EX PARTE MOTION

Verity Health System of California, Inc. (“VHS”) and the above-referenced affiliated debtors, the debtors and debtors in possession in the above-captioned Chapter 11 bankruptcy cases (collectively, the “Debtors”), hereby submit this *ex parte* motion (the “Motion”) for the entry of an order allowing them to file, in connection with the Debtors’ status report [Docket No. 3692] (the “Status Report”), certain Correspondence (defined below) between the Debtors and Strategic Global Management, Inc. (“SGM”) under seal pursuant to §§ 105(a) and 107(b), (c), and (d),¹ Rule 9018, LBR 5003-2(c), and § 2.8(b) of the Court Manual.

I.

STATEMENT OF FACTS

1. On November 19, 2019, the Debtors filed their *Motion To (A) Continue Hearing On Motion Of The Debtors For An Order Approving: (I) Proposed Disclosure Statement; (II) Solicitation And Voting Procedures; (III) Notice And Objection Procedures For Confirmation Of Debtors’ Plan, And (IV) Granting Related Relief; (B) Continue The Debtors’ Reply Deadline With Respect To Disclosure Statement Objections, And (C) Use The November 26, 2019, 10:00 A.M. Hearing Date For A Status Conference On This Matter* [Docket No. 3644] (the “Continuance Motion”), which sought to continue the hearing set for approval of the *Disclosure Statement Describing Debtors’ Chapter 11 Plan of Liquidation (Dated September 3, 2019)* [Docket No. 2994] (the “Disclosure Statement Hearing”) and requested that the Court hold a status conference (the “Status Conference”), in lieu of the Disclosure Statement Hearing, to discuss the pending sale (the “SGM Sale”) of certain of the Debtors’ hospitals to SGM pursuant to that certain asset purchase agreement [Docket No. 2305-1] (the “SGM APA”).

2. On November 20, 2019, the Court entered an order [Docket No. 3646] (the “Order”) (i) granting the Continuance Motion, (ii) continuing the Disclosure Statement Hearing,

¹ Unless specified otherwise, all chapter and section references are to the Bankruptcy Code, 11 U.S.C. §§ 101-1532, all “Rule” references are to the Federal Rules of Bankruptcy Procedure, all “LBR” references are to the Local Bankruptcy Rules for the United States Bankruptcy Court for the Central District of California, and all “Court Manual” references are to the Court Manual for the United States Bankruptcy Court for the Central District of California.

(iii) scheduling the Status Conference for November 26, 2019, at 10:00 a.m., and (iv) and requiring the Debtors to file the Status Report. *See* Order at 2. The Order provided that the Status Report must address (a) the status of the closing of the SGM Sale, and (b) the Debtors’ plan for expeditiously resolving these cases in the event that the SGM Sale does not close (“Plan B”). *Id.*

3. On November 22, 2019, the Debtors filed the *Debtors’ Ex Parte Motion Allowing The Debtors To File “Plan B” Of Their Status Report Under Seal* [Docket No. 3678] (the “Motion to Seal”). As set forth more fully in the Motion to Seal, the Debtors requested authority to file Plan B under seal. *See* Mot. to Seal at 4. On November 22, 2019, the Court entered an order [Docket No. 3679] granting the Motion to Seal.

4. On November 24, 2019, the Debtors filed the Status Report. In the Status Report, the Debtors generally address (i) the November 20, 2019 letter from the Debtors to SGM (the “Debtors’ Nov. 20 Letter”), and (ii) the November 22, 2019 response from SGM to the Debtors (the “SGM Letter”). *See* Status Report at 1-2. Generally, the (i) Debtors’ Nov. 20 Letter addresses the Debtors’ satisfaction of conditions to closing the SGM Sale, and (ii) the SGM Letter alleges, among other things, “Material Adverse Effects” under the terms of the SGM APA. *See id.*

5. The Debtors intend to send a letter today in response to the SGM Letter (collectively, with the Debtors’ Nov. 20 Letter and the SGM Letter, the “Correspondence”).

6. The Correspondence is relevant to the Court’s request that the Debtors provide “the status of the closing of the SGM Sale.” *See* Order at 2. The Debtors, however, believe that publicly filing the Correspondence may be prejudicial and harmful to the estates because the Correspondence contains sensitive and confidential commercial information. Public disclosure of the Correspondence may have an adverse impact on (i) closing the SGM Sale, (ii) any alternative sales under Plan B, and the Debtors’ ability to maximize value thereto, and (iii) the current operations of the Debtors, employee retention and morale, and vendor support. Consequently, the Debtors request authority to file the Correspondence under seal.

7. The Official Unsecured Creditors Committee (the “UCC”) and lenders support the relief sought in this Motion.

II.

REQUEST FOR SEALING

The Debtors request to file the Correspondence under seal pursuant to §§ 105(a) and 107(b), (c), and (d), Rule 9018, LBR 5003-2(c), and § 2.8(b) of the Court Manual.

The Court may issue orders that will protect entities from potential harm caused by disclosure of confidential information, including “confidential research, development, or commercial information.” 11 U.S.C. §§ 107(b), (c); *see also* Fed. R. Bankr. P. 9018. Section 107 codifies “the rule that the public’s right to access [information in a case is] far from absolute.” *In re JMS Auto. Rebuilders, Inc.*, No. 01-05600, 2002 WL 32817517, at *3 (C.D. Cal. Jan. 15, 2002). Because of the term “shall,” “§ 107(b) [makes] it mandatory for a [bankruptcy] court to protect documents falling into one of the enumerated exceptions.” *In re Khan*, No. 13-1297, 2013 WL 6645436, at *3 (B.A.P. 9th Cir. Dec. 17, 2013); *see also Video Software Dealers Ass’n v. Orion Pictures Corp. (In re Orion Pictures Corp.)*, 21 F.3d 24, 27 (2d Cir. 1994) (“if the information fits any of the specified categories, the court is *required* to protect a requesting interested party and has no discretion to deny the application”) (emphasis in original).

Further, courts may seal confidential commercial information to preserve the value of a proposed transaction or protect employee retention or morale. Specifically, for purposes of section 107(b), “commercial information” includes information which could negatively impact a debtor or its creditors. *See Orion Pictures*, 21 F.3d at 27 (affirming the protection of information which could negatively impact the debtor’s ability to negotiate favorable promotional agreements in the future); *In re Georgetown Steel Co., LLC*, 306 B.R. 542, 547 (Bankr. D.S.C. 2004) (protecting information which could negatively impact employee retention and morale); *In re Global Crossing, Ltd.*, 295 B.R. 720, 726 (Bankr. S.D.N.Y. 2003) (protecting information which could “injure the Debtors or thwart a transaction that the debtor and their unsecured creditors desire”).

Rule 9018 sets forth the procedure by which a party may move for relief to seal and states that the Court “may make any order which justice requires (1) to protect the estate or any entity in respect of a trade secret or other confidential research, development or commercial information.”

DENTONS US LLP

(213) 623-9300

1 FED. R. BANKR. P. 9018. Under § 2.8(b)(1) of the Court Manual, a party seeking to file documents
2 under seal must not file the sealed documents until the Court has ruled on its motion to seal the
3 information. The moving party “must describe the nature of the information that the party asserts
4 is confidential (without disclosing the confidential information itself) and explain why the
5 information should not be publicly disclosed.” *Id.*

6 The Debtors seek to file the Correspondence under seal because:

- 7 i. the SGM Sale is still pending and the Debtors do not desire to adversely impact the
8 SGM Sale by making public any of the Parties’ ongoing discussions concerning the
9 SGM Sale;
- 10 ii. given the possibility that the SGM Sale may still close, the Debtors do not wish to
11 further disrupt operations, employee retention and morale, and vendor support by
12 filing the Correspondence;
- 13 iii. the Debtors wish to maximize the value of any alternative sales under Plan B and
14 avoid any adverse impact to such sales; and
- 15 iv. the Debtors do not wish to file documents that contain confidential commercial
16 information at such a sensitive juncture.

17 Applying § 107(b), courts have stated that § 107(b) is not a “narrow exception, [but is]
18 designed to adapt the common law rule to the business realities of Chapter 11” and that § 107(b)
19 “is a pretty strong statement by Congress that confidential information should be protected” for
20 information that “[c]ompanies don’t go around publishing, internally let alone externally.” *In re*
21 *Energy Future Holdings Corp.*, No. 14-10979 [Docket No. 2375] (Hr’g Tr. at 29:7-30:23) (Bankr.
22 D. Del. Oct. 8, 2014) (available at Docket 718-1 in these Cases).

23 Here, the “business realities” support sealing the Correspondence from the public and
24 parties that might seek to wield the contents of the Correspondence against the Debtors. The
25 Debtors strongly believe that it would be highly prejudicial and harmful to the estates and their
26 ability to close the SGM Sale at the stated purchase price—or maximize value for any sales under
27 Plan B—should the Correspondence prematurely become a matter of public record. Accordingly,
28

the interests of the Debtors' estates and the Debtors' constituents are best served by filing the Correspondence under seal at this time.²

Notwithstanding the foregoing, Debtors will serve the Correspondence before the Status Conference to: (i) counsel for the UCC; (ii) counsel for the indenture trustees for the Debtors' prepetition lenders, UMB Bank N.A., as Successor Master Trustee for the Master Indenture Obligations, Wells Fargo Bank National Association as Indentures Trustee for Series 2005 Revenue Bonds, U.S. Bank National Association, as Series 2015 and Series 2017 Note Collateral Agent and Note Trustee, Verity MOB Financing LLC, and Verity MOB Financing II LLC; (iii) counsel for SGM; and (iv) other parties in interest who have signed non-disclosure agreements, per the Debtors' discretion (the "Disclosure Parties").

III.

CONCLUSION

WHEREFORE, the Debtors respectfully request that this Court issue an order:

- (a) Allowing the Debtors to file the Correspondence under seal, with service to the Disclosure Parties; and
- (b) Granting such other and further relief as the Court deems just and proper.

2. I have extensive senior-level experience in the nonprofit healthcare arena, especially in the areas of healthcare delivery, hospital acute care services, health plan management, budgeting, disease management, and medical devices. I have meaningful experience in both the technology and healthcare industries in the areas of product development, business development, mergers and acquisitions, marketing, financing, strategic and tactical planning, human resources, and engineering.

3. I have personal knowledge of the facts stated in this Declaration, except as to those stated on information and belief, and, as to those, I am informed and believe them to be true. If called as a witness, I could and would competently testify to the matters stated herein.

5. The Correspondence is relevant to the Court's request that the Debtors provide "the status of the closing of the SGM Sale." *See* Order at 2. The Debtors, however, believe that publicly filing the Correspondence may be prejudicial and harmful to the estates because the Correspondence contains sensitive and confidential commercial information. Public disclosure of the Correspondence may have an adverse impact on (i) closing the SGM Sale, (ii) any alternative sales under Plan B, and the Debtors' ability to maximize value thereto, and (iii) the current operations of the Debtors, employee retention and morale, and vendor support. Consequently, the Debtors request authority to file the Correspondence under seal.

6. The Debtors seek to file the Correspondence under seal because:

³ Capitalized terms not otherwise defined in this Declaration have the definitions set forth in the Motion.

2 impact the SGM Sale by making public any of the Parties' ongoing

**STRATEGIC GLOBAL MANAGEMENT,
INC.'S OBJECTION TO DEBTOR'S EX
PARTE MOTION FOR AN ORDER
ALLOWING THE DEBTORS TO FILE
CORRESPONDENCE REGARDING THE
SGM SALE UNDER SEAL**

[No Hearing Required per Bankruptcy Rule
9018]

1 Strategic Global Management, Inc. (“SGM”) respectfully submits the following *Objection*
2 *to the Debtor’s Ex Parte Motion for an Order Allowing the Debtors to File Correspondence*
3 *Regarding the SGM Sale under Seal* [Doc. 3697] (“Motion to Seal Correspondence”).

4 **I.**

5 **STATEMENT OF FACTS**

6 As this Court is aware, the Debtors and SGM are the parties to an Asset Purchase
7 Agreement, the final version of which was filed with this Court on May 2, 2019 [Doc. 2305]
8 (“APA”).

9 As this Court is also aware, certain disputes and controversies have arisen between SGM
10 and the Debtors with regard to the APA and, as a result of the emergence of those issues, the
11 parties have exchanged letters; the Debtor’s letter to SGM dated November 19, 2019 and SGM’s
12 letter to the Debtors dated November 22, 2019.

13 In the Debtors’ Status Report, which was filed on November 24, 2019 [Doc. 3692] the
14 Debtors acknowledged SGM’s letter of November 22, 2019 and stated, in Footnote 1:

15 “The Debtors did not attach the Debtor’s letter or SGM’s letter to this Status
16 Report, at this time, given that they pertain to ongoing discussions between the
17 parties.”

18 SGM believes that the Debtors’ position was appropriate since the present matter, i.e. a
19 Status Conference pertaining to the Debtors’ Disclosure Statement (a proceeding in which SGM
20 has not been involved and in connection with which it has taken no position), is not the
21 appropriate forum to request that the Court begin considering the issues, controversies and claims,
22 that may exist between the parties; and, certainly not to make any ruling, preliminary or
23 otherwise, concerning any of those claims and controversies. Indeed, SGM has been steadfast in
24 reserving all of its rights and not, in any way, conceding claims and arguments that the Debtors
25 have been making concerning the Debtors’ compliance with all conditions required of the Debtors
26 in connection with the APA.

II.

OBJECTION TO RELIEF REQUESTED

IN MOTION TO SEAL CORRESPONDENCE

At approximately 2:55 p.m. this afternoon, SGM received, through ECF, the *Debtor's Motion to Seal Correspondence* in connection with which the Debtor is proposing to file with this Court, and serve on certain "Disclosure Parties," including SGM, the Debtor's response to SGM's letter of November 22, 2019. **However, the Debtor does not propose to submit to the Court SGM's letter of November 22, 2019.** Thus, the Debtor is proposing to submit to the Court an entirely one-sided statement, out of context, which would be grossly prejudicial and fundamentally unfair to SGM. Indeed, SGM does not see any conceivable justification for the Debtors to file their correspondence other than as an attempt to influence the Court regarding the substantive merit of various, serious and complex claims that SGM has been asserting, without adhering to any rules of procedure, rules of evidence or due process. The "Correspondence" should not be submitted to the court at this time. Such correspondence should only be presented when doing so is proper under applicable rules of procedure and evidence.¹

CONCLUSION

For the reasons stated above, the *Debtor's Ex Parte Motion for an Order Allowing the Debtors to File Correspondence Regarding the SGM Sale under Seal* should be denied.

Dated: November 25, 2019

¹ At the same time, the Debtors are apparently going to request that the Court resolve certain of those claims on an expedited and truncated process, which completely ignores applicable rules of bankruptcy procedure and due process protections to which SGM is entitled. This issue will be addressed in SGM's forthcoming Reservation of Rights in connection with Debtor's Status Report, which will be filed later today.

1 MR. MAIZEL: Well, Your Honor, we believe that
2 the vast majority -- in fact, we believe all of the
3 conditions are either satisfied or the allegations that
4 have been raised were waived because of the due diligence
5 period that expired on January 8th of this year.

6 THE COURT: Well --

7 MR. MAIZEL: So we agree with Your Honor, but the
8 problem is we have a buyer who believes there are material
9 adverse effects and the asset pur --

10 THE COURT: That's what confused me and that's
11 why I wasn't sure who was on first on this because why is
12 it your responsibility to give an avenue for the airing of
13 some sort of dispute which I think is the obligation of the
14 purchaser to have raised?

15 MR. MAIZEL: Well, Your Honor, we have an
16 obligation as fiduciary, as do our creditors, to see if
17 this sale can close because this is still Plan A sale. If
18 we can -- we are optimistic that if we show this buyer that
19 there are no -- that the Court would find there are no
20 material adverse effects, that this buyer who says in their
21 papers --

22 THE COURT: I have a surprise for you. As far as
23 the Court is concerned, the purchaser is a proud owner of a
24 passel of funds. Have fun.

25 All right. Look, there is no definition, as far

Page

13

1 as I'm aware, in Article II of what a material adverse
2 effect is, so let me supply what I think that definition is
3 and that definition is con -- a condition under which a
4 transaction -- a transaction would no longer be viable.
5 And because it appears in Article II there is another
6 requirement that that adverse effect is either a result of
7 fraud or misrepresentation. And if the -- and also because
8 there is a specific time requirement to get that material
9 adverse effect, it is the product of misrepresentation or
10 fraud before the Court has long since passed.

11 So what we have here, in my view, is just buyer's
12 remorse and I don't share in the boo-hoo of that. I had an
13 opportunity to review some of the correspondence going back
14 and forth. The picayune, the smallness of those alleged
15 transactions do not, in my view, reach the level of
16 material adverse effect. Sorry. That's what I think

17 The argument that somehow this Court is required
18 to have an adversary proceeding is absurd. That only
19 appears as far -- again, as far as I'm aware in the longest
20 paragraph known to man and that is I believe 8.6. Yes,
21 8.6. We're long past 8.6. The Attorney General has done
22 the right thing and we don't have those conditions.

23 So now we're left with a curious statement at
24 page 35 of my copy of the APA, which says that whether a
25 material adverse effect has occurred for any purpose under

Page

14

1 this agreement shall be exclusive settled by determination
2 made by the Bankruptcy Court. Doesn't say anything about
3 an adversary proceeding. "Exclusively," in my view, means
4 not appealable. So once we make the determination, which I
5 don't think we can do on a timely basis anymore, that's
6 gone.

7 After reviewing the statement of strategic, I
8 don't want to cast any negative aspersions at all. But I
9 want to make clear that I believe that it is operating very
10 closely within the satellite of bad faith. I think it has
11 an obligation to close. I think it wants to negotiate a
12 better deal. I think it believes that it will be
13 unpalatable for the Court and for others here to see
14 patients, young, old, infirmed, being wheeled or carted out
15 of the hospitals. That's a cynical view and I don't adhere
16 to it.

17 I believe that this contract is interpreted under
18 the laws of the State of California and so it has with it
19 the implied covenant of good faith and fair dealing and I
20 don't think that we have that here. I suspect that this
21 will close and if not, then they will pay damages pursuant
22 to this agreement.

23 All right. And that's all. And I don't see a

I. Introduction

At the above-captioned date and time, the Court conducted a Status Conference regarding the Asset Purchase Agreement (the "APA") under which Strategic Global Management ("SGM") agreed to purchase the Debtors' four remaining hospitals (the "Hospitals," and the sale transaction, the "SGM Sale"). For the reasons set forth below, the Court finds that as of November 19, 2019, all conditions precedent to SGM's obligation to close had been satisfied.

1820151191127000000000017

Accordingly, pursuant to § 1.3 of the APA, SGM is obligated to close the SGM Sale by no later than December 5, 2019.

II. Findings and Conclusions

A. Adjudication of SGM's Obligations Under the APA Does Not Require an Adversary Proceeding

At the outset, the Court rejects SGM's contention that the Court is required adjudicate issues pertaining to SGM's obligations under the APA within the context of an adversary proceeding. SGM asserts that not all conditions precedent to closing have been satisfied. Specifically, SGM maintains that the Debtors have failed to comply with certain of the conditions and obligations imposed upon them by the APA, and that these alleged failures to perform have resulted in a Material Adverse Effect under the APA, relieving SGM of its obligation to close.

SGM is not obligated to close unless all the conditions precedent set forth in Article 8 have been satisfied. Among the conditions precedent is Article 8.4, which provides:

Sellers [the Debtors] shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by Sellers on or prior to the Closing Date; provided, however, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

The APA provides that "any dispute between Purchaser [SGM] and Sellers [the Debtors] as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court." APA at Art. 9.1(c). Nothing within Article 9.1(c) requires that the determination contemplated therein occur through an adversary proceeding. In contrast, Article 8.6 provides that any dispute pertaining to certain aspects of that article "shall be determined by the Bankruptcy Court only in the context of an adversary proceeding." The absence of comparable language in Article 9.1(c) undercuts SGM's contention that disputes under that article must be determined through an adversary proceeding.

Bankruptcy Rule 7001¹ provides that the following matters are adversary proceedings:

- 1) a proceeding to recover money or property, other than a proceeding to compel the debtor to deliver property to the trustee, or a proceeding under §554(b) or §725 of the Code, Rule 2017, or Rule 6002;
- 2) a proceeding to determine the validity, priority, or extent of a lien or other interest in property, but not a proceeding under Rule 3012 or Rule 4003(d);

¹ Unless otherwise indicated, all "Civil Rule" references are to the Federal Rules of Civil Procedure, Rules 1–86; all "Bankruptcy Rule" references are to the Federal Rules of Bankruptcy Procedure, Rules 1001–9037; all "Evidence Rule" references are to the Federal Rules of Evidence, Rules 101–1103; all "LBR" references are to the Local Bankruptcy Rules of the United States Bankruptcy Court for the Central District of California, Rules 1001-1–9075-1; and all statutory references are to the Bankruptcy Code, 11 U.S.C. §§ 101–1532.

- 3) a proceeding to obtain approval under §363(h) for the sale of both the interest of the estate and of a co-owner in property;
- 4) a proceeding to object to or revoke a discharge, other than an objection to discharge under §§727(a)(8), 1 (a)(9), or 1328(f);
- 5) a proceeding to revoke an order of confirmation of a chapter 11, chapter 12, or chapter 13 plan;
- 6) a proceeding to determine the dischargeability of a debt;
- 7) a proceeding to obtain an injunction or other equitable relief, except when a chapter 9, chapter 11, chapter 12, or chapter 13 plan provides for the relief;
- 8) a proceeding to subordinate any allowed claim or interest, except when a chapter 9, chapter 11, chapter 12, or chapter 13 plan provides for subordination;
- 9) a proceeding to obtain a declaratory judgment relating to any of the foregoing; or
- 10) a proceeding to determine a claim or cause of action removed under 28 U.S.C. §1452.

SGM contends that a determination of whether a Material Adverse Effect has occurred is “a proceeding to recovery money or property,” “a proceeding to obtain an injunction or other equitable relief,” and/or “a proceeding to obtain a declaratory judgment relating” to any of the types of proceedings set forth in Bankruptcy Rule 7001(1)–(8). SGM is mistaken.

First, adjudication of whether a “Material Adverse Effect” has occurred is not “a proceeding to recover money or property.” Instead, such adjudication involves interpretation of a contract (the APA). It is true that a determination that there has been no Material Adverse Effect and that SGM is obligated to close the sale would require SGM to perform under its agreement to purchase the Hospitals. The fact that performance would require SGM to transfer money to the Debtors (the purchase price for the Hospitals) does not transform the “Material Adverse Effect” issue into a “proceeding to recovery money or property” within the meaning of Bankruptcy Rule 7001(1). SGM voluntarily chose to execute the APA and serve as the stalking horse bidder for the Hospitals for a purchase price of \$610 million, subject to various adjustments. A determination requiring SGM to follow through on its commitments is very different from the typical actions brought under Bankruptcy Rule 7001(1)—such as proceedings to avoid preferences under § 547, proceedings to avoid fraudulent transfers under § 548, or proceedings to set aside post-petition transfers under § 549.

Second, adjudication of the “Material Adverse Effect” issue is not “a proceeding to obtain an injunction or other equitable relief.” A determination setting forth SGM’s obligations under a contract which it executed (the APA) is not an injunction or a form of equitable relief.

Third, adjudication of the “Material Adverse Effect” issue is not “a proceeding to obtain a declaratory judgment” relating to any of the types of proceedings set forth in Bankruptcy Rule 7001(1)–(8). Interpretation of the APA does not fall within the scope of any of the types of proceedings set forth in Bankruptcy Rule 7001(1)–(8). Therefore, a declaration of SGM’s obligations under the APA does not fall within the ambit of Bankruptcy Rule 7001(9).

B. Adjudication of SGM’s Obligations Under the APA Is Not Premature

SGM asserts that the issue of whether it has performed its obligations under the APA is not yet properly before the Court, and that the Debtors’ request for a determination as to this issue is premature. SGM states that it has not yet decided whether it will close the SGM Sale. According to SGM, a case or controversy will arise only after SGM makes a final determination that it will not close the SGM Sale.

SGM is incorrect. SGM has made representations to the Debtors that provide reasonable grounds for the Debtors to doubt that SGM will fulfill its obligations under the APA. (The contents of those representations are not discussed herein because they have been presented to the Court under seal.) In response to the Debtors' demand for written assurance that SGM would fulfill its obligations, SGM sent the Debtors two letters casting further doubt upon whether it would perform under the APA (the "Nov. 22 Letters").² SGM's actions have given rise to a case or controversy.

The Court further notes that although SGM presented its ripeness argument in a document captioned as a reservation of rights,³ SGM's submission was in reality an opposition to the Debtor's assertion that all conditions precedent to SGM's obligation to close have been satisfied. The Nov. 22 Letters also qualify as an opposition to the Debtors' assertions regarding SGM's obligation to close. The Nov. 22 Letters contain 19 single-spaced pages of legal argument and 38 pages of supporting exhibits. SGM's arguments regarding its obligations under the APA have been fully presented to the Court.

Finally, and as further discussed in Section II.D., below, the Court finds that SGM's contention that it is not obligated to close is a cynical attempt to extract a better purchase price. A key component of SGM's negotiation strategy is its attempt to delay as long as possible the adjudication of its obligations under the APA. The Court will not facilitate SGM's dubious tactics.

C. SGM Is Not Entitled to Appeal the Bankruptcy Court's Determination Regarding a Material Adverse Effect

SGM received substantial benefits under the APA, including the right to receive a breakup fee in the event that it was outbid and consultation rights in the event that an auction of the Hospitals occurred. In exchange for receiving those benefits, SGM waived certain rights, including its right to appeal any determination made by the Bankruptcy Court with respect to the occurrence of a Material Adverse Effect.

As noted, the APA provides that "any dispute between Purchaser [SGM] and Sellers [the Debtors] as to whether a Material Adverse Effect has occurred for any purpose under this Agreement *shall be exclusively settled* by a determination made by the Bankruptcy Court." APA at Art. 9.1(c). This provision means that only the Bankruptcy Court, and no other court (including any appellate court), is entitled to determine Material Adverse Effect issues.

D. No Material Adverse Effect Has Occurred

As set forth above, SGM alleges that the Debtors have failed to comply with certain of the conditions and obligations imposed upon them by the APA, and that these alleged failures to perform have resulted in a Material Adverse Effect, relieving SGM of its obligation to close. This Memorandum of Decision does not discuss SGM's allegations in detail, as doing so would damage the estates by adversely affecting (1) the Debtors' efforts to close the SGM Sale and (2) the Debtors' ability to maximize the value of the Hospitals in the event the SGM Sale does not close.

² The Nov. 22 Letters have also been filed under seal.

³ Doc. No. 3701.

Under Section 8.4 of the APA, SGM is excused from its obligation to close only if (1) the Debtors have failed to perform their obligations under the APA and if (2) such failure to perform has resulted in a Material Adverse Effect.

The APA's definition of "Material Adverse Effect" is very brief. Under the APA, a "Material Adverse Effect" is "a material adverse effect upon the Hospitals, taken as a whole" APA at Art. 2, Preamble.

"Material Adverse Effect" is a term of art routinely used in asset purchase agreements of the type at issue here. The parties' use of a term of art, combined with their decision to define the term with only minimal detail, shows that the parties intended to rely upon the definition of the term contained in applicable caselaw.

The APA is governed by California law, except to the extent that California law is superseded by the Bankruptcy Code or other applicable federal law. APA at Art. 12.3. California law on the meaning of a material adverse effect clause—sometimes known as a material adverse change clause—is not well developed. The few cases which do address material adverse effect clauses view their enforcement with disfavor. For example, in *1601 McCarthy Blvd., LLC v. GMAC Comm'l Mortg. Corp.*, 2005 WL 4859147 (Cal. Super. Ct. June 1, 2005), the court held that a loan servicer's invocation of a material adverse effect clause to avoid its obligation to disburse funds to a borrower was an "unfair business practice or act," because the servicer "used the material adverse change clause as a lever against [the borrower] to retain control over the borrower's ... funds." *McCarthy Blvd.*, 2005 WL 4859147 at *¶ 59. The court found:

[L]enders rarely employ—and even less frequently invoke and enforce—this type of broad-based material adverse change clause in commercial real estate transactions.... And even when they are invoked, ... lenders only use the clause as a tool to "bring the borrower to the table, use it as lever against the borrower, or ... a club against the borrower to modify the loan or change the loan." There is no evidence in the record that the material adverse change clause in the Deed of Trust benefits any side but the lender, or serves any other purpose than to threaten the borrower with dire consequences....

The record supports Mr. Greenwald's opinion that broad-based material adverse change clauses are rarely used, and in those rare instances when they are, they are placed in deeds of trust purely for their in terrorem effect and not with any genuine intention to invoke them.

Id. at ¶¶ 59 and 68.

Although the APA is governed by California law, Delaware cases interpreting material adverse effect clauses are helpful persuasive authority. A significant amount of the litigation over the enforcement of asset purchase agreements occurs before Delaware courts, and the Delaware caselaw interpreting material adverse effect clauses is well developed.

In *In re IBP, Inc. Shareholders Litigation*, the court rejected purchaser Tyson Foods' claim that it was not required to consummate a merger because of a material adverse effect. The court held:

[A] buyer ought to have to make a strong showing to invoke a Material Adverse Effect exception to its obligation to close. Merger contracts are heavily negotiated and cover a large number of specific risks explicitly. As a result, even where a Material Adverse Effect condition is as broadly written as the one in the Merger Agreement, that provision

is best read as a backstop protecting the acquiror from the occurrence of unknown events that substantially threaten the overall earnings potential of the target in a durationally-significant manner. A short-term hiccup in earnings should not suffice; rather the Material Adverse Effect should be material when viewed from the longer-term perspective of a reasonable acquiror.

In re IBP, Inc. Shareholders Litig. (IBP, Inc. v. Tyson Foods, Inc.), 789 A.2d 14, 68 (Del. Ch. 2001).

In *Hexion Specialty Chemicals, Inc. v. Huntsman Corp.*, 965 A.2d 715, 738 (Del. Ch. 2008), the court reiterated that a “buyer faces a heavy burden when it attempts to invoke a material adverse effect clause in order to avoid its obligation to close.”

Assessment of the occurrence of a Material Adverse Effect must take into account the \$610 million purchase price for the Hospitals. To prevail upon its assertion of a Material Adverse Effect, SGM would be required to show the occurrence of unexpected events which have substantially reduced the value of the Hospitals. Here, representative examples of a “Material Adverse Effect” under Article 8.4 of the APA would include the Debtors’ failure to maintain the Hospitals’ licensure, or the Debtors’ operation of the Hospitals in a manner that caused regulatory authorities to close key departments within the Hospitals, such as the emergency department or pharmacy.

None of SGM’s allegations come even close to showing a Material Adverse Effect. Even if all the allegations are true (a finding the Court does not make), SGM would not be excused from closing the sale under Article 8.4 of the APA.⁴

SGM’s invocation of the APA’s Material Adverse Effect provision is not well taken. The Court has previously made clear that the closing of the SGM Sale is the lynchpin of the Debtors’ plan of liquidation; that if the SGM Sale does not promptly close, the most likely outcome will be the closure of three of the four Hospitals; and that the prompt closing of the sale is critical to the estates’ liquidity position.⁵ SGM is well aware that it was the only bidder for the Hospitals. By presenting non-meritorious arguments as to why it is not obligated to close, SGM is holding the estates, creditors, and patients of the Hospitals hostage in an attempt to extort a better purchase price. SGM’s cynical tactics are especially offensive given the significant harm that closure of the Hospitals would impose upon patients. For example, two of the Hospitals that

⁴ Had SGM presented its allegations by way of an adversary complaint, the Court would dismiss such a complaint under Civil Rule 12(b)(6) for failure to state a claim upon which relief could be granted.

⁵ See Memorandum of Decision Granting Debtors’ Emergency Motion to Enforce the Sale Order (the “Sale Enforcement Memorandum”) [Doc. No. 3446] at 3–4 and Memorandum of Decision (1) Finding that SGM is Obligated to Promptly Close the SGM Sale Under § 8.6 of the APA, Provided that All Other Conditions to Closing Have Been Satisfied and (2) Granting Debtors’ Motion for a Continuance of the Hearing to Approve the Disclosure Statement [Doc. No. 3632]. The Sale Enforcement Memorandum was subsequently vacated pursuant to a stipulation between the Debtors and the California Attorney General (the “Attorney General”), under which the Attorney General agreed not to pursue an appeal in exchange for vacatur of the Sale Enforcement Memorandum. Doc. No. 3599. Notwithstanding such vacatur, the Sale Enforcement Memorandum’s findings regarding the importance of consummation of the SGM Sale remain valid.

would likely close upon failure of the SGM Sale contain large populations of long-term patients suffering from severe illnesses, all of whom would have to be relocated to other facilities.

E. All Conditions Precedent to Closing Have Been Satisfied

The Court has previously found that the condition precedent to closing set forth in Article 8.6 of the APA has been satisfied.⁶ All other conditions precedent to closing were satisfied as of November 19, 2019. On that date, the Debtors obtained a settlement with the Centers for Medicare and Medicaid Services providing for the transfer of their Medicare Provider Agreements to SGM, thereby satisfying their remaining obligations under Article 8.7 of the APA.⁷

Article 1.3 obligates SGM to close the sale “promptly but no later than ten (10) business days following the satisfaction” of all conditions precedent. As all conditions precedent were satisfied on November 19, 2019, SGM is obligated to close the sale by no later than December 5, 2019.

III. Conclusion

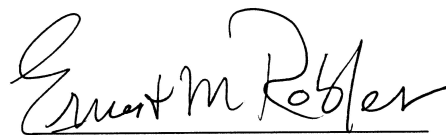

Based upon the foregoing, the Court finds that all conditions precedent to SGM’s obligation to close the SGM Sale have been satisfied. Pursuant to Article 1.3 of the APA, SGM is obligated to close by no later than December 5, 2019. The Court will enter an order consistent with this Memorandum of Decision.

⁶ Memorandum of Decision (1) Finding that SGM is Obligated to Promptly Close the SGM Sale Under § 8.6 of the APA, Provided that All Other Conditions to Closing Have Been Satisfied and (2) Granting Debtors’ Motion for a Continuance of the Hearing to Approve the Disclosure Statement [Doc. No. 3632].

⁷ Article 8.7 also obligates the Debtors to transfer their Medi-Cal Provider Agreements to SGM pursuant to a settlement agreement with the California Department of Health Care Services (the “DHCS”). The Debtors materially complied with Article 8.7 by obtaining an order authorizing the transfer of the Medi-Cal Provider Agreements free and clear of any interest asserted by the DHCS. *See* Order Authorizing Debtors to Sell Medi-Cal Provider Agreements, Free and Clear of Interest Asserted by the California Department of Health Care Services, Pursuant to §§ 363(b) and (f)(5) [Doc. EMERGENCY MOTION

Pursuant to LBR¹ 9020-1 and 9075-1, Rule 6004, and §§ 363 and 105(a), Verity Health System Of California, Inc. (“VHS”) and the above-referenced affiliated debtors, the debtors and debtors in possession (collectively, the “Debtors”) in the above-captioned chapter 11 bankruptcy cases (the “Cases”), respectfully request, on an emergency basis (the “Motion”), that the Court: (i) issue an order to show cause, lodged concurrently herewith pursuant to LBR 9020-1(a), on an expedited basis ordering Strategic Global Management, Inc. (“SGM”) and its principals, Kali Pradip Chaudhuri, William Thomas, and Peter Baronoff, to appear in this Court, on December 11, 2019, at 10:00 a.m., and show cause as to why SGM failed to comply with this Court’s order [Docket No. 3724] (the “Closing Order”) requiring SGM to close the sale (the “SGM Sale”) pursuant to that certain asset purchase agreement [Docket No. 2305-1] (the “APA”) by no later than December 5, 2019, including, but not limited to, stating whether SGM has the financial ability to proceed with this transaction in accordance with the APA, and whether it intends to close the transaction; (ii) set the balance of the relief requested in this Motion and the attached Memorandum of Points and Authorities for an emergency hearing on December 11, 2019, at 10:00 a.m., to consider the Debtors’ request for an order (a) enforcing this Court’s order [Docket No. 2306] (the “Sale Order”) approving the SGM Sale and Closing Order, (b) finding that SGM is in material breach of the APA for (among other things) failing to Close the SGM Sale by December 5, 2019, (c) finding that the Debtors may terminate the APA at any time without further notice to SGM, and (d) finding that the Debtors shall retain the \$30 million non-refundable deposit received from SGM as Sales Proceeds within the meaning of and pursuant to the terms of the Final DIP Order [Docket No. 409]; and (iii) granting such other and further relief as the Court deems just and proper.

The Debtors request that the relief sought herein be granted on an emergency basis because they will suffer immediate and irreparable harm without the relief requested in this Motion. The

1 prompt sale and transition of the Debtors' four remaining general acute care hospitals² is needed to
2 prevent any deterioration in critical healthcare in underserved communities caused by accelerating
3 employee turnover, as well as the operating losses continuing to reduce anticipated recoveries to
4 creditors. The Debtors (i) are operating at a loss of approximately \$450,000 per day, imposing
5 significant costs upon the estates and upon creditors, and (ii) the uncertainty caused by SGM has
6 significantly increased the rate of employee turnover at Verity's hospitals, a void filled by expensive
7 per diem, temporary nurses and *locum tenens* physicians at a much greater cost to the estates.
8 Finally, but crucially, the APA specifically provides that "[t]ime is of the essence." See APA at §§
9 12.17. SGM's failure to close the Sale violates the express terms of the APA, as well as this Court's
10 unambiguous Orders. In order to make critical decisions impacting the Hospitals and alternative
11 plans, the Debtors must have immediate clarity on (i) whether SGM has the financial ability to
12 proceed with the Sale transaction, and (ii) whether SGM intends to proceed with the Sale transaction
13 in 2019. SGM steadfastly has refused to provide such critical information to the Debtors, even in
14 the face of its utter failure to comply with this Court's prior Orders. This Court's immediate
15 intervention is respectfully requested and required.

16 **I.**

17 **SUMMARY OF REQUESTED RELIEF**

18 As set forth above, the Debtors seek the entry of three orders. **First**, pursuant to LBR 9020-1,
19 the Debtors respectfully request that the Court issue an order to show cause, lodged concurrently
20 herewith pursuant to LBR 9020-1(a), on an expedited basis ordering SGM and its principals, Kali
21 Pradip Chaudhuri, William Thomas, and Peter Baronoff, to appear in this Court, on December 11,
22 2019, at 10:00 a.m., and show cause as to why SGM failed to (a) close the SGM Sale by December
23 5, 2019, (b) comply with this Court's Closing Order, (c) demonstrate to the Debtors that SGM
24 currently has the financial ability or access to sufficient capital to timely proceed with this
25 transaction in accordance with the APA, and (d) advise the Debtors as to SGM's intention to close
26 _____

27 ² Specifically, the hospitals and healthcare facilities subject to the SGM Sale include St. Francis
28 Medical Center, St. Vincent Medical Center, Seton Medical Center (including the Daly City and
Coastside campuses), and St. Vincent Dialysis Center.

1 the transaction. Given the exigencies of the Debtors' Cases, the Debtors respectfully request that
2 the Court reduce the 7-day opposition or response deadline set forth in LBR 9020-1(b), or
3 provisionally issue the order to show cause and provide that parties may object to the issuance at
4 the hearing on the order to show cause. Pursuant to LBR 9020-1, the Court is not required to hold
5 a hearing on the Debtors' request to issue the order to show cause. *See* LBR 9020-1(d)(2). **Second**,
6 the Debtors respectfully request that the Court enter an order setting the balance of the relief
7 requested in this Motion and the attached Memorandum of Points and Authorities for an emergency
8 hearing on December 11, 2019, at 10:00 a.m. **Third**, following the emergency hearing, the Debtors
9 request entry of an order (a) enforcing this Court's Sale Order and Closing Order, (b) finding that
10 SGM is in material breach of the APA for (among other things) failing to Close the SGM Sale by
11 December 5, 2019, (c) finding that the Debtors may terminate the APA at any time without further
12 notice to SGM, (d) finding that the Debtors shall retain the \$30 million non-refundable deposit
13 received from SGM as Sales Proceeds within the meaning of and pursuant to the terms of the Final
14 DIP Order [Docket No. 409], and (e) granting such other and further relief as the Court deems just
15 and proper

16 This Motion is based upon §§ 105 and 363, Rule 6004, LBR 9020-1 and 9075-1(a), the
17 attached Memorandum of Points and Authorities, the *Declaration of Richard Adcock in Support of*

21 *Declaration of Elspeth Paul* (the "Paul Declaration"), which are filed concurrently herewith, the
22 arguments and statements of counsel to be made at the hearing on the Motion, and any other
23 admissible evidence as may properly be brought before the Court. The Debtors further request that
24 the Court take judicial notice of all documents filed with the Court in this case that relate to the
25 status conference held before the Court on November 26, 2019, including the Debtors' status report
26 [Docket No. 3692], the documents filed under seal pursuant to the Court's orders [Docket Nos.
27 3679, 3699], and SGM's reservation of rights [Docket No. 3701].

2 **RESPONSES**

3 By this Motion, the Debtors have requested that the Court issue the order to show cause on
4 an expedited basis. Any party opposing or responding to the Debtors' request that the Court issue
5 an order to show cause pursuant to LBR 9020-1 may present such opposition or response as directed
6 by the Court in any subsequent order.

7 Any party opposing or responding to any other relief requested in the Motion may present
8 such response (the "Response") at any time before or at the hearing on the Motion. *See* LBR 9075-
9 1(a)(8). A Response must be a complete written or oral statement of all reasons in opposition to the
10 Motion or in support, declarations and copies of all evidence on which the responding party intends
11 to rely, and any responding memorandum of points and authorities. Pursuant to LBR 9013-1(h), the
12 failure to file and serve a timely objection to any request for relief set forth in the Motion may be
13 deemed by the Court to be consent to the relief requested herein.

14 III.

15 **SERVICE OF MOTION**

16 Counsel to the Debtors will serve this Motion, the attached Memorandum of Points and
17 Authorities, the concurrently-filed Beith Declaration, Martin Declaration and Paul Declaration, and
18 any notice required by the Court on: (i) Strategic Global Management, Inc., (ii) the Official
19 Committee of Unsecured Creditors, (iii) the Debtors' Prepetition Secured Creditors as defined in
20 the Final DIP Order, (iv) the Office of the United States Trustee; and (v) any other parties on the
21 Limited Service List set forth in the *Order Granting Emergency Motion of Debtors for Order*
22 *Limiting Scope of Notice* [Docket No. 132]. To the extent necessary, the Debtors request that the
23 Court waive compliance with LBR 9075-1(a)(6) and approve service (in addition to the means of
24 services set forth in such Local Bankruptcy Rule) by overnight delivery.

25 IV.

26 **RESERVATION OF RIGHTS**

27 Nothing contained herein is intended or shall be construed as: (i) an admission as to the
28 validity of any claim against the Debtors; (ii) a waiver of the Debtors' or any appropriate party in

1 interest's rights to dispute the amount of, basis for, or validity of any claim against the Debtors; or
2 (iii) a waiver of any claims or causes of action which may exist against any creditor or interest
3 holder.

4 **V.**

5 **CONCLUSION**

6 WHEREFORE, for all the foregoing reasons and such additional reasons as may be
7 advanced at or prior to the hearing regarding this Motion, the Debtors respectfully request that the
8 Court: (i) issue an order to show cause, lodged concurrently herewith pursuant to LBR 9020-1(a),
9 on an expedited basis ordering SGM and its principals, Kali Pradip Chaudhuri, William Thomas,
10 and Peter Baronoff, to appear in this Court, on December 11, 2019, at 10:00 a.m., and show cause
11 as to why SGM failed to comply with this Court's Order and close the SGM Sale by December 5,
12 2019, including, but not limited to, stating whether SGM has the financial ability to proceed with
13 this transaction in accordance with the APA, and whether it intends to close the transaction; and
14 (ii) set the balance of the relief requested in this Motion and the attached Memorandum of Points
15 and Authorities for an emergency hearing on December 11, 2019, at 10:00 a.m., to consider the
16 Debtors request for an order (a) enforcing this Court's Sale Order and Closing Order, (b) finding
17 that SGM is in material breach of the APA for (among other things) failing to Close the SGM Sale
18 by December 5, 2019, (c) finding that the Debtors may terminate the APA at any time without
19 further notice to SGM, and (d) finding that the Debtors shall retain the \$30 million non-refundable
20 deposit received from SGM as Sales Proceeds within the meaning of and pursuant to the terms of
21 the Final DIP Order [Docket No. 409]; and (iii) granting such other and further relief as the Court

MEMORANDUM OF POINTS AND AUTHORITIES

Verity Health System Of California, Inc. (“VHS”) and the above-referenced affiliated debtors, the debtors and debtors in possession (collectively, the “Debtors”) in the above-captioned chapter 11 bankruptcy cases (the “Cases”), respectfully request, on an emergency basis (the “Motion”), that the Court: (i) issue an order to show cause, lodged concurrently herewith pursuant to LBR 9020-1(a), on an expedited basis ordering Strategic Global Management, Inc. (“SGM”) and its principals, Kali Pradip Chaudhuri, William Thomas, and Peter Baronoff, to appear in this Court, on December 11, 2019, at 10:00 a.m., and show cause as to why SGM failed to comply with this Court’s order [Docket No. 3724] (the “Closing Order”) requiring SGM to close the sale (the “SGM Sale”) pursuant to that certain asset purchase agreement [Docket No. 2305-1] (the “APA”) by no later than December 5, 2019, including, but not limited to, stating whether SGM has the financial ability to proceed with this transaction in accordance with the APA, and whether it intends to close the transaction; (ii) set the balance of the relief requested in this Motion and the attached Memorandum of Points and Authorities for an emergency hearing on December 11, 2019, at 10:00 a.m., to consider the Debtors’ request for an order (a) enforcing this Court’s order [Docket No. 2306] (the “Sale Order”) approving the SGM Sale and Closing Order, (b) finding that SGM is in material breach of the APA for (among other things) failing to Close the SGM Sale by December 5, 2019, (c) finding that the Debtors may terminate the APA at any time without further notice to SGM, and (d) finding that the Debtors shall retain the \$30 million non-refundable deposit received from SGM as Sales Proceeds within the meaning of and pursuant to the terms of the Final DIP Order [Docket No. 409]; and (iii) granting such other and further relief as the Court deems just and proper.

The Motion is based on the *Declaration of Richard Adcock in Support of Emergency First-Day Motions* [Docket No. 8] (the “First-Day Declaration”), the *Declaration of Richard G. Adcock* [Docket No. 3188] (“Adcock Declaration”), the *Declaration of Carsten Beith* (the “Beith Declaration”), *Declaration of Sonia R. Martin* (the “Martin Declaration”), and the *Declaration of Elspeth Paul* (the “Paul Declaration”), which are filed concurrently herewith, the arguments and statements of counsel to be made at the hearing on the Motion, the record in the Debtors’ Cases

1 and any other judicially noticeable facts, and other admissible evidence properly brought before
2 the Court. In further support of the Motion, the Debtors respectfully state as follows:

3 I.

4 INTRODUCTION

5 Six months after this Court entered the order (the “Sale Order”)¹ authorizing the Debtors to
6 sell their four remaining general acute care hospitals² and St. Vincent Dialysis Center (the
7 “Hospitals”) to SGM, the Court entered its order, on November 27, 2019, obligating SGM to close
8 the SGM Sale pursuant to the APA by December 5, 2019 (the “Closing Order”).³ The Court’s
9 Closing Order also found that there has been no material adverse effect under the APA, and that
10 the APA does not permit SGM to appeal this Court’s determination as to that issue.

11 Despite the clear requirements of the APA and in direct contravention of this Court’s prior
12 Orders, SGM announced that it *would not close the SGM Sale—and, then, did not close the SGM*
13 *Sale—by December 5, 2019*. In a transparent attempt to delay this proceeding, frustrate the
14 Debtors’ ability to transfer the Hospitals pursuant to the APA, and manufacture a context to
15 renegotiate the purchase price under the APA, SGM has filed three frivolous appeals. Further,
16 SGM has taken the facially implausible position that it is entitled to a 21-day “Evaluation Period”
17 under Section 8.6 of the APA, during which it may “determine” whether it is satisfied with the
18 Attorney General Order that provides precisely the same protection that is set forth in Section 8.6
19 of the APA. Docket No. 2305-1. These actions expressly violate this Court’s Orders and the APA.
20 *See, e.g.,* APA, § 1.3 (“ . . . Purchaser shall reasonably cooperate in any efforts to render the
21 Supplemental Sale Order a final, non-appealable order[.]”).

22 Each day that goes by without prompt action by SGM to close this transaction harms the
23 estates. The Debtors’ estates and their constituents have already borne operating losses of

Seton Medical Center (including the Daly City and Coastsides campuses).

28 ³ Docket No. 3723-24.

1 approximately \$450,000 per day waiting for SGM to close the SGM Sale. SGM's failure to timely
2 issue offer letters has had a negative impact on employee morale. Moreover, the Debtors and third
3 parties have expended tremendous efforts to prepare for and close the SGM Sale in reliance on the
4 Sale Order and the Closing Order. Despite this, SGM has intentionally frustrated the closing
5 process by refusing to participate. In addition to announcing that it would not close the SGM Sale
6 on December 5, as ordered by the Court, throughout the week leading up to the filing of this Motion,
7 SGM has refused to participate in the regular, pre-scheduled joint closing calls and operational
8 transition calls, apparently based on the advice of its counsel.

9 By signing the APA, SGM represented and agreed that "[p]urchaser has the ability to obtain
10 funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and
11 will at the Closing have immediately available funds in cash, which are sufficient to pay the
12 Purchase Price and to pay any other amounts payable pursuant to this Agreement and to
13 consummate the transactions contemplated by this Agreement." Given the actions and inactions of
14 SGM over the past month, which suggest SGM lacks the financial ability to close the SGM Sale,
15 the Debtors have made repeated and direct requests that SGM state whether it has the financial
16 ability to close the SGM Sale, and whether it intends to do so. SGM has refused to respond,
17 attempting to distract from its apparent financial inability to perform and seeking to preserve the
18 ability to argue at some later date that the Debtors breached the APA by deciding prematurely to
19 distribute their assets in a different manner, *i.e.* "Plan B" as it was referred to during the November
20 26, 2019, status conference.

21 SGM is in direct violation of this Court's prior Orders. Its conduct is an effort to gain
22 leverage against the Debtors in order to force a modification of the APA as to price and/or timing
23 of closing. Such efforts are a manifestation of SGM's lack of good faith and fair dealing under the
24 APA and constitute willful misconduct designed to harm the Debtors and impair the effectiveness
25 of this Court's orders, *i.e.*, its actions have been taken in bad faith. The Debtors respectfully urge
26 the Court to issue an order (i) enforcing this Court's Sale Order and Closing Order; (ii) ordering
27 SGM and its principals, Kali Pradip Chaudhuri, William Thomas and Peter Baronoff, to appear in
28 this Court, on December 11, 2019, and show cause as to why SGM failed to (a) close the SGM Sale

1 by December 5, 2019, (b) comply with this Court’s Closing Order, (c) demonstrate to the Debtors
2 that SGM currently has the financial ability or access to sufficient capital to timely proceed with
3 this transaction in accordance with the APA, and (d) advise the Debtors as to SGM’s intention to
4 close the transaction; (iii) finding that SGM is in material breach of the APA for (among other
5 things) failing to Close the SGM Sale by December 5, 2019; (iv) finding that the Debtors may
6 terminate the APA at any time without further notice to SGM; (v) finding that the Debtors shall
7 retain the \$30 million non-refundable deposit received from SGM as Sales Proceeds within the
8 meaning of and pursuant to the terms of the Final DIP Order [Docket No. 409]; (vi) granting such
9 other and further relief as the Court deems just and proper.

10 II.

11 JURISDICTION, VENUE, AND STATUTORY PREDICATES

12 The Bankruptcy Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157
13 and 1334. This matter is a core proceeding under 28 U.S.C. §§ 157(b)(2). Venue is proper pursuant
14 to 28 U.S.C. §§ 1408 and 1409.

15 The Motion seeks an order of the Court enforcing the terms of its final order approving the
16 SGM Sale [Docket No. 2306] and its order [Docket No. 3723-24] obligating SGM to close the
17 SGM Sale, as well as to show cause to SGM for its failure to comply. The statutory predicates for
18 this relief are §§ 363 and 105, and Bankruptcy Rule 6004. This Court “plainly ha[s] jurisdiction to
19 interpret and enforce its own prior orders.” *Travelers Indem. Co. v. Bailey*, 557 U.S. 137, 151,
20 (2009); *see also In re Millenium Seacarriers, Inc.*, 419 F.3d 83, 96 (2d Cir. 2005) (“A bankruptcy
21 court retains jurisdiction to interpret and enforce its own orders” (quoting *Luan Inv. S.E., v.*
22 *Franklin 145 Corp. (In re Petrie Retail, Inc.)*, 304 F.3d 223, 230 (2d Cir.2002)).

23 III.

24 FACTUAL BACKGROUND

25 1. On May 2, 2019, this Court entered its *Order (A) Authorizing the Sale of Certain of*
26 *the Debtors’ Assets to Strategic Global Management, Inc. Free and Clear of Liens, Claims,*
27 *Encumbrances, and Other Interests; (B) Approving the Assumption and Assignment of An*

Order”), approving the SGM Sale pursuant to the APA. Since this Court issued its Sale Order, the Debtors have engaged in extensive, time-consuming efforts on multiple fronts to transition the Hospitals to SGM. By way of example: (i) the Debtors have sent multiple rounds of WARN notices to all employees; (ii) medical groups affiliated with the Debtors have sent termination notices to their physicians; (iii) thousands of counterparties to executory contracts and unexpired leases have relied on the Sale Order and continued to provide services in reliance on the finality of that Sale Order; (iv) the Debtors and SGM have spent almost an entire year facilitating an efficient close of the SGM Sale and developing transition plans as appropriate, including the transition of various licenses, employees, etc.; (v) the Debtors and SGM spent months successfully negotiating and reaching modified collectively bargaining agreements with all of the unions; (vi) the Debtors spent months reaching finality with the California Attorney General, the Centers for Medicare and Medicaid Services, and the California Department of Health Care Services; and (vii) created plans to shut off certain services and modify various insurance policies.

2. On October 23, 2019, the Court issued a *Memorandum of Decision Granting the Debtors’ Emergency Motion to Enforce the Sale Order* [Doc. No. 3188]. [Docket 3446.] Following extensive negotiations, the Debtors and the Attorney General reached a *Stipulation Resolving “Debtors Emergency Motion for the Entry of an Order: (I) Enforcing the Sale Order Authorizing the Sale to Strategic Global Management, Inc.; (II) Finding That the Sale Is Free and Clear of Conditions Materially Different Than Those Approved by the Court; (III) Finding That the Attorney General Abused His Discretion in Imposing Conditions on That Sale; and (IV) Granting Related Relief”* [Docket No. 3188]. [Docket 3572.] Accordingly, on November 14, 2019, the Court issued an *Order Granting “Debtors Emergency Motion for the Entry of an Order: (I) Enforcing the Sale Order Authorizing the Sale to Strategic Global Management, Inc.; (II) Finding That the Sale Is Free and Clear of Conditions Materially Different Than Those Approved by the Court; (III) Finding That the Attorney General Abused His Discretion in Imposing Conditions on That Sale; and (IV) Granting Related Relief”* [Doc. 3188] [Docket 3611] (the “Enforcement Order”).

3. APA section 1.3 obligates SGM to close the sale “promptly but no later than ten (10) business days following the satisfaction” of all conditions precedent. On November 18, 2019, the Court issued an Order finding that: “The Debtors have complied with their obligation under the APA to obtain a final, nonappealable Supplemental Sale Order. Consequently, SGM is now obligated to promptly close the SGM Sale, provided that all other conditions to closing have been satisfied.” Docket No. 3632.

4. On November 19, 2019, the Debtors obtained a settlement with the Centers for Medicare and Medicaid Services providing for the transfer of their Medicare Provider Agreements to SGM, thereby satisfying their remaining obligations under Article 8.7 of the APA. Docket No. 3680. With respect to California Department of Health Care Services (“DHCS”), the Debtors secured an Order [Docket No. 3372] from the Bankruptcy Court authorizing the transfer free and clear of any interests asserted by DHCS, in addition to the Sale Order which terminated any creditor’s recoupment rights [Docket No. 2306]. Those Orders afford equal or greater protection to SGM than any settlement could have, thereby satisfying Section 8.7. In addition, on November 22, 2019, the Debtors reached a settlement in principle with DHCS to the same effect. *See* Nov. 26, 2019 Hr’g Tr. at 10:18-24.

5. As set forth in the Debtors’ status report [Docket No. 3692] (the “Status Report”), Debtors sent a letter to SGM, on November 20, 2019, stating (i) the conditions to close under the APA had been satisfied on November 19, 2019, and that (ii) the transaction should promptly close by December 5, 2019. *See* Status Report at 1. The letter requested assurances from SGM that the transaction would close by that date. *See id.*

6. On November 19, 2019, SGM’s CEO, Peter Baronoff, telephoned the Debtors’ investment banker and stated that SGM could not obtain sufficient financing for the transaction, contrary to Section 3.9 of the APA. [Docket No. 3644.] That telephone call immediately resulted in the Debtors’ request for an order [entered at Docket No. 3646] continuing the hearing on the Debtors’ motion [Docket No. 2995] for approval of its disclosure statement [Docket No. 2994]. *See* Beith Decl., ¶ 2. Recognizing that the existence of financing is not a condition to close, SGM resorted to making unfounded and self-serving assertions that the Debtors breached the APA and

1 embarked on impermissible efforts to re-trade the purchase price without regard to: (i) the language
2 in the APA; (ii) the indisputable fact that SGM’s diligence period had expired in January 2019;
3 (iii) SGM’s prior representations; and (iv) the fact that all conditions of the Debtors to close had
4 been satisfied.

5 7. On November 22, 2019, SGM sent the Debtors letters from Gary Klausner, Esq. of
6 Levene, Neale, Bender, Yoo & Brill L.L.P. and Robert W. Lundy, Jr. of Hooper, Lundy &
7 Bookman, P.C. (with enclosures), setting forth the issues that SGM had asserted amounted to a
8 “Material Adverse Effect” under the APA [Docket No. 3705] (the “November 22, 2019 Letters”).⁴
9 The issues SGM raised at the eleventh hour were not “new”—they were all known or discoverable
10 during the diligence period. And none of them change the inescapable conclusion that this
11 transaction was required to close by December 5 because the Debtors and SGM negotiated the sale
12 as an “AS IS, WHERE IS” sale under the express terms of the APA. SGM’s untimely, baseless
13 and immaterial complaints were nothing more than a transparent attempt to delay the closing and
14 manufacture a basis for a re-trade to obtain a lower purchase price.

15 8. On November 26, 2019, the Court held a Status Conference. In advance of the
16 Status Conference, SGM filed a Reservation of Rights, alleging (among other things) that “there
17 are no genuine disputes of material fact as to the [sic] whether there have been Material Adverse
18 Effects under the terms of the APA.” [Docket 3701.] In addition, the Debtors lodged with the
19 Court SGM’s November 22, 2019 Letters. At the status conference, the Court rejected SGM’s
20 arguments, stating (among other things) that “[a]s far as the Court is concerned” SGM is the “proud
21 owner” of the Debtors’ assets as set forth in the APA, and that SGM “has an obligation to close”
22 the transaction pursuant to the APA. (Nov. 26, 2019 Hr’g Tr. at 12:22-24, 14:10-11.)

23 9. On November 27, 2019, the Court issued an Order finding that, “[p]ursuant to § 1.3
24 of the APA, SGM is obligated to close the SGM Sale by no later than December 5, 2019.” [Docket
25 3724.] The Memorandum Decision supporting that Order concluded, among other things, that
26 (i) “Adjudication of SGM’s Obligations Under the APA Does Not Require an Adversary
27

28 ⁴ The November 22, 2019 Letters were filed under seal pursuant to Court order [Docket No. 3699].

1 Proceeding,” (ii) “Adjudication of SGM’s Obligations Under the APA Is Not Premature,” (iii)
2 “SGM Is Not Entitled to Appeal the Bankruptcy Court’s Determination Regarding a Material
3 Adverse Effect,” (iv) “No Material Adverse Effect Has Occurred,” (v) “All Conditions Precedent
4 to Closing Have Been Satisfied.” [Docket 3723.] The Court further concluded that:

5 SGM’s contention that it is not obligated to close is a cynical attempt
6 to extract a better purchase price. A key component of SGM’s
7 negotiation strategy is its attempt to delay as long as possible the
8 adjudication of its obligations under the APA. The Court will not
9 facilitate SGM’s dubious tactics.

10 * * *

11 By presenting non-meritorious arguments as to why it is not
12 obligated to close, SGM is holding the estates, creditors, and patients
13 of the Hospitals hostage in an attempt to extort a better purchase
14 price. SGM’s cynical tactics are especially offensive given the
15 significant harm that closure of the Hospitals would impose upon
16 patients. For example, two of the Hospitals that would likely close
17 upon failure of the SGM Sale contain large populations of long-term
18 patients suffering from severe illnesses, all of whom would have to
19 be relocated to other facilities.

20 [Id., pp, 6-7.]

21 10. On November 29, 2019, SGM filed two notices of appeal [Docket Nos. 3726, 3727]
22 related to (i) the order granting the Debtors’ motion to enforce the sale order [Docket No. 3611],
23 and (ii) the order finding that SGM is obligated to promptly close the transaction under section 8.6
24 of the APA provided all other conditions to closing are satisfied [Docket No. 3633].

25 11. This week, beginning Monday, December 2, 2019, SGM representatives failed to
26 participate in five pre-scheduled operations closing calls, stating that they were doing so on the
27 advice of SGM’s counsel. *See* Paul Decl., ¶ 2.

28 12. On December 3, 2019, the Debtors emailed SGM, expressing continued concern for
the delay and the impact on the Hospitals, including that many employees no longer have
confidence that SGM will purchase the hospitals given that they are still waiting for formal offers,
that the Hospitals continue to flex staff and registry to manage patient care, and that vendors and
the Hospitals’ risk pool participants/IPAs have expressed concern that SGM does not intend to
close the transaction. *See* Martin Decl., ¶ 2, Ex. A. In response, SGM announced that it would not

1 close the Sale by December 5, and that it had filed a notice of appeal [Docket No. 3746] of the
2 Court's Closing Order. *See id.*, ¶ 3, Ex. B.

3 13. On December 4 and 5, 2019, the Debtors sent additional demands to SGM for
4 information and assurances bearing on whether it has the financial ability to perform the APA and
5 whether it intends to do so. *See* Martin Decl., ¶¶ 4, 6, Exs. C, E. SGM has not provided this
6 information to Debtors. *Id.* ¶ 8.

7 IV.

8 ARGUMENT

9 SGM is unquestionably in violation of this Court's Sale Order and Closing Order, and time
10 is of the essence. Bankruptcy courts have the inherent power and authority to enforce their own
11 orders, including levying sanctions and/or civil contempt against violating parties. *See Travelers*
12 *Indem. Co. v. Bailey*, 557 U.S. 137, 151 (2009) (finding that the "Bankruptcy Court plainly had
13 jurisdiction to interpret and enforce its own prior orders"); *see also In re Millenium Seacarriers,*
14 *Inc.*, 419 F.3d 83, 96 (2d Cir. 2005) ("A bankruptcy court retains jurisdiction to interpret and
15 enforce its own orders[.]") (quoting *Luan Inv. S.E., v. Franklin 145 Corp. (In re Petrie Retail, Inc.)*,
16 304 F.3d 223, 230 (2d Cir.2002)); *In re Azevedo*, 506 B.R. 277, 282 (Bankr. E.D. Cal. 2014); *In re*
17 *Gonzales*, 512 B.R. 255, 258 (Bankr. C.D. Cal. 2014) ("Bankruptcy court[s] have always been
18 empowered to interpret and enforce their own orders.").

19 Accordingly, the Debtors request the following emergency relief:

20 A. The Court Should Order SGM's Principals To Appear And Show Cause.

21 SGM did not close the SGM Sale by December 5, 2019, in direct contravention of the
22 Court's Sale Order and Closing Order. Accordingly, the Court should order the appearance of
23 SGM's principals and explanation of why they did not comply because they are in contempt of the
24 Court's Order. There is no disputing that the Court's order directed SGM to close on December 5,
25 2019 and was, therefore, a specific and definite order of the Court. Given that fact, SGM must
26 appear before the Court and explain why it did not comply or be held in contempt. *See, e.g., Stone*
27 *v. City and County of San Francisco*, 968 F.2d 850, 856 n. 9 (9th Cir.1992) ("The moving party
28 has the burden of showing by clear and convincing evidence that the contemnors violated a specific

1 and definite order of the court. The burden then shifts to the contemnors to demonstrate why they
2 were unable to comply.”).

3 While refusing to Close the transaction by December 5, 2019 in accordance with the Court’s
4 Closing Order, SGM has simultaneously and steadfastly refused to state whether it has the financial
5 ability to close the SGM Sale and whether it ever intends to do so. As explained above, SGM’s
6 conduct strongly suggests that it has no intention of closing this transaction, as underscored by the
7 recent statement of its CEO Peter Baronoff that SGM lacks the ability to secure funding at the level
8 required for the purchase price under the APA. The Debtors have repeatedly and directly
9 confronted SGM regarding whether it has the financial wherewithal to comply with the APA. SGM
10 has consistently dodged those questions with the pretense that it is entitled to an alleged “Evaluation
11 Period” under Section 8.6. SGM’s position is meritless for at least three reasons.

12 First, the Evaluation Period contemplated by Section 8.6 is only triggered when the
13 Attorney General is imposing conditions that *materially differ* from the conditions to which SGM
14 agreed under the APA, i.e., the Purchaser Approved Conditions. Because the Attorney General is
15 not imposing any such conditions, no Evaluation Period is implicated. Second, as the Court
16 previously found, “SGM is judicially estopped from contending that it is entitled to the Evaluation
17 Period and is not obligated to promptly close the sale” based on “its prior representations regarding
18 its obligation to close the sale.” [Docket No. 3632, pp. 4-5.] Third, even if a 21-business day
19 Evaluation Period had been triggered (which the Debtors dispute), Section 8.6 provides that SGM
20 “shall reasonably cooperate in any efforts to render the Supplemental Sale Order a final, non-
21 appealable order” and “shall consummate the Sale” if “the Supplemental Sale Order becomes a
22 final, non-appealable order prior to the expiration of the Evaluation Period . . . and all other
23 conditions to closing have been satisfied.” Here, as the Court has previously determined, there is
24 a final non-appealable order, namely the Enforcement Order. [Docket No. 3611]. Obviously, filing
25 meritless appeals is a far departure from SGM’s obligation to reasonably cooperate. SGM’s appeals
26 are frivolous and designed solely to delay and frustrate these proceedings.

SGM should be directed to immediately and clearly respond to questions regarding its financial ability to perform under the APA. By signing the APA, SGM represented and agreed that:

3.9 Ability to Perform. Purchaser has the ability to obtain funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and will at the Closing have immediately available funds in cash, which are sufficient to pay the Purchase Price and to pay any other amounts payable pursuant to this Agreement and to consummate the transactions contemplated by this Agreement.

See APA § 3.9. This representation, warranty and covenant does not expire, and SGM “shall be deemed to remake” it “as of the Closing Date,” *i.e.*, December 5, 2019. APA, Article III. SGM has repeatedly represented to the Court and the parties that SGM intends to close this transaction in accordance with the APA. For example, in its filing dated November 11, 2019, SGM described this as a “transaction in which SGM will be paying over \$600 Million,” and SGM’s November 25, 2019 Reservation of Rights states that “SGM continues to desire to close the transaction between SGM and Verity as described in the APA.”

If SGM does not have the financial ability to close the SGM Sale, as required by Section 3.9 of the APA, then it has an obligation to inform the Court and the Debtors of that fact, so they may immediately proceed with asset distribution in an alternative manner. Accordingly, the Debtors respectfully request that Court direct the following representatives of SGM to appear in Court on December 11, 2019, to address these issues and otherwise show cause why this transaction has not close: Chairman Kali Pradip Chaudhuri, MD, Chief Executive Officer Peter Baronoff and General Counsel William Thomas.

And, to be clear, SGM’s only explanation must be why it did not comply with the order; this hearing should not be an opportunity for SGM to rehash its arguments already rejected by the Court. *See, e.g., Maggio v. Zeitz*, 333 U. S. 56, 333 U. S. 69 (1948) (“It would be a disservice to the law if we were to depart from the longstanding rule that a contempt proceeding does not open to reconsideration the legal or factual basis of the order alleged to have been disobeyed, and thus become a retrial of the original controversy. The procedure to enforce a court’s order commanding or forbidding an act should not be so inconclusive as to foster experimentation with disobedience.”

B. The Court Should Find That SGM Is In Material Breach, That The Debtors May Immediately Terminate The APA And Retain The Deposit.

Finally, the Debtors respectfully request the Court issue an order finding that SGM is in material breach of the APA by failing to close the SGM Sale on December 5, 2019, as required by the APA and as specifically ordered by the Court in its Closing Order. “[A] material breach of a contract excuses further performance by the injured party and entitles that party to terminate the contract.” *Pena v. GMAC Mortg., LLC*, No. CV0906939MMMJCX, 2010 WL 11519504, at *7 (C.D. Cal. Sept. 13, 2010) (citing *Pry Corp. of America v. Leach*, 177 Cal.App.2d 632, 639 (1960) and 1 B. Witkin, Summary of Cal. Law, Contracts, § 796 p. 719 (9th ed. 1990)). As a result of that material breach by SGM, the Debtors are now entitled to (i) walk away from the APA with no further notice to SGM, (ii) sue SGM for damages under APA Section 11.1 and as otherwise allowed under applicable law, and (iii) proceed with alternative plans to dispose of the assets. The Debtors respectfully request that the Court issue an Order to this effect.

In addition, the Debtors request an order that the Debtors may retain the \$30 million non-refundable Deposit. Section 1.2 of the APA provides that: “The Deposit shall be non-refundable in all events, except as provided in Section 6.1(b) or Section 6.2, or in the event Purchaser has terminated this Agreement pursuant to Section 9.1 (other than Section 9.1(b)) or as set forth in Section 9.2, in which case Seller shall immediately return the Deposit to Purchaser with all interest earned thereon.” Here, Sections 6.1(b) and Section 6.2 are inapplicable, and SGM has not terminated the Agreement under Section 9.2—rather, SGM has materially breached the Agreement by failing to perform. Accordingly, the Deposit is non-refundable, and the Debtors respectfully request that the Court order that the Debtors may retain it regardless of the manner in which the assets are ultimately distributed.

V.

CONCLUSION

WHEREFORE, for all the foregoing reasons and such additional reasons as may be advanced at or prior to the hearing regarding this Motion, the Debtors respectfully request that the Court: (i) issue an order to show cause, lodged concurrently herewith pursuant to LBR 9020-1(a),

DENTONS US LLP

on an expedited basis ordering SGM and its principals, Kali Pradip Chaudhuri, William Thomas, and Peter Baronoff, to appear in this Court, on December 11, 2019, at 10:00 a.m., and show cause as to why SGM failed to comply with this Court's Order and close the SGM Sale by December 5, 2019, including, but not limited to, stating whether SGM has the financial ability to proceed with this transaction in accordance with the APA, and whether it intends to close the transaction; and (ii) set the balance of the relief requested in this Motion and the attached Memorandum of Points and Authorities for an emergency hearing on December 11, 2019, at 10:00 a.m., to consider the Debtors request for an order (a) enforcing this Court's Sale Order and Closing Order, (b) finding that SGM is in material breach of the APA for (among other things) failing to Close the SGM Sale by December 5, 2019, (c) finding that the Debtors may terminate the APA at any time without further notice to SGM, and (d) finding that the Debtors shall retain the \$30 million non-refundable deposit received from SGM as Sales Proceeds within the meaning of and pursuant to the terms of the Final DIP Order [Docket No. 409]; and (iii) granting such other and further relief as the Court deems just and proper.

Subject: RE: Verity

Gary,

As set forth in my emails dated November 16 and 18, 2019, there is no basis for SGM to appeal and there is no Evaluation Period. Even if SGM were correct about the existence of an Evaluation Period (which it is not), the appeal and SGM's failure to take reasonable steps towards closing the transaction would constitute a breach of the APA ("Purchaser shall reasonably cooperate in any efforts to render the Supplemental Sale Order a final, non-appealable order[.]").

Indeed, the Debtors believe SGM's appeals are frivolous, and we reserve the right to seek sanctions against you and your clients pursuant to FRAP 38 and 28 USC 1927. Further, it is the position of the Debtors, that as of December 6, 2019, the Deposit, as defined in the APA, will irrevocably belong to the Debtors and its use is permitted by the Final DIP Order and the Supplemental Cash Collateral Order.

Each day that goes by without prompt action by your clients towards closing this transaction is injuring the Hospitals. Employees are leaving on a daily basis as a direct result of your clients' failure to timely issue offer letters. And, as you know, the Debtors are suffering net operating losses estimated at \$450,000 per day. Despite this, your clients continue to drag their feet on closing. Yesterday, you directed that they not participate on three regular, pre-scheduled closing calls -- calls that are essential to the transition of the Hospitals. Your clients are plainly in breach of APA Section 12.17, which provides that "[t]ime is of the essence for all dates and time periods set forth in this Agreement and each performance called for in this Agreement."

The conduct of you and your clients strongly suggests that they have no intention of closing this transaction, which is consistent with Mr. Baronoff's statement two weeks ago that they lack the ability to secure funding at the level required for the purchase price under the APA. By signing the APA, your clients represented and agreed that "[p]urchaser has the ability to obtain funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and will at the Closing have immediately available funds in cash, which are sufficient to pay the Purchase Price and to pay any other amounts payable pursuant to this Agreement and to consummate the transactions contemplated by this Agreement." On the basis of the APA, the Court entered its Sale Order. Since then, you and your clients have repeatedly represented to the Court and the parties that SGM intends to close this transaction in accordance with the APA. For example, in your filing dated November 11, 2019, you described this as a "transaction in which SGM will be paying over \$600 Million," and your November 25, 2019 Reservation of Rights states that "SGM continues to desire to close the transaction between SGM and Verity as described in the APA."

If these representations are no longer true, your clients owe a duty to the Court and the Debtors to say so. As an officer of the court, you also owe that duty.

"Counsel, as an officer of the court, also owes a duty of candor to the tribunal. Model Rules of Professional Conduct Rule 3.3. This duty precludes counsel from making false statements of law or fact to the court and offering false evidence, and requires counsel to disclose controlling adverse legal authority not disclosed by opposing counsel, and facts necessary to avoid assisting the client in a criminal or fraudulent act. Id."

Hansen, Jones & Leta, PC v. Segal, 220 B.R. 434, 455 (D. Utah 1998). See also Cal. Rule Prof. Conduct 5-200.

The Debtors again demand that you and your clients affirm whether they have the financial ability to proceed with this transaction in accordance with the APA, and whether they intend to close the transaction. If you do not respond to this request by close of business tomorrow, the Debtors will ask the Court to schedule an emergency Order to Show Cause hearing and require your clients to respond to such questions in open court.

Subject: Verity

[External Sender]

Sonia; as you are aware, SGM has filed a notice of appeal from the Bankruptcy Court's order of November 14, 2019 regarding Verity's emergency motion. We understand your position regarding the "finality" of that order and we respectfully disagree as our client had standing to appeal to order entered by the court, notwithstanding the fact that SGM did not oppose the underlying emergency motion. Ultimately the appellate court will decide this issue. In the meantime, so that there is no confusion or misunderstanding about SGM's position on this issue, the 21 business days evaluation period under section 8.6 began on November 14; that means, if my review of the calendar is correct, the 21 business days to respond under section 8.6 will not expire until December 16, 2019.

Gary,

As Tania stated on the record in court on Wednesday, we do not agree with SGM's position that it has a 21-day Evaluation Period.

The Evaluation Period contemplated by Section 8.6 was included to account for the possibility that the Attorney General might insist on imposing conditions that materially differ from the Purchaser Approved Conditions. Because the Attorney General is not imposing any such conditions, the provisions relating to an Evaluation Period are not implicated.

We also note that, even if a 21-day Evaluation Period had been triggered (which we do not concede), Section 8.6 provides that SGM "shall consummate the Sale" if "the Supplemental Sale Order becomes a final, non-appealable order prior to the expiration of the Evaluation Period . . . and all other conditions to closing have been satisfied." Here, we have a final non-appealable order because the only parties who could have standing to appeal have waived that right.

Sam, Tania; I have heard through the grapevine that Verity may be taking the position that SGM does not have (or somehow lost) the 21 day Evaluation Period provided for in section 8.6 of the APA, which started as of the entry of the supplemental sale order yesterday. Would you please let me know if this is, in fact, Verity's positions and if so, please advise me of Verity's basis for that position. Obviously, this is a time critical issue so please get back to me immediately as I have a call scheduled with SGM at 3:00 today. Thanks.

1. SGM has appealed from the Court's order of November 27, 2019 regarding the December 5, 2019 closing;
2. SGM will not be closing the sale transaction on December 5, 2019 and is reserving all of its rights, claims and defenses relating to the APA;

Gary,

You have not responded to the Debtors' request that you state whether your clients "have the financial ability to proceed with this transaction in accordance with the APA, and whether they intend to close the transaction." This includes, but is not limited to, confirmation that the representations set forth in the December 3, 2018 letter issued by Kevin R. Farrenkopf, President and CEO of The Bank of Hemet, and the December 4, 2018 email from William Thomas are still accurate, and that the funds referenced in those communications remain available for use in December 2019 in connection with this transaction. The Debtors insist that you and your clients provide this information outside the context of any confidentiality agreement, either now or in court.

Your clients have no valid basis to refuse to close this transaction. They are in breach of the APA, and the Debtors will proceed accordingly. Indeed, it has become increasingly clear that SGM likely never had the financial ability to perform the APA, and has been in breach of APA Section 3.8 from the outset.

Moreover, SGM lacks standing and has waived any ability to appeal the Court's orders. Manufacturing the Evaluation Period is precisely the type of bad faith conduct with which the Court expressed concern, and which permits the Debtors to recover damages in excess of Section 11.1 of the APA.

If SGM has a proposal that it wishes the Debtors to consider, it should send that proposal immediately. Be advised that the Debtors will proceed down another path unless SGM (i) provides a meaningful, actionable offer, and (ii) demonstrates the financial ability to perform (the failure of either condition would be fatal).

We will be sending you a revised confidentiality stipulation shortly.

Subject: Verity | Weekly KPC/Verity Transaction Committee Call

[External Sender]

Sonia; a checklist call is scheduled for 10:00 today.

As you are aware, SGM is not closing the sale reflected in the APA today. SGM disputes that the notice to close set forth in Sam's letter of November 20, 2019 was effective or consistent with the APA and, notwithstanding Judge Robles order of November 27, which is now on appeal, SGM is under no contractual obligation to close today. Indeed, Verity is not, itself, prepared to close the sale today or to provide the "deliverables" and complete all of the processes necessary for closing.

Notwithstanding the foregoing, SGM has been requesting an opportunity to meet and confer with Verity and other stakeholders to attempt to resolve the disputes that have so far prevented the parties from proceeding to a closing in an organized fashion and consistent with the APA. SGM requested mediation and Verity rejected that request. SGM requested a meeting, which would be governed by applicable privileges, and Verity rejected that request. SGM submitted a proposed confidentiality stipulation to Verity yesterday, made every change that you requested, submitted a draft order to you as requested, and then was advised that Verity refused to meet and confer unless SGM first provided a proposal and financial information, not protected by any privilege.

It is apparent from your litany of threatening letters and rejection of any opportunity to salvage this transaction, that Verity has elected to attempt to force SGM into a position of breach and will pursue litigation, as opposed to participating in a process that might save the hospitals, protect the patients and avoid terminating thousands of employees.

The scheduled "checklist" call for today is clearly a sham, designed to create the appearance, although not legitimate, that Verity is still pursuing a transaction which Verity has now chosen to forego, and to attempt to obtain information for use in the eventual litigation. Accordingly, SGM sees no useful purpose in participating in such a call.

Subject: In re Verity Health System of California, et al., Case No. 2:18-bk-20151-ER

Gary,

SGM still has not responded to the Debtors' request that it confirm whether it has the financial ability to proceed with this transaction in accordance with the APA, and whether it intends to close the transaction in accordance with the APA, i.e., for a purchase price of \$610 million. This includes, but is not limited to, confirmation that the representations set forth in the December 3, 2018 letter issued by Kevin R. Farrenkopf, President and CEO of The Bank of Hemet, and the December 4, 2018 email from William Thomas are still accurate, and that the funds referenced in those communications remain available for use in December 2019 in connection with this transaction. These are simple and direct questions that must be answered under the APA.

SGM cannot hide behind the charade of an "Evaluation Period" any longer. It is becoming increasingly clear that SGM does not have the financial ability to perform under the APA, and may never have had that ability. This is in direct contravention to the representation, warranty and covenant set forth in APA Section 3.9:

3.9 Ability to Perform. Purchaser has the ability to obtain funds in cash in amounts equal to the Purchase Price by means of credit facilities or otherwise and will at the Closing have immediately available funds in cash, which are sufficient to pay the Purchase Price and to pay any other amounts payable pursuant to this Agreement and to consummate the transactions contemplated by this Agreement.

By failing to respond to the Debtors' direct questions regarding SGM's financial ability (or lack thereof), and while still purporting to "reserve rights" under the APA, you and your clients are continuing to engage in bad faith conduct at the expense of the Debtors, as well as their patients, employees and creditors. As the Court aptly observed in its November 29, 2019 Order:

SGM's contention that it is not obligated to close is a cynical attempt to extract a better purchase price. A key component of SGM's negotiation strategy is its attempt to delay as long as possible the adjudication of its obligations under the APA. The Court will not facilitate SGM's dubious tactics.

* * *

By presenting non-meritorious arguments as to why it is not obligated to close, SGM is holding the estates, creditors, and patients of the Hospitals hostage in an attempt to extort a better purchase price. SGM's cynical tactics are especially offensive given the significant harm that closure of the Hospitals would impose upon patients.

Nor are the Debtors willing to allow SGM to try to immunize itself with a nebulous "mediation agreement." The information the Debtors have requested is squarely within the scope of the APA, and the Debtors are entitled to answers under the APA and without confidentiality. The Debtors will not enter any agreement that SGM might try to use to shield the financial information we have requested. The Debtors must have the ability to promptly disclose and

act on such information in order to make critical decisions impacting the Hospitals and alternative plans for disposition of the assets. You have made it clear that the Debtors must seek the Court's immediate intervention with these issues.

As to any settlement proposal that SGM wishes to make, the protections of Rule 408 should suffice and SGM should transmit any such proposal without further delay. That said, we are continuing to discuss the proposed stipulation with the Debtors and their advisors, and will revert on that issue separately.

Re: In re Verity Health Systems of California, Inc., et al., Debtors (“Verity”)
Sale to Strategic Global Management, Inc. (“SGM”)

Dear Sam:

The purpose of this letter is to notify Verity that Verity is in material default with respect to the Asset Purchase Agreement, which was filed with the Court on May 2, 2019 (Doc 2305) and that SGM is demanding that the immediate return of its deposit of \$30 Million, with all interest earned thereon.

The Closing Condition in Section 8.7 Was Not and Continues to be Unsatisfied

Section 8.7 of the APA creates a closing condition, as follows:

“8.7 Medicare and Medi-Cal Provider Agreements. Sellers shall transfer their Medicare provider agreements pursuant to a settlement agreement with the Centers for Medicare and Medicaid Services (“CMS”) and shall transfer their Medi-Cal provider agreements pursuant to a settlement agreement with the California Department of Health Care Services (“DHCS”), which such settlement agreements shall result in: (i) resolution of all outstanding financial defaults under any of Sellers’ Medicare and Medi-Cal provider agreements and (ii) full satisfaction, discharge and release of any claims under the Medicare or Medi-Cal provider agreements, whether known or unknown, that CMS or DHCS, as applicable, has against the Seller or Purchaser for monetary liability arising under the Medicare or Medi-Cal; provider agreements before the Effective Time; provided, however, that Purchaser acknowledges that it will succeed to the quality history associated with the relevant Medicare or Medi-Cal provider agreements assigned and shall be treated, for purposed of survey and certification issues as if it is the relevant Seller and no change of ownership occurred.”

Notwithstanding the fact that Verity had not complied with APA section 8.7, on November 20, 2019, Verity sent SGM, through counsel, a demand for a closing of the APA transaction on or before December 5, 2019 (herein the “Closing Demand”) In your letter of November 20, 2019, you stated:

Samuel R. Maizel
December 5, 2019
Page 2

“Yesterday, as we notified you, that the Debtors reached a settlement agreement the United States on behalf of the Department of Health and Human Services and the Centers for Medicare and Medicaid Services, allowing for the transfer of the Medicare Provider Agreement without successor liability. Consequently, SGM must close this transaction promptly, but no later than ten (10) business days from yesterday, or December 5, 2019, because all conditions to closing are satisfied. See APA § 1.3”. (Emphasis Added.)

Your representation that “all conditions to closing are satisfied” was false. As we now know (and there is no dispute) as of November 20, 2019, Verity had not complied with the condition set forth in 8.7 because, *inter alia*, Verity had not, as of November 20, 2019, entered into a settlement agreement with DHCS which resulted in: (1) resolution of all outstanding financial defaults under any of Verity’s Medi-Cal Provider Agreements, and (2) full satisfaction, discharge and release of any claims under the Medi-Cal Provider Agreements, whether known or unknown that DHCS had against the seller or purchaser.

Indeed, as you acknowledged to the Court, at the hearing on November 26, 2019, Verity had not, even as of that hearing date, entered into a settlement agreement with DHCS. Nor, had Verity entered into such a settlement agreement, as of December 5, 2019, the time Verity set for closing.

Accordingly, Verity failed, as of the date and time which Verity set for closing, to satisfy the condition set forth in § 8.7 of the APA and, was and continues to be in material default.

Neither The Sale Order entered May 2, 2019, nor the Order Authorizing the Transfer of the Medi-Cal Provider Agreement, entered October 11, 2019, satisfies the Condition in Section 8.7.

On November 25, 2019, in recognition that Verity had failed to reach an agreement with DHCS, you sent me an email in which you contended that no such agreement was necessary; notwithstanding the clear and unambiguous language of § 8.7. Your contention was based on the theory that the Bankruptcy Court’s Order, entered on May 2, 2019, authorizing the sale to SGM, satisfied the requirements of § 8.7 because the sale generally provided for it to be free and clear. However, as you well know, DHCS had objected to the sale and, to accommodate that objection, Verity agreed, and the Sale Order so provided, for DHCS to reserve all of its rights pertaining to the assumption of the Medi-Cal Provider Agreements. The Sale Order addressed the objection that DHCS had filed to the proposed transfer of the Medi-Cal Provider Agreements, in part, as follows:

Samuel R. Maizel
December 5, 2019
Page 3

“Nothing in this Sale Order shall apply to Medical Provider Agreements until and unless there is a court order approving a settlement between the Debtors and the DHCS or a court order resolving the DHCS’s objection” (Doc. 2306 at 25 l. 6-8).
(Emphasis added.)

Consistent with that reservation and the need to resolve all issues regarding assumption and assignment of the Medi-Cal provider agreement, including the issue of recoupment, Verity filed its Reply Brief (Doc 3043) on September 18, 2019 seeking an order, which was necessary to satisfy its obligation under § 8.7 with respect to the transfer of the Medi-Cal Provider Agreement.

In the Court’s Memorandum of Decision, issued on September 26, 2019 the Court expressly referred to § 8.7 and the necessity for Verity to obtain an order in compliance with that section as a condition to closing.

The Asset Purchase Agreement (the “APA”) [Doc. No. 2305-1] which governs the sale of the Hospitals to SGM, provides that the sale cannot close unless issues regarding alleged financial defaults existing under each Provider Agreement have been resolved” (Doc. No. 3146 at 3, citing to footnote 5, which states: APA at par. 8.7)

Even more significantly, in the Bankruptcy Court’s Order granting the relief requested by Verity, which was entered on October 11, 2019, the Court deleted the word “recoup” from the section providing for a transfer “free and clear”, and the Court expressly stated that it was reserving the issue of DHCS’s right to recoup for future adjudication.

Provided, however, that nothing in this paragraph shall be construed to limit whatever rights DHCS may or may not have to withhold, under principles of equitable recoupment, payments owed by DHCS to the Debtors and or the SGM Buyers, for the purpose of recovering alleged Pre-Transfer Effective Date Liabilities under or related to the Medi-Cal Program and/or HQAF Program.” (Doc. 3372 at 4:7-10, 16-20).

Not only does the Court’s reservation of the recoupment issue render any argument regarding the effect of either that order or the Sale Order completely meritless, but whatever benefit that might have been achieved by the Court’s October 11, 2019 Order has been nullified by the fact that the DHCS has appealed it to the U.S. District Court and that appeal has not been adjudicated.

L N B Y & B

Samuel R. Maizel
December 5, 2019
Page 4

While we do not concede that the condition in § 8.7 could have been satisfied by a court order, as opposed to a “settlement agreement”, even if Verity could have sought an order from the Bankruptcy Court resolving the recoupment issue, Verity chose not to do so.

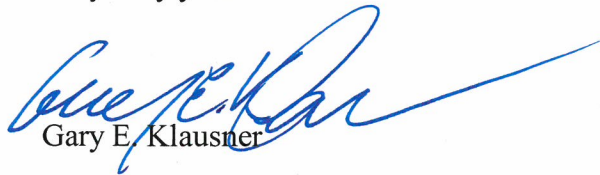

Despite the fact that Verity was required to satisfy the section 8.7 condition by a “settlement agreement”, no such settlement agreement existed as of November 20, 2019, the date of the Closing Demand and the representation that “all conditions of closing are satisfied”. Thus, the demand was improper that statement constituted a material misrepresentation as of that date. Nor was any such agreement reached prior to the date and time, which Verity set, for closing of the APA on December 5, 2019.

As a consequence of the foregoing, Verity improperly and knowingly misrepresented the status of conditions to closing in your letter of November 20, 2019. In reality, all conditions to closing had not been satisfied and remained unsatisfied as of the date and time that Verity set for closing.

The foregoing is by no means the sum-total of all Verity’s material defaults and failed conditions relating to the APA. However, because the issue raised here regarding § 8.7 and the Debtor’s failure to comply with its requirements relating to the Medi-Cal Provider Agreements are factually and legally indisputable, SGM need not present or prove any other basis to establish Verity’s material default.

Based upon the foregoing, and pursuant to § 11.2 of the APA, SGM hereby demands the immediate return of its deposit in the amount of \$30 Million, plus all interest earned thereon.

Very truly yours

Gary E. Klausner

**MEMORANDUM OF DECISION DENYING
DEBTORS' EMERGENCY MOTION FOR
ISSUANCE OF AN ORDER TO SHOW CAUSE
RE: CLOSING OF THE SGM SALE**

[No hearing required pursuant to Federal Rule of Civil
Procedure 78(b) and Local Bankruptcy Rule 9013-
1(j)(3)]

18201511912090000000000008

The Court has reviewed the *Debtors' Emergency Motion for (I) Issuance of an Order to Show Cause Why Strategic Global Management, Inc. Failed to Close the Sale Transaction by December 5, 2019; and (II) Entry of an Order Enforcing Prior Court Orders Requiring Strategic Global Management, Inc. to Close the Sale Transaction by December 5, 2019* (the "Application for OSC") [Doc. No. 3373]. Pursuant to Federal Rule of Civil Procedure 78(b) and Local Bankruptcy Rule 9013-1(j), this matter is suitable for disposition without oral argument. For the reasons set forth below, the Application for OSC is **DENIED**.

I. Background

On November 27, 2019, the Court issued a *Memorandum of Decision Finding that SGM is Obligated to Close the SGM Sale By No Later than December 5, 2019* (the "Closing Memorandum") [Doc. No. 3723] and an accompanying *Order (1) Finding that SGM is Obligated to Close the SGM Sale By No Later than December 5, 2019 and (2) Setting Continued Hearing on Debtors' Motion for Approval of Disclosure Statement* (the "Closing Order") [Doc. No. 3724]. The Closing Order provided in relevant part: "Pursuant to § 1.3 of the APA, SGM is obligated to close the SGM Sale by no later than December 5, 2019." Closing Order at ¶ 1.

SGM¹ did not close the SGM Sale by December 5, 2019. The Debtors move for issuance of an order requiring SGM's principals, Chairman Kali Pradip Chaudhuri, MD, Chief Executive Officer Peter Baranoff, and General Counsel William Thomas, to appear and testify as to (1) why SGM did not close the SGM Sale by December 5, 2019 and (2) whether SGM has the financial ability to close the SGM Sale. The Debtors further request issuance of an order finding that: (1) SGM is in material breach of the APA by failing to close the SGM Sale on December 5, 2019, (2) the Debtors may retain SGM's \$30 million good-faith deposit, and (3) the Debtors may proceed with alternative plans to dispose of the Hospitals.

II. Findings and Conclusions

Requiring SGM's representatives to testify as to SGM's reasons for not closing the SGM Sale would not increase the likelihood of the sale actually closing. By failing to close, SGM risks the loss of its \$30 million good-faith deposit as well as the possibility of damages for breach of contract in an amount of up to \$60 million.² Being compelled to offer testimony will not motivate SGM to close where the threat of the loss of up to \$90 million has failed to accomplish that end. In the future, the Debtors will have the opportunity to litigate the issues of whether SGM has breached the APA and whether the Debtors are entitled to retain SGM's good-faith deposit. In the meantime, the Debtors' efforts would be better spent ensuring the health and safety of the patients at the affected Hospitals.

The prompt closing of the SGM Sale would be in the best interests of all constituents in these cases, and the Court remains hopeful that SGM will fulfill its obligation to close. However, the estates' precarious cash position requires that the Debtors have the ability to immediately explore options for the alternative disposition of the Hospitals. The Court finds that any efforts undertaken by the Debtors with respect to the alternative disposition of the Hospitals will not violate the Debtors' obligation under Article 12.1 of the APA to cooperate with SGM to

¹ Capitalized terms not defined herein have the meaning set forth in the Closing Memorandum.

consummate the SGM Sale; nor shall any such efforts constitute a material default by the Debtors under any other provision of the APA.

The Court will enter an order consistent with this Memorandum of Decision.

Gentlemen:

The medical staff, nurses and personnel of Seton Medical Center are deeply committed to its mission to provide excellent medical care to its community. I write, following up my conversations with each of you, to express our deep concern that our commitment will not suffice to enable Seton to sustain ongoing operations and that Seton will fail unless the sale closes quickly.

At its core, Seton is its people. Maintaining morale and commitment in the face of the cutbacks and uncertainty of the Chapter 11 process has been difficult. Attempting to do so in the traumatic circumstances associated with the sale, however, has become impossible.

On or about November 15th, 2019, VHS sent the attached letter to approximately 1,000 nurses and ancillary staff at Seton, terminating them and inviting them to retrieve their severance packages on December 2, 2019 (the "Severance Letter"). It was originally assumed that the Severance Letter would be coupled with an employment offer from SGM, but SGM has been very slow to make just a few offers, and so the only definitive statement that has been received by the vast majority of Seton's 1,000 nurses is VHS's Severance Letter, terminating them as of December 2, 2019.

The effect has been devastating. I have personally attempted to console more than three dozen nurses in tears over the termination, many of whom had worked at Seton for more than 20 years. Most are now looking for new jobs, since they cannot afford to be unemployed in the Bay Area.

This has disabled key medical functions at Seton. For example, Seton has about 100 cancer patients who must receive periodic infusions of blood and chemicals. Since the chemicals can be lethal, the nurses who operate Seton's Infusion Center are certified to possess this specific skillset. All of the three certified nurses at the Infusion Center are gone: two have already left, the third will leave effective

December 13th and has been reassigned to even more critical duties until she departs. The Infusion Center no longer takes new patients, and all of the current patients have been reassigned to St. Mary's, although it is unknown whether St. Mary's can capably cover this substantial increase in its workload. How unfortunate for these poor cancer patients!

The *uncertainty* about whether the Buyer will perform has caused 6 nurses to leave the Emergency Room, severely reducing its ability to function. The majority of the nurses in the Intensive Care Unit have accepted jobs elsewhere over the last three weeks. There are not enough Intensive Care Physicians now, leaving gaps in coverage for the intensive care patients. The Operating Room was already reliant on a skeleton staff and routinely approved overtime before the problems associated with the sale arose. Following issuance of the Severance Letter, we lost at least 4 nurses. Just this week, a critical gallbladder surgery I was scheduled to perform on Thursday afternoon was rescheduled to Friday morning because appropriate nursing staff was not available.

The situation at Seton is truly dire. Seton loses key personnel and critical functions as each day goes by. In my last conversation with Mr. Baronoff, he said that the closing may be delayed to "January or February." It seems unlikely that Seton will be an operating hospital by then. If anything is to be salvaged from Seton and its mission, the sale must close immediately.

Gratefully,

A handwritten signature in black ink, appearing to read "Robert Perez".

PRELIMINARY STATEMENT

JURISDICTION AND VENUE

6 THE PARTIES

7. CNA is a “representative” as defined in 29 U.S.C. § 2101(a)(4), of a unit of affected nurses who were employed by Defendants until they were terminated without proper notice as part of mass layoffs and/or plant closings that began on about January 14, 2020. Defendants’ actions directly harmed both CNA and the affected nurses. CNA brings this Action on behalf of itself and, in its representative capacity, on behalf of the affected nurses.

8. Verity Health Systems, Inc. (“Verity”) is a California nonprofit public benefit corporation located at 601 S. Figueroa, Suite 4050, Los Angeles, California, and the sole corporate member of St. Vincent Medical Center, St. Vincent Dialysis Center, St. Francis Medical Center, and Seton Medical Center (“Defendant Hospitals”).

10. St. Vincent Dialysis Center is a California nonprofit public benefit corporation and wholly owned subsidiary of St. Vincent Medical Center located at 201 S. Alvarado Street in Los Angeles, California doing business in the County of Los Angeles. Until the middle of January of 2019, St. Vincent Dialysis Center provided dialysis medical services. Unless otherwise indicated, the term “St. Vincent” will also encompass St. Vincent Dialysis Center.

13. Verity Holdings, LLC (“Holdings”) is a California limited liability company, located at 1850 Sullivan Avenue in Daly City, California. Holdings was created in 2016 to hold and finance Verity’s interest in medical office buildings whose tenants are primarily physicians, medical groups, healthcare providers, and some of the Defendant Hospitals. Holdings is a direct subsidiary of its sole member Verity.

15. This Complaint refers to Verity, St. Vincent, St. Vincent Dialysis Center, St. Francis, Seton, Holdings, and DePaul Ventures as the “Institutional Defendants.”

17. At all times relevant herein, the Institutional Defendants have been and are joint employers.

19. Richard Adcock is an individual. At all times relevant herein, he was the Chief Executive Officer of Verity and exercised control and influence over key decisions at issue in this Complaint.

5

Human Resources Officer of Verity and exercised control and influence over key decisions at issue in this Action.

21. This Complaint refers to Richard Adcock and Steven Sharrer as the “Individual Defendants.”

22. Plaintiffs are ignorant of the true names or capacities of the defendants sued under fictitious names Does 1 through 500, inclusive. Plaintiffs are informed and believe that each of the defendants designated as a Doe is responsible in some manner for the events and happenings alleged herein.

FACTUAL BACKGROUND

23. On about August 31, 2018, the Institutional Defendants filed a bankruptcy petition for Chapter 11 relief in this Court.

24. On about May 2, 2019, this Court issued an order, inter alia, approving the Asset Purchase Agreement (“APA”) entered into between Strategic Global Management (“SGM”) and Verity, St. Vincent, St. Francis, Seton, and Holdings [Docket No. 2306¹]. Under the APA, SGM would acquire St. Vincent, St. Francis, and Seton [*Id.*].

25. Under Section 5.3 of the APA, as a condition of closing, SGM was required to offer employment “to substantially all persons (whether such person are full time employees, part-time employees, on short-terms or long-term disability or on leave of absence, military leave or workers compensation leave) who . . . are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller. . . (iii) employed by an affiliate of any Seller . . .” [Docket No. 1279].

26. The terms and conditions of the St. Vincent nurses’ employment were governed by a collective bargaining agreement (“CBA”) between St. Vincent and CNA. The CBA is effective December 22, 2016 to December 21, 2020.

27. Beginning on about July 25, 2019, CNA, Verity, and SGM negotiated a new

¹ All docket references refer to *In re Verity Health Systems*, Case No. 2:18-bk-20151 (Bankr. C.D. Cal. 2018) unless otherwise noted.

29. The August 12 notice also stated: “The closing of the Sale is subject to certain regulatory and other approvals and the satisfaction of certain other conditions agreed to between the Debtors and the Purchaser. While the Debtors are optimistic that the Sale will close, there is a possibility that the Sale will be unsuccessful.”

31. On August 23, 2019, as part of its opposition to any additional conditions imposed by the California Attorney General on the sale of Defendant Hospitals to SGM, Verity represented to this Court that failure to consummate the SGM sale would likely result in the closure of St. Vincent and Seton hospitals [Docket No. 2946].

33. On October 23, 2019, Verity issued a WARN extension notice (the “October WARN Notice”). That notice stated: “Verity Health System of California, Inc. and certain affiliates entered into a Court approved agreement (“Agreement”) to sell substantially all of the

1 assets of [the hospitals, including St. Vincent,] to Strategic Global Management, Inc.” The
2 notice further stated: “The Agreement requires satisfaction of certain milestones to complete
3 the Sale. Not all of the milestones have been met. Consequently, the separations of
4 employment must be postponed and will not occur at the time originally anticipated. At this
5 time, we anticipate the Sale and separations of employment will occur between November 17,
6 2019 and November 30, 2019.” And that notice assured CNA that “[w]e will continue to keep
7 you apprised of any new developments and will provide you with updated information should
8 circumstances change with respect to the Sale and the separations of employment.” [See
9 attached Exhibit 2].

10 34. Nothing in the October Warn Notice indicated any uncertainty about whether
11 the sale would close, only when. Because the October WARN Notice plainly stated that the
12 Defendants anticipated close of the sale and because Defendants had previously represented
13 that SGM would continue to employ substantially all the nurses, this notice effectively
14 communicated to CNA and the St. Vincent nurses that substantially all the nurses’ employment
15 would continue.

16 35. On November 13, 2019, Verity filed a motion to approve the modifications to
17 the CBA and resolve other issues between the parties [Docket No. 3604].

18 36. Between about November 13 and November 26, 2019, Verity engaged in
19 approximately four to five effects bargaining sessions with CNA over severance for the nurses
20 who would not be hired by SGM at the close of the sale. In this process, Verity identified
21 around nine nurses whose employment it expected would not be continued after closing the
22 sale. Verity communicated to CNA that all other employees would be hired by SGM. At no
23 time during these bargaining sessions did Verity express doubt or concern that SGM would
24 consummate the sale. Based on these bargaining sessions, CNA and the nurses believed that
25 “substantially all” meant at all but nine of the nurses would continue employment once the
26 SGM sale closed, and the approximately nine nurses whose employment did not continue
27 would receive severance pay.

28 37. Based on information and belief, on about November 18, SGM’s CEO, Peter

1 Baronoff, telephoned Verity's Investment Banker, Carsten Beith, to inform Verity that SGM
2 could not obtain sufficient financing to close the sale [*Verity Health Systems, Inc. v. Strategic*
3 *Global Management*, 2:20-ap-01001-ER (Bankr. C.D. Cal. January 22, 2020), Docket No. 1].
4 Immediately after receiving this information, Verity requested a continuance of the hearing for
5 its motion to approve its disclosure statement [*Id.*]. This Court granted Verity's request for
6 continuance and ordered that Verity submit a "Plan B" to the Court regarding Verity's plan for
7 resolving the bankruptcy case should SGM fail to close the sale.

8 38. On November 20, 2019, Verity sent a letter to SGM representing that all of the
9 conditions in the APA had been met on November 19, and, consequently, SGM was obligated
10 to close by December 5, 2019 [*Id.*].

11 39. On November 22, 2019, SGM responded to Verity complaining of various
12 issues which amounted to a "Material Adverse Effect" under the APA and that prevented SGM
13 from closing [*Id.*].

14 40. On November 22, 2019, Verity filed a motion with this Court for permission to
15 file its "Plan B" should SGM not consummate the sale. The motion was filed under seal and
16 represented that "SGM has yet to provide the Debtors with specific information regarding their
17 intentions for the SGM sale" [Docket No. 3678]. In this same motion, Verity also noted that it
18 did not want to file Plan B publicly because it "may have an adverse impact on operations and
19 employee morale" [*Id.*]. This admission reveals that Verity did not want its employees to learn
20 that Verity planned to permanently shut down St. Vincent if, as by then Verity believed to be
21 likely, the SGM sale fell through.

22 41. On about November 25, 2019, Mr. Steven Sharrer, Verity's Chief Human
23 Resources Officer, sent a WARN extension notice ("November WARN Notice") to CNA
24 representative Andrew Prediletto informing him that it anticipated the sale of St. Francis, St.
25 Vincent, and Seton to SGM would close between December 6, 2019 and December 19, 2019
26 [See Attached Exhibit 3].

27 42. Defendants' November WARN Notice also stated that the Defendants were
28 continuing "to work expeditiously for a prompt close of the sale with SGM" [*Id.*]. Verity also

1 advised that in support of its efforts to promptly close the sale, Defendants had obtained a court
2 order regarding the Attorney General conditions and reached settlement with the U.S.
3 Department of Health and Human Services, two crucial matters that had to be resolved for sale
4 closing [*Id.*].

5 43. Defendants' November WARN Notice failed to disclose the fact that SGM had
6 already informed Verity it did not have the financing to close and, in any event, believed it was
7 not required to close [*Id.*]. Furthermore, while the notice proudly announced its settlement
8 agreement with the U.S. Department of Health and Human Services, it neglected to mention
9 that Verity did not yet have a settlement agreement with the California Department of
10 Healthcare Services (DCHS). Based on information and belief, if Verity failed to execute a
11 settlement agreement with DCHS, DCHS would have a potential recoupment claim against
12 SGM (as the purchaser) for \$80 million. This outstanding liability and lack of funds would and
13 ultimately did impact SGM's ability and willingness to close the sale. Because Defendants had
14 already represented to CNA that SGM would continue the employment of substantially all
15 CNA members, Defendants' November WARN Notice amounted to false assurance that CNA
16 members would likely keep their jobs because of the impending sale, when in fact Defendants
17 already knew that the sale was unlikely to close.

18 44. By the actions described in Paragraphs 27-30, 32-36, and 40-43, Defendants led
19 CNA to believe that closure of the SGM sale was imminent and that substantially all of CNA's
20 members at St. Vincent would retain their jobs after SGM purchased the hospital [Docket No.
21 36042]. By these same actions, Defendants led the nurses working at St. Vincent to believe
22 that closure of the SGM sale was imminent and that as a result, substantially all the nurses at St.
23 Vincent would retain their jobs. Upon information and belief, St. Vincent registered nurses
24 relied on Defendants' repeated assurances that it expected to promptly close the sale to SGM,
25 and as a result, did not seek other employment when they otherwise would have.

26 45. On November 26, 2019, this Court ordered that SGM close the sale by
27
28

December 5, 2019 [Docket No. 3724].

46. On December 4, 2019, this Court held a hearing on Verity's motion to approve the modifications to the CBA and granted said motion in its entirety [Docket No. 3755].

47. On December 5, 2019, SGM failed to close the sale by the deadline in the APA, and there was no reason to expect that it would do so in the future. The Defendants did not amend the November WARN Notice at that time or take any other action to inform CNA or the St. Vincent nurses that it was increasingly likely that the SGM sale would not close or that if the sale to SGM did not close, it was likely that Defendants would permanently shut down the St. Vincent Medical Center in very short order.

48. By December 16, 2019, at the latest, Defendants had already begun meeting with professional consultants to develop plans to permanently shut down St. Vincent.

49. On December 17, 2019, Verity called SGM and advised SGM that Verity was terminating the APA, effective December 27, 2019, as a result of SGM's failure to close the sale on December 5 [*Verity Health Systems, Inc. v. Strategic Global Management*, 2:20-ap-01001-ER (Bankr. C.D. Cal. January 22, 2020), Docket No. 20]. The Defendants did not amend the November WARN Notice at that time or take any other action to inform CNA or the St. Vincent nurses that the SGM sale would not close or that because the SGM would not close, it was likely that Defendants would permanently shut down the St. Vincent Medical Center.

50. On December 18, 2019, Rich Adcock emailed the nurses, informing them that SGM did not close the sale as required by the bankruptcy court, and so their employment with Verity would "NOT end on December 19, 2019" as Verity had previously anticipated. This email communication did not disclose that Defendants anticipated permanently closing St. Vincent because the sale to SGM had fallen through. It did not disclose that it was likely that the St. Vincent nurses would all lose their jobs as a result. The notice merely stated that Verity would advise them of "any further developments relating to [their] employment" [See attached Exhibit 4].

51. Upon information and belief, St. Vincent registered nurses relied on Defendants' December 18 assurance that their employment with Verity would "NOT end," and as a result,

1 did not seek other employment.

2 52. By December 19, 2019, at the latest, Defendants' counsel began researching
3 whether they could shoe-horn the planned permanent closure of St. Vincent into an exception
4 to the WARN Acts, which would enable them to avoid civil penalties for having failed to
5 timely disclose the planned shutdown.

6 53. Effective December 27, 2019, Verity terminated the APA between it and SGM
7 [Docket No. 3899]. Defendants did not amend the November WARN Notice at that time or
8 take any other action to inform CNA or the St. Vincent nurses that because the SGM would not
9 close, it was likely that Defendants would permanently shut down the St. Vincent Medical
10 Center.

11 54. On January 6, 2020, Verity filed an emergency motion with this Court to shut
12 down St. Vincent [Docket No. 3906]. In this Motion Verity expressed concern that once the
13 fact that it was seeking authorization to shut down St. Vincent was public, the turnover of
14 nursing staff would be "likely to accelerate, making maintenance of high quality patient care
15 more difficult, and, to the extent that temporary nursing replacements are required, significantly
16 more expensive" [Docket No. 3906]. Defendants did not amend the November WARN Notice
17 at that time.

18 55. On January 8, 2020, this Court granted Defendants' emergency motion to shut
19 down St. Vincent. Defendants did not amend the November WARN Notice at that time.

20 56. On January 9, 2020 at 7:00 a.m., Defendants permanently shut down St.
21 Vincent's emergency department [Docket No. 3982]. Defendants did not amend the November
22 WARN Notice at that time.

23 57. On January 13, 2020, Verity's Chief Human Resources Officer, Mr. Steven
24 Sharrer, emailed Mr. Prediletto a new WARN notice dated January 10, 2020 ("January WARN
25 Notice"). This notice did not refer to itself as an extension to the November WARN Notice
26 [See attached Exhibit 5]. The January WARN Notice stated that closure and separations of
27 employment at St. Vincent Medical Center would occur between January 14, 2019 and January
28 27, 2020 [*Id.*]. The January WARN Notice asserted that Defendants had previously expected

1 the SGM sale to close, but that it did not, and stated that the permanent closure of St. Vincent
2 was a result of the failure of SGM to close. The January notice included an Exhibit A, which
3 listed the names of approximately 365 nurses who would be terminated as a result of the
4 closure [*Id.*].

5 58. As of January 18, 2020, St. Vincent had no patients [Docket No. 3982].

6 59. As of January 27, 2020, only approximately 20 employees remained at Saint
7 Vincent to complete winddown operations [*Id.*].

8 **INTERGRATED ENTERPRISE & JOINT EMPLOYER**

9 **Common Ownership & Financial Control**

10 60. Upon information and belief, all Institutional Defendants are owned and/or
11 controlled by Defendant Verity. As previously stated, Verity is the sole corporate member of
12 St. Vincent, Seton, and St. Francis.

13 61. Upon information and belief, Richard Adcock serves as the CEO and Peter
14 Chadwick serve as the Secretary and CFO of St. Vincent, Seton and St. Francis. The only
15 difference in Verity's officers is that Terry Belmont serves as its Secretary instead of Mr.
16 Chadwick.

17 62. The manager of Holdings is Verity and the manager of DePaul Ventures is
18 Richard Adcock.

19 **Common Management, Directors, and Officers**

20 63. Upon information and belief, the bylaws of Verity and each of the Defendant
21 Hospitals vest ultimate authority over major decisions to the Verity board of directors such as
22 whether to change the mission of a hospital, amend a hospital's bylaws, appoint and remove its
23 directors, approve the incurrence of debt and, inter alia, approve the operating budget.

24 64. Upon information and belief, business plans are developed by Verity, rather than
25 individual Defendant Hospitals.

26 65. Upon information and belief, per each Defendant Hospitals' bylaws, at least one
27 member of Defendant Hospitals' board of directors must be a member of Verity's Board of
28 Directors.

66. Upon information and belief, outside consultants are retained at the system-level for all Defendant Hospitals and Verity.

67. Elspeth D. Paul serves as the General Counsel for all the Institutional Defendants.

De Facto Control

68. Upon information and belief, Verity makes all major decisions for St. Vincent, St. Francis, Seton, Holdings, and DePaul Ventures including the decision to place these entities into bankruptcy.

69. Upon information and belief, Verity made the determination to shut down St. Vincent.

70. Upon information and belief, Verity sent the WARN notices to Defendant Hospitals' employees.

71. Upon information and belief, Verity and the Individual Defendants determined when and how to provide or not provide notification to employees regarding the imminent closure of St. Vincent.

Interrelation Between & Dependency of Operations

72. Upon information and belief, Verity and Defendant Hospitals hold themselves out to the public as an integrated and unified health system. Per its own representations to this Court, Verity operates Defendant Hospitals [Docket No. 8, p. 7].

73. Upon information and belief, Verity and Defendant Hospitals share insurance policies for workers' compensation coverage, general liability, storage tank liability, commercial property, commercial automobile, and helipad liability.

74. Upon information and belief, Verity and Defendant Hospitals are part of an obligated group whereby the prepetition loans they received imposed joint and several liability upon them and allowed all obligated group members use of such loan proceeds.

75. Upon information and belief, Verity negotiated numerous system-wide agreements for all the Defendant Hospitals.

76. Upon information and belief, capital improvements were financed for Defendant

Hospitals based on financings undertaken on a joint and several basis.

77. Upon information and belief, Verity routinely transferred funds between all Institutional Defendants.

78. Upon information and belief, all Institutional Defendants list the same business address on their filings with the California Secretary of State: 601 S. Figueroa Suite 4050, Los Angeles, CA 90017 which is the physical location of Verity.

79. Upon information and belief, all employees of Verity and Defendant Hospitals have an email address that is not specific to each entity and instead is in the form of employeesname@verity.com.

Centralized Control of Labor Relations

80. Upon information and belief, Verity's Chief Human Resources Officer, Mr. Steven Sharrer, oversees the labor relations at all Defendant Hospitals.

81. Upon information and belief, negotiations for CBAs at Defendant Hospitals are performed by Verity management on a system-wide basis.

82. Upon information and belief, prior to the sale of O'Connor Regional Hospital ("O'Connor) and Saint Louise Regional Hospitals ("Saint Louise") to Santa Clara County and the closure of St. Vincent, Verity recognized a single unit of CNA-represented registered nurses comprised of those who worked at St. Vincent, O'Connor, St. Louise, and Seton. These nurses' terms and conditions were covered by a single master CBA and supplemental local agreements for each hospital.

83. Upon information and belief, all of the Institutional Defendants' employees participate in common retirement plans, healthcare plans and other employee benefit plans.

84. Upon information and belief, Verity and Defendant Hospitals maintain common personnel policies, a shared employee recruitment website, and human resources portal.

COUNT I: VIOLATION OF THE FEDERAL WARN ACT

85. Plaintiff restates and realleges paragraphs 1-84 as if fully set forth herein.

86. The Federal WARN Act, 29 U.S.C. § 2101, et. seq., regulates the amount of

1 notice an employer must provide to employees who will be terminated due to the employer's
2 closing of a plant or mass layoffs, as well as the back pay and other associated benefits an
3 affected employee is due based on a violation of the required notice period.

4 87. The Federal WARN Act prohibits an employer from ordering a mass layoff for
5 at least 60 days after it serves written notice of the pending layoff to affected employees, each
6 representative of the affected employees, the entity designated by the State to carry out rapid
7 response activities, and the chief elected official of the unit of local government within which
8 the layoff is to occur.

9 88. The Institutional Defendants were, and are, subject to the notice and back pay
10 requirements of the Federal WARN Act because they are individually and collectively a
11 business enterprise that employs 100 or more employees, excluding part-time employees, as
12 defined in the Act. 29 U.S.C. § 2101(1)(A).

13 89. At all times material herein, the St. Vincent registered nurses have been entitled
14 to the rights, protections, and benefits provided under the Federal WARN Act, 29 U.S.C.
15 § 2101, et. seq.

16 90. The Institutional Defendants violated the Federal WARN Act by ordering a
17 mass layoff and closing without providing 60 days' written notice to CNA, affected employees,
18 or any State of California or City of Los Angeles agency or official of the permanent closure of
19 St. Vincent.

20 91. The St. Vincent nurse-employees of the Institutional Defendants who were
21 terminated and/or laid off without 60 days' notice are aggrieved and entitled to the remedies
22 provided by law.

23 92. As a result of the Institutional Defendants' actions, each aggrieved employee has
24 suffered damages in an amount to be proven at trial.

25 **COUNT II: VIOLATION OF THE CALIFORNIA WARN ACT**

26 93. Plaintiff restates and realleges paragraphs 1-84 as if fully set forth herein.

27 94. At all times material herein, the St. Vincent registered nurses have been entitled
28 to the rights, protections, and benefits provided under the California WARN Act, California

1 Labor Code § 1401, et seq.

2 95. The California WARN Act regulates the amount of notice an employer must
3 provide to employees who will be terminated due to the employer's closing of a plant or mass
4 layoffs, as well as the back pay and other associated benefits an affected employee is due based
5 on a violation of the required notice period.

6 96. The Institutional Defendants were, and are, subject to the notice and back pay
7 requirements of the California WARN Act because they are individually and collectively a
8 business enterprise that employs 75 or more employees, excluding part-time employees, as
9 defined in the Act. Cal. Labor Code § 1400, et. seq.

10 97. The Institutional Defendants violated the California WARN Act by failing to
11 provide the required notice to the affected employees and/or any of the various government
12 agencies to which they were required by law to give notice, in writing, at least 60 days prior to
13 the terminations and/or layoffs of the permanent closure of St. Vincent.

14 98. The St. Vincent nurse-employees of the Institutional Defendants who were
15 terminated and/or laid off without 60 days' notice are aggrieved and entitled to the remedies
16 provided by law.

17 99. As a result of the Institutional Defendants' actions, each aggrieved employee has
18 suffered damages in an amount to be proven at trial.

19 **COUNT III: INTENTIONAL MISREPRESENTATION BY CONCEALMENT**

20 100. Plaintiff restates and realleges paragraphs 1-84 as if fully set forth herein.

21 101. Beginning in August 2019, Defendants disclosed some facts to CNA and the St.
22 Vincent nurses about the bankruptcy and planned sale of Defendant Hospitals to SGM.
23 However, for extended periods of time beginning in November 2019, Defendants intentionally
24 failed to timely disclose that:

- 25 a. New information had arisen and then continued to arise that made it
26 increasingly unlikely the sale would close;
- 27 b. Defendants anticipated permanently shutting down St. Vincent entirely and
28 expeditiously in the increasingly likely event that the sale did not close;

104. Defendants' deliberately concealed these material facts to lead nurses and CNA to the false conclusion that the nurses' employment was very likely to continue despite the bankruptcy. Defendants misled the nurses and CNA in this way to avoid incurring additional expenses to secure the necessary nursing staff to keep St. Vincent running until they were ready to close it and to avoid the possibility of effective organized opposition to the planned closure.

1 105. St. Vincent nurses who would have looked for other work if they had known
2 that the hospital was likely to shut down did not do so because they were intentionally kept
3 ignorant of these facts. As a result, those nurses only began to look for work when the news of
4 shut down reached the general public after Verity finally disclosed its shutdown plans in a
5 filing with this Court on January 6, 2020. This was less than two weeks before the nurses lost
6 their jobs.

7 106. Because of Defendants' deliberate concealment of these material facts, nurses
8 experienced periods of unemployment, financial hardship, and emotional hardship that they
9 would not otherwise have experienced.

10 107. CNA would have engaged in different bargaining and organizing strategies if it
11 had known that the hospital was likely to permanently shut down but did not do so because
12 Defendants intentionally kept CNA ignorant of these facts.

13 108. Because of Defendants' deliberate concealment of these material facts, CNA
14 incurred expenses and wasted time engaging in bargaining based on false pretenses.

15 **COUNT IV: NEGLIGENT MISREPRESENTATION**

16 109. Plaintiff restates and realleges paragraphs 1-84 as if fully set forth herein.

17 110. Beginning in August 2019, Defendants disclosed some facts to CNA and the
18 CNA-represented nurses at St. Vincent about the bankruptcy and planned sale of Defendant
19 Hospitals to SGM. However, for extended periods of time beginning in November 2019,
20 Defendants failed to timely disclose the facts that:

- 21 a. New information had arisen and then continued to arise that made it
22 increasingly unlikely the sale would close;
- 23 b. Defendants anticipated permanently shutting down St. Vincent entirely and
24 expeditiously in the increasingly likely event that the sale did not close;
- 25 c. The sale fell through;
- 26 d. Defendants were planning to shut down St. Vincent entirely and
27 expeditiously because the sale fell through.

28 111. Prior to Defendants' late disclosure on December 18, 2019 that the SGM sale

1 did not close on the date ordered by this Court, CNA and the St. Vincent nurses believed that
2 the nurses' employment was likely to continue because the SGM sale was going to close and
3 SGM was going to continue operating the hospital. Defendants had not disclosed to the nurses
4 or CNA, and the nurses and CNA did not know that:

- 5 a. New information had been arising for weeks that made it increasingly
6 unlikely the sale would close;
- 7 b. Defendants anticipated shutting down St. Vincent entirely and expeditiously
8 in the increasingly likely event that the sale did not close;
- 9 c. The sale fell through;
- 10 d. Defendants were planning to shut down St. Vincent entirely and
11 expeditiously because the sale fell through.

12 112. In the December 18, 2019 email in which Defendants notified the CNA-
13 represented nurses that the sale to SGM had not occurred as ordered, Defendants also stated
14 that the nurses' employment would "NOT end." As a result, prior to Defendants' public
15 disclosure in January 2020, CNA and the CNA-represented nurses believed that the nurses'
16 employment at St. Vincent was likely to continue even though the sale to SGM had not
17 occurred as ordered. They did not know that Defendants were planning to permanently shut
18 down St. Vincent entirely and expeditiously because the sale fell through.

19 113. Defendants previous representations about the likely future of St. Vincent
20 became misrepresentations when Defendants failed to advise CNA and the CNA-represented
21 nurses of these changes in circumstances. And Defendants had no reasonable grounds for
22 believing their prior representations remained true after they learned that sale to SGM was
23 increasingly unlikely and decided that they would permanently shut down St. Vincent if the
24 sale fell through.

25 114. St. Vincent nurses who would have looked for other work if they had known
26 that the hospital was likely to shut down did not do so because they reasonably relied on
27 Defendants' representations that the hospital would keep operating. As a result, those nurses
28 only began to look for work when the news of shut down reached the general public after

1 Verity finally disclosed its plans in its filing with this Court on January 6, 2020. This was less
2 than two weeks before the nurses lost their jobs.

3 115. Because of Defendants' misrepresentation of material facts, nurses experienced
4 periods of unemployment, financial hardship, and emotional hardship that they would not
5 otherwise have experienced.

6 116. CNA would have engaged in different bargaining and organizing strategies if it
7 had known that the hospital was likely to shut down but did not do so because it reasonably
8 relied on Defendants' misrepresentations.

9 117. Because of Defendants' misrepresentations of material facts, CNA incurred
10 expenses and wasted time engaging in bargaining based on false pretenses.

11 **PRAYER**

12 Plaintiff prays for judgment against Defendants, and each of them as follows:

13 118. A judgment in favor of the Plaintiff and each of the "affected employees" under
14 the State and Federal WARN Acts equal to the sum of sixty-days of: their unpaid wages,
15 accrued holiday pay, accrued vacation pay, health and life insurance, and other ERISA benefits
16 that would have been covered and paid under the then-applicable employee benefit plans had
17 that coverage continued for that period, all determined in accordance with the California and
18 Federal WARN Acts;

19 119. Civil penalties for each day of the WARN Act violations;

20 120. Compensatory damages, including lost wages and lost employee benefits,
21 damages to CNA related to bargaining expenses and missed organizing opportunities;

22 121. Damages for mental pain and anguish and emotional distress;

23 122. Punitive damages;

24 123. Liquidated damages, as allowed by law;

25 124. Interest as allowed by law on the amounts owed under the preceding paragraphs;

26 125. Treatment of all damage claims as first priority administrative expense pursuant
27 to 11 U.S.C. § 503(b)(1)(A)(i)-(ii). For such other and further relief as Bankruptcy Court deems
28 just and proper.

**Re: Notice Pursuant to Worker Adjustment and Retraining Notification Act
and the California WARN Act**

Dear Mr. Andrew Prediletto:

This notice is being issued to you under the Worker Adjustment and Retraining Notification Act, 29 U.S.C. §§2101 et seq. (the “WARN Act”) and the California WARN Act, California Labor Code §§1400-1408 (“Cal-WARN Act”). The purpose of this notice is to inform you of the permanent closure of St. Vincent Medical Center, located at 2131 West Third Street, Los Angeles, CA 90057, and St. Vincent Dialysis Center, located at 201 S. Alvarado St., Los Angeles, CA 90057 (together, “St. Vincent”).

On August 31, 2018, Verity Health System of California, Inc. (“VHS”) and sixteen of its affiliates, including St. Vincent (referred to collectively with VHS and other debtor affiliates as the “Debtors”), filed for Chapter 11 bankruptcy protection in the United States Bankruptcy Court for the Central District of California, and are being jointly administered under Lead Case No. 2:18-bk-20151.

The Debtors entered an agreement to sell St. Vincent and other assets to KPC Group, aka Strategic Global Management, Inc. (together, “SGM”), which was approved by the Bankruptcy Court. In connection with the planned sale, we previously noticed you of the anticipated separations of employment in accordance with the WARN Act and Cal-WARN Act. The timing of that WARN notice was based upon the agreement with SGM. The Debtors expected the sale to be completed because the Bankruptcy Court approved the sale and entered an order providing that SGM was obligated to close the sale. SGM, however, did not close the sale. Given SGM’s failure to close the sale transaction, and there being no feasible alternative for continued operations, the Debtors made the difficult decision to close St. Vincent. The Court granted the Debtors’ emergency motion for authority to close St. Vincent on January 9, 2020 (the “Order”). Consequently, you are receiving this WARN notice.

We know that you were aware of the separations of employment at St. Vincent based on the prior WARN notice you received. We had hoped there would be an opportunity for continued employment with SGM when the sale closed. In light of the unforeseen circumstances relating to the sale and the

unexpected need to close St. Vincent as a last resort, this additional WARN notice is being provided to you as soon as practicable after the Order.

In connection with the closure, the Debtors will be separating the employment of all of St. Vincent's employees. Based on the best information available to date, we believe the closure and separations of employment will occur between **January 14, 2020 and January 27, 2020**. A list of the job titles of positions affected and the names of the workers currently holding the affected jobs is attached hereto as Exhibit A.

If you have any questions or require additional information, please do not hesitate to contact me at (424) 367-0733.

Sincerely,

SSS

Steven Sharrer
Chief Human Resources Officer

INSTRUCTIONS

The filing of a bankruptcy case creates an “estate” under the jurisdiction of the bankruptcy court which consists of all of the property of the debtor, wherever that property is located. Because the bankruptcy estate is so extensive and the jurisdiction of the court so broad, there may be lawsuits over the property or property rights of the estate. There also may be lawsuits concerning the debtor’s discharge. If such a lawsuit is filed in a bankruptcy court, it is called an adversary proceeding.

A party filing an adversary proceeding must also must complete and file Form 1040, the Adversary Proceeding Cover Sheet, unless the party files the adversary proceeding electronically through the court’s Case Management/Electronic Case Filing system (CM/ECF). (CM/ECF captures the information on Form 1040 as part of the filing process.) When completed, the cover sheet summarizes basic information on the adversary proceeding. The clerk of court needs the information to process the adversary proceeding and prepare required statistical reports on court activity.

The cover sheet and the information contained on it do not replace or supplement the filing and service of pleadings or other papers as required by law, the Bankruptcy Rules, or the local rules of court. The cover sheet, which is largely self-explanatory, must be completed by the plaintiff’s attorney (or by the plaintiff if the plaintiff is not represented by an attorney). A separate cover sheet must be submitted to the clerk for each complaint filed.

Plaintiffs and Defendants. Give the names of the plaintiffs and defendants exactly as they appear on the complaint.

Attorneys. Give the names and addresses of the attorneys, if known.

Party. Check the most appropriate box in the first column for the plaintiffs and the second column for the defendants.

Demand. Enter the dollar amount being demanded in the complaint.

Signature. This cover sheet must be signed by the attorney of record in the box on the second page of the form. If the plaintiff is represented by a law firm, a member of the firm must sign. If the plaintiff is pro se, that is, not represented by an attorney, the plaintiff must sign.

Pursuant to §§ 105, 363, and 1108 of title 11 of the United States Code, 11 U.S.C. §§ 101, *et seq.* (the “Bankruptcy Code”),¹ Verity Health System of California, Inc. (“VHS”) and the above-referenced affiliated debtors, the debtors and debtors in possession (collectively, the “Debtors” or the “Verity Health System”) in the above-captioned chapter 11 bankruptcy cases (the “Cases”), hereby move, on an emergency basis (the “Motion”), for the entry of an order authorizing the Debtors to: (1) take all actions necessary in the exercise of their business judgment to effectuate the orderly and expedited closure (the “Closure”) of Debtor hospital St. Vincent Medical Center (“SVMC”) and its dialysis center, St. Vincent Dialysis Center, Inc. (as a separate Debtor entity, “SVDC,” and together with SVMC as an integrated medical center, “St. Vincent”), including the transfer of patient care to other health care providers,² the proper disposition of controlled substances and hazardous materials, notices to governmental entities, and ultimately, the cessation of operations at St. Vincent (the “Closure Plan”);³ and (2) granting such other relief as the Court deems just and proper in connection therewith.

The Debtors request that the relief sought be granted on an emergency basis to avoid immediate and irreparable harm given (i) St. Vincent's continuing economic losses, (ii) the Debtors' need to have sufficient cash on hand for the orderly closure of St. Vincent, (iii) the acceleration of staff turnover once this Motion is filed which will further increase short-term

¹ All references to “§” are to sections of the Bankruptcy Code.

² As part of the Closure Plan, St. Vincent intends to enter into an agreement with Good Samaritan Hospital (“GSH”) whereby GSH agrees to accept transfers of St. Vincent’s inpatients, subject to applicable legal requirements and patient consent. GSH is located approximately one mile from St. Vincent.

³ Certain elements of the Closure Plan may require the Debtors to enter into new contracts and dispose of equipment and other property, which relief is incorporated in this Motion, and assume or reject current contracts and leases, which relief is not requested herein. To the extent the Debtors determine in their business judgment to assume or reject contracts and leases in connection with implementing the Closure Plan, such relief will be sought by separate motion(s).

operational costs, (iv) the Debtors' need to begin the closure process as soon as possible given that it will take at a minimum one month to safely transfer all patient care, and (v) generally that VHS cannot continue to subsidize St. Vincent's operations without putting the continued existence of the entire Verity Health System at risk. The sale of St. Vincent as documented in the Asset Purchase Agreement ("APA," and the sale documented thereby, the "SGM Sale") between the Debtors and Strategic Global Management, Inc. ("SGM") did not close as contemplated therein. At this point, any delay in St. Vincent's closure will significantly impact these Cases because St. Vincent operates with cash losses that put the entire Verity Health System at peril under the current circumstances. St. Vincent lost approximately \$65 million in fiscal year 2019, which translates to daily cash losses of over \$175,000. Accordingly, there are limited cash resources available for continued operation and patient care, which cannot at this stage be mitigated by either additional external financing (which is no longer available to the Debtors beyond a short extension by their current prepetition secured creditors to help allow the Debtors to finance an orderly wind-down) or sale prospects (of which there were none for St. Vincent as an operating entity). Moreover, once the relief sought in this Motion is made public, turnover of staff, especially nurses, is likely to accelerate, making maintenance of high quality patient care more difficult, and, to the extent that temporary nursing replacements are required, significantly more expensive. Thus, reducing the period of time between filing of the Motion and a hearing on the Motion is essential to maintaining patient care.

Finally, key constituents, including secured creditors and the Unsecured Creditors Committee have been fully informed of the Debtors' intent to file this Motion and the basis for the relief sought herein.

Accordingly, the Debtors respectfully request that the Court grant the Motion for an emergency hearing because the proposed expedited hearing will not prejudice any parties and is in the best interests of the Debtors' estates and creditors.

I.

BASIS FOR THE REQUESTED RELIEF

The Debtors seek authority to close St. Vincent as expeditiously as possible because continued subsidy of its operations by VHS puts the continued existence of the entire Verity Health System at risk. The Motion is based upon §§ 105, 363, and 1108, Bankruptcy Rule 6004, the attached Memorandum of Points and Authorities, the *Declaration of Richard Adcock in Support of Emergency First-Day Motions* [Docket No. 8] (the "First-Day Decl."), the *Declaration of James M. Moloney in Support of the Debtors' Memorandum. in Support of Entry of an Order: (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances; (B) Authorizing the Assumption and Assignment of Designated Executory Contracts and Unexpired Leases; and (C) Granting Related Relief* [Docket No. 2220] (the "Moloney Sale Decl."); the Declarations of Richard Adcock (the "Adcock Decl."), Peter C. Chadwick (the "Chadwick Decl."), and James M. Moloney (the "Moloney SVMC Decl.") filed concurrently herewith, the arguments and statements of counsel to be made at the hearing on the Motion, and any other admissible evidence properly brought before the Court. The Debtors request that the Court take judicial notice of the record in the Debtors' Cases and any other judicially noticeable facts in support of the Motion, as appropriate, including all documents filed with the Court in these Cases that relate to the SGM Sale and the prior sale of hospitals to Santa Clara County.

II.

RESPONSES

Any party opposing or responding to the Motion may present such response (the "Response") at any time before or at the hearing on the Motion. *See* LBR 9075-1(a)(8). A Response must be a complete written or oral statement of all reasons in opposition to the Motion or in support, declarations and copies of all evidence on which the responding party intends to

2 failure to file and serve a timely objection to the Motion may be deemed by the Court to be

28 they deem necessary and appropriate to effectuate the orderly Closure of St. Vincent; and (ii)

granting such other relief as the Court deems just and appropriate.

MEMORANDUM OF POINTS AND AUTHORITIES

I.

INTRODUCTION

St. Vincent Medical Center (including its on-campus dialysis center, “St. Vincent”) has always been a vital part of the Verity Health System.¹ It is undeniable that everyone involved has done his and her utmost to promote St. Vincent’s continued existence for the benefit of its patients, employees, and the communities it serves. However, St. Vincent has been operating at significant financial losses (more than \$65 million in fiscal year 2019 alone), which has become unsustainable for both St. Vincent, and for the other Debtors forced to subsidize its losses. Additionally, as the Court is aware, the sale of St. Vincent as documented in the Asset Purchase Agreement (“APA,” and the sale documented thereby, the “SGM Sale”) between the Debtors and Strategic Global Management, Inc. (“SGM”)—which would have provided for the sale of St. Vincent as a going concern—did not close. During the extensive marketing and sale process leading up to the APA with SGM, there was no interest for St. Vincent as a going concern. Currently, there is no buyer who has presented a feasible offer to purchase St. Vincent as a going concern.²

As responsible stewards of patient safety, the Debtors’ foremost responsibility is delivery of high quality patient care, and, consequently, the Debtors must immediately begin the Closure Plan (as defined below) with sufficient cash on hand to orderly implement the plan and transfer of

¹ The “Verity Health System” comprises the following affiliated debtors and debtors and debtors in possession (collectively, the “Debtors”) in these chapter 11 cases (the “Cases”): Verity Health System of California, Inc. (“VHS”), O’Connor Hospital, Saint Louise Regional Hospital, St. Francis Medical Center, St. Vincent Medical Center (“SVMC”), Seton Medical Center, O’Connor Hospital Foundation, Saint Louise Regional Hospital Foundation, St. Francis Medical Center of Lynwood Foundation, St. Vincent Foundation (the “Foundation”), St. Vincent Dialysis Center (“SVDC”), Inc., Seton Medical Center Foundation, Verity Business Services, Verity Medical Foundation, Verity Holdings, LLC, De Paul Ventures, LLC, De Paul Ventures - San Jose Dialysis, LLC.

² Even if there were any material interest to purchase St. Vincent, St. Vincent and the estates could not sustain the losses that would be incurred during the regulatory review process, such as the losses borne during the Attorney General review process for the sale to SGM, which failed when SGM did not close the sale.

patients. The Debtors anticipate that by mitigating St. Vincent's operational losses through closure of its facilities as expediently as possible, the Debtors will have sufficient cash-on-hand (e.g., remaining proceeds from the hospital sales to Santa Clara County plus extended consensual use of cash collateral) to fund the closure (the "Closure") in an orderly manner. Continuing to incur operating losses at St. Vincent outside the Closure Plan would only deplete cash resources and place St. Vincent and the Debtors in a position that they would not have sufficient cash on hand to conduct the orderly Closure.

The Debtors anticipate it will take 30 days to discharge acute care patients. As part of the closure plan (the "Closure Plan"), St. Vincent intends to enter into an agreement with Good Samaritan Hospital ("GSH"), whereby GSH will accept transfers of St. Vincent's inpatients, subject to applicable legal requirements. GSH is located approximately one mile from St. Vincent. With respect to patients in St. Vincent's kidney/pancreas transplant program, it will take (i) 30 days to transfer those currently receiving care to alternate providers, and (ii) 60 days to coordinate care with other outpatient health care providers for those patients who are being evaluated for the program or have already received a transplant and been discharged. St. Joseph Hospital ("St. Joseph") has agreed to assume care of the kidney transplant patients who are part of the St. Vincent Transplant Program (defined below), subject to approval of the United Network for Organ Sharing ("UNOS"). St. Joseph has its own UNOS-approved Kidney Transplant Program. The Debtors are in discussions with other area hospitals to coordinate the transfer of care for the kidney/pancreas-only transplant patients (less than twenty patients).

Accordingly, the Debtors respectfully request that the Court grant the Motion to protect patient care and to avoid immediate and irreparable harm to the Debtors, the Hospitals, and the estates. The Debtors respectfully submit the proposed relief is in the best interests of St. Vincent, St. Vincent's patients, and the Debtors and their estates as a whole.

JURISDICTION, VENUE, AND STATUTORY PREDICATES

The Bankruptcy Court has jurisdiction pursuant to 28 U.S.C. §§ 157 and 1334. This matter is a core proceeding under 28 U.S.C. §§ 157(b)(2). Venue is proper pursuant to 28 U.S.C.

§§ 1408 and 1409.

The statutory predicates for the relief sought in the Motion are §§ 105, 363, and 1108.³

III.

STATEMENT OF FACTS

A. General Background

1. On August 31, 2018 (the “Petition Date”), the Debtors each filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the Central District of California, Los Angeles Division (the “Bankruptcy Court”). Since the commencement of their Cases, the Debtors have been operating their businesses as debtors in possession pursuant to §§ 1107 and 1108. On September 14, 2018, the Office of the United States Trustee appointed the Official Committee of Unsecured Creditors [Docket No. 197].

2. Debtor VHS, a California nonprofit public benefit corporation, is the sole corporate member of five Debtor California nonprofit public benefit corporations that operated O’Connor Hospital and Saint Louise Regional Hospital, and currently operates St. Francis Medical Center, St. Vincent (the subject of this Motion), and Seton Medical Center, including Seton Medical Center Coastside Campus (collectively, the “Hospitals”).

3. As of the Petition Date, the Verity Health System operated as a nonprofit healthcare system in the State of California, with approximately 1,680 inpatient beds, six active emergency rooms, a trauma center, eleven medical office buildings, and a host of medical specialties, including tertiary and quaternary care. *See Declaration of Richard Adcock in Support of Emergency First-Day Motions* [Docket No. 8] (the “First-Day Decl.”), at ¶ 12. The scope of the services provided by the Verity Health System is exemplified by the fact that in 2017, the Hospitals provided medical services to over 50,000 inpatients and approximately 480,000 outpatients. *Id.* The Verity Health System was originally established by the Daughters of Charity of St. Vincent de Paul, Province of the West, to support the mission of the Catholic Church through a commitment to the sick and poor.

4. St. Vincent was founded as the first hospital in Los Angeles in 1856. First-Day Decl., at ¶ 34. In 1971, a new facility was constructed at the Hospital’s current location at 2131 West Third Street, Los Angeles, CA 90057. *Id.* The Hospital has expanded to a 366 licensed bed, regional acute care, tertiary referral facility, specializing in cardiac care, cancer care, total joint and spine care, and multi-organ transplant services. *Id.* The Hospital serves both local residents and residents from Los Angeles, San Bernardino, Riverside, and Orange Counties. *Id.* St. Vincent provides medical care for both inpatients (*i.e.*, patients who remain in the hospital for more than 24 hours) and outpatients (*i.e.*, patients who receive outpatient services, such as MRIs). Additionally, the Debtors operate a Kidney-Pancreas Transplant Program at St. Vincent (the “St. Vincent Transplant Program”).⁴ The St. Vincent Transplant Program operates under UNOS approval. As a provider of healthcare services for a high percentage of elderly patients, many of the Hospital’s services and programs are focused on the treatment of various chronic diseases. *Id.* In 2015, under a restructuring agreement, St. Vincent was converted from a religious corporation to a public benefit corporation. *Id.* at ¶¶ 21, 92. St. Vincent owns real property commonly known as: (i) 2131 W 3rd Street, Los Angeles, CA 90057, including the hospital and all of the facilities located thereon; and (ii) vacant land in Salton Sea, California. *Id.* at ¶ 23.⁵

5. St. Vincent has its own dialysis center (SVDC) on-campus, where St. Vincent’s kidney disease patients receive dialysis services, including hemodialysis and isolated ultrafiltration treatments as part of St. Vincent’s end-stage renal disease program. *Id.* at ¶ 36. Although together they form St. Vincent, the Hospital, SVMC and SVDC have separate corporate

⁴ There are approximately 300 patients on the waitlist in the St. Vincent Transplant Program and approximately 700 patients who have received transplants in the last five years. Another one thousand individuals are currently being evaluated for a place on the transplant waitlist.

⁵ The Foundation is governed by a Board of Trustees, and SVMC is the sole corporate member of the Foundation. Because the Foundation exists to support St. Vincent, the Debtors ultimately will seek to wind it down as well; however, they do not seek to do so through this Motion. Given its status as a medical foundation, the Foundation will be subject to a separate wind-down plan in coordination with the California Attorney General. The Foundation holds donor restricted funds, and owns: (i) a fractional timeshare of a condominium commonly known as 2600 Avenida Del Presidente, San Clemente, CA 92672; and (ii) Lot 10 of Block 572 of Rio Grande Estates, Unit 25, Valencia, NM.

1 identities, and SVMC is the sole corporate member of SVDC. *Id.* Both SVMC and SVDC are
2 exempt from federal income taxation as an organization described in § 501(c)(3) of the Internal
3 Revenue Code of 1986. *Id.* at ¶ 21.

4 6. St. Vincent as of the Petition date employed approximately 1,099 employees, of
5 which 897 were full time, 42 were part time, and 160 were per diem. *Id.* at ¶ 59(f). St. Vincent
6 employees are represented by two unions with the respective contractual obligations: (i) SEIU-
7 UHW (Non-Nursing Service Employees); and (ii) California Nurses' Association ("CNA")
8 (Nurses). *Id.* at ¶ 60.

9 7. St. Vincent is a jointly "obligated" party with its affiliates on approximately
10 \$461.4 million of outstanding secured debt consisting of: (a) \$259.4 million outstanding tax
11 exempt revenue bonds, Series 2005 A, G and H issued by the California Statewide Communities
12 Development Authority (the "2005 Bonds"), which loaned the bond proceeds to certain Debtors
13 to provide funds for capital improvements and to refinance certain tax exempt bonds previously
14 issued in 2001 by the Daughters of Charity Health System, and (b) \$202.0 million outstanding tax
15 exempt revenue notes, Series 2015 A, B, C, and D and Series 2017 issued by the California
16 Public Finance Authority. *Id.* at ¶ 121.

17 8. St. Vincent has consistently lost money for many years due to, among other things,
18 unfavorable payor contracts, rising health care costs, high pension obligations and certain
19 requirements imposed on St. Vincent by the State of California Attorney General, as more fully
20 described below. *See id.* at ¶¶ 95, 99. St. Vincent is also dramatically under invested in structural
21 improvements necessary to meet California's state mandated seismic and clean energy
22 requirements. *Id.* The combined effect of these issues have been a consistent drag in operating
23 cash balances absent additional financing. *See Chadwick Decl.*, at ¶ 5.

24 9. While the Debtors collectively have a poor financial history, St. Vincent has been
25 particularly troubled. *Id.* at ¶ 6. On the Petition Date, although St. Vincent accounted for
26 approximately only 23% of the patient volume of the entire Verity Health System, the hospital
27 accounted for approximately 60% of the operating losses. *Id.* The Debtors project continuing
28 operating losses by St. Vincent. The reported financial statements of St. Vincent reflect that, in

1 fiscal year 2019 (ended June 30, 2019), SVMC lost approximately \$65 million which was an 18%
2 and 103% increase over the fiscal years 2018 and 2017, respectively. *Id.* at ¶ 8.

3 **B. Marketing and Sale Efforts**

4 (1) *Prepetition Sale Efforts*

5 10. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and
6 solicit interest in their assets, including the five Hospitals and related assets (collectively, the
7 “Assets”). *See Declaration of James M. Moloney in Support of the Debtors’ Memorandum. in*
8 *Support of Entry of an Order: (A) Authorizing the Sale of Property Free and Clear of All Claims,*
9 *Liens and Encumbrances; (B) Authorizing the Assumption and Assignment of Designated*
10 *Executory Contracts and Unexpired Leases; and (C) Granting Related Relief* [Docket No. 2220]
11 (the “Moloney Sale Decl.”), at ¶ 4. In June 2018, Debtors engaged Cain Brothers, a division of
12 KeyBanc Capital Markets (“Cain”), to assist in identifying potential buyers of some or all of the
13 Assets and commenced discussions with those potential Buyers. *Id.* Cain prepared a
14 Confidential Investment Memorandum and organized an online data site to share information
15 with potential buyers and contacted strategic and financial buyers beginning in July 2018. *Id.* In
16 this initial marketing process, Cain contacted more than 100 potential partners to evaluate their
17 interest in exploring a transaction involving some or all of the Assets. *Id.* By August 2018, as a
18 result of its ongoing and broad marketing process, Cain had received 11 “Indications of Interest”
19 from potential buyers of some or all of the Assets. *Id.*

20 (2) *DIP Facility*

21 11. At the commencement of the Cases, the Debtors obtained court approval for a DIP
22 financing facility with up to \$185 million of availability from Ally Bank subject to a borrowing
23 base (the “DIP Facility”). (*See* Docket No. 409). The DIP Facility was secured by substantially
24 all of the Debtors’ assets and also provided for super priority administrative priority status for all
25 obligations under the facility. *Id.* The DIP Facility enabled Debtors to operate the Hospitals
26 while they continued their efforts to find a purchaser for their assets and to reach agreements with
27 key constituents. *See* Chadwick Decl., at ¶ 7. On September 6, 2019, the Debtors received
28

1 authority to pay off the DIP Facility and continue funding operations through the consensual use
2 of cash collateral [Docket No. 3022].

3 (3) *Postpetition Sale Efforts*

4 12. Postpetition, Cain continued to work with potential buyers for some or all of the
5 Assets. Moloney Sale Decl., at ¶ 5. Based on these discussions, the Debtors determined that
6 seeking a buyer for the Assets in Santa Clara and a separate buyer for the other Assets would
7 most likely yield higher net proceeds for the Debtors' estates. *Id.* As a result, the sale of the
8 Santa Clara Assets to Santa Clara County was approved by the Court on December 27, 2018
9 [Docket No. 1153].

10 13. Thereafter, Cain focused on marketing the Debtors' remaining Assets, including
11 St. Vincent. Moloney Sale Decl., at ¶ 6. As a part of this process, Cain contacted more 189
12 potential parties to evaluate potential stalking horse bidders for some or all of the Debtors'
13 remaining Assets of which 92 had executed a NDA and 18 submitted written proposals. *Id.*
14 Subsequent to receiving access to the virtual data room and being offered additional information
15 via conference calls and site visits, many of the potential purchasers indicated that they were not
16 interested in being the stalking horse bidder. *Id.* During November and December 2018, the
17 Debtors and their advisors had substantial discussions with those potential buyers remaining,
18 during which Prime Healthcare and SGM emerged as the leading potential candidates to be
19 selected as the stalking horse bidder for the Debtors' remaining Assets. *Id.*

20 (4) *The SGM APA*

21 14. After extensive negotiations with both parties and careful review of the proposed
22 transactions by the Debtor and its advisors, the Debtors selected SGM as the stalking horse bidder
23 (the "Stalking Horse Bidder") for the Debtors' remaining Assets. *Id.* at ¶ 7. On February 19,
24 2019, the Court held a hearing on the Sale and Bidding Procedures Motion and thereafter entered
25 an order approving the Sale and Bidding Procedures Motion (the "Bidding Procedures Order")
26 [Docket No. 1572]. SGM served as the Stalking Horse Bidder under the terms of the Bidding
27 Procedures Order. The Bidding Procedures Order also approved that certain asset purchase
28 agreement [Docket No. 2305-1] (the "SGM APA") as modified therein.

1 15. Cain sent the approved bidding procedures to the 90 parties with whom the Debtor
2 had previously executed NDAs and included the timetable for the sale of the Debtors' remaining
3 Assets. Moloney Sale Decl., at ¶ 8. Cain also requested that each party confirm that each party
4 continued access to the data room and were interested in continuing to evaluate the purchase of
5 some or all of the Debtors' remaining assets. *Id.* Nineteen of those parties confirmed that were
6 still evaluating the transaction and requested continued access to the data room. *Id.*

7 16. Cain facilitated due diligence by potential buyers, including arranging site visits,
8 organizing calls with the Debtors' leadership team and facilitated follow-up from the Debtors and
9 their advisors to address diligence requests. *Id.* at ¶ 9. Of these nineteen interested parties,
10 certain parties evaluated acquiring all the Debtors' remaining Assets, others evaluated acquiring
11 individual hospitals, and others were real estate companies that evaluated purchasing St. Vincent
12 to convert its campus to non-hospital uses. *Id.*

13 17. At the end of the marketing period, two parties submitted Qualified Bids, one for
14 St. Vincent and one for St. Francis Medical Center, one party submitted a non-Qualified Bid for
15 St. Francis Medical Center and one party submitted a non-Qualified Bid for all of the assets. *Id.*
16 at ¶ 10. No Qualified Full Bid was received.

17 18. Accordingly, under the terms of the SGM APA and the Bidding Procedures Order,
18 no auction was held and the Debtors declared SGM as the "winning bidder" of the Hospitals.
19 Docket No. 2053, at 2.

20 19. On May 2, 2019, the Bankruptcy Court entered the *Order (A) Authorizing the Sale*
21 *of Certain of the Debtors' Assets to Strategic Global Management, Inc. Free and Clear of Liens,*
22 *Claims, Encumbrances, and Other Interests; (B) Approving the Assumption and Assignment of an*
23 *Unexpired Lease Related Thereto; and (C) Granting Related Relief* [Docket No. 2306] (the "Sale
24 Order"), approving the sale to SGM (the "SGM Sale"). Pursuant to the SGM APA, SGM agreed
25 to continue to operate St. Vincent as well as the Debtors' other three Hospitals.

26 20. The Debtors had expected the SGM Sale to close in the fourth quarter of 2019. On
27 November 27, 2019, the Court entered an order and accompanying memorandum decision
28

1 requiring SGM to close the sale by December 5, 2019 [Docket Nos. 3723-24]. SGM did not
2 close the sale by December 5, 2019.

3 21. The previous marketing and sale process yielded no buyer interested in the
4 purchase of St. Vincent as a going concern, and no alternate buyer is anticipated. Moloney
5 SVMC Decl., at ¶ 4. St. Vincent's operating losses are significant and unsustainable. Chadwick
6 Decl., at ¶ 8. Consequently, the Debtors must start expeditiously resolving these Cases through
7 alternative transactions, including the relief sought in this Motion, pursuant to the authority
8 granted by the Court's order and accompanying memorandum decision [Docket Nos. 3783-84],
9 and consistent with their fiduciary duty.

10 22. The Debtors recently stipulated with their prepetition secured lenders to extend
11 their consensual use of cash collateral [Docket Nos. 3871-72] (the "Cash Collateral Agreement").

12 **C. Closure Plan**

13 *(1) Overview*

14 23. The Debtors, in consultation with their professionals and healthcare advisors, have
15 developed a comprehensive Closure Plan, certain key elements of which are described herein.

16 24. The Closure Plan provides for each of the following steps to conclude St.
17 Vincent's operations and services:

- 18 • Cessation of new inpatient admissions and closure of the emergency department;
 - 19 • Transfer, discharge, and referral of patients;
 - 20 • Communication to employees, patients, providers, government entities, area
21 hospitals, and the community at large;
 - 22 • Transfer, storage, and, when permitted, disposal of medical records;
 - 23 • Disposal of pharmaceuticals, including controlled substances;
 - 24 • Disposal and handling of medical waste and other hazardous materials;
 - 25 • Coordination with Emergency Medical Services ("EMS") and removal of St.
26 Vincent road signs; and
 - 27 • Implementation of enhanced security measures.
- 28

25. Above all, the Closure Plan emphasizes patient safety. The Debtors plan to work closely with the California Department of Public Health (“CDPH”), UNOS, EMS, the Center for Medicare and Medicaid Services (“CMS”), and other licensing and governmental authorities, and area providers to prevent disruption of patient care and ensure a smooth transition of the Debtors’ patients to alternate health care providers. As part of the Closure Plan, St. Vincent’s medical personnel will, among other steps, evaluate patients for safe transport, assess whether a patient is stable, obtain patient consents, obtain health plan authorization if required, and arrange for continuing care. In furtherance of this goal, by this Motion the Debtors also seek authority to enter into and perform under new contracts, as appropriate (*e.g.*, with such providers who accept transfer of patients), to the extent permitted by the terms of their Cash Collateral Agreement.

(2) *Timeline*

26. Although subject to modification based on patient needs and input from the CDPH and others, the Debtors’ current general timeline for shut-down of operations is as follows (all dates are calculated with reference to entry of an order granting this Motion):⁶

- Order + 1 day: Notify EMS and place St. Vincent on diversion protocol for all patients. Begin process of transferring patients, along with their medical record information, to a hospital of their choice. This process includes outreach to local outpatient dialysis providers to help facilitate scheduling for St. Vincent dialysis outpatients with future appointments.
- Order + 3 days: Complete the emergency unit closure.
- Order + 5 days: Cease scheduling all elective procedures.
- Order + 7 days: Conclude and cease all elective surgeries and other procedures.
- Order + 21 days: Complete the dialysis unit closure.
- Order + 30 days: Complete the transplant unit closure.

⁶ All dates are subject to discussions with the CDPH, UNOS, and others as appropriate.

- Order + 30 days: Complete closure and cease clinical operations (the “Closure Date”).

27. Subsequent to the Closure Date, the Debtors will continue to assist with the coordination of care for certain patients with future outpatient appointments, namely those who are in the process of being evaluated for kidney and/or pancreas transplants and patients undergoing outpatient dialysis treatment. The Debtors expect it will take approximately another 30 days to complete the coordination of care with other outpatient health care providers.

(3) *Transfer, Discharge, and Referral of Patients*

28. The most critical aspect of the Closure Plan is ensuring continuity of care for the Debtors’ patients. The majority of currently-admitted patients will be discharged in the ordinary course, and, if necessary, provided with information and assistance to make follow-up appointments with alternate providers. Inpatients will be notified of the anticipated Closure and will be transferred to other area hospitals (such as GSH) if they still require inpatient hospital services as of the Closure Date.⁷ Arrangements with an ambulance carrier will be in place to accommodate the orderly transfer of all inpatients needing ambulance transport. Outpatients with future appointments and patients of the St. Vincent Transplant Program will similarly be notified of the anticipated Closure and the Debtors will assist with care coordination with other hospitals and outpatient health care providers as appropriate for each type of patient (e.g., GSH, St. Joseph, etc.). Such care transfer arrangements likely will require entry into one or more postpetition contracts (e.g., with hospitals, ambulance companies, outpatient providers, etc.), authority for which the Debtors request as part of this Motion’s relief to implement the Closure Plan. The Debtors expect to complete the transfer and discharge of all inpatients by the Closure Date.

⁷ Transfers arranged by St. Vincent will require, at minimum, that (i) the attending physician has determined the patient is stable for transfer, approved the mode of transportation for the transfer and approved the transfer, in accordance with the medical staff bylaws of St. Vincent, (ii) the patient or the patient’s representative has consented to the transfer, and (iii) the patient’s health plan, if any, has approved the transfer.

(4) *Medical and Business Records Safeguard, Storage, Transfer, and Disposal*

29. The safeguard, storage, transfer, and disposal of medical and business records are also an important element of the Closure Plan. As part of the Closure Plan, the Debtors intend to transfer custody of St. Vincent's records to St. Francis Medical Center ("SFMC"). St. Vincent's electronic records are currently stored on the same server as SFMC's records, so only St. Vincent's physical records require manual transfer. In SFMC's custody, St. Vincent's records will be maintained and retained in accordance with this Court's previous orders regarding (a) patient records [Docket No. 3597] and (b) business and other non-patient records [Docket No. 3596], to the extent applicable; otherwise, the Debtors will seek further disposition through a separate motion. A phone number and email address will be posted for patients to request copies of their medical records and this information will also be provided to CDPH as part of the closure notification process.

(5) *Communications Regarding the Closure Plan*

30. The Debtors are currently developing a comprehensive approach to keep patients, employees, government agencies, area hospitals, and the community at large informed of the Closure process. In particular, the Debtors will contact area hospitals and certain outpatient providers to inform them of the Closure and to discuss procedures for the transfer of patients. In addition, the Debtors will notify the fire department and the appropriate regulatory and governmental agencies of the Closure.

31. With respect to employees, the Debtors intend to arrange for job fairs with the desire that St. Vincent personnel may be hired by transferee hospitals and other local health care providers.

(6) *Disposal of Controlled Substances, Pharmaceuticals, Medical Waste, and Other Hazardous Materials*

32. The Debtors will manage and dispose of controlled substances, pharmaceuticals, medical waste, and other hazardous materials in accordance with state and federal guidelines. Medications, including controlled substances, radioactive materials, chemicals, medical waste, infectious materials, and other hazardous materials will be identified, secured and inventoried,

1 then destroyed, disposed of, returned to vendors, or transferred to other providers, as appropriate.
2 St. Vincent will engage vendors, as needed, to manage the disposal of medical waste and
3 infectious materials. Retention of such vendors likely will require entry into one or more
4 postpetition contracts, authority for which the Debtors request as part of this Motion's relief to
5 implement the Closure Plan.

6 **IV.**

7 **ARGUMENT**

8 Pursuant to §§ 105(a), 363, and 1108, given the failure of the SGM Sale to close, the
9 Court should authorize the orderly closure of St. Vincent in accordance with the Closure Plan
10 because Closure will then be in the best interests of St. Vincent's patients, creditors, and the
11 Debtors' estates.

12 **A. This Court Can Authorize the Closure of St. Vincent Pursuant to §105.**

13 Section 105(a) of the Bankruptcy Code in conjunction with the other sections referenced
14 herein permits the requested relief. Section 105(a) provides:

15 The court may issue any order, process, or judgment that is
16 necessary or appropriate to carry out the provisions of this title. No
17 provision of this title providing for the raising of an issue by a party
18 in interest shall be construed to preclude the court from, *sua sponte*,
taking any action or making any determination necessary or
appropriate to enforce or implement court orders or rules, or to
prevent an abuse of process.

22 provisions of the Code . . .". *Law v. Siegel*, 134 S. Ct. 1188, 1194 (2014).

23 The Bankruptcy Court may evoke § 105(a) if necessary to preserve a right provided

4 *Brooks-Hamilton*, 2009 WL 226002, at *5 (9th Cir. BAP January 21, 2009)). Bankruptcy courts,
5 accordingly, also have the power under § 105(a) to enforce their prior orders. *See In re Stokes*,

8 broad powers to enforce its orders under § 105(a).”).

9 As more fully described below, the requested relief under § 105(a) is needed to preserve
10 Debtors’ rights under §§ 363(b) and 1108 to use their property in a manner that will enable them
11 to move quickly to stave off continued losses and to address the current situation facing St.
12 Vincent given no new purchaser is reasonably anticipated. In this case, if the Court enters an
13 order permitting closure, the Debtors will be able to quickly move forward and implement the
14 plans and procedures necessary to close the hospital.

15 **B. Section 363(b) Authorizes the Debtors to Use Their Property According to Their**
16 **Business Judgment**

17 The Court has the authority to grant the requested relief under § 363(b), which permits a
18 debtor to use its property in a manner which will enhance value to the estate. The Debtors must
19 be able to “use” their property in a manner that permits them to stop St. Vincent’s mounting
20 losses and to retain value for the benefit of the remaining estates. More importantly in this case,
21 as a hospital system, the Debtors must use their property in a manner that protects the patients in
22 their care, who are best served by the orderly implementation of the Closure Plan.

23 Section 363(b) provides, in relevant part, that a debtor “after notice and a hearing, may
24 **use**, sell or lease, other than in the ordinary course of business, property of the estate . . .”. 11
25 U.S.C. § 363(b) (emphasis added). While there is no legislative history to explain why the term
26 “use” is part of § 363(b), courts have viewed § 363(b) as providing flexibility to debtors in the
27 exercise of their business judgment. In reviewing a debtor’s decision to use estate property
28 pursuant to § 363, courts have routinely held that if such use represents reasonable business

1 judgment on the part of the debtor, such use should be approved. *See In re Gardens Reg'l Hosp.*
2 *& Med. Ctr., Inc.*, Case No. 2:16-bk-17463-ER (Bankr. C.D. Cal. Jan. 20, 2017) (Robles, J.)
3 (“The closing of the hospital constitutes use of estate property, outside the ordinary course of
4 business, within the meaning of Bankruptcy Code §363(b). The Debtor’s decision to close the
5 hospital is a proper exercise of the Debtor’s business judgment.”); *see also In re Lionel Corp.*,
6 722 F.2d 1063, 1070-71 (2d Cir. 1983) (requiring a “good business reason” to approve a
7 transaction under § 363). “Ordinarily, the position of the trustee is afforded deference,
8 particularly where business judgment is entailed in the analysis or where there is no objection.”
9 *In re Lahijani*, 325 B.R. 282, 289 (9th Cir. B.A.P. 2005).

10 While the closure of St. Vincent is far from an ideal solution—in fact, it is a last, tragic
11 resort—in the absence of other alternatives, it is the only viable solution that will grant the
12 greatest safeguards to the patients in St. Vincent’s care, accomplish the goal of addressing St.
13 Vincent’s cash losses, and retain some value for the Debtors’ stakeholders. Declaration of
14 Richard Adcock (the “Adcock Decl.”), at ¶¶ 5-6. The Debtors are aware of their fiduciary duty to
15 creditors as debtors in possession, and have determined that ceasing operations at St. Vincent in
16 the absence of another viable solution is in the best interests of St. Vincent’s individual estate as
17 well as the Debtors’ collective estates. *Id.*; *see also In re R.H. Macy & Co., Inc.*, 170 B.R. 69, 74
18 (Bankr. S.D.N.Y. 1994) (“The debtor’s duty to maximize estate assets may require the cessation
19 of operations at one location.”).

20 Courts emphasize that the business judgment rule may be satisfied “as long as the
21 proposed transaction appears to enhance the debtor’s estate.” *In re Food Barn Stores, Inc.*, 107
22 F.3d 558, 566 n.16 (8th Cir. 1997); *accord In re AbitibiBowater*, 418 B.R. 815, 831 (Bankr. D.
23 Del. 2009) (the business judgment standard is “not a difficult standard to satisfy”). Under the
24 business judgment rule, “management of a corporation’s affairs is placed in the hands of its board
25 of directors and officers, and the Court should interfere with their decisions only if it is made
26 clear that those decisions are, *inter alia*, clearly erroneous, made arbitrarily, are in breach of the
27 officers’ and directors’ fiduciary duty to the corporation, are made on the basis of inadequate
28 information or study, are made in bad faith, or are in violation of the Bankruptcy Code.” *In re*

1 *Farmland Indus., Inc.*, 294 B.R. 855, 881 (Bankr. W.D. Mo. 2003) (citing *In re United Artists*
2 *Theatre Co.*, 315 F.3d 217, 233 (3d Cir. 2003); *Richmond Leasing Co. v. Capital Bank, N.A.*, 762
3 F.2d 1303, 1309 (5th Cir. 1985); *In re Defender Drug Stores, Inc.*, 145 B.R. 312, 317 (B.A.P. 9th
4 Cir. 1992)). Here, the Debtors have determined in their business judgment that it is prudent to
5 seek permission to cease operations at St. Vincent. Adcock Decl., at ¶ 6. The Debtors have
6 limited cash, cannot continue operations of St. Vincent, and have therefore determined that it is in
7 the best interests of their respective estates and creditors to effectuate a Closure of St. Vincent and
8 focus on a safe and orderly wind-down through implementation of the Closure Plan. *Id.* at ¶¶ 5-8.

9 In *Gardens Regional Hospital*, this Court granted similar relief under similar
10 circumstances. This Court recognized the following facts in that case:

11 The Debtor's existing operations do not generate sufficient cash flow to
12 keep the hospital open. To maintain operations, the Debtor would be
13 required to obtain additional debtor-in-possession ("DIP") financing. No
14 lenders will extend credit to the Debtor unless the credit is secured by a
15 lien senior in priority to the liens of the Debtor's pre-petition secured
16 creditors. Under the circumstances, the Court lacks the statutory authority
17 to authorize the Debtor to obtain additional credit priming the liens of the
18 secured creditors.

19 Case No. 2:16-bk-17463-ER, Docket No. 633 (Bankr. C.D. Cal. Jan. 20, 2017). As a result, the
20 Bankruptcy Court concluded that "[t]he closing of the hospital constitutes use of estate property,
21 outside the ordinary course of business, within the meaning of Bankruptcy Code §363(b). The
22 Debtor's decision to close the hospital is a proper exercise of the Debtor's business judgment."
23 *Id.*

24 Indeed, this Court in *Gardens Regional Hospital* further recognized that under these
25 circumstances, the Debtors' very duty is to close the Hospital:

26 In view of the lack of funds to continue operations, and the inability of the
27 Debtor to obtain additional credit, the vote by the Debtor's Board of
28 Directors ("Board") to seek closure of the hospital was entirely consistent
with the Board's fiduciary duties, imposed under state law, to uphold the
hospital's mission of sustaining public health and welfare. Public health
and safety would be jeopardized if the Debtor continued to admit new
patients when it lacks funds to adequately sustain operations. In fact, the
Board would be acting in violation of its fiduciary duties to the community
if it attempted to continue operating the hospital despite the lack of
sufficient cash to sustain operations.

1 *Id.*

2 For all the same reasons here, the Debtors request urgent approval to close St. Vincent.
3 Absent the SGM Sale, there are no viable offers for St. Vincent as a going concern, and any delay
4 in commencing a closure plan prejudices patients and estate stakeholders. Adcock Decl., at ¶ 5;
5 Moloney SVMC Decl., at ¶ 4; *see also* Chadwick Decl., at ¶¶ 7, 9. The Motion is being made at
6 this time because the orderly transfer of patients and wind-down of St. Vincent will take time,
7 including time to arrange patient transfers with alternate health care providers. Adcock Decl., at
8 ¶ 6. Beyond transfer of inpatients, St. Vincent provides longer-term care for certain outpatients
9 receiving dialysis or on the UNOS transplant waitlist, which patients require further advance
10 planning as part of any transition. *Id.* So timing is truly of the essence and St. Vincent is seeking
11 authority to initiate this process as soon as possible.

12 **C. Section 1108 Authorizes the Debtors *Not* to Operate Their “Moribund” Businesses**

13 Section 1108 of the Bankruptcy Code grants a debtor in possession the *right* to operate its
14 businesses, providing that the trustee (or debtor in possession) “*may* operate the debtor’s
15 business.” 11 U.S.C. § 1108 (emphasis added). With its use of the permissive term, “may,” the
16 statute “clearly indicates that a trustee is not required to operate the debtor’s business.” *In re*
17 *Thrifty Liquors, Inc.*, 26 B.R. 26, 28 (Bankr. D. Mass. 1982). Indeed, § 1108 “necessarily implies
18 the lesser authority to modify the operation of the business on such grounds as he deems
19 appropriate under the circumstances.” *Id.* Thus, a debtor is not required to operate its business
20 “if such operations will reduce the value of the debtor’s assets or if the debtor’s business is
21 moribund.” 7 *Collier on Bankruptcy*, ¶ 1108.13 (Alan N. Resnick & Henry Sommer eds., 16th
22 ed.). Indeed, in such circumstances, “continued operation of a business that ought to be closed
23 down and liquidated may be a breach of the fiduciary duties of a trustee or debtor in possession.”
24 *Id.* As discussed further herein, the Debtors have determined that there are compelling reasons to
25 cease operations at St. Vincent.

26 **D. Good Cause Exists for Granting the Relief**

27 This Court has the authority to order the closure based on the facts and evidence
28 presented. *See* 11 U.S.C. §§ 105(a), 363(b), and 1108. The Debtors intend to conduct the closure

1 in coordination with regulatory authorities and with due care for the patients and with the
2 assistance of their medical personnel. Adcock Decl., at ¶ 9. St. Vincent will place its license in
3 suspense, consistent with applicable law and with the assistance of the Debtors' health care
4 experts.⁸ *Id.*

5 After the closure of St. Vincent, the Debtors will seek to sell the land and buildings and
6 otherwise dispose of their assets (e.g., equipment), as may be approved by this Court in
7 subsequent orders.

17 **REQUEST FOR IMMEDIATE RELIEF AND WAIVER OF STAY**

18 Pursuant to Bankruptcy Rule 6004(h), the Debtors seek a waiver of any stay of the
19 effectiveness of any order granting the relief sought herein. Bankruptcy Rule 6004(h) provides
20 that "[a]n order authorizing the use, sale, or lease of property other than cash collateral is stayed
21 until the expiration of 14 days after entry of the order, unless the court orders otherwise." Fed. R.

23 harm to the Debtors' patients and the estates. Adcock Decl., at ¶ 5; Chadwick Decl., at ¶ 4.

For all of the reasons stated above, the Debtors request that the Court grant the requested relief.

DECLARATION OF RICHARD ADCOCK

I, Richard G. Adcock, hereby state and declare as follows:

1. I submit this declaration (the “Declaration”) in support of the *Debtors’ Emergency Motion for Authorization to Close St. Vincent Medical Center* (the “Motion”),¹ which seeks entry of an order authorizing the Debtors to: (a) take all actions necessary in the exercise of their business judgment to effectuate the orderly closure (the “Closure”) of St. Vincent Medical Center (including its on-campus dialysis center, “St. Vincent”), including the transfer of patient care to other health care providers, the proper disposition of controlled substances and hazardous materials, notices to governmental entities, and ultimately, the cessation of operations at St. Vincent (the “Closure Plan”); and (b) granting such other relief as the Court deems just and proper in connection therewith.

2. I am the Chief Executive Officer (“CEO”) of Verity Health System of California, Inc. (“VHS”). I became VHS’ CEO effective January 2018. Prior thereto, I served as VHS’ Chief Operating Officer (“COO”) beginning in August 2017. In my roles as COO and CEO at VHS, I have become intimately familiar with all aspects of the Debtors as well as those affiliated entities that are not in bankruptcy.

3. I have worked for more than 25 years in the healthcare arena, with 15 years in not for profit operations. During this period, I have accumulated extensive senior level experience in the areas of not-for-profit healthcare, especially in healthcare delivery, hospital acute care services, health plan management, product management, acquisitions, integrations, population health management, budgeting, disease management and medical devices. I also have meaningful experience in other related areas, including human resources and personnel management.

4. My background and familiarity with the Debtors’ day-to-day operations, business and financial affairs, and the circumstances leading to the commencement of these chapter 11 bankruptcy cases are set forth more fully in my *Declaration filed in Support of Emergency First-*

¹ Unless otherwise defined, capitalized terms used herein shall have the same meaning as in the Motion.

1 *Day Motions* [Docket No. 8] on the Petition Date, and is incorporated by reference into this
2 Declaration.

3 5. For all of the reasons set forth in the Motion and the supporting declarations, I
4 believe failure to grant immediate relief would risk immediate and irreparable harm to the
5 Debtors' patients and the estates. The Debtors must be permitted to move expeditiously to
6 implement a closure plan for St. Vincent because it is the only viable solution at this point in
7 these cases and grants the greatest safeguards to the patients in St. Vincent's care. As set forth in
8 the declaration of Peter Chadwick, St. Vincent has been operating at significant financial losses
9 (more than \$65 million in fiscal year 2019 alone), which has become unsustainable for both St.
10 Vincent, and for the other Debtors forced to subsidize its losses. Further, as set forth in the
11 declaration of James Moloney, there is no buyer who has presented a feasible offer to purchase
12 St. Vincent as a going concern and the previous marketing and sale process yielded no bid for St.
13 Vincent as a stand-alone hospital. Even if there were any material and viable interest to purchase
14 St. Vincent, St. Vincent and the estates could not sustain the losses that would be incurred during
15 the regulatory review process, such as the losses borne during the Attorney General review
16 process for the sale to Strategic Global Management, Inc. ("SGM"), which failed when SGM did
17 not close the sale.

18 6. Given the foregoing, the Debtors have determined in their business judgment that
19 it is in the best interest of the Debtors and their estates to seek immediate closure of St. Vincent.
20 Any delay in commencing a closure plan prejudices patients and the estates' stakeholders. The
21 Motion is being made at this time because the orderly transfer of patients and wind-down of St.
22 Vincent will take time, including time to arrange patient transfers with alternate health care
23 providers. Beyond transfer of inpatients, St. Vincent provides longer-term care for certain
24 outpatients receiving dialysis or on the UNOS transplant waitlist, which patients require further
25 advance planning as part of any transition.

26 7. Further, as responsible stewards of patient safety, the Debtors' foremost
27 responsibility is delivery of high quality patient care, and consequently the Debtors must begin
28 the Closure Plan with sufficient cash on hand to orderly implement the plan and transfer of

DENTONS US LLP

1 patients. Currently, through use of cash collateral, the Debtors have sufficient cash on hand to
2 conduct the Closure. However, this assumes that the current daily loss rate does not increase
3 significantly and that the proposed Closure Plan is approved. Continuing to incur operating
4 losses at St. Vincent outside the Closure Plan would only deplete cash resources and place St.
5 Vincent and the Debtors in a position that they would not have sufficient cash on hand to conduct
6 the orderly Closure.

7 8. The Debtors anticipate it will take 30 days to discharge acute care patients. As
8 part of the Closure Plan, St. Vincent intends to enter into an agreement with Good Samaritan
9 Hospital (“GSH”) whereby GSH will accept transfers of St. Vincent’s inpatients, subject to
10 applicable legal requirements. GSH is located approximately one mile from St. Vincent. With
11 respect to patients in St. Vincent’s kidney/pancreas transplant program, it will take (i) 30 days to
12 transfer those currently receiving care to alternate providers, and (ii) 60 days to coordinate care
13 with other outpatient health care providers for those patients who are being evaluated for the
14 program or have already received a transplant and been discharged. St. Joseph Hospital (“St.
15 Joseph”) has agreed to assume care of the kidney transplant patients who are part of the St.
16 Vincent Transplant Program, subject to approval of the United Network for Organ Sharing
17 (“UNOS”). St. Joseph has its own UNOS-approved Kidney Transplant Program. The Debtors
18 are in discussions with other area hospitals to coordinate the transfer of care for the pancreas-only
19 transplant patients (less than twenty patients).

20 9. The Debtors intend to conduct the Closure in coordination with regulatory
21 authorities and with due care for the patients and with the assistance of their medical personnel.
22 St. Vincent will place its license in suspense, consistent with applicable law and with the
23 assistance of the Debtors’ health care experts.

24 I declare under penalty of perjury that, to the best of my knowledge and after reasonable
25 inquiry, the foregoing is true and correct.

26 Executed this 6th day of January, 2020, at Los Angeles, California.

DECLARATION OF PETER C. CHADWICK

I, Peter C. Chadwick, hereby state and declare as follows:

1. I submit this declaration (the “Declaration”) in support of the *Debtors’ Emergency Motion for Authorization to Close St. Vincent Medical Center* (the “Motion”),¹ which seeks entry of an order authorizing the Debtors to: (a) take all actions necessary in the exercise of their business judgment to effectuate the orderly closure of St. Vincent Medical Center (including its on-campus dialysis center, “St. Vincent”), including the transfer of patient care to other health care providers, the proper disposition of controlled substances and hazardous materials, notices to governmental entities, and ultimately, the cessation of operations at St. Vincent; and (b) granting such other relief as the Court deems just and proper in connection therewith.

2. I am a Managing Director of Berkeley Research Group, LLC (“BRG”) and am duly authorized to make this declaration on behalf of BRG. Except as otherwise noted, the facts set forth herein are personally known to me and, if called as a witness, I could and would testify thereto.² In July 2018, BRG began its engagement serving as the financial advisor to the Debtors, which has continued since the Petition Date. In this capacity, I have become intimately familiar with the Debtors’ operations, business, books, records, financial affairs, material agreements, and sale processes, and, as a result, have become uniquely situated to assist the Debtors.

3. As a result, pursuant to the Debtors’ request, and as authorized by the Bankruptcy Court, I have agreed to serve in the role of Chief Financial Officer to the Debtors in these chapter 11 cases. I have significant operating experience, including improving underperforming businesses and advising debtors and creditors in complex financial matters. I have served as chief executive officer, chief operating officer, chief financial officer, and advisor to companies in a variety of industries. My healthcare experience includes acting as the advisor or an officer to healthcare providers, including leading hospital systems and long-term care providers through

² Certain of the disclosures herein relate to matters within the personal knowledge of other professionals at BRG and are based on information provided to me by such other BRG professionals.

1 operational turnarounds and financial restructurings. As an officer or advisor, I prepared and
2 implemented post-acquisition integration plans, viability plans, asset dissolution strategies, and
3 liquidity enhancement plans. My experience spans the spectrum from the largest U.S. companies
4 to middle market proprietary companies.

5 4. For all of the reasons set forth in the Motion and the supporting declarations,
6 failure to grant immediate relief would risk immediate and irreparable harm to the Debtors'
7 patients and the estates.

8 5. When the Debtors filed their chapter 11 cases, they represented that St. Vincent
9 had consistently lost money for many years due to, among other things, unfavorable payor
10 contracts, rising health care costs, high pension obligations and certain requirements imposed on
11 St. Vincent by the State of California Attorney General. They also represented that St. Vincent
12 was dramatically under invested in structural improvements necessary to meet California's state
13 mandated seismic and clean energy requirements. However, the combined effect of these issues
14 have been a consistent drag in operating cash balances absent additional financing.

15 6. While the Debtors collectively have a poor financial history, St. Vincent has been
16 particularly troubled. On the Petition Date, although St. Vincent accounted for approximately
17 only 23% of the patient volume of the entire Verity Health System, the hospital accounted for
18 approximately 60% of the operating losses.

19 7. The DIP Facility enabled Debtors to operate the Hospitals while they continued
20 their efforts to find a purchaser for their assets and to reach agreements with key constituents.
21 The Debtors had expected the SGM Sale to close in the fourth quarter of 2019, but it did not. At
22 this point, even if there were any material interest (which there is not), St. Vincent and the estates
23 could not sustain the losses that would be incurred during the regulatory review process, such as
24 the losses borne during the Attorney General review process for the sale to Strategic Global
25 Management, Inc. ("SGM"), which failed when SGM did not close the sale.

26 8. St. Vincent's operating losses are significant and unsustainable. The reported
27 financial statements of St. Vincent reflect that, in fiscal year 2019 (ended June 30, 2019), SVMC
28

1 lost approximately \$65 million which was an 18% and 103% increase over the fiscal years 2018
2 and 2017, respectively.

3 9. Although the Debtors have continued operating St. Vincent by subsidizing its
4 losses in pursuit of selling the entire health system as a whole, the failure of SGM to close the
5 SGM Sale and the Debtors' liquidity constraints requires the immediate reduction of operating
6 losses to preserve the other hospitals' ability to continue to operate while alternative transactions
7 are pursued.

8 10. The Debtors recently stipulated with their prepetition secured lenders to extend
9 their consensual use of cash collateral to help fund the resolution of these Bankruptcy Cases. The
10 Debtors anticipate that by mitigating St. Vincent's operational losses through closure of its
11 facilities as expediently as possible, the Debtors will have sufficient cash-on-hand (e.g.,
12 remaining proceeds from the hospital sales to Santa Clara County plus extended consensual use
13 of cash collateral) to fund the Closure in an orderly manner.

14 I declare under penalty of perjury that, to the best of my knowledge and after reasonable
15 inquiry, the foregoing is true and correct.

DECLARATION OF JAMES M. MOLONEY

I, James M. Moloney, hereby state and declare as follows:

1. I submit this declaration (the “Declaration”) in support of the *Debtors’ Emergency Motion for Authorization to Close St. Vincent Medical Center* (the “Motion”),¹ which seeks entry of an order authorizing the Debtors to: (a) take all actions necessary in the exercise of their business judgment to effectuate the orderly closure of St. Vincent Medical Center (including its on-campus dialysis center, “St. Vincent”), including the transfer of patient care to other health care providers, the proper disposition of controlled substances and hazardous materials, notices to governmental entities, and ultimately, the cessation of operations at St. Vincent; and (b) granting such other relief as the Court deems just and proper in connection therewith.

2. I am a managing director of Cain Brothers (“Cain”), which is a division of KeyBanc Capital Markets Inc., a wholly-owned broker/dealer subsidiary of KeyCorp and an affiliate of KeyBank National Association. I am located in Cain’s San Francisco office which is located at One California Street, Suite 2400, San Francisco, California. Mr. Carsten Beith and I are the co-heads of Cain’s Health Systems Mergers & Acquisition group. I am over the age of 18 and competent to testify as to the facts set forth herein and will do so if called upon.

3. As set forth in my previous declarations, beginning in June 2018, Cain began working with the Debtors to collect and review financial, operational and other information about the historic, current and project future operations and financial performance of each of the Debtors. Cain also began searching for a buyer or buyers for the Debtors’ assets and created a potential list of buyers for the Verity Health System as a whole or in parts. Mr. Beith and I led the marketing and sale efforts on behalf of Verity and advised Verity in connection with Verity’s selection of Strategic Global Management, Inc., as the Stalking Horse Buyer for the Debtors’ Hospitals and related assets.

4. The previous marketing and sale process yielded no bid for St. Vincent as a stand-alone hospital. Further, in our most recent discussions and outreach to potential buyers of the

¹ Unless otherwise defined, capitalized terms used herein shall have the same meaning as in the Motion.

1 debtors' assets, no potential bidders have expressed an interest in purchasing St. Vincent to
2 operate the hospital as a going concern. Today, however, I did have a telephone conversation
3 with a potential bidder that expressed an interest in acquiring St. Vincent with an unidentified
4 partner with hospital operating experience. This potential bidder indicated that their long-term
5 interest for St. Vincent was as a real-estate investment if the hospital operating partner could not
6 develop a viable plan to operate St. Vincent's profitably. My discussion with this bidder
7 indicated that limited due diligence had been conducted and that it may not have experience with
8 the regulatory approval process required for such a transaction.

9 I declare under penalty of perjury that, to the best of my knowledge and after reasonable
10 inquiry, the foregoing is true and correct.

11 Executed this 6th day of January, 2020, at San Francisco, California.

Before the Court is the Debtors' emergency motion (the "Motion") for authorization to implement a plan to close St. Vincent Medical Center and St. Vincent Dialysis Center, Inc. (collectively, "St. Vincent"). The Court conducted a hearing on the Motion at the above-captioned date and time. Because the Motion was heard on an emergency basis, the Court allowed parties who had not filed a written opposition to the Motion to present arguments at the hearing.¹ For the reasons set forth below, the Motion is GRANTED.

I. Facts

On August 31, 2018 (the "Petition Date"), Verity Health System of California ("VHS") and certain of its subsidiaries (collectively, the "Debtors") filed voluntary petitions for relief under Chapter 11 of the Bankruptcy Code. The Debtors' cases are being jointly administered.

As of the Petition Date, the Debtors operated six acute care hospitals in the state of California. On December 27, 2018, the Court authorized the Debtors to sell two of their hospitals—O'Connor Hospital and Saint Louise Regional Hospital—to Santa Clara County (the "Santa Clara Sale").² The Santa Clara Sale closed on February 28, 2019.

On February 19, 2019, the Court entered an order establishing bidding procedures (the "Bidding Procedures Order")³ for the auction of the Debtors' four remaining hospitals—St. Francis Medical Center ("St. Francis"), St. Vincent Medical Center (including St. Vincent Dialysis Center) ("St. Vincent"), Seton Medical Center ("Seton"), and Seton Medical Center Coastside ("Seton Coastside") (collectively, the "Hospitals"). Under the Bidding Procedures Order, Strategic Global Management ("SGM") was designated as the stalking horse bidder.

¹ In addition to the oral presentations made at the hearing, the Court considered the following papers in adjudicating the Motion:

- 1) Debtors' Emergency Motion for Authorization to Close St. Vincent Medical Center (the "Motion") [Doc. No. 3906];
 - a) Order Setting Hearing on Debtors' Emergency Motion for Authorization to Close St. Vincent Medical Center [Doc. No. 3907];
 - b) Notice of Hearing on Debtors' Emergency Motion for Authorization to Close St. Vincent Medical Center [Doc. No. 3909];
 - c) Declaration of Service by Kurtzman Carson Consultants, LLC Regarding Docket Numbers 3906, 3907 and 3909 [Doc. No. 3913];
- 2) Opposition by California Nurses Association to Debtors' Emergency Motion for Authorization to Close St. Vincent Medical Center [Doc. No. 3914];
- 3) Opposition to Emergency Motion Filed by Marc Girskey, M.D., Chief of Staff of St. Vincent Medical Center [Doc. No. 3916]; and
- 4) Opposition to Emergency Motion Filed by Samuel K. Lee [Doc. No. 3926].

² For a description of the Santa Clara Sale, see *In re Verity Health Sys. of California, Inc.*, 598 B.R. 283 (Bankr. C.D. Cal. 2018) ("*Verity I*").

³ See Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice To Be Provided to Interested Parties, (4) Scheduling a Court Hearing to Consider Approval of the Sale to the Highest Bidder and (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) An Order (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances [Doc. No. 1572].

SGM's bid for all four of the Hospitals was \$610 million. The Bidding Procedures Order approved an Asset Purchase Agreement (the "APA") between the Debtors and SGM.

The Hospitals were extensively marketed by the Debtors' investment banker, Cain Brothers, a division of KeyBank Capital Markets, Inc. ("Cain Brothers"). Cain Brothers notified ninety parties of the auction process. Sixteen of these parties requested continued access to a data room containing information about the Hospitals.

Notwithstanding Cain Brothers' thorough marketing efforts, the Debtors did not receive any qualified bids for all of the Hospitals. The Debtors received one bid to purchase only St. Vincent and one bid to purchase only St. Francis. After consulting with the Official Committee of Unsecured Creditors (the "Committee") and the largest secured creditors, the Debtors determined not to conduct an auction. On May 2, 2019, the Court entered an order finding that SGM was the winning bidder and approving the sale to SGM (the "SGM Sale").⁴

On November 27, 2019, the Court entered a memorandum of decision and accompanying order finding that as of November 19, 2019, all conditions precedent under the APA to SGM's obligation to close the SGM Sale had been satisfied.⁵ The Court found that pursuant to § 1.3 of the APA, SGM was obligated to close the SGM Sale by no later than December 5, 2019. *Id.* SGM did not close the sale by December 5, 2019.⁶ On December 27, 2019, the Debtors sent SGM a notice terminating the APA and asserting that SGM had materially breached the APA.⁷

The Debtors seek authorization to implement a plan to close St. Vincent (the "Closure Plan"). The Debtors assert that there is no buyer interested in purchasing St. Vincent as a going-concern; that the operating losses generated by St. Vincent threaten the viability of the entire Verity Health System; and that if the Debtors do not immediately begin implementing the Closure Plan, they will lack sufficient funds to conduct an orderly closure.

The timeline contemplated by the Closure Plan is as follows (all dates are calculated with reference to entry of an order granting the Motion):

- Order + 1 day: Notify Emergency Medical Services and place St. Vincent on diversion protocol for all patients. Begin process of transferring patients, along with their medical information, to a hospital of their choice.
- Order + 3 days: Complete closure of emergency department.
- Order + 5 days: Cease scheduling all elective procedures.
- Order + 7 days: Conclude and cease all elective surgeries and other procedures.
- Order + 21 days: Complete closure of the dialysis department.
- Order + 30 days: Complete closure of the transplant department.

Free and Clear of Liens, Claims, Encumbrances, and Other Interests; (B) Approving the Assumption and Assignment of Unexpired Leases Related Thereto; and (C) Granting Related Relief [Doc. No. 2306].

Summary of the California Nurses Association's Opposition to the Motion

The California Nurses Association (the "CNA"), which represents registered nurses employed at St. Vincent, opposes the Motion. The CNA makes the following arguments and representations in support of its opposition:

The Debtors have not demonstrated that they have provided the notice of the contemplated closure that is required under California law. Specifically, the contemplated closure violates the following provisions of the Cal. Health & Safety Code:

- Cal. Health & Safety Code § 1255.1(a) requires that any hospital providing emergency medical services give 90 days' advance notice of the elimination of such services to "the state department, the local government entity in charge of the provision of health services, and all health care service plans or other entities under contract with the hospital to provide services to enrollees of the plan or other entity."
- Cal. Health & Safety Code § 1225.1(b) requires a hospital to provide 90 days' advance notice of the closure "in a manner that is likely to reach a significant number of residents of the community" serviced by the hospital.
- Cal. Health & Safety Code § 1255.25(a)(1) requires that not less than 30 days prior to the closure, the hospital (1) post notice of the closure "at the entrance to all affected facilities" and (2) provide notice of the closure to the department and the board of supervisors of the county in which the hospital is located.
- Cal. Health & Safety Code § 1255.25(b)(2) requires that not less than 30 days prior to closure, the hospital provide notice to Medicare and Medi-Cal beneficiaries, including information on the nearest available facilities providing similar healthcare services.

The notification requirements serve a vital role in helping underserved communities prepare for the devastating loss of essential healthcare services. As set forth in a January 7, 2020 letter from California State Senator Maria Elena Durazo and California State Assembly Member Wendy Carrillo, who represent constituents in the district in which St. Vincent is located, closure of the hospital will be "devastating" for the district, and the public notice requirement "is crucial because it gives [the public] time to figure out where patients should be going to receive care in the area" and "ensure[s] workers are not left unemployed"

In *Norris Square Civic Ass'n v. St. Mary Hosp. (In re St. Mary Hosp.)*, the Bankruptcy Court enjoined a hospital from closing because it had failed to comply with applicable notice requirements imposed by state law. 86 B.R. 393, 400 (Bankr. E.D. Pa. 1988). The Motion should be denied based on the Debtors' failure to comply with the notice requirements imposed by California law.

The timeframe proposed by the Debtors for closing the emergency department creates an unreasonable risk to public safety. The Debtors plan to close the emergency department within three days after entry of an order granting the Motion. Even if ambulances are placed on diversion status, many residents of the community will still drive to the emergency department to receive care. Based on the most recent filing with the California Office of Statewide Health Planning and Development, the emergency department receives approximately 83 visits per day.

II. Discussion

A. CNA's Opposition to the Motion is Overruled

CNA asserts that the Closure Plan cannot be approved because the Debtors have failed to provide notification of the closure in accordance with the provisions of the Cal. Health & Safety Code. CNA's argument incorrectly assumes that the Cal. Health & Safety Code's notice provisions are controlling within the bankruptcy context.

Title 28 U.S.C. § 959(b) requires the Debtors to "manage and operate the property" in their possession "according to the requirements of the valid laws of the State in which such property is situated, in the same manner that the owner or possessor thereof would be bound to do if in possession thereof." However, § 959(b) applies only to property used in connection with an operating business; it does not apply to property where business operations have ceased and the assets are being liquidated. In *In re Gardens Reg'l Hosp. & Med. Ctr., Inc.*, this Court held that § 959(b) did not apply to the sale of a closed hospital. 567 B.R. 820, 829 (Bankr. C.D. Cal. 2017). *See also S.E.C. v. Wealth Mgmt. LLC*, 628 F.3d 323, 334 (7th Cir. 2010) ("Modern courts have ... concluded that § 959(b) does not apply to liquidations"); *Alabama Surface Min. Comm'n v. N.P. Min. Co. (In re N.P. Min. Co., Inc.)*, 963 F.2d 1449, 1460 (11th Cir. 1992) ("A number of courts have held that section 959(b) does not apply when a business's operations have ceased and its assets are being liquidated"); *Saravia v. 1736 18th St., N.W., Ltd. P'ship*, 844 F.2d 823, 827 (D.C. Cir. 1988) (viewing § 959(b) "as applying only to operating businesses, not ones that were in the process of being liquidated").

Upon initiation of the Closure Plan, St. Vincent will enter the process of liquidation and will no longer be an operating business. Therefore, § 959(b) does not require the Debtors to comply with the notice deadlines of the Cal. Health & Safety Code when implementing the Closure Plan.

This case provides a compelling illustration of why the Bankruptcy Court's authority to supervise the use of estate property under § 363(b) must trump the Cal. Health & Safety Code. The Debtors worked to close the SGM Sale, which would have allowed St. Vincent to continue operating, until December 27, 2019. Compliance with the Cal. Health & Safety Code's notice requirements would have required the Debtors to provide notice that St. Vincent would be closing at a time when the Debtors reasonably expected that the SGM Sale would close. The provision of such notice would have interfered with St. Vincent's operations, disrupting the Debtors' efforts to close the SGM Sale. Premature publication of notice of closure would have harmed employee retention and morale, confused patients, and caused vendors to cease furnishing critical supplies. These serious harms would have undercut the central objective of the § 363 sale process—providing the Debtors the opportunity to realize the optimal value of their assets. *Simantob v. Claims Prosecutor, LLC (In re Lahijani)*, 325 B.R. 282, 288–89 (9th Cir. BAP 2005).

CNA's opposition suffers from an additional defect. As a party in interest, CNA "may appear and be heard on any issue" in these cases. § 1109(b). However, the Court must still assess whether CNA has standing to assert that the Closure Plan violates the Cal. Health & Safety Code. The Court finds that it does not.

The provisions of the Cal. Health & Safety Code cited by CNA are enforced by the California Department of Public Health (the "CDPH"). CDPH did not file a written opposition to the Motion.⁸ CNA's opposition essentially seeks to enforce various provisions of the Cal. Health

⁸ At the hearing, Deputy Attorney General Kenneth K. Wang, who represents the California Department of Health Care Services, alleged that the Motion had not been properly served upon

& Safety Code against the Debtors on CDPH's behalf. That is not appropriate, because the Health & Safety Code does not create a private right of action. The California Supreme Court has explained that a private right of action exists under the following circumstances:

A violation of a state statute does not necessarily give rise to a private cause of action. Instead, whether a party has a right to sue depends on whether the Legislature has "manifested an intent to create such a private cause of action" under the statute....

A statute may contain " 'clear, understandable, unmistakable terms,' " which strongly and directly indicate that the Legislature intended to create a private cause of action. For instance, the statute may expressly state that a person has or is liable for a cause of action for a particular violation. (See, e.g., Civ.Code, § 51.9 ["A person is liable in a cause of action for sexual harassment" when a plaintiff proves certain elements]; Health & Saf.Code, § 1285, subd. (c) ["Any person who is detained in a health facility solely for the nonpayment of a bill has a cause of action against the health facility for the detention"].) Or, more commonly, a statute may refer to a remedy or means of enforcing its substantive provisions, i.e., by way of an action.

Lu v. Hawaiian Gardens Casino, Inc., 50 Cal. 4th 592, 597, 236 P.3d 346, 348 (2010) (internal citations omitted).

None of the sections cited by CNA contains language expressly creating a private right of action. Further, there is no indication that the legislature intended for private entities to have the ability to enforce those provisions against hospitals. *See Lu*, 50 Cal. 4th at 600 (providing that if a statute does not expressly create a private right of action, there must be a "clear indication" that the legislature intended to do so). To the contrary, the structure of the statute indicates that the legislature delegated enforcement responsibilities solely to the CDPH. The provisions cited by CNA are contained within the chapter of the statute pertaining to licensure. That chapter also contains provisions setting forth the circumstances under which a health facility's license may be revoked, including the manner in which the CDPH must conduct hearings on license revocation. *See Cal. Health & Safety Code* § 1294 (the "state department may suspend or revoke any license

the CDPH. The Court finds that the CDPH received sufficient notice of the Motion. On January 6, 2020, the Motion was served upon Deputy Attorney General David K. Eldan, Deputy Attorney General Kenneth K. Wang, and Deputy Attorney General Scott Chan, via e-mail. Doc. No. 3913, Ex. B. On January 6, 2020, the Debtors provided telephonic notice of the hearing to Attorney General Xavier Becerra and Deputy Attorney General Kenneth K. Wang. *Id.* at Ex. A. On January 6, 2020, the Debtors served the Motion, via overnight mail, upon Attorney General Xavier Becerra, Deputy Attorney General Kenneth K. Wang, Deputy Attorney General David Eldan, the Office of the Attorney General located in Los Angeles, and the Consumer Law Section of the Office of the Attorney General. *Id.* at Ex. D. On January 7, 2020, at 5:48 p.m. (Pacific Time), the Debtors served the Motion electronically upon the CDPH, at seven different e-mail addresses. Doc. No. 3924. On that same date, the Debtors provided telephonic notice of the Motion and the hearing date to counsel to the CDPH. *Id.* CDPH had sufficient notice of the Motion to have a team of representatives onsite at St. Vincent preparing for the contemplated closure at the same time that the hearing was being conducted, as represented by Debtors' counsel at the hearing.

or special permit issued under the provisions of this chapter upon any of the following grounds”); *id.* at § 100171 (containing procedures for hearings on licensure).

In addition, at least one court has held that a provision contained within Division 2 of the Health & Safety Code (the same division containing the provisions cited by CNA) does not create a private right of action. *See John Muir Health v. Glob. Excel Mgmt.*, No. C-14-04226 DMR, 2014 WL 6657656, at *4 (N.D. Cal. Nov. 21, 2014) (dismissing a claim brought under Cal. Health & Safety Code § 13714(b) because the provision did not create a standalone private right of action).

B. The Debtors Are Authorized to Implement the Closure Plan to Effect an Orderly Closure of St. Vincent

Section 363(b) authorizes a debtor to use property of the estate outside the ordinary course of business upon court approval. The debtor must articulate a “business justification” to use property outside the ordinary course of business. *In re Walter*, 83 B.R. 14, 19–20 (B.A.P. 9th Cir. 1988). Whether the articulated business justification is sufficient “depends on the case,” in view of “all salient factors pertaining to the proceeding.” *Id.* at 19–20.

The Debtors’ decision to close St. Vincent constitutes a “use” of estate property within the meaning of § 363(b). The Debtors have articulated a sufficient business justification for closing St. Vincent. The following facts have been established by the declarations submitted in support of the Motion:

- No buyer has presented a realistic bid to purchase St. Vincent as a stand-alone hospital. Moloney Decl. at ¶ 4. Although James M. Moloney, the Debtors’ investment banker, had a telephone conversation with a potential bidder on January 6, 2020, that bidder had conducted limited due diligence and did not have experience with the regulatory approval process required to purchase a hospital. *Id.* Further, the bidder’s intended use for St. Vincent was as a real-estate investment if the bidder’s hospital operating partner could not develop a viable plan to profitably operate St. Vincent. *Id.*
- St. Vincent is generating substantial operating losses. As of the Petition Date, St. Vincent accounted for approximately 23% of the patient volume of the entire Verity Health System, but was responsible for 60% of the operating losses. Chadwick Decl. at ¶ 6. If the Debtors do not implement the Closure Plan rapidly, they will lack sufficient funds to conduct an orderly closure of St. Vincent. Adcock Decl. at ¶ 7.
- The Debtors lack sufficient funds to continue to subsidize St. Vincent’s operating losses. Absent the closure of St. Vincent, the Debtors will be unable to continue operating their other hospitals. Chadwick Decl. at ¶ 9.

Since it is not feasible for the Debtors to continue St. Vincent’s operations, implementation of the Closure Plan is necessary to sustain public health and welfare. Public safety would be jeopardized if the Debtors allowed St. Vincent to remain open while lacking sufficient funds to support its operations. In this respect, the Court notes that the Debtors do not have the ability to borrow under any debtor-in-possession financing facility. The Debtors’ cases are being financed by a consensual cash collateral stipulation executed between the Debtors and the principal secured creditors (the “Cash Collateral Stipulation”). Under the Cash Collateral Stipulation, the Debtors’ ability to use cash collateral terminates on January 31, 2020.

CNA asserts that the Debtors are entitled to damages from SGM for its failure to perform under the APA, and that St. Vincent's operations could be funded from these breach damages. CNA overlooks the fact that the Court has not made a finding as to whether SGM has breached the APA. The issue of SGM's alleged breach is subject to ongoing litigation, which will not be resolved in the near term. Sustaining St. Vincent's operations requires immediately available liquidity, which the Debtors lack. The speculative possibility of a future cash infusion based upon SGM's alleged breach is not a solution to St. Vincent's current funding crisis. Nor is pursuing a sale, another alternative suggested by CNA. There are no firm expressions of interest. Even if a buyer was identified, the sale process and review by the Attorney General's office would take months to conclude.

The Closure Plan preserves patient safety. Acute care patients will be transferred to Good Samaritan Hospital, which is located approximately one mile from St. Vincent. Adcock Decl. at ¶ 8. St. Joseph Hospital has agreed to assume care of the kidney transplant patients who are part of the St. Vincent Transplant Program, subject to approval of the United Network for Organ Sharing. *Id.*

1. The Timeline Set Forth in the Closure Plan is Approved, Except that the Deadline for Physicians to Vacate St. Vincent's Medical Office Facilities is Extended by 30 Days

At the hearing, multiple parties testified regarding the impact of the Closure Plan upon physicians, employees, patients, and other stakeholders. Having considered the evidence before it, the Court approves the deadlines set forth in the Closure Plan, with the exception of the deadline for physicians to vacate St. Vincent's medical office facilities, which is extended by 30 days to April 30, 2020.

The Court places substantial weight upon the testimony of Dr. Jacob Nathan Rubin, the Court-appointed Patient Care Ombudsman. Dr. Rubin testified as follows:

- To protect patient safety, St. Vincent must be closed as quickly as possible following the announcement of the hospital's closure. Once closure is announced, key members of St. Vincent's medical staff will immediately leave to seek employment elsewhere. Replacing experienced staff with temporary workers is not feasible because the temporary workers will be unfamiliar with St. Vincent's systems, procedures, and electronic medical records. There will not be a sufficient number of experienced staff remaining to adequately train the large influx of temporary workers. The result of the rapid departure of experienced staff will be a marked decline in the quality of patient care, seriously jeopardizing patient safety.
- The transfer of existing patients to other hospitals will not impair patient safety. Patients are routinely transferred from one hospital to another, and the hospital resources within St. Vincent's immediate vicinity are more than sufficient to accommodate St. Vincent's patients.

Alice Kirchner, director of Dialysis Services at St. Vincent, asserted that the Closure Plan did not provide sufficient notice to enable the smooth relocation of patients. Ms. Kirchner stated that the Closure Plan's deadlines were creating stress and trauma for affected patients, staff, and physicians. Ms. Kirchner requested that the Dialysis Unit be provided a minimum of 30 days to relocate patients before being shut down.

In view of Dr. Rubin's testimony, the Court does not find it appropriate to extend the deadlines set forth in the Closure Plan. In fact, Dr. Rubin testified that if the deadlines were to be modified, they should be shortened, not extended. The Court understands the difficulties that the Closure Plan's deadlines place upon stakeholders. However, the Court's first priority must be protecting patient safety, and that requires a rapid closure.

St. Vincent leases office space to physicians who provide outpatient services. Dr. Marc Girskey, St. Vincent's Chief of Staff, stated that the March 31, 2020 deadline for physicians to vacate the office space would not provide physicians adequate time to relocate their practices. Dr. Girskey requested that physicians be provided at least six months to relocate. Dr. Samuel Lee, St. Vincent's former Chief of Staff, and Ryan Yant, counsel for St. Vincent Independent Physicians Association, made statements in support of Dr. Girskey's request. The Court also received a letter signed by numerous physicians who lease office space at St. Vincent requesting that the deadline to relocate be extended to June 30, 2020.⁹

In response to the physicians' requests, the Debtors proposed extending the relocation deadline by 30 days, to **April 30, 2020**. The Court finds the compromise proposed by the Debtors to be appropriate. The April 30 deadline provides physicians approximately four months to relocate.

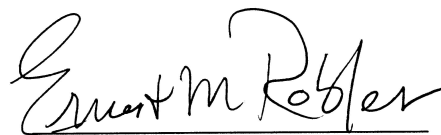

III. Conclusion

The Court is fully cognizant of the hardship that closure of St. Vincent will have upon employees and members of the surrounding community. The absence of any serious purchaser willing to acquire St. Vincent as a going-concern has placed all constituencies in this case in a difficult position. However, forcing the Debtors to keep St. Vincent open when there is insufficient money to operate it would only make the situation far worse for St. Vincent and for the patients of the Debtor's other hospitals.

The Motion is **GRANTED** to the extent set forth herein. Notwithstanding Bankruptcy Rule 6004(h), the order granting the Motion shall take effect immediately upon entry. By no later than **January 23, 2020**, the Debtors shall submit a Status Report regarding implementation of the Closure Plan. Subsequent Status Reports shall be submitted every fourteen days until the Closure Plan has been fully implemented.¹⁰ The Court will enter an order consistent with this Memorandum of Decision.

STATUS REPORT

Verity Health System of California, Inc. (“VHS”) and the affiliated debtors, the debtors and debtors in possession (collectively, the “Debtors”) in the above-captioned chapter 11 bankruptcy cases (the “Cases”), submit this status report (the “Status Report”), pursuant to the Court’s *Order Granting Debtors’ Emergency Motion for Authorization to Close St. Vincent Medical Center* [Docket No. 3934] (the “Order”) and the related *Memorandum of Decision Granting Debtors’ Emergency Motion for Authorization to Close St. Vincent Medical Center* [Docket No. 3933] (the “Memorandum Decision”). The Order requires that the Debtors file this Status Report to discuss the implementation of the Closure Plan (as defined in the Memorandum of Decision) related to St. Vincent Medical Center (“St. Vincent” or “Hospital”). *See* Order at 2. Pursuant to the Order, and as may be further supplemented in subsequent status reports,¹ the Debtors respectfully state as follows:

I.

Introduction

The Debtors’ admirable efforts have resulted in the smooth, safe, and orderly implementation of the Closure Plan. As discussed below, the Debtors have closed the St. Vincent emergency department, discharged and transferred all hospital inpatients, referred and coordinated follow-up appointments to other providers for outpatients, notified all kidney and kidney/pancreas transplant patients about the closure of the transplant program and alternative treatment options, and notified key governmental agencies. The Debtors have also provided job fairs and placements for employees of St. Vincent.

The Debtors’ determined efforts have resulted in satisfaction of the milestones set forth in the Closure Plan that have come due thus far. The Debtors remain on-track to complete timely the Closure Plan. As remains paramount in these Cases, the Debtors will continue to prioritize patient care and safety as they continue to effectuate the Closure Plan.

¹ The Order requires that the Debtors a status report every 14 days hereafter until the Closure Plan is fully implemented. *See* Order at 2.

II.

The Status of the Closure Plan

A. Patients

1. Emergency Services

The Los Angeles Emergency Medical Services Agency (the “EMS Agency”) placed St. Vincent’s emergency department on permanent diversion (i.e., no ambulance transports should deliver patients to St. Vincent’s emergency department) as of January 8, 2020. Prior to doing so, the EMS Agency sent written notice to St. Vincent area hospitals with emergency rooms and numerous constituents regarding the permanent diversion. The St. Vincent emergency department was permanently closed as January 9, 2020 at 7:00 a.m. In anticipation of the closure, all exterior emergency department signage was removed and closure signage was posted at the emergency room entrance and at the main hospital entrances, providing further notice of the closure, as well as information about neighboring hospitals offering emergency services, including their addresses and phone numbers.

2. General Hospital Services

Beginning January 8, 2020, the Debtors, administrators, nurses and doctors at St. Vincent worked expeditiously to safely transfer patients. Inpatients were discharged in the normal course of operations. In addition, inpatients were transferred to other local hospitals (such as Hollywood Presbyterian Hospital and Sherman Oaks Hospital), as well as to skilled nursing facilities (such as Burlington Convalescent Hospital and Virgil Rehabilitation Center). As of January 18, 2020, there were no inpatients in the Hospital.

Outpatients with recurring appointments, such as the cancer treatment center patients and dialysis patients, were referred to other facilities (such as St. Francis Medical Center, US Renal Dialysis Centers and Davita Dialysis Centers) or were referred to their treating physician for appropriate care. St. Vincent staff assisted patients with setting up appointments with their new providers.

1 **3. Kidney / Pancreas Transplant Services**

2 In anticipation of the hospital closure, St. Vincent contacted the Organ Procurement and
3 Transplantation Network (“OPTN”) to discuss the timely closure of the St. Vincent kidney pancreas
4 transplant program (“Transplant Program”). St. Vincent provided formal written notice to OPTN
5 of the closure of its Transplant Program by letter, dated January 9, 2020. St. Vincent ceased
6 performing transplants as of January 10, 2020. By letters, dated January 14, 2020, St. Vincent
7 provided notification to its potential transplant candidates, waitlisted candidates, organ recipients
8 and living donors receiving care of the imminent closure of the Transplant Program, along with
9 information about other facilities offering kidney and/or kidney/pancreas transplant services.

10 St. Vincent’s primary transplant physician, Robert Naraghi, M.D., intends to continue to
11 treat all of the patients who are part of the St. Vincent Transplant Program, including all patients
12 being evaluated for a transplant, all patients on the transplant list, all patients who need post-
13 transplant care and all new referrals. Dr. Naraghi has established a clinic location approximately a
14 mile away (at Good Samaritan Hospital) and is working to establish other outreach locations.

15 Effective January 23, 2020, St. Joseph Hospital, Orange is accepting the collective transfer
16 of the St. Vincent waitlisted kidney transplant candidates and their respective waiting times
17 pursuant to a Collective Transfer Letter Agreement.

18 **B. Government Notifications**

19 On January 9, 2020, St. Vincent provided notice of the anticipated Hospital closure to the
20 California Department of Public Health (“CDPH”), the Los Angeles County Board of Supervisors,
21 Los Angeles County Emergency Medical Services Agency, the Joint Commission, and the
22 American College of Radiology. Further notices of the closure were provided to the Centers for
23 Medicare and Medicaid Services and the California Department of Health Care Services on January
24 10, 2020. Notice of the closure of the Hospital and dialysis center was also published in the Los
25 Angeles Times on Tuesday, January 14, 2020.

26 CDPH was provided notice of the closure of the St. Vincent Dialysis Center on January 13,
27 2020. This notice was sent concurrently to the Centers for Medicare and Medicaid Services and
28 the California Department of Health Care Services.

1 St. Vincent will continue to work collaboratively with the different regulatory agencies to
2 ensure the proper wind-down of hospital operations.

3 **C. Employees**

4 On January 10, 2020, St. Vincent employees were sent a written notice under the Workers
5 Adjustment and Retraining Notice (“WARN”) act regarding the closure. By Monday, January 27,
6 2020, there will be approximately twenty employees remaining to assist with the wind-down, plant
7 maintenance and security. St. Vincent management worked tirelessly to create opportunities for
8 the affected employees, including arranging for approximately 50 different healthcare
9 organizations to participate in on-site job fairs, whereat hundreds of employees received offers on
10 the spot or within days of the job fair. In addition, St. Francis Medical Center has made employment
11 offers to approximately 50 employees from St. Vincent.

MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

On January 9, 2020, this Court authorized the emergency closure of St. Vincent Medical Center (“SVMC”). [Docket No. 3933] In connection therewith, SVMC and St. Vincent Dialysis Center (“SVDC” and referred to collectively with SVMC as “St. Vincent”) separated employees working at that facility, including employees represented by Service Workers Employees International Union-United Healthcare Workers–West (“SEIU-UHW”). Subsequent to the closure, representatives of SEIU-UHW and the Debtors engaged in good faith discussions and negotiations to address issues, including claims, arising in connection with the SVMC closure and related separations.

The Debtors and SEIU-UHW have entered into a settlement agreement dated March 3, 2020 (“Settlement Agreement”), attached hereto as **Exhibit “A.”** The Settlement Agreement is the product of good faith, arms-length negotiations between the parties that began after the closure of St. Vincent. These negotiations included the exchange of proposals, including a proposal delivered by Debtors to SEIU-UHW on February 23, 2020 (the “Proposal”) the terms of which are now encapsulated by the Settlement Agreement. The Settlement Agreement provides several important provisions, the most material of which are:

- Payment of \$500,000 in cash and allowance of general unsecured claims in satisfaction of any and all claims of SEIU-UHW represented employees. The Debtors are authorized to use and to reserve from cash collateral the \$500,000 payment.
- Modification of the Collective Bargaining Agreement effective November 1, 2018 - October 31, 2021 (the “SEIU-UHW CBA”) to remove all reference and applicability to SVMC under it. A redacted copy of the modified SEIU-UHW (the “Modified SEIU-UHW CBA”) is attached hereto as **Exhibit “B.”**¹

¹ Exhibit B is redacted to exclude confidential information. An unredacted version will be provided to the Court *in camera* and to third parties who have a need to know and are party to an appropriate confidentiality agreement.

1 In light of the relief being requested, the Debtors seek approval pursuant to §§ 105 and 1113
2 of the Bankruptcy Code² and Rule 9019 for the entry of an order approving the Settlement
3 Agreement and the desired modifications of the SEIU-UHW CBA as evidenced by the Modified
4 SEIU-UHW CBA.

5 **II. JURISDICTION AND VENUE**

6 The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is
7 a core proceeding pursuant to 28 U.S.C. § 157(b)(2). The venue of these cases is proper pursuant
8 to 28 U.S.C. §§ 1408 and 1409.

9 **III. STATEMENT OF FACTS**

10 **A. General Background**

11 1. On August 31, 2018 (“Petition Date”), the Debtors each filed a voluntary petition
12 for relief under chapter 11 of title 11 of the Bankruptcy Code. Since the commencement of their
13 cases, the Debtors (except those whose facilities have been sold or closed) have been operating
14 their businesses as debtors in possession pursuant to §§ 1107 and 1108.

15 2. Debtor VHS, a California nonprofit public benefit corporation, is the sole corporate
16 member of Debtor California nonprofit public benefit corporations that operated and operate acute
17 care hospitals and other facilities in the state of California. *Declaration of Richard G. Adcock in*
18 *Support of Emergency First-Day Motions* at 4, ¶ 11 [Docket No. 8] (the “First-Day Decl.”).

19 3. The Debtors incorporate the First-Day Declaration for further general background.

20 **B. St. Vincent Hospital**

21 4. SVMC was founded as the first hospital in Los Angeles in 1856. First-Day Decl. at
22 ¶ 34. In 1971, a new facility was constructed at the Hospital’s current location at 2131 West Third
23 Street, Los Angeles, CA 90057. *Id.* The Hospital expanded to a 366 licensed bed, regional acute
24 care, tertiary referral facility, specializing in cardiac care, cancer care, total joint and spine care,
25 and multi-organ transplant services. *Id.* The Hospital served both local residents and residents
26

27 ² Unless otherwise indicated, all chapter and section references are to the Bankruptcy Code, 11
28 U.S.C. §§ 101-1532. All “Rule” references are to the Federal Rules of Bankruptcy Procedure. All
“LBR” references are to the Local Bankruptcy Rules for the United States Bankruptcy Court for
the Central District of California.

1 from Los Angeles, San Bernardino, Riverside, and Orange Counties. *Id.* SVMC provided medical
2 care for both inpatients (*i.e.*, patients who remain in the hospital for more than 24 hours) and
3 outpatients (*i.e.*, patients who receive outpatient services, such as MRIs). SVMC owns real
4 property commonly known as: (i) 2131 W 3rd Street, Los Angeles, CA 90057, including the
5 hospital and all of the facilities located thereon; and (ii) vacant land in Salton Sea, California. *Id.*
6 at ¶ 23.

7 5. SVMC's campus has a dialysis center, SVDC, where SVMC's kidney disease
8 patients received dialysis services, including hemodialysis and isolated ultrafiltration treatments as
9 part of SVMC's end-stage renal disease program. *Id.* at ¶ 36. SVMC and SVDC have separate
10 corporate identities, and SVMC is the sole corporate member of SVDC. *Id.* Both SVMC and
11 SVDC are exempt from federal income taxation as an organization described in § 501(c)(3) of the
12 Internal Revenue Code of 1986. *Id.* at ¶ 21.

13 6. As of the Petition Date, SVMC and SVDC employed approximately 1,099
14 employees, of which 897 were full time, 42 were part time, and 160 were *per diem*. *Id.* at ¶ 59(f).

15 7. SVMC is a jointly "obligated" party with its affiliates on approximately \$461.4
16 million of outstanding secured debt consisting of: (a) \$259.4 million outstanding tax exempt
17 revenue bonds, Series 2005 A, G and H issued by the California Statewide Communities
18 Development Authority (the "2005 Bonds"), which loaned the bond proceeds to certain Debtors to
19 provide funds for capital improvements and to refinance certain tax exempt bonds previously issued
20 in 2001 by the Daughters of Charity Health System, and (b) \$202.0 million outstanding tax exempt
21 revenue notes, Series 2015 A, B, C, and D and Series 2017 issued by the California Public Finance
22 Authority. *Id.* at ¶ 121.

23 8. SVMC had consistently lost money for many years due to, among other things,
24 unfavorable payor contracts, rising health care costs, high pension obligations and certain
25 requirements imposed on SVMC by the State of California Attorney General. *See id.* at ¶¶ 95, 99.
26 SVMC is also dramatically under-invested in structural improvements necessary to meet
27 California's state mandated seismic and clean energy requirements. *Id.* The combined effect of
28 these issues was a consistent drag in operating cash balances absent additional financing. *See*

1 Declaration of Peter C. Chadwick [Docket No. 3906] at ¶ 5.

2 9. While the Debtors collectively have a poor financial history, SVMC has been
3 particularly troubled. *Id.* at ¶ 6. On the Petition Date, although SVMC accounted for approximately
4 only 23% of the patient volume of the entire Verity Health System, the hospital accounted for
5 approximately 60% of the operating losses. *Id.* Before closing SVMC, the Debtors projected
6 continuing operating losses by SVMC. The reported financial statements of St. Vincent reflect
7 that, in fiscal year 2019 (ended June 30, 2019), it lost approximately \$65 million, which was an
8 18% and 103% increase over the fiscal years 2018 and 2017, respectively. *Id.* at ¶ 8.

9 **C. The SEIU-UHW CBA And The Represented Employees**

10 10. The SEIU-UHW CBA currently covers SEIU-UHW represented employees at St.
11 Francis Medical Center (“SFMC”) and, of relevance to the instant Motion, 370 former employees
12 of St. Vincent (the St. Vincent former employees referred to herein as the “SEIU-UHW
13 Represented Employees”). The SEIU-UHW Represented Employees were comprised of service
14 workers, including, but not limited to, environmental services aides, certified nurse assistants, unit
15 coordinators, and technical workers, including, but not limited to, radiological technician and
16 pharmacy technicians.

17 11. On the Petition Date, the Debtors filed their *Emergency Motion Of Debtors For*
18 *Entry Of Order: (I) Authorizing The Debtors To (A) Pay Prepetition Employee Wages And Salaries,*
19 *And (B) Pay And Honor Employee Benefits And Other Workforce Obligations; And (II) Authorizing*

21 *The Debtors Relating To The Foregoing; Memorandum Of Points And Authorities In Support*
22 *Thereof* [Docket No. 26] (the “Wage Motion”), which requested authority to pay priority employee
23 claims and to pay employees in the ordinary course of business for post-petition work. On October
24 22, 2018, the Court granted the Wage Motion³ and authorized the payment of priority and

Overruling Objections to the (A) Prepetition Wages Motion and (B) Financing Motions and (2)

administrative wage and benefit claims, including for union-represented employees.

12. In connection with the previous sale of assets, the Debtors obtained final orders [Docket Nos. 1575, 1576, 1577 and 1578] (the “SCC Rejection Orders”) modifying or rejecting (the “SCC Rejection”) collective bargaining agreements including the SEIU-UHW CBA to remove references and applicability to O’Connor Hospital (“OCH”) and St. Louise Regional Hospital (“SLRH”), upon the closing of sale of certain assets to Santa Clara County (“SCC,” and the “SCC Sale,” respectively); *see also* Docket No. 1541 (tentative decision/memorandum for SCC Rejection Orders) (the “First 1113 Decision”).⁴ The SCC Sale closed, and the modifications of the SEIU-UHW CBA related to removal of SLRH and OCH came into immediate effect.

D. The Proofs Of Claim

13. SEIU-UHW has filed fourteen proofs of claims in these cases: (claim nos. 4718, 4719, 4722, 4723, 4725, 4726, 5117, 5137, 5140, 5150, 5160, 5158, 6186, 6221) against the Debtors (the “SEIU-UHW Claims”). The SEIU-UHW Claims seek, *et. al.*, pre-petition pension contributions, severance payments, grievances and rejection damages.

E. Marketing and Sale Efforts and First 1113 Negotiations

a. Pre-petition Sale Efforts

14. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and solicit interest in their assets (collectively, the “Assets”). *See Declaration of James M. Moloney in Support of the Debtors’ Memorandum. in Support of Entry of an Order: (A) Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances; (B) Authorizing the*

Denying Motion for Reconsideration of the Final Financing Order [Docket No. 614] (together, the “Wage Order”).

⁴ The SCC Rejection Orders approved the SCC Rejection through the two mechanisms: (i) a contested full rejection and termination of collective bargaining agreement terms, including with SEIU-UHW regarding the SEIU-UHW CBA [Docket Nos. 1577; 1578] and approval of two stipulations [Docket Nos. 1575; 15776] entered into under § 1113(2) (the “SCC Stipulations”). In the SCC Stipulations, the parties agreed to the rejection of the collective bargaining agreements with OCH and SLRH, reserved rights regarding the filing of claims and objections to same, agreed that allowed Paid Time Off (“PTO”) would be treated as administrative expenses or unsecured claims depending on its accrual date, and agreed that employees not re-hired by SCC would be entitled to severance.

1 *Assumption and Assignment of Designated Executory Contracts and Unexpired Leases; and (C)*
2 *Granting Related Relief* [Docket No. 2220] (the “Moloney Sale Decl.”) at ¶ 4.

3 15. In June 2018, Debtors engaged Cain Brothers, a division of KeyBanc Capital
4 Markets (“Cain”), to assist in identifying potential buyers of some or all of the Assets and
5 commenced discussions with those potential Buyers. *Id.* Cain prepared a Confidential Investment
6 Memorandum and organized an online data site to share information with potential buyers and
7 contacted strategic and financial buyers beginning in July 2018. *Id.* In this initial marketing
8 process, Cain contacted more than 100 potential partners to evaluate their interest in exploring a
9 transaction involving some or all of the Assets. *Id.* By August 2018, as a result of its ongoing and
10 broad marketing process, Cain had received 11 “Indications of Interest” from potential buyers of
11 some or all of the Assets. *Id.*

12 **b. Post-petition Sale Efforts**

13 16. Post-petition, Cain continued to work with potential buyers for some or all of the
14 Assets. Moloney Sale Decl. at ¶ 5. Based on these discussions, the Debtors determined that seeking
15 a buyer for the Assets in SCC, and a separate buyer for the other Assets, would most likely yield
16 higher net proceeds for the Debtors’ estates. *Id.* As a result, the sale of the Santa Clara Assets to
17 SCC was approved by the Court on December 27, 2018 [Docket No. 1153].

18 17. Thereafter, Cain focused on marketing the Debtors’ remaining Assets, including St.
19 Vincent. Moloney Sale Decl. at ¶ 6. As a part of this process, Cain contacted 189 potential parties
20 to evaluate potential stalking horse bidders for some or all of the Debtors’ remaining Assets, 92 of
21 which had executed an NDA, and 18 of which submitted written proposals. *Id.* Subsequent to
22 receiving access to the virtual data room and being offered additional information via conference
23 calls and site visits, many of the potential purchasers indicated that they were not interested in being
24 the stalking horse bidder. *Id.* During November and December 2018, the Debtors and their advisors
25 had substantial discussions with those potential buyers remaining, during which Prime Healthcare
26 and Strategic Global Management, Inc. (“SGM”) emerged as the leading potential candidates to be
27 selected as the stalking horse bidders for the Debtors’ remaining Assets. *Id.*

1 **c. The SGM APA**

2 18. The Debtors selected SGM as the stalking horse bidder (the “Stalking Horse
3 Bidder”) for substantially all of the Debtors’ remaining Assets, including SVMC. *Id.* at ¶ 7. On
4 February 19, 2019, the Court held a hearing on the Sale and Bidding Procedures Motion and
5 thereafter entered an order approving the Sale and Bidding Procedures Motion [Docket No. 1572]
6 (the “Bidding Procedures Order”). SGM served as the Stalking Horse Bidder under the terms of
7 the Bidding Procedures Order. The Bidding Procedures Order also approved that certain asset
8 purchase agreement [Docket No. 2305-1] (the “SGM APA”) as modified therein.

9 19. On May 2, 2019, the Bankruptcy Court entered the *Order (A) Authorizing the Sale*
10 *of Certain of the Debtors’ Assets to Strategic Global Management, Inc. Free and Clear of Liens,*
11 *Claims, Encumbrances, and Other Interests; (B) Approving the Assumption and Assignment of an*
12 *Unexpired Lease Related Thereto; and (C) Granting Related Relief* [Docket No. 2306] (the “Sale
13 Order”), approving the sale to SGM (the “SGM Sale”). Pursuant to the SGM APA, SGM agreed
14 to continue to operate St. Vincent as well as the Debtors’ other three hospital facilities. In addition,
15 pursuant to the SGM APA, SGM agreed to provisionally hire St. Vincent’s employees and to
16 negotiate in good faith with labor unions to restructure the CBAs, including the SEIU-UHW CBA.
17 *See* SGM APA at §§ 4.7; 5.3; 5.11.

18 **d. The § 1113 Negotiations Regarding the SGM Sale and the Settlement**
19 **Agreements**

20 20. Between July and September 2019, the Debtors negotiated settlement agreements
21 with SEIU-UHW and other unions comprehensively resolving labor issues relating to St. Vincent
22 and other hospitals and to modify the CBAs that were to be assumed by SGM. [Docket No. 3604].
23 In addition, these settlement agreements resolved disputes between the Debtors and the unions,
24 including allowance and treatment of certain claims. The settlement agreements were conditioned
25 on the closing of the SGM Sale.

26 21. On November 21, 2020, the Debtors filed their *Omnibus Motion For Approval of 1)*
27 *Settlement Agreements With Labor Unions, 2) Assumption and Assignment of Modified Collective*
28 *Bargaining Agreements To SGM, 3) Termination of Retiree Healthcare Benefits and 4) Related*

1 *Relief* [Docket No. 3604] (the “Omnibus 1113 Motion”) seeking approval of the settlement
2 agreements under § 1113. On December 4, 2019, the Court ruled in favor of the Omnibus 1113
3 Motion and approved the relevant settlement agreements [Docket No. 3755] (the “Omnibus 1113
4 Order”).

5 **e. Non-closing of SGM Sale**

6 22. The SGM Sale was scheduled to close no later than December 5, 2019. On
7 November 27, 2019, the Court entered an order and accompanying memorandum decision
8 providing that SGM was obligated to close the sale by December 5, 2019 [Docket Nos. 3723-24].
9 SGM did not close the sale by December 5, 2019 or thereafter and as a result, the settlement
10 agreements were rendered null and void by their own terms.

11 **F. The Closure of St. Vincent**

12 23. On January 6, 2020, the Debtors filed their *Emergency Motion for Authorization to*
13 *Close St. Vincent Medical Center* [Docket No. 3906] (the “Closure Motion”), under which the
14 Debtors sought authorization to close SVMC (the “Closure”), pursuant to a “Closure Plan” (as
15 defined in the Closure Motion). On January 7, 2020 California Nurses Association (“CNA”) filed
16 an objection to the Closure Motion [Docket No. 3914] (the “CNA Closure Objection”) In the CNA
17 Closure Objection and at the hearing held on the Closure Motion, CNA argued that improper notice
18 had been given and that the Closure was not necessary because of a potential sale or recovery from
19 SGM. *Id.*

20 24. On January 9, 2020, the Court granted the Closure Motion, overruled the CNA
21 Closure Objection, and authorized the Closure Plan [Docket No. 3934]. The Court explained this
22 order through a memorandum decision [Docket No. 3933] (the “Closure Decision”), where the
23 Court found:

- 24 a. “Upon initiation of the Closure Plan, St. Vincent will enter the process of liquidation
25 and will no longer be an operating business.” Closure Decision at 5.
26 b. “Premature publication of notice of closure would have harmed employee retention
27 and morale, confused patients, and caused vendors to cease furnishing critical
28 supplies. These serious harms would have undercut the central objective of the §

c. “The Debtors have articulated a sufficient business justification for closing St. Vincent.” *Id.* at 7.

d. “No buyer has presented a realistic bid to purchase St. Vincent as a stand-alone hospital.” *Id.*

e. “St. Vincent is generating substantial operating losses. As of the Petition Date, St. Vincent accounted for approximately 23% of the patient volume of the entire Verity Health System, but was responsible for 60% of the operating losses [and that the] Debtors lack sufficient funds to continue to subsidize St. Vincent’s operating losses. Absent the closure of St. Vincent, the Debtors will be unable to continue operating their other hospitals. Chadwick Decl. at ¶ 9.” *Id.*

f. “The speculative possibility of a future cash infusion based upon SGM’s alleged breach is not a solution to St. Vincent’s current funding crisis. Nor is pursuing a sale, another alternative suggested by CNA.” *Id.* at 8.

25. The Debtors have substantially implemented the Closure Plan, as described more fully in status reports *Status Report Re Closure Of St. Vincent Medical Center*, dated January 23, 2020, [Docket No. 3982]; *Debtors’ Status Report Re Closure of St. Vincent Medical Center*, dated February 6, 2020 [Docket No. 4053]; *Debtors’ Status Report Re Closure of St. Vincent Medical Center*, dated February 20, 2020 [Docket No. 4126]. *See* Adcock Decl. at ¶ 6.

26. There are no current employees at St. Vincent. The Debtors’ management team, however, have worked to create opportunities for the affected employees, including arranging for approximately 50 different healthcare organizations to participate in on-site job fairs, where hundreds of employees received offers on the spot or within days of the job fair. Adcock Decl. at ¶ 7. In addition, SFMC has made employment offers to approximately 50 employees from St. Vincent. Adcock Decl. at ¶ 7.

G. The § 1113 Process

27. The Debtors and SEIU-UHW negotiated the ultimate terms of the Settlement

1 Agreement (the “Negotiations”) through a series of meetings and exchanges (the “Meetings”).
2 Adcock Decl. at ¶ 8. The process, which began in January 2020, was manifested by negotiations,
3 written proposals and counter-proposals.⁵ Adcock Decl. at ¶ 8.

4 28. Thereafter, the Debtors and SEIU-UHW met and conferred once in person and at
5 least once more by video conference during which the Debtors provided SEIU-UHW with relevant
6 information as requested. Adcock Decl. at ¶ 9.

7 29. The in-person meetings were also supplemented by substantial discussions over
8 phone and by email, which culminated in the Debtors’ February 23, 2020 Proposal, which was then
9 integrated into the Settlement Agreement. Adcock Decl. at ¶ 11.

10 **H. The Settlement Agreement**

11 30. The Settlement Agreement incorporates the Modified SEIU-UHW CBA that is
12 consensually modified under § 1113. *See Exhibit “B.”* The Modified SEIU-UHW CBA eliminates
13 reference and application to St. Vincent.⁶

14 31. Under the Settlement Agreement, the Debtors and SEIU-UHW “resolve and settle
15 all claims, controversies, grievances, and unfair labor practice charges related to the closure of
16 SVMC, including, but not limited to, any claims raised under [POC # 4722 and # 5140] or any
17 other [proof of claim] related to St. Vincent, and under the terms stated below:”⁷

- 18 a. the Debtors will make payments that total one aggregate amount of Five Hundred
19 Thousand Dollars and No Cents (\$500,000.00) (the “Settlement Payment”) with
20 respect to and for the benefit of SEIU-UHW and its respective represented
21 bargaining unit employees (including those who were employed on a *per diem* basis)
22 who worked at St. Vincent and are not actively employed by St. Francis Medical
23 Center as of the date of the entry of a Bankruptcy Court order approving the
24 Settlement Agreement (as defined below) (each an “Eligible BU Member” and,
25 collectively, the “Eligible BU Members”); and

27 ⁵ The Debtors will make the written copies of their proposals available if the Court determines they
are relevant.

b. in the event that the Debtors effects bargaining § 1113 modification settlement payment to California Nurses Association for the waiver of claims, grievances, and unfair labor practices against the Debtors arising out of or related to the closure of St. Vincent, if any, exceeds \$500,000, the Settlement Payment in this agreement will be adjusted to match that amount.⁸

32. The Settlement Payment is supported and agreed to by the Debtors' pre-petition lenders. Adcock Decl. at ¶ 12.

33. The Settlement Agreement also provides that SEIU-UHW will "provide the amount for distribution of the Settlement Payments to each Eligible BU Member (each, a 'BU Member Share'),"⁹ that "[e]ach BU Member Share shall be made payable to each Eligible BU Member and be given to [SEIU-UHW] to be distributed to each Eligible BU Member, only after occurrence of the following:¹⁰

A. fifteen (15) business days after entry of a Bankruptcy Court order approving the Settlement Agreement (as defined [in the Settlement Agreement]);

B. eight (8) days after: i) execution and delivery by [SEIU-UHW] to the Debtors of a waiver and general release (in a form acceptable to the Debtors) of any and all claims, grievances or unfair labor practices against the Debtors and all related or affiliated entities, owners, principals, agents, employees, officers, directors, agents, attorneys and other professionals (collectively referred to with the Debtors as the "Released Parties") arising out of or related to the closure of St. Vincent, including any claims under the Federal Worker Adjustment and Retraining Notification Act and the California Worker Adjustment and Retraining Notification Act [together, the "WARN Acts"], or any other alleged violation of state or Federal law, including any alleged claims arising from the SEIU-UHW CBA (collectively, the 'Released Claims'); ii) [SEIU-UHW]'s withdrawal of any pending unfair labor practice charges related to St. Vincent or its closure; and iii) withdrawal of [SEIU-UHW]'s

information requests concerning St. Vincent. This provision does not affect the ordinary course payment of the full-time guarantee (Article 11) or applicable across the board retroactive increase, which was due under the SEIU-UHW CBA as on the first full pay period following November 1, 2019. Additionally, the [SEIU-UHW] general release and waiver does not affect severance claims as outlined in section 5 [of the Settlement Agreement]; and

C. eight (8) days after execution by an Eligible BU Member and delivery by [SEIU-UHW] to the Debtors of a waiver and general release (in a form acceptable to the Debtors) of any and all claims against the Released Parties arising out of or related to the closure of St. Vincent, including any Released Claims except for severance claims, for which the employees reserve the right to file as general unsecured claims.”¹¹

34. Under the Settlement Agreement, “[e]ach Eligible BU Member who provides a timely waiver and release as described [in section 4.C. of the Settlement Agreement] shall receive, in addition to the BU Member Share, an allowed general unsecured claim in the amount otherwise due and owing under the SEIU-UHW CBA for severance. Any other [SEIU-UHW] represented employee who was hired by SFMC or another Debtor is entitled to receive an allowed general unsecured claim in the amount otherwise due and owing under the SEIU-UHW CBA for severance, provided that person executes and delivers a waiver and release that is timely delivered to the Debtors. The amount of general unsecured claims will be provided by the Debtors to [SEIU-UHW] who will then convey such information to its represented employee members, and thereupon, [SEIU-UHW] and employees shall have 30 days from the date of delivery of the information to [SEIU-UHW] to file in the Bankruptcy Court any challenge to the proposed claim amount(s) provided by the Debtors. For the avoidance of doubt, any and all amounts owing for severance will be allowed as a general unsecured claim only, and not as priority claim or administrative expense and no other claim for severance shall exist or otherwise remain.”¹²

¹¹ *Id.* at ¶ 4(A), (B) and (C).

¹² *Id.* at ¶ 5.

35. Under the Settlement Agreement, “[a]ny BU Member Share that is not cashed or otherwise negotiated within 90 days of issuance shall a) render the BU Member Share void, b) permanently nullify that employee’s status as a BU Eligible Member, and c) cause the amount of the BU Member Share to permanently revert back to the Debtors.”¹³ Moreover, “[e]ligible BU Members who do not execute a general release and waiver by April 15, 2020 shall forfeit their BU Member Share which shall permanently revert back to Debtors,”¹⁴ and SEIU-UHW agreed to “assist and cooperate with Debtors to distribute general releases/waivers to Eligible BU Members.”¹⁵

36. In the Settlement Agreement, SEIU-UHW agreed to “to support any Plan of the Debtors that does not contradict the material terms of this Agreement”¹⁶ and to “to support and not otherwise oppose any sale or disposition of St. Vincent or its assets.”¹⁷

69. Settlement Agreement ¶ 16 provides that “[t]his Agreement is subject to the approval of the Bankruptcy Court. Approval will be sought by motion of the Debtors and affirmatively supported by SEIU-UHW.”

IV. ARGUMENT

The Debtors seek relief under Bankruptcy Code § 1113 and Rule 9019.

A. **SECTION 1113 PROVIDES THE DEBTORS WITH AUTHORITY TO MODIFY THE SEIU-UHW CBA.**

Initially, the Debtors move to implement the modification of the SEIU-UHW CBA and applicable portions of the Settlement Agreement under § 1113 because such section allows the mutually-agreed modification of CBAs, and “consistent with [the statutes] the parties [the debtor and a union] should have every opportunity to come to an agreement themselves.” *In re Nw. Airlines Corp.*, 346 B.R. 307, 315 (Bankr. S.D.N.Y. 2006) (authorizing debtor to institute new terms and conditions of employment in a proposal union had previously agreed to unless debtor and union agreed to alternative deal within two weeks). As explained by another Bankruptcy Court

¹³ *Id.* at ¶ 6

¹⁴ *Id.* at ¶ 7.

¹⁵ *Id.* at ¶ 8.

¹⁶ *Id.* at ¶ 12.

¹⁷ *Id.* at ¶ 13.

1 in this District, § 1113 codified an “expedited form of collective bargaining” to allow unions and
2 debtors to enter into settlements in distressed situations with a primary goal to “to protect the
3 existence of collective bargaining agreements in chapter 11 cases.” *In re Certified Air Techs., Inc.*,
4 300 B.R. 355, 361 (Bankr. C.D. Cal. 2003) (citations omitted). Here, the parties have engaged in
5 good faith, arms-length, expedited collective bargaining that § 1113 was designed to engender and
6 have arrived at the equitable and necessary Modified SEIU-UHW CBA and the Settlement
7 Agreement.

8 **a. The Debtors have met the Test for Modification under § 1113.**

9 The 1113 Decisions described the test for modification or rejection of a CBA, as originally
10 articulated in *In re Am. Provision Co.*, 44 B.R. 907, 910 (Bankr. D. Minn. 1984), for rejection or
11 modification of a CBA. This test contains the following factors: (1) the debtors make a proposal;
12 (2) the proposal is based on the most complete and reliable information available at the time of the
13 proposal; (3) the proposed modifications or rejections are necessary to permit reorganization of the
14 debtor; (4) the modifications assure that all creditors, the debtors, and all other affected parties are
15 treated fairly and equitably; (5) the debtors provide the union relevant information as is necessary
16 to evaluate the proposal; (6) the debtors meet at reasonable times with the union between the time
17 of the proposal and the time of the hearing; (7) the debtors negotiate with the union in good faith at
18 these meetings; (8) the union has refused to accept such proposal without good cause; and (9) the
19 balance of equities clearly favors the relief (the “1113 Test”).

20 Although the Debtors meet all elements of the 1113 Test, courts have recognized that the
21 provisions of § 1113 are ill-suited to a case like this case, where debtors are liquidating their assets
22 under chapter 11. *In re Chicago Constr. Specialties, Inc.*, 510 B.R. 205, 215 (Bankr. N.D. Ill. 2014)
23 (quoting *In re Rufener Contr., Inc.*, 53 F.3d 1064, 1067 (9th Cir. 1995)). As noted in the thoughtful
24 analysis in *Chicago Constr.*, supra, the Court “must not just consider the tests that have developed
25 in the case law for reorganizing cases. The court must also determine how, if any, those tests should
26 be treated differently in a liquidating case.” *Id.* at 216. Here, with the closure of a hospital, the
27 guidance of *Chicago Constr.*, a case where a debtor had ceased operations and moved to reject a
28 surviving CBA for its defunct business, is especially poignant. *Id.* at 217 (discussing why rejection

1 of CBAs, even, in liquidation, are important, including to avoid administrative expenses which can
2 dilute creditors' recoveries and even make confirmation of a plan impossible).

3 **b. The Settlement Agreement Itself Satisfies Four of the § 1113 Factors.**

4 Factors (1), (5), (6) and (7),¹⁸ which are procedural in nature, are met as evidenced by SEIU-
5 UHW's execution of the Settlement Agreement, and consent to the Modified SEIU-UHW CBA.
6 *See* Omnibus 1113 Decision at p. 6 of 9 (finding these factors met under similar facts). Similarly,
7 as found in the Omnibus 1113 Decision, factor (8) is rendered moot because SEIU-UHW has not
8 "refused" the Debtors' proposal, it has accepted it. *Id.*

9 The Debtors will therefore analyze the remaining four substantive factors: (2) (proposal
10 made on good information); (3) (proposal necessary for cases); (4) (parties treated fairly); and (9)
11 (balance of equities favor relief) which concern the substantive effects of the Modification.

12 **c. The Proposal was based on the Most Complete and Reliable Information**
13 **Available.**

14 To satisfy this factor, "the debtor is simply required to gather the most complete information
15 available at the time and to base its proposal on the information it considers reliable." *In re*
16 *Karykeion, Inc.*, 435 B.R. 663, 678 (Bankr. C.D. Cal. 2010). Here, the "information" utilized and
17 provided was rather simple: the Court has ordered the Closure of St. Vincent for the reasons found
18 in the Closure Order, the Debtors no longer employ the Represented Employees at St. Vincent, the
19 Debtors risk incurring liability under the CBAs and the Debtors are financially strained. *See* First
20 1113 Decision at 27 of 29.

21 **d. The Settlement Agreement is Necessary to Permit a Successful Plan**
22 **Confirmation.**

23 This Court has found that, "within the context of this [Verity] case, the term 'necessary to
24 permit the reorganization of the debtor' is best interpreted to mean 'necessary to permit the Debtors
25 to confirm a liquidating plan.'" First 1113 Decision at 23 at 29; Omnibus 1113 Decision at 79.

26 _____
27 ¹⁸ The Settlement Agreement acknowledges that (i) the Debtors made a proposal (at 1), (ii) SEIU-
28 UHW does not have any outstanding informational requests (at ¶ 15), (iii) the Debtors met with
SEIU-UHW to negotiate and reached the Settlement Agreement (at 1-2) and (iv) the Debtors
negotiated in good faith (at 2).

1 The Debtors' CEO has testified from the beginning of these cases that "**some or all**" of the hospitals
2 might be sold, with the logical implication that some Debtor hospitals might not find a buyer. First
3 Day Decl. at ¶ 95 (emphasis added).

4 As SEIU-UHW recognized, with the closure of SVMC, rejection is necessary for the
5 Debtors to move forward with marketing their assets and confirm a plan. *In re Nat'l Forge Co.*,
6 289 B.R. 803, 810–11 (Bankr. W.D. Pa. 2003) ("No buyer was willing to assume the CBA. ... The
7 proposed modification in the form of rejection of the CBA is necessary to permit reorganization of
8 the Debtor."). Notably, the SEIU-UHW CBA covers another hospital (SFMC) that might be sold
9 or otherwise disposed.

10 Relief is also necessary to limit the Debtors' potential liability and expenses to those agreed
11 under the Settlement Agreement including the Settlement Payment. As the Court found in the SCC
12 Rejection, unchecked, the CBAs could expose the Debtors to "substantial" administrative claims
13 from unions for enterprises that the Debtors would neither be operating nor wish to be operating,
14 with the total of these administrative claims in excess of the estimated funds available to pay all
15 administrative claims. Prior 1113 Decision at 24-25 (citing *Declaration of David Galfus* [Docket
16 1507]); see also *In re Chicago Const.*, 510 B.R. at 217-18. Waiting to reject as a part of a confirmed
17 plan, when such plan confirmation process may be protracted and the intermediate period results
18 in accrual of administrative obligations, would not be in the best interest of the Debtors' estate as
19 a whole.") (citations omitted). This Court summarized the immediate "necessity" for rejection best
20 in its Prior 1113 Decision (at 26):

21 Here, the Debtors are in the process of selling the Hospitals ... and
22 will no longer operate the Hospitals once the sale has closed. As was
23 the case in *Chicago Const.*, it makes little sense to require the Debtors
24 to remain bound by CBAs that pertain to assets which they will no
longer operate.

25 In the instant matter, the Negotiations, Meetings and the § 1113 process produced a
26 consensual, productive result—the Debtors and SEIU-UHW negotiated a deal to reflect economic
27 reality, and the Settlement Agreement is necessary to the estates.

e. **The Modification and Settlement Agreement Treat all Creditors, the Debtors, and all of the Affected Parties Fairly and Equitably, and the Balance of the Equities Favors the Requested Relief.**

This Court, in finding that the SCC Rejection treated parties fairly, found:

In sum, prior to seeking bankruptcy relief, the Debtors diligently attempted to put their operations on a sound financial footing. **The unfortunate but undeniable reality is that the legacy cost structure imposed by the CBAs is simply too great to permit the Hospitals to continue to sustainably operate.** This reality was confirmed by the recent sales process ... Many parties have been required to make sacrifices to permit continued operations of the Hospitals. Under these circumstances, the proposed rejection and/or modification of the CBAs is fair and equitable.

First 1113 Decision at 26-27 of 29 (emphasis added). The Court also cited precedent that this factor does not require unions to be paid in full, nor that all employees are re-hired or re-represented, and instead the inquiry is whether the debtor is placing a disproportionate burden on non-represented employees. *Id.* (citing *In re Walter Energy*, 542 B.R. 859, 892 (Bankr. N.D. Ala. 2015)); *see also In re Nat'l Forge Co.*, 289 B.R. at 811.

The Settlement Agreement places no disproportionate burden on the Represented Employees or anyone else. The remaining “burden” of a closed hospital felt by all is a result of SGM abandoning a deal it had signed to own and operate SVMC (and continue under modified CBAs). Now, SVMC is operationally closed, and the Represented Employees (and other employees) are not needed going-forward because of the unfortunate circumstances leading to the Closure. Some of these employees were re-hired by the Debtors to work at SFMC, and the Settlement Agreement fairly treats these Represented Employees differently by excluding them from receiving a Settlement Payment and severance.

However, all the Represented Employees contributed value to the Debtors. Like the previously-approved SCC Stipulation, the Settlement Agreement, in consideration for SEIU-UHW’s cooperation and waivers, allows severance rights and preserved claims but disallows other claims that otherwise have no basis, especially if the CBAs had been rejected. *See In re Chicago Constr. Specialties, Inc.*, 510 B.R. at 222 (“[T]he Debtor’s proposal to reject the CBA simply treats CBA claims [as they would be liquidated and disposed of under the Bankruptcy Code].”).

1 **B. THE DEBTORS HAVE SATISFIED RULE 9019 AND THE NECESSARY**
2 **FACTORS.**

3 Though the Debtors urge the Court to apply § 1113 as umbrella statutes for their entire deal
4 with SEIU-UHW (as Congress intended), Rule 9019 also supports the requested relief. *See In re*
5 *Leslie Fay Companies, Inc.*, 168 B.R. 294, 301 (Bankr. S.D.N.Y. 1994) (finding that Rule 9019
6 would apply to a debtor’s decision to enter into new post-petition CBA where transaction settled
7 all liability by and between union and debtor). Therefore, the Debtors move for approval of the
8 Settlement Agreement under Rule 9019 as well as under § 1113. This analysis is made simpler
9 because the requirements for approval under Rule 9019 is highly complementary with the above-
10 discussed 1113 Test.

11 **a. The Debtors have Satisfied Rule 9019.**

12 Under Rule 9019(a), “compromises are favored because they minimize costly litigation and
13 further parties’ interests in expediting the administration of the bankruptcy estate” and the Court
14 only needs to find that the settlement was negotiated in good faith and is reasonable, fair, and
15 equitable by utilizing the following factors:

- 16 • the complexity of the litigation involved, and the expense, inconvenience, and delay
- 17 necessarily attending it and the probability of success in the litigation;
- 18 • the difficulties, if any, to be encountered in the matter of collection; and
- 19 • the paramount interest of the creditors and a proper deference to their reasonable
- 20 views in the premises.

21 *In re A & C Properties*, 784 F.2d 1377, 1381 (9th Cir. 1986); *In re Sabine Oil & Gas Corp.*, 555
22 B.R. 180, 256 (Bankr. S.D.N.Y. 2016).

23 As to the “paramount interest of the creditors” factor, the Debtors incorporate their above
24 analysis that the Settlement Agreement is in the best and paramount interests of the creditors under
25 the § 1113 Test, that the transaction is “necessary,” is in the “best interest” of the estate, is “fair” to
26 all parties and that the balance of equities favor it.

27 Further, the “difficulty of collection factor” is not relevant here, as the Debtors are the ones
28 settling claims from SEIU-UHW and the Debtors are not receiving cash consideration. This leaves

1 the first listed *A&C* factor: “The complexity of the litigation involved, and the expense,
2 inconvenience, and delay necessarily attending it and the probability of success in the litigation,”
3 for consideration for Rule 9019 approval.

4 “The purpose of a compromise agreement [under Rule 9019] is to allow the [debtor in
5 possession] and the creditors to avoid the expenses and burdens associated with litigating sharply
6 contested ... claims.” *In re A & C Properties*, 784 F.2d 1377, 1380-81. Accordingly, in approving
7 a settlement agreement, the Court need not conduct an exhaustive investigation of the claims sought
8 to be compromised. *See United States v. Alaska Nat’l Bank (In re Walsh Constr., Inc.)*, 669 F.2d
9 1325, 1328 (9th Cir. 1982). A court should not substitute its own judgment for the judgment of the
10 debtor in possession. *Matter of Carla Leather, Inc.*, 44 B.R. 457, 465 (Bankr. S.D.N.Y. 1984). A
11 court, in reviewing a proposed settlement, is not to decide the numerous questions of law and fact
12 but rather to canvass the issues to determine whether the settlement falls below the lowest point in
13 the range of reasonableness. *In re Tribune Co.*, 464 B.R. 126, 158 (Bankr. D. Del. 2011) (“the
14 settlement need only be above the “lowest point in the range of reasonableness”); *In re W.T. Grant*
15 *& Co.*, 699 F.2d 599, 608 (2nd Cir. 1983); the court should not conduct a “mini-trial” on the merits
16 of the issues; and *In re Walsh Const., Inc.*, 669 F.2d at 1328; *In re Blair*, 538 F.2d 849 (9th Cir.
17 1976).

18 The Settlement Agreement primarily disposes of two pieces of litigation: (1) § 1113
19 litigation over modification or rejection of the SEIU-UHW CBA; and (2) litigation over the validity
20 and amounts of SEIU-UHW’s claims, including, but not limited to, potential WARN Act liability.

21 As to SEIU-UHW’s previous opposition, the SCC Rejection was an arduous, months-long
22 undertaking involving § 1113 questions. Section 1113 is a highly complex, factually-intensive
23 statute, made particularly difficult to analyze in a liquidation context. *See In re Rufener Const.,*
24 *Inc.*, 53 F.3d 1064, 1067 (9th Cir. 1995) (“the procedural requirements imposed by § 1113 appear
25 ill-suited to a liquidation proceeding”). The Debtors would be required to meet nine factors,
26 potentially requiring marshaling substantial evidence and rebutting and replying to legal arguments
27 under an expedited, contested setting. The Settlement Agreement not only fulfills the express
28 Congressional goals of compromise and “expedited collective bargaining,” it also resolves any

3 key aspects of the SEIU-UHW claims and the Debtors’ liability for severance, PTO and any alleged
4 WARN Act liability.

5 Given the complexity of this potential litigation, interposed with the fact that the Debtors
6 are in the largest healthcare case currently in the country, attorneys’ fees and costs (which could
7 most likely run well into the six figures for each side) and attorneys and professionals’ investment
8 in time and attention to bring this matter to full fruition would be high compared to the total gain

24 debtor was to pay \$715 million even where court found there “there [was] quite a high probability
25 that [the debtor] would ultimately prevail on at least some of its claims,” because “that litigation”
26 had already “been hotly contested [through] numerous legal and factual defenses” by the
27 counterparty against the debtors’ claims and where debtors were not likely to “win quickly,” given
28 the “complexities of [the] situation,” and concluding that “even a successful outcome in such

litigation likely would take substantial time [and the] the [s]ettlement [a]greements eliminate these risks.”).

The Settlement Agreement represents the type of rational, negotiated solutions that Rule 9019 encourages, and that the Court should approve. *See generally Protective Comm. for Indep. Stockholders of TMT Trailer Ferry, Inc. v. Anderson*, 390 U.S. 414, 434, 88 S. Ct. 1157, 1168, 20 L. Ed. 2d 1 (1968) (“Litigation and delay are always the alternative to settlement, and whether that alternative is worth pursuing necessarily depends upon a reasoned judgment as to the probable outcome of litigation.”).

V. CONCLUSION

Based upon the foregoing, the Debtors respectfully request that the Court enter an order: (i) granting and approving the Settlement Agreement as attached as **Exhibit “A”** so that its terms will become effective and the SEIU-UHW CBA will be modified as reflected under **Exhibit “B”**; and (ii) for such other and further relief as the Court may deem proper.

DECLARATION OF RICHARD G. ADCOCK

I, Richard G. Adcock, declare that if called on as a witness, I would and could testify of my own personal knowledge as follows:

1. I am the Chief Executive Officer (“CEO”) of Verity Health System of California, Inc. (“VHS”). I became VHS’ CEO effective January 2018. Prior thereto, I served as VHS’ Chief Operating Officer (“COO”) beginning in August 2017. In my roles as COO and CEO at VHS, I have become intimately familiar with all aspects of VHS and its above-captioned affiliates who have also filed for bankruptcy protection (collectively the “Debtors,” and each a “Debtor”) as well as those affiliated entities that are not in bankruptcy. I submit this Declaration in support of the *Debtors’ Omnibus Motion for Approval of 1) Settlement Agreements with Labor Unions, 2) Assumption and Assignment of Modified Collective Bargaining Agreements, 3) Termination of Retiree Healthcare Benefits and 4) Related Relief* (the “Motion”).¹

2. Except as otherwise indicated herein, this Declaration is based upon my personal knowledge, my review of relevant documents, information provided to me by employees of the Debtors or the Debtors’ legal and financial advisors, or my opinion based upon my experience, knowledge, and information concerning the Debtors’ operations and the healthcare industry. If called upon to testify, I would testify competently to the facts set forth in this Declaration.

3. True and correct copies of the Settlement Agreement and the Modified SEIU-UHW CBA are attached, respectively as **Exhibit “A”** and **Exhibit “B”** to the Motion.

4. The SEIU-UHW CBA currently covers SEIU-UHW represented employees at SFMC, and, of relevance to the instant Motion, 370 former employees of SVMC (with these former SVMC employees as the “SEIU-UHW Represented Employees”). The SEIU-UHW Represented Employees were comprised of service workers, including, but not limited to, environmental services aides, certified nurse assistants, unit coordinators, and technical workers, including, but not limited to, radiological technician and pharmacy technicians.

¹ Unless otherwise defined herein, all capitalized terms have the definitions set forth in the Motion.

1 5. The SGM Sale was scheduled to close no later than December 5, 2019. On
2 November 27, 2019, the Court entered an order and accompanying memorandum decision requiring
3 SGM to close the sale by December 5, 2019 [Docket Nos. 3723-24]. SGM did not close the sale
4 by December 5, 2019 or thereafter.

5 6. The Debtors have substantially implemented the Closure Plan, as described more
6 fully in status reports filed with the Court, which incorporate herein to my Declaration. *See Status*

11 7. There are no current employees at SVMC. The Debtors' management team,
12 however, have worked to create opportunities for the affected employees, including arranging for
13 approximately 50 different healthcare organizations to participate in on-site job fairs, where
14 hundreds of employees received offers on the spot or within days of the job fair. In addition, SFMC
15 has made employment offers to approximately 50 employees from SVMC.

16 8. The Debtors and SEIU-UHW negotiated the ultimate terms of the Settlement
17 Agreement (the "Negotiations") through a series of meetings and exchanges (the "Meetings"). The
18 process began on January 31, 2020, when the Debtors delivered a proposal under § 1113 to SEIU-
19 UHW.

20 9. Thereafter, the Debtors and SEIU-UHW met and conferred once in person and at
21 least once more by video conference during which the Debtors provided SEIU-UHW with relevant
22 information as requested.

23 10. The in-person Meetings were supplemented by substantial negotiations over phone
24 and by email, which culminated in the Debtors making a proposal that was agreed to by SEIU-
25 UHW (the "Proposal"), and subsequently integrated into the Settlement Agreement attached hereto
26 as **Exhibit "A."**

27 11. The Modified SEIU-UHW CBA and all aspects of the Settlement Agreement result
28 from the arm's-length negotiations. The Settlement Agreement streamlines and settles key aspects

1 of the SEIU-UHW claims and the Debtors' liability for severance, PTO and any alleged WARN
2 Act liability.

3 12. The Debtors' pre-petition lenders support the Settlement Agreement and Settlement
4 Payment.

5 I declare under penalty of perjury under the laws of the United States of America that the
6 foregoing is true and correct.

Settlement Agreement

Settlement Agreement

On this 3 day of March, 2020, and subject to approval by order of the Bankruptcy Court (as defined below), Verity Health Care System of California, Inc. ("VHS"), St. Vincent Medical Center ("SVMC"), St. Vincent Dialysis Center ("SVDC," and referred to with SVMC as "St. Vincent") and their affiliates in chapter 11 bankruptcy (collectively the "Debtors," and individually a "Debtor"), on the one hand, and the Service Employees International Union - United Healthcare Workers West ("SEIU-UHW" and, collectively with the Debtors, the "Parties"), on the other, and subject to the terms, conditions and approvals set forth herein, agree to the following (the "Agreement"):

Recitals

WHEREAS, on August 31, 2018 (the "Petition Date"), each of the Debtors filed a petition for relief under Chapter 11 of the Bankruptcy Code (the "Bankruptcy Cases") in the United States Bankruptcy Court for the Central District of California (the "Bankruptcy Court"), and since that date, all Debtors have been operating as debtors in possession;

WHEREAS, the Debtors previously obtained an order [Docket No. 1577] (the "SCC CBA Order"), approving the modification of the Collective Bargaining Agreement effective November 1, 2018 - October 31, 2021 (the "CBA"), in order to excise the then-covered O'Connor Hospital ("OCH") and St. Louise Regional Hospital ("SLRH") upon closing of the sale [Docket No. 1153] of these assets to Santa Clara County (the "SCC Closing");

WHEREAS, after the entry of the SCC CBA Order, SEIU-UHW and SVMC and St. Francis Medical Center ("SFMC") remained parties to the CBAs;

WHEREAS, in connection with an approved sale of the Debtors remaining hospital assets to Strategic Global Management, Inc., a California Corporation ("SGM"), the Debtors and SEIU-UHW entered into a Settlement Agreement dated September 17, 2019 (the "September Settlement") with the purpose of resolving all or substantially all material issues in dispute between those parties, providing for the treatment of SEIU-UHW claims, and providing for the modification and assignment of the CBA to SGM upon closing of the transaction to SGM (the "SGM Sale"), which was expected to occur no later than December 5, 2019;

WHEREAS, on November 21, 2019, the Debtors filed an *Omnibus Motion For Approval of 1) Settlement Agreements with Labor Unions, 2) Assumption and Assignment of Modified Collective Bargaining Agreements To SGM, 3) Termination of Retiree Healthcare Benefits and 4) Related Relief* [Docket No. 3604] (the "Omnibus § 1113 Motion") seeking modification and assignment of the CBA (and collective bargaining agreements with other unions), approval of the Settlement Agreement (and similar settlement agreements with other unions) under (*et. al.*) Rule 9019 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules") and §§ 1113 and 1114 of the Bankruptcy Code, 11 U.S.C. §§ 101-1532, as amended (the "Bankruptcy Code").

NOW THEREFORE, the Parties agree as follows:

Terms

1. Upon Bankruptcy Court approval of this Agreement, the CBA immediately shall be deemed and shall be modified in the form attached hereto as Exhibit 1 (the “Modified CBA”) under § 1113 of the Bankruptcy Code (the “Modification”) so as to remove all references and application to SVMC.

2. To resolve and settle all claims, controversies, grievances, and unfair labor practice charges related to the closure of SVMC, including, but not limited to, any claims raised under POC #4722 and #5140 or any other POC related to St. Vincent, and under the terms stated below:

A. the Debtors will make payments that total one aggregate amount of Five Hundred Thousand Dollars and No Cents (\$500,000.00) (the “Settlement Payment”) with respect to and for the benefit of SEIU-UHW and its respective represented bargaining unit employees (including those who were employed on a *per diem* basis) who worked at St. Vincent and are not actively employed by St. Francis Medical Center as of the date of the entry of a Bankruptcy Court order approving the Settlement Agreement (as defined below) (each an “Eligible BU Member” and, collectively, the “Eligible BU Members”); and

B. in the event that the Debtors’ effects bargaining/§ 1113 modification settlement payment to California Nurses Association for the waiver of claims, grievances, and unfair labor practices against the Debtors arising out of or related to the closure of St. Vincent, if any, exceeds \$500,000, the Settlement Payment in this agreement will be adjusted to match that amount.

3. SEIU-UHW will provide the amount for distribution of the Settlement Payments to each Eligible BU Member (each, a “BU Member Share”).

4. Each BU Member Share shall be made payable to each Eligible BU Member and be given to SEIU-UHW to be distributed to each Eligible BU Member, only after occurrence of the following:

A. fifteen (15) business days after entry of a Bankruptcy Court order approving the Settlement Agreement (as defined below);

B. eight (8) days after: i) execution and delivery by SEIU-UHW to the Debtors of a waiver and general release (in a form acceptable to the Debtors) of any and all claims, grievances or unfair labor practices against the Debtors and all related or affiliated entities, owners, principals, agents, employees, officers, directors, agents, attorneys and other professionals (collectively referred to with the Debtors as the “Released Parties”) arising out of or related to the closure of St. Vincent, including any claims under the Federal Worker Adjustment and Retraining Notification Act and the California Worker Adjustment and Retraining Notification Act, or any other alleged

violation of state or Federal law, including any alleged claims arising from the CBA (collectively, the “Released Claims”); ii) SEIU-UHW’s withdrawal of any pending unfair labor practice charges related to St. Vincent or its closure; and iii) withdrawal of SEIU-UHW’s information requests concerning St. Vincent. This provision does not affect the ordinary course payment of the full-time guarantee (Article 11) or applicable across the board retroactive increase, which was due under the CBA as on the first full pay period following November 1, 2019. Additionally, the SEIU-UHW general release and waiver does not affect severance claims as outlined in section 5 below; and

C. eight (8) days after execution by an Eligible BU Member and delivery by SEIU-UHW to the Debtors of a waiver and general release (in a form acceptable to the Debtors) of any and all claims against the Released Parties arising out of or related to the closure of St. Vincent, including any Released Claims except for severance claims, for which the employees reserve the right to file as general unsecured claims as outlined in section 5 below.

5. Each Eligible BU Member who provides a timely waiver and release as described in section 4.C. shall receive, in addition to the BU Member Share, an allowed general unsecured claim in the amount otherwise due and owing under the CBA for severance. Any other SEIU-UHW represented employee who was hired by SFMC or another Debtor is entitled to receive an allowed general unsecured claim in the amount otherwise due and owing under the CBA for severance, provided that person executes and delivers a waiver and release that is timely delivered to the Debtors. The amount of general unsecured claims will be provided by the Debtors to SEIU-UHW who will then convey such information to its represented employee members, and thereupon, SEIU-UHW and employees shall have 30 days from the date of delivery of the information to SEIU-UHW to file in the Bankruptcy Court any challenge to the proposed claim amount(s) provided by the Debtors. For the avoidance of doubt, any and all amounts owing for severance will be allowed as a general unsecured claim only, and not as priority claim or administrative expense and no other claim for severance shall exist or otherwise remain.

6. Any BU Member Share that is not cashed or otherwise negotiated within 90 days of issuance shall a) render the BU Member Share void, b) permanently nullify that employee’s status as a BU Eligible Member, and c) cause the amount of the BU Member Share to permanently revert back to the Debtors.

7. Eligible BU Members who do not execute a general release and waiver by April 15, 2020 shall forfeit their BU Member Share which shall permanently revert back to Debtors.

8. SEIU-UHW shall assist and cooperate with Debtors to distribute general releases/waivers to Eligible BU Members.

11. The Bankruptcy Court shall retain and have exclusive jurisdiction to address any dispute concerning the terms and interpretation of this Agreement.

13. SEIU-UHW agrees to support and not otherwise oppose any sale or disposition of St. Vincent or its assets.

15. SEIU-UHW hereby withdraws any outstanding information requests that relate to any claims or issues being resolved by this Agreement, the § 1113 process or St. Vincent.

17. The terms of this Agreement supersede any prior agreement(s) between the Parties.

19. The Parties expressly agree that this Agreement shall extend and apply to all unknown, unsuspected and unanticipated damages and hereby waive and releases any and all rights under Section 1542 of the California Civil Code as said statute pertains to the claims released hereunder. California Civil Code Section 1542 reads as follows:

5

20. For the avoidance of doubt, the releases noted in paragraphs 4.B and 4.C shall contain language similar to that which is contained in paragraph 19 so as to comply with California Civil Code Section 1542.

21. By executing below, each Party represents that it has the requisite authority to enter into an implement all terms of this Agreement, subject to Bankruptcy Court approval.

Commencing on the first of the month following completion of the Employee's thirty (30) day waiting period, the employee will be eligible for Paid Time Off and health and welfare benefits.

Transition of Updated Definition of Regular Part-Time

a. New Hires — the above definitions of Regular Full-Time and Regular Part-Time will apply to new hires with a start date of December 1, 2015, or later.

b. Current Employees classified as Regular Part-Time who work 20 hours and less than 30 hours in each workweek will be offered a Regular Part-Time position working 30 hours per workweek or more prior to January 1, 2017. Regular part-time employees who work less than 30 hours per week and are currently receiving medical or other benefits shall continue to receive those benefits until such time as the employee either waives benefits and/or is offered a benefited position in accordance with "c" below and declines such position, in which case the employee shall become benefits ineligible the following month.

c. Employees will be offered open Regular Part-Time positions in their job classification in seniority order. If no Employee accepts the position within the seven (7) day posting period, the lowest senior Employee in that job classification will be given the choice of taking the available position or staying in their current position as a Limited Part-Time Employee without benefits. The Employee's benefits will terminate the last day of the month in which the employee makes the choice to remain in the Limited Part-Time position.

3. Limited Part-Time

Limited Part-Time. A "Limited Part-Time" Employee is one who is regularly scheduled on a predetermined basis to work less than thirty (30) hours in each workweek, or less than sixty (60) hours in each pay period.

f. An unworked shift for which any Per Diem has been scheduled to work, but is not needed shall be counted toward satisfying the Per Diem's availability obligations.

g. Per Diem Employees may be terminated if they refuse to work pre-scheduled work assignments or are unable to meet the minimum availability requirements.

h. A Per Diem may request and if qualified, be placed on more than one list in those departments which maintain such lists, subject to the needs of the departments.

Before resorting to Registry or Temporary Agency personnel, the ~~Employers~~ Employer shall offer Temporary work to existing Employees. A Temporary Employee is one who is hired either Part-Time or Full-Time on a pre-determined work schedule to work for a limited period which shall not extend beyond ninety (90) calendar days. The ninety (90) calendar days may be extended in any given case by mutual agreement of the Union and the ~~Employers~~ Employer, and the Union's agreement to such extension will not be unreasonably denied.

a. In the event that a Temporary Employee becomes a Regular Full-Time or Regular Part-Time Employee, the qualifying date for any applicable pay raises pursuant to Article 18 starts with his or her most recent date of continuous employment, and the qualifying date for fringe benefit eligibility and accrual is the date of reclassification to Regular Full-Time or Part-Time status.

b. A Temporary Employee shall not be terminated solely to prevent his or her advancement to Regular or Limited Part-Time status when the Temporary job continues in effect or for the sole purpose of keeping a regular job constantly staffed by Temporary Employees.

c. Posting Temporary Positions. Temporary positions will be posted in accordance with Article 14, Seniority and Job Vacancies, if such positions are expected to last for periods in excess of thirty (30) days. A Temporary position is a position for which the ~~Employers~~ Employer establishes a pre-determined work schedule for a limited duration not expected to exceed ninety (90) days and which the ~~Employers~~ Employer intends to fill a pre-scheduled regular basis.

d. Return from Temporary Position. If a Regular Full-Time, Regular Part-Time, Limited Part-Time, or Per Diem Employee successfully bids for a Temporary position, he/she will maintain his/her Employee category and, in the case of a Regular Full-Time or Regular Part-Time Employee, will continue to accrue benefits and upon the conclusion of the Temporary assignment, he/she shall return to his/her former position.

e. In this case, the vacated position of this Employee will also be posted, but any Temporary position resulting from the bidding of the second posting will not be posted, unless the second (or other vacant position) is a Regular Full-Time or Regular Part-Time position.

An Employee working in a Temporary position shall not be reclassified to Regular Employee status unless such position extends beyond ninety (90) days.

B. Allocation of Additional Hours of Work

1. Additional hours of work is Temporary work, work required due to a sudden increase in patient census that was not anticipated, work that is not pre-scheduled or a hole created in the schedule by the scheduled time off of regularly scheduled Employees.

2. Availability for Work. Limited Part-Time Employees and Per Diem Employees will submit, in writing, their availability for work. Full-Time, and Part-Time Employees will submit, in writing, their availability for additional work. Employees will indicate the days of the week and shifts for which they are available. The ~~Employers~~Employer shall maintain such records and lists by classification and Employee category so that the provision of this Section can be properly maintained.

3. The ~~Employers~~Employer shall offer additional hours of work to Employees who have made themselves available in the same classification and department as long as the additional work would not cause the ~~Employers~~Employer to incur overtime or double time liability. The ~~Employers~~Employer will offer pre-scheduled additional hours of work by seniority according to the following preference list.

- a. Regular Full-Time Employees who have been canceled due to Low Census Days, as long as the additional work would not cause the Employer to incur overtime or double time liability.
- b. Regular Part-Time Employees who have been canceled
- c. Regular Part-Time
- d. Limited Part-Time
- e. Per Diem

The above preference order will not result in bumping Employees out of work which is prescheduled.

4. If the ~~Employers~~Employer cannot fill the additional hours of work at a straight time rate, overtime will be offered to qualified Employees by seniority before resorting to Registry.

- a. Overtime shifts will be assigned from a list of those Employees indicating their desire to work such shifts.
- b. Scheduled and unscheduled voluntary overtime will be offered beginning with the most senior Employee on the voluntary overtime list and rotating through the list.
- c. Employees shall have the right to decline the overtime if offered, except as provided in the section on Mandatory Overtime, below.

5. Mandatory Overtime: The ~~Employers~~Employer and the Union recognize that mandatory overtime is not desirable and represents a burden on the Employees. Acceptance of overtime and shifts beyond the Employee's schedule shall be voluntary and in accordance with state law or regulations, except where patient care would be endangered by an internal or external emergency declared by state, local or federal government, or declared by the administrator on duty. An internal or external emergency, for the purposes of this section is defined as an unexpected situation and sudden occurrence of a serious and urgent nature that demands immediate action.

C. Reclassification

The reclassification provisions shall not apply to hours worked by an Employee temporarily replacing another Employee who is on any approved leave of absence.

1. A Per Diem or Limited Part-Time Employee who regularly works sixty (60) hours or more each pay period, every pay period (in a single job classification but not necessarily on the same list) for ninety (90) days or more shall be reclassified, to Regular Employee status, and the applicable regular work schedule. The applicable work schedule shall be based on the lowest number of hours worked during any pay period within the ninety (90) calendar day period. Any reclassification to Regular Employee status under this paragraph shall be effective as of the 90th day, except:
 - a. Benefit accruals shall be effective as of the beginning of the pay period closest to the date of such reclassification and are subject to any waiting period or other requirements contained in the Agreement;
 - b. If retroactive corrections in status are made, health benefits and life insurance shall be effective prospectively (at the beginning of the following month), and the Employee shall have no deduction for any premium in lieu of benefits received in the interim.
2. A Per Diem Employee shall not be reduced in hours solely to prevent his or her advancement to Regular or Limited Part-Time status when the Per Diem hours continue to be available or for the sole purpose of keeping a regular job constantly staffed by Per Diem Employees.
3. A Regular Part-Time Employee who is regularly assigned for ninety (90) calendar days or more to a work schedule which exceeds the Employee's regular work schedule by at least a full shift, for each and every pay period of the ninety (90) day period (e.g. a Regular Part-Time 4/5 Employee is regularly assigned a Full-Time schedule), shall be reclassified to the applicable regular work schedule provided that the additional hours fall on the Employee's normal shift. For the sole purpose of the first sentence (1) if the Employee has Paid Time Off (PTO/ESL) for a one week period or longer, the ninety (90) day period shall be extended by the same number of days for which the Employee was off work on such Paid Time Off, and (2) if the Employee has a paid day off, on a scheduled workday, such day(s) shall be counted as a regularly assigned workday. The applicable regular work schedule shall be based on the lowest number of additional shift(s) worked during any pay period within such ninety (90) day period. Any reclassification under this Paragraph shall be effective as of the ninetieth (90th) day, and increased benefit accruals shall be effective the beginning of the pay period closest to the date of such reclassification. The provisions of this Paragraph may be waived only by the mutual written agreement of the Employee, the Union and the ~~Employers~~Employer.
4. Employees performing duties in a higher classification for ninety (90) calendar days shall be reclassified to the higher classification on the ninety-first (91st) day, unless the Employee is covering for an Employee on a leave of absence for any duration. The Employer shall not reassign duties for the sole purpose of avoiding the reclassification.
5. For the purpose of this Section only, shifts shall be defined as follows: (1) Days start on or after 5:00 a.m. but prior to 12:00 noon; (2) PMs start on or after 12:00 noon but before 10:00 p.m.; and (3) Nights start on or after 10:00 p.m. but before 5:00 a.m.

For purposes of defining Full-Time employment for this Article, the following applies:

C. E. If an Employee is suspended due to discipline for cause, such hours will be subtracted from the total guaranteed hours.

B. At its sole discretion, the ~~Employers~~Employer may terminate the employment of any probationary Employee and such termination shall not be subject to the grievance procedure of this

Agreement. Nothing in this Agreement shall preclude a grievance alleging violation of Article 7 Equal Employment Opportunities during the Employee's probationary period.

C. The probationary period may be extended by an additional thirty (30) days with notice to the Union. The Employer may extend the probationary period beyond the additional thirty (30) days only with the consent of the Union.

D. At the completion of the probationary period, seniority date shall be from the Employee's most recent date of hire into a bargaining unit position by the ~~Employers~~ Employer.

ARTICLE 13: NEW EMPLOYEES, ORIENTATION, EMPLOYEE LISTS

A. During the new hire orientation for new Employees, the ~~Employers~~ Employer will allow a representative of the Union up to one (1) hour during the final period of such program, to discuss the Union and the terms of this Agreement. Attendance by new Employees shall not be counted as work time if the discussion causes the orientation to exceed eight (8) hours in the workday. However, the ~~Employers~~ Employer will make every effort to ensure that the Union orientation occurs within the eight-hour period. In the event a Shop Steward is assigned, the Steward shall be released from work without loss of pay to participate in the session, provided that patient care permits. Where such program is regularly scheduled such release should normally occur.

B. The ~~Employers~~ Employer will provide to the Union the following information no later than the 15th of each month in both hard copy and on disk (on Excel or Quattro Pro or any similar computer format):

The Union further agrees that, where required, the ~~Employers~~Employer will provide Employee social security numbers to the Union on lists (in hard copy and electronic format) separate from Employee addresses and telephone numbers.

ARTICLE 14: SENIORITY AND JOB VACANCIES

A. Bargaining Unit Seniority

Bargaining unit seniority shall be defined as the period of continuous employment from the most recent date of hire that a Full-Time, Part-Time or Per Diem Employee works in a job classification covered by this Agreement. Bargaining unit seniority shall not be adjusted for legally protected leaves of absence. If an Employee terminates or leaves a covered job classification and returns within three (3) months or less, the time away from the bargaining unit will not be adjusted, and the previous bargaining unit seniority date would remain. If an Employee returns to a covered job classification after three (3) months or more, their previously accrued bargaining unit seniority will not be bridged, and their bargaining unit seniority will be reestablished as of the new date they are placed into a job classification covered by this Agreement.

B. Department Seniority

Department seniority is defined as the date of hire into the current department or date of hire into the former department if placed in the current department as a result of reorganization or restructuring of work. Department seniority shall have limited uses as described below.

Department seniority shall govern in the following applications only within the department: job bidding for higher rated or equal classifications within the department only, additional hours, PTO scheduling, and designated holiday scheduling. For all other purposes, bargaining unit seniority shall govern.

C. Seniority List

There shall be one bargaining unit seniority list, which shall be updated every month and sent to the Union representative. A separate quarterly list shall be maintained for Per Diem and On-Call Employees, and they shall be ranked on such list by total hours of employment.

D. Use of Seniority

Seniority may be utilized in accordance with the terms of this Agreement.

Loss of Seniority

An Employee's seniority will be permanently lost under the following scenarios:

1. Voluntary termination of employment, unless rehired within three (3) months;
2. Discharge for just cause;

3. Failure to return from any authorized leave of absence (In the event of an emergency, the Employee will receive an additional 5 business days to request an extension);
4. Failure to return to work within thirty (30) days after being recalled to work;
5. Layoff of two (2) years or more; or
6. Voluntary transfer to a non-bargaining unit position unless returned to bargaining unit within 90 days.

F. Retained Seniority

If an Employee transfers from Full-Time or Part-Time to Per Diem status, she or he shall not lose his or her seniority and such seniority shall continue to accrue.

G. Job Vacancies, Posting and Bidding

Positions under this Agreement which are permanently vacated and/or newly created will be posted internally for an initial period of seven (7) calendar days. Interested Employees may bid for such jobs within the seven (7) calendar day period by completing a transfer request form provided by the Employer for that purpose. The seven (7) calendar day period for posting and receiving bids may be extended or shortened at the Employer's discretion. Posting for open positions shall be displayed at appropriate locations at the Employer. Job title, shift, minimum requirements, primary functions and status will be included in the posting. Should temporary positions become available for permanent placement, the position must be posted. All current associates who meet minimum requirements are to be given primary consideration. This does not prevent the Employer from filling the vacancy on a Temporary basis until such position is filled.

Preference among those bidding shall be given in the following order among bidding Employees from the same preference level. Among bidding Employees from the same preference level, seniority shall govern. The prior sentence is subject to the provisions that (1) the bidding Employee must meet all reasonable qualifications of the job established by the ~~Employers~~ Employer (the Union has the burden of establishing that the ~~Employers~~ Employer's qualifications are unreasonable), and (2) ability and performance must meet minimum requirements in the ~~Employers~~ Employer's reasonable judgment, and if the ~~Employers~~ Employer's judgment is disputed, the ~~Employers~~ Employer have the burden of establishing that their judgment was reasonable.

b. With regard to the application of seniority, for the purposes of layoffs and subsequent job bidding, bargaining unit seniority from the previous facility will be credited provided that the facility from which the Employee originates reciprocally recognizes the seniority of an Employee from another Employer covered by an SEIU contract.

5. Notification of Selection

Employees submitting a written bid for a posted vacancy under this subsection shall be informed by the ~~Employers~~Employer whether or not they are awarded the position.

6. External Selection

For vacancies that are not filled internally (i.e. according to the preference order set forth above), the ~~Employers~~Employer may employ the person who, in its judgment, will make the best Employee. The ~~Employers~~Employer shall be the sole judge of the fitness of any applicant.

7. Seniority Application

The seniority of bidding Employees shall be determined by the Employee's bargaining unit seniority rather than in the particular classification or Employee category.

8. Limitation

It is understood that any bid under this Article is limited to vacancies in bargaining unit positions and not to assignments arising from rotation of personnel, paid time off, or sickness relief

9. Potential Vacancies

Employees expected to be on vacation for a period of more than seven (7) days may submit a request for transfer to a potentially available position. Such request must be submitted in writing to the Human Resources Department. Such written request shall constitute an automatic bid for thirty (30) days or for the period of vacation, whichever is less. It is understood that any written request under this Article is limited to vacancies or potential vacancies in permanent positions subject to this Agreement.

10. Evaluation Period after Promotion or Transfer

Employees who are promoted to a new position or who transfer to another position through the bidding process, shall have up to ninety (90) days of evaluation of their performance. If the Employee's former position is not available, the Employee shall be returned to a comparable position in the same classification, provided such position is available, or become a Per Diem Employee in their previous classification until such time as they are able to re-apply into a benefited position.

All vacation/ PTO request forms shall allow the employee to indicate which requested vacation/ PTO period is his or her first (1st) choice, which is his or her second (2nd) choice, and which is third (3rd) choice.

V. Vacation/ PTO requests may be submitted at any time of year. After the February 1 scheduling, requests will be considered on a first come, first serve basis. The Employer shall notify the employee of approval or denial of the request within two (2) weeks of the request being submitted.

Unscheduled PTO: Unscheduled PTO for illnesses or other unanticipated personal emergencies will require two (2) hours advance notification to the Employee's immediate Supervisor prior to the start of the shift for Employees on the day shift, and three hours advance notification for other shifts.

X. Notification is not required if the employee's own disability, or an emergency, makes it impossible to provide such notification. In such cases, the Employee will provide notice to the immediate Supervisor of the reason for such absence as soon as is reasonably possible.

Y. Failure to give notification may result in formal discipline.

Z. Donation of PTO. On approval of Human Resources, Employees may donate unused PTO hours to another Employee who has experienced an unforeseeable emergency as defined by the IRS. Employees must maintain a minimum PTO balance of forty (40) hours after the donation.

AA. Hardship Distribution. Subject to the approval of the Employer, Employees may receive a distribution from their PTO account to provide for an unforeseeable emergency as defined by the IRS. Distribution must comply with the guidelines issued by the IRS in Code 457 2(h)(4) and (5).

The advance check is available in the Payroll Department on the day prior to the beginning of the time off.

Effective upon ratification the ~~Employers~~Employer will continue to offer the same fully Employer paid Blue Shield HMO plan in effect on June 1, 2017 on the same terms and conditions as this plan is currently provided, and with benefit levels that meet or exceed that of the current plan. The ~~Employers~~Employer will continue to offer this plan through December 31, 2017.

Effective upon ratification the ~~Employers~~Employer will also continue to offer the same alternative POS "Buy-Up Plan" in effect on June 1, 2017 on the same terms and conditions (including premium payment options) as this plan is currently provided, and with benefit levels that meet or exceed that of the current plan. The ~~Employers~~Employer will continue to offer this plan through December 31, 2017.

Effective January 1, 2018 through the term of the agreement, the Blue Shield HMO plan in effect on December 31, 2017 will be replaced with the fully Employer paid Verity EPO Tier 1 and Tier 2 plans. The employer will continue to pay [REDACTED] of the cost for the Verity EPO Tier 1 and Tier 2 plan premiums for their employees and their qualified dependents. There will be no increase in cost for employees and their qualified dependents for plan out of pocket expenses (including co-pays), for annual deductibles (if any), or for annual out of pocket maximums for employees and their qualified dependents, beyond what employees and their qualified dependents pay for such costs in the BlueShield HMO in effect on June 1, 2017, notwithstanding the deductible and co-insurance for the Verity EPO Tier 2.

For plan year 2018 through the term of the agreement, the Verity EPO Tier 2 calendar year medical deductible will be [REDACTED]. The out of pocket maximums will be [REDACTED]. The co-insurance will be [REDACTED] for the following services:

Should Verity or a Verity Preferred Partner provide additional services not included in the list above, these additional services to the Verity EPO Tier 1 and corresponding Verity Tier Medical Benefits will be communicated/implemented on an annual basis.

REDACTED

The Claims Administrator will apply the Tier 1 charges when the employee: (i) receives services by a Verity Health Provider; (ii) receives services by a BlueShield PPO Network provider because the service was not available at the employee's designated Verity Health Facility; or (iii) employee or the employee's dependent does not live within the thirty-five (35) mile radius of a Verity Health Facility.

Verity will honor employees' and qualified dependents' coordination of benefits.

The Verity EPO Tier 1 and Tier 2 plans, which will replace the BlueShield HMO, must have qualities that meet or exceed the qualities of the BlueShield HMO that it is replacing. If there is no Verity facility within the thirty-five (35) mile radius or the Special Transportation Exception applies, the employee may go to any facility within the BlueShield PPO Network. The Special Transportation Exception means that no employee and/or any qualified dependent seeking services or treatment will be required to travel to another geographic location that under normal, non-circuitous driving circumstances, would require travel across a bridge (for example, without limitation, from Oakland to San Francisco, or from San Rafael to Richmond). Every year, a list of zip codes which reflect the areas that qualify for the Special Transportation Exception shall be released at open enrollment.

Effective January 1, 2018 through the term of the agreement, the ~~Employers~~Employer will replace the Blue Shield POS "buy up" plan with the Verity PPO for those employees choosing the alternative "buy up" plan. The employee and their qualified dependents' costs for share of the Verity PPO plan premiums, total costs for out of pocket expenses, annual deductibles, and annual out of pocket maximums, will be increased by no more than [REDACTED] during the life of this contract, over similar costs of the Blue Shield POS in effect on June 1, 2016.

As of January 1, 2017, the "Wellness Assessment" required of certain employees and their qualified dependents will no longer be required.

It is the intent of the ~~Employers~~Employer to provide a health plan that will ensure the privacy of employees under the plans. If any employee has a privacy concern related to a service and/or procedure that would be performed by the employee's own department at a Verity facility or a concern about continuity or disruption of care or if the employee's physician does not have admitting privileges at Verity facility, the ~~Employers~~Employer's Benefits Services Manager will not unreasonably deny any request to receive such services and/or procedures at an alternative

REDACTED

Grievance and Arbitration procedure of this Agreement, and shall continue to be subject to the applicable administrative procedures established by federal and/or California law. However, the issue of whether the Employer has met its obligation to meet with the Union under this section shall be arbitrable.

5. The Union shall address Health and Safety Issues through the Joint Labor-Management Committee.

6. In-Service

The Employer shall continue to provide in-service or other training and information to Employees concerning health and safety.

7. Hepatitis B Vaccine

Hepatitis 'B' vaccine shall be made available free of charge and at a covered Employee's request, if the Employee's normal functions include exposure to blood, blood products, bodily fluids, or needlesticks or cuts by other sharps that may have patient blood, blood products, or bodily fluids on them. Such vaccine also will be provided to other Employees, at their request if their normal functions do not include such exposure but the Employee has an on-the-job needlestick or cut, as described.

F. Patient Care Committee

1. Quality Patient Care

The ~~Employers~~Employer and the Union agree that quality patient care and an appropriate working environment require adequate staffing and that staffing levels within all departments vary with census, acuity, shift, the specialization of various areas, changes in the specialization of the units, structural changes in delivery of patient services and qualitative changes in average acuity. Each of the ~~Employers~~Employer will establish a committee comprised of six (6) bargaining unit Employees selected by the Union and six (6) representatives of the Employer selected by the Employer. In addition to the six (6) from each side, both the Union representatives and the Human Resource representatives may participate in Patient Care Committee meetings. The parties may mutually agree to expand the number of representatives to this committee as the need may arise.

2. Purpose

Monitoring the quality of patient services and making recommendations to improve patient services in the context of work design, if applicable, or in the current method or system of patient services delivery.

3. Meetings

The ~~Employers~~Employer will allow [REDACTED] every month of paid time for each Employee member of the committee to attend meetings

G. Resolution of Staffing Issues

1. Review Committee

If the Joint Labor Management Committee cannot reach agreement on a recommendation, the issue may be referred to a Review Committee of four (4) for consideration and recommendation. Two (2) representatives shall be selected by SEIU and two (2) by the Employer. A majority of the Review Committee may invite resource persons to attend and participate in such Review Committee meetings.¹ Such resource persons may review all relevant information before the Committee pertaining to the subject matter under consideration and offer advice to resolve differences between the parties. The Review Committee may adopt recommendations by a majority vote of all four (4) members of the Committee.

2. Recommendation Implementation Process

Recommendations, both those approved by the Joint Labor Management Committee and through the Review Committee, will be forwarded to the appropriate Administrative Director of the Hospital for implementation. Thirty (30) calendar days after receipt of a recommendation the appropriate Administrative Director will send the Joint Labor Management Committee a written summary of progress and may at the Joint Labor Management Committee co-chair's request attend the next Joint Labor Management Committee meeting to report on progress.

3. Resolution of Staffing Issues

In the event the Review committee is unable to reach agreement on a recommendation concerning a staffing issue, a mutually agreed upon third-party neutral may be brought to join the Review Committee. In the event the Review Committee remains unable to resolve the staffing issue, the third-party neutral shall decide the final resolution which will be implemented. In reaching resolution, the third-party neutral must take into account area standards regarding staffing, state and federal laws, physician recommendations regarding quality of care, business needs and any other relevant information presented by the parties. In making a final decision on the issue presented by the Review Committee, based upon the information presented by the parties, the neutral third-party will be acting as a labor Arbitrator, and the decision will be treated as a final and binding by the parties. Either the Union or the Hospital may seek to vacate the decision pursuant to applicable state and federal law.

Unless the parties agree otherwise, the third party neutral shall be selected by alternative striking (first strike determined by lot) from one (1) of the following seven (7) persons:

Matthew Goldberg
Robert Hirsch
Barry Winograd
Andrea Knapp
Richard Kagen
John Kagel
Frank Silver

4. Impact on Other Units

Both parties agree that it is not their intent to make recommendations or resolutions that adversely impact any other bargaining unit.

Additionally, if the Employer grants any other Union similar rights to resolve staffing disputes, it will make every effort to include in such contract a provision that it is not the intent of the parties to make recommendations or resolutions that adversely impact any other bargaining unit including the Union.

ARTICLE 31: GRIEVANCE AND ARBITRATION

A. Definitions. In this Article the following definitions apply:

1. Definition of Grievance. Grievance means a dispute raised by an Employee, the Union or the ~~Employers~~Employer concerning the interpretation or application of any provision in this Agreement. Unless otherwise provided in this Agreement, a violation of this Agreement is subject to this Grievance and Arbitration procedure set forth below.

2. Definition of Days. Days means calendar days. In this Article, whenever a period of time is specified, the day of the event or action which commences the period shall not be included calculating the length of the period. If the last day for responding and acting is a Saturday, Sunday or contract holiday, the period shall be extended to the next day which is not a Saturday, Sunday or contract holiday.

3. Limitation on Precedents. Settlements reached with Shop Stewards in Step 1 of the grievance procedure shall not establish a precedent or a practice for future cases unless by specific written agreement signed by a Field Representative and by the ~~Employers~~Employer.

B. Informal Resolution or the Initiating of a Grievance. The ~~Employers~~Employer and the Union recognize that the goal of this grievance and arbitration procedure is to attempt to resolve the grievance at the lowest level possible with the least amount of time and resources. The Employee or the Union Representative (Field Representative or Shop Steward) may first confer with the supervisor or with such other person as the ~~Employers~~Employer may designate and attempt to settle the matter.

1. The Union must initiate the grievance procedure by completing and delivering a grievance form to the Vice President of Human Resources or designee within fourteen (14) days of the date upon which the Union first became aware, or reasonably should have first become aware, of the events or circumstances which gave rise to the grievance.

2. A meeting to resolve the grievance shall take place within fourteen (14) days after the filing of the grievance.

3. In this meeting the parties shall engage in a full and frank discussion of their respective positions including the supporting rationale for their positions. A representative from the Vice President of Human Resources or designee will respond in writing within fourteen (14) days of the meeting.

C. ~~Employers~~Employer Timeliness/Failure to Meet Grievance Timelines. If the ~~Employers~~Employer ~~do~~does not timely respond to a Union or an Employee grievance, the grievance shall automatically move to the next step.

D. ~~Employers~~Employer Grievances. ~~Employers~~Employer grievances shall be submitted at the Step 1 level in writing on the appropriate form directly to the Union's Field Representative. If requested, a Union Representative and a representative of the Human Resources Department shall meet in an effort to resolve the grievance within fourteen (14) days of the date of the written grievance. The Union shall provide an answer, in writing, within fourteen (14) days following the meeting, or within fourteen (14) days after the date of the ~~Employers~~Employer's grievance if no meeting is requested.

If the Union's Step 1 answer is not satisfactory, or if no answer is given within the specified time period, the matter shall be submitted to arbitration by written request of the ~~Employers~~Employer in accordance with the time limits set forth for a Union request for arbitration and subject to the provisions of Step 1 above and Section (G) (1) below.

E. Union Participation. A representative of the Union, designated by the Union, has the right to prompt notice from the ~~Employers~~Employer of any grievances filed by individual Employees. A Union Representative and/or Steward, designated by the Union, has the right to be present at any grievance meeting called for the purpose of discussing an Employee grievance.

F. Mediation By Mutual Agreement at All Facilities. Prior to arbitrating, the parties may submit any grievance to mediation by mutual agreement. However, such mediation shall not delay the arbitration.

G. Arbitration

1. Demand for Arbitration. If the grievance is not resolved in Step 1, either party may proceed by submitting a written request for arbitration to the other party (a) within fourteen (14) days after the due date of the Step 1 response or (b) within fourteen (14) days following the receipt of the Step 1 response. A Union request for arbitration will be sent to the Vice President of Human Resources or designee.

2. Selection of Arbitrator. The Parties will select an Arbitrator within seven (7) days of notice of intent to arbitrate. The parties will select an Arbitrator by alternately striking a name from the following list of Arbitrators:

Matthew Goldberg
Robert Hirsch
Barry Winograd
Andrea Knapp
Richard Kagen
John Kagel
Frank Silver

The order of striking will be determined by the winner of a coin toss.

3. Arbitration Hearing and Decision. The Arbitrator shall hear the submitted grievances as expeditiously as possible, and shall render a decision in writing within fourteen (14) days after the conclusion of the last hearing or submission of briefs, whichever is later.
4. Arbitration Fees and Costs. The fees and expenses of the Arbitrator, the cost of the hearing room, and the cost of the court reporter, if required by the Arbitrator, shall be shared jointly by the parties, except in the case of a postponement that results in the cancellation of an arbitration date. Each party will bear its own expenses of representation and presentation of its case, including witnesses, and including the cost of any transcript for the party's own use.
5. Arbitration postponements and cancellations. Either party has the right to one (1) postponement of a case. If the postponement results in a cancellation fee to the Arbitrator, the proposing party shall pay the Arbitrator's cancellation fee, unless a date is substituted at no additional cost.
6. Arbitrator's Authority. The Arbitrator shall have no power to add to, to subtract from or to change any of the terms or provisions of the Agreement. His or her jurisdiction shall extend solely to claims of violation of specific written provisions of the Agreement and involve only the interpretation and application of such Agreement. The award shall be based upon the joint submission agreement of the parties, or in the absence thereof, the questions raised by the parties in respect to the specific interpretation and application of the Agreement. Further, the Arbitrator's decision will be final and binding upon all parties concerned.
7. Processing Grievances in Good Faith. Consistent with the Preamble of this Agreement, the parties agree that it is in everyone's best interests to address grievances in a timely, professional and ethical manner. With respect to a particular complaint or grievance of an Employee concerning the interpretation or application of this Agreement the Field Representative of the Union or Shop Steward may inspect relevant material in the Employee's personnel file upon which the ~~Employers~~Employer are or will be relying. Such information will be provided in a timely manner. The Union may request other information it deems relevant to the processing of a grievance, and if the ~~Employers~~Employer are in agreement that the information is relevant, the Union will be provided with it. In the event of a disagreement on the appropriateness or relevance of any information requested, such disputes are not subject to the grievance procedure. This does not preclude either party from exercising its rights under any applicable Federal or California State laws.
8. Employee Participation. The ~~Employers~~Employer and the Union agree that Employees having direct knowledge of facts giving rise to a grievance should be free to participate on behalf of any party in all steps of the Grievance and Arbitration Procedure, and should be free from recriminations from either side for so doing.

ARTICLE 32: DISCIPLINE AND DISCHARGE

A. Just Cause

The ~~Employers~~Employer may only discipline or terminate any Employee for just cause.

B. Progressive Discipline

Unless circumstances warrant severe actions, the ~~Employers~~Employer will utilize a system of progressive discipline. Progressive steps shall include verbal counseling, and/or warnings, written counseling and/or warnings, disciplinary suspensions without pay, and termination of employment. Except where prohibited by law, if after a one (1) year period of time following the issuance of discipline, there has been no discipline of a similar nature the disciplinary notice will be removed from the Employee's record upon request from the Employee. Time spent on a leave of absence does not count toward the time frame to remove discipline from an Employees file.

C. Investigatory Suspension

No Employee shall be held in unpaid investigatory suspension or unpaid administrative leave status for more than seven (7) calendar days.

D. Written Disciplinary Action

A written warning is a document designated as such by the ~~Employers~~Employer. An Employee who receives a written warning shall be given a copy of the warning and shall sign a receipt to acknowledge having received the document. Acknowledging receipt of the warning shall not constitute an admission of the Employee's agreement with the substance of the warning. A Union grievance contesting a written warning shall be subject to the requirements of Article 31, Grievance and Arbitration.

E. Disciplinary Notices, Rebuttal, and Inspection of Personnel Files

1. There shall be one official personnel file for all bargaining unit Employees and ~~they~~it shall have the right to inspect and to be provided, on request, with one copy of any document in the Employee's personnel file.
2. Employees will receive copies of all disciplinary notice(s) placed in their personnel files and shall have the right to rebut in writing any disciplinary notice. Such rebuttals, other than grievances, shall be attached to the disciplinary notice and placed in the personnel file.
3. In any case where the ~~Employers~~Employer and the Union agree to revise personnel record materials, the ~~Employers~~Employer shall, upon request, provide evidence of the revision.

F. Weingarten Rights

The following holding of the United States Supreme Court in *NLRB v. Weingarten, Inc.*, shall apply to investigatory interviews conducted by the ~~Employers~~Employer when an Employee, upon his or her request, is entitled to have a Union Representative (Field Representative or Union Steward) present during an investigatory interview in which the Employee is required to participate where the Employee reasonably believes that such investigation will result in disciplinary action. The ~~Employers~~Employer will notify the Employee of their right to Union representation prior to any investigatory interview where the ~~Employers~~Employer reasonably believe that such investigation may result in disciplinary action. The right to the presence of a Union Representative (Field Representative or Union Steward) is conditioned upon a requirement that the Union Representative (Field Representative or Union Steward) be available for participation in such investigatory

interview within twenty-four (24) hours, excluding Saturday, Sunday, and holidays, of the Employee's request for his/her presence.

ARTICLE 33: FIELD REPRESENTATIVES' VISITS AND SHOP STEWARDS

A. Field Representatives' Visits

Duly authorized Union Field Representative shall be allowed access to visit the facility at all times to ensure compliance with this Agreement and to conduct Union business. This right shall be exercised reasonably so as not to interfere with the ~~Employers~~Employer's operations or the work of any Employee. The Union Field Representative shall advise the Vice President of Human Resources or his/her designee immediately, in person or by telephone, upon entering the campus of the departments and areas the representative will visit.

B. Union Shop Stewards/Representational Leaders

Union Stewards/Representational Leaders lead the representation work of the Union at the facility level. Both parties recognize the critical role of trained Union Stewards/Representational Leaders as the primary representatives of Employees in grievance, discipline and other matters.

1. The Union shall provide the ~~Employers~~Employer with a written list of Union Stewards after their designation, and shall notify the ~~Employers~~Employer of changes as they occur. The Union may designate one steward per facility as the Rep. Chair.
2. The functions of the Union Steward include the authority (1) to settle or assist in settling problems arising in connection with the application or interpretation of the Agreement, (2) to resolve grievances at Step 1 of the grievance procedure, and (3) to serve as a Union representative for Weingarten meetings.
3. Union Stewards will be released without loss of pay to attend grievance and Weingarten meetings scheduled during working hours. Investigation of grievances by such stewards shall normally be conducted during non-working hours. Otherwise, Union Stewards shall perform their functions or Union related activities on their own time. However, if a meeting is mutually agreed to with the Union Steward during the steward's work shift, that time will be paid for by the ~~Employers~~Employer. Upon notification to the manager, if the Union Steward wishes to schedule a meeting with an Employee during the steward's work shift, release time shall not be unreasonably denied.
4. Union Stewards shall not direct any Employee how to perform or not perform his/her work, shall not countermand the order of any Supervisor, and shall not interfere with the normal operations of the ~~Employers~~Employer or any other Employee.
5. The ~~Employers~~Employer's designated representative will meet with two Union Representatives (Field Representative and/or Union Stewards) and any affected Employee on any grievance or issue concerning this Agreement. If additional Employee(s) or Union Representatives have firsthand facts to present as a witness concerning the Union's grievance issue, however, then such additional person(s) also may attend, by prior mutual agreement with the ~~Employers~~Employer at the time the meeting is set.

REDACTED

6. Upon advance written request and subject to staffing and scheduling needs, the ~~Employers~~ Employer will provide up to [REDACTED] without pay per calendar year to a Union Steward for the purpose of participating in Union educational programs.

7. Upon proper advance notice, the ~~Employers~~ Employer shall continue to exercise good faith efforts to release duly recognized Shop Stewards to leave their normal work to attend the monthly Shop Steward meeting. No more than [REDACTED] of such release time per month will be allowed. Stewards not scheduled to work will not receive any pay for attendance at such meeting. The paid time spent at monthly steward meetings will not count towards overtime calculations. Within thirty (30) days of the ratification of the contract, the Union will provide to the ~~Employers~~ Employer a schedule of the Union Steward's Council's regularly scheduled meetings, for the next twelve (12) months (and will further submit a schedule on an annual basis for succeeding years of this Agreement). A maximum of one (1) steward for every twenty-five (25) bargaining unit Employees shall receive the release time, not to exceed eight (8) stewards at Saint-Louis, and ten (10) at O'Connor.

8. Shop Stewards will be permitted to leave their normal work to attend the monthly Shop Steward meeting. No more than [REDACTED] quarterly in the aggregate, of such paid time will be allowed. Stewards not scheduled to work will not receive any pay for attendance at such meetings. Time spent at monthly Shop Steward meetings will not be used to compute overtime. In departments with multiple Stewards and patient care needs, the Stewards will determine a rotation for attendance if warranted.

9. Time spent attending arbitration hearings by Shop Stewards, grievants and witnesses called by the Union shall be unpaid.

C. Union Healthcare Leaders: Shop Stewards

1. The Union will notify the hospital of bargaining unit Employees designated by the Union as Union healthcare leaders, i.e. Shop Stewards.

2. Within the workplace, the role of Union healthcare leaders/Shop Stewards shall be to (a) promote participation by Employees in health and wellness initiatives, and (b) promote Employee participation in practices designed to improve Employee health and quality healthcare measures, including but not limited to infection control practices within the hospital.

3. Effective January 1, 2016, the employer agrees to grant up to [REDACTED] of paid release time per quarter, for a maximum of three (3) healthcare leaders/Shop Stewards, to be scheduled by mutual agreement between the Union and the employer for the purpose of providing training to the Union healthcare leaders/Shop Stewards on relevant issues and practices. Such paid release time will not be counted as hours worked for purposes of calculating overtime.

4. Upon advance request by the Union healthcare leaders/Shop Stewards, and subject to the approval of the hospital through its appropriate supervisors, these Employees will be allowed time to address relevant and appropriate topics in such forums as (a) regular or special departmental meetings, (b) one-on-one meetings with individual Employees in their department or area, or (c) other meetings as may be mutually agreed. It is understood that any such activities which occur during working time will be scheduled in such a way that patient care and operations will not be

adversely affected, and with the approval of the Employee's supervisor. It is further agreed that any such participation shall be limited to the topics of promoting health objectives as outlined in subsection C.2 above, and shall not be used for other purposes unrelated to these goals.

D. Employee Representatives to Union Negotiation Committee

Upon proper advance notice, the ~~Employers~~Employer shall continue to exercise good faith efforts to release Employees appointed to the Union's Negotiating Committee, subject to staffing, scheduling and immediate patient care needs. A maximum of five (5) such Employees per facility who miss time worked from their regular work schedule due to attending negotiating sessions including caucuses shall be paid by the ~~Employers~~Employer for all hours missed from work up to the Employee's regular scheduled work hours. Additionally, they it shall suffer no loss of seniority, benefits or paid time off accruals, including extended sick leave. Such release time shall not be counted towards the computation of overtime or any premium pay.

ARTICLE 34: NO STRIKE/NO LOCKOUT

There shall be no strike, work stoppage or other interruption of work during the life of this Agreement by the Union or Employees. During the life of this Agreement there shall be no sympathy strikes by the Union. Furthermore, the Union will not threaten to engage in any activity prohibited by this Article. Similarly, there shall be no lockout by the Employer during the life of the Agreement. Informational picketing is not prohibited if the Union provides a timely 8(g) notice; its activity is limited to such picketing; and if the Union's 8(g) notice and other communications clearly say that its activity will be limited to such picketing.

ARTICLE 35: CHANGE OF OWNERSHIP, MERGERS, SALES, CLOSURES AND TRANSFERS

In the event of a merger, sale, closure, leasing assignment, divestiture, or other transfer of ownership and/or management of its operation in whole or in part, the ~~Employers~~Employer shall comply with the following. This article shall not apply to subcontracting or outsourcing of a department or service. In that event, Article 6 shall apply.

A. Notification

The ~~Employers~~Employer shall notify the Union in writing at least ninety (90) days prior to taking any action described in the preceding paragraph, except for hospital closure for which six (6) months advance notice is required.

B. Successor

This agreement shall be binding upon the Union and the ~~Employers~~Employer or any successor thereof whether the succession is by any of the means described above as it applies to the business of the ~~Employers~~Employer, in whole or in part, or to any change in management companies.

C. Conditions and Liabilities

1. All professional Employees, except physicians and registered nurses;
2. All technical Employees, except those already included in existing units;
3. All home health non-professional Employees;
4. All home health professional Employees;
5. All residual service and maintenance Employees; and
6. All Business Office clerical Employees.

Bargaining units pursuant to this provision will be on a single facility basis, and shall be as set forth in the National Labor Relations Board Health Care Rules.

At Saint Francis only:

Appropriate Unit Defined The parties agree that, except as provided herein, an appropriate unit is that which is defined by the National Labor Relations Board for healthcare providers. Appropriate bargaining units shall be as follows:

1. All professional Employees, except physicians and registered nurses;
2. All technical Employees, except those already included in existing units;
3. All home health non-professional Employees;
4. All home health professional Employees;
5. All residual service and maintenance Employees;
6. All Business Office clerical Employees;
7. All skilled maintenance Employees.

Bargaining units pursuant to this provision will be on a single facility basis, and shall be as set forth in the National Labor Relations Board Health Care Rules.

Determination of Majority Status/Election. Upon presentation of the percentage of Union authorization cards required by the NLRB to the NLRB from the Employees in an appropriate bargaining unit, as defined above, Employees in any of the appropriate bargaining units are entitled to petition for an election to be held by the NLRB in an expedient and timely manner.

The ~~Employers~~Employer and Union agree to the mutual goal of scheduling an election conducted by the NLRB within forty-five (45) days of the filing of the petition.

If, within three (3) weeks after filing the petition, the Board fails or is unable to schedule an election within forty-five (45) days, the parties shall meet and decide upon a third party to conduct and oversee the election process. The parties agree that the selection of the third party shall be from

among Charles Askin, Boren Cherkov, Dan Altemus or any other mutually agreed upon third party based on the availability to adhere to the timelines set forth herein. The election shall be held within forty-five (45) days after filing the petition. The election will be conducted in a mutually agreeable location and manner and shall follow generally accepted NLRB guidelines.

Within five (5) days after the election is directed by the Board or alternative third party, the Employer will provide the Union with a List of the names, addresses, and current telephone numbers of Employees in the appropriate unit the Union seeks to organize, subject to applicable laws.

Section 4 — Code of Conduct

1. Employees shall be entitled to make a decision regarding Union representation free from coercion, intimidation, promises, or threats.
2. The ~~Employers~~ Employer and the Union agree that ~~they~~ it will communicate only that which ~~they~~ it believe to be factual and will do so in a way that does not personally attack officers, executives, representatives, Employees, or sponsors of either the Employer or the Union.
3. The ~~Employers~~ Employer will not inform or imply to eligible voters that ~~they~~ it will lose benefits, wages, or be subject to less favorable working conditions by unionizing.
4. The ~~Employers~~ Employer agree that their authorized communication with Employees regarding Unionization shall take place in group meetings and that ~~they~~ it shall not initiate one-on-one conversations with Employees about Union representation. Employee participation in Employer initiated group meetings for the purpose of discussing unionization shall be voluntary.
5. During the period following provisions of notice of "Intent to Organize" as described above, the parties will meet periodically to regulate adherence to the Code of Conduct.

Section 5 — Dispute Resolution

Regardless of who conducts the election, the parties agree that ~~they~~ it will use the rules and procedures approved by the National Labor Relations Board to ensure that a fair and representative election occurs in an appropriate bargaining unit as defined above among properly eligible Employees, and that if the NLRB processes are utilized, that ~~they~~ it will not abuse such processes for purposes of delay or any other improper purposes.

The parties agree that, upon filing of the petition with the Board, the Union and the Employer will meet promptly and will exert their best efforts to identify and resolve issues concerning Supervisors, managerial Employees, and confidential Employees before a hearing is scheduled before the Board

or third party. Should any disagreements arise that cannot be resolved between the parties, any such Employee whose eligibility is in dispute at the time of the election shall be allowed to vote by challenge ballot. The NLRB or third party (whichever conducts the election or is chosen by the parties) shall have the authority to fully resolve any such disputes with respect to the inclusion or exclusion of any classification in the unit and the eligibility of any Employee to vote. When so utilized, both parties agree to accept and be bound by all of the decisions of the third party or NLRB.

TO DEFENDANTS AND THEIR ATTORNEYS OF RECORD:

PLEASE TAKE NOTICE THAT on a date and time to be set upon assignment of this matter to a District Judge, plaintiffs in the above-captioned action (collectively, “Plaintiffs”), will, and hereby do, move this Court for an order immediately withdrawing, for all purposes, the reference of this action to the United States Bankruptcy Court for the Central District of California in which the Chapter 11 bankruptcy case of the Verity Health Systems of California, Inc., et. al. is pending (the “Motion”).

This Motion is made pursuant to 28 U.S.C. § 157(d), and other applicable law on the grounds that:

(1) this action involves federal claims for relief under the WARN Act, 29 USC § 2101, et. seq., the resolution of which requires consideration of laws of the United States regulating organizations or activities affecting interstate commerce, for which withdrawal of the reference is mandatory and which must be tried in the District Court pursuant to 28 U.S.C. § 157(d); and

(2) to the extent not mandatory, permissive withdrawal of the reference is appropriate given the “non-core” nature of this proceeding, the presence of common law state claims, Plaintiff’s asserted right to a jury trial, and to advance the interests of judicial economy and efficiency.

PLEASE TAKE FURTHER NOTICE that this Motion is based on this notice of Motion and Motion, the accompanying memorandum of points and authorities, the complaint and record in the adversary proceeding and the pending chapter 11 bankruptcy case of Verity Health Systems of California, et. al. (“Verity”), all matters that are subject of judicial notice, and any other or further argument and evidence that may be presented to the Court before or any hearing on this Motion.

1 **PLEASE TAKE FURTHER NOTICE** that CNA will serve this Notice
2 of Motion and Motion on the parties set forth in the Proof of Service attached
3 hereto. A response to this Motion must be filed in accordance with Local Rule 7-9.

4 **PLEASE TAKE FURTHER NOTICE** that, in the event that the Court
5 sets a hearing on the Motion, CNA shall provide notice of entry of the order setting
6 the hearing as directed by the Court.

7 **PLEASE TAKE FURTHER NOTICE** that this Motion is made
8 following good faith efforts at conference of counsel pursuant to Local Rule 7-3
9 which occurred between February 28 and March 18, 2020.

I. INTRODUCTION

Plaintiff California Nurses Association (“CNA”) filed an Adversary Proceeding Complaint in the Central District of California Bankruptcy Court against several Institutional Defendants that are Debtors in the related bankruptcy case, and two Individual Defendants who are not. CNA sues based on the Institutional Defendants’ failure to comply with California and Federal Worker Adjustment and Retraining Notification (“WARN”) Acts when they permanently closed St. Vincent Medical Center in Los Angeles (the “Hospital” or “St. Vincent”) without providing 60 days’ advance notice to CNA and the St. Vincent nurses. Relatedly, CNA also sues all Defendants for fraudulent concealment and negligent misrepresentation based on their representations about the probability that the Hospital would close.

CNA now respectfully moves this Court to withdraw the reference pursuant to 28 U.S.C. § 157(d) on the bases that both mandatory and permissive withdrawal are warranted. While CNA moves to withdraw the reference for all of its claims, for the sake of clarity, it does not move to withdraw the reference for its requested relief that any recovery in this case be granted administrative claim priority. This determination is within the purview of the bankruptcy court and a secondary issue of this case in any event.

Withdrawal of the reference is mandatory because this case presents three substantial and material questions of a non-bankruptcy federal law, namely the federal WARN Act. First, adjudication requires resolution of the novel question of whether a notice is legally ineffective for all WARN Act purposes where it forecasts sale and continued operation of the business, as well as continued employment long after Defendants’ knew such an outcome was unlikely. Second, adjudication requires resolution of the novel question regarding whether Defendants’ WARN Act Notice obligations were triggered as soon as Defendants’ first realized that sale of the Hospital was becoming increasingly unlikely and that

1 they intended to shut down the Hospital in the event the sale fell through. Third,
2 this case requires close consideration of complex issues of joint and several
3 liability between multiple entities, including entities that are not in a direct parent-
4 subsidiary relationship.

5 In the alternative, permissive withdrawal is warranted. CNA's Complaint
6 presents non-core claims that are not created by bankruptcy law, could exist
7 outside bankruptcy court, and would exist based on Defendants' misconduct even
8 if no Defendant had filed for bankruptcy. Furthermore, three out of four of the
9 causes of action presented are state law claims. All four claims carry a right to a
10 jury trial. And CNA does not consent to final adjudication by the Bankruptcy
11 Court. Accordingly, efficiency will be promoted by having this matter adjudicated
12 by the District Court in the first instance to avoid probable duplication of judicial
13 management and consideration. Avoidance of duplicate attorney work before two
14 courts also supports withdrawal. Moreover, because CNA's Complaint does not
15 involve any bankruptcy questions, withdrawal does not implicate the uniform
16 administration of that area of the law. Nor is forum shopping implicated, as this
17 matter is yet in its infancy. Accordingly, even if the District Court finds that
18 withdrawal is not mandatory, permissive withdrawal is still warranted for good
19 cause shown.

20 II. FACTS

21 On March 5, 2020, CNA filed the Complaint underlying this motion as an
22 Adversary Proceeding in Bankruptcy Court against the entities Verity Health
23 Systems, Inc. ("Verity"), Verity Holdings, DePaul Ventures, St. Vincent Medical
24 Center, St. Vincent Dialysis Center, St. Francis Medical Center, Seton Medical
25 Center; and against the individuals Richard Adcock and Steven Sharrer.
26 Complaint at ¶¶ 8-21, 2:20-ap-01051-ER, Doc. 1. A copy of this Complaint is
27 attached to this pleading as Exhibit 1.

28 CNA is a labor union that represents hundreds of registered nurses who

1 worked at St. Vincent until Defendants permanently shut it down in January 2020.
2 Complaint at ¶ 7. CNA brings its Complaint on its own behalf, and in a
3 representative capacity, on behalf of the St. Vincent registered nurses. *Id.*

4 As most relevant to this Motion, CNA’s Complaint alleges that:

5 The Institutional Defendants in this matter are several hospitals, their parent
6 company, and related entities — all of which share common ownership, financial
7 control, management, directors, officers, operational control, and labor relations.
8 Complaint at ¶¶ 8-21, 60-82. In August 2018, the Institutional Defendants in this
9 matter filed for Chapter 11 relief. *Id.* at ¶ 23.

10 In about May 2019, Defendants entered an agreement to sell several
11 hospitals, including St. Vincent, to Strategic Global Management (“SGM”).
12 Complaint at ¶ 24. As part of that Agreement, public through the bankruptcy and
13 emphasized by Defendants, SGM agreed to hire “substantially all” the St. Vincent
14 employees. *Id.* at ¶ 25. Beginning in July 2019, CNA negotiated a new Collective
15 Bargaining Agreement with Defendants and SGM on behalf of the St. Vincent
16 nurses that would take effect once SGM took ownership of the Hospital. *Id.* at ¶¶
17 24-27.

18 In August 2019, Defendants sent the St. Vincent nurses a “Notice Pursuant
19 to Worker Adjustment and Retraining Notification Act and the California WARN
20 Act.” *Id.* at ¶ 28. It stated that while the sale of the Hospital to SGM was still
21 subject to certain contingencies, Defendants were optimistic that the sale would
22 close and SGM had agreed to employ substantially all the St. Vincent employees.
23 *Id.* at ¶¶ 29-30. During this same period, Defendants acknowledged to the
24 Bankruptcy Court, but did not share with employees, that if the sale did not close,
25 Defendants would likely shut down the St. Vincent. *Id.* at ¶ 31.

26 In September 2019, CNA, Defendants and SGM reached a new Collective
27 Bargaining Agreement that would govern the St. Vincent nurses’ terms and
28 conditions of employment once SGM became the owner. Complaint at ¶ 32.

1 In October 2019, Defendants sent the St. Vincent nurses a WARN Act
2 extension notice that stated:

3
4 Verity Health System of California, Inc. and certain affiliates
5 entered into a Court approved agreement (“Agreement”) to sell
6 substantially all of the assets of [the hospitals, including St.
7 Vincent,] to Strategic Global Management, Inc. * * * The
8 Agreement requires satisfaction of certain milestones to
9 complete the Sale. Not all of the milestones have been met.
10 Consequently, the separations of employment must be
11 postponed and will not occur at the time originally anticipated.
At this time, we anticipate the Sale and separations of
employment will occur between November 17, 2019 and
November 30, 2019.”

12 Complaint at ¶ 33.

13 Nothing in the October Warn Notice indicated uncertainty about whether the
14 sale would close, only when. Because the October WARN Notice stated that the
15 Defendants anticipated close of the sale and because Defendants had previously
16 represented that SGM would continue to employ substantially all the nurses, this
17 Notice effectively communicated to CNA and the St. Vincent nurses that
18 substantially all the nurses’ employment would continue. Complaint at ¶ 34.

19 From about November 13-26, 2019, Defendants bargained with CNA over
20 severance for the St. Vincent nurses who would not be hired by SGM. Complaint
21 at ¶ 35. In this process, Defendants identified around nine nurses whose
22 employment it expected would not be continued. *Id.* Defendants communicated to
23 CNA that SGM would hire all the other St. Vincent nurses. *Id.* At no time during
24 this bargaining did Defendants express doubt or concern over whether SGM would
25 consummate the sale. *Id.* Based Defendants’ representations, CNA and the nurses
26 believed that the requirement that SGM hire “substantially all” the St. Vincent
27 employees meant that all but nine of the St. Vincent nurses would have continued
28 employment once the SGM sale closed and that those nine nurses would receive

1 severance pay. *Id.*

2 Also in November 2019, and before Defendants concluded severance
3 negotiations with CNA: Defendants learned that SGM could not obtain sufficient
4 financing to close the sale. Complaint at ¶ 35. SGM notified Defendants that it
5 believed issues of “Material Adverse Effect” prevented SGM from closing. *Id.* at ¶
6 39. And Defendants filed a “Plan B” motion under seal with the Bankruptcy Court
7 to ensure that employees did not learn that Defendants planned to permanently shut
8 down the Hospital if the sale to SGM fell through. *Id.* at ¶ 40. But Defendants did
9 not disclose these facts to CNA or the St. Vincent nurses.

10 Instead, on about November 25, 2019, Mr. Steven Sharrer, Verity’s Chief
11 Human Resources Officer, sent a WARN Act extension notice to CNA stating that
12 it anticipated the sale of St. Vincent to SGM would close between December 6,
13 2019 and December 19, 2019. *Id.* at ¶ 41. It also stated that the Defendants were
14 continuing “to work expeditiously for a prompt close of the sale with SGM.” *Id.*
15 And Defendants advised that in support of their efforts to promptly close the sale,
16 they had obtained a court order regarding the Attorney General conditions and
17 reached settlement with the U.S. Department of Health and Human Services, two
18 crucial matters that had to be resolved for sale closing. *Id.*

19 Because Defendants had already represented to CNA that SGM would
20 continue to employ substantially all the nurses, Defendants’ November WARN
21 Notice amounted to false assurance that the nurses would likely keep their jobs
22 because of the impending sale, when in fact Defendants already knew that the sale
23 was unlikely to close. Because of Defendants’ repeated assurances, St. Vincent
24 nurses did not seek other employment when they otherwise would have, and CNA
25 wasted time and money on bargaining strategies that it otherwise would not have
26 pursued. Complaint at ¶ 44.

27 On December 5, 2019, SGM failed to close the sale of St. Vincent Medical
28 Center by the deadline imposed by the bankruptcy court. Complaint at ¶ 47. By

1 December 16, 2019, Defendants were meeting with professional consultants to
2 plan the permanent closure of St. Vincent Medical Center. *Id.* at ¶ 48.

3 On December 18, 2019, Defendants emailed the St. Vincent nurses that the
4 sale of the Hospital to SGM did not close and so their employment with Verity
5 would “NOT end on December 19, 2019” as previously anticipated. Complaint at
6 ¶ 50. Defendants did not disclose that they had begun the process of permanently
7 closing St. Vincent because the sale had fallen through or that all the St. Vincent
8 nurses would lose their jobs as a result. *Id.* Instead, the notice merely stated that
9 Verity would advise them of “any further developments relating to [their]
10 employment.” *Id.* Nurses relied on Defendants’ December 18 assurance that their
11 employment with Verity would “NOT end,” and because of it, did not seek other
12 employment. Complaint at ¶ at 51.

13 By December 19, 2019, at the latest, Defendants’ counsel began researching
14 whether they could shoe-horn the closure of St. Vincent, still undisclosed to the
15 workforce, into an exception to the WARN Acts to avoid penalties for their failure
16 to timely disclose the planned shutdown. Complaint at ¶ 52.

17 On January 6, 2020, Defendants filed an emergency motion with the
18 Bankruptcy Court to shut down St. Vincent Medical Center. Complaint at ¶ 54.
19 The Motion expressed concern that once the fact that of an eminent shutdown was
20 public, turnover of nursing staff would be “likely to accelerate, making
21 maintenance of high-quality patient care more difficult, and, to the extent that
22 temporary nursing replacements are required, significantly more expensive.” *Id.*
23 On January 8, 2020, the Bankruptcy Court granted Defendants’ emergency motion
24 to shutdown St. Vincent. *Id.* at ¶ 55. On January 9, 2020, Defendants permanently
25 shut down St. Vincent’s emergency department. *Id.* at ¶ 56.

26 But it was not until January 13, 2020, that Defendants emailed CNA a new
27 WARN notice (dated January 10, 2020) that finally disclosed that Defendants were
28 shutting down St. Vincent Medical Center and all the nurses’ employment would

1 end between January 14, 2019 and January 27, 2020. Complaint at ¶ 57.
2 Defendants then shutdown the Hospital as announced in the January 2020 Notice,
3 and all the St. Vincent nurses lost their jobs with little to no notice or time to
4 secure alternative employment.

5 The lawsuit underlying this Motion followed.

6 **III. ARGUMENT**

7 **A. Withdrawal of the Reference Is Mandatory.**

8 All complaints related to a case under Title 11 are, as a general matter,
9 referred to the bankruptcy court. C.D. Cal. General Order 266. But withdrawal of
10 that reference is mandatory where resolution of the matter requires “consideration
11 of both title 11 and other laws of the United States regulating organization or
12 activities affecting commerce.” 28 U.S.C. § 157(d).

13 Courts have consistently found that the statutory mandatory withdrawal
14 requirements are met when the legal issues involve the substantial and material
15 consideration of non-bankruptcy federal law. *Security Farms v. Int’l Bhd. Of*
16 *Teamsters*, 124 F.3d 999, 1008 (9th Cir. 1997). “The issues in question must
17 require more than the mere application well-settled or hornbook non-bankruptcy
18 law; significant interpretation of the non-[Bankruptcy] Code statute must be
19 required.” *United Nat’l Ins. Co. v. Vicars Ins. Agency (In re Vicars Ins. Agency)*,
20 96 F.3d 949, 953 (7th Cir. 1996) (quotation marks and citation omitted). But the
21 legal questions involved need not be of “cosmic proportions.” *Id.* at 954.

22 Instead a federal issue is “substantial and material” if it requires something
23 more than the “routine application” of the non-bankruptcy federal laws. *Shugrne v.*
24 *Air Line Pilot’s Ass’n. Int’l. (In re Ionosphere Clubs Inc.)*, 922 F.2d 984, 995 (2d
25 Cir. 1990). “Under this standard, withdrawal is required where there is a question
26 of first impression.” *County of L.A. Tax Collector v. Bank of Am.*, 2:10-cv-03536-
27 SVW, *9 (C.D. Cal. June 29, 2010) (collecting cases establishing this rule).
28 “Withdrawal is also required if there is meaningful analysis and consideration of a

1 non-bankruptcy federal commerce law, even in the absence of a question of first
2 impression.” *Id.* (collecting cases establishing this rule). The reason being,
3 “Congress intended for difficult questions of non-bankruptcy federal law must be
4 addressed by Article III courts rather than Bankruptcy Courts.” *Id.* (citing *Northern*
5 *Pipeline Construction Co. v. Marathon Pipeline Co.*, 458 U.S. 50 (1982); Alan N.
6 Resnick & Henry J. Sommer, eds., 1 *Collier on Bankruptcy* ¶ 3.04[2] (16th ed.
7 2010 supp.)).

8 CNA’s Federal WARN Act claim alleges that CNA and the St. Vincent
9 nurses were not provided with 60-days’ advance notice of the Hospital closure as
10 required by 29 U.S.C. § 2102. Because of the unusual of facts of this case this
11 claim present several substantial and material questions of non-bankruptcy federal
12 law, as detailed below. Moreover, federal labor laws of which the WARN Act is
13 included are precisely the type of laws governing interstate commerce that
14 Congress envisioned when it enacted Section 1157(d). *In re White Motor Corp.*,
15 42 B.R. 693, 700 (N.D. Ohio 1984) (approvingly citing to Representative Kramer’s
16 colloquy during consideration of the final version of Section 1157(d), in which he
17 explained that the phrase “activities affecting interstate commerce” refers to related
18 cases which require consideration of the ‘National Labor Relations Act, civil rights
19 laws, the Securities and Exchange Act of 1934 and similar laws’). Accordingly,
20 withdrawal of the reference is in this case mandatory. *See, e.g., Sec. Investor Prot.*
21 *Corp. v. Bernard L. Madoff Inv. Sec. LLC*, 454 B.R. 307, *9 (S.D.N.Y. 2011)
22 (“[I]n determining whether withdrawal of the refence is mandatory, this Court need
23 not evaluate the merits of the parties’ claims; rather, it is sufficient for the court to
24 determine that the proceeding will involve consideration of federal non-bankruptcy
25 law.”)

1 **1. Legal Sufficiency of Institutional Defendants’ WARN Act**
2 **Notices**

3 While bankruptcy courts occasionally adjudicate WARN Act cases,
4 mandatory withdrawal is required in this case because CNA’s Federal WARN Act
5 claim is not the routine “cookie-cutter” case in which the employer provides no
6 notice whatsoever to the union or employees at issue. In those cases, a bankruptcy
7 court judge simply applies the statute to the facts at hand. *See In re Dana Corp.*,
8 379 B.R. 449, 458 (S.D.N.Y. 2002) (granting motion to withdraw reference
9 because while the “bankruptcy court is certainly competent to address CERCLA
10 issues, and although bankruptcy courts have done so in the past, I am not
11 convinced that resolution of the disputed issues [would require straightforward
12 application of established law]”).

13 On the contrary, this case will require significant interpretation of the
14 WARN Act to determine if Institutional Defendants’ issuance of prior notices
15 indicating that SGM would purchase St. Vincent and hire substantially all of the
16 employees amounted to any form of WARN Act compliance. *In re St. Mary*
17 *Hosp.*, 115 B.R. 495, 498 (E.D. Pa. 1990) (“When a bankruptcy court must engage
18 in a complex search for the appropriate interpretation of a non-bankruptcy federal
19 statute involving an issue of first impression section 157(d) withdrawal is
20 required.”) This case will also require a judge to decide if Institutional
21 Defendants’ January 2020 WARN Act Notice appropriately amended their prior
22 notices to inform employees that they would in fact all lose their jobs when these
23 prior notices led workers to expect continued employment, information
24 Defendants’ knew was misleading at the time.

25 Furthermore, since Institutional Defendants’ January 2020 WARN Notice
26 relied on the “unforeseeable business circumstances” exception this case will
27 require interpretation of how this defense applies under these unique
28 circumstances. Complaint at Ex.5. *In re Dana Corp.*, 379 B.R. at 461 (finding
 that determination of which circumstances qualify for the “act of God” defense

1 under CERCLA would require the bankruptcy court to “materially” consider the
2 statute and so mandatory withdrawal was appropriate). Additionally, a court will
3 need to determine if the exception even applies given Defendants’ inclusion of
4 incomplete and inaccurate information in the prior notices, done to prevent
5 employees from finding alternative work until their departure was convenient for
6 Defendants. Furthermore, a court will need to determine if the failure of SGM to
7 close the sale amounted to an unforeseeable business circumstance based on
8 SGM’s recalcitrance from early on in the sale process.

9 Moreover, given that this defense only exists under the Federal WARN Act
10 (*see* 29 U.S.C. § 2102(b)(2)(A)) and not the state WARN Act counterpart (Cal.
11 Labor Code § 1400, *et. seq.*), a court will need to examine this federal and state
12 law conflict determine if this exception applies to a California hospital operating in
13 bankruptcy such as St. Vincent. Accordingly, this case is only appropriate for an
14 Article III judge to adjudicate since no clear authority on these questions of law
15 exist which would provide an “easy conclusion.” *County of L.A. Tax Collector v.*
16 *Bank of Am.*, 2:10-cv-03535-SVW, *18 (C.D. Cal 2010).

17 **2. Legal Issues Regarding Timing of Amendments to Prior** 18 **WARN Notices**

19 Assuming *arguendo* that not all of Defendants’ WARN Act notices were
20 misleading and could have been amended to state that the hospital would likely
21 close, the question still exists of when such amendments were required in order to
22 reduce Defendants’ exposure. Some courts outside of this Circuit have held that
23 notice is required as soon as a plant closing is foreseeable. *See, e.g., Local 1239*
24 *Int’l Bhd. Of Boilermakers v. Allsteel, Inc.*, 1996 Dist. Lexis 4829 (N.D. Ill. 1996)
25 (finding that “interested parties [must] be notified of plant-closings when they
26 become foreseeable, not when they are absolute certainties”). However, based on
27 the timing and language of their January 13, 2020 WARN notice, Institutional
28 Defendants will likely argue that such amendments were not required until the

1 bankruptcy judge granted their emergency motion to close St. Vincent on January
2 9, 2020. Complaint at Ex. 5 (noting that the “additional notice [was provided] as
3 soon as practicable” following the bankruptcy court’s order). Thus, because to
4 Plaintiff’s knowledge no controlling authority exists, the judge deciding this case
5 must significantly engage with the WARN Act to decide an issue of first
6 impression in this Circuit, further militating in favor of mandatory withdrawal.

7 **3. Joint and Several Liability Among Multiple Related Entities**

8 Mandatory withdrawal is also triggered in this case by complex issues of
9 joint and several liability. Where employers’ operations are sufficiently
10 intertwined, various entities may be found to be a single employer, jointly and
11 severally liable to their employees, even though the businesses attempted to avoid
12 that organization. This is commonly referred to as single employer or integrated
13 enterprise. And CNA alleges that the Institutional Defendants in this case should
14 be held liable in this way.

15 Courts generally determine whether distinct businesses amount to a single
16 employer by considering (i) common ownership, (ii) common directors and/or
17 officers, (iii) de facto exercise of control, (iv) unity of personnel policies
18 emanating from a common source, and (v) the dependency of operations. *Int’l*
19 *Bhd. of Teamsters v. American Delivery Serv. Co.*, 50 F.3d 770, 776 (9th Cir.
20 1995). In WARN Act cases, the courts also consider the Department of Labor
21 regulations and state corporate law. *Local 397 v. Midwest Fasteners, Inc.*, 779 F.
22 Supp. 788 (D. N.J. 1992); *Wholesale & Retail Food Distribution Local 63 v. Santa*
23 *Fe Terminal Servs.*, 826 F. Supp. 326, 334 (C.D. Cal. 1993). CNA has alleged
24 facts establishing that in this case, all the single employer and DOL factors weigh
25 in favor of treating the Institutional Defendants as a single employer. ¶ 8-21, 60-
26 82.

27 And analyzing these issues results is a particularly complex and legal and
28 fact-based inquiry. *Cf. In re Dana Corp*, 379 B.R. 449, 457-58 (S.D.N.Y. 2007)

(finding that mandatory withdrawal of CERCLA claims appropriate because determining joint and several liability would require substantial material consideration, both factual and legal, of issues outside the realm of expertise of the bankruptcy court). That is especially true where, as here, Plaintiff seeks to establish joint and several liability between entities that do not share a direct parent-subsidary relationship. *See Rogers v. Sugar Tree Prods.*, 7 F.3d 577, 582-583 (7th Cir. 1993) (“The single employer doctrine is not limited to parent-subsidary relationships, but the issue becomes more difficult when considering whether two separate corporations owned by a single entity should be considered a single employer.”). Accordingly, mandatory withdrawal is also warranted in this case because of the complexity of the issue of joint and several liability.

B. Cause Exists for Permissive Withdrawal of the Reference.

Permissive withdrawal of the reference is also appropriate in this case for “cause shown.” *See* 28 U.S.C. § 157(d) (in relevant part, specifying that district courts may grant permissive withdrawal for cause shown). In deciding whether to grant permissive withdrawal, courts consider whether the underlying claims are core or non-core as one factor in a multi-factor balancing test. Courts also consider efficient use of judicial resources, delay and costs to the parties, uniformity of bankruptcy administration, prevention of forum shopping, and other related factors. *E.g., Security Farms v. Int’l Bhd. of Teamsters*, 124 F.3d 999, 1009-10 (9th Cir. 1997) (discussing factors that inform whether to grant permissive withdrawal). Here permissive withdrawal is strongly supported both by the reasons discussed above and by the general permissive withdrawal factors.

1. Plaintiff’s Complaint Arises Entirely Outside of the Bankruptcy Statute and so Consists of Non-Core Claims.

It is well settled that “[t]he applicable test for what constitutes a non-core matter is whether the right invoked is not one created by federal bankruptcy law and is one which could exist outside the bankruptcy court. If the answer to

1 each of these questions is yes, then the claim is designated as non-core.” *Oakview*
2 *Terrace v. Owens Fin. Group (In re Oakview Terrace)*, 1994 U.S. Dist. LEXIS
3 825, *6 (N.D. Cal. Jan. 25, 1994) (citing *In re Eastport Assoc.*, 935 F.2d 1071,
4 1076-77 (9th Cir. 1991)). Stated in the reverse, “[a] cause of action is core and
5 ‘aris[es] under’ the Bankruptcy Code if it is ‘created or determined by a statutory
6 provision of title 11,’ while ‘arising in’ refers to proceedings that are ‘not based on
7 any right expressly created by title 11, but nevertheless, would have no existence
8 outside of the bankruptcy.’” *In re Fraser's Boiler Serv.*, 2019 U.S. Dist. LEXIS
9 37840, *10 (W.D. Wash. Mar. 8, 2019).

10 Here, all of CNA’s claims are completely independent of bankruptcy law.
11 And all these claims could have been brought in the absence of any bankruptcy.
12 Three of the four causes of action are based entirely on state law: California
13 WARN Act, fraud, and negligence. These are quintessential non-core claims. *E.g.*
14 *Henderson v. Bank of Am. N.A. (In re Simmons)*, 510 B.R. 76, 87 n.18 (Bankr. S.D.
15 Miss. 2014) (“[I]f a claim is based on state law and the claim could arise outside of
16 the context of a bankruptcy proceeding, then it is not a core proceeding.”) (quoting
17 *Sago v. Wal-Mart Stores, Inc.*, 280 F. Supp. 2d 578, 587 (S.D. Mass 2003)).
18 CNA’s Federal WARN Act claims are likewise the type of civil proceeding that
19 could have been brought in state or district court in the absence of a related
20 bankruptcy matter. For that reason, the Federal WARN Act cause of action is also
21 a non-core proceeding. *E.g.*, *In re Colorado Energy Supply*, 728 F.2d 1283, 1286
22 (10th Cir. 1984) (“Related proceedings are those civil proceedings that, in the
23 absence of a petition in bankruptcy, could have been brought in a district court or
24 state court.”); *Johnson v. First NLC Fin. Servs., LLC (In re First NLC Fin. Servs.,*
25 *LLC)*, 410 B.R. 726, 731 (Bankr. S.D. Fla. 2008) (assessing motion to dismiss of
26 non-debtor alleged to be single employer and finding that WARN Act claims
27 against the non-debtor were related to bankruptcy but were “not a core proceeding”
28 because the claims “did not involve a bankruptcy right” and are claims “typically

brought outside of bankruptcy court”).

The only reason that CNA filed its Complaint in bankruptcy court is because it is “related to” the Institutional Defendants’ bankruptcy case since any recovery from this lawsuit may impact the administration of the bankruptcy estate. Thus, it is referred under C.D. Cal. General Order 266. *Green v. FDIC (In re Tamalpais Bancorp)*, 451 B.R. 6, 11 (N.D. Cal. 2011). However, “the mere fact that the proceeding may ultimately affect the size of the estate does not mandate that the proceeding is a core proceeding.” *Air Line Pilots Ass’n Int’l v. Pension Ben. Guar. Corp. (In re United Air Lines, Inc.)*, 337 B.R. 904, 910 (N.D. Ill. 2006) (collecting examples of cases in which size of estate was impacted by non-core claims); *In re Tamalpais Bancorp*, 451 B.R. at 10 (A case having a “profound impact on the bankruptcy proceedings” is not enough to transform a claim “that could have been brought even if the Debtor had never filed for bankruptcy” into a core claim.). Instead, the bottom-line is that if, as here, “the proceeding does not invoke a substantive right created by the federal bankruptcy law and is one that could exist outside of bankruptcy, it is not a core proceeding” even if “it may be *related* to the bankruptcy because of its potential effect[.]” *Wisdom v. Gugino (In re Wisdom)*, 2015 Bankr. LEXIS 1532, at *8 (Bankr. D. Idaho May 5, 2015) (quoting *Eastport Assocs. v. City of Los Angeles (In re Eastport Assocs.)*, 935 F.2d 1071, 1076 (9th Cir. 1991)).

Because none of the causes of action in CNA’s complaint invoke or depend on rights created by bankruptcy law, and because all these claims could be brought even if none of the Defendants were involved in a bankruptcy, CNA’s claims are all non-core. This factor thus weighs in favor of permissive withdrawal.

1 **2. Permissive Withdrawal Would Support the Efficient Use of**
2 **Judicial Resources.**

3 The efficient use of judicial resources likewise supports withdrawal of the
4 reference for CNA's Complaint. First, CNA filed this Complaint as an adversary
5 proceeding on March 5, 2020 — just two weeks before filing this motion to
6 withdraw the reference. And Defendants have yet to answer it. Accordingly, the
7 Bankruptcy Court has yet to expend any meaningful judicial resources on this
8 matter.

9 Second, as an Article I court, a bankruptcy court cannot enter final judgment
10 on common-law and state law claims. *Stern v. Marshall*, 564 U.S. 462, 465(2011);
11 *Blixseth v. Brown*, 470 B.R. 562, 570 (D. Mont. 2012). Specifically, the *Stern*
12 Court ruled that an Article I court cannot exercise “the most prototypical exercise
13 of judicial power: the entry of a final binding judgment *by a court* with broad
14 substantive jurisdiction, on a common law cause of action, when the action neither
15 derives from nor depends upon any agency regulatory regime.” *Stern*, 564 U.S. at
16 494 (emphasis in original). Thus, the bankruptcy court may not enter final
17 judgments on dispositive motions for CNA's claims for fraudulent concealment
18 and negligent representation which are the type of common-law state claims
19 encompassed by the *Stern* Court ruling. Accordingly, the District Court will
20 ultimately have to consider these issues *de novo*, even if the Bankruptcy Court has
21 already issued a recommendation. *See, e.g., Verity Health System of California v.*
22 *Chaudhuri*, 2:20-cv-00613-DSF, Dkt. No. 23 (C.D. Cal. March 5, 2020). For this
23 reason, it would be more efficient to have the District Court manage this matter in
24 the first instance. *Id.*

25 Third, Plaintiff has a right to a jury trial on all four causes of action, has
26 demanded a jury trial, and does not consent to having the matter instead heard by
27 the Bankruptcy Court. *See Granfinanciera, S.A. v. Nordberg*, 109 S. Ct. 2782
28 (1989) (holding that state law claims which “include legal as opposed to strictly
 equitable elements” and which seek monetary relief “are entitled to a jury trial,

1 under the Seventh Amendment”); *Carlberg v. Guam Indus. Servs.*, 2017 U.S. Dist.
2 LEXIS 164619, *7-9 (D. Guam 2017) (explaining that there is a right to jury trial
3 for WARN Act claims); Cal. Code Civ. Pro § 592 (right to jury trial in negligence
4 claims). Furthermore, under 28 U.S.C. § 157(e), a bankruptcy court may only
5 conduct a jury trial with the consent of all parties. CNA does not consent to any
6 jury trial before the Bankruptcy Court. This further militates in favor of
7 permissive withdrawal. *E.g.*, *Gumport v. Growth Fin. Corp. (In re Transcon*
8 *Lines)*, 121 B.R. 837, 838 (C.D.Cal. 1990) (explaining that defendant’s right to
9 jury trial before district court weighed in favor of withdrawal in the interest of
10 efficient use of judicial resources).

11 Ultimately, because the bankruptcy court has yet to consider these issues and
12 cannot issue a final decision, and because Plaintiff has a right to a jury trial before
13 an Article III judge, consideration of judicial efficiency weighs in favor of
14 withdrawal. This is especially true because, as outlined in the above section on
15 mandatory withdrawal, this case presents a novel issue of interpretation based on
16 the purpose of the WARN Act, and while the district courts routinely tackle legal
17 issues of first impression in many areas of the law, bankruptcy courts do not. For
18 this reason too, it would be more efficient for the District Court to handle this
19 matter in the first instance.

20 **3. Withdrawal of the Reference Would Not Increase Delay or** 21 **Costs to the Parties.**

22 Consideration of potential delay and costs to the Parties likewise supports
23 withdrawal. As of the date of this Motion, Defendants’ deadline to respond to the
24 Complaint has not yet passed and none of the Parties have initiated discovery. On
25 the contrary, as noted above, because the Bankruptcy Court lacks authority to
26 finally adjudicate these claims, the Parties’ resources will be preserved by
27 withdrawal to ensure avoidance of any duplicate proceeding. For these reasons,
28 consideration of cost to the Parties supports withdrawal in this case.

1 **4. Withdrawal of the Reference Does Not Implicate Uniform**
2 **Administration of Bankruptcy Law.**

3 As noted above, the only causes of action in Plaintiff's Complaint are
4 Federal WARN Act claims, and California WARN Act, fraud, and negligence
5 claims. This case does not involve any question of bankruptcy law. Accordingly,
6 the uniform administration of bankruptcy law is not implicated. *See, e.g.,*
7 *McMahon v. Providence Capitol Enters., Inc. (In re McMahon)*, 222 B.R. 205
8 (S.D.N.Y. 1998) (granting a motion to withdraw the reference in a breach of
9 contract case because uniformity of bankruptcy law would not be affected as the
10 breach claim did not turn on questions of bankruptcy law).

11 **5. Permissive Withdrawal Does Not Implicate Forum**
12 **Shopping.**

13 This Adversary Proceeding is in its infancy. The Bankruptcy Court has not
14 yet taken any action on this matter. It has not issued any related unfavorable
15 rulings against CNA related to this case. And as a result, CNA is not motivated to
16 seek a friendlier venue, but instead asserts that the District Court is the proper
17 venue for CNA's Complaint for all the reasons discussed above. Accordingly,
18 withdrawal in this case does not implicate forum shopping concerns.

19 In sum, analyzing the permissive withdrawal factors indicates that the
20 District Court should exercise its discretion to withdraw the reference in this matter
21 because: (1) CNA's Complaint involves non-core causes of action, (2) withdrawal
22 will promote efficient use of judicial resources; (3) the parties will not incur
23 increased cost or delay on account of withdrawal; (4) withdrawal does not
24 implicate the uniform administration of substantive bankruptcy law; and (5) none
25 of the concerns typically associated with forum shopping litigants are present.

IV. CONCLUSION

In short, the Complaint underlying this Motion ought to be heard in the District Court. Mandatory withdrawal of the reference is triggered because this case presents several substantial and material issues of non-bankruptcy federal law. And permissive withdrawal is warranted because these are non-core claims, including several complex state law issues, that all carry a right to a jury trial, which Plaintiff does not waive. For all these reasons, CNA respectfully requests this Court withdraw the reference in this matter.

PRELIMINARY STATEMENT

JURISDICTION AND VENUE

6 THE PARTIES

7. CNA is a “representative” as defined in 29 U.S.C. § 2101(a)(4), of a unit of affected nurses who were employed by Defendants until they were terminated without proper notice as part of mass layoffs and/or plant closings that began on about January 14, 2020. Defendants’ actions directly harmed both CNA and the affected nurses. CNA brings this Action on behalf of itself and, in its representative capacity, on behalf of the affected nurses.

8. Verity Health Systems, Inc. (“Verity”) is a California nonprofit public benefit corporation located at 601 S. Figueroa, Suite 4050, Los Angeles, California, and the sole corporate member of St. Vincent Medical Center, St. Vincent Dialysis Center, St. Francis Medical Center, and Seton Medical Center (“Defendant Hospitals”).

10. St. Vincent Dialysis Center is a California nonprofit public benefit corporation and wholly owned subsidiary of St. Vincent Medical Center located at 201 S. Alvarado Street in Los Angeles, California doing business in the County of Los Angeles. Until the middle of January of 2019, St. Vincent Dialysis Center provided dialysis medical services. Unless otherwise indicated, the term “St. Vincent” will also encompass St. Vincent Dialysis Center.

Exhibit 1 4

22. Plaintiffs are ignorant of the true names or capacities of the defendants sued under fictitious names Does 1 through 500, inclusive. Plaintiffs are informed and believe that each of the defendants designated as a Doe is responsible in some manner for the events and happenings alleged herein.

23. On about August 31, 2018, the Institutional Defendants filed a bankruptcy petition for Chapter 11 relief in this Court.

25. Under Section 5.3 of the APA, as a condition of closing, SGM was required to offer employment “to substantially all persons (whether such person are full time employees, part-time employees, on short-terms or long-term disability or on leave of absence, military leave or workers compensation leave) who . . . are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller. . . (iii) employed by an affiliate of any Seller . . .” [Docket No. 1279].

27. Beginning on about July 25, 2019, CNA, Verity, and SGM negotiated a new

Exhibit 1 6
000033

34. Nothing in the October Warn Notice indicated any uncertainty about whether the sale would close, only when. Because the October WARN Notice plainly stated that the Defendants anticipated close of the sale and because Defendants had previously represented that SGM would continue to employ substantially all the nurses, this notice effectively communicated to CNA and the St. Vincent nurses that substantially all the nurses' employment would continue.

35. On November 13, 2019, Verity filed a motion to approve the modifications to the CBA and resolve other issues between the parties [Docket No. 3604].

36. Between about November 13 and November 26, 2019, Verity engaged in approximately four to five effects bargaining sessions with CNA over severance for the nurses who would not be hired by SGM at the close of the sale. In this process, Verity identified around nine nurses whose employment it expected would not be continued after closing the sale. Verity communicated to CNA that all other employees would be hired by SGM. At no time during these bargaining sessions did Verity express doubt or concern that SGM would consummate the sale. Based on these bargaining sessions, CNA and the nurses believed that “substantially all” meant at all but nine of the nurses would continue employment once the SGM sale closed, and the approximately nine nurses whose employment did not continue would receive severance pay.

37. Based on information and belief, on about November 18, SGM's CEO, Peter

39. On November 22, 2019, SGM responded to Verity complaining of various issues which amounted to a “Material Adverse Effect” under the APA and that prevented SGM from closing [*Id.*].

41. On about November 25, 2019, Mr. Steven Sharrer, Verity's Chief Human Resources Officer, sent a WARN extension notice ("November WARN Notice") to CNA representative Andrew Prediletto informing him that it anticipated the sale of St. Francis, St. Vincent, and Seton to SGM would close between December 6, 2019 and December 19, 2019 [See Attached Exhibit 3].

Exhibit 1 9
000036

44. By the actions described in Paragraphs 27-30, 32-36, and 40-43, Defendants led CNA to believe that closure of the SGM sale was imminent and that substantially all of CNA's members at St. Vincent would retain their jobs after SGM purchased the hospital [Docket No. 36042]. By these same actions, Defendants led the nurses working at St. Vincent to believe that closure of the SGM sale was imminent and that as a result, substantially all the nurses at St. Vincent would retain their jobs. Upon information and belief, St. Vincent registered nurses relied on Defendants' repeated assurances that it expected to promptly close the sale to SGM, and as a result, did not seek other employment when they otherwise would have.

December 5, 2019 [Docket No. 3724].

46. On December 4, 2019, this Court held a hearing on Verity's motion to approve the modifications to the CBA and granted said motion in its entirety [Docket No. 3755].

47. On December 5, 2019, SGM failed to close the sale by the deadline in the APA, and there was no reason to expect that it would do so in the future. The Defendants did not amend the November WARN Notice at that time or take any other action to inform CNA or the St. Vincent nurses that it was increasingly likely that the SGM sale would not close or that if the sale to SGM did not close, it was likely that Defendants would permanently shut down the St. Vincent Medical Center in very short order.

48. By December 16, 2019, at the latest, Defendants had already begun meeting with professional consultants to develop plans to permanently shut down St. Vincent.

49. On December 17, 2019, Verity called SGM and advised SGM that Verity was terminating the APA, effective December 27, 2019, as a result of SGM's failure to close the sale on December 5 [*Verity Health Systems, Inc. v. Strategic Global Management*, 2:20-ap-01001-ER (Bankr. C.D. Cal. January 22, 2020), Docket No. 20]. The Defendants did not amend the November WARN Notice at that time or take any other action to inform CNA or the St. Vincent nurses that the SGM sale would not close or that because the SGM would not close, it was likely that Defendants would permanently shut down the St. Vincent Medical Center.

50. On December 18, 2019, Rich Adcock emailed the nurses, informing them that SGM did not close the sale as required by the bankruptcy court, and so their employment with Verity would "NOT end on December 19, 2019" as Verity had previously anticipated. This email communication did not disclose that Defendants anticipated permanently closing St. Vincent because the sale to SGM had fallen through. It did not disclose that it was likely that the St. Vincent nurses would all lose their jobs as a result. The notice merely stated that Verity would advise them of "any further developments relating to [their] employment" [See attached Exhibit 4].

51. Upon information and belief, St. Vincent registered nurses relied on Defendants' December 18 assurance that their employment with Verity would "NOT end," and as a result,

1 the SGM sale to close, but that it did not, and stated that the permanent closure of St. Vincent
2 was a result of the failure of SGM to close. The January notice included an Exhibit A, which
3 listed the names of approximately 365 nurses who would be terminated as a result of the
4 closure [*Id.*].

5 58. As of January 18, 2020, St. Vincent had no patients [Docket No. 3982].

6 59. As of January 27, 2020, only approximately 20 employees remained at Saint
7 Vincent to complete winddown operations [*Id.*].

8 **INTERGRATED ENTERPRISE & JOINT EMPLOYER**

9 **Common Ownership & Financial Control**

10 60. Upon information and belief, all Institutional Defendants are owned and/or
11 controlled by Defendant Verity. As previously stated, Verity is the sole corporate member of
12 St. Vincent, Seton, and St. Francis.

13 61. Upon information and belief, Richard Adcock serves as the CEO and Peter
14 Chadwick serve as the Secretary and CFO of St. Vincent, Seton and St. Francis. The only
15 difference in Verity's officers is that Terry Belmont serves as its Secretary instead of Mr.
16 Chadwick.

17 62. The manager of Holdings is Verity and the manager of DePaul Ventures is
18 Richard Adcock.

19 **Common Management, Directors, and Officers**

20 63. Upon information and belief, the bylaws of Verity and each of the Defendant
21 Hospitals vest ultimate authority over major decisions to the Verity board of directors such as
22 whether to change the mission of a hospital, amend a hospital's bylaws, appoint and remove its
23 directors, approve the incurrence of debt and, inter alia, approve the operating budget.

24 64. Upon information and belief, business plans are developed by Verity, rather than
25 individual Defendant Hospitals.

26 65. Upon information and belief, per each Defendant Hospitals' bylaws, at least one
27 member of Defendant Hospitals' board of directors must be a member of Verity's Board of
28 Directors.

104. Defendants' deliberately concealed these material facts to lead nurses and CNA to the false conclusion that the nurses' employment was very likely to continue despite the bankruptcy. Defendants misled the nurses and CNA in this way to avoid incurring additional expenses to secure the necessary nursing staff to keep St. Vincent running until they were ready to close it and to avoid the possibility of effective organized opposition to the planned closure.

1 105. St. Vincent nurses who would have looked for other work if they had known
2 that the hospital was likely to shut down did not do so because they were intentionally kept
3 ignorant of these facts. As a result, those nurses only began to look for work when the news of
4 shut down reached the general public after Verity finally disclosed its shutdown plans in a
5 filing with this Court on January 6, 2020. This was less than two weeks before the nurses lost
6 their jobs.

7 106. Because of Defendants' deliberate concealment of these material facts, nurses
8 experienced periods of unemployment, financial hardship, and emotional hardship that they
9 would not otherwise have experienced.

10 107. CNA would have engaged in different bargaining and organizing strategies if it
11 had known that the hospital was likely to permanently shut down but did not do so because
12 Defendants intentionally kept CNA ignorant of these facts.

13 108. Because of Defendants' deliberate concealment of these material facts, CNA
14 incurred expenses and wasted time engaging in bargaining based on false pretenses.

15 **COUNT IV: NEGLIGENT MISREPRESENTATION**

16 109. Plaintiff restates and realleges paragraphs 1-84 as if fully set forth herein.

17 110. Beginning in August 2019, Defendants disclosed some facts to CNA and the
18 CNA-represented nurses at St. Vincent about the bankruptcy and planned sale of Defendant
19 Hospitals to SGM. However, for extended periods of time beginning in November 2019,
20 Defendants failed to timely disclose the facts that:

- 21 a. New information had arisen and then continued to arise that made it
- 22 increasingly unlikely the sale would close;
- 23 b. Defendants anticipated permanently shutting down St. Vincent entirely and
- 24 expeditiously in the increasingly likely event that the sale did not close;
- 25 c. The sale fell through;
- 26 d. Defendants were planning to shut down St. Vincent entirely and
- 27 expeditiously because the sale fell through.

28 111. Prior to Defendants' late disclosure on December 18, 2019 that the SGM sale

112. In the December 18, 2019 email in which Defendants notified the CNA-represented nurses that the sale to SGM had not occurred as ordered, Defendants also stated that the nurses' employment would "NOT end." As a result, prior to Defendants' public disclosure in January 2020, CNA and the CNA-represented nurses believed that the nurses' employment at St. Vincent was likely to continue even though the sale to SGM had not occurred as ordered. They did not know that Defendants were planning to permanently shut down St. Vincent entirely and expeditiously because the sale fell through.

114. St. Vincent nurses who would have looked for other work if they had known that the hospital was likely to shut down did not do so because they reasonably relied on Defendants' representations that the hospital would keep operating. As a result, those nurses only began to look for work when the news of shut down reached the general public after

1 Verity finally disclosed its plans in its filing with this Court on January 6, 2020. This was less
2 than two weeks before the nurses lost their jobs.

3 115. Because of Defendants' misrepresentation of material facts, nurses experienced
4 periods of unemployment, financial hardship, and emotional hardship that they would not
5 otherwise have experienced.

6 116. CNA would have engaged in different bargaining and organizing strategies if it
7 had known that the hospital was likely to shut down but did not do so because it reasonably
8 relied on Defendants' misrepresentations.

9 117. Because of Defendants' misrepresentations of material facts, CNA incurred
10 expenses and wasted time engaging in bargaining based on false pretenses.

11 **PRAYER**

12 Plaintiff prays for judgment against Defendants, and each of them as follows:

13 118. A judgment in favor of the Plaintiff and each of the "affected employees" under
14 the State and Federal WARN Acts equal to the sum of sixty-days of: their unpaid wages,
15 accrued holiday pay, accrued vacation pay, health and life insurance, and other ERISA benefits
16 that would have been covered and paid under the then-applicable employee benefit plans had
17 that coverage continued for that period, all determined in accordance with the California and
18 Federal WARN Acts;

19 119. Civil penalties for each day of the WARN Act violations;

20 120. Compensatory damages, including lost wages and lost employee benefits,
21 damages to CNA related to bargaining expenses and missed organizing opportunities;

22 121. Damages for mental pain and anguish and emotional distress;

23 122. Punitive damages;

24 123. Liquidated damages, as allowed by law;

25 124. Interest as allowed by law on the amounts owed under the preceding paragraphs;

26 125. Treatment of all damage claims as first priority administrative expense pursuant
27 to 11 U.S.C. § 503(b)(1)(A)(i)-(ii). For such other and further relief as Bankruptcy Court deems
28 just and proper.

**Re: Notice Pursuant to Worker Adjustment and Retraining Notification Act
and the California WARN Act**

Dear Mr. Andy Prediletto:

This notice is being issued to you under the Worker Adjustment and Retraining Notification Act, 29 U.S.C. §§2101 et seq. (the “WARN Act”) and the California WARN Act, California Labor Code §§1400-1408 (“Cal-WARN Act”). The purpose of this notice is to inform you of the sale of St. Vincent Medical Center, located at 2131 West Third Street, Los Angeles, CA 90057 and St. Vincent Dialysis Center, located at 201 S. Alvarado St., Los Angeles, CA 90057 (together, “St. Vincent”).

On August 31, 2018, Verity Health System of California, Inc. (“VHS”) and sixteen of its affiliates, including St. Francis (referred to collectively with VHS and other debtor affiliates as the “Debtors”) filed for Chapter 11 bankruptcy protection in the United States Bankruptcy Court for the Central District of California (the “Bankruptcy Court”), and are being jointly administered under Lead Case No. 2:18-bk-20151. The Debtors have entered into an agreement to sell substantially all of the assets of St. Francis to Strategic Global Management, Inc. (the “Purchaser”), pursuant to which the Purchaser will purchase St. Vincent and related assets (the “Sale”). On April 17, 2019, the Bankruptcy Court entered an order approving the Sale.

In connection with the Sale, the Debtors will be separating the employment of all of St. Vincent's employees, which may result in an "employment loss" within the meaning of the WARN Act and the Cal-WARN Act. Under the Asset Purchase Agreement between the Debtors and the Purchaser, the Purchaser has agreed to make offers of employment to substantially all of St. Vincent's employees, subject to the other terms and conditions contained in such Asset Purchase Agreement.

The closing of the Sale is subject to certain regulatory and other approvals and the satisfaction of certain other conditions agreed to between the Debtors and the Purchaser. While the Debtors are optimistic that the Sale will close, there is a possibility that the Sale will be unsuccessful. In that event, St. Vincent may close and none of its employees may be hired by the Purchaser. Even if the Sale closes and St. Vincent remains open, employees at St. Vincent may suffer an “employment loss” within the meaning of the WARN Act and Cal-WARN Act because the Debtors will separate the employment of all of St. Vincent’s

Re: Postponement of Terminations of Employment - WARN Extension

Dear Mr. Andy Prediletto:

This notice is being provided in follow up to the August 12, 2019 notice you received under the Worker Adjustment and Retraining Notification Act and the California WARN Act advising that separations of employment would occur between October 18, 2019 and October 31, 2019.

As you know, Verity Health System of California, Inc. and certain affiliates entered into a Court approved agreement (“Agreement”) to sell substantially all of the assets of St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, Seton Medical Center and Seton Medical Center Coastsides (together, the “Hospitals”) to Strategic Global Management, Inc. (“SGM”), pursuant to which SGM will purchase the Hospitals and related assets (the “Sale”).

The Agreement requires satisfaction of certain milestones to complete the Sale. Not all of the milestones have been met. Consequently, the separations of employment must be postponed and will not occur at the time originally anticipated. At this time, we anticipate the Sale and separations of employment will occur between **November 17, 2019 and November 30, 2019**.

We will continue to keep you apprised of any new developments and will provide you with updated information should circumstances change with respect to the Sale and the separations of employment. If you have any questions or require additional information, please do not hesitate to contact me at (424) 367-0733.

We appreciate your understanding during this time of transition.

Sincerely,

Steven Sharret

**Re: Notice Pursuant to Worker Adjustment and Retraining Notification Act
and the California WARN Act**

Dear Mr. Andrew Predilleto:

This notice is being issued to you under the Worker Adjustment and Retraining Notification Act, 29 U.S.C. §§2101 et seq. (the “WARN Act”) and the California WARN Act, California Labor Code §§1400-1408 (“Cal-WARN Act”). The purpose of this notice is to inform you of the permanent closure of St. Vincent Medical Center, located at 2131 West Third Street, Los Angeles, CA 90057, and St. Vincent Dialysis Center, located at 201 S. Alvarado St., Los Angeles, CA 90057 (together, “St. Vincent”).

On August 31, 2018, Verity Health System of California, Inc. (“VHS”) and sixteen of its affiliates, including St. Vincent (referred to collectively with VHS and other debtor affiliates as the “Debtors”), filed for Chapter 11 bankruptcy protection in the United States Bankruptcy Court for the Central District of California, and are being jointly administered under Lead Case No. 2:18-bk-20151.

The Debtors entered an agreement to sell St. Vincent and other assets to KPC Group, aka Strategic Global Management, Inc. (together, “SGM”), which was approved by the Bankruptcy Court. In connection with the planned sale, we previously noticed you of the anticipated separations of employment in accordance with the WARN Act and Cal-WARN Act. The timing of that WARN notice was based upon the agreement with SGM. The Debtors expected the sale to be completed because the Bankruptcy Court approved the sale and entered an order providing that SGM was obligated to close the sale. SGM, however, did not close the sale. Given SGM’s failure to close the sale transaction, and there being no feasible alternative for continued operations, the Debtors made the difficult decision to close St. Vincent. The Court granted the Debtors’ emergency motion for authority to close St. Vincent on January 9, 2020 (the “Order”). Consequently, you are receiving this WARN notice.

We know that you were aware of the separations of employment at St. Vincent based on the prior WARN notice you received. We had hoped there would be an opportunity for continued employment with SGM when the sale closed. In light of the unforeseen circumstances relating to the sale and the

unexpected need to close St. Vincent as a last resort, this additional WARN notice is being provided to you as soon as practicable after the Order.

In connection with the closure, the Debtors will be separating the employment of all of St. Vincent's employees. Based on the best information available to date, we believe the closure and separations of employment will occur between **January 14, 2020 and January 27, 2020**. A list of the job titles of positions affected and the names of the workers currently holding the affected jobs is attached hereto as Exhibit A.

If you have any questions or require additional information, please do not hesitate to contact me at (424) 367-0733.

Sincerely,

SSS

INSTRUCTIONS

The filing of a bankruptcy case creates an “estate” under the jurisdiction of the bankruptcy court which consists of all of the property of the debtor, wherever that property is located. Because the bankruptcy estate is so extensive and the jurisdiction of the court so broad, there may be lawsuits over the property or property rights of the estate. There also may be lawsuits concerning the debtor’s discharge. If such a lawsuit is filed in a bankruptcy court, it is called an adversary proceeding.

A party filing an adversary proceeding must also must complete and file Form 1040, the Adversary Proceeding Cover Sheet, unless the party files the adversary proceeding electronically through the court's Case Management/Electronic Case Filing system (CM/ECF). (CM/ECF captures the information on Form 1040 as part of the filing process.) When completed, the cover sheet summarizes basic information on the adversary proceeding. The clerk of court needs the information to process the adversary proceeding and prepare required statistical reports on court activity.

The cover sheet and the information contained on it do not replace or supplement the filing and service of pleadings or other papers as required by law, the Bankruptcy Rules, or the local rules of court. The cover sheet, which is largely self-explanatory, must be completed by the plaintiff's attorney (or by the plaintiff if the plaintiff is not represented by an attorney). A separate cover sheet must be submitted to the clerk for each complaint filed.

Plaintiffs and Defendants. Give the names of the plaintiffs and defendants exactly as they appear on the complaint.

Attorneys. Give the names and addresses of the attorneys, if known.

Party. Check the most appropriate box in the first column for the plaintiffs and the second column for the defendants.

Demand. Enter the dollar amount being demanded in the complaint.

Signature. This cover sheet must be signed by the attorney of record in the box on the second page of the form. If the plaintiff is represented by a law firm, a member of the firm must sign. If the plaintiff is pro se, that is, not represented by an attorney, the plaintiff must sign.

) Judge: The Honorable Ernest M. Robles

The California Nurses Association (“CNA”), a creditor and party in interest in the Chapter 11 bankruptcy cases of the above-captioned debtors and debtors-in-possession (the “Debtors”), submits this objection (the “Objection”) to the *Motion for Entry of Final Order: (1) Authorizing the Debtors to (A) Pay Prepetition Employee Wages and Salaries, and (B) Pay and Honor Employee Benefits and Other Workforce Obligations; and (II) Authorizing and Directing the Applicable Bank to Pay All Checks and Electronic Payment Requests Made by the Debtors Relating to the Foregoing* (the “First Day Wage Order”). In support of this Objection, CNA respectfully represents as follows:

BACKGROUND

1. On August 31, 2018 (the “Commencement Date”), the Debtors each commenced a voluntary case under Chapter 11 of title 11 of the United States Code (the “Bankruptcy Code”).

2. The Debtors have been authorized to remain in possession of their property and continue in operation and management of their businesses as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

3. On the Commencement Date, Debtors filed an *Emergency Motion of Debtors for Entry of Order: (1) Authorizing the Debtors to (A) Pay Prepetition Employee Wages and Salaries, and (B) Pay and Honor Employee Benefits and Other Workforce Obligations; and (II) Authorizing and Directing the Applicable Bank to Pay All Checks and Electronic Payment Requests Made by the Debtors Relating to the Foregoing* (the “Emergency Motion”) [Doc. 22].

4. On September 5, 2018, the Court granted the Emergency Motion pending a final hearing on it on October 3, 2018 [Doc. 75].

5. CNA represents approximately 1,500 of the Debtors’ registered nurse employees at four of the Debtors’ entities: O’Connor Hospital (“OCH”), Saint Louise Regional Hospital (“SLRH”), St. Vincent Medical Center (“SVMC”) and Seton Medical Center (“SMC”), including Seton Medical Center Coastside campus (“SMCC”). The Debtors and CNA are parties to a total of four collective bargaining agreements (“CBAs”) that define the respective rights of the Debtors and CNA-represented employees, including, without limitation, pay,

1 working conditions and health and welfare and pension benefits payable to CNA-represented
2 employees (“CNA members”).

3 6. In compensation for their ongoing service to Debtors, CNA members employed
4 at OCH, SLRH, SMC and SMCC are presently accruing new benefits in a multiemployer
5 defined benefit pension plan sponsored by Debtors called the Retirement Plan for Hospital
6 Employees (the “RPHE”).

7 7. In compensation for their ongoing service to Debtors, CNA members employed
8 at SVMC are presently accruing new benefits in a single-employer defined benefit pension plan
9 sponsored by Debtors called Verity Retirement Plan A (“Plan A”).

10 8. In addition to CNA members, many of Debtors’ other employees are represented
11 by other unions, *e.g.*, the Service Employees International Union (“SEIU”), National Union of
12 Healthcare Workers (“NUHW”), United Nurses Association of California (“UNAC”), and the
13 International Union of Operating Engineers, Stationary Local No. 39 (“Local 39 Stationary
14 Engineers”).

15 **PRELIMINARY STATEMENT**

16 9. CNA objects to the First Day Wage Order on the grounds that, as currently
17 drafted, it provides preferential treatment to the members of certain unions, specifically SEIU
18 and Local 39 Stationary Engineers while neglecting the rights of CNA members and other
19 unions. Such disparate treatment will negatively affect the morale of Debtor’s registered nurses
20 and impact Debtors’ ability to efficiently operate their businesses during reorganization. The
21 discrepancies in treatment among the various unions can be addressed through modifying
22 Paragraphs 4, 7, 21 and 23 of the First Day Wage Order as noted below.

23 **OBJECTION**

24 10. CNA respectfully requests revision of Paragraph 4 of the First Day Wage Order
25 since it implies that only SEIU members have a right to object to payroll errors regarding the
26 prepetition Wages covered by the Order. The Order also confusingly singles out the SEIU
27 CBA as the only CBA to which Debtors are required to honor. This drafting is misleading
28 since Debtors are required to honor all CBAs unless this Court permits their rejection through

1 an appropriate § 1113 motion by Debtors. Additionally, all non-SEIU represented employees
2 should maintain all rights under state and federal law, as well as their own CBAs, to challenge
3 any payroll errors. Accordingly, CNA requests the following additions to Paragraph 41:

4 “4. To honor the collective bargaining agreements (“CBA”) with SEIU, and
5 remedy, through payment, any error identified by any Employee represented by SEIU
6 regarding payroll made on August 30, 2018 on account of prepetition Wages; provided,
7 however, that the Employee shall identify such errors within 24 hours of payroll in
8 accordance with the CBA. For the avoidance of doubt, Debtors will honor all valid
9 CBAs to which it is a party and non-SEIU represented employees retain all rights to
10 challenge payroll errors made regarding such prepetition Wages under state and federal
11 law, and any applicable collectively bargained grievance processes.”

12 11. CNA objects to Paragraph 7 of the First Day Wage Order on the grounds that it
13 privileges the pension obligations owed to the Local 39 Stationary Engineers Pension Plan over
14 those owed to the other retirement plans to which Debtor contributes, as well as offers special
15 treatment to the SEIU Training and Upgrade Fund. As demonstrated in Paragraph 35 of the
16 Emergency Motion [Doc. 22, p. 14:16-25], the \$176,524 Debtors requested be made available
17 to pay such “Union Obligations” is predominantly (and possibly entirely) an estimate of
18 monthly contributions due to the Local 39 Stationary Engineers Pension Trust. The description
19 of this cost makes no mention of whether this amount is due to a prepetition priority claim,
20 subject to the priority dollar cap limit contained in Bankruptcy Code section 507(a)(5), or a
21 postpetition claim entitled to administrative priority. To the extent, the amount claimed is due
22 to a prepetition priority claim, it is more appropriately included with the other pension plan
23 prepetition priority claims in Paragraph 21 of the Order where it states these plan payments are
24 subject to the priority cap. Conversely, to the extent this amount is for postpetition

25
26
27 ¹ Throughout this Objection, CNA has struck through words it requests that this Court delete
28 and double-underlined words it wishes to have added. All single-underlined words and so
underlined in the Order as currently drafted.

1 administrative expenses related to pension accruals for active employees, this amount is already
2 explicitly provided for in Paragraph 23 of the Order.

3 12. Additionally, Paragraph 35 of the Emergency Motion also refers to contributions
4 that are owed to the SEIU Training and Upgrade Fund that are due in February 2019 as part of
5 the “Union Obligations” and states that this amount is “not currently owing.” Based on the
6 Emergency Motion, it is unclear what, if any, part of the \$176, 524 is related to contributions
7 due to this Training and Upgrade Fund. Furthermore, it is unclear which of these amounts
8 relate to prepetition priority claims and so subject to the priority cap limit or postpetition
9 administrative expenses. CNA does not object to the payment of contributions to the Training
10 and Upgrade Fund, but it should be made on the same basis as payments to the other employee
11 benefit plans based on whether the amount due is a prepetition priority claim, a postpetition
12 administrative expense, or a combination thereof.

13 13. Accordingly, rather than state ambiguously that “Union Obligations” will be
14 paid, Paragraph 7 of the First Day Wage Order should be amended to explicitly state whether it
15 refers to prepetition priority claims subject to the cap or administrative expenses paid in the
16 ordinary cost of business that relate to the SEIU Training and Upgrade Fund. No reference
17 should be made to the Stationary Engineers Local 39 Pension Plan since treatment of
18 contributions to that plan are more appropriately addressed under Paragraphs 21 and 23 with all
19 of the other defined benefit pension plans. Therefore, CNA requests that Paragraph 7 be
20 deleted in its entirety and replaced with the following sentence:

21 “7. To honor and pay all accrued and unpaid prepetition contributions due to the
22 SEIU Training and Upgrade Fund, subject to the extent there is availability under the
23 priority cap of §§ 507(a)(4) and (a)(5). To continue to pay in ordinary course of their
24 business, postpetition contributions to the SEIU Training and Upgrade Fund.”

25 14. CNA seeks modification of Paragraph 21 of the First Day Wage Order so that it
26 mirrors the language in the preceding paragraphs regarding prepetition obligations and requires
27 payment of these expenses, as opposed to merely permitting them as it is currently drafted.
28 Specifically, CNA respectfully requests the following modifications noted below so that that all

pension plan prepetition priority claims are treated in the same manner as other prepetition priority claims related to employee wages and benefits. CNA also requests the deletion of the word “of” in the last clause for clarity:

“21. To the extent not expressly identified above, prepetition wages and benefits, including contributions that may be due or arise on all defined contribution plans and defined benefit plans, ~~may~~ shall be paid as a priority claim to the extent there is availability ~~of~~ under the priority cap of §§ 507(a)(4) and (a)(5);”

15. CNA seeks modification of Paragraph 23 of the First Day Wage Order to also include reference to the Pension Plans in which CNA members are actively earning new benefits, in addition to the Stationary Engineers Local 39 Pension Plan which is already incorporated into this paragraph. Such claims due to new new accruals earned postpetition are entitled to administrative priority. *PBGC v. Sunarhauserman*, 126 F.3d 811, 819 (6th Cir. 1997). Accordingly, CNA seeks the following revision of Paragraph 23:

“23. To continue to pay, in the ordinary course of their business, Employee-related expenses and obligations that accrue postpetition in the ordinary course of Debtors’ business. For the avoidance of doubt, this includes postpetition contributions for active Employees into the Local 39 Stationary Engineers defined benefit pension plan and trust and contributions for active California Nurses Association Represented Employees accruing new benefits into the Retirement Plan for Hospital Employees and Verity Health System Retirement Plan A.”

16. CNA also objects to the First Day Wage Order to the extent that it does not contemplate payments due to Plan A or the RPHE for funding obligations necessary to maintain these pension plans. CNA supports the objections raised by SEIU in this matter which state that the failure to fund these pension obligations violates existing CBAs which Debtors are obligated to adhere to until rejected pursuant to §1113. *SEIU-UHW’s Objections to Motion for Order (1) Authorizing the Debtors to (A) Pay Prepetition Employees Wages and Salaries, etc.* [Doc. 213, pp. 6-9]. CNA also supports the objections raised by RPHE to the *Motion for A Final Order Regarding Postpetition Financing* [Doc. 31] which demonstrates

1 that contributions necessary to meet funding obligations are entitled to administrative expense
2 priority [Doc. 218, pp. 4-6].

3
4 Wherefore, CNA respectfully requests that the Order be modified in accordance with
5 this Objection.

MEMORANDUM OF POINTS AND AUTHORITIES

I.

INTRODUCTION

Verity Health System of California, Inc. (“VHS”) and the affiliated debtors, the debtors and debtors in possession in the above-captioned chapter 11 bankruptcy cases (each a “Debtor” and, collectively, the “Debtors”), request (the “Motion”) approval of (i) the *Disclosure Statement Describing Debtors’ Chapter 11 Plan Of Liquidation (Dated September 3, 2019)* (the “Disclosure Statement”)¹ filed concurrently herewith, (ii) the solicitation and voting procedures proposed herein, (iii) the proposed notice and objection procedures for confirmation of the *Debtors’ Chapter 11 Plan of Liquidation (Dated September 3, 2019)* (the “Plan”) filed concurrently herewith, and (iv) granting related relief as set forth more fully herein. In support of the Motion, the Debtors refer to the *Declaration of Richard G. Adcock In Support of Emergency First-Day Motions* [Docket No. 8] (the “First-Day Declaration”). Concurrently herewith, the Debtors have filed an application for an order setting the hearing on this Motion on shortened notice. The Debtors respectfully submit that Disclosure Statement contains “adequate information,” as that phrase is defined in § 1125(a)(1)², and, thus, request the Court grant the Motion.

II.

JURISDICTION, VENUE, AND REQUESTED RELIEF

The Bankruptcy Court has jurisdiction pursuant to 28 U.S.C. §§ 157 and 1334. This matter is a core proceeding under 28 U.S.C. § 157(b)(2).

1. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

¹ Capitalized terms not otherwise defined herein have the same definitions set forth in the Disclosure Statement.

² Unless specified otherwise, all chapter and section references are to the Bankruptcy Code, 11 U.S.C. §§ 101-1532, and all “Bankruptcy Rule” references are to the Federal Rules of Bankruptcy Procedure, Rules 1001-9037. All “Local Bankruptcy Rule” references are to the Local Bankruptcy Rules for the United States Bankruptcy Court for the Central District of California.

2. The statutory predicates for the relief sought herein are §§ 105, 327, 328, 1125, and 1126; Bankruptcy Rules 2002, 2014, 3016, 3017, 3018, and 3020; and Local Bankruptcy Rules 2002-1 and 3018-1.

III.

BACKGROUND

A. General Background.

3. On August 31, 2018 (the “Petition Date”), each of the Debtors filed a voluntary petition for relief under the Bankruptcy Code (the “Cases”). The Cases are jointly administered before the Bankruptcy Court. *See* Docket No. 17. Since the Petition Date, the Debtors have been operating their businesses as debtors in possession pursuant to §§ 1107 and 1108.

4. Debtor VHS, a California nonprofit public benefit corporation, is the sole corporate member of the following five Debtor California nonprofit public benefit corporations that, on the Petition Date, operated six acute care hospitals: O’Connor Hospital (“OCH”), Saint Louise Regional Hospital (“SLRH”), St. Francis Medical Center (“SFMC”), St. Vincent Medical Center (“SVMC”), Seton Medical Center (“SMC”), and Seton Medical Center Coastsides (“Seton Coastsides” and, together with OCH, SLRH, SFMC, and SVMC, the “Hospitals”). SMC and Seton Coastsides (collectively, “Seton”) operated under one consolidated acute care hospital license.

5. VHS, the Hospitals, and their affiliated entities (collectively, “Verity Health System”) have operated as a nonprofit health care system, with approximately 1,680 inpatient beds, six active emergency rooms, a trauma center, eleven medical office buildings, and a host of medical specialties, including tertiary and quaternary care. *See* First-Day Decl., at 4, ¶ 12. The scope of the services provided by the Verity Health System are exemplified by the fact that in 2017, the Hospitals provided medical services to over 50,000 inpatients and approximately 480,000 outpatients. *Id.*, at 4, ¶ 12.

6. Additional background facts on the Debtors, including an overview of the Debtors’ business, historical operations, capital structure, employment plans, prior restructuring efforts and liquidity issues that led to these chapter 11 Cases are contained in the First-Day Declaration. Below is an abbreviated description of major historical events that preceded the chapter 11 filing.

B. Events Leadings to the Bankruptcy Cases.

7. Between 1995 and 2015, the Hospitals incurred substantial operating losses. During that time period, Daughters of Charity of St. Vincent de Paul, Province of the West (the “Daughters of Charity”) and the Daughters of Charity Health System (“DCHS”) attempted to find a solution which would resolve the operating losses, either through a sale of some or all of the hospitals or a merger with a more financially sound partner. These efforts were not successful, and the health system’s losses continued to mount.

8. In 2015, DCHS marketed the health system for sale and focused on offers that maintained the system as a whole, including the assumption of all existing obligations. In July 2015, the DCHS Board of Directors selected BlueMountain Capital Management LLC (“BlueMountain”), a private investment firm, to recapitalize its operations and transition leadership of the health system to the new Verity Health System (the “BlueMountain Transaction”). In connection with the BlueMountain Transaction, BlueMountain agreed to make a capital infusion of \$100 million, arrange loans for another \$160 million to the system, and manage operations, with an option to buy the health system at a future time. In addition, the parties entered into a System Restructuring and Support Agreement (the “Restructuring Agreement”). DCHS’ name was changed to VHS, and Integrity Healthcare, LLC (“Integrity”) was formed to carry out the management services under a new management agreement.

9. On December 3, 2015, the California Attorney General (the “Attorney General”) approved the BlueMountain Transaction, subject to certain conditions. The Attorney General conditions were imposed for periods ranging from 5 to 15 years, and included, *inter alia*, limits on transfers of control; maintenance of specific health services and specific bed counts; required participation in Medicare and Medi-Cal programs; and required levels of charity care.

10. Under the Restructuring Agreement, VHS, OCH, SLRH, SFMC, SVMC, and Seton, were converted from religious corporations to public benefit corporations.

11. Despite BlueMountain’s infusion of cash and retention of various consultants and experts to assist in improving cash flow and operations, the health system continued to incur losses.

1 12. In July 2017, NantWorks, LLC acquired a controlling stake in Integrity, and
2 brought in a new CEO, CFO, and COO. NantWorks also loaned another \$148 million to the
3 Debtors.

4 13. Despite the infusion of capital and new management, losses continued to mount to
5 approximately \$175 million annually on a cash flow basis. It soon became apparent that the
6 problems facing the Verity Health System were too large to solve without a formal, court-
7 supervised restructuring,

8 14. Accordingly, the Debtors commenced these Cases with the objective of protecting
9 the original legacy of the Daughters of Charity to the maximum extent possible. The Debtors
10 pursued a strategy to retire debt incurred over the past 18 years so the Hospital facilities and work
11 force can continue their critical operations under new ownership and leadership without the
12 accumulated crisis of the past.

13 **C. Appointment of Committee.**

14 15. On September 17, 2018, the Office of the United States Trustee appointed an
15 Official Committee of Unsecured Creditors in the Debtors' Cases. [Docket No. 197].

16 **IV.**

17 **DISCLOSURE STATEMENT AND PLAN**

18 Concurrently herewith, the Debtors filed the proposed Plan and related Disclosure
19 Statement. The Debtors worked diligently with their advisors to prepare the Plan, which
20 maximizes value for the estates for the benefit of creditors. The Debtors concluded, after a careful
21 analysis of the Debtors' complex corporate and financial structure, that a single plan of liquidation
22 contemplating the "deemed" substantive consolidation of all Debtors—rather than seventeen
23 separate plans—will maximize value and avoid unnecessary costs and potential litigation. Thus,
24 as more fully described in the Disclosure Statement, the Plan provides for the "deemed"
25 substantive consolidation of the Debtors solely for purposes of implementation of the Plan and
26 distributions to creditors otherwise in accordance with the Bankruptcy Code's distribution and
27 classification provisions. The Disclosure Statement describes further facts and legal bases that
28 support substantive consolidation.

As set forth in the Disclosure Statement, the net proceeds of the SCC Sale and the SGM Sale will be the primary source of funding for distributions under the Plan. The Debtors also anticipate other sources of recovery, including, but not limited to, recovery of certain receivables and fees after the Effective Date and the net proceeds of Causes of Action, including Avoidance Actions, to be pursued by the Liquidating Trust.

The Debtors propose the following key dates in connection with the approval of the Disclosure Statement and confirmation of the Plan:³

Event Date/Deadline	Event Date/Deadline
Disclosure Statement Objection Deadline	September 18, 2019
Deadline to File Reply to Disclosure Statement Objections	September 25, 2019

Deadline to Object or to File a Motion to Estimate Claims for Voting Purposes	October 31, 2019
Voting Objection Deadline	October 31, 2019
Voting Deadline	November 7, 2019 at 4:00 p.m. (Pacific Time)
Confirmation Objection Deadline	November 7, 2019

The Debtors respectfully request entry of an order: (i) approving the Disclosure Statement as containing “adequate information,” as that term is defined in § 1125(a)(1); (ii) establishing procedures for solicitation and tabulation of votes to accept or reject the Plan, including (a) approving the form and manner of the solicitation packages, (b) approving the form and manner of notice of the hearing to confirm the Plan, (c) establishing a voting record date and approving

³ The Debtors filed an application for an order setting the hearing on this Motion on shortened notice contemporaneously herewith. The dates set forth herein are subject to the Court’s ruling on the Debtors’ application and the Court’s availability with respect to the proposed confirmation schedule.

1 procedures for distributing the solicitation packages, (d) approving the forms of ballots, (e)

7 **ARGUMENT**

8 **A. The Disclosure Requirements of the Bankruptcy Code**

9 Pursuant to § 1125, a plan proponent must provide holders of impaired claims with
10 “adequate information” regarding a proposed chapter 11 plan. In that regard, § 1125(a)(1)
11 provides in pertinent part that:

12 “adequate information” means information of a kind, and in sufficient detail, as far
13 as is reasonably practicable in light of the nature and history of the debtor and the
14 condition of the debtor’s books and records, including a discussion of the potential
15 material Federal tax consequences of the plan to the debtor, any successor to the
16 debtor, and a hypothetical investor typical of the holders of claims or interests in the
17 case, that would enable such a hypothetical investor of the relevant class to make an
18 informed judgment about the plan

19 11 U.S.C. § 1125(a)(1). Thus, a disclosure statement must as a whole, provide information that is
20 reasonably designed to permit an informed judgment by impaired creditors or equity or other
21 interest holders entitled to vote on a plan. *See In re Cal. Fidelity, Inc.*, 198 B.R. 567, 571 (B.A.P.
22 9th Cir. 1996) (“At a minimum, § 1125(b) seeks to guarantee that a creditor receives adequate
23 information about the plan before the creditor is asked for a vote.”); *In re Art & Architecture*

26 holders the information they need to decide whether to accept the plan.”) (citing *Captain Blythers,*

28 *Arnold*, 471 B.R. 578, 584-85 (Bankr. C.D. Cal. 2012).

29 In examining the adequacy of the information contained in a disclosure statement, the
30 Bankruptcy Court has broad discretion. *See Art & Architecture Books of the 21st Century*, 2016
31 WL 1118743, at *14 (“Bankruptcy judges have broad discretion in reviewing disclosure

1 statements and what constitutes adequate information and any particular instance will develop on a
2 case-by-case basis.”); *In re Brothby*, 303 B.R. 177, 193 (B.A.P. 9th Cir. 2003) (same); *Kirk v.*

4 clear in granting broad discretion to bankruptcy judges under § 1125(a)”; *Menard-Sanford v.*
5 *Mabey (In re A.H. Robins Co., Inc.)*, 880 F.2d 694, 696 (4th Cir. 1989); *Tex. Extrusion Corp. v.*
6 *Lockheed Corp. (In re Tex. Extrusion Corp.)*, 844 F.2d 1142, 1157 (5th Cir. 1988); *see also In re*
7 *Oxford Homes, Inc.*, 204 B.R. 264, 269 (Bankr. D. Me. 1997) (Congress intentionally drew vague
8 contours of what constitutes adequate information so that bankruptcy courts may exercise
9 discretion to tailor them to each case’s particular circumstances); *In re Dakota Rail Inc.*, 104 B.R.
10 138, 143 (Bankr. D. Minn. 1989) (a bankruptcy court has “wide discretion to determine . . .
11 whether a disclosure statement contains adequate information, without burdensome, unnecessary,
12 and cumbersome detail”).

13 Accordingly, the determination of whether a disclosure statement contains adequate
14 information is to be made on a case-by-case basis, focusing on the unique facts and circumstances
15 of each case. *See In re Diversified Inv’rs Fund XVII*, 91 B.R. 559, 561 (Bankr. C.D. Cal. 1988)
16 (“According to the legislative history, the parameters of what constitutes adequate information are
17 intended to be flexible.”); *see also In re PC Liquidation Corp.*, 383 B.R. 856 at 866 (E.D.N.Y.
18 2008); *In re Tex. Extrusion Corp.*, 844 F.2d 1142, 1157 (5th Cir. 1988) (“The determination is
19 largely within the discretion of the bankruptcy court.”); *In re Egan*, 33 B.R. 672, 674-75 (Bankr.
20 N.D. Ill. 1983). This discretion provides flexibility and facilitates the effective reorganization of
21 the different types of chapter 11 debtors by accommodating the varying circumstances
22 accompanying chapter 11 cases. *See H.R. REP. NO. 595*, at 408-09, 95th Cong. (1st Sess. 1977).

23 The determination of whether adequate information has been provided should take account
24 of expertise and resources, including outside advisors and relevant information already possessed
25 or publicly available, of the hypothetical investor of each class of claims or interests from which
26 classes the acceptance or rejection of the Plan is solicited after the commencement of the cases.
27 *See In re Zenith Elec. Corp.*, 241 B.R. 92, 99-100 (Bankr. D. Del. 1999).

B. The Proposed Disclosure Statement Meets the Applicable Standards.

The Disclosure Statement provides “adequate information” to allow holders of Claims in the Voting Classes (as defined below) to make an informed decision about whether to vote to accept or reject the Plan. Specifically, the Disclosure Statement contains a number of categories of information that courts consider “adequate information,” including:

- (i) An overview of the Plan (*see* Disclosure Statement, Section V);
- (ii) The corporate structure and indebtedness of the Debtors (*see id.*, Sections II.C., III);
- (iii) The operation of the Debtors’ business (*see id.*, Sections II, III);
- (iv) Key events leading to the commencement of the Chapter 11 Cases (*see id.*, Section III);
- (v) Significant events that occurred during the Chapter 11 Cases (*see id.*, Section IV);
- (vi) Information regarding Litigation (*see* Section IV);
- (vii) Financial information that would be relevant to determinations of whether to accept or reject the Plan (*see id.*, Section V);
- (viii) Tax consequences of the Plan (*see id.*, Sections IX, X);
- (ix) Risk factors affecting the Plan and the Debtors (*see id.*, Section XIII);
- (x) Requirements for confirmation of the Plan (*see id.*, Section XII);
- (xi) A liquidation analysis under chapter 7 of the Bankruptcy Code (*see id.*, Section XII at K); and
- (xii) Description of Plan Releases (*see id.*, Section VIII).

The Disclosure Statement also provides adequate notice of the release, exculpation, and injunction provisions in the Plan. Pursuant to Bankruptcy Rule 3016(c), “[i]f a plan provides for an injunction against conduct not otherwise enjoined under the Code, the plan and disclosure statement [must] describe in specific and conspicuous language all acts to be enjoined and identify the entities that would be subject to the injunction.” Fed. R. Bankr. P. 3016(c). The Disclosure Statement provides a detailed description of releases and exculpations to be provided under the Plan. *See* Disclosure Statement, § VIII.B., C., D.

DENTONS US LLP

LOS ANGELES, CALIFORNIA 90017-5704
(213) 623-9300

1 Furthermore, the Disclosure Statement provides an analysis of the alternatives to
2 confirmation and consummation of the Plan. *See id.*, § X.II.K. (setting forth the Debtors’
3 liquidation analysis). Accordingly, the Debtors recommend that holders of claims eligible to vote
4 on the Plan vote to accept the Plan because it is the most efficient and effective means to provide
5 remaining recoveries to holders of claims against the Debtors’ estates.

6 The Disclosure Statement also contains a detailed description of means of implementation,
7 which includes the “deemed” substantive consolidation of the Debtors and the applicable factors
8 and legal basis. The Disclosure Statements sets forth adequate information concerning (i) the
9 legal requirements to establish deemed substantive consolidation, and (ii) the factual bases
10 supporting the Debtors’ request for deemed substantive consolidation. It also provides notice that
11 the Disclosure Statement and Plan shall be deemed a motion requesting that the Bankruptcy Court
12 approve the deemed substantive consolidation contemplated by the Plan at the Confirmation
13 Hearing, unless otherwise separately scheduled. *See* Disclosure Statement, Section XIV.

14 Specifically, the Disclosure Statement sets forth the effect of deemed substantive
15 consolidation and the facts of the cases that satisfy the standard for deemed substantive
16 consolidation in the Ninth Circuit. The facts relevant to the Ninth Circuit analysis and identified
17 in the Disclosure Statement include: (i) the impact of the conditions imposed by the Attorney
18 General and the extent to which the conditions required that the Debtors act as a single economic
19 unit; (ii) the manner in which the Debtors booked significant transfers on their general account
20 ledgers between entities and the effect the claims will have on recoveries among the unsecured
21 creditors of each Debtor; (iii) the issues raised by reconciliation of claims and the allocation of
22 liabilities among the Debtors; (iv) the Debtors’ lending and business relationships with the
23 creditors and the extent to which the Debtors dealt with creditors as a single enterprise; and
24 (v) facts reflecting the extent to which the proposed deemed substantive consolidation is
25 administratively convenient and benefits creditors. Accordingly, the Disclosure Statement
26 contains the pertinent information necessary for holders of impaired claims to make an informed
27 decision about whether to vote to accept or reject the Plan, including, among other things,

1 information regarding the effect and basis for the Debtors' request for deemed substantive
2 consolidation.

3 The Debtors respectfully submit that the Disclosure Statement complies with all aspects of
4 § 1125. The Debtors will demonstrate at the hearing to approve the Disclosure Statement that the
5 Disclosure Statement addresses the information set forth above in a manner that provides holders
6 of impaired unsecured claims that are entitled to vote to accept or reject the Plan with adequate
7 information within the meaning of § 1125 and should therefore be approved.

8 **VI.**

9 **ESTABLISHING PROCEDURES FOR SOLICITATION OF THE PLAN**

10 **A. Approval of Form and Manner of Solicitation Package.**

11 Bankruptcy Rule 3017(d) sets forth the materials that must be provided to holders of
12 claims for the purpose of soliciting their votes and providing adequate notice of the hearing on
13 confirmation of a plan of reorganization:

14 Upon approval of a disclosure statement,—except to the extent that the court orders
15 otherwise with respect to one or more unimpaired classes of creditors or equity
16 security holders—the debtor in possession, trustee, proponent of the plan, or clerk
as the court orders shall mail to all creditors and equity security holders, and in a
chapter 11 reorganization case shall transmit to the United States trustee:

- 17 (1) the plan or a court-approved summary of the plan;
18 (2) the disclosure statement approved by the court;
19 (3) notice of the time within which acceptances and rejections of the
20 plan may be filed; and
21 (4) any other information as the court may direct, including any court
22 opinion approving the disclosure statement or a court-approved
23 summary of the opinion.

24 In addition, notice of the time fixed for filing objections and the hearing on
25 confirmation shall be mailed to all creditors and equity security holders in
26 accordance with Rule 2002(b), and a form of ballot conforming to the appropriate
Official Form shall be mailed to creditors and equity security holders entitled to
vote on the plan

27 Fed. R. Bankr. P. 3017(d).

3 **B. Approval of Form and Manner of Confirmation Hearing Notice**

4 Upon approval of the Disclosure Statement pursuant Disclosure Statement Order, the
5 Debtors will serve or cause to be served the following documents on the following parties, as
6 applicable: (i) a written notice to the Voting Classes (the "Confirmation Hearing Notice") of
7 (a) the Bankruptcy Court's approval of the Disclosure Statement, (b) the deadline for voting on the
8 Plan, (c) the time, date, and place for the hearing to consider confirmation of the Plan, and (d) the
9 deadline and procedures for filing objections to the confirmation of the Plan, together with the
10 Solicitation Package; (ii) a written notice to the non-voting accepting classes (the "Notice of Non-
11 Voting Accepting Status and Confirmation Hearing") that sets forth such parties' Plan treatment, a
12 summary of the Plan's release, injunction, and exculpation provisions, and certain information
13 regarding the hearing to consider confirmation of the Plan and related deadlines; and (iii) a written
14 notice to the non-voting rejecting classes (the "Notice of Non-Voting Rejecting Status and
15 Confirmation Hearing") that sets forth such parties' Plan treatment, a summary of the Plan's
16 release, injunction, and exculpation provisions, and certain information regarding the hearing to
17 consider confirmation of the Plan and related deadlines. The relevant notices will be served on the
18 appropriate parties by First Class Mail. The Debtors will file the proposed form of notices prior to
19 the hearing on this Motion.

20 Consistent with § 1126(f) and Bankruptcy Rule 3017(d), the Debtors propose to send the
21 Notice of Non-Voting Accepting Status and Confirmation Hearing to holders of Administrative
22 Claims, Professional Claims, Statutory Fees, Priority Tax Claims, Administrative DIP Lender
23 Claims, Other Priority Claims, and Secured PACE Tax Financing Claims (the
24 "Unclassified/Unimpaired Claimholders"), which classes are unclassified or deemed to accept the
25 Plan.,

1 Consistent with § 1126(g) and Bankruptcy Rule 3017(d), the Debtors proposed to send the
2 Notice of Non-Voting Rejecting Status and Confirmation Hearing to holders of Subordinated
3 General Unsecured Claims and Interests, which classes are deemed to reject the Plan.

4 The Debtors submit that such notices satisfy the requirements of the Bankruptcy Code and
5 Bankruptcy Rule 3017(d). Accordingly, the Debtors request that the Bankruptcy Court determine
6 that the Debtors are not required to distribute copies of the Plan, Disclosure Statement, or
7 Disclosure Statement Order to any of the Unclassified/Unimpaired Claimholders, holders of
8 Subordinated General Unsecured Claims, or Interest holders, unless otherwise requested in writing
9 or by the terms of the Disclosure Statement Order.

10 **C. Establishment of Voting Record Date and Approving of Procedures for Distribution**
11 **of Solicitation Packages.**

12 Bankruptcy Rule 3017(d) provides that, for the purposes of soliciting votes in connection
13 with the confirmation of a bankruptcy plan, “creditors and equity security holders shall include
14 holders of stock, bonds, debentures, notes and other securities of record on the date the order
15 approving the disclosure statement is entered or another date fixed by the court, for cause, after
16 notice and a hearing.” Fed R. Bankr. P. 3017(d). Bankruptcy Rule 3018(a) contains a similar
17 provision regarding determination of the record date for voting purposes.

18 The Debtors request that the Bankruptcy Court establish October 2, 2019, as the record
19 date (the “Voting Record Date”), for purposes of determining the claimholders that are entitled to
20 vote (subject to the voting procedures set forth below) on the Plan or, in the case of non-voting
21 classes, for purposes of determining the claimholders to receive certain Plan-related materials.
22 The Debtors expect that they will be able to commence distribution of (i) the Confirmation
23 Hearing Notice and Solicitation Package to the Voting Classes and (ii) the Notice of Non-Voting
24 Accepting Status and Confirmation Hearing and/or Notice of Non-Voting Rejecting Status and
25 Confirmation Hearing to parties-in-interest outside of the Voting Classes, as applicable, as set
26 forth herein, within five (5) business days after the date of entry of the Disclosure Statement
27 Order, or as soon as reasonably practicable thereafter (the “Solicitation Commencement Date”).

1 In the case of Class 2 (Secured 2005 Revenue Bond Claims), certain brokerage firms and
2 banks or their agents (collectively, the “Nominees”) hold Class 2 claims rather than the individual
3 holders themselves (collectively, the “Beneficial Holders”). To ensure proper tabulation of votes
4 for all Secured 2005 Revenue Bond Claims, the Debtors will deliver Solicitation Packages to
5 holders of record as of the Voting Record Date, including Nominees, as reflected on security
6 position reports provided by The Depository Trust Company (“DTC”). Additionally, the Debtors
7 will distribute “Master Ballots” and “Beneficial Holder Ballots” to Nominees under separate cover
8 from the Solicitation Packages delivered to all other holders of record. The Beneficial Holder
9 Ballots will instruct each Beneficial Holder voting on the Plan through a Nominee to return the
10 Beneficial Holder Ballot to the appropriate Nominee in sufficient time for such Nominee to timely
11 cast votes to accept or reject the Plan on behalf of the Beneficial Holders, or otherwise follow the
12 directions of the Nominee. The Nominee will complete and return a Master Ballot, which the
13 Debtors will tabulate for purposes of determining votes for Class 2.

14 The Debtors shall cause to be distributed electronically the Disclosure Statement Order
15 (excluding exhibits thereto), the Confirmation Hearing Notice, the Disclosure Statement (together
16 with the Plan and other exhibits attached thereto), and such other materials as the Bankruptcy
17 Court may direct (excluding a Ballot) to, among other parties (to the extent such parties did not
18 otherwise receive the Solicitation Package):

- 19 a) the U.S. Trustee;
- 20 b) the Internal Revenue Service;
- 21 c) the California Attorney General; and
- 22 d) all persons and entities that have filed a request for service of filings in the
- 23 Debtors’ Cases pursuant to Bankruptcy Rule 2002.

24 The Debtors anticipate that some of the notices served in the Debtors’ Cases, including
25 notices of the hearing to approve the Disclosure Statement and notices of the commencement of
26 the Debtors’ Cases, have been or may be returned, including because certain notice parties have
27 foreign addresses. The Debtors believe that it would be costly and inefficient to distribute the
28 Solicitation Package to the same addresses to which undeliverable notices were previously

distributed. Therefore, the Debtors seek the Bankruptcy Court’s approval for a departure from the strict notice rule, excusing the Debtors from distributing Solicitation Packages to those entities listed at such addresses if the Debtors are not provided with updated addresses for such entities before the Solicitation Commencement Date. Further, if the Debtors send Solicitation Packages that are deemed undeliverable and are not provided with a forwarding or more updated address, the Debtors seek that the Debtors be excused from attempting to re-deliver Solicitation Packages to such entities. The Debtors submit that good cause exists for implementing the aforementioned notice and service procedures.

D. Approval of Forms of Ballot

Bankruptcy Rule 3017(d) requires that the Debtors mail a form of Ballot to “creditors and equity security holders entitled to vote on the plan.” The Debtors propose to distribute to each holder of a claim in each Voting Class a Ballot, including the Master Ballots and/or Beneficial Holder Ballots, as applicable, the form of which will be filed by the Debtors as a supplement prior to the hearing on this Motion. The form of Ballot is based upon Official Form No. B314, but has been modified to address the particular aspects of the Debtors Cases and to include certain additional information that the Debtors believe to be relevant and appropriate for the applicable classes of claims that are entitled to vote to accept or reject the Plan, including information regarding the releases, injunctions, and exculpations contained in the Plan.

E. Establishment of Deadline for Receipt of Ballots

Bankruptcy Rule 3017(c) provides that, on or before approval of a disclosure statement, the court shall fix a time within which the holders of claims or equity security interests may accept or reject a plan. The Debtors have developed the proposed schedule to allow for a solicitation period in the Debtors’ Cases of at least 28 days, which the Debtors believe is appropriate in light of the circumstances of the case and consistent with the requirements set forth in Bankruptcy Rule 2002(b). Accordingly, the Debtors propose that in order to be counted as a vote to accept or reject the Plan, each Ballot must be properly executed, completed, and delivered to the Debtors so as to be received by the Debtors no later than **4:00 p.m. (Pacific Time) on November 7, 2019** or as otherwise ordered by the Bankruptcy Court (the “Voting Deadline”) as set forth below. The

Debtors submit that such solicitation period is a sufficient period within which creditors can make an informed decision to accept or reject the Plan in light of the circumstances of the case.

All Ballots must be delivered via First Class Mail, overnight courier, or hand delivery so as to be actually received by the Debtors' solicitation agent no later than the Voting Deadline. Except as provided below, Ballots must be submitted to the Solicitation Agent at the following address in accordance with the voting procedures set forth below:

Master Ballots submitted by Nominees holding Class 2 (Secured 2005 Revenue Bond Claims), must be delivered to the Solicitation Agent at:

BALLOTS TRANSMITTED TO THE DEBTORS BY FACSIMILE, ELECTRONIC MAIL, OR OTHER MEANS NOT SPECIFICALLY APPROVED BY THE BANKRUPTCY COURT MAY BE ACCEPTED BY THE DEBTORS ON A CASE-BY-CASE BASIS.

F. Approval of Procedures for Vote Tabulation

16. Section 1126(c) provides as follows:

A class of claims has accepted a plan if such plan has been accepted by creditors, other than any entity designated under subsection (e) of this section, that hold at least two-thirds in amount and more than one-half in number of the allowed claims of such class held by creditors, other than any entity designated under subsection (e) of this section, that have accepted or rejected such plan.

11 U.S.C. § 1126(c). Further, Bankruptcy Rule 3018(a) provides that "the court after notice and hearing may temporarily allow the claim or interest in an amount which the court deems proper for the purpose of accepting or rejecting a plan." Fed. R. Bankr. P. 3018(a).

1 For purposes of voting on the Plan, with respect to all creditors of the Debtors, the Debtors
2 propose that the amount of a claim used to tabulate acceptance or rejection of the Plan should be,
3 as applicable:

- 4 a) The amount of the claim listed in the Debtors' schedules of assets and
5 liabilities (the "Schedules"); provided that (i) such claim is not scheduled as
6 any of contingent, unliquidated, undetermined, disputed, or in a zero dollar
7 amount, and (ii) no proof of claim has been timely filed (or otherwise
8 deemed timely filed by the Bankruptcy Court under applicable law) with
9 respect to such claim.
- 10 b) The noncontingent and liquidated amount specified in a proof of claim
11 timely filed with the Bankruptcy Court (or otherwise deemed timely filed
12 by the Bankruptcy Court under applicable law) to the extent the proof of
13 claim is not the subject of an objection filed by **October 31, 2019** (the
14 "Voting Objection Deadline") (or, if such claim has been resolved for
15 allowance and/or voting purposes pursuant to a stipulation or order entered
16 by the Bankruptcy Court, or otherwise resolved by the Bankruptcy Court,
17 the amount set forth in such stipulation or order).
- 18 c) If a proof of claim has been timely filed prior to the applicable bar date and
19 such claim is asserted in the amount of \$0.00, such claim shall not be
20 entitled to vote.
- 21 d) Notwithstanding anything to the contrary in these tabulation rules, the
22 holder of any claim that has been indefeasibly paid, in full or in part, shall
23 only be permitted to vote the unpaid amount of such claim, if any, to accept
24 or reject the Plan.
- 25 e) The amount temporarily allowed or estimated by the Bankruptcy Court for
26 voting purposes, pursuant to Bankruptcy Rule 3018(a), subject to notice
27 consistent with the procedures set forth herein, the Bankruptcy Code, the
28 Bankruptcy Rules and the Local Bankruptcy Rules shall be the amount of
the claim for voting purposes.
- f) If a claim for which a proof of claim has been timely filed for unknown or
undetermined amounts (as determined on the face of the claim or after a
reasonable review of the supporting documentation by the Debtors) and
such claim has not been allowed, such Claim shall be temporarily allowed
for voting purposes only, and not for purposes of allowance or distribution,
at \$1.00.
- g) If a claim is listed on a timely filed proof of claim as either wholly or
partially contingent or unliquidated, such claim is temporarily allowed in
the amount that is the greater of (i) the liquidated and non-contingent
amount and (ii) \$1.00, for voting purposes only, and not for purposes of
allowance or distribution.

DENTONS US LLP
601 SOUTH FIGUEROA STREET, SUITE 2500
LOS ANGELES, CALIFORNIA 90017-5704
(213) 623-9300

- 1 h) If a claim is deemed allowed under the Plan, such claim is allowed for
2 voting purposes in the deemed allowed amount set forth in the Plan.
- 3 i) If a claim is not listed in the Schedules or is listed in the Schedules as
4 contingent, unliquidated, or disputed (or in a zero amount) and a proof of
5 claim was not (i) filed by the applicable bar date for the filing of proofs of
6 claim established by the Bankruptcy Court or (ii) deemed timely filed by an
7 order of the Bankruptcy Court prior to the Voting Deadline, such claim
8 shall be disallowed for voting purposes.
- 9 j) If a proof of claim has been amended by a later proof of claim that is filed
10 on or prior to the Voting Record Date, the later filed amending claim shall
11 be entitled to vote in a manner consistent with these tabulation rules, and
12 the earlier filed claim shall be disallowed for voting purposes, regardless of
13 whether the Debtors have objected to such amended claim. Except as
14 otherwise ordered by the Bankruptcy Court, any amendments to proofs of
15 claim after the Voting Record Date shall not be considered for purposes of
16 these tabulation rules.

12 The temporary allowance of claims for voting purposes does not constitute an allowance of
13 claims for purposes of distribution under the Plan and is without prejudice to the rights of the
14 Debtors or any other party-in-interest in any other context, including the right of the Debtors or
15 any other party-in-interest to contest the amount or validity of any claim for purposes of allowance
16 under the Plan.

17 Additionally, the Debtors seek authorization from the Bankruptcy Court for the Debtors to
18 object to any claim (as defined in § 101(5)) solely for Plan voting purposes by filing a
19 determination motion (the “Determination Motion”), no later than the Voting Objection Deadline.
20 If an objection to a claim (made by way of a Determination Motion or otherwise) filed on or
21 before the Voting Objection Deadline requests that such claim be reduced or reclassified, such
22 claimant’s Ballot shall be counted in such reduced amount or as falling into the reclassified
23 category. Further, if a creditor casts a Ballot and has timely filed a proof of claim (or has
24 otherwise had a proof of claim deemed timely filed by the Bankruptcy Court under applicable
25 law), but the creditor’s claim is the subject of an objection (made by way of a Determination
26 Motion or otherwise) filed no later than the Voting Objection Deadline, the Debtors request, in
27 accordance with Bankruptcy Rule 3018, that the creditor’s Ballot not be counted to the extent it is
28 challenged by the objection, unless such claim is temporarily allowed by the Bankruptcy Court for

1 voting purposes pursuant to Bankruptcy Rule 3018(a) after the creditor files a motion for such
2 temporary allowance (the “Claims Estimation Motion”).⁶

3 If a creditor seeks to have its claim temporarily allowed for purposes of voting to accept or
4 reject the Plan pursuant to Bankruptcy Rule 3018(a), the Debtors request that such creditor be
5 required to file a Claims Estimation Motion for such temporary allowance by the later of (i) the
6 Voting Objection Deadline or (ii) if such claim is the subject of an objection or a Determination
7 Motion, seven (7) days after the filing of the applicable objection or Determination Motion.

8 In the event that a Determination Motion or Claims Estimation Motion is filed, the Debtors
9 request that the Bankruptcy Court allow the non-moving party to file a reply to such motion by the
10 later of (i) the Voting Objection Deadline, or (ii) seven (7) days after the filing of the applicable
11 motion (the “Voting Objection Reply Deadline”). A hearing will be scheduled (subject to the
12 Bankruptcy Court’s availability) on such motion within seven (7) days of the Voting Objection
13 Reply Deadline but in no event later than the Confirmation Hearing (as defined below). The
14 Debtors further request that the ruling by the Bankruptcy Court on any Determination Motion or
15 Claims Estimation Motion be considered a ruling with respect to the allowance of the claim(s)
16 under Bankruptcy Rule 3018 and such claim(s) be counted, for voting purposes only, in the
17 amount determined by the Bankruptcy Court.

18 The Debtors propose that, in the event a claimant reaches an agreement with the Debtors,
19 as to the treatment of its claim for voting purposes, the claim may be treated in such manner.

20 The Debtors further request that the following voting procedures and standard assumptions
21 be used in tabulating the Ballots:

- 22 a) For purposes of the numerosity requirement of § 1126(c) and based on the
23 reasonable efforts of the Debtors, separate claims held by a single creditor
24 in a particular class will be aggregated as if such creditor held one claim
25 against the Debtors in such class, and the votes related to such claims will
be treated as a single vote to accept or reject the Plan.

26 ⁶ This proposed procedure is consistent with § 1126, which provides that a plan may be accepted
27 or rejected by the holder of a claim allowed under § 502. In turn, § 502(a) provides that a filed
28 proof of claim is deemed allowed “unless a party in interest . . . objects.” 11 U.S.C. § 502(a).

- b) Any creditor who holds duplicate claims within the same class (against one Debtor or across multiple Debtors) shall be provided with only one Solicitation Package and one Ballot for voting a single claim in such class, regardless of whether the Debtors have objected to such duplicate claims.
- c) Creditors must vote all of their claims within a particular class either to accept or reject the Plan and may not split their vote. Accordingly, a Ballot (or multiple Ballots with respect to multiple claims within a single class) that partially rejects and partially accepts the Plan will not be counted.
- d) Ballots that fail to indicate an acceptance or rejection of the Plan or that indicate both acceptance and rejection of the Plan, but which are otherwise properly executed and received prior to the Voting Deadline, will not be counted.
- e) Only Ballots that are timely received with signatures will be counted. Unsigned Ballots will not be counted.
- f) Ballots sent by mail or overnight delivery that are postmarked prior to the Voting Deadline, but received after the Voting Deadline, will not be counted.
- g) Ballots that are illegible, or contain insufficient information to permit the identification of the creditor, will not be counted.
- h) Ballots transmitted to the Debtors by facsimile, electronic mail, or other means not specifically approved by the Bankruptcy Court may be accepted by the Debtors on a case-by-case basis.
- i) Whenever a creditor casts more than one Ballot voting the same claim prior to the Voting Deadline, the last valid Ballot received prior to the Voting Deadline shall be deemed to reflect the voter's intent and supersede any prior received Ballots.
- j) If a creditor simultaneously casts inconsistent duplicate Ballots with respect to the same claim, such Ballots shall not be counted.
- k) Each creditor shall be deemed to have voted the full amount of its claim in a class. Unless otherwise ordered by the Bankruptcy Court, questions as to the validity, form, eligibility (including time of receipt), acceptance, and revocation or withdrawal of Ballots shall be determined by the Debtors, which determination shall be final and binding.
- l) Any Ballot containing a vote that the Bankruptcy Court determines, after notice and a hearing, was not solicited or procured in good faith or in accordance with the provisions of the Bankruptcy Code shall not be counted.

DENTONS US LLP
601 SOUTH FIGUEROA STREET, SUITE 2500
LOS ANGELES, CALIFORNIA 90017-5704
(213) 623-9300

- m) Any Ballot cast by a person or entity that does not hold a Claim in a class that is entitled to vote to accept or reject the Plan shall not be counted.
- n) Notwithstanding anything contained herein to the contrary, the Debtors may contact parties that submitted Ballots to cure any defects in the Ballots.
- o) Any class that does not contain any claim eligible to vote to accept or reject the Plan (by reason of temporary allowance by the Bankruptcy Court or otherwise) as of the date of the Confirmation Hearing shall be deemed eliminated from the Plan for purposes of voting to accept or reject the Plan and for purposes of determining acceptance or rejection of the Plan by such class pursuant to § 1129(a)(8).
- p) If a class contains claims eligible to vote and no holders of claims eligible to vote in such class vote to accept or reject the Plan, the Plan shall be deemed accepted by the holders of such claims in such class.
- q) Unless waived, any defects or irregularities in connection with deliveries of Ballots must be cured within such time as the Debtors or the Bankruptcy Court determines. Neither the Debtors nor any other person or entity shall be under any duty to provide notification of defects or irregularities with respect to deliveries of Ballots, nor shall any incur any liabilities for failure to provide such notification. Unless otherwise directed by the Bankruptcy Court, delivery of such Ballots shall not be deemed to have been made until such irregularities have been cured or waived. Ballots previously furnished (and as to which any irregularities have not theretofore been cured or waived) shall not be counted.
- r) The Debtors, and subject to contrary order of the Bankruptcy Court, may waive any defect in any Ballot at any time, either before or after the Voting Deadline and without notice, and any such waivers shall be documented in the voting results filed with the Bankruptcy Court.
- s) Except as provided below, unless the Ballot being furnished is timely submitted on or prior to the Voting Deadline, the Debtors may reject such Ballot as invalid, and therefore, decline to utilize it in connection with confirmation of the Plan by the Bankruptcy Court; provided, however, that such invalid Ballots shall be documented in the voting results filed with the Bankruptcy Court.
- t) Subject to contrary order of the Bankruptcy Court, the Debtors reserves the absolute right to reject any and all Ballots not proper in form, the acceptance of which would, in the opinion of the Debtors, not be in accordance with the provisions of the Bankruptcy Code; provided, however, that such invalid Ballots shall be documented in the voting results filed with the Bankruptcy Court.

In addition to the foregoing, as applicable, the Debtors request that the following voting procedures and standard assumptions be used in tabulating Master Ballots:

- 1 u) In the case of Class 2 (Secured 2005 Revenue Bond Claims), votes cast by
2 beneficial owners holding through Nominees will be applied to the
3 applicable positions held by such Nominees as of the Voting Record Date.
- 4 v) If conflicting votes or “over-votes” are submitted by or on behalf of a
5 Nominee, the Solicitation Agent shall use reasonable efforts to reconcile
6 discrepancies with such Nominee. The submission of a Master Ballot
7 reflecting an aggregate amount of Class 2 (Secured 2005 Revenue Bond
8 Claims) that exceeds the Voting Record Date position is referred to herein
9 as an “overvote”.
- 10 w) If overvotes are submitted by a Nominee which are not reconciled prior to
11 the preparation of the certification of vote results, the votes to accept and to
12 reject the Plan shall be counted in the same proportion as the votes to accept
13 and to reject the Plan submitted by the Nominee, but only to the extent of
14 the Nominee’s Voting Record Date position.

15 The Debtors submit that such procedures provide for a fair and equitable voting process.

16 **G. Establishment of Deadline and Procedures for Filing Objections to the Confirmation**
17 **of the Plan.**

18 **a. Scheduling the Confirmation Hearing**

19 17. Bankruptcy Rule 3017(c) provides:

20 On or before approval of the disclosure statement, the court shall fix a time within
21 which the holders of claims and interests may accept or reject the plan and may fix
22 a date for the hearing on confirmation.

23 Fed. R. Bankr. P. 3017(c). In accordance with Bankruptcy Rule 3017(c), the Debtors request that
24 a hearing on confirmation of the Plan (the “Confirmation Hearing”) be scheduled for **November**
25 **21, 2019 at 10:00 a.m. (Pacific Time).**

26 The Debtors propose that, no later than **November 14, 2019**, the Debtors will file with the
27 Bankruptcy Court a tabulation report for Plan voting, a proposed form of confirmation order, a
28 memorandum in support of confirmation addressing the requirements of § 1129(a) and any
29 declarations or other evidence in support thereof, and replies to any objections received by the
30 Confirmation Objection Deadline. In light of these deadlines, the Debtors respectfully request that
31 the Court shorten the ballot tabulation deadline set forth in Local Bankruptcy Rule 3018-1(b) from
32 fourteen days to seven days.

1 The Debtors request that the Confirmation Hearing may be continued from time to time by
2 the Bankruptcy Court or the Debtors without further notice other than by notices of continuance
3 filed on the docket of the Debtors' Cases. The proposed timing for the Confirmation Hearing is in
4 compliance with the Bankruptcy Code, the Bankruptcy Rules, and the Local Bankruptcy Rules,
5 and will enable the Debtors to pursue confirmation of the Plan in a timely fashion.

6 **H. Establishing Procedures for the Confirmation Hearing**

7 Bankruptcy Rules 2002(b) and 3017(d) require not less than twenty-eight (28) days' notice
8 to all creditors and equity security holders of the time fixed for filing objections and the hearing to
9 consider confirmation of a chapter 11 plan. In accordance with Bankruptcy Rules 2002 and
10 3017(d), the Debtors propose to provide to all creditors and interest holders a copy of either the
11 Confirmation Hearing Notice, the Notice of Non-Voting Accepting Status and Confirmation
12 Hearing, or the Notice of Non-Voting Rejecting Status and Confirmation Hearing as proposed
13 herein, setting forth, among other things, (a) the date of approval of the Disclosure Statement, (b)
14 the Voting Record Date, (c) the Voting Deadline, (d) the time fixed for filing objections to
15 confirmation of the Plan, and (e) the time, date, and place for the Confirmation Hearing. Such
16 notice will be sent at least twenty-eight (28) days before the deadline to object to confirmation of
17 the Plan.

18 Bankruptcy Rule 2002(1) permits the Bankruptcy Court to "order notice by publication if it
19 finds that notice by mail is impracticable or that it is desirable to supplement the notice." Fed. R.
20 Bankr. P. 2002(1). In addition to mailing the Confirmation Hearing Notice, the Debtors propose to
21 publish the Confirmation Hearing Notice once, as soon as reasonably practical after the entry of
22 the Disclosure Statement Order, in the following newspapers: *Los Angeles Times*, *San Francisco*
23 *Chronicle*, *San Jose Mercury News* and *USA Today*. The Debtors believe that publication of the
24 Confirmation Hearing Notice will provide sufficient notice of the approval of the Disclosure
25 Statement; the Voting Record Date; the Voting Deadline; the time fixed for filing objections to
26 confirmation of the Plan; and the time, date, and place of the Confirmation Hearing to persons
27 who do not otherwise receive actual written notice by mail as provided for in the Disclosure
28 Statement Order.

1 The Debtors submit that the foregoing procedures will provide adequate notice of the
2 Confirmation Hearing and, accordingly, requests that the Bankruptcy Court approve such notice as
3 adequate.

4 **I. Establishing Procedures for the Filing of Objections to the Confirmation of the Plan.**

5 Pursuant to Bankruptcy Rule 3020(b)(1), objections to confirmation of a plan must be filed
6 and served “within a time fixed by the court.” The Confirmation Hearing Notice provides, and the
7 Debtors request the Bankruptcy Court to direct, that objections to the confirmation of the Plan or
8 proposed modifications to the Plan, if any, must:

- 9 a) be in writing;
- 10 b) comply with the Bankruptcy Rules and the Local Bankruptcy Rules;
- 11 c) set forth the name of the objector and the nature and amount of any Claim
12 asserted by the objector against or in the Debtors;
- 13 d) state with particularity the legal and factual bases for the objection and, if
14 practicable, a proposed modification to the Plan that would resolve such
objection; and
- 15 e) be filed with the Bankruptcy Court, together with proof of service, and
16 served so that they are actually received by the Notice Parties (as defined
17 below) no later than **November 7, 2019** which deadline may be extended by
the Debtors (the “Confirmation Objection Deadline”).

18 The Debtors request that Court require any confirmation objection to be served on the
19 following parties (collectively, the “Notice Parties”): (i) counsel to the Debtors, Dentons US LLP,
20 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, Attn: Tania M. Moyron, email:
21 tania.moyron@dentons.com; (ii) counsel to the Committee, Milbank LLP, 2029 Century Park
22 East, 33rd Floor, Los Angeles, CA 90067, Attn: Mark Shinderman, mshinderman@milbank.com;
23 (iii) counsel to the 2005 Revenue Bonds Trustee, Mintz, Levin, Cohn, Ferris, Glovsky and Popeo,
24 P.C., One Financial Center, Boston, Massachusetts 02111, Attn: Daniel S. Bleck and Paul Ricotta,
25 dsblek@mintz.com, pricotta@mintz.com; (iv) counsel to the 2015 Notes Trustee, McDermott Will
26 & Emery LLP, 444 West Lake Street, Suite 4000, Chicago, Illinois 60606, Attn: Nathan F. Coco,
27 ncoco@mwe.com; (v) counsel to the 2017 Notes Trustee, Maslon, LLP, 3300 Wells Fargo Center,
28 90 South Seventh Street, Minneapolis, Minnesota 55402, Attn: Clark Whitmore,

clark.whitmore@maslon.com; and (vi) counsel to the U.S. Trustee, Office of the United States Trustee, 915 Wilshire Boulevard, Suite 1850, Los Angeles, California 90017, Attn: Hatty K. Yip, hatty.yip@usdoj.gov.

The proposed timing for filing and service of objections and proposed modifications, if any, will afford the Bankruptcy Court, the Debtors, the Committee, and other parties in interest sufficient time to consider the objections and proposed modifications prior to the Confirmation Hearing.

21 of the following five Debtor California nonprofit public benefit corporations that, on the Petition
22 Date, operated six acute care hospitals: O'Connor Hospital ("OCH"), Saint Louise Regional
23 Hospital ("SLRH"), St. Francis Medical Center ("SFMC"), St. Vincent Medical Center ("SVMC"),
24 Seton Medical Center ("SMC"), and Seton Medical Center Coastsides ("Seton Coastsides" and,
25 together with OCH, SLRH, SFMC, and SVMC, the "Hospitals"). SMC and Seton Coastsides
26 (collectively, "Seton") operated under one consolidated acute care hospital license. All of the
27 Hospitals were licensed as general acute care hospitals by the California Department of Public
28 Health.

As of the Petition Date, VHS, the Hospitals, and their affiliated entities (collectively, “Verity Health System”) operated as a nonprofit health care system in California, with approximately 1,680 inpatient beds, six active emergency rooms, a trauma center, and a host of medical specialties, including tertiary and quaternary care. The scope of the services provided by the Verity Health System is exemplified by the fact that, in 2017, the Hospitals provided medical services to over 50,000 inpatients and approximately 480,000 outpatients. The Hospitals were certified to participate in the Medicare and Medi-Cal programs. In furtherance of its mission to serve the community, Verity Health System provided care to patients even though they lacked adequate insurance or participated in programs that did not pay full charges. Further information concerning each of the Debtor’s operations are discussed in the *Declaration of Richard G. Adcock in Support of Emergency First-Day Motions* [Docket No. 8] (the “First-Day Declaration”).

The Debtors are as follows:

- Verity Health System of California, Inc.
- O’Connor Hospital
- Saint Louise Regional Hospital
- St. Francis Medical Center
- St. Vincent Medical Center
- Seton Medical Center (which includes Seton Medical Center Coastsides campus)
- Verity Business Services
- O’Connor Hospital Foundation
- Saint Louise Regional Hospital Foundation

- St. Vincent Medical Center Foundation
- Seton Medical Center Foundation
- Verity Medical Foundation
- Verity Holdings, LLC
- De Paul Ventures, LLC
- De Paul Ventures - San Jose Dialysis, LLC
- St. Vincent Dialysis Center

The Debtors employed approximately 7,385 employees (the “Employees”) in the aggregate. Almost three-quarters of the Debtors’ Employees, approximately 5,500 people in total, were represented by one of the following unions (the “Unions”) pursuant to collective bargaining agreements between the Unions and the respective Debtors: California Nurses Association (“CNA”); Service Employees International Union (“SEIU”); California Licensed Vocational Nurses’ Association (“CLVNA”); United Nurses Associations of California/Union of Health Care

1 Professionals (“UNAC”); the American Federation of Labor and Congress of Industrial
2 Organizations (“AFL-CIO”); International Operating Engineers, Stationary Engineers, Local No.
3 39 (“Local 39”); and the International Federation of Professional and Technical Engineers, Local
4 20 (“Local 20”).

5 **B. The Non-Debtor Affiliates**

6 Certain of the Debtors have interests in the entities listed below that did not file voluntary
7 petitions for relief (collectively, the “Non-Debtor Affiliates”). The Non-Debtor Affiliates are as
8 follows:

- 9 • De Paul Ventures - San Jose ASC, LLC
- 10 • Marillac Insurance Company, Ltd.
- 11 • O’Connor Health Center I
- 12 • Sports Medicine Management, Inc.
- 13 • St. Vincent de Paul Ethics Corporation
- 14 • VHoldings MOB, LLC
- 15 • Robert F. Kennedy Medical Center
- 16 • Robert F. Kennedy Medical Center Foundation

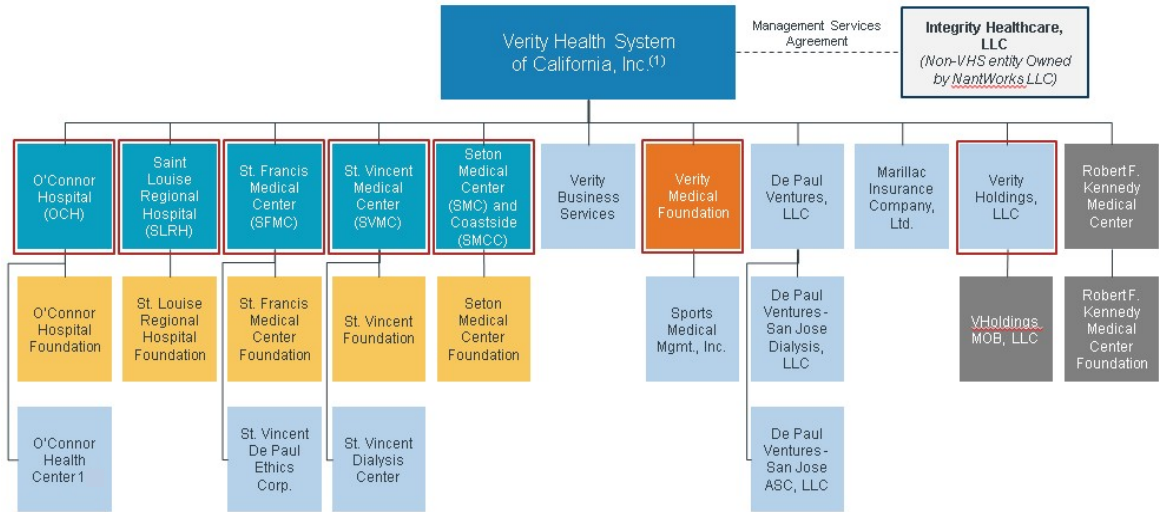

17 Further information concerning each of the Non-Debtor Affiliate’s operations are discussed
18 in the First-Day Declaration. The Non-Debtor Affiliates do not have material assets or value except
19 for Marillac Insurance Company, Ltd. (“Marillac”) and O’Connor Health Center I (“OCH1”).

20 Marillac, a wholly-owned subsidiary of VHS, provides insurance coverage to the Debtors.
21 Marillac was incorporated in the Cayman Islands on December 9, 2003, and holds a Class B(i)
22 Insurer’s License pursuant to the Cayman Islands Insurance Law, 2010. This class of licensure
23 applies to insurers writing at least 95% of net premiums with their related business (in this case
24 VHS). Marillac was granted a Class B(i) license effective April 2, 2015.

25 OCH1 is a California limited partnership, formed in January 1996. OCH Forest 1, LP is the
26 general partner in OCH1 and OCH is a limited partner. OCH1 owns certain real property at 455
27 O’Connor Drive, San Jose, California, which is leased by OCH.

28 **C. Corporate Structure**

III.

EVENTS LEADING TO THE COMMENCEMENT OF THESE CHAPTER 11 CASES

A. Overview of the Debtors' Prepetition Business Operations

The Daughters of Charity of St. Vincent de Paul, Province of the West, (the "Daughters of Charity") originally owned and operated the Hospitals and VMF. The Daughters of Charity began their healthcare mission in California in 1858 with the opening of Los Angeles Infirmary, now known as St. Vincent Medical Center. The Daughters of Charity expanded its hospitals to San Jose in 1889 and San Francisco in 1893. The Daughters of Charity ministered to the poor and sick for more than 150 years.

In March 1995, the Daughters of Charity merged with Catholic Healthcare West ("CHW"). In June 2001, the Daughters of Charity Health System was formed. In October 2001, the Daughters of Charity withdrew from CHW. In 2002, the Daughters of Charity Health System commenced operations and was the sole corporate member of the Hospitals, which at that time were California nonprofit religious corporations.

Between 1995 and 2015, the Daughters of Charity and Daughters of Charity Health System struggled to find a solution to continuing operating losses, either through a sale of some or all of the hospitals or a merger with a more financially-sound partner. All these efforts failed, and the health system's losses continued to mount. In 2005, Daughters of Charity Health System issued \$364 million in bonds to refinance existing debt and to fund future capital expenditures. Three years later, in 2008, they issued another \$143 million in bonds to refinance existing debt (the "2008 Bonds").

Between 2012 and 2014, Daughters of Charity Health System participated in an affiliation with Ascension Health Alliance ("Ascension") in an effort to create greater operating efficiencies. Previously, Ascension was the largest Catholic health system in the world and the largest non-profit health system in the United States with facilities in 23 states and the District of Columbia. The affiliation between Daughters of Charity Health System and Ascension failed.

Despite continuous efforts to improve operations, operating losses continued to plague the health system due to, among other things, mounting labor costs, low reimbursement rates and the

1 ever-changing healthcare landscape. In 2013, Daughters of Charity Health System actively
2 solicited offers for OCH, SLRH, and Seton. In 2013, to avoid failing debt covenants, the Daughters
3 of Charity Foundation, an organization separate and distinct from the Daughters of Charity Health
4 System, donated \$130 million to the health system to allow it to retire the 2008 Bonds in the total
5 amount of \$143.7 million.

6 In early 2014, Daughters of Charity Health System announced that they were beginning a
7 process to evaluate strategic alternatives for the health system. Throughout 2014, Daughters of
8 Charity Health System explored offers to sell the health system and, in October of 2014, they
9 entered into a purchase agreement with Prime Healthcare Services and Prime Healthcare
10 Foundation (collectively, “Prime”). However, to keep the Hospitals open during the sale process,
11 Daughters of Charity Health System borrowed another \$125 million to mitigate immediate cash
12 needs until the sale could be consummated. Notably, the goal of the transaction was to maintain
13 the status quo. The guiding principles for the sale included protecting existing pensions, repaying
14 all bond debt, continuation of all collective bargaining agreements, maintenance of existing
15 contracts for patient services, and obtaining promises for substantial capital expenditures. In early
16 2015, the Attorney General of California (the “Attorney General”) consented to the sale to Prime,
17 subject to certain conditions. Prime terminated the transaction in light of the “onerous conditions”
18 on the continued operation of the Hospitals imposed by the Attorney General.

19 In 2015, Daughters of Charity Health System again marketed their health system for sale,
20 and, again, focused on offers that maintained the health system as a whole and assumed all the
21 obligations. In July 2015, the Daughters of Charity Health System board of directors selected
22 BlueMountain Capital Management LLC (“BlueMountain”), a private investment firm, to
23 recapitalize operations and transition leadership of the health system to the new Verity Health
24 System (the “BlueMountain Transaction”).

25 In connection with the BlueMountain Transaction, BlueMountain agreed to make a capital
26 infusion of \$100 million to the Verity Health System, arrange loans for another \$160 million to the
27 Verity Health System, and manage operations of the Verity Health System, with an option to buy
28 Verity Health System at a future time. In addition, the parties entered into a System Restructuring

1 and Support Agreement (the “Restructuring Agreement”) that, among other things, changed the
2 Daughters of Charity Health System name to Verity Health System. The Restructuring Agreement
3 also provided that VHS and the Hospitals would be converted from religious corporations to
4 nonprofit public benefit corporations.

5 The Daughters of Charity Health System requested the Attorney General’s consent to enter
6 into the Restructuring Agreement and the BlueMountain Transaction. The Attorney General
7 retained MDS Consulting, an expert consulting firm, to prepare healthcare impact reports for the
8 Attorney General concerning the proposed transactions. According to the expert’s healthcare
9 impact reports, Daughters of Charity Health System outlined the following reasons why the
10 BlueMountain Transaction was either necessary or desirable:

- 11 • The current structure and sponsorship of Daughters of Charity Health System was no longer
12 possible as a result of cash flow projections and dire financial conditions.
- 13 • In July and August of 2014, Daughters of Charity Health System obtained a short-term
14 financing bridge loan in the amount of \$125 million to mitigate the immediate cash needs
15 for an estimated period of time long enough to allow for the transaction to close. Repayment
16 of the funds was due on December 15, 2015, at which time if the full amount was not repaid,
17 Daughters of Charity Health System would be at risk of defaulting on both their outstanding
2014 and 2005 revenue bonds.
- 18 • Without bankruptcy protection or additional financial support, Daughters of Charity Health
19 System could not continue hospital operations if there is a default.

20 On December 3, 2015, the Attorney General approved the BlueMountain Transaction,
21 subject to certain conditions (the “Conditions”). The Conditions were imposed for periods ranging
22 from 5 to 15 years and generally included: (1) limits on transfers of control; (2) maintenance of
23 specific health services and specific bed counts; (3) required participation in Medicare and Medi-
24 Cal programs; (4) required levels of community benefit programs; (5) required levels of charity
25 care; (6) maintenance of certain county payor contracts; (7) requirements for local governing
26 boards; (8) requirements for medical staff compliance; and (9) an annual attestation of compliance
27 with the Conditions.

28 In 2015, BlueMountain formed Integrity Healthcare, LLC (“Integrity”) to carry out
management services for Verity Health System. The Integrity management services were provided
pursuant to 15-year term Health System Management Agreement by and between Integrity and

VHS (the “Management Agreement”). Integrity received a monthly management fee pursuant to the Management Agreement, which was calculated based on a specified percentage of trailing 12-month operating revenues for VHS and provided that VHS could defer a portion of the fee payments with such deferments subject to interest accruing at 2.82% per annum. Integrity was wholly owned by BlueMountain through June 30, 2017.

Verity Health System did not prosper despite BlueMountain’s infusion of cash and retention of various consultants and experts to assist in improving cash flow and operations.

In July 2017, NantWorks, LLC (“Nantworks”) acquired a controlling stake in Integrity. NantWorks brought in new officers and NantWorks loaned another \$148 million to the Debtors. The NantWorks transaction did not result in significant changes to the terms of the Restructuring Agreement or the Conditions.

Once again, Verity Health System did not achieve expected success despite the infusion of capital and new management. Losses continued at approximately \$175 million annually on a cash flow basis.

VHS’s great efforts to revitalize its Hospitals and improvements in performance and cash flow proved insufficient to overcome the legacy burden of more than a billion dollars of bond debt and unfunded pension liabilities, an inability to renegotiate collective bargaining agreements or payor contracts, the continuing need for significant capital expenditures for seismic obligations and aging infrastructure, and the general headwinds facing the hospital industry. It became apparent that the problems facing the Verity Health System were too large to solve without a formal court supervised restructuring.

B. The Debtors’ Prepetition Capital Structure³

VHS, Verity Business Services (“VBS”), and the Hospitals are jointly obligated parties on approximately \$461.4 million of outstanding secured debt consisting of: (a) \$259.4 million

³ For additional information concerning the Debtors’ prepetition capital structure, the Debtors refer to the *Declaration of Anita Chou, Chief Financial Officer, in Support of Motion Of Debtors For Interim And Final Orders (A) Authorizing The Debtors To Obtain Post Petition Financing (B) Authorizing The Debtors To Use Cash Collateral And (C) Granting Adequate*

1 outstanding tax exempt revenue bonds, the 2005 Series A, G and H Revenue Bonds, issued by the
2 California Statewide Communities Development Authority (“CSCDA”), which loaned the bond
3 proceeds to VHS to provide funds for capital improvements and to refinance certain tax exempt
4 bonds previously issued in 2001 by the Daughters of Charity Health System; and (b) \$202 million
5 outstanding tax exempt revenue notes, the 2015 Revenue Notes and the 2017 Revenue Notes issued
6 by the California Public Finance Authority (the “CPFA”), which loaned the proceeds to VHS to
7 provide working capital. Wells Fargo Bank, National Association, is the 2005 Revenue Bonds
8 Trustee, and U.S. Bank, National Association, is the 2015 Notes Trustee and 2017 Notes Trustee.

9 Except for the taxable Series 2015C of the 2015 Revenue Notes, the 2005 Series A, G and
10 H Revenue Bonds, 2015 Revenue Notes, and 2017 Revenue Notes are all tax exempt, meaning
11 interest on the bonds is not taxable to the holders, so long as the obligors maintains their qualified
12 tax exempt status and the proceeds of the bonds are used for the tax exempt purposes for which
13 they were originally intended. The Series 2005 A Bonds are comprised of four term bonds maturing
14 on July 1, 2024, 2030 and 2035, bearing interest at 5.75% (Series 2005A-2024), (Series 2005A-
15 2030), (Series 2005A-2035) and one maturing July 1, 2039 bearing interest at 5.50% (Series
16 2005A-2039). The Series 2005G term bond matures on July 1, 2022 and bears interest at 5.50%.
17 The Series 2005H- term bond matures on July 1, 2025 and bears interest at 5.75%. The 2015
18 Revenue Notes matured on June 10, 2019 (Series 2015A, Series 2015B, Series 2015C and Series
19 2015D) and the 2017 Revenue Notes mature on December 10, 2020 (Series 2017A, 2017B). Series
20 2015A and B and Series 2017 and 2017B bear interest at 7.25%, while the Series 2015D carries an
21 8.75% interest rate and the taxable Series 2015C accrues interest at 9.5%.

22 Holdings, a direct subsidiary of its sole member VHS, was created in 2016 to hold and
23 finance the Debtors’ interests in six medical office buildings whose tenants are primarily physicians
24 and other practicing medical groups and certain of the Hospitals. Holdings is the borrower of
25 approximately \$66 million through two series of non-recourse financing secured by separate deeds
26 of trust and revenue and accounts pledges, including lease rents on each medical building, pursuant

27 *Protection To Prepetition Secured Creditors Pursuant To 11 U.S.C. §§ 105, 363, 364, 1107*

1 to the MOB I Loan Agreement and MOB II Loan Agreement (collectively, the “MOB Financings”).
2 The MOB Financings bear interest at a variable interest rate equal to One Month LIBOR, plus a
3 spread of 5.0% with a floor of 6.23% for the first series and a floor of 6.92% for the second series.
4 The secured lenders for the MOB Financings are affiliates of NantWorks, which is an affiliate of
5 Integrity.

6 During May 2017, the CSCDA issued \$20 million of limited obligation tax exempt bonds,
7 pursuant to the CaliforniaFIRST Clean Fund Program in five series all with the same maturity date
8 of September 2, 2047 (the “Clean Fund Bonds”) as the conduit issuer for the benefit and obligation
9 of Verity. The purpose of the bond funding was to assist with clean energy construction efforts of
10 the SMC and are secured by SMC’s voluntary agreement to special tax assessments by Daly City.
11 No other Debtor is liable for repayment of the Clean Fund Bonds. Wilmington Trust National
12 Association (“WTNA”) is the Trustee holding the construction funds, and a prefunded capitalized
13 interest fund and is the collateral agent for collection of the special tax assessments for use in paying
14 interest and principal on the Clean Fund Bonds. Interest on the Clean Fund Bonds accrues at 6.4%.
15 The special assessment runs for a period which is the shorter of 30 years or the early full
16 defeasement of the Clean Fund Bonds.

17 In September 2017, the CSCDA issued \$20 million of limited obligation tax exempt bonds,
18 pursuant to the CaliforniaFIRST Program for the purpose of assisting with clean energy and seismic
19 improvement construction at SMC (“NR2 Petros Bonds”). The NR2 Petros Bonds also mature on
20 September 2, 2047, and carry an interest rate of 6.45%. The NR2 Petros Bonds are also California
21 tax exempt and are secured by a special Daly City tax assessment on SMC property. No other
22 Debtor is liable for repayment of the NR2 Petros Bonds. The special assessment runs for a period
23 which is the shorter of 30 years or the early full defeasement of the NR2 Petros Bonds. WTNA is
24 the Trustee holding the seismic improvement funds, as well as a pre-funded interest payment fund.

25 NantCapital also provided \$40 million of unsecured debt financing for Holdings as reflected
26 in two \$20 million unsecured notes (the “Nant Unsecured Notes”). The Nant Unsecured Notes are
27 balloon notes with interest and principal payable at maturity in 2020 and carry annual compounded
28 interest rates of 7.25%.

C. The Debtors' Prepetition Unsecured Claims

The unsecured claims against the Debtors on the Petition Date include claims made by vendors of goods and services, cost report payables, pension obligations, management fees, incurred but not reported third party claims and other claims as discussed in Section VI of this Disclosure Statement below.

D. The Debtors' Retirement Related Benefit Plans

The Debtors maintain several retiree-related benefit plans that include pension benefits and healthcare benefits. With respect to pensions, there are two single employer defined benefits plans, two multi-employer defined benefit plans (collectively, the "Defined Benefits Pension Plans") and several defined contribution plans (collectively, the "Defined Contribution Pension Plans" and, referred to along with the Defined Benefits Plans as the "Pension Plans"). In addition, the Debtors maintain a retiree health benefit plan that provides a supplement for retirees who timely select into the program (the "Retiree Health Benefit"). At present, there are only approximately 12 retirees who utilize the Retiree Health Benefit.

The Defined Benefits Pension Plans originated with or otherwise arose out of defined benefits pension plans that were maintained by, or otherwise contributed into, by Daughters of Charity. In connection with the BlueMountain Transaction, VHS retained liabilities with respect to certain of these Defined Benefits Pension Plans, including a single employer non-ERISA compliant, non-PBGC-insured "Church Plan." At the time of the BlueMountain Transaction, the Church Plan was significantly underfunded. As a provision of the BlueMountain Transaction, VHS agreed to convert the Church Plan to an ERISA-compliant, PBGC-insurable defined benefit plan, which was called the Verity Health System Retirement Plan (the "VHS Plan"). Subsequently, in an effort to enhance its ability to meet contribution requirements, the Board of Directors of VHS converted the VHS Plan into Verity Plan A and, using approximately \$7,966,440 from the corpus of Plan A, created Verity Plan B (collectively, the "Single-Employer Plans"). The creation of Plan B permitted the largest number of beneficiaries with the lowest account balances to be shifted into Plan B, thereby reducing insurance costs of Plan A. The Debtor entities that participate in the Single-Employer Plans include OCH, SLRH, SFMC, and SVMC. In addition, certain systems

1 office employees participate in Plan A. The Single-Employer Plans are frozen as to all employees,
2 other than with respect to Plan A for active CNA members. Since its creation and up to the Petition
3 Date, Verity made all required contributions to Plan A. Based upon those contributions, Plan A
4 became insured up to 40% of the maximum insurable level provided by PBGC. Since the Petition
5 Date, and pursuant to Bankruptcy Court authorization, contributions have been made to Plan A
6 with respect to active CNA members. Because Plan B was and remains fully funded, no
7 contributions have been made to Plan B since its creation. The PBGC has informed the Debtors
8 that it intends to terminate the Single-Employer Plans, which the Debtors' expect will be effective
9 upon or before the closing of the SGM Sale.

10 In addition to the Church Plan, Verity inherited obligations with respect to two
11 multiemployer defined benefit pension plans, referred to as the Retirement Plan for Hospital
12 Employees ("RPHE") and the Stationary Engineers Local 39 Pension Plan ("Local 39 Plan" and
13 ,collectively referred to with the RPHE as the "Multi-Employer Plans"). The Debtor entities that
14 participate in the RPHE are Seton (defined herein to include both Seton Medical Center and Seton
15 Medical Center Coastside), OCH, SLRH, and Caritas Business Services. The RPHE was frozen as
16 to these facilities, other than with respect to CNA members at OCH, SLRH and Seton Medical
17 Center. Benefits under the RPHE are generally based on years of service and employee
18 compensation. Contributions to the RPHE are based on actuarially determined amounts established
19 by the RPHE Board of Trustees to meet benefits to be paid to plan participants and satisfy IRS
20 funding requirements. Similar to the Church Plan, the RPHE was significantly underfunded. After
21 the BlueMountain transaction and up through July 31, 2018, the Debtors made all requisite
22 contributions to the RPHE.

23 In addition to the Defined Benefits Pension Plans, VHS and VMF maintain several Defined
24 Contribution Plans for employees, which include employer matching contributions and cover union
25 represented employees. The Defined Contribution Plans include the Verity Health System
26 Supplemental Retirement Plan (TSA), the Verity Health System Supplemental Retirement Plan
27 (401(a)), the Verity Health System Retirement Plan Account (RPA), the Verity Medical Foundation
28 401(k) Plan, the Verity Medical Foundation Management Bargaining Unit Employees 401(k) Plan

1 for represented employees and the Verity Health System Executive Long-Term Savings Plan s
2 457(b) (or “Rabbi Trust Plan”) for nonrepresented employees. The Defined Contribution Plans are
3 funded from employee and/or employer contributions generally on a payroll by payroll basis. In
4 addition to the above active defined contribution plans, there are several small, frozen ancillary
5 retirement plans. During the fiscal years ended June 30, 2017 and 2016, the employer’s
6 contribution expense for DC Plans was approximately \$18.48 million and \$21.75 million,
7 respectively. The Defined Contribution Pension Plans are fully funded and contributions have
8 continued throughout the Chapter 11 Cases.

9 **E. Fiscal Crisis on the Petition Date**

10 As described above, the fiscal crisis which faced the Debtors on the Petition Date was the
11 consequence of multiple historical challenges. Below are a few of the most significant financial
12 issues the Debtors faced when they filed the Chapter 11 Cases.

13 **1. Payor Rates**

14 The Debtors’ payor contracts with health plans were 20-43% below market. The Conditions
15 imposed by the Attorney General required that the Debtors maintain certain payor contracts, which
16 severely limited the Debtors’ negotiating power. These below market rates made it impossible for
17 the Hospitals to generate sufficient cash flow to maintain liquidity.

18 **2. Labor Rates**

19 Payroll costs in the twelve months before the Petition Date increased by nearly \$65 million.
20 The increase was partially related to Union contracts, which, prepetition, increased the Debtors’
21 labor costs by approximately 5% year-over-year.

22 **3. Pension Plan Obligations**

23 The Debtors incurred, and anticipated, significant expenses on account of Pension Plan and
24 other postretirement benefit liabilities, many of which are related to underfunded legacy obligations
25 dating back to the Daughters of Charity Health System.

26 For example, as of the Petition Date, the RPHE was frozen to ongoing benefit accruals,
27 except with respect to CNA members at OCH, SLRH, and SMC. However, prepetition, VHS had
28 recorded benefit expenses of \$16.72 million and \$20.46 million in cash contributions to the RPHE

1 for fiscal years ended June 30, 2018 and 2017, respectively, and \$12.36 million to the RPHE for
2 the period from December 2015 through June 2016. Further, on the Petition Date, VHS was
3 scheduled to make contributions to the RPHE totaling \$13.61 million in fiscal year 2019. A
4 significant amount of those scheduled contributions in fiscal year 2019—\$8.54 million—
5 represented make-up contributions for unfunded amounts that arose during the Daughters of
6 Charity Health System time period.

7 Similarly, as of the Petition Date, Verity Plans A & B were frozen with respect to ongoing
8 benefit accruals, except with respect to CNA members at SVMC participating in Verity Plan A.
9 VHS contributed \$45.40 million and \$41.68 million to Verity Plan A & B for fiscal years ended
10 June 30, 2018 and 2017, respectively, and \$7.73 million to Verity Plan A for the period from
11 December 2015 through June 2016. Further, on the Petition Date, VHS was scheduled to make
12 contributions to Verity Plan A totaling \$25.50 million in fiscal year 2019, of which \$20.26 million
13 represented make-up contributions for underfunded amounts that arose during the Daughters of
14 Charity Health System time period.

15 **4. IT Investment**

16 VHS's information technology ("IT") system required investments of nearly \$50 million
17 over the coming year. The Debtors IT systems relied on outdated electronic health records and
18 enterprise resource planning (i.e., human resources, supply chain management, inventory
19 management, etc.). Further, significant IT asset upgrades were required to modernize the Hospitals
20 and continue providing quality patient care services. For example, VHS needed to (i) immediately
21 replace its outdated local area and wireless networking equipment with modern equipment to enable
22 reliable access by all VHS system users (a \$15 million estimated cost over a one-year
23 implementation period), and (ii) replace VHS's obsolete clinical systems, including medical record
24 systems and financial systems, to provide up-to-date patient records, improved clinical planning,
25 care management, and better charge control (a \$220 million estimated cost over a period of two
26 years).

1 **5. Seismic and Energy Requirements**

2 VHS faced required seismic and energy expenditures of over \$150 million over the coming
3 years. The forecasted expenses included building improvements and demolitions at SVMC, SMC,
4 and OCH that must be completed by 2020, and another round of improvement obligations at
5 SVMC, SMC, OCH, and SLRH required by 2030. These seismic improvement deadlines are
6 mandated by the California Office of Statewide Health Planning and Development and the Attorney
7 General pursuant to the Conditions imposed on the BlueMountain Transaction.

8 **6. Insurance Obligations**

9 As set forth in the First-Day Declaration, the Debtors maintain various insurance policies
10 issued by several insurance carriers (collectively, the “Insurance Carriers”). Collectively, these
11 policies provide for coverage for, among other things: storage tank liability, commercial property,
12 workers’ compensation and employers liability, commercial automobile, helipad liability & non-
13 owned aircraft liability, sexual misconduct and molestation liability, D&O liability, general
14 liability, and professional liability (collectively, the “Insurance Policies”).⁴

15 Significant insurance is issued to the Debtors by its captive insurer Marillac. The policies
16 issued by Marillac cover professional and general liability (both at the primary and excess level)
17 and additional excess coverage as to automobile liability, heliport and non-owned aircraft liability,
18 employer’s liability and certain other general liability.

19 The Debtors maintain a workers’ compensation insurance policy with Old Republic
20 Insurance Company (“Old Republic”) with a \$500,000 deductible for each claim. Old Republic
21 provides coverage under the policy up to \$1 million for each claim. Marillac issued a Deductible
22 Liability Protection Policy which provides coverage for the deductible obligations on the Debtors’
23 workers’ compensation policy issued by Old Republic. On average, the monthly invoice amounts
24 for deductibles (including allocated loss adjustment expenses) incurred under the workers’
25 compensation policy is between \$400,000 and \$650,000, which are timely paid by Marillac under
26 the Deductible Liability Protection Policy.

27 ⁴ The Insurance Policies include six CA DHS Patient Trust Bonds, which will not come due for
28 renewal until December 2019.

1 The Debtors also maintain self-insured retentions of \$250,000 per claim under their D&O
2 liability coverage, \$350,000 per claim under their employment practices coverage, \$50,000 per
3 claim under their fiduciary liability coverage, \$100,000 per claim under their crime coverage, and
4 \$50,000 per claim under their sexual misconduct and molestation liability coverage (the “Self-
5 Insured Retentions” or “SIRs”). A SIR is a loss amount that the insured is obligated to pay before
6 the insurer’s coverage obligation is triggered.

7 The Debtors’ Self-Insured Retentions are administered, so that the Debtors pay directly for
8 the losses under each policy as they are incurred up to the amounts of the Self-Insured Retentions.
9 Such SIRs due prepetition have been paid pursuant to the Insurance Motion (as defined below).

10 **7. Medical Equipment**

11 On the Petition Date, VHS required over \$100 million in medical equipment expenditures
12 over a period of several years. The Debtors delayed these investments because significant debt,
13 pension, seismic and operating losses limited the Debtors’ liquidity.

14 **F. Working Capital Shortfalls**

15 The Debtors, like other hospitals serving similar communities, rely on government support
16 to help bridge the gap between what they get reimbursed by private insurance companies, Medicare
17 and Medi-Cal and their cost of providing care. The Quality Assurance Fee program, established in
18 2010, provides funding for supplemental payments to California hospitals that serve Medi-Cal and
19 uninsured patients. The program is successful, providing billions of dollars in supplemental
20 payments to California hospitals. The Medicare and Medi-Cal programs also provide funding to
21 hospitals that treat indigent patients through the Disproportionate Share Hospital (“DSH”)
22 programs, under which facilities are able to receive at least partial compensation. Under the Patient
23 Protection and Affordable Care Act of 2010 (P.L. 111-148, as amended) (the “ACA”), Congress
24 would have reduced federal DSH allotments beginning in 2014, to account for the decrease in
25 uncompensated care anticipated under health insurance coverage expansion. However, several
26 pieces of legislation enacted since 2010 have since delayed the ACA’s Medicaid DSH reduction
27 schedule. Unfortunately, the Quality Assurance Payments and DSH program payments are
28

unreliable sources of cash flow as the Debtors regularly experienced payment reductions and delays.

The Debtors' reliance on Quality Assurance Payments led to working capital shortages due to delays in approval and lower than expected payments. For example, on the Petition Date:

- *14-Month Delay*: QAF V FFS program (service period 1/1/17 - 6/30/19) was not approved until December 2017, and the Debtors did not start receiving payments until the end of February 2018 (14-month delay);
- *29-Month Delay*: QAF V HMO program's first payment was not funded until May 2019 (a 29-month delay on receiving funds);
- *Receiving less than Expected*: Through all 10 QAF V FFS cycles, the Debtors received anywhere from 70% to 100% of expected payments.

G. The Attorney General Conditions

As set forth above, as part of approving the Restructuring Agreement, the Attorney General placed certain operational restrictions on VHS and each of the Hospitals, which include certain minimum annual spending for charity care, community benefits, and capital expenditures among other mandates. The Conditions had the cumulative effect of locking the Debtors into a failing business model, dictating minute details of business operations, and denying the Debtors the ability to repurpose facilities. For example, SMC could potentially better serve its community by operating as a much-needed long-term post-acute care facility, rather than as one of the many acute care hospitals in a saturated service area. The Conditions foreclose this option.

The Conditions also compelled the Debtors to expend millions of dollars to provide charity care even though the number of uninsured people in California steadily decreased since passage of the ACA. In October 2017, VHS was also required to make an additional contribution to the Retirement Plans of \$7.62 million as a result of a shortfall in the fiscal year 2017 charity care requirement for certain hospitals.

The Conditions denied the Debtors the benefits of the marketplace. For example, as discussed above, the Conditions require the Debtors to enter into payor contracts with specific entities regardless of whether more economically advantageous contract terms are offered elsewhere. Because those payors were well aware of this obligation, VHS lost all bargaining power with those payors.

The Debtors commenced these Chapter 11 Cases as a result of the issues discussed in this Section III with the objective of protecting the original legacy of the Daughters of Charity to the maximum extent possible. The Debtors pursued a strategy to retire debt incurred over the past 18 years so the Hospital facilities and work force can continue their critical operations under new ownership and leadership without the accumulated crisis of the past.

IV.

SIGNIFICANT EVENTS DURING THE CHAPTER 11 CASES

Below is a discussion of the material pleadings and events to date during the Chapter 11 Cases.

A. Material First-Day Motions and Related Adversary Proceeding Filed on the Petition

Date

1. Emergency Motion to Pay the Debtors' Prepetition Priority Wages

The Debtors filed an emergency motion [Docket No. 22] (the "Wage Motion") for authority to pay the Debtors' prepetition priority wages and related benefits in the ordinary course of business to avoid the disruption to the Debtors' business from failing to do so. The Bankruptcy Court granted the Wage Motion. *See* Docket No. 612.

2. Emergency Motion to Provide Adequate Assurance of Payment to the Debtors'

Utilities

The Debtors filed an emergency motion [Docket No. 28] (the "Utilities Motion") for an order authorizing the Debtors to provide adequate assurance of future payment to certain utility companies pursuant to § 366(c). The Bankruptcy Court granted the Utilities Motion. *See* Docket No. 133.

3. Emergency Motion for Joint Administration of these Chapter 11 Bankruptcy

3 The Debtors filed an emergency motion[Docket No. 29] (the “Critical Vendor Motion”) for
4 authority to honor the prepetition obligations to certain critical vendors. The Bankruptcy Court
5 granted the Critical Vendor Motion. *See* Docket Nos. 134, 436].

6 **5. Emergency Motion to Maintain Cash Management Systems**

7 The Debtors filed an emergency motion [Docket No. 23] (the “Cash Management
8 Motion”) for authority to maintain their cash management systems, which was imperative to avoid
9 significant disruption to the Debtors’ business operations. The U.S. Trustee provided the Debtors
10 with informal comments to the Cash Management Motion. *See* Docket No. 70 at 1. Based on the
11 comments, the Debtors supplemented the Cash Management Motion [Docket No. 70] and agreed
12 to a mutually acceptable postpetition cash management system with the U.S. Trustee. Accordingly,
13 the Bankruptcy Court granted the Cash Management Motion on an interim basis as modified and
14 supplemented. *See* Docket. No. 76.

15 On September 27, 2018, the Committee filed a response [Docket No. 313] to the Cash
16 Management Motion. On October 1, 2018, the Debtors filed their reply [Docket No. 357]. The
17 Bankruptcy Court overruled the objections raised in the Committee’s response and entered an order
18 granting the Cash Management Motion on a final basis. *See* Docket Nos. 384, 728.

19 **6. Emergency Motion to Maintain Insurance Programs and Related Adversary**
20 **Proceeding**

21 The Debtors filed an emergency motion [Docket No. 24] (the “Insurance Motion”) for
22 authority to maintain insurance programs, pay premiums and other obligations in the ordinary
23 course, and prevent insurance companies from enforcing *ipso facto* provisions or otherwise
24 terminating insurance policies without first seeking relief from the automatic stay. The Bankruptcy
25 Court granted the Insurance Motion. *See* Docket No. 131.

26 The Debtors filed an adversary proceeding against Old Republic requesting injunctive relief
27 to prevent Old Republic from drawing down the Letter of Credit due to the bankruptcy filing. *See*
28 Adv. Pro. No. 2-18-ap-01277-ER, Docket No. 1. That same day, the Bankruptcy Court entered an

1 order issuing a temporary restraining order, enjoining Old Republic from drawing down the Letter
2 of Credit in full based upon the Debtors' insolvency or bankruptcy filing. *See id.*, Docket No. 4.
3 On September 11, 2018, the Debtors and Old Republic entered into a stipulation whereby Old
4 Republic agreed not to draw on the Letter of Credit based upon the Debtors' insolvency or
5 bankruptcy filing which was approved in an order of the Bankruptcy Court. *See id.*, Docket Nos.
6 24, 25. On November 19, 2018, the Debtors voluntarily dismissed the adversary proceeding against
7 Old Republic. *See id.*, Docket No. 27.

8 **7. DIP Financing/Cash Collateral**

9 On August 31, 2018, the Debtors filed the *Emergency Motion Of Debtors For Interim And*
10 *Final Orders (A) Authorizing The Debtors To Obtain Post Petition Financing (B) Authorizing The*
11 *Debtors To Use Cash Collateral And (C) Granting Adequate Protection To Prepetition Secured*
12 *Creditors Pursuant To 11 U.S.C. §§ 105, 363, 364, 1107 and 1108* [Docket No. 31] (the "DIP
13 Motion"). Under the DIP Motion, the Debtors sought debtor-in-possession financing (the "DIP
14 Financing") from Ally Bank, as agent and lender under the DIP Credit Agreement (the "DIP
15 Lender"), and permission to use the cash-collateral. On October 4, 2018, the Court entered an order
16 (the "DIP Order") granting the DIP Motion [Docket No. 409], which authorized, among other
17 things, DIP Financing up to \$185 million and adequate protection to the Debtors' prepetition
18 secured creditors.

19 On December 27, 2018, the Committee appealed the DIP Order to the United States District
20 Court for the Central District of California (the "DIP Appeal"). *See* Case No. 2:18-cv-10675-RGK,
21 Docket No. 1 (C.D. Cal. Dec. 27, 2018). The Committee did not seek a stay pending appeal of the
22 DIP Order. On April 8, 2019, the District Court granted motions to intervene filed by UMB Bank,
23 N.A. ("UMB Bank"), Wells Fargo Bank, National Association ("Wells Fargo"), and U.S. Bank,
24 National Association ("U.S. Bank"). *See id.*, Docket Nos. 29, 30.

27 separate reply brief. *See id.*, Docket Nos. 31, 32. The Committee filed its reply brief on April 29,
28 2019, and the Court took the matter under submission. *See id.*, Docket Nos., 34, 36. On June 7,

2019, the parties requested expedited disposition of the DIP Appeal, which the District Court granted by order entered June 11, 2019. *See id.*, Docket Nos. 38, 39.

On August 2, 2019, the District Court issued an order dismissing the DIP Appeal as moot. *See id.*, Docket No. 40. On August 26, 2019, the Committee appealed the District Court order to the Ninth Circuit [Docket No. 2961].

The DIP facility is secured by substantially all of the Debtors' assets and also provides for superpriority administrative priority status for all obligations under the facility. The Debtors have a debtor in possession financing facility with up to \$185 million of availability from the DIP Lender subject to a borrowing base which was approved on a final basis. [Docket No. 409]. As of August 23, 2019, the outstanding balance of the DIP facility was approximately \$67 million.

Pursuant to the DIP Credit Agreement, the DIP Financing is due to expire and mature in accordance with its terms on September 7, 2019. On August 28, 2019, the Debtors filed a motion

[Docket Nos. 2962, 2968] (the “Cash Collateral Motion”) for use of cash collateral and payoff of outstanding DIP Financing amounts. The Bankruptcy Court set the Cash Collateral Motion for hearing on September 6, 2019 at 10:00 a.m.

B. Motion to Implement Key Employee Incentive Plan and Key Employee Retention Plan

On October 23, 2018, the Debtors filed a motion [Docket No. 631] (the “KEIP/KERP Motion”) to implement a key employee incentive plan [Docket No. 631-1] (the “KEIP”) and a key employee retention plan [Docket No. 631-2] (the “KERP”). The KEIP and KERP are designed to incentivize performance and ensure that the Debtors’ key employees remain employed by the Debtors during the Chapter 11 Cases until the Debtors’ Hospitals are fully liquidated. On November 28, 2018, the Court granted the KEIP/KERP Motion. *See* Docket No. 893.

The KEIP and KERP participants are only entitled to payments if the Debtors meet certain milestones to ensure that the payments serve the dual purposes of retaining critical employees and appropriately incentivize meeting case goals and objectives. The triggers for payments under the KEIP are tied to the timing and value received from the sales of the Hospitals and performance under the budget set forth in the DIP Credit Agreement. The triggers for the KERP are certain milestones where the applicable employee remains employed. The applicable KEIP participants were paid a 15% salary bonus for meeting the budget goals in the DIP Credit Agreement. The OCH and SLRH KEIP participants were paid an additional 15% bonus because the sale of OCH and SLRH closed before March 31, 2019.

The VHS KEIP participants may receive bonuses tied to the percentage of their salaries based on ranges of sale proceeds of the Debtors’ assets, with milestones of \$300 million, \$500 million, \$700 million, and \$950 million. Similarly, the Seton, SFMC, and SVMC KEIP participants may earn up to an additional 15% bonus because the sale of those facilities.

C. Motion to Reject Integrity Management Agreement

On September 21, 2018, the Debtors filed a motion [Docket No. 254] to reject the Management Agreement with Integrity. As of July 27, 2018, shortly before the Petition Date, the Debtors estimated that Integrity management fees from fiscal years 2016 through 2019 would total nearly \$157 million. The Debtors determined that they could achieve significant cost-savings—

1 approximately \$20 million annually—by employing directly the CEO, COO, CFO, and CMO and
2 rejecting the Management Agreement. Pursuant to the Conditions, and following a formal request
3 by the Debtors, the Attorney General approved termination of the Management Agreement. *See*
4 Docket No. 627. On November 8, 2018, the Bankruptcy Court entered an order [Docket No. 794]
5 granting the Debtors’ motion to reject the Management Agreement.

6 **D. Estate Professionals, the Committee, and the Patient Care Ombudsman**

7 On October 30, 2018, the Bankruptcy Court entered orders approving the employment of
8 the following professionals to the Debtors: (i) Dentons US LLP, as lead counsel [Docket No. 712];
9 and (ii) Nelson Hardiman, LLP, as special healthcare regulatory counsel [Docket No. 713]. On
10 November 5, 2018, the Bankruptcy Court entered an order [Docket No. 767] approving the
11 employment of Cain Brothers, a Division of Keybank Capital Markets, Inc. (“Cain”), as investment
12 banker. On November 7, 2018, the Bankruptcy Court entered an order [Docket No. 785] approving
13 the employment of Berkeley Research Group, LLC, as financial advisor to the Debtors. On
14 November 14, 2018, the Bankruptcy Court entered an order [Docket No. 818] approving the
15 employment of Pachulski Stang Ziehl & Jones LLP, as special conflicts counsel to the Debtors. On

17 employment of Jeffer Mangles Butler & Mitchell LLP, as special labor counsel to the Debtors.

18 Additionally, on October 1, 2018, the Debtors filed a motion [Docket No. 364] to employ
19 various ordinary course professionals. On October 29, 2018, the Bankruptcy Court entered an order
20 [Docket No 693] granting the motion. Since the Petition Date, the Debtors have employed,
21 pursuant to various filings, approximately 35 ordinary course professionals that provide an array of
22 important services to the Debtors in the ordinary course of business, including legal, accounting,
23 and consulting services.

24 On September 17, 2018, the U.S. Trustee appointed [Docket No. 197] an Official
25 Committee of Unsecured Creditors (the “Committee”) to represent the interests of general
26 unsecured creditors. The Committee is comprised of nine members consisting of the following: (i)
27 Aetna Life Insurance Company, (ii) Allscripts Healthcare, LLC, (iii) California Nurses Association,
28 (iv) Iris Lara, (v) Medline Industries, Inc., (vi) Pension Benefit Guaranty Corporation (“PBGC”),

(vii) SEIU United Healthcare Workers West, (viii) Sodexo Operations, LLC and (ix) St. Vincent IPA Medical Corporation. On November 6, 2018, the Bankruptcy Court entered an order [Docket No. 778] approving the employment of Milbank, Tweed, Hadley & McCloy LLP, as lead counsel to the Committee. On November 14, 2018, the Bankruptcy Court entered an order [Docket No. 822] approving the employment of FTI Consulting, Inc., as financial advisor to the Committee. On March 5, 2019, the Bankruptcy Court entered an order [Docket No. 1703] approving the employment of Arent Fox LLP, as special healthcare counsel to the Committee.

The U.S. Trustee appointed Dr. Jacob Nathan Rubin, MD, FACC, (the “Patient Care Ombudsman”) to serve as the patient care ombudsman in these Chapter 11 Cases, pursuant to § 333(a), in accordance with the order [Docket No. 430] entered by the Bankruptcy Court on October 9, 2018. On November 2, 2018, the Bankruptcy Court entered orders approving the employment of the following professionals to the Patient Care Ombudsman: Levene, Neale, Bender, Yoo & Brill LLP, as bankruptcy counsel [Docket No. 751]; and Dr. Tim Stacy DNP, ACNP-BC, as consultant [Docket No. 753].

E. Administrative Matters, Reporting and Disclosures

The Debtors were required to address the various administrative matters attendant to the commencement of these bankruptcy cases, which required an extensive amount of work by the Debtors’ employees and their professionals. These matters included the preparation of the *Schedules of Assets and Liabilities* and *Statements of Financial Affairs* for each of the Debtors’ seventeen Chapter 11 Cases (*see, e.g.*, Docket No. 514), and preparation of the materials required by the U.S. Trustee, including, without limitation, the 7-Day Package.

The Debtors have made every effort to comply with their duties under §§ 521, 1106 and 1107 and all applicable U.S. Trustee guidelines, including the filing of the Debtors’ monthly operating reports with the U.S. Trustee. *See* Docket Nos. 771, 945, 1172, 1174, 1453, 1670, 2008, 2287, 2478, 2653, 2825. The Debtors also attended their initial interview with the U.S. Trustee and the meeting of creditors required under § 341(a).

F. The SCC Sale

On October 1, 2018, the Debtors filed a motion [Docket No. 365] (the “SCC Sale Motion”)

1 requesting entry of an order (i) authorizing the proposed sale (the “SCC Sale”) of OCH and SLRH
2 to the County of Santa Clara, a political subdivision of California (“SCC”), (ii) approving the form
3 of the Asset Purchase Agreement between SCC and certain Debtors (the “SCC APA”),
4 (iii) approving certain procedures governing the SCC Sale process (the “SCC Bid Procedures”),
5 and (iv) approving certain procedures governing assumption and rejection of Executory
6 Agreements in connection with the SCC Sale.

7 On October 31, 2018, the Bankruptcy Court entered an order [Docket No. 724] approving
8 the SCC Bid Procedures. The order provided that all objections to the proposed SCC Bid
9 Procedures were overruled, remaining objections concerning the proposed SCC Sale were
10 premature, and that the Attorney General’s request to continue the hearing on the SCC Bid
11 Procedures was denied. *See* Docket No. 724 at 4-5.

12 On November 12, 2018, the Debtors filed a notice [Docket No. 810] to counterparties of
13 Executory Agreements that may be assumed and assigned in connection with the SCC Sale. The
14 Debtors filed a supplemental notice [Docket No. 998] on December 6, 2018 and an amended notice
15 [Docket No. 1110] on December 19, 2018. Certain counterparties to executory agreements filed
16 objections (collectively, the “SCC Cure Objections”) to the notices concerning assumption and
17 assignment. *See* Docket Nos. 882, 889, 904-05, 913-14, 919, 920-21, 923, 928-29, 931, 946, 970,
18 986, 1016, 1018, 1043, 1046, 1057-59, 1062, 1068-69, 1070-71, 1080, 1085, 1088-89, 1091-96,
19 1120-21.

20 On December 7, 2018, the Debtors filed a notice [Doc. 1005] that the Debtors did not
21 receive any bids pursuant to the SCC Bid Procedures, and, thus, the Debtors would not conduct an
22 auction.

23 On December 19, 2018, the Bankruptcy Court held a hearing to approve the SCC Sale
24 pursuant to the SCC Sale Motion. At the hearing, the Bankruptcy Court considered the SCC Cure
25 Objections as well as certain objections (collectively, the “SCC Sale Objections”) to the SCC Sale
26 as well as any withdrawals thereof. *See* Docket Nos. 437, 447, 562, 613, 463, 599, 605, 608, 619,
27 450, 458, 460, 465, 597, 439, 460, 452, 561, 444, 561, 592, 500, 906, 1057-62, 1067-71. The
28 Attorney General was among the parties that filed as SCC Sale Objection (the “Attorney General”

1 SCC Objection”). As set forth in further detail, below, the Bankruptcy Court overruled the SCC
2 Sale Objections.

3 On December 21, 2018, the Bankruptcy Court entered an order [Docket No. 1125] notifying
4 the parties of the Bankruptcy Court’s intent to authorize the Debtors to sell OCH and SLRH free
5 and clear of the Conditions and requesting briefing. SCC [Docket No. 1136], the Committee
6 [Docket No. 1137], the Debtors [Docket No. 1139], and the Attorney General [Docket No. 1140]
7 filed responses to the Bankruptcy Court’s order.

8 On December 26, 2018, the Bankruptcy Court entered a memorandum of decision [Docket
9 No. 1146] overruling the Attorney General SCC Objection. On December 27, 2018, the
10 Bankruptcy Court entered an order [Docket No. 1153] granting the SCC Sale Motion and approving
11 the SCC Sale (the “SCC Sale Order”).

12 On January 7, 2019, the Attorney General appealed of the Sale Order and the memorandum
13 decision [Docket No. 1146] overruling the Attorney General SCC Sale Objection to the United
14 States District Court for the Central District of California (the “Attorney General Appeal”). *See*
15 Case No. 2:19-cv-00133-DMG, Docket No. 1 (C.D. Cal. Jan. 7, 2019). On January 9, 2019, the
16 Attorney General filed a motion [Docket No. 1219] for stay pending appeal in the Bankruptcy Court
17 and requested that the Bankruptcy Court hold a hearing on shortened notice [Docket No. 1220].
18 The Bankruptcy Court denied the request for shortened notice [Docket No. 1226] and set the
19 hearing on the motion for January 30, 2019. The Debtors [Docket No. 1302] and the Committee
20 [Docket Nos. 1303, 1318] filed objections to the motion, and SCC joined in the Debtors’ objection
21 [Docket No. 1334]. The Attorney General filed its reply brief [Docket No. 1365] on January 25,
22 2019. At the hearing on January 30, 2019, the Court denied the motion for stay pending appeal,
23 and entered its order [Docket No. 1464] memorializing the decision on February 5, 2019.

24 On February 1, 2019, the Attorney General filed a motion in District Court to stay the
25 effectiveness of the Sale Order pending the appeal. *See* Case No. 2:19-cv-00133-DMG, Docket
26 No. 6 (C.D. Cal. Feb. 1, 2019). On February 22, 2019, the District Court entered an order denying
27 the motion for stay pending appeal. *See id.*, Docket No. 32. On March 20, 2019, the parties filed
28 a stipulation to dismiss the appeal, which was approved by order entered April 3, 2019. *See id.*,

Docket Nos. 40, 41.

On January 2, 2019, the Debtors filed motions under § 1113 to reject, modify, and terminate certain collective bargaining agreements between either OCH or SLRH and Local 20, CNA, CLVNA, and SEIU effective upon the closing of the SCC Sale. *See* Docket Nos. 1181, 1182, 1191, 1192. CNA and SEIU filed objections on January 16, 2019 [Docket Nos. 1269, 1271] and the Debtors filed an omnibus reply brief [Docket No. 1331] on January 23, 2019. As a result of negotiations, two Unions (Local 20 and CLVNA) reached consensual resolutions with the Debtors, and agreed not to oppose the motions subject to certain clarifications of the requested relief. On February 19, 2019, the Bankruptcy Court entered orders granting the rejection motions. *See* Docket Nos. 1575, 1576, 1577, 1578

The SCC Sale closed on February 28, 2019. After payment of certain cure costs, closing costs and other items, the net remaining proceeds were approximately \$184.38 million, which are held in four sale proceeds account. An additional \$23.35 million is held in escrow (the “Post-Closing Escrow”) by First American Title Insurance Company, the escrow agent. The Post-Closing Escrow was established pursuant to the terms of the SCC APA, as security for the Debtors’ post-closing obligations and expires in February 2020. In accordance with the SCC APA, the Debtors and SCC entered into a transition services agreement.

G. Motions Related to Verity Medical Foundation

The Debtors have taken certain steps to wind-down the Debtor Verity Medical Foundation (“VMF”). For example, VMF entered into settlements and asset purchase agreements with Union Square Hearing, Inc. [Docket Nos. 2439, 2693], San Jose Medical Group and Silicon Valley Medical Development, LLC [Docket Nos. 1636, 1919], Oncology Technology Associates, LLC [Docket Nos. 1635, 1915], and All Care Medical Group, Inc. [Docket Nos. 1180, 1368]. The Debtors also rejected a professional services agreement with All Care Medical Group, Inc. [Docket Nos. 576, 1622] and filed notices of intent to abandon certain property of VMF which is of inconsequential value or benefit to the estates. *See* Docket Nos. 2590, 2648. The Debtors also obtained approval of an agreement with Centurion Service Group, Inc. (“Centurion”) permitting

Centurion to sell, dispose of or move furniture and fixtures, medical equipment and office equipment, including three MRI machines. *See* Docket Nos. 2244, 2429.

H. The SGM Sale

On January 17, 2019, the Debtors filed a motion [Docket No. 1279] (the “SGM Sale Motion”) requesting entry of an order (i) authorizing the proposed sale (the “SGM Sale”) of SFMC, SVMC, and Seton to Strategic Global Management, Inc. (“SGM”), (ii) approving the form of the Asset Purchase Agreement between SGM and certain Debtors (the “SGM APA”), (iii) approving certain procedures governing the SGM Sale process (the “SGM Bid Procedures”), and (iv) approving certain procedures governing assumption and rejection of Executory Agreements in connection with the SGM Sale. The proposed sale was the product of more than six months of marketing efforts lead by the Debtor’s investment banker, Cain, and involved more than 110 potential purchasers.

On February 19, 2019, the Bankruptcy Court entered an order [Docket No. 1572] approving the SGM Bid Procedures. The order provided that all objections to the proposed SGM Bid Procedures were overruled and the remaining objections concerning the proposed SGM Sale were premature. *See* Docket No. 724 at 4-5.

On March 5, 2019, the Debtors filed a notice [Docket No. 1704] to counterparties of Executory Agreements that may be assumed and assigned in connection with the SGM Sale. The Debtors filed a supplemental notice [Docket No. 1836] on March 18, 2019, a second supplemental notice [Docket No. 2065] on April 5, 2019, a notice [Docket No. 2131] of Executory Agreements designated for assumption and assignment on April 11, 2019, and a supplemental notice [Docket No. 2441] of designated contracts on May 24, 2019. Certain counterparties to executory agreements filed objections (collectively, the “SGM Cure Objections”) to the notices concerning assumption and assignment. *See* Docket Nos. 1788, 1804, 1819, 1830, 1849, 1850, 1852, 1853, 1856-1858, 1863, 1866, 1869, 1870, 1873-1877, 1881, 1882, 1885, 1890-1892, 1904, 1926, 1930, 1933, 1940, 1946, 1948, 1949, 1953, 1954, 1965, 2058, 2066, 2108, 2113, 2144, 2146, 2148, 2150, 2157, 2161, 2162.

On April 4, 2019, the Debtors filed a notice [Doc. 2053] that no auction would be held and

1 that the stalking horse bid submitted by SGM was the winning bid.

2 On April 17, 2019, the Bankruptcy Court held a hearing to approve the SGM Sale pursuant
3 to the SGM Sale Motion. At the hearing, the Bankruptcy Court considered certain SGM Cure
4 Objections, and certain other objections (the “SGM Sale Objections”) and withdrawals thereof. *See*
5 Docket Nos. 1397, 1352, 1358, 1364, 2130, 2145, 2147, 2155, 2156, 2164, 2168. As set forth in
6 further detail, below, the Bankruptcy Court overruled the SGM Sale Objections and continued the
7 hearings on consideration of the SGM Cure Objections. The Debtors are currently in the process
8 of resolving the SGM Cure Objections.

9 On May 2, 2019, the Bankruptcy Court entered an order [Docket No. 2306] granting the
10 SGM Sale Motion and approving the SGM Sale.

11 On May 7, 2019, VHS provided notice to, and requested written consent from, the Attorney
12 General for the proposed SGM Sale. VHS requested that the Attorney General review its
13 submission as both a request for approval of the proposed SGM Sale and a request to amend the
14 existing Conditions. On August 16, 2019, the Attorney General publicly posted the Health Care
15 Impact Statements (the “Impact Statements”) for SFMC and SVMC, which were prepared by the
16 Attorney General’s expert, JD Healthcare, Inc. (“JD Healthcare”). *See* Docket No. 2946. On
17 August 19, 2019, the Attorney General publicly posted the Impact Statement for Seton. *See id.*
18 The Impact Statements contain certain conditions recommended by JD Healthcare to the Attorney
19 General. *See id.* On August 23, 2019, at the request of the Attorney General, the Debtors submitted
20 a response to the Impact Statements, which addresses whether any of the conditions proposed in
21 the Impact Statements constitute “deal breakers” with respect to consummation of the SGM Sale.
22 *See id.*

23 The closing of the SGM Sale is contingent on, among other things, the Attorney General’s
24 approval, with conditions that are substantially consistent with the conditions approved by SGM,
25 as set forth on Schedule 8.6 to the SGM APA. Additionally, the Debtors continue to negotiate in
26 good faith with the Unions concerning the modification of their collective bargaining agreements,
27 as may be acceptable to SGM.
28

The Debtors anticipate the SGM Sale to close in the last quarter of 2019 if the Attorney General imposes conditions that are substantially consistent with those set forth on Schedule 8.6 to the SGM APA. After payment of the estimated amount of certain cure costs, closing costs and other items, the net remaining proceeds from the SGM Sale are estimated to be approximately \$532 million, as set forth below:

SGM Sale Transaction

Cash Consideration	\$ in 000's
Purchase Price	\$ 610,000
Net QAF Reduction	(54,491)
Adj for Trauma earned prior to signing	<u>(5,807)</u>
Total cash consideration at closing	\$ 549,702

Closing Costs

Payment of accrued QAF liability (SMC)	(11,613)
Cain transaction fee	<u>(6,100)</u>
Total closing costs	\$ (17,713)
SGM net cash consideration at closing	\$ 531,989

These recovery forecasts are projections that are (i) based on a number of assumptions and estimates and (ii) subject to change.

The SGM APA approved by the Bankruptcy Court provides that the Debtors enter into the Interim Sale-Leaseback Agreement and Interim Management Agreement discussed herein. These Interim Agreements will facilitate the transition of the Hospital operations to SGM during the post-closing period before SGM obtains provider agreements and other licensure necessary to operate the Hospitals.

The Debtors will withdraw from or terminate certain of their retirement related benefit plans upon the SGM Sale closing. First, the Debtors have made postpetition contributions to RPHE with respect to active CNA members, pursuant to authorization from the Bankruptcy Court. Based upon information and belief, all requisite contributions have been made to the Local 39 Plan, including through the Chapter 11 Cases and no amounts are currently due and owing. The Debtors are in the process of withdrawing from the Multi-Employer Plans, which is intended to be effective upon the closing of the SGM Sale. Second, the Debtors are in the process of terminating the Defined Contribution Plans and will cease making employer contributions upon the closing of the SGM

1 Sale. Third, the Debtors expect to terminate the Retiree Health Benefit effective at the Closing of
2 the SGM Sale. Retirees who utilize the Retiree Health Benefit will receive treatment as set forth
3 under the Plan or under a separate order from the Bankruptcy Court. Amounts contributed
4 prepetition into the section 457(b) Plan will be returned to the Estates for distribution to creditors
5 in accordance with applicable law.

6 **I. Old Republic Accommodations**

7 The Debtors' workers' compensation policy with Old Republic was set to expire on July 1,
8 2019. Old Republic agreed to continue to provide coverage through January 1, 2020, following
9 approval Bankruptcy Court approval of certain accommodations requested by Old Republic. *See*
10 Docket Nos. 2654, 2803. Also, to provide sufficient collateral to secure a replacement letter of
11 credit necessary to renew the workers' compensation policy, the Debtors filed a supplemental
12 insurance motion, requesting authority to make a capital contribution to Marillac. [Docket No.
13 2672]. The Bankruptcy Court entered an order granting the supplemental insurance motion on July
14 26, 2019. [Docket No. 2802].

15 **J. Motions for Relief From the Automatic Stay**

16 Commencing in December, 2018, the Debtors have responded to 22 Motions For Relief
17 From Automatic Stay, in each of which motions a movant has sought relief in order to resolve the
18 amount of their claim in a forum outside the Bankruptcy Court. The Bankruptcy Court has granted
19 each of those motions, in certain instances in accordance with stipulations reached between the
20 Debtors and the movants. In the vast majority of those motions, the movant sought recovery *only*
21 from applicable insurance, if any, and waived any deficiency or other claim against the Debtors or
22 property of the Debtors' bankruptcy estates. In those few cases where a movant sought a deficiency
23 claim, relief from stay was granted on the basis that the stay would remain in effect as to the
24 enforcement of any resulting judgment against the Debtors or the bankruptcy estates, the movants
25 retaining the right to file a proof of claim and/or an adversary complaint under § 523 or § 727 in
26 the Chapter 11 Cases. No such adversary complaints have been filed.

K. Motions to Approve Settlements

The Debtors obtained Bankruptcy Court approval of the following settlements and compromises pursuant to Bankruptcy Rule 9019:

On October 4, 2018, the Debtors filed a motion [Docket No. 410] (the “Local 39 Settlement Motion”) to approve a compromise between OCH, SLRH, and Seton, on the one hand, and Local 39, on the other hand, that provided for the consensual modification of collective bargaining agreements between the parties. The Bankruptcy Court granted the Local 39 Settlement Motion. *See* Docket No. 410.

On February 20, 2019, the Debtors filed a motion [Docket No. 1591] (the “Medline Settlement Motion”) to approve a compromise with Medline Industries, Inc. (“Medline”)—one of the Debtors’ most important medical supply vendors—resolving Medline’s prepetition claims and preserving the parties going-forward business relationship. The Bankruptcy Court granted the Medline Settlement Motion. *See* Docket No. 1887.

On April 8, 2019, the Debtors filed a motion [Docket No. 2084] (the “SIS Settlement Motion”) to approve a compromise with Surgical Information Systems, LLC that allowed SCC to assume certain critical software licenses and ensure that the SCC Sale closed without disruption. On April 10, 2019, the Debtors and the Committee filed a joint motion [Docket No. 2112] (the “St. Vincent IPA Settlement Motion”) for authority to enter into a settlement agreement with St. Vincent IPA Medical Corporation (“St. Vincent IPA”). The agreement (i) allowed St. Vincent IPA, a critical vendor, to receive a \$596,816 payment for certain prepetition amounts, (ii) allowed continuation of risk sharing between St. Vincent IPA and the Debtors, and (iii) provided for an agreed mechanism to resolve overpayments or underpayments pursuant a Healthcare Services Risk Sharing Agreement (the “St. Vincent IPA Agreement”). The Bankruptcy Court granted the St. Vincent IPA Settlement Motion. *See* Docket No. 2371.

On April 30, 2019, the Debtors filed a motion [Docket No. 2285] (the “Premier Settlement Motion”) to approve a compromise with Premier, Inc., Premier Services, LLC, Premier Healthcare Alliance, L.P., Premier Healthcare Solutions, Inc., and each of Premier, Inc.’s other subsidiaries

LOS ANGELES, CALIFORNIA 90017-5704

(collectively, “Premier”). The settlement agreement provides (i) for the satisfaction of Premier’s claims and the Debtors’ counterclaims, (ii) resolves issues regarding Premier’s and the Debtors’ post-petition relationship, and (iii) enables the Debtors to recover value from the current and future disposition of certain limited partnership interests that may be worth approximately \$7.4 million before payment of cure costs. The Bankruptcy Court granted the Premier Settlement Motion. *See* Docket No. 2461.

On June 28, 2019, the Debtors filed a motion [Docket No. 2644] (the “Smith & Nephew Settlement Motion”) to approve a compromise with Smith & Nephew, Inc. that resolved disputes regarding ownership of a certain NAVIO surgical system located at OCH and preserved the parties’ going-forward business relationship. The Bankruptcy Court granted the Smith & Nephew Settlement Motion. *See* Docket No. 2793.

On September 19, 2018, the Debtors filed their opposition [Docket No. 212]. On September 26, 2018, the Committee filed response [Docket No. 301] and St. Vincent IPA filed a reply brief [Docket No.

25 receive, in full satisfaction, settlement, release, and discharge of, and in exchange for, such
26 Administrative Claim, Cash equal to the unpaid portion of such Allowed Administrative Claim
27 either (a) on the Effective Date, (b) if the Allowed Administrative Claim is based on liabilities
28 incurred by the Debtors in the ordinary course of their businesses after the Petition Date, in the

1 ordinary course of business in accordance with the terms and conditions of the particular transaction
2 giving rise to such Allowed Administrative Claim, without any further action by the Holder of such
3 Allowed Administrative Claim, or (c) on such other date as agreed between the Debtors (or the
4 Post-Effective Date Debtors) and such Holder of an Allowed Administrative Claim.

5 **2. Professional Claims**

6 All Professionals seeking an award by the Bankruptcy Court of a Professional Claim (other
7 than the Ordinary Course Professionals) shall file their respective final applications for allowance
8 of compensation for services rendered and reimbursement of expenses incurred by the date that is
9 sixty (60) days after the Effective Date, and shall receive, in full satisfaction of such Claim, Cash
10 in an amount equal to 100% of such Allowed Professional Claim promptly after entry of an order
11 of the Bankruptcy Court allowing such Claim or upon such other terms as may be mutually agreed-
12 upon between the Holder of such Professional Claim and the Debtors. Objections to any final
13 applications covering Professional Claims must be filed and served on the Post-Effective Date
14 Debtors, the Liquidating Trustee, and the requesting Professional no later than ninety (90) days
15 after the Effective Date (unless otherwise agreed by the requesting Professional).

16 **3. Statutory Fees**

17 All fees required to be paid by 28 U.S.C. § 1930(a)(6) and any interest thereon (“U.S.
18 Trustee Fees”) shall be paid by the Liquidating Trustee in the ordinary course of business until the
19 closing, dismissal or conversion of these Chapter 11 Cases to another chapter of the Bankruptcy
20 Code. Any unpaid U.S. Trustee Fees that accrued before the Effective Date shall be paid no later
21 than thirty (30) days after the Effective Date.

23 Except to the extent that a Holder of an Allowed Priority Tax Claim agrees to less favorable
24 treatment, each Holder of an Allowed Priority Tax Claim shall receive, in full and final satisfaction
25 of such Allowed Priority Tax Claim, at the option of the Debtors or the Liquidating Trustee, as
26 applicable: (a) Cash in an amount equal to such Allowed Priority Tax Claim on, or as soon
27 thereafter as is reasonably practicable, the later of (i) the Effective Date, to the extent such Claim
28 is an Allowed Priority Tax Claim on the Effective Date, and (ii) the first Business Day after the

12 **1. Classification in General**

13 A Claim is placed in a particular Class for all purposes, including voting, confirmation, and
14 distribution under the Plan and under §§ 1122 and 1123(a)(1); provided that a Claim is placed in a
15 particular Class for the purpose of receiving distributions pursuant to the Plan only to the extent
16 that such Claim is an Allowed Claim in that Class and such Allowed Claim has not been satisfied,
17 released, or otherwise settled prior to the Effective Date.

18 **2. Grouping of Debtors for Deemed Substantive Consolidation**

19 Consistent with the deemed substantive consolidation of the Debtors, as set forth more fully
20 in Section 7.1 of the Plan, the Plan groups the Debtors together for purposes of describing treatment
21 under the Plan, confirmation of the Plan, and making distributions in accordance with the Plan with
22 respect to Claims against and Interests in the Debtors under the Plan. Accordingly, pursuant to the
23 Plan, the Assets of the Debtors and their Estates, and the Claims against and Interests in the Debtors,
24 will be treated as if the Debtors and their Estates are substantively consolidated on the Effective
25 Date. Notwithstanding the foregoing, such groupings shall not affect any Debtor's status as a
26 separate legal entity, change the organizational structure of the Debtors' business enterprise,
27 constitute a change of control of any Debtor for any purpose, cause a merger or consolidation of
28

any legal entities, or cause the transfer of any Assets. Except as otherwise provided by or permitted under the Plan, all Debtors shall continue to exist as separate legal entities after the Effective Date.

3. Summary of Classification.

The following table designates the Classes of Claims against each of the Debtors and specifies which of those Classes are (a) Not Impaired by the Plan, (b) Impaired by the Plan, and (c) entitled to vote to accept or reject the Plan in accordance with § 1126. Nothing in the Plan shall diminish, impair or otherwise affect distributions from the proceeds or the enforceability of any insurance policies that may cover (a) Claims by any Debtor, or (b) Claims against any Debtor or covered Persons thereunder.

F. Executory Contracts and Unexpired Leases

On the Effective Date, all Executory Agreements to which any Debtor is a party shall be deemed rejected as of the Effective Date, except for those Executory Agreements that (a) have been assumed or rejected pursuant to a Final Order of the Bankruptcy Court (including pursuant to any Sale Order), (b) are the subject of a separate motion to assume, assume and assign, or reject filed under § 365 on or before the Effective Date, (c) are specifically designated as a contract or lease to be assumed on the Schedule of Assumed Contracts and no timely objection to the proposed assumption has been filed, provided, however, that the Debtors reserve the right to amend the Plan Supplement at any time on or before thirty (30) days after the Effective Date to modify the Schedule of Assumed Contracts to include or delete any Executory Agreements. If the party to an Executory Agreement listed to be assumed in the Schedule of Assumed Contracts wishes to object to the proposed assumption (including with respect to the cure amounts), it shall do so within thirty (30) days from the service of the Schedule of Assumed Contracts. Claims arising out of the rejection of an Executory Agreement pursuant to the Plan must be filed with the Bankruptcy Court (or as otherwise provided for in the Debtors' notice of rejection) no later than thirty (30) days after the Effective Date. Any Claims not filed within such time period will be forever barred from assertion against the Debtors and/or their property and/or their Estates.

G. Causes of Action Including Avoidance Actions

Nothing contained in the Plan shall be deemed a waiver or relinquishment of any claims or Causes of Action of the Debtors that are not specifically waived or relinquished by the Plan, which shall vest in the Liquidating Trust, subject to any existing valid and perfected security interest or lien in such Causes of Action. The Causes of Action preserved under the Plan include, without limitation, the pending adversary proceedings discussed above and claims, rights or other causes of action:

(a) against vendors, suppliers of goods or services (including attorneys, accountants, consultants, physicians or other professional service providers), utilities, contract counterparties, and other parties for, including but not limited to: (A) services rendered; (B) over- and under-payments, back charges, duplicate payments, improper holdbacks, deposits, warranties, guarantees, indemnities, setoff or recoupment; (C) failure to fully perform or to condition performance on additional requirements under contracts with any one or more of the Debtors; (D) wrongful or improper termination, suspension of services or supply of goods, or failure to meet other contractual or regulatory obligations; (E) indemnification and/or warranty claims; or (F) turnover causes of action arising under §§ 542 or 543;

(b) against landlords or lessors, including, without limitation, for erroneous charges, overpayments, returns of security deposits, indemnification, or for environmental claims;

(c) arising against current or former tenants or lessees, including, without limitation, for non-payment of rent, damages, and holdover proceedings;

(d) arising from damage to Debtors' property;

(e) relating to claims, rights, or other causes of action the Debtors may have to interplead third parties in actions commenced against any of the Debtors;

(f) for collection of a debt owed to any of the Debtors;

(g) against insurance carriers, reinsurance carriers, underwriters or surety bond issuers relating to coverage, indemnity, contribution, reimbursement or other matters;

(h) relating to pending litigation, including, without limitation, the suits, administrative proceedings, executions, garnishments, and attachments listed in Attachment 4a to each of the Debtors' Statements of Financial Affairs;

(i) arising from claims against health plans;

(j) that constitute Avoidance Actions;

(k) arising under or relating to any and/or all asset purchase agreements and related sale documents (including, without limitation, any leases) entered into during these Chapter 11 Cases, including, but not limited to, enforcement of such agreements by the Debtors' Estates and/or breaches of any and/or all such agreements by the applicable non-Debtor parties (including,

1 without limitation, the purchasers of the Debtors' assets under such agreements and any and all
2 principals and/or guarantors of the obligations under or relating to such agreements); and

3 (l) relating to the Operating Assets.

4 The Liquidating Trustee, the Post-Effective Date Committee, the Responsible Officer and
5 the Post-Effective Date Debtors shall have, retain, reserve and be entitled to assert all such claims,
6 rights of setoff and other legal or equitable defenses that the Debtors had immediately prior to the
7 Petition Date as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors'
8 legal and equitable rights respecting any claim that is not specifically waived or relinquished by the
9 Plan may be asserted by the Liquidating Trustee and the Post-Effective Date Committee on their
10 behalf after the Effective Date to the same extent as if the Chapter 11 Cases had not been
11 commenced. On and after the Effective Date, in accordance with § 1123(b) and the terms of the
12 Plan, the Liquidating Trustee, the Post-Effective Date Committee, the Responsible Officer and the
13 Post-Effective Date Debtors shall retain and have the exclusive right to prosecute, abandon, settle
14 or release any or all Causes of Action, as they deem appropriate, without the need to obtain approval
15 or any other or further relief from the Bankruptcy Court. The Post-Effective Date Committee shall
16 analyze potential Causes of Action in consultation with the Liquidating Trustee, to determine
17 whether the pursuit of these actions would be beneficial. The Liquidating Trustee shall also confer
18 and cooperate with the Post-Effective Date Committee in the prosecution and defense of all Causes
19 of Action to be brought under the Plan.

20 As set forth in the Statement of Financial Affairs filed by each Debtor, an aggregate of over
21 \$200 million in gross payments were made by all Debtors to third parties within the 90 days before
22 the Petition Date. Those third parties may assert various defenses to any adversary proceedings
23 seeking to recover those payments as preferences or fraudulent transfers. The Debtors have
24 preliminarily requested ASK LLP to conduct an analysis of the likely amount of avoidance
25 recoveries after defenses and litigation costs. The Debtors are analyzing other litigation against
26 third parties, some of which will be pursued prior to the Effective Date.

VIII.

EFFECT OF CONFIRMATION

A. Discharge

The Debtors will not receive a discharge under the Plan because the requirements of § 1141 necessary for the Debtors to receive a discharge are not present.

B. Injunctions and Stays

Existing injunctions, stays and orders in the Bankruptcy Case are generally being extended pursuant to Section 13.4 of the Plan. In addition, Section 13.6 of the Plan provides for injunctive relief as follows:

a. *General Injunction.* Except as otherwise expressly provided herein, all Persons that have held, currently hold or may hold a Claim against the Debtors are permanently enjoined on and after the Effective Date from taking any action in furtherance of such Claim or any other Cause of Action released and discharged under the Plan, including, without limitation, the following actions against any Released Party: (a) commencing, conducting or continuing in any manner, directly or indirectly, any action or other proceeding with respect to a Claim; (b) enforcing, levying, attaching, collecting or otherwise recovering in any manner or by any means, whether directly or indirectly, any judgment, award, decree or order with respect to a Claim; (c) creating, perfecting or enforcing in any manner, directly or indirectly, any lien or encumbrance of any kind with respect to a Claim; (d) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any debt, liability or obligation due to the Debtors, the Post-Effective Date Debtors or the Liquidating Trust with respect to a Claim; or (e) commencing, conducting or continuing any proceeding that does not conform to or comply with or is contradictory to the provisions of the Plan; provided, however, that nothing in this injunction shall (i) limit the Holder of an Insured Claim from receiving the treatment set forth in Class 12; or (ii) preclude the Holders of Claims against the Debtors from enforcing any obligations of the Debtors, the Post-Effective Date Debtors, the Liquidating Trust, the Responsible Officer, or the Liquidating Trustee under the Plan and the contracts, instruments, releases and other agreements delivered in connection herewith, including, without limitation, the Confirmation Order, or any other order of the Bankruptcy Court in the Chapter 11 Cases. By accepting a distribution made pursuant to the Plan, each Holder of an Allowed Claim shall be deemed to have specifically consented to the injunctions set forth in this Section.

b. *Other Injunctions.* The Responsible Officer, the Post-Effective Date Debtors, the Liquidating Trustee, the Post-Effective Date Committee, the Post-Effective Date Board of Directors, or the Liquidating Trust and their respective members, directors, officers, agents, attorneys, advisors or

employees shall not be liable for actions taken or omitted in its or their capacity as, or on behalf of, the Responsible Officer, the Post-Effective Date Debtors, the Post-Effective Date Board of Directors, the Liquidating Trustee, the Post-Effective Date Committee, or the Liquidating Trust (as applicable), except those acts found by Final Order to be arising out of its or their willful misconduct, gross negligence, fraud, and/or criminal conduct, and each shall be entitled to indemnification and reimbursement for fees and expenses in defending any and all of its or their actions or inactions in its or their capacity as, or on behalf of the Responsible Officer, the Post-Effective Date Board of Directors, the Post-Effective Date Debtors, the Liquidating Trustee, the Post-Effective Date Committee, or the Liquidating Trust (as applicable), except for any actions or inactions found by Final Order to involve willful misconduct, gross negligence, fraud, and/or criminal conduct. Any indemnification claim of the Responsible Officer, the Post-Effective Date Debtors, the Post-Effective Date Board of Directors, the Liquidating Trustee, the Post-Effective Date Committee and the other parties entitled to indemnification under this subsection shall be satisfied from either (i) the Liquidating Trust Assets (with respect to all claims, other than those claims related to the Operating Assets), or (ii) the Operating Assets (with respect to all claims related to the Operating Assets). The parties subject to this Section shall be entitled to rely, in good faith, on the advice of retained professionals, if any.

C. Releases

Section 13.5 of the Plan contains the following releases and related provisions, which are an integral part of the Plan:

- a. *Releases.* As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, to the maximum extent permitted by law, each Holder of any Claim shall be deemed to forever release, waive, and discharge all Claims, obligations, suits, judgments, damages, demands, debts, rights, causes of action, and liabilities whatsoever, against the Debtors arising from or related to the Debtors' pre- and/or post-petition actions, omissions or liabilities, transaction, occurrence, or other activity of any nature except for as provided in the Plan or the Confirmation Order.
- b. *Limitations of Claims Against the Liquidating Trust.* As of the Effective Date, except as provided in the Plan or the Confirmation Order, all Persons shall be precluded from asserting against the Liquidating Trust any other or further Claims, obligations, suits, judgments, damages, demands, debts, rights, causes of action, and liabilities whatsoever, relating to the Debtors or any Interest in the Debtors based upon any acts, omissions or liabilities, transaction, occurrence, or other activity of any nature that occurred prior to the Effective Date.
- c. *Debtors' Releases.* Pursuant to § 1123(b), and except as otherwise specifically provided in the Plan, for good and valuable consideration,

including the service of the Released Parties to facilitate the expeditious liquidation of the Debtors and the consummation of the transactions contemplated by the Plan, on and after the Effective Date, the Released Parties are deemed released and discharge by the Debtors and their Estates from any and all claims, obligations, rights, suits, damages, Causes of Action, remedies, and liabilities whatsoever, including any derivative claims asserted or assertable on behalf of the Debtors, whether known or unknown, foreseen, or unforeseen, existing or herein after arising in law, equity, or otherwise, that the Debtors or their Estates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the Holder of any Claim or other Person, based on or relating to, or in any manner arising from, in whole or in part, the Chapter 11 Cases, the transactions or events giving rise to any Claim that is treated in the Plan, the business or contractual arrangements between the Debtors and any Released Party, the restructuring of Claims before or during the Chapter 11 Cases, the marketing and the sale of Assets of the Debtors, the negotiation, formulation, or preparation of the Plan, the Disclosure Statement, or any related agreements, instruments, or other documents, other than a Claim against a Released Party arising out of the gross negligence or willful misconduct of any such person or entity.

WAIVER OF LIMITATIONS ON RELEASES. THE LAWS OF SOME STATES (FOR EXAMPLE, CALIFORNIA CIVIL CODE § 1542) PROVIDE, IN WORDS OR SUBSTANCE, THAT A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER DECISION TO RELEASE. THE RELEASING PARTIES IN SECTIONS 13.5 (a)-(c) OF THE PLAN ARE DEEMED TO HAVE WAIVED ANY RIGHTS THEY MAY HAVE UNDER SUCH STATE LAWS AS WELL AS UNDER ANY OTHER STATUTES OR COMMON LAW PRINCIPLES OF SIMILAR EFFECT.

D. Exculpations

To the maximum extent permitted by applicable law, each Released Party and Bond and Notes Trustee shall not have or incur any liability for any act or omission in connection with, related to, or arising out of the Chapter 11 Cases (including, without limitation, the filing of the Chapter 11 Cases), the marketing and the sale of Assets of the Debtors, the Plan and any related documents (including, without limitation, the negotiation and consummation of the Plan, the pursuit of the Effective Date, the administration of the Plan, or the property to be distributed under the Plan), or each Released Party's or Bond and Notes Trustee's exercise or discharge of any powers and duties set forth in the Plan, except with respect to the actions found by Final Order to constitute willful misconduct, gross negligence, fraud, or criminal conduct, and, in all respects, each Released Party

1 and Bond and Notes Trustee shall be entitled to rely upon the advice of counsel with respect to their
2 duties and responsibilities under the Plan. Without limitation of the foregoing, each such Released
3 Party and Bond and Notes Trustee shall be released and exculpated from any and all Causes of
4 Action that any Person is entitled to assert in its own right or on behalf of any other Person, based
5 in whole or in part upon any act or omission, transaction, agreement, event or other occurrence in
6 any way relating to the subject matter of Section 13.7 of the Plan.

7 **E. Termination of All Employee, Retiree and Workers Compensation Benefits**

8 All ongoing employee benefits, retiree benefits and workers' compensation benefits will be
9 deemed rejected pursuant to § 365 as of the Effective Date.

10 **F. U.S. Trustee Quarterly Fees and Post-Confirmation Status Report**

11 All fees payable under 28 U.S.C. § 1930(a)(6) shall be paid by each Debtor in the amounts
12 and at the times such fees may become due up to and including the Effective Date. The Liquidating
13 Trust shall pay all fees payable by each Debtor under 28 U.S.C. § 1930(a)(6) until the Chapter 11
14 Cases are closed, dismissed or converted; provided, however, that the Sale-Leaseback Debtors will
15 pay all fees payable under 28 U.S.C. § 1930(a)(6) in their respective Chapter 11 Cases in
16 accordance with the Operating Budget and until the expiration of the Interim Agreements. Upon
17 the Effective Date, the Liquidating Trust and the Post-Effective Date Debtors shall be relieved from
18 the duty to make the reports and summaries required under Bankruptcy Rule 2015(a).
19 Notwithstanding the foregoing, the Liquidating Trust and Post-Effective Date Debtors shall file
20 and serve the status reports required by Local Bankruptcy Rule 3020-1(b) at such times and for
21 such period as may be set forth in the Confirmation Order.

22 **G. Retention of Jurisdiction**

23 Unless otherwise provided in the Plan or the Confirmation Order, on and after the Effective
24 Date, the Bankruptcy Court shall retain jurisdiction over all matters arising in, arising under, or
25 related to the Chapter 11 Cases. Without limiting the foregoing, the Bankruptcy Court shall retain
26 jurisdiction to:

27 (a) allow, disallow determine, liquidate, classify, estimate, or establish the priority or
28 secured or unsecured status of any Claim, including the resolution of any request for payment of
any Administrative Claim and the resolution of any objections to the allowance or priority of

1 Claims, and the resolution of any claim objections brought by the Debtors or by the Liquidating
2 Trustee on behalf of the Liquidating Trust;

3 (b) resolve any matters related to the assumption, assumption and assignment, or
4 rejection of any Executory Agreement to which a Debtor(s) is a party and to hear, determine and,
5 if necessary, liquidate, any Claims arising from, or cure amounts related to, such assumption or
6 rejection;

7 (c) determine any motion, adversary proceeding, application, contested matter, and
8 other litigated matter pending on or commenced after the Effective Date, including, without
9 limitation, any and all Causes of Action preserved under the Plan commenced prior to, on, or after
10 the Effective Date;

11 (d) ensure that distributions to holders of Allowed Claims are accomplished in
12 accordance with the Plan;

13 (e) hear and determine matters relating to claims with respect to the Debtors' director
14 and officer insurance;

15 (f) enter, implement or enforce such orders as may be appropriate in the event that the
16 Confirmation Order is for any reason stayed, reversed, revoked, modified, or vacated;

17 (g) issue injunctions, enter and implement other orders, and take such other actions as
18 may be necessary or appropriate to restrain interference by any Person with the consummation,
19 implementation or enforcement of the Plan, the Confirmation Order or any other order of the
20 Bankruptcy Court, including, without limitation, any actions relating to the Nonprofit Status of the
21 Post-Effective Date Debtors;

22 (h) resolve a dispute with respect to and/or otherwise appoint a replacement of the
23 Responsible Officer or the Liquidating Trustee, or replacement members of the Post-Effective Date
24 Committee;

25 (i) hear and determine any application to modify the Plan in accordance with § 1127,
26 to remedy any defect or omission or reconcile any inconsistency in the Plan, the Disclosure
27 Statement, any contract, instrument, release, or other agreement or document created in connection
28 therewith, or any order of the Bankruptcy Court, including the Confirmation Order, in such a
manner as may be necessary to carry out the purposes and effects thereof;

(j) hear and determine all applications under §§ 330, 331, and 503(b) for awards of
compensation for services rendered and reimbursement of expenses incurred prior to the Effective
Date;

(k) hear and determine disputes arising in connection with the interpretation,
implementation, obligation or enforcement of the Plan, the Confirmation Order, any transactions
or payments contemplated in the Plan, or any agreement, instrument, or other document governing
or relating to any of the foregoing;

(l) take any action and issue such orders as may be necessary to construe, enforce,
implement, execute and consummate the Plan, including all contracts, instruments, releases, and

8 periods ending after the Petition Date through, and including, the date of final distribution under
9 the Plan, and (ii) any other matters relating to the Nonprofit Status of the Post-Effective Date
10 Debtors;

11 (o) hear and determine any other matters related hereto and not inconsistent with the
12 Bankruptcy Code and Title 28 of the United States Code;

13 (p) authorize recovery of all assets of any of the Debtors and property of the applicable
14 Debtor's Estate, wherever located;

15 (q) consider any and all claims against each Released Party involving or relating to the
16 administration of the Chapter 11 Cases, any rulings, orders, or decisions in the Chapter 11 Cases

18 of the Chapter 11 Cases, including the decision to commence the Chapter 11 Cases, the
19 development and implementation of the Plan, the decisions and actions taken prior to or during the
20 Chapter 11 Cases and any asserted claims based upon or related to prepetition obligations of the
21 Debtors for the purpose of determining whether such claims belong to the Estates or third parties.
22 In the event it is determined that any such claims belong to third parties, then, subject to any

IX.

TAX CONSEQUENCES OF THE PLAN

CREDITORS AND INTEREST HOLDERS CONCERNED WITH HOW THE PLAN
MAY AFFECT THEIR TAX LIABILITY SHOULD CONSULT WITH THEIR OWN
ACCOUNTANTS, ATTORNEYS, AND/OR ADVISORS. The following disclosure of possible
tax consequences is intended solely for the purpose of alerting readers about possible tax issues the

1 Plan may present to these estates. The Debtors CANNOT and DO NOT represent that the tax
2 consequences contained below are the only tax consequences of the Plan because the Tax Code
3 embodies many complicated rules which make it difficult to state completely and accurately all of
4 the tax implications of any action.

5 **X.**

6 **CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN**

7 **A. Generally**

8 The following discussion summarizes certain federal⁷ income tax consequences of the
9 implementation of the Plan to the Debtors and to U.S. Holders (as defined below) of Claims. The
10 following summary does not address the federal income tax consequences to holders whose Claims
11 are unimpaired or otherwise entitled to payment in full in Cash under the Plan, or to holders of
12 Claims or Interests who are deemed to reject the Plan.

13 The following summary is based on the Internal Revenue Code of 1986, as amended (the
14 “IRC”), existing and proposed Treasury regulations promulgated thereunder (the “Treasury
15 Regulations”), judicial decisions, and published administrative rules and pronouncements of the
16 Internal Revenue Service (the “IRS”), all as in effect on the date hereof. Changes or new
17 interpretations of these rules may have retroactive effect and could significantly affect the federal
18 income tax consequences described below. In December 2017, the federal government enacted
19 broad tax legislation that included significant changes to the taxation of business entities (including
20 entities exempt from taxation under section 501(c)(3) of the IRC) affecting, among other things,
21 the treatment of net operating losses and limitations on the deductibility of “business interest.”
22 Some aspects of this new law are not clear, and, as a result, we cannot assure you that such change
23 in law does not impact the tax considerations that we describe in this summary.

24 The federal income tax consequences of the Plan are complex and are subject to significant
25 uncertainties. The Debtors have not requested an opinion of counsel with respect to any of the tax
26 aspects of the Plan. In addition, the Debtors have not requested a ruling from the IRS concerning

27 ⁷ All references to “federal” taxes refer to tax obligations imposed by the United States of
28 America.

1 the federal income tax consequences of the Plan, and the consummation of the Plan is not
2 conditioned upon the issuance of any such ruling. Thus, no assurance can be given as to the
3 interpretation that the IRS or a court of law will adopt.

4 This summary does not address state, local or non-United States income or other tax
5 consequences of the Plan, nor does it address the federal income tax consequences of any
6 transaction that may be entered into prior to, concurrently with or subsequent to the Plan (regardless
7 of whether any such transaction is undertaken in connection with the Plan). In addition, this
8 summary does not purport to address the federal income tax consequences of the Plan to special
9 classes of taxpayers (such as former citizens or long-term residents of the United States pursuant
10 to sections 877 or 877A of the IRC, governmental entities, broker-dealers, banks, mutual funds,
11 insurance companies, financial institutions, thrifts, small business investment companies, regulated
12 investment companies, real estate investment trusts, tax-exempt entities other than the Debtors, as
13 applicable, persons whose functional currency is not the U.S. dollar or persons holding a Claim as
14 part of a hedging, straddle, conversion or constructive sale transaction or other integrated
15 investments, persons subject to section 451(b) of the IRC, traders in securities that elect to use a
16 mark-to-market method of accounting for their security holding, pass-through entities (or
17 arrangements classified as pass-through entities) or investors in pass-through entities).
18 **Accordingly, the following summary is for informational purposes only and is not a substitute**
19 **for careful tax planning and professional advice based upon the particular circumstances**
20 **pertaining to a holder of a Claim or Interest.**

21 As used in this section, the term “U.S. Holder” means a beneficial owner of a Claim (as
22 determined for federal income tax purposes) that is: (a) a citizen or an individual resident of the
23 United States; (b) a corporation (or an entity taxable as a corporation for federal income tax
24 purposes) created or organized in or under the laws of the United States or any political subdivision
25 of the United States; (c) an estate the income of which is subject to federal income taxation
26 regardless of its source; or (d) a trust which (i) is subject to the primary supervision of a court within
27 the United States and the control of a United States fiduciary as described in section 7701(a)(30)(E)
28

1 of the IRC or (ii) has properly elected under applicable Treasury Regulations to be treated as a
2 United States person.

3 **B. Certain Tax Consequences to the Debtors**

4 **1. Generally**

5 Each Debtor is a nonprofit corporation that is exempt from federal income taxation under
6 section 501(c)(3) of the IRC. It is intended that nothing in the Plan shall adversely affect, or be
7 interpreted inconsistently with, the tax-exempt status of Post-Effective Date Debtors, and the Plan
8 provides that each Post-Effective Date Debtors will retain its tax-exempt status to the same extent
9 such status existed immediately prior to the Petition Date. Accordingly, the Debtors do not expect
10 the implementation of the Plan to have any adverse federal income tax consequences to the tax-
11 exempt status of Post-Effective Date Debtors. If the tax-exempt status of a Post-Effective Date
12 Debtors were to terminate, the Post-Effective Date Debtors would be subject to tax on its income,
13 which would reduce the amount of distributions payable to the Liquidating Trust. This summary
14 assumes that that the Debtors are and will continue to be exempt from federal income tax under
15 section 501 of the IRC.

16 Organizations that are otherwise exempt from federal income tax under section 501 of the
17 IRC are nevertheless subject to tax on their “unrelated business taxable income” (“UBTI”). UBTI
18 is generally defined as gross income from any unrelated trade or business regularly carried on by a
19 tax-exempt entity less any deductions attributable thereto. An unrelated trade or business consists
20 of any trade or business the conduct of which is not substantially related to the organization’s
21 exempt purpose or function.

22 UBTI includes unrelated debt-financed income (“UDFI”). UDFI includes income derived
23 from debt-financed property during the taxable year and may include income derived from a sale
24 or other disposition of debt-financed property if there was acquisition indebtedness outstanding
25 with respect to such property during the 12-month period ending with the date of sale or other
26 disposition. Acquisition indebtedness generally includes any debt incurred directly or indirectly to
27 purchase such property. Thus, to the extent that a tax-exempt directly or indirectly (including
28 through an investment in a partnership or other entity (or arrangement) which is treated as a pass-

1 through entity for federal income tax purposes) has income from a trade or business, or earns
2 income in respect of certain leveraged investments, a tax-exempt partner's allocable share of such
3 income generally will be treated as UBTI.

4 If the Debtors retain their tax-exempt status and any of their assets are regarded as UDFI
5 (which generally would not include property substantially all the use of which is substantially
6 related to the exercise or performance by Post-Effective Date Debtors of the purpose or function
7 constituting the basis for its tax-exempt status), Post-Effective Date Debtors may be subject to tax
8 on a percentage of the income (including gain) derived from such assets.

9 **2. Gain or Loss on Sale or Exchange**

10 Under the IRC, a taxpayer must recognize and include in gross income gain on the sale or
11 exchange of assets equal to the excess of the amount realized therefrom over the adjusted basis of
12 the assets. The transfer of assets, in payment and discharge of recourse indebtedness is treated as
13 a sale or exchange of such assets.

14 Each Debtor is exempt from U.S. federal income taxation under section 501(c)(3) of the
15 IRC. Gain realized and recognized in a transfer of assets in payment and discharge of recourse
16 indebtedness would be exempt from U.S. federal income taxation.

17 Each Debtor is also subject to tax on UBTI. Gain on the sale of assets other than property
18 includable in inventory or held primarily for sale to customers in the ordinary course of business is
19 excluded from UBTI under the IRC. Gain on the sale of assets includable in inventory or held
20 primarily for sale to customers is included in UBTI, and is subject to tax.

21 In addition, gain on the sale or exchange of debt-financed property is included in UDFI, and
22 so includable in UBTI, and subject to tax.

23 **3. Cancellation of Debt Income**

24 Under the IRC, a taxpayer generally must include in gross income the amount of any
25 cancellation of indebtedness ("COD") income recognized during the taxable year. COD income
26 generally equals the excess of the adjusted issue price of the indebtedness discharged over the sum
27 of (i) the amount of cash, (ii) the issue price of any new debt, and (iii) the fair market value of any
28 other property transferred by the debtor in satisfaction of such discharged indebtedness (including

1 stock). COD income also includes any interest that has been previously accrued and deducted but
2 remains unpaid at the time the indebtedness is discharged.

3 The IRC permits a debtor in bankruptcy to exclude its COD income from gross income if
4 the discharge occurs in a bankruptcy case (“Bankruptcy Exception”) or to the extent that the debtor
5 is insolvent at the time of the discharge (“Insolvency Exception”), either of which should apply to
6 exclude any COD income from taxation in these Chapter 11 Cases.

7 The same analysis applies to UBTI and UDFI. Income excluded from gross income under
8 the Bankruptcy Exception or Insolvency Exception for income tax purposes is also excluded from
9 gross income for UBTI and UDFI purposes. Accordingly, either the Bankruptcy Exception or the
10 Insolvency Exception should apply to exclude any UBTI or UDFI from taxation.

11 **C. Certain Tax Consequences to the U.S. Holders of Claims**

12 **1. Gain or Loss**

13 In general, each U.S. Holder of a Claim will recognize gain or loss equal to the difference,
14 if any, between (i) the “amount realized” by such holder in satisfaction of its Claim (other than
15 amounts, if any, paid in respect of any Claim for accrued but unpaid interest and other than any
16 amounts treated as imputed interest as further described below), and (ii) such holder’s adjusted tax
17 basis in its Claim (other than any Claim for accrued but unpaid interest). A U.S. Holder’s “amount
18 realized” generally will equal the sum of Cash (including, for the avoidance of doubt Cash received,
19 if any, in lieu of credit monitoring services) and fair market value of the undivided interest in the
20 Liquidating Trust Assets received by such holder. Pursuant to an IRS Announcement, the value of
21 the receipt of credit monitoring services at the sole cost of the Debtors shall not be included in the
22 gross income of such recipients. For a discussion of the federal income tax consequences to U.S.
23 Holders of any Claim for accrued but unpaid interest, see below. A U.S. Holder’s tax basis in a
24 Claim should generally equal the amount advanced to the applicable Debtor(s) or an amount
25 included in income as a result of provision of goods or services to the applicable Debtor(s), except
26 to the extent that a bad debt loss had been previously taken.

27 As discussed below (*see* “Tax Treatment of the Liquidating Trust and U.S. Holders of
28 Beneficial Interests”), the Liquidating Trust is intended to be treated as a “grantor trust” for federal

1 income tax purposes, of which the holders of Allowed Claims, whether Allowed on or after the
2 Effective Date, are the grantors. Accordingly, each holder of an Allowed Claim is intended to be
3 treated and, pursuant to the Plan and the Liquidating Trust Agreement, is required to report for
4 federal income tax purposes, as directly receiving, and as a direct owner of, its respective share of
5 the Liquidating Trust Assets, except as otherwise discussed below (*see* “Tax Treatment of the
6 Liquidating Trust and U.S. Holders of Beneficial Interests”). Pursuant to the Plan and Liquidating
7 Trust Agreement, the Liquidating Trustee will make a good faith valuation of the Liquidating Trust
8 Assets, and all parties must consistently use such valuation for all federal income tax purposes.

9 It is possible that a U.S. Holder of an Allowed Claim may be treated for tax purposes as
10 receiving additional distributions subsequent to the Effective Date as a result of (i) additional
11 contributions made by Post-Effective Date Debtors to the Liquidating Trust and/or (ii) any
12 subsequently disallowed Disputed Claims or unclaimed distributions. In that event, the U.S. Holder
13 may be treated as having received additional amounts in respect of its Allowed Claim, and the
14 imputed interest provisions of the IRC may apply to treat a portion of such later distributions to a
15 U.S. Holder as imputed interest. In addition, it is possible that any loss realized by a U.S. Holder
16 in satisfaction of an Allowed Claim may be deferred until all subsequent distributions are
17 determinable.

18 Except as otherwise noted above, after the Effective Date, any amount a U.S. Holder of an
19 Allowed Claim receives as a distribution from the Liquidating Trust in respect of its beneficial
20 interest in the Liquidating Trust should not be included, for federal income tax purposes, in the
21 holder’s amount realized in respect of its Allowed Claim since such holder would already be
22 regarded for federal income tax purposes as owning the underlying assets (and would already have
23 realized any associated income). *See* “Tax Treatment of the Liquidating Trust and U.S. Holders of
24 Beneficial Interests” *infra*.

25 Where gain or loss is recognized by a U.S. Holder in respect of its Allowed Claim, the
26 character of such gain or loss as long-term or short-term capital gain or loss or as ordinary income
27 or loss will be determined by a number of factors, including, among others, the nature and origin
28 of the Claim, the tax status of the U.S. Holder, whether the Claim constitutes a capital asset in the

1 hands of the U.S. Holder and how long it has been held, and whether and to what extent the U.S.
2 Holder had previously claimed a bad debt deduction in respect of such Claim. A U.S. Holder that
3 purchased its Claim from a prior holder at a market discount may be subject to the market discount
4 rules of the IRC. Under those rules, assuming that such holder has made no election to amortize
5 the market discount into income on a current basis with respect to any market discount instrument,
6 any gain recognized on the exchange of such Claim (subject to a *de minimis* rule) generally would
7 be characterized as ordinary income to the extent of the accrued market discount on such Claim as
8 of the date of the exchange.

9 **2. Distributions in Discharge of Accrued Interest or OID**

10 Pursuant to the Plan, all distributions in respect of any Claim will be allocated first to the
11 principal amount of such Claim, as determined for U.S. federal income tax purposes, and thereafter,
12 to the remaining portion of such Claim (including the interest portion thereof), if any. Current
13 federal income tax law is unclear on this point, and no assurance can be given that the IRS will not
14 challenge the Debtors' position. Holders of Claims are urged to consult their own tax advisors
15 regarding the particular federal income tax consequences to them of the treatment of accrued but
16 unpaid interest or original issue discount ("OID"), as well as the character of any loss claimed with
17 respect to accrued but unpaid interest previously included in gross income.

18 In general, to the extent that any distribution to a U.S. Holder of a Claim is received in
19 satisfaction of interest or OID accrued or amortized during the time such holder held the Claim,
20 such amount will, unless exempt pursuant to special rules under the IRC, be taxable to such holder
21 as interest income (if not previously included in such holder's gross income). Conversely, a U.S.
22 Holder will generally recognize a deductible ordinary loss to the extent of any Claim for accrued
23 interest that previously was included in its gross income and that is not paid in full. However, the
24 treatment of unpaid OID that was previously included in income is less clear. The IRS has privately
25 ruled that a holder of a debt obligation in an otherwise tax-free exchange could not claim a current
26 deduction with respect to any unpaid OID. Accordingly, it is possible that, by analogy, a holder of
27 a Claim in a taxable exchange would be required to recognize a capital loss, rather than an ordinary
28 loss, with respect to any previously included OID that is not paid in full. Holders are urged to

1 consult their tax advisors regarding the allocation of consideration and the deductibility of accrued
2 but unpaid interest or OID for federal income tax purposes.

3 **3. Tax Treatment of the Liquidating Trust and U.S. Holders of Beneficial** 4 **Interests**

5 Upon the Effective Date, the Liquidating Trust will be established for the benefit of the
6 holders of Allowed Unsecured Claims, whether Allowed on or after the Effective Date.

7 The Liquidating Trust is intended to qualify as a liquidating trust for U.S. federal income
8 tax purposes. In general, a liquidating trust is not a separate taxable entity, but rather is treated for
9 federal income tax purposes as a “grantor trust” (*i.e.*, a pass-through entity), such that the holders
10 of beneficial interests therein are treated as owning an undivided interest in the assets of the trust.
11 However, merely establishing a trust as a liquidating trust does not ensure that it will be treated as
12 a grantor trust for federal income tax purposes. The IRS, in Revenue Procedure 94-45, 1994-2 C.B.
13 684 (“Rev. Proc. 94-45”), set forth the general criteria for obtaining an IRS ruling as to the grantor
14 trust status of a liquidating trust under a chapter 11 plan. The Liquidating Trust will be structured
15 with the intention of complying with such general criteria. Pursuant to the Plan and Liquidating
16 Trust Agreement, and in conformity with Rev. Proc. 94-45, all parties are required to treat, for
17 federal income tax purposes, the Liquidating Trust (except in respect of any Liquidating Trust
18 Assets allocable to Disputed Claims) as a grantor trust of which the beneficiaries of the Liquidating
19 Trust are the owners and grantors. The discussion herein assumes that the Liquidating Trust will
20 be so respected for federal income tax purposes. However, no ruling has been requested from the
21 IRS, and no opinion of counsel has been requested concerning the tax status of the Liquidating
22 Trust as a grantor trust. Accordingly, there can be no assurance that the IRS would not take a
23 contrary position. Were the IRS to successfully challenge the trust classification (including because
24 Post-Effective Date Debtors have the continuing obligation to make additional contributions to the
25 Liquidating Trust), the federal income tax consequences to the Liquidating Trust and the U.S.
26 Holders of Claims may vary significantly from those discussed herein, including the potential for
27 an entity level tax on any income of the Liquidating Trust. Holders of Allowed Claims are urged
28 to consult with their tax advisors regarding potential alternative characterizations.

a. General Tax Reporting by the Liquidating Trustee and Beneficiaries of the Liquidating Trust

For all federal income tax purposes, all parties must treat each transfer of Liquidating Trust Assets to the Liquidating Trust in accordance with the terms of the Plan.

Pursuant to the Plan and Liquidating Trust Agreement, each transfer of Liquidating Trust Assets (other than any assets allocable to Disputed Claims) to the Liquidating Trust is treated, for federal income tax purposes, as (i) a transfer of such assets directly to the holders of Claims that constitute beneficiaries of the Liquidating Trust in partial satisfaction of their Claims (with each beneficiary of the Liquidating Trust receiving an undivided interest in such assets in accordance with their economic interests in such assets), followed by (ii) the transfer by the beneficiaries of the Liquidating Trust to the Liquidating Trust of such assets in exchange for the beneficial interests in the Liquidating Trust. Accordingly, all parties must treat the Liquidating Trust as a grantor trust, of which the beneficiaries of the Liquidating Trust are the owners and grantors, and treat the beneficiaries of the Liquidating Trust as the direct owners of an undivided interest in Liquidating Trust Assets (other than any assets allocable to Disputed Claims), consistent with their economic interests therein, for all federal income tax purposes. The economic interests of U.S. Holders of Unsecured Claims will be determined with respect to their interest in the Unsecured Claims Fund (other than any assets allocable to the reserve for Disputed Unsecured Claims). It is unclear whether a U.S. Holder of an Unsecured Claim will be required to treat cash distributed from the Disputed Claims Reserve to the Unsecured Claims Fund (other than assets allocated to the reserve for Disputed Unsecured Claims) (x) as an additional “amount realized” with respect to its Claim, thereby resulting in additional gain (or reduced loss) on its Claim at such time, or (y) an “amount realized” with respect to its interest in the Liquidating Trust.

Pursuant to the Plan and Liquidating Trust Agreement, the Liquidating Trustee will make a good faith valuation of the Liquidating Trust Assets. All parties must consistently use such valuation for all federal income tax purposes.

Allocations of the Liquidating Trust’s taxable income (other than income attributable to assets in the Disputed Claims Reserve or reserve for Disputed Unsecured Claims) among the

1 beneficiaries of the Liquidating Trust shall be determined by reference to the manner in which an
2 amount of Cash equal to such taxable income would be distributed (without regard to any
3 restrictions on distributions) if, immediately prior to such deemed distribution, the Liquidating
4 Trust had distributed all of its other assets (valued at their tax book value and other than assets
5 allocable to Disputed Claims) to the beneficiaries of the Liquidating Trust, in each case up to the
6 tax book value of the assets treated as contributed by such beneficiaries of the Liquidating Trust,
7 adjusted for prior taxable income and loss and taking into account all prior and concurrent
8 distributions from the Liquidating Trust. Similarly, taxable loss of the Liquidating Trust shall be
9 allocated by reference to the manner in which an economic loss would be borne immediately after
10 a liquidating distribution of the remaining Liquidating Trust Assets. The tax book value (or tax
11 basis) of the Liquidating Trust Assets for this purpose shall equal their fair market value on the date
12 such assets are transferred to the Liquidating Trust, adjusted in accordance with tax accounting
13 principles prescribed by the IRC, applicable Treasury regulations, and other applicable
14 administrative and judicial authorities and pronouncements.

15 Taxable income or loss allocated to a beneficiary of the Liquidating Trust will be treated as
16 income or loss with respect to such beneficiary's undivided interest in the Liquidating Trust Assets,
17 and not as income or loss with respect to its prior Allowed Claim. The character of any income
18 and the character and ability to use any loss will depend on the particular situation of the beneficiary
19 of the Liquidating Trust.

20 The federal income tax obligations of a beneficiary of the Liquidating Trust are not
21 dependent on the Liquidating Trust distributing any Cash or other proceeds. Therefore, a
22 beneficiary of the Liquidating Trust may incur a federal income tax liability with respect to its
23 allocable share of Liquidating Trust income even if the Liquidating Trust does not make a
24 concurrent distribution to the beneficiary of the Liquidating Trust. In general, other than in respect
25 of Liquidating Trust Assets allocable to Disputed Claims, a beneficiary of the Liquidating Trust
26 should not be separately taxable on a distribution from the Liquidating Trust since the beneficiary
27 of the Liquidating Trust already is regarded for federal income tax purposes as owning the
28

1 underlying assets (and was taxed at the time the income was earned or received by the Liquidating
2 Trust).

3 The Liquidating Trustee will file with the IRS returns for the Liquidating Trust as a grantor
4 trust pursuant to Treasury Regulation section 1.671-4(a). The Liquidating Trustee also shall
5 annually send to each beneficiary of the Liquidating Trust a separate statement setting forth the
6 holder's share of items of income, gain, loss, deduction, or credit and will instruct all of the
7 beneficiaries of the Liquidating Trust to report such items on their federal income tax returns or to
8 forward the appropriate information to such beneficiary's underlying beneficial holders with
9 instructions to report such items on their U.S. federal income tax returns.

10 b. Tax Treatment of the Disputed Claims Reserve and Reserve for Disputed
11 Unsecured Claims

12 The Liquidating Trustee shall (x) treat the Disputed Claims Reserve and the reserve for
13 Disputed Unsecured Claims as "disputed ownership funds" governed by Treasury Regulation
14 section 1.468B-9 by timely making an election, and (y) to the extent permitted by applicable law,
15 report consistently with the foregoing for state and local income tax purposes.

16 The Disputed Claims Reserve and the reserve for Disputed Unsecured Claims will be
17 subject to tax annually on a separate entity basis on any net income earned with respect to the
18 Liquidating Trust Assets allocable thereto. A disputed ownership fund is taxed in a manner similar
19 to either a corporation or a "qualified settlement fund," within the meaning of applicable Treasury
20 Regulations, depending on the nature of the assets transferred to it. It is expected that the Disputed
21 Claims Reserve and the reserve for Disputed Unsecured Claims will be taxed as qualified settlement
22 funds (taxable at the maximum rate applicable to trusts and estates, currently 37%) because all of
23 the assets transferred to them should be treated as passive assets. All distributions from either the
24 Disputed Claims Reserve or the reserve for Disputed Unsecured Claims to U.S. Holders of Allowed
25 Claims (which distributions will be net of the related expenses of the reserve) will be treated as
26 received by such holders in respect of their Claims as if distributed by the Debtors. All parties will
27 be required to report for tax purposes consistently with the foregoing.
28

Holders of Allowed Claims should consult their tax advisors with respect to the U.S. federal income tax consequences of becoming a beneficiary of the Liquidating Trust.

D. Information Reporting and Withholding

All distributions to holders of Allowed Claims under the Plan are subject to any applicable withholding obligations (including employment tax withholding, if any). Under federal income tax law, interest, dividends, and other reportable payments may, under certain circumstances, be subject to “backup withholding” at the then-applicable rate (currently 24%). Backup withholding generally applies if the holder: (i) fails to furnish its social security number or other taxpayer identification number (“TIN”); (ii) furnishes an incorrect TIN; (iii) fails properly to report interest or dividends; or (iv) under certain circumstances, fails to provide a certified statement, signed under penalty of perjury, that the TIN provided is such holder’s correct number and that such holder is a United States person that is not subject to backup withholding. Backup withholding is not an additional tax but merely an advance payment, which may be refunded to the extent it results in an overpayment of tax. Certain persons are exempt from backup withholding, including, in certain circumstances, corporations and financial institutions.

In addition, from an information reporting perspective, applicable Treasury Regulations generally require disclosure by a taxpayer on its federal income tax return of certain types of transactions in which the taxpayer participated, including, among others, certain transactions that result in the taxpayer’s claiming a loss in excess of specified thresholds. Holders are urged to consult their tax advisors regarding these regulations and whether the transactions contemplated by the Plan would be subject to these Treasury Regulations and require disclosure on the holders’ federal income tax returns.

E. Importance of Obtaining Professional Tax Assistance

THE FOREGOING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN, AND IS NOT A SUBSTITUTE FOR CAREFUL TAX PLANNING WITH A TAX PROFESSIONAL. THE ABOVE DISCUSSION IS FOR INFORMATION PURPOSES ONLY AND IS NOT TAX ADVICE. THE TAX CONSEQUENCES ARE IN MANY CASES UNCERTAIN AND MAY

1 VARY DEPENDING ON A HOLDER’S INDIVIDUAL CIRCUMSTANCES. ACCORDINGLY,
2 HOLDERS ARE URGED TO CONSULT WITH THEIR TAX ADVISORS ABOUT THE
3 FEDERAL, STATE, LOCAL AND NON-UNITED STATES INCOME AND OTHER TAX
4 CONSEQUENCES OF THE PLAN.

5 **XI.**

6 **SECURITIES LAW DISCUSSION RELATED TO TRUST BENEFICIAL INTERESTS**

7 The Trust Beneficial Interests are not expected to be deemed “securities” within the
8 meaning of the federal securities laws, including the Securities Act of 1933 (the “1933 Act”), and
9 the distribution of the Trust Beneficial Interests will not be registered under the 1933 Act. The
10 Liquidating Trust will not be registered or reporting under either the Securities Exchange Act of
11 1934 (the “1934 Act”) or under the Investment Company Act of 1940 (the “1940 Act”). The
12 Liquidating Trust Agreement provides that the Trust Beneficial Interests may not be assigned or
13 otherwise transferred by any holder other than: (i) to any relative, spouse or relative of the spouse
14 of such holder; (ii) by will or pursuant to the laws of descent and distribution; and (iii) upon the
15 dissolution of such holder in accordance with the operation of law; provided, that any such transfer
16 will not be effective until and unless the Liquidating Trustee receives written notice of such transfer.
17 No beneficiary may subdivide beneficial interests in the Liquidating Trust except as set forth in the
18 prior sentence.

19 There is not expected to be any trading market created in Trust Beneficial Interests, and the
20 Trust Beneficial Interests will have extremely limited or no liquidity. Pursuing Causes of Action
21 in the Liquidating Trust and liquidating assets placed in the Liquidating Trust may take several
22 years, and distributions, if any, from the Liquidating Trust will be over time.

23 The Trust Beneficial Interests are not expected to be deemed “securities” within the
24 meaning of the federal securities laws, however, if they were to be deemed securities, we believe
25 that the distribution of the Trust Beneficial Interests to holders will be exempt from registration
26 under § 1145. Similarly, in the unlikely event that the Trust Beneficial Interests are deemed
27 “securities”, we believe that the Trust Beneficial Interests will not be required to be registered under
28 Section 12(g) of the 1934 Act because we expect that there will be no more than 2,000 total holders

1 of such interest and no more than 500 of such holders who do not qualify as “accredited investors”
2 within the meaning of the 1933 Act. In addition, as noted above, there is effectively no secondary
3 market or any trading market for the interest, and they will not be listed on any stock exchange or
4 tradable on any other trading system or platform. We understand that the assets themselves of the
5 trust are also not likely to be deemed “securities” within the meaning of the federal securities laws.
6 However, in the unlikely event that any assets of the trusts would be securities, we believe that no
7 more than 40% of the assets would be deemed securities, and, if so, the trust would not be deemed
8 an “investment company” under Section 3(a)(1)(C) of the 1940 Act. In the extremely unlikely
9 event that 40% or more of the trust’s assets would be deemed securities, we believe that the trust
10 would not be required to register as an “investment company” in reliance on Section 7(b) of the
11 1940 Act in as much as the trusts’ activities are and will be incidental to its dissolution.

12 The holders of the Trust Beneficial Interest under the Plan are expected to be the PBGC,
13 RPHE and General Unsecured Creditors with Claims which ultimately are allowed above the
14 threshold for Convenience Class treatment.

15 XII.

16 CONFIRMATION REQUIREMENTS AND PROCEDURES

17 PERSONS OR ENTITIES CONCERNED WITH CONFIRMATION OF THE PLAN
18 SHOULD CONSULT WITH THEIR OWN ATTORNEYS BECAUSE THE LAW ON
19 CONFIRMING A CHAPTER 11 PLAN IS VERY COMPLEX. The following discussion is
20 intended solely for the purpose of alerting readers about basic confirmation issues, which they may
21 wish to consider, as well as certain deadlines for filing claims. The Debtors CANNOT and DO
22 NOT represent that the discussion contained below is a complete summary of the law on this topic.

23 Many requirements must be met before the Court can confirm a plan. Some of the
24 requirements include that the plan must be proposed in good faith, acceptance of the plan, whether
25 the plan pays creditors at least as much as creditors would receive in a chapter 7 liquidation, and
26 whether the plan is feasible. These requirements are not the only requirements for confirmation.

A. Who May Vote or Object

Any party in interest may object to the confirmation of the Plan, but, as explained below, not everyone is entitled to vote to accept or reject the Plan.

B. Who May Vote to Accept or Reject the Plan

A creditor or interest holder has a right to vote for or against the Plan if that creditor or interest holder has a claim or interest which is both (1) allowed or allowed for voting purposes and (2) classified in an impaired class.

C. What Is an Allowed Claim or Interest

As noted above, a creditor or interest holder must first have an allowed claim or interest to have the right to vote. Generally, any proof of claim or interest will be allowed, unless a party in interest files an objection to the claim or interest. When an objection to a claim or interest is filed, the creditor or interest holder holding the claim or interest cannot vote unless the Bankruptcy Court, after notice and hearing, either overrules the objection or allows the claim or interest for voting purposes.

THE BAR DATE FOR FILING A PROOF OF CLAIM IN THESE CASES ON ACCOUNT OF PREPETITION CLAIMS WAS APRIL 1, 2019. A creditor or interest holder may have an allowed claim or interest even if a proof of claim or interest was not timely filed. A claim is deemed allowed if (1) it is scheduled on the Debtors' schedules and such claim is not scheduled as disputed, contingent, or unliquidated, and (2) no party in interest has objected to the claim. An interest is deemed allowed if it is scheduled and no party in interest has objected to the interest.

D. What Is an Impaired Claim or Interest

As noted above, an allowed claim or interest has the right to vote only if it is in a class that is impaired under the Plan. A class is impaired if the Plan alters the legal, equitable, or contractual rights of the members of that class. For example, a class comprised of general unsecured claims is impaired if the Plan fails to pay the members of that class 100% of what they are owed.

The Debtors believe that members of classes 2 through 13 are impaired and are entitled to vote to accept or reject the Plan. Parties who dispute the Debtors' characterization of their claim

1 or interest as being impaired or unimpaired may file an objection to the Plan contending that the
2 Debtors have incorrectly characterized the class.

3 **E. Who Is Not Entitled to Vote**

4 The following four types of claims are not entitled to vote: (1) claims that have been
5 disallowed; (2) claims in unimpaired classes; (3) claims entitled to priority pursuant to §§ 507(a)(2),
6 (a)(3), and (a)(8); and (4) claims in classes that do not receive or retain any value under the Plan
7 (Classes 14 and 15). Claims in unimpaired classes are not entitled to vote because such classes are
8 deemed to have accepted the Plan. Claims entitled to priority pursuant to §§ 507(a)(2), (a)(3), and
9 (a)(8) are not entitled to vote because such claims are not placed in classes and they are required to
10 receive certain treatment specified by the Bankruptcy Code. Claims in classes that do not receive
11 or retain any value under the Plan do not vote because such classes are deemed to have rejected the
12 Plan. EVEN IF YOUR CLAIM IS OF THE TYPE DESCRIBED ABOVE, YOU MAY STILL
13 HAVE A RIGHT TO OBJECT TO THE CONFIRMATION OF THE PLAN.

14 **F. Who Can Vote in More Than One Class**

15 A creditor whose claim has been allowed in part as a secured claim and in part as an
16 unsecured claim is entitled to accept or reject the Plan in both capacities by casting one ballot for
17 the secured part of the claim and another ballot for the unsecured claim.

18 **G. Votes Necessary to Confirm the Plan**

19 If impaired classes exist, the Court cannot confirm the Plan unless (1) at least one impaired
20 class has accepted the Plan without counting the votes of any insiders within that class, and (2) all
21 impaired classes have voted to accept the Plan, unless the Plan is eligible to be confirmed by
22 “cramdown” on non-accepting classes, as discussed below.

23 **H. Votes Necessary for a Class to Accept the Plan**

24 A class of claims is considered to have accepted the Plan when more than one-half (1/2) in
25 number and at least two-thirds (2/3) in dollar amount of the claims which actually voted on the
26 plan, voted in favor of the plan. A class of interests is considered to have “accepted” a plan when
27 at least two-thirds (2/3) in amount of the interest-holders of such class which actually voted on the
28 plan, voted to accept the plan.

I. Treatment of Non-Accepting Classes

As noted above, even if all impaired classes do not accept the Plan, the Court may nonetheless confirm the Plan if the non-accepting classes are treated in the manner required by the Bankruptcy Code. The process by which non-accepting classes are forced to be bound by the terms of a plan is commonly referred to as “cramdown.” The Bankruptcy Code allows the Plan to be “crammed down” on non-accepting classes of claims or interests if it meets all consensual requirements except the voting requirements of § 1129(a)(8) and if the Plan does not “discriminate unfairly” and is “fair and equitable” toward each impaired class that has not voted to accept the Plan as referred to in § 1129(b) and applicable case law.

J. Request for Confirmation Despite Non-Acceptance by Impaired Class(es)

The Debtors will ask the Bankruptcy Court to confirm the Plan by cramdown on any and all impaired classes that do not vote to accept the Plan. However, it must be noted that the Debtors are, in large part, nonprofits, and, therefore, the applicability of the “absolute priority rule” is unclear. Some courts seemingly have concluded that the structural limitations of nonprofits render the absolute priority rule categorically inapplicable without the need for a fact-specific analysis of the ownership structure at issue. *See, e.g., In re Henry Mayo Newhall Mem’l Hosp.*, 282 B.R. 444, 453 (B.A.P. 9th Cir. 2002) (“[T]he Hospital’s nonprofit status puts creditors in an unusually disadvantaged negotiating position because they are not able to assert the Bankruptcy Code’s absolute priority rule to block unacceptable plans”); *In re Independence Vill., Inc.*, 52 B.R. 715, 726 (Bankr. E.D. Mich. 1985) (“[The debtor] is a non-profit corporation. It has no shareholders, hence there are no interests inferior to the unsecured creditors. Thus there should be little difficulty with the absolute priority rule”) (citations omitted).

K. Liquidation Analysis

Another confirmation requirement is the “Best Interest Test”, which requires a liquidation analysis. Under the Best Interest Test, if a claimant or interest holder is in an impaired class and that claimant or interest holder does not vote to accept the Plan, then that claimant or interest holder must receive or retain under the Plan property of a value not less than the amount that such holder

1 would receive or retain if the Debtors were forced to liquidate under chapter 7 of the Bankruptcy
2 Code.

3 First, it is not at all clear that this test applies in the bankruptcy of a nonprofit company.
4 The best interest test protects creditors by setting a baseline of distributions that a proposed plan
5 must provide to them. Unlike in the bankruptcy of a for-profit entity, the Bankruptcy Code and
6 state law may preclude or restrict the forced sale of a nonprofit's assets. 11 U.S.C. §§ 1112(c), 303.
7 For example, under § 1112(c), a nonprofit's creditors cannot force a nonprofit to convert its chapter
8 11 case to a chapter 7, nor under § 303 can they file an involuntary petition against a nonprofit.
9 Similarly, state statute impose stringent requirements on the transfer or sale of a nonprofit debtor's
10 assets, *see, e.g.*, CAL. CORP. CODE §§ 5913, 7913, 9633 5, and the involuntary dissolution of a
11 nonprofit, *see, e.g.*, CAL. CORP. CODE §§ 6510-6519, 8510-8519, 9680. Accordingly, it is not at all
12 clear that the best-interest test applies because of the above described prohibitions on forcing a
13 nonprofit to liquidate its assets.

14 However, assuming that the best interests test applies to nonprofits, in a chapter 7 case, the
15 debtor's assets are usually sold by a chapter 7 trustee. Secured creditors are paid first from the
16 sales proceeds of properties on which the secured creditor has a lien. Administrative claims are
17 paid next. Next, unsecured creditors are paid from any remaining sales proceeds, according to their
18 rights to priority. Unsecured creditors with the same priority share in proportion to the amount of
19 their allowed claim in relationship to the amount of total allowed unsecured claims. Finally, interest
20 holders receive the balance that remains after all creditors are paid, if any.

21 For the Court to be able to confirm the Plan, the Court must find that all creditors and
22 interest holders who do not accept the Plan will receive at least as much under the Plan as such
23 holders would receive under a chapter 7 liquidation of the Debtors. The Debtors maintain that this
24 requirement is clearly met. Simply put, in the event of a conversion of the Chapter 11 Cases to
25 chapter 7, one or more chapter 7 trustees who are completely unfamiliar with the vast complexities
26 of these cases would be placed in charge, and would presumably hire new professionals who are
27 equally unfamiliar with the vast complexities of these cases. The result of all of that would be in
28 the incurrence of an extraordinary amount of additional professional fees incurred by professionals

1 who would need to familiarize themselves with these cases, all of which is avoided by the current
2 professionals, who are skilled and already intimately familiar with these cases, continuing with
3 their current roles. Presumably the treatment of creditors in the context of chapter 7 liquidations
4 would be the same as they are under the Plan. Through the significant cost savings of the confirmed
5 Plan as compared to conversion to chapter 7, holders of allowed claims will receive more under the
6 Plan than they would receive in converted chapter 7 bankruptcies (and certainly at least as much
7 under the Plan).

8 The advantages of finishing a liquidation in chapter 11 are not just “common knowledge”
9 among professionals. Experts have also concluded that conversion to chapter 7 offers few
10 advantages over liquidation in chapter 11: cases where the case converted from chapter 11 to
11 chapter 7 take significantly longer to resolve than a “pure” chapter 11 liquidation, requires similar,
12 if not greater, fees, and in the end provides creditors with statistically lower recovery rates—often
13 zero—than a comparable Chapter 11 procedure. *See* Arturo Bris, Ivo Welch and Ning Zhu, *The*
14 *Costs of Bankruptcy: Chapter 7 Liquidation versus Chapter 11 Reorganization*, 61(3) THE
15 JOURNAL OF FINANCE 1253-1303 (Feb. 2006). As discussed in more detail in the Liquidation
16 Analysis attached as Exhibit A hereto, the Debtors have satisfied the “best interest of creditors test”
17 with respect to members of class who do not vote to accept the Plan. The Debtors submit that the
18 Plan provides fair and equitable treatment of all classes of creditors and the greatest feasible
19 recovery to all creditors.

20 **L. Feasibility**

21 Another requirement for confirmation involves the feasibility of the Plan, which means that
22 confirmation of the Plan is not likely to be followed by the liquidation, or the need for further
23 financial reorganization, of the Post-Effective Date Debtors.

24 There are at least two important aspects of a feasibility analysis. The first aspect considers
25 whether the Debtors will have enough cash on hand on the Effective Date to pay all the claims and
26 expenses which are entitled to be paid on such date. Since the Debtors already have enough cash
27 on hand to pay all the claims and expenses which are entitled to be paid on the Effective Date, this
28 first aspect of Plan feasibility has clearly been satisfied. The second aspect considers whether the

1 Post-Effective Date Debtors will have enough cash over the life of the Plan to make the required
2 Plan payments. Since the Plan is a liquidating Plan, where all Estate funds will be distributed to
3 holders of allowed claims, this second aspect of Plan feasibility has, by definition, been satisfied.

4 XIII.

5 RISK FACTORS REGARDING THE PLAN

6 Since the Plan is a liquidating Plan, the funds of the Debtors' Estates will be distributed to
7 holders of allowed claims, there is no traditional "risk" to the ability of the Debtors to perform
8 under the Plan. However, given the large number of uncertainties at this time, including (i) the
9 closing of the SGM Sale, (ii) the manner in which disputed Class 10 Claims will be resolved, and
10 (iii) the amount of net proceeds on Causes of Action which the Liquidating Trust will ultimately
11 recover, it is not possible for the Debtors to provide any reliable estimate at this time as to the
12 expected ultimate recovery of for Unsecured Claims.

13 The Plan is conditioned on the SGM Sale closing in Section 12.2 of the Plan, and the Plan
14 will not be feasible if the SGM Sale does not close because the sale proceeds are needed to fund
15 the Plan. Of particular note, the SGM Sale has not yet been approved by the Attorney General who
16 is currently reviewing the SGM Sale. If the Attorney General approves the SGM Sale with
17 conditions substantially similar to those set forth in Schedule 8.6, the Debtors anticipate the SGM
18 sale will close. If the conditions are not substantially similar to Schedule 8.6 and SGM will not
19 close based on those conditions, the Debtors will file a motion requesting the Court enforce the
20 order and the original conditions under § 363. If the SGM Sale does not close, it would have other
21 ramifications in these Cases. Among others, the Plan would need to be modified. Additionally,
22 while the Debtors cannot predict every scenario, it is likely the Debtors may need to close SVMC
23 and Seton due to their ongoing operating losses, which may result in them being sold as real estate
24 for redevelopment rather than a health care. For SFMC, it is more likely that it would be sold to
25 SGM, pursuant to an asset purchase agreement, or to an alternative buyer. There can be no
26 assurance that the Debtors can obtain extended access to cash collateral to provide the additional
27 liquidity or that an alternative source of financing would be available to fund operations at SFMC
28 until an alternative deal could be negotiated and closed. Any such financing may be on different

1 and more expensive and onerous terms. Any alternative sale transaction may also be subject to
2 approval by the Attorney General who may raise similar concerns about approving any alternative
3 transaction or buyer. Were any of the Hospitals to be closed instead of sold as a going concern, the
4 sales proceeds in a liquidation of the Hospitals would be many millions of dollars less than under
5 the SGM Sale, collection of receivables and fees may be reduced and delayed and there would also
6 be substantial additional claims, including, without limitation, additional rejection damage claims,
7 employee severance claims and other claims which are no longer being assumed or paid by SGM
8 as buyer. Employees would also lose their jobs and the community and patients would lose access
9 to a conveniently located safety net health care provider.

10 XIV.

11 **DEEMED SUBSTANTIVE CONSOLIDATION**

12 The Plan provides for the “deemed” substantive consolidation of the Debtors. This
13 Disclosure Statements sets forth (i) the legal requirements to establish deemed substantive
14 consolidation, and (ii) the factual bases supporting the Debtors’ request for deemed substantive
15 consolidation. As set forth in the Plan, this Disclosure Statement and the Plan shall be deemed a
16 motion requesting that the Bankruptcy Court approve the deemed substantive consolidation
17 contemplated by the Plan at the Confirmation Hearing, unless otherwise separately scheduled.
18 Objections to the proposed deemed substantive consolidation must be made in writing on or before
19 the deadline to object to confirmation of the Plan, or such other date as may be fixed by the
20 Bankruptcy Court. The Bankruptcy Court will schedule a hearing with respect to timely filed
21 objections, which the Bankruptcy Court may schedule contemporaneously with the Confirmation
22 Hearing. The Debtors reserve all rights with respect to such objections, including, but not limited
23 to, the right to further supplement the facts and legal analysis in support of deemed substantive
24 consolidation as set forth in this Disclosure Statement or the Plan.

25 If the Bankruptcy Court determines that deemed substantive consolidation of any given
26 Debtor is not appropriate, then the Debtors may request that the Bankruptcy Court otherwise
27 confirm the Plan and approve the treatment of, and distributions to, the different Classes under the
28 Plan on an adjusted, Debtor-by-Debtor basis. Furthermore, the Debtors reserve their rights (i) to

1 seek confirmation of the Plan without implementing deemed substantive consolidation of any given
2 Debtor, and, in the Debtors' reasonable discretion, to request that the Bankruptcy Court approve
3 the treatment of and distributions to any given Class under the Plan on an adjusted, Debtor-by-
4 Debtor basis; and (ii) to seek to substantively consolidate all Debtors into VHS if all Impaired
5 Classes entitled to vote on the Plan vote to accept the Plan.

6 As will be set forth in more detail in the Debtors' brief in support of confirmation of the
7 Plan, the Debtors believe deemed substantive consolidation is appropriate here.

8 **A. The Effect of Deemed Substantive Consolidation**

9 Substantive consolidation refers to the consolidation of the assets and liabilities of different
10 legal entities "so that the assets and liabilities are dealt with as if the assets were held by, and the
11 liabilities were owed by, a single legal entity." 1 COLLIER ON BANKRUPTCY MANUAL,
12 ¶ 105.09[1][a] (2019). "The primary purpose of substantive consolidation 'is to ensure the
13 equitable treatment of all creditors.'" *In re Bonham*, 229 F.3d 750, 764 (9th Cir. 2000) (quoting *In*
14 *re Augie/Restivo Baking Co., Ltd.*, 860 F.2d 515, 518 (2d Cir. 1988)); *see also Bonham*, 229 F.3d
15 at 765 ("fairness to creditors" is the "sole aim" of substantive consolidation) (citations omitted).
16 However, "[t]he requirement to 'benefit all creditors' does not mean each and every creditor but
17 rather the creditor body as a whole." *In re Owners Management Services LLC Trustee Corps.*, 530
18 B.R. 711, 739 (Bankr. C.D. Cal. 2015).

19 Upon entry of a substantive consolidation order, the "consolidated assets create a single
20 fund from which all claims against the consolidated debtors are satisfied; duplicate and inter-
21 company claims are extinguished; and, the creditors of the consolidated entities are combined for
22 purposes of voting on reorganization plans." *Bonham*, 229 F.3d at 764 (citing *Augie/Restivo Baking*
23 *Co., Ltd.*, 860 F.3d at 518).

24 "Deemed consolidation" is a court-developed alternative to substantive consolidation. The
25 primary distinction between the two is that, unlike substantive consolidation, the deemed
26 consolidation alternative will "not result in the merger of or the transfer or commingling of any
27 assets of the Debtors . . . [which] will continue to be owned by the respective Debtors." *In re Owens*
28 *Corning*, 419 F.3d 195, 202 (3d Cir. 2005) (quotations omitted). Simply put, substantive

1 consolidation actually combines debtors' assets and liabilities in a singular entity whereas deemed
2 consolidation merely treats the assets and liabilities as if they were pooled without actually merging
3 the debtor entities.

4 Here, as set forth below, deemed consolidation for creditor distribution purposes is
5 appropriate to avoid the impact consolidation of the legal entities may have on matters such as
6 licensing and the proposed sale-leaseback of certain Hospital assets post-confirmation, as set forth
7 in the SGM APA.

8 **B. The Facts of the Chapter 11 Cases Satisfy Each Independent Basis for Deemed**
9 **Substantive Consolidation**

10 Courts developed the deemed consolidation analysis, which is not otherwise set forth in the
11 Bankruptcy Code. *See Bonham*, 229 F.3d at 764 ("Although substantive consolidation was not
12 codified . . . courts, as well as the bankruptcy rules, recognize its validity and have ordered
13 substantive consolidation subsequent to the enactment of the Bankruptcy Code."). In the Ninth
14 Circuit, courts conduct the deemed substantive consolidation analysis on a "case-by-case" basis
15 following "a searching review of the record." *Bonham*, 229 F.3d at 765 (citation omitted). The
16 Ninth Circuit's case-by-case substantive consolidation analysis focuses on two, independent
17 factors. First, whether creditors dealt with the entities as a single economic unit, and did not rely
18 on their separate identity in extending credit. *See id.* at 766. Second, whether the affairs of the
19 debtor are so entangled that consolidation will benefit all creditors. *See id.* Additionally,
20 bankruptcy courts have identified a third, un-enumerated factor that goes to the heart of the
21 substantive consolidation analysis—whether the equities of the case demonstrate that substantive
22 consolidation is reasonable under the circumstances. *See, e.g., In re Bashas' Inc.*, 437 B.R. 874
23 (Bankr. D. Ariz. 2010).

24 The deemed substantive consolidation test is disjunctive, thus, the Debtors need only
25 demonstrate one of these factors. *See Bonham*, 229 F.3d at 766 ("The presence of *either* factor is
26 a sufficient basis to order substantive consolidation.") (emphasis added). As set forth below, the
27 facts of these Chapter 11 Cases meet each of these factors, and demonstrate that the Debtors are
28 entitled to the deemed substantive contemplated by the Plan.

1 **1. Creditors Dealt with the Debtors as a Single, Economic Unit.**

2 a. The Conditions Addressed the Debtors as a Single Economic Unit.

3 The Conditions imposed by the Attorney General applied structural and operational
4 limitations on the Debtors collectively as the Verity Health System. The Conditions were
5 developed and imposed on the Verity Health System collectively in such a manner that required
6 the Debtors to integrate financially. The Conditions required the Hospitals to remain general acute
7 care hospitals, and specified the number of beds that each Hospital had to maintain for particular
8 services. As discussed above, compliance with these stringent limitations caused extreme financial
9 hardship for the Hospitals individually. As a result, the profitable Hospitals were required to
10 subsidize the cash losses of the other Hospitals within the Verity Health System. Compliance with
11 the Conditions was only possible due to the Hospitals integration in the Verity Health System.

12 As significant, the Conditions approved governance changes that centralized management
13 and provided that the Debtors operate as one integrated health system—the Verity Health System.
14 In a letter regarding the Proposed Change in Governance and Control of Daughters of Charity
15 Health System, dated December 3, 2015, the Attorney General conditionally consented to a
16 proposed change in governance and control of “the Daughters of Charity Health System” rather
17 than any one Hospital. The October 2015 report prepared by MDS Consulting in connection with
18 the BlueMountain Transaction likewise addressed VHS and its affiliates as one entity, Verity
19 Health System. After the Conditions were imposed, the bylaws of VHS and each of the subsidiary
20 boards vested ultimate authority over major decisions to the VHS board. Indeed, following the
21 BlueMountain Transaction, the VHS board made major decisions that impacted the Hospitals and
22 all of the affiliated entities. Many other decisions were made at the health system-level.

23 b. The Debtors Obtained Secured Financing as a Single Economic Unit.

24 The Debtors’ secured lenders dealt with the Debtors as a single economic unit. Thus, this
25 factor is satisfied even if the Debtors never claimed to be a singular entity. *See, e.g., In re Abeinsa*
26 *Hldg., Inc.*, 562 B.R. 265, 280-81 (Bankr. D. Del. 2016) (finding creditor expectations were
27 satisfied by partial substantive consolidation where, among other things, “[t]he lenders under these
28 credit agreements received combined financial reports from the Debtors as to all obligors that were

1 parties to the applicable credit agreements, and calculated financial covenant compliance based on
2 the assets and liabilities of those entities”).

3 A substantial amount of the Debtors’ prepetition secured debt relates to loan and bond
4 obligations on which multiple debtors are obligated. Specifically, VHS, SFMC, SVMC, SMC,
5 OCH, and SLRH (collectively, the “Obligated Group Members”) entered into the 2005 Series A,
6 G and H Revenue Bonds, the 2015 Revenue Notes, and the 2017 Revenue Notes (collectively, the
7 “Obligated Bonds”).

8 The Obligated Bonds imposed joint and several liability on the Obligated Group Members,
9 and the terms of the Obligated Bonds only addressed the rights and obligations of the Obligated
10 Group members collectively, rather than on a Hospital-by-Hospital basis. Specifically, the loan
11 documents, with respect to the 2015 Revenue Notes and the 2017 Revenue Notes, provide for
12 “unfettered use of the funds loaned with respect to any of” the Obligated Group Members.
13 Moreover, the Master Trust covenants for Obligated Bond borrowings are Obligated Group-
14 oriented and are not Hospital-specific. The bond indentures for each series of Obligated Bonds are
15 identical for each Hospital and are always Obligated Group-based, rather than Hospital-based.

16 The terms of the postpetition adequate protection offered to the Obligated Bonds are no
17 different. The adequate protection approved by the Bankruptcy Court clearly contemplates the
18 continued joint and several nature of the relief as follows:

- 19 • adequate protection liens are joint and several as to the Obligated Group;
- 20 • adequate protection liens are subordinated and joint and several as to VMF and
21 Holdings;
- 22 • adequate protection superpriority claims are joint and several as to the Obligated
23 Group; and
- 24 • adequate protection superpriority claims are joint and several as to VMF and
25 Holdings, but subordinated to the McKesson Claim, the Secured MOB I Financing
26 Claim, and Secured MOB II Financing Claim.

27 Additionally, the Secured MOB I Financing Claim and Secured MOB II Financing Claim were
28 granted joint and several adequate protection liens and superpriority claims subordinated only to

the Obligated Bonds, with respect to the Obligated Group Members, and McKesson, with respect to VMF.

c. The Debtors Negotiated Major Contracts and Agreements as a Single Economic Unit.

Starting in 2015, after the BlueMountain Transaction, major contracts and agreements were negotiated or entered-into on a system-wide basis, such that counterparties dealt with the Verity Health System as a single economic unit. The Debtors received benefits by negotiating collectively, such as better terms or pricing, which resulted from the greater economies of scale of the Verity Health System. In light of these benefits, the Debtors standardized system-level contracting that normalized pricing for contracts (including physician-related contracts) across all Hospitals. The Debtors' critical system-wide contracts and negotiations include:

- group purchasing order contracts;
- collective bargaining agreements;
- other contracts;
- payor contracts;
- IT systems contracts; and
- health insurance and retirement benefits.

The restructuring that resulted from the BlueMountain Transaction further centralized the Debtors' purchasing functions. VBS, VHS, and VMF, for example, functioned as cost centers for the Debtors' system-wide operations. These cost-center Debtors did not generate revenue independently, and, as a result, are unable to repay obligations without transferring value from the Hospital Debtors. In light of the restructuring, separate-entity plans would likely be contrary to the expectations of creditors that viewed their agreements with cost-center Debtors as backed by the Verity Health System.

2. The Debtors' Affairs Are So Entangled That Consolidation Will Benefit All Creditors.

At first blush, the Debtors maintained the hallmarks of separate entities. The Debtors maintained separate boards for each entity, separate books and records, tracked intercompany

1 transactions, and maintained separate bank accounts, as set forth in the Cash Management Motion.
2 However, a more thorough analysis of the Debtors' finances and operations reveals significant
3 interconnectivity, which would prove costly and time-consuming to unwind at the expense of
4 recoveries in these Chapter 11 Cases. Accordingly, the interests of creditors are best served by
5 deemed substantive consolidation.

6 "Consolidation under the second factor, entanglement of the debtor's affairs, is justified
7 only where 'the time and expense necessary even to attempt to unscramble them [is] so substantial
8 as to threaten the realization of any net assets for all the creditors' or where no accurate
9 identification and allocation of assets is possible." *Bonham*, 229 F.3d at 766 (citing *Augie/Restivo*
10 *Baking Co., Ltd.*, 860 F.2d at 519). For example, in *SK Foods, LP*, the bankruptcy court found that
11 "substantive consolidation will benefit creditors by avoiding the cost (assuming it is even possible)
12 of trying to determine the proper characterization of intercompany transfers in order to ascertain
13 who owes what to whom." *In re SK Foods, LP*, 499 B.R. 809, 827 (Bankr. E.D. Cal. 2013).

14 Here, there are also significant facts related to entangled affairs among the Debtors that
15 weigh in favor of substantive consolidation. The Debtors engaged in the following complex,
16 prepetition intercompany transfers (not always booked as intercompany transfers), combined
17 accounting, valuation issues, and collective management that would prove difficult and costly to
18 creditors to unwind or reconcile:

- 19 • VMF was historically supported by near-weekly funding from other Debtors. However,
20 these contributions are booked as direct net asset contributions rather than intercompany
21 loans. Further, the Debtors that provided funding to VMF have varied over time based
22 on cash availability.
- 23 • The Restructuring Agreement provided \$100 million of net asset funding to VHS;
24 however, beginning June 2016, \$74 million of this funding was transferred to Holdings
25 (a non-Obligated Group Member), and booked as a direct net asset contribution rather
26 than an intercompany loan.

- Members of the Obligated Group transferred real estate collateral to Holdings (a non-Obligated Group member) to be used as collateral for the MOB Financings; however, this was not booked as an intercompany transfer.
- The initial capitalization of Holdings is understated given that the transferred property was based on book value. The book value of transferred assets in FY2016 was \$21.8 million, but the FY2017 MOB I Loan Agreement provided for \$46.2 million in financing based upon appraisals for the same asset transfers.
- Although, the Hospitals generally used their own, separate bank accounts, the intercompany transfer activity is significant. From July 2015 to June 2018, booked intercompany transfers exceeded \$1.1 billion. Further, the transfers booked as “net asset transfers” exceeded \$589.1 million for the same period.
- Management and decision-making was centralized following the BlueMountain Transaction. For example, BlueMountain replaced pre-transaction boards at each hospital with Blue Mountain nominees. Additionally, outside consultants were retained at the system-level and strategic plans were also focused at the system-level since the BlueMountain Transaction.
- Since the BlueMountain Transaction, decisions to hire physicians and determine contract terms are made jointly by the VHS Chief Medical Officer and individual Hospital chief executive officers.
- Hospitals benefitted individually from the system-level contracts. For example, SFMC’s profitability is based on periodic Quality Assurance Payments. These Quality Assurance Payments are not only a result of the patient population, but also (i) the system-negotiated contracts which are incorporated in the Quality Assurance Payment formula, and (ii) consultants engaged by the Verity Health System to optimize Quality Assurance Payments for all of the Hospitals.
- SFMC’s capital improvements (i.e., the construction of the new patient tower) were financed by tax exempt financings undertaken on a joint and several basis among members of the Obligated Group. This burden shared by the other members of the

Obligated Group compensated SFMC for the system's use of excess Quality Assurance Payment entitlements.

Unwinding the transactions to prepare separate-Debtor plans would require time and allocations and assumptions. By way of example, prepetition and postpetition allocations by the estates may be subject to challenge as follows:

- Purchase price allocations are inconsistent with the actual value of certain Debtors' assets. For example, SCC attributed value from the MOB Financings to SLRH and none to Holdings. SGM also attributes value from the MOB Financings to the Hospitals and none to Holdings.
- Allocation of DIP Financing proceeds among the Debtors will be challenging because the current allocation fails to account for the "net asset transfers" to VMF, reimbursement claims constitute potential adequate protection claims of the obligated bonds and MOB Financings, and the current allocation fails to track asset sale proceeds to the detriment of 2005 Series A, G and H Revenue Bonds.
- Professional fees must also be allocated among the Debtors if the Debtors cases are not consolidated. This task would require, for each time entry, an analysis of which Debtor, or Debtors, benefitted from the particular services. Although laborious, such an analysis directly impacts creditors if the cases are not consolidated given that Professional Claims receive priority treatment.
- The system-wide changes that took effect since 2015 severely limit any assumptions based on the Debtors' historic operations. The changes were significant and took place during the relatively short, three-year period between the BlueMountain Transaction and the Petition Date. The Debtors capital structure also changed significantly during the same time—the Debtors incurred liabilities in excess of \$400 million related to capital investments, the 2015 Revenue Notes and 2017 Revenue Notes, the MOB Financings, the Unsecured Notes, and deferred fees under the Management Agreement.

- The staggered timing of the SCC Sale and the SGM Sale compound the allocation challenges with respect to the Debtors' postpetition liabilities, particularly given that certain Debtors continue to operate in some capacity post-closing.

Moreover, different asset valuation or liability allocation assumptions will lead to different results in both asset allocations among Debtors and balances available for distributions to unsecured creditors. Given that the analysis necessarily requires substantial judgment, these assumptions would present a basis for objection and conjecture from creditors attacking the Debtors' separate plans. Preserving funds in the Estates and avoiding litigation costs maximizes value and weighs in favor of substantive consolidation under the circumstances in these Chapter 11 Cases.

XV.

POST-CONFIRMATION ISSUES

A. Modification of the Plan

The Debtors reserve the right to modify the Plan at any time before confirmation. However, the Court may require a new disclosure statement and/or re-voting on the Plan if the Debtors modify the Plan before confirmation. The Debtors may also seek to modify the Plan at any time after confirmation of the Plan if (i) the Plan has not been substantially consummated, and (ii) the Court authorizes the proposed modifications after notice and a hearing.

B. Post-Confirmation Status Reports

Until final decrees closing the Debtors' chapter 11 cases are entered, the Reorganized Debtors shall file quarterly status reports with the Court explaining what progress has been made toward consummation of the confirmed Plan.

C. Post-Confirmation Conversion or Dismissal

A creditor or any other party in interest may bring a motion to convert or dismiss these cases under § 1112(b) after the Plan is confirmed if there is a default in performing the Plan. If the Court orders these Chapter 11 Cases converted to chapter 7 after the Plan is confirmed, then all property that had been property of these chapter 11 estates, and that has not been disbursed pursuant to the Plan, will revert in the chapter 7 estates, and the automatic stay will be reimposed upon the reverted property, but only to the extent that relief from stay was not previously authorized by the Court

1 during these cases. The Plan Confirmation Order may also be revoked under very limited
2 circumstances. The Court may revoke the Plan Confirmation Order if it was procured by fraud and
3 if a party in interest brings an adversary proceeding to revoke confirmation within 180 days after
4 the entry of the Plan Confirmation Order.

5 **D. Final Decree**

6 Once the Estates have been fully administered as referred to in Bankruptcy Rule 3022, the
7 Reorganized Debtors shall file a motion with the Court to obtain final decrees to close these Chapter
8 11 Cases. The Reorganized Debtors shall be responsible for the timely payment of all fees incurred
9 pursuant to 28 U.S.C. § 1930(a)(6).

MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

Verity Health System of California, Inc., a California nonprofit public benefit corporation and the Debtor herein (“Verity”), and the above-referenced affiliated debtors, the debtors and debtors in possession in the above-captioned chapter 11 bankruptcy cases (collectively, the “Debtors”), seek entry of an order: (a) designating Strategic Global Management, Inc. (“SGM” or the “Stalking Horse Purchaser”) as the stalking-horse bidder for St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, Seton Medical Center (collectively, the “Hospitals”), and related assets (collectively, the “Purchased Assets”), at a price of approximately \$610 million (\$420 million allocated to St. Francis Medical Center, \$120 million allocated to St. Vincent Medical Center and \$70 million allocated to Seton Medical Center and Seton Coastsides combined), plus payment of Cure Costs (defined below) associated with any Assumed Leases and/or Assumed Contracts (the “Cash Consideration,” and collectively, the “Stalking Horse Bid”); (b) setting bid procedures to establish guidelines for parties interesting in making an overbid; (c) scheduling an auction to be held on April 8, 2019 and April 9, 2019; and (d) scheduling a sale hearing for the Court to approve the winning bidder.

The Debtors have vigorously marketed the Purchased Assets and believe that the Stalking Horse Bid represents a fair market value for the Purchased Assets. Moreover, SGM is a buyer who will maintain the healthcare characteristics of St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center and Seton Medical Center, continuing patient care for the communities served by the Hospitals and healthcare providers. Nonetheless, the Debtors are hopeful that there will be an auction which may result in overbids. Based on the foregoing, and for the reasons set forth below in greater detail, the Debtors respectfully request that the Court grant the Motion.

II. JURISDICTION AND VENUE

The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). The venue of these Cases is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

9 including cancer, cardiac, emergency, surgical, rehabilitation, respiratory, orthopedic, and sub-
10 acute care. The hospital is accredited by The Joint Commission. Seton Medical Center and Seton
11 Coastside share a consolidated license. *See* Adcock First-Day Declaration.

12 10. Seton also operates Seton Medical Center Coastside ("Seton Coastside") located at
13 600 Marine Blvd, Moss Beach, CA 94038. Seton Coastside was founded as Moss Beach
14 Rehabilitation Hospital in 1970. In 1980, the City of Half Moon Bay acquired ownership of the
15 hospital and signed an agreement for Daughters of Charity to manage operations of the hospital
16 and rename it St. Catherine's Hospital. In 1993, St. Catherine's Hospital became Seton Coastside
17 when it became integrated with Seton Medical Center. Today, Seton Coastside is licensed for 116
18 skilled nursing beds and five general, acute-care beds. Seton Coastside also operates the only 24-
19 hour "standby" Emergency Department along the 55-mile stretch between Santa Cruz and Daly
20 City. Under a consolidated license, Seton Medical Center and Seton Coastside share the same
21 Board of Directors, executive leadership team, charity care policies, and union collective
22 bargaining agreements. *See* Adcock First-Day Declaration.

23 11. As of the Petition Date, Seton Medical Center and Seton Coastside employed
24 approximately 1,340 employees, of which 516 are full-time, 551 are part time and 273 are per
25 diem. *See* Adcock First-Day Declaration.

26 12. Verity Holdings, LLC ("Holdings") is a direct subsidiary of its sole member VHS
27 and was created in 2016 to hold and finance VHS' interests in four medical office buildings
28 whose tenants are primarily physicians, medical groups, healthcare providers, and certain of the

1 VHS Hospitals. Holdings' real estate portfolio includes more than 15 properties. Holdings is the
2 borrower on approximately \$66.2 Million of non-recourse financing secured by separate deeds of
3 trust and revenue and accounts pledges, including the rents on each medical office building. *See*
4 Adcock First-Day Declaration.

5 13. Previously, the Hospitals were owned by the Daughters of Charity Healthcare
6 System ("DCHS"). Despite continuous efforts to improve operations, operating losses continued
7 to plague the health system due to, among other things, mounting labor costs, low reimbursement
8 rates and the ever-changing healthcare landscape. In 2013, DCHS actively solicited offers for its
9 hospitals. *See* Adcock First-Day Declaration.

10 14. In early 2014, DCHS announced that they were beginning a process to evaluate
11 strategic alternatives for the health system. Throughout 2014, DCHS explored offers to sell their
12 hospital system, including the Hospitals, and, in October of 2014, they entered into an agreement
13 with Prime Healthcare Services and Prime Healthcare Foundation (collectively, "Prime") to sell
14 the health system. However, to keep the hospitals open, DCHS needed to borrow \$125 Million to
15 mitigate immediate cash needs during the sales process; in other words, to allow DCHS to
16 continue to operate until the sale could be consummated. In early 2015, the California Attorney
17 General consented to the sale to Prime, subject to conditions on that sale that were so onerous that
18 Prime terminated the transaction. *See* Adcock First-Day Declaration.

19 15. In 2015, DCHS again marketed their health system for sale, and, again, focused on
20 offers that maintained the health system as a whole, and assumed all the obligations. In July
21 2015, the DCHS Board of Directors selected BlueMountain Capital Management LLC
22 ("BlueMountain"), a private investment firm, to recapitalize its operations and transition
23 leadership of the health system in the restructured Verity Health System (the "BlueMountain
24 Transaction").

25 16. In connection with the BlueMountain Transaction, BlueMountain agreed to make a
26 capital infusion of \$100 Million to the health system, arrange loans for another \$160 Million to
27 the health system, and manage operations of the health system, with an option to buy the health
28 system at a future time. In addition, the parties entered into a System Restructuring and Support

1 Agreement (the “Restructuring Agreement”), DCHS’s name was changed to Verity Health
2 System.

3 17. On December 3, 2015, the California Attorney General approved the
4 BlueMountain Transaction, subject to conditions. Despite BlueMountain’s infusion of cash and
5 retention of various consultants and experts to assist in improving cash flow and operations, the
6 health system did not prosper.

7 18. In July 2017, NantWorks, LLC (“NantWorks”) acquired a controlling stake in
8 Integrity Healthcare, LLC. NantWorks brought in a new CEO, CFO, and COO. NantWorks
9 loaned another \$148 Million to the Debtors.

10 19. Despite the infusion of capital and new management, it became apparent that the
11 problems facing the Verity Health System were too large to solve without a formal court
12 supervised restructuring. Thus, despite VHS’ great efforts to revitalize its Hospitals and
13 improvements in performance and cash flow, the legacy burden of more than a billion dollars of
14 bond debt and unfunded pension liabilities, an inability to renegotiate collective bargaining
15 agreements or payor contracts, the continuing need for significant capital expenditures for seismic
16 obligations and aging infrastructure, and the general headwinds facing the hospital industry, made
17 success impossible. Losses continue to amount to approximately \$175 Million annually on a cash
18 flow basis.

19 20. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and
20 sell their assets. In June 2018, the Debtor engaged Cain Brothers, a division of KeyBanc Capital
21 Markets (“Cain”), to identify potential buyers of some or all of the Verity hospitals and related
22 assets and commenced discussions with those potential buyer.

23 **B. FACTS RELEVANT TO MOTION**

24 21. Cain prepared a Confidential Investment Memorandum (the “CIM”) and organized
25 an online data site to share information with potentially buyers and contacted over 110 strategic
26 and financial buyers beginning in July 2018 to solicit their interest in exploring a transaction
27 regarding the Debtors.

28 22. By August 2018, as a result of its ongoing and broad marketing process, Cain had

received 11 Indications of Interest (“IOI”), and postpetition Cain continued to develop potential sales. The Debtors, in consultation with Cain and its other advisors, selected SGM’s offer from one or more stalking horse bidder(s) to acquire the Purchased Assets through a sale under § 363.

23. Additional background facts on the Debtors, including an overview of the Debtors’ business, information on the Debtors’ capital structure and additional events leading up to these chapter 11 cases, are contained in the First-Day Declaration.

24. On September 14, 2018, the Office of the United States Trustee appointed an Official Committee of Unsecured Creditors (the “Official Committee”) in these chapter 11 Cases. [Docket No. 197].

C. BIDDING PROCEDURES

25. As indicated above, a true and correct copy of the Stalking Horse APA, entered into between certain Debtors (Verity, Verity Holdings, St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center and Seton Medical Center) and the Stalking Horse Purchaser, is attached hereto as **Exhibit A**. The bidding procedures (the “Bidding Procedures”) are referenced, in part, in Article 6 of the Stalking Horse APA and set forth in a separate scheduled attached thereto.

26. Set forth below are the Bidding Procedures to be employed in connection with the sale of (i) the Purchased Assets, and (ii) the assets not otherwise enumerated in the Stalking Horse APA but associated with the ownership or operation of the Hospitals (the “Other Assets”).

a. Provisions Governing Qualifications of Bidders

27. Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following to the Debtors:

- a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets or and/or the Other Assets or otherwise participating in connection with such bid; and
- b) an executed confidentiality agreement (to be delivered prior to the distribution of any confidential information by the Debtors) in form and substance satisfactory to the Debtors and which shall inure to the benefit

of any purchaser of the Purchased Assets and/or the Other Assets; without limiting the foregoing, each such confidentiality agreement shall contain standard non-solicitation provisions.

28. A bidder that delivers the documents and information described above and that the Debtors determine, after consultation with the Official Committee of Unsecured Creditors, the Prepetition Secured Creditors,² and any other party deemed appropriate within the business judgment of the Debtors (collectively, the “Consultation Parties”) in their reasonable business judgment, is likely (based on availability of financing, experience, and other considerations) to be able to consummate the sale, will be deemed a potential bidder (“Potential Bidder”).

b. Due Diligence

29. The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtors, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

c. Provisions Governing Qualified Bids

30. A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a “Qualified Bid,” and each such Potential Bidder thereafter a “Qualified Bidder”) only if the bid complies with the following requirements:

- a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;
- b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;
- c) it allocates with specificity the portion of the purchase price offered that the Qualified Bidder attributes to St. Francis Medical Center, St. Vincent Medical

² As such term is defined in the *Final Order (I) Authorizing Postpetition Financing, (II) Authorizing Use of Cash Collateral, (III) Granting Liens and Providing Superpriority Administrative Expense Status, (IV) Granting Adequate Protection, (V) Modifying Automatic Stay, and (VI) Granting Related Relief* (the “Final DIP Order”) [Docket No. 409].

Center, and Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;³

- d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-up Bidder, the time specified in paragraph 44 below;
- e) it includes confirmation that there are no conditions precedent to the Qualified Bidder's ability to enter into a definitive agreement and that all necessary internal governance and shareholder approvals have been obtained prior to the bid;
- f) it sets forth each third-party, regulatory and governmental approval required for the Qualified Bidder to consummate the transaction and the time period within which the Qualified Bidder expects to receive such approvals and establishes a substantial likelihood that the Qualified Bidder will obtain such approvals by the stated time period;
- g) it includes a duly authorized and executed copy of a purchase or acquisition agreement in the form of the Stalking Horse APA (a "Purchase Agreement"), including the purchase price for some or all of the Purchased Assets and/or the Other Assets, or both, expressed in U.S. Dollars, together with all exhibits and schedules thereto, together with copies marked to show any amendments and modifications to the Stalking Horse APA ("Marked Agreement");
- h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;
- i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee (\$21,350,000.00); (ii) the amount of the expense reimbursement (\$2,000,000.00); and (iii) \$7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee and the Expense Reimbursement, the "Minimum Qualified Bid");

³ For the avoidance of doubt, such allocation shall not be binding on the Debtors, their estates or any Consultation Party.

- j) if the bid is a partial bid (the “Partial Bid”),⁴ the terms of paragraph (i) immediately above shall not apply but the terms of paragraph (o) below concerning the Good Faith Deposit shall expressly apply in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a “Partial Bid Auction Qualified Bid”). In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers’ responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;
- k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it, and (ii) Purchased Assets and/or Other Assets, subject to purchase money liens or the like, the Qualified Bidder wishes to acquire and therefore pay the associated purchase money financing;
- l) it contains sufficient information concerning the Qualified Bidder’s ability to provide adequate assurance of future performance with respect to executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it;
- m) it includes an acknowledgement and representation that the Qualified Bidder: (A) has had an opportunity to conduct any and all required due diligence regarding the Purchased Assets and/or Other Assets prior to making its offer and that the offer is not subject to any further due diligence or the need to raise capital/financing to consummate the proposed transaction; (B) has relied solely upon its own independent review, investigation and/or inspection of any documents and/or the Purchased Assets and/or Other Assets in making its bid; (C) did not rely upon any written or oral statements, representations, promises, warranties or guaranties whatsoever, whether express or implied (by operation of law or otherwise), regarding the Purchased Assets and/or Other Assets or the completeness of any information provided in connection therewith or with the relevant Auction (defined below), except as expressly stated in the Purchase Agreement; and (D) is not entitled to any expense reimbursement, break-up fee, or similar type of payment in connection with its bid;
- o) unless it is a Credit Bid (as defined below), it is accompanied by a (i) good faith deposit in the form of a wire transfer (to a bank account specified by the Debtors), certified check or such other form of cash or cash equivalent acceptable to the Debtors, payable to the order of the Debtors (or such other party as the Debtors may determine) in an amount equal to (a) 20% of purchase price for bids under \$5 million; (b) for bids greater than \$5 million and less than \$100 million, the greater of: (i) \$1 million or (ii) 10% of purchase price; (c) for bids greater than \$100 million, the greater of (i) \$10 million or (ii) 5% of purchase price (collectively, the “Good Faith Deposit”), which Good Faith Deposit shall, be forfeited if such bidder is the Successful Bidder and breaches its obligation to close; and (ii) if the

⁴ A Partial Bid shall mean a bid for less than all of the Purchased Assets.

1 Qualified Bid is a bid made by a secured creditor of the Debtors (a “Credit Bid
2 Bidder”) who intends to make a credit bid (each, a “Credit Bid Bidder”), evidence of
3 (a) the basis for and property covered by such Credit Bid Bidder’s secured claim,
4 (b) the amount of such Credit Bid Bidder’s claim that is secured by the property in
5 question, (c) whether it is the senior secured claim on the property (x) prepetition
6 and (y) as of the date of the request to be a Qualified Bidder, as well as (d)
7 evidence of the resolution of any Challenge to such Credit Bid Bidder’s secured
8 claim within the meaning of the Final DIP Order.

- 6 p) it contains a detailed description of how the Qualified Bidder intends to treat
7 current employees of the Debtors;
8 r) it identifies the person(s) and their title(s) who will attend the relevant Auction,
9 and confirms that such person(s) have authority to make binding Overbids (defined
10 below) at such Auction
11 s) it contains such other information reasonably requested by the Debtors; and
12 t) it is received prior to the Bid Deadline.

12 31. The Debtors, in consultation with the Consultation Parties (who shall receive
13 copies of the Purchase Agreements relating to any bids cast pursuant to these Bidding Procedures
14 as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as
15 a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a
16 Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in
17 connection with the Bidding Process, the Auctions, and the Sale.

18 32. The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all
19 Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute
20 Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such
21 Qualified Bidder’s bid constitutes a Qualified Bid) and provide copies of the Purchase
22 Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse
23 Purchaser and such Qualified Bidders, and the Notice Parties on the earlier of (1) the date that any

17 34. Any party with a valid, properly perfected security interest in any of the Purchased
18 Assets and/or Other Assets (which is not subject to a pending Challenge within the meaning of
19 the Final DIP Order) may credit bid for such Purchased Assets and/or Other Assets in connection
20 with the Sale in accordance with and pursuant to § 363(k), except as otherwise limited by the
21 Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid
22 unless such bid provides that all secured creditors with security interests on such Purchased
23 Assets and/or Other Assets that are senior to such junior security interest are to be paid in cash in
24 connection with such junior creditor’s bid. Any credit bids made by secured creditors shall not
25 impair or otherwise affect the Stalking Horse Purchaser’s entitlement to the benefits of the
26 Bidding Procedures and related protections granted under the Bidding Procedures Order.

27 **f. Evaluation of Competing Bids**

28 35. A Qualified Bid will be valued based upon several factors including, without

3 deemed relevant by the Debtors in their reasonable discretion, in consultation with the
4 Consultation Parties, including the amount of cash included in the bid.

5 **g. No Qualified Bids**

6 36. If the Debtors do not receive any Qualified Bids other than the Stalking Horse

9 Bid Auction Qualified Bids and, after the Partial Bid Auction contemplated by paragraphs 37 and
10 38 below (and Section H in the Bidding Procedures Schedule 6.1(b)(3) annexed to the Stalking
11 Horse APA), the Debtors will determine, in consultation with the Consultation Parties, if there are
12 any Partial Bidders that will not be qualified to participate at the Full Bid Auction

13 **h. Auction Process**

14 37. If the Debtors receive one or more Partial Bid Auction Qualified Bids as set forth
15 above, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a
16 “Partial Bid Auction”). Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be
17 entitled to bid on any assets in any Partial Bid Auction(s). The procedures below for the Full Bid
18 Auction shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors
19 will conduct the Partial Bid Auction(s), which shall be transcribed, on April 8, 2019 at 10:00 a.m.
20 (prevailing Pacific Time) at the offices of Dentons US LLP, 601 South Figueroa Street, Suite

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtors will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the “Full Bid Auction”), which shall be transcribed, on April 9, 2019 (the “Full Bid Auction Date”), at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

- 23 shall be fully disclosed to all other Qualified Bidders who submitted Qualified
- 24 Bids and are in attendance at the Auction (including, without limitation, Winning
- 25 Partial Bids), as well as to the Notice Parties;
- 26 g) the initial Overbid, if any, shall provide for total consideration to Debtors with a

assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets subject to augmenting its Good Faith Deposit, as necessary, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

i. Selection of Successful Bid

40. Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bids submitted at the relevant Auction (one or more such bids, collectively the “Successful Bid” and the bidder(s) making such bid, collectively, the “Successful Bidder”), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court. If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder in accordance with by paragraphs 37 and 38 above (and Section H in the Bidding Procedures Schedule 6.1(b)(3) annexed to the Stalking Horse APA), then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in above in paragraph 30, subsection (o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit

1 will be no less than \$30,000,000. If selected as the Successful Bidder or the Back-Up Bidder at
2 the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder
3 shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent
4 (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to
5 increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the
6 “Final Deposit”), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the
7 Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the
8 amount of its last bid).

9 41. Unless otherwise agreed to by the Debtors and the Successful Bidder, within two
10 (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall
11 complete and execute all agreements, contracts, instruments, and other documents evidencing and
12 containing the terms and conditions upon which the Successful Bid was made. Within forty-eight
13 (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice
14 identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such
15 notice by fax, email, or if neither is available, by overnight mail to all counterparties whose
16 contracts are to be assumed and assigned.

17 42. The Debtors will sell the Purchased Assets and (to extent included in an Overbid)
18 the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the
19 approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other
20 closing conditions set forth in the Successful Bidder’s Purchase Agreement.

21 **j. Return of Deposits**

22 43. All deposits shall be returned to each bidder not selected by the Debtors as the
23 Successful Bidder or the Back-Up Bidder (defined herein) no later than five (5) business days
24 following the conclusion of the Auction.

25 **k. Back-Up Bidder**

26 44. If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next
27 highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their
28 business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be

1 required to serve as a back-up bidder (the “Back-Up Bidder”) and keep such bid open and
2 irrevocable for thirty (30) business days after the entry of the Sale Order (the “Thirty-Day
3 Period”). If during the Thirty-Day Period, the Successful Bidder fails to consummate the
4 approved sale because of a breach or failure to perform on the part of such Successful Bidder, the
5 Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be
6 authorized, but not required, to consummate the sale with the Back-Up Bidder without further
7 order of the Court provided that the Back-Up Bidder shall thereafter keep such bid open and
8 irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however,
9 that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and
10 required to consummate the sale to the Stalking Horse Purchaser. If, after the Thirty-Day Period,
11 the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder may
12 elect, at its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful
13 Bidder defaults, or (c) the Back-Up Bidder elects to terminate its participation as Back-Up
14 Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to
15 consummate the approved sale because of a breach or failure to perform on the part of such
16 Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up
17 Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and
18 the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no re-
19 opening of the auction.

20 **I. Break-Up Fee**

21 45. In recognition of this expenditure of time, energy, and resources, the Debtors have
22 agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased
23 Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased
24 Assets an amount in cash equal to three and a half percent (3.5%) of the Cash Consideration
25 (\$21,350,000.00), plus reimbursement of reasonably documented reasonable costs and expenses
26 in an amount not to exceed \$2,000,000.00. The Break-Up Fee shall be payable at closing of the
27 sale from the sale proceeds.

28 46. If the Stalking Horse APA is terminated because the Stalking Horse Purchaser is

1 not selected as the Successful Bidder or the Back-Up Bidder at Auction (or the Stalking Horse
2 Purchaser is selected as the Back-Up Bidder but the sale of the Purchased Assets is consummated
3 and closed with another entity), the Debtors shall pay to the Stalking Horse Purchaser the Break-
4 Up Fee by wire transfer of immediately available funds immediately upon, and contemporaneous
5 with, the closing of the sale of the Purchased Assets from the first cash proceeds thereof. The
6 Break-Up Fee shall constitute an administrative expense claim with priority under § 507(a) in
7 favor of the Stalking Horse Purchaser.

8 47. The Debtors acknowledge that the provision of the Break-Up Fee is an integral
9 part of the Stalking Horse APA and are a material and necessary inducement for the Stalking
10 Horse Purchaser to enter into the Stalking Horse APA and to consummate the transactions
11 contemplated therein. In the event that the payment of the Breakup Fee (including any costs of
12 collection) becomes due and payable to the Stalking Horse Purchaser, and such amounts are
13 actually paid to the Stalking Horse Purchaser, such amounts will constitute liquidated damages
14 (and not a penalty). In light of the difficulty of accurately determining actual damages with
15 respect to the foregoing, the right to any such payment of the Breakup Fee (and any related
16 collection costs) and the return of the Deposit to the Stalking Horse Purchaser constitute a
17 reasonable estimate of the damages that will compensate the Stalking Horse Purchaser in the
18 circumstances in which such fees and reimbursements are payable for the efforts and resources
19 expended and the opportunities foregone while negotiating the Stalking Horse APA and in
20 reliance on the Stalking Horse APA and on the expectation of the consummation of the
21 transactions contemplated therein. The Debtors believe that the entry into this Stalking Horse
22 APA provides value to the Debtors' estates and bankruptcy cases by, among other things,
23 inducing other Qualified Bidders to submit higher or better offers for the Purchased Assets.

24 **m. Sale Hearing**

25 48. The Debtors will seek entry of the Sale Order, at the Sale Hearing on April 17,
26 2019, at 10:00 a.m. (or at another date and time convenient to the Court), to approve and
27 authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in
28 accordance with the Bidding Procedures.

49. At the Sale Hearing, the Debtors will seek Court approval of the Sale to the Successful Bidder (or, in the event the Successful Bidder fails to close, the Back-Up Bidder), free and clear of all liens, claims, interests, and encumbrances pursuant to § 363, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets (and to the extent included in the Successful Bid, the Other Assets prior to the Sale), including the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to § 365. The Debtors will submit and present additional evidence, as necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets and/or the Other Assets.

n. Reservation.

50. The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers submit their sealed, highest and best offer for the Purchased Assets and/or the Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv) impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

D. NOTICE PROCEDURES

51. The Debtors propose that any objections to the Sale (other than an Assumption Objection (defined herein) which shall be governed by the procedures set forth below) (a “Sale Objection”), must: (i) be in writing; (ii) comply with the Rules and the LBR; (iii) set forth the specific basis for the Sale Objection; (iv) be filed with the Court at 255 East Temple St. (Attn: Judge E. Robles), Los Angeles, CA 90012, together with proof of service, on or before the Sale Objection Deadline set forth in the Bidding Procedures Order; and (v) be served, so as to be actually received on or before the Sale Objection Deadline, upon the Notice Parties. If a Sale Objection is not filed and served on or before the Sale Objection Deadline, the Debtors request that the objecting party be barred from objecting to the Sale and not be heard at the Sale Hearing, and this Court may enter the Sale Order without further notice to such party. The Debtors also request that the Court approve the form of the Procedures Notice, substantially in the form of Exhibit 3 to the Bidding Procedures Order. The Debtors will serve a copy of the Procedures Notice on the Notice Parties and all parties which the Debtors are required to serve pursuant to LBR 6004-1(b)(3) and the *Order Granting Emergency Motion of Debtors for Order Limiting Scope of Notice* [Docket No. 132] (the “Procedures Notice Parties”).

52. The Debtors propose to file with the Court and serve the Procedures Notice within one (1) business day following entry of the Bidding Procedures Order, by first-class mail, postage prepaid on the Procedures Notice Parties. The Procedures Notice provides that any party that has not received a copy of the Motion or the Bidding Procedures Order that wishes to obtain a copy of the Motion or the Bidding Procedures Order, including all exhibits thereto, may make such a request in writing to Dentons US LLP, Attn: Tania M. Moyron, 601 S. Figueroa St., Suite 2500, Los Angeles, CA 90017 or by emailing tania.moyron@dentons.com or calling (213) 623-9300.

53. The Debtors submit that the foregoing notices comply fully with Bankruptcy Rule 2002 and are reasonably calculated to provide timely and adequate notice of the Bidding Procedures, Auction and Sale, and Sale Hearing to the Debtors’ creditors and other parties in interests as well as to those who have expressed an interest or are likely to express an interest in bidding on the Purchased Assets. Based on the foregoing, the Debtors respectfully request that

1 this Court approve these proposed notice procedures.

2 **E. PROCEDURES FOR THE ASSUMPTION AND ASSIGNMENT OF ASSIGNED**
3 **CONTRACTS AND LEASES**

4 54. As noted above, the Debtors will seek to assume and assign certain contracts and
5 leases to be identified in the Purchase Agreement(s) (collectively, the “Assumed Executory
6 Contracts”).

7 55. At least initially, the Assumed Executory Contracts will be those contracts and
8 leases that the Debtors believe may be assumed and assigned as part of the orderly transfer of the
9 Purchased Assets. The Successful Bidder(s) may choose to exclude (or to add) certain contracts
10 or leases to the list of Assumed Executory Contracts, subject to further notice.

11 56. In the interim, the Debtors will file with the Court and serve the cure notice,
12 substantially in the form of Exhibit 4 (the “Cure Notice”) to the Bidding Procedures Order, (along
13 with a copy of this Motion) upon each counterparty to the Assumed Executory Contracts. The
14 Cure Notice will state the date, time and place of the Sale Hearing as well as the date by which
15 any objection to the assumption and assignment of Assumed Executory Contracts (including the
16 Cure Amount (defined below)) must be filed and served. The Cure Notice also will identify the
17 amounts, if any, that the Debtors believe are owed to each counterparty to an Assumed Executory
18 Contract in order to cure any defaults that exist under such contract (the “Cure Amounts”). To
19 the extent there is a contract subsequently added to the list of contracts to be assumed by the
20 Successful Bidder pursuant to the Successful Bidder’s Purchase Agreement selected at the
21 Auction, this Motion constitutes a separate motion to assume and assign that contract to the
22 Successful Bidder pursuant to § 365; each such contract will be listed in the Successful Bidder’s
23 Purchase Agreement, and will be given a separate Cure Notice filed and served by overnight
24 delivery within five (5) business days of the conclusion of the Auction and announcement of the
25 Successful Bidder.

26 57. The inclusion of a contract, lease, or other agreement on the Cure Notice shall not
27 constitute or be deemed a determination or admission by the Debtors and their estates or any
28 other party in interest that such contract, lease, or other agreement is, in fact, an executory

1 contract or unexpired lease within the meaning of the Bankruptcy Code, and any and all rights
2 with respect thereto shall be reserved.

3 58. If a Contract or Lease is assumed and assigned pursuant to Court Order, then
4 unless the Assumed Executory Contract counterparty properly files and serves an objection to the
5 Cure Amount contained in the Cure Notice by the Assumption Objection Deadline (defined
6 below), the Assumed Executory Contract counterparty will receive at the time of the Closing of
7 the sale (or as soon as reasonably practicable thereafter), the Cure Amount as set forth in the Cure
8 Notice, if any. If an objection is filed by a counterparty to an Assumed Executory Contract, the
9 Debtors propose that such objection must set forth a specific default in the executory contract or
10 unexpired lease, claim a specific monetary amount that differs from the amount, if any, specified
11 by the Debtors in the Cure Notice, and set forth any reason why the counterparty believes the
12 executory contract or unexpired lease cannot be assumed and assigned to the Successful Bidder.

13 59. If any counterparty objects for any reason to the assumption and assignment of an
14 Assumed Executory Contract (including to a Cure Amount) (an “Assumption Objection”), the
15 Debtors propose that the counterparty must file the objection and serve it so as to be actually
16 received on or before the Assumption Objection Deadline established in the Bidding Procedures
17 Order, provided, however, as to any Successful Bidder who is not the Stalking Horse Purchaser,
18 any counterparty may raise at the Sale Hearing an objection to the assumption and assignment of
19 the Assumed Executory Contract solely with respect to the Successful Bidder’s ability to provide
20 adequate assurance of future performance under the Assumed Executory Contract. After receipt
21 of an Assumption Objection, the Debtors will attempt to reconcile any differences in the Cure
22 Amount or otherwise resolve the objection with the counterparty. In the event that the Debtors
23 and the counterparty cannot resolve an Assumption Objection, and the Court does not otherwise
24 make a determination at the Sale Hearing regarding an Assumption Objection related to a Cure
25 Amount, the Debtors shall segregate from the sale proceeds any disputed Cure Amounts pending
26 the resolution of any such Cure Amount disputes by the Court or mutual agreement of the parties.

27 60. The Successful Bidder shall be responsible for satisfying any requirements
28 regarding adequate assurance of future performance that may be imposed under §365(b) in

DENTONS US LLP

 LOS ANGELES, CALIFORNIA 90017-5704
 (213) 623-9300

connection with the proposed assignment of any Assumed Executory Contract, and the failure to provide adequate assurance of future performance to any counterparty to any Assumed Executory Contract shall not excuse the Successful Bidder from performance of any and all of its obligations pursuant to the Successful Bidder's Purchase Agreement. The Debtors propose that the Court make its determinations concerning adequate assurance of future performance under the Assumed Executory Contracts pursuant to § 365(b) at the Sale Hearing. Cure Amounts disputed by any counterparty will be resolved by the Court at the Sale Hearing or such later date as may be agreed to or ordered by the Court.

61. Except to the extent otherwise provided in the Successful Bidder's Purchase Agreement, the Debtors and the Debtors' estates shall be relieved of all liability accruing or arising after the assumption and assignment of the Assumed Executory Contracts pursuant to § 365(k).

IV. ARGUMENT

A. APPROVAL OF THE BIDDING PROCEDURES IS APPROPRIATE AND IN THE BEST INTERESTS OF THE DEBTORS’ ESTATES AND STAKEHOLDERS.

Section 363(b)(1) provides that “[t]he trustee, after notice and a hearing, may use, sell, or lease, other than in the ordinary course of business, property of the estate [.]” 11 U.S.C. § 363(b)(1). Section 105(a) provides in pertinent part that “[t]he Court may issue any order, process or judgment that is necessary and appropriate to carry out the provisions of this title.” 11 U.S.C. § 105(a). Rules 2002 and 6004 of the Federal Rules of Bankruptcy Procedure (the “Rules”) govern the scope of the notice to be provided in the event a debtor elects to sell property of the estate under § 363.

With respect to the procedures to be adopted in conducting a sale outside the ordinary course of a debtor’s business, Rule 6004 provides only that such sale may be by private sale or public auction, and requires only that the debtor provide an itemized list of the property sold together with the prices received upon consummation of the sale. Fed. R. Bankr. P. 6004(f). LBR 6004-1 provides, in pertinent part, as follows:

(b) **Motion for Order Establishing Procedures for the Sale of Estate Property.**

(2) Contents of Notice [of a Sale Procedure Motion]. The notice must describe the proposed bidding procedures and include a copy of the

proposed purchase agreement. If the purchase agreement is not available, the moving party must describe the terms of the sale proposed, when a copy of the actual agreement will be filed with the court, and from whom it may be obtained. The notice must describe the marketing efforts undertaken and the anticipated marketing plan, or explain why no marketing is required. [...]

(3) Service of the Notice and Motion. The moving party must serve the motion and notice of the motion and hearing by personal delivery, messenger, telephone, fax, or email to the parties to whom notice of the motion is required to be given by the FRBP or by these rules, any other party that is likely to be adversely affected by the granting of the motion, and the United States trustee. The notice of hearing must state that any response in opposition to the motion must be filed and served at least 1 day prior to the hearing, unless otherwise ordered by the court. [...]

(6) Break-Up Fees. If a break-up fee or other form of overbid protection is requested in the Sale Procedure Motion, the request must be supported by evidence establishing: (A) That such a fee is likely to enhance the ultimate sale price; and (B) The reasonableness of the fee. [...]

LBR 6004-1(b).

Neither the Bankruptcy Code nor the Rules contain specific provisions with respect to the procedures to be employed by a debtor in conducting a public or private sale. Nonetheless, as one court has stated, “[i]t is a well-established principle of bankruptcy law that the objective of bankruptcy rules and the [debtors’] duty with respect to such sales is to obtain the highest price or greatest overall benefit possible for the estate.” *In re Atlanta Packaging Prods., Inc.*, 99 B.R. 124, 131 (Bankr. N.D. Ga. 1988). Additionally, courts have long recognized the need for competitive bidding at hearings; “[c]ompetitive bidding yields higher offers and thus benefits the estate. Therefore, the objective is ‘to maximize bidding, not restrict it.’” *Id.*; see also *Burtch v. Ganz (In re Mushroom Transp. Co.)*, 382 F.3d 325, 339 (3d Cir. 2004) (finding that debtor’s fiduciary duties included maximizing and protecting the value of the estate’s assets); *Four B. Corp. v. Food Barn Stores, Inc. (In re Food Barn Stores, Inc.)*, 107 F.3d 558, 564-65 (8th Cir. 1997) (“[A] primary objective of the [Bankruptcy] Code [is] to enhance the value of the estate at hand.”). Courts uniformly recognize that procedures established for the purpose of enhancing competitive bidding are consistent with the fundamental goal of maximizing the value of a debtor’s estate and, therefore, are appropriate. See *Calpine Corp. v. O’Brien Envtl. Energy, Inc. (In re O’Brien Envtl.*

1 *Energy, Inc.*), 181 F.3d 527, 536-37 (3d Cir. 1999) (noting that bidding procedures that promote
2 competitive bidding provide benefit to debtor's estate); *Official Comm. of Subordinated*
3 *Bondholders v. Integrated Res. Inc. (In re Integrated Res. Inc.)*, 147 B.R. 650, 659 (S.D.N.Y.
4 1992) (such sale procedures "encourage bidding and to maximize the value of the Assets").

5 Here, the Bidding Procedures are designed to promote the paramount goal of any
6 proposed sale of property of the Debtors' estates: maximizing the value of sale proceeds received
7 by the estates. The Bidding Procedures provide for an orderly and appropriately competitive
8 process through which interested parties may submit offers to purchase the Purchased Assets
9 and/or the Other Assets. Specifically, the Debtors, with the assistance of their advisors, have
10 structured the Bidding Procedures to promote active bidding by interested parties and to confirm
11 the highest or otherwise best offer reasonably available for the Purchased Assets and/or the Other
12 Assets. Additionally, the Bidding Procedures will allow the Debtors to conduct the Auction in a
13 fair and transparent manner that will encourage participation by financially capable bidders with
14 demonstrated ability to consummate a timely Sale. Accordingly, the Bidding Procedures should
15 be approved because, under the circumstances, they are reasonable, appropriate and in the best
16 interests of the Debtors, their estates, creditors, and all parties in interest.

17 **B. THE BREAK-UP FEE HAS A SOUND BUSINESS PURPOSE AND IS**
18 **NECESSARY TO PRESERVE THE VALUE OF THE DEBTORS' ESTATES.**

19 The Debtors submit that the Break-Up Fee is a normal and oftentimes necessary
20 component of sales outside the ordinary course of business under § 363 of the Bankruptcy Code.
21 In particular, such a protection encourages a potential purchaser to invest the requisite time,
22 money, and effort to conduct due diligence and sale negotiations with a debtor despite the
23 inherent risks and uncertainties of the chapter 11 process. *See, e.g., Integrated Resources*, 147
24 B.R. at 660 (noting that fees may be legitimately necessary to convince a "white knight" to offer
25 an initial bid, for the expenses such bidder incurs and the risks such bidder faces by having its
26 offer held open, subject to higher and better offers); *In re Hupp Indus.*, 140 B.R. 191, 194 (Bankr.
27 N.D. Ohio 1997) (without any reimbursement, "bidders would be reluctant to make an initial bid
28 for fear that their first bid will be shopped around for a higher bid from another bidder who would

2 (Bankr. S.D.N.Y. 1992) (stating that "agreements to provide reimbursement of fees and expenses
3 are meant to compensate the potential acquirer who serves as a catalyst or 'stalking horse' which
4 attracts more favorable offers"); *In re 995 Fifth Ave. Assocs.*, 96 B.R. 24, 28 (Bankr. S.D.N.Y.
5 1989) (finding that bidding incentives may be "legitimately necessary to convince a white knight
6 to enter the bidding by providing some form of compensation for the risks it is undertaking")
7 (citations omitted).

8 A proposed bidding incentive, such as the Break-Up Fee, should be approved when it is in
9 the best interests of the estate. *See In re S.N.A. Nut Co.*, 186 B.R. 98, 104 (Bankr. N.D. Ill. 1995);
10 *see also In re America West Airlines, Inc.*, 166 B.R. 908 (Bankr. D. Ariz. 1994); *In re Hupp*
11 *Indus., Inc.*, 140 B.R. 191 (Bankr. N.D. Ohio 1992). Typically, this requires that the bidding
12 incentive provide some benefit to the debtor's estate. *Calpine Corp. v. O'Brien Envtl. Energy,*
13 *Inc. (In re O'Brien Envtl. Energy, Inc.)*, 181 F.3d 527, 533 (3d Cir. 1999) (holding even though
14 bidding incentives are measured against a business judgment standard in non-bankruptcy
15 transactions the administrative expense provisions of § 503(b) govern in the bankruptcy context).

16 In evaluating the appropriateness of a break-up fee, the appropriate question for the Court
17 to consider is "whether the break-up fee served any of three possible useful functions: (1) to
18 attract or retain a potentially successful bid; (2) to establish a bid standard or minimum for other
19 bidders to follow; or (3) to attract additional bidders." *In re Integrated Resources, Inc.*, 147 B.R.
20 at 662 (where the Court heard testimony that the average breakup fee in the industry is 3.3%).
21 Break-up fees in the same general range as the Break-Up Fee have been routinely approved in the
22 context of bankruptcy sales. *See In re CXM, Inc.*, 307 B.R. 94, 103–04 (Bankr. N.D. Ill. 2004)
23 (court approved break-up fee in amount equal to the actual expenses that the stalking horse
24 incurred in connection with its bid to buy the Sale Assets, subject to a maximum cap of \$200,000,
25 which equaled 3% of the cash purchase price); *In re Women First Healthcare, Inc.*, 332 B.R. 115,
26 118 (Bankr. D. Del. 2005) (court approved break-up fee that equaled 4.7% percent of the
27 purchase price; *In re Dan River, Inc.*, No. 04-10990 (Banker. N.D. Ga. Dec. 17, 2004) (court
28 approved break-up fee equal to 5.3% of the cash purchase price); *In re Lake Burton Dev., LLC*,

2010 WL 5563622, *43 (Bankr. N.D. Ga. Mar. 18, 2010) (court approved break-up fee equal to 4.75% of cash purchase price); *In re Case Engineered Lumber, Inc.*, No. 09–22499 (Bankr. N.D.Ga. Sept. 1, 2009)(J. Brizendine) (approving break-up fee equal to 3.5% of the cash purchase price); *In re Tama Beef Packing Inc.*, 321 B.R. 469, 498 (8th Cir. BAP 2005) (noting that the bankruptcy court correctly concluded that break-up fees are “usually limited to one to four percent of the purchase price”). Notably, this Court has also approved break-up fees within the range of the Break-Up Fee. *See In re Verity Health System of California, Inc.*, No. 18-20151 (Bankr. C.D. Cal. Oct. 30, 2018) (J. Robles) (approving break-up fee equal to 4% of the cash purchase price); *In re T Asset Acquisition Company, LLC*, No. 09-31853 (Bankr. C.D. Cal. Jan. 28, 2010) (J. Robles) (approving break-up fee equal to 3% of the cash purchase price).

The Debtors submit that all of the bidding procedures the Debtors are seeking to have the Court approve, including the proposed Break-Up Fee to the Stalking Horse Purchaser, satisfies all three of the useful functions set forth above: (1) to attract or retain a potentially successful bid; (2) to establish a bid standard or minimum for other bidders to follow; and (3) to attract additional bidders. The proposed break-up fee of 3.5% of the purchase price is well within the percentage parameters that have been approved by many other courts. Thus, the Debtors believe that the proposed Break-Up Fee is fair and reasonably compensates the Stalking Horse Purchaser for taking actions that will benefit the Debtors’ estates. The Break-Up Fee compensates the Stalking Horse Purchaser for diligence and professional fees incurred in negotiating the terms of the Stalking Horse APA on an expedited timeline.

Additionally, the Debtors do not believe that the Break-Up Fee will have a chilling effect on the sale process. Rather, the Stalking Horse Purchaser will increase the likelihood that the best possible price for the Purchased Assets will be received, by permitting other qualified bidders to rely on the diligence performed by the Stalking Horse Purchaser, and moreover, by allowing qualified bidders to utilize the Stalking Horse APA as a platform for negotiations and modifications in the context of a competitive bidding process.

Finally, the Break-Up Fee will be paid only if, among other things, the Debtors enter into a transaction for the Purchased Assets with a bidder other than the Stalking Horse Purchaser.

1 Accordingly, no Break-Up Fee will be paid unless a higher and better offer is achieved and
2 consummated. In sum, the Break-Up Fee is reasonable under the circumstances and will enable
3 the Debtors to maximize the value for the Purchased Assets while limiting any chilling effect in
4 the sale process.

5 **C. THE PROCEDURE FOR ASSUMPTION AND ASSIGNMENT OF CERTAIN**
6 **EXECUTORY CONTRACTS AND UNEXPIRED LEASES IS APPROPRIATE**

7 Section 365(a) provides that, subject to the court’s approval, a trustee “may assume or
8 reject any executory contracts or unexpired leases of the debtor.” 11 U.S.C. § 365(a). Upon
9 finding that a trustee has exercised its sound business judgment in determining to assume an
10 executory contract or unexpired lease, courts should approve the assumption under § 365(a). *See*
11 *Nostas Assocs. v. Costich (In re Klein Sleep Prods., Inc.)*, 78 F.3d 18, 25 (2d Cir. 1996); *see also*
12 *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1099
13 (2d Cir. 1993).

14 Pursuant to § 365(f)(2), a trustee may assign an executory contract or unexpired lease of
15 nonresidential real property if:

- 16 (A) the trustee assumes such contract or lease in accordance with the provisions of this
17 section; and
18 (B) adequate assurance of future performance by the assignee of such contract or lease
19 is provided, whether or not there has been a default in such contract or lease.

20 11 U.S.C. § 365(f)(2).

21 The meaning of “adequate assurance of future performance” depends on the facts and
22 circumstances of each case, and should be given “practical, pragmatic construction.” *See Carlisle*
23 *Homes, Inc. v. Arrari (In re Carlisle Homes, Inc.)*, 103 B.R. 524, 538 (Bankr. D.N.J. 1989); *see*
24 *also In re Natco Indus., Inc.*, 54 B.R. 436, 440 (Bankr. S.D.N.Y. 1985) (adequate assurance of
25 future performance does not mean absolute assurance that debtor will thrive and pay rent); *In re*
26 *Bon Ton Rest. & Pastry Shop, Inc.*, 53 B.R. 789, 803 (Bankr. N.D. Ill. 1985) (“Although no single
27 solution will satisfy every case, the required assurance will fall considerably short of an absolute
28 guarantee of performance.”).

1 Among other things, adequate assurance may be given by demonstrating the assignee's
2 financial health and experience in managing the type of enterprise or property assigned. *In re*
3 *Bygaph, Inc.*, 56 B.R. 596, 605-6 (Bankr. S.D.N.Y. 1986) (adequate assurance of future
4 performance is present when prospective assignee of lease has financial resources and expressed
5 willingness to devote sufficient funding to business to give it strong likelihood of succeeding;
6 chief determinant of adequate assurance is whether rent will be paid).

7 The Debtors and the Successful Bidder will present evidence at the Sale Hearing to prove
8 the financial credibility, willingness, and ability of the Successful Bidder to perform under the
9 contracts or leases. The Court and other interested parties therefore will have the opportunity to
10 evaluate the ability of any Successful Bidder to provide adequate assurance of future performance
11 under the contracts or leases, as required by § 365(b)(1)(C).

12 In addition, the Debtors submit that the cure procedures set forth herein are appropriate,
13 reasonably calculated to provide notice to any affected party, and afford the affected party to
14 opportunity to exercise any rights affected by the Motion, and consistent with § 365. To the
15 extent that any defaults exist under any Assumed Executory Contracts, any such defaults will be
16 cured pursuant to the Successful Bidder's Purchase Agreement. Except as otherwise limited by §
17 365 of the Bankruptcy Code, any provision in the Assumed Executory Contracts that would
18 restrict, condition, or prohibit an assignment of such contracts will be deemed unenforceable
19 pursuant to § 365(f)(1) of the Bankruptcy Code.

20 Accordingly, the Debtors submit that the cure procedures for effectuating the assumption
21 and assignment of the Assumed Executory Contracts as set forth herein are appropriate and
22 should be approved.

23 **D. APPROVAL OF THE SALE IS WARRANTED UNDER § 363**

24 As discussed above, § 363(b)(1) of the Bankruptcy Code provides that a debtor "after
25 notice and a hearing, may use, sell, or lease, other than in the ordinary course of business,
26 property of the estate." 11 U.S.C. § 363(b)(1).

i. The Sale of the Assets is Authorized by § 363 as a Sound Exercise of the Debtors' Business Judgment

In accordance with Rule 6004, sales of property rights outside the ordinary course of business may be by private sale or public auction. The Debtors have determined that the Sale of the Purchased Assets and/or the Other Assets by public auction will enable it to obtain the highest and best offer for these assets (thereby maximizing the value of the estate) and is in the best interests of the Debtors' creditors. In particular, the Stalking Horse APA is the result of comprehensive arms' length negotiations for the Sale of the Purchased Assets and/or the Other Assets and the Sale pursuant to the terms of the Stalking Horse APA, subject to higher or otherwise better offers at the Auction, will provide a greater recovery for the Debtors' creditors than would be provided by any other existing alternative. The Debtors similarly have determined in their business judgment that a sale of the Purchased Assets and/or the Other Assets through a competitive, public auction is the best way to maximize the value of those assets.

Sections 363 provides that a trustee, "after notice and a hearing, may use, sell, or lease, other than in the ordinary course of business, property of the estate." 11 U.S.C. § 363(b). Although § 363 does not specify a standard for determining when it is appropriate for a court to authorize the use, sale or lease of property of the estate, a sale of a debtor's assets should be authorized if a sound business purpose exists for doing so. *See, e.g., Meyers v. Martin (In re Martin)*, 91 F.3d 389, 395 (3d Cir. 1996); *In re Abbotts Dairies of Pa., Inc.*, 788 F.2d 143 (2d Cir. 1986); *In re Titusville Country Club*, 128 B.R. 396 (W.D. Pa. 1991); *In re Delaware & Hudson Ry. Co.*, 124 BR. 169, 176 (D. Del. 1991); *see also Official Comm. of Unsecured Creditors v. The LTV Corp. (In re Chateaugay Corp.)*, 973 F.2d 141, 143 (2d Cir. 1992); *Committee of Equity Sec. Holders v. Lionel Corp. (In re Lionel Corp.)*, 722 F.2d 1063, 1070 (2d Cir. 1983); *Committee of Asbestos-Related Litigants and/or Creditors v. Johns-Manville Corp. (In re Johns-Manville Corp.)*, 60 B.R. 612, 616 (Bankr. S.D.N.Y. 1986).

The paramount goal in any proposed sale of property of the estate is to maximize the proceeds received by the estate. *See, e.g., In re Food Barn Stores, Inc.*, 107 F.3d 558, 564-65 (8th Cir. 1997) (in bankruptcy sales, "a primary objective of the Code [is] to enhance the value of

1 the estate at hand”); *Integrated Resources*, 147 B.R. at 659 (“It is a well-established principle of
2 bankruptcy law that the. . . [trustee’s] duty with respect to such sales is to obtain the highest price
3 or greatest overall benefit possible for the estate.”) (*quoting In re Atlanta Packaging Prods., Inc.*,
4 99 BR. 124, 130 (Bankr. N.D. Ga. 1988)). As long as the sale appears to enhance a debtor’s
5 estate, court approval of a debtor’s decision to sell should only be withheld if the debtor’s
6 judgment is clearly erroneous, too speculative, or contrary to the provisions of the Bankruptcy
7 Code. *GBL Holding Co., Inc. v. Blackburn/Travis/Cole, Ltd.*, 331 B.R. 251, 255 (N.D. Tex.
8 2005); *In re Lajijani*, 325 B.R. 282, 289 (B.A.P. 9th Cir. 2005); *In re WPRV-TV, Inc.*, 143 B.R.
9 315, 319 (D.P.R. 1991) (“The trustee has ample discretion to administer the estate, including
10 authority to conduct public or private sales of estate property. Courts have much discretion on
11 whether to approve proposed sales, but the trustee’s business judgment is subject to great judicial
12 deference.”).

13 Applying § 363, the proposed Sale of the Purchased Assets and/or the Other Assets should
14 be approved. As set forth above, the Debtors have determined that the best method of maximizing
15 the recovery of the Debtors’ creditors would be through the Sale of the Purchased Assets. As
16 assurance of value, bids will be tested through the Auction consistent with the requirements of the
17 Bankruptcy Code, the Bankruptcy Rules, and pursuant to the Bidding Procedures approved by the
18 Court. Consequently, the fairness and reasonableness of the consideration to be paid by the
19 Successful Bidder ultimately will be demonstrated by adequate “market exposure” and an open
20 and fair auction process—the best means, under the circumstances, for establishing whether a fair
21 and reasonable price is being paid.

22 In addition to the Debtors’ prior marketing efforts, the Debtors’ investment banker has
23 been contacting potential interested parties and has assembled a data room which is available
24 upon the execution of an appropriate confidentiality agreement. There is a limited universe of
25 potential acquirers of the Purchased Assets, and the Debtors and their advisors have been in
26 active discussions with many of these potential purchasers.

1 **ii. The Sale of the Debtors' Assets Free and Clear of Liens and Other Interests is**
2 **Authorized by § 363(f) of the Bankruptcy Code**

3 The Debtors further submit that it is appropriate to sell the Purchased Assets free and clear
4 of liens pursuant to § 363(f), with any such liens attaching to the sale proceeds of the Purchased
5 Assets to the extent applicable. Section 363(f) authorizes a trustee to sell assets free and clear of
6 liens, claims, interests and encumbrances if:

- 7 (1) applicable nonbankruptcy law permits the sale of such property free and clear of
8 such interests;
9 (2) such entity consents;
10 (3) such interest is a lien and the price at which such property is to be sold is greater
11 than the value of all liens on such property;
12 (4) such interest is in bona fide dispute; or
13 (5) such entity could be compelled, in a legal or equitable proceeding, to accept a
14 money satisfaction of such interest.

15 11 U.S.C. § 363(f).

16 This provision is supplemented by § 105(a), which provides that “[t]he Court may issue
17 any order, process or judgment that is necessary or appropriate to carry out the provisions of [the
18 Bankruptcy Code].” 11 U.S.C. § 105(a).

19 Because § 363(f) of the Bankruptcy Code is drafted in the disjunctive, satisfaction of any
20 one of its five requirements will suffice to permit the sale of the Debtor's Assets “free and clear”
21 of liens and interests. *In re Dundee Equity Corp.*, 1992 Bankr. LEXIS 436, at *12 (Bankr.
22 S.D.N.Y. Mar. 6, 1992) (“Section 363(f) is in the disjunctive, such that the sale free of the interest
23 concerned may occur if any one of the conditions of § 363(f) have been met.”); *In re Bygaph,*
24 *Inc.*, 56 B.R. 596, 606 n.8 (Bankr. S.D.N.Y. 1986) (same); *Michigan Employment Sec. Comm'n v.*
25 *Wolverine Radio Co. (In re Wolverine Radio Co.)*, 930 F.2d 1132, 1147 n.24 (6th Cir. 1991)
26 (stating that § 363(f) is written in the disjunctive; holding that the court may approve the sale
27 “free and clear” provided at least one of the subsections of § 363(f) is met).

28 The Debtors believe that at least one of the tests of § 363(f) of the Bankruptcy Code is
satisfied with respect to the transfer of the Purchased Assets and/or the Other Assets pursuant to

1 the Stalking Horse APA. Additionally, at least § 363(f)(2) will be met in connection with the
2 transactions proposed under the Purchase Agreement because each of the parties holding liens on
3 the Purchased Assets and/or the Other Assets will consent or, absent any objection to this motion,
4 will be deemed to have consented to the Sale. Any lienholder also will be adequately protected
5 by having its liens, if any, in each instance against the Debtors or their estates, attach to the sale
6 proceeds ultimately attributable to the Purchased Assets and/or the Other Assets in which such
7 creditor alleges an interest, in the same order of priority, with the same validity, force and effect
8 that such creditor had prior to the Sale, subject to any claims and defenses the Debtors may
9 possess with respect thereto. Accordingly, § 363(f) authorizes the transfer and conveyance of the
10 Purchased Assets free and clear of any such claims, interests, liabilities, or liens.

11 Although § 363(f) provides for the sale of assets “free and clear of any interests,” the term
12 “any interest” is not defined anywhere in the Bankruptcy Code. *Folger Adam Security v.*
13 *DeMatteis/MacGregor JV*, 209 F.3d 252, 257 (3d Cir. 2000). Courts have interpreted “any
14 interest” expansively to include not only in rem interests in property, but also other obligations
15 that are “connected to or arise from the property being sold” or that could “potentially travel with
16 the property being sold.” *In re Gardens Regional Hospital and Medical Center, Inc.*, 567 B.R.
17 820, 825 (Bankr. C.D. Cal. 2017) (California Attorney General imposed conditions are an
18 “interest in property” that can be stripped off the assets through a sale under § 363); *In re La*
19 *Paloma Generating, Co.*, 2017 WL 5197116, *4 (Bankr. D. Del. Nov. 9, 2017) (holding that
20 emission surrender obligations created by California regulations and statutes and enforced by the
21 California Air Resources Board are an interest in property which can be cut off by a § 363 sale)
22 *See also In re Trans World Airlines, Inc.*, 322 F.3d 283, 285, 288 (3d Cir. 2001) (holding that

24 interest under § 363 because they arise from the property being sold); *PBBPC, Inc. v. OPK*

10 502 B.R. 158, 76-79 (Bankr. D.N.J. 2013) (section 363 sales cut off tort claims against purchaser

12 27, 2013) (holding that debtor's assets could be sold free and clear of New York State
13 Department of Labor's right to use the debtor's experience rating to access the buyer's tax
14 liability as successor to the debtor); *In re Grumman Olson Indus. Inc.*, 467 B.R. 694, 702-03
15 (S.D.N.Y 2012) ("Section 363(f) can be used to sell property free and clear of claims that could
16 otherwise be assertable against the buyer of the assets under the common law doctrine of
17 successor liability"); *WBO P'ship v. Va. Dep't of Med. Assistance Servs. (In re WBO P'ship)*, 189
18 B.R. 97, 104-05 (Bankr. E.D. Va. 1995) (holding that Commonwealth of Virginia's right to
19 recapture depreciation is an "interest" as that term is used in § 363(f))

20 In the case of *In re Trans World Airlines, Inc.*, 322 F.3d 283, 288-89 (3d Cir. 2003), the
21 Third Circuit specifically addressed the scope of the term "any interest." The Third Circuit
22 observed that while some courts have "narrowly interpreted that phrase to mean only in rem
23 interests in property," the trend in modern cases is towards "a more expansive reading of
24 'interests in property' which 'encompasses other obligations that may flow from ownership of the
25 property.'" *Id.* at 289 (citing 3 Collier on Bankruptcy, ¶ 363.06[1] (L. King, 15th rev. ed. 1988)).
26 As determined by the Fourth Circuit in *In re Leckie Smokeless Coal Co.*, the scope of § 363(f) is
27 not limited to *in rem* interests. 99 F.3d 573, 581-582 (4th Cir. 1996) (holding that coal mine
28 operators could sell their assets free and clear of their obligations to a benefits plan and fund

1 under the Coal Act). Thus, debtors “could sell their assets under § 363(f) free and clear of
2 successor liability that otherwise would have arisen under federal statute.” *Folger*, 209 F.3d at
3 258 (citing *Leckie*, 99 F.3d at 582).

4 Courts have consistently held that a buyer of a debtor’s assets pursuant to a § 363 sale
5 takes such assets free from successor liability resulting from pre-existing claims. *See The Ninth*
6 *Avenue Remedial Group v. Allis-Chalmers Corp.*, 195 B.R. 716, 732 (Bankr. N.D. Ind. 1996)
7 (stating that a bankruptcy court has the power to sell assets free and clear of any interest that
8 could be brought against the bankruptcy estate during the bankruptcy); *MacArthur Company v.*
9 *Johns-Manville Corp. (In re Johns-Manville Corp.)*, 837 F.2d 89, 93-94 (2d Cir. 1988)
10 (channeling of claims to proceeds consistent with intent of sale free and clear under § 363(f)). The
11 purpose of an order purporting to authorize the transfer of assets free and clear of all “interests”
12 would be frustrated if claimants could thereafter use the transfer as a basis to assert claims against
13 the purchaser arising from the Debtors’ pre-sale conduct. Under § 363(f), the purchaser is
14 entitled to know that the Purchased Assets and/or the Other Assets are not infected with latent
15 claims that will be asserted against the purchaser after the proposed transaction is completed.
16 Accordingly, consistent with the above-cited case law, the order approving the Sale should state
17 that the Successful Bidder is not liable as a successor under any theory of successor liability, for
18 claims that encumber or relate to the Purchased Assets and/or the Other Assets.

19 **iii. The Successful Bidder Should be Afforded All Protections Under § 363(m) as**
20 **A Good Faith Purchaser**

21 Section 363(m) protects a good-faith purchaser’s interest in property purchased from the
22 debtor’s estate notwithstanding that the sale conducted under § 363(b) is later reversed or
23 modified on appeal. Specifically, § 363(m) states that:

24 The reversal or modification on appeal of an authorization under
25 [section 363(b)] . . . does not affect the validity of a sale . . . to an entity
26 that purchased . . . such property in good faith, whether or not such entity
27 knew of the pendency of the appeal, unless such authorization and such
28 sale were stayed pending appeal.

11 U.S.C. § 363(m). Section 363(m) “codifies Congress’s strong preference for finality and
efficiency” in bankruptcy proceedings. *In re Energytec, Inc.* 739 F.3d 215, 218-19 (5th Cir.

2013). The Ninth Circuit has repeatedly held that, under § 363(m), “[w]hen a sale of assets is made to a good faith purchaser, it may not be modified or set aside unless the sale was stayed pending appeal.” *Paulman v. Gateway Venture Partners III, L.P. (In re Filtercorp, Inc.)*, 163 F.3d 570, 576 (9th Cir. 1998) ; *In re Ewell*, 958 F.2d 276, 282 (9th Cir. 1992) (“Because the Buyer was a good faith purchaser, under 11 U.S.C. § 363(m) the sale may not be modified or set aside on appeal unless the sale was stayed pending appeal.”); *Onouli-Kona Land Co. v. Estate of Richards (In re Onouli-Kona Land Co.)*, 846 F.2d 1170, 1172 (9th Cir. 1988) (“Finality in bankruptcy has become the dominant rationale for our decisions [...]”).

The selection of the Successful Bidder will be the product of arms’ length, good faith negotiations in an anticipated competitive purchasing process. The Debtors intend to request at the Sale Hearing a finding that the Successful Bidder is a good faith purchaser entitled to the protections of § 363(m).

E. RELIEF FROM THE 14-DAY WAITING PERIOD UNDER RULES 6004(H) AND 6006(D) IS APPROPRIATE

Rule 6004(h) provides that an “order authorizing the use, sale, or lease of property . . . is stayed until the expiration of 14 days after entry of the order, unless the court orders otherwise.” Similarly, Rule 6006(d) provides that an “order authorizing the trustee to assign an executory contract or unexpired lease . . . is stayed until the expiration of 14 days after the entry of the order, unless the court orders otherwise.” The Debtors request that the Order be effective immediately by providing that the 14-day stays under Rules 6004(h) and 6006(d) are waived.

The purpose of Rules 6004(h) and 6006(d) is to provide sufficient time for an objecting party to appeal before an order can be implemented. *See* Advisory Committee Notes to Fed. R. Bankr. P. 6004(h) and 6006(d). Although Rules 6004(h) and 6006(d) and the Advisory Committee Notes are silent as to when a court should “order otherwise” and eliminate or reduce the 14-day stay period, *Collier* suggests that the 14-day stay period should be eliminated to allow a sale or other transaction to close immediately “where there has been no objection to the procedure.” *Collier on Bankruptcy*, ¶ 6004.11 (Alan N. Resnick & Henry J. Sommer eds., 16th ed.). Furthermore, *Collier* provides that if an objection is filed and overruled, and the objecting

1 party informs the court of its intent to appeal, the stay may be reduced to the amount of time
2 actually necessary to file such appeal. *Id.*

3 The Debtors hereby request that the Court waive the 14-day stay periods under Rules
4 6004(h) and 6006(d) or, in the alternative, if an objection to the Sale is filed, reduce the stay
5 period to the minimum amount of time needed by the objecting party to file its appeal.

6 **F. THE APPLICABLE REQUIREMENTS OF LBR 6004-1 HAVE BEEN SATISFIED**

7 Here all of the applicable requirements of LBR 6004-1(b) pertaining to the Motion and the
8 request therein to approve the Bidding Procedures have been satisfied. First, as required by LBR
9 6004-1(b)(2), the Notice of Motion describes the proposed Bidding Procedures and includes a
10 copy of the Stalking Horse APA. Second, as required by LBR 6004-1(b)(2), the Notice of the Bid
11 Procedures Motion and this Memorandum describe marketing efforts undertaken and the
12 anticipated marketing of the Purchased Assets through the deadline for prospective Overbidders
13 to submit bids for the Auction. Third, the Debtors provided notice of the Notice of Motion,
14 Motion, and this Memorandum pursuant to LBR 6004-1(b)(3) and the *Order Granting*
15 *Emergency Motion of Debtors for Order Limiting Scope of Notice* [Docket No. 132]. Therefore,
16 the Debtors submit that service of the Notice of Motion, Motion, and this Memorandum by such
17 means was adequate and appropriate.

18 **V. CONCLUSION**

19 **WHEREFORE**, the Debtors respectfully request that the Court enter an order: (i)
20 granting the relief requested herein; and (ii) granting such other and further relief as the Court
21 may deem proper.

ARTICLE 1

SALE AND TRANSFER OF ASSETS; CONSIDERATION; CLOSING

1.1 Purchase Price.

(a) Subject to the terms and conditions of this Agreement, the purchase price (“**Purchase Price**”) shall consist of the following:

4.2.2 Notwithstanding any provision to the contrary contained in this Agreement (including Section 8.7), no Seller shall be obligated to obtain the approval or consent to the assignment, to Purchaser, of any Assumed Contracts or Assumed Leases, from any party to any of the Assumed Contracts or Assumed Leases even if any such contract or lease states that it is not assignable without such party's consent.

4.3 Other Bidders. Purchaser expressly acknowledges and agrees that each Seller has an obligation to seek out and determine the best and highest offer reasonably available for such

Seller's assets in accordance with the Bankruptcy Code, and nothing herein shall amend, modify, alter, diminish or affect such obligation.

4.4 Sellers' Efforts to Close. Each Seller shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Purchaser's obligations under this Agreement to the extent that such Seller's action or inaction can control or materially influence the satisfaction of such conditions; provided, however, that such Seller shall not be required to pay or commit to pay any amount to (or incur any obligation in favor of) any person (other than filing or application fees).

4.5 Termination Cost Reports. Each Seller shall file all Medicare, Medi-Cal and any other termination cost reports required to be filed as a result of the consummation of (a) the transfer of the Assets of such Seller to Purchaser and (b) the transactions contemplated by this Agreement with respect to such Seller, provided that Purchaser shall fund reasonable costs and expenses of preparation, filing and audit of such reports. Purchaser shall permit each Seller access to all Hospital books and records to prepare such reports and shall assist such Seller in the process of preparing, filing, and reviewing the termination cost reports. All such termination cost reports shall be filed by the applicable Seller in a manner that is consistent with current laws, rules and regulations. Each Seller shall be responsible for filing governmental cost reports for the period of January 1, 2019 through the Closing Date. Purchaser shall be responsible for its own cost report filings relating to the Hospitals beginning on the day immediately following the Effective Time.

4.6 Conduct of the Business. From the Signing Date until the Closing, or the earlier termination of this Agreement, without the prior written consent of Purchaser, Sellers shall, with respect to the ownership of the Assets and the operation of the Hospitals, use commercially reasonable efforts to, in each case except as would not have a Material Adverse Effect (except as otherwise noted):

The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, provided that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

ARTICLE 5

COVENANTS OF PURCHASER

5.1 Purchaser's Efforts to Close. Purchaser shall use its reasonable commercial efforts to satisfy all of the conditions precedent set forth in ARTICLE 7 and ARTICLE 8 to its or Sellers' obligations under this Agreement to the extent that Purchaser's action or inaction can control or materially influence the satisfaction of such conditions. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement, Purchaser shall be permitted to communicate and meet with (a) counter-parties to the agreements and contracts of the Hospitals, included those included in Assumed Obligations, regarding the terms and conditions under which they may be assumed and assigned to Purchaser, and (b) applicable governmental and regulatory authorities regarding prospective compliance with regulatory requirements and related issues; so long as, in the case of each of (a) and (b) (i) such communications and meetings do not interfere with the operation of the Businesses or the conduct of the Bankruptcy Cases and (ii) any communications or meetings with any governmental authority are approved in advance by Sellers as to timing and content (and Sellers are copied on such communications and afforded the opportunity to participate in such meetings).

5.2 Required Governmental Approvals.

(a) Purchaser, at its sole cost and expense (a) shall use its best efforts to secure, as promptly as practicable before the Closing Date, all consents, approvals (or exemptions therefrom), authorizations, clearances and licenses required to be obtained from governmental and regulatory authorities in order to carry out the transactions contemplated by this Agreement and to cause all of its covenants and agreements to be performed, satisfied and fulfilled (and provide Sellers copies of all materials relating to such consents, approvals, authorizations, clearances and licenses upon submission and all materials received from third parties in connection with such consents, approvals, authorizations, clearances and licenses upon receipt), and (b) will provide such other information and communications to governmental and regulatory authorities as any Seller or such authorities may reasonably request. Purchaser will provide Sellers periodic and timely updates regarding all such consents, approvals, authorizations, clearances and licenses. Purchaser is responsible for all filings with and requests to governmental authorities necessary to enable Purchaser to operate the Hospital at and after the Effective Time. Purchaser shall, promptly, but no later than thirty (30) business days after the entry of the Sale Order or sooner if required by applicable governmental or regulatory authorities, file all applications, licensing packages and other similar documents with all applicable governmental and regulatory authorities which are a prerequisite to obtaining the material licenses, permits, authorizations and provider numbers described in Section 8.1. Purchaser shall be entitled, but not obligated, to obtain the Contract and Lease Consents. Purchaser shall be entitled, but not obligated, to solicit and obtain estoppel certificates from any third party to any Leased Real Property. Purchaser's failure to obtaining any or all of the Contract and Lease Consents or estoppel certificates as of the Closing Date shall not be a condition precedent to either party's obligation to close the transactions contemplated by this Agreement.

(b) Purchaser and Sellers agree that because the change of ownership and regulatory approval process in connection with the transactions contemplated by this Agreement may take an extended period of time, Purchaser and Sellers agree to an initial closing effective upon the approval of the court and upon the approval of the transaction by the CA AG (as defined below) in accordance with Sections 7.5 and 8.6, at which time the Assets (less the portion of the Assets constituting drugs or other pharmacy assets) will be sold to Purchaser and immediately leased back

to Sellers, with a concurrent management agreement entered into at that time upon terms mutually agreeable to the parties in their reasonable business judgment. The Sale Leaseback Agreement and Interim Management Agreement will terminate at the Closing when the Purchaser is issued the Licenses necessary to operate the Hospitals directly (namely, the Hospital Licenses and pharmacy permits).

5.3 Certain Employee Matters.

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the “**Hospital Employees**”) who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on Schedule 5.3; or (iii) employed by an affiliate of any Seller and are listed on Schedule 5.3. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity or any other affiliate of Seller unless such individual is listed on Schedule 5.3. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the “**Hired Employees**.” All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time, subject to compliance with applicable law and regulation, including consent of such employees if required.

(c) After the Closing Date, Purchaser’s human resources department will give reasonable assistance to each Seller and its affiliates with respect to such Seller’s and such Seller’s affiliates’ post-Closing administration of such Seller’s and such Seller’s affiliates’ pre-Closing employee benefit plans for the Hospital Employees. Within five (5) days after the Closing Date, Purchaser shall provide to each Seller a list of all the Hospital Employees who were offered employment by Purchaser but refused such employment along with a list of all Hired Employees (which such list Purchaser shall periodically update).

(d) With respect to any collective bargaining agreements or labor contract with respect to any employees, Purchaser shall comply with the applicable laws and bankruptcy court orders relating to collective bargaining agreements or labor contracts.

(e) The provisions of this Section 5.3 are solely for the benefit of the parties to this Agreement, and no employee or former employee or any other individual associated therewith or any employee benefit plan or trustee thereof shall be regarded for any purpose as a third party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any employee benefit plan for any purpose.

5.4 Excluded Assets. As soon as practicable after the Closing Date, Purchaser shall deliver to each Seller or such Seller’s designee any Excluded Assets of such Seller found at the

Hospital on and after the Effective Time, without imposing any charge on any Seller for Purchaser's storage or holding of same on and after the Effective Time.

5.5 Waiver of Bulk Sales Law Compliance. Purchaser hereby waives compliance by Sellers with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Assets are located and all other laws applicable to bulk sales and transfers.

5.6 Attorney General. Promptly after entry of the Sale Order, but in any event within ten (10) calendar days, Purchaser shall, at its sole cost and expense, make any notices or other filings with the Attorney General of the State of California (the "CA AG"). Each Seller shall reasonably cooperate with Purchaser in such notices or other filings.

5.7 Conduct Pending Closing. Prior to consummation of the transactions contemplated hereby or the termination or expiration of this Agreement pursuant to its terms, unless Sellers shall otherwise consent in writing, Purchaser shall not take any action or fail or omit to take any action which would cause any of Purchaser's representations and warranties set forth in ARTICLE 4 to be inaccurate or untrue as of the Closing.

5.8 Cure Costs. Purchaser, upon assumption, shall pay the Cure Costs for each Assumed Contract and Assumed Lease so that each such Assumed Contract and Assumed Lease may be assumed by the applicable Seller and assigned to Purchaser in accordance with the provisions of section 365 of the Bankruptcy Code. For purposes of this Agreement, "**Cure Costs**", means all amounts that must be paid and all obligations that otherwise must be satisfied, including pursuant to Sections 365(b)(1)(A) and (B) of the Bankruptcy Code in connection with the assumption and/or assignment of the Assumed Contracts and Assumed Leases to Purchaser as provided herein.

5.9 Operating Covenant. Purchaser shall act in good faith and use Purchaser's commercially reasonable efforts to serve the medical needs of each Hospital's service area.

5.10 HSR Filing. Purchaser and each Seller will as promptly as practicable, and in any event no later than five business days after the date of the Sale Order, file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the transactions contemplated hereby and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. Purchaser shall pay all filing fees required with respect to the notification, report and other requirements of the HSR Act. Each of Purchaser and Sellers shall furnish to the other such information and assistance as the other shall reasonably requires in connection with the preparation and submission to, or agency proceedings by, any governmental authority under the HSR Act, and each of Purchaser and Sellers shall keep the other promptly apprised of any communications with, and inquires or requests for information from, such governmental authorities. Purchaser shall take such action (including divestitures or hold separate arrangements) as may be required by any governmental authority in order to resolve with the minimum practicable delay any objections such governmental authorities may have to the transactions contemplated by this Agreement under the HSR Act.

5.11 Contract with Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement to be assumed by Purchaser. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement. In addition, Sellers may, in their discretion, seek to reject any or all of the collective bargaining agreement(s).

ARTICLE 6

SELLERS' BANKRUPTCY AND BANKRUPTCY COURT APPROVAL

6.1 Bankruptcy Court Approval; Overbid Protection and Break-Up Fee.

(a) Sellers and Purchaser acknowledge that this Agreement and the sale of the Assets and the assumption and assignment of the Assumed Contracts and Assumed Leases are subject to Bankruptcy Court approval, and that this Agreement is subject to termination in its entirety in the event any Seller receives a better and higher offer for the Assets in accordance with the Bankruptcy Code and subject to the terms stated herein.

(b) Promptly following the execution of this Agreement by all parties, the Seller shall file a motion with the Bankruptcy Court (the "**Sales Procedures Motion**"), the content of which shall be subject to the reasonable approval by Purchaser, for entry of an order approving bid procedures and overbid protections containing substantially the following terms and conditions:

(1) the Seller shall not accept any offer to sell the Assets subject to this Agreement ("**Overbid**") to another purchaser ("**Overbidder**") unless that offer exceeds the Purchase Price by an amount sufficient to pay the Break-Up Fee and such offer includes the purchase of substantially all Assets subject of this Agreement;

(2) in the event that an overbidder (and not the Purchaser) is the successful bidder for the purchase of the Assets (the "**Alternate Transaction**") and the Alternative Transaction is approved by the Bankruptcy Court, (a) the Deposit, and any interest earned thereon, shall be returned to Purchaser immediately upon the entry of such sale order, and (b) Purchaser shall be paid a break-up fee of three and one-half percent (3.5%) of the Cash Consideration (\$21,350,000.00) plus reimbursement of reasonably documented reasonable costs and expenses incurred by Purchaser related to its due diligence, and pursuing, negotiating, and documenting the transactions contemplated by this Agreement in an amount not to exceed \$2,000,000.00 (the "**Break-Up Fee**"); provided, however, that in the event that

the Purchaser is successful as to some but not all of the Assets, the Break-Up Fee shall be reduced pro rata to the percentage of Assets not actually purchased by the Purchaser, based on the allocation of the Purchase Price as described in Section 1.1(a)(i), as compared to the Assets which were the subject of this Agreement.; and

(3) The Break-Up Fee shall be deemed to be an allowed expense of the kind specified in Section 503(b) of the Bankruptcy Code to be paid solely from the proceeds of the Alternate Transaction, pursuant to the Sale Order. The Break-Up Fee shall not be paid if the Alternate Transaction was pursued due to a material breach by the Purchaser or the Purchaser's failure or refusal to consummate the transaction after the satisfaction or waiver of all closing conditions.

The Sales Procedures Motion will contain bid procedures as set forth in the bid procedures attached hereto as **Schedule 6.1(b)(3)**.

If Sellers fails to obtain Bankruptcy Court approval for the Sales Procedures Motion by no later than four weeks after the end of the Final Diligence Period, Purchaser shall have the right to terminate this Agreement, without recourse or liability, and Seller shall immediately thereafter return to Purchaser the Deposit and any interest earned thereon.

(c) Each Seller shall at the Sale Hearing exercise reasonable efforts to obtain a "Sale Order" approving this Agreement, subject to its obligations in respect of any better and higher offer for such Seller's assets in accordance with the Bankruptcy Code. For purposes of this Agreement, the term "**Sale Order**" shall mean an order of the Bankruptcy Court authorizing the sale of the Assets (including the assumption and assignment of the Assumed Contracts and Assumed Leases) to Purchaser consistent with this Agreement and in a form reasonably satisfactory to Purchaser.

(d) Each Seller agrees to proceed in good faith to obtain Bankruptcy Court approval of the sale contemplated herein with a determination that Purchaser is a good faith purchaser pursuant to Bankruptcy Code section 363(m) and to file such declarations and other evidence as may be required to support a finding of good faith.

(e) Each Seller shall seek an order from the Bankruptcy Court retaining jurisdiction over all matters relating to claims against such Seller as debtor solely in the Bankruptcy Court.

6.2 Appeal of Sale Order. In the event an appeal is taken or a stay pending appeal is requested from the Sale Order, Sellers shall immediately notify Purchaser of such appeal or stay request and shall provide to Purchaser promptly a copy of the related notice of appeal or order of stay. Sellers shall also provide Purchaser with written notice of any motion or application filed in connection with any appeal from either of such orders. In the event of an appeal of the Sale Order, Sellers shall be primarily responsible for drafting pleadings and attending hearings as necessary to defend against the appeal; provided, however, Purchaser, at its option, shall have the right to participate as a party in interest in such appeal. In the event a stay is issued by any appellate court, including the United States District Court, which prevents the sale from closing, as scheduled, Purchaser shall have the right to terminate this Agreement if such stay is not vacated on or before

45 days from the date of the stay is issued, and Purchaser shall be entitled to the prompt return of the Deposit and any interest earned thereon.

ARTICLE 7

CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 Signing and Delivery of Instruments. Purchaser shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to the provisions of this Agreement.

7.2 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction or any other governmental body and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

7.3 Performance of Covenants. Purchaser shall have in all respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by it on or prior to the Closing Date.

7.4 Governmental Authorizations. Purchaser shall have obtained all material licenses, permits and authorizations from governmental agencies or governmental bodies that are necessary or required for completion of the transactions contemplated by this Agreement, including reasonable assurances that any material licenses, permits and authorizations not actually issued as of the Closing will be issued following Closing (which may include oral assurances from appropriate governmental agencies or bodies).

7.5 Attorney General Provisions. The conditions to Purchaser's obligations to close set forth in Section 8.6 shall have been satisfied.

7.6 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order.

7.7 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

7.8 CSCDA Acknowledgement. The CSCDA and PACE Trustee shall have executed acknowledgements in form and substance acceptable to Sellers that Purchaser is the Successor Property Owner and Obligated Party under the PACE Obligations, and releases of the Sellers from any and all claims arising or accruing prior to the Closing Date.

ARTICLE 8

CONDITIONS PRECEDENT TO OBLIGATIONS OF PURCHASER

Purchaser's obligation to purchase the Assets and to close the transactions contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Purchaser in whole or in part at or prior to the Closing.

8.1 Governmental Authorizations. Except as otherwise set forth in this Agreement, Purchaser and Sellers shall have obtained licenses, permits and authorizations from governmental agencies or governmental bodies that are required for the purchase, sale and operation of the Hospitals, including without limitation approval of the CA AG (subject to Section 8.6), except in such case where failure to obtain such license, permit or authorizations from a governmental agency or governmental body does not have a Material Adverse Effect.

8.2 Bankruptcy Court Approval. The Bankruptcy Court shall have entered the Sale Order and made a finding that Purchaser is a "good faith" purchaser under Section 363(m) of the Bankruptcy Code.

8.3 Signing and Delivery of Instruments. Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to all of the provisions of this Agreement.

8.4 Performance of Covenants. Sellers shall have in all material respects performed or complied with each and all of the obligations, covenants, agreements and conditions required to be performed or complied with by Sellers on or prior to the Closing Date; *provided, however*, this condition will be deemed to be satisfied unless (a) Sellers were given written notice of such failure to perform or comply and did not or could not cure such failure to perform or comply within fifteen (15) business days after receipt of such notice and (b) the respects in which such obligations, covenants, agreements and conditions have not been performed have had or would have a Material Adverse Effect.

8.5 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the transactions contemplated in this Agreement shall have been issued by any court of competent jurisdiction and shall remain in effect on the Closing Date, and further, no governmental entity shall have commenced any action or suit before any court of competent jurisdiction or other governmental authority that seeks to restrain or prohibit the consummation of the transactions contemplated hereby.

8.6 Attorney General Provisions. Purchaser recognizes that the transactions contemplated by this Agreement may be subject to review and approval of the CA AG. Purchaser agrees to close the transactions contemplated by this Agreement so long as any conditions imposed by the CA AG are substantially consistent with the conditions set forth in Schedule 8.6. In the event the CA AG imposes conditions on the transactions contemplated by this Agreement which are not as set forth on Schedule 8.6 (the "**Additional Conditions**"), Sellers shall have the opportunity to file a motion with the Bankruptcy Court seeking the entry of an order finding that

the Additional Conditions are an “interest in property” for purposes of 11 U.S.C. § 363(f), and that the Assets can be sold free and clear of the Additional Conditions. If Sellers obtain such an order, from the Bankruptcy Court or another court, Purchaser shall have a period of 21 business days from the entry of such order to determine, in Purchaser’s sole and absolute discretion, and in consultation with Purchaser’s financing sources, whether to proceed to consummate the transactions contemplated by this Agreement. If Purchaser determines not to proceed, Purchaser shall have the right to terminate this Agreement and receive the return of its Good Faith Deposit.

8.7 Medicare and Medi-Cal Provider Agreements. Sellers shall transfer their Medicare provider agreements pursuant to a settlement agreement with the Centers for Medicare and Medicaid Services (“CMS”) and shall transfer their Medi-Cal provider agreements pursuant to a settlement agreement with the California Department of Health Care Services (“DHCS”), which such settlement agreements shall result in: (i) resolution of all outstanding financial defaults under any of Sellers’ Medicare and Medi-Cal provider agreements and (ii) full satisfaction, discharge, and release of any claims under the Medicare or Medi-Cal provider agreements, whether known or unknown, that CMS or DHCS, as applicable, has against the Seller or Purchaser for monetary liability arising under the Medicare or Medi-Cal provider agreements before the Effective Time; provided, however, that Purchaser acknowledges that it will succeed to the quality history associated with the relevant Medicare or Medi-Cal provider agreements assigned and shall be treated, for purposes of survey and certification issues as if it is the relevant Seller and no change of ownership occurred.

8.8 HSR Act. The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

ARTICLE 9

TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to Closing:

- (a) by the mutual written consent of the parties;
- (b) by Sellers if a material breach of this Agreement has been committed by Purchaser and such breach has not been (i) waived in writing by Sellers or (ii) cured by Purchaser to the reasonable satisfaction of Sellers within fifteen (15) business days after service by Sellers upon Purchaser of a written notice which describes the nature of such breach;
- (c) by Purchaser if, in its sole and absolute discretion, it is not satisfied with either (i) the results of its due diligence examination of the Hospitals, or (ii) the contents of any schedule or exhibit that was not completed and attached to this Agreement, but which has been provided to Purchaser after the Signing Date, and Purchaser has notified Seller of its election to terminate the Agreement under this Section 9.1(c) on or prior to January 8, 2019, which notice may be given by facsimile or email correspondence; provided, that for the avoidance of doubt, following expiration of the Final Diligence Period, notwithstanding anything else in this Agreement, Purchaser shall not be entitled to terminate this Agreement (or not Close) as a result of the breach of any representation or warranty made by Sellers (or any of them) other than the

breach of a Sale Order Date Representation, but in each case solely to the extent such breach of a Sale Order Date Representation would result in a Material Adverse Effect; provided, further, that any dispute between Purchaser and Sellers as to whether a Material Adverse Effect has occurred for any purpose under this Agreement shall be exclusively settled by a determination made by the Bankruptcy Court;

(d) by Purchaser if a material breach of this Agreement has been committed by Sellers and such breach has not been (i) waived in writing by Purchaser or (ii) cured by Sellers to the reasonable satisfaction of Purchaser within fifteen (15) business days after service by Purchaser upon Sellers of a written notice which describes the nature of such breach;

(e) by Purchaser if satisfaction of any of the conditions in ARTICLE 8 has not occurred by December 31, 2019 or becomes impossible, and Purchaser has not waived such condition in writing (provided that the failure to satisfy any of the applicable condition or conditions in Sections 8.1 through 8.5 inclusive has occurred by reason other than (i) through the failure of Purchaser to comply with its obligations under this Agreement or (ii) Sellers' failure to provide their closing deliveries on the Closing Date as a result of Purchaser not being ready, willing and able to close the transaction on the Closing Date); provided that upon the imposition of Additional Conditions by the CA AG, Section 8.6 must be satisfied or waived by Purchaser by no later than sixty (60) days thereafter.

(f) by Sellers if satisfaction of any of the conditions in ARTICLE 7 has not occurred by December 31, 2019 or becomes impossible, and Sellers have not waived such condition in writing (provided that the failure to satisfy the applicable condition or conditions has occurred by reason other than (i) through the failure of Sellers to comply with their obligations under this Agreement or (ii) Purchaser's failure to provide its closing deliveries on the Closing Date as a result of Sellers not being ready, willing and able to close the transaction on the Closing Date);

(g) by either Purchaser or Sellers if the Bankruptcy Court enters an order dismissing the Bankruptcy Cases or fails to approve the Sales Procedures Motion by the date specified in Section 6.1(b);

(h) by Sellers if, in connection with the Bankruptcy Cases, any Seller accepts an Alternate Transaction and pays the Break-Up Fee;

(i) by either Purchaser or Sellers if the Closing has not occurred (other than through the failure of any party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2019; or

(j) by Purchaser if a force majeure event (such as acts of God, storms, floods, landslides, earthquakes, lightning, riots, fires, pandemics, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities, other national or international calamity, one or more acts of terrorism, or failure of energy sources) shall have occurred between the Signing Date and Closing Date, which event is reasonably likely to have a Material Adverse Effect.

9.2 Termination Consequences. If this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1: (a) all further obligations of the parties under this Agreement shall terminate (other than Purchaser's right to receive the Break-Up Fee if applicable), provided that the provisions of ARTICLE 12, shall survive; and (b) each party shall pay only its own costs and expenses incurred by it in connection with this Agreement; provided, in the case of any termination based on Sections 9.1(b) or (d) the consequences of such termination shall be determined in accordance with ARTICLE 11 hereof. In addition, if this Agreement is terminated pursuant to Sections 6.1(b), 6.2 or 9.1 (other than Section 9.1(b)), Seller shall immediately return the Deposit to Purchaser with all interest earned thereon. Each Party acknowledges that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, that without these agreements such Party would not have entered into this Agreement.

ARTICLE 10

POST-CLOSING MATTERS

10.1 Excluded Assets.

Subject to Section 10.2 hereof, any Excluded Asset (or proceeds thereof) (a) pursuant to the terms of this Agreement, (b) as otherwise determined by the parties' mutual written agreement or (c) absent such agreement, as determined by adjudication by the Bankruptcy Court, which comes into the possession, custody or control of Purchaser (or its respective successors-in-interest, assigns or affiliates) shall, within five (5) business days following receipt, be transferred, assigned or conveyed by Purchaser (and its respective successors-in-interest, assigns and affiliates) to the applicable Seller. Purchaser (and its respective successors-in-interest, assigns and affiliates) shall have neither the right to offset amounts payable to any Seller under this Section 10.1 against, nor the right to contest its obligation to transfer, assign and convey to any Seller because of, outstanding claims, liabilities or obligations asserted by Purchaser against any Seller. If Purchaser does not remit any monies included in the Excluded Assets (or proceeds thereof) to the applicable Seller in accordance with the first sentence of this Section 10.1, such withheld funds shall bear interest at the Prime Rate in effect on the calendar day upon which such payment was required to be made to Seller (the "**Excluded Asset Due Date**") plus five percent (5%) (or the maximum rate allowed by law, whichever is less), such interest accruing on each calendar day after the Excluded Asset Due Date until payment of the Excluded Assets and all interest thereon is made to the applicable Seller.

10.2 Preservation and Access to Records After the Closing.

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by law (the "**Document Retention Period**"), Purchaser shall keep and preserve all medical records (including, without limitation, electronic medical records), patient records, medical staff records and other books and records which are among the Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. Purchaser will afford to the representatives of Sellers, any of their affiliates, the Official Committee of the Unsecured Creditors of the Sellers, Sellers' estate representative or any liquidating trustee of the Sellers' bankruptcy estate ("**Seller Parties**"), including their counsel and accountants, full and complete access to, and copies (including, without limitation, color laser copies) of, such records

with respect to time periods prior to the Effective Time (including, without limitation, access to records of patients treated at the Hospital prior to the Effective Time) during normal business hours after the Effective Time, to the extent reasonably needed by any Seller Party for any lawful purpose. Purchaser acknowledges that, as a result of entering into this Agreement and operating the Hospital, it will gain access to patient records and other information which are subject to rules and regulations concerning confidentiality. Purchaser shall abide by any such rules and regulations relating to the confidential information it acquires. Purchaser shall maintain the patient and medical staff records at the Hospital in accordance with applicable law and the requirements of relevant insurance carriers. After the expiration of the Document Retention Period, if Purchaser intends to destroy or otherwise dispose of any of the documents described in this Section 10.2(a), Purchaser shall provide written notice to Sellers of Purchaser's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at its sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties does not take possession of such documents during such forty-five (45) calendar day period, Purchaser shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall give full cooperation to the Seller Parties and their insurance carriers in connection with the administration of Sellers' estate, including, without limitation, in connection with all claims, actions, causes of action or audits relating to the Excluded Assets, Excluded Liabilities or pre-Closing operation of the Sellers or the Hospital that any Seller Party may elect to pursue, dispute or defend, in respect of events occurring prior to the Effective Time with respect to the operation of the Hospital. Such cooperation shall include, without limitation, making the Hired Employees available for interviews, depositions, hearings and trials and other assistance in connection with the administration of Sellers' estate and such cooperation shall also include making all of its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses (all of which shall be done without payment of any fees or expenses to Purchaser or to such employees); provided that Purchaser shall not be required to incur any out of pocket costs in association therewith. In addition, Sellers and their affiliates shall be entitled to remove from the Hospital originals of any such records, but only for purposes of pending litigation involving the persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of their affiliates in connection with such litigation. Any records so removed from the Hospital shall be promptly returned to Purchaser following Sellers' or their applicable affiliate's use of such records.

(c) In connection with (i) the transition of the Hospital pursuant to the transaction contemplated by this Agreement, (ii) Sellers' rights to the Excluded Assets, (iii) any claim, audit, or proceeding, including, without limitation, any tax claim, audit, or proceeding and (iv) the Sellers' obligations under the Excluded Liabilities, Purchaser shall after the Effective Time give Sellers access during normal business hours to Purchaser's books, personnel, accounts and records and all other relevant documents and information with respect to the assets, liabilities and business of the Hospital as representatives of Sellers and their affiliates may from time to time reasonably request, all in such manner as not to unreasonably interfere with the operations of the Hospital.

(d) Purchaser and its representatives shall be given access by Sellers during normal business hours to the extent reasonably needed by Purchaser for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to any of the Assets prior to the Effective Time (excluding confidential employee information, privileged materials and patient records), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Purchaser at Purchaser's expense, or (ii) removed by Purchaser from the premises, copied by Purchaser and promptly returned to Sellers.

(e) Purchaser shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 with respect to the operation of the Hospital on and after the Effective Time.

(f) Purchaser shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Hospital and other information required by Sellers for reporting to HFAP for the remainder of the quarterly period in which the Closing has occurred.

(g) To the maximum extent permitted by law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including without limitation, documents relating to the operations of any of the Hospital or any of the Hospital's committees prior to the Effective Time, prior to any disclosure of such documents, Purchaser shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

(h) Provision of Benefits of Certain Contracts. Notwithstanding anything contained herein to the contrary, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease, if, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without the consent of the third party thereto, would constitute a breach thereof or in any way negatively affect the rights of Sellers or Purchaser, as the assignee of such Assumed Contract or Assumed Lease, as the case may be, thereunder. If, notwithstanding the provisions of Sections 363 and 365 of the Bankruptcy Code, such consent or approval is required but not obtained, Sellers will cooperate with Purchaser in any reasonable arrangement designed to both (a) provide Purchaser with the benefits of or under any such Assumed Contract or Assumed Lease, and (b) cause Purchaser to bear all costs and obligations of or under any such Assumed Contract or Assumed Lease. Further, notwithstanding anything contained in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any Account Receivable the assignment of which is either prohibited by law or by the terms of any contract with a payor without the consent of such payor. Any payments received by Sellers after the Closing Date from patients, payors, clients, customers, or others who are the obligors on Accounts Receivables transferred to Purchaser as a part of the Assets on the Closing Date shall be paid over to Purchaser within ten (10) business days after receipt by Seller.

10.3 Closing of Financials. Provided that Purchaser shall not incur any out of pocket costs, Purchaser shall cause the individual acting as the chief financial officer of the Hospital after the Effective Time (the "**Post-Effective Time CFO**") to cooperate with Sellers' representatives in

order to complete the standardized closing of Sellers' financial records through the Closing Date including, without limitation, the closing of general ledger account reconciliations (collectively, the "**Closing of Financials**"). Purchaser shall cause the Post-Effective Time CFO to use his or her good faith efforts to cooperate with Sellers' representatives in order to complete the Closing of Financials by no later than the date which is thirty (30) calendar days after the Closing Date. The Post-Effective Time CFO and other appropriate personnel shall be reasonably available to Sellers for a period of no less than one hundred eighty (180) calendar days after the Closing Date to assist Sellers in the completion of Sellers' post-Closing audit, such assistance not to interfere unreasonably with such Post-Effective Time CFO's other duties.

10.4 Medical Staff. To ensure continuity of care in the community, Purchaser agrees that the Hospital's medical staff members in good standing as of the Effective Time shall maintain medical staff privileges at the Hospital as of the Effective Time. On and after the Effective Time, the medical staff will be subject to the Hospital's Medical Staff Bylaws then currently in effect, provided that such Bylaws are in compliance with all applicable laws and regulations and contain customary obligations.

10.5 Shared Intangible Assets. In the event and to the extent that certain intangible Assets transferred by Sellers have been used to operate businesses of Verity or Verity Holdings or their affiliates which are not being sold to Purchaser ("**Shared Intangible Assets**") and such Shared Intangible Assets continue to be used by Verity or Verity Holdings or their affiliates to operate such businesses after Closing, Verity and Verity Holdings retain the rights to continue to use such Assets notwithstanding their sale to Purchaser. Purchaser shall reasonably cooperate with Verity and Verity Holdings and their affiliates to give effect to such rights and shall provide Verity and Verity Holdings and their affiliates such documentation, records and information and reasonable access to such systems as necessary for Verity and Verity Holdings and their affiliates to continue to operate such businesses; all in such manner as not to reasonably interfere with the operations of the Hospitals; provided, however, Purchaser shall not be required to incur any out-of-pocket costs in association therewith unless reimbursed by Verity and Verity Holdings and their affiliates.

ARTICLE 11

DEFAULT, TAXES AND COST REPORTS

11.1 Purchaser Default. If Purchaser commits any material default under this Agreement, Sellers shall have the right to sue for damages; provided, however that the amount of such damages shall never exceed \$60,000,000.00. For the avoidance of doubt, Sellers shall have no right to sue for specific performance under this Agreement.

11.2 Seller Default. If Sellers commit any material default under this Agreement, Purchaser shall have the right to demand and receive a refund of the Deposit, and Purchaser may, in addition thereto, pursue any rights or remedies that Purchaser may have under applicable law, including the right to sue for damages or specific performance.

11.3 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the parties shall cooperate fully with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to tax liabilities or potential tax liabilities attributable to Sellers with respect to the operation of the Hospital for all periods prior to the Effective Time and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as Sellers reasonably may request in connection with the completion of any post-Closing audits of the Hospital.

(b) The Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income Tax purposes) shall be allocated among the Assets in accordance with Section 1060 of the Code and the Treasury Regulations promulgated thereunder as set forth in **Schedule 11.3(b)** (such schedule the “**Allocation Schedule**”). The Allocation Schedule shall be for Sellers’ and Purchaser’s tax purposes only, and shall not limit the Sellers’ creditors in any way.

11.4 Cost Report Matters.

(a) Consistent with Section 4.5, Sellers shall, at Purchaser’s expense, prepare and timely file all cost reports relating to the periods ending prior to the Effective Time or required as a result of the consummation of the transactions described in this Agreement, including, without limitation, those relating to Medicare, Medicaid, and other third party payors which settle on a cost report basis (the “**Seller Cost Reports**”).

(b) Upon reasonable notice and during normal business office hours, Purchaser will cooperate reasonably with Sellers in regard to Sellers’ preparation and filing of the Seller Cost Reports. Such cooperation shall include, at no cost to Sellers, obtaining access to files at the Hospital and Purchaser’s provision to Sellers of data and statistics, and the coordination with Sellers pursuant to reasonable notice of Medicare and Medicaid exit conferences or meetings. Sellers shall have no obligations after the Effective Time with respect to Seller Cost Reports except for preparation and filing thereof.

ARTICLE 12

MISCELLANEOUS PROVISIONS

12.1 Further Assurances and Cooperation. Sellers shall execute, acknowledge and deliver to Purchaser any and all other assignments, consents, approvals, conveyances, assurances, documents and instruments reasonably requested by Purchaser at any time and shall take any and all other actions reasonably requested by Purchaser at any time for the purpose of more effectively assigning, transferring, granting, conveying and confirming to Purchaser, the Assets. After consummation of the transaction contemplated in this Agreement, the parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the transactions contemplated hereby.

12.2 Successors and Assigns. All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; *provided, however*, that no party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other parties which consent shall not be unreasonably withheld or delayed, except that Purchaser may, without the prior written consent of Sellers, assign all or any portion of its rights under this Agreement to one or more of its affiliates prior to the Closing Date.

12.3 Governing Law; Venue. This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof), except to the extent that the laws of such State are superseded by the Bankruptcy Code or other applicable federal law. For so long as Sellers are subject to the jurisdiction of the Bankruptcy Court, the parties irrevocably elect, as the sole judicial forum for the adjudication of any matters arising under or in connection with the Agreement, and consent to the exclusive jurisdiction of, the Bankruptcy Court. The parties hereby consent to the jurisdiction of such court and waive their right to challenge any proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or forum non conveniens.

12.4 Amendments. This Agreement may not be amended other than by written instrument signed by the parties hereto.

12.5 Exhibits, Schedules and Disclosure Schedule. The Disclosure Schedule and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. From the Signing Date until the Closing, the parties agree that Sellers may update the Disclosure Schedule as necessary upon written notice to Purchaser, and the applicable representation and warranty shall thereafter be deemed amended for all purposes by such updated Disclosure Schedule. Notwithstanding the foregoing, but subject to Section 9.2(c), should any exhibit or schedule not be completed and attached hereto as of the Signing Date, Sellers and Purchaser shall promptly negotiate in good faith any such exhibit or schedule, which exhibit or schedule must be acceptable to each of Sellers and Purchaser in their reasonable discretion prior to being attached hereto. Any matter disclosed in this Agreement or in the Disclosure Schedule with reference to any Section of this Agreement shall be deemed a disclosure in respect of all sections to which such disclosure may apply. The headings, if any, of the individual sections of the Disclosure Schedule are provided for convenience only and are not intended to affect the construction or interpretation of this Agreement. The Disclosure Schedule is arranged in sections and paragraphs corresponding to the numbered and lettered sections and paragraphs of Article III merely for convenience, and the disclosure of an item in one section of the Disclosure Schedule as an exception to a particular representation or warranty shall be deemed adequately disclosed as an exception with respect to all other representations or warranties to the extent that the relevance of such item to such representations or warranties is reasonably apparent on the face of such disclosure, notwithstanding the presence or absence of an appropriate section of the Disclosure Schedule with respect to such other representations or warranties or an appropriate cross reference thereto.

12.6 Notices. Any notice, demand or communication required, permitted, or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by telegraphic or other electronic means (including facsimile) or overnight courier, or five (5)

12.7 Headings. The section and other headings contained in this Agreement and in the Disclosure Schedule, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedule, exhibits and schedules hereto.

12.8 Publicity. Prior to the Closing Date, Sellers and Purchaser shall consult with each other as to the form and substance of any press release or other public disclosure materially related

to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases prior to issuance; *provided, however*, that nothing in this Section 12.8 shall be deemed to prohibit either Sellers or Purchaser from making any disclosure that its counsel deems necessary or advisable in order to satisfy either party's disclosure obligations imposed by law subject to reasonable prior notice to the other party thereof.

12.9 Fair Meaning. This Agreement shall be construed according to its fair meaning and as if prepared by all parties hereto.

12.10 Gender and Number; Construction; Affiliates. All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "including" followed by a listing does not limit the preceding words or terms and shall mean "including, without limitation." Any reference in this Agreement to an "affiliate" shall mean any Person directly or indirectly controlling, controlled by or under common control with a second Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. A "Person" shall mean any natural person, partnership, corporation, limited liability company, association, trust or other legal entity.

12.11 Third Party Beneficiary. None of the provisions contained in this Agreement are intended by the parties, nor shall they be deemed, to confer any benefit on any person not a party to this Agreement, except for the parties' successors and permitted assigns, and except for any liquidating trustee or plan administrator for Sellers' estate.

12.12 Expenses and Attorneys' Fees. Except as otherwise provided in this Agreement, each party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the transactions contemplated by, or the performance of or compliance with any condition or covenant set forth in, this Agreement, including without limitation, the disbursements and fees of their respective attorneys, accountants, advisors, agents and other representatives, incidental to the preparation and carrying out of this Agreement, whether or not the transactions contemplated hereby are consummated. The parties expressly agree that all sales, transfer, documentary transfer and similar taxes, fees, surcharges and the like in connection with the sale of the Assets shall be borne by Purchaser. If any action is brought by any party to enforce any provision of this Agreement, the prevailing party shall be entitled to recover its court costs and reasonable attorneys' fees.

12.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the parties hereto. The parties agree that facsimile copies of signatures shall be deemed originals for all purposes hereof and that a party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any proceeding brought hereunder.

12.14 Entire Agreement. This Agreement, the Disclosure Schedule, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding

between the parties with respect to the transactions contemplated hereby and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the parties on the subject matter hereof (the “**Superseded Agreements**”), which Superseded Agreements shall be of no further force or effect; provided, that notwithstanding the foregoing, the letter Confidentiality Agreement dated July 12, 2018 between Purchaser and Cain Brothers, a division of KeyBanc Capital Markets Inc., on behalf of Sellers and their related entities shall not be a Superseded Agreement and shall continue in full force in effect in accordance with its terms.

12.15 No Waiver. Any term, covenant or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof but only by a written notice signed by the party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a party shall not be deemed to be a waiver of any preceding breach by any other party of any term, covenant or condition of this Agreement, other than the failure of such other party to perform the particular duties so accepted, regardless of the accepting party’s knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.16 Severability. If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

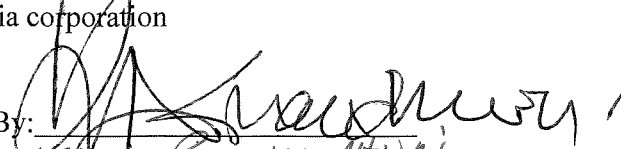

12.17 Time is of the Essence. Time is of the essence for all dates and time periods set forth in this Agreement and each performance called for in this Agreement.

SCHEDULE 6.1(b)(3)

(Bidding Procedures)

BIDDING PROCEDURES

Set forth below are the bidding procedures (the “Bidding Procedures”)¹ to be employed in connection with the sale of (i) the assets (the “Purchased Assets”) enumerated in the Stalking Horse APA (as defined below), including, but not limited to, St Francis Medical Center, St. Vincent Medical Center, and Seton Medical Center (including Seton Coastside) (collectively, the “APA Facilities”); and (ii) assets not otherwise enumerated in the APA, but associated with the ownership or operation of the APA Facilities and available for purchase (the “Other Assets”), in connection with the chapter 11 cases pending in the United States Bankruptcy Court for the Central District of California (the “Bankruptcy Court”), jointly administered as case number 2:18-bk-20151-ER, in the form to be approved by the Bankruptcy Court, by Order dated _____, 2019 (the “Bidding Procedures Order”).

The Debtors entered into that certain Asset Purchase Agreement, dated January 8, 2019 between the Debtors, on the one hand, and Strategic Global Management, Inc., a California corporation (the “Stalking Horse Purchaser”) on the other hand, pursuant to which the Stalking Horse Purchaser shall acquire the Purchased Assets on the terms and conditions specified therein (together with the schedules and related documents thereto, the “Stalking Horse APA”). The sale transaction pursuant to the Stalking Horse APA is subject to competitive bidding as set forth herein. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the *Debtors’ Notice of Motion and Motion for the Entry of (I) an Order (1) Approving Form of Asset Purchase Agreement for Stalking Horse Bidder and for Prospective Overbidders to Use, (2) Approving Auction Sale Format, Bidding Procedures and Stalking Horse Bid Protections, (3) Approving Form of Notice to be Provided to Interested Parties, (4) Scheduling a Hearing to Consider Approval of the Sale to the Highest Bidder, (5) Approving Procedures Related to the Assumption of Certain Executory Contracts and Unexpired Leases; and (II) an Order Authorizing the Sale of Property Free and Clear of All Claims, Liens and Encumbrances* (the “Sale Motion”) or the Bidding Procedures Order.

I. ASSETS TO BE SOLD

The Debtors seek to complete a sale of substantially all assets of APA Facilities, including both the Purchased Assets and the Other Assets (the “Sale”). The Stalking Horse APA will serve as the “stalking-horse” bid for the Purchased Assets.

II. THE BIDDING PROCEDURES

In order to ensure that the Debtors receive the maximum value for the Purchased Assets and/or the Other Assets, they intend to hold a sale process for the Purchased Assets and/or the Other Assets pursuant to the procedures and on the timeline proposed herein.

¹ Unless otherwise defined, all capitalized terms shall have the meanings ascribed to them in the Stalking Horse APA.

A. Provisions Governing Qualifications of Bidders

Unless otherwise ordered by the Court or as set forth in these procedures, in order to participate in the bidding process, each person, other than the Stalking Horse Purchaser, who wishes to participate in the bidding process must deliver, prior to the Bid Deadline (defined herein), the following to the Debtors:

- a) a written disclosure of the identity of each entity that will be bidding for the Purchased Assets or and/or the Other Assets or otherwise participating in connection with such bid; and
- b) an executed confidentiality agreement (to be delivered prior to the distribution of any confidential information by the Debtors) in form and substance satisfactory to the Debtors and which shall inure to the benefit of any purchaser of the Purchased Assets and/or the Other Assets; without limiting the foregoing, each such confidentiality agreement shall contain standard non-solicitation provisions.

A bidder that delivers the documents and information described above and that the Debtors determine, after consultation with the Official Committee of Unsecured Creditors, the Prepetition Secured Creditors, and any other party deemed appropriate within the business judgment of the Debtors (collectively, the “Consultation Parties”) in their reasonable business judgment, is likely (based on availability of financing, experience, and other considerations) to be able to consummate the sale, will be deemed a potential bidder (“Potential Bidder”).

B. Due Diligence

The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtors, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

C. Provisions Governing Qualified Bids

A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a “Qualified Bid,” and each such Potential Bidder thereafter a “Qualified Bidder”) only if the bid complies with the following requirements:

- a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;
- b) it identifies with particularity the portion of the Purchased Assets and/or the Other Assets the Qualified Bidder is offering to purchase;
- c) it allocates with specificity the portion of the purchase price offered that the Qualified Bidder attributes to St. Francis Medical Center, St. Vincent Medical

Center, Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;²

- d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-Up Bidder, the time specified in Section II (K) below;
- e) it includes confirmation that there are no conditions precedent to the Qualified Bidder's ability to enter into a definitive agreement and that all necessary internal governance and shareholder approvals have been obtained prior to the bid;
- f) it sets forth each third-party, regulatory and governmental approval required for the Qualified Bidder to consummate the transaction and the time period within which the Qualified Bidder expects to receive such approvals and establishes a substantial likelihood that the Qualified Bidder will obtain such approvals by the stated time period;
- g) it includes a duly authorized and executed copy of a purchase or acquisition agreement in the form of the Stalking Horse APA (a "Purchase Agreement"), including the purchase price for some or all of the Purchased Assets and/or the Other Assets, or both, expressed in U.S. Dollars, together with all exhibits and schedules thereto, together with copies marked to show any amendments and modifications to the Stalking Horse APA ("Marked Agreement");
- h) it is not subject to any financing contingency and includes written evidence of a firm ability to have the funding necessary to consummate the proposed transaction, that will allow the Debtors to make a reasonable determination, in consultation with the Consultation Parties, as to the Qualified Bidder's financial and other capabilities to consummate the transaction contemplated by the Purchase Agreement;
- i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee (\$21,350,000.00); (ii) the amount of the Expense Reimbursement (\$2,000,000.00); and (iii) \$7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee and the Expense Reimbursement, the "Minimum Qualified Bid");

² For the avoidance of doubt, such allocation shall not be binding on the Debtors, their estates or any Consultation Party.

- j) if the bid is a partial bid (the “Partial Bid”),³ the terms of paragraph (i) immediately above shall not apply but the terms of paragraph (o) below concerning the Good Faith Deposit shall expressly apply in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a “Partial Bid Auction Qualified Bid”). In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers’ responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;
- k) it identifies with particularity which (i) executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it, and (ii) Purchased Assets and/or Other Assets, subject to purchase money liens or the like, the Qualified Bidder wishes to acquire and therefore pay the associated purchase money financing;
- l) it contains sufficient information concerning the Qualified Bidder’s ability to provide adequate assurance of future performance with respect to executory contracts and unexpired leases the Qualified Bidder wishes the Debtors to assume and assign to it;
- m) it includes an acknowledgement and representation that the Qualified Bidder: (A) has had an opportunity to conduct any and all required due diligence regarding the Purchased Assets and/or Other Assets prior to making its offer and that the offer is not subject to any further due diligence or the need to raise capital/financing to consummate the proposed transaction; (B) has relied solely upon its own independent review, investigation and/or inspection of any documents and/or the Purchased Assets and/or Other Assets in making its bid; (C) did not rely upon any written or oral statements, representations, promises, warranties or guaranties whatsoever, whether express or implied (by operation of law or otherwise), regarding the Purchased Assets and/or Other Assets or the completeness of any information provided in connection therewith or with the relevant Auction (defined below), except as expressly stated in the Purchase Agreement; and (D) is not entitled to any expense reimbursement, break-up fee, or similar type of payment in connection with its bid;
- o) unless it is a Credit Bid (as defined below), it is accompanied by a (i) good faith deposit in the form of a wire transfer (to a bank account specified by the Debtors), certified check or such other form of cash or cash equivalent acceptable to the Debtors, payable to the order of the Debtors (or such other party as the Debtors may determine) in an amount equal to: (a) 20% of purchase price for bids under \$5 million; (b) for bids greater than \$5 million and less than \$100 million, the greater of: (i) \$1 million or (ii) 10% of purchase price; (c) for bids greater than \$100 million, the greater of (i) \$10 million or (ii) 5% of purchase price (collectively, the “Good Faith Deposit”), which Good Faith Deposit shall, be forfeited if such bidder

³ A Partial Bid shall mean a bid for less than all of the Purchased Assets.

is the Successful Bidder and breaches its obligation to close; and (ii) if the Qualified Bid is a bid made by a secured creditor of the Debtors (a “Credit Bid Bidder”) who intends to make a credit bid (each, a “Credit Bid Bid”), evidence of (a) the basis for and property covered by such Credit Bid Bidder’s secured claim, (b) the amount of such Credit Bid Bidder’s claim that is secured by the property in question, (c) whether it is the senior secured claim on the property (x) prepetition and (y) as of the date of the request to be a Qualified Bidder, as well as (d) evidence of the resolution of any Challenge to such Credit Bid Bidder’s secured claim within the meaning of the Final DIP Order.

- p) it contains a detailed description of how the Qualified Bidder intends to treat current employees of the Debtors;
- r) it identifies the person(s) and their title(s) who will attend the relevant Auction, and confirms that such person(s) have authority to make binding Overbids (defined below) at such Auction
- s) it contains such other information reasonably requested by the Debtors; and
- t) it is received prior to the Bid Deadline.

The Debtors, in consultation with the Consultation Parties (who shall receive copies of the Purchase Agreements relating to any bids cast pursuant to these Bidding Procedures as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in connection with the Bidding Process, the Auctions, and the Sale.

The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such Qualified Bidder’s bid constitutes a Qualified Bid) and provide copies of the Purchase Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse Purchaser and such Qualified Bidders, and the Notice Parties on the earlier of: (1) the date that any bid other than the Stalking Horse Bid has been deemed a Qualified Bid, or (2) two business days prior to the Partial Bid Auction.

D. Bid Deadline

In order to be eligible to participate in the Auction, a Qualified Bidder that desires to make a bid will deliver written copies of its bid to the following parties (collectively, the “Notice Parties”): (i) counsel to the Debtors: Dentons US LLP, 601 S. Figueroa Street, Suite 2500, Los Angeles, CA 90017 (Attn: Tania M. Moyron (taniamoyron@dentons.com)); (ii) the Debtors’ Investment Banker: Cain Brothers, a division of KeyBanc Capital Markets, 1 California Street, Suite 2400, San Francisco, CA 94111 (Attn: James Moloney (jmoloney@cainbrothers.com)); (iii) counsel to the Official Committee: Milbank, Tweed, Hadley & McCloy LLP, 2029 Century Park East, 33rd Floor, Los Angeles, CA 90067 (Attn: Gregory A. Bray (gbray@milbank.com)); (iv) counsel to the Master Trustee and Series 2005 Bond Trustee: Mintz, Levin, Cohn, Ferris, Glovsky and Popeo,

P.C., One Financial Center, Boston, MA 02111 (Attn: Daniel S. Bleck and Paul Ricotta (dsbleck@mintz.com, pricotta@mintz.com)); (v) counsel to the Series 2015 and Series 2017 Notes Trustee: Maslon, LLP, 3300 Wells Fargo Center, 90 South Seventh Street, Minneapolis, MN 55402 (Attn: Clark Whitmore (clark.whitmore@maslon.com)), so as to be received by the Notice Parties not later than March 29, 2019, at 4:00 p.m. (prevailing Pacific Time) for partial bids (the “Partial Bid Deadline”) or April 3, 2019, at 4:00 p.m. (prevailing Pacific Time) for full bids (the “Bid Deadline”).

E. Credit Bidding

Any party with a valid, properly perfected security interest in any of the Purchased Assets and/or Other Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid for such Purchased Assets and/or Other Assets in connection with the Sale in accordance with and pursuant to § 363(k), except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets and/or Other Assets that are senior to such junior security interest are to be paid in cash in connection with such junior creditor’s bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser’s entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

F. Evaluation of Competing Bids

A Qualified Bid will be valued based upon several factors including, without limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors deemed relevant by the Debtors in their reasonable discretion, in consultation with the Consultation Parties, including the amount of cash included in the bid.

G. No Qualified Bids

If the Debtors do not receive any Qualified Bids other than the Stalking Horse APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the Successful Bidder for the Purchased Assets. If the Debtors receive one or more qualified Partial Bid Auction Qualified Bids and, after the Partial Bid Auction contemplated by Section (H) of these Bidding Procedures, the Debtors will determine, in consultation with the Consultation Parties, if there are any Partial Bidders that will not be qualified to participate at the Full Bid Auction

H. Auction Process

If the Debtors receive one or more Partial Bid Auction Qualified Bids as set forth above, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a “Partial Bid Auction”). Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be entitled to bid on any assets in any Partial Bid Auction(s). The procedures below for the Full Bid Auction shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors will conduct the Partial Bid Auction(s), which shall be transcribed, on April 8, 2019 at 10:00 a.m. (prevailing Pacific Time) at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los

Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Partial Bid Auction Qualified Bids determined by the Debtors, in consultation with the Consultation Parties, at the Partial Bid Auction(s) (as set forth above) to be eligible to participate at the Full Bid Auction, including (without limitation) the highest and best bids for each asset (the “Winning Partial Bids”), shall be permitted to participate in the Full Bid Auction (as defined below) of the Purchased Assets and/or the Other Assets; except that:

- (a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking Horse APA, there will be a Full Bid Auction (as defined below) and (1) the Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities, or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA at Section 6.26 (b)(2);
- (b) If the Partial Bids do not include all four APA Facilities, and if there are no other Qualified Full Bids, then Seller, in its discretion, after consultation with the Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1) to have no Full Bid Auction, and the Stalking Horse Purchaser will purchase the four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the “Remaining Facility”), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtors will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the “Full Bid Auction”), which shall be transcribed, on April 9, 2019 (the “Full Bid Auction Date”), at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Full Bid Auction shall be conducted in accordance with the following procedures:

- a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their

respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;

- b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;
- c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;
- d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;
- e) the Debtors, after consultation with the Consultation Parties and the Stalking Horse Purchaser, may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bid Protections, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;
- f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;
- g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and

- i) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets subject to augmenting its Good Faith Deposit, as necessary, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

I. Selection of Successful Bid

Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bids submitted at the relevant Auction (one or more such bids, collectively the “Successful Bid” and the bidder(s) making such bid, collectively, the “Successful Bidder”), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court.

If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder in accordance with Section H above, then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in Section II(C)(o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit will be no less than \$30,000,000.

If selected as the Successful Bidder or the Back-Up Bidder at the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the “Final Deposit”), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the amount of its last bid).

Unless otherwise agreed to by the Debtors and the Successful Bidder, within two (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall complete and execute all agreements, contracts, instruments, and other documents evidencing and containing the terms and conditions upon which the Successful Bid was made. Within forty-eight (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such notice by fax, email, or if neither is available, by overnight mail to all counterparties whose contracts are to be assumed and assigned.

The Debtors will sell the Purchased Assets and (to extent included in an Overbid) the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other closing conditions set forth in the Successful Bidder’s Purchase Agreement.

J. Return of Deposits

All deposits shall be returned to each bidder not selected by the Debtors as the Successful Bidder or the Back-Up Bidder (defined herein) no later than five (5) business days following the conclusion of the Auction.

K. Back-Up Bidder

If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be required to serve as a back-up bidder (the “Back-Up Bidder”) and keep such bid open and irrevocable for thirty (30) business days after the entry of the Sale Order (the “Thirty-Day Period”). If during the Thirty-Day Period, the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be authorized, but not required, to consummate the sale with the Back-Up Bidder without further order of the Court provided that the Back-Up Bidder shall thereafter keep such bid open and irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however, that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and required to consummate the sale to the Stalking Horse Purchaser.

If, after the Thirty-Day Period, the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder may elect, at its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful Bidder defaults, or (c) the Back-Up Bidder elects to terminate its

participation as Back-Up Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to consummate the approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no re-opening of the auction.

L. Break-Up Fee

In recognition of this expenditure of time, energy, and resources, the Debtors have agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased Assets the Break-Up Fee and the Expense Reimbursement as set forth in the Stalking Horse APA.

III. Sale Hearing

The Debtors will seek entry of the Sale Order, at the Sale Hearing on April 17, 2019, at 10:00 a.m. (or at another date and time convenient to the Court), to approve and authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in accordance with the Bidding Procedures. The Debtors may submit and present such additional evidence, as they may deem necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets."

IV. Sale Order

The Sale Order will provide Court approval of (i) the Sale to the Successful Bidder, free and clear of all liens, claims, interests, and encumbrances, pursuant to 11 U.S.C. § 363, with the proceeds of the Sale deposited in accordance with Paragraph 4 of the Final DIP Order, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets prior to the Sale, including, without limitation, the liens and security interests of the DIP Lender and each of the Prepetition Secured Creditors under the relevant agreements, applicable law and the Final DIP Order, and (ii) the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to 11 U.S.C. § 365.

VII. Reservation

The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers submit their sealed, highest and best offer for the Purchased Assets and/or the Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv)

impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

**OPPOSITION BY CALIFORNIA NURSES
TO DEBTORS' EMERGENCY MOTION
FOR AUTHORIZATION TO CLOSE
ST. VINCENT MEDICAL CENTER**

[Dkt No. 3906]

Hearing Date: January 8, 2020
Time: 10:00 AM
Place: Courtroom 1568
U.S. Bankruptcy Court
255 East Temple Street
Los Angeles, CA 90012
The Hon. Ernest M. Robles

I. INTRODUCTION

The California Nurses Association (“CNA”), a creditor and party in interest in the Chapter 11 bankruptcy cases of the above-captioned debtors and debtors-in-possession (the “Debtors” or “Verity”), submits this Opposition to Debtors’ Emergency Motion for Authorization to Close St. Vincent Medical Center [Docket No. 3906] on the basis that it cannot be reconciled with the California Health and Safety Code notification requirements regarding health facility and emergency room closures and places human life at an unnecessary risk.

II. ARGUMENT

1. Debtors’ Timeline for Closing St. Vincent Medical Center Blatantly Violates Applicable California Notice Requirements Regarding Cessation of Medical Facilities and Emergency Departments.

California has strict laws regarding advance notifications that must be provided to both the public and state and local agencies prior to closure of a medical facility. First, California Health and Safety Code section 1255.1(a) requires that any hospital which provides emergency medical services must provide 90 days advance notice of the elimination of such services to “the state department, the local government entity in charge of the provision of health services, and all health care service plans or other entities under contract with the hospital to provide services to enrollees of the plan or other entity.” Additionally, section 1255.1(b) requires the hospital to provide 90 days advance notice to residents of the community.¹ Debtors’ plan to

¹ The complete text of Cal. Health & Safety Code section 1255.1 is provided below:

(a) Any hospital that provides emergency medical services under Section 1255 shall, as soon as possible, but not later than 90 days prior to a planned reduction or elimination of the level of emergency medical services, provide notice of the intended change to the state department, the local government entity in charge of the provision of health services, and all health care service plans or other entities under contract with the hospital to provide services to enrollees of the plan or other entity.

1 eliminate emergency services within three days of an order from this Court [Docket No. 3906,
2 p. 19] does not even operate within the realm of compliance.

3 Second, Cal. Health & Safety Code section 1255.25(a)(1) requires that the public
4 receive 30 days advance notice of the closure of any healthcare facility including “a notice
5 posted at the entrance to all affected facilities and a notice to the department and the board of
6 supervisors of the county in which the health facility is located.”² Additionally, section
7 1255.25(b)(2) requires hospitals to provide Medi-Cal and Medicare patients with advance
8 notice of the closure and information on the nearest available facilities which serve these types
9 of patients so that they may have time to transition to adequate substitute care.³ These
10 protections for indigent or elderly patients are especially important given Debtors’ commitment
11 to serving the sick and poor [Docket No. 3906, p. 12] and its charitable mission have caused it
12 to treat many patients receiving insurance through Medicare and Medi-Cal. [Docket No. 8, pp.

13
14 (b) In addition to the notice required by subdivision (a), the hospital shall, within
15 the time limits specified in subdivision (a), provide public notice of the intended
16 change in a manner that is likely to reach a significant number of residents of the
17 community serviced by that facility.

18 ² The complete text of Cal. Health & Safety Code section 1255.25(a)(1) is provided
19 below:

20 (a) (1) Not less than 30 days prior to closing a health facility, as defined in
21 subdivision (a) or (b) of Section 1250, or eliminating a supplemental service, as
22 defined in Section 70067 of Chapter 1 of Division 5 of Title 22 of the California
23 Code of Regulations, the facility shall provide public notice of the proposed
24 closure or elimination of the supplemental service, including a notice posted at the
25 entrance to all affected facilities and a notice to the department and the board of
26 supervisors of the county in which the health facility is located.

27 ³The complete text of Cal. Health & Safety Code section 1255.25(b)(2) is provided below:

28 (b) The notice required by paragraph (1) or (2) of subdivision (a) shall include all
of the following:

...

(2) A description of the three nearest available comparable services in the
community. If the health facility closing these services serves Medi-Cal or
Medicare patients, this health facility shall specify if the providers of the nearest
available comparable services serve these patients.

6, 24.] While it is difficult to discern from Debtors' pleading which Saint Vincent Medical Center ("SVMC") services will conclude when, it is apparent that several services will cease prior to the provision of thirty days notice [Docket No. 19, p. 19 (e.g., the dialysis unit will be closed within 21 days of an order from this Court).]

Debtors have shown no efforts to comply with either of these two obviously applicable provisions, nor did they even allude to them in the Emergency Motion. These notification requirements are not simply pro forma mandates, but serve a vital role in helping communities, especially underserved communities such as the one surrounding SVMC, prepare for the devastating loss of an essential service. [See *Exhibit 1*, Letter from California State Senator Maria Elena Durazo and Assemblymember Wendy Carillo who represent constituents in the area served by SVMC (observing that the loss of SVMC will be devastating for the district and that the required public notice is crucial because it will "give our constituents time to figure out where patients should be going to receive care in the area, ensure workers are not left unemployed, and perhaps find a way to retain some healthcare services.".)]⁴ Nor do these provisions make exceptions for hospitals in bankruptcy.

Furthermore, given that Debtors were aware on November 18, 2019, that Strategic Global Management ("SGM") lacked the financing to close its operations, its failure to begin the process of notifying the public and state and local authorities in a timely manner is inexcusable. [Docket No. 3901, ¶ 86]. Additionally, at least by the end of September 2019, Debtors represented to this Court that the likely outcome of SGM not closing the sale was that SVMC could not remain open. [Docket No. 3188, p. 33 ("If the SGM Sale does not close, the most likely outcome is that at least three of the Hospitals will have to close.")]. Thus, once Debtors knew that SGM lacked financing to close they should have begun the process of notifying the appropriate entities since closure was imminent.

⁴ A true and correct copy of the above-described letter dated January 7, 2020 signed by Maria Elena Durazo, California State Senator, District 24 and Wendy Carillo, California State Assemblymember, District 51 is attached as Exhibit 1. CNA personally received this letter from Ms. Durazo and Ms. Carillo on January 7, 2020.

Moreover, to the extent that Debtors' delayed notification to the public was due to concerns that SVMC's staff would quit en masse once they were aware of the impending closure of their worksite, this argument is without merit. The State Legislature has spoken in favor of advance notification for all concerned parties to protect patient safety and made no exception for staffing concerns. SVMC has a responsibility to staff its operations during this notice period and just as it was able to retain key employees during this bankruptcy through offering incentives via the Key Employee Retention Plan and Key Employee Incentive Plan, it also may offer incentives to encourage necessary staff to maintain employment with SVMC during the notification period. Additionally, just as hospitals staff their facilities with personnel from temporary companies (i.e. nursing registries) during a strike or other labor shortage so too could Debtors maintain their operations by short-term contracts with registry nurses during the notice period as necessary.

Finally, unlike in *Gardens Regional* in which this Court found that debtors would need to obtain additional DIP financing to continue to operate the hospital, there is no such assertion in the Chadwick Declaration or otherwise in the Emergency Motion that additional financing would be necessary to continue to main operations at the hospital during the required notice period. Case No. 2:16-bk-17463-ER, Docket No. 633 (Bankr. C.D. Cal. Jan. 20, 2017). Instead the Chadwick Declaration contains vague assertions that the "operating losses are significant and unsustainable." [Docket No. 3906, p. 33, ¶ 8]. This statement, however true, does not excuse Debtors from complying with state law especially given that they could have at least partially complied had they started providing notice when they were aware that SGM lacked the financing to close on November 18.

2. In Similar Circumstances Bankruptcy Courts Have Enjoined Hospitals From Closing Due to Failure to Comply With State Notification Requirements.

California is not unique in having common-sense statues which require advance notification to state agencies and the public prior to closing hospitals and this issue is not new to bankruptcy proceedings. In *Norris Square Civic Ass'n v. Saint Mary Hospital*, the Eastern

1 District of Pennsylvania Bankruptcy Court granted an injunction to prevent the closure of an
2 emergency department when the hospital failed to comply with the state's requirement that
3 hospitals provide 90 days notice prior to closing an emergency department. 86 B.R. 393, 400
4 (Bankr. E.D. Pa. 1988). This Pennsylvania requirement is nearly identical to Cal. Health &
5 Safety Code section 1255.1 discussed above. The court explicitly ordered the hospital at issue
6 to comply with the state regulation:

7
8 Given our doubt that the state regulation did not also prohibit any
9 curtailment of other services until 90 days after the dispatch of the notice
10 has passed, we believe that the most conservative relief which we can
11 provide is to prevent any further restrictions on admissions through the ER
12 and the obstetrics department of the hospital . . . *Id.*

13 Likewise, this Court should also deny the Emergency Motion because it contemplates
14 closing an emergency department within three days after this Court grants its motion which
15 would be 87 days short of compliance with state mandates (assuming Debtors provide proper
16 notice once a court order is issued). Furthermore, the court in *Norris Square Civic Ass'n*
17 specifically held that bankruptcy courts are empowered to enforce state law in their
18 proceedings and that especially with regard to health facility closures, hospitals must comply
19 with federal, state and local laws:

20 Moreover, the entire field of health care is one which has caused
21 bankruptcy courts to take otherwise most unusual acts in the public
22 interest, as in *In re An Unknown Group of Cases Seeking to be Filed*, 79
23 B.R. 651 (Bankr.E.D.Va.1987), where the court *sua sponte* refused to
24 accept for filing a group of Chapter 7 petitions emanating from health care
25 companies, on the ground that these filings would endanger continued
26 health care to certain nursing homes and hospital emergency rooms.

27 We therefore have no hesitancy in concluding that, in effecting its plan to
28 close its facility, the Debtor must comply with all applicable federal, state,
and local laws.

Id. at 398.

1 California bankruptcy courts have similarly held in analogous proceedings that the
2 bankruptcy code cannot shield a furniture retailer conducting a going-out-of-business sale in
3 violation of state consumer protection laws. *In re White Crane Trading Co.*, 170 B.R. 694, 702
4 (Bankr. Cal. E.D. 1994) (“The Congress has thus required that every debtor in possession and
5 bankruptcy trustee manage and operate the debtor's property and business in compliance with
6 state laws -- good, bad, and indifferent -- that apply outside of bankruptcy.”). The state interest
7 in protecting the public is much greater in the case of a hospital closure than a going-out-
8 business sale for a furniture store. It cannot be that consumers of a bankrupt furniture store
9 have more protections than patients in an emergency room.

10
11 Moreover, with the exception of *Gardens Regional Hospital* which is distinguishable
12 from the instant situation as noted above, the cases cited by Debtors in their Emergency Motion
13 for the permissibility of hospital closures were all shut down pursuant to “closure plans”
14 approved by and developed in consultation with the New York Department of Health pursuant
15 to applicable state law, not the independent judgement of the debtors at issue. [Docket No.
16 3906, p. 27.] *In re Saint Vincents Catholic Med. Ctrs. Of N.Y.*, 445 B.R. 264, 267 Case No. 10-
17 11963 (Bankr. S.D. N.Y. 2011) (“[T]he Debtors submitted a plan of closure . . . to the
18 Department of Health. Shortly thereafter, the Debtors began to shut down the Hospital under
19 the supervision of the Department of Health and other state regulatory authorities.”); *In re St.*
20 *Vincents Catholic Med. Ctrs.*, 2007 Bankr. Lexis 3006, *61, Case No. 05-14945 (Bankr.
21 S.D.N.Y. August 29, 2007) (“St. Clair and other SVCMC staff were responsible for obtaining
22 Department of Health and canonical authority to close the Hospital.”)

23
24 **2. Due to the High Volume of ER Visits that St. Vincent Medical Center**
25 **Receives and Its Longstanding Position in the Community,**
26 **More Transition Time is Required in Order to Safeguard Human Life.**

27 Based on SVCMC’s most recent filing with the California Office of Statewide Health
28 Planning and Development, SVCMC has over thirty thousand emergency department (ED) visits

1 a year (approximately 83 per day).⁵ (*See* Exhibit 2, p. 3.) Of those thirty thousand visits,
2 twelve thousand fell in the highest risk category of “severe with threat.” (*Id.*) Given that
3 SVMC has been a part of the community since 1856 [Docket No. 3906, p. 13] and receives a
4 high number of emergency visits, the public would be put at risk if the ED was closed down
5 before it received adequate advance notice.

6 Debtor’s plan to shut the ED down within three days after the entrance of an order
7 granting the Emergency Motion [Docket 3906, p. 19] leaves many questions and concerns
8 unanswered. First, even if ambulances are placed on diversion status as Debtors propose, many
9 residents of the community will still inevitably drive to SVMC emergency room for care
10 (especially if they lack the time to wait for an ambulance and it is unlikely that the community
11 will be aware of the closure within three days of the entrance of the order Debtors’ seek).
12 Therefore, it stands to reason that driving to a shuttered emergency room could have
13 detrimental consequences in an emergency. Moreover, Debtors presented no evidence that the
14 local Emergency Medical Services (“EMS”) department are aware of the closure and have had
15 time to plan for diverting patients on a permanent basis from SVMC to other hospitals. Indeed,
16 the Emergency Motion states that Debtors do not even plan to notify the local EMS that SVMC
17 is going on diversion status until one day after the requested order is entered. [Docket 3906, p.
18 19]. Nor is there any evidence that the other area hospitals are equipped to handle patients who
19 would otherwise be treated at SVMC on such short notice.

20 These unnecessary risks to human life of prematurely closing an emergency room are
21 the very hazards Cal. Health & Safety Code section 1255.1 is intended to protect against.
22 Debtors’ expedited plan to close SVMC, however well-intentioned, simply does not take into

5 **Window for Potential Buyers to Come Forward.**

6 CNA is in agreement with Debtors that the closure of SVMC is a “last, tragic resort.”
7 [Docket No. 3906, p. 24]. Accordingly, compliance with Sections 1255.1 and 1255.25 serve
8 the dual purpose of allowing one last chance for any hospital operators to come forward to
9 acquire SVMC as either a package with other remaining hospitals or by itself now that the
10 public is aware that SGM is not going to close the sale and the likely outcome is that SVMC
11 will close. Given the harsh consequences of SVMC’s closure on the community this is not an
12 act which should be taken hastily. Indeed, it appears there is at least minimal renewed interest
13 in the SVMC as evidenced by the fact that Cain Brothers received a call from a potential buyer
14 on January 6, 2020, interested in purchasing SVMC as a going concern. [Docket No. 3906, p.
15 36.] On the other hand, once the Hospital is closed the likelihood that a buyer will come
16 forward to operate SVMC as a hospital diminishes further due to the costs associated with
17 reopening it. Thus, to preserve the possibility that another buyer may come forward following
18 the disappointing news that SGM cannot close the sale, CNA urges this Court to delay the
19 closure of SVMC until it provides the required state-mandated notices.

20 **III. CONCLUSION**

21 For all the reasons stated above, the Debtors request that the Court grant the requested
22 relief.

Exhibit 1

Exhibit 1

STATE CAPITOL
P.O. BOX 942849
SACRAMENTO, CA 94249-0115

California Legislature

January 7, 2020

The Honorable Ernest M. Robles
United States Bankruptcy Court, United States Bankruptcy Judge
Central District of California, Los Angeles Division
Roybal Federal Building, Courtroom 1568
255 East Temple Street
Los Angeles, CA 90012

Dear Honorable Robles:

We write regarding the proposed closure of St. Vincent Medical Center in Los Angeles, which is owned by Verity Health System.

As you may be aware, Section 1255.1 of the California Health and Safety Code requires any hospital that provides emergency medical services to notify the public as soon as possible, but not later than 90 days prior to a planned reduction or elimination of the level of emergency medical services. Section 1255.25 of the California Health and Safety Code also requires public notice not less than 30 days prior to the proposed closure of a health facility or the elimination of a supplemental service.

As the elected representatives for State Senate District 24 and Assembly District 51 which represents St. Vincent and the surrounding community, we implore you to protect public notice of hospital closures under the law.

This tragic loss of crucial healthcare services is already devastating for our district. St. Vincent provides health care to a large number of Medi-Cal patients, the undocumented, and low income folks in Los Angeles who will struggle to access care without this facility. California's legally required public notice is crucial because it gives our constituents time to figure out where patients should be going to receive care in the area, ensure workers are not left unemployed, and perhaps find a way to retain some healthcare services.

Your courtroom should not become an avenue for this company to break the law. We urge the court to require Verity Health System to follow the Health and Safety Code and respect California's statutorily required public notice timelines.

Thank you for your consideration of our request.

Sincerely,

A handwritten signature in blue ink, appearing to read "Maria Elena Durazo".

The Honorable Maria Elena Durazo
California State Senator, District 24

A handwritten signature in blue ink, appearing to read "Wendy Carrillo".

The Honorable Wendy Carrillo
California State Assemblymember, District 51

(h) VMF, which as of the Petition Date employed approximately 478 employees, of which 424 are full-time, 15 are part-time and 39 are per diem.

60. The Debtors' Employees are represented by the following unions with the respective contractual obligations: (i) SEIU-UHW (Non-Nursing Service Employees) at St. Francis Medical Center, St. Vincent Medical Center, O'Connor Medical Center, Saint Louise Regional Hospital; (ii) SEIU-UHW (Non-Nursing Service Employees) at Verity Medical Foundation; (iii) NUHW (Non-Nursing Service Employees) at Verity Medical Foundation; (iv) NUHW (Non-Nursing Service Employees) at Seton Medical Center, Seton Medical Center Coastsides; (v) CAN (Nurses) St.

Vincent, O'Connor, St. Louise, Seton, Seton Coastside; (vi) UNAC (Nurses) at St. Francis; (vii) CLVNA (Licensed Vocational Nurses) (O'Connor); (viii) Local 20 (Clinical Laboratory Scientists) O'Connor, St. Louise, Seton; (ix) Local 39 (Stationary and Bio-medical Engineers) and O'Connor, St. Louise, Seton.

D. Pension and Other Postretirement Benefit Plans.

61. VHS maintains two single employer defined benefit pension plans and participates in two multi-employer defined benefit pension plans. The defined benefit pension plans have been frozen for all employees, except members of the CNA at certain facilities. Defined benefit pension plan benefits are generally based on age, years of service, and employee compensation. In addition, VHS and VMF maintain several defined contribution retirement plans for employees.

62. The significant multiemployer defined benefit pension plan is the Retirement Plan for Hospital Employees ("RPHE"). The VHS entities that participate in the RPHE are Seton Medical Center, Seton Medical Center Coastside, O'Connor Hospital, Saint Louise Regional Hospital, and Verity Business Services. The RPHE is frozen as to these facilities, other than with respect to CNA members at O'Connor Hospital, Saint Louise Regional Hospital and Seton Medical Center. Benefits under the RPHE are generally based on years of service and employee compensation. Contributions to the RPHE are based on actuarially determined amounts by the RPHE Board of Trustees to meet benefits to be paid to plan participants and satisfy IRS funding requirements. VHS recorded benefit expenses of approximately \$20.46 million and \$17.22 million in cash contributions to the RPHE for the fiscal years ended June 30, 2017 and 2016, respectively. The VHS contributions accounted for approximately 43% and 40% of total contributions made to the RPHE for the fiscal years ending June 30, 2017 and 2016, respectively. Of the estimated remaining \$4.79 million for 2018 and expected \$12.68 million for 2019, VHS contributions to RPHE, approximately \$3.15 million and \$7.63 million, respectively, is for make-up of underfunded amounts that arose prior to VHS' acquisition from the Daughters of Charity Health System ("DCHS"). As of July 31, 2018, there were no unpaid contribution installment obligations owed by VHS to the RPHE.

63. In addition to the RPHE, Verity assumed in the Daughters of Charity restructuring

1 certain obligations under a multiemployer plan commonly referred to as Stationary Engineers
2 Local 39 Pension Plan (the “Local 39 Plan”). As of July 31, 2018, there were no unpaid
3 contributions due on the Local 39 Plan.

4 64. VHS maintains two single-employer defined benefit pension plans (the “Verity A
5 & B Plans”). VHS personnel at St. Francis Medical Center, St. Vincent Medical Center,
6 O’Connor Hospital, Saint Louise Regional Hospital, and the VHS system office are eligible to
7 participate in these plans. However, only CNA members continue to earn new benefits under the
8 Verity Plan A; the Verity Plan B is completely frozen with no ongoing benefit accruals. VHS
9 contributed approximately \$41.68 million and \$9.92 million during the fiscal years ended June
10 30, 2017 and 2016, respectively. Of the estimated remaining \$10.12 million for 2018 and
11 expected \$35.53 million for 2019 VHS contributions to Verity Plan A, approximately \$8.10
12 million and \$28.05 million, respectively, is for make-up of underfunded amounts that arose prior
13 to VHS’ acquisition from the Daughters of Charity. As of July 31, 2018, there were no unpaid
14 contribution installment obligations owed by VHS to the Verity A & B Plans.

15 65. VHS and VMF also maintain several active defined contribution retirement plans
16 for eligible employees; eligibility for and benefits under the defined contribution retirement plans
17 vary according to facility, union status, and employee classification/hire date. These defined
18 contribution plans include the Verity Health System Supplemental Retirement Plan (TSA), the
19 Verity Health System Supplemental Retirement Plan (401(a)), the Verity Health System
20 Retirement Account (RPA), the Verity Medical Foundation 401(k) Plan, the Verity Medical
21 Foundation Management Bargaining Unit Employees 401(k) Plan for represented employees and
22 the Verity Health System Executive Long-Term Savings Plan (457(b)) Plan for nonrepresented
23 employees. These defined contribution plans are funded from employee and/or employer
24 contributions generally on a payroll by payroll basis. In addition to the above active defined
25 contribution plans, there are several small, frozen ancillary retirement plans. During the fiscal
26 years ended June 30, 2017 and 2016, the employer’s contribution expense for defined
27 contribution plans was approximately \$18.48 million and \$21.75 million respectively. As of July
28 31, 2018, there were no unpaid employer contributions owed on any of these defined contribution

plans other than unpaid contributions for current and recent payroll cycles consistent with ordinary administrative practices.

66. VHS also maintains an early retiree health insurance program (the Postretirement Healthcare Plan), which provides medical benefits to eligible retirees from early retirement to age 65 only. The postretirement health care benefits are determined based on age and years of service. Certain employees at O'Connor Hospital, St. Louise Regional Hospital, Seton Medical Center, and Seton Medical Center Coastsides are eligible to participate in this plan. The Postretirement Healthcare Plan is an unfunded plan. VHS contributed \$50,000 and \$58,000 to the Postretirement Healthcare Plan during the fiscal years ended June 30

E. Insurance Policies

67. The Debtors maintain various insurance policies issued by several insurance carriers (collectively, the "Insurance Carriers"). Collectively, these policies provide for coverage for, among other things: storage tank liability, commercial property, workers' compensation and employers liability, commercial automobile, helipad liability & non-owned aircraft liability, sexual misconduct and molestation liability, D&O liability, general liability, and professional liability (collectively, the "Insurance Policies").²

68. Significant insurance is issued to the Debtors by its captive insurer Marillac. VHS is the sole owner of Marillac. The policies issued by Marillac cover professional and general liability (both at the primary and excess level) and additional excess coverage as to automobile liability, heliport and non-owned aircraft liability, employer's liability and certain other general liability. Marillac also issued a Deductible Liability Protection Policy which provides coverage for the deductible obligations on the Debtors' workers' compensation policy issued by Old Republic Insurance Company ("Old Republic").

69. Most of the Debtors' Insurance Policies will expire between September 5, 2018 and July 1, 2019. The Debtors have begun negotiating renewals, extensions and/or entries into new insurance policies with respect to the expiring Insurance Policies.

² The Insurance Policies include six (6) CA DHS patient Trust Bonds, which have an annual premium in the aggregate of \$1,100 that was paid in full in December 2017 and will not come due for renewal until December 2018.

70. In certain instances, the Debtors pay premiums for their Insurance Policies in full at the beginning of the policy and in other instances in quarterly installments. The total annual premium due for Insurance Policies is approximately \$18,647,036. Of that amount, the Debtors pay \$2,637,071 at the time of inception, and the remaining \$16,009,965 is paid in quarterly installments. As of the Petition Date, there are no outstanding unpaid premiums due. The total amount of annual insurance premiums which will come due postpetition is \$10,043,085.

a. Self-Insured Retentions

71. The Debtors maintain self-insured retentions of \$250,000 per claim under their D&O liability coverage, \$350,000 per claim under their employment practices coverage, \$50,000 per claim under their fiduciary liability coverage, \$100,000 per claim under their crime coverage, and \$50,000 per claim under their sexual misconduct and molestation liability coverage (the “Self-Insured Retentions” or “SIRs”). A SIR is a loss amount that the insured is obligated to pay before the insurer’s coverage obligation is triggered.

72. The Debtors’ Self-Insured Retentions are administered so that the Debtors pay directly for the losses under each policy as they are incurred up to the amounts of the Self-Insured Retentions. Such SIRs due prepetition have been paid. For the last year, no SIR amounts have been due for (a) the D&O liability coverage, (b) the employment practices coverage, (c) the fiduciary liability coverage, and (d) the crime coverage. There have also been no SIR amounts incurred under the sexual misconduct and molestation liability policy last year.

b. Deductibles

73. The Debtors maintain a workers’ compensation insurance policy with Old Republic with a \$500,000 deductible for each claim. Old Republic provides coverage under the policy up to \$1 million for each claim. On average, the monthly invoice amounts for deductibles (including ALAE) incurred under the workers’ compensation policy is between \$400,000 and \$650,000, which are timely paid by Marillac under the Deductible Liability Protection Policy.

74. The deductibles included in the Debtors’ other Insurance Policies are:

- Storage Tank Liability - ACE American Insurance Company (Chubb) - \$5,000 per Storage Tank Incident;

- Storage Tank Liability - Tokio Marine Specialty Insurance Company (Philadelphia) - \$25,000 per Confirmed Release;
- Commercial Property - American Guarantee and Liability Insurance Company (Zurich) - \$100,000 Basic Policy Deductible;
- Commercial Automobile - National Union Fire Insurance Company of Pittsburg, PA (AIG) - \$1,000 Comprehensive, \$1,000 Collision;
- Helipad Liability & Non-Owned Aircraft Liability - StarNet Insurance Company (Berkley Aviation) - \$1,000 Physical Damage per Occurrence; and
- General Liability - Chubb - \$10,000 per Occurrence.

75. The Debtors expect their prepetition deductible obligations, other than those deductibles owed under the workers' compensation policy (which are paid by Marillac, a non-debtor), to be minimal.

c. Letter of Credit

76. The Debtors provide a \$34,087,296 letter of credit to Old Republic as security for all of the Debtors' obligations, as required under their workers' compensation policy. Marillac is the account party on the letter of credit, and the letter of credit is fully secured by Marillac's assets - \$34,087,296 of liquid securities. Pursuant to the Program Agreement Endorsement to the workers' compensation policy, Old Republic may draw upon the letter of credit to reimburse Old Republic for payment of the Debtors' deductible obligations or for payment of other obligations of the Debtors under the workers' compensation policy, if not paid by Marillac. Old Republic may also draw down the \$34,087,296 letter of credit in full upon the Debtors' insolvency or filing of a bankruptcy petition.

77. The Debtors expect that Marillac will continue to honor its policy to insure the Debtors' obligations under the workers' compensation policy, and that Old Republic will not be harmed by the Debtors' chapter 11 filing.

d. Claims Administration Agreements

78. The Debtors have entered into administrative services contracts with Sedgwick Claims Management Services, Inc. ("Sedgwick"), for administration of claims submitted under

1 the Debtors' workers' compensation policy as well as their professional and general liability
2 policy.

3 79. The Debtors pay Sedgwick an annual estimated fee of \$702,000 which is paid in
4 quarterly installments of \$175,000 for services provided by Sedgwick under the Debtor's
5 workers' compensation policy. The actual fees owed to Sedgwick are based on the staffing
6 necessary for Sedgwick to provide claims services and are calculated by taking the actual
7 program salaries, bonuses and temporary expenses multiplied by the salary multiplier. Sedgwick
8 will periodically provide an accounting to determine the actual fees incurred. The Debtors are
9 entitled to a credit if the amount of actual fees owed to Sedgwick are less than the estimated fees
10 paid. On the other hand, Sedgwick bills the Debtors for the additional actual fee owed if the
11 actual fee amount is higher than the estimated fees.

12 80. With respect to administration of their professional and general liability policy, the
13 Debtors pay Sedgwick \$3,545 per claim and suit file, \$1,825 per Potentially Compensable Event
14 ("PCE") where an investigation has been requested, \$275 for a PCE where an investigation has
15 not been requested pursuant to this agreement. Fees are paid monthly as files are assigned to
16 Sedgwick by the Debtors. Debtors also pay Sedgwick a program management fee of \$1,250 each
17 month.

18 **F. Recent Financial Results.**

19 81. As of June 30, 2018, Verity's consolidated unaudited financial statements reflected
20 total assets of approximately \$847 million and total liabilities of approximately \$1,278 billion.

21 **III. The Need For Chapter 11 Relief And The Events Leading To The Commencement**
22 **Of These Chapter 11 Cases**

23 **A. Historical Challenges.**

24 82. The Hospitals and VMF were originally owned and operated by the Daughters of
25 Charity of St. Vincent de Paul, Province of the West (the "Daughters of Charity"), to support the
26 mission of the Catholic Church through a commitment to the sick and poor. The Daughters of
27 Charity began their healthcare mission in California in 1858 with the opening of Los Angeles
28 Infirmary, now known as St. Vincent Medical Center. The Daughters of Charity expanded its

1 hospitals to San Jose in 1889 and San Francisco in 1893. The Daughters of Charity ministered to
2 ill, poverty-stricken individuals for more than 150 years.

3 83. In March 1995, the Daughters of Charity merged with Catholic Healthcare West
4 (“CHW”). In June 2001, the Daughters of Charity Health System (“DCHS”) was formed. In
5 October 2001, the Daughters of Charity withdrew from CHW. In 2002, DCHS commenced
6 operations and was the sole corporate member of the Hospitals, which at that time were
7 California nonprofit religious corporations.

8 84. Between 1995 and 2015, the Daughters of Charity and DCHS struggled to find a
9 solution to continuing operating losses, either through a sale of some or all of the hospitals or a
10 merger with a more financially sound partner. All these efforts failed. During these efforts,
11 however, the health system’s losses continued to mount. In 2005, DCHS issued \$364 million in
12 bonds to refinance existing debt and to fund future capital expenditures. Three years later, in
13 2008, they issued another \$143 million in bonds to refinance existing debt.

14 85. Between 2012 and 2014, DCHS participated in an affiliation with Ascension
15 Health Alliance (“Ascension”) in an effort to create greater operating efficiencies. Ascension is
16 the largest Catholic health system in the world and the largest non-profit health system in the
17 United States with facilities in 23 states and the District of Columbia. The affiliation between
18 DCHS and Ascension failed.

19 86. Despite continuous efforts to improve operations, operating losses continued to
20 plague the health system due to, among other things, mounting labor costs, low reimbursement
21 rates and the ever-changing healthcare landscape. In 2013, DCHS actively solicited offers for
22 O’Connor Hospital, St. Louise Regional Hospital, Seton Medical Center and Seton Medical
23 Center Coastsides. In 2013, to avoid failing debt covenants, the Daughters of Charity Foundation,
24 an organization separate and distinct from DCHS, donated \$130 million to DCHS to allow it to
25 retire the 2008 Bonds in the total amount of \$143.7 million.

26 87. In early 2014, DCHS announced that they were beginning a process to evaluate
27 strategic alternatives for the health system. Throughout 2014, DCHS explored offers to sell their
28 health system and, in October of 2014, they entered into an agreement with Prime Healthcare

Services and Prime Healthcare Foundation (collectively, “Prime”) to sell the health system. However, to keep the hospitals open, DCHS, needed to borrow another \$125 million to mitigate immediate cash needs during the sale process; in other words, to allow DCHS to continue to operate until the sale could be consummated. Notably, DCHS’ goal in the transaction was to basically maintain the status quo; their guiding principles for the sale included protecting existing pensions, repaying all their bond debt, continuation of all collective bargaining agreements, maintenance of existing contracts for patient services, and obtaining promises for substantial capital expenditures. In early 2015, the California Attorney General consented to the sale to Prime, subject to conditions on that sale that were so onerous that Prime terminated the transaction.

88. In 2015, DCHS again marketed their health system for sale, and, again, focused on offers that maintained the health system as a whole, and assumed all the obligations. In July 2015, the DCHS Board of Directors selected BlueMountain Capital Management LLC (“BlueMountain”), a private investment firm, to recapitalize its operations and transition leadership of the health system to the new Verity Health System (the “BlueMountain Transaction”).

89. In connection with the BlueMountain Transaction, BlueMountain agreed to make a capital infusion of \$100 million to the hospital system, arrange loans for another \$160 million to the health system, and manage operations of the health system, with an option to buy the health system at a future time. In addition, the parties entered into a System Restructuring and Support Agreement (the “Restructuring Agreement”), DCHS’s name was changed to Verity Health System, and Integrity was formed to carry out the management services under a new management agreement.

90. DCHS requested the California Attorney General’s consent to enter into the Restructuring Agreement and the BlueMountain Transaction. According to report prepared by MDS Consulting, an expert consulting firm retained to prepare healthcare impact reports for the AG, DCHS outlined the following reasons why the BlueMountain Transaction was either necessary or desirable:

- The current structure and sponsorship of DHCS was no longer plausible as a result of cash flow projections and dire financial conditions.
- In July and August of 2014, DCHS obtained a short-term financing bridge loan in the amount of \$125 million to mitigate the immediate cash needs for an estimated period of time long enough to allow for the transaction to close. Repayment of the funds was due on December 15, 2015, at which time if the full amount was not repaid, DCHS would be at risk of defaulting on both their 2014 and 2005 Revenue Bonds.
- Without bankruptcy protection or additional financial support, DHCS could not continue hospital operations if there is a default.

91. On December 3, 2015, the California Attorney General approved the BlueMountain Transaction, subject to conditions. The Attorney General conditions were imposed for periods ranging from 5 to 15 years. Generally, the terms of conditions (collectively, the “Conditions”) included: (1) limits on transfers of control; (2) maintenance of specific health services and specific bed counts; (3) required participation in Medicare and Medi-Cal programs; (4) required levels of community benefit programs; (5) required levels of charity care; (6) maintenance of certain county payor contracts; (7) requirements for local governing boards; (8) requirements for medical staff compliance; and (9) an annual attestation of compliance with the AG conditions.

92. Under the Restructuring Agreement, VHS, O’Connor Hospital, Saint Louise Regional Hospital, St. Francis Medical Center, St. Vincent Medical Center, Seton Medical Center and Seton Medical Center Coastsides, all of whom are members of the Obligated Group (as defined below), were converted from religious corporations to public benefit corporations.

93. Despite BlueMountain’s infusion of cash and retention of various consultants and experts to assist in improving cash flow and operations, the health system did not prosper.

94. In July 2017, NantWorks, LLC acquired a controlling stake in Integrity. NantWorks brought in a new CEO, CFO, and COO. NantWorks loaned another \$148 million to the Debtors.

95. Despite the infusion of capital and new management, it became apparent that the problems facing the Verity Health System were too large to solve without a formal court supervised restructuring. Thus, despite VHS’ great efforts to revitalize its Hospitals and improvements in performance and cash flow, the legacy burden of more than a billion dollars of bond debt and unfunded pension liabilities, an inability to renegotiate collective bargaining

1 agreements or payor contracts, the continuing need for significant capital expenditures for seismic
2 obligations and aging infrastructure, and the general headwinds facing the hospital industry, make
3 success impossible. Losses continue to amount to approximately \$175 million annually on a cash
4 flow basis.

5 96. Based on the foregoing, and while VHS has made improvements to the existing
6 system, the Debtors have commenced these chapter 11 cases to protect the original legacy of the
7 Daughters of Charity to the maximum extent possible by retiring debt incurred over the past 18
8 years and freeing the hospital facilities and work force to continue to operate as hospitals under
9 new ownership and leadership without the accumulated crisis of the past. To do that requires the
10 bankruptcy court supervised sale of some or all of the hospitals and related facilities, and the
11 comprehensive resolution of the Debtors financial obligations through a court approved plan of
12 reorganization.

13 97. The goals of the Debtors' restructuring are to maintain the Debtors' business
14 operations; preserve the going-concern value of the Debtors' businesses, its stakeholders, and
15 parties in interest; and, most importantly, to protect the health and wellbeing of the patients who
16 are treated at the Hospitals and the jobs of the Debtors' approximately 7,000 employees.

17 **B. Current Fiscal Crisis.**

18 98. As described above, the fiscal crisis is the confluence of various factors and
19 historical challenges. Below are a few of the most significant and expected funding requirements
20 in the immediate future.

21 **a. *Payor Rates.***

22 99. Verity is paid below market rates through its payor contracts with health plans.
23 Verity's contracts are 20-43% below market. These below market rates would make it difficult
24 for any hospital to break even. Summarized below is illustrative data, highlighting Verity's rates
25 as a percentage of Medicare relative to the market rates.

26 ///

27 ///

Managed Care Rates Expressed as a Percent of Medicare Rates (Combined Inpatient and Outpatient)

	BlueCross			BlueShield			United		
	Verity	Market	% Difference	Verity	Market	% Difference	Verity	Market	% Difference
SFMC	193%	223%	-15%	193%	226%	-17%	198%	237%	-20%
SVMC	139%	206%	-48%	156%	202%	-29%	139%	195%	-40%
OCH	164%	237%	-44%	229%	244%	-6%	151%	242%	-60%
SMC	207%	252%	-22%	235%	254%	-8%	228%	262%	-15%
SLRH	202%	280%	-38%	204%	280%	-37%	159%	289%	-82%
Average			-34%			-20%			-43%

b. Labor Rates.

100. Payroll costs in the last twelve months have increased nearly \$65,000,000 partially related to Verity's union contracts (~5% increases year over year forward).

c. Pension Obligations.

101. Under the Pension Plans (as defined above), there are expected pension funding requirements in the next year of over \$66 million. Only ~\$20M relates to current year costs. In other words, most is funding the underfunded status of the plans.

d. IT Investment.

102. VHS' system requires IT investment in the amount of nearly \$50 million over the next year alone. There is outdated electronic health records and enterprise resource planning (i.e., human resources, supply chain management, inventory management, etc.). Further, VHS needs significant upgrades to its IT assets in order to modernize its Hospitals and remain able to continue providing quality patient care services. For example, VHS needs to (i) immediately replace its outdated local area and wireless networking equipment with modern equipment to enable reliable access by all VHS system users (estimated cost \$15 million over a one-year implementation period), (ii) replace VHS' obsolete clinical systems — including its medical record systems and financial systems — in order to provide up-to-date patient records, improved clinical planning, care management, and better charge control (estimated cost \$220 million over a period of two years), and (iii) replace and upgrade such other information technology hardware and software, including for imaging clinics, that are necessary for operating a full range of healthcare services.

1 ***e. Seismic and Energy Requirements.***

2 103. The Verity system requires seismic and energy expenditures of over \$150 million
3 over the next few years. By way of example, there are significant improvements (including
4 demolition of certain buildings) required by 2020 to St. Vincent Medical Center, Seton
5 Medical Center, and O'Connor Medical Center. There are additional improvement required by
6 2030 to St. Vincent, Seton Medical Center, O'Connor Medical Center, and St. Louise Regional
7 Hospital. These seismic improvement deadlines are part of the conditions imposed by the
8 Attorney General in the BlueMountain Transaction, as well as mandated by the California Office
9 of Statewide Health Planning and Development (OSHPD).

10 ***f. Medical Equipment.***

11 104. The Verity system requires over \$100 million in medical equipment expenditures
12 over a period of several years.

13 **C. Working Capital Shortages.**

14 105. The Debtors, like other hospitals serving similar communities, rely on HQAF,
15 DSH and other government support to help bridge the gap between what they get reimbursed by
16 Medicare and Medi-Cal and their cost of providing care. The Hospital Quality Assurance Fee
17 (HQAF), established in 2010, provides funding for supplemental payments to California hospitals
18 that serve Medi-Cal and uninsured patients. The program has been very successful, providing
19 billions of dollars in supplemental payments to California hospitals. The Medicare and Medi-cal
20 programs also provide funding to hospitals that treat indigent patients through the
21 Disproportionate Share Hospital (DSH) programs, under which facilities are able to receive at
22 least partial compensation. Under the Patient Protection and Affordable Care Act of 2010 (ACA,
23 P.L. 111-148, as amended), Congress would have reduced federal DSH allotments beginning in
24 2014, to account for the decrease in uncompensated care anticipated under health insurance
25 coverage expansion. However, several pieces of legislation have been enacted since 2010 have
26 since delayed the ACA's Medicaid DSH reduction schedule. Unfortunately, both HQAF and
27 DSH have proven difficult to rely on, as payments are reduced and delayed.

28 106. Relying on the HQAF payments has led to working capital shortages due to delays

1 in approval and receiving less than expected amounts. For example:

- 2 • *14-Month Delay*: QAF 5 FFS (service period 1/1/17 –6/30/19) was not approved until
3 Dec. 2017 and the Debtors did not start receiving payments until the end of Feb. 2018 (14-
month delay);
- 4 • *Potential 24 Month Delay*: QAF 5 HMO is likely not going to be approved until the end
5 of 2018 (potentially a 24-month delay on receiving funds);
- 6 • *Receiving less than Expected*: through the first 4 cycles of QAF 5 FFS, the Debtors have
7 received anywhere from 69.2-93.9% of expected payments.

7 **D. Attorney General Requirements.**

8 107. As set forth above, as part of approving the Restructuring Agreement, the AG
9 placed certain operational restrictions on VHS and each of the Hospitals, which include certain
10 minimum annual requirements for charity care, community benefits, and capital expenditures
11 among other mandates. Taken separately, most of these conditions would not have contributed to
12 the Debtors' failure to thrive. However, the cumulative effect of the conditions was to lock the
13 Debtors into a failing business model, dictating both minute details of business operations, as well
14 as denying the Debtors the ability to repurpose facilities. For example, SMC could better serve
15 the community by operating as a much-needed long-term post-acute care facility, rather than as
16 one of the many acute care hospitals in a saturated service area.

17 108. The AG's conditions also compelled the expenditure of millions of dollars to
18 provide charity care even though the number of uninsured people in California has steadily
19 decreased since passage of the Affordable Care Act. Also, as a result of a shortfall in the fiscal
20 year 2017 charity care requirement for certain hospitals, VHS was required to make an additional
21 contribution to the Retirement Plans of \$7,619,000 in October 2017.

22 109. The AG's conditions denied the Debtor the benefits of the marketplace. For
23 example, the conditions required Verity to enter into contracts with certain entities. Because
24 those entities were well aware of the AG's requirement that Verity contract with them or be in
25 default, Verity had no bargaining power with those entities or payors.

26 **E. Increased Cap Volumes.**

27 110. The Debtors have capitation contracts with health plans. Capitation is a flat
28 periodic payment per enrollee paid to a healthcare provider; it is the sole reimbursement for

1 providing services to a defined population. Under capitation, fixed payments are made to
2 providers regardless of the volume of services rendered, so providers like the Debtors bear the
3 risk that the costs of providing service, including opportunity costs (profits), might exceed the
4 capitation payment. Capitation completely reverses the actions that providers must take to ensure
5 financial success; under capitation, the keys to profitability are to work more efficiently and
6 decrease volume. The Debtors have seen a significant increase in volume from capitated
7 populations and therefore are bearing the loss from that increased volume.

8 **IV. Corporate And Capital Structure**

9 **A. Corporate Structure.**

10 111. As set forth above, VHS is a California nonprofit public benefit corporation and
11 the sole member of O'Connor Hospital, St. Francis Medical Center, St. Vincent Medical Center,
12 Seton Medical Center, Verity Business Services, Verity Medical Foundation, Verity Holdings,
13 LLC, and DePaul Ventures, LLC.

14 112. As set forth above, each Debtor Hospital is the sole member of the Debtor
15 nonprofit public benefit corporation that handles its fundraising and grant-making programs: St.
16 Francis Medical Center Foundation, St. Vincent Foundation, Seton Medical Center Foundation,
17 Saint Louise Regional Hospital Foundation, and O'Connor Hospital Foundation (collectively, the
18 "Philanthropic Foundations").

115. The following graphic depicts Verity's prepetition organizational structure:

116. Each Debtor entity has its own management and governance structure. Under the leadership of the Daughters of Charity, each Hospital operated independently except that all employees were under the same pension plans. After the transition of operations and leadership to VHS, there has been a systemizing of operations, so that functions that were being performed at each of the Debtors are being transitioned and performed by VHS and being standardized, such as pharmacy operations, credentialing, IT, case management, etc.

117. As set forth above, VMF offers medical, surgical and related healthcare services for people of all ages at community-based, multi-specialty clinics conveniently located in areas served by Verity hospitals. The following graphic depicts VMF's structure that is comprised of, among other things, professional service agreements with seven medical groups that provide physicians to VMF's clinics:

120. Verity Holdings, LLC, De Paul Ventures, LLC, and De Paul - San Jose Dialysis, LLC, are all limited liability companies that do not have Boards of Directors. The sole Member of Verity Holdings, LLC, and De Paul Ventures, LLC, is VHS. The sole member of De Paul Ventures - San Jose Dialysis, LLC, is De Paul Ventures, LLC. I am the President and Eleanor Ramirez and Art Huber were appointed Vice Presidents of Verity Holdings, LLC, on November 17, 2017. I am the managing member for De Paul Ventures, LLC. Dr. Tirso del Junco, Jr., is the managing member for De Paul Ventures - San Jose Dialysis, LLC.

B. Capital Structure.

121. As more fully set forth in the declaration of Anita Chou in support of the Debtors' *Emergency Motion Of Debtors For Interim And Final Orders (A) Authorizing The Debtors To Obtain Post Petition Financing (B) Authorizing The Debtors To Use Cash Collateral And (C) Granting Adequate Protection To Prepetition Secured Creditors Pursuant To 11 U.S.C. §§ 105, 363, 364, 1107 And 1108*, VHS, Verity Business Services ("VBS"), the Hospitals, and one operating division are jointly obligated parties on approximately \$461.4 million of outstanding secured debt consisting of: (a) \$259.4 million outstanding tax exempt revenue bonds, Series 2005 A, G and H issued by the California Statewide Communities Development Authority (the "2005 Bonds"), which loaned the bond proceeds to VHS to provide funds for capital improvements and to refinance certain tax exempt bonds previously issued in 2001 by the DCHS, a religious not-for-profit enterprise and VHS's reorganization predecessor; and (b) \$202 million outstanding tax exempt revenue notes, Series 2015 A, B, C, and D and Series 2017 issued by the California Public Finance Authority, which loaned the proceeds to VHS to provide working capital (the "Working Capital Notes"). Wells Fargo Bank, N.A. ("Wells Fargo") is the Bond Trustee and UMB Bank National Association ("UMB Bank") is the successor Master Trustee and for the prepetition secured 2005 Bonds. U.S. Bank, National Association ("U.S. Bank") is the Note Trustee and also the Collateral Agent for the Working Capital Notes.

122. Except for the taxable Series 2015C Working Capital Notes, the 2005 Bonds and the Working Capital notes are all tax exempt, meaning interest on the bonds is not taxable to the holders so long as the issuer maintains its qualified tax exempt status and the proceeds of the

bonds were used for the tax exempt purposes for which they were originally intended. The Series 2005 A Bonds are comprised four term bonds maturing on July 1, 2024, 2030 and 2035 bearing interest at 5.75% (Series 2005A-2024), (Series 2005A-2030), (Series 2005A-2035) and one maturing July 1, 2039 bearing interest at 5.50% (Series 2005A-2039). The Series 2005G term bond matures on July 1, 2022 and bears interest at 5.50%. The Series 2005H- term bond matures on July 1, 2025 and bears interest at 5.75%. The Working Capital Notes mature on June 10, 2019 (Series 2015A, Series 2015B, Series 2015C and Series 2015D) and on December 10, 2020 (Series 2017A, 2017B). Series 2015A and B and Series 2017 and 2017B bear interest at 7.25%, while the Series 2015D carries an 8.75% interest rate and Series 2015C accrues interest at 9.5%.

123. As set forth above, Holdings, a direct subsidiary of its sole member Verity, was created in 2016 to hold and finance Verity's interests in six medical office buildings whose tenants are primarily physician and other practicing medical groups and certain of the Verity Hospitals. Holdings is the borrower on approximately of \$66 million on two series of non-recourse financing secured by separate deeds of trust, revenue and accounts pledges, including lease rents on each medical buildings (collectively "MOB Financing"). The MOB Financings bear interest at a variable interest rate based on equal to One Month LIBOR plus a spread of 5.0% with a floor of 6.23%. The secured lenders for the MOB Financings are affiliates of NantWorks, LLC, which is an affiliate of Integrity.

124. During May 2017, the California Statewide Communities Development Authority issued \$20 million of limited obligation tax exempt bonds, pursuant to the CaliforniaFIRST Clean Fund Program in five series all with the same maturity date of September 2, 2047 (the "Clean Fund Bonds") as the conduit issuer for the benefit and obligation of Verity. The purpose of the bond funding was to assist with clean energy construction efforts of the Seaton Medical Center and are secured by Seton Medical Center's voluntary agreement to special tax assessments by Daley City. No other Debtor is liable for repayment of the Clean Fund Bonds. Wilmington Trust National Association ("WTNA") is the Trustee holding the construction funds, and a pre funded capitalized interest fund and is the collateral agent for collection of the special tax assessments for use in paying interest and principal on the Clean Fund Bonds. Interest on the Clean Fund Bonds

1 accrues at 6.4%. The special assessment runs for a period which is the shorter of 30 years or the
2 early full defeasement of the Clean Fund Bonds.

3 125. Also in September 2017, the California Statewide Communities Development
4 Authority issued a single series \$20 million of limited obligation tax exempt bonds pursuant to
5 the CaliforniaFIRST Program for the purpose of assisting with clean energy and seismic
6 improvement construction at Seton Medical Center (“NR2 Petros Bonds”). The NR2 Petros
7 Bonds also mature on September 2, 2047, but carry an interest rate of 6.45%. The NR2 Petros
8 Bonds are also California tax exempt and are secured by a special Daly City tax assessment on
9 Seton Medical Center property. No other Debtor is liable for repayment of the NR2 Petros
10 Bonds. The special assessment runs for a period which is the shorter of 30 years or the early full
11 defeasement of the NR2 Petros Bonds. WTNA is the Trustee holding the seismic improvement
12 funds, as well as a pre-funded interest payment fund.

13 126. NantCapital also provided \$40 million of unsecured debt financing for Verity as
14 reflected in two \$20 million unsecured notes (the “Unsecured Notes”). The Unsecured Notes are
15 balloon notes with interest and principal payable at maturity in 2020 and carry annual
16 compounded interest rates of 7.25%.

17 **C. Unsecured Debt.**

18 127. The Debtors have approximately \$500 million in total unsecured debt, including
19 disputed, unliquidated or contingent claims, which are comprised of claims made by vendors of
20 goods and services, cost report payables, pension obligations, management fees, and incurred but
21 not reported third party claims.

22 **V. Sale Efforts**

23 128. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and
24 sell their assets. In June 2018, the Debtor engaged Cain Brothers, a division of KeyBanc Capital
25 Markets (“Cain”), to identify potential buyers of some or all of the Verity hospitals and related
26 assets and commenced discussions with those potential buyer.

27 129. Cain prepared a Confidential Investment Memorandum (the “CIM”) and organized
28 an online data site to share information with potentially buyers and contacted over 110 strategic

1 and financial buyers beginning in July 2018 to solicit their interest in exploring a transaction
2 regarding the Debtors and has advanced significantly towards achieving sales.

3 130. In August 2018, as a result of its ongoing and broad marketing process, Cain has
4 received 11 Indications of Interest (“IOI”) to date, and expects to receive additional proposals on
5 or near the end of August. Shortly after the Petition Date, the Debtors, in consultation with Cain
6 and its other advisors, anticipate selecting an offer from one or more stalking horse bidder(s) to
7 acquire some or substantially all of the Debtors’ assets through a sale under § 363 of the
8 Bankruptcy Code.

9 **V. First-Day Pleadings**

10 131. The Debtors request that the relief described below in the First-Day Motions be
11 granted, as each request constitutes a critical element in achieving the successful restructuring of
12 the Debtors for the benefit of its patients, creditors and the communities they serve.

13 **A. Administrative Motions.**

14 132. In the *Motion of Debtors for Entry of an Order Directing the Joint Administration*
15 *of their Related Chapter 11 Cases* (the “Joint Administration Motion”), the Debtors request entry
16 of an order directing joint administration of these chapter 11 cases for procedural purposes
17 pursuant to Bankruptcy Rule 1015(b) and that the Court maintain one file and one docket for all
18 of the chapter 11 cases under the lead case, Verity Health System of California, Inc.

19 133. Joint administration of the chapter 11 cases will provide significant administrative
20 efficiencies without harming the substantive rights of any party in interest. Many of the motions,
21 hearings and orders that will be filed in the chapter 11 cases almost certainly will affect each of
22 the Debtors. The entry of an order directing joint administration of the chapter 11 cases will
23 reduce fees and costs by avoiding duplicative filings, objections, notices, and hearings, and will
24 allow all parties in interest to monitor the chapter 11 cases with greater ease and efficiency. The
25 relief requested in the Joint Administration Motion is in the best interests of the Debtors’ estates,
26 their creditors, and all other parties in interest and will enable the Debtors to continue to operate
27 their businesses in chapter 11 with the least disruption.

134. In the *Ex Parte Motion For Entry Of Order Extending Time To File Schedules Of Assets And Liabilities, Schedules Of Executory Contracts And Unexpired Leases, And Statements Of Financial Affairs* (the “Schedules and SOFA Motion”), as set forth in the declaration of Anita M. Chou, the Debtors request entry of an order granting additional time to file their schedules of assets and liabilities, schedules of executory contracts and unexpired leases, and statements of financial affairs. As a consequence of the size and complexity of the Debtors’ business operations, the number of creditors likely to be involved in these chapter 11 cases, the numerous critical operational matters that the Debtors’ management and employees must address, a 30-day extension (without prejudice to further extensions) is necessary and appropriate.

135. In the *Debtors’ Emergency Motion (A) Approving the Debtors Filing a Consolidated List of Fifty Largest General Unsecured Creditors For All Cases; (B) Approving The Debtors Filing A Consolidated Master Mailing Matrix For All Cases; and (C) Permitting the Debtors’ Claims And Noticing Agent To Maintain The Master Mailing Matrix*, the Debtors seek entry of an order approving each Debtor having filed in its respective case: a consolidated list of the fifty largest general unsecured creditors for all eighteen Debtors and a consolidated Master Mailing Matrix for all 17 Debtors; and permitting the Debtor’s claims and Noticing Agent (Kurtzman Carson Consultants) to maintain and update the Master Mailing Matrix. There are 17 entities that are Debtors in these chapter 11 cases. As of the Petition Date, the Debtors estimate that they have over \$1 billion in liabilities and they have over 20,000-40,000 potential creditors and parties in interest (on a consolidated basis) in these chapter 11 cases. Many of the Debtors’ creditors overlap. As such, requiring the Debtors to prepare individual Top 20 Lists of Creditors and individual Mailing Matrixes for each Debtor would be an exceptionally burdensome task and would greatly increase the risk and recurrence of error of information already on computer systems maintained by the Debtors or their agents.

B. Operational Motions Requesting Immediate Relief.

136. The Debtors intend to ask for immediate relief with respect to the following First Day Pleadings and, therefore, will present these motions at the First Day Hearing.

1 a. ***Emergency Motion Of Debtors For Interim And Final Orders (A) Authorizing***
2 ***The Debtors To Obtain Post Petition Financing (B) Authorizing The Debtors To Use Cash***
3 ***Collateral And (C) Granting Adequate Protection To Prepetition Secured Creditors Pursuant***
 To 11 U.S.C. §§ 105, 363, 364, 1107 And 1108 (the “Cash Collateral/DIP Motion”).

4 137. By way of the Cash Collateral/DIP Motion, and as set forth in the Declaration of
5 Anita M. Chou (the “Chou Declaration”), Chief Financial Officer of VHS (“Chou Decl.”), in
6 support of the Cash Collateral/DIP Motion, the Debtors move, on an emergency basis, for entry
7 of an interim order (substantially in the form attached as Exhibit “A” to the Chou Declaration, the
8 “Interim Order”) and a final order (the “Final Order” and together with the Interim Order, the
9 “DIP Orders”) (i) (a) authorizing the Debtors to enter into a senior secured, superpriority debtor
10 in possession financing facility with Ally Bank, a subsidiary of Ally Financial, Inc., (the “DIP
11 Lender”), in an (a) interim amount not to exceed \$30,000,000 and only as needed to avoid
12 immediate and irreparable harm, and (b) after a final hearing, amount up to \$185,000,000 (as
13 amended, modified or otherwise in effect from time to time, the “DIP Facility”), substantially on
14 the terms set forth in the Chou Declaration and the Debtors In Possession Facility Agreement,
15 attached as Exhibit “1” to the proposed Interim Order (as amended, supplemented, or otherwise
16 modified and in effect from time to time, the “DIP Facility Agreement,” and together with all
17 other agreements, documents, notes, certificates, and instruments executed and/or delivered with,
18 to or in favor of the DIP Lender, (the “DIP Financing Agreements”), and (b) granting the DIP
19 Liens and the DIP Superpriority Claims (in each case, as defined below); (ii) authorizing the
20 interim use of Cash Collateral (as defined below) on the terms set forth in the Interim Order; (iii)
21 granting “adequate protection” to UMB Bank, N.A., as successor Master Trustee for the
22 Prepetition Secured Revenue Bonds, Series 2005 A, G and H (“2005 Bonds”), U.S. Bank
23 National Association (“U.S. Bank”), as the Collateral Agent and Note Trustee for the Series 2015
24 A, B, C, and D and the Series 2017 A and B Revenue Notes (collectively, the “Working Capital
25 Notes”) and MOB Financing LLC and MOB Financing II LLC as holders of security interests in
26 Verity Holdings prepetition accounts, including rents arising from the prepetition MOB Financing
27 (described below) in the form of Adequate Protection Payments and Replacement Liens, each as
28 defined in the Chou Decl.; (iv) modifying the automatic stay as imposed by section 362 of the

1 Bankruptcy Code to the extent necessary to implement and effectuate the terms of the DIP
2 Facility and the DIP Orders; and (v) scheduling an interim hearing to approve the proposed
3 Interim Order and a final hearing with respect to the relief requested herein (the “Final Hearing”).

4 138. Each Debtor has all requisite corporate power and authority to execute and deliver
5 the DIP Financing Agreements to which it is a party and to perform its obligations thereunder.

6 139. Absent granting emergency access to the Debtors’ cash collateral, the Debtors will
7 not be able to make payroll or meet other obligations critical to the maintenance of safe facilities
8 and the delivery of effective acute care services for its patients and staff during the week ending
9 September 7, 2018. Absent emergency access to postpetition financing, the Debtors will lose
10 vendor support for critical postpetition deliveries of goods and services further burdening the
11 Debtors use of cash. Absent entry of an interim order granting the requested relief, the very
12 existence of the Hospitals will be threatened and the ability of the Hospitals to survive as long
13 term going concerns, whether or not owned by the Debtors, will be irreparably harmed.

14 ***b. Emergency Motion Of Debtors For Entry Of Order: (I) Authorizing The Debtors***
15 ***To (A) Pay Prepetition Employee Wages And Salaries, And (B) Pay And Honor Employee***
16 ***Benefits And Other Workforce Obligations; And (II) Authorizing And Directing The***
17 ***Applicable Bank To Pay All Checks And Electronic Payment Requests Made By The Debtors***
Relating To The Foregoing; Memorandum Of Points And Authorities In Support Thereof (the
“Wage Motion”).

18 140. By the Wage Motion, the Debtors move the Court for entry of an order
19 (i) authorizing the Debtors, in their discretion, to (a) pay prepetition employee wages and salaries,
20 and (b) pay and honor employee benefits and other workforce obligations (including remitting
21 withholding obligations, maintaining workers’ compensation and benefits programs, paying
22 related administration obligations, making contributions to retirement plans, and paying
23 reimbursable employee expenses) (collectively, the “Employee Obligations”); and (ii) authorizing
24 and directing the applicable bank to pay all checks and electronic payment requests made by the
25 Debtors relating to the foregoing.

26 141. Wages. The Employees are paid their wages and salaries (the “Wages”)
27 bi-weekly, in arrears, either five or six days after the end of every 14-day pay period, through
28 direct deposit or by check. The Debtors’ average bi-weekly gross payroll is approximately

1 \$25,394,994, which includes approximately \$463,907 for executive payroll, \$3,726,816 for
2 withholding obligations (relating to various taxes, claims and other obligations) and \$208,476 for
3 retirement plan contribution matching. Under a bifurcated, constant pay cycle, Employees were
4 last paid on August 24 and 30, 2018. The next routine payroll dates covering all Employees'
5 accrued and unpaid prepetition Wages are scheduled for September 7, 13 and 14, 2018, and
6 expected to include approximately \$15,353,375 that is attributable to prepetition Wages (the
7 "Requested Prepetition Payroll"), which the Debtors seek authority to pay by the Wage Motion.
8 The Debtors do not believe payments of Wages to any individual Employee will exceed the
9 \$12,850 cap under § 507(a).

10 142. Withholding and Union Obligations. In the ordinary course of their business, the
11 Debtors routinely withhold from the Wages certain amounts that the Debtors are required to
12 transmit to third parties for purposes such as Social Security and Medicare, federal and state or
13 local income taxes, contributions to the Debtors' benefit plans, savings and retirement plan
14 contributions, union claims, garnishment, child support or other similar obligations pursuant to
15 court order or law (collectively, the "Withholding Obligations"). The Debtors owe approximately
16 \$3,726,816 for Withholding Obligations in connection with the Requested Prepetition Payroll,
17 which the Debtors seek authority to pay by the Wage Motion. The Debtors are also required to
18 make certain Union-specific contributions, which are currently accrued and unpaid in the amount
19 of \$85,089 on account of prepetition Wages, which the Debtors seek authority to pay by the Wage
20 Motion.

21 143. Bonuses. Certain Employees are eligible to receive sign-on, retention and
22 incentive bonuses. Payout opportunity is based on Employee position, title and location (i.e.,
23 Hospital or Systems Office). The Debtors do not, by the Wage Motion, seek permission to pay
24 any bonuses to continuing Employees but do seek the authority, in the Debtors' discretion, to pay
25 the Employees for contractually agreed bonuses that accrued within the 180 days prior to the
26 Petition Date when their services with the Debtors are terminated so long as the total of the
27 payments already then made for prepetition Employee Obligations and the bonuses does not
28 exceed the statutory limit for priority claims of \$12,850.

144. Reimbursement Obligations. The Debtors customarily reimburse Employees who incur business expenses in the ordinary course of performing their duties on behalf of the Debtors. Such expenses typically include, but are not limited to, business-related travel expenses (including mileage), business meals, relocation allowances, tuition reimbursement, and other items specified in the CBAs. Based on historical experience, the Debtors anticipate that, as of the Petition Date, the Debtors owe an estimated \$30,200 in Reimbursement Obligations to their Employees, which they seek authority to pay by the Wage Motion. The Debtors further seek to continue to pay Reimbursement Obligations incurred postpetition in the ordinary course of the Debtors' business.

145. Paid Time Off and Extended Sick Leave. Full-time and part-time Employees become eligible to receive employment benefits beginning the first of the month following 30 days of employment (when they become "Eligible Employees"). *Per diem* Employees are not Eligible Employees. The Debtors provide Eligible Employees with Paid Time Off ("PTO") and Extended Sick Leave ("ESL"), which are accrued annually and in increasing rates over successive years. PTO is time off due to vacation, holiday, personal or incidental sick time. ESL kicks in (a) immediately where the Eligible Employee is admitted for surgery, (b) after a 3-day waiting period for a workers' compensation injury, and (c) after a 7-day waiting period if workers' compensation is not implicated. As of the Petition Date, the Debtors are carrying approximately \$36.6 million on their books for 789,942 hours of accrued and unused PTO. Eligible Employees are permitted to cash out their unused PTO on one or two occasions during the year depending on the relevant Hospital or CBA. As of the Petition Date, the Debtors are carrying approximately \$17.5 million on their books for 372,000 hours of accrued and unused ESL. Some CBAs permit Eligible Employees to cash out a portion of their unused ESL at retirement. By the Wage Motion, the Debtors seek authority to honor their existing PTO and ESL policies to the extent it would permit continuing Employees to use their prepetition accrued leave in the ordinary course of business, and going forward. The Debtors are not, by the Wage Motion, seeking permission to cash out any accrued and unused PTO or ESL of continuing Employees but do seek the authority, in the Debtors' discretion, to pay the Employees for unused PTO and/or ESL, as permitted per

1 Hospital policy and relevant CBA terms, that accrued within the 180 days prior to the Petition
2 Date so long as the total of the payments for prepetition Employee Obligations does not exceed
3 the statutory limit for priority claims of \$12,850.

4 146. Health Benefits. The Debtors offer Eligible Employees the opportunity to
5 participate in a number of insurance and benefit programs, including, among other things, medical,
6 dental and vision plans, life insurance, short-term and long-term disability insurance, workers'
7 compensation, retirement plans and other insurance plans and benefits. As of the Petition Date,
8 the Debtors owed (a) approximately \$3,162,816 to Healthnow as third-party administrator on
9 account of accrued and unpaid prepetition claims against the self-insured medical plans; (b)
10 approximately \$48,060 to Cigna and Delta Dental for accrued and unpaid prepetition claims
11 against the self-insured dental plans; (c) approximately \$60,150 to VSP for accrued and unpaid
12 prepetition claims on account of the self-insured vision plans. By the Wage Motion, the Debtors
13 seek authority to pay these prepetition claims. The Debtors believe that they are current on the
14 administration fees and premiums related to the health plans to pay their portion of any premiums
15 or administration fees for the health plans that accrued and remain unpaid as of the Petition Date,
16 and to turn over to Blue Shield of California any amounts sufficient to satisfy the portion of the
17 accrued and unpaid prepetition premiums to be paid by the Employees in connection with the
18 payment of the Wages and Withholding Obligations. By the Wage Motion, the Debtors also seek
19 authority to continue to pay, in their discretion and in the ordinary course of their business, the
20 administration fees, premiums for and claims under the health plans incurred postpetition. The
21 Debtors further seek, by the Wage Motion, to continue to perform any obligations under
22 Continuation Health Coverage (COBRA) in respect to former employees.

23 147. Life, Disability and Workers' Compensation. The Debtors offer Eligible
24 Employees premium-based group life insurance and accidental death and dismemberment
25 insurance ("AD&D") through UNUM; premium based short term ("STD") and long term
26 disability coverage ("LTD") through Cigna; workers' compensation insurance through Old
27 Republic Insurance; and an employee assistance program through Optum. The Debtors are also
28 are obligated to Cigna on account of claims under the Federal Medical Leave Act (FMLA) and

1 California Family Rights Act (CFRA). The Debtors believe that they are current on all the above
2 mentioned insurance policies and claims obligations. To the extent they are not, however, the
3 Debtors seek authority, by the Wage Motion, in their discretion, to pay any accrued and unpaid
4 prepetition premiums and related charges and to continue these benefits postpetition and to
5 deliver the Employees' portion of any accrued and unpaid prepetition premiums to the
6 corresponding administrators.

7 148. Retirement Plans. As described in further detail above, the Debtors offer eligible
8 Employees the opportunity to participate in various retirement plans, including defined benefit
9 plans and defined contribution plans. By the Wage Motion, the Debtors seek authority to pay
10 their matching contributions that accrued and remain unpaid as of the Petition Date for the
11 retirement plans and to deliver the Employee contributions in connection with the payment of
12 Wages and Withholding Obligations described above. The Debtors also seek authority, by the
13 Wage Motion, to continue to pay, in their discretion and in the ordinary course of their business,
14 matching contributions for the retirement plans incurred postpetition.

15 149. Miscellaneous Plans. The Debtors also offer their eligible Employees the
16 opportunity to participate in a "Cafeteria Plan" through Alliant Choice Plus, which includes
17 voluntary critical care insurance, pet insurance, auto and home insurance. The healthcare
18 reimbursement account and dependent care reimbursement account are administered through
19 Healthnow, and long-term care is administered through UNUM. All of these programs are 100%
20 funded by the Employees and are paid for through payroll deductions. By the Wage Motion, the
21 Debtors request authority to continue to honor these programs, in their discretion, and to continue
22 distributing to third-parties the payments for these programs in connection with the payment of
23 Wages and Withholding Obligations as described above, including the distributions of payments
24 that are for prepetition amounts due.

25 150. The Debtors believe that substantially all of its Employees rely exclusively on
26 their compensation to pay their daily living expenses. Also, the Employee Benefit Programs are a
27 critical component of the Employees' total compensation package. It is imperative to the
28 accomplishment of the Debtors' goals in this case that the Debtors minimize any adverse impact

of the chapter 11 filing on the Debtors' workforce, patients, operations, and orderly administration of these Cases. Any disruption to payment of the payroll in the ordinary course, or to the continued implementation of employee programs in the Debtors' discretion, would adversely affect the Debtors' goals in this case because such events are likely to cause some employees to terminate their employment with the Debtors, will cause employees to be distracted from their duties to care for the patients, and will hurt employee morale at a particularly sensitive time for all employees. Failure to honor the Employee Obligations could have severe repercussions on the Debtors' ability to preserve its assets and administer its estate, to the detriment of all constituencies. Accordingly, as set forth in the Wage Motion, the Debtors request authority to continue paying the Employees and administering the Employee Benefit Programs and any obligations related to the foregoing (subject to the Budget and any applicable payment caps) in the ordinary course of business.

c. Emergency Motion Of Debtors For Authority To: (1) Continue Using Existing Cash Management System, Bank Accounts And Business Forms; (2) Implement Changes To The Cash Management System In The Ordinary Course Of Business; (3) Continue Intercompany Transactions; (4) Provide Administrative Expense Priority For Postpetition Intercompany Claims; And (5) Obtain Related Relief; Memorandum Of Points And Authorities In Support Thereof (the "Cash Management Motion").

151. By the Cash Management Motion, the Debtors move the Court for the entry of an order authorizing them, subject to the terms of the DIP Orders and DIP Financing Agreements to: (1) continue to use their cash management system, including the continued maintenance of their existing bank accounts (three of which include passive investing) and business forms; (2) implement changes to their cash management system in the ordinary course of business, including opening new or closing existing bank accounts; (3) continue to perform under and honor intercompany transactions in the ordinary course of business, in their business judgment and at their sole discretion; (4) provide administrative expense priority for postpetition intercompany claims, all as set forth in more detail below; and (5) obtain related relief.

152. The Debtors further request, by the Cash Management Motion, that the Court authorize the financial institutions at which the Debtors maintain various bank accounts to (a) continue to maintain, service and administer the Debtors' bank accounts, and (b) debit the bank

1 accounts in the ordinary course of business on account of (i) wire transfers or checks drawn on
2 the bank accounts, or (ii) undisputed service charges owed to the banks for maintenance of the
3 Debtors' cash management system, if any.

4 153. The Debtors currently have 63 accounts (the "Accounts") with five commercial
5 banks and one investment bank (collectively the "Banks"). The Debtors request authority to
6 continue utilizing the Accounts, subject to the terms of the DIP Orders and DIP Financing
7 Agreements. Requiring the Debtors to close certain of the Accounts and open new ones will
8 disrupt the Debtors' cash flow – and, ultimately, impact patient care – because (i) the depositors
9 (some of which are governmental agencies) will not respond quickly to the change and will likely
10 continue to send deposits to the original deposit account, and (ii) the Debtors have certain
11 obligations (including for debt, pension and defined contribution) that they pay exclusively by
12 electronic funds transfer and changes to the payment accounts have the potential of slowing down
13 these crucial payments. Closing the Accounts will also increase the work of the Debtors'
14 accounting personnel, who are already dealing with the many and varied issues related to these
15 Cases. Closing the Accounts and opening new ones under the circumstances described in the
16 corresponding Memorandum of Points and Authorities would needlessly cost the Debtors time
17 and money at a time when they are trying to conserve both, and would result in no discernible
18 benefit to the Debtors' bankruptcy estates.

19 154. The Debtors also request in the Cash Management Motion authority to continue
20 using their business forms without the designation "Debtors in Possession" on them *for a limited*
21 *time*. The Debtors' forms are either electronically printed or can be electronically altered. The
22 Debtors seek the authority of this Court to utilize their electronically generated forms without the
23 "Debtors in Possession" designation until the adjustments to the software can be initiated and
24 existing stock is exhausted.

25 155. Subject to the DIP Orders and DIP Financing Agreements, by the Cash
26 Management Motion, the Debtors request that the Court authorize them to continue using their
27 cash management system in connection with the continued use of Accounts and continued use of
28

1 the Debtors' business forms; in furtherance thereof, the Debtors further request that the Court
2 authorize and direct the Banks to continue honoring the Debtors' transactions.

3 ***d. Emergency Motion Of Debtors For Order (A) Prohibiting Utilities From***
4 ***Altering, Refusing, Or Discontinuing Service And (B) Determining Adequate Assurance Of***
5 ***Payment For Future Utility Services (the "Utilities Motion").***

6 156. By the Utilities Motion, the Debtors move the Court for the entry of an order
7 authorizing them to (i) prohibiting utilities (collectively, the "Utility Companies" and
8 individually, a "Utility Company") from altering, refusing, or discontinuing service without
9 further order of the Court; and (ii) determining adequate assurance of payment for future utility
10 services. The Debtors receive essential utility services from several Utility Companies.
11 Furthermore, the Debtors seek a determination that: (i) a deposit made by the Debtors to each
12 Utility Company in an amount equal to the average monthly invoice for prepetition services
13 provided to the Debtors by such Utility Company (the "Deposit"); (ii) the ability of any Utility
14 Company to obtain an initial hearing on the adequacy of the Deposit; and (iii) the ability of any
15 Utility Company to obtain an expedited hearing regarding further adequate assurance if the
16 Debtors fail to cure a post-petition payment default within twenty (20) days after written notice of
17 such default, constitute adequate assurance of payment for future utility services.

18 157. As life-saving medical service providers, the Debtors are situated in a vulnerable
19 position—without the continual flow of vital services of Utility Companies, the mission of the
20 Debtors' business would unravel, irreparably harming the Debtors and their patients who seek
21 medical care in the hospitals, medical centers, and clinics operated by the Debtors. Thus, I believe
22 that in order to ensure the timely and proper care of the patients and maintain ongoing business
23 operations, it is imperative the Debtors are able to rely on a consistent supply of these services.

24 158. Specifically, uninterrupted electricity, gas, telephone, and similar services are
25 essential to the Debtors' provision of medical services to the Debtors' patients. Any interruption,
26 however brief, to utility services to the Debtors' business will result in a serious disruption of the
27 Debtors' business operations and dramatically affect patient care. Therefore, I believe that it is
28 critical that the Court prohibit the Utility Companies from altering, refusing or discontinuing
service to the Debtors without further order of this Court. The Deposit for each of the Utility

Companies, coupled with the streamlined mechanism for requesting further adequate assurance will provide adequate assurance of payment to the Utility Companies as well as safeguard the Debtors' continuing operations.

159. The Debtors are current on payment to the Utility Companies. Further, the Debtors have sufficient cash to pay their postpetition utility bills as they come due and have specifically budgeted for such payments in the Debtors' operating budget submitted in connection with the Debtors' Cash Collateral Motion.

e. Debtors' Emergency Motion For Entry Of An Order Authorizing Debtors To Honor Prepetition Obligations To Critical Vendors (the "Critical Vendors Motion").

160. By the Critical Vendors Motion, the Debtors move the Court for the entry of an order authorizing, but not directing, the Debtors to continue to pay and/or honor the prepetition claims, up to \$20 million (the "Critical Vendor Cap"), with (i) an interim amount of up to \$5 Million, and (ii) an additional amount of up to \$15 Million, of their most critical vendors, in the Debtors' discretion and in the ordinary course of the Debtors' business, pursuant to a carefully-designed Protocol (defined below) overseen by a core, centralized team consisting of senior members of Debtors' management and professional advisors, and subject to the terms and conditions. The Debtors will suffer irreparable harm without the relief requested in Critical Vendors Motion.

161. As life-saving medical service providers, the Debtors are situated in a vulnerable position in that their entire mission would immediately unravel, irreparably harming the Debtors and their patients without the continual flow of vital medical services, medical supplies, medical equipment, physicians, nurses, nurse practitioners, physicians assistants, professional technicians such as, imaging technicians, surgical technicians, sterile processing technicians and interim clinical/management staff, coders, admission department staff, as well as non-medical services, information technology support, and/or benefits.

162. Additionally, local, state, and federal law places certain compliance requirements on the Debtors. For example, as the operator of hospitals licensed under California state law and certified to participate in the Medicare and Medicaid programs, the Debtors must comply with all

hospital licensing and certification requirements, including those found in the Health and Safety Code and in Title 22 of the California Code of Regulations, as well as the applicable Medicare conditions of participation and corresponding Medicaid requirements. In addition to complying with these overarching requirements, the Debtors must monitor and comply with all of the other licensing and operational requirements that apply to the different service lines and programs offered by the hospitals, including, for example, those applicable to the hospital pharmacies and laboratories. These extensive, comprehensive requirements can only be fulfilled through continued, uninterrupted access to various goods and services. Thus, in order to ensure the timely and proper care of the patients and maintain ongoing business operations, it is imperative the Debtors are able to rely on a consistent, quality supply of various physicians, nurses, nurse practitioners, physicians assistants, professional technicians such as, imaging technicians, surgical technicians, sterile processing technicians and interim clinical/management staff, coders, admission department staff, as well as certain medical supplies, medical equipment, and services provided by vendors, suppliers and/or service-providers that are “critical” to the Debtors’ businesses (the “Critical Vendors”).

163. The Debtors’ Critical Vendors include the following categories of providers: (i) uncompensated care contract physicians and on-call coverage physicians (collectively, the “Uncompensated Care and On-Call Coverage Physicians”); (ii) medical directors (the “Medical Directors”); (iii) medical staff officers and leadership positions (“Medical Leadership”); (iv) physicians providing teaching services (“Physician Educators”); (v) medical services providers (the “Medical Services Providers”); (vi) medical supplies and medical equipment providers (collectively, the “Medical Supplies and Equipment Providers”); (vii) medical staffing agencies and hospital-based services providers (collectively, the “Clinical Staffing”); (viii) non-medical services providers (the “Non-Medical Services Providers”); (ix) information technology services providers (the “IT Services Providers”); and (x) various employee benefits providers (the “Benefits Providers”).

1 164. The Debtors require the use of various physicians, the Uncompensated Care and
2 On-Call Coverage Physicians, who provide care to patients who lack the ability to compensate the
3 Debtors for their medical treatment (individually, “Uncompensated Care Contract Physicians”)
4 and the physicians who provide on-call services to cover the Debtors’ daily on-call needs
5 (individually, “On-Call Coverage Physicians”), all in order to ensure patient care. The
6 Uncompensated Care Contract Physicians routinely provide the following vital services: (i)
7 Emergency Room coverage; (ii) surgical procedures for any Patient who is uninsured or
8 underinsured; (iii) psychiatry; and (iv) cardiac services. The On-Call Coverage Physicians make
9 themselves available to the Debtors for certain periods of time to ensure that a specialist is
10 available at all times for emergency situations, including such emergent conditions as cardiac
11 arrest and immediate trauma. The On-Call Coverage Physicians routinely provide the following
12 areas of expertise: (i) urology; (ii) general surgery; (iii) orthopedics; (iv) cardiology; (v)
13 neurosurgery; (vi) thoracic surgery; (vii) cardiac surgery; (viii) radiation oncology; (ix)
14 neurology, (x) psychiatry; (xi) nephrology; (xii) gastroenterology; (xiii) pediatric surgery; and
15 (xiv) obstetrics.

16 165. Due to the strong economy and the tight labor market for professionals with
17 expertise, Uncompensated Care and On-Call Coverage Physicians have a vast array of working
18 opportunities available to them, and to the extent the Debtors are unable to ensure payment for
19 prepetition claims, these Uncompensated Care and On-Call Coverage Physicians will work at
20 other hospitals, resulting in a devastating impact on patient care and irreparable harm to the
21 smooth transition into chapter 11 and preservation and maximization of value for the benefit of
22 the Debtors’ creditors.

23 166. Further, the Debtors require the use of various physicians who serve as Medical
24 Directors. As Medical Directors, it is their responsibility to ensure the hospital runs smoothly and
25 efficiently and according to local, state, and federal mandates in order to ensure patient care.
26 These Medical Directors supervise and coordinate the On-Call Coverage Physicians, provide vital
27 operating and administrative services, such as (i) the Long Term & Sub-Acute Unit; (ii)
28 Advanced Wound Care; (iii) the Comprehensive Spine Care Program; (iv) the Stroke Program;

(v) Cardiac & Pulmonary Rehabilitation; (vi) Oncology; (vii) Non-Invasive Cardiology; (viii) Radiation Therapy; (ix) the Intensive Care Unit and Neonatal Intensive Care Unit; (x) the Antimicrobial Stewardship Program; (xi) Interventional Neurology; (xii) the Bioethics Program; (xiii) the Catherization Laboratory; (xiv) the Skilled Nursing Facility, the Stroke Program; (xv) Thoracic Surgery; (xvi) the Dialysis Center; and (xvii) Nuclear Medicine and Vascular Laboratory. They also are vital for program quality, oversight, and risk management. There are approximately 60 physicians serving as Medical Directors. Similar to the Uncompensated Care and On-Call Coverage Physicians. I believe they also are vital for program quality, oversight, and risk management. There are approximately 68 physicians serving as Medical Directors.

167. Similar to the Uncompensated Care and On-Call Coverage Physicians, and due to the strong economy and the low labor market for professionals with expertise, Medical Directors are in demand and have a vast array of working opportunities available to them. To the extent the Debtors are unable to ensure payment for prepetition claims to Medical Directors, these Medical Directors will work at other hospitals, resulting in a devastating impact on patient care and irreparable harm to the smooth transition into chapter 11 and preservation and maximization of value for the benefit of the Debtors' creditors.

168. Debtors require the use of various physicians who serve as medical staff officers and in other leadership positions, as required by each Hospital's accreditation with The Joint Commission (the "TJC"). Medical Leadership includes the Chiefs of Staff and all Department Chairs required by each of the Debtors' Medical Staff Bylaws, and by Title 22, including physician oversight for cardiology, pulmonary, laboratory, stroke, and ST-elevation myocardial infarction departments. The Chief Medical Officers are essential to ensure quality and risk oversight. Without these physicians, who I believe can easily find competitive opportunities elsewhere, the Debtors' day-to-day programs will cease to function, resulting in a significant impact on patient care and other irreparable harm to the Debtors' Chapter 11 Cases.

169. The Debtors require the use of various physicians, the Physician Educators, who provide teaching services in the Debtors' graduate medical education (the "GME") program, a legal requirement with which the Debtors must comply. The GME program simultaneously

1 provides: (i) training for interns, residents, and fellows until they become independent and
2 licensed practitioners; and (ii) access to healthcare for elderly and impoverished patients.
3 Physician Educators are in high demand because the State of California mandates that every
4 teaching hospital support the efforts to provide access to high quality healthcare to its most
5 vulnerable population. To maintain Level 2 Trauma status, the Debtors must maintain the GME
6 program. Therefore, the Physician Educators are vital to maintaining the Debtors' teaching
7 hospital status and affording access to healthcare, both of which are key to the Debtors' Patient
8 care, ongoing operations, and/or potential sale of its assets for the benefit of its creditors and the
9 Estates.

10 170. Debtors require the use of various Medical Services Providers, including, but not
11 limited to, those who provide services such as surgical anesthesia coverage, organ harvesting and
12 organ matching services, medical equipment sanitization, diagnostic interventional cardiology
13 services, interventional neuroradiology, imaging services, advanced wound care, pathology and
14 laboratory services, dialysis services, lithotripsy services, sterile compounding services,
15 rehabilitation staffing and management services, subacute management services, psychiatric
16 management services, hospitalist services, intensivist program services, medical screening
17 services, and medical instrument repair services. These services are vital to the Debtors' day-to-
18 day operations, in particular with regard to Patient care, and the Debtor will suffer immediate
19 irreparable harm should the Court not grant the Debtors' request to include the Medical Services
20 Providers as Critical Vendors.

21 171. Debtors require the use of various medical supplies and medical equipment from
22 the Medical Supplies and Equipment Providers, including, but not limited to, blood and plasma,
23 heart valves, coronary intervention products, defibrillators, laparoscopic and minimally invasive
24 surgical supplies, neurosurgical supplies and neurology devices, other surgical medical products,
25 bone substitute biologics, regenerative vascular grafts, vaccinations and other pharmaceuticals,
26 nuclear medicines, medical gases, anesthesia medical equipment, laboratory medical supplies,
27 radiation equipment, gastrointestinal supplies, cochlear implants, orthopedic implants, spinal
28 implants, intraocular lenses and ophthalmology supplies, sterilization equipment and products,

1 and fetal monitoring systems. Equipment includes medical equipment rentals, biomedical repair
2 tools and equipment, patient beds and stretchers, vital sign monitoring, infusion pumps,
3 medication supply stations, gastro-intestinal lab equipment, cardiac catheterization lab equipment,
4 operating room equipment, imaging equipment, laboratory equipment, pharmacy dispensing
5 equipment, and transplant program equipment. The medical supplies and medical equipment the
6 Debtors receive from the Medical Supplies and Equipment Providers are vital to the Debtors'
7 day-to-day operations, to maintain Patient care, and the Debtors will suffer immediate irreparable
8 harm should the Court not grant the Debtors' request to include the Medical Supplies and
9 Equipment Providers as Critical Vendors.

10 172. The Debtors also require the Clinical Staffing, which are various medical groups,
11 staffing agencies, and other hospital-based services providers, to meet critical thresholds of
12 physicians, nurses, nurse practitioners, physicians assistants, professional technicians such as,
13 imaging technicians, surgical technicians, sterile processing technicians and interim
14 clinical/management staff, coders, and admission department staff servicing patients in
15 emergency and non-emergency room situations. The provision of physicians, nurses, professional
16 technicians such as, imaging technicians, surgical technicians, sterile processing technicians and
17 interim clinical/management staff, coders, and admission department staff is vital to service the
18 Debtors' six active emergency rooms, trauma center, and the multiple medical specialty units
19 providing tertiary and quaternary care.

20 173. Additionally, regarding the provision of nurses, the staffing supplementation is
21 essential because: (1) California has a mandatory statutory nurse to patient ratio, and so the
22 Debtors are required by law to meet certain ratios in order to operate on a daily basis; and (2) it is
23 difficult to recruit experienced staff—as opposed to recent graduates—for short-term
24 assignments. Indeed, these staffing agencies provide the requisite “registry” nurses who take short
25 single-day assignments and “traveler” nurses who take longer-term assignments to fill in during
26 busier seasons—*e.g.*, flu season—and understaffed periods—*e.g.*, during nurses strikes of
27 represented nurses—where the Debtors may not otherwise have sufficient numbers of nurses
28 between their core and per diem nurses.

174. Moreover, many of the Clinical Staffing who provide physicians, nurses, nurse practitioners, physicians assistants, professional technicians such as, imaging technicians, surgical technicians, sterile processing technicians and interim clinical/management staff, coders, and admission department staff to the Debtors will not staff the Debtors' business if there is any interruption or delay in the payment of the amounts due to them. Given the Debtors' reliance on the medical services provided by the Clinical Staffing to provide Patient care and otherwise fulfill the Debtors' daily medical services needs, and the fact that the Clinical Staffing can simply shift their services to a medical services company, it is crucial that the Debtors be authorized to pay any prepetition amounts due to the Clinical Staffing as Critical Vendors in the ordinary course of business.

175. The Debtors require use of Non-Medical Services Providers, including, but not limited to, those who provide services such as payroll tax services, financial audit services, billing services, cost reporting services, revenue cycle management services, consulting and education services for various required national, state, and local accreditations and mandates, environmental services, record retention services, building maintenance services, medical equipment maintenance services, management services, and other similar services, as well as to seismic contractors. Seismic contractors are designers, engineers, suppliers and constructors who are engaged in the statutory work of retrofitting hospital structures to meet the SB1953 and subsequent amendments that are required to be completed by December 31, 2019. Delay of the projects will cause the Debtors to miss the regulated deadlines, risking the Debtors' California Department of Public Health license and suspension of such. These non-medical services are vital to the Debtors' day-to-day operations, particular with regard to Patient care, and the Debtor's ability to comply with regulatory requirements set by the State of California legislature, and the Debtor will suffer immediate irreparable harm should the Court not grant the Debtors' request to include the Non-Medical Services Providers as Critical Vendors.

176. The Debtors require use of various IT Services Providers who provide information technology services, including, but not limited to, those who provide services such as diagnostic technology, interoperability between devices, risk management and software services, revenue

1 cycle management billing software and services, teleradiology services, customer relationship
2 management, networking solutions services, multi-function copiers, voice over internet protocol
3 system services, hosting services for applications, and point of care data management system
4 services. Critical patient care systems such as electronic health record systems and enterprise
5 resource planning systems must be maintained to ensure continuity and Patient care. I believe
6 these information technology services are vital to the Debtors' day-to-day operations, in particular
7 with regard to Patient care, and the Debtor will suffer immediate irreparable harm should the
8 Court not grant the Debtors' request to include the IT Services Providers as Critical Vendors.

9 177. The Debtors require certain Benefits Providers because the Debtors have
10 incentivized their employees to continue working through the continuation of company-
11 subsidized benefits, such as workers compensation, medical, dental, vision, short term and long
12 term care, leave of absence, and life insurance. If the Debtors are not permitted to pay any
13 prepetition premium amounts due to these Benefits Providers, the employees' insurance coverage
14 will be jeopardized and the employees will likely seek employment elsewhere. Specifically, I
15 believe any disruption to payment of the employee benefits in the ordinary course (and in the
16 Debtors' discretion), would adversely affect the Debtors' goals in this Case because such events
17 are likely to cause some employees to terminate their employment with the Debtors, will cause all
18 employees to be distracted from their duties to care for the patients and the operations of the
19 hospitals, and will inevitably hurt employee morale at a particularly sensitive time for all
20 employees, resulting in severe repercussions on the Debtors' ability to provide Patient care, and
21 to preserve their assets and administer the Estates, to the detriment of all constituencies. Since the
22 Debtors do not have the ability to quickly or cost-effectively replace their employees who provide
23 vital medical and non-medical services on a daily basis, it is critical that the Debtors be allowed
24 to continue these benefits in order to retain their employees and maintain their business
25 operations to preserve the full value of their assets for the benefit of their creditors. Therefore, the
26 Court should include Benefits Providers as Critical Vendors.

27 178. I, along with the Debtors, am mindful of the Debtors' fiduciary obligations to seek
28 to preserve and maximize the value of their Bankruptcy Estate. To that end, the Debtors and their

advisors have engaged in an intense process of reviewing and analyzing the Debtors' books and records, consulting operations management and purchasing personnel, reviewing contracts and supply agreements, and analyzing applicable laws, regulations, and historical practices to identify business relationships—which, if lost, could materially harm the Debtors' patients, the Debtors' businesses, reduce their enterprise value, and/or impair their restructuring process—all in an effort to identify only those most critical vendors using their business judgment (the "Protocol"). Such Protocol is on-going; however, the amounts proposed to be paid to the Critical Vendors are already provided for in the Debtors' operating budget submitted in connection with the Debtors' Cash Collateral Motion.

179. Indeed, during the Protocol process, the Debtors and I have deemed certain vendors as critical because each of these Critical Vendors meets the following criteria: (a) the vendor is essential to patient care, supports maintaining the Debtors' business in full compliance with California's Title XII requirements for operating general acute care hospitals in the state of California, and allows the Debtors to maintain their business postpetition until reorganization and/or sale of the Debtors' assets for the benefit of creditors; (b) the vendor is indispensable for providing vital goods or services, replacing said vendor would be prohibitively expensive, or said vendor is otherwise critical to prevent the diversion of management and key personnel to solicit other vendors to provide comparable goods or services and to prevent other unnecessary distraction during the extensive transitional period; (c) the vendor holds an unpaid prepetition claim for the provision of goods or services; (d) the vendor will refuse to deliver goods or provide services without payment of the prepetition claim and the automatic stay imposed by section 362(a) will be inadequate to address the issue; (e) cash on delivery is unlikely to provide the requisite incentive for the vendor to continue providing goods or services; (f) the Debtors lack a long-term contractual relationship with the vendor that would oblige the vendor to continue the prepetition relationship, and the Debtors are otherwise without adequate leverage to compel performance on commercially reasonable terms; and (g) the Debtors will suffer immediate and irreparable harm if the vendor is not specially incentivized to continue providing goods or services. The Debtors will use commercially reasonable efforts to require the vendor to sign a

1 postpetition agreement with normalized terms and conditions that contractually bind the vendor to
2 continue providing goods and services postpetition.

3 I declare under penalty of perjury that, to the best of my knowledge and after reasonable
4 inquiry, the foregoing is true and correct.

³ The Modified CBAs (as defined in the Motion) are not attached to the Motion because they are SGM’s confidential, proprietary information and trade secrets. Upon request and execution of a confidentiality agreement, the Debtors will make the Modified CBAs available to proper requesting parties.

21, 2020, and (iii) modified SMC Local Contract 2016-2020 between CNA and SMC effective December 22, 2016-December 21, 2020;

- the “Local 20 Settlement Agreement” (attached hereto as **Exhibit 2**), between SMC and IFPTE AFL-CIO CLC, Local 20 (“Local 20”), which, in turn, seeks, *inter alia*, approval of the assumption and assignment to SGM effective upon Closing, of a modified Collective Bargaining Agreement between Local 20 and SMC, effective May 1, 2017-April 30, 2020;
- the “NUHW Settlement Agreement,” (attached hereto as **Exhibit 3**), between SMC and the National Union of Healthcare Workers (“NUHW”), which, in turn, seeks, *inter alia*, approval of the assumption and assignment to NUHW effective upon Closing, of a modified Collective Bargaining Agreement between NUHW and SMC and SMC-Coastside, effective November 1, 2016-October 31, 2019;
- the “SEIU Settlement Agreement” (attached hereto as **Exhibit 4**), between the Debtors SVMC and St. Francis Medical Center (“SFMC”) and the Service Employees International Union, United Healthcare Workers-West (“SEIU”), which, in turn, seeks, *inter alia*, the assumption and assignment to SEIU effective upon Closing of a modified Collective Bargaining Agreement between SEIU and SFMC and SVMC, effective May 1, 2017-April 30, 2020;
- the “UNAC Settlement Agreement” (attached hereto as **Exhibit 5**), between the SFMC and the United Nurses Associations of California/Union of Health Care Professionals (“UNAC,” and referred to along with CNA Local 20, NUHW and SEIU as the “Unions”), which, in turn, seeks, *inter alia*, approval of the assumption and assignment to SGM effective upon Closing of a modified Labor Management Collective Bargaining Agreement effective from December 29, 2017 to December 29, 2021;

MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

Verity Health System Of California, Inc. (“VHS”), and the above-referenced affiliated debtors and debtors in possession in the above captioned chapter 11 bankruptcy cases (collectively, the “Debtors”) move, pursuant to §§ 105, 363, 365, and 1113 and 1114 of the Bankruptcy Code¹ and Rules 6006, 9007, 9014 and 9019, for the entry of an order (i) approving settlement agreements (collectively, the “Settlement Agreements”) between the Debtors and those labor unions who are parties to prepetition collective bargaining agreements (“CBAs”), which will be modified, assumed and assigned effective upon the Closing² of the Sale to Strategic Global Management, Inc. (“SGM”), and (ii) approving related relief including the *nunc pro tunc* termination of retiree healthcare benefits utilized by for approximately eleven (11) individuals represented by certain of these unions and one non-union represented individual (collectively, the “Current Retirees” and each individually a “Current Retiree”).

More specifically, the Debtors seek approval of the following agreements and related relief applicable to the CBAs that is conditioned upon the Closing of the Sale to SGM under that Asset Purchase Agreement [Docket No. 2305] dated January 8, 2019 (the “APA”):

- the “CNA Settlement Agreement” (attached hereto as **Exhibit 1**) between SVMC/SMC and the California Nurses Association (“CNA”), which, in turn, seeks, inter alia, approval of the assumption and assignment to SGM effective upon Closing of the (i) modified CNAMaster Agreement between CNA and SVMC/SMC, effective December 22, 2016 to December 21, 2020 (the “CNA Master CBA”),³ (ii) modified SVMC Local Contract 2016-2020

¹ Unless otherwise indicated, all chapter and section references are to the Bankruptcy Code, 11 U.S.C. §§ 101-1532. All “Rule” references are to the Federal Rules of Bankruptcy Procedure. All “LBR” references are to the Local Bankruptcy Rules for the United States Bankruptcy Court for the Central District of California.

² All capitalized terms not defined herein have the meaning ascribed to them in the *Debtors’ Emergency Motion for the Entry of an Order: (I) Enforcing the Order Authorizing the Sale to Strategic Global Management, Inc.; (II) Finding that the Sale is Free and Clear of Conditions Materially Different than those Approved by the Court; (III) Finding that the Attorney General Abused His Discretion in Imposing Conditions on that Sale and (IV) Granting Related Relief; Memorandum of Points and Authorities and Declaration in Support Thereof* [Docket No. 3188] unless otherwise noted.

³ e Modified CBAs (as defined *infra*) are not attached to the Motion because they are SGM’s confidential, proprietary information and trade secrets. Upon request and execution of a confidentiality agreement, the Debtors will make the Modified CBAs available to proper requesting parties.

1 between CNA and St. Vincent Medical Center (“SVMC”) effective December 22, 2016 to
2 December 21, 2020 (the “CNA SVMC CBA”), and (iii) modified SMC Local Contract 2016-2020
3 between CNA and Seton Medical Center (“SMC”) effective December 22, 2016-December 21,

5 CBA as the “CNA CBAs”);

6 • the “Local 20 Settlement Agreement” (attached hereto as **Exhibit 2**), between SMC
7 and IFPTE AFL-CIO CLC, Local 20 (“Local 20”), which, in turn, seeks, inter alia, approval of the
8 assumption and assignment to SGM effective upon Closing, of a modified Collective Bargaining
9 Agreement between Local 20 and SMC, effective May 1, 2017 to April 30, 2020 (the “Local 20
10 CBA”);

11 • the “NUHW Settlement Agreement,” (attached hereto as **Exhibit 3**), between SMC
12 and the National Union of Healthcare Workers (“NUHW”), which, in turn, seeks, inter alia,
13 approval of the assumption and assignment to NUHW effective upon Closing, of a modified
14 Collective Bargaining Agreement between NUHW and SMC and SMC-Coastside (“SC”), effective
15 November 1, 2016 to October 31, 2019 (the “NUHW CBA”);

16 • the “SEIU Settlement Agreement” (attached hereto as **Exhibit 4**), between
17 SVMC/SFMC and the Service Employees International Union, United Healthcare Workers-West
18 (“SEIU”), which, in turn, seeks, inter alia, the assumption and assignment to SEIU effective upon
19 Closing of a modified Collective Bargaining Agreement between SEIU and SFMC and SVMC,
20 effective May 1, 2017 to April 30, 2020 (the “SEIU CBA”);

21 • the “UNAC Settlement Agreement” (attached hereto as **Exhibit 5**), between SFMC
22 and the United Nurses Associations of California/Union of Health Care Professionals (“UNAC,”

1 *tunc* to the date of the Settlement Agreements of all “retiree benefits,” as defined under § 1114
2 which, in this case includes the program that permits retirees who elect, within a set period of time,
3 a supplement to purchase Debtor-provided healthcare (the “Retiree Healthcare Program”); and will
4 provide to the 11 current retirees who are receiving benefits under the Retiree Healthcare Program
5 (the “Retiree Health Benefits”) a one-time payment equal to the value of those payment
6 supplements in the amount set forth on the schedule attached hereto as **Exhibit 6**;⁴ and

- 7 • discrete issues between the Debtors and the respective Unions.

8 The requested relief is required because (a) the Debtors are selling their assets in chapter
9 11, and will, at the end of the process, no longer operate hospitals, (b) after a thorough marketing
10 process (the “Marketing Process”), no bidder (other than SGM) emerged seeking to acquire the
11 cumulative assets of SMC, SC, SVMC, SFMC, and St. Vincent Dialysis Center (together, the
12 “Hospitals”), (c) as of the Closing, the Debtors will no longer employ the employees currently
13 represented by the Unions at the Hospitals (though SGM will provisionally employ qualified
14 employees as of the Closing Date according to § 5.3 of the APA), (d) the Debtors need to settle and
15 terminate their retiree benefit liability to confirm a plan, and (e) acting through the process codified
16 in §§ 1113 and 1114 and Rule 9019 and structured under §§ 4.7 and 5.11 of the APA, the parties
17 have entered into a reasonable compromise to preserve going-forward unionized jobs, compensate
18 employees and preserve and maximize estate assets.

19 Relief is justified under §§ 105, 363, 365, 1113 and 1114 and Rule 9019. Without this
20 relief, the Debtors’ employees, the SGM Sale, and the prospect of confirming a successful Plan of
21 Liquidation [Docket No. 2993] (the “Plan”) will be imperiled. Congress passed §§ 1113 and 1114
22 to allow for unions and debtors to expediently collectively bargain for modifications to a CBA, and
23 the Debtors and the Unions (in conjunction with SGM) have fulfilled this goal.

24 For these and other reasons addressed below, the Court should grant all of the relief
25 requested in the Motion.

identified so applicable retirees may identify themselves.

7 11. In connection with the previous sale of assets to Santa Clara County, the Debtors
8 obtained final orders [Docket Nos. 1575, 1576, 1577 and 1578] (the “SCC Rejection Orders”)
9 modifying and rejecting (the “SCC Rejection”) CBAs with Local 20, CNA, and SEIU covering
10 OCH and St. Louise Regional Hospital (“SLRH”) upon the closing of sale of these assets to Santa
11 Clara County (“SCC,” and the “SCC Sale,” respectively); *see also* Docket No. 1541 (tentative
12 decision/memorandum for SCC Rejection Orders) (the “Prior 1113 Decision”).⁶

13 **C. The Retiree Benefits**

14 12. There are 11 Current Retirees, 10 represented by Unions and one Current Retiree
15 who is not represented and who are receiving Retiree Healthcare Benefits under the Retiree
16 Healthcare Program. *See* Exhibit 6.

17 **D. The Unions’ Proofs Of Claim**

18 13. CNA has filed eleven proofs of claim in these cases: (claim nos. 6233, 6247, 6249,
19 6250, 6251, 6336, 6340, 6342, 6350, 6359 and 7847) against the Debtors (the “CNA Claim”). The
20 CNA Claim seeks pre-petition pension contributions, severance payments, grievances and rejection
21 damages.

22 14. Local 20 has filed a proof of claim in these cases (claim no. 5169) (the “Local 20
23 Claim”) against VHS. The Local 20 Claim seeks paid time off (“PTO”), extended sick leave,

24 _____
25 ⁶ The SCC Rejection Orders approved the SCC Rejection through the two mechanisms: (i) a contested full rejection
26 and termination of collective bargaining agreement terms with CNA and SEIU for their collective bargaining
27 agreements covering OCH and SLRH [Docket Nos. 1577; 1578] and approval of two stipulations between the Debtors
28 and Local 20 and the Debtors and the California Licensed Vocational Nurses Association (“CLVNA”) [Docket Nos.
1575; 15776] entered into under § 1113(2) (the “SCC Stipulations”). In the SCC Stipulations, the parties agreed to the
rejection of the collective bargaining agreements with OCH and SLRH, reserved rights regarding the filing of claims
and objections to same, agreed that allowed Paid Time Off (“PTO”) would be treated as administrative expenses or
unsecured claims depending on its accrual date, and agreed that employees not re-hired by SCC would be entitled to
severance.

1 severance payments, and retiree benefits.

2 15. NUHW has not filed any proof of claim in these cases.

3 16. SEIU has filed fourteen proofs of claims in these cases: (claim nos. 4718, 4719,
4 4722, 4723, 4725, 4726, 5117, 5137, 5140, 5150, 5160, 5158, 6186, 6221) against the Debtors (the
5 “SEIU Claim”). The SEIU Claim seeks, *et. al.*, pre-petition pension contributions, severance
6 payments, grievances and rejection damages.

7 17. UNAC has filed fourteen proofs of claims in these cases (claim nos. 5911, 5912,
8 5913, 5917, 5918, 5920, 5925, 5927, 5928, 5931, 5932, 5933, 5934 and 5936) against the Debtors
9 (together, the “UNAC Claim”) (together the CNA Claim, Local 20 Claim, and the SEIU Claim are
10 referred to as the “Proofs of Claims”). The UNAC Claim seeks, *et. al.*, pre-petition pension
11 contributions, severance payments, grievances and rejection damages.

12 **E. The Debtors’ Pre-SGM Sale Efforts and Sale to SCC**

13 18. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and
14 sell their assets. In June 2018, the Debtor engaged Cain Brothers, a division of KeyBanc Capital
15 Markets (“Cain”), to identify potential buyers of the hospitals and related assets and commenced
16 discussions with those potential buyers. First-Day Declaration, at 34, ¶ 128.

17 19. Cain prepared a Confidential Investment Memorandum and organized an online
18 data site to share information with potential buyers and contacted over 110 strategic and financial
19 buyers beginning in July 2018 to solicit their interest in exploring a transaction regarding the
20 Debtors and has advanced significantly towards achieving sales. First-Day Declaration, at 34-35 ¶
21 129; Moloney Declaration at ¶ 4.

22 20. By August 2018, as a result of its ongoing and broad marketing process, Cain had
23 received 11 Indications of Interest (“IOI”), and continued to develop potential sales. First-Day
24 Declaration, at 35, ¶ 130; Moloney Declaration at ¶ 5.

25 21. From the Petition Date, the Debtors’ objective has been to sell substantially all of
26 its assets as going concerns to maximize recovery to creditors while maintaining healthcare in their
27 communities. First-Day Declaration at 25, ¶ 96

28 22. On December 27, 2018, the Court entered the *Order (A) Authorizing the Sale of*

6 closing costs and other items, the net remaining proceeds were approximately \$184.38 million,
7 which are held in four sale proceeds account. An additional \$23.35 million is held in escrow (the
8 "Post-Closing Escrow") by First American Title Insurance Company, the escrow agent. The Post-
9 Closing Escrow was established pursuant to the terms of the SCC APA, as security for the Debtors'
10 post-closing obligations and expires in February 2020.

11 **F. The SGM Sale Process And SGM APA**

12 24. On January 17, 2019, the Debtors filed a motion [Docket No. 1279]⁷ seeking entry
13 of an order (the "Bidding Procedures Motion"): (a) establishing SGM as the stalking horse bidder
14 for the Purchased Assets (as defined in the APA), including SFMC, SVMC and SMC; (b) approving
15 the form of the APA with SGM as a stalking horse bidder for this transaction; (c) setting bid
16 procedures to establish guidelines for parties interesting in making an overbid; (d) setting an auction
17 to be held if necessary; and (e) setting a hearing for the Court to approve the winning bidder.

18 25. The APA was the result of extensive negotiations between the Debtors and SGM.
19 Moloney Declaration at ¶ 7. SGM submitted a stalking-horse bid for \$610 million (\$420 million
20 allocated to St. Francis Medical Center, \$120 million allocated to St. Vincent Medical Center and
21 \$70 million allocated to Seton Medical Center and Seton Coastsides combined), plus payments of
22 cure costs, as set forth therein. *See generally*, APA.

23 26. The Debtors sought approval of the APA because, among other things, (i) SGM's
24 bid represented fair market value, and (ii) SGM would maintain the healthcare characteristics of

the Debtors' Hospitals and continue patient care for the communities served by the Hospitals. First-Day Declaration at 25, ¶ 97 ("The goals of the Debtors' restructuring are to maintain the Debtors' business operations; preserve the going-concern value of the Debtors' businesses, its stakeholders, and parties in interest; and, most importantly, to protect the health and wellbeing of the patients who are treated at the Hospitals and the jobs of the Debtors' approximately 7,000 employees.").

27. On February 19, 2019, the Court granted the Bidding Procedures Motion (the "Bidding Procedures Order") [Docket No. 1572].

28. Under the APA, SGM agreed to the following terms with respect to hiring employees:

(a) Purchaser agrees to make offers of employment, effective as of the Effective Time, to substantially all persons (whether such persons are full time employees, part-time employees, on short-term or long-term disability or on leave of absence, military leave or workers compensation leave) (the "**Hospital Employees**") who, immediately prior to the Effective Time are: (i) employees of any Seller; (ii) employees of any affiliate of any Seller which employs individuals at the Hospital and are listed on Schedule 5.3; or (iii) employed by an affiliate of any Seller and are listed on Schedule 5.3. For the avoidance of doubt, the Hospital Employees shall not include any employees of Verity or any other affiliate of Seller unless such individual is listed on Schedule 5.3. Any of the Hospital Employees who accept an offer of employment with Purchaser as of or after the Effective Time shall be referred to in this Agreement as the "**Hired Employees**." All employees who are Hired Employees shall cease to be employees of the applicable Seller or its affiliates as of the Effective Time.

(b) Purchaser shall give all Hired Employees full credit for paid time off pay to such employees as of the Closing Date by crediting such employees the time off reflected in the employment records of the applicable Seller and/or any of its affiliates immediately prior to the Effective Time, subject to compliance with applicable law and regulation, including consent of such employees if required.

APA at § 5.3(a) & (b) (with § 5.3 of the APA as the "Hiring Clause"). The Hiring Clause is subject in all respects to any other terms and conditions of the APA.

29. The APA also provided that SGM and the Debtors would work with the Unions to effectuate a transfer of CBAs with modifications sought by SGM:

4.7 Contract With Unions. Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonable requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonable withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, or to conclude a successor collective bargaining agreement shall not be a breach of Sellers' obligation under this Agreement, provided that if the unions refuse to negotiate, or otherwise are not timely, reasonable or realistic in renegotiating, the collective bargaining agreements during the period between the Signing Date and the Closing Date, Sellers and Purchaser will jointly consider, and negotiate mutually in good faith, alternative approaches that may be available and/or necessary to reduce Sellers' labor cost structure, including, but not limited to, seeking to reject the collective bargaining agreement(s).

Representatives of Sellers who are parties to collective bargaining agreements and Purchaser shall meet and confer from time to time as reasonably requested by either party to discuss strategic business options and alternative approaches in negotiating each collective bargaining agreement. The applicable Sellers and Purchaser shall each participate in all union negotiations related to any specific collective bargaining agreement. Promptly following the Signing Date, applicable Sellers shall use commercially reasonable efforts to initiate discussions with Purchaser and conduct discussions to renegotiate each collective bargaining agreement currently in effect with each applicable union. The applicable Sellers will not unreasonably withhold, condition or delay approval or implementation of any successfully renegotiated collective bargaining agreement to be assumed by Purchaser. The parties recognize that an applicable Seller's failure to secure a modification to any collective bargaining agreement, obligation under this Agreement. In addition, Sellers may, in their direction, seek to reject any or all of the collective bargaining agreement(s).

APA at §§ 4.7 and 5.11 (together, the "APA CBA Provisions").

30. Pursuant to the requirement of the Bidding Procedures Order, the Debtors continued

1 to market the Hospitals and related assets through Cain. Cain vigilantly monitored interest and
2 continued to communicate with parties that had expressed interest and that Cain had identified as
3 potential bidders, either as partial or aggregate bidders. Moloney Declaration at 1-3. However, no
4 Potential Bidder expressed interest in assuming in whole or in part, the CBAs. Moloney
5 Declaration at ¶ 13. As a result, no auction was conducted, and SGM was accepted as the winning
6 bidder. Docket No. 2035.

7 31. On May 2, 2019 the Bankruptcy Court entered an order approving the Sale to SGM.
8 Docket No. 2306.

9 **G. The Union § 1113 CBA Modification And § 1114 Retiree Healthcare Benefit**
10 **Termination Process**

11 32. After approval of the SGM Sale, the Debtors, SGM and Unions negotiated the
12 ultimate terms of the Settlement Agreements (the “Negotiations”) through a series of meetings and
13 exchanges with the Unions (the “Meetings”). The process began on February 1, 2019, when the
14 Debtors delivered to each of the Unions a proposal under § 1113 and, as applicable, § 1114
15 (collectively, the “First Proposals”).⁸ The First Proposals noted that SGM was amenable to
16 assuming existing CBAs, provided they were modified to comport with similar collective
17 bargaining arrangements that covered other facilities owned and operated by SGM. The First
18 Proposals further represented that the Debtors “stood ready” to discuss with the Unions any
19 counter-proposal and that the Debtors were “open to receive and consider all comments, concerns
20 and any counterproposals from [the Unions]” and told the Unions that “if you desire any specific,
21 relevant information, do not hesitate to ask for it.” None of the Unions submitted counter-proposals
22 to the Debtors. Declaration of Richard G. Adcock (“Adcock Declaration”) at ¶ 9.

23 33. After conducting discussions with SGM as to what it wished to modify with respect
24 to the CBAs, the Debtors and SGM then began to directly engage each of the Unions and provide
25 each Union with amended proposals, including proposed modified CBAs in redline form
26 (collectively, the “Amended Proposals”). *Id.* Specifically,

H. The Settlement Agreements

36. Each Settlement Agreement incorporates modified versions of the applicable Unions' CBA or CBAs (the "Modified CBAs," or, individually each a "Modified CBA") which are to be modified under § 1113 and, as applicable § 1114 (the "Modification"). Through the Motion, the Debtors agree to assume and assign the CBA or CBAs (as modified under the Modified CBAs) to SGM (the "Assumption and Assignment"), which the Unions agree to not oppose (which process is defined in the Settlement Agreements and herein as the "Agreed Outcome").⁹ The parties reached the Settlement Agreement so that the SGM Sale is economically viable for SGM and the Debtors, while also providing just treatment for the Debtors' employees, including the Represented Employees. *See* Adcock Declaration at ¶ 12.

37. As a part of the Agreed Outcome, the Unions preserve their rights and remedies against SGM in connection with post-Closing operations, with SGM solely responsible for all post-closing obligations under the Modified CBAs.¹⁰

38. Likewise, under the Settlement Agreements, the Debtors: (a) will not have any liability or obligation to perform under the CBAs or Modified CBAs with respect to post-Closing activity; (b) shall in no way be liable for or otherwise responsible for any "cure" obligations independent of any Union claims that may be expressly preserved under the Settlement Agreements; and (c) shall in no way be liable for or otherwise responsible for any nonperformance or violation by SGM or any of its affiliates arising at any time.¹¹

39. The Settlement Agreements provide the following treatment of Unions claims:

- a. an allowed claim for PTO for each employee who is not offered a job with SGM's applicable acquiring and operating entity (the "Operator"), will be granted, under the "accrual method" (meaning the amount earned (in this case as to PTO) and yet unpaid or used: 1) on or after August 31, 2018, will be granted administrative status; 2) between March 4, 2018 to August 30, 2018, will be granted priority claim status

⁹ Settlement Agreements at § 3. The Settlement Agreements are substantially similar. For avoidance of doubt, the Settlement Agreement used for "Settlement Agreements at [##]" cites herein is the CNA Settlement Agreement. When there is such a citation, all Settlement Agreements will contain such a term.

¹⁰ Settlement Agreements at §§ 3; 4.

¹¹ Settlement Agreements at § 6.

b. an allowed claim for severance for each employee who is not offered a job by the Operator no later than the Closing, will be calculated under the “accrual method.” The administrative and priority claim portions will be paid within 30 business days of the Effective Date,¹³ provided further, that payment of severance to an employee is contingent on that employee executing a written general release;¹⁴

d. any grievance claim of an employee not settled as of the Effective Date will be treated in accordance with the treatment of claims and administrative expenses under the terms of the Plan. The parties agree to work with the Operator in the event that the remedy is or includes reinstatement of the employee post-Closing (the Unions' claims and rights expressly preserved in the Settlement Agreement relating to the CBAs are the "Preserved Claims");¹⁶ and

¹² Settlement Agreements at § 7(a).

¹³ Defined in the Plan as “a day, as determined by the Debtors, that is a Business Day as soon as reasonably practicable after all conditions to the Effective Date specified in Section 12.2 hereof have been satisfied or waived.”

¹⁴ Settlement Agreements at §§ 7(b).

¹⁵ Settlement Agreements at § 7(d).

¹⁶ Settlement Agreements at § 7(c).

¹⁷ Settlement Agreements at § 7(f).

40. The Settlement Agreements are conditioned upon the Closing, with a purchase price that is not materially less than APA's purchase price.¹⁸

41. The Unions agreed to withdraw any outstanding applicable information requests.¹⁹

42. In the applicable Settlement Agreements, the parties have also agreed under § 1114 with respect to the Retiree Health Benefits, that:

a. Subject to this subparagraph (c), the Unions agreed that the CBAs are to be deemed automatically modified to immediately terminate and discontinue the Retiree Health Benefit under § 1114;²⁰

b. The Unions agreed to further support the termination and discontinuation of the Retiree Health Benefit with respect to all current and former employees, including any relief sought under or in accordance with § 1114;²¹ and

c. The Debtors agreed to seek approval of a one-time payment to each Retiree equal to the present value of each Retiree's Health Benefit, (the "Lump Sum Payment") (subparagraphs a-c are the "1114 Agreements").²²

43. The Unions agreed not to oppose the "to not oppose the prompt Closing of the [SGM] Sale"²³ and to support "any Plan of the Debtors that does not contradict the material terms of this Agreement."²⁴

44. The CNA and SEIU Settlement Agreements include provisions allowing their employees who were not hired by SCC to obtain severance, giving them the same treatment that the Local 20 and CLVNA employees received in the SCC Stipulations.²⁵

45. CNA and SEIU also agreed to affirmatively support the SGM Sale in writing to the AG, and did so by writing letters in support of the SGM Sale in the context of the AG's pending review of the SGM Sale under California law.²⁶

I. Related Relief for the One Non-Union Current Retiree Who Receives Retiree Health Care Benefits

46. The Debtors will also pay the only Current Retiree not represented by one of the Unions the value of their retiree benefits in cash under the same methodology provided to the Union-represented Current Retirees. The amount to be paid is reflected on Exhibit 6. Adcock Declaration at ¶ 13.

J. The Plan

47. On September 3, 2019, the Debtors filed their Plan and their related disclosure statement. *See Debtors' Chapter 11 Plan of Liquidation* [Docket No. 2993]; *Disclosure Statement Describing Debtors' Chapter 11 Plan of Liquidation* [Docket No. 2994] (the "Disclosure Statement"). The Plan states that "Prior to the Effective Date [of the Plan (the "Effective Date,")] the Debtors expect to receive approval for either the consensual or, pursuant to § 1113, the nonconsensual modification, assignment and/or termination of collective bargaining agreements." Plan at ¶ 15.2.

48. On September 11, 2019, the Court entered an order extending the exclusive period that the Debtors can file and solicit votes on a plan to October 25, 2019 and solicit acceptances to December 24, 2019. Docket No. 3039. On October 25, 2019, the Debtors filed a motion [Docket No. 3417] seeking to extend these deadlines, respectively, to December 31, 2019 and February 29, 2020.

IV. ARGUMENT

A. The Settlement Agreement Should Be Approved Under §§ 365, 1113 And 1114

In *PTC Alliance Corp., et. al.*, Case No. 09-13395-CSS ("PTC") (Bankr. D. Del.), the Bankruptcy Court for the District of Delaware approved a transaction between the debtor, a union and a buyer for the modification and assumption of a CBA *solely under the auspices of §§ 365 (for the assumption and the assignment), 1114 (to resolve retiree benefits) and 1113 (for the remaining relief)*. The debtor modified collective bargaining agreements as requested by a buyer and agreed to by the union, and then assumed and assigned the collective bargaining agreements upon the closing of a previously approved sale. The modifications included a new wage scale, new

1 bonus structure, the termination of the pension plan, and with a one-time lump sum payment made
2 to a 401(k) plan. *PTC*, Docket No. 869 (order attached as **Exhibit 7-A**, with a sample approved
3 modification agreement, *PTC*, Docket No. 847-1 attached as **Exhibit 7-B**). The modification was
4 achieved through written memorandums of understanding that the previous clauses of the CBAs
5 would continue to be binding on the purchaser, except as modified in the memorandum. *Id.* (the
6 union, buyer and debtor “hereby agree to a new [collective bargaining agreement] which ... shall
7 become effective conditioned upon and on the date of the closing of the sale [and] will be identical
8 to the current labor agreement ... except for appropriate changes in dates and the changes set forth
9 below [then listing modifications]”).

10 Following the example of the successfully approved *PTC* transaction, the Debtors request
11 that this Court implement the Settlement Agreements under §§ 365, 1113 and 1114, effective upon
12 the Closing.

13 a. **§§ 1113 and 1114 Grant the Court with Authority to Approve the Settlement**
14 **Agreements And Related Relief**

15 The Debtors move to implement the Modification and applicable portions of the Settlement
16 Agreements under §§ 1113 and § 1114, because, as courts recognize, these statutes (interpreted
17 interchangeably due to their overlapping language and standards)²⁷ allow mutually agreed
18 modification of CBAs, and “consistent with [the statutes] the parties [the debtor and a union] should
19 have every opportunity to come to an agreement themselves.” *In re Nw. Airlines Corp.*, 346 B.R.
20 307, 315 (Bankr. S.D.N.Y. 2006) (authorizing debtor to institute new terms and conditions of
21 employment as in proposal union had previously agreed to unless debtor and union agreed to
22 alternative deal within two weeks). As explained by another Bankruptcy Court in this District, §
23 1113 (and § 1114) codified an “expedited form of collective bargaining” to allow unions and
24 debtors to enter into settlements in distressed situations with a primary goal to “to protect the
25 existence of collective bargaining agreements in chapter 11 cases.” *In re Certified Air Techs., Inc.*,
26 300 B.R. 355, 361 (Bankr. C.D. Cal. 2003) (citations omitted). Here, the parties have engaged in

27 *In re Walter Energy, Inc.*, 911 F.3d 1121, 1129 n. 8, 39 (11th Cir. 2018), (“As we mentioned above Congress modeled § 1114 on § 1113, see *supra* note 8, so cases interpreting § 1113 are relevant to our understanding of § 1114.”).

1 the vigorous, expedited collective bargaining that §§ 1113 and 1114 was designed to engender and
2 have arrived at the equitable and necessary Modified CBAs and the Settlement Agreements.

3 **b. No Party other than the Debtors, the Unions or SGM has Standing to Object**
4 **to the CBA Modifications**

5 Sections 1113(d)(1) and 1114(k)(1) proscribe that only “interested parties” may participate
6 and appear at a hearing on a motion under the statutes. *In re UAL Corp.*, 408 F.3d 847, 849 (7th
7 Cir. 2005). Precedent holds that this group is limited to the unions, the debtor(s) and guarantors.
8 The §§ 1113/1114 process is not an open inquiry for third parties to pick at a transaction, because
9 the statutes are “designed to provide additional procedural requirements for the **rejection or**
10 **modification** of collective bargaining agreements [and] supersedes and supplements the provisions
11 in § 365.” *Massachusetts Air Conditioning & Heating Corp. v. McCoy*, 196 B.R. 659, 663 (D.
12 Mass. 1996). Congress placed special consideration on protecting collective bargaining and gave
13 debtors and unions the exclusive power to come to a consensual agreement to be approved on a
14 highly expedited basis, without third-party procedural interference. *Cf.* 11 U.S.C. § 1113(d)(2)
15 (court must rule 30 days after hearing or relief is deemed granted); § 1114(k)(2) (court must rule
16 90 days after hearing or relief is deemed granted).

17 For instance, in the leading Seventh Circuit *In re UAL* decision, third parties sought to
18 participate in § 1113 litigation because of their “concern that [the debtor] and the union may reach
19 a compromise” that would adversely affect them. 408 F.3d at 849. The Seventh Circuit denied
20 their participation:

21 The term “interested party” in Section 1113 “is most naturally read
22 to mean ‘party to the collective bargaining agreement’ or a guarantor
23 of that contract... the union acts as the employees' representative;
24 without the limitation, **every retiree would receive separate notice**
25 **and an opportunity to be heard; tax collectors, unsecured creditors**
26 **that might gain if the debtor altered its obligations to labor—the**
27 **list would go on and on” ... It is not hard to see the reasoning for**
28 **such a rule in the Section 1113 context ... a court [should not] hand**
...groups a potential veto over the ability for a debtor to enter into a
new collective bargaining agreement.

In re AMR Corp., 477 B.R. 384, 452 (Bankr. S.D.N.Y. 2012) (emphasis added) (following and
explaining *In re UAL Corp.*, 408 F.3d at 849). As further explained by the Seventh Circuit in a

1 follow-up decision, “[p]arties to a contract are always free to modify their contract without
2 considering the views of third parties, and [the debtor] and [the union] were the only parties to the
3 collective bargaining agreement ... [and, as] only “interested parties” may participate in a [§ 1113]
4 hearing on the debtor's proposal [under] 11 U.S.C. § 1113(d)(1), [this] means only the parties to
5 the agreement or a guarantor of it.” *In re UAL Corp.*, 468 F.3d 456, 459 (7th Cir. 2006)”
6 (emphasis added).

7 Here, the Debtors and the Unions are in agreement as to the Modification and the Settlement
8 Agreements, and no other party has standing to object.²⁸ The Court should approve the
9 Modification because the Unions and the Debtors have fulfilled the policy goal of §§ 1113 and
10 1114 of expediently entering into the new Modified CBAs during a bankruptcy.

11 **c. The Debtors have met the Test for Modification under §§ 1113 and 1114**

12 The Prior 1113 Decision described the test for modification or rejection of a CBA, as
13 originally articulated in *In re Am. Provision Co.*, 44 B.R. 907, 910 (Bankr. D. Minn. 1984), for
14 rejection of a CBA (the “1113/1114 Test”). This test applies to both §§ 1113 and 1114, because
15 “the statutory requirements for modification of retiree benefits are...substantially the same as the
16 requirements for rejection of collective bargaining agreements, [and] courts routinely analyze
17 motions for relief under Sections 1113 and 1114 simultaneously.” *United Mine Workers of Am.*
18 *1974 Pension Plan & Tr. v. Walter Energy, Inc.*, 579 B.R. 603, 608 (N.D. Ala. 2016), aff’d sub
19 nom. *In re Walter Energy, Inc.*, 911 F.3d 1121 (11th Cir. 2018) (citations omitted).

20 This 1113/1114 Test contains the following factors: (1) the debtors make a proposal; (2) the
21 proposal is based on the most complete and reliable information available at the time of the
22 proposal; (3) the proposed modifications or rejection are necessary to permit reorganization of the
23 debtor; (4) the modifications assure that all creditors, the debtors, and all other affected parties are
24 treated fairly and equitably; (5) the debtors provide the union relevant information as is necessary
25 to evaluate the proposal; (6) the debtors meet at reasonable times with the union between the time
26 of the proposal and the time of the hearing; (7) the debtors negotiate with the union in good faith at

27
28

²⁸ SGM, as assignee, would have standing as a de facto guarantor, but SGM has agreed to the relevant relief.

1 these meetings; (8) the union has refused to accept such proposal without good cause; and (9) the
2 balance of equities clearly favors the relief.

3 Here, the Unions have agreed in the Settlement Agreements that the Debtors have met
4 factors (1), (5) & (6) and (7),²⁹ which are procedural factors that apply to meetings, discussions and
5 the adequacy of information sharing between a debtor and a union. Factor (8) is rendered moot
6 because the Unions have not “refused” the Amended Proposals, they have accepted them.

7 The Debtors will therefore analyze the remaining four substantive factors: (2) (proposal
8 made on good information); (3) (proposal necessary for cases); (4) (parties treated fairly); and (9)
9 (balance of equities favor relief) which concern the substantive effects of the Modification.

10 **d. The Amended Proposals were based on the Most Complete and Reliable**
11 **Information Available**

12 To satisfy this factor, “the debtor is simply required to gather the most complete information
13 available at the time and to base its proposal on the information it considers reliable.” *In re*
14 *Karykeion, Inc.*, 435 B.R. 663, 678 (Bankr. C.D. Cal. 2010). Here, the Debtors—unable to operate
15 the Hospitals without bankruptcy protection—made Amended Proposals (and Unions accepted
16 them) because the Marketing Process demonstrated that SGM is the only willing system buyer (and
17 offered the highest and best bid). SGM will not assume the CBAs without the Modification is
18 because the CBAs are not currently economically viable for the Hospitals. Prior 1113 Decision at
19 26 (“The unfortunate but undeniable reality is that the legacy cost structure imposed by the CBAs
20 is simply too great to permit the Hospitals to continue to sustainably operate.”).

21 The Proposals were based on current, complete and reliable information because the
22 Proposals were made shortly after SGM became the stalking horse bidder and then amended after
23 the Negotiations produced a result that treats labor and the claim fairly and allow the Hospitals to
24 become economically sustainable in the long-term instead of “kicking the can” for CBA issues.

25 **e. The Amended Proposals are Necessary to Permit a Successful Plan**
26 **Confirmation.**

27
28 ²⁹ All the Settlement Agreements contain provisions acknowledging that (i) the Debtors made a proposal (at 3), (ii) the
Unions do not have any outstanding informational requests (at ¶ 14), (iii) the Debtors met with the Unions to negotiate
and reached the Settlement Agreements (at 2-3) and (iv) the Debtors negotiated in good faith (at 2).

1 This Court has found that, “within the context of this [Verity] case, the term ‘necessary to
2 permit the reorganization of the debtor’ is best interpreted to mean ‘necessary to permit the Debtors
3 to confirm a liquidating plan.’” Prior 1113 Decision at 23. The Court explained:

4 This interpretation aligns most closely with the manner in which the
5 Debtors are prosecuting this case. ***From the outset, the Debtors have***
6 ***stated their intent to sell the six hospitals that they operate as going***
7 ***concerns, and use the proceeds from the sales to fund a plan of***
8 ***liquidation.*** This process is well underway. The Court has already
approved the sale of two of the Debtors’ hospitals to Santa Clara, and
recently approved bidding procedures pertaining to the auction of the
remaining four hospitals.

9 *Id.* (emphasis added). The Court then adopted the testimony of the Debtors’ CEO that explicitly
10 stated the closing of successful and timely sales of the Hospitals were necessary for the
11 confirmation of a liquidating plan:

12 Selling the hospitals on a going concern basis is necessary to
13 maximize proceeds to the estate. The Debtors’ operational
difficulties and mounting losses require that the hospitals be sold
14 quickly. In [the First-Day Declaration], the Debtors’ CEO Richard
Adcock testified that the hospital system was losing \$175 million
15 annually on a cash flow basis ...

16 *Id.* at 24 (citing First Day Declaration at ¶ 95) (“[T]he Debtors have commenced these chapter 11
17 cases to protect the original legacy of the Daughters of Charity to the maximum extent possible by
18 retiring debt incurred over the past 18 years and freeing the hospital facilities and work force to
19 continue to operate as hospitals under new ownership and leadership without the accumulated crisis
20 of the past. **To do that requires the bankruptcy court supervised sale of some or all of the**
21 **hospitals and related facilities.**”) (emphasis added)). The Court correctly found that, without the
22 orderly and “quick” sales of the hospitals, there would be no efficient and fair way for a distribution
23 to the various creditors in this case—lenders, vendors, employees etc. *Id.*

24 Here, the Negotiations, Meetings and the §§ 1113 and 1114 process produced a consensual,
25 productive result—the Debtors, the Unions and SGM negotiated a structure for the CBAs to remain,
26 but modified them to reflect economic reality, and agreed to similar terms this Court previously
27 approved in the SCC Stipulation regarding the Unions’ claim treatment. As the parties recognized,
28 with no bidder willing to assume the CBAs in full as-is, and with SGM only willing to accept

1 assignment of the Modified CBAs, the Settlement Agreements' terms are necessary. *In re Walter*
2 *Energy, Inc.*, 542 B.R. 859, 893-94 (Bankr. N.D. Ala. 2015)³⁰ ("if the sale(s) consummate and the
3 [businesses] are sold as a going-concern, Debtors' employees have the best chance of future
4 employment"); *In re Nat'l Forge Co.*, 289 B.R. at 810–11.

5 Relief is also necessary to limit the Debtors' potential liability and expenses. As the Court
6 found in the SCC Rejection, unchecked, the CBAs in this case would expose the Debtors to
7 "substantial" administrative claims from unions for an enterprise that the Debtors would neither be
8 operating nor wish to be operating, with the total of these administrative claims in excess of the
9 estimated funds available to pay *all* administrative claims. *Id.* at 24-25 (citing *Declaration of David*
10 *Galfus* [Docket 1507]);³¹ *see also In re Chicago Const. Specialties, Inc.*, 510 B.R. 205, 217-18
11 (Bankr. N.D. Ill. 2014). Waiting to reject as a part of a confirmed plan, when such plan
12 confirmation process may be protracted and the intermediate period results in accrual of
13 administrative obligations, would not be in the best interest of the Debtors' estate as a whole.")
14 (citations omitted). This Court summarized the immediate "necessity" best in its Prior 1113
15 Decision (at 26):

16 Here, the Debtors are in the process of selling the Hospitals ... and
17 will no longer operate the Hospitals once the sale has closed. As was
18 the case in *Chicago Const.*, it makes little sense to require the Debtors
to remain bound by CBAs that pertain to assets which they will no
longer operate.

19 **f. The Modification and Settlement Agreement Treat all Creditors, the Debtors,**
20 **and all of the Affected Parties Fairly and Equitably, and the Balance of the**
21 **Equities Favors the Requested Relief.**

22 This Court, in finding that the SCC Rejection treated parties fairly, found:

23 In sum, prior to seeking bankruptcy relief, the Debtors diligently
24 attempted to put their operations on a sound financial footing. **The**
25 **unfortunate but undeniable reality is that the legacy cost**
26 **structure imposed by the CBAs is simply too great to permit the**
27 **Hospitals to continue to sustainably operate.** This reality was
28 confirmed by the recent sales process ... Many parties have been
required to make sacrifices to permit continued operations of the

Hospitals. Under these circumstances, the proposed rejection and/or modification of the CBAs is fair and equitable.

Prior 1113 Decision at 26-27 (emphasis added). The Court also cited precedent that, in a sale context, this factor does not require that unions are paid in full or that all employees are re-hired or re-represented, and instead the inquiry is whether the debtor is placing a disproportionate burden on non-represented employees. *Id.* (citing *Walter Energy*, 542 B.R. at 892); *see also In re Nat'l Forge Co.*, 289 B.R. at 811.

The Settlement Agreements place no disproportionate burden on the Represented Employees or anyone else. Like the previously approved SCC Stipulation, the Settlement Agreements, in consideration for the Unions' cooperation and waivers, allow the Preserved Claims but disallow other claims that otherwise have no basis, especially if the CBAs had been rejected. *In re Nw. Appx. 64 (2d Cir. 2015). Further, the Debtors' proposal to eliminate other general and rejection damages also was fair and equitable as it was consistent with the Bankruptcy Code for a rejected CBA. *See In re Chicago Constr. Specialties, Inc.*, 510 B.R. at 222 (“[T]he Debtor's proposal to reject the CBA simply treats CBA claims [as they would be liquidated and disposed of under the Bankruptcy Code].”).³² The Settlement Agreements also provide waivers of any and all “cure claims” that might otherwise said to exist based upon a technical assumption of the CBAs.

³² The Debtors take no position on the ultimate recovery or rights of the Unions or the Represented Employees to these claims.

1 Further, the APA includes the Provisional Hiring Clause for SGM to provisionally employ
2 substantially all qualifying Represented Employees (who will then be covered under the Modified
3 CBAs). *In re Nat'l Forge Co.*, 289 B.R. 803 at 808–09 (“where, as here, the evidence establishes
4 that it is likely that some of the employees ‘may be employed by the successful buyer’ this supports
5 a finding of fair treatment to employees”); *see also In re Walter Energy, Inc.*, 542 B.R. at 867 (“The

8 **g. The 1114 Agreements and Lump Sum Payments are Necessary, Fair and**
9 **Equitable.**

10 Further, the 1114 Agreements and the Lump Sum Payment are fair and equitable because
11 they provide the Retirees the present value of their health benefits. By paying cash in full, the
12 Debtors do not prejudice the Retirees and act in accord with Congress’ intent in protecting
13 vulnerable retirees by giving them enhanced rights above unsecured creditors, such as requiring
14 that a debtor either resolve the retirees’ liability under § 1114 or continue to pay retiree benefits
15 after confirmation of a plan, *see* § 1129(a)(13)) and encouraging reorganizations by allowing
16 debtors to formulate plans and unburden themselves of long-term financial obligations. *In re Tower*
17 *Auto., Inc.*, 342 B.R. 158, 162 (Bankr. S.D.N.Y. 2006) (“the statute requires the parties to attempt
18 to come to an agreement on terms. General unsecured creditors have no such specific protection in
19 Chapter 11, either with respect to the process of bargaining or the substantive provisions of a plan

21 procedures, a plan must provide for the continuation of retiree benefits for the duration of the period
22 the debtor has obligated itself to provide such benefits” at an unmodified level . . . the Court has no
23 reason not to endorse a settlement that satisfies the Debtors’ principal goal, saving cash, while
24 affording significant protection for the rights that Congress required be preserved for the retirees.”)
25 (citations omitted); *see also In re Garfinckels, Inc.*, 124 B.R. 3, 4–5 (Bankr. D.D.C. 1991) (“There

until the Settlement Agreement becomes effective, under the Wage Order.

1 under § 1114(e)(1)(B) or a motion being granted under § 1114(g), from applying to those benefits
2 that have arisen before the agreement is reached or the motion has been granted.”).³⁴

3 **h. The Settlement Agreements will Allow the Hospitals to Continue to Operate**
4 **and Employ Represented Employees**

5 The Settlement Agreements are necessary to keep the Hospitals operating into the future
6 with Represented Employees. The results of the Marketing Process, with no third parties willing
7 to assume the CBAs “as is,” and the Debtors’ inability to operate the Hospitals outside of these
8 Cases, are not within the Debtors’ (or the Unions’) control. Neither a debtor, nor a union, may
9 “base its rejection of its only suitor[’s] [conditions] on a speculative white knight with greater
10 riches.” *In re Karykeion, Inc.*, 435 B.R. at 678. Here, SGM has made the best offer for the Hospitals
11 that will allow the Hospitals to remain open to continue their mission of providing high-quality
12 patient care, offer payment to creditors, and offer provisional the continued unionization and
13 employment of the bulk of the Represented Employees. The SGM Sale is the best possible option
14 for the Represented Employees, the Hospitals, and the communities they serve—and the Sale
15 hinges on the § 1113 and § 1114 relief the Debtors seek herein.

16 **i. Section 365 Permits the Assumption and Assignment**

17 As approved in *PTC*, immediately after the agreed Modification (complete with the
18 abrogation of existing liabilities under the CBAs (except for the Preserved Claims)) occurs, the
19 Debtors move for the Assumption and the Assignment of the Modified CBAs to SGM under § 365.

20 Section 365 applies to the Assumption and Assignment because “given the ambiguity in §
21 1113, § 365(b) ... governs the procedure for assumption [and assignment] of a CBA [and] in
22 comparable settings, the courts have so held.” *In re Family Snacks, Inc.*, 257 B.R. 884, 900 (B.A.P.
23 8th Cir. 2001) (following *Massachusetts Air Conditioning & Heating Corp.*, 196 B.R. at 663; *Am.*

26 ³⁴ Section 1114’s provision that a committee of retirees may sometimes be appointed (§ 1114(d)) is obviated because
27 eleven out of twelve of the Retirees are represented by unions who have agreed to be their authorized representative,
28 leaving an effective “committee of one,” of the remaining retiree who is being paid in full and in cash. See 11 U.S.C.
§ 1114(b)(1), (c) (labor union acts as authorized representative of retirees unless affirmatively opting out); see also *In*
re N. Am. Royalties, Inc., 276 B.R. 860, 862 (Bankr. E.D. Tenn. 2002) (the union may remain the authorized
representative even if it represents current employees and retirees).

2 *to Approve Compromise under Rule 9019* [Docket No. 2461, May 29, 2019] (approving
3 modification of agreements with Premier, Inc. and assumption and assignment therein).

4 “The propriety of a decision to assume or reject an unexpired [contract] (*i.e.*, whether the
5 motion to assume/reject should be approved by the court) normally is determined under the
6 deferential ‘business judgment’ test.” *In re Hertz*, 536 B.R. 434, 442 (Bankr. C.D. Cal. 2015)
7 (citing *In re Pomona Valley Med. Grp. Inc.*, 476 F.3d 665, 670 (9th Cir.2007)). “The court must
8 presume that the debtor [is acting] ‘prudently, on an informed basis, in good faith, and in the honest
9 belief that the action taken was in the best interests of the bankruptcy estate.’ The court should
10 approve the debtor’s decision unless it is ‘manifestly unreasonable that it could not be based on
11 sound business judgment, but only on bad faith, or whim or caprice.’ The primary question to
12 guide the court in deciding whether a debtor has properly exercised its business judgment is
13 ‘whether rejection would benefit the general unsecured creditors.’” *Id.* (citations omitted).

14 Here, the Debtors move for the Assumption and the Assignment (and the Settlement
15 Agreements as a whole) in good faith for the benefit of unsecured creditors (as discussed in detail,
16 *supra*). Without the Assumption and Assignment, the Sale would be imperiled or delayed, the
17 Debtors would risk losing the benefit of having \$610 million in hand, and, instead, would be
18 hampered with unwanted CBAs and illiquid assets.

19 **i. The Unions’ Consent is Dispositive**

20 The Unions have agreed that the Debtors have met § 365(b)(1)’s requirements that a debtor
21 “cure any existing defaults under such agreements ... and provide adequate assurance of future
22 performance under the contract or lease” under 11 U.S.C. § 365(b)(1) through the total
23 consideration of the Settlement Agreements. *In re Bowman*, 194 B.R. 227, 230 (Bankr. D. Ariz.
24 1995); *In re AEG Acquisition Corp.*, 127 B.R. 34, 44 (Bankr. C.D. Cal. 1991), *aff’d*, 161 B.R. 50
25 (B.A.P. 9th Cir. 1993). This obviates the need for any further analysis. As the only parties with
26 standing in this inquiry, the Unions’ consent is dispositive. *In re ANC Rental Corp., Inc.*, 277 B.R.
27 226, 231 (Bankr. D. Del. 2002) (third party did not have standing in § 365 inquiry) (“Section 365
28 is designed to protect the rights of parties with whom debtors have contractual relationships.”).

1 **ii. The Debtors have Met § 365(b)(1)’s Requirements**

2 The Debtors have cured priority and post-petition obligations by their Wage Order
3 payments. Regarding any alleged pre-petition arrears, the Modification, to the extent it does not
4 “cure amounts” through the Unions’ agreement, rejects and replaces the Debtors CBAs with the
5 Modified CBAs and therefore abrogates any pre-petition “rejection” damages. *Nw. Airlines Corp.*,
6 483 F.3d at 169–72 (2d Cir. 2007). So, any and all cure issues are satisfied, either through the
7 consideration given through the Settlement Agreement or the legal power of § 1113.

8 Regarding the second prong of § 365—adequate assurance of future performance—SGM
9 meets this requirement of providing an adequate assurance of future performance under the
10 Modified CBAs because it is a large, sophisticated healthcare company, with a \$610 million cash
11 investment, an obligation to provisionally hire all the Represented Employees, who dedicated
12 months to re-negotiating the Modified CBAs, and who was approved by this Court as an able-
13 steward and of the Hospitals going-forward.

14 **B. The Debtors Have Satisfied § 363 and Rule 9019**

15 Though the Debtors urge the Court to apply § 1113 and § 1114 as umbrella statutes for their
16 entire deal with the Unions (as Congress intended), § 363(b), § 363(c) and Rule 9019 also support
17 the requested relief. *See In re Leslie Fay Companies, Inc.*, 168 B.R. 294, 301 (Bankr. S.D.N.Y.
18 1994) (finding that Rule 9019 would apply to a debtor’s decision to enter into new post-petition
19 CBA where transaction settled all liability by and between union and debtor). Therefore, the
20 Debtors move for approval of the Settlement Agreement under § 363(b), 363(c) and Rule 9019 as
21 well as under §§ 1113, 1114 and 365. This analysis is made simpler because the requirements for
22 approval under § 363 and Rule 9019 are highly complementary with the above-discussed
23 1113/1114 Test.

24 **a. The Debtors have Satisfied Section 363(b) and 363(c)**

25 Under § 363(b), the Court considers (i) whether the transaction is “is in the best interest of
26 the estates and is “fair and reasonable” (*cf.* 1113/1114 Test factors (3) (necessary for
27 reorganization) and (9) (balance of equities in favor)) and (ii) whether it has been given “adequate
28 marketing,” and “that it has been negotiated and proposed in good faith, and that the [counter-

1 party] is proceeding in good faith” in an “arms-length” transaction.” *In re Wilde Horse Enterprises,*
2 *Inc.*, 136 B.R. 830, 841–42 (Bankr. C.D. Cal. 1991) (collecting cases). Regarding the latter
3 requirement, the above-discussed evidence establishes that the parties proceeded in good-faith and
4 certainly remained arms-length in the Negotiations.

5 Likewise, the Court should apply § 363(c) to the underlying terms of the Modified CBAs
6 by and between the Debtors and the Unions, and defer to the Debtors’ business judgment. Courts
7 have determined that large corporate debtors, including hospital debtors, commonly enter into
8 collective bargaining agreements and are entitled to business judgment deference as to their terms.
9 *See In re Fairmont Gen. Hosp., Inc.*, 510 B.R. 783, 787–88 (Bankr. N.D. W.Va. 2014).

10 As to the balance of the analysis under § 363(b) and (c), the Debtors incorporate their above
11 1113/1114 Test analysis (and, to the extent necessary, their § 365 analysis) that they proceeded in
12 good faith and have negotiated a fair, equitable and necessary set of transactions in the Settlement
13 Agreements for moving under § 363(b) for the Settlement Agreements.

14 **b. The Debtors have Satisfied Rule 9019**

15 Under Rule 9019(a), “compromises are favored because they minimize costly litigation and
16 further parties’ interests in expediting the administration of the bankruptcy estate” and the Court
17 only needs to find that the settlement was negotiated in good faith and is reasonable, fair, and
18 equitable by utilizing the following factors:

- 19
- 20 • the complexity of the litigation involved, and the expense, inconvenience, and delay
necessarily attending it and the probability of success in the litigation;
 - 21 • the difficulties, if any, to be encountered in the matter of collection;
 - 22 • the paramount interest of the creditors and a proper deference to their reasonable
23 views in the premises.

24 *In re A & C Properties*, 784 F.2d 1377, 1381 (9th Cir. 1986); *In re Sabine Oil & Gas Corp.*, 555
25 B.R. 180, 256 (Bankr. S.D.N.Y. 2016).

26 As to the “paramount interest of the creditors” factor, the Debtors incorporate their above
27 analysis that the Settlement Agreements are in the best and paramount interests of the creditors
28

(under the 1113/1114 Test, that the transaction is “necessary,” is in the “best interest” of the estate is “fair” to all parties and that the balance of equities favor it).

Further, the “difficulty of collection factor” is not relevant here, as the Debtors are the ones settling claims from the Unions and are not receiving cash consideration. However, the Debtors note that, without the Settlement Agreements, it would be much more difficult to “collect” the hundreds of millions of dollars of consideration from the Sale. This leaves the first listed *A&C* factor: “The complexity of the litigation involved, and the expense, inconvenience, and delay necessarily attending it and the probability of success in the litigation,” for consideration for Rule 9019 approval.

“The purpose of a compromise agreement [under Rule 9019] is to allow the [debtor in possession] and the creditors to avoid the expenses and burdens associated with litigating sharply contested ... claims.” *In re A & C Properties*, 784 F.2d 1377, 1380-81. Accordingly, in approving a settlement agreement, the Court need not conduct an exhaustive investigation of the claims sought to be compromised. *See United States v. Alaska Nat’l Bank (In re Walsh Constr., Inc.)*, 669 F.2d 1325, 1328 (9th Cir. 1982). A court should not substitute its own judgment for the judgment of the debtor in possession. *Matter of Carla Leather, Inc.*, 44 B.R. 457, 465 (Bankr. S.D.N.Y. 1984). A court, in reviewing a proposed settlement, is not to decide the numerous questions of law and fact but rather to canvass the issues to determine whether the settlement falls below the lowest point in the range of reasonableness. *In re Tribune Co.*, 464 B.R. 126, 158 (Bankr. D. Del. 2011) (“the settlement need only be above the “lowest point in the range of reasonableness”); *In re W.T. Grant & Co.*, 699 F.2d 599, 608 (2nd Cir. 1983); The court should not conduct a “mini-trial” on the merits of the issues. *In re Walsh Const., Inc.*, 669 F.2d at 1328; *In re Blair*, 538 F.2d 849 (9th Cir. 1976).

The Settlement Agreements primarily dispose of two major pieces of litigation with five separate Unions: (1) §§ 1113/1114 litigation over modification or rejection of the CBA and Retiree Benefits and (2) litigation over the validity and amounts of the Unions’ claims.

As to the contesting unions in the SCC Sale, the SCC Rejection was an arduous, months-long undertaking involving novel § 1113 questions. Sections 1113 and 1114 are highly complex,

1 factually intensive statute, made particularly difficult to analyze in a liquidation context. *See In re*
2 *Rufener Const., Inc.*, 53 F.3d 1064, 1067 (9th Cir. 1995) (“the procedural requirements imposed by
3 § 1113 appear ill-suited to a liquidation proceeding”). The Debtors would be required to meet nine-
4 factors, marshal substantial evidence and rebut and reply to the Unions’ legal arguments under an
5 expedited, contested setting. Further, if contested, a pivotal part of the Settlement Agreements —
6 the permanent modification of the CBAs through § 1113—does not appear to have been addressed
7 by a published Ninth Circuit case when a union has not consented. The Settlement Agreements
8 avoid the potential labor unrest and disruption to the Debtors during the sensitive pre-Closing
9 period that might be occasioned by a forced contract abrogation, and the obvious loss of value
10 arising therefrom. The Settlement Agreements not only fulfill the express Congressional goals of
11 compromise and “expedited collective bargaining,” they also resolve any uncertainty of potentially
12 “sharply contested” §§ 1113 and 1114 process over the CBAs. *In re A & C Properties*, 784 F.2d
13 at 1380-81.

14 Further, the Settlement Agreements streamline and settle key aspects of the Unions claims
15 and Proofs of Claims and the Debtors liability for severance for re-hired employees and PTO. It
16 allows the Unions the benefit of continuing to assert claims for pending grievances and arbitration,
17 but also allows the Debtors and successors to contest these claims—allowing truly aggrieved
18 employees their “day in court” while allowing unmerited grievances to be ultimately dismissed
19 without interfering with the confirmation of the Plan. They also preclude any general “cure” or
20 rejection claims or other claims that the Unions could assert from the Sale and resolve retiree
21 benefits before the Plan process. *See* 11 U.S.C. § 1129(a)(13) (not allowing plan to dispose of
22 retiree benefits unless it pays them in full).

23 Given the complexity of this potential litigation, interposed with the fact that the Debtors
24 are in the largest healthcare case currently in the country, attorneys’ fees and costs (which would
25 most likely run well into the six figures for each side) and attorneys and professionals investment
26 in time and attention (and away from Plan and SGM Sale issues) to bring this matter to full fruition
27 would be high compared to the total gain and exposure. *In re Lawrence & Eraisquin, Inc.*, 124
28 B.R. 37, 39 (Bankr. N.D. Ohio 1990) (approving Rule 9019 settlement where “[i]f all the issues

1 which have been raised in this case were to be litigated by the Trustee, the litigation would be time
2 consuming, burdensome, somewhat risky, and would quite possibly cost the estate more than it
3 would generate for the payment of unsecured creditors.”); *In re Partsearch Techs., Inc.*, 453 B.R.
4 84, 105 (Bankr. S.D.N.Y. 2011) (approving Rule 9019 agreement where “the risks of litigation here
5 appear to be significant because of the substantial time and expense required to conduct a trial.”).
6 The Debtors have now filed their Disclosure Statement and Plan and wish to focus on making the
7 Effective Date effective instead of protracted labor litigation that can be avoided through a fair
8 compromise.

9 The Modified CBAs, the Proposal and all aspects of the Settlement Agreement result from
10 the arm’s length, protracted, and hard fought negotiations. The Debtors mediated the negotiations
11 between SGM and the Unions and arrived at the Modification for the Debtors to pass on their
12 Hospitals to SGM with an increased market competitiveness, while maintaining the loyalty and
13 morale of their employees and further settled liability and obtained other benefits for the Debtors
14 (such as CNA and SEIU writing to the AG to support the SGM Sale). The parties are entitled to
15 deference in their decisions. *In re Walsh Const., Inc.*, 669 F.2d at 1328; *In re Blair*, 538 F.2d 849;

18 merits, this court need only find that the settlement was negotiated in good faith and is reasonable,
19 fair and equitable”); *In re Adelphia Communications Corp.*, 327 B.R. 143, 163 (Bankr. S.D.N.Y.
20 2005), adhered to on reconsideration, 327 B.R. 175 (Bankr. S.D.N.Y. 2005) (approving settlement
21 of claims where debtor was to pay \$715 million even where court found there “there [was] quite a
22 high probability that [the debtor] would ultimately prevail on at least some of its claims,” because
23 “that litigation” had already “been hotly contested [through] numerous legal and factual defenses”
24 by the counterparty against the debtors’ claims and where debtors were not likely to “win quickly,”
25 given the “complexities of [the] situation,” and concluding that “even a successful outcome in such
26 litigation likely would take substantial time [and the] the [s]ettlement [a]greements eliminate these
27 risks.”); *In re MF Glob. Inc.*, 466 B.R. 244, 251 (Bankr. S.D.N.Y. 2012) (approving under Rule
28 9019 where “the [s]ettlement [a]greement will resolve all claims between the Parties related to the

1 Property and will save the costs of further litigation [and was the] result of arms-length negotiations
2 and good-faith dealings among the Parties.”).

3 The Settlement Agreements represent the type of rational, negotiated solutions that Rule
4 9019 encourages, and the Court should approve it. *See generally Protective Comm. for Indep.*
5 *Stockholders of TMT Trailer Ferry, Inc. v. Anderson*, 390 U.S. 414, 434, 88 S. Ct. 1157, 1168, 20

7 alternative is worth pursuing necessarily depends upon a reasoned judgment as to the probable
8 outcome of litigation.”).

9 **V. CONCLUSION**

10 Based upon the foregoing, the Debtors respectfully request that the Court enter an order
11 granting the relief requested herein (i) granting and approving the Settlement Agreements as
12 attached as **Exhibits 1-5** so that, effective upon the Closing, (a) the Modification occurs, with (b)
13 the Modified CBAs then assumed and assigned through the Assumption and Assignment to SGM
14 (c) the other terms of the Settlement Agreement are given effect and (ii) for such other and further
15 relief as the Court may deem proper.

workers such unit secretaries and clerks.

b. The Union § 1113 CBA Modification And § 1114 Retiree Healthcare Benefit Termination Process

9. After approval of the SGM Sale, but pending completion of AG Review, the Debtors, SGM and Unions negotiated the ultimate terms of the Settlement Agreements (the “Negotiations”) through a series of meetings and exchanges with the Unions (the “Meetings”). The process began on February 1, 2019, when the Debtors delivered to each of the Unions a proposal under § 1113 and, as applicable, § 1114 (collectively, the “First Proposals”).³⁹ The First Proposals noted that SGM was amenable to assuming existing CBAs, provided they were modified to comport with similar collective bargaining arrangements that covered other facilities owned and operated by SGM. The First Proposals further represented that the Debtors “stood ready” to discuss with the Unions any counter-proposal and that the Debtors were “open to receive and consider all comments, concerns and any counterproposals from [the Unions]” and told the Unions that “if you desire any specific, relevant information, do not hesitate to ask for it.” None of the Unions submitted counter-proposals to the Debtors. After conducting discussions with SGM as to what it wished to modify with respect to the CBAs, the Debtors and SGM then began to directly engage each of the Unions and provide each Union with amended proposals, including proposed modified CBAs in redline form (collectively, the “Amended Proposals”). Specifically,

- a. On or about July 11, 2019 and July 15, 2019, the Debtors and SGM met with CNA and presented the applicable Amended Proposal, which included proposed redline changes to the CNA CBAs.
- b. On or about July 19, 2019, the Debtors and SGM met with Local 20 and presented the applicable Amended Proposal, which included proposed redline changes to the Local 20 CBA.
- c. On or about July 25, 2019, the Debtors and SGM met with SEIU and presented the applicable Amended Proposal, which included a proposed redline to the SEIU CBA.
- d. On or about July 25, 2019, the Debtors and SGM met with UNAC and presented the

³⁹ The Debtors will make the written copies of the First Proposals, as well as the Amended Proposals (as defined, *infra*) to any proper requesting party.

1 applicable Amended Proposal, which included a proposed redline to the UNAC
2 CBA.

3 e. On or about July 25, 2019, the Debtors' counsel met with NUHW and presented the
4 applicable Amended Proposal, which included a proposed redline to NUHW CBA.
5 *Id.* at

6 10. Thereafter, the Debtors continued to travel to and attend Meetings with the Unions
7 regarding the Amended Proposals and going-forward CBA terms with SGM, including:

8 f. with respect to UNAC, on August 2, 23, and 29, 2019;

9 g. with respect to CNA, on August 7, 8, 20, 21, 2019, and September 5, 2019;

10 h. with respect to SEIU, on July 30, 2019, August 13, 2019, August 30, 2019 and
11 September 9, 2019;

12 i. with respect to NUHW, on August 14 and 24, 2019 and September 10 and 15, 2019;
13 and

14 j. with respect to Local 20, on August 15, 2019.

15 11. The in-person Meetings were also supplemented by substantial negotiations over
16 phone and by email, which culminated in the Debtors and the Unions executing the Settlement
17 Agreements attached hereto.

18 **C. The Settlement Agreements**

19 12. Each Settlement Agreement incorporates modified versions of the applicable
20 Unions' CBA or CBAs (the "Modified CBAs") which are to be modified under § 1113 and, as
21 applicable § 1114 (the "Modification"). Through the Motion, the Debtors agree to assume and
22 assign the CBA or CBAs (as modified under the Modified CBAs) to SGM (the "Assumption and
23 Assignment"), which the Unions agree to not oppose (which process is defined in the Settlement
24 Agreements and herein as the "Agreed Outcome").⁴⁰ The parties reached the Settlement
25 Agreement so that the SGM Sale is economically viable for SGM and the Debtors, while also
26 providing just treatment for the Debtors' employees, including the Represented Employees.

27 _____
28 ⁴⁰ Settlement Agreements at § 3. The Settlement Agreements are substantially similar. For avoidance of doubt, the
Settlement Agreement used for "Settlement Agreements at [##]" cites herein is the CNA Settlement Agreement. When
there is such a citation, all Settlement Agreements will contain such a term.

D. Related Relief for the One Non-Union Current Retiree Who Receives Retiree Health Care Benefits

13. The Debtors will also pay the only Current Retiree not represented by one of the Unions the value of their retiree benefits in cash under the same methodology provided to the Union-represented Current Retirees. The amount to be paid is reflected on Exhibit 6.

14. The Debtors have determined in their business judgment that the relief sought in the Motion is in the best interests of the Estates. To the extent that the Motion settles matters that the Debtors could litigate, the Debtors believe that settlement under the terms sought in the Motion is in the best interest of their estates in lieu of the expensive, unproductive and uncertain litigation that would ensue without relief. The Debtors have now filed their Disclosure Statement and Plan and wish to focus on making the Effective Date effective instead of protracted labor litigation that can be avoided through a fair compromise

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

***July 17, 2010 Company-USW & USW Local 3059-01
Memorandum of Understanding ("MOA")***

**Between
ALLIANCE TUBULAR PRODUCTS CO.
(Alliance, OH Plant)**

**And
UNITED STEEL, PAPER AND FORESTRY, RUBBER, MANUFACTURING, ENERGY,
ALLIED, INDUSTRIAL AND SERVICE WORKERS INTERNATIONAL UNION, AFL-
CIO, CLC On Behalf of Its Local 3059-01**

Alliance Tubular Products, Co. ("Company") and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO CLC, on behalf of itself and its Local Union No. 3059-01 (collectively called "Union" or "USW"), hereby agree to a new four (4) year Company-Union labor agreement which shall expire at 12:01 am on July 28, 2014, with the new labor agreement to become effective conditioned upon and on the date of the closing of the sale referred to in Paragraph 16 below. This new labor agreement will be identical to the current labor agreement, dated and effective November 28, 2007, except for appropriate changes in dates and the changes set forth below:

1. **SECTION I -- Paragraph 3.** Amend existing language as follows to replace "the chauffeur" with "janitors" as a bargaining unit exclusion, but permit the three displaced janitors six months to successfully bid into other jobs and shifts, take a modified bump, or be placed in the labor gang after the time frame listed above has expired, whichever is applicable, and consistent with the November 28, 2007 labor agreement, and they will receive the greater of the hourly rates of those jobs.

3. The term "employee" as used in this Agreement will include all production and maintenance employees employed at the Company's Alliance, Ohio Plant, excluding clerical employees, timekeepers, guards, janitors, and nurses, and all supervisory employees at or above the rank of foreman.

2. **SECTION IV – Wages – and Appendix A.** Amend existing Section IV base tables and Appendix A tables to reduce, across-the-board, all current and new employee straight time hourly wages by five percent (5%). In addition to any scheduled wage increases, the Company will restore those wage cuts, as rounded off to the nearest whole cent, as follows, during the new labor agreement:

<u>Effective Date</u>	<u>Percent Restored</u>
1st Anniversary of Effective Date of this MOA	Two Point Five Percent (2.5%)

2nd Anniversary of Two Point Five Percent (2.5%)
Effective Date of this MOA

3. **SECTION XIII -- Vacations -- Paragraph 1.** Amend existing language as follows to require an employee to work at least one (1) day in a calendar year to be eligible for vacation in that year, to lower the percentage of pay periods for eligibility from fifty percent (50%) to thirty percent (30%), and to permit an employee who fails to receive earnings in thirty percent (30%) of the pay periods to receive up to one (1) week of vacation if such employee would otherwise be entitled to that amount by seniority:

1. *Eligibility.* To be eligible for a vacation in any calendar year during the term of this Agreement, the employee must:

- a. Have one (1) year or more of continuous service;
- b. Work in that calendar year;
- c. Have received earnings in at least thirty percent (30%) of the pay periods in the preceding calendar year; except that, in the case of an employee who completes one (1) year of continuous service in the current calendar year, s/he will have received earnings in at least thirty percent (30%) of the pay periods during the twelve (12) months following the date of his or her original employment; and, further, except that an employee who received earnings in less than thirty percent (30%) of the pay periods during such twelve (12) month period will receive one (1) week of vacation so long as s/he is entitled to at least one (1) week according to his or her Plant seniority record, and provided, in determining vacation eligibility under this paragraph an employee who incurred a compensable disability in the preceding calendar year and did not receive earnings in one or more pay periods in that year because of such disability, will have the number of such pay periods included with the number of pay periods in which s/he received earnings for the year in which such disability occurred. The continuous service record of each employee will be governed by his or her Plant seniority record; and
- d. Once an employee has become eligible for vacation benefits, the employee will not subsequently lose the right to vacation pay by reason of the employee's death, resignation, discharge, break in service, or termination of this Agreement.

4. **SECTION XIV -- Seniority -- New Paragraph 6.** Add the following language as new Paragraph 6 to increase Company flexibility to make needed temporary transfers and renumber the remaining paragraphs of this Section, including renumbering any internal references within those renumbered paragraphs for accuracy:

6. The Union recognizes the Company's need to maintain uninterrupted production, therefore, in the event of an emergency or unforeseen daily absence, the Company will attempt to fill the vacancy through APPENDIX B, TEMPORARY ASSIGNMENT language first contained in the November 28, 2007 labor agreement. If, after exhausting the language listed above, the vacancy cannot be filled, the Company may fill the vacancy by using the most junior qualified employee from that shift.

5. **SECTION XXIII – Severance Allowance – Side Letter Agreement.** Retain existing Section XXIII, Severance Allowance. The Company and Union will execute a side letter which provides that there will be no claim for severance pay in connection with a transaction in which the Company satisfies its obligations under Appendix P, Successorship.

6. **SECTION XXVII – Complete Agreement – New Section XXVII.** Add the following language as new Section XXVII – Complete Agreement and renumber remaining sections:

1. This Agreement shall be considered a new labor agreement between the Company and the Union with respect to the wages, hours, and working conditions of all employees.

2. No modification of this Agreement will be effective unless signed by authorized officials of the Company and Union.

7. **SECTION XXVI – Termination Date.** Replace “October 2, 2011” with the new expiration date of “July 28, 2014.”

8. **Insurance and Pension Benefits Appendix-- New Appendix AA – Welfare Benefits Plans.** Pre-October 1, 2007 employees will, so long as they remain in the insurance plan in effect on January 1, 2010, pay monthly the following amounts:

Single:	\$120
Employee +1:	\$130
Employee +2	\$140
Employee +3	\$150

In addition, based upon proof of alternative coverage, any such employee may opt out of this existing Company-provided plan, and any employee who does will receive, in exchange, ten percent (10%) of the then prevailing individual coverage COBRA group insurance rate from the Company.

9. **Insurance and Benefit Appendix – Pensions & 401(k) Plan – New Appendix BB – 401(k) Plans.** Replace the “Pensions” and “Voluntary 401(k) plan” portions of the unlettered appendix to the existing Alliance labor agreement with the attached new Appendix BB containing 401(k) plans for existing employees and future hires, with the understanding and agreement that the Union will not oppose the termination of the existing pension plan, and,

further, that the specified 401(k) plans will be the sole and exclusive retirement plans provided by the Company to employees after the new labor agreement becomes effective.

10. **Appendices S & X -- TUBE Share Program & New Incentive Program Add-On to Appendix S or X.** Continue existing Appendices S and X, the existing TUBE Share Program following the assumption of the labor agreement described in Paragraph 16 until changed by Company-Union agreement on a replacement plan or an arbitrator's decision on a replacement plan, as stated below. During the first three (3) months following the assumption of the labor agreement described in Paragraph 16, the Company and Union will meet and attempt to reach agreement on a replacement incentive program designed to award incentive earnings equivalent to an average hourly target rate of two dollars (\$2.00) for achieving reasonably based group profitability, productivity, quality, quantity, tonnage, and other reasonable business milestones, to be distributed among actively employed employees in proportion to the hours each employee worked during the incentive time period. During this same three (3) month period, because of the possibility that the parties may fail to reach agreement on a replacement incentive program and the need for an expedited arbitration award to confirm the new program, the Company and Union will select an impartial arbitrator with an industrial engineering background and/or demonstrated experience in plant manufacturing incentive bonus plans and arrange an arbitration hearing for a date as close as practicable to the end of the initial three (3) month period.

Any agreed replacement program will become effective at or before the end of the initial three (3) month period, as the parties agree. If no agreement is reached by the end of those three (3) months, however, the alternate Company and Union versions of the new program will be grieved and appealed immediately to arbitration, as provided elsewhere in this Agreement. Within one (1) week following the arbitration hearing, and no later than two (2) months after the close of the initial three (3) month period, unless otherwise agreed, the previously selected Arbitrator will decide whether the Company or Union plan is the more reasonable, realistic program, on the basis of all relevant facts, by choosing only between the final versions of the two complete programs offered to each other by the Company and Union at or prior to the end of the initial three (3) month period. The Arbitrator's decision will be a simple award, with no written decision, that simply selects one plan over the other, without any modification of the plan selected.

This language will be added to existing Appendix S or X.

11. **APPENDIX P – Memorandum of Understanding Regarding Successorship – New Appendix P.** Replace existing Appendix P with the attached new Appendix P.

12. **New Appendix CC – Patient Protection and Affordable Care Act.** Add the attached new Appendix CC to the new labor agreement.

13. **New Appendix DD.** Add the attached appendix as new Appendix DD to the new labor agreement. In exchange for the payment specified in new Appendix DD, the Company will have no further obligation to provide any existing or future retirees with Company-provided

retiree medical or other insurance coverage (also called "OPEB," short for Other Post-Employment Benefits).

14. **Investment Commitment – New Appendix EE.** Add the attached new Appendix EE to the new labor agreement.

15. **Transferred Employees – Exhibit 1.** The Company will take the actions specified in the attached Exhibit 1, conditioned upon the sale and on the effective date of the sale referred to in Paragraph 16 below.

16. **Labor Agreement Assumption.** This MOA will become effective on the closing of the sale by the Company of its assets to BD PTC Acquisitions, Inc. ("Buyer"), which is an entity created by Black Diamond Capital Management LLC for the purpose of acquiring the Company's assets. The Union, on its own behalf and on behalf of its members, agrees to the assignment by the Company and the assumption of the new labor agreement by the Buyer on the effective date of the acquisition of the Alliance plant assets, with the Buyer to be fully responsible for all obligations arising under the new labor agreement after that date, and with the Company to be fully responsible for any such obligations arising on or prior to that date.

17. **Bankruptcy Court Approval.** The Company has filed a petition pursuant to Chapter 11 of the United States Bankruptcy Code in the U.S. Bankruptcy Court in Wilmington, Delaware at Case No. 09-13395 (CSS). Following ratification of this MOA, as stated below, the Company shall promptly file a motion with the Bankruptcy Court in this matter to approve this MOA and shall furnish the Union with a draft of such motion prior to filing. Further, upon entry of an order approving the MOA, the Company will withdraw, with prejudice, its motion filed under Sections 1113 and 1114 of the Bankruptcy Code, 11 U.S.C. 1113, 1114 with respect to the Alliance employees and retirees and Mid-West retirees.

18. **Grievance Settlements.** Subject to Bankruptcy Court approval of this MOA as addressed in Paragraph 17, with regard to the Drummond and vacation eligibility grievances, the Company will take all necessary steps to make the payments specified here. In the Drummond case, the Company will pay its portion of the Arbitrator's fee/expense statement and the Arbitrator-directed payment to Mr. Drummond. In the vacation eligibility grievances, the settlements will be on a non-precedent setting basis, and payment of denied 2009 and 2010 vacation pay will be made directly to the surviving spouse of the employee who died during 2009 and to employees who failed to receive 2009 and/ or 2010 vacation.

19. **Closing Bonuses.** Provided that this MOA, in its entirety, is ratified by the Local 3059-01 membership on or before July ___, 2010, and it otherwise becomes effective as stated here, a lump sum bonus of two thousand dollars (\$2000.00), less authorized or legally required deductions, will be paid on the payday following the closing of the transaction described in Paragraph 16, and a second lump sum bonus of one thousand dollars (\$1000.00), less authorized or legally required deductions, will be paid on the payday following the first year anniversary of such closing, to every employee accruing seniority as of the closing date for the first bonus and the first year anniversary for the second bonus.

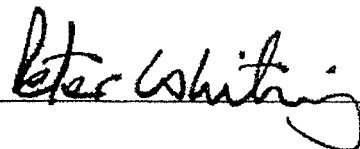

20. **Printing.** The Company will print, as soon as practicable after the Effective Date of this MOA, pocket-sized copies of an amended and restated collective bargaining agreement reflecting the terms and conditions set forth in this MOA.

21. **Other Proposals.** Except for matters agreed upon in this MOA, the Company and Union have withdrawn all other bargaining proposals.

This MOA has been tentatively agreed between the Company and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, CLC ("International Union"), and its affiliated Local 3059-01, by and through the International and the USW Local 3059-01 bargaining committee officials whose signatures appear below. The International Union and the USW Local 3059-01 bargaining committee have agreed to unanimously recommend ratification of this MOA to the membership of USW Local 3059-01 in connection with the transaction described in paragraph 16 of this MOA. As addressed above, this MOA is subject to and will become effective only after (x) ratification by the Local 3059-01 membership, (y) the closing of the transaction described in Paragraph 16, and (z) entry of an order of the Bankruptcy Court approving this MOA.

WELFARE BENEFITS PLANS

A. *In General*

1. Effective upon signing this Agreement and for the duration of this Agreement, the parties agree on the following Welfare Benefit Plans for the employees under this Agreement. These Welfare Benefit Plans include group health, dental, vision and life insurance coverage as summarized below. The Company will determine the insurance carrier, if any, for the benefits shown below and any carrier changed by the Company will continue to provide these benefits during this Agreement. To the extent an inconsistency arises between language in this Appendix and the underlying insurance contract with regard to claim notification and/or processing procedures only, however, the terms of the applicable insurance contract will prevail.

2. The Company will maintain three Welfare Benefit Plans. All employees shall be entitled to a single monthly credit of \$62.50. Employee contributions for these plans will remain unchanged for the duration of this Agreement.

3. Pre-October 1, 2007 hires shall be eligible to participate in the Welfare Benefit Plan in effect at the Alliance facility as of January 1, 2010. So long as an employee remains in this plan, the employee shall pay the following amounts monthly:

4. The Company shall maintain a 90/10 and an 80/20 plan for all Post-October 1, 2007 hires and for those Pre-October 1, 2007 hires who elect to participate in such plan. The election by a Pre-October 1, 2007 hire to participate in the 90/10 plan or 80/20 plan can be made on any enrollment date, however, once such an election is made, that election shall be binding for the duration of this Agreement and the employee may not move back to the plan in existence on January 1, 2010.

5. Except as otherwise required by laws such as the Family and Medical Leave Act of 1993 ("FMLA"), the Company's obligation to pay for the insurance coverage outlined below for employees whose active employment ceases temporarily or permanently (except for a quit, retirement, death, or discharge for cause) will terminate as follows:

2 but less than 10 years	End of sixth (6th) calendar month after employment ends
10 or more years	End of twelfth (12th) calendar month after employment ends

In the event of a quit, retirement, death, or discharge for cause, the Company's obligation will cease as of the end of the calendar month in which employment terminates, irrespective of the employee's years of service.

To the extent required by law, however, after the Company's insurance payment obligation terminates, an employee will have the opportunity to continue group insurance coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") by prepaying the portion of the monthly premiums established by the Company consistent with COBRA.

6. During the term of this Agreement, federal and/or state laws may be passed to require the Company to provide certain medical or other related benefits for its employees, benefits that may duplicate or overlap similar benefits to be provided by this Agreement. If this happens, and to the extent these laws do not permit the Company to credit cost and benefits under this Agreement against those required by law, upon providing the Union with documentation of such additional costs to the Union's satisfaction, the Company may reduce the duplicated benefits to be provided by this Agreement without violating this Agreement to avoid any actual, practical, or otherwise unreasonable duplication of cost or benefits.

APPENDIX BB

401(k) PLANS

I. 401(k) Plan for Employees Hired Prior to October 1, 2007

- Payroll deduction
- Multiple investment options
- A contribution level up to the maximum allowed by federal law
- All contributions will be pre-tax
- Quarterly statements showing account levels

B. For such employees, the Company will contribute \$1.30 per hour for each hour worked during this Agreement. For purposes of this Appendix, "hours worked" shall mean hours worked (including straight time and overtime hours); vacation and holiday hours at the rate of eight (8) hours for each holiday or day of vacation; hours on Union business; and hours, at the rate of eight (8) hours for each day while receiving workers' compensation or sickness & accident benefits based on the number of days absent from work while receiving such benefits.

II. 401(k) Plan for Employees hired on or after October 1, 2007

A. Overview. The Company will make a 401(k) payroll deduction Savings Plan available to all actively employed bargaining unit employees. This will be the sole retirement plan of the Company. The Company does not sponsor a pension plan. The full Plan is contained in the Summary Plan Description Booklet dated January 1, 2007. Plan design, eligibility requirements, form design, vesting provisions, content, investment and all other provisions will be established at the discretion of the Company and be subject to change by the Company. The Plan design established by the Company will continue to contain the following major provisions:

- Payroll deduction
- Multiple investment options
- A contribution level up to the maximum allowed by federal law
- All contributions will be pre-tax

- Quarterly statements showing account levels

B. Plan Details.

(1) After thirty (30) calendar days of uninterrupted employment, employees will be eligible to participate in the 401(k) Plan, as may be amended by the Company from time to time.

(2) If such employees make elective deferrals of 2% or more to the 401(k) Plan, they will be eligible to receive a matching contribution equal to 25% of the first 6% of their elective deferral amount ("Employer Matching Contributions").

(3) Employer Matching Contributions will be subject to a six-year graded vesting schedule. Your service with Alliance Tubular Products, LLC prior to the Effective Date of this Agreement will not be taken into account for purposes of determining your eligibility for, or the amount of, any contribution under the Plan. However, such prior service will be taken into account for the limited purpose of determining the extent to which you are vested in any Employer Matching Contributions made in regard to elective contributions that you make after the Effective Date of this Agreement. Investment options offered under the 401(k) Plan will be determined from time to time by the Plan Administrator.

At the employee's election, an employee's allocation may be contributed into the employees' individual 401(k) accounts or paid directly to them in cash (less any authorized or legally required deductions) in a manner to be determined prior to the effective date of this MOA. The amount of any and all contributions set forth in this Agreement shall be immediately vested in the employee's account notwithstanding any provisions of the 401(k) plan to the contrary.

APPENDIX CC

PATIENT PROTECTION AND AFFORDABLE CARE ACT

To the extent and in the event that the federal Patient Protection and Affordable Care Act ("PPACA") provides the Company with choices or other options in administering the PPACA-- including plan design changes that might offset cost increases to the Company and/or resulting from any modifications to the plan required by PPACA- the Company will negotiate in good faith over any such choices or options prior to their implementation.

If, after bargaining, the Company and Union fail to reach agreement and the Company unilaterally implements changes to its plan, the USW retains the right to grieve and immediately appeal to arbitration the reasonableness of the Company's plan changes.

APPENDIX DD

At Company expense-including the fees and expenses of the legal and other professionals retained in connection with the establishment of the VEBA (Voluntary Employee Beneficiary Association)-- and subject to the approvals and recommendations of its accountants, the Company will establish a jointly administered, tax-qualified VEBA and will provide a total of \$6,000,000 in three (3) lump sums (\$3,000,000 on the establishment of the VEBA, \$1,500,000 on the first anniversary of the closing described in Paragraph 16, and \$1,500,000 on its second anniversary) for OPEB (Other Post-Employment Benefits) for existing and future retirees and their eligible dependants at Alliance and Darlington, including individuals covered by the Monaca and Mid -West closing agreements. Deducted from the initial \$3,000,000 payment will be the Company's cost of providing continuing benefit insurance coverage to retirees and their dependents until the VEBA becomes operational but in no event will such coverage extend beyond December 31, 2010. The VEBA itself will be responsible for all expenses and all its administrative and other costs when and after it becomes operational.

The Union concurs that the Company will have no obligation to pay any amounts toward OPEB or into the VEBA beyond what is specified herein.

The obligations addressed above will become due upon the effective date of each of the Darlington and Alliance Memoranda of Agreement ("MOAs"), but shall be paid upon the establishment of the VEBA. Upon ratification of the MOAs, sub-accounts will be established within the VEBA such that 67.9% of the assets shall be allocated to the Darlington, Monaca and Mid-West existing and future retirees and dependents and 32.1% of the assets shall be allocated to the Alliance existing and future retirees and dependents. All contributions to the VEBA and expenses and administrative costs of the VEBA shall be apportioned between the sub-accounts to reflect this allocation.

In the event that either the Darlington or Alliance bargaining unit fails to ratify the respective MOA, the parties shall agree, based upon reasonable actuarial standards, as to the allocation of contributions to the existing and future retirees and dependents of the ratifying bargaining unit and the retirees and dependents of Monaca and Mid-West. In the event that the parties are unable to agree to such allocation, the matter shall be submitted to binding arbitration on an expedited basis.

Any Alliance employee who retires sixty (60) or more days after the effective date of this MOA shall not participate in the VEBA. An Alliance employee who retires within sixty (60) days of the effective date of this MOA may elect his share of the lump sum distribution of the \$1,375,000.00 under Appendix BB or to participate in the VEBA and the amount he would otherwise have received will be contributed to the Alliance sub-account of the VEBA.

The Company, at its option, can appoint, as its trustee(s), non-employees as trustees and/or one or more corporate trustees such as a bank.

APPENDIX EE

During this Agreement, the Company agrees to maintain the competitive status of the Alliance facility, taking into consideration factors affecting the Company and its facility, provided, however, that final decisions on such expenditures will be made in the sole discretion of the Board of Directors.
2. The Union agrees to contribute to the competitiveness of the facilities and work with the Company to maintain the competitive nature of the facilities.

This matter came before the Court on the *Motion For The Entry Of (I) An Order (1) Approving Form Of Asset Purchase Agreement For Stalking Horse Bidder And For Prospective Overbidders To Use, (2) Approving Auction Sale Format, Bidding Procedures And Stalking Horse Bid Protections, (3) Approving Form Of Notice To Be Provided To Interested Parties, (4) Scheduling A Court Hearing To Consider Approval Of The Sale To The Highest Bidder And (5) Approving Procedures Related To The Assumption Of Certain Executory Contracts And Unexpired Leases; And (II) An Order (A) Authorizing The Sale Of Property Free And Clear Of All Claims, Liens And Encumbrances* (the “Motion”) [Docket No. 365], filed by Verity Health System of California, Inc. (“VHS”), and the above-referenced affiliated debtors and debtors in possession in the above-captioned chapter 11 bankruptcy cases (the “Debtors”), for the entry of an order, pursuant to §§ 105(a), 363, and 365 of title 11 of the United States Code (the “Bankruptcy Code”), Rules 2002, 6004, 6006, 9007, and 9014, and LBR 6004-1.¹

At the previous hearing on the Motion on October 31, 2018 (the “Bidding Procedures Hearing”), the Court considered various objections (the “Premature Objections”) filed by: (i) the Federal Communications Commission (“FCC”) [Docket No. 437]; (ii) the United States Department of Health and Human Services (“HHS”) [Docket No. 447, 562, and 613]; (iii) the California Attorney General (“CAG”) [Docket No. 463, 599, 605, 608, and 619]; (iv) entities who are parties to or benefit from various collective bargaining agreements with the Debtors [Docket No. 450, 458, 460, 465, and 597]; (v) the Pension Benefit Guaranty Corporation (“PBGC”) [Docket No. 439]; (vi) the Retirement Plan for Hospital Employees [Docket No. 460]; (vii) OCH Forest 1 [Docket Nos. 452 and 561]; (viii) Premier and Infor [Doc. Nos. 444, 561, and 592]; and (ix) the MOB Financing Entities [Docket No. 500]. The Debtors filed an omnibus reply to the majority of the objections [Docket No. 561], and separate replies to the HHS [Docket No. 562], and the CAG [Docket No. 560] objections. The Court ruled that the Premature Objections were premature and preserved for the Sale Hearing, as set forth in order granting the Motion (the

THE COURT HEREBY FINDS AND CONCLUDES THAT:²

A. Jurisdiction and Venue. This Court has jurisdiction to hear and determine the
Motion pursuant to 28 U.S.C. §§ 157 and 1334. This matter relates to the administration of the
Debtors' bankruptcy estates and is accordingly a core proceeding pursuant to 28 U.S.C. § 157(b)
(2) (A), (M), (N) and (O). Venue of these cases is proper in this District and in this Court
pursuant to 28 U.S.C. §§ 1408 and 1409.

B. Statutory Predicates. The statutory predicates for the relief requested in the
Motion are (i) §§ 105(a), 363(b), (f), (k), (l) and (m), and 365, (ii) Rules 2002(a)(2), 2002(c)(1)
and (d), 6004 (a), (b), (c), (e), (f) and (h), 6006(a), (c) and (d), 9006, 9007, 9013 and 9014, and
(iii) LBR 6004-1 and 9013-1.

C. Notice. As evidenced by the affidavits of service previously filed with the Court,
the Debtors have provided proper, timely, adequate and sufficient notice with respect to the
following: (i) the Motion and the relief sought therein, including the entry of this Sale Order and
the transfer and sale of the assets (the "Purchased Assets"), as set forth in the Asset Purchase
Agreement, dated October 1, 2018, a copy of which is attached as Exhibit "A" to Docket No. 365
(the "APA"); (ii) the Sale Hearing; (iii) the *Notice That No Auction Shall Be Held*; and (iv) the
assumption and assignment of the executory contracts and unexpired leases and proposed cure
amounts owing under such executory contracts and unexpired leases (the "Cure Amounts"); and
no further notice of the Motion, the relief requested therein or the Sale Hearing is required. The
Debtors have also complied with all obligations to provide notice of the Auction, the Sale

² The findings and conclusions set forth herein constitute the Court's findings of fact and
conclusions of law pursuant to Rule 7052, made applicable to this proceeding pursuant to Rule
9014. To the extent that any of the following findings of fact constitute conclusions of law, they
are adopted as such. To the extent that any of the following conclusions of law constitute
findings of fact, they are adopted as such.

Hearing, the proposed sale and otherwise, as required by the Bidding Procedures Order. A reasonable opportunity to object and to be heard regarding the relief provided herein has been afforded to parties-in-interest.

D. Arm's Length Transaction. The APA and other documents and instruments (the "Transaction Documents") related to and connected with this transaction (the "Transaction") and the consummation thereof were negotiated and entered into by the Debtors and the County of Santa Clara, a political subdivision of the State of California ("SCC"), as Purchaser under the APA without collusion, in good faith and through an arm's length bargaining process. Neither SCC nor any of its affiliates or representatives is an "insider" of the Debtors, as that term is defined in § 101(31). None of the Debtors, SCC, or their respective representatives engaged in any conduct that would cause or permit the APA, any of the other Transaction Documents or the Transaction to be avoided under § 363(n), or have acted in any improper or collusive manner. The terms and conditions of the APA and the other Transaction Documents, including, without limitation, the consideration provided in respect thereof, are fair and reasonable, and are not avoidable and shall not be avoided, and no damages may be assessed against SCC or any other party, as set forth in § 363(n). The consideration provided by SCC is fair and adequate and constitutes reasonably equivalent value and fair consideration under the Bankruptcy Code and any other applicable laws of the United States, including the State of California.

E. Good Faith Purchaser. SCC has proceeded in good faith and without collusion in all respects in connection with the sale process, in that: (i) SCC, in proposing and proceeding with the Transaction in accordance with the APA, recognized that the Debtors were free to deal with other interested parties; (ii) SCC agreed to provisions in the APA that would enable the Debtors to accept a higher and better offer; (iii) SCC complied with all of the provisions in the Bidding Procedures Order applicable to SCC; (iv) all payments to be made by SCC and other agreements entered into or to be entered into between SCC and the Debtors in connection with the Transaction have been disclosed; (v) the negotiation and execution of the APA and related Transaction Documents were conducted in good faith and constituted an arm's length transaction;

(vi) SCC did not induce or cause the chapter 11 filings by the Debtors; and (vii) the APA was not entered into, and the Transaction being consummated pursuant to and in accordance with the APA is not being consummated, for the purpose of hindering, delaying or defrauding creditors of the Debtors. SCC is therefore entitled to all of the benefits and protections provided to a good-faith purchaser under § 363(m). Accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the Transaction shall not affect the validity of the Transaction or SCC's status as a "good faith" purchaser.

F. Justification for Relief. Good and sufficient reasons for approval of the APA and the other Transaction Documents and the Transaction have been articulated to this Court in the Motion and at the Sale Hearing, and the relief requested in the Motion and set forth in this Sale Order is in the best interests of the Debtors, their estates, and their creditors. The Debtors have demonstrated through the Motion and other evidence submitted at the Sale Hearing both (i) good, sufficient and sound business purpose and justification and (ii) compelling circumstances for the transfer and sale of the Purchased Assets as provided in the APA outside the ordinary course of business, and (iii) such transfer and sale is an appropriate exercise of the Debtors' business judgment and in the best interests of the Debtors, their estates, and their creditors.

G. Free and Clear. In accordance with §§ 363(b) and 363(f), the consummation of the Transaction pursuant to the Transaction Documents will be a legal, valid, and effective transfer and sale of the Purchased Assets and will vest in SCC, through the consummation of the Transaction, all of the Debtors' right, title, and interest in and to the Purchased Assets, free and clear of all liens, claims, interests, rights of setoff, netting and deductions, rights of first offer, first refusal and any other similar contractual property, legal or equitable rights, and any successor or successor-in-interest liability theories (collectively, the "Encumbrances"). The Debtors have demonstrated that one or more of the standards set forth in § 363(f)(1)-(5) have been satisfied. Those holders of Encumbrances who did not object, or who withdrew their objections, to the Sale or the Motion are deemed to have consented pursuant to § 363(f)(2). Those holders of Encumbrances who did object fall within one or more of the other subsections

601 SOUTH FIGUEROA STREET, SUITE 2500
LOS ANGELES, CALIFORNIA 90017-5704
(213) 623-9300

1 of § 363(f). All holders of the Encumbrances in the Purchased Assets are adequately protected by
2 having their respective Encumbrances attach to the Debtors' interests in the proceeds of the sale
3 of the Purchased Assets under the APA (subject to any Challenge within the meaning of the Final
4 DIP Order that has been, or may be, timely filed), and any related documents or instruments
5 delivered in connection therewith, whenever and wherever received (the "Sale Proceeds") to the
6 extent and manner herein provided.

7 H. Prompt Consummation. The Debtors have demonstrated good and sufficient cause
8 to waive the stay requirement under Rules 6004(h) and 6006(d). Time is of the essence in
9 consummating the Transaction, and it is in the best interests of the Debtors and their estates to
10 consummate the Transaction within the timeline set forth in the Motion and the APA. The Court
11 finds that there is no just reason for delay in the implementation of this Order, and expressly
12 directs entry of judgment as set forth in this Order.

13 I. Assumption of Executory Contracts and Unexpired Leases. The Debtors have
14 demonstrated that it is an exercise of their sound business judgment to assume and assign to SCC
15 the Currently Identified Designated Contracts (as defined and identified in paragraph 15 below)
16 and to the extent subsequently identified by SCC pursuant to paragraph 16 below, the
17 Subsequently Identified Designated Contracts (as defined in paragraph 16 below) (the Currently
18 Identified Designated Contracts and the Subsequently Identified Contracts are collectively
19 referred to herein as the "Designated Contracts") in connection with the consummation of the
20 Transaction, and the assumption and assignment of the Designated Contracts is in the best
21 interests of the Debtors and their estates.

22 J. Cure/Adequate Assurance. In connection with the Closing, and pursuant to the
23 APA, the Debtors (i.e., O'Connor Hospital ("OCH") and Saint Louise Regional Hospital
24 ("SLRH")) will have cured, unless otherwise ordered, any and all defaults existing on or prior to
25 the Closing under any of the Designated Contracts, within the meaning of § 365(b)(1)(A), by
26 payment of the amounts and in the manner set forth below. SCC has provided or will provide
27 adequate assurance of future performance of and under the Designated Contracts within the

1 meaning of § 365(b)(1)(C) and § 365(f)(2)(B), and shall have no further obligation to provide
2 assurance of performance to any counterparty to a Designated Contract. Pursuant to § 365(f), the
3 Designated Contracts to be assumed by the Debtors and assigned to SCC under the APA shall be
4 assigned and transferred to, and remain in full force and effect for the benefit of, SCC
5 notwithstanding any provision in such Designated Contracts prohibiting their assignment or
6 transfer. The Debtors have demonstrated that no other parties to any of the Designated Contracts
7 has incurred any actual pecuniary loss resulting from a default on or prior to the Closing under
8 any of the Designated Contracts within the meaning of § 365(b)(1)(B). Pursuant to § 365(f), the
9 Designated Contracts to be assumed by the Debtors and assigned to SCC at the Closing shall be
10 assigned and transferred to, and remain in full force and effect for the benefit of, SCC
11 notwithstanding any provision in such contracts or other restrictions prohibiting their assignment
12 or transfer.

13 K. Rejection of Executory Contracts and Unexpired Leases. The Debtors have
14 demonstrated that it is a reasonable and appropriate exercise of their sound business judgment for
15 OCH and SLRH to reject all of their executory contracts and unexpired leases, excluding (i)
16 Designated Contracts, (ii) any prepetition multiparty contract affecting more than one Debtor in
17 addition to OCH and/or SLRH, and (iii) any collective bargaining agreement, pension plan or
18 health and welfare plan providing collectively bargained benefits to which OCH and/or SLRH is
19 a party or sponsor, which matters shall be scheduled for determination as provided in paragraph
20 33 below. Each such executory contract rejection is subject only to the conditions set forth in
21 paragraphs 18, 31, and 32. The Debtors shall file an appropriate motion to reject such contracts,
22 covered by this paragraph K, prior to Closing and shall request therein that the rejection be
23 effective as of the Closing or as otherwise appropriate.

24 L. Highest or Otherwise Best Offer. The Debtors solicited offers and noticed the
25 Auction in accordance with the provisions of the Bidding Procedures Order. The Auction was
26 duly noticed, the sale process was conducted in a non-collusive manner and the Debtors afforded
27 a full, fair and reasonable opportunity for any person or entity to make a higher or otherwise
28

1 better offer to purchase the Purchased Assets. No other Qualified Bid (as defined in the Bidding
2 Procedures Order) was received by the Partial Bid Deadline or the Bid Deadline (as defined in the
3 Bidding Procedures Order). Accordingly, on December 7, 2018, the Debtors filed the *Notice*
4 *That No Auction Shall Be Held*. The transfer and sale of the Purchased Assets to SCC on the
5 terms set forth in the APA constitutes the highest or otherwise best offer for the Purchased Assets
6 and will provide a greater recovery for the Debtors' estates than would be provided by any other
7 available alternative. The Debtors' determination, in consultation with the Official Committee of
8 Unsecured Creditors (the "Committee") and the Prepetition Secured Creditors (as defined in the
9 Final DIP Order defined below), that the APA constitutes the highest or best offer for the
10 Purchased Assets constitutes a valid and sound exercise of the Debtors' business judgment.

11 M. No De Facto or Sub Rosa Plan of Reorganization. The sale of the Purchased
12 Assets does not constitute a *de facto* or *sub rosa* plan of reorganization or liquidation because it
13 does not propose to (i) impair or restructure existing debt of, or equity or membership interests in,
14 the Debtors, (ii) impair or circumvent voting rights with respect to any plan proposed by the
15 Debtors, (iii) circumvent chapter 11 safeguards, including those set forth in §§ 1125 and 1129, or
16 (iv) classify claims or equity or membership interests.

17 N. Legal and Factual Bases. The legal and factual bases set forth in the Motion and at
18 the Sale Hearing establish just cause for the relief granted herein.

19 **NOW THEREFORE, IT IS HEREBY ORDERED THAT:**

20 1. The relief requested in the Motion is GRANTED and APPROVED in all respects
21 to the extent provided herein.

22 2. All objections with regard to the relief sought in the Motion that have not been
23 withdrawn, waived, settled, or provided for herein or in the Bidding Procedures Order, including
24 any reservation of rights included in such objections, are overruled on the merits with prejudice.
25 To the extent of any inconsistency between this Sale Order and the Bidding Procedures Order, the
26 terms of this Sale Order shall prevail.

3. Pursuant to §§ 105(a), 363(b), 363(f), and 365, the Transaction, including the transfer and sale of the Purchased Assets to SCC on the terms set forth in the APA, is approved in all respects, and the Debtors are authorized and directed to consummate the Transaction in accordance with the APA, including, without limitation, by executing all of the Transaction Documents (and any ancillary documents or instruments that may be reasonably necessary or desirable to implement the APA or the Transaction) and taking all actions necessary and appropriate to effectuate and consummate the Transaction (including the transfer and sale of the Purchased Assets) in consideration of the Purchase Price (as defined in Section 1.1 of the APA) upon the terms set forth in the APA, including, without limitation, assuming and assigning to SCC the Designated Contracts. The Debtors and SCC shall have the right to make any mutually agreeable, non-material changes to the APA, which shall be in writing signed by both parties, without further order of the Court provided, that after reasonable notice, the Committee, the DIP Agent (as defined in the Final DIP Order defined below), and the Prepetition Secured Creditors, do not object to such changes. Any timely objection by the aforementioned parties to any agreed non-material changes to the APA may be resolved by the Court on shortened notice.

4. As of the Closing, (i) the Transaction set forth in the APA shall effect a legal, valid, enforceable and effective transfer and sale of the Purchased Assets to SCC free and clear of all Encumbrances, as further set forth in the APA and this Sale Order; and (ii) the APA, and the other Transaction Documents, and the Transaction, shall be enforceable against and binding upon, and not subject to rejection or avoidance by, the Debtors, any successor thereto including a trustee or estate representative appointed in the Bankruptcy Cases, the Debtors' estates, all holders of any Claim(s) (as defined in the Bankruptcy Code) against the Debtors, whether known or unknown, any holders of Encumbrances on all or any portion of the Purchased Assets, all counterparties to the Designated Contracts and all other persons and entities.

5. Encumbrances in and to Purchased Assets shall attach (subject to any Challenge within the meaning of the Final DIP Order that has been, or may be, timely filed) to the Sale Proceeds of such Purchased Assets with each such Encumbrance having the same force, extent,

effect, validity and priority as such Encumbrance had on the Purchased Assets giving rise to the Sale Proceeds immediately prior to the Closing. For the avoidance of doubt, the foregoing force, extent, effect, validity and priority shall: (i) reflect the security interests, liens (including any Prepetition Replacement Liens arising for diminution of value, if any) and rights, powers and authorities that have been granted to the DIP Agent, the DIP Lender and to the Prepetition Secured Creditors, as applicable, pursuant to that certain *Final Order (I) Authorizing Postpetition Financing, (II) Authorizing Use of Cash Collateral, (III) Granting Liens and Providing Superpriority Administrative Expense Status, (IV) Granting Adequate Protection, (V) Modifying Automatic Stay, and (VI) Granting Related Relief* [Docket No. 409] (the “Final DIP Order”); and (ii) be subject to any Challenge within the meaning of the Final DIP Order that has been, or may be, timely filed. In addition, the Intercreditor Agreement (as defined in the Final DIP Order) shall apply with respect to the rights of the parties thereto in and to the Sale Proceeds and the Escrow Deposit Account, to the extent of and in accordance with its terms with all parties reserving all rights thereunder.

6. Subject to the fulfillment of the terms and conditions of the APA, this Sale Order shall, as of the Closing, be considered and constitute for all purposes a full and complete general assignment, conveyance, and transfer of the Purchased Assets and/or a bill of sale transferring all of the Debtors’ rights, title and interest in and to the Purchased Assets to SCC. Consistent with, but not in limitation of the foregoing, each and every federal, state, and local governmental agency or department, except as stated herein, is hereby authorized and directed to accept all documents and instruments necessary and appropriate to consummate the transactions contemplated by the APA and approved in this Sale Order. A certified copy of this Order may be filed with the appropriate clerk and/or recorded with the appropriate recorder to cancel any Encumbrances of record.

7. Any person or entity that is currently, or on the Closing Date may be, in possession of some or all of the Purchased Assets is hereby directed to surrender possession of

1 such Purchased Assets either to (a) the Debtors before the Closing or (b) to SCC or its designee
2 upon the Closing.

3 8. The transfer of the Purchased Assets pursuant to the Transaction Documents shall
4 be a legal, valid, and effective transfer and shall, in accordance with §§ 105(a) and 363(f), and
5 upon consummation of the Transaction, including, without limitation, payment of the Purchase
6 Price to the Debtors, vest SCC with all right, title, and interest in the Purchased Assets, free and
7 clear of all Encumbrances. Upon closing of the Transaction, SCC shall take title to and
8 possession of the Purchased Assets, subject only to the Assumed Obligations, as set forth in the
9 APA. The transfer of the Purchased Assets from the Debtors to SCC constitutes a transfer for
10 reasonable equivalent value and fair consideration under the Bankruptcy Code and the laws of the
11 State of California.

12 9. Following the Closing, no holder of any Encumbrance against the Debtors or upon
13 the Purchased Assets shall interfere with SCC's respective rights in, title to or use and enjoyment
14 of the Purchased Assets. All persons and entities are hereby forever prohibited and enjoined from
15 taking any action that would adversely affect or interfere with the ability of the Debtors to sell
16 and transfer the Purchased Assets to SCC, including the assumption and assignment of the
17 Designated Contracts.

18 10. SCC shall not be deemed, as a result of any action taken in connection with, or as a
19 result of the Transaction (including the transfer and sale of the Purchased Assets), to: (i) be a
20 successor, continuation or alter ego (or other such similarly situated party) to the Debtors or their
21 estates by reason of any theory of law or equity, including, without limitation, any bulk sales law,
22 doctrine or theory of successor liability, or any theory or basis of liability regardless of source of
23 origin; or (ii) have, *de facto* or otherwise, merged with or into the Debtors; or (iii) be a mere
24 continuation, *alter ego*, or substantial continuation of the Debtors. Other than the Assumed
25 Liabilities, SCC is not assuming any of the Debtors' debts.

26 11. This Sale Order (i) shall be effective as a determination that, on Closing, all
27 Encumbrances existing against the Purchased Assets before the Closing have been

1 unconditionally released, discharged and terminated, and that the transfers and conveyances
2 described herein have been effected, and (ii) shall be binding upon and shall govern the acts of all
3 persons and entities. If, following a reasonable written request made by the Debtors, any person
4 or entity that has filed financing statements or other documents or agreements evidencing any
5 Encumbrances against the Purchased Assets shall not have delivered to the Debtors for use at or
6 in connection with Closing, in proper form for filing and executed by the appropriate parties,
7 termination statements, instruments of satisfaction, releases of all Encumbrances which the
8 person or entity has with respect to the Purchased Assets, then SCC and/or the Debtors are hereby
9 authorized to execute and file such statements, instruments, releases and other documents on
10 behalf of the person or entity with respect to such Purchased Assets. For the avoidance of doubt,
11 such statements, instruments, releases and other documents shall not impair Encumbrances that
12 attach (subject to any Challenge within the meaning of the Final DIP Order that has been, or may
13 be, timely filed) to the Sale Proceeds or the terms of this Order, including, but not limited to
14 paragraphs 5 and 13 hereof.

15 12. In accordance with the APA, concurrently with the Closing, SCC shall pay that
16 portion of the Purchase Price due at Closing, by wire transfer of immediately available funds, to
17 Debtors' Escrow Deposit Accounts (defined below), subject to the adjustments set forth in
18 Section 1.1.1 of the APA. Any direct expenses of the Sale shall be disclosed by Debtors to the
19 DIP Agent, the Prepetition Secured Creditors, and the Committee in advance of the Closing.

20 13. The terms and conditions of the Final DIP Order shall apply with respect to the
21 Sale Proceeds and Escrow Deposit Accounts (defined herein). Without limiting the foregoing, the
22 Debtors shall comply with paragraph 4 of the Final DIP Order in the following manner:

23 (a) the Debtors shall direct SCC and any post-closing escrow agent appointed pursuant to
24 the terms of the APA to remit all Sale Proceeds to be received by the Debtors at Closing or
25 thereafter in cash, to deposit such Sale Proceeds in separate accounts labeled "Santa Clara Sale
26 Proceeds Account," in the name of each Debtor that is a Seller within the meaning of the APA
27 (each such hereafter referred to as "Escrow Deposit Account");
28

(b) in giving direction to SCC pursuant to sub-paragraph (a), above, the Debtors shall exercise their reasonable business judgment, in good faith, and allocate the Sale Proceeds among the Escrow Deposit Accounts on the basis of the value of each Debtor's Purchased Assets as of the Closing (which allocation, for the avoidance of doubt, shall be subject to the reservations of rights in paragraph 4 of the Final DIP Order and footnote 5 of Exhibit 1 of the Bidding Procedures Order); provided further that nothing in this paragraph shall waive or limit any rights the Committee may have in connection with the confirmation of a proposed chapter 11 plan for any of the Debtors' cases (including the right to seek to reallocate estate values);

(c) without limitation of the rights of the DIP Agent and DIP Lender under the DIP Financing Agreements and the Final DIP Order, no funds held in any Escrow Deposit Account shall be (i) commingled with any other funds of the applicable Debtor or any of the other Debtors or (ii) used by the Debtors for any purpose, except as provided in this Order, the DIP Credit Agreements or Final DIP Order without further order of this Court, after reasonable notice under the circumstances to the DIP Agent, the Prepetition Secured Creditors and the Committee;

(d) each Escrow Deposit Account shall be subject to a deposit account control agreement in favor of the DIP Agent and DIP Lender, and subject to, without limitation of the rights of the DIP Agent and DIP Lender under the DIP Financing Agreements and the Final DIP Order with respect to the Sale Proceeds and Escrow Deposit Account, including, without limitation, following the occurrence of an Event of Default or the Revolving Loan Termination Date (as defined in the DIP Credit Agreement), the Debtors shall not be permitted to use the funds held in any Escrow Deposit Account for any purpose, except as provided in paragraph 14, 15, 16, and 17 of this Order, and to fund any Purchase Price adjustment in favor of the Purchaser, without first obtaining the consent of the DIP Agent, DIP Lender and the Prepetition Secured Creditors or obtaining an order of the Court pursuant to §§ 363 or 1129 after reasonable notice under the circumstances to the DIP Agent, the DIP Lender, the Prepetition Secured Creditors and the Committee and, if necessary, a hearing thereon.

1 14. Concurrently with the Closing or as soon thereafter as is possible, and in
2 accordance with the APA, the Debtors (i.e., the Hospital Debtors defined in the APA) shall pay
3 out of the Sale Proceeds to the counter-parties to the Designated Contracts the cure amounts set
4 forth in the *Debtors' Notice to Counterparties to Executory Contracts and Unexpired Leases of*
5 *the Debtors That May Be Assumed and Assigned* [Docket No. 810], the *Supplement to Notice to*
6 *Counterparties to Executory Contracts and Unexpired Leases of the Debtors That May be*
7 *Assumed and Assigned* [Docket No. 998], the *Amended Notice of Contracts Designated by Santa*
8 *Clara County for Assumption and Assignment* [Docket No. 1110] (collectively, the "Cure
9 Notices"), or as otherwise agreed to by the Debtors, SCC and the applicable counter-parties
10 thereto or ordered by this Court after a continued hearing on the Cure Objections (the
11 "Designated Cure Amounts").

12 15. To the extent that any of the contracts and/or leases, which give rise to the
13 Designated Cure Amounts and are set forth in the *Amended Notice of Contracts Designated by*
14 *Santa Clara County for Assumption and Assignment* [Docket No. 1110] (the "Currently Identified
15 Designated Contracts") are executory contracts or unexpired leases (over which the Court is not
16 making any such determination at this time), then in connection with the Closing, the Debtors
17 shall be deemed to have assumed all such Currently Identified Designated Contracts (so that they
18 are deemed part of the Designated Contracts) and to have assigned them to SCC, and SCC shall
19 have assumed all obligations owing under all such Currently Identified Designated Contracts
20 arising after and following the Closing. In the event that the Court ultimately determines that any
21 such counter-parties to the Currently Identified Designated Contracts (the "Currently Identified
22 Designated Contract Counter-Parties") have an allowed claim against the Debtors which exceeds
23 the Designated Cure Amounts, the difference will be paid by the Debtors out of the Sale Proceeds
24 and shall not be the responsibility of SCC. The Court shall resolve any and all disputes which
25 may arise between the Debtors, SCC and any of the Currently Identified Designated Contract
26 Counter-Parties over whether the Currently Identified Designated Contracts are executory
27 contracts or unexpired leases and whether any of the Currently Identified Designated Contract

Counter-Parties are entitled to an allowed claim against the Debtors which exceeds the Designated Cure Amounts.

16. All of the Currently Identified Designated Contracts, to the extent they are executory contracts or unexpired leases, shall be part of the Designated Contracts that will be assumed by the Debtors and assigned to SCC at the Closing. In the event that SCC elects to add any other of the Debtors' executory contracts or unexpired leases to the list of Designated Contracts (the "Subsequently Identified Designated Contracts"), the Debtors shall (i) file a notice with the Court, by January 23, 2019, identifying all such Subsequently Identified Designated Contracts and their respective cure amounts, and (ii) serve such notice by over-night mail on all counter-parties to the Subsequently Identified Designated Contracts (the "Subsequently Identified Designated Contract Counter-Parties"). All Subsequently Identified Designated Contracts shall be assumed by the Debtors and assigned to SCC at the Closing, with the Debtors to be obligated to pay all cure amounts owing to such Subsequently Identified Designated Contract Counter-Parties concurrently with the Closing, as set forth in the Debtors' notice, or as otherwise agreed to by the Debtors, SCC and the applicable counter-parties thereto, or ordered by the Court in accordance with paragraph 36 below (the "Additional Cure Amounts").

17. Upon the Closing, the Debtors are authorized and directed to assume, assign and/or transfer each of the Designated Contracts to SCC, including the Currently Identified Designated Contracts and any Subsequently Identified Designated Contracts (all counterparties to the Currently Identified Designated Contracts and any Subsequently Identified Designated Contracts collectively, the "Contract Counter-Parties"). At the Closing, the Debtors shall pay out of the Sale Proceeds (i) to the Designated Cure Amounts identified in paragraph 14 above, and (ii) the Additional Cure Amounts. Payment by the Debtors of such Designated Cure Amounts and Additional Cure Amounts are deemed the necessary and sufficient amounts to "cure" all "defaults" with respect to all such Currently Identified Designated Contracts and Subsequently Identified Designated Contracts under § 365(b). The payment by the Debtors shall (i) effect a cure of all defaults existing under all such Currently Identified Designated Contracts, and (ii) compensate all such Contract Counter-Parties for any actual

pecuniary loss resulting from any such default. The Debtors shall then have assumed and assigned to SCC, effective as of the Closing, all of the Designated Contracts (comprised of both all Currently Identified Designated Contracts and all Subsequently Identified Designated Contracts, if any), and, pursuant to § 365(f), the assignment by the Debtors of all such Designated Contracts to SCC shall not be a default thereunder. After the payment of the Designated Cure Amounts and the Additional Cure Amounts by the Debtors, neither the Debtors nor SCC shall have any further liabilities to any Contract Counter-Parties, other than SCC's obligations under the Designated Contracts that accrue and become due and payable after the Closing Date. In addition, adequate assurance of future performance has been demonstrated by or on behalf of SCC with respect to all of the Designated Contracts within the meaning of §§ 365(b)(1)(c), 365(b)(3) (to the extent applicable) and 365(f)(2)(B). For the avoidance of doubt, the Debtors shall be liable for the payment of all cure costs with respect to the Designated Contracts as may be required under § 365(b)(1). SCC shall not be liable for the payment of any cure costs with respect to the Designated Contracts as may be required under § 365(b)(1) or for the payment of any liabilities or obligations arising from or related to (a) such Designated Contracts on or prior to the Closing of the Transaction, (b) any executory contracts which the Debtors intend to reject by appropriate motion at a later date and which are not being assumed and assigned to SCC as part of the Transaction, (c) any prepetition multiparty contract affecting more than one Debtor in addition to OCH and/or SLRH, or (d) any collective bargaining agreement, pension plan, or health and welfare plan providing collectively bargained benefits to which OCH and/or SLRH is a party or sponsor.

18. The Debtors intend to reject, pursuant to § 365(a), all executory contracts to which OCH and SLRH are a party, excluding (i) Designated Contracts, (ii) any prepetition multiparty contract affecting more than one Debtor in addition to OCH and/or SLRH, and (iii) any collective bargaining agreement, pension plan or health and welfare plan providing collectively bargained benefits to which OCH and/or SLRH is a party or sponsor. The Debtors shall file an appropriate motion to reject such contracts prior to Closing. Notwithstanding the prior statement, Closing is conditioned upon the rejection, termination and/or modification of all applicable CBAs

1 related to OCH and SLRH, pursuant to § 1113 or as otherwise agreed to between the Debtors, the
2 respective unions, and as approved by the Court.

3 19. All of the Contract Counter-Parties are forever barred, estopped, and permanently
4 enjoined from (i) raising or asserting against the Debtors or SCC, or any of their property, any
5 assignment fee, acceleration, default, breach, or claim of pecuniary loss, or condition to assignment,
6 arising under or related to the Designated Contracts, existing as of the Closing, or arising by reason of
7 the consummation of the Transaction contemplated by the APA, including, without limitation, the
8 Transaction and the assumption and assignment of the Designated Contracts, including any asserted
9 breach relating to or arising out of the change-in-control provisions in such Designated Contracts, or
10 any purported written or oral modification to the Designated Contracts and (ii) asserting against SCC
11 any claim, counterclaim, breach, or condition asserted or assertable against the Debtors existing as of
12 the Closing or arising by reason of the transfer of the Purchased Assets, except for the Assumed
13 Obligations.

14 20. Any provisions in any Designated Contracts that prohibit or condition the assignment
15 of such Designated Contract or allow the counterparty to such Designated Contract to terminate,
16 recapture, impose any penalty, condition on renewal or extension or modify any term or condition
17 upon the assignment of such Designated Contract constitute unenforceable anti-assignment provisions
18 that are void and of no force and effect with respect to the Debtors' assumption and assignment of such
19 Designated Contract to SCC in accordance with the APA, pursuant to § 363(f). **Notwithstanding the**
20 **foregoing, the rights of Contract Counter-Parties to assert that a Designated Contract may not be**

22 **licensing of intellectual property, are preserved, and any such objections may be asserted in accordance**

24 **Counter-Party that has failed to object within the deadlines set forth in the applicable Cure Notice is**
25 **now forever barred from asserting its objection.**

26 21. The terms and provisions of this Sale Order, as well as the rights granted under the
27 Transaction Documents, shall continue in full force and effect and are binding upon any successor,

reorganized Debtors, or chapter 7 or chapter 11 trustee applicable to the Debtors, notwithstanding any such conversion, dismissal or order entry. Nothing contained in any chapter 11 plan confirmed in the Debtors' cases or in any order confirming such a plan, nor any order dismissing the cases or converting the cases to a case under chapter 7, shall conflict with or derogate from the provisions of the APA, any documents or instruments executed in connection therewith, or the terms of this Sale Order, provided however, that in the event of a conflict between this Sale Order and an express or implied provision of the APA, this Sale Order shall govern. The provisions of this Sale Order and any actions taken pursuant hereto shall survive any conversion or dismissal of the cases and the entry of any other order that may be entered in the cases, including any order (i) confirming any plan of reorganization; (ii) converting the cases from chapter 11 to chapter 7; (iii) appointing a trustee or examiner in the cases; or (iv) dismissing the cases.

22. The Transaction contemplated by the APA and other Transaction Documents are undertaken without collusion and in "good faith," as that term is defined in § 363(m) of the Bankruptcy Code. SCC is a good faith purchaser within the meaning of § 363(m) and, as such, is entitled to the full protections of § 363(m). Accordingly, the reversal or modification on appeal of the authorization provided herein by this Sale Order to consummate the Transaction shall not affect the validity of the sale of the Purchased Assets to SCC. The APA and the Transactions contemplated thereby cannot be avoided under § 363(n).

23. The failure to specifically include any particular provision of the APA or the other Transaction Documents in this Sale Order shall not diminish or impair the effectiveness of such provisions, it being the intent of the Bankruptcy Court that the Transaction, the APA and the other Transaction Documents be authorized and approved in their entirety. Likewise, all of the provisions of this Sale Order are non-severable and mutually dependent.

24. This Order constitutes a final and appealable order within the meaning of 28 U.S.C. § 158(a). Notwithstanding Rules 6004(h), 6006(d), 7062, or 9014, if applicable, or any other LBR or otherwise, this Sale Order shall not be stayed for 14-days after the entry hereof, but shall be effective

1 and enforceable immediately upon entry pursuant to Rule 6004(h) and 6006(d). Time is of the essence
2 in approving the Transaction (including the transfer and the sale of the Purchased Assets).

3 25. The automatic stay in effect pursuant to § 362 is hereby lifted with respect to the
4 Debtors to the extent necessary, without further order of this Court, to (i) allow SCC to deliver any
5 notice provided for in the APA and Transaction Documents and (ii) allow SCC to take any and all
6 actions permitted under the APA and Transaction Documents in accordance with the terms and
7 conditions thereof.

8 26. Unless otherwise provided in this Sale Order, to the extent any inconsistency exists
9 between the provisions of the APA and this Sale Order, the provisions contained in this Sale Order
10 shall govern.

11 27. This Court shall retain exclusive jurisdiction to interpret, construe, and enforce the
12 provisions of the APA and this Sale Order in all respects, and further, including, without limitation, to
13 (i) hear and determine all disputes between the Debtors and/or SCC, as the case may be, and any other
14 non-Debtor party to, among other things, the Designated Contracts concerning, among other things,
15 assignment thereof by the Debtors to SCC and any dispute between SCC and the Debtors as to their
16 respective obligations with respect to any asset, liability, or claim arising hereunder; (ii) compel
17 delivery of the Purchased Assets to SCC free and clear of Encumbrances; (iii) compel the delivery of
18 the Purchase Price or performance of other obligations owed to the Debtors; (iv) interpret, implement,
19 and enforce the provisions of this Sale Order; and (v) protect SCC against (A) claims made related to
20 any of the Excluded Liabilities (as defined in the APA), (B) any claims of successor or vicarious
21 liability (or similar claims or theories) related to the Purchased Assets or the Designated Contracts, or
22 (C) any Encumbrances asserted on or against SCC or the Purchased Assets.

23 28. Following the date of entry of this Sale Order, the Debtors and SCC are authorized to
24 make changes to the APA without the need for any further order of the Court provided that all such
25 changes have been approved in writing by the Debtors, SCC, the Committee, the DIP Agent, and
26 Prepetition Secured Creditors. Any other changes to the APA or this Sale Order require a further order
27 of the Court, after reasonable notice under the circumstances and a hearing.

29. Notwithstanding any other provision of this Sale Order or any other Order of this Court, no sale, transfer or assignment of any rights and interests of a regulated entity in any federal license or authorization issued by the FCC shall take place prior to the issuance of FCC regulatory approval for such sale, transfer or assignment pursuant to the Communications Act of 1934, as amended, and the rules and regulations promulgated thereunder. The FCC's rights and powers to take any action pursuant to its regulatory authority, including, but not limited to, imposing any regulatory conditions on such sales, transfers and assignments and setting any regulatory fines or forfeitures, are fully preserved, and nothing herein shall proscribe or constrain the FCC's exercise of such power or authority to the extent not inconsistent with the applicable provisions of the Bankruptcy Code.

30. To the extent the Purchased Assets contain records of the Verity Health System Retirement Plan A and Verity Health System Retirement Plan B (collectively, the "Pension Plans") or employment records of participants of the Pension Plans, the SCC shall store, and preserve any such records until the PBGC has completed its investigation regarding the Pension Plans and shall make such documents available to the PBGC for inspection and copying. Such records include, but are not limited to, any Pension Plan governing documents, actuarial documents, and employment records (collectively, the "Pension Plan Documents"). The Debtors shall retain and not abandon any Pension Plan Documents that are not Purchased Assets for not less than twelve (12) months after Closing and shall make such documents available to the PBGC for inspection and copying.

31. No later than January 18, 2019, either (i) the Debtors will file a notice of a resolution of the issues regarding the transfer and/or proposed assumption and assignment or rejection of the Medi-Cal Provider Agreements or (b) DHCS will file a supplemental objection to the proposed transfer of the Medi-Cal Provider Agreements. If necessary, the Debtors will file any reply to the supplemental objection no later than 4:00 p.m. (Pacific Time), on January 25, 2019, and a hearing will be held on the issues raised regarding the transfer and/or proposed assumption and assignment or rejection of the Medi-Cal Provider Agreements on January 30, 2019, at 10:00 a.m. (Pacific Time); and all parties' rights, claims, and defenses are preserved until that hearing. Nothing in this Sale Order shall apply to

1 Medi-Cal Provider Agreements until and unless there is a Court order approving a settlement between
2 the Debtors and the DHCS or a Court order resolving the DHCS's objections.

3 32. No later than January 18, 2019, either (i) the Debtors will file a notice of a resolution of
4 the issues regarding the transfer and/or proposed assumption and assignment or rejection of the
5 Medicare Provider Agreements or (b) HHS will file a supplemental objection to the proposed transfer
6 of the Medicare Provider Agreements. If necessary, the Debtors will file any reply to the supplemental
7 objection no later than 4:00 p.m. (Pacific Time), on January 25, 2019, and a hearing will be held on the
8 issues raised regarding the transfer and/or proposed assumption and assignment or rejection of the
9 Medicare Provider Agreements on January 30, 2019, at 10:00 a.m. (Pacific Time); and all parties'
10 rights, claims, and defenses are preserved until that hearing. Nothing in this Sale Order shall apply to
11 Medicare Provider Agreements until and unless there is a Court order approving a settlement between
12 the Debtors and the HHS or a Court order resolving the HHS's objections.

13 33. The Debtors must have resolution of the collective bargaining agreements (the
14 "CBAs") that cover employees at Saint Louise Regional Hospital and O'Connor Hospital prior to SCC
15 closing on the proposed Sale pursuant to the APA. The hearing on the Debtors' motion(s) with respect
16 to the rejection and/or modification of such CBAs (the "CBA Motions") will occur on January 30,
17 2019, at 10:00 a.m. (Pacific Time). Debtors shall file the CBA Motions by no later than January 2,
18 2019. Any objection to the CBA Motions shall be filed on January 16, 2019, and any reply shall be
19 filed on January 23, 2019.

20 34. A continued hearing on the Cure Objections shall be held on January 30, 2019, at 10:00
21 a.m. (Pacific Time). As to the Currently Identified Designated Contracts, by no later than Friday,
22 January 18, 2019, the Debtors shall file a notice containing a list of (a) the Cure Objections that have
23 been resolved, and (b) the Cure Objections as to which Court intervention is required. As to the Cure
24 Objections for which Court intervention is required, the following briefing schedule shall apply: ~~(2)~~
25 (1) the Debtors' opposition to each outstanding Cure Objection shall be submitted by no later than
26 Friday, January 18, 2019; and ~~(3)~~ (2) the counterparties' reply in support of its Cure Objections shall be
27 submitted by no later than Friday, January 25, 2019. Nothing in this Sale Order constitutes a finding or
28

determination on any Cure Objection. All Cure Objections are preserved until resolved either by agreement between the Debtors and the contract counterparty or further order of the Court.

35. As to any executory contracts or unexpired leases that were listed on the Initial Designated Contract List, but not listed on any prior Cure Notices, any counterparty thereto may file an objection to the cure amount or assumption thereof by January 11, 2019, and all other provisions in paragraph 34 shall apply to resolution thereof.

36. As to Subsequently Identified Designated Contracts, (i) the Debtors shall file a notice with the Court, by January 23, 2019, identifying all Subsequently Identified Designated Contracts and provide service thereof in accordance with paragraph 16, and (ii) to the extent that any Subsequently Identified Designated Contracts were not listed on any of the prior Cure Notices, counterparties subject to contracts who object to assumption and/or the proposed cure amounts must file an objection no later than January 30, 2019, and any reply shall be filed on February 6, 2019. **The request by Medical Office Building of California LLC for an extension of the January 30, 2019 objection deadline in the event that its lease is designated as a Subsequently Identified Designated Contract is overruled.** To the extent that a negotiated resolution cannot be achieved, any objections filed in connection with the Subsequently Identified Designated Contracts shall be adjudicated on February 13, 2018, **at 10:00 a.m. (Pacific Time)**, where the Court shall resolve any and all disputed issues related to the objection.

37. The Committee's and the Prepetition Secured Creditors' rights, and their ability to participate and be heard at the hearings described in paragraphs 31-36 of this Sale Order, are hereby reserved. To the extent that the DIP Agent, DIP Lender, Prepetition Secured Creditors or the Committee desire to file pleadings related to such hearings, their respective times for filing an objection or response to any of the requests for relief described in paragraphs 31-36 herein shall be the same as granted to the Debtors pursuant to the notice in each such instance.

MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

Verity Health System of California, Inc., a California nonprofit public benefit corporation and the Debtor herein (“Verity”), and the above-referenced affiliated debtors, the debtors and debtors in possession in the above-captioned chapter 11 bankruptcy cases (collectively, the “Debtors”), seek entry of an order: (a) designating Strategic Global Management, Inc. (“SGM” or the “Stalking Horse Purchaser”) as the stalking-horse bidder for St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center, Seton Medical Center (collectively, the “Hospitals”), and related assets (collectively, the “Purchased Assets”), at a price of approximately \$610 million (\$420 million allocated to St. Francis Medical Center, \$120 million allocated to St. Vincent Medical Center and \$70 million allocated to Seton Medical Center and Seton Coastsides combined), plus payment of Cure Costs (defined below) associated with any Assumed Leases and/or Assumed Contracts (the “Cash Consideration,” and collectively, the “Stalking Horse Bid”); (b) setting bid procedures to establish guidelines for parties interested in making an overbid; (c) scheduling an auction to be held on April 8, 2019 and April 9, 2019; and (d) scheduling a sale hearing for the Court to approve the winning bidder.

The Debtors have vigorously marketed the Purchased Assets and believe that the Stalking Horse Bid represents a fair market value for the Purchased Assets. Moreover, SGM is a buyer who will maintain the healthcare characteristics of St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center and Seton Medical Center, continuing patient care for the communities served by the Hospitals and healthcare providers. Nonetheless, the Debtors are hopeful that there will be an auction which may result in overbids. Based on the foregoing, and for the reasons set forth below in greater detail, the Debtors respectfully request that the Court grant the Motion.

II. JURISDICTION AND VENUE

The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). The venue of these Cases is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

Seton Coastsides also operates the only 24-hour "standby" Emergency Department along the 55-mile stretch between Santa Cruz and Daly City. Under a consolidated license, Seton Medical Center and Seton Coastsides share the same Board of Directors, executive leadership team, charity care policies, and union collective bargaining agreements. *See* Adcock First-Day Declaration.

11. As of the Petition Date, Seton Medical Center and Seton Coastsides employed approximately 1,340 employees, of which 516 are full-time, 551 are part time and 273 are per diem. *See* Adcock First-Day Declaration.

12. Verity Holdings, LLC ("Holdings") is a direct subsidiary of its sole member VHS and was created in 2016 to hold and finance VHS' interests in four medical office buildings whose tenants are primarily physicians, medical groups, healthcare providers, and certain of the

1 VHS Hospitals. Holdings' real estate portfolio includes more than 15 properties. Holdings is the
2 borrower on approximately \$66.2 Million of non-recourse financing secured by separate deeds of
3 trust and revenue and accounts pledges, including the rents on each medical office building. *See*
4 Adcock First-Day Declaration.

5 13. Previously, the Hospitals were owned by the Daughters of Charity Healthcare
6 System ("DCHS"). Despite continuous efforts to improve operations, operating losses continued
7 to plague the health system due to, among other things, mounting labor costs, low reimbursement
8 rates and the ever-changing healthcare landscape. In 2013, DCHS actively solicited offers for its
9 hospitals. *See* Adcock First-Day Declaration.

10 14. In early 2014, DCHS announced that they were beginning a process to evaluate
11 strategic alternatives for the health system. Throughout 2014, DCHS explored offers to sell their
12 hospital system, including the Hospitals, and, in October of 2014, they entered into an agreement
13 with Prime Healthcare Services and Prime Healthcare Foundation (collectively, "Prime") to sell
14 the health system. However, to keep the hospitals open, DCHS needed to borrow \$125 Million to
15 mitigate immediate cash needs during the sales process; in other words, to allow DCHS to
16 continue to operate until the sale could be consummated. In early 2015, the California Attorney
17 General consented to the sale to Prime, subject to conditions on that sale that were so onerous that
18 Prime terminated the transaction. *See* Adcock First-Day Declaration.

19 15. In 2015, DCHS again marketed their health system for sale, and, again, focused on
20 offers that maintained the health system as a whole, and assumed all the obligations. In July
21 2015, the DCHS Board of Directors selected BlueMountain Capital Management LLC
22 ("BlueMountain"), a private investment firm, to recapitalize its operations and transition
23 leadership of the health system in the restructured Verity Health System (the "BlueMountain
24 Transaction").

25 16. In connection with the BlueMountain Transaction, BlueMountain agreed to make a
26 capital infusion of \$100 Million to the health system, arrange loans for another \$160 Million to
27 the health system, and manage operations of the health system, with an option to buy the health
28 system at a future time. In addition, the parties entered into a System Restructuring and Support

1 Agreement (the “Restructuring Agreement”), DCHS’s name was changed to Verity Health
2 System.

3 17. On December 3, 2015, the California Attorney General approved the
4 BlueMountain Transaction, subject to conditions. Despite BlueMountain’s infusion of cash and
5 retention of various consultants and experts to assist in improving cash flow and operations, the
6 health system did not prosper.

7 18. In July 2017, NantWorks, LLC (“NantWorks”) acquired a controlling stake in
8 Integrity Healthcare, LLC. NantWorks brought in a new CEO, CFO, and COO. NantWorks
9 loaned another \$148 Million to the Debtors.

10 19. Despite the infusion of capital and new management, it became apparent that the
11 problems facing the Verity Health System were too large to solve without a formal court
12 supervised restructuring. Thus, despite VHS’ great efforts to revitalize its Hospitals and
13 improvements in performance and cash flow, the legacy burden of more than a billion dollars of
14 bond debt and unfunded pension liabilities, an inability to renegotiate collective bargaining
15 agreements or payor contracts, the continuing need for significant capital expenditures for seismic
16 obligations and aging infrastructure, and the general headwinds facing the hospital industry, made
17 success impossible. Losses continue to amount to approximately \$175 Million annually on a cash
18 flow basis.

19 20. Prior to the Petition Date, the Debtors engaged in substantial efforts to market and
20 sell their assets. In June 2018, the Debtor engaged Cain Brothers, a division of KeyBanc Capital
21 Markets (“Cain”), to identify potential buyers of some or all of the Verity hospitals and related
22 assets and commenced discussions with those potential buyer.

23 **B. FACTS RELEVANT TO MOTION**

24 21. Cain prepared a Confidential Investment Memorandum (the “CIM”) and organized
25 an online data site to share information with potentially buyers and contacted over 110 strategic
26 and financial buyers beginning in July 2018 to solicit their interest in exploring a transaction
27 regarding the Debtors.

28 22. By August 2018, as a result of its ongoing and broad marketing process, Cain had

received 11 Indications of Interest (“IOI”), and postpetition Cain continued to develop potential sales. The Debtors, in consultation with Cain and its other advisors, selected SGM’s offer from one or more stalking horse bidder(s) to acquire the Purchased Assets through a sale under § 363.

23. Additional background facts on the Debtors, including an overview of the Debtors’ business, information on the Debtors’ capital structure and additional events leading up to these chapter 11 cases, are contained in the First-Day Declaration.

24. On September 14, 2018, the Office of the United States Trustee appointed an Official Committee of Unsecured Creditors (the “Official Committee”) in these chapter 11 Cases. [Docket No. 197].

C. BIDDING PROCEDURES

25. As indicated above, a true and correct copy of the Stalking Horse APA, entered into between certain Debtors (Verity, Verity Holdings, St. Francis Medical Center, St. Vincent Medical Center, St. Vincent Dialysis Center and Seton Medical Center) and the Stalking Horse Purchaser, is attached hereto as **Exhibit A**. The bidding procedures (the “Bidding Procedures”) are referenced, in part, in Article 6 of the Stalking Horse APA and set forth in a separate scheduled attached thereto.

26. Set forth below are the Bidding Procedures to be employed in connection with the sale of (i) the Purchased Assets, and (ii) the assets not otherwise enumerated in the Stalking Horse APA but associated with the ownership or operation of the Hospitals (the “Other Assets”).

b. Due Diligence

29. The Debtors will afford any Potential Bidder such due diligence access or additional information as the Debtors, in consultation with their advisors, deem appropriate, in their reasonable discretion. The due diligence period shall extend through and including the relevant Bid Deadline; provided, however, that any bid submitted under these procedures shall be irrevocable until at least the selection of the Successful Bidder(s) (defined herein) and any Back-Up Bidder(s) (defined herein).

c. Provisions Governing Qualified Bids

30. A bid submitted by a Potential Bidder will be considered a Qualified Bid (each, a “Qualified Bid,” and each such Potential Bidder thereafter a “Qualified Bidder”) only if the bid complies with the following requirements:

- a) it states that the applicable Qualified Bidder offers to purchase, in cash, some or all of the Purchased Assets and/or the Other Assets;

Center, and Seton Medical Center, and Seton Coastside, and each of the Other Assets, respectively;³

- d) it includes a signed writing that the Qualified Bidder's offer is irrevocable until the selection of the Successful Bidder and the Back-Up Bidder, provided that if such bidder is selected as the Successful Bidder or the Back-Up Bidder then the offer shall remain irrevocable until the earliest of (i) the closing of the transaction with the Successful Bidder, (ii) in the case of the Successful Bidder, a termination of the Qualified Bid pursuant to the terms of the Successful Bidder Purchase Agreement and (iii) with respect to the Back-up Bidder, the time specified in paragraph 44 below;

- i) if the bid is for all of the Purchased Assets, it must have a value to the Debtors, in the Debtors' exercise of its reasonable business judgment, after consultation with its advisors and the Consultation Parties, that is greater than or equal to the sum of the value offered under the Stalking Horse APA, plus (i) the amount of the Break-Up Fee (\$21,350,000.00); (ii) the amount of the expense reimbursement (\$2,000,000.00); and (iii) \$7,000,000.00 (the "Initial Bidding Increment," and, together with the Break-Up Fee and the Expense Reimbursement, the "Minimum Qualified Bid");

³ For the avoidance of doubt, such allocation shall not be binding on the Debtors, their estates or any Consultation Party.

- j) if the bid is a partial bid (the “Partial Bid”),⁴ the terms of paragraph (i) immediately above shall not apply but the terms of paragraph (o) below concerning the Good Faith Deposit shall expressly apply in order to be a bid qualified to participate in the Partial Bid Auction (as defined below) (each, a “Partial Bid Auction Qualified Bid”). In the event that the Debtors aggregate Partial Bids, the Partial Bid purchasers’ responsibility for the Break-Up Fee, the Expense Reimbursement, and the Initial Bidding Increment shall be reasonably allocated to each Partial Bid purchaser, and in no event shall the Stalking Horse Purchaser be entitled to more than one Break-Up Fee and/or Expense Reimbursement;

- o) unless it is a Credit Bid (as defined below), it is accompanied by a (i) good faith deposit in the form of a wire transfer (to a bank account specified by the Debtors), certified check or such other form of cash or cash equivalent acceptable to the Debtors, payable to the order of the Debtors (or such other party as the Debtors may determine) in an amount equal to (a) 20% of purchase price for bids under \$5 million; (b) for bids greater than \$5 million and less than \$100 million, the greater of: (i) \$1 million or (ii) 10% of purchase price; (c) for bids greater than \$100 million, the greater of (i) \$10 million or (ii) 5% of purchase price (collectively, the “Good Faith Deposit”), which Good Faith Deposit shall, be forfeited if such bidder is the Successful Bidder and breaches its obligation to close; and (ii) if the

⁴ A Partial Bid shall mean a bid for less than all of the Purchased Assets.

2 Bidder”) who intends to make a credit bid (each, a “Credit Bid Bidder”), evidence of
3 (a) the basis for and property covered by such Credit Bid Bidder’s secured claim,
4 (b) the amount of such Credit Bid Bidder’s claim that is secured by the property in
5 question, (c) whether it is the senior secured claim on the property (x) prepetition
6 and (y) as of the date of the request to be a Qualified Bidder, as well as (d)

8 claim within the meaning of the Final DIP Order.

- 9
- 10 p) it contains a detailed description of how the Qualified Bidder intends to treat

- 12 r) it identifies the person(s) and their title(s) who will attend the relevant Auction,
13 and confirms that such person(s) have authority to make binding Overbids (defined
14 below) at such Auction
- 15 s) it contains such other information reasonably requested by the Debtors; and
- 16 t) it is received prior to the Bid Deadline.

17

18 31. The Debtors, in consultation with the Consultation Parties (who shall receive
19 copies of the Purchase Agreements relating to any bids cast pursuant to these Bidding Procedures
20 as soon as reasonably practicable), may qualify any bid that meets the foregoing requirements as
21 a Qualified Bid. Notwithstanding the foregoing, the Stalking Horse Purchaser is deemed a
22 Qualified Bidder and the Stalking Horse APA is deemed a Qualified Bid, for all purposes in
23 connection with the Bidding Process, the Auctions, and the Sale.

24

25 32. The Debtors shall notify the Consultation Parties, the Stalking Horse Purchaser, all
26 Qualified Bidders and the Notice Parties in writing as to whether or not any bids constitute
27 Qualified Bids (and with respect to each Qualified Bidder that submitted a bid as to whether such
28 Qualified Bidder’s bid constitutes a Qualified Bid) and provide copies of the Purchase
Agreements relating any such Qualified Bid to the Consultation Parties, the Stalking Horse
Purchaser and such Qualified Bidders, and the Notice Parties on the earlier of (1) the date that any
bid other than the Stalking Horse Bid has been deemed a Qualified Bid, or (2) two business days
prior to the Partial Bid Auction.

29

30 **d. Bid Deadline**

31 33. In order to be eligible to participate in the Auction, a Qualified Bidder that desires

to make a bid will deliver written copies of its bid to the following parties (collectively, the “Notice Parties”): (i) counsel to the Debtors: Dentons US LLP, 601 S. Figueroa Street, Suite 2500, Los Angeles, CA 90017 (Attn: Tania M. Moyron (tania.moyron@dentons.com)); (ii) the Debtors’ Investment Banker: Cain Brothers, a division of KeyBanc Capital Markets, 1 California Street, Suite 2400, San Francisco, CA 94111 (Attn: James Moloney (jmoloney@cainbrothers.com)); (iii) counsel to the Official Committee: Milbank, Tweed, Hadley & McCloy LLP, 2029 Century Park East, 33rd Floor, Los Angeles, CA 90067 (Attn: Gregory A. e. Credit Bidding

34. Any party with a valid, properly perfected security interest in any of the Purchased Assets and/or Other Assets (which is not subject to a pending Challenge within the meaning of the Final DIP Order) may credit bid for such Purchased Assets and/or Other Assets in connection with the Sale in accordance with and pursuant to § 363(k), except as otherwise limited by the Debtors for cause; provided, however, that any party seeking to credit bid may not credit bid unless such bid provides that all secured creditors with security interests on such Purchased Assets and/or Other Assets that are senior to such junior security interest are to be paid in cash in connection with such junior creditor’s bid. Any credit bids made by secured creditors shall not impair or otherwise affect the Stalking Horse Purchaser’s entitlement to the benefits of the Bidding Procedures and related protections granted under the Bidding Procedures Order.

f. Evaluation of Competing Bids

35. A Qualified Bid will be valued based upon several factors including, without

1 limitation: (i) the amount of such bid; (ii) the risks and timing associated with consummating such
2 bid; (iii) any proposed revisions to the form of Stalking Horse APA; and (iv) any other factors
3 deemed relevant by the Debtors in their reasonable discretion, in consultation with the
4 Consultation Parties, including the amount of cash included in the bid.

5 **g. No Qualified Bids**

6 36. If the Debtors do not receive any Qualified Bids other than the Stalking Horse
7 APA, the Debtors will not hold an auction and the Stalking Horse Purchaser will be named the
8 Successful Bidder for the Purchased Assets. If the Debtors receive one or more qualified Partial
9 Bid Auction Qualified Bids and, after the Partial Bid Auction contemplated by paragraphs 37 and
10 38 below (and Section H in the Bidding Procedures Schedule 6.1(b)(3) annexed to the Stalking
11 Horse APA), the Debtors will determine, in consultation with the Consultation Parties, if there are
12 any Partial Bidders that will not be qualified to participate at the Full Bid Auction

13 **h. Auction Process**

14 37. If the Debtors receive one or more Partial Bid Auction Qualified Bids as set forth
15 above, the Debtors will conduct separate auctions of each asset or combinations thereof (each, a
16 “Partial Bid Auction”). Any Partial Bidder holding a Partial Bid Auction Qualified Bid shall be
17 entitled to bid on any assets in any Partial Bid Auction(s). The procedures below for the Full Bid
18 Auction shall apply to the Partial Bid Auction, except as where otherwise indicated. The Debtors
19 will conduct the Partial Bid Auction(s), which shall be transcribed, on April 8, 2019 at 10:00 a.m.
20 (prevailing Pacific Time) at the offices of Dentons US LLP, 601 South Figueroa Street, Suite
21 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all
22 entities entitled to attend the Auction.

23 38. The Partial Bid Auction Qualified Bids determined by the Debtors, in consultation
24 with the Consultation Parties, at the Partial Bid Auction(s) (as set forth above) to be eligible to
25 participate at the Full Bid Auction, including (without limitation) the highest and best bids for
26 each asset (the “Winning Partial Bids”) shall be permitted to participate in the Full Bid Auction
27 (as defined below) of the Purchased Assets and/or the Other Assets, except that:

- (a) If the Partial Bids, at the conclusion of the Partial Bid Auction, include all four APA Facilities and exceed, in the aggregate, the Purchase Price in the Stalking Horse APA, there will be a Full Bid Auction (as defined below) and (1) the Stalking Horse Purchaser may overbid in the aggregate for all four APA Facilities, or (2) the Stalking Horse Purchaser may bid for less than the four APA Facilities and be entitled to a pro-rata Break-Up Fee for the APA Facilities which the Stalking Horse Purchaser does not acquire, as specified in the Stalking Horse APA at Section 6.26 (b)(2);
- (b) If the Partial Bids do not include all four APA Facilities, and if there are no other Qualified Full Bids, then Seller, in its discretion, after consultation with the Consultation Parties, may choose, at the conclusion of the Partial Bid Auction, (1) to have no Full Bid Auction and the Stalking Horse Purchaser will purchase the four APA Facilities pursuant to the Stalking Horse APA, or (2) if the Debtor and Consultation Parties deem the aggregate designated Winning Partial Bid(s) to be sufficient to warrant leaving one or more APA Facilities behind (the "Remaining Facility"), the Stalking Horse Purchaser shall have the option of (i) acquiring the Remaining Facility at the allocated price in the Stalking Horse APA, (ii) overbidding one or more of the Partial Bids, or (iii) terminating the Stalking Horse APA. In either event, the Stalking Horse Purchaser shall be entitled to the Break-Up Fee for all of the APA Facilities not acquired by the Stalking Horse Purchaser.

39. If the Debtors receive, in addition to the Stalking Horse APA, one or more Qualified Full Bids (and/or a combination of Winning Partial Bids from the Partial Bid Auction(s) seeking, on aggregate basis, to purchase all or substantially all of the Purchased Assets and/or the Other Assets), the Debtors will conduct a full bid auction of the Purchased Assets and/or the Other Assets (the "Full Bid Auction"), which shall be transcribed, on April 9, 2019 (the "Full Bid Auction Date"), at 10:00 a.m. (prevailing Pacific Time), at the offices of Dentons US LLP, 601 South Figueroa Street, Suite 2500, Los Angeles, CA 90017, or such other location as shall be timely communicated to all entities entitled to attend the Auction.

The Full Bid Auction shall be conducted in accordance with the following procedures:

- a) only the Debtors, the Stalking Horse Purchaser, Qualified Bidders who have timely submitted a Qualified Bid, the U.S. Trustee, and the Consultation Parties, and their respective advisors, and other parties who request and receive authority to attend the auction in advance from the Debtors may attend the Auction;
- b) only the Stalking Horse Purchaser and the Qualified Bidders who have timely submitted Qualified Bids will be entitled to make any subsequent bids at the Auction;

- c) each Qualified Bidder shall be required to confirm that it has not engaged in any collusion with respect to the bidding or the sale;
- d) all Qualified Bidders who have timely submitted Qualified Bids will be entitled to be present for all Subsequent Bids (defined herein) at the relevant Auction and the actual identity of each Qualified Bidder will be disclosed on the record at the relevant Auction; provided that all Qualified Bidders wishing to attend the relevant Auction must have at least one individual representative with authority to bind such Qualified Bidder attending the relevant Auction in person;
- e) the Debtors, after consultation with the Consultation Parties, and the Stalking Horse Purchaser, may employ and announce at the relevant Auction additional procedural rules that are (i) reasonable under the circumstances for conducting the relevant Auction, (ii) in the best interest of the Debtors' estates; provided, however, that rules (i) are disclosed to the Stalking Horse Purchaser and each Qualified Bidder participating in the Auction, and (ii) are not inconsistent with the Bid Protections, the Stalking Horse APA, the Bankruptcy Code, or any order of the Court entered in connection herewith;
- f) bidding at the relevant Auction will begin with a bid determined by the Debtors after consulting with the Consultation Parties as being the then highest and best bid which will be announced by the Debtors prior to the commencement of the Auction (the "Baseline Bid"). The Auction will continue in bidding increments to be determined in the discretion of the Debtors, in consultation with the Consultation Parties (each a "Overbid"), and all material terms of each Overbid shall be fully disclosed to all other Qualified Bidders who submitted Qualified Bids and are in attendance at the Auction (including, without limitation, Winning Partial Bids), as well as to the Notice Parties;
- g) the initial Overbid, if any, shall provide for total consideration to Debtors with a value that exceeds the value of the consideration under the Baseline Bid by an incremental amount. Additional consideration in excess of the amount set forth in the respective Baseline Bid must include: (i) cash and/or (ii) in the case of a Qualified Bidder (including, without limitation, with respect to any Winning Partial Bids) that is a Credit Bid Bidder that has a valid and perfected lien (not subject to a Challenge within the meaning the Final DIP Order) on any of the Purchased Assets and/or the Other Assets, a Credit Bid of up to the full amount of such Credit Bidder's allowed perfected lien, subject to § 363(k) and any other restrictions set forth herein; and
- h) at the Full Bid Auction, the Stalking Horse Purchaser may, subject to the terms and conditions set forth herein, elect to bid for the Purchased Assets as described in the Bid Procedures Order. In the alternative, the Stalking Horse Purchaser, and any bidder with a Qualified Full Bid, (a) may elect to bid against any one or more of the Winning Partial Bidders for the assets subject to the relevant Partial Bid(s), in lieu of seeking to acquire such Purchased Assets and/or Other Assets by means of the Stalking Horse Bid or another Qualified Full Bid; and (b) if successful with its Overbids for such assets, replace the Winning Partial Bidder(s) as the proponent of the relevant Winning Partial Bids or Aggregate Winning Partial Bid as to such

assets. In the event that the Stalking Horse Purchaser or another bidder so elects, and as long as the Stalking Horse Purchaser or another bidder so bids, the Winning Partial Bidders must continue to present qualified Winning Partial Bids (i.e., bids as to which the aggregate of all still pending Winning Partial Bids is greater than or equal to the then Prevailing Highest Bid) for the Purchased Assets and/or the Other Assets in each round to continue to bid as Winning Partial Bidders in the Full Bid Auction. In addition, the Debtors may elect, in their discretion, after consultation with the Consultation Parties, to allow Partial Bidders to bid for all or substantially all the Purchased Assets and/or the Other Assets subject to augmenting its Good Faith Deposit, as necessary, or to allow proponents of Full Bids to bid for less than all or substantially all of the Purchased Assets and/or the Other Assets in any given round of the Auction, provided that in any given round there is a Full Bid or an Aggregate Partial Bid that is superior to Prevailing Highest Bid that is then subject to acceptance by the Debtors and binding on the Stalking Horse Purchaser or another Qualified Bidder. In all events, (i) any such Overbid shall continue to comply with all of the requirements for Qualified Bids set forth in Section C of these Bidding Procedures; and (ii) the bidder submitting such a modified Qualified Bid or Qualified Partial Bid shall furnish to the Debtors and the Consultation Parties, within twenty-four (24) hours of the conclusion of the Auction, a revised Purchase Agreement and Marked Agreement showing all amendments and modifications to the Stalking Horse APA and the Sale Order.

i. Selection of Successful Bid

40. Prior to the conclusion of the relevant Auction, the Debtors, in consultation with the Consultation Parties, will review and evaluate each Qualified Bid in accordance with the procedures set forth herein and determine which offer or offers are the highest or otherwise best from among the Qualified Bids submitted at the relevant Auction (one or more such bids, collectively the “Successful Bid” and the bidder(s) making such bid, collectively, the “Successful Bidder”), and communicate to the Qualified Bidders the identity of the Successful Bidder and the details of the Successful Bid. The determination of the Successful Bid by the Debtors at the conclusion of the relevant Auction shall be subject to approval by the Court. If selected, at the conclusion of the Partial Bid Auction, as the Winning Partial Bidder or the Back-Up Bidder in accordance with by paragraphs 37 and 38 above (and Section H in the Bidding Procedures Schedule 6.1(b)(3) annexed to the Stalking Horse APA), then such party or parties, prior to the Full Bid Auction, shall increase its Good Faith Deposit in the amount set forth in above in paragraph 30, subsection (o), or as determined by the Seller in consultation with the Consultation Parties; provided, however, if a party or parties are bidding on all four APA Facilities, the deposit

1 will be no less than \$30,000,000. If selected as the Successful Bidder or the Back-Up Bidder at
2 the conclusion of the Full Bid Auction, each of the Successful Bidder and the Back-Up Bidder
3 shall, within forty-eight (48) hours, increase its Good Faith Deposit to the sum of five percent
4 (5%) of the Successful Bid or Back-Up Bid, as applicable. If the Successful Bidder fails to
5 increase the Good Faith Deposit within forty-eight (48) hours of the Auction conclusion date (the
6 “Final Deposit”), then (1) the Successful Bidder forfeits its Good Faith Deposit, and (2) the
7 Successful Bid is nullified (i.e., the Back-Up Bidder becomes the Successful Bidder in the
8 amount of its last bid).

9 41. Unless otherwise agreed to by the Debtors and the Successful Bidder, within two
10 (2) business days after the conclusion of the relevant Auction, the Successful Bidder shall
11 complete and execute all agreements, contracts, instruments, and other documents evidencing and
12 containing the terms and conditions upon which the Successful Bid was made. Within forty-eight
13 (48) hours following the conclusion of the relevant Auction, the Debtors shall file a notice
14 identifying the Successful Bidder(s) and Back-Up Bidders with the Court and shall serve such
15 notice by fax, email, or if neither is available, by overnight mail to all counterparties whose
16 contracts are to be assumed and assigned.

17 42. The Debtors will sell the Purchased Assets and (to extent included in an Overbid)
18 the Other Assets to the Successful Bidder pursuant to the terms of the Successful Bid upon the
19 approval of such Successful Bid by the Court at the Sale Hearing and satisfaction of any other
20 closing conditions set forth in the Successful Bidder’s Purchase Agreement.

21 **j. Return of Deposits**

22 43. All deposits shall be returned to each bidder not selected by the Debtors as the
23 Successful Bidder or the Back-Up Bidder (defined herein) no later than five (5) business days
24 following the conclusion of the Auction.

25 **k. Back-Up Bidder**

26 44. If an Auction is conducted, the Qualified Bidder or Qualified Bidders with the next
27 highest or otherwise best Qualified Bid, as determined by the Debtors in the exercise of their
28 business judgment, in consultation with the Consultation Parties, at the relevant Auction shall be

1 required to serve as a back-up bidder (the “Back-Up Bidder”) and keep such bid open and
2 irrevocable for thirty (30) business days after the entry of the Sale Order (the “Thirty-Day
3 Period”). If during the Thirty-Day Period, the Successful Bidder fails to consummate the
4 approved sale because of a breach or failure to perform on the part of such Successful Bidder, the
5 Back-Up Bidder will be deemed to be the new Successful Bidder, and the Debtors will be
6 authorized, but not required, to consummate the sale with the Back-Up Bidder without further
7 order of the Court provided that the Back-Up Bidder shall thereafter keep such bid open and
8 irrevocable in accordance with the terms of the Back-Up Bidder APA; provided further, however,
9 that if the Back-Up Bidder is the Stalking Horse Purchaser, the Debtors will be authorized and
10 required to consummate the sale to the Stalking Horse Purchaser. If, after the Thirty-Day Period,
11 the Successful Bidder has failed to consummate the approved sale, the Back-Up Bidder may
12 elect, at its discretion, to remain as the Back-Up Bidder until (a) the sale closes, (b) the Successful
13 Bidder defaults, or (c) the Back-Up Bidder elects to terminate its participation as Back-Up
14 Bidder. For the avoidance of doubt, after the Thirty-Day Period, if the Successful Bidder fails to
15 consummate the approved sale because of a breach or failure to perform on the part of such
16 Successful Bidder, the Back-Up Bidder will not be contractually obligated to be the Back-Up
17 Bidder, and will have the option to either (i) be entitled to terminate its Back-Up Bidder APA and
18 the return of its deposit, or (ii) remain as the Back-up Bidder, in which event, there will be no re-
19 opening of the auction.

20 **I. Break-Up Fee**

21 45. In recognition of this expenditure of time, energy, and resources, the Debtors have
22 agreed that if the Stalking Horse Purchaser is not the Successful Bidder as to the Purchased
23 Assets, the Debtors will pay the Stalking Horse Purchaser at closing of the sale of the Purchased
24 Assets an amount in cash equal to three and a half percent (3.5%) of the Cash Consideration
25 (\$21,350,000.00), plus reimbursement of reasonably documented reasonable costs and expenses
26 in an amount not to exceed \$2,000,000.00. The Break-Up Fee shall be payable at closing of the
27 sale from the sale proceeds.

28 46. If the Stalking Horse APA is terminated because the Stalking Horse Purchaser is

1 not selected as the Successful Bidder or the Back-Up Bidder at Auction (or the Stalking Horse
2 Purchaser is selected as the Back-Up Bidder but the sale of the Purchased Assets is consummated
3 and closed with another entity), the Debtors shall pay to the Stalking Horse Purchaser the Break-
4 Up Fee by wire transfer of immediately available funds immediately upon, and contemporaneous
5 with, the closing of the sale of the Purchased Assets from the first cash proceeds thereof. The
6 Break-Up Fee shall constitute an administrative expense claim with priority under § 507(a) in
7 favor of the Stalking Horse Purchaser.

8 47. The Debtors acknowledge that the provision of the Break-Up Fee is an integral
9 part of the Stalking Horse APA and are a material and necessary inducement for the Stalking
10 Horse Purchaser to enter into the Stalking Horse APA and to consummate the transactions
11 contemplated therein. In the event that the payment of the Breakup Fee (including any costs of
12 collection) becomes due and payable to the Stalking Horse Purchaser, and such amounts are
13 actually paid to the Stalking Horse Purchaser, such amounts will constitute liquidated damages
14 (and not a penalty). In light of the difficulty of accurately determining actual damages with
15 respect to the foregoing, the right to any such payment of the Breakup Fee (and any related
16 collection costs) and the return of the Deposit to the Stalking Horse Purchaser constitute a
17 reasonable estimate of the damages that will compensate the Stalking Horse Purchaser in the
18 circumstances in which such fees and reimbursements are payable for the efforts and resources
19 expended and the opportunities foregone while negotiating the Stalking Horse APA and in
20 reliance on the Stalking Horse APA and on the expectation of the consummation of the
21 transactions contemplated therein. The Debtors believe that the entry into this Stalking Horse
22 APA provides value to the Debtors' estates and bankruptcy cases by, among other things,
23 inducing other Qualified Bidders to submit higher or better offers for the Purchased Assets.

24 **m. Sale Hearing**

25 48. The Debtors will seek entry of the Sale Order, at the Sale Hearing on April 17,
26 2019, at 10:00 a.m. (or at another date and time convenient to the Court), to approve and
27 authorize the sale transaction to the Successful Bidder(s) on terms and conditions determined in
28 accordance with the Bidding Procedures.

(213) 623-9300

49. At the Sale Hearing, the Debtors will seek Court approval of the Sale to the Successful Bidder (or, in the event the Successful Bidder fails to close, the Back-Up Bidder), free and clear of all liens, claims, interests, and encumbrances pursuant to § 363, with all liens, claims, interests, and encumbrances to attach to the sale proceeds with the same validity and in the same order of priority as they attached to the Purchased Assets (and to the extent included in the Successful Bid, the Other Assets prior to the Sale), including the assumption by the Debtors and assignment to the Successful Bidder of the Assumed Executory Contracts and Leases pursuant to § 365. The Debtors will submit and present additional evidence, as necessary, at the Sale Hearing demonstrating that the Sale is fair, reasonable, and in the best interest of the Debtors' estates and all interested parties, and satisfies the standards necessary to approve a sale of the Purchased Assets and/or the Other Assets.

n. Reservation.

50. The Debtors reserve the right, as they may determine in their discretion and in accordance with their business judgment to be in the best interest of their estates, in consultation with their professionals and the Consultation Parties to: (i) modify the Bidding Procedures to discontinue incremental bidding and then require that any and all bidders or potential purchasers submit their sealed, highest and best offer for the Purchased Assets and/or the Other Assets; (ii) determine which Qualified Bid is the highest or otherwise best bid and which is the next highest or otherwise best bid; (iii) waive terms and conditions set forth herein with respect to all Potential Bidders; (iv) impose additional terms and conditions with respect to all Potential Bidders; (v) extend the deadlines set forth herein; (vi) continue or cancel an Auction and/or Sale Hearing in open court without further notice; and (vii) implement additional procedural rules that the Debtors determine, in their reasonable business judgment and in consultation with the Consultation Parties will better promote the goals of the bidding process; provided that such modifications are disclosed to each Qualified Bidder participating in the Auction; provided, however, and notwithstanding the foregoing, these Bid Procedures shall not be modified so as to alter, extinguish or modify any rights or interests of the Stalking Horse Purchaser expressly set forth herein or in the Stalking Horse APA.

D. NOTICE PROCEDURES

51. The Debtors propose that any objections to the Sale (other than an Assumption Objection (defined herein) which shall be governed by the procedures set forth below) (a “Sale Objection”), must: (i) be in writing; (ii) comply with the Rules and the LBR; (iii) set forth the specific basis for the Sale Objection; (iv) be filed with the Court at 255 East Temple St. (Attn: Judge E. Robles), Los Angeles, CA 90012, together with proof of service, on or before the Sale Objection Deadline set forth in the Bidding Procedures Order; and (v) be served, so as to be actually received on or before the Sale Objection Deadline, upon the Notice Parties. If a Sale Objection is not filed and served on or before the Sale Objection Deadline, the Debtors request that the objecting party be barred from objecting to the Sale and not be heard at the Sale Hearing, and this Court may enter the Sale Order without further notice to such party. The Debtors also request that the Court approve the form of the Procedures Notice, substantially in the form of Exhibit 3 to the Bidding Procedures Order. The Debtors will serve a copy of the Procedures Notice on the Notice Parties and all parties which the Debtors are required to serve pursuant to LBR 6004-1(b)(3) and the *Order Granting Emergency Motion of Debtors for Order Limiting Scope of Notice* [Docket No. 132] (the “Procedures Notice Parties”).

52. The Debtors propose to file with the Court and serve the Procedures Notice within one (1) business day following entry of the Bidding Procedures Order, by first-class mail, postage prepaid on the Procedures Notice Parties. The Procedures Notice provides that any party that has not received a copy of the Motion or the Bidding Procedures Order that wishes to obtain a copy of the Motion or the Bidding Procedures Order, including all exhibits thereto, may make such a request in writing to Dentons US LLP, Attn: Tania M. Moyron, 601 S. Figueroa St., Suite 2500, Los Angeles, CA 90017 or by emailing tania.moyron@dentons.com or calling (213) 623-9300.

53. The Debtors submit that the foregoing notices comply fully with Bankruptcy Rule 2002 and are reasonably calculated to provide timely and adequate notice of the Bidding Procedures, Auction and Sale, and Sale Hearing to the Debtors’ creditors and other parties in interests as well as to those who have expressed an interest or are likely to express an interest in bidding on the Purchased Assets. Based on the foregoing, the Debtors respectfully request that

1 this Court approve these proposed notice procedures.

2 **E. PROCEDURES FOR THE ASSUMPTION AND ASSIGNMENT OF ASSIGNED**
3 **CONTRACTS AND LEASES**

4 54. As noted above, the Debtors will seek to assume and assign certain contracts and
5 leases to be identified in the Purchase Agreement(s) (collectively, the “Assumed Executory
6 Contracts”).

7 55. At least initially, the Assumed Executory Contracts will be those contracts and
8 leases that the Debtors believe may be assumed and assigned as part of the orderly transfer of the
9 Purchased Assets. The Successful Bidder(s) may choose to exclude (or to add) certain contracts
10 or leases to the list of Assumed Executory Contracts, subject to further notice.

11 56. In the interim, the Debtors will file with the Court and serve the cure notice,
12 substantially in the form of Exhibit 4 (the “Cure Notice”) to the Bidding Procedures Order, (along
13 with a copy of this Motion) upon each counterparty to the Assumed Executory Contracts. The
14 Cure Notice will state the date, time and place of the Sale Hearing as well as the date by which
15 any objection to the assumption and assignment of Assumed Executory Contracts (including the
16 Cure Amount (defined below)) must be filed and served. The Cure Notice also will identify the
17 amounts, if any, that the Debtors believe are owed to each counterparty to an Assumed Executory
18 Contract in order to cure any defaults that exist under such contract (the “Cure Amounts”). To
19 the extent there is a contract subsequently added to the list of contracts to be assumed by the
20 Successful Bidder pursuant to the Successful Bidder’s Purchase Agreement selected at the
21 Auction, this Motion constitutes a separate motion to assume and assign that contract to the
22 Successful Bidder pursuant to § 365; each such contract will be listed in the Successful Bidder’s
23 Purchase Agreement, and will be given a separate Cure Notice filed and served by overnight
24 delivery within five (5) business days of the conclusion of the Auction and announcement of the
25 Successful Bidder.

26 57. The inclusion of a contract, lease, or other agreement on the Cure Notice shall not
27 constitute or be deemed a determination or admission by the Debtors and their estates or any
28 other party in interest that such contract, lease, or other agreement is, in fact, an executory

1 contract or unexpired lease within the meaning of the Bankruptcy Code, and any and all rights
2 with respect thereto shall be reserved.

3 58. If a Contract or Lease is assumed and assigned pursuant to Court Order, then
4 unless the Assumed Executory Contract counterparty properly files and serves an objection to the
5 Cure Amount contained in the Cure Notice by the Assumption Objection Deadline (defined
6 below), the Assumed Executory Contract counterparty will receive at the time of the Closing of
7 the sale (or as soon as reasonably practicable thereafter), the Cure Amount as set forth in the Cure
8 Notice, if any. If an objection is filed by a counterparty to an Assumed Executory Contract, the
9 Debtors propose that such objection must set forth a specific default in the executory contract or
10 unexpired lease, claim a specific monetary amount that differs from the amount, if any, specified
11 by the Debtors in the Cure Notice, and set forth any reason why the counterparty believes the
12 executory contract or unexpired lease cannot be assumed and assigned to the Successful Bidder.

13 59. If any counterparty objects for any reason to the assumption and assignment of an
14 Assumed Executory Contract (including to a Cure Amount) (an “Assumption Objection”), the
15 Debtors propose that the counterparty must file the objection and serve it so as to be actually
16 received on or before the Assumption Objection Deadline established in the Bidding Procedures
17 Order, provided, however, as to any Successful Bidder who is not the Stalking Horse Purchaser,
18 any counterparty may raise at the Sale Hearing an objection to the assumption and assignment of
19 the Assumed Executory Contract solely with respect to the Successful Bidder’s ability to provide
20 adequate assurance of future performance under the Assumed Executory Contract. After receipt
21 of an Assumption Objection, the Debtors will attempt to reconcile any differences in the Cure
22 Amount or otherwise resolve the objection with the counterparty. In the event that the Debtors
23 and the counterparty cannot resolve an Assumption Objection, and the Court does not otherwise
24 make a determination at the Sale Hearing regarding an Assumption Objection related to a Cure
25 Amount, the Debtors shall segregate from the sale proceeds any disputed Cure Amounts pending
26 the resolution of any such Cure Amount disputes by the Court or mutual agreement of the parties.

27 60. The Successful Bidder shall be responsible for satisfying any requirements
28 regarding adequate assurance of future performance that may be imposed under §365(b) in

DENTONS US LLP

 LOS ANGELES, CALIFORNIA 90017-5704

connection with the proposed assignment of any Assumed Executory Contract, and the failure to provide adequate assurance of future performance to any counterparty to any Assumed Executory Contract shall not excuse the Successful Bidder from performance of any and all of its obligations pursuant to the Successful Bidder's Purchase Agreement. The Debtors propose that the Court make its determinations concerning adequate assurance of future performance under the Assumed Executory Contracts pursuant to § 365(b) at the Sale Hearing. Cure Amounts disputed by any counterparty will be resolved by the Court at the Sale Hearing or such later date as may be agreed to or ordered by the Court.

61. Except to the extent otherwise provided in the Successful Bidder's Purchase Agreement, the Debtors and the Debtors' estates shall be relieved of all liability accruing or arising after the assumption and assignment of the Assumed Executory Contracts pursuant to § 365(k).
