MOTION OF M.L. CHARTIER, INC. TO RE-OPEN ADVERSARY PROCEEDING, SET ASIDE DEFAULT AND VACATE DEFAULT JUDGMENT

M.L. Chartier, Inc. ("Chartier"), by and through its undersigned counsel, hereby moves (the "Motion") this Court for Orders re-opening the above-captioned adversary proceeding (the "Adversary Proceeding"), setting aside the Clerk's default (the "Default") and vacating the default judgment entered on March 31, 2021 at ECF No. 15, (the "Default Judgment") in favor of Welded Construction, L. P. ("Plaintiff"). In support of this Motion, Chartier avers as follows:

JURISDICTION AND VENUE

- 1. This Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334.
- 2. This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409.
- 3. The statutory and procedural predicates for the relief requested herein are section 105 of title 11 of the United States Code, 11 U.S.C. §101, et seq. (the "Bankruptcy Code"), Rules

7055 and 9024 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules"), Rules 55 and 60 of the Federal Rules of Civil Procedure (the "Federal Rules") and Rule 7055-1 of the Local Rules of Bankruptcy Practice and Procedure for the United States Bankruptcy Court for the District of Delaware (the "Local Rules").

RELEVANT PROCEDURAL AND FACTUIAL BACKGROUND

- 4. Chartier is an environmental remediation company located in Michigan. M.L. Chartier Excavating, Inc. ("Excavating"), an affiliated but separate legal entity that is also located in Michigan, provided certain excavation services and rental equipment to Plaintiff.
- 5. On October 22, 2018 (the "<u>Petition Date</u>"), the Debtors each commenced a case by filing a voluntary petition for relief in this Court under chapter 11 of the Bankruptcy Code.
- 6. On October 20, 2020, Plaintiff commenced the Adversary Proceeding by filing a complaint (the "Complaint") against Chartier. The Complaint sets forth general allegations that during the ninety (90) days prior to the Petition Date, Plaintiff made preferential transfers to Chartier that it asserts is recoverable pursuant to Section 547(b) of the Bankruptcy Code and attached a spreadsheet containing six (6) transfers totaling \$111,389.85 (the "Transfers"). (ECF No. 1).
- 7. On November 11, 2020, the Plaintiff filed a Proof of Service, indicating that service of the Complaint was conducted on Chartier on November 10, 2020 by way of Certified Mail. (ECF No. 3).
- 8. On December 29, 2020, the Court entered a Scheduling Order (the "Scheduling Order") in this Adversary Proceeding and 32 other adversary cases commenced in the above captioned bankruptcy cases, whereby the Court set certain deadlines, including a deadline for fact discovery to be completed by August 31, 2021 (the "Discovery Deadline"), and a deadline

of 120 days after the first responsive pleading for the parties to stipulate to the appointment of a mediator (the "Mediation Deadline"). (ECF No. 7).

- 9. On March 1, 2021, the Plaintiff served written discovery requests on Chartier ("Discovery Requests") and filed a Notice of Service thereto. (ECF No. 10).
- Ounsel"), commenced good faith communications with the Plaintiff's counsel in an effort to reach an amicable resolution of this Adversary Proceeding without the unnecessary use of the Court's time. Extensions of time were discussed and Chartier (through its Michigan Counsel's dialog with Plaintiff) believed that it had an extension to respond to the Complaint and the Discovery Requests to the extent an informal dialog did not lead to resolution. On March 29, 2021, Chartier sought to schedule a call with Plaintiff to continue its attempts to resolve this case but was advised that Plaintiff would likely be pursuing defaults generally on its open cases before the suggested date of the call.
- 11. On March 30, 2021, the Plaintiff filed a Request for Entry of Default Judgment without any advance notice to Chartier despite the foregoing dialog. (ECF No. 12.).
- 12. On March 31, 2021, the Clerk of the Court entered the Default, and the Court entered the Default Judgment. (ECF Nos. 14 and 15 *respectively*).
 - 13. On April 15, 2021, the Adversary Proceeding was closed.
- 14. Chartier subsequently endeavored to obtain Delaware counsel to appear in the Adversary Proceeding and promptly file this Motion upon retention.

RELIEF REQUESTED

15. Through this Motion, Chartier respectfully requests the entry of an Order: (i) reopening the Adversary Proceeding; and (ii) setting aside the Default and vacating the Default Judgement entered against it because exists under Federal Rules 55(c), 60(b)(1) and (b)(6).

- 16. Federal Rule 55(c) and 60(b) set forth the legal standards for setting aside a default and a default judgment. The court must relieve the moving party from a final judgment if the judgment is void. *See* Federal Rule 60(b)(4); <u>Budget Blinds, Inc. v. White</u>, 536 F.3d 244, 258- 259 (3d Cir. 2008). Pursuant to Federal Rule 60, the court may set aside a default judgment upon a showing of good cause for the reasons enumerated therein. *See* Federal Rule 60(b).
- 17. The Third Circuit has opined that in deciding a motion to set aside a default judgment, a "standard of liberality should be applied" and that "[a]ny doubt should be resolved in favor of the petition to set aside the judgment so that [the] case may be decided on their merits." Tozer v. Charles A. Krause Milling Co., 189 F.2d 242, 245-46 (3d Cir. 1951); Poulis v. State Farm Fire and Casualty Co., 747 F.2d 863, 869 (3d Cir. 1984). ("dismissal must be a sanction of last, not first, resort"); Farnese v. Bagnasco, 687 F.2d 761, 764 (3d Cir. 1982) ("This court has often emphasized that it does not favor defaults, and that in a close case doubts should be resolved in favor of setting aside a default and obtaining a decision on the merits.").

I. The Motion is timely.

18. As an initial matter, Federal Rule 60(c)(1) requires that any motion made under Federal Rule 60(b) be made "within a reasonable time." Specifically, for the defense of mistake, inadvertence, surprise, or excusable neglect, Federal Rule 60(c)(1) requires that the motion be made "no more than a year after the entry of the judgment or order." Motions under Federal Rule 60(b)(4) & (6) have no specific deadline to file a motion, it must only be "within a reasonable time." *Id.* at Federal Rule 60(c)(1). The judgment in this matter was just entered on March 31, 2021 (less than 30 days ago), well within the one-year requirement for grounds under

60(b)(1). As a result, the Motion is timely.

II. Chartier satisfies the requirements to set aside the Default and to vacate the Default Judgment.

19. Federal Rules 55(c) and 60(b)(6) also warrant setting aside the entry of default judgment in this matter. Pursuant to Federal Rule 60(b)(6), default judgment may be set aside for "any other reason that justifies relief". The Third Circuit has formulated a test for application of this rule: (1) Whether the plaintiff will be prejudiced if the default judgment is set aside; (2) whether the defendant has a meritorious defense; and (3) whether the default was the result of the defendant's culpable conduct. *See* <u>United States v. \$55,518.05 in United States</u> <u>Currency</u>, 728 F.2d 192, 195 (3d Cir. 1984); <u>Feliciano v. Reliant Tooling Co., Ltd.</u>, 691 F.2d 653, 656 (3d Cir.1982) (stating three factors should be considered when a default or a default judgment is at issue). In the instant case, the facts demonstrate that Chartier satisfies such requirements.

A. Plaintiff will not be prejudiced by setting aside the Default and vacating the Default Judgment.

- 20. In the context of deciding motions seeking the setting aside of default judgments, prejudice to the party which has obtained the default exists only if the circumstances have changed since the entry of the default such that plaintiff's ability to litigate its claim is now impaired in some material way, or if relevant evidence has become lost or unavailable. International Brotherhood of Electrical Workers v. Skaggs, 130 F.R.D. 526, 529 (D. Del. 1990).
- 21. In the instant case, no such circumstances exist. The Default Judgment was only recently entered in the Adversary Proceeding (less than 30 days ago). Further, it is well established that "detriment" in the sense that a plaintiff will have to establish the merit of its claims does not constitute prejudice in the context of a motion to set aside a default judgment.

Feliciano v. Reliant Tooling Co., Ltd., 691 F.2d at 656-57. In essence, Plaintiff would simply be required to litigate the merits of its claim asserting that the six (6) Transfers totaling \$111,389.85 are recoverable under Section 547(b) of the Bankruptcy Code. Plaintiff's remaining preference actions commenced in the Bankruptcy Case are pending and discovery remains open under the Scheduling Order. As a result, Plaintiff's records and witnesses would still be available to litigate the Adversary Proceeding.

- 22. Accordingly, Plaintiff will not be prejudiced by an Order setting aside the entry of Default and Default Judgment entered against Chartier and proceeding for disposition of this Adversary Proceeding on the merits of the case.
 - B. Chartier was not the recipient of the Transfers. Excavating has meritorious defenses to the Transfers asserted in the Complaint.
- 23. Good cause also exists to set aside the Default Judgment due to the lack of a prima facie case, as Chartier was not the recipient of the Transfers in the Complaint (the Transfers were received by Excavating). Excavating also has several meritorious affirmative defenses to the Transfers. At this stage in the litigation, a defense is meritorious if it is "good at law so as to give the factfinder some determination to make." American Alliance Ins. Co. Ltd. v. Eagle Ins. Co., 92 F.3d 57, 661 (2nd Cir. 1996). In this regard, the defense does not need to be ultimately persuasive for purposes of a motion to set aside a default judgment. *Id*.
- 24. Specifically, Plaintiff cannot establish that Chartier was the recipient of the Transfers as required to satisfy its *prima facie* case under Section 547(b) of the Bankruptcy Code. The named defendant in the Adversary Proceeding is Chartier, however, the Debtors transacted with and paid the Transfers to Excavating. Indeed, Excavating filed its proof of claim at Claim No. 120 (the "Excavating Claim") for the balance of its invoices that remained unpaid as of the Petition Date. A true and correct copy of the Excavating Claim is attached hereto as

- **Exhibit "A"**. As a result, the Adversary Proceeding was mistakenly commenced against Chartier and Plaintiff would be unable to satisfy its *prima facie* case on the merits of its claim against Chartier.
- Jacie elements for the claims set forth in the Complaint because the Debtors lacked any interest in the funds used for the Transfers which were held in trust for the benefit of Excavating pursuant to Michigan law. See MCLS § 570.151; Meoli v. Kendall Elec., Inc. (In re R.W. Leet Elec., Inc.), 372 B.R. 846, 853 (B.A.P. 6th Cir. 2007) ("[M]onies paid to [d]ebtor by contracting parties would be held in trust by [d]ebtor and would not constitute its property. Section 570.151 of the MBCFA provides that in the building construction industry, the building contract fund paid by any person to a contractor, or by such person or contractor to a subcontractor, shall be construed by this act to be a trust fund, for the benefit of the person making the payment, contractors, laborers, subcontractors or material men." (internal quotations omitted) (citing Carlisle Cashway, Inc. v. Johnson (In re Johnson), 691 F.2d 249, 252 (6th Cir. 1982); Selby v. Ford Motor Co., 590 F.2d 642, 647 (6th Cir. 1979)). Accordingly, Chartier should be afforded the opportunity to litigate the validity of the Complaint and claims therein through the discovery process and bring these issues before this Court on the merits.
- 26. Furthermore, Excavating would also have meritorious defenses under Section 547(c) of the Bankruptcy Code. Indeed, the Debtors' own records and the Excavating Claim demonstrate that Excavating advanced value that qualifies as "new value" under Section 547(c)(4) of the Bankruptcy Code in an amount up to \$50,904.81 to the Plaintiff in the ninety days prior to the Petition Date. Specifically, and as attached to the Excavating Claim, such new value is properly deductible from the Transfers as the value was given to the Plaintiff subsequent

to the Transfers, and the Plaintiff did not make an otherwise unavoidable transfer on account of such new value.

27. Excavating also submits that the Transfers were made in accordance with the course of business defense under Section 547(c)(2) of the Bankruptcy Code. Specifically, Excavating submits that all of the Transfers were paid in a manner consistent with ordinary business terms in the relevant industries. To the extent the Transfers arguably deviated from the agreed dealings, the time and manner in which invoices were paid in the ninety days prior to the Petition Date were consistent with the time and manner in which invoices were paid in the historical dealings between the parties. As a result, meritorious defenses exist to the Adversary Proceeding that warrant an Order setting aside the entry of Default and the Default Judgment entered against Chartier and proceeding for disposition of this Adversary Proceeding on the merits of the case.

C. Chartier's conduct has not been culpable.

28. There is absolutely nothing to suggest that Chartier willfully disregarded its obligations with respect to the Complaint in the Adversary Proceeding. To the contrary, Chartier engaged in a dialog through its Michigan Counsel and sought to resolve the matter without use of the Court's time or resources. Chartier has now diligently come forward with this Motion with legal counsel in Delaware and is eager to address the Adversary Proceeding on the merits. Upon the granting the Motion, Chartier intends to promptly file a response to the Complaint and is willing to mediate the case within sixty (60) days of such response in a good faith effort to find an amicable resolution of this case on the merits with the Plaintiff.

III. The Default Judgment should be vacated because failure to file an answer is due to mistake, inadvertence, and/or excusable neglect.

- 29. Finally, Chartier's failure to respond to the Complaint in this matter was the result of mistake, inadvertence, and excusable neglect, because Chartier believed, through dialog between the parties, that it had an extension of time to formally respond to the Complaint.
- 30. Federal Rule 60(b)(1) permits the court to relieve a party from a final judgment on the basis of mistake, inadvertence, surprise, or excusable neglect. Given the settlement dialog to date and retention of counsel in Delaware, Chartier seeks to remedy any misunderstanding on its time to respond formally to the Complaint and seeks the opportunity to present its defenses and for the Adversary Proceeding to be judged on the merits.

IV. CONCLUSION

31. For all of the foregoing reasons, Chartier respectfully requests the at the Court reopen the Adversary Proceeding, set aside the Default and vacate the Default Judgment. Chartier is prepared to come forward promptly to present its case on the merits and is willing to mediate the case within sixty (60) days of such response in a good faith effort to find an amicable resolution of this case.

WHEREFORE, for the foregoing reasons, Chartier respectfully requests the Court:

- a) Enter an order, substantially in the form attached hereto as **Exhibit "B"**, reopening the Adversary Proceeding on an *ex parte* basis;
- (b) Enter an order, substantially in the form attached hereto as **Exhibit "C"**, setting aside the Clerk's Default and vacating the Default Judgment; and
 - (c) Granting such other and further relief as is just and proper.
