**Subject: PROTERRA INC, et al., Debtors. Chapter 11 Case No. 23-11120**

Your Honor,

I am writing to you to request that you reject the Amended Proposed Plan as it is written by the debtors and creditors as part of the Chapter 11 Case.

My name is Jordan Wenger. I own over 250,000 shares of Proterra common stock and I am a registered shareholder with the company, holding shares in the Direct Registration System, which has withdrawn them from the DTCC. I am also an Engineer working in the Aviation Industry.

I own shares which were purchased prior to declaration of "Bankruptcy" in the form of Chapter 11 by Proterra.

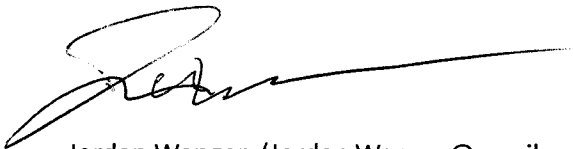

The company Proterra was not insolvent when they entered into Chapter 11. The Amended Proposal Plan contains language suggesting no ownership rights to proceeds of sales of assets held under the company which I own post-bankruptcy. This is unacceptable and should be thrown out. Proceeds of asset sales can be used for many purposes including business growth, share buybacks, debt payments to creditors, or for business operations. These proceeds should remain under the control of the board and shareholders, not the speculative derivative contract holders of Wall St. firms and the like.

The parties that drafted such language in the Amended Proposal Plan clearly have a stake in liquidating the company and wish to declare the shares of the stock to be worthless to us owners and they are looking for us to agree. Clearly this is to fulfill their positions in derivative markets, which I find disgusting and gross. Their actions here are down-right egregious and treasonous to this prosperity of this company and this great country.

As an owner of this company, I expect the right to vote on matters pertaining to the inner workings and decisions of the board. This proposed plan is not fair to me as a shareholder and I expect to be given the right to vote on all such plans as the company works to restructure and negotiate with the creditors.

Your Honor, I implore you to reject the Amended Proposed Plan that strips the ownership and voting rights from shareholders such as myself.

Thank you,

Jordan Wenger (Jordan.Wenger@gmail.com)
