- i. advising the Debtors and communicating with other professionals in these Chapter 11 Cases regarding the foregoing and other matters.

2. With respect to each of these matters and as described in further detail below, the professional services rendered by Katten were reasonable, necessary and appropriate. In light of the complexity of the issues involved and the significant time constraints imposed in the Debtors' chapter 11 cases (the "Chapter 11 Cases"), Katten maintained a team of highly-qualified attorneys that completed the tasks with which they were charged in an efficient and effective manner. Accordingly, Katten respectfully requests that the Bankruptcy Court grant the relief requested herein.

Fees and Expenses Incurred During Total Fee Period

A. Customary Billing Disclosures.

21. Katten's hourly rates are set at a level designed to compensate Katten fairly for the work of its attorneys and paraprofessionals and to cover fixed and routine expenses. The hourly rates and corresponding rate structure utilized by Katten in these Chapter 11 Cases are equivalent to the hourly rates and corresponding rate structure used by Katten for other restructuring matters, as well as similar complex corporate and litigation matters whether in court or otherwise, regardless of whether a fee application is required. The rates and rate structure reflect that such restructuring and other complex matters typically are national in scope and typically involve great complexity, high stakes, and significant time pressures. For the convenience of the Bankruptcy Court and all parties in interest, attached hereto as attached hereto as **Exhibit C** is Katten's budget and staffing plan for the Total Fee Period, and attached hereto as **Exhibit D** is a summary of blended hourly rates for all non-bankruptcy domestic timekeepers who billed to non-bankruptcy matters and blended hourly rates for timekeepers who

- b. each attorney's year of bar admission and area of practice concentration;
- c. the aggregate time expended and fees billed by each attorney and each paraprofessional during the Total Fee Period;
- d. the hourly billing rate for each attorney and each paraprofessional at Katten's current billing rates;
- e. the hourly billing rate for each attorney and each paraprofessional as disclosed in the first interim application;

Katten currently charges \$0.10 per page for standard black and white duplication and \$0.25 per page for color duplication. Katten does not charge its clients for incoming facsimile transmissions.

24. For the convenience of the Bankruptcy Court and all parties in interest, attached hereto as **Exhibit F** is a summary for the Total Fee Period, setting forth the total amount of

reimbursement sought with respect to each category of expenses for which Katten is seeking reimbursement.

Summary of Legal Services Rendered During the Total Fee Period

25. As discussed above, during the Total Fee Period, Katten provided extensive and important professional services to the Debtors in connection with these Chapter 11 Cases. These services were often performed under severe time constraints and were necessary to address a multitude of critical issues both unique to these Chapter 11 Cases and typically faced by large corporate debtors in similar cases of this magnitude and complexity.

26. To provide a meaningful summary of the services rendered by Katten to the Debtors and their estates, Katten established, in accordance with its internal billing procedures, certain subject matters categories (each, a “Matter Category”) in connection with these Chapter 11 Cases. A schedule setting forth a description of the Matter Categories utilized in these Chapter 11 Cases, the number of hours expended by Katten partners, associates and paraprofessionals by matter, and the aggregate fees associated with each matter is attached hereto as **Exhibit G**.

27. **Exhibit H** is a comparison of the hours and fees budgeted for each Matter Category to which Katten professionals and paraprofessionals billed time during the Total Fee Period against the hours and fees for which Katten seeks compensation for during the Total Fee Period. In addition, Katten’s computerized records of time expended providing professional services to the Debtors and expenses are attached hereto as **Exhibit I**.

28. The following is a summary of the most significant professional services provided by Katten in each Matter Category organized in accordance with Katten’s internal system of matter numbers for these Chapter 11 Cases. The detailed descriptions demonstrate that Katten

was heavily involved in performing services for the Debtors on a daily basis, often including night and weekend work, to meet the needs of the Debtors' estates in these Chapter 11 Cases.

(a) **Adversary Proceedings, Contested Matter [Matter No. 7]**

Total Fees Requested: \$734,084.50

Total Hours: 812

29. This Matter Category includes time spent by Katten attorneys and paraprofessionals on certain Conflict Matters that were contested during the Total Fee Period. Specifically, Katten attorneys spent time advising the Debtors in connection with a settlement with Frontier Communications Corporation. ("Frontier"). This also included assessing Frontier's claims against the Debtors and the Debtors' claims against Frontier. Ultimately, Katten attorneys were able to successfully negotiate a stipulation, the *Stipulation and Order Extending Bar Date to File a Proof of Claim for Frontier Communications Corporation* [Docket No. 764] and *Stipulation and Order Further Extending Bar Date to File a Proof of Claim for Frontier Communications Corporation* [Docket No. 1149], extending Frontier's bar date, thereby allowing the Debtors and Frontier additional time to continue settlement discussions in a productive manner. In addition, subsequent to Frontier's bankruptcy filing in April 2020, Katten has closely monitored and advised the Debtors with respect to Frontier's chapter 11 cases.

30. In connection with the Uniti Adversary Proceeding, Katten attorneys drafted and served several subpoenas on, and negotiated the scope of document requests with, interested parties in the Uniti Adversary Proceeding. The documents and information produced in response to these subpoenas allowed the Debtors to further build its case against Uniti in an efficient manner.

31. In connection with the Debtors' assumption and assignment of various executory contracts and unexpired leases, Katten attorneys resolved cure disputes and negotiated

settlements with various counterparties. Additionally, in response to CenturyLink, Inc.'s motion for administrative expense claim, Katten attorneys researched and drafted the *Debtors' Objection to CenturyLink, Inc.'s Motion for Administrative Expense Claim Pursuant to 11 U.S.C. §503(b)(1)(A), 11 U.S.C. §365(d)(5), and the March 6 Letter Agreement* [Docket No. 1676] and successfully argued against the motion at a contested hearing.

Total Fees Requested: \$8,625,376.15

Total Hours: 11,152

32. This Matter Category includes time spent by Katten attorneys and paraprofessionals in connection with the Charter Adversary Proceeding.

33. Shortly after the Debtors' filing of these Chapter 11 Cases, Charter commenced a false advertising campaign against the Debtors in which it told customers that, because Windstream had filed for bankruptcy, there was an imminent risk of it going out of business. After Charter failed to provide the Debtors with sufficient assurances that these tactics would stop immediately, the Debtors tasked Katten to commence litigation against Charter for violating the Bankruptcy Code's automatic stay and section 43 of the Lanham Act.

34. In just the first two months of the Charter Adversary Proceeding, Katten attorneys researched, drafted and filed the *Debtors' Motion for a Temporary Restraining Order, Preliminary Injunction and Other Equitable Relief Against Charter Communications, Inc. and Charter Communications Operating, LLC* [Docket No. 2]³ along with supporting reply, declarations and evidence and the *Debtors' Memorandum of Law in Support of a Preliminary Injunction Against Charter Communications, Inc. and Charter Communications Operating, LLC* [Docket No. 35], along with supporting reply, declarations and evidence.

³ Unless otherwise indicated, all docket references in this section are to *Windstream Holdings, Inc., et al. vs. Charter Communications, Inc. and Charter Communications Operation, LLC*, Adv. Pro. No. 19-08246.

35. Katten attorneys prepared for the TRO Hearing on April 14, 2019 and the Preliminary Injunction Hearing on May 14, 2019, including spending significant time preparing the Debtors' witness and for cross-examination of members of Charter's management team. Katten engaged in an initial round of written discovery and document production, including drafting and responding to document requests, Rule 30(b)(6) notices, and interrogatories, in addition to producing and reviewing documents and preparing for and defending or taking depositions. Katten attorneys also spent significant time reviewing the Debtors' internal records to protect the identities of the thousands of customers impacted by Charter's false advertising campaign.

36. After contested evidentiary hearings, the Bankruptcy Court granted the TRO against Charter on April 16, 2019 [Docket No. 25] and the Preliminary Injunction against Charter on May 16, 2019 [Docket No. 61]. In addition, the Bankruptcy Court ordered corrective advertising, requiring Charter to pay all of the Debtors' costs incurred in mailing a corrective mailer to persons who received the false advertising, informing them that Charter's advertising had been found by the Bankruptcy Court to be "untrue and improper."

37. Throughout the summer and fall of 2019, Charter mounted an extensive discovery campaign against the Debtors. Specifically, Katten responded to nearly 100 requests for production of documents, nearly 100 requests for admissions and four sets of interrogatories. Additionally, Katten attorneys sought discovery from Charter, drafting interrogatories and reviewing over 5,000 documents produced by Charter. Katten attorneys also spent considerable time preparing for and defending or taking twelve additional depositions across the country.

38. Many of Charter's discovery requests were beyond the scope of the adversary proceeding, requiring Katten attorneys to spend many hours disputing Charter's requests. Twice

Charter sought leave from the Bankruptcy Court to obtain Windstream's confidential customer lists from both the Debtors and their Claims and Noticing Agent, Kurtzman Carson Consultant LLC ("KCC"). Katten attorneys successfully argued at both teleconferences with the Court, including quashing Charter's subpoena against KCC, thereby preserving the confidentiality of Windstream's customers.

39. In late 2019, Katten filed the *Debtors' Motion for Summary Judgment of Liability on All Counts* [Docket Nos. 122-127] and opposed *Defendants Charter Communications, Inc. and Charter Communications Operating, LLC's Motion for Summary Judgment* [Docket Nos. 144-148] and *Defendants Charter Communications, Inc. and Charter Communications Operating, LLC's Motion for Judgment on the Pleadings On Count VI and Motion to Dismiss Count VII for Lack of Subject Matter Jurisdiction* [Docket Nos. 161-162]. Katten attorneys and paraprofessionals spent considerable time in connection with the foregoing, including researching, briefing and filing over 10 substantive pleadings in a four week period. At the conclusion of December 18, 2019 hearing on the parties' cross-motions for summary judgment, the Bankruptcy Court denied Charter's motion for summary judgment in its entirety and granted the majority of relief requested in Windstream's motion for summary judgment as to liability.

40. In preparation for the trial in the Charter Adversary Proceeding, Charter filed two motions seeking to exclude Windstream's expert witness and testimony, causing Katten attorneys to expend resources researching and drafting multiple responsive pleadings. In addition, Katten attorneys researched, prepared and filed four *Daubert* motions seeking to exclude Charter's proposed witnesses as well as argued for those motions at the Court's January 16, 2020 hearing.

41. In January 2020, Charter also filed two separate appeals in the United States District Court for the Southern District of New York (the “District Court”). In response, Katten researched, prepared and filed a *Memorandum of Law in Opposition to Defendants’ Motion for Leave for Interlocutory Appeal* [Case No. 20-00132, Docket No. 7] and a *Motion to Dismiss the Notice of Appeal* [Case No. 20-00121, Docket No. 17]. Charter’s two appeals, coupled with its *Motion to Withdraw the Reference* [Case No. 19-09354, Docket No 1] filed in October 2019, required Katten attorneys to litigate multiple litigations simultaneously against Charter in both the Bankruptcy Court and the District Court.

42. Windstream successfully defeated Charter’s appeals, with the District Court granting Windstream’s *Motion to Dismiss the Notice of Appeal* [Case No. 20-00121, Docket No. 31] and denying Charter’s *Motion for Leave for Interlocutory Appeal* [Case No. 20-00132, Docket No. 21].

43. As part of its extensive litigation campaign, Charter filed two objections to what it called this Court’s “Report and Recommendations,” brought an oral motion to divest this Court of jurisdiction at the February 13, 2020 hearing, filed a *Motion to Continue the March 30, 2020 Trial Setting for Counts VI and VII Pending a Jury Trial on the Predicate Claims (Counts I-V)* [Docket No. 238] and a *Motion for Relief from This Court’s March 30, 2020 Order* [Docket No. 289]. Katten was forced to expend significant time and resources opposing these motions, including by filing *Debtors’ Response to (I) Notice of Defendants’ Objections to Bankruptcy Court’s Report and Recommendation and (II) Suggestions in Support of Defendants’ Objections Bankruptcy Court’s Report and Recommendation* [Docket No. 238], *Windstream’s Statement in Support of This Court’s Jurisdiction* [Docket No. 241], *Debtors’ Objection to Defendants’ Motion to Continue the March 30, 2020 Trial Setting for Counts VI and VII Pending a Jury Trial*

on the Predicate Claims (Counts I-V) [Docket No. 263] and the *Debtors' Objection to Defendants' Motion for Relief from This Court's March 20, 2020 Order* [Docket No. 294].

44. Finally, Katten attorneys spent significant time and resources preparing for and participating in this Court's virtual bench trial, which took place on April 27-29 and May 6, 2020. Katten attorneys researched, drafted and filed the *Debtors' Motion In Limine to Strike Defendants' Use at Trial of Certain Deposition Testimony, Exhibits, and Proposed Trial Testimony* [Docket No. 300] and objected to Charter's three motions *in limine* [Docket Nos. 303-305, 307] and its Motion for Judicial Notice [Docket No. 309], filed on the eve of trial. Following the four-day bench trial, Katten attorneys researched drafted and filed the *Debtors' Post-Trial Brief* [Docket No. 317]. At present, the Charter Adversary Proceeding is before this Court *sub judice*.

Actual and Necessary Expenses Incurred by Katten

45. As set forth in **Exhibit I** attached hereto, and as summarized in **Exhibit F** attached hereto, Katten seeks reimbursement of a total of \$471,049.68 for expenses incurred on behalf of the Debtors during the Total Fee Period. These charges are intended to reimburse Katten's direct operating costs, which are not incorporated into Katten's hourly billing rates. Katten charges external copying and computer research at the provider's cost without markup. Only clients who actually use services of the types set forth in **Exhibit I** of this Fee Application are separately charged for such services. The effect of including such expenses as part of the hourly billing rates would impose that cost upon clients who do not require extensive photocopying and other facilities and services.

Reasonable and Necessary Services Provided by Katten

A. Reasonable and Necessary Fees Incurred in Providing Services to the Debtors

46. The foregoing professional services provided by Katten on behalf of the Debtors during the Total Fee Period were reasonable, necessary and appropriate to address Conflict Matters in these Chapter 11 Cases.

47. Many of the services performed by partners and associates of Katten were provided by Katten's Insolvency and Restructuring Practice. Katten has a prominent practice in this area and enjoys a national reputation for its specialized expertise. The attorneys at Katten have extensive experience acting as estate professionals in many large Chapter 11 cases.

48. In addition, due to the facts and circumstances of these Chapter 11 Cases, and particularly the Charter Adversary Proceeding, attorneys from Katten's Litigation Practice, Intellectual Property Practice and Appeals Practice were heavily involved with Katten's representation of the Debtors. These practice groups also enjoy national reputations for their skill and knowledge advising and advocating for their clients, who operate across the globe in virtually all market sectors. Overall, Katten brought to these Chapter 11 Cases a particularly high level of skill and knowledge, which inured to the benefit of the Debtors' estates and their creditors.

B. Reasonable and Necessary Expenses Incurred in Providing Services to the Debtor

49. The time constraints imposed by the circumstances of these Chapter 11 Cases required Katten attorneys and other employees to devote substantial time during the evenings and on weekends to perform services on behalf of the Debtors. These services were essential to meet deadlines and otherwise provide professional services on an expedited timetable. Consistent with firm policy, and as further disclosed in the Retention Application, Katten attorneys and other Katten employees who worked late in the evenings or on weekends were

reimbursed for their reasonable meal and transportation costs. Katten's regular practice is not to include components for those charges in overhead when establishing billing rates, but rather to charge its clients for these and all other out-of-pocket disbursements incurred during the regular course of the rendition of legal services.

50. In addition, due to the location of the Debtors' businesses and other parties-in-interest in relation to Katten's offices, frequent multi-party telephone conferences involving numerous parties were required. The disbursements for such services are not included in Katten's overhead for the purpose of setting billing rates and Katten has made every effort to minimize its disbursements in these Chapter 11 Cases. The actual expenses incurred in providing professional services were necessary, reasonable and justified under the circumstances to serve the needs of the Debtors in these Chapter 11 Cases.

51. Among other things, Katten makes sure that all overtime meals, travel meals, hotel rates and airfares are reasonable and appropriate expenses for which to seek reimbursement.

C. Katten's Write-Offs of Fees and Expenses

52. Katten regularly reviews its bills to ensure that the Debtors are only billed for services that were actual and necessary and, where appropriate, prorates expenses. In that regard, Katten will waive certain fees and reduce its expenses if necessary. Consequently, Katten does not seek payment of such fees or reimbursement of such expenses in the Fee Application. In addition, as an accommodation to the Debtors' estates, Katten voluntarily reduced its fees by \$43,597.40 and its expenses by \$5,746.94, for a total discount of \$49,344.34 during the Total Fee Period. Finally, pursuant to the *Omnibus Order Granting Fee Applications of Professionals for Allowance and Payment of Compensation for Professional Services Rendered And For Reimbursement Of Actual And Necessary Expenses* [Docket No. 1507], the

Bankruptcy Court granted interim allowance of the compensation requested by Katten for the Second Interim Period, less \$20,000. Therefore, Katten is not seeking allowance of compensation on a final basis for that amount.

Katten's Requested Compensation and Reimbursement Should be Allowed

53. Section 330 of the Bankruptcy Code provides that a court may award a professional employed under section 327 of the Bankruptcy Code “reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses.” 11 U.S.C. § 330(a)(1). Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded, the court should consider the nature, extent, and the value of such services, taking into account all relevant factors, including—

- (a) the time spent on such services;
- (b) the rates charged for such services;
- (c) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- (d) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; and
- (e) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11. U.S.C. § 330(a)(3).

54. Katten respectfully submits that the services for which it seeks compensation in this Fee Application were, at the time rendered, necessary for and beneficial to the Debtors and their estates and were rendered to protect and preserve the Debtors' estates. Katten further

believes that it performed the services for the Debtors economically, effectively and efficiently, and the results obtained benefited not only the Debtors, but also the Debtors' estates and the Debtors' constituents. Katten further submits that the compensation requested herein is reasonable in light of the nature, extent and value of such services to the Debtors, their estates and all parties-in-interest.

55. During the Total Fee Period, Katten's hourly billing rates for attorneys ranged from \$390 to \$1,325. The hourly rates and corresponding rate structure utilized by Katten in these Chapter 11 Cases are equivalent to the hourly rates and corresponding rate structure used by Katten for restructuring, workout, bankruptcy, insolvency and comparable matters, and similar complex corporate and litigation matters, whether in court or otherwise, regardless of whether a fee application is required. Katten strives to be efficient in the staffing of matters. These rates and the rate structure reflect that such matters are typically national in scope and involve great complexity, high stakes and severe time pressures—all of which were present in these Chapter 11 Cases.

56. Moreover, Katten's hourly rates are set at a level designed to compensate Katten fairly for the work of its attorneys and paraprofessionals and to cover certain fixed and routine overhead expenses. Hourly rates vary with the experience and seniority of the individuals assigned. These hourly rates are subject to periodic adjustments to reflect economic and other conditions and are consistent with the rates charged elsewhere.

57. In sum, Katten respectfully submits that the professional services provided by Katten on behalf of the Debtors and their estates during these Chapter 11 Cases were necessary and appropriate given the complexity of these Chapter 11 Cases, the time expended by Katten, the nature and extent of Katten's services provided, the value of Katten's services, and the cost

of comparable services outside of bankruptcy, all of which are relevant factors set forth in section 330 of the Bankruptcy Code. Accordingly, Katten respectfully submits that approval of the compensation sought herein is warranted and should be approved.

Reservation of Rights

58. It is possible that some professional time expended or expenses incurred during this Total Fee Period are not reflected in this Fee Application. Katten reserves the right to include such amounts in supplemental fee applications.

Notice

59. The Debtors have provided notice of this Fee Application to: (a) the entities on the Master Service List (as defined in the Case Management Order and available on the Debtors' case website at www.kccllc.net/windstream) and (b) any person or entity with a particularized interest in the subject matter of the Fee Application. The Debtors respectfully submit that no other or further notice is necessary.

No Prior Request

60. No prior application for the relief requested herein has been made to this or any other court.

[Remainder of page intentionally left blank.]

WHEREFORE, Katten respectfully requests that the Bankruptcy Court enter an order (a) awarding Katten interim compensation for professional and paraprofessional services rendered during the Total Fee Period in the amount of \$9,655,344.10, and reimbursement of actual, reasonable and necessary expenses incurred in the Total Fee Period in the amount of \$471,049.68; (b) authorizing and directing the Debtors to remit payment to Katten for such fees and expenses; and (c) granting such other relief as is appropriate under the circumstances.

court with jurisdiction over the bankruptcy petition. If necessary, the Firm will take steps to prepare the disclosure materials required in connection with the Firm's retention as restructuring co-counsel/ efficiency counsel. If necessary, the Firm will prepare a preliminary draft of a schedule describing the Firm's relationships with certain interested parties. The Firm will then give you a draft of this schedule once it is available. Even if the Firm does not believe that these relationships constitute actual conflicts of interest, these relationships must be described and disclosed in your application to the court to retain the Firm. If in the Firm's determination a conflict of interest arises in your Chapter 11 case requiring separate conflicts counsel, then you will be required to use separate conflicts counsel in those matters. Further, you understand, acknowledge, and agree that in connection with a Chapter 11 case, if you have not objected to the payment of a Firm invoice or to a Firm fee and expense application, have in fact paid such invoice, or have approved such fee and expense application, then you waive your right to subsequently object to the payment of fees and expenses covered by such invoice or fee application. You should also be aware that, under applicable law, in the event a trustee or examiner is appointed in any Chapter 11 case or a trustee is appointed in a superseding Chapter 7 case, the trustee or examiner may waive the attorney-client privilege as to otherwise privileged communications between the Firm and your representatives.

Upon your commencement of a restructuring case under Chapter 11 of the Bankruptcy Code, the Firm will comply with the United States Trustee's guidelines for fees and expenses, notwithstanding any terms herein to the contrary. In the event of a bankruptcy filing, the Bankruptcy Code will rule and override Section VIII of the Terms of Engagement regarding arbitration.

A schedule of the Firm's standard hourly rates is annexed as Exhibit A. The Firm's disbursements that are billed on a per-unit basis are annexed as Exhibit B. The Firm's wiring instructions are annexed as Exhibit C and the Firm's W-9 Taxpayer Certification is annexed as Exhibit D.

KATTEN MUCHIN ROSENMAN LLP
TERMS OF ENGAGEMENT

The information below describes the terms that apply to the legal services provided for you by Katten Muchin Rosenman LLP (the "Firm"). We encourage you to discuss any of these Terms with us at any time. If modifications to the Terms are needed, you should discuss that with us so that agreement on changes can be reached and reduced to writing. All references to "you" or "your" means only the client or clients identified in our engagement letter. **Individuals or entities that are related to or affiliated with you, such as partners, officers, directors, stockholders, parent companies, related companies, or family members, are not clients, unless we otherwise agree in writing.**

I. Scope of Representation. The scope of the work we will do for you is limited to the description stated in our engagement letter. Any changes or additions to the scope of our work, which we would be pleased to consider, must be agreed to and memorialized by letter or email. Unless that description states otherwise, **our engagement does not include responsibility for:** (1) review of your insurance policies to determine the possibility of coverage for our fees and costs or for the claim asserted against you, (2) notification of your insurance carriers about a matter, (3) advice to you about your disclosure obligations concerning a matter under the federal securities laws or any other applicable law, or (4) advice to you about tax issues that relate to a matter. If we agree to represent you in additional matters, we will do so in writing by letter or email, and the Terms of our engagement will remain the same for these additional matters unless changed by agreement in writing.

Additionally, if in response to your request or by requirement of lawful process we: testify; gather and/or produce documents; respond to document hold or production requests; or respond to any other requests in connection with possible, threatened or actual proceedings commenced by third parties that relate to our representation of you, you agree to pay us our reasonable fees and costs incurred.

II. Staffing. Steven J. Reisman will have the primary responsibility for our relationship. We assign additional lawyers and other personnel when needed based upon the type of work and the appropriate experience level required.

III. Client Responsibilities. You agree to provide us with all information that we believe is necessary or appropriate to fulfill our professional responsibilities in this matter and to cooperate with us in matters such as fact investigation, preparation of pleadings, discovery responses, settlement conferences, etc. You will designate one or more persons to give us instructions and authority to receive our requests and inquiries. You further agree that without our express written consent, you will not use our name or the fact of your engagement of us in any form of advertising or solicitation of business.

IV. Financial Arrangements.

A. Fees and Expenses. Our fees are based primarily upon the hourly rates of our lawyers and other personnel in effect when the services are performed. These rates change periodically based upon economic factors and the experience level of our

personnel. In determining the amount of our fee, we may also consider and adjust our total fee based on other factors, including the novelty and difficulty of the issues involved, the amount involved and the results obtained, and the time limits, if any, imposed by you or by the circumstances of the engagement. We are affiliated with Katten Muchin Rosenman UK LLP of London, England, and if we obtain advice or services on your behalf from that firm, we will include their time and expenses on our bill.

Expenses include items such as consultants, experts, filing fees, court reporting fees, travel costs, overnight or other special mail services, messenger services, photocopies, long distance telephone, outgoing faxes, research service charges (e.g., LEXIS), secretarial and other staff overtime charges (when required to meet the needs of the matter), and other special services such as document imaging. Certain of these charges are adjusted to include administrative and overhead expenses incurred by the Firm to provide the billed service. With respect to costs incurred and payable to third parties, such as court reporters or experts, it is our usual policy to forward those bills to you for payment directly to the third party, and you agree to pay those fees directly to the provider. As an accommodation to you, however, we may advance those costs on your behalf and include them in our monthly bills. Some large disbursements may be forwarded to you for direct payment. Some charges may not be in the system at the time of monthly billing and will appear on a later bill.

B. Fee Deposits. The amount of any fee deposit required in this engagement, if any, is set forth in the engagement letter, which is not an estimate of the total costs of the representation, nor is it a maximum fee. This fee deposit will be deposited in the Firm's client retainer trust account and will be used to pay our fees and expenses when they come due. We will pay our monthly invoices using the fee deposit when earned, unless you already have paid the invoice or dispute the amount of our invoice before that time. You agree that you will maintain the fee deposit balance at the amount agreed in the engagement letter. Accordingly, while we will pay our invoices from the fee deposit as set forth above, you agree to maintain the agreed balance by either paying each invoice within 20 days of mailing or by replenishing the fee deposit in a like amount. In the event our fees and expenses exceed the retainer deposited with us, we will bill you for the excess. We may, as an accommodation to you, agree to waive the fee deposit if our invoices are timely paid. In the event we do so, however, you agree that we may request replenishment of the fee deposit at any time, should we determine that to be necessary, in our sole discretion. We may also request, and you agree to provide, additional fee advances from time to time based on our estimates of future work to be undertaken. If you fail to maintain the balance of the fee deposit when requested or to pay promptly any additional fees requested, we reserve the right to cease performing further work and withdraw from the representation.

C. Billing and Payment. We generally forward our statements monthly. The statements will include a brief description of the work performed, the date the work was performed, the time required to do the work, and the expenses incurred. Payment is due promptly upon receipt of our statement. We reserve the right to terminate our representation of clients who do not pay promptly. We do not and cannot guarantee the

engagement by you, and will not use such information for any purpose except for the benefit of, and on behalf of, you without your written consent.

Potential adverse consequences may result from the Firm's representing parties that are adverse to you. These may include a perception that the Firm's loyalty and independence of judgment with respect to you are impaired. Also, the Firm's representation of parties adverse to you may come at a time when it would harm your interests to terminate the services of the Firm, or after expenditures of fees and costs to the Firm that might need to be replicated by new counsel. The Firm encourages you to have this conflicts waiver reviewed by independent counsel acting on your behalf before agreeing to these Terms of Engagement.

Further, in the course of our representation of you, it may be necessary for our lawyers to analyze or address their professional duties or responsibilities or those of the Firm, and to consult with the Firm's General Counsel, Deputy General Counsel, Conflicts Counsel, or other lawyers in doing so. To the extent we are addressing our duties, obligations or responsibilities to you in those consultations, it is possible that a conflict of interest might be deemed to exist as between our Firm and you. As a condition of this engagement, you waive any conflict of interest that might be deemed to arise out of any such consultations. You further agree that these consultations are protected from disclosure by the Firm's attorney-client privilege. Nothing in the foregoing shall diminish or otherwise affect our obligation to keep you informed of material developments in your representation, including any conclusions arising out of such consultations to the extent that they affect your interests.

VIII. Arbitration of Disputes. You acknowledge having reviewed a copy of Part 137 of the Rules of the Chief Administrator of the Courts of New York (available at <http://www.courts.state.ny.us/admin/feedispute/137.pdf> or upon request from us) which provides a mechanism for resolution of fee disputes between us using a particular arbitration procedure and forum; you have a right to select this mechanism for the resolution of fee disputes between us under this letter agreement unless you waive that right. You hereby waive that right, and you and we instead agree upon the following: If any dispute, controversy or claim directly or indirectly relating to or arising out of this agreement, work we perform for you or the fees charged by us or your failure to pay such fees you agree that such dispute shall be submitted to binding arbitration with JAMS in New York, New York under the JAMS Comprehensive Arbitration Rules and Procedures. The arbitrator shall have no authority to award punitive damages or to treble or otherwise multiply actual damages. The award in the arbitration shall be final and binding and judgment thereon may be entered and enforced in any court of competent jurisdiction. The costs and expenses (including reasonable attorney's fees of the prevailing party) shall be borne and paid by the party that the arbitrator, or arbitrators, determine is the non-prevailing party. You agree and consent to personal jurisdiction, service of process and venue in any federal or state court within the State of New York in connection with any action brought to enforce an award in arbitration. You further agree that service of process may be made upon you by Katten Muchin Rosenman LLP by causing process to be delivered to you at the above address (or such other address of which you hereafter shall advise us in writing) by registered or certified mail, return receipt requested.

IX. Conclusion of Representation. Our representation of you will terminate when we send you our final statement for services rendered in this matter. We may also terminate our

representation for any reason consistent with rules of professional responsibility, including conflicts of interest or your failure to pay our fees and expenses. Our representation may also be terminated upon your request. Following termination, any nonpublic information you have supplied to us which is retained by us will be kept confidential in accordance with applicable rules of professional responsibility. Once our representation is concluded, we will not be obligated to take any steps such as keeping track of deadlines, filing papers, pursuing appeals, or monitoring or advising you about changes in the law or circumstances that might bear upon the concluded matter.

X. Disposition of Client Files. Upon conclusion of your representation, we may return to you your original papers, documents and/or other property that you provided to the Firm during our engagement. You agree to accept the return of such documents and/or property. If you so request, we will also provide to you, at your expense, copies or originals of your complete file. We reserve the right to make, at our expense, copies of all documents generated or received by us in the course of our representation of you. The Firm will not provide copies or originals of the Firm Administrative or Matter Administration files pertaining to the matter, which will be retained by the Firm. All such documents retained by the Firm, including client files (including any original documents and/or property that we attempted unsuccessfully to return to you) and Firm Administrative or Matter Administration files, will be transferred to the person responsible for administering our records retention program. For various reasons, including the minimization of unnecessary storage expenses, we reserve the right to destroy or otherwise dispose of any documents or other materials retained by us within a reasonable time, but not less than seven (7) years after the matter is closed.

Bankruptcy Case No. 19-22312 (RDD) (Jointly Administered)

Voluntary Rate Disclosures

- The blended hourly rate for Katten timekeepers in the New York, Washington, D.C., and Chicago offices (including both professionals and paraprofessionals) who billed to non-bankruptcy matters (collectively, the “Non-Bankruptcy Matters”)¹ during the period beginning on March 1, 2019 and ending on June 30, 2020 (the “Comparable Period”) was, in the aggregate, approximately \$647 per hour (the “Non-Bankruptcy Blended Hourly Rate”).²
- The blended hourly rate for all Katten timekeepers (including both professionals and paraprofessionals) who billed to the Debtors during the Total Fee Period was approximately \$774.23 per hour (the “Debtor Blended Hourly Rate”).³
- A detailed comparison of these rates is as follows:

Position at Katten	Debtor Blended Hourly Rate for the Total Fee Period⁴	Non-Bankruptcy Blended Hourly Rate
Partners	\$ 967.26	\$ 846.00
Counsel	945.00	705.00
Associates	608.56	520.00
Paraprofessionals	299.90	283.00
Total Combined Blended Rate	\$ 774.23⁵	\$ 647.00

¹ It is the nature of Katten’s practice that certain non-bankruptcy engagements require the advice and counsel of professionals and paraprofessionals who work primarily within Katten’s Insolvency and Restructuring Practice. Accordingly, “Non-Bankruptcy Matters” consist of matters for which Katten’s domestic timekeepers represented a client in a matter other than an in-court bankruptcy proceeding. Moreover, the Non-Bankruptcy Matters may include time billed by Katten domestic timekeepers who work primarily within Katten’s Insolvency and Restructuring Practice.

² Katten calculated the blended rate for Non-Bankruptcy Matters by dividing the *total dollar amount billed* by Katten timekeepers in the New York, Washington, D.C., and Chicago offices to the Non-Bankruptcy Matters during the Comparable Period by the *total number of hours* billed by Katten timekeepers in the New York, Washington, D.C., and Chicago offices to the Non-Bankruptcy Matters during the Comparable Period.

³ Katten calculated the blended rate for timekeepers who billed to the Debtor by dividing the *total dollar amount billed* by such timekeepers during the Total Fee Period by the *total number of hours billed* by such timekeepers during the Total Fee Period.

⁴ These amounts do not reflect fees written off by Katten during the Total Fee Period.

⁵ The Debtor Blended Hourly Rate for this Fee Application is greater than the Non-Bankruptcy Blended Hourly Rate because Katten was required to staff the Charter Adversary Proceeding with multiple Partners and other senior level attorneys from its Litigation, Intellectual Property and Insolvency & Restructuring Departments due to the complexity and expedited nature of the Charter Adversary Proceeding.
