16. AlixPartners also reviewed legal entity balance sheets and prepared liquidation and intercompany analyses to assess a range of potential waterfall scenarios. Based on these analyses, AlixPartners assessed the recovery to unsecured creditors of guarantor and non-guarantor subsidiaries from the unencumbered assets, ultimately culminating in an analysis of potential unsecured creditor returns for each legal entity. Throughout the process AlixPartners conferred with

MoFo and Perrella Weinberg on the mechanics of the value waterfall through creditor classes and the key assumptions to be used in calculating multiple scenarios of unsecured creditor recoveries for presentation to the Committee for their consideration.

17. AlixPartners thoroughly evaluated the multiple drafts of the Debtors' disclosure statement and proposed Plan of Reorganization. In addition to reviewing the supporting analyses provided by the Debtors' advisors, AlixPartners developed and refined its own liquidation analysis models, as well as additional models to potentially support a plan objection. Using the outputs of these analyses, AlixPartners prepared a declaration regarding recoveries to Obligor General Unsecured Claims and developed an expert report related to confirmation of the Plan. In addition to testifying to the report at the confirmation hearing, AlixPartners reviewed expert reports provided by the Debtors in support of the Plan of Reorganization and related to liquidation analyses and prepared question lists related to these reports in collaboration with MoFo and Perrella Weinberg. In the period leading up to the confirmation hearing, AlixPartners also reviewed various settlement and counterproposal offers provided by the Debtors and various other constituencies.

18. AlixPartners also continued to closely monitor the Debtors' performance versus the Debtors' revised 2020 budget and updated five-year business plan. With the onset of COVID-19, AlixPartners reassessed the Debtors' projections for reasonableness and feasibility, reviewed the Debtors' performance at an enterprise and individual business segment level, and sensitized the Debtors' proposed capital spend initiatives. AlixPartners also analyzed the likely impacts of the pandemic on the Debtors' business plan's assumptions and detailed and discussed the new risks to the business plan. In deriving these views AlixPartners engaged in multiple discussions with the Debtors' advisors regarding our questions, concerns and observations, and analyzed other related

materials in detail. Ultimately, this work yielded a revised view of the Debtors' near-term feasibility under the Debtors' proposed business plan.
