-pay accounts receivable was reserved at 9% and 9% at June 30, 2017 and 2016, respectively, in total between the allowance for doubtful accounts and contractual allowances.

Patient service revenues, net of contractual allowances and discounts, are as follows:

Year Ended June 30	2017	2016
Governmental	\$ 913,181	\$ 740,380
Contracted	333,258	130,684
Self-pay and others	54,267	46,109
Net patient service revenue	1,300,706	917,173
Less provision for doubtful accounts	(13,770)	(18,731)
Net patient service revenue less provision for doubtful accounts	\$ 1,286,936	\$ 898,442

Net patient service revenue includes contractual and other allowances (excluding charity patients) of \$6,268,927 and \$6,416,487 for the same periods from 30, 2017 and 2016, respectively.

**Verity Health System of California, Inc.**  
 (Formerly Daughters of Charity Health System)

**Notes to Consolidated Financial Statements**  
 (All amounts in thousands)

Standard concentrations of risk, patient acuity, and service lines are as follows:

As of June 30,	2017	2016
HMO/PPV/Commercial	40%	39%
Medicare	25	25
Medi-Cal	32	32
Other	3	4
Total	100%	100%

Inpatient acute care services, outpatient services, and skilled nursing services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates are determined according to a patient classification system that is based on clinical, diagnostic, and other factors. Certain inpatient, non-acute services and department capital and medical equipment costs related to Medicare beneficiaries are paid using a cost reimbursement methodology.

Health care services are provided free of charge or at a significant discount based on a sliding scale to individuals who meet certain financial criteria. VHS makes an effort to determine if a patient qualifies for charity care upon admission. If a patient is determined to qualify for charity care, services are rendered to the patient free of cost. The costs of providing these services are included in unremunerated community benefit expense and included as a deduction to net patient service revenue in the consolidated statement of operations. VHS estimates the cost of charity care by calculating a ratio of cost to usual and customary charges and applying that ratio to the usual and customary uncompensated charges associated with providing care to patients that qualify for charity care. The amount of charity care at cost was \$10,444 and \$17,981 for the years ended June 30, 2017 and 2016, respectively.

After collection of amounts due from insurance and the application of financial discounts to patients' balances, and after exhausting all reasonable efforts to collect from the patients, a significant portion of VHS's uninsured and self-pay patient accounts are referred to third-party agencies based on VHS's established guidelines for further collection activities. As a result, VHS records a significant provision for doubtful accounts related to these uninsured patients in the period the services are rendered based on historical collection experience.

As part of VHS's mission to serve the community, VHS provides care to patients even though they may lack adequate insurance or may participate in programs that do not pay full charges. Reserves for charity care and uncollectible amounts have been established and are netted against patient accounts receivable in the consolidated balance sheet.

Revenues from Medi-Cal and long-term care payers are based on a per-diem, per-discharge, modification, or capitated basis or a combination of these.

adjustments to the financials of prior year cost reports from both Medicare and Medi-Cal resulted in net increase in patient service revenues of \$1,402 and \$7,613, for the years ended June 30, 2017 and 2016, respectively. St. Francis Medical Center qualified for and received Medi-Cal funding as a disproportionate-share hospital from the state of California under Senate Bill (SB) 859. Related revenues were \$30,542 and \$27,079, for the years ended June 30, 2017 and 2016, respectively, and are included in net patient service revenue. Amounts to be received in future years, if any, are subject to annual determination.

The St. Francis Medical Center also received funding for Medi-Cal disproportionate-share payments under SB 1255. These SB 1255 funds are paid from the Emergency Services and Supplemental Payments Fund. Related revenues were \$8,040 and \$7,908, for the years ended June 30, 2017 and 2016, respectively, and are included in net patient service revenue. This funding must be applied for and approved each year.

The St. Francis Medical Center also qualifies for Medi-Cal funding as a disproportionate-share hospital from the state of California under SB 1732. This SB 1732 program permits health care facilities serving a disproportionate share of Medi-Cal patients to receive supplemental reimbursement for a portion of their debt service for qualified capital projects. St. Francis Medical Center has an amendment to its Medi-Cal contract, which was executed on June 19, 1993, for reimbursement related to the St. Francis Medical Center Health Services Pavilion, which was completed in 1991. Related revenues were \$2,213 and \$2,220, for the years ended June 30, 2017 and 2016, respectively, and are included in net patient service revenue.

Other than St. Francis Medical Center, neither VHS entities received funding under SB 859, SB 1255 or SB 1732 for the years ended June 30, 2017 and 2016.

#### **Inventories**

Inventories consist of supplies and are stated at the lower of cost or market value, which is determined using the first in, first out method. Inventories are reviewed for obsolescence on a periodic basis. Amounts are included in other current assets.

#### **Assets Limited as to Use**

Assets limited as to use represent assets designated by the board of directors for future capital improvements, assets at Marillac designated by the board of directors for payment of workers' compensation and hospital professional and general liability claims, assets held by trustees under bond indenture agreements (refer the Series 2005 Bonds, Series 2015 Notes, and 2017 Agreement C-PAGE Bonds at Note 9), and investments restricted by donors. Investment income or loss is included in deficiency of revenues over expenses, unless the income or loss is restricted by donor or law. The assets are reflected in the assets limited as to use line item in the consolidated balance sheets.

#### **Investments**

Investments received through gifts are recorded at estimated fair value at the date of donation. Gains and losses from assets from market fluctuations are recognized in the period that such fluctuations occur. Realized gains or losses resulting from sales or maturities are calculated on an adjusted cost basis. Adjusted cost is the original cost of the security adjusted for any purchase or sales during the year. Dividend and interest income are accrued when earned.

**Interim Consolidated Financial Statements**

VHS also maintains ownership interests in certain entities that are recorded under the equity method of accounting as VHS has the ability to exercise significant influence over the operating and financial policies of the investee. Equity method investments are recorded as other long-term assets in the consolidated balance sheet and earnings or losses associated with equity method investments are reported as investment income (loss) in the consolidated statement of operations and changes in net assets.

Investment (loss) income includes the following:

Years Ended June 30,	2017	2016
Interest and dividends	\$ 954	\$ 367
Investment fees	(168)	(208)
Change in unrealized gains (losses) on investments - net	(1,499)	77
net realized gains on sales of investments	9,185	-
Equity method investments - other-than-temporary impairment losses	(8,378)	-
Equity method investments - guarantee losses	(3,588)	-
Equity method investments - share of earnings (losses)	(118)	-
	<u>12,335</u>	<u>1,986</u>
Amounts included in changes in temporarily restricted net assets	(173)	(171)
Amounts included in changes in permanently restricted net assets	(65)	78
Investment (loss) income	<u>\$ 12,097</u>	<u>\$ 2,000</u>

During the year ended June 30, 2017, VHS recorded other-than-temporary impairment losses of \$3,310 associated with the decline in the fair value of certain surgery center investments that were purchased in January 2017. The decline in fair value resulted from the degradation in future estimated cash flows due to adverse changes in business conditions that occurred subsequent to the acquisition date. See Note 3 for additional details related to the initial purchase of non-controlling ownership interests in the surgery centers and a controlling ownership interest in the management company, Verity BAFM Holdings, LLC. See Note 4 for additional details on the valuation methodology utilized to determine the fair value of the surgery center investments as of June 30, 2017.

During the year ended June 30, 2017, VHS also recorded investment losses of \$3,588 associated with the guarantee of certain outstanding legal obligations on behalf of the surgery center equity method investees. See Note 3 for additional details on the terms of the guarantee. As of June 30, 2017, VHS estimated the fair value of the guarantee obligation to be \$4,750, which resulted in the recording of a guarantee liability within other long-term liabilities. As this guarantee obligation was determined to represent an additional contribution to the investees, \$1,172 was recorded as an increase in carrying value of VHS's equity method investment associated with VHS's portion of the investment and \$3,588 was recorded as an investment loss associated with the non-controlling investors' portion of the investment. See Note 4 for additional details on the valuation methodology

***Fair Value of Financial Instruments***

The carrying amount reported in the consolidated balance sheet for cash and cash equivalents, accounts receivable, accounts payable, accrued expenses, and due to/from government agencies approximate fair value due to their short-term nature. The fair value of investments is disclosed in Notes 4 and 8, and the fair value of debt is disclosed in Note 9.

***Property and Equipment***

Property and equipment are stated at cost if purchased, and at fair market value if donated. Depreciation of property and equipment is calculated using a half-year convention and the straight-line method for financial statement purposes. Estimated useful lives by classification are as follows:

Land improvements	5-25 years
Buildings	10-40 years
Building service equipment	5-25 years
Equipment	3-20 years
Software development	2-5 years

***Long-Lived Asset Impairment***

VHS routinely evaluates the carrying value of its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset, or related group of assets, may not be recoverable from estimated future undiscounted cash flows generated by the underlying tangible assets. When the carrying value of an asset exceeds the estimated recoverability, an asset impairment charge is recognized. The impairment tests are based on financial projections prepared by management that incorporate anticipated results from programs and initiatives being implemented and market value assessments of the assets. If the projections are not met, or if negative trends occur that impact the future outlook, the value of the long-lived assets may be impaired, which could be material. There was no long-lived asset impairment recorded for the years ended June 30, 2017 and 2016 associated with tangible assets.

VHS recorded an impairment loss of \$6.858 associated with long-lived management contract intangible asset for the year ended June 30, 2017, which is included in goodwill and intangible asset impairment loss in the consolidated statement of operations and changes in net assets. See Note 5 for additional details.

***Self-Insurance***

VHS is self-insured for hospital professional and general liabilities by a wholly-owned self-insured captive insurance company (Marillac). The provisions for estimated hospital professional and general liability claims include estimates of the ultimate costs for both uninsured reported claims and claims incurred but not reported (IBNR), in accordance with actuarial projections or paid claims (incurred) minus past expenses. Such claim reserves are based on the best data available to VHS. However, these estimates are subject to a significant degree of inherent variability. There is a risk a reasonable possibility that a material change to the estimated reserves will occur in the near term. Such estimates are continuously monitored and reviewed and as reserves are adjusted, the

**Notes to Consolidated Financial Statements**

Differences are reflected in current operations. Management is of the opinion that the estimated liabilities recorded in the accompanying consolidated financial statements are adequate and reasonable.

VHS has entered into reinsurance, stop loss, and excess policy agreements with independent insurance companies to limit its losses on hospital professional and general liability claims.

Hospital professional and general liabilities (HPL/GLI) were \$18,721 and \$16,082, discounted at a rate of 4% as of June 30, 2017 and 2016, respectively. Management is not aware of any potential hospital professional and general liability claims whose settlement would have a material adverse effect on VHS's consolidated financial position.

**Workers' Compensation Insurance**

VHS is insured for workers' compensation claims with major independent insurance companies, subject to certain deductibles of \$500 per occurrence as of June 30, 2017 and 2016. Based on actuarially determined estimates, provisions have been made in the consolidated financial statements, with the current portion included within accrued liabilities and the non-current portion within workers' compensation and hospital professional and general liabilities, for all known claims and IBNR claims as of June 30, 2017 and 2016. Workers' compensation liabilities were \$26,474 and \$24,797, discounted using a rate of 4% as of June 30, 2017 and 2016, respectively. Minimum differences between actual payments and amounts recorded in previous years are recognized as expense in the year such amounts become determinable.

**IBNR Claims under Premium Revenue Arrangements**

Liabilities of VHS have capitation arrangements with various payers to provide medical services to individuals. VHS accrues costs when services are rendered under these contracts, including estimates of IBNR claims and amounts receivable/payable under risk sharing arrangements. The IBNR actual includes an estimate of the costs for which VHS is responsible, including out-of-network services. The IBNR reserves are reported in accrued expenses and other current liabilities on the consolidated balance sheets (see Note 7 for additional information). Medical claims expense associated with premium revenue arrangements is separately reported in the consolidated statement of operations and changes in net (deficit) assets.

IBNR reserves are estimated based on actuarial studies, historical reporting, and payment trends. Subsequent actual claims experience will differ from the estimated liability due to variation in historical and actual utilization of health care services, the amount of charges, and other factors. As settlement are made and estimates are revised, the differences are reflected in current operations.

The following table presents the addition of the medical claims and IBNR (liabilities or amounts) for each of the period years ended June 30, 2017 and 2016:

June 30,	2017	2016
Medical claims and IBNR liabilities as of beginning of year	\$ 31,415	\$ 31,415
Claims expenses incurred during the year	\$1,953	\$1,953
Claims paid during the year	\$1,471	\$1,521
Medical claims and IBNR liabilities as of end of year	\$ 31,897	\$ 31,847

**Asset Retirement Obligations (AROs)**

AROs are legal obligations associated with the retirement of long-lived assets. These liabilities are initially recorded at fair value, and the related asset retirement costs are capitalized by increasing the carrying amount of the related assets by the same amount as the liability. Asset retirement costs are subsequently depreciated over the useful lives of the related assets. Subsequent to initial recognition, VHS records period-to-period changes in the ARO liability resulting from the passage of time. VHS has recorded ARO liabilities of \$3,244 and \$3,627 in other long-term liabilities as of June 30, 2017 and 2016, respectively.

**Revenue Guarantees**

VHS has agreements with physicians whereby minimum revenues are guaranteed by VHS for stipulated dollar amounts over specified periods, as defined in the contracts. VHS records a liability for the amount of the guaranteed revenue at the time the contract is entered into and adjusts the liability as it is expended. VHS has recorded liabilities of \$754 and \$922 in accrued expenses and other current liabilities as of June 30, 2017 and 2016, respectively.

**Temporarily and Permanently Restricted Net Assets**

Temporarily restricted net assets are those for which use by VHS has been limited by donors for a specific time period or purpose. Permanently restricted net assets have been restricted by donors in or maintained by VHS in perpetuity.

**California Hospital Fee Program**

California legislation established a program in 2007 that imposes a Quality Assurance Fee (QA Fee) on certain general acute-care hospitals in order to make supplemental and grant payments and increased capitation payments (Supplemental Payments) to hospitals up to the aggregate upper payment limit for certain periods. There have been two such programs (the Programs) since inception.

The Programs are designed to make supplemental inpatient and outpatient Medi-Cal payments to private hospitals, including additional payments for certain facilities that provide high-acuity care and trauma services to the Medi-Cal population. This hospital QA Fee program provides a mechanism for increasing payments to hospitals that serve Medi-Cal patients, without impact on the state's General Fund. Payments are made directly by the state to Medi-Cal managed care plans, which will receive increased capitation rates from the state or amounts equal to the Supplemental Payments. Outside of the legislation, the California Hospital Association has created a private program.

approved by the California Health Foundation and Trust (CHFT), which was established to distribute payments resulting from the implementation of the Program.

The Program requires full Federal approval by the Centers for Medicare and Medicaid Services (CMS) in order for them to be fully enacted. If final Federal approval is not ultimately obtained, provisions in the underlying legislation allowing for the QA Fee, previously assessed, and Supplemental Payments, previously received, to be returned and repaid, respectively.

In October 2013, the fourth program (36-Month Program), covering the period from January 2014 to December 2016, was signed into law by the governor of California. The fee-for-service payments of the 36-Month Program were approved in December 2014 by CMS. The last six months of non-expansion managed care payments were approved by CMS in June 2015. The first six months of expansion managed care payments were approved by CMS in March 2016. On December 30, 2016, CMS approved the managed care payments spanning July 1, 2014, to December 31, 2014 for the expansion population and July 1, 2014 to June 30, 2015, for the non-expansion population.

VHS recognized payments to the California Department of Health Care Services for the QA fee in the amount of \$70,032 and \$84,221 and pledge payments to CHFT of \$2,428 and \$1,778 within our patient services and other expenses for the years ended June 30, 2017 and 2016, respectively. VHS also recognized Supplemental Payment revenue in the amount of \$169,686 and \$134,061 within the net patient service revenue for the years ended June 30, 2017 and 2016, respectively. For the year ended June 30, 2017, these amounts include the six months of the 36-Month Program related to the fee-for-service portion (July 1, 2015 through December 31, 2016) and the managed care rates approved by CMS on December 30, 2016 noted above.

Refer to Note 6 and Note 7 for additional information on the assets and liabilities recorded at June 30, 2017 and 2016, associated with the provider fee programs.

**Premium Revenue**

Certain entities at VHS have capitation arrangements with various payers to provide medical services to employees. Under these arrangements, VHS receives monthly payments on a per member per month basis (PMPM), regardless of services actually performed by VHS. Premium revenues are recognized during the period in which VHS is obligated to provide services to employees.

**Meaningful Use Incentives**

The American Recovery and Reinvestment Act of 2009 established payments under the Medicare and Medicaid programs for certain professionals and hospitals that meaningfully use certified electronic health record (EHR) technology. The Medicare incentive payments are paid out to qualifying hospitals over four consecutive years on a transitional schedule. To qualify for Medi-Cal incentives, hospitals and physicians must annually meet EHR "meaningful use" criteria that become more stringent over three stages as determined by CMS. For the years ended June 30, 2017 and 2016, VHS has recorded meaningful use incentive payments of \$1,379 and \$507, respectively. These incentive payments have been recorded as other operating revenues in the VHS consolidated statements of operations and are recorded under the other continuing care fund. Such incentives are subject to audit and compliance by the program authorities.

**Other Operating Revenue**

included in other operating revenues are amounts from rental revenues, medical services, insurance, Medicare/Medicaid incentives, grant revenues, and other non-patient care revenue.

**Contributions**

Unconditional promises to give cash and other assets to VHS are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets. Net assets released from restrictions used for operations are also included in other operating revenue as contribution revenue to the Hospitals.

Refer to Note 1 for additional information on the unrestricted contribution revenue recorded during the years ended June 30, 2017 and 2016, associated with the release of the Blue Mountain restricted contribution.

**Interest Expense**

Interest expense on debt issued for construction projects, net of income earned on the funds held pending use, is capitalized from the date of the borrowing until the projects are placed in service. Interest components include the following:

Year Ended June 30	2017	2016
Fixed interest expense	\$ 29,047	\$ 28,543
Less capitalized interest expense	(907)	(1,211)
Interest expense	\$ 28,140	\$ 27,332

**Income Taxes**

VHS has established its status as an organization exempt from income taxes under IRC Section 501(c)(3) and the laws of California. Certain activities of the operating entities of VHS may be subject to income taxes; however, such activities are not significant to the consolidated financial statements.

**Performance Indicator**

Management considers the (deficit) excess of revenues over expenses to be VHS's performance indicator. (Deficit) excess of revenues over expenses includes all changes in unrestricted net assets, except net assets released from restriction used for purchase of property and equipment, the change in funded status of pension plans, and other.

Certain Obligated Group members have a policy whereby assets are periodically transferred on short-term distributions to subsidiaries of VHS that are not members of the Obligated Group. These transfers are accounted for as direct charges to the Obligated Group members' unrestricted net assets. It is anticipated that Obligated Group members will continue to make asset transfers in the immediate future. These transfers are eliminated upon consolidation.

**Recent Accounting Recommendations:**

In August 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2017-07, *Compensation - Retirement Benefits: Improving the Presentation of Net Periodic Pension Costs and Net Periodic Postretirement Benefit Cost*. This guidance was issued to improve the reporting of net benefit cost in the financial statements to make this information more transparent. Under the guidance, an employer must report the service cost component in the same line item or items as other compensation costs arising from services rendered by performing employees during the period. The other components of net benefit cost are required to be presented in the statement of operations separately from the service cost component and outside the subtotal of income from operations if one is presented. ASU 2017-07 is effective for annual reporting periods beginning after December 15, 2017. Early adoption is permitted. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

In January 2017, the FASB issued ASU 2017-02, *Not-For-Profit Entities - Consolidation: Clarifying When a Not-For-Profit Entity That is a General Partner or Limited Partner Should Consolidate a For-Profit Limited Partnership or Similar Entity*. The amendments in this ASU refine the consolidation guidance that existed in Subtopic 810-20 by including it in Subtopic 958-810 (not for profit consolidation guidance). ASU 2017-02 is effective for annual periods beginning after December 15, 2016 and early adoption is permitted. VHS early adopted this guidance for the year ended June 30, 2017. Adoption of this guidance did not have a material effect on the consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, *Classification of Certain Cash Receipts and Payments*. This guidance adds or clarifies guidance on the classification of certain cash receipts and payments in the statement of cash flows. ASU 2016-15 is effective for annual periods beginning after December 15, 2018. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

In August 2016, the FASB issued ASU 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements for Not-For-Profit Entities*, which will require not for profit entities to revise financial presentation to include: net asset classifications, provide quantitative and qualitative information on available resources and management of liquidity and liquidity risk, information on investment expenses and returns, and the presentation of operating cash flows. The standard aims to help the reader of the financial statements to better understand the financial position of the organization and enhance consistency among similar organizations. ASU 2016-14 is effective for annual periods beginning after December 15, 2017. Early adoption is permitted. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842): Amendments to the FASB ASC*. ASU 2016-02 amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets and making targeted changes to lessor accounting. The new standard requires a modified retrospective transition approach for all leases existing at, or entered into after, the date of initial application, with an option for use certain transition relief. The amendments in this update are effective for fiscal years (and interim reporting periods within fiscal years) beginning after December 15, 2018. Early adoption of the amendments is permitted for all entities. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

In July 2017, the FASB issued ASU 2015-11, *Simplifying the Measurement of Inventory*. This standard requires entities to measure most inventories at the lower of cost or net realizable value. ASU 2015-11 is effective for annual periods beginning after December 15, 2016. VHS does not expect this guidance to have a material effect on the consolidated financial statements.

In April 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The standard removes the requirement to categorize, within the fair value hierarchy, investments for which fair value is measured using the net asset value per share as a practical expedient. VHS adopted ASU 2015-07 retrospectively for the fiscal year ended June 30, 2017. As a result of the retrospective adoption, VHS removed any investments from the fair value hierarchy for which fair value is measured using the NAV per share as a practical expedient. Refer to the fair value disclosures for VHS's pension plan assets in Note 8 for additional details.

In April 2015, the FASB issued ASU 2015-03, *Interest-Imputation of Interest: Simplifying the Presentation of Debt Issuance Costs*. The standard amends existing guidance to require the presentation of debt issuance costs in the balance sheet as a deduction from the carrying amount of the related debt liability instead of as an asset. VHS adopted ASU 2015-03 retrospectively for the fiscal year ended June 30, 2017. As a result of the retrospective adoption, VHS reclassified unamortized debt issuance costs of \$1,483 from other long-term assets to a reduction in long-term debt in the consolidated balance sheet as of June 30, 2016.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*. And in August 2015, the FASB issued ASU 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*, which defers the effective date of ASU 2014-09 by one year. ASU 2014-09 requires the entity to recognize revenue for the transfer of goods or services equal to the amount that it expects to be entitled to receive for those goods or services, effective for periods beginning after December 15, 2017. VHS is currently evaluating the impact of this new standard on the consolidated financial statements.

### 3. Acquisitions

In January 2017, VHS expanded its ambulatory footprint by obtaining (1) a 51% controlling ownership interest in a newly formed management company, Verity BASM Holdings, LLC (a.k.a. Surgical Partners of California or BASM) which has agreements to manage multiple ambulatory surgery centers in the San Francisco Bay Area and (2) a noncontrolling ownership interest in five of the surgery centers managed by BASM. The partnership is expected to advance VHS's goal of evolving into an integrated healthcare delivery network for the communities served.

VHS determined that the acquisition of BASM should be consolidated in the financial statements of VHS and the 49% noncontrolling ownership interest should be separately presented. Refer below for additional details on the assets, liabilities and net assets recorded in connection with the full fair value allocation for BASM. VHS also determined that its noncontrolling ownership interests reflect (1) the surgery centers managed by BASM, except for the 25% ownership interest held for under the entity network of associates.

**Verity Health System of California, Inc.**  
 (Formerly Daughters of Charity Health System)

**Notes to Consolidated Financial Statements**  
**(All amounts in thousands)**

The consideration for the above ownership interests included a cash payment to approximately \$15,000 and the assumption of a guarantee associated with an outstanding legal obligation owed to BASM and the five surgery centers for which VHS acquired an ownership interest collectively, the "Defendants"). The \$15,000 purchase price was allocated between BASM and the five surgery centers based on the respective business valuations for VHS's ownership interest in each entity, which were determined using a discounted cash flow approach and appropriate discounts for lack of control and marketability, as required. Discount rates utilized to determine the business valuations ranged from 13% - 17% depending on the level of risk associated with the business operations.

Based on the valuations, approximately \$7,165 was allocated to the five surgery centers and was recorded as equity-method investments and \$7,835 was allocated to BASM, representing VHS's ownership interests in the net assets of BASM. In the opening balance sheet of BASM as of January 2017, VHS recorded: (1) total assets of \$21,799, including \$12,920 of intangible assets, \$3,702 of goodwill and \$5,177 of tangible assets; and (2) total liabilities of \$6,436 associated with the assumed legal obligations. The total net assets of \$15,363 were allocated as \$7,835 for VHS's controlling interest and \$7,528 for the non-controlling interest. The intangible assets are associated with the management contracts assumed and are being amortized over a useful life ranging from 5 to 15 years in accordance with the duration of the contracts.

In connection with the transaction, VHS simultaneously entered into a series of Reimbursement Agreements with the defendants requiring that they reimburse VHS for any payments made under the guarantee agreement. Such reimbursement may either be in the form of cash payments or VHS has the ability to recover such amounts by acquiring additional membership units in the respective entities. The initial amount of the guarantee was \$20,000 plus accrued interest at 6% per annum. As of June 30, 2017, the outstanding obligation at risk under the guarantee is \$15,000 plus interest.

On June 30, 2017, which represents the annual impairment testing date, VHS concluded there were impairment indicators associated with VHS's equity method investments in certain of the surgery centers and the management contract intangible assets and goodwill recorded at BASM. Such impairment indicators resulted from significant adverse trends in the most recent estimates of future cash flows for both the surgery centers and BASM. As a result of the impairment analysis, VHS recorded: (1) \$3,310 of other-than-temporary impairment losses for its equity method investments in investment loss (see Note 2 for additional detail); (2) \$6,858 of impairment losses for the management contract intangible assets at BASM in operating expenses; and (3) \$3,374 of impairment losses for goodwill at BASM in operating expenses. See Note 4 for additional details on the valuation methodology utilized to determine the fair value of the respective assets and record the impairment charges as of June 30, 2017.

As a result of the impairment indicators identified at June 30, 2017, VHS also re-assessed the probability associated with a contingent loss under the guarantee agreement and recorded a guarantee obligation of \$4,760 in other long-term liabilities. As the guarantee obligation was determined to represent an additional contribution to the surgery centers' investees, \$4,172 was recorded as an increase in carrying values of VHS's equity method investment associated with VHS's portion of the investment and \$5,780 was recorded as an investment loss associated with the non-controlling investees' portion of the investment. See Note 4 for additional details on the valuation methodology utilized to determine the fair value of the guarantee as of June 30, 2017.

**Fair Value Measurements**

It is our belief that assets at fair value are of a kind that approximates fair value. A valuation hierarchy for valuation inputs has been established to prioritize the valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Our fair value measurement is reported in one of the three levels, which is determined by the lowest-level input that is significant to the fair value measurement in its entirety. These levels are as follows:

- **Level 1** - Quoted prices are available in active markets for identical assets or liabilities. Financial assets in Level 1 include listed equities and money market instruments.
- **Level 2** - Pricing input is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Financial assets in this category generally include asset-backed securities, corporate bonds, municipal bonds, and commingled investment funds.
- **Level 3** - Pricing inputs are generally unobservable for the asset and include valuations where there is little, if any, market activity for the investment. The inputs used in determination of fair value require management's judgment or estimation of assumptions that market participants would use in pricing the assets. Therefore, the fair values are determined using ratios that involve judgment and interpretations, including discounted cash flow models and similar techniques.

The following represents assets measured at fair value on a recurring basis:

<b>Total assets limited as to use</b>	<b>\$ 167,397</b>	<b>\$ 85,418</b>	<b>\$ 51,015</b>

There were no transfers in or out from Levels 1, 2, or 3 during the years presented. The Level 2 financial assets listed in the fair value hierarchy tables above use the following valuation techniques and inputs:

For investable securities, such as foreign corporation and U.S. government debt securities, government and commercial mortgage-backed securities, corporate U.S. debt securities, public funds, and beneficial interest held in trust accounts, wherein identical quoted market prices are not readily available, the fair value of such investments is determined based on market participant pricing or other available market data for comparable instruments and transactions at the measurement date. VHS, therefore, incorporates industry-standard valuation techniques as inputs to fair valuation of its investments designated as Level 2.

VHS's rationale for the assignment of levels is based on types or classes of financial assets, rather than an analysis of each individual asset. Key consideration in the assignment of levels was given to the determination of a security's fair valuation measurement if obtained from an active market, and then further consideration was given for the types of inputs used to evaluate the fair value price. This approach has been supported by management's analysis of the methodology, the evaluated pricing models, and inputs used by its pricing vendors. It is also consistent with industry practice.

Where quoted prices are available in an active market (exchange-traded), the securities are classified as Level 1. It is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. If quoted market prices are not readily available for a specific financial asset, then value is determined using quoted prices of assets with similar characteristics and is classified as Level 2. Examples of these categories are VHS's investment in high-yield debt securities, collateralized mortgage obligations, and fixed-income funds provided by

is considered a Level 1 investment, in cases where there is a limited activity and the fair value is determined by reference to a quoted price in an active market for identical assets or liabilities. VHS will designate the investments as Level 2. There were no Level 3 investments at June 30, 2017 and 2016.

**Impairment Losses**

During the year ended June 30, 2017, VHS recorded (1) \$1,710 of other-than-temporary impairment losses for its equity method investments; (2) \$6,858 of impairment losses for the management contract intangible assets at EASMC; and (3) \$5,374 of impairment losses for goodwill at EASMC. These represent non-recurring fair value measurements as of June 30, 2017. See Notes 2 and 3 for additional details. The fair value of the respective assets was determined using a discounted cash flow approach and appropriate discounts for lack of control and marketability, as required. Discount rates utilized to determine the business valuations ranged from 11% - 15% depending on the level of risk associated with the business operations. Such fair value measurements represent Level 3 fair value measurements as they utilize significant unobservable inputs.

**Guarantee**

During the year ended June 30, 2017, VHS recorded a guarantee liability of \$4,760 associated with the guarantee of certain outstanding legal obligations on behalf of the surgery center equity method investors. This represents a non-recurring fair value measurement as of June 30, 2017. See Note 3 for additional details on the terms of the guarantee. The fair value of the guarantee was estimated based on the contingent loss associated with the estimated payments to be made under the guarantee in the event of a default by the surgery centers.

**Investment Held in Trust Accounts**

VHS is the beneficiary of a split interest agreement from a donor. The related assets are controlled and invested by an independent third party. VHS records the assets based on the fair value of the underlying investments.

**26 Pension and Other Postretirement Benefit Plans**

VHS maintains two employee defined benefit pension plans and participation in a multi-employer defined benefit retirement plan. The plans have been frozen for all employees, except members of the California Nurses Association (CNA). Benefits are generally based on age, years of service, and employee compensation. VHS also offers postretirement health care benefits to a limited number of its employees. The postretirement health care benefits are determined based on age and years of service.

The multiemployer defined benefit pension plan is called the Retirement Plan for Hospital Employees (RPHE). The entities that participate in the RPHE are Seton Medical Center, Seton Medical Center Coastside, O'Connor Hospital, Saint Louis Regional Hospital, and Caritas Business Services (however, as noted above, only CNA members at these locations earn new benefits under the plan). Benefits are generally based on years of service and the employee's compensation. Contributions to the plan are based on actuarially determined amounts sufficient to meet the benefits to be paid to plan participants and satisfy IRS funding requirements. VHS recorded benefits expense of \$21,093 and \$17,223 associated with required cash contributions to the RPHE during the fiscal years ended June 30, 2017 and 2016, respectively.

VHS also maintains single-employer defined benefit pension plans (the Retirement Plans). VHS associates at St. Francis Medical Center, St. Vincent Medical Center, O'Connor Hospital, Saint Louis Regional Hospital, and the system office are eligible to participate in this plan (however, as noted above, only CNA members continue to earn new benefits under the plan). VHS contributed \$91,678 and \$12,815 to the Retirement Plans during the fiscal years ended June 30, 2017 and 2016, respectively.

VHS also maintains a retiree health insurance program (the Postretirement Healthcare Plan), which provides medical benefits to retirees from early retirement to age 65 only. VHS employees at O'Connor Hospital, St. Louis Regional Hospital, Seton Medical Center, and Seton Medical Center Coastside are eligible to participate in this plan. The Postretirement Healthcare Plan is an unfunded plan. VHS contributed \$59 and \$58 to the Postretirement Healthcare Plan during the fiscal years ended June 30, 2017 and 2016, respectively.

**Defined Contribution Retirement Plans**

In addition to the above pension plans, VHS maintains three different defined contribution retirement plans for its employees. One of these defined contribution plans (TSA/403(a)) includes employee voluntary contributions only. A second defined contribution plan (Match Benefit) requires employee contributions and the benefits are based on a percentage of the employee's contributions to the TSA/403(a). A third plan covers all employee groups except members of the CNA and is a fully employer-paid defined contribution plan with benefits based on a percentage of compensation. During the fiscal years ended June 30, 2017 and 2016, the employer's contribution expense for the defined contribution plans was \$18,481 and \$21,749, respectively.

**Assumptions**

The weighted average assumptions used to determine benefit obligations and net periodic benefit costs are as follows:

	June 30, 2017		June 30, 2016	
	Retirement Plans	Postretirement Healthcare Plan	Retirement Plans	Postretirement Healthcare Plan
Weighted average assumptions used to determine benefit obligations:				
Discount rate	1.74% - 4.10%	3.20%	4.05%	1.88%
Expected compensation to plan assets of 4.00% used for RPP and other	4.00%	1.64%	3.42%	—
Weighted average assumptions used to determine net periodic benefit costs:				
Discount rate	1.11% - 1.99%	4.05%	4.05%	4.15%
Expected return on plan assets	6.79%	1.74%	7.10%	6.74%
Rate of compensation increase	3.00%	1.74%	2.90%	3.74%

**Expected Return on Plan Assets**

The Retirement Plan's estimated long-term rate of return on pension assets is driven primarily by historical asset-class returns, an assessment of expected future performance, advice from external actuarial firms, and the incorporation of specific asset-class risk factors. Asset allocations are periodically updated using pension plan asset/liability studies, and VRS's estimated long-term rate of return are consistent with these studies.

**Discount Rate**

The discount rate assumptions used to determine the retirement and postretirement benefit plan obligations and expenses reflect the prevailing rates available on high-quality, fixed income debt instruments. The rate was based on cash flow analysis that matched estimated future benefit payments to the bond discount yield curve as of June 30, 2017 and 2016. Approximately 98% of VRS's retirement plan liabilities were measured using a discount rate 1.04% as of June 30, 2017.

During the fiscal year ended June 30, 2017, the discount rate was updated from a single equivalent (fluctuating) rate used to determine the projected benefit obligation and net periodic benefit cost to separate discount rates used for determining the projected benefit obligation, interest on the projected benefit obligation, service cost and interest on service cost. The range of discount rates

**Other Benefit Assumptions**

In the measurement of accumulated postretirement benefit obligations at June 30, 2017, the Trust assumed healthcare plan assumed health care cost trend rates start at 8.00% in 2017 and decrease by 0.25%-0.50% annually, reaching an ultimate rate of 5.50% in fiscal year 2024. A one-percentage-point change in assumed health care cost trend rates would not have a material effect on VHC's consolidated financial statements.

VHS's investment strategy for the assets of the Retirement Plan is designed to preserve principal while earning returns relative to the overall market consistent with a prudent level of risk. The strategy balances the liquidity needs of the Retirement Plan with the long-term return goals necessary to satisfy future commitments. The target asset allocation is diversified across traditional asset classes. Diversification is also achieved through participation in U.S. and non-U.S. markets, investment manager style, philosophy, and capitalization. The complementary investment styles and approaches used by investment managers are aimed at reducing volatility while capturing the equity premium from the capital markets over the long term. Risk tolerance is established through consideration of plan liabilities, plan funded status, and VHS's consolidated financial condition. Consistent with VHS's fiduciary responsibilities, the fixed-income allocation generally provides the security of principal to meet near-term expenses and obligations. Periodic reviews of the market value and corresponding asset allocation percentages are performed to determine whether a rebalancing of the portfolio is necessary.

The following were the target asset allocations as of June 30, 2017, by major asset classification:

Domestic stocks	39%

Since March 1, 2011, participant benefits were frozen for the non-contractual employees of the two participating affiliates in the Retirement Plan for Hospital Employees. Beginning January 1, 2013, participant benefits were frozen for all hospital employees, intermediate care (5013) employees. Certain affiliates will continue to make periodic contributions as needed for eligible participants.

The contributions for the multiemployer plan were approximately 46% and 38% of the total contributions to the plan for July 30, 2017 and 2016, respectively. There are no minimum contributions required for future periods by the collective-bargaining agreements, statutory obligations, or other contractual obligations for both plans.

The rules of participating in multiemployer plans are different from single-employer plans in the following respects: (i) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers; (ii) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; and (iii) if the affiliates choose to stop participating in the multiemployer plan, the affiliates may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

**Obligated Group**

Vermilya Health System of California, Inc. and its five hospitals are collectively referred to as the "Obligated Group" or as "Members," and each individually is sometimes referred to herein as a "Member." The Obligated Group is established pursuant to a Master Indenture of Trust, dated December 1, 2001 (as supplemented to date, the Master Indenture), between the Obligated Group and U.S. Bank National Association, as successor master trustee (the Master Trustee). The Obligated Group is jointly and severally liable for obligations issued pursuant to and outstanding under the Master Indenture (Obligations).

Each of the Obligated Group Members has executed one or more deeds of trust pursuant to which the respective Obligated Group Member has granted for the benefit of the Master Trustee, as first lien, first and security interest in, the property of the hospitals and certain other parcels or property owned by such Obligated Group Members, subject to permitted liens, as security for the performance of the Obligated Group Members' obligations under the Master Indenture. Additionally, each of the Obligated Group Members has created a gross revenue fund with its depository bank to further secure its gross revenues for the benefit of the Master Trustee.

The Master Indenture and certain other Obligated Group's financing agreements contain restrictive covenants, including maintenance of a debt ratio, limitations on the amount of any additional borrowings, and limitations on the disposal or transfer of assets to non-obligated group members. Additionally, the financing agreements require that funds are established with, and committed by, the hospitals during the period the bonds remain outstanding. The Obligated Group has complied with such financial covenants and requirements at June 30, 2017.

For the year ended June 30, 2017, the Obligated Group did not have to comply with a minimum required Annual Debt Service Coverage Ratio per the Master Indenture as there was a waiver on hand. For the year ending June 30, 2018, the statement required Annual Debt Service Coverage Ratio to 0.7. The minimum required Annual Debt Service Coverage Ratio increases to 1.1 for the year ending June 30, 2019.

**Long-Term Debt**

**Series 2005 Bonds**

In March 2005, the California Statewide Communities Development Authority (CSCDA), on behalf of Daughters of Charity Health System (now known as VHS), issued four series of revenue bonds in the aggregate principal amount of \$264,655 (the 2005 Bonds). The 2005 Bonds were comprised of 225,125 of 2005 Series A bonds, 539,715 of Series F bonds, 549,245 of Series G bonds, and 517,570 of Series H bonds. The issuance of the 2005 Bonds generated original issue premiums of \$12,934. A portion of the proceeds of the 2005 Bonds was used to refinance prior bonds and finance the costs of constructing, improving, renovating, and equipping certain improvements to the facilities of the Obligated Group. The 2005 Series F bonds matured and were paid pursuant to their terms in July 1, 2010. Total interest expense related to the Series 2005 Bonds was \$15,801 and \$17,588 for the years ended June 30, 2017 and 2016, respectively.

The Series 2005 Bonds are a bonded obligation of CSCDA and are payable solely from payments made by the Obligated Group. Payment of principal and interest on the Series 2005 Bonds is secured by obligations issued pursuant to the Master Indenture.

**Series 2015 Notes**

On December 14, 2015, the California Public Finance Authority issued an aggregate of \$140,000 of Revenue Notes (Verity Health System Series 2015A, B, C, and D (collectively, the 2015 Notes) for the benefit of VHS. There are four series of 2015 Notes. The Series 2015A, B, and D Notes are tax exempt, and the Series 2015C Notes are taxable. While all of the 2015 Notes were authorized and issued, only the Series 2015A notes (\$60,000) and the 2015B Notes (\$45,000) were funded as of June 30, 2016. The Series 2015C Notes (\$10,000) and the Series 2015D Notes (\$25,000) were funded on September 19 and October 31, 2016, respectively. A portion of the proceeds of the 2015 Notes was used, together with other funds, to pay the principal of and accrued and unpaid interest on the 2014 bonds that matured on December 15, 2015. Total interest expense related to the Series 2015 Notes was \$11,013 and \$2,493 for the years ended June 30, 2017 and 2016, respectively.

The 2015 Notes are secured by an Obligation (as defined in the Master Indenture) on parity with other obligations issued pursuant to the Master Indenture. In addition to their parity lien under the Master Indenture, the 2015 Notes have additional lien rights on the Obligated Group's accounts receivable and in certain properties owned by St. Francis Medical Center and Saint Louis Regional Hospital.

**Self-Insured Retention Bonds (C-PACE bonds)**

In August 2017, Verny entered into a Commercial Property Assessed Clean Energy ("C-PACE") financing in the amount of \$40,000 to finance seismic upgrades to the Seton Medical Center campus. CleanFund Commercial PACE Capital, Inc. provided \$20,000 of its own capital and brought in a partner, Petros PACE Finance, to provide an additional \$20,000. The proceeds will be used to make upgrades to the hospital, as required by California's mandatory Hospital Facilities Seismic Safety Act (SB 1953).

C-PACE is long-term, fixed-rate financing, similar to the traditional tax-exempt debt that hospitals utilize for infrastructure investments. The C-PACE bonds are exempt from income taxes imposed by the State of California; however, are not exempt from federal income tax. To repay the C-PACE financing, Seton will pay property tax assessments at a fixed amount until the C-PACE financing matures in 2047. The assessment payments are secured by a lien against the property at the Seton Medical Center campus. Total interest expense related to the C-PACE bonds was \$823 for the year ended June 30, 2017. Refer to Note 12 for additional information on VHS's debt and requirements.

Estimated long-term principal debt payments as of June 30, 2017, are as follows:

Year Ending June 30,	Amount
2018	\$ 11,165
2019	14,751
2020	1,491
2021	1,491

**Fair Values**

The fair value of VHS's bond indebtedness is estimated based on the quoted market prices for the same or similar issues or on the current rates offered for debt of the same remaining maturities. The total estimated fair value of VHS's bond and note debt (Series 2009 bonds, Series 2015 Notes and 2017 Assessment Bonds) as of June 30, 2017 and 2016, was \$448,473 and \$336,804, respectively, and such debt was valued using Level 2 inputs. The total carrying value of VHS's bond and note debt as of June 30, 2017 and 2016, was \$456,185 and \$277,590, respectively. The reported fair value of VHS's bond indebtedness instruments excludes the fair value of an irrevocable principal prepayment of \$6,405 and \$6,090 made as of June 30, 2017 and June 30, 2016, respectively. The fair values of the remaining mortgage payable and other debt are not materially different from their carrying values as the majority of such amounts are due within the next 12 months. The fair value amounts do not represent the amount that would be required to expend to retire the indebtedness.

The release of the restricted funds was recorded as unrestricted contribution revenue for the year ended June 30, 2017.

Charity and other relate mainly to assets held by VHS, which are restricted by donors or grantees to be used in specific healthcare programs for charity care and other medical and patient services.

Permanently restricted net assets of \$8,702 and \$8,137 at June 30, 2017 and 2016, respectively, are restricted to investments to be held in perpetuity, with the income expendable to support VHS's mission.

**Endowments**

VHS and VHS's non-conventional charitable foundation follow the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA eliminates the concept of "historic dollar value" and allows an institution to spend or accumulate as the Board determines is prudent for the year, benefits, purposes, and duration of the endowment fund unless the gift instrument states a particular spending rate or formula. California's version of UPMIFA also includes a rebuttable provision that spending greater than 7% of the average fair market value (calculated at least quarterly over a minimal period of three years) is presumed to be prudent.

In accordance with UPMIFA, VHS considers the following factors when appropriating or accumulating an endowment fund: (i) general economic conditions, (ii) effects of inflation and deflation, (iii) the purposes of the institution and the endowment fund, (iv) expected total return from income and appreciation of investments, (v) VHS's other resources, (vi) the duration and preservation of the endowment fund, and (vii) VHS's investment policies.

From time to time, the fair value of assets associated with individual endowment funds may fall below the level that the donor or UPMIFA requires VHS to retain as a fund of perpetual duration. Deficiencies of this nature that are reported in unrestricted net assets were not material as of June 30, 2017 and 2016. These deficiencies resulted from unfavorable investment market fluctuations.

VHS has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for programs supported by the endowment while seeking to maintain the purchasing power of the endowment assets. Under these policies, as approved by the boards of trustees of the charitable foundations, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results while assuming a moderate level of investment risk.

To achieve its long-term rate of return objectives, VHS relies on a balanced investment strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). VHS targets a diversified asset allocation that seeks a great contrast for equity-based investments to achieve its long-term return objectives with equities (see) conditions.

The endowment net asset composition by type of fund consists of the following:

## 12. Commitments and Contingent Liabilities

### Standby Letter of Credit

Marillac, a subsidiary of VHC, pledged \$13,408 of its investments to support a standby letter of credit issued to Law of Old Republic Insurance Company, one of the Reimbursementers, at June 30, 2017.

### Litigation, Regulatory and Compliance Matters

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, controlled substances, privacy, government health care program participation requirements, reimbursement laws and regulations, anti-referral laws, false claims prohibitions, and in the case of tax-exempt organizations, the requirements of tax exemption. In recent years, government activity has increased with respect to investigations and allegations concerning possible violations of reimbursement, false claims, and anti-referral statutes and regulations by health care providers. Violations of these laws and regulations could result in exclusion from government health care programs, as well as imposition of significant fines and penalties and significant repayments for patient services previously reimbursed.

The health institutions potentially are accountable for VHC's associated health care work, including, but not limited to, fraud and abuse, guaranties, quality, and privacy of health information, and compliance standards for health information. The health information technology for associated

Control Health) and (HITECH Act) enacted upon HIPAA in a number of ways, including establishing notification requirements for certain breaches of protected health information. In addition to these federal rules, California has also developed strict standards for the privacy and security of health information as well as for reporting certain violations and breaches. The Company may be subject to significant fines and penalties if found not to be compliant with these state or federal provisions.

Management assesses the probable outcome of unresolved litigation and investigations and records contingent liabilities reflecting estimated liability exposure. It is the opinion of management, after consulting with legal counsel, that such actions will not have a material effect on VHS's consolidated financial position or results of operations as of June 30, 2017. Therefore, based on the information provided by its legal counsel, VHS has accrued \$1,100 and \$1,240 as of June 30, 2017 and 2016, respectively, which were related to certain of these actions. VHS evaluates recoveries from insurance coverage separately from its liability, and when appropriate, an asset is recorded separately from the associated liability. Following is a discussion of matters of note.

VHS is a named defendant in two related class actions, *Jarmaine Johns v. Verity Health System of California* and *Iris Lara and Tanya Wera v. Verity Health System of California*. The complaints allege the plaintiffs were the victims of a data breach where their personal information was obtained and their identities were allegedly used. The breach involved approximately 7,500 employees. The complaints allege the plaintiffs have been harmed and have had to spend time and money addressing identity theft. In the Lara action, plaintiffs specifically allege that they have been harmed by false law requests that were filed using information released in the data breach. The Lara action is currently stayed by order of the court. VHS intends to contest these actions. At this time, management cannot accurately estimate the amounts of any payments or settlements that might result from these matters.

VHS was previously a named defendant in a breach of contract, unjust enrichment, and declaratory relief complaint filed by Prime Healthcare Services, Inc. and Prime Healthcare Foundation, Inc., and captioned *Prime Healthcare Services, Inc., et al., vs. Blue Mountain Management Capital, et al.*, in the Superior Court of California, County of San Bernardino, and San Bernardino Justice Center. Subsequent to June 30, 2017, a settlement was reached between the parties, which resulted in no loss for VHS.

#### ***U.S. Department of Justice and OIG Investigations***

VHS and/or its facilities periodically receive notices from governmental agencies such as the U.S. Department of Justice (DOJ) or the Office of Inspector General (OIG), requesting information regarding billing, payment, or other reimbursement matters or initiating investigations, or indicating the existence of whistleblower litigation. VHS does not anticipate such requests to result in a material impact to the consolidated financial statements.

Within this category, VHS received an informal documentation request from the DOJ related to BASM during the current year (see Note 3 for information on the BASM acquisition transaction). Additionally, during the prior year, VHS filed a self-disclosure with the OIG indicating possible violations of the False Law and the Anti-Kickback Statute by Norem Medical Center. The OIG informed VHS that the disclosure was officially accepted into the Self-Disclosure Program. At this time, management cannot accurately estimate the amounts of any potential damages or penalties that might result from these matters.

### **Collective Bargaining**

VHS has 6,887 employees as of June 30, 2017, of whom just over 6,000 are full-time employees. Approximately 78% of these employees are represented by collective bargaining units. A majority of the employees are represented by collective bargaining agreements with Service Employees International Union (SEIU) (approximately 40% of employees) and California Nurses Association (CNA) (approximately 23% of employees). Employee strikes or other adverse labor actions may have a material adverse impact on VHS's consolidated financial position or results of operations.

### **Attorney General Requirements**

As part of approving the Restructuring Agreement (see Note 1), the California Attorney General's (AG) office placed certain operational restrictions on VHS and each of its hospitals, which include certain minimum annual targets for charity care, community benefits, and capital expenditures among other requirements. As a result of a shortfall in the fiscal year 2017 charity care requirement for certain hospitals, VHS was required to make an additional contribution to the Retirement Plan of \$7,519 by October 31, 2017 (see Note 8). VHS has complied with such requirements under the AG agreement.

### **Lease Commitments**

Future minimum lease payments under VHS's significant non-cancelable operating leases (with initial or remaining lease term in excess of one year) as of June 30, 2017, are as follows:

Years Ending June 30,	Amount
2018	\$ 11,816
2019	881
2020	553
2021	449
2022	300
Thereafter	88
	<u>\$ 13,987</u>

Rent expense was \$2,603 and \$19,581 for the years ended June 30, 2017 and 2016, respectively.

### **Seismic Standards**

VHS assessed its earthquake retrofit requirements for health care facilities under a series of California law SB 693 that can allow a delay of up to seven years from the January 1, 2019, deadline for Structural Performance Category 1 (SPC-1) retrofit. This affects its buildings at three of our hospitals. The previously reported seventh building, the St. Vincent Medical Center Central Plant, has been upgraded to SPC-2 status. Extensions have been approved by the Office of Statewide Health Planning and Development as follows:

- St. Vincent Medical Center Main Hospital must meet SPC-2 standards by January 1, 2019.
- St. Vincent Medical Center Orange Wing must meet SPC-2 standards by July 1, 2019. Management currently estimates that continuing retrofitting costs required for meeting the standards is approximately \$12,200 based on third party estimates.

St. Clare Hospital 1993 Building must meet SPC-2 standards by July 1, 2019. St. Clare Hospital 1993 Modern Plant/Laundry must meet SPC-2 standards by January 1, 2019. Management currently estimates that remaining remediation costs required for meeting the standards is approximately \$13,200 based on third party estimates.

Seton Medical Center Main Tower and Seton Medical Center Front Wing must meet APC-2 standards by July 1, 2019. Management currently estimates that remaining remediation costs required for meeting the standards is approximately \$40,300 based on third party estimates. Seton renovation work will be financed with the funds received from the C-RACE bonds (see Note 9) and grant funds received by the County of San Mateo.

### 13. Subsequent Events

VHS has evaluated subsequent events and disclosed all material events through November 8, 2017, which is the date these consolidated financial statements of VHS were issued.

In July 2017, NantWorks LLC (NantWorks), the parent organization for health technology and business companies founded by Dr. Patrick Nant-Shiong, acquired a majority stake in VHS's management company, Integrity Healthcare, LLC, from Blue Mountain. There were no significant changes to the terms of the Restructuring Agreement or the California Attorney General requirements as a result of this transaction.

In August 2017, St. Vincent Medical Center Foundation received an unrestricted contribution of \$12,000 as part of a settlement.

In August 2017, VHS completed the sale of certain non-core land and real property located in Los Angeles, CA, for a total purchase price of \$17,950. The net book value of the property was classified as assets held for sale (see Note 6) at June 30, 2017, and VHS expects to recognize a gain on the sale of approximately \$15,900 in the fiscal year ending June 30, 2018.

In September 2017, the California Public Finance Authority issued \$21,000 of tax-exempt notes (the "2017 Notes") for the benefit of VHS. All of the 2017 Notes were purchased by NantWorks. The 2017 Notes are secured primarily by a certain master trust indenture among the Obligated Group Members and U.S. Bank National Association. The 2017 Notes bear interest at 7.25% and the principal is due at the maturity date in December 2020.

In October 2017, VHS borrowed \$66,220 (the "MOB Loan") from Verity MOB Financing, LLC. Verity MOB Financing, LLC, is wholly owned by NantWorks. The MOB Loan is secured by Deeds of Trust against four medical office buildings owned by Verity Holdings, LLC. The MOB Loan bears interest at a variable rate that adjusts monthly based on One Month LIBOR plus a spread and the MOB Loan is interest only for the initial term of 36 months. Principal and any unpaid interest is due at the end of the initial term unless extended. After the initial term, VHS has the option to extend the MOB Loan for two additional twelve month terms.

## **CONSUMMATION OF THE RESTRUCTURING AGREEMENT**

On July 17, 2015, Daughters of Charity Ministry Services Corporation, the Parent, certain funds managed by Blue Mountain Capital Management, LLC, and Integrity Healthcare, LLC entered into a System Restructuring and Support Agreement (the "Restructuring Agreement") to change the governance of and recapitalize the Parent and certain of its subsidiaries. The name of the Parent has been amended to be Verity Health System of California, Inc.

## **CALIFORNIA HOSPITAL FEE PROGRAM**

California legislation established a program in 2009 that imposes a Quality Assurance Fee (the "QA Fee") on certain general acute-care hospitals to make supplemental, grant, and increased capitation payments (the "Supplemental Payments") to hospitals up to the aggregate upper payment limit for various periods. There have been five such programs (collectively, the "Programs") since inception.

The Programs are designed to make supplemental inpatient and outpatient Medi-Cal payments to private hospitals, including additional payments for certain facilities that provide high-acuity care and trauma services to the Medi-Cal population. This hospital QA Fee program provides a mechanism for increasing payments to hospitals that serve Medi-Cal patients, with no impact on the state's General Fund. Payments are made directly by the state or Medi-Cal managed care plans, which will receive increased capitation rates from the state in amounts equal to the Supplemental Payments. Outside of the legislation, the California Hospital Association has created a private program, operated by the California Health Foundation and Trust (CHFT), which was established to alleviate disparities potentially resulting from the implementation of the Programs.

The Programs require full federal approval (i.e., by the Centers for Medicare and Medicaid Services ("CMS")) in order for them to be fully enacted. If final federal approval is not ultimately obtained, provisions in the underlying legislation allowed for the QA Fee, previously assessed, and Supplemental Payments, previously received, to be returned and recouped, respectively.

In October 2013, the fourth program (the "36-Month Program") covering the period from January 2014 to December 2016 was signed into law by the Governor of California. The fee-for-service payments of the 36-Month Program were approved in December 2014 by CMS. The first six months of non-expansion managed care payments were approved by CMS in June 2015. The first six months of expansion managed care payments were approved by CMS in March 2016. On

December 30, 2016, CMS approved the managed care payments spanning July 1, 2014 to December 31, 2014 for the expansion population and July 1, 2014 to June 30, 2015 for the non-expansion population. During April and May 2017, the managed care payments were received covering the expansion population for the period of January 1, 2015 to June 30, 2015. During October 2017, the managed care payments were received covering the period of July 1, 2015 to June 30, 2016. The only remaining period of the 36-Month Program are the managed care payments covering the period of July 2016 to December 2016 which has not been approved by CMS at this time.

In December 2017, the fifth program (the “30-Month Program”) covering the period of January 2017 to June 2019 was enacted after the voters approved Proposition 52 in the November 2016 election amending the California Constitution to make the QA Fee program permanent. CMS approved the fee for service (“FFS”) portion of the program in December 2017. The managed care portion of the program has not been approved by CMS at this time.

For the twelve months ended June 30, 2017, Verity recognized payments to the California Department of Health Care Services (the “DHCS”) for the QA Fee in the amount of \$70.0 million and pledge payments to the CHFT of \$2.4 million within purchased services, medical claims and other expenses. Verity recognized Supplemental Payment revenue for the twelve months ended June 30, 2017 in the amount of \$169.7 million within net patient service revenues. During the twelve months ended June 30, 2017, Verity made fee payments to DHCS of \$87.1 million and received cash receipts of \$185.4 million.

For the twelve months ended June 30, 2018, Verity recognized payments to DHCS for the QA Fee in the amount of \$127.1 million and pledge payments to CHFT of \$3.5 million within purchased services, medical claims and other expenses. Verity recognized Supplemental Payment revenue for the twelve months ended June 30, 2018 in the amount of \$298.9 million within net patient service revenues. During the twelve months ended June 30, 2018, Verity made fee payments to the DHCS of \$88.9 million and received cash receipts of \$272.2 million.

## **VOLUMES**

Patient discharges for the twelve months ended June 30, 2018 increased by 2.9% as compared to the same period of the prior year. Adjusted discharges for the twelve months ended June 30, 2018 increased by 3.4% compared to the same period of the prior year.

Total deliveries decreased by 11.2% during the twelve months ended June 30, 2018 as compared to the same period of the prior year.

Inpatient surgeries for the twelve months ended June 30, 2018 increased 5.4% as compared to the same period of the prior year. Outpatient surgeries for the twelve months ended June 30, 2018 increased 0.2% as compared to the same period of the prior year.

Emergency department visits for the twelve months ended June 30, 2018 decreased 2.0% compared to the same period of the prior year.

## **REVENUES**

### **Net Patient Service Revenue Less Provision for Bad Debts**

Net patient service revenue of \$1,373.3 million for the twelve months ended June 30, 2018 represents a net increase of \$106.1 million or 8.4% as compared to the same period of the prior year. The net overall change in net patient service revenue was impacted by an increase of \$129.2 million in Hospital Fee Program revenue. Net patient service revenue per adjusted discharge (excluding premium revenue, other revenue, contributions and investment earnings) of \$18,121 for the twelve months ended June 30, 2018 increased 4.8% as compared to the same period of the prior year. This increase in net patient service revenue per adjusted discharge is primarily due to the increase in the amount of Hospital Fee Program revenue recognized into income during the twelve months ended June 30, 2018.

### **Premium Revenues, Other Revenues, and Contributions**

Premium and other revenues of \$197.9 million for the twelve months ended June 30, 2018 represents an increase of \$51.3 million or 35.0% when compared to the same period of the prior year. This increase is mainly attributable to a gain on sale of an asset within the non-Obligated Group of \$15.5 million, gains of \$5.0 million associated with a settlement, and a \$31.6 million increase in premium revenues associated with additional capitation arrangements. Contributions of \$31.2 million during the twelve months ended June 30, 2018 decreased 52.5% as compared to the same period of the prior year. The decrease in contributions is related to the release of the restricted contribution as part of the consummation of the Restructuring Agreement which was recognized in the same period of the prior year.

### **Investment Earnings**

For the twelve months ended June 30, 2018, investment losses totaled \$7.5 million compared to losses of \$2.6 million during the same period of the prior year. The investment losses in both the current year and the prior year primarily resulted from other-than-temporary impairments of certain surgery center equity-method investments and contingent losses associated with a guarantee within the Non-Obligated Group. Verity redeemed its investments in these surgery centers subsequent to June 30, 2018 (see “Other Events”).

Verity recorded investment income of \$2.4 million and \$2.3 million for the twelve months ended June 30, 2018 and 2017, respectively, within the Obligated Group. Verity includes both realized and unrealized gains/losses as part of investment income. Verity invests in cash, equity securities, domestic and foreign, U.S. federal and corporate obligations.

## **EXPENSES**

### **Total Operating Expenses**

Total operating expenses of \$1,713.8 million for the twelve months ended June 30, 2018 represents an increase of \$199.0 million or 13.1% as compared to the same period of the prior year. The overall net change in operating expenses is due to an increase in salaries and benefits expense of \$73.8 million, an increase in supplies expense of \$26.1 million, an increase of \$95.6 million in purchased services, medical claims and other expense and an increase of \$8.8 million in interest expense, net, partially offset by a decrease in depreciation expense of \$2.3 million and a decrease in goodwill and intangible asset impairment of \$3.0 million. Total expense per adjusted discharge of \$22,614 for the twelve months ended June 30, 2018 represents an increase of 9.4% compared to the same period of the prior year.

### **Salaries, Wages, and Benefits**

Salaries, wages and benefits (“SWB”) expense of \$804.1 million for the twelve months ended June 30, 2018 increased \$73.8 million or 10.1% as compared to the same period of the prior year. SWB as a percent of net patient revenue (excluding premium revenue) for the twelve months ended June 30, 2018 was 58.6%, represents an increase of 1.6% compared to the same period of the prior year. The overall increase was due to staffing for higher volumes, wage increases, and insourcing of multiple functions across the system.

### **Supplies**

Supplies expense of \$198.5 million for the twelve months ended June 30, 2018 increased \$26.1 million or 15.2% as compared to the prior year due to the increase in overall volumes. Supplies expense as a percent of net patient revenue for the twelve months ended June 30, 2018 was 14.5% compared to 13.6% for the twelve months ended June 30, 2017.

### **Purchased Services, Medical Claims and Other**

Purchased services, medical claims and other expense for the twelve months ended June 30, 2018 of \$634.5 million increased by \$95.6 million or 17.8% as compared to the same period of the prior year. The increase in purchased services, medical claims and other expense is primarily due to an increase of \$34.5 million in medical claims corresponding with the increase in capitation arrangements, \$57.1 million in the Hospital Fee Program expense, \$17.6 million in medical fees corresponding to an increase in volumes and expansion at Verity Medical Foundation, partially offset by a decrease of \$16.8 million in consulting and legal fees primarily resulting from insourcing efforts.

### **Goodwill and Intangible Asset Impairment**

Goodwill and intangible asset impairment of \$7.2 million and \$10.2 million for the twelve months ended June 30, 2018 and 2017, respectively, is related to Verity’s controlling ownership interests in its Northern California ambulatory surgery management company, Verity BASM Holdco, LLC, (“BASM”). Verity redeemed its investment in BASM subsequent to June 30, 2018 (see “Other Events”).

### **Depreciation Expense**

Depreciation expense of \$32.6 million for the twelve months ended June 30, 2018 is a decrease of \$2.3 million or 6.6% as compared to the same period of the prior year.

### **Interest Expense - Net**

Interest expense of \$36.9 million for the twelve months ended June 30, 2018 is an increase of \$8.8 million as compared to the same period of the prior year as a result of the issuance of additional debt and tax assessment borrowing.

### **Management Agreement Fee Activity**

The 2015A, B, and D Notes are tax exempt, and the Series 2015C Notes are taxable.

The 2015 Notes are secured by an Obligation (as defined in the Master Indenture) on parity with other Obligations issued pursuant to the Master Indenture. In September 2017, the California Public Finance Authority issued \$21 million of tax-exempt notes (the “2017A Notes”) for the benefit of the Parent. All of the 2017A Notes were purchased by NantWorks, LLC (“Nant”), the owner of a majority stake in VHS’s management company, Integrity Healthcare LLC. The 2017A Notes are secured by an Obligation (as defined in the Master Indenture) on parity with other Obligations issued pursuant to the Master Indenture. In addition to their parity lien under the Master Indenture, the 2017A Notes have additional lien rights on the Obligated Group’s accounts receivable and in certain properties owned by St Francis Medical Center and Saint Louise Regional Hospital, all on parity with the 2015 Notes. Further, the 2017A Notes have a lien on property owned by a non-Obligated Group Member. The 2017A Notes bear interest at 7.25% and the principal is due at the maturity date in December 2020.

The loan bears interest at a variable rate tied to One Month Libor.

In December 2017, the California Public Finance Authority issued \$21 million of tax-exempt notes (the “2017B Notes” together with the 2017A Notes; collectively the “2017 Notes”) for the benefit of the Parent. All of the 2017B Notes were purchased by Nant. The 2017B Notes are secured by an Obligation (as defined in the Master Indenture) on parity with other Obligations issued pursuant to the Master Indenture. In addition to their parity lien under the Master Indenture, the 2017B Notes have additional lien rights on the Obligated Group’s accounts receivable and in certain properties owned by St Francis Medical Center and Saint Louise Regional Hospital, all on parity with the 2015 Notes. Further, the 2017B Notes have a lien on property owned by a non-Obligated Group Member. The 2017B Notes bear interest at 7.25% and the principal is due at the maturity date in December 2020.

### **OTHER EVENTS**

In July 2018, Verity announced it is exploring strategic options to alleviate financial and operational pressures on its five acute care hospitals and other facilities. At this time, a range of options is being considered, including the potential sale of some or all of its hospitals and medical buildings, among other possible transactions.

Also, in a series of transactions completed in August 2018, Verity Holdings, LLC, which is not a Member of the Obligated Group, redeemed its controlling interest in its Northern California ambulatory surgery management company, BASM, and its non-controlling ownership interest in five surgery centers managed by BASM.

**Management Changes of Members of the Obligated Group for the period**
