This is for business or small 11 Q. What did you mean by it's "an unusual 11 business, right? 12 mix of messaging"? 12 A. For small business. So we are 13 A. It's very unusual that we're talking 13 encouraged to share learnings and base practices 14 about bankruptcy and Chapter 11 and materials, it 14 between the work that we do, although it's a 15 was unusual. 15 different audience between the work that we do 16 And "the mix" is because it referred 16 with small business and the work we do with 17 to both bankruptcy and something else; is that 17 residential. 18 what you meant by mix? 18 Here I'm not referring to the 19 A. By the mix, I mean the balance of 19 Windstream work with residential. I'm referring that -- the competitive message which was tied to 20 20 to the work we've done for residential in general. 21 Windstream's product inferiority and the 21 Q. So you learned from general work in 22 22 bankruptcy paired with the positive Spectrum story residential that, including logo on a competitive 23 of the good things that Spectrum business can 23 chart is more powerful and so, therefore, you're 24 offer. 24 suggesting to use it on this business piece? 25 Understood. 25 A. That is correct.

20	OTT means over the top.	20	specifically we'll call that a dig.
21	Q. Okay.	21	Q. Regardless of the tone, it's always

	9 A. Yes.	9	Is that the Jennifer we talked about
	10 Q. So what was the intention behind the	10	earlier at Charter?

	12 A. So the intention it was back to	12	Q. What is her surname again?

4	A. Yes.	4	A. Sure.
5	Q. If you flip to 10015, e-mail from	5	Q. Going back to 10014, e-mail from Matt

15	What is that referring to, "the	15	A. So payoff the headline means so

BANDY, having been first duly sworn by the Certified Court Reporter, testified as follows: EXAMINATION BY MR. MULLIGAN: Q Can you please state your full name for the record. A Shonne Katrina Bandy. Q What is your home address? A 6009 Northeast 99th Street, Vancouver, Washington 98665. Q Perfect. And are you on any medications today that would impair your ability to testify truthfully or fully? A No. Q Can you, as you sit here right now, think of any reason	today? A No. Q As we were speaking just moments ago, you've never had your deposition taken before; is that correct? A Correct. Q Okay. So I'll go over some of the normal kind of guidelines. Your counsel may have gone over them with you earlier. But we have a court reporter here, so for her sanity and ease, it'd be helpful if you let me finish my question before answering, and I'll let you finish your answer before asking my next question. I'm sure at some point we're going to talk over each other, because that's how natural conversations go, but I'll try to make the least of that. Is that fair? A Yes. Q And then for answering questions, because she is taking it down, it's helpful to answer in full responses, not our normal vernacular of uh-huhs or shoulder shrugs or head nods. Is that fair? A I will do my best. The Today of the normal kind of a question, we're

1	A I do not know, because I am not privy to the entire

3	Q By entire worklog, what do you mean?
4	A There's no indication that this is the entirety of all
5	the notes on this Remedy ticket.
6	Q If there are more notes, would that be something you'd be
7	able to determine?
8	A I would need to be in the system to determine that.
9	Q But if you were in the system, you'd be able to determine
10	if this was the entirety?
11	A Correct.
12	Q And then in that note at 3:17 p.m. on April 26th, 2019 by
13	yourself, do you see where it mentions Ticket status
14	referred external?
15	A Correct.
16	Q What does that mean?
17	A In the Remedy ticket system, if you refer back to the
18	first page on WIN 2428, at the very top of the Remedy
19	ticket, you'll see Status. And that status is a

drop-down menu of basically the status of the ticket

taken. And so we choose a drop-down based on what is

current status and what is the next step that needs to be

"External" is the first category. Under "external,"

currently or the status -- next step that needs to be

1	there are subreasons, like external meaning we're
2	referring it back to GNC. When we get a ticket, usually
3	it's a response from our request for external action. So
4	I picked up this ticket. It says "Referred external,"
5	meaning that the previous action before I picked up this
6	ticket was that GNC was supposed to provide their light
7	status and the template that was above that note. Light
8	status means the color and status of the lights on the
9	equipment on site.
10	Q And then your April 26th notes here, in the entry at
11	3:17 p.m. on the first one mentioning GNC is providing

13	A Correct.
14	Q contact Dustin, providing a number. Who is Dustin?
15	A I am just repeating what was in the template above that.
16	So in the template that was provided by Nate Newsome,
17	previously mentioned on WIN 2431, if you look at the
18	No. 2, Does the store have VoIP, voice over IP, question
19	mark. If the store has voice over IP, then when the
20	Internet goes down, we cannot call them because their
21	phone also goes down.
22	So they provide an alternate contact so that we can
23	contact the site on somebody's cell phone or a different
24	method of communication. So in this case, Nate Newsome
25	typed "Dustin" and his phone number as a method to

A The help desk located in Pennsylvania for GNC has an account with approximately 50 wireless LTE routers that they can overnight to stores who need alternate Internet. In the case where we suspect they may be down for more than 24 hours, GNC makes a decision whether to send a backup router to that site or not. That's one situation where they may receive a backup Internet. Q Is that GNC's decision and not Windstream's as to whether backup wireless is provided? A Correct. Q Do you know whether or not the GNC location at issue in this April 26th, 2019 ticket had a backup wireless router? A I would need to read the notes to see if there's any mention of it. One moment. (Witness peruses document.) And those thousands of accounts that 12 between a billing account and a service account. 13 Charter was aware of that were being serviced 13 What's a billing account? 14 under the last-mile contract, that wasn't all of 14 A. There 21 22 in February -- or February 2019? 22 were several teams on it. My team alone spent 23 A. It is. 23 roughly 1800 hours doing that search, and 24 Q. So as far as the time spent in terms 2 Q. And are coaxial accounts, accounts 3 of labor hours on the Charter side, identifying 3 that can be automatically disconnected if there 4 4 and protecting Windstream last-mile accounts so is a non-pay situation? 5 that they wouldn't be turned off if Windstream 5 A. Yes. 6 didn't pay its bills, that was more than 1800 6 Walk me through how that happens. Q. 7 hours -- excuse me, 1,800 hours? 7 A. Page 49 Page 50 F. Gunzel - 9/19/2019 1 F. Gunzel - 9/19/2019 2 scheme, was that in place for the accounts that 2 couple of things. Maybe at day 30 we send that 3 3 were disconnected in -- last-mile accounts that customer a letter saying, you're past due. And then at day 60, it automatically 6 that turned them off automatically, and they had 6 triggers a disconnect. 7 7 That's an example of a non-pay 8 8 disconnect scheme. And it's a program that runs Q. And so around March 15 -- so it 9 wasn't as if somebody made the decision, we need 9 against the billing system. 10 to turn these accounts off sometime in March of 10 We have a different scheme that would 2019? 11 11 be considered a VIP scheme, that would still have 12 A. They hit a 13 the -- trigger a rep to call them. time limit, and the billing system automatically 14 14 But the third one, disconnects you, 15 turned them off. 15 would be taken out of that program. 16 Q. And so for those accounts not to have 16 Q. And so would the -- to avoid 17 been turned off, they would have been placed into 17 disconnection, would the Windstream accounts have 18 some sort of protective status? 18 to be manually moved into those sort of schemes? 19 A. In this geography, move them I think at this point, we've 5 from this scheme to this scheme. 5 identified customers that are not even on this 6 Q. Okay. And so identifying those 6 list that are associated with Windstream. And 7 7 accounts and moving them from a regular we've done that via web searches, industry 8 8 collection scheme to a protected scheme, that was paperwork, those sort of things, looking back at, 9 9 part of the work that went into the estimated okay, who has Windstream purchased over the 10 3600 hours of work that Charter has spent trying 10 years. 20	A. Yes. Thank you.	20	A. Yes.
21	Q. We may be able to track that document	21	Q. And is that fair?

24	Does that make sense?	24	complete and honest testimony today, sir?
25	A. Yes.	25	A. No.
	Page 11		Page 12
1	Q. Mr. Auman, when did you join	1	to get new consumer and small business customers,
2	Windstream?	2	is that fair?
3	A. I joined Windstream in November of	3	A. Yes, that's fair.
4	2017.	4	Q. And tell me about the distribution
5	Q. And what was your position?	5	side.
6	A. Senior vice-president of sales and	6	A. It's one in the same, it's attracting

10	and distribution when you joined Windstream in July	10	say you spent working on those responsibilities
11	of 2017.	11	while, when you first joined Windstream in 2017?
12	A. I was responsible for the consumer	12	A. I'd say on average 60 hours a week.
13	and small and medium business sales and	13	Sometimes more.
14	distribution channels for the Kinetic business	14	Q. So
15	unit.	15	A. My full-time job.
16	Q. And so tell me about the sales	16	Q. Your full-time responsibility working
17	channel responsibilities, what does that entail?	17	60 hours a week and sometimes more since 2017, or
18	A. So, my responsibility would be to	18	when you joined Windstream in 2017 was sales and
19	achieve growth plans related to adding new	19	distribution for consumer and small business, is
20	customers and achieving our revenue targets for	20	that right?
21	both consumer or residential marketplace as well as	21	A. Can you repeat the question?

12	Q. What do you mean by go ahead.	12	(Whereupon, the reporter read from the record)
13	A. As a leader of the organization I had	13	Q. (BY MR. KINGSTON) You can answer,
14	responsibility to, fiscal responsibility to, you	14	sir.
15	know, achieve my expense budgets so there's a	15	A. I had responsibility for achieving
16	target that comes along with that responsibility	16	our revenue targets so I consider that financial
17	that I'm responsible for maintaining.	17	responsibility, I believe I stated that.
18	Q. And would that be the extent of your	18	Q. Sure. So tell me what you mean by
19	financial responsibility as the senior VP of sales?	19	achieving revenue targets.
20	A. Yes.	20	A. So it's achieving our growth plans,
21	Q. So other than mind if I start that	21	we have plans to grow our business and my

4	Q. Now, at some point you were promoted from vice-president to executive vice-president, is	4	Q. And I presume along with that
5	that true?	5	marketing responsibility for the Kinetic brand in

	A. Yes.		March of 2019 you added the same expense-related
7 8	Q. And when was that?A. March 2019.	7 8	responsibilities? A. Yes.
9		9	Q. So making sure you did your marketing
10	in March of 2017? A. Yes.	10	within the expense budget that you were given? A. Yes.
11			
12 13	Q. Tell me how.	12 13	Q. And are you still spending 60 plus hours a week focused on those responsibilities?
	A. I became responsible for our Kinetic		-
14	business unit marketing organization as well.	14	A. I would say that's a typical week,
15	Q. So you had an additional marketing	15	yes. O Who do you report to?
16	responsibility in March of 2017.	16	Q. Who do you report to?
17	A. Yes.	17	A. I report to Jeff Small.
18	Q. And along with that marking	18	Q. And what's Mr. Small's position?
19	responsibility	19	A. President of the Kinetic business
20	A. I'm sorry, I think you said March of	20	unit.
21	2017.	21	Q. And how many people report to you?
22	Q. I did, thank you for correcting me.	22	A. I have 11 direct reports.
23	Mind if I start over, sir?	23	Q. I'm not going to list them, sir, but
24	A. Yes.	24	tell me generally what the jobs are of those direct

	Q. So you unded marketing responsionity		reports.

3	A. Yes.	3	2019 were you well, why were you promoted?
4	Q. What do the people that report to you	4	A. Well, hopefully because I'm good but
5	do for a living?	5	the primary driver is my counterpart at the time
6	A. So from a high level they would be	6	resigned from the company.
7	leaders of, within sales and marketing with more	7	Q. Who was that?
8	narrow focused responsibilities than I have. I	8	A. His name was Jeff, or is Jeff Levy.
9	have folks on my team that are responsible for	9	Q. And what was Mr. Levy's position?
10	inside sales in our call centers, outside sales,	10	A. Senior vice-president of marketing.
11	door to door, partner sales or what we would term	11	Q. So there was a senior vice-president
12	agent sales, both online and offline folks that are	12	of marketing well, strike that. Do you mind if
13	responsible for marketing, would include brand,	13	I start over, sir?
14	both consumer and business product, both product	14	A. Yes.
15	development, product management, business	15	Q. Was he the senior vice-president of
16	development and marketing operations or go to	16	marketing for Kinetic?
17	market type of responsibilities, communications,	17	A. Yes.
18	sales operations, kind of systems support	18	Q. So you were the senior vice-president
19	management, technology that we use to sell and	19	of marketing for small business and consumer and
20	service customers. I would say that's a fair broad	20	Mr. Levy was the vice-president of marketing for
21	assessment, or a broad discussion of what the folks	21	Kinetic. Is that true?
22	on my team do and my overall responsibility.	22	A. No.
23	Q. Okay. Are you involved in the	23	Q. Okay. Tell me what I missed.

And you don't know what the customer sales and care issues were that were being discussed on the pages that have been blacked out on Page 9 through 21? A. No, sir, I do not. Q. And does Exhibit 6 contain the talking points that were created in response to the Spectrum mailer? A. Yeah, I would say they definitely cover a few of the talking points. I think there would have likely been additional talking points	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	believe manage other folks as well. So I'm not certain that actual representatives that are, you know, the front line employees within care are actually on this particular call. I think this is the, the audience on this is the managers of those teams, and some would be from my employees as well but I think there's, most of those discussions happen in a smaller audience because you can't have everybody off the telephone at the same time. Q. And so Page 6 Bates labeled WIN 2754 of Exhibit 6 reflects the talking points that would have been circulated to more of a managerial level employees in response to the Spectrum mailer. A. Yes. That's the audience that's typically on this call, along with some sales folks are able to jump on as well. Particularly those that manage some of our agents, so we have agents that then would need to be trained on, that represent Kinetic Windstream within their companies as well. Q. Direct your attention to Page 8. And do you see on Page 8 an image of a letter from Windstream to its customers notifying them of its

Page 141 Page 142 1 sentence, I read that to say accordingly, to the 1 MR. ROSS: Now that's incorrect, 2 2 that's not what he just testified to. You just extent there is any uncertainty created by the 3 3 debtor's Chapter 11 filing, it is entirely misstated his testimony I think deliberately. 4 Q. (BY MR. KINGSTON) Explain to me what 4 manufactured by Charter. 5 Have I read that correctly? 5 I got wrong. 6 Yes. 6 MR. ROSS: Read the question back and A. 7 7 O. And is it a true statement that any it will be obvious. 8 8 MR. KINGSTON: That's okay, I'll take uncertainty created by the debtor's Chapter 11 9 filing has been entirely manufactured by Charter? 9 another run at it. 10 10 Q. (BY MR. KINGSTON) Windstream's view A. Repeat the question please. 11 Is it a true statement that any 11 is that there is no uncertainty created by its 12 12 Chapter 11 filing except that which was uncertainty created by the debtor's Chapter 11 manufactured by Charter's March 2019 advertising, 13 13 filing has been entirely manufactured by Charter? 14 A. I believe the only uncertainty that 14 is that a fair statement, sir? 15 I'm aware of is being created by the false and 15 A. I would say that the uncertainty that 16 we have seen in the marketplace from our customers 16 misleading advertisements when customers have 17 called in confused as to what they received at 17 was created by the advertising that Charter sent 18 out. Those are the calls that we have documented. 18 home. So that's the extent of what I know about 19 19 that I have heard, that I've read transcripts of uncertainty created. 20 So Charter sent advertising in March 20 that created uncertainty in the marketplace with 21 21 our customers. They called in thinking that we of 2019? were going out of business, that we were going to 22 A. 22 Yes. 23 After that advertising there was 23 be acquired by Spectrum, afraid to pay their bill 24 uncertainty created by debtor's Chapter 11 filing, 24 in some cases and so that's the uncertainty that 25 25 I'm aware of. Page 143 Page 144 1 taken to identify customers that it believes 1 Q. There's no other uncertainty created 2 by debtor's Chapter 11 filing beyond that which 2 switched to Charter? 3 you've just described. 3 A. So that's pretty broad. 4 4 A. As it relates to customers that's the Q. Let me try to narrow it. 5 5 uncertainty that I'm aware of. Windstream contends that customers 6 Q. My question is -- let me direct your 6 have switched from Windstream to Charter since 7 attention to Windstream's assertion at the end of 7 March of 2019. Yes? 8 8 Paragraph 3. Was there any uncertainty created by A. Yes. 9 the fact that debtor filed Chapter 11? 9 Tell me how Windstream goes about 10 MR. ROSS: He's now answered that 10 identifying those customers. 11 11 three times in three different ways. I mean just A. So in some cases customers will tell 12 because you don't like the answer doesn't entitle 12 us and in those cases the representatives are 13 13 you to keep asking the question. supposed to notate that. That's certainly one way, 14 14 Q. (BY MR. KINGSTON) You can answer. and that's qualitative nature. 15 A. I haven't seen any uncertainty in the 15 Q. If I call Windstream --16 marketplace from the Chapter 11 filing. It has 16 MR. ROSS: You're interrupting him in 17 been business as usual and frankly we continued on 17 the middle of an answer John. 18 18 our growth trajectory until the false and Q. (BY MR. KINGSTON) I beg your pardon, 19 misleading advertisements came from Charter in mid 19 I didn't realize you weren't finished. Go ahead. 20 March and from April on to the end of July is when 20 A. I think a very conclusive way is when 21 21 we had a spike in customer disconnects. So I a customer ports their number out of Windstream to 22 hadn't seen or heard about uncertainty in the 22 Spectrum we know that definitively, and so there's 23 marketplace created by our Chapter 11 filing. I 23 a, that's a very quantitative data driven way that 24 just haven't seen any banter around that. 24 has to be reported. So those are, you know, two 25 25 Q. How did, what steps has Windstream areas that we document. A third would be is kind

1 of referencing back our daily, you know, subscriber 2 additions versus disconnects and we know by

- 3 exchange, when I say the term exchange, geography
- 4 or wire center that customers are served in how
- 5 many customers leave us on a daily basis and so we
- 6 can connect the dots and look for trajectory
- 7 changes and make some assessments on market share
- 8 and whether or not customers are going to Spectrum,
- 9 you know, that way, by deducing. You know, we
- 10 monitor, you know, market share reports and
- 11 competitive assessments to see what has changed 12 over time. And so those are kind of internal
- 13
- analytics if you will. I would say those are the 14 kind of key areas that we, you know, validate or
- 15 ascertain of customers, where they're going.
 - Q. So sort of the three avenues by which Windstream would identify customers that switched to Charter would be records of people actually talking to customers.
 - A. They tell us.

- Q. A purported customer list and then analytics that you discussed with Mr. Brannon?
- 23 A. Yeah. It's kind of a whole work 24 effort around analytics from both internal sources 25 and external sources.

- Page 146
- What are the external sources?
- A. I look at what's reported by company
- 3 as far as what their gains and losses are on a
- 4 quarterly basis for publicly traded companies and
- 5 ascertain based on what your own metrics are, how 6 well they're doing in the marketplace, where their
- 7 customers are going and it's certainly not
- 8 exclusive to Spectrum, it's any number of
- 9 competitors. I'd say the most straightforward is
- 10 by far the ports, right, and the second is, is what
- 11 customers say. And I will say that a lot of
- 12 customers don't say a thing, they're not required
- 13 to. They're not required to share why or where
- 14 they're going and a lot of customers and my
- 15 experience has been they'll just say I'm moving,
- 16 you know, even if they're switching competitors. 17
 - So the most conclusive would be the reports.
 - Q. Your experience is that customers will lie and say they are moving when they're just switching to another carrier?
- 21 A. I would say they're avoidant, some, 22 but not all customers tell us why. And a lot of
- 23 times it's after the fact anyhow, a lot of
- 24 customers will make sure they have, they've already 25
 - moved prior to disconnect, so. And they'll say

Page 147

- moving, not a geographical move but they just move companies. It can vary.
- Q. So is there a way to tell when a customer calls a customer care employee that he or she is canceling because she is moving?
- A. No. I mean not unless it would be to move within our same geography and share the new address with us so that we could establish new service then we would know about that, but typically not.
- Q. So your experience that a customer would lie and say they're moving when they're simply switching carriers, where did you gain that experience?
- A. First, for the record I'm not saying they lie, I say they're moving and sometimes they'll be moving carriers or they'll just not say a thing. I think the point there is customers are not required to disclose what they're doing. All they have to do is tell us that they no longer want the service.
- Q. Okay. Your experience that customers would indicate they are moving physical locations when in fact they're just moving between carriers comes from where?

Page 148

- A. I've been in subscription based businesses my entire career, wireless, security and now broadband. My experience has been, is that customers sometimes don't want to upset the company and they'll just avoid the question.
 - Q. So as far as the data point where customers actually say I'm switching to Charter your belief is reliance exclusively on that data point would be, would tend to understate the number of switch customers because customers may be less than candid about the reason for their switch, or disconnection.
 - A. Disconnect. Yes. That's my experience. And that's across all subscription based businesses.
 - Q. Can you tell from a ported customer list why any particular customer is porting his or her number?
 - A. I'm not familiar with any reason on just a port list as to why the customer ported. I don't know if there are reason codes in there and a customer has self identified, but as far as a port request is concerned there doesn't need to be any information for that to happen. I'm not aware if you try to collect that or not, to be honest.

Page 157 Page 158 1 providers. A non pay would be either protest pay 1 A. Yes. and we disconnect them or they can't pay for 2 2 Q. Can you explain those numbers to me, 3 whatever reason. 3 sir? 4 4 Q. So is a non pay disconnect called a A. So I, you know, I haven't seen this 5 voluntary disconnect? 5 report before so I don't know what it's referencing 6 A. Yes. They didn't have a choice, 6 or the calculation around this, but in the way that 7 7 right. we talk about churn we typically talk about the 8 8 Q. So in looking at these terms as you number of customers that leave us as a percentage 9 understand them as far as who's the voluntary and 9 of our base on a monthly basis. And there's 10 10 who's the involuntary is it, that's from the nuances into that calculation, that's not my role customer's perspective, they voluntarily left us 11 11 but there's some puts and takes as to how you get 12 12 to that calculation too. There's different ways to with, they left us involuntarily? 13 A. Yeah. I think it would be from both 13 calculate the churn, there's early life churn, 14 perspectives, a customer, involuntary means --14 there's a certain number of months a customer has 15 Q. You don't have a choice. 15 to stay with you to get into that category. But at 16 Right. You finally have to, we're 16 the end of the day it's the number of customers 17 losing our shirt, we got to cut them off. And then 17 that leave you relative to your existing customer 18 churn, churn would be a calculation, generally it 18 base or your customer base plus the additions less 19 19 also is not a gap term so churn is a percentage of the defections. 20 your customer base that would typically leave you 20 So is the information displayed on 21 Page 2584 of Exhibit 11 consistent with the on a monthly basis but you can define change many 21 22 different ways. 22 information that you had obtained in your periodic 23 Q. And there are actually are churn 23 reports from Mr. Brannon's group? 24 numbers on, if you look at the bottom right-hand 24 So, I mean we absolutely look at 25 corner on Page 2584. 25 churn and consumer churn. I don't know what this Page 159 Page 160 1 a weekly and sometimes daily basis. 1 calculation is so I can't say definitively yes or 2 A. I think that's fair. I certainly do, 2 no, but, if it's the same. But as far as churn and 3 a percentage and what it means I have no reason to 3 again, I don't know what all of this, I don't know, 4 4 I'm not familiar, this is not a report I look at on believe that this would be similar in nature. You 5 5 a daily basis, this is not a report that I know, this looks like it's a year to date number in 6 February. I don't know though, like that number, 2 6 reference that Brad sends around, this seems like a 7 7 roll up. dot 06 percent does not ring a bell from what this, 8 8 this says December 8, 2018. So yeah. This looks Q. Okay. You can put that aside, sir. 9 9 like it will have been at the end of December, (MARKED DEFENDANT'S EXHIBIT NO. 12) 10 2018. Which would imply year to date, last year 10 Q. (BY MR. KINGSTON) Mr. Auman, I've would probably be 2017 but I don't know the 11 handed you Exhibit 12. Exhibit 12 is a two page 11 12 12 geographies on this one. document, looks to be a screenshot of a Windstream 13 website captioned Is Kinetic TV Available In My 13 Q. I guess is the information down on 14 14 the left-hand side, those are sort of the Area? 15 Do you recognize Exhibit 12, sir? 15 performance analytics? 16 A. Yes, absolutely. And then talk about 16 17 kind of a monthly report it's, you know, these are 17 Q. And as far as you know is that an 18 the things that we're looking at as far as 18 accurate depiction of the cities across Kentucky, 19 performance analytics. 19 Nebraska, North Carolina and Texas where Kinetic TV 20 is available? 20 Q. Do you track those on a weekly basis? 21 We track these a lot of times on a 21 A. When was this taken, 9/6? 22 22 daily basis. Q. Yes, sir. 23 Q. So the sort of performance analytics 23 A. Yes. I think some of these cities we that were reflected down this left side of WIN2584 24 24 might have kind of a projection of when it's going 25 25 reflect information that Windstream would track on to launch, but these are the general areas that

Page 161 Page 162 1 it's available. We have, I believe we also, what's 1 Q. The mother ship, it just surprised me 2 2 a little bit the mother ship doesn't have access to not reflected here is Georgia. 3 3 We also had a legacy cable TV the Kinetic TV. Is there a reason why Kinetic TV 4 4 is not available in Arkansas? television service that were migrating customers 5 over to the Kinetic TV. So that would be largely 5 A. Yes. 6 in Georgia. 6 O. What's that reason? 7 7 O. So at some point Windstream acquired It's not profitable for us. So we 8 8 a cable TV service in Georgia and it is in the offer it in some markets and not others and there's 9 process of migrating those customers over to 9 a certain, there's requirements around it, there's 10 10 Kinetic TV? license that is required. So there's a lot of reasons. I don't know that the specific reason is 11 A. Yes. 11 12 12 Q. And so the Kinetic TV isn't that it's not a very profitable product for us, 13 13 necessarily available throughout the cities listed but. We don't have a whole lot of coverage in 14 14 on Exhibit 12 but it may be available in certain Arkansas either from a geography that we would be 15 households within those cities or any for lack of a 15 offering a Kinetic brand, if that makes sense. 16 better phrase be coming soon to some of those 16 Arkansas is a pretty small footprint for us, even 17 cities, is that fair? 17 though the company headquartered there, also our 18 18 A. That's fair. It's kind of real time Windstream Enterprises is a national player, so. 19 19 Q. Okay. Did Windstream track any of so it's changing all the time. 20 And so Windstream will update its 20 the news articles related to its bankruptcy in 21 website as Kinetic TV becomes available in new 21 February and March of 2019? 22 cities? 22 A. So what do you mean track? 23 23 When Windstream entered bankruptcy it A. Yes. 24 No Kinetic TV in Arkansas? 24 was reported in the news. Yes? Q. 25 A. No. 25 Yes. Page 163 Page 164 1 Facebook and primarily, and Twitter accounts. Q. And did Windstream monitor any of the 1 2 2 news reports related to its bankruptcy? Q. So there's a group on Paul 3 A. I'm not aware if we did any 3 Strickland's team that is focused exclusively on 4 4 monitoring. My team did not. What we did do is we monitoring Facebook and Twitter accounts? 5 5 monitored social media pretty extensively for A. That's correct. Mostly Facebook, 6 comments, questions, things of that nature and we 6 that's where most of our, you know, posts and blogs 7 didn't see any spike or any material activity in 7 and messages, any type of social presence. It's a 8 8 new, you know, it's a very effective means for 9 9 Q. So was that social media -- I spoke customers to be heard. And frankly it's a great 10 over you, I apologize. 10 real time mechanism to keep your pulse on the 11 A. Very similar that we continue to see 11 business. 12 spikes in call volume to our call centers. You 12 O. So Windstream understands the way 13 know, that's one thing we do extremely well, we 13 folks pay quite a bit of attention on monitoring 14 14 stay on top of what our customers are telling us the, monitoring social media to track customer 15 real time because we have managers that are in 15 concerns? 16 small groups with our customer care and sales 16 A. Yes, sir. 17 representative and when there's an issue frankly it 17 Q. And who in Mr. Strickland's group 18 18 would be at the top of the social media monitoring shows up on that, you know, on the sales and care 19 19 call that you saw. That's kind of like our real group? 20 time hot issues list and so we do monitor, you 20 A. Paul's got that one squarely on his 21 know, social and calls into our care. 21 shoulders. 22 22 Q. So the social media monitoring, how Q. Mr. Strickland? 23 23 A. Yes. There's a woman within his is that reported and tracked? 24 A. We have a group within Paul 24 organization that's her primarily responsibility, 25 Strickland's team that does nothing but monitor 25 Andrea Curtis I think is her last name, but.

Page 166 Page 165 1 Q. And did, does this group generate 1 the way, you get a lot of competitive intelligence 2 internal reports within Windstream? 2 there as well. Customers sometimes like to, 3 3 Yes. Yeah. sometimes they like to tell you where they're 4 4 O. So how frequently does that happen? going, they like to announce. 5 5 Sure. And so does this boil down in A. The ones that I get brought in, so 6 I'm not sure how frequently she sends reports, it 6 some sort of presentation, will there be kind of a 7 7 may be at a granular level more frequently, what I PowerPoint, is that what people are putting on 8 8 their Facebook and Twitter and that kind of thing? see typically is you have a monthly readout, it 9 seems like it's every week but it's technically 9 A. Yes. 10 10 every month, it's just that long of a session and Q. And does she track, or did the group 11 we'll go through, we'll go through as a leadership 11 track metrics such as this is how many times 12 team what's going on and she'll consolidate issues 12 somebody mentioned Windstream and Internet on 13 into kind of actual things, and frankly that's 13 Facebook, that kind of thing? 14 14 where we just saw the customer confusion arise from A. I haven't seen that, but she's pretty thorough in her work. 15 the Spectrum advertisement. It showed up there 15 16 16 very quickly. MR. KINGSTON: I pass the witness. 17 Q. And these, so do these reports, 17 MR. ROSS: Do you have any questions? 18 there's an e-mail and it sends you to a link or is MS. GREER: I don't have any 18 19 19 there a document attached or how does that work? questions. 20 Typically for me it's a, kind of a 20 MR. ROSS: We don't have any 21 meeting, presentation. We could, we certainly can, 21 questions. 22 22 I'm not aware of any, you know, like url where we I'll get you some information, I'm 23 keep it, she may, but. We have a, she consolidates 23 just going to have to send it to you. 24 that into similar content and tries to make it 24 MR. KINGSTON: That's fine. 25 accessible so we can do something with it. And by 25 MR. ROSS: Witness reserves the right Page 167 Page 168 1 REPORTER CERTIFICATE 1 to review and sign the transcript of the 2 2 deposition. 3 VIDEOGRAPHER: All right. - 8. Section 521(a) of the Bankruptcy Code, Bankruptcy Rule 1007(a)(1), and Local Rule 1007-1(a) require a debtor in a voluntary chapter 11 case to file a list containing the name and complete address of each creditor. In addition, Bankruptcy Rule 1007(d) requires a debtor to file a list containing the name, address, and claim of the creditors holding the 20 largest unsecured claims against the debtor. Bankruptcy Rule 2002(a)(1) also provides that the clerk (or other person directed by the court) must give the debtor, the U.S. Trustee, all creditors, and any indenture trustee at least 21-days' notice by mail of the meeting of creditors under Section 341 of the Bankruptcy Code. Bankruptcy Rule 2002(f)(1) also provides that notice of "the order for relief" shall be sent by mail to all creditors.
- 9. The Debtors submit that permitting them to maintain a single consolidated list of creditors in lieu of filing a separate creditor matrix for each debtor entity is warranted under the circumstances of these chapter 11 cases. Specifically, maintaining a single consolidated list of creditors will benefit the Debtors and their estates by allowing the Debtors to more efficiently provide required notices to parties-in-interest and reduce the potential for duplicate mailings. Indeed, many of the Debtors' creditors overlap and thus, to the extent that the Debtors are required to maintain separate mailing matrices, a substantial number of parties likely would receive multiple copies of the same notice.
- 10. More specifically, there are 205 entities that are debtors in these chapter 11 cases. The Debtors estimate that there are hundreds of thousands of potential creditors and parties-in-

interest (on a consolidated basis) in these chapter 11 cases. As such, requiring the Debtors to comply with the matrix requirements would be an exceptionally burdensome task and would greatly increase the risk of error of information already on computer systems maintained by the Debtors or their agents.

- 11. Accordingly, the Debtors, working with the Proposed Claims and Noticing Agent (as defined below), have prepared a single, consolidated list of the Debtors' creditors in electronic format. To ensure that no parties-in-interest are prejudiced, the Debtors will make their consolidated list of creditors available in readable electronic format to any party in interest who so requests (or in non-electronic format at such requesting party's sole cost and expense). The Debtors therefore submit that the preparation and maintenance of a single consolidated creditor list is warranted under the facts and circumstances present in these chapter 11 cases.
- 12. Concurrently with the filing of this Motion, and in accordance with Local Rule 5075-1, the Debtors are seeking to retain Kurtzman Carson Consultants LLC as their notice and claims agent in these chapter 11 cases (the "Proposed Claims and Noticing Agent").² If this application is granted, the Proposed Claims and Noticing Agent will, among other things, assist with the consolidation of the Debtors' computer records into a creditor database and complete the mailing of notices to the parties in such database.
- 13. Specifically, the Debtors propose that the Proposed Claims and Noticing Agent undertake all mailings directed by the Bankruptcy Court or the U.S. Trustee, or that are required by section 342(a) of the Bankruptcy Code and Bankruptcy Rules 2002(a) and (f), including the

5

The request to retain the Proposed Claims and Noticing Agent is made pursuant to Section 156(c) of title 28 of the United States Code, which empowers the Bankruptcy Court to use outside facilities or services pertaining to the provisions of notice of the administrative information to parties-in-interest so long as the costs of the services are paid for out of assets of the estate. See 28 U.S.C. § 156(c); see also Debtors' Application for Entry of an Order Appointing Kurtzman Carson Consultants LLC as the Claims and Noticing Agent, filed contemporaneously herewith.

notice of commencement of these chapter 11 cases, substantially in the form annexed as **Exhibit 1** to **Exhibit A** attached hereto (the "Notice of Commencement"). The Debtors believe that using the Proposed Claims and Noticing Agent to promptly provide notices to all applicable parties will maximize efficiency in administering these chapter 11 cases and will ease administrative burdens that would otherwise fall upon the Bankruptcy Court and the U.S. Trustee. Additionally, the Proposed Claims and Noticing Agent will assist the Debtors in preparing creditor lists and mailing initial notices. Accordingly, the Debtors believe maintaining electronic-format lists of creditors rather than preparing and filing separate creditor matrices for each debtor will not only maximize efficiency and accuracy, but also reduce costs.

I. Cause Exists To Authorize the Debtors To Prepare a List of Creditors in Lieu of Submitting a Formatted Mailing Matrix.

14. As stated above, unless a debtor's schedules of assets and liabilities are filed simultaneously with a chapter 11 petition, the Notice Rules require a debtor to file a list containing the name and address of each creditor. In addition, and as discussed below, Bankruptcy Rule 1007(d) requires a debtor to file a list containing the name, address, and claim of the creditors holding the 20 largest unsecured claims against the debtor. Further, Bankruptcy Rule 2002(a)(1) provides, in relevant part, that "the clerk, or some other person as the court may direct, shall give the debtor, the trustee, all creditors and indenture trustees at least 21-days' notice by mail of . . . the meeting of creditors under § 341 or § 1104(b) of the [Bankruptcy] Code. . . ." See Fed. R. Bankr. P. 2002(a)(1). Bankruptcy Rule 2002(f)(1) also provides that notice of "the order for relief" shall be sent by mail to all creditors. Local Rule 1007-1 directs a debtor to comply with any standing orders issued by the Bankruptcy Court regarding the filing of creditor lists. Pursuant to Local Rule 5075-1, a debtor filing a petition with more than 250 creditors, as is the case here, is

required to retain an approved claims and noticing agent pursuant to an order of the Bankruptcy Court.

- 15. Permitting the Debtors to maintain a consolidated list of their creditors in electronic format only, in lieu of filing a creditor matrix, is warranted under the circumstances of these cases. Indeed, because the Debtors have hundreds of thousands of potential creditors and other parties-in-interest, converting the Debtors' computerized information to a format compatible with the matrix requirements would be a burdensome task and would greatly increase the risk of error with respect to information on computer systems maintained by the Debtors or their agents. As such, the Debtors submit that the proposed maintenance of an electronic list of creditors under the auspices of the Proposed Claims and Noticing Agent is consistent with applicable Local Rules.
- 16. The Debtors, working together with the Proposed Claims and Noticing Agent, already have prepared a single, consolidated list of the Debtors' creditors in electronic format. The Debtors are prepared to make that list available in electronic form to any party in interest who so requests (or in non-electronic form at such requesting party's sole cost and expense) in lieu of submitting a mailing matrix to the Bankruptcy Court's clerk's office (the "Clerk of the Bankruptcy Court").
- 17. Courts in this jurisdiction have approved relief similar to the relief requested in this Motion with respect to preparation of a consolidated, electronic list of a debtor's creditors. *See, e.g., In re Aegean Marine Petrol. Network Inc.*, Case No. 18-13374 (MEW) (Bankr. S.D.N.Y. Dec. 8, 2018) (authorizing the debtors to prepare a list of creditors in lieu of submitting a formatted mailing matrix); *In re Nine West Holdings, Inc.*, Case No. 18-10947 (SCC) (Bankr. S.D.N.Y. Apr. 9, 2018) (same); *In re Cenveo Inc.*, Case No. 18-22178 (RDD) (Bankr. S.D.N.Y. Feb. 6, 2018) (same); *In re BCBG Max Azria Glob. Holdings, LLC*, Case No. 17-10466 (SCC) (Bankr.

II. Cause Exists To Authorize the Debtors to File a Single Consolidated List of the Debtors' 50 Largest Unsecured Creditors.

- 18. Bankruptcy Rule 1007(d) provides that a debtor shall file "a list containing the name, address, and claim of the creditors that hold the 20 largest unsecured claims, excluding insiders. . . ." See Fed. R. Bankr. P. 1007(d). Because certain of Debtors share many creditors and the Debtors operate as a single business enterprise, the Debtors request authority to file a single, consolidated list of their 50 largest general unsecured creditors.
- 19. Compiling separate top 20 creditor lists for each individual debtor would consume a substantial amount of the Debtors' time and resources. Further, the Debtors believe a single, consolidated list of their 50 largest unsecured, non-insider creditors will aid the U.S. Trustee in its efforts to communicate with these creditors. As such, the Debtors believe that filing a single consolidated list of the 50 largest unsecured creditors in these chapter 11 cases is appropriate.
- 20. Courts in this jurisdiction have approved relief similar to the relief requested in this motion with respect to filing a single consolidated list of the largest unsecured creditors of a debtor and its debtor affiliates. *See, e.g., In re Aegean Marine Petrol. Network Inc.*, Case No. 18-13374 (MEW) (Bankr. S.D.N.Y. Dec. 8, 2018) (authorizing the debtors to file a single consolidated list of the 50 largest unsecured creditors of the debtors); *In re Nine West Holdings, Inc.*, Case No. 18-10947 (SCC) (Bankr. Because of the voluminous nature of the orders cited herein, such orders have not been attached to this Motion. Copies of these orders are available upon request of the Debtors' proposed counsel.

III. Redaction of Certain Confidential Information.

- 21. Section 107(c)(1)(A) of the Bankruptcy Code provides that the court "for cause, may protect an individual, with respect to the following types of information to the extent the court finds that disclosure of such information would create undue risk of identity theft...[a]ny means of identification... contained in a paper filed, or to be filed in a case under" the Bankruptcy Code. See 11 U.S.C. § 107(c)(1)(A). The Debtors respectfully submit that cause exists to authorize the Debtors to redact address information of individual creditors—many of whom are the Debtors' employees—and interest holders from the Creditor Matrix because such information could be used to perpetrate identity theft. The Debtors propose to provide, under seal, an un-redacted version of the Creditor Matrix to the Bankruptcy Court, the U.S. Trustee, and any official committee of unsecured creditors appointed in these chapter 11 cases.
- 22. Courts in this jurisdiction and others have granted the relief requested herein in comparable chapter 11 cases. *See, e.g., In re Aegean Marine Petrol. Network Inc.*, Case No. 18-13374 (MEW) (Bankr. S.D.N.Y. Dec. 8, 2018) (allowing the debtors to redact from the Creditor Matrix address information of individual creditors); *In re Nine West Holdings, Inc.*, Case No. 18-10947 (SCC) (Bankr. S.D.N.Y. Apr. 9, 2018) (same); *In re Cenveo Inc.*, Case No. 18-22178 (RDD) (Bankr. S.D.N.Y. Feb. 6, 2018) (same).

IV. Authority to Mail Initial Notices to Creditors.

23. As stated above, the Debtors request that the Proposed Claims and Noticing Agent undertake all mailings directed by the Bankruptcy Court, the U.S. Trustee, or as required by the Bankruptcy Code, including the Notice of Commencement of these chapter 11 cases. The Proposed Claims and Noticing Agent's assistance with the mailing and preparation of creditor lists

and notices will ease administrative burdens that would otherwise fall upon the Bankruptcy Court and the U.S. Trustee. With such assistance, the Debtors can file a computer-readable consolidated list of creditors and also undertake all necessary mailings.

Motion Practice

24. This Motion includes citations to the applicable rules and statutory authorities upon which the relief requested herein is predicated and a discussion of its application to this Motion. Accordingly, the Debtors submit that this Motion satisfies Local Rule 9013-1(a).

Notice

25. The Debtors will provide notice of this Motion to the following parties and/or their respective counsel, as applicable: (a) the Office of the U.S. Trustee; (b) the holders of the 50 largest unsecured claims against the Debtors (on a consolidated basis); (c) the agent under the proposed postpetition debtor in possession financing facility; (d) the administrative agents and indenture trustees under the Debtors' prepetition credit agreement and note indentures; (e) Milbank LLP, counsel to an *ad hoc* group of second lien noteholders; (f) Paul, Weiss, Rifkind, Wharton & Garrison LLP, counsel to an *ad hoc* group of first lien term lenders; (g) Shearman & Sterling LLP, counsel to the Midwest noteholders; (h) the Pension Benefit Guaranty Corporation; (i) the United States Attorney's Office for the Southern District of New York; (j) the Internal Revenue Service; (k) the United States Securities and Exchange Commission; (l) the attorneys general in the states where the Debtors conduct their business operations; (m) the Federal Communications Commission; and (n) any party that has requested notice pursuant to Bankruptcy Rule 2002. The Debtors submit that, in light of the nature of the relief requested, no other or further notice need be given.

No Prior Request

26. No prior request for the relief sought in this Motion has been made to this or any other court.

Notice of Chapter 11 Bankruptcy Case

12/17

For the debtor listed above, a case has been filed under chapter 11 of the Bankruptcy Code. An order for relief has been entered.

This notice has important information about the case for creditors, debtors, and trustees, including information about the meeting of creditors and deadlines. Read both pages carefully.

The filing of the case imposed an automatic stay against most collection activities. This means that creditors generally may not take action to collect debts from the debtor or the debtor's property. For example, while the stay is in effect, creditors cannot sue, assert a deficiency, repossess property, or otherwise try to collect from the debtor. Creditors cannot demand repayment from the debtor by mail, phone, or otherwise. Creditors who violate the stay can be required to pay actual and punitive damages and attorney's fees.

Confirmation of a chapter 11 plan may result in a discharge of debt. A creditor who wants to have a particular debt excepted from discharge may be required to file a complaint in the bankruptcy clerk's office within the deadline specified in this notice. (See line 11 below for more information.)

To protect your rights, consult an attorney. All documents filed in the case may be inspected at the bankruptcy clerk's office at the address listed below or through PACER (Public Access to Court Electronic Records at www.pacer.gov).

The staff of the bankruptcy clerk's office cannot give legal advice.

Do not file this notice with any proof of claim or other filing in the case.

or any bankruptcy clerk's office.
 Your claim will be allowed in the amount scheduled unless: Your claim is designated as disputed, contingent or unliquidated; You file a proof of claim in a different amount; or You receive another notice
If your claim is not scheduled or if your claim is designated as disputed, contingent, or unliquidated, you must file a proof of claim or you might not be paid on your claim and you might be unable to vote on a plan. You may file a proof of claim even if your claim is scheduled.
You may review the schedules at the bankruptcy clerk's office or online at www.pacer.gov
Secured creditors retain rights in their collateral regardless of whether they file a proof of claim. Filing a proof of claim submits a creditor to the jurisdiction of the bankruptcy court, with consequences a lawyer can explain. For example, a secured creditor who files a proof of claim may surrender important nonmonetary rights, including the right to a jury trial. You must start a judicial proceeding by filing a complaint if you want to
have a debt excepted from discharge under 11 U.S.C. § 1141(d)(6)(A).
Deadline for filing the complaint: To be Determined
If you are a creditor receiving notice mailed to a foreign address, you may file a motion asking the court to extend the deadlines in this notice. Consult an attorney familiar with United States bankruptcy law if you have any questions about your rights in this case.
Chapter 11 allows debtors to reorganize or liquidate according to a plan. A plan is not effective unless the court confirms it. You may receive a copy of the plan and a disclosure statement telling you about the plan, and you may have the opportunity to vote on the plan. You will receive notice of the date of the confirmation hearing, and you may object to confirmation of the plan and attend the confirmation hearing. Unless a trustee is serving, the debtor will remain in possession of the property and may continue to operate its business.

Notice of Chapter 11 Bankruptcy Case

12/17

For the debtor listed above, a case has been filed under chapter 11 of the Bankruptcy Code. An order for relief has been entered.

This notice has important information about the case for creditors, debtors, and trustees, including information about the meeting of creditors and deadlines. Read both pages carefully.

The filing of the case imposed an automatic stay against most collection activities. This means that creditors generally may not take action to collect debts from the debtor or the debtor's property. For example, while the stay is in effect, creditors cannot sue, assert a deficiency, repossess property, or otherwise try to collect from the debtor. Creditors cannot demand repayment from the debtor by mail, phone, or otherwise. Creditors who violate the stay can be required to pay actual and punitive damages and attorney's fees.

Confirmation of a chapter 11 plan may result in a discharge of debt. A creditor who wants to have a particular debt excepted from discharge may be required to file a complaint in the bankruptcy clerk's office within the deadline specified in this notice. (See line 11 below for more information.)

To protect your rights, consult an attorney. All documents filed in the case may be inspected at the bankruptcy clerk's office at the address listed below or through PACER (Public Access to Court Electronic Records at www.pacer.gov).

The staff of the bankruptcy clerk's office cannot give legal advice.

Do not file this notice with any proof of claim or other filing in the case.

Filing a Chapter 11 bankruptcy case	Chapter 11 allows debtors to reorganize or liquidate according to a plan. A plan is not effective unless the court confirms it. You may receive a copy of the plan and a disclosure statement telling you about the plan, and you may have the opportunity to vote on the plan. You will receive notice of the date of the confirmation hearing, and you may object to confirmation of the plan and attend the confirmation hearing. Unless a trustee is serving, the debtor will remain in possession of the property and may continue to operate its business.
Discharge of debts	Confirmation of a chapter 11 plan may result in a discharge of debts, which may include all or part of your debt. See 11 U.S.C. § 1141(d). A discharge means that creditors may never try to collect the debt from the debtor except as provided in the plan. If you want to have a particular debt owed to you excepted from the discharge under 11 U.S.C. § 1141(d)(6)(A), you must start a judicial proceeding by filing a complaint and paying the filing fee in the bankruptcy clerk's office by the deadline.
